Associate Director, Student Financial Aid ............ Lupita Murphy
Director, Outreach, Recruitment and Orientation .......... Vincent Lopez
Coordinator, University Orientation Program ........ Bernadette Flameno
Director, University Testing Center .......... Suzanne L. McEvoy
Director, Upward Bound Program ........ Yara Jimenez

Student Government
The Associated Students, Inc., an incorporated organization in which all students hold membership, is managed by a board of directors composed of elected student officers. This body formulates policy and handles the business affairs of the student body.

Commissions plan and direct student activities, including rallies, elections, tutorial projects, cultural activities, and general convocations. Public performances feature noted musicians, films and guest speakers. Students serve with representatives of the faculty and administration on academic committees, governing boards, and commissions. Through such membership students engage in development of policy and in planning and implementing activities such as publications and athletic programs.

Advocacy Network
All Californians have a stake in maintaining a strong and accessible California State University system, in particular because the CSU educates 10% of the state’s workforce -- including a majority of our teachers, computer scientists, engineers and business graduates. With three million newly created jobs expected over the next five years, California’s thriving economy is dependant on quality graduates from the world’s largest system of public higher education.

Cal State L.A. has formed two special groups to help promote public support for CSU through the Advocacy Network and the CSULA Alumni Association Advocacy Committee.

The Advocacy Network and the Advocacy Committee is comprised of leaders from the CSULA Community as well as current and former elected officials who have enthusiastically supported Cal State L.A. in the past. These volunteers are uniquely qualified as advocates because of their long-time association with Cal State L.A. and familiarity with campus issues. Members of these groups participate in the annual CSU Legislative Day in Sacramento.

Members of these groups receive periodic special newsletters concerning statewide bond measures and other issues on which they might become advocates. They also participate in campus visits by local elected officials and visit elected officials in their district offices.

The CSULA Alumni Association
The CSULA Alumni Association was formed in 1954 to provide official representation of alumni in matters that affect the general welfare of the University. The Association serves as a vital link between the University and its alumni. The mission of the Association is:

To advance the welfare of CSULA by providing leadership and service that strengthens the connections among students, alumni and friends and enhances the value of their affiliation with the University.

The CSULA Alumni Association is a nonprofit dues-paying membership organization open to alumni and friends of California State University, Los Angeles. To join the Alumni Association or to request information on getting involved please visit our website at http://alumni.calstatela.edu or call us at (323) 343-ALUM.

The CSULA Foundation
The CSULA Foundation was organized in 1985 as a 501(c)3 tax-
exempt, nonprofit organization for the purpose of accepting
charitable contributions to the University. The Foundation Board
provides community expertise, oversight and advocacy to
increase private giving to and manage the philanthropic assets of
the University.

## Directory 3

### Academic Department, Division, School and Program Offices

Listed Alphabetically with Office and Telephone Numbers

**When calling from off campus, dial area code 323, prefix 343, and the four-digit extension; from on campus, dial 3 and the four-digit extension.**

*Because of construction and renovation, some offices may be housed elsewhere temporarily; however, the phone numbers remain the same.*

Catalog Information and Basic University Policies

The Catalog
The University’s General Catalog is prepared in the Office of the Associate Vice President for Academic Affairs-Planning and Resources, which has overall responsibility for structure, layout, and editing, in collaboration with the Office of Undergraduate Studies and the Office of Public Affairs. Steven Krentzman is responsible for production, layout, and integration. Special assistance was provided by Kathy Numoto. Special acknowledgements are due the following for their contributions: Cheryl A. Cruz, former Associate Dean of Undergraduate Studies, for her curriculum expertise and editorial assistance; Public Affairs, for cover artwork, Stan Carstensen, for photographs; Nancy Miron for editing; Dean Riffle, Reprographics, for design and typesetting of title pages, tables, and grids. Information contained in this issue is revised to June 15, 2007.

The catalog may be purchased in person or ordered by mail from the University Bookstore. The price, established under regulations of the Board of Trustees of the California State University, is $14.95. To order by mail, call the University Bookstore, (323) 343-2500, to obtain the cost for mailing. Send a request with check or money order to cover the cost of the catalog and mailing to: California State University, Los Angeles, Attention: University Bookstore, 5153 State University Drive, Los Angeles, CA 90032-8734. The catalog can be viewed online at www.calstatela.edu.

Changes in Rules and Policies
Although every effort has been made to ensure the accuracy of the information in this catalog, students and others who use the catalog should note that laws, rules, and policies change from time to time and that these changes may alter the information contained in this publication. Changes may come in the form of statutes enacted by the Legislature, new or revised rules and policies adopted by the Board of Trustees of The California State University, by the Chancellor or designee of The California State University, or by the President or designee of California State University, Los Angeles. Further, it is not possible in a publication of this size to include all of the rules, policies, and other information that pertain to students, the institution, and The California State University. More current or complete information may be obtained from the appropriate department, division, school, college or administrative office, or in the Schedule of Classes.

Nothing in this catalog shall be construed as, operate as, or have the effect of an abridgment or a limitation of any rights, powers, or privileges of the Board of Trustees of the California State University, the Chancellor of the California State University, or the President of the campus. The Trustees, the Chancellor, and the President are authorized by law to adopt, amend, or repeal rules and policies that apply to students. This catalog does not constitute a contract or the terms and conditions of a contract between the student and the institution or the California State University. The relationship of the student to the institution is one governed by statute, rules, and policy adopted by the Legislature, the Trustees, the Chancellor, the President and their duly authorized designees.

Nondiscrimination Policy

Race, Color, and National Origin
The California State University complies with the requirements of Title VI and Title VII of the Civil Rights Act of 1964, as well as other applicable federal and state laws prohibiting discrimination. No person shall, on the basis of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any program of the California State University.

Disability
The California State University does not discriminate on the basis of disability in admission or access to, or treatment or employment in, its programs and activities. Sections 504 and 508 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and various state laws prohibit such discrimination. Inquiries concerning compliance may be addressed to the Office for Equity and Diversity, phone (323) 343-3040; the campus office assigned the administrative responsibility of reviewing such matters.

Sex/Gender
The California State University does not discriminate on the basis of sex, gender or sexual orientation in the educational programs or activities it conducts. Title IX of the Education Amendments of 1972 and certain other federal and state laws prohibit discrimination on these bases in education programs and activities operated by [name of institution]. Such programs and activities include admission of students and employment. Inquiries concerning the application these laws to programs and activities of [name of institution] may be referred to [name of person], the campus officer(s) assigned the administrative responsibility of reviewing such matters or to the Regional Director of the Office of Civil Rights, Region IX, 50 United Nations Plaza, Room 239, San Francisco, California 94102.

The California State University is committed to providing equal opportunities to male and female CSU students in all campus programs, including intercollegiate athletics.

(Please see the Procedures and Regulations chapter for details.)

Campus Nonviolence Policy
California State University, Los Angeles is committed to creating and maintaining a working, learning, and social environment for all members of the University community that is free from violence.

Civility, understanding, and mutual respect toward all members of the University community are intrinsic to excellence in teaching and learning, to the existence of a safe and healthful workplace, and to maintenance of a campus culture and environment that serves the needs of its many constituencies. Threats of violence or acts of violence not only impact the individuals concerned, but also the mission of the University to foster higher education through open dialogue and the free exchange of ideas. The University prohibits and will take decisive action to eliminate verbal harassment, violent acts, threats of violence, or any other behavior which by intent, action, or outcome harms another person. Such conduct is subject to disciplinary action up to and including dismissal from
employment, expulsion from the University, or civil or criminal prosecution as appropriate.

The University has no tolerance for violence against and by members of the University community. To fulfill this policy, the University will work to prevent violence from occurring and will ensure that federal and state laws, as well as University regulations prohibiting violence, are fully enforced. In determining whether conduct constitutes a credible threat or act of violence, the circumstances surrounding the conduct will be considered.

Established University faculty, staff, and student and Department of Public Safety procedures will serve as mechanisms for resolving situations of violence or threats of violence. Each allegation of violence or threat of violence will be taken seriously. Individuals are encouraged to report acts of violence, threats of violence, or any other behavior which by intent, act or outcome harms another person.

Approved by the Cal State L.A. Academic Senate and President James M. Rosser - Summer 1996

Consensual Sexual Relations Between Faculty and Students

“Sexual relations between students and faculty members with whom they also have an academic or evaluative relationship are fraught with the potential for exploitation. The respect and trust accorded a professor by a student, as well as the power exercised by the professor in an academic or evaluative role, make voluntary consent by the student suspect. Even when both parties initially have consented, the development of a sexual relationship renders both the faculty member and the institution vulnerable to possible later allegations of sexual harassment in light of the significant power differential that exists between faculty members and students.

“In their relationships with students, members of the faculty are expected to be aware of their professional responsibilities and avoid apparent or actual conflict of interest, favoritism, or bias.”*

It is unprofessional conduct for a faculty member to engage in any sexual relationship with a student while he or she is enrolled in that faculty member's class, or if a faculty member is acting in any other capacity that may directly affect the student's academic career.

Failure to follow these standards will be grounds for investigation or disciplinary action.

* The language in quotation marks is from the Statement adopted by the 81st Annual Meeting of the A.A.U.P.

Immigration Requirements for Licensure

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193), also known as the Welfare Reform Act, included provisions to eliminate eligibility for federal and state public benefits for certain categories of lawful immigrants as well as benefits for all illegal immigrants.

Students who will require a professional or commercial license provided by a local, state, or federal government agency in order to engage in an occupation for which the CSU may be training them must meet the immigration requirements of the Personal Responsibility and Work Opportunity Reconciliation Act to achieve licensure. Information concerning these requirements is available from Amy Wang, Immigration Counselor, in the International Student Services Office, (323) 343-3170.

Privacy Rights of Students in Education Records

The federal Family Educational Rights and Privacy Act of 1974 (20 U.S.C. 1232g) and regulations adopted thereunder (34 C.F.R. 99) and California Education Code, Section 67100 et seq., set out requirements designed to protect the privacy of students concerning their records maintained by the campus. Specifically, the statute and regulations govern access to records maintained by the campus and the release of such records. Please see Appendix F in this catalog for details.

Familiarity with the Institution’s rules and regulations published in this catalog shall be the responsibility of each student and faculty member, and of those administrative offices concerned with academic matters.
## CALENDAR

Key Dates: Summer 2007 through Fall 2009

### SUMMER QUARTER 2007

<table>

The University

California State University, Los Angeles, founded in 1947 by action of the California State Legislature, is a comprehensive University that offers programs of higher education in numerous academic and professional fields. The University is organized into six Colleges that house more than 50 academic schools, departments and divisions creating a learning center that attracts students from all areas of the United States and from many countries. About one quarter of the campus’ more than 20,000 students are engaged in postbaccalaureate study in programs leading to master’s and doctoral degrees; teaching, service, and specialist credentials; certificates; and other types of programs that prepare them for professional and academic advancement.

The campus reflecting L.A.

Near the edge of the city of Los Angeles, adjacent to the western San Gabriel Valley cities of Alhambra and Monterey Park, Cal State L.A. occupies 175 acres on a hilltop site that affords views of the mountains to the north, the San Gabriel Valley to the east, metropolitan Los Angeles to the west, and the Palos Verdes Peninsula and Catalina Island to the south. Ample parking facilities are available, and public transportation to and from campus is excellent. Cal State L.A.’s Metrolink commuter train station makes the University accessible to students, faculty and staff from as far as San Bernardino, Oxnard, Lancaster, and Oceanside and more than 35 other communities in the region. The Los Angeles Civic Center, with numerous historical, cultural and other attractions, are located nearby. Popular mountain and desert resorts are within a two-hour drive, and beaches are less than an hour away by car.

The campus is nestled among rolling hills on a site that once housed one of California’s 36 original adobes, built in 1776 by Franciscan missionaries and destroyed by fire in 1908. These lands once were part of a Spanish land grant known as the Rancho Rosa Castilla, created by the family of Juan Batista Batz, a Basque rancher from northern Spain who settled here in the 1850s. The inspiration for the name of the rancho, according to local historians, was the wild rose that once grew near the ranch home. The main drive through the campus is known as Paseo Rancho Castilla, in acknowledgment of the University’s historic heritage.

The campus itself has a spacious, open atmosphere, created by extensive building and landscaping in recent years that effectively blends the historic with the new. In 2007, the Hertzberg-Davis Forensic Science Center was completed, and became the home of the School of Criminalistics and Criminal Justice, as well as the scientific teams of the L.A. County Sheriff’s Office, the Los Angeles Police Department, and the California Department of Criminal Justice. Additionally, the Integrated Sciences Complex ensures that the sciences at this University remain at the leading edge.

The Harriet and Charles Luckman Fine Arts Complex, the campus’ striking northern gateway, was dedicated in 1994. An architectural tour-de-force, the buildings house a 1,100-seat theater, art gallery and the black box Intimate Theatre, completed in 2005. Nearing completion is the University-Student Union, with a theatre, a two-story fitness center, and an array of services dedicated to students. Its meeting rooms will connect to those of The Golden Eagle via a third floor bridge. The Golden Eagle includes a food court, a Barnes and Noble bookstore and major conference facilities.

The Mission of the University

The University is committed to free scholarly inquiry, to high-quality teaching, and to academic excellence in undergraduate, graduate, and its postbaccalaureate and extended education programs. This commitment underlies educational programs that include strong emphasis on research, scholarship, creative activity, and community service. A highly qualified faculty, together with University administrators, staff, alumni and the support of the community, is the University’s cornerstone and the basis for the excellence of its programs.

A comprehensive University, California State University, Los Angeles offers a range of liberal arts and professional programs designed to encourage student excellence and achievement. Recognizing its commitment to teaching, research, scholarship, creative activities, and service, the University supports an excellent library, learning resources, computer labs and other services in support of the acquisition of knowledge.

The University is committed to providing students a balanced and well-rounded educational experience, including curricular activities that contribute to personal enrichment, leadership development, and institutional pride. Student organizations, campus residence life, artistic and multicultural events, intercollegiate athletics, and intramurals are all a significant part of this experience.

The close proximity of the University to civic, cultural, and economic centers enables it to foster strong cooperative relationships with alumni, business, scientific, educational, cultural, and governmental constituencies.

California State University, Los Angeles is committed to fostering collegial and interdisciplinary relationships among faculty, administration, students, and staff. The principles of academic freedom and professional ethics are the responsibility of the entire academic community. We take pride in our continued role as the University that provides access and excellence to transform lives.

The Faculty

Cal State L.A. faculty are well recognized for their academic and teaching excellence, through high levels of scholarly study, research, mentoring, and creative accomplishments. Virtually all of Cal State L.A.’s faculty members have earned the highest degrees in their field, most often a Ph.D., from leading universities. Cal State L.A. professors have been acknowledged at the CSU, state, and national levels as outstanding professors, including the 2005 CASE/Carnegie Foundation for the Advancement of Teaching “Outstanding Masters’ University and College Professor.”

The greatest commitment of Cal State L.A. faculty is to teaching. Faculty members regularly involve students, particularly undergraduates, in research and creative activities, mentoring them through academic and career advisement. Supportive ties develop further through campus programs and University committees, on which students also serve.

The Academic Year/Quarter System

Cal State L.A. operates year-round on the quarter system. Four quarters, each 10 weeks in duration, comprise the academic year. The summer quarter is a regular academic quarter, equally in all respects to the other three quarters. Students may
maintain normal academic progress by full-time attendance during any three quarters of each year. Classes are scheduled weekdays from 7 a.m. until 10 p.m. and on Saturdays to serve the needs of full-time, part-time, and working students.

University Assessment Activities
Through the participation of students, faculty, staff, alumni, employers, and other community stakeholders, Cal State L.A. regularly assesses the effectiveness and ongoing improvements of University activities and programs to ensure it meets its mission, goals and objectives. The University evaluates and measures student learning in order to identify what students know, understand, appreciate, and can demonstrate following a learning experience. The program review process evaluates general education and degree programs, and assessment results are used for improvement.

Accreditation
Since 1954, California State University, Los Angeles has been fully accredited by the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges (WASC), 985 Atlantic Ave., Suite 100 Alameda, CA 94501, (510) 748-9001. The University's credential programs are approved by the California Committee on Accreditation. Professional degree programs offered, and the national societies and associations that accredit these programs are listed below:

Art
National Association of Schools of Art and Design (NASAD) 11250 Roger Bacon Drive, Suite 21, Reston, VA 20190 (703) 437-0700

Audiology (graduate)
American Speech-Language-Hearing Association (ASHA) 10801 Rockville Pike, Rockville, MD 20852 (301) 897-5700; (800) 498-2071

Business Administration
AACSB—The Association to Advance Collegiate Schools of Business 600 Emerson Road, Suite 300, St. Louis, MO 63141-6762 (314) 872-8481

Chemistry
American Chemical Society (ACS) 1155 Sixteenth Street, NW, Washington, DC 20036 (202) 872-4589; (800) 227-5558

Education
National Council for Accreditation of Teacher Education (NCATE) 2010 Massachusetts Ave., NW, Suite 500 Washington, DC 20036 (202) 466-7496

California Committee on Accreditation (COA) 1900 Capitol Avenue Sacramento, CA 95814 (916) 445-0184

Engineering (undergraduate)
[B.S. degrees in Civil, Electrical, and Mechanical Engineering]
Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET) 111 Market Place, Suite 1050, Baltimore, MD 21202 (410) 347-7700

Music
National Association of Schools of Music (NASM) 11250 Roger Bacon Drive, Suite 21, Reston, VA 20190 (703) 437-0700

Nursing
National League for Nursing (NLN) 61 Broadway, 33rd Floor, New York, NY 10006 (800) 669-1656 California Board of Registered Nursing (CBRN) 400 R Street, Suite 4030, Sacramento, CA 94244 (916) 322-3350

Nutritional Science Coordinated Dietetics
Program (CDP) (undergraduate and graduate)
American Dietetic Association (ADA) 216 W. Jackson Blvd., Chicago, IL 60606-6995 (312) 899-0040, Ext. 4876

Psychology (graduate)
Association for Behavior Analysis: International 213 West Hall, Western Michigan University 1201 Oliver Street Kalamazoo, MI 49008-5052 (616) 387-8341

Public Administration (graduate)
National Association of Schools of Public Affairs and Administration (NASPAA) 1120 G Street, Suite 730, NW, Washington, DC 20005 (202) 628-8965

Rehabilitation Counseling
Council on Rehabilitation Education (CORE) 1835 Rohlwing Road, Suite E, Rolling Meadows, IL 60008 (847) 394-1785

School Counseling and Student Personnel Services
Council for Accreditation of Counseling and Related Educational Programs (CACREP) 5999 Stevenson Ave., 4th Floor Alexandria, VA 22304-3300 (703) 823-9800, Ext. 301; (800) 347-6647 Ext. 301

Social Work (BA accredited; MSW accredited)
Council on Social Work Education (CSWE) 1725 Duke Street, Suite 500, Alexandria, VA 22314-3457 (703) 683-8080

Speech-Language Pathology (graduate)
American Speech-Language-Hearing Association (ASHA) 10801 Rockville Pike, Rockville, MD 20852 (301) 897-5700; (800) 498-2071

Affiliations
Cal State L.A. holds membership in a number of national and regional organizations concerned with the advancement of higher education. They include the American Council on Education (ACE), the American Association of State Colleges and Universities (AASCU), the Association of American Colleges and Universities (AACU), the Association of American Colleges, Council of Graduate Schools, National Collegiate Honors Council, Western Association of Graduate Schools, and the Western Association of Schools and Colleges (WASC). Women graduates are qualified for membership in the American Association of University Women (AAUW).
The John F. Kennedy Memorial Library

The John F. Kennedy Memorial Library supports Cal State L.A.'s academic programs through collections, technology, services, and instruction that facilitate student and faculty access to a broad range of recorded knowledge and information resources. The Library provides well-organized and effective access to both local and remote sources. Electronic resources are accessible to CSULA students, wherever their location, through the Internet. The Library provides access to knowledge resources and information appropriate to each College's departments and programs, along with needed instruction and support. The Library offers user-oriented assistance in selecting, locating, and using resources. Its instructional program fosters lifelong learning and develops competency in the use of resources and research methodologies. The Library is located at the center of the campus in two interconnected buildings—Library North and the Palmer Wing. A comprehensive guide to the Library's collections and online databases can be viewed at: http://www.calstatela.edu/library.

Collections

The Library's collections of more than one million volumes include significant current and retrospective books that support all of the University's academic programs. Over 18,000 e-books may be accessed via the Library's website. The Library's holdings also include over 1,500 current subscriptions to journals, serials, and newspapers, plus access to over 29,000 journal titles online. Over 150 searchable electronic databases are available to on-campus and distance education students.

The Library also houses significant collections containing films, videos, sound recordings, art images, archives, rare books, and a complete collection of Cal State L.A. master's degree theses. The Library is an official depository for U.S. government and California state publications.

Services

The Reference Center, located on the first floor of Library North, assists patrons with reference and research questions. It features individual assistance on the use of the Library's website and databases. Other services include a periodical service area, a music and media center, interlibrary borrowing of materials, over 120 self-service networked computer workstations, self-service photocopying, and group study rooms. Electronic reserves are accessible from the Library's website.

Access to the book collections of all libraries within the CSU system is provided through CSU Union Catalog, a state-of-the-art, common user interface to extensive CSU information resources. Students, faculty, and staff may request books from any CSU library, thus gaining access to 23 campus collections that contain over 3.9 million titles and 12 million volumes.

Cal State L.A. faculty and students may also use other collections. This can be done by direct automated borrowing from all CSU's or requesting interlibrary loans to supplement our own collection. In addition, East Los Angeles College, Pasadena City College, Glendale Community College, L.A. Trade Tech College, and Rio Hondo College all have mutual use agreements which allow on-site borrowing.

Information Literacy

Information literacy, fostered by curricular policy on the CSULA campus, is designed to create life-long learners. Information literate individuals have the ability to: formulate a research question or problem; determine their information requirements; locate and retrieve information effectively; organize, analyze, evaluate, and synthesize information critically; and are able to communicate and present information in a coherent fashion. In addition, information literate individuals understand the ethical, legal, and socio-political issues in the retrieval, use, and presentation of information. The acquisition of information literacy skills occurs progressively and reflects both general and disciplinary information needs.

Library Instruction

The Library and the entire world of information are undergoing enormous change. Research skills have become increasingly centered on the use of digital resources and specialized online databases. The goal of Library instruction is to develop information literacy, while providing an understanding of the University Library's collections and services. Each academic unit and program has a librarian assigned to assist in developing collections and services to meet the needs of the faculty and students. The Library faculty provide classes, workshops, tours, and tutorials.

Information Technology Services

Information Technology Services (ITS) is responsible for advancing the institutional mission and priorities through technology. ITS ensures that campus technology initiatives complement and reinforce the initiatives within the Integrated Technology strategy at the system level and are in alignment with both system and campus goals and priorities. ITS serves the University by providing planning, guidance, training, development, implementation, and stewardship of technology resources. ITS collaborates with other divisions on campus to provide a wide range of services in four major technology areas:

- CMS and Enterprise Systems supports application integration, data warehousing, Oracle PeopleSoft applications, and auxiliary systems as well as coordinating implementation, management, upgrades, and training for the CSU Common Management Systems (CMS) in support of its mission to provide efficient, effective, high quality service to students, faculty, and staff. This unit is also responsible for the Internet Technology which includes portal/web services and media technology.

- Operations and Access Management provides services ranging from technical architecture and design, to configuration and support in the areas of data networking (LAN/WAN), servers, computer operations, e-mail, and desktop services. Operations and Access Management plans, builds, and manages a flexible IT infrastructure to accommodate changes in technology and the changing campus expectations and requirements.

- IT Security Management and Compliance works with the campus community to protect the privacy of student, faculty, staff, and confidential University information. This unit ensures that the use of information technology adheres to federal and state statutory regulations and requirements, as well as University policies and procedures; writes IT guidelines and policies; audits IT procedures for security compliance; sponsors campus security awareness events; identifies and mitigates risks to the campus; and responds to information security incidents.
Financial and Support Services helps faculty, staff, and students use campus computing resources to increase personal productivity by educating and informing the campus community about new and changing technology. The unit is responsible for maintaining the software archive; distributing site license software, distributing accounts for e-mail and GET; telecommunications operations; installing and maintaining the equipment available in Electronic Classrooms, Technologically Enhanced Classrooms (TEC) and Media Enhanced Classrooms (MEC); and the ITS Help Desk. This unit is also responsible for the Student Scholar Training Program (SSTP) which offers a large variety of workshops to CSULA students each quarter. For a schedule, visit www.calstatela.edu/ssstp.

Information Security Assurance
Today, identity theft and fraud are common crimes. They occur quickly, indiscriminately, and may go undetected. While technology helps protect confidential information, it cannot replace attentive, cautious behavior when using computers, laptops, electronic storage devices, and print materials in file cabinets, on desks and at printers and copiers.

Information Security assurance is one of the most important priorities for Cal State L.A. Everyone on campus is responsible for protecting confidential information in whatever format: electronic or printed. Ongoing student, faculty, and staff efforts to help safeguard University information, resources, reputation, and integrity is vital.

For general assistance with computing issues visit the ITS Help Desk in the LIB PW Lobby, or call (323)-343-6170, e-mail helpdesk@calstatela.edu or go to www.calstatela.edu/helpdesk.

International Programs
Developing intercultural communication skills and international understanding among its students is a vital mission of The California State University (CSU). Since its inception in 1963, CSU International Programs has contributed to this effort by providing qualified students an affordable opportunity to continue their studies abroad for a full academic year. More than 15,000 CSU students have taken advantage of this unique study option.

International Programs participants earn resident academic credit at their CSU campuses while they pursue full-time study at a host university or special study center abroad. The International Programs serves the needs of students in more than 100 designated academic majors. Affiliated with more than 50 recognized universities and institutions of higher education in 19 countries, International Programs also offers a wide selection of study locales and learning environments.

International Programs pays all tuition and administrative costs for participating California resident students to the same extent that such funds would be expended to support similar costs in California. Participants are responsible for all personal costs, such as transportation, room and board, living expenses, and home campus fees. Financial aid, with the exception of Federal Work-Study, is available to qualified students.

To qualify for admission to the International Programs, students must have upper division or graduate standing at a CSU campus by the time of departure. Students at the sophomore level, however, may participate in the intensive
language acquisition programs in France, Germany, and Mexico. California community colleges transfer students are eligible to apply directly from their community colleges. Students must also possess a current cumulative grade point average of 2.75 or 3.0, depending on the program for which they apply. Some programs also have language study and/or other course work prerequisites.

For additional information and application materials contact International Programs and Services in Admin. 127, (323) 343-3170; www.calstatela.edu/univ/intlstu; or by writing to The California State University International Programs, 401 Golden Shore, Sixth Floor, Long Beach, California 90802-4210

**National Student Exchange**

Cal State L.A. is a member of the National Student Exchange (NSE), a consortium of state universities located throughout the United States and its territories. The National Student Exchange gives our eligible students access to the resources of nearly 190 member colleges and universities in 48 states, 3 U.S. territories, the District of Columbia, and 6 Canadian provinces. The campuses range in size from some of the largest research universities in the country to some of the best, small liberal arts colleges; 21 Hispanic serving institutions; 15 Historically Black Colleges and Universities; and a number of ethnically mixed campuses. Since its beginning in 1968, NSE has placed more than 85,000 students for exchange. There are two tuition payment plans utilized by NSE. Cal State L.A. student utilize one of two payment plans. Plan A participants pay the in-state (resident) tuition/fees to your host campus. Students who participate on Plan B pay their normal tuition/fees to CSULA. Additionally, financial aid may be used while participating in the NSE. Students may participate in the program for a single term or a full academic year. Some benefits of NSE include: living in a different area, access to courses not offered at CSULA, as well as exploration of graduate school and employment opportunities, all while developing self-confidence and independence.

More information about the NSE, including the NSE Directory, catalogs from member universities, videos, and application materials may be obtained from International Programs and Services, Administration 127, (323) 343-3170; for a list of NSE universities, visit our website at www.calstatela.edu/univ/intlstu.

**Extended Education**

The Division of Extended Education administers Extension programs, Special Sessions, Professional Development, Open University and the English Language program (ELP).

**Extension Programs**

Credit and noncredit extension courses are provided at various locations for the academic, professional, and cultural enrichment of persons who do not wish to take college courses in residence. Students may take extension courses without matriculating at Cal State L.A. provided that they meet course prerequisites. Extension credit offerings are equivalent in level and quality to regular University courses, and many courses may be applied to degree and credential requirements. Extension courses do not satisfy the University's residence requirement for graduation. Schedules are flexible, but they generally parallel the University's quarter calendar. For more information about extension courses, call (323) 343-4919 or 343-5964.

**Special Sessions**

Special Sessions provides degree-oriented courses and programs to persons who are unable to spend time in residence on the campus in existing programs. Courses are often conducted in nontraditional periods, sometimes at off-campus locations. The academic standards of special sessions are identical to those of comparable University programs. Examples include: interim sessions between regular terms; programs offered at remote locations; and programs for specific groups for which state support is inappropriate. Special sessions are not offered at times or places that supplant or limit offerings of state-supported programs. Degree credit earned through special sessions applies toward residence requirements. For further information, call (323) 343-4919.

**Professional Development**

The University works closely with community, business, and professional organizations to satisfy the educational needs of the geographic area it serves. In doing so, the University conducts a variety of professional development courses, often on site and often at atypical hours. Many courses are offered in response to requests by government agencies, business groups, and professional associations. Others are offered by Cal State L.A. on its own initiative. All courses can be customized to suit the customer's requirements. For more information, call (323) 343-4916.

**Open University**

Open University permits non-matriculated students to register concurrently with matriculated students in regular classes. Up to 36 units earned through Open University may be applied to a bachelor's degree at Cal State L.A., and up to 13 units may be applied to a master's degree.

Registration for Open University takes place in the Division of Extended Education. The registration process is separate from that for matriculated students. It begins the first day of each quarter and continues for three weeks. There is no preregistration. Students who register through Open University must obtain the signature of the instructor and the stamp of the department/division/school for each class they choose. Students may not take courses that require direct supervision or that by their nature require a one-to-one relationship with an instructor, such as directed study, independent study, research, field work, cooperative education, thesis courses, etc. Students who register for 500-level courses must obtain a letter of approval from the department/division/school chair or director. Ongoing, matriculated students may not enroll in Open University. For more information, call (323) 343-4953.

**English Language Program**

The English Language Program (ELP) provides intensive English language instruction to students and professionals whose first language is not English. The program is open to persons with student, business or tourist visas, to residents and to regularly enrolled students who wish to improve in specific language areas. ELP is a non-credit program and offers intensive classes in English language skills (reading, writing, grammar, listening and speaking) along with college skills, TOEFL preparation, Business English and computer usage. Students who wish to apply may visit the ELP office located in the Golden Eagle Room 211 or call (323) 343-4840. ELP is authorized to issue the INS Form I-20 needed to acquire the student visa.

**Reserve Officer Training Programs**

**Air Force ROTC**

Air Force Reserve Officer Training Corps (AFROTC) offers two, three, and four-year programs leading to a commission as a second lieutenant in the United States Air Force. The AFROTC program is open to almost all students pursuing baccalaureate and graduate degrees. Classes consist of one
hour of academics and two hours of leadership laboratory per week for freshmen and sophomores and three hours of academics and two hours of leadership laboratory per week for juniors and seniors. AFROTC offers numerous scholarship opportunities, but scholarships are not required to participate in the program. AFROTC offers a variety of one to four-year scholarships valued up to 100% annual tuition, along with a nontaxable monthly stipend. Air Force ROTC is offered on the campuses of the University of Southern California, California State University - San Bernardino, and Harvey Mudd College. You do not need to be a student at any of these colleges to get involved. For more information contact the Department of Aerospace Studies at (213) 740-2670 or visit www.usc.edu/afrotc/. No military commitment is incurred until entering the junior year of the program or receipt of a scholarship after freshman year.

Army ROTC
The Army Reserve Officers Training Corps (AROTC) program is available to qualified Cal State L.A. students via the University of California, Los Angeles (UCLA) program. Students must follow Cal State L.A. dual registration procedures. Students are encouraged to contact UCLA ROTC for instructions on how to cross-enroll into a UCLA course.

AROTC offers interested students an opportunity to enroll in courses focused on leadership, military tactics and law, orienteering, rappelling, first aid, and national security. Participants must be physically qualified and be full-time undergraduate or graduate students. Students may take one Army ROTC course per quarter at UCLA while pursuing a regular college degree at Cal State L.A. Academic credits earned in the program normally may be counted as electives within regular college degree requirements. Completion of a regular degree and AROTC class requirements may lead to a commission as an Officer in the U.S. Army, Army Reserve, or Army National Guard. Upon graduation, Officers serve in supervisory-level positions in Military Intelligence, Law, Aviation, Communications, Engineering, Finance, Nursing, and more!

Two, three, and four-year AROTC scholarships cover (a) full tuition or housing up to $10,000, (b) $900 allowance for books and fees, and (c) a monthly allowance up to $500 while the student is enrolled in school. Veterans are eligible to receive the monthly allowance as well as G.I. Bill benefits. U.S. citizenship is required for scholarship acceptance. Permanent resident students may participate in classroom and outdoor training but are ineligible for benefits until naturalized.

For further information, contact the Department of Military Science at UCLA, (310) 825-7381 or armymrotc@milsci.ucla.edu.

Los Angeles County High School for the Arts (LACHSA)
LACHSA is a public high school for students within Los Angeles County and has operated since September 1985 on the Cal State L.A. campus. Designed for students with special talents in the visual and performing arts and open by audition only, the high school offers a full curriculum of academic subjects as well as opportunities for specialization in dance, music, theatre, and visual arts. Students are encouraged to enroll in the College Credit Program through which they may earn high school and college credit concurrently in specially designed courses. LACHSA students may also apply to take regular University courses. Operated by the Los Angeles County Office of Education, the school is tuition free and open to ninth through twelfth graders. For the most current LACHSA information visit the LACHSA Website at: http://www.lachsa.org/

The CSULA Alumni Association
The mission statement of the CSULA Alumni Association is:

To advance the welfare of CSULA by providing leadership and service that strengthens the connections among students, alumni and friends and enhances the value of their affiliation with the University.

The CSULA Alumni Association is a self-supporting nonprofit, dues-paying membership organization whose goals include engaging alumni, students and the campus community with the University.

The Association plays an important role on the campus to advocate for alumni interests. Cal State L.A.’s more than 200,000 graduates remain a vital and active catalyst in the University’s growth and visibility. Alumni volunteers are active on campus committees and are in a unique position to provide advice and counsel to the University community.

The Association plans and implements programs and events for alumni, students and the University community. Perhaps the most visible program is the Alumni Awards Gala, which is held in the Luckman Fine Arts Complex and honors distinguished alumni, faculty, students and friends of Cal State L.A. Past award winners include; tennis professional Billie Jean King ’79, Clippers owner Donald T. Sterling ‘56, President of the San Francisco Zoo Manuel Mollinedo ’70 ’73 ’77, and Diane Watson ’67, U.S. Congress 33rd District.

Robert L. Douglass
Speech-Language Clinic and Cal State L.A. Hearing Clinic
The Robert L. Douglass Speech-Language Clinic and the Cal State L.A. Hearing Clinic are housed on campus with the Department of Communication Disorders in the College of Health and Human Services. These clinics provide training facilities that offer diagnostic and rehabilitative services. The primary objective of the Speech-Language and Hearing Clinics is to serve the University's instructional programs by providing clinical training and research opportunities within each of the areas and across disciplines. This is accomplished by providing experiences for students that range from observation of the varied clinical activities to the provision of direct services to clients at the level of the students' clinical competence.

Students learn under the supervision of experienced and appropriately credentialed faculty. The services are available to the public, both children and adults, and to members of the Cal State L.A. community.

Research, Scholarship and Supporting Services
Faculty members engage in research, scholarship, training, and special projects as an integral part of their academic discipline and professional development. Both undergraduate and graduate students participate, as research assistants or independent investigators under faculty guidance, in research that is basic to their learning experience. The Office of Graduate Studies and Research and the Office of Research and Sponsored Programs provide stimulus, coordination, support, and direction to these research efforts. Additional services are provided by University Auxiliary Services, Inc., Academic Technology Support, and the John F. Kennedy Memorial Library.
Cal State L.A.
University Auxiliary Services, Inc.

Cal State L.A. University Auxiliary Services, Inc. (UAS) is a recognized organization of the California State University system and is a nonprofit, self-sustaining corporation, dedicated to benefitting the welfare of students, faculty, and staff. The primary purpose of UAS is to help develop and administer contracts and grants, commercial enterprises, externally funded projects including research, workshops, and conferences, and to provide contributions that aid and supplement the University's educational mission. Working together, the University community and UAS endeavor to ensure Cal State L.A.’s continued success.

The main operations of UAS include the following services to the University community: financial support services, human resource management, contracts and grants administration, bookstore operation, campus food services and child care services.

UAS also manages the 103,000 square-foot Golden Eagle building that opened in 2003. The building - two adjoining structures separated by a promenade - houses food services, including a food court with seating for approximately 750, kitchen and catering operations, a 600-seat banquet and conference center, the University Club restaurant, 25,000 square-foot two-story University Bookstore (operated by Barnes and Noble), as well as UAS administrative offices, the University’s Office of Research & Sponsored Programs (ORSP), the Golden Eagle Service Center, classrooms and meeting spaces for the CSULA Extended Education Division and the Pat Brown Institute.

The policy-making responsibility for the UAS is vested in its board of directors, whose members represent a cross-section of the campus community and local service area.

For more information, visit the UAS office in G.E. 314, call (323) 343-2531, or go to www.calstatela.edu/univ/uas.

Endowed Chairs

Joseph A. Bailey II, M.D. Endowed Chair in American Communities

The endowed chair in American Communities is housed in the College of Arts and Letters. Funding was made possible by private donations, the National Endowment for the Humanities, and a naming gift from Joseph A. Bailey II, M.D., a retired orthopedic surgeon. Sub-funds of the endowed chair are established for the study of the African American Experience and the Jewish American Experience.

The individual who is selected to fill this chair explores the question “What does it mean to be an American?” through teaching, research and the sharing of insights. The chair studies the process of transition from traditional cultures to American communities, examining the impact of that process on the evolution of American culture and values. The full range of humanities disciplines provide the lens through which to explore the ways that this identity is embodied or reflected in American cultural expressions.

Matthew J. Guglielmo

Endowed Chair in Mental Retardation

The Endowed Chair in Mental Retardation, housed in the Division of Special Education and Counseling, Charter College of Education, was established to honor Matthew J. Guglielmo, former vice president of The Broadway Department Stores, and was made possible by contributions from The Broadway and friends of Mr. Guglielmo.

Mr. Guglielmo has dedicated a major part of his life to focusing public attention on problems of the developmentally disabled. The chair continues to support excellence in teaching, significant research in the study of mental retardation, and collaboration between Cal State L.A. and community agencies and institutions that serve mentally retarded persons and their families.

Northrop Grumman Engineering Endowed Chair

The Northrop Grumman Engineering Endowed Chair was established in the College of Engineering, Computer Science, and Technology to bring distinguished engineers and engineering educators in the field of design and manufacturing to the College for a one- to two-year period. Funding was made possible through a generous lead gift from the Northrop Grumman Corporation and additional matching support received from other smaller companies throughout the Southern California business community.

The individual selected to fill the chair works with the College faculty and administration to provide leadership in improving the quality of Cal State L.A.’s engineering, computer sciences and technology programs, enhance the College's manufacturing curriculum, and assist the College in fostering strong relationships with key contacts in industry and government to strengthen our research and external support.

Presidentially Chartered Centers, Institutes and Bureaus at California State University, Los Angeles

A presidially chartered center, institute, or bureau is an entity chartered by the President of the University to further the mission of the campus. The following descriptions explain the focus of each.

Applied Gerontology Institute

The institute’s purpose is to improve the quality of care and delivery of services to older persons through the interdisciplinary education and training of professionals, paraprofessionals, family members, community agency personnel, and volunteers. Of special interest is the development and promotion of programs to serve culturally diverse groups. The Institute emphasizes the development of partnerships between the University and the community that promote the well being of older persons and improve service delivery. An additional goal is to seek financial support in the form of scholarships for students planning to enter health and human service careers with a specialization in aging.

The Institute coordinates a multidisciplinary program to earn a certificate in Applied Gerontology designed to assist individuals interested in increasing their knowledge, understanding, skills, and effectiveness with older populations, especially the multiethnic and multicultural elderly. The program is designed not only for individuals interested in careers in gerontology but also for those who are seeking a career change and those already in the field seeking to enhance their opportunities for advancement. Educational opportunities in developing expertise in community-based health and welfare programs as they relate to policy development have also been implemented.

Asian and Asian American Institute

The purpose of the institute is to identify issues and coordinate activities leading to the understanding and betterment of
Asians and Asian Americans at Cal State L.A. Although it functions primarily as a campus resource and as a bridge between the University and its surrounding communities, the Institute promotes and supports programs that encourage Asian and American research. It works closely with the Asian and American Studies programs and other ethnic studies programs on and off campus.

**Asian Pacific Business Institute**

Housed in the College of Business and Economics at Cal State L.A., the Asian Pacific Business Institute aims to support and foster cooperative relationships between the college and local business organizations. The growing importance of Asian economies has been one of the most significant global economic developments since the early 1980s. Increased economic interdependence between Asian countries and the U.S. leads to a variety of problems and issues concerning international business, but it also creates many opportunities. The Asian Pacific Business Institute seeks to provide support for both the business community and the University to identify, exploit, and benefit from those opportunities. The institute serves a wide range of audiences by developing, organizing, and promoting activities that can benefit students, faculty, and the business community. Through its activities, the institute can help advance the University's educational and public service missions, as well as contribute to economic development in Los Angeles. In addition, its activities can promote understanding and interaction among people from different parts of the world. The institute provides a wide range of expertise, services, and information that can benefit students, faculty, and the business community. Examples include executive training programs, business seminars, research, and exchange and internship programs.

**Bureau of Business and Economic Research**

The College of Business and Economics maintains a research bureau to encourage, facilitate, and communicate faculty and student research. The bureau's primary objective is to relay information about research opportunities and ongoing research efforts to faculty members and students. In addition, it assists in the preparation of research proposals, coordinates research efforts, and provides research advising services for M.S. and M.B.A. degree candidates.

**California Forensic Science Institute**

The California Forensic Science Institute, housed in the College of Health and Human Services, serves as the academic, research and development arm of the Regional Crime Laboratory, which will be a joint effort of the Los Angeles County Sheriff’s Department, the Los Angeles Police Department, and the California Department of Justice. The CFSI research program will bridge the gap between scientific advances and crime laboratory utilization, and in addition, the institute will offer in-service training courses for current criminal justice system professionals.

**Center for Innovation and Excellence in Teaching and Learning**

The Center for Innovation and Excellence in Teaching and Learning (CIETL) was created to help fulfill the commitment of California State University, Los Angeles to assist and to promote excellence in teaching which leads to successful and meaningful learning. Through the development of an optimal learning environment, the University affords students an equal opportunity to succeed regardless of gender, age, ethnicity, disability, or culture. By pursuing research, development, and dissemination of new teaching modes and instructional technology, the center contributes to the retention and success of students.

The Center for Innovation and Excellence in Teaching and Learning, as a campus-wide resource, provides a variety of services to assist California State University, Los Angeles faculty members to maximize their teaching effectiveness in a multicultural, multilingual environment. Such services include: networking with and acknowledging effective teachers, aiding faculty members in initiating and integrating educational research in their classrooms, and classroom, and mentoring of new faculty members. The Center for Innovation and Excellence in Teaching and Learning provides services, support, resources, and reference materials to help faculty members (including part-time faculty and teaching assistants) improve the effectiveness of their teaching.

**Faculty Development and Pedagogical Support**

Faculty Development and Pedagogical Support (FDPS) is responsible for training and supporting faculty in the application of technology, especially computer-based technology, as a tool of instruction at a distance and within the classroom.

The Center for Innovation and Excellence in Teaching and Learning (CIETL) houses an up-to-date faculty computer lab, complete with high-performance workstations arranged for individual and collaborative activities. Staffed by a director, lab manager and knowledgeable student technology assistants, CIETL supports faculty at all levels of technical proficiency. CIETL maintains state-of-the-art equipment available for faculty use in designing and developing digital media projects that enhance technology-mediated instruction. CIETL staff is available in person, online, and by telephone, to guide and assist faculty through this process of designing, developing, and teaching with technology.

**Center for Excellence in Early Intervention**

Housed in the Division of Special Education and Counseling, the Center was founded to create a model program for training early intervention professionals. Its objectives include developing, demonstrating, and evaluating the best practices in early intervention service delivery to young children with special needs and their families; providing early intervention training to professionals, paraprofessionals, and parents; developing and evaluating early intervention training and service delivery materials for dissemination to special educators, child development specialists, speech clinicians, allied health professionals, social workers, psychologists, physicians, and parents; and developing and operating a media and material library about early intervention.

**Center for Japanese Studies**

The Center serves Cal State L.A. and the community as a source to aid faculty, students, and the general public in broadening and deepening their knowledge of Japan, its people, and culture. The center promotes Japanese research and academic studies and supports educational and cultural programs, seminars, guest lectures, and conferences. The office maintains a collection of basic bibliographies and essential reference materials.

**Center for Korean-American and Korean Studies**

The Center is a depository of historical and cultural materials about Korea and Korean-Americans. Major objectives of the center are to promote, coordinate, and conduct research activities about various aspects of Korean culture and tradition, including oral histories; to compile, document, and produce curriculum materials about Korean folklore, art, music, and social activities; to develop extended education programs
about the Korean community's activities and programs for students, teachers, and the general public; to develop and produce curriculum materials and courses about Korean-American and Korean culture, tradition, and life; and to sponsor seminars, symposia, and exhibits about Korean culture and tradition.

**Center for Multicultural Education**
The Center's specific goals and objectives are to provide in-service training for faculty and staff, and pre-service training to students about issues related to cultural pluralism, diversity, and multicultural education. The center can also provide assistance to faculty seeking a greater degree of infusion of multiculturalism into their curriculum. The Center provides technical assistance to college districts, and offers a Saturday morning field experience for Cal State L.A. students who tutor students from the community who are at educational risk.

**Center for Newly Independent States Studies**
The Center's mission is to assist building and securing educational, business, and cultural bridges with the Newly Independent States (NIS) of the former Soviet Union. It provides International Distance Learning in business and other studies via the Internet for practitioners, students, and faculty of universities in the NIS. The Center strives to build partnerships with NIS and American businesses and offers informational service to promote international relationships in education and business. The Center fosters effective use of new information technologies to facilitate international distance learning, international cooperation in education and business, and better multicultural understanding between the people of our countries.

**Center for Contemporary Poetry and Poetics**
The mission of the Center for Contemporary Poetry and Poetics is to provide a forum for parties interested in poetry and poetics. The Center sponsors activities and events which promote the presentation of the full diversity of poetic voices from the whole range of cultural backgrounds and in all poetic genres. The Center promotes the appreciation and understanding of contemporary poetry and poetics in all of its forms and it encourages research in poetry and poetics. By creating a forum for dialogue, research, celebration, production, and presentation of poetry and poetics, the Center serves as the vehicle to bring together scholars, students, poets, the community, and other interested parties for the study, creation, preservation, and promotion of poetry.

**Center for Spatial Analysis and Remote Sensing**
The Center for Spatial Analysis and Remote Sensing (CSARS) was established with partial funding from NASA to function as a test-bed for public access to Geographic Information Systems (GIS) and remote sensing information. The center conducts educational, research and outreach activities focusing on Southern California. In addition to its regular university activities, short courses on GIS and other computer applications for novice and intermediate users are presented. As a part of its mission, CSARS provides training to Cal State L.A. faculty and to educators from kindergarten through doctoral-granting institutions. The Center also provides a variety of state-of-the-art GIS services ranging from data collection to database development and analysis. Currently, CSARS houses on its dedicated server a large downloadable, multisector, digital database of Los Angeles County and is developing additional data sets for neighboring counties. With its integrated, comprehensive census, immigration and business database, the center is well positioned to provide high quality economic baseline research, urban transportation studies, demographic analyses, and market research services at different geographic scales. These include census tract, block group, ZIP code, municipal and political districts, special planning areas and transportation zones.

**Center for the Study of Genders and Sexualities**
The Center for the Study of Genders and Sexualities is a university-wide, interdisciplinary center housed in the College of Arts and Letters. It is dedicated to providing support for scholars, teachers, and students who investigate gender and sexuality, particularly as they are exemplified in the diverse communities represented at Cal State L.A. and its surrounding area. Among the center's goals are to provide an institutional base of support for feminist, gay, lesbian, bisexual, and transgender scholarship, to support the revitalization of the Women's and Gender Studies curriculum, to offer campus networking events that support interdisciplinary investigation, to sponsor events and conferences including visiting scholars, artists, and public figures, and to support the provision of mentoring for students.

**Center for Technology Education**
Operated by the Department of Technology, College of Engineering, Computer Science, and Technology, the Center provides support and assistance for teachers, public agencies, business, and industry, including professional support and consulting, in-service activities, conferences and workshops, and disseminates professional information through an electronic bulletin communications network. Professional services offered in technology education and technical training include course, curriculum, and program development in advanced technologies such as robotics, computer-aided design (CAD), computer-aided manufacturing (CAM), desktop publishing, and fluid power. Assistance in problem solving for teachers of students with special needs also is provided.

**Child Abuse and Family Violence Institute**
The institute's purpose is to promote effective prevention of, and intervention in, child abuse and domestic violence by providing interdisciplinary educational training and policy development programs, and state-of-the-art resources for students, professionals, and the community. The institute promotes interdisciplinary cooperation between the University and community agencies by identifying the University as a focal point and resource within the community, county, and state, and internationally to provide professional education and research in child abuse and domestic violence. A broad scope of interdisciplinary educational training, research, and field placement opportunities and programs is available to prepare individuals to provide effective multidisciplinary health and human services to maltreated children and their families.

**Chinese Studies Center**
The Center endeavors to promote understanding of, and interest in, China by sponsoring conferences, seminars, guest lectures, exhibits, concerts, and other Chinese cultural activities. It maintains a small library of basic reference materials about China. These materials are available to faculty, staff, and students. The center also serves the Chinese communities in Los Angeles and assists Cal State L.A. students of Chinese descent, and helps promote research and teaching in Chinese studies.
Edmund G. "Pat" Brown Institute of Public Affairs

The Pat Brown Institute of Public Affairs, named for former California Governor Edmund G. “Pat” Brown (1959-1967), is a nonpartisan center for applied public policy focusing on community development and youth empowerment. Located on the Cal State L.A. campus since 1987, the Pat Brown Institute (PBI) has a number of distinguished programs that assist the University in carrying out its urban mission while creating more inclusive and empowered communities in the Los Angeles Metropolitan Area. They include the Applied Policy Research Program, the PBI Publication Program featuring the institute’s annual policy journal, California Politics & Policy, the Community Education Program annually anchored by a California Policy Issues Conference, the PBI Training Program on community service and community policing for law enforcement agencies and officers, the Public Policy Internship Program, and the Youth Violence Prevention/Leadership Development Program anchored by the award-winning Gang Violence Bridging Project. The institute works in program collaboration and partnership with university faculty and students, community organizations, K-12 institutions, colleges, elected officials, and the private sector.

Institute of Entrepreneurship

This institute, operated by the College of Business and Economics, provides programs and seminars and conducts research for small businesses in the product and service sectors. The programs, seminars, and courses are designed to provide the necessary training individuals need to succeed in small businesses. Research is conducted to provide insight into potential problems of small businesses and to suggest solutions. Publications for entrepreneurs are made available. The institute functions as a clearinghouse for information relative to small businesses. Other institute activities include assistance in advising students who are enrolled in the Entrepreneurship option of the B.S. degree in Business Administration and making available an information bank to both students and professionals.

Institute for Executive Leadership

The Institute for Executive Leadership assists administrators in Southern California and Pacific Rim nations such as China to meet the needs of society for high-quality leadership in public service and an efficient and ethical government. More specifically, the institute provides opportunities for public administrators to further their training and education in such areas as management technologies, communication and administrative ethics. The Institute for Executive Leadership has a three-fold strategy to achieve its mission: 1) Provide training workshops and seminars to upgrade and update administrative skills, and other educational opportunities for exchanging administrative experiences among officials from different government agencies at home and abroad; 2) Assist other governments in setting up training programs for public servants through offering professional advice; and 3) Create opportunities for faculty in public administration to lecture in other countries to help fledgling public administration programs at undergraduate and graduate levels.

Institute of Nursing

The Institute’s primary purpose is to provide a vehicle for closer collaboration between the University and community agencies that provide health care. The institute emphasizes development of joint ventures and/or partnerships that lead to cost-benefit modes of health care delivery to a culturally diverse society. The institute’s primary goals are to improve the quality of nursing education, to develop effective strategies for recruitment and retention of nursing students, to help meet the staffing needs of nursing services, to improve the quality of nursing practice, and to facilitate collaboration in the areas of research, teaching, and grant writing.

Institute of Retail Management

The Institute of Retail Management prepares college students for management level careers in major retail companies. For those who have an entrepreneurial inclination, it provides the expertise to open and operate their own retail business. The institute raises funds for retailing scholarships and cooperates closely with the Career and Development Center to increase retail recruitment on campus, as well as to create retail internships. The institute sponsors a Retailer of the Year Award Luncheon, one of the nation’s major retailing events, at which a senior retail executive is honored for outstanding contributions to the retail industry. The institute administers the nationally acclaimed Institute of Retail Management College Incentive Program, a retail-jobs training program for Los Angeles inner-city high college students, many of whom are awarded retailing scholarships and go on to college. The Institute’s Advisory Council consists of executives of major retail and retail-related companies.

Pacific Contemporary Music Center

The Pacific Contemporary Music Center encourages the performance and promotes the awareness of contemporary musical compositions by composers from the Pacific Rim countries. The center sponsors contemporary music festivals and encourages other countries, universities, and organizations to join in sponsoring such festivals to present the members’ compositions; encourages the mass media in participating countries to broadcast the members’ music by providing copies of sound recordings; maintains a library of members’ published and unpublished scores, sound recordings, performance documentation, and biographies; sends scores anywhere in the world for a period no longer than one month; publishes an annual catalog of the library holdings; sponsors and encourages contemporary seminars, and encourages research.

Pacific Rim Institute

A consortium created by Cal State L.A. and a group of Asian and U.S. firms to increase exchanges and improve communication and understanding between their corporate cultures, the institute seeks to provide managers in both U.S. and Pacific Asian business communities the knowledge and skills needed for managing the challenge of cultural differences. It also endeavors to increase their effectiveness in working together in each other’s environment. These goals are accomplished through the presentation of seminars, forums, and briefings.

PepsiCo Leadership Center

The mission of this center is to provide leadership and diversity training and development to students and the business community through innovative learning methods and affiliation with industry and business leaders.

The objectives of the center are to provide training to enhance organizational leadership skills and diversity awareness, build alliances with the business community and its leaders, and promote and enhance dissemination of information needed by leaders facing challenges and opportunities of today and our future.
Productivity Center
The purpose of the College of Business and Economics’ Productivity Center is to conduct and coordinate research activities that deal with various issues of productivity improvement and measurement; to act as an information center and catalyst for local governmental organizations and manufacturing and service firms, with an emphasis on helping those institutions become effective and efficient in producing products and providing services; and to promote the expansion of career opportunities for Cal State L.A. students in general, and those who are studying operations management in particular. The center compiles business and economic data for forecasting economic conditions in various industries. In addition, the center coordinates research activities that deal with issues of productivity improvement and measurement. It acts as an electronic information center for local governments, manufacturing enterprises, and service firms. The center promotes expansion of career opportunities for students and alumni in the business community and has trained students who are now active in various operations and information systems.

Roger Wagner Center for Choral Studies
The center provides a structure within which teachers, scholars, and performing artists can teach choral music; explore and encourage composition of new repertoire; foster research and scholarly publication of emerging topics pertinent to choral study. The center’s activities include co-sponsorship of an international conference on Gregorian chant, presentation of a collection of scholarly articles, and an international choral composition contest.

Consortia
California Desert Studies Consortium
The California Desert Studies Consortium consists of seven Southern California campuses of The California State University which, together with the National Park Service, operate the Desert Studies Center in the eastern Mojave Desert. Participating campuses include Dominguez Hills, Fullerton, Long Beach, Los Angeles, Northridge, Pomona, and San Bernardino. The purpose of the center is to provide a field facility in the Mojave Desert to develop desert studies educational programs.

Established in 1976, the center serves students in the areas of anthropology, astronomy, biology, engineering, geography, and geology and provides a substantial support base for environmental and ecological studies that have immediate implications for effective management of desert resources. The central location allows accessibility to all parts of the desert region. Lodging and laboratory/storage space are offered in support of field-oriented courses. The center also provides a site for independent study courses and research of desert phenomena by individual students.

The Desert Studies Consortium is administered by the CSU Fullerton campus. Cal State L.A.’s representatives to the consortium are Dr. Alan Muchlinski, associate dean, Graduate Studies and Research and Dr. Barry Hibbs, associate professor of Geological Sciences. For more information, contact Dr. Muchlinski at (323) 343-3820.

Ocean Studies Institute (OSI)
Opportunities for undergraduate and graduate study in the coastal environment are provided by the Ocean Studies Institute (OSI), which comprises eight State University campuses: Dominguez Hills, Fullerton, Long Beach, Los Angeles, Northridge, Pomona, San Bernardino, and San Marcos. The OSI is administered by the Long Beach campus. The OSI operates out of the docks and laboratory facilities of the Southern California Marine Institute (SCMI), Fish Harbor, Terminal Island in the Los Angeles - Long Beach Harbor.

The OSI participates in training managers and scientists and educating the public by coordinating and facilitating marine educational and research activities. In addition, the institute serves as an educational and research liaison among regions, states, and nations.

Seagoing research laboratory and instructional facilities are provided aboard the R. V. Yellowfin, an oceangoing research vessel. The Yellowfin is the property of the institute, and its use is scheduled through the office of the SCMI at (310) 519-3172.

Several courses within the departments of Biological Sciences, Geological Sciences, and Psychology and the College of Engineering, Computer Science, and Technology, among others, utilize the Yellowfin and other Consortium facilities. These courses are announced in the Schedule of Classes each quarter. In addition, the eight campuses offer an intensive course of study each fall at the USC Wrigley Institute for Environmental Studies on Santa Catalina Island. Courses cover topics in marine biology and ecology, specialty areas, and a culminating research experience. Credits apply to graduation at the student’s home campus.

Cal State L.A.’s representatives to the consortium are Dr. Gary Novak, Interim Dean, College of Natural and Social Sciences, and Dr. Elizabeth Torres, professor of Biological Sciences. For additional information, contact Dr. Novak at (323) 343-2000 or Dr. Torres at (323) 343-2179.

Admissions General Information

Requirements for admission to California State University, Los Angeles are set in accordance with Title 5, Chapter 1, Subchapter 3, of the California Code of Regulations. Complete information is available at www.csumentor.edu/planning/. Information is also available from Cal State L.A.’s Office of Outreach and Recruitment, Student Affairs 123, phone (323) 343-CSLA.

Electronic versions of CSU undergraduate and graduate applications are accessible on the World Wide Web at http://www.csumentor.edu/. The CSUMentor system allows students to browse through general information about CSU’s twenty-three campuses, view multimedia campus presentations, send and receive electronic responses to specific questions, and apply for admission and financial aid.

Applying online via www.csumentor.edu is encouraged, and many CSU campuses will facilitate use of online applications for admission. Application in “hard copy” form may be obtained online or at any California high school or community college or from the Office of Admission at any of the campuses of the California State University.

Cal State L.A. admits high school graduates as first-time freshmen, those from community colleges and degree-granting colleges and universities as undergraduate transfer students, and those who hold acceptable baccalaureates as postbaccalaureate or graduate students.

Importance of Filing Complete and Accurate Application for Admission Documents

Cal State L.A. advises prospective students that they must supply complete and accurate information on the application for admission, residence questionnaire, and financial aid forms. Further, applicants must, when requested, submit authentic and official transcripts of all previous academic work attempted. Failure to file complete, accurate, and authentic application documents may result in denial of admission, cancellation of academic credit, suspension, or expulsion (Section 41301, Article 1.1, Title 5, California Code of Regulations).

Residence Determination

The determination about whether students qualify as legal residents of California for admission and tuition purposes is made by a review of information in the residence questionnaire that all applicants submit with their application for admission. For a summary statement of the principal rules and exceptions about residence determination, see Appendix B.

Intrasystem and Intersystem Enrollment Programs

Students enrolled at any CSU campus will have access to courses at other CSU campuses on a space available basis unless those campuses or programs are impacted. This access is offered without students being required to be admitted formally to the host campus and sometimes without paying additional fees. Although courses taken on any CSU campus will transfer to the student’s home CSU campus as elective credit, students should consult their home campus academic advisors to determine how such courses may apply to their degree programs before enrolling at the host campus.

There are two programs for enrollment within the CSU and one for enrollment between CSU and the University of California or California community colleges. Additional information about these programs is available from the University Admissions Office (323) 343-3901.

CSU Concurrent Enrollment – matriculated students in good standing may enroll at both their home CSU campus and a host CSU campus during the same term. Credit earned at the host campus is reported at the student’s request to the home campus to be included on the student’s transcript at the home campus.

CSU Visitor Enrollment – matriculated students in good standing enrolled at one CSU campus may enroll at another CSU campus for one term. Credit earned at the host campus is reported at the student’s request to the home campus to be included on the student’s transcript at the home campus.

Intersystem Cross Enrollment – matriculated CSU, UC, or community college students may enroll on a “space available” basis for one course per term at another CSU, UC, or community college and request that a transcript of record be sent to the home campus.

Health Screening

Immunizations and Health Clearances

Entering CSU students are required to present proof of the following immunizations to the CSU campus they will be attending before the beginning of their first term of enrollment.

Measles and Rubella

All new and readmitted students born after January 1, 1957 must provide written proof of measles and rubella immunizations. Laboratory confirmation of measles and rubella immunity may be submitted in lieu of proof of vaccination. Students born in 1982 or later (1983, 1984, etc.) who attended public school in California will have satisfied this requirement (you will not need to bring proof of immunization to the Student Health Center). You will not be able to register for a second quarter if you do not satisfy this requirement. Photocopies of high school immunization records are acceptable.

Hepatitis B

All new students who will be 18 years of age or younger at the start of their first term must provide proof of full immunization against Hepatitis B. Full immunization against Hepatitis B consists of three doses of vaccine over a minimum 4 to 6 months period. If you need further details or have special circumstances please contact the Student Health Center at (323) 343-3300. Laboratory confirmation of Hepatitis B immunity may be submitted in lieu of proof of immunization. Students born in 1982 or later (1983, 1984, etc.) who attended public school in California will have satisfied this requirement (you will not need to bring proof of immunization to the Student Health Center). You will not be able to register for a second quarter if you do not satisfy this requirement.

Meningitis

Each incoming freshman who will be residing in on-campus housing will be required to return a form indicating that they have received information about meningococcal disease and the availability of the vaccine to prevent contracting the disease and indicating whether or not the student has chosen to receive the vaccination. These are not admission requirements, but are required of students as conditions of enrollment in CSU (CSU Executive Order No. 803). These proofs of immunizations may be sent by mail, brought in person, or faxed to the Student Health Center at (323) 343-3301.

Tuberculosis (TB)

In addition to the above Measles/Rubella immunization requirement, all new and returning international students and...
Residence Life and Housing tenants must provide acceptable proof of a negative tuberculosis (TB) test or chest x-ray taken within the past year. The form is available in the Housing Services offices. Verification may be sent by mail, brought in person, or faxed to the Student Health Center at (323) 343-3301. The Student Health Center mailing address is: Student Health Center, Cal State L.A., 5151 State University Drive, L.A., CA 90032-8411.

Measles/Rubella immunizations and TB tests and chest x-rays are offered at the Student Health Center. Call the MR/TB Information Line, (323) 343-3300, for complete instructions, clinic dates, and fees. For questions you may have regarding a registration hold, call directly to (323) 343-6547. The fax number is (323) 343-6557.

Reservation
The University reserves the right to select its students and deny admission to the University or any of its programs as the University, in its sole discretion, determines appropriate based on an applicant’s suitability and the best interests of the University.

### Undergraduate Admission Requirements

#### Freshman Requirements

Generally, first-time freshman applicants will qualify for regular admission if they:

1. Have graduated from high school, have earned a Certificate of General Education Development (GED) or have passed the California High School Proficiency Examination; and
2. Have a qualifiable minimum eligibility index (see section on Eligibility Index), and
3. Have completed with grades of C or better each of the courses in the comprehensive pattern of college preparatory subject requirements (see “Subject Requirements”).

#### Eligibility Index

Eligibility Index – The eligibility index is the combination of the high school grade point average and scores on either the ACT or the SAT. Grade point averages (GPA) are based on grades earned in courses taken during the final three years of high school. Included in calculation of GPA are grades earned in all college preparatory "a-g" subject requirements, and bonus points for approved honors courses.

Up to eight semesters of honors courses taken in the last three years of high school, including up to two approved courses taken in the tenth grade can be accepted. Each unit of A in an honors course will receive a total of 5 points; B, 4 points; and C, 3 points.

A CSU Eligibility Index (EI) can be calculated by multiplying a grade point average by 800 and adding your total score on the mathematics and critical reading scores of the SAT. Students who took the ACT, multiply your the grade point average by 200 and add ten times the ACT composite score. Persons who are California high school graduates (or residents of California for tuition purposes), need a minimum index of 2900 using the ACT composite score. Persons who neither graduated from a California high school nor are a resident of California for tuition purposes, need a minimum index of 3502 (SAT) or 842 (ACT). Graduates of secondary schools in foreign countries must be judged to have academic preparation and abilities equivalent to applicants eligible under this section.

An applicant with a grade point average of 3.00 or above (3.61 for nonresidents) is not required to submit test scores. However, all applicants for admission are urged to take the SAT or ACT because campuses use these test results for advising and placement purposes and may require them for admission to impacted majors or programs. Impacted CSU campuses require SAT or ACT scores of all applicants for freshman admission.

The CSU uses only the SAT mathematics and critical reading scores in its admission eligibility equation. The SAT or ACT writing scores are not currently used by CSU campuses.

#### Subject Requirements

The California State University requires that first-time freshman applicants complete, with grades of C or better, a comprehensive pattern of college preparatory study totaling 15 units. A “unit” is one year of study in high school.

- 2 years of social science, including 1 year of U.S. history, or U.S. history and government.
- 4 years of English.
- 3 years of math (algebra, geometry and intermediate algebra).
- 2 years of laboratory science (1 biological and 1 physical, both with labs).
- 2 years in the same language foreign language (subject to waiver for applicants demonstrating equivalent competence).
- 1 single year long approved course in visual and performing arts: art, dance, drama/theater, or music.
- 1 year of electives: selected from English, advanced mathematics social science, history, laboratory science, foreign language, visual and performing arts or other courses approved and included on the UC/CSU “a-g” list.

#### Foreign Language Subject Requirement

The foreign language subject requirement may be satisfied by applicants who demonstrate competence in a language other than English equivalent to, or higher than, that expected of students who complete two years of foreign language study. Consult your school counselor or any CSU campus Admissions or Outreach and Recruitment Office for further information.

#### Substitution for Students with Disabilities

Applicants with disabilities are encouraged to complete college preparatory course requirements if possible. If you are judged unable to fulfill a specific course requirement because of your disability, you may substitute alternative college preparatory courses for specific subject requirements.

Substitutions may be authorized on an individual basis after review and recommendation by your academic adviser or guidance counselor in consultation with the director of a CSU program for students with disabilities. Although the distribution
may be slightly different from the course pattern required of other students, students who qualify for substitutions will still be held for 15 units of college preparatory study. You should be aware that failure to complete courses required for admission may limit your later enrollment in certain majors, particularly those involving mathematics. For further information and substitution forms, please contact the Director of Services for Students with Disabilities at your nearest CSU campus.

**Honors Courses**
Grades in up to eight semester courses designated as honors courses in approved subjects and taken in the last two years of high school receive additional points in grade point average calculations. Each unit of A in approved courses will receive a total of 5 points; B, 4 points; and C, 3 points.

**College Preparatory Courses Recommended**
Most academic advisers agree that preparation for university study includes preparation in subjects beyond English and mathematics. Bachelor’s degree curricula build upon previous study in the natural sciences, social sciences, visual and performing arts, foreign languages, and the humanities. Students who plan to major in mathematics, the sciences (including computer science), engineering, premedicine, other science-related fields, business, or economics should complete four years of college preparatory mathematics. Students in the social sciences and preprofessional fields of study should include at least three years of college preparatory mathematics in their studies. Further, all students should include English and mathematics in the final year of high school.

**Provisional Admission**
Cal State L.A. may provisionally or conditionally admit transfer applicants based on their academic preparation and courses planned for completion. The campus will monitor the final terms to ensure that those admitted complete all required courses satisfactorily. All accepted applicants are required to submit an official transcript of all college level work completed. Campuses will rescind admission for all students who are found not to be eligible after the final transcript has been evaluated. In no case may such documents be received and validated by the university any later than a student’s registration for their second term of CSU enrollment.

**Transcript and Test Score Requirements**
First-time freshman applicants should not request high school transcripts to be sent to the University until the date of high school graduation is posted on their high school transcript, or unless requested by the University to do so. Transcripts must be sent directly from the high school to Cal State L.A.’s University Admissions Office. All transcripts become University property and will not be released or copied, except for students who request that their application be redirected to another CSU campus. For applicants graduating from high school in June, the final high school transcript with date of high school graduation posted must be received by July 15 to ensure enrollment and to prevent the offer of admissions from being rescinded, and if enrolled. For applicants with a final calculated high school grade point average of less than 3.00, an SAT or ACT score is required which generally is included on the high school transcript.

**Foreign High School Graduates**
Applicants who are graduates of secondary schools in foreign countries will have their records assessed for academic preparation and equivalence to those of eligible California high school graduates. The SAT and/or ACT is not an admission requirement from these individuals, except when specifically requested to do so.

Applicants who have graduated from U.S. high schools abroad will be held to academic requirements as those who have graduated from high schools outside California. Please refer to the transcript and test score requirements as noted in the above paragraph.

**Transfer Requirements**
Students who have completed fewer than 60 transferable semester college units (fewer than 90 quarter units) are considered lower division transfer students. Students who have completed 60 or more transferable semester college units (90 or more quarter units) are considered upper division transfer students. Students who complete college units during high school or through the summer immediately following high school graduation are considered first-time freshmen and must meet those admission requirements. Transferable courses are those designated for baccalaureate credit by the college or university offering the courses and accepted as such by the campus to which the applicant seeks admission.

**Lower Division Transfer Admission Requirements**
Generally, applicants will qualify for admission as a lower division transfer student if you have a grade point average of 2.0 (C or better) in all transferable units attempted, are in good standing at the last college or university attended, and meet any of the following standards:

1. Will meet the freshman admission requirements in effect for the term to which you are applying (see “Freshman Requirements” section); or
2. Were eligible as a freshman at the time of high school graduation except for the subject requirements, and have been in continuous attendance in an accredited college since high school graduation, and have made up the missing subjects.

Applicants who graduated from high school prior to 1988 should contact the Admissions Office to inquire about alternative admission programs. *(Some CSU campuses do not admit lower division transfer applicants.)*

For Fall and Spring admission, Cal State L.A. requires an official final transcript prior to enrollment to verify successful completion of English composition and college level mathematics if either or both courses are “in progress” or “planned” at the time of application. For Winter and Summer admission, Cal State L.A. requires unofficial grade reports prior to enrollment to verify successful completion of English composition and college level mathematics if either or both courses are “in progress” or “planned” at the time of application. Refer to your letter of admission for additional information.

**Upper Division Transfer Admission Requirements**
Generally, applicants will qualify for admission as an upper division transfer student if:

1. They have a grade point average of 2.0 (C or better) in all transferable units attempted; (nonresidents must have a 2.4 grade point average or better), and
2. They are in good standing at the last college or university attended; and they have completed at least 60 transferable semester units of college coursework with a grade point average of 2.0 or higher and a grade of C or better in each course used to meet the CSU general education requirements in written communication, oral communication, critical thinking and quantitative reasoning, e.g. mathematics. The 60 units must include all
of the general education requirements in communication in the English language (both oral and written) and critical thinking (at least 9 semester units) and the requirement in mathematics/quantitative reasoning (usually 3 semester units) OR the Intersegmental General Education Transfer Curriculum (IGETC) requirements in English communication and mathematical concepts and quantitative reasoning.

For Fall and Spring admission, Cal State L.A. requires an official final transcript prior to enrollment to verify successful completion of both the 90 quarter unit requirement and the requirements in English, oral communication, critical thinking and mathematics if any of these requirements are "in progress" or "planned" at the time of application. For Winter and Summer admission, Cal State L.A requires unofficial grade reports prior to enrollment of successful completion of both the 90 quarter unit requirement and the requirements in English, oral communication, critical thinking and mathematics if any of these requirements are "in progress" or "planned" at the time of application. Refer to your letter of admission for additional information.

Making Up Missing College Prepontary Subject Requirements

Lower division transfer applicants who did not complete subject requirements while in high school may make up missing subjects in any of the following ways.

- Complete appropriate courses with grades of C or higher in adult school or high school summer sessions.
- Complete appropriate college courses with grades of C or higher. One college course of at least three semester units or four quarter units will be considered equivalent to one year of high school study.
- Earn acceptable scores on specified examinations.

Please consult any CSU Admissions Office for further information about alternative ways to satisfy the subject requirement.

Due to enrollment pressures, many CSU campuses do not admit or enroll lower division transfer students.

Test Requirements

Scholastic Aptitude Test (SAT) and American College Test (ACT)

Freshman and transfer applicants who have fewer that 60 semester or 90 quarter units of transferable college credit must submit scores, unless exempt (see "Eligibility Index"), from either the ACT or the SAT of the College Board. Persons who apply to an impacted program may be required to submit test scores and should take the test no later than October or November. Test scores also are used for advising and placement purposes. Registration forms and dates for the SAT or ACT are available from school or college counselors or from a CSU campus testing office located in the Library, Rm. 2098, (323) 343-3160. Or students may write to or call:

The College Board (SAT) Registration Unit, Box 6200 Princeton, New Jersey 08541-6200 (609) 771-7588 www.collegeboard.org

ACT Registration Unit
P.O. Box 414
Iowa City, Iowa 52240
(319) 337-1270
www.act.org

TOEFL Requirement

TOEFL Requirement – All undergraduate applicants, whose native language is not English and who have not attended schools at the secondary level or above for at least three years full time where English is the principal language of instruction must present a score of 500 or above on the Test of English as a Foreign Language. Some majors may require a score higher than 500. Applicants taking the Computer Based Test of English as a Foreign Language must present a score of 173 or above. Cal State L.A. requires a minimum 500 score on the paper-based TOEFL. A 173 on the computer-based TOEFL and a 61 in the internet-based TOEFL. Some majors may require a higher score. Some campuses may also use alternative methods of assessing English fluency.

CSU minimum TOEFL standards are:

<table>
<thead>
<tr>
<th></th>
<th>Internet</th>
<th>Computer</th>
<th>Paper</th>
</tr>
</thead>
<tbody>
<tr>
<td>Under-</td>
<td></td>
<td></td>
<td></td>

<td>213</td>
<td>550</td>
</tr>
</tbody>
</table>

To obtain TOEFL registration materials, locations and test dates, write to:

Educational Testing Service
P. O. Box 6154
Princeton, New Jersey 08541-6151
www.toefl.org

You may also contact the U. S. embassy in your country for TOEFL information. Request that your TOEFL test results be sent directly to California State University, Los Angeles (institution code 4399).

Systemwide Placement Test Requirements

The California State University requires that each entering undergraduate, except those who qualify for an exemption, take the CSU Entry Level Mathematics (ELM) examination and the CSU English Placement Test (EPT) prior to enrollment. These placement tests are not a condition for admission to the CSU, but they are a condition of enrollment. They are designed to identify entering students who may need additional support in acquiring college entry-level English and mathematics skills necessary to succeed in CSU baccalaureate-level courses. Undergraduate students who do not demonstrate college-level skills both in English and in mathematics will be placed in appropriate remediation programs and activities during the first term of their enrollment. Students placed in remedial programs in either English or mathematics must complete all remediation in their first year of enrollment. Failure to complete remediation by the end of the first year may result in denial of enrollment for future terms.

Students register for the EPT and/or ELM at their local CSU campus. Questions about test dates and registration materials may be addressed to the California State University, Los Angeles Testing Center, Library, Palm Wing 2098, (323) 343-3160.

All nonexempt undergraduates must complete the EPT and ELM after admission and before first enrollment in courses at Cal State L.A.

English Placement Test (EPT)

The CSU English Placement Test (EPT) is designed to assess the level of reading and writing skills of entering undergraduate students so that they can be placed in appropriate baccalaureate-level courses. The CSU EPT must be completed by all entering undergraduates, with the exception of those who present proof of one of the following:
The results of the EPT will not affect admission eligibility, but students who cannot demonstrate basic competence on the examination are required to take steps to overcome deficiencies the first quarter of their enrollment. Any course work undertaken primarily to acquire the required competence shall not be applicable to the baccalaureate.

Information bulletins for the EPT and ELM examinations are mailed to all students subject to the requirements. The materials may also be obtained from the Cal State L.A. Testing Center, Library, Palmer Wing 2098, (323) 343-3160.

*Beginning in May 1998, SAT II: Writing Test scores increased about 10 to 20 points. The adjustment was made to make Writing Test scores more comparable to scores on other SAT II subject tests. Although scores will be higher, their relative rank compared to scores for tests taken before May 1998 remains the same.

Credit for Nontraditional Learning Experiences

Credit for certain nontraditional learning experiences may be used in determining eligibility and credit allowances of undergraduate applicants. These nontraditional credit allowances are listed and described below. A more detailed analysis of each category appears later in this chapter under Evaluation of Transfer Credit.

Categories and Credit Allowances

- Baccalaureate-level course credit certified by the Defense Activities in Nontraditional Education Support (DANTES) yields a maximum of 36-quarter units.
- Advanced Placement examinations of the CEEB with scores of 3, 4, or 5 yield 9-quarter units for each examination.
- For credit allowance for standardized external examinations, including CLEP, Advanced Placement, the College Board SAT Subject Tests, the American Chemical Society Cooperative Examination, see the explanations later in this chapter.
- For basic training military service, 9 quarter units of lower division elective credit are awarded for 1 year or longer of active duty with an honorable discharge, and 4½ quarter units for 6 months to one year with an honorable discharge.
- Civilian and military courses and schools recommended for credit by the American Council on Education’s Commission on Educational Credit and Credentials yield a maximum of 12 quarter units.

President’s Scholars Program

Becoming a President’s Scholar is the highest honor that an incoming freshman can earn upon entering Cal State L.A. and is the most prestigious award offered by the University. Recipients receive $5,000 annually for a maximum of four years based on continuous full-time enrollment and academic performance.

Besides the scholarship, President’s Scholars receive free on-campus parking, free admission to on-campus cultural and
Students. For this purpose, "foreign students" include those who hold U.S. visas as students, exchange visitors, or in other nonimmigrant classifications.

The California State University uses separate requirements for admission of foreign students. Verification of English proficiency is required for undergraduate applicants. Academic records from foreign institutions must be on file at least 60 days before registration for the first term and, if not in English, must be accompanied by certified English translations.

Priority in admission is given to residents of California. There is little likelihood of nonresident applicants, including international students, being admitted either to impacted majors or to those majors or programs with limited openings.

Foreign applicants and all others who are not permanent U.S. residents will be admitted to Cal State L.A. only if they meet one of the following sets of requirements:

- Completion of two years (90 quarter units or equivalent) of acceptable college work with a minimum 2.4 grade point average as evaluated by the University (A=4.0), an acceptable course in English composition, speech, critical thinking and mathematics with a minimum grade of C in each course, and a minimum 500 paper-based, 173 computer-based, 61 internet-based TOEFL score on the Test of English as a Foreign Language (TOEFL); or

- Graduation from a foreign high school where the language of instruction was not exclusively English (with a minimum 3.0 grade point average as evaluated by the University), a minimum 2.4 grade point average in any college work attempted (as evaluated by the University), and a minimum 500 paper-based, 173 computer-based, or 61 internet-based TOEFL score (refer to the section about the TOEFL requirement). The academic eligibility requirement is the same as for graduates of high schools outside California, although submission of ACT or SAT scores is not necessary, unless specifically requested by the University. The University determines foreign high school equivalencies.

Undergraduate applicants who have attended full time, for at least three years, either an accredited U.S. college or university or a foreign high school, college, or university where the principle language of instruction was English are exempted from the TOEFL requirement.

The Bureau of Citizenship and Immigration Services (BCIS) requires that F-1 visa undergraduate students carry a minimum study load of 12 quarter units. Visa students must have advance proof of adequate financial resources, be in good health, and comply with all Cal State L.A. and BCIS regulations. Consult International Programs and Services, (323) 343-3170, for information about visas, housing, and related matters. International students may apply online at www.csumentor.edu.

**General Guidelines for Foreign Records**

Applicants with foreign academic work are required to submit official copies of academic records, along with a certified English translation. Academic records should include: secondary school records; yearly records from each college or university attended that indicate the number of hours per semester or year devoted to each course and the grades received; and official documents that confirm the awarding of the degree that include the title and date.

All official documents submitted become the property of the University. The University will determine the acceptability of any foreign work.

**Insurance Requirement**

Effective August 1, 1995, as a condition of receiving an I-20 or DS2019 form, all F-1 and J-1 visa applicants must agree to obtain and maintain health insurance as a condition of registration and continued enrollment in The California State University. Such insurance must be in amounts as specified by The Bureau of Educational and Cultural Affairs, U.S. Department of State and NAFSA, Association of International Educators. The campus president or designee shall determine which insurance policies meet these criteria. Further information may be obtained from the International Programs and Student Services Office, Administration 127, (323) 343-3170.

**Second Baccalaureate Applicants**

Students who have earned a baccalaureate from an accredited institution may earn a second baccalaureate at Cal State L.A. They are considered postbaccalaureate applicants and must meet the admission requirements for graduate and postbaccalaureate students (see the section later in this chapter). However, students who wish to pursue a second baccalaureate must file an Undergraduate Admission Application.

**Special Admission Categories**

**Adult Students**

As an alternative to regular admission criteria, applicants who are 25 years of age or older may be considered for admission as adult students if they meet all of the following conditions:
1. Possess a high school diploma (or have established equivalence through either the General Educational Development or California High School Proficiency Examinations).

2. Has not been enrolled in college as full-time students for more than one term during the past five years.

3. If there has been any college attendance in the last five years, has earned a C (2.0) average or better in all college work attempted.

Consideration is based on a judgment about whether the applicant is as likely to succeed as a regularly admitted freshman or transfer students and will include an assessment of basic English language and mathematical computation. Questions should be directed in writing to the Director of University Admissions. (See Executive Order No.413)

Educational Opportunity Program (EOP)
The Educational Opportunity Program (EOP) assists undergraduate students who are disadvantaged because of their economic or educational background. EOP serves California residents who do not meet regular admission criteria, as well as those who qualify for regular admission, if they have a history of low income and need academic and financial assistance.

In addition to special admission procedures, the program provides specialized orientation, financial assistance, advisement by professional and peer counselors (usually upper division students), tutoring, and access to specialized courses. Because not all EOP applicants can be guaranteed admission, alternative opportunities should be investigated. Applications and information may be obtained from the EOP Office, Student Affairs 215, (323) 343-4EOP.

Early Entrance Program (EEP)
Cal State L.A.’s Early Entrance Program (EEP) serves highly gifted students who need the academic challenges of a university environment to develop intellectually, but who are chronologically younger than traditional undergraduates and have not yet graduated from high school. Students who are younger than 16 years old at the start of the summer quarter, but are at least 11 years old are eligible for the EEP. Participation is open by invitation, and admission is based on performance in an academic assessment inventory, personal interview of the applicants and their parents, and the completion of a provisional quarter of study. Some of the qualities needed for admission include, but are not limited to, maturity, academic talent and need for acceleration.

Those students whose academic and personal performances are judged adequate and appropriate are admitted to the EEP after final approval from the Faculty Admission committee. Regular meetings with EEP staff, participation in scheduled activities and enrollment as a full-time, degree-seeking undergraduate are required. EEP students are responsible for tuition identical to other CSU students but are eligible for financial aid and scholarship assistance. Upon admission, EEP students are admitted to the University’s General Education Honors Program. For further information please contact the EEP at (323) 343-2287, fax (323) 343-5574 or visit the EEP Website, at www.calstatela.edu.

High School Students
Students still enrolled in high school are considered for enrollment in certain special programs if recommended by their principal or another appropriate campus department chair and if their preparation is equivalent to that required of eligible California high school graduates. Such admission is only for a specific program and does not constitute the right to continued enrollment. Two such Cal State L.A. programs are described in the following paragraph.

- High School Students Accelerated College Enrollment
- (ACE) and Pre-Accelerated College Enrollment (PACE)
The ACE program is designed for high school seniors and juniors, and the PACE program is available for mentally gifted or talented ninth and tenth graders. Through the ACE and PACE programs, eligible students enroll in selected regular college courses and receive college credit for them. The Special Assistant to the Vice President for Student Affairs/Enrollment Management, Student Affairs 106, (323) 343-3131, coordinates these programs. Admission to these programs does not necessarily constitute the right to continued enrollment.

High School Nongraduates
Applicants older than 18 years of age who have not graduated from high school are considered for admission only when their preparation in all other ways is such that Cal State L.A. believes their promise of academic success is equivalent to that of eligible California high school graduates. These applicants are required to submit General Educational Development (GED) test scores to establish high school graduation equivalence and an official high school transcript that shows all work completed to the last date of attendance. Scores on the ACT or SAT also are required.

Veterans
Veterans of U.S. military service who are California residents may be admitted as either first-time freshmen or lower division transfers (less than 60 semester or 90 quarter units completed), even though such applicants are not otherwise eligible. Veterans who wish to be admitted under this provision should contact the University Admissions Office.

Applicants Not Regularly Eligible
Applicants who are not admissible under one of the above provisions should enroll in extension courses, a community college, or another appropriate institution to meet eligibility requirements. Only under the most unusual circumstances and by authorized action will such applicants be admitted to Cal State L.A. without additional academic preparation as described above.

Undergraduate Application Procedures
Prospective students applying for part-time or full-time undergraduate programs of study in day or evening classes must file a complete undergraduate application. The $55 nonrefundable application fee should be in the form of a check or money order payable to “The California State University” or by credit card if submitting the online application, and may not be transferred or used to apply to another term. An alternate major may be indicated on the application. The applications of persons denied admission to an impacted and/or closed
campus may be re-routed to another campus at no cost, but only if the applicant is CSU eligible.

A request for change of campus after an application has been filed should be directed to the new choice campus for approval and determination that space is available. If the request can be met, the new first-choice campus will direct the request to the original first-choice campus for a transfer of the application. Such a change cannot be guaranteed, but will be accomplished if possible, and only for the term for which the application was filed.

Use of Social Security Number
Applicants are required to include their correct social security numbers in designated places on applications for admission pursuant to the authority contained in Section 41201, Title 5, California Code of Regulations, and Section 6109 of the Internal Revenue Code (26 U.S.C. 6109). The University uses the social security number to identify students and their records including identification for purposes of financial aid eligibility and disbursement and the repayment of financial aid and other debts payable to the institution. Also, the Internal Revenue Service requires the University to file information returns that include the student’s social security number and other information such as the amount paid for qualified tuition, related expenses, and interest on educational loans. This information is used by the IRS to help determine whether a student, or a person claiming a student as a dependent, may take a credit or deduction to reduce federal income taxes.

Filing Period Duration
Each non-impacted campus accepts applications until capacities are reached. Many campuses limit undergraduate admission in an enrollment category due to overall enrollment limits. If applying after the initial filing period, consult the campus admission office for current information. Similar information is conveniently available at http://www.csumentor.edu/filing_status/Default.asp

International (Visa) Applicants
Application filing periods for international (visa) applicants differ from those for domestic (non-visa) applicants because of additional time required to evaluate records and prepare the necessary documents for the Bureau of Citizenship and Immigration Services (BCIS). The filing periods are established as follows:

Quarter ................................. Application Filing Period
Fall Quarter ............................. October 1–March 1
Winter Quarter .......................... June 1–September 1
Spring Quarter .......................... August 1–October 1

The Director of University Admissions may waive this advance application requirement if circumstances warrant. In addition to the academic requirements outlined earlier in this chapter, international students must have competence in the English language, financial resources adequate to provide for all expenses during their period of study at Cal State L.A., and must be in good health.

Application Acknowledgment
On-time applicants may expect to receive an acknowledgment from the campuses to which they have applied within one to two weeks of filing the application. The notice may also include a request that applicants submit additional records necessary to evaluate academic qualifications. Applicants may be assured of admission if the evaluation of relevant qualifications indicates that applicants meet CSU admission requirements and campus requirements for admission to an impacted program. Unless specific written approval/confirmation is received, an offer of admission is not transferable to another term or to another campus.

Transcript and Admission Test Score Requirements
Undergraduate transfer students are required to comply with the following transcript and test score requirements as part of the application procedures for admission. Classifications (class level) of applicants apply as of the date of intended enrollment.

Applicants with fewer than 90 units completed
Transcripts: One from high school of graduation; one from each college attended. Test Score: ACT or SAT.

Applicants with 90 or more quarter units completed
Transcripts: One from each college attended; graduate and second baccalaureate applicants, two from each college attended.

Returning Students
Transcripts: One from each college attended since last enrollment at Cal State L.A. unless otherwise notified by the University Admissions Office. One from each college attended before Cal State L.A. if student last attended Cal State L.A. more than one year ago.

Engineering Majors
Transcripts: One sent directly to the University Admissions Office; one to College of Engineering, Computer Science and Technology.

CAUTION: Transcripts must be sent directly from each college attended.

Nursing Majors
Transcripts: One sent directly to the University Admissions Office; one to School of Nursing. CAUTION: Transcripts must
be sent directly from each college and school of nursing attended.

Transfer applicants must request transcripts to be sent directly to the University from all colleges and universities previously attended, even if no course work was completed. If transferring with fewer than 60 transferable semester (90 quarter) units completed, the high school transcript and official test scores (for applicants with a final calculated high school grade point average of less than 3.00) must also be sent. Transcripts from within the U.S. must be sent once you are admitted and must be received by the Document Deadline indicated in the letter offering admission to avoid registration delays and to prevent the offer of admission from being rescinded, and in enrolled, being dropped from all courses. Documents from outside the U.S. must be sent prior to an offer of admission and received at least 60 days before the first day of the term to which the applicant applies.

The Document Deadlines for Fall and Spring quarters are July 15 and February 15, respectively. The Document Deadline for Winter and Summer quarters are February 1 and July 1, respectively. All transcripts become University property and will not be released or copied, except for students who request that their application be redirected to another CSU campus. Transcripts are retained one year for applicants who do not enroll in the quarter of application or who send transcripts but do not file and application. Official transcripts are documents issued no longer than two years ago, and received in an envelope sealed by the issuing institution. For initial advisement purposes, students are recommended to bring their own set of transcripts.

**Impacted programs**
The CSU designates programs as impacted when more applications from minimally CSU eligible students are received in the initial filing period (October and November for fall terms, June for winter terms, August for spring terms, February for summer terms) than can be accommodated. Some programs are impacted at every campus where they are offered; others are impacted only at some campuses. Candidates for admission must meet supplementary admission criteria if applying to an impacted program.

The CSU will announce during the fall filing period those programs that are impacted and the supplementary criteria campuses will use. Detailed impaction information is available at [http://www.calstate.edu/AR/impactioninfo.shtml](http://www.calstate.edu/AR/impactioninfo.shtml) and via [www.csumentor.edu](http://www.csumentor.edu). That announcement will also be published in the CSU Review distributed to high school and college counselors, and made available online at [http://www.calstate.edu/AR/csureview](http://www.calstate.edu/AR/csureview). Information about the supplementary criteria is also provided to program applicants.

Applicants must file applications for admission to an impacted program during the initial filing period. Applicants who wish to be considered in impacted programs at more than one campus should file an application at each campus for which they seek admissions consideration.

**Supplementary Admission Criteria**
Each campus with impacted programs uses supplementary admission criteria in screening applicants. Supplementary criteria may include ranking on the freshman eligibility index, the overall transfer grade point average, completion of specified prerequisite courses, and a combination of campus-developed criteria. Applicants are required to submit scores on either the SAT or the ACT. For fall admission, applicants should take tests as early as possible and no later than October of the preceding year.

The supplementary admission criteria used by the individual campuses to screen applicants appear periodically in the CSU Review and are made available by the campuses to all applicants seeking admission to an impacted program. Details regarding the supplemental admissions criteria are also provided at [http://www.calstate.edu/AR/impactioninfo.shtml](http://www.calstate.edu/AR/impactioninfo.shtml).

**Hardship Petitions**
The campus has established procedures for consideration of qualified applicants who would be faced with extreme hardship if not admitted. Petitioners should write the campus Admissions Office about specific policies governing hardship admission.

**Reapplication After Failure to Enroll**
Applicants who fail to register for the quarter for which they have been accepted will have their admission canceled. Those who desire admission to any future quarter must file another application with fee) within the stated application period and must meet admission requirements in effect at the time of the new application.

All transcripts on file for applicants who are admitted but do not attend are kept one year and may be used for admission during that period. However, transcripts of any additional work completed since the original transcripts were filed must be requested by the applicant from the college(s) attended as part of the new application procedure.

**Readmission**
Students who are absent without prior approval for any three of the four consecutive quarters before the quarter they wish to return must apply for readmission. The $55 application fee is charged except for students who were enrolled during any of the three quarters immediately preceding the quarter of desired readmission. An application with fee also must be filed by any student who enrolls at another institution during an absence, with the following exceptions: a summer session or extension program; dual registration, with prior approval; or concurrent or visitor enrollment at another CSU campus. Students who were disqualified from Cal State L.A. following the last quarter of attendance must file an application for admission as returning disqualified students. For details see Readmission of Disqualified Students below.

**Returning Veterans (Military, Alternative Service)**
Cal State L.A. students who enter active U.S. military service or approved alternative service are eligible for continuing student status following active service. Time served in active military or approved alternative service, including the entire quarter in which the student entered the service and the entire quarter during which the discharge occurred, will not be counted as a break in attendance in determining continuing student status.

**Readmission of Disqualified Students**
Readmission after disqualification is not automatic. Disqualified students will not be considered for readmission until at least two quarters have elapsed. Normally, students will be eligible for readmission when they have satisfied conditions and requirements established during an exit interview. Basic readmission regulations indicate the following: no senior level student (135+ units completed) will be readmitted if their Cal State L.A. or cumulative grade point average reaches <1.95; no junior level student (90-134 units completed) will be readmitted if their Cal State L.A. or cumulative grade point average reaches <1.85; no sophomore level student (45-89 units completed) will be readmitted if their final calculated grade point average reaches <1.70.
units completed) will be readmitted if their Cal State L.A. or cumulative grade point average reaches <1.85; no freshman level student (0-44 units completed) will be readmitted if their Cal State L.A. or cumulative grade point average reaches <1.50. Units earned elsewhere while under disqualification can be used to reduce the total grade point deficiency, but not the Cal State L.A. deficiency (which must be removed after readmission).

Before the appropriate deadline, disqualified students must file an application for readmission as returning disqualified students. In addition, they must seek readmission through a petition to the department or division and college from which they were disqualified. The University Academic Advisement Center will rule on petitions for readmission of disqualified students with undeclared majors. Petitions for Readmission from Disqualification may be obtained from department or division offices and applications for readmission are available online at www.csumentor.edu. Official transcripts of all transfer work attempted since disqualification must be furnished.

**Readmission Appeals Procedure**

Students who have not met requirements established at the time of the exit interview will be ineligible for readmission and will be so notified by the University Admissions Office. Students may appeal this decision by submitting a petition to the dean of their college or to the University Academic Advisement Center if they have not declared a major.

**Evaluation of Transfer Credit**

Undergraduate transfer students’ previous college work is evaluated in terms of its relevance to Cal State L.A. course offerings and degree requirements. The transfer credit evaluation is prepared for all new transfer and readmitted students by their second quarter of attendance. This evaluation identifies general education and graduation course requirements met by transfer courses and transfer credit accepted in satisfaction of unit requirements. For readmitted students, it also identifies general education and major requirements met by Cal State L.A. courses. The policies of the transfer institution(s) are followed when grade point averages of transfer course work are computed. If such policies cannot be determined, Cal State L.A. policies are followed. Credit for selected vocational/technical courses not generally accepted for transfer credit may be recognized after admission if approved by the Cal State L.A. academic department or division responsible for the related degree program.

**Quarter Units/Quarter System**

Credits at Cal State L.A. are expressed in quarter units; one quarter unit normally represents no fewer than one hour of class work and two or more hours of outside study per week for one quarter. One and one-half quarter units are equivalent to one semester unit, and one quarter unit is equivalent to two-thirds of a semester unit of credit.

**Credit for Community College Course Work**

A maximum of 105-quarter units (70 semester units) earned in a Community College will be allowed towards the units required for graduation. Neither upper division credit nor credit for professional education courses is allowed for community college work.

**California Articulation Number (CAN)**

Cal State L.A. participates in the California Articulation Number System. CAN is a comprehensive system that uses a common number to equate some introductory, transferable, lower division courses commonly taught in the various academic disciplines at an increasing number of California community colleges and four-year campuses. The system ensures that students who complete CAN courses at a participating campus will receive credit "in lieu of" comparable CAN courses at other participating campuses.

For example, CAN ECON 2 (Cal State L.A.'s ECON 202) completed at one campus is acceptable for CAN ECON 2 at other participating campuses. The campuses retain their own numbering systems. CAN course designators are found at the end of each course description in the campuses' general catalogs. Cal State L.A.'s approved courses are so identified and are also listed below. For additional information, contact the Office of Undergraduate Studies, Administration 725, (323) 343-3830.

**Credit for Extension, Correspondence Courses**

The maximum amount of credit for correspondence and extension courses that may be applied toward the baccalaureate is 36 quarter (24 semester) units. Extension and correspondence course credit does not satisfy Cal State L.A. residence requirements. Students should consult their major department or division advisor before they enroll in extension or correspondence courses to ensure that courses elected will meet both unit and content requirements for the degree.

No undergraduate degree credit will be allowed for University of California extension courses in the X300 or X400 series taken after Spring Quarter 1988, except as specifically approved by the individual department or division concerned.
Credit for Supplementary Transfer Work
To request evaluation of credit toward a bachelor’s degree for work taken at other colleges or universities subsequent to matriculation at Cal State L.A., students must have official transcripts forwarded to the Admissions Office.

Credit for Non-collegiate Instruction
Cal State L.A. grants undergraduate degree credit for successful completion of non-collegiate instruction, either military or civilian, appropriate to the baccalaureate degree if such credit has been recommended by the Commission on Educational Credit and Credentials of the American Council on Education. The number of units allowed are those recommended in the Guide to the Evaluation of Educational Experience in the Armed Services and the National Guide to Educational Credit for Training Programs.

Credit for Military Service
Students are granted nine quarter units of lower division elective credit, upon admission, for one year or more of regular active duty in a U.S. military service with an Honorable Discharge, including completion of basic or recruit training. For six months to one full year of military service, including completion of a six-month reserve training program with basic recruit training, and an Honorable Discharge, 4.5-quarter units of lower division elective credit are granted upon admission. Additional credit to a maximum of 12 quarter units may be granted for completion of certain service school certificate programs, based on recommendations of the Commission on Educational Credit and Credentials of the American Council on Education.

Students should submit a copy of their military separation, DD214 or equivalent record, at the time of application for admission. Information on how to request an evaluation of military service school credit can be obtained at www.acenet.edu, the American Council on Education homepage. Military service credit is not applied toward the residence requirement.

Credit Certified by the Defense Activities in Nontraditional Education Support (DANTES)
A maximum of 36 quarter units of baccalaureate course credit may be earned for course work certified by the Defense Activities in Nontraditional Education Support (DANTES). Students must have an official DANTES transcript forwarded to the Office of University Admissions.

Credit for Peace Corps Training
Peace Corps volunteers who completed their training at Cal State L.A. may earn a maximum of 1½ quarter units for each week of the training program. The number of units and the area in which the units are given varies with each project. Grades are recorded as Credit (CR).

Credit for work taken at another institution while in Peace Corps training will be granted by Cal State L.A., but only as it appears on an official transcript from another college or university. The credit will be validated when the volunteer becomes a student at Cal State L.A. or another institution of higher education.

Evaluation of Optional Undergraduate Tests and Examinations
Cal State L.A. grants undergraduate degree credit to students who pass examinations that have been approved for credit systemwide. These include Advanced Placement Examinations, the CSU English Equivalency Examination, and some CLEP examinations, as outlined below. The total credit earned in external examinations that may be applied to a baccalaureate shall not exceed 45-quarter units, exclusive of credit for Advanced Placement examinations.

Advanced Placement Credit
Cal State L.A. grants credit toward its undergraduate degrees for successful completion of examinations of the Advanced Placement Program of the College Board. Students who present scores of 3 or better are granted 9 quarter units (6 semester units) of elective credit for each examination. The appropriate academic department/division/school determines acceptance of Advanced Placement units for purposes other than electives. Advanced Placement credit will be awarded for students who have had their College Board Grade Report for the Advanced Placement exam sent to Cal State L.A. and have completed one quarter of attendance. Credit is not awarded for any examinations that overlap other examinations or equivalent college courses. Where partial overlap exists, the amount of credit awarded will be appropriately prorated.

Information about Advanced Placement examinations is available at the applicant’s high school. Supporting test materials are sent to the college or university indicated by the student when the examinations are taken.

No credit for any examination will be forwarded to a student who has taken the examination previously within the past year; earned equivalent credit through regular course work, credit by another examination, or other instructional processes, such as correspondence study or military training; or earned credit previously in a course or by an examination more advanced than the level represented by the examination in question.

Following is a list of AP examinations for which the University grants credit:

### Transfer of Credit Earned by Examination
Credit earned by examination at another accredited institution is accepted upon transfer if the units have been accepted by the previous institution as equivalent to specific courses and are not in violation of any other regulation.

### College Level Examination Program (CLEP)
Credit is awarded for successful performance in certain examinations of the College Level Examination Program. Four quarter units may be earned in any of the following examinations, with passing scores as indicated.

### Name of Examination Minimum Passing Score
- College Algebra-Trigonometry ............................................49
- Calculus with Elementary Functions ....................................51
- General Chemistry ..........................................................48
- CEEB Advanced Placement Program Examinations ....3, 4, 5
Credit for one examination in mathematics may be applied to the mathematics requirement of the general education program. Credit for additional examinations is allocated to electives; acceptance for major, minor, or prerequisite use is granted on approval of the appropriate academic department or division.

American Chemical Society Examination
Students may earn four quarter units of credit by achieving a score at the 50th or higher percentile on the General Chemistry examination offered as part of the American Chemical Society Cooperative Examination Program.

Graduate and Postbaccalaureate Admission Requirements

Desirable Student Qualifications
To gain maximum benefit from postbaccalaureate or graduate study, students should possess the following:

* Sufficient knowledge and understanding of their chosen field of study to pursue it effectively at an advanced level.
* Basic techniques, skills, and methods necessary for research investigation and other practical applications of knowledge.
* Sufficient maturity and intellectual curiosity to pursue independent study and learning beyond regular assignments.
* Achievements, aptitudes, and abilities at superior levels to ensure scholarly performance considerably above the average.

Responsibility of the Student
Responsibility of the Student for meeting all requirements and following all procedures by the published deadlines rests with the student. In extraordinary circumstances, exceptions to requirements for graduate study established by departments/divisions, colleges, and the university may be granted.

Admission Requirements
Graduate and postbaccalaureate applicants may apply for a degree objective, a credential or certificate objective, or may have no program objective. Depending on the objective, the CSU will consider an application for admission as follows:

General Requirements
The minimum requirements for admission to graduate and postbaccalaureate studies at a California State University campus are in accordance with University regulations as well as Title 5, Chapter 1, Subchapter 3, of the California Code of Regulations. Specifically, a student shall at the time of enrollment:

1.) have completed a four-year college course of study and hold an acceptable baccalaureate from an institution accredited by a regional accrediting association, or have completed equivalent academic preparation as determined by the appropriate campus authorities.
2.) be in good academic standing at the last college or university attended.
3.) have attained a grade point average of at least 2.5 (A=4.0) in the last 60 semester (90 quarter) units attempted; and
4.) satisfactorily meet the professional, personal, scholastic, and other standards for graduate study, including qualifying examinations, as appropriate campus authorities may prescribe. In unusual circumstances, a campus may make exceptions to these criteria.

Graduate Conditionally Classified
Applicants are eligible for admission as postbaccalaureate unclassified students. By meeting the general requirements, applicants are eligible for admission as postbaccalaureate unclassified students. Some departments may restrict enrollment of unclassified students because of heavy enrollment pressure. Admission in this status does not constitute admission to, or assurance of consideration for admission to, any graduate degree or credential program; or

Postbaccalaureate Classified
E.g. admission to an education credential program – Persons wishing to enroll in a credential or certificate program, will be required to satisfy additional professional, personal, scholastic, and other standards, including qualifying examinations, prescribed by the campus; or

Graduate Classified
To pursue a graduate degree, applicants are required to fulfill all of the professional, personal, scholastic, and other standards, including qualifying examinations, prescribed by the campus.

Admission to a California State University campus with conditionally classified standing does not constitute full admission to graduate degree curricula. Also, individual colleges and departments or divisions may have additional requirements which students must fulfill before they may be fully accepted into degree, credential, and certificate programs at Cal State L.A.

Most applicants are initially admitted to Cal State L.A. in conditionally classified standing. Those who meet all requirements for any other category may achieve such standing before their first quarter of enrollment. Applicants not regularly admissible may petition for admission by special action as described later in this chapter.

American Chemical Society Examination
Students may earn four quarter units of credit by achieving a score at the 50th or higher percentile on the General Chemistry examination offered as part of the American Chemical Society Cooperative Examination Program.

Special Action Admissions
In unusual circumstances, a campus may make exceptions to admission criteria and grant admission by special action. For special action admission, applicants who were in good standing at the last college attended, but who do not meet the mandated admission requirements may petition for admission by special action as described later in this chapter.
action if acceptable alternative evidence exists that they possess sufficient academic, professional, and other potential pertinent to their proposed graduate objective. Special action admission may be granted by the appropriate college graduate dean upon recommendation of both the proposed major department or division and college graduate studies committee for any of the following three reasons:

1. **Applicants Who Lack Minimum Required Grade Point Average**
   Students admitted by special action to pursue a master’s degree program will be admitted to conditionally classified graduate status and must complete specific prerequisites and a minimum of 14 units of qualifying courses specified by the major department or division and college graduate dean with a minimum B (3.0 on a scale in which A = 4.0) grade point average, as specified under Requirements for Classified Graduate Standing later in this chapter. Students admitted to pursue a nondegree program (e.g., credential, certificate) must complete special requirements as designated by the major department or division and college graduate dean.

2. **Graduates of Unaccredited Institutions**
   A degree from an unaccredited college is not recognized for admission in graduate standing. Graduates of such institutions may be admitted in undergraduate standing if course work completed is deemed acceptable and meets undergraduate admission requirements, and may be granted postbaccalaureate or graduate standing upon satisfaction of the following conditions:
   - Meet the minimum University, college, and department or division requirements for admission to classified graduate standing in a degree program.
   - Complete a minimum of four upper division courses (at least 14 quarter units), specified in advance by the proposed major department or division, with a grade point average of at least B (3.0). These courses may not be 500 level. Upon recommendation of the department/division/school and the college graduate dean, 400-level qualifying courses may be applied to the master’s degree program.
   - Receive the written recommendation of the department or division in which the degree is sought and of the appropriate college graduate dean.
   - An applicant with a bachelor’s degree from an unaccredited institution and a master’s degree from an accredited institution may be admitted as a regular postbaccalaureate or graduate student, assuming that all other requirements have been met and that appropriate approvals have occurred.

3. **Graduates of Specialized or Professional Schools**
   Graduates of specialized or professional schools that are professionally accredited are admitted in conditionally classified graduate status. They may be granted classified graduate standing by satisfying the following conditions:
   - Meet the minimum University, college, and department or division requirements for admission to classified graduate standing in a degree program.
   - Complete a minimum of four upper division qualifying courses (at least 14 quarter units), specified in advance by the proposed major department or division, with a grade point average of at least B (3.0). After they have completed their faculty-approved list of qualifying courses, students may not add any additional courses, nor may they repeat any of the qualifying courses, to raise their grade point average.
   - Receive the written recommendation of the department or division in which the degree is sought and of the appropriate College graduate dean.

**International (Foreign) Student Admission Requirements**

The CSU must assess the academic preparation of foreign students. For this purpose, “foreign students” include those who hold U.S. temporary visas as students, exchange visitors, or in other nonimmigrant classifications.

The CSU uses separate requirements and application filing dates in the admission of “foreign students.” Verification of English proficiency (see the section on TOEFL Requirement for undergraduate applicants), financial resources, and academic performance are each important considerations for admission. Academic records from foreign institutions must be on file at least [insert campus deadline for document submission] for the first term and, if not in English, must be accompanied by certified English translations.

Priority in admission is given to residents of California. There is little likelihood of nonresident applicants, including international students, being admitted either to impacted majors or to those majors or programs with limited openings.

For admission in postbaccalaureate or graduate standing, foreign applicants must fulfill the following minimum requirements:
   - Have completed a four-year college course of study and hold an acceptable baccalaureate, or its equivalent, from an accredited institution.
   - Have a minimum 2.5 grade point average (A=4.0) in the last 90 attempted quarter units equal to that required for admission to classified graduate standing. (The entire quarter or semester in which the 90 quarter [60 semester] units began will be used in this calculation.)
   - Have approval of the academic department or division that offers the desired degree program.

International students should contact International Programs and Services for information about housing, financial assistance, and related matters.
Graduate and Postbaccalaureate Applications Procedures

All graduate and postbaccalaureate applicants (e.g., joint PhD and EdD applicants, master's degree applicants, those seeking educational credentials, and holders of baccalaureate degrees interested in taking courses for personal or professional growth) must file a complete graduate application as described in the graduate and postbaccalaureate admission materials at www.csumentor.edu. Applicants seeking a second bachelor's degree should submit the undergraduate application for admission. Applicants who completed undergraduate degree requirements and graduated the preceding term are also required to complete and submit an application and the $55 nonrefundable application fee. Since applicants for postbaccalaureate programs may be limited to the choice of a single campus on each application, re-routing to alternate campuses or later changes of campus choice are not guaranteed. To be assured of initial consideration by more than one campus, it is necessary to submit separate applications (including fees) to each. Applications submitted by way of www.csumentor.edu are preferable. An electronic version of the CSU graduate application is available on the World Wide Web at http://www.csumentor.edu. Application forms may also be obtained from the Graduate Studies Office or the Admissions Office of any California State University campus.

The CSU uses separate requirements and application filing dates in the admission of international (visa) students. For these purposes, international (visa) students are residents of a country other than the United States or who hold visas as students, exchange visitors, or other nonimmigrant classifications.

Some academic departments/divisions require applications to their respective graduate programs in addition to the University admission application and may have earlier deadlines than the University admission application deadline. Applicants should contact individual departments/divisions for further information or refer to individual programs later in this catalog.

Students accepted at Cal State L.A. for postbaccalaureate or graduate study must enroll in the quarter for which application was made. Applicants who do not register for the quarter for which they have been accepted will have their admission canceled; see “Reapplication After Failure to Enroll” earlier in this chapter. The application fee may not be transferred or used to apply to another term.

### Filing Period Duration

Each non-impacted campus accepts applications until capacities are reached. Many campuses limit undergraduate admission in an enrollment category due to overall enrollment limits. If applying after the initial filing period, consult the campus admission office for current information. Similar information is conveniently available at http://www.csumentor.edu/filing_status/Default.asp

### Application filing periods for International (Visa) Applicants

Application filing periods for international (visa) applicants differ from those for domestic applicants because of additional time required in evaluating records and preparing necessary documents for the Bureau of Citizenship and Immigration Services (BCIS). The filing periods are established as follows:

- Quarter ............................ Application Filing Period
- Fall Quarter ...........................................October 1–30
- Winter Quarter ...........................................June 1–30
- Spring Quarter ................................. August 1–31

The Admissions Officer may waive this advance application requirement if circumstances warrant. In addition to the academic requirements outlined below, international students
must have competence in the English language, financial resources adequate to provide for all expenses during their period of study at Cal State L.A., and must be in good health.

**Application Acknowledgment**

On-time applicants may expect to receive an acknowledgment from their first choice campus within one to two weeks of filing the application. The notice may also include a request that additional records be submitted necessary for the campus to evaluate academic qualifications. Applicants may be assured of admission if the evaluation of relevant qualifications indicates that applicants meet CSU admission requirements and campus requirements for admission to an impacted program. An offer of admission is not transferable to another term or to another campus.

**Transcript Requirements**

Applicants with either a degree or credential objective must request that two copies of official transcripts be sent directly to the University from all colleges and universities previously attended, even if no course work was completed. Transcripts from within the U.S. must be received at least 30 days before the first day of the term to which the applicant applies. Documents from outside the U.S. must be received at least 60 days before the first day of the term to which the applicant applies. Processing of applications cannot be guaranteed unless all required documents are received during the designated application period.

All transcripts become University property and will not be released or copied except for students that request that their application be redirected to another CSU campus. Transcripts are retained for one year for applicants who do not enroll in the quarter of application or who send transcripts but do not file an application.

Official transcripts are documents issued no longer than two years ago, and received in an envelope sealed by the issuing institution. For initial advisement purposes, students are recommended to bring their own set of transcripts.

**Graduate-Postbaccalaureate (TOEFL) Requirement**

All graduate and postbaccalaureate applicants, regardless of citizenship, whose native language is not English and whose preparatory education was principally in a language other than English must demonstrate competence in English. Those who do not possess a bachelor’s degree from a postsecondary institution where English is the principal language of instruction must receive a minimum score of 550 on the paper-based Test of English as a Foreign Language (TOEFL), 213 on the computer-based TOEFL, 79 internet-based TOEFL. Some programs require a higher score. Those who plan to pursue an M.A. degree in Teaching English to Speakers of Other Languages (TESOL) must achieve a minimum TOEFL score of 600 on the paper-based test, 250 on the computer-based test, 100 internet-based TOEFL.

In exceptional cases, the Director of University Admissions may waive the TOEFL score requirement if recommended by the applicant’s proposed major department or division and the college graduate dean. Variation from the minimum TOEFL score will be considered only for applicants with a B (3.0) grade point average as evaluated by the University Admissions Office and whose TOEFL score is not more than ten points below 550 on the paper-based test, 6 points below 213 on the computer-based test, or 3 points below 79 on the internet-based test. This consideration does not apply to applicants who are pursuing a M.A. degree in Teaching English to Speakers of Other Languages (TESOL).

Some CSU campuses may use alternative methods for assessing fluency in English.

To obtain TOEFL registration materials, locations and test dates, write to:

**Educational Testing Service**

P. O. Box 6154
Princeton, New Jersey 08541-6151

[www.toefl.org](http://www.toefl.org)

You also may contact the U.S. embassy in your country for TOEFL information. Request that your TOEFL test results be sent directly to California State University, Los Angeles (institution code 4399).

Students are required to show a valid Cal State L.A. Student I.D. to receive career services. Cal State L.A. graduates are entitled to an additional quarter of free access to Career Center services. After that, an Alumni Card must be shown in order to receive career services.

Career Counseling

Choosing an academic major and investigating career options (including graduate programs and professional schools) are important career planning steps. Integrating all of the details of a job search is an important career placement procedure. Professional career counselors are available by appointment and on a limited walk-in basis for individual consultation about these issues.

UNIV 298

UNIV 298, Introduction to Cooperative Education, is a 2-unit course (graded CR/NC) that is offered in conjunction with Cooperative Education. UNIV 298 assists students with relating their major to careers and developing and preparing for work opportunities directly related to their major. This interactive class helps students develop their full potential and provides career planning tools to translate academic training into a satisfying career. UNIV 298 is offered each quarter, and students can register through STAR or GET.

Workshops

A variety of workshops is offered to assist students in their career planning and job search. Workshops address such topics as choosing a major, interview techniques, resumé writing, and job search strategies. A workshop schedule may be obtained through the Career Center Website or by visiting the Career Center at the beginning of each quarter.

Career Development Resources

Career Assessment Instruments

The Strong Interest Inventory (SII) and the Myers-Briggs Type Indicator (MBTI) are offered by individual appointment. A small fee is charged for each instrument.

Computer-Assisted Guidance

CHOICES

This computer-assisted career assessment program focuses on interests, experiences, and work-related values. It provides job titles, descriptions, employment outlook information, and information about colleges and universities across the U.S.

WinWay Resume is a program that automates the entire resume writing process, from overall format to job specific content.

Perfect Interview is an interactive program that provides mock interviews. A webcam records student responses to an interviewer’s questions. Students can view their responses and see a pre-recorded sample of an expert response.

Career Resource Library

The Center maintains a comprehensive collection of books, directories, binders, and videos on the following topics:

- Academic majors and careers
- Interviewing techniques, resume and cover letter writing, job search strategies.
- Salary surveys and labor statistics.
- Job search books for special populations.
- Graduate and professional programs
- Company profiles
- Civil service positions

The library also features computers for students to use for career-related purposes.

Student Employment

Student Employment offers a valuable service for students who seek part-time employment. There are two types of programs on campus:

Student Assistant:

Students are employed to assist faculty and staff on a part-time basis, maximum of 20 hours per week, in many offices of the University. Students may consult the Student Employment Unit for information.

Federal Work-Study (FWS) Program:

The Federal Work-Study program is intended to increase part-time employment opportunities and to assist financially-eligible students. Determination of eligibility for FWS awards is made by the Center for Student Financial Aid, Student Affairs 124. Job openings are listed on display boards in the Career Center and online.

Off-Campus Federal Work-Study:

Off-Campus employment through the Federal Work-Study program offers an exciting work experience that combines paid community service with active learning, for qualified students. Current openings are listed online and in the Career Center.
Other Programs

Job Referral:
Through the Job Referral program, a wide range of vacancies in business, industry, civil service, and education is made available to the campus community. Job vacancies are accessible online and are also listed in the Career Center daily.

Internships/Cooperative Education:
Internships may be paid or unpaid and offer students hands-on experience in their major discipline. Cooperative Education positions are internships that enable students, with department/division approval, to earn elective credit toward an academic major or minor. Current listings are available in the Career Center.

On-Campus Interviews
The Career Center coordinates interviews for seniors and recent graduates with representatives of business, industry, education and government agencies. Interviews for entry level career positions take place in the Career Center in the fall and spring.

Career/Job Fairs
Each year, more than 200 employers visit the campus during the fall and spring quarters to participate in the Career/Job Fairs. The representatives are interested in students from a variety of majors and a wide range of experiences.

The Teacher Job Fair, a career and interview fair for teaching credential students, is held each March.

Alumni Program
Any person who joins the CSULA Alumni Association is entitled to use most Career Center services. An annual fee is charged for membership. Services include:

- Job listings in the Career Center and online
- Use of the Career Resource Library
- Individual appointments with a career counselor
- Participation in workshops and career information programs
- Use of computer-assisted programs
- Participation in on-campus interviews, limited to a space-available basis (Cal State L.A. graduates only)
- Attendance at all Career/Job Fairs

Center for Student Financial Aid
The Center for Student Financial Aid, located in Student Affairs 124, assists students find resources to finance their education at Cal State L.A. The center administers a variety of federal and state grants, scholarships, work, and loan programs. The center is open Monday through Thursday between 8:00 a.m. and 6:00 p.m., and Friday between 8:00 a.m. and 5:00 p.m.

To apply for financial assistance, students must submit a Free Application for Federal Student Aid (FAFSA) to the Department of Education processing center. Information submitted is evaluated to determine financial aid eligibility. Students is encouraged to apply online at www.fafsa.ed.gov or may obtain this form at the Center for Student Financial Aid, at any college financial aid office, in high school guidance offices, and local libraries. Applicants are notified by email or mail about their eligibility for financial aid.

Financial Aid Programs
Students who submit a completed FAFSA are considered for the following types of financial aid:

Grants
Federal, state, or institutional funds that do not have to be repaid.

Loans
Federally-guaranteed student loans with low interest rates that students must begin repaying six months after they graduate or drop below half-time status.

Employment
On and off-campus student work opportunities offered by the Federal Work-Study Program. The Career Development Center assists in job placement.

Need Analysis and Eligibility
Aid eligibility is determined from information submitted on the FAFSA. A Federally mandated formula is used to determine the expected family contribution from students and their families. The difference between the cost of education and the expected family contribution constitutes financial need.

Summer Funding
Financial aid (grants, loans and work-study) is available to eligible students for Summer Quarter attendance.

To learn more about financial aid at Cal State L.A., visit the Website: www.calstatela.edu/univ/finaid.

Scholarships
There are over 300 scholarships available to students who are currently attending Cal State L.A. Available scholarships have a wide variety of criteria, and many are for new and continuing undergraduate, graduate and certificate students enrolled with the University. Scholarships are based on such criteria as academic major, academic achievement, campus and/or community participation, financial need, or a variety of other purposes. Some scholarships will provide funding for student fees; others will support the cost of books, transportation and living expenses. The President’s Scholars Program offers special renewable scholarships to new high achieving students.

Students who wish to be considered for all institutional scholarships for which they are qualified should file one (1) General Scholarship Application and have one (1) letter of recommendation. The application and letter should be submitted to the Center for Student Financial Aid, Student Affairs 124. The submission deadline for new students is in March. The deadline for continuing students is in April.

For criteria and up-to-date scholarship listings, go to http://www.calstatela.edu/univ/finaid/on_campus.htm
President's Scholars Program

Becoming a President's Scholar is the highest honor that an incoming freshman can earn upon entering Cal State L.A. and is the most prestigious award offered by the University. Recipients receive $5,000 annually for a maximum of four years based on continuous full-time enrollment and academic performance.

Besides the scholarship, President's Scholars receive free on-campus parking, free admission to on-campus cultural and athletic events, priority registration, membership in the General Education Honors Program and an annual reception with the University President.

Applicants for the President's Scholars Program must be entering freshmen who are California residents. The minimum grade point average for consideration is 3.75 and the minimum SAT I score is 1200. (ACT minimum is 27.)

Applicants are required to file a President's Scholars application. The complete application includes a high school transcript, a personal statement and a letter of recommendation from the high school principal. For further information contact the Office of the Special Assistant for Student Affairs at (323) 343-3131.

New Student Orientation Programs

All undergraduate students enrolling for the first time at Cal State L.A. are required to attend an orientation to the University prior to registering for classes for their first quarter of attendance. Orientation programs are planned to introduce new undergraduate and graduate students to Cal State L.A. The programs are held shortly before new student registration; the dates appear in the Schedule of Classes each quarter. Participating students are welcomed by campus administrators and student leaders, given valuable information by faculty advisors, invited to participate in small group sessions with trained student orientation leaders, and assisted in registering for classes. More information is available by calling (323) 343-3195, or at the University Orientation Website: www.calstatela.edu/univ/stuaffrs/orientation

Educational Participation in Communities (EPIC)

EPIC is the University's community service learning center. EPIC encourages Cal State L.A. students to become involved in off-campus community service and works with faculty to support service learning courses. Students can gain valuable experience and personal development through a wide range of service opportunities and can also receive academic credit for volunteer service by enrolling in Community Service 395, a course offered by several departments. EPIC also coordinates other community service initiative such as the America Reade/America Counts tutorial program and the annual Toy and Food Drive. For further information contact EPIC in the lower level of the Career Center or call (323) 343-3360.

Early Entrance Program (EEP)

Cal State L.A.'s Early Entrance Program (EEP) serves highly gifted students between the ages of 11 and 15 and a half, who need the academic challenges of university coursework to develop intellectually. The EEP provides the opportunity for these highly gifted students to begin their college studies early at CSULA and offers them support, guidance, counseling, and a social environment necessary to prepare them for success at the university level. EEP students are recruited through the biannual Search for Exceptional Academic Achievement (SEAA), utilizing the Washington Pre-College Test (WPCT). Top scoring students are eligible to apply to EEP and must complete a series of assessments including interviews with the Director and staff and successful completion of a provisional summer quarter of study. Some qualities of potential students should include, but are not limited to, maturity, motivation and need for academic acceleration.

A limited number of students are then admitted to the EEP after recommendation by the Faculty Admission Committee and final approval of the Vice President for Student Affairs. Regular meetings with EEP staff, participation in scheduled activities and enrollment as a full-time, degree-seeking undergraduate is required. EEP students are responsible for tuition identical to other CSU students and are eligible for financial aid and scholarship assistance. Upon admission, EEP students are required to participate in the University's General Education Honors Program. For further information please contact the EEP Office at (323) 343-2287, Fax (323) 343-5575 or visit www.calstatela.edu/academic/EEP.

Student Support Program

The Student Support Program (SSP) is designed to help low-income, first generation, or disabled students. SSP provides 1-unit study groups and 4-unit courses in reading and study skills. Each of these groups and courses are linked to a general education course, or remedial math or English course. Counseling and advocacy for the needs of these students is also provided. SSP is located in the Library, Palmer Wing 1040C, (323) 343-3965

University Testing Center

The University Testing Center provides testing services and assistance important for incoming and continuing Cal State LA students. Services range from administering standardized state, national, and professional examinations, to offering departmental placement exams in Math, Chemistry and Nursing.

Some of the exams administered by the Center include the American College Test (ACT), Scholastic Aptitude Test (SAT), Writing Proficiency Examination (WPE), Graduate Record Exam (GRE), and the Medical College Admissions Test (MCAT). All incoming undergraduates who are required to take the English Placement Test (EPT) and Entry Level Mathematics (ELM) test after admission may register for the testing dates available at the Testing Center or on the university website at www.calstatela.edu/centers/testctr. The Center also has information bulletins available for students on many national and local testing programs.

The Testing Center provides students with information specific to university registration holds related to the EPT, ELM and the WPE. The Testing Center is the office responsible for enforcing registration holds for students who are out of compliance with these requirements. Students who have a current EPT, ELM or WPE hold should contact the University Testing Center for information and assistance. The University Testing Center is located in the JFK Library, Palmer Wing, Room 2098. For more information, please call (323) 343-3160.
University Learning Services

Academic Advisement Center
The University Academic Advisement Center, located in the Library, Palmer Wing 1040A, provides academic advisement and other related services for undergraduate students who have not declared a major. Special attention is given to general education, introduction to higher education courses (UNIV 101 and UNIV 301), electives, and selection of an academic major. Walk-in requests are honored, depending on staff availability, but students are encouraged to make an appointment by calling the center at (323) 343-3150.

University Tutorial Center
The University Tutorial Center, located in the Library, Palmer Wing 1039, offers individual and group tutoring for many general education and other undergraduate courses. Trained peer tutors guide and assist students to develop content area knowledge and skills.

The University Tutorial Center also offers study skills workshops that cover such topics as time management, note-taking, textbook reading, and test-taking to guide and assist students to become confident, effective, independent learners. For more information, call (323) 343-3971.

University Writing Center
The University Writing Center (UWC), located in the Library, Palmer Wing 2097, provides individual and group tutoring, writing workshops, and other services to meet the writing needs of undergraduate and graduate Cal State L.A. students. Writing tutors are trained to provide constructive feedback and to assist students in recognizing and overcoming their writing problems. Tutors help students to plan, revise, and find patterns of error within their essays. Writing workshops are offered on a variety of topics such as Organizing your Essay, Research Writing, and Timed Essay Writing.

The Center also provides Writing Proficiency Examination (WPE) services for students, including orientation meetings, WPE preparation workshops, and tutoring. WPE consultants are available to meet with students who have previously taken the WPE, but have not passed. Consultants will review the students’ exam essays and provide strategies and recommendations. Students with a WPE-related registration hold should call the Writing Center for information about a WPE contract.

The Center offers Conversation Groups for students whose first language is not English. These casual conversation groups meet at various times throughout the week, are staffed by UWC tutors, and provide students with an excellent opportunity to practice their English conversation skills in an informal setting.

Computers are available to students who use the services of the UWC. However, all students must have a campus NIS account to access any computer station.

The University Writing Center is open to all Cal State L.A. students. For more information or to schedule an appointment, call (323) 343-5350 or visit our Website at http://www.calstatela.edu/centers/write_cn/.

Student Health Services

Medical Services
The Student Health Center (SHC) offers a full array of medical services including general medicine, family planning, physical examinations, pharmacy, x-ray, laboratory, health education, dental care, chiropractic, and optometry. Many services are offered without charge. The SHC also provides immunizations such as those required for admission to Cal State L.A. The center is open Monday–Friday. For more information or to make an appointment, call (323) 343-3300.

Students who have a severe illness that requires hospitalization are referred to private or community facilities. Because on-campus services may not meet students’ year-round health needs, enrollment in a program of supplemental health insurance is recommended. Information about the campus-sponsored program is available at the Student Health Center.

Personal Counseling
The Counseling Center in the SHC provides individual and group counseling for concerns such as depression, personal adjustment, relationship issues, coping with stress, and clarifying goals. Counseling can help students make the most of their education by fostering personal growth and mental health. The center is a place where individuals can explore their feelings, values, and concerns with a trained professional in an atmosphere of understanding and confidentiality. Students can make appointments by calling (323) 343-3302.

Other Services and Programs

Child Development Center
The Anna Bing Arnold Child Care Center provides part-time and full-time day care at a nominal cost for children ages two to five years whose parents are Cal State L.A. students, staff, or faculty members. The center is located at 2300 Levanda St. in Los Angeles, adjacent to the campus. The attractive, residential style building with a large, fully fenced yard was designed to serve as a learning environment for Cal State L.A. students as well as for children. For applications and information, call (323) 343-2470.

Extended Education
Extended Education administers Extension programs, Special Sessions, Professional Development, Open University, the English Language Program (ELP), and External Degree programs. Refer to the chapter in this catalog titled The University for additional information.

International Programs and Services (IPS)
The University’s excellent academic programs attract international (visa) students from around the world. International Programs and Services (IPS) provides assistance in admission, orientation, and counseling to all international students and scholars, permanent resident alien students, and refugees. Students interested in organizing national or cultural clubs may obtain support and guidance from IPS. The professional staff offers advising for educational, social, or personal problems. IPS provides assistance and guidance to students who wish to obtain practical training and to maintain compliance with U.S. immigration requirements. The IPS staff treats student concerns with confidentiality. Everyone is welcome to visit the office in Administration 127. For more information, call (323) 343-3170.

International Student and Scholar Advising Services
Provides assistance to visa students and scholars in such areas as academic and cultural adjustment and social and recreational activities.
Immigration Counseling Services
Provides assistance to visa students, foreign scholars, and foreign faculty with visa issuance (F, H, and J visas, etc.), maintenance of student status, and matters that involve the Bureau of Citizenship and Immigration Service (BCIS).

Opportunities to Study at Other Universities in the U.S. and Abroad
The National Student Exchange (NSE) program offers students an opportunity to study at more than 190 state universities throughout the U.S. and Canada. The period of study may range from one quarter to one academic year. The California State University International Programs (IP) provides the opportunity to study for an academic year at top universities in numerous countries. International Programs and Services (Admin. 127) offers information about short-term study opportunities in other countries, Fulbright and Rotary fellowships, internships, volunteer programs, and short-term work opportunities abroad. Academic credit is available for study through NSE and for study abroad. Financial aid may be applied to the NSE and study abroad. Many programs cost little more than studying at Cal State L.A. For more information about these programs, visit Administration 127, call (323) 343-3170, or refer to the International Programs section in the chapter titled The University.

Special Programs and Services
Services include the administration of the Southern California/Northern Argentina chapter of the Partners of the Americas and the provision of consulting services to education, government, business, and industry about international education and intercultural communication matters.

Office for Students with Disabilities
The Office for Students with Disabilities (OSD) provides services designed to enhance the educational and social experience of students with disabilities. Students with verified permanent disabilities are provided appropriate disability-related services from the following list:
- Admission requirement information
- Orientation to OSD services
- Priority registration for classes
- Program change assistance
- Disabled parking
- Liaison to the State Department of Rehabilitation
- Referrals to on- and off-campus resources
- Diagnostic assessment of learning disabilities
- Referral to on-campus computer labs that have adaptive equipment
- Disability management counseling
- Test-taking accommodations
- Note takers
- Readers
- Tutoring by referral
- Interpreters (sign language and oral)
- Real-time captioning
- Test proctors
- Lab assistants

In addition to these services, OSD lends the following equipment to students with disabilities:
- Special tape recorders for students who are blind or have learning disabilities (limited number)
- Telecommunication Device for the Deaf (TDD)
- FM amplification systems for the deaf/hearing impaired

Adapted Technology Program
The Adaptive Technology Program provides students alternative access to electronic information and computer technology, including orientation and training. The program provides campus-wide support for the libraries, academic technology services, and all academic departments and divisions. The program has a lab of twelve computers in Library South Palmer Wing room 1080. The program provides training and support on standard software, voice-input systems, screen readers, enlargement software, Braille translation and printing, CCTV’s, book-reading equipment, and other educational aids.

The Office for Students with Disabilities is located in Student Affairs 115, (323) 343-3140 (TDD 343-3139), fax (323) 343-6429.

Student Housing - Living on Campus
Cal State L.A.’s resident apartments offer an excellent “home away from home” for students who choose to live on campus. All of the 132 two-bedroom and 60 four-bedroom apartments are furnished, including carpeting and blinds, air conditioning, stoves, microwave ovens, and refrigerators. Students may relax in two community centers. The complex also offers a recreation/games room, a large TV lounge, a computer lab, a weight room, and laundry facilities. Basketball and volleyball courts are equipped with lights for evening use. Parking is available in a specially designated, well-lit parking area. Live-in staff members help residents build and maintain a sense of community. Resident assistants provide both educational and social programs to create a well-rounded experience for students who live in on-campus housing.

Students may consider several options when they decide to live on campus.

Theme Areas
The Neighborhood. The Neighborhood is home to graduate and nontraditional students. This area of the community has a 24-hour quiet policy.

First Year House. All freshmen begin their residential experience in the First Year House. This is the place to become acclimated to the University community through a focus on academic success and leadership development.

ACLP/International House. The ACLP/International House is home to students who are enrolled in the American Culture and Language Program (ACLP) offered through the Office of Extended Education. This house brings students of different cultures and nationalities together in the context of daily living. Programs offered in this area are focused on cultural exchange and English language practice.

Wellness/Substance Free House. The Wellness House brings together students of all ages who are interested in maintaining their physical well being and a healthy lifestyle. Programs offered in this area promote wellness and healthy living.

Community Living
The Village. The Village is home to students, in double occupancy, who enjoy community living, but have chosen not to be a part of a theme area.

Quiet House. The Quiet House is a community of undergraduate students. The area emphasizes quiet living and an opportunity for concentrated study.

For more information, call Housing Services at (323) 343-4800 or visit the Website: www.calstatela.edu/univ/housing/.
University-Student Union

The University-Student Union (U-SU), (323) 343-2450, is the focal point of extracurricular interaction for the University community. Students, staff, faculty, alumni, and invited guests participate in social, cultural, recreational, and educational activities. In temporary quarters until a new University Student Union is built, the Union offers information services, lounge and study areas, and employment opportunities, as well as student activities and special events.

Board of Directors

The University-Student Union Board of Directors, which comprises 13 voting members including seven students, establishes policy and governance and develops administrative policies that affect the management of the building. The board conducts much of its work through a committee structure that includes fiscal, personnel, space allocation and building usage, student programs and executive committees. Meetings are open to the public, and attendance is encouraged.

Union Reservations

This office coordinates all nonacademic scheduling of campus facilities for on- and off-campus groups, clubs and organizations. Meeting rooms, conference facilities, audio-visual media equipment, and parking for conferences, retreats, receptions, and social events can be reserved through this office.

Cross Cultural Centers

The mission of the Cross Cultural Centers at California State University, Los Angeles is to encourage student learning as well as foster an inclusive campus community that challenges racism, sexism, heterosexism, classism, and other forms of oppression. With a commitment to social justice and increasing cross-cultural awareness, the CCC offers a wide variety of programs and services that explore the shared and unique experiences, histories, and heritages of our diverse community.

University Bookstore

The University Bookstore, operated by Barnes & Noble College Stores, Inc., and under the auspices of the University Auxiliary Services, Inc., is located on the first and second floors in the east structure of the Golden Eagle Building. Textbooks, course packs, general books, software, study aids, Cal State L.A. clothing, school supplies, and gift items are available. Also located within the Bookstore is a convenience store that offers a selection of grab & go food, beverage and sundry items.

Center for Student Development and Programs

The Center for Student Development and Programs serves as a hub for student involvement and programs, adding to the value of campus life at Cal State L.A. The Center is responsible for Campus Programs and Activities; Student Organizations; Fraternities and Sororities; and Student Leadership Initiatives.

Over 150 programs are offered each year for Cal State L.A. students, faculty, staff, alumni, and guests. A group of student coordinators plan and promote a variety of events, including the Yuma Native American Cultural Festival and Volunteer Initiative, Mardi Gras, Spring Fling, musical entertainment, comedy performances, lectures, workshops, and recreational trips.

Cal State L.A. hosts over 100 student organizations that address a variety of issues and plan hundreds of events each year. The student organizations represent academic, cultural, political, professional, religious and spiritual, service, social, and recreational interests. Students are able to join an existing organization or start one of their own.

Many programs are offered that allow students to explore and enhance their leadership abilities including the Leader Project and Leader to Leader. Lead NOW workshops and for-credit classes, are offered throughout the year by the Center to serve all leaders.

The Center is located on the lower level of King Hall. Please feel free to contact the Center for Student Development and Programs at 323-343-5110 or centersd@calstatela.edu.

Sororities and Fraternities

A traditional part of campus life for many Cal State L.A. students is membership in Greek social organizations, which offer the chance to meet new friends and participate in an extensive program of activities. In addition to social functions, these organizations are involved in various campus and community projects and provide housing for a limited number of their members.

Veterans’ Services

Cal State L.A. is approved for the training of veterans of the military services and their dependents under educational assistance programs established by the state and federal governments. Authorization for training under all federal bills must be obtained from the Veterans Administration through its regional office at 11000 Wilshire Boulevard, Los Angeles, CA 90024. Veterans with no prior training under the G.I. bills are urged to request their letter of eligibility at least two months before enrolling. Those transferring from another school should submit their transfer request at least one month before enrolling.

The Veterans’ Services Office, located in Administration 146, (323) 343-3940, provides enrollment certification for financial benefits and serves as a liaison between the University and the VA regional office for benefit payments and advisement about current benefits. Information about changes in legislative regulations and procedures also is available.

Children of Disabled Veterans

Students who qualify as children of certain disabled veterans of U.S. military services may be exempted from paying any student services portion of the registration fees, according to the California Education Code. Information about eligibility requirements and applications for waiver of these fees are available in the Office of Veterans’ Services.
Student Activities – Special Interest Groups

Art Exhibitions

This facility is the largest art exhibition space available for students on campus. We present an Undergraduate Art Exhibition, Senior Project Exhibitions, 6 to 12 MA/MFA Thesis Exhibitions and exhibitions of work by professional artists. In addition, lectures, musical events and poetry readings, as well as other special events are scheduled in the gallery to increase the reach of the visual arts to new audiences. The student-run exhibition space, COMA Gallery, presents rotating exhibitions of Cal State L.A. student artwork. All exhibitions are free and open to the public.

Communication Activities

The program offers a rich array of professional activities. The award winning Forensics team participates in debate and individual events in prominent intercollegiate tournaments. Students in Oral Interpretation and Performance Studies offer frequent public presentations. Students produce the school newspaper, the University Times, Students edit and help produce Communication Scholars, the department's annual student scholarship showcase journal. Students may earn credit for participation in these programs by enrolling in appropriate activity courses in the Department of Communication Studies.

Dance

The University Dance Ensemble and tours offer students experiences in performing, choreographing, costume designing, lighting, and composing sound/music for dance. Performances vary in number each year and range from mini-concerts, community tours, to full productions. Membership is open to anyone who has a strong interest in dance theatre and is able to fulfill the purposes and functions of the organization. Students who participate must enroll in dance courses 480, 483, and 484 in the Department of Theatre Arts and Dance.

Intramurals

The School of Kinesiology and Nutritional Science offers a variable selection of intramural sports and activities for all men and women at Cal State L.A. Opportunities range from varied recreational interests to competitive intramural leagues. Students may enroll for credit in an intramurals course, PE 110.Literary Activities

Literary Activities

The Department of English sponsors a variety of literary activities open to the campus community, including creative writing opportunities, a lecture and poetry series, student open-mike readings, and a national scholarly organization. It also engages in international literary partnerships including serving as one of two American pilot sites of the British Council Writer in Residence Program, and a newly established partnership with University of London and co-sponsors literary events with the Los Angeles County High School for the Arts (LACHSA). The English Department publishes an annual student-edited award-winning magazine, Statement Magazine, which showcases student work from a variety of disciplines. Students may register for ENGL 392 to receive academic credit to assist with the production of Statement Magazine. The Dean’s Prize in Poetry and the Dean’s Prize in Prose are awarded each year to a distinguished selection in each genre appearing in Statement Magazine.

The Department also sponsors the Henri Coulette Academy of American Poets Prize in poetry given annually. The David L. Kubal Memorial Lecture Series is designed to bring outstanding scholars to lecture on campus. Recent Kubal Lecture Series speakers have included Frederick Crews, Marjorie Perloff, Helen Vendler, Sacvan Bercovitch, J. Hillis Miller, and X.J. Kennedy. The annual Jean Burden Poetry Series event has hosted such poets as Paul Zimmer, Howard Nemerov, Tess Gallagher, Maxine Kumin, Lucille Clifton, Mark Strand, Diana O’Hehir, Bruce Bond, Killarney Clary, Carolyn Kizer, Richard Wilbur, Mary Oliver, Galway Kinnell, Harryette Mullen, Linton Kwesi Johnson, Linda Pastan, and Rita Dove. In addition, the Department is actively engaged in selecting speakers and organizing events for the campus and the community sponsored by the generous fund established by Virginia E. Smith, Jean Burden and others to promote poetry and poetics at Cal State L.A. A newly chartered Center for Contemporary Poetry and Poetics sponsors a wider range of activities on campus and in Los Angeles, including mentorships with the Los Angeles County High School for the Arts and the Chester W. Nimtz Middle School. Partnerships with civic organizations such as the Natural History Museum of Los Angeles County and the Huntington Library, All-Ages Poetry Contest and Performances. Participating poets in the recent past have included Harryette Mullen, Garrett Hongo and Anthony Hecht. Furthermore, the English Department is the home of the American Literature Association (ALA), a national coalition of author societies devoted to the study of American writers. The ALA sponsors national and international conferences. The English Department also sponsors the Creative Writing Club. Open to students in all majors, the Creative Writing Club, which is open to students in all majors.

Musical Events and Organizations

The Associated Students cooperates with the Department of Music in offering an extensive program of musical events. Students enroll for academic credit in music activity courses as members of various performance organizations. Each organization has a regular performance schedule and performs several times each year both on and off campus. Some concerts are held during the noon hour; others are scheduled at night or on weekends. Membership is open to all students who wish to participate. The Afro Latin Ensemble, Chamber Singers, Concert Choir, Jazz Orchestra, Vocal Jazz Ensemble, and Opera Workshop require an audition. Music organizations include:

Musical Organization Course No.
Brass Ensemble MUS 422
Chamber Music MUS 485
Chamber Singers MUS 425
Concert Choir MUS 326
Jazz Orchestra MUS 424-01
Jazz Lab Band MUS 424-02
Small Jazz Ensemble MUS 427
Afro Latin Ensemble MUS 428
New Music Ensemble MUS 426
Opera Workshop MUS 426
Percussion Ensemble : Orchestral MUS 423A
Percussion MUS 423B
Percussion Ensemble : Latin Percussion
String Ensemble: Guitars  MUS 420B
Symphonic Band  MUS 320
Wind Ensemble  MUS 322
Orchestral Performance and Practice  MUS 321
Vocal Jazz Ensemble  MUS 328
University Chorus  MUS 327
International Choir  MUS 329

Philosophy Activities
The Department of Philosophy sponsors a colloquium series that brings well known philosophers to campus. Students have opportunities to interact informally with these speakers. A student organization, the Philosophy Club, plans a variety of events and students also edit a print journal of student writings, Philosophy in Practice and receive credit for their work by enrolling in PHIL 400.

Television, Film, and Media Studies
The Department of Communication Studies also offers comprehensive programs in Journalism for print, broadcast, cable, and internet, 2-D traditional Animation and a comprehensive range of film and video production including scriptwriting, television studio multi-camera production, field video and film production, documentary, and post-production. The program offers students experiences in professional film festival competition through the CSU’s annual Media Arts Festival, Cal State L.A.’s own annual student film and video festival that is conceived, organized, and produced by students, and the annual national showcase, Reel Rasquache U.S. Latino Film Festival. The program offers students filmmaking support competitively awarded through the generous contributions of such professional organizations as the Hollywood Foreign Press Association and Women In Film., Students also participate in the CSU Media Internship program in which students are matched and placed in high end internship opportunities with the media industries including major studios, independent productions, and guilds and industry associations in film, television, radio, journalism, music, graphics, and entertainment industry-related business, public relations, marketing, and new technologies. Students may earn credit for participation in these programs by enrolling in appropriate activity courses in the Department of Communication Studies.

Student Publications
A wide variety of student publications represent the myriad academic and professional interests of Cal State L.A.’s student body. A partial list of these publications appears below. For information about being involved in—or receiving—a particular publication, interested students should contact the appropriate department/division/school.

Theatrical and Dance Productions
The Department of Theatre Arts and Dance offers comprehensive programs in play and dance production and children’s theatre. The department presents twelve or more productions during the year; they include faculty- and student-directed workshops and major productions. All students are eligible to audition for plays and dance productions or apply for backstage assignments. They may earn production credit by enrolling in TA 100, 300, 310, 459, 489, or 595 or DANC 480.

Theatre
The Nest productions offer students an opportunity to create and produce their own work in the student theatre, Music 115. These productions can be original one act plays or any performance piece created and performed by students. Students who participate must enroll in TA 100 in the Department of Theatre Arts and Dance.

Women’s and Gender Studies Activities
A wide variety of programs in Women’s and Gender Studies are offered through the Center for the Study of Genders and Sexualities (CSGS). Lectures, performances, faculty-research discussions, internships, and research opportunities are all open to students. CSGS invites students to serve on planning committees as well. Students from all majors and minors are eligible to participate.

Procedures and Regulations

General Information
Information about University procedures and regulations contained in this section is applicable to all undergraduate students. Some general information also applies to postbaccalaureate and graduate students. Additional procedures and regulations applicable only to postbaccalaureate and graduate students are included in the Graduate and Postbaccalaureate Study section.

Undergraduate Class Levels
Undergraduate students are classified according to the number of quarter units of baccalaureate-level course work they have completed, calculated as follows:

Quarter Units/Quarter System
Cal State L.A. credits are expressed in quarter units: one quarter unit normally represents no less than one hour of class work and two or more hours of outside study per week for one quarter. One and one-half (1½) quarter units are equal to one (1) semester unit. Conversely, one quarter unit is equal to 2/3 semester unit of credit.

Study Load
Undergraduate students must carry a study load of 12 units for full-time enrollment certification by the University. The recommended full-time study load for undergraduates is 16 units. Students on scholastic probation must limit their study load to 12 units unless an academic adviser in their major department/division/school has approved an exception.

Campus Identification Number (CIN)
Effective Summer Quarter 2003 California State University, Los Angeles will randomly assign a nine-digit Campus Identification Number (CIN) to all students in the University. This number is used as a means of identifying records and offering services pertaining to students. The students’ Social Security Number will continue to be retained for purposes of financial aid eligibility and other debts payable to the institution.

Undergraduate Student Orientation
All undergraduate students enrolling for the first time at Cal State L.A. are required to attend an orientation to the University prior to registering for classes for their first quarter of attendance. The orientation will provide information to help students gain a better understanding of the various aspects of University life and learn about policies and procedures as well as, skills and knowledge for success. Student will also learn about appropriate courses for their individual program and register for their first quarter. More information is available by calling (323) 343-3195, or at the University Orientation Website: www.calstatela.edu/univ/stuaffrs/orientation.

Registration
Continuing students at California State University, Los Angeles receive information regarding their registration appointment dates by logging into GET (Golden Eagle Territory). Additional information about registration procedures is provided in the Schedule of Classes, issued each quarter before the registration period and available for purchase at the University Square Bookstore. Web registration (GET) is available to all eligible continuing students.

Students maintain their continuing student status for registration purposes only by attending at least two of the four quarters immediately preceding the quarter in which they plan to enroll. Students who were admitted and enrolled in one of the last three quarters preceding the quarter in which they plan to enroll will also maintain their continuing student status for registration purposes. Absence for more than two of any four consecutive quarters without an approved leave of absence will cancel continuing registration eligibility. See Leaves of Absence later in this chapter.

Attendance in University extension courses does not constitute continuous attendance.

Students who attended another college or university during an absence from Cal State L.A., except for a summer session or extension program or approved visitor enrollment at another CSU campus, are required to file an application for admission as a returning student and have official transcripts of work taken sent to the Admissions Office. The $55 nonrefundable application fee is charged. Such students will, if eligible, receive forms to register as returning students.

Students who are graduated with a bachelor’s degree from Cal State L.A. and wish to continue in graduate standing are required to file a new application for graduate admission and will, if eligible, receive forms to register as new students.

Academic Advisement
Academic advisement is required for all new students before or during their first quarter in attendance. Before registering for their first quarter at Cal State L.A., students must consult an adviser in their major department/division/school or college-based advisement center to plan a program of study. Newly admitted students should bring a copy of all high school and/or college transcripts when seeking advisement. They should consult the Schedule of Classes for a list of academic advisers. After the first advisement session, students must consult an academic adviser at least annually or more often as necessary to enhance academic success. Undergraduate students who, upon admission to the University, are unable to select a specific major shall consult an adviser in the University Academic Advisement Center.

By the end of their first year in residence, students must meet with an academic adviser to develop a degree plan. Because the approved degree plan becomes the basis for determining eligibility for the degree, any change in the student’s degree plan must have an academic adviser’s approval. Annual, or more often as needed, consultation with an academic adviser in the major department/division/school or college-based advisement center is therefore required.

After reaching 90 units and before completing 120 units, all students are required to meet with an academic advisor to review their progress toward graduation based on an audit of their degree plan. In addition, if students have reached 180 units and have not filed a graduation application, they must meet with an academic advisor to develop a plan to help ensure timely and efficient progress toward graduation. The plan will include remaining requirements and dates of future progress checks.
Forms used for change or declaration of major are available in Administration 146. Students may change their major by consulting an adviser in the appropriate academic department/division/school, college-based advisement center, and by application through the University Academic Advisement Center. They should be aware, however, that a change in major will require that adjustments be made to their degree plan and may delay graduation.

**Undeclared Majors**

Upon admission, undergraduate students are encouraged to declare a major. Those who have not selected a specific major shall be designated undeclared majors. Before registering for their first quarter at Cal State L.A., undeclared majors shall consult an adviser in the University Academic Advisement Center, Library, Palmer Wing 1040A, to plan a preliminary program of study.

All first time freshmen and transfer students who are admitted with less than 30 units shall declare a major by the time they complete 45 quarter units in residence or four quarters in residence, whichever comes first.

All transfer students admitted with 30 units or more shall declare a major by the end of their first quarter in residence.

Upon declaring a major, students shall meet with an academic advisor to develop a degree plan.

**Final Examinations**

Final examinations or final class meetings are required in all courses at the time and place shown in the final examination schedule in the *Schedule of Classes*. Any exception in time or place must have written approval of the instructor, department/division/school chair or director, and college dean. Students who find it impossible to take a final examination at the scheduled time may, with the written approval of the instructor, department/division/school chair or director, and college dean, have a special final examination administered.

**Repeating Courses**

Unless otherwise indicated in the description of a particular course in this catalog, students may not repeat for credit any course they have already completed with a grade of C (2.0 grade points) or higher nor may they, in any case, receive units earned more than once for each passing attempt.

**Removal of Work from Degree Consideration**

Under certain circumstances, up to two semesters or three quarters of previous undergraduate course work taken at any college may be disregarded from all considerations associated with requirements for the baccalaureate. Detailed eligibility and procedural information is provided in the *Schedule of Classes*. The basic criteria are listed below:

- Five years must have elapsed since the completion of the most recent work to be disregarded;
- Any previous removal of work from degree consideration must be included in applying the limits on work that may be disregarded;
- Since completion of the work to be disregarded, students must have maintained the following grade point averages at Cal State L.A. at the time of petition: 3.0 for students with 22–44 quarter units completed; 2.5 with 45–66 units completed; and 2.0 with 67 or more units completed; and
- There must be evidence that the student would find it necessary to complete additional units and enroll for one or more additional quarters to qualify for the baccalaureate if the request was not approved.

Students are advised that they may file a petition to disregard undergraduate course work as described above if their grade point average is lower than C (2.0) in general education, the major, or overall college units attempted (a condition preventing them from qualifying for the degree) and they meet all of the above criteria and conditions.

**Repeating Courses for Academic Renewal**

Effective Fall 1996, students who are pursuing a baccalaureate may repeat a course one time for purposes of academic renewal if the grade of record is below a C (2.0 grade points). This procedure is limited to a maximum of 20 quarter units. **All repetitions must be done at Cal State L.A.**

Students who are pursuing a second or subsequent bachelor’s degree may repeat only courses leading to the present degree objective (not courses used for prior bachelor’s degrees) for purposes of academic renewal. In computing grade point averages for graduation with a baccalaureate from Cal State L.A., units attempted, units earned (if any), and grade points (if any) for previous attempts of the same or equivalent courses shall be excluded when specified conditions are met.

Students are advised that repeating a course under this policy does not result in removal of the original record and grade from the transcript. However, the earlier grade is disregarded in calculating the grade point average. Individual colleges, departments, and divisions may have additional restrictions about acceptance of repetitions. Students should therefore, consult department/division/school advisers before attempting repetitions and should consult the *Schedule of Classes* for details about filing instructions. The repeated course form, available at Administration 146, must be submitted prior to graduation.

**Honorable Dismissal**

Honorable dismissal is granted to all students who are not under financial obligation to the University and who are not under disciplinary probation, suspension, or expulsion. Academic disqualification does not constitute dishonorable dismissal.

**Petitions for Waiver of Regulations**

Rules and regulations in this catalog have been adopted by the faculty and administration to maintain appropriate academic standards and facilitate the administration of the university’s programs. Students who believe that extenuating circumstances might justify the waiver of a particular regulation or requirement may file a petition at their major department/division/school office, according to established procedures, for consideration by a faculty committee. However, provisions of *Title 5, California Code of Regulations*, or other state or federal laws and regulations, are not subject to waiver by petition. Detailed information about procedures and regulations governing petitions are found in the *Schedule of Classes*. 

Legal residents of California are not charged tuition. The following reflects applicable fees and nonresident tuition for the quarter system.

Mandatory systemwide fees are waived for those individuals who qualify for such exemption under the provisions of the California Education Code (see section on fee waivers).

Application Fee
Application Fee (nonrefundable), payable by check or money order at time application is made: $55

Once billed, fees are not negotiable except under extenuating circumstances. Failure to satisfy charges billed may result in the withholding of transcripts and registration privileges.

**Musical Instrument and Audio/Visual Equipment Fee**
A fee of up to $25 will be charged for the repair, maintenance, and insurance of musical instruments and audio/visual equipment owned by the state and used by individual students in course work.

**Other Fee-related Items - Credit Cards**
MasterCard, American Express, and Discover credit cards may be used for payment by accessing CASHNet SmartPay website via GET (Golden Eagle Territory) http://get.calstatela.edu, or http://cashnetsmartpay.com (a nominal service fee will apply).

**Fee Waivers**
The California Education Code includes provisions for the waiver of mandatory systemwide fees as follows:

Section 68120 – Children and surviving spouses/registered domestic partners of deceased public law enforcement or fire suppression employees who were California residents and who were killed in the course of law enforcement or fire suppression duties (referred to as Alan Pattee Scholarships);

Section 66025.3 – Qualifying children, spouses/registered domestic partners, or unmarred surviving spouses/registered domestic partners of a war period veteran of the U.S. military who is totally service-connected disabled or who died as a result of service-related causes; children of any veteran of the U.S. military who has a service-connected disability, was killed in action, or died of a service-connected disability and meets specified income provisions; any dependents or surviving spouse/registered domestic partner who has not remarried of a member of the California National Guard who in the line of duty and in active service of the state was killed or became permanently disabled or died of a disability as a result of an event while in active service of the state; and undergraduate students who are the recipient of or the child of a recipient of a Congressional Medal of Honor and meet age and income restrictions; and

Section 68121 – Student enrolled in an undergraduate program who are the surviving dependent of any individual killed in the September 11, 2001, terrorist attacks on the World Trade Center in New York City, the Pentagon building in Washington, D.C., or the crash of United Airlines Flight 93 in southwestern Pennsylvania, if the student meets the financial need requirements set forth in Section 69432.7 for the Cal Grant A Program and either the surviving dependent or the individual killed in the attacks was a resident of California on September 11, 2001.

Students who may qualify for these benefits should contact the Admissions/Registrar's Office for further information and/or an eligibility determination. For more information, contact the Cashier's Office, (323) 343-3630.

**Nonresident Teaching Credential Waiver**
Nonresident fees may be waived for persons who hold a valid California credential and are employed by a public school district in this state in a full-time position requiring certification. Eligible persons must meet at least one of the following conditions:

- hold a provisional credential and enroll in courses necessary to obtain another type of credential authorizing service in the public schools;
- hold a partial credential and enroll in courses necessary to fulfill postponed credential requirements; or
- enroll in courses necessary to fulfill requirements for a fifth year of study as prescribed at Cal State L.A.

**Refund of Fees Including Nonresident Tuition**
Regulations governing the refund of mandatory fees, including nonresident tuition, for students enrolling at the California State University are included in §41802. For purposes of the refund policy, mandatory fees are defined as those systemwide fees and campus fees that are required to be paid in order to enroll in state-supported academic programs at the California State University. Refunds of fees and tuition charges for self-support programs at the California State University (courses offered through extended education) are governed by a separate policy established by the University.

In order to receive a full refund of mandatory fees, including nonresident tuition, a student must cancel registration or drop all courses prior to the first day of instruction for the term. Information on procedures and deadlines for canceling registration and dropping classes is available (location of information, e.g., in the Schedule of Classes).

For state-supported semesters, quarters, and non-standard terms or courses of four (4) weeks or more, a student who withdraws during the term in accordance with the university's established procedures will receive a refund of mandatory fees, including nonresident tuition, based on the portion of the term during which the student was enrolled. No student withdrawing after the 60 percent point in the term will be entitled to a refund of any mandatory fees or nonresident tuition.

For state-supported semesters, quarters, and non-standard terms or courses of less than four (4) weeks, no refunds of mandatory fees and nonresident tuition will be made unless a student cancels registration or drops all classes prior to the first day in accordance with the university's established procedures and deadlines.

Students will also receive a refund of mandatory fees, including nonresident tuition under the following circumstances:

- The tuition and mandatory fees were assessed or collected in error;
- The course for which the tuition and mandatory fees were assessed or collected was cancelled by the university;
- The university makes a delayed decision that the student was not eligible to enroll in the term for which mandatory fees were assessed and collected and the delayed decision was not due to incomplete or inaccurate information provided by the student; or
- The student was activated for compulsory military service.

Students who are not entitled to a refund as described above may petition the university for a refund demonstrating exceptional circumstances and the chief financial officer of the university or designee may authorize a refund if he or she determines that the fees and tuition were not earned by the university.

Details concerning other fees, which may be refunded, the circumstances under which these fees may be refunded, and the appropriate procedure to be followed in seeking refunds may be obtained by consulting Section 42201 (parking fees) and 42019 (housing charges) of Title 5, California Code of Regulations.
In all cases it is important to act quickly in applying for a refund. Information concerning any aspect of the refund of fees may be obtained from Student Financial Services, Administration 128, (323) 343-3630.

Disenrollment
Students who have a fee obligation to the University will be billed. Payment must be made within 10 days of the invoice date. Failure to pay by the established deadline is cause for disenrollment because of incomplete payment of registration fees. Disenrollment means the permanent loss of credit for classes taken for the quarter involved. There is no refund of any fees already paid for the quarter involved.

Students who fail to complete all required sub collegiate ("remedial") courses during their first year at Cal State L.A. will be disenrolled from the University in compliance with the CSU Chancellor’s Office Executive Order 665.

State University Installment Plan
The CSU is now authorized to collect State University Fee and Nonresident Tuition in installment payments. The administrative fee for the State University Installment Plan is $22 per academic quarter. The administrative fee for nonresident tuition is 15 percent of each installment payment.

For additional information about this plan, please refer to the Schedule of Classes.

Fee and Debts Owed to the Institution
Should a student or former student fail to pay a fee or a debt owed to the institution, the institution may "withhold permission to register, to use facilities for which a fee is authorized to be charged, to receive services, materials, food or merchandise or any combination of the above from any person owing a debt” until the debt is paid (see Title 5, California Code of Regulations, Sections 42380 and 42381).

Prospective students who register for courses offered by the university are obligated for the payment of fees associated with registration for those courses. Failure to cancel registration in any course for an academic term prior to the first day of the academic term gives rise to an obligation to pay student fees including any tuition for the reservation of space in the course.

The institution may withhold permission to register or to receive official transcripts of grades or other services offered by the institution from anyone owing fees or another debt to the institution. If a person believes he or she does not owe all or part of an asserted unpaid obligation that person may contact the business office. The business office, or another office on campus to which the business office may refer the person, will review all pertinent information provided by the person and available to the campus and advise the person of its conclusions. For more information or questions, please contact Colleen Nickles, Senior Director of Financing & Treasury in the CSU Chancellor’s Office, at (562) 981-4579 or cnickles@calstate.edu.

Categories of Enrollment

Credit by Examination
Undergraduate students in good standing and officially enrolled in one or more residence courses may challenge courses by taking examinations developed at the campus. Examinations are interpreted broadly to include whatever activity, test, or demonstration an instructor deems appropriate to evaluate comprehension, skills, or knowledge required by the course objectives. Credit shall be granted to students who pass examinations that have been approved for credit systemwide. These include the Advanced Placement Examinations, the CSU English Equivalency Examination, and some CLEP examinations.

Approval of the chair of the department/division/school that offers the course and an instructor for the course is required. Forms for approval are available in Enrollment Services, Administration 146, and must be filed with the Records Office by the fifth week of the quarter in which the examination is taken. Additional fees must be paid if the added units alter the total fees due for the quarter.

Credit by examination is restricted to undergraduate and graduate courses listed in this catalog. It is without unit limit, but does not count as residence credit. Such credit is not treated as part of the student’s workload during a regular quarter and therefore does not require approval for excess study load. Grades received by examination are recorded as final grades on the permanent academic record and are designated as earned through credit by examination.

Credit earned by examination at another accredited institution is accepted upon transfer, if the units have been accepted by the previous institution as equivalent to specific courses and are not in violation of any other regulations.

Visitors within California State University (CSU)
Students who are enrolled at any CSU campus may transfer temporarily to another CSU campus in visitor status if they have completed 12 units with a minimum C (2.0) grade point average at the home campus, are in good standing, and are eligible to register in continuing status. Visitors are approved for one term only, subject to space availability and registration priority policies at the host campus. Enrollment as a visitor may be repeated after re-enrollment at the home campus. This opportunity may be particularly valuable to students whose educational progress can be enhanced or expedited by attending a summer quarter at Cal State L.A. Concurrent enrollment (see below) is not permitted during visitor status. Visitor applications may be obtained at Student Affairs 101.

Concurrent Enrollment within CSU
Students who are enrolled at any CSU campus may enroll concurrently at another CSU campus if they have completed 12 units at the home campus with a C (2.0) grade point average and are in good standing. Concurrent enrollment is approved for a specific term, subject to space availability and registration priority policies at the host campus. Because of overlap in academic terms of campuses on semester and quarter calendars, concurrent enrollment is subject to combinations
Withdrawals and Leaves

Withdrawal from Courses
Within the first seven days of the quarter, students may withdraw from any course without record of the individual course withdrawal on their permanent academic record. After the "no-record drop" deadline, students may withdraw with a W grade from any course, but only for serious and compelling reasons. These requests are granted only with the approval of the instructor and department/division/school chair or director on program change forms available at Administration 146. Complete information about withdrawals, as well as a sample program change form and withdrawal deadlines for each academic quarter, appears in the Schedule of Classes.

Withdrawals during the final three weeks of instruction are permitted only when the cause of withdrawal (such as accident or serious illness) is clearly beyond the student's control and assignment of an I (Incomplete) is not practicable. Ordinarily, such withdrawals also involve total withdrawal from the University, except that CR (credit) or I (Incomplete) may be assigned for courses in which the student has completed sufficient work to permit an evaluation. Requests to withdraw under these circumstances are handled as described above, except that such requests must also be endorsed by the dean of the college.

Cancellation of Registration or Withdrawal from the Institution
Students who find it necessary to cancel their registration or to withdraw from all classes after enrolling for any academic term are required to follow the university's official withdrawal procedures. Failure to follow formal university procedures may result in an obligation to pay fees as well as the assignment of failing grades in all courses and the need to apply for readmission before being permitted to enroll in another academic term. Information on canceling registration and withdrawal procedures is available at Administration 146 or by writing a personal request to the Office of Enrollment Services.

Students who receive financial aid funds must consult with a financial aid officer prior to withdrawing from the university regarding any required return or repayment of grant or loan assistance received for that academic term or payment period. If a recipient of student financial aid funds withdraws from the institution during an academic term or a payment period, the amount of grant or loan assistance received may be subject to return and/or repayment provisions.

Leaves of Absence
Students may petition for a leave of absence for such reasons as professional or academic opportunities, like travel or study abroad; employment related to educational goals and major fields of study or participation in field study or research projects; medical reasons, including pregnancy, major surgery, and other health-related circumstances; and financial reasons, such as the necessity to work for a specified period to resume study with adequate resources. Petition forms are available at Administration 146.
Evaluation of petitions for leaves of absence takes into account the student's stated plans and the extent to which a leave would contribute to educational objectives. Students are expected to plan their time of return and their activities during the leave. They must also state why it is critical to remain in continuous residence. In the case of medical or financial leaves, they must state how they plan to remain current with or advance in their academic field.

Undergraduate students may request a leave for no fewer than 3 and no more than 8 quarters. Graduate students are granted a maximum of 4 quarters, subject to renewal. Continuing students' allowed absence of 2 quarters is included in these maximums.

Petitions must be filed at Administration 146 after action by the department/division/school chair or director (also the college graduate dean in the case of graduate students) no later than 3 weeks before the end of the quarter before the proposed leave. Approval entitles students to continuing status for registration purposes if they return no later than the quarter specified in their petition. Continuing students who return from a leave are entitled to priority registration privileges and are not required to file an application for readmission.

Undergraduate students retain current catalog requirements for graduation; classified postbaccalaureate and graduate students retain classified standing. Unclassified postbaccalaureate and conditionally classified graduate students who have an approved program on file in their college graduate studies office are subject to the conditions of those programs. All others are subject to the requirements in effect when they return.

Transcript of Academic Record
A transcript of Cal State L.A. course work is issued upon written request by the student. Transcript request forms are available at Administration 146, on the Cal State L.A. Web Page and on the GET website. The cost of a single transcript is $4. When more than one transcript is ordered at the same time, the first copy costs $4, the second through tenth copies cost $2 each, and any copies in excess of ten cost $1 each. The form requires the name used by the student while in attendance, the birth date, and the nine digit Campus Identification Number (CIN).

Copies normally are mailed one week after receipt of request. However, requests that specify inclusion of grades just earned or verification of a degree just awarded cannot be filled until two to three weeks after the end of the quarter.

**Course Numbering System**

**Course Numbers**
Subcollegiate, undergraduate, graduate, and noncredit courses are numbered as shown below.

000–099 Subcollegiate level (no credit allowed toward requirements for academic degrees).

100–299 Lower division courses (freshman and sophomore level).

300–399 Upper division courses (junior and senior level) that do not earn graduate credit.

400–499 Upper division courses (junior and senior level) that may earn graduate credit for graduate students.

500–599 Graduate courses for graduate students only.

600–699 Specialized graduate courses for postgraduate students matriculated in the joint Ph.D. program in Special Education.

700–749 Courses intended primarily for lower division students. Not acceptable toward degree or credential programs at Cal State L.A., but acceptable for professional advancement credit. Unit value credit listed directly after course title on academic record is acceptable for professional advancement credit only when accompanied by CR (Credit) grade.

750–799 Courses intended primarily for upper division students. Not acceptable toward degree or credential programs at Cal State L.A., but acceptable for professional advancement credit. Unit value credit listed directly after course title on academic record is acceptable for professional advancement credit only when accompanied by CR (Credit) grade.

800–899 Highly specialized courses intended primarily for graduate students. Not acceptable toward degree or credential programs at Cal State L.A., but acceptable for professional advancement credit. Unit value credit listed directly after course title on academic record is acceptable for professional advancement credit only when accompanied by CR (Credit) grade.

900 Noncredit courses open to graduate students only. Courses in the 900 series (UNIV 900) are open only to graduate students who have previously enrolled in all allowable research units (597) and are not enrolled in any other credit-bearing courses or thesis or project units (599) but will use University facilities or consult with faculty.

**Course Suffixes**
Many course numbers have letter suffixes. Although many indicate special uses of the course within a particular department/division/school, some suffixes are standard throughout the University.

A, B, C, D, E A sequence of courses in which A must be taken before B, B before C, etc., unless description indicates otherwise.

C, K, S Sections of regular courses taught primarily in Cantonese (Chinese), Korean, or Spanish, usually as part of bilingual/crosscultural teacher training program. These suffixes appear in course listings in the Schedule of Classes and on transcripts, but not generally in the catalog.

H Open to students who are enrolled in the General Education Honors Program only.

IP Class taught in independently self-paced mode; hours arranged between student and instructor.

L Lecture.

M Open to students in Master of Fine Arts degree program in Art only.

N Upper division course intended for students not majoring in the department/division/school that offers it; usually has different kinds of prerequisites; student in major may not count
course in major program, but may include it as an elective outside the major.

P Practicum, laboratory, or activity.

R Open to conditionally classified graduate students only.

**Course Prerequisites and Corequisites**

Students are responsible for fulfilling prerequisites and corequisites. The instructor and department/division/school have the authority to waive specific prerequisites and/or corequisites for students who have completed equivalent courses at another institution, who have had equivalent experience (such as work experience), or who possess the requisite skills to proceed with the work of the course. Students should consult the instructor before registering to determine whether the course(s) or experience they present will justify waiver of the stated prerequisite(s) and/or corequisite(s).

### Course Abbreviations

Each academic discipline has an official course abbreviation that is used to identify the discipline in this catalog; on grade reports, transcripts, major program sheets, and many other documents; and in the **Schedule of Classes**. These course abbreviations, which are listed below, must be used on all program change forms.

Grading System

Undergraduate Grades

TRADITIONAL

NONTRADITIONAL
CR/NC or A, A-, B+, B, B-, C+, C, C-, D+, D, D-, F.

Letters A, A-, B+, B, B-, C+, C, C-, D+, D, D-, and CR indicate passing grades. CR, indicating passed with credit, is given for work equivalent to C or better for undergraduate students. NC, indicating no credit, is given for work equivalent to D+, D, D- or F for undergraduate students.

Graduate and Postbaccalaureate Grades*

TRADITIONAL

NONTRADITIONAL
CR/NC.

CR, indicating passed with credit, is given for work taken by graduate and postbaccalaureate students, including 400-level courses, that is equivalent to B or better. NC, indicating no credit, is given for work equivalent to B-, C+, C, C-, D+, D, D- or F; for postbaccalaureate and graduate students A course in which a postbaccalaureate or graduate student earns a grade below B- must be repeated; grades from both the original course and the repeated course are used in computing the grade point average.

Note:
Effective Fall Quarter 1996, the campus implemented a plus/minus grading policy. Thus, for all continuing students and all students admitted or readmitted to the University, Fall Quarter 1996 or later, plus/minus grades are calculated in both undergraduate and graduate grade point calculations.

Students who accrue deficiency points with grades of B- and below, including failing grades, will be required to compensate for those deficiencies by attaining grades higher than B in a comparable number of units. Courses with failing grades of C- and below must be repeated for credit; courses with grades of B-, C+, and C receive credit and may not be repeated.

Note: A grade of C- is a failing grade in all General Education Basic Subject courses because a minimum C grade is required in all of these courses. A C- is also a failing grade if a student takes a course CR/NC or A, B, C, NC. In addition, a grade of C- is a failing grade in all courses in majors that require minimum C grades.

*These explanations do not apply to graduate courses. Graduate students are advised to read carefully the previous table (Graduate and Postbaccalaureate Grades).
Definitions of Administrative Grading Symbols

Marks other than letter grades used to indicate status in courses undertaken have the following meanings:

CR is used to denote “passed with credit” when no traditional letter grade is given, is assigned to undergraduate grades of C (grade point 2.0 or higher) or better and to graduate grades of B (grade point 3.0 or higher) or better. CR grades are not included in the calculation of the grade point average.

NC is used to denote “no credit” when no traditional letter grade is given, is assigned to undergraduate grades lower than C (grade point lower than 2.0) and to graduate grades lower than B (grade point lower than 3.0). NC grades are not included in the calculation of the grade point average.

RP (Report in Progress) is used for thesis, project, dissertation, and similar approved courses in which assigned work frequently extends beyond one academic quarter—and may include enrollment in more than one quarter. The RP indicates that the student’s performance has been evaluated and found to be satisfactory but that further work must be completed before a final grade (or grades) can properly be assigned for any part of the course. Enrollment for more units of credit than the total number of units that can be applied toward the fulfillment of the student’s educational objective is prohibited. The RP symbol shall be replaced with the appropriate final grade within one year of its assignment except for courses associated with the master’s degree thesis (courses numbered 597, 598, 599, and 900) and with the doctoral dissertation (courses numbered 698 and 699) in which case the time limit shall be five years. An RP does not add earned units and does not affect grade point average calculations.

An RP that has not been replaced by a final grade within the prescribed time limit for the course shall be changed to NC. Extensions of time to remove RP grades may be granted by the Curriculum Subcommittee (for undergraduate courses) or the appropriate College Graduate Dean (for graduate courses) for contingencies such as—but not limited to—military service and health problems of an incapacitating nature verified by a physician’s statement.

W (Withdrawal) indicates that a student was permitted to drop a course after the “no-record drop” deadline with the approval of the instructor and the department/division/school chair or director. The W carries no connotation of quality of student performance and is not used in calculating grade point averages.

RD (Report Delayed) may be used when a delay in the reporting of a grade is caused by circumstances that are beyond the student’s control. The symbol will be replaced by a more appropriate grading symbol as soon as possible. An RD is not included in calculations of grade point average.

I, IC (Incomplete) An Incomplete grade is an interim grade designed for students who are passing but who through extenuating circumstances have not been able to complete part of the work of the course. An Incomplete grade is assigned at the discretion of the faculty member only when significant elements of the course requirements have not been met. An Incomplete will not be assigned when it is necessary for the student to attend a major portion of the class when it is next offered.

It is the responsibility of the student to request a grade of Incomplete from the instructor and to determine from the instructor the remaining course requirements that must be satisfied to remove the Incomplete. The conditions for removal of the Incomplete including due date shall be specified in writing by the instructor and given to the student with a copy placed on file with the appropriate campus officer until the Incomplete is removed or the time limit for removal has passed. This “Incomplete Grade Agreement” must specify the outstanding course requirements and the final grade to be given based on the evaluation of the outstanding work. This time limitation applies whether or not the student maintains continuous attendance.

An Incomplete (I) grade may be removed by completing the outstanding work by the date specified on the incomplete grade agreement which must be within one calendar year after the end of the quarter in which the Incomplete grade was assigned.

An Incomplete that is made up within the time period allowed will be replaced on the student’s permanent academic record by the letter grade earned followed by an indication that the original grade was an Incomplete and the date that the Incomplete was removed.

An Incomplete that is not removed within the time period allowed will appear on the student’s permanent academic record as an IC (Incomplete Charged) and will be charged as an F in grade point average computations.

An Incomplete that is not removed before the degree is awarded will be charged as an “F” in the grade point average computations. Upon expiration of an Incomplete grade, the student’s permanent academic record will be modified to reflect the number of units attempted and zero units earned.

Any petition for extension of time to remove an Incomplete must be filed within one calendar year immediately after the end of the quarter in which it was assigned. A petition must include documentation establishing the reasons the course could not be completed prior to the expiration of the initial one year period. Petitions must be signed by the course instructor with an indication whether the instructor recommends the petition be approved or denied. The final decision regarding extension of Incompletes rests with the Deans of Graduate or Undergraduate Studies, as appropriate.

WU (Unauthorized Withdrawal) indicates that an enrolled student did not withdraw from the course but failed to complete course requirements. It is used when, in the opinion of the instructor, completed assignments or course activities or both were insufficient to make normal evaluation of academic performance possible. For purposes of grade point average this symbol is equivalent to an F.

Nontraditional Grading Options

Undergraduates may choose to receive grades on a nontraditional basis, either A, B, C, NC, or CR/NC, under specified conditions. Some courses are graded only nontraditionally, as shown in course descriptions. In addition, students in good standing who have completed at least 12 units at Cal State L.A. and students admitted with upper division standing may elect to have some courses graded on either the traditional or the nontraditional basis. CR and NC grades are not included in grade point average computations.

CR/NC Option. Courses for which a student may not elect to be graded on a CR/NC basis are those courses required in the student’s major, minor, or credential program and other courses selected to meet general education requirements. A maximum of 45 quarter units may be graded CR/NC, whether
elected or designated. A maximum of 8 quarter units elected CR/NC may be taken in any single quarter.

**A, B, C/NC Option.** Courses for which a student may not elect to be graded A, B, C/NC are those required in the student’s major, minor, or credential program; however, any general education or elective course may be taken with A, B, C/NC grading. A maximum of 45 quarter units within the total degree program may be graded A, B, C, NC, whether elected or designated.

Students may elect to register for a course with a nontraditional grading option up to the last date in the quarter to add classes. **The decision to elect an option is irrevocable.** Academic standards are identical for all students who are enrolled in a course, irrespective of the grading option. Instructors are not notified that students have elected nontraditional grading options in their courses; traditional grades are reported and are converted as needed to CR or NC by the Registrar.

### Scholastic Status of Undergraduate Students

**Grades Required for Credit**

Students are advised that they receive no credit for any course in which they do not earn a grade of D- or higher.

**Grade Point Average Requirements**

Undergraduate students are expected to maintain a C (2.0) average in all courses attempted at Cal State L.A. and any other college or university attended and to make satisfactory progress toward their academic objectives. Students who receive financial aid should inform themselves of additional criteria defining satisfactory progress by consulting the Center for Student Financial Aid.

**Probation for Undergraduate Students**

Probation is determined separately for academic and administrative-academic deficiencies. Students’ probation status is indicated on their grade report.

**Academic Probation**

Students are placed on academic probation at the end of a quarter if either their grade point average at Cal State L.A. or their cumulative grade point average in all college work attempted falls below C (2.0). They are continued on academic probation until their Cal State L.A. and cumulative grade point average reaches the following levels are disqualified:

- Freshman (0–44 units completed) ...................................<1.50
- Sophomores (45-89 units completed) ......................... <1.70
- Juniors (90–134 units completed) ............................<1.85
- Seniors (135+ units completed) .................................<1.95

**Administrative-Academic Probation**

The Office of the Chancellor has made provision whereby students may be placed on administrative-academic probation for any of the following reasons:

- Withdrawal from all or a substantial portion of courses for which they registered in two successive quarters or in any three quarters.
- Repeated failure to progress toward a stated degree or program objective when such failure is within their control.
- Failure to comply, after due notice, with a routine academic requirement or regulation.

Written notice is given of the conditions required for removal from administrative-academic probation, as well as circumstances that would lead to disqualification if probation is not rectified.

**Disqualification of Undergraduate Students**

Disqualification is determined separately for academic and administrative-academic deficiencies. Students’ disqualification status is indicated on their grade report.

**Academic Disqualification**

Students currently on probation or special probation whose Cal State L.A. or cumulative grade point average reaches the following levels are disqualified:

<table>
<thead>
<tr>
<th>Class Level</th>
<th>Grade Point Average</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman (0–44 units completed)</td>

<td>Juniors (90–134 units completed)</td>
<td>&lt;1.85</td>
</tr>
<tr>
<td>Seniors (135+ units completed)</td>
<td>&lt;1.95</td>
</tr>
</tbody>
</table>

**Administrative-Academic Disqualification**

The Office of the Chancellor has made provision whereby students placed on administrative-academic probation may be disqualified for any of the following reasons:

- The conditions for removal of administrative-academic probation are not met within the period specified.
- Students become subject to academic probation while on administrative-academic probation.
- Students become subject to a new administrative-academic probation period for the same or similar reasons of a previous probationary period, although not currently in such status.

**Notification of Disqualification**

Students’ notices of disqualification appear on their unofficial transcript in GET. Students who wish to appeal their

</tbody>
</table>
disqualification should refer to Immediate Reinstatement below. Disqualified students are required to arrange an exit interview with their academic adviser to establish readmission requirements. Undeclared majors will hold this exit interview with their assigned adviser in the University Academic Advisement Center.

**Immediate Reinstatement**

Disqualified students may submit a petition for immediate reinstatement to their college dean or designee (department chair in the Colleges of Engineering, Computer Science, and Technology and Natural and Social Sciences) after the exit interview has taken place. The University Academic Advisement Center will rule on petitions for immediate reinstatement for undeclared majors after their exit interview has taken place. Students’ approved petitions must be received in Enrollment Services, Administration 146, by the end of the third week of the quarter after disqualification.

Immediate reinstatement may be granted for not more than two successive quarters to students who are pursuing the program in which disqualification was incurred, including an undeclared major. Students who are admitted with a grade point average less than 2.0 on transfer work and whose grades at Cal State L.A. alone are not the basis for disqualification may qualify for immediate reinstatement in additional quarters.

Students who are enrolled but not officially reinstated for the quarter after disqualification should file a request for complete withdrawal and full refund of fees by the end of the third week of the quarter. Official withdrawal and refund application forms are available at Administration 146. Complete withdrawal may also be accomplished by writing to the Registrar’s Office. Registration will be cancelled for disqualified students who are enrolled and do not file a withdrawal request; fees are not returned in these cases.

**Readmission of Disqualified Students**

Readmission after disqualification is not automatic. Disqualified students will not be considered for readmission until at least two quarters have elapsed. Procedures and regulations governing readmission of disqualified students are found in the Admissions chapter of this catalog.

**Enrollment Services**

Postbaccalaureate students are expected to maintain a 2.5 grade point average toward their academic objectives. Students who receive financial aid should inform themselves of additional criteria defining satisfactory progress by consulting the Center for Student Financial Aid.

Immediate reinstatement may be granted for not more than two successive quarters to students who are pursuing the program in which disqualification was incurred, including an undeclared major. Students who are admitted with a grade point average less than 2.0 on transfer work and whose grades at Cal State L.A. alone are not the basis for disqualification may qualify for immediate reinstatement in additional quarters.

Students who are enrolled but not officially reinstated for the quarter after disqualification should file a request for complete withdrawal and full refund of fees by the end of the third week of the quarter. Official withdrawal and refund application forms are available at Administration 146. Complete withdrawal may also be accomplished by writing to the Registrar’s Office. Registration will be cancelled for disqualified students who are enrolled and do not file a withdrawal request; fees are not returned in these cases.

**Scholastic Status of Graduate and Postbaccalaureate Students**

**Grades Required for Credit**

Graduate students are advised that they receive no credit for any course in which they do not earn a grade of C or higher. Grades of C– and below are considered failing grades in all graduate programs.

**Grade Point Requirements**

Graduate students are expected to maintain a B (3.0) average in all courses attempted at Cal State L.A. and any other college or university attended and to make satisfactory progress toward their academic objectives. Students who receive financial aid should inform themselves of additional criteria defining satisfactory progress by consulting the Center for Student Financial Aid. Postbaccalaureate students are expected to maintain a 2.5 average in all courses attempted at Cal State L.A. and any other college or university attended and to make satisfactory progress toward their academic objectives.

**Grade Point Average**

The grade point average (GPA) is computed by dividing the total number of grade points earned by the total number of units attempted. Grade points are assigned for each unit of course work undertaken, as indicated in the Explanation of Grades table above.

**Special Probation**

All disqualified students who are reinstated or readmitted are placed on special probation because their grade point average is less than is allowed for their class level as outlined above. These students are required to earn better than a C (2.0) grade point average each quarter until their grade point average is increased to a level that is higher than that which would normally cause them to be disqualified according to their class level. Students who withdraw completely from any quarter while on special probation will again be disqualified.

**Reinforcement for Failure to Complete Required Subcollegiate Courses**

Executive Order 665 requires that all first-time entering students in the California State University system who are not exempt from the English Placement Test (EPT) and the Entry Level Math (ELM) exam take these exams before enrolling in any courses and, if remediation is required, enroll in appropriate English and/or math course(s) in their first quarter of attendance. The policy stipulates that students must continue to enroll in appropriate level course(s) each quarter until they are eligible for college level English and/or math. Students have three consecutive academic quarters, starting with their first quarter at Cal State L.A., to complete these requirements. In addition, campus policy requires that students move directly into their college level English and/or math course(s) the first quarter they enroll after completing the remedial course(s) in that field.

### Academic Probation for Postbaccalaureate and Graduate Students

Postbaccalaureate and graduate students are subject to academic probation if their grade point average falls below the levels specified below either in course work on their master’s degree program or in all units completed after becoming classified, whether or not the course work is taken at Cal State L.A.

- Classified and conditionally classified graduate students are expected to maintain a B (3.0) grade point average in course work on their master’s degree program and in all courses completed after admission to the program.
- Postbaccalaureate classified and postbaccalaureate unclassified students are expected to maintain a 2.5 grade point average in all course work taken after admission to Cal State L.A., whether or not the course work is taken at Cal State L.A.

### Administrative-Academic Probation

The Office of the Chancellor has made provision whereby students may be placed on administrative-academic probation for any of the following reasons:

- Withdrawal from all or a substantial portion of courses for which they registered in two successive quarters or in any three quarters.
- Repeated failure to progress toward a stated degree or program objective when such failure is within their control.
- Failure to comply, after due notice, with a routine academic requirement or regulation.

Notice is given in writing of the conditions for removal from administrative-academic probation, as well as circumstances that would lead to disqualification should probation conditions not be rectified.

### Disqualification Regulations for Postbaccalaureate and Graduate Students

Postbaccalaureate and graduate students who are on academic probation and who do not meet the requirements of their probation are subject to disqualification in accordance with the following guidelines:

- Classified and conditionally classified graduate students who are on academic probation are subject to disqualification from pursuing the master’s degree program in which they were classified if after being placed on scholastic probation they do not raise their average to B (3.0) after completion of 16 units or two quarters in residence, whichever comes later.
- Classified and conditionally classified graduate students whose grade point average falls more than nine grade points below B (3.0) will be disqualified from pursuing the master’s degree program in which they were classified.
- Students who are disqualified from a master’s degree program may not reenter that program. They may be admitted to another program only on the recommendation of the new major department/division concerned and with the approval of the appropriate college graduate dean.
- Postbaccalaureate classified and postbaccalaureate unclassified students who are on academic probation are subject to disqualification from pursuing course work at Cal State L.A. IF they do not raise their average to 2.5 after completion of 16 units or two quarters in residence, whichever comes later.
- All units earned in the quarter in which the sixteenth unit is completed will be used in computing the grade point average.
- Students disqualified for scholarship deficiency may not enroll in any regular quarter at Cal State L.A. without permission from the appropriate college graduate dean and may be denied admission to other educational programs operated or sponsored by the campus.
- Students who are enrolled in graduate degree programs, credential programs, and postbaccalaureate credit certificate programs are not eligible for Academic Renewal.
- Postbaccalaureate students who are pursuing a second or subsequent baccalaureate are subject to the same probation and disqualification standards as seniors. These are outlined in the Procedures and Regulations section near the front of this catalog.

The Office of the Chancellor has made provision whereby postbaccalaureate and graduate students who are on academic-administrative probation may be disqualified for any of the following reasons:

- The conditions for removal of administrative-academic probation are not met within the period specified.
- Students become subject to academic probation while on administrative-academic probation.
- Students become subject to a new administrative-academic probation period for the same or similar reasons of a previous probationary period, although not currently in such status.

### Student Conduct: Rights and Responsibilities

#### Standards for Student Conduct

The University is committed to maintaining a safe and healthy living and learning environment for students, faculty, and staff. Each member of the campus community must choose behaviors that contribute toward this end. Student behavior that is not consistent with the Student Conduct Code (Section 41301 of Title 5, California Code of Regulations) is addressed through an educational process that is designed to promote safety and good citizenship and, when necessary, impose appropriate consequences.

Students are expected to be good citizens and to engage in responsible behaviors that reflect well upon their university, to be civil to one another and to others in the campus community, and to contribute positively to student and university life. Unacceptable behaviors by students or applicants for
$/, 2

Academic Honesty

Instructors have the responsibility of planning and supervising all academic work, encouraging honest individual effort, and taking appropriate action if instances of academic dishonesty are discovered. However, honesty is primarily the responsibility of each student. The University considers cheating and plagiarism to be voluntary acts for which there may be reasons, but no acceptable excuse.

The University Academic Honesty Policy (See Appendix D in this Catalog) defines cheating and plagiarism as follows:

- **Cheating** is the act of obtaining or attempting to obtain credit for academic work through the use of any dishonest, deceptive, or fraudulent means.

- **Plagiarism** is the act of using ideas, words, or work of another person or persons as if they were one’s own, without giving proper credit to the original sources.

Students who cheat or commit plagiarism may be subject to both academic and administrative sanctions. Faculty have the right to establish the standards by which the academic performance of students will be evaluated, including the consequences of students not meeting some portion or all of the academic requirements of a course through acts of cheating or plagiarism. The range of academic sanctions is broad and may include repeating an assignment/test, completing additional assignments, receiving a lower grade, zero or "F" on an individual assignment or receiving a lower grade or "F" in the course. Cheating and plagiarism also violate of the Student Conduct Code and are subject to subject administrative sanctions including, but not limited to disciplinary probation, suspension, or expulsion as stipulated in Section 41302 of Title 5, California Code of Regulations.

Students accused of cheating or plagiarism will be given an opportunity to discuss the allegations with the professor prior to being issued an academic sanction. If a student agrees to the academic sanction suggested by the professor, he or she must acknowledge this agreement by signing an Academic Dishonesty Resolution Form. However, if the student does not agree with the allegations, he or she may request that the professor forward the matter to the Judicial Affairs Officer who will independently investigate the allegations. If the Judicial Affairs Officer determines that there is sufficient evidence that cheating or plagiarism have occurred, the student will be formally charged with a violation of the Student Conduct Code (Section 41301, of Title 5, California Code of Regulations). A record of all disciplinary charges, including cheating and plagiarism, will be maintained in the Judicial Affairs Office for a minimum of five years. Disciplinary files are separate from academic files and subject to disclosure to third parties by prior written consent of the student, or a court ordered subpoena.

Copies of the Academic Honesty Policy are available in SA 108 or at http://www.calstatela.edu/univ/stuaffrs/jao/

Student Grievances

Grievances are formal complaints by students arising out of alleged actions of the University or its faculty, administrators, or officers, such actions being alleged by students to be unauthorized or unjustified and adversely to affect students' status, rights, or privileges. Student Grievance Procedures have been established to provide safeguards that protect the rights of all concerned parties and insure that grievances are handled fairly. (See Appendix I in this Catalog). These procedures are one channel for solving problems, however they should not take the place of negotiating in good faith or open, honest communication.

Copies of the Student Grievance Procedures are available in SA 108 or at http://www.calstatela.edu/univ/stuaffrs/jao/

Student Rights and Responsibilities

Copies of this document are available in SA 108 or at http://www.calstatela.edu/univ/stuaffrs/jao/

Intellectual Property

The CSU Chancellor’s office defines Intellectual Property as: Unauthorized recording, dissemination, and publication of academic presentations for commercial purposes. This prohibition applies to a recording made in any medium, including, but not limited to, handwritten or typewritten class notes.

1. The term "academic presentation" means any lecture, speech, performance, exhibition, or other form of academic or aesthetic presentation, made by an instructor of record as part of an authorized course of instruction that is not fixed in a tangible medium of expression.

2. The term "commercial purpose" means any purpose that has financial or economic gain as an objective.

3. "Instructor of record" means any teacher or staff member employed to teach courses and authorize credit for the successful completion of courses. (See the Student Discipline Policy, Appendix E.)

Policy on the Prohibition of Sexual Harassment

California State University, Los Angeles, will take action to prevent and eliminate sexual harassment, as mandated by Chancellor’s Executive Order No. 927.

Sexual harassment is conduct subject to disciplinary action, including termination. Sexual harassment* includes but is not limited to:

- Unwanted sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature.

- Any act that contributes to a workplace or learning environment that is hostile, intimidating, offensive, or
adverse to persons because of the sexual nature of the conduct.

- Conditioning an act, decision, evaluation, or recommendation on the submission to or tolerance of any act of a sexual nature.

Although this policy focuses on the treatment of persons lacking or holding lesser authority by persons possessing greater authority, it does not preclude the possibility that sexual harassment may also be perpetrated by persons lacking or holding lesser authority, e.g., employees, students, or applicants. In determining whether conduct constitutes sexual harassment, the circumstances surrounding the conduct are considered.

The prohibition against sexual harassment applies to all transactions of University business, whether on or off campus.

Individuals with supervisory authority are responsible for reporting a formal complaint about sexual harassment to the Office for Equity and Diversity. Failure to do so may lead to appropriate administrative action.

Specific rules and procedures for reporting charges of sexual harassment and for pursuing available remedies are available in the following locations: Office for Human Resources Management, Office for Equity and Diversity; Office of the Vice President for Student Affairs; University Counseling Center; and Women’s Resource Center.

For questions about sexual harassment, please contact the Office for Equity and Diversity, Administration 606, (323) 343-3040.

*The parameters of “sexual harassment” are legally defined by State and Federal statutes and Court decisions. While the policy set forth above describes actions, which fall generally within the scope of “sexual harassment,” all CSU employees and students are required to conduct themselves in a manner that avoids sexual harassment as defined by State and Federal law.

SEXUAL HARASSMENT COMPLAINT:
If you feel you have experienced sexual harassment, please make your concern known. You may file a complaint with the Office for Equity and Diversity located in Administration 606 or contact the Office at (323) 343-3040.

Your concerns will be investigated promptly, thoroughly, and objectively. If corrective action is appropriate, it will be taken. No action will be taken against you for filing your complaint, so long as you believe the complaint to be valid.

APPEAL PROCEDURES:
- If a complainant is not satisfied with the outcome of the complaint process described above, he/she may file a written appeal with the President or the President’s designee within five (5) working days of receipt of the decision from the Equity and Diversity Specialist. The appeal shall outline the basis upon which the complainant believes the appeal should be granted.
- The President or the President’s designee will acknowledge receipt of the appeal within five (5) working days and, within twenty (20) working days, provide a written decision to the complainant and respondent. The President’s decision will be the final University decision.

Compliance with Americans with Disabilities Act (ADA)
California State University, Los Angeles, does not permit discrimination on the basis of disability in admission to, access to, or operation of its instruction, programs, services, or activities, or in its hiring and employment practices. Also, the University does not permit harassment based on a protected disability. In addition, the University does not permit discrimination or harassment based on an applicant’s, employee’s, or student’s relationship with or association with anyone with a known protected disability.

Upon request, the University will consider reasonable accommodation(s) when needed to facilitate the participation of persons with protected disabilities. Reasonable accommodations will be considered to permit individuals with protected disabilities to: (a) complete the admission/employment process; (b) perform essential job functions; (c) participate in instruction, programs, services or activities; and, (d) enjoy other benefits and privileges of similarly-situated individuals without disabilities.

Questions, concerns, complaints and requests for reasonable accommodation or additional information may be forwarded to the Office for Equity and Diversity, the campus office assigned responsibility for compliance with the ADA. The Office for Equity and Diversity is located in Administration 606 and is open Monday through Friday, 8:00 a.m. to 5:00 p.m., (323) 343-3040, or TDD: (323) 343-3670.

Familiarity with the institution's rules and regulations published in this catalog shall be the responsibility of each student and faculty member, and of those administrators concerned with academic matters.
ADA Complaint
If you feel you have experienced discrimination or harassment due to your protected disability in connection with your association with the University, please make your concerns known. You may file a complaint with the Office for Equity and Diversity, located in Administration 606.

Your concerns will be treated carefully, and investigated promptly, thoroughly, and objectively. If corrective action is appropriate, it will be taken. No action will be taken against you for filing your complaint, so long as you believe the complaint to be valid.

Nondiscrimination Statement
California State University, Los Angeles, affirms its commitment to equality of opportunity for all individuals. This commitment requires that no discrimination shall occur in any program or activity of the University on the basis of race, color, religious creed, national origin, sex, ancestry, physical disability (including HIV and AIDS), mental disability, medical condition, pregnancy, age (over 40), marital status; political affiliation, sexual orientation, disabled veteran’s status, Vietnam Era veteran’s status, or any other classification that precludes a person from consideration as an individual. Further, the University’s commitment requires that no retaliation shall occur because an individual filed a complaint of discrimination or in some other way opposed discriminatory practices, or participated in an investigation related to such a complaint. This policy is in accord with Title VII of the Civil Rights Act of 1964, as amended, Title IX of the Educational Amendments of 1972, as amended, Sections 503 and 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Vietnam Era Veterans’ Readjustment Act of 1974, and related administrative regulations and executive orders. Inquiries concerning the application of Title IX, Sections 503 and 504, and other nondiscrimination laws may be referred to the Office for Equity and Diversity (Telephone: [323] 343-3040), the campus office assigned the administrative responsibility of reviewing such matters. Title IX inquiries may also be directed to the Regional Director of the Office for Civil Rights, Region IX, Old Federal Building, 50 United Nations Plaza, Room 239, San Francisco, CA 94102.

Discrimination Complaint
If you feel you have experienced discrimination or harassment due to race, color, religion, national origin, sex, sexual orientation, gender identification, marital status, pregnancy, age, disability, or veteran status in connection with your association with the University, please make your concerns known. You may file a complaint with the Office for Equity and Diversity, located in Administration 606.

Your concerns will be treated carefully and be investigated promptly, thoroughly, and objectively. If corrective action is appropriate, it will be taken. No action will be taken against you for filing your complaint, so long as you believe the complaint to be valid.

Consensual Sexual Relations between Faculty and Students*
(Senate: 7/29/97; President: 12/4/97)
“Sexual relations between students and faculty members with whom they also have an academic or evaluative relationship are fraught with the potential for exploitation. The respect and trust accorded a professor by a student, as well as the power exercised by the professor in an academic or evaluative role, make voluntary consent by the student suspect. Even when both parties initially have consented, the development of a sexual relationship renders both the faculty member and the institution vulnerable to possible later allegations of sexual harassment in light of the significant power differential that exists between faculty members and students.”

“In their relationships with students, members of the faculty are expected to be aware of their professional responsibilities and avoid apparent or actual conflict of interest, favoritism, or bias.”

*the language in quotation marks is the statement that was adopted by the 81st annual meeting of A.A.U.P.

It is unprofessional conduct for a faculty member to engage in any sexual relationship with a student while he or she is enrolled in that faculty member’s class, or if a faculty member is acting in any other capacity that may directly affect the student’s academic career.

Failure to follow these standards will be grounds for investigation for disciplinary action.

Student Use of Human Subjects or Animals
Students, like all others in the University community, must follow established University and federal guidelines when using human subjects or animals either in research or as part of a course activity. Prior approval by either the Institutional Review Board for research involving human subjects or the Institutional Animal Care and Use Committee for research involving animals must be obtained. The committees meet at regularly scheduled times and it is crucial to give notice of the impending research or course use as far in advance as possible.

For further information, please contact the Office of Research and Sponsored Programs (323) 343-5366 or visit its Website at www.calstateLA.edu/academic/orsp.

Immigration Requirements for Licensure
The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193), also known as the Welfare Reform Act, includes provisions to eliminate eligibility for federal and state public benefits for certain categories of lawful immigrants as well as benefits for all illegal immigrants.

Students who will require a professional or commercial license provided by a local, state, or federal government agency in order to engage in an occupation for which the CSU may be training them must meet the immigration requirements of the new Personal Responsibility and Work Opportunity Reconciliation Act to achieve licensure. Information concerning the regulation is available from International Programs and Services (323) 343-3170.

Introductory Comments
California State University, Los Angeles offers the Bachelor of Arts, Bachelor of Music, Bachelor of Science, and Bachelor of Vocational Education degrees. The specific bachelor’s degrees and academic majors are listed below. Minors and certificate programs are also available in many fields, and are also listed below. Full descriptions of each of these programs, including specific information about admission requirements, curriculum, courses of instruction, and graduation requirements is presented either in the chapter Academic Programs: School, Department, Division, and Interdisciplinary-based or in the chapter Academic Programs: College-based and University-wide. Within each chapter, the administrative units offering the academic programs are listed in alphabetical order. There is a Directory of Academic Programs at the beginning of the Directories chapter, near the front of this catalog. Characteristics of the different Bachelor’s degrees and the general degree requirements for all Bachelor’s Degrees at Cal State L.A. are described after the listings immediately below.

In addition, the basic information about undergraduate preparation for California teaching credentials is presented later in this chapter. The undergraduate and postbaccalaureate subject matter portions of each of the teaching credential programs are fully described in the appropriate academic department, division or interdisciplinary programs section of that Academic Programs chapter. All of the basic credential programs, the specialist and administrative credential requirements, and the Postbaccalaureate programs of study which prepare students for these credentials are all described in the Charter College of Education portion of the Academic Programs: College-based and University-wide chapter, with further details available within the Divisional portions of the Academic Programs: School, Department, Division and Interdisciplinary-based chapter.

Students are expected to familiarize themselves with all degree requirements and to consult an academic adviser on a regular basis.

Bachelor’s Degree

Degree Characteristics
The Bachelor of Arts (B.A.) degree is designed to provide a balanced liberal arts education and general knowledge in a recognized discipline, interdisciplinary field, or areas of professional study.

The Bachelor of Science (B.S.) degree is designed to provide a balanced liberal arts education and a scientific, technical, or professional entry level of competence.

The Bachelor of Music (B.M.) degree provides a balanced liberal arts education with additional preparation in musical performance with emphasis on high performance standards.

The Bachelor of Vocational Education (B.V.E.) degree, created through state legislation, is designed specifically for vocational/occupational teachers who are required to have both work and teaching experience.

Degree Requirements
The Bachelor of Arts and Bachelor of Vocational Education degrees each require the satisfactory completion of 180-186 quarter units. The Bachelor of Music degree requires 189 quarter units and the Bachelor of Science degree unit requirement varies from 180 to 204 units, as specified individually for each degree program. Included in the total unit requirement for each of these degrees is a minimum of 72 units of general education courses, including the units necessary to complete mandatory requirements for the U.S. Constitution and American History, 12 units in an upper division theme, and 12 units in residence at Cal State L.A. For each degree a minimum of 60 quarter units must carry upper division credit (courses numbered 300–499). Courses numbered above 499 are intended for graduate students only and are not applicable toward bachelor’s degrees.

Catalog Requirements Under Which an Undergraduate Student Graduates
Unless exception is requested under one of the provisions below, students enrolling at Cal State L.A. for the first time must meet degree requirements specified in the catalog in effect at the time of entrance. The catalog date is specified on each student’s credit summary.

Baccalaureate students who remain in attendance in regular sessions at any California State University campus, any California community college, or any combination of California community colleges and CSU campuses and thereafter at Cal State L.A. may elect to meet Cal State L.A. graduation requirements in effect at the time they began such attendance, at the time they entered Cal State L.A., or at the time of graduation from Cal State L.A. In this context, attendance means attendance in at least one semester or two quarters each calendar year, excluding summer session, extension, and concurrent enrollment in Cal State L.A. courses. Absence due to approved educational leave or for attendance at another accredited institution of higher learning shall not be considered an interruption in attendance if the interruption does not exceed two years. Disqualified students retain their existing catalog privileges under the conditions outlined above.

All other transfer students and students who have not remained in attendance as described above will be held to Cal State L.A. graduation requirements in effect at the beginning of their most recent period of attendance at Cal State L.A. or, alternatively, at the time of graduation. Students who change to a new degree and/or major objective must meet requirements for the new degree and/or major in the catalog in effect at the time of change. If courses described under earlier requirements are no longer available, the major department or division may authorize or require appropriate substitutes.

General Education is an integral component of the requirements for the bachelor’s degree. Students who remain in attendance as defined above normally will meet General Education requirements listed in the catalog in effect at time of entrance. However, they may elect to meet General Education requirements in the catalog in effect either at the time of entrance or graduation, and need not meet major requirements from the same catalog. If courses described under earlier requirements are no longer available, appropriate substitutes must be selected from the current list of courses approved for the area involved.

Time Limits on Major Requirements for Bachelor’s Degrees
A department, division or school may specify that no subject, unit, or grade credit be granted for specific upper division courses offered by that department, division or school to students who completed such courses more than ten years before the date of their bachelor’s degree. Courses with time limits are designated in the course descriptions in this catalog and on the major program advisement sheets submitted by each student’s major department, division or school to the Graduation Office. When a Cal State L.A. course is so designated, the restriction also applies to equivalent courses transferred from other institutions. Students may petition for and, in extraordinary circumstances, the major departments, divisions, and schools may grant permission to validate by examination such an expired course with the concurrence of the department, division or school that offers the course or its equivalent. For all requirements, election of any catalog will not extend beyond ten years after its designated academic year.

Residence Requirement
Undergraduate students must complete a minimum of 45 quarter units, including at least 36 upper division units, 18 units in the major, and 12 units in general education courses, in residence at Cal State L.A. for the baccalaureate. Credit earned in special sessions may be applied toward this residence requirement. However, only 36 residence units may be earned through Open University. Credit earned in extension courses or by examination may not apply toward the residence requirement.

Scholarship Requirements
In addition to meeting total unit requirements for graduation, students must also satisfy specific scholarship requirements. These include achievement of a minimum 2.0 grade point average (C on a scale in which A=4.0) in all units attempted, including those accepted by transfer from another institution.
all courses required for the major, all courses used to meet General Education requirements, and all units attempted at Cal State L.A.

**Introduction to Higher Education Course Requirement**

NOTE: This requirement must be completed no later than the second quarter of attendance at Cal State L.A. All undergraduate students who do not have a bachelor’s degree and enter Cal State L.A. Fall 1997 or later, and who are subject to the 1997 and later GE requirements, are required to complete an introduction to higher education course. Freshmen meet this requirement by enrolling in a 100-level course offered by the college that offers the student's major. Undergraduate transfer students who entered Cal State L.A. Fall, 1999 or later and who are subject to the 1997 and later GE requirements are required to complete a Transition to Cal State L.A. course (300 level) offered by the college that offers the student's major. These courses, which must be completed no later than the second quarter of residence at Cal State L.A., introduce students to the following aspects of the University: History, structure, policies and procedures, faculty expectations, resources and skills necessary for success, and content specific to disciplines in the college that offers the student's major. Special sections of the courses, organized at the University level, are offered for undeclared students. Students should consult their academic advisers before enrolling in the courses.

**Graduation Requirement in Writing Proficiency**

All students must demonstrate competency in writing skills as a requirement for graduation. Information on currently available ways to meet this graduation requirement may be obtained from the University Writing Center, located in the Library, Rm. 2097, (323) 343-5350.

**Lower Division Writing Requirement**

The English Placement Test (EPT), described in the Admission chapter of this catalog, must be taken before enrolling in any courses at Cal State L.A. The EPT is prerequisite to all lower division English writing courses.

All baccalaureate students who enter Cal State L.A. Summer 1993 or later, and who are subject to requirements of the 1993-95 or later general education catalog, are required to take two quarters of English composition (ENGL 101 and 102), which must be taken in sequence. Students entering Cal State L.A. as freshmen must complete these courses before they reach upper division standing (90 quarter units). Transfer students entering above the freshman level who are required to take one or both of these composition courses must do so before they complete 45 quarter units at Cal State L.A. Only the first of the two courses (ENGL 101) is applied to General Education. The second course (ENGL 102) is prerequisite to UNIV 400 (WPE).

**Upper Division Writing Requirements**

**WPE/GWAR**

All Cal State L.A. students who entered Summer 1984 or later and are pursuing a degree or credential must satisfy the Graduation Writing Assessment Requirement (GWAR) by passing the Writing Proficiency Examination (WPE). Students must first pass ENGL 101 and 102 (or their equivalents) with a minimum grade of C prior to taking the WPE. The WPE must be taken and passed prior to completion of the 135 quarter units. Transfer students who have completed 135 units upon entrance must pass the WPE during their first quarter of residence at Cal State L.A. Students who have satisfied the upper division writing proficiency requirement at another CSU campus shall be considered to have met the Cal State L.A. requirement.

Students who fail to take and pass the WPE within the required time limit of 135 units will have a hold placed on their records, which will preclude them from enrolling in any courses until the WPE requirement is satisfied. Students who receive a No Credit (NC) grade on the WPE must meet with a WPE consultant in the University Writing Center to discuss deficiencies identified by the exam and receive recommendations of activities to correct these deficiencies. Based on the recommendations from the WPE consultant, students may re-take the WPE or enroll in UNIV 401, the upper division writing proficiency course.

To take the WPE, students must register for UNIV 400 by the add deadline of each quarter. Additional information about the WPE is available in the Schedule of Classes and at the University Testing Center.

The postbaccalaureate writing skills requirement—for students pursuing graduate degrees and credentials—is described in the Graduate and Postbaccalaureate Study: General Information chapter.

**Summary of Bachelor’s Degree Requirements**

<table>
<thead>
<tr>
<th>Total units required for degrees:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bachelor of Arts (B.A.)</td>
</tr>
<tr>
<td>Bachelor of Music (B.M.)</td>
</tr>
<tr>
<td>Bachelor of Science (B.S.)</td>
</tr>
<tr>
<td>Bachelor of Vocational Education (B.V.E.)</td>
</tr>
</tbody>
</table>

**Writing skills requirements (for all Bachelor’s Degrees):**

- a minimum grade of “C” in ENGL 101 and 102, and a passing score on the Writing Proficiency Examination (WPE) OR a minimum grade of “C” in UNIV 401, and a minimum grade of “C” in an upper division writing course designated by the major.

**Grade point average:** *

Minimum C (2.0) average in:

- all college work attempted
- all courses attempted at Cal State L.A.
- all general education courses
- all courses required for major**

* Students receive no credit for any course in which they do not earn a passing grade -- i.e., D- or higher.

** Some majors require a minimum C grade in each course that is used to fulfill major requirements.
Preliminary Evaluation of College Work Completed Elsewhere

College work completed elsewhere is evaluated in terms of its relevance to Cal State L.A. course offerings and degree requirements. Preliminary evaluation information is sent to all new transfer and readmitted students at the time of notification of eligibility for admission to the University. A complete evaluation of transfer work is mailed to all new transfer and readmitted students during their first quarter of attendance. The evaluation identifies general education and graduation requirements met by transfer courses and transfer unit credit accepted. For readmitted students, it also identifies general education and graduation requirements met by Cal State L.A. courses. Students should review their evaluation carefully, consult their academic department promptly if they do not agree with or fully understand all information on the evaluation, and keep it in a safe place for easy reference. Determination of the catalog governing graduation requirements is explained below.

Special Major for the Bachelor’s Degree

The Bachelor of Arts or Bachelor of Science degree with a Special Major allows selected students an opportunity to pursue individualized programs of study if their academic and professional goals cannot be met through existing degree programs, or combinations of programs (i.e., majors, minors, etc.), at Cal State L.A. or other CSU campuses. The Special Major consists of a program of study in two or more disciplines developed in consultation with faculty members from the respective departments. See the University Programs section of the Academic Programs: College-based and University-wide chapter for details about these degree programs.

Multiple Majors and/or Degrees

Students may earn the same or different baccalaureate degree(s), e.g., a B.A. with multiple majors, or B.A. and B.S. degrees, if the requirements for each of the multiple majors leading to the degree(s) are completed in the same quarter. Students may also earn a baccalaureate and graduate degree, e.g. B.A. and M.S. degrees, or B.S. and M.A. degrees, if the requirements for each of the multiple degrees are completed in the same quarter.

Students who wish to have multiple majors and/or degrees listed on their diploma and transcript must:

- Fulfill department/division/school requirements in the multiple majors and/or degrees;
- File a request endorsed by the multiple departments, divisions, and/or schools; and
- Be approved and recommended for graduation by the faculty of each major department, division or school granting the majors and/or degree(s)

Second Baccalaureate

Students seeking a second baccalaureate from Cal State L.A. may qualify for graduation with the approval and recommendation of the faculty upon completion of the following:

1. Residence and scholarship requirements then in effect;
2. A major program as specified by the major department;
3. Completion of a minimum of 45 quarter units in residence beyond the requirements of the first degree. The 45 quarter units in residence must include at least 36 units in upper division courses, at least 18 units in the second academic major and 12 units in general education if applicable;
4. General education requirements as appropriate;

A) A student completing a baccalaureate program at Cal State L.A. who remains in continuous attendance will not be required to complete additional G.E. requirements for the second baccalaureate degree.

B) A student who has completed a baccalaureate program at Cal State L.A. who returns to complete a second baccalaureate degree will be required to complete 12 units of upper division G.E. units if this requirement was not satisfied with the first degree. A student must complete two G.E. courses designated as “diversity” courses that can be counted as part of the 12 units of upper division G.E. requirements.

C) A student who completes a baccalaureate degree from another accredited institution will be required to complete the following G.E. requirements if they were not completed as part of the first degree:

i. Breadth requirements of Executive Order 595, i.e. 16 units in each of the three areas (including 4 upper division units in each) of natural sciences and mathematics, humanities, and social sciences. Course by course articulation or comparability will not be required. Sub-blocks (B1, B2, B3) will not be considered, i.e., the G.E. block as a whole will be evaluated.

ii. Statutory requirements, i.e., U.S. History and California state and local government.

iii. Diversity requirement, i.e., completing two G.E. courses designated as “diversity” courses.
5. Any University requirements not previously satisfied (e.g., ENGL 102, WPE).

Units included in a second baccalaureate program may not be applied to a graduate degree. Candidates for second baccalaureates are eligible for the Dean's List and other academic honors based on the same criteria as candidates for first degrees. A second baccalaureate candidate may graduate with honors according to the same criteria as candidates for first degrees, with the grade point average computed on all units attempted in residence at Cal State L.A.

Minors
Although a minor is not required for a baccalaureate, minors are available in many fields for the purpose of strengthening students' preparation in areas related to the major field or to career choices. A minor may not be taken in the same subject as the major.

A minor consists of a formal aggregate of courses totaling 18 or more quarter units, of which at least 12 units must be upper division and taken in residence at Cal State L.A. A minimum C (2.0) grade point average is required on all course work taken to complete the minor program. The minor will be noted on the student's transcript if the individual program has been approved by the offering department, division or school and is completed at the same time as the work for the degree itself. Requirements for the minor must be completed either before or simultaneously with requirements for the degree. Minors will not be granted if any requirement of the minor is completed after requirements for the degree.

Interested students should consult an adviser in the department, division or school offering the minor of their choice. A list of the approved minors appears at the beginning of this chapter.

Undergraduate
Credit for Graduate Courses
Under extraordinary academic circumstances as specified below, the University Curriculum Subcommittee may approve the granting of baccalaureate credit for 500-level course work to a maximum of two courses not to exceed a total of 8 quarter units. The following conditions must be met:

- Senior standing at the time of petition (completion of 135 quarter units);
- grade point average of 3.5 in the major;
- submission of a petition to the Curriculum Subcommittee at least one full quarter in advance of the quarter in which the courses are to be taken; and
- submission of a letter of recommendation from the instructor of the 500-level course(s), endorsed by the chair of the student's major department, division or school and by the chair of the host department, division or school if the proposed course is not in the student's major department, division or school.

Graduate Credit
for Undergraduate Students
Except for provisions for outstanding seniors described above and for vocational teachers enrolled for the community college credential and the BVE degree, graduate course credit may not be applied toward a baccalaureate. In their final quarter of undergraduate study, students may apply toward graduate credit a maximum of eight units in courses beyond the minimum requirements for the baccalaureate, provided they have maintained a minimum 2.5 grade point average in all upper division work. Students with a 3.0 average or higher may include in this allowance one 500-level course. Any course for which graduate credit is requested must be approved in advance by the graduate adviser in the department, division or school in which the master's degree is to be taken.

The approved application must be delivered to the Graduation Office, Administration 409, during the quarter before that in which courses are to be taken. Graduate credit is allowed for courses numbered in the 400 and 500-series only.

Application
for Graduation (Degree Check)
Once a minimum of 135-quarter units is earned, students may apply for graduation. Application for graduation (degree check) is made on a form available at the Cal State L.A. Graduation Office Website, academic department/division/school, the college advisement centers and at Enrollment Services in Administration 146. These forms are available five days prior to the application filing period. Candidates take their completed application form for payment to the Cashiers Office. Once payment is made, candidates take their application to their department, division or school for approval and processing. Filing periods are published in the Graduation Information section of the Schedule of Classes.

Students arrange to meet with their faculty adviser who will complete the Bachelors Degree Worksheet and approve the candidate's major program. The department, division or school will forward all documentation to the Graduation office for processing. The Graduation Office notifies students of the receipt of their graduation application and supporting documents.

Graduation check results are sent to the students in the mail prior to their final anticipated quarter. Students who are enrolled in the quarter they expect to graduate but do not complete all degree requirements will have their graduation application "automatically" transferred to the following quarter for processing. All questions regarding the graduation check or final results are to be directed to the student's major department, division or school.

Degrees dates are posted at the end of the quarter in which all requirements are met.

Commencement Exercises
Commencement is held annually at the end of the Spring Quarter. Students who have completed degree requirements in Fall and those applying for graduation Winter, Spring and Summer Quarters are eligible to participate in the ceremony. Information bulletins about commencement activities are mailed to the home address of those eligible to participate early in the spring, and are available on campus at college, department, division, and school offices and Administration 146 and 409.

During Commencement Exercises, degrees are conferred on the candidates by the President of the University. Although each candidate receives a diploma cover during the program, the actual diploma is sent several months later. A few weeks after graduation, eligible candidates receive a letter of congratulations in the mail and degrees are posted on their permanent academic records.
Credit for Prior Experiential Learning (CPEL)
Through the CPEL program, Cal State L.A. grants up to 12 units of undergraduate academic credit for prior learning, knowledge, or skills-based experience that has been documented and evaluated according to campus policy. Students should be aware, however, that policies for earning credit for prior learning vary among CSU campuses. See the University-wide programs section of the Academic Programs: College-based and University-wide chapter for more details about this program.

Cooperative Education
Cal State L.A. offers a range of Cooperative Education courses carrying different unit values. The Cooperative Education program provides educational enhancement by integrating classroom studies with related on-the-job experiences. With department, division or school approval, students may earn a maximum of 12 quarter units of elective credit toward an academic major or minor, including a maximum of 9 transferred quarter units. A maximum of 16 quarter units earned in cooperative education may apply toward a baccalaureate. With department, division or school approval, from 1 to 4 units of credit can be earned per quarter, based upon a minimum 10 hours per week of approved work experience for each unit of credit. Cooperative education may be offered in any department, division or school. For details see the University-wide section of the Academic Programs: College-based and University-wide chapter.

Internship in Public Service
The Internship in Public Service program combines individual instruction with practical experience in government agencies and quasi-public enterprises. Although enrollment usually is restricted to Political Science majors, non-majors with appropriate background and preparation may apply. The program operates similarly to the Cooperative Education program, except that the maximum 6 units earned may apply only to upper division free elective credit rather than toward the major. A qualifying civil service examination is required for admission to some internship programs. Information about opportunities and qualifications may be obtained from the coordinator in the Political Science Department.
The General Education Program

Introduction
The California State University (CSU) requires that each baccalaureate graduate have completed a program of general education breadth requirements in addition to a major program of study. The general education program is designed to ensure that graduates “have made noteworthy progress toward becoming truly educated persons.” Although the general areas of study and minimum unit requirements within them are prescribed by the CSU Board of Trustees, the individual campuses are given the authority to set course requirements within those areas, to add other requirements, and to enact other regulations. California State University, Los Angeles has designed its general education program within these guidelines.

Each baccalaureate student who entered Cal State L.A. Fall 1998 or later and who is subject to requirements in the 1998–1999 or any later catalog shall complete the general education program described below. Students who entered Cal State L.A. in Summer 1987 or after must complete the program with a minimum C (2.0) average and a minimum C grade in all basic subjects courses.

It is essential that students plan their general education programs with the help of an academic adviser. Please consult the current Schedule of Classes for specific information about distribution requirements, unit requirements, and current general education courses. General requirements include a minimum of 72 quarter units to be selected in accordance with the specified distributions among the designated categories. At least 12 units of upper division course work must be included and selected from the list of approved upper division theme courses. Courses used to meet upper division general education requirements may not be used to meet requirements for a major. All students must complete a minimum of 12 quarter units of general education courses in residence at Cal State L.A.

Departments, divisions, and schools that require of their majors specific courses that are certified by the offering department, division or school as at least equivalent to the general education courses in a given subject may permit approved G.E. replacements courses. Students should consult a department/division/school adviser or college-based advisement centers for the approved list of G.E. replacement courses.

Certification of General Education
Under the provisions that govern general education within the CSU, regionally accredited, participating colleges and universities may certify the completion of a portion of the 48 semester (72 quarter) units required in general education. Cal State L.A. will accept up to 39 semester (60 quarter) units of course work certified by another authorized institution. However, such acceptance is limited to the number of units required in each area and to a maximum of 30 semester (45 quarter) units in Areas B through D. Course work completed by students whose general education requirements are not certified by the transfer institution is evaluated in terms of Cal State L.A.’s current general education requirements.

Students are cautioned that certification is not automatic; each student must request it. In addition, all participating colleges and universities have their own policies governing certification. Students are strongly advised to read their college or university catalog carefully and to consult a counselor for details about individual regulations and restrictions.

Students who transfer to Cal State L.A. who were certified as having completed the lower division general education requirements under previous requirements but who have not maintained continuous attendance must complete Cal State L.A.’s upper division general education requirements.

Philosophy and Goals of the General Education Program
The General Education program enriches the lives of students as they acquire knowledge, learn to think critically, and use methodologies of the various disciplines. Students also learn to prepare for participation in a democracy, to appreciate a sense of shared cultural heritage, and to understand the environment. Students experience self-discovery and personal growth and recognize them as lifelong processes.

General Education Mission Statement
General education is a critical component of students’ academic and personal development. The General Education program endeavors to develop the following three separate, but related and equally important, qualities in our students:

1. A knowledge and understanding of themselves, their social and natural environment and a wide range of cultural achievements.

General education courses provide students with an opportunity to acquire knowledge about their own bodies and minds and about humankind’s common heritage and cultural achievements. The General Education program also enables students to develop global perspectives; to develop common commitments and mutual respect among diverse social, cultural and ethnic groups; to establish an understanding of the biological and physical aspects of the world and the universe; and to nurture an understanding of environmental responsibilities.

2. A firm command of communication and analytical skills.

The General Education program develops the ability of students to think clearly and logically, to find and examine information, to communicate effectively in oral and written form, and to perform quantitative analysis. The General Education program also cultivates the students’ ability to reason critically, to solve problems creatively and to understand the major methods of intellectual inquiry.

3. A moral commitment to their fellow human beings and an awareness of ethical and social concerns.

The General Education program emphasizes the interdependence of individuals with the human community and the natural world by focusing on the knowledge, experiences, relationships, and ethical concerns common to all people. In affirming the community’s claim on its individual members, general education courses explore shared and diverse cultural heritages and an agenda of common and pressing contemporary problems, cultivate mutual responsibilities to the commonwealth, and stimulate commitments to moral values and ethical behavior. Consistent with the mission of the University, the purposes of general education are to provide a knowledge and understanding of common problems, experiences and
traditions that will enhance students’ participation in a culturally diverse global society, and to provide an assessment of finite resources, mutual human needs and values.

**The Goals of the General Education Program**

General education at Cal State L.A. is devoted to a number of basic goals, which include:

1. Developing awareness of the sense of community and global interdependence of human experience and of the concomitant ethical responsibilities to fellow human beings.

The General Education program is designed to help students achieve a sense of the essential relationship of self to the community and environment with emphasis on their responsibilities to human society. Group and individualized experiences that encourage ethical behavior should be a part of the general education program.

2. Fostering intellectual curiosity and an appreciation of the major discoveries and achievements in the arts, letters, natural and social sciences, technology, and other major academic disciplines.

The General Education program is designed to stimulate curiosity for knowledge and excitement for lifelong learning. The nature of the courses and experiences in the program are planned to encourage students’ interest in diverse aspects of education. The faculty is committed to offering students unique classroom opportunities and to challenging them to continue to study and learn long after course requirements are met. The General Education program includes an historical awareness of the major developments in the human experience as well as a contemporary awareness of the applications of new technologies which will play an increasingly important role in life.

3. Achieving competence in basic skills.

The General Education program is designed to ensure that students master basic communication, critical thinking and quantitative skills so that they may achieve academic excellence. In meeting this goal, the General Education program pays special attention to the multicultural nature of the Cal State L.A. campus community and to the needs of students who are limited in English language proficiency. Language development instruction is an integral part of general education at Cal State L.A. The General Education program at Cal State L.A. places an emphasis on developing competence in the English language through its curriculum.

4. Recognizing and appreciating the multicultural nature of human existence in general and of American society in particular.

The General Education program is designed to encourage students to develop appreciation for the multicultural dimensions of life in California, the nation, and the world.

Uniquely on this campus, faculty draw upon the special expertise and the abundance of multicultural experiences of the student population in cultivating this cultural awareness. The General Education program offers students the opportunity to recognize the rich heritage and socially diverse environment of California and of the nation. The program also enables students to become aware of universal experiences that are part of all cultures as well as the varieties of value systems that are in operation in today’s global society.

5. Developing an appreciation of a shared and diverse cultural heritage and cultivating an awareness of contemporary world and its problems.

The General Education program provides for its diverse student body a familiarity with and a critical appraisal of American culture and its historical roots and antecedents. Students assess critically the impact and influence of American tradition, which includes the political, economic, social and communication systems, as well as the artistic and literary heritage, on the contemporary world.

**The Structure of the General Education Program**

The general education breadth requirements are structured so that introductory courses are taken prior to participation in integrative experiences. Students are expected to complete the general education requirements in written and oral communication, critical thinking, and mathematics, and general education prerequisite courses before enrolling in any upper division general education theme course. All courses approved for general education credit, including those lower division courses that also earn credit toward a major, are mandated to require the practice of writing in English including, where appropriate, library assignments. Evaluation of writing is included in all courses.

All baccalaureate students who enter Cal State L.A. Fall Quarter 1998 or later and who are subject to 1998-99 or later requirements shall complete the General Education program described below, in consultation with a faculty adviser. The requirements include a minimum of 60 lower division units and 12 upper division units, selected from approved themes, for a total of 72 units. In addition, at least 12 of the total 72 units must be earned at Cal State L.A. Students must complete two diversity courses which may be completed at either the lower or upper division level of the General Education program. Students are urged to consult an academic adviser in their major department/division/school or college-based advisement center in selecting general education courses. All students who are subject to the requirements of the 1987-89 or later catalog must earn a C average in their General Education program and minimum C grades (2.0 G.P.A.) in all Block A (basic subjects) courses. A grade of “C-” is not acceptable. All basic subjects must be completed within the first 45 units counted toward the baccalaureate degree.
Configuration Of “Blocks” Of G. E. Courses

A. BASIC SUBJECTS (16 units) One course from each area.
   1. Written Communication* (4 units)  
   2. Oral Communication (4 units)  
   3. Critical Thinking (4 units)  
   4. Mathematical Concepts and Quantitative Reasoning (4 units)

   A minimum C grade in all basic subjects courses is required of all students.

AMERICAN INSTITUTIONS (Minimum of 8 units)
   U.S. History  
   U.S. Constitution  
   State/Local Government

   All three areas must be met: POLS 150 meets both U.S. Constitution and State/Local Government.

B. NATURAL SCIENCES: 8 or 12 units from 2 or 3 different areas, based on the classification of the student’s major as listed below. A Biological and a Physical Science course with lab are required of all students. The third required course is an applied Natural Science course.
   1. Biological Science with lab (4 units)  
   2. Physical Science with lab (4 units)
   3. Applied Natural Science course (4 units)

C. HUMANITIES: 8 or 12 units from 2 or 3 different areas, based on the classification of the student’s major as listed below. Students must take either 8 units from 2 different areas or 12 units from 3 different areas. An integrated Humanities course may count as one of the area requirements.
   1. Literature and Drama  
   2. Arts  
   3. Philosophy and Religious Studies  
   4. Languages Other than English  
   5. Integrated Humanities course

D. SOCIAL SCIENCES: 8 or 12 units from 2 or 3 different disciplines, based on the classification of the student’s major as listed below. Students must take either 8 units from 2 different disciplines or 12 units from 3 different disciplines. An integrated Social Science course may count as one of the required courses.

E. LIFELONG UNDERSTANDING AND SELF-DEVELOPMENT (4 units)

F. UPPER DIVISION THEME (12 units)

   Students must complete one course in each of the three discipline areas (Natural Sciences and Mathematics, Social Sciences, and Humanities) as required in a theme. Completion of basic subjects requirements (Block A) and at least one course each from blocks B, C, and D are prerequisites to all upper division theme courses.

G. DIVERSITY REQUIREMENT (2 courses)

   Students must complete two courses certified as diversity courses. These courses may be completed at either the lower division or upper division level from among courses satisfying general education requirements in blocks C, D, E, and F. Diversity courses are designated with a (d) by each course. Diversity courses are required for students who are subject to Fall 1998 or later GE requirements.

*All students who entered Cal State L.A. Summer 1993 or later and who are subject to requirements in the 1993-95 or any later catalog are required to have two courses (ENGL 101 and 102 - 8 units) in Written Communication; however, only the first of the two courses (ENGL 101 - 4 units) is applied to General Education. Both courses must be completed with a C or higher grade.

**G.E. Classification Of Majors**

The Information Provided Below Will Assist You in Determining the Number of Units You Must Take in Natural Sciences (Block B), Humanities (Block C) and Social Sciences (Block D) Based on Your Major. GE Courses are Listed in the General Education Lower Division Course Table on the Opposing Page.

**Natural Science-based Majors** - 8 Units in Block B, 12 Units in Block C and 12 Units in Block D

Students majoring in the following programs must take 8 units of natural sciences (biological and physical, each with lab – B1 and B2), 12 units of humanities, and 12 units of social sciences. Students majoring in biological science-based fields must take one physical science general education course and one other natural science G.E. course. Students majoring in physical science-based fields must take one biological science-based general education course and one other natural science G.E. course.

- Biochemistry (B.S.)
- Biology (B.S.)
- Chemistry (B.A., B.S.)
- Computer Science (B.S.)
- Engineering (B.S.)**
- Biochemistry (B.S.)
- Biology (B.S.)
- Chemistry (B.A., B.S.)
- Computer Science (B.S.)
- Engineering (B.S.)**

**Humanities-based Majors** - 12 Units in Block B, 8 Units in Block C and 12 Units in Block D

Students majoring in the following programs must take 12 units of natural sciences (4 units in each of the areas – biological B1, physical B2, and applied natural B3), 8 units of humanities, and 12 units of social sciences. Students majoring in humanities-based fields must take two humanities courses, one of which may be an integrated humanities course.

- Art (B.A.)
- Chinese (B.A.)
- Communication (B.A.)
- English (B.A.)
- French (B.A.)
- Industrial Arts (B.A.)
- Japanese (B.A.)
- Liberal Studies (B.A.)
- Music (B.Mus, B.A.)
- Philosophy (B.A.)
- Spanish (B.A.)
- Television, Film & Media Studies (B.A.)
- Theatre Arts and Dance (B.A.)

**Social Science-based Majors** - 12 Units in Block B, 12 Units in Block C and 8 Units in Block D.

Students majoring in the following programs must take 12 units of natural sciences (4 units in each of the areas – biological B1, physical B2, and applied natural B3), 12 units of humanities, and 8 units of social sciences. Students majoring in social science-based fields must take two social science general education courses, one of which may be an integrated social science course.

- African American Studies (B.A.)
- Anthropology (B.A.)
- Aviation Administration (B.S.)
- Business Administration (B.S.)
- Child Development (B.A.)
- Communicative Disorders (B.A.)
- Computer Information Systems (B.S.)

- Psychology (B.A.)
- Rehabilitation Services (B.S.)
- Social Science (B.A.)
- Social Work (B.A.)
- Sociology (B.A.)
- Vocational Arts (B.V.E.)
- Urban Learning (B.A.)

* Students should choose general education courses in consultation with an academic adviser in their major department, division or school. This is particularly important for science majors whose General Education natural science requirements will differ from the courses listed in the General Education program.

** GE program for Engineering majors is available in the College of Engineering, Computer Science, and Technology. See a faculty adviser for details.
Students are required to complete a 12-unit upper division theme as part of the General Education program. A theme consists of three interrelated courses on the same topic, designed to help students acquire knowledge of topics that are current, enduring, and of significant importance for humanity. Topics are designed to promote: an understanding of oneself and one’s fellow human beings, the social and physical environment, and a wide range of cultural achievements; an understanding of the shared concerns of all people as well as diverse cultural heritages; and an awareness of ethical and social concerns and a cultivation of moral responsibility.

Courses in each theme are distributed among three areas including: Natural Sciences and Mathematics, Social Sciences and Humanities. Students are thereby provided with the perspectives of at least three different disciplines on the theme’s topic and must select one course from each area for the theme selected. Completion of the lower division basic subjects requirement is prerequisite to all upper division theme courses, as well as completion of any additional lower division general education course that may be required as a prerequisite. Courses used to meet upper division general education requirements may not be used for a major. Additionally, students must choose theme courses outside of their major department/division/school unless a departmental/divisional/school waiver has been approved by the General Education Subcommittee.

Students who have completed the upper division theme are deemed to be “G.E. satisfied” at the upper division level. Students will not be held to further upper division G.E. course requirements upon a change of major.

Students may choose from the following themes, in consultation with an adviser.

NOTE: Courses with the course number preceded by the designation (d) indicate those approved to meet the 2-course diversity requirement.

### A. Challenge of Change in the Developing World
This theme explores the dilemmas faced by the peoples of Africa, Asia, the Middle East and Latin America as they struggle to overcome legacies of colonialism and economic dependence. The developing countries are characterized by severe social and cultural tensions, physical complexities and challenges to themselves and the rest of the world. Their current integration into the global economy marks a crucial stage in world history. The natural science courses assess their physical settings, constraints and possibilities; the social science courses analyze social, political and economic processes of change; the humanities component examines the dynamic interplay among the arts, religion and cultural values.

### B. Perspectives On Violence
The Perspectives on Violence theme utilizes a multidisciplinary approach that provides comprehensive investigations, discussions, and the debate about theories, research and conflict/violence reduction strategies relevant to the causes and effects of violent behavior. The theme is structured to increase students' understanding of the nature, causes and complexities of violence in its myriad forms, including the study of how, when, and why it occurs as well as what can be done to reduce it.

### C. Gender in the Diversity of Human Experience
This theme provides an integrated inquiry into the implication of gender, exploring its meaning, significance, and status within the diversity of human experience and representations of sex and gender specific to the multitude of cultures and societies making up the human experience, both historically and today.

Students may meet the general education diversity requirement (2 courses) by completing courses designated as diversity courses at the lower or upper division level from among courses satisfying general education requirements. All courses approved to meet the diversity requirement are designated as (d) by each course.

Students who have completed the upper division theme are deemed to be “G.E. satisfied” at the upper division level. Students will not be held to further upper division G.E. course requirements upon a change of major.

D. Urban Life and Environment
This theme contributes to an understanding of urbanization, its causes and consequences, and the urban experience from a variety of points of view. Courses explore the city as a special kind of human habitat and the relations between social and natural environments. Students gain the tools to comprehend the social, political, economic and cultural complexities of cities and the human and natural forces that shape urban life, experiences and environments.

E. The Diversity of Human Emotions
The Diversity of Human Emotions theme uses emotion as a window into cultures, because emotional diversity reflects the diversity of humankind. As a biological process that is shaped into varieties by culture, emotion is an ideal topic for gaining insights into the social lives of ethnic groups, the genders, and the social classes. The theme emphasizes these dimensions of diversity and portrays not only cultural diversity, but also teaches techniques for control over prejudice, suspicion, antagonism and other emotional states creating conflict among social groups.

F. Human Maturity and Aging Processes and Problems
This theme addresses major life issues that confront individuals in maturity and adulthood. It provides a multidisciplinary approach to the study of human aging through examination of the biological bases of aging, the cultural, social, political and psychological implications of maturity and aging, and the religious, literary and philosophical concepts of age and aging.

G. The Global Environment: Past, Present, and Future
Note: Effective Fall Quarter 2004, Theme G is discontinued. Only students who started Theme G prior to Fall, 2004 may enroll in Theme G courses.

This theme explores how the global environment and its resource have evolved, how the environment works and how humans precipitate, exacerbate, and are affected by global change. The future of humanity within a sustainable world society is addressed. The theme emphasizes the moral responsibilities of individuals in solving environment problems. The interconnectedness of the natural and social sciences and the humanities is stressed in an attempt to understand ourselves and our need to learn from and work with the global environment rather than to conquer it.

H. Race, Diversity, and Justice
“Race, Diversity and Justice” is a theme that integrates the investigation of contemporary issues of racism and social injustice with the goal of understanding what attitudes and behaviors prevent equal treatment for all peoples. This theme presents the conceptual and historical background necessary for responsible and moral judgement, subsequent action, and the embrace of cultural diversity in a world that is composed of many cultures and societies.

Service-Learning Courses

**Service-Learning Definition**
Consistent with the special mission at Cal State L.A. to provide an educational experience that recognizes and takes full advantage of diversity while emphasizing the knowledge, experience and ethical concerns common to all people, service learning at California State University, Los Angeles

- is a teaching and learning strategy that provides students with organized and meaningful learning experience outside the classroom designed to enhance their understanding of information, knowledge and theoretical principles shared in the classroom;
- is also defined as a pedagogical model that links course content with a community service component that is designed to address the needs identified by the community whether local or global; and
- has, as an integral component, the use of reflective activities intended to integrate course content and skills and knowledge with community involvement and to develop or strengthen students' commitment to social responsibility and civic engagement.

Sections of the following courses offer service-learning opportunities. Please consult department/division/school for course offerings.

Teaching Credentials: 
Basic Information on Undergraduate Preparation

Basic Teaching Credentials
The Charter College of Education has a long and successful history of preparing teachers for the challenges of California’s urban classrooms. It is recognized by both the California Commission on Teacher Credentialing (CCTC) and the National Council for the Accreditation of Teacher Education (NCATE) for its exemplary programs.

For students interested in obtaining a Multiple Subject, Education Specialist (Special Education), or Single Subject credential, appropriate degree programs are listed below. Each degree program (or a specific option within it) has been approved by the CCTC for waiver of the subject area examination for the credential indicated. Interested students should consult advisers in both the appropriate academic department and the Charter College of Education.

Multiple Subject Credential Program
The Multiple Subject teaching credential authorizes holders to teach in preschool and kindergarten, grades 1-12, and adult education classes in self-contained classrooms in which all subjects are taught. University internship credential programs are also offered in cooperation with many surrounding school districts.

Single Subject Credential Program
The Single Subject teaching credentials authorize holders to teach in preschool and kindergarten, grades 1-12, and adult education classes in departmentalized classrooms. See Single Subject Credential Areas of Authorization below.

Education Specialist Credential Programs
The approved program at California State University, Los Angeles includes the following programs:

- Internship Credentials in Special Education
- Level I or Preliminary Credentials
- Level II or Professional Specialist Credentials
- Programs that combine a Specialist with a Multiple or Single Subject Credential
- Specialist Program combined with a Master of Arts degree in Special Education

The Education Specialist Credential Programs are also approved by the Commission on Teacher Credentialing to include English Learner Authorization. The following is a list of Education Specialist Credential program areas. The student must also read the advisement material of the Division of Special Education and Counseling and must consult with a faculty adviser.

Early Childhood Special Education: Preparation to work with infants and young children birth-pre-K with disabilities or at-risk, and their families.

Mild/Moderate Disabilities: Preparation to teach students K-12 with mild/moderate learning disabilities, mental retardation, and emotional/behavioral disabilities within the full range of placement options.

Moderate/Severe Disabilities: Preparation to teach students K-12 with moderate/severe disabilities, mental retardation, emotional/behavioral disabilities and multiple disabilities within the full range of placement options.

Physical and Health Impairments: Preparation to teach students birth – 22 years with orthopedic disabilities and other serious health impairments, traumatic brain injury, and multiple disabilities within the full range of placement options.

Visual Impairments and Blindness: Preparation to teach students birth-22 years who are blind or who have low vision, including students with additional disabilities within the full range of placement options.

Note: Candidates are responsible for examinations required by the State of California and may consult the California Commission on Teacher Credentialing website at www.ctc.ca.gov or consult with an advisor for current policies.

Other Specialist Program Areas:

Adapted Physical Education Credential: The Adapted Physical Education Specialist Credential meets the subject matter requirements and entitles the holder to teach adapted physical education in California to individuals between the ages of 3 and 21 years who have exceptional needs.

Clinical Rehabilitative Services Credential: The Clinical Rehabilitative Services Credential with authorizations in Audiology, Language, Speech and Hearing (Special Class Authorization Option), and Orientation and Mobility for the Blind and Visually Impaired training prepares individuals to work with children and adults who have disabilities that necessitate this type of training.

Health Services Credential: School Nurse: This program qualifies nursing professionals for employment as school nurses in California public schools.

Reading/Language Arts Credential: The Reading/Language Arts Credential is designed for teachers who wish to become reading and language arts specialists in public or private schools and clinics in California.

Elementary Subject Matter Teacher Options for the Multiple Subject Credential or Education Specialist (Special Education)
(For Students Interested in Obtaining a Degree Prior to Enrollment in a Credential Program)

All Cal State L.A. students who enter an elementary subject matter preparation program for the Multiple Subject credentials must complete a 112 unit common core as well as general education, major, and other graduation and credential requirements. A grid that contains the common core appears later in this chapter. These core courses also meet lower division general education requirements. Consult a faculty adviser in your major department for further information.
Elementary Subject Matter Preparation Programs for the Multiple Subject or the Education Specialist Credential are offered with the following undergraduate degrees:

- Child Development, B.A., Option II
- Liberal Studies, B.A.
- Mexican-American Studies, B.A.

**Blended Elementary Subject Matter Options.** *(For students interested in obtaining a bachelor’s degree concurrently with their Multiple Subject Credential or Education Specialist Internship Credential)*

Students must complete a 198-unit program which includes specified university, general education, major, additional subject matter, credential and other graduation and credential requirements. A grid labeled “Blended Elementary Subject Matter Option” containing these core requirements appears later in this chapter. The following undergraduate degrees are available:

- Child Development, B.A., Option III
- Liberal Studies, B.A.
- Mexican-American Studies, B.A.
- Urban Learning, B.A. (Pilot Program)

**Subject Matter Preparation for the Single Subject Credential**

Candidates for the California Single Subject teaching credential must verify subject matter competence in their designated teaching field by one of the following methods:

1. completing an approved academic program of course work (or its equivalent) in the selected subject-matter area, or
2. passing the required examination(s) for the subject matter area in which the credential is sought.*

*This option is not available for Physical Education. Please consult the School of Kinesiology and Nutritional Science.

**Single Subject Credential**

**Supplementary Authorizations**

The holder of a multiple subject or a single subject teaching credential issued by the California Commission on Teacher Credentialing may have one or more of the subjects commonly taught in departmentalized classes added to the credential as a supplementary authorization by verifying completion of the requirements specified in Title 5, California Code of Regulations, 80057.5, or 80089, 80089.1, and 80089.2. Supplementary authorizations cannot be issued in any subject that falls within the statutory single subject category of an applicant’s single subject teaching credential.

Contact the Office for Student Services in the Charter College of Education (KH D2078) for information concerning the specific requirements for subjects approved for supplementary authorization and the procedure to apply to the Commission.

Information about additional credential programs appears in the *Graduate and Postbaccalaureate Study: General Information* chapter.
Note: Grade of “C” or higher required in all courses
Only articulated courses will be acceptable for ESM transfer credit, with the exception of GE Block A3

Mexican-American Studies, Child Development, Liberal Studies, Urban Learning (198 units)

Note: A 2.75 is required in the last 90 units for entry into the blended options upon transfer.
**Center for Environmental Analysis-Centers for Research Excellence in Science and Technology (CEA-CREST)**

CEA-CREST aims to conduct innovative environmental research and to increase the number of students from underrepresented backgrounds entering careers in the environmental sciences. The program fosters superb educational experiences by employing graduates and undergraduates in multi-disciplinary research teams tackling significant environmental problems and led by outstanding undergraduates in multi-disciplinary research teams tackling educational experiences by employing graduates and environmental sciences. The program fosters superb underrepresented backgrounds entering careers in the environmental sciences. For further information, contact the CEA-CREST office at (323) 343-5799, e-mail ceacrest@calstatela.edu, or Website http://cea-crest.calstatela.edu.

**Health Careers Advisement Office (HCAO)**

In general, students planning to enter a school of dentistry, medicine, optometry, pharmacy, podiatry, or veterinary medicine should elect a major related to their own interests and include appropriate science courses as part of their major, general education, or electives. Medical schools expect students to show proficiency in English, mathematical reasoning, and fundamentals of physical and biological sciences. Some medical schools also require work in the social sciences, humanities, and a foreign language. Most expect completion of a baccalaureate program. The advisory staff serving preprofessional students in medical and related health fields includes two appointed health science advisers and a supporting group of faculty members in the departments of Biological Sciences, Chemistry and Biochemistry, Physics and Astronomy, and Psychology. Medical sciences advisement and recommendations are coordinated through the Health Careers Advisement Office (HCAO) in King Hall D1044, (323) 343-4689, fax 323-343-4999. Students planning careers in these areas should visit the office for guidance about programs and application procedures, irrespective of their declared major. The staff has prepared a number of brochures that answer most of the students' initial questions about the various health science careers. The center also contains current catalogs for every health science professional school in the United States as well as information about foreign schools, financial aid, and alternative careers.

**Louis Stokes Alliance for Minority Participation (LSAMP)**

LSAMP is a comprehensive, statewide program dedicated to increasing the number of students from underrepresented minority groups (URM) graduating from campuses of the California State University with baccalaureate degrees in science, engineering, and mathematics (SEM) disciplines. It is funded by the National Science Foundation. Initiated in 1994, the CSU-LSAMP Alliance currently consists of 19 campuses of the California State University (CSU), each of which is partnered with at least one California Community College (CCC). In Phase III, a new emphasis has been placed on activities designed to enhance graduate school preparedness of upper division students.

CSU, Los Angeles is partnered with East Los Angeles College and Pasadena City College and currently has the largest LSAMP program with over 700 students participating each year. Eligible majors are biochemistry, biology, chemistry, civil engineering, computer science, electrical engineering, geology, mathematics, mechanical engineering, microbiology, other engineering, and physics. Activities include summer and academic year (AY) workshop to enhance performance in specific math and science courses; AY or summer SEM research experiences; AY or summer internships; GRE preparation workshops; participation in scientific and professional conferences; graduation application assistance; graduate school application assistance; and participation in the CSU-LSAMP Scholars Program.

For further information about the LSAMP program and application forms, contact Dr. Margaret Jefferson, LSAMP Coordinator, Department of Biological Sciences, (323) 343-2059 or lsamp@calstatela.edu.

**Minority Access to Research Careers (MARC)**

The MARC Honors Undergraduate Research Training Program trains up to 10 academically accomplished (B or higher grade point average) natural and behavioral science juniors and seniors who can compete successfully for entry into graduate programs leading to the Ph.D. in the biomedical sciences or an M.D.–Ph.D. degree.

Student fellows perform research under the direction of faculty who are engaged in biomedical research. A stipend is provided for each student fellow. In addition, the program provides payment of student registration fees, funds for research supplies, and a travel allowance for fellows to attend scientific meetings to present research papers. A participant's tenure in the program is two years for trainees entering as juniors and one year for those entering as seniors.

For further information about the MARC program and applications forms, write or phone Dr. Carlos G. Gutiérrez, Director, MARC Program, Department of Chemistry and Biochemistry, (323) 343-2300.

**Minority Biomedical Research Support Program (MBRS)**

Designed to increase the pool of underrepresented minority biomedical scientists, the MBRS provides annual salaries for undergraduate and graduate students to participate in original research projects in collaboration with experienced faculty mentors.

Students are also given excellent opportunities to obtain experience in contemporary and sophisticated biomedical research, a seminar series presented by distinguished scientists, and travel to national and regional scientific meetings. For further information, contact the MBRS office at (323) 343-2395.

**MESA Engineering Program (MEP)**

MEP’s goal is to increase the number of engineering and computer science majors. MEP provides support by building its students into a high-achieving academic community. MEP services include scholarships, counseling, advising, an orientation course, a study center, group study, employment assistance, and pre-professional career development through student organizations. MEP students learn to work cooperatively in a supportive environment. For further information, contact the MEP office, E & T A409, or call (323) 343-4527.
Partnership for Academic Learning and Success (PALS)

PALS is a faculty/student mentoring program designed to enhance the retention of first-time freshman students to meet educational, financial and other challenges associated with beginning college life. Freshmen are paired with peer mentors who are advanced students with similar majors and career interests and are responsible for assisting freshmen in meeting the challenges of the first year of college. PALS is a college based retention program, and faculty coordinators from each of the colleges and the Academic Advisement Center (for students with undeclared majors) are actively involved in the program. Exciting academic programs and cultural and social activities are key elements of the PALS program. For further information, contact the PALS Office, Library, Palmer Wing 1040A, (323) 343-3184.

Computing Facilities

Cal State L.A. provides the latest information technology resources to students, staff and faculty, and houses more than 35 classrooms with networked computers, five large student open access computer labs, two training labs, and many other "smart" classrooms. Students have access to a variety of state-of-the-art computers, with more than 200 software packages, including the latest Web browsers, on every workstation on campus. Access from off-campus - including e-mail, electronic library resources and the Web - is also easy with a student modem pool of more than 100 phone lines. Our sophisticated computer and specialized labs reflect the University's pursuit of academic excellence and the high standards demanded by our students.

Open Access Laboratories

Open Access labs are available to students during daytime, evening, and weekend hours. The labs are staffed by qualified student technology assistants who answer questions and provide assistance.

Further information about the Open Access Computer Labs can be obtained by visiting the computer lab website at http://www.calstatela.edu/oal

Preprofessional Study

Students who wish to prepare for professional study in engineering and the natural sciences, as well as the fields of law, librarianship, or medicine and health sciences will find specialized counseling and advisement at Cal State L.A. Such preprofessional advisement is separate from and in addition to major program advisement. Students are urged to consult current catalogs of professional schools available in the Reference Room of the Library for specific requirements, or to contact the advisement offices named below.

Health-Related Programs

Cal State L.A. offers a wide range of programs in health and health-related fields. These programs have a strong clinical and field placement component at several leading health care facilities and clinics in the metropolitan area to prepare graduates to enter the health field as professionals. Additional information is available from the Coordinator of Health-Related Programs, Biological Sciences 125, (323) 343-2035. Programs and the departments, divisions, and schools that offer them include:
Program | Department or Division | Phone Area Code (323)
--- | --- | ---
Audiology | Communication Disorders | 343-4690
Dietetics | Kinesiology and Nutritional Science | 343-4650
Exercise and Human Performance | Kinesiology and Nutritional Science | 343-4650
Health Care Management | Management | 343-2895
Health Science | Health Science | 343-4740
Microbiology | Biological Sciences | 343-2050
Nursing | Nursing | 343-4700
Nutrition | Kinesiology and Nutritional Science | 343-4650
Physical Education for Exceptional Individuals | Kinesiology and Nutritional Science | 343-4650
Physical Therapy Advising | Kinesiology and Nutritional Science | 343-4650
Preprofessional Program for Medicine, Dentistry, Optometry, Pharmacy, Podiatry and Veterinary Medicine | Health Science Advisement Office | 343-4248
Rehabilitation and Therapeutic Exercise | Kinesiology and Nutritional Science | 343-4650
Rehabilitation Counseling | Special Education and Counseling | 343-4250
Social Work | Social Work | 343-4680
Special Education | Special Education and Counseling | 343-4400
Speech-Language Pathology | Communication Disorders | 343-4690

**Law**

Students considering a career in law may select from a broad range of majors. Law schools are interested in students’ knowledge of human institutions and values and their critical thinking, analytical writing and communication skills. There is no preferred major or course of study at the baccalaureate level. The major should be chosen based upon the student’s interest since a good academic record in a rigorous course of study is more important for admission to law school than the major. Students should be mindful that not everyone is accepted to an accredited law school. Thus, a consideration in selecting a major should be alternative career paths in the event one is not admitted or changes career goals.

As part of the range of majors offered at Cal State L.A., most of which are acceptable for law school admission, there are three options which are specified as prelegal. They are the Prelegal option in the Bachelor of Arts degree in Political Science, the Business Arts-Prelegal option in the Bachelor of Science degree in Business Administration, and the Prelaw option in the Bachelor of Arts degree in Philosophy. Two additional choices are the Prelaw minors offered by the Department of Philosophy and the Department of Political Science.

Prelegal advisement is available in the Departments of Finance and Law, Philosophy, and Political Science. Students interested in a career in law, regardless of major, are encouraged to consult with any of these departments on choice of major and expectations of law schools.

Prelaw students are expected to take the Law School Aptitude Test (LSAT) in the fall quarter of the year preceding their anticipated admission to law school. Application forms may be obtained during the Spring Quarter in the Political Science department office.

**Librarianship**

The field of librarianship provides careers with diverse opportunities and room for personal and professional growth. The information field is growing, and the work of librarians is expanding to keep pace. Every day librarians sift through clues, uncover facts, and help people weave knowledge from threads of information.

Many libraries also have support and paraprofessional positions that do not require a library science degree but offer valuable experience for someone interested in pursuing work in libraries. For more information, write to Library Careers, ALA/OLPR, 50 East Huron Street, Chicago, Illinois 60611.

**Physical Therapy**

The School of Kinesiology and Nutritional Science (schoolkns@calstatela.edu, (323)-343-4650) may be contacted for advisement about undergraduate course work and other requirements for admission to graduate degree programs in physical therapy. Physical therapists evaluate, treat and educate people with the goal of restoring, maintaining, and improving their muscular strength, musculoskeletal flexibility, and neuromuscular coordination. They work in medical, health, and educational settings. Admission criteria usually include specified undergraduate course work completed with an acceptable grade point average, and a specified number of hours of paid or volunteer work in physical therapy settings. Students are urged to look closely at the particular admissions requirements of the colleges to which they plan to apply.

A complete listing of colleges and universities offering graduate degrees in physical therapy is available at the website of the American Physical Therapy Association www.apta.org, or write the organization at 111 North Fairfax Street, Alexandria, VA 22314; phone (703)-684-APTA.

**Credit Certificate Programs**

Certificate programs are designed to augment University curricula by providing specialized instruction and training within a field. These programs usually require significantly fewer units than a degree major. An undergraduate credit certificate program must contain a minimum of 24 quarter units and a graduate level program, 16 units. Normally, courses in certificate programs will be upper division or graduate level, except for prerequisites. Students may transfer from another institution no more than one quarter of the total units required for a certificate (75% of the course work must be completed at
Cal State L.A.). A maximum of one quarter (25%) of the total units required for a certificate may be devoted to internships or independent study, or a combination of both. The minimum grade point average required for completion of an undergraduate credit certificate program is C (2.0), and for postbaccalaureate certificates, B (3.0). These grade point average requirements do not pertain to noncredit certificate programs. A Certificate of Completion is awarded upon successful completion of the program requirements. Some certificates are offered within degree majors and can be applied toward a baccalaureate or a master’s degree; others are offered through Extended Education with the certificate being the main goal.

Cal State L.A. offers the following credit certificate programs that are open to qualified undergraduate students. Additional postbaccalaureate and graduate level programs are listed in the Graduate and Postbaccalaureate Study chapter. Individual certificate program requirements and required courses appear in the program listings of the academic departments, divisions, schools and colleges that offer them.

**Accounting**
Offered by the Department of Accounting, (323) 343-2830, the program is designed to provide an organized series of courses in accounting for students in other majors who wish to qualify to take a professional accounting examination, to meet civil service educational requirements for employment as a professional accountant or auditor, or to acquire the skills needed for employment as a professional accountant in private industry.

**Advanced Information Systems**
Offered by the Department of Information Systems, (323) 343-2983, the program is designed to give individuals who are pursuing or have earned a degree in business administration (or have equivalent experience) an introduction to the techniques of information systems design, planning, and management. Applicable toward degrees in business administration.

**Alcohol and Drug Problems Specialist**
Offered by the Program in Health Science, (323) 343-4740, the certificate prepares students to work in community agencies involved with alcohol and/or drug related problems. Applicable toward degree programs in health science.

**Alternative Nutrition**
Offered by the School of Kinesiology and Nutritional Sciences, (323) 343-4650, this program may be taken by coordinated dietetics and nutritional science students in upper division standing. Health professionals in such disciplines as dietetic technician, health science, nursing, medicine, pharmacy, dentistry, biology and chemistry would also find this program useful.

**Applied Gerontology**
Offered by the College of Health and Human Services through the Applied Gerontology Institute, (323) 343-4724, this program is designed to enhance the preparation of individuals enrolled in courses or working in health-related disciplines to exercise their effectiveness as practitioners with older populations, particularly ethnic minorities. The program includes instruction about aging in several domains: biological, social/psychological, and policy-social services.

**Child Maltreatment and Family Violence**
Offered by the College of Health and Human Services, (323) 343-4696, the program provides individuals from various disciplines with expanded knowledge and formalized education in the area of child abuse and domestic violence, training and field experience in serving this population, and opportunities to qualify for career positions in which multidisciplinary training is required or essential.

**Computer Programming**
Offered by the Department of Information Systems, (323) 343-2983, the program is designed to prepare individuals for entry-level computer programmer positions. Courses in COBOL programming are required and other programming languages may be studied as electives. Applicable toward the baccalaureate in Business Administration. Also available through Extended Education, (323) 343-4900, for nonmatriculated students.

**Electronics Technology**
Offered by the Department of Technology, (323) 343-4550, the program is designed to provide technical knowledge and hands-on skills necessary for employment in electronic manufacturing, electronic field servicing, or electronic design-assisted environment. Applicable toward baccalaureate programs in technology.

**Entrepreneurship**
Offered by the Department of Marketing, (323) 343-2960, the program is designed to prepare students and business people for careers in small companies: starting companies, managing small businesses, and working in small businesses. The program includes instruction about how to take a product or service from the idea stage through the introduction and growth stages and how to successfully manage the business. A focus may be taken in retailing, marketing of services and products, consulting, accounting, finance, or entrepreneurship.

**Fashion Design**
Offered by the Department of Art, (323) 343-4010, The department offers a certificate program in Fashion Design that prepares individuals for career positions in fashion design. The program includes technical methods, theory, and creative concepts. A total of 42 units is required for completion of the certificate program, as outlined below. Refer to the Undergraduate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

**Fashion Merchandising**
Offered by the Department of Art, (323) 343-4010, The department offers a certificate program in Fashion Merchandising that prepares individuals for career positions in the fashion industry. The program includes technical information, theory, and creative concepts. A total of 40 units is required for completion of the certificate program, as outlined below. Refer to the Undergraduate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

**Finance**
Offered by the Department of Finance and Law, (323) 343-2870, the program is designed to prepare individuals who hold or are pursuing a bachelor’s degree in a field other than finance for entry into careers in corporate finance, money management, investment banking, and commercial banking.

**Fire Protection**

**Risk Analysis and Reduction**
Offered by the Department of Technology, (323) 343-4550, the program offers students and individuals in the insurance
industry and in private sector fire protection positions a series of professionally related courses in fire protection and fire safety. The program prepares individuals to serve as fire protection and safety specialists, inspectors, evaluators, and managers. Applicable toward the baccalaureate in fire protection administration and technology.

**Fire Service Administration**
Offered by the Department of Technology, (323) 343-4550, the program offers fire department personnel who hold an associate degree an opportunity to continue their knowledge and formalized education in the elements of effective modern fire department functioning. Course work covers planning, prevention and disaster administration, public administration, and personnel and budgeting administration. Applicable toward the baccalaureate in fire protection administration and technology.

**General Management**
Offered by the Department of Management, (323) 343-2890, the certificate program is designed to prepare non-management option Business Administration Majors and non-business students for employment in a general management position, and to provide working and professional people the general management knowledge necessary for rapid career advancement.

**Geographic Information Systems**
Offered by the Department of Geography and Urban Analysis, (323) 343-2220, the program provides an analytical as well as a practical approach to the design, layout, and graphics needed in constructing and managing geographic information systems.

**Human Resources Management**
Offered by the Department of Management, (323) 343-2890, the certificate program is designed to prepare non-management option Business Administration Majors and non-business students for employment in human resources management positions, and to provide working and professional people the human resources management knowledge necessary for rapid career advancement.

**Intercultural Proficiency**
Offered by the School of Kinesiology and Nutritional Science, the Intercultural Proficiency Certificate Program, (323) 343-4650, is designed to increase students’ abilities to communicate and interact effectively within our increasingly multicultural living and working environment. Achieving intercultural proficiency is a personal dynamic and developmental journey. The overall goal of the program is to prepare our students to be change agents with the knowledge and skills that will enable organizations and institutions to accept, value and honor diversity.

**International Business Communication**
Offered by the Department of Marketing, (323) 343-2960, this certificate program affords the opportunity to combine language, culture, and communication and business knowledge. The program will give business degree students a chance to add language and intercultural expertise, along with enhanced communication skills, to their program of study. At the same time, it will give language degree students, communication studies students, or area studies students a chance to add business courses to their program of study and obtain a certificate. The certificate will enable students to pursue careers in organizations that want both recognized language skills and business training, such as international businesses, international foundations, non-government organizations (NGOs), and international educational organizations. The language, culture and communication components will also benefit students who obtain jobs in local organizations whose employees represent multiple cultures.

**International Economic Relations**
Offered by the Department of Economics and Statistics, (323) 343-2930, the Certificate Program in International Economic Relations will benefit students to better understand the economic and political factors that influence the global economy. The certificate will help students pursuing careers in federal or state agencies dealing with international affairs, corporations involved in international business and finance, and in international organizations, foundations, and nongovernment agencies.

**Labor Relations**
Offered by the Department of Economics and Statistics, (323) 343-2930, the Certificate Program in Labor Relations is designed to strengthen the skills of students interested in labor relation careers and improve access to career opportunities for administrators, mediators, arbitrators, and government labor officials.

**Law Enforcement Leadership**
Offered by the School of Criminal Justice and Criminalistics, (323) 343-4610), the Law Enforcement Leadership Credit Certificate Program is specifically designed to provide law enforcement personnel an opportunity to increase their expertise in leadership. The program uses a unique presentation model that is based on adult experiential learning theory. In each course the participants are required to continuously review concepts, values and principles in various combinations of increasing complexity. The courses enhance each participant’s understanding of the importance of personal, interpersonal and organizational relationships, as well as the nature of human behavior and police management. Concepts such as responsibility, courage, leadership, organizational values, integrity, organizational design and ethics are presented.

**Manufacturing**
This certificate program in Manufacturing is designed to provide high quality, up-to-date, scientific, and practical knowledge of manufacturing processes, modern materials, automatic control, automated manufacturing, and robotics. This certificate program is also available through Extended Education, (323) 343-4900, for nonmatriculated students.

**Recognition of Academic Excellence**

Cal State L.A. recognizes superior academic achievement by conferring honors upon students with outstanding records at an annual spring Honors Convocation and at the annual Commencement Exercises in June.

Recognition is accorded at the annual Honors Convocation to undergraduate students placed on the Dean’s List, those who were awarded Honors at Entrance and members of the General Education Honors Program. Students receiving Special Recognition in Graduate Studies are also honored. Also recognized at the Honors Convocation are recipients of academic scholarship awards and juniors and seniors elected to membership in national honor societies. The requirements for Honors at Entrance, Dean’s List, and Certificate of Honor and Special Recognition in Graduate Studies awards are as follows:

**Honors at Entrance**
First-time freshmen who enter with a grade point average of 3.5 or higher on their high school record.

**President’s Scholars Program**
The President's Scholarship is the most prestigious award offered by the University to incoming freshmen. Recipients receive $5,000 annually for a maximum of four years based on continuous full-time enrollment and academic performance. Besides the scholarship, President’s Scholars receive free on-campus parking, free admission to on-campus cultural and athletics events, priority registration, membership in the General Education Honors Program and are recognized at an annual reception with the University President. See the Scholarships section for full details.

**Dean’s List**
Undergraduate students who earn a 3.4 grade point average or higher for a quarter in which they complete 12 or more units of traditionally graded course work and who rank in the upper five percent of students in academic achievement within their college. The preceding eligibility criteria also apply to graduate students seeking a second or subsequent baccalaureate. Students will not be added retroactively to the Dean’s List on the basis of completion of work in which the original grade was IC (Incomplete).

**Graduation with Honors**
Baccalaureate graduates of Cal State L.A. who maintain an outstanding scholarship record while earning the degree receive special recognition upon graduation. These honors, designated on the diploma and the permanent academic record, are granted to the top 5% of students graduating in each college, calculated from grade point averages achieved at Cal State L.A. These percentages are calculated once for each academic year (the academic year is defined as Summer, Fall, Winter, and Spring Quarters). Eligibility is limited to students who have earned at least 60 quarter units in residence at Cal State L.A. Second baccalaureate candidates who are eligible for University honors may receive those honors for which they qualify. Students pursuing an advanced degree or a teaching credential are not eligible for such honors.
Honors at graduation are determined according to the criteria listed below.

<table>
<thead>
<tr>
<th>Honors Category</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cum laude (honor)</td>
<td>Top 5%</td>
</tr>
<tr>
<td>Magna cum laude (high honor)</td>
<td>Top 4%</td>
</tr>
<tr>
<td>Summa cum laude (highest honor)</td>
<td>Top 1%</td>
</tr>
</tbody>
</table>

For these calculations, Rehabilitation Services majors (Charter College of Education) will be included with the competition pool for the College of Health and Human Services. Students with a Special Major will be included with the college in which they have earned the majority of the units in their major.

**General Education Honors Program**

Cal State L.A.'s General Education Honors Program provides highly qualified students with diverse, enriched intellectual activities through a separate curriculum which includes honors classes, seminars, and research. Honors courses promote intellectual curiosity, critical reading, and logical thought and writing. These courses have a lower student enrollment than other general education courses and are taught by the University’s finest professors, many of whom are nationally recognized authorities in their field of study. Honors students encounter challenging and rewarding educational experiences.

The General Education Honors Program:

- Facilitates student participation in the National Collegiate Honors Council (NCHC) and the Western Regional Honors Council (WRHC).
- Provides high-potential students an opportunity to participate in intellectually demanding and academically challenging General education courses.
- Offers opportunities for greater interaction with peers and involvement in interdisciplinary learning.
- Identifies Cal State L.A. resources through which high-potential students can receive academic, personal, and career counseling to help them better define and reach their goals.
- Creates opportunities for high-potential students and faculty members to establish closer educational relationships.
- Prepares students for participation in upper division departmental honors programs.

General Education Honors Program Students are offered the following special opportunities:

- Special sections of general education courses. Participation in courses appropriately modified in content, methodology, and level of enrichment for the high potential student.
- Honor societies. Coordination of membership with other honors organizations.
- Priority registration privileges. Students are allowed priority registration privileges.
- Waiver of prerequisites. With department or division approval, students with appropriate background may be allowed to enroll in upper division courses without having met the usual lower division prerequisites.
- Club membership. All program students are invited to hold membership in the General Education Honors Club.

Honors classes that meet general education requirements are available each quarter. These classes are designated as General Education Honors Program courses and enrollment is restricted to honors program students. All courses seek to explore more advanced and sophisticated areas of knowledge than regular general education offerings, although they meet general education requirements. A higher level of achievement is expected. Honors Program students are required to complete at least 24 units of these courses with a minimum B (3.0) grade point average to earn a General Education Honors Program certificate.

For further information, contact the Program Director, Honors Program office, in the Library, Palmer Wing, and phone (323) 343-4960.

**Departmental Honors Programs**

Further recognition of academic excellence is accorded through Cal State L.A.’s departmental honors programs, offered presently in anthropology, biology, chemistry, child development, and physics. Students who maintain a superior grade point average and have faculty recommendation are permitted to enroll in an honors program in their elected major. Considerable freedom is provided students and their advisers in designing enriched programs of study. This may include deviation from traditional course patterns to permit additional work in subjects related to the major, more intensive study in subject areas of special interest, and participation in special colloquia, independent study, individual research, and honors theses.

Students who complete these honors programs receive citations of departmental honors on their transcripts and diplomas.

**National Honor Societies**

Chapters of more than twenty national honor societies have been chartered at Cal State L.A. to accord recognition to students who demonstrate superior scholarship and leadership in academic areas. A specific minimum grade point average, ranging from 3.0 to 3.85, is required for initiation into each of these honor societies.

Career Placement Information
The campus may furnish, upon request, information about the employment of students who graduate from programs or courses of study preparing students for a particular career field. Any such data provided must be in a form that does not allow for the identification of any individual student. This information includes data concerning the average starting salary and the percentage of previously enrolled students who obtained employment. The information may include data collected from either graduates of the campus or graduates of all campuses in the California State University system. Copies of the published information are available in the Cal State L.A. Office of University Admissions, Student Affairs 101.

List of Teaching Credential Programs

Elementary Subject Matter Teacher Preparation Options for the Multiple Subject Credential or Education Specialist (Special Education)
(For Students Interested in Obtaining a Degree Prior to Enrollment in a Credential Program)

All Cal State L.A. students who enter an elementary subject matter preparation program for the Multiple Subject credential must complete a 112 unit common core as well as general education, major, and other graduation and credential requirements. A grid that contains the common core appears later in this chapter. These core courses also meet lower division general education requirements. (Refer to Lower Division General Education grid elsewhere in this chapter.) Consult a faculty adviser in your major department for further information.

Elementary Matter Preparation Programs for the Multiple Subject or the Education Specialist Credential are offered with the following undergraduate degrees:
- Child Development, B.A., Option II
- Liberal Studies, B.A.
- Mexican-American Studies, B.A.

Blended Elementary Subject Matter Options. (For students interested in obtaining a bachelor's degree concurrently with their Multiple Subject Credential or Education Specialist Internship Credential)

Students must complete a 198-unit program which includes specified university, general education, major, additional subject matter, credential and other graduation and credential requirements. A grid labeled Blended Elementary Subject Matter Option containing these core requirements appears later in this chapter. The following undergraduate degrees are available:
- Child Development, B.A., Option III
- Liberal Studies, B.A.
- Mexican-American Studies, B.A.
- Urban Learning, B.A. (Pilot Program)

Education Specialist Credential Programs

The approved program at California State University, Los Angeles includes the following programs:
- Internship Credentials in Special Education
- Level I or Preliminary Credentials
- Level II or Professional Specialist Credentials
- Programs that combine a Specialist with a Multiple or Single Subject Credential
- Specialist Program combined with a Master of Arts Degree in Special Education

The following is a list of Education Specialist Credential program areas:
- Early Childhood Special Education
- Mild/Moderate Disabilities
- Moderate/Severe Disabilities
- Physical and Health Impairments
- Visual Impairments and Blindness

Other Specialist Credentials

Adapted Physical Education
Clinical Rehabilitative Services, Audiology, Language, Speech and Hearing (Special Class Authorization Option), and Orientation and Mobility for the Blind and Visually Impaired
Health Services: School Nurse
Reading/Language Arts

Subject Matter Preparation Program for the Single Subject Credential

Candidates for the Single Subject teaching credential must verify subject matter competence in their designated teaching field by one of the following methods: 1) completing an approved academic program of coursework (or its equivalent) in the selected subject-matter area, or 2) passing the required examination(s) for the subject-matter area in which the credential is sought*.

*This option is not available for Physical Education. Please consult the School of Kinesiology and Nutritional Science.

**Supplementary Authorizations**

To accompany Single Subject or Multiple Subject Teaching Credentials:

The holder of valid multiple subject or a single subject teaching credential issued by the California Commission on Teacher Credentialing may have one or more of the subjects commonly taught in departmentalized classes added to the credential as a supplementary authorization by verifying completion of the requirements specified in Title 5, California Code of Regulations, 80057.5 or 80089, 8089.1, and 80089.2. Supplementary authorizations cannot be issued in any subject that falls within the statutory single subject category of an applicant’s single subject teaching credential.

Contact the Charter College of Education Office for Student Services (KH D2078) for information concerning the specific requirements for subjects approved for supplementary authorization and the procedure to apply to the Commission.

**Services Credentials**

- **Administrative Services**
  - Preliminary Administrative Services
  - Professional Administrative Services

- **Clinical-Rehabilitative Services**
  - Audiology
  - Language, Speech and Hearing
  - Language, Speech and Hearing—Special Class Authorization
  - Orientation and Mobility for the Blind and Visually Impaired

- **Health Services—School Nurse**

- **Pupil Personnel Services**
  - (includes advanced specializations in School Counseling and in Child Welfare and Attendance Services)
  - School Counseling and Child Welfare and Attendance Services
  - School Counseling (internships available)
  - School Psychology and Child Welfare and Attendance Services
  - School Psychology (internships available)

---

### General Graduate and Postbaccalaureate Information

**Introduction**

Graduate study has been a major part of the academic commitment of Cal State L.A. since its founding. Students who are engaged in graduate and Postbaccalaureate study constitute approximately one fourth of the total student body.

Cal State L.A. offers Master of Arts and Master of Science degrees in a variety of majors, with opportunities for specialization through the selection of options or areas of emphasis within degree programs. Also offered are the Master of Business Administration degree, Master of Fine Arts degree in Art, Master of Music, Master of Arts and Master of Science degrees with an Interdisciplinary Studies major, Master of Social Work, and the Doctor of Philosophy degree in Special Education. The complete list of graduate degrees offered appears at the front of this chapter.

Postbaccalaureate students also pursue teaching credentials, certificate programs, and personal enrichment courses.

**Objectives of Graduate Study**

Cal State L.A.’s graduate programs are coherent patterns of study designed for a level of academic accomplishment substantially beyond that required for the baccalaureate. Graduate programs enable students to progress in their chosen vocation, to assume positions of leadership, and to contribute to the advancement of their profession. Graduate study helps students to develop greater awareness of themselves in relation to other people and cultures, both present and past, and to gain a better understanding of their particular profession. Completion of a master’s degree program at Cal State L.A. also prepares students for further graduate study appropriate to their abilities and ambitions.

**Organization of Graduate Study at Cal State L.A.**

Graduate study at Cal State L.A. is organized and administered by each of the six Colleges within the University, with coordination provided by the Dean of Graduate Studies and Research.

This Graduate and Postbaccalaureate Study section of this catalog describes the requirements, regulations, and procedures for engaging in graduate study. General University regulations and procedures that apply to postbaccalaureate or graduate students, including the grading system and the determination of scholastic status, are explained in the Procedures and Regulations chapter earlier in this catalog. Admission requirements and procedures are explained in the Admissions chapter.

Requirements for admission, advancement to classified graduate standing, and candidacy, and graduation described in this section apply to all advanced degree programs. Any additional requirements are stated in the descriptions of the individual programs.

Each department/division/school that offers graduate degree programs and/or credential programs has a principal graduate adviser as well as credential advisers (when applicable). These advisers’ names and phone numbers appear each quarter in the Schedule of Classes, and students can make appointments to see them in their offices.

Characteristics of Master’s Degrees

Cal State L.A. offers the following master’s and doctoral degrees: Master of Arts, Master of Business Administration, Master of Fine Arts, Master of Music, Master of Science, Master of Social Work, and Doctor of Philosophy. All six master’s degrees and the doctoral degree require greater depth of study and increased demands on student intellectual or creative capacity than the baccalaureate. Characteristics of individual degrees are described below.

Specific information about admission requirements, curriculum, and graduation requirements for these programs is listed alphabetically by college and department/division/school in either the Academic Programs: College-based and Universitywide chapter or in the Academic Programs: Department, Division, and Interdisciplinary Program-based chapter, both of which follow this chapter.

The Master of Arts (M.A.) degree provides a broadened cultural background in a recognized disciplinary field or improvement of professional competence.

The Master of Business Administration (M.B.A.) degree provides a program of professional preparation for management positions in business and industry.

The Master of Fine Arts (M.F.A.) degree in Art provides specialized training and education for artists and designers in design, computer graphics, painting and printmaking, sculpture, ceramics, textiles, and metalsmithing.

The Master of Music (M.M.) degree is a professional performance degree that prepares students for professional performance, for teaching in community colleges, and for advanced study.

The Master of Science (M.S.) degree provides the opportunity to improve professional competence in areas and approaches involving intense specialization.

The Master of Social Work (M.S.W.) degree provides a program of professional preparation for advanced entry into specialized social work practice where graduates will be able to provide effective services to individuals, families, groups, organizations, and communities.

The Doctor of Philosophy (Ph.D.) degree in Special Education, which provides advanced preparation in this diverse professional field, is offered jointly with the University of California, Los Angeles.

Interdisciplinary Studies Master’s Degrees

The Interdisciplinary Studies Master of Arts or Master of Science degree is a highly restricted interdisciplinary program for students whose professional or academic objectives are unique and cannot be met by existing master’s degree offerings. It consists of an individual program of course offerings from at least two departments/divisions in related disciplines and must provide sharp focus and appropriate coherence. See the University Programs section of the Academic Programs: College-based and Universitywide chapter.

Teaching Credentials

Teaching, specialist, and services credential programs are available to students who hold an acceptable baccalaureate. Students who seek teaching credentials must fulfill admission criteria and program requirements established by the Charter College of Education in accordance with the California Commission on Teacher Credentialing. Students who are admitted into a teaching credential program are referred to as postbaccalaureate classified students. Description of admission criteria and program requirements appear in the Undergraduate Studies: General Information chapter and in the Charter College of Education section of the Academic Programs: College-based and Universitywide chapter.

Credit Certificate Programs

Students who have a baccalaureate may enroll in a certificate program to receive specialized instruction and training within a particular field. Students who pursue a certificate must fulfill admission criteria and program requirements established by the departments, divisions, and colleges that offer the programs.

Individual admission and program requirements appear in academic department/division/school listings in the Academic Programs: College-based and Universitywide chapter.

Enrichment Courses

Persons who hold a bachelor’s degree may enroll in courses that provide personal enrichment. Because such students are not enrolled in specific graduate programs, they are referred to as postbaccalaureate unclassified students. They must fulfill all University eligibility requirements for admission and continuing student academic standing. Because they are not enrolled in graduate programs, they may not apply those courses toward a master’s degree at Cal State L.A.
University Requirements for Master’s Degree

Minimum University Requirements

All candidates for master’s degrees at Cal State L.A. must fulfill the following minimum requirements:

Unit Requirement

Completion of at least 45 quarter units in approved courses, of which at least half (23) must be graduate (500-level) courses. Master’s degree programs whose minimum total units are established at more than 45 quarter units must include at least half of those units in courses at the graduate (500) level.

Grade Point Average Requirement

Achievement of a minimum B (3.0) grade point average in all courses on the approved degree program. A grade of C is allowed on the program; however, any grade below C, including C-, requires that the course be repeated with grades computed in the grade point average.

Residence Requirement

At least 32 quarter units for the master’s degree completed in residence at Cal State L.A.

Postbaccalaureate Writing Proficiency Requirement

Fulfillment of the Postbaccalaureate Writing Proficiency Requirement, as described later in this chapter.

Culminating Experience Requirement

A comprehensive examination or a thesis or project as described later in this chapter.

Completion of Program

Completion of a master’s degree requires:

1. completion of the final approved study plan and any special department/division/school requirements and
2. passing of a comprehensive examination within the number of attempts allowed by the department/division/school and college, or filing of a thesis or project report approved by the candidate’s thesis/project committee and cleared by the Library.

Time Limitation

No subject, unit, or grade credit will be granted for any course completed more than seven years before the date of completion of the master’s degree. In extraordinary circumstances, students may petition for, and the college may grant, permission to validate such an expired course by an examination given by, and with the concurrence of, the department/division/school that offers the course. An expired course taken at another institution may not be validated by examination.

Faculty Recommendation

Recommendation for the degree by the faculty.

Advisement

As the first step of registration, all students must obtain department/division/school approval of the courses selected for their study plan for each quarter. To assist in the initial advisement and course selection process, newly admitted students must bring a personal copy of their college transcripts and their evaluation, if received.

Prior to or early in their first quarter, students should make an appointment with a graduate faculty adviser to develop a complete study plan for the degree. The approved master’s degree study plan becomes the basis for evaluating the student’s eligibility for receiving the degree. Changes in the study plan may be made only with the approval of the student’s academic adviser and college graduate dean. Students who have not declared a degree or credential objective should consult the Associate Dean of Graduate Studies and Research, Administration 710.

Graduation Writing Assessment Requirement (GWAR)

(Postbaccalaureate Writing Proficiency Requirement)

All CSU students must demonstrate competence in writing skills as a requirement for graduation. All Cal State L.A. postbaccalaureate and graduate students who entered Cal State L.A. summer 1984 or later and who are pursuing a graduate degree or a credential are required to satisfy this requirement in one of the following ways:

• Pass the Writing Proficiency Examination (WPE) required for the Cal State L.A. baccalaureate. Postbaccalaureate students who select this option must register for the WPE (listed as UNIV 400 in the Schedule of Classes) no later than the add deadline for the first quarter they are enrolled in a graduate or credential program. Failure to register for the WPE will void enrollment for that quarter; or
• Postbaccalaureate students who hold an earned doctorate or masters degree from an accredited college or university where the primary language of instruction is English may substitute such a degree for passing the WPE; or
• Postbaccalaureate students who have passed a writing proficiency examination or a graduation writing assessment examination in English at any accredited college or university where the primary language of instruction is English may petition to substitute such a result for passing the WPE at Cal State L.A.

Students who receive a No Credit (NC) grade on the WPE must meet with a WPE consultant in the University Writing Center to discuss deficiencies identified by the exam and receive recommendations of activities to correct these deficiencies. Based on the recommendations from the WPE consultant, students may retake the WPE or enroll in UNIV 401, the upper division writing proficiency course.

Postbaccalaureate students in the Charter College of Education and the College of Health and Human Services may satisfy the GWAR with a score of 41 or better on the California Basic Educational Skills Test (CBEST). Students in these colleges must submit the original CBEST score reports to their graduate dean’s office for processing.

Postbaccalaureate students must satisfy this postbaccalaureate requirement within the first three quarters of their graduate (conditionally classified or classified) or credential program or before the completion of 16 units, whichever comes later. Students must satisfy this postbaccalaureate writing requirement within the required time to be eligible for continued registration.
Departments and divisions may require of their majors additional discipline-based course work in writing. See a faculty adviser about major department/division/school requirements.

Petitions for certification of the postbaccalaureate writing requirement shall be made at the college level and results reported to the Dean of Graduate Studies and Research. A student who has satisfied the postbaccalaureate writing requirement shall continue to be certified with no time limit on such certification.

Postbaccalaureate unclassified students are not required to satisfy this postbaccalaureate writing requirement.

Credit for Transfer Work
To receive credit toward a master’s degree for acceptable postbaccalaureate work taken at other colleges and universities, students must have official transcripts forwarded to the Admissions Office and must file a “Request for Records” (Form GS-1A) with their major department/division/school. Cal State L.A. will allow credit for work taken at another college or university only when it appears on the student’s official transcript from that institution, is acceptable for master’s degree credit at the offering institution, and is deemed appropriate to the student’s major’s degree program by the major department/division/school at Cal State L.A. The following limitations and exclusions apply:

- For master’s degrees that require 45 total units, no more than 13 quarter units of acceptable transfer, extension and/or special session courses may be included on a master’s degree program. For master’s degrees that require more than 45 quarter units, up to 30% of the total required units may consist of acceptable transfer, extension, and/or special session courses, if approved by the appropriate graduate/departmental adviser.
- No master’s degree credit is allowed for directed teaching, 700- or 800-level courses, courses numbered below 400, and courses taken at another accredited institution that would not be accepted toward a master’s degree at that institution.
- Nine quarter units of 500-level or other graduate courses taken through extension are eligible for master’s degree credit.

Work Taken before Approval of Program
No more than 13 quarter units of acceptable course work completed before approval by the principal graduate adviser, major department/division/school, and college graduate dean may be included on a master’s degree study plan. This includes acceptable transfer work. Credit for thesis (i.e., 599), research (i.e., 597), and comprehensive examinations (i.e., 596) is not transferable. All other course work included on the master’s degree study plan must be completed after approval by the principal graduate adviser, major department/division/school, and college graduate dean. This policy shall not apply to students admitted to a master’s degree program offered jointly with other educational institutions.

Credit for Extension Courses
No graduate credit will be allowed for extension courses that would not be accepted toward a master’s degree at the offering institution (e.g., University of California extension courses in the X300 or X400 series) unless specifically approved in advance by the major department/division/school and college concerned.

Classified Graduate Standing

Requirements for Classified Graduate Standing
All students who have declared a master’s degree objective are admitted to, and remain in, conditionally classified standing until they meet the following conditions. Classified graduate standing constitutes admission to an authorized graduate degree program and is granted by the college graduate dean upon completion of all requirements listed below and upon the recommendation of the major department/division/school.

The requirements enumerated below are minimum University requirements. Departments/divisions or colleges may utilize additional or more restrictive requirements for admission to classified graduate standing in individual master’s degree programs. The minimum University requirements for admission to classified graduate standing are as follows:

- Satisfaction of the minimum grade point average required for classified standing in the specific program.
- Certification by the major department/division/school to the college graduate dean that all department/division/school admission requirements, procedures, and prerequisites have been completed.
- Filing of a master’s degree study plan with the college graduate dean during the student’s first quarter of graduate enrollment at Cal State L.A. The study plan must be approved by the principal graduate adviser and the major department/division/school. Any change in the study plan must be approved by the principal graduate adviser, the major department/division/school, and the college graduate dean before they complete courses affected by the change. This includes courses in which a grade of Incomplete is received.

Special Action Admission Students
Except for those who hold an advanced degree from an accredited institution, all students admitted by special action must complete a minimum of 14 quarter units of upper division qualifying courses on a formally approved master’s degree study plan with a minimum B (3.0) grade point average with the following conditions:

- The principal graduate adviser, major department/division/school, and college graduate dean must approve qualifying courses before the student completes them. Courses graded CR/NC may not be used on the qualifying study plan.
- Upon recommendation of the principal graduate adviser and the major department/division/school, and with the approval of the college graduate dean, qualifying courses may be waived for students whose postbaccalaureate work demonstrates promise of the scholarly ability required for graduate study. To be eligible for recommendation of such a waiver, a student must have completed, with a minimum B (3.0) overall grade point average, 14 or more quarter units of upper division or graduate level postbaccalaureate work at an accredited institution that is acceptable toward a master’s degree at that institution.
- Failure to achieve a B (3.0) grade point average in qualifying courses will result in the student’s termination in the degree program.
Admission to Classified Graduate Standing
When the major department/division/school provides the necessary documentation to the college graduate dean, indicating that all requirements for classified graduate standing have been met, the conditional study plan, if filed, or the master’s degree study plan then submitted will be approved by the college graduate dean and will become the student’s official master’s degree study plan. This study plan is a statement of academic requirements that students must complete for the master's degree. Students must have an approved master's degree study plan on file and must have achieved classified standing before they can be advanced to candidacy.

Other Graduate and Postbaccalaureate Regulations

Admission to 500-Level Courses
Students admitted with postbaccalaureate classified, graduate classified, or graduate conditionally classified standing may enroll in 500-level courses. The following exceptions and restrictions apply:

- Postbaccalaureate unclassified students may register for 500-level courses if the department/division/school chair or director determines that space is available. These students must satisfy all prerequisites for the course and obtain the approval of the instructor, the principal graduate adviser, and the chair of the department/division/school that offers the course.
- Undergraduate students may, with prior approval and subject to policies governing graduate credit for undergraduate students, enroll in one 500-level course.
- Matriculated Cal State L.A. students may not enroll in Open University courses. Students who are not matriculated at Cal State L.A. may enroll in 500-level courses through the Open University (concurrent enrollment) Program administered by the Division of Extended Education. These students must satisfy all prerequisites for the course and obtain the approval of the instructor and the chair of the department/division/school that offers the course.
- Colleges and departments/divisions may impose additional restrictions. For all programs, students may complete no more than 20% of their total units at the 500 level before their principal graduate adviser, major department/division/school, and college graduate dean have formally approved their official master's degree study plan. In addition, all such students must either have completed the prerequisites for the course or demonstrated equivalent competency.

Enrollment in Degree Credit-Granting Classes through Extended Education
Students who are matriculated at the University in continuing status may enroll in, and earn residence credit for, courses that are offered through Extended Education in self-support special sessions. Any course or program offered in special session must, each time that it is offered, have the approval of the appropriate college dean and the Provost and Vice President for Academic Affairs. Matriculated students at the University in continuing status may not enroll in degree credit-granting classes offered under state support and made available to students by Extended Education through Open University.

Courses Completed in Undergraduate Standing
Students can include no courses taken as an undergraduate on a master’s degree program except as specifically provided for baccalaureate candidates in their final quarter of undergraduate study.

Undergraduate Preparation
No credit toward a master’s degree is allowed for course work taken to meet necessary undergraduate preparation for a master's degree program.

Course Additions/Deletions
A course may not be added to or deleted from a master’s degree study plan after it has been taken. Any change in the master’s degree study plan must be approved in advance by the principal graduate adviser, major department/division/school, and college graduate dean. When such a change has been approved, it becomes part of the master's degree study plan.

Program Change Limitation
No more than nine quarter units beyond the total number of units approved at the time a student achieves classified graduate standing may be added to a student's master's degree program.

Course Prerequisites and Corequisites
Students are responsible for fulfilling prerequisites and corequisites. The instructor and department/division/school have the authority to waive specific prerequisites and corequisites for students who have completed equivalent courses at another institution, who have had equivalent experience (such as work experience), or who possess the needed skills to proceed with the work of the course. Students should consult the instructor before registering to determine whether the course(s) or experience will justify waiver of the stated prerequisite(s) and/or corequisite(s).

Qualifying Courses
All qualifying courses that are otherwise eligible may be included in a master’s degree study plan if recommended by the principal graduate adviser and major department/division/school and approved by the college graduate dean. Students must obtain approval to include qualifying courses on the master’s degree study plan before they complete the courses.

Student Use of Human Subjects or Animals
Students, like all others in the University community, must follow established University and federal guidelines when using human subjects or animals either in research or as part of a course activity. Prior approval by the relevant campus committee must be obtained when necessary. For further information, contact the Office of Research and Sponsored Programs, (323) 343-5366, or visit the Website at www.calsatela.edu/academic/orsp.

Graduate Grading System and Scholastic Status
NOTE: For an explanation of the grading system for graduate and postbaccalaureate students, see the charts labeled Explanation of Graduate and Postbaccalaureate Grades in the Grading System section of the Procedures and Regulations chapter of this catalog. For an explanation of the regulations about probation and disqualification, see the
Students who have exceeded the one calendar year time limitation associated with the SP grading symbol for research units (597) must petition to register in UNIV 900. Petition forms and instructions are available in college graduate studies offices.

Students who have previously enrolled in all allowable research units (597) and are not enrolled in any other credit-bearing courses or thesis or project units (599) but who will use University facilities or consult with faculty must register in UNIV 900.

To maintain residence requirements and continuing student registration privileges, graduate students who are not enrolled in credit-bearing course work must register for UNIV 900 two quarters out of four.

Once officially accepted and processed, master’s theses and projects are made available to the public through the Library.

Graduation

Application for Graduation (Degree Check)

Application for graduation (degree check) is made on a form that is available on the Graduation Office website at www.calstatela.edu/academic/registrar/grad_off.htm, in academic department/division/school offices and college-based advisement centers, or in Administration 146 beginning five days prior to the application filing period. Candidates must be granted permission to apply for graduation by their major department/division/school or college-based advisement center before they may submit the completed application and required fee to the Cashiers’ Office for fee payment.

Students are required to file an application by the deadline announced in the Schedule of Classes. Students who are enrolled the quarter they expect to graduate but do not meet the degree requirements will have their graduation application
transferred to the next quarter. Students who do not complete requirements for the stated quarter must file a new application by the deadline announced in the Schedule of Classes. More information appears in the Undergraduate Study chapter of this catalog.

Students will be granted no subject, unit, or grade credit for any course work they completed more than seven years before the date of issuance of their master’s degree. Refer to Time Limitation under the heading Minimum University Requirements earlier in this chapter.

Commencement Exercises
Commencement Exercises are held annually at the end of the spring quarter. Students who have completed degree requirements the previous fall, winter, spring or summer are eligible to participate in the ceremony along with those who will complete their work in the summer quarter. Information bulletins about commencement activities are mailed to the home address of those eligible to participate early in the spring and are available on campus in college, department/division/school offices and Enrollment Services, Administration 146.

During Commencement Exercises, the President of the University confers degrees on the candidates. Although each candidate receives a diploma cover during the program, the actual diploma is sent several months later. Within a few weeks after graduation, eligible candidates receive a letter of congratulations in the mail, and degrees are posted on their permanent academic record.

Requirements for Additional Master’s Degrees or for an Additional Option within a Master’s Degree
Students may work simultaneously on two master’s degrees. Both degrees may be listed on the same diploma if the requirements for both degrees are completed in the same quarter. Degrees completed in different quarters will be listed on separate diplomas.

Students who have earned a master’s degree at Cal State L.A. and wish to obtain a subsequent master’s degree or to add an additional option to a previously-completed master’s degree from this University must complete an approved study plan of at least 45 quarter units. At least half of the units must be new work not included on the previous degree or option. The remainder can be from the previous degree provided that the courses have been completed within seven years of the award date of the degree and are otherwise eligible for inclusion.

Students who are currently enrolled in a master’s degree program at Cal State L.A. may concurrently complete an additional option under the same degree if the department/division/school and college concerned verify that the additional option requires significantly different knowledge, skill, and course work. The additional option must include a minimum of 23 quarter units of course work that is specific to the option (not included in the previous option) and an appropriate culminating experience (thesis/project or comprehensive examination). An approved study plan for each option is required.

Students who have earned a master’s degree at an institution other than Cal State L.A. may petition to apply for an identical degree at Cal State L.A. Students must provide extraordinary justification and receive approval of the department/division/school and college concerned before they may enter the program.

Additional Graduate and Postbaccalaureate Study Information

Use of Social Security Number
Applicants are required to include their Social Security account number in designated places on CSU applications for admission pursuant to the authority contained in Title 5, California Code of Regulations, Section 41201. The Social Security account number is used as a means of identifying records pertaining to the student, as well as identifying the student for purposes of financial aid eligibility and disbursement and the repayment of financial aid and other debts payable to the institution. Effective Summer Quarter 2003 California State University, Los Angeles will randomly assign a nine-digit Campus Identification Number (CIN) to all students in the University. The Campus Identification Number (CIN) is used as the official means of student identification.

Study Load
For full-time enrollment certification by the University, graduate students must carry a study load of 12 weighted units of approved prerequisite, corequisite, or graduate program courses (graduate level courses have a weighted factor of 1.5). Upon recommendation of their major department/division/school and approval by their college graduate dean, students who are enrolled in any of the following courses may be certified as full-time students with a study load of fewer than 12 weighted units: 596, 597, 598, 599, 699, and 900. The maximum study load for students who are pursuing a graduate degree is 16 units per quarter.

The U.S. Immigration and Naturalization Service (INS) requires an F-1 international (visa) graduate student to carry a minimum study load of 8 quarter units of 500-level courses or 12 units of 400-level courses. International students must comply with all University and INS regulations.

Credit by Examination
Graduate students who are in good standing and are enrolled in one or more residence courses may request permission to receive credit for courses by examination. Graduate credit by examination is restricted to eligible 400- and 500-level courses listed in this catalog. It is without unit limit, but does not count as residence credit. Total credit earned for courses and examinations taken in Special Sessions may not exceed the limit established for Special Session study. See University Requirements for Master’s Degrees.

Prior to taking the examination, students must obtain concurrent approval of the chair of the department/division/school concerned, and the instructor for the course. Forms for approval may be obtained from department/division/school offices. One copy of the approval
to take the examination must be filed with Enrollment Services, Admin. 146, before the fifth week of the quarter in which the examination is taken.

**Foreign Language Reading Examination Fee**

Specific academic department and division policies require that graduate students pass the Foreign Language Reading Examination (ML 901). Graduate students who are not registered for courses carrying academic credit during the quarter in which they take the Foreign Language Reading Examination are charged a nonrefundable $10 fee for taking the examination. Payment of State University, student services, facilities, and Associated Students, Inc. (ASI) fees, or any tuition charges, is not required.

**International Programs**

Graduate students may be eligible for study abroad under The California State University International Programs. Information about cooperating universities abroad, eligibility requirements, and application procedures appears under *International Programs* in the opening chapter of this catalog.

**Scholarships**

There are over 300 scholarships available to students who are currently attending Cal State L.A. Available scholarships have a wide variety of criteria, and many are for undergraduate, graduate and certificate students enrolled with the University. Scholarships are based on such criteria as academic major, academic achievement, campus and/or community participation, financial need, or a variety of other purposes. Some scholarships will provide funding for student fees; others will support the cost of books, transportation and living expenses. Students who wish to be considered for all institutional scholarships for which they are qualified should file one (1) General Scholarship Application and have one (1) letter of recommendation. The application and letter should be submitted to the Center for Student Financial Aid, Student Affairs 124. The submission deadline for new students is in March. The deadline for continuing students is in April.

For criteria and up-to-date scholarship listings, go to [http://www.calstatela.edu/univ/finaid/on_campus.htm](http://www.calstatela.edu/univ/finaid/on_campus.htm)

**Computing Facilities**

Cal State L.A. provides the latest information technology resources to students, staff and faculty, and houses more than 35 classrooms with networked computers, five large student open access computer labs, two training labs, and many other "smart" classrooms. Students have access to a variety of state-of-the-art computers, with more than 200 software packages, including the latest Web browsers, on every workstation on campus. Access from off-campus - including e-mail, electronic library resources and the Web - is also easy with a student modem pool of more than 100 phone lines. Our sophisticated computer and specialized labs reflect the University's pursuit of academic excellence and the high standards demanded by our students.

**Open Access Laboratories**

Open Access labs are available to students during daytime, evening, and weekend hours. The labs are staffed by qualified student technology assistants who answer questions and provide assistance.

Further information about the Open Access Computer Labs can be obtained by visiting the computer lab website at [http://www.calstatela.edu/oal](http://www.calstatela.edu/oal)

---

**Postbaccalaureate Certificate Programs**

Certificate programs are designed to augment University curricula by providing specialized instruction and training within a field. These programs usually require significantly fewer units than a degree. A postbaccalaureate certificate program must contain a minimum of 16 units. Normally, courses in certificate programs will be upper division or graduate level, except for prerequisites. Students may transfer from another institution no more than one quarter of the total units required for a certificate (75% of the course work must be completed at Cal State L.A.). A maximum of one quarter (25%) of the total units required for a certificate may be devoted to internships or independent study, or a combination of both. The minimum grade point average required for completion of a postbaccalaureate certificate program is B (3.0). These grade point average requirements do not pertain to noncredit certificate programs. A Certificate of Completion is awarded upon successful completion of the program requirements. Some certificates are offered within degree majors and can be applied toward a baccalaureate or a master's degree; others are offered through the Office of Extended Education with the certificate being the main goal.

Cal State L.A. offers credit certificate programs at both undergraduate and postbaccalaureate levels. Listed below are postbaccalaureate certificate programs. Individual program and course requirements appear in academic department and division listings in the chapters that follow.

Postbaccalaureate certificate programs require a completed bachelor's degree for entry into the program.

**Accounting**

Offered by the Department of Accounting, (323) 343-2830, the program is designed to provide an organized series of courses in accounting for students in other majors who wish to qualify to take a professional accounting examination, to meet civil service educational requirements for employment as a professional accountant or auditor, or to acquire the skills needed for employment as a professional accountant in private industry.

**Advanced Information Systems**

Offered by the Department of Information Systems, (323) 343-2983, the program is designed to give individuals who are pursuing or have earned a degree in business administration (or have equivalent experience) an introduction to the techniques of information systems design, planning, and management. Applicable toward degrees in business administration.

**Applied Behavior Analysis in Educational Settings**

Offered by the Division of Special Education and Counseling in the Charter College of Education, (323) 343-4400, the program is designed to prepare Behavioral Intervention Specialists and provides practitioners an opportunity to develop skills for implementing and evaluating applied behavior analysis programs in behavior management, motivation, consultation, and teaching.
**Applied Gerontology**
Offered by the College of Health and Human Services through the Applied Gerontology Institute, (323) 343-4324, this program is designed to enhance the preparation of individuals enrolled in courses or working in health-related disciplines to exercise their effectiveness as practitioners with older populations, particularly ethnic minorities. The program includes instruction about aging in several domains: biological, social/psychological, and policy-social services.

**Autism**
Offered by the Division of Special Education and Counseling, (323) 343-4400, this program is designed to better prepare educators in establishing the unique behavioral and educational program often required for students with autism and other pervasive developmental disorders. New resources and technologies for supporting students with autism in school and community settings are being developed at a rapid rate. This program will provide students with substantive opportunity to acquire a depth of knowledge in the understanding of the needs of individuals with autism and the skills to address those needs.

**Biotechnology**
Offered by the Department of Biological Sciences, (323) 343-2050, the program is designed to give graduate biology students the practical knowledge and laboratory skills needed for the application of modern molecular genetic approaches to research problems and for work in the biotechnology industry or in research laboratories that utilize the techniques of gene manipulation. Applicable toward the Master's degree in Biology.

**Career Counseling**
Offered by the Division of Special Education and Counseling, (323) 343-4400, this program provides postbaccalaureate students the competencies needed to succeed in the field of career counseling. Students will acquire competencies in the areas of job development, integrated life planning, lifestyle and career development theory, career counseling, occupational information, community resources, assessment, cross-cultural counseling, and career counseling for special populations.

**Computer Applications In Schools**
Offered by the Division of Applied and Advanced Studies in Education in the Charter School of Education, (323) 343-4330, the program is designed to prepare teachers to use computers in their classrooms and to take leadership roles in their schools: teaching computer programming/problem solving; selecting and modifying instructional software; evaluating and selecting hardware; and using computers to manage classrooms and schools. Open to graduate students with K-12 teaching experience only. Applicable toward Masters degree programs in education.

**Early Childhood Special Education: Infancy Emphasis**
**Note:** This is not the add-on ECSE certificate authorized by the Commission on Teacher Credentialing. This certificate program is approved only by CSULA. The program offered by the Division of Special Education and Counseling, (323) 343-4400 is designed for professional persons who already hold a credential and/or master’s degree, but who are seeking the professional preparation that is related to working in school, agency, or home settings with infants with exceptional needs and their families.

**Early Childhood Special Education: Preschool Emphasis**
**Note:** This is not the add-on ECSE certificate authorized by the Commission on Teacher Credentialing. This certificate program is approved only by CSULA. The program offered by the Division of Special Education and Counseling, (323) 343-4400 is designed for professional persons who already hold a credential and/or master’s degree, but who are seeking the professional preparation that is related to working in school, agency, or home settings with children ages three to five with exceptional needs and their families.

**English as a Second Language (ESL)**
Offered by the Division of Applied and Advanced Studies in Education in the Charter School of Education, (323) 343-4330, the program prepares and qualifies teachers to work in classrooms or other educational settings where students are learning to speak, read, and write English as a second language.

**Environmental Health Science**
Offered by the Program in Health Science, (323) 343-4740, is a program that accelerates the qualification and admittance into the State of California's Registered Environmental Health Specialists examination. Environmental Health consists of those organized activities undertaken to protect and enhance the public's health through the control of potentially harmful materials, organisms, energies, and conditions in the environment. The two major aspects in an environmental health program are the prevention of disease and the protection and promotion of human well-being.

**Manufacturing**
Offered by the Department of Mechanical Engineering, (323) 343-4490, the program is designed to provide practicing mechanical engineers with a specialization in manufacturing. For graduate students only, this program provides high quality, up-to-date scientific and practical knowledge of manufacturing processes, modern materials, automatic control, automated manufacturing, and robotics. Applicable toward-Master of Science degree in Mechanical Engineering.

**Pre-Health Professionals**
Offered by the Department of Biological Sciences, (323) 343-2050 this postbaccalaureate certificate program provides an opportunity for pre-health career students to strengthen their academic background prior to application for admission to a health professional school. The program is designed to make postbaccalaureate students more competitive for admission through a combination of coursework, standardized test preparation, and health science activities. A student may not apply to the CSULA Master of Science Degree Program in Biology prior to the completion of the certificate program.

**Reading**
Offered by the Division of Curriculum and Instruction, (323) 343-4350 the Reading Certificate authorizes the holder to assess student reading problems and provide reading remediation in response to the assessments. The holder is also authorized to develop, implement, and adapt reading and content curriculum and assist classroom teachers in these areas. This certificate is for classroom teachers who wish to earn certification to qualify them to become school site level reading specialists or school site literacy coaches. The certificate holders may perform these services at one or more school sites at the grade levels authorized by their prerequisite credential.
Rehabilitative/School Audiology
Offered by the Department of Communication Disorders, (323) 343-4690, the program prepares rehabilitative/school audiologists who do not seek the California credential. For graduate students only, this program is comprised of course work that parallels the Clinical-Rehabilitative Services credential in Audiology.

Storytelling
Offered by the Division of Curriculum and Instruction in the Charter School of Education, (323) 343-4350, the program is designed for persons with an interest in the techniques, theories, and literature associated with the ancient and modern art of storytelling. Especially valuable for teacher use in language arts instruction and for improving communications skills; can also be used effectively by librarians and recreation leaders. Open to all postbaccalaureate students who meet the University requirements for admission to postbaccalaureate standing. Applicable toward some master's degree programs in education and other fields.

Teaching Critical Thinking
Offered by the Department of Philosophy, (323) 343-4180, the program is designed for those with an interest in the theory and techniques of teaching critical thinking at college or secondary school levels and is available to students with any major. Open to holders of the baccalaureate who meet University requirements for admission to postbaccalaureate standing.

Post-Master’s Certificate Programs

The School of Nursing, (323) 343-4700 offers post-master's Nurse Practitioner Certificate Programs for nurses who have a master's degree in Nursing and who would like to take existing courses within the Master of Science degree in Nursing. At the completion of the course work, these individuals will qualify to apply to the California Board of Registered Nursing for state certification as nurse practitioners and are eligible to sit for a National Certification Examination so they can function as nurse practitioners in all states.

Acute Care Nurse Practitioner (ACNP): Adult Specialty Certificate
The post-master's Acute Care Nurse Practitioner (ACNP): Adult Specialty certificate program is offered for nurses who have a master's degree in nursing and who would like to take the existing courses within the Acute Care Nurse Practitioner: Adult Option, a specialty within the Master of Science degree in Nursing.

Adult Nurse Practitioner Specialty (ANP) Certificate
The post-master’s Adult Nurse Practitioner certificate program is offered for nurses who have a master’s degree in nursing and who would like to take the existing courses within the Adult Nurse Practitioner (ANP) option, a specialty within the Master of Science degree in Nursing.

Family Nurse Practitioner (FNP) Certificate
The School of Nursing offers a post-master's Family Nurse Practitioner certificate program. This program is for nurses who have a master’s degree in nursing and who would like to take courses in the Family Nurse Practitioner option, a specialty within the Master of Science degree in Nursing.

Teaching Writing
Offered by the Department of English, (323) 343-4140 the program provides advanced study in composition and rhetoric for current teachers at secondary, and post-secondary levels of education. The program of study provides in-depth study to supplement the more limited coursework in the teaching of writing that students have had in undergraduate and credential programs. In keeping with the State's emphasis on literacy across the curriculum in schooling at all levels, the certificate addresses writing instruction across the curriculum as well as in traditional English/Language Arts. It enables teachers who are required to teach writing in all disciplinary areas but who often have had little or no training in writing instruction to incorporate writing instruction in their classes.

Transition Specialist
Offered by the Division of Special Education and Counseling, (323) 343-4400. This program is designed for those who already have a master's degree and/or teaching credential(s) or related professional certificate(s) to work with students with disabilities. This program will give you the competencies to develop innovative transition programs assisting students with disabilities to make smooth transitions into post-school lives.

Nurse Case Manager: Adult Care
The School of Nursing offers a post-master’s certificate program for nurses who have a master’s degree in nursing and who would like to take the existing courses within the Nurse Case Manager option, a specialty within the Master of Science degree in Nursing. At the completion of the course work in the Nurse Case Manager program, these students work as advanced practice nurses in institutional and community-based settings involved with providing better continuity of care and cost effectiveness across clinical settings.

Nursing Education Certificate
The School of Nursing offers a post-master's Nursing Education certificate program. This program is for nurses who have a Master's degree in nursing and who would like to take courses in the Nursing Education Option, within the Master of Science degree in Nursing.

Nurse Practitioner: Psychiatric/Mental Health (P/MHNP) Certificate
The School of Nursing offers a post-master's Psychiatric/Mental Health Nurse Practitioner certificate. This program is for nurses who have a master's degree in nursing and who would like to take courses in the Nurse Practitioner: Psychiatric/Mental Health option within the Master of Science degree in nursing.

Pediatric Acute Care Nurse Practitioner (ACNP) Certificate
The post-master's Pediatric Acute Care Nurse Practitioner (ACNP) Certificate Program is offered for nurses who have a master’s degree in nursing and who would like to take existing
courses within the Pediatric Acute Nurse Practitioner option within the Master’s of Science degree in Nursing.

**Pediatric Nurse Practitioner (PNP) Specialty Certificate**
The post-master’s Pediatric Nurse Practitioner certificate program is offered for nurses who have a master's degree in nursing and who would like to take the existing courses within Pediatric Nurse Practitioner (PNP) option, a specialty within the Master of Science degree in Nursing.

### Recognition of Academic Excellence

**Special Recognition in Graduate Studies**
Students who receive Special Recognition in Graduate Studies have demonstrated superior scholastic achievement by maintaining a grade point average of 3.8 or higher in 80% or more of their required program and have received special recommendation by their department or division.

  List of Courses
The College of Arts and Letters is committed to nurturing humanists and artists, and providing a broad liberal arts education to all CSULA students. Its eight departments, the Integrated Humanities Center (which houses the American Communities Program, The Center for the Study of Genders and Sexualities, the Center for Contemporary Poetry and Poetics, Reel Rasquache, and other humanities research programs), offer a variety of learning opportunities, including major, minor, and certificate programs, general education elective courses, and stimulating public programs. The College’s co- and extra-curricular activities provide both the university and off-campus communities with opportunities for cultural enrichment, lifelong learning, and participation in an intellectual and artistic community that rivals the best in the nation. The College produces art exhibits; musical events, dance, film, TV, multimedia, and theatrical performances; lectures and readings by students, faculty and internationally acclaimed scholars, writers, and artists. Among the numerous student activities devoted to cultural, creative, and intellectual pursuits are The University Times, a student-run theatre called The Nest (Theatre), and the Closet of Modern Art (COMA). Dedicated to ethnic and cultural diversity, with nationally recognized faculty and programs, and with students who have garnered numerous awards, the College of Arts and Letters, the heart and soul of the university, has been recognized by grants from the Rockefeller Foundation, the National Endowment for the Humanities, the National Endowment for the Arts and other prestigious foundations.

Students in the College may pursue a variety of undergraduate and graduate degree programs that offer opportunities to study a wide range of subjects, from animation, film and TV, dance, and design to creative writing, the classics, and voice. Its eight departments are Art, Communication Studies (including separate programs in Communication Studies and Television, Film and Media Studies), English, Liberal Studies (an interdisciplinary program that is one of the most popular majors for prospective elementary school teachers and includes a blended option merging subject matter with teacher preparation coursework, as well as a general track for students seeking a rigorous course of interdisciplinary study), Modern Languages and Literatures (including separate programs in Chinese, French, Japanese and Spanish), Music, Philosophy, and Theatre Arts and Dance. Students wishing to pursue a high school teaching career may prepare for the Single Subject credential through degree programs in the following departments: Art, English, Modern Languages and Literatures (for French, Japanese, Spanish), and Music. The Music department offers both the Bachelor of Art and Bachelor of Music degrees. The Master of Arts degree is offered in Art, Communication Studies, English, French, Music, Philosophy, Spanish, and Theatre Arts. Students may also choose programs leading to the Master of Fine Arts in Art, or the Master of Music degree. In addition to minor programs in all the major subjects listed above, students may also minor in Classics (Philosophy Department), Comparative Linguistics (Liberal Studies Department), Creative Writing (English Department), and Women’s Studies (Liberal Studies Department).

The departments in the College offer a rich menu of opportunities for nurturing and showcasing student talent and for experiencing the best in presentations by professional artists and distinguished scholars. The Fine Arts Gallery presents exhibitions of artwork by established professional artists as well as faculty and students, while the student-run exhibition space, COMA Gallery, presents rotating exhibitions of student artwork. The Music Department offers an extensive program of musical events every year, from faculty recitals and group performances to individual student recitals. There are vocal and instrumental groups for every musical inclination, from the Chamber Ensembles, Chamber Singers and International Choir to the Latin-Jazz Ensemble, Wind Ensemble and Symphonic Band; each group performs several times a year both on and off campus. The Department of Theatre Arts and Dance offers comprehensive programs in play and dance production and children’s theatre. The University Dance Ensemble offers the opportunity for students to perform, choreograph, design costumes, design lighting, and compose sound for dance. There are several performances each year ranging from mini-concerts to full productions, and the latter have been well reviewed in the Los Angeles Times. The department also presents many theatrical productions during the year, including faculty and student directed workshops and major productions. Through the Communication Studies Department, students may join the award-winning Forensics Teams or help produce the University Times, whose editors have established an outstanding record and received top awards and national scholarships. The departments of English, Modern Languages and Literatures and Communication Studies also produce literary magazines and scholarly journals for students to publish both creative and academic writing in English and other languages. The English Department is the home of the American Literature Association, a national coalition of author societies devoted to the study of American writers. Faculty members in the Department of Communication Studies edit or have edited such prestigious scholarly journals as Text and Performance Quarterly and Journal of Film and Video. A full program of distinguished speakers (sponsored by the departments of Philosophy, English, Communication Studies,
and Modern Languages and Literatures) provides the entire campus community the opportunity to hear and exchange views with eminent scholars, writers, poets, and critics. The Chinese and Japanese Studies Centers are affiliated with the Modern Languages and Literatures Department and promote the study and understanding of Chinese and Japanese culture.

The College of Arts and Letters is committed to academic excellence in the arts and humanities. Through its numerous programs, the College prepares students for professional success through a liberal arts education. A broad foundation in intellectual, philosophical and cultural inquiry allows our diverse student body to undertake personal development and to achieve effective participation in a democratic society.

Nationally Accredited Programs in the College of Arts and Letters

Art: National Association of Schools of Art and Design
Music: National Association of Schools of Music

Undergraduate Programs

Art (Department of Art): B.A. in Art with Options in Animation, Art Education, Art History, Design, Fashion & Textiles, Studio Arts; Minor in Art; Certificate in Fashion Design, Certificate in Fashion Merchandising

Chinese (Department of Modern Languages and Literatures): B.A. in Chinese. Minor in Chinese

Classics (Department of Philosophy): Minor

Communication Studies (Department of Communication Studies): B.A. in Communication, General Option, Rhetoric, Organizational and Public Relations, Performance Studies, Interpersonal and Language and Social Interaction; Minor in Communication

Comparative Linguistics (Department of Liberal Studies): Minor

Creative Writing (Department of English): B.A. in Creative Writing, Minor in Creative Writing.

Dance (Department of Theatre Arts and Dance): B.A. in Theatre Arts and Dance, Option in Dance

English (Department of English): B.A. in English, General Option, Creative Writing and Single-Subject Teaching Option; Minor in Creative Writing, Minor in English

French (Department of Modern Languages and Literatures): B.A. in French, Single-Subject Matter Program; Minor in French

Japanese (Department of Modern Languages and Literatures): B.A. in Japanese, Single-Subject Matter Program; Minor in Japanese

Liberal Studies (Department of Liberal Studies): B.A. in Liberal Studies, General Option, Elementary Subject Matter Teacher Preparation Option, and Blended Elementary Subject Matter Teacher Preparation Option; Interdisciplinary Minor in Comparative Linguistics; Interdisciplinary Minor in Women's Studies

Music (Department of Music): B.A. in Music, General Option, Teaching Option, Single-Subject Matter Program; B.Mus. in Music, with Options in Composition, Jazz Studies, Vocal Performance, Instrumental Performance, and Keyboard Performance; Minor in Music

Philosophy (Department of Philosophy): B.A. in Philosophy, General Option, Prelaw Option; Minor in Classics; Minor in Philosophy, General Option and Prelaw Option

Spanish (Department of Modern Languages and Literatures): B.A. in Spanish, Single Subject Matter Program; Minor in Spanish

Television, Film and Media Studies (Department of Communication Studies): B.A. in Television, Film and Media Studies, with Options in Animation, Broadcast Journalism, and Telecommunications and Film

Theatre Arts (Department of Theatre Arts and Dance): B.A. in Theatre Arts and Dance, Theatre Arts Option; Minor in Theatre Arts and Dance

Women's Studies (Department of Liberal Studies): Minor

Graduate and Postbaccalaureate Programs

Art (Department of Art): Master of Fine Arts Degree in Art, with specializations in Art Education, Art History, Design, Studio Arts; Master of Arts Degree in Art, with specializations in Design and Studio Arts

Communication Studies (Department of Communication Studies): Master of Arts Degree in Communication Studies, with Options in Telecommunications and Film, and in Speech Communication

English (Department of English): Master of Arts Degree in English, with Options in Composition, Rhetoric, and Language; in Creative Writing; and in Literature

French (Department of Modern Languages and Literatures): Master of Arts Degree in French

Music (Department of Music): Master of Arts Degree in Music, General Option, Music Education Option, Musicology Option; Master of Music Degree, with Options in Composition, Commercial Music, Conducting, Keyboard Performance, Vocal Performance, Instrumental Performance, Afro-Latin Music.

Philosophy (Department of Philosophy): Master of Arts Degree in Philosophy, Certificate in Teaching Critical Thinking

Spanish (Department of Modern Languages and Literatures): Master of Arts Degree in Spanish

Theatre Arts (Department of Theatre Arts and Dance): Master of Arts Degree in Theatre Arts
101 Introduction to Higher Education in Arts and Letters (2)
An Introduction to higher education for students new to CSULA. This course is especially designed for students majoring in degrees offered by the College of Arts and Letters. Graded ABC/NC.

301 Transition to Cal State LA for Arts & Letters Majors (2)
Introduction to Cal State LA for transfer students in Arts and Letters. Emphasis on resources and skills that will help students attain degree objectives. NIS account required. Graded ABC/NC.

354 Special Topics in Arts and Letters (1-4)
Prerequisite: Varies with topic. Topics of special interest, as announced in the Schedule of Classes. In depth presentation and analysis of topics significant to Arts and Letters. Graded ABC/NC.

Associate Dean: (vacant)

The major role of the College of Business and Economics is to equip men and women with the intellectual and professional tools needed to assume responsible positions in business, industry, education, government, and social service organizations. The preparation offered includes a basic understanding of the entire social, economic, and physical environment of the urban community, of which business institutions are an integral part. Further, the College provides a substantial theoretical and technical background in the underlying fields of knowledge dealing specifically with functional areas in business.

The College of Business and Economics offers undergraduate degree programs in Business Administration, Computer Information Systems, and Economics, as well as several minors and credit certificate programs. Graduate programs are described on the next page.

Accreditation

The College of Business and Economics is nationally accredited, at both graduate and undergraduate levels, by AACSB - the Association to Advance Collegiate Schools of Business.

Office of Publications (Business Forum)

The Publications Office produces all college publications including annual reports, alumni newsletters, various pamphlets and brochures, working papers, and news releases.

The College of Business and Economics’ Publications Office publishes a quarterly, refereed journal, Business Forum. The journal is directed to an international reading audience of scholars, business executives, and public administrators, and includes articles by representatives from the academic, government, and business sectors. Business Forum is the keystone of the college’s effort to achieve effective two-way communication between business and Cal State L.A.

All departmental and program information will be found in the corresponding section under Academic Programs: Department, Division, School, and Interdisciplinary Program-based.

The Faculty

College Emeriti Faculty: Nancy J. Billett, Charles J. Inacker, Mary Lynne Knutson.

Undergraduate Programs

The College offers undergraduate programs leading to bachelor’s degrees in Business Administration, Computer Information Systems, and Economics and minors in Basic Business, Computer Information Systems, Economics, and Management. Several credit certificate programs are offered, also. Students are required to complete lower division major and minor courses before taking upper division courses.

Bachelor of Science Degree in Business Administration

A total of 180 units is required for the Bachelor of Science degree in Business Administration, of which 100-108 units are in the major. All degree candidates must complete 72 units in courses outside the College of Business and Economics.

Requirements for the Major (100-108 units)

All options require a common core of 72 units of lower and upper division courses in the College of Business and Economics. In addition, each student with upper division standing completes one of the following options:

...
## Core Requirements (72 units)

### Lower Division Required Courses (28 units)

### Discipline Skills Requirement

In addition, all students must complete a 4-unit skills course specified by their option.

### Options (28–36 units, including a 4-unit skills course)

All departmental and program information will be found in the corresponding section in the Academic Programs: Department, Division, School, and Interdisciplinary Program-based chapter, which is the next chapter in this catalog.

The Bachelor of Arts Degree in Economics prepares students to qualify for positions in business and government. Specific areas include finance, labor, transportation, international trade, banking, and regulatory agencies. See the Department of Economics and Statistics section in the next chapter for further information.

The Bachelor of Science Degree in Computer Information Systems prepares students for careers as information systems professionals and provides the specialized knowledge needed for professional employment in an enterprise-level information systems department in all size organizations. See the Department of Information Systems section in the next chapter for further information.

## Graduate and Postbaccalaureate Programs

The college offers programs leading to master’s degrees in six fields.

The Master of Science degree in Accountancy, for holders of a baccalaureate, is designed to provide specific professional preparation in the following options: Accounting Information Systems, Financial and Public Accounting, and Managerial and Cost Accounting. See the Department of Accounting section in the next chapter for further information.

The Master of Science degree in Business Administration is designed for students who know that they want to specialize, and do research, in one of the following options: Finance, International Business, Management, or Marketing. A master’s degree thesis, which involves original research, is an essential part of the program, which makes this degree ideal for students planning for positions in business with heavy emphasis on research and writing or for admission to a doctoral program. In addition to completing specified courses, students are expected to develop close working relationships with individual faculty members, which leads to the selection, approval, and supervision of a thesis research topic. See the Finance, International Business, Management, and Marketing sections in the next chapter for further information.

The Master of Science degree in Information Systems meets the advanced education needs of IS professionals whose career goals are primarily professional, rather than the MBA’s managerial goals. See the Department of Information Systems section in the next chapter for further information.

The Master of Business Administration (MBA) degree offers professional preparation for management positions in business and industry. It is designed for holders of a baccalaureate in other academic fields as well as in business. See the section on Interdisciplinary Business Programs in the next chapter for more information.

The Master of Arts degree in Economics provides students the opportunity for advanced study of economic theory and research, in preparation for careers in industry, government, and education, or for further graduate study. See the Department of Economics and Statistics section in the next chapter for more information.
The **Master of Science degree in Health Care Management** is designed to prepare people in the health care industry to meet the increasing demands place on middle- and upper-level managers in large metropolitan health care facilities. The program goal is achieved through interdisciplinary courses primarily in the College of Business and Economics and the College of Health and Human Services. For more information, see the section for the **Department of Management** in the next chapter.
The Charter College of Education offers programs leading to the Bachelor of Science degree (in Rehabilitation Services), the Bachelor of Arts degree (in Urban Learning), M.A. degrees, and two joint doctoral degrees, as well as credentials and certification for specified fields of professional service in California public schools and other public and private agencies. Because the campus is located in the heart of metropolitan Los Angeles, the Charter College of Education is committed to enabling educational leaders to meet high standards and ensure the maximum learning and achievement potential of culturally and linguistically diverse urban learners. The vision of the college is “promoting an inclusive environment to support caring professional educators for the future, so that all learners achieve their fullest potential”.

**Accreditation**
The Charter College of Education is nationally accredited by the National Council for Accreditation of Teacher Education (NCATE). All credential programs are approved by the California Committee on Accreditation (COA). Programs in the college are also nationally accredited by the Council for the Accreditation of Counseling and Related Educational Programs (CACREP), the Council on Rehabilitation Education (CORE), the National Association of Psychologists (NASP), the American Speech, Language and Hearing Association (ASHSA), the International Reading Association (IRA), the Association for the Education and Rehabilitation of the Blind and Visually Impaired (AER), and Applied Behavior Analysis (ABA).

### Degrees Offered

- **Bilingual/Multicultural Education in the Elementary Classroom** option offers candidates the opportunity to examine theory, research, and classroom practices in instructional programs for language minority students in California public schools.

- **Computer Education and Technology Leadership** option prepares computer education specialists to direct school computer laboratories; select, design, and evaluate instructional software; teach computer programming/problem solving to children; and fill leadership roles in school districts in computer applications in education.

- **Creative Literacies and Literature in the Elementary Classroom** prepares Reading/Language Arts Specialists whose primary responsibility is K-12 teaching with acquired expertise in reading and language areas and who are able to work cooperatively with other professionals to promote and enhance literacy learning.

- **Curriculum and Instruction in the Urban Elementary School** option offers the opportunity to select courses that are specifically designed to combine theory and research with practical classroom application for use in urban settings. This option assists the
candidate in developing the necessary knowledge and skills for meeting the needs of children in urban schools.

- **Early Childhood/Primary Education** option offers the opportunity to focus on practical classroom application in early childhood education based on current theory and research. This option allows candidates to develop their knowledge and skills in a variety of topics related to early childhood education.

- **Educational Foundations** option with concentrations in social and psychological foundations, is designed to engage professionals in the field of education in interdisciplinary coursework that allows them to develop interpretive, normative, and critical perspectives on education and educational issues in both formal and informal settings.

- **Mathematics Education** prepares teachers for leadership roles to improve mathematics learning in elementary and middle schools. Courses translate theory and research into teaching practices for diverse learners with an emphasis on the use of technologies and active learning.

- **Middle and Secondary Curriculum and Instruction** option is designed to meet the challenge of educational excellence through the development of instructional leadership skills for middle, secondary and postsecondary educators.

- **New Media Design and Production** option prepares specialists for elementary and secondary institutions who combine skills in computer technology application with advanced video and multimedia techniques to enhance the learning experience of students at all levels.

- **Reading** option is designed to provide proficiency in the specialized teaching of reading/language arts. It satisfies content requirements established by the International Reading Association for reading/language arts specialization.

- **Science Education** option is designed for elementary and middle school teachers who seek leadership skills in elementary science curriculum, programs, teaching and/or want to cultivate their students’ scientific literacy. The degree program combines theory, research, “hands-on” science activities, cutting-edge pedagogy, and content courses within the natural sciences.

**Master of Arts Degree in Educational Administration**

prepares educators with an understanding of American urban life, provides them with the research skills needed to direct, conduct, analyze, and evaluate research projects, and presents opportunities for in-depth study of administering, managing, supervising, coordinating, and directing public and non-public schools. Option offered in Educational Administration.

**Master of Arts Degree in Special Education**

is designed to prepare personnel to provide educational services to individuals who, because of physical, behavioral, and/or mental characteristics, require special instruction or services. Specialized preparation is offered for teachers of these exceptional individuals. Options include:

- **Autism** option is designed to provide training in providing behavioral and educational support to individuals with autism. This program will offer students substantive opportunity to acquire an in-depth knowledge and in-depth understanding of the needs of individuals with autism and the skills to address those needs.

- **Early Childhood Special Education** option is designed to provide administrators, teachers and therapists with advanced preparation work with exceptional learners. Candidates must incorporate the specialist credential requirements in their area of specialization as part of their program. (This requirement may be waived for personnel such as nurses, occupational therapists, or orientation and mobility specialists).

- **Facilitating Behavior Change** (offered jointly with Special Education and Counseling) option is designed to provide administrators, teachers, and therapists with advanced preparation to work with exceptional learners. Candidates must incorporate the specialist credential requirements in their area of specialization as part of their program. (This requirement may be waived for personnel such as nurses, occupational therapists, or orientation and mobility specialists).

- **Inclusive Education** option prepares inclusion specialists to work with students with mild to severe disabilities in inclusive elementary and secondary settings. It is designed to provide students with a substantive opportunity to acquire the breadth and depth of knowledge to assume leadership roles in elementary or secondary schools to facilitate inclusive education for students with disabilities.

- **Mild/Moderate Disabilities** option provides administrators, teachers and therapists with advanced preparation for work with exceptional learners. Candidates must incorporate the specialist credential requirements in their area of specialization as a part of their program. (This requirement may be waived for personnel such as nurses, occupational therapists, or orientation and mobility specialists).

- **Moderate/Severe Disabilities** option provides administrators, teachers and therapists with advanced preparation for work with exceptional learners. Candidates must incorporate the specialist credential requirements in their area of specialization as a part of their program. (This requirement may be waived for personnel such as nurses, occupational therapists, or orientation and mobility specialists).

- **Multicultural/Multilingual Special Education** option provides administrators, teachers and therapists with advanced preparation for work with exceptional learners. Candidates must incorporate the specialist credential requirements in their area of specialization as a part of their program. (This requirement may be waived for personnel such as nurses, occupational therapists, or orientation and mobility specialists).

- **Physical and Health Impairments** option provides administrators, teachers and therapists with advanced preparation for work with exceptional learners. Candidates must incorporate the specialist credential requirements in their area of specialization as a part of their program. (This requirement may be waived for
personnel such as nurses, occupational or physical therapists, or orientation and mobility specialists).

- **Transition Studies** (offered jointly with Special Education and Counseling) option prepares transition specialists to become competent in (1) conducting research to contribute in current transition field, (2) providing and designing appropriate and effective transition services to secondary students with disabilities, and (3) evaluating transition plans in light of collaboration among professionals including business and community leaders as well as parents, teachers and other related service professionals in multicultural/multilingual urban settings.

- **Visual Impairments and Blindness: Orientation and Mobility** (Clinical Rehabilitative Services Credential) option is required for those candidates who plan to work in public school systems. Graduates of this option are eligible for national orientation and mobility certification, through Division IX of the Association for Education and Rehabilitation of the Blind and Visually Impaired (AER).

- **Visual Impairments and Blindness: Teacher Preparation** option provides administrators, teachers and therapists with advanced preparation for work with exceptional learners. Candidates must incorporate the specialist credential requirements in their area of specialization as a part of their program. (This requirement may be waived for personnel such as nurses, occupational or physical therapists, or orientation and mobility specialists).

- **Master of Arts Degree in Teaching English to Speakers of Other Languages (TESOL)** is intended to prepare students for teaching in a variety of situations, kindergarten through adult level, both in the U.S. and abroad. The program emphasizes language acquisition processes and the implications for second language teaching in preparing students for many teaching situations: English as a second language, as a foreign language, and for special purposes.

- **Master of Science Degree in Counseling** includes the following options:
  - **Applied Behavior Analysis** option is designed for graduate students who plan to work as behavior analysts, case managers or consultants, counselors in the schools, and for those who elect to specialize in the behavioral area for doctoral training. (Students may obtain the Pupil Personnel Services Credential with Advanced Authorizations in School Counseling and Child Welfare and Attendance Services by completing additional courses.)
  - **Marriage, Family, and Child Counseling** option is designed to train family systems oriented counselors who are eligible to: (1) obtain the Pupil Personnel Services Credential with Advanced Authorizations in School Counseling and Child Welfare and Attendance Services; and (2) apply for licensure in California as a Marriage, Family and Child Counselor.
  - **Rehabilitation Counseling** option prepares students to: (1) function effectively as professional rehabilitation counselors in a variety of employment settings; and (2) develop their own skills to function effectively at the time of graduation and beyond as the profession changes.
  - **School Counseling Leadership** option is designed for future school counselors who wish to develop leadership skills in school counseling and earn the M.S. in Counseling: Option in School Counseling Leadership. Students who complete this option also qualify to apply for the Pupil Personnel Services Credential with Advanced Authorizations in School Counseling and Child Welfare and Attendance Services.
  - **School Psychology** option prepares students to focus on the psychoeducational development of individuals from birth to age 21, their abilities and potentialities, and biological, emotional, behavioral, and cultural factors that influence the learning process. Students who earn the this option also qualify for the Pupil Personnel Services credential with advanced specialization in School Psychology and Advanced Specialization in Child Welfare and Attendance Services.

* Includes school counseling focus

Note: Students entering graduate education programs must meet specific requirements set forth for each program in addition to University requirements for admission to graduate study.

**Restrictions on Credit Earned in Variable Unit Courses**

All Charter College of Education master’s degree programs are subject to the following credit restrictions:
- Limit of **12 units** from 499, 597, and 598 in programs **without** a thesis or project.
- Limit of **15 units** from 499, 597, 598, and 599 in programs **with** a thesis or project.

**Bachelor of Arts Degree in Urban Learning** is a pilot program that combines courses in teacher preparation with major courses emphasizing an interdisciplinary approach to understanding urban learning as a social phenomenon. The major is supported by a depth area of social science focused on diversity and a choice of either an education minor to prepare students to teach in elementary school or an education specialist minor for teachers working as interns in a special education setting.

**Bachelor of Science Degree in Rehabilitation Services** prepares students who work in various educational settings where they will advance the independence, integration and full participation of individuals with rehabilitation needs in both workforce and the community.
Credential Programs

University programs have been approved for the following credentials and areas of specialization.

Teaching Credentials:
- Multiple Subject
- Multiple Subject Internship
- Single Subject
- Single Subject Internship

Education Specialist Credentials
- Early Childhood Special Education*
- Mild/Moderate Disabilities*
- Moderate/Severe Disabilities*
- Physical and Health Impairments*
- Reading/Language Arts
- Visual Impairments and Blindness

Other Specialist Credentials
- Adapted Physical Education

Services Credentials
- Administrative Services (Preliminary and Professional)
- Clinical-Rehabilitative Services (Audiology, Language, Speech and Hearing (with Special Class Authorization), Orientation and Mobility
- Health Services (School Nurse)

Certificate Programs
- Pupil Personnel Services (School Counseling and Child Welfare and Attendance, including internship, School Psychology and Child Welfare and Attendance, School Psychology, including internship)

Certificates
- Autism Certificate
- California Reading Certificate
- Resource Specialist in Special Education Certificate

Note! Because credential programs described in this publication are subject to change without notice, students are urged to seek current information concerning new credential requirements from the appropriate division in the Charter College of Education.

Candidates seeking additional authorization on prior credentials must seek advisement from the appropriate division about applicability of current courses to those requirements. Advisement of students working toward a credential is provided by both their major department and each of the Charter College of Education Divisions. General information about the Charter College of Education programs is available in the Office of Student Services, King Hall D2078.

Admission and Other Requirements

Admission to Master’s Degree and Credential Programs in Education
Students entering graduate programs in education must meet University requirements for admission to graduate study and additional requirements set forth for each program. Admission to the University does not automatically admit students to credential or postbaccalaureate programs in the Charter College of Education. Candidates for all programs in the College must have a grade point average (GPA) of 2.75 in the 90 quarter units and verify competency in basic technology skills. Formal application is required for admission to each specific degree or credential program.

Teaching credential application procedures are described in the appropriate section of the next chapter, Academic Programs: Department, Division, School, and Interdisciplinary Program-based, within the divisional section offering preparation for that credential, namely:
- Applied and Advanced Studies in Education
- Curriculum and Instruction
- Special Education and Counseling

Postbaccalaureate Year
Except for students enrolled in an approved undergraduate blended program for teacher preparation, State of California credential requirements include a fifth year of study completed after the baccalaureate. Students may elect to complete all or part of their professional requirements in the fifth year, pursue a master’s degree, or follow a planned course of study approved by their adviser. All students must plan an approved program with an adviser.

General Information about Professional Clear Teaching Credentials
All students who desire University recommendation for completion of the professional clear credential must be admitted to Cal State L.A. and must satisfy any writing requirement required of all postbaccalaureate students. They must also apply for admission to the credential program. Complete admission procedures are listed in the Admission to Credential Programs section.

Definition of the Fifth Year for Professional Clear Teaching Credentials (Ryan Credential)
The fifth year, comprised of a minimum of 45 postbaccalaureate quarter units selected with adviser assistance, may consist of:
- Completion of requirements for the preliminary credential, or
- completion of requirements for the professional clear credential, or
- work toward another baccalaureate, or
- an advanced credential, or
- a master’s degree, or
- a program of courses designed to improve the applicant’s teaching competencies.
Residence Requirement
Applicants who possess a master’s degree from an accredited institution outside California or an advanced credential based on a full fifth year of postbaccalaureate study (45 quarter units) are not subject to residence requirements for University recommendation. Applicants with a master's degree or an advanced credential from a California institution are referred to their parent institution for recommendation. All other applicants must complete a minimum of 16 quarter units in residence at Cal State L.A.

Procedures
- Apply for admission to Cal State L.A. and to the Charter College of Education credential programs.
- Plan a fifth year program with an adviser.

The program plan is filed and used for verification of credential requirements at program completion. The program is checked by a credential analyst for satisfaction of criteria, applicability of transfer work, etc.

Students receive University recommendation following application and verification of completion of all requirements for the clear credential.

List of Courses - Undergraduate Level

Courses in Education (EDUC)

150 Introduction to Higher Education in the Charter College of Education (2)
Orientation to the role of higher education and the development of life skills necessary for successful transition to CSULA and the Charter College of Education; ABC/NC; NIS Acct. Required

350 Transition to Cal State LA and the Charter College of Education (2)
Orientation to Cal State Los Angeles and the Charter College of Education; the development of skills for successful transition to this campus; ABC/NC; NIS Acct. Required

409 Educational Assessment and Learning (4)
Basic principles and applications of educational assessment. Topics include learning goals and objectives, Multidimensional assessment strategies, including formal (e.g. standardized tests) and informal (e.g. Rubrics) measures, use of data to guide instruction, and communicate results.

437 Contemporary Issues in knowledge, Culture, and Education (4)
Theoretical approaches to understanding the construction of knowledge in and through culture. Contemporary issues, and problems in a diverse learning community.
College of Engineering, Computer Science, and Technology

OFFICE OF THE DEAN
Engineering and Technology A236
Phone: (323) 343-4500
Fax: (323) 343-4555
College Office Website: http://www.calstatela.edu/academic/ecst/

ASSOCIATE DEAN’S OFFICE
Engineering and Technology A236
Phone: (323) 343-4510
Administrators:
Dean: H. Keith Moo-Young
Associate Dean: Benjamin L. Lee, (Acting)

Engineering, Computer Science, and Technology contribute in many ways to the technological progress, personal welfare and business success of the world. In fact, these three careers are responsible for many of the advances in our modern civilization. Through their specialties, engineers, computer scientists, and technologists design, plan, and supervise the construction of buildings, highways, rapid transit systems, and water supplies, and involve themselves in areas of solid-state electronics, computers, electrical equipment, communications, controls, and power distribution systems. They also enter the fields of E-commerce, computer programming, mechanics, thermal science, machinery design, instrumentation, and the development and transmission of power.

Engineers and technologists are creative individuals who use math and basic science to create and improve machines, structures and devices such as alternative fuel vehicles, earthquake-proof buildings, cellular phones and spacecraft. They are vital to the practical interpretation and application of some of today’s greatest achievements in business, industry and government. Thanks to their hands-on approach, these professionals continue to produce innovative products and procedures that make our lives easier, more efficient and safer. Their problem-solving skills are integral to our society’s success in the new millennium. Computer scientists play a major role in the smooth operation of almost all of our modern conveniences, business transactions, transportation and medical needs. From automated banking systems to state-of-the-art satellites, computer scientists have led the revolutionary changes in contemporary society. Advances in computer science have even benefited the entertainment industry through the ongoing development of video games, digital film and the Internet.

The College of Engineering, Computer Science, and Technology offers programs leading to the Bachelor of Science degree in Civil, Electrical, or Mechanical Engineering or with a Special Option; Bachelor of Science in Computer Science; Bachelor of Science in Industrial Technology, with options in Aviation Administration, Printing Management, and Production Technology; Bachelor of Science in Fire Protection Administration and Technology; Bachelor of Arts in Industrial Arts; and Bachelor of Vocational Education in Vocational Arts. A minor is available for students majoring in other fields.

Undergraduate Programs

Engineering
Bachelor of Science Degrees in Engineering

The Bachelor of Science degree may be earned in Civil Engineering, Electrical Engineering, Mechanical Engineering, or in Engineering with Special Option.

 Programs leading to the Bachelor of Science degree in Civil, Electrical, or Mechanical Engineering are accredited by the Engineering Accreditation Commission of ABET, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012; Telephone (410) 347-7700. All accredited programs are required to provide the following minimum level of instruction: one year of mathematics and basic sciences; one and one-half years of engineering science and design (engineering topics); and one-half year of humanities and social sciences.

The Bachelor of Science degree with Special Option, which is not accredited by EAC/ABET, is a program that allows students to prepare for innovative careers in engineering through interdisciplinary combinations of course work in areas such as manufacturing engineering.

The total number of units for the Bachelor of Science degree in Engineering with Special Option is 200, of which 152 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major

The total number of units required for each Bachelor of Science degree in Engineering differs slightly with the degree chosen, as shown below. All students complete a required basic program of lower division courses, followed by specific requirements and technical electives appropriate to their selected degree and individual professional objectives.
Students consult a faculty adviser before registering for classes in their first quarter. They are then required to see their adviser before registering for each subsequent quarter to check for completion of prerequisites and granting of approval to register. Students are expected to develop working relationships with their advisers, and are expected to design elective programs with adviser consultation. They must complete all required lower division course work and obtain upper division advisement before registering for elective courses.

### Civil Engineering
The degree and major require a minimum of 194 units including 146 in the major: 77 in lower division required courses, 52 in upper division required courses, and 17 in upper division electives.

### Electrical Engineering
The degree and major require a minimum of 198 units including 150 in the major: 63 in lower division required courses, 48 in upper division required courses, 22 in upper division EE electives (20 lecture, 2 lab), 4 in upper division MATH electives, and 13 in an upper division specialization.

### Mechanical Engineering
This degree and major require a minimum of 194 units including 146 in the major: 68 in lower division required courses, 51 in upper division required courses, and 27 in upper division electives.

### Special Option
The degree and major with this option require a minimum of 200 units including 152 in the major: 68 in lower division required courses, 27 in upper division required courses, and 57 units in upper division electives.

In addition, all degrees require the completion of the general education program for engineering majors. Students should consult their major department to obtain a copy of these requirements.

### Transfer Students
The Engineering program is designed for students who transfer from a California community college as well as those who begin their work at Cal State L.A. Students at other colleges who are considering transferring to Cal State L.A. are urged to consult a department adviser for complete details and for program counseling.

In evaluating transfer courses, the engineering departments allow no subject credit for upper division work taken at another institution in which the grade of D or its equivalent was earned. Lower division courses are not subject to this restriction.

### Bachelor of Science Degree in Engineering with Special Option
The Bachelor of Science degree with Special Option, which is not accredited by EAC/ABET, is a program which allows students to prepare for innovative careers in engineering through interdisciplinary combinations of course work in areas such as manufacturing engineering.

The degree and the option requires a minimum of 200 units including 152 in the option: 72 in lower division required courses, 36 in upper division required courses, and 44 in upper division electives.

#### Electives (57 units)

With prior approval of permanent adviser and department chair, select a grouping of courses and laboratories with a specific objective. These may be chosen from the interdisciplinary lectures and laboratories and from an appropriate combination of approved courses in engineering, technology, mathematics, the natural sciences, business, and economics.

### Manufacturing Engineering

#### Emphasis Within Special Option
An emphasis in manufacturing engineering within the special option has been established. Required and elective courses (54 units) in this option will be taken from the following group of courses in Engineering, Technology and Management. Manufacturing engineers are concerned with the transformation of raw materials into industrial and consumer products. They are employed by a wide variety of manufacturing industries including aerospace, appliance, automotive, electronics, machine tools, and semiconductor.

Students interested in the manufacturing engineering special option are advised to consult the associate dean for further information.

College of Engineering, Computer Science, and Technology

Graduate and Postbaccalaureate Programs

The objective of the Master of Science degree programs in Civil, Electrical, and Mechanical Engineering is to prepare students for employment in design, research, and development positions in industry, for positions as engineering teachers, and for further study toward doctoral degrees.

The Department of Technology offers a Master of Arts degree in Industrial and Technical Studies. The purpose of this degree is to prepare students for technical management roles in industry, leadership in technology education or the public sector, and/or for further study toward a doctoral degree. In addition to the graduate degree program, the Department of Technology also offers a credit certificate in Electronics Technology.

Degrees Offered

The college offers graduate programs leading to master’s degrees in the following four fields:

- Master of Science degree in Civil Engineering
- The Master of Science in Computer Science
- Master of Science degree in Electrical Engineering
- Master of Science degree in Mechanical Engineering
- Master of Arts degree in Industrial and Technical Studies

Admission to Engineering Programs

In addition to University requirements for admission to graduate study, applicants must possess the equivalent of the Bachelor of Science degree currently specified by Cal State L.A. for the field of engineering in which they wish to specialize and a 2.75 grade point average in the last 90 quarter units attempted in the undergraduate program. Applicants who do not meet the above admission requirements may be admitted at the discretion of the department in which the proposed graduate degree is offered. Applicants who earned less than a
2.5 grade point average in the last 90 units attempted in undergraduate status will not be admitted to a master's degree program in engineering without clear and compelling evidence of current capacity for satisfactory performance in such a program.

Consultation with a department graduate adviser is required before any courses are attempted to determine if deficiencies exist in undergraduate preparation. Students should provide transcripts of all undergraduate work, which will be retained by the adviser. MATH 402A, entitled Advanced Mathematics for Engineers and Physicists I, is required for all graduate programs in engineering if not previously completed.

Masters in Computer Science
The Department of Computer Science offers a Master of Science degree in Computer Science which prepares students to work at advanced levels in industry, business or government, further graduate work, or to teach at the community college. Students are able to tailor their program to fit career interests and goals.

Admission to the Computer Science Program
Applicants who hold an acceptable baccalaureate degree from a regionally accredited four-year institution must apply to the University. Applicants who meet all the University requirements are admitted to postbaccalaureate unclassified standing. No more than 13-quarter units of acceptable course work completed before approval by the department's graduate adviser and college graduate dean may be included on the master's program.

Students with an undergraduate degree in Computer Science who meet the conditions for classified standing may be advanced to classified standing immediately upon filling out a master's degree program in consultation with the department's graduate adviser.

Consultation with a department graduate adviser is required before any courses are attempted to determine if deficiencies exist in undergraduate preparation. Students should provide transcripts of all undergraduate work, which will be retained by the adviser.

Admission to the Industrial and Technical Studies Program
In addition to University requirements for admission to graduate study, applicants must possess a Bachelor's degree in a field related to technology. Applicants who do not possess a related degree may take a series of prerequisite courses to qualify for admission. Applicants who earned less than a 2.5 grade point average in their last 90 (quarter) units attempted may be admitted on probationary status. The program adviser can explain the procedures required for this exception to take place. All students must see the adviser before enrolling in any courses in the program.

| **Upper Division Courses**                  |
| 300 Economics for Engineers (4)            |
| Basic economic concepts, relationships between economic and engineering problems, role of interest and capital in cost minimization, analysis of financial statements, original and alternative investments, capital depreciation and replacement problems. |
| 301 Ethics and Professionalism in Engineering (1) |
| Prerequisite: Senior standing in engineering. Ethical and professional standards in engineering profession; impact of engineering profession on society; professional registration and liability; government regulations and legal responsibilities. |
| 383 Ancient and Modern Technology (4)      |
| (also listed as TECH 383)                  |
| Prerequisites: Completion of Basic Subjects (Block A) and one course form Block B. Systematic analysis of ancient technology and technological thought and its relationship to modern science and technological thought. |

| **400-level Courses**                      |
| All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the department and approval of the graduate adviser. |
| 454 Special Topics in Engineering (1–4)   |
| Prerequisites: Senior standing in engineering; enrollment subject to approval of instructor in charge. Group study of selected topics not currently offered as technical electives; study groups may be organized in advanced engineering subjects upon approval of instructor. |
499 Undergraduate Directed Study (1–4)
Prerequisite: Consent of an instructor to act as sponsor.
Project selected in conference with the sponsor before registration; progress meetings held regularly, and a final report submitted. May be repeated for credit.

Graduate Level Courses (ENGR)

All 400-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser.

Classified graduate standing is required for admission to all 500-level courses.

597 Graduate Research (1–5)
Prerequisites: Instructor consent to act as sponsor, departmental approval of project prior to registration. Independent research under guidance of the faculty. May be repeated for credit to maximum of 5 units. Graded CR/NC.

598 Graduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Independent, directed study of advanced topics in the field, regular conferences with the sponsor. May be repeated for credit.

599 Thesis (1–4)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, school approval of the topic prior to registration. Independent research resulting in a thesis. Must be repeated to maximum of 4 units. Graded CR/NC.
The mission of the College of Health and Human Services is to prepare human service professionals through the use of an interdisciplinary framework that values and promotes the integration of teaching, research, policy and public service to become effective and innovative practitioners and leaders, with and on behalf of, individuals, families, groups and communities from a range of multicultural backgrounds that live and/or are situated in urban settings.

The academic units within the College are:

- The Department of Child and Family Studies
- The Department of Communication Disorders
- The School of Criminal Justice and Criminalistics
- The Health Science Program
- The School of Kinesiology and Nutritional Science
- The School of Nursing
- The School of Social Work

Academic programs, which are available in these departments, schools and programs, include audiology, child development, community health, community leadership, criminal justice, criminalistics, dietetics, environmental health, exercise science, family studies, forensic mental health, kinesiology, nursing (including advanced practice), nutritional science, oral health, parenting, physical education, social work, and speech-language pathology.

The College is also home to the Applied Gerontology Institute, which focuses on aging issues and reaches out to multiethnic and multicultural populations within the Greater Los Angeles community, and the California Forensic Science Institute, which will serve as the academic, research and development arm for the Los Angeles Regional Crime Laboratory partnership through promoting career education, in-service training and research to bridge the gap between scientific advances and forensic services. The College also has a Child Abuse and Family Violence Institute and offers a Youth Agency Administration program. In addition to the College-based certificate programs, academic programs within the College offer certificates in areas such as: alcohol and drug problems specialist, law enforcement leadership, nurse practitioner specialties, parent educator and sports nutrition.

**Emeriti Faculty**

**Family Studies and Consumer Sciences:** Patricia Wright Ellis, Sumiye N. Onodera, Lilly Shen.
**Home Economics:** Maxine L. Miller, Naomi P. Norton, Lois M. Rhinesperger.

**Advisement and Outreach Center**

The Center's services include:

- initial program planning
- evaluation of transfer work
- pre-nursing advisement
- petitions for general education
- petitions for excess units pre-nursing
- pre-nursing disqualifications
- trouble shooting.

The College of Health and Human Services' Advisement and Outreach Center assists all first-time freshmen and first-time transfer students.
Certificate Programs

The three credit certificate programs listed below are interdisciplinary in nature and are open to interested students in all majors throughout the campus. These programs are administered by the College of Health and Human Services.

Certificate Program in Applied Gerontology, Undergraduate

The College of Health and Human Services through the Applied Gerontology Institute offers a credit certificate program in Applied Gerontology designed to enhance the preparation of individuals interested in health and human service disciplines to increase their knowledge, skills, and effectiveness as practitioners with older populations, particularly the multietnic and multiracial elderly. The program is designed for a wide range of students including those seeking a career change and those in the field seeking to enhance their promotional opportunities. A total of 28 units is required, including 16 units of core courses, 4 units of field experience, and 8 units of electives.

Admission to the program requires upper division standing (completion of 90 quarter units) and the consent of a faculty adviser in the student's major department or division (or the coordinator of the certificate program for students whose major is undeclared).

Requirements for the Certificate (28 units)

Required Core Courses (16 units)

BIOL 384N Biology of Aging (4)
SOC 323 Socialization: Maturity and Aging (4) or
SOC 450 Sociology of Aging (4) or
PSY 362 Psychological and Psychosocial Developmental Stages in Maturity and Aging (4)

SW 450 Crosscultural Practice with Aging Populations (4)
SW 465 Programs and Policies Related to the Elderly (4)

Required Field Experience/Internship (4 units)

(Three units fieldwork; one unit seminar)
Placement is arranged for each discipline through the offering school/department or division. Students in colleges other than Health and Human Services will arrange field experience with their major adviser and the certificate program coordinator, as appropriate.

Electives

Select 8 units from following with the Certificate adviser approval
COUN 400B NURS 346
*PSY 362 SW 371B
NTRS 451

Or other gerontology related courses including all Theme F Courses (ANTH 325, 335, NTRS 351, KIN 345, 438A, 440, POLS 330, ENGL 383, ML 382, PHIL 373, RELS 325).

* If not taken in the core

Certificate Program in Child Maltreatment and Family Violence

The College of Health and Human Services offers an interdisciplinary credit certificate program designed to provide individuals in health and human service disciplines or other related fields with expanded knowledge and formalized education, multidisciplinary training, and field experience in child abuse and domestic violence. Course work includes theoretical, conceptual, and practical experiences leading to a multidisciplinary view of the relevant issues, processes, and systems involved. The goal of the program is to prepare individuals to better serve the needs of abused children and violent families and to qualify for career positions for which multidisciplinary training is essential.

Admission to the program requires upper division standing, formal application to the college, a screening interview with the program director covering the applicant’s prior academic work, and approval of the individual student program. The program requires 24 units of upper division course work including 16 units of required core courses, 4 units of electives, and 4 units of field experience. Students must earn a minimum C grade point average to qualify for the certificate. Refer to the Undergraduate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirements for the Certificate (24 units)

Required Courses (16 units)

CHDV 412 Issues in Child Abuse, Neglect, and Family Violence (4)
COMD 457 Communicating with Abused Children and Violent Families (4)
COUN/PSY 403 Psychosocial Dynamics of Child Maltreatment and Family Violence (4)

SW 456 Multidisciplinary Teams, Child Maltreatment, and Family Violence (4)

Field Experience (minimum 4 units)

Select from following:
** COMD 578 COUN 495
EDSP 499, ** 503 HHS 495
PSY 485, ** 595 SW 495
** open to graduate students only

Electives

Select at least 4 units from following with adviser approval
COUN 406, 460, 480 CRIM 309
CHDV 423 NURS 470
NURS/SW 355 PSY 412AB, 426, 464
SOC 421, 440, 482, 383 SW 476

Graduate Programs

Certificate Program in Applied Gerontology, Graduate

The College of Health and Human Services through the Applied Gerontology Institute offers a graduate certificate program in Applied Gerontology designed to prepare professionals to work in the field of aging in a variety of settings, depending on the student's professional discipline and career goals. Graduates of the program will be prepared to assume leadership positions in the development and delivery of services to the elderly and their families, in the planning and evaluation of services, in the administration of programs, and
in the instruction of older adults and service providers. The certificate can be earned concurrently with a graduate degree or earned independently by those students who have completed a bachelor's or other advanced degree. A total of 24 units is required: 20 units of required courses, that include 4 units of field practicum, and 4 units of elective.

Admission to the program requires a baccalaureate degree from an accredited institution with a G.P.A. of 2.75 or above during the last 90 quarter units of their program. Students currently enrolled in a graduate program at CSULA and in good standing (3.0 average on graduate program) will be eligible for admission to the program.

**Requirements for the Certificate (24 Units)**

**Required Core Courses (20 Units)**

- HHS 500 Interdisciplinary Seminar in Gerontology (4)
- BIOL 535 Biology of Human Aging (4)
- MGMT 576 Seminar: Managing Health Care Organizations (4)
- SW 576 Aging Policy Issues and Programs (4)

**Electives (4 Units)**

With approval of the certificate program adviser, select 4 units from the following:

- NTRS 451 Nutrition and Aging (4)
- POLS 587 Aging Policy, Politics and Administration (4)*
- PSY 462 Human Development: Maturity and Aging (4)
- SOCI 450 Sociology of Aging (4)
- SOCI 452 Life Span Transitions: The Retirement Years (4)
- SW 450 Cross-Cultural Practice and Aging (4)

*If not taken in the core

---

**List of Courses – Undergraduate and Graduate Level**

All 400-level courses may be applied toward master's degree requirements subject to limits established by the department and approval of the graduate adviser.

**Courses in Health and Human Services (HHS)**

**Lower Division Courses**

- 101 Introduction to Higher Education in Health & Human Services (2)
  Orientation to the role of higher education and the development of life skills necessary for successful transition to CSULA. Graded ABC/NC, NIS account required.

- 154L, P Selected Topics in Health and Human Services (1-4)
  Prerequisite: As needed for specific topic. Current topics of special interest to students in health and human services. May be repeated to a maximum of 12 units as subject matter changes.

**Upper Division Courses**

- 301 Transition to Cal State L.A. for Health and Human Services Majors
  Exploration of skills and resources that will help the transfer student attain degree objectives. Meets university requirements for an introduction to higher education course for transfer students. Graded ABC/NC. NIS Account required.

- 395 Community Service in Health and Human Services (1-4)
  Prerequisites: Approval of a faculty sponsor and acceptance by an appropriate agency. Participation in school, clinic, civic or other community service work in health and human services. May be repeated to maximum of eight units. Graded CR/NC.

- 400 Statistics in Health and Human Services
  Prerequisite: Upper Division Standing. Basic statistical concepts, as applied to research in Health and Human Services; practical application of statistics using computer based data analysis.

- 495 Field Work in Health and Human Services (1–4)
  Prerequisite: Admission to a Health and Human Services credit certificate program. Work with community service organizations; placement arranged by appropriate certificate program coordinator. May be repeated to maximum of 8 units. Graded CR/NC.

**Graduate Courses**

- 500 Seminar: Interdisciplinary Seminar in Gerontology (4)
  Prerequisites: Graduate status and students enrolled in the Graduate Certificate in Gerontology Program. Analysis of major issues in theory, research, and practice in gerontology in a multi-disciplinary conceptual framework and multidimensions of the aging person in his/her environment and integration of the micro and macro level interventions that may be appropriate for aging individuals.

- 595 Field Practicum in Health and Human Services (4)
  Prerequisites: Graduate status and approval of an appropriate HHS program adviser. Supervised field experience in health and human service agencies. May be repeated for a maximum of 8 units. Graded CR/NC.
The College of Natural and Social Sciences (NSS) is the largest and most diverse in the University with over 200 outstanding and dedicated faculty who have won more Statewide Outstanding Professor Awards than faculty in any other academic unit at Cal State L.A. Composed of fourteen different departments offering a variety of undergraduate and graduate degrees, the College curriculum embraces a range of subjects from A to Z (anthropology to zoology).

At the undergraduate level, the College is strongly committed to liberal arts and sciences with courses offered in all six blocks of the present General Education program. All of the courses in the American Institutions, Natural Science, and Quantitative Reasoning sections are taught by faculty in NSS. In addition, the College offers courses in the Humanities, Social Science, Lifelong Learning and Critical Thinking blocks of the GE program.

Faculty in Chicano Studies, the Korean American and Korean Studies Center, Latin American Studies, Pan African Studies, and Religious Studies combine with their counterparts in Anthropology, Geography, History, Political Science, Psychology and Sociology to significantly promote the university goals of multiculturalism and diversity through teaching, curriculum development and service.

Students taking classes in NSS can choose majors leading to a liberal arts degree as well as degrees aimed at preparing them for professions in law, medicine, teaching, and science. The Departments of Biological Sciences, Chemistry and Biochemistry, and Psychology work together in the highly successful Minority Biomedical Research Support Program (MBRS). The Departments of Biological Sciences, Chemistry and Biochemistry, Geography and Urban Analysis, and Geological Sciences work together in the Center for Environmental Analysis (CEA-CREST) program that supports students pursuing careers in environmental sciences. The latter program represents a prime example of fruitful collaboration encouraged by the unique presence of both natural and social science disciplines in one college.

The Department of Political Science offers a Prelegal Option in its major and a Prelaw minor for students interested in a legal career.

The Department of Chicano Studies offers a multiple subject teaching option for students interested in a teaching career. The Biology, Chemistry, Geology, History, Math, Physics, and Natural Science programs offer students a program for a single subject credential.

The College of Natural and Social Sciences houses several programs designed to facilitate collaboration between Cal State L.A. and other institutions. Bridges to the Future is a partnership with the Pasadena, Los Angeles and East Los Angeles community colleges to increase the transfer of minority students in the biomedical sciences disciplines at Cal State L.A. Bridges to the Ph.D. is a collaborative effort by Cal State L.A., UCLA, USC, and UCI aimed at increasing the number of minority students in Ph.D. programs in the fields of biomedical sciences and the CSU, Los Angeles Louis Stokes Alliance for Minority Participation is a partnership with East Los Angeles College and Pasadena City College to increase graduation rates of underrepresented minority students in science, engineering and mathematics disciplines, and to prepare them for graduate school. Several projects sponsored by the Environmental Biology Faculty Group, including the Cal State L.A. Marine Biology Research Project, facilitate collaboration with scientists from the National Marine Fisheries Service to provide internships and learning projects for Cal State L.A. students interested in the study of biological, oceanographic and global change.

NSS also has a variety of programs and projects that facilitate collaboration between faculty in the biological, health and environmental sciences. In addition to the MBRS and CEA-CREST programs mentioned above, these include the Environmental Sciences Office, Center for Spatial Analysis and Remote Sensing (CSARS), the Minority Access to Research Careers (MARC), and Research Experiences for Undergraduates in Chemistry and Biochemistry.

**Mission Statement**

The College of Natural and Social Sciences at California State University, Los Angeles is committed to programs of academic excellence in the fields of natural and social sciences that provide access and opportunity for our uniquely diverse student body. The College provides innovative degree programs leading to the baccalaureate and master's degrees in an environment that encourages research participation by students and faculty. The College is committed to providing a broad educational experience for all university students, thereby enhancing their ability to contribute to society. Interaction among the natural sciences, social sciences and the community is an essential component of our programs.
The Student Advisement Center in the College of Natural and Social Sciences is available to assist students with articulation problems in the transfer of general education units, to provide students with information on the programs available within the fourteen Departments in the College, to explain to students their transfer units, to work with students to explore solutions to probation and disqualification, to assist students in the exploration of solutions to obstacles in their academic progress, to assist students in contacting their major advisers, and, in general, make the academic process easier for all students. The Student Advisement Center is open Monday through Thursday - 9 am to 6 pm and Friday 9am to 5 pm. For more information, visit our Web page.

**Undergraduate Programs**

The diversity of the major programs, options, and minors in the College of Natural and Social Sciences permits students to pursue a variety of educational goals. All the programs permit students to pursue a liberal arts education, but special options and minors within these programs also permit students in NSS to focus on preparation for careers in education, science, law, medicine, government and industry. Students are encouraged to peruse the following list of programs, options, and minors to see the variety of options that are available to them. More detailed descriptions of these programs can be found in the alphabetical listing of programs in the Academic Programs: Department, Division, School, and Interdisciplinary-based chapter of this catalog.

**African American Studies**  
(Department of Pan African Studies)  
B.A., African American Studies and Minor in Pan-African Studies

**Anthropology**  
B.A., Minor

**Asian and Asian-American Studies**  
B.A., Minor

**Biology**  
B.S., Minor

**Biochemistry**  
(Department of Chemistry and Biochemistry)  
B.S. in Biochemistry

**Chemistry**  
B.A., B.S.

**Chicano Studies**  
Minor

**Geography**  
B.A. in Geography, General Option, Geographic Information Systems Option, Urban Analysis Option, Minor, Certificate in Geographic Information Systems, Certificate in Urban Land Use and Property Analysis

**Geological Sciences**  
B.S., Minor

**History**  
B.A., Minor, Minor in Labor and Working Class Studies, Minor in Religious Studies

**Latin American Studies**  
B.A., Minor

**Mathematics**  
B.A., Option in General Mathematics, Option in Pure Mathematics  
B.S., Option in General Mathematics, Option in Pure Mathematics, Option in Applied Mathematics, Option in Applied Mathematics/Computer Science, Minor

**Mexican American Studies**  
(Department of Chicano Studies)  
B.A., General Program Option, Blended Elementary Subject Matter Teacher Preparation Option, Elementary Subject Matter Option, Multiple Subject Credential Option.

**Microbiology**  
(Department of Biological Sciences)  
B.S. in Microbiology, Minor

**Natural Science**  
B.S., Traditional Option, Biology Emphasis, Chemistry Emphasis, Geoscience Emphasis, Physics Emphasis; Blended Option, Biology Emphasis, Chemistry Emphasis, Geoscience Emphasis, Physics Emphasis, Single Subject Credential Subject Matter Preparation Option

**Pan African Studies**  
Minor

**Physics**  
B.A., B.S. in Physics, B.S. in Physics Option in Biophysics, Minor in Physics

**Political Science**  
B.A., General Option, Global Politics Option, Prelegal Option, Public Administration Option, General Minor, Prelegal Studies Minor, Public Administration Minor, Global Politics Minor

**Psychology**  
B.A., Minor

**Sociology**  
B.A., General Option, Law and Society Option, Minor, Minor in Law and Society, Minor in Social Gerontology
Graduate Coordinator’s Office
King Hall D1051

The College of Natural and Social Sciences offers fourteen master's degree programs in the fields of natural and social sciences. These graduate programs prepare students for advanced study toward the Ph.D. degree and for careers as professionals in NSS disciplines, community college teaching, industry, and government. Please see below for listing of programs and visit our website for more information.

Nationally Accredited Programs:
Chemistry - American Chemical Society (ACS)

Psychology (graduate) - Association for Behavior Analysis: International

Public Administration (graduate) - National Association of Schools of Public Affairs and Administration (NASPAA)

Master of Arts Degree in Anthropology
provides training in five areas: culture theory, ethnography, archaeology, linguistics, and physical anthropology.

Master of Science Degree in Biology
prepares students for biological research, doctoral study, and technical positions.

Master of Science Degree in Chemistry
(also an option in Biochemistry) prepares students for employment in industry, teaching, or more advanced study toward the Ph.D. degree.

Master of Arts Degree in Geography
prepares students for teaching at secondary and community college level, employment in government and private industry.

Master of Science Degree in Geological Sciences
prepares students for professional employment in industry and government, teaching positions in community colleges, or advanced study toward the PhD degree. Two options are available: Geology and Environmental Hydrogeology.

Master of Arts Degree in History
is designed for the attainment of a liberal education appropriate to careers in such professions as law, journalism, business, government service, and librarianship.

Master of Arts Degree in Latin American Studies
provides a multidisciplinary approach to the study of one of the world’s major regions. The program prepares students to pursue careers in teaching, public service, nonprofit organizations, or commerce or to continue in Ph.D. programs in the social sciences.

Master of Science Degree in Mathematics
prepares students for higher mathematical work in industry, business, government, and teaching.

Master of Arts Degree in Mexican American Studies
Department of Chicano Studies prepares students who wish to pursue a Ph.D. or teach in community colleges.

Master of Science Degree in Physics
prepares students for community college teaching, employment in industry, or further graduate study toward the doctorate in Physics.

Master of Arts Degree in Political Science
emphasizes advanced studies for those interested in community college teaching or preparing for doctoral studies in political science.

Master of Science Degree in Public Administration
(Department of Political Science) provides present and future public service employees the administrative skills and knowledge for personnel, financial, and coordination functions in public agencies.

Master of Arts Degree in Psychology
is a rigorous mentor-based graduate program designed to develop research and conceptual skills for students whose primary interest is in continuing their education in a doctoral program. A key feature of the program is a close mentoring relationship with a faculty member who oversees the student's progress toward his or her individual research goals.

Master of Science Degree in Psychology
Applied Behavior Analysis Option: Is designed to develop specialized professional competence in the application of behavior analysis to counseling, the education of normal children and the developmentally disabled.

Forensic Psychology Option: is designed for students whose primary interest is in working or studying in areas of psychology that intersect with the Criminal Justice system.

Marriage, Family Therapy Option: meets the educational requirements for state licensure as a Marriage, Family and Child Counselor as set forth by the State of California.

Master of Arts Degree in Sociology
prepares students for doctoral studies, teaching, or working in a professional capacity in governmental or private agencies.

Certificate Programs Offered:
Biotechnology
Pre-Health Professionals

Admission Requirements to the Master’s Degree Programs
The College of Natural and Social Sciences has a two-step admission process. Graduate applicants admitted to any of the Natural and Social Sciences programs are admitted to Conditionally Classified Graduate Status. Applicants must apply to their major department for graduate admission to qualify for classified graduate standing in their degree program.

In addition to University admission requirements, applicants to graduate programs in the College of Natural and Social Sciences may be required to fulfill additional departmental criteria for their degree program. Please refer to your major department for more information for university admission*. For information about graduate study, see the Graduate and Postbaccalaureate Study: General Information chapter of this catalog.
College Rules and Regulations
In addition to University regulations, the College of Natural and Social Sciences has specific graduate regulations governing the following:
• Special Action Admission
• Eligibility of courses on probationary program
• Graduate Writing Proficiency Examination requirement
• Transfer credit on a master’s degree program
• Procedures for the master’s thesis
• Procedures for the comprehensive examination
• Changing option from comprehensive examination to thesis and vice versa
• Validation of expired courses on a master’s degree program

Please check with your major adviser or the Graduate Studies Office of the College for more information.

### List of Courses - Undergraduate Level

Courses in Natural and Social Sciences (NSS)

101 Introduction to Higher Education (2)
Exploration of skills and resources that will help students attain degree objectives. This course fulfills the University requirement for an introduction to higher education. Graded ABC/NC.

301 Transition to Cal State L.A. for Natural and Social Science Majors (2)
Exploration of skills and resources that will help the transfer student attain degree objectives. This course fulfills the University requirement for an introduction to higher education course for transfer students. NIS account required. Graded ABC/NC.

354 Special Topics (1-4)
Prerequisite; varies with topic. Topics of special interest to wide university audience as announced in Schedule of Classes. May be repeated for credit as topic changes.

454 Special Topics in Natural and Social Sciences (1-4)
Prerequisites: As needed for specific topic. Current topics of special interest to students in Natural and Social Sciences, as announced in the Schedule of Classes. May be repeated to a maximum of 8 units for credit.
University Programs

The following programs are offered by the University:

Intercollegiate Athletics

INTERCOLLEGIATE ATHLETICS OFFICE
Physical Education 104

ATHLETICS SPORTS INFORMATION, MARKETING, PROMOTIONS OFFICE
Physical Education 212
Telephone: (323) 343-5308
Results Hotline: (323) 343-3198
FAX: (323) 343-3199
E-Mail: dbridges@calstatela.edu
Website: www.calstatela.edu/univ/athletic

Director of Intercollegiate Athletics: .......... Daniel L. Bridges
Associate Athletic Director: ..................... Charles Guthrie
Assistant Athletic Director: ......................... (Vacant)
Assistant Athletic Director, Finance: .............. Lee De León
Intercollegiate Athletics Board Chair: .......... Gerald Beer
Head Athletic Trainer: ................................. Lori Rudd
Athletics Facility and Event Manager ............ Ed Franks
Athletics Academic Adviser ..................... Melissa Basalla

Head Coaches:
Baseball ..................................................... Dave Taylor
Men's Basketball .............................. Stephen Thompson (interim)
Women's Basketball ............................... Marcia Murota
Women's Cross Country/Men's and Women's Track and Field ............... Christopher Asher
Men's and Women's Soccer ...................... Chris Chamides
Women's Tennis ...................................... Tina Karwasky
Women's Volleyball ............................... Bill Lawler

Mission of the Division of Intercollegiate Athletics
The fundamental purpose of the Division of Intercollegiate Athletics at Cal State L.A. is to provide an outstanding athletics program as an integral part of the University's mission, holding as its greatest priority the educational experience of student-athletes. The Division is dedicated to maintaining the highest standards of quality, of professionalism, and of competitive excellence.

About the Division of Intercollegiate Athletics
Cal State L.A. is a member of the National Collegiate Athletic Association (NCAA) and the California Collegiate Athletic Association (CCAA). The Intercollegiate Athletics program fields teams in men’s baseball, basketball, soccer, and outdoor track and field. Women’s teams compete in basketball, cross country, soccer, tennis, indoor and outdoor track and field, and volleyball. Athletically related grants-in-aid (scholarships) may be available to those student-athletes who demonstrate superior academic and athletic performance.

The Division of Intercollegiate Athletics program is based on sound educational principles and practices and is a part of the educational mission of the University and is well-integrated into the educational environment of the University. Student-athletes must maintain normal academic progress toward completion of their degree in accordance with a formal policy approved by the Intercollegiate Athletics Board (IAB), academic senate and the President.

In addition, Cal State L.A. student-athletes spend many hours annually with area youth as part of the Golden Eagle community service programs, including spreading holiday cheer at local hospitals, reading at local elementary schools and hosting approximately 250 youngsters as part of National Student-Athlete Day.

The student-athlete advisory committee (SAAC) is made up of student-athletes from each Golden Eagle intercollegiate athletics squad and is assembled to provide insight on the student-athlete experience. The SAAC also offers input on the rules, regulations and polices that affect the lives of student-athletes. Each Golden Eagle team has at least one representative on the SAAC Undergraduate Programs.
Normal Progress for Student Athletes

In order to be eligible for competition in intercollegiate athletics, student-athletes must earn units in courses acceptable toward a specific degree program at a minimum rate of 36 units between seasons of competition. As prescribed by NCAA regulations, 75 percent of these units (27) must be earned in fall, winter and spring quarters.

Effective fall 2005, student-athletes must earn at least six (6) normal progress units in the immediately preceding term to be eligible for competition.

For students who have not declared a major, no more than one-third (12) of the yearly minimum number of units may be electives. At least two-thirds (24) of the units must be in general education or major courses. For students who have declared a major, at least two-thirds (24) of the units must be in general education or major courses, and elective courses up to 12 units annually are permitted only to the extent that the particular degree program accommodates them. Repeated courses may be counted only once for normal progress, unless repetition of the course for credit has been authorized in the University Catalog.

In the calculation of the required 24 units in major and general education courses, only courses in the primary major and in general education will be included. Courses taken in a minor, a second major and/or professional education courses will be considered electives. In the freshman year only, students may count up to 18 units of satisfactorily completed precollegiate courses that are prerequisite to specific courses acceptable for any degree program.

Student-athletes must formally declare a major by the beginning of their seventh quarter of collegiate enrollment. Seventh quarter student-athletes will be declared eligible by the Faculty Athletics Representative only after receipt of the following:

1. Evidence of the student-athlete’s formally declared major.
2. A copy of the student athlete’s department advisement form signed by the department adviser.

Student-athletes who change a major shall be required to supply an updated advisement form to the Faculty Athletics Representative. After a change of major, a student-athlete may meet the normal academic progress requirements if the units earned prior to the change are acceptable toward the degree previously sought, and the units earned from the time of the change are acceptable toward the new desired degree. This means that changing a major is not a valid reason for failing to meet normal progress.

Other Factors Affecting Eligibility

Student-athletes must maintain a minimum C (2.0 on a 4.0 scale) grade point average at all times in both their overall collegiate record and their Cal State L.A. work in order to remain eligible for intercollegiate athletics competition. A necessary condition for practice and competition shall be enrollment in no fewer than 12 units of coursework unless an official “Application for Graduation” indicates the student-athlete needs less than 12 units to graduate.

Student-athletes must attend a mandatory annual meeting conducted by the Division of Intercollegiate Athletics prior to participation. One purpose of this meeting is to disseminate information concerning NCAA, CCAA and Division rules pertaining to amateurism, eligibility, academics, ethics and grievance procedures. In addition, student-athletes will be asked to sign required NCAA and CCAA forms as well as complete health and insurance forms.

Cal State L.A.’s General Education Honors Program provides highly qualified students with diverse, enriched intellectual activities through a separate curriculum that includes honors classes, seminars, and research. Honors courses promote intellectual curiosity, critical reading, and logical thought and writing. These courses have a lower student enrollment than other general education courses and are taught by the University’s finest professors, many of whom are nationally recognized authorities in their field of study. Honors students encounter challenging and rewarding educational experiences.

The Program:

- Facilitates student participation in the National Collegiate Honors Council (NCHC) and the Western Regional Honors Council (WRHC).
- Provides high-potential students an opportunity to participate in intellectually demanding and academically challenging general education courses.
- Offers opportunities for greater interaction with peers and involvement in interdisciplinary learning.
- Identifies Cal State L.A. resources through which high-potential students can receive academic, personal, and career counseling to help them better define and reach their goals.
- Creates opportunities for high-potential students and faculty members to establish closer educational relationships.
- Prepares students for participation in upper division departmental honors programs.

General Education Honors Program Students are offered the following special opportunities:

- Special sections of general education courses. Participation in courses appropriately modified in content, methodology, and level of enrichment for the high potential student.
- Honor societies. Coordination of membership with other honors organizations.
- Priority registration privileges. Students are allowed priority registration privileges.
- Waiver of prerequisites. With department or division approval, students with appropriate background may be allowed to enroll in upper division courses without having met the usual lower division prerequisites.
- Club membership. All program students are invited to hold membership in the General Education Honors Club.

Special Major for the Bachelor’s Degree

The Bachelor of Arts or Bachelor of Science degree with a Special Major allows selected students an opportunity to pursue individualized programs of study if their academic and professional goals cannot be met through existing degree programs, or combinations of programs (i.e., majors, minors, etc.), at CSULA or other CSU campuses. The Special Major consists of a program of study in two or more disciplines developed in consultation with faculty members from the respective departments.

The Special Major is not a means of bypassing normal graduation requirements nor does it provide an alternative means of graduating for students who have failed to complete requirements in a previously designated major. Students must apply for the Special Major when they have at least one full year (45) units of academic work remaining to complete minimum requirements for a bachelor’s degree. Special Major programs are considered on a case-by-case basis; approval is determined on the basis of academic merit of the proposed program, rationale, and the student’s potential for successful completion of the proposed program.

Requirements

- A minimum 2.50 grade point average is required.
- Applicants must have no more than 140 units earned that are applicable toward another degree program by the end of the quarter in which the application for the Special Major is submitted.
- A total of 180 units are required for the BA/BS degree with a Special Major. A minimum of 70 quarter units, of which at least 60 must be upper division, must be included in the Special Major program.
- Neither lower nor upper division courses taken to satisfy general education requirements may be counted toward fulfillment of minimum requirements for the Special Major.
- All programs must include an upper division writing requirement, selected with adviser’s approval, from one of the approved upper division writing courses from one of the disciplines in the Special Major program.
- A principal adviser must be selected from one of the disciplines proposed for the Special Major program.

Honors classes that meet general education requirements are available each quarter. These classes are designated as General Education Honors Program courses and enrollment is restricted to honors program students. All courses seek to explore more advanced and sophisticated areas of knowledge than regular general education offerings, although they meet general education requirements. A higher level of achievement is expected. Honors Program students are required to complete at least 24 units of these courses with a minimum B (3.0) grade point average to earn a General Education Honors Program certificate. For further information, contact the Program Director, Honors Program office, in the Library, Palmer Wing, phone (323) 343-4960.

Procedures

- Prepare a Special Major Preliminary Application obtained from the Office of Undergraduate Studies.
- Prepare a concise statement of the academic and professional goals you seek through a Special Major, indicating why these goals cannot be met through related existing degree programs and prepare a preliminary list of courses in the two or three departments that represent the kind of program appropriate to your goals.
- Submit the Preliminary Application to the Office of Undergraduate Studies for review and approval for development of the Special Major. Upon approval, an Application for Special Major for Bachelor’s Degree will be provided to you. A faculty committee composed of a faculty member from each department on the proposed program may be recommended by the Associate Dean of Undergraduate Studies to guide you in the development of your Special Major program.
- Discuss your statement and proposed list of courses with advisers in each of the specific departments that comprise your Special Major. With the assistance of your departmental advisers, determine the courses that will become part of your final program. Obtain the signatures of departmental advisers and department chair for each area of study. Their signatures indicate that they have reviewed and approved the proposed course of study. A principal adviser must be selected from one of the disciplines proposed for the Special Major Program.
- Obtain the signature of the college associate dean for each of the departmental course areas listed on your program and submit the completed application to the Office of Undergraduate Studies for university-level approval.
- Upon University approval, the application will be sent to you and to each department listed on your approved program. A Change of Major Form will also be sent to you with instructions to change your major to the official title listed on your approved program. Be advised that pending final approval of your Special Major program, you proceed with projected course work at your risk.

Further information is available from the Office of Undergraduate Studies, Administration 725.
The information technology (IT) minor provides students with the knowledge and skills that will allow them to effectively apply IT to the profession of their choice. Students must first acquire or demonstrate computer literacy and complete four core courses that will:

1. Give all students a solid foundation in the fundamentals of IT including: computer programming, networks, and database management;

2. Educate students about the human side of IT. After completing the core, students will complete a minimum of three courses from a selected skill area. The skill areas are: bioinformatics, computer animation, database systems, digital document management, instructional technology, network systems, production and operations management systems, programming systems, and web development.

To select a skill area, it is recommended that students meet with an adviser in their major to determine what skill areas will best complement their area of study. For detailed information and guidance regarding a skill area, students should meet with the adviser for that skill area.

Requirements for the IT Minor (26-35 units)

Some of the listed skill area courses require prerequisites (not listed), which reflect the structure of the undergraduate programs that they serve. These courses are marked with an asterisk (*). It is recommended that students meet with the adviser of the skill area to determine the required prerequisites.

Required Core Courses (15 - 21 units)

Prior to taking the courses within the minor, students must satisfy one of the following two criteria (0 - 4 units).

1. Demonstrate to a principal adviser (either the IT minor coordinator or their designee) computer literacy in the following areas (0 units):
   a. Knowledge of the hardware components of a computer system including CPU, memory, input/output devices, modems, LANs and WANs.
   b. Knowledge of operating systems and familiarity with common operating systems.
   c. Familiarity with using common applications including word processors, spreadsheets and presentation software.
   d. Ability to access information via the Internet using search engines and to communicate via E-mail.

2. Complete one of the following courses (3 - 4 units)
   
   CIS 100 Business Computer Systems (4)
   CS 160 Introduction to Computers (3)

Core courses (15 -17 units)

Students must complete four core courses from below.

   CIS 484 Communication Systems (4)
   COMM/EDIT 420 The Human Side of Computers and Information Technology (4)

Select one (4 or 5 units):
   CS 201 Introduction to Programming (5)
   CIS 283 Introduction to Application Programming (4)
   CS 242 C Programming (4)

Select one (3 or 4 units):
   CIS 405A Analysis and Logical Design I: Data Base (4)
   CS 122 Using Relational Databases and SQL (3)

Skill Area

Students must select one skill area and complete 11 to 14 units depending on the skill area.

1. Bioinformatics (13 -14 units)

Bioinformatics is the field of science in which biology, computer science, and information technology merge to form a single discipline. Students learn the principles of molecular life science and computer programming and apply this knowledge to search public databases containing biological information and derive meaningful information about genes and proteins.

Select one of the following programming courses:

   CS 202 Introduction to Object Oriented Programming (5)
   CS 342 Object-Oriented Programming Using C++ (4)
   CS 345 Unix and Shell Programming (4)
   CIS 453 Application Programming (C++) (4)
   CIS 457 Java Programming (4)
   BIOL 100B* Introductory Biology II (5)
   CHEM 434 Bioinformatics (4)

*Recommended that students meet with adviser to determine the required prerequisites.

2. Computer Animation (12 units)

Computer Animation is widely used for information presentation, analysis and comprehension. These classes present the principles of computer animation in a technical and creative context. Both 2D and 3D animation are explored. Students selecting this skill area should know and have practical experience with the basic principles of design.

   ART 380 Computer Graphics 1(4)
   ART 480 Computer Graphics 2 (4)
   ART 494 Computer Graphics Animation (4)

3. Database Systems (12 units)

Database Systems is the study of information management. Students learn how data are collected, stored, processed, and presented by organizations to generate information. Information is considered as anything that individuals and organizations need to know to be successful in achieving their goals and objectives.

Select three of the following courses:

   CIS 405B Analysis and Design II: Systems (4)
   CIS 405C Advanced Information Systems Development (4)
   CIS 400 Database Server Administration (4)
   CIS 450 Advanced Database Design (4)
   CIS 451 Mainframe Database Technology (4)
   CS 422* Principles of Data Base Systems (4)

*Recommended that students meet with adviser to determine the required prerequisites.
4. Digital Document Management (12 units)
Document management serves as a foundation for knowledge management. Students learn the theory and application of electronic publishing and new media production; with an emphasis on information integration, system configuration, digital workflow planning, and producing open image files and digital output.

Select four of the following 3-unit courses:

TECH 330 Graphic Communications Process and Materials (3)
TECH 380 Communication Technology (3)
TECH 436 Electronic Publishing Technology and Management (3)
TECH 437 Alternative Media Production (3)
TECH 438 Image Capture, Processing and Management (3)
TECH 439 Digital Workflow Management (3)

5. Instructional Technology (12 units)
The Instructional Technology area is designed to provide students with skills in using technology for education and instructionally related activities. The focus of this program area is to explore and understand issues related to the human side of computing and technology with the goal of creating pedagogical materials and processes that facilitate learning and that are consistent with how humans work, live and learn.

EDIT 400 Introduction to Computers in Education (4)
EDIT 430 Information Technologies in the Classroom (4)

Select one of the following courses:

EDIT 451 Survey of Instructional Media and Technology (4)
EDIT 484 Computer Authoring Tools (4)

6. Network Systems (11 -13 units)
General Network Systems
Networks are the backbone of computing systems. Students will be given a hands-on introduction to general networking, learn network theory and design, and develop network and web applications.

Select three of the following courses:

CS 245* Using Operating Systems and Networks for Programmers (3)
CIS 445 Network Applications Development (4)
CIS 485 Local Area Networks (4)
CIS 461 Web Design and Development for E-business (4)
CS 345 Unix and Shell Programming (4)
CS 447* Computer Networks (4)
EE 425* Data and Computer Communications (4)

*Recommended that students meet with adviser to determine the required prerequisites.

CISCO Networks
The objective of the CISCO Certified Network Associate (CCNA) program is to provide students with the necessary knowledge and hands-on skills to function in a network support environment. The curriculum and lab activities reflecting the current internetwork technologies are designed and provided by CISCO. The program has four courses. At the end of the program the students are prepared to take and pass the CISCO CCNA certification examination.

TECH 421 Electronic Communications I (CISCO Networking 1) (3)
TECH 422 Electronic Communications II (CISCO Networking 2) (3)
TECH 490E Advanced Problems in Electronics (CISCO Networking 3) (3)
TECH 454E Special Topics: CISCO Networking 4 (4)

7. Production and Operations Management (12 units)
Production and operations management addresses the management of the value creation processes of delivering a product or a service. Students will learn the strategic and tactical concepts in production and operations management including process and technology selection, facility design and location, customer service, supply chain management, material management as well as total quality management.

Select three of the following courses:

MGMT 464* Production and Inventory Management (4)
MGMT 463* Process Design and Improvement (4)
MGMT 467* Quality Control (4)
TECH 484* Automated Manufacturing Systems (CAD/CAM) (4)

*Recommended that students meet with adviser to determine the required prerequisites.

8. Programming Systems (12 -14 units)
Programming systems provides students with the knowledge and skills to develop computer applications. Students have the opportunity to learn a broad range of programming languages and/or study program development in depth.

Select two of the following (8 or 9 units):

CS 202 Introduction to Object Oriented Programming (5)
CS 342 Object-Oriented Programming Using C++ (4)
CS 345 Unix and Shell Programming (4)
CIS 453 Application Programming (C++) (4)
CIS 457 Java Programming (4)

Select one of the following (4 or 5 units):

CS 203 Programming with Data Structures (5)
CIS 383 Advanced Application Programming (4)
CIS 455 Visual Basic (4)

9. Web Development (11-12 units)
Web development provides students with the knowledge and skills necessary to develop Web applications by using Web development tools. Students will be able to build dynamic websites using such technologies as HTML, FrontPage, client and server side scripting, and database programming.

Select three of the following courses:

CS 120 Introduction to Website Development (3)
CS 320 Web and Internet Programming (3)
CIS 461 Web Design and Development for E-business (4)
CIS 462 Web Development II (4)

10. Customized Option (12 units)
With prior approval of an adviser, students may select 12 units from any of the approved skill areas.
Interdisciplinary Studies Minor in Multimedia

The purpose of the Multimedia minor is to provide students with a background that will enable them to participate in the development of interactive, multimedia products. The Multimedia interdisciplinary minor is organized as a collection of skill areas along with a capstone sequence of integrated courses in which students with differing and complementary skills work together to build a significant Multimedia product.

The minor is administered at the University level from the Office of Undergraduate Studies. For additional information please refer to the following web address: www.calstatela.edu/dept/multimedia.

Requirements for the Minor (32-36)

Skill Areas (20-24 units)
Complete the requirements for one of the skill areas listed below. Complete 3 or more units from each of three other skill areas. Some of the listed courses require prerequisites (which are not listed), which often reflect the structure of the undergraduate programs that they serve. Please contact representatives of the various programs about the specific requirements.

A. Business: Management and Marketing
MGMT 307 Management and Organizational Behavior (4)
MGMT 306 Production and Operations Management (4)
MGMT 479 Managerial Leadership and Motivation (4)
MKT 439 High Performance Management (4)
MKT 460 Internet Marketing (4)
MKT 462 Internet Marketing Research (4)

Select one:
MGMT 306 Management and Organizational Behavior
MGMT 470 Managerial Leadership and Motivation
MKT 439 High Performance Management
MKT 460 Internet Marketing
MKT 462 Internet Marketing Research

B. Computer Programming
Select one:
CS 201 Introduction to Programming (4)
CIS 283 Introduction to Application Programming (4)
CS 202 Introduction to Object-Oriented Programming (4)
CIS 453 Application Programming in C++ Language (4)
CIS 457 Advanced Java Programming (4)
Recommended:
CS 320 Web and Internet Programming (3)

C. Content Organization and Presentation
TVF 200 Introduction to Single Camera and Editing (4)
Select one:
TVF 265 Intermediate Scriptwriting (4)
ENGL/TA 276 Introduction to Play Writing (3)
Select one:
Art 493 Digital Image Processing and Illustration (4)
TVF 401 Advanced Video Production (4)
TVF 430 Documentary Field Production (4)
EDIT 484 Computer Authoring Tools (4)

D. Graphics
Select three:
Art 180 Introduction to Computer Graphics (4)
Art 308 Graphic Communication Design (4)
Art 380 Computer Graphics I (4)
Art 422 Interactive Design (4)
Art 494 Computer Graphics Animation (4)

E. Music
MUS 160 Music Fundamentals (4)
MUS 243ABC Class Piano Instruction (1,1,1)
MUS 469 Music Technology (3)

F. Theater Arts
TA 141 Acting Fundamentals: Games and Exercises (3)
TA 142 Acting Fundamentals: Character Study (3)
TA 143 Acting Fundamentals: Scene Study (3)
Select one:
TA 342 Advanced Performance II: Scene Study (3)
TA 343 Advanced Performance III: Acting Collaboration (3)

Product Development (12 units)
Complete the following three-quarter sequence in a single academic year (Fall-Winter-Spring).

MM 450A Introduction to Multimedia: Planning a Multimedia Product (4)
MM 450B Design and Development of a Multimedia Product (4)
MM 450C Integration and Post-Production for a Multimedia Product (4)

Multimedia Courses (MM)

450A Introduction to Multimedia: Planning a Multimedia Product (4)
Prerequisite: Completion of Skill Set requirement for multimedia minor and permission of Multimedia Minor Coordinator. Introduction to the tools and techniques used in multimedia. Team skill assessment. Selection, preliminary design, and planning for this year’s product.

450B Designing and Developing a Multimedia Product (4)
Prerequisite: MM 450A completed the previous quarter with a grade of B- or better. The class will work as a team to complete the detailed design and develop the components for the Multimedia product planned during the previous quarter in MM 450A.

450C Integration and Post-Production for a Multimedia Product (4)
Prerequisite: MM 450B completed the previous quarter with a grade of B- or better. Using the components and framework developed during the previous quarter in MM 450B, the class will work as a team to integrate, edit, test, revise, polish, package, and otherwise complete the development of this year’s Multimedia product.
Credit for Prior Experiential Learning (CPEL)*

Through the CPEL program, Cal State L.A. grants undergraduate academic credit for prior learning, knowledge, or skills-based experience that has been documented and evaluated according to campus policy. Students should be aware, however, that policies for earning credit for prior learning vary among CSU campuses.

Cal State L.A. grants up to 4 units of resident credit for UNIV 295, a course in which the student enrolls and, in collaboration with a faculty sponsor, prepares a portfolio documenting the prior learning. In addition, a student may earn up to 8 units of nonresident credit, applicable to a bachelor’s degree, for learning, knowledge, or skills-based experience that has been documented and evaluated according to campus policy. To qualify, students must have completed 45 quarter units in residence at Cal State L.A. and not more than 165 quarter units overall, and must demonstrate how the prior learning articulates with their present educational objectives. Credit is awarded for UNIV 295 and for the prior learning based on faculty evaluation of the learning experience in terms of academic standards both within the discipline and universitywide. Applications for CPEL are available in the office of the Dean of Undergraduate Studies, Administration 725.

Cooperative Education*

Cal State L.A. offers a range of Cooperative Education courses carrying different unit values.

The following courses are offered through the Cooperative Education program.

- 298 Preparation for Cooperative Education (2 units)
- 398 Cooperative Education (1–4 units)
- 399 Cooperative Education Honors (1–4 units)
- 498 Advanced Cooperative Education (1–4 units)

UNIV 298 is open to all students without restriction. Admission to UNIV 398, 399, and 498 is arranged through the coordinator for the student’s major department, division or school. Admission to UNIV 399 requires UNIV 298 as prerequisite, as well as eligibility for a University or academic department or division honors program.

A minimum 2.35 overall grade point average is required and students must have completed 45 quarter units of course work before requesting permission of their major department, division or school to enroll. Approved employment, periodic conferences, and written reports are required.

Full descriptions of cooperative education courses (UNIV 298, 398, 399, and 498) are found in the University (UNIV) Courses section of this chapter.

Internship in Public Service*

The Internship in Public Service program combines individual instruction with practical experience in government agencies and quasi-public enterprises. Although enrollment usually is restricted to Political Science majors, non-majors with appropriate background and preparation may apply. The program operates similarly to the Cooperative Education program, except that the maximum 6 units earned may apply only to upper division free elective credit rather than toward the major. A qualifying civil service examination is required for admission to some internship programs. Information about opportunities and qualifications may be obtained from the coordinator in the Political Science Department.

* NOTE: Students should note that a limited amount of unit credit is allowed toward the baccalaureate for each of these programs. Policies and regulations differ among various departments, divisions, schools and colleges. Each student should consult the appropriate major department, division, school or college for specific procedures and instructions.

Interdisciplinary Studies Master’s Degree

The interdisciplinary studies major for the Master of Arts or Master of Science degree is a highly restricted interdisciplinary program designed for students whose professional/academic objectives are unique and cannot be met by existing master’s degree offerings. It is a program that comprises course offerings from at least two departments in related disciplines and must provide sharp focus and appropriate coherence. As a rule, no more than 13 quarter units of acceptable course work completed prior to approval by the principal graduate adviser, major department, division or school, and college graduate dean may be included on a master’s degree program.

Admission Requirements

In addition to meeting minimum University requirements for admission to classified graduate standing, applicants must possess a baccalaureate in an area cognate to the areas of the proposed degree, must have a minimum 2.75 grade point average (A=4.0) in the last 90 quarter units attempted, and must meet all college requirements and such department, division or school requirements as course prerequisites, test scores, and grade point average for the master’s degrees of the colleges and departments/divisions/schools in which course work for the Interdisciplinary Studies Master’s is proposed. Approval for an Interdisciplinary Studies Master’s is based upon individual justification.
If course work is to be taken in departments/divisions/schools in more than one college, students must make formal written application to the Dean of Graduate Studies and Research. If course work is to be taken in departments/divisions/schools within one college, students are required to make formal written application to the college graduate dean. All applications must include:

- Clear and concisely stated rationale for pursuing an Interdisciplinary Studies Master's and an indication of the professional/academic objectives to be achieved. This rationale must include evidence clearly indicating that the Interdisciplinary Studies program could not be accommodated within any existing approved master's degree program on this campus.
- A proposed list of available courses chosen from two or more departments/divisions/schools totaling a minimum of 45 units, of which at least 23 units must be 500 level.
- An indication of whether a comprehensive examination or thesis or project will be used to complete the graduate program. If a thesis or project is proposed, a preliminary description of the thesis topic or research project is to be included. If a comprehensive examination is proposed, an indication of the areas in which the student will be examined is to be included.
- Names and areas of specialization of at least two faculty members representative of those who might consent to serve on the advisory committee for such a degree program.

The Dean of Graduate Studies and Research must approve all programs that will include course work from more than one college. The student’s study plan is subject to University graduate procedures and regulations that govern all graduate degree offerings.

**List of Courses - Undergraduate Level**

**University Courses (UNIV)**

NOTE: Courses that are designated University (UNIV) frequently are interdisciplinary in nature. Some, such as UNIV 396, Honors Program Seminar, are limited to certain categories of students. Cooperative Education (UNIV 298, 398, and 498) and CPEL (UNIV 295) courses appear in this catalog under the title UNIV, but appear in the Schedule of Classes with the course abbreviations used by the various departments, divisions and schools that offer them.

**Subcollegiate Courses**

054 Special Topics (1–4)
Prerequisite: Varies with topic. Topics of special interest to wide university audience as announced in Schedule of Classes. May be repeated for credit as topic changes. No credit toward baccalaureate.

060 Study Group (1)
Corequisite: Associated course. Lecture methods and study skills development including reading comprehension, critical analysis of course content, time and task management, notetaking, and test preparation.

**Lower Division Courses**

101 Introduction to Higher Education for Undeclared Majors (2)
Orientation to the role of higher education, the structure and policies of the University and the development of skills necessary for success in life and at CSULA. This course is especially designed for undergraduate students who have not yet declared a major. Graded ABC/NC, NIS account required.

154 Special Topics (1–4)
Prerequisite: Varies with topic. Topics of special interest to wide university audience as announced in Schedule of Classes. May be repeated for credit as topic changes.

**Upper Division Courses**

301 Transition to CAL STATE LA for Undeclared Majors (2)
Exploration of skills and resources designed to help transfer students attain degree objectives. This course is especially designed for undergraduate transfer students who have not yet declared a major and meets University requirements for an Introduction to Higher Education course for transfer students. Graded ABC/NC, NIS account required.

295 Credit for Prior Experiential Learning (1–4)
Prerequisite: At least 45 units in residence but not more than 165 total units completed. Approval for registration must be obtained through University Undergraduate Studies office. Preparation of materials and portfolios documenting prior college-level learning acquired in nonacademic settings. Upon successful completion, 1–4 resident units will be awarded. In addition, 1–8 units for nongraded, nonresident credit may be awarded for prior learning. These units may be upper or lower division and may apply toward the major with major department approval. Graded CR/NC.

298 Preparation for Cooperative Education (2)
Techniques of relating major to internship (work experience) through discipline-based research; documentation of transferable skills through resumes, interviews, and other reporting techniques appropriate to academic concentration; designed to enhance internship performance. Graded CR/NC.
354 Special Topics (1–4)
Prerequisite: Varies with topic. Topics of special interest to wide university audience as announced in Schedule of Classes. May be repeated for credit as topic changes.

396 Honors Program Seminar (2)
Prerequisite: Limited to students in the GE Honors Program. Critical reading of seminal works affecting human thought and achievement. Topic and instructor(s) vary each quarter. May be repeated to maximum of 4 units.

398 Cooperative Education (1–4)
Prerequisites: Courses appropriate to the work experience; approval by major department Cooperative Education coordinator. Integration of work experience with academic program, individually planned through coordinator. Minimum of 10 hours per week required for each unit. May be repeated to maximum of 12 units; combined units of 398 and 399 may not exceed 12. Graded CR/NC.

399 Cooperative Education Honors (1–4)
In addition to prerequisites for UNIV 398, the prerequisites are UNIV 298 and eligibility to participate in a university or departmental honors program. Integration of work experience with academic program, individually planned through coordinator. Minimum of 10 hours per week required for each unit. May be repeated to maximum of 12 units; combined units of 398 and 399 may not exceed 12. Graded CR/NC.

400 Writing Proficiency Examination (0)
See Undergraduate Studies: General Information Chapter.

401 Writing Proficiency (4)
Prerequisite: ENGL 102* and at least one attempt of the Writing Proficiency Exam (WPE). Development of a writing portfolio required to satisfy Graduation Writing Assessment Requirement (GWAR)/WPE. Instruction to assist student in achieving satisfactory levels of writing performance. Graded CR/NC.

*Students subject to earlier catalogs satisfy this prerequisite with ENGL 101 or 190.

454 Special Topics (1–4)
Prerequisite: Varies with topic. Topics of special interest to wide university audience as announced in Schedule of Classes. May be repeated for credit as topic changes.

498 Advanced Cooperative Education (1–4)
Prerequisites: Completion of senior level courses appropriate to experience; approval by major department Cooperative Education coordinator. Participation in work experience integrated with academic program; assignments arranged individually in advance through coordinator. Minimum of 10 hours per week required for each unit. Students in departments with graduate Cooperative Education programs may apply maximum of 4 units toward graduate degree program. Graded CR/NC.

Intercollegiate Athletics Courses (ATHL)

Upper Division Courses

341–342 Intercollegiate Athletics (1–2 each)
Prerequisite: Consent of coach. Only NCAA-eligible student athletes may enroll and participate in these courses. Advanced practice in performance techniques in preparation for intercollegiate competition. A maximum of 10 units of intercollegiate athletics courses may be applied toward a baccalaureate. Graded CR/NC.

341 Series: Individual or Dual Sports (1–2 each)
341C Cross Country (Women’s) (1)

342 Series: Team Sports
342B Baseball (Men’s) (2)
342K Basketball (Men’s) (Women’s) (2)
342S Soccer (Men’s) (2) (Women’s) (2)
342V Volleyball (Women’s) (2)

Library Course (LIBR)

150 Introduction to Information Literacy and Research Skills (1)
Develops effective and efficient skills for identifying, retrieving, and critically evaluating electronic, print, and Internet sources. Assists students in preparing information literate papers and presentations. Graded ABC/NC.

250 Intermediate Information Literacy and Library Research Skills (2)
A practical and theoretical course offering students a framework for how information and knowledge is produced in society and organized by libraries and indexing systems. Designed to give students the technological skills and critical thinking abilities needed to access and use the printed and electronic information resources found in libraries and on the Internet; develop strategies for finding, evaluating, synthesizing and managing information. Graded ABC/NC.
**Graduate Level Courses**

**University Graduate Course (UNIV)**

**599 Thesis or Project for Interdisciplinary Studies Master's (1-8)**
Prerequisites: Advancement to candidacy, formal approval of topic by advisory committee. Independent study resulting in a thesis or project. Oral examination on thesis required. Open to Interdisciplinary Studies Master's students only.

**900 Thesis Research (0)**
Courses in the 900 series (UNIV 900) are open only to graduate students who have previously enrolled in all allowable research units (597) and are not enrolled in any other credit-bearing courses or thesis or project units (599), but will use University facilities or consult with faculty.

The Department of Accounting offers an undergraduate option in Accounting for the Bachelor of Science degree in Business Administration, a minor in Accounting, a certificate program in Accounting, a graduate option in Accounting for the Master of Business Administration (MBA) degree and a Master of Science (MS) degree in Accountancy. Students who are pursuing the various programs prepare for careers in public accounting, serving clients professionally in the areas of financial accounting, cost accounting, auditing, taxes, and systems, or managerial accounting dealing with the functions of the controller in business, industry and government. The MS degree in Accountancy also prepares students for doctoral study or research positions. The Department of Accounting is one of the largest academic departments in the University. Graduates of its various programs hold positions of prominence in major accounting organizations.

The Faculty

Professors: Cheryl A. Cruz, Rick Stephan Hayes, J. Gregory Kunkel (Chair), Dong-Woo Lee, Leslie Jane Park.
Associate Professors: Rafik Elias, Kathryn A. Hansen, Marianne L. James, Neung-Jip Kim, Richard Tinwah Lau.
Assistant Professor: El-Hussein El-Masry, Haihong He, David Hossain, Edward L. Monsour.

Bachelor of Science Degree in Business Administration with Option in Accounting

A total of 186 units are required for the Bachelor of Science degree in Business Administration with the Accounting option. This option prepares students for careers in either Public Accounting, serving clients professionally in the areas of financial accounting, cost accounting, auditing, taxes and systems; or Managerial Accounting, dealing with the functions of the controller in a business firm, or an institutional or governmental agency; or internal auditing. All degree candidates must complete 78 units in courses outside the College of Business and Economics. See the Undergraduate Studies: General Information chapter for details concerning these other units. The Business Administration major with an option in Accounting requires completion of 72 units in core courses and 36 units in the option. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Electives (8 units)
Select 8 units from the following:
ACCT 420 Advanced Financial Accounting and Reporting (4)
ACCT 421A Taxation of Corporations and Partnerships (4)
ACCT 421B Taxation of Estates, Trusts, and Gifts (4)
ACCT 421C State and Local Taxation (4)
ACCT 422 Corporate Management Accounting Practice (4)
ACCT 424B Auditing (4)
ACCT 425 International Accounting
ACCT 427 Governmental and Institutional Accounting (4)
ACCT 428A Internal Auditing I (4)
ACCT 428B Internal Auditing II (4)
ACCT 433 Financial Planning and Control (4)
ACCT 435 Forensic Accounting (4)
ACCT 454 Special Topics in Accounting (4)

Program Standards
Note the following accounting program standards.
Part I. To enroll in upper division accounting courses (except ACCT 320AB), undergraduate students must have:
1) Completed the following courses:
   ACCT 210 Principles of Financial Accounting (4)
   ACCT 211 Principles of Managerial Accounting (4)
   ACCT 320AB Intermediate Financial Accounting and Reporting I, II (4, 4)
   BUS 305 Business Communications (4)
   CIS 100 Business Computer Systems (4)
   ECON 201, 202 Principles of Economics I, II (4, 4)
   ECON 209 Applied Business and Economic Statistics (4)
   FIN 205 Legal and Regulatory Environment of Business I (4)
   FIN 303 Business Finance (4)
2) Followed procedures specified by the Department of Accounting in the quarter preceding enrollment in the first upper division accounting course (except 320AB).

Part II. Students in the accounting option must earn a grade of C or higher in all accounting courses and pass at least sixteen units in upper division accounting classes at Cal State L.A.

Minor in Accounting
A minor in Accounting is available for students majoring in other fields. Twenty-four units are required. Minimum C grades are required in all accounting courses taken to complete the minor program. A minimum of 12 units of upper division accounting courses must be taken in residence at California State University, Los Angeles. The minor will be noted on the transcript if the minor requirements are completed by the time all degree requirements are met.

Requirement for the Minor (24 units)
Required Courses (20 units)
ACCT 202 Survey of Accounting (4) or
ACCT 210 Principles of Financial Accounting (4)
ACCT 211 Principles of Managerial Accounting (4)
(for ACCT 210 and 211, a maximum of 4 units to count towards 20 required units)
ACCT 310 Accounting Information for Decision Making (4)
ACCT 320AB Intermediate Financial Accounting and Reporting I, II (4,4)

Electives (8 units)
Select 8 units from the following:
ACCT 420, 421ABC, 422, 424B, 427, 428AB, 433, FIN 305

Certificate Program in Accounting
The Accounting Department offers a credit certificate in Accounting, designed to prepare individuals who hold, or are pursuing, a bachelor's degree in a field other than accounting for entry into the accounting profession.

Prerequisites (28 units)
Admission to the University with a bachelor's degree in a field other than accounting or as an undergraduate majoring in a field other than accounting;

Completion of the lower division Business Administration core courses listed below with a minimum 2.5 grade point average.
ACCT 210 Principles of Financial Accounting (4)
ACCT 211 Principles of Managerial Accounting (4)
CIS 100 Business Computer Systems (4)
ECON 201, 202 Principles of Economics I, II (4, 4)
ECON 209 Applied Business and Economic Statistics (4)
FIN 205 Legal and Regulatory Environment of Business I (4)
Submission of transcripts or official grade reports for the above courses to the Department of Accounting for evaluation.

A minimum of 48 units, a minimum 2.5 grade point average, and minimum C grades in all accounting courses are required for completion of the program. Refer to the Undergraduate Studies: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirements for the Certificate (48 units)
Required Courses (40 units)
ACCT 310 Accounting Information for Decision Making (4)
ACCT 321 Taxation of Individuals (4)
ACCT 322 Cost Accounting (4)
ACCT 325 Leadership and Professional Skill for Accountants (4)
ACCT 424A Accounting Information Systems (4)
ACCT 495 Case Studies in Accounting (4)
BUS 305 Business Communications (4)
FIN 303 Business Finance (4)

Electives (8 units)
Select 8 units from the following:
ACCT 420, 421ABC, 422, 424B, 427, 428AB, 433, FIN 305
Master of Science Degree in Accountancy

The M.S. degree in Accountancy prepares students for a wide range of employment opportunities in public accounting, industry and finance, government and nonprofit organizations. The program is designed to produce individuals who are qualified with knowledge and techniques in one or more accounting areas: Accounting Information Systems; Financial and Public Accounting, including auditing and taxation; and Managerial and Cost Accounting. Graduates of the program are prepared to successfully challenge a professional examination for entry into the selected area; committed to professional and career development beyond their formal education into the highest executive levels of the selected area; capable of becoming leaders who exhibit high standards of ethical conduct within the profession; and prepared for doctoral study and research positions.

Admission to the Program

Applicants must complete 16 units of Foundations of Business courses: CIS 100, ECON 209 or 501, FIN 205 or 500 and BUS 305. In addition, applicants must complete 20 units of Foundations of Accounting courses (ACCT 500, 320AB, 321 and 322) and must have an approved graduate degree program on file in the College of Business and Economics Advisement Center.

Requirements for the Degree (45 units)

A total of 45 units of 500-level courses are required. All programs must be approved by the department.

Required Core (24 units)

- ACCT 520 Managerial Accounting Theory (4)
- ACCT 524A Accounting Information Systems (4)
- ACCT 524B Auditing (4)
- ACCT 525 Seminar: International Accounting (4)
- ACCT 526 Seminar: Financial Accounting Theory (4)
- ACCT 595 Case Studies in Accounting (4)

Note: Students who have passed ACCT 424A, 424B and 495, or equivalent before admission to the MS Accountancy program are exempted from ACCT 524A, 524B and 595. These students must complete additional 12 units of 500-level courses selected with adviser approval from the option courses listed below.

Options (21 units)

Select one of the three options listed below. Elective courses within the options are determined in conference with a graduate adviser to meet professional objectives.

A. Accounting Information Systems Option (21 units)

Select 21 units from the following:
- ACCT 523 Seminar: Public Accounting (4)
- ACCT 530 Seminar: Advanced Cost and Managerial Accounting (4)
- BUS 597 Graduate Research (1)
- CIS 504 Information Systems (4)
- CIS 527 Seminar: Decision Support Systems (4)
- CIS 528 Current Problems in Computer Information Systems (4)
- CIS 543 Data Base Systems (4)
- CIS 560 Seminar: Microcomputer Networks (4)
- CIS 583 Information Systems Consulting (4)
- CIS 584 Seminar: Controlling and Auditing Computer Systems (4)

B. Financial and Public Accounting Option (21 units)

Select 21 units from the following:
- ACCT 521A Taxation of Corporations and Partnerships (4)
- ACCT 522 Seminar: Current Topics in Financial Reporting (4)
- ACCT 523 Seminar: Public Accounting (4)
- ACCT 585 Seminar: Tax Theory and Business Applications (4)
- ACCT 586 Seminar: Tax Research and Practice (4)
- ACCT 587 Seminar: Taxation of Corporations and Shareholders (4)
- BUS 597 Graduate Research (1)
- FIN 530 Seminar: Business Finance (4)
- FIN 533 Seminar: International Finance (4)
- FIN 598 Graduate Directed Study (1-2)

C. Managerial and Cost Accounting Option (21 units)

Select 21 units from the following:
- ACCT 521A Taxation of Corporations and Partnerships (4)
- ACCT 530 Seminar: Advanced Cost and Managerial Accounting (4)
- ACCT 585 Seminar: Tax Theory and Business Applications (4)
- ACCT 587 Seminar: Taxation of Corporations and Shareholders (4)
- BUS 597 Graduate Research (1)
- CIS 527 Seminar: Decision Support Systems (4)
- MGMT 576 Seminar: Managing Health Care Organizations (4)
- MGMT 577 Seminar: International Business Management (4)
- MGMT 598 Graduate Directed Study (1-2)

Note: Students who have passed ACCT 421A may not take ACCT 521A.
**List of Courses (ACCT) – Undergraduate Level**

### Lower Division Courses

**200AB Principles of Accounting I, II (4, 4)**  
Measurement, valuation, and accumulation of accounting data; financial statement analysis and interpretation; limited coverage of accounting data use in decision-making. **Credit allowed for only one of ACCT 200AB and 202.**  

**202 Survey of Accounting (4)**  
Fundamentals of accounting theory and practice; how accounting serves the individual, the business entity, and the broader disciplines of law, government, and economics. **Credit allowed for only one of ACCT 200AB and 202.**

**210 Principles of Financial Accounting (4)**  
Introduction to financial accounting. Accounting cycle and preparation of financial statements. Overview of Generally Accepted Accounting Principles.

**211 Principles of Managerial Accounting (4)**  
Prerequisite: ACCT 210 or 202. Cost terms, cost behavior and cost systems. Use of accounting data for planning, budgeting, and control.

### Upper Division Courses

Upper division standing is prerequisite to enrollment in 300- and 400-level ACCT courses.

**300 Managerial Accounting (4)**  
Prerequisite: ACCT 200B or 202. Use of accounting data for budgeting, cost control, pricing, evaluation of performance, and general decision-making.

**310 Accounting Information for Decision Making (4)**  
Prerequisites: ACCT 211. Use of financial and managerial accounting information to plan, analyze, control, evaluate, and improve the activities of a firm.

**320A Intermediate Financial Accounting and Reporting I (4)**  
Prerequisites: ACCT 200AB, 202, or ACCT 500 with minimum C grades. Accounting theory and practice relating to problems of asset valuation and classification in accounts and statements.

**320B Intermediate Financial Accounting and Reporting II (4)**  
Prerequisites: ACCT 320A with minimum C grade, FIN 303. Valuation and classification of liabilities and stockholders' equity; study of selected contemporary accounting issues.

**321 Taxation of Individuals (4)**  
Prerequisite: ACCT 320B. Statutes, regulations, administrative rulings, and court decisions relating to federal and California income taxation of individuals.

**322 Cost Accounting (4)**  
Prerequisites: ACCT 300 and 320A with minimum C grades. Cost accounting as a tool in modern organizations; covers budgets, cost estimation, cost allocations, sales variance analysis, cost systems, capital budgeting, and performance measurement and evaluation.

**325 Leadership and Professional Skills for Accountants (4)**  
Prerequisite: ACCT 320B and BUS 305. Through practice and multiple assessments, focuses on development and mastery of leadership and professional skills for the accounting profession: creative and critical thinking; managing conflict; delegating; and communicating.

### 400-Level Courses

All 400-level courses may be applied toward master's degree requirements subject to limits established by department and approval of graduate adviser:

**420 Advanced Financial Accounting and Reporting (4)**  
Prerequisites: ACCT 320B and 325. Problems associated with preparation of consolidated financial statements; foreign currency translation; and partnerships.

**421A Taxation of Corporations and Partnerships (4)**  
Prerequisite: ACCT 321. Statutes, regulations, administrative rulings, and court decisions relating to federal and California income taxes of partnerships and corporations; procedural problems, tax management and planning; tax shelters. **Restricted to undergraduate students.**

**421B Taxation of Estates, Trusts, and Gifts (4)**  
Prerequisite: ACCT 321. Statutory, regulatory, and case materials applicable to federal estate and gift taxes; California inheritance and gift taxes; income taxation of estates and trusts; preparation of returns.

**421C State and Local Taxation (4)**  
Prerequisite: ACCT 321. Through cases and materials, focuses on state and local taxation of, and tax planning for, individuals and business entities, including state income, franchise, property and sales taxes; covers the interplay of multistate tax issues with federal constitutional limitations.

**422 Corporate Management Accounting Practice (4)**  
Prerequisite: ACCT 300 or 322. Contemporary management accounting practice employed by today's corporate America; covers both manufacturing and service industries.

**424A Accounting Information Systems (4)**  
Prerequisites: ACCT 320B and 325. Study of accounting information systems and internal controls; provides the tools necessary to understand and evaluate accounting information systems. **Restricted to undergraduate students.**

**424B Auditing (4)**  
Prerequisite: ACCT 424A. Auditing concepts and practices involved in emphasis on financial auditing, review and assurance services with auditing of financial statements by professional accountants in public practice (CPAs). **Restricted to undergraduate students.**

**425 International Accounting (4)**  
Prerequisite: ACCT 320B. This course is concerned with the development and use of international accounting and auditing standards in a global business environment. It covers comparative accounting systems, accounting for changing prices, foreign currency, financial reporting and disclosure issues, managerial accounting and control of multinationals.

**426 Accounting and Reporting Requirements of Small Business (4)**  
Prerequisite: ACCT 300. Theory, methodology, and practice of establishing, accounting for, and reporting in the small business; emphasis on financing and establishing basic accounting systems and reporting requirements of creditors and taxing authorities.

**427 Governmental and Institutional Accounting (4)**  
Prerequisites: ACCT 320B and 325. Principles and problems of fund accounting for governments and nonprofit institutions; budgets, revenues, expenditures, tax levies, appropriations, general fund, special funds, and financial reports; separate treatment of local, state, and federal government agencies.
### Graduate Level Courses (ACCT)

All 400-level courses may be applied toward master’s degree requirements subject to limits established by department and approval of graduate adviser. Classified graduate standing and approval by the College of Business and Economics Advisement Center are required for admission to all 500-level courses.

**500 Financial and Managerial Accounting (4)**
Accounting concepts and tools for business organizations; covers the accounting model, financial statements analysis, cost control and behavior, pricing, budgeting, and systems design. Some sections may be technologically mediated.

**520 Management Accounting Theory (4)**
Management control theory; covers design of various types of responsibility centers, strategies and strategic planning, performance measurement and management compensation from an accounting perspective.

**521A Taxation of Corporations and Partnerships (4)**
Prerequisite: ACCT 321. Statutes, regulations, administrative rulings, and court decisions relating to federal and California income taxes of partnerships and corporations; procedural problems, tax management and planning; tax shelters. Independent research in corporation and partnership taxation.

**522 Seminar: Current Topics in Financial Reporting (4)**
Objectives of financial statements, efficient capital markets, setting accounting policy, using accounting data, processing human information.

**523 Seminar: Public Accounting (4)**
Historical development of professions, audit function in relation to ethical and legal considerations, trends in new services for clients, the CPA firm, multinational practice, signposts of the future.

**524A Accounting Information Systems (4)**
Prerequisite: ACCT 320B. Study of accounting information systems and internal controls; provides the tools necessary to understand and evaluate accounting information systems. Independent research in accounting information systems.

**524B Auditing (4)**
Prerequisite: ACCT 424A or 524A. Auditing concepts and practices involved in financial auditing, review and assurance services; emphasis on auditing of financial statements by professional accountants in public practice (CPAs). Independent research in auditing.

**525 Seminar: International Accounting (4)**
Selected analytical and policy issues underlying current developments in international accounting.

**526 Seminar: Financial Accounting Theory (4)**
Advanced analytical concepts implicit in contemporary accounting practice; current developments in accounting techniques; specific applications to major aspects of financial statements.

**530 Seminar: Advanced Cost and Managerial Accounting (4)**
Prerequisite: ACCT 520. Selected analytical and policy issues underlying current developments in standards and techniques; application of advanced concepts to profit and nonprofit organizations.

**535 Forensic Accounting (4)**
Recommended Prerequisite: ACCT 424B or ACCT 524B; or equivalent course. The course teaches the nature of forensic accounting, financial statement fraud and misappropriation of assets - detection, investigation, and prevention. The course develops professional skills necessary to investigate, detect, and prevent fraud through extensive case studies and research projects. Independent research in forensic accounting.

**554 Special Topics in Accounting (4)**
Current topics of special interest in accounting as announced in Schedule of Classes. In-depth presentations and analyses of topics significant to contemporary business world; lectures, discussions, speakers, and research projects.
585 Seminar: Tax Theory and Business Applications (4)
Prerequisite: ACCT 421A or 521A. Tax concepts and judicial doctrines inherent in federal tax law; effects of taxation of business organization, capital structure, policies, and operation.

586 Seminar: Tax Research and Practice (4)
Prerequisite: ACCT 421A or 521A. Methodology of researching complex tax problems; tax planning; scope of activity, responsibility, and ethics of accountant in tax field.

587 Seminar: Taxation of Corporations and Shareholders (4)
Prerequisite: ACCT 421A or 521A. Statutory, regulatory, and case material applicable to corporation tax including formation, stock redemptions, and liquidations; stock dividends and preferred stock bailouts; elections under subchapters; personal holding companies, accumulated earning tax; collapsible corporations.

595 Case Studies in Accounting (4)
Prerequisite: ACCT 424A or 524A. How to apply the knowledge and skills learned in previous courses to solve real world case problems. Independent research in accounting case studies.
Department of Anthropology
College of Natural and Social Sciences

DEPARTMENT OFFICE
King Hall C4068
Phone: (323) 343-2440
E-mail: anthro@calstatela.edu
http://www.calstatela.edu/academic/anthro/

The Department of Anthropology offers a wide range of courses in the biological origins and variation of humankind, the archaeological record, and particularly, the comparative study of contemporary cultures. The department offers courses that support programs in the social, behavioral, and life sciences. In addition to preparing students for advanced study or a professional career in anthropology, the degree provides a broad liberal education appropriate to careers in business, law, medicine, government service, and teaching.

The Faculty

Professors: ChorSwang Ngin (Chair).
Associate Professors: Raquel Ackerman, James Brady (Associate Chair), Elizabeth Miller.
Assistant Professors: Beth Baker-Cristales, Kate Sullivan.

Undergraduate Programs in Anthropology

Bachelor of Arts Degree
The Bachelor of Arts degree in Anthropology is available for those who seek a liberal arts education or who wish to prepare for advanced study and research.

The total number of units required for the Bachelor of Arts degree in Anthropology is 180 units, of which 66 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Departmental Honors Program
The Department of Anthropology offers an honors program for students who have completed at least 16 upper division units in anthropology, who have a minimum 3.25 grade point average in all anthropology courses, and who possess a minimum 3.0 grade point average in all college work. Application to the program is made by written petition.

The program is designed to introduce superior students to intensive research experience in anthropology and related fields, as well as to more sophisticated and thorough study of anthropological theory in relevant subareas of the discipline. Honor students are permitted to depart from the normal major program in various ways to broaden and enrich their curriculum.

Honor students plan their programs in consultation with an honors adviser. Students enroll during each of their final three quarters in ANTH 396, and submit a written thesis to the departmental honors committee. Diplomas and transcripts of honors program graduates are designated: “Graduated with Departmental Honors in Anthropology.”

Requirements for the Major (66 units)
The major requires 66 units in anthropology, of which 8 are in lower division and 58 are in upper division courses.

Foreign Language Requirement
In addition to the 66 units, students must include 12 units of a modern foreign language in their lower division program or offer proof of successful completion of three years of modern language study in high school as an acceptable equivalent. An additional acceptable equivalent can be the successful completion of three upper division courses in linguistics, ANTH 470/ENGL 403; ANTH 471/ENGL 400; and ANTH 472.

Upper Division Writing Requirement
To satisfy this university requirement, students must take ANTH 481.

Lower Division Required Courses (8 units)
ANTH 250 Cultural Anthropology (4)
ANTH 260 Physical Anthropology (4)

Upper Division Required Courses (12 units)
ANTH 361 Race, Racism, and Human Variation (4)
ANTH 430 Social Organization (4)
ANTH 497 History of Ethnological Theory (4)

Electives (30 units)
Select two from following Area courses (8 units):
ANTH 401, 404, 406, 407, 408, 410, 413, 414
Select one from following Archaeology courses (4 units):
ANTH 421, 423, 425
Select one from following Methods courses (6 units):
ANTH 424, 464, 480, 485
Select one from following Cultural courses (4 units):
ANTH 432, 434, 435, 437, 445
Select one from following Physical courses (4 units):
ANTH 460, 462, 463
Select one from following Linguistics courses (4 units):
ANTH 470/ENGL 403 or ANTH 471/ENGL 400

Additional Electives (16 units) must be selected from 400 level courses.
Select additional 400 level courses in anthropology to complete upper division minimum of 58 units.

Beyond this minimum, students are encouraged to add elective courses from other disciplines, in consultation with major advisers.

**Minor in Anthropology**
A minor in Anthropology is available for students majoring in other fields. A total of 28 units in anthropology, of which 8 units are in lower division courses and 20 units are in upper division courses, is required.

### Graduate and Postbaccalaureate Programs in Anthropology

#### Master of Arts Degree
The objective of the M.A. degree in Anthropology is to prepare students for professional level employment in industry and government, teaching positions in community colleges, or advanced study towards the PhD. degree. The program has four options: General Anthropology, Archaeology, Sociocultural Anthropology, and Forensic Anthropology. The General Anthropology option prepares students in the traditional areas of anthropology: culture theory, ethnography, archaeology, linguistics, and physical anthropology. The Archaeology option prepares students for careers in archaeology or cultural resource management. The Forensic Anthropology option prepares students for careers in forensic anthropology or other aspects of law enforcement. The Sociocultural option prepares students for careers in cultural anthropology or ethnography.

#### Admission to the Program
With the exception of the Forensic Anthropology option, applicants must have a baccalaureate in anthropology and a 2.75 grade point average in the last 90-quarter units attempted or a B (3.0) grade point average in anthropology courses. Those whose undergraduate major was not anthropology must complete 20-32 units in anthropology, including ANTH 497, with a B average. Students’ actual number of units required is determined by advisement during their first quarter of postbaccalaureate study.

Forensic Anthropology applicants must have a baccalaureate in Anthropology and a 3.0 grade point average in the last 90-quarter units attempted, and a 3.0 grade point average in anthropology courses. Those whose undergraduate major was not anthropology must complete 20-32 units in anthropology with a B average. Students’ actual number of units required is determined by advisement during their first quarter of postbaccalaureate study.

Students are accepted into the Anthropology program for the fall, winter and spring quarters. Students must notify the department of their intent to seek admission to the Archaeology, Forensic, or Sociocultural option at the time of their application.

The Forensic Anthropology option requires that students apply to both, the University and to the Department of Anthropology. Students must have minimum GPA of 3.0 in the last 90 Quarter College units taken and submit a separate application form (available from the department) to the Department of Anthropology that includes, a statement of purpose, two letters of recommendation, and unofficial transcripts from all colleges and universities attended. A telephone or personal interview is also required. Complete applications must be submitted to the Department of Anthropology by April 10 for fall admission, by August 10 for winter admission and by November 10 for spring admission. Applicants will be notified within two months following he appropriate deadline as to whether or not they are accepted. Because Forensic Anthropology courses are offered in sequence beginning with the fall quarter, students are strongly encouraged to apply for fall admission.

#### Requirements for the Degree (45-51 units)
A total of 45 - 51 units is required, with at least 23-26 units in 500-level courses, as specified by each option. All students must have a reading or speaking knowledge of a relevant research language or demonstrate proficiency in linguistic analysis or in statistics. Students must satisfy this requirement before they may attempt the comprehensive examination or submit a thesis proposal. Language proficiency is demonstrated by passing a foreign language reading examination administered by the department of Modern Languages and Literatures. Statistics proficiency is demonstrated by a B or higher grade in POLS 580, PSY 414, SOC 410, or CRIM 512. Students must complete either the comprehensive examination or a thesis prior to graduation, as required under the individual options presented below. Students also must fulfill all university requirements including the graduation writing assessment requirement (GWAR).

#### General Anthropology Option (45 units)
A total of 45 units are required, with at least 23 in 500-level courses.

**Required Courses (16 units)**
- ANTH 510AB Seminar: Anthropological Theory and Analysis (4, 4)
- ANTH 520 Seminar: Archaeology (4)
- ANTH 560 Seminar: Physical Anthropology (4)

**Grade B or better required for continuance in program**

**Electives (23–29 units)**
Select from 400 and 500-level anthropology courses, including at least two different 500-level courses. A maximum of 8 units in a related field may be included with prior adviser consent. Total must include 6 units of ANTH 599 along with 23 units of electives if thesis option is selected. Total must include 29 units of electives if comprehensive exam option is selected.

**Comprehensive Examination or Thesis (0, 6 units)**
- ANTH 596 Comprehensive Examination (0) or ANTH 599 Thesis (6)

Students who select the comprehensive examination (ANTH 596) should expect to take it no earlier than the quarter they complete all course work on their program and must comply
with college and department requirements. Examinations are required in culture theory and two of the following areas: archaeology, ethnography, linguistics, and physical anthropology. Students who propose to write a thesis must have completed 24 units in their Master of Arts degree program as well as ANTH 481 and ANTH 510AB. Students who are approved to write a thesis must have successive enrollments in ANTH 599 for a total of 6 units.

**Archaeology Option (50 units)**
A total of 50 units are required, with at least 25 in 500-level courses.

**Required courses (32 units)**
- ANTH 424 Archaeological Field Research Techniques (6)
- ANTH 427 Cultural Resource Management (4)
- ANTH 510AB Seminar: Anthropological Theory and Analysis (4, 4)
- ANTH 520 Seminar: Archaeology (4)
- ANTH 560 Seminar: Physical Anthropology (4)
- ANTH 485 Archaeological Analysis (6)

**Electives (12-18 units)**
Select from 400 and 500-level Anthropology courses including at least 3 500-level courses.

A maximum of 8 units in a related field may be included with prior advisor consent. Total must include 6 units of ANTH 599 along with 12 units of electives if thesis option is selected. Total must include 18 units of electives if comprehensive exam option is selected.

**Comprehensive examination or Thesis (0, 6 units)**
- ANTH 596 Comprehensive Examination (0) or
- ANTH 599 Thesis (6)

Students who select the comprehensive examination (ANTH 596) should expect to take it no earlier than the quarter they complete all course work on their program and must comply with college and department requirements. Examinations are required in culture theory, archaeology and one of the following areas: ethnography, linguistics, physical anthropology. Students who propose to write a thesis must have completed 24 units in their Master of Arts degree program as well as ANTH 481 and ANTH 510AB. Students who are approved to write a thesis must have successive enrollments in ANTH 599 for a total of 6 units.

**Forensic Anthropology Option (49 units minimum)**
A minimum of 49 units is required, with at least 25 in 500-level courses.

**Required courses (35-38 units)**
- ANTH 424 Archaeological Research Techniques (6)
- ANTH 459 Human Osteology (4)
- ANTH 463 Forensic Anthropology (4)
- ANTH 510A Seminar: Anthropological Theory and Analysis (4)
- ANTH 520 Seminar: Archaeology (4)
- ANTH 560 Seminar: Physical Anthropology (4)
- ANTH 563 Advanced Forensic Anthropology (4)
- ANTH 598 Graduate Directed Study (1-4)
- CRIM 557 Forensic Pathology (4)

**Electives (8 units)**
- CRIM 409 Forensic Science (4)
- CRIM 411 Interpretation of Evidence in the Courtroom (4)
- CRIM 412 Crime Scene Management (4)
- CRIM 512 Quantitative Applications (4)

**Thesis (6 units)**
- ANTH 599 Thesis (6)

Students must have completed 24 units in their Master of Arts degree program and ANTH 510A before submitting a thesis proposal. Students who are approved to write a thesis must have successive enrollments in ANTH 599 for a total of 6 units.

**Sociocultural Anthropology Option (51 units)**
A total of 51 units is required, with at least 26 in 500-level courses.

**Required courses (33 units)**
- ANTH 481 Academic Writing and Publishing (4)
- ANTH 501 Seminar: Ethnography (4)
- ANTH 510AB Seminar: Anthropological Theory and Analysis (4, 4)
- ANTH 520 Seminar: Archaeology (4)
- ANTH 560 Seminar: Physical Anthropology (4)
- ANTH 580 Methods in Ethnography (5)
- ANTH 594 Seminar: Problems in Cultural, Anthropology (4)

**Electives (12-18 units)**
No more than eight (8) units may be taken from the following:
- ANTH 404 Peoples of South America (4)
- ANTH 406 Indians of North America (4)
- ANTH 407 Indians of California (4)
- ANTH 410 Peoples of the Pacific (4)
- ANTH 413 Peoples of Africa (4)
- ANTH 414 Peoples of Asia (4)
- ANTH 415 Asian American Communities in Southern California (4)

The remainder of electives may be taken from the following:
- ANTH 433 Urban Anthropology (4)
- ANTH 434 Globalization and Cultural Change (4)
- ANTH 437 Magic, Witchcraft and Religion
- ANTH 472 Linguistic Analysis (4)
- ANTH 530 Seminar: Social Organization (4)
- ANTH 570 Seminar: Language and Culture (4)

A maximum of eight (8) units in a related field may be included with prior advisor consent. Total must include 6 units of ANTH 599 along with 12 units of electives if thesis option is selected. Total must include 18 units of electives if comprehensive exam option is selected.

**Comprehensive Examination or Thesis (0, 6 units)**
- ANTH 596 Comprehensive Examination (0) or
- ANTH 599 Thesis (6)

Students who select the comprehensive examination (ANTH 596) should expect to take it no earlier than the quarter they complete all course work on their program and must comply with college and department requirements. Examinations are required in culture theory, ethnography and one of the following areas: archaeology, linguistics, physical anthropology. Students who propose to write a thesis must have completed 24 units in their Master of Arts degree program as well as ANTH 481 and ANTH 510AB. Students who are approved to write a thesis must have successive enrollments in ANTH 599 for a total of 6 units.
List of Courses (ANTH) - Undergraduate Level

Lower Division Courses

230 Language and Society (4)  
(also listed as ENGL 230)  
An introduction to linguistics as a social science. Exploration of the relationship of language to a variety of social issues including race, class, and gender.  
GE D

245 Introduction to Folk Literature (4)  
(also listed as ENGL 245)  
An introduction to the genres of folk literature; their composition, structure, style, performance, cultural contexts, and their contribution to written literature.  
GE C1

250 Cultural Anthropology (4)  
Exploration of the concept of culture, and its application to such topics as communication, political and economic systems, marriage and family, sex roles, and religion and their relevance to modern life.  
CAN ANTH 4 GE D

260 Physical Anthropology (4)  
Evolution of the human species and our place in nature, emphasizing evolutionary theory, genetics, primate behavior and the fossil record.  
CAN ANTH 2 GE B3

265 The Cultural Animal (4)  
Exploration of the human biocultural experience. Perspectives on the human primate inheritance in the formation of cultural behavior and cultural organizations.  
GE E

270 Introduction to Archaeology (4)  
Introduction to world prehistory, examination of basic archaeological concepts, investigation of extinct cultures.  
CAN ANTH 6

Upper Division Courses

300 Evolutionary Perspectives on Emotions (4)  
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block B. Scientific explanations of primate behavior are used as a model for understanding the evolution of human behavior and emotions.  
GE Theme E

310 Evolutionary Perspectives on Gender (4)  
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block B. Evolutionary perspectives on gender differences in emotions, behavior, and sexuality, utilizing data from primate studies, the brain, and human evolution.  
GE Theme C

315 Evolutionary Perspectives on Violence (4)  
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block B. Scientific studies of evolutionary theory, primate behavior, and the brain are used as a way of understanding the expression and evolution of violence and aggression in humans.  
GE Theme B

325 The Anthropology of Aging: a Bio-Physiological Approach (4)  
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block B. Examination of the biological, physiological and behavioral concomitants to aging; application of physical and biological anthropological concepts and knowledge to an understanding of the maturation process.

335 Maturity and Aging in Crosscultural Perspective (4)  
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block D. A cross-cultural examination of the social, cultural, and psychological aspects of aging and the roles of adults and the elderly in society.  
GE Theme F

338 Gender Roles in Crosscultural Perspectives (4)  
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block D. Cross-cultural comparison of gender role differences and statuses of men and women, past and present, among traditional and contemporary populations worldwide.  
GE Theme C

355 Cultural Evolution and Ancient Civilizations (4)  
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block D. Organization and development of human cultural and social systems. This course includes critical examinations of evolutionary theories, and case studies of complex societies of the old and new worlds.  
GE Theme I

361 Race, Racism, and Human Variation (4)  
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block B. Evaluation of cultural and environmental influences upon composition and distribution of human populations; consideration of the genetic basis for human variation and biological validity of race concept.  
GE Theme H

385 Measurement of Human Difference (4)  
(also listed as PHIL 385)  
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block B. Exploration of issues of diversity and justice through examination of popularized accounts of scientific research into human difference; topics include I.Q. testing and race, “innate” gender differences, and sexuality.  
GE Theme H

396 Honors Thesis (1–3)  
Prerequisite: Admission to honors program in Anthropology. Preparation of an honors thesis, under supervision of an adviser, acceptable to departmental honors committee. May be repeated to maximum of 6 units.  
GE Theme H

400-level Courses

All 400-level courses may be applied toward master’s degree requirements except the following, subject to limits established by department and approval of graduate adviser: ANTH 497

401 Comparative Cultures (4)  
Prerequisite: ANTH 250. Principal culture types and their geographical distribution, application of cultural data to ethnological problems.

404 Peoples of South America (4)  
Prerequisite: ANTH 250. Prehistoric, historic, and contemporary cultures of South America, with emphasis on sociological and ethnological principles of analysis and comparison.

406 Indians of North America (4)  
Prerequisite: ANTH 250. Native peoples of North America north of Mexico, their origins, culture change after contact with Europeans.
407 Indians of California (4)
Prerequisite: ANTH 250. Native peoples of California, their origins, languages, and cultures.

408 Peasant Cultures of Middle America (4)
Prerequisite: ANTH 250. Pre-Spanish civilizations of Mexico and Central America, the conquest and colonial backgrounds of present-day peoples, contemporary societies and cultures of the area.

410 Peoples of the Pacific (4)
Prerequisite: ANTH 250. Island peoples of Polynesia, Melanesia, and Micronesia, migration theories, contemporary social and political systems, European contacts and culture change.

413 Peoples of Africa (4)
Prerequisite: ANTH 250. Historical and cultural backgrounds of traditional and contemporary societies of Africa south of the Sahara, Western and Asian influences, problems of social, economic, and political development.

414 Peoples of Asia (4)
Prerequisite: ANTH 250. Peoples and cultures of Asia; interrelationships of contemporary groups and dynamics of culture change. Emphasis alternates among four areas: Japan and Korea; South Asia; Southeast Asia; China. May be repeated until all areas of emphasis are covered.

415 Asian American Communities in Southern California (4) (also listed as AAAS 415)
The course examines the Asian American enclaves and communities in Southern California by exploring culture, ethnicity, solidarity, political economy, and resistance in their creation and maintenance of communities. Service learning option available.

421 Archaeology of North America (4)
Prerequisite: ANTH 250. Early peopling of North America and development of prehistoric cultures in New World north of Mexican high culture area.

423 Material Culture (4)
Prerequisite: ANTH 250. The analysis and interpretation of utilitarian and non-utilitarian artifacts in early and contemporary cultures.

424 Archaeological Research Techniques (6)
Prerequisites: ANTH 270 or 407 or 421; instructor consent. Instruction in recovery and interpretation of archaeological data. Lecture 4 hours, laboratory and field work 6 hours. May be repeated to a maximum of 12 units.

425 Archaeology of the Old World (4)
Prerequisite: ANTH 250. Growth of culture from its earliest beginnings to emergence of great civilizations, utilizing concepts, methods, and data of archaeology.

427 Cultural Resources Management (4)
Prerequisite: ANTH 270, or 250, or 260. Introduction to the concepts, goals, procedures and legislative basis of cultural resource management and historic preservation. Includes consideration of environmental impacts to archaeological, historic, ethnic and Native American values.

428 Civilizations of Western Mesoamerica (4)
Prerequisite: ANTH 250 or ANTH 270 or consent of the instructor. This course covers Mesoamerican civilization, focusing particularly on the high cultures of Mexico (Olmec, Teotihuacan, Toltec, Aztec, cultures of Oaxaca) and traces ten millennia of development as revealed by archaeology.

429 Maya Civilization (4)
Prerequisite: ANTH 250 or ANTH 270 or consent of the instructor. This course covers Maya civilization as revealed by archaeology. Lowland and Highland cultures are studied, with emphasis on social, political, economic, religious systems, as well as aesthetic and intellectual achievements.

430 Social Organization (4)
Prerequisites: ANTH 250 or 401 or SOC 414 or 444; instructor consent. Systems of kinship and marriage, with reference to social control, religion, law, politics, and economic organization.

432 Anthropology of Wealth and Power (4)
Prerequisite: ANTH 250. Theoretical perspectives and comparative ethnographic analyses of political-economic systems of preindustrial societies ranging from bands through contemporary peasantry.

433 Urban Anthropology (4)
Prerequisite: ANTH 250. Introduction to urban anthropology, including its history, methods of research, and major schools of thought, highlighting the structuring of urban space and social relations in cities around the world.

434 Globalization and Cultural Change (4)
Prerequisite: ANTH 250. Anthropological theory and practice in the changing social, economic, and cultural conditions of the twenty-first century.

435 Culture and the Individual (4)
Prerequisite: ANTH 250. Exploration of conformity and deviance in society through the comparative study of personality formation in different cultural and subcultural settings.

436 Ethnicity and Nationalism (4)
Prerequisite: ANTH 250 or consent of the instructor. This course explores the origins and spread of nationalism, the national-state, and ethnicity as primary forces in the construction of social identities in the modern world.

437 Magic, Witchcraft, and Religion (4)
Prerequisite: ANTH 250. Investigation of the domain of the sacred and supernatural in both technologically primitive and advanced societies. Emphasis on magic, witchcraft, taboo, myth, ritual, belief systems, and religious symbols.

440 Applied Anthropology (4)
Prerequisite: ANTH 250 or consent of the instructor. This course covers the history and practice of applied cultural anthropology, including methods and ethics of applied anthropology and careers in applied anthropology.

443 Anthropology and Education (4)
Prerequisite: ANTH 250. Education in crosscultural perspective; application of anthropological concepts and knowledge to understanding of educative process.

444 Medical Anthropology (4)
Prerequisite: ANTH 250 or SOC 201 or 202. Health in sociocultural perspective; applying anthropological concepts and knowledge to an understanding of health.

445 Myth and Folklore (4)
Prerequisite: ANTH 250. Basic forms of folklore including myth, legend, tale, song, and custom in cultural context, with attention to their origin, transmission, performance, function, and meaning.

446 Anthropological Film (6)
Prerequisite: ANTH 250. Survey of films and approaches to film making in anthropology; methods of presenting data and
theoretical analysis in film; practice in using film and videotape in field research. May be repeated to a maximum of 12 units with consent of instructor. Lecture 4 hours, laboratory 6 hours.

447 Anthropology of Media (4)
Prerequisite: ANTH 250 or consent of the instructor. Introduction to media produced by Indigenous peoples, non-western local communities and grassroots activists, and exploration of the analytical frameworks used in anthropology for studying representational practices, subaltern transnational politics and media, global media culture, and cybersocieties.

450 Culture and Innovation (4)
Prerequisite: ANTH 250. The creative experience and its cultural parameters; effect of culture in structuring the innovative process; emphasis on forces that initiate, direct, and impede the course of creative effort.

454L,P Special Topics in Anthropology (1–6)
Prerequisites: As needed for specific topic. Topics of special interest in anthropology, as announced in Schedule of Classes. May be repeated for credit as subject matter changes.

459 Human Osteology (4)
Prerequisite: ANTH 260 or BIOL 101 or 200A or consent of instructor. Introduction to the human skeleton and laboratory analysis of bone. Analyzing skeletal remains, determining age, sex, race, stature, pathology. Discussing human osteology in an anthropological context. Lecture 2 hours, Lab 4 hours.

460 Human Evolution (4)
Prerequisite: ANTH 260. Critical examination of fossil evidence for human evolution considering importance of cultural evolution. Emphasizes recent discoveries and controversial theories surrounding them.

462 Human Ecology and Adaptation (4)
Prerequisite: ANTH 260. Comparative study of the adaptations of diverse human populations to their environments.

463 Forensic Anthropology (4)
Prerequisite: Upper division standing or instructor approval. Introduction to forensic anthropology, techniques for recovery of skeletonized remains, analyzing skeletal remains, time since death, special techniques including DNA, facial reconstruction and photo superimposition, legal aspects of forensic anthropology.

464 Methods and Techniques of Physical Anthropology (6)
Prerequisites: ANTH 260, instructor consent. Methods of data gathering and analysis in physical anthropology, including consideration of practical problems in field research and advantages and limitations of various field and laboratory techniques. Lecture 4 hours, laboratory 6 hours. May be repeated to maximum of 12 units.

466 Paleopathology (4)
Prerequisite: ANTH 260 or BIOL 200A or BIOL 200B or permission of instructor. Examination of skeletal disease in archaeological populations, the impact of infectious disease on political and social systems and the intersection between modern medical anthropology and the study of ancient remains.

470 Language and Culture (4)
(also listed as ENGL 403)
Prerequisite: ANTH 250. Nature, origin, and evolution of language; survey of approaches and studies illustrating variations in the relation of habitual thought and behavior to language.

471 Introduction to Linguistics (4)
(also listed as ENGL 400)
Prerequisite: Upper division standing. Descriptive and historical study of language; problems of data collection and techniques of analysis, linguistic structure, language classification, language families of the world, language in its sociocultural setting.

472 Linguistic Analysis (4)
Prerequisite: ANTH 471 (may be taken concurrently); 250 recommended. A problems course in anthropological techniques of phonemic and morphemic analysis; close reading of technical, descriptive literature; survey of phonological and grammatical systems of non-Indo-European languages.

480 Anthropological Methods and Techniques (6)
Prerequisites: ANTH 250; instructor consent. Introduction to methodology of anthropological research, including methods of ethnographic investigation, ethnological analysis, and logical processes of problem-solving. Lecture 4 hours, laboratory and field work 6 hours.

481 Academic Writing and Publishing (4)
Prerequisites: Upper division or graduate standing, satisfactory completion of the Graduation Writing Assessment Requirement (GWAR). Introduction to conceptualizing, writing, revising, and publishing academic essays, books, and reviews in the social sciences.

485 Archaeological Analysis (6)
Prerequisites: ANTH 421 or 424 and consent of instructor. Introduction to the basic concepts, principles, goals, and methodologies of archaeological analysis and interpretation. May be repeated to a maximum of 12 units for credit. Lecture 4 hours, laboratory 6 hours.

497 History of Ethnological Theory (4)
Prerequisites: 16 units of anthropology and/or sociology, as approved by instructor. Historical survey and analysis of major schools of anthropological thought.

499 Undergraduate Directed Study (1–8)
Prerequisite: Instructor consent to act as sponsor. Project selected in conference with sponsor before registration, progress meetings held regularly, and final report submitted. May be repeated to maximum of 8 units.
Graduate Level Courses (ANTH)

All 400-level courses may be applied toward master's degree requirements except the following, subject to limits established by department and approval of graduate adviser: ANTH 497

Classified graduate standing is required for admission to all 500-level courses.

501 Seminar: Ethnography (4)
Prerequisites: Graduate standing in a social science major, instructor consent. Selected topics in major world areas, as announced in Schedule of Classes. May be repeated for credit to maximum of 8 units for different areas.

510AB Seminar: Anthropological Theory and Analysis (4, 4)
Advanced consideration of problems involved in application of anthropological theory to cultural data; limitations of contemporary analytical methods.

520 Seminar: Archaeology (4)
Prerequisite: ANTH 421, 424, or 425. Archaeological theory, method, and relationship of archaeological materials to central problems of anthropology. May be repeated once for credit.

530 Seminar: Social Organization (4)
Prerequisite: Classified graduate standing in anthropology. Problems and theories of contemporary social anthropology. May be repeated once for credit.

560 Seminar: Physical Anthropology (4)
Prerequisite ANTH 361 or 462. Problems and theories of contemporary physical anthropology. May be repeated once for credit.

563 Advanced Forensic Anthropology (4)
Prerequisites: Graduate standing and ANTH 459 and ANTH 463 or instructor approval. Advanced topics in forensic anthropology, including recovery techniques, analyzing skeletal remains, time since death, special techniques, facial reconstruction and photo superimposition, legal aspects of forensic anthropology. Lecture 3 hours, activity 2 hours.

564 Forensic Osteology (4)
Prerequisite: ANTH 459, 463 and 563 or consent of instructor. Advanced forensic anthropological study of human skeletal system, including identification of skeletal fragments, preparation and curation of human remains and relevant federal and California laws pertaining to human remains. Lecture 2 hours, Activity 4 hours.

570 Seminar: Language and Culture (4)
Prerequisite: Sixteen units of ANTH courses, including 470 or 471. Advanced study of concepts of language and culture; use of linguistic data and methods in anthropology; relationships between linguistic and nonlinguistic behavior; linguistic models. May be repeated for credit.

580 Methods in Ethnography (5)
Prerequisite: Classified graduate standing in anthropology. Advanced principles and methods concerned with ethnographic field work; techniques of gathering, reporting, and interpreting field data relating to research problems and design. May be repeated once for credit. Lecture 3 hours, laboratory and field work 6 hours.

594 Seminar: Problems in Cultural Anthropology (4)
Prerequisite: Classified graduate standing in anthropology. Problems and theories of contemporary cultural anthropology. May be repeated once for credit.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Master's Degree section of this chapter.

598 Graduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in field; regular conferences with sponsor. May be repeated to maximum of 8 units.

599 Thesis (1–3)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, departmental approval of thesis proposal prior to registration, completion of 24 units in their Master of Arts degree program as well as ANTH 481 and ANTH 510AB. Independent research resulting in a thesis. Must be repeated to total of 6 units. Graded CR/NC.
Program advisement:
The Charter College of Education’s Division of Applied and Advanced Studies in Education offers advisement for master’s degree programs in Educational Administration, Educational Foundations, Computer Education and Technology Leadership, New Media Design and Production, Research and Evaluation, and Teaching English to Speakers of Other Languages. Although the division offers coursework to meet basic and advanced credential requirements, faculty do not plan programs or advise for credentials.

Degrees Offered:
M.A. in Educational Administration, M.A. Degree in Education; Options in: Computer Education and Technology Leadership, Educational Foundations, New Media Design and Production, Research and Evaluation; M.A. in Teaching Speakers of Other Languages (TESOL); B.A. in Urban Learning. The department also participates in an Interdisciplinary Studies Minor in Multimedia that enables students to develop interactive, multimedia products. For more information, please refer to University Programs.

Certificates Offered:
Computer Application in Schools; English as a Second or Foreign Language (ESL/EFL)

Credential Offered
Administrative Services

The Faculty

Professors: Lawson Bush V, Stephanie Evans, Anne L. Hafner, Lia D. Kamhi-Stein, Lori Kim, Antony J. Kunnan, Chogollah Maroufi (Chair), Penelope Semrau, Simeon P. Slovacek, Marguerite Ann Snow.

Associate Professors: Adelaide Doyle-Nichols, Anthony Hernandez, Deborah M. Oh, Carlos Tejeda.

Assistant Professors: Lois N. Andre-Bechely, Pearl Chen, Manisha Javeri, Jonah Schlackman, Ann Wood.

Undergraduate Programs

Bachelor of Arts Degree in Urban Learning
The Bachelor of Arts degree in Urban Learning is a blended elementary subject matter teacher preparation program which combines courses in teacher preparation with major courses emphasizing an interdisciplinary approach to understanding urban learning as a social phenomenon. The major is supported by a depth area in social sciences which focuses on diversity and a choice of either an educational minor to prepare students to teach in elementary schools or an education specialist minor for teachers working as interns in special education settings. Students who complete this degree must complete a minimum of 186 units to graduate. The requirements are described below. For additional information concerning this program, see the catalog section on Basic Teaching Credentials.

Faculty
Paula Arvedson (Coordinator), Ann Barbour, Margaret D. Clark, Stephanie Evans, Anne Hafner, Albert Jones, Frances Kuwahara-Chinn, Pauline Mercado, J. Sabrina Mims, Frederick L. Uy.

Advisement
Prospective students must attend an orientation session and meet with an adviser prior to enrolling in any courses. Students are grouped into cohorts of learning communities to support a climate conducive to life long professional networks and academic success.
Requirements for the Major (180-198 units)

Students who select this major can choose the Blended option or the Directed Electives option. Students in the Blended option must complete a total of 198 units to graduate, of which 112 units must be selected in accord with the Elementary Subject Matter Teacher Preparation program common core requirements. In addition, students must complete 86 units, which consist of 20 units of required major area courses, 20 units of required depth area courses, and 46 units of a minor (either Multiple Subject Teaching or Education Specialist).

Students in the Directed Electives option must complete 180 units to graduate. The Directed Electives option requires completion of 60 units of General Education at the lower division, 12 units at the upper division and 6 units of graduation requirements (i.e., ENGL 102 and either the Introduction to Higher Education EDUC 150 or Transition to Cal State L.A. EDUC 350). It also requires 56 units in the major with the remaining 46 units as recommended electives for preparation for the California Subject Examinations for Teachers (CSET). Students who pass the CSET exam will have the option of taking other coursework. Students interested in securing a California Multiple Subject Teaching or Special Education Internship Credential should consult the Charter College of Education section in the Academic Programs, College-Based and University Wide chapter for the regulations governing all teaching credential programs.

A grade of C or higher is required in all courses used to meet the major requirements for the Elementary Subject Matter Teacher Preparation Options (Blended and Directed Electives Options).

Blended Elementary Subject Matter Teacher Preparation Option (198 units [68 units, plus 112 Common Core Units])

Common Core Courses (112 units)

University Requirements (2 units)

UNIV 400 Writing Proficiency Exam (0)
EDUC 150 Introduction to the Charter College of Education (2) or EDUC 350 Transition to Cal State L.A. and the Charter College of Education (2)

Note: EDUC 150 or EDUC 350 must be completed within the first two quarters of enrollment.

Reading, Language and Literature (24 units)

*COMM 150 Oral Communication (4)
*ENGL 101 Composition I (4)
ENGL 102 Composition II (4)
ENGL 250 Understanding Literature (4) or
ENGL 258 Mythology in Literature (4)
ENGL 301 Introduction to Language (4)
ENGL 430 Children’s Literature (4)

Critical Thinking (4 units)

*COMM 176 Argumentation (4) or
*PHIL 160 Critical Thinking (4) or
*PHIL 250 Introduction to Symbolic Logic (4) or
*PHIL 160 Critical Analysis of Political Communication (4)

Mathematics (12 units)

MATH 110 Foundations of the Real Number System for Elementary and Middle School Teachers (4)
*MATH 115 Elements of Algebra and Statistics for Elementary and Middle School Teachers (4)

MATH 225 Explorations in Geometry for Elementary And Middle School Teachers (4)

*Basic Subjects-All must be completed within the first 45 units counted towards the baccalaureate degree.

History and Social Sciences (20 units)

HIST 110A World Civilization I (4)
HIST 110B World Civilization II (4)
HIST 202A United States Civilization (4)
HIST 488 California (4) or
CHS 443 History of the Chicano People in California (4)

POLS 150 Government and American Society (4)

Science (18 units)

BIOL 180 Life Science for Elementary Teachers (4)
BIOL 181 Life Science Seminar for Elementary Teachers (2)
PSCI 180 Motion and Energy for Elementary Teachers (3)
PSCI 181 Structure and Properties of Matter for Elementary Teachers (3)
PSCI 182 Topics in Space Science for Elementary Teachers (2)
PSCI 183 Earth Science for Elementary Teachers (4)

Visual and Performing Arts (12 units)

ART 400 Elementary Classroom Visual Arts (3)
DANC 400 Creative Dance in the Elementary Classroom (3)
MUS 400 Elementary Classroom Music (3)
TA 400 Creative Drama for the Elementary Classroom (3)

Physical Education and Health (8 units)

KIN 150 Fitness and Wellness in Contemporary Society (4)
KIN 420 Development of Physical Activity (3)
HS 457 Health Education for Elementary School Teachers (1)

Human Development (12 units)

CHDV 140 Child Development (4)
CHDV/PSY 343 Child and Adolescent Cognition (4)
CHDV 350 Social and Emotional Development (4) or
SOC 322 Socialization: Childhood and Adolescence (4)

Students who complete the requirements of the common core and the major will have fulfilled all University and general education requirements.

Major Courses (20 units)

ULRN 460 Assessment and Learning (4)
ULRN 461 Learning and Critical Thinking (4)
ULRN 462 The Role of Play in Learning (4)
ULRN 463 Literacy and the Urban Community (4)
ULRN 469 Senior Seminar: Reflection, Assessment and Writing (4)

Social Science Depth Area (20 units)

ICP 481 Intercultural Proficiency in Urban Environments (4) or
ULRN 464 Contemporary Issues in Knowledge, Culture and Learning (4)
COUN 400A Lifespan Issues in Knowledge, Culture and Learning (4)
PSY 412A Psychology of Human Development (4)
COUN 484 Conferences with Parents/Primary Caregivers (4) or
EDEL 467 School/Family/Community Partnerships in Urban Learning (4) or
EDSP 416 Working with Families of Young Handicapped Children (4)
GEOG 377 Urban Issues (4) or
SOC 330 Social Issues in the Urban Setting (4)
ML 300 Language Diversity in Urban America (4) or
PHIL/ANTH 385 Measurement of Human Difference (4) or
PHIL 323 Human Diversity and Justice (4)

Required Professional Education Minor Courses (46 Units)
A minimum GPA of 2.75 in the last 90 quarter units is prerequisite to enrollment in EDCI 300 or EDSP 300. See Catalog, Multiple Subject Credential, for additional prerequisites. An overall 3.0 GPA must be attained in all Professional Education courses with a minimum grade of "C" in each course. Students should see both a major adviser and a multiple subject or special education credential adviser regarding completion of the degree and other credential requirements.

Select one of the following minors:

A. Multiple Subject Teaching Credential Minor (46 units)
(For a Multiple Subject Teaching Credential)

Required Prerequisite Courses (2 units)
EDCI 300 Introduction to the Teaching Profession (2)

Complete the following 34 units:
EDFN 420 Introduction to Foundations of Urban Learning (2)

(It is recommended that this course be taken during Block One)
EDSP 400 Foundations of Special Education (4)

(It is recommended that this course be taken prior to Block Three)

Block One (Must be completed before Block Two)
EDCI 402 Introduction to Instructional Design, Assessment, and Classroom Management (4)
EDEL 405 Proseminar: Language Development in the Elementary Classroom (4)

Block Two (Must be completed before Block Three)
EDEL 415 Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDEL 417 Proseminar: Curriculum and Teaching of Mathematics (4)
EDEL 418 Proseminar: Curriculum and Teaching of Science (4)

Block Three (Must be completed before Block Four)
EDEL 416 Proseminar: Curriculum and Teaching of Writing/Language Arts (4)
EDEL 419 Proseminar: Curriculum and Teaching of Social Science (4)

Directed Teaching Credential Requirements (12 units)

Block Four (Must attend a mandatory directed teaching meeting prior to enrolling in these courses)
EDEL 403 Directed Teaching: Multiple Subject (10)
EDEL 403C Reflection, Synthesis, and Assessment of Directed Teaching (2)

B. Education Specialist Minor Requirements
(Eligibility for a Special Education Internship Credential) (46 units)
Completion of this minor and passage of the CBEST qualify students to be eligible for an internship credential with verification of employment from a cooperating school district. For a Preliminary Education Specialist Credential, students must complete the additional credential coursework in their area of specialization (i.e., mild/moderate disabilities, moderate/severe disabilities, physical and health impairments or visual impairments). Students must consult a special education adviser for specific program requirements.

Complete the following:
EDSP 300 Introduction to Special Education (4)
EDSP 301 Individuals with Disabilities in Contemporary Society (3)
EDEL 415 Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDEL 417 Proseminar: Curriculum and Teaching of Mathematics (4)
EDSP 407 Directed Teaching in Special Education (5)
EDSP 408 Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (4)
EDSP 409 Assessment for Individuals with Exceptional Needs in Diverse Educational Settings (4)
EDIT 430 Information Technologies in the Classrooms (4) or equivalent
EDFN 420 Introduction to Foundations of Urban Learning (2)
EDSP 400 Foundations of Special Education (4)

Internship Emphasis Requirement: Electives (8 units)
With approval of a credential adviser, complete 4 units of appropriate coursework in area of specialization.

Elementary Subject Matter Teacher Preparation Option: Directed Electives (180 units, of which 102 are in the major)
This option is designed for transfer students and students at Cal State L.A., who decide after completing a substantial portion of the regular general education program to seek an elementary school teaching credential.

The Elementary Subject Matter Teacher Preparation option: Directed Electives requires completion of 60 units of General Education at the lower division, 12 units at the upper division theme and 6 units of graduation requirements (i.e., ENGL 102 and either the Introduction to Higher Education EDUC 150 or Transition to Cal State L.A. course, EDUC 350). It also requires 56 units in the major with the remaining 46 units as recommended electives for preparation for the California Subject Examinations for Teachers (CSET). Students who pass the CSET exam will have the option of taking other coursework. This option requires a total of 180 units for completion.

Students in the Elementary Subject Matter Teacher Preparation Option: Directed Electives are subject to the same General Education requirements for nonteaching majors.
Graduate and Postbaccalaureate Programs

Master of Arts Degree in Educational Administration

The Master of Arts degree in Educational Administration offers an Option in Educational Leadership.

Admission to the Program

In addition to general university requirements for admission to graduate study, applicants to a master’s degree program must meet the following requirements:

- Possession of a baccalaureate degree from a regionally accredited institution of higher education.
- Positive review of application materials and assignment of permanent advisor.
- A valid California professional teaching credential or any equivalent credential approved by the California commission on teacher credentialing.
- A 2.75 grade point average in the last 90 quarter units attempted.
- Two years of successful teaching or service experience in K-12 schools with a California Professional Teaching Credential or any equivalent credential approved by the California Commission on Teacher Credentialing.
- Successful completion of the writing proficiency examination (WPE) or any equivalent inventory approved by the university.
- Three (3) positive recommendation letters, including one from a practicing school administrator.
- Meeting of admission standards developed by the division (refer to the current EDAD student handbook).
- Orientation/screening interviews with program faculty.
- A program of study approved by the adviser and division chair.

Requirements for the Degree (48-52 units)

A minimum of 48 units is required, including at least 23 units in 500-level courses and an acceptable portfolio presented through EDAD 590, or a thesis or project. There is a limit on credit that may be earned in variable-unit courses. See Restrictions on Credit Earned in Variable Unit Courses in the Charter College of Education section of the Academic Programs: College-based and University-wide chapter of this catalog.
Residency Requirement—at least 32 quarter units for the Master of Arts degree in Educational Administration program must be completed in residence at Cal State LA.

**Portfolio or Thesis or Project (3-7 units)**

- *EDAD 590 Reflection and Portfolio Assessment (3) or
- EDAD 599A Thesis or Project Planning (3) and
- EDAD 599B Thesis or Project (2) and
- EDAD 599C Thesis or Project (2)

*To be taken during the last quarter of the program.

**Master of Arts Degree in Education:**

**Option in Computer Education and Technology Leadership**

This option prepares educators to assume leadership roles in the field of computer education. In particular, the program is designed to prepare computer-using teachers, computer-based trainers, computer/technology coordinators, and other school-based technology experts for K-12 schools and other education and training settings. Note: Teachers who plan to teach in public California K-12 classrooms or work as school level or district-level computer coordinators must obtain a California teaching credential. For some district-level technology coordinator positions, a Level I California Administrative Credential is required.

**Admission to the Program**

In addition to University requirements for admission to graduate study, applicants must have a minimum 2.75 grade point average in the last 90 quarter units attempted and must have completed a course or courses covering computer literacy and applications in education (EDIT 430 or EDIT 431). Students must make written application to the Charter College of Education and the Division of Applied and Advanced Studies in Education.

**Requirements for the Degree (45 units)**

A total of 45 or more units is required, with at least 23 units in 500-level courses. A comprehensive examination or a thesis or project is required. There is a limit on credit that may be earned in variable-unit courses. See *Restriction on Credit Earned in Variable Unit Courses* earlier in this chapter.

**Prerequisites:**

- EDIT 430 Information Technologies in the Classroom (4) or
- EDIT 431 Advanced Computer Applications in Education (4)

**Required Courses (29 units)**

*Students who do a thesis are required to take a second course in educational research methodology such as EDFN 452 (with adviser approval).

Students should expect to take the comprehensive examination (EDFN 596) during the Fall or Spring Quarter and must also comply with college and division requirements.

**Master of Arts Degree in Education:**

**Option in Educational Foundations**

The Master of Arts degree in Education, Option in Educational Foundations, offers concentrations in social and psychological foundations. This interdisciplinary academic program, which draws on conceptual frameworks and
methodologies from the humanities, social sciences, and behavioral sciences, is designed to prepare teachers and other educational professionals (e.g., psychologists, counselors, and administrators working in schools, government, business, or civic agencies) to understand and respond to the social contexts that give meaning to education both in and out of schools. It offers coursework in the educational foundations area and its related disciplines e.g., history of education, philosophy of education, educational sociology, educational psychology and human development. This coursework provides students with opportunities to acquire interpretive, normative, and critical perspectives on education through rigorous study and research experience.

Admission to the Program
In addition to University requirements for admission to graduate study, applicants must have a 2.75 grade point average in the last 90 quarter units attempted.

Requirements for the Degree (45 units)
A minimum of 23 of the 45 units must be in 500-level courses and at least 23 units must consist of education courses. See Restrictions on Credit Earned, in Variable Unit Courses earlier in this chapter.

Required Courses (16 units)
EDFN 500 Evaluation of Educational Research (4)
EDFN 505 Qualitative Research in Education (4)
EDFN 506 Comparative Education (4)
EDFN 507 History of Education (4)

Required in Cognate or Theme Area (8 units)
Select with adviser approval.

Area of Concentration (8 units)
Select eight units from one of the two following areas:

Psychological Foundations
EDFN 510 Advanced Study: Learning Theory and Education (4)
EDFN 530 Advanced Study in Human Development (4)

Social Foundations
EDFN 508 Philosophy of Education (4)
EDFN 525 Educational Sociology (4)
EDFN 550 Contemporary Social Theory and Issues in Urban Education (4)
EDFN 551 Action Research in Education (4)
EDFN 552 Policy Studies in Urban Education (4)

Electives in Education (4–13 units)
Select courses in education with adviser approval.

Electives in Cognate Area (0–10 units)
Select with adviser approval.

Comprehensive Examination or Thesis or Project (0, 7 units)
EDFN 596 Comprehensive Examination (0) or
EDFN 599A Thesis or Project Planning (3) and
EDFN 599B Thesis or Project (2) and
EDFN 599C Thesis or Project (2)

Master of Arts in Education: Option in New Media Design and Production
The New Media Design and Production option prepares school or industry-based specialists who combine skills in applying computer technology with advanced video and multimedia techniques to enhance the learning experience of students at all levels.

Note: Teachers who plan to teach in public California K-12 classrooms or work as school-level or district-level computer coordinators must obtain a California teaching credential.

Admission to the Program
In addition to University requirements for admission to graduate study, applicants must have a minimum 2.75 grade point average in the last 90 quarter units attempted and must have completed a course or courses covering computer literacy and applications in education (EDIT 430 or EDIT 431). Students must make written application to the Charter College of Education and the Division of Applied and Advanced Studies in Education.

Requirements for the Degree (45 units)
A total of 45 or more units is required, with at least 23 units in 500-level courses. A comprehensive examination or a thesis or project is also required. There is a limit on credit that may be earned in variable-unit courses. See Restriction on Credit Earned in Variable Unit Courses earlier in this chapter.

Prerequisites
EDIT 430 Information Technologies in the Classroom (4) or
EDIT 431 Advanced Computer Applications in Education (4)

Required Courses (30 units)
EDFN 500 Evaluation of Educational Research (4)
EDIT 451 Survey of Instructional Media and Technology (4)
EDIT 484 Computer Authoring Tools (4)
EDIT 501 Instructional Design of Mediated Instruction (4)
EDIT 550 Multimedia Design and Production (5)
EDIT 557 Computer Assisted and Managed Instruction (5)
EDIT 580 Applied Experience in Instructional Technology (4)

Electives
(8 or 15 or more units in Instructional Technology) or related fields
Select from the following, depending on the choice of thesis, project, or comprehensive examination—total units in program must be 45 or more with 23 units or more at the 500-level.

EDIT 435 Computer Systems in Education (4)
EDIT 472 World Builders (5)
EDIT 490 Special Topics in Instructional Technology (2-5)
EDIT 540 Instructional Graphics Design and Production (5)
EDIT 550 Multimedia Design and Production (5)
EDIT 554 Video Technology in Education (4)
EDIT 556 Technology Leadership in Schools (5)
EDIT 560 Internet and the World Wide Web in Education (4)
EDIT 565 Distance Learning (5)
EDIT 594 Selected Studies in Instructional Technology (1-4)

Comprehensive Examination or Thesis or Project (0 or 7 units)
EDFN 596 Comprehensive Examination (0) or
Graduate Study

EDFN 595 Field Experience in Evaluation (Practicum)
EDFN 594 Selected Studies in Education (4)
EDFN 541 Evaluation of State and Federal Programs
EDFN 521 Program Evaluation Theory and Design (4)
EDFN 505 Qualitative Research in Education (4)
EDFN 500 Evaluation of Education Research (4)

EDCI 511 Advanced Classroom Assessment in the Urban School, (4) (also listed as EDFN 511)
EDFN 500 Evaluation of Education Research (4)
EDFN 505 Qualitative Research in Education (4)
EDFN 521 Program Evaluation Theory and Design (4)
EDFN 541 Evaluation of State and Federal Programs (4)
EDFN 594 Selected Studies in Education (4)
EDFN 595 Field Experience in Evaluation (Practicum) (4)

Electives (5-13 units)
Select 5-13 units from the following lists (electives also include the math and science concentration as part of the selection), depending on the choice of thesis, project, or comprehensive examination-total units in program must be a minimum of 45 units with 23 units or more at 500-level.

EDFN 551 Action Research in Education (4)
EDFN 552 Policy Studies in Urban Education (4)
EDFN 594 Selected Studies in Education (4)
EDFN 598 Graduate Directed Study (1-4)
PSY 491 Multivariate Statistics (5)
PSY 515 Advanced Statistical Methods in Psychology (4)
SOC 410 Advanced Statistics (4)
TESL 567B Current Issues in Language Testing (4)

Mathematics and Science Concentration Electives:
EDCI 552 Scientific Processes and Authentic Assessment (4)
EDCI 584 Learning Theories and Cognitive Science in Math Education (4)

Comprehensive Exam or Thesis/Project (0, 7 units):
EDFN 596 Comprehensive Exam (0) or Thesis or Project Planning (3) and Thesis or Project (2) and Thesis or Project (2)
EDFN 599C Thesis or Project (2)

Students should expect to take the comprehensive examination (EDFN 596) during the fall or spring quarter and must comply with college and division requirements.

Master of Arts Degree in Education:

Option in Research and Evaluation
The Option in Research and Evaluation offers candidates the opportunity to examine theory and practice in educational research and evaluation; to participate in research or evaluation projects in school districts, non-profit organizations or at the university, and to assume leadership roles in research and evaluation. This program incorporates a specialization in research and evaluation into an existing Master’s Degree program. The program of study requires the completion of a minimum of 45-quarter units. The four quarter program consists of courses in program evaluation, evaluation of federal and state programs, assessment, and quantitative and qualitative research methods, as well as a practicum. A concentration in evaluating mathematics and science programs is available to students who majored or minored in mathematics or science.

Admission to the Program
In addition to university requirements for admission to graduate study. Applicants must meet the conditions for classified graduate standing and satisfy the following criteria:

• have a 3.0 GPA in their last 90 quarter units
• have a bachelors degree
• submit 2 letters of reference
• attend a screening interview with a faculty member

Requirements for the Degree (45 units)
A total of 45 or more units is required, with at least 23 units in 500-level courses. A comprehensive examination or a thesis or project is required. There is a limit on credit that may be earned in variable-unit courses. See restriction on credit earned in variable unit courses earlier in this chapter.

Required courses: (32 units)
EDFN 452 Statistics in Education (4)
ULRN 460 Assessment and Learning (4) or Advanced Classroom Assessment in the Urban School, (4) (also listed as EDFN 511)
EDFN 500 Evaluation of Education Research (4)
EDFN 505 Qualitative Research in Education (4)
EDFN 521 Program Evaluation Theory and Design (4)
EDFN 541 Evaluation of State and Federal Programs (4)
EDFN 594 Selected Studies in Education (4)
EDFN 595 Field Experience in Evaluation (Practicum) (4)

Electives (5-13 units)
Select 5-13 units from the following lists (electives also include the math and science concentration as part of the selection), depending on the choice of thesis, project, or comprehensive examination-total units in program must be a minimum of 45 units with 23 units or more at 500-level.

EDFN 551 Action Research in Education (4)
EDFN 552 Policy Studies in Urban Education (4)
EDFN 594 Selected Studies in Education (4)
EDFN 598 Graduate Directed Study (1-4)
PSY 491 Multivariate Statistics (5)
PSY 515 Advanced Statistical Methods in Psychology (4)
SOC 410 Advanced Statistics (4)
TESL 567B Current Issues in Language Testing (4)

Mathematics and Science Concentration Electives:
EDCI 552 Scientific Processes and Authentic Assessment (4)
EDCI 584 Learning Theories and Cognitive Science in Math Education (4)

Comprehensive Exam or Thesis/Project (0, 7 units):
EDFN 596 Comprehensive Exam (0) or Thesis or Project Planning (3) and Thesis or Project (2) and Thesis or Project (2)
EDFN 599C Thesis or Project (2)

Students should expect to take the comprehensive examination (EDFN 596) during the fall or spring quarter and must comply with college and division requirements.

Master of Arts Degree in Teaching English to Speakers of Other Languages (TESOL)
The Master of Arts Degree in Teaching English to Speakers of Other Languages (MA TESOL) prepares teachers for a wide variety of positions both in the U.S. and abroad. Students may select coursework that prepares them for several career choices, including the following: English as a Second Language (ESL) or English as a Foreign Language (EFL) instruction in the U.S. or in a non-English-speaking setting abroad; K-12, adult education, or post-secondary settings; and research in Applied Linguistics. The program emphasizes language acquisition processes, teaching methodology, linguistics, language testing, research, and sociocultural influences.

Admission to the Program
In addition to University requirements for admission to graduate study, applicants must have a 2.75 grade point average in the last 90 quarter units attempted. Students must first apply for admission to the University in graduate standing. Then, they must make formal application to the Charter College of Education and the TESOL Program. Once they gain admission to the university with graduate status, they must consult a faculty adviser for program planning.

Prerequisites
All Students:

• ENGL 401 English Language in America (4) or TESL 400 Linguistics in Language Education (4) with grade of B or better.

• One year of college level study in a foreign language or equivalent.

For Visa Students (in addition):

• Minimum 600 (paper-based or 250 computer-based) score on TOEFL, with at least 60 on each of the sections, or 550 score on TOEFL and minimum 5 score on Test of Written English.
Requirements for the Degree (45 units)
A total of 45 units is required, with at least 23 units in 500-level courses. A comprehensive examination, or a thesis or project is also required. There is a limit on credit that may be earned in variable-unit courses. See Restrictions on Credit Earned in Variable Unit Courses.

Required Core (32 units)
- **TESL 560** Theories of Teaching and Learning Second Languages (4)
- **ENGL 405** Modern English Grammar (4) or **TESL 561** Pedagogical Grammar for Teachers of ESL/EFL (4)
- **TESL 562** Methods for Teaching Second Languages (4)
- **TESL 564** Teaching English as a Second Language for Academic Purposes (4)
- **TESL 567A** Language Testing (4)
- **TESL 568** Practicum in English as a Second Language (4)*
- **TESL 570** Educational Sociolinguistics (4) or **ANTH 470/ENGL 403** Language and Culture (4)
- **EDFN 500** Evaluation of Educational Research (4)
*May be waived for students with substantial ESL/EFL teaching experience who successfully demonstrate their teaching competency (must be certified by a TESOL program faculty member).

** Students who choose to write a thesis are required to obtain an adviser's approval and must take a second course in statistics, EDFN 452.

Electives
Select remaining units from the following, with adviser approval:
- **ANTH 470/ENGL 403**
- **COMD 456**
- **EDCI 453, 549**
- **EDSP 408**
- **EDFN 452**
- **EDIT 430**
- **ENGL 400, 403, 405, 504, 505**
- **TESL 561, 565, 566, 567B*, 569, 570, 571, 572, 573AB*, 574, 575, 597, 598**

*May be repeated once for credit with prior approval of a TESOL adviser.

Comprehensive Examination or Thesis or Project (0, 7 units)
- **TESL 596** Comprehensive Examination (0) or **TESL 599A** Thesis or Project Planning (3) and **TESL 599B** Thesis or Project (2) and **TESL 599C** Thesis or Project (2)
*Students should expect to take the comprehensive examination (TESL 596) during the Fall or Spring Quarter and must comply with College and division requirements.

**Students who do a thesis are required to obtain adviser approval and are required to take a second course in statistics (EDFN 452). Selection of an appropriate thesis or project topic may allow students to substitute thesis or project units for other course work in the program, with adviser approval.

Certificate Programs

Certificate Program in Computer Applications in Schools
The credit certificate program in Computer Applications in Schools is designed to prepare teachers to use computers in their classrooms and to take leadership roles in their schools. Those who complete the program will be prepared to teach students about computers; to incorporate computers in their instruction; to select and modify instructional software; to evaluate and select hardware; to create multimedia and hypermedia and to use computers to manage classrooms and schools. Completion of this credit certificate program requires 28 units in core and elective courses with a minimum **B (3.0)** average. Refer to the Graduate and Postbaccalaureate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirements for the Certificate (28 units)
**Prerequisite**
- **EDIT 430** Information Technologies in the Classroom (4) or **EDIT 431** Advanced Computer Applications in Education (4) or **CS 160** Introduction to Computers (3) and **EDIT 447** Computers in the Classroom (2)

**Core (16 units)**
- **EDIT 435** Computer Systems in Education (4)
- **EDIT 451** Survey of Instructional Media and Technology (4)
- **EDIT 484** Computer Authoring Tools (4)
- **EDIT 501** Instructional Design of Mediated Instruction (4)

**Electives (12 or more units)**
Recommended electives (at least 2 courses must come from the following list)
- **EDEL 480, 580, 581**
- **EDCI 583**
- **EDIT 472, 556, 560**
- **EDSP 508**

The Following electives are also available
- **EDIT 490, 540, 550, 554, 557, 565, 580, 594**
- **EDAD 545**

Certificate Program in English as a Second or Foreign Language (ESL/EFL)
This program is designed to prepare students to teach English as a second language (ESL) in post-secondary settings in the U.S. or to teach English as a foreign language (EFL) abroad. Specifically, the program is designed for (A) students who hold a master's degree in a discipline other than ESL or applied linguistics and wish to be certified to teach ESL in a community college or university and (B) students who plan to teach EFL abroad.

Admission to the Program
Apply for formal admission to the program through the Division of Applied and Advanced Studies in Education.
Requirements for the Certificate (minimum 32 units)

In addition to course requirements, a passing grade for UNIV 400, Writing Proficiency Examination (WPE), is required for issuance of the certificate. A minimum B (3.0) grade point average is required in all course work on the program. Refer to the Graduate and Postbaccalaureate Study chapter of this catalog for general regulations governing all certificate programs.

Required Courses (32 units)
The following sequence is recommended:

- TESL 560 Theories of Teaching and Learning Second Languages (4)
- TESL 561 Pedagogical Grammar for Teachers of ESL/EFL (4)
- TESL 562 Methods for Teaching Second Languages (4)
- TESL 564 Teaching ESL for Academic Purposes (4)
- TESL 567A Language Testing (4)
- TESL 568 Practicum in English as a Second Language (4)
- TESL 572 ESL/EFL Course, Syllabus, and Materials Design (4)
- ENGL 401 English Language in America (4)

Optional Electives
Select with adviser approval.

- ANTH 470/ENGL 403
- COMD 456
- EDCI 453, 549
- EDFN 452
- EDSP 408

Optional Electives
ENGL 400, 403, 405, 504, 505
EDIT 430
TESL 565, 566, 567B*, 569, 570, 571, 573AB*, 574, 597, 598

* May be repeated once for credit with prior approval of a TESOL advisor.

Credential Programs

Preliminary Administrative Services Credential

Regulations, policies, and procedures governing the program for the Preliminary Administrative Services credential, available from the division office, were developed in accordance with guidelines developed by the California Commission on Teacher Credentialing. The program is based on a set of competencies necessary for successful performance as a California school administrator.

Admission to the Program

In addition to general university requirements for admission to graduate study, applicants to the Preliminary Administrative Services Credential program must meet the following requirements:

- Possession of a baccalaureate degree from a regionally accredited institution of higher education.
- A 2.75 grade point average in the last 90-quarter units attempted.
- Positive review of application materials and assignment of permanent advisor.
- Two years of successful teaching experience in K-12 schools with a California Professional Teaching Credential or any equivalent credential approved by the California Commission on Teacher Credentialing.
- Successful completion of the Writing Proficiency Examination (WPE) or any equivalent inventory approved by the university.
- Three (3) positive recommendation letters, including one from a practicing school administrator.
- Meeting of admission standards developed by the division (refer to the EDAD student handbook).
- Orientation/screening interviews with program faculty.

A program of study approved by the advisor and division chair.

Upon completion of the program, receiving division recommendation and submitting an application and attendant fees, candidates receive a Certificate of Eligibility for the Preliminary Administrative Services Credential. The certificate authorizes one to seek initial employment as an administrator, but does not authorize ongoing administrative service. The certificate of eligibility is converted to the Preliminary Administrative Services credential upon confirmation of employment as an administrator for all administrative and supervisory services from prekindergarten through grade 12 in California public schools. This credential is valid for 5 years and must be replaced by a professional administrative services credential before it expires.

Minimum Credential Requirements (48 units)
The following requirements are subject to change without notice. Students should consult the division for current requirements. Minimum requirements for issuance of the Preliminary Administrative Services Credential include:

- Residency Requirement: At least 32 quarter units for the Preliminary Administrative Services credential program must be completed in residence at Cal State LA.
- All courses for completing the credential must be completed within 7 years.
- Forty-eight units of acceptable postbaccalaureate course work as listed below.
- Completion of the required courses.
- A passing score on the California Basic Educational Skills Test (CBEST).
- Three years of successful full-time classroom teaching experience or equivalent K-12 school experiences that are approved by the California Commission on Teacher Credentialing.
Required Courses (48 units)

Recommended Sequence:
EDAD 561A Educational Leadership (4)
EDAD 561B Fieldwork in Educational Leadership (2)
EDAD 562A Research and Data Assessment (4)
EDAD 562B Fieldwork in Research and Data Assessment (2)
EDAD 563A Pluralism, Collaboration, and Social Justice (4)
EDAD 563B Fieldwork in Pluralism, Collaboration, and Social Justice (2)
EDAD 564A School Law (4)
EDAD 564B Fieldwork in School Law (2)
EDAD 565A Instructional Leadership (4)
EDAD 565B Fieldwork in Instructional Leadership (2)
EDAD 566A School Management (4)
EDAD 566B Fieldwork in School Management (2)
EDAD 567A School Finance (4)
EDAD 567B Fieldwork in School Finance (2)
EDAD 581 Clinical Internship (3)
*EDAD 590 Reflection and Portfolio Assessment (3)

*To be taken during the last quarter of the program

Professional Administrative Services Credential

The purpose of the program is to provide education and training for new and aspiring administrators. The program is based on a set of competencies considered necessary for successful performance as a California school administrator.

The credential licenses holders to perform all administrative and supervisory services in grades prekindergarten–12 in California public or private schools.

There are two tracks under this program:
Track 1: CCTC Standards-Based program
Track 2: CCTC Mastery of Performance Assessment program

Prerequisites:
- A master’s degree.
- A Preliminary or Clear Administrative Services credential issued under present or prior regulations.
- Passing score on UNIV 400, the Writing Proficiency Examination (WPE) or acceptable alternative by petition.
- Passing score on California Basic Educational Skills Test (CBEST); and
- Completion of written examinations and inventories required by the division.
- At least one year of experience as an administrator if applying for Track 2.

Track 1: Standards-Based Program
Minimum Credential Requirements (24-36 units)
- Residency Requirement: Students must complete 18 units at Cal State LA within the required courses for the credential.
- All courses fulfilling the required program for credential must be completed within 8 years of applying for the credential;
- Twenty-four to thirty-six units of postbaccalaureate course work as listed below;
- Satisfaction of all program standards;
- Completion of written examinations and inventories required by the division;
- A minimum of two years of successful, full-time school administrative experience in the public schools or in private schools of equivalent status; and
- Written verification from your employing school district, or an official of the appropriate county office of education, or successful completion of your program plan.

Required Core (15-19 units)
EDAD 552 Seminar: Instructional and Organizational Change in Socio-Culturally Diverse Schools (6)
EDAD 545 Seminar: Technology for Instructional and Organizational Change (3)
EDCI 535 Instructional Strategies for Teaching Cultural Awareness (4)
EDSE 590 Teaching in Multicultural Secondary Classrooms (4)

Elective Courses (6-21 units)
EDAD 533 Legal Research in EDAD (3)
EDAD 539 Leadership through Personnel and Contract Administration (3)
EDAD 543 Advanced Fiscal Management (3)
EDAD 582 Practicum (3, 3, 3) (May be repeated up to 12 units.)

Track 2: Mastery of Performance Assessment Program
Minimum credential requirements (16 units)
- Successful completion of fifteen units of courses as listed below;
- Satisfaction of all program standards;
- Completion of written examinations and inventories required by the division;
- A minimum of two years of successful, full-time school administrative experience in the public schools or in private schools of equivalent status.

Required core (16 units):
EDAD 596A Reflection and Assessment for Mastery of Fieldwork Performance Standards (6)
EDAD 596B Portfolio Assessment for Mastery of Fieldwork Performance Standards (6)
EDAD 598 Graduate Directed Study (4)
Doctor of Education Degree in Educational Administration and Leadership

Please note: No new students are being accepted into this program. A new independent Ed.D. in Educational Leadership is being proposed. For more information, please contact the Dean's Office at (323) 343-4300.

The doctoral program in Educational Administration and Leadership, offered jointly by the University of California, Irvine (UCI) and California State University, Los Angeles, combines the unique resources of the two institutions. The program is a rigorous, research-based advanced professional degree which prepares leaders for the K-12, community college, and other higher education institutions. The program develops educational leaders who can apply the critical skills of analysis, inquiry, research and evaluation to advance educational practice and to contribute to the study of educational reforms.

Admission to the Program
(a) completion of a Master’s Degree in education or a related field from an accredited institution of higher education;
(b) a minimum grade point average of 3.0 or above in coursework taken for the baccalaureate degree; for candidates who do not meet this requirement, the GPA in coursework completed during Master's Degree study will also be considered;
(c) three outstanding letters of recommendation from individuals familiar with the applicant's ability to perform graduate-level work;
(d) submission of scores on the Graduate Record Examination (GRE);
(e) a personal statement and writing sample; and
(f) an interview with at least one member of the Program's Joint Graduate Admissions Committee.

Additional admission requirements:
Candidates will be required to (a) meet the general admissions requirements of the UCI Graduate Division and (b) be recommended for admission by the Program's Joint Graduate Admissions Committee that will be composed of program faculty appointed by the program's Joint Executive Committee. Selection of candidates for admission will be made by the Joint Admissions Committee on the basis of such standards of excellence and criteria as the following:

Note: There will be no foreign language requirement as a criterion for admission. Students whose research plans require second language skills, for example, based on interviews with English language learners and their family members, will be advised to develop those skills before beginning dissertation research.

Requirements for the Degree (80 units: 48 CSU units and 32 UCI Units)
A minimum of 80 quarter units is required, including at least 48 units in courses offered by CSULA and 32 units offered by UCI.

Required Content Core 16 CSU units (24 units are taken at UCI)
EDAD 601 Seminar: Organizational Theory, Planning and Application (4)
EDAD 603 Seminar: Philosophy and Ethics of Educational Leadership (4)
EDAD 605 Seminar: History of Educational Innovations and Current Educational Reform Movements (4)
EDAD 607 Seminar: Issues in Educational Policy and Reform (4)

Required Research Core 12 CSU units (8 units are taken at UCI)
EDFN 600A Seminar: Field Research Study I (4)
EDFN 600B Seminar: Field Research Study II (4)
EDFN 602 Seminar: Applications to Education of Social and Psychological Methods (4)

Electives (20 units): (Prior approval of adviser is required)
A research course or directed reading specific to the methods required for the Dissertation (4) and 4 elective courses (16 units)

Dissertation (12 units)
EDAD 699 Doctoral Dissertation (12)

Residence Requirements
Each student will be required to be in residence both at UCI and at CSULA for at least three quarters (or the semester equivalent at campuses using a semester calendar). Being in residence means that the student enrolls in at least 4 units of study at the campus.

Student Fees
Students will register and pay fees consistent with provisions of statewide agreements reached between the University of California and California State University systems. If for the duration of a single academic term a joint doctoral student will be enrolled only in courses at UCI or on a CSU campus participating in the Joint program, it will normally be the case that the student will register and pay fees at that institution for that term. All fees are calculated at the UC rate.

Financial Aid and Graduate Support
Student aid and graduate support will be primarily the responsibility of the home campus. Fellowships or teaching assistantships will normally be granted to the students by the home campus. However, research grants might be administered so as to provide support for participation by students enrolled in the program having a different home campus.
# List of Courses - Undergraduate Level

## Educational Foundations (EDFN)

### Upper Division Courses

**380 Education and Development in the Third World (4)**  
(also listed as LAS 380 and PAS 380)  
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block D. Comparative analysis of the systems of education in the Third World with particular emphasis to their educational problems and issues, and their relationship to economic development and social change.

**400-level Courses**  
All 400-level courses may be applied toward master's degree requirements except the following, subject to limits established by the department and approval of the graduate adviser.

- **413 Psychological Foundations of Education (4)**  
Psychological research and theory in human learning and development related to educational processes.

- **414 Social Foundations of Education (3)**  
Social issues related to educational processes in the U.S.

- **420 Introduction to Foundations of Urban Learning (2)**  
This course provides foundational knowledge in education by examining cultural, historical, political, philosophical, and sociological perspectives of schooling.

- **440 Schooling for a Diverse, Urban Society**  
Foundational knowledge of education by examination of cultural, historical, political, philosophical, and sociological perspectives of schooling; introducing critical, reflective frameworks for analyzing contemporary American schools; and focusing on issues impacting diverse, urban families and school communities.

- **452 Statistics in Education (4)**  
Prerequisite: One year of algebra. Introduction to descriptive and inferential statistics basic to understanding and conducting educational research, including measures of central tendency, variability, covariability, sampling theory, interval estimation, testing statistical hypotheses.

- **490 Problems in Educational Foundations (2–5)**  
Prerequisite: Instructor consent. Investigation of unique problems in educational foundations. Specific subjects announced in Schedule of Classes. May be repeated for credit as subject matter changes.

- **499 Undergraduate Directed Study (1–4)**  
Prerequisite: Instructor consent to act as sponsor. Project selected in conference with sponsor before registration; progress meetings held regularly; final report submitted. May be repeated for credit.

There is a special fee associated with registering for laboratory classes that carry this designation. Details appear in the Schedule of Classes.

## Instructional Technology (EDIT)

### Upper Division Courses

**300 Demonstration of Technology Competencies (1)**  
Hands-on demonstration of technology competencies with computer hardware and software including word processing, spreadsheets, database managers, desktop publishing, multimedia, e-mail, the Internet. Overview of CSULA and the Charter College of Education electronic technology resources.

**420 Human Side of Computers and Information Technology (4)**  
Computers and information technology studied as part of the larger culture through critical analyses and focus on the human communications, aesthetic, ethical, pedagogical, social, cultural, cognitive, educational, policy and historical issues involved. (Cross-listed with COMM 420)

**430 Information Technologies in the Classroom (4)**  
Prerequisites: CS 160 or its equivalent or EDIT 300 and completion of EDCI 300 or EDSP 300 or graduate standing. Using computers and electronic media to analyze data, communication, collaborate, and solve problems in education; evaluation of electronic media for education; designing lessons, curricula, and creating learning environments using electronic media. Using technology in the assessment process.

**431 Advanced Computer Applications in Education (4)**  
Prerequisite: EDIT 430 or permission of instructor. The use of advanced computer tools in the K-12 school curriculum. Seminar 3 hours, activity 2 hours.

**435 Computer Systems in Education (4)**  
Prerequisite: EDIT 430. Computing systems and their uses in education including computer hardware, operating systems local area networks, peripherals, and telecommunications equipment. Lecture 3 hours, laboratory 2 hours.

**451 Survey of Instructional Media and Technology (4)**  
Prerequisite: EDIT 430. Introduction to the M.A. programs in instructional technology, careers in instructional technology, selected learning theories, an introduction to instructional media design, an introduction to portfolios, and basic instructional technology software and hardware tools.
456 Computer Applications in Schools (4)
Computer applications in the areas of learning, teaching, and instructional management; problem-solving approach to design, development, and evaluation of computer education within teaching discipline and grade level. Lecture 3 hours, laboratory 2 hours.

472 World Builders (5)
Prerequisite: EDIT 430 or equivalent. Students use computers to access educational information and post graphics on the World Wide Web. Students explore future learning styles and broaden learning structures through the use of technology.

484 Computer Authoring Tools (4)
Prerequisite: EDIT 430. Computer authoring tools and their uses in developing educational software; hands-on experience with various authoring tools.

490 Special Topics in Instructional Technology (2–5)
Prerequisite: Instructor consent. Investigation of unique problems and new developments in instructional technology as announced in Schedule of Classes. May be repeated for credit as subject matter changes.

Teaching English to Speakers of Other Languages (TESL)

400 Linguistics in Language Education (4)
This introductory course examines key sociocultural and educational issues related to language learning and use and covers key concepts in linguistics such as phonology, morphology, syntax, and semantics.

Urban Learning (ULRN)

460 Assessment and Learning (4)
Basic principles and applications of educational assessment. Topics include learning goals and objectives, multidimensional assessment strategies, including formal (e.g., standardized tests) and informal (e.g., rubrics), measures, use of data to guide instruction, and communicate results.

461 Learning and Critical Thinking (4)
Perspectives and practices to integrate inquiry, problem-solving, critical thinking, metacognition, and self-regulation into urban learning settings. Views of learning, intelligence and their growth through multiple learning styles are also examined.

462 The Role of Play in Learning (4)
Dynamics of the role of group and individual play in children’s learning with a focus on increased understanding of human development and behavior. Observation for two hours per week required.

463 Literacy and the Urban Community (4)
Basic concepts of emerging literacy in the urban community: family literacy, language acquisition, phonemic awareness and techniques for integrating early reading, writing, listening, and speaking skills. Field site application through community-based experiences and service learning. Lecture 2 hours, activity 2 hours.

464 Contemporary Issues in Knowledge, Culture and Learning (4)
Theoretical approaches to understanding the construction of knowledge in and through culture. Contemporary issues and problems in a diverse learning community.

469 Senior Seminar: Reflection, Assessment, and Writing (4 units)
Capstone activities for students in urban teaming major. Involves papers, reflections, and final project integrating the outcomes of the teaming experience.

Graduate Level Courses

All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the division and approval of the graduate adviser.

Classified graduate standing is required for admission, except that postbaccalaureate students may enroll in 500-level courses that are required in a credential program.

Educational Administration (EDAD)

505 Leadership Use of Research Methodology (4)
Prerequisites: Completion of EDAD 508 with a grade of B or better and EDAD 580A with a credit grade. This course is designed for prospective administrators to acquire knowledge and skills for the use of information technology to facilitate education research.

508 Leadership for Organizational Transformation (4)
Prerequisite: EDAD 430. Corequisite: Must be taken with EDAD 580A concurrently. Theories, research, and practice in leadership, administrative process redesign, and technology for organizational transformation. Candidates plan portfolios that include a plan for professional and academic growth.
516 Leadership in Current, Social and Political Issues (4)
Prerequisites: Completion of EDAD 508 with a grade of B or better and EDAD 580A with credit grade. This course is designed for prospective administrators to acquire knowledge and skills related to social, political, and historical forces affecting education and their effect on leadership trends, legislation, research and societal issues.

520 Instructional Leadership (4)
Prerequisites: Completion of EDAD 508 with a grade of B or better and EDAD 580A with credit grade. This course is designed for prospective administrators to acquire curricular skills in implementation and evaluation of instructional programs. Some course sections may require service learning.

521 Leadership in Human Resource Development (4)
Prerequisites: Completion of EDAD 508 with a grade of B or better and EDAD 580A with credit grade. This course is designed for prospective administrators to acquire leadership skills in attracting, developing and instructing personnel (includes 15 hours of fieldwork).

530 Leadership in School Law (4)
Prerequisites: Completion of EDAD 508 with a grade of B or better and EDAD 580A with credit grade. This course is designed for prospective school administrators to acquire knowledge and skills in legal issues related to diverse student populations and related school practices; cultural democracy emphasized.

533 Legal Research in Educational Administration (3)
Prerequisite: Effects of laws, legal materials, judicial decisions on school operations. Techniques of legal research and its relation to school administration.

536 Special Seminar: Problems in School Administration (1–5)
Prerequisite: Administrative Services credential. Theoretical and practical aspects of special problems in school administration; specific topic announced in Schedule of Classes. Course does not meet credential requirements. May be repeated to maximum of 5 units.

537 Teacher Leadership in the Urban School: Issues, Trends, and New Directions (4) (Also listed as EDCI 537)
Prerequisite: Level I credential enrollment in an induction or Master of Arts in Education program. This course presents a new paradigm in teacher leadership to enable teachers to explore the rewards and responsibilities of effective leadership in urban school settings. It also serves as a foundational course for teachers seeking National Board Certification.

539 Seminar: Leadership through Personnel & Contract Administration (3)
Prerequisites: Admission to EDAD Professional Credential Program. Examination of the practices and procedures affecting employer-employee relationships in the collective bargaining process and contract administration.

540 Leadership in School Finance (4)
Prerequisites: Completion of EDAD 508 with a grade of B or better and EDAD 580A with credit grade. This course is designed for prospective administrators to acquire knowledge and skills in the fundamentals of school finance and the essential leadership strategies related to managing financial issues related to diverse student populations and related school practices.

543 Seminar: Advanced Fiscal Management (3)
Prerequisites: EDAD 539. Theory and practices of school business and facility management including accounting, purchasing, and supply management; evaluation, maintenance, and function of educational facilities and their interrelationships. Lecture (3 units) required; 10 hours of administrative-related field activities required.

545 Seminar: Technology for Instructional and Organizational Change (3)
Prerequisites: Admission to EDAD Professional Credential Program, computer literate and computer competent. Principles related to the management of information systems and instructional technologies for effective educational leadership.

552 Seminar: Instructional and Organizational Change in Socio-Culturally Diverse Schools (3)
Prerequisite: Admission to EDAD Professional Credential Program. A hands-on approach to relevant organizational theories for creating change to meet the needs of socio-culturally diverse schools and communities.

561A Educational Leadership (4)
Corequisite: Must be taken concurrently with EDAD 561B. This course prepares the candidate to understand the role of instructional leaders in a shared vision of learning, personal ethics, and leadership capacity.

561B Fieldwork in Educational Leadership (2)
Corequisite: Must be taken concurrently with EDAD 561A. Students develop and implement enriched fieldwork experiences that are designed to facilitate the application of theoretical concepts of EDAD 561A, in practical settings. A minimum of 20 hours of fieldwork experience under a qualified supervisor is required.

562A Research and Data Assessment (4)
Corequisite: Must be taken concurrently with EDAD 562B. This course prepares the candidate to understand the role of instructional leaders as critical consumers of research and data assessment to improve student achievement utilizing appropriate data and technological applications.

562B Fieldwork in Research and Data Assessment (2)
Corequisite: Must be taken concurrently with EDAD 562A. Students develop and implement enriched fieldwork experiences that are designed to facilitate the application of theoretical concepts of EDAD 562A, in practical settings. A minimum of 20 hours of fieldwork experience under a qualified supervisor is required.

563A Pluralism, Collaboration, and Social Justice (4)
Corequisite: Must be taken concurrently with EDAD 563B. This course prepares the candidate to understand the role of instructional leaders in the political, social, and cultural context of the school, collaboratively working with diverse families in a pluralistic community-setting.

563B Fieldwork in Pluralism, Collaboration, and Social Justice (2)
Corequisite: Must be taken concurrently with EDAD 563A. Students develop and implement enriched fieldwork experiences that are designed to facilitate the application of theoretical concepts of EDAD 563A, in practical settings. A minimum of 20 hours of fieldwork experience under a qualified supervisor is required.
564A School Law (4)
Corequisite: Must be taken concurrently with EDAD 564B. This course prepares the candidate to understand the roles of instructional leaders and school law in meeting the needs of diverse population, including individuals with disabilities.

564B Fieldwork in School Law (2)
Corequisite: Must be taken concurrently with EDAD 564A. Students develop and implement enriched fieldwork experiences that are designed to facilitate the application of theoretical concepts of EDAD 564A, in practical settings. A minimum of 20 hours of fieldwork experience under a qualified supervisor is required.

565A Instructional Leadership (4)
Corequisite: Must be taken concurrently with EDAD 565B. This course prepares the candidate to understand the role of instructional leaders in curriculum and instructional programs that promote success for all students from diverse backgrounds.

565B Fieldwork in Instructional Leadership (2)
Corequisite: Must be taken concurrently with EDAD 565A. Students develop and implement enriched fieldwork experiences that are designed to facilitate the application of theoretical concepts of EDAD 565A, in practical settings. A minimum of 20 hours of fieldwork experience under a qualified supervisor is required.

566A School Management (4)
Corequisite: Must be taken concurrently with EDAD 566B. This course prepares the candidate to understand the role of instructional leaders in the management of the school, including human resources administration.

566B Fieldwork in School Management (2)
Corequisite: Must be taken concurrently with EDAD 566A. Students develop and implement enriched fieldwork experiences that are designed to facilitate the application of theoretical concepts of EDAD 566A, in practical settings. A minimum of 20 hours of fieldwork experience under a qualified supervisor is required.

567A School Finance (4)
Corequisite: Must be taken concurrently with EDAD 567B. This course prepares the candidate to understand the role of instructional leaders in the fiscal and economic context of the school, ensuring equitable distribution of resources and support for all students.

567B Fieldwork in School Finance (2)
Corequisite: Must be taken concurrently with EDAD 567A. Students develop and implement enriched fieldwork experiences that are designed to facilitate the application of theoretical concepts of EDAD 567A, in practical settings. A minimum of 20 hours of fieldwork experience under a qualified supervisor is required.

570 School Leadership and Technology (4)
Prerequisites: Completion of EDAD 508 with a grade of B or better and EDAD 580A with credit grade. This course is designed for prospective educational administrators to acquire functional knowledge about the selection of technology for school site use.

580A Fieldwork I (2 Units)
Corequisite: Must be taken with EDAD 508 concurrently. This course is designed for prospective administrators and offers the opportunities for a variety of administrative fieldwork experiences. A minimum of 30 hours of fieldwork under a qualified superior is required. (Graded CR/NC).

580B Fieldwork II (2)
Prerequisite: Completion of EDAD 508 with a B or better and EDAD 580A with credit. Successful completion of all EDAD core courses taken previously. Students develop and implement enriched field activities that are focused on specific content of EDAD core courses. A minimum of 30 hours of fieldwork under a qualified supervisor is required. (Graded CR/NC).

581 Clinical Internship (3)
Prerequisites: EDAD 505, 508, 516, 520, 521, 530. Administrative, supervisory and curricular experience at school or district levels. May not be repeated for credit.

582 Practicum: Field Work (3)
Prerequisites: Admission to EDAD Professional Credential Program; EDAD 594. Practical experience in applying principles, practices and procedures of school sites and district offices. May be repeated to maximum of 12 units for credit.

584 Field Work in Central Office Administration and Supervision (3)
Prerequisites: Admission to central office administration option, division approval. Intensive and extensive participation in general school administration; areas of emphasis determined in consultation with adviser. Graded CR/NC. May be repeated to maximum of 12 units for credit.

587 Internship in Educational Administration (3)
Prerequisites: Admission to internship program, approval of both division and school district. Participation in school administration and supervision in school district where student is employed; supervision by on-site administrator and university instructor; regular seminar sessions. Graded CR/NC. May be repeated to maximum of 12 units for credit.

590 Reflection and Portfolio Assessment (3)
Prerequisite: Successful completion of all EDAD courses and advancement to candidacy. This is a capstone course designed for prospective administrators to demonstrate evidence of knowledge and skills reflective of the candidate’s present competence and assessment of professional and academic growth achieved during the program.

594 Seminar: Development of Induction Plan (3)
Prerequisite: Admission to EDAD Professional Credential Program. The candidate, University adviser and district mentor develop an individualized induction plan for the support and professional development of the beginning administrator.

595 Seminar: Candidate Assessment (3)
Prerequisite: Completion of induction plan. The candidate, the University adviser and the district mentor assess the induction plan for the candidate to be recommended for the Professional Administrative Services Credential.

596A Reflection and Assessment for Mastery of Fieldwork Performance Standards (6)
Prerequisite: Verification of at least one year of experience as an administrator with a California Preliminary Administrative Services Credential. Corequisite: Must be taken concurrently with EDAD 596B. Designed for beginning administrators to complete the first-half requirements for the Mastery of Fieldwork Performance Standards Option. Assessment and reflection of performance required for the Professional Administrative Services Credential. A minimum of 30 hours of fieldwork is required.
596B Portfolio Assessment for Mastery of Fieldwork Performance Standards (6)
Prerequisite: Verification of at least one year of experience as an administrator with a California Preliminary Administrative Services Credential. Corequisite: Must be taken concurrently with EDAD 596A. Designed for beginning administrators to complete the second-half requirement for the Master of Fieldwork Performance Standards Option. Assessment and reflection through performance evidences required for the Professional Administrative Services Credential. A minimum of 30 hours of fieldwork is required.

598 Graduate Directed Study (1–4)
Prerequisites: A B (3.0) grade point average in all graduate work in education, consent of division chair and of instructor to act as sponsor. Independent directed study of advanced topics in field; regular conferences with sponsor. May be repeated for credit.

599A, Thesis or Project Planning (3)
Prerequisites: EDFN 452 and 500, or EDFN 553, or COUN 529, advancement to candidacy, written approval of thesis chair. Prior to completion, student will have completed draft of thesis or project proposal, selected a thesis committee, and submitted draft of thesis or project proposal to thesis committee. Graded CR/NC.

599B, Thesis or Project (2)
Prerequisites: EDAD 599A, written approval of thesis committee chair. Prior to completion, student will have submitted a final draft to thesis or project proposal to thesis committee. Graded CR/NC.

599C, Thesis or Project (2)
Prerequisites: EDAD 599B, written approval of thesis committee chair. Completion of thesis or project under direct supervision of thesis committee. Graded CR/NC.

Doctoral Courses in Educational Administration (EDAD)

601 Seminar: Organizational Theory, Planning, and Application (4)
Basic theories, attributes, and functions of human organizations. Understanding and managing the dynamics of group behavior and human relations. Structuring and leading groups in a variety of organizational settings. Application of organizational theories to central issues in K-12 education and urban schooling.

603 Seminar: Philosophy and Ethics of Educational Leadership (4)
Philosophy, ethics, and moral values of educational leadership for school administrators. Theory and philosophy of educational change. Research about ethical and moral leadership schools.

605 Seminar: History of Education Innovations and Current Education Reform Movements (4)
Analysis of major school reform movements and innovations during the past century with focus on identifying underlying dynamics affecting the interrelationship between schools and society and the implications of these relationships. Analysis of primary themes within the current school reform movement.

606A Politics of Education: Local School District (4)
Prerequisite: Admission to the Ed.D. program in Education. Examination of political power, representation, influence, decision-making and inter-governmental relations in the public schools.

607 Seminar: Issues in Educational Policy and Reform (4)
In-depth study of topics relevant to educational reform and policy-making, such as: substantive nature of selected reforms, ethical and value choices they entailed, programmatic strategies used in implementing them, and methods used to evaluate them.

608 Legislative Action and Educational Policy (4)
Prerequisite: Admission to the Ed.D. program in Education. Examination of legal processes governing educational policy, including significant laws, legal principles, recent litigation, controlling relationships of schools to student and teacher rights and duties, administrative behavior, etc. Focuses on connections between legislative/judicial action and social, political and economic forces affecting education.

<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>500</td>
<td>Evaluation of Educational Research (4)</td>
<td></td>
<td>Criteria for evaluation of educational research; critical analysis of representative research reports. Survey of educational research methods, planning a research study, organization of a research report. Credit allowed for only one of EDFN 500, and 553</td>
</tr>
<tr>
<td>505</td>
<td>Qualitative Research in Education (4)</td>
<td></td>
<td>Introduction to qualitative research theory and methodology in education; interpretation, data collection, and analysis; practitioner research.</td>
</tr>
<tr>
<td>506</td>
<td>Comparative Education (4)</td>
<td></td>
<td>Prerequisite: EDFN 414. Selected foreign educational systems within context of their respective cultures. Particular attention to multilingual/multicultural and urban educational issues.</td>
</tr>
<tr>
<td>507</td>
<td>History of Education (4)</td>
<td></td>
<td>Prerequisite: Four units chosen from HIST 110ABC or 202AB. Historical analysis of current educational issues with particular attention to multilingual/multicultural and urban education problems.</td>
</tr>
<tr>
<td>508</td>
<td>Philosophy of Education (4)</td>
<td></td>
<td>Prerequisite: PHIL 151 or 152 recommended. Selected current philosophies of education and their applications to educative process. Particular attention to philosophical analysis of issues related to multilingual/multicultural and urban education.</td>
</tr>
<tr>
<td>510</td>
<td>Advanced Study: Learning Theory and Education (4)</td>
<td></td>
<td>Prerequisite: EDFN 413. Recent significant developments in learning theory with emphasis on classroom application.</td>
</tr>
<tr>
<td>511</td>
<td>Advanced Classroom Assessment in the Urban School (4) (Also listed as EDCI 511)</td>
<td></td>
<td>Prerequisite: Level I credential, enrollment in an induction or Master of Arts degree in Education program, or permission of instructor. This course is an advanced treatment of the field of classroom assessment emphasizing authentic methodologies focusing on urban classroom settings.</td>
</tr>
<tr>
<td>521</td>
<td>Program Evaluation Theory and Design (4)</td>
<td></td>
<td>Prerequisites: EDFN 500 or equivalent and EDFN 452. A comprehensive introduction to program evaluation theory; methodological designs and approaches used for evaluation purposes.</td>
</tr>
<tr>
<td>525</td>
<td>Educational Sociology (4)</td>
<td></td>
<td>Prerequisite: EDFN 414. Application of insights of social sciences to education in areas of cultural anthropology, sociology, political theory, economics.</td>
</tr>
<tr>
<td>530</td>
<td>Advanced Study in Human Development (4)</td>
<td></td>
<td>Prerequisite: EDFN 413 or consent of the instructor. Recent significant contributions in human development research and theory; emphasis on the implications of human development for education.</td>
</tr>
<tr>
<td>541</td>
<td>Evaluation of State and Federal Programs (4)</td>
<td></td>
<td>Prerequisites: EDFN 500 or equivalent and EDFN 452. A survey of issues dealing with conducting evaluations of federal and state programs, including grant proposals, surveys and human subjects principles.</td>
</tr>
<tr>
<td>550</td>
<td>Contemporary Social Theory and Issues in Urban Education (4)</td>
<td></td>
<td>Introduction to and examination of conceptual frameworks and methods of contemporary social theories (e.g., social reproduction theory, postmodernist/poststructuralist theory, feminist theory, postcolonial theory, critical race theory, and critical pedagogy as related to issues of class, race/ethnicity, gender, power, and equity in urban schooling.</td>
</tr>
<tr>
<td>551</td>
<td>Action Research in Education (4)</td>
<td></td>
<td>This course explores Action Research as a critical, action-oriented inquiry designed to link with strategies of the change process. The site for change can be a classroom, a work site, an institution, etc. Action research is seen as a way to explore questions that arise in your own practice and/or school; it is seen as a new approach to knowledge generation, professional development, transformational learning and educational change.</td>
</tr>
</tbody>
</table>

**Prerequisites:**
- EDFN 413 or consent of the instructor. Recent significant developments in learning theory with emphasis on classroom application.
552 Policy Studies in Urban Education (4)
This course explores traditional and alternative approaches to the study of policy for urban educational contexts covering key concepts such as power relationships in policy environments, policy-making processes, policy texts, and implementation practices.

553 Educational Research and Decision Making (4)
Methods and tools of research and evaluation with implications for educational decision-making. Credit allowed for only one of EDFN 500, and 553.

594 Selected Studies in Education (1–5)
Prerequisite: Consent of division chair. Intensive study of designated problems in education. May be repeated for credit as subject matter changes.

595 Field Experience in Evaluation (Practicum) (4)
Prerequisites: EDFN 452, EDFN 500 or equivalent, EDFN 521, EDFN 541. Provides students with practical experience through completion of a direct interaction with professional staff responsible for evaluation of program(s) and/or assessment of students in the local area. Graded CR/NC.

596 Comprehensive Exam (0)
Graded CR/NR

597 Graduate Research (1–4)
Prerequisites: EDFN 500, instructor consent to act as sponsor, division approval of project prior to registration. Independent research under guidance of faculty. May be repeated for credit. Graded CR/NC.

598 Graduate Directed Study (1–4)
Prerequisites: A B (3.0) grade point average in all graduate work in education, consent of division chair and of instructor to act as sponsor. Independent directed study of advanced topics in field; regular conferences with sponsor. May be repeated for credit.

599A Thesis or Project Planning (3)
Prerequisites: EDFN 452 or another advisor approved research course, and 500 or 553, advancement to candidacy, written approval of thesis chair. Prior to completion, student will have completed draft of thesis or project proposal, selected a thesis committee, and submitted draft of thesis or project proposal to thesis committee. Graded CR/NC.

599B Thesis or Project (2)
Prerequisites: EDFN 599A, written approval of thesis committee chair. Prior to completion, student will have submitted a final draft of thesis or project proposal to thesis committee. Graded CR/NC.

599C Thesis or Project (2)
Prerequisites: EDFN 599B, written approval of thesis committee chair. Completion of thesis or project under direct supervision of thesis committee. Graded CR/NC

Doctoral Courses in Educational Foundations (EDFN)

600A Seminar: Field Research Study I (4)
First in a series of two field-based research courses focusing on development and conduct of a qualitative field study involving framing a research question, review of relevant literature, data collection and analysis, and in-depth reading and discussion on a particular topic. Issues particular to site-based, action research.

600B Seminar: Field Research Study II (4)
Second in a series of field-based research courses, focusing on development and conduct of a field study involving refinement of the research question, data collection and analysis, and in-depth reading and discussion on a particular topic. Focus on issues of ethnographic research.

602 Seminar: Applications to Education of Social and Psychological Research Methods
Prerequisite: EDFN 452 or Soc 410 or equivalent. Sociological and psychological research methods applicable to issues facing school administrators. Emphasis on intermediate level quantitative research methods.

614 Educational Research: Statistical Inference, Hypothesis Testing, and Experimental Design (5)
Prerequisite: Admission to UCR/CSU Joint Doctoral Program; completion of EDFN 641ABC or equivalent. Course covers skill development including participant observation, field relations, data collection and analysis, and generation of hypotheses.

615 Educational Research: Experimental Design (5)
Prerequisite: Admission to UCR/CSU Joint Doctoral Program. Focus on common designs used in education including higher order factorials, hierarchical designs, repeated measures. Emphasis on design application and appropriate statistical analysis for education; ANCOVA.

623A Field Study Methods for Educational Organizations I (5)
Prerequisite: Admission to UCR/CSU Joint Doctoral Program; completion of EDFN 641ABC or equivalent. Course covers skill development including participant observation, field relations, data collection and analysis, and generation of hypotheses.

623B Field Study Methods for Educational Organizations II (5)
Prerequisite: Admission to UCR/CSU Joint Doctoral Program; completion of EDFN 641ABC or equivalent. Course covers research applications including literature reviews and analysis techniques.

641A Inquiry and Research Methods: Inquiry Logic and Aesthetics of Inquiry (4)
Prerequisite: Admission to UCR/CSU Joint Doctoral Program. How do we know what we know? Assumptions differentiating qualitative from quantitative methods; naming, tacit knowing, phenomenology.

641B Inquiry and Research Methods: Quantitative Methods (4)
Prerequisite: Admission to UCR/CSU Joint Doctoral Program. Introduction to quantitative methods; procedures for collecting and analyzing quantitative data, modes of representing research, values and limits of research; students conduct a small quantitative study.

641C Inquiry and Research Methods: Qualitative Methods (4)
Prerequisite: Admission to UCR/CSU Joint Doctoral Program. Introduction to qualitative methods; procedures for collecting and analyzing qualitative data, modes of representing research, values and limits of research; students conduct a small qualitative study.
Instructional Technology (EDIT)

501 Instructional Design of Mediated Instruction (4)
Prerequisites: EDIT 430, 451. Learning theories, instructional design models, planning effective instruction, screen design strategies, text and graphic integration, and systematic approach to design of mediated instruction.

502 Fundamentals of Computer Education (4)
Prerequisites: EDIT 451, EDFN 500. Issues, trends, theories, and research related to the integration of computers and related technology into K-12 classrooms. Seminar 4 hours.

540 Instructional Graphics Design and Production (5)
Prerequisites: EDIT 430, 451, 484. Theory and practice in design and production of instructional computer graphics for slides, prints and videos and computer displays. Principles of instructional design of graphics for mediated instruction. Seminar 5 hours.

550 Multimedia Design and Production (5)
Prerequisites: EDIT 430, 451 and 484. Analysis, design and production of multimedia for education and training. Hands-on experience with Adobe Photoshop and Adobe Premiere for digital video editing. Students need access to web. Lecture 5 hours.

554 Video Technology in Education (4)
Prerequisite: EDIT 451. Educational value and utilization of video technology in instructional settings; review and application of research; exploration of future uses of the medium.

556 Technology Leadership in Schools (5)
Prerequisite: EDIT 435, 451 and 501. Planning and developing technology resources for schools and school districts, staff development, funding technology in schools. School reform and technology.

557 Computer Assisted and Managed Instruction (5)
Prerequisites: EDIT 430, 451, 484 and 501. Fundamentals of information systems and current research for the design, development, and implementation of computer-assisted and managed instruction including tutorial, drill and practice, simulation, gaming and testing.

559 Advanced Instructional Television Design and Production (4)
Prerequisite: EDIT 451. Instructional design of educational TV/video; studio production techniques; educational research on video production; future of educational TV/video; teleconferencing and editing techniques. Lecture 3 hours, laboratory 2 hours.

560 Internet and the World Wide Web in Education (4)
Prerequisite: EDIT 430 and EDIT 435, or permission of instructor. Using telecommunications and network hardware and software for accessing the internet. Using the World Wide Web to find, develop and use curricular applications. Using the internet as a research tool.

565 Distance Learning (5)
Issues related to distance learning at all levels of education. Relevant technologies, instructional design, theory, research, and model distance learning programs. Includes hands-on use of technology.

580 Applied Experience in Instructional Technology (4)
Prerequisites: Advancement to candidacy in MA in Education: Option in Instructional Technology or Computer Education. Examination of several instructional technology field settings. Supervised practicum with instructional technology manager.

594 Selected Studies in Instructional Technology (1–4)
Prerequisites: Consent of division chair; appropriate prerequisite. Advanced specialized topics involving instructional technology. May be repeated for credit as subject matter changes.

Teaching English to Speakers of Other Languages (TESL)

560 Theories of Teaching and Learning Second Languages (4)
Prerequisite: ENGL 401 or TESL 400. Addresses major questions in the teaching and learning of second languages, such as how first language acquisition compares with second, the role of affective/cultural variables and theories underlying teaching methods.

561 Pedagogical Grammar for Teachers ESL/EFL
Prerequisite: ENGL 401, TESL 560. Consideration of the role of grammar in second/foreign language teaching and survey of the structure of English grammar for ESL/EFL teachers; strategies for presenting grammatical forms to non-native speakers.

562 Methods for Teaching Second Languages (4)
Prerequisite: TESL 560. Current instructional methods for teaching ESL/EFL to students at beginning through advanced levels (K-12, Adult).

564 Teaching English as a Second Language for Academic Purposes (4)
Prerequisites: TESL 560, 562. Teaching techniques for preparing ESL students for university-level academic study.

565 Using Computers in the Language Classroom (4)
Prerequisites: TESL 560; EDIT 430 or equivalent. This course explores the uses of computers in the language classroom (ESL & foreign language), including language learning through word processing, language practice, home-oriented & educational software, and the Internet.

566 English Phonetics for Second Language Teachers (4)
Prerequisites: ENGL 405, TESL 562. The phonetics of English and the phonetic phenomena that occur in the major languages of ESL learners in the U.S. A detailed study of sounds of American English and other “Englishes.”

567A Language Testing (4)
Analysis of testing and evaluation in second language programs; emphasis on evaluating effectiveness of teacher-made tests and current standardized test instruments used for assessing language proficiency.
567B Current Issues in Language Testing (4)
Prerequisite: TESL 567A. Current specialized issues in language testing. Designed to explore topics from both theoretical and practical perspectives. Specific topics vary according to trends in the field. May be repeated to a maximum of 8 units for credit, with prior approval of a TESOL adviser.

568 Practicum in English as a Second Language (4)
Prerequisite: TESL 564. Supervised field experience in teaching English as a second language.

569 Language Planning and Language Policy (4)
Prerequisite: TESL 560. Survey of approaches to ESL/EFL language planning and policy including language maintenance, shift and standardization in multilingual and multicultural communities in the U.S. and abroad.

570 Educational Sociolinguistics (4)
Influences of community, home, and school on language acquisition process. Language policy, social and linguistic change, language variations described; current status assessed; related cultural and pedagogical issues raised.

571 Seminar: Discourse Analysis in the Language Classroom (4)
Prerequisite: TESL 560. A sociolinguistic analysis of interactional patterns, expectations, and communication strategies in the language classroom; emphasis on current studies with some direct experience in discourse analysis as a legitimate research method.

572 ESL/EFL Course, Syllabus and Materials Design (4)
Prerequisites: ENGL 401, TESL 560, 562. Survey of approaches to ESL/EFL course and syllabus design including materials selection, adaptation, development, and evaluation.

573A Seminar: Issues in Classroom Second Language Acquisition (4)
Prerequisites: EDFN 452 or 500, TESL 560. Current research as it illuminates the second language acquisition process in classrooms. May be repeated to a maximum of 8 units for credit, with prior approval of a TESOL adviser.

573B Current Issues in Second Language Research (4)
Prerequisite: TESL 573A. Current specialized issues in second language research. Designed to explore topics from both theoretical and practical perspectives. Specific topics vary according to trends in the field. May be repeated to a maximum of 8 units for credit, with prior approval of a TESOL adviser.

574 Educational Psycholinguistics (4)
Prerequisite: TESL 560. Survey of psycholinguistic research related to language learning and teaching. Addresses issues of comprehension, production, and acquisition. Related pedagogical issues are raised.

575 EFL/ESL Reading-Writing Connections (4)
Prerequisites: TESL 560, TESL 562. This course examines EFL/ESL reading/writing theory and pedagogy in adult EFL/ESL classrooms and English for academic purposes classrooms in Intensive English Programs and community colleges.

597 Graduate Research (1-4)
Prerequisite: EDFN 500, Instructor consent to act as sponsor, division approval of project prior to registration. Independent research under guidance of faculty. May be repeated for credit. Graded CR/NC.

598 Graduate Directed Study (1-4)
Prerequisite: B (3.0) grade point average in all graduate work in education, consent of division chair and of instructor to act as sponsor. Independent directed study of advanced topics in TESOL, regular conferences with sponsor. May be repeated for credit.

599A Thesis or Project Planning (3)
Prerequisites: EDFN 452 or another advisor approved research course, and 500 or 553, advancement to candidacy, written approval of thesis chair. Prior to completion, student will have completed draft of thesis or project proposal, selected a thesis committee, and submitted draft of thesis of project proposal to thesis committee. Graded CR/NC.

599B Thesis or Project (2)
Prerequisites: TESL 599A, written approval of thesis committee chair. Prior to completion, student will have submitted a final draft of project of thesis committee. Graded CR/NC.

599C Thesis or Project (2)
Prerequisites: TESL 599B, written approval of thesis committee chair. Completion of thesis of project under direct supervision of thesis committee. Graded CR/NC.

900 Graduate Studies (0)
Prerequisite: TESL 599ABC, instructor consent to act as sponsor, division approval. Graded CR/NC.
Department of

Art

College of Arts and Letters

DEPARTMENT OFFICE
Fine Arts 327
Phone (323) 343-4010
FAX (323) 343-4045
Website: www.calstatela.edu/academic/art/

Art is a means of creative communication and expression. The programs in the Department of Art offer students the opportunity to acquire a background of understanding and skills, and to develop their abilities in the visual arts. The programs prepare students for advanced professional study in art as well as for many professions in teaching, business, and industry. Students with career interests in animation, ceramics, graphic design, photography, illustration, computer graphics, painting, printmaking, sculpture, jewelry and metal craft, art history, fashion and textiles, and art education will find appropriate programs or courses of study in the department. The department also participates in an Interdisciplinary Studies Minor in Multimedia that enables students to develop interactive, multimedia products. For more information, please refer to University Programs.

Students pursuing careers in other fields may benefit from combining the study of art with their professional preparation. The Bachelor of Arts degree program and the Master of Arts and Master of Fine Arts degree programs are described below.

The Faculty

Associate Professors: Rebecca L. Davis, Tim Ebner, Michael Henderson, Carol F. Tuntland.

Assistant Professors: Luis Bermudez, Jimmy Moss, Richard Wearn.

Exhibitions of Work

The Fine Arts Gallery of the Department of Art presents exhibitions of artwork by established professional artists as well as by faculty and students. Graduate student thesis exhibitions are presented quarterly in the gallery. In addition, the student-run exhibition space, COMA Gallery, presents rotating exhibitions of Cal State L.A. student artwork. All exhibitions are free and open to the public.

Undergraduate Programs

Bachelor of Arts Degree

The program for the Bachelor of Arts degree in Art is structured so that students have the opportunity to acquire an understanding of the variety of subjects encompassed within the visual arts as well as to develop excellence in a specific area.

The total number of units required for the Bachelor of Arts degree in Art is 180 units, of which 93-98 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (93 - 98 units)

All students majoring in Art participate in an exploratory and fundamental core program of 24 lower division units and must take the course ART 356 Written Expression in the Visual Arts.

Completion of lower division core courses or their equivalent and achievement of upper division standing are prerequisites to admission to upper division art courses. Students not majoring or minoring in Art must have consent of the instructor.

Credit for ART 499, if taken, is limited to 9 units, with no more than 3 units in any one quarter. Nine units may be used for electives.

Required Core (28 Units)

Required Lower Division Core (24 units)

ART 101ABC World Art (4, 4, 4)
ART 103 Two-Dimensional Art Fundamentals (4)
ART 109 Three-Dimensional Art Fundamentals (4)
ART 159 Studio and Survey: Introduction to Drawing (4)

Required Upper Division Course (4 units)

ART 356 Written Expression in Visual Arts (4)

Options

Students choose one of the following options to complete their major. Prerequisites to admission to an option are completion of the lower division core.

Animation Option (70 units)

The Animation Option provides a thorough education in the creative, practical and historical uses of animation. The option encourages an experimental approach to animation combining traditional and contemporary techniques. Students complete a core of 30-34 units plus either the Traditional Animation or the Computer Animation track for an additional 36-40 units. The elective courses within each track allow the student to take courses in the other techniques.
This option is offered jointly with the Communication Studies Department.

**Option Core Requirements (30-34 units)**

**Lower Division (10-14 units)**

</table>
**Upper Division Elective Courses (8 units)**
Select upper division Art courses with adviser approval (excluding Art 499).

**Art Education Option (67 units)**
The Art Education Option provides art majors with opportunities to prepare for art teaching careers and to qualify for the Single Subject Teaching Credential in Art. The option presents a professional preparation program, which is certified by the California Commission on Teacher Credentialing, and is designed to enable teacher candidates to perform successfully on the PRAXIS examination. For more information see the Charter College of Education section in the Academic Programs: College Based and University Wide chapter for regulations governing all teaching credential programs.

**Required Lower Division Courses (20 units)**
- ART 152 Studio and Survey: Introduction to Ceramics (4)
- ART 155 Studio and Survey: Introduction to Painting (4)
- ART 180 Introduction to Computer Graphics (4)
- ART 244 Life Composition A, B (2, 2)
- ART 287 Introduction to Photographic Processes (4)

**Required Upper Division Courses (27 units)**
- ART 415 Foundations of Art (4)
- ART 420 Modern Art (4)
- ART 426 Intermediate Classroom Visual Art (3)
- ART 460 multicultural Approaches to Visual Arts (4)
- ART 475 Visual Arts and Human Development (4)
- PHIL 475 Aesthetics (4)
- ART 492E Senior Project - Art Education (4)

**Elective Courses (20 units)**
Students are to select from the studio arts, design, art history, or animation options. Courses in jewelry, sculpture, and printmaking are recommended.

- ART 410 Building a Community through Visual Art in Secondary Education is strongly recommended.

**Studio Arts Option (65 units)**
The Studio Arts Option provides theory and practice for the development of perceptual and conceptual abilities needed to engage in creative visual expression.

**Required Lower Division Courses (22 units)**
- ART 150 Survey and Studio: Introduction to Sculpture (4)
- ART 152 Survey and Studio: Introduction to Ceramics (4)
- ART 155 Survey and Studio: Introduction to Painting (4)
- ART 244 Life Composition A, B, C (2, 2, 2)
- ART 287 Introduction to Photographic Processes (4)

**Required Upper Division Courses (11 units)**
- ART 401 Proseminar: Critical Theories in Visual Arts (3)
- ART 426 Modern Art (4)
- ART 492S Senior Project - Studio Arts (4)

**Upper Division Elective Courses (32 units)**
Select from the following:
- ART 307 Intermediate Ceramic Art (4)
- ART 314 Intermediate Sculpture (4)
- ART 358 Airbrush Painting (3)
- ART 364 Intermediate Drawing (4)
- ART 374 Intermediate Painting (4)
- ART 377 Intermediate Photography (4)
- ART 380 Computer Graphics I (4)
- ART 387 Color Photography (4)
- ART 402 Advanced Color Photography (4)
- ART 404 Studio Seminar (4)
- ART 412 Advanced Ceramic Art (4)
- ART 414 Advanced Painting (4)
- ART 416 Advanced Ceramics Processes (4)
- ART 429 Advanced Sculpture (4)
- ART 434 Advanced Painting Processes (4)
- ART 449 Video for Artists (4)
- ART 454 L,P Special Topics in Art (1-4)
- ART 458 Advanced Airbrush Painting (3)
- ART 464 Advanced Life Composition (2)
- ART 474 Printmaking: Etching (3)
- ART 477 History of Photography (4)
- ART 479 Silkscreen/Serigraphy (3)
- ART 480 Computer Graphics II (4)
- ART 482 Photographic Manipulations and Extensions (4)
- ART 483 Photographic Studio Practices (4)
- ART 484 Advanced Sculpture Processes (4)
- ART 487 Advanced Photography (4)
- ART 494 Computer Graphics Animation (4)

**Art History Option (68 units)**
The Art History Option provides historical and developmental study of art in most of the world civilizations. It is intended to develop the student's ability to evaluate and comprehend concepts and issues within this cultural heritage.

**Required Lower Division Courses (8 units)**
Select from the following:
- ART 244 Life Composition A,B, C (2, 2, 2)
- ART 150 Studio and Survey: Introduction to Sculpture (4)
- ART 152 Studio and Survey: Introduction to Ceramics (4)
- ART 155 Studio and Survey: Introduction to Painting (4)

**Required Upper Division Course (28 units)**
- ART 426 Modern Art (4)

Select one course from each of the following groups.

**Group A: Ancient Art**
- ART 406 Ancient Near Eastern Art and Archaeology (4)
- ART 411 Greek and Roman Art (4)

**Group B: Medieval Art**
- ART 476 Early Christian and Byzantine Art (4)
- ART 416 Medieval Art (4)

**Group C: Renaissance-Baroque Art**
- ART 436 Renaissance Art (4)
- ART 421 Baroque Art (4)
- ART 451 Mannerism (4)
Group D: Latin American Art
ART 446  Art of Latin American (4)
ART 447H  The Art of Mesoamerica and the Southwest (4)
ART 450H  The Colonial Art of Mexico and Guatemala (4)
ART 453  Aztec Art and Culture (4)
ART 456  Art of the Ancient Andes (4)
ART 457H  Mexican Muralists and Frida Kahlo (4)

Group E: Asian, African, Oceanic Art
ART 431A  The Arts of Asia: India and Iran (4)
ART 431B  The Arts of Asia: China and Japan (4)
ART 481  African Art (4)
ART 461  Oceanic and North American Indian Art (4)

Group F: Contemporary Art
ART 441  American Art (4)
ART 466  Nineteenth Century Art (4)
ART 491  Art Since 1945 (4)

Upper Division Elective Courses (32 units)
Select electives from courses in Groups A-F (not previously taken), and from the following.
ART 454L,P  Special Topics in Art (1–4)
ART 469  Historic Textiles (4)
ART 471  History of Costume (4)
ART 477  History of Photography (4)

Fashion and Textiles Option (66-67 units)
The Fashion and Textiles Option provides students with a sound foundation in the visual arts as well as an understanding of the cultural and social basis of human appearance and adornment. The program of study prepares students for careers in the full range of fashion and textile design, merchandising, and manufacturing.

Recommended General Education Support Courses (12 units)
ECON 150  Economics for the Citizen (4)
PSY 150  Introductory Psychology (4)
SOC 201  Principles of Sociology (4)
ANTH 250  Cultural Anthropology (4)

Required Fashion Core (47 units)

Required Lower Division Courses (19 units)
ART 101A or 101B or 101C  World Art (4, 4, 4)
ART 103  Two-Dimensional Art Fundamentals (4)
ART 109  Three-Dimensional Art Fundamentals (4)
ART 159  Studio and Survey: Introduction to Drawing (4)

Required Upper Division Courses (28 units)
ART 302  Social Aspects of Fashion (4)
ART 362  Textile and Apparel Analysis (4)
ART 420  Textile & Apparel Economics (4)
ART 442  Advanced Textiles (4)
ART 469  Historic Textiles (4)
ART 471  History of Costume (4)
ART 492F  Senior Project - Fashion and Textiles (4)

Required Specialization Courses (19-20 units)
Select one of the following specializations with adviser approval.

Fashion Design (19 units)
ART 108  Apparel Construction II (3)
ART 304  Fashion Design: Flat Pattern II (4)
ART 384  Computers in Fashion Design (4)
ART 459  Advanced Fashion Design Processes (4)
ART 489  Advanced Fashion Design (4)

Fashion Merchandising (20 units)
ART 382  Computers in Fashion Merchandising (4)
ART 430  Fashion Merchandising Processes (4)
ART 444  Fashion Promotion (4)
MKT 304  Principles of Marketing (4)
MGMT 307  Management and Organizational Behavior (4)

Textiles (20 units)
ART 202  Textile Structures (4)
ART 203  Advanced Two-Dimensional Art Fundamentals (4)
ART 338  Textile Design (4)
ART 386  Computers in Textiles (4)
ART 438  Advanced Textile Design (4)

Minor in Art
A minor in Art is available for students majoring in other fields and requires 46 units in art courses.

Requirements for the Minor (46 units)

Required Lower Division Courses (16 units)
ART 101A or 101B or 101C  World Art (4, 4, 4)
ART 103  Two-Dimensional Art Fundamentals (4)
ART 109  Three-Dimensional Art Fundamentals (4)
ART 159  Studio and Survey: Introduction to Drawing (4)

Lower Division Electives: (8 units)
Select from the following:
ART 180  Introduction to Computer Graphics (4)
ART 150  Survey and Studio: Introduction to Sculpture (4)
ART 152  Survey and Studio: Ceramics (4)
ART 155  Survey and Studio: Painting (4)
ART 203  Advanced Two-Dimensional Art Fundamentals (4)

Required Upper Division Course (4 units)
ART 426  Modern Art

Upper Division Electives (18 units)
Select art courses from two of the Art major options.

Certificate in Fashion Design
The Department of Art offers a certificate program in Fashion Design that prepares individuals for career positions in fashion design. The program includes technical methods, theory, and creative concepts. A total of 42 units is required for completion of the certificate program, as outlined below. Refer to the Undergraduate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirements for the Certificate (42 units)

Required Courses (30 units)
ART 103  Two-dimensional Art Fundamentals (4)
ART 106  Apparel Construction I (3)
ART 108  Apparel Construction II (3)
ART 204  Fashion Design: Flat Pattern II (4)
ART 208  Textiles (4)
ART 304  Fashion Design: Flat Pattern II (4)
ART 459   Advanced Fashion Design Processes (4)  
ART 489   Advanced Fashion Design (4)  

Electives (12 units)  
Select from the following:  
Art 203, 206, 302, 333, 384, 386, 469, 471.  

Certificate in Fashion Merchandising  
The Department of Art offers a certificate program in Fashion Merchandising that prepares individuals for career positions in the fashion industry. The program includes technical information, theory, and creative concepts. A total of 40 units is required for completion of the certificate program, as outlined below. Refer to the Undergraduate Study: General Information chapter of this catalog for general regulations governing all certificate programs.  

Requirements for the Certificate (40 units)  
Required Courses (32 units)  
ART 206   Fashion Merchandising Concepts (4)  
ART 208   Textiles (4)  
ART 302   Social Aspects for Fashion (4)  
ART 362   Textile and Apparel Analysis (4)  
ART 420   Textiles and Apparel Economics (4)  
ART 430   Fashion Merchandising Processes (4)  
ART 444   Fashion Promotion (4)  
ART 495   Directed Fieldwork in Fashion & Textiles (4)  

Electives (8 units)  
Select from the following  
ART 204, 382, 442, MKT 304, 341, 344.  

The Credential Program  
The Bachelor of Arts degree in Art with the credential option has been approved by the Commission on Teacher Credentialing for the Single Subject credential in Art. Interested students should consult advisers in the department and in the Charter College of Education.  

Graduate and Baccalaureate Programs  

General Information  
The Department of Art offers graduate programs that lead to Master of Arts and Master of Fine Arts degrees. These programs involve students in advanced studies and artistic practices that provide an understanding of art as a humanistic and cultural activity. In addition, these degrees provide a sound foundation for students pursuing professional careers in various fields of art, and may be the basis for further education in the field.  

Master of Arts Degree  
The Master of Arts degree is a 45-unit graduate program that provides an opportunity to increase artistic growth, and gain a strong educational and experiential basis for a professional career in the visual arts. The degree is offered in the options of studio art, design, art history, art education, and fashion and textiles.  

Master of Fine Arts  
The Master of Fine Arts degree is a 90 unit graduate program that provides rigorous study for students with a strong direction and focus in art and a high level of technical proficiency. The program is highly selective and provides advanced study and practice in preparation for professional careers in art or teaching in higher education. Graduates are prepared to take their places in the visual arts community. The degree is offered in the options of studio arts and design.  

Details and specific course requirements of the various Master of Arts and Master of Fine Arts degree programs follow.  
The next sections refer specifically to the procedures and requirements for admission to, advancement through, and completion of the various graduate degree programs in the Department of Art.  

Admission Procedure  
Admission to the graduate program at California State University, Los Angeles and the Department of Art requires admission by the university and admission into a specific option degree program in the department.  

Admission to the University  
Applicants must file a complete application as described in the CSU admission booklet. Admission to the university is required prior to admission to the department graduate program.  

Admission to a specific option degree program in Art  
In addition to the university requirements, an applicant must have a baccalaureate degree in art from an accredited institution or complete the undergraduate requirements specified by one of the following options:  

- Studio Arts  
- Design  
- Art History  
- Art Education  
- Fashion and Textiles  

A review committee in each option admits applicants based on their preparation and demonstrated abilities to complete advanced study at the graduate level.  

Applicant Review Schedule  
Reviews for admission to the department graduate programs are scheduled in Fall, Winter and Spring quarters.  

Deadlines for submitting review materials:  
Fall Quarter  Second Friday in April  
Winter Quarter  Second Friday in October  
Spring Quarter  Second Friday in January  

MA/MFA Admission Review:  
Option Requirements  

Studio Arts Option  
(painting, drawing, ceramics, sculpture, photography)  
Applications are reviewed by the studio arts review committee and must include:
• Portfolio of creative work
• A statement of applicant’s objectives
• Two letters of recommendation
• A copy of academic transcripts

An interview with the review committee may be requested. Applicants must have a minimum 3.0 grade point average in upper division courses in studio arts.

Design Option
(graphic design, illustration, computer animation) Applications are reviewed by the design review committee and must include:

• Portfolio of creative work
• A statement of applicant’s objectives
• Two letters of recommendation
• A copy of academic transcripts

An interview with the review committee may be requested. Applicants must have a minimum 3.0 grade point average in upper division courses in design.

Art History Option
Applications are reviewed by the Art History review committee and must include:

• Portfolio of three art history research papers
• A statement of applicant’s objectives
• Two letters of recommendation
• A copy of academic transcripts

An interview with the review committee may be requested. Applicants must have a minimum 3.0 grade point average in 24 upper division units in art history. Applicants must successfully complete 12 units of first-year French or German prior to achieving classified standing.

Art Education Option
Applications are reviewed by the art education review committee and must include:

• Educational portfolio of applicant’s own creative work and/or applicant’s student work, lesson/unit plans, and writing samples.
• A statement of applicant’s objectives
• Two letters of recommendation
• A copy of academic transcripts

An interview with the review committee may be requested. Applicants must have a minimum 3.0 grade point average in 24 upper division units in Art.

Fashion and Textiles Option
Applications are reviewed by the fashion and textiles review committee and must include:

• Portfolio of creative work
• A statement of applicant’s objectives
• Two letters of recommendation
• A copy of academic transcripts

An interview with the review committee may be requested. Applicants must have a minimum 3.0 grade point average in upper division courses in fashion and textiles.

For specific details of option requirements, applicants may write or call the Department of Art at 323-343-4010.

Admission Status:
Applicants who are admitted to by the University and pass the department option review are assigned either classified or conditionally classified status.

Classified Status:
Student has met all the university and department requirements, including option writing requirements, passed the department option review, and filed an approved graduate program.

Conditionally Classified Status:
Student has not fulfilled one or more requirements in the following areas: GPA, prerequisites, portfolio, or writing. Conditionally classified students may enroll in courses under the guidance of an option adviser to fulfill requirements; however, the MA/MFA admission review must be repeated. Coursework taken as a conditionally classified graduate student to fulfill undergraduate prerequisites may not be used to satisfy any unit requirement for the graduate degree programs.

Advancement to Candidacy
Candidacy denotes that the student is fully qualified to complete the final stages of the MA or MFA degree and is thus eligible to enroll in ART 599 or 599M. In order to attain candidacy, the student must meet the university requirements for admission to candidacy as outlined in the catalogue and satisfactorily complete the graduate writing requirement. In addition, students must have completed a minimum of 23 units for a MA degree or 45 units for a MFA degree on the official program with a minimum grade point average of 3.0; and secure commitment of three tenured/tenure-track faculty members of the department to serve as members of the student's MA - project or thesis committee, with one member agreeing to serve as chair. This committee must approve the student’s project proposal or thesis proposal as well as the final project or thesis. Additional information regarding advancement to candidacy is available from the department of art office.

Master of Arts Degree
Options: Art Education, Art History, Studio Arts, Design, Fashion and Textiles

Requirement for the Degree (45 units)
A total of 45 units is required, with a minimum of 33 units in Art and at least half in 500-level courses. All students are required to complete ART 599 Graduate Thesis/Project, as appropriate to the option. Consultation with a graduate adviser is required for development and approval of a graduate program, which includes the following:

Note: ART 400, 401, 415, and 499 may not be applied to any MA degree program, with one exception: ART 400 may be applied in the Art Education Option.

Required Courses for All Options (10 units)
ART  501A,B or C Seminar: Art History (3)
ART  507 Perspectives on Visual Art, Aesthetics, and Culture (3)
ART  531 Research Methodologies in Art (4)

Studio-Arts Option (35)
Required Courses (6)
ART  502M MA/MFA Seminar: Visual Arts (3)
ART  504M MA/MFA Graduate Problems in Studio Arts (3)
Option Electives (23 units)
Select from the following (12 units)
ART 504M MA/MFA Graduate Problems in Studio Arts (3)
ART 512 Graduate Photography (3)
ART 517 Graduate Ceramics (3)
ART 544 Graduate Painting (3)
ART 584 Graduate Sculpture (3)
*All courses may be repeated.

Additional Electives (11 units)
Select 400 and 500-level courses in Art.
Up to 4 units from other departments may be included with adviser approval.

Graduate Thesis (6 units)
ART 599 Thesis, Project (6)

Design option (35 units)
Required Courses (6 units)
ART 502M MA/MFA Seminar: Visual Arts (3)
ART 508M MA/MFA Seminar: Design (3)
Option Electives (23 units)
*Select from the following (12 units)
ART 503 Graduate Problems in Design (3)
ART 508M MA/MFA Seminar: Design (3)
ART 522 Graduate Interactive Design (3)
ART 594 Graduate Computer Animation (3)
*All courses may be repeated

Additional Electives (11 units)
Select 400 and 500-level courses in Art.
Up to 4 units from other departments may be included with adviser approval.

Graduate Thesis (6 units)
ART 599 Thesis, Project (6)

Art History Option (35 units)
Required Courses (6 units)
ART 501A Seminar: Art History - Ancient Art (3)
ART 501B Seminar: Art History - Art of the Changing Eras (3)
ART 501C Seminar Art History - Contemporary Art (3)
*Art History Option students are required to take all three sections.
Option Electives (23 units)
Select from 400 and 500–level courses in Art History (12 units)

Additional Electives (11 units)
Select 400 and 500-level courses in Art. Up to 4 units from other departments may be included with adviser approval.

Graduate Thesis: (6 units)
ART 599 Thesis, Project (6)

Fashion and Textiles (35 units)
Required courses (14 units)
ART 506 Fashion and Textiles: Experimentation in Design (3)
ART 509 Seminar: Fashion and Textiles (3)
ART 514 Fashion and Textiles in Cultural Contexts (4)
ART 577 Graduate Problems in Fashion and Textiles (4)
Option Electives (15)
Select 400 and 500-level courses in Art. Up to 12 units from other departments may be included with adviser approval.

Graduate Thesis: (6 units)
ART 599 Thesis, Project (6)

Completing Requirements for the MA
All students must meet University requirements for the masters degree as outlined in the catalog, including demonstration of competence in written English. In addition, department requirements must be satisfactorily completed using one of the plans below.

The Department of Art offers two Plans for attaining the MA: Written Thesis or Creative Project.

Plan A. Written Thesis

1. Option Requirements: The graduate program must include a total of 45 units, with a minimum of 33 units in art and at least half in 500-level courses, including the required seminars and Art 599 Graduate Thesis. Electives to complete the remaining units may be drawn from approved 400 and 500-level courses. Students must meet the requirements of the designated option. Graduate advisers must be consulted regarding specific option requirements.

2. Thesis: The thesis must meet stipulated University requirements. After advancement to candidacy the thesis will be written under the guidance of the candidate's thesis committee chair with the assistance of the thesis committee. The thesis must be approved by the thesis committee and, the department chair, and filed with the Library Thesis Coordinator according to timelines established.

Plan B. Creative Project
The Creative Project is required for students in Studio Arts and Design.

1. Option Requirements: The graduate program must include a total of 45 units, with a minimum of 33 units in art and at least half in 500-level courses, including the required seminars and Art 599 Graduate Project. Electives to complete the remaining units may be drawn from approved 400 and 500-level courses. Students must meet the requirements of the designated option. Graduate advisers must be consulted regarding specific option requirements.

2. Progress Reviews: Continuation in the MA graduate program in Studio Arts and Design is determined by progress reviews of each student's project by the Option Review Committee. These reviews are held upon completion of Advancement to Candidacy with the
approval of the graduate adviser, and at intervals during the development of the project.

3. Exhibition: After Advancement to Candidacy the project is developed under the guidance of the candidate’s project chair with the assistance of the project committee. Upon the committee's approval of the completed work, Studio Arts and Design projects will be appropriately exhibited in accordance with department requirements.

4. Written Abstract: All candidates must submit a written abstract of the project, following the stipulated university requirements. The abstract includes the project's significance, objectives, methodology, and a conclusion or recommendation. Visual documentation (i.e., slides, video, CD) of the project must be included in the report. The project and written abstract must be approved by the candidate’s project committee and department chair, and filed with the Library Thesis Coordinator according to timelines established.

Master of Fine Arts Degree

Options: Design and Studio Arts

Requirements for the degree: (90 units)
A total of 90 units is required, with a minimum of 82 units in art and at least 60 units in 500-level courses. All students are required to complete ART 599M MFA Project. Applicants holding a MA degree in art may apply 30 units of eligible coursework toward the MFA degree with adviser approval. Consultation with a graduate adviser is required for development and approval of a graduate program, which includes the following:

Note: ART 400, 401, 415, and 499 may not be applied to any MFA degree program.

Required Courses (28 units)
ART 501 A, B, or C Seminar: Art History (3)
ART 502M MA/MFA Seminar: The Visual Arts (3)
ART 507 Perspectives on Visual Art, Aesthetics, and Culture (3)
ART 531 Research Methodologies in Art (4)
ART 595M MFA Professional Field Work in Art (6)
ART 598M MFA Directed Study (9)

Required Option Courses (6 units)

Studio Arts Option
ART 504M MA/MFA Seminar: Studio Art (3,3)

Design Option
ART 508M MA/MFA Seminar: Design (3,3)

Option Electives (18 units)
Select 18 units of 500 level courses within the designated option. (Studio Arts or Design Option)

Required Courses in Art History: (8 units)
Select 8 units of 400 or 500-level art history courses.

Electives in Art: (13 units)
Select 13 units of 400 or 500-level electives in art.

Electives in related areas: (8 units)
Select 8 units of 400 or 500 level electives from departments outside of art.

Graduate Project: (9 units)
ART 599M Project (9)

Completing Requirements for the MFA

All students must meet university requirements for the Master of Fine Arts degree as outlined in the catalog including demonstration of competence in written English. MFA candidates must exhibit their graduate project and submit a project abstract according to stipulated department and university requirements.

MFA Project

MFA students are required to complete and exhibit an advanced visual arts project in Studio Arts or Design.

1. Option Requirements: The graduate program must include a total of 90 units, with a minimum of 82 units in art and at least 60 units in 500-level courses, including the required seminars and ART 599M MFA Project. Electives to complete the remaining units may be drawn from approved 400 and 500-level courses. Students must meet the requirements of the designated option. Graduate advisers must be consulted regarding specific option requirements.

2. Progress Reviews: Continuation in the MFA graduate program in Studio Arts and Design is determined by progress reviews of each student's project by the Option Review Committee. These reviews are held upon completion of Advancement to Candidacy with the approval of the graduate adviser, and at intervals during the development of the project.

3. Exhibition: After Advancement to Candidacy the project is developed under the guidance of the candidate’s project chair with the assistance of the project committee. Upon the committee approval of the completed work, Studio Arts and Design projects will be appropriately exhibited in accordance with department requirements.

4. Written Abstract: All candidates must submit a written abstract of the project following the stipulated university requirements. The abstract includes the project's significance, objectives, methodology, and a conclusion or recommendation. Visual documentation (i.e., slides, video, CD) of the project must be included in the report. The project and written abstract must be approved by the candidates project committee and department chair, and filed with the library thesis coordinator according to timelines established.
### Lower Division Courses

**101ABC World Art (4, 4, 4)**
Survey of historical development of painting, sculpture, and architecture throughout the world. CAN ART SEQ A

- **101A:** Survey of the historical development of world art including painting, sculpture, and architecture from the Paleolithic period to approximately 1000 CE. GE C2
- **101B:** Survey of the historical development of world art including painting, sculpture and architecture from approximately 1000 CE to 1500 CE. GE C2
- **101C:** Survey of the historical development of world art including painting, sculpture, and architecture from 1500 CE to the present. GE C2

**102 Introduction to Clay and Ceramic Processes (3)**
Orientation to ceramic processes; hand-building techniques for pottery and sculpture; historical examples from different periods and cultures related to form and surface treatment and glaze application. Activity 6 hours.

**103 Two-Dimensional Art Fundamentals (4)**
Introduction to fundamental concepts, organizing principles and historical references of two-dimensional art. Studio projects develop a visual vocabulary of two-dimensional elements and relationships common to all forms of creative expression. Lecture 2 hours, activity 4 hours. CAN ART 14

**104 Introduction to Drawing (3)**
Drawing experiences involving development of form, structure, light and dark, and relationships of visual structural elements. Activity 6 hours.

**106 Apparel Construction I (3)**
Clothing construction techniques, with emphasis on application of principles. Activity 6 hours.

**108 Apparel Construction II (3)**
Advanced processes of apparel construction and finishing. Application of couture techniques and methods. Activity 6 hours.

**109 Three-Dimensional Art Fundamentals (4)**
Introduction to fundamental concepts and history of three-dimensional form, as found in nature, sculpture, design and architecture. Studio projects explore expressive potential of three-dimensional forms using various materials and methods. Lecture 2 hours, activity 4 hours. CAN ART 16

**150 Survey and Studio: Introduction to Sculpture (4)**
Human development and the arts as experienced through sculpture; history, forms, functions, cultural survey, interrelationships and symbolism correlated with personal exploration. Lecture 2 hours, activity 4 hours. GE C2

**152 Survey and Studio: Introduction to Ceramics (4)**
Human development and the arts as experienced through ceramics; history, forms, functions, cultural survey, interrelationships, and symbolism correlated with personal exploration. Lecture 2 hours, activity 4 hours. GE C2

**155 Survey and Studio: Introduction to Painting (4)**
Human development and the arts as experienced through painting; history, forms, functions, cultural survey, interrelationships, and symbolism correlated with personal exploration. Lecture 2 hours, activity 4 hours. GE C2

**156 Survey & Studio: Textiles and Apparel (4)**
Human development and the arts as experienced through textiles and apparel; history, forms, functions, interrelationships, and symbolism correlated with personal exploration. Lecture 2 hours, activity 4 hours. GE C2

**157 Survey and Studio: Introduction to Metal and Jewelry Design (4)**
Human development and the arts as experienced through metal and jewelry design; history, forms, functions, cultural survey, interrelationships, and symbolism correlated with personal exploration. Lecture 2 hours, activity 4 hours. GE C2

**180 Introduction to Computer Graphics (4)**
Introduction to and analysis of the uses of computer hardware and software in Art and Design; historical, practical and creative implications. Lecture 2 hours, activity 4 hours.

**202 Textile Structures (4)**
Introduction to fundamental concepts and techniques of fabric structure. Projects include exploration of basic woven and knit constructions. Lecture 2 hours, activity 4 hours.

**203 Advanced Two-Dimensional Art Fundamentals (4)**
Prerequisite: ART 103. Advanced study of the fundamental concepts, principles, and historical references of two-dimensional art with an emphasis on the creative process and development of individual artistic expression. Lecture 2 hours, activity 4 hours.

**204 Fashion Design: Flat Pattern I (4)**
Prerequisite: ART 106, 208, or instructor consent. Principles and techniques of pattern making, with emphasis on style development and fitting. Lecture 2 hours, activity 4 hours.

**206 Fashion Merchandising Concepts (4)**
Concepts, principles, and overview of fashion merchandising.

**208 Textiles (4)**
Fundamental study of fibers, yarns, fabrics, color, and finishes; emphasis on properties and performance in relation to selection, use, and care. Lecture 2 hours, activity 4 hours.

**209 The Appreciation of Art through World Culture (4)**
Appreciation and understanding of the visual arts in world culture. Analysis of the art of a variety of cultures through drawing, painting, sculpture, design.

**212 Introduction to Weaving: Knotting Techniques (3)**
Methods of structuring with fiber including knotting, macramé, loom-free and primitive weaving; fabric constructions involving collage, appliqué, stitchery, and three-dimensional forms. May include field trips. Activity 6 hours.
234 Introduction to Painting (3)
Creative use of color based on an understanding of visual structural elements; study and manipulation of various media including watercolor and oil. Activity 6 hours.

237 History of Design (4)
Historical survey of design and the design process, including an examination of artistic, cultural, social, and theoretical factors that influence design.

240 Art and Life Perspectives (4)
Comparative analyses of indigenous, blended, and industrialized socio-cultural groups’ art forms and views of time, environment, birth, death, and ancestry, as these views are expressed through their visual art forms.

244ABC Introduction to Life Composition (2, 2, 2)
Prerequisite: ART 159. Basic concepts of figure drawing and sculpting, exploration of form, structure, proportions of human figure; techniques as applied to visual expression. Activity 4 hours.

254 L, P Special Topics in Art (1–4)
Prerequisite: As needed for specific topic. Current topics of special interest, as announced in Schedule of Classes. May be repeated to maximum of 9 units.

*272 Introduction to Jewelry (3)
Design and fabrication of basic jewelry techniques; lost wax casting; texturing; forming; linking; soldering; bezel stone setting; use of bronze, silver, and other nonferrous metals. Activity 6 hours.

*287 Introduction to Photographic Processes (4)
Basic principles of black and white photography: tools, materials, techniques, and philosophies of photography as an expressive medium. Recommended that students furnish their own cameras. Lecture 2 hours, activity 4 hours.

295 Introduction to Teaching Art (2)
Introduction to theory and practice of general art teaching techniques. Current approaches to art education are explored and observed in area elementary and secondary schools.

Upper Division Courses
Upper division standing is prerequisite to enrollment in all upper division art courses. Students majoring or minoring in Art must have completed applicable lower division core courses or equivalents; students in other fields must have instructor consent.

302 Social Aspects of Fashion (4)
Prerequisite: GE social science requirement. Study of fashion from a sociological and psychological perspective with particular emphasis on the processes people use to associate apparel and appearance with certain meanings, and the social consequences of those meanings.

303 Three-Dimensional Design (4)
Prerequisites: ART 103, 109, 203. Theoretical, historical, and functional study of three-dimensional design for creative development. Studio projects explore a variety of materials, processes and technologies. Lecture 2 hours, activity 4 hours.

304 Fashion Design: Flat Pattern II (4)
Prerequisite: ART 204. Advanced fashion designing through the pattern methods. Lecture 2 hours, activity 4 hours.

*307 Intermediate Ceramic Art (4)
Prerequisite: ART 152 or consent of instructor. Intermediate level study of ceramic art concepts, processes, and history. Development of concepts and techniques to achieve individual expression. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 8 units.

308 Graphic Communication Design (4)
Prerequisites: ART 313, 333. Communication design theory and practice using various media, processes and technologies. Introduction to fundamental concepts of visual communication including graphic design, corporate identity and logo design. Lecture 2 hours, activity 4 hours.

312 Rendering (3)
Fundamentals of rendering for design disciplines. Shade, shadow, color, value and intensity are used to distinguish objects, describe form, and indicate depth and space. Various media and techniques are introduced. Activity 6 hours.

313 Lettering and Typography (4)
Prerequisites: Art 103, 180, and 203. Technical, theoretical and historical foundations of lettering and typography. Development of skills and the methodology of professional use of letterforms in graphic communication. Lecture 2 hours, activity 4 hours.

314 Intermediate Sculpture (4)
Prerequisite: ART 150 or consent of instructor. Continued examination and development of creative approaches in sculpture concepts and processes. Exploration of varied materials as used in individual expression. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 8 units.

315 The Arts and the Environment (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Examines representations and uses of the global environment from various eras and cultural perspectives in visual art.

316 Foundations of Art (4)
Exploration of historical and contemporary issues in the visual arts as related to philosophies, theories, and practices of teaching and learning in art. Includes field experiences. Lecture 3 1/2 hours; activity 1 hour.

317 Visual Arts in Urban Contexts (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Explorations of visual arts in different urban contexts. Comparisons of diverse groups of artists, urban art forums, and processes of achieving recognition and legitimacy. May include service learning (optional).

323 Perspective Drawing (4)
Study of perspective drawing and related methodologies to develop and communicate design concepts. Visualization of three-dimensional objects using one-point and two-point perspectives including shadows, slopes, and reflections. Lecture 2 hours, activity 4 hours.

*327 Intermediate Enameling (3)
Prerequisite: ART 157 or instructor consent. Intermediate level of study of concepts and processes in enameling. Further development of design and enameling techniques specifically related to enameling use in jewelry and metals. May be repeated to maximum of 9 units. Activity 6 hours.

328 Interior Design (4)
Prerequisites: ART 312, 323. Study of commercial and residential interior design, including space planning, drafting techniques, color usage, and model building. Lecture 2 hours, activity 4 hours.

332 Intermediate Rendering (3)
Prerequisite: ART 312. Intermediate study of rendering techniques and delineation skills for design disciplines. Rapid visualization and quick sketch drawing methods are used for design ideation and communication. Activity 6 hours. May be repeated to maximum of 6 units.
333 Color (4)
Prerequisite: ART 203. Intensive study of color theory and color perception. Lectures and studio projects examine the aesthetic, practical, optical, psychological, symbolic, historical and cultural aspects of color. Lecture 2 hours, activity 4 hours.

338 Textile Design (4)
Prerequisite: ART 103 or consent of instructor. Fundamental theories, concepts, and processes used for print textile design. Includes use of computer as a design tool. May include field trips. Lecture 2 hours, activity 4 hours.

340 Art Production Practicum (2)
Requires permission from the department. Application of processes, technologies, and theories related to specific art/design activity. Limited to 2 units per quarter. Meets 8 hours per week or by assignment. May be repeated to a maximum of 12 units for elective credit only. Graded ABC/NC

341 The American Landscape in Art (4)
Historical survey and analysis of the landscape and visions of the U.S. in art and architecture from 1700 to the present. Theories and principles of art, especially landscape painting.

343 Architectural Design (4)
Prerequisites: ART 312, 323. Study of historical and contemporary architectural ideas, structure, and design solutions. Development of skills in layout, drafting techniques, model building and the use of various media and technologies. Lecture 2 hours, activity 4 hours.

352 Architectural Lighting Design (4)
Prerequisite: ART 343. Architectural lighting design with emphasis on linking theory, design concepts, application and environmental considerations. Activity 6 hours. May include field trips.

356 Written Expression in Visual Arts (4)
Prerequisite: Satisfactory completion of Graduation Writing Assessment Requirement (GWAR). Study and practice in forms of writing pertaining to art including theory, criticism, and historical research and analysis.

357 Creative Experiences for Health and Wellness (4)
(also listed as DANC 357, MUS 357, and TA 357)
Prerequisites: ART 209 or MUS 150 or 160; DANC 157 or TA 152 or HS 150. Exploring health and wellness through participation in the creative arts - dance, visual arts, music and theatre arts.

358 Airbrush Painting (3)
Study in the use, care, and operation of the airbrush. Introduction to flat coverage, graduations of color, masking and stenciling, with an emphasis on realistic rendering. May be repeated to maximum of 6 units.

362 Textile and Apparel Analysis (4)
Prerequisite: Art 208. Basic principles of textile and apparel analysis and evaluation, manufacturing specifications and processes.

364 Intermediate Drawing (4)
Prerequisite: ART 159 or consent of instructor. Historical study in composition with diversified subjects. Comprehensive drawings in line, value and shape. Lecture 2 hours, activity 4 hours.

373 Creative Fashion Design (3)
Prerequisites: ART 203, 244. Basic studies in creative fashion design and body ornamentation formulated through the application of elements and principles of art.

374 Intermediate Painting (4)
Prerequisite: ART 155. Continued study of history, styles and content in painting with emphasis on development of individual concepts. Lecture 2 hours, activity 4 hours.

*377 Intermediate Photography (4)
Prerequisite: ART 287. Development of individual creative approaches and philosophies in photography as well as strengthening of controls and techniques of black and white processes. Camera recommended. Lecture 2 hours, activity 4 hours.

380 Computer Graphics I (4)
Prerequisite: Art 180. Computers in art and design; descriptions, functions, visual problem solving, programming, computer graphics, applications in visual imagery and design. May be repeated to maximum of 8 units. Lecture 2 hours, activity 4 hours.

382 Computers in Fashion Merchandising (4)
Prerequisites: Art 206. Introductory computer course. Computers in art and design. Applications for apparel manufacturing, retailing, and promotion which include descriptions, functions, visual problem solving, and computer technology in the global marketplace. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 8 units.

384 Computers in Fashion Design (4)
Prerequisite: Art 204. Introductory computer course. Computers in art and design. Manipulation and integration of two and three dimensional objects for problem solving using computer applications for apparel design. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 8 units.

386 Computers in Textiles (4)
Prerequisite: Art 208, Introductory computer course. Computers in art and design. Information and specific computer applications for the textiles industry, including weaving and knitting technology and surface design. May include field trips. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 8 units.

*387 Color Photography (4)
Prerequisite: ART 377 or consent of instructor. Introduction to color films and papers; work with properties of color films and producing prints from color materials. Lecture 2 hours, activity 4 hours.

388 Illustration (4)
Prerequisites: ART 159, 203, 244AB. Study of the theoretical, historical and practical aspects of illustration with an emphasis on composition and drawing and painting techniques using various media. Lecture 2 hours, activity 4 hours.

390 Art in the Community (4)
Prerequisite: Upper division standing or instructor consent. The influences and the relationship of Art within the urban community. Participation in activity utilizing art skills in service to the community. May be repeated to a maximum of 8 units. Lecture 2 hours, Activity 4 hours.

398 Cooperative Education (1-8) (see UNIV 398)
400-level Courses

* There is a special fee associated with registering for classes that carry this designation. Details appear in the Schedule of Classes. All 400-level courses may be applied toward master’s degree requirements except the following, ART 400, 401, 415, 499. (Art Education Option may apply ART 400)

**400 Elementary Classroom Visual Art (3)**
Exploration and integration of creative expression, artistic perception, historical-cultural contexts, and aesthetic valuing as components of teaching visual art in the elementary classroom. Meets four hours per week. Some sections include service learning.

**401 Proseminar: Critical Theories in Visual Arts (3)**
Prerequisites: ART 101A or 101C; 426; senior standing as Art major or recommendation of department. Systematic approach to art theory, criticism, and evaluation within the visual arts; development of independent critical and artistic viewpoints with regard to creation of art forms.

**402 Advanced Color Photography (4)**
Prerequisite: ART 387 or consent of instructor. Advanced techniques, theories, history of color photography; student production of comprehensive body of work utilizing color processes. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 8 units.

**403 Advanced Three-Dimensional Design (4)**
Prerequisite: ART 303. Advanced study of three-dimensional design with an emphasis on its expressive potential and functional properties. Studio projects explore traditional and experimental processes and technologies. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 8 units.

**404 Studio Seminar (4)**
On-site examination of contemporary art in artists’ studios, galleries and museums in Los Angeles. Practical application of theory through interaction with artists and arts professionals in their workplace.

**406 Ancient Near Eastern Art and Archaeology (4)**
Art and archaeology of ancient Mesopotamia, Egypt, Crete, and Greece. Principal monuments of architecture, sculpture, and the applied arts.

**408 Advanced Graphic Communication Design (4)**
Prerequisite: ART 308. Advanced study of graphic communication design using graphic processes and technologies. Project planning and development through study and application of professional practices. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 8 units.

**410 Building a Community through Visual Art in Secondary Education (4)**
Prerequisite: Art Education Major, Single Subject Credential student or permission of instructor. Examine and analyze visual art education and its role in public school education through theories and field experiences including instructional planning, research, and classroom experience. Service Learning required and classes held at both CSULA and approved site.

**411 Greek and Roman Art (4)**
Art of Greece, its development in Hellenistic and Roman times, and the Etruscan influences.

**412 Advanced Ceramic Art (4)**
Prerequisite: ART 307. Advanced techniques, concepts, analysis, and history of ceramic art. Student productions of ceramic art using varied methods and approaches. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 12 units.

**413 Advanced Lettering and Typography (4)**
Prerequisite: ART 313. Advanced study in typographic communications; analysis of historical reference in the typographic arts; the use of technology in professional typographic practice. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 8 units.

**414 Advanced Painting (4)**
Prerequisite: ART 374. Studio painting and pictorial organization. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 12 units.

**416 Medieval Art (4)**
Principal monuments of Medieval architecture, sculpture, and painting covering the Celtic, Carolingian, Ottonian, Romanesque, and Gothic periods.

**417 Advanced Ceramic Processes (4)**
Prerequisite: ART 412. Advanced theories, analysis, and history of ceramic art, with emphasis on advanced application of ceramic techniques of forming, finishing, and firing to express individual concepts. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 12 units.

**418 Business Principles and Practices for Artists and Designers (4)**
Business management for small design or studio offices; training in freelance procedures, billing, contracts, portfolios, licenses, and artist representation; survival strategies.

**420 Textile and Apparel Economics (4)**
Prerequisite: ECON 150 or 201 or 202. Examination of linkages between the textile and apparel complex industries on a global basis. Consideration of design, merchandising and textiles.

**421 Baroque Art (4)**
Art of Western Europe from 16th through late 17th century.

**422 Interactive Design (4)**
Prerequisites: ART 180, 308. The study and design of computer based interactive media including the effective organization and communication of ideas and information. May be repeated to maximum of 8 units.

**423 Product Design (3)**
Prerequisites: ART 332, 403. Manipulation of three-dimensional form relative to functional and merchandising requirements of industrial assignments. Activity 6 hours. May be repeated to maximum of 6 units.

**426 Modern Art (4)**
Evolution of modern painting, sculpture, and architecture since Impressionism; surrealism, Russian constructivism, and abstract expressionism.

**427 Advanced Jewelry and Metals (3)**
Prerequisite: ART 157 or consent of instructor. Advanced techniques, theories and history of jewelry and metals. The comprehensive study of design and non-ferrous metalworking techniques specifically related to jewelry and metals. Activity 6 hours. May be repeated to maximum of 9 units.

**428 Advanced Interior Design (4)**
Prerequisite: ART 328. Advanced study of commercial and residential interior design, including living space concepts, contract design, and casework. Various drawing processes and technologies are used. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 12 units.
429 Advanced Sculpture (4)
Prerequisite: ART 314. Advanced techniques, theories, concepts, and history in sculpture. Student production of sculpture using varied methods and approaches. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 12 units.

430 Fashion Merchandising Processes (4)
Prerequisites: ART 206, MKT 344. Merchandising processes and fashion promotion strategies: planning, buying, and control of fashion products.

431A The Arts of Asia: India and Iran (4)
Traditional and modern art, architecture and graphic arts of India and Iran. Study of the contribution religion and politics made in the formation of artistic traditions.

431B The Arts of Asia: China and Japan (4)
Traditional and modern art, architecture and graphic arts of China and Japan. Study of the contribution religion and politics made in the formation of artistic traditions.

432 Advanced Rendering (3)
Prerequisite: ART 332. Advanced study of rendering with intensive experience and practice with various media and techniques. Development of skills for professional presentations and portfolio. Activity 6 hours. May be repeated to maximum of 6 units.

433 Advanced Color (4)
Prerequisite: ART 333. Advanced study of color theory and color perception including the aesthetic, practical, optical, psychological, symbolic, historical and cultural aspects. Studio projects emphasize direct experience and experimentation. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 8 units.

434 Advanced Painting Processes (4)
Prerequisite: ART 414. Techniques of painting; advanced studies in pictorial composition through process, theory and technique. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 12 units.

*435 Exploring the Arts in Early Childhood (4)
A conceptual and experimental approach to the interrelationships of visual arts and dance in the education of young children. Studio experiences included. Lecture 2 hours, activity 4 hours.

436 Renaissance Art (4)
Art of Europe from 15th and 16th centuries.

*438 Advanced Textile Design (4)
Prerequisite: ART 338 or consent of instructor. Advanced studies in pictorial design, theory and technique. Includes use of computer as a design tool. May include field trips. Lecture 2 hours, activity 4 hours.

441 American Art (4)
History of painting, sculpture, architecture, and minor arts of America from colonial times to present.

442 Advanced Textiles (4)
Prerequisite: ART 206. Evaluation of research, technical developments, and issues related to the production and consumption of textile products.

443 Advanced Architectural Design (4)
Prerequisites: ART 343. Advanced study of architectural design, including client analysis, space planning and relationship of human dimensions and environment. Two-dimensional designs are translated into three-dimensional structures using technological processes and model building. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 12 units.

444 Fashion Promotion (4)
Prerequisites: ART 206, 209; MKT 340. Merchandising process and strategies; advertising and sales promotion of fashion products.

445 The Creative Genius in Art and Music (4)
(also listed as MUS 455)
Great artists and musicians throughout history; their philosophy, innovations, accomplishments, and effects on culture and history.

446 Art of Latin America (4)
Prerequisites: ART 303, 328. Theory and techniques of commercial exhibition and display design; evaluation and analysis of its communicative, aesthetic, and technical factors through practical application. Activity 6 hours. May be repeated to maximum of 9 units.

450H The Colonial Art of Mexico and Guatemala (4)
The art and architecture of Colonial Mexico and Guatemala, from the time of the Spanish Conquest in 1521 to Independence from Spain in 1821, with emphasis on: Tequitqui, Baroque and Churrigueresque.

451 Mannerism: High Renaissance to Baroque (4)
Sixteenth century architecture, painting, sculpture, and minor arts from High Renaissance to Baroque.

452 Advanced Architectural Lighting Design (4)
Prerequisite: ART 352. Exploration of advanced, professional architectural lighting design theory, technology and energy management, using case studies to illustrate the application of principles. May include field trips. Lecture 2 hours, activity 4 hours.

453 Aztec Art and Culture (4)
Art, architecture, and culture of the Aztec civilization of Mesoamerica.

454L-P Special Topics in Art (1–4)
Prerequisites: Upper division standing; courses as needed for specific topic. Current topics of special interest, as announced in Schedule of Classes. May be repeated to maximum of 9 units.

455 Mexican Muralists and Frida Kahlo (4)
The mural art of Mexico between 1910 and 1974, emphasizing Orozco, Siqueiros, Rivera and Frida Kahlo.
458 Advanced Airbrush Painting (3)
Prerequisite: ART 358. Advanced studies in airbrush painting techniques. Utilization of various rendering effects with an emphasis on graphic depiction of subject matter and the naturalistic qualities of light and dark on the pictorial surface. May be repeated to maximum of 9 units.

459 Advanced Fashion Design Processes (4)
Prerequisite: ART 108 A and B, ART 204. Traditional and contemporary fashion design principles and techniques used for construction and assembly of garments. Tailoring techniques used for construction and assembly of garments. Tailoring techniques emphasized. Lecture 2 hours, activity 4 hours.

460 Multicultural Approaches to Visual Arts (4)
Prerequisite: ANTH 250. Analysis of art experience as human behavior responsive to sociological, ecological, political and historical conditions in American and other cultures. Specially recommended for students preparing for bilingual/crosscultural specialist credential.

461 Oceanic and North American Indian Art (4)
Historic and traditional art of Pacific areas of Micronesia, Melanesia, Polynesia, and of American Northwest Coast and Southwest Indian art.

463 Portfolio Presentation (3)
Portfolio development techniques for art students including bookbinding and photography techniques; collecting, matting, and evaluating artwork. Preparatory to starting professional art career. Activity 6 hours. May be repeated to maximum of 6 units.

464 Advanced Life Composition (2)
Prerequisite: ART 244 ABC. Advanced drawing of human figure and composition, using various media and techniques. Activity 4 hours. May be repeated to maximum of 6 units.

465 Theory and Practice of Art Therapy (4)
History, theoretical approaches to, and practical applications of art therapy.

466 Nineteenth Century Art (4)
Art of western Europe from David to end of nineteenth century.

468 Problems in Advanced Design (4)
Prerequisite: ART 408. Advanced study and research in visual communications design and the use of processes and technologies relevant to practice within the professional community. Lecture 2 hours, activity 4 hours. May be repeated for a maximum of 8 units. Some sections of this course require service learning and will be identified in the schedule of classes.

469 Historic Textiles (4)
Prerequisite: ART 208. Historic textiles from earliest times to present; records and preserved textiles viewed as reflections of life and textile development of countries and major civilizations.

471 History of Costume (4)
Historic costume from earliest times to present as related to the art of dress. Records and preserved costume viewed as reflections of life and costume development of countries and major civilizations.

*472 Advanced Enameling (3)
Prerequisite: ART 327 or instructor consent. Advanced level of study of concepts and processes in enameling. Further development of design and enameling techniques specifically related to enameling use in jewelry and metals. May be repeated to maximum of 9 units. Activity 6 hours.

473 Advanced Creative Fashion Design (3)
Prerequisite: ART 373. Advanced design theories and concepts of creative fashion and body ornamentation. Activity 6 hours. May be repeated to maximum of 6 units.

*474 Printmaking: Etching (3)
Graphic processes of etching; work in black and white and color. Activity 6 hours. May be repeated to maximum of 12 units.

475 Visual Arts and Human Development (4)
Analysis of relationships between the visual arts and aspects of human development through case study research.

476 Early Christian and Byzantine Art (4)
Prerequisite: ART 101A. Art history from 250 to 1453 AD in Eastern Empire, to 476 AD in Western Roman Empire; covers key monuments of architecture, sculpture, painting, and applied arts.

477 History of Photography (4)
Prerequisites: ART 101ABC. History of photography from 19th century to present with an emphasis on 20th century practice. Relationship of photography with history, culture, technology, art, social values and other concerns.

*479 Silkscreen/Serigraphy (3)
History, processes, production of fine prints using silk screens; color, and black and white printing. May be repeated to maximum of 6 units.

480 Computer Graphics II (4)
Prerequisite: ART 380. Continued studies in computers for artists and designers; use of C language; graphics procedures; frame-buffer technology and applications. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 12 units.

481 African Art (4)
Art of sub-Saharan Africa. Includes historic art of Benin, Ghana, and Congo kingdoms and traditional art of Western Sudan, Guinea Coast, and the Congo.

482 Photographic Manipulations and Extensions (4)
Prerequisite: ART 377 or consent of instructor. Use of photographs as part of broad vocabulary of processes; exploration of techniques and methods outside mainstream of photography. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 12 units.

483 Photographic Studio Practices (4)
Prerequisite: ART 377 or consent of instructor. Introduction to techniques in studio lighting and related activities through lecture and practical demonstrations. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 8 units.

484 Advanced Sculpture Processes (4)
Prerequisite: ART 429. Advanced theories, analysis, and history of sculptural art, with emphasis on advanced application of sculpture techniques to express individual concepts. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 12 units.

485 Ecology and Environment (4)
Relationships between aesthetics and ecosystems, social structures and environments.

487 Advanced Photography (4)
Prerequisite: ART 377 or consent of instructor. Advanced experimental photographic techniques including examination of critical, creative problems with an emphasis on individual development and growth. Lecture 2 hours, activity 4 hours. May be repeated to a maximum of 8 units. Some sections of this course require service learning and will be identified in the schedule of classes.
488 Advanced Illustration (4)
Prerequisite: ART 388. Advanced study of the theoretical, historical and practical aspects of illustration. Exploration and analysis of composition, story line, and dramatization. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 8 units.

489 Advanced Fashion Design (4)

491 Art Since 1945 (4)
Prerequisite: ART 426. Beginning with surrealism and abstract expressionism, this course delineates the many styles of the 1960s and focuses upon postmodern art of the 1970s and 1980s.

492 Senior Project (4)
- 492 D- Design
- 492 E- Art Education
- 492 F- Fashion and Textiles
- 492 S- Studio Arts
Prerequisite: Completion of an Art Option area and instructor consent. Advanced problems in specific Art Option area. Examination of the major themes, theories, and research in art. Development of a portfolio, and culminating senior project. Lecture 2 hours, activity 4 hours.

493 Digital Image Processing and Illustration (4)
Prerequisite: ART 408. Advanced study in the use of digital technology and methodology in image processing and illustration. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 8 units.

494 Computer Graphics Animation (4)
Prerequisite: ART 480. Computer graphics animation for artists and designers: storyboard, object design, animation, and production. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 12 units.

495 Directed Fieldwork In Fashion and Textiles (1-4)
Prerequisite: Thirty-five units fashion and textiles major coursework, including 15 upper division units, and departmental approval. Supervised experience utilizing professional preparation in field setting. Graded CR/NC.

496 Advanced Computer Animation (4)
Prerequisites: ART 380, 480, 494. Development and production of a complete computer animated work from storyboard to post-production. May be repeated up to 8 units.

498 Capstone Animation Project (4)
(also listed as TVF 498)
Prerequisites: Consent of the instructor plus one of the following sequences: ART 480, 494, 496, or TVF 377, 378, 381. The design, pre-production, production and post-production of an advanced animated work suitable for portfolio presentation. Up to six units may be taken by a student who is assisting on someone else’s Capstone Animation Project. Activity 8 hours. 12 units required for animation majors.

499 Undergraduate Directed Study (1–3)
Prerequisites: Senior standing, completion of all upper division course work in area of study, consent of an instructor to act as sponsor. Project selected in conference with sponsor before registration; progress meetings held regularly and a final report submitted. Limited to 3 units per quarter. May be repeated to maximum of 9 units.

Graduate Level Courses (ART)

All 400-level courses may be applied toward master’s degree requirements except the following: ART 400, 401, 415, 499 (Art education option may apply ART 400)

Classified graduate standing is required for admission to all 500 level courses

500 Seminar: Art Education (3)
Prerequisites: Teaching experience, 20 units in art. Opportunities for teachers to evaluate their experiences in light of new techniques and concepts; problems resolved through group interaction; background in subject matter increased through research and experimentation. May be repeated to maximum of 6 units.

501 Seminar: Ancient Art History (3)
Prerequisite: Classified standing in MA/MFA program. In-depth study of selected topics in art from the Paleolithic period to approximately 1000 CE. Development, discussion, and presentation of research papers.

501B Seminar: Art History of Changing Eras (3)
Prerequisite: Classified Standing in MA/MFA program. In-depth study of selected topics in Art from primarily the 15th–19th century CE time period. Development, discussion, and presentation of research papers.

501C Seminar: Contemporary Art History (3)
Prerequisite: Classified Standing in MA/MFA program. In-depth study of selected topics in contemporary art. Development, discussion, and presentation of research papers.

502M MFA Seminar: Visual Arts (3)
Prerequisite: Classified standing in Graduate MFA program. Critical approach to the visual arts through examination of the roles and works of artists in society. May be repeated to maximum of 9 units.

503 Graduate Problems in Design (3)
Prerequisite: Classified standing in graduate program. Independent research applied to problems of contemporary design permitting students to pursue specific interests in advanced areas. May be repeated to a maximum of 12 units.

504M MA/MFA Seminar: Studio Art (3)
Prerequisite: Classified standing in graduate program. Philosophical, conceptual, and practical aspects of professional studio art. Analysis and criticism focusing on the original studio production of students enrolled. May be repeated to maximum of 9 units.
505 Research in Art Education (3)
Prerequisite: ART 415, instructor consent. Investigation of both conceptual and procedural aspects of historical, descriptive, and experimental research relevant to practice of art education.

506 Fashion & Textiles: Experimentation in Design (3)
Experimental investigation in fashion and textiles requiring individual expression and innovation in design. May be repeated to a maximum of 9 units. Activity 6 hours.

507 Perspectives on Visual Art, Aesthetics, and Culture (3)
Inquiries into the nature of and relationships among visual art, aesthetics, and culture from various theoretical, philosophical, socio-cultural, and political perspectives.

508M MA/MFA Seminar: Design (3)
Prerequisite: Classified standing in graduate program. Intensive discussion and critical evaluation of individual research and studio production of students enrolled. Aesthetic, theoretical, and technical aspects of professional design and visual communication are examined. May be repeated to a maximum of 9 units.

509 Seminar: Fashion and Textiles (3)
Overview, theories, current issues and research in fashion and textiles.

510 Art History in Art Education (3)
Prerequisites: Teaching experience, 20 units of art. Theories and methods for investigation of history of art forms.

512 Graduate Photography (3)
Prerequisite: Three upper division photography courses. Intensive study and production work in contemporary photography, current theories, concepts, and techniques. May be repeated to maximum of 12 units.

513M MFA Seminar: Photography (4)
Prerequisite: Classified graduate standing in MFA program. Philosophical, conceptual, and theoretical aspects of art photography as they relate to contemporary art photography practices. May be repeated to maximum of 8 units.

514 Fashion and Textiles in Cultural Contexts (4)
Prerequisite: ART 302. Interrelationships of fashion and textiles and culture; perspectives, dynamics and global influences.

515 Art Criticism in Art Education (3)
Prerequisites: Teaching experience, 20 units of art including ART 401. Theories and methods for investigation of critical analysis of art forms.

516 Art and Design in Higher Education (3)
Prerequisite: Classified Standing in MFA program. Theories and methodologies for the instruction of art and design in higher education, organizational models, objectives, and methods of assessment. May be repeated for credit as subject matter changes, to a maximum of 9 units, with adviser approval.

517 Graduate Ceramics (3)
Prerequisite: ART 417. Individual studio work in ceramics stressing advanced competence in technique and concepts. Periodic group presentations and critical analysis. May be repeated to maximum of 18 units. Activity 6 hours.

522 Graduate Interactive Design (3)
Prerequisite: Art 422. Design, production and dissemination of advanced computer based interactive inquiries which relate specifically to creative and conceptual goals. Emphasis is on effective communication of ideas and creative uses of technology. May be repeated to a maximum of 9 units.

530 The Arts in Aesthetic Education (4)
Prerequisites: Nine units of art, instructor consent for nonmajors. Bases of aesthetic responses to visual, literary, performing arts.

531 Research Methodologies in Art (4)
Research methodologies and practices of artistic inquiry. Conceptual and technical issues in and requirements related to M.A. and M.F.A. theses, and projects in the Art department.

544 Graduate Painting and Drawing (3)
Prerequisites: Six units of upper division painting and drawing. Studio work in various media, stressing professional competence in techniques and concepts of art. May be repeated to maximum of 18 units. Activity 6 hours.

554L Special Topics in Art (1–4)
Prerequisite: Instructor consent (specific prerequisite subject to change, depending upon topic of emphasis or content requirements of the course). Selected topics reflecting current issues, problems, and interests in art. May be repeated for credit to maximum of 9 units as subject matter changes.

554P Special Topics in Art (1–4)
Prerequisite: Instructor consent (specific prerequisite subject to change, depending upon topic of emphasis or content requirements of the course). Selected topics reflecting current issues, problems, and interests in art. May be repeated for credit to maximum of 9 units as subject matter changes.

574 Graduate Printmaking (3)
Prerequisite: Six units of ART 424 or 474. Work in selection of printmaking media stressing professional competence in techniques and art concepts. May be repeated to maximum of 9 units. Activity 6 hours.

577 Graduate Problems in Fashion (4)
Prerequisite: Eight units in Fashion and Textiles Option. Individual investigation in fashion design, merchandising, and textiles; advanced work in laboratory and research. May be repeated to 12 units.

584 Graduate Sculpture (3)
Prerequisite: ART 484. Individual studio work in sculpture building upon undergraduate sculpture experiences. Periodic group presentations and critical analysis. May be repeated to maximum of 18 units. Activity 6 hours.

594 Graduate Computer Animation (3)
Prerequisite: Art 494. Advanced study and production of computer animation based on clearly stated creative and conceptual goals. Individual expression and innovation are emphasized. May be repeated to a maximum of 9 units.

595 Directed Field Work in Art (1–4)
Prerequisite: Classified standing in Graduate program. Supervised experience in professional art industry: community sites, museums, publications, and business. May be repeated to maximum of 8 units.

595M MFA Professional Field Work in Art (1–9)
Prerequisite: Classified standing in MFA program. Supervised field work experience in professional art industry: museums, publications, design, and business. May be repeated to maximum of 9 units.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Masters Degree section of this chapter.
598 Graduate Directed Study (1–3)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in the field; regular conferences with sponsor. May be repeated to maximum of 9 units.

598M MFA Directed Study (1–12)
Prerequisite: Instructor consent to act as sponsor. Independent directed study of advanced topics in professional art fields. Regular conferences with sponsor. May be repeated to maximum of 12 units.

599 Thesis or Project (1–6)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, departmental approval of topic prior to registration. Independent research resulting in a thesis or project. Must be repeated to maximum of 6 units. Graded CR/NC.

599M MFA Project (1–12)
Prerequisite: Advancement to candidacy, instructor consent to act as sponsor, departmental approval of project prior to registration. Independent research resulting in MFA project accompanied by a written abstract. May be repeated to maximum of 12 units. Graded CR/NC.
Program in
Asian and Asian American Studies
Department of Anthropology
College of Natural and Social Sciences

PROGRAM OFFICE
King Hall C4077A
Program Director: ChorSwang Ngin
Phone: (323) 343-2442
E-mail: asianam@calstatela.edu
Website: http://www.calstatela.edu/academic/anthro/cngin.htm

The minor listed below is interdisciplinary in nature and is open to interested students in all majors throughout the campus. The program is administered by the College of Natural and Social Sciences.

The Faculty
Coordinator: ChorSwang Ngin

Undergraduate Programs

Bachelor of Arts Degree in Asian and Asian-American Studies
The B.A. Degree Program in Asian and Asian American Studies at CSULA is an interdisciplinary program with an emphasis on the connections between Asian and Asian American Studies. The program is built on a solid foundation of languages, cultures and histories of Asia while emphasizing both the global and the local dimension of social, cultural, economic and political connections between Asia and Asian America.

The primary objectives of the program are to explore and study historical and contemporary transnational links between Asia and Asian America, between diasporas and their homeland, and the flexible and dynamic mutual social, cultural, economic and political influences they have on each other; to provide background on cultural continuity and reconstructions as immigrant and diasporic groups are formed as they settle in new homelands; and to explore interactions and mutual influences as different cultural groups interact within multiethnic, multicultural and multi-religious communities such as the United States.

The total number of units required for the Bachelor of Arts degree in Asian and Asian American Studies is 180 units, of which 68-80 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (68-80 units)
This program consists of a single option with 68-80 units required.

Required Core (20 units)

Demonstrated Competency (0)
Humanities (Arts, Literature and Culture) - (12 units)
Select 12 units from the following:

AAAS/ML 180 Chinese Written Symbols in Asian and Asian American Communities (4)
AAAS 350 Ancient East Asian Literatures and the Modern World (4)
The Arts of Asia: India and Iran (4)
Chinese Literatures in Translation (4)
Ethnic Literature in the U.S. (4)
Japanese Literature in Translation (4)
Philosophy of Religion (4)
South Asian Philosophy (4)
East Asian Philosophy (4)
Asian Religions (4)

Asian American (12 units)
Select 12 units from the following:

AAAS/ANTH 415 Asian American Communities in Southern California (4)
AAAS/LBS 422 Asian Americans in Science and Literature (4)
AAAS 450 Advanced Seminar in Asian and Asian American Studies (4)
HIST 150 Asian American History (4) (if not taken as part of the core)
POLS 458 Politics of Asian American Immigration (4) (if not taken as part of the Social Science core)
SOC 263 Asian American Experience (4) (if not taken as part of the core)

Interrelationship with Other Regions and Groups (8)
Select 8 units from the following:

AAAS/CHS/LAS/PAS 408 Comparative Diaspora Studies (4)
CHS 443 History of the Chicano People in California (4)
GEOG 432 Metropolitan Los Angeles (4)
HIST 488 California (4)
POLS 428 Asia and the Politics of Transnational Migration (4)

Electives (4)
Select four units from the following:

Lower Division Course
108 Comparative Ethnic Studies (4) (also listed as LAS, CHS 108)
Survey course which examines comparatively the notions of race and ethnicity, the exploitation based on these statuses, and the resulting resistance and multi-ethnic social movements in the U.S. and elsewhere.

180 Chinese Written Symbols in Asian and Asian American Communities (4)
Development of Chinese characters, similarity and dissimilarity in their usage among Asian countries, and their impact on Asian’s and Asian American’s cultural identities. Cross-listed as ML 180.

Upper Division Courses
300 Interdisciplinary Approaches to Asian/Asian American Studies (4)
Prerequisite or corequisite: ENGL 102. This course introduces students to the theories and methods of interdisciplinary research in Asian and Asian American Studies. Course content varies depending on the faculty’s expertise and research emphasis.
350 Ancient East Asian Literature and the Modern World (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Meanings of “ancient” and “modern” in East Asian literature; use of Western concepts of modernity to challenge Asian traditions; use of ancient East Asian literature to impact Western “modernity.”

408 Comparative Diaspora Studies (4) (also listed as PAS, CHS, LAS 408)
Prerequisite: any lower division course in AAAS, PAS, CHS or LAS
The course is a comparative examination of diaspora among principally Africans, Asians and Latin Americans emphasizing the conditions of dispersal, the patterns of settlement, and the formations of global tribes.

415 Asian American Communities in Southern California (4) (Also listed as ANTH 415)
The course examines the Asian American enclaves and communities in Southern California by exploring culture, ethnicity, solidarity, political economy, and resistance in their creation and maintenance of communities. Service learning option available.

418 History of Islamic Central Asia (also listed as HIST 418 (4)
History in global context of the region encompassing Afghanistan, Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan, and Uzbekistan, from the seventh century to the present, with emphasis on common religious and cultural trends.

422 Asian Americans in Science and Literature (4) (also listed as LBS 422)
Prerequisites: ENGL 102, upper division standing. Interdisciplinary exploration of how Asians have been represented, and how Asian Americans have represented themselves, in relation to science and technology.

450 Advanced Seminar in Asian and Asian-American Studies (4)
Prerequisites: AAAS 300. A content variable seminar with writing and oral presentation experiences which explore in depth a selected topic in Asian and/or Asian-American cultures and histories in transnational contexts. May be repeated to a maximum of 8 units as content changes.

479 Hybrid Urbanism: Urban Transformation of Central Asia (4) (also listed as GEOG 479)
This course analyzes the historical evolution of cities in Central Asia, as manifested in their spatial structure, architecture, urban morphology and social geography.

499 Undergraduate Directed Study (1–4)
Prerequisites: Consent of faculty sponsor, approval of proposed project before registration, ability to assume responsibility for independent research and analysis. Regular discussion of progress with sponsor before presentation of final written report. May be repeated to maximum of 8 units.
Department of Biological Sciences
College of Natural and Social Sciences

DEPARTMENT OFFICE
Biological Sciences 142
Phone: (323) 343-2050
E-mail: Biomirc@calstatela.edu
Website: http://www.calstatela.edu/academic/biol/

The Department of Biological Sciences offers programs leading to Bachelor of Science and Master of Science degrees in Biology, and a Bachelor of Science degree in Microbiology.

The Faculty

Professors: Roger R. Bowers, Robert A. Desharnais, John A. Gamon, Margaret C. Jefferson, Beverly Krilowicz, Philip S. LaPolt (Chair), Nancy L. McQueen, Alan E. Muchlinski, Carlos D. Robles, James M. Rosser, Sandra B. Sharp.

Associate Professors: Amelia A. Russo-Neustadt, Robert Nissen, Elizabeth Torres.

Undergraduate Programs

Bachelor of Science Degree in Biology
The Bachelor of Science degree in Biology provides a balanced blend of traditional and modern biology, incorporating the important generalizations of traditional biology with the more recent advances. The degree may lead to graduate study in biology or related fields such as forensic science; entrance into professional schools in medicine, dentistry, or pharmacy; and employment in applied or technical aspects of biology including the biotechnology industry and environmental science areas. In addition to the usual course offerings, the Department of Biological Sciences participates in the Southern California Ocean Studies Institute (SCOSI) and the California Desert Studies Consortium, which are explained in detail under Consortia in the first chapter of this catalog. The department also participates in the Interdisciplinary Bachelor of Science degree program in Natural Science.

The total number of units required for the Bachelor of Science degree in Biology is 186 units, of which 120 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Departmental Honors Program
The Department of Biological Sciences offers an honors program for upper division biology students who have completed 94 quarter units, including 40 units in the major, with a minimum B (3.0) grade point average both overall and in the major. Students shall have completed 24 units of the major in residence at Cal State L.A.

The honors program introduces superior students to intensive research experience in biology. Honor students are assisted by an honors adviser and two other committee members. Enrollment in BIOL 396, Honors Study in Biology, for 5 units is required, and enrollment in BIOL 499, Undergraduate Directed Study, for 1-4 units, is optional. A prospectus, a written thesis, and a final oral examination about the thesis, administered by the committee, are required parts of the program. Diplomas and transcripts of honors program graduates are designated: “Graduated with Departmental Honors in Biology.”

Requirements for the Major (120 units)
Of the 186 units required for the Bachelor of Science degree in Biology, the major requires 120 while the general education program and other university requirements total 66. Competence in mathematics through MATH 207 or MATH 230 is required. It is recommended that students complete at least one year of a foreign language.

Successful completion of the major requires a minimum C (2.0) overall grade point average in all courses required for the major. At least 18 units of upper division course work that fulfills major requirements must be taken in residence (not to include courses graded CR/NC).

Lower Division Required Courses (55 units)
BIOL 100ABC Introductory Biology I-III (5, 5, 5)
CHEM 101–103 General Chemistry I–III (5, 5, 5)
MATH 206 Calculus I: Differentiation (4)
MATH 207 Calculus II: Integration (4)
CHEM 201 Quantitative Analysis (5)
MATH 208 Calculus III: Multivariable Calculus (4)
CHEM 301ABC Organic Chemistry (3, 3, 3)
CHEM 302AB Organic Chemistry Laboratory (2, 2)
Electives (32 units)
With prior written approval of their adviser, students must select certain upper division courses in biology and other natural sciences, mathematics, and physical sciences. No upper division course with the suffix N or upper division general education course may be used to fulfill major requirements.

Bachelor of Science Degree in Microbiology
The Bachelor of Science Degree in Microbiology offers students preparation for training positions leading to licensure as registered clinical laboratory scientists, for graduate studies and for various employment opportunities in the biotechnology industry, public health, environmental applications, the pharmaceutical, fermentation, sanitation, and dairy industries, and for research positions in university/private/clinical laboratories. Students pursuing a degree in microbiology may qualify for entrance to medical or dental schools by including appropriate elective courses in their program.

The total number of units required for the Bachelor of Science degree in Microbiology is 186 units, of which 120 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (120 units)
Of the 186 units required for the Bachelor of Science Degree in Microbiology, the major requires 120. The core requires 102-103 units, and 17-18 elective units must be taken, with adviser approval. Successful completion of the major requires a minimum C (2.0) overall grade point average in all required courses. At least 18 units of upper division course work that fulfills major requirements must be taken in residence (not to include courses graded CR/NC).

Lower Division Required Core Courses (50 units)
- BIOL 100AB Introductory Biology I-II (5, 5)
- CHEM 101–103 General Chemistry (5, 5, 5)
- CHEM 201 Quantitative Analysis (5)
- MATH 102 College Algebra (4)
- MATH 103 Algebra and Trigonometry (4)
- PHYS 101–103 Physics (4, 4, 4)

Upper Division Required Core Courses (52 or 53 units)
- MICR 300 General Microbiology (5)
- MICR 301 General Medical Microbiology (4)
- MICR 302 Pathogenic Bacteriology (5)
- MICR 304 Immunology and Serology (5)
- MICR 331 Structure and Function of Bacteria (3)
- MICR 340 Microbial Genetics (3)
- BIOL 320 Writing for Biologists (4) or CHEM 360 Writing for Chemist (3) or ENGL 306 Technical Writing (4)
- CHEM 301ABC Organic Chemistry (3, 3, 3)
- CHEM 302AB Organic Chemistry Laboratory (2, 2)
- CHEM 431ABC Biochemistry (3, 3, 3)
- CHEM 432A Biochemistry Laboratory (2)

Elective courses (17-18 units)
With prior written approval of their adviser, students select certain upper division courses in microbiology, biology and related sciences from a current list approved by the department. These courses will be selected according to the students’ individual career plans. No upper division course with the suffix N or upper division general education course may be used to fulfill the major requirements.

Microbiology Honors Program
The Department of Biological Sciences offers an honors program for upper division microbiology students who have completed 94-quarter units, including 40 units in the major, with a minimum B (3.0) grade point average both overall and in the major. Students shall have completed 24 units of the major in residence at Cal State L.A. The honors program introduces highly motivated students to intensive search experience in microbiology. Honors students are assisted by an honors adviser and two other committee members.

Enrollment in MICR 396 Honor’s Thesis in Microbiology, for 5 units is required. Students can apply these units to their degree program. A prospectus, a written thesis, and a final oral examination about the thesis, administered by the committee, are required parts of the program. Diplomas and transcripts of honors program graduates are designated: “Graduated with Departmental Honors in Microbiology.” Enrollment in MICR 499, Undergraduate Directed Study, for 1-4 units, prior to MICR 396 is optional, though recommended.

Minor in Biology
A Biology minor, which is available for students majoring in other fields, offers a general exposure that is beneficial in some areas of environmental science, recreation, conservation, and comparable fields.

A total of 32-36 units is required, including 19-24 units in lower division courses and 12 units in upper division electives.

Successful completion of the minor requires a C (2.0) overall grade point average for required courses taken in residence and for all required courses. At least 12 units of upper division course work that fulfills requirements of the minor must be taken in residence at Cal State L.A. (not to include courses graded CR/NC).

Requirements for the Minor (32-36 units)
Lower Division Required Courses (20-24 units)
- BIOL 100ABC
- CHEM 151
- MATH 102 (May be met by satisfactory performance on mathematics placement examination or by high school preparation certified as adequate by Department of Mathematics.)

Upper Division Electives in Biology (12 units)
With adviser approval, choose 3 courses from among upper division courses in biology, excluding 398, 499, and courses with the suffix N.

Minor in Biology
A Biology minor, which is available for students majoring in other fields, offers a general exposure that is beneficial in some areas of environmental science, recreation, conservation, and comparable fields.

A total of 32-36 units is required, including 19-24 units in lower division courses and 12 units in upper division electives.

Successful completion of the minor requires a C (2.0) overall grade point average for required courses taken in residence and for all required courses. At least 12 units of upper division course work that fulfills requirements of the minor must be taken in residence at Cal State L.A. (not to include courses graded CR/NC).

Requirements for the Minor (32-36 units)
Lower Division Required Courses (20-24 units)
- BIOL 100ABC
- CHEM 151
- MATH 102 (May be met by satisfactory performance on mathematics placement examination or by high school preparation certified as adequate by Department of Mathematics.)

Upper Division Electives in Biology (12 units)
With adviser approval, choose 3 courses from among upper division courses in biology, excluding 398, 499, and courses with the suffix N.
Minor in Microbiology
The department offers a minor in Microbiology for students majoring in other fields. The minor consists of a 24-unit core and 8 units of electives. The purpose of this minor is to allow students from a variety of related majors the opportunity to focus a portion of their baccalaureate course work on microbiology in order to qualify them for postbaccalaureate positions requiring such knowledge. Chemistry 101, 301AB, and 302AB are prerequisite to several of the courses in the minor. Interested students are urged to consult with a microbiology faculty member for advisement before beginning the minor.

The Credential Program
The Department of Biological Sciences participates in the interdisciplinary Bachelor of Science degree program in Natural Science, which satisfies the subject matter requirements for the Single Subject credential in Science. That program is described later in this chapter of the catalog. Students should consult advisers in the department and in the Charter College of Education. Refer to the undergraduate Charter College of Education chapter of this catalog for regulations governing all teaching credential programs.

Supplementary Authorization for Single Subject Teaching Credential (32 units)
Holders of a Single Subject teaching credential, issued by the state of California in a subject other than Science, may supplement that credential with an authorization in Biological Sciences at any grade level through grade 12 or in classes organized primarily for adults by completing the following program with a grade of C or higher in each course. At least one of the courses must include a laboratory component. For other requirements governing issuance of this authorization, consult the Charter College of Education.

Complete or demonstrate proficiency in each of the following courses (32 units):

Graduate and Postbaccalaureate Programs

Master of Science Degree in Biology
The Master of Science degree in Biology is designed to prepare students for biological research, doctoral study, technical positions in university, hospital and public health laboratories, the biotechnology industry or other industry settings, government agencies, and community college teaching. Graduate students may pursue the degree in any of the following areas of specialization: animal physiology, aquatic biology, cell biology, developmental biology, ecology, electron microscopy, entomology, environmental biology, evolution, genetic engineering, genetics, histology and anatomy, invertebrate zoology, microbiology, molecular biology, physiological ecology, plant anatomy, plant physiology, plant taxonomy, tissue culture, or vertebrate zoology.

Admission to the Program
Application to the Department of Biological Sciences and the University is required. The completed departmental application, together with transcripts of all previous college work and three letters of recommendation, must be received by the department prior to the following deadlines:
• May 1 for admission to Fall Quarter
• February 1 for admission to Spring Quarter

Applications will be reviewed by the Department and assessed based on the completed application form and supporting materials.

Applicants are expected to possess a baccalaureate in a biological science, such as biochemistry, biology, medical technology, or microbiology, equivalent to the Bachelor of Science degree offered at Cal State L. A. Applicants may be admitted to the degree program in classified or conditionally classified standing. Classified standing is granted to those accepted applicants who have a minimum 2.75 grade point average in their last 90 quarter units attempted. Conditionally classified standing is granted to those accepted applicants whose grade point average in their last 90 quarter units attempted is between 2.5 and 2.74. Conditionally classified students must achieve a B (3.0) grade point average in four qualifying courses (to be approved in advance by the graduate adviser) that should be completed by the end of their second quarter of graduate study and must be among the first six courses completed.

Applicants who wish to enter the program from outside the biological science area must complete the following courses (or equivalents) to be eligible for graduate status in the Biological Sciences Department:

Requirements for the Degree (45 units)
A minimum of 45 units is required, with at least 23 in 500-level courses. A thesis is required. All students must take BIOL 510 (Seminar: Biology) twice during their first year in classified graduate standing. Students also must fulfill all University requirements including the Graduation Writing Assessment Requirement (GWAR). All students must present their thesis research in a department seminar.

The M.S. degree requires a minimum of 22 units of 400 or 500-level elective courses in biology or related fields. These
courses are selected in consultation with an adviser and should provide the student with the necessary background for thesis research.

The M.S. degree also requires a minimum of two graduate seminar courses (3 units each) in addition to BIOL 510 (1,1) and one of the following options:

- BIOL 595 Individual Research in Gene Manipulation (4)
- BIOL 597 Graduate Research (1-6)
- BIOL 599 Thesis (9) or
- BIOL 597 Graduate Research (6)
- BIOL 599 Thesis (9)

Before enrolling in BIOL 597 and 599, students prepare a research prospectus and have it approved by their examining committee and the departmental graduate studies committee. Students may enroll in BIOL 598 while they are preparing the prospectus. This prospectus must be approved within three quarters of the date they received classified graduate standing in order for them to remain eligible for assistantships.

Before being awarded the M.S. degree, students must pass a final oral examination administered by the thesis committee and the Department of Biological Sciences and must present their thesis research at a department seminar.

Certificate Program in Biotechnology

This postbaccalaureate credit certificate program provides intensive theoretical and laboratory training in the techniques and application of genetic engineering and related technologies. The program is designed to prepare students for employment in industrial or academic research positions or for advanced study in molecular biology. Courses taken to fulfill certificate requirements may also be applied toward the master's degree in biology.

The certificate program requires completion of a minimum of 26 units, taken in postbaccalaureate or graduate standing, of which 19 are in required courses and seven or more are in electives. Refer to the Graduate Study chapter of this catalog for general information governing all certificate programs.

Prerequisites for Admission to the Program:

Admission, in classified graduate standing, to the Department of Biological Sciences or the Department of Chemistry and Biochemistry; Completion with a B (3.0) grade point average or higher, of the following courses or equivalents:

- BIOL 380 Cell Biology (lecture and laboratory) or
- MICR 340 Microbial Genetics
- CHEM 431ABC Biochemistry (lecture)
- CHEM 432AB Biochemistry (laboratory) (recommended)

As space is available, students who have not completed these prerequisites may be admitted to a core course (see below) with the consent of the instructor, but award of the certificate is contingent upon completion of all prerequisites for the program. Students who have had neither a laboratory course in nor employment experience with sterile microbiological techniques must complete MICR 202 (Microbiology Laboratory for Health-Related Sciences—2 units) during their first quarter in the certificate program.

Requirements for the Certificate (minimum 26 units)

**Required Core (19 units)**

- BIOL 417 Principles of Gene Manipulation (4)
- BIOL 517 Seminar: Gene Manipulation (3)
- BIOL 519 Genetic Engineering Laboratory (8)
- BIOL 595 Individual Research in Gene Manipulation (4)

**Electives (minimum 7 units)**

Select from following; include no more than 6 units in seminars.

- BIOL 413 Molecular Diagnostics (4)
- BIOL 416 Molecular Genetics (4)
- BIOL 437 Advanced Cell Physiology (4)
- BIOL 515 Seminar: Genetics (3)
- BIOL 516 Microbial Genetics (3)
- BIOL 525 Seminar: Developmental Biology (3)
- BIOL 539 Seminar: Cell Biology (3)
- CHEM 432AB Biochemistry Laboratory (2, 2)
- CHEM 503 Advanced Biochemistry (3)
- MICR 401 General Virology (3)
- MICR 430 Bacterial Physiology (3)
- MICR 433 Bacterial Physiology Laboratory (2)

PostBaccalaureate Certificate Program for Pre-Health Professionals

This postbaccalaureate certificate program provides an opportunity for pre-health career students to strengthen their academic background prior to application for admission to a health professional school. The program is designed to make postbaccalaureate students more competitive for admission through a combination of coursework, standardized test preparation, and health science activities. A student may not apply to the CSULA Master of Science Degree Program in Biology prior to the completion of the certificate program.

Students may begin the certificate program only during the Fall Quarter of an academic year. Completed applications must be received by the Department no later than August 15.

The certificate program requires completion of a minimum of 24 units taken in postbaccalaureate standing. A maximum of 6 units of previously completed postbaccalaureate coursework from another institution may be used toward completion of the certificate program. Refer to the Graduate Study chapter of the University catalog for general information governing all certificate programs.

Requirements for Admission to the Program

- Acceptance by the University to postbaccalaureate status.
- Completion of a certificate program application form and acceptance by the selection committee. A limited number of students will be accepted into the program each academic year.
- An undergraduate degree in a biological science from an accredited college or university, or an undergraduate degree from an accredited college or university and completion of pre-health professional required science courses with lab (two years of biology, two years of chemistry, one year of math, one year of physics).
- Minimum 3.0 grade point average in all biology, chemistry, mathematics, and physics courses.
- Establishment of a student file in the Cal State LA Health Careers Advisement Office, King Hall D1044.
- Completion of BIOL 340 (General Genetics) and BIOL 380 (Cell Biology), or their equivalent.
Requirements for the Certificate
- A minimum GPA of 3.00 is required in all course work.
- Completion of a minimum of 24 units from the following list of courses.

BIOL 416 Molecular Genetics (4)
BIOL 417 Gene Manipulation (4)
BIOL 424 General Embryology (4)
BIOL 429 Animal Histology (5)
BIOL 433 Animal Physiology I (4)
BIOL 434 Animal Physiology II (4)
BIOL 435 Neurobiology: Neuroanatomy (4)
BIOL 436 Neurobiology: Neurophysiology (4)
BIOL 454LP May be taken with PRIOR adviser approval (variable units)
MICR 401 General Virology (3)
MICR 410 Hematology (4)

MICR 430 Bacterial Physiology (3)
MICR 433 Bacterial Physiology Laboratory (2)
CHEM 431A Biochemistry (3)
CHEM 431 B Biochemistry (3)
CHEM 431 C Biochemistry (3)

• Completion of one or more of the following courses is strongly recommended to enhance a professional school application.

ANTH 444 Medical Anthropology (4)
BIOL 300 Biometrics (4)
ENGL 308 Expository Writing (4)
PHIL 429 Bioethics (4)
SOC 425 Medical Sociology (4)

• Participation in the Cal State LA MCAT Review Course.

Courses in Biology (BIOL)

Lower Division Courses

100A Introductory Biology I (5)
Introduction to the ecology, evolution, and diversity of life, covering all major groups of organisms from a phylogenetic perspective. Lecture 3 hours, Laboratory 6 hours.

100B Introductory Biology II (5)
Prerequisite: Grade of C or higher in BIOL 100A. The structure/function of cells including biological molecules, membrane structure and function, prokaryotes, eukaryotes, viruses, cell respiration and photosynthesis. Overview of genetics including mendelian, molecular, microbial and population. Lecture 3 hours, Laboratory 3 hours, and Recitation 1 hour.

100C Introductory Biology III (5)
Prerequisites: Grades of C or higher in BIOL 100A and 100B. Structure/function of plant and animal systems including growth, transport, nutrition, environmental responses, reproduction and development in plants, and the nervous/endocrine system, nutrition, circulation, excretion, reproduction/development in animals. Lecture 3 hours, Laboratory 6 hours. BIOL 100A+100B+100C = CAN BIOL SEQ A

140 Science Orientation (2)
(also listed as CHEM 140)
Prerequisite: Instructor consent. Exploration of skills essential for success in the sciences; presentations by professional scientists. No credit toward science majors. Graded CR/NC.

154 Selected Topics in Biology (1–4)
Topics of current interest in biology as announced in Schedule of Classes. No credit toward Biology major or minor.

155 Animal Biology (4)
Introductory organismal animal biology for non-majors with an emphasis on scientific methodology and basic biological principles; topics include cells, tissues, organ system structure and function, genetics evolution, diversity, behavior, ecology. Lecture 3 hours, laboratory 3 hours. No credit toward Biology major or minor.

156 Plant Biology (4)
Structure and function of plants with emphasis on their adaptations to the environment and their importance to humans. Lecture 3 hours, laboratory 3 hours. No credit toward Biology major or minor.

157 Learning Science through Inquiry (4)
(also listed as PHYS 157)
Hands-on exploration by the scientific method of biology and physics topics, e.g. plant growth and sound. The emphasis is on individual and group learning through inquiry based investigation and student directed research. Activity 6 hours. No credit toward Biology/Physics major or minor.

158 Brain and Behavior (4)
Introduction to neuroscience and multi-level frames of reference that put the brain in context. Cells and molecules, nervous system organization, interactions with other body systems, higher brain functions. Lecture 4 hours. No credit toward Biology major or minor.

165 Humans and the Biological Environment (4)
Global effects of human overpopulation and human activities on the biological environment. Emphasis on how wildlife and human health are affected by contemporary forms of ecosystem alteration and pollution. Lecture 4 hours, designed for students not majoring in science. No credit toward Biology major or minor.

180 Life Science for Elementary Teachers (4)
Corequisite: BIOL 181. Primarily for students preparing for a multiple subject teaching credential, content/concepts of life science presented in the course correlate with the California science standards for the multiple subject credential. Lecture 3 hours, laboratory 3 hours.

181 Life Science Seminar for Elementary Teachers (2)
Corequisite: BIOL 180. Primarily for students preparing for a multiple subject teaching credential, activities conducted in the course correlate with content/concepts from BIOL 180 and the California standards for professional teacher preparation programs.

200A Human Anatomy and Physiology I (5)
Prerequisite or corequisite: CHEM 151. Structure and function of the cell and tissue; anatomy and physiology of the skeletal, muscular, digestive, and urinary systems. Lecture 3 hours, laboratory 6 hours. No credit toward Biology major or minor.

200B Human Anatomy and Physiology II (5)
Prerequisite: BIOL 200A. Anatomy and physiology of the cardiovascular, respiratory, nervous, endocrine, and reproductive systems. Lecture 3 hours, laboratory 6 hours. No credit toward Biology major or minor.
Upper Division Courses

300 Biometrics (4)
Prerequisites: Grade of C or higher in BIOL 100C; MATH 103. Statistical analysis applied to biological problems, with emphasis on sampling, experimental design, chi-square analysis, t-test, analysis of variance, regression analysis, and correlation analysis. Lecture 3 hours, laboratory 3 hours.

320 Writing for Biologists (4)
Prerequisites: BIOL 300, satisfactory completion of the Graduation Writing Assessment Requirement (GWAR). Introduction to writing skills and techniques necessary for presentation of biological information; intensive practice in writing abstracts, reports, reviews, and other forms of scientific papers. Lecture 2 hours, activity 6 hours.

340 General Genetics (4)
Prerequisite: BIOL 300. Principles of classical and molecular genetics as demonstrated in plants, animals, and microorganisms; emphasis on mechanisms of inheritance, structure of genetic material, breeding experiments with suitable organisms, analysis and interpretation of data. Lecture 3 hours, laboratory 3 hours.

341N Evolution of Earth and Life through Time (4)
(also listed as GEOG 341)
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block B. Evolution of prehistoric life and geological features of the earth. Catastrophic extinctions of dinosaurs and other life forms. The drifting, rifting, colliding continents. Ice ages, volcanoes, earthquakes, and mountain building (No credit for Biology major or minor). GE Theme C

355N Scientific Perspectives on Global Change (4)
(also listed as CHEM 355N and GEOG 355)
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block B. Natural and human-induced origins of global change; alteration of earth’s natural cycles; impacts of climate change and loss of physical and biological resources; achieving a sustainable future. Lecture 4 hours. No credit toward Biology major or minor. GE Theme G

360 General Ecology (4)
Prerequisite: BIOL 300. Relationships of plants and animals to their environment and to each other; ecophysiology, population growth, species interactions, ecological communities, and ecosystems. Lecture 3 hours, laboratory and field work 3 hours.

380 Cell Biology (4)
Prerequisites: BIOL 100C, CHEM 301A. Structure and function of the cell surface, membranes, organelles, and of the cytosol; control of information flow and of metabolism. Lecture 3 hours, laboratory 3 hours.

384N Biology of Human Aging (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Age-related changes in human physiology and anatomy at the molecular, cellular, and organismal levels; relationship of late-onset disease to the aging process. No credit toward Biology Major or Minor. GE Theme F

388N Sex and Gender (4)
(also listed as PSY 388)
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block B. Biological and psychological differences between the sexes; topics include genetics of sexual determination, sexual development and anomalies, hormones in physiology and behavior, measurement of gender, psychological differences in behavior. No credit toward Biology or minor. GE Theme C

402 Electron Microscopy (4)
Prerequisite: BIOL 300. Experimental design in statistical procedures, advanced topics in analysis of variance, linear and nonlinear regression analysis, covariance; introduction to multivariate techniques used in biological research. Lecture 1 hour, laboratory 9 hours.

404 Population Genetics (4)
Prerequisite: BIOL 340. Forces that shape the genetic structure of populations; random genetic drift; mutation; natural selection; inbreeding; assortative mating; molecular evolution; quantitative genetics; ecological genetics. Lecture 3 hours, laboratory 3 hours.

406 Honors Thesis (1–5)
Prerequisites: Upper division standing, 40 units in the major, ENGL 102*, admission to Biology Honors Program. Independent research in biology; regular consultations with research adviser; written thesis required. Student must complete 5 units before submitting thesis and receiving grade. Graded CR/NC.

400-level Courses
All 400-level courses may be applied toward master’s degree requirements except the following, subject to limits established by the department and approval of the graduate adviser: BIOL 499 and all courses with the suffix N.

402 Electron Microscopy (4)
Prerequisite: BIOL 300. Experimental design in statistical procedures, advanced topics in analysis of variance, linear and nonlinear regression analysis, covariance; introduction to multivariate techniques used in biological research. Lecture 1 hour, laboratory 9 hours.

404 Population Genetics (4)
Prerequisite: BIOL 340. Forces that shape the genetic structure of populations; random genetic drift; mutation; natural selection; inbreeding; assortative mating; molecular evolution; quantitative genetics; ecological genetics. Lecture 3 hours, laboratory 3 hours.

412 Human Genetics (4)
Prerequisite: BIOL 340. Overview of the latest developments in human genetics from the discovery of human disease genes to interpretation of the latest Human Genome Project data. Discussion of major human genetic disorders.

413 Molecular Diagnostics (4)
Prerequisites: BIOL 380 or MICR 401 or CHEM 431A and CHEM 431C (may be taken concurrently). Biological and technical aspects of molecular approaches to diagnosis of disease. Recommended for individuals considering careers in either clinical or research applications of biotechnology. Lecture 2 hours, laboratory 6 hours.

414 Cytogenetics (4)
Prerequisite: BIOL 340. Physical basis of heredity in plants, animals, and humans; structure, function, number, and behavior of chromosomes in normal and abnormal conditions.

415 Population Genetics (4)
Prerequisite: BIOL 340. Special topics concerning chemical nature of genes, their replication, and their mode of action at molecular level.

416 Molecular Genetics (4)
Prerequisites: BIOL 340, CHEM 301A. Special topics concerning chemical nature of genes, their replication, and their mode of action at molecular level.

417 Gene Manipulation (4)
Prerequisites: BIOL 340 or MICR 340; BIOL 380 or CHEM 431AB and 432A. Genetic engineering and its application in molecular biology and biotechnology.

418 Evolution (4)
Prerequisite: BIOL 340. Genetic and ecological bases of evolutionary changes in animals and plants; microevolution, speciation, and macroevolution.
420 Global Change (4)
Prerequisite: BIOL 300, 320, 360; CHEM 103. Considers major transformations in the Earth’s interconnected physical and biological environments, the causes of these changes (both anthropogenic and natural), and their likely consequence for the Earth’s biological systems. Lecture 4 hrs, Laboratory 0 hrs.

422 Vertebrate Structure and Function (5)
Prerequisite: BIOL 100C with grade of C or higher. Evolution of vertebrate structure and functional morphology; evolutionary adaptations of vertebrates presented in a phylogenetic text. Lecture 3 hours, laboratory 6 hours.

424 General Embryology (4)
Prerequisite: Grade of C or higher in BIOL 100C; CHEM 301C. Molecular biology of genetic programming, cellular events of early embryogenesis, mechanisms of differentiation, and elements of organogenesis. Lecture 2 hours, laboratory 6 hours.

425 Plant Anatomy (4)
Prerequisite: Grade of C or higher in BIOL 100C. Microscopic structure of vascular plants with emphasis on organization and functioning of meristems; structure, function, and differentiation of cells and tissues; development and comparative anatomy of stem, leaf, and root. Lecture 2 hours, laboratory 6 hours.

429 Animal Histology (5)
Prerequisite: Grade of C or higher in BIOL 100C. Basic structural, chemical, and physiological aspects of tissues, recent advances in histological technology; traditional microscopic study of tissues and organs, primarily mammalian. Lecture 3 hours, laboratory 6 hours.

430 Plant Physiology I (5)
Prerequisite: Grade of C or higher in BIOL 100C; CHEM 103. Growth and development, growth regulation, plant-water relations, mineral nutrition, photosynthesis and respiration. Lecture 3 hours, laboratory 6 hours.

431 Plant Physiology II (4)
Prerequisite: BIOL 430. Ecological physiology of plants: physiological adaptations to stress, seasonal environmental changes, aquatic and various terrestrial habitats. Lecture 4 hours.

432 Fundamentals of Toxicology (4)
Prerequisite: BIOL 380, CHEM 301C, 302B. A survey of important drugs and environmental toxicants; absorption, distribution, metabolism, and excretion of drugs and toxic compounds; mechanisms of toxic action; human and ecological risk assessment. Lecture 3 hrs, Laboratory 3 hrs.

433 Animal Physiology I (4)
Prerequisite: BIOL 380. Physiological phenomena at the organismic level. Muscular, nervous, endocrine, and reproductive systems; laboratory techniques and principles. Lecture 3 hours, laboratory 3 hours.

434 Animal Physiology II (4)
Prerequisite: BIOL 380. Physiological phenomena at organismic level; digestive, respiratory, excretory, and circulatory systems. Laboratory techniques and principles. Lecture 3 hours, laboratory 3 hours.

435 Neurobiology: Neuroanatomy (4)
Prerequisite: BIOL 380. Gross and Microscopic structure of the mammalian nervous system, organizational aspects, classical lesions and deficits.

436 Neurobiology: Neurophysiology (4)
Prerequisite: BIOL 380. Basic cellular physiology of the vertebrate nervous system.

437 Advanced Cell Physiology (4)
Prerequisite: BIOL 380. A topical course on cellular phenomena such as information flow, bioenergetics, control mechanisms, motility phenomena, and molecular behavior of reactive surfaces. Lecture 3 hours, laboratory 3 hours.

439 Endocrinology (4 units)
Prerequisite: BIOL 380. Anatomy, physiology, biochemistry, and molecular biology of the endocrine system. Includes in depth consideration of the mechanisms regulating hormone production, synthesis, and action.

440 Taxonomy of Angiosperms (4)
Prerequisite: Grade of C or higher in BIOL 100C. Identification, classification, and nomenclature of angiosperms; speciation and population structure. Lecture 2 hours, laboratory or field work 6 hours; weekend field trips may be required.

444 Drug Discovery and Development (4) (also listed as CHEM 444)
Prerequisite: CHEM 301C and either BIOL 380 or CHEM 435 or CHEM 431A. An overview of the process of drug discovery and development, with an emphasis on academic and industrial research methodology.

448 Molecular Biology of the Brain (4)
Prerequisite: BIOL 380. A study of the molecules of the nervous system and their roles in neural function. Lecture 4 hrs.

449 Neurobiology of Development (4)
Prerequisite: BIOL 380. To understand current concepts of and experimental approaches to the development of the nervous system; as well as the maintenance and remodeling of neuronal connections. Lecture 4 hrs.

451 Ornithology (4)
Prerequisite: Grade of C or higher in BIOL 100C. Taxonomy, distribution, physiology, life history, ecology, and behavior of birds. Lecture 2 hours, laboratory and field work 6 hours.

454L,P Special Topics in Biology (1–4)
Prerequisite: Upper division standing, others as needed for specific topic. Topics of current interest in biology as announced in Schedule of Classes. May be repeated to maximum of 16 units.

455 Mammalogy (4)
Prerequisite: Grade of C or higher in BIOL 100C. Taxonomy, distribution, ecology, and physiology of mammals. Lecture 2 hours, laboratory and field work 6 hours.

457 Marine Invertebrate Zoology (5)
Prerequisite: Grade of C or higher in BIOL 100C. Taxonomy, phylogeny, and natural history of major marine invertebrates taxa; laboratory work emphasizes species from local fauna and those of economic importance. Lecture 3 hours, laboratory 6 hours.

462 Plant Ecology (4)
Prerequisite: BIOL 360. Plants and plant communities in relation to physical and biotic environments, ecology, demography, species interactions, community structure, and ecosystem function. Lecture 3 hours, laboratory and/or field work 3 hours.

465 Issues in Environmental Biology (4)
Prerequisite: BIOL 100C, CHEM 100C. A review of crucial issues in environmental biology.
470 Conservation Biology (4)
Prerequisite: BIOL 360. Biological diversity of animals and plants; genetics and ecology of small populations; protection and management of threatened species and communities. Lecture 3 hours, laboratory or field work 3 hours.

472 Marine Ecology (4)
Prerequisite: BIOL 360. Population and community ecology of major habitats in marine environment; lecture emphasizes contemporary theories in marine ecology; laboratory offers practical field experience. Lecture 3 hours, laboratory or field work 3 hours.

473 Molecular Ecology (4)
Prerequisite: BIOL 360. Applications of molecular tools to the study of ecology and evolution. Includes consideration of techniques, analytical methods, and case studies in conservation genetics, population genetics, and environmental science.

476 Physiological Animal Ecology (4)
Prerequisite: BIOL 380. Physiological responses of animals in various environments; emphasis on energetics and thermal relationships of animals. Lecture 3 hours, laboratory 3 hours.

499 Undergraduate Directed Study (1–4)
Prerequisites: Consent of full-time faculty member in consultation with department chair, grade point average of 2.5 or higher. Project must be approved before registration. Student must have ability to assume responsibility for independent research and analysis. Regular discussion of progress with sponsor before presentation of final written report. Graded CR/NC.

Courses in Microbiology (MICR)

Lower Division Courses

151 Biology of Microorganisms (4)
Inquiry-based course in microbiology designed for non-majors; content addresses the impact of microorganisms on the human experience and the biosphere; laboratory application of selected procedures. No credit if taken after any other college microbiology course. Lecture 3 hours, laboratory 3 hours.

GE B1

201 Microbiology for Health Related Sciences (4)
Prerequisites: BIOL 100B or 200A and 200B with a grade of C or higher; CHEM 102 or 151 with a grade of C or higher. Basic function and structure of microorganisms; host-parasite relationships, infectious diseases, immunology and serology, epidemiology, antimicrobial agents, and chemotherapy. Lecture 4 hours.

202 Microbiology Laboratory for Health Related Sciences (2)
Corequisite: MICR 201. Laboratory methods used in studying microorganisms; aseptic techniques, environmental influences on microorganisms, microbial interrelationships; water microbiology and sanitation; immunology and infectious disease diagnosis. Laboratory 6 hours.

Upper Division Courses

300 General Microbiology (5)
Prerequisites: BIOL 100B; CHEM 102. Structure, growth, nutrition, metabolism, genetics and diversity of microbes; introduction to environmental, industrial, and medical aspects of microbiology and biotechnology. Lecture 3 hours: laboratory 6 hours.

301 General Medical Microbiology (4)
Prerequisite: MICR 300 with grade of C or higher. Host-parasite-drug interactions; isolation, culture, and identification of human normal flora. Lecture 2 hours, laboratory 6 hours.

302 Pathogenic Bacteriology (5)
Prerequisite: MICR 301 with grade of C or higher. Bacteriology and pathology of infectious bacterial diseases of humans; diagnostic procedures for identification of major pathogens. Lecture 3 hours, laboratory 6 hours.

304 Immunology and Serology (5)
Prerequisites: MICR 302, CHEM 301A, 302A, each with a grade of C or higher. Immune response, cellular and humoral, induction of immunity, detection of antibodies, principal serologic methods, evaluation of immune response; three sections: fundamental immunology, serology, and clinical immunology. Lecture 3 hours, laboratory 6 hours.

311 Structure and Function of Bacteria (3)
Prerequisites: MICR 300; CHEM 301A; prerequisite or corequisite: 302A. Function of bacteria, emphasis on structure and growth.

340 Microbial Genetics (3)
Prerequisite: Grade of C or higher in MICR 300. Principles of microbial genetics with emphasis on genetic exchange, genetic manipulation, and applications with environmentally, industrially, and medically significant organisms.

396 Honors Thesis in Microbiology (1-5)
Prerequisites: Upper division standing. 40 units in the major, of this 24 units in residence, ENGL 102². GPA minimum 3.0 both overall and in the major, admission to Microbiology Honor's Program. Independent research in microbiology; regular consultations with research adviser; written thesis and oral defense required. Student must complete 5 units before submitting thesis and receiving grade. Graded CR/NC.

*Students subject to earlier catalogs satisfy this prerequisite with ENGL 101 or 190.

398 Cooperative Education (1-4) (see UNIV 398)

401 General Virology (3)
Prerequisite: MICR 340 or BIOL 340 plus 380. Basic principles of virology; emphasizes properties, classification, multiplication, genetics, and viral-host interactions of bacterial, animal, and plant viruses.

410 Hematology (4)
Prerequisites: MICR 301; CHEM 431A. CHEM 431A may be taken concurrently. Normal hematopoiesis and hemostasis and how defects in the normal processes affect the blood, anemias, leukemias, coagulation, and other hematologic or nonhematologic disorders. Lecture 3 hours, laboratory 3 hours.

412 Introduction to Epidemiology (4)
(also listed as HS 412)
Prerequisites: MICR 300 or 201a nd 202. Study of disease and injury in human population, including general review of epidemiologic methods. Focus on complex relationship between workers and work environment.

430 Bacterial Physiology (3)
Prerequisites: MICR 331; CHEM 431A, 432A; corequisites: CHEM 431B, 432B. Bacterial physiology with emphasis on biochemical events related to cellular differentiation and basic bacterial biochemical pathways.

433 Bacterial Physiology Laboratory (2)
Corequisite: MICR 430. Experimental work to accompany MICR 430. Laboratory 6 hours.
450 Innate Immunity (4)
Prerequisites: One of the following BIOL 380, MICR 201 + MICR 202, MICR 300, or instructor consent. First line immune defenses from concepts to molecules. Up-to-date experimental approaches, scientific data analysis and distribution. Lecture 2 hours, laboratory 3 hours, recitation 1 hour.

454L Special Topics in Microbiology (1–4 each)
Prerequisites: Upper division standing, others as needed for specific topics. Topics of current interest in microbiology, as announced in Schedule of Classes. May be repeated to a maximum of 8 units.

454P Activities in Special Topics in Microbiology (1-3)
Prerequisites: Upper division standing, others as needed for specific topics. Corequisite: MICR 454L. Activities related to topics of current interest in microbiology, as announced in Schedule of Classes. MICR 454L and 454P may be repeated to a maximum of 8 units total.

499 Undergraduate Directed Study (1–4)
Prerequisite: Consent of an instructor to act as sponsor. Project selected in conference with sponsor before registration, progress meetings held regularly, and a final report submitted. May be repeated for credit. Graded CR/NC.

Graduate Level Courses (BIOL)

All 400-level courses may be applied toward master's degree requirements except the following, subject to limits established by the department and approval of the graduate adviser: BIOL 499 and all courses with the suffix N. Classified graduate standing is required for admission to all 500 level courses.

501 Seminar: Development of Biological Concepts (3)
Impact of great concepts in biological science on human thought and activities and on present day understanding. May be repeated once for credit as subject matter changes.

503 Seminar: Special Topics in Microbiology (3)
Prerequisite: Instructor consent. Special topics of current interest in microbiology as announced in Schedule of Classes. May be repeated, as subject matter changes, to a maximum of 9 units.

510 Seminar: Biology (1)
Attendance at regular departmental seminar program: participation in seminar training program with course instructor; presentation of a departmental seminar. Graded CR/NC.

511 Seminar: Environmental Science (1) (also listed as ENVS 511)
Attendance at regular seminar program; participation in seminar training program with course instructor; presentation of a seminar. Graded CR/NC. May be repeated to a maximum of 2 units.

515 Seminar: Genetics (3)
Prerequisite: BIOL 340. Recent developments in various fields of genetics. May be repeated once for credit as subject matter changes.

516 Microbial Genetics (3)
Prerequisite: BIOL 340. Concepts of microbial genetics, including dissociation, transformation, transduction, gene transfer, and biochemical mutation; laboratory techniques, practical aspects such as antibiotic resistance. Lecture 3 hours.

517 Seminar: Gene Manipulation (3)
Prerequisites: BIOL 417; instructor consent. Critical evaluation and communication of recent literature in molecular biology. May be repeated to maximum of 6 units.

519 Genetic Engineering Laboratory (8)
Prerequisites: BIOL 417; BIOL 380; CHEM 431ABC; instructor consent. Introduction to basic techniques. Lecture 2 hours, laboratory 18 hours.

520 Seminar: Advanced Immunology (3)
Prerequisite: Consent of instructor. Advanced principles and concepts of immunology, fundamental biological significance of the immune reaction.

522 Seminar: Morphology (3)
Advanced studies in animal or plant morphology, with emphasis on evolutionary and environmental adaptations. May be repeated to maximum of 6 units as topic changes.

525 Seminar: Developmental Biology (3)
Prerequisites: BIOL 380, instructor consent. Discussion of recent advances in the field of plant and/or animal embryonic and postembryonic development. May be repeated to maximum of 6 units as topic changes.

530 Advanced Microbial Physiology (3)
Prerequisite: Consent of graduate adviser. Biochemical aspects of microbial physiology and metabolism, with special emphasis on recent advances in field.

534 Seminar: Systems Physiology (3)
Prerequisite: BIOL 380. Advanced study in various areas of systems physiology. May be repeated to maximum of 6 units as subject matter changes.

535 Seminar: Biology of Human Aging (4)
Prerequisites: BIOL 380 for Biology graduate students; BIOL 384N for students in the Graduate Certificate Program in Applied Gerontology. Advanced study of selected topics related to the anatomical, biochemical and physiological changes that occur during the aging process. May be repeated by Biology graduate students to a maximum of 8 units.

537 Seminar: Endocrinology (3)
Prerequisite: BIOL 437. Discussion of current topics and trends in endocrine physiology. May be repeated to maximum of 6 units as subject matter changes.

538 Seminar: Environmental Physiology (3)
A course in animal or plant physiology. Mechanism and specialization of animals or plants as related to their environment. May be repeated once for credit as subject matter changes.

539 Seminar: Cell Biology (3)
Prerequisites: BIOL 380, CHEM 431C. Major cell functions considered primarily from standpoint of causative and control mechanisms. May be repeated once for credit as subject matter changes.
540 Seminar: Biological Systematics (3)
Prerequisites: A course in genetics, statistics, and either a botany or zoology systematics course. Fundamental concepts and problems in definition and recognition of species and higher taxa, and the special experimental or biometric techniques used. May be repeated to maximum of 6 units as subject matter changes.

559 Seminar: Foundations of Ecology (3)
Reading and discussions of the historical origins of contemporary ecological concepts. Course provides experience in reading and interpreting scientific literature. Acquaints students with foundation concepts of the discipline.

560 Workshop in Environmental Science (4)
Prerequisite: BIOL 360. Advanced studies in ecological relationships of plants and animals; hypothesis testing in theory and practice; student-led class, field and/or laboratory research projects involving data gathering, analysis and synthesis. May be repeated once for credit. Lecture 2 hours, laboratory/field work 6 hours.

561 Seminar: Professional Development in Environmental Science (4)
A survey of techniques and conventions for writing scientific manuscripts, preparation of a prospectus, grantsmanship, presentation, and peer review. Seminar 2 hours, laboratory 6 hours.

562 Advanced Topics in Plant Ecology (3)
Prerequisite: BIOL 462. Analysis of selected plant communities to determine structure, pattern, and interrelationships; discussion of current theories, problems, and methods of vegetational sampling, analysis, and synthesis. Lecture 2 hours, laboratory and/or field work 3 hours.

563 Seminar: Ecology (3)
Prerequisite: BIOL 360. Recent advances and current research in ecology. May be repeated once for credit.

575 Seminar: Animal Behavior (3)
Prerequisite: BIOL 475. Current topics in animal behavior, with emphasis on origin and ecological significance of behavioral patterns. May be repeated for credit to maximum of 6 units as subject matter changes.

580 Seminar: Microbiology (1)
Attendance at departmental seminar program; participation in seminar training; presentation of a satisfactory departmental seminar. Must be repeated to maximum of 3 units. Graded CR/NC.

595 Individual Research in Gene Manipulation (4)
Prerequisites: BIOL 517, 519. Laboratory research project conducted in approved on- or off-campus laboratory. Graded CR/NC.

597 Graduate Research (1–6)
Prerequisite: BIOL 598, approval of program committee. Conducting research toward master’s degree. May be repeated to maximum of 6 units. Graded CR/NC.

598 Graduate Directed Study (1-4)
Prerequisites: Consent of instructor to act as sponsor and approval of graduate program by department. Directed study of advanced topics in the biological sciences. Assigned readings, conferences, lectures, seminars, and research. Graded CR/NC. May be repeated twice for credit. Units may not be used toward a M.S. degree in Biology.

599 Thesis (1–9)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, departmental approval of topic prior to registration. Independent research resulting in thesis. May be repeated to maximum of 9 units. Graded CR/NC.

599 Thesis or Project (1-8)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, program approval of topic prior to registration. Independent research resulting in thesis or sponsored internship resulting in project. May be repeated to a maximum of 8 units. Graded CR/NC.

**Graduate Level Courses (ENVS)**

511 Seminar: Environmental Science (1) (also listed as BIOL 511)
Attendance at regular seminar program; participation in seminar training program with course instructor presentation of a seminar. Graded CR/NC. May be repeated to a maximum of 2 units.

595 Directed Field Work (1-8)
Prerequisite: Instructor consent, agency agreement to host a part- or full-time internship for at least one but not more than three quarters, and approval of Program Director. Supervised individual field experience in an applied area of environmental science. Graded CR/NC May be repeated to a mum of 8 units.

597 Graduate Research (1-6)
Prerequisite: Instructor consent to act as sponsor and approval of project by student's graduate advisory committee. Independent research towards a master's degree under guidance of faculty. May be repeated to a maximum of 6 units. Graded CR/NC.

598 Graduate Directed Study (2)
Prerequisites: Instructor consent to act as sponsor and program approval. Independent, directed study of advanced topics in the field; regular conferences with the sponsor; prospectus development. May be repeated twice for credit but only 2 units count towards a M.S. degree in Environmental Science. Graded CR/NC.
Undergraduate Studies

Chemistry and biochemistry provide understanding of molecular structure and reactivity and thus are central for the study of physical and biological phenomena. The Department of Chemistry and Biochemistry offers three undergraduate degrees: the Bachelor of Science degree in Chemistry, the Bachelor of Science degree in Biochemistry and the Bachelor of Arts degree in Chemistry. In addition, the department participates in the B.S. in Natural Sciences degree program through its Chemistry Option.

Students who earn the B.S. degree in chemistry or biochemistry are prepared to enter careers in chemical, material science, pharmaceutical, biochemical and molecular life sciences industries; careers in government and academic laboratories; and to pursue advanced education in graduate and professional schools. The B.A. in Chemistry provides a liberal education with a major in chemistry and is designed to suit the needs of those who plan to go into non-laboratory careers where a chemistry background is useful. Students pursuing a B.S. degree in Biochemistry or a B.A. degree in Chemistry may qualify for entrance into health professional schools such as medical, dental, pharmacy, etc. by selecting appropriate elective courses within their program while those students pursuing a B.S. degree in Chemistry may qualify for entrance into these professional schools by taking several additional courses. The Chemistry Option in the B.S. in Natural Science is designed for students who plan to be high school Chemistry teachers.

Undergraduates in all of these degree programs are encouraged to broaden their educational experience by participating in a research project under the direction of one of the department's faculty members. The department has a strong tradition of involving undergraduates in research and these students are often provided financial support through research grants.

Graduate Studies

The Master of Science degree programs prepare students for supervisory positions in industry, teaching positions in community colleges, or more advanced study toward the Ph.D. degree in chemistry, biochemistry, or molecular life sciences. The M.S. Chemistry degree program includes three options: the thesis option, the Biochemistry option and the Comprehensive Examination option. The thesis option and the Biochemistry option provide extensive research training, and are recommended for those students who wish to pursue a career as a laboratory scientist or to continue their education in a doctoral program. The Comprehensive Examination option is intended for persons in industry or government who need to develop a more current understanding of chemistry and for other specific areas of chemical application in which an advanced degree is beneficial. The Comprehensive Examination option is not recommended for students who wish to continue to a doctoral program in chemistry, nor for those who intend to upgrade their laboratory research capabilities significantly.

The Faculty

Associate Professors: Yong Ba, Krishna Foster, Jamil Momand, Matthias Selke.

Assistant Professors: Grady Hanrahan, Alison McCurdy, James Rudd, II, Xin Wen.

Undergraduate Programs

Undergraduate Degrees

Students who expect to earn a bachelor's degree in Chemistry or Biochemistry in the minimum time should include courses in chemistry, physics, geometry, trigonometry, and algebra (two years) in their high school preparation.

It should also be noted that the chemistry programs are tightly structured and that students should begin calculus and physics sequences at the earliest possible time in order to complete the degree in four years.

For Chemistry and Biochemistry majors, only courses with a grade of C- or higher in the major program are credited toward the degree. Successful completion of the major requires a minimum C (2.0) overall grade point average in required courses and a minimum C (2.0) grade point average in upper division required courses and electives. Students who have taken community college organic chemistry have the option of earning credit by examination in CHEM 301A, 301B, and/or 301C.
Departmental Honors Program
A departmental honors program in Chemistry is offered for students who possess a minimum B (3.0) grade point average in all college work and in chemistry, averaged separately, and who are recommended in writing by two members of the faculty.

The program is designed to encourage independent study and to provide an introduction to research. The traditional curriculum is enriched by the selection of electives that provide depth in areas outside the field of chemistry.

Honor students are assisted by an honors adviser in planning their programs. Enrollment in CHEM 196 and 396 and a written thesis are required parts of the program. Diplomas and transcripts of honors program graduates are designated: “Graduated with Departmental Honors in Chemistry.”

Bachelor of Arts Degree in Chemistry
The Bachelor of Arts degree, which requires 180 units, is designed for those who desire a liberal arts education with a major in Chemistry. This degree allows students to include a minor in another science, business, economics, or humanities within their degree program. The degree is suitable for students planning careers in government or industry where a physical science background is desirable. It is also appropriate for some preprofessional health science majors but is not recommended for students planning graduate study in a physical science. Students should note that this degree fulfills only 36 of the 60 upper division units required by the University so that students must take 12 more upper division units as well as the 12 required by the upper division GE Theme.

The total number of units required for the Bachelor of Arts degree in Chemistry is 180 units, of which 80 or 83 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (80 or 83 units)
Lower Division Required Courses (44 or 47 units)
CHEM 101-103 General Chemistry I-III (5,5,5)
CHEM 201 Quantitative Analysis (5)
MATH 206–208 Calculus I–III (4,4,4)
PHYS 211–213 General Physics (5,5,5) or
PHYS 101–103 Physics (4,4,4)

Upper Division Required Courses (29 units)
CHEM 301ABC Organic Chemistry (3,3,3)
CHEM 302AB Organic Chemistry Laboratory (2,2)
CHEM 360 Writing for Chemists (4)
CHEM 411 Fundamentals of Physical Chemistry (4)
CHEM 435 Introduction to Biochemistry (4)
CHEM 463 Biomedical Microanalysis (4)

Electives in Chemistry (7 units)
May include a maximum of 3 units of CHEM 499.

Bachelor of Science Degree in Biochemistry
The Bachelor of Science degree in Biochemistry is designed to fit the needs of those who plan to complete their formal education with the bachelor’s degree and obtain positions in scientific or industrial laboratories or do graduate study in chemistry. Of the 186 units required for the Bachelor of Science degree in Chemistry, the major requires 116 units while the General Education program and other university requirements total 70 units.

The total number of units required for the Bachelor of Science degree in Chemistry is 186 units, of which 116 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (116 units)
Lower Division Required Courses (59 units)
CHEM 101-103 General Chemistry I-III (5,5,5)
CHEM 201 Quantitative Analysis (5)
MATH 206–208 Calculus I–IV (4,4,4,4)
MATH 215 Differential Equations (4) or
**MATH 401 Differential Equations (4)
PHYS 211–214 General Physics (5,5,5,4)
**Upper division credit.
Of the 188 units required for the Bachelor of Science degree in Biochemistry, the major requires 122 while the General Education program and other university requirements total 66. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (122 units)
Lower Division Required Courses (69 units)
CHEM 101-103 General Chemistry I-III (5,5,5)
CHEM 201 Quantitative Analysis (5)
CHEM 280 Introduction to Biomolecules (3)
BIOL 100ABC Introductory Biology I, II, III (5,5,5)
MATH 206-209 Calculus I–IV (4,4,4,4)
PHYS 211 Mechanics (6)
PHYS 212 Waves, Optics, and Thermodynamics (5)
PHYS 213 Electricity and Magnetism (5)

Upper Division Required Courses (41 units)
CHEM 301ABC Organic Chemistry (3,3,3)
CHEM 302AB Organic Chemistry Laboratory (2,2)
CHEM 318 Introduction to Inorganic Chemistry (3)
CHEM 360 Writing for Chemists (4)
CHEM 401 Physical Chemistry I (4)
CHEM 402 Physical Chemistry II (4)
CHEM 431ABC Biochemistry (3,3,3)
CHEM 432AB Biochemistry Laboratory (2,2)

Upper Division Electives (12 units)
Choose 4 units from each area:
Chemistry

Development/Physiology
BIOL 424, 430, 431, 432, 433, 434, 436, 437, 439, 448, 449, 476, or MICR 300, 301, 302, 304, 331, 401, 430, 433.

Genetics/Biometrics
BIOL 300, 340, 415, 414, 415, 416, 417, 418, 473 or MICR 340.

Please note that some of the above electives have prerequisites. Students should consult their adviser.

Bachelor of Science Degree in Chemistry
The Bachelor of Science degree in Chemistry is accredited by the American Chemical Society. It is designed to fit the needs of those who either plan to complete their formal education with the bachelor’s degree and obtain positions in scientific or industrial laboratories or do graduate study in chemistry. Of the 186 units required for the Bachelor of Science degree in Chemistry, the major requires 116 units while the General Education program and other university requirements total 70 units.

The total number of units required for the Bachelor of Science degree in Chemistry is 186 units, of which 116 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.
Upper Division Required Courses (51 units)

Electives in Chemistry

Select 6 units with adviser approval. May include a maximum of 3 units of CHEM 499.

The Credential Program

The Department of Chemistry and Biochemistry participates in the interdisciplinary Bachelor of Science degree program in Natural Science, which has been approved for the Single Subject credential in Science. The Chemistry Option in this program is described in the section of the catalog dealing with the Natural Science degree. In addition, holders of a Single Subject credential issued by the state of California may complete the supplementary authorization program described below.

Supplementary Authorization for Single Subject Teaching Credential (31–33 units)

Holders of a Single Subject teaching credential issued by the state of California may supplement that credential with an authorization in Chemistry for teaching chemistry at any grade level through grade 12 or in classes organized primarily for adults by completing the following program with a grade of C or higher in each course. At least one of the courses must include a laboratory component. For other requirements governing issuance of this authorization, consult the Charter College of Education.

Complete or demonstrate proficiency in each of the following courses (31–33 units)

Graduate and Postbaccalaureate Programs.

Master of Science Degree in Chemistry

Admission to the Program

Admission to the program requires a baccalaureate in chemistry or biochemistry from an accredited college or university or a baccalaureate in a related field with a strong background in chemistry. Applicants interested in the biochemistry option should have a preparation equivalent to that required for the Cal State L.A. baccalaureate in biochemistry, which includes, among other requirements, 15 units of introductory biology and 8 units of upper division biology or microbiology.

All applicants are required to have a 2.5 grade point average in their last 90 quarter units attempted. Applications for any quarter must be submitted early in the previous quarter. Students must apply to both the department and the University.

Placement Examinations

All new graduate students must take placement examinations administered by the Department of Chemistry and Biochemistry at first registration. The department offers five examinations: analytical, biochemistry, inorganic, organic, and physical chemistry. Entering students must take three examinations. The time and location of the examinations will be announced by the department.

Prior to taking the examinations, students must declare a specialization in one of the following: analytical, biochemistry, chemical education, inorganic, organic, or physical. Students entering the program must take the placement examination appropriate to their specialization and two other examinations of their choice. Students in Chemical Education must declare a content specialization from among analytical, biochemistry, inorganic, organic, and physical for their placement examination. Students must pass the examination in their specialization. The other two examinations will be used primarily for advisement purposes.

If students do not take or pass an examination, it is presumed that they are not proficient in that particular area of specialization, and they may be required to take the complete undergraduate sequence for that area as corequisite or qualifying courses. Students who do not take or do not pass an examination may, upon approval by the principal graduate adviser, be allowed to retake the examination the next time it is given.
Requirements for the Degree (45 units)
A total of 45 units are required for the degree. Both the thesis option and the Biochemistry option consist of required courses, electives, research (590, 597) and thesis (599), with a minimum of 23 units in 500-level courses, including 590, 597 and 599.

The comprehensive examination option in chemistry consists of required courses, including advanced laboratory courses and elective courses, with a minimum of 23 units in 500-level courses. Students must comply with college and departmental requirements.

Each student’s program is designed with the assistance of a faculty adviser and the student’s advisory committee.

Additional Requirements
Thesis option and Biochemistry option candidates must meet the following requirements:

- Submit a thesis, which must be approved by the Department of Chemistry and Biochemistry as a part of the program.
- Pass a final oral examination, primarily about the thesis, administered by the department.

Comprehensive examination option candidates must pass written comprehensive examinations on the subjects of the required courses.

Thesis Option (45 units)
Basic Requirements (4 units)
Courses required of all students:
CHEM 500 Presentation in the Chemical and Biochemical Sciences (1)
CHEM 580 Graduate Seminar: Chemistry (1, 1, 1)

Core and Elective Requirements (26 units minimum)
A minimum of 26 units of adviser-approved coursework is required. At least twelve of these units must be core courses in the student’s specialization. Other 400 or higher level courses can be used as core courses on approval of the adviser and the department graduate adviser.

Core courses (12 units minimum)
Analytical and Physical Specialization
CHEM 415 Atmospheric Chemistry (4)
CHEM 462 Instrumental Analyses (6)
CHEM 501 Quantum Chemistry (4)

Biochemistry Specialization
CHEM 434 Bioinformatics (4)
CHEM 506 Biochemistry of Plasma Lipoproteins and Atherosclerosis (4)
CHEM 507 Protein Structure and Function (4)
CHEM 508 Transcription Control of Gene Function (4)
CHEM 509 Signal Transduction (4)

Inorganic and Organic Specialization
CHEM 420 Advanced Organic Chemistry (4)
CHEM 423 Organic Synthetic Chemistry (4)
CHEM 425 Polymer Chemistry (4)
CHEM 438 Bioinorganic and Biorganic Chemistry (4)
BIOL/CHEM 444 Drug Discovery and Design (4)
CHEM 504 Advanced Inorganic Chemistry (4)

Chemical Education Specialization
Students in Chemical Education must choose from the above list a content specialization they will follow for their core courses.

Electives (14 units)
Eight elective units must be from courses not in the list of core courses for the student’s specialization. Six additional units may be taken from either within or outside the area of specialization. Elective courses in the chemical education specialization may include but are not limited to CHEM 505 Special Topics in Graduate Chemistry: Chemical Education, EDFN 500 Evaluation of Education Research, and EDSE 428C Processes of Science.

Research and Thesis (15 units)
CHEM 590 Advanced Laboratory (4)
CHEM 597 Graduate Research (7)
CHEM 599 Thesis (4)

Biochemistry Option (45 units)
Students in this option must declare upon entrance into the graduate program that they wish to pursue the biochemistry option. They will adhere to all of the requirements for the Biochemistry Specialization in the thesis option.

Comprehensive Examination Option (45 units)
Basic Requirements (4 units)
Courses required of all students:
CHEM 500 Presentation in the Chemical and Biochemical Sciences (1)
CHEM 580 Graduate Seminar: Chemistry (1, 1, 1)

Core and Elective Requirements (30 units minimum)
A minimum of 30 units of adviser-approved coursework is required. At least twelve of these units must be core courses in the student’s specialization. Twelve additional units must be from courses not in the list of core courses for the student’s specialization. Six additional units may be taken from either within or outside the area of specialization.

Research (11 units)
CHEM 590 Advanced Laboratory (4)
CHEM 597 Graduate Research (7)

Comprehensive Examination (0 units)
CHEM 596 Comprehensive Examination (0)

Students who select the comprehensive examination (CHEM 596) should expect to take it the quarter they complete all course work on their program and must comply with college and departmental requirements.
List of Courses (CHEM) - Undergraduate Level

† There is a special fee associated with registering for laboratory classes that carry this designation. Details appear in the Schedule of Classes.

Subcollegiate Course

095 Language of Chemistry (4)
Prerequisite: One year of high school algebra. Development of basic skills for further training in chemistry; introduction to stoichiometry; meaning of chemical equations and their algebraic interpretation; physical background of fundamental chemical concepts. Not acceptable as prerequisite for CHEM 102 or 152. Lecture 3 hours, recitation 1 hour. Graded A,B,C/NC. No credit toward Chemistry or Biochemistry major.

†140 Science Orientation (2)
(also listed as BIOL 140)
Prerequisite: Instructor consent. Exploration of skills essential for success in the sciences; presentations by professional scientists. No credit toward science major or minor. Graded CR/NC.

†151 Fundamentals of Chemistry I (5)
Prerequisites: One year of high school algebra, satisfactory performance on chemistry diagnostic examination given during registration period. Physical concepts, stoichiometry, structure of atom, periodic table, chemical bonding. Lecture 3 hours, recitation 1 hour, laboratory 3 hours.

CHEM 101+102+103 = CAN CHEM SEQ A

†101 General Chemistry I (5)
Prerequisites: High school chemistry and physics; two years of high school algebra; satisfactory performance on chemistry diagnostic examination given during registration period. Physical concepts, stoichiometry, structure of atom, periodic table, chemical bonding. Lecture 3 hours, recitation 1 hour, laboratory 3 hours.

†102 General Chemistry II (5)
Prerequisite: CHEM 101. Structure of molecules, states of matter, acids and bases, equilibrium, oxidation-reduction, electrochemistry, coordination compounds. Lecture 3 hours, recitation 1 hour, laboratory 3 hours.

CHEM 101+102+103 = CAN CHEM SEQ A

†103 General Chemistry III (5)
Prerequisite: CHEM 102. Introduction to science of thermodynamics and its applications in chemistry, chemical kinetics, spectroscopy and special topics in general chemistry. Lecture 3 hours, recitation 1 hour, laboratory 3 hours.

CHEM 101+102+103 = CAN CHEM SEQ A

155 Introductory Chemistry (4)
Prerequisite: One year of high school chemistry. CHEM 155 presents fundamentals of chemistry and quantitative thinking. Topics include the molecular nature of matter, scientific method, measurement, stoichiometry and gas laws. Lecture 2 hours, recitation 1 hour, activity 2 hours. Graded A,B,C/NC.

158 The Chemistry of Everyday Things (4)
An introductory course in chemistry emphasizing the chemistry of importance to everyday life including the environment, energy, food and materials. GE B2

†159 The Chemistry of Everyday Things Laboratory (1)
Corequisite: CHEM 158. An introductory chemistry laboratory course emphasizing the chemistry of familiar materials. GE B2

160 Maladies and Molecules (4)
Selected aspects of the chemical foundations, molecular transmission, and palliation of infectious, inheritable, and environmental diseases at an introductory level requiring no initial knowledge of chemistry.

170 Microcomputers in Chemistry (2)
Prerequisite or corequisite: CHEM 102. Use of microcomputer as productivity and computational tool in chemistry and biochemistry; emphasis on application of existing software to chemical/biochemical problems.

196 Honors Proseminar (1)
Prerequisite: Acceptance into department honors program. Study of recent developments in chemistry and biochemistry. May be repeated to maximum of 6 units; only 1 unit may apply on major requirements. Graded CR/NC.

†201 Quantitative Analysis (5)
Prerequisite: CHEM 103. Principles and techniques of analytical chemistry, including stoichiometry, equilibrium (pH and redox), electrochemistry, spectroscopy, and separations. Lecture 3 hours, laboratory 6 hours.

254L,P Special Topics in Chemistry (1–4)
Prerequisites: As needed for specific topic. Current topics of interest in chemistry and related disciplines, as announced in Schedule of Classes. May be repeated to maximum of 8 units.

280 Introduction to Biomolecules (3)
Prerequisites: BIOL 100B and CHEM 103 or CHEM 152. Introduction to the chemistry of biological molecules; building blocks to macromolecules and supramolecular structures; protein function in metabolism, membrane transport, cell structure; nucleic acid structure and function; strategies of metabolism. Lecture 3 hours.

Upper Division Courses

301ABC Organic Chemistry (3, 3, 3)
Prerequisite: For CHEM 301A, CHEM 201 (may be taken concurrently with 301A). For 301B, CHEM 301A: for 301C, CHEM 301B. Corequisite: for 301B, CHEM 302A; for 301C, CHEM 302B. Properties and reactions of aliphatic and aromatic compounds; emphasis on fundamental principles and reaction mechanisms.
**302AB Organic Chemistry Laboratory (2, 2)**
Prerequisite: CHEM 201.

**302A** Corequisite: CHEM 301B. Fundamentals of organic laboratory analysis, with emphasis on spectroscopic methods. Recitation-laboratory 6 hours.

**302B** Corequisite: CHEM 301C. Fundamental laboratory techniques of organic chemistry and organic synthesis. Recitation-laboratory 6 hours.

**316 Scientific Glass Blowing (2)**
Introductory course in glass blowing, including hands-on fabrication and repair of apparatus, theory and science of glass, and principles of laboratory techniques. Credit allowed for the B.A. chemistry program only.

**318 Introduction to Inorganic Chemistry (3)**
Prerequisite: CHEM 201. Introduction to the study of the elements; atomic structure, bonding, ionic solids, solutions, and nonmetals.

**327 Advanced Synthetic Methods (2)**
Prerequisites: CHEM 301C, 302B, 318. Application of advanced synthetic methods to the synthesis of selected organic, organometallic, and inorganic molecules. Recitation-laboratory 6 hours.

**353 Nutritional Aspects of Biochemistry (5)**
Prerequisite: CHEM 152. Preparation, mechanisms, and methods of organic molecules. Recitation-laboratory 6 hours.

**355N Scientific Perspectives on Global Change (4)**
(also listed as BIOL 355N and GEOL 355)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Natural and Human-Induced origins of global change; alteration of earth’s natural cycles; impacts of climate change and loss of physical and biological resources; achieving a sustainable future. Lecture 4 hours.

**360 Writing for Chemists (4)**
Prerequisites: Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR); CHEM 301B or consent of instructor. Extensive practice in writing abstracts, summaries, reports, resumes, and reviews; presentation of oral reports and posters; literature searching; and ethics in scientific research.

**380N Ancient and Modern Science (4)**
(also listed as PHIL 380 and HIST 380)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Systematic analysis of ancient scientific thought as science and its relationship to modern science.

**GE Theme I**

**396 Honors Studies in Chemistry (1–5)**
Prerequisites: Participation in Chemistry Honors Program, CHEM 301ABC, consent of an instructor to serve as research adviser, and approval of department honors adviser. Independent research in chemistry and biochemistry. Regular consultation with research adviser; written thesis required. Students must enroll for total of 5 units before submitting thesis and receiving grade.

**400-level Courses**
All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the department and approval of the graduate adviser:

**Chemistry, M.S. (Thesis option):**
CHEM 401, 402, 403, 412AB, 418**, 462**, 499
Chemistry, M.S. (comprehensive examination option):
CHEM 401, 402, 403, 412AB, 418**, 499

**Chemistry, M.S. (Biochemistry option):**
CHEM 401, 431ABC, 432AB, 499
**Student may petition to waive the rule regarding this course.

**401 Physical Chemistry I (4)**
Prerequisites: CHEM 201; MATH 209; PHYS 213. Kinetic theory of gases, thermodynamics, and chemical statistics.

**402 Physical Chemistry II (4)**
Prerequisite: CHEM 401. Thermodynamics of solutions of nonelectrolytes and electrolytes, phase equilibria, chemical kinetics, surface chemistry, and macromolecules.

**403 Physical Chemistry III (4)**
Prerequisites: MATH 215 or 401; PHYS 306 recommended (may be taken concurrently). Molecular structure and spectroscopy. Fundamentals of quantum chemistry; applications to the chemical bond, spectroscopy, and the solid state.

**411 Fundamentals of Physical Chemistry (4)**
Prerequisites: CHEM 201; MATH 208; PHYS 103 or 203. Survey of physical chemistry including thermodynamics, kinetics, quantum chemistry, and spectroscopy. No credit toward B.S. degree in Chemistry or Biochemistry; no credit if taken after successful completion of CHEM 401.

**412AB Physical Chemistry Laboratory (2,2)**
Prerequisite: CHEM 401 or 403. Experiments to illustrate principles and techniques of various subjects of physical chemistry. Lecture 1 hour, laboratory 6 hours.

**415 Introduction to Atmospheric Chemistry (4)**
Prerequisites: CHEM 201; MATH 206; PHYS 103 or 203. Investigation of current topics in atmospheric chemistry using the fundamental principles of physical and analytical chemistry.

**418 Inorganic Chemistry (3)**
Prerequisites: CHEM 318, 402. Selected topics in inorganic chemistry, including physical inorganic chemistry, coordination chemistry, and inorganic polymers.

**420 Advanced Organic Chemistry I (4)**
Prerequisites: CHEM 301C, 401 or 403. Theoretical aspects of organic chemistry emphasizing reaction mechanisms.

**423 Organic Synthetic Chemistry: Analysis, Design, and Methodology (4)**
Prerequisite: CHEM 301C. Analysis of target molecules and rational design of strategies and methodologies for the preparation of organic molecules.

**425 Polymer Chemistry (4)**
Prerequisites: CHEM 301C; MATH 209. Suggested corequisite: CHEM 401. Preparation, mechanisms, and properties of synthetic macromolecules; step and chain polymerization, copolymerization, kinetics, morphology and physical characterization of polymers.
431ABC Biochemistry (3, 3, 3)
Prerequisites: for 431A, CHEM 301C, 302A; Physics majors in the Biophysics option admitted by special permission; for 431B, CHEM 431A; for 431C, CHEM 431B. Corequisite for 431B, CHEM 432A. Lectures on chemistry and metabolism of carbohydrates, proteins, lipids, vitamins, hormones, and related phenomena in animals, plants, and microorganisms.

†432AB Biochemistry Laboratory (2, 2)
Prerequisite: 431A. Corequisite for 432A: CHEM 431B. Recitation and laboratory experiments designed to illustrate chemical behavior of substances of biochemical importance. Recitation-laboratory 6 hours.

434 Bioinformatics (4)
Prerequisites: One computer programming course, one molecular life science course, upper division status, and permission of instructor. Theory and application of software programs that analyze genes and proteins; creation of programs designed to search databases and align sequences. Lecture 4 hours.

435 Introduction to Biochemistry (4)
Prerequisite: CHEM 301C. Introduction to principles of biochemistry. No credit if taken after CHEM 431A.

438 Bioinorganic and Bioorganic Chemistry (4)
Prerequisite: CHEM 431A or 435. Chemical approaches to the study of biological processes with an emphasis on the tools and methods of inorganic and organic chemistry.

440 Industrial Chemistry (4)
Prerequisites: CHEM 301C, 402. Survey of major industrial chemical processes.

444 Drug Discovery and Development (4) (also listed as BIOL 444)
Prerequisite: CHEM 301C and either BIOL 380 or CHEM 435 or CHEM 431A. An overview of the process of drug discovery and development, with an emphasis on academic and industrial research methodology.

450 Biomedical Seminars and Presentations (1)
Development of skills as critical listeners and presenters of biomedical science seminars and poster presentations. Graded CR/NC.

454L, P Special Topics in Advanced Chemistry (1–4)
Prerequisites: As needed for specific topic. Current topics of special interest in advanced chemistry and related disciplines, as announced in Schedule of Classes. May be repeated to maximum of 8 units.

†462 Instrumental Analysis (6)
Prerequisite: CHEM 402. Theories, applications, and recent technological developments of chemical instrumentation with emphasis on electrochemical, spectral, chromatographic, and magnetic resonance methods. Lecture 3 hours, laboratory 9 hours.

†463 Biomedical Microanalysis (4)
Prerequisite: CHEM 431B or 435. Theory and practice of instrumental methods for analysis of substances and processes of biomedical importance. Lecture 3 hours, laboratory 3 hours. No credit toward B.S. degree in Chemistry or Biochemistry.

480 History of Chemistry (4)
Prerequisites: CHEM 103, 301C. Development of chemical knowledge from chemical arts of antiquity through alchemy to twentieth century, emphasizing contributions to fundamental theory by Lavoisier, Dalton, Kekule, Van’t Hoff, and Rutherford.

498 Cooperative Education (2) (See UNIV 498)

499 Undergraduate Directed Study (1–5)
Prerequisites: 2.5 grade point average in chemistry courses or one advanced laboratory course, consent of an instructor to act as sponsor, ability to assume responsibility for independent work and to prepare written and oral reports. Independent research project selected in conference with sponsor before registration; progress meetings held regularly. May be repeated to maximum of 9 units.

---

**Graduate Level Courses (CHEM)**

All 400-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser.

Classified graduate standing is required for admission to all 500-level courses.

500 Presentation in the Chemical and Biochemical Sciences (1)
A student presentation and laboratory observation class designed to prepare chemistry and biochemistry graduate students to deliver presentations and/or experimental demonstrations for both research seminars and undergraduate laboratory classrooms.

501 Quantum Chemistry (4)
Prerequisites: CHEM 402, 403. Quantum chemistry, including discussion of molecular orbital and valence bond theories and their applications to chemistry.

503 Advanced Biochemistry (3)
Prerequisites: CHEM 431ABC, 432AB. Recent concepts of enzyme systems, biological oxidation, intermediate metabolism, biosynthesis of macromolecules, biochemical genetics, metabolic regulation, and related phenomena. May be repeated as subject matter changes to maximum of 12 units.

504 Advanced Inorganic Chemistry (4)
Prerequisite: CHEM 418. Selected topics on structure and mechanism in inorganic chemistry; discussion of modern theories applied to inorganic chemistry.

505 Special Topics in Graduate Chemistry (4)
Prerequisite: Instructor consent. Specialized topics in chemistry given at an advanced level. May be repeated once for credit.

506 Biochemistry of Plasma Lipoproteins and Atherosclerosis (4)
Prerequisites: CHEM 431ABC and CHEM 432AB or equivalent, Graduate student standing. Review of scientific literature on plasma lipoprotein metabolism and development of atherosclerosis. Detailed analysis of dietary, genetic, and hormonal factors that regulate atherogenic and anti-atherogenic lipoprotein concentrations in blood.
507 Protein Structure (4)
Prerequisites: CHEM 431ABC and CHEM 432AB or equivalent, Graduate student standing. Analysis of structural classes of proteins and factors that determine native structure, stability and biological function. Tools for analysis, comparison and prediction of protein structure. Recent advances in research literature.

508 Transcriptional Control of Gene Expression (4)
Prerequisites: CHEM 431ABC and CHEM 432AB or equivalent, Graduate student standing. Mechanisms of gene expression control at the transcriptional level using the original research literature. Modern molecular techniques demonstrating the activation and repression of eukaryotic genes via protein-DNA and other interactions.

509 Signal Transduction (4)
Prerequisites: CHEM 431ABC and CHEM 432AB or equivalent, Graduate student standing. Review of molecular signal transduction and the importance of post-translational modifications as a mechanism to transmit information to the cell.

580 Graduate Seminar: Chemistry (1)
Attendance at regular departmental seminar program; participation in seminar training program with course instructor; presentation of a satisfactory departmental seminar. May be repeated to maximum of 3 units.

590 Advanced Laboratory (1–2)
Prerequisites: CHEM 302B; 412B or 432B. Introduction to advanced laboratory techniques involving individual student projects. May be repeated four times to maximum of 6 units; maximum of 4 units may be applied to M.S. degree. Combined units of CHEM 590, 597, 598, and 599 may not exceed 15.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Master’s Degree section of this chapter.

597 Graduate Research (1–4)
Prerequisite: Approval of departmental adviser. Research leading toward M.S. degree. Graduate students must earn a minimum of 6 and a maximum of 8 units. Combined units of CHEM 590, 597, 598, and 599 may not exceed 15. Graded CR/NC.

598 Graduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in the field, regular conferences with sponsor. Student's progress determined by oral and/or written reports. May be repeated for credit; combined units of 597 and 598 may not exceed 13. Combined units of CHEM 590, 597, 598, and 599 may not exceed 15.

599 Thesis (1–4)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, departmental approval of topic prior to registration. Independent research resulting in thesis and oral defense thereof. May be repeated to maximum of 4 units. Combined units of CHEM 590, 597, 598, and 599 may not exceed 15. Graded CR/NC.
Chicano Studies provides an intensive investigation of the largest racial/ethnic group in the United States. The department’s approach is multidisciplinary with specific offerings in history, social science, culture, language, literature, arts, and politics of the Chicano(a) and Latino(a) communities. The curriculum seeks not only to acquaint students with a breadth of knowledge about Chicanos(as) and Latinos(as), but also to expose them to theoretical perspectives specific to this area of study. The program seeks to connect these migrant and diasporic communities with transnational changes and their impact on their places of origins as well as a dialogue with African American, Asian American, and Native American Studies.

Chicano Studies provides preparation appropriate for careers in education, human services, public policy, law, medicine, the business profession, and for graduate study and research.

The vital presence and increasing significance of the Chicano(a) and Latino(a) communities in Los Angeles and Southern California allows unique research opportunities for students of Chicano Studies.

The Faculty

**Professors:** Francisco E. Balderrama, Roberto Cantú, Michael Soldatenko (chair).

**Associate Professors:** Dionne Espinoza.

**Assistant Professors:** Ester Hernández, Richard T. Rodríguez, Valerie Talavera-Bustillos.

**Emeriti:** Leonel A. Maldonado, Louis R. Negrete.

The program in Chicano Studies includes a Bachelor of Arts degree in Mexican-American Studies and a minor in Chicano Studies for students who are majoring in other fields. The program also supports two new minors: Central American Studies and Mesoamerican Studies.

### Undergraduate Programs

#### Bachelor of Arts Degree in Mexican-American Studies

The program in Chicano Studies includes a Bachelor of Arts degree in Mexican-American Studies and a minor in Chicano Studies for students who are majoring in other fields.

The Bachelor of Arts degree is available in four options. Option I, the General Program, is intended for students interested in a liberal arts education; Option II, The Elementary Subject Matter Teacher Preparation Program, is designed specifically for students who are interested in the Multiple Subject Teacher Preparation Option. Option III, the Blended Elementary Subject Matter Teacher Preparation option, is designed for students to complete the undergraduate degree program simultaneously with requirements for either a preliminary Elementary Subject Teaching Credential with CLAD emphasis or eligibility for the Education Specialist Internship Credential. Option IV, Elementary Subject Matter Teacher Preparation Directed Electives Option, is designed for transfer students and students at CSULA who decide after completing a substantial portion of the regular general education to seek an elementary teaching credential.

The total number of units required for the Bachelor of Arts degree in Mexican-American Studies, Option I, General Program, is 180 units, of which 68 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

#### Requirements for the Major (68-198 units)

Option I, the General Program, requires a total of 68 units, of which 16 are in lower division and 52 are in upper division courses. Students seeking to combine the study of Chicano studies with elementary subject matter can satisfy both goals by following option II (The Elementary Subject Matter Teacher Preparation Program), Option III (The Blended Elementary Subject Matter Teacher Preparation program) or Option IV (The Elementary Subject Matter Teaching Option). Options II and III require the completion of 112 units of a common core. Option II requires 68 additional units specified below for this option. Option III requires the completion of 86 units (20 units of required major area courses, 46 units of Professional Educational Credential requirements). Option III requires a total of 198 units for completion. Option IV, the Elementary Subject Matter Teacher Preparation Option: Directed Electives requires completion of 60 units of General Education at the lower division, 12 units at the upper division and 6 units of graduation requirements (i.e., ENGL 102 and either the Introduction to Higher Education or Transition to Cal State L.A. course). It also requires 60 units in the major with the remaining 42 units as recommended electives for preparation for the CSET examination. Students who pass the CSET exam will have the option of taking other coursework. All options are designed for students to complete the undergraduate degree program simultaneously with requirements for either a California Multiple Subject Teaching or Special Education Internship Credential.
Students entering the program should plan their course work with a Chicano Studies adviser. Students seeking a credential should also consult the Charter College of Education.

A grade of C or higher is required in all courses used to meet the major requirements for the Elementary Subject Matter Teacher Preparation Options (Options II, III, and IV).

**Option I: General Program (68 units)**

**Lower Division Required Courses (8 units)**

- CHS 111 Cultural Diversity and Chicanos (4)
- CHS 280 Chicanas/Latinas in U.S. Society (4)

**Lower Division Electives (8 units)**

Select 8 units from following with adviser approval:
- CHS 108, 110, 112, 115, 150, 201, 208, 255, 257*, 258*
  *maximum 3 units in 257 and/or 258

**Upper Division Required Courses (28 units)**

- CHS 355 Introduction to Principles of Research in Chicano Studies (4)
- CHS 402 Colonial to Modern Mexican American /ENGL 489 Literature (4)
- CHS 410 Chicanos and the War on Drugs (4)
- CHS 443 History of the Chicano People in California (4)
- CHS 450 Research on Community Problems (4)
- CHS/ML 312 Mediterranean and Pre-Columbian Myths in Latin American Literature (4) or
- CHS/ENGL/PAS 327 Ethnicity and Emotions in U. S. Film (4)

**Upper Division Electives (24 units)**

Select 24 units from following:

**Community Dimension (Select 8 units from the following)**

- CHS/LAS 404 The Central American Experience in the US (4)
- CHS 405 The Mexican People as Immigrants (4)
- CHS 406 Hispanic Communities in U.S. Society (4)
- CHS/AAS/LAS/PAS 408 Comparative Diaspora Studies (4)
- CHS/URBA 409 US Latinos, Culture, and Global Cities (4)
- CHS/LAS/RELS 423 Migration, Identity, and Religion (4)
- CHS 430 Chicano Political Behavior (4)
- CHS 445 History of the Chicano in Los Angeles (4)
- CHS/HIST 460 The Chicano Movement (4)
- CHS 470 Chicano Educational Issues (4)
- CHS 471 The History of Chicana/o Education (4)
- CHS 472 Chicana/o Education: Theory and Research (4)
- CHS 480 Chicana Feminisms and Women’s Movements (4)
- CHS 485 Health and Chicano/Latino Families (4)

**Cultural Dimension (Select 8 units from the following)**

- CHS 311 Chicano Cultural History (4)
- CHS/ENGL/PAS 327 Ethnicity and Emotions in U.S. Film (4)
  *(May be taken only if not selected in upper division required courses)*
- CHS 400 Pre-Columbian Literature of Mexico (4)
- CHS 403 Contemporary Chicana/o Literature (4)
- CHS 412 Chicano/a Popular Culture (4)
- CHS 420 Mexican and Chicano Folklore (4)
- CHS 422 Chicano/a Film and Video (4)
- CHS 440 Development of Spanish Language in Southwestern U.S. (4)
- CHS 444 History of the Chicano People in the United States (4)
- CHS 446 Folkloric Dance: Living History of Mexico and the Southwest (4)

**Mexican Dimension (Select 8 units from the following)**

- CHS/HIST 466A Colonial Mexico (4)
- CHS/HIST 466B Building the Mexican Nation (4)
- CHS/HIST 466C The Mexican Revolution and its Legacy (4)
- CHS 468 U.S.-Mexico Borderlands (4)

**Option II, Elementary Subject Matter Teacher Preparation Option (180 units [68 units, plus 112 Common Core units])**

**Option III, Blended Elementary Subject Matter Teacher Preparation Option (198 units [86 units, plus 112 Common Core Units])**

**Core Courses for Options II and III (112 Units)**

**University Requirements (2 Units)**

- UNIV 400 Writing Proficiency Exam (WPE) (0)
- NSS 101 Introduction to Higher Education in Natural and Social Sciences (2) or
- NSS 301 Transition to CSULA for Natural and Social Science Majors (2)
  *(NOTE: NSS 101 OR NSS 301 must be completed within the first two quarters of enrollment.)*

**Reading, Language and Literature (24 Units)**

- *COMM 150 Oral Communication (4)
- *ENGL 101 Composition I (4)
- ENGL 102 Composition II (4)
- ENGL 250 Understanding Literature (4) or
- ENGL 258 Mythology in Literature (4)
- ENGL 301 Introduction to Language (4)
- ENGL 430 Children’s Literature (4)

**Critical Thinking (4 Units)**

- *COMM176 Argumentation (4) or
- *PHIL 160 Critical Thinking (4) or
- *PHIL 250 Introduction to Symbolic Logic (4) or
- *POLS 155 Critical Analysis of Political Communication (4)

**Mathematics (12 Units)**

- MATH 110 Foundations of the Real Number System for Elementary and Middle School Teachers (4)
- *MATH 115 Elements of Algebra and Statistics for Elementary and Middle School Teachers (4)
- MATH 225 Explorations in Geometry for Elementary and Middle School Teachers (4)
  *(Basic Subjects courses - all Basic Subjects must be completed within the first 45 units counted toward the baccalaureate degree.)*

**History and Social Science (20 Units)**

- HIST 110A World Civilization I (4)
- HIST 110B World Civilization II (4)
- HIST 202A United States Civilization (4)
- HIST 488 California (4) or
- CHS 443 History of the Chicano People in California (4)
- POLS 150 Government and American Society (4)
### Science (18 Units)
- **BIOL 180**  Life Science for Elementary Teachers (4)
- **BIOL 181**  Life Science Seminar for Elementary Teachers (2)
- **PSCI 180**  Motion and Energy for Elementary Teachers (3)
- **PSCI 181**  Structure and Properties of Matter for Elementary Teachers (3)
- **PSCI 182**  Topics in Space Science for Elementary Teachers (2)
- **PSCI 183**  Earth Science for Elementary Teachers (4)

### Visual and Performing Arts (12 Units)
- **ART 400**  Elementary Classroom Visual Arts (3)
- **DANC 400**  Creative Dance in the Elementary Classroom (3)
- **MUS 400**  Elementary Classroom Music (3)
- **TA 400**  Creative Drama for the Elementary Classroom (3)

### Physical Education and Health (8 Units)
- **KIN 150**  Fitness and Wellness in Contemporary Society (4)
- **KIN 420**  Development of Physical Activity (3)
- **HS 457**  Health Education for School Teachers (1)

### Human Development (12 Units)
- **CHDV 140**  Child Development (4)
- **CHDV/PSY 343**  Child and Adolescent Cognition (4)
- **CHDV 350**  Social and Emotional Development (4) or
- **SOC 322**  Socialization: Childhood and Adolescence (4)

### Option II: Elementary Subject Matter Teacher Preparation Option (180 units [68 Units, Plus 112 Common Core units])

Students who select this option must complete a total of 180 units to graduate, of which 112 units must be selected in accord with the Elementary Subject Matter Teacher Preparation program Common Core requirements. In addition, students choosing this Option must complete 68 units, which consist of 20 units of required Major area courses, 20 units of required Depth area courses, 20 units for the completion of general education requirements, and 8 units of electives. Students interested in securing a California Multiple Subject Teaching or Special Education Teaching Credential should consult the Charter College of Education section in the Academic Programs: College-Based and University-Wide chapter for the regulations governing all teacher credential programs.

Students completing the requirements of the Common Core, the additional general education requirements listed below, and Option II will have fulfilled all university and general education requirements.

#### Courses for Completion of General Education Requirements for Option II (20 units)

**Block C** - Select one course each from two areas in Block C (No C1) (8)

**Upper Division GE Theme** (12)

**Diversity Requirement:** If not met with the above courses, select 2 diversity courses from general education program

**Major Courses (20 units)**
- **CHS 410**  Chicano Psychology (4)
- **CHS 443**  History of the Chicano People in California (4)
- **CHS/ML312**  Mediterranean and Pre-Columbian Myths in Latin American Literature (4) or
- **CHS/ENGL/PAS 327** Ethnicity and Emotions in U.S. Film (4) or
- **CHS 471**  The History of Chicana/o Education (4)

*Students who take CHS 443 in the core can also count this course in the major.*

### Social Science (Mexican-American Studies) Depth Area (20 units)

- **CHS 405**  The Mexican People as Immigrants (4)
- **CHS 406**  Hispanic Communities in U.S. Society (4)
- **CHS 430**  Chicano Political Behavior (4)
- **CHS 445**  History of the Chicano in Los Angeles (4)
- **CHS 470**  Chicano Educational Issues (4)

### Electives (8 units)

Students who wish to minimize the time needed to complete the preparation program for the Multiple Subject Teaching Credential are advised to focus these electives on professional education courses. In any event, it is strongly recommended that students see both a teaching credential adviser in the Charter College of Education and their academic subject major adviser to plan these electives.

### Option III: Blended Elementary Subject Matter Teacher Preparation Option (198 units [86 units, plus 112 Common Core units])

**Admission**

This Option is available to students who:

- Meet the general university requirements for admission as a first year student or a transfer student; and
- If a transfer student, attain a GPA of at least 2.75 in the last 90 quarter units of coursework.

Students who select this option must complete a total of 198 units to graduate, of which 112 units must be selected in accord with the Elementary Subject Matter Teacher preparation program common core requirements. In addition, students choosing this option must complete 86 units, which consist of 20 units of required major area courses, 20 units of required depth area courses and 46 units of professional education courses. Students interested in securing a California Multiple Subject Teaching or Special Education Internship Credential should consult the Charter College of Education section in the Academic Programs: College-based and University-wide chapter for the regulations governing all teacher credential programs.

Students completing the requirements of the common core and Option III will have fulfilled all university and general education requirements.

#### Major Courses (20 units)

- **CHS 111**  Cultural Diversity and Chicanos (4)
- **CHS 402**  Colonial to Modern Mexican
- **ENGL 489**  American Literature (4)
- **CHS 440**  Chicano Psychology (4)
- **CHS 443**  History of the Chicano People in California (4)
CHS/ML312 Mediterranean and Pre-Columbian Myths in Latin American Literature (4) or
CHS/ENGL/PAS 327 Ethnicity and Emotions in U.S. Film (4) or
CHS 471 The History of Chicana/o Education (4)
*Students who take CHS 443 in the core can also count this course in the major.

Depth Area (20 units)
CHS 405 The Mexican People as Immigrants (4)
CHS 406 Hispanic Communities in U.S. Society (4)
CHS 430 Chicano Political Behavior (4)
CHS 445 History of Chicano in Los Angeles (4)
CHS 470 Chicano Educational Issues (4)

Required Professional Education Courses (46 units)
A minimum 2.75 GPA in the last 90 quarter units attempted is prerequisite to enrollment in EDCI 300AB or EDSP 300. See catalog, Multiple Subject Credential, for additional prerequisites. Students must attain an overall 3.0 GPA in all professional education courses with a minimum C grade in each course. Students should see both a major adviser and a Multiple Subject or Special Education credential adviser regarding completion of the degree and other credential requirements.

Select one of the following emphasis:

A. Multiple Subject Teaching Emphasis (46 units)
(for a Multiple Subject Teaching Credential)

Required Prerequisite Courses (2 units)
EDCI 300 The Teaching Profession: Preparing the Urban Educator (2)

Complete the following 34 units:
EDFN 420 Introduction to Foundations of Urban Learning (2)
(It is recommended that this course be taken during block one)
EDSP 400 Foundations of Special Education (4)
(It is recommended that this course be taken prior to Block Three)

Block One (Must be completed before Block Two)
EDEL 402 Introduction to Classroom Management/Assessment/Instructional Design (4)
EDEL 405 Proseminar: Language Development in the Elementary Classroom (4)

Block Two (Must be completed before Block Three)
EDEL 415 Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDEL 417 Proseminar: Curriculum and Teaching of Mathematics (4)
EDEL 418 Proseminar: Curriculum and Teaching of Science (4)

Block Three (Must be completed before Block Four)
EDEL 416 Proseminar: Curriculum and Teaching of Writing/Language Arts (4)
EDEL 419 Proseminar: Curriculum and Teaching of Social Science (4)

Directed Teaching Credential Requirements (12 Units)
Block Four (Must attend a mandatory directed teaching meeting prior to enrolling in these courses)
EDEL 403B Directed Teaching (10)
EDEL 403C Reflection, Synthesis, and Assessment of Directed Teaching (2)

B. Education Specialist Emphasis (eligibility for a Special Education Internship Credential) (46 units)
Completion of this emphasis and passage of the CBEST qualify students for an Internship Credential with verification of employment from a cooperating school district. For a Preliminary Education Specialist Credential, students must complete the additional credential course work in their area of specialization (i.e., mild/moderate disabilities, moderate/severe disabilities, physical and health impairments or visual impairments). Students must consult a special education credential advisor for specific program requirements.

Complete the following (38 units)
EDSP 300 Introduction to Special Education (2)
EDSP 301 Individuals with Disabilities in Contemporary Society (3)
EDEL 415 Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDEL 417 Proseminar: Curriculum and Teaching of Mathematics (4)
EDSP 407 Directed Teaching in Special Education (5)
EDSP 408 Cognitive and Linguistic Processes in Individuals with Special Needs (4)
EDSP 409 Assessment Strategies and Curricular Modifications for Individuals with Exceptional Needs in Diverse Educational Settings (4)
EDIT 430 Technology and Information Systems in Classrooms (4)
EDFN 440 Schooling in a Diverse, Urban Society (4)
EDSP 400 Foundations of Special Education (4)

Internship Emphasis Requirement: Electives (8)
With approval of a credential advisor, complete 8 units of appropriate course work in the area of specialization.

Option IV: Elementary Subject Matter Teacher Preparation Option: Directed Electives (180 units, of which 102 are in the major)
Option IV, Elementary Subject Matter Teacher Preparation Directed Electives Option, is designed for transfer students and students at CSULA who decide after completing a substantial portion of the regular general education to seek an elementary teaching credential.

This option requires completion of 60 units of General Education at the lower division, 12 units at the upper division and 6 units of Graduation Requirements (i.e., ENGL 102 and either the Introduction to Higher Education or Transition to Cal State L.A.). It also requires 60 units in the major with the remaining 42 units as recommended electives for preparation for the CSET examination. Students who pass the CSET exam will have the option of taking other coursework.

Major courses (60 units)

Breadth Area (select 20 units from the following)
CHS 111 Cultural Diversity and Chicanos (4)*
CHS 112 Cultural Expressions in the Americas (4)
CHS/LAS 255 Diverse Latin American Populations in Southern California (4)
CHS 280 Chicanas and Latinas in Contemporary US Society (4)*
CHS 312 Mediterranean and Pre-Colombian Myths in Latin American Literature (4)
CHS/ENGL/PAS 327 Ethnicity and Emotions in US Films (4)
*These courses are required.
### Minor in Central American Studies

The minor in Central American Studies provides students with an in-depth and cross-disciplinary exploration of Central America, its past and present, and its connections to the United States through globalization and international migration.

A total of 24 units are required. A total of 12 units are constituted by core requirements and the remainder of the units is drawn from elective courses.

#### Requirements for the Minor (24 Units)

**Core Requirements (12 Units)**
- **CHS/LAS 255** Diverse Latin American Populations in Southern California (4)
- **CHS/LAS 404** The Central American Experience in the U.S. (4)
- **HIST 464** Central America Since Independence (4)

**Electives (12 Units)**
Choose one course from each area listed below

#### Area 1: Cultural History
- **ART 447H** The Art of Mesoamerica and the Southwest (4)
- **ANTH 408** Peasant Cultures of Middle America (4)
- **ANTH 429** Maya Civilization (4)
- **SPAN 471** Spanish-American Literature and Original Populations (4)

#### Area 2: Contemporary Realities
- **CHS 406** Hispanic Communities in U.S. Society (4)
- **CHS/LAS/RELS 423** Migration, Identity and Religion (4)
- **CHS 440** Development of Spanish Language in Southwestern U.S. (4)
- **CHS 485** Health and Chicano/Latino Families (4)
- **CHS/LAS 395 or LAS 395** Community Service in Chicano Studies (4)
- **SPAN 431** Spanish American Testimony (4)

#### Area 3: Central America Today
- **GEOG 427** Mexico and Central America (4)
- **ECON 465** Current Issues in Latin American Economies (4)
- **PAS/POLS 456** Politics of the Caribbean and Central America (4)
- **LAS 470** Labor and Social Movements in the Americas (4)

*To be completed with an organization serving Central American populations in Southern California.*

### Minor in Chicano Studies

#### Requirements for the Minor (24 units)

**Lower Division Required Courses (8 units)**
Select two from:
- **CHS 111, 201, 280** and lower division Chicano Studies elective courses.

**Upper Division Required Courses (8 units)**
- **CHS 403, 444**

**Electives (8 units)**
(Select 8 upper division units with adviser approval)

### Minor in Mesoamerican Studies

The minor in Mesoamerican Studies offers students a cross- and interdisciplinary curriculum on the cultures frequently associated with the Aztecs and Mayas, but inclusive of other ancient peoples who populated metropolitan and ceremonial centers such as Teotihuacan and Tula. The fields of study include art history, cave archaeology, colonial ethnography,
and myth narratives read as examples of Mesoamerican "literature," such as the poetry of Ancient Mexico (e.g., Texcoco), and Maya texts, such as the Popol Vuh and the Rabinal Achi, among others.

A total of 24 units in required and elective courses comprise the minor in Mesoamerican Studies.

Requirements for the Minor (24 units)
Upper Division Required Courses (8 units)
ANTH 428   Civilizations of Western Mesoamerica (4) or
ART  447H  The Art of Mesoamerica and the Southwest (4) or
CHS  400   Pre-Columbian Literature of Mexico (4)

Upper Division Electives (16 units)
Students must select one course from each of the four disciplines:

Anthropology
ANTH 428   Maya Civilization (4)
ANTH 454L  Cave Archeology (4)

Art
ART  447H  The Art of Mesoamerica and the Southwest (4)
ART  450H  Art of Colonial Mexico and Guatemala (4)
ART  453   Aztec Art and Culture (4)

The Credential Program
The Bachelor of Arts degree in Mexican-American Studies with Option II satisfies the subject matter requirements for the Multiple Subject CLAD/BCLAD Teaching Credential. For detailed information about these credentials, consult advisers in the department and in the Charter College of Education. Refer to the Charter College of Education section in the Academic Programs: College-based and University-wide chapter of this catalog for regulations governing all credential programs.

Graduate and Postbaccalaureate Programs

Master of Arts Degree in Mexican-American Studies
The Master of Arts degree in Mexican-American Studies is designed for graduate students who wish to pursue advanced study toward the Ph.D. degree; or teach in community colleges, secondary, or elementary schools; or work as professionals in private agencies or government service.

Admission to the Program
Prerequisites to admission are a baccalaureate in Mexican-American Studies or a related field, with at least 20 upper division units in Chicano Studies and a grade point average of 2.75 or above in the last 90-quarter units of work attempted at an accredited institution. Students who lack prerequisite courses must complete them with a B (3.0) average or better.

Requirements for the Degree (45 units)
A total of 45 units is required, with at least 24 units in 500-level courses.

Language Requirement
Candidates for the master’s degree in Mexican-American Studies must demonstrate proficiency in the Spanish language before beginning thesis work or attempting the comprehensive examination by one of the following methods:

- Passing the Foreign Language Reading Examination (ML 901) in Spanish as offered by the Department of Foreign Languages and Literatures and in accordance with the practices of that department or
- Passing a 400-level, four-unit Spanish course with a grade of C or better. This course may not be used as an elective for the master’s degree.

For the full text, please refer to the source document.
## List of Courses (CHS) - Undergraduate Level

### Lower Division Courses

</thead>
<tbody>
<tr>
<td>300</td>
<td>Pre-Columbian Literature of Mexico (4)</td>
<td>Prerequisite: CHS 115. Literary works of Mayan, Nahua, and other pre-Columbian peoples of Mexico, with emphasis on structural and esthetic elements, history of thought, and world view.</td>
</tr>
<tr>
<td>402</td>
<td>Colonial to Modern Mexican American Literature (4) (also listed as ENGL 489)</td>
<td>Study of literary works by Hispanic, Mexican, and Mexican American authors from the colonial era to modern times.</td>
</tr>
</tbody>
</table>

All 400-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser.
403 Contemporary Chicano/a Literature (4)
Prerequisite: CHS 111. Selected literary works by contemporary Chicano and Chicana authors, from the 1960s to the present. Includes a writing assignment that integrates previous studies in the CHS major in a culminating, interdisciplinary project.

404 The Central American Experience in the US (4) (also listed as LAS 404)
Prerequisite: CHS 111 or CHS/LAS 255. Aspects of the Central American experience in the U.S. with emphasis on the transnational connections between the countries of origin and the communities of residence in the U.S.

405 The Mexican People as Immigrants (4)
Prerequisite: CHS 111. Global socioeconomic and political forces that shaped U.S. immigration policies and practices in relation to Mexicans; intra-group relations and social attainments of Mexicans and Mexican Americans in America.

406 Hispanic Communities in U.S. Society (4)
Prerequisite: CHS 111. The Chicano experience studied from the comparative perspective of other Latin Americans in the U.S.: Cubans, Puerto Ricans, Central and South Americans.

408 Comparative Diaspora Studies (4) (also listed as AAAS, PAS, LAS 408)
Prerequisite: Any lower division course in AAAS, PAS, CHS or LAS. The course is a comparative examination of diaspora among principally Africans, Asians and Latin Americans emphasizing the conditions of dispersal, the patterns of settlement, and the formations of global tribes.

409 U.S. Latinos, Culture, and Global Cities (4) (also listed as URBA 409)
Prerequisite: CHS 111 or CHS/LAS 255. Examination of Latino demographic growth and the impact it is having on the culture and design of major American cities and its potential for social and political change.

410 Chicano Psychology (4)
Prerequisite: PSY 150. Chicano community psychology; focus on relationships among individuals and families, groups, complex organizations; social problems and collective behavior.

412 Chicano/a Popular Culture (4)
Prerequisite: CHS 111 or 112. Examination of popular forms and practices grounded in Chicano/a working-class communities, cultures, and everyday life.

420 Mexican and Chicano Folklore (4)
Prerequisite: CHS 111. Mexican and Chicano folklore as a reflection of the cultural, sociopolitical, and historical development of the Chicano community.

422 Chicano/a Film and Video (4)
Prerequisite: CHS 111. Examination of Chicano/a feature-length films, documentaries, short subjects, and experimental media, highlighting the work of Treviño, Portillo, Morales, Gamboa, Varela, España, Vásquez, Marín, Hidalgo-de la Riva, Mendiola, Ávila and Rodríguez.

423 Migration, Identity, and Religion (4) (also listed as LAS 423 and RELS 423)
Examines the role of Theology of Liberation and Evangelical Christianity in the lives of Mexicans and Latin Americans in their home countries as well as immigrants in the US.

430 Chicano Political Behavior (4)
Prerequisite: CHS 111. Socioeconomic and political factors that provide formative framework for unique political behavior patterns characteristically existing in the Chicano community.

432 Chicanos and the War on Drugs (4)
Prerequisite: CHS 111. Study of war on drugs impact on Chicano and Latino community. Examines interest groups and public policy towards U.S. consumer demand for illegal drugs. This course requires service learning.

440 Development of Spanish Language in Southwestern U.S. (4)
Prerequisite: SPAN 200C. Conducted in Spanish. Origin, development, and present characteristics of Spanish language as used in Southwestern U.S.; emphasizes linguistic contributions of various antecedent and contemporary cultures in this area.

443 History of the Chicano People in California (4)
History of the Chicano People in California since the Paleo-Indian past to the post-industrial present. Examined from a national as well as a global context.

444 History of the Chicano People in the United States (4)
Prerequisite: HIST 202A or 202B. Historical development of the Chicano people from settlement until the present, with emphasis on period since 1848.

445 History of the Chicano in Los Angeles (4)
Prerequisite: CHS 111. Historical survey of the Los Angeles Chicano community from settlement until the present.

446 Folkloric Dance: Living History of Mexico and the Southwest (4)
Prerequisites: CHS 115. Folkloric dance as it reflects historical and ethnic experiences of people in Mexico and Southwestern U.S.

450 Research on Community Problems (4)
Prerequisites: CHS 111, ENGL 102*, Satisfactory completion of WPE, and senior standing. Emphasizes special issues of Mexican/Latino communities. This course requires service learning.

460 The Chicano Movement (4) (also listed as HIST 460)
Prerequisite: Upper-division standing. Examines the Chicano Movement of the 1960s and 1970s from an interdisciplinary perspective. Topics include: grassroots, student, and youth activism; antiwar movement; La Raza Unida Party; Chicana feminism, and the Chicano cultural renaissance.

466A Colonial Mexico (4) (also listed as HIST 466A)
Social, political, economic, and cultural history of Mexico from pre-Columbian times to 1810.

466B Building the Mexican Nation (4) (also listed as HIST 466B)
Social, political, economic, and cultural history of Mexico from 1810 to 1910.

466C The Mexican Revolution and its Legacy (4) (also listed as HIST 466C)
Social, political, economic, and cultural history of Mexico from 1910 to the present.

467 Modern Mexico and the Chicano People (4) (also listed as HIST 467)
Prerequisites: CHS 111. Recommended: CHS/HIST 466C. History of modern Mexico and its impact upon the Chicano people from separation from Mexico in 1848 to the present.

468 U.S.-Mexico Borderlands (4)
Prerequisite: CHS 111. Urban and regional development of the U.S.-Mexico border area with particular emphasis on its impact on the Chicano community.
470 Chicano Educational Issues (4)
Prerequisite: Upper division or graduate standing. Examination of the socioeconomic, cultural, and political forces that impact the success and failure of Chicanos in educational institutions. Service learning option is available for this course.

471 The History of Chicana/o Education (4)
Historical overview of Chicana/o education, focused on sociopolitical and economic forces shaping the Chicana/o experiences. Emphasis on the effects of race/gender/class and nativity on the educational system structures and policies.

472 Chicana/o Education: Theory and Research (4)
Prerequisite: CHS 111. Examines educational theories in Chicana/o education that bridges both fields of education and Chicano studies, with emphasis on the traditional and emerging analytical frameworks.

480 Chicana Feminisms and Women’s Movements (4)
Prerequisites: CHS 111, CHS 280, or WOMN 203. Advanced study of Chicana social movement activism and feminist thought, 1960s to present. Comparative analysis of Chicana feminisms with women of color in the U.S. and in a global context.

485 Health and Chicano/Latino Families (4)
Prerequisite: CHS 111. Examines health issues among Mexicans, Chicano, Mexican Americans and other Latin Americans emphasizing the interplay between the political economy, health, family and community.

490 Special Studies (1-4)
Prerequisites: Upper division or graduate standing, permission of instructor. Intensive study of selected areas in Chicano Studies. May be repeated to maximum of 8 units.

499 Undergraduate Directed Study (1-4)
Prerequisites: Eight units in CHS; 2.75 grade point average, upper division or graduate standing; full-time faculty member to serve as sponsor; recommendation of department chairperson. Project selected in conference with sponsor, progress meetings held regularly, and final report submitted. May be repeated to maximum of 8 units.

Graduate Level Courses (CHS)

All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the department and approval of the graduate adviser. Classified graduate standing is required for admission to all 500-level courses.

502 Chicana/o Studies and Contemporary Theory (4)
Development of critical social and cultural theories with emphasis on the production of knowledge about Chicana/o/Latina/o communities.

503 Seminar: Research Methods in Chicano Studies (4)
Analysis of research methods with emphasis on behavioral theory and methodologies applied to special fields of culture, including history, psychology, politics, education, economics, language; current social issues in Chicano/a Latino/a communities.

504 Seminar: Chicano Psychological Issues (4)
Prerequisite: PSY 150 or CHS 410. Selected psychological issues of Chicanos including such topics as cultural psychodynamics, the fully functioning Chicano, special psychological problems, therapy and counseling effectiveness, and social psychological models.

505 Seminar: Chicano Literature (4)
Prerequisite: CHS 403. Literary genres within Chicano literature in relation to the cultural and social context of Chicanos.

506 Seminar: Chicano History (4)
Prerequisite: CHS 444. Advanced study of Chicano historiography readings, reviews, discussions, oral reports, and research proposals.

509 Interdisciplinary Seminar in Chicano Studies (4)
Prerequisite: Advancement to candidacy in master’s degree program. Interdisciplinary investigation and discussion of selected topics in Chicano studies.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Masters Degree section of this chapter.

598 Graduated Directed Study (1–4)
Prerequisite: Consent of faculty sponsor, approved study prior to registration. Directed reading and critical analysis of advanced topics in Chicano Studies. Regular conference with sponsor. May be repeated for credit to maximum of 8 units.

599 Thesis (1–6)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, departmental approval of topic prior to registration. An oral examination about the thesis is required. Must be repeated to total of 6 units. Graded CR/NC.
Department of Child and Family Studies
College of Health and Human Services

DEPARTMENT OFFICE
Engineering and Technology A535
Marlene Zepeda, Chair
Phone: (323) 343-4590
E-mail: cfsdept@calstatela.edu
Website: http://www.calstatela.edu/dept/chld_fa/index.htm

The Department of Child and Family Studies prepares individuals to understand the relationship between theory, research and practice and to apply this knowledge to issues in child and family studies. Students are prepared to think critically about child and family developmental processes by identifying relevant issues, developing practical solutions and applying and disseminating knowledge. The Department prepares specialists in the discipline who seek to improve the quality of life for individuals, children and families.

Child Development, the empirical study of the growth and development of the individual from birth through adolescence, provides a foundation of understanding and skill for students interested in professional careers providing various services to children and families. It prepares students for advanced study of child and family development as well as for professional education courses leading to the Multiple Subject teaching credential and Special Education credentials.

Students with a background in child and family development are able to pursue professional opportunities in many fields other than teaching, including working with children in hospitals; developing social and educational programs outside of schools; working with parents; production of children's films, books, and magazines; educational television; children's toys and educational software; and child advocacy at local, state, and national levels.

The Faculty

Professors: Marlene Zepeda (Chair).
Associate Professor: Valerie C. Kehm.
Assistant Professors: Yafen Lo, Edward Lopez.

Undergraduate Programs

Bachelor of Arts Degree in Child Development

The Bachelor of Arts degree in Child Development includes a choice among four options: Option I, which prepares students to work as administrators in preschools, day care centers or youth agencies or to gain entry into careers with children and families such as child life specialist or parent educator; Option II, a California Commission on Teacher Credentialing-approved Elementary Subject Matter Teacher Preparation program for the California Multiple Subject Teaching Credential. Option III, the Blended Elementary Subject Matter Teacher Preparation program designed for students to complete the undergraduate degree program simultaneously with requirements for either a California Multiple Subject Teaching or Special Education Internship Credential; and Option IV, The Elementary Subject Matter Teacher Preparation Option: Directed Electives. This option is designed for transfer students and students at Cal State, L. A. who decide after completing a substantial portion of the regular general education to seek an elementary school teaching credential.

The total number of units required for the Bachelor of Arts degree in Child Development, Option I, General Option, is 180, of which 100-105 units are in the major depending on specialization selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Students entering the program should plan their course work with a Child and Family Studies adviser. Students seeking a credential should also consult the Charter College of Education. Current information is available in the Child and Family Studies Office and on the Department's web page.

Departmental Honors Program

The child development major includes an honors program for students who have completed at least 16 upper division units in the Child Development core, maintained a minimum 3.5 grade point average, passed the Graduation Writing Assessment Requirement, and are recommended and approved by the Child and Family Studies advisers. Applications are available in the Child and Family Studies office E & T 535.

Requirements for the Major (100-198 units)

Option I, the General Option, requires a core of 68-69 units of lower and upper division courses plus an area of specialization. The Parenting Specialization requires an additional 32 units; the Early Childhood Program Administration Specialization requires an additional 36 units; the Youth Agency Administration Specialization requires an additional 36 units; and the Child Life/Hospitalized Child Specialization requires an additional 33 units. Option I requires a total of 180 units for completion.

Students seeking to combine the study of Child Development with Elementary Subject Matter can satisfy both goals by following either Option II (the Elementary Subject Matter Teacher Preparation Program), Option III (the Blended Elementary Subject Matter Teacher Preparation Program) or
Option IV (the Elementary Subject Matter Teacher Preparation Program: Directed Electives), Option II, The Elementary Subject Matter Teacher Preparation Program, requires 180 units (68 units, plus 112 common core units) for completion.

Option III, the Blended Elementary Subject Matter Teacher Preparation Program requires the completion of 86 additional units (20 units of required Major area courses, 20 units of Depth courses, and 46 units of Professional Education credential requirements). Option III requires a total of 198 units for completion.

Option IV, The Elementary Subject Matter Teacher Preparation Program: Directed Electives, requires completion of 60 units of General Education at the lower division, 12 units at the upper division and 6 units of graduation requirements (i.e., ENGL 102 and either the Introduction to Higher Education, HHS 101, or Transition to Cal State, L.A. course, HHS 301). It also requires 60 units in the major with the remaining 42 units as recommended electives for preparation for the CSET examination. Students who pass the CSET exam will have the option of taking other coursework. Option IV requires a total of 180 units for completion.

Students should plan their programs with careful attention to prerequisites for upper division courses. Some courses that meet general education requirements are included in the core for Option I. Students in this Option should complete these requirements and other general education requirements before proceeding with the major. Completion of either Option II or III will ensure that all general education requirements are met. Students in Option IV are subject to the general education requirements for nonteaching majors.

A grade of C or higher is required in all courses used to meet the major requirements for the elementary subject matter options (Option II, III, and IV).

**Options**

**Option I: General Option (100-105 units)**

**Core Requirements (68-69 units)**

CHDV/SOC 120+ Intimate Relationships (4)
CHDV 140+ Child Development (4)
CHDV 200 Techniques for the Study of Children (4)
CHDV 210 Infant Development (4)
CHDV 220 The Young Child (4) or
CHDV 426 Hospitaled Child/Child Life Program (5)
CHDV 340 Middle Childhood and Adolescence (4)
CHDV 412 Issues in Child Abuse, Neglect and Family Violence (4) or
COUN 460 Laws Relating to the Child and Family (4) or
SW 476+ Child Welfare (4)
CHDV 424 Divorce, Remarriage and Children (4)
CHDV 425 Ethnic Identity and Awareness in Children and Families (4)
CHDV 430 Parent-Child Development Over the Family Life Cycle (4)
CHDV 443 Psychology of Cognitive Development (4)
CHDV 493 Second Language Acquisition in Childhood (4)
CHDV 496 Senior Seminar (4) or
CHDV 497** Senior Honors Thesis (4)
CHDV/492COMM 494 Communication Behavior in Childhood (4) or
COMD 456 Development of Verbal Behavior in Children (4)
NTRS 416 Child Nutrition (4)
EDFN 452 Statistics in Education (4) or
HHS 400 Statistics in Health and Human Services (4)

PSY 150+ Introductory Psychology (4)
* Indicates course meets GE requirement.
+ Students following specialization C should take SW 476.
**Open to Honors Program participants only.

**Areas of Specialization (32-36 units)**

**A. Parenting (32 units)**

**Required Core (28 units)**

CHDV 431 Family Dynamics and Parenting (4)
CHDV 432 Social Dynamics of Parenting (4)
CHDV 433 Approaches to Parent Education (4)
CHDV 434 Group Dynamics for Parent Education (4)
CHDV 435 Parenting in High Risk Situations (4)
CHDV 441 Men, Women, and Children in Transition (4)
CHDV 470 The Family and the Law (4)

**Directed Elective (4 units) with approval of adviser**

**B. Early Childhood Program Administration (36 units)**

CHDV 420 Program Design in Early Childhood (4)
CHDV 422 Administration of Preschool and Day Care Programs (5)
CHDV 428 Administrative Leadership in Early Childhood Programs (5)
CHDV 433 Approaches to Parent Education (4)
CHDV 495 Directed Field Experience (4,2)
EDEL 473 Storytelling For Teachers (4) or
ENGL 430 Children’s Literature (4) or
COMM 490 Studies in Children’s Speech Arts (4)
EDSP 400 Foundations of Special Education (4) or
EDSP 416 Working With Families of Young Handicapped Children (4)
MUS 490 Music for Early Childhood (4) or
ART 435 Exploring the Arts in Early Childhood (4) or
EDEL 432 Teaching Mathematics for Early Childhood (4)

**C. Youth Agency Administration (36 units)**

With careful planning, students can earn the credit certificate in Youth Agency Administration concurrently with this specialization. Interested students should contact the Youth Agency Administration Director, PE 237 (323) 343-4580. The certificate program is described in the section entitled Youth Agency Administration.

**Required Core (16 units)**

SW 370 Field of Social Work (4)
YAA 290 Introduction to Youth Agency Administration (4)
POLS/YAA 467 The Third Sector and Nonprofit organizations (4)
YAA 490 Volunteer Management and Fund Raising (4)

**Required Courses in Related Field (16 units)**

Select one course from each of the following four areas:

**Communications**

COMM 370 Business and Professional Communication (4)
COMM 389 Intercultural Communication in the Urban Environment (4)
COMM 430 Dynamics of Organizational Communication (4)
COMM 489 Intercultural Communication (4)
*SW 372 Social Work Practice I: Communication and Interviewing Skills (4)

*Social Work majors only
### Organizational, Personnel and Fiscal Management
- ACCT 202: Survey of Accounting (4)
- KIN 422: Community Service Learning and Physical Activity Programs (4)
- POLS 466: Public Financial Administration (4)
- POLS 472: Organization and Management (4)
- MGMT 307: Management and Organizational Behavior (4)
- MGMT 469: Project Management (4)
- SW 475: Social Work Practice III: Working with Groups (4)
  
  *Prerequisite: SW 372

### Marketing
- MKT 304: Principles of Marketing (4)
- MKT 453: Marketing for Nonprofit Organizations (4)
  
  *Prerequisite: MKT 304

### Youth and Family
- CHDV 321: Urban families: Contemporary Trends (4)
- CHDV 412: Issues in Child Abuse, Neglect and Family Violence (4)
- ICP 483: Intercultural Proficiency: Diverse Urban Families (4)
- KIN 421: Youth Development and Physical Activity (4)
- SW 476: Child Welfare (4)

### Internship (4 units)
- KIN 495: Directed Field Experience in Community Leadership (4)
- SW 495: Directed Field Experience (4)
- YAA 495: Directed Field Experience (4)
  
  *Social Work majors only

### D. Child Life/Hospitalized Child (33 units)
- MUS 491: Music as Therapy in Human Development (4)
- CHDV 426: Hospitalized Child/Child Life Program (5)
- CHDV 441: Men, Women and Children In Transition (4)
- CHDV 470: The Family And The Law (4)
- EDSP 400: Foundations of Special Education (4)
- NTRS 416: Child Nutrition (4)
- SOC 453: Social Aspects of Death and Bereavement (4)
- COMM 489: Intercultural Communication (4)

### Option II: Elementary Subject Matter Teacher Preparation Option (180 Units [68 units, plus 112 Common Core units])

### Option III: Blended Elementary Subject Matter Teacher Preparation Option (198 Units [86 units, plus 112 Common Core units])

### Common Core Courses for Option II and Option III (112 Units)

#### University Requirements (2 units)
- UNIV 400: Writing Proficiency Examination (WPE) (0 Units)
- HHS 101: Introduction to Higher Education in Health and Human Services (2) or
- HHS 301: Transition to Cal State L.A. for Health and Human Services Majors (2)

(Nota: HHS 101 or HHS 301 must be completed within the first two quarters of enrollment.)

### Reading, Language and Literature (24 units)
- COMM 150: Oral Communication (4)
- ENGL 101: Composition I (4)
- ENGL 102: Composition II (4)
- ENGL 250: Understanding Literature (4) or
- ENGL 258: Mythology in Literature (4)
- ENGL 301: Introduction To Language (4)
- ENGL 430: Children's Literature (4)

### Critical Thinking (4 units)
- COMM 176: Argumentation (4) or
- PHIL 160: Critical Thinking (4) or
- PHIL 250: Introduction to Symbolic Logic (4) or
- POLS 155: Critical Analysis of Political Communication (4)

### Mathematics (12 units)
- MATH 110: Foundations of the Real Number System for Elementary and Middle School Teachers (4)
- MATH 115: Elements of Algebra and Statistics for Elementary and Middle School Teachers (4)
- MATH 225: Explorations in Geometry for Elementary and Middle School Teachers (4)

  *Basic Subject Courses - all basic subjects must be completed within the first 45 units counted toward the baccalaureate degree

### History and Social Science (20 units)
- HIST 110A: World Civilization I (4)
- HIST 110B: World Civilization II (4)
- HIST 202A: United States Civilization (4)
- HIST 488: California (4) or
- CHS 443: History of the Chicano People in California (4)
- POLS 150: Government and American Society (4)

### Science (18 units)
- BIOL 180: Life Science for Elementary Teachers (4)
- BIOL 181: Life Science Seminar for Elementary Teachers (2)
- PSCI 180: Motion and Energy for Elementary Teachers (3)
- PSCI 181: Structure and Properties of Matter for Elementary Teachers (3)
- PSCI 182: Topics In Space Science for Elementary Teachers (2)
- PSCI 183: Earth Science for Elementary Teachers (4)

### Visual and Performing Arts (12 units)
- ART 400: Elementary Classroom Visual Arts (3)
- DANC 400: Creative Dance for the Elementary Classroom (3)
- MUS 400: Elementary Classroom Music (3)
- TA 400: Creative Drama for the Elementary Classroom (3)

### Physical Education and Health (8 units)
- KIN 150: Fitness and Wellness in Contemporary Society (4)
- KIN 420: Development of Physical Activity (3)
- HS 457: Health Education for School Teachers (1)

### Human Development (12 units)
- CHDV 140: Child Development (4)
- CHDV/PSY 343: Child and Adolescent Cognition (4)
- CHDV 350: Social and Emotional Development (4) or
- SOC 322: Socialization: Childhood and Adolescence (4)
Option II: Elementary Subject Matter Teacher Preparation Option (180 units [68 Units, Plus 112 Common Core units])

Students who select this Option must complete a total of 180 units to graduate, of which 112 units must be selected in accordance with the Elementary Subject Matter Teacher Preparation program common core requirements. In addition, students choosing this option must complete 68 units, which consist of 20 units of required major area courses, 20 units of required depth area courses, 20 units for the completion of general education requirements, and 8 units of electives. Students interested in securing a California Multiple Subject Teaching or Special Education Internship Credential should consult the Charter College of Education section in the Academic Programs: College-Based and University-Wide chapter for the regulations governing all teacher credential programs.

Students completing the requirements of the Common Core, the additional general education requirements listed below, and Option II will have fulfilled all university and general education requirements.

Courses for Completion of General Education Requirements for Option II (20 units)
Block C - Select Two Courses from Block C (No C1) (8)
Upper Division GE Theme (12)
Diversity Requirement: If not met with the above courses, select 2 diversity courses from general education program

Major Courses (20 units)
CHDV 200 Techniques for the Study of Children (4)
CHDV 210 Infant Development (4)
CHDV 220 The Young Child (4)
CHDV 340 Middle Childhood and Adolescence (4)
HHS 400 Statistics in Health and Human Services (4)

Human Development Depth Area (20 units)
CHDV 412 Issues in Child Abuse, Neglect, and Family Violence (4) or
COUN 460 Laws Relating to the Child and Family (4) or
SW 476 Child Welfare (4)
CHDV 430 Parent-Child Development over the Family Life Cycle (4)
CHDV 443 Psychology of Cognitive Development (4)
CHDV/COMM 494 Communication Behavior in Childhood (4) or
COMD 456 Development of Verbal Behavior in Children (4)
CHDV 496 Senior Seminar (4) or
CHDV 497 Senior Honors Thesis* (4)

Required Electives (8 units)
LBS 301 Interdisciplinary Investigation (4)

Option III: Blended Elementary Subject Matter Teacher Preparation Option (198 Units [86 units, plus 112 Common Core units])

Admissions
This option is available to students who:

• Meet the general university requirements for admission as a first year student or a transfer student; and
• If a transfer student, attain a GPA of at least 2.75 in the last 90 quarter units of coursework.

Students who select this option must complete a total of 198 units to graduate, of which 112 units must be selected in accord with the Elementary Subject Matter Teacher Preparation program common core requirements. In addition, students choosing this option must complete 86 units, which consist of 20 units of required major area courses, 20 units of required depth area courses and 46 units of professional education courses. Students interested in securing a California Multiple Subject Teaching or Special Education Internship Credential should consult the Charter College of Education section in the Academic Programs: College-Based and University-Wide chapter for the regulations governing all teacher credential programs.

Students completing the requirements of the common core and Option III will have fulfilled all university and general education requirements.

Major Courses (20 units)
CHDV 200 Techniques for the Study of Children (4)
CHDV 210 Infant Development (4)
CHDV 220 The Young Child (4)
CHDV 340 Middle Childhood and Adolescence (4)
HHS 400 Statistics in Health and Human Services (4)

Human Development Depth Area (20 units)
CHDV 430 Parent-Child Development over the Family Life Cycle (4)
CHDV 443 Psychology of Cognitive Development (4)
CHDV/COMM 494 Communication Behavior in Childhood (4) or
COMD 456 Development of Verbal Behavior in Children (4)
CHDV 496 Senior Seminar (4) or
CHDV 497 Senior Honors Thesis* (4)
PHIL/ANTH 385 Measurement of Human Difference (4)

*Open only to Child Development Honors Program participants.

Required Professional Education Courses (46 units)
A minimum GPA of 2.75 in the last 90 quarter units is prerequisite to enrollment in EDCI 300 or EDSP 300. See Catalog, Multiple Subject Credential, for additional prerequisites. An overall 3.0 GPA must be attained in all Professional Education courses with a minimum grade of “C” in each course. Students should see both a major adviser and a multiple subject or special education credential adviser regarding completion of the degree and other credential requirements.

Select one of the following emphases:

A. Multiple Subject Teaching Credential Emphasis (46 units)
(for a Multiple Subject Teaching Credential)

Required Prerequisite Courses (2 Units)
EDCI 300 The Teaching Profession: Preparing the Urban Educator (2)
Complete the following 34 units:
EDFN  420   Introduction to Foundations of Urban Learning (2)
(It is recommended that this course be taken during Block One)
EDSP  400   Foundations of Special Education (4)
(It is recommended that this course be taken prior to Block Three)

Block One (must be completed before Block Two)
EDCI  402   Introduction to Instructional Design, Assessment, and Classroom Management (4)
EDEL  405   Proseminar: Language Development in the Elementary Classroom (4)

Block Two (must be completed before Block Three)
EDEL  415   Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDEL  417   Proseminar: Curriculum and Teaching of Mathematics (4)
EDEL  418   Proseminar: Curriculum and Teaching of Science (4)

Block Three (must be completed before Block Four)
EDEL  416   Proseminar: Curriculum and Teaching of Writing/Language Arts (4)
EDEL  419   Proseminar: Curriculum and Teaching of Social Science (4)

Directed Teaching Credential Requirements (12 units)
Block Four (must attend a mandatory directed teaching meeting prior to enrolling in these courses)
EDEL  403   Directed Teaching: Multiple Subject (10)
EDEL  403C  Reflection, Synthesis, and Assessment of Directed Teaching (2)

B. Education Specialist Emphasis
(Eligibility for a Special Education Internship Credential) (46 units)
Completion of this Emphasis and passage of the CBEST qualify students to be eligible for an Internship Credential with verification of employment from a cooperating school district. For a Preliminary Education Specialist Credential, students must complete the additional credential course work in their area of specialization (i.e., mild/moderate disabilities, moderate/severe disabilities, physical and health impairments or visual impairments). Students must consult a special education credential adviser for specific program requirements.

Complete the following:
EDSP  300   Introduction to Special Education (4)
EDSP  301   Individuals with Disabilities in Contemporary Society (3)
EDEL  415   Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDEL  417   Proseminar: Curriculum and Teaching of Mathematics (4)
EDSP  408   Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (4)
EDSP  407   Directed Teaching in Special Education (5)
EDSP  409   Assessment for Individuals with Exceptional Needs in Diverse Educational Settings (4)
EDIT  430   Information Technologies in the Classroom (4)
EDFN  420   Introduction to Foundations of Urban Learning (2)
EDSP  400   Foundations of Special Education (4)

Internship Emphasis Requirement:
Electives (8 units)
With approval of a credential adviser, complete 8 units of appropriate course work in the area of specialization.

Option IV: Elementary Subject Matter Teacher Preparation Option: Directed Electives (180 units, of which 102 are in the major)
Option IV, the Elementary Subject Matter Teacher Preparation Option: Directed Electives requires completion of 60 units of general education at the lower division, 12 units at the upper division and 6 units of graduation requirements (i.e., ENGL 102 and either the Introduction to Higher Education or Transition to Cal State L.A. course). It also requires 60 units in the major with the remaining 42 units as recommended electives for preparation for the CSET examination. Students who pass the CSET exam will have the option of taking other coursework.

Major courses (60 units)
Breadth Area (28 units)
CHDV  140   Child Development (4)
CHDV  200   Techniques for the Study of Children (4)
CHDV  210   Infant Development (4)
CHDV  220   The Young Child (4)
CHDV  340   Middle Childhood and Adolescence (4)
CHDV  350   Social and Emotional Development (4)
HHS  400   Statistics in Health and Human Services (4)

Depth Area (32 units)
CHDV  412   Issues in Child Abuse, Neglect and Family Violence (4)
CHDV  424   Divorce, Remarriage and Children (4)
CHDV  425   Ethnic Identity and Awareness in Children and Families (4)
CHDV  430   Parent-Child Development Over the Family Lifecycle (4)
CHDV  443   Psychology of Cognitive Development (4)
CHDV  492   Communication Behavior in Childhood (4)
CHDV  493   Second Language Acquisition in Childhood (4)
CHDV  496   Senior Seminar (4) or
CHDV  497** Senior Honors Thesis (4)
**Open to honors program participants only

Directed Electives (42 units)
With advisor approval, students select 42 units from the following courses which are designed to strengthen the student's preparation for the CSET examination. Students who have passed one or more subtests of the CSET may take, with advisor approval, other courses as electives.

1. Science and Mathematics
MATH  110   Foundations of the Real Number System for Elementary and Middle School Teachers (4)
MATH  115   Elements of Algebra and Statistics for Elementary and Middle School Teachers (4)
MATH  225   Explorations in Geometry for Elementary and Middle School Teachers (4)
BIOL  180   Life Science for Elementary Teachers (4)
PSCI  180   Motion and Energy for Elementary Teachers (3)
PSCI  181   Structure and Properties of Matter for Elementary Teachers (3)
PSCI  182   Topics in Space Science for Elementary Teachers (2)
PSCI  183   Earth Science for Elementary Teachers (4)

2. Reading, Language, and Literature, History and Social Science
HIST  488   California History (4) or
requirements before admission to the program. These include:

In addition to the University requirements for admission to the Master of Arts degree in Child Development strengthens leadership positions as child development specialists. Students pursuing careers in family law, health, media services, nursing, psychology, speech, or urban studies, among others would find this minor useful for their careers. A total of 36 units is required for this minor. Prerequisites are required for some courses; students should consult with an adviser.

Minor in Child Development

The minor in Child Development provides a foundation for students majoring in other disciplines who wish to increase their understanding and knowledge about child and family development. Students pursuing careers in family law, health, media services, nursing, psychology, speech, or urban studies, among others would find this minor useful for their careers. A total of 36 units is required for this minor. Prerequisites are required for some courses; students should consult with an adviser.

Certificate Program

The Child Development degree offers course work acceptable toward fulfillment of requirements for the interdisciplinary credit certificate program in Child Maltreatment and Family Violence offered by the College of Health and Human Services. Please contact the department office for further information.

Certificate Program for Parent Educators

The program is designed to help individuals from varied backgrounds master the skills necessary to be qualified parent educators. Please contact the department office for further information. This certificate program is also available through Extended Education, (323) 343-4900, for nonmatriculated students.

The Credential Program

Option II in the B.A. degree in Child Development described earlier in this section, has been approved by the California Commission on Teacher Credentialing for waiving the MSAT examination for the Multiple Subject Teaching Credential. Students who fulfill the requirements for the Multiple Subject credential by completing the Child Development major are also eligible for the BCLAD credential if they meet the following additional requirements:

- Demonstrate spoken and written fluency in the Spanish language.
- Demonstrate knowledge of and sensitivity to the culture of Latino children.

Students should consult advisers in both the Child Development office and the Charter College of Education. Refer to the Charter College of Education section in the Academic Programs: College-based and University-wide chapter of this catalog for regulations governing all teaching credential programs.

Graduate and Postbaccalaureate Programs

Master of Arts Degree

The Master of Arts degree in Child Development strengthens professional competence and prepares individuals for various leadership positions as child development specialists. Students may coordinate degree requirements with those for the Multiple Subjects and Special Education Credentials, or the Early Childhood Special Education Credential Program.

Admission to the Program

In addition to the University requirements for admission to graduate study, applicants must satisfy specific departmental requirements before admission to the program. These include:

- Baccalaureate in child development or a closely related academic field from a fully accredited college or university.
- Minimum grade point average of 2.85 in the last 90 quarter units.
- Two letters of recommendation and a written statement of intent.
- Completion of the department application form, including a writing sample.

Students without a baccalaureate in child development or a closely related field must complete a 27-unit prerequisite program before being admitted to the child development master’s degree program. Further information is available in the Child and Family Studies office.

After receiving conditionally classified graduate standing in the University, students must meet with a Child Development graduate adviser prior to the first quarter of attendance. All department requirements and forms will be discussed at this time. Students must apply to the department at least one quarter prior to beginning the graduate program.

Requirements for the Degree (45 units)

A total of 45 units is required, with at least 28 in 500-level courses.

Required Core (28 units)

Completion of the GWAR (Graduation Writing Assessment Requirement) is a prerequisite to enrolling in CHDV 500, 501, 502 and 503.
Instructor. Theoretical and empirical bases for understanding. The following courses, taught by the Child Development program, are offered in the Charter College of Education and a child development credential or an Early Childhood Special Education Credential is essential. Students also seeking a Multiple Subject Credential should select electives in consultation with a graduate adviser to give meaningful support to their professional goals. The development of an individualized interdisciplinary program is essential. Students must select electives in consultation with a graduate adviser in the Charter College of Education and a child development graduate adviser.

Electives (11–17 units)

Students must select electives in consultation with a graduate adviser to give meaningful support to their professional goals. The development of an individualized interdisciplinary program is essential. Students also seeking a Multiple Subject Credential or an Early Childhood Special Education Credential should select electives in consultation with a credential adviser.

List of Courses (CHDV) - Undergraduate Level

Lower Division Courses

120 Intimate Relationships in Our Diverse Society (4) (also listed as SOC 120)
Principles of interaction in intimate relationships in our diverse society. Understanding and valuing diversity and similarity (gender, ethnicity, class, etc.) in achieving intimacy. Developing knowledge/skills for dealing with relationship issues. GE E

140 Child Development (4)
Study of the whole child from conception to adolescence in a dynamic set of diverse contexts; examination of the interaction among biological, social/cultural, and psychological domains from a developmental perspective. Some sections may use technologically mediated instruction. GE D

154 L,P Selected Topics in Child Development (1–4)
Prerequisites: As needed for specific topic. Special topics of interest to students in child development as announced in The Schedule of Classes. May be repeated as subject matter changes.

200 Techniques for the Study of Children (4)
Prerequisite: Completion of CHDV 140 with a grade of C or better or by consent of instructor. Overview of the methods used to study children, with an emphasis on the use of observational techniques in early childhood settings. Observation required weekly.

210 Infant Development (4)
Prerequisite: CHDV 200 with grade of C or better. Theory and dynamics of physical (including brain), perceptual, cognitive, language, personality and social emotional development from conception to 2 1/2 years. Issues surrounding the quality of center-based care for infants and toddlers will be surveyed. Lecture 3 hours, activity 3 hours.

220 The Young Child (4)
Prerequisite: CHDV 210 with a grade C or better, or consent of instructor. Theoretical and empirical bases for understanding the child from 2 1/2 to 5 years. Lecture 3 hours, participation with children in supervised setting 3 hours.

Upper Division Courses

321 Urban Families: Contemporary Issues (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Examining the role of diversity in dynamic interactions between culturally diverse families and other institutions in urban environments. Processes of resolving tensions between family values/goals/needs and urban demands.

340 Middle Childhood and Adolescence (4)
Prerequisites: CHDV 200 with a grade of C or better or consent of the instructor. Theoretical and empirical bases for understanding children from 6 to 18 years. Some sections (identified in the class schedule) are service learning and require that time be spent each week in a community agency.

343 Child and Adolescent Cognition (4 units) (also listed as PSY 343)
Prerequisites: CHDV 140 with a grade of C or better. Cognitive changes from birth to adolescence. Analysis of major theories of cognitive development. Cognitive processes examined include memory, language, problem solving, social cognition, intelligence, symbolic thinking, reading, writing, math, and technology.

350 Social and Emotional Development (4 units)
Prerequisite: CHDV 140 with a grade of C or better. Study of social and emotional development from birth through adolescence; the self; emotion regulation and expression; peer, parent-child, and early romantic relationships; interpersonal skills; moral development; risk and resilience.

400 Level Courses

With graduate adviser approval, appropriate 400-level courses in Child Development-related disciplines may be applied toward requirements for the master's degree.

412 Issues in Child Abuse, Neglect, and Family Violence (4)
Overview of legal, health, social, psychological, educational, and cultural meaning of child maltreatment and family violence; field observations at appropriate agencies and sites.

Comprehensive Examination or Thesis or Project (0, 6 units)
CHDV 596 Comprehensive Examination (0) or CHDV 599 Thesis or Project (1-6)
A comprehensive examination or a thesis or project is required for the master's degree. Students should expect to take the comprehensive examination (CHDV 596) the quarter they complete all course work on their program or thereafter and must comply with College and departmental requirements. A thesis or project, in lieu of the comprehensive examination, may be undertaken upon approval by a child development faculty committee.
420 Program Design in Early Childhood (4)  
Prerequisites: CHDV 220. Introduction to the historical, social background, connection between philosophy and application of various early childhood programs and approaches.

422 Administration of Preschool and Day Care Programs (5)  
Prerequisite: CHDV 220 or 426 with grade of C or better. Organization and management of finances, staff, equipment, physical space, and programs. Fulfills partial requirements for the site supervisor child development permit for administrators of early childhood programs. Lecture 4 hours, activity 2 hours.

424 Divorce, Remarriage and Children (4)  
Prerequisites: CHDV/SOC 120, CHDV 140. Impact of divorce and remarriage on children through the life cycle. Family systems dynamics, stress, conflict, custody, visitation, attachment issues, support networks, and coping.

425 Ethnic Identity and Awareness in Children and Families (4)  
Prerequisite: CHDV 340 or PSY 412B. Children’s development of ethnic identity and awareness; transmission of differing cultural patterns within family systems and social institutions; working with issues of prejudice, stereotyping, and ethnic pride.

426 Hospitalized Child/Child Life Program (5)  
Prerequisites: CHDV 200 with grade C or better; extensive experience in preschool setting or CHDV 220 with grade C or better. Working with hospitalized children from a non-medical perspective; interaction and activity planning; play therapy. Activity six hours in hospital setting.

428 Administrative Leadership in Early Childhood Programs (5)  
Prerequisites: CHDV 220 and CHDV 422 with a grade of C or permission of instructor. Examination of leadership and administrative skills necessary to hold supervisory positions in early childhood programs; fulfills partial requirements for the Site Supervisor and Program Director Child Development Permits for administrators of early childhood and child development programs.

430 Parent-Child Development Over the Family Life Cycle (4)  
Prerequisite: CHDV 200 with grade C or better. Interplay of personal and family developmental cycles; developmental tasks of parents, children, and mutual tasks; congruence and differences.

431 Family Dynamics and Parenting (4)  
Prerequisites: CHDV 200, CHDV/SOC 120. Dynamics of family system over generations; impact of family systems dynamics on parents and parent-child relationships; dynamics of communication, cohesion, games, triangles, individualization, and role reversal.

432 Social Dynamics of Parenting (4)  
Prerequisites: CHDV 200, CHDV/SOC 120. Influence of ethnicity, religion, social class, family size, timing of parenting, divorce, peer groups, schools, work, and other diverse social environmental factors on parenting dynamics.

433 Approaches to Parent Education (4)  
Prerequisites: CHDV 200, CHDV/SOC 120. Various approaches to parenting; popular literature and media about parenting; uses of popular literature by parent-educators to empower parents; social, developmental, behavioral, and psychological models.

434 Group Dynamics for Parent Education (4)  
Prerequisite: instructor consent. Culminating course in Parent Educators certificate program. Dynamics of parenting groups, especially didactic and growth models; group leadership, composition, goals, cohesion, and processes; placement in ongoing parenting group. Lecture 2 hours, laboratory 6 hours.

435 Parenting in High Risk Situations (4)  
Prerequisites: CHDV 200, CHDV/SOC 120. Analysis of multiproblem families focusing on parenting in difficult situations: teen parents, drugs and alcohol problems, gangs, chronic illness, divorce, death, family violence, mental illness, and parental empowerment.

437 Families, Children and Crisis (4)  
Prerequisites: CHDV/SOC 120, CHDV 140. Models of family stress/crises including family systems and family management theories; developmental aspects of stress/crises for families and children; individual, family and community resources.

441 Men, Women and Children in Transition (4)  
Prerequisite: CHDV 431. Examination of changes in the lives of men, women and children within the family context due to political, social, and economic systems; public policy and advocacy for children and families.

443 Psychology of Cognitive Development (4)  
Prerequisites: Completion of CHDV 200 and 220 with a grade of C or better or by consent of the Child and Family Studies Department. This course surveys current theories and research in cognitive development. Topics include, but are not limited to, developmental changes in memory, perception, language, conceptual organization and logical reasoning.

454L,P Special Topics in Child Development (1-4)  
Prerequisite: Varies with specific topic. Current topics of special interest to CHDV students as announced in The Schedule of Classes. May be repeated for 12 units of credit as subject matter changes.

470 The Family and the Law (4)  
Prerequisite: Senior standing. Examination of family interaction with the U.S. legal system; emphasis on husband-wife and parent-child legal relationships, rights, and responsibilities.

492 Communication Behavior in Childhood (4)  
(also listed as COMM 494)  
Prerequisites: Completion of CHDV 200 with a grade of C or better, or by consent of instructor. Oral language and communicative behavior in children; studies in speech and language experiences basic to development of communication skills competence.

493 Second Language Acquisition in Childhood (4)  
Prerequisites: CHDV492 with a grade of C or better or by consent of instructor. Theory and empirical research on second language acquisition in children from birth to 5 years; simultaneous and sequential bilingualism; psychological, sociocultural, and linguistic factors related to second language development.

495 Directed Field Experience (4, 2)  
Prerequisite: Departmental approval. Supervised experience in preschool settings or early childhood program. May be repeated to 8 units. CR/NC.
496 Senior Seminar (4)
Prerequisites: Completion of 135 units; satisfactory completion of the Graduation Writing Assessment Requirement (GWAR). CHDV 210, CHDV 220, CHDV 443, CHDV 492/COMM 494 or COMD 456; all prerequisites must have a grade of C or better. Examination of the major issues, themes, theories and research findings in child development with an emphasis on their relationship to each other.

497 Senior Honors Thesis (4)
Prerequisites: Completion of 135 units; satisfactory completion of the Graduation Writing Assessment Requirement (GWAR); CHDV 210, CHDV 220, CHDV 443, CHDV 492/COMM 494 or COMD 456; all prerequisites must have a grade of C or better; admission to Child Development honors program. Integration of theory, research, and practice through reading of current topics in child development and writing of honors thesis under supervision of honors adviser; approval and regular consultation with adviser required.

499 Undergraduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Project selected in conference with sponsor before registration; progress meetings held regularly. May be repeated for 12 units of credit.

Graduate Level Courses (CHDV)

With graduate adviser approval, appropriate 400-level courses in Child Development-related disciplines may be applied toward requirements for the master's degree. Classified graduate standing is required for admission to all 500 level courses

500 Studying Children: Theories and Methods (4)
Prerequisite: Satisfactory completion of the GWAR. The foundation of graduate level study of children; major theories of child development; issues and methods in current research.

501 Infants and Toddlers—Development and Care (4)
Prerequisite: Satisfactory completion of the GWAR. Physical, cognitive, affective development, birth–30 months; environmental, cultural influences. Lecture 3 hours, laboratory 3 hours.

502 Children under Transitory Stress (4)
Prerequisite: Satisfactory completion of the GWAR. Normal infants' and young children's efforts to cope with physical, situational stresses such as short-term hospitalization, death, serious illness, separation from family, divorce, birth of sibling. Lecture 3 hours, laboratory 3 hours.

503 Working with Parents (4)
Prerequisite: Satisfactory completion of the GWAR. Parent education trends: theory, dynamics, implementation, programs, research, and community resources. Lecture 3 hours, laboratory 3 hours.

504 Research Methods in Child and Family Studies (4)
Prerequisites: Statistics course and CHDV 500. Current research issues about children and families; ways of studying children and families: observation, interviews, questionnaires, testing; ethical issues; development and implementation of pilot research study.

505 Selected Topics in Current Issues and Research in Child Development (4)
Prerequisite: CHDV 504. In-depth study of selected topics related to current issues and research in child development.

529 Seminar: Child and Family Development (3)
Prerequisite: Upper division child/family course. Child and family development, integrating developmental research and theory.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Masters Degree section of this chapter.

598 Graduate Directed Study (1–4)
Prerequisites: CHDV 501, 502, 503; instructor consent to act as supervisor. Independent directed study of advanced topics in the field of child development; regular conferences with instructor. May be repeated to maximum of 8 units.

599 Thesis or Project (1–6)
Prerequisites: CHDV 505; advancement to candidacy; instructor consent to act as adviser; approval of topic prior to registration for thesis or project. Independent research resulting in thesis or project. Must be repeated to maximum of 6 units. Graded CR/NC.
Civil Engineering is the broadest of the engineering disciplines, extending across many technical specialties, specialties that are not independent but interact with each other. Civil engineers plan, design, and supervise the construction of facilities that vary widely in nature, size and scope: space satellites and launching facilities, offshore structures, bridges, buildings, tunnels, highways, transit systems, dams, airports, irrigation projects, treatment and distribution facilities for water and collection and treatment facilities for wastewater.

In addition to facility design and construction, civil engineers also have options to teach and to participate in research. As you develop your skills, you will have the opportunity to move into the area of engineering management, overseeing the completion of entire projects.

The Faculty

Professors: Hassan Hashemian, Irving Kett, Rupa P. Purasinghe (Chair), Narendra B. Taly, Mark R. Tufenkjian.

Associate Professor: Crist S. Khachikian.

Bachelor of Science

Degree in Civil Engineering

The civil engineering program provides instruction in the basic sciences and in engineering analysis and design. Areas of interest within civil engineering include: environmental and sanitary engineering, geotechnical engineering, highway and transportation engineering, hydraulics and hydrology, ocean engineering, and structural analysis and design.

The program leading to the Bachelor of Science degree in Civil Engineering is accredited by the Engineering Accreditation Commission of ABET, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012; Telephone (410) 347-7700. All accredited programs are required to provide the following minimum level of instruction: one year of mathematics and basic sciences; one and one-half years of engineering science and design (engineering topics); and one-half year of humanities and social sciences.

The total number of units required for the Bachelor of Science degree in Civil Engineering is 193 units, of which 145 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Upper Division Electives (17 units)
Select a coherent program of 16 units lecture and design electives, which may include a maximum of 4 units from related fields with departmental approval, plus 1 unit of laboratory electives. A minimum of 8 units must be selected from the group designated as design electives. A minimum of 12 units in upper division electives must be taken in residence at Cal State L.A.

Design Electives: (8-16 units)
CE 461, 462, 463, 465, 467, 471, 472

Lecture Electives: (0-8 units)
CE 365, 387, 402, 460, 474, 475, 483, 484, 485, 486

Electives from Related (0-4 Units)
Laboratory Electives: (1 unit)
CE 372, 381, 382, CE/ME 413, 473
ME 412
CE 499

Graduate and Postbaccalaureate Programs

Master of Science
Degree in Civil Engineering
The Master of Science degree in Civil Engineering at Cal State L.A. is structured to prepare students for advancement in employment with opportunities in design, research, and development, as well as for further study at the doctoral level. Classes are offered year-round on the quarter system to accommodate the needs of working professionals.

Requirements for the Degree (45 units)
A total of 45 units are required, with at least 24 in 500-level courses. A thesis or comprehensive examination is required. The advice and approval of a civil engineering graduate adviser must be obtained before enrolling in any course.

Area of Specialization (24–41 units)
Select a minimum of 24 units in 500-level engineering courses. At least 20 units must be in civil engineering courses from the following list, must be in a coherent group of courses that fulfills the student’s objectives, and must have the approval of adviser and department chair.

CE 560 Structural Mechanics III (4)
CE 561 Advanced Steel Design (4)
CE 562 Reinforced Concrete Design II (4)
CE 563 Matrix Computer Analysis of Structures (4)
CE 564 Numerical Methods in Structural Analysis (4)
CE 565 Dynamics of Structures (4)
CE 566 Soil Mechanics II (4)
CE 567 Foundations II (4)

Area of Specialization (Cont'd)
CE 569 Earth Structures (4)
CE 570 Soil Dynamics (4)
CE 571 Highway Design (4)
CE 572 Plates and Shells (4)
CE 574 Traffic Flow Analysis (4)
CE 575 Urban Transportation Planning (4)
CE 577 Bridge Engineering (4)
CE 579 Environmental Mass Transfer (4)
CE 580 Environmental Transport (4)
CE 581 Modeling Techniques in Hydraulic Engineering (4)
CE 582 Statistical Hydrology (4)
CE 583 Hydrology II (4)
CE 586 Open Channel Hydraulics (4)
CE 587 Hydraulics II (4)
CE 588 Hydraulic Structures (4)
CE 589 Coastal Engineering (4)

Electives in Civil Engineering (0–17 units)
Select from 400- and 500-level courses.

Electives in Related Fields (4–21 units)
Select a minimum of 4 units, other than in civil engineering, related to this program. MATH 402A (4 units) must be included in these electives unless already completed.

Comprehensive Examination or Thesis (0, 4 units)
CE 596 Comprehensive Examination (0) or
CE 599 Thesis (4)
Students who select the comprehensive examination (CE 596) should expect to take it the quarter they complete all courses work on their program, and must comply with college and departmental requirements.

List of Courses (CE) – Undergraduate Level

Lower Division Courses
154 Special Topic in Civil Engineering (1-4)
Prerequisites: Instructor consent and as needed for specific topic. Current topics of special interest to students in engineering, as announced in the Schedule of Classes. May be repeated to maximum of 8 units.

190 Introduction To CAD (1)
Prerequisite: MATH 103. Use of computers in 2 and 3 dimensional drafting and pictorial representation using CAD software. Computer graphics fundamentals and descriptive geometry. Laboratory 3 hours.

195 Civil Engineering Design I (4)
Prerequisites: CE 190, CE 202, PHYS 211. Introduction to civil engineering design including problem identification, data gathering, analysis, feasibility study, alternative design, decision making and communication. Lecture 2 hours, Laboratory 2 hours.

201 Statics (4)
(also listed as ME 201)
Prerequisites: MATH 207, PHYS 211. Fundamental principles of statics, resolution and composition of forces, algebraic and graphic solutions, friction, center of gravity, moment of inertia.

202 Plane Surveying (4)
Prerequisite: MATH 103 or satisfactory score on mathematics placement test. Principles and practices of measurement of distances, directions, and elevations; care and use of level, transit, plane table; mapping practice, and symbols. Lecture 2 hours, laboratory 6 hours.
205 Strength of Materials I (4)
(also listed as ME 205)
Prerequisite: CE/ME 201. Stresses and strains under axial, shearing, and torsional forces; flexural stresses and deflections of simple beams; columns; and combined stresses.

208 Statics and Strength of Materials (4)
(also listed as ME 208)
Prerequisites: MATH 207, PHYS 211. Principles of statics, force systems and equilibrium, structures, machines, distributed force, centroid, moment of inertia, stresses, strains, and deformations under axial, torsional, and bending loads. For Electrical Engineering students only.

210 Matrix Algebra for Engineers (2)
(also listed as ME 210)
Prerequisite: MATH 208. Introduction to calculations using vectors; matrix operation; solution of linear simultaneous equations; coordinate transformation; application to engineering problems.

211 Statistics and Probability for Engineers (2)
(also listed as ME 211)
Prerequisite: MATH 208. Introduction to calculations using probability distributions and densities; concepts in statistics; application to engineering problems.

220 Our Oceans and Our Future (4)
The engineering aspects of ocean environment, its effect on humankind, and our future. Intended for all majors. GE B3

290 Numerical Methods for Engineers (3)
Prerequisite: CE/ME 210. Applied numerical methods for engineers with microcomputer applications. Lecture 2 hours, laboratory 1 hour.

Upper Division Courses

303 Fluid Mechanics I (4)
(also listed as ME 303)
Prerequisite: PHYS 212. Fundamental principles and methods of fluid mechanics; thermodynamics of fluid flow; Newtonian fluids; equations of fluid flow; laminar and turbulent flow; applications.

306 Communication for Civil Engineers (3)
Prerequisites: Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR), COMM 150. Exposure to key communication skills encountered in civil engineering practice. Integration of oral and written communication skills centered around a civil engineering design project. Individual and team assignments. Lecture 2 hours, laboratory 3 hours.

312 Strength of Materials Laboratory I (1)
(also listed as ME 312)
Prerequisites: CE/ME 205 (may be taken concurrently). Tests of engineering materials in tension, compression, bending, and torsion; verification by experiment; basic theories learned in strength of materials. Laboratory 3 hours.

313 Fluid Mechanics Laboratory I (1)
(also listed as ME 313)
Prerequisites: CE/ME 303. Experiments on fluid properties, fluid statics, conservation of mass, energy, and momentum, and fluid resistance. Laboratory 3 hours.

320 Dynamics I (4)
(also listed as ME 320)
Prerequisite: CE/ME 201. Kinematics and kinetics of rigid bodies; work, kinetic energy, impulse, momentum in two and three dimensions; applications to space mechanics.

352 Technological Aspects of Urban Environment (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Current engineering practice in dealing with urban problems such as financial, transportation, pollution, communications, public utilities, land use planning and public health. Not acceptable for engineering technical elective credit. GE Theme D

358 Environment, Earth Systems and Technology (4)
(also listed as GEOG 358)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Consider the role of technology in the changing relationships between human societies and their environment; studies the impact of the agricultural, industrial and information revolutions on natural systems and sustainability. GE Theme G

360 Structural Mechanics I (4)
Prerequisite: CE/ME 205. Analysis of determinate structures: beams, frames, and cables. Introduction to influence lines and analysis of indeterminate structures.

361 Introduction to Structural Design (4)
Prerequisites: CE 195, CE 360. Loads on buildings and load distribution in framed structures, codes and specifications, design of simple beams, columns and tension members made from steel, concrete, and timber.

364 Concrete Laboratory (1)
Prerequisites or corequisites: CE 361, CE/ME 312. Physical tests of cement, concrete aggregates, tensile strength test of cement, proportioning of concrete mixtures, slump test, compressive and flexural strength tests. Laboratory 3 hours.

365 Specifications and Cost Estimating (4)
Prerequisite: Senior standing in engineering. Building specifications and codes, estimating costs, materials handling and transport, excavation, concrete, wood, masonry, and steel construction.

366 Soil Mechanics I (4)
Prerequisites: CE/ME 205; prerequisite or corequisite: CE/ME 303. Physical and mechanical properties of soils, classifications, permeability, seepage, capillarity, consolidation, settlement, stresses, pressures, strength theories, and testing methods.

368 Soil Mechanics Laboratory (1)
Prerequisites: CE 366, CE/ME 312. Physical properties of soils, soil classification, mechanical analysis, permeability, shearing strength, and consolidation tests. Laboratory 3 hours.

370 Transportation Engineering (4)
Prerequisites: CE 202, CE/ME 210, 211. Fundamental principles for analysis, planning, design, and operation of transportation systems.

372 Asphalitic Materials Laboratory (1)
Prerequisite: CE/ME 312. Laboratory tests on asphalt cement and aggregates; design of asphaltic mixtures; proportioning of asphalt cement and aggregates; preparation of test specimens. Laboratory 3 hours.

381 Computer Aided Design Laboratory (1)
Prerequisites: CE 303, 361, 370. Use of computer-aided visualization, comprehension and graphical representation in planning and design of civil engineering projects.
382 Computer Aided Structural Analysis, Design and Experimentation Laboratory (1)
Prerequisites: CE/ME 312, CE 361. Computer aided structural analysis and design using structural simulation software as encountered in practice. Computer aided structural experimentation and comparison of experimental results with structural analysis software. Laboratory 3 hours.

384 Introduction to Environmental Engineering (4)
Prerequisites: CE/ME 303, CHEM 101. Introduction to environmental engineering; environmental and ecological systems; physical, chemical, and biological processes; water and wastewater treatment; air pollution; solid and hazardous wastes; regulations and impact assessment.

386 Design of Water Resources Systems (4)
Prerequisites: CE 195, CE/ME 303. Develops of water resources and demand of water, availability of water, storage and control structures, conveyance system, and drainage system.

387 Hydraulics I (4)
Prerequisite: CE/ME 303. Introduction to open channel flow, gradually varied flow, hydraulic machinery, and introduction to unsteady flow.

398 Cooperative Education (1-4)
Prerequisites: Approval of student adviser and department chair. Integration of civil engineering work experience with academic program, individually planned through coordinator. Minimum of 10 hours per week required for each unit. Graded CR/NC.

400-Level Courses
All 400-level courses may be applied toward master’s degree requirements subject to limits established by department and approval of a graduate adviser.

402 Strength of Materials II (4)
Prerequisites: CE/ME 205, MATH 215. Stress-strain relationship in three dimensions, energy principles; theories of failure, curved beams, thick wall cylinders, shear center, unsymmetrical bending, and torsion in noncircular sections.

413 Fluid Mechanics Laboratory II (1)
(also listed as ME 413)
Prerequisite: CE/ME 313; prerequisite or corequisite: CE 387 or ME 408. Experiments on subsonic and supersonic flow, free surface flow, pumps, turbines, fans, and unsteady flow. Laboratory 3 hours.

454 Special Topics in Civil Engineering (1-4)
Prerequisites: Senior standing in engineering; enrollment subject to approval of instructor in charge. Group study of selected topics not currently offered as technical electives; study groups may be organized in advanced civil engineering subjects upon approval of instructor.

454L Special Topics in Civil Engineering (1)
Prerequisites: Senior standing in engineering; enrollment subject to approval of instructor in charge. Group study of selected topics not currently offered as technical electives; study groups may be organized in advanced civil engineering subjects upon approval of instructor. Tests include physical tests of cement, aggregates and other agents, mix design; workability and strength tests. Concrete canoe design and construction.

460 Structural Mechanics II (4)
Prerequisite: CE 360. Analysis of indeterminate structures; moment distribution, slope deflection, and approximation methods; three dimensional frames and long span structures.

461 Design of Steel Structures (4)
Prerequisites: CE 360, 361. Design of steel structures; lateral buckling of beams and frames, built-up beams, girders and trusses; moment connections, torsion and unsymmetrical bending; diaphragms and lateral force designs.

462 Reinforced Concrete Design I (4)
Prerequisites: CE 360, 361. Strength design of reinforced concrete structures, beams, slabs, frames, columns, footings, and retaining walls.

463 Timber and Masonry Design (4)
Prerequisites: CE 360, 361. Wood properties and design of wood structural elements, plywood and glulam products; reinforced masonry (brick and concrete) units, material properties, design of reinforced masonry structural elements.

465 Seismic Design (4)
Prerequisites: CE 460 and CE 461 or CE 462. Earthquake and ground motion characteristics, structural response to support motions, lateral force resisting systems, determination of seismic forces, design of buildings for lateral loads.

467 Foundations I (4)
Prerequisite: CE 366. Site exploration, bearing capacity, slope stability, lateral earth pressure, types of foundations, footings, caissons, piles, retaining walls, and cofferdams.

471 Highway Engineering (4)
Prerequisites: CE 370, CE 202. Introduction to principles of highway design including route location, geometric of horizontal and vertical curves, earthwork computations, drainage designs; computer applications.

472 Highway and Airport Pavement Design (4)
Prerequisites: CE 368, 370. Theory and principles of pavement design for highways and airports; effects of soil characteristics and physical properties of basic materials; testing procedures. Grading ABC/NC.

473 Pavement Design Laboratory (1)
Prerequisite: CE/ME 312. Basic tests performed in evaluation of treated and untreated bases, subbases, and subgrades necessary for pavement thickness design. Laboratory 3 hours.

474 Traffic Engineering (4)
Prerequisite: CE 370. Elements of traffic engineering; vehicle, driver, and road characteristics; capacity and flow determination; signalized intersections; parking and accident studies; street, freeway, and mass transit operations.

475 Advanced Surveying (4)
Prerequisite: CE 202. Advanced surveying, including triangulation, practical astronomy, and land and construction surveying. Lecture 2 hours, laboratory 6 hours.

483 Hydrology I (4)
Prerequisite: CE/ME 303. Precipitation, evaporation, infiltration, transpiration, and runoff; methods of predicting discharge from precipitation, flood routing, and measurement of hydrologic processes.

484 Sewerage and Sewage Treatment (4)
Prerequisite or Corequisite: CE 384. Sanitary and storm sewer systems, sewage treatment and disposal, stream sanitation, and treatment plant design.

485 Water Supply (4)
Prerequisite: CE/ME 303. Sources and collection of surface and ground water, distribution systems, water quality, water treatment plants, sedimentation, filtration, softening, and disinfection.
Graduate Level Courses (CE)

All 400-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser. Classified graduate standing is required for admission to all 500 level courses.

554 Advanced Topics in Civil Engineering (4)
Prerequisite: Department approval required. Advanced topics in Civil Engineering. May be repeated to a maximum of 8 units as subject matter changes.

560 Structural Mechanics III (4)
Prerequisite: CE 460. Column analogy, moment distribution applied to nonprismatic members, elastic energy method applied to arches and curved members, influence lines for indeterminate structures and secondary stresses.

561 Advanced Steel Design (4)
Prerequisite: CE 460, 461. Emphasis on LRFD method, unsymmetrical bending and torsion of beams, composite beams, nonprismatic beams, plate girders, beam-columns, frames and connections.

562 Reinforced Concrete Design II (4)

563 Matrix Computer Analysis of Structures (4)
Prerequisite: CE 460. Matrix methods applied to statically determinate and indeterminate structures, flexibility and stiffness methods, digital computer applications.

564 Numerical Methods in Structural Analysis (4)
Prerequisite: CE 460 or 402. Finite difference and finite-element methods for structures; free and forced vibrations; bending, buckling of beams and plates; special applications.

565 Dynamics of Structures (4)
Prerequisite: CE 460 or ME 414. Free vibrations, forced vibrations and transient response of structures and structural components having one and many degrees of freedom; damping and inelastic action, earthquakes and nuclear blasts; dynamic resistance of structures; limit design; design for dynamic loads.

556 Soil Mechanics II (4)
Prerequisite: CE 467. Stress and strain in soil mass, equilibrium and movement of soil water, soil consolidation, settlement, and soil strength.

567 Foundations II (4)
Prerequisite: CE 467. Earth-pressure problems and problems of deep excavation; design of anchored bulkheads, cofferdams, piles under lateral loads, underpinning.

569 Earth Structures (4)
Prerequisite: CE 467. Stress and strain in soil mass, equilibrium and movement of soil water, soil consolidation, settlement, and soil strength.

570 Soil Dynamics (4)
Prerequisite: CE 467. Dynamic properties of soils, vibratory effects on foundations, earthquake effects on foundations, dynamic stability of earth structures.

571 Highway Design (4)
Prerequisite: CE 471. Practical application of American Association of State Highway and Transportation Officials (AASHTO) policy on design controls; capacity analysis for uninterrupted flow, weaving section and ramps; functional design procedures in development of an interchange.

572 Plates and Shells (4)
Prerequisites: CE 402, 460. Equations of bending of thin elastic plates, energy method; approximate and numerical methods; theory of shells with application to tanks, roofs, and pressure vessels.

574 Traffic Flow Analysis (4)
Prerequisite: CE 370. Measurements and analysis of traffic flow characteristics: speed, density, flow, headway; statistical data analysis, time-space diagrams, traffic flow models, queuing theory, shock wave analysis, traffic models applications.
575 Urban Transportation Planning (4)
Prerequisite: CE 370. Travel forecasting, data requirements, collection methods, trip generation and distribution models; modal split analysis, trip assignment, plan alternatives, and evaluation methodology.

577 Bridge Engineering (4)
Prerequisites: CE 461, 462. Design of steel, concrete, and timber bridges, piers, and abutments; American Association of State Highway and Transportation Officials (AASHTO) specifications; criteria for earthquake resistant design of bridges; geometry, safety, economics, and aesthetics.

579 Environmental Mass Transfer (4)
Prerequisite: CE 384 or Equivalent. Study the fate of contaminants in the environment. Emphasis on the fundamentals of mass transfer including: sorption/desorption, contaminant retardation, vaporization and dissolution of Nonaqueous Phase Liquids (NAPL), and other phenomena.

580 Environmental Transport (4)
Prerequisite: CE 384 or equivalent. Transport in water and air emphasizing exchanges across boundaries such as sediment-water and air-water; particles, droplets, and bubbles; effect of reactions on transport; linkages between physical, chemical, and biological processes.

581 Modeling Techniques in Hydraulic Engineering (4)
Prerequisite: CE/ME 303. Dimensional analysis: similarity law and hydraulic, coastal, and estuarine models; mathematical models.

582 Statistical Hydrology (4)

583 Hydrology II (4)
Prerequisite: CE 483. Space-time characteristics and mechanics of rainfall, surface run-off and infiltration. Theory of drainage basin dynamics. Low stream flow.

586 Open Channel Hydraulics (4)
Prerequisites: CE 387, MATH 215. Flow types, flow profile computations; design of channels and transition structures; unsteady flow.

587 Hydraulics II (4)
Prerequisite: CE 387. Unsteady flow in pipes, wave motion, sediment transportation, and coastal engineering.

588 Hydraulic Structures (4)
Prerequisite: CE 387. Hydraulic structures for impounding, conveying, and controlling water.

589 Coastal Engineering (4)
Prerequisite: CE 387. Fundamentals of water waves and their effects. Diffraction, reflection, and refraction; impulsively generated waves; effect of waves on coastal structures.

596 Comprehensive Examination (0)
Permission needed by department. Students who select the comprehensive examination (CE 596) should expect to take it the quarter they complete all course work on their program, and must comply with college and department requirements.

597 Graduate Research (1-5)
Prerequisites: Instructor consent to act as sponsor and departmental approval of project prior to registration. Independent research under guidance of the faculty. May be repeated for credit to maximum of 5 units. Graded CR/ NC.

598 Graduate Directed Study (1-4)
Prerequisites: Instructor consent to act as sponsor and departmental approval. Independent, directed study of advanced topics in the field, regular conferences with the sponsor. May be repeated for credit.

599 Thesis (1-4)
Prerequisites: Advancement to candidacy, instructor consent to act as a sponsor and college approval of the topic prior to registration. Independent research resulting in a thesis. Must be repeated to maximum of 4 units. Graded CR/ NC.
Department of Communication Disorders
College of Health and Human Services

DEPARTMENT OFFICE
King Hall B119
Phone: (323) 343-4754
Miles E. Peterson, Acting Chair
E-mail: mpeters@calstatela.edu (for audiology)
cflint@calstatela.edu (for speech-language pathology)

Website: http://www.calstatela.edu/dept/com_dis/

The Department of Communication Disorders is committed to providing opportunities for students to have an exciting and rewarding future - a future in an enriching career as a respected professional helping others. Academic programs are designed to teach clinical skills and abilities for diagnosing and treating many different types of speech, language and hearing impairments.

DEPARTMENT PROGRAMS: The Department of Communication Disorders offers a baccalaureate degree (designated as a pre-professional major) and a master’s degree (designated as a professional major) in the areas of Speech-Language Pathology and Audiology. Students choose one of these areas at the master’s level. Completion of the graduate degree in the Speech-Language Pathology Option meets the academic requirements for licensure from the California State Board of Medical Quality Assurance and for the Certificate of Clinical Competence from the American Speech-Language-Hearing Association.

The Robert L. Douglass Speech-Language Clinic and Cal State L.A. Hearing Clinic are housed on the university campus and provide training facilities offering diagnostic and rehabilitative services.

ACCREDITATION: The graduate program in Speech-Language Pathology is accredited by the American Speech-Language-Hearing Association.

The Faculty

Professors: Edward Klein, Miles Peterson (Acting Chair).
Associate Professors: Cari Flint, Nancy Manasse.
Assistant Professors: Colleen Friend, Peter Ivory.
Emeriti: May Chin, Robert L. Douglass, Mary W. Huber, Masako M. Matsuda, Lorraine Monnin, Patricia Savich.

Undergraduate Programs

Bachelor of Arts Degree in Communicative Disorders

The Bachelor of Arts degree in Communicative Disorders (or its equivalency) prepares students who desire to obtain a graduate degree in Communicative Disorders with an option in either audiology or speech-language pathology. [In the state of California (and in most other states) the master's degree is the entry-level degree for the Speech Language Pathology option, and a professional doctorate, (AUD) degree is the entry level degree for the Audiology option.]

Students who wish to major in special education, deaf education, medicine or a variety of other disciplines in graduate school may also find communication disorders an excellent background for their ultimate goals.

Those students who have started the major at another campus must consult with a department adviser before beginning the program. Likewise, students who have bachelor's degrees in other disciplines must consult with a department adviser to prepare a course of study which will culminate in application to the graduate program.

The total number of units required for the Bachelor of Arts degree in Communication Disorders is 180 units, of which 92 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (92 units)

A total of 180 units is required for the Bachelor of Arts degree in Communicative Disorders, including a minimum of 92 units for the major. See The Undergraduate Study: General Information Chapter for details about General Education and other requirements that constitute the units outside the major.

Lower Division Core (12 units)

COMD 170 Introduction to Communication Disorders (4)
MATH 100* Introduction to College Mathematics (4) or MATH 102* College Algebra (4)
MATH/ECON 109* Quantitative Reasoning with Statistics (4)
*General Education Courses

Upper Division Core (54 units)

COMD 300 Observation, Professional Issues and Writing Skills in Communication Disorders (4)
COMD 400 Hearing Science (4)
COMD 401 Audiology and Audiology (5)
COMD 420 Rehabilitative Audiology (5)
COMD 456 Development of Verbal Behavior in Childhood (4)
The Department of Communication Disorders offers the Master Degree in Communicative Disorders.

COMD 460 Advanced Language Development (4)
COMD 461 Descriptive Phonetics (4)
COMD 462 Anatomy and Physiology of Speech Mechanism (4)
COMD 463 Neuroscience of Communication (4)
COMD 471 SLP I: Language Disorders in Children and Adults (4)
COMD 472 SLP II: Fluency and Articulation/Phonological Disorders (4)
COMD 473 SLP III: Voice, Cleft Palate, and Cerebral Palsy (4)

Electives in the major (Select at least 22 units)
Select from the following list:
COMD 150 Introduction to American Sign Language (4)
COMD 250 American Sign Language II (4)

COMD 475 Cultural/Linguistic Diversity in Communication Disorders (4)
COMD 476 Diagnostic Procedures in Communication Disorders (4)

Related Courses (4 units)
Select one course from the following:
PSY 412A Psychology of Human Development: Infancy and Childhood (4)
PSY 412B Psychology of Human Development: Adolescence and Young Childhood (4)
SOC 322 Socialization: Childhood and Adolescence (4)
SOC 323 Socialization: Maturity and Aging (4)

Certificate Program
The department offers coursework acceptable toward fulfillment of requirements for the interdisciplinary credit certificate in Child Maltreatment and Family Violence offered by the College of Health and Human Services.

Graduate and Postbaccalaureate Programs

Master of Arts
Degree in Communicative Disorders
The Department of Communication Disorders offers the Master of Arts degree in Communicative Disorders with options in Audiology or Speech-Language Pathology; the Clinical-Rehabilitative Services Credential in Audiology; the Clinical-Rehabilitative Services Credential in Language, Speech, and Hearing; the Clinical-Rehabilitative Services Credential in Language, Speech, and Hearing with Special Class Authorization; and the Certificate in School Audiology.

The Audiology option prepares students to serve in various professional settings following completion of a professional doctorate degree. These settings include:
- Clinical settings such as hospitals, medical offices, private practice, rehabilitation clinics and other facilities that require a Professional Doctorate degree in Audiology, licensure in Audiology by the state Board of Medical Quality Assurance, and/or the certificate of clinical competence (CCC) in audiology issued by the American Speech-Language Hearing Association (ASHA).
- Public School settings as a rehabilitative/school audiologist that require a clinical rehabilitative services credential for school audiology.

The Speech-Language Pathology option prepares students to work in various professional settings including:
- Clinics, hospitals, nursing homes, private practice and other facilities that require a Master’s degree with emphasis in Speech-Language Pathology, and licensure in Speech-Language Pathology by the State Board of Medical Quality Assurance, and the certificate of clinical competence (CCC) in Speech-Language Pathology issued by ASHA.
- Public and private schools as a Language-Speech and Hearing Specialist that require a Clinical Rehabilitative Services credential in Language, Speech and Hearing.
- Public school programs for severely language handicapped children that require the Clinical Rehabilitative Services Credential in Language, Speech and Hearing with Special Class Authorization.

Admission to the Program
In addition to University and College requirements for admission to graduate study, applicants must satisfy specific department requirements before being considered for admission to either the Audiology or Speech-Language Pathology option:
- Completion of a baccalaureate degree in communicative disorders or equivalent;
- A minimum GPA of 3.00 in the last 90 quarter units and in all prerequisite Audiology and Speech-Language Pathology courses;
- A recent GRE with a minimum cumulative score of 900 on the verbal and quantitative sections, and a 450 or 4.5 on the analytical section;
- Departmental application form;
- Letter of professional goals and intent, and
- Three letters of recommendation.

Additionally, the following seminal courses are considered prerequisites for the M.A. degree program, even for students who have a baccalaureate degree in Communicative Disorders: COMD 420 and 458 (both Audiology and Speech-Language Pathology options) and COMD 476 (Speech-Language Pathology option only). These courses, or their equivalents, if not already taken prior to entering the M.A. program, will be required in addition to requirements for the M.A. degree.
Students are required to meet personal and professional standards established by the department which include (but are not limited to): acceptable communication skills; the capacity to accept instruction; willingness and ability to assume professional responsibility for the welfare of clients; and the ability to relate well to clients, peers, and faculty. Students also must possess qualities of personal integrity, maturity, and sound professional judgment.

**Requirements for the Degree (minimum 58 units)**
A minimum of 58 units is required, with at least 46 in 500-level courses. A comprehensive examination or a thesis is required.

**Audiology Option (58 units)**

In order to graduate, students are required to have completed 375 hours of supervised clinical practicum. If these hours have not been successfully completed after meeting the requirements above, additional registration for clinical practicum coursework may be necessary.

* These courses are waived if the thesis option is undertaken.

**Comprehensive Examination or Thesis (0, 6 units)**

In conference with an adviser, students must elect to complete either the comprehensive examination or a thesis. If the thesis option is chosen, the student will not be required to take COMD 549 or COMD 576.

**A. COMD 596 Comprehensive Examination (0)**

Students should expect to take the comprehensive examination the quarter after they complete all course work in their program and must comply with college and departmental requirements.

**B. Thesis (6 units)**

Students must have adviser approval, be advanced to candidacy, and be enrolled in COMD 599 during the quarters the thesis is in progress. COMD 599 units may be substituted for COMD 549 and COMD 576 from the required course list.

* These courses are waived if the thesis option is undertaken.

In addition to the coursework listed above, all requirements for the Master's Degree in Communicative Disorders with an option in Audiology, including all required courses, practicum and the comprehensive examination or thesis, are required before a student will be recommended for the credential.

**COMD 490 must be taken concurrently with the first quarter of COMD 480.**

In addition to the coursework listed above, all requirements for the Master's Degree in Communicative Disorders with an option in Speech-Language Pathology, including all required courses, practicum and the comprehensive examination or thesis, are required before a student will be recommended for the credential.

The Special Class Authorization to Teach Severe Language Handicapped Children requires an additional 20 units:

- COMD 452 Communication Disorders of the Neurologically Handicapped and Nonverbal Child (3)
- COMD 481 Directed Teaching in the Aphasia Classroom (3)
- EDEL 400 Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
- EDEL 401 Proseminar: Curriculum and Teaching of Mathematics (4)
- EDSP 409 Assessment, Strategies, and Curricular Modification for Individuals with Exceptional Needs in Diverse Educational Settings (4)

**School Audiometrist Certificate**

The state of California Department of Health Services offers a Certificate of Registration to work as an Audiometrist in the public schools. This certificate enables the holder to perform hearing conservation services which include: hearing screening, hearing threshold testing, tympanometric testing, referral, and management of the hearing conservation program.

Requirements for this certificate are completion of nine-quarter units in the following state approved courses:

- COMD 400 Hearing Science (4)
- COMD 402 Audiology and Audiometry (5)
- COMD 403 School Audiometry for Nurses (4)

Individuals who are public school nurses are only required to complete one of the following courses:

- COMD 402 Audiology and Audiometry (5)
- COMD 440 School Audiometry for Nurses (4)

The Audiometrist Certificate can be obtained by submitting an application, a fee, and an official transcript showing completion of the above courses to the Department of Health Services, Sacramento, California.
## List of Courses (COMD) - Undergraduate Level

### Lower Division Courses
- **150 Introduction to American Sign Language (4)** Introduction to the American Sign Language organized gesture system including Deaf culture, visual signs, development of basic conversational skills, grammatical structure and principles underlying ASL. **GE C4**
- **170 Introduction to Communication Disorders (4)** Introduction to causes, characteristics, and remediation of common communication disorders, focusing primarily on children. Designed for majors in related fields and as a beginning course for Communicative Disorders majors.
- **250 American Sign Language II (4)** Prerequisite: COMD 150. Continued study of Fundamentals of American Sign Language including comprehension skills, grammatical structures, practice in expressive aspects of the language, and exposure to Deaf culture.

### Upper Division Courses
- **200 Treatment of Language Impaired Children (4)**
- **201 Language and Communication Disorders (4)**
- **202 Audiology and Audiometry (5)**
- **205 Introduction to the American Sign Language organized gesture system including Deaf culture, visual signs, development of basic conversational skills, grammatical structure and principles underlying ASL. **GE C4**
- **250 American Sign Language II (4)** Prerequisite: COMD 150. Continued study of Fundamentals of American Sign Language including comprehension skills, grammatical structures, practice in expressive aspects of the language, and exposure to Deaf culture.

### 400-Level Courses
- **400 Hearing Science (4)** Prerequisite: upper division standing or permission of instructor. Anatomy, physiology, and pathology of the peripheral hearing mechanism, including theories of hearing and introduction to the central auditory nervous system.
- **401 Acoustics of Speech and Hearing (4)** Prerequisite: Upper division standing or permission of instructor. Acoustical characteristics of sound, vibration, sound waves and wave motion, sound transmission, sound sources, speech acoustics.
- **402 Audiology and Audiometry (5)** Prerequisites: COMD 400 or permission from the instructor, upper division standing. Introduction to the basic diagnostic audiological battery of tests, including pure-tone and speech audiometry; introduction to management of the hearing impaired; identification audiometry.
- **410 Applied Communication Science (4)** Prerequisite: COMD 250. Further study of communication sciences in the various work settings.
- **420 Rehabilitative Audiology (5)** Prerequisites: COMD 400, 401, 402. Issues concerning hearing-impaired adults and children: including speech reading, hearing-aid use, counseling for adults, assessment and remediation of speech and language skills, auditory training and educational placement for children.
- **440 School Audiology for Nurses (4)** Prerequisite: Public Health Nurse or School Nurse Credential Candidate. Anatomy, physiology and pathology of the ear; acoustics of sound and instrumentation; school hearing conservation program; pure tone screening and audiometric testing, including audiogram interpretation and immittance testing.
- **444 Clinical Assistant Practicum in Communication Disorders (2)** Prerequisites: At least 15 units of COMD coursework and consent of instructor. Opportunity to become a clinical assistant to a graduate clinician providing treatment to a child or an adult with a communication disorder. May be repeated twice for credit. Graded CR/NC.
- **450 American Sign Language IV (4)** Prerequisite: COMD 351. Continued study of American Sign Language with emphasis on expressive/conversational skills along with continued focus on grammatical and cultural features.
- **451 Psychosocial Considerations in Communication Disorders (3)** Prerequisites: COMD 471, upper division standing or permission of instructor. Study of the impact of communication disorders on clients and families; focus on how communication disorders affect child-parent and spouse-spouse relationships and the necessity and methodology of using significant others as caregivers/helpers in the learning recovery process.
- **452 Communication Disorders of the Neurologically Handicapped and Nonverbal Child (3)** Prerequisite: COMD 170. Sensorimotor, cognitive and symbolic dysfunctions affecting speech-language of neurologically handicapped child, including cerebral palsied; habilitation in educational and clinical settings; alternate means of communication for the nonverbal child.
- **454L,P Selected Topics in Communication Disorders (1–4)** Prerequisite: Varies with topic. Current issues and interests of students in communication disorders and related disciplines as announced in Schedule of Classes. May be repeated to a maximum of 12 units of credit as subject matter changes.
- **455 Communication Disorders in the School setting (4)** Prerequisite: COMD 250. Development of communication skills in the classroom and the necessity for communication disorders in the classroom setting.
- **456 Development of Verbal Behavior in Childhood (4)** Acquisition of language forms and speech behavior; sequence of language/speech functions and cognitive/social development in preschool years; multiethnic and multicultural considerations.
- **457 Communicating with Abused Children and Violent Families (4)** Maltreatment and children’s communication development/dysfunction relative to social-emotional and cognitive development; communication demands in judicial, legal, and intervention processes; principles for interacting with and interviewing maltreated children.
Graduate Level Courses (COMD)

All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the department and approval of the graduate adviser. Classified graduate standing is required for admission to all 500-level courses.

500 Hearing Aids (4)
Prerequisites: COMD 400, 401, 402, 420. Electroacoustic characteristics of individual hearing aids and classroom amplification systems; assessment and fitting procedures; spectral analysis of hearing aids; troubleshooting hearing aids; room acoustics; practical experience included.

501 Advanced Hearing Aids (4)
Prerequisite: COMD 500. Advanced amplification devices and fitting procedures; practical experiences in real-ear measurements and programmable hearing aids.

505 First Year Seminar (0)
Prerequisite: Classified graduate standing. Seminar to introduce students to field of communication disorders.

508 Research Methods in Communication Disorders (4)
Prerequisites: Upper division standing, COMD 170, 300, MATH/ECON 109. Methods of scientific inquiry in communication disorders including an overview of statistical procedures, basic research design, evaluating clinical data, and critiquing published clinical research.

460 Advanced Language Development (4)
Prerequisite: COMD 456. Advanced study of language acquisition in children from birth to school age, including syntax, phonology, semantics, and pragmatics. Focus on models of language development and learning and language sampling.

461 Descriptive Phonetics (4)
Prerequisite: Upper division standing or consent of instructor. Phonetic-phonemic analysis of language; study of physical and physiological bases of speech. Development of phonetic transcription skills with concentration on broad transcription and introduction to fine transcription.

462 Anatomy and Physiology of the Speech Mechanism (4)
Prerequisite: Upper division standing or consent of instructor. Anatomy and physiology of body structures employed in speech production with emphasis on respiration, phonation, resonance and articulation.

463 Neuroscience of Communication (4)
Prerequisite: COMD 462. Neuroanatomy and the neurophysiological processes involved in speech and language production.

471 Speech-Language Pathology I: Language Disorders in Children and Adults (4)
Prerequisites: COMD 170, 460. Etiology and differential characteristics of language disorders in children and adults; broad overview of principles underlying assessment and treatment of individuals with language disorders.

472 Speech-Language Pathology II: Fluency and Articulation/Phonological Disorders (4)
Prerequisites: COMD 461. Introduction to Fluency and Articulation/Phonological disorders. Description, etiology, phenomenology and introduction to assessment and treatment.

473 Speech-Language Pathology III: Voice, Cleft Palate and Cerebral Palsy (4)
Prerequisite: COMD 463. Introduction to voice disorders and speech disorders related to cleft palate and cerebral palsy. Topics covered include phenomenology, etiology and introduction to assessment.

475 Cultural/Linguistic Diversity in Communication Disorders (4)
Prerequisite: COMD 460. Theoretical considerations and application of current research in cultural/linguistic diversity and second language acquisition in the assessment and therapy of multilingual children and adults with speech-language disorders.

476 Diagnostic Procedures in Communication Disorders (4)
Prerequisite: COMD 471. Introduction to diagnosis and evaluation theory, including specific testing procedures, methods, and materials, as they apply to human communication disorders. Multicultural considerations will be addressed.

479 Language, Speech and Hearing Services in the Public Schools (3)
Prerequisites: COMD 550, 551, 552, 553. Role of language, speech and hearing specialist in the public schools; development of instructional strategies for effective service delivery; implementation of appropriate techniques and procedures for students with various communication difficulties.

480 Directed Teaching in Communication Disorders (6 - 12)
Prerequisites: EDCI 300, directed teaching requirements, approval of COMD faculty. Supervised practicum in evaluation and treatment of speech, language, and hearing disorders in public school settings. Graded CR/NC. May be repeated for credit up to a maximum of 12 units.

481 Directed Teaching in the Aphasia Classroom (6)
Prerequisite: Successful completion of one quarter of COMD 480 and COMD 490 and/or approval by appropriate department committee. Demonstration of competence in instructional skills in an aphasia classroom or special classroom for language disabled children. Graded CR/NC.

489 Demonstration of Instructional Competencies (6)
Prerequisites: Successful completion of one quarter of COMD 480 and COMD 490 and/or approval by appropriate department committee. Demonstration of competence in instructional skills leading to completion of either 1) the Clinical Rehabilitation Services Credential in Language, Speech and Hearing or 2) the Clinical Rehabilitation Services Credential in Language, Speech and Hearing with Special Class Authorization. Graded CR/NC.

490 Directed Teaching Laboratory (1)
Corequisite: Must be taken concurrently with first quarter of COMD 480. Exploration of issues, research trends, and current practices pertinent to student teaching; provides guidance and support for students during externship assignment. May be repeated for credit up to a maximum of 3 units.

499 Undergraduate Directed Study (1–4)
Prerequisite: Consent of an instructor to act as sponsor. Project selected in conference with sponsor before registration; progress meetings held regularly and final report submitted. May be repeated for credit up to a maximum of 6 units.
503 Diagnostic Audiological Procedures (4)
Prerequisites: COMD 400, 401, 402. Advanced audiological theories, principles, and techniques; bone-conduction, effective masking, and immittance measurements for differentiating conductive from sensorineural hearing losses; laboratory projects included.

504 Audiological Psychoacoustics (4)
Prerequisites: COMD 400, 401, 402. Relationships among acoustic stimulus parameters, aural physiological activities, and psychological sensations including loudness, pitch, adaptation, and different limens; laboratory projects with audiometric equipment included.

505 Special Auditory Tests (4)
Prerequisite: COMD 503. Advanced audiological theories, principles, and techniques; psychoacoustic hearing tests for differentiating cochlear from retrocochlear lesions; practice in administering special tests and interpreting test results.

507 Electrophysiological Tests (4)
Prerequisite: COMD 504. Advanced audiological theories, principles and techniques; physiological tests for measuring brainstem responses to acoustic stimuli; practice with ABR equipment.

508 Seminar: Vestibular Function Testing (3)
Advanced audiological principles and techniques in the assessment of vestibular system function; anatomy, physiology, and pathologies of the vestibular system, and current diagnostic test measurement practices; practical experience included

510 Seminar: Instrumentation and Hearing Conservation (4)
Prerequisites: COMD 400, 401, 402. Audiological instrumentation; calibration standards; calibration instruments and procedures for earphones, bone vibrators, loudspeakers, stimuli, practice calibrating audiometers; State and Federal noise regulations; hearing conservation; reverberation.

515 Pediatric Audiology (4)
Principles and techniques of evaluating hearing in the pediatric population; behavioral and electrophysiologic test procedures; hearing disorders unique to children; management of the hearing-impaired child.

520 Seminar: Medical Aspects of Audiology (3)
Application of audiology in a medical environment; otologic diagnosis and treatment of diseases of the auditory and vestibular systems; clinical decision processes; medical history taking report writing and counseling aspects.

530 Seminar: Current Topics in Audiology (3)
Prerequisites: COMD 400, 401, 402, & 420. Current topics in diagnostic and rehabilitative audiology. Different topics every year. May be repeated to maximum of 6 units.

541 Intervention Procedures in Audiology (4)
Corequisite: COMD 503. Practice in administering hearing tests, including air conduction, bone conduction, speech, and immittance testing, hearing aid programming and services; interpreting test results, and writing audiological reports before working with patients.

542 Clinical Practicum in Audiology - Beginning (2)
Prerequisite or Corequisite: COMD 541. Supervised beginning level clinical experience with hearing impaired children and/or adults. May be repeated once for credit.

543 Clinical Practicum in Audiology - Intermediate (2)
Prerequisite: COMD 542. Supervised intermediate level clinical experience with hearing impaired children and/or adults. May be repeated once for credit.

544 Clinical Practicum in Audiology - Advanced (2)
Prerequisite: COMD 543. Supervised advanced level clinical experience with hearing impaired children and/or adults. May be repeated once for credit.

545 Clinical Externship in Audiology (2,2)
Prerequisite: B or better in COMD 544. Advanced supervised clinical experience in off-campus sites. May be repeated to maximum of 8 units.

549 Central Auditory Processing Disorders (CAPD) (3)
Prerequisite: COMD 544. Central auditory processing skills and their relationship to language, learning, and behavior. The nature of CAPD and issues in the evaluation, diagnosis and treatment of these disorders.

550 Fluency Disorders (4)
Prerequisite: Graduate standing or permission of instructor. Theory, research, and methodology in assessment and treatment of various fluency disorders including stuttering in children and adults.

551 Language Disorders in Children (4)
Prerequisite: Graduate standing or permission of instructor. Theory, research, methodology in assessment and intervention in various kinds of language disorders in children; multiethnic, multicultural considerations.

552 Voice Disorders (4)
Prerequisite: Graduate standing or permission of instructor. Theory, research, methodology in diagnosis and treatment of various kinds of functional and organic voice disorders.

553 Articulation and Phonological Disorders (4)
Prerequisite: Graduate standing or permission of instructor. Theory, research, methodology in assessment of and intervention in various kinds of articulation and phonological disorders.

554 Neurolinguistic Language Disorders in Adults (4)
Prerequisite: Graduate standing or permission of instructor. Etiology, phenomenology, diagnosis and treatment of neurologically caused language disorders in adults, focusing on aphasia, dementia, and right hemisphere disorders.

555 Motor Speech Disorders (4)
Prerequisites: Graduate standing or permission of instructor. Etiology, phenomenology, diagnosis and treatment of neurologically caused motor speech disorders, focusing on dysarthria and apraxia.

557 Dysphagia (4)
Prerequisites: Graduate standing or permission of instructor. Evaluation and treatment of swallowing disorders including those associated with neurological and oncolgical problems in children and adults.

560 Seminar: Current Topics in Language (3)
Prerequisite: Graduate standing or permission of instructor. Selected topics in language development and disorders with emphasis on current issues and/or advanced study. May be repeated to maximum of 6 units.

562 Seminar: Current Topics in Speech (3)
Prerequisites: Graduate standing or permission of instructor. Selected topics in speech development and disorders with emphasis on current issues and/or advanced study. May be repeated to a maximum of 6 units.
565 Curriculum Considerations for Alternative Service Delivery or Speech and Language Services (4)
Prerequisites: COMD 550, 551, 553. In depth study of speech and language skills needed for social/academic success. Current principles, methods and materials for assessing and remediating speech and language deficits using a curricular-based or inclusion approach.

575 Intervention Procedures in Speech-Language Pathology (4)
Prerequisites: Graduate standing or permission of instructor. Study of the science of human behavior and how it relates to the therapy process for persons with communication disorders.

576 Advanced Diagnostic Procedures in Communication Disorders (3)
Prerequisites: COMD 476, COMD 552, COMD 554 with a B or better grade in each. Tests, methods, and procedures used in assessing individuals with speech-language disorders with special emphasis on integration of results in case studies; multicultural considerations. Independent supervised advanced clinical practicum. Lecture 2 hours, laboratory 3 hours.

579 Clinical Practicum in Speech-Language Pathology - Beginning (2)
Prerequisites: COMD 476; graduate standing or permission of instructor; satisfaction of department standards. Supervised beginning level clinical experience with communicatively handicapped children and adults. May be repeated once for credit.

580 Clinical Practicum in Speech-Language Pathology - Intermediate (2)
Prerequisites: COMD 579; satisfaction of department standards. Supervised intermediate level clinical experience with communicatively handicapped children and adults. May be repeated once for credit.

581 Clinical Practicum in Speech-Language Pathology – Advanced (2)
Prerequisites: COMD 580; satisfaction of department standards. Supervised advanced level clinical experience with communicatively handicapped children and adults. May be repeated once for credit.

582 Clinical Externship in Speech Language Pathology (2, 2 or 4)
Prerequisite: B or better in COMD 581. Advanced clinical procedures in assessment of and intervention with communicatively handicapped children and adults; independent supervised clinical experience in off-campus sites. May be repeated to maximum of 8 units.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Master’s Degree section of this chapter.

598 Graduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in field; regular conferences with sponsor. May be repeated for credit.

599 Thesis (1–6)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, departmental approval of topic before registration. Independent research resulting in a thesis; oral defense of thesis required. May be repeated to maximum of 6 units. Graded CR/NC.
The Department of Communication Studies offers undergraduate programs leading to Bachelor of Arts degrees in Television, Film and Media Studies, in Communication, and a minor in Communication. It also offers graduate programs leading to the Master of Arts degrees in Communication Studies with options in Communication and in Telecommunications and Film. These are described following the undergraduate programs. The department also participates in an Interdisciplinary Studies Minor in Multimedia that enables students to develop interactive, multimedia products. For more information, please refer to University Programs.

The Faculty

Professors: Laura Chey Acuña, Mohammad Auwal, Bryant Alexander, Kevin Baaske, Beryl L. Bellman, Alan J. Bloom, Lena Chao, Kelly Madison, David Olsen, John J. Ramirez (Chair), Suzanne E. Regan, Robert Vianello.

Associate Professors: Chunsheng Bai, Enrique Berumen, Steven Classen, Blake Jackson.

Assistant Professors: Jon Beaupré, Anthony Cox, Kristiina Hackel, Bridget Murnane.

Undergraduate Programs

Bachelor of Arts Degree in Television, Film and Media Studies

The program leading to the Bachelor of Arts degree with a major in Television, Film and Media Studies emphasizes both theoretical understanding and practical application of the mass media of communication in contemporary society. This major offers three interdisciplinary options: Animation, Broadcast Journalism, and Telecommunications and Film. It is the primary objective of our curriculum to help develop a knowledgeable and artistically skilled graduate who will be able to pursue an advanced degree and/or a professional career in radio, television, animation, cinema, and/or mass communication research. The program emphasizes the importance of the media in constructing awareness of the multi-cultural composition of society, as well as the media's impact on all aspects of human interaction.

The total number of units required for the Bachelor of Arts degree in Television, Film and Media Studies is 180 units, of which 88-98 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (88–98 units)

Students should plan their programs with careful attention to prerequisites for upper division courses.

Options

Animation Option (70 units)
The Animation option provides a thorough education in the creative, practical and historical uses of animation. The option encourages an experimental approach to animation, combining traditional and contemporary techniques. Students complete a core of 30-34 units plus either the Traditional Animation or the Computer Animation Track for an additional 36-40 units. The elective courses within each of track allow the student to take courses in the other technique.

This option is offered jointly with the Art Department.

Electives (8-16 units)
Select upper division courses in Television, Film and Media Studies which may include the following courses, or other upper division courses in Television, Film and Media Studies or in related fields with adviser approval.

TVF 303A  Introduction to Digital Graphics for Film and Television (2)
TVF 303B  Introduction to Television Digital Post Production (2)
TVF 303C  Introduction to Film Digital Post Production (2)
TVF 354L  Selected Studies in Production (1-8)
TVF 388  Cooperative Education (1-8)
TVF 499  Undergraduate Directed Study (1-8)

Bachelor of Arts Degree
in Communication

The General Option within the Communication major is available in four concentrations (Rhetoric, Performance Studies, Organizational Communication and Public Relations, Interpersonal/Language and Social Interaction), and a Single Subject Teaching Option in English.

All concentrations provide an understanding of the nature and functions of human symbolic communication. The scope of the program includes historical, philosophical, critical, cultural, and scientific approaches and methods and applies these to public discourse; interpersonal, small group and intercultural interactions; technologically mediated communication; aesthetic dimensions of speech and performance; and instructional development.

The Bachelor's Degree adds to the student's critical, methodological and presentational skills in dealing with a broad spectrum of communication contexts. It provides a foundation for careers in business, law, government service, health, the ministry, teaching, public relations, media communication, and other professions in which an understanding of and facility with the process of communication are essential.

The total number of units required for the Bachelor of Arts degree in Communication is 180 units, of which 76-80 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (76-80 units)
The General Option for the major requires a common core of 52 units: 8 lower division and 36 upper division units, plus 8 units of lower division electives. In addition, each concentration within the General Option requires 24 units: 8 units of an upper division core and an additional 16 units of electives to complete the degree. The option for the Single Subject Credential in English has a separate 56-unit core and 24-unit breadth requirement.

Core Requirements for the General Option (52 units)
Rhetoric; Performance Studies; Organizational/Public Relations; and Interpersonal/Language and Social Interaction Concentrations.

Lower Division Required Course (8 units)
COMM 130  Introduction to Human Communication (4)
COMM 176  Argumentation (4)

Electives (8 units):
Select at least two of the following:
COMM 267  Introduction to Oral Interpretation (4)

Electives (8 units)
COMM 268  Group Performance Practicum (2)
COMM 275  Interpersonal Communication (4)
COMM 276  Argumentation and Reasoned Advocacy (4)
COMM 277  Forensics (4)
COMM 278  Problem Solving through Group Discussion (4)
COMM 290  Mediated Communication (4)

Upper Division Required Courses (36 units)
COMM 300  Applied Writing in Communication Studies (4)
COMM 330  Organizational Studies (4)
COMM 367  Performance Studies (4)
COMM 380  Introduction to Rhetorical Studies (4)
COMM 450  Communication Theory (4)
COMM 477  Qualitative Methods in Communication (4)
COMM 487  Proseminar: Experimental Research in Speech (4)
COMM 489  Intercultural Communication (4)

Capstone Experience
Choose one of the following
COMM 452  Theory Construction (4)
COMM 454  Selected Studies in Communication (1-4)
COMM 498  Research Project in Communication (4)

Concentrations (24 units)
Select one of the following four concentrations. Each requires 2 core and 4 elective courses. No more than 8 units from outside the department may be used to substitute for concentration courses without adviser's approval.

A. Concentration in Rhetoric
Required Core (8 units)
COMM 470  Theories of Rhetoric: Survey and Analysis (4)
COMM 485  Rhetorical Criticism (4)

Electives (16 units)
Select four courses from the following:
COMM 276  Argumentation and Reasoned Advocacy (4)
COMM 277  Forensics (4)
COMM 371  Persuasion (4)
COMM 377  Forensics (4)
COMM 454  Selected Studies in Communication (1-4)
COMM/TAD 467  Theories and Methods in Performance Studies (4)
COMM 471  Rhetoric and Religion (4)
COMM 473  Rhetoric of Social Controversy (4)
COMM 474  Public Discourse: International and National Perspectives (4)
COMM 475  Feminism and Communication Studies (4)
COMM 482  Contemporary Rhetorical Theory (4)
COMM 483  Campaign Communication (4)
COMM 484  Political Communication (4)
COMM 486  Communication and Cultural Studies (4)

B. Concentration in Performance Studies
Required Core (8 units)
COMM/TAD 467  Theories and Methods in Performance Studies (4)
COMM/TAD 468  Performance and Social Change (4)

Electives (16 units)
Select four courses from the following:
COMM 267  Introduction to Oral Interpretation (4)
COMM 268  Group Performance Practicum (4)
COMM 390  Technology and Human Interaction (4)
COMM 454  Selected Studies in Communication (1-4)
TVF 480  New Media Technologies (4)
COMM 482  Contemporary Theories of Rhetoric (4)
COMM 486 Communication and Cultural Studies (4)
COMM 490 Children's Speech Arts (4)
COMM 491 Instructional Theories in Communication (4)

C. Concentration in Organizational Communication and Public Relations

Required Core (8 units)
Select two of the following:
COMM 396 Publicity and Promotions (4)
COMM 430 Dynamics of Organizational Communications (4)
COMM 435 Communication and Leadership (4)
COMM 497 Managing Problems in Public Relations (4)

Electives (16 units)
(select four of the following):
COMM 278 Problem Solving through Group Discussion (4)
COMM 340 Interviewing (4)
COMM 370 Business and Professional Speaking (4)
COMM 371 Persuasion (4)
COMM 390 Technology and Human Interaction (4)
COMM 431 Internship in Organizational Communication (4)
COMM 436 Communication and the Diffusion of Innovation (4)
COMM 454 Selected Studies in Communication (1-4)
COMM/MKT 459 Intercultural Business Communication (4)
COMM 475 Feminism and Communication Studies (4)
COMM 478 Group Communication: Dynamic of Leadership and Participation (4)
TVF 480 New Media Technologies (4)
COMM 491 Instructional Theories in Communication (4)
COMM 492 Communication Training in Organizations (4)
JOUR 492 Radio and Television Newswriting (4)
COMM 497 Managing Problems in Public Relations (4)

D. Concentration in Interpersonal Communication/Language and Social Interaction

Required Core (8 units)
Select two of the following:
COMM 440 Relational Communication (4)
COMM 462 Nonverbal Communication (4)
COMM 463 Language and Communication Behavior (4)
COMM/TAD 467 Theories and Methods in Performance Studies (4)

Electives (16 units)
Select four of the following:
COMM 275 Interpersonal Communication (4)
COMM 278 Problem Solving through Group Discussion (4)
COMM 290 Introduction to Mediated Communication (4)
COMM 340 Interviewing (4)
COMM 371 Persuasion (4)
COMM 390 Technology and Human Interaction (4)
TVF 424 Crosscultural Broadcasting and Film (4)
COMM 430 Dynamics of Organizational Communications (4)
COMM 454 Selected Studies in Communication (1-4)
COMM 475 Feminism and Communication Studies (4)
COMM 478 Group Communication: Dynamic of Leadership and Participation (4)
COMM 479 Sex Roles in Communication (4)
COMM 484 Political Communication (4)
COMM 486 Communication and Cultural Studies (4)
COMM 494 Communication Behavior and in Childhood (4)

Single Subject Teaching Option (80 units)

The requirements listed below replace both the Core Requirements and the General Option requirements for the Bachelor of Arts in Communication.

The Credential Option in Communication is designed to qualify students for the Single Subject Credential in English. Interested students should consult the departmental credential adviser and the Charter College of Education.

Required Core (56 Units)
Composition (8 units)
ENGL 410 Writing in the Schools (4)
COMM 300 Applied Writing in Communication Studies (4)

Language, Linguistics, Theory and Criticism (8 units)
COMM 463 Language and Communication Behavior (4)
COMM 485 Rhetorical Criticism (4)

Literature (36 units)
Lower division required courses (8 units)
ENGL 200A The Classical and Medieval Tradition (4)
Select one from following (4 units):
ENGL 200B British Literature Survey I (4)
ENGL 200C British Literature Survey II (4)

Upper division required courses (28 units)
ENGL 417 Shakespeare (4)
ENGL 476 Ethnic Literature (4)
Select from following (8 units):
ENGL 416, 418, 446, 460, 461, 463, 464, 465
Select from following (4 units):
ENGL 447, 467, 468
Select from following (8 units):
ENGL 471, 472, 473

Capstone Experience (4 units)
COMM 491 Instructional Theories in Communication (4)

Breadth Requirements (24 Units)
Oral Interpretation and Tradition, Performance (4-12 units)
Required course (4 units)
COMM 267 Oral Interpretation (4)
Choose from following (0-8 units):
COMM 268, 277 or 377, COMM 367, 467

Film and Media Criticism, Production (4-12 units)
Required course (4 units)
TVF 224 Survey of Film (4)
Choose from following (0-8 units):
TVF 201, 220, 328
ENGL 451

Additional Courses in Language and Composition (0-8 units)
COMM 470 Rhetorical Theory (4)
COMM 489 Intercultural Communication (4)

Minor in Communication

The Communication minor is designed for students interested in expanding their knowledge of the communication process, especially as it relates to their professional careers or related fields in the liberal arts. The Communication curriculum provides a variety of courses for students preparing for careers in community development, social services, health, safety, and recreation services, business and industry, criminal justice,
law, education, industrial studies, mass media, and many others in which an understanding of the process and practice of communication is vital. A total of 32 units in COMM is required.

Requirements for the Minor (32 units)

Required Courses (8 units)
- COMM 150 Oral Communication (4)
- COMM 176 Argumentation (4)

Electives (24 units)
Select a program, in consultation with a departmental adviser, to meet the goals for which the minor is chosen. A minimum of 16 units must be taken in upper division courses.

Graduate and Postbaccalaureate Programs

Master of Arts Degree in Communication Studies

The Master of Arts degree program in Communication Studies is available in two options: the Telecommunications and Film option and the Communication option. The Telecommunications and Film option is designed to enable students to acquire an understanding of research methods and theories that explore industry structure, audience reception, visual and structural examinations of media texts, and scriptwriting for film, television and documentary. The program requires that students select and develop an area of specialization. The option in Communication is designed to enable students to acquire an understanding of research methods and theories that explore the nature and functions of human symbolic communication in the areas of communication and rhetorical theory, interpersonal and organizational communication, public discourse, intercultural communication, and performance studies.

Admission to the Program

In addition to University requirements for admission to graduate study, students must have a 3.00 grade point average. Applicants must submit a writing sample for review by department faculty.

Students applying to the Communication Option and whose undergraduate major was not Speech, Communication, or a related field must complete 30 units of undergraduate work in Communication and related fields as approved by the Communication graduate adviser for their program prior to beginning graduate work. Similarly, students applying to the Telecommunications and Film Option and whose undergraduate major was not Telecommunications and Film, Broadcasting, or a related field must complete 30 units of undergraduate work in Telecommunications and Film or related fields as approved by the Telecommunications and Film graduate adviser. In each Option the graduate adviser will assist students in designing a program suited to their individual interests and goals.

Requirements for the Degree (45 units)

A total of 45 units is required, with at least 24 in 500-level courses. Students may choose between two options: Telecommunications and Film or Communication.

A minimum of 24 units in 500-level seminars is required. In addition to department graduate core requirements and graduate option core requirements, students must select a minimum of 8 units from 500-level seminars within their respective option.

Electives (7-13 or 8 units)
Select 400 or 500-level Communication courses (7-13 units) or Broadcasting/Telecommunications and Film courses (3-9 units for the critical studies concentration or 8 units for the scriptwriting concentration) with adviser approval: a maximum of 8 of these units may be in related fields with approval of adviser and department chair.

Comprehensive Examination (0 units), Thesis (4-6 units) or Script Thesis (5-6 units)

Students should expect to take the comprehensive examination, COMM 596 (0), within two quarters of completing all course work and must comply with college and departmental requirements. The comprehensive examination is regularly scheduled for Monday and Tuesday of the ninth week of instruction in the fall and spring quarters. Communication and Film students will complete examinations in communication theory, rhetorical theory, and an area of specialization selected in consultation with the graduate adviser. Telecommunications and Film students will complete examinations in critical methodology, media criticism, and an area of specialization selected in consultation with the graduate adviser. Students will be allowed a maximum of two attempts to complete the comprehensive examinations successfully. Failure to pass the comprehensive examinations, or any portion thereof, will result in disqualification from the program.

A thesis may be substituted for the comprehensive examination, with prior approval of the Communication or Telecommunications and Film area, based on examination of the student's portfolio. Students in the scriptwriting option must obtain authorization for the script thesis. Students authorized to submit a thesis must enroll in COMS 599S (1-6) for a cumulative minimum of 5 units.

Communication Option (45 units)

Core Courses (16 units)
- COMS 500 Graduate Scholarship In Communication Studies (4)
- COMS 550 Seminar: Communication Theory (4)
- COMS 580 Seminar: Rhetoric Theory (4)
- COMS 590 Capstone Research Seminar (4)

Graduate Level Seminars (16 units)
With adviser approval, select a minimum of 16 additional units from the following 500-level seminars:
- COMS 530 Seminar: Organizational Communication (4)
- COMS 540 Seminar: Interpersonal Communication (4)
- COMS 554 Selected Topics in Communication Studies (4-8)
- COMS 560 Seminar: Language and Communication Behavior (4)
- COMS 562 Seminar: Theories of Mass Media (4)
- COMS 567 Seminar: Theories of Oral Interpretation (4)
- COMS 572 Seminar: International Public Discourse (4)
- COMS 573 Seminar: American Public Address (4)
- COMS 576 Seminar: Argumentation, Discussion, and Debate (4)
- COMS 589 Seminar: Intercultural Communication (4)
- COMS 555 Seminar: History of Communication in America (4)
COMS 595 Graduate Performance (1-4)
COMS 598 Graduate Directed Study (1-4)

Electives (7-13 units)
Select 400-level TVF, 500-level COMS courses with adviser approval; a maximum of 8 units may be in related fields with approval of adviser and department chair.

Comprehensive Examination or Thesis (0, 4-6 units)
COMS 596 Comprehensive Examination (0 units) or
COMS 599 Thesis (4-6)

Telecommunications and Film Option

Critical Studies Concentration (45 units)
Core Courses (20 units)
COMS 500 Graduate Scholarship in Communication Studies (4)
COMS 501 Seminar: Research Methods in Telecommunications and Film Studies (4)
COMS 505 Seminar: Critical Approaches to Television and Film (4)
COMS 590 Capstone Research Seminar (4)

Select one of the following two seminars:
COMS 506 Seminar: Television Programming (4) or
COMS 507 Seminar: Post WWII Film and Television History (4)

Graduate Level Seminars (12 units)
With adviser approval, select a minimum of 12 additional units from the following 500-level seminars.
COMS 510 Seminar: Narrative Studies in Television and Film (4)
COMS 515 Seminar: Media, Culture, and Society (4)
COMS 520 Seminar: Documentary Film and Television (4)
COMS 554 Selected Topics in Communication Studies (4-8)
COMS 562 Seminar: Theories of Mass Media (4)
COMS 564 Seminar: Adaptation (4)
COMS 598 Graduate Directed Study (1-4)

Electives (8 units)
Select 400-Level TVF, 500-Level COMS courses with adviser approval; a maximum of 8 units may be in related fields with approval of adviser and department chair.

Script Thesis (5-6 units)
COMS 599S Script Thesis (5-6)

List of Courses - Undergraduate Level

Courses in Television, Film and Media Studies (TVF)

Lower Division Courses

200 Introduction to Single Camera and Editing (4)
An introduction to fundamentals of single camera production. Topics include pre-production planning, camera operation, location lighting, sound, and editing. Lecture 3 hours, activity 2 hours.

201 Introduction to Television Studio Production (4)
Introduction to television production facilities, equipment and techniques. Principles of directing, camera, sound, control room operations. Lecture 3 hours, laboratory 2 hours.

210 Body and Identity in Dance, Theater, Film (4)
(also listed as DANC and TA 210)
The aesthetic bases of dance, theater and mass media will be established using the human body as core focus. Exploration of body representation as affected by culture, gender and class.

220 Introduction to Broadcasting (4)
Survey of principles and practices in American broadcasting with emphasis on techniques of radio and television programming through lectures, reports, and selected viewing.

224 Survey of Film (4)
Cinema as a creative communication medium, emphasizing certain perceptual, conceptual, and technical considerations.

225 Interpreting World Cinema (4)
(also listed as ENGL 225)
Critical survey of world cinema as art and cultural artifact. Provides critical methodology and practical tools for analyzing and interpreting international film movements, genres and themes.

240 Film, Novel, Theater (4)
(also listed as ENGL and TA 240)
Prerequisite: Completion of ENGL 101. An exploration of film, theater, and fiction through the process of adaptation. Analysis of the roles of audience, modes of delivery, concepts of form and structure, and cultural impact.
249 Announcing (4)
On-air techniques for reading and reporting radio and television news.

250 Media, Culture and Identity (4)
Explores the social construction of “racial,” ethnic, gender, class, national and sexual identity, emphasizing the role of the mass media. Takes historical, sociological, political and cultural/ideological approaches.

265 Introduction to Scriptwriting (4)
Basic techniques of short subject dramatic screenplay structure and storytelling. Script development from story concept selection, character design, story treatment, plot and character development.

280 Animation History (4)
Survey course on the history of animation and its relationship to society and culture. Overview of well-known animators and landmark animated films. Lecture 4 hours.

292 Introduction to News Writing and Reporting (4)
Prerequisite: ENGL 102. Introduction to news writing and reporting. News sources, collection of news, acceptable forms for news stories, news reporting styles and journalism ethics.

Upper Division Courses
301 Intermediate Television Studio Production (4)
Prerequisites: TVF 201 and either TVF 265 or instructor consent. Intermediate study of directing principles and production techniques as applied to educational, informational, and cultural program production. Lecture 3 hours, laboratory 2 hours.

303A Introduction to Digital Graphics for Film and Television (2)
Prerequisite: TVF 301. Lab-based workshop providing application and operational understanding of digital post production graphics. Elective credit only. Graded CR/NC. Activity 4 hours.

303B Introduction to Television Digital Post Production (2)
Prerequisite: TVF 200, TVF 301. Lab-based workshop providing application and operational understanding of television digital post production. Elective credit only. Graded CR/NC. Activity 4 hours.

303C Introduction to Film Digital Post Production (2)
Prerequisite: TVF 200, TVF 301. Lab-based workshop providing application and operational understanding of film digital post production. Elective credit only. Graded CR/NC. Activity 4 hours.

320 Audio Production (4)
Prerequisite: TVF 220. Practicum in sound for radio, television and film. Lecture 3 hours, activity 2 hours.

324 Third Cinema/Video (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Survey and analysis of the cultural and textual politics of Third Cinema/Video-film and video produced by and for developing countries and their Western diaspora communities.

328 Film History (4)
Prerequisite: TVF 224. Examination of significant historical events, persons and movements which have influenced the cultural and institutional development of motion pictures.

330 The Documentary in Broadcasting and Film (4)
Prerequisites: TVF 220, 224. Historical and critical study of documentary form in broadcasting and film using classic examples in radio, television, and motion pictures.

334 “Race”, Justice and the Mass Media (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Examines racism in media institutions and representations. Emphasizes historical role of media in the social construction of “racial” identity, the legitimization and reproduction of racist domination, and resistance to racism.

354L Selected Studies in Broadcasting Production (1-4)
Prerequisite: TVF 301. Special application of audio and video production and post production technologies. Variable topics. May be repeated to maximum of 12 elective units as subject matter changes. Graded CR/NC.

362 Film and Television Aesthetics (4)
Prerequisites: TVF 220, 328. Film and television aesthetics, analyzing component elements of light, space, time, sound, music, and motion in synthesized image.

365 Intermediate Scriptwriting (4)
Prerequisites: TVF 201, 265. Techniques of feature film writing, script story theory, structure and analysis. Lecture and workshop-based, computer-assisted feature script development and writing. Typed story synopsis required for first class meeting.

366 Violence and the Media (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Violence and the Media examines the impact of the mass media on individual and collective violence, utilizing cultural and semiotic/textual forms of theory and analysis.

370 Broadcasting and Film as Shapers of the Public Mind (4)
Prerequisites: TVF 220, 224. Broadcast and film media as persuasive and motivational forces in society, techniques of audience-market research, advertising process, and effects of advertising environment on public opinion and buying power.

377 Introduction to Animation (4)
Prerequisites: ART 159 and ART 244 or consent of instructor. Cel animation practicum stressing development of storyboards, artwork and camera technique. Lecture 1 hour, activity 3 hours.

378 Writing and Storyboarding for Animation (4)
Prerequisites: TVF 265 or consent of instructor. Recommended concurrent enrollment in TVF 377. Research and practice in the creation of original animation storyboards, including structure and design of both visual and verbal content. Study of narrative and non-narrative approaches. Lecture 1 hour, activity 3 hours.

379 Gender and Sexuality in Popular Culture (4)
(also listed as ENGL 379)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Survey and critical analysis of narrative and visual representations of gender and sexuality in the modes of popular culture, such as television, film, advertising, popular fiction, and the tabloid press.
380 Emotion in Theater and Film (4)  
(also listed as TA 380)  
Prerequisites: Basic Subjects (Block A) and one course from Block C. Analysis of emotion as motivational force in theater and film. Emotion as critical factor in performance, narrative development and the essential mediating components of compelling audiences to the theatrical/cinematic experience.

381 Advanced Animation (4)  
Prerequisite: TVF 377 and TVF 378. Advanced traditional animation course utilizing ink-and-paint or other artistic media, including digital, to create a short animated film. Repeatable to 8 units. Lecture 1 hour, activity 3 hours.

397 Cinematography (4)  
Prerequisite: TVF 200. Principles and practices in motion picture photography including directing for single camera, camera operation, lighting, and editing. May include field trips. Lecture 3 hours, activity 2 hours. Repeatable to 8 units.

398 Cooperative Education (1-8)  (see UNIV 398)

401 Advanced Video Production (4)  
Prerequisites: TVF 200, 224, 301. Advanced studio and location practicum stressing aesthetics of video production. Seminar 3 hours, activity 2 hours.

403A Advanced Digital Graphics for Film and Television (4)  
Prerequisites: TVF 303A and one of: TVF 401, TVF 430 or TVF 475. Advanced instruction and application on digital graphics systems. Lecture 1 hour, activity 3 hours.

403B Advanced Television Digital Post Production (4)  
Prerequisites: TVF 303B and one of: TVF 401, TVF 430 or TVF 475. Advanced instruction and application of digital post production television technologies. Lecture 1 hour, activity 3 hours.

403C Advanced Film Digital Post Production (4)  
Prerequisites: TVF 303C and one of: TVF 401, TVF 430 or TVF 475. Advanced instruction and application of digital post production film technologies. Lecture 3 hours, activity 2 hours.

410 Contemporary Radio Broadcasting (4)  
Prerequisite: TVF 220. Description and analysis of the structure and practice of contemporary radio.

411 Children's Media (4)  
Prerequisites: TVF 220, 224. Critical industry and product content analysis of media produced for children, including television programming, film, video games, CD-ROM and computer programs.

420 Responsibility and Regulation in Broadcasting and Film (4)  
Prerequisites: TVF 220, 224. Professional responsibilities of broadcasters and film makers to their audiences; regulatory issues, problems, and systems that influence broadcast and film production in the U.S.

424 Crosscultural Broadcasting and Film (4)  
Prerequisites: TVF 220, 224. Broadcast media and film as means of crosscultural communication and intercultural understanding from both national and international perspectives; moral, social, and psychological implications.

430 Documentary Field Production (4)  
Prerequisites: TVF 200, 330. Video field practicum stressing aesthetics and techniques of documentary production. Lecture 3 hours, laboratory 2 hours.

434 Latin American Radio Documentary Production (4)  
(also listed as LAS 434)  
Recommended prerequisites: TVF 320 or 2 upper division Latin American content courses in history, political science, or Latin American studies. Analysis of political, economic, and cultural issues in Latin America, utilizing primary sources; production of research in the form of broadcasting tapes.

440 Noncommercial Broadcasting and Film (4)  
Prerequisites: TVF 220, 224. Analysis of noncommercial broadcasting and film systems; special focus on the Public Broadcasting System and key film distribution companies.

453 International Communication Media (4)  
Prerequisite: TVF 220, 224, or COMM 150. Description and analysis of media systems (print, audio, and video) as they exist in various countries around the world, and the means by which information is exchanged internationally.

454 Selected Studies in Broadcasting (1–4)  
Selected topics in broadcasting media, as announced in Schedule of Classes. May be repeated to maximum of 12 units for credit as subject matter changes.

454L Selected Studies in Production (1–4)  
Prerequisite: TVF 301. Special application of audio and video production techniques in the creation of entertainment, educational, documentary, and public affairs programming. Variable topics. May be repeated to maximum of 12 units as subject matter changes. Lecture 3 hours, laboratory 2 hours.

460 Theories in Mass Communication (4)  
Prerequisite: TVF 220. Historical and analytical investigation of mass communication/media theory.

462 Criticism of Film and Television (4)  
Prerequisite: TVF 362. Purposes and methods of criticism as applied to film and television; development of standards of critical evaluation as determined by analyses of selected television programming and motion pictures.

465 Seminar: Advanced Scriptwriting (4)  
Prerequisite: TVF 365 or consent of instructor. Writing workshops, scene clinics and writer/actor lab activities for rewriting an existing feature screenplay and developing a new film/television script. May be repeated to a maximum of 8 units.

470 Administration and Studio Operations in Broadcasting and Film (4)  
Prerequisites: TVF 220, 224. Administrative techniques, operational procedures, and organizational structures within contemporary radio and television broadcast stations and film studios.

475 Television News/Magazine Production (4)  
Prerequisites: TVF 201, TVF 200. Practicum in television news/magazine segment production. Students produce a weekly program, which appears on campus and local cable systems. May be repeated up to 8 units. Seminar 3 hours, activity 2 hours.

480 New Media Technologies (4)  
Prerequisites: TVF 201, 220. Description and analysis of new and evolving communication media, their growth, development, and effect on social and political systems.
Courses in Media and Professional Communication (MSCM)

Lower Division Courses

100 Introduction to Mass Media (4)
Introduction to book, newspaper and magazine publishing, motion pictures, broadcasting, and new information technologies examined in terms of communication theory and as economic, political, and social institutions. CAN JOUR 4

Upper Division Courses

390 Technology and Human Interaction (4)
(also listed as COMM 390)
Prerequisite: TVF 220 or COMM 150. Comparison of the mass media with other forms of human interaction with attention given to the interactive role and effect of these human communication processes.

Courses in Communication (COMM)

Subcollegiate Courses

094 Mainstream American Dialect (4)
Sounds, intonation, and rhythm of mainstream American dialect to modify student’s own accent and pronunciation. (Limited to students whose dialects are not standard American English.) Graded CR/NC. No credit toward baccalaureate.

Lower Division Courses

130 Introduction to Human Communication (4)
Overview of human communication across contexts. Introduction to Communication as a discipline; survey of areas and methods comprising the field.

150 Oral Communication (4)
Introduction to effective oral communication through study and experience in analysis, synthesis, and presentation of informative and persuasive discourse in a public speaking forum. CAN SPCH 4 GE A2
COMM 150 is prerequisite to all Communication major courses with numbers 300 and higher.

151 Speech Proficiency Assessment for Teachers (1)
Review of theory and practice of public speaking for classroom teachers. Workshop and assessment of speaking skills. Open only to students currently or previously enrolled in EDCI 300. Graded CR/NC.

176 Argumentation (4)
Principles of argumentation: reasoned discourse, methods of logical analysis and reflective thinking, practical application through adaptation of materials to audience situations, argumentative speech, kinds and forms of debate about current issues. CAN SPCH 6 GE A3

230 Communication Strategies in Conflict Management (4)
This course examines the communication theories and strategies underlying the nature of conflict in contemporary society. Provides students with the necessary skills to effectively manage conflict.

267 Introduction to Oral Interpretation (4)
Study of communicative dimensions of literature through analysis and performance.
268 Group Performance Practicum (2)
Lecture-workshop in ensemble performance of literature. Techniques of chamber theatre, reader's theatre, story theatre production and script adaptation. May be repeated to maximum of 8 units.

275 Interpersonal Communication (4)
Introductory study of interpersonal communication; verbal and nonverbal communication in face-to-face interaction; how individuals assume roles as message senders, receivers; interpersonal perception and adaptation; barriers to interpersonal communication.

276 Argumentation and Reasoned Advocacy (4)
Prerequisites: COMM 150 and COMM 176. Principles of reasoned advocacy: practical application of argumentation through creation and adaptation of reasoned appeals to audience situations.

277 Forensics (2)
Introductory workshop in intercollegiate forensic activities. May be repeated to maximum of 12 units. Graded CR/NC.

278 Problem Solving through Group Discussion (4)
Principles of decision-making and interaction in group communication situations, development of discussion, participation, and leadership skills for business, school, and community.

290 Mediated Communication (4)
Prerequisite: COMM 130 or permission of instructor. Introduction to mediated communication technologies, including internet, databases, and emerging technologies. Emphasis on critical, analytical assessment of technologies' effects on intercultural, public and interpersonal communication contexts and situations. Topics include: dyadic, group, organizational, public, and mediated communication interactions, interviews, and presentations.

Upper Division Courses

300 Applied Writing in Communication Studies (4)  
(also listed as TVF 300)
Prerequisites: Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR); for Broadcasting majors, TVF 224; upper division standing. Writing practicum in historical, critical, and empirical approaches to communication and media studies; emphasizing language usage in description, exposition, narration, and persuasion; techniques include observation, editing, and criticism.

330 Organizational Studies (4)
Analysis of organizational communication; classical and contemporary theories, practices, and processes in organizational communication. Major communication themes, metaphors, and issues of the contemporary workplace. May include service learning option.

340 Interviewing (4)
Dyadic communication in formal and informal settings. Understanding of informative, persuasive, medical, journalistic, legal, and employment interviews.

342 Rights and Justice in Communication and Politics (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Freedom of communication, political rights, diversity, and justice. The evolution of these rights in the United States; analysis of contemporary problems, global implications, and potential solutions in our multicultural world.

367 Performance Studies (4)
Prerequisite: COMM 267 or 277 or 377 or permission of instructor. Performance as a paradigm for understanding text and behavior. Analysis and performance of literature, cultural performance, and performance art included with emphasis on in-class performance and fieldwork.

370 Business and Professional Communications (4)
Study and application of theories of communication in business contexts and situations. Topics include: dyadic, group, organizational, public, and mediated communication interactions, interviews, and presentations.

371 Persuasive Communication (4)
Study and application of rhetorical and social-psychological principles of persuasion. Consideration of attitude change models and behavioral studies of variables affecting persuasion. Opportunity for preparation and criticism of persuasive discourse.

372 Media, Communication and the Environment (4)
Prerequisites: Completion of the Basic Subjects (Block A) and one course from Block D. The global environment as represented in mass media and communication; the interaction of the individual and the popular press, public communication, and film; effectiveness of public environmental communication campaign.

377 Advanced Forensics (2)
Prerequisite: COMM 277. Faculty supervised workshop preparing for University-sponsored speech activities, including speech and debate tournaments. May be repeated to maximum of 12 units.

380 Introduction to Rhetorical Studies (4)
Prerequisite: COMM 150. Introduction to the study of rhetoric and rhetorical theory. Study of the nature, function and scope of rhetoric emphasized.

385 Sex and Gender in Language and Literature (4)  
(also listed as ENGL 385)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Analysis of concepts of sex, gender as experienced in language and literature. Comparative language behavior of women and men as revealed in research on communication and in representative literary works, both classical and modern.

389 Intercultural Communication in the Urban Environment (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Processes, problem of intercultural communication in multi-cultural, multiethnic urban environments. Focus on comparative cultural analyses, impact of social, gender, political, economic, interpersonal forces on intercultural interaction in urban life.

390 Technology and Human Interaction (4)  
(also listed as MSCM 390)
Prerequisite: COMM 290 or TVF 220 or permission of instructor. Comparison of new communication technologies with other forms of interaction. Attention given to interactive roles and effects of technologies on interpersonal, public, and intercultural communication.

GE Theme H
395 Sociocultural Impact of Globalization for the Developing World (4) (Also listed as LBS 395)
Prerequisites: Completion of the lower division GE Basic Subjects and at least one course each from Blocks B, C, and D. Critical examination of globalization and its economic, political, and sociocultural challenges for the developing world. Emphasis on globalizing institutions, transborder flows, international communication, social change, and cultural identity. GE Theme E

396 Publicity and Promotions (4)
Prerequisite: COMM 300 or equivalent. Methods, planning and tools used in developing company, community and institutional public relations programs. Focuses on publicity and promotional techniques, media relations, copy preparation, news releases, and publications.

400-Level Courses
All 400-level courses may be applied toward master's degree requirements except the following, subject to limits established by department and approval of a graduate adviser: COMM 431, 499

420 Human Side of Computers and Information Technology (4)
Computers and information technology studied as part of the larger culture through critical analyses and focus on the human communications, aesthetic, ethical, pedagogical, social, cultural, cognitive, educational, policy and historical issues involved. (Cross-listed with EDIT 420)

430 Dynamics of Organizational Communication (4)
Prerequisite: COMM 330. How global competition, social phenomena, new philosophies, new technologies, and metaphors for looking at organizations shape the dynamic landscape of organizations and affect the way people communicate and conduct business.

431 Internship in Organizational Communication (4)
Prerequisite: COMM 430. Opportunity to study and participate in communication processes of selected local organizations under academic supervision; emphasis on student intern's ability to diagnose and solve organizational communication problems. May be repeated once for credit.

435 Communication and Leadership (4)
Prerequisite: COMM 330 or permission of instructor. Review theories of communication leadership. Emphasis on the study of communication skills central to performing successfully as a leader in a variety of organizational contexts.

436 Communication and the Diffusion of Innovation (4)
Prerequisite: COMM 330 or permission of instructor. Study of the relationship between communication and the process through which innovations (new ideas, technologies, ideologies, products or services) spread through society and affect people over time.

440 Relational Communication (4)
Prerequisite: COMM 275. Analysis of current theory and research on communication in intimate and personal relationships; how individuals develop and maintain relationships; how gender, culture and social context affect communication in interpersonal interactions.

450 Communication Theory (4)
Survey and analysis of behaviorally oriented theories and their variables in the communication process.

452 Theory Construction (4)
Prerequisites: COMM 450, 477, 478 or senior standing. Senior capstone experience. Examination of the theoretical concepts and perspectives relevant to studying and conducting research in rhetoric and communication theory. Social scientific and humanities perspectives emphasized.

454 Selected Studies in Communication (1–4)
Prerequisites: Varies with topic; see Schedule of Classes for specific prerequisites. Intensive study of selected topics in communication. May be repeated to a maximum of 12 units for credit as subject matter changes.

459 Intercultural Business Communication (4)
(also listed under MKT 459)
Prerequisite: MGMT 301 or COMM 300. Analytical approach to understanding cultures in order to do business effectively. Steps in achieving intercultural communication competence, framework for understanding cultures, nonverbal communication, document organization from cultural priorities, and negotiation.

462 Nonverbal Communication (4)
Body motion, eye and facial behavior, paralanguage, touch, proxemics, physical characteristics, artifacts and environmental factors as they affect communicative exchanges.

463 Language and Communication Behavior (4)
Nature, origin, and use of speech and language in social, cultural, symbolic, and functional contexts; investigation and analysis of discourse and behavioral effects; significance of communication competence.

467 Theory and Method in Performance Studies (4)
(also listed as TAD 467)
Prerequisite: Upper division course in COMM, TA or DANC. Introduction to major theoretical perspectives in performance studies and to key methodologies for investigating performance in/as culture. Central concepts include social drama and performance ethnography.

468 Performance and Social Change (4)
(also listed as TAD 468)
Prerequisite: COMM 367 or 467 or upper division theory course in TA, DANC or rhetoric. Aesthetic, pedagogical underpinnings of performance and social change. Relationships between performance and liberation in avant garde works and across cultures. Theoretical and pragmatic concerns as these emerge in production.

470 Theories of Rhetoric: Survey and Analysis (4)
Prerequisite: Upper division standing. Principal theories of rhetoric from classical Greece to the modern period: historical perspectives on communication and social influence: impact of changing political, psychological, sociological, and technological contexts.

471 Rhetoric and Religion (4)
Prerequisite: COMM 380 or permission of instructor. Relationship between rhetoric and religion in traditional and contemporary rhetorical theory. Course evaluates rhetorical and public discourse dealing with religion, and religious discourse dealing with rhetoric.
472 Studies in Literature of International Public Discourse (4)
Prerequisite: One COMM course. Analysis and evaluation of international rhetoric and communication; some attention to great international speakers and speeches; emphasizes communication in contemporary social, political, and cultural movements and campaigns.

473 Rhetoric and Social Controversy (4)
Prerequisite: COMM 380 or permission of instructor. Analysis of rhetorical problems associated with social controversies. The nature, forms, stages and roles of social controversies are examined through the study of rhetorical public discourse in the political process.

473A Studies in Literature of American Public Discourse to 1860 (4)
Prerequisite: One COMM course. Analysis and evaluation of American rhetoric and communication; some attention to great speakers and speeches; emphasizes communication in social, political, and cultural movements and campaigns, colonial times to 1860.

Prerequisite: One COMM course. Analysis and evaluation of American rhetoric and communication; some attention to great speakers and speeches; emphasizes communication in social, political, and cultural movements and campaigns, 1860 to present.

474 Studies in National and International Public Discourse (4)
Prerequisite: One COMM course. Analysis and evaluation of national and/or international discourse rhetoric; some focus on great speeches and speakers; emphasizes diversity of communicative expression in social, political, and cultural movements and campaigns.

475 Feminism and Communication (4)
Prerequisites: COMM 330, COMM 367 or permission of instructor. Survey of critical perspectives on gender in communication. Particular attention is paid to social construction of gender and sexuality.

477 Qualitative Methods in Communication (4)
Prerequisites: COMM 380 or 330 or 367. Survey of qualitative communication research methods; critical analysis of representative studies; research proposal writing for qualitative projects. May include service learning (optional).

478 Group Communication: Dynamics of Leadership and Participation (4)
Prerequisite: A course in group discussion. Advanced study of communication processes in small groups and effects of leadership and participation; development of communication sensitivity.

479 Sex Roles in Communication (4)
Sex as a variable influencing human communication in dyads, small groups, organizations, families; speaker-audience interaction; male-female differences in use of language, and nonverbal behavior.

482 Rhetorical Theory: Contemporary Developments (4)
Prerequisite: COMM 470. Survey of contemporary theories of rhetoric and communication.

483 Campaign Communication (4)
Prerequisite: COMM 380 or permission of instructor. Variable content course focusing on contemporary campaigns. Strategies of communication in American political campaigns including public discourse and media coverage. May be repeated to 8 units as content changes.

484 Political Communication (4)
Prerequisite: COMM 380 or permission of the instructor. Analysis and evaluation of political communication from the perspectives of contemporary rhetorical theory and cultural theory. Political communication theorized through the analysis of case studies.

485 Rhetorical Criticism (4)
Prerequisite: One COMM course. Nature and function of rhetorical criticism; survey of approaches, theories, and systems of rhetorical analysis from classical to contemporary. Practice in critical appraisal of various types of communication.

486 Communication and Cultural Studies (4)
Prerequisite: Upper division course in Communication Studies. Survey of history, primary texts, and representative studies in cultural studies. Emphasis on cultural studies of media, technology, and communication.

487 Proseminar: Experimental Research in Speech (4)
Prerequisite: Upper division standing. Introduction to methodology of experimental research and critical analysis of representative studies in speech.

489 Intercultural Communication (4)
Description and analysis of cultural influences on human communication acts; codes and paralinguistic elements; focus on communication between cultures in an urban setting.

490 Studies in Children’s Speech Arts (4)
Theory and criticism of creative dramatics, choric interpretation and storytelling.

491 Instructional Theories in Communication (4)
Prerequisites: Senior standing, 20 units of upper division COMM courses. Principles of communication in educational settings, literary study, survey, critical review, and application of contemporary theories and trends in instructional communication.

492 Communication Training in Organizations (4)
Prerequisite: COMM 330 or permission of instructor. Study of communication training and development process. Application of organizational communication theories through organizational assessment, creation of training objectives and evaluation of training programs.

494 Communication Behavior in Childhood (4)
(Also listed as CHDV 492)
Prerequisites: Completion of CHDV 200 with a grade of C or better, or by consent of instructor. Oral language and communicative behavior in children; studies in speech and language experiences basic to development of communication skills competence.

497 Managing Problems in Public Relations (4)
Advanced study of public relations issues, with emphasis on contemporary problems faced by business organizations and other institutions. Analysis of case studies in public relations problems and crisis management.
498 Research Project in Communication (4)
Prerequisite: Senior standing and consent of instructor. Independent research project designed and executed by students in consultation with faculty sponsor. Final report made available to Communication area faculty.

499 Undergraduate Directed Study (1–4)
Prerequisite: Consent of an instructor to act as sponsor. Project selected in conference with sponsor before registration; progress meetings held regularly, and final report submitted. May be repeated to a maximum of 12 units for credit.

List of Courses - Graduate Level

Classified graduate standing is required for admission to all 500-level courses

Courses in Communication (COMS)

All 400-level courses may be applied toward master's degree requirements except the following, subject to limits established by department and approval of a graduate adviser: COMM 431, 499

500 Graduate Scholarship in Communication Studies (4)
Seminar examining current foci in the fields of Communication Studies. Designed to investigate directions or advanced inquiry within the discipline.

501 Seminar: Research Methods in Telecommunications and Film (4)
Prerequisite/Corequisite: COMS 500. Investigation of conceptual and procedural aspects of quantitative and qualitative research techniques relevant to the advanced study of mass media.

505 Seminar: Critical Approaches to Television and Film (4)
Prerequisite: COMS 501. Survey and examination of critical approaches to television and film including semiotics, deconstruction, structuralism, poststructuralism, feminism, psychoanalytic criticism, reception theory, queer theory, Marxist criticism, postmodernism, and postcolonial criticism.

506 Seminar: Television Programming (4)
Prerequisite: COMS 501. Examination of the representational practices of American commercial television and the economic imperatives that drive those practices and their ideological implications.

507 Seminar: Post World War II Film and Television History (4)
Prerequisite: COMS 501. Variable topic seminar on seminal issues in film and television history since World War II. May be repeated to a maximum of 8 units.

510 Seminar: Narrative Studies in Film and Television (4)
Prerequisites: COMS 501, COMS 505. Examination of theories, structures, and procedures of narrative in film and television.

515 Seminar: Media, Culture and Society (4)
Prerequisites: COMS 501, COMS 505. In-depth study of select “media events” with an emphasis on their impacts in the formation, regulation, and contestation of public opinion. May be repeated to a maximum of 8 units.

520 Seminar: Documentary Film and Television (4)
Prerequisite: COMS 500. Examination of the theory and practice of documentary as narrative, information, education, catalyst for social maintenance and change.

530 Seminar: Organizational Communication (4)
Prerequisites: COMM 430, 450, 463, or 478. Contemporary theoretical and methodological issues or constructs in organizational communication. May be repeated to maximum of 8 units with adviser approval.

540 Seminar: Interpersonal Communication (4)
Prerequisites: COMM 450, 478, or 487. Contemporary theoretical and methodological issues and constructs in interpersonal communication. May be repeated to maximum of 8 units with adviser approval.

550 Seminar: Communication Theory (4)
Prerequisite: COMM 450. Examination of theoretical perspectives, principles of theory building, and new developments in communication research. May be repeated to maximum of 8 units with adviser approval.

554 Selected Topics in Communication Studies (1-4)
Prerequisite: Varies with topic; see Schedule of Classes. Intensive study of selected topics in communication studies. May be repeated for credit as topic changes.

555 Seminar: History of Communication in America (4)
Prerequisite: Instructor consent. Historical movements, contemporary theories, and development of communication as a discipline of study; examination of significant literature, scholars, and leaders in the field. May be repeated to maximum of 8 units with adviser approval.

560 Seminar: Language and Communication Behavior (4)
Prerequisite: COMM 450, 463, or 494. Contemporary theories, research perspectives, and subject areas in language and communication behavior. May be repeated to maximum of 8 units with adviser approval.

562 Seminar: Theories of Mass Media (4)
Prerequisite: COMM 450 or 470 or 482. Research and theory in mass media since television; analysis of media situations, messages and ideological effects. May be repeated once with adviser approval.

563 Seminar: Non-Fiction Writing (4)
The study and practice of nonfiction film treatment and script writing. Discussion of career planning for nonfiction writers. May be repeated once for credit with adviser approval.

564 Seminar: Adaptation (4)
Prerequisite: COMS 510. Examination of the process of screen and television adaptation. Study of theories of the cinematic and televsional as pertaining to translations of literary and theatrical narrative, character, and space.
565 Seminar: Feature Film Writing (4)
Prerequisites: TVF 465; COMS 510. The study and practice of feature film writing using close readings of professional and student screenplays. Discussion of screenwriting career planning. May be repeated once for credit with adviser approval.

566 Seminar: Narrative Television Writing (4)
Prerequisites: TVF 465; COMS 510. The study and practice of television writing using close readings of professional and student teleplays. Discussion of television screenwriting and career planning. May be repeated once for credit with adviser approval.

567 Seminar: Theories of Oral Interpretation (4)
Prerequisite: COMM 367. Analysis of main theories of art of interpretation, with special emphasis on their bearing on contemporary theory and practice. May be repeated once for credit with adviser approval.

572 Seminar: International Public Discourse (4)
Prerequisites: COMM 472, 485. Intensive study of major international orators, their ideas, style, rhetorical strategies and roles in social and aesthetic movements and in world history. May be repeated once for credit with adviser approval.

573 Seminar: American Public Address (4)
Prerequisites: COMM 473A or 473B; 485. Examination and analysis of speeches and debates about selected major issues in American affairs. May be repeated once for credit with adviser approval.

576 Seminar: Argumentation, Discussion, and Debate (4)
Prerequisite: One upper division course in rhetorical theory. Analysis of significant literature, major trends, and theories of argumentation, discussion, and debate; intensive study of relationship of those areas to each other. May be repeated once for credit with adviser approval.

580 Seminar: Rhetorical Theory (4)
Prerequisite: At least one upper division course in rhetoric. Selected studies in philosophy of speech rhetoric and influence of rhetoric on historic and contemporary movements. May be repeated once for credit with adviser approval.

589 Seminar: Intercultural Communication (4)
Prerequisite: COMM 489. Contemporary theories, research perspectives and significant cultural influences relating to communication between cultures. May be repeated once for credit with adviser approval.

590 Capstone Research Seminar (4)
Prerequisites: COMS 500 and 12 units of 500-level seminar credit. Culminating experience for advanced students preparing to present research projects in their areas of specialization. Intensive conference and thesis preparation; culminating research experience for students choosing the comprehensive exam option.

595 Graduate Performance (1–4)
Prerequisite: Consent of graduate adviser. Demonstration of graduate-level proficiency in a major performance situation: research or analytical written project directly related to performance. May be repeated to maximum of 4 units.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Masters Degree section of this chapter.

598 Graduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in the field; regular conferences with sponsor. May be repeated for credit.

599 Thesis (1–4)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, departmental approval of topic prior to registration. Independent research resulting in a thesis. May be repeated to maximum of 6 units. Graded CR/NC.

599S Script Thesis (1–6)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, department approval of topic prior to registration. Independent research and writing resulting in an original screen or teleplay and analytical report. Oral examination on script and report required. May be repeated to maximum of 6 units. Graded CR/NC.
With recent, rapid advances in computer hardware and computer software technology, computer science has become one of the most exciting and dynamic fields of study and research. Careers in computer science offer infinite opportunities, since almost any conceivable modern device or business transaction uses computers and computer languages. The job market is strong for workers who have specialties in areas such as computer networks, computer graphics, artificial intelligence, database systems, and distributed systems. The Department of Computer Science offers an undergraduate program of study leading to a Bachelor of Science degree in Computer Science and a graduate program leading to the Master of Science in Computer Science. The degree program allows preparation for graduate study and professional careers involving the design of computer systems and their application to science and industry. Students may also minor in computer science to enhance skills that will complement their future careers. The department also participates in an Interdisciplinary Studies Minor in Multimedia that enables students to develop interactive, multimedia products. For more information, please refer to University Programs.

The Faculty

Professors: Russell J. Abbott, Vladimir N. Akis, Raj S. Pamula (Chair), Behzad Parviz.
Associate Professor: Jiang Guo.
Assistant Professors: Valentino Crespi, Huiping Guo, Eun-Young Elaine Kang, Chengyu Sun.
Emeriti: Donald I. Kiel.

Undergraduate Programs

Bachelor of Science Degree in
Computer Science

The objective of the Bachelor of Science degree in Computer Science is to prepare qualified students for careers involving the design of computer systems and their applications to science and industry. The program provides an excellent foundation in all core areas of computer science with the opportunity to choose electives in a variety of specialized fields. A total of 189 units are required for the degree, including 119 units in the major. (See the Undergraduate Studies: General Information chapter, especially the General Education section for information on requirements beyond those in the major.)

The total number of units required for the Bachelor of Science degree in Computer Science is 189 units, of which 119 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (119 units)

A grade of "C" or better is required for all prerequisite courses.

Lower Division Required Courses (60 units)

Electives (24 units)

Select 24 units upper division computer science courses. Courses outside Computer Science may be substituted only with prior approval of the Computer Science undergraduate adviser.

Minor in Computer Science

A Computer Science minor, available for students majoring in other fields, consists of 25 units; 12 are upper division. Students majoring in fields that require the same courses as those required for the minor in Computer Science must take only those courses in the minor program that are not incorporated into their major.
Requirements for the Minor (25 units)

Required Courses (17 units)

- CS 120 Introduction to Website Development (3)
- CS 122 Using Relational Databases and SQL (3)
- CS 242 C Programming (4)
- CS 245 Using Operating Systems and Networks for Programmers (3)
- CS 342 Object Oriented Programming Using C++ (4)

Electives (8 units)
Select 8 units of upper division computer science courses.

Graduate and Postbaccalaureate Programs

The Master of Science in Computer Science
The Master of Science degree in Computer Science prepares students to work at advanced levels in industry, business or government, further graduate work, or to teach at the community college. Students are able to tailor their program to fit career interests and goals.

Admission to the Program
Applicants who hold an acceptable baccalaureate degree from a regionally accredited four-year institution must apply to the University. Applicants who meet all the University requirements are admitted to postbaccalaureate unclassified standing. No more than 13-quarter units of acceptable course work completed before approval by the department's graduate adviser and college graduate dean may be included on the master's program. Students should contact the Computer Science Department to request to change their classification to conditionally classified standing and to obtain a list of courses that need to be taken to advance to classified standing. Students will be advanced to classified standing based on the recommendation from the department's graduate adviser and approval of the college graduate dean once the following requirements are met:

- Students must complete all lower and upper division core courses or equivalents as required by the Computer Science Department at Cal State L.A.

- Students must maintain a GPA of 3.0 or better at CSULA.

- Students must fill out a master's degree program.

Students with an undergraduate degree in Computer Science who meet the conditions for classified standing may be advanced to classified standing immediately upon filling out a master's degree program in consultation with the department's graduate adviser.

On attaining classified graduate standing, students must complete all the requirements for the MS degree in Computer Science.

Requirements for the Program (45 units)
The proposed MSCS degree requires completion of 45 units as described in (I) through (IV) below. At least 36 of the 45 units must begin after the student has been admitted to the master's degree program.

(I) Core (12 units)

- CS 512 Analysis and Design of Algorithms (4 units)
- CS 537 Advanced Software Engineering (4 units)
- CS 590 Advanced Software Architecture (4 units)

(II) Three 500-level courses from one of the following three concentrations (12 units)
Prior consent of the graduate adviser is required.

a. Application Software:
- CS 520 Web Programming (4)
- CS 522 Advanced Database Systems (4)
- CS 540 Advanced Topics in Operating Systems (4)
- CS 550 Advanced Computer Graphics (4)
- CS 560 Advanced Topics in Artificial Intelligence (4)
- CS 570 Networks and Distributed Processing (4)
- CS 575 Human Issues in Computing (4)

b. System Software:
- CS 540 Advanced Topics in Operating Systems (4)
- CS 565 Reliable Computing (4)
- CS 570 Networks and Distributed Processing (4)
- CS 580 Computer Systems Security (4)
- CS 588 Languages and Translators (4)

c. Computer Theory:
- CS 522 Advanced Database Systems (4)
- CS 560 Advanced Topics in Artificial Intelligence (4)
- CS 565 Reliable Computing (4)
- CS 586 Theory of Computing (4)
- CS 588 Languages and Translators (4)

(III) Four Elective courses (16 units)
Choose four other CS 400/500 level courses with the prior approval of the adviser.

(IV) Culminating Experience:
Thesis/Project CS 599AB (5 units)
Courses in Computer Science (CS)

Lower Division Courses

101 Introduction to Higher Education for Computer Science Majors (2)
Exploration of skills and resources that will help students to obtain a baccalaureate degree in the Department of computer science. This course must be taken once during the first two quarters at Cal State L.A.. Graded CR/NC. NIS Account Required.

120 Introduction to Website Development (3)
Prerequisite: Computer Literacy. Development of client-side web pages using hypertext markup language (html), Cascading Style Sheets (CSS), Javascript, and computer animation software. Lecture 2 hours, laboratory 3 hours. Graded ABC/NC.

122 Using Relational Databases and SQL (3)
Prerequisite: Computer literacy. An introduction to relational databases and the SQL query language. Database modeling as collection of objects and their relationships; Entity-relationship model. SQL as a query language. Grouping and other advanced queries. Lecture 2 hours, laboratory 3 hours. Graded ABC/NC.

160 Introduction to Computers (3)
Prerequisite: GE mathematics requirement. History of computers; hardware, software including data base systems, word processors, spreadsheets, programming languages; social and ethical implications. Lecture 2 hours, laboratory 3 hours. Offered CR/NC only.

190 BASIC Programming (2)
Prerequisite: One year of high school algebra. Introduction to computer programming using BASIC language. Applications will assume a minimal mathematics background. Does not fulfill mathematics major requirement. Lecture 1 hour, laboratory 3 hours.

201 Introduction to Programming (5)
Prerequisite: MATH 103 or consent of the instructor. Algorithm development for structured programming: designing, coding, debugging, and documenting programs. Laboratory activities on problem analysis and software development. Lecture 4 hours, laboratory 3 hours. Graded ABC/NC.

202 Introduction to Object Oriented Programming (5)
Prerequisite: CS 201, recommended: MATH 206. Algorithm development for Object Oriented Programming: designing, coding, and documenting programs. Laboratory activities on problem analysis and software development. Lecture 4 hours, laboratory 3 hours. Graded ABC/NC.

203 Programming with Data Structures (5)
Prerequisite: CS 202, recommended: MATH 207, MATH 248. Advanced programming techniques; elementary data structures such as dynamic arrays, linked lists, stacks, queues, and trees, sorting and searching algorithms. Laboratory activities on problem analysis and software development. (Lecture 4 hours, laboratory 3 hours) Graded ABC/NC.

242 C Programming (4)
Prerequisites: MATH 103 or consent of the instructor. Introduction to program design and problem solving using the C programming language. Programming topics include control structures, functions, arrays, pointers, and file I/O.

245 Using Operating Systems and Networks for Programmers (3)
Prerequisite: CS202. Essential information about operating systems and computer networks for programmers. Topics include: the Windows operating system; Unix/Linux and their shell language(s), and wide area and local area networks. Lecture 2 hours, laboratory 3 hours. Graded ABC/NC.

290 Introduction to FORTRAN Programming (2)
Prerequisite: MATH 206. Elementary computer programming using FORTRAN language. Lecture 1 hour, laboratory 3 hours. No credit toward Computer Science major.

Upper Division Courses

301 Computer Ethics in the Information Age (1)
Prerequisite: CS 203. Responsibilities of computer scientists as influenced by growth in computer use and networks. Professional and Ethical Responsibilities; Intellectual Property; Piracy, Hacking, Viruses, Liability, Privacy, Crime, and Civil liberties. Graded ABC/NC.

312 Data Structures and Algorithms (4)
Prerequisites: CS 203, MATH 208, MATH 248. Methods for the design and analysis of correct and efficient computer algorithms and advanced data structures. Applications to classical problems of searching, sorting, graph optimization and combinatorial optimization.

320 Web and Internet Programming (3)
Prerequisites: CS120, CS 122, CS 203. Server-side internet services and applications. Laboratory activities on application development (Lecture 2 hours, laboratory 3 hours).

332C Object-Oriented Programming with C++. (2)
Prerequisite: CS 203. Breadth and depth of C++ programming concepts; control statements, functions, pointers, classes, application development using the object-oriented paradigm. Advanced topics such as I/O, templates, exception handling, Standard Template Library (STL).

332F Functional Programming (2)
Prerequisite: CS 203. Programming in functional nonprocedural programming language such as Haskell. Programming in a language (a) in which functions are values, (b) without assignments, (c) with very strong typing, (d) with lazy evaluation, and with other features common to the functional programming paradigm.

332L Logic Programming (2)
Prerequisite: CS 203. Programming in a non-procedural logic programming language such as Prolog. Programming in a language that supports unification and backtracking and in which the execution of a program is the search for values that satisfy a declarative specification.

340 Assembly Language and Systems Programming (4)
Prerequisite: CS 245. Assembly language; addressing techniques; subroutines; macros; system input/output; interrupts and traps; assemblers; linkers; loaders; macroprocessors.

342 Object Oriented Programming Using C++ (4)
Prerequisite: CS 242. Concepts and techniques of object-oriented programming; structured design and modular construction; use of C to demonstrate structured programming; use of C++ to demonstrate fundamentals of object-oriented programming.
345 UNIX and Shell Programming (4)
Prerequisites: CS 203. A theoretical and practical study of the UNIX operating system and shell programming. Topics: Shell commands and utilities, UNIX file system, UNIX shells, UNIX graphical user interfaces, and shell programming.

350 Foundations of Computer Graphics (5)
Prerequisites: CS 203, MATH 208, and MATH 255. Programming in an object oriented graphics environment implementing primitive operations in two and three dimensions. Emphasis on image modeling using affine transformations, polygonal meshes and other topics. Laboratory activities; lecture 4 hours, laboratory 3 hours.

370 Parallel and Distributed Programming (4)
Prerequisites: CS 203, CS 245. Parallel programming techniques; abstract models of hardware and operating systems to support parallel programs.

386 Introduction to Automata Theory (4)
Prerequisites: CS 202 and MATH 248. Formal approach to automata theory; finite state machines, regular expressions, regular languages. Develops mathematical foundation for computer science.

398 Cooperative Education (1-4)
Prerequisites: Courses appropriate to the work experience: approval by major department Computer Science coordinator. Integration of work experience with academic program, individually planned through coordinator. Minimum of 10 hours per week required for each unit. May be repeated to maximum of 12 units.

420 Web Applications Architecture (4 units)
Prerequisite: CS320. Covers architectural considerations, design patterns, and implementation techniques in the development of enterprise web applications, as well as technologies that address productivity, stability, flexibility, scalability, and security.

422 Principles of Data Base Systems (4)
Prerequisites: CS 122, and 312. Normal forms, database system architecture, query optimization, file structures, transaction management, data warehouses, object-oriented databases, databases for e-commerce.

437 Software Engineering (5)
Prerequisites: CS 312 and completion of the GWAR. Methodologies and tools for the specification, design, development, testing, evaluation, and maintenance of software systems. Ethical issues in software development. Laboratory activities on team interactions, problem analysis and software development. This course satisfies the upper division writing requirement. Lecture 4 hours, laboratory 3 hours.

440 Introduction to Operating Systems (4)
Prerequisites: CS 245, 312. Resource, memory and process management; concurrent processing; networking and distributed systems.

447 Computer Networks (4)
Prerequisites: MATH 270, CS 440. Overview of principles and concepts in computer networks and distributed systems; network structures, topology, architecture, and related software.

450 Computer Graphics (4)
Prerequisites: CS 312, CS 350. An advanced course in computer graphics with emphasis on rendering. Polygonal meshes, bezier curves and surfaces, line and back face removal, shading, lighting, and texture algorithms.

451 Multimedia Software Systems (4)
Perquisite: CS312 or CS 342. Introduction to multimedia information and processing. Topics: basic signal processing, color, space, formations of image, video, and audio data. Current standards and the state-of-the-art techniques for multimedia systems. Lecture 4 hours.

454 Topics in Advanced Computer Science (1–4)
Prerequisites: As needed for specific topic. Current topics of special interest to students in computer science, as announced in Schedule of Classes. May be repeated to a maximum of 20 units of credit as topic changes.

460 Artificial Intelligence (4)
Prerequisite: CS 312. Knowledge representation; problem solving strategies and search algorithms; applications from such areas as theorem proving, expert systems, natural language processing, robotics, and pattern recognition.

461 Machine Learning (4)
Prerequisite: CS 312. Means that enable computers to perform tasks for which they were not explicitly programmed; learning paradigms include inductive generalization for examples, genetic algorithms, and connectionist systems such as neural nets.

480 Cryptography and Information Security (4)
Prerequisites: CS 245 and CS 312. This course covers both principles and practice of cryptography and information security. Topics covered include basic concepts of cryptology, classical ciphers, modern symmetric ciphers (DES, IDEA, RC5), Advanced Encryption Standard (AES), public key cryptography, data integrity and digital signature schemes.

481 Computer and Network Security (4)
Prerequisite: CS447. This course exposes students to various techniques related to defending your computers and networks. Topics covered include Denial-Of-Service attacks, packet analyzers, host-based intrusion detection and honeypots etc.

486 Computability and Intractability (4)
Prerequisite: CS 386. Theory of Computing; nondeterminisms, decidability and unsolvable problems; NP completeness and intractable computations.

488 Compilers (4)
Prerequisites: CS 312, 332, 386. Compiler construction; lexical analysis, including regular languages and finite-state acceptors; syntactic analysis, including parsing techniques and grammars; code generation and optimization.

490 Computer Science Recapitulation (2)
Prerequisite/corequisites: MATH 270, CS 386, 437, 440, EE 444. A recapitulation of the primary concepts of Computer Science in preparation for the Major Field Achievement Test.

491A Software Design Laboratory (2)
Prerequisites: CS 312, 320, 332, 386, and senior standing. Approaches to software design, including Design Patterns and other strategies for designing software systems. Each student will propose a substantial, individual software project, resulting in a preliminary report and project presentation. (Laboratory 6 hours). Graded ABC/NC

491B Software Design Laboratory (2)
Prerequisite: 491A. Software design, including Design Patterns and other strategies for designing software systems. Each student will complete the project initiated in CS491A resulting in a formal report and project presentation. (Laboratory 6 hours). Graded ABC/NC
512 Design and Analysis of Algorithms (4)

520 Web Programming (4)
Prerequisite: CS 320. Current issues in web programming. Topics include: semantic networks; architectures for web-based applications; dynamic and evolutionary system deployment.

522 Advanced Database Systems (4)
Prerequisites: CS 422, CS 491AB. Current topics in database systems: distributed databases, transactions, and concurrency control; nested and long-running transactions; semantic and object-oriented data models; engineering design databases; temporal, multi-media, and real-time databases.

537 Advanced Software Engineering (4)
Prerequisites: CS 437, CS 491AB. Managing software development projects; the capability maturity models and personal performance processes; software cost estimation; risk management; extreme programming. Engineering systems for survivability. Estimating system performance.

540 Advanced Topics in Operating Systems (4)
Prerequisite: CS 440. Asynchronous concurrent processes; mutual exclusion and deadlocks; virtual storage organization and management; multiprocessing; auxiliary storage management; distributed operating systems; performance measurement; operating systems security.

550 Advanced Computer Graphics (4)
Prerequisite: CS 450. Advance topics in computer graphics. Surfaces, curves, and textures; illumination, shading, shadows and transparency effects; ray tracing and other rendering techniques; color models; animation; compression techniques: fractals, JPEG, and MPEG.

560 Advanced Topics in Artificial Intelligence (4)
Prerequisite: CS 460. Examination of a sub field within artificial intelligence such as natural language processing, expert systems, robotics, data mining, computer vision, speech recognition, intelligent agents or others.

565 Reliable Computing (4)

570 Networks and Distributed Processing (4)

575 Human Issues in Computing (4)
Prerequisites: CS 386, CS 491AB. Methods and techniques for maximizing the usability of computer systems and practices. User centered design, designing for diverse users, physiological, psychological, and sociological issues. Human factors in software development.

580 Computer Systems Security (4)

586 Theory of Computing (4)

588 Languages and Translators (4)
Prerequisite: CS 488. Advanced programming language and translator concepts. Language runtime systems such as the Java virtual machine. Term rewriting systems and XSL, Programming language semantics.

590 Advanced Software Architecture (4)
Prerequisite: CS 491AB. Design and development of large-scale, typically distributed, often multi-language, software systems. Integration of existing (legacy) systems. Multiple architectural views and their representation and documentation. Integrative and connective platforms, standards, and technologies.

594 Graduate Seminar (4)
Prerequisite: instructor consent. Special course offering on topics of current interest in computer science. May be repeated to a maximum of 8 units on different topics.

598 Graduate Directed Study (1-4)
Prerequisite: instructor consent. Independent investigation and study of an advanced topic in computer science under direct supervision of an instructor. May be repeated to maximum of 4 units.

599A Thesis or Project (3)
Prerequisites: Completion of at least 20 units of 500 level CS courses and instructor consent to act as sponsor, department approval of topic prior to registration. Research project conducted in an area of advanced topics in computer science under direct supervision of an instructor. This research project shall be continued in CS 599B. Graded CR/NC.

599B Thesis or Project (2)
Prerequisites: CS 599A, Instructor consent to act as sponsor, completion of all other requirements for an MS degree in Computer Science. Continuation of research project conducted in CS 599A. Each student shall orally present his/hers research result in a public forum. Graded CR/NC.
The Bachelor of Science Degree in Criminal Justice is designed to prepare individuals academically in the behavioral, natural and social science perspectives, as well as for further study in graduate or professional schools in any of these fields. The program provides intensive study in areas of criminal justice theory, research methodology and data analysis, criminal law, organizational functioning, and program planning. The program strives to promote understanding of key criminal and legal issues of contemporary urban society and respect for racial, ethnic, cultural, and gender diversity. By incorporating a multidisciplinary social, behavioral and natural science approach to undergraduate study, the program provides two important benefits for the student. First, it encourages the development of an interrelated perspective with regard to the study of criminal justice. This perspective facilitates a more comprehensive focus on the connections among the endeavors of crime prevention, law enforcement, adjudication, and punishment. Secondly, the program is designed to encourage the development of effective analytical and problem-solving skills that will equip professionals with the intellectual capacity necessary for a variety of positions in criminal justice.

The total number of units required for the Bachelor of Science degree in Criminal Justice is 180 units, of which 88 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Limitations on Transfer Credit
Students intending to transfer to Cal State L.A. from a community college to continue work toward a Bachelor of Science degree in Criminal Justice are advised to complete general education requirements and any lower division core courses equivalent to those in the Cal State L.A. curriculum prior to transferring. Students are advised to contact the school for information on transfer agreements between Cal State L.A. and specific community colleges.

Requirements for the Major (88 units)
A total of 180 units is required for the Bachelor of Science degree in Criminal Justice, including a minimum of 88 units for the major. The major consists of two options: The General Option and The Law Enforcement Option. All students must complete a required core of 20 quarter units in lower division courses. The total upper division requirement includes 68 units; forty (40) units of upper division criminal justice courses and twenty-eight (28) elective units within an option. See the Undergraduate Study: General Information chapter for details about the General Education and other requirements that constitute the units outside the major.

All students must see a faculty adviser in the school before beginning the program. Further, all students must receive
Students must select 12 units from the following list of electives.

**Selected electives (12 units)**

Students must select 12 units from the following list of electives:

- CRIM 304 Interface Between Criminal Justice and the Community (4)
- CRIM 305 Criminal Justice in the Courts (4)
- CRIM 306 Crime Control Policy (4)
- CRIM 307 Forensic Mental Health (4)
- CRIM 308 White-Collar Crime (4)
- CRIM 365 Personal Identification Systems (4)
- CRIM 370 Women and Crime (4)
- CRIM 385 Community Service in Criminal Justice (1-4)
- CRIM 388 Cooperative Education in Criminal Justice (1-4)
- CRIM 406 Comparative Justice Systems (4)
- CRIM 411 Interpretation of Evidence in the Courtroom (4)
- CRIM 412 Crime Scene Management (4)
- CRIM 413 Sex Crimes and Physical Evidence (4)
- CRIM 432 Mental Disorder, Substance Abuse and Violence (4)
- CRIM 450 Social Institutions and Crime (4)
- CRIM 454 Special Topics in Criminal Justice (4)
- CRIM 475 Struggle for Justice (4)
- CRIM 491 Contemporary Studies in Criminal Justice (1-8)
- CRIM 499 Undergraduate Directed Study (1-4)

**Lower Division Required Core Courses (20 units)**

- CRIM 101 Introduction to Administration of Justice (4)
- CRIM 126 Concepts of Criminal Law (4)
- CRIM 201 Correctional Systems (4)
- CRIM 202 Police Organization and Administration (4)
- CRIM 203 Judicial Organization (4)

**Upper Division Required Core Courses (40 units)**

- CRIM 301 Written Communication in Criminal Justice (4)
- CRIM 303 Theories and Perspectives in Criminal Justice (4)
- CRIM 309 Juvenile Justice (4)
- CRIM 405 Ethics and Professional Responsibility (4)
- CRIM 409 Forensic Science (4)
- CRIM 428 Contemporary Criminal Procedures (4)
- CRIM 430 Criminal Justice Research (4)
- CRIM 431 Contemporary Police Practice and Problems (4)
- CRIM 483 Computer Techniques in Criminal Justice (4)
- CRIM 492 Advanced Criminal Justice Theory and Practice (4)

**Options (28 units)**

Select one from the following:

**General Option**

This option is designed for students who wish to develop a broad knowledge of Criminal Justice or closely related disciplines.

**Selected electives (28 units)**

Students must select 28 units from the following list of electives:

- CRIM 306 Crime Control Policy (4)
- CRIM 406 Comparative Justice Systems (4)
- CRIM 442 Crime Mapping (4)
- CRIM 445 Legal Issues for Police Officers (4)
- CRIM 446 Community Policing and Problem Solving (4)
- CRIM 447 Advanced Police Problem Solving (4)
- CRIM 475 Struggle for Justice (4)
- CRIM 491 Contemporary Studies in Criminal Justice (4)

**Law Enforcement Option**

This option is offered for individuals who wish to specialize in Law Enforcement. Students who are planning to pursue a career in law enforcement are strongly encouraged to pursue this option.

**Minor in Criminal Justice**

The minor in Criminal Justice is designed for students majoring in other fields who wish to prepare for careers relating to the administration of criminal justice. A total of 32 units are required.

**Required for the Minor (32 units)**

**Lower Division Required Core Courses (16 units):**

- CRIM 101, 126, 201, 202

**Upper Division Required Core Courses (16 units):**

- CRIM 303, 405, 428, 430

**Law Enforcement Leadership Credit Certificate Program**

**Program Description**

The Law Enforcement Leadership Credit Certificate Program is specifically designed to provide law enforcement personnel an opportunity to increase their expertise in leadership. The program uses a unique presentation model that is based on adult experiential learning theory. In each course the participants are required to continuously review concepts, values and principles in various combinations of increasing complexity. The courses enhance each participant's understanding of the importance of personal, interpersonal and organizational relationships, as well as the nature of human behavior and police management. Concepts such as responsibility, courage, leadership, organizational values, integrity, organizational design and ethics are presented.

**Admission Requirements**

Admission is open to any officer or civilian employee of law enforcement agencies in Southern California. Others may be admitted with agency and the program coordinator's approval. Students must complete a bachelor's degree and be accepted into the graduate program at Cal State L.A following all the guidelines set forth in this catalog.
Program Prerequisites
Successful completion of the Deputy Leadership Institute, a program offered jointly by the Los Angeles Sheriffs’ Department, the School of Criminal Justice and Criminalistics, and the Office of Extended Education at Cal State L.A., or the West Point Leadership Program, a program offered jointly by the Los Angeles Police Department, the School of Criminal Justice and Criminalistics, and the Office of Extended Education at Cal State L.A.

Program Requirements 16 units
CRIM 501 Seminar: Administration of Justice (4)
CRIM 506 Seminar: Comparative Criminal Justice Administration (4)
CRIM 511 Principles of Research (4)
CRIM 530 Theories and Perspectives in Criminal Justice (4)

Graduate and Postbaccalaureate Programs

Two Master of Science degrees are offered by the School of Criminal Justice and Criminalistics: Master of Science in Criminal Justice and a Master of Science in Criminalistics. The program leading to the Master of Science in Criminal Justice offers two options, one in Administration and one in Forensic Mental Health. The program leading to the Master of Science in Criminal Justice, Administration Option, addresses issues of crime and criminal justice within a framework that emphasizes theory and research with their implications for criminal justice policy and practice. The Forensic Mental Health Option trains students in the delivery of services to psychiatrically impaired clients of the criminal justice systems. Both curricula are grounded in the social, behavioral and natural sciences. The Master of Science in Criminal Justice is designed to provide the background necessary for administrative, practice, policy and research positions in criminal justice. It also prepares students for doctoral study in criminal justice and related fields. The school recognizes the value of diverse methodological and theoretical approaches and encourages their complementary use and integration. The program leading to the Master of Science degree in Criminalistics offers a specialization in the application of science to the criminal justice process.

Admission to the Program
Students must complete a university application in order to be admitted into a graduate studies program. In addition to university requirements for admission to graduate study, applicants must satisfy specific school requirements before admission to either the criminalistics or criminal justice graduate degree programs. Application forms to the school are available on the school website and in the school office.

All applications must be received by February 1st of the calendar year the applicant seeks to be admitted. New criminalistics and criminal justice graduate students are accepted only in the fall quarter of each academic year.

Transcripts from all colleges and universities attended must be submitted with the school application in addition to the transcripts required by the Office of University Admission and Outreach. Students must also arrange to take the Graduate Record Exam (GRE) and to have their GRE scores sent directly to the school by the Educational Testing Service. An acceptable GRE score is required for consideration. Additionally, a minimum grade point average of 3.0 in the last 90 quarter units (or last 60 semester units) and 3.0 in the undergraduate major are required for consideration.

Required courses for this certificate consist of 16-quarter units of graduate courses in the School of Criminal Justice and Criminalistics. This component requires the completion of all prerequisites and successful admission into the graduate program following all school, college and university criteria. Upon completion of all required courses, students will be awarded the Law Enforcement Leadership Credit Certificate.

Certificate Program
In addition, the school offers courses work acceptable toward fulfillment of requirements for the interdisciplinary credit certificate in Child Maltreatment and Family Violence offered by the College of Health and Human Services.

Master of Science Degree in Criminalistics
The Criminalistics program is built on undergraduate preparation in the natural and physical sciences and provides advanced, discipline-specific knowledge. It includes practical and technical training in crime laboratory skills, with special emphasis on development of skilled experts able to function in a variety of scientific disciplines.

In addition to University requirements for admission to graduate study, applicants must hold a baccalaureate in a natural or physical science. The Graduate Record Examination (GRE) is required for admission to the master’s program.

Prerequisites
The following courses or their equivalents may be taken concurrently. These courses are not included in the 49 units required for the master's degree.

Requirements for the Degree (49 units)
A total of 49 units is required, with at least 25 in 500-level courses.
**Required Courses (36 units)**
- CRIM 511 Principles of Research (4)
- CRIM 550 Crime Scene Reconstruction (4)
- CRIM 552 Trace Evidence Analysis (4)
- CRIM 553 Forensic Serology and DNA Analysis (4)
- CRIM 554 Analysis of Controlled Substance (4)
- CRIM 557 Forensic Pathology (4)
- CRIM 559 Forensic Microscopy (4)
- CRIM 560 Forensic Toxicology (4)
- CRIM 562 Courtroom and Legal Issues in Criminalistics (4)

**Electives (8 - 13 units)**
With adviser approval, select 8-13 units in Criminal Justice or related fields from the following.

- ANTH 463 Forensic Anthropology (4)
- BIOL 402 Electron Microscopy (4)
- BIOL 408 Experimental Design and Advanced Biometry (4)
- BIOL 413 Molecular Diagnostics (4)*
- BIOL 415 Population Genetics (4)*
- BIOL 416 Molecular Genetics (4)*
- BIOL 417 Gene Manipulation (4)*
- BIOL 432 Fundamentals of Toxicology (4)*
- CHEM 435 Biochemistry (4)
- CHEM 463 Biomedical Microanalysis (4)*
- GEOL 400 Optical Mineralogy (4)*
- GEOL 422 Environmental and Forensic Geochemistry (4)*
- CRIM 595 Directed Field Work (1-8)
- CRIM 598 Graduate Directed Study (1-5)

*Check catalog for prerequisite courses.

**Comprehensive Examination or Thesis (0-5)**
- CRIM 594 Thesis Prospectus (1)
- CRIM 596 Comprehensive Examination (0)
- CRIM 599 Thesis (4)

Student must have completed all other degree requirements prior to enrolling for the comprehensive examination.

The comprehensive examination (CRIM 596) is a written, on-site examination that covers theoretical, practical and research issues in criminalistics. Students may take the comprehensive examination during the fall, winter or spring quarters after completion of their coursework and must comply with school requirements regarding the comprehensive examination. Students are allowed a maximum of two attempts to complete the comprehensive examination successfully.

The thesis may only be selected after approval from the school graduate committee. Oral defense of the thesis is required.

**Master of Science**

**Degree in Criminal Justice**
In addition to University requirements for admission to graduate study, applicants must possess a baccalaureate from an accredited college or university with acceptable preparation in criminal justice and general principles of theory and research.

**Prerequisites**
Undergraduate preparation must include the following courses or equivalents:
- CRIM 101, 126, 303, 405, 430, 483

**Requirements for the Degree (45 units)**
A total of 45 units is required, with at least 23 in 500-level courses.

---

**Required Core Courses (20 units)**
- CRIM 501 Seminar: Administration of Justice (4)
- CRIM 502 Seminar: Introduction to Forensic Mental Health (4)
- CRIM 511 Principles of Research (4)
- CRIM 530 Theories and Perspectives (4)
- CRIM 538 Seminar: Criminal Justice Problems (4)

**Administration Option**

**Required Core Courses (9 units)**
- CRIM 512 Quantitative Applications (4)
- CRIM 590 Planning and Program Development (5)

**Directed Electives in Criminal Justice and Related Fields (12-16 units)**
- CRIM 506 Seminar: Comparative Criminal Justice Administration (4)
- CRIM 513 Qualitative Approaches (4)
- CHDV 502 Children under Transitory Stress (4)
- PSY 510 Seminar: Abnormal Psychology (4)
- PSY 512 Behavior Disorders in Children (4)
- PSY 522 Seminar: Social Psychology (4)*
- SOC 522 Seminar: Social Psychology (4)
- SOC 526 Sociology of Deviant Behavior (4)
- SOC 530 Seminar: Urban Social Systems (4)
- SOC 544 Seminar: Social Organization, Institutions and Change (4)
- SOC 560 Seminar: Racial and Ethnic Minorities (4)
- SOC 584 Seminar: Corrections (4)

**Forensic Mental Health Option**

**Required Courses (13 units)**
- CRIM 598 Graduate Directed Study (1)
- PSY 464 Psychology and the Law (4)
- PSY 510 Seminar: Abnormal Psychology (4)
- PSY 531B Individual Testing and Case Study Techniques (4)

**Electives in Criminal Justice and Related Fields (8-12 units)**
- CRIM 411 Interpretation of Evidence in the Courtroom (4)
- CRIM 432 Mental Disorder, Substance Abuse and Violence (4)
- CRIM 512 Quantitative Applications (4)
- CRIM 595 Field Study in Criminal Justice (8)
- PSY 403 The Psychosocial Dynamics of Child Maltreatment and Family Violence (4)
- PSY 424 Cognitive Psychology (4)
- PSY 445 Community Psychology (4)
- PSY 512 Behavior Disorders in Children (4)
- PSY 531A Individual Testing and Case Study Techniques (4)
- PSY 586 Brief Psychotherapy and Crisis Intervention (4)

**Comprehensive Examination or Thesis (0-4)**
- CRIM 596 Comprehensive Examination (0)
- CRIM 599 Thesis (4)

Students must have completed all other degree requirements prior to enrolling for the comprehensive examination.

The comprehensive examination (CRIM 596) is a written, on-site examination that covers issues related to theory, research and urban problems as they impact on criminal justice. Students may take the comprehensive examination during the fall, winter or spring quarters after completion of their course.
work and must comply with college and school requirements regarding the comprehensive examination. Students are allowed a maximum of two attempts to complete the comprehensive examination successfully.

The thesis may only be selected after approval from the school Graduate Committee. Oral defense of the thesis is required.

---

**List of Courses (CRIM) - Undergraduate Level**

### Lower Division Courses

101 Introduction to Administration of Justice (4)
- History and philosophy of law enforcement and administration of justice in America; examination of various agencies, systems, and subsystems; role expectations and their interrelationships; theories of crime, punishment, and rehabilitation; ethics, education, and training for professionalism in the system. **CAN AJ 2**

126 Concepts of Criminal Law (4)
- General provisions of criminal law; history and development; elements of a crime, parties to a crime; defenses to criminal culpability; elements of specific crimes; crimes against person, property, public place, and safety. **CAN AJ 4**

201 Correctional Systems (4)
- Prerequisite: CRIM 101. Objectives of correctional administration; laws, records, public relations, personnel, and relationships to programs, including custodial and noncustodial interrelationships and divisions; physical plant and security, employment, and care and treatment program.

202 Police Organization and Administration (4)
- Prerequisite: CRIM 101. Effect of organizational structure and administrative procedure of the implementation of police function; assessment of processes of recruitment, career advancement and leadership; administrative problems of staffing, supervision and morale.

203 Judicial Organization (4)
- Prerequisite: CRIM 101. History, concepts and services related to judicial organization, management and administration; prosecutorial and court functions.

210 Race, Ethnicity, and Gender in the Criminal Justice System (4)
- Concepts and theories regarding race, gender, and justice; characteristics of victims and offenders; policing and community relations; gender and ethnicity in the court; sentencing disparities; death penalty; prison populations. **GED**

299 Undergraduate Directed Study in Criminal Justice (1-8)
- Prerequisite: Completion of all lower division core courses in criminal justice at a two-year college.

### Upper Division Courses

301 Written Communication in Criminal Justice (4)
- Prerequisite: Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR). Introduction to writing in the field of Criminal Justice. Graded ABC/NC. Some sections of the course may be technologically mediated.

303 Theories and Perspectives in Criminal Justice (4)
- Prerequisite: CRIM 101. Nature and scope of crime problems; issues related to assessment and measurement of crime; survey of theoretical formulations and perspectives of crime causation.

304 Interface between Criminal Justice and the Community (4)
- Prerequisite: CRIM 101. Theory and practice of major community-based responses to criminal justice problems including community-based policing, community dispute resolution, community corrections.

305 Criminal Justice in the Courts (4)
- Prerequisites: CRIM 126, and 203. Roles and responsibilities of criminal justice professionals in the U.S. legal process; philosophical and political barriers that influence the law's use of research in legal proceedings; issues related to technological advancements; case studies.

306 Crime Control Policy (4)
- Prerequisite: CRIM 202. Process for development of crime control; citizen expectations; influences of celebrated cases, media coverage, public opinion, and politics, ease of solutions addressing symptoms; solutions designed to address the "root causes."

307 Forensic Mental Health (4)
- Prerequisites: Completion of one lower division general education social science course or CRIM 101.
- Nature, prevalence, and consequences of mental disorder among criminal offenders; influence of substance abuse, violence and mental disorder; criminal justice system handling of the mentally ill.

308 White Collar Crime (4)
- Prerequisite: CRIM 303. Issues and varieties of white-collar crime; survey of theories and research; detecting, prosecuting and sentencing white-collar offenders; corporate crime; case studies.

309 Juvenile Justice (4)
- Prerequisite: CRIM 303. This course addresses the interactions among social, economic and political forces in juvenile delinquency and their impact on justice system processes and the nature and operation of the juvenile justice system.

365 Personal Identification Systems (4)
- Prerequisite: Upper division standing. Types of personal identification systems that serve investigative function in public agencies; existing and potential resources; analysis of modus operandi, fingerprints, voiceprints, psychological profile; visual identification.

370 Women and Crime (4)
- Prerequisite: Completion of one lower division general education social science course or CRIM 101.
- Issues and factors related to women's involvement in crime; survey of past and contemporary theories and research; criminal justice practice as related to female offenders; research on desistance.

395 Community Service in Criminal Justice (1–4)
- Prerequisites: Approval by faculty sponsor in consultation with EPIC Director, acceptance by community agency. Participation in community service work. May be repeated to maximum of 6 units. Graded CR/NC.
400-level Courses

All 400-level courses may be applied toward master’s degree requirements except the following, subject to limits established by the school and approval of the graduate adviser: CRIM499

405 Ethics and Professional Responsibility (4)
Nature and scope of misconduct, special risks and responsibilities, legal and institutional controls, concepts of professionalism, codes of ethics, conflict of interest, and problems in exercise of discretion.

406 Comparative Justice Systems (4)
Exploration and comparison of foreign criminal justice systems, foreign innovations in crime prevention, corrections, investigation, administration, and training.

409 Forensic Science (4)
Prerequisite: Upper division standing. History, concepts, and services of the forensic sciences to the criminal justice system, including criminalistics, forensic pathology, forensic dentistry, forensic anthropology, and forensic psychiatry.

411 Interpretation of Evidence in the Courtroom (4)
Prerequisite: Upper division standing. Issues affecting the prosecution, plaintiff and defense in determining the outcome of a trial; the role of expert witnesses in presenting the principles of logic and probability.

412 Crime Scene Management (4)
Prerequisite: Upper division standing. Protection and proper documentation of the crime scene contrasted with the role of the media and other significant factors that often cause conflict.

413 Sex Crimes and Physical Evidence (4)
Prerequisite: Upper Division Standing. The investigation of sex crimes from a forensic science perspective: criminal behavior and sexual deviance as related to physical evidence; scientific analysis and interpretation of sexual assault evidence; courtroom considerations.

428 Contemporary Criminal Procedures (4)
Prerequisite: CRIM 126. Bill of Rights and federal criminal procedure; application of due process clause of Fourteenth Amendment; exclusionary rule; case law reconciling civil rights and security of community.

430 Criminal Justice Research (4)
Prerequisites: CRIM 301 and CRIM 303. Underlying research concepts, methodologies and techniques appropriate for application in criminal justice environments, including the scientific method, basic research designs and data collection techniques. Special consideration of constraints on research within criminal justice settings.

431 Contemporary Police Practices and Problems (4)
Prerequisites: CRIM 202 and CRIM 301. Critical law enforcement problems including organized crime, alcohol, drugs, policing of civil and natural disturbances; diffusion and multiplicity of police agencies. Problems with crime reporting, assessment and public reaction.

432 Mental Disorder, Substance Abuse and Violence (4)
Prerequisite: CRIM 303. Relationship of mental illness to violent crime; alcohol and drug use on violent behavior; program and policies concerning the treatment of mentally disordered persons; substantive methodological issues measuring mental illness.

441 Disease Control and Public Health in Correctional Institutional Settings (4) (also listed as HS 441)
Prerequisite: Upper division standing or professional experience (with instructor approval). Investigation and study of disease control in correctional institutional settings: factors of incarceration; the penal system and personnel; disease control and prevention methods.

442 Crime Mapping (4)
Prerequisite: Upper division standing. Crime mapping techniques and their general application for law enforcement.

445 Legal Issues for Police Officers (4)
Prerequisites: Upper division standing and CRIM 431. Focuses on the legal basis for most police actions, its fluidity, and how it has changed recently. Case law will also be reviewed.

446 Community Policing and Problem Solving (4)
Prerequisites: Upper division standing and CRIM 431. Contemporary police problems and new strategies and practices for addressing crime and neighborhood disorder. Emphasis on the history, definition, evaluation, and models of community policing.

447 Advanced Police Problem Solving (4)
Prerequisites: Upper division standing and CRIM 446. Applied police problem solving exercises with emphasis on street crimes, situational and environmental crime prevention, repeat victimization, routine activities theory.

450 Social Institutions and Crime (4)
Prerequisites: CRIM 301 and 303. This course focuses on American institutions and their role in crime and other social problems. The course integrates traditional lecture with student participation in the community. Service Learning required.

454 Special Topics in Criminal Justice (4)
Current topics of special interest in Criminal Justice as announced in Schedule of Classes. May be repeated to maximum of 20 units of credit as topic changes.

475 Struggle for Justice (4)
This course broadly examines justice in American society, and its effect on crime and other social problems that plague American society.

483 Computer Techniques in Criminal Justice (4)
Prerequisite: CRIM 430. This course introduces students to computer applications for criminal justice agencies and provides instruction on data types, data collection, and format development. Students will use programs to abstract and analyze data.

491 Contemporary Studies in Criminal Justice (1–8)
Investigation and study of contemporary problems in field. Various subjects as announced. May be repeated for a maximum of 8 units as subject matter changes.

492 Advanced Criminal Justice Theory and Practice (4)
Prerequisites: Senior standing and successful completion of CRIM 301, 303 and 430. Capstone for criminal justice majors; examination of the major issues, themes, theories and research findings with emphasis on relationships with each other, integrating ideas and effects on discipline. Senior thesis required. Some sections of this course may be technologically mediated.
499 Undergraduate Directed Study (1–4)
Prerequisites: Upper division standing, 2.5 grade point average; ability to assume responsibility for independent work and to prepare written and oral reports. Project selected in conference with sponsor before registration; progress meetings held regularly. May be repeated to maximum of 8 units.

Graduate Level Courses (CRIM)

All 400-level courses may be applied toward master's degree requirements except the following, subject to limits established by the school and approval of the graduate adviser: CRIM499

Classified graduate standing is required for admission to all 500-level courses.

501 Seminar: Administration of Justice (4)
Structures, function and operations of criminal justice agencies, including the police, the courts, and corrections, within the overall context of the criminal justice system.

502 Seminar: Introduction to Forensic Mental Health (4)
Role of mental health and substance abuse disorders in the criminal and juvenile justice systems; impact of justice philosophies on treating individuals; response options; and review of effective treatment methods.

511 Principles of Research (4)
Prerequisite: CRIM 430. Methodology, research strategy, question development, and research ethics. Detailed review of methods appropriate for criminal justice.

512 Quantitative Applications (4)
Prerequisite: CRIM 511, upper division undergraduate statistics course and familiarity with operations of personal computers. Statistical methods as applied to problems in crime and criminal justice: data description, data analysis, hypothesis testing, and inference using packaged statistical programs.

513 Qualitative Approaches (4)
Prerequisite: CRIM 511. Advanced principles and methods related to qualitative research methods appropriate for criminal justice; data collection, interpretation, coding and dissemination; ethical issues unique to criminal justice settings.

530 Theories and Perspectives in Criminal Justice (4)
Prerequisite: CRIM 303. Functions of theory building and testing as fundamental parts of scientific method in criminal justice; examination and evaluation of selected theories from sociological, psychological and behavioral perspectives.

538 Seminar: Criminal Justice Problems (4)
Advanced investigation and reports on selected critical problems in criminal justice; emphasis on scientific method and acquaintance with reliable methods of research.

550 Crime Scene Reconstruction (4)
Prerequisite: Instructor consent. Fundamentals of crime scene processing, reconstruction, and report writing. Instruction in pattern analysis typically found at crime scenes, such as blood spatter interpretation, glass fracture and firearms-related reconstructions. Lecture 2 hours, Laboratory 6 hours.

552 Trace Evidence Analysis (4)
Prerequisite: Instructor consent. Microscopic and chemical methods of analysis of forensic trace evidence; focus includes forensic examination of hair, fibers paint, glass, soil, and crystalline materials. Lecture 2 hours, Laboratory 6 hours.

553 Forensic Serology and DNA Analysis (4)
Prerequisite: Instructor consent. Forensic serology and current methods of forensic analysis. Emphasis on molecular techniques with introduction to population statistics. Lecture 2 hours, Laboratory 6 hours.

554 Analysis of Controlled Substances (4)
Prerequisite: Instructor consent. Identification and classification of drugs of abuse by physical, chemical, and instrumental methods of analysis; survey of various extraction methods; qualitative and quantitative analysis. Lecture 2 hours, Laboratory 6 hours.

557 Forensic Pathology (4)
Prerequisite: Instructor consent. Correlation of findings of autopsy surgeon and criminalist; traumatic injuries, evaluation of wounds, time of death, rigor mortis, post mortem lividity; recognition of poison deaths.

559 Forensic Microscopy (4)
Corequisite: CRIM 552: Trace Evidence Analysis. Fundamentals of microscopy and its application to criminalistics; emphasis on light microscopy, including polarized light, dark field, bright field and other illumination techniques; qualitative and quantitative measurements. Lecture 2 hours, Laboratory 6 hours.

560 Forensic Toxicology (4)
Prerequisite: Instructor consent. Isolation and identification of drugs and poisons by physical, chemical, and instrumental methods of analysis. Metabolism, organ distribution. Methods of extraction, and analysis of toxicity in human tissues. Lecture 2 hours, Laboratory 6 hours.

562 Courtroom and Legal Issues in Criminalistics (4)
Prerequisite: Instructor consent. Legal issues of concern to the forensic scientist: search and seizure, chain of custody, expert testimony and courtroom scientific admissibility of analytical results. Discussion of ethical dilemmas of concern to forensic scientists.

590 Planning and Program Development (5)
Prerequisite: CRIM 530 and CRIM 538. Focus on planning, development and evaluation of programs in criminal justice.

594 Thesis Prospectus (1)
Prerequisite: Instructor consent. Identification of potential research topics in criminalistics leading to the formulation of a thesis proposal; format of the thesis/proposal; development of an appropriate experimental design; data evaluation techniques.
595 Directed Field Work (1–4)
Prerequisites: School approval, agency acceptance. Supervised individual field experience in an applied area of criminal justice. May be repeated to maximum of 8 units. Graded CR/NC.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Masters Degree section of this chapter.

598 Graduate Directed Study (1–5)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics covering the criminal justice system; regular conferences with sponsor. May be repeated to maximum of 9 units; maximum of 12 units in combination of CRIM 499 and 598 may be applied toward degree.

599 Thesis (1–4)
Prerequisites: Consent of an approved thesis committee to act as sponsor, completion of appropriate forms, approval of school. Independent research resulting in a thesis. Must be repeated to maximum of 4 units. Graded CR/NC.
Program Advisement provided for:
The Charter College of Education’s Division of Curriculum and Instruction offers program advisement for master’s degree programs in elementary and secondary teaching and for the preliminary and professional credential programs approved by the California Committee on Accreditation. These programs are described in this section. Other general information about credentials and degree programs can be found in the Undergraduate Study: General Information and Graduate and Postbaccalaureate Study: General Information chapters of this catalog.

Courses Offered in:
- Curriculum and Instruction (EDCI)
- Elementary Education (EDEL)
- Secondary Education (EDSE)

Credentials Offered:
Multiple Subject, Multiple Subject Internship; Single Subject, Single Subject Internship; and the Reading and Language Arts Specialist Credential

Degrees Offered:
M.A. in Education: Options in: Bilingual/Multicultural Education in the Elementary Classroom; Creative Literacies and Literature in the Elementary Classroom; Curriculum and Instruction in the Urban School; Early Childhood Primary/Education; Mathematics Education; Reading; Science Education; M.A. in Education, Option in Middle and Secondary Curriculum and Instruction with Concentrations in: Reform in Middle and Secondary Urban Schools; Crosscultural, Language and Academic Development; Content Area Specialization; Integrating Critical and Reflective Thinking Throughout the Curriculum; Language Arts/Literacy; Mathematics Pedagogy, Science Pedagogy; and, Instructional Technology.

Certificates Offered:
Reading; Storytelling.

The Faculty

Associate Professors: Olaiya Aina, Paula Arvedson, Anna Chee, Joan Fingon, Carolyn Frank, Albert Jones, John V. Shindler, Frederick Uy.

Assistant Professors: Dolores Beltran, Ambika Gopalakrishnan, Rebecca Joseph, Leah Melber, Paul Jean Narguizian, Kimberly Persiani-Becker.

Admission to Credential Programs

Admission Requirements for Multiple Subject and Single Subject Credential Programs

Under current laws and regulations, the California Commission on Teacher Credentialing initially issues a credential, permit, or certification, or renewal of an emergency permit, only to persons to serve in the public schools who have demonstrated proficiency in basic reading, writing, and mathematics skills in the English language. The Superintendent of Public Instruction has adopted the California Basic Educational Skills Test (CBEST) as the state assessment instrument to measure teacher proficiency in the basic skills. Further information is available at the Charter College of Education Office for Student Services, KH D2078.

Admission requirements are based on Title 5, California Code of Regulations, and University regulations. Students seeking admission to Cal State L.A. teaching credential programs must enroll in EDCI 300, The Teaching Profession: Education as a Career and Learners and Teachers in a Cultural Setting. Requirements for preliminary admission to credential programs include the following:

- Complete application form.
- Record of a successful oral interview with faculty adviser and completion of Program Planning Sheet (signed by adviser).
- Verification of academic eligibility, as evidenced by a GPA of 2.75 in the last 80 quarter units of coursework.
- Verification of negative TB test (taken within the last year) by a personal physician or at the Cal State L.A. Health Center.
- Verification of having applied for the Certificate of Clearance.
- Successful completion of a supervised early field experience.
- A written personal history that includes a statement of professional goals and educational philosophy.
- Transcripts and letters of reference received and evaluated.
- Students must complete all requirements to receive credit in EDCI 300.

Completion of Admission Requirements

Students must satisfy the following criteria before registering for any restricted courses.

- Minimum C grade or credit in COMM 150.
- Verification of completion of PSY 150 or equivalent.
- Pass UNIV 400, the Writing Proficiency Examination (WPE), or acceptable alternative by petition.
- Verification of having taken the CBEST. (Students who have not passed the CBEST prior to entry into the credential program must have an approved plan of remediation on file with the Office of Student Services in the Charter College of Education.)
- Verification of having attempted the CSET (California Subject Examination for Teachers) or an approved subject matter preparation program. (Multiple Subject only)

Students are formally admitted to the teaching credential program upon completion of requirements stated above.

Admission Requirements for Multiple Subject Internship Credential Program

- Employment or commitment by a school district to employ the individual as a full-time teacher.
- Completion of an approved subject matter preparation program or passage of CSET.
- Completion of all requirements for admission to Preliminary Credential Programs.
- Passage of a U.S. Constitution course or its equivalent.

Admission Requirements for Professional, Clear Multiple Subject and Single Subject Credential Programs

(for transfer students who hold a preliminary credential)

Students who complete the preliminary credential at Cal State L.A. and maintain continuing student status, may continue the study toward the professional clear credential without additional application to the Charter College of Education. Transfer students must meet the following requirements. State of California teaching credential requirements include a fifth year of study completed after the baccalaureate. Students may elect to complete all or part of their professional requirements in the fifth year and must follow a planned course of study approved by their adviser. In some instances, courses that are taken as part of a master's degree program may also count toward completion of the fifth year credential requirement. All students who desire University recommendation for completion of the clear credential must be formally admitted to the University and satisfy any writing or speech requirements pertaining to all postbaccalaureate students.

- Apply to the Charter College of Education Office for Student Services.
- Provide a copy of your valid Multiple Subject or Single Subject credential.
- Verify the minimum grade point average. Consult the Office for Student Services for the required grade point average.
- See an adviser for oral interview and to plan credential program.
- Provide official transcripts of all college/university work to the Charter College of Education Office for Student Services.
- Pass UNIV 400, the Writing Proficiency Examination (WPE), or acceptable alternative by petition.

Directed Teaching Information

Directed teaching is one of the most important phases of teacher education at Cal State L.A. Candidates are not automatically admitted to directed teaching by completion of course work alone; they must fulfill the following criteria.

- Formal admission to the teaching credential program.
- Attendance at directed teaching orientation meeting held the first Saturday of the quarter preceding the assignment.
- Application for directed teaching by application deadline (consult the Office for Student Services for the deadline date).
• Submit verification of completion of a Commission-approved Elementary Subject matter program (for Multiple Subject credentials) or Single Subject matter program (for Single Subject credentials) or passing score on CTC approved subject matter assessments or recommendation of subject-area department. Approved subject matter programs for the Multiple and Single Subject Credentials are listed in the Undergraduate Study Chapter of this catalog.
• Provide transcripts or grade reports verifying completion of at least 12 credential coursework units at Cal State L.A. and all prerequisite courses. A minimum grade point average of B (3.0) and grades of C or higher are required in all professional education courses.
• Submit verification of passing scores on all sections of CBEST.
• Present a Certificate of Clearance or a valid credential or permit issued by the California Commission on Teacher Credentialing at Office for Student Services, KH D2078.
• Submit verification of negative TB test taken within one year before completion of directed teaching by a personal physician or at Cal State L.A. Health Center.
• Register for directed teaching or demonstration of competencies as appropriate.

Applicants for multiple subject directed teaching must show proficiency in art, music, and physical education, either by examination or completion of appropriate courses.

Elementary Education Programs

Elementary Education programs include courses appropriate for preservice and inservice preparation of teachers in the elementary grades and directed teaching for candidates for the teaching credential with authorization in multiple subject instruction. The Master of Arts degree is described in the Graduate Programs section.

Multiple Subject Credential (Elementary Teaching)
The teaching credential with authorization in multiple subject instruction qualifies holders to teach in any self-contained classroom, preschool or kindergarten, grades 1 through 12, or in classes organized primarily for adults.

Requirements for Preliminary Credentials
Applicants must satisfy the following criteria to qualify for the University-recommended credential:
• A bachelor’s degree from a regionally accredited college or university.
• Passing score on CBEST.
• Formal admission to credential program, including attaining a GPA of 2.75 in the last 90 quarter units of coursework, fulfilling all EDCI 300 requirements, EDFN 413 or its equivalent, HS 457 and the professional education requirements listed below. See Admission to Credential Programs and Directed Teaching information earlier in this chapter.
• Verification of completion of a Commission-approved subject matter program (see listings in Undergraduate Study Chapter) or passing score on the California Subject Examinations for Teachers (CSET), and verification of subject matter competence by subject-area department.
• Pass UNIV 400, the Writing Proficiency Examination (WPE), or acceptable alternative by petition.
• Fulfillment of U.S. Constitution requirement.
• Pass Reading Instruction Competence Assessment (RICA).
• Complete cardiopulmonary resuscitation (CPR) training

Professional Education Requirements (48 units)
EDFN 440  Schooling for a Diverse, Urban Society (4)  
(It is recommended that this course be taken during the first block.)
EDSP 400  Foundations of Special Education (4)  
(It is recommended that this course be taken prior to beginning the program or within the first two blocks.)
EDEL 415  Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDEL 416  Proseminar: Curriculum and Teaching of Writing/Language Arts (4)
EDEL 417  Proseminar: Curriculum and Teaching of Mathematics (4)
EDEL 418  Proseminar: Curriculum and Teaching of Science (4)
EDEL 419  Proseminar: Curriculum and Teaching of Social Science (4)
EDEL 405  Proseminar: Language Development In the Elementary Classroom (4)

Students who meet all of the above criteria and who have completed the prerequisite course work will be approved for directed teaching. Because of the amount of time and work required for directed teaching, students are advised to restrict the number of units taken during directed teaching and curtail their out-of-school workload for the duration of such assignments.

Please Note: In order for education methodology courses for the Multiple Subject and Single Subject credentials to apply, they must be completed within 7 years of the date of application for the preliminary credential.

Supplementary Authorizations
Holders of a Single Subject or Multiple Subject credential issued by the state of California may add a supplemental authorization to teach in another discipline by completing additional course work. Interested students should consult the Charter College of Education Office for Student Services for further information.

Application Procedure for the Preliminary or Professional Clear Credential
By the end of the fifth week of your final quarter of credential course work, submit an application for the credential in the Office for Student Services, King Hall D2078.
Block One (Must be completed before Block Two)

EDCI 402  Introduction to Instructional Design, Assessment and Classroom Management Methods (4) or
EDCI 402I  Integrated Instructional Design, Assessment and Classroom Management for Field Based Candidates (4)
EDEL 405  Proseminar: Language Development in the Elementary Classroom (4)

Block Two (Must be completed before Block Three)

EDEL 415  Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDEL 417  Proseminar: Curriculum and Teaching of Mathematics (4)
EDEL 418  Proseminar: Curriculum and Teaching of Science (4)

Block Three (Must be completed before Block Four)

EDEL 416  Proseminar: Curriculum and Teaching of Writing/Language Arts (4)
EDEL 419  Proseminar: Curriculum and Teaching of Social Science (4)

Block Four (Must attend a mandatory directed teaching meeting prior to enrolling in these courses)

EDEL 403  Directed Teaching (10) OR
EDEL 489  Demonstration of Instructional Competencies (10)
EDEL 403C  Reflection, Synthesis, and Assessment of Directed Teaching (2)

Internship Credential Requirements

The internship credential program is designed for individuals who are employed as full-time teachers by cooperating school districts, have fulfilled all district and University prerequisites, and have been recommended by the district. The credential is issued for a two-year period during which candidates must fulfill all requirements for the preliminary credential.

Preliminary Internship Credential Requirements

Applicants must satisfy the following criteria to qualify for the University-recommended internship credential.

- A bachelor's degree from a regionally accredited college or university.
- Job offer from a cooperating school district.
- Passing score on the CBEST.
- Formal admission to credential program including fulfilling all EDCI 300 requirements, EDFN 413 or its equivalent, HS 457 and the Professional Education requirements listed below.
- Verification of completion of a Commission-approved elementary subject matter program (see listings in Undergraduate Study chapter) or passing score on all sections of the California Subject matter Examination for Teachers (CSET)
- Pass UNIV 400, the Writing Proficiency Examination (WPE) or acceptable alternative by petition.
- Satisfy the U.S. Constitution requirement.
- California Subject Examinations for Teachers (CSET)
- Complete cardiopulmonary resuscitation (CPR) training

Requirements for the Preliminary Internship Credential

Block One (Must be completed before Block Two)

EDEL 405  Proseminar: Language Development in the Elementary Classroom (4)
EDFN 440  Schooling for a Diverse, Urban Society (4)
EDCI 402I  Integrated Instructional Design, Assessment and Classroom Management for Field Based Candidates (4)
EDEL 488A  Support Seminar in Field Experiences (4)
EDEL 488B  Support Seminar in Field Experiences (4)

Block Two (Must be completed before Block Three)

EDEL 415  Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDEL 417  Proseminar: Curriculum and Teaching of Mathematics (4)
EDEL 418  Proseminar: Curriculum and Teaching of Science (4)

Block Three (Must be completed before Block Four)

EDEL 416  Proseminar: Curriculum and Teaching of Writing/Language Arts (4)
EDEL 419  Proseminar: Curriculum and Teaching of Social Science (4)
EDSP 400  Foundations of Special Education (4)

Block Four (Must attend a mandatory directed teaching meeting prior to enrolling these courses)

EDCI 535  Instructional Strategies for Teaching Cultural Awareness (4)
EDEL 489  Demonstration of Instructional Competencies (10)
EDEL 403C  Reflection, Synthesis, and Assessment of Directed Teaching (2)
Secondary Education Programs

The Secondary Education programs include courses appropriate for preservice and inservice teacher preparation in middle schools, junior high schools, senior high schools. The Master of Arts degree is described in the Graduate Programs section.

Single Subject Credential (Secondary Teaching)

The teaching credential with authorization in single subject instruction qualifies holders to teach in their authorized field at any grade level, preschool, kindergarten, and grades 1 through 12, or in classes organized primarily for adults. Eleven categories of single subject instruction are defined by state legislation as follows: agriculture, art, business, English, health science, industrial and technological education, languages (including, but not limited to, Chinese, French, German, Russian, and Spanish), natural science (biological sciences, chemistry, geoscience or physics), mathematics, music, physical education, and social science.

Students considering pursuing a Single Subject credential are urged to obtain advisement at the start of the program from faculty advisers in their academic area and in Secondary Education. Candidates may enroll in programs leading to the preliminary/clear credential (see an adviser about admission requirements and enrollment limitations).

Credential Requirements

Applicants must satisfy the following criteria to qualify for the University-recommended credential:

- A bachelor’s degree from a regionally accredited college or university.
- Passing score on CBEST.
- Formal admission to credential program including attaining a GPA of 2.75 in the last 90 quarter units of coursework, completing EDCI 300 requirements, EDFN 413, and HS 456 or 457; complete professional education requirements given below. See Admission to Credential Program and Directed Teaching Information earlier in this chapter.
- Verification of completion of a Commission-approved subject matter program by subject-area department (see listings in Undergraduate Study chapter) or passing score on CTC-approved subject matter assessments. For Physical Education, please consult the School of Kinesiology and Nutritional Science.
- Pass UNIV 400, the Writing Proficiency Examination (WPE), or acceptable alternative by petition.
- Fulfill the U.S. Constitution requirement.
- Pass the Teaching Performance Assessment (TPA)
- Complete cardiopulmonary resuscitation (CPR) training

Professional Education Requirements (47-48 units)

Block One (Must be completed before Block Two)

- EDFN 440 Schooling in a Diverse, Urban Society (4)
- EDSE 401 Instructional Strategies in Secondary Teaching (4)

- EDSE 415 Classroom Management in Secondary Schools (4)
- EDSE 445A Proseminar: Learning Environments and Instruction in Secondary Schools (4)

Block Two (Must be completed before Block Three)

- EDSE 423 Literacy in Middle and High School Content Classrooms (4)
- EDSE 430 Using ESL Techniques in the Content Areas (4)
- EDSP 400 Foundations of Special Education (4)

Block Three (Must be completed before Block Four)

- EDSE 421 Special Instructional Methods in Secondary Subjects (3-4)
- EDSE 445B Proseminar: Inquiry into Curriculum, Teaching, and School Culture (4)

Block Four (Must attend a mandatory directed teaching meeting prior to enrolling in these courses)

- EDSE 445C Directed Teaching in Secondary Schools (10) or
- EDSE 489 Demonstration of Instructional Competencies (10) or
- EDSE 445D Proseminar: Assessment of Teaching Performance (2)

Internship Credential Requirements

The Internship Credential Program is designed for individuals who are employed as full-time teachers by cooperating school districts, who have fulfilled all district and university prerequisites, and who have been recommended by the district. The credential is used for a two-year period. During that time, candidates must fulfill all requirements for the preliminary or professional clear credential. Applicants must satisfy the following criteria to qualify for the university-recommended internship credential:

- A bachelor's degree from a regionally accredited college or university.
- Job offer from a cooperating school district.
- Passing score on CBEST.
- Formal admission to the Charter College of Education and the Single Subject Internship Credential Program including completing EDCI 300, EDFN 413, and HS 456 or 457; complete professional education requirements given below.
- Verification of completion of a Commission-approved single subject matter program (see listings in undergraduate study chapter) or passing score on CTC approved subject assessments and verification of subject matter competence by subject-area department (i.e., department of student's undergraduate major).
- Satisfy the U.S. Constitution requirement
- Pass UNIV 400, the Writing Proficiency Examination (WPE), or acceptable alternative by petition.
Internship Option 51-52 quarter units

**BLOCK ONE**

- **EDSE 401** Instructional Strategies in Secondary Teaching (4)
- **EDSE 415** Classroom Management in Secondary Schools (4)
- **EDFN 440** Schooling in a Diverse, Urban Society (4)
- **EDSE 442I** Proseminar: Learning Environments and Instruction in the Secondary Teaching Internship (4)

**BLOCK TWO**

- **EDSE 423** Literacy in Middle and High School Content Classrooms (4)
- **EDSE 430** Using ESL Techniques in the Content Areas (4)
- **EDSP 400** Foundations of Special Education (4)
- **EDCI 535** Teaching for Cross-Cultural Awareness (4)

**BLOCK THREE**

- **EDSE 421** Special Instructional Methods in Secondary School Subjects (3-4)
- **EDSE 445B** Proseminar: Inquiry into Curriculum, Teaching and School Culture (4)

**BLOCK FOUR**

- **EDSE 489** Demonstration of Instructional Competencies (4)
- **EDSE 445D** Proseminar; Assessment of Teaching Performance (2)

---

### Graduate and Postbaccalaureate Programs

#### Master of Arts Degree in Education:

**Options in:**
- Bilingual/Multicultural Education in the Elementary Classroom
- Creative Literacies and Literature in the Elementary Classroom
- Curriculum and Instruction in the Urban School
- Early Childhood/Primary Education
- Mathematics Education
- Middle and Secondary Curriculum and Instruction
- Reading
- Science Education

#### Admission to the Program

Applicants must meet University requirements for admission to graduate study. In addition, applicants should have completed EDEL 405 or its equivalent (for the Bilingual/Multicultural Education in the Elementary Classroom option or the Curriculum and Instruction in the Urban School option), EDEL 417 or its equivalent (for the Mathematics option), EDEL 418 or its equivalent (for the Science option) have attained a minimum of 2.75 grade point average in the last 90 quarter units attempted, and have consulted with a faculty adviser. A score of 600 or higher on TOEFL is required for visa students. Finally, a valid teaching credential issued by California or any state is recommended by completion of the program.

#### Requirements for the Degree (46 units)

A total of 46 units is required, with at least 23 in 500-level courses. A comprehensive examination is required except for students selecting the Science Education option or the Creative Literacies and Literature option. Students who select the Science Education or the Creative Literacies and Literature option may choose to take the comprehensive examination or complete either a thesis or project after consulting an adviser. Students who intend to register in courses they wish to apply on a master's degree should consult an adviser prior to registration. There is a limit on credit that may be earned in variable-unit courses. See **Restrictions on Credit Earned in Variable Unit Courses** in the Charter College of Education section in the Academic Programs: College-based and University-wide chapter in the catalog.

#### Required Core (10 units)

- **EDCI 551** Reflection, Synthesis, Assessment: Induction Portfolio (2)
- **EDFN 500** Evaluation of Educational Research (4)
- **EDFN 551** Action Research in Education (4)
- **EDFN 553** Educational Research and Decision Making (4)

#### Option Areas - Select one (33-36 units)

**Bilingual/Multicultural Education in the Elementary Classroom (33 units)**

Select 4 units from the following:

- **EDEL 421** Teaching Language Arts in Elementary School (4)
- **EDEL 431** Proseminar: Curriculum and Teaching of Mathematics in Middle Schools (4)
- **EDEL 451** Teaching Science in Elementary School (4)
- **TESL 562** Methods for Teaching Second Languages (4)

---

### Supplementary Authorizations

Holders of a Single Subject or Multiple Subject credential issued by the state of California may add a supplemental authorization to teach in another discipline by completing additional course work. Interested students should consult the Charter College of Education Office for Student Services for further information.
Select 8 units from the following:

- EDCI 521 Seminar: Research in Teaching Reading/Language Arts (4)
- EDEL 531 Seminar: Research in Teaching Elementary School Subjects: Mathematics (4)
- EDEL 541 Seminar: Research in Teaching Elementary School Subjects: Social Science (4)
- EDEL 551 Seminar: Research in Teaching Elementary School Subjects: Mathematics (4)

Select 12 units from the following:

- EDCI 523 Principles and Practices of Teaching Writing in the Schools (4)
- EDCI 453 Teaching in Bilingual/Crosscultural Schools (4)
- EDCI 539 Instructional Strategies for Inner City Schools (4)
- EDCI 549 Developing English Reading/Language Arts Skills in Bilingual/Crosscultural Individuals (4)
- EDEL 413 Children’s Reading Materials in Spanish (4)
- TESL 560 Theories of Teaching and Learning Second Languages (4)

Electives - Select 9 units with adviser approval.

Creative Literacies and Literature in the Elementary Classroom (33 units)

Required Core (16 units)

- EDCI 521 Seminar: Research in Teaching Reading Languages Arts (4)
- EDCI 523 Principles and Practices of Teaching Writing in the Schools (4)
- EDCI 527 Issues and Trends in use of Children’s Literature (4)
- EDEL 473 Storytelling for Teachers (4)

Directed Electives

Select 8-12 units from the following:

- EDCI 549 Developing English Reading/Language Arts Skills in Bilingual/Cross-cultural Individuals (4)
- EDEL 412 Emergent Literacy (4)
- EDEL 413 Children’s Reading Materials in Spanish (4)
- EDEL 421 Teaching Language Arts in Elementary School (4)
- EDEL 424 Methods of Using Educational Drama in the Classroom (4)
- EDEL 427 Using Multicultural Children’s Literature in the Classroom (4)
- EDEL 473 Storytelling for Teachers (4)
- EDEL 525 Reading/Language Arts Across the Curriculum (4)
- EDEL 594 Special Topics in Elementary Education: Research in Storytelling (4)

Suggested Electives (5-8 units)

You may select courses in the directed electives section that were not selected, other electives with adviser approval, or from the following:

- EDCI 583 Application of Hypermedia in Instruction (4)
- EDEL 590 Creating a Healthy and Effective Classroom Climate (4)

Comprehensive Examination, or Thesis or Project (0, 7 units)

Required for all options except Science Education and the Creative Literacies and Literature option.

- EDEL 596 Comprehensive Examination (0) or
- EDCI 599A Thesis of Project Planning (3) and
- EDCI 599B Thesis or Project (2) and
- EDCI 599C Thesis or Project (2)

Students who choose the Creative Literacies and Literature option may choose the Comprehensive Exam or Thesis/Project after consultation with an advisor.

Students who select the comprehensive examination should expect to take it (EDCI 596) after they have completed all course work in their program and must comply with college and division requirements. Under special circumstances, and with prior approval from their M.A. program coordinator, students may take a maximum of five units of their program course work concurrently during the quarter they take their comprehensive examination.

Curriculum and Instruction in the Urban School (36 units)

Required courses (20 units)

- EDIT 430 Information Technologies in the Classroom (4)
- EDCI 549 Developing English Reading/Language Arts Skills in Bilingual/Cross-cultural Individuals (4) or
- TESL 564 Teaching English as a Second Language for Academic Purposes (4)
- HS 458 Advanced Health Education for Teachers (4) or
- EDEL 590 Creating a Healthy and Effective Classroom Climate (4)
- EDCI 535 Teaching for Cross-Cultural and Global Awareness (4)
- EDSP 509 Advanced Methods and Models for Teaching Special Populations in General Education (4)

Select 4 units from the following:

- EDCI 511 Advanced Classroom Assessment in the Urban School (4) or
- EDFN 511 Advanced Classroom Assessment in the Urban School (4)
- EDCI 537 Teacher Leadership in the Urban School: Issues, Trends and New Directions (4) or
- EDAD 537 Teacher Leadership in the Urban School: Issues, Trends and New Directions (4)
- ULRN 460 Assessment and Learning (4)

Area of Emphasis (12 units):

Select area of emphasis with advisor approval.

Area of Emphasis 1:

Select 3 elective courses with advisor approval.

Area of Emphasis 2:

- EDCI 550AB Advanced Fieldwork/Application in Curriculum and Instruction in the Classroom (4)

Select 2 elective courses selected with advisor approval.

Comprehensive Examination (0 units)

- EDEL 596 Comprehensive Examination (0)

Early Childhood/Primary Education (33 units)

Admission to the Program

Applicants must meet University requirements for admission to graduate study. In addition, a California credential or a general elementary or kindergarten-primary credential issued by any state or two years experience teaching young children is recommended.
Required Courses (28 units) – Select from the following:

EDEL 432  Teaching Mathematics for Early Childhood (4)
EDEL 461  Curriculum Procedures and Materials for Early Childhood Education (4)
EDEL 463  Kindergarten-Primary Education (4)
EDEL 466  Cultural Diversity in Early Childhood Classroom: Needs and Opportunities (4)
EDEL 467  School/Family/Community Partnerships in Urban Learning (4)
EDEL 560  Design and Management of Early Childhood Public Educational Programs (4)
EDEL 563  Seminar: Issues and Trends in Early Childhood Education (4)
EDEL 564  Seminar: Advanced Methodologies in Early Childhood Education (4)
ULRN 462  The Role of Playing in Learning (4)

Directed Electives
Select a minimum of 5 units from the following:

CHDV 422  Administration of Pre-School and Day Care Programs (5)
EDCI 527  Issues and Trends in Using Children’s Literature (4)
EDCI 552  Scientific Processes and Authentic Assessment Strategies (4)
EDEL 405  Proseminar: Language Development in the Elementary Classroom (4)
EDEL 412  Emergent Literacy (4)
EDEL 424  Methods of Using Creative Dramatics with Children (4)
EDEL 473  Storytelling for Teachers (4)
EDEL 597  Graduate Research (1-4)
EDEL 598  Graduate Directed Study (1-4)
EDSP 512  Building Partnerships in Special Education (2)
EDSP 514  Assessment of Infants and Young Children with Special Needs (4)
EDSP 515  Planning Programs for Exceptional Infants and Young Children (4)
EDSP 517  Advanced Issues in Early Childhood Special Education (4)

Mathematics Education in the Elementary Classroom (33 units)

Required Courses (12 units)

EDEL 431  Proseminar: Curriculum and Teaching of Mathematics in Middle Schools (4)
EDEL 432  Teaching Mathematics for Early Childhood (4)
EDEL 531  Seminar: Research in Teaching Elementary School Subjects: Mathematics (4)

Directed Electives
Select 13 units from the following:

EDCI 583  Application of Hypermedia in Instruction (4)
EDEL 433A  Special Topics in Mathematics for Elementary Teachers: Metric Measurement (1)
EDEL 433B  Special Topics in Mathematics for Elementary Teachers: Problem Solving (1)
EDEL 433C  Special Topics in Mathematics for Elementary Teachers: Geometry (1)
EDEL 433D  Special Topics in Mathematics for Elementary Teachers: Logic (1)
EDEL 435  Use of Calculator in Teaching Mathematics (2)
EDEL 480  Teaching Problem Solving with LOGO (4)
EDEL 535  Seminar Assessment Strategies in Mathematics (4)
EDEL 580  Computer Applications for Teaching Mathematics and Science (2)

Electives (8 units)
You may select courses in the directed electives section that were not selected, other electives with adviser approval, or from the following:

EDEL 451  Teaching Science in Elementary School (4)
EDEL 551  Seminar: Research in Teaching Elementary School Science (4)
EDEL 590  Creating a Healthy and Effective Classroom Climate (4)

Other Electives - Select with adviser approval.
Science Education (33 to 36 units)

Required Courses (24 units)

EDEL 452  Developing Critical Thinking Through Science, K-7 (4)
EDEL 551  Research in Teaching Elementary Science (4)
EDEL 552  Scientific Processes and Authentic Assessment Strategies, K-7 (4)
EDCI 553  Environmental Science Education in the Urban Setting (4)
NS 461  Topics in Physical Science Content and Pedagogy (4)
NS 462  Topics in Life Sciences Content and Pedagogy (4)

Directed Electives
Select 12 units from the following:

EDEL 451  Teaching Science in Elementary School (4)
EDEL 454  The Science, Technology, and Society Curriculum, K-7 (4)
EDEL 554  Research in Thematic Science: Integrating Language Arts, K-7 (4)
EDCI 555  Seminar: Teaching Middle School Science Research, 4-7 (4)

Suggested Electives, or others with adviser’s approval
Select 5-8 units
EDIT 472  World Builders (5)
EDEL 525  Reading/ Language Arts Across Curriculum (4)
EDEL 531  Seminar: Research in Teaching Elementary Mathematics (4)
EDEL 590  Creating a Healthy and Effective Classroom Climate (4)

Comprehensive Examination, or Thesis, or Project (0, 7 units)

EDEL 596  Comprehensive Examination (0) or
EDEL 599A  Thesis or Project Planning (3) and
EDEL 599B  Thesis or Project (2) and
EDEL 599C  Thesis or Project (2)

Students selecting the Science Education Option may choose the comprehensive examination or a thesis or a project after consultation with an adviser.

Students who select the comprehensive examination should expect to take it (EDEL 596) after they have completed all course work in their program and must comply with college and division requirements. Under special circumstances, and with prior approval from their M.A. program coordinator, students may take a maximum of five units of their program course work concurrently during the quarter they take their comprehensive examination.
Master of Arts Degree in Education: 
Option in Middle and Secondary 
Curriculum and Instruction

The Master of Arts degree: Option in Middle and Secondary Curriculum and Instruction provides educators with the opportunities for the development of skills and knowledge to conduct inquiry, to design curriculum and instructional programs, to implement programs, and to assess the success of those programs at the middle and secondary school levels.

Admission to the Program
In addition to University requirements for admission to graduate study, applicants must possess a 2.75 grade point average in the last 90 quarter units attempted (Applicants for the Reading Option must possess a 3.0 grade point average in the last 90 quarter units attempted.)

Overview for Course Study (47 Units)
All candidates for the M.A. degree will complete the introductory seminar and required core courses. Students will select an area of concentration early in their course of study. All students will pass a comprehensive examination or complete a thesis or project. A minimum of 47 units is required for the M.A. degree. Before completion of the degree program, students must have a teaching credential and classroom teaching experience.

Required Introductory and Core Courses (28 units)
Introductory Course (4 units)
EDSE 500 Introductory Seminar: Reflections on Teaching (4)

Core Courses (24 units)
EDFN 452 Statistics in Education (4)
And one of the following:
EDFN 500 Evaluation of Education Research (4) or
EDFN 553 Educational Research and Decision Making (4)

And the following three courses:
EDCI 415 Teaching for Thinking (4)
EDCI 560 Principles and Practices of Curriculum in Urban Schools (4)
EDCI 583 Application of Hypermedia in Instruction (4)
And one of the following:
EDCI 535 Teaching for Cross-Cultural and Global Awareness (4) or
EDSE 590 Teaching in Multicultural Middle and Secondary Classrooms (4)

Requirements for the degree also include completion of Area of Concentration (12 units) and the Comprehensive Examination or Thesis or Project (7 units)
EDSE 596 Comprehensive Examination (3 units, first quarter; 4 units second quarter) or
EDCI 599A Thesis or Project Planning (3) and
EDCI 599B Thesis or Project (2) and
EDCI 599C Thesis or Project (2)

Areas of Concentration (12 units)
Select one of the following concentrations:

Concentration One: 
Reform in Middle and Secondary Urban Schools
Select 12 units from the following:
EDCI 453 Teaching in Bilingual/Cross cultural Schools (4)

Concentration Two: 
Cross-cultural, Language and Academic Development
This concentration leads to CLAD Certification if applicants take one course in each of the following 5 prescribed domains for a total of 19 units and 9 units of foreign language or the equivalent.
ENGL 301 Introduction to Language (4) or
ENGL 401 English Language in America (4)
EDCI 549 Developing English Reading/Language Arts Skills in Bilingual/Cross-Cultural Individuals (4)
EDCI 453 Teaching in the Bilingual/Cross-Cultural Schools (4)
EDEL 405 Proseminar: Language Development in the Elementary Classroom (3) or
EDEL 430 Using ESL Techniques in the Content Areas (3)
EDCI 535 Teaching for Cross-Cultural and Global Awareness (4)

Concentration Three: 
Content Area Specialization
Select 12 units of advanced coursework in a single subject area of specialization. Selection is limited to those disciplines or subject areas in which CSULA offers credentials, such as English, Social Sciences, Mathematics, Natural Sciences, Foreign language, Art, Music, Physical Education, etc.

Concentration Four: 
Integrating Critical and Reflective Thinking Throughout the Curriculum.
In this area of concentration, students undertake coursework, projects, and research to enlarge their theoretical and strategic knowledge of teaching that has the integration and growth of thinking as its primary focus.
Candidates complete the following courses (12 units) in philosophy that focus on the development of critical thinking:
PHIL 480 Philosophy of Language (4)
PHIL 485 Philosophy of Science (4)
PHIL 580 Seminar: Critical Thinking Models and Strategies (4)

Concentration Five: 
Language Arts/Literacy
In this area of concentration, students investigate theory and practice in the language arts at the middle and secondary levels. Includes study of advanced techniques for integrating discussion, listening, reading, and writing into the language arts curriculum.
Complete the following courses (12 units)
EDCI 523 Principles and Practice of Teaching Writing (4)
EDCI 513 Reading as a Cognitive Process (4)
EDCI 521 Seminar: Research In Teaching Reading/ Language Arts (4)

Concentration Six: 
Mathematics Pedagogy
In this area of concentration, students will undertake course work, projects and research to enlarge their theoretical and practical knowledge of mathematics instruction in middle and secondary schools.
Select **12 units** from the following:

- **EDCI 584** Learning Theories and Cognitive Science in Math Education (4)
- **EDEL 431** Proseminar: Curriculum and Teaching of Mathematics in Middle Schools (4)
- **EDEL 433ABCD** Special Topics in Mathematics (1 each)
- **EDEL 435** Use of Calculator in Teaching Mathematics (2)
- **EDEL 480** Teaching Problem Solving with LOGO (4)
- **EDEL 531** Seminars: Research in Teaching Elementary School Subjects (4)
- **EDEL 535** Seminar: Assessment Strategies in Mathematics (4)
- **EDEL 580** Computer Applications for Teaching Mathematics and Science (2)
- **EDSE 594** Selected Studies in Secondary Education (Mathematics) (4)
- **EDSE 598** Graduate Directed Study (1-4)

**Concentration Seven: Science Pedagogy**

In this area of concentration, students will undertake course work, projects and research to enlarge their theoretical and practical knowledge of science instruction in middle and high schools.

Select **12 units** from the following:

- **EDSE 428C** Processes of Science (4)
- **EDCI 552** Scientific Processes and Authentic Assessment Strategies (4)
- **EDCI 553** Environmental Science Education in the Urban Setting (4)
- **EDCI 555** Seminar: Teaching Middle School Science Research (4)
- **EDEL 580** Computer Applications for Teaching Mathematics and Science (2)
- **EDSE 594** Selected Studies in Secondary Education (1-4)
- **EDSE 598** Graduate Directed Study (1-4)

**Concentration Eight: Instructional Technology**

Candidates selecting this area of concentration are encouraged to develop projects or pursue a thesis, which entails the investigation and implementation of current technologies applicable to educational settings.

Select **12 units** from the following:

- **EDIT 435** Computer Systems in Education (4)
- **EDIT 451** Survey of Instructional Media and Teaching (3)
- **EDIT 472** World Builders (4)
- **EDIT 484** Computer Authoring Tools (4)
- **EDIT 550** Multimedia Design and Production (5)
- **EDIT 554** Video Technology in Education (4)
- **EDIT 556** Technology Leadership in Schools (5)
- **EDIT 557** Computer Assisted and Managed Instruction (5)
- **EDIT 560** Internet and the World Wide Web in Education (4)

Accreditation of Teacher Education, as well as the International Reading Association's Guidelines for Reading Specialists/Literacy Coaches.

**Admission to the Program**

For admission to the program, applicants must:

1. Meet the university requirements for admission to graduate study,
2. Have a 3.0 or higher grade point average in their last 90 quarter (or 60 semester) units attempted, and
3. Have completed a basic course/s in teaching reading and writing (EDEL 415 and EDEL 416, or EDSE 423, or equivalent) or hold a basic teaching credential issued by California or any state. (Candidates who wish to teach in K-12 public schools must have a Multiple Subject or Single Subject Teaching Credential. For information on how to earn these credentials, see Student Services in King Hall D2078.)

**Requirements for the Degree (45 units)**

A minimum of 45 units is required, including at least 23 in 500-level courses. Students must pass a comprehensive examination or submit a thesis or project.

**Required Courses (29–31 units)**

- **EDCI 513** Reading as a Cognitive Process (4)
- **EDCI 521** Seminar: Research in Teaching Reading/Language Arts (4)
- **EDCI 522** Reading/Language Arts Assessment and Instruction for Classroom Teachers (4)
- **EDCI 524** Reading/Language Arts Assessment and Instruction for Reading/Language Arts Specialists (5)
- **EDCI 540A** Reading/Language Arts Clinical Practicum I (2)
- **EDCI 540B** Reading/Language Arts Clinical Practicum II (2)
- **EDCI 541** Field Work in Reading and Language Arts (4)
- **EDFN 500** Evaluation of Educational Research (4)

*EDCI 540B may be repeated once to a total of 4 units.*

**Directed Electives (4 units)**

Select from the following:

- **COMD 400** Hearing Science (4)
- **COUN 532** Diagnosis of Learning Problems and Remedial Procedures (4)
- **EDCI 527** Issues and Trends in the Use of Children's Literature (4)
- **EDEL 412** Emergent Literacy (4),
- **EDEL 413** Children's Reading Materials in Spanish (4)
- **EDEL 427** Using Multicultural Children's Literature in the Classroom (4)
- **EDEL 525** Reading/Language Arts Across the Curriculum (4)
- **EDSP 400** Foundations of Special Education (4)

**Suggested Electives (4–12 units):**

To complete the 45 minimum units, select, with advisor approval, additional classes from the directed electives above, or any of the following:

- **COMD 456** Development of Verbal Behavior in Childhood (4)
- **COMD 461** Descriptive Phonetics (4)
- **COMM 494/CHDV 492** Communication Behavior in Childhood (4)
COUN 501 Behavior Analysis in School, Home and Agency Settings (4)
EDCI 523 Principles and Practices of Teaching Writing in the Schools (4)
EDCI 549 Developing English Reading/Language Arts Skills in Bilingual/Crosscultural Individuals (4)
EDFN 452 Statistics in Education (4)
EDFN 510 Advanced Study: Learning Theory and Education (4)
EDFN 530 Advanced Study in Human Development (4)
ENGL 400/ANTH 471 Introduction to Linguistics (4) or
ENGL 401 English Language in America (4)
ENGL 406 Writing Nonfiction (4)
ENGL 430 Children's Literature (4)
ENGL 432 Literature for Adolescents (4)
PSY 412A Psychology of Human Development: Infancy and Childhood (4)
PSY 412B Psychology of Human Development: Adolescence and Young Adulthood (4)
PSY 418A Introduction to Theories of Personality (4)
PSY 418B Review of Research in Personality (4)
PSY 422 Social Psychology (4)
TESL 560 Theories of Teaching and Learning Second Languages (4)

Comprehensive Examination or Thesis or Project (0, 7 units)
EDCI 596 Comprehensive Examination (0) or
EDCI 599A Thesis or Project Planning (3) and
EDCI 599B Thesis or Project (2) and
EDCI 599C Thesis or Project (2)

Students who select the comprehensive examination (EDCI 596) should take it after they have completed all course work in their program and must comply with College and Division requirements. Under special circumstances, and with prior approval from their M.A. program coordinator, students may take EDCI 540B or EDCI 541 during the quarter they take their comprehensive examination.

A California Reading and Language Arts Specialist Credential and/or a California Reading Certificate can be earned concurrently with this M.A. by completing a specific route through this program.

For admission to the program(s) and for information on how to earn a Reading and Language Arts Specialist Credential and/or a Reading Certificate issued by the California Commission on Teacher Credentialing concurrently with an M.A. in Education: Option in Reading, see a faculty member who advises the programs. A list of these faculty members and their office hours is available in King Hall C2097.

Reading and Language Arts Specialist Credential
The Reading and Language Arts Specialist Credential is issued by the California Commission on Teacher Credentialing. It fulfills the requirements of the National Council for Accreditation of Teacher Education, as well as the International Reading Association's guidelines for Reading Specialists/Literacy Coaches. It authorizes the holder to provide the following services as a reading specialist in any grade level K-12, or in classes organized for adults:

- Develop and coordinate reading programs at the school, district, or county level
- Select and adapt reading instruction materials; plan and conduct reading staff development
- Assess student progress and monitor student achievement in reading
- Provide direct reading intervention work with students
- Assist and support the classroom teacher in reading instruction and teaching strategies.

Admission to the Program
For admission to the program, applicants must:

1. Meet the university requirements for admission to graduate study.
2. Have a 3.0 or higher grade point average in their last 90 quarter (or 60 semester) units attempted, and
3. Have completed a basic course/s in teaching reading and writing (EDEL 415 and EDEL 416, or EDSE 423, or equivalent) or hold a basic teaching credential issued by California or any state.

Requirements for the Specialist Credential (45 units)
Students must complete 45 units of required course work, fulfill additional corequisites listed below, and pass the comprehensive examination (EDCI 596) for the M.A. Degree in Education: Option in Reading.

Required Courses (45 units)
EDCI 513 Reading as a Cognitive Process (4)
EDCI 521 Seminar: Research in Teaching Reading/Language Arts (4)
EDCI 522 Reading/Language Arts Assessment and Instruction for Classroom Teachers (4)
EDCI 523 Principles and Practices of Teaching Writing in the Schools (4)
EDCI 524 Reading/Language Arts Assessment and Instruction for Reading/Language Arts Specialists (5)
EDCI 527 Issues and Trends in Use of Children’s Literature (4) or
EDEL 412 Emergent Literacy (4) or
EDEL 413 Children’s Reading Materials in Spanish (4)
EDCI 540A Reading/Language Arts Clinical Practicum I (2)
EDCI 540B Reading/Language Arts Clinical Practicum II (2)
EDCI 541 Field Work in Reading and Language Arts (4)
EDCI 549 Developing English Reading/Language Arts Skills in Bilingual/Crosscultural Individuals (4)
EDEL 525 Reading/Language Arts Across the Curriculum (4)
EDFN 500 Evaluation of Educational Research (4)

Corequisites
In addition to the above requirements, student must satisfy the following:

- Complete ENGL 400 (4), or ENGL 401 (4), or TESL 400 (4), or an equivalent course in linguistics by the end of the second quarter in the program.
- Have a preliminary basic California Teaching Credential (i.e., A Multiple Subject, Single-Subject, or Educational Specialist Teaching Credential). Students may work towards the Reading and Language Arts Specialist Credential while they are completing the requirements for their preliminary teaching credential.
- Have verified completion of three years of successful full-time teaching experience after receiving a basic teaching credential at any grades authorized by their credential, and 20 clock hours of successful experience with elementary or secondary students in grades not included in their basic teaching credential. (The latter requirement can often be met through successful completion of EDCI 540A and EDCI 540B.) Students who finish the program before they complete their experience requirements will be eligible for the specialist credential once they finish this requirement.

Comprehensive Exam (0 units)
EDCI 596 Comprehensive Examination

Students should take the comprehensive examination for the M.A. degree in Education: Option in Reading Program (EDCI 596) after they have completed all course work in their program and must comply with college and division requirements. Under special circumstances, and with prior approval from their program coordinator, students may take EDCI 540B or EDCI 541 concurrently during the quarter they take their Comprehensive Examination.

Certificate Programs

California Reading Certificate
The California Reading Certificate is issued by the California Commission on Teacher Credentialing. It authorizes the holder to assess student reading and provide reading instruction in response to those assessments. Certificate holders may perform the following services at one or more school sites at the grade level authorized by their prerequisite teaching credential:

- Develop and implement reading curriculum
- Adapt reading content curriculum
- Assist classroom teachers in these areas

Admission to the Program
For admission to the program, applicants must:

1. Meet the university requirements for Admission to graduate study,
2. Have a 3.0 or higher grade point average in their last 90 quarter (or 60 semester) units attempted, and
3. Have completed a basic course/s in teaching reading and writing (EDEL 415 and EDEL 416, or EDSE 423, or equivalent) or hold a basic teaching credential issued by California or any state.

Requirements for the Certificate (22 units)
Students must complete 22 units of required course work and fulfill the additional corequisites listed below.

Required Courses (22 units)
EDCI 513 Reading as a Cognitive Process (4)
EDCI 522 Reading/Language Arts Assessment and Instruction for Classroom Teachers (4)
EDCI 540A Reading/Language Arts Clinical Practicum I (2)
EDCI 549 Developing English Reading/Language Arts Skills in Bilingual/Crosscultural Individuals (4)
EDEL 525 Reading/Language Arts Across the Curriculum (4)

Corequisites
In addition to the above requirements, Students must satisfy the following:

- Complete ENGL 400 (4), ENGL 401 (4), or TESL 400 (4), or an equivalent course in Linguistics by the end of the second quarter in the program.
- Complete EDEL 412 (4) or an equivalent course in emergent literacy.
- Have a preliminary basic California Teaching Credential (i.e., A Multiple Subject, Single Subject, or Educational Specialist Teaching Credential). Students may work towards the reading certificate while they are completing the requirements for their preliminary teaching credential.

- Have verified completion of three years of successful full-time teaching experience after receiving a basic teaching credential at any grade issued by California or any state. Students who finish the program before they complete their experience requirement will be eligible for the reading certificate once they finish this requirement.

The California Reading Certificate Program closely corresponds with the first half of the reading and language arts specialist credential program. All the classes in the reading certificate program are in the M.A. in Education: Option in Reading Program.

For admission to the program(s), see a faculty member who advises for the program. A list of these faculty members and their office hours is available in King Hall C2097.
Certificate Program in Storytelling
The certificate program in Storytelling is designed for persons with an interest in the techniques, theories, and literature associated with the ancient and modern art of storytelling. The certificate is especially valuable for teacher use in language arts instruction and for improving communications skills; it can also be used effectively by librarians and recreation leaders. This program is open to matriculated, upper division undergraduate and postbaccalaureate students. Completion of this credit certificate program requires 32 units in core and elective courses.

Requirements for the Certificate (32 units)
Completion of this credit program requires 32 units in required courses and elective courses.

Required Courses (20 units)
- EDEL 424 Methods of Using Creative Dramatics with Children (4)
- EDEL 427 Using Multicultural Children's Literature in the Classroom (4)

Electives (8 units)
Select from the following:
- ANTH 445 Myth and Folklore (4)
- CHS 420 Mexican and Chicano Folklore (4)
- EDEL 413 Children's Reading Materials in Spanish (4)
- TA 401 Advanced Creative Dramatics (4)

With adviser approval, students may include courses in the folklore of an ethnic culture.

List of Courses - Undergraduate Level

Curriculum and Instruction (EDCI)

Subcollegiate Course

093 Development of Study Skills: Reading (4)
Prerequisite: Recommendation of a counselor or an instructor. Developing reading study skills necessary for academic success at university level. Current general education textbook material used to reinforce college-level reading. Graded CR/NC. May be repeated to maximum of 12 units. No credit toward baccalaureate.

Upper Division Courses

300 The Teaching Profession: Preparing the Urban Educator (2)
Prerequisite: Admission to University and Charter College of Education. Analysis, application and evaluation of strategies to prepare Multiple and Single Subject candidates to teach in urban schools. Requires verification of completion of 45 hours of early field experiences in a K-12 public school classroom. Graded CR/NC.

400-level Courses
All 400-level courses may be applied toward master’s degree requirements except the following, subject to limits established by the department and approval of the graduate adviser

402I Integrated Instructional Design, Assessment and Classroom Management for Field-Based Degree Candidates (4)
Prerequisite: Completion of all requirements for formal admission to the multiple subject credential program. Integration of the fundamental principles of instructional design, strategies for addressing learner needs, assessment methodology, and classroom management strategies. Restricted to field-based candidates currently employed as full-time teachers and enrolled in Block One of the program.

415 Teaching For Thinking (4)
Perspectives and practices to integrate problem-solving, critical thinking, and the development of reflection and self-regulation into all content area course instruction.

453 Teaching in Bilingual/Crosscultural Schools (4 each)
Prerequisite: Teaching credential. Specialized teaching techniques and materials for bilingual/crosscultural schools. School and community field assignments.

453C Chinese
453K Korean
Elementary Education (EDEL)

All 400-level courses may be applied toward master’s degree requirements except the following, subject to limits established by the division and approval of the graduate adviser: EDEL 400, 415–419, 431, 465

400 Proseminar: Curriculum and Teaching of Reading/Language Arts (4 each)
Prerequisites: Admission to credential program; EDFN 413 (may be taken concurrently). Strategies for teaching reading and writing in various milieu, emphasizing reading skills and writing development. Field experience required. Offered in English or a second language as listed below.

400S Spanish

402 Proseminar: Curriculum and Teaching of Social Science and Science (4 each)
Prerequisites: Admission to credential program; EDFN 413 (may be taken concurrently). Analysis, application and evaluation of strategies for teaching social science and science in various socioeconomic and cultural milieu. Laboratory experience provided. Offered in English or a second language listed below:

402S Spanish

403 Directed Teaching: Multiple Subject (10)
Prerequisites. Completion of all professional education courses in Blocks One-Three, EDFN 440, EDSP 440. Corequisite: EDEL 403C. On-site laboratory experience consisting of teaching multiple subjects under direction of University supervisor with cooperation of supervising classroom teacher(s). May be repeated for credit with division approval. Graded CR/NC only.

403C Reflection, Synthesis and Assessment of Directed Teaching (2)
Prerequisites: Completion of all courses in Blocks One-Three, EDFN 440, EDSP 400. Corequisite: EDEL 403 or EDEL 489. Seminar to accompany directed teaching to provide candidates opportunities for self- and peer-reflection, professional growth, and summative program portfolio assessment.

404 Directed Teaching II: Multiple Subject (12)
Prerequisites or corequisites: EDEL 403, EDFN 414. On-site laboratory experience teaching multiple subjects under direction of University supervisor with cooperation of supervising classroom teacher(s). Concurrent weekly seminar. Graded CR/NC.

405 Proseminar: Language Development in the Elementary Classroom (4)
Prerequisite: Completion of all requirements for formal admission to multiple subject credential program. Analysis, application, evaluation of strategies for teaching language acquisition/language arts and related cultural aspects in elementary classrooms, including primary language development, ESL, and sheltered English strategies. Includes laboratory experiences in a field setting. Course restricted to candidates enrolled in Block One of program.

412 Emergent Literacy (4)
Basic concepts of emergent literacy, strategies for teaching beginning reading/writing, phonemic awareness, phonics and other word-attack skills, assessment, linguistic diversity, children’s literature, and related legislative actions and initiatives.

413 Children’s Reading Materials in Spanish (4)
Prerequisite: Proficiency in Spanish at 300B level. Spanish reading materials suitable for development or enrichment of reading at elementary level; oral and written language skills in bilingual/crosscultural classroom.

414 Elementary Classroom Management (3)
Identification, analysis and interventions for effective classroom management for pre-and in service teachers, grades K-6.

415 Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
Prerequisite: Completion of all courses in Block One of multiple subject credential program. Analysis, application, and evaluation of strategies for teaching reading in various milieu, emphasizing comprehension, phonics and other decoding skills and strategies. Includes laboratory experiences in a field setting. Offered in English or a second language as listed below:

EDEL 415C Chinese
EDEL 415K Korean
EDEL 415 S Spanish

416 Proseminar: Curriculum and Teaching of Writing/Language Arts (4)
Prerequisite: Completion of all courses in Blocks One and Two of multiple subject credential program. Analysis, application, and evaluation of teaching writing and related language arts in various milieu, emphasizing skills and strategies addressing spelling, grammar, handwriting, children’s literature, oral language, and listening. Includes laboratory experiences in a field setting. Offered in English or a second language as listed below:

EDEL 416C Chinese
EDEL 416K Korean
EDEL 416S Spanish

417 Proseminar: Curriculum and Teaching of Mathematics (4)
Prerequisite: Completion of all courses in Block One of Multiple Subject Credential program. Analysis, application and evaluation of strategies for teaching mathematics in various socioeconomic and cultural milieu. Laboratory experience provided. Offered in English or a second language listed below:

EDEL 417C Chinese
EDEL 417K Korean
EDEL 417S Spanish

418 Proseminar: Curriculum and Teaching of Science (4)
Prerequisite: Completion of all courses in Block One of multiple subject credential program. Analysis, application, evaluation of strategies for teaching science in various socioeconomic and cultural milieu. Course consists of lecture and laboratory activities.

EDEL 418 Spanish

419 Proseminar: Curriculum and Teaching of Social Science (4)
Prerequisite: Completion of all courses in Blocks One and Two of the multiple subject credential program. Analysis, application, evaluation of strategies for teaching social science in various socioeconomic and cultural milieu. Assessment point for progress on professional portfolio.
EDEL 419S Spanish
421 Teaching Language Arts in Elementary School (4)
Prerequisite: Teaching experience. Intensive study in teaching language arts in elementary school. Exploration, analysis, interpretation, and implementation of modern teaching trends and issues, with urban emphasis.

424 Methods of Using Creative Dramatics with Children (4)
Prerequisite: COMM 490. Methods of using creative dramatics and educational drama as essential to language arts and literacy across the curriculum for K-8 students. A preservice or inservice course for librarians and teachers. Lecture 3 hours, laboratory 1 hour.

427 Using Multicultural Children’s Literature in the Classroom (4)
Survey, analysis, and use of multicultural children’s literature as core curriculum in reading, language arts, and literacy. An introduction to the use of multicultural children’s literature in the classroom.

431 Proseminar: Curriculum and Teaching of Mathematics in Middle Schools (4)
Prerequisite: EDEL 417 or equivalent. Analysis, application and evaluation of strategies for teaching middle school mathematics in various socioeconomic and cultural milieu.

432 Teaching Mathematics for Early Childhood (4)
Prerequisite: Teaching experience. Professional course presenting methods and materials for teaching mathematics to children, prekindergarten through grade three.

433ABCD Special Topics in Mathematics for Elementary Teachers (1 each)

433A Metric Measurement
433B Problem Solving
433C Geometry
433D Logic

435 Use of Calculator in Teaching Mathematics (2)
Prerequisite: EDEL 417. Laboratory that examines how the calculator can be used in teaching mathematics, with a special emphasis on problem solving.

451 Teaching Science in Elementary School (4)
Prerequisite: Teaching experience. Intensive study in teaching science in elementary school; exploration, analysis, interpretation, and implementation of modern teaching trends, issues, and materials, with urban emphasis.

452 Developing Critical Thinking Through Science, K-7 (4)
Prerequisite: EDEL 402. Investigation of strategies and research in science education which assists children to develop critical thinking, problem solving strategies, and higher order thinking through science exploration and investigations. Includes 20 hours of laboratory.

454 The Science, Technology and Society Curriculum K-7 (4)
Prerequisites: EDEL 402,452. Exploration of how society uses the accumulated knowledge from science and other disciplines to control and alter the way things work, and it helps in understanding science and technology –related societal issues. Includes 20 hours of laboratory.

461 Curriculum Procedures and Materials for Early Childhood Education (4)
Curriculum, instructional procedures/materials in early childhood education. Focus on designing learning experiences to address developmental characteristics of preschool/kindergarten children in diverse urban settings. Observation/participation in early education classrooms required.

463 Kindergarten-Primary Education (4)
Instructional strategies bridging kindergarten and the primary grades in diverse urban settings; including theoretical frameworks, integrated curriculum, and authentic assessment practices.

464 Prekindergarten Education in Metropolitan Areas (4)
Corequisite: EDFN 437. Selection of objectives, student population, curriculum content, materials and instructional procedures for teachers in public prekindergarten schools in various socioeconomic and cultural milieu.

465 Directed Teaching: Preschool (12)
Prerequisites: EDEL 461, 462; see Multiple Subject Credential with Prekindergarten Option requirements. Directed teaching for credential at preschool level. Graded CR/NC.

466 Cultural Diversity in Early Childhood Classroom: Needs and Opportunities (4)
Multicultural education and anti bias curriculum development for early childhood education; focus on cross-cultural perspectives and their effects on behavior, learning, and teaching.

467 School/Family/Community Partnerships in Urban Learning (4 units)
Examination of family, community, societal, cultural, and ideological influences on children's learning and schooling. Emphasis on strategies to integrate urban family members, as well as community resources, into the teaching-learning process. Field-based experiences required.

470AB Introduction to Elementary Curriculum (3, 3)
Prerequisites: COMD 456, 461. Overview of curriculum, methods, and materials used by elementary teachers in presenting reading, mathematics, and language arts. Meets needs of Communicative Disorders majors pursuing Special Class Authorization of Severe Language Handicapped and/or Aphasic Pupils. May not be used for Multiple Subject credential.

473 Storytelling for Teachers (4)
Developing skills of storytelling, selecting appropriate literature, and including storytelling in the elementary school curriculum. Lecture 3 hours, laboratory 1 hour.

480 Teaching Problem Solving with LOGO (4)
Theory and methods for teaching the programming language LOGO, with emphasis on problem-solving. (Hands-on computer laboratory.)

488A,B,C Support Seminar in Field Experiences (4,4,4)
This seminar provides emergency and internship credential teachers with support in field experiences as they develop, implement, and modify instruction based on reflection about teaching practices. This course is restricted to students who have been admitted to the CSULA University Internship Program (CR/NC).
### Secondary Education (EDSE)

#### Lower Division Courses

**190 Exploring Science in the Classroom, School, and Community (2)**
Prerequisites: Enrollment in the undergraduate Natural Science major with an option in Biology, Chemistry, Geoscience or Physics/teacher preparation for the Single Subject (Better Educated Science Teacher) program. Sixty hours of early field exploration of teaching science in public middle schools and high schools.

#### Upper Division Courses
All 400-level courses may be applied toward master's degree requirements, subject to limits established by the division and approval of the graduate adviser.

**401 Instructional Strategies in Secondary Teaching (4)**
Prerequisite: Completion of all requirements for formal admission to single subject credential program. Course restricted to preservice candidates to be taken in block one of the program. Theoretical and practical aspects of instructional design along with developing skills and understandings required by prospective and beginning secondary school teachers for effective instructional planning implementation, assessment, classroom management, and evaluation of instructions; analysis of special instructional and curricular problems in secondary schools.

**401S Instructional Strategies in Secondary Teaching Spanish (4)**
Prerequisite: SPAN 200C or 205B or equivalent. Prerequisites or corequisites: EDCI 300. Skills and understandings required by prospective and beginning secondary school teachers for effective planning implementation, assessment, classroom management, and evaluation of Spanish/English bilingual instruction; analysis of special instructional and curricular problems in secondary schools.

**415 Classroom Management in Secondary Schools (4)**
Prerequisite: Completion of all requirements for formal admission to single subject credential program. Course restricted to preservice candidates to be taken in block one of the program. Identification and resolution of classroom management and control problems in secondary schools; study and application of selected strategies, teacher control techniques, and related research.

**421 Instructional Methods for Secondary School Subjects (3-4 each)**
Prerequisite: Formal admission to single subject teaching credential program, and as specified for individual subjects below, and completion of all courses in Blocks One-Two. Instructional strategies and curricular themes in specific subjects taught in secondary schools. Single subject teaching credential candidates must complete one methods course to meet credential requirements.

- **421C Science**
- **421G Economics and General Business**
- **421H Health and Safety Education**
- **421I Industrial Education**
- **421L Languages Other than English**
- **421M Mathematics**
- **421N English and Language Arts**
- **421P Physical Education**
- **421R Art**
- **421S Social Science**
- **421U General Music**

**423 Literacy in Middle and High School Content Classrooms (4)**
Prerequisite: EDSE 401, 415, 442A, EDFN 440. Integrating literacy development with learning in middle and high school content classrooms. Understanding and assessing literacy processes; vocabulary development; strategic literacy instruction; literacy development for all learners. Tutorial field experience.
423S Teaching Reading in Secondary Schools - Spanish (4)
Prerequisite: SPAN 200C or 205B or equivalent. Suggested course: EDFN 422B or 489 or current secondary school classroom employment. Reading in secondary school content areas; reading as an instructional tool in bilingual secondary classes; strategies to improve reading at secondary level; provision for field experience.

428C Processes of Science (4)
Exploration of the methodologies, logical procedures, and explanatory systems that characterize the natural sciences. Focal point will be the role of the science educator in a constructivist teaching/learning environment.

430 Using ESL Techniques in the Content Areas (4)
Prerequisites: EDFN 440, EDFN 401, EDFN 415, EDFN 442A. ESL and sheltered English/SDAIE instructional strategies that increase English skills and comprehensibility of core curriculum subject matter for second language learners.

442C Directed Teaching in Secondary Schools (7)
Prerequisites: Enrollment in the undergraduate Natural Science major with an option in Biology, Chemistry, Geoscience or Physics/teacher preparation for the Single Subject (Better Educated Science Teacher) program. Formal admission into the Charter College of Education credential program. Completion of all other program coursework.

442I Proseminar: Learning Environments and Instruction in the Secondary Teaching Internship (4)
Prerequisite: Formal admission to the single subject internship credential program. Support to intern teachers in organizing learning environments and instructional practices in urban middle and secondary classrooms. Field experience in teaching.

445A Proseminar: Learning Environments and Instruction in Secondary Schools (4)
Corequisites or prerequisites: EDCI 300, EDFN 413. Organization of learning environments and instructional practices to support student learning with the socio-cultural context of urban secondary classrooms. Observation and participation in secondary schools.

445B Proseminar: Inquiry into Curriculum, Teaching, and School Culture (4)

445C Directed Teaching in Secondary Schools (10)
Prerequisites: Formal admission to the credential program; completion of credential courses in Blocks One through Three; completion of subject matter preparation program and recommendation of the subject department. Corequisite: EDFN 445D. Four periods per day of directed teaching in an assigned school. CR/NC only.

445D Proseminar: Assessment of Teaching Performance (2)

489 Demonstration of Instructional Competencies (10)
Prerequisites: Formal admission to the credential program; completion of credential courses in Blocks One through Three; completion of the subject matter competency. Corequisite: EDFN 442E. Demonstration of teaching competencies for full-time secondary teachers. Must include two periods in subject area of credential. Meets California Single Subject teaching credential requirement for directed teaching. Four periods per day of directed teaching at an approved school site. May be repeated for credit with division approval. Graded CR/NC.

490 Problems in Secondary Education (2–5)
Prerequisite: Instructor consent. Investigation of unique problems in secondary education. Specific subject announced in Schedule of Classes. May be repeated for credit as subject matter changes.

499 Undergraduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Project selected in conference with sponsor before registration; progress meetings held regularly; final report submitted. May be repeated for credit.

Graduate Level Courses

Classified graduate standing is required for admission, except that postbaccalaureate students may enroll in 500-level courses that are required in a credential program.

All 400-level courses may be applied toward master's degree requirements, subject to limits established by the division and approval of the graduate adviser.

Curriculum and Instruction (EDCI)

504 Theory, Trends, and Practice in School Reform (4)
Exploration of the theory behind school reform movements, resulting trends, and changes in practice including a focus on school level reforms, curriculum reforms, and the changing role of teachers.

511 Advanced Classroom Assessment in the Urban School (4) (Also listed as EDFN 511)
Prerequisite: Level I credential, enrollment in an induction or Master of Arts degree in Education program, or permission of instructor. This course is an advanced treatment of the field of classroom assessment emphasizing authentic methodologies focusing on urban classroom settings.

513 Reading as a Cognitive Process (4)
Prerequisites: EDEL 415 or EDFN 423; teaching credential and teaching experience. Advanced study of current issues and programs in reading instruction; application of recent research findings to reading curriculum. Open to both elementary and secondary teachers.

521 Seminar: Research in Teaching Reading/Language Arts (4)
Prerequisites: EDEL 415 or EDFN 423, and EDFN 500 or equivalents. Analysis of the research knowledge base for K-12 reading/language arts instruction and learning, and application of research to the solution of reading/language arts problems.
522 Reading/Language Arts Assessment and Instruction for Classroom Teachers (4)
Prerequisite: EDEL 415 or 513 or EDSE 423. Formal and informal diagnostic methods; remedial reading methods within integrated whole-language classroom; instruction for elementary through secondary levels; supervised diagnostic experience.

523 Principles and Practices of Teaching Writing in the Schools (4)
Prerequisite: EDEL 415 and 416 or EDSE 423 or equivalent. Analysis of writing development and the teaching of written composition skills in K-12 through various writing forms, and use of authentic evaluation procedures. Requires advanced research project.

524 Reading/Language Arts Assessment and Instruction for Reading/Language Arts Specialists (5)
Prerequisite: EDCI 522. Advanced diagnosis of severely disabled readers and/or writers; supervised experience in diagnosis and small group instruction with students who need assistance. Lecture 3 hours, laboratory 2 hours.

527 Issues and Trends in Use of Children’s Literature (4)
Issues and trends in using children’s literature to teach reading, language arts, and other school subjects; analysis of research on literature-based instruction.

535 Teaching for Cross-Cultural and Global Awareness (4)
Instructional strategies, materials, resources for examining cross-cultural and global education issues in the classroom.

537 Teacher Leadership in the Urban School: Issues, Trends, and New Directions (4) (Also listed as EDAD 537)
Prerequisite: Level I credential, enrollment in an induction or Master of Arts degree in Education program. This course presents a new paradigm in teacher leadership to enable teachers to explore the rewards and responsibilities of effective leadership in urban school settings. It also serves as a foundational course for teachers seeking National Board Certification.

539 Instructional Strategies for Inner City Schools (4)
Prerequisite: Teaching credential. Instructional strategies, resources, and organizational patterns designed for teaching children and youth of inner city schools. Field work included.

540A Reading/Language Arts Clinical Practicum I (2)
Prerequisites: EDCI 524, instructor consent. Supervised experience in small-group instruction with beginning readers, ELL students and students with reading difficulties.

540B Reading/Language Arts Clinical Practicum II (2)
Prerequisites: EDCI 524, EDCI 540A, instructor consent. Supervised experience in small-group instruction with beginning readers, ELL students and students with reading difficulties at early and intermediate levels of reading acquisition. May be repeated to a maximum of 4 units.

541 Field Work in Reading and Language Arts (4)
Prerequisites: EDCI 540A, and instructor consent. Supervised field experience in organization, administration, and supervision of district/school level reading/language arts programs. This course requires service learning.

549 Developing English Reading/Language Arts Skills in Bilingual/Crosscultural Individuals (4)
Prerequisites: EDEL 415, EDSE 423, teaching credential, or instructor consent; prerequisite or corequisite: EDCI 453. Analysis of research, curriculum design and selection of materials and strategies for the development of English reading/language arts skills for the culturally/linguistically diverse student.

550AB Advanced Fieldwork in Curriculum and Instruction in the Classroom (2, 2)
Prerequisite: Level I credential, enrollment in an induction or a Master of Arts degree in Education program. This is an advanced fieldwork course in curriculum and instruction. It is designed to support and assess beginning teachers’ skills and knowledge necessary to be effective practitioners and to become knowledgeable about California teaching standards and frameworks. Course includes field experiences in the classroom. Graded CR/NC.

551 Reflection, Synthesis, Assessment: Induction Portfolio (2)
Prerequisites: Level I teaching credential and teaching experience; Corequisite: EDCI 596. This is a capstone course designed for teachers pursuing a Level II Multiple Subject or Single Subject credential. Teachers demonstrate evidence of knowledge and skills of advanced coursework and teaching experience reflective of present competence and assessment of professional and academic growth achieved during the program. Graded CR/NC.

552 Scientific Processes and Authentic Assessment Strategies (4)
Prerequisite: EDEL 418 or EDSE 421C or equivalent. The course emphasizes scientific behavior through the process of scientific inquiry. It explores the field of assessment to provide insights into the acquisition of scientific behaviors by students and teachers. Includes 20 hours of laboratory.

553 Environmental Science Education in the Urban Setting (4)
Prerequisite: EDEL 418 or EDSE 421C or equivalent. An intra-disciplinary course, illustrating the interaction of science application and the environment. Exploration of urban environmental sources for research and experimentation, provides field laboratory experiences. Includes 20 hours of laboratory.

555 Seminar: Teaching Middle School Science Research, 4-7 (4)
Prerequisites: EDEL 418 or EDSE 421C or equivalent. Exploration of research in science education curricula containing embedded assessment and multicultural components. Participants learn scientific research through application of long term science projects with their pupils. Includes 20 hours of laboratory.

560 Principles and Practices of Curriculum in Urban Schools (4)
Curricular trends in historical perspective; sociological change, research in child growth and development, basic philosophies. Objectives, practices, materials, evaluation in curriculum development process.

583 Application of Hypermedia in Instruction (4)
Prerequisites: EDIT 430, teaching credential. Hands-on instruction in uses of hypermedia for teaching in K-12 schools; strategies for use of hypermedia by both teachers and students to enhance instruction.
584 Learning Theories and Cognitive Science in Math Education (4)
Survey and analysis of theories and research in cognitive science and learning theories in mathematics education: cognitive technologies, students' systematic errors, gender and cultural issues.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the (Masters) Degree section of this chapter.

599A, Thesis or Project Planning (3)
Prerequisites: EDFN 452 and 500, advancement to candidacy, written approval of thesis chair. Prior to completion, student will have completed draft of thesis or project proposal, selected a thesis committee, and submitted draft of thesis or project proposal to thesis committee. Graded CR/NC.

599B, Thesis or Project (2)
Prerequisites: EDCI 599A, written approval of thesis committee chair. Prior to completion student will have submitted a final draft of thesis or project proposal to thesis committee. Graded CR/NC.

599C, Thesis or Project (2)
Prerequisites: EDCI 599B, written approval of thesis committee chair. Completion of thesis or project under direct supervision of thesis committee. Graded CR/NC. Courses in Elementary Education (EDEL)

Doctoral Courses in Curriculum and Instruction (EDCI)

602 College Teaching Practicum (4)
Prerequisites: Advanced Ed.D. standing, and consent of instructor. A minimum of one quarter supervised teaching in college level classes under the supervision of the course instructor. Required of all doctoral candidates in the UCR/CSU Joint Doctoral Program. Fulfills teaching portion of Ed.D. requirements. Graded CR/NC.

630A Curriculum Theory and Praxis in Education (4)
Prerequisite: Admission into UCR/CSU Joint Doctoral Program. Covers analysis of curriculum theories, trends innovations, and instructional strategies.

659 Research Seminar (2)
Prerequisites: Completion of advanced methodology courses and consent of the instructor. Research reports on topics in educational domains, such as curriculum and instruction. Seminar, 2 hours. Graded credit or no credit. May be repeated for credit.

660 History of Curriculum (4)
Prerequisite: Admission into doctoral program. Investigation of historical construction of schooling generally, and specifically of curriculum -- formal, informal, and hidden. Exploration of purposes of schooling, relationship between schooling and U.S.culture, and sociocultural contexts for changes and continuities in curriculum.

669 Topics in Education (4)
Prerequisite: Admission into doctoral program. Covers a single topic not contained in a regular course. Course will function as a proseminar in School Curriculum and Instructional Leadership, introducing Ed-D. students to CSU and UCR faculty in this area and their research.

675 Strategies for Teaching and Learning (4)
Prerequisite: Entry into Doctoral Program. Explores issues and questions in teaching, learning, and child development. Addresses implications of various teaching and learning theories and models for curriculum, instruction, assessment, and teacher education.

677 Theoretical Perspectives on the Practice of Teaching (4)
Prerequisite: Entry into Doctoral Program. Examines a range of theoretical perspectives used in studying the practice of teaching. Covers psychological, historical, anthropological, sociological, and philosophical perspectives. Entails significant research.

699 Doctoral Dissertation (6)
Prerequisite: Advancement to candidacy for the doctoral degree and consent of instructor to act as sponsor. Continuous enrollment required while student is working on dissertation. May be repeated to maximum of 12 units.

Elementary Education (EDEL)

525 Reading/Language Arts Across the Curriculum (4)
Prerequisites: EDEL 415 or equivalent, teaching experience. Investigation of comprehensive reading/language arts instruction research base and applications. Literature-based action research project across the curriculum.

531-551 Seminars: Research in Teaching Elementary School Subjects (4 each)
Prerequisites: EDFN 500, teaching experience. Analysis of research on instruction and learning; application of implications of research to the solution of classroom problems. An action research project, including an extensive review of the literature, is required.

531 Mathematics

535 Seminar: Assessment Strategies in Mathematics (4)
Prerequisites: EDEL 431, teaching credential, teaching experience. Analysis of and practice in the use of assessment models that focus on mathematical thinking.

541 Social Studies

551 Science

554 Research in Thematic Science: Integrating Language Arts, K-7 (4)
Prerequisites: EDEL 402, EDEL 452, EDEL 552. Research into the positive use of the thematic approach to teaching a rigorous motivational science program that contains interdisciplinary sciences with language arts components. Includes 20 hours of laboratory.

560 Design and Management of Early Childhood Public Educational Programs (4)
Prerequisite: Enrollment in Early Childhood/Primary Education M.A. option or consent of instructor. Design and management of early childhood public educational programs; leadership, goals, budget, accountability, differentiated staffing, management, proposal writing, articulation.
563 Seminar: Issues and Trends in Early Childhood Education (4)
Prerequisite: Enrollment in Early Childhood/Primary Education M.A. option or consent of instructor. Persistent problems in early childhood education; review of literature concerning challenges and controversies in the field.

564 Seminar: Advanced Methodologies in Early Childhood Education (4)
Prerequisites: EDEL 461 or consent of instructor. Intensive research-based study of early childhood education methodologies offered through course sections in assessment, interdisciplinary curriculum approaches, play, school-family partnerships. May be repeated for up to 8 credits.

580 Computer Applications for Teaching Mathematics and Science (2)
Prerequisite: EDEL 480. Development of criteria for selecting courseware and strategies for using it in the teaching of mathematics and science in elementary and middle schools.

589 Seminar: Elementary Education (4)
Prerequisite: Completion of or concurrent enrollment in last 10 units for M.A. degree in Education: Elementary Teaching option. Identification and analysis of problems and trends in urban elementary education.

590 Creating a Healthy and Effective Classroom Climate (4)
Prerequisites: EDEL 414, EDSE 415, or EDCI 402 or equivalent. Creating advanced examination of the area of classroom management; strategies for creating a healthy classroom environment.

Secondary Education (EDSE)

500 Introductory Seminar: Reflections on Teaching (4)
Inquiry into theories and principles guiding classroom practice in middle and secondary schools. Addresses instructional problems and issues as well as methods for their investigation and solution.

507 Graduate Research (1–4)
Prerequisites: EDFN 500, instructor consent to act as sponsor, division approval of project prior to registration. Independent research under guidance of faculty. May be repeated for credit. Graded CR/NC.

594 Selected Studies in Elementary Education (1-4)
Prerequisite: Consent of division chair. Intensive study of designated problems in elementary education. May be repeated for credit as subject matter changes.

595 Advanced Field Work: Early Childhood Specialist Instructional Credential (5)
Prerequisites: EDEL 560, teaching credential, formal admission to Early Childhood Specialist instructional credential program. Specialized fieldwork assigned on individual basis. Scheduled fieldwork; tutorial session required. Graded CR/NC.

596 Comprehensive Exam (0)
See the Comprehensive Examination in the requirements for the (Masters) Degree section of this chapter. Graded CR/NR.

597 Graduate Directed Study (1–4)
Prerequisites: A B (3.0) grade point average in all graduate work in education, consent of division chair and of instructor to act as sponsor. Independent directed study of advanced topics in field; regular conferences with sponsor. May be repeated to a maximum of 12 units for credit.

598 Graduate Directed Study (1–4)
Prerequisites: A B (3.0) grade point average in all graduate work in education, consent of division chair and of instructor to act as sponsor. Independent directed study of advanced topics in field; regular conferences with sponsor. May be repeated to a maximum of 12 units for credit.

599 Comprehensive Examination (3,4)
The comprehensive examination for the Master of Arts degree in Education with an option in Middle and Secondary Curriculum and Instruction will require candidates to engage in extended inquiry by completing an interlocking set of structured activities such as field research, teacher research, literature reviews, grant writing, and program development. Candidates electing to take these comprehensive exams will be monitored and guided over two quarters while they are enrolled in EDSE 596. Graded CR/NR.

597 Graduate Research (1–4)
Prerequisites: EDFN 500, instructor consent to act as sponsor, division approval of project prior to registration. Independent research under guidance of faculty. May be repeated to a maximum of 12 units for credit. Graded CR/NC.

598 Graduate Directed Study (1–4)
Prerequisites: A B (3.0) grade point average in all graduate work in education, consent of division chair and of instructor to act as sponsor. Independent directed study of advanced topics in field; regular conferences with sponsor. May be repeated to a maximum of 12 units for credit.

595 Seminar: Metropolitan Secondary Education (4)
Prerequisite: Instructor consent or completion of or concurrent enrollment in final units of program for Master of Arts degree: Option in Secondary Teaching. Identification and analysis of persistent problems as they affect metropolitan secondary education.
The programs of the Department of Economics and Statistics equip students with essential analytical and technical skills needed for business and economic analysis. Depending on the choice of specialization, the broad and solid training in economics is highly marketable for a wide variety of professional jobs such as public policy analysts, consultants, international economists, financial market analysts, investment advisers, business and economic forecasters, social scientists, lawyers, teachers, and educators.

The department offers both Bachelor of Arts (BA) and Master of Arts (MA) degrees in Economics, a minor in Economics, two certificate programs, and a Business Economics option for the Bachelor of Science (BS) degree in Business Administration. The BA program has two options: Applied Economics (with possible concentrations in International Economics, Public Policy, and Financial Economics) and Social and Behavioral Sciences. The MA program has options in Global Economics and Financial Economics.

In addition to providing the foundation in economics and statistics needed by all business students, the department prepares those looking for specialized careers in industry and the public sector. In particular, there are programs that prepare students for advanced graduate work in economics and for teaching.

The Faculty

Associate Professors: Samantha Carrington, Li-Hsueh Chen, Nikolai Pulchritudoff.

Assistant Professor: Ramon Castillo.

Emeriti: Giorgio Canarella, Ke Ting Hsia, Leonard G. Mathy, Donald A. Moore, Paul T. Mu.

Undergraduate Programs

Bachelor of Arts Degree in Economics

The total number of units required for the Bachelor of Arts degree in Economics is 180 units, of which 76-84 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Advisement: Department of Economics and Statistics

The Bachelor of Arts degree with a major in Economics prepares students to qualify for positions in business and government. Specific areas include finance, labor, transportation, international trade, banking, and regulatory agencies. A major in economics also provides a foundation for teaching at the college or high school level, and for entrance into graduate school or law school.

Two options are offered: the first emphasizes applied economics, and the second, social and behavioral sciences.

Students pursuing either the major or minor are urged to complete lower division courses before taking upper division courses.

Requirements for the Major (76–84 units)

A total of 76-84 units is required for the major, depending on the option selected. All students complete a 20-unit common core of lower and upper division courses in economics and business plus one of the options to complete remaining degree requirements.

Core Requirements (20 units)

Lower Division Required Courses (12 units)
ECON 201, 202 Principles of Economics I, II (4, 4)
ECON 209 Applied Business and Economic Statistics I (4)

Upper Division Required Courses (8 units)
ECON 303 Money, Banking, and the Economy (4)
BUS 305 Business Communications (4) or ENGL 306 Technical Writing (4)

Option Requirements

Students select one of the following two options, comprising 56-64 units, to fulfill requirements for the major.

Option 1: Applied Economics (64 units)

This option provides students with applied, more specialized training in economics. It is recommended for students interested in a career that requires applied business and economics skills.
### Lower Division Required Courses (12 units)
- ACCT 202  Survey of Accounting  (4)
- CIS 100  Business Computer Systems  (4)
- MATH 206  Calculus I: Differentiation  (4) or MATH 242  Mathematics for Business and Economics Majors  (4)

*(ACCT 200AB can be substituted for ACCT 202)*

### Upper Division Required Courses (24 units)
- ECON 401  Mathematical Economics  (4)
- ECON 403  Macroeconomics  (4)
- ECON 410  Microeconomics  (4)
- ECON 414  Econometrics I  (4)
- ECON 415  Applied Economic and Business Forecasting  (4)
- ECON 491  Data Analysis, Reporting and Presentation  (4)

*(ECON 491 is the capstone course for the program. Students must take ECON 491 after they have achieved senior standing (completed 135 units) and have completed all other required upper division option courses)*

### Elective Field Courses (28 units)
Select 16-20 units of courses from one of the following fields, plus 8-12 additional units of upper division economics courses, with adviser approval.

#### Field 1: International Economics
- ECON 426  International Political Economy  (4)
- ECON 460  Economics of Developing Countries  (4)
- ECON 461  Economics of International Trade  (4)
- ECON 462  International Monetary Economics  (4)
- ECON 490  Issues in the Economics of Globalization  (4)

#### Field 2: Public Policy
- ECON 350  Economics of Poverty and Inequality in the U.S.  (4)
- ECON 405  Economics of Regulation and Deregulation  (4)
- ECON 430  Labor Economics  (4)
- ECON 433  Economics of the Public Sector  (4)
- ECON 440  Urban and Regional Economics  (4)
- ECON 472  Labor Relations and Collective Bargaining  (4)

#### Field 3: Financial Economics
- ECON 435  Market Indicators and Federal Reserve Policy  (4)
- ECON 462  International Monetary Economics  (4)
- FIN 303  Business Finance  (4)
- FIN 332  Investments  (4)
- FIN 437  Securities Analysis  (4) or Futures and Options  (4)

#### Field 4: Open Field
Students may select a customized combination of 28 units of upper division courses in a specific applied area (e.g., urban and regional studies) based on their special interests, with adviser approval.

### Option 2: Social and Behavioral Sciences (56 units)
This option serves students with interdisciplinary interests in economics and other areas of social and behavioral sciences: anthropology, geography, history, political science, psychology, sociology, and American, Chicano, Latin American, Pan-African, and urban studies.

### Upper Division Required Courses (12 units)
- ECON 309  Applied Business and Economic Statistics II  (4)

Select two from the following:
- ECON 310, 403, 410

### Electives (36 units)
Electives on Economics Issues (16 units)
Select 16 units from the following:
- ECON 350, 405, 426, 430, 433, 440, 472, 412 or 471

### General Electives (20 units)
Select 4 upper division units in economics; 8-16 units in other social or behavioral sciences; and 0-8 units in economics, other courses in the College of Business and Economics, or mathematics with adviser approval.

### Bachelor of Science Degree in Business Administration with Option in Business Economics
A total of 180 units is required for the Bachelor of Science degree in Business Administration with the Business Economics Option. The BSBA degree with this option requires completion of 72 units in BSBA core courses and 28 units in the option. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

### Core Requirements for the Bachelor of Science in Business Administration (72 units)

#### Lower Division Required Courses (28 units)
- ACCT 210  Principles of Financial Accounting  (4)
- ACCT 211  Principles of Managerial Accounting  (4)
- CIS 100  Business Computer Systems  (4)
- ECON 201, 202  Principles of Economics I, II  (4,4)
- ECON 209  Applied Business and Economic Statistics II  (4)
- FIN 205  Legal and Regulatory Environment of Business I  (4)

#### Upper Division Required Courses (44 units)
- ACCT 310  Accounting Information for Decision Making  (4)
- BUS 305  Business Communications  (4)
- CIS 301  Management Information Systems  (4)
- ECON 309  Applied Business and Economic Statistics II  (4)
- FIN 303  Business Finance  (4)
- MGMT 306  Production and Operations Management  (4)
- MGMT 307  Management and Organizational Behavior  (4)
- MGMT 308  Business Responsibilities in Society  (4)
- MKT 497  Capstone: Global Strategic Management  (4)
- MKT 304  Principles of Marketing  (4)

Select one from the following:
- ECON 303  Money, Banking, and the Economy  (4)
- ECON 310  Managerial Economics  (4)

### Option Requirements (28 units)
This option teaches students major technical skills and knowledge needed by consulting companies, business corporations, and government agencies for business and economic analyses in a rapidly changing economy.

#### Option 2: Social and Behavioral Sciences (56 units)
This option serves students with interdisciplinary interests in economics and other areas of social and behavioral sciences: anthropology, geography, history, political science, psychology, sociology, and American, Chicano, Latin American, Pan-African, and urban studies.
Certificate in International Economic Relations

The certificate program in International Economic Relations assists students in understanding the economic and political factors that influence the global economy. The certificate is designed for students who intend to pursue a career in a federal or state agency that deals with international affairs, corporations involved in international business and finance, and in international organizations, foundations, and nongovernment agencies.

Required Courses (16 units)
- ECON 415 Applied Economic and Business Forecasting (4)
- ECON 458 Economics of E-Commerce and the Internet (4)
- *ECON 491 Data Analysis, Reporting and Presentation (4)

*ECON 491 is the professional skills course for Economics majors.

Requirements for the Minor (20 units)
Lower Division Required Courses (8 units)
- ECON 201 Principles of Economics I (4)
- ECON 202 Principles of Economics II (4)

Electives (12 units)
Select upper division ECON courses in consultation with major and minor program advisers. At least 4 units in the minor program cannot be applied toward a student's major.

Certificate in Labor Relations

The certificate program in Labor Relations is designed to strengthen the skills of students interested in labor relations careers and to improve access to career opportunities for administrators, mediators, arbitrators, and government and labor officials.

Select at least 28 units with consent of an adviser.

Prerequisites:
- Senior standing in a bachelor’s degree program in the College of Business and Economics or
- Senior standing in a BA degree program in the College of Natural and Social Sciences or
- Classified graduate standing in master's degree program in the College of Business and Economics or the College of Natural and Social Sciences or
- Senior standing in a BA degree program in the Department of Communication Studies or
- Consent of an adviser

Required Core Courses (16 units)
- ECON 415 Applied Economic and Business Forecasting (4)
- ECON 458 Economics of E-Commerce and the Internet (4)
- *ECON 491 Data Analysis, Reporting and Presentation (4)

*ECON 491 is the professional skills course for Economics majors.

Elective Courses (12 units)
Select from the following:
- CHIN 380 or FREN 380 or JAPN 380 or SPAN 380
- ECON 460 Economics of Developing Countries (4)
- ECON 461 Economics of International Trade (4)
- ECON 462 International Monetary Economics (4)
- ECON 460 Economics of Developing Countries (4)
- ECON 461 Economics of International Trade (4)
- ECON 462 International Monetary Economics (4)
- ECON/POLS 426 International Political Economy (4)
- ECON/POLS 427 U.S. Foreign Policy in a Changing World (4)
- ECON 499 Data Analysis, Reporting and Presentation (4)
- ECON 499 Data Analysis, Reporting and Presentation (4)
- ECON/POLS 428 International Relations (4)
- HIST 487 History of U.S. Work and Working People (4)
- LAS 424 The United States and Latin America (4)
- LAS/PAS/POLS 360 Dynamics of Change in the Developing World (4)
- MKT 456 International Marketing Management (4)
- PAS 416 Pan Africanism and World Politics (4)
- POLS 425 U.S. Foreign Policy in a Changing World (4)
- POLS 427 International Relations (4)
- POLS 428 International Relations (4)

Elective Courses (12 units)
Select from the following:
- CHIN 380 or FREN 380 or JAPN 380 or SPAN 380
- ECON 460 Economics of Developing Countries (4)
- ECON 461 Economics of International Trade (4)
- ECON 462 International Monetary Economics (4)
- ECON/POLS 426 International Political Economy (4)
- ECON/POLS 427 U.S. Foreign Policy in a Changing World (4)
- ECON/POLS 428 International Relations (4)
- HIST 487 History of U.S. Work and Working People (4)
- LAS 424 The United States and Latin America (4)
- LAS/PAS/POLS 360 Dynamics of Change in the Developing World (4)
- MKT 456 International Marketing Management (4)
- PAS 416 Pan Africanism and World Politics (4)
- POLS 425 U.S. Foreign Policy in a Changing World (4)
- POLS 427 International Relations (4)
- POLS 428 International Relations (4)
Master of Arts Degree in Economics

The degree curriculum consists of a core as well as two options: Financial Economics and Global Economics.

The Financial Economics option provides students with essential analytical and technical skills in both economics and financial analyses desired by consulting firms, securities companies, and other related businesses in investment services such as investment banking, mutual funds, and insurance.

The Global Economics option equips students with current knowledge of the global economy, together with investigative and technical skills, for business economic analysis desired by consulting companies, government agencies, multinational business corporations, and international organizations.

Admission to the Program

In addition to University requirements for admission to graduate study with conditionally classified standing, applicants must have a 2.75 grade point average in the last 90 quarter units attempted, a minimum cumulative score of 900 on the verbal and quantitative sections of the GRE General Test, and a minimum score of 2.5 on the analytical writing portion of the GRE general test.

For admission to classified graduate standing in Economics, applicants must meet the above admission requirements plus the following prerequisites: equivalent of the baccalaureate in Economics at Cal State L. A. or completion with a B (3.0) average of a set of prerequisite courses selected by a Department of Economics and Statistics adviser at Cal State L. A.; filing of a program, including electives, with the College of Business and Economics Advisement Center.

If qualifying courses are required, they must be designated in advance. They may include upper division and prerequisite courses.

Requirements for the Degree (45 units)

The 45-unit program consists of core requirements, which are to be taken together with either the Financial Economics or the Global Economics option. A minimum of 23 units must consist of 500-level courses.

Core Courses (24 units)

ECON 401 Mathematical Economics (4)
ECON 414 Econometrics I (4)
ECON 415 Applied Economic and Business Forecasting (4)
ECON 510 Seminar: Applied Microeconomic Analysis (4)
ECON 514 Seminar: Econometric Analysis and Applications (4)
ECON 520 Seminar: Macroeconomics and Monetary Policy (4)

Options

Students select one of the following options for 16-21 units depending on whether they take a comprehensive examination or write a thesis. Electives are determined in conference with a graduate adviser to meet the professional objectives of students.

Financial Economics Option (16-21 units)

Required Courses (12 units)
FIN 530 Seminar: Business Finance (4)
FIN 531 Seminar: Financial Institutions (4)
FIN 533 Seminar: International Finance (4)

Electives (4–9 units)
Select from the following:
ECON 462 International Monetary Economics (4)
ECON 521 Seminar: International Macroeconomics and Currency Crises (4)
ECON 598 Graduate Directed Study (1)
FIN 434 Financial Management (4)
FIN 534 Seminar: Portfolio Management (4)
FIN 535 Seminar: Speculative Securities and Markets (4)

Global Economics Option (16–21 units)

Required Courses (12 units)
ECON 521 Seminar: International Macroeconomics and Currency Crises (4)
ECON 560 Seminar: Current Issues in Economic Development (4)
ECON 561 Seminar: International Economics (4)

Electives (4–9 units)
Select from the following:
ECON 426 International Political Economy (4)
ECON 460 Economics of Developing Countries (4)
ECON 461 Economics of International Trade (4)
ECON 462 International Monetary Economics (4)
ECON 490 Issues in the Economics of Globalization (4)
ECON 528 Seminar: International Political Economy (4)
ECON 590 Seminar: Contemporary Economic Analysis and Policy (4)
ECON 598 Graduate Directed Study (1)
FIN 533 Seminar: International Finance (3)

Other 400- and 500-level courses may be used with prior adviser approval. A sufficient number of units must be at the 500 level to bring total 500-level units for core and electives to at least 23. A student may take ECON 598 only once and for no more than one unit. For more information about the culminating experience requirement below, consult the department’s graduate adviser.

Culminating Experience (0, 5 units)
BUS 596 Comprehensive Examination (0) or ECON 599AB Thesis (2, 3)

Other 400- and 500-level courses may be used with prior adviser approval. A sufficient number of units must be at the 500 level to bring total 500-level units for core and electives to at least 23. A student may take ECON 598 only once and for no more than one unit. For more information about the culminating experience requirement below, consult the department’s graduate adviser.

Culminating Experience (0, 5 units)

**Prerequisites:**
- ECON 209 and 401.
- Use of statistics to measure economic relationships, test economic theories, and prepare forecasts; emphasis on advanced regression techniques and data analysis; use of computer software.

**Prerequisites:**
- ECON 309 or 414.
- Hands-on training for forecasting economic/business trends with major proprietary computer software used by professionals; main concepts and modeling techniques in forecasting; diagnostic checking; model selection; forecast evaluation and reporting.

**Prerequisites:**
- ECON 414.
- Advanced topics in econometrics with a focus on multiple equation models and their application to business and economic analysis.
426 International Political Economy (4)  
(also listed as POLS 426)  
Prerequisites: Four units each of ECON and POLS courses. Interaction of politics and economics in the international arena.

430 Labor Economics (4)  
Prerequisite: ECON 202. Use of labor resources in economic system; employment, wage rates, development of unions and collective bargaining; labor legislation.

433 Economics of the Public Sector (4)  
Prerequisites: ECON 201 and 202. Role of government in the economy; discussions of issues in social security, social welfare, public education, budget deficit and debt, government taxation, and fiscal policy.

435 Market Indicators and Federal Reserve Policy (4)  
Prerequisite: ECON 303. Analysis of Federal Reserve policy on interest rates; evaluation of market reports of economic indicators; effects on financial markets; leading/coincident/ lagging indicators; business cycles and financial cycles.

440 Urban and Regional Economics (4)  
Prerequisite: ECON 201. Role of economic analysis in dealing with urban and regional problems; growth, land use, housing, transportation, and income distribution; emphasis on role of economic models in policy making.

454 Special Topics in Economics and Statistics (1–4)  
Prerequisite: Varies with topic; see Schedule of Classes for specific prerequisites. In-depth presentation and analysis of topics significant to contemporary business world; lectures, discussions, speakers, and research projects. May be repeated for 16 units as subject matter changes.

458 Economics of E-Commerce and the Internet (4)  
Prerequisite: ECON 202. Economic analysis of electronic commerce and the Internet, including product quality, uncertainty, product choices and online pricing strategies, online auctions, intellectual property rights, taxation, and regulatory issues.

459 Economics of Innovation and Entrepreneurship (4)  
Prerequisites: ECON 201 (ECON 458 recommended). Issues for start-up companies in fostering innovations, evaluating entrepreneurial ventures, formulating entry strategies, building revenue models, raising venture capital, obtaining external assistance, protecting intellectual property, and harvesting new ventures.

460 Economics of Developing Countries (4)  
Prerequisite: ECON 150, 201, or 202. Contemporary economic issues in developing countries; theories of development; problems with population growth, investment, technology, and entrepreneurship; role of trade and international finance; foreign aid and external debt; government policy.

461 Economics of International Trade (4)  
Prerequisite: ECON 202. Economic analysis of how and why commodities are traded among nations; tariffs and quotas; common market and other international institutions.

462 International Monetary Economics (4)  
Prerequisite: ECON 202. Analysis of International bond and currency markets and their dynamic relationships with economic fundamentals; implications of fiscal and monetary policies for financial markets; speculative attack and currency crisis management.

465 Current Issues in Latin American Economies (4)  
Prerequisites: ECON 150, or ECON 202. Analysis of the factors that determine the economic performance of Latin American countries, covering topics such as financial liberalization, currency crises, balance of payments crises, and trading blocks.

471 American Economic History (4)  
Prerequisite: ECON 150, 201, or 202. Sources and patterns of American economic development; emphasis on analysis of contemporary economic problems and policies in their historical setting.

472 Labor Relations and Collective Bargaining (4)  
Prerequisite: ECON 202. Recommended corequisite: ECON 430. Relations between employers and employees as the latter are represented by organized labor; collective bargaining as it relates to recognition, wages, hours, working conditions, grievance procedure, seniority, and health and safety.

473 Labor Legislation (4)  
Federal and state labor laws and policies; legislation that protects employees; regulation of labor management relations; Social Security; contemporary legal issues and problems.

480 Comparative Economic Systems (4)  
Prerequisite: ECON 150 or 201 or 202. Comparison of economic systems including goals, degree of centralization, and underlying ideology; economies of various countries examined, including Russia, Mainland China, U.S., and selected Third World nations.

490 Issues in the Economics of Globalization (4)  
Prerequisite: ECON 201 and 202. Contemporary issues in globalization and international monetary cooperation, including international capital flows, central banking in emerging market economies, international debt, global and regional economic integration and international economic policy coordination.

491 Data Analysis, Reporting and Presentation (4)  
Prerequisite: Upper division required courses for Applied Economics option. Use of a major statistical software package for data analysis; introduction to widely used economic databases; data presentation; research report writing and oral presentation.

499 Undergraduate Directed Study (1–4)  
Prerequisites: Economics major, senior standing, and consent of an instructor to act as sponsor; ability to assume responsibility for independent work and to prepare oral and written reports. Project to be selected in conference with sponsor before registration; progress meetings held regularly. May be repeated for 20 units of credit.
Graduate Level Courses (ECON)

All 400-level courses may be applied toward master’s degree requirements subject to limits established by the department and approval of the graduate adviser. Classified graduate standing and approval by the College of Business and Economics Advisement Center are required for admission to all 500-level courses.

500 MBA Economics (4)
Economics for MBA students: markets, demand, consumer behavior, nature of firms, measuring economic activity, inflation, unemployment, money and banking, and the role of the government. Some sections may be technologically mediated.

501 Quantitative Methods for Business Decision-Making (4)
Statistics and quantitative methods including descriptive statistics, statistical inference, hypothesis testing, correlation and regression, time series forecasting, inventory models, simulation, queuing, and decision under uncertainty. Some sections may be technologically mediated.

502 Economic Analysis and Business Operations (4)
Tools, concepts, and factual data used by economists in solving specific business problems; case method applications of principles, analytical tools, and sources of economic information to practical business situations.

510 Seminar: Applied Microeconomic Analysis (4)
Prerequisite: ECON 410. Modern microeconomic theory and applications: empirical modeling of demand, cost, and production; practical illustrations of such applied topics as pricing practices of firms and public policy issues.

511 Seminar: Advanced Microeconomic Theory (4)
Prerequisite: ECON 510. Continuation of ECON 510 with emphasis on general equilibrium analysis, capital theory, and intertemporal resource allocation.

514 Seminar: Econometric Analysis and Applications (4)
Prerequisite: ECON 414. Applying econometric techniques to analyze real-world problems in such areas as finance, economics, accounting, and marketing; emphasis on empirical data analysis using popular statistical packages, case studies, and reports.

520 Seminar: Macroeconomics and Monetary Policy (4)
Prerequisite: ECON 403. Major macroeconomic issues and policy debates; consumption and investment behavior; government debt; wage-price rigidities; inflation, unemployment and stabilization policies; implementation of monetary policy.

521 Seminar: International Macroeconomics and Currency Crises (4)
Prerequisite: ECON 403 or 462 or 490. Major issues in international capital flows and currency fluctuations; exchange rates and central-bank intervention; financial crisis analysis and management; financial vulnerability indicators; contagion of financial crises.

526 Seminar: International Political Economy (4)
(also listed as POLS 526)
Prerequisite: ECON/POLS 426 or ECON 461 plus POLS 427. Research and analysis of the interactions of politics and economics in the international arena.

530 Seminar: Applied Labor Economics (4)
Prerequisites: ECON 309 or equivalent business statistics course. Study of various labor market issues using national data. Use of SPSS or SAS for data analysis; includes issues on wages, employment, education, discrimination and public and social policies.

533 Seminar: Public Finance (4)
Prerequisite: ECON 433. Microeconomics treatment of theories and policy implications of government expenditures and taxation, collective decision-making, and fiscal federalism.

540 Seminar: Urban Economics (4)
Prerequisite: ECON 440. Study of urban-regional problems, including growth, land use, housing, transportation, income distribution; emphasis on construction and use of models in policy evaluation.

560 Seminar: Current Issues in Economic Development (4)
Prerequisite: Intermediate microeconomics and macroeconomics. In-depth analysis of contemporary economic issues in developing countries, for example, population growth, domestic and foreign investment, technology, trade, foreign aid, external debt, and government policy.

561 Seminar: International Economics (4)
Prerequisite: ECON 303 and 310. Analysis of current international issues concerning cross-border trade and capital flows; methods of trade policy analysis; implications of regional and global economic integration.

590 Seminar: Contemporary Economic Analysis and Policy (4)
Selected analytical and policy issues underlying current developments in theoretical, empirical, and policy research; topics will reflect student interest and faculty specialty. May be repeated once as subject matter changes, with instructor consent.

598 Graduate Directed Study (1–4)
Investigation of an approved project leading to an oral and/or written report; project selected in conference with seminar professor before registration, and arrangements made for regular meetings during quarter. May be repeated for credit.

599A Thesis (2)
Prerequisites: Completion of required core courses, written approval of graduate adviser. Prior to completion, students will have completed a tentative outline of thesis, petitioned the graduate adviser to appoint a thesis committee, and submitted a tentative outline to their thesis committee. Graded CR/NC.

599B Thesis (3)
Prerequisites: ECON 599A, written approval of thesis committee chair. Completion of thesis under direct supervision of thesis committee. Graded CR/NC.
Electrical and Computer Engineering is the largest major field within engineering. Electrical engineers are involved in all aspects of electrical devices and systems, from conceptual design to manufacturing. They are generally involved in one or more major areas such as electronics, computers, communications, controls, or power. Each of these major areas includes a number of subdivisions such as cognitive radios, high performance computing, microwaves, and integrated circuits. Besides employment in research, development, and design, many electrical engineering graduates are involved in manufacturing, management, sales, testing and teaching. Careers are readily available in industry, government, research, and education.

The Faculty

Professors: Kodzo O. Abledu, Fred Daneshgaran (Chair), Kamran Karimlou, Helen A. Ryaciotaki-Boussalis, Lili Tabrizi, Nancy Warton-Perez.

Associate Professors: Jeffrey Beyon, George B. Killinger, Charles Liu.

Assistant Professor: Jianyu Dong.

Undergraduate Programs

Bachelor of Science
Degree in Electrical Engineering

The electrical engineering program offers instruction in the basic sciences and in engineering analysis and design. The upper division offerings provide a flexible, broad curriculum to enable each student to match talents and interests with career objectives. The major areas of course concentrations are circuits, communications, computers, controls, electronics, and power.

The program leading to the Bachelor of Science degree in Electrical and Computer Engineering is accredited by the Engineering Accreditation Commission of ABET, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012; Telephone (410) 347-7700. All accredited programs are required to provide the following minimum level of instruction: one year of mathematics and basic sciences; one and one-half years of engineering science and design (engineering topics); and one-half year of humanities and social sciences.

The total number of units required for the Bachelor of Science degree in Electrical Engineering is 198, of which 150 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Upper Division Electives (39 units)
Elective Lectures (20 units) (select five from following):
CS 342

Elective Laboratories (2 units)
EE 314, 321, 340, 428, 443, 448, 468, 498, 499

Upper Division Mathematics Elective (4 units)
Select one from following:
MATH 325, 402A, 403, 474

Upper Division Specialization (13 units)
With adviser approval, select a specialization that includes three lecture courses plus one laboratory course.

Graduate and Postbaccalaureate Programs

Master of Science
Degree in Electrical Engineering
The Master of Science degree in Electrical Engineering at Cal State L.A. is structured to prepare students for advancement in employment with opportunities in design, research, and development, as well as for further study at the doctoral level. Classes are offered year-round on the quarter system to accommodate the needs of working professionals.

Requirements for the Degree (45 units)
Area of Specialization (24-37 units)
Select a minimum of 24 units in 500-level engineering courses; at least 16 units must be selected from the following electrical engineering courses.
EE 520 Advanced Digital Communications I (4)
EE 521 Advanced Digital Communications II (4)
EE 522 Principles of Signal Compression (4)
EE 523 Wireless Communications (4)
EE 524 Simulation of Communication Systems (4)
EE 525 Optical Communications (4)
EE 530 Linear Systems Analysis (4)
EE 531 Computer Method in Power Systems (4)
EE 534 Power System Stability (4)
EE 537 Faulted Power Systems (4)
EE 544 Computer Networks and Internets (4)

Area of Specialization (continued)
EE 547AB Computer System Architecture I, II (4, 4)
EE 546 High Performance Computing (4)
EE 561 Stochastic Systems and Estimation (4)
EE 562 Advanced Digital Control Systems (4)
EE 563 Optimal Control Theory (4)
EE 566 System Analysis and Design (4)
EE 571 Advanced Electronic Circuits for Communication Systems (4)
EE 573 Advanced Electronic Circuits for Power and Control Systems (4)
EE 575 Advanced Electronic Circuits for Data Acquisition, Conversion and Signal Processing (4)

Electives in Engineering (0–17 units of 400 or 500-level courses)

Elective in related fields (4 units)
MATH 402A (4 units) must be included in these electives unless already completed.
Typical courses are:
MATH 402B, 474, 580
PHYS 426AB, 510AB
CS 440, 442, 432, 450, 460, 488

Comprehensive Examination or Thesis (0–4 units)
EE 596 Comprehensive Examination (0) or
EE 599 Thesis (4)
Students who select the comprehensive examination (EE 596) should expect to take it in the quarter they complete all course work on their program, and must comply with college and departmental requirements. Grade CR/NC.

List of Courses (EE) - Undergraduate Level

Lower Division Courses

154 Special Topics in Electrical Engineering (1-4)
Prerequisites: Instructor consent and as needed for specific topic. Current topics of special interest to students in electrical engineering, as announced in Schedule of classes. May be repeated to maximum of 8 units. Permission needed by ECE department.

204 Circuit Analysis (4)
Prerequisites: MATH 208, PHYS 213. Electric circuit analysis, transient and steady state; and introduction to frequency response.

210 Electrical Measurements Laboratory (1)
Prerequisite: PHYS 213. Characteristics and limitations of analog and digital electrical and electronic instrumentation, signal sources, and d-c power supplies. Analysis, tabulations, and graphical presentation of measurement data and technical report writing. Laboratory 3 hours.

211 Electric Circuits Laboratory (1)
Prerequisite: EE 204. Experimental verification of the laws of electric circuits. Laboratory 3 hours.

244 Digital Engineering (4)
Binary systems; Boolean functions and their simplification; introduction to analysis and design of digital systems.
290 Electrical Engineering Computing (3)
Prerequisites: MATH 209, PHYS 213. Use of computers in electrical engineering; hardware, software; languages; algorithms; structured design; spreadsheets; graphics; word processing; curve fitting; SPICE and other electrical engineering applications. Lecture 2 hours, laboratory 3 hours.

Upper Division Courses
In addition to prerequisites listed for individual courses, ENGL 102*, COMM 150, and EE 290 are prerequisite to all upper division EE courses.

*Students subject to catalogs prior to 1997-1999 satisfy this prerequisite with ENGL 101 or 190.

304 Electric Machines (4)
Prerequisite: EE 204 with C or higher grade. Electromechanical principles and applications to electric machines.

314 Electromagnetic Energy Conversion Laboratory (1)
Prerequisites: EE 304, 211. Laboratory investigations of electromagnetic machines. Laboratory 3 hours.

317 Electronics Laboratory I (1)
Prerequisites: EE 211, 210, 336. Laboratory study of semiconductor devices and applications in basic circuits. Laboratory 3 hours.

320 Analog Communication Systems (4)
Prerequisite: EE 332. Bandwidth requirements of audio, video, and pulse signals; carrier communications systems; types of modulation; communication circuits; transmitters and receivers.

321 Communications Laboratory (1)
Prerequisites: EE 317; 320 (may be taken concurrently). Laboratory investigations of characteristics of communication systems and components. Laboratory 3 hours.

330 Writing for Electrical Engineers (1)
Prerequisites: Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR); Completion of any two 300-level EE lecture courses. Writing for electrical engineers. Intensive practice in writing abstracts, reports, reviews, and other forms of technical writing. Some oral presentations required. Laboratory 3 hours.

332 Systems Analysis (4)
Prerequisites: EE 204 with C or higher grade; MATH 215. Linear systems analysis by Fourier and Laplace transform and state space methods; complete system response and system applications.

334 Probability and Random Processes (4)
Prerequisites: MATH 209, EE 204 with C or higher grade. Concept of probability, random variables, probability distribution and density functions, multiple random variables, introduction to random processes and noise.

336 Electronics (4)
Prerequisite: EE 204. Analysis and design of small-signal and large-signal electronic amplifiers; frequency response; feedback.

340 Electronics Laboratory II (1)
Prerequisite: EE 317. Laboratory study of electronic amplifier circuits. Laboratory 3 hours.

344 Combinatorial Logic and Design of Sequential Circuits (4)
Prerequisite: CS 201. Boolean algebra and design of combinational circuits; sequential logic and design of finite state machines; introduction to automata theory.

345 Microcomputer Programming (4)
Prerequisite: EE 244. Organization and structure of microcomputer systems; machine and assembly language programming; system software for microcomputers.

346 Digital Logic Laboratory (1)
Prerequisites: EE 244, 211. Laboratory experiments in logic design of digital systems. Laboratory 3 hours.

347 Computer Logic Design (4)
Prerequisite: EE 244. Integrated circuit digital functions; design of computer system by means of register transfer method; processor unit design; control logic design; design of general purpose computers.

360 Control Systems Theory I (4)
Prerequisite: EE 332. Analysis and design of feedback control systems by classical methods; introduction to state-variable methods.

371 Analog Electronics (4)
Prerequisite: EE 336. Multistage amplifiers; frequency and time-domain response; feedback; tuned amplifiers; distortion; power amplifiers; operational amplifiers.

372 Digital Electronics (4)
Prerequisites: EE 244, 336. Switching mode circuits; diode circuit applications; opto-electronic devices; TTL, CMOS, ECL families; logic gates; SSI, MSI, LSI circuit functions.

400-level Courses
All 400-level courses may be applied toward master's degree requirements subject to limits established by the department and approval of the graduate adviser.

412 Antennas (4)
Corequisite: EE 437. Dipole, loop, aperture, and other antennas; array theory, antenna patterns, and pattern multiplication; radiation resistance, directivity, and gain; antenna synthesis and design.

420 Digital Communication Systems (4)
Prerequisite: EE 320. Analysis and design of digital communication systems; source encoders; PCM; matched filter detectors; timing considerations; baseband systems; ASK, FSK, PSK; error analysis; design considerations.

421 Coding for Communications (4)
Prerequisite: EE 320. Information theory; entropy coding; data compression; forward error detection and correction.

422 Digital Signal Processing (4)
Prerequisite: EE 320. Sampling, A/D conversion; discrete linear system theory; Z-transform; digital filters, recursive and nonrecursive designs; quantization effects; fast Fourier transform; windowing.

424 Fiber Optics (4)
Prerequisites: EE 320. Generation, transmission, and modulation of beams, propagation of optical beams in homogeneous and inhomogeneous media; electro-optic modulation of laser beams.

426 Digital Image Processing (4)
Prerequisite: EE 320. Digital image fundamentals, image transforms, image enhancements, image restoration and image encoding.

427 Speech Signal Processing (4)
Prerequisites: CS 242, EE 334, EE 422. Speech signal processing applied to real-world problems using digital and statistical signal processing techniques. Speech coding; temporal and statistical approaches; speech recognition.
428 Digital Signal Processing Laboratory (1)
Prerequisites: EE 290, EE 332. Graphical computing and data acquisition technique via LabVIEW to solve Electrical Engineering problems. LabVIEW, graphical computing, data acquisition.

432 Power Transmission Lines (4)
Prerequisite: EE 304. Function and structure of power systems, transmission lines, generalized circuit constants, circle diagrams, system representation.

433 Electric Power System Analysis (4)
Prerequisite: EE 432. Load-flow studies, load-flow control, symmetrical components, short circuits on machines and systems, system protection, elements of system stability, economic operation.

434 Electromagnetic Energy Conversion (4)
Prerequisite: EE 304. Analysis of realistic machine performance; steady state and dynamic response of d-c, synchronous and induction machines; fractional horsepower a-c motors.

436 Analog Integrated Circuits (4)
Prerequisite: EE 371. Analysis, design, and characteristics of operational amplifiers, voltage comparators and regulators, analog-to-digital, and digital-to-analog converters.

437 Electric and Magnetic Fields (4)
Prerequisite: EE 332. Static field theory and applications; Maxwell’s equations and applications; electromagnetic waves; introduction to transmission lines.

439 Digital Integrated Circuits (4)
Prerequisites: EE 336, 372. In-depth study of logic families aided by computer analysis; LSI and VLSI, circuit design; regenerative circuits; memories; A–D converters.

440 Data Communications and Networking (4)
Prerequisite: EE 320 and CS 242. Data communications, layered communication architectures, low-layer network protocols, local area networks, and wide area networks.

442 Multimedia Networking (4)

443 Programmable Logic Laboratory (1)
Prerequisites: EE 448. Laboratory experiments in design of combinational and sequential digital circuits using a hardware description language (e. g. Verilog) and programmable devices. Laboratory 3 hours.

444 Computer Architecture (4)
Prerequisite: CS 245. Computing Systems. Integrated study of computer hardware and firmware. Introduction to parallel architectures.

445 Microprocessor Interface Design (4)
Prerequisite: EE 345. Microprocessor architecture and timing; bus structures; memory system design; parallel and serial input/output; interrupts and timers; analog-digital and digital-analog conversion.

447 Backend Compiler Technology (4)
Prerequisites: CS 342 and EE 347. Introduction to backend compiler fundamentals: intermediate representations, control flow analysis, profiling, data flow analysis, function inlining, classical optimizations, register allocation, dependence graphs, machine description files and instruction scheduling.

448 HDL Design and Simulation Laboratory (1)
Prerequisite: EE346. Design of digital systems using a hardware description language (HDL). Hierarchical design methodologies are introduced, where designs can be modeled behaviorally and/or structurally. Designs are verified through simulation. Laboratory 3 hours.

449 Computer Organization (4)
Prerequisite or corequisite: EE 347. Central processor unit organization; microprocessor architecture; control unit organization; microprogramming; input-output, interface; microcomputer hardware organization.

454 Special Topics in Electrical Engineering (1-4)
Prerequisites: Senior standing in engineering; enrollment subject to approval of instructor in charge. Group study of selected topics not currently offered as technical electives; study groups may be organized in advanced engineering subjects upon approval of instructor. Permission needed by department.

460 Control Systems Theory II (4)
Prerequisite: EE 360. Design of multiple-loop, multiple-signal control systems; nonlinear control systems; computers and optimization.

461 Discrete-Time Control Systems (4)
Prerequisite: EE 360. Discrete-time signals; difference equations; Z-transform; modified Z-transform; stability analysis techniques; design of digital controllers; state space representations of linear discrete systems; controllability and observability.

462 State Space Control Systems (4)
Prerequisite: EE 360. State space representation; linear transformation; solution of state equations, model decomposition, equivalent systems; controllability, observability, duality theorem; stability analysis; design by state and output feedback.

465 Systems Engineering (4)
Prerequisite: EE 360. System definitions and concepts; systems age; systems engineering process; conceptual, preliminary, and detail system design; system test and evaluation; systems engineering planning, organization, and management.

468 Control Systems Laboratory (1)
Prerequisite or corequisite: EE 360. Analysis and design of fundamental control systems by model and full-scale construction in laboratory, and by employing root-locus, frequency response, analog simulation, and other standard techniques. Laboratory 3 hours.

472 Optoelectronics (4)
Prerequisite: EE 336. Characteristics and applications of optoelectronic devices and systems including photodiodes and phototransistors, image sensors, light-emitting diodes and laser diodes, and fiber optic systems.

481 Introduction to Robotics (4) (also listed as ME 481)
Prerequisite: EE 360 or ME 410. General considerations of robotic manipulator; spatial description, homogeneous transformations; manipulator kinematics; inverse manipulator kinematics; motion trajectories; static forces.

483 Power Electronics (4)
Prerequisite: EE 336. Electrical and thermal characteristics of power thyristors, BJTs and FETs, diodes, triacs, diacs, and UJTs; applications in energy conversion and control switching power supplies, converters, and inverters.
491 Robotics Laboratory (1)  
Prerequisite or corequisite: EE/ME 481. Robot system installation; programming and languages; link kinematics and motion planning; control of the arm; automated manufacturing and computer-integrated manufacturing (CIM).

496A Senior Design I (2)  
Prerequisites: Selection of upper division specialization within EE option; EE 330; completion of at least one upper division lab. The design process; selection of a design project; preliminary report required.

496B Senior Design II (2)  
Prerequisite: EE 496A with grade of C or higher. Initial phases of implementation of senior design project for which proposal was developed in EE 496A. Permission needed by department.

496C Senior Design III (1)  
Prerequisite: EE 496B with grade of C or higher. Completion of design project initiated in EE 496AB. Final written and oral report are required.

498 Cooperative Education (1)  
Prerequisites: Permission is granted by department under the following conditions: acceptance by the corresponding worksite; junior, senior, or graduate standing; minimum of 2.5 GPA for undergraduates and 3.00 for graduates; graduate students must have completed minimum of 12 quarter units of graduate EE coursework at CSULA. Integration of Electrical Engineering work experience with academic program individually planned through industry mentors under unpaid internships. Minimum of 10 hours per week required. Letter of completion by industry mentor, written abstract, and written final report are required. May only be taken once for credit. Graded CR/NC.

499 Undergraduate Directed Study (1-4)  
Prerequisites: Permission needed by department. Project selected in conference with the sponsor before registration; progress meeting held regularly, and a final report submitted. May be repeated for credit.

---

**Graduate Level Courses (EE)**

All 400-level courses may be applied toward master’s degree requirements subject to limits established by the department and approval of the graduate adviser.  

Classified graduate standing is required for admission to all 500 level courses

<td>High Performance Computing (4)</td>
<td>EE 447, 547A. Study of compiler and hardware support for superscalar and EPIC architectures including predicated execution, control speculation, data speculation, modulo scheduling, acyclic global scheduling, memory latency hiding techniques, and dynamic compilation.</td>
</tr>
</tbody>
</table>
554 Special Topics in Electrical Engineering (4)
Prerequisite: Graduate standing in Electrical Engineering. Study of selected graduate level topics not currently offered in the graduate program. The topics of the course and its content shall be established by the instructor offering the course. Permission needed by department. May be repeated for credit.

561 Stochastic Systems and Estimation (4)
Prerequisite: EE 334, 360. Stochastic processes, power spectrum analysis, response of linear systems to stochastic inputs, Markov chains, estimation theory and Kalman filtering, applications to control and communications.

562 Advanced Digital Control Systems (4)
Prerequisite: EE 461, 462. Signal flow graphics, state equations with sample and hold; state transition equation, eigenvalues and eigenvectors; state diagram, controllability and observability; pole placement design, microprocessor and DSP control.

563 Optimal Control Theory (4)
Prerequisite: EE 462. Optimal control; performance measures; principle of optimality; dynamic programming; Hamilton Jacobi-Belman equation; variational approach; constrained extrema; Pontryagin principle, necessary conditions; solution techniques; singularity cases; applications.

566 System Analysis and Design (4)
Prerequisite: EE 465. Alternative system designs for decision making; models for economic evaluations; system optimization in design and operation; queuing systems; control concepts in system design; system design for reliability and affordability.

571 Advanced Electronic Circuits for Communication Systems (4)
Prerequisites: EE 436, EE 371. Discrete and integrated electronic circuits used in electric communications systems. Bipolar, CMOS, and BiMOS technologies. Wide bandwidth amplifiers, active filters, tuned amplifiers, sinusoidal oscillators, modulators, demodulators, phase detectors, voltage-controlled oscillators, phase-locked loops.

573 Advanced Electronic Circuits for Power and Control Systems (4)
Prerequisites: EE 483 (Power Electronics). Discrete and integrated electronic circuits used for power systems and industrial controls. Bipolar, CMOS, and BiMOS technologies. Linear and switching-mode voltage regulators, linear and foldback current limiting, power transistors and power integrated circuits, inverters and DC-DC conversion, four-layer devices, amplifier stability and compensation, phase margin.

575 Advanced Electronic Circuits for Data Acquisition, Conversion and Signal Processing (4)
Prerequisites: EE 439, EE 371. Discrete and integrated electronic circuits used for data acquisition and interfacing with computers and other digital systems. Bipolar, CMOS, and BiMOS technologies. Analog-to digital converters, digital-to-analog converters, sample-and-hold circuits, active filters and switched-capacitor filters, voltage comparators, limiters, clippers and clamplers.

597 Graduate Research (1-5)
Prerequisites: Permission needed by department. Independent research under guidance of the faculty. May be repeated for credit to maximum of 5 units. Grade CR/NC. Instructor consent to act as sponsor, departmental approval of project prior to registration.

598 Graduate Directed Study (1-4)
Prerequisites: Permission needed by department. Independent, directed study of advanced topics in the field, regular conferences with the sponsor. May be repeated for credit. Instructor consent to act as sponsor.

599 Thesis (1-4)
Prerequisites: Permission needed by department. Independent research in a thesis. Must be repeated to maximum of 4 units. Graded CR/NC. Advancement to candidacy, instructor consent to act as sponsor, college approval of the topic prior to registration.

900 Graduate Studies (0)
Prerequisite: Permission needed by department.
The English Department at Cal State L.A. offers programs leading to the Bachelor of Arts and Master of Arts degrees. These programs encourage students to develop their minds, imaginations, and skills through the study of literature and other forms of written communication. The department offers a broad spectrum of courses ranging from the traditional areas of British and American literature to such subjects as world literature in translation, ethnic literature of the U.S., women writers, folklore, children's literature, creative writing, critical theory, history and structure of the English language, film, and many levels of composition.

Majoring in English offers students many advantages for both intellectual and personal development and provides a solid preparation for a number of careers. Most directly, a bachelor's degree in English, Single Subject Teaching option, with the required professional training in education, qualifies the individual to teach English in secondary schools. But teaching is only one of the many professions that welcome the English major. The discipline requires and helps develop solid reading, writing, and critical thinking skills. Literary study provides the complex understanding of human experience that is essential for success in many fields. Many graduates in English enter law school, medical school, business administration, and civil service at all levels of government. There are opportunities in insurance, publishing, space industries, foundations, public utilities, personnel relations, banks, advertising, and the print media.

The Master of Arts degree in English provides opportunities for advanced study in literature, criticism, language, creative writing, and composition and rhetoric. The program is offered with three options. The Literature option is designed for students planning to teach in a community college or to enter a doctoral program. The Creative Writing option is designed for students seeking to develop their skills as creative writers, to teach creative writing, or to pursue careers in the media or other areas where a combination of creative ability, communication skills, and critical faculties may be particularly valuable. The Composition, Rhetoric, and Language option is designed for students planning to teach writing at the school, community college, or university level, to work as professional writing consultants, or to enter doctoral programs.

The department also participates in an Interdisciplinary Studies Minor in Multimedia that enables students to develop interactive, multimedia products. For more information, please refer to University Programs.

The Faculty

**Professors:** Mary Bucci Bush, Michael A. Calabrese, Roberto Cantú, Hema Chari (Chair), John L. Cleman, Marilyn R. Elkins, Steven S. Jones, Jun Liu, Caroline H. McManus, Barry Munitz, Ruben D. Quintero, Lauri Ramey, Carl M. Selkin, Timothy Steele, Alison Taufer.

**Associate Professors:** Mel Donalson, James Garrett, Michelle Hawley, Martin Huld, Maria Karafilis, Andrew Shin.

**Assistant Professors:** David Gold, Andrew Knighton.

### Undergraduate Programs

**Bachelor of Arts Degree**

Students pursuing the Bachelor of Arts degree in English select one of three program options. The General option is intended for those pursuing a liberal arts education with special emphasis on literature and composition; the creative writing option is intended for those students who wish to integrate the study of English language and literature with instruction in the art of writing in various styles and forms; and the Single Subject Teaching option is designed for students interested in a career in education.

Students majoring in English must obtain advisement prior to or during their initial quarter of major coursework. Those majoring in English are urged to acquire command of at least one foreign language as part of their program.

The total number of units required for the Bachelor of Arts degree in English is 180 units, of which 80-88 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.
Requirements for the Major (80 or 88 units)
The General and Creative Writing options require a total of 80 units. The Single Subject Teaching option requires a total of 88 units.

Common Core (24 units)

Lower Division Required Courses (12 units)
ENGL 200A The Classical and Medieval Tradition (4)
ENGL 200B British Literature Survey I (4)
ENGL 200C British Literature Survey II (4)

Upper Division Required Courses (12 units)
ENGL 340 Writing the Critical Essay (4)
ENGL 417 Shakespeare I (4)
ENGL 492 Seminar in Literature and Language (4)

General Option (80 units)
In addition to the 24 units in the common core, students must complete the following 56 units:

I. Upper-Division Required Courses (44 units)
ENGL 441 Major Critics (4)

British Literature (16 units)
Select four 400-level courses in British Literature from the following, with at least two in pre-1800 literature:
Pre-1800:
ENGL 416 Chaucer (4)
ENGL 418 Shakespeare II (4)
ENGL 419 Milton (4)
ENGL 446 The British Novel: Defoe to Hardy (4)
ENGL 460 Medieval English Literature (4)
ENGL 461 Dramatic Literature of the English Renaissance (4)
ENGL 462 The English Renaissance (4)
ENGL 464 Seventeenth Century Literature (4)
ENGL 465 The Augustan Age (4)

Post-1800:
ENGL 447 The British Novel: Conrad to Present (4)
ENGL 467 The Romantic Age (4)
ENGL 468 The Victorian Age (4)
ENGL 469A Modern British Literature (4)
ENGL 469B Contemporary British Literature - (4)

American Literature (12 units)
ENGL 471 American Literature: Beginnings to 1860 (4)
ENGL 472 American Literature: 1860-1914 (4)
ENGL 473 American Literature 1914-present (4)

World Literature (8 units)
Select two 400-level courses in World Literature from the following:
ENGL 424 Greek and Roman Drama in Translation (4)
ENGL 425 Epic and Legend (4)
ENGL/PAS 426 African Literature (4)
ENGL 427 Modern Drama: Continental, English, and American (4)
ENGL 428 Contemporary Drama: Continental, English, and American (4)
ENGL 482 The Bible as Literature: Old and New Testaments (4)
ENGL 483 Folklore and Literature (4)
ENGL 484 Major Continental Fiction: Cervantes to Balzac (4)
ENGL 485 Major Continental Fiction: Stendhal to Tolstoy (4)
ENGL 486 Twentieth Century Continental Fiction (4)
ENGL/ML 487 Latin American Literature in Translation (4)

Linguistics (4 units)
Select one upper division course in linguistics from the following:
ENGL 305 English Grammar and Usage (4)
ENGL 401 English Language in America (4)
ENGL 402 History of the English Language (4)
ENGL 403/ANTH 470 Language and Culture (4)
ENGL 405 Modern English Grammar (4)

II. Electives (12 units)
Select three 300- or 400-level ENGL courses excluding GE theme courses. With adviser approval, one 200-level course may be included.

Creative Writing Option (80 units)
In addition to the 24 units in the common core, students must complete the following 56 units:

I. Lower-division required course: (4 units)
*ENGL 207 Beginning Creative Writing (4)

II. Upper-division required courses: (52 units)
ENGL 441 Major Critics (4)

British Literature (12 units)
Select three 400-level courses in British Literature from the following, with at least two in pre-1800 literature:
Pre-1800:
ENGL 416 Chaucer (4)
ENGL 418 Shakespeare II (4)
ENGL 419 Milton (4)
ENGL 446 The British Novel: Defoe to Hardy (4)
ENGL 460 Medieval English Literature (4)
ENGL 461 Dramatic Literature of the English Renaissance (4)
ENGL 462 The English Renaissance (4)
ENGL 464 Seventeenth Century Literature (4)
ENGL 465 The Augustan Age (4)

Post-1800:
ENGL 447 The British Novel: Conrad to Present (4)
ENGL 467 The Romantic Age (4)
ENGL 468 The Victorian Age (4)
ENGL 469A Modern British Literature (4)
ENGL 469B Contemporary British Literature - (4)

American Literature (12 units)
ENGL 471 American Literature: Beginnings to 1860 (4)
ENGL 472 American Literature: 1860-1914 (4)
ENGL 473 American Literature 1914-present (4)

World Literature (4 units)
Select one 400-level course in World Literature from the following:
ENGL 424 Greek and Roman Drama in Translation (4)
ENGL 425 Epic and Legend (4)
ENGL/PAS 426 African Literature (4)
ENGL 427 Modern Drama: Continental, English and American (4)
ENGL 428 Contemporary Drama: Continental English, and American (4)
ENGL 482 The Bible as Literature: Old and New Testaments (4)
ENGL 483    Folklore and Literature (4)
ENGL 484    Major Continental Fiction: Cervantes to
            Balzac (4)
ENGL 485    Major Continental Fiction: Stendhal to
            Tolstoy (4)
ENGL 486    Twentieth Century Continental Fiction (4)
ENGL/ML 487 Latin American Literature in Translation (4)

Linguistics (4 units)
Select one upper division course in linguistics from the following:
ENGL 305    English Grammar and Usage (4)
ENGL 401    English Language in America (4)
ENGL 402    History of the English Language (4)
ENGL 403/ANTH 470    Language and Culture (4)
ENGL 405    Modern English Grammar (4)

Creative Writing (16 units)
Select 16 units in writing from the following:
ENGL 406    Writing Nonfiction (4)
ENGL 407    Writing fiction (4)
ENGL 408    Writing Poetry (4)
TA 476/TVF 465    Play Writing (4)
Select one or two upper-division courses from each of the following three categories (20 units):
Category A
ENGL 416    Chaucer (4)
ENGL 418    Shakespeare II (4)
ENGL 419    Milton (4)
ENGL 446    The British Novel: Defoe to Hardy (4)
ENGL 447    The British Novel: Conrad to Present (4)
ENGL 460    Medieval English Literature (4)
ENGL 461    Dramatic Literature of the English Renaissance (4)
ENGL 463    The English Renaissance (4)
ENGL 464    Seventeenth Century Literature (4)
ENGL 465    The Augustan Age (4)
ENGL 467    The Romantic Age (4)
ENGL 468    The Victorian Age (4)
ENGL 469A/469B    Modern British Literature (4)

American Literature (12 units)
ENGL 476    Ethnic Literature in the U.S. (4)
Select two upper-division courses in American literature from the following:
ENGL 471    American Literature: Beginnings to 1860 (4)
ENGL 472    American Literature: 1860-1914 (4)
ENGL 473    American Literature: 1914-Present (4)

World Literature (4 units)
Select one upper-division course in world literature from the following:
ENGL 424    Greek and Roman Drama in Translation (4)
ENGL 425    Epic and Legend (4)
ENGL/PAS 426    African Literature (4)
ENGL 427    Modern Drama: Continental, English, and American (4)
ENGL 428    Contemporary Drama Continental, English, and American (4)
ENGL 482    The Bible as Literature: Old and New Testaments (4)
ENGL 483    Folklore and Literature (4)
ENGL 484    Major Continental Fiction: Cervantes to Balzac (4)
ENGL 485    Major Continental Fiction: Stendhal to Tolstoy (4)
ENGL 486    Twentieth Century Continental Fiction (4)
ENGL/ML 487 Latin American Literature in Translation (4)

Linguistics (8 units)
ENGL 305    English Grammar and Usage (4)
Select one upper-division course in Linguistics from:
ENGL 401    English Language in America (4)
ENGL 402    History of the English Language (4)
ENGL 405    Modern English Grammar (4)

III. Extended Studies (20 units)
Select one of the following six areas for extended study. Any classes used to meet the Single Subject Teaching option requirements listed above may not be double counted in the extended study areas.

1. Literature and Textual Analysis (20 units)
Select one or two upper-division courses from each of the following three categories (20 units):

Category A
ENGL 416    Chaucer (4)
ENGL 418    Shakespeare II (4)
ENGL 419    Milton (4)
ENGL 446    The British Novel: Defoe to Hardy (4)
ENGL 447    The British Novel: Conrad to Present (4)
ENGL 460    Medieval English Literature (4)
ENGL 461    Dramatic Literature of the English Renaissance (4)
ENGL 463    The English Renaissance (4)
ENGL 464    Seventeenth Century Literature (4)
ENGL 465    The Augustan Age (4)
ENGL 467    The Romantic Age (4)
ENGL 468    The Victorian Age (4)
ENGL 469A    Modern British Literature (4)
ENGL 469B    Contemporary British Literature (4)
ENGL 493    Approaches to Teaching Shakespeare's Plays (4)
Category B
ENGL 470 American Women Writers (4)
ENGL 471 American Literature: Beginnings to 1860 (4)
ENGL 472 American Literature: 1860-1914 (4)
ENGL 473 American Literature: 1914 to Present (4)
ENGL 475A The American Novel: 19th Century (4)
ENGL 475B The American Novel: 1900-1945 (4)
ENGL 475C The American Novel: 1945-Present (4)
ENGL 477 Black American Literature (4)
CHS 402/ ENGL 489 Colonial to Modern Mexican American Literature (4)

Category C
ENGL 424 Greek and Roman Drama in Translation (4)
ENGL 425 Epic and Legend (4)
ENGL/PAS 426 African Literature (4)
ENGL 427 Modern Drama: Continental, English, and American (4)
ENGL 428 Contemporary Drama: Continental, English, and American (4)
ENGL 430 Children's Literature (4)
ENGL 432 Literature for Adolescents (4)
ENGL 441 Major Critics (4)
ENGL 442 Contemporary Critical Theory (4)
ENGL 453 Modern Women Writers (4)
ENGL 454 Selected Topics in Literature (4)
ENGL 478 Modern Poetry (4)
ENGL 479 Contemporary Poetry (4)
ENGL 482 The Bible as Literature: Old and New Testaments (4)
ENGL 483 Folklore and Literature (4)
ENGL 484 Major Continental Fiction: Cervantes to Balzac (4)
ENGL 485 Major Continental Fiction: Stendhal to Tolstoy (4)
ENGL 486 Twentieth Century Continental Fiction (4)
ENGL/ML 487 Latin American Literature in Translation (4)

Category D
ENGL 453 Modern Women Writers (4)
ENGL 470 American Women Writers (4)

Category E
ENGL 430 Children's Literature (4)
ENGL 432 Literature for Adolescents (4)
ENGL 483 Folklore and Literature (4)

Category F
ENGL 441 Major Critics (4)
ENGL 442 Contemporary Critical Theory (4)

3. Expository writing and language (20 units)
ENGL 410 Writing in the Schools (4)
Select two from the following (8 units):
ENGL 401 English Language in America (4)
ENGL 402 History of the English Language (4)
ENGL 403/ ANTH 470 Language and Culture (4)
ENGL 405 Modern English Grammar (4)
Select two from the following (8 units):
ENGL 308 Expository Writing (4)
ENGL 406 Non-fiction Writing (4)
TVF 292 Introduction to News Writing and Reporting (4)
JOUR 391 University Times (4)
JOUR 492 Radio and Television News Writing (4)

4. Creative Writing (20 units)
*ENGL 207 Beginning Creative Writing (4)
Select four from the following (16 units):
ENGL 392 Statement Magazine (1-4)
ENGL 406 Writing Nonfiction (4)
ENGL 407 Writing Fiction (4)
ENGL 408 Writing Poetry (4)
TA 476 Play Writing (4)
TVF 465 Seminar: Advanced Scriptwriting (4)

5. Communication (20 units)
COMM 267 Introduction to Oral Interpretation (4) or
COMM 277 Forensics (4)
COMM 367 Performance Studies (4)
COMM 380 Introduction to Rhetorical Studies (4) or
COMM 463 Language and Communication Behavior (4)
COMM 489 Intercultural Communication (4)
COMM 491 Instructional Theories in Communication (4)

6. Theatre and Drama (20 units)
*TA 152 Analysis of Drama and Theatre (4)
TA 311 Development of World Theatre I (4)
ENGL 493 Approaches to Teaching Shakespeare's Plays (4)

With advisor approval, select two from the following (8 units):
ENGL 424 Greek and Roman Drama in Translation (4)
ENGL 427 Modern Drama: Continental, English, and American (4)
ENGL 428 Contemporary Drama: Continental, English, and American (4)
TAD/ COMM 467 Theory and Methods in Performance Studies (4) or
TAD/ COMM 468 Performance and Social Change (4)
*General Education course

Minor in Creative Writing
The minor in Creative Writing is designed for students majoring in other fields who are interested in the writing of imaginative literature, which may include such forms as poetry, fiction, and drama. A total of 24 units is required, of which 8-12 units must be in lower division and 12–16 units in 400-level courses.
Requirements for the Minor (24 units)

Lower Division Required Courses (8 or 12 units)
Select one or two from the following (4 or 8 units):
ENGL 200ABC, 225
(Prerequisite to ENGL 207 for students in the creative writing minor is at least 4 units from the lower division requirement listed above.)

Required course (4 units)
ENGL 207 Beginning Creative Writing (4)

Electives (select 12–16 units with adviser approval)
ENGL 406 Writing Nonfiction (4)
*ENGL 407 Writing Fiction (4)
*ENGL 408 Writing Poetry (4)
TA 476 Play Writing (4)
TVF 465 Seminar: Advanced Scriptwriting (4-8)

*May be repeated once for credit in the minor.

Minor in English
The minor in English provides a varied and flexible literary program, individually planned, for majors in other fields. Students who plan to write or edit or who are interested in business, the professions, or government service may find this minor significant in their career development. The minor is also useful to students who wish to add a supplementary

Graduate and Postbaccalaureate Programs

Master of Arts Degree
Admission to the Program
Applicants must have a baccalaureate in English and a 3.0 grade point average in the last 90 quarter units. Students whose major was not English should consult the principal graduate adviser about prerequisites or their equivalents. They must complete a 36-unit program of upper division prerequisites (which may include courses previously taken) prior to beginning their graduate work.

Requirements for the Degree (45 units)
A minimum of 45 units is required, with at least 23 units in 500-level courses. Students must have completed course work at either the undergraduate or graduate level, in major periods of British and American literature. Consult the Department of English for specific requirements and period descriptions.

Applicants for the Creative Writing option must submit a portfolio of writing for review by a creative writing adviser.

Students preparing for the M.A. degree in English must complete ENGL 500 prior to enrolling in ENGL 530, 560, 570, 580, 590, and 598 (ENGL 510 and 541 may be taken concurrently with 500).

Required Core (12 units)
ENGL 500 Methodology of Graduate Research in English (4)
ENGL 510 Seminar: Historical Criticism (4)
ENGL 541 Seminar: Contemporary Critical Approaches (4)

Option in Composition, Rhetoric, and Language (33 units)

Required Composition-Rhetoric Core (12 units)
ENGL 504 Seminar: Theories of Composition and Rhetoric (4)
ENGL 505 Seminar: Language and Literacy (4)

ENGL 550 Seminar: Topics in Composition, Rhetoric, and Language (4)

Electives (16-21 units)
8 units of electives must be fulfilled by courses in literature. The remaining units of electives may be fulfilled by courses in composition-rhetoric, linguistics, literature, or creative writing. Select from 400- or 500-level courses with adviser approval. A maximum of 5 units of ENGL 598 may also be included.

Comprehensive Examination or Thesis (0, 5 units)
ENGL 596 Comprehensive Examination (0) or
ENGL 599 Thesis (5)

Students must successfully complete either the comprehensive examination or a master’s degree thesis as the culmination of their program.

Comprehensive Examination (0 units)
One section of the comprehensive examination will focus on key texts in the field of Composition, Rhetoric, and Language, and the other portion of the examination will assess the student’s general critical skills and ability to elucidate and interpret a designated text.

The comprehensive examination (ENGL 596) may be taken no earlier than the quarter in which all course work for the degree is completed. Students must notify the department one quarter before they intend to take the examination.

Advancement to candidacy and approval of the department’s graduate studies committee are required prior to taking the examination.

Thesis (5 units)
The thesis entails writing a master’s degree essay about a subject in the field of language, composition and rhetoric. Theses may be of two kinds, a critical essay or an empirical study. A critical essay might, for example, critique or reanalyze a particular body of research or the work of a single researcher, or present a rhetorical analysis of text. A theory-
based empirical approach might test new hypotheses or replicate earlier studies with a different population. Students writing a thesis are subject to the following requirements: advancement to candidacy, formal approval of the thesis proposal by a thesis director and two thesis committee members, enrollment in 5 units of ENGL 599, and an oral defense of the thesis. (One unit of ENGL 599 is to be devoted to preparation of the thesis proposal. A student may not enroll in the remaining 4 units of ENGL 599 until the proposal has been approved.)

Option in Creative Writing (33 units)

Required Creative Writing Core (12 units)

With adviser approval, select 12 additional units from creative writing courses, including at least 4 units of ENGL 507 or 508. The remaining 8 units may derive from some combination of the following courses: ENGL 406, 407, 408, 507, 508. ENGL 507 or 508 may be taken concurrently with ENGL 500.

Electives (16 units)

Select 400- or 500-level courses with adviser approval. Students are to select courses in literature with particular relevance to the focus of their creative work. A maximum of 4 units of ENGL 598 may also be included.

Thesis (5 units)

Students selecting the Creative Writing Option must write a creative thesis typically consisting of three or more short stories of 3,000-5,000 words or a novella or a substantial portion of a novel, or two one-act plays, or a full-length play, or between 12 and 20 short poems. The thesis is to include a brief preface, stating the literary, ethical, or social concerns that have informed the student’s work.

To begin work on the thesis the student must have been advanced to candidacy and must have formal approval of the thesis proposal by a thesis director and two additional thesis committee members. A student must complete 5 units of ENGL 599. (One unit of ENGL 599 is to be devoted to preparation of the thesis proposal. A student may not enroll in the remaining 4 units of ENGL 599 until the proposal has been approved.) The student will be required to defend the thesis before a committee of three, one member being the student’s thesis director and one member being a member of the faculty from outside the creative writing area. The third member may be either from the creative writing area or from a different area.

Option in Literature (33 units)

Required Core (12 units)

With adviser approval, students select 12 additional units from 500-level ENGL courses. At least one course must be in the area of specialization selected for the thesis.

Electives (16–21 units)

Select from 400- or 500-level ENGL courses with adviser approval; 8 units may be in a related field. A maximum of 5 units in ENGL 598 is applicable toward the degree.

Comprehensive Examination or Thesis (0, 5 units)

ENGL 596 Comprehensive Examination (0) or
ENGL 599 Thesis (5)

Students must successfully complete either the comprehensive examination or a master’s degree thesis as the culmination of their program. Students are expected to have selected an area of specialization as reflected in course work in preparation for either the examination or the thesis.

Comprehensive Examination (0 units)

One section of the comprehensive examination will focus specifically on the student’s chosen area of specialization and the other portion of the examination will assess the student’s general critical skills and ability to elucidate and interpret a designated text.

The comprehensive examination (ENGL 596) may be taken no earlier than the quarter in which all course work for the degree is completed. Students must notify the department one quarter before they intend to take the examination.

Advancement to candidacy and approval of the department’s Graduate Studies committee are required prior to taking the examination.

Thesis (5 units)

The thesis option entails writing a master’s degree essay about a subject in the student’s area of specialization. Students who choose to do a thesis are subject to the following requirements: advancement to candidacy, formal approval of the thesis proposal by a thesis director and two additional thesis committee members, enrollment in 5 units of ENGL 599, and an oral defense of the thesis. (One unit of ENGL 599 is to be devoted to preparation of the thesis proposal. A student may not enroll in the remaining 4 units of ENGL 599 until the proposal has been approved.)

Certificate Program in Teaching Writing

The Certificate in Teaching Writing provides advanced study in composition and rhetoric for current teachers at secondary, and post-secondary levels of education. The program of study provides in-depth study to supplement the more limited coursework in the teaching of writing that students have had in undergraduate and credential programs. In keeping with the State’s emphasis on literacy across the curriculum in schooling at all levels, the certificate addresses writing instruction across the curriculum as well as in traditional English/Language Arts. It enables teachers who are required to teach writing in all disciplinary areas but who often have had little or no training in writing instruction to incorporate writing instruction in their classes.

To enter the program, students must possess an undergraduate degree in any field and meet the admission requirements of the University for postbaccalaureate study. The certificate consists of six required courses (24 units): Two 400-level courses which provide a foundation in language and composition, and four 500-level courses which provide advanced, in-depth, and specialized study.

Students must achieve a 3.0 GPA in the certificate program. Students may apply 12 units of the certificate program (not including ENGL 401) towards the MA in the Composition, Rhetoric, and Language option. Students must satisfy the Graduation Writing Assessment Requirement (GWAR) within the first two quarters.

Requirements for the Certificate (24 units)

Required Courses

ENGL 401 English Language in America (4)
ENGL 410 Writing in the Schools (4)
ENGL 504 Theories of Composition and Rhetoric (4)
ENGL 555 Language and Literacy (4)
ENGL 550 Topics in Composition, Rhetoric and Language (4)
ENGL 555 Principles and Projects in Teaching Writing (4)
Courses in English (ENGL)

Eligibility for ENGL 095, 096, and 101 will be determined by the results of the English Placement Test (EPT), which students must take before they may register for any of these courses.

Subcollegiate Courses

095 Basic Writing I (4)
Prerequisite: English Placement Test (placement determined by student's score). Instruction in basic writing and reading. Focus on writing processes such as invention, revision, and editing. Use of personal experience and/or observation in narrative and expository essays. Graded CR/NC. Not open to students with credit for this course, an equivalent, or a higher level English composition course. Students with two NC grades may not enroll again. No credit toward baccalaureate.

096 Basic Writing II (4)
Prerequisite: English Placement Test (placement determined by student's score) or passing grade in ENGL 095. Frequent essays based on reading and responding to expository prose; instruction in expository writing conventions and critical reading strategies. Graded CR/NC. Not open to students with credit for this course, an equivalent, or a higher level English composition course. Students with two NC grades may not enroll again. No credit toward baccalaureate.

Lower Division Courses

100 Supplemental Writing Practice (1)
Prerequisite: Permission of the instructor, concurrent enrollment in English 101 or 102 or other designated course. Supplemental practice in revising and editing essays. Regular meetings with Writing Center tutor. May be repeated to a maximum of 4 units. Graded CR/NC.

101 Composition I (4)
Composition I: Reflective and Expository Writing
Prerequisite: English Placement Test or completion of ENGL 096. Reading and writing to develop and communicate ideas. Instruction in basic strategies for planning, composing, and revising college writing. Use of authorities, examples, arguments and facts. Graded A,B,C/NC.

102 Composition II (4)*
Composition II: Analytic and Persuasive Writing
Prerequisite: ENGL 101 or equivalent. Continuing to practice the rhetorical skills introduced in ENGL 101, students will analyze, interpret, and synthesize diverse texts in order to construct a well-supported, researched, academic argument. Graded A, B, C/NC.

*ENGL 102 or its equivalent is prerequisite to all English courses with higher numbers.

0207 Beginning Creative Writing (4)
A beginning creative writing workshop that introduces students to techniques of imaginative writing in fiction, poetry, and drama in a constructive workshop setting that includes analysis of published literary works.

210 Conceptions of the Self in Philosophy and Literature (4) (also listed as PHIL 210)
Examination of various conceptions of the self as they arise in philosophical and literary texts; examination of methods and goals of the philosophical and literary arts.

225 Interpreting World Cinema (4) (also listed as TVF 225)
Critical survey of world cinema as art and cultural artifact. Provides critical methodology and practical tools for analyzing and interpreting international film movements, genres and themes.

230 Language and Society (4) (also listed as ANTH 230)
An introduction to linguistics as a social science. Exploration of the relationship of language to a variety of social issues including race, class, and gender.

240 Film, Novel, Theater (4) (also listed as TVF 240)
Prerequisite: Completion of ENGL 102*. An introduction to film, theater, and fiction through the process of adaptation. Analysis of the roles of audience, modes of delivery, concepts of form and structure, and cultural impact.

245 Introduction to Folk Literature (4) (also listed as ANTH 245)
Introduction to the genres of folk literature; their composition, structure, style, performance, cultural contexts, and their contribution to written literature.

250 Understanding Literature (4)
Forms and techniques of fiction and or, drama, and poetry; analysis of representative works of various periods and cultures; critical compositions and reports. Not open to English majors.

258 Mythology in Literature (4)
Analysis and interpretation of dominant myths in representative works of world fiction, drama, and poetry; critical compositions.

260 Women and Literature (4)
Multicultural approach to studying the ways women’s diverse experiences are represented in literature.

270 Contemporary American Literature (4)
An introduction to post-WWII American literature. Students will analyze texts from a variety of perspectives, including race, class, gender, and sexual orientation.

276 Introduction to Play Writing (4) (also listed as TA 276)
Prerequisite: ENGL 200A or 200B or 200C or TA 101. Collaborative approach to writing for the stage; emphasis on writing theory and techniques; introduction to dramaturgy, directing, literary management, and staged reading.

280 Contemporary World Literature (4)
Recent fiction, poetry, and drama written by authors outside the U.S.; close analysis of representative works; critical compositions.
Upper Division Courses
Upper division standing is prerequisite to enrollment in 400-level courses. ENGL 102 or its equivalent is prerequisite to all upper division English courses. Prerequisite for all literature courses: ENGL 250, or 200A, 200B or 200C unless otherwise stated.

300 Composition for ESL Students (2)
Prerequisite: ENGL 102 or equivalent. Strategies to facilitate increased acquisition of English and mastery of college-level writing for students for whom English is a second language. May be repeated to a maximum of 4 units. Graded CR/NC

301 Introduction to Language (4)
Introduction to the structures and history of the English language; traditional and alternative grammars; theories of language as they relate to language acquisition and sociolinguistics. Some sections may include a service learning option.

305 English Grammar and Usage (4)
Analysis of English grammar; understanding the function of parts of speech as sentence and phrase components; identifying standard and non-standard usage in written expression.

306 Technical Writing (4)
Prerequisite: Passing WPE score. Fundamentals of technical writing; development and writing of mechanism descriptions, proposals, feasibility studies, progress reports, and long technical reports.

308 Expository Writing (4)
Prerequisite: Passing WPE score. Methods of and practice in writing analytical essays that present persuasive arguments; emphasis on coherent organization, clear style, rigorous argumentation.

310 Genres of Writing (4)
Methods of and practice in genres of writing taught in middle and secondary schools including creative writing, journalism, and expository writing. Field experience required.

327 Ethnicity and Emotions in U.S. Film (4) (also listed as CHS 327 and PAS 327)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. The critical analysis of the representations of ethnicity and emotions in U.S. film.

340 Writing the Critical Essay (4)
Prerequisites: ENGL 102. Intensive supervised practice in advanced composition; emphasis on critical response to a literary work and its effective statement in essay form.

354 Selected Topics in Literature (4)
Representative works in literature of various thematic or stylistic types. Specific topics announced in Schedule of Classes. May be repeated to a maximum of 8 units for credit.

360 Adjunct Writing (2 or 4)
Corequisite: Upper division course in student’s major department may be required. Supervised practice in advanced composition, emphasis on styles germane to student’s major field. May be taken in two 2-unit segments as required by student’s major department.

377 Literary Explorations of Justice and Racism (4) (also listed as PAS 377)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Analysis of the literary depiction of racism and justice, with emphasis on the treatment of civil rights issues in fiction, drama, and poetry.

379 Gender and Sexuality in Popular Culture (4) (also listed as TVF 379)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Survey and critical analysis of narrative and visual representations of gender and sexuality in the modes of popular culture, such as television, film, advertising, popular fiction, and the tabloid press. GE Theme C

381 Legacy of Greek and Roman Literature (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Legacy of ancient literature through focus on three themes: the self and self-consciousness, society, and nature. May include service learning option.

382 Violence and Literature (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Critical examination of the representations of violence in literature. Will consider violence across cultural, racial, sexual and generational boundaries.

383 Narratives of Maturity and Aging (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Critical examination of the representations of human maturity and aging in literary works from a range of periods, forms and genres. Examines the part that aging plays in human experience.

385 Sex and Gender in Language and Literature (4) (also listed as COMM 385)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Analysis of the concept of sex, gender as experienced in language and literature. Comparative language behavior of women and men as revealed in research on communication and in representative literary works, both classical and modern.

386 Literature and the Third World (4) (also listed as PAS 386)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Critical survey of cultural representations, themes, and techniques of Third World literature and their Western diaspora writers.

387 The American Landscape in Literature (4)
Prerequisites: ENGL 200A and 200B or 200C, or 250. The literary response to the American landscape from the time of the early explorers to the present.

388 Environment and Literature (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. The literary response to the natural environment. Focus on themes of transformation of natural environment, concepts of place and space, relations between human progress and environmental limits in literature.

389 Human Emotions in Literary Expression (4) (also listed as ML 389)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Emotions such as love, anger, laughter, fear, joy, sorrow, guilt, pain or oppression, as represented in prose and poetic forms of various cultures.

392 Statement and Literary Magazine Editing (1–4)
Prerequisite: Consent of faculty member advising the course. Techniques of editing and producing literary magazines. May be repeated to maximum of 6 units. Graded CR/NC.
400 Introduction to Linguistics (4) (also listed as ANTH 471)
Descriptive and historical study of language; problems of data collection and techniques of analysis, linguistic structure, language classification, language families of the world, language in its sociocultural setting.

401 English Language in America (4)
Introduction to linguistic theory; elementary structural analysis of phonology, morphology, and syntax; discussion of levels and functional varieties of usage.

402 History of the English Language (4)
External history; structural history; history of vocabulary; principles of historical linguistics.

403 Language and Culture (4) (also listed as ANTH 470)

405 Modern English Grammar (4)
Prerequisite: ENGL 401. Transformational generative analysis of contemporary morphology and syntax; its relationship to alternate grammars of English.

406 Writing Nonfiction (4)
Prerequisite: Passing WPE score. Methods of and practice in writing documentary, biographical, and other nonfiction prose; emphasis on style, detail, effective development.

407 Writing Fiction (4)
Prerequisite: Instructor consent. Instruction in the technique and art of writing fiction. May be repeated to maximum of 16 units.

408 Writing Poetry (4)
Prerequisite: Instructor consent. Instruction in the technique and art of writing poetry. May be repeated to maximum of 16 units.

410 Writing in the Schools (4)
Prerequisites: One upper division ENGL linguistics course; satisfactory completion of the Graduation Writing Assessment Requirement (GWAR). Discussion of composing and theories of discourse; review of research in written expression; practice in applying and evaluating theories.

411 Practicum in Tutoring English (2)
Prerequisite: Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR). Discussion of composition theory, linguistic theory, and connections between reading and writing. Practice in effective tutoring methods in various educational situations. Lecture 2 hours, lab 4 hours. Graded CR/NC.

416 Chaucer (4)
Troilus and Criseyde, Canterbury Tales, and selected minor poems as works of art and as reflections of culture and literary conventions of the time.

417 Shakespeare I (4)
Shakespearean drama. Intensive study of five or six plays chosen from the following: Julius Caesar, Romeo and Juliet, Macbeth, Twelfth Night, The Merchant of Venice, Henry IV–Part One, Richard III, and Hamlet; elements of Shakespearean drama.

418 Shakespeare II (4)
Intensive study of four or five plays (and poems) not included in 417; range and diversity of Shakespeare’s art in his time and ours.

419 Milton (4)
Selected works of John Milton.

424 Greek and Roman Drama in Translation (4)
Plays by Aeschylus, Sophocles, Euripides, Aristophanes, Seneca, Plautus, and Terence; characterization, style, focus, and problems of translation.

425 Epic and Legend (4)
Stylistic, thematic, generic, and cultural analysis of representative epics and legends from world literature.

426 African Literature (4) (also listed as PAS 426)
Prerequisite: ENGL 250. African literature and its cultural background; intensive study of writers in English and others in translation; critical compositions and reports.

427 Modern Drama: Continental, English, and American (4)
Representative plays by such dramatists as Ibsen, Strindberg, Chekhov, Shaw, Pirandello, O’Casey, O’Neill; major theatrical movements; naturalism, symbolism, and expressionism.

428 Contemporary Drama: Continental, English, and American (4)
Prerequisite: ENGL 427 recommended. Representative plays by such dramatists as Brecht, Lorca, Beckett, Sartre, Genet, Pinter, Miller, Williams. Modern poetic drama; epic, existential, and absurdist theatre; theatre of cruelty.

430 Children’s Literature (4)
Prerequisite: Passing WPE score. Analysis and evaluation of literature for children; role of literature in children’s education.

432 Literature for Adolescents (4)
Prerequisite: Passing WPE score. Analysis and evaluation of literature appropriate for adolescents; examination of adolescent concerns in literary works.

441 Major Critics (4)
Major critical approaches to literature; systems of Aristotle, Dryden or Johnson, Wordsworth, Coleridge; a modern critic or a contemporary critical problem.

442 Contemporary Critical Theory (4)
A survey of literary theories since New Criticism such as Structuralism, Post-Structuralism, Feminism, Psychoanalytical criticism, Marxism, Reader-Response, New Historicism, Post-colonialism, Post-modernism, Deconstruction.

446 The British Novel: Defoe to Hardy (4)
Representative works by major British novelists, e.g., Defoe, Fielding, Sterne, Dickens, and Hardy.

447 The British Novel: Conrad to Present (4)
Representative works by modern British novelists, e.g., Conrad, Joyce, Lawrence, Huxley, and Cary.

450 Analyzing Children’s Film (4)
Children’s films as art form and communication medium; cinematic explication; visual and verbal communication techniques; children’s films adapted from folklore, fable, and children’s books.

451 Film and Literature (4)
Critical study of films adapted from literary sources along with analysis of original literature for purpose of contrasting the media. May be repeated to a maximum of 8 units as subject matter changes.

452 Reading Cultures: Cultural Studies and English Literature (4)
Survey of the history of cultural studies; introduction to the basic concepts of cultural studies, including mass, popular, and subcultures; cultural analysis of literary texts.
453 Modern Women Writers (4) Representative works by such women writers of the modern world as Kate Chopin, Gertrude Stein, Willa Cather, Isak Dinesen, Colette, Virginia Woolf, Doris Lessing, and Gabriela Mistral.

454 Selected Topics in Literature (4) Advanced study of representative works in literature of various thematic or stylistic types. Specific topics announced in Schedule of Classes. Open to English majors. May be repeated to a maximum of 8 units for credit.

460 Medieval English Literature (4) Lyrical, epic and romantic narratives, and dramatic works, from Anglo-Saxon beginnings through fifteenth century, exclusive of Chaucer. Readings in Middle English and in translation.

461 Dramatic Literature of the English Renaissance (4) Representative plays by Elizabethan and Jacobean dramatists exclusive of Shakespeare, e.g., Marlowe, Dekker, Webster, Jonson, Beaumont, and Fletcher.

463 The English Renaissance (4) Nondramatic literature from Wyatt to Bacon; British and continental cultural, literary, and philosophical backgrounds.

464 Seventeenth-Century Literature (4) Prose and poetry from Donne to Dryden, excluding Milton; literary, social and political backgrounds.

465 The Augustan Age (4) Literature from Swift and Pope through Johnson; social and philosophical backgrounds.

467 The Romantic Age (4) Prose and poetry from Blake to Keats; cultural and philosophical backgrounds.

468 The Victorian Age (4) Prose and poetry of major Victorian writers; social and philosophical backgrounds.

469A Modern British Literature (4) Representative works of British literature of the early 20th century (1900-1950) will be examined in their cultural and aesthetic contexts.

469B Contemporary British Literature (4) A survey of contemporary British literature and analysis of genres, themes, ideologies, aesthetic innovations and contributions made by post-World War II British writers.

470 American Women Writers (4) Critical study of the literary achievements of American women, such as Stowe, Dickinson, Chopin, Wharton, Cather, Hurston, Porter, Morrison, and Kingston.

471 American Literature: Beginnings to 1860 (4) Puritanism to transcendentalism. Emphasis on such writers as Edwards, Emerson, Hawthorne, Melville, Poe, and Thoreau.

472 American Literature: 1860–1914 (4) The movement toward realism and naturalism. Emphasis on such writers as Whitman, Dickinson, Twain, Howells, James, and Crane.

473 American Literature: 1914 to Present (4) Representative writers of American modernism and postmodernism.

475A:19th Century (e.g., Cooper, Hawthorne, Melville, Twain, James, Crane) 475B:1900–1945 (e.g., Dreiser, Wharton, Cather, Anderson, Hemingway, Fitzgerald, Faulkner, Steinbeck) 475C: 1945–Present (e.g., Wright, Bellow, Ellison, O’Connor, Updike, Pynchon)

477 Black American Literature (4) Representative works of 19th and 20th century black American writers such as Forten, Chesnutt, Dunbar, Hughes, Hurston, Wright, Baldwin, Walker, Brooks.

478 Modern Poetry (4) Backgrounds of modern poetry; representative works by major British and American poets to 1930s, such as Yeats, Eliot, Pound, Frost, Williams, Stevens, and Lawrence.

479 Contemporary Poetry (4) Representative works by British and American poets from 1930s to present, such as Auden, Roethke, Thomas, Lowell, Plath, Hughes, Berryman, Creeley, Baraka, Merwin.

482 The Bible as Literature: Old and New Testaments (4) Types and styles of Biblical literature; geographical, historical, cultural, and archaeological backgrounds of both Testaments.

483 Folklore and Literature (4) Forms of folklore and their relationship to literature; identification and analysis of the heritage of folklore in literature.

485 Major Continental Fiction: Stendhal to Tolstoy (4) Representative works by European authors, e.g., Stendhal, Flaubert, Chekhov, Dostoyevsky, and Tolstoy.

486 Twentieth Century Continental Fiction (4) Representative works by European authors, e.g., Proust, Mann, Kafka, Sartrre, and Camus.

487 Latin American Literature in Translation (4) (also listed as ML 487) Critical examination of Latin American literature, with emphasis on post-independence and modern periods.

489 Colonial to Modern Mexican American Literature (4) (also listed as CHS 402) Study of literary works by Hispanic, Mexican, and Mexican American authors from the colonial era to modern times.

492 Seminar in Literature and Language (4) English 492 satisfies the upper division writing requirement for English majors Prerequisites: Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR); ENGL 340; English major with senior standing. Variable content course in which each seminar studies in depth a selected topic in literature or language. May be repeated for credit as content changes. Students may enroll in multiple sections in the same term.
493 Approaches to Teaching Shakespeare's Plays (4)
Extensive analysis of Shakespeare's language and implementation of performance pedagogy, using Shakespeare's sources, textual variants, performance history, cinematic adaptations, and online materials in the secondary classroom.

494 Literary Study and the Teaching Profession: A Capstone Course for Prospective English Teachers (4)
Prerequisite: English major with senior standing. Instructional strategies for teaching forms of literature to middle and high school students. Development of teaching portfolio and assessment of interpretive and critical skills.

495 Seminar: British Literature (4)
Prerequisite: English major with senior standing. Variable content course in which each seminar studies in depth a selected topic in British literature. May be repeated to a maximum of 8 units for credit as content changes.

496 Seminar: American Literature (4)
Prerequisite: English major with senior standing. Variable content course in which each seminar studies in depth a selected topic in American literature. May be repeated to a maximum of 8 units for credit as content changes.

497 Special Studies in World Writers in Translation (4)
Prerequisite: English major with senior standing. Variable content course in which each seminar studies in depth a selected topic in world literature. May be repeated to a maximum of 8 units for credit as content changes.

499 Undergraduate Directed Study (4)
Prerequisites: Consent of an instructor to act as sponsor. Project selected in conference with sponsor. Maximum of 4 units accepted toward English major or minor. May be repeated to a maximum of 20 units for credit as content changes. Graded CR/NC.

---

**Graduate Level Courses**

Classified graduate standing is required for admission to all 500 level courses

### Courses in English (ENGL)

#### 500 Methodology of Graduate Research in English (4)
Prerequisite or corequisite: ENGL 441. Introduction to bibliography, research techniques, professional essay style, and basic critical approaches.

#### 504 Seminar: Theories of Composition and Rhetoric (4)
Prerequisite or corequisite: ENGL 401. Theory and research in composition and rhetoric.

#### 505 Seminar: Language and Literacy (4)
Prerequisite: ENGL 401. Theories of language structure as they apply to contemporary usage.

#### 506 Seminar: The Writing Process (4)
Writing and editing instructional, administrative, and professional materials. Emphasis on developing English skills needed to teach writing at secondary school or community college level or to perform as staff writer or editor.

#### 507 Seminar: Writing Fiction (4)
Prerequisites: ENGL 407; or instructor consent. Advanced workshop in writing fiction. In-class critiques by students and instructor. May be repeated for a maximum of 12 units.

#### 508 Seminar: Writing Poetry (4)
Prerequisites: ENGL 408; or instructor consent. Advanced workshop in writing poetry. In-class critiques by students and instructor. May be repeated for a maximum of 12 units.

#### 510 Seminar: Historical Criticism (4)
Prerequisite or corequisite: ENGL 500. Variable topic seminar focusing on historical criticism of selected works from periods in British or American literature. May be repeated as subject matter changes.

#### 530 Seminar: Children's Literature and Folk Literature (4)
Prerequisite: ENGL 500. Selected topics in children's literature and folk literature, as announced in Schedule of Classes. May be repeated as subject matter changes.

#### 541 Seminar: Contemporary Critical Approaches (4)
Prerequisite or corequisite: ENGL 500. Variable topic seminar focusing on selected contemporary critical approaches to study of English language and literature. May be repeated as subject matter changes.

#### 550 Seminar: Topics in Composition, Rhetoric, and Language (4)
Prerequisite: ENGL 504 or 505. Variable topic seminar focusing on selected issues in composition, rhetoric, and language, as announced in Schedule of Classes. May be repeated as subject matter changes.

#### 555 Principles and Strategies in Teaching Writing (4)
Advanced study of theoretical models and pedagogical strategies for teaching writing to diverse groups of students, culminating in a reflective portfolio.

#### 560 Seminar: British Literature (4)
Prerequisite: ENGL 500. Study of one or more major writers of selected significant works in British literature, as announced in Schedule of Classes. May be repeated as subject matter changes.

#### 570 Seminar: American Literature (4)
Prerequisite: ENGL 500. Study of one or more major writers or of selected significant works in American literature, as announced in Schedule of Classes. May be repeated as subject matter changes.

#### 580 Seminar: World Literature (4)
Prerequisite: ENGL 500. Study of one or more major writers or of selected significant works in world literature, as announced in Schedule of Classes. May be repeated as subject matter changes.

#### 590 Seminar: Special Studies in Language in Literature (4)
Prerequisite: ENGL 500. Study of selected genres, intellectual movements, or literary ideas in representative works, as announced in Schedule of Classes. May be repeated as subject matter changes.

#### 596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the (Masters) Degree section of this chapter.
**598 Graduate Directed Study (1-4)**
Prerequisites: ENGL 500 (may be taken concurrently), instructor consent to act as sponsor, approval of principal graduate adviser. Independent study of advanced topics in field; regular conferences with sponsor. May be repeated to maximum of 5 units with maximum of 4 units allowed in any quarter. Graded CR/NC.

**599 Thesis (1-5)**
Prerequisites: Advancement to candidacy, formal approval by department. Independent study resulting in a critical essay. Oral examination about master’s essay required. Must be repeated to total of 5 units. Graded CR/NC.
Entrepreneurship Program in Entrepreneurship College of Business and Economics

Advisement: Marketing Department
DEPARTMENT OFFICE
Simpson Tower F917
Phone: (323) 343-2960
E-Mail: csankey@cslanet.calstatela.edu
Website: http://cbe.calstatela.edu

The Entrepreneurship Program of the College of Business and Economics focuses on the knowledge and skills needed to imagine, start, and expand the businesses that are the well spring of innovation, employment, and, indeed, most millionaires.

The Faculty
Faculty from departments across the College of Business and Economics participate in this program.

Undergraduate Programs

Bachelor of Science Degree in Business Administration with Option in Entrepreneurship (100 units)
The total number of units required for the Bachelor of Science degree in Business Administration is 180 units, of which 100 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Advisement: Department of Marketing
This option prepares students to work for a small business, start their own business, purchase existing companies, or manage ongoing small-to-medium enterprises.

The BSBA with the Option in Entrepreneurship requires completion of the BSBA core (72 units) and the option Requirement (28 units).

Certificate Program in Entrepreneurship

The Department of Marketing offers a credit certificate in Entrepreneurship, designed to prepare students and business people for careers in starting, managing, or working in small businesses. The program includes instruction about how to take a product or service from the idea stage through the introduction and growth stages, and how to successfully manage the business. A focus may be taken in retailing, marketing of services and products, consulting, accounting, finance, or entrepreneurship. A total of 24 units is required. Refer to the Undergraduate Studies: General Information chapter of this catalog for general regulations governing all certificate programs.

Electives (8 units)
Select two upper division College of Business and Economics electives with adviser approval.
The Department of Finance and Law offers options in Finance, Real Estate, and Business Arts-Prelegal for the Bachelor of Science degree in Business Administration. These options enable students to prepare for finance, real estate, and legal careers. The department also offers Finance options for both the Master of Science (MS) degree in Business Administration and the Master of Business Administration (MBA) degree, designed to enhance career and advancement opportunities for individuals employed in these fields. In addition, the department offers a credit certificate program in Finance that is designed for students who are majoring in other fields and would benefit from a background in finance.

The Faculty

Professors: Maria Kathleen Boss, Jack S. K. Chang, Hsing Fang (Chair), Taewon Kim, Jean Loo, Lifan Wu.
Associate Professors: James Refalo, Jong-Hwan Yi
Assistant Professor:

Undergraduate Programs

Bachelor of Science Degree in Business Administration with Options in
- Business Arts–Prelegal
- Finance
- Real Estate

A total of 180 units is required for the Bachelor of Science degree in Business Administration with the Business Arts-Prelegal, Finance and Real Estate Options. The BSBA degree with any of these options requires completion of 72 units in BSBA core courses and 28 units in the option. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

- FIN 205 Legal and Regulatory Environment of Business I (4)

Upper Division Required Courses (44 units)
- ACCT 310 Accounting Information for Decision Making (4)
- BUS 305 Business Communications (4)
- CIS 301 Management Information Systems (4)
- ECON 309 Applied Business and Economic Statistics II (4)
- FIN 303 Business Finance (4)
- MGMT 306 Production and Operations Management (4)

MGMT 307 Management and Organizational Behavior (4)
MGMT 308 Business Responsibilities in Society (4)
MGMT 497 Capstone: Global Strategic Management (4)
MKT 304 Principles of Marketing (4)

Upper Division Required Courses
Select one from the following:
- ECON 303 Money, Banking and the Economy (4)
- ECON 310 Managerial Economics (4)

Option Requirements for Business Arts–Prelegal (28 units)
This option enables students to prepare for legal careers by combining business and humanities courses. The objective of this option is to combine a general business education with option electives that suit individual requirements. Option electives may be chosen in the humanities and often include reading and writing skills that are important for postgraduate study of law.

Required Courses (8 units)
- FIN 305 Legal and Regulatory Environment of Business II (4)
- FIN 325 Essential Skills for Finance Professionals (4)

Electives (20 units)
Select 20 units with adviser approval.

Option Requirements for Finance (28 units)
This option develops an understanding of modern finance concepts, strategies, and techniques and prepares students for careers in corporate finance, money management, investment banking, commercial banking, and insurance.

Required Course (16 units)
- FIN 325 Essential Skills for Finance Professionals (4)
- FIN 331 Financial Institutions and Markets (4)
- FIN 332 Investments (4)
- FIN 434 Cases in Financial Management (4)
Elective (12 units)
Select three courses from the following:
FIN 335   Personal Portfolio and Risk Management (4)
FIN 403   Intermediate Business Finance (4)
FIN 431   Multinational Financial Management (4)
FIN 437   Securities Analysis (4)
FIN 440   Futures and Options (4)
FIN 447   Student Investment Fund (4)
FIN 450   Fixed Income Securities, Analysis and Strategies (4)

Option Requirements for Real Estate (28 units)
This option prepares students for careers in real estate, and for
real estate licensing examinations. It also prepares students
for further study of real estate at the postgraduate level.

Required Courses (24 units)
FIN 325   Essential Skills for Finance Professionals (4)
FIN 338   Real Estate Principles (4)
FIN 381   Real Estate Law (4)
FIN 438   Real Estate Valuation (4)
FIN 439   Real Estate Finance (4)
FIN 493   Real Estate Investment (4)

Elective (4 units)
Select one course with adviser approval.

Minor in Finance
Requirement for the Minor (20 units)

Required Courses (12 units)
FIN 303   Business Finance (4)
FIN 331   Financial Institutions and Markets (4)
FIN 332   Investments (4)

Electives (8 units)
Select two courses from the following:
FIN 305   Legal and Regulatory Environment of Business II (4)
FIN 325   Essential Skills for Finance Professionals (4)
FIN 335   Personal Portfolio and Risk Management (4)
FIN 403   Intermediate Business Finance (4)
FIN 431   Multinational Financial Management (4)
 FIN 434   Cases in Financial Management (4)
FIN 437   Securities Analysis (4)
FIN 440   Futures and Options (4)

Certificate in Finance
The Department of Finance and Law offers a credit certificate
in Finance that is designed to prepare individuals who hold, or
are pursuing, a bachelor's degree in a field other than finance
for entry into careers in corporate finance, money
management, investment banking, and commercial banking.
Students must complete the required 28-unit program with a
minimum 2.0 (C) grade point average to qualify for the
certificate.
Refer to the Undergraduate Studies: General Information
chapter of this catalog for general regulations governing all
certificate programs.

Requirements for the Certificate (28 units)
Required courses (24 units)
FIN 303   Business Finance (4)
FIN 331   Financial Institutions and Markets (4)
FIN 332   Investments (4)
FIN 403   Intermediate Business Finance (4)
FIN 431   Multinational Financial Management (4)
FIN 434   Cases in Financial Management (4)

Electives
Select 4 units from the following
FIN 305   Legal and Regulatory Environment of Business II (4)
FIN 437   Securities Analysis (4)
FIN 440   Futures and Options (4)

Graduate and Postbaccalaureate Programs

Master of Science Degree in Business Administration with the Option in Finance
(45 units)
This is a specialized degree program that permits
concentration and research in one of several options.

Admission to the Program
Students must fulfill University requirements for admission to
graduate study and must submit a separate graduate program
application to the College of Business and Economics. The
college admits applicants based on a comprehensive review of
their prior education, work experience, GMAT scores, and
letters of recommendation. Those without an undergraduate
degree in business are required to complete 24 units of
Foundations of Business courses listed below for admission to
classified graduate standing for the M.S. degree in Business
Administration.

The 24-unit requirement can be met either by completing the
courses listed below or by submitting transcripts demonstrating
that the equivalent subject material has been successfully
completed either at the undergraduate or graduate level. In
addition, competence must be demonstrated in statistics and
the use of computers. The competency requirement can be
met by successfully passing competency exams in each area
of by submitting transcripts showing that the subject matter has
been successfully completed at either the undergraduate or
graduate level.

ACCT 500   Financial and Managerial Accounting (4)
CIS 500   Information Systems for Management (4)
ECON 500   MBA Economics (4)
ECON 501   Quantitative Methods for Business Decision Making (4)
FIN 500   Business Finance and Law (4)
MGMT 500   Management (4)
MKT 500   Marketing Principles and Concepts (4)

In addition to completing the 24-quarter units of acceptable
basic business courses listed above, applicants must have an
approved graduate degree program on file in the College of
Business and Economics Advisement Center.
Requirements for the Degree (45 units)
A total of 45 units is required, with at least 41 units in 500-level courses.

Required Core (16 units)
BUS 511 Managerial Skills and Business Ethics (4)
BUS 514A Managing Business Processes I (4)
BUS 514B Managing Business Processes II (4)
BUS 516 Integrative Business Strategy (4)
Thesis (5 units)
BUS 599AB Thesis (2, 3)

Finance Option (24 units)
Required Courses (20 units)
FIN 530 Seminar: Business Finance (4)
FIN 531 Seminar: Financial Institutions (4)
FIN 533 Seminar: International Finance (4)
FIN 534 Seminar: Portfolio Management (4)
FIN 535 Seminar: Speculative Securities and Markets (4)

Electives (4 units)
Select 4 units of 500-level courses with adviser approval.

List of Courses (FIN) - Undergraduate Level

Lower Division Courses
203 Law for the Citizen (4)
Aspects of law that affect personal life: legal system, crimes, torts, contracts, vehicle ownership, home ownership, marriage, divorce, consumer law, employment, checks and promissory notes, and business organizations. Credit allowed for only one of FIN 203 and 205.

205 Legal and Regulatory Environment of Business I (4)
Prerequisite: Sophomore standing. Introduction to the legal and regulatory environment of business, emphasizing the American legal system, contracts, sales, and related legal issues of international business. Instruction in computer-assisted legal research. Credit allowed for only one of FIN 203 and 205.

Upper Division Courses
Upper division standing is prerequisite to enrollment in 300- and 400-level FIN courses.

303 Business Finance (4)
Prerequisite: ACCT 200B. Principles of planning, procuring, and controlling short and long-term financial resources of businesses; cash and capital budgeting; securities markets, costs of capital, and equity valuation.

305 Legal and Regulatory Environment of Business II (4)
Prerequisite: FIN 205. Legal and regulatory issues facing managers and accountants. Legal and regulatory issues in employment, business organizations, securities regulation, secured transactions, bankruptcy, and commercial paper.

325 Essential Skills for Finance Professionals (4)
Prerequisites: ECON 209, FIN 303. Financial databases; statistical analyses of financial data; software applications in finance; written and oral presentation of group projects in finance.

331 Financial Institutions and Markets (4)
Prerequisites: ECON 202, FIN 303. Bank risk management using an asset/liability approach; hedging tools including interest rate swaps and other derivatives; deregulation and its impact on finance industry.

332 Investments (4)
Prerequisite: FIN 303. Risk and return, valuation of stocks and bonds, capital asset pricing model, stock and bond portfolio management, efficient capital markets, evaluation of investment performance, and introduction to options.

335 Personal Portfolio and Risk Management (4)
Understanding and planning personal finance; managing basic personal assets including financial assets, real assets, insurance, and retirement; extensive analysis of risk management of assets, liabilities and equity in a personal portfolio context.

338 Real Estate Principles (4)
Economics of land ownership and use; fundamentals of ownership, financing, appraisal, management, and transfer of residential and other real property.

339 Real Estate Practice (4)
Prerequisite: FIN 338. Real estate contracts, agency and brokerage relationships, physical components of real estate, private ownership interests, documents of transfer, escrows, title insurance, recording, and professional licensing.

381 Real Estate Law (4)
Prerequisite: FIN 338, four units of business law. Legal aspects of real property ownership and management; emphasis on California law affecting escrows, contracts, licensing, brokerage, co-ownership, deeds, conveyances, trust deeds, mortgages, titles, encumbrances, estates in land, and leases.

403 Intermediate Business Finance (4)
Prerequisite: FIN 303. Intermediate business financial management emphasizing intensive treatment of valuation, capital asset management, financial structure, sources of funds, and working capital management; combines theory and applications.

425 Financial Software and Data Banks (4)
Prerequisites: FIN 303, CIS 100. Uses of financial data banks such as COMPSTAT and Dow Jones News Retrieval; financial applications of computer software packages such as Lotus 1-2-3 and Javelin.

429 Estate Planning (4)
Prerequisites: FIN 205, 303. Planning, creating, conserving, and transferring individual wealth; case studies relating to investments, insurance, wills, probate, trusts, estate and gift tax, avoiding probate, and minimizing taxes.

430 Commercial Bank Administration (4)
Prerequisite: FIN 303. Case studies of organization, operation, and policies of commercial banks; sources and uses of bank funds; cash and reserve positions, securities and loan portfolios; utilizes a simulation approach to bank management.
431 Multinational Financial Management (4)
Prerequisite: FIN 303. Application of principles of managerial finance to international and multinational business; analysis of risks and problems unique to businesses involved in transnational operations; international sources and uses of funds.

432 Real Estate Management (4)
Prerequisite: FIN 338. Management of real property as part of the real estate industry; nature, functions, scope of management principles, services, property care, tenant relations, and records.

434 Cases in Financial Management (4)
Prerequisites: ACCT 300, FIN 303, BUS 305. Identifying and solving financial problems through the use of cases. Application of financial theory and financial techniques to business problems, using written reports and classroom discussion.

435 Working Capital Management (4)
Prerequisites: ACCT 300, ECON 309, FIN 303. Decision-oriented, analytical approaches to problems and practices related to, and arising in the course of, financing and managing the acquisition, maintenance, and disposition of working capital assets.

436 Business Risk Management (4)
Negligence liabilities and related business risk problems; workers' compensation, surety and fidelity, crime and peril, and their usefulness as tools of the business risk manager.

437 Securities Analysis (4)
Prerequisite: FIN 332. Investment practice in analysis of financial statements; selection and valuation of stocks and fixed-income securities, stockholder-management relations, applied securities analysis.

438 Real Estate Valuation (4)
Prerequisite: FIN 338. Valuation of real property; economic analysis of trends and factors influencing real estate ownership, development, and use; current appraisal theory.

439 Real Estate Finance (4)
Prerequisite: FIN 338. Position of real estate finance in the economy; techniques and procedures used to finance real property, including sources of funds, lending policies, and instruments used in California today.

440 Futures and Options (4)
Prerequisite: FIN 332. Market structures, trading techniques, pricing models, hedging strategies, and investment implications for various futures, option contracts, and derivative assets.

447 Student Investment Fund (4)
Prerequisites: FIN 332 and 437; instructor consent. Development of skills through managing real investment funds in the securities markets, including establishing an investment plan, analyzing investment opportunities, making recommendations and trading decisions.

450 Fixed Income Securities, Analysis and Strategies (4)
Prerequisite: FIN 332. Risk, yield and pricing of fixed income securities, Treasury, corporate, agency, tax-exempt and mortgage-backed markets; term structure, bond indexing, interest rate risk immunization; interest rate options and futures.

454 Special Topics in Finance (1-4)
Prerequisite: Varies with topic; see Schedule of Classes for specific prerequisites. In-depth presentation and analysis of topics significant to contemporary business world; lectures, discussions, speakers, and research projects.

480 International Business Law (4)
Prerequisite: Four units of business law. Legal issues that arise in international trade, licensing, and investment; national and international limitations that influence the movement of goods, labor, and technology.

493 Real Estate Investment (4)
Prerequisite: FIN 338. Principles of investing in real estate; analytic techniques and economic strategies for maximizing after-tax returns from land, residential properties, shopping centers, and other real estate.

494 Financial Management for Small Business (4)
Prerequisites: ACCT 300, FIN 303. Principles and practices of financial management for small business; analytic techniques and financial strategies for financing and managing the resources of small businesses efficiently and profitably.

---

**Graduate Level Courses (FIN)**

Classified graduate standing and approval by the College of Business and Economics Advisement Center are required for admission to all 500-level courses.

**500 Business Finance and Law (4)**
Law and finance for business organizations: forms of business, business law, capital markets, analysis of financial statements, securities law, security valuation, bankruptcy, and reorganization. Some sections may be technologically mediated.

**530 Seminar: Business Finance (4)**
Prerequisite: FIN 500. Financial statements and cash flows, financial markets and net present value, risk and return, capital budgeting, capital structure, and divided policy.

**531 Seminar: Financial Institutions (4)**
Prerequisite: FIN 500. Role of financial institutions in U.S.; financial management of various types of financial institutions against a background of national income, national policies, and flow of funds.

**532 Seminar: Estate Planning (4)**
Prerequisite: FIN 500. Advanced planning for individual financial management; consideration given to legal, financial, and taxation problems, including insurance, investments, trusts, real estate, wills, and related laws.

**533 Seminar: International Finance (4)**
Prerequisite: FIN 500. Institutions, instruments, and procedures used in financing exports and imports, international investments, and multinational business operations.

**534 Seminar: Portfolio Management (4)**
Prerequisite: FIN 500 or 303. Portfolio theory, capital market equilibrium (capital asset pricing model and arbitrage pricing theory), asset allocation, capital allocation, fixed-income securities, options and futures, passive and active portfolio management.
535 Seminar: Speculative Securities and Markets (4)
Prerequisite: FIN 500 or 303. Economics and pricing of options and futures contracts and their applications to portfolio management; how proliferation of speculative markets affects efficiency and stability of financial system.

598 Graduate Directed Study (1)
Investigation of an approved project leading to written report; project selected in conference with seminar professor, and arrangements made for regular meetings during quarter. May be repeated for credit.
The Department of Geography and Urban Analysis offers an undergraduate program leading to the Bachelor of Arts degree in Geography with a General option, an Urban Analysis Option, and a Geographic Information Systems (GIS) option, as well as a minor and two certificate programs for students majoring in other fields. The department also offers a graduate program leading to the Masters of Arts degree in Geography, described in the Graduate Programs section.

The department cooperates in the Latin American Studies, Liberal Studies, and Social Science interdisciplinary programs. A Social Science Bachelor of Arts degree, with a Geography Emphasis, is available for those seeking a Single Subject teaching credential, and is described in the Social Science section. The department's regional courses focus on Los Angeles, California, the U.S., Asia, Latin America, Europe, and the developing world. Systematic courses provide theory and skills useful in applied business, planning, and government. The department offers a variety of technical/methodological courses stressing computer cartography, GIS (Geographic Information Systems), remote sensing, and spatial statistics.

The Faculty

Professors: Ali Modarres, Stephen E. G. LaDochy, Hong-liie Qiu, Hengchun Ye, Killian P. H. Ying (Chair).

Associate Professors: Stephen Mulherin.

Assistant Professors: Daniel E. Borough.

Emeriti: Harry C. Coffin, Sin Fong Han, John A. Kirchner, Vincent Mazzucchelli, Clement Padick, John D. Rees.

Undergraduate Programs

Bachelor of Arts Degree in Geography
The Bachelor of Arts degree in Geography is designed to provide students with an understanding of the world's physical and cultural environments. The program provides a foundation in the theory and practice of contemporary geography, with emphasis on a variety of applied and technical skills that will enhance a student's career opportunities.

The total number of units required for the Bachelor of Arts degree in Geography is 180 units, of which 72-89 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (72-89 units)
The major in Geography requires 72-89 units depending on which of the three options described below is selected.

The General Option requires a total of 81 units of which 24 are lower division and 57 are upper division. The GIS (Geographic Information Systems) Option requires a total of 88-89 units of which 32 are lower division and 56-57 are upper division. The Urban Analysis option requires a total of 72-73 units of which 24 are lower division and 48-49 are upper division.

General Option (81 units)

Lower Division Required Courses (24 units)
GEOG 155 Cultural Geography (4)
GEOG 160 Physical Geography (4)
GEOG 260 Map and Air Photo Interpretation (4)
GEOG 268 Computer and Internet Applications in Geography (4)

Upper Division Required Courses (57 units)
Required Core (21 units)
GEOG 395 Geographic Methodology (4)
GEOG 432 Metropolitan Los Angeles (4)
GEOG 453 Locational Analysis (4)
GEOG 485 Field Geography (5)
GEOG 495 Senior Thesis (4)
Regional Geography (8 units)
Select two from following:
GEOG 370, 421, 423, 424, 425, 427, 428, 430, 431
Systematic Human Geography (12 units):
Select three from following:
GEOG 442, 446, 448, 451, 455, 457, 475, 476, 478, 479
Systematic Physical Geography (8 units):
Select two from following:
GEOG 402, 407, 410, 415, 466
Electives in Geography (8 units)
Select additional courses from above groups or from following:
GEOG 310, 322, 333, 341, 358, 376, 377, 468, 469, 482, 496, 497, 499
UNIV 398
Geographic Information Systems (GIS)
Option (88-89 units)

Lower Division Required Courses (32 units)
GEOG 155 Cultural Geography (4)
GEOG 160 Physical Geography (4)
GEOG 260 Map and Air Photo Interpretation (4)
GEOG 268 Computer and Internet Applications in Geography (4)
GEOG 269 Introduction to Geographic Information Systems (GIS) (4)
GEOG 282 Spatial Measurements and Elementary Statistics (4)
CS 201 Introduction to Programming (4)
MATH 103 Algebra and Trigonometry (4)

Upper division courses (56-57 units)

Technical Core (36-37 units)
GEOG 395 Geographic Methodology (4)
GEOG 453 Locational Analysis (4)
GEOG 468 Computer Cartography (4)
GEOG 469 Spatial Analysis and GIS Modeling (4)
GEOG 482 Multivariate Statistics in Geography (4)
GEOG 485 Field geography (5)
URBA 454 Selected Topics in Urban Analysis (4)
URBA 499 Undergraduate Directed Study (1-4)

Systematic Core in Geography (12 units)
Select three from the following:
GEOG 402 Geomorphology (4)
GEOG 407 Biogeography (4)
GEOG 410 Applied Climatology (4)
GEOG 442 Population Geography (4)
GEOG 448 Medical Geography (4)
GEOG 455 Political Geography (4)
GEOG 457 Transportation Geography (4)
GEOG 476 Urban Geography (4)

Electives in Geography (8 units)
Select additional courses from above groups or from following:

Urban Analysis Option (72-73 units)

Lower Division Required Courses (24 units)
GEOG 155 Cultural Geography (4)
GEOG 160 Physical Geography (4)
GEOG 268 Computer and Internet Applications in Geography (4)
GEOG 269 Introduction to Geographic Information Systems (GIS) (4)
GEOG 282 Spatial Measurements and Elementary Statistics (4)
URBA 180 The Urban World (4)

Upper division required courses (28 units)
GEOG 377 Urban Issues (4)
GEOG 395 Geographic Methodology (4)
GEOG 432 Metropolitan Los Angeles (4)
GEOG 446 U.S. Ethnic Communities (4)
GEOG 453 Locational Analysis (4)
GEOG 476 Urban Geography (4)
URBA 401 Senior Project (4)

Electives (20-21 units)
Select at least one course from each of the following three groups

Methodology
GEOG 260 Map and Photo Interpretation (4)
GEOG 442 Population Geography (4)
GEOG 468 Computer Cartography (4)
GEOG 469 Spatial Analysis and GIS Modeling (4)
GEOG 482 Multivariate Statistics in Geography (4)
GEOG 485 Field geography (5)
URBA 454 Selected Topics in Urban Analysis (4)
URBA 499 Undergraduate Directed Study (1-4)

Environmental
GEOG 410 Applied Climatology (4)
GEOG 415 Perspectives on Environment (4)
GEOG 466 Remote Sensing (4)
POLS 358 Environmental Policy and Politics (4)
URBA 454 Selected Topics in Urban Analysis (4)
URBA 499 Undergraduate Directed Study (1-4)

Social and Economic
GEOG 448 Medical Geography (4)
GEOG 457 Transportation Geography (4)
GEOG 478 Middle Eastern Cities (4)
GEOG 479 Hybrid Urbanism: Urban Transformation of Central Asia (4) (also listed as AAAS 479)
ECON 440 Urban and Regional Economics (4)
POLS 404 Urban Government and Politics (4)
POLS 406 Los Angeles City Politics (4)
POLS 461 Dynamics of Urban Administration (4)
SOC 430 Urban Sociology (4)
URBA 454 Selected Topics in Urban Analysis (4)
URBA 499 Undergraduate Directed Study (1-4)

Minor in Geography
A minor in Geography is available for students majoring in other fields. A total of 28 units in geography is required, selected in consultation with an adviser in geography and distributed as follows:

Requirements for the Minor (28 units)
Required Courses (8 units)
GEOG 155 Cultural Geography (4)
GEOG 160 Physical Geography (4)

Electives (20 units)
Select a minimum of 20 units in geography with consent of adviser. At least 14 units must be upper division.

Certificate Program in Geographic Information Systems
The Geographic Information Systems (GIS) Certificate is offered by the Department of Geography and Urban Analysis to students with up-to-date theory and technology in spatial analysis (GIS, remote sensing, and spatial statistics). It also provides students a non-degree alternative for acquiring a recognized certification for GIS competency. A total of 32-33 units in the following courses is required for the certificate. Refer to the Undergraduate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

The prerequisites are GEOG 155, 160, and 260.
**Lower Division (12 units)**

- GEOG 268 Computer and Internet Applications in Geography (4)
- GEOG 269 Introduction to Geographic Information Systems (GIS) (4)
- GEOG 282 Spatial Measurements and Elementary Statistics (4)

**Upper Division (20-21 units)**

Select 20-21 units from the following:

- GEOG 466 Remote Sensing (4)
- GEOG 468 Computer Cartography (4)
- GEOG 469 Spatial Analysis and GIS Modeling (4)
- GEOG 482 Multivariate Statistics in Geography (4)
- GEOG 485 Field Geography (5)
- GEOG 496* Special Topics (1-4)
- GEOG 497* Special Topics (1-4)

*When topic is GIS, remote sensing, or spatial statistics*

---

**Certificate Program in Urban Land Use and Property Analysis**

The Department of Geography and Urban Analysis, in cooperation with the Department of Finance and Law, offers this credit certificate program, which is designed for students and professionals seeking employment with public service or private business in urban communities. The program provides technical and analytical training for evaluating current problems confronting the urban community. A total of 25–28 units in the following courses is required for the certificate. Refer to the Undergraduate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

**Prerequisite Course (4 units)**

FIN 338 Real Estate Principles (4)

**Requirements for the Certificate (25–28 units)**

**Required Courses (25–28 units)**

- GEOG 453 Locational Analysis (4)
- GEOG 476 Urban Geography (4)
- GEOG 499 Undergraduate Directed Study (1–4)
- FIN 432 Real Estate Management (4)
- FIN 438 Real Estate Valuation (4)
- FIN 439 Real Estate Finance (4)
- FIN 493 Real Estate Investment (4)

---

**Graduate and Postbaccalaureate Programs**

**Master of Arts Degree in Geography**

The Master of Arts degree program in Geography is designed to prepare students for teaching at the secondary and community college levels, employment in government and private industry, and further graduate study in geography.

**Admission to the Program**

**Applicants with baccalaureates in Geography:**

A. Must have attained a grade point average of at least 2.75 (A=4.0) in the last 90-quarter units of undergraduate work attempted, or satisfactory completion of probationary units.

B. Must have been in good standing in the last college or university attended.

C. Must give evidence of passing GEOG 395 or its equivalent in another accredited college or university.

D. Must meet all University admission requirements.

**Applicants with baccalaureates in majors other than Geography:**

A. Must have attained a grade point average of at least 2.75 (A=4.0) in the last 90-quarter units of undergraduate work attempted, or satisfactory completion of probationary units.

B. Must have been in good standing in the last college or university attended.

C. Must complete GEOG 395 or its equivalent in another accredited college or university plus 12-28 units of approved upper-division geography courses with a minimum B (3.0) average.

D. Must meet all University admission requirements.
Requirements for the Degree (45 units)

A total of 45 units is required, with at least 23 in 500-level courses.

Before enrolling in GEOG 599 or taking the comprehensive examination (GEOG 596), students must satisfy one of the following requirements, subject to principal graduate adviser approval:

**Computer Skills, Statistics, or Foreign Language Requirement**

Complete GEOG 468 with a grade of B or higher, or
Complete GEOG 482 with a grade of B or higher, or

Pass a reading examination in a language other than English (ML 901) in the geographic literature of a modern language, as offered by the Department of Modern Languages and Literatures and in accordance with the practice of that department, or

Complete 12 units in a modern language in accordance with the practice of the Department of Modern Languages.

**Required Seminar (4 units)**

GEOG 595 Seminar: Geographic Thought (4)

**Electives (12 units)**

Select 12 units from following

- GEOG 510 Seminar: Physical Geography (4)
- GEOG 520 Seminar: Regional Geography (4)
- GEOG 530 Seminar: Urban Social Systems (4)
- GEOG 540 Seminar: Human Geography (4)
- GEOG 560 Seminar: Methods and Techniques in Geography (4)

Select elective seminars with the approval of the principal graduate adviser. Students may repeat GEOG 510, 520, 540, and 560 provided the seminar topic is not repeated in the exact subject matter or region.

**List of Courses - Undergraduate Level**

**Courses in Geography (GEOG)**

**Lower Division Courses**

**155 Cultural Geography (4)**

Studies of the sociocultural characteristics of contemporary societies within their manifested spatial structure. Focuses on similarities and differences of various cultures with respect to racial, ethnic, religious, linguistic, demographic, and organizational characteristics.

**GE D**

**160 Physical Geography (4)**

Introduction to principles and processes affecting the nature and dynamical interactions of the physical world and its inhabitants. Emphasizes the atmosphere, hydrosphere, soils, and vegetation and their spatial relationships.

**CAN GEOG 2 GE B3**

**170 Meteorology (4)**

Course surveys the major atmospheric processes, with emphasis on weather phenomenon, severe storms, droughts, and flood producing events. Use of weather charts and satellite imagery in forecasting examined. Lecture 3 hours, Laboratory 3 hours. Some sections of the lecture may be taught online.

**GE B2**

**260 Map and Air Photo Interpretation (4)**

Prerequisites: GEOG 155, 160. Nature and interpretation of maps; and interpretation of natural and built environments as revealed in aerial photographs. Lecture 3 hours, laboratory 2 hours.

**268 Computer and Internet Applications in Geography (4)**

Prerequisite: GEOG 282. An introduction to basics of computer and internet technologies to enhance student's hands-on skills in creating, searching, manipulating, analyzing, and representing geographic data in digital format. Lecture 3 hours, laboratory 2 hours.

**269 Introduction to Geographic Information Systems (GIS) (4)**

Prerequisites: GEOG 260, 282, 268. An introduction to geographic information systems (GIS), including geographic data input, editing, manipulation, and analysis, coordinate systems, map projections, classification, symbolization, map design, and generation of cartographic products.

**282 Spatial Measurement and Elementary Statistics (4)**

Upper Division Courses

309 Urban Environmental Pollution (4) (also listed as HS 309)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Investigates the major sources and effects of land, water and air pollutants in cities of developed and developing countries. Best management practices and control methods will also be discussed. GE Theme D

310 Urban Climatology (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. The course investigates urbanization effects on the immediate atmospheric environment. Students evaluate these effects through direct measurements and data analyses. Topics include architecture, urban planning and pollution. GE Theme D

322 Global Change and the Human Condition (4) (also listed as POLS 322)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Explores the politics of global environmental concerns, or the procedures by which states and organizations address pressing environmental problems. GE Theme D

332 Environment and Development in the Third World (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. The physical environments of the Third World and associated problems of development. GE Theme A

341 World Resources and Environmental Issues (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Consideration of the world’s renewable and nonrenewable resources, interrelationships between population growth, resource utilization, and environment; variable topics relating to resource issues and environmental sustainability. GE Theme G

358 Environment, Earth Systems and Technology (4) (also listed as CE 358)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Consider the role of technology in the changing relationships between human societies and their environment; studies the impact of the agricultural, industrial and information revolutions on natural systems and sustainability. GE Theme G

370 World Regions (4)
Major physical regions of world and their occupational development by humans.

376 Urban Spatial Process and Patterns (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course in Block D. Critical examination of the spatial processes of urbanization and characteristics of cities. GE Theme D

377 Urban Issues (4)
Examination of problems and issues relating to spatial, physical, technological, cultural, and economic characteristics and functions of urban areas.

395 Geographic Methodology (4)
Prerequisite: GEOG 282. Survey of methodology in geographic research. The nature of scientific research; the scientific method; research design; geographic measurements and data acquisitions; techniques of analysis; legal and ethical issues of research.

400-level Courses
All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the department and approval of the graduate adviser. Unless otherwise stated, the prerequisite for all 400-level GEOG courses is GEOG 160 or 370.

402 Geomorphology (4)
Prerequisites: GEOG 260. Identification and interpretation of landforms. Local field trip.

403 Environment and Food Customs (4) (also listed as NTRS 403)
This course will examine the geographical distribution of various food cultures as well as the connections between those food cultures and the physical environment in which they have developed.

407 Biogeography (4)
Prerequisites: GEOG 160 and completion of GE Block B. Distributions and dynamics of individual plant and animal taxa and the communities and ecosystems in which they occur, in relation to natural and anthropogenic processes at different scales.

409 Air Pollution (4)
Prerequisite: GEOG 282. Investigates the major sources and effects of atmospheric pollutants in developed and developing countries. Measurement and sampling techniques and control methods will also be discussed.

410 Applied Climatology (4)
Emphasizes effects of climate on physical, biological, and cultural environments; climatic change and variability and how society can cope most effectively with change.

415 Perspectives on Environment (4)
Environmental interactions in subsistence and urban-industrial societies; impact of human activities on environment: modification of vegetation, hydrology, and landforms, accelerated soil erosion, climatic change; environmental perception; awareness of and adjustment to natural hazards.

421 United States (4)
Identification, interpretation, and synthesis of regional phenomena within the U.S. characterizing its physical and cultural landscape.

423 Europe (4)
Analysis of physical and cultural features of Europe.

424 South and Southeast Asia (4)
Analysis of human, cultural, and physical features of South and Southeast Asia; emphasis on roles of Asian nations and peoples in world relationships.

425 Japan (4)
Interpretation of population and economic problems, sociocultural patterns, and physical features of the land.

427 Mexico and Central America (4)
Nature of the land and characteristics of human settlement features in Mexico and Central America.

428 South America (4)
Character of physical and cultural environment in countries of South America.

430 China (4)
Physical and economic regional geography of China and its inner-Asian frontiers, including study of its demography, industrial and agricultural development, transportation, and energy infrastructure.

431 California (4)
Physical environments of California and human settlement features, past and present.
432 Metropolitan Los Angeles (4)
Investigation of the physical and cultural geographic characteristics that have contributed to Los Angeles' dynamic urban growth and its dominance as the prime city within the region.

442 Population Geography (4)
Prerequisite: GEOG 155. Spatial analysis of demographic variables with emphasis on environment, social, and economic factors influencing population distribution and mobility; population growth in relation to resource utilization.

446 U.S. Ethnic Communities (4)
Spatial structure and organization of selected ethnic communities in the U.S. and their interrelationships with American composite cultural environment.

448 Medical Geography (4)
Prerequisite: GEOG 155, and completion of GE Block B. Landscape epidemiology; health related to developmental changes, biometeorology, and pollution; geographies of diseases in developed areas; disease diffusion; health care delivery systems worldwide; distribution, accessibility, and utilization of health care.

451 Historical Geography of North America (4)
Prerequisite: GEOG 155. Development of North America from earliest European contact through the present, emphasizing spatial process and patterns.

453 Locational Analysis (4)
Prerequisite: GEOG 155. Location and spatial distribution of economic activities: development and applicability of various locational models in geography; agricultural, industrial, central place, intracity, social gravity, and spatial interaction models.

455 Political Geography (4)
Physical and cultural phenomena that relate to problems and policies of world's states.

457 Transportation Geography (4)
Prerequisite: GEOG 155. Modes of movement of people, products, and ideas; their impacts on spatial patterns and landscapes.

466 Remote Sensing (4)
Prerequisite: GEOG 268. Analysis of natural and cultural features of earth's environment using photographic, infrared, satellite and microwave imagery. Lecture 3 hours, laboratory 2 hours.

468 Computer Cartography (4)
Prerequisite: GEOG 269. This course provides in-depth technical GIS training. Students will develop their hands-on GIS skills including proper use of coordinate system, data model, data structure, map design, and terrain modeling. Lecture 3 hours, laboratory 2 hours.

469 Spatial Analysis and GIS Modeling (4)
Prerequisites: GEOG 468, 482. Analytical and modeling functions of geographic information systems, including buffer zone and overlay analysis, network analysis, terrain and hydrological modeling, and cost surface analysis. Lecture 3 hours, laboratory 2 hours.

475 Settlement (4)
Human manner of settling new lands and resettling old lands, with special emphasis on form and function of resulting settlements.

476 Urban Geography (4)
Prerequisite: GEOG 155. In-depth spatial analysis of urban systems and internal structure of cities, and analytical investigation of functions and forms of representative urban areas.

478 Middle Eastern Cities (4)
Prerequisite: GEOG 155. This course analyzes the historical evolution of Middle Eastern cities, as manifested in their spatial structure, architecture, urban morphology and social geography.

479 Hybrid Urbanism: Urban Transformation of Central Asia (4) (also listed as AAAS 479)
Prerequisite: GEOG 155. This course analyzes the historical evolution of cities in Central Asia, as manifested in their spatial structure, architecture, urban morphology and social geography.

482 Multivariate Statistics in Geography (4)
Prerequisites: GEOG 268, 282. Nonparametric statistics, parametric statistical inference: two-sample tests, analysis of variance (ANOVA), multiple regression, principal components and factor analysis, and discriminant analysis. Emphasis on using spatial data. Lecture 3 hours, laboratory 2 hours.

485 Field Geography (5)
Prerequisite: GEOG 260. Field identification and interpretation of natural and man-made features, and methods used therein. Lecture 2 hours, field work 6 hours. May be repeated once for credit if one enrollment is in program at off-campus field center.

495 Senior Thesis (4)
Prerequisites: Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR) and senior standing. Advanced principles of geographic writing and research culminating in a senior thesis.

496 Special Topics (1-4)
Prerequisites: As needed for specific topic. May be taken concurrently with GEOG 497. Specialized systematic and regional topics in geography as announced in Schedule of Classes. Lecture 1–4 hours. May be repeated as subject matter changes.

497 Special Topics (1-4)
Prerequisites: As needed for specific topic. May be taken concurrently with GEOG 496. Special topics of interest to students in geography as announced in Schedule of Classes. Activity 2–8 hours. May be repeated for credit as subject matter changes.

499 Undergraduate Directed Study (1-4)
Prerequisites: Instructor consent to act as sponsor; ability to do independent work and to prepare written and oral reports. Project selected in conference with sponsor before registration; progress meetings held regularly. May be repeated to maximum of 8 units as subject matter changes.

Courses in Urban Analysis (URBA)

180 The Urban World (4)
Worldwide issues relating to the physical, technological, economic, political, historical, sociological and environmental characteristics of urban areas.
### Upper Division Courses

596 Comprehensive Examination (0): See the Comprehensive Examination in the requirements for the Master’s Degree section of this chapter.
The Department of Geological Sciences offers the Bachelor of Science degree in Geology, the Master of Science degree and a minor for students majoring in other fields.

Programs in geology develop a comprehensive study of Earth materials, structures, and processes. Courses to serve both general and professional interests are offered.

The Faculty

**Professors:** Kim M. Bishop (Chair), Richard W. Hurst, Pedro C. Ramirez.

**Associate Professor:** Barry Hibbs.

**Assistant Professors:** David Mayo, Nathan Onderdonk.

**Emeriti:** Ivan P. Colburn, Alan A. Colville, Terry E. Davis, Robert F. Meade, Robert J. Stull.

## Undergraduate Programs

### Bachelor of Science Degree in Geological Sciences

The Bachelor of Science degree program provides in-depth study for professional work in environmental science, engineering geology, hydrogeology or graduate study.

The Bachelor of Science degree in Geology requires a total of 186 quarter units and is designed for students who plan a professional geological career in government and industry or graduate study in geology and related fields.

The total number of units required for the Bachelor of Science degree in Geology is 186 units, of which 118 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

#### Requirements for the Major (118 units)

A total of 118 units of geology, related physical sciences, and mathematics is required for the Bachelor of Science degree major. Forty-nine units are in lower division courses and 69 are in upper division courses in geology and related fields.

Only courses in the major with a grade of C- or higher are credited toward the major. Successful completion of the major requires a minimum C (2.0) grade point average in upper division required courses and electives in the major.

#### Lower Division Required Courses (49 units)

#### Electives (26 units)

Select 26 units from the following with adviser approval:

- GEOL 321, 398, 411, 422, 424, 426, 433-435, 473, 480-487, 490, 491, 497, 499

In addition, students may select up to 4 units of upper division biology, chemistry, computer science, engineering, mathematics, and physics courses with adviser approval. Students are advised to consult the Schedule of Classes for special topics courses (GEOL 490 and 491), which may be used to satisfy the geology elective requirements.

### Minor in Geological Sciences

This program is designed for students majoring in other fields who wish to broaden their experience in science or prepare for careers such as teaching, public service, or law. The minor requires 34 units in geology. Consultation with a department adviser is required. Students with majors in related physical sciences may substitute other courses with approval of a Geological Sciences adviser.

Master of Science Degree in Geological Sciences

The objective of the Master of Science degree in Geology is to prepare students for professional level employment in industry and government, teaching positions in community colleges, or advanced study towards the Ph.D. degree. A student may achieve this objective by completing the program with either a thesis or a comprehensive examination. The program has two Options: Geology and Environmental Hydrogeology. The Geology option prepares students for careers in areas of traditional geology and engineering geology. The Environmental Hydrogeology option prepares students for careers in hydrogeology and environmental geochemistry.

Cooperative Program

The Department of Geological Sciences participates in a cooperative program with California State University campuses at Long Beach and Northridge. This cooperative program enables students to apply an unrestricted number of courses from the participating campuses toward the M.S. degree. Students take part on a voluntary basis and are not required to enroll at the Long Beach or Northridge campuses. The cooperative program offers students the advantage of utilizing the faculty and equipment of a larger part of the California State University system.

Admission to the Program

Admission requirements include official results of the Graduate Record Examination, possession of a Bachelor of Science degree in Geology, Earth or Environmental Sciences, related areas of Natural Science, or Engineering from an accredited college or university, with a minimum 2.75 grade point average in the last 90 quarter units and upper division course work substantially equivalent to that required of Cal State L.A. geology majors. Applicants who lack appropriate courses may be admitted to the program but will be expected to remove any deficiencies by completing courses selected through consultation with the graduate adviser.

Application Procedures

Applications for any quarter should be submitted early in the preceding quarter both to the Department of Geological Sciences and to the University. In addition to the specific prerequisites stated above, students must meet University requirements for admission to graduate study.

Requirements for the Degree (45 units)

The graduate program requires 45-quarter units of work including 22.5 units of 500-level courses chosen with adviser approval. All students must complete Graduate Research (GEOL 597) and either a Thesis (GEOL 599) or the Comprehensive Examination (GEOL 596).

With approval of the department graduate adviser, students may substitute appropriate 400 or 500-level courses from related areas in science, mathematics, or engineering in the official program to a maximum of 13.5 quarter units.

Option 1: Geology (45 units)

Elective Undergraduate Courses (maximum of 22.5 units)

All 400-level GEOL courses may be applied toward master's degree requirements except the following, GEOL 400, 401, 402, 410, 430, 460AB, 497, and 499

Subject to limits established by the department and approval of the graduate adviser.

Elective Graduate Courses (minimum of 13.5-18 units)

Select from the following list:

GEOL 525 Sedimentary Processes, Environments, and Structures (4.5)
GEOL 530 Seminar: Structural Geology and Tectonics (4.5)
GEOL 531 Tectonic Problems of Southern California (4.5)
GEOL 560 Hydrogeology (4.5)
GEOL 561 Vadose Zone Hydrogeology (4.5)
GEOL 562 Contaminant Hydrogeology (4.5)
GEOL 563 Seminar Water Quality (4.5)
GEOL 570 Special Topics (1.0 - 4.5)
GEOL 581 Seminar: Engineering Geology (4.5)
GEOL 584 Paleoseismology (4.5)
GEOL 585 Landslides, Avalanches, and Debris Flows (4.5)
GEOL 598 Graduate Directed Study (1.5 – 4.5)

Required Graduate Courses (4.5 - 9 units)

GEOL 597 Graduate Research (4.5)
GEOL 596 Comprehensive Examination (0) or GEOL 599 Thesis (4.5)

Option 2: Environmental Hydrogeology (45 units)

Required Courses (21-25.5 units)

GEOL 422 Environmental and Forensic Geochemistry (4)
GEOL 484 Hydrogeology (4)
GEOL 487 Watershed Analysis (4)
GEOL 563 Seminar: Water Quality (4.5)
GEOL 597 Graduate Research (4.5)
GEOL 596 Comprehensive Examination (0) or GEOL 599 Thesis (4.5)

Electives (19.5-24 units)

Select courses from the following list. At least two must be 500-level geology courses.

CE 486 Groundwater Contamination and Remediation (4)
CE 578 Environmental Fate of Organic Compounds (4)
CE 579 Environmental Mass Transfer (4)
GEOG 469 Geographic Information Systems Applications (4)
GEOL 424 Low Temperature Geochemistry (4)

## List of Courses (GEOL) - Undergraduate Level

### Lower Division Courses

**150 Earth Revealed (4)**
Introductory Geology: Origin and nature of earthquakes, volcanoes, plate tectonics, the seafloor, deserts, mountains, and beaches. Select either classroom or field trip laboratory. Lecture 3 hours, Laboratory 3 Hours. GE B2

**155 Oceanography (4)**
Introductory Oceanography: Origin of oceans; sea floor features; ocean sediments, life, and circulation; seawater properties; and coastal processes. Laboratory: One-day ocean cruise and one-day coastal trip. Lecture 3 hours, Laboratory 3 hours. GE B2

**158 Natural Disasters (4)**
Causes, characteristics, and case histories of natural disasters affecting civilization. Topics include earthquakes, volcanic eruptions, landslides, storms and floods, sea waves, meteor impacts, climate change, and mass extinctions. Lecture 4 hours GE B3

**201 Elementary Mineralogy (4)**
Prerequisites: CHEM 101, MATH 102. Nature of crystalline state, crystal chemistry and physical properties of silicate and non-silicate minerals, crystal projections and elementary crystallography. Lecture 2 hours, laboratory 6 hours. GE B3

**203 Introductory Petrology (2)**
Prerequisite: GEOL 201. Elementary methods of rock and rock-forming mineral description, identification, and interpretation involving igneous, sedimentary and metamorphic rocks. Lecture 1 hour, laboratory 3 hours.

**252 Historical Geology (4)**
Prerequisites: GEOL 150, 155, or 158. Plate tectonic evolution of continents, oceans, and mountain systems and geologic history of Earth; introduction to stratigraphy and development of ancient life. Lecture 2 hours, laboratory 6 hours. CAN GEOL 4

### Upper Division Courses

**300 Geoscience Careers (2)**
Prerequisite GEOL 150. Geoscience careers in government, industry, and education (K12, community college, university), preparing for graduate school, importance of professional registration. Finding employment, preparing resumes, and interviewing techniques. Career option paper required. Lecture 2 hours.

**321 Geology of Southern California (4)**
Prerequisite: GEOL 150. Geologic provinces of southern California including geologic history, structure, rock types, and landforms. Field laboratory on weekends. Lecture 3 hours, laboratory 3 hours.

**341 Evolution of Earth and Life through Time (4)**
(also listed as BIOL 341N)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Evolution of pre-historic life and geological features of the Earth. Catastrophic extinctions of dinosaurs and other life forms. The drifting, rifting, colliding continents. Ice ages, volcanoes, earthquakes, and mountain building. (No credit for Biology major or minor). Lecture 4 hours.

**350 Evolution of Universe and Earth (4)**
(also listed as PHYS 350N)
Prerequisite: GE natural science requirement. Origin and evolution of the universe, elements, stars, Sun, the Earth, and life upon it. Lecture 4 hours.

**351 Environmental Geology of Developing Nations (4)**
Prerequisites: Completion of Basic subjects (Block A) and one course from Block B. Geologic hazards and natural resources of developing nations. Topics include impact and mitigation of natural disasters and the role of natural resources in advancement of the human condition. Lecture 4 hours. GE Theme A

**355 Scientific Perspectives on Global Change (4)**
(Course also listed at BIOL 355N and CHEM 355N)
Prerequisites: Completion of GE Basic Subjects (Block A) and one course from Block B. Natural and human-induced origins of global change. Alterations of Earth’s natural cycles; impacts of climate change and loss of physical and biological resources; achieving a sustainable future. Lecture 4 hours.
357 Urban Geology (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Geologic conditions and processes (earthquakes, volcanoes, floods, landslides, coastal processes, etc.) as they affect urbanized areas around the world. Urban governmental planning and regulation for mitigation of geologic problems. Lecture 4 hours.

360 Geological Mapping (4)
Prerequisite: GEOL 252. Prerequisites or corequisite: GEOL 201, 203. Geological field methods; geological mapping on topographic base; cross-sections and stratigraphic columns from field data; geological interpretation and report writing. Lecture 2 hours; laboratory and field activities 6 hours.

370 Geochemistry (4)
Prerequisites: GEOL 201. Prerequisite or corequisite: MATH 206. Application of chemical and mathematical principles to studies of earth systems including major and trace element distribution in rocks; isotopic tracers; radiometric dating; aqueous, organic, and environmental chemistry. Lecture 3 hours, laboratory 3 hours.

372 Computers in Geology (4)
Prerequisite: MATH 103. Workstation operating system, electronic mail, applied word processing, spreadsheet tables and graphs, descriptive and inferential statistics including Chi Square analysis, tools and resources of the Internet, and computer-aided illustration. Lecture 2 hours, laboratory 6 hours.

398 Geology Cooperative Education (4)
Prerequisites: Courses appropriate to the work experience: approval by major department Cooperative Education coordinator. Integration of work experience with academic program, individually planned through coordinator. Minimum of 10 hours per week required for each unit. May be repeated to maximum of 12 units; combined units of 398 and 399 may not exceed 12. Graded CR/NC. For more information see Cooperative Education.

400-level Courses
All 400-level courses may be applied towards master's degree requirements except the following, subject to limits established by the department and approval of the graduate adviser: GEOL 400, 401, 402, 410, 430, 460AB, 497, 499

400 Optical Mineralogy (4)
Prerequisite: GEOL 201. Optical properties of crystals in polarized light and determination of minerals in thin sections with the petrographic microscope. Lecture 2 hours, laboratory 6 hours.

401 Igneous and Metamorphic Petrology (5)
Prerequisites: GEOL 360, 370, 400. Origin, occurrence, and characterization of igneous rocks and metamorphic rocks; their mineralogy, petrology, geochemistry, and plate tectonic setting. Lecture 3 hours, laboratory 6 hours.

402 Sedimentary Petrology (4)
Prerequisites: GEOL 370, 410. Analysis of sediments and sedimentary rocks involving their description, classification, and origin. Principles of sedimentation, recognition of environments of deposition. Lecture 2 hours, laboratory and field trips 6 hours.

410 Structural Geology (4)
Prerequisites: GEOL 360, MATH 206. Prerequisite or corequisite: PHYS 101. Theory of rock deformation, structural features of sedimentary, igneous, and metamorphic rocks; deformation of the Earth’s crust, applied practice in laboratory methods dealing with geologic problems in three dimensions. Lecture 2 hours, laboratory 6 hours.

411 Geotectonic Development of California (4)
Prerequisites: GEOL 410, 430, Tectonic development of California in chronological order from Proterozoic to modern time. Topics include Proterozoic rifting, Antler, Sonoman, Nevadan, Sevier, and Laramide Orogenies, and tectonic origin of present day features.

422 Environmental & Forensic Geochemistry (4)
Prerequisite: GEOL 370. Use of geochemical tracers to investigate environmental problems; identifying sources of pollution; fate and transport of inorganic and organic contaminants via statistical and isotopic tracers; age-dating environmental release.

424 Low Temperature Geochemistry (4)
Prerequisite: GEOL 370, CHEM 103. Low Temperature minerals and their formation; diagenetic reactions; role of fluids in mineral paragenesis; fate and transport of inorganic and organic chemicals in the environment.

426 Astrogeology (4)
Prerequisite: GEOL 401. Terrestrial planets; meteorites, the moon, asteroids, comets; remote sensing of the Giant Planets; origin of the solar system.

430 Stratigraphy and Sedimentology (4)
Prerequisite: GEOL 402. Examination of modern depositional environments. Reconstruction of ancient depositional environments through application of structural, petrologic, stratigraphic, and paleontologic principles; report writing and field note taking; analysis of stratigraphic sections. Lecture 2 hours, laboratory and field activities 6 hours.

433 Quaternary Geology (4)
Prerequisite: GEOL 252. History of the Earth during and since Ice Ages; causes, mechanisms, and global, physical and biological effects of glaciation.

434 Volcanology (4)
Prerequisites: GEOL 360, 370. Tectonic setting; petrogenesis; interpretation of volcanic rocks.

435 Coastal Processes and Environments (4)
Prerequisite: GEOL 252 or consent of instructor. Interpretation and identification of the origin of coastal features and environments through analysis of fluvial, wave, tidal, sea level, tectonic, and urbanization processes. Lecture 3 hours and field activities 3 hours.

460A Summer Field Geology (5)
Prerequisites: GEOL 401, 410, 430. Corequisite: GEOL 460B. First seven weeks of quarter: five weeks in a field camp, off campus, investigating area of sedimentary, metamorphic, and igneous rocks and geologic structure; sixth and seventh weeks on campus preparing maps and reports.

460B Report for Field Geology (3)
Prerequisite: Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR). Corequisite: GEOL 460A. Preparation of geologic map, cross sections and report about entire area covered by class in GEOL 460A.

473 Clay Mineralogy (4)
Prerequisite: GEOL 370. Crystal structures, classification, origin, occurrence, and physicochemical properties of clay minerals; identification by x-ray diffraction and DTA techniques.

480 Principles of Geophysics (4)
Prerequisites: PHYS 103 or 203; MATH 207; GEOL 150 recommended. Internal physics of the Earth, interpretation of data and theories concerning the geodetic, tectonic, isostatic, thermal, seismic, gravity, magnetic, radioactive, and electrical phenomena of the Earth.
481 Engineering Geology (4)
Prerequisite: GEOL 460AB. Analysis of geologic factors affecting engineering projects; includes mechanical properties of rocks and soils, landslides, slope stability, subsidence, groundwater, erosion and silting, and earthquake effects.

482 Engineering Geology Laboratory (1)
Prerequisite or corequisite: GEOL 481. Methods of laboratory soil testing used in engineering geology, including compaction, grain size, shear strength, expansion, and Atterberg Limits tests. Laboratory 3 hours.

483 Photogeology (4)
Prerequisite: GEOL 360. Use of aerial photographs to interpret geological structures and lithologies shown on topographic maps; analysis of photos for engineering projects. Lecture 3 hours, laboratory 3 hours.

484 Hydrogeology (4)
Prerequisite: MATH 207. Occurrence, movement, quality of surface water and groundwater emphasizing geologic factors. Lecture 3 hours, laboratory 3 hours.

485 Groundwater Management and Models (4)
Prerequisite: GEOL 484. Mathematical models as tools of groundwater management; case histories of various levels of groundwater management; laboratory includes verification and prediction using finite difference models on computer systems. Lecture 3 hours, laboratory 3 hours including one field trip.

486 Environmental and Engineering Geophysics (4)
Prerequisite: GEOL 484 or instructor's consent. Study of geophysical methods with special application to environmental and engineering problems, including seismic refraction/reflection, electrical methods, gravity, ground-penetrating radar, and borehole geophysics. Lecture 3 hours, laboratory 3 hours.

487 Watershed Analysis (4)
Prerequisite: GEOL 484 or instructor's consent. Includes basic surface hydrology, surface-groundwater interactions, hyporheic zone processed, wetlands for water treatment, agricultural and urban runoff, and urban corridor stream restoration. Lecture 3 hours, laboratory and field activities 3 hours.

490 Special Topics in Geology (1–4)
Prerequisites: As needed for a specific topic. Current topics of special interest in advanced geology and related fields as announced in Schedule of Classes. May be repeated to a maximum of 16 units as subject matter changes.

491 Special Laboratory Topics in Geology (1–3)
Prerequisite: As needed for specific topics. Laboratory activities for current topics of special interest in geology as announced in Schedule of Classes. May be repeated to a maximum of 12 units as subject matter changes.

497 Senior Problem (3)
Prerequisites: Senior standing in geology, prior instructor consent to act as sponsor. Individual study of an applied geologic field or laboratory problem; progress reports, final oral and written report required.

499 Undergraduate Directed Study (1–4)
Prerequisites: Consent of an instructor to act as sponsor, ability to assume responsibility for independent work and to prepare written and oral reports. Project selected in conference with sponsor before registration; progress meetings held regularly. May be repeated to a maximum of 4 units.

Graduate Level Courses (GEOL)

525 Sedimentary Processes, Environments, and Structures (4.5)
Prerequisites: GEOL 402, 430. Identification and analysis of sedimentary structures and hydrodynamically generated bedforms to determine sedimentary processes and environments of deposition.

530 Seminar: Structural Geology and Tectonics (4.5)
Prerequisite: GEOL 410 or upper division structural geology course. Critical review of selected topics concerning analysis, interpretation, and origin of geologic structures, mechanics of rock deformation and of large scale crustal deformation.

531 Tectonic Problems of Southern California (4.5)
Prerequisite: GEOL 410 or upper division structural geology course. Current topics in the geotectonic evolution of southern California.

560 Hydrogeology (4.5)
Prerequisite: GEOL 484. Advanced study of groundwater topics including aquifer testing, regional groundwater flow, water chemistry mass transport, and groundwater models. Lecture 3.5 hours, laboratory 3.0 hours.

561 Vadose Zone Hydrogeology (4.5)
Prerequisite: GEOL 484. Study of water movement and solute transport in the vadose (unsaturated) zone; including soil physics; infiltration theory; solute movement, noninteracting and interacting solutes; physical measurements; and field instrumentation. Lecture 3.5 hours, laboratory 3.0 hours.

562 Contaminant Hydrogeology (4.5)
Prerequisite: GEOL 484. Mass transport of contaminants in groundwater, principles of groundwater hydrology applied to organic and inorganic chemical migration, monitoring groundwater contamination, geochemical tracers of groundwater contamination, and groundwater remediation.
563 Water Quality Seminar (4.5)
Prerequisite: GEOL 484 or instructor’s consent. Contemporary issues in water quality, including contaminant transport, pollutants in surface and ground water, natural attenuation, engineered bioremediation, monitoring wells, soil sampling procedures, and vadose zone monitoring. Seminar 4.5 hours.

570 Special Topics (1.0–4.5)
Prerequisite: Instructor consent. Discussion of selected topics in geology. May include up to 2 units of laboratory. May be repeated for credit as subject matter changes.

581 Seminar: Engineering Geology (4.5)
Prerequisite: GEOL 481 or senior engineering geology course. Advanced study relating geologic factors to engineering projects, with emphasis on slope stability, subsidence, engineering seismology, and construction problems related to engineering geology.

584 Paleoseismology (4.5)
Prerequisites: GEOL 481. Recognition of paleoseismic events in the geologic record, Quaternary slip-rates and coseismic deformation, modeling fault-scarp degradation, behavior of seismogenic faults, and seismic-hazard analysis.

585 Landslides, Avalanches, and Debris Flows (4.5)
Prerequisite: GEOL 481. Recognition, mechanics, and analysis of mass wasting features including landslides, rock avalanches, debris flows, rock falls, and lateral flows. Field mapping and computer stability analysis activities. Lecture 3.5 hours, laboratory 3.0 hours.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Masters Degree section of this chapter.

597 Graduate Research (1.5–4.5)
Prerequisites: Instructor consent to act as sponsor, approval of project by student’s graduate advisory committee. Independent research under guidance of faculty. Graded CR/NC.

598 Graduate Directed Study (1.5–4.5)
Prerequisite: Instructor consent to act as sponsor. Directed research on subjects selected in consultation with faculty. May be repeated to maximum of 6 units.

599 Thesis (1.5–4.5)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor. Presentation of independent research work in a written thesis, which is defended orally. Graded CR/NC.
Lifetime wellness or health is dependent upon a variety of factors, many of which are related to environment and lifestyle. The primary mission of the Health Science Program is to educate individuals to become entry-level health professionals at the baccalaureate or graduate level. In such roles, graduates can promote positive activities both personal and environmental that impact the health of individuals and communities.

Health Science includes the Bachelor of Science degree and the Master of Arts degree. Students in these programs are prepared to provide direct services, advocacy, management, and counseling in health education, public health, environmental health, oral health, and community organizations. Graduates may assume various allied health roles such as teaching in public and private health agencies, consulting and specializing in substance abuse prevention and treatment programs.

The Faculty

Professor: Behjat A. Sharif.

Undergraduate Programs

Bachelor of Science Degree in Health Science
The Bachelor of Science degree in Health Science prepares students for leadership and educational roles in community health, environmental health, oral health, and other public health careers as well as for graduate study.

The total number of units required for the Bachelor of Science degree in Health Science is 180 units, of which 80-108 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (80-108 units)
The Bachelor of Science degree in Health Science is available with a choice of three options: the Community Health Option, the Environmental Health Option and the Oral Health Option. All options require a minimum of 180 units. The major consists of the core (39 units) and an option (41-69 units) for a total of 80-108 units, plus 19 units of lower division prerequisites that must be completed prior to enrollment in upper division courses. See the Undergraduate Study: General Information Chapter for details about the General Education and other requirements that constitute the units outside the major. A minimum C grade is required in all courses used to meet major requirements.

Required Prerequisites (19 units)
CHEM 101 General Chemistry (5)* or
CHEM 151 Fundamentals of Chemistry I (5)
MATH 100** Introduction to College Mathematics (4) or
MATH 102 College Algebra (4) or
MATH 206 Calculus I: Differentiation (4)
Options (41–69 units)
Select one from following:

Community Health Option
Required Courses (54 units)
BIOL 200AB Human Anatomy and Physiology I, II (5,5)
HS 413 Health Communication (4)
HS 440 Health Care Delivery System (4)
HS 456 Drugs and Health (4)
HS 464 Community Health Care Programs (4)
HS 470 Public Health Administration (4)
HS 475 Proseminar: Current Issues in Health (4)
HS 476 Quality Assurance in Health Programs (4)
HS 479 Program Planning and Evaluation (4)
HS 496 Internship in Health Science (4,4)
PHYS 101 Physics (4) or
PHYS 156 Physics for the 21st Century (4)

Environmental Health Option (69 units)
This Option is designed for students who wish to become Registered Environmental Health Specialists (REHS)

Required in Related Fields (42 units)
BIOL 100A Introductory Biology I (5)
BIOL 100BC Introductory Biology II, III (5,5) or
BIOL 200AB Human Anatomy and Physiology I, II (5,5)
CHEM 102 General Chemistry II (5) and
CHEM 103 General Chemistry III (5)
CHEM 152 Fundamentals of Chemistry II (Organic) (5)
PHYS 101-103 Physics (4,4,4)

Required Courses (19 units)
HS 423 Water Supply and Sewage Disposal (4)
HS 425 Principles and Practices of the Environmental Health Specialist (4)
HS 470 Public Health Administration (4)
HS 496 Internship in Health Science (2,4)
HS 499 Undergraduate Directed Study (1)

Selected Electives (8 units)
Complete 8 units from the following:
HS 432 Theory and Principles of Industrial Hygiene (4)
HS/CRIM 441 Disease Control and Public Health in Correctional Institutional Settings (4)
HS/NTRS 438 Food-Borne Illnesses: Etiology, Prevention and Control (4)
HS 483 Hazardous Waste Management Operations and Emergency Response (4)

Oral Health Option (minimum 41 units)
This option is offered only for individuals who have completed an accredited Dental Hygiene Education program and an Associate degree at a community college or its equivalency.

At the time of admission to the Cal State L.A. program, students will be expected to have completed all lower division general education courses and a sufficient number of units to qualify for upper division standing. Students who have not met these requirements must fulfill any remaining prerequisite and required courses. Students shall complete the upper division general education requirements, including the diversity requirement, the health science core, and the option requirements listed below.

Required Courses (22 units)
BIOL 200AB Human Anatomy and Physiology I, II (5,5)
HS 496 Internship in Health Science (4,4,4)

Selected Electives (19 units)
With adviser approval, complete a minimum of 19 units in Health Science or related fields with a minimum of 12 at the upper division level:

- Applied Gerontology
- Business
- Education
- Nursing
- Nutritional Science
- Social Gerontology

Minor in Health Science
A total of 45 units is required for the minor in Health Science. This program provides preparation for teaching in the areas of adult education, civil defense, medical self-help, Red Cross instructional programs, and in public schools.

Requirements for the Minor (45 units)

Lower Division Required Courses (21 units)
BIOL 200AB Human Anatomy and Physiology I, II (5,5)
HS 201 Medical Emergencies Management (3)
HS 150 Health Connections for Life (4) or
NTRS 250 Human Nutrition (4)
SOC 201 Principles of Sociology (4)

Upper Division Required Courses (24 units)
HS 410 Theory and Principles of Public Health (4)
HS 431 Community, Environmental Safety and Public Health Law (4)
HS 445 Health Promotion (4)
HS 456 Drugs and Health (4)
HS 464 Community Health Programs (4)
HS 471 General Principles of Environmental Health (4)

Certificate Program: Specialist in Alcohol and Drug Problems
The certificate requires a total of 60 units, including 33 units of course work and field experience in health science and 27 units in related fields. Course selection is designed to supplement previous academic and/or vocational experience and to apply to basic professional training leading to the baccalaureate or to graduate degrees. The program prepares alcohol and other drug abuse specialists for employment in educational, therapeutic, rehabilitative, and consultant settings. Refer to the Undergraduate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirements for the Certificate (60 units)

Required Courses (33 units)
HS 201 Medical Emergencies Management (3)
NTRS 250 Human Nutrition (4)
HS 456 Drugs and Health (4)
HS 467 Problem Drinking and Alcoholism (3)
HS 468 Problems in Controlled Substances (3)
* HS 496 Internship in Health Science (12)
HS 499 Undergraduate Directed Study (4)

*Rehabilitation Counseling majors may substitute COUN 495 when placed in an agency that provides services to alcohol-dependent or drug-dependent persons.
Electives (select 27 units from following):
- ANTH 444
- BIOL 200AB
- CRIM 309, 447, 460
- COUN 200AB, 445, 450, 480, 490, 494**
- HS 431, 445, 464, 470, 476, 491***
- MGMT 470
- PSY 150, 410AB
- SOC 201, 322A, 422, 425
- COMM 150, 278, 350, 454, 478, 489
- UNIV 398
**maximum 6 units  ***maximum 4 units

The Credential Program
The Bachelor of Science degree in Health Science is authorized for the Single Subject Credential Program in Health Science. Refer to the Charter College of Education in the Academic Programs: College-Based and University-wide chapter of this catalog for regulations governing all teaching credential programs. Students interested in this credential should consult advisers in the Program of Health Science and the Charter College of Education. In addition, they must include the following courses in the major:
- BIOL 200AB;
- CHEM 151
- HS 201, 431, 455, 456, 463, 464, 470, 475, 479, 480
- PSY 170 and 171

Certificate Program in Environmental Health Science
Offered by the program of Health Science, this certificate program in Environmental Health Science fulfills all requirements other than basic science requirements to qualify certificate holders for becoming a registered Environmental Health Specialist trainee. Environmental Health consists of those organized activities undertaken to protect and enhance the public's health through the recognition, assessment and control of environmental hazards with focus on biological, chemical and physical hazards. The two major aspects in an environmental health program are the prevention of disease and the protection and promotion of human well being. This certificate will encompass the entire general field of environmental health. The program consists of a total of 20 units, plus 12 units of required prerequisites that must be completed prior to enrollment in the certificate program. Admission to the program requires filing of a formal application to the department including documentation of related educational and work experience, and transcripts.

Requirements for the Certificate (20 units)
- Required Prerequisites (12 units)
  - HS/MICR 412 Introduction to Epidemiology (4)
  - HS 471 General Principles of Environmental Health (4)
  - HS 472 Data Analysis for Health Science (4) or HHS 400 Statistics in Health and Human Services (4)
- Required Courses (20 units)
  - HS 423 Water Supply and Sewage Disposal (4)
  - HS 425 Principles and Practices of the Environmental Health Specialist (4)
  - HS 432 Theory and Principles of Industrial Hygiene (4)
  - HS 470 Public Health Administration (4)
  - HS 483 Hazardous Waste Management Operations and Emergency Response (4)
## List of Courses - Undergraduate Level

### Courses in Health Science (HS)

#### Lower Division Courses

<table>
<thead>
<tr>
<th>Course Code</th>

413 Health Communication (4)
Prerequisite: HS 480. Principles of planning and development of health communication programs in community health; strategies to develop activities for effective communication of health information for the general public, patients and allied health practitioners.

420 Foundations of Public Health (4.5)
Prerequisite: HS 471 or 472 or equivalent. Origins, historical evolution and meaning of public health; implications for the 21st century.

421 Environmental Health Regulations (4)
Prerequisite: HS 420. Educational and legal aspects of interaction of people with the environment; legal guide for practitioners of environmental health programs.

423 Water Supply and Sewage Disposal (4)
Prerequisite: HS 420 or consent of instructor. Management of water resources on earth, waste and pollution, cost issues, treatment and disposal of wastewater; related health concerns.

425 Principles and Practices of the Environmental Health Specialist (4)
Prerequisites: HS 421 or equivalent course and HS 423. Examination of responsibilities of environmental health specialists, community awareness; environment health education; administrative roles and enforcement of public health laws.

430 Occupational Health and Safety Programs (4)
Prerequisite: HS/MICR 412. Analysis of safety and health programs, including industrial hazards, evaluation, methodologies, typical safety problems, safety program components, job safety analysis and professional resources.

431 Community, Environmental Safety and Public Health Law (4)
Prerequisite: HS/MICR 412. Examination of federal, state and local laws governing public health, environmental health and occupational safety; overview of OSHA, CALOSHA, EPA, CALEPA regulations, enforcement procedures, appeal process; review of selected cases.

432 Theory and Principles of Industrial Hygiene (4)
Principles and practices of industrial hygiene; consideration of selected substances, processes, and controls; uses and calibration of primary instruments.

433 Material and Mechanical Hazards (4)
Prerequisite: HS 430. Identification and evaluation of material and mechanical hazards within the workplace; effective methods for controlling and eliminating hazardous work environments.

434 Process Safety Management (4)
Prerequisite: HS 430. Physical and process hazards in industrial settings; application of process safety management; review of applicable codes, standards and controls; evaluation of selected cases.

437 Loss Control Principles (4)
Prerequisite: HS 471. Historical development of quality assurance regulations including accreditation, credentials, licenses, regulations, and health education evaluation; emphasis on current regulations including audits, utilization reviews, professional standards, and continuing education in relation to health care delivery programs.

438 Food-Borne Illnesses: Etiology, Prevention and Control (4) (also listed as NTRS 438)
Prerequisites: MICR 151 or 201 and 202. Food-borne diseases and their causes, control and prevention.

439 Incident Investigation and Analysis (4)
Prerequisite: HS 430. Analysis of components of incident investigation of industry violations of safety standards; relationship of causal factors and management system deficiencies.

440 Health Care Delivery System (4)
U.S. health care delivery system and its relationship to health science professions using a systems model; input, throughput, and output issues identified and explored.

441 Disease Control and Public Health in Correctional Institutional Settings (4) (also listed as CRIM 441)
Prerequisite: Upper division standing or professional experience (with instructor approval). Investigation and study of disease control in correctional institutional settings; factors of incarceration; the penal system and personnel; disease control and prevention methods.

445 Health Promotion (4)
Prerequisite: SOC 201. Foundations of health promotion and health promotion program content including behavior modification; development and implementation for use in corporate medical care and community settings.

455 Sex Information for Health Education (3)
Advanced sex information and education, physiological individuality and response, contraceptives and their health effects, selection and application of content in teaching sex education.

456 Drugs and Health (4)
Study of psychoactive drugs; drug-taking behaviors and issues related to dependence; physiological, psychosocial, legal and political aspects of drugs and health; strategies for drug abuse prevention, education and intervention. Fulfills teacher certification requirement in California.

457 Health Education for Elementary School Teachers (1)
Information and application of laws, concepts, and principles related to student health and safety. Promotes informed use of health-related information, products, and services. Fulfills teacher certification requirement in California.

458 Advanced Health Education for Teachers (4)
Prerequisite: Upper-division standing. Theories, principles, and policies related to student health and safety; analysis and use of health information in K-12 school settings; and strategies for implementing health curricula at school sites.

462 Chronic and Degenerative Disorders (3)
Prerequisites: HS 350, BIOL 200AB. Etiology and prognosis of degenerating tissue and their effects on health; new developments and research.

463 International Health (4)
Prerequisite: HS 410. Review and analysis of historical and modern efforts to solve health problems; survey of global health problems; analysis of the role of international health agencies.

464 Community Health Care Programs (4)
Prerequisite: HS 410. Analysis and review of community health programs and organizations; their structure, function and funding sources developed by professional and voluntary health agencies to address expanding community health needs.

468 Problems in Controlled Substances (3)
428 / Health Science

470 Public Health Administration (4)
Prerequisite: HS 464 or consent of instructor. Fundamental and historical aspects of public health administration including development of public health in U.S., policies and procedures for disease control, present and future trends in public health.

471 General Principles of Environmental Health (4)
Prerequisite: ENGL 306. General scope of disciplines within environmental health field; routes of entry into those disciplines.

472 Data Analysis for Health Science (4)
Prerequisite: MATH 100 or 102. Techniques and methods for health science data analysis including basic statistical techniques; methods of deriving morbidity and mortality rates, life tables, and risk assessment.

475 Proseminar: Current Issues in Health (4)
Prerequisites: HS 150, 480. Examination of current issues and trends in community health; analysis of implications in education and service delivery; development of problem solving techniques.

476 Quality Assurance in Health Programs (4)
Historical development of quality assurance regulations including accreditation, credentials, licenses, regulations, and health education evaluation; emphasis on current regulations including audits, utilization reviews, professional standards, and continuing education in relation to health care delivery programs.

478 Ergonomics and Human Factors (4)
Prerequisite: HS 431. Effect of ergonomics on human factors in the workplace; correct design of workstations, hand tools, machine controls and material handling; application of research, training, motivation and medical support.

479 Program Planning and Evaluation (4)
Prerequisites: HS 472, 464. Concepts, skills and competencies required for program planning in community health; theories and techniques for evaluation of health education and health promotion programs.

480 Introductory Research Analysis and Technical Writing for Health Sciences (4)
Prerequisite: MATH 100, or 102, or MATH/ECON 109 and HS 472 or HHS 400 and satisfactory completion of the Graduation Writing Assessment Requirement (GWAR). Research concepts and methods applicable to the practice of health science. Emphasis on developing technical writing skills, analyzing and critiquing research reports, and reporting on health science data.

481 Occupational and Industrial Toxicology (4)
Prerequisites: CHEM 101 or 151; CHEM 152, PHYS 101, BIOL 100A. Principles, elements, methods and approaches of toxicology. Study of toxic agents occurring as trace contaminants in occupational and industrial setting. Focus on the major systemic site of actions by toxic agents.

483 Hazardous Waste Management Operations and Emergency Response (4)
Prerequisite: HS 471. Principles and practices of management of hazardous materials and hazardous waste, with emphasis on emergency planning and response.

484 Implementation of Occupational Safety and Health Programs (4)
Prerequisite: HS 430. Analysis and evaluation of successful health and safety programs; management involvement in planning and designing specific programs for implementation in a work site; strategies for employee motivation and participation.

489 Instrumental Methods in Environmental Sciences (3)
Prerequisite or corequisite: HS 481 or equivalent. Laboratory techniques and instrumentation used in preparation and analysis of environmental and occupational samples. Lecture 1 hour, laboratory demonstration 6 hours.

490 Administration of School Health Programs (3)
Prerequisite: HS 410. Principles and practices of supervision and administration in school health programs.

491 Special Studies in Health and Safety (1–4)
Prerequisite: Senior or graduate standing. Intensive study of an area of health or safety; specific area announced in Schedule of Classes. May be repeated to maximum of 16 units as subject matter changes.

496 Internship in Health Science (2–8)
Prerequisite: Consent of student’s adviser. Monitored field study experience in approved agencies under the guidance of faculty and field preceptor. Includes individual progress conferences with preceptor and faculty. May be repeated to maximum of 20 units. Graded CR/NC.

499 Undergraduate Directed Study (1–4)
Prerequisites: For health studies, BIOL 200AB; for both health and safety studies, instructor consent to act as sponsor. Project selected in conference with sponsor before registration, progress meetings held regularly, and a final report submitted. May be repeated to maximum of 6 units.
Graduate Level Courses

Graduate Courses in Health Science (HS)

All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the department and approval of the graduate adviser. classified graduate standing is required for admission to all 500-level courses.

521 Administrative Issues in Environmental Health (4.5)
Prerequisite: HS 420. Current issues in environmental policy research and practice; strategies and techniques used in management of environmental health programs; safety evaluations, regulatory processes, institutional arrangements, and organization responses.

526 Seminar in Health Effects of Environmental Contaminants (3)
Discussions and surveys on current critical issues in environmental health sciences.

530 Research Design in Health Science (4)
Prerequisite: A four-unit, upper division statistics course. Examination of research methodology within a conceptual framework of health science; utilization of the tools of research.

540 Analysis of Health Care Delivery Systems (4)
National and international health care delivery systems, their historical development, objectives, designs, systems components; personnel, facilities, financing, and utilization problems; future patterns in health care delivery systems. Field visits may be required.

550 Health and Safety Risk Management (4)
Component analysis of health facility and industrial risk management programs; evaluation and implementation techniques with review strategies. Data and functions for programs as integral part of quality assurance system.

560 Administration of Health and Safety Education (3)
Organization, content, and evaluation of health and safety education programs; administration and supervision in official and non-official agencies.

570 Health Appraisal and Guidance (4)
Developing skills in recognizing health problems; choosing appropriate procedures for screening programs; implementation of appraisal findings through appropriate health guidance techniques.

580 Seminar: Health Science Research (4)
Prerequisite: HS 591. Analysis of and research in health science.

581 Environmental Toxicology (4.5)
Prerequisites: HS 481, 489. Study of toxic agents occurring as trace contaminants in the environment. Evaluation and control of chemical hazards in air, food, water and soil. Biological mechanisms of toxicity.

591 Advances in Health Education (3)
Prerequisite: HS 530. Analysis of selected contemporary problems in health science.

595 Field Study in Health Science (1–6)
Prerequisites: Departmental approval, agency acceptance. Supervised individual field experience in an applied area of health or safety. May be repeated to maximum of 8 units. Graded CR/NC.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the (Masters) Degree section of this chapter.

597 Graduate Research (1–6)
Prerequisites: Instructor consent to act as sponsor, departmental approval of project prior to registration. Independent research under guidance of the faculty. May be repeated to maximum of 6 units. Graded CR/NC.

598 Graduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in field; regular conferences with sponsor. May be repeated to maximum of 6 units.

599 Thesis or Project (1–6)
Prerequisites: Instructor consent to act as sponsor, departmental approval of topic prior to registration. Independent research resulting in a thesis or project. Must be repeated to maximum of 6 units. Graded CR/NC.
The Department of History provides opportunities to study the development and interaction of the world’s cultures. In addition to a broad curriculum in local, national, and world history, the department offers a wide variety of special topics courses. The program thus contributes to the attainment of intellectual and cultural objectives of a liberal-arts education appropriate to careers in law, journalism, business, government service, librarianship, and teaching, or to advanced study.

The department offers the Bachelor of Arts and Master of Arts degrees in History and minors in History and in Labor and Working Class Studies for students majoring in other areas.

The department coordinates the Teacher Preparation option of the history major, approved by the California Commission on Teacher Credentialing for the Single Subject credential in Social Science, which is designed for students seeking a Single Subject Credential in Social Science.

The Department of History administers a minor in Religious Studies designed to explore the forms and traditions of religion that have appeared in human culture.

The Faculty

**Professors:** Francisco E. Balderrama, Enrique C. Ochoa, Rennie B. Schoepflin (Chair), Lillian Taiz.

**Associate Professors:** Choi Chatterjee (Director, Teacher Preparation Option), Christopher Endy, Cheryl Koos (Director, Graduate Studies), Afshin Matin-asgari, Carole Srole, Ping Yao, Lamont Yeakey.

**Assistant Professors:** Birte Pfleger, Angela Vergara, Scott Wells (Director, Religious Studies), Henry Mark Wild.

**Undergraduate Programs**

**Bachelor of Arts Degree**
The Bachelor of Arts degree program in History is designed to provide an understanding of societal development in all aspects of human experience and of the relevance of the past to the present. The program permits pursuit of a wide range of interests within the purview of historical scholarship. Students should confer in advance with a history adviser to select the courses and program appropriate to their goals.

The total number of units required for the Bachelor of Arts degree in History is 180 units, of which 78-108 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

**Requirements for the Major (78-80 or 106-108 units)**
Students pursuing a Bachelor of Arts degree in History select one of two options: A General Option, requiring 78-80 units, and a Teacher Preparation Option, requiring 106-108 units, for those interested in a Single-Subject Credential in Social Science.

**General Option (78-80 units)**
The General option is comprised of a required core of 18-20 lower division and 44 upper division units plus 16 units of electives.

**Foreign Language Competence**
History majors are urged to develop competence in at least one foreign language.

**Lower Division Required Courses (20 units, or 18-20 units of equivalent transfer credit)**
- HIST 110ABC World Civilization I–III (4, 4, 4)
- HIST 202AB United States Civilization (4, 4)

**Upper Division Required Courses (44 units)**
**Required Courses (8 units)**
- HIST 388 Historiography (4)
- HIST 390 Historical Research and Writing (4)

Select 8 units each from groups A, B, and C for a total of 24 units:

**Group A Western Civilization/Europe (8 units)**
- Ancient: HIST 311, 410–413
- Europe (Chronological): HIST 421–430
- Europe (Topical): HIST 380, 402, 431–447

**Group B The United States (8 units)**
- U.S. (Chronological): HIST 470–475

**Group C The Non-Western World (8 units)**
- Africa: HIST 414AB–415
- Asia: HIST 494ABC, 495AB, 496
Latin America: HIST 461–469  
Middle East: HIST 419, 420, 492

**Special Studies (12 units)**
Select three HIST 450 courses, one appropriate to each group above (A, B, C).

**Electives (16 units)**
Select any 300 or 400 level courses in history. No more than 8 units may be taken at the 300 level for the major. With prior departmental approval, a maximum of 8 units may be taken in fields outside history.

**Teacher Preparation Option (106-108 units)**
The Teacher Preparation Option is designed for students seeking a Single Subject Credential in Social Science. Students who graduate with this option in the history major will fulfill all subject matter requirements for the social science credential. Early consultation with a department advisor is strongly recommended.

The option is comprised of 34-36 required lower division units and 72 required and elective upper division units in history and other social science disciplines.

**Lower Division Courses (34-36 units)**

**History Courses (20 units, or 18-20 units of equivalent transfer credit)**
- HIST 110ABC World Civilization I, II, III (12)
- HIST 202AB United States Civilization (8)

**Economics Courses (4 units)**
- ECON 150 Economics for the Citizen (4)

**Geography Courses (4 units)**
- GEOG 155 Cultural Geography (4)

**Political Science Courses (4 units)**
- POLS 150 Government and American Society (4)

**Religious Studies Courses (4 units)**
- PHIL 200/RELS 200 Introduction to Comparative Religions (4)

**Upper Division Courses (72 units)**
Upper division subject areas (40 units)

**History Courses (12 units)**
- HIST 388 Historiography (4)
- HIST 390 Historical Research and Writing (4)
- HIST 488 California (4)

**Economics Courses (4 units)**
- ECON 360 Developing Countries and the New Global Economy (4) or ECON /POL S 426 International Political Economy (4)

**Geography Courses (12 units)**
- GEOG 370 World Regions (4)
- GEOG 451 Historical Geography of North America (4)
- GEOG 431 California (4) or GEOG 432 Metropolitan Los Angeles (4)

**Political Science Courses (8 units)**
- POLS 373 Foundations of Comparative Politics (4)
- POLS 435 American Political Thought (4)

**Diversity Courses (4 units)**
Select one from the following:
- ANTH 406 Indians of North America (4)

**Upper Division Concentration (24 units)**
Select one from each of the following six areas:

**United States Periods (4 units)**
- HIST 470 The Colonial Heritage: The United States 1607-1763 (4)
- HIST 471 Era of Revolution: The United States 1763-1815 (4)
- HIST 472 Democracy, Dissent, and Disunion: The United States, 1815-1877 (4)
- HIST 473 The United States, 1877-1918 (4)
- HIST 474 The United States, 1918-1952 (4)
- HIST 475 The United States 1952 to Present (4)

**United States Topics (4 units)**
- HIST 383 Rise of Urban America (4)
- HIST 455 American Religious History (4)
- HIST 457A American Intellectual History to the Civil War (4)
- HIST 457B American Intellectual History Since the Civil War (4)
- HIST 458 Sickness and Health in American History (4)
- HIST 476 Economic History of United States (4)
- HIST 478 History of United States International Relations (4)
- HIST 479 Constitutional History of United States (4)
- HIST 481 Special Topics in the US West (4)
- HIST 482A American Popular Culture to 1900 (4)
- HIST 482B American Popular Culture from 1900 (4)
- HIST 483 Poverty and Anti-Poverty in American History (4)
- HIST 484 Civil War and Reconstruction (4)
- HIST 485 U. S. Women to 1877 (4)
- HIST 486 U. S. Women: 1877 to the present (4)
- HIST 487 History of U. S. Work and Working People (4)
- HIST 489 Los Angeles (4)

- HIST 421 The Early Middle Ages (4)
- HIST 422 The Later Middle Ages (4)
- HIST 423 Renaissance and Reformation (4)
- HIST 424 Seventeenth Century Europe (4)
- HIST 425 Eighteenth Century Europe (4)
- HIST 426 French Revolution and Napoleon (4)
- HIST 429 Europe: 1914 to present (4)
- HIST 430 Europe: 1815-1914 (4)

**Europe Topics (4 units)**

- HIST 311 Classical Civilization and the Modern World (4)
- HIST 380 Ancient and Modern Science (4)
- HIST 401 Science, Religion, and Culture in World History (4)
- HIST/RELS 402 Religion and Society in Medieval Europe (4)
- HIST 411 History of Ancient Greece (4)
- HIST 412A Early Rome: The Republic (4)
- HIST 412B The Roman Empire (4)
- HIST 413 Greek History: The Alexandrian Age (4)
- HIST 437 Social History of Europe (4)
- HIST 438 Economic History of Europe (4)
- HIST 439 Intellectual History of Europe (4)
- HIST 446 Imperial Russia: 1801-1917 (4)
- HIST 447 The Soviet Union (4)

**Non-West (4 units)**

- HIST 414A Traditional Sub-Saharan Africa (4)
- HIST 414B Modern Sub-Saharan Africa (4)
- HIST 418 History of Islamic Central Asia (4)
- HIST 419 Classical Age of Islamic Civilization, 600-1258 (4)
- HIST 420 The Islamic Middle East: 1258-1919 (4)
- HIST 492 Nationalism, Revolution, and War in the Middle East, 1919 present (4)
- HIST 461 Latin America: Colonial Period (4)
- HIST 462 Latin America: 1810-1914 (4)
- HIST 463 Latin America: 1914 to Present (4)
- HIST 494A Traditional China (4)
- HIST 494B Modern China (4)
- HIST 494C Peoples Republic of China (4)
- HIST 495A Traditional Japan (4)
- HIST 495B Modern Japan (4)

**Proseminar (4 units)**

- HIST 450 Special Studies in History (4)

**Field Experience (4)**

- HIST 300 Early Field Experience in History-Social Science (4)

**Capstone Course (4 units)**

- SOCS 497 Issues in Teaching History-Social Science (4)

The Teaching Credential Program

The Bachelor of Arts degree in History: Teacher Preparation Option has been approved by the California Commission on Teacher Credentialing for the Single Subject Credential in Social Science. Interested students should consult advisers in the department of History and in the Charter College of Education. Refer to the Charter College of Education section of the Academic Programs: College-Based and University-Wide chapter of this catalog for regulations governing all teaching credential programs.

**Minor in History**

The minor in History is available for students majoring in other fields. The 36-unit program includes a sequence of courses with the same general objectives as the History major, and may be of particular value to students majoring in business, engineering, the sciences, and fine or applied arts.

**Requirements for the Minor (36 units)**

**Lower Division Required Courses (20 units)**

- HIST 110ABC, 202AB

**Upper Division Required Courses (12 units)**

Select one course each from groups A, B, and C listed under required upper division courses in the Bachelor of Arts degree in History.

**Electives (4 units)**

Select any 400-level course in history.

**Minor in Labor and Working Class Studies**

The Labor and Working Class Studies minor provides students with an interdisciplinary approach to the study of labor and working class issues in an increasingly globalized economy. By drawing on the expertise of faculty from across the campus, this minor will enable students to approach the subject from a variety of intellectual and methodological traditions, providing a multifaceted understanding of labor and working class issues.

**Requirements for the Minor (28)**

A maximum of 12 units can be taken in any one discipline.

**Required Course (4 units)**

- HIST 487 History of U.S. Work and Working People

*Students without a social science background are required to take SOCS 180 "Race and Ethnicity in America Society" or its equivalent.

**Electives (24 units)**

8 units should be chosen from each of the three areas.

**Area 1: Labor and Working Class Issues in the United States**

- ECON 350 Economics of Poverty and Inequality in the U.S. (4)
- HIST/CHS 460 The Chicano Movement (4)
- HIST 476 Economic History of United States (4)
- HIST 480 Ethnicity and Immigration in American History (4)
- HIST 482B American Popular Culture from 1900 (4)
- LBS 454 Special Topics (When Immigrant Los Angeles or when focus is on labor/working class topics) (1-4)
- PAS 402 Black Political Economy (4)
- SOC 348 Class, Race, Ethnicity, and Gender (4)
- SOC 448 Social Class and Inequality (4)

**Area 2: Labor-Management Relations**

- ECON 430 Labor Economics (4)
- ECON 472 Labor Relations and Collective Bargaining (4)
- MGMT 307 Management and Organizational Behavior (4)
- MGMT 473 Strategic Human Resources Management (4)
- SOC 446 Sociology of Business Organizations (4)
- SOC 447 Sociology of Occupations and Professions (4)

**Area 3: International Perspectives on Labor and Working Class Issues**

- ANTH 432 Anthropology of Wealth and Power (4)
- CHS 468 U.S.-Mexico Borderlands (4)
- LAS/PAS/POLS 360 Dynamics of Social Change in the Third World (4)
- LAS 425 Latin American Responses to Imperialism and Globalization (4)
- LAS 470 Labor and Social Movements in the Americas (4)
- HIST 360 Revolution and Society in the Developing World (4)
To complete the minor in Religious Studies, students must complete a total of 24 units from the courses listed below, with adviser approval. There is one core course (4 units); electives, required in Religious Studies and other departments, constitute the remainder of the program (20 units). Prior approval must be obtained for enrollment in special topics and directed study courses. Each student will submit a study program for approval to the director of the Religious Studies program. A maximum of eight units from a student’s major may be applied toward the minor.

**Requirements for the Minor (24 units)**

**Core Requirement (4 units)**

RELS/PHIL 200 Introduction to Comparative Religions (4)

**Electives (20 units)**

**Required in Religious Studies (12-20 units).**

Students must complete at least 12 units from these courses.

- RELS 300 Judaism, Christianity, Islam (4)
- RELS 325 Themes of Adult Life in the World’s Religions (4)
- RELS 335 Gender in the Diversity of World Religions (4)

- RELS 345 Health and Wellness in World Religions (4)
- RELS 380 Emotions in Religion (4)
- RELS 400 Methodological Approaches to Comparative Religious Studies (4)
- RELS/HIST 402 Religion and Society in Medieval Europe (4)
- RELS/CHS/LAS 423 Migration, Identity, and Religion (4)
- RELS/ART 450 Art, Religion, and Technology (4)
- RELS 410 Asian Religions (4)
- RELS 430 Spiritual Experiences and Mysticism in World Religions (4)
- RELS 454 Special Topics in Religious Studies (4)
- RELS/HIST 455 American Religious History (4)
- RELS 461 Religion and the Nuclear Age (4)
- RELS 499 Undergraduate Directed Study (4)

You may also select courses from the following list with adviser approval, for up to 8 units.

- ANTH 437, 454L, P
- ART 450, 454, 476, 499*
- ENGL 258, 482, 491*, 499*, 445, 454*, 499*
- SOC 445, 454*, 499*
- HIST 401, 419, 423, 450*, 451*, 455, 457A, 494A, 495A, 499*
- JAPN 310
- PHIL 354*, 415, 436, 437, 499*

*When applicable
Master of Arts Degree
The Master of Arts degree in History is designed for the attainment of a liberal-arts education appropriate to careers in such professions as law, journalism, business, government service, and librarianship, as well as preparation for teaching and further graduate study.

The program requires intensive study involving courses, seminars, and directed reading in preparation for comprehensive examinations and an optional thesis. Students should obtain reading lists well before the examination from the examining faculty member in each field.

Admission to the Program

**Applicants with History Major Baccalaureates**
A. Must have attained a grade point average of at least 3.0 (A=4.0) in the last 90 quarter units of undergraduate work attempted, or satisfactory completion of probationary units.
B. Must have been in good standing in the last college or university attended.
C. Must show completion of an accredited history program.
D. Must give evidence of passing HIST 388 and HIST 390, or their equivalent in another accredited college or university.
E. Must meet all university and college requirements (including GWAR).

**Applicants with a baccalaureate in a major other than history:**
A. Must have attained a grade point average of at least 3.0 (A=4.0) in the last 90 quarter units of undergraduate work attempted, or satisfactory completion of probationary units.
B. Must have been in good standing in the last college or university attempted.
C. Must complete HIST 388, HIST 390 plus 20-28 units of approved upper-division history courses with a minimum B (3.0) average.
D. Must meet all university and college requirements (including GWAR).

Requirements for the Degree (48-52 units)
A minimum of 48 or 52 units are required, depending on whether the program is completed by comprehensive examinations or a Thesis. At least 28 units must be in 500-level courses.

**Required Courses (28 units)**
Select seven 500-level history courses, with adviser approval, for a total of 28 units. HIST 501 and 595 are required of all students, and are included in the seven required 500-level history courses.

**Electives (20 units)**
Select 400 or 500-level courses in history with adviser approval. Courses outside history may be substituted to maximum of 8 units, with adviser approval.

A. Research Skills
Candidates must demonstrate a reading comprehension in one foreign language or competence in computer applications and statistics or theory that may be applied to history before they may attempt the history comprehensive examinations. They must demonstrate this competence within 7 years prior to completion of the degree in one of the following ways:

- Passing a foreign language reading examination (ML 901) in a language appropriate to chosen fields of study, or by completing one academic year’s study of an appropriate foreign language with a grade of B or better in each course.
- Completing 12 units in statistics and computer courses (minimum 4 units in each area), as approved by the department adviser, with a minimum B grade in each course.
- Completing one year’s study of theory which, with adviser approval, may be applied to the study of history.

B. Completion of Program
Students may complete the program either by passing comprehensive examinations or by writing a thesis with the approval of the department Graduate Studies Committee.

1. Comprehensive Examinations (0 units)
Comprehensive examinations must be passed in three fields chosen from two or more areas listed below. Flexibility for options can be arranged. Students may register for HIST 596 and take the comprehensive examinations only after they complete all course work in their program.

**Fields of Concentration:**

**Area One:**
- United States to 1876
- United States since 1850

**Area Two:**
- Antiquity
- Medieval and early modern Europe
- Modern: 1789–present

**Area Three:**
- Middle East
- Asia
- Africa
- Early Latin America
- National Latin America

2. Thesis (4 units)
After successfully completing 28 units, students who meet departmental requirements may petition to write a thesis.

</table>
400-level Courses
All 400-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser.

401 Science, Religion, and Culture in World History (4)
Prerequisites: GE natural and social science requirements; RELS/PHIL 200. Interaction of science, religion, and culture in several great civilizations during specific periods of history.

402 Religion and Society in Medieval Europe (4) (also listed as RELS 402)
History of European religious beliefs and practices from the 3rd to the 15th centuries, emphasizing the diversity within medieval Christianity.

410 Ancient Near East: 4000–323 B.C. (4)
Extensive study of earliest civilizations—Egyptian, Mesopotamian, Syrian, Persian, and Hebrew—and their historical legacy to Western world.

411 History of Ancient Greece (4)
Political and cultural study of Ancient Greece from Minoan-Mycenaean period to end of 5th century.

412A Early Rome, The Republic (4)
Internal and external development of the Roman republic from 8th Century B.C. to the death of Julius Caesar, 44 B.C.

412B The Roman Empire (4)
Roman history from the death of Julius Caesar, 44 B.C., to the fall of the city, 410 A.D.

413 Greek History: The Alexandrian Age (4)
Political, social, and religious developments from conquests of Alexander to rule of Islam; a history of Hellenistic, Roman, and early Byzantine rule in Near East.

414A Traditional Sub-Saharan Africa (4)
African continent south of the Sahara, earliest times to latter half of 18th century, with emphasis on political development.

414B Modern Sub-Saharan Africa (4)
Partition of Africa in 19th century, systems of European administration, reaction to colonial rule, birth of nationalism; social, economic, and political changes to 1945.

415 Contemporary Sub-Saharan Africa (4)
Post-World War II independence revolutions in black Africa; resistance to change in southern Africa; contemporary political, social, and economic problems of Africa south of the Sahara.

418 History of Islamic Central Asia (4) (also listed as AAAS 418)
History in global context of the region encompassing Afghanistan, Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan, and Uzbekistan, from the seventh century to the present, with emphasis on common religious and cultural trends.

419 Classical Age of Islamic Civilization, 600–1258 (4)
Rise of Islam, the Caliphate, the Crusades, the Turkish and Mongol invasions.

420 The Islamic Middle East: 1258-1919 (4)
Post-Mongol near east; Mamluk Egypt; Il-Khani, Timuri, Safavi and Qajar Iran; rise and fall of the Ottoman Empire; nationalism, revolution and European imperialism; emergence of modernity and modern nation-states.

421 The Early Middle Ages (4)
Europe from the 3RD to the 10TH centuries: Political, social, economic, religious and cultural developments.

422 The Later Middle Ages (4)
Europe from the 10TH to the 15TH centuries: Political, social, economic, religious and cultural developments.

423 Renaissance and Reformation (4)
Changes that shaped the course of early modern Europe to 1600, with emphasis on nature of period’s leading phenomena, the Renaissance and the Reformation.

424 Seventeenth Century Europe (4)
Culmination of Wars of Religion, beginning of Age of Reason, and nature of absolutism in period from 1600 to 1715.

425 Eighteenth Century Europe (4)
The Ancien Regime and the Enlightenment to the French Revolution.

426 French Revolution and Napoleon (4)
History of Europe during period of French Revolution and Napoleon.

429 Europe: 1914 to Present (4)
Political, economic, cultural, and diplomatic history of Europe, World War I to present.

430 Europe: 1815–1914 (4)
European nationalism, industrial growth, imperialism, and the politics of power.

431 History of Modern Germany (4)
History of modern Germany, with emphasis upon 20th century.

432 Social History of Europe (4)
Changes in social institutions (family, church, polity), relationships (sex, class, race, ethnicity), and processes (mobility, control, disorder) from the Ancien Regime to present.

438 Economic History of Europe (4)
Europe's economic ideologies and institutions, with emphasis on economic problems, development, welfare, and reform, from the Industrial Revolution to present.

439 Intellectual History of Europe (4)
Thought, belief, and opinion in Europe, with emphasis on principal thinkers and ideas as they relate to contemporaneous historical values from the Enlightenment to present.

440 Early Modern England (4)
History of England from 14th century to 1688, with emphasis upon constitutional, social, political, and economic development.

441 British History from 1668 to 1865 (4)
Historical development of Britain from Glorious Revolution to death of Palmerston.

442 Great Britain since 1865 (4)
Historical development of Great Britain from 1865 to present.

443 The British Empire (4)
Political and economic development of British Empire since late 18th century, with major consideration to expansion of colonial empire and evolution of modern empire-commonwealth.

444A Spain and Portugal to 1700 (4)
Political and institutional development of Spain and Portugal from antiquity to War of Spanish Succession.

444B Spain and Portugal Since 1700 (4)
Political and institutional development of Spain and Portugal from 1700 to present.

445 Foundations of the Russian Empire (4)
Political, economic, social, and cultural history of Russia from earliest times to accession of Alexander I in 1801.
446 Imperial Russia: 1801–1917 (4)
History of Russia from accession of Alexander I to end of Romanov dynasty in 1917.

447 The Soviet Union (4)
Background and history of revolutions of 1917 and subsequent historical development of Soviet Union.

450 Special Studies in History (4)
Prerequisite: HIST 390. Different theme or episode in history examined thoroughly each quarter in the manner of an undergraduate seminar. Individual readings, written and oral reports, and discussion. May be repeated to a maximum of 20 units for credit as topic changes.

451 Special Lectures in History (2–4)
Lectures on special historical topics not regularly given by department. May be repeated for credit as topic changes.

453 Studies in War and Peace (4)
Selected topics in history of human conflict, from security and deterrence to arms control, disarmament, pacifism, and other alternatives to war. May be repeated for credit as topic changes.

455 American Religious History (4)
(also listed as RELS 455)
Principal religious figures, groups, issues, and movements in U.S. history, with an emphasis on their place in the development of American culture.

457A American Intellectual History to the Civil War (4)
I ideas, beliefs, and opinions in American history to 1865, with emphasis on principal thinkers and ideas as they relate to the development of American culture.

457B American Intellectual History Since the Civil War (4)
Ideas, beliefs, and opinions in American history since 1865, with emphasis on principal thinkers and ideas as they relate to the development of American culture.

458 Sickness and Health in American History (4)
A topical study of the various ways in which Americans conceived of disease, practiced healing, preserved health, and devised institutions and professions to aid in their quest for health.

459 Sexuality in the Americas (4)
A social and cultural history. Study of the construction of sexual desires, attitudes and behaviors in the Americas from pre-conquest times to the present.

460 The Chicano Movement (4) (also listed as CHS 460)
Prerequisite: Upper-division standing. Examines the Chicano Movement of the 1960s and 1970s from an interdisciplinary perspective. Topics include: grassroots, student, and youth activism; antirwar movement; La Raza Unida Party; Chicana feminism, and the Chicano cultural renaissance.

461 Latin America: Colonial Period (4)
Prehistory of the Americas south of the U.S.; European background, period of conquest, and colonial development to time of wars for independence.

462 Latin America: 1810–1914 (4)
Struggle for independence and social, political, and economic development of Latin American nations during 19th and early 20th centuries.

463 Latin America: 1914 to Present (4)
Social, political, and economic development of Latin American nations since beginning of World War I.

464 Central America Since Independence (4)
Political, social, economic, and cultural developments in Central America from independence to the present.

465 Brazil (4)
Brazilian history from Portuguese occupation of eastern South America through colonial period, independent empire, and the republic to present time.

466A Colonial Mexico (4) (also listed as CHS 466A)
Social, political, economic, and cultural history of Mexico from pre-Columbian times to 1810.

466B Building the Mexican Nation (4) (also listed as CHS 466B)
Social, political, economic, and cultural history of Mexico 1810 to 1910.

466C The Mexican Revolution and its Legacy (4) (also listed as CHS 467)
Prerequisite: CHS 111. Recommended: CHS/HIST 466C.
History of modern Mexico and its impact upon the Chicano people from separation from Mexico in 1848 to the present.

468 History of Colombia (4)
Political, social, economic, and cultural developments in Colombia from the 18th century to the present.

469 Indigenous Peoples of Mexico, 1325-1910 (4)
Political, social, economic, and cultural history of indigenous peoples from all areas of colonial and post-colonial Mexico, with a focus on Nahua (Aztec) and Mayan histories.

470 The Colonial Heritage: The United States, 1607–1763 (4)
Transfer of Old World institutions to British North America. Development of colonial society to end of French and Indian War.

471 Era of Revolution: The United States, 1763–1815 (4)
Causes and nature of American Revolution and development of the new nation through end of War of 1812.

472 Democracy, Dissent, and Disunion: The United States, 1815–1877 (4)
Political democracy; nationalism and sectionalism; slavery and reform; the Civil War and Reconstruction.

473 The United States, 1877-1918 (4)
Industrialism and urbanization, international expansion, the Progressive Era and coming of World War I.

474 The United States, 1918–1952 (4)
The 1920’s, Depression and New Deal, World War II, and the origins of the Cold War.

475 The United States, 1952 to Present (4)
Domestic changes and issues, and international relations of recent times.

476 Economic History of United States (4)
American economic development, industrialization, national legislation in industry and commerce.

477 United States Social History (4)
The social structure; social relations of American individuals, families, and groups; colonial period to the present.

478 History of United States International Relations (4)
International relations of the US with emphasis on the 20th century.

479 Constitutional History of United States (4)
U.S. Constitution and American constitutionalism from colonial times to present.

</table>
400 Methodological Approaches to Comparative Religious Studies (4)
Major methodological approaches to the study of comparative religion, such as historical, phenomenological, philosophical, anthropological, psychological, sociological, and comparative approaches.

402 Religion and Society in Medieval Europe (4) (also listed as HIST 402)
History of European religious beliefs and practices from the 3rd to the 15th centuries, emphasizing the diversity within medieval Christianity.

410 Asian Religions (4)
Prerequisite: RELS/PHIL 200. Comparative analysis of Asian religions; history, rituals, religious experiences, beliefs, ethics, religious institutions, and interrelationships with culture.

423 Migration, Identity, and Religion (4) (also listed as CHS 423 and LAS 423)
Examines the role of the Theology of Liberation and Evangelical Christianity in the lives of Mexicans and Latin Americans in their home countries as well as immigrants in the US.

430 Spiritual Experiences and Mysticism in World Religions (4)
Comparison of spiritual experiences and mysticism in the major world religions in relation to their respective beliefs, rituals, spiritual disciplines, religious communities, and society.

440 / History

Graduate Level Courses (HIST)
All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the department and approval of the graduate adviser. Classified graduate standing is required for admission for all 500-level courses.

501 Introduction to Graduate Study in History (4)
Introduction to theoretical and historiographical issues relevant to graduate study in history.

519 Seminar: Ancient History (4)
Readings, discussion, and paper on topics in Greek or Roman history. May be repeated for credit.

520 Seminar: History of Middle Ages (4)
Readings, discussion, and paper on topics in the history of the Middle Ages. May be repeated for credit.

522 Seminar: Middle Eastern History (4)
Readings, discussion, and paper on topics in Middle Eastern history. May be repeated for credit.

532 Seminar: Early Modern European History (4)
Readings, discussion, and paper on topics in early modern European history. May be repeated for credit.

533 Seminar: Recent European History (4)
Readings, discussion, and paper on topics in recent European history. May be repeated for credit.

540 Seminar: British History (4)
Readings, discussion, and paper on topics in British history. May be repeated for credit.

542 Seminar: Russian History (4)
Readings, discussion, and paper on topics in Russian history. May be repeated for credit.

545 Seminar: Special Topics in Religious Studies (4)
Topics of special interest as announced in Schedule of Classes. May be repeated for credit as subject matter changes.

550 Seminar: Special Studies (4)
Topics of special interest that transcend cultural and chronological lines, as announced in Schedule of Classes. May be repeated for credit as subject matter changes.

551 Seminar: History of Mexico (4)
Readings, discussion, and paper on topics in Mexican history. May be repeated for credit.

562 Seminar: Latin American History (4)
Readings, discussion, and paper on topics in Latin American history. May be repeated for credit.

571 Seminar: Early History of U.S. (4)
Readings, discussion, and paper on topics in the early history of the United States. May be repeated for credit.

575 Seminar: Recent History of U.S. (4)
Readings, discussion, and paper on topics in the recent history of the United States. May be repeated for credit.

577 Seminar: American Social and Intellectual History (4)
Readings, discussion, and paper on topics in American social and intellectual history. May be repeated for credit.

581 Seminar: History of the U.S. West (4)
Readings, discussion, and paper on topics in history of the U.S. West. May be repeated for credit.

591 Seminar: Recent Asian History (4)
Readings, discussion, and paper on topics in recent Asian history. May be repeated for credit.
595 Seminar in Historical Research and Writing (4)
Seminar in historical research methods and writing, culminating in a written research project.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the (Masters) Degree section of this chapter.

598 Graduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in field; regular conferences with sponsor. May be repeated for credit.

599 Thesis (1–4)
Prerequisites: Advancement to candidacy, instructor consent to act as thesis director, departmental approval of topic prior to registration. Independent research resulting in a thesis. Must be repeated to total of 4 units. Graded CR/NC.
The application of information systems and technology in an organization defines the field of study of the Department of Information Systems. The field may be viewed in terms of software, hardware, networking, procedures, and people. The department’s responsibility is to educate its students in the various aspects of organizational information systems. The department is engaged in teaching not just the design, development, implementation and operation of information systems, but also the management of such systems. The department prepares its students for both the technical and management demands in this field.

The department also participates in an Interdisciplinary Studies Minor in Multimedia that enables students to develop interactive, multimedia products. For more information, please refer to University Programs.

The Faculty

Professors: Mohammad B. Ayati, Carol Blaszcynski, Doris Christopher, Nandakumar Ganesan, Adam S. Huarg (Chair), Ronald S. Lemos, Joseph C. Otto, Parviz Partow-Navid, Adam Reed, Paul Rosenthal, Ludwig Slusky.

Associate Professors: Jose Perez-Carballo, Ming Wang, Knox B. Wasley.

Assistant Professors: David Gadish, Jongwook Woo, Song Xing.

Emeriti: Durward P. Jackson, Harold Sackman, Robert C. Verkler.

Undergraduate Programs

Bachelor of Science Degree in Computer Information Systems

A total of 186 units is required for the Bachelor of Science degree in Computer Information Systems, of which 108 units are in the major. All degree candidates must complete 78 units in courses outside the College of Business and Economics. See the Undergraduate Studies: General Information chapter for details concerning these other units. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (108 units)

Both options require a common core of 92 units of lower and upper division courses in the College of Business and Economics and the Department of Information Systems. In addition, each student with upper division standing selects an option in either Business Systems or Information Technology.

Core Requirements (92 units)

Lower Division Required Courses (36 units)

Options (16 units)

Option 1: Business Systems (16 units)

This option prepares students for careers as information systems professionals in end-user departments (such as accounting, marketing, finance, and human resources) in which they support personal computing activities, develop and maintain departmental information systems, and work as business analysts; or work in information centers. Students who select this option are encouraged to pursue a second major in Business Administration because it requires only a few additional courses.
Programming and Systems Electives (4 units)
Select 4 units from the following:

Business and Economics Electives (12 units)
Select 12 units of upper division courses from one functional area within the College of Business and Economics, with adviser approval. Lists of approved functional areas are available in the Department of Information Systems office.
*Total CIS 398 and 498 units for the Computer Information Systems major may not exceed 8 and require adviser approval
**Total of CIS 454 units may not exceed 8 units.

Option 2: Information Technology (16 units)
This option provides the specialized knowledge needed for professional employment in an enterprise-level information systems department in all size organizations.

Required Course (4 units)
CIS 461 Web Design and Development for E-Business (4)

Programming Electives (4-8 units)
Select 4 to 8 units from the following:
CIS 383, 445, 450, 451, 452, 453, 454** (when applicable), 455, 456, 457, 458, 488 (others with consent of adviser).

Systems Electives (4-8 units)
Select 4 to 8 units from the following:
CIS 398*, 400, 405C, 454** (when applicable) 485, 486, 487, 498* (others with consent of adviser).
*Total CIS 398 and 498 units for the Computer Information Systems major may not exceed 8 and require adviser approval
**Total of CIS 454 units may not exceed 8 units.

Minor in Computer Information Systems
The purpose of the minor in Computer Information Systems is to provide students majoring in business and other disciplines the opportunity to develop skills needed to apply computer information systems to their major field of study. The minor requires 23-24 units.

Requirements for the Minor (23-24 units)
Required Course (3-4 units)
CIS 100 Business Computer Systems (4) or
CS 160 Introduction to Computers (3)

Electives (20 units)
Select 20 units from the following:
CIS 283 Introduction to Application Programming with Java (4)
CIS 383 Advanced Application Programming (4)
CIS 405A Analysis and Logical Design I: Data Base (4)

Certificate Program in Computer Programming
The Department of Information Systems offers a credit certificate in Computer Programming, designed to prepare individuals for entry-level computer programming positions or other positions that require sophisticated knowledge of computer technology. The program consists of 28 units including 16 units of required courses and 12 units of electives. Refer to the Undergraduate Studies: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirements for the Certificate (27-28 units)
Required courses (11-12 units)
CIS 100 Business Computer Systems (4) or
CS 160 Introduction to Computers (3)
CIS 283 Introduction to Application Programming with Java (4)
CIS 405A Analysis and Logical Design I: Data Base (4)

Electives (16 units)
Select 16 units from the following:
CIS 383, 405B, 445, 450, 451, 452, 453, 454* (when appropriate), 455, 457, 461, 484, 485 (others with adviser approval)

Graduate and Postbaccalaureate Programs
Master of Science Degree in Information Systems
The Master of Science in Information Systems (MSIS) is designed to provide managers and professionals the necessary technical and managerial skills needed to fulfill the responsibilities of senior professional and project management positions in the information systems/technology field.

The MSIS degree program is organized into two options: a Professional option (PMSIS) designed for current IS/IT professionals and an Executive option (EMSIS) designed for managers and professionals working outside the IS field.

Admission to the Program
In addition to applying to the University, prospective students must submit a separate graduate programs application to the College of Business and Economics Advisement Center. Applicants are admitted to the MSIS program based on a comprehensive review by the Department of Information Systems of: their work experience reflected in a résumé and two letters of recommendation from persons who have supervised the applicant's work. These documents must
confirm a minimum of two years of full-time, professional level work experience in a business information system setting for the Professional Option, or three years of full-time professional level work experience in a management, professional, and/or operations setting for the Executive Option. A minimum GMAT score of 500 or higher is required.

Requirements for the MSIS Degree (45-48 units)
A total of 45-48 units of 500 level courses are required.

Required Common Core Courses (12 units)
CIS 504 Information Systems (4)
CIS 585 Communication and Information Services (4)
CIS 590 IS/IT Policy and Strategy (4)

Comprehensive Examination (0 units)
Students should expect to take the comprehensive examination (BUS 596) the quarter they complete all course work on their program and must comply with college and department requirements.

MSIS Professional Option
The MSIS Professional option (PMSIS) is designed for managers and professionals working in the business information systems field. The option offers information systems professionals the background knowledge needed to move into senior planning, consulting, and project management positions.

Requirements for the PMSIS Option (33 units)
A total of 33 units of 500-level courses are required.

Required Courses (9 units)
CIS 510 IS/IT Architectures (4)
CIS 520 Software Engineering (4)
CIS 598 Graduate Directed Study (1)

Electives (24 units)
Select 24 units (six courses) with prior graduate adviser approval.

MSIS Executive Option
The MSIS Executive Option (EMSIS) is designed for working executives, managers, and professionals who are interested in a career redirection or change into the business information systems/technology field. It is designed to provide persons currently employed in business and other types of organizations in management and operations positions the education needed to obtain the professional and managerial knowledge and skills needed for senior level positions in information systems/information technology (IS/IT) user and support organizations, such as: consulting, user management, development planning and management, and data center operations.

Requirements for the EMSIS Option (36 units)
A total of 48 additional units of 500 level courses are required.

Required Courses (12 units)
CIS 501 Application Programming (4)
CIS 502 Analysis and Logical Design I: Data/Object Structures (4)
CIS 503Z Analysis and Logical Design II: Methodology (4)

Electives (24 units)
Select 24 units (six courses) with prior graduate adviser approval.

Certificate Program in Advanced Information Systems
The Department of Information Systems offers a certificate in Advanced Information Systems, designed to provide an academic base for information systems professionals in such specialties as systems analysis and design, data administration, client-server systems, web-based systems, object-oriented and visual programming and distributed data processing as well as information systems management. The study of advanced techniques and software productivity tools is emphasized. This certificate program is suitable for students who have completed, or expect to earn, an undergraduate degree in a major other than Computer Information Systems; graduate students in Business Administration; and information systems professionals who hold a bachelor’s degree in any field.

The program includes a minimum of 28 units in CIS and related courses: 16 units in the core and at least 12 units of electives. Refer to the Undergraduate Studies: General Information chapter of this catalog for general regulations governing all certificate programs.

Prerequisites:
• A bachelor’s degree in Business Administration; or
• Senior standing in a Bachelor of Science degree program in Business Administration or Computer Science; or
• Classified graduate standing in a master's degree program in the College of Business and Economics; or
• A bachelor's degree in another field and at least two years of experience in business management or as an information systems professional.

Requirements for the Certificate (28 units)

Required Core (16 units)
CIS 301 Management Information Systems (4)
CIS 405A Analysis and Logical Design I: Data Base (4)
CIS 405B Analysis and Design II: Systems (4)
CIS 484 Communication Systems (4)

Electives
Select at least 12 units from the following:

*Restricted to classified graduate students.

List of Courses (CIS) - Undergraduate Level

Lower Division Courses
100 Business Computer Systems (4)
Computer system fundamentals; computer hardware and software concepts; introduction to microcomputer software.

283 Introduction to Application Programming with Java (4)
Prerequisite: CIS 100. Introduction to business application programming: concepts and techniques of structured and object-oriented programming including data representation, input-output, calculations, control structures, sorting, and classes.
284 Introduction to Application Programming in Visual Basic.NET Environment (4)
Prerequisite: CIS 100 or equivalent. Design, construction, and use of business applications in Visual Basic.NET environment. Concepts/techniques of structured and object oriented programming will be covered and practiced. Emphasis will be given to program logic, flowcharting and/or pseudo-code writing.

Upper Division Courses
Upper division standing is prerequisite to enrollment in 300- and 400-level CIS courses.

301 Management Information Systems (4)
Prerequisite: CIS 100. Organizational context of computer-based information systems; common application systems; information architecture; user role in systems development; social and ethical implications.

320 PC Office Suites (4)
Prerequisites: CIS 100, BUS 305. Intensive, hands-on instruction in software suite applications using Microsoft Office; includes introductory and intermediate study of word processing, desktop publishing, spreadsheets, graphics, data base management, presentations design, desktop information management, application integration, and internet integration.

383 Advanced Application Programming (4)
Prerequisite: CIS 283. Programming of complex, integrated business application systems; advanced language features such as table handling and subroutines; job control concepts.

398 Cooperative Education in Information Systems (1-4) (see UNIV 398)

400 Data Base Server Administration (4)
Prerequisite: CIS 405A. Basic Unix and SQL commands; data base architecture, administrative tasks; hands-on instance startup/shutdown, creating operational data base, managing table spaces, files, users, privileges, resources; using data dictionary; remote administration of data base.

405A Analysis and Logical Design I: Data Base (4)
Prerequisites: Knowledge of Microsoft Windows and programming language. Role of data bases in information systems; data modeling using entity-relationship analysis; relational data base concepts; normalization; SQL/query language; implementation of a single-user data base application on a microcomputer.

405B Analysis and Design II: Systems (4)
Prerequisite: CIS 405A. Life cycle and methodologies; requirements determination, logical design, physical design, test and implementation planning, and performance evaluation; communication and interpersonal skills; analysis methods and tools; impact of emerging technologies.

405C Advanced Information Systems Development (4)
Prerequisite: CIS 405B. Physical design and implementation of an information system; development in an object-based programming and relational data base environment; group project.

410 Hardware and Software Architecture (4)
Prerequisite: CIS 283. Analysis of contemporary information technology architectures and environments, including: multi-tiered client/server architectures; enterprise, workgroup, and personal systems hardware and operating systems; and systems and program planning and development tools.

445 Network Application Development
Prerequisite: CIS 405A. Design and implementation of multi-user business applications emphasizing client/server technology.

450 Advanced Data Base Design (4)
Prerequisite: CIS 405A. Object-oriented data modeling and design for data base systems; unified modeling language; distributed data base; role of the data administrator.

451 Mainframe Data Base Technology (4)
Prerequisite: CIS 405A. Mainframe data base analysis/programming; relational model and data definition and manipulation using IBM DB2 and Structured Query Language (SQL); systems applications architecture contexts; physical data structures and interface with COBOL/CICS.

452 Customer Information Control System (4)
Prerequisite: CIS 383. CICS/VS command level with ANS COBOL including program concepts, transactions, tasks, creating maps, terminal input/output commands, and file maintenance.

453 Application Programming in C++ Language (4)
Prerequisite: CIS 283. Effective use of advanced features of C++ to develop integrated sets of application programs for business organizations.

454 Special Topics in Computer Information Systems (4)
Prerequisites: Varies with topic; see Schedule of Classes for specific prerequisites. In-depth presentation and analysis of topics significant to contemporary business world; lectures, discussions, speakers, and research projects. May be repeated for credit to maximum of 8 units.

455 Visual Basic.Net Database Applications (4)
Prerequisite: CIS 284 or equivalent, CIS 405A or equivalent. Design, construction, and use of Visual Basic.Net programs. Concepts and skill building techniques in object oriented programming and database application development including SQL.

456 Visual Basic.NET Web Applications and Security (4)
Prerequisite: CIS 284 and CIS 405A or equivalent. Covers concepts and skills in Object Oriented Programming, Internet, Windows application interface design, and server-side programming. Real life problem-solving skills in the Web and database environments. Covers internet security features of .NET.

457 Advanced Java Programming (4)
Prerequisite: CIS 283. Application programming with Java. Object-oriented programming for business applications in Java, including applications versus applets, classes, interfaces, arrays, multimedia, exceptions, and threads and JSP/Servlet.

458 E-business Application Development with Oracle (4)
Prerequisite: CIS 405A and CIS 283. Introduction to technical architecture and detailed technology solutions required to implement e-business applications in the real world. Includes fundamentals of database application development, connectivity, embedded SQL, and server-side technology.

461 Web Design and Development for E-business (4)
Prerequisites: CIS 283 or 284 or equivalent. An introduction to E-business infrastructure, issues and development. Programming for the web and web publishing tools. Hands-on projects reflect problem-solving skills in the E-business world.

484 Communications Systems (4)
Prerequisite: CIS 100. Business data communications and local area network topics including data communications theory, communication hardware and software, microcomputers in communications, LANs, online services, electronic mail, and WANs.
Graduate Level Courses (CIS)

Classified graduate standing and approval by the College of Business and Economics Advisement Center are required for admission to all 500-level courses.

</table>

485 Local Area Networks (4)
Prerequisite: CIS 484. Networking fundamentals, design and implementation of a LAN, user and resource management, internetworking and interfacing with the Internet; hands-on exposure to a popular network operating system of the time.

486 Managing Information Systems Projects (4)
Prerequisites: CIS, MGMT 307. Effective behavioral and technical techniques in managing information systems development over the project life cycle.

487 Decision Support Systems (4)
Prerequisites: CIS 100; FIN 303; MGMT 306. Computer-based decision analysis techniques and software packages; use of spreadsheet facilities, expert systems, optimization, and simulation techniques.

500 Information Systems for Management (4)
Prerequisite: Senior standing, passing grade on the WPE. Integration of information systems and technology core courses; provides exposure to roles of information systems and technology professionals in industry.

504 Information Systems (4)
Prerequisite: Knowledge of Procedural Language Programming. Design of web sites based on visual, color, content, animation, and hierarchical elements; tailoring format and writing for specific audience, purpose, and media; incorporating interactivity to enhance understanding and usability.

510 IS/IT Architectures (4)
Prerequisite: Procedural language programming experience. Analysis, design, implementation, and management of decision support and expert systems; hands-on development of a decision support/expert systems model.

517 Seminar: Decision Support Systems (4)
Prerequisite: CIS 484 or CIS 585 or equivalent. This class surveys the broad topic of Internet Security to secure a web and Internet environment including ethical, social and legal aspects of security.

520 Software Engineering (4)
Prerequisite: CIS 484 or CIS 585 or equivalent. Latest research projects in computer information systems; application of research techniques and results to specific problems. May be repeated once as subject matter changes.

528 Current Problems in Computer Information Systems (4)
Prerequisite: CIS 504. Latest research projects in computer information systems; application of research techniques and results to specific problems. May be repeated once as subject matter changes.

543 Data Base Systems (4)
Prerequisite: CIS 484 or CIS 585 or equivalent. Design of an E-Commerce Site (4)
Prerequisite: Basic knowledge of HTML or XML. Analysis, development, and design of a web-based e-commerce site model for an actual business. Team projects incorporate web design, electronic transfer processing, and site development/maintenance.

560 Seminar: Microcomputer Networks (4)
Prerequisite: CIS 484 or CIS 585 or equivalent. Latest research projects in computer information systems; application of research techniques and results to specific problems. May be repeated once as subject matter changes.

561 Design of an E-Commerce Site (4)
Prerequisite: Basic knowledge of HTML or XML. Analysis, development, and design of a web-based e-commerce site model for an actual business. Team projects incorporate web design, electronic transfer processing, and site development/maintenance.

562 Authoring Web Sites (4)
Prerequisite: Knowledge of Procedural Language Programming. Design of web sites based on visual, color, content, animation, and hierarchical elements; tailoring format and writing for specific audience, purpose, and media; incorporating interactivity to enhance understanding and usability.

Prerequisite: Procedural language programming experience. Analysis, design, implementation, and management of decision support and expert systems; hands-on development of a decision support/expert systems model.

581 Health Care Information Systems (4)
Prerequisite: CIS 484 or CIS 585 or equivalent. Latest research projects in computer information systems; application of research techniques and results to specific problems. May be repeated once as subject matter changes.

488 Internet Security (4)
Prerequisite: CIS 484 or CIS 585 or equivalent. This class surveys the broad topic of Internet Security to secure a web and Internet environment including ethical, social and legal aspects of security.
583 Information Systems Consulting (4)
Approaches and tools for consulting to the modern information-age organization; presentation of the results of actual information systems consulting projects; student case study presentations.

584 Seminar: Controlling and Auditing Computer Systems (4)
Controlling online interactive computer/data communication systems as a challenge to management and internal and external auditors.

585 Communication and Information Services (4)
Prerequisite: CIS 504. Voice and data communication technologies that underlie the Internet; tools and strategies needed for e-commerce and information services.

586 Information Systems Project and Change Management (4)
Organizational, behavioral and life-cycle aspects of the project planning, staffing, control, and implementation elements of technology-based systems.

590 IS/IT Policy and Strategy (4)
Prerequisite: CIS 504. Discussion of the strategic perspective for aligning organizational strategy, core competencies, and information systems and technology; partnership roles of the CEO and CIO.

598 Graduate Directed Study (1)
Investigation of an approved project leading to written report; project selected in conference with seminar professor, and arrangements made for regular meetings during quarter. May be repeated for credit.
Ability to interact and communicate effectively across cultures is extremely important in Southern California, especially in the Los Angeles metropolitan area. There is already an enormous mix of people from many different cultures in this region, and this diversity is continuing to increase. Interaction with people from different cultural backgrounds is inevitable in work, community, and family settings. The Intercultural Proficiency Certificate Program at Cal State L.A. provides a special opportunity for students to gain the necessary theoretical and practical competencies to be effective in culturally diverse environments.

The Faculty

Program Director: Anne Larson

The faculty for the program is interdisciplinary in nature, representing the various departments whose courses comprise the certificate program offered. The program is coordinated by the program Director.

Undergraduate Programs

Certificate Program in Intercultural Proficiency

The Intercultural Proficiency (ICP) Certificate Program is designed to increase students’ abilities to communicate and interact effectively within our increasingly multicultural living and working environment. Achieving intercultural proficiency is a personal dynamic and developmental journey. The overall goal of the program is to prepare our students to be change agents with the knowledge and skills that will enable organizations and institutions to accept, value and honor diversity.

List of Courses (ICP) - Undergraduate Level

481 Achieving Intercultural Proficiency in Urban Communities (4)
Prerequisites: Junior standing or above. Preparation for understanding sociocultural and community factors necessary for achieving intercultural proficiency. Practical experience enabling increased intercultural proficiency in relation to diverse communities. Graded ABC/NC.

483 Intercultural Proficiency: Diverse Urban Families (4)
Prerequisite: Junior standing or above.
Corequisite: ICP 495 (1 unit) Description and analysis of similarities and differences among ethnic families in urban communities; unique values and beliefs, attitudes, goals, family organization, place of family in society and gender roles. Graded ABC/NC.

485 Mobilizing Diverse Communities (4)
Prerequisite: Junior standing or above.
Corequisite: ICP 495 (1 unit). Concepts and practices of community empowerment. Community organization, collaboration, mobilizing, urban ecology; ramifications of institutional racism in American society. Lecture 2 hours; activity 2 hours. Graded ABC/NC.

495 Practicum: Serving Diverse Communities (4)
Prerequisites: ICP 481 and completion of at least 12 additional units of course work that count toward the ICP certificate. Hands-on experience in a multicultural setting in a nonprofit or governmental service agency; service-learning focus that provides opportunities to reflect on practicum experiences in order to enhance understandings of theory. Graded CR/NC.

The Faculty
Faculty from departments across the College of Business and Economics participate in this program.

By coordinating and combining resources from all of its departments and faculty, the College of Business and Economics offers undergraduate and graduate programs that prepare students for management positions with broad responsibility. Undergraduate programs include the Bachelor of Science in Business Administration with a Special Business option and the Minor in Basic Business. At the graduate level, the Master of Business Administration (MBA) degree and the Master of Science degree (MS) in Business Administration are offered. Also available is a graduate level credit certificate in Business Management.

Undergraduate Programs

Bachelor of Science Degree in Business Administration with Option in Special Business
A total of 180 units is required for the Bachelor of Science degree in Business Administration with the Special Business Option. This option provides for programs designed to meet individual interests not covered by the other options. Permission to take this option must be secured from the dean of the college. The BSBA degree with this option requires completion of 72 units in BSBA core courses and 28 units in the option. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Students select courses in business, economics, and relevant fields in consultation with the college dean and appropriate faculty members, depending upon their unique and special objectives.

Minor in Basic Business
Advisement: College of Business and Economics Advisement Center
The purpose of the minor in Basic Business is to provide a structured program for students majoring in academic degree programs outside the College of Business and Economics who wish to augment their major with basic knowledge in business and economics.

For students who intend to pursue further study in business at advanced undergraduate or graduate levels, MATH 242 is strongly recommended. The 40 units required for the minor are:

Graduate and Postbaccalaureate Programs

Master of Business Administration Degree (MBA)
This is a broad, management-oriented degree with two tracks: the Main track and the Executives track. The Main track provides an integrated sequence of required courses and additional elective courses in selected concentrations. Having a different integrated sequence of required courses, the Executives track provides unspecified - and possibly interdisciplinary - elective courses that can be tailored to the specific professional needs of individual student groups.

MBA Main Track
This program track is designed for individuals of widely varied backgrounds. Elective courses provide for concentration in one of the following areas: accounting, business economics, information systems, finance, health care management, international business, management, and marketing.

Admission to the Program
Applicants are admitted based on a comprehensive review of their work experience, prior education, GMAT scores, and letters of recommendation. In addition to meeting University requirements for admission to graduate study, applicants must submit a separate graduate program application to the College of Business and Economics.

Foundation Courses (28 units)
Students without an undergraduate degree in business must complete the 28-unit courses listed below.
ACCT 500 Financial and Managerial Accounting (4)
CIS 500 Information Systems for Management (4)
ECON 500 MBA Economics (4)
ECON 501 Quantitative Methods for Business Decision-Making (4)
FIN 500 Business Finance and Law (4)
MGMT 500 Management (4)
MKT 500 Marketing Principles and Concepts (4)

Students with a concentration in Accounting must also complete 20 or more units in accounting (ACCT 320A&B, 321, 322 and 420). Students with a concentration in Information Systems must have a basic background in Information Systems (equivalent to CIS 283, 405A, and 405B).

Individual courses in core areas may be waived on the basis of equivalent undergraduate coursework. A grade of "C" or better is necessary for a course credit transfer to satisfy the foundation requirements.

Additional Requirements for the Degree (48 units)
In addition to meeting the foundation coursework requirements, a total of 48 units are required for the main track.

Required Core (32 units)
BUS 511 Managerial Skills and Business Ethics (4)
BUS 512AB Financial Reporting, Control, Management and Markets I, II (4, 4)
BUS 513 Marketing Management in Global Environment (4)

MKT 304 Principles of Marketing (4)
BUS 514AB Managing Business Processes I, II (4, 4)
BUS 515 Business, Government Policies and the Global Economy (4)
BUS 516 Integrated Business Strategy (4)

NOTE: BUS 512A&B as well as BUS 514A&B are to be taken in a 2-quarter lock-step sequence.

Elective Courses (16 units)
Select 500-level courses with adviser approval. These 16 units may be taken in one of the following areas: accounting, business economics, information systems, finance, international business, management, marketing, health care management, or business economics.

Culminating Experience (0 units)
Students must demonstrate their integrative and interdisciplinary business capabilities by satisfactorily completing BUS 596, Comprehensive Examination.

MBA for Executives Track
This program track is designed for groups of working business executives who as student cohorts will complete both the MBA core and specialized courses on a customized timetable and usually at special locations. The college will consider the particular needs of each group of students in selecting specialized courses from areas such as accounting, business economics, information systems, finance, health care management, international business, management, and marketing.

Admission to the Program
Applicants are admitted based on a comprehensive review of their work experience, an acceptable bachelor's degree, GMAT scores, and letters of recommendation. The work requirement will generally be three to five years of significant experience. In addition to meeting University GPA requirements for admission to graduate study, applicants must submit a separate graduate program application to the College of Business and Economics.

Foundation Courses (28 units)
Students without an undergraduate degree in business must complete the 28-unit courses listed below.
ACCT 500 Financial and Managerial Accounting (4)
CIS 500 Information Systems for Management (4)
ECON 500 MBA Economics (4)
ECON 501 Quantitative Methods for Business Decision-Making (4)
FIN 500 Business Finance and Law (4)
MGMT 500 Management (4)
MKT 500 Marketing Principles and Concepts (4)

Students with a concentration in Accounting must also complete 20 or more units in accounting (ACCT 320A&B, 321, 322 and 420). Students with a concentration in Information Systems must have a basic background in Information Systems (equivalent to CIS 283, 405A, and 405B).

Individual courses in core areas may be waived on the basis of equivalent undergraduate coursework. A grade of "C" or better is necessary for a course credit transfer to satisfy the foundation requirements.

Additional Requirements for the Degree (48 units)
A total of 48 units is required.

Required Courses (28)
BUS 511 Managerial Skills and Business Ethics (4)
BUS 516 Integrative Business Strategy (4)
BUS 563 E-Commerce (4)
BUS 565 Risk Management (4)
FIN 531 Financial Institutions and Markets (4)
**Elective Courses (20)**
Each strident cohort in the Executives Track will complete a set of 500 level courses chosen by the College of Business and Economics to match the needs of the particular student group. A sample of elective courses may include the following:

- **ACCT 522** Current Topics in Financial Reporting
- **ACCT 524A** Accounting Information Systems
- **CIS 504** Management Information Systems
- **CIS 586** Information Systems Project and Change Management
- **ECON 521** International Macroeconomics and Currency Crises
- **FIN 533** International Finance
- **FIN 535** Speculative Securities and Markets
- **MGMT 572** Power and Politics in Organizations
- **MKT 543** International Marketing
- **MKT 545** New Venture Marketing

**Culminating Experience (0 units)**
Students must demonstrate their integrative and interdisciplinary business capabilities by satisfactorily completing BUS 596, Comprehensive Examination.

---

**Master of Science Degree in Business Administration**
This is a specialized degree program that allows concentration and research in one of the following options: Finance, International Business, Management, and Marketing.

**Admission to the Program**
Students must fulfill University requirements for admission to graduate study and must submit a separate graduate program application to the College of Business and Economics. The college admits applicants based on a comprehensive review of their prior education, work experience, GMAT scores, and letters of recommendation. Those without an undergraduate degree in business are required to complete 24 units of Foundations of Business courses listed below for admission to classified graduate standing for the M.S. degree in Business Administration.

Students can satisfy the 24-unit requirement by completing the courses listed below or by submitting transcripts demonstrating that they have successfully completed the equivalent subject material either at the undergraduate or graduate level. In addition, students must demonstrate competence in statistics and the use of computers. Students can satisfy the competence requirement by successfully passing competence exams in each area or by submitting transcripts showing that they have satisfactorily completed the subject matter at either the undergraduate or graduate level.

- **ACCT 500** Financial and Managerial Accounting (4)
- **ECON 500** MBA Economics (4)
- **ECON 501** Quantitative Methods for Business Decision-Making (4)
- **FIN 500** Business Finance and Law (4)
- **MGMT 500** Management (4)
- **MKT 500** Marketing Principles and Concepts (4)

In addition to completing the 24-quarter units of acceptable basic business courses listed above, applicants must have an approved graduate degree program on file in the College of Business and Economics Advisement Center.

---

**Requirements for the Degree (45 units)**
A total of 45 units is required, with at least 41 units in 500-level courses.

**Required Core (16 units)**
- **BUS 511** Managerial Skills and Business Ethics (4)
- **BUS 514A** Managing Business Processes I (4)
- **BUS 514B** Managing Business Processes II (4)
- **BUS 516** Integrative Business Strategy (4)

**Thesis (5 units)**
- **BUS 599AB** Thesis (2, 3)

**Options (24 additional units)**
Options are available in Finance, International Business, Management, and Marketing. All departmental and program information will be found in the corresponding section in the Academic Programs: Department, Division, School, and Interdisciplinary Program-based chapters.

---

**Certificate in Business Management**
The Postbaccalaureate Certificate Program in Business Management at California State University, Los Angeles is designed to provide the basic business skills to postbaccalaureate and graduate students interested in management positions. The program provides the essentials of business and management to those with limited or no formal education or experience in business. How cultural diversity drives business behavior; specific reference to Los Angeles firms builds awareness, knowledge and skills to interact successfully within diverse business environments. GE D

#### Upper Division Courses

*Upper division standing is prerequisite to enrollment in 300- and 400-level BUS courses.*

**301 Transition to Cal State L.A. for Business and Economics Majors (2)**
Skills and resources for transfer students in College of Business and Economics majors. Meets University transfer student Introduction to Higher Education (IHE) requirement. Campus computer account required. Graded ABC/NC.

**305 Business Communications (4)**
Prerequisites: ENGL 102,* satisfactory completion of the Graduation Writing Assessment Requirement (GWAR), Principles of business communication; emphasis on clear and correct written communication as a tool for business decision-making.

**354 Business and Economics Special Topics (1-4)**
Prerequisite: Varies with topic: Topics of special interest, as announced in the Schedule of Classes. In-depth presentation and analysis of topics significant to business and economics, lectures, discussions and projects. May be repeated for credit for 8 units as subject matter changes.

**395 Community Service in Business (1–3)**
Prerequisites: Upper division standing in College of Business and Economics major; approval of college interdisciplinary faculty coordinator in consultation with EPIC director, and acceptance by an appropriate community agency or director of a campus-approved business assistance or development project. Participation in work of a community agency or activities in business assistance or development projects, utilizing professional and/or vocational skills in service to community. May be repeated to maximum of 6 units. Graded CR/NC.

**454 Special Topics in Business (1–4)**
Prerequisite: Varies with topic; see Schedule of Classes for specific prerequisites. In-depth presentation and analysis of topics significant to contemporary business world; lectures, discussions, speakers, and research projects. May be repeated for credit for 20 units as subject matter changes.

**499 Undergraduate Directed Study (1–4)**
Prerequisites: Senior standing and instructor consent to act as sponsor. Independent work and preparation of oral and written reports. Project selected in conference with sponsor before registration; progress meetings held regularly. May be repeated for credit to maximum of 20 units as subject matter changes.

### Graduate Level Courses (BUS)

Classified graduate standing and approval by the College of Business and Economics Advisement Center are required for admission to all 500-level courses.

**501 High Performance Management: Communication, Teamwork, and Leadership (4)**
Corequisite: BUS 502A. Develops the managerial skills that affect individual and group performance organizations. Topics include leadership, motivation, diversity management, organizational behavior, and human resource management. Managerial communication, team-building, negotiation, conflict resolution, and intercultural communication skills will also be emphasized.

**502A Integrative Business Strategy I (4 units)**
Corequisite: BUS 501. Provides an integrative view of strategically positioning the firm for success. Topics include legal, political, and economic environments, competitive, marketing and sales, technology, financial, and corporate planning strategies. Continuation of material from BUS 502A.

**503 Managing Business Processes (6 units)**
Prerequisites: BUS 501, BUS 502A; Corequisite: BUS 502B. Organized around the value chain methodology, the course covers the business processes central to a firm's product creation and delivery activities. Logistics, process design, marketing and sales procurement, and technology will be analyzed, along with the management, support and information services needed to support these functions.

**502B Integrative Business Strategy II (2 units)**
Prerequisites: BUS 501, BUS 502; Corequisite: BUS 503.
504 Competing in a Global Environment (8 units)
Prerequisite: BUS 503. Acknowledging the global environment in which business operates, addresses management concerns for maximum organizational effectiveness in international business. Topics include international market identification, trade practices and policy, legal issues in business, international currency markets, joint ventures, international business strategy, and global management. Intercultural management issues, negotiation, and crosscultural differences will also be addressed.

505 New Business Management (8 units)
Prerequisite: BUS 503. Interdisciplinary understanding of the skills and knowledge necessary to start and manage a new business. Topics include market research, new product design and analysis, raising capital, forecasting demand, new business opportunities, project management, writing a business plan.

511 Managerial Skills and Business Ethics (4)
Develops the managerial skills needed for effective individual and group performance in dynamic organizational, societal, and global environments. Topics include organizational culture, ethics, social responsibility, and human resource management. Managerial communication, leadership, motivation, teamwork, negotiation, and intercultural communication skills are emphasized.

512A Financial Reporting, Control, Management and Markets I (4)
Prerequisites: ACCT 200AB and 300; or ACCT 500; or equivalent courses. The course covers the use of financial and managerial accounting concepts applied for analysis, problem solving and decision-making in corporations. Topics include financial statement analysis, project and product analysis, internal control, accounting ethics, corporate governance, and tax and data security issues.

512B Financial Reporting, Control, Management and Markets II (4)
Prerequisites: FIN 500 or 303 or equivalent courses and BUS 512A. Basic concepts of managerial finance, portfolio theory, multinational financial management and financial institutions. Topics include financial statement analysis, capital budgeting, mergers and acquisitions, portfolio analysis, asset pricing, management of financial intermediaries, and risk management.

513 Marketing Management in Global Environment (4)
Integrates concepts and tools in the marketing discipline so that students will be able to apply them to the dynamic marketing systems. Topics include analyzing global marketing opportunities, designing marketing strategy, managing, implementing, and evaluating marketing programs.

514A Managing Business Processes I (4)
Prerequisites: MGMT 500 and CIS 500; or equivalent courses. Organized around the value chain methodology, the course covers the business processes central to a firm's product creation and delivery activities. Logistics, process design, marketing, procurement, and technology will be analyzed.

514B Managing Business Processes II (4)
Prerequisite: MGMT 500, CIS 500; or equivalent courses and BUS 514A, Successful forecasting, development, and scheduling is crucial to productivity and Enterprise Resource Planning (ERP) is the primary way to attain it. ERP technologies, Internet and Intranet, and Customer Relations Management are discussed along with implementation and security issues.

Prerequisite: ECON 201 and 202; or ECON 500; or equivalent courses. Domestic and global economic environments for business. Effects of public policies, national economic policies, and international economic policies on business decision-making. Issues in regional and global economic integration.

516 Integrative Business Strategy (4)
Provides an integrative view of strategically positioning the firm for success. Topics include legal, political, and economic environment, competitive, marketing and sales, technology, financial, and corporate planning strategies.

563 E-Commerce (4)
Fundamentals of electronic commerce, including retailing and advertisement in electronic commerce; business-to-business electronic commerce; Intranet and Extranet; strategy, infrastructure and implementation of electronic commerce; legal and privacy issues.

565 Risk Management (4)
Nature of risk; risk measurement and strategy; financial risk, operational risk, regulation and political risk; insurance and systematic risk; emerging issues in risk and environment risk; application of theory of risk to business management.

596 Comprehensive Examination (0 units)
Students should expect to take the comprehensive examination (BUS 596) the quarter they complete all course work on their program and must comply with college and departmental requirements.

597 Graduate Research (1–4)
Prerequisites: Instructor consent to act as sponsor, approval of graduate associate dean prior to registration. Independent research under guidance of faculty member. Acceptable final written report required. May be repeated for credit to maximum of 8 units. Graded ABC/NC.

599A Thesis (2)
Prerequisites: Written approval of graduate adviser; for M.S. Business Administration candidates, completion of at least one of ACCT 503, ECON 502, or MGMT 501 and concurrent registration in at least one of the remaining two courses. Formal course in research methodology conducted at option of individual departments. Prior to completion, students will have completed a tentative outline of thesis, petitioned graduate adviser for appointment of a thesis committee, and submitted tentative outline to thesis committee. Graded CR/NC.

599B Thesis (3)
Prerequisites: BUS 599A, written approval of thesis committee chair. Completion of thesis under direct supervision of thesis committee. Graded CR/NC.

Requirements for the Certificate (24 units)

Required courses (16 units)

- FIN 431 Multinational Financial Management (4)
- MGMT 462 Comparative Management (4)
- MKT 358 International Business (4)
- MKT 456 International Marketing Management (4)

Electives (8 units)
Select two upper division College of Business and Economics electives with adviser approval.
Certificate Program in International Business Communication

The certificate in International Business Communication affords students the opportunity to combine language, culture, communication, and business knowledge. It gives College of Business and Economics majors a chance to add language and intercultural expertise, along with enhanced communication skills, to their program of study. At the same time, it gives language majors, Communications majors, and area studies majors a chance to add business courses to their program of study. The certificate enables students to pursue careers in organizations that seek persons with both recognized language skills and business training, such as international businesses, international foundations, nongovernment organizations, and international educational organizations. The language, culture and communication components also benefit students who obtain jobs in local organizations whose employees represent multiple cultures.

The certificate requires completion of 24 units, selected from four required and two elective courses.

Prerequisites
- Senior standing in a BS in Business Administration degree program or a BA degree program in modern languages, or in Pan African or Chicano Studies, or Communications, or Economics at California State University, Los Angeles, or
- A BA degree in a language or Communications from California State University, Los Angeles, or

Prerequisites (cont’d)
- A BA degree in area studies (e.g., Latin American Studies, Asian Studies) from another recognized university, or
- A BS degree in Business Administration from California State University, Los Angeles or another recognized university, or
- Graduate standing in a master’s degree program in business administration, economics, communications, area studies, or modern language at California State University, Los Angeles or
  - Consent of the certificate coordinator.

Requirements for the Certificate (24 units)

Required Core Courses (16 units)
- MKT 358 International Business (4)
- COMM 489 Intercultural Communication (4)
- MKT/COMM 459 Intercultural Business Communication (4)

Elective Courses (8 units)
Select one language course from the following:
- CHIN 380 Business Chinese (4)
- JAPN 380 Business Japanese (4)
- SPAN 380 Commercial Spanish (4)

Electives (8 units)
Select one-area studies elective from the following:
- AAAS 200 Pacific Asian Culture, People, and Society (4)
- ANTH 401 Comparative Cultures (4)

Required Core Courses (16 units)
- CHS 311 Chicano Cultural History (4)
- CHIN 310 Chinese Civilization (4)
- GEOG 424 South and Southeast Asia (4)
- JAPN 310 Japanese Civilization to 1600 (4)
- JAPN 311 Japanese Civilization since 1600 (4)
- LAS 335 Race and Culture in the Americas (4)
- PAS 420 Afro-American Culture (4)
- SPAN 315 Spanish-American Civilization (4)

Elective Courses (8 units)
Select one business elective from the following:
- ECON 461 Economics of International Trade (4)
- FIN 431 Multinational Financial Management (4)
- FIN 480 International Business Law (4)
- MGMT 462 Comparative Management
- MKT 456 International Marketing Management (4)

Select one business elective from the following:
- ECON 461 Economics of International Trade (4)
- FIN 431 Multinational Financial Management (4)
- FIN 480 International Business Law (4)
- MGMT 462 Comparative Management
- MKT 456 International Marketing Management (4)

Graduate and Postbaccalaureate Programs

Master of Science Degree in Business Administration with the Option:
International Business (45 units)

This is a specialized degree program that permits concentration and research in one of several options.

Admission to the Program
Students must fulfill University requirements for admission to graduate study and must submit a separate graduate program application to the College of Business and Economics. The college admits applicants based on a comprehensive review of their prior education, work experience, GMAT scores, and letters of recommendation. Those without an undergraduate degree in business are required to complete 24 units of Foundations of Business courses listed below for admission to classified graduate standing for the M.S. degree in Business Administration.

The 24-unit requirement can be met either by completing the courses listed below or by submitting transcripts demonstrating that the equivalent subject material has been successfully completed either at the undergraduate or graduate level. In addition, competence must be demonstrated in statistics and the use of computers. The competency requirement can be met by successfully passing competency exams in each area of by submitting transcripts showing that the subject matter has been successfully completed at either the undergraduate or graduate level.

- ACCT 500 Financial and Managerial Accounting (4)
- ECON 500 MBA Economics (4)
- ECON 501 Quantitative Methods for Business Decision Making (4)
- FIN 500 Business Finance and Law (4)
- MGMT 500 Management (4)

BUS 513 Marketing Management in Global Environment (4)

Electives (20 units)
Select 20 units from the following with adviser approval.
ACCT 525 Seminar: International Accounting (4)
ECON 561 Seminar: International Economics (4)
FIN 533 Seminar: International Finance (4)
MGMT 577 Seminar: International Business Management (4)
MKT 543 Seminar: International Marketing (4)
BUS 515 Business, Government Policies, and Global Economy (4)
The School of Kinesiology and Nutritional Science focuses on the study of human physical activity, dietary practices, and food production processes. The mission is to prepare professionals to practice at the baccalaureate and masters level, conduct research, pursue graduate study, and engage in public and professional service. The overall goals of the School are to promote adoption of lifestyles that involve health-related physical activity and healthy eating at various stages of the lifecycle, and to encourage production of healthy, safe, and attractive foods.

The Bachelor of Science in Exercise Science (BSES) program is designed primarily to meet the educational needs of students who wish to pursue strong bioscience-based study in Exercise and Nutritional Sciences that will prepare them for post-graduate studies in the above-mentioned fields as well as in various allied health fields (e.g. Physical Therapy, Physician Assistant). The Bachelor of Science in Exercise Science program has two options: Exercise and Biosciences and Exercise and Nutrition. The Exercise and Biosciences option is designed to provide an in-depth study of the human organism during exercise and the effect of acute and chronic exercise on the human body. It provides a strong background in Biology, Chemistry, Physics, and Mathematics and is intended to arm the students with the knowledge and skills necessary to succeed in graduate studies in Exercise Science (e.g. Clinical Exercise Physiology, Exercise Physiology, Kinesiotherapy, Biomechanics, Motor Control) or Allied Health (e.g. Physician Assistant, Physical Therapy, Occupational Therapy, Chiropractic, Optometry, Public Health). Furthermore, with additional course work (15 quarter units), students may complete the prerequisites required for admission to other Allied Health professional programs (e.g. Medicine, Osteopathy, Dentistry, Pharmacy). Graduates of this program will also have the same opportunities for careers in physical activity professions available to students in the Kinesiology degree options of Exercise and Human Performance and Rehabilitation and Therapeutic Exercise. The Exercise and Nutrition option prepares students for the above-mentioned graduate studies and careers that are more focused on the nutritional aspects of health, exercise, and performance.

Programs in Kinesiology include the Bachelor of Science and the Master of Science degrees for students who want to prepare for careers in organizing and managing health-related exercise programs in community health clubs, corporate fitness centers, and medical settings; developing and managing programs to rehabilitate people with disabilities through the use of exercise; leading physical activity programs in nonprofit, community agencies such as YMCAs, Boys and Girls Clubs, or community recreation centers; teaching physical education, adapted physical education, or dance in schools; and coaching athletic teams in schools and colleges. Students can also prepare to study for advanced degrees in Kinesiology or an allied health profession. The School also offers a wide variety of physical activity courses dealing with sports skills and exercise techniques for all university students. Special exercise classes are open to students with disabilities.

Programs in Nutritional Science include the Bachelor of Science Degree in Nutritional Science, the Master of Science degree in Nutritional Science, the Certificate Program in Sports Nutrition, and the Certificate Program in Alternative Nutrition. These programs prepare students for careers in nutrition, dietetics, food service administration, food technology, food science, and community nutrition. In addition, students who complete the Coordinated Dietetics Program are eligible to take the registration exam to become a registered dietitian. Students can also prepare to study for advanced degrees in nutritional science, food science and technology, or an allied health profession.

The Faculty

**Professors:** Dwan M. Bridges, Laura Calderon (Associate Director), Daniel Frankl, Nazareth Khodiguian (Director), Samuel E. Landsberger, John Orta, Chick F. Tam.

**Associate Professors:** Andrew Cornwell, Anne Larson, Ray de Leon, Pera Jambazian.

**Assistant Professor:** Harmit Singh.

Bachelor of Science Degree in Exercise Science

The Bachelor of Science degree in Exercise Science provides specific preparation in the exercise sciences as well as a strong grounding in the biosciences and/or nutritional science. The degree may lead to graduate study in exercise science or nutritional science; entrance into professional schools in allied health professions; and employment in applied exercise science, kinesiology, or nutrition.

The total number of units required for the Bachelor of Science degree in Exercise Science is 180 units, of which 107 are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (107 units)
Requirements for the Bachelor of Science degree in Exercise Science include University requirements, General Education courses, Core and Option courses in the major. Students choose either: Exercise and Biosciences (Option I) or Exercise and Nutrition (Option II). The total number of units for the major (Core and Option) consist of 107 units. In addition to units in the above categories, students must take additional "free electives" to complete the total of 180 units required for the Bachelor of Science degree.

Students must earn minimum C grades in all required major courses consisting of 82 units in the core and 25 units in the option selected.

Required Core Courses (82 units)

Bachelor of Science Degree in Kinesiology

The Bachelor of Science degree in Kinesiology prepares students to be physical activity specialists who pursue careers in fitness, health, and medical settings (e.g. health clubs, rehabilitative exercise centers); educational settings (e.g. elementary and secondary schools); and community service agencies (e.g. YMCA, Boys and Girls Clubs, neighborhood recreation centers).

The total number of units required for the Bachelor of Science degree in Kinesiology is 180-181 units, of which 122-124 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (122-124 units)
A total of 180-181 units are required for the Bachelor of Science degree in Kinesiology that includes General Education courses, Kinesiology core courses, and Kinesiology option courses. The latter two categories constitute the requirements for the major and consist of a total of 122-124 units. The Bachelor of Science degree in Kinesiology has four options: Exercise and Human Performance (Option I), Rehabilitation and Therapeutic Exercise (Option II), Community Leadership (Option III), and Subject Matter Preparation for Single Subject Teaching Credential (Option IV). Within the Subject Matter Preparation for Single Subject Teaching Credential Option, there are three concentrations from which to choose: Physical Education, Adapted Physical Education, and Dance.
Students must earn minimum C grades in all required major courses; i.e. the 77 units in the core, plus the 45-47 units in the chosen option (45 units in option I, 46-47 units in option II, 46 units in option III, or 45-46 units in option IV).

Required Courses (38 units)

Options I-IV (45-47 units)

Select one of the following options and complete the required courses as listed below.

Option I: Exercise and Human Performance (45 units)

This option prepares students for careers in fitness and related fields. Students acquire skills and knowledge necessary for employment in health and fitness centers, hospitals, orthopedic centers, sport medicine clinics, and similar health care environments.

Required Courses (45 units)

Option II: Rehabilitation and Therapeutic Exercise (46-47 units)

This option prepares students to design, develop and implement fitness programs that meet the specific needs of two segments of the general population: 1) people with acute or chronic physical impairments; and 2) healthy older adults. Students also gain valuable hands-on experience in preparation for employment in fitness centers, senior centers, rehabilitation clinics, and hospitals.

Option III: Community Leadership (46 units)

This option prepares students to develop and lead physical activity programs in community agencies such as YMCA’s, Boys and Girls Clubs, senior centers, and neighborhood recreation centers. The focus is on working with the local agencies and neighborhood residents in joint planning to develop and maintain physical activity programs that help people identify and realize their full potential as human beings. Students who complete this option will also receive a certificate from the University in Youth Agency Administration.

Graduate and Postbaccalaureate Programs in Kinesiology

Master of Science Degree in Kinesiology
The Master of Science degree in Kinesiology prepares students to (a) progress in a professional career in exercise and fitness, rehabilitation and therapeutic exercise, physical education teaching, or community leadership; and (b) embark on further graduate study in a doctoral program in Kinesiology or a related discipline.

Admission to the Program
Graduate degree applicants must meet the University requirements for admission which include a baccalaureate degree from an accredited institution. To be admitted into the Master of Science degree program in Kinesiology, applicants must also meet the following:
A. Grade point average of at least 2.75 in last 90 quarter units (60 semester units) attempted
B. Appropriate undergraduate preparation for desired specialization within the discipline of Kinesiology
C. Two letters of recommendation
D. Statement of goals for graduate study
E. Submission of GRE general test scores

Requirements for the Degree (45 units)
A total of 45 units are required for graduation. This includes the common core (13 units), and an option (32 units). At least 29 units must be at the 500-level, and at least 29 units must be in Kinesiology. No more than 12 units of KIN 598, Graduate Directed Study, may be included. To develop the 45-unit course of study, each student consults with an assigned graduate adviser who must approve the courses selected. Approval of the student's graduate adviser is a specific prerequisite for enrollment in KIN 599, Thesis or Project, and students must enroll in a total of 6 units to complete this course.

Common Core (13 units)
Complete the following:
KIN 503 Applied Statistics in Kinesiology (4)

Options (32 units)
Complete one of the following:

Option I: Exercise Science (32 units)
This Option prepares students for advanced professional positions in the fitness and rehabilitation exercise industries, and for advanced doctoral study.

Required Courses (24 units):
KIN 560 Cardiorespiratory Aspects of Human Performance (4)
KIN 561 Neuromuscular Aspects of Human Performance (4)
KIN 562 Exercise Interventions in Cardiac Rehabilitation (4)
KIN 563 Exercise Interventions in Neuromuscular Rehabilitation (4)
KIN 580 Exercise Psychology (4)

Select one of the following:
KIN 564 Exercise Interventions for Special Populations (4)
KIN 565 Endocrine Aspects of Human Performance (4)

Electives (8 units).
KIN 599 can be counted as an elective.

Option II: Physical Education Instruction (32 units)
This Option prepares students for advancement in professional positions involving teaching physical education in schools and other community settings, and for advanced doctoral study.

Required Courses (16 units):
KIN 545 Research on Effective Teaching in Physical Education (4)
KIN 546 Analysis of Physical Education Programming (4)
KIN 548 Physical Activity Program Leadership (4)
KIN 549 Portraits of Physical Activity Experiences (4)
Electives (16 Units)
KIN 599 can be counted as an elective.

Option III: Community Leadership (32 units)
This Option prepares students for advanced professional positions in physical activity programming for nonprofit, community, and government agencies; for general leadership positions in such agencies; and for advanced doctoral study.

Required Courses (16-24 units):
Required for students who did not complete a B.S degree in Kinesiology at Cal State L.A. with an option in community leadership (8 units):

- KIN 421 Youth Development and Physical Activity (4)
- KIN 422 Community Service Learning and Physical Activity (4)

Required for All Students (16 units):

- KIN 548 Physical Activity Program Leadership (4)
- KIN 549 Portraits of Physical Activity Experiences (4)
- KIN 555 Community Development and Physical Activity Programming (4)
- POLS 568 Seminar: Community Development Administration (4)

Electives (8-16 units)
KIN 599 can be counted as an elective.

Culminating Experience (0 or 6 units)
Students in all Options must complete one of the following:

- KIN 596 Comprehensive Examination (0)
- KIN 599 Thesis or Project (6)

Supplementary Authorization
Holders of a Single Subject or Multiple Subject credential issued by the State of California may add a supplemental authorization to teach in another discipline by completing additional course work.

See School credential adviser for requirements for a supplementary authorization in physical education.

Bachelor of Science Degree in Nutritional Science
Students must select one of two available options: the Nutrition Option - Didactic Program in Dietetics (DPD) (which also prepares students to enter dietetics internships approved by the American Dietetic Association) or the Coordinated Dietetics Program (CDP) Option. Graduates of the Coordinated Dietetics Program (CDP) option are fully eligible for membership in the American Dietetic Association and to take the national examination to become a Registered Dietitian (R.D.)

The total number of units required for the Bachelor of Science degree in Nutritional Science is 180-186 units, of which 127-136 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (127–136 units)
The Bachelor of Science degree in Nutritional Science requires a total of 180-186 units. The major requires 41 units

Adapted Physical Education Specialist Credential
The program leading to the Adapted Physical Education Specialist credential meets the subject matter requirements and entitles the holder to teach adapted physical education in California to individuals between the ages of 3 and 21 years who have exceptional needs. The 36-unit program is based upon a basic authorization to teach physical education. Candidates must hold (or concurrently complete) a Single Subject credential in Physical Education, a Multiple Subject credential, or an equivalent authorization. They also must maintain a minimum 3.0 grade point average for all courses required in the program, complete directed teaching, and receive School recommendation.

Required Courses (36 units)

- KIN 425 Dimensions of Kinesiology for Individuals with Disabilities (4)
- KIN 428 Psychomotor Assessment for Individuals with Disabilities (3)
- KIN 431 Low-Incidence Disabilities: Physical Activity Programming and Instruction (3)
- KIN 433 High-Incidence Disabilities: Physical Activity Programming and Instruction (3)
- KIN 435 Physical Disabilities and Other Health Impairments: Physical Activity (4)
- KIN 480A Educational Field Experiences in Adapted Physical Education (1)
- KIN 480B Clinical Field Experiences in Adapted Physical Education (1,1,1) *(must be taken concurrently with KIN 431, 433, and 435 for a total of 3 units)*
- KIN 491 Capstone Seminar in Adapted Physical Education (4)
- KIN 535 Organizational Strategies for Adapted Physical Education (4)
- KIN 536 Seminar: Issues in Adapted Physical Education (4)
- EDCI 535 Teaching for Cross Cultural and Global Awareness (4)

Undergraduate Programs in Nutritional Science

Preparatory Courses (41 units)

- ANTH 250* Cultural Anthropology (4) or
- SOC 201* Principles of Sociology (4)
- BIOL 200AB Human Anatomy and Physiology I, II (5, 5)
- CHEM 151*, 152 Fundamentals of Chemistry I, II (5, 5)
- CHEM 353 Nutritional Aspects of Biochemistry (5)
- ECON 150* Economics for the Citizen (4)
- MGR 151* Introductory Microbiology (4)
- PSY 150* Introductory Psychology (4)
*Can also be double counted as General Education courses.

Required Core Courses (62 units)

- NTRS 210* Foundations of Food (4)
- NTRS 312 * Cultural Cuisine (4)
- NTRS 317 Fundamentals of Human Nutrition (4)
- NTRS 410 Experimental Foods (4)
- NTRS 411 Evaluation of Current Nutritional Concepts (4)
- NTRS 413 Maternal and Child Nutrition (4)

Candidates must hold (or concurrently complete) a Single Subject credential in Physical Education, a Multiple Subject credential, or an equivalent authorization. They also must maintain a minimum 3.0 grade point average for all courses required in the program, complete directed teaching, and receive School recommendation.
NTRS 414 AB Institutional Food Service (4, 4)
NTRS 415 AB Medical Nutrition Therapy (4, 4)
NTRS 417 AB Advanced Nutrition I, II (4, 4)
NTRS 417L Nutritional Assessment Laboratory (1)
NTRS 418 Community Nutrition (4)
NTRS 434 Management Principles in Dietetics (5)
NTRS 479 Professional Interactions and Writing Skills (4)

*Can also be double counted as General Education courses.

Options (24-33 units)

Coordinated Dietetics Program Option (CDP) (33 units)
The Coordinated Dietetics Program (CDP) option requires a separate application (available each January 3rd and due each March 1st). This program is designed for persons seeking both academic course work and supervised practice required to qualify for the examination to become a Registered Dietitian. The four-year curriculum integrates academic preparation and clinical experience needed by the generalist in dietetics. Upon passing the national examination administered under the direction of the ADA, graduates are recognized as Registered Dietitians (R.D.). The Coordinated Dietetics Program (CDP) is currently granted accreditation status by the Commission on Accreditation for Dietetics Education of the American Dietetic Association, 120 South Riverside Plaza, Chicago, Illinois 60606, (312) 899-0040, ext. 5400. Postbaccalaureate students enrolled in the graduate program in Nutritional Science also are eligible to apply for admission to the CDP.

Eligibility
Students who seek preliminary admission to the CDP must fulfill the following criteria:
- Eligible for admission to Cal State L.A.
- Minimum 2.75 overall grade point average (on a 4.0 scale).
- Minimum 2.75 grade point average in the major, with no grade lower than C in courses required for membership in the ADA.
- Students may repeat CDP courses and prerequisite science courses in which they earned a grade lower than C only once to meet program admission criteria.
- Students must complete all lower division general education and preparatory courses before they may enter the program.
- Satisfactory health for full participation in the clinical program. Before they may enter the CDP, students must complete a physical examination, including Mantoux skin test or chest x-ray and other laboratory tests (including proof of immunity to rubella), as specified in contractual agreements with clinical facilities.
- Upper division standing and completion of the first two years of the Nutritional Science major. Because of the intensity of the CDP, undergraduate students must complete all lower division general education and preparatory courses before they may enter the program.
- Graduate students must have completed all preparatory courses for program admission. When admitted, graduate students enter the CDP as first year students in a two-year program.

- Valid California driver's license and access to an automobile, or transportation to clinical facilities.
- Professional liability, health, and automobile insurance. Final approval for admission to the intensive clinical work in the senior year (NTRS 419ABC) is contingent upon recommendation of the CDP Review Board and maintenance of a minimum 2.75 grade point average.

Required Professional Courses (33 units)
NTRS 315* Communication Skills in Dietetics (3)
NTRS 419 ABC Supervised Practice in Dietetics (8, 8, 8)
NTRS 419S Seminar: Dietetics (2, 2, 2)

* Only CDP students are eligible to take these courses.

Option in Nutrition (Didactic Program) (24 units)
The option in Nutrition leads to careers in businesses and agencies involved in nutrition-related products and services and enables students to complete the academic requirements needed to qualify for a dietetic internship or supervised practice needed to qualify to take the examination to become a Registered Dietitian (R.D.). The Didactic Program in Dietetics (DPD) is currently granted initial accreditation status by the Commission on Accreditation for Dietetics Education of the American Dietetic Association, 120 South Riverside Plaza, Chicago, Illinois 60606, (312) 899-0040, ext. 5400.

Required Professional Courses (7-8 units)
NTRS 451 Nutrition and Aging (4)
COUN 406 Behavioral Counseling and Self-Management (4) or
COUN 450 Counseling Theories (3)

Supporting Professional Courses (16-17 units)
With approval of adviser, complete 16-17 units of additional supporting courses to specialize in an area of interest.

Certificate Program: Alternative Nutrition
This program requires 24 units to complete. Courses in this program may be taken by coordinated dietetics and nutritional science students to meet this standard. Students must be in upper division standing. A basic course in human nutrition (NTRS 250) is prerequisite to all courses. Health professionals in such disciplines as dietetic technician, health science, nursing, medicine, pharmacy, dentistry, biology and chemistry would also find this program useful. Students will qualify for the award of the Certificate in Alternative Nutrition upon the successful completion of the required courses with a minimum 2.0 grade point average.

Requirements for the Certificate (24 units)
Required Courses (16 units)
NTRS 462 Alternative Nutrition (4)
NTRS 463 Functional Foods for Health (4)
NTRS 465 Medicinal Herbs and Nutrition (4)
NTRS 467 Functional Food Design for Health (4)

Electives (8 units) Complete 2 courses from following:
NTRS 312 Cultural Cuisine (4)
NTRS 351 Adult Nutrition (4)
NTRS 416 Child Nutrition (4)
NTRS 451 Nutrition & Aging (4)
NTRS 450N Nutrition & Well-Being (4)

Certificate Program: Sports Nutrition
The School of Kinesiology and Nutritional Science offers this certificate program in Sports Nutrition to adequately prepare fitness professionals, coaches, nutritionists, and others to provide fluid, and nutrient recommendations, as well as an appropriate exercise prescription to active people.
The program requires 24-25 units to complete. Courses in this program may be taken by Kinesiology and Nutritional Science students in upper division or graduate level standing. Students in other health related disciplines such as Dietetic Technician, Nursing, Health Science, Chemistry or Biology might also find this certificate program useful. Anatomy & Physiology (BIO200A) and Chemistry (Chemistry 151/152) are prerequisites to this certificate program. NTRS317 is a prerequisite for all 400/500 NTRS courses in this certificate program, and KIN 360 is a prerequisite for KIN 456. Students must be in upper division standing. Students will qualify for the award of the Certificate in Sports Nutrition upon the successful completion of the required courses with a minimum 2.0 grade point average.

### Requirements for the Degree (45 units)

A total of 45 units is required, with at least 23 in 500-level courses.

### Master of Science Degree in Nutritional Science

The Master of Science degree in Nutritional Science is an individualized program designed to develop specialized professional competence in the selected areas of food science, dietetics and nutrition, while also providing breadth in related areas. The program is designed for persons preparing for positions as public health nutritionists or supervisors in dietetics and food production and service, or doctoral study in nutrition and dietetics.

Graduate students seeking to qualify for the Registered Dietitian examination may complete appropriate course work and clinical experiences concurrently with requirements for the master's degree by also completing courses in the Coordinated Dietetics Program (CDP), or the Didactic Program in Dietetics (DPD). The CDP requires a separate application for admission.

### Admission to the Program

Graduate degree applicants must meet the university requirements for admission, which include a baccalaureate degree from an accredited institution. To be admitted into the Master of Science degree program in Nutritional Science, applicants must also meet the following:

1. Grade point average of at least 2.75 in last 90-quarter units (60 semester units) attempted.
2. Appropriate undergraduate preparation for desired specialization within the discipline of nutritional science.
3. Two letters of recommendation.
4. Statement of goals for graduate study.
5. Submission of G.R.E. general test scores.
6. Completion of the following prerequisites:
   - BIOL 200AB Human Anatomy and Physiology I, II (5, 5)
   - CHEM 151,152 Fundamentals of Chemistry I, II (5, 5)
   - CHEM 353 Nutritional Aspects of Biochemistry (5)
   - MICR 151 Introductory Microbiology (4)
   - NTRS 210 Foundations of Food (4)
   - NTRS 317 Fundamentals of Human Nutrition (4)

### Electives (0-29 units)

Select two or more of the following (8-16 units):

- BIOL 200AB Human Anatomy and Physiology I, II (5, 5)
- CHEM 151,152 Fundamentals of Chemistry I, II (5, 5)
- CHEM 353 Nutritional Aspects of Biochemistry (5)
- MICR 151 Introductory Microbiology (4)
- NTRS 210 Foundations of Food (4)
- NTRS 317 Fundamentals of Human Nutrition (4)
- KIN 504* Research Design in Kinesiology (5)
- KIN 511* Research Concepts and Methodology in Nutritional Science (4)
- NTRS 410 Experimental Foods (4)
- NTRS 415A,B Medical Nutrition Therapy (4,4)
- NTRS 417A,B, C Advanced Nutrition I, II (4, 4)
- NTRS 419L Nutritional Assessment Laboratory (1)
- NTRS 419ABC and NTRS 419S may not be included in a student's course of study for the Master's Degree in Nutritional Science.

### Electives (0-29 units)

- NTRS 521 Advanced Topics in Eating Behaviors (4)
- NTRS 523 Advanced Topics in Dietetics Management (4)
- NTRS 525 Advanced Topics in Food Science and Technology (4)
- NTRS 527 Nutritional Epidemiology (4)
- NTRS 528 Advanced Topics in Food Science and Technology (4)

### Comprehensive Examination, Thesis or Project (0, 6 units)

- NTRS 595 Fieldwork in Nutritional Science (2-4)
- NTRS 597 Graduate Research (4)

Other courses that contribute to the student's professional and scholarly objectives, selected with approval of adviser. No more than 12 units may be counted in disciplines other than nutritional science.

### Comprehensive Examination, Thesis or Project (0, 6 units)

- NTRS 596 Comprehensive Examination (0)
- NTRS 599 Thesis or Project (6)

Students planning to take the comprehensive exam should enroll in NTRS 596 during the quarter in which they complete all other course work listed on their course of study.
**List of Courses (KIN) - Undergraduate Level**

A student who has completed an intermediate or advanced course may not subsequently receive credit for a lower level course in the same activity.

**Lower Division Courses**

101A Aerobics – Beginning (1)
Introduction and exploration of the fundamental skills of aerobics and cardiovascular development. Skill progression, conditioning, individual fitness development, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

101B Weight Training – Beginning (1)
Introduction and exploration of the fundamental skills of weight training. Skill progression, conditioning, individual fitness development, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

101C Physical Conditioning – Beginning (1)
Introduction and exploration of the fundamental skills of strength and cardiovascular conditioning. Skill progression, individual fitness development, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

101D Jogging – Beginning (1)
Introduction and exploration of the fundamental skills of jogging within a context of individual fitness development. Skill progression, conditioning, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

101E Jazz Exercise – Beginning (1)
Introduction and exploration of the fundamental skills of jazz exercise and cardiovascular development. Skill progression, conditioning, individual fitness development, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

101F Swimming – Beginning (1)
Introduction and exploration of the fundamental skills of swimming. Skill progression, conditioning, individual fitness development, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

101G Aqua Aerobics – Beginning (1)
Introduction and exploration of the fundamental skills of water-based aerobics. Skill progression, conditioning, individual fitness development, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

101H Bicycling – Beginning (1)
Introduction and exploration of the fundamental skills of bicycling. Physical conditioning, road safety, and equipment maintenance are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

101R Karate – Beginning (1)
Introduction and exploration of the fundamental skills and strategies of karate. Proper skill development in the areas of blocking, punching, and kicking forms are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

101S Jujitsu – Beginning (1)
Introduction and exploration of the fundamental skills and strategies of jujitsu. Proper skill development in the areas of grappling, throwing, and self-defense are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

101T Judo – Beginning (1)
Introduction and exploration of the fundamental skills and strategies of Kodokan judo. Proper skill development in the areas of throwing, grappling, and self-defense are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

101U Self Defense for Women (1)
Fitness and self-defense activities designed to develop skill and knowledge about street defense for women. May be repeated to a maximum of 8 units. (Activity 2 hours)

101V Yoga – Beginning (1)
Introduction and exploration of the practice of yoga including body positions, balance, and breathing. May be repeated to a maximum of 8 units. (Activity 2 hours)

101W Tai Chi – Beginning (1)
Development of a beginning understanding of Tai Chi Chuan that involves movement’s forms, and positions that involve deep tranquil breathing creating a sense of centered well-being to help reduce stress, increase balance, and relax the body and mind. May be repeated to a maximum of 8 units. (Activity 2 hours)

102A Basketball – Beginning (1)
Introduction and exploration of basketball skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102B Badminton – Beginning (1)
Introduction and exploration of badminton including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102C Tennis – Beginning (1)
Introduction and exploration of tennis including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102D Table Tennis – Beginning (1)
Introduction and exploration of table tennis including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102E Field Hockey – Beginning (1)
Introduction and exploration of field hockey including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102F Golf – Beginning (1)
Introduction and exploration of golf including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102G Archery – Beginning (1)
Introduction and exploration of archery including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102H Racquetball – Beginning (1)
Introduction and exploration of racquetball including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102I Lacrosse – Beginning (1)
Introduction and exploration of lacrosse including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102J Indoor Soccer – Beginning (1)
Introduction and exploration of the fundamental skills of indoor soccer. Games and activities are designed to develop skill, knowledge of rules and background and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102K Skiing – Beginning (1)
Introduction and exploration of skiing including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102L Snowboarding – Beginning (1)
Introduction and exploration of snowboarding including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102M Skateboarding – Beginning (1)
Introduction and exploration of skateboarding including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102N Skateboarding – Beginning (1)
Introduction and exploration of skateboarding including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102O Water Skiing – Beginning (1)
Introduction and exploration of water skiing including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102P Swimming – Beginning (1)
Introduction and exploration of swimming including skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102Q Indoor Soccer – Beginning (1)
Introduction and exploration of indoor soccer. Games and activities are designed to develop skill, knowledge of rules and background and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)
102U Track and Field Events – Beginning Running (1)
Introduction and exploration of techniques in running events with regard to skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102V Soccer – Beginning (1)
Introduction and exploration of soccer skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102X Baseball – Beginning (1)
Introduction and exploration of baseball skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

102Y Softball – Beginning (1)
Introduction and exploration of softball skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

103D Gymnastics and Tumbling – Beginning (1)
Introduction and exploration of the fundamental skills of tumbling and basic skills on various gymnastics apparatus. Proper skill progression, conditioning, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

103F Social Dance – Beginning (1)
Introduction and exploration of social dance skills, cultural ties, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

103G Square and Round Dance – Beginning (1)
Introduction and exploration of square and round dance skills, cultural ties, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

105 Summer Bridge (1-2)
Varied experiences for introducing Summer Bridge students to activities presented in the physical education activity program. Health related fitness level assessed. Activity 2 hours per unit. Graded CR/NC.

110 Intramural Sports (1)
Participation in university intramural sports. Elective credit only; may be repeated to maximum of 16 units. Activity 2 hours minimum. Graded CR/NC.

150 Fitness and Wellness in Contemporary Society (4)
Understanding self as integrated physiological, psychological, and sociological being. The impact of sociocultural experiences and health-related fitness on the individual, society and the environment is emphasized. Lecture 3 hours, laboratory 2 hours. GE E

154 Special Activities in Physical Education (1)
Varied experiences reflecting current interests of students in physical education and related experimental areas, as announced in Schedule of Classes. May be repeated as subject matter changes. Activity 2 hours.

155 Individual Therapeutic Exercise (1-4)
Prerequisite: Assignment by the University physician or personal physician. Individual programs of exercise for students who have a need for special exercise. Suitable for students with physical limitations or recuperation from accident or illness. May be repeated for credit as many times as indicated by the University physician or personal physician.

201A Aerobics – Intermediate (1)
Exploration and development of intermediate aerobic exercise techniques. Skill progression, cardiovascular functioning, individual fitness, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

201B Weight Training – Intermediate (1)
Exploration and development of intermediate weight training techniques. Skills, conditioning, individual fitness development, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

201C Physical Conditioning – Intermediate (1)
Exploration and development of intermediate strength and cardiovascular conditioning techniques. Skills, individual fitness development, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

201E Jazz Exercise– Intermediate (1)
Exploration and development of intermediate jazz exercise techniques. Skills, conditioning, individual fitness development, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

201F Swimming – Intermediate (1)
Exploration and development of intermediate swimming techniques. Skills, conditioning, individual fitness, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

201G Aqua Aerobics – Intermediate (1)
Exploration and development of intermediate aqua aerobics techniques. Skills, conditioning, individual fitness development, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

201R Karate – Intermediate (1)
Exploration and development of intermediate karate skills. Blocking, punching, and kicking forms are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

201V Yoga – Intermediate (1)
Further development of a deeper and expanded study of the practice of yoga. New positions of balance and pranayama (the art of yogic breathing) are introduced. May be repeated to a maximum of 8 units. (Activity 2 hours)

201W Tai Chi – Intermediate (1)
Development of intermediate understanding of Tai Chi Chuan involving movements, forms, and body positions accompanied by deep, tranquil breathing creating a sense of centered well being. May be repeated to a maximum of 8 units. (Activity 2 hours)

202A Aerobics – Intermediate (1)
Exploration and development of intermediate aerobic exercise techniques. Skill progression, cardiovascular functioning, individual fitness, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202B Badminton – Intermediate (1)
Exploration and development of intermediate badminton techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202H Golf - Intermediate (1)
Exploration and development of intermediate golf techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)
202I Archery – Intermediate (1)
Exploration and development of intermediate archery techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202J Racquetball – Intermediate (1)
Exploration and development of intermediate racquetball techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202K Skiing – Intermediate (1)
Exploration and development of intermediate skiing techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202L Volleyball – Intermediate (1)
Exploration and development of intermediate volleyball techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202M Basketball – Intermediate (1)
Exploration and development of intermediate basketball techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202N Hockey – Intermediate (1)
Exploration and development of intermediate hockey techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202O Hockey – Intermediate (1)
Exploration and development of intermediate hockey techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202P Soccer – Intermediate (1)
Exploration and development of intermediate soccer techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202Q Football – Intermediate (1)
Exploration and development of intermediate football techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202R Volleyball – Intermediate (1)
Exploration and development of intermediate volleyball techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202S Basketball – Intermediate (1)
Exploration and development of intermediate basketball techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202T Track and Field Events – Intermediate Field (1)
Exploration and development of intermediate techniques in field events with regard to skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

202U Track and Field Events – Intermediate Running (1)
Exploration and development of intermediate techniques in running events with regard to skills, strategies, rules, and analysis of techniques. May be repeated to a maximum of 8 units. (Activity 2 hours)

202V Soccer – Intermediate (1)
Exploration and development of intermediate soccer techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202W Swimming – Intermediate (1)
Exploration and development of intermediate swimming techniques. Skills, conditioning, individual fitness, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202X Swimming – Intermediate (1)
Exploration and development of intermediate swimming techniques. Skills, conditioning, individual fitness, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202Y Swimming – Intermediate (1)
Exploration and development of intermediate swimming techniques. Skills, conditioning, individual fitness, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202Z Swimming – Intermediate (1)
Exploration and development of intermediate swimming techniques. Skills, conditioning, individual fitness, and safety are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202A Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202B Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202C Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202D Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202E Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202F Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202G Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202H Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202I Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202J Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202K Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202L Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202M Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202N Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202O Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202P Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202Q Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

202R Diet and Exercise for Weight Management (1)
Exploration and development of advanced diet and exercise techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)
302J Racquetball – Advanced (1)
Exploration and development of advanced racquetball techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

302K Skiing – Advanced (1)
Exploration and development of advanced skiing techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

302R Volleyball – Advanced (1)
Exploration and development of advanced volleyball techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

302S Basketball – Advanced (1)
Exploration and development of advanced basketball techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

302X Baseball – Advanced (1)
Exploration and development of advanced baseball techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

302Y Softball – Advanced (1)
Exploration and development of advanced softball techniques. Skills, strategies, rules, and analysis of techniques are emphasized. May be repeated to a maximum of 8 units. (Activity 2 hours)

304A Lifeguard Training (3)
Prerequisite: Ability to swim 500 yards continuously and consent of instructor. Follows the American National Red Cross program for lifeguarding certification. Includes the ability to apply rescue techniques and water front lifeguarding skills. Lecture 1 hour, laboratory 4 hours.

304B Competitive Baseball (2)
Introduction to tournament baseball competition. Development of advanced skills, knowledge of rules, and officiating competencies needed in tournament-level play. Participation in tournament play. May be repeated to a maximum of 8 units. (Activity 4 hours)

305 Theory and Analysis of Aquatics (3)
Prerequisite: Intermediate swimming skills. Must pass American Red Cross swim exam. Theory and analysis of performance techniques, historical knowledge, safety procedures, and conditioning. Enables students to become certified in Water Safety Instruction through the American Red Cross. Lecture 2 hours, demonstration-laboratory 2 hours.

310 Written Communication for Kinesiology (4)
Prerequisite: Successful completion of the Graduation Writing Assessment Requirement (GWAR). Written communication skills for the Kinesiology major with emphasis on techniques of writing formal reports, public relations information, and essays.

315 Early Infusion in Physical Education (3)
Prerequisite: KIN 250. Practical experiences in a school setting. Observation and participation under the direction of a professional at elementary/secondary physical education program site.

319 Instructional Strategies in Physical Education (4)
Prerequisites: KIN 310 and 315. Effective teaching strategies in physical education; pedagogical behaviors necessary for effective instruction on the subject matter. Effective teaching of physical education in both elementary and secondary schools.

320A Professional Team Activity #1 - Basketball, Volleyball, Team Handball (3)
Prerequisites: KIN 310, 315, and 319. Introduction to the basic team activities of basketball, volleyball and team handball; teaching methods in school physical education programs; developing and refining basic skills for performances; rules, safety and equipment.

320B Professional Team Activity #2 - Flag Football, Soccer, Softball (3)
Prerequisites: KIN 310, 315, and 319. Introduction to the basic team activities of flag football, soccer, softball; teaching methods in school physical education programs; developing and refining basic skills for performances; rules, safety and equipment.

320C Professional Individual Activity - Archery, Golf, Track and Field (3)
Prerequisites: KIN 310, 315, and 319. Introduction to the basic individual activities of archery, golf and track and field, teaching methods in school physical education programs; developing and refining basic skills for performances; rules, safety and equipment.

320D Professional Racquet Activity - Badminton, Racquetball, Tennis (3)
Prerequisites: KIN 310, 315, and 319. Introduction to the basic racquet activities of badminton, racquetball, tennis, teaching methods in school physical education programs; developing and refining basic skills for performances; rules, safety and equipment.

320E Professional Aesthetic Activity - Combatives, Dance, Rhythmic Gymnastics (3)
Prerequisites: KIN 310, 315, and 319. Introduction to basic aesthetic activities of combatives, dance, and rhythmic gymnastics; teaching methods in school physical education programs; developing and refining basic skills for performances; rules, safety and equipment.

320F Professional Adventure Activity - Outdoor Education, Aquatics, Contemporary Games (3)
Prerequisites: KIN 310, 315, and 319. Introduction to the basic outdoor education, aquatics and contemporary games, teaching methods in school physical education programs; developing and refining basic skills for performances; rules, safety and equipment.

325 Principles of Physical Fitness (4)
Prerequisites: BIOL 200AB. Prerequisite or Corequisite: KIN 310. Designing and conducting cardiovascular, resistance, and flexibility training programs for lifelong health and fitness.

330 Exercise Psychology
Prerequisite: PSY 150. Psychological issues associated with exercise prescription. Strategies for increasing exercise adherence.

335 Anatomical Kinesiology (4)
Prerequisites: BIOL 200AB. Structure and function of the musculoskeletal system in relation to human movement. Lecture 3 hrs, laboratory 3 hrs.
Prerequisites: KIN 315. Development of meaningful and effective teaching in a school setting; design and instruction; models of elementary curricular and instructional practices. 

Prerequisites: Three courses from KIN 320A-F. Current educational evaluation trends; emphasis on current technologies of assessment for physical education instruction.

Movement experiences related to children’s health and learning; health promotion and disease prevention through exercise; fundamental movements; models of elementary physical education programs; teaching strategies; curriculum design and lesson planning. Lecture 2 hours, activity 2 hours.

Pre requisite: YAA 290. Knowledge and skills of physical activity programming to assist underserved youth in the community.

Classroom and field-based experiences for students interested in using physical activity programs to assist in community development. This course requires service learning.

Kinesiology and Nutritional Science for students completing the Physical Education Single Subject Teaching options and, Kinesiology and Nutritional Science

Introduction to stretching and massage techniques for use in exercise therapies for individuals with physical impairments.

Etiology, movement characteristics, learning problems of individuals with low-incidence disabilities in physical activity, including; severe/profound mental retardation, visual and hearing impairments, multiple disabilities, autism and traumatic brain injury.

Problems of pupils with high-incidence disabilities in physical activity context; implications for physical education program development.

Study of prevalent physical disabilities and other health impairments:
implications for program development, organization, administration, and evaluation of adapted physical education students in elementary and secondary schools.

436A Principles of Mobility Training (3)
Prerequisite: BIOL 200A, BIOL 200B, and concurrent enrollment in KIN 436B. Introduction to mobility training techniques such as range of motion, flexibility, manual resistance exercises, posture, balance and gait training.

436B Mobility Training Practicum (2)
Prerequisite: KIN 436A (or concurrent enrollment in KIN 436A) Application of mobility training to physically impaired clients. May be repeated for a maximum of 12 units. Service learning is required.

437 Disease and Plasticity in Neuromuscular Systems (4)
Prerequisite: Upper division standing. Introduction to neuromuscular diseases and exercise-induced plasticity in neuromuscular systems.

438A Principles of Exercise for Older Adults (3)
Prerequisite: Upper division standing. Analyses of development and implementation processes of exercise programs for older adults.

438B Field Experience in Exercise for Older Adults (2)
Prerequisite: KIN 438A (or concurrent enrollment in KIN 438A). Directed practicum in an exercise program for older adults in a community setting. Regular conferences with supervisor. May be repeated for a maximum of 12 units. Service learning is required.

439 Rehabilitation Exercise Machines (3)
Prerequisite: KIN 340. Practical understanding of the function, design and selection of exercise machines. Understanding and addressing the special needs of users with a disability. May be repeated for a maximum of 9 units. Service learning is required.

440 Psychosocial Aspects of Exercise During Aging (4)
Prerequisite: Upper division standing. Psychological and social issues pertinent to exercise and physical activity for older adults.

441 Gender, Sport, and Culture (4) (also listed as WOMN 441)
Prerequisite: Upper division standing. Examination of the gendered nature of sport and physical activity. Analyzes theoretical and methodological assumptions pertaining to gender and physical activity/sport contexts. The feminist critique of socio-cultural sport studies is also considered.

454L,P Special Topics in Physical Education (1–4)
Prerequisite: Varies with topic. Current issues and interests of students in physical education and related experimental areas, as announced in Schedule of Classes. May be repeated as subject matter changes. Lecture and activity.

455 Principles of Clinical Exercise Testing (4)
Prerequisite: KIN 460. Diagnostic and prognostic aspects of clinical exercise testing, which provide information that could not be provided by testing patients at rest. Special consideration of exercise electrocardiography. Lecture 3 hours; Laboratory 3 hours.

456 Sport and Exercise Ergogenic Aids (4)
Prerequisite: KIN 360. Relevant issues in ergogenic aids and sport. Pharmacological and hormonal aids; dietary requirements and issues of individuals who engage in exercise and sport.

459A Field Experience in Elementary Physical Education (1)
Prerequisite: KIN 415. Submission of a Certificate of Clearance to School of Kinesiology and Nutritional Science. Educational practicum in teaching adapted physical education; processes and application of methods, materials, and individualized instructional units in meeting the needs of individuals with disabilities. Course may be repeated for a maximum of 2 units. Laboratory hours: 30.

460 Principles of Physical Fitness Assessment (5)
Prerequisite: KIN 360. Physical fitness and performance assessment techniques employed within the laboratory environment: electrocardiography, electromyography, closed and open circuit indirect calorimetry, stress testing, hydrodensitometry, respirometry and cardiocirculatory. Lecture 4 hours; Laboratory 3 hours.

461 Advanced Exercise Physiology (4)
Prerequisite: KIN 360. Advanced topics in exercise physiology, including exercise responses in the neuroendocrine, cardiopulmonary, immune, and skeletal systems. Topics will also include system-level integration during exercise, and exercise in stressful environments. Lecture 3 hours; Laboratory 3 hours.

465 Principles of Exercise Prescription (5)
Prerequisite: KIN 460. Development and implementation of exercise prescription for aerobic endurance, anaerobic endurance, strength, flexibility, and optimal body composition in apparently healthy, special, and general populations. Lecture 4 hours; Laboratory 3 hours.

475A Field Experience in Elementary Physical Education (2)
Prerequisite: KIN 415. Submission of a Certificate of Clearance to School of Kinesiology and Nutritional Science. Laboratory experience in application of organization and management techniques related to effective conduct of physical education. Emphasis on application for elementary school level physical education class. Laboratory/practicum 6 hours.

475B Field Experience in Secondary Physical Education (2)
Prerequisite: KIN 415. Submission of a Certificate of Clearance to School of Kinesiology and Nutritional Science. Laboratory experience in application of organization and management techniques related to effective conduct of physical education. Emphasis on application for secondary school level physical education class. Laboratory/practicum 6 hours.

480A Educational Field Experiences in Adapted Physical Education (1)
Prerequisite: Permission of instructor. Submission of a Certificate of Clearance to School of Kinesiology and Nutritional Science. Educational practices in teaching adapted physical education; processes and application of methods, materials, and individualized instructional units in meeting the needs of individuals with disabilities. Course may be repeated for a maximum of 3 units. Laboratory hours: 30.

480B Clinical Field Experiences in Adapted Physical Education (1)
Corequisites: KIN 431, 433 or 435. Prerequisite: Submission of a Certificate of Clearance to School of Kinesiology and Nutritional Science. Clinical practice in teaching adapted physical education; processes and application of methods, materials, and individualized instructional units in meeting the needs of individuals with disabilities. Course may be repeated for a maximum of 3 units. Laboratory hours: 30-90.

485A Practicum in Exercise and Human Performance (2)
Prerequisite: KIN 465. Directed on-campus practicum in a career related setting. Regular conferences with supervisor. Total of 100 hours. Graded CR/NC.
485B Field Experience in Exercise and Human Performance (4)
Prerequisite: Upper division standing. Directed practicum in a career-related role in a community setting. Regular conferences with supervisor. Total of 200 hours. Graded CR/NC.

490 Capstone Seminar in Physical Education (4)
Prerequisite: KIN 415. Seminar setting to discuss and synthesis issues related to physical education teaching; emphasis on evaluation and application of knowledge gained throughout the degree program. Service learning required.

491 Capstone Seminar in Adapted Physical Education (4)
Prerequisite: KIN 480B. Seminar approach to examination of physical activity across the lifespan for individuals with disabilities, including current topics of interest.

495 Directed Field Experience in Community Leadership (4)
Prerequisite: Consent of Instructor. Student placement to provide experimental learning in leadership of physical activity programs under supervision in a community agency or school setting. May be repeated up to 3 times. Graded CR/NC

Graduate Level Courses (KIN)

All 400-level courses may be applied toward master's degree requirements except the following, subject to limits established by School and approval of graduate adviser: KIN 498, 499

Classified graduate standing is required for admission to 500-level courses.

503 Applied Statistics in Kinesiology (4)
Prerequisite: Undergraduate introductory course in statistics. Analysis of variables related to kinesiology, application of statistical procedures in basic research design.

504 Research Design in Kinesiology (5)
Prerequisites: KIN 503 or consent of instructor; undergraduate major in Kinesiology or related discipline. Must be completed within first 12 units of the student's approved program. Analysis, evaluation, and interpretation of research studies and investigations in kinesiology.

507 Cultural Analyses of Sport in the United States (4)
Prerequisite: Consent of instructor. Examination of research focused on cultural analyses of sport as a sociocultural system with an emphasis on diverse populations. Focuses on theoretical and conceptual issues in the sociology of sport.

535 Organizational Strategies for Adapted Physical Education (4)
Prerequisite: KIN 491. Advanced techniques for program, curriculum development in adapted physical education; effect of current legislation on roles and responsibilities of adapted physical educators; design and development of curricular materials for urban and rural environments.

536 Seminar: Issues in Adapted Physical Education (4)
Prerequisite: KIN 491. Individual survey and analysis of current issues in administration, supervision, instruction, curriculum, and assessment in adapted physical education.

545 Research on Effective Teaching in Physical Education (4)
Methods for research on teaching in physical education; knowledge of research results related to teaching and teacher effectiveness; and current trends in research on effective teaching in physical education.

546 Analysis of Physical Education Programming (4)
Prerequisite: Consent of instructor. Examination of scholarly literature concerning principles of program development and analysis; consideration of internal and external influences on program design; comparative analyses of contemporary school-based program models.

548 Physical Activity Program Leadership (4)
Prerequisite: Consent of instructor. Analysis of research concerning skills to lead, manage, and assess physical activity programs: advocacy; staff management, development and supervision; public relations and marketing; fundraising; assessing program needs. Service learning required.

549 Portraits of Physical Activity Experiences (4)
Prerequisite: Consent of instructor. Analysis and critique of research concerning experiences of physical activity participants, including children in school and community settings, and adults across the age span in a variety of community settings.

554 Selected Topics in Kinesiology (4)
Advanced study of selected contemporary topics in Kinesiology. May be repeated a maximum of 12 units as topics change.

555 Community Development and Physical Activity Programming (4)
Prerequisite: Consent of instructor. Examination and analysis of research on community development utilizing an asset-based model; application of knowledge to promote physical activity programs that support building and strengthening communities.
560 Cardiorespiratory Aspects of Human Performance (4)
Prerequisite: Consent of instructor. In-depth analysis of research concerning the functions of cardiovascular and pulmonary systems during rest, physical performance and recovery and their adaptation to exercise training. Seminar 3 hours, laboratory 3 hours.

561 Neuromuscular Aspects of Human Performance (4)
Prerequisite: Consent of instructor. Analysis of research concerning neuromuscular factors involved in human movement. Special emphasis upon the nervous and muscular systems related to the expression and enhancement of muscular strength, endurance and power. Lecture 3 hours, laboratory 3 hours.

562 Exercise Interventions in Cardiac Rehabilitation (4)
Prerequisite: Consent of instructor. Analysis of research concerning development and administration of cardiac rehabilitation programs with a special emphasis on exercise testing, prescription, and training of cardiac patients in outpatient phases.

563 Exercise Interventions in Neuromuscular Rehabilitation (4)
Prerequisite: Consent of instructor. Examination and analysis of state-of-the-art rehabilitation practices, research knowledge, and theories for regaining movement after neuromuscular injuries.

564 Exercise Interventions for Special Populations (4)
Prerequisite: Consent of instructor. Examination of research concerning physiological responses and adaptations to exercise of special populations. Includes exercise testing and prescription. Emphasis on exercise limitations and responses which differ from normal populations.

565 Endocrine Aspects of Human Performance (4)
Prerequisites: BIOL 200AB and consent of instructor. In-depth analysis of the normal and abnormal functions of the endocrine system during rest, physical performance, and recovery, and the system's adaptation to exercise training.

580 Exercise Psychology (4)
Prerequisite: Consent of instructor. Psychological issues associated with exercise and physical activity. Analysis and critique of research and theory relevant to exercise adherence, motivation, self-efficacy, and attributional style. Practical applications of theoretical concepts.

581 Sport Psychology (4)
Prerequisite: KIN 380 or equivalent or consent of instructor. Theoretical and applied bases of social psychology of sport and physical activity: motivation, arousal, group processes related to sport, physical activity, and coaching. Practical applications of theoretical concepts.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the (Masters) Degree section of this chapter.

598 Graduate Directed Study in Kinesiology (1–4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics; regular conferences with sponsor. Maybe repeated to a maximum of 12 units.

599 Thesis or Project (1–6)
Prerequisites: Advancement to candidacy, consent of student's graduate adviser to act as sponsor. Independent research resulting in a thesis, or independent project that applies theoretical knowledge to professional problem solving. Must be repeated to a maximum of 6 units. Graded CR/NC.

Undergraduate Level Courses (NTRS)

Lower Division Courses

204A Diet and Exercise for Weight Management (1) (also listed as KIN 204A)
Evaluation of personal diet and exercise patterns. Development, implementation, and evaluation of an individualized diet and exercise plan for weight management. Brief examination of diet and exercise regimens for purposes of weight management; importance of combining a healthy diet and appropriate exercise in daily activities. May be repeated to a maximum of 8 units. (Activity 2 hours)

210 Foundations of Food (4)
Introduction to foods as a profession. Principles and procedures of food preparation including selection, storage, food sanitation, product evaluation, and meal management. Lecture 2 hours, laboratory 5 hours. CAN FCS 8

250 Human Nutrition (4)
Nutrition and its relation to health, behavior, growth, development, and aging. No credit towards nutrition majors.

Upper Division Courses

300 Physiological and Nutritional Bases of Wellness (4)
Prerequisite: Completion of Block B of the general education program. Physiological and nutritional bases of health and wellness; body energy, nutrients, diet modification, weight control, stress management and healthful lifestyles based on exercise and nutrition.

311 Science of Nutrition (1)
Prerequisites: CHEM 152, NTRS 250. Scientific principles of human nutrition.

312 Cultural Cuisine (4)
Prerequisite: NTRS 210. Cultural food patterns represented regionally, nationally and internationally; food choices, typical dishes, menus, nutritional aspects, purchasing, preparation techniques, equipment, and significance in cultural settings. Lecture 3 hours, laboratory 2 hours.

315 Communication Skills in Dietetics (3)
Prerequisites: NTRS 210, 317; PSY 150; COMM 150; admission to the Coordinated Dietetics Program (CDP). Basic communication skills needed by dietitian; sociopsychological aspects of nutritional care in outpatient or clinical setting. Lecture 1 hour, laboratory 6 hours.

317 Fundamentals of Human Nutrition (4)
Prerequisites: BIOL 200AB and CHEM 151. Scientific role of nutrients in the body and in development, growth, and maturation.

320 Food Chemistry (4)
Prerequisites: NTRS 210 and CHEM 353. This course explores structure and functional properties of food components and their chemical changes during food processing and utilization.
323 Food Analysis (2)
Prerequisites: CHEM 353 and NTRS 210. This course explores composition and analysis of food components. Basic laboratory experiments to provide understanding of the function and interactions of chemical components in food and an introduction to instrumental analysis.

325 Food Microbiology (5)
Prerequisite: MICR 151. Microbial ecology of foods, important food borne pathogens and principles of use of microorganisms in fermentation.

332 Food Law (3)
Prerequisites: NTRS 210 and MICR 151. An introduction to federal and state regulations that assure safety of food products in the market.

351 Adult Nutrition (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Nutritional needs and common diseases affecting adults; promotion of adult health by nutritional intervention.

355 Nutrition Computing Skills (3)
Prerequisite: NTRS 317. Identification, implementation, and evaluation of computerized nutritional analysis procedures; lectures about computer applications in nutrition and dietetics, software demonstrations, software reviews, hands-on practice with state-of-the-art software and computers. Lecture 2 hours, laboratory 2 hours.

400 Courses
All 400-level courses may be applied toward master’s degree requirements except the following, subject to limits established by the School and approval of the graduate adviser: NTRS 419ABC, 419S, 479

403 Environment and Food Customs (4) (Also listed as GEOG 403)
This course will examine the geographical distribution of various food cultures as well as the connections between those food cultures and the physical environments in which they have developed.

410 Experimental Foods (4)
Prerequisites: NTRS 210, CHEM 152. Application of scientific principles to experimental methods in food preparation and recipe analysis. Lecture 2 hours, laboratory 6 hours.

411 Evaluation of Current Nutrition Concepts (4)
Prerequisite: NTRS 317. Interpretation of nutrition research findings and consideration of possible applications for individuals and population groups.

412 Advanced Foods (4)
Prerequisites: NTRS 210, 311. Scientific principles and procedures concerned with food selection and preparation; experiences designed to broaden background in complex preparations; recipe analysis and development, and some analysis of foreign foods. Lecture 2 hours, laboratory 6 hours.

413 Maternal and Child Nutrition (4)
Prerequisite: NTRS 317. Nutritional requirements of pregnant women and of children; nutrition-related health considerations.

414AB Institutional Food Service (4, 4)
Prerequisites: NTRS 210; 250 or 317; MICR 151. Experience in organization and management of quantity food service, including menu writing, quantity food preparation, equipment selection, and institutional kitchen design.

414A: Lecture 3 hours, laboratory 3 hours.
414B: Lecture 2 hours, laboratory 6 hours.

415AB Medical Nutrition Therapy (4, 4)
Prerequisites: (for 415A) NTRS 210, 417B; (for 415B) NTRS 415A. Nutritional intervention in disease processes; special emphasis on interrelationships between pathophysiology of disease processes and dietary modifications. Lecture 3 hours, laboratory 3 hours.

416 Child Nutrition (4)
Prerequisite: CHDV 200. Nutritional needs of pregnant and lactating women and of children from conception through adolescence; strategies for nutrition education in early childhood.

417A Advanced Nutrition I (4)
Prerequisites: NTRS 317, BIOL 200B, CHEM 353, MICR 151. Scientific bases for nutritional needs of humans; factors involved in meeting such needs in individuals and population groups; metabolic factors in nutrition.

417B Advanced Nutrition II (4)
Prerequisites: NTRS 417A. Scientific bases for nutritional needs of humans; factors involved in meeting such needs in individuals and population groups; metabolic factors in nutrition.

417L Nutritional Assessment Laboratory (1)
Prerequisites: NTRS 317, BIOL 200B, CHEM 353, MICR 151, each with a minimum C grade. Laboratory experience in nutritional assessment using anthropometric, dietary, biochemical, and clinical tests and criteria.

418 Community Nutrition (4)
Prerequisite: NTRS 417B. Community nutrition problems, agencies, and programs. Service learning course. Lecture 3 hours, activity 2 hours. A total of 40 hours of service learning required.

419ABC Supervised Practice in Dietetics (8-8-8)
Prerequisites: NTRS 415B, 434, 479; corequisite: NTRS 419S. Intensive learning experiences in food service administration and nutritional intervention in hospitals, public health facilities, or other health care facilities. Supervised experience 24 hours weekly; concurrent weekly professional colloquium required.

419S Seminar: Dietetics (2)
Prerequisites: NTRS 415B, 434, 479; corequisite: NTRS 419A, 419B, or 419C. Selected professional topics in food service administration and nutritional care.

421 Sensory Evaluation of Food Products (4)
Prerequisite: PSY150. The senses and their implication in sensory evaluation of food products.

430 Sports Nutrition (4)
Prerequisite: BIOL200AB or equivalent. Advanced topics in nutrition as related to athletic performance; current research on energy nutrient requirements and caloric distribution, fluid needs, ergogenic aids, supplementation, pre/post event meals, and biochemical pathways.

431 Quality Assurance of Food Products (4)
Prerequisites: NTRS 210, CHEM 353 and MATH/ECON 109. Quality assurance of food production dealing with management issues and statistical quality control.

434 Management Principles in Dietetics (5)
Prerequisite: NTRS 414AB. Principles of management for quality food service systems. Lecture 3 hours, laboratory 6 hours.
438 Food-Borne Illnesses: Etiology, Prevention and Control (4) (also listed as HS 438)
Prerequisites: MICR 151 and MICR 201, 202. Food-borne diseases and their causes, control and prevention.

444 Food Safety Programs (3)
Prerequisites: NTRS 210 and MICR 151. Overviews of food safety programs focused on HACCP and ServeSafe. It includes good manufacturing practices and prerequisite programs in the food industry and food service facilities.

446 Food Product Development (4)
Prerequisites: NTRS 210, MICR 151 and CHEM 353. This course introduces the principles of new product development and reviews special market segments such as nutraceuticals, functional foods, biotechnological products and ethnic foods.

450N Nutrition and Well Being (4)
Prerequisite: BIOL 165 or CHEM 158. Nutrition in the life cycle as related to maturation, aging, well being, emphasizing the individual as an integrated being.

451 Nutrition and Aging (4)
Prerequisite: BIOL 165 or CHEM 158. Relationship of nutrition to aging and diseases common among elderly; nutritional needs and problems of elderly.

452 Nutrition for Educators (2)
Prerequisite: Admission to teaching credential program. Role of nutrition in physiologic and cognitive development and common nutrition problems of school children.

454L,P Selected Topics in Nutritional Science (1–6)
Current topics of special interest in Nutritional Science as announced in Schedule of Classes. May be repeated for 16 units of credit as subject matter changes.

458 Physical Aspects of Aging (4) (also listed as KIN 458)
Aging process, fitness, and nutrition; influences on wellness, life styles, and recuperation; strategies for optimizing physical quality of life for elderly.

462 Alternative Nutrition (4)
Prerequisite: NTRS 250. Nutritional implication of alternative dietary behavior in health promotion and disease prevention; incorporation of functional foods, dietary supplements and medicinal herbs into nutrition as complementary care.

463 Functional Foods for Health (4)
Prerequisite: NTRS 250. Use of foods and biological active ingredients for treatment and prevention of diseases; non-nutritive and biochemical constituents of foods to protect human health.

465 Medicinal Herbs and Nutrition (4)
Nutritional implication of medicinal herbs in health promotion and disease prevention; incorporation of medicinal herbs as complementary treatment option in dietetics.

467 Functional Food Design for Health (4)
Prerequisite: NTRS 250. Physiological and food industry perspectives of functional food and health promoting food recipes; biochemical, technological and marketing aspects of functional foods in health promotion and disease prevention.

471 Professional Writing in Nutritional Science (4)
Prerequisites: Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR), COMM 150, and a minimum of 20 units in NTRS. Aspects of written communication specific to nutritional science in education, community service, and business.

479 Professional Interactions and Writing Skills (4)
Prerequisites: NTRS 315, 415B; PSY 150, COMM 150. Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR). Role of the dietitian/nutritionist as an educator on the health care team, with emphasis on the development of written and oral communication skills. Lecture 3 hours, activity 2 hours. Concurrent weekly professional colloquium required.

495 Field Work in Nutritional Science (2–4)
Prerequisites: Thirty-five NTRS units, of which at least 15 must be upper division; School approval. Supervised experience utilizing professional preparation in field setting. Graded CR/NC

499 Undergraduate Directed Study (1–4)
Prerequisite: Consent of an instructor to act as sponsor. Project selected in conference with sponsor before registration; progress meetings held regularly, and final report submitted. May be repeated for 12 units of credit.

The Program and Its Mission
Latin American Studies is an interdisciplinary program that combines subject matter from several academic disciplines to give the student a broad background encompassing the historical, social, cultural, and geographic aspects of the region and training in the Spanish language. It offers students interested in Latin America the opportunity to pursue a major in this field of study leading to the Bachelor of Arts and Master of Arts degrees. A minor is also available. The undergraduate program is described below, followed by the Graduate program section.

The Faculty
Program Director: Marjorie Bray  
Associate Director: Beth Baker-Cristales.
Instruction for the Latin American Studies program is provided by members of the faculty who are experts on Latin America from cooperating disciplines in the colleges of Natural and Social Sciences, Arts and Letters, Business and Economics, and the Charter College of Education, as well as instructors in Latin American Studies.

Undergraduate Programs

Bachelor of Arts Degree
The Bachelor of Arts degree program in Latin American Studies affords the student a wide range of career opportunities in the U.S. and abroad. The growth of the Latina/Latino population in the U.S. has produced an increasing need for trained persons with a knowledge of the region to work in government, teaching, not-for-profit organizations, business, and other fields.

The total number of units required for the Bachelor of Arts degree in Latin American Studies Program is 180 units, of which 64-80 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Bachelor of Arts Degree (64-80 units)

Lower Division Required Courses (12 units)
- ANTH 250 Cultural Anthropology (4)
- GEOG 155 Cultural Geography (4)
- LAS 150 Introduction to Latin American Studies (4)

Language Requirement (4-20 units)
- SPAN 200ABC Intermediate Spanish (4, 4, 4) or Demonstrated Competency (0)
- SPAN 300A Composition and Grammar (4) or
- SPAN 315 Spanish-American Civilization (4) or
- PORT 100AB Elementary Portuguese (4, 4)

Upper Division Courses (48 units)
- ANTH 404 Peoples of South America (4)
- ANTH 408 Peasant Cultures of Middle America (4)
- GEOG 427 Mexico and Central America (4)
- GEOG 428 South America (4)
- POLS 451 Latin American Politics (4)
- PAS/POLS 456 Politics of the Caribbean and Central America (4)

Select 20 units from the following:
- ANTH 404 Peoples of South America (4)
- ANTH 408 Peasant Cultures of Middle America (4)
- GEOG 427 Mexico and Central America (4)
- GEOG 428 South America (4)
- POLS 451 Latin American Politics (4)
- PAS/POLS 456 Politics of the Caribbean and Central America (4)

Select 8 units in History
- HIST 459 Sexuality in the Americas (4)
- HIST 461 Latin America: Colonial Period (4)
- HIST 462 Latin America: 1810–1914 (4)
- HIST 463 Latin America: 1914–Present (4)
- HIST 464 Central America Since Independence (4)
- HIST 465 Brazil (4)
- CHS/HIST 466A Colonial Mexico (4)
- CHS/HIST 466B Building the Mexican Nation (4)
- CHS/HIST 466C The Mexican Revolution and its Legacy (4)
- HIST 468 History of Columbia (4)
- HIST 469 Indigenous Peoples of Mexico (4)

Select 4 units in Latin American Studies
- LAS 335 Race and Culture in the Americas (4)
- LAS/PAS 342 Cultural Impact of Development (4)
- LAS/PAS/POLS 360 Dynamics of Change in the Developing World (4)
- CHS/LAS 404 The Central American Experience in the US (4)
- AAAS/CHS/LAS/PAS 408 Comparative Diaspora Studies (4)
- CHS/LAS/RELS 423 Migration, Identity, and Religion (4)
- LAS 424 The United States and Latin America (4)
- LAS 425 Latin American Responses to Imperialism and Globalization (4)
- LAS 430 Cuba and the World (4)
- LAS 450 Special Studies in Latin American Studies (1-4)
- LAS 470 Labor and Social Movements in the Americas (4)
Select 8 units in Elective Courses

Minor in Central American Studies

The minor in Central American Studies provides students with an in-depth and cross-disciplinary exploration of Central America, its past and present, and its connections to the United States through globalization and international migration.

A total of 24 units are required. A total of 12 units are constituted by core requirements and the remainder of the units is drawn from elective courses.

Requirements for the Minor (24 Units)
Core Requirements (12 Units)
CHS/LAS 255 Diverse Latin American Populations in Southern California (4)
CHS/LAS 404 The Central American Experience in the U.S. (4)
HIST 464 Central America Since Independence (4)

Electives (12 Units)
Choose one course from each area listed below

Area 1: Cultural History
ART 447H The Art of Mesoamerica and the Southwest (4)
ANTH 408 Peasant Cultures of Middle America (4)
ANTH 429 Maya Civilization (4)
SPAN 471 Spanish-American Literature and Original Populations (4)

Area 2: Contemporary Realities
CHS 406 Hispanic Communities in U.S. Society (4)
CHS/LAS/RELS 423 Migration, Identity and Religion (4)
CHS 440 Development of Spanish Language in Southwestern U.S. (4)
CHS 485 Health and Chicano/Latino Families (4)
*CHS 395 or LAS 395 Community Service in Chicano Studies or Latin American Studies (4)
SPAN 431 Spanish American Testimony (4)

Area 3: Central America Today
GEOG 427 Mexico and Central America (4)
ECON 485 Current Issues in Latin American Economies (4)

Minor in Latin American Studies

The minor in Latin American Studies is designed to provide students not majoring in Latin American Studies with a concentration of courses that will impart a knowledge of the field and enhance their career opportunities and general knowledge in a focused manner. The minor requires a total of 36 units, 16 in required courses and 20 in electives.

Requirements for the Minor (36 units)
Required Courses (16 units)
LAS 150 Introduction to Latin American Studies (4)
LAS 497A Interdisciplinary Approaches to Latin American Studies (4)
LAS 497B Proseminar: Methodology, Research, Writing on Selected Topics in Latin American Studies (4)
SPAN 200C** Intermediate Spanish (4)

**Requirement may be met by examination and unit requirement met with courses selected from elective list.

Electives (20 units)
Select 20 units from the following, with courses from at least three fields including 4 units in Latin American Studies:
AAAS/CHS/LAS/PAS 408
ANTH 404, 408, 428, 429,*454L
ART 446, 447H, *454L, 457H
CHS 311, 400, 406, 420, 430, 444, 446, 468
CHS/HIST 466ABC, 467
CHS/LAS 404
CHS/LAS/RELS 423
ECON 460, 465
GEOG 427, 428, 333#, 496*, 497*
HIST 360#, *450, *451, 459, 461, 462, 463, 464, 465, 468, 469
LAS 335, 424, 425, 430, 450, 470, 499
LAS/PAS 342#, LAS/PAS/POLS 360#
LAS/TVF 434

*when topic is Latin America

PAS/POLS 456 Politics of the Caribbean and Central America (4)
LAS 470 Labor and Social Movements in the Americas (4)

*To be completed with an organization serving Central American populations in Southern California.
## Graduate and Postbaccalaureate Programs

### Master of Arts Degree
A master's degree in Latin American Studies affords students a wide range of career opportunities in the U.S. and abroad. Students are able to tailor their programs to fit career interests and goals. The program provides training and research as well as opportunity to work with community groups. A master's degree prepares students to work in policy-making management-level positions, to teach in community colleges, or to pursue Ph.D. study. Opportunities abroad are available to graduates with a master's degree who are qualified to teach at the university level in Latin American educational institutions.

### Admission to the MA Program
Admission is governed by University requirements for admission to graduate study. New graduate students must consult with the Latin American Studies graduate adviser before registration to evaluate their program prerequisites and for assistance in planning their program.

### Master of Arts Program Requirements
A minimum of 20 units in upper division Latin American content courses is prerequisite to the program; LAS 497A and 497B are corequisites. Students who have not met these requirements through courses taken as an undergraduate must take courses in two or more departments in postbaccalaureate standing. In exceptional cases, the Latin American Studies graduate studies committee may waive a portion of these prerequisites.

#### Language Requirement
Before they may be advanced to candidacy, students must demonstrate written and oral competence in Spanish or Portuguese by passing a foreign language reading examination (ML 901) in the language selected, as offered by the Department of Modern Languages and Literatures and with approval of that department.

#### Requirements for the Degree (minimum 45 units)
A total of 45 units is required, with at least 23 in 500-level courses. The program involves study in seminars and lecture courses. It offers considerable flexibility for students to pursue individual interests and particular career goals. Students must have a minimum of 5 graduate level courses, distributed in at least 3 fields, chosen from: anthropology, art, business, economics, education, geography, history, political science, sociology, and Spanish. Other fields may be included in consultation with the adviser. The necessary language proficiency is established by examination. Students have the option of passing a comprehensive examination or writing a thesis as the final phase of the degree program. Those who elect the thesis track work with three members of the faculty in choosing a thesis topic, developing a research plan and writing the thesis. To prepare for the comprehensive examination those who select that option will be given assigned readings to supplement class work by the examining faculty in each of the three fields selected. An oral defense of the thesis or examination completes the degree.

### Additional Seminars (19–20 units)
Select 500-level courses from the following (include seminars in at least three disciplines):

<table>

*when emphasis is on Latin America
**Area of emphasis should be applied to Latin America

### Electives (21–22 units)
Additional units from among Latin American content courses, including appropriate departmental 499 and 598 courses, selected in consultation with the Latin American Studies graduate adviser.

#### 400-level Courses
All 400-level courses listed in the undergraduate major, general option, may be applied toward master's degree requirements except the following, subject to limits established by the department and approval of the graduate adviser: LAS 497AB

### Comprehensive Examinations or Thesis (0, 2–9 units)
Students must successfully complete either comprehensive examinations or a thesis.

Immediately following completion of the comprehensive examinations or thesis, students must pass an oral examination conducted by a three-member faculty committee.

### Comprehensive Examinations (0 units)
Comprehensive written examinations about Latin America must be passed successfully in three of the following academic fields: anthropology, art, comparative education, economics, geography, history, marketing, political science, or other fields approved by the graduate committee in Latin American Studies.
List of Courses (LAS) - Undergraduate Level

Lower Division Courses

102 The African Diaspora in the United States (4) (also listed as PAS 102)
Diversity among the varied people of African descent in the United States and their relation to the dominant society. GE D

108 Comparative Ethnic Studies (4) (also listed as CHS, AAAS, PAS 108)
This survey course examines comparatively the notions of "race" and ethnicity, the exploitation based on these statuses, and the resulting resistance and multi-ethnic social movements in the U.S. and elsewhere.

150 Introduction to Latin American Studies (4)
A multidisciplinary introduction to the history, peoples, social structure, and geography of Latin America with emphasis on the formation of its diverse societies. GE D

255 Diverse Latin American Populations in Southern California (4) (also listed as CHS 255)
The formation of and differences among the varied Latin American people in the Southern California region and their participation in contemporary society. GE D

Upper Division Courses

335 Race and Culture in the Americas (4) (also listed as CHS 335)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Comparative study of race and ethnicity as expressed in the arts and culture of Latin America, the Caribbean and the United States. GE Theme H

342 Cultural Impact of Development (4) (also listed as PAS 342)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Impact of colonialism, neocolonialism and globalization on art, literature, music and identity in developing countries. GE Theme A

360 Dynamics of Change in the Developing World (4) (also listed as PAS and POLS 360)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Case studies illustrating why the Third World came into being and how it is changing in the context of the globalized world economy. GE Theme A

380 Education and Development in the Third World (4) (also listed as PAS and EDFN 380)
Prerequisite: Completion of Basic Subjects (Block A) and one course from Block D. Comparative analysis of the systems of education in the Third World with particular emphasis on their educational problems and issues, and their relationship to economic development and social change.

395 Community Service in Latin American Studies (1-4)
Prerequisites: Approval by departmental faculty adviser, acceptance by a community agency. Participation as a volunteer in work of a community agency or activity utilizing professional and/or vocational skills in service to community. Graded CR/NC. May be repeated to maximum of 9 units.

400-Level Courses

All 400-level courses listed in the undergraduate major, general option, may be applied toward master's degree requirements except the following, subject to limits established by the department and approval of the graduate adviser: LAS 497AB.

404 The Central American Experience in the US (4) (also listed as CHS 404)
Prerequisite: CHS 111 or CHS/LAS 255. Aspects of the Central American experience in the U. S. with emphasis on the transnational connections between the countries of origin and the communities of residence in the U. S.

408 Comparative Diaspora Studies (4) (also listed as AAAS, PAS, CHS 408)
Prerequisite: Any lower division course in AAAS, PAS, CHS or LAS. The course is a comparative examination of diaspora among principally Africans, Asians and Latin Americans emphasizing the conditions of dispersal, the patterns of settlement, and the formations of global tribes.

423 Migration, Identity, and Religion (4) (also listed as CHS 423 and RELS 423)
Examines the role of Theology of Liberation and Evangelical Christianity in the lives of Mexicans and Latin Americans in their home countries as well as immigrants in the US.

424 The United States and Latin America (4)
Examination and analysis of relations between the U.S. and Latin American nations; the inter-American system.

425 Latin American Responses to Imperialism and Globalization (4)
The impact upon Latin America of U.S. world hegemony and the process of globalization and Latin American response to these forces. Major international issues confronting Latin America.

430 Cuba and the World (4)
An overview of Cuban society, politics and popular culture as well as its situation in the world.

434 Latin American Radio Documentary Production (4) (also listed as TVF 434)
Recommended prerequisites: TVF 320 or two upper division Latin American content courses in history, political science, or Latin American studies. Analysis of political, economic, and cultural issues in Latin America, utilizing primary sources; production of research in the form of broadcasting tapes.

Thesis (2–9 units)
Instead of the comprehensive examinations, students may choose to write an interdisciplinary thesis under the guidance of a three-member faculty committee selected in consultation with an adviser. Students who make this choice must enroll in LAS 599, in which a maximum of 9 units may be taken.
450 Special Studies in Latin American Studies (1–4)
Prerequisites: Upper division standing, others as needed for specific topic. Selected topics in Latin American Studies differ each quarter; examined in manner of undergraduate seminar; individual readings, written/oral reports, discussion. Repeatable to maximum of 12 units as subject matter changes.

470 Labor and Social Movements in the Americas (4)
A theoretical and historical overview of labor and social movements in the Americas with an emphasis on 1945 to the present. Four hours of lecture/discussion; service learning option.

497A Interdisciplinary Approaches to Latin American Studies (4)
Prerequisites: LAS 150, Satisfactory completion of the Graduate Writing Assessment Requirement (GWAR). Reading ability in Spanish or Portuguese. Changing perspectives and varied methodological approaches to Latin America over the past five decades; selection of research topic; bibliography preparation.

497B Research and Writing on Selected Latin American Topics (4)
Prerequisite: LAS 497A. Senior course. Development of research skills and paper in English on topic selected in LAS 497A.

499 Undergraduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Project selected in conference with sponsor before registration, progress meetings held regularly, and final report submitted. May be repeated for credit.

---

**Graduate Level Courses (LAS)**

All 400-level courses listed in the undergraduate major, general option, may be applied toward master's degree requirements except the following, subject to limits established by the department and approval of the graduate adviser: LAS 497AB.

Classified graduate standing is required for admission to all 500-level courses.

508 Seminar: Latin American Social Systems (4)
Recommended prerequisites: ANTH 404 or 408, reading competence in Spanish or Portuguese. Analysis of selected aspects of contemporary Latin American social systems. May be repeated for credit.

590 Interdisciplinary Seminar: Latin American Studies (4)
Prerequisite: LAS 497AB. Interdisciplinary investigation and discussion of selected Latin American topics. May be repeated for credit.

598 Graduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in field; regular conferences with sponsor. May be repeated for credit.

599 Thesis (1–9)
Prerequisites: Instructor consent to act as sponsor, approval of topic prior to registration. Independent research resulting in a thesis. May be repeated to maximum of 9 units. Graded CR/NC.
Liberal Studies is an interdisciplinary program that offers students the opportunity to pursue a Bachelor of Arts degree grounded in the social sciences and the humanities. The Liberal Studies major provides an appropriate foundation for professional training in education, librarianship, law, medicine, various fields of public service, and business and industry. In addition, with careful selection of electives, students may prepare for graduate study in such areas as education, American studies, art history, communications, English, cultural studies, history, film and television studies, and the social sciences.

The Faculty

**Professor:** Steven Swann Jones (Chair).

**Associate Professors:** D. Robert DeChaine, Alejandra Marchevsky, Patrick Sharp.

**Assistant Professors:** Victor Viesca, Michael Willard.

In addition, faculty is drawn from cooperating departments.

---

**Undergraduate Programs**

**Bachelor of Arts Degree**

The Bachelor of Arts degree program in Liberal Studies offers four options. Option I, Interdisciplinary Studies in Culture and Society, allows students to acquire an in-depth understanding of how ideology and discourse shape cultural traditions and social institutions. Students may incorporate preparation for teaching at the elementary school level into the major by completing Options II, III, or IV. Option II, is the General Elementary Subject Matter Teacher Preparation Option for students who wish to complete their baccalaureate prior to enrolling in the credential program. Option III, is the Blended Elementary Subject Matter Teacher Preparation Option for students who wish to combine their baccalaureate training with their credential coursework. Option IV, is the Elementary Subject Matter Teacher Preparation Option: Directed Electives for students who decide to pursue a teaching career after having completed their general education coursework.

Particular requirements and restrictions apply to candidates for teaching (Options II-IV). Therefore, early consultation with a Liberal Studies adviser is essential. Refer to the Charter College of Education section in the Academic Programs: College-based and University-wide chapter of this catalog for regulations governing all teaching credential programs.

**Advisement**

All students who intend to major in Liberal Studies must attend a group advisement session or confer with a Liberal Studies program adviser by the end of the first quarter of residence in order to establish an official degree program.

A grade of C or higher is required in all courses used to meet the major requirements for the Elementary Subject Matter Teacher Preparation Options (Options II, III, and IV).

**Requirements for the Major (68-198 units)**

Students in each option must complete 20 units of Liberal Studies core requirements (including a senior project), as well as 48 units of additional coursework in one of four options:

- Option I. Interdisciplinary Studies in Culture and Society
- Option II. Elementary Subject Matter Teacher Preparation Option
- Option III. Blended Elementary Subject Matter Teacher Preparation Option
- Option IV. Elementary Subject Matter Teacher Preparation Option: Directed Electives

**Liberal Studies Core Requirements (20 units)**

The Liberal Studies core requirements are designed to provide the necessary analytical framework, including rhetorical skills, theoretical concepts, research methods, and techniques of argumentation, to enable students to master each of the available options in the liberal studies major. All students in the major must complete the following core courses:

- LBS 234 Multicultural Arts, L. A. (4)
- LBS 301 Interdisciplinary Investigation (4)
- LBS 360 Interdisciplinary Approaches to Culture and Society (4)
- LBS 489 Senior Project (4)
- LBS 490 Proseminar in Liberal Studies (4)

**Option Requirements**

Students must select one of the following four options to fulfill the requirements for the major.

The total number of units required for the Bachelor of Arts degree in Liberal Studies, Option I, Interdisciplinary Studies in Culture and Society, is 180 units, of which 70 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

**Option I: Interdisciplinary Studies in Culture and Society (68 units)**

This option offers students the opportunity to pursue an integrative interdisciplinary course of study that will provide them with a broad base of knowledge and skills. The
knowledge and skills developed in this option prepare students for careers in fields such as education, law, journalism, publishing, government, business, and non-profit work.

Students in Option I must take a total of 180 units: 72 units of General Education Requirements, 6 units of University Requirements, 20 units of Liberal Studies core requirements, 48 units in a concentration or two 24-unit depth areas listed below, and 34 units of free electives. Of the 48 units taken in the concentration or depth areas, 32 units must be upper division (300- or 400-level courses).

**Concentration or Depth Areas (48 units)**

Students in Option I must take 48 units by completing one of the concentrations listed below (A-B) or two 24-unit depth areas listed below (1-9). While the depth areas are open to all Liberal Studies majors, depth areas 3, 4, 5, and 8 have been designed specifically to meet California Commission on Teacher Credentialing (CCTC) standards for commonly taught subjects.

**A. Concentration in Science, Technology, and Medicine Studies (48 units)**

Drawing from the traditions of critical science studies scholarship in a wide variety of disciplines, this concentration examines the social and cultural dimensions of science and its technological and medical applications. While deepening students' knowledge of the sciences, the concentration explores the social and cultural imperatives that shape science and its applications. It also studies the influence of the sciences on social formations and cultural productions. The concentration is designed for students interested in science-focused careers in law, journalism, education, publishing, government, business, and non-profit work. Students interested in careers in medicine should consult with the health careers advisement office (King Hall room D1044) to discuss the recommended courses and preparation appropriate for their career goals. No more than 12 units can be taken in any one department.

**Interdisciplinary Science Studies: Select two courses from the following (8 units)**

<table>
<thead>

**Electives (16 units)**

With major advisor approval, students select 16 units of upper-division coursework from the above courses or from related courses.

**B. Concentration in Women's and Gender Studies (48 units)**

The Women's and Gender Studies Concentration is an interdisciplinary program of study that takes as its central object of study gender in culture and society. This concentration draws from the traditions of feminist scholarship in a wide variety of disciplines, from the natural and social sciences through the humanities and arts. Although the field of women's studies has always looked at the construction of gender and gendered roles and representations, the use of "gender studies" makes the focus both general and specific: students critically analyze gender in the context of class, race, ethnicity, and sexual orientation, and explore gender as a category that structures power, as a set of cultural meanings to be interpreted, and as a set of bodily performances.

**Required Courses (8 units)**

TECH 250 Impact of Technology on the Individual and Society (4) (pre-approval of advisor required)
WOMN 203 Gender and Race in the United States (4)

Arts and Humanities Perspectives (12 units)
Select three courses from the following:
COMM 475 Feminism and Communication (4)
COMM 479 Sex Roles in Communication (4)
ENGL 260 Women and Literature (4)
ENGL/TVF 379 Gender and Sexuality in Popular Culture (4)
ENGL/COMM 385 Sex and Gender in Language and Literature (4)
ENGL 453 Modern Women Writers (4)
ENGL 470 American Women Writers (4)
LBS 390 Race, Class, and Gender in the Classroom (4)
PHIL 327 Philosophy, Gender and Culture (4)
PHIL/WOMN 413 Issues in Feminist Philosophy (4)
WOMN 203 Gender and Race in the United States (4)
WOMN 454 Special Topics in Women's Studies (4)
WOMN 491 Proseminar: Women's Studies (1-4)
WOMN 499 Undergraduate Directed Study (1-8)

Electives (12 units)
With major advisor approval, students select 12 units of coursework from the above courses or from related courses.

Depth Areas
In lieu of a concentration, students may select 24 units in each of two of the following depth areas to complete the requirements for Option I. For Option II (listed below) students select 24 units in one depth area. For Option III (listed below), students select 20 units in one depth area. For Option IV (listed below), students select 24 units in one depth area and may elect to complete 24 units in a second depth area if they pass the California Subject Examination for Teachers (CSET).

1. Depth Area in American Studies (20-24 units)
Required courses (12 units)

Interdisciplinary Approaches (4 units)
With major advisor approval select one American studies course in Liberal Studies

Social Science Perspectives (4 units)
With major advisor approval select one American Studies course from the following departments:
Asian and Asian American Studies
Anthropology
Chicano/a Studies
Geography History
Latin American Studies
Pan African Studies
Political Science
Sociology

Arts and Humanities Perspectives (4 units)
With major advisor approval select one American studies course from the following departments:
Art
Communication Studies
English
Music
Philosophy (4)
Theatre Arts and Dance (4)

Electives (8-12 units)
With major advisor approval, students select 8-12 units in American studies from the departments listed above or from related departments. No more than 12 units in the depth area can be taken in any one department.

2. Depth Area in Cultural Studies (20-24 units)
Required courses (8 units)
ANTH 250 Cultural Anthropology (4)
LBS 460 Cultural Studies: Theories and Methods (4)
Electives (12-16 units)
With major advisor approval select three or four courses in cultural studies from the following departments. No more than 12 units in the depth area can be taken in any one department.
Asian and Asian American Studies
Anthropology
Art
Chicano/a Studies
Communication Studies
English
Geography History
Latin American Studies
Liberal Studies/ Women's and Gender Studies
Music
Pan African Studies
Political Science
Sociology
Theatre Arts and Dance

3. Depth Area in Language Arts (20-24 units)
Required courses (12 units)
ENGL 301 Introduction to Language (4)
ENGL 340 Writing the Critical Essay (4)
ENGL 430 Children's Literature (4)
Electives (8-12 units)
With major advisor approval, students select 8-12 units from upper division language arts courses in English, Philosophy, Communication Studies, or related departments.

4. Depth Area in Mathematics (20-24 units)
Required Courses (16 units)
MATH 102 College Algebra (4)
MATH 103 Algebra and Trigonometry (4)
MATH/ECON 109 Quantitative Reasoning with Statistics (4)
MATH 206 Calculus I: Differentiation (4)

Electives (4-8 units)
With major advisor approval, students select 4-8 units from the courses below or from related courses.
MATH 310 Introduction to Computer Algebra Systems (4)
MATH 325 Mathematical Notation and Proof (4)

5. Depth area in Natural Science (20-24 units)
Pedagogy: Select one course from the following (4 units)
EDEL 451 Teaching Science in Elementary School (4)
EDEL 452 Developing Critical Thinking Through Science, K-7 (4)
EDEL 454 The Science, Technology, and Society Curriculum, K-7 (4)
NS 461 Topics in Physical Science Content and Pedagogy (4)
NS 462 Topics in Life Science Content and Pedagogy (4)

Life Science (4 units)
Select one course from the following:
ANTH 361 Race, Racism, and Human Variation (4)
ANTH/PHIL 385 Measurement of Human Difference (4)
BIOL 384N Biology of Human Aging (4)
BIOL 386N/PSY 388 Sex and Gender (4)
HS/NURS 308 Psychophysiology of Substance Abuse and Violence (4)
HS 370 Environmental Racism (4)
KIN 345 Physiological Effects of Exercise During Aging (4)
LBS 386 Gender in Science (4)
NTR 351 Adult Nutrition (4)
NURS/PSY 307 Physiology and Psychology of Violence and Aggression (4)
NURS 330 Human Reproductive Health (4)
PSY 323 Psychology of Emotion (4)

Physical Science (4 units)
Select one course from the following:
ASTR 360 Ancient and Modern Views of the Universe (4)
CE 352 Technological Aspects of Urban Environment (4)
ENGR/TECH 383 Ancient and Modern Technology (4)
GEOG 310 Urban Climatology (4)
GEOG 333 Environment and Development in the Third World (4)
GEOL 351 Environmental Geology of Developing Nations (4)
GEOL 357 Urban Geology (4)

Select one course from the following:
PHIL 220 Contemporary Moral and Social Issues in a Multicultural Society (4)
PHIL 323 Human Diversity and Justice (4)
POLS 409 Minority Politics in the U. S. (4)
POLS 428 Asia and the Politics of Transnational Migration (4)
POLS 442 American Constitutional Law: Civil Rights (4)
POLS 458 Politics of Asian-American Immigration (4)
SOC 330 Social Issues in the Urban Setting (4)
SOC 460 Race and Ethnic Relations (4)
SW 362 From Institutional Racism to Cultural Competency (4)
TVF 324 Third Cinema/Video (4)
TVF 334 Race, Justice, and Mass Media (4)
WOMN 203 Gender and Race in the United States (4)

7. Depth area in Science, Technology, and Medicine Studies (20-24 units)
With major advisor approval, students select 20-24 units from the courses listed above in the concentration in Science, Technology, and Medicine Studies. No more than 12 units in the depth area can be taken in any one department.

8. Depth area in Social Science (20-24 units)
Required course; this course should be taken last in the depth area (4 units)

World History (4 units)
Select one course from the following:
AAAS/HIST 418 History of Islamic Central Asia (4)
HIST 311 Classical Civilization and the Modern World (4)
HIST 410 Ancient Near East: 4000-323 B.C. (4)
HIST 411 History of Ancient Greece (4)
HIST 412A Early Rome, the Republic (4)
HIST 412B The Roman Empire (4)
HIST 413 Greek History: The Alexandrian Age (4)
HIST 414A Traditional Sub-Saharan Africa (4)
HIST 419 Classical Age of Islamic Civilization, 600-1258 (4)
HIST 421 The Early Middle Ages (4)
HIST 422 The Later Middle Ages (4)
HIST 494A Traditional China (4)
American History (4 units)
Select one course from the following:

<tbody>
<tr>
<td>This option provides a multiple subject course of study for those who want to teach in grades K-8. Option II has been approved by the California Commission on Teacher Credentialing (CCTC), and the coursework contained within this option is designed to give students the multiple subject preparation called for by the CCTC standards.</td>
</tr>
<tr>
<td>Students who select this option must complete a total of 180 units to graduate, of which 112 units must be selected in</td>
</tr>
</tbody>
</table>
acCORDANCE WITH THE ELEMENTARY SUBJECT MATTER TEACHER PREPARATION PROGRAM COMMON CORE REQUIREMENTS (LISTED ABOVE). IN ADDITION, STUDENTS CHOOSING THIS OPTION MUST COMPLETE 20 UNITS OF ADDITIONAL GENERAL EDUCATION REQUIREMENTS, 20 UNITS OF LIBERAL STUDIES CORE REQUIREMENTS, 24 UNITS IN A DEPTH AREA, AND 4 UNITS OF LIBERAL STUDIES ELECTIVES.

STUDENTS INTERESTED IN SECURING A CALIFORNIA MULTIPLE SUBJECT TEACHING OR SPECIAL EDUCATION TEACHING CREDENTIAL SHOULD CONSULT THE CHARTER COLLEGE OF EDUCATION SECTION IN THE ACADEMIC PROGRAMS: COLLEGE-BASED AND UNIVERSITY-WIDE CHAPTER FOR THE REGULATIONS GOVERNING ALL TEACHER CREDENTIAL PROGRAMS.

STUDENTS COMPLETING THE REQUIREMENTS OF THE CORE, THE ADDITIONAL GENERAL EDUCATION REQUIREMENTS LISTED BELOW, AND OPTION II WILL HAVE FULFILLED ALL UNIVERSITY AND GENERAL EDUCATION REQUIREMENTS.

COURSES FOR COMPLETION OF GENERAL EDUCATION REQUIREMENTS FOR OPTION II (20 UNITS)

**BLOCK C** - SELECT ONE COURSE FROM BLOCK C (NO C1) (4)
**BLOCK D** - SELECT ONE COURSE FROM BLOCK D (NO HIST) (4)

**UPPER DIVISION GE THEME** (12)
**DIVERSITY REQUIREMENT:** IF NOT MET WITH THE ABOVE COURSES, SELECT 2 DIVERSITY COURSES FROM GENERAL EDUCATION PROGRAM

LIBERAL STUDIES CORE COURSES (20 UNITS)

STUDENTS IN OPTION II MUST COMPLETE THE 20 UNITS OF CORE COURSES LISTED ABOVE UNDER MAJOR REQUIREMENTS.

**DEPTH AREA (24 UNITS)**

STUDENTS IN OPTION II MUST COMPLETE 24 UNITS IN ONE OF THE DEPTH AREAS LISTED ABOVE IN OPTION I.

**ELECTIVES (4 UNITS)**

WITH MAJOR ADVISOR APPROVAL, STUDENTS MUST COMPLETE 4 UNITS OF LIBERAL STUDIES ELECTIVES.

**OPTION III: BLENDED ELEMENTARY SUBJECT MATTER TEACHER PREPARATION OPTION (198 UNITS [86 UNITS, PLUS 112 COMMON CORE UNITS])**

THE BLENDED OPTION COMBINES THE UNDERGRADUATE LIBERAL STUDIES DEGREE WITH THE PRELIMINARY MULTIPLE SUBJECT TEACHING CREDENTIAL OR ELIGIBILITY FOR THE EDUCATION SPECIALIST INTERNSHIP CREDENTIAL. THE BLENDED OPTION HAS BEEN APPROVED BY THE CALIFORNIA COMMISSION ON TEACHER CREDENTIALING (CCTC), AND THE COURSEWORK CONTAINED WITHIN OPTION III IS DESIGNED TO GIVE STUDENTS THE MULTIPLE SUBJECT PREPARATION CALLLED FOR BY THE CCTC STANDARDS. THIS OPTION IS AVAILABLE TO STUDENTS WHO 1) MEET THE GENERAL UNIVERSITY REQUIREMENTS FOR ADMISSION AS A FIRST-YEAR STUDENT OR A TRANSFER STUDENT; 2) ATTAIN A GPA OF AT LEAST 2.75 IN THE LAST 90 QUARTER UNITS OF COURSEWORK.

STUDENTS WHO SELECT THIS OPTION MUST COMPLETE A TOTAL OF 198 UNITS TO GRADUATE, OF WHICH 112 UNITS MUST BE SELECTED IN ACCORD WITH THE ELEMENTARY SUBJECT MATTER TEACHER PREPARATION COMMON CORE REQUIREMENTS. IN ADDITION, STUDENTS CHOOSING THIS OPTION MUST COMPLETE 20 UNITS OF LIBERAL STUDIES CORE REQUIREMENTS (LISTED ABOVE), 20 UNITS IN A DEPTH AREA (LISTED UNDER OPTION I), AND 46 UNITS OF PROFESSIONAL EDUCATION COURSES. STUDENTS INTERESTED IN SECURING A CALIFORNIA MULTIPLE SUBJECT TEACHING OR SPECIAL EDUCATION INTERNSHIP CREDENTIAL SHOULD CONSULT THE CHARTER COLLEGE OF EDUCATION SECTION IN THE ACADEMIC PROGRAMS: COLLEGE-BASED AND UNIVERSITY-WIDE CHAPTER FOR THE REGULATIONS GOVERNING ALL TEACHER CREDENTIAL PROGRAMS.

STUDENTS COMPLETING THE REQUIREMENTS OF THE ELEMENTARY SUBJECT MATTER TEACHER PREPARATION COMMON CORE AND OPTION III WILL HAVE FULFILLED ALL UNIVERSITY AND GENERAL EDUCATION REQUIREMENTS.

**LIBERAL STUDIES CORE COURSES (20 UNITS)**

STUDENTS IN OPTION III MUST COMPLETE THE 20 UNITS OF CORE COURSES LISTED ABOVE UNDER MAJOR REQUIREMENTS.

**DEPTH AREA (20 UNITS)**

STUDENTS MUST COMPLETE 20 UNITS IN ONE OF THE DEPTH AREAS LISTED ABOVE, UNDER OPTION I.

**REQUIRED PROFESSIONAL EDUCATION COURSES (46 UNITS)**

A MINIMUM GPA OF 2.75 IN THE LAST 90 QUARTER UNITS IS A PREREQUISITE TO ENROLLMENT IN EDCI 300 OR EDSP 300. SEE CATALOG, MULTIPLE SUBJECT CREDENTIAL, FOR ADDITIONAL PREREQUISITES. AN OVERALL 3.0 GPA MUST BE ATTAINED IN ALL PROFESSIONAL EDUCATION COURSES WITH A MINIMUM GRADE OF “C” IN EACH COURSE. STUDENTS SHOULD SEE BOTH A MAJOR ADVISER AND A MULTIPLE SUBJECT OR SPECIAL EDUCATION CREDENTIAL ADVISER REGARDING COMPLETION OF THE DEGREE AND OTHER CREDENTIAL REQUIREMENTS.

SELECT ONE OF THE FOLLOWING EMPHASES:

**A. MULTIPLE SUBJECT EMPHASIS (46 UNITS)**

(FOR A MULTIPLE SUBJECT TEACHING CREDENTIAL)

**REQUIRED PREREQUISITE COURSES (2 UNITS)**

EDCI 300  THE TEACHING PROFESSION: PREPARING THE URBAN EDUCATOR (2)

**COMPLETE THE FOLLOWING 34 UNITS:**

EDFN 420 INTRODUCTION TO FOUNDATIONS OF URBAN LEARNING (2)

(IT IS RECOMMENDED THAT THIS COURSE BE TAKEN DURING BLOCK ONE)

EDSP 400 FOUNDATIONS OF SPECIAL EDUCATION (4)

(ITAL IS RECOMMENDED THAT THIS COURSE BE TAKEN PRIOR TO BLOCK THREE)

**BLOCK ONE (MUST BE COMPLETED BEFORE BLOCK TWO)**

EDEL 402 INTRODUCTION TO CLASSROOM MANAGEMENT/ ASSESSMENT/INSTRUCTIONAL DESIGN (4)

EDEL 405 PROSEMINAR: LANGUAGE DEVELOPMENT IN THE ELEMENTARY CLASSROOM (4)

**BLOCK TWO (MUST BE COMPLETED BEFORE BLOCK THREE)**

EDEL 415 PROSEMINAR: CURRICULUM AND TEACHING OF READING/LANGUAGE ARTS (4)

EDEL 417 PROSEMINAR: CURRICULUM AND TEACHING OF MATHEMATICS (4)

EDEL 418 PROSEMINAR: CURRICULUM AND TEACHING OF SCIENCE (4)

**BLOCK THREE (MUST BE COMPLETED BEFORE BLOCK FOUR)**

EDEL 416 PROSEMINAR: CURRICULUM AND TEACHING OF WRITING/LANGUAGE ARTS (4)

EDEL 419 PROSEMINAR: CURRICULUM AND TEACHING OF SOCIAL SCIENCE (4)

**DIRECTED TEACHING CREDENTIAL REQUIREMENTS (12 UNITS)**

**BLOCK FOUR (MUST ATTEND A MANDATORY DIRECTED TEACHING MEETING PRIOR TO ENROLLING IN THESE COURSES)**

EDEL 403B DIRECTED TEACHING (10)

EDEL 403C REFLECTION, SYNTHESIS, AND ASSESSMENT OF DIRECTED TEACHING (2)
B. Education Specialist Emphasis (Eligibility for a Special Education Internship Credential) (46 Units)
Completion of this emphasis and passage of the CBEST qualify students to be eligible for an Internship Credential with verification of employment from a cooperating school district. For a Preliminary Education Specialist Credential, students must complete the additional credential course work in their area of specialization (i.e., mild/moderate disabilities, moderate/severe disabilities, physical and health impairments or visual impairments). Students must consult a special education credential adviser for specific program requirements.
Complete the following:
EDSP 300 Introduction to Special Education (2)
EDSP 301 Individuals with Disabilities in Contemporary Society (3)
EDEL 415 Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDEL 417 Proseminar: Curriculum and Teaching of Mathematics (4)
EDSP 407 Directed Teaching in Special Education (5)
EDSP 408 Cognitive, Linguistic, and Literacy Processes in Individuals with Special Needs (4)
EDSP 409 Assessment Strategies and Curricular Modifications for Individuals with Exceptional Needs in Diverse Educational Settings (4)
EDIT 430 Technology and Information Systems in Classrooms (4)
EDFN 440 Schooling in a Diverse, Urban Society (4)
EDSP 400 Foundations of Special Education (4)

Internship Emphasis Requirement: Electives (8)
With approval of a credential adviser, complete 8 units of appropriate course work in area of specialization.

Option IV. Elementary Subject Matter Teacher Preparation Option: Directed Electives (180 units, of which 102 units are in the major)
Option IV prepares prospective teachers for grades K-8. This option is designed primarily for those who choose to transfer into an Elementary Subject Matter Teacher Preparation program midway through their college careers. Since passing the California Subject Examination for teachers (CSET) is a prerequisite for a teaching credential, students in Option IV are expected to prepare for and take the three portions of the CSET at their earliest convenience and report their results to a Liberal Studies advisor. Based on the CSET results and students' previous coursework, advisors will recommend directed elective courses to help students prepare for any sections of the CSET that have not been passed.

Students who select Option IV must complete the following coursework for a total of 180 units: 72 units of general education requirements, 6 units of university requirements (i.e., ENGL 102 and either the Introduction to Higher Education or Transition to Cal State, L.A. course), 20 units of Liberal Studies core requirements (listed above), 24 units in a selected depth area (listed under Option I), and 58 units of additional directed electives, either in one or more depth areas (provided the CSET has been passed) or from advisor recommended Elementary Subject Matter courses (if the CSET has not been passed). In the depth areas and electives, at least 32 units must be upper division (300- or 400-level courses).

Liberal Studies Core Courses (20 units)
Students in Option IV must complete the 20 units of core courses listed above under major requirements.

Depth Area (24 units)
Students in Option IV must complete 24 units in one depth area (selected from those listed above under Option I).

Directed Electives (58 units)
Students in Option IV must complete 58 units of directed electives. If a student has not passed all sections of the CSET examination, with advisor approval, these electives may be selected from the following list of Elementary Subject Matter courses or from other appropriate courses. If a student has passed all sections of the CSET examination, then, with advisor approval, these electives may be taken in one or more depth areas.

1. Science and Mathematics
MATH 110 Foundations of the Real Number System for Elementary and Middle School Teachers (4)
MATH 115 Elements of Algebra and Statistics for Elementary and Middle School Teachers (4)
MATH 225 Explorations in Geometry for Elementary and Middle School Teachers (4)
BIOL 180 Life Science for Elementary Teachers (4)
PSCI 180 Motion and Energy for Elementary Teachers (3)
PSCI 181 Structure and Properties of Matter for Elementary Teachers (3)
PSCI 182 Topics in Space Science for Elementary Teachers (2)
PSCI 183 Earth Science for Elementary Teachers (4)

2. Reading, Language, and Literature, History and Social Science
HIST 488 California History (4) or
CHS 443 History of the Chicano People in California (4)
ENGL 207 Beginning Creative Writing (4)
ENGL 301 Introduction to Language (4)
ENGL 430 Children's Literature (4)
HIST 110A World Civilization I (4)
HIST 110B World Civilization II (4)

3. Physical Education, Human Development, Visual and Performing Arts Section
ART 400 Elementary Classroom Visual Arts (3)
MUS 400 Elementary Classroom Music (3)
DANC 400 Creative Dance in the Elementary Classroom (3) or
TA 400 Creative Drama for the Elementary Classroom (3)
KIN 420 Development of Physical Activity (3)
CHDV 343 Child and Adolescent Cognition (4)
HS 457 Health Education for School Teachers (1)

Interdisciplinary Minor in Comparative Linguistics
This minor is comprised of courses from four departments: Anthropology, Communication Studies, English and Modern Languages. The array of courses offers intellectual stimulation and meets professional demands. Intellectually, the minor allows students to examine the theories, structures, and behaviors of multiple languages. Professionally, for students interested in teaching, the minor provides valuable expertise in language skills; for those interested in writing career, the minor provides opportunities to analyze and create discourse.
Requirements for the Minor (32 units)

Two (2) courses are required (8 units)
These courses provide a grammatical framework to compare English language constituents with the language and/or behavior constituents addressed in other courses.
- ENGL 401 English in America
- ENGL 405 Modern Grammar

Three (3) courses are to be selected from the following, (12 units)
These courses address the theoretical or technical aspects of a particular language or language behavior.
- ANTH 471/ENGL 400 Introduction to Linguistics
- ANTH 472 Linguistic Analysis
- FREN 305 French Phonetics
- JAPN 315 Language in Japanese Society
- SPAN 305 Introduction to Spanish Linguistics
- SPAN 400A Spanish Morphology
- SPAN 400B Syntax
- COMM 450 Communication Theory
- COMM 462 Non Verbal Communication

Three (3) courses are to be selected from the following (12 units)
These courses address language as it relates to other behaviors, other contexts, or languages.
- ANTH 470/ENGL 230 Language and Society (4)
- ENGL 230/ENGL 230 Language and Society (4)
- ENGL 301 Introduction to Language (4)
- ENGL 402 History of English (4)
- FREN 403 Topics in French Applied Linguistics (4)
- JAPN 403 Contrastive Analysis of Japanese and English Structures (4)
- JAPN 450 Proseminar in Japanese Linguistics (4)
- SPAN 403 Topics in Spanish Applied Linguistics: Languages in Contrast (4)
- SPAN 461 Proseminar in Spanish Linguistics (4)
- SPAN 463 Language and Communication Behavior (4)
- SPAN 494 Language and Communication Behavior in Childhood (4)

Note:
With the major department's approval, courses that satisfy requirements in this minor may also be used to satisfy major or general education requirements.

Minor in Science, Technology, and Medicine Studies

Drawing from the traditions of critical science studies scholarship in a wide variety of disciplines, this minor examines the social and cultural dimensions of science and its technological and medical applications. While deepening students' knowledge of the sciences, the minor explores the social and cultural imperatives that shape science and its applications. The minor also studies the influence of the sciences on social formations and cultural productions. The minor is designed for students interested in science-focused careers in law, journalism, education, publishing, government, business, and nonprofit work. This minor also incorporates some of the recommended courses and electives for students seeking careers in medicine; as such, it provides a useful supplement for pre-med students pursuing majors in the natural sciences. Students interested in careers in medicine should consult with the Health careers advisement office (King Hall room D 1044) to discuss the recommended courses and preparation appropriate for their career goals.

Liberal Studies students who take the Option I Concentration in Science, Technology, and Medicine Studies are ineligible for the minor. Students from any other major (including Liberal Studies majors who chose other concentrations, options, or depth areas) may select this minor in order to deepen their understanding of science, technology, and medicine. Students interested in the minor should contact a Liberal Studies advisor.

Requirements for the Minor (32 units)

Required Course in Interdisciplinary Science Studies (4 units)
- LBS 420 Science, Culture, and Representation (4)

Technology Studies: Select one course from the following (4 units)
- TECH 250 Impact of Technology on the Individual and Society (4)
- TECH/ENGR 383 Ancient and Modern Technology (4)

Medicine Studies: Select one course from the following (4 units)
- ANTH 444 Medical Anthropology (4)
- GEOG 448 Medical Geography (4)
- HIST 458 Sickness and Health in American History (4)
- HS 463 International Health (4)
- SOC 425 Medical Sociology (4)

History and Religious Studies: Select one course from the following (4 units)
- ART/RELS 450 Art, Religion, and Technology (4)
- CHEM 380N/HIST/PHIL 380 Ancient and Modern Science (4)
- HIST 350 Evolution and the Modern World (4)
- HIST/POLS 358 Environmental Policy and Politics (4)
- HIST 401 Science, Religion, and Culture in World History (4)

Science and Society: Select one course from the following (4 units)
- ANTH 361 Race, Racism, and Human Variation (4)
- ANTH 423 Material Culture (4)
- ANTH 450 Culture and Innovation (4)
- EDEL 454 The Science, Technology, and Society Curriculum K-7 (4)
- SOC 432 Science, Technology, and Social Character (4)
- SOC 433 Bioethics and Sociology (4)

Philosophy: Select one course from the following (4 units)
- ANTH/PHIL 385 Measurement of Human Difference (4)
- PHIL 427 Environmental Ethics (4)
- PHIL 428 Ethics and Genetics (4)
- PHIL 429 Bioethics (4)
- PHIL 485 Philosophy of Science (4)

Global Environment: Select one course from the following (4 units)
- CE/GEOG 358 Environment, Earth Systems, and Technology (4)
- GEOG 333 Environment and Development in the Third World (4)
- GEOG 341 World Resources and Environmental Issues (4)
- GEOG 415 Perspectives on Environment (4)
- HS 370 Environmental Racism (4)

Electives (4 units)
With advisor approval, students select 4 units of coursework from the courses listed above.
Minor in Women's and Gender Studies

The Women's and Gender Studies minor is a 32-unit interdisciplinary course of study that takes as its central object of study gender in culture and society. This minor draws upon the traditions of feminist scholarship in a wide variety of disciplines, from the natural and social sciences through the humanities and arts. Although the field of women's studies has always looked at the construction of gender and gendered roles and representations, the use of "gender studies" makes the focus both general and specific: students critically analyze gender in the contexts of class, race, ethnicity, and sexual orientation, and explore gender as an instrument of power, as a set of cultural meanings to be interpreted, and as a set of bodily performances.

Liberal Studies students who take the Option I concentration in Women's and Gender Studies are ineligible for the minor. Students from any other major (including Liberal Studies majors who chose other concentrations, depth areas, or options) may elect to minor in Women's and Gender Studies in order to understand the ways in which gender affects their other fields of study. Courses that comprise the minor must be selected with the approval of a Women's and Gender Studies adviser.

Requirements for the Minor (32 Units)

Required courses (24 units)

**Woman's and Gender Studies (12 units)**

WOMN 200 Introduction to Women's and Gender Studies (4)
WOMN 203 Gender and Race in the United States (4)
WOMN 400 Women's and Gender Studies: Theories and Methods (4)

**Natural Science Perspectives (4 units)**

Select one course from:
- ANTH/PHIL 385 Measurement of Human Difference (4)
- *BIOL 388N/PSY 388 Sex and Gender (4)
- *LBS 386 Gender in Science (4)

**Social Science Perspectives (4 units)**

Select one course from:
- *ANTH 338 Gender Roles in Cross-Cultural Perspective (4)
- CHS 280 Chicanas and Latinas in Contemporary U.S. Society (4)
- CHS 480 Chicana Feminisms and Women's Movements (4)
- CRIM 370 Women and Crime (4)
- *HIST 357 Gender in History (4)

List of Courses - Undergraduate Level

All 400-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser.

**Courses in Liberal Studies (LBS)**

**Lower Division Courses**

200 Methods and Materials of Library Research (4)
Development of library research skills, survey and analysis of major categories of research tools, and their application in various disciplines.

234 Multicultural Arts, L. A. (4)
Cultural, historical, social context for community/ municipal arts in L.A. (performance, visual, musical, literary). Emphasis on race, ethnicity, class, gender, sexuality, and youth. Attend performances/museums; discussion with artists/experts. Some course sections may offer a service learning option. GE C2

**Upper Division Courses**

301 Interdisciplinary Investigation (4)
Prerequisite: ENGL 102. Principles and techniques of interdisciplinary problem solving, nature and limitations of knowledge, evaluation of evidence, strategy and methods of integrating materials drawn from different disciplines. Requires concurrent enrollment in LBS 302 for Liberal Studies majors.
302 Writing the Interdisciplinary Essay (2)
Prerequisites: ENGL 102. Principles and techniques of interdisciplinary research, critical analysis, and writing. Requires concurrent enrollment in Liberal Studies 301.

360 Interdisciplinary Approaches to Culture and Society (4)
Prerequisite: LBS 301 and LBS 302. Examination of interdisciplinary modes of cultural and social inquiry. Introduces concepts, theories, and methods of cultural analysis. Application to historical or contemporary issues and problems of diversity and everyday life.

386 Gender in Science (4)
Prerequisites: Completion of GE Basic Subjects (Block A) and at least one course each from Blocks B, C, and D. Interdisciplinary exploration of scientific conceptions of gender and the effects of gender ideology on the history of science from the Scientific Revolution to the present. GE Theme C

390 Race, Class, and Gender in the Classroom (4)
Prerequisites: LBS 301 and LBS 360, or permission from instructor. Critical examination of the effects of race, ethnicity, socioeconomic class, and gender as they are experienced in educational settings. Emphasis on the cultural reproduction of values in the learning process.

395 Sociocultural Impact of Globalization for the Developing World (4) (Also listed as COMM 395)
Prerequisite completion of the lower division GE Basic Subjects, and at least one course each from Blocks B, C, and D. Critical examination of globalization and its economic, political, and sociocultural challenges for the developing world. Emphasis on globalizing institutions, transborder flows, international communication, social change, and cultural identity. GE Theme E

410 National Identity, Race, and Popular Culture (4)
Prerequisite: LBS 301. Interdisciplinary focus on the formation of national identities; examines relationship between race, national identity and popular culture through fiction, film, music, consumerism, and cultural institutions such as written media, schools, and museums.

420 Science, Culture, and Representation (4)
Prerequisite: LBS 301. Interdisciplinary study of how science is represented in cultural texts—such as literature, film, and TV; also an emphasis on scientific texts as literature to examine how culture is embedded in science.

421 Gender, Science, and Representation (4)
Prerequisite: LBS 301. Interdisciplinary explorations of the relationships between history of gender and development of scientific knowledge. Topics include biological determinism, women in the sciences, and cultural representations of gender in science.

422 Asian Americans in Science and Literature (4) (also listed as AAAS 422)
Prerequisites: ENGL 102, upper division standing. Interdisciplinary exploration of how Asian-Americans have been represented - and how Asian Americans have represented themselves - in relation to science and technology.

454 Selected Topics in Liberal Studies (1–4)
Prerequisites: Upper division standing, and others as needed for specific topic. Intensive study of selected topic from interdisciplinary perspective; subjects vary. May be repeated to a maximum of 8 units for credit.

460 Cultural Studies: Theories and Methods (4)

489 Senior Project (4)
Prerequisites: Satisfactory completion of the graduation writing assessment requirement (WPE/GWAR), LBS 360, senior standing. Advanced principles and techniques of interdisciplinary research, including research and methodology; supervised senior project. Requires concurrent enrollment in LBS 490.

490 Proseminar in Liberal Studies (4)
Advanced interdisciplinary study of structure and practice of knowledge at key institutional sites such as the family, school, media, and arts; and government. Requires concurrent enrollment in LBS 489.

499 Undergraduate Directed Study (1–4)
Prerequisites: Instructor consent to act as sponsor, approval of coordinator, minimum 2.5 grade point average. Projects must be approved before registration, progress meetings held regularly, and final report submitted. May be repeated for credit.

Courses in Women's and Gender Studies (WOMN)

Lower Division Course
200 Introduction to Women's and Gender Studies (4)
Theoretical foundation for the fields of women's studies and gender studies; introduction to feminist theories; interdisciplinary perspectives on gender, sex, and power.

203 Gender and Race in the United States (4)
Examines from an interdisciplinary perspective how concepts of race and gender intersect with each other in lived experience, and in relation to ethnicity, class, gender, and sexuality, and how other social categories shape the lives of women of color in the U.S., including such ethnic groups as African-American, Asian Americans, Chicanas/Latinas, and Native-Americans. GE D

Upper Division Courses
400 Women's and Gender Studies: Theories and Methods (4)
Prerequisites: ENGL 102, WOMN 200, upper division standing. Advanced interdisciplinary theories and methods in Women's and Gender Studies and the history of the field.

413 Issues in Feminist Philosophy (4) (Also listed as PHIL 413)
Prerequisite: one PHIL course. Central philosophical concepts and issues investigated from feminist perspectives for example, topics in epistemology, philosophy of science, ethics, and personal identity. May be repeated to a maximum of 8 units as topics vary.

416 Feminist Theories and Contemporary Society (4) (Also listed as SOC 416)
Examination of the various feminist theories, all of which focus on some aspect of gender inequality. Implications of each theory and their applications to contemporary society are also discussed.
441 Gender, Sports, and Culture (4)
(Also listed as KIN 441)
Examines the gendered nature of sport and physical activity; analyzes theoretical and methodological assumptions pertaining to gender and physical activity/sport contexts; considers the feminist critique of socio-cultural sport studies.

454 Special Topics in Women's Studies (4)
Prerequisites: As needed for specific topic. Topics of special interest in women's studies with variable content announced in Schedule of Classes. May be repeated to total of 8 units as subject matter changes.

491 Proseminar: Women’s Studies (1-4)
Prerequisite: WOMN 200. Topics of special interest in women's studies (variable content announced in Schedule of Classes. May be repeated for total of 4 units.

499 Undergraduate Directed Study (1-8)
Prerequisite: Project selected in conference with sponsor/instructor before registration, progress meetings held regularly, and final report submitted. May be repeated to total of 8 units as subject matter changes.
The Department of Management prepares students to lead the businesses and organizations of society. The many aspects of the field of management are represented by three options for the Bachelor of Science degree in Business Administration, a Minor in Management, three certificate programs, a Master of Science in Business Administration degree option, and a Master of Science degree in Health Care Management. The department also participates in an Interdisciplinary Studies Minor in Multimedia that enables students to develop interactive, multimedia products. For more information, please refer to University Programs.

The Faculty

**Professors:** Mohammad Ala, Blair Berkley, Kwok Keung (Kern) Kwong, Mary Pat McEnrue (Chair), James M. Rosser, John F. Steiner, Paul V. Washburn.

**Associate Professors:** Cheng Li, Stephen J. McGuire, Laura L. Whitcomb, Angela Young.

**Assistant Professor:** Kevin S. Groves, Leslie K. Williams, Ellen A. Drost.

**Emeriti:** Laird B. Allison, Keith R. Blunt, George Burstein, Peter Hechler, Rauf-Ur R. Khan, Donald G. Malcolm, William C. Waddell.

Undergraduate Programs

**Bachelor of Science Degree in Business Administration with Options in:**

- **Human Resources Management**
- **Management**
- **Operations Management**

A total of 180 units is required for the Bachelor of Science degree in Business Administration with the Human Resources, Management, and Operations Management Options. The BSBA degree with any of these options requires completion of 72 units in BSBA core courses and 28 units in the option. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

**Core Requirements for the Bachelor of Science in Business Administration (72 units)**

**Option Requirements for Human Resources Management (28 units)**

The option prepares students for careers in human resources management in both the public and private sectors. Career paths include generalist and specialist, positions in human resources planning, recruitment and selection, compensation and benefits, job analysis, training and development, employment and labor relations, and other essential human resources functions.

**Required Courses (20 units)**

| MGMT 473 | Strategic Human Resources Management (4) |
| MGMT 474 | Compensation Management (4) |
| MGMT 477 | Staffing, Recruitment and Selection (4) |
| MGMT 489 | High Performance Management (4) |
| ECON 472 | Labor Relations and Collective Bargaining (4) |

**Elective Courses**

Select 8 units from the following:

| MGMT 469, 470, 471, 475, 476 |
| MKT 459 |
| POLS 463 |
Option Requirements for Management (28 units)
This option develops competence in management and supervisory processes used by executives, supervisors, and comparable administrative officers in industry, finance, government, and labor.

Required Courses (16 units)
- MGMT 460 Case Studies in Operations Management (4)
- MGMT 462 Comparative Management (4)
- MGMT 479 Seminar: Business in Its Social Setting (4)
- MGMT 489 High Performance Management (4)

Electives (12 units)
Select three adviser-approved courses from 400-level MGMT courses and/or FIN 434.

Option Requirements for Operations Management (28 units)
Operations refer to what an organization does to create value. This might involve delivering a service or manufacturing a product. Operations Management addresses the management of this value-creation process. Strategic issues include process and technology selection, facility and service design, capacity, quality, inventory, and work force management. Graduates pursue careers in a wide range of industries that include hospitality, health care, government, information services, banking and manufacturing.

Required Courses (12 units)
- MGMT 460 Case Studies in Operations Management (4)
- MGMT 464 Production and Inventory Management (4)
- MGMT 489 High Performance Management (4)

Electives
Select 16 units from the following:
- MGMT 463 Process Design and Improvement (4)
- MGMT 465 Purchasing Management (4)
- MGMT 466 Managerial Innovation (4)
- MGMT 467 Quality Control (4)
- MGMT 468 Small Business Management (4)
- MGMT 473 Strategic Human Resources Management (4)
- MGMT 485 Project Management (4)
- MGMT 488 Managing Service Delivery in a Multicultural Marketplace (4)
- MGMT 490 Service Management (4)

Minor in Management
A minor in management is available for students majoring in other fields. Twenty units are required. A minimum C (2.0) grade point average is required on all course work taken to complete the minor program. Students must complete a minimum of 12 units in residence at California State University, Los Angeles. The minor will be noted on the student's transcript only if minor requirements are completed by the time bachelor's degree requirements are completed.

Requirements for the Minor (20 units)
**Required Courses (12 units)**
- MGMT 307 Management and Organizational Behavior (4)
- MGMT 461 Management Theory and Practice (4)
- MGMT 470 Managerial Leadership and Motivation (4)

**Electives (8 units)**
Select 8 units from the following in consultation with major and minor program advisers:
- MGMT 462 Comparative Management (4)
- MGMT 468 Small Business Management (4)
- MGMT 473 Strategic Human Resources Management (4)
- MGMT 485 Project Management (4)
- MGMT 489 High Performance Management (4)
- MGMT 490 Service Management (4)

Certificate in General Management (24 units)
The certificate program in General Management is designed to prepare non-Management option Business Administration majors and students in other majors for employment in a general management position and to provide working and professional people the general management knowledge necessary for rapid career advancement.

Refer to the Undergraduate Studies: General Information chapter of this catalog for general regulations governing all certificate programs. This certificate program is jointly sponsored by Extended Education and the Department of Management. Non-matriculated students (those who are not formally admitted to the University) are eligible to enroll in the program through Open University enrollment with the consent of the instructors.

A minimum of 24 units is required: 12 units of required courses and 12 units of electives. Upon completion of all course requirements, participants will be awarded a certificate in General Management, authorized by the Management Department and, when appropriate, the Division of Extended Education.

**Required Courses (12 units)**
- MGMT 306 Production and Operations Management (4)
- MGMT 307 Management and Organizational Behavior (4)
- MGMT 461 Management Theory and Practice (4)

**Elective Courses (12 units)**
Select 12 units from the following:
- MGMT 308 Business Responsibilities in Society (4)
- MGMT 460 Case Studies in Operations Management (4)
- MGMT 462 Comparative Management (4)
- MGMT 463 Process Design and Improvement (4)
- MGMT 465 Purchasing Management (4)
- MGMT 467 Quality Control (4)
- MGMT 468 Small Business Management (4)
- MGMT 469 Training and Development (4)
- MGMT 470 Managerial Leadership and Motivation (4)
- MGMT 471 Managing Positive Employment Relations (4)
- MGMT 473 Strategic Human Resources Management (4)
- MGMT 474 Compensation Management (4)
- MGMT 477 Staffing, Recruitment and Selection (4)
- MGMT 479 Seminar: Business in Its Social Setting (4)
- MGMT 485 Project Management (4)
- MGMT 490 Service Management (4)

Certificate in Human Resources Management (24 units)
The certificate program in Human Resources Management is designed to prepare non-Management option Business Administration majors and students in other majors for employment in human resources management positions and to
provide working and professional people the human resources management knowledge necessary for rapid career advancement.

This certificate program is jointly sponsored by Extended Education and the Department of Management. Non-matriculated students (those who are not formally admitted to the University) are eligible to enroll in the program through Open University enrollment with the consent of the instructors.

A minimum of 24 units is required: 16 units of required courses and 8 units of electives. Upon completion of all course requirements, participants will be awarded a Certificate in Human Resources Management, authorized by the Management Department and, when appropriate, the Division of Extended Education.

**Required Course (16 units)**

- MGMT 307 Management and Organizational Behavior (4)
- ECON 472 Labor Relations and Collective Bargaining (4)
- MGMT 473 Strategic Human Resources Management (4)
- MGMT 474 Compensation Management (4)

**Elective Courses (8 units)**

Select 8 units from the following:

- MGMT 469 Training and Development (4)
- MGMT 470 Managerial Leadership and Motivation (4)
- MGMT 471 Managing Positive Employment Relations (4)
- MGMT 475 Current Topics and Cases in Human Resources Management (4)
- MGMT 476 Employment Interviewing (4)
- MGMT 477 Staffing, Recruitment, and Selection (4)
- MKT 459 Intercultural Business Communication (4)

**Certificate in Operations Management (24 units)**

The certificate program in Operations Management is designed to prepare non-Management option Business Administration majors and students in other majors for employment in an operations management position and to provide working and professional people the operations management knowledge necessary for rapid career advancement.

Refer to the Undergraduate Studies: General Information chapter of this catalog for general regulations governing all certificate programs.

This certificate program is jointly sponsored by Extended Education and the Department of Management. Non-matriculated students (those who are not formally admitted to the University) are eligible to enroll in the program through Open University enrollment with the consent of the instructors.

A minimum of 24 units is required: 16 units of required courses and 8 units of electives. Upon completion of all course requirements, the participant will be awarded a certificate in Operations Management, authorized by the Management Department and, when appropriate, the Division of Extended Education.

**Required Courses (16 units)**

- MGMT 306 Production and Operations Management (4)
- MGMT 460 Case Studies in Operations Management (4)

Graduate and Postbaccalaureate Programs

Master of Science Degree in Business Administration with Option in Management (45 units)

This is a specialized degree program that permits concentration and research in one of several options.

Admission to the Program
Students must fulfill University requirements for admission to graduate study and must submit a separate graduate program application to the College of Business and Economics. The college admits applicants based on a comprehensive review of their prior education, work experience, GMAT scores, and letters of recommendation. Those without an undergraduate degree in business are required to complete 24 units of Foundations of Business courses listed below for admission to classified graduate standing for the M.S. degree in Business Administration.

The 24-unit requirement can be met either by completing the courses listed below or by submitting transcripts demonstrating that the equivalent subject material has been successfully completed either at the undergraduate or graduate level. In addition, competence must be demonstrated in statistics and the use of computers. The competency requirement can be met by successfully passing competency exams in each area of by submitting transcripts showing that the subject matter has been successfully completed at either the undergraduate or graduate level.

Master of Science Degree in Health Care Management

The Master of Science degree in Health Care Management assists people presently or previously employed in health care settings to develop the necessary managerial skills and awareness of the most recent innovations in health care delivery systems to fulfill the responsibilities of management positions in the industry.

The program's unique interdisciplinary character permits students to take courses in many disciplines, including psychology, nursing, computer information systems, finance, and labor relations.

Admission to the Program
In addition to University requirements for admission to graduate study, applicants must meet the following requirements:

A 2.75 grade point average or better in the last 90 quarter units.

A résumé that documents a minimum of one year of recent full-time work experience or equivalent in a health care setting.

Two letters of recommendation from persons who have supervised the applicant's work in a health care setting, sent to Health Care Management Coordinator, Department of Management, College of Business and Economics.

Requirements for the Degree (45 units)
A total of 45 units is required, with at least 32 units in 500-level courses.

Upper Division Courses

306 Production and Operations Management (4)
Prerequisites: ECON 209 and MATH 102 or 242. Analysis and applications of concepts and techniques of the quantitative approach, systems analysis, and operations analysis to managerial functions, with emphasis on production.

307 Management and Organizational Behavior (4)
Analysis of management process with emphasis on business environment; interpersonal and intergroup processes and relationships in organizations.

308 Business Responsibilities in Society (4)
The business person’s responsibilities and obligations in contemporary society; principles and problem-solving techniques related to major social problems confronting business organizations.

454 Special Topics in Management (1–4)
Prerequisite: Varies with topic; see Schedule of Classes for specific requirement. In-depth presentation and analysis of topics significant to contemporary business world; lectures, discussions, speakers, and research projects.

460 Case Studies in Operations Management (4)
Prerequisite: MGMT 306. Case studies used to illustrate product and process design, technology management, facilities design, location and layout, capacity and inventory management, and quality improvement in manufacturing and service firms.

461 Management Theory and Practice (4)
Prerequisite: MGMT 307. Undergraduate seminar covering development of theory of management through analysis and integration of fundamental relationships and principles; current and past practices analyzed in planning, organizing, directing, and controlling.

462 Comparative Management (4)
Prerequisite: Senior or graduate standing. Identification and analysis of management systems in differing national, functional, or institutional settings; impact of economic, social, political, and cultural variables on management systems; universality of management principles.

463 Process Design and Improvement (4)
Prerequisite: MGMT 306. Operations Management issues related to the utilization of physical, human resources, technological and other interlocking factors in determining and improving the ways of organizing and doing work in manufacturing and service companies.

464 Production and Inventory Management (4)
Prerequisite: MGMT 306. Design of information and decision systems for allocating resources and scheduling activities; development of conceptual structures guiding integrated production and inventory systems in manufacturing environments; introduction of computerized MRP systems.

465 Purchasing Management (4)
Prerequisite: MGMT 306. Analysis and application of purchasing principles and procedures; organization of purchasing departments and relation to other departments; criteria for make-or-buy; supplier selection; quality, value, and cost analysis; supplier negotiations.

466 Managerial Innovation (4)
Prerequisite: MGMT 307. Intensive investigation of managerial innovation through analysis of cases; determinants, strategies, and impact of invention, adoption and implementation of new techniques and approaches in managing organizations.

467 Quality Control (4)
Prerequisite: ECON 309. Control of quality of manufactured products by statistical methods; control charts for variables, fraction defective, defects per unit; acceptance sampling; single, double, and multiple sampling methods; sampling tables.

468 Small Business Management (4)
Prerequisite: Majority of Business Administration core courses. Use of case study methods to investigate and analyze problems related to business; emphasis is placed on service learning to apply business concepts. This course requires service learning.

469 Training and Development (4)
Principles, methods, and procedures for orienting, inducting, developing skill-building programs for training and educating/developing employees at all levels of business, governmental, and third sector organizations.

470 Managerial Leadership and Motivation (4)
Prerequisite: MGMT 307 or NURS 488. Nature, resources, strategies, and models of complex organizations; case analyses of process of managerial leadership, motivation, interpersonal relationships in work groups; impact on organizational effectiveness.

471 Managing Positive Employment Relations (4)
Prerequisite: MGMT 473. Principles, methods, and processes for creating and managing positive relationships with individual employees at all levels of an organization, and with employees who are members of labor organizations (union or nonunion).

473 Strategic Human Resources Management (4)
Prerequisite: MGMT 307. Principles, methods, and procedures in management of human resources; development and objectives of human resources management, planning, legal compliance, job analysis, recruitment, selection, training and development, compensation, and employment relations.

474 Compensation Management (4)
Prerequisite: MGMT 473. Theory and practices of wage and salary administration; job analysis and preparation of job descriptions, use of job evaluation scales, establishment of pay systems, performance appraisal, and additional compensation techniques.
475 Current Topics and Cases in Human Resources Management (4)
Prerequisite: MGMT 473. Application of human resources management to case emphasizing proficiency in analyzing and managing current issues related to human resources planning, recruitment, selection, compensation, employment relations, and other human resources functions.

476 Employment Interviewing (4)
Prerequisite: MGMT 473. Principles, methods, and procedures in effective interviewing and selection of employees; analysis of the interview process, including issues of validity and reliability, legal and social constraints, and decision-making.

477 Staffing, Recruitment and Selection (4)
Prerequisite: MGMT 473. Principles, methods and procedures for analyzing the staffing process, including human resources planning, job analysis, internal and external recruiting, selection methods, and final selection decisions.

478 Financial Management of Health Care Institutions (4)
Financial management decision-making in health care institutions with emphasis on techniques of budget development.

479 Seminar: Business in Its Social Setting (4)
Prerequisite: MGMT 308 or graduate standing. Analytical interdisciplinary investigation of evolution and contemporary status of business relative to changing dynamic forces: social, political, legal, and economic.

480 Service Management (4)
Prerequisites: MGMT 306 and 307. Cultural values, status and gender influences on the design and delivery of services in a multicultural marketplace.

485 Project Management (4)
Project management theories for planning and controlling resources to accomplish complex projects; case analyses from business and nonprofit organizations; exercises with selected project management software.

486 Seminar: Organizing (4)
Continued development of a management philosophy; emphasis upon process of organization, allocation of responsibility and authority, and formation and behavior of industrial work groups; critical analysis through case materials.

487 Seminar: Control (4)
Continued development of a management philosophy; emphasis on procedure analysis automation, operations research, control of operations, and morale; case materials, searching analysis of company operations.

489 High Performance Management (4)
Prerequisite: MGMT 307. Focus on managerial skills, performance context conceptual understanding and self-assessment; in depth skill-learning, analysis, practice, and application including: creative and critical thinking, managing conflict, and building effective teams.

490 Seminar: Cases in Managing Health Care Policy (4)
Prerequisite: Graduate standing. Methods used by health care providers to forecast needs for specific health services in their communities; hospital marketing strategies and cases; special problems and issues in marketing health care services.

497 Seminar: Global Strategic Management (4)
Continued development of a management philosophy; emphasis on process of organization, allocation of responsibility and authority, and formation and behavior of industrial work groups; critical analysis through case materials.

500 Management (4)
Planning, organizing, leading and coordinating for achieving organizational goals; managing operations and organizational behavior; techniques for improving decisions, communications and quality; business responsibilities; ethics. Some sections may be technologically mediated.

501 Administrative Behavior and Systems Management (4)
Concepts and cases of managerial action in organizations, including decision making processes; organizations as open systems; methods for strategically aligning an organization's capabilities, structure, and environment.

502 Seminar: Strategic Planning (4)
Development of comprehensive business strategy and long-range plans with consideration for the social, economic, political, and technological environments; current strategic principles and practices; analysis of planning processes and systems.

505 Project Management (4)
Project management theories for planning and controlling resources to accomplish complex projects; case analyses from business and nonprofit organizations; exercises with selected project management software.

511 Seminar: Cases in Managing Health Care Policy (4)
Prerequisite: MGMT 501. Cases involving payment systems, regulation, competition, organizational integration, legal precedents, legislation, health insurance, prevention, managing for ethical response.

554 Special Topics in Management (1-4)
Current topics of special interest in management, as announced in Schedule of Classes. May be repeated for credit.

561 Seminar: Organizing (4)
Continued development of a management philosophy; emphasis upon process of organization, allocation of responsibility and authority, and formation and behavior of industrial work groups; critical analysis through case materials.

562 Seminar: Control (4)
Continued development of a management philosophy; emphasis on procedure analysis automation, operations research, control of operations, and morale; case materials, searching analysis of company operations.

564 Labor Relations Aspects of Health Care Delivery (2)
Prerequisite: NURS 562. Formal and informal relationships between health care facilities management and labor organizations; development of unions in health care industry; changing role of management; professional organizations; collective bargaining.

565 Health Care Marketing Management (4)
Prerequisite: Graduate standing. Methods used by health care providers to forecast needs for specific health services in their communities; hospital marketing strategies and cases; special problems and issues in marketing health care services.

571 Seminar: Cases in Managing Health Care Policy (4)
Prerequisite: MGMT 501. Cases involving payment systems, regulation, competition, organizational integration, legal precedents, legislation, health insurance, prevention, managing for ethical response.

Graduate Level Courses (MGMT)

Classified graduate standing and approval by the College of Business and Economics Graduate Programs Office are required for admission to all 500-level courses.

500 Management (4)
Planning, organizing, leading and coordinating for achieving organizational goals; managing operations and organizational behavior; techniques for improving decisions, communications and quality; business responsibilities; ethics. Some sections may be technologically mediated.

501 Administrative Behavior and Systems Management (4)
Concepts and cases of managerial action in organizations, including decision making processes; organizations as open systems; methods for strategically aligning an organization’s capabilities, structure, and environment.

504 Seminar: Strategic Planning (4)
Development of comprehensive business strategy and long-range plans with consideration for the social, economic, political, and technological environments; current strategic principles and practices; analysis of planning processes and systems.
572 Seminar: **Power and Politics in Organizations (4)**
Analysis of power and politics in organizations; sources determinants, strategies, impact on organizational decision making and effectiveness; implications for management. Case material and selected readings.

573 Seminar: **Human Resources Management (4)**
Selected problem areas focusing on policies, techniques, and legal and social restrictions in areas of recruitment, selection, training, compensation, and occupational health and safety.

574 Seminar: **Managing Employee Motivation and Work Behavior (4)**
Manager’s function in leading, directing, motivating work behavior; research of cases of management processes relating to organizational behavior, growth, effectiveness.

575 Seminar: **Managing the Management Career (4)**
Cases, principles, and practices for developing individual career models, directing organizational management resources and utilization activities, and serving as mentor/coach for maximum management utilization with organizations.

576 Seminar: **Managing Health Care Organizations (4)**
Management processes and concepts as applied in health care organizations; issues in organizing, controlling, and changing health care services with emphasis on the aging population, long term and managed care.

577 Seminar: **International Business Management (4)**
Nature, environment, resources, strategies, and models of international business organization; analysis of managerial functions performed by international business managers; case studies pertaining to management in an international context.

580 Seminar: **Operations Management (4)**
Continuous measurable improvement techniques in manufacturing and service organizations. Contemporary topics and case studies.

588 Seminar: **New Venture Management (4)**
Assessment of business opportunities and competitive environments. Issues in designing and building management systems to produce and deliver a product or service. Dimensions of launching a business and managing long-term growth.

590 Seminar: **Productivity Management (4)**
Prerequisite: MGMT 501. Productivity perspectives, productivity measurement and evaluation methods, productivity improvement approaches, designing and executing successful productivity management program; cases in manufacturing and services sectors.

594 Policy Integration and Strategy (4)
Prerequisite: Business Administration master’s degree core requirements. Applying knowledge, theories, and techniques derived from previous courses, using integrative cases to formulate policies under conditions of uncertainty. Course must be taken in final quarter of student’s program.

595 Advanced Field Study (1–6)
Independent, supervised field experience in an applied area of business or health care management. Weekly tutorial sessions required for student-teacher synthesis of learning from course work and field experience. Graded CR/NC.

598 Graduate Directed Study (1)
Investigation of an approved project leading to a written report; project selected in conference with seminar professor, and arrangements made for regular meetings during quarter. May be repeated for credit.
The Department of Marketing prepares people for professional careers in the business of promotion and selling. The department offers both general and specialized degree and certificate programs. The department also participates in an Interdisciplinary Studies Minor in Multimedia that enables students to develop interactive, multimedia products. For more information, please refer to University Programs.

The Faculty

Professors: Jens D. Biermeier, Richard H. Kao (Chair), Shirley M. Stretch-Stephenson.
Associate Professors: H. Rika Houston, Tyrone Jackson
Assistant Professors: Ik Suk Kim, Freddy S. Lee.

Undergraduate Programs

Bachelor of Science Degree in Business Administration with Options in:
• Marketing Management
• Retailing

A total of 180 units is required for the Bachelor of Science degree in Business Administration with the Marketing Management, and Retailing Options. The BSBA degree with any of these options requires completion of 72 units in BSBA core courses and 28 units in the option. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Core Requirements for the Bachelor of Science in Business Administration (72 units)

Lower Division Required Courses (28 units)
ACCT 210 Principles of Financial Accounting (4)
ACCT 211 Principles of Managerial Accounting (4)
CIS 100 Business Computer Systems (4)
ECON 201, 202 Principles of Economics I, II (4, 4)
ECON 209 Applied Business and Economic Statistics I (4)

List of Courses (MKT) - Undergraduate Level

Upper Division Courses

304 Principles of Marketing (4)
Product planning, pricing, distribution, and promotion of goods and services; market research, consumer behavior, international business, and the industrial market.

325 High Performance Professional Skills (4)
Prerequisites: BUS 305 and MKT 304. Skills, performance context, conceptual understanding, self assessment, analysis, and application in negotiation, creativity, critical thinking, diversity management, and team-building in marketing, international business, retailing and entrepreneurship.

340 Principles of Advertising (4)
Prerequisite: MKT 304. Marketing and economic functions of advertising; survey of roles played by clients, agencies, advertising departments, media, and auxiliary organizations in field.

341 Salesmanship (4)
Prerequisite: MKT 304. Fundamentals of selling and sales management; concentration on sales techniques with student presentations of critiques and analyses; procedures for selection, training, compensation, and supervision of sales personnel.

342 Consumer Behavior (4)
Prerequisite: MKT 304. Reactions of consumer to promotional activities of retailers; concepts of consumer strategy and tactics; importance of product image, brand, package influence, and store image in influencing consumer purchases.

344 Principles of Retailing (4)
Structure of retailing industry; retailing trends; retail store organization; understanding retail consumers; store location, design, and layout; basic fundamentals of operating a retail business; retail controls and evaluation.

345 Marketing Channels (4)
Prerequisite: MKT 304. Marketing channels, their development, structure, and operation; transactional and physical distribution by manufacturers, wholesalers, and retailers as parts of total marketing system.

346 Marketing of Services (4)
Prerequisite: MKT 304. Marketing of services including promotion and pricing practices and strategies; practices of franchising and specific services sectors.

349 Retail Merchandising and Sales Promotion (4)
Prerequisite: MKT 304. Analysis of merchandising and sales promotion functions performed by retailers; covers market segmentation, merchandising policies, budgeting, buying, inventory management, and pricing; emphasis on retail promotional planning, implementation, and evaluation.

350 Introduction to Transportation (4)
Importance of water, railway, highway, air, and pipeline transport modes in modern economy; carrier management, government participation, and use of energy in transportation systems.

352 World Air Transportation (4)
Prerequisite: MKT 304. Role of domestic, international, and foreign airlines in moving people and goods; history, operations, and marketing; students analyze airline case studies and related materials concerned with identifying and satisfying air travel market.

358 International Business (4)
Business conducted within a world environment; transactions comprising international business; institutional setting abroad; scope of managerial decision-making in international business operations.

440 Advanced Advertising and Promotion (4)
Prerequisite: MKT 340. In-depth review of advertising and promotion management; emphasis on strategic decision-making through case study analyses; supplemental topic areas include sales promotion, agency/client relations, and measurement/evaluation techniques.

441 Industrial Marketing (4)
Prerequisite: MKT 304. Analysis of various types of industrial goods and markets for them, including government agencies; product planning; marketing research; determination of marketing channels; pricing policies; sales promotion; and cost distribution.

442 Marketing Management (4)
Prerequisite: MKT 304. Intensive study of marketing management; emphasis on marketing environment; development of marketing strategies and formulation of policies; integration of marketing with other functional areas of business through case studies.
**443 Marketing in a New Business (4)**  
Prerequisite: MKT 304. Introduction of a new business or product concept into marketplace; emphasis on small business marketing entrepreneurship.

**445 Public Relations Methods for Business (4)**  
Prerequisite: MKT 304. Public relations policies and techniques for business enterprises; development of good relationships with customer, employee, stockholder, government, and general public; role of research, publicity, and mass media in public relations.

**446 Marketing Research (4)**  
Prerequisites: MKT 304 and ECON 209. Marketing research functions and procedures utilized in measuring and analyzing environmental factors in consumer demand, sales efficiency, effectiveness of promotional programs, and effects of competitor’s strategies; methods of product distribution and pricing research. Projects emphasize current marketing research techniques.

**447 Business Consulting (4)**  
Prerequisite: Majority of upper division Business Administration core courses. Analytic, administrative, and communicative aspects of consulting and counseling processes; application of functional knowledge and skills to consultation.

**448 Mail Order/Direct Response Marketing (4)**  
Prerequisite: MKT 304. The growing direct marketing industry: catalogs, direct mail, broadcast and print media, and telemarketing; strategic applications in marketing/promotions plans of existing and entrepreneurship business situations.

**452 Physical Distribution Management (4)**  
Prerequisite: MKT 304. Cases and problems in logistics to show how distribution manager uses systems concept and cost tradeoffs in procuring transportation, storage, and optimum inventory for business firm.

**453 Marketing for Nonprofit Organizations (4)**  
Prerequisite: MKT 304. Relationship of marketing principles and marketing analyses to performance of nonprofit institutions in U.S. economy by use of case studies.

**454 Special Topics in Marketing (1–4)**  
Prerequisite: Varies with topics; see Schedule of Classes for specific requirement. In-depth presentation and analysis of topics significant to contemporary business world; lectures, discussions, speakers, and research projects.

**455 Proseminar: International Transportation (4)**  
Prerequisite: MKT 304. Use of ocean vessels, air transport, intermodal carriers, and foreign freight forwarders to move goods in our import/export trade; discussions of multimodal concept, documentation, and marine insurance.

**456 International Marketing Management (4)**  
Prerequisite: MKT 304. International marketing operations: product policies, pricing, advertising, distributional channels, marketing research; factors governing the decision to engage in foreign transactions. In-depth market studies.

**457 Import-Export (4)**  
Prerequisite: MKT 358. Import-export operations: organization, regulation, terms of access, documentation, shipment and financing involved with international movement of merchandise; trade patterns by countries and commodities.

**459 Intercultural Business Communication (4)**  
(also listed as SPCH 459)  
Prerequisite: BUS 305 or SPCH 300. Analytical approach to understanding cultures in order to do business effectively. Steps in achieving intercultural communication competence, framework for understanding cultures, nonverbal communication, document organization from cultural priorities, and negotiation.

**460 Internet Marketing (4)**  
Prerequisite or corequisite: MKT 304. Integration of Internet marketing into an organization’s overall marketing effort; covers Internet research, consumer behavior, and marketing mix strategy development and execution; coordination with other e-commerce applications.

**462 Internet Marketing Research (4)**  
Prerequisite: MKT 304, concurrent enrollment or CIS 405A. How to acquire, store, distribute, analyze and use electronic information to make strategic and operational marketing decisions and incorporate and manage marketing information systems and technology in organizations.

**464 Electronic Marketing and Retailing (4)**  
Prerequisites: MKT 342 or 460 or 462. Creating and operating an electronic storefront on the World Wide Web; utilizing business models, technology platforms, content designs, promotion programs and consumer behavior strategies.

---

**Graduate Level Courses (MKT)**

Classified graduate standing and approval by the College of Business and Economics Advisement Center are required for admission to all 500-level courses.

**500 Marketing Principles and Concepts (4)**  
Understanding the researching, planning, developing, implementing, and controlling of marketing management plans and strategies relative to environmental factors, consumer behavior and organizational behavior. Some sections may be technologically mediated.

**544 Seminar: Consumer Behavior (4)**  
Interdisciplinary study about how consumers behave in the marketplace; the objective is to understand, explain, and predict consumers’ actions under a variety of market conditions.

**545 Seminar: New Venture Marketing (4)**  
Strategies for introducing new ventures, products, services, and businesses from conception of the idea through market testing to introducing the product/service successfully into the marketplace.

**546 Seminar: Marketing Research (4)**  
Prerequisites: ECON 309; MKT 304; BUS 501. Role of marketing research in making marketing decisions and planning and implementing marketing research projects; state-of-the-art marketing research tools and techniques and their applications.
547 Seminar: Retail Management (4)
Policies, problems, and opportunities in today’s complex and dynamic retail environment; procedures for interrelating, planning, and implementing retail strategy involving marketing, management, and financial tools and theory.

560 Internet Marketing
Prerequisite: BUS 513 or consent of instructor. Integration of Internet marketing into an organization’s overall marketing effort. Topics include customer interface, experience and relationship, Internet marketing matrix development and execution.

598 Graduate Directed Study (1)
Investigation of an approved project leading to a written report; project selected in conference with seminar professor, and arrangements made for regular meetings during quarter. May be repeated for credit.
The Department of Mathematics offers undergraduate programs leading to the Bachelor of Arts and Bachelor of Science in Mathematics, both with several options. Programs in the department allow preparation for graduate study and professional careers in a variety of directions.

The Department also offers a Master of Science degree program in Mathematics.

The Faculty

Professors: Vladimir N. Akis, Gerald Beer, Wayne W. Bishop, Derek K. Chang, Grant A. Fraser, Shirley B. Gray, Silvia P. Heubach, Michael J. Hoffman, Rina Ling, Daphne Liu, Hrushikesh N. Mhaskar, Pudukkottai Subramanian (Chair), Rodolfo G. Tamez, Nguyen Uy, Stewart M. Venit.

Associate Professor:

Assistant Professors: Gary Brookfield, Randolph Cooper, Borislava Gutarts, Michael Krebs, Debasree Raychaudhuri, Anthony Shaheen.

Undergraduate Programs

Bachelor's Degrees

Two baccalaureates in mathematics are offered. A major in mathematics prepares students to teach in secondary schools, work as research assistants in industry and government, or enter graduate school to prepare for positions in higher education, industry, and government.

The Bachelor of Arts or Bachelor of Science degree may be obtained in four years if adequate preparation has been secured in high school, e.g., algebra (2 years), geometry, and trigonometry. Students who have not had this preparation or whose command of these subjects is weak may be advised to strengthen their knowledge before attempting college mathematics.

For each degree, a minimum C (2.0) grade point average is required in all upper division courses included in the major.

Bachelor of Arts Degree in Mathematics

The Bachelor of Arts in Mathematics degree curriculum prepares students for positions in education, business, industry, or government, as well as for graduate work in mathematics. (See the Undergraduate Studies: General Information chapter, especially the General Education section for information on requirements beyond those in the major.)

The total number of units required for the Bachelor of Arts degree in Mathematics is 180 units, of which 88-93 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (88–93 units)

Lower Division Required Courses (38 units)

**Electives (8 units)**

Select courses in mathematics or computer science with adviser approval.

### Bachelor of Science Degree in Mathematics

The Bachelor of Science degree curriculum is designed to prepare students for positions in business, industry, or government, as well as for graduate work in mathematics. (See the Undergraduate Studies: General Information chapter, especially the General Education section for information on requirements beyond those in the major.)

The total number of units required for the Bachelor of Science degree in Mathematics is 180 units, of which 102-107 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

### Requirements for the Major (102-107 units)

#### Lower Division Required Courses (52 units)

**Electives (8 units)**

Select courses in mathematics or computer science with adviser approval.
MATH 320 Selected Topics in History of Mathematics

Required Courses (24 units)
MATH 457 Linear Algebra (4)
MATH 410 Vector Analysis (4) or
MATH 467 Advanced Calculus III (4)
MATH 463 Introduction to Complex Analysis (4)
MATH 470 Numerical Analysis I (4) or
MATH 472 Linear Programming (4)
MATH 474 Theory of Probability (4)
MATH 490 Senior Seminar (4)

Electives (4 units)
Select one upper division course in mathematics or computer science with adviser approval. The following are strongly recommended:
MATH 310 Introduction to Computer Algebra Systems (4)
MATH 401 Differential Equations (4)
MATH 403 Partial Differential Equations (4)
MATH 411 Tensor Analysis (4)
MATH 475 Introduction to Mathematical Statistics (4)
MATH 484 Introduction to Graph Theory (4)

Option in Applied Mathematics/Computer Science (28 units)
This option is intended for those with interests in both Mathematics and Computer Science.

Required Courses (20 units)
CS 312 Data Structures and Algorithms (4)
MATH 490 Senior Seminar (4)
Select 3 courses from
MATH 410 Vector Analysis (4)
MATH 457 Linear Algebra (4)
MATH 470 Numerical Analysis I (4)
MATH 472 Linear Programming (4)
MATH 474 Theory of Probability (4)

Electives (8 units)
Select 8 units of upper division courses in mathematics or computer science with adviser approval. At least 4 units must be in computer science.

Single Subject Teaching Option (33 units)
This option is intended for students who are interested in teaching mathematics. Students should consult the credential adviser in mathematics regarding MATH 398, and the Charter College of Education for credential requirements. Refer to the undergraduate Charter College of Education of the Academic Programs: College-based and University-wide chapter of this catalog for regulations governing all teaching credential programs.

Required Courses (25 units)
MATH 320 Selected Topics in History of Mathematics (4)
MATH 395 Classroom Experiences in Teaching High School Mathematics (2)
MATH 398 Cooperative Education (1)(1)(1)
MATH 430 Modern Geometry (4)
MATH 446 Theory of Numbers (4)
MATH 474 Theory of Probability (4)
MATH 490 Senior Seminar in Mathematics (4)

Electives (8 units)
Select upper division courses in mathematics or computer science with adviser approval.

Minor in Mathematics
The Mathematics minor, available for students majoring in other fields, consists of 32 units, of which 12 are upper division. Students majoring in fields that require the same courses as those required for the minor in Mathematics need take only those courses in the minor program that are not incorporated into their major.

Requirements for the Minor (32 units)
Lower Division Required Courses (20 units)
MATH 206–209 Calculus I–IV (4 each)
MATH 255 Introduction to Matrix Theory (4)

Upper Division Electives (12 units)
Select three upper division mathematics courses, with adviser approval.

The Credential Program
The Single Subject Matter program listed below has been approved by the California Commission on Teacher Credentialing for the Single Subject Credential in Mathematics. In addition to consulting the credential adviser for mathematics, students should consult advisers in the Charter College of Education and refer to the Charter College of Education section of the Academic Programs: College-based and University-wide chapter of this catalog for regulations governing all teaching credential programs.

Students who are seeking a Single Subject Credential in Mathematics must pass the appropriate subject examination (CSET Mathematics I-III) or complete the approved program of course work that is listed below. Students who are pursuing a baccalaureate in mathematics follow the Single Subject Teaching Option, which incorporates the courses listed below. Others who have already earned or are currently pursuing a baccalaureate in another discipline may qualify for the Single Subject Credential in Mathematics by completing the courses listed below or equivalent course work.

Subject Matter Program for Single Subject Credential in Mathematics
It is assumed that students entering this program have completed one course in college algebra and one in trigonometry (MATH 102 and MATH 103). Competence in these courses can also be shown by taking the departmental exit exam.

Required Courses (77 units)
MATH 206–209 Calculus I–IV (4,4,4,4)
MATH 248 Discrete Mathematics (4)
MATH 255 Introduction to Matrix Theory (4)
MATH 274 Introduction to Statistics (4)
MATH 320 Selected Topics in History of Mathematics (4)
MATH 325 Mathematical Notation and Proof (4)
MATH 390 Technical Writing in Mathematics (2)
MATH 395 Classroom Experiences in Teaching High School Mathematics (2)
MATH 398 Cooperative Education (1)(1)(1)
MATH 430 Modern Geometry (4)
MATH 446 Theory of Numbers (4)
MATH 455 Modern Algebra I (4)
MATH 465 Advanced Calculus I (4)
MATH 474 Theory of Probability (4)
MATH 490 Senior Seminar in Mathematics (4)
CS 201 Introduction to Programming (5)
PHYS 211 Mechanics (5)
Electives (minimum 8 units)
Select from among the following or other appropriate courses in mathematics or related areas with adviser approval and attention to prerequisites.

- BIOL 300, 340, 408
- CE 202
- CHEM 101, 102, 103, 401, 402
- CS 312, 350, 386
- ECON 309, 391, 401, 403, 410, 414, 415, 416
- EE 244, 332, 334
- MATH 215; upper division mathematics courses with advisor approval
- ME 303, 306, 326A
- PHIL 250, 404, 405, 406
- PHYS 211-214, 410AB, 427, 428, 432A, 432B, 488

Strongly Recommended: MATH 310; MATH 466 for those who may be teaching Advanced Placement calculus classes.

Supplementary Authorization for Single or Multiple Subject Teaching Credential (30–33 units)

Holders of a Single Subject or Multiple Subject credential issued by the California Commission on Teacher Credentialing may secure a supplementary authorization in Introductory Mathematics (on single subject credentials) or Mathematics (on multiple subject credentials) for teaching mathematics at any grade level through grade 9 by completing the following courses with a grade of C or higher in each course. Note that this supplementary authorization is not NCLB (No Child Left Behind) compliant, but that some school districts may hire candidates with a supplementary authorization on the condition that the candidate will work toward the Subject Matter Authorization in Introductory Mathematics (see below). For other requirements governing issuance of this authorization, consult the Charter College of Education.

Complete or demonstrate proficiency in each of the following courses (30–33 units):

**Required Courses (16 units)**

- MATH 102 College Algebra (4)
- MATH 103 Algebra and Trigonometry (4)
- MATH 206 Calculus I (4)
- MATH 207 Calculus II (4)

**Select three courses from the following (12 units)**

- MATH 208 Calculus III (4)
- MATH 248 Discrete Mathematics (4)
- MATH 255 Introduction to Matrix Theory (4)
- MATH 274 Introduction to Statistics (4)
- MATH 320 Selected Topics in History of Mathematics (4)
- MATH 325 Mathematical Notation and Proof (4)
- MATH 430 Modern Geometry (4)
- MATH 474 Theory of Probability (4)

**Select one course from the following (2 or 5 units)**

- CS 190 BASIC Programming (2)
- CS 201 Introduction to Programming (5)
- CS 290 Introduction to FORTRAN Programming (2)

*prerequisite: MATH 325
**prerequisite: MATH 209

Subject Matter Authorization in Introductory Mathematics for Single or Multiple Subject Teaching Credential (48 units)

Holders of a Single or Multiple Subject Teaching Credential issued by the California Commission on Teacher Credentialing (CCTC) may add a Subject Matter Authorization in Introductory Mathematics. This allows the holder of the Subject Matter Authorization to teach mathematics curriculum usually taught in grades 9 and below (even though the students may be in grades K-12).

To obtain a Subject Matter Authorization in Introductory Mathematics (which satisfies the federal "No Child Left Behind" (NCLB) regulation), a total of 48 quarter units (=32 semester units) of course work applicable toward a bachelor's degree must be completed with a grade of C or better. A minimum of 4 quarter units of course work must be completed in each of the following core areas: Algebra; Advanced Algebra; Geometry; Probability or Statistics; and Development of the Real Number System or Introduction to Mathematics.

The core courses in the program below have been designed for students who have not taken any college level mathematics course. Students placing into a mathematics course at a level beyond MATH 102 should consult with the credential adviser in mathematics to select a different set of core courses. Additional information is available by downloading the CCTC guide for subject matter authorization (www.ctc.ca.gov/credentials/manualshandbooks/subjectmatter-auth.pdf) or through the credential adviser for mathematics. For other requirements governing issuance of this authorization, consult the Charter College of Education.

Complete 48 units of Coursework:
The following five recommended core courses will satisfy the core area requirements. Alternative sets of course work may also be used to meet the core area requirements. Proper academic advisement is essential prior to the start of this authorization program.

**Core Courses**

- MATH 110 Foundations of the Real Number System for Elementary and Middle School Teachers (4)
- MATH 102 College Algebra (4)
- MATH 103 Algebra and Trigonometry (4)
- MATH 206 Calculus I (4)
- MATH 274 Introduction to Statistics (4)

**Elective Courses**

Select courses as needed to reach a total of 48 units of coursework. MATH 248 and MATH 225 are highly recommended.

- MATH 207 Calculus II (4)
- MATH 208* Calculus III (4)
- MATH 209** Calculus IV (4)
- MATH 215*** Differential Equations (4)
- MATH 225 Explorations in Geometry for Elementary and Middle School Teachers (4)
- MATH 248* Discrete Mathematics (4)
- MATH 255** Introduction to Matrix Theory (4)
- MATH 270++ Introduction to Probability and Statistics (4)
- MATH 310 Introduction to Computer Algebra Systems (4)
- MATH 320* Selected Topics in History of Mathematics (4)
- MATH 325** Mathematical Notation and Proof (4)
Master of Science Degree in Mathematics

The Master of Science degree in Mathematics is offered in two options. Option 1 is a flexible program that can be concentrated on pure mathematics or incorporate elements of both pure and applied mathematics. Option 2 emphasizes applied mathematics. Both options prepare the student for higher mathematical work in industry, business, or government, for teaching in a community college, and for further graduate work in the respective areas.

Admission to the Program
Admission is governed by general University requirements for admission to graduate study.

Requirements for the Degree
(minimum 45 units)
A minimum of 45 units is required, with at least 23 in 500-level courses. Students must successfully complete either comprehensive examinations or a thesis in addition to course requirements.

Comprehensive Examination or Thesis (0, 1–4 units)
MATH 596 Comprehensive Examination (0) or
MATH 599 Thesis (1–4)

A. Comprehensive Examination
Students must pass written comprehensive examinations in their selected option.

Option 1: Two exams must be passed:
• Topology or abstract algebra
• Complex analysis or real/functional analysis

Option 2: Two exams must be passed out of the following three choices:
• Applied linear analysis
• Complex analysis
• Numerical analysis.

Students should expect to take the comprehensive examinations (MATH 596) the quarter they complete all course work on their program and must comply with college and departmental requirements.

B. Thesis
Subject to approval by the graduate adviser, students may be permitted to do directed research with a faculty member and write a thesis in lieu of taking comprehensive examinations. If the thesis is accepted, a maximum of 4 units of MATH 599 may be applied to the master’s degree program (electives).
List of Courses - Undergraduate Level

Courses in Mathematics (MATH)

*All prerequisites for the following MATH courses must have been completed within the past year: MATH 091, 100, 102, 103, 109, 206, and 242. The ELM requirement must be met before enrollment in MATH 089, 090, 091, 100, 102, 103, 109, 242. The ELM exam scores are good for one year for placement purposes.

Subcollegiate Courses

054 Special Topics at the Precollegiate Level (1-8)
Selected topics in remedial mathematics with varying delivery methods. No credit towards baccalaureate degree. Graded CR/NC.

089 Introduction to Algebra (4)
Required of students scoring 29 or less on the ELM unless exempt. Fractions, signed numbers, measurement geometry, absolute value, simplifying algebraic expressions, linear equations and inequalities. Graded CR/NC. Students with CR or two NC grades for this course may not enroll again. No credit towards baccalaureate.

090 Elementary Algebra (4)
Prerequisite: Score of 30-41 on the ELM or credit in MATH 089. Introductory algebra including straight lines; graphing; systems of equations and polynomial operations; exponents, and factoring. Graded ABC/NC. Students with CR or two NC grades for this course may not enroll again. No credit towards baccalaureate.

091 Intermediate Algebra (4)
Prerequisite: MATH 090 or a score of 42-49 on the ELM. Polynomial, rational and radical expressions; quadratic equations, circles, functions, exponents and an introduction to counting principles. Graded ABC/NC. Students with CR or two NC grades for this course may not enroll again. No credit towards baccalaureate.

Lower Division Courses

100 Introduction to College Mathematics (4)
*Prerequisites: Score of 50 or more on ELM; or MATH 091 with minimum C grade. Introduction to mathematical methods and reasoning, including logic, sets and set operations, combinatorics and probability, descriptive statistics, normal distribution, and margin of error. No credit toward mathematics or computer science majors. Graded ABC/NC

102 College Algebra (4)
*Prerequisite: Score of 50 or more on ELM or MATH 091 with a minimum C grade. Logarithmic and exponential functions; polynomial equations; permutations, combinations, and probability; sequences and series; matrices and determinants. Graded ABC/NC

103 Algebra and Trigonometry (4)
*Prerequisites: Satisfactory score on (or exemption from) ELM; MATH 102 with minimum C grade or satisfactory score on placement examination. Trigonometric functions, identities, and equations; solution of triangles; inverse trigonometric functions; complex numbers, DeMoivre’s Theorem; parametric equations; polar coordinates.

109 Quantitative Reasoning with Statistics (4)
(also cross-listed as ECON 109)
Prerequisite: Completion of remediation, if required, or score of 50 or above on ELM requirement. Principles of quantitative reasoning, data presentation, descriptive statistics, correlation, probability, distributions of random variables, sampling distributions, interval estimation, and statistical inference, with multi-disciplinary applications. Graded ABC/NC

110 Foundations of the Real Number System for Elementary and Middle School Teachers (4)
Prerequisite: Completion of remedial mathematics, if required, or exemption from the ELM requirement. Integers and elementary number theory, rational numbers, decimals and percent, ratio and proportion, alternate bases, and word problems. Restricted to students in multiple subjects credential programs. This course does not fulfill the General Education A-4 requirement. Graded ABC/NC

115 Elements of Algebra and Statistics for Elementary and Middle School Teachers (4)
Prerequisites: Math 110. Functions, relations, sequences, discrete structures, probability, data analysis, and descriptive statistics. Restricted to students in multiple subjects credential programs. Graded ABC/NC.

154 Selected Topics in Mathematics (1-4)
Prerequisite: Completion of remediation, if required, or score of 50 or more on ELM. Other prerequisites as needed for specific topics. Current topics of interest to students in Mathematics as announced in the Schedule of Classes. May be repeated for credit as subject matter changes. Graded CR/NC.

206 Calculus I: Differentiation (4)
*Prerequisites: Satisfactory score on (or exemption from) ELM; MATH 102 and 103, each with a minimum C grade or satisfactory score on placement examination; students with a grade less than B- in either MATH 102 or MATH 103 must enroll concurrently in MATH 206P. Functions, graphs, conics, limits, and continuity, derivatives, antidifferentiation, and applications.

MATH 206+207+208 = CAN MATH SEQ B
MATH 206+207+208+209 = CAN MATH SEQ C

206P Calculus I Workshop (1)
Activity for Math 206 students with emphasis on problem solving. Concurrent registration in Math 206 required. Open to all Math 206 students but mandatory for students whose grade in Math 102 and Math 103 is less than B-. Graded CR/NC

207 Calculus II: Integration (4)
Prerequisite: MATH 206 with minimum C grade; students with a grade less than B- in MATH 206 must enroll concurrently in MATH 207P. The definite integral, Fundamental Theorem of Calculus, transcendental functions, methods of integration, applications to physics and biology.

MATH 206+207+208 = CAN MATH SEQ B
MATH 206+207+208+209 = CAN MATH SEQ C

207P Calculus II Workshop (1)
Activity for Math 207 students with emphasis on problem solving. Concurrent registration in Math 207 required. Open to all Math 207 students but mandatory for students whose grade in Math 206 is less than B-. Graded CR/NC
208 Calculus III: Sequences, Series, and Coordinate
Systems (4)
Prerequisite: MATH 207 with minimum C grade; students with
a grade less than B- in MATH 207 must enroll concurrently in
MATH 208P. Limits of sequences and series, indeterminate
forms, Taylor Series, plane coordinate systems, and change of
coordinates.
MATH 206+207+208 = CAN MATH SEQ B
MATH 206+207+208+209 = CAN MATH SEQ C

208P Calculus III Workshop (1)
Activity for Math 208 students with emphasis on problem
solving. Concurrent registration in Math 208 required. Open to
all Math 208 students but mandatory for students whose grade
in Math 207 is less than B-. Graded CR/NC

209 Calculus IV: Several Variables (4)
Prerequisite: MATH 208 with minimum C grade. Three-
dimensional analytic geometry, partial differentiation, multiple
integration, spherical and cylindrical coordinate systems, line
integrals.
MATH 206+207+208+209 = CAN MATH SEQ C

215 Differential Equations (4)
Prerequisite: MATH 209. Ordinary differential equations with
concentration on methods of finding solutions; applications in
science and engineering. CAN MATH 24

225 Explorations in Geometry for Elementary and Middle
School teachers (4)
Prerequisites: A college level mathematics course with a
minimum grade C. Topics include properties of two and three
dimensional figures, measurement, constructions, structure,
spatial relationships, transformations, and graph theory
presented through multiple teaching modes. No credit for
mathematics majors.

230 Calculus for Biological Sciences (4)
Prerequisite: MATH 206. Integration, ordinary differential
equations, difference equations, partial differentiation,
applications to problems arising in biological sciences.

242 Mathematics for Business and Economics Majors (4)
*Prerequisites: Satisfactory score on (or exemption from)
ELM; MATH 102 with minimum C grade or satisfactory score
on placement examination. Differential calculus with
applications; introduction to integral calculus.

248 Discrete Mathematics (4)
Prerequisite: MATH 207. Fundamentals of logic and set
theory, counting techniques, relations, induction and recursion;
graphs and trees.

254 Selected Topics in Mathematics (1–6)
Prerequisites: As needed for specific topic. Current topics of
interest to students in mathematics, as announced in Schedule
of Classes. May be repeated for credit.

255 Introduction to Matrix Theory (4)
Prerequisite: MATH 208. Vector spaces, linear
transformations, linear equations, matrices, determinants,
eigenvectors and eigenvalues, canonical forms. CAN MATH 26

270 Introduction to Probability and Statistics (4)
Prerequisites: MATH 208, MATH 248. Descriptive statistics,
sample mean and variance, basic rules of probability,
conditional probability, independence, random variables,
special discrete and continuous distributions, expectation,

274 Introduction to Statistics (4)
Prerequisite: MATH 102. Graphical display of data,
measures of variation, correlation, least-squares regression,
design of samples and experiments, basic rules of probability,
normal distribution, central limit theorem, sampling distributions,
confidence intervals, hypothesis tests.

Upper Division Courses

310 Introduction to Computer Algebra Systems (4)
Prerequisite: Math 206 with grade C or Better; CS 201
recommended. Introduction to computer algebra systems such
as Mathematica, Maple or Matlab; overview of built-in
functions; 2-D and 3-D graphs; animations; data manipulation;
introduction to basic programming structures; user-defined
functions.

320 Selected Topics in History of Mathematics (4)
Prerequisite or corequisite: MATH 207. Traces development
of fundamental concepts and techniques in fields of algebra,
geometry, trigonometry, and calculus.

325 Mathematical Notation and Proof (4)
Prerequisite: MATH 208. Elementary set theory and number
theory with emphasis on notation and types of proof.
Axiomatic method, equivalence relations, ε–δ arguments.

354 Selected Topics in Mathematics (1-6)
Prerequisites: As needed for specific topic. Current topics of
interest to students in mathematics as announced in the
Schedule of Classes. May be repeated for credit.

390 Technical Writing in Mathematics (2)
Prerequisites: MATH 325 with minimum C grade, satisfactory
completion of the Graduation Writing Assessment Requirement
(GWAR), concurrent enrollment in a 400-level MATH course
(other than 402AB). Expository writing on mathematical topics
selected by the instructor, including a technical report related
to the 400-level course being taken concurrently.

395 Classroom Experiences in Teaching High School
Mathematics (2)
Prerequisites: MATH 209, 248, 255, 325. Recommended:
MATH 430. Effective teaching techniques, study of NCTM and
California content standards and framework, connecting
advanced mathematics to high school content together with
practical experience. Early field experience course. Service
learning required.

398 Cooperative Education (1–4) (see UNIV 398)

401 Differential Equations (4)
Prerequisites: MATH 209, 255, 325 with minimum C grade.
Ordinary differential equations with concentration on properties
of solutions, including existence and uniqueness. Emphasis
on theory as opposed to applications.

402A Advanced Mathematics I for Engineers and
Physicists (4)
Prerequisite: MATH 215 or 401. Vector analysis to include
line and surface integrals, orthogonal curvilinear coordinates,
complex variables to include contour integration and conformal
mapping. Laplace transformation.

402B Advanced Mathematics II for Engineers and
Physicists (4)
Prerequisite: MATH 402A. Implicit functions and Jacobians,
infinite series and integrals, differentiation of integrals; Taylor
series for several variables; Fourier series and boundary value
problems, special functions (Bessel, Legendre, error, elliptic),
calculus of variations.
403 Partial Differential Equations (4)
Prerequisite: MATH 215 or 401. Orthogonal sets of functions; Fourier series and integrals, with applications to the equations of mathematical physics; first order equations, Cauchy’s method of characteristics.

410 Vector Analysis (4)
Prerequisites: MATH 209, 255. Vector algebra and calculus, vector fields, gradient, divergence, curl, divergence theorem, Stokes’ theorem, applications to geometry and mathematical physics.

411 Tensor Analysis (4)
Prerequisite: MATH 410. Contravariant and covariant vectors and tensors, tensor algebra, Riemannian geometry, the metric tensor, geodesics, Christoffel symbols, derivatives of tensors, physical components of tensors. Applications to mechanics and differential geometry.

420 Mathematical Logic (4)
Prerequisite: MATH 325 with minimum C grade. The statement calculus, the predicate calculus, mathematical structures, and the deduction of valid consequences; the completeness theorem.

430 Modern Geometry (4)
Prerequisite: MATH 325 with minimum C grade. Topics selected from advanced Euclidean geometry, non-Euclidean geometry, projective geometry. May be repeated once for credit with approval of instructor as subject matter changes.

435 Topology (4)
Prerequisite: MATH 465. Introduction to point set topology, including continuity, product spaces, compactness, Tychonoff theorem, connectedness, metric spaces, and Urysohn lemma.

446 Theory of Numbers (4)
Prerequisite: MATH 325 with minimum C grade. Divisibility, Euclidean algorithm, prime numbers, fundamental theorem of arithmetic, distribution of primes, congruences, Fermat-Euler and Wilson theorems, residues and quadratic reciprocity law. Bernoulli numbers, quadratic forms, Diophantine equations.

454 Selected Topics in Advanced Mathematics (1–6)
Prerequisites: As needed for specific topic. Current topics of interest to students in mathematics, as announced in Schedule of Classes. May be repeated for credit.

455 Modern Algebra I (4)
Prerequisites: MATH 255, 325 with minimum C grade. Groups and rings, including normal subgroups, quotient groups, ideals, quotient rings, group and ring homomorphisms and isomorphisms.

456 Modern Algebra II (4)
Prerequisite: MATH 455. Additional topics in groups and rings, field extensions, modules.

457 Linear Algebra (4)
Prerequisite: MATH 455. Vector spaces over arbitrary fields, special types of linear transformations, eigenvalues and eigenvectors, canonical forms, scalar product spaces.

463 Introduction to Complex Analysis (4)
Prerequisite: MATH 465. Complex variables, analytic functions, complex integration, conformal mappings, applications.

465 Advanced Calculus I (4)
Prerequisites: MATH 209, 325 with minimum C grade. Real number system; topology of R^n including compactness and completeness; sequences and series, including limit inferior and limit superior; continuity.

466 Advanced Calculus II (4)
Prerequisite: MATH 465. Differentiation and integration of functions of a real variable; sequences of functions.

467 Advanced Calculus III (4)
Prerequisites: MATH 255, 465. Functions of several variables; partial derivatives; generalized chain rule; inverse and implicit function theorems; line and surface integrals.

470 Numerical Analysis I (4)
Prerequisites: MATH 208, 255, CS 201. Errors in floating point representation, nonlinear equations, systems of linear equations, polynomial interpolation, numerical integration and differentiation.

471 Numerical Analysis II (4)
Prerequisites: MATH 215, 470. Numerical solution of ordinary and partial differential equations, spline and least square approximation, fast Fourier transform.

472 Linear Programming (4)
Prerequisite: MATH 255. Geometric solutions, simplex method, the transportation problem, elementary game theory.

474 Theory of Probability (4)
Prerequisite: MATH 209. General probability spaces, random variables, joint distributions, random sampling, law of large numbers, normal, gamma, and binomial distributions.

475 Introduction to Mathematical Statistics (4)
Prerequisite: MATH 474. Estimation and tests of hypotheses, decision theory and Bayes solutions.

484 Graph Theory (4)
Prerequisites: MATH 248 and MATH 325 with minimum C grade. Introduction to graph theory and its applications: graphs, trees, and directed graphs; isomorphism; connectivity; network flows; Hamiltonian graphs; planar graphs; coloring problems; matchings; Ramsey theory.

490 Senior Seminar in Mathematics (4)
Prerequisites: MATH 248, 390, 455, and 465. Capstone course in mathematics including written and oral exposition and senior assessment exam.

495 Mathematics Instruction at the College Level (2)
Prerequisite: Graduate standing or permission of instructor. Teaching strategies and learning styles in lower division mathematics courses. Course organization; syllabus and exam preparation; instructional techniques; dealing with special problems; University policies and procedures. Graded CR/NC.

499 Undergraduate Directed Study (1–4)
Prerequisite: Consent of an instructor to act as a sponsor. Project selected in conference with sponsor before registration; progress meetings held regularly, and a final report submitted. May be repeated for credit.
Graduate Level Courses (MATH)

All 400-level courses may be applied toward master's degree requirements except the following, subject to limits established by department and approval of graduate adviser: MATH 402A, 455, 465, 480, 495.

Classified graduate standing is required for enrollment in 500-level courses.

501 Nonlinear Differential Equations (4)
Prerequisites: MATH 215 or 401; 466. Vector matrix notation, stability in nonlinear systems, Poincare phase plane, method of Liapounov, perturbation techniques.

502AB Applied Linear Analysis (4, 4)
502A: Prerequisites: MATH 215 or 401; 255; 410 or 467. Function spaces, convergence, inner product, bounded linear operators, integral operators and integral equations, adjoint operators, expansion in eigenfunctions, resolvent, kernel.
502B: Prerequisite: MATH 502A. Unbounded operators, differential operators of second order, Sturm-Liouville operators, eigenvalues and eigenfunctions, Green's Functions, and additional topics.

520 Calculus of Variations (4)
Prerequisites: MATH 255, 466. Euler-Lagrange equation for various types of extremal problems; fixed and variable end points; broken extremals; variational problems with constraints; canonical form and direct methods.

521 Mathematical Models and Optimization (4)
Prerequisites: MATH 215, 255, 474. Topics from Markov chains and decision theory, game theory, programming algorithms, models for growth processes, applied graph theory, and theory of maxima and minima.

530 Topology (4)
Prerequisite: MATH 435. Basic concepts of point set topology: mappings, compactness, connectedness, separation properties, and metrization.

540AB Abstract Algebra I, II (4, 4)
540A: Prerequisite: MATH 455. Theory of groups, introduction to rings.
540B: Prerequisite: MATH 540A. Theory of rings and fields.

550 Seminar: Algebra (4)
Prerequisite: Approval of instructor. Readings and discussion of topics from group theory, ring theory, linear algebra, discrete mathematics, and combinatorics. May be repeated to maximum of 8 units with approval of graduate adviser.

551 Seminar: Analysis (4)
Prerequisite: Approval of instructor. Readings and discussion of topics from real analysis, complex analysis, functional analysis, and applied analysis. May be repeated to maximum of 8 units with approval of graduate adviser.

552 Seminar: Topology and Geometry (4)
Prerequisite: Approval of instructor. Readings and discussion of topics from general and algebraic topology, differential topology and geometry, and geometrical foundations. May be repeated to maximum of 8 units with approval of graduate adviser.

553 Seminar: Applied Mathematics (4)
Prerequisite: Approval of instructor. Readings and discussions of selected topics in the field. May be repeated to maximum of 8 units with approval of graduate adviser.

559 Mathematical Exposition (2)
Prerequisite: Completion of at least 12 units of 500-level courses. Students will select an advanced topic in mathematics with the instructor's approval, prepare an expository paper and give an oral presentation on this topic.

562 Advanced Complex Analysis (4)
Prerequisite: MATH 463. Laurent series, singularities, residue problems, contour integration, conformal mappings, and additional topics.

570ABC Advanced Numerical Analysis (4, 4, 4)
570A: Prerequisite: MATH 470. Numerical solutions of linear systems of equations, and eigenvalue problems, direct solutions, interactive solutions, with additional topics in linear algebra as time permits.
570B: Prerequisite: MATH 570A. Numerical solutions of partial differential equations; finite-difference approximations, consistency, convergence, stability.
570C: Prerequisite: MATH 570B. Advanced topics in numerical analysis, as selected by the instructor.

580 Real Analysis (4)
Prerequisite: MATH 466. Theory of Lebesgue measure on the real line; theory of the Lebesgue integral and related convergence theorems.

584 Advanced Probability Theory (4)
Prerequisite: MATH 580. Probability spaces; random variables; abstract probability integrals, moments, convergence theorems; distribution and characteristic functions; central limit theorems; dependence.

591 Functional Analysis (4)
Prerequisites: MATH 435 or 530; 466. Banach spaces, Hilbert spaces, linear functionals and operators, spectral theory.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Masters Degree section of this chapter.

598 Graduate Directed Study (1–4)
Prerequisite: Instructor consent. Independent study of advanced topics in mathematics; regular conferences with instructor. May be repeated once.

599 Thesis (1–4)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, departmental approval of topic prior to registration. Independent research resulting in a thesis. May be repeated to maximum of 4 units. Graded CR/NC.
Mechanical engineering, one of the most general branches of engineering, requires broad knowledge in many fields: mechanics, thermal science, design, machinery, instrumentation, and more. The breadth and flexibility of a mechanical engineer’s education provide a wide choice of careers and allow movement into a variety of engineering areas.

Mechanical engineers control the production, transmission, and use of power. They design and develop machines that produce and/or use power. Many mechanical engineers are employed in manufacturing. The technical versatility and importance of mechanical engineers are demonstrated by the diversity of industries that employ them.

The Faculty

**Professors:** Neda S. Fabris, Darrell W. Guillaume, Lih-Min Hsia, Samuel E. Landsberger, Majdedin Mirmirani (Chair), Chivey C. Wu.

**Associate Professor:** Adel Sharif.

**Emeriti:** Stephen F. Felszeghy, Alfred H. Fritz, Phillip I. Gold, Charles M. Haberman, Raymond B. Landis, Ramachandra Manvi, Michael J. Maurer, Richard D. Roberto.

Undergraduate Programs

**Bachelor of Science Degree in Mechanical Engineering**

The mechanical engineering program provides instruction in the basic sciences and in engineering design and analysis. During the junior and senior years, students may choose from a broad spectrum of electives to match individual talents and interests with a career objective. The major areas of course concentration are applied mechanics, machine design, computer-aided engineering, manufacturing, fluids, thermal sciences, and fluid dynamics.

The program leading to the Bachelor of Science degree in Mechanical Engineering is accredited by the Engineering Accreditation Commission of ABET, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012; Telephone (410) 347-7700. All accredited programs are required to provide the following minimum level of instruction: one year of mathematics and basic sciences; one and one-half years of engineering science and design (engineering topics); and one-half year of humanities and social sciences.

The total number of units required for the Bachelor of Science degree in Mechanical Engineering is 193 units, of which 145 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

**Requirements for the Major (145 units)**

**Lower Division Required Courses (67 units)**

Graduate and Postbaccalaureate Programs

Master of Science Degree in Mechanical Engineering
The Master of Science degree in Mechanical Engineering at Cal State L.A. is structured to prepare students for advancement in employment with opportunities in design, research, and development, as well as for further study at the doctoral level. Classes are offered year-round on the quarter system to accommodate the needs of working professionals.

Requirements for the Degree (45 units)
A total of 45 units is required, with at least 24 in 500-level courses. A thesis or comprehensive examination is required.

The advice and approval of the mechanical engineering graduate adviser must be obtained before enrolling in any course. MATH 402A or ME 409 is required of all students who have not already completed these or a comparable course.

Area of Specialization (24–45 units)
Students must choose in advance a group of courses that fulfills their objectives. Approval of adviser and department chair is required. Suggested groupings of courses that cover programs in thermo-fluid systems design and mechanical systems design are available from the department office.

Select a minimum of 24 units in 500-level engineering courses; at least 16 units must be selected from the following list of mechanical engineering courses:

ME  501A  Advanced Mechanics of Particles (4)
ME  501B  Advanced Mechanics of Rigid Bodies (4)
ME  503   Design of Mechanical Systems and Products (4)
ME  504   Thermal Radiation (4)
ME  505   Heat Conduction (4)
ME  506   Heat Convection (4)
ME  508   Compressible Fluids (4)
ME  511   Vibrational Analysis II (4)
ME  521   Dynamic Systems Analysis (4)
ME  522   Optimal Control of Mechanical Systems (4)
ME  525   Computational Fluid Dynamics (4)
ME  528   Metalforming Science and Applications (4)
ME  529   Machining Science and Applications (4)

Electives (0–21 units)
Select from 400 and 500-level courses in engineering or related fields, with adviser approval.

Comprehensive Examination or Thesis (0, 4 units)
ME  596   Comprehensive Examination (0) or
ME  599   Thesis (4)

Students who select the comprehensive examination (ME 596) should expect to take it the quarter they complete all course work on their program, and must comply with college and department requirements.

Certificate Program in Manufacturing
This certificate program in Manufacturing is designed to provide high quality, up-to-date, scientific, and practical knowledge of manufacturing processes, modern materials, automatic control, automated manufacturing, and robotics.

A baccalaureate degree in mechanical engineering, manufacturing engineering or in an allied field (physics, chemistry, mathematics) is required for admission to the program. A minimum of 27 units (including at least one elective laboratory) is required to complete the certificate program with a minimum grade point average of 3.0. At least one course has to be taken from each of the three designated areas of specialization below. Most courses require prerequisites taken previously either as a part of the B.S. degree or in preparation for this certificate program. Refer to the Undergraduate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirements for the Certificate (minimum of 27 units)

Areas of Specialization
Manufacturing and Automation
ME  327   Manufacturing Processes (4)
ME  428   Automation and Computer-Aided Manufacturing (4)
ME  528   Metalforming Science and Applications (4)
ME  529   Machining Science and Applications (4)
TECH 465 Automated Metal Machining (3)
Control and Robotics
ME  410   Control of Mechanical Systems (4)
EE/ME 481 Introduction to Robotics (4)
EE  491   Robotics Laboratory (1)
ME  521   Dynamic Systems Analysis (4)
ME  522   Optimal Control of Mechanical Systems (4)
Materials and Metallurgy
ENGR 207 Materials Science and Engineering (4)
ME  430   Properties and Selection of Engineering Materials (4)
ME  431   Material Laboratory (1)
List of Courses - (ME) Undergraduate Level

Lower Division Course

103 Introduction to Mechanical Design (3)
Prerequisite: TECH 110 or one year of high school mechanical drafting. Graphics for mechanical engineering design, freehand sketching, use of computer-aided design (CAD) software for solid modeling, descriptive geometry, and selected design projects. Optional rehabilitation engineering service learning activities.

114 Machine Shop (1)
Introduction to machine shop procedures, safety practices, hand tools, band saw, drill press, milling, turning, welding (Graded CR/NC).

154 Special Topics in Mechanical Engineering (1-4)
Prerequisite: Instructor consent and as needed for specific topic. Current topics of special interest to students in mechanical engineering, as announced in Schedule of Classes. May be repeated for credit.

201 Statics (4)
(also listed as CE 201)
Prerequisites: MATH 207, PHYS 211. Fundamental principles of statics, resolution and composition of forces, algebraic and graphic solutions, friction, center of gravity, moment of inertia.

204 Mechanical Measurements and Instrumentation (4)
Prerequisite: PHYS 213. Introduction to electrical circuits, engineering measurements and instrumentation, introduction to automatic control systems and components.

205 Strength of Materials I (4)
(also listed as CE 205)
Prerequisite: CE/ME 201. Stressed and strains under axial, shearing, and torsional forces; flexural stresses and deflections of simple beams; columns; and combined stresses.

208 Statics and Strength of Materials (4)
(also listed as CE 208)
Prerequisites: MATH 207, PHYS 211. Principles of statics, force systems and equilibrium, structures, machines and structures, centroid, moment of inertia, stresses, strains and deformation under axial, torsional, and bending loads. For Electrical Engineering students only.

210 Matrix Algebra for Engineers (2)
(also listed as CE 210)
Prerequisites: MATH 208. Introduction to calculations using vectors; matrix operation; solution of linear simultaneous equations; coordinate transformation; application to engineering problems.

211 Statistics and Probability for Engineers (2)
(also listed as CE 211)
Prerequisites: MATH 208. Introduction to calculations using probability distributions and densities; concepts in statistics; application to engineering problems.

Upper Division Courses

303 Fluid Mechanics I (4)
(also listed as CE 303)
Prerequisites: PHYS 212. Fundamental principles and methods of fluid mechanics; thermodynamics of fluid flow; Newtonian fluids; equations of fluid flow; laminar and turbulent flow; applications.

306 Heat Transfer I (4)
Prerequisites: MATH 208, PHYS 212. Fundamental principles of heat transfer; conduction, convection, and radiation; applications.

310 Mechanical Engineering Writing Laboratory (1)
Prerequisite: Satisfactory completion of WPE or UNIV 401, and ENGR 100. Technical and laboratory report writing, oral and written communication, introduction to information technology. Technical report writing. Laboratory 3 hours.

312 Strength of Materials Laboratory I (1)
(also listed as CE 312)
Prerequisite: CE/ME 205. (may be taken concurrently). Tests of engineering materials in tension, compression, bending, and torsion; verification by experiment of basic theories learned in strength of materials. Laboratory 3 hours.

313 Fluid Mechanics Laboratory I (1)
(also listed as CE 313)
Prerequisite: CE/ME 303. Experiments on fluid properties, fluid statics, conservation of mass, energy, and momentum, and fluid resistance. Laboratory 3 hours.

315 Thermal Systems Laboratory I (1)
Prerequisites: ME 306, 326A. Experiments in heat transfer and thermodynamics; thermophysical properties of fluids; analysis, operation, and performance testing of thermal energy conversion systems. Laboratory 3 hours.

319 Computer-aided Problem Solving in Mechanical Engineering (4)
Prerequisites: CS 290, CE/ME 210, 211, MATH 215. Application of computer-aided numerical and graphical methods to the solution of problems drawn from various areas of mechanical engineering. The computer-aided methods will be implemented using a combination of one or more computer programming languages and/or existing software packages.

320 Dynamics I (4)
(also listed as CE 320)
Prerequisite: CE/ME 201. Kinematics and kinetics of rigid bodies; work, kinetic energy, impulse, momentum in two and three dimensions; applications to space mechanics.

321 Kinematics of Mechanisms (4)
Prerequisites: ME 319. Transmission of motion; theory of mechanisms; linkages; gears; cams; belts and chains.
323 Machine Design I (4)
Prerequisites: ME 103, CE/ME 205, ENGR 207, MATH 208. Application of principles of mechanics, properties of materials, and fabrication processes to design of simple machines and structural elements.

326A Thermodynamics I (4)
Prerequisites: MATH 208, PHYS 212. Concepts of equilibrium and temperature; first and second laws of thermodynamics. Properties of pure substances; ideal gases; application of thermodynamic principles to closed and open systems.

326B Thermodynamics II (4)
Prerequisite: ME 326A. Application of thermodynamic principles; steam generators, engines and turbines; combustion, vapor cycles; refrigeration; internal combustion engines.

327 Manufacturing Processes (4)
Prerequisite: ENGR 207. Manufacturing properties of metals, alloys, and nonmetallic materials; solidification processes; material forming; material removal; joining processes; unconventional processing; numerical control; and automated processes.

398 Cooperative Education (1-4)
Prerequisites: Approval of student adviser and department chair. Integration of mechanical engineering work experience with academic program, individually planned through coordinator. Minimum of 10 hours per week required for each unit. Graded CR/NC

400-level Courses
All 400-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser.

402 Advanced Mechanics of Materials (4)
Prerequisites: ME 323, MATH 215. Basic concepts; unsymmetrical beam bending, shear flow, energy methods; the finite element method; theories of failure; introduction to theory of elasticity, plane elastostatic problems; torsion of prismatic cylinders.

403 Aerodynamics (4)
Prerequisites: MATH 208, CE/ME 303. Airfoil characteristics; transonic, supersonic, and viscous effects on lift and drag; power considerations, airplane performances, introduction to airplane and missile stability and control.

406 Heat Transfer II (4)
Prerequisites: ME 303, ME 306. Numerical methods in conduction; theory and applications of convection; thermal radiation, condensing and boiling heat transfer; mass transfer special topics.

407 Design of Thermal Systems (4)
Prerequisites: ME 306, 326A. Design in engineering practice; system simulation and optimization; economic, environmental, other constraints; practical aspects of equipment selection; thermal design literature.

408 Fluid Mechanics II (4)
Prerequisites: CE/ME 303; MATH 209. Compressible and incompressible fluid dynamics; continuity, momentum, and energy equations for viscous fluids; circulation and vorticity; Navier-Stokes equation, boundary layer theory, turbulence, two-dimensional flow, three-dimensional flow.

409 Mechanical Engineering Analysis (4)
Prerequisites: MATH 215, and senior standing. Setup of vibration, heat transfer, fluid flow, and other mechanical engineering systems as ordinary and partial differential equations; analogies between various physical systems. Classical, transform, numerical, and computer-aided methods of solution.

410 Control of Mechanical Systems (4)
Prerequisites: MATH 215, ME 306, PHYS 213. Mathematical models of dynamic systems, fundamentals of feedback control, basic control actions and devices, applications to mechanical systems.

411 Vibrational Analysis I (4)
Prerequisites: CE/ME 320, MATH 215. Analysis of free and forced vibrations with and without damping, systems with several degrees of freedom, vibration isolation, mechanical transients, torsional vibrations, natural frequency computation techniques, finite element analysis software.

412 Strength of Materials Laboratory II (1)
Prerequisite: CE/ME 312; prerequisite or corequisite: CE 360 or ME 323. Fatigue tests of materials and connections, stress concentration, photoelasticity, creep tests, shock and vibration tests, combined stresses, and individual projects. Laboratory 3 hours.

413 Fluid Mechanics Laboratory II (1)
(Also listed as CE 413)
Prerequisite: CE/ME 313; prerequisite or corequisite: CE 387 or ME 408. Experiments on subsonic and supersonic flow, free surface flow, pumps, turbines, fans, and unsteady flow.

414 Machine Design II (4)
Prerequisite: ME 323. Design of unit assemblies and machines; materials, safety, lubrication, and construction.

415 Air Conditioning (4)
Prerequisites: ME 306, 326B. Psychrometric properties of air, heat loads, air conditioning and heating equipment, and air distribution.

416 Energy Systems (4)
Prerequisite: ME 326A. Unconventional energy conversion systems, energy storage, thermoelectric power and refrigeration, absorption refrigeration and cryogenics.

417 Machine Analysis Laboratory (1)
Prerequisites: ME 310, 321, 323. Experimental analysis of steady state and transient characteristics of machine components and of complete machines. Laboratory 3 hours.

419 Computer Aided Mechanical Engineering (4)
Prerequisite: ME 103, ME 323, ME 303, ME 306, CS 290 (or equivalent). Applications of modern engineering tools in computer-aided design, finite element analysis, computational fluid dynamics and control simulations. Problems in mechanics, heat transfer, fluid dynamics, and control, etc. are covered.

421 Dynamics of Mechanisms (4)
Prerequisite: CE/ME 320. Application of principles of statics, kinematics, and dynamics to analysis and design of mechanisms with rotating or reciprocating masses.

422 Optimization of Mechanical Engineering Systems (4)
Prerequisites: MATH 215, ME 306, PHYS 213. Design considerations of mechanical engineering systems; optimization techniques; application of existing computer programs and analytical methods to optimization of mechanical engineering systems.
Graduate Level Courses (ME)

All 400-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser.

Classified graduate standing is required for admission to all 500 level courses

501A Advanced Mechanics of Particles (4)  
Prerequisite: ME 421. Analytical approach to kinematics and dynamics of particles in three-dimensional space.

501B Advanced Mechanics of Rigid Bodies (4)  
Prerequisite: ME 501A. Analytical approach to kinematics and dynamics of rigid bodies in three-dimensional space.

503 Design of Mechanical Systems and Products (4)  
Prerequisite: ME 414. Principles of design; value criteria; manufacturing and human factors; computer-aided simulation and analysis; synthesis of design.

504 Thermal Radiation (4)  
Prerequisite: ME 406. Thermodynamics and physics of thermal radiation and its interactions with matter; formulation and solution of radiative transfer equations for surfaces and enclosures by means of exact, approximate, and numerical methods; applications to selected topics.

505 Heat Conduction (4)  
Prerequisite: ME 406. Fundamentals of heat conduction, solution of steady and unsteady state heat conduction problems by means of exact, approximate, and numerical methods; applications to selected topics.

506 Heat Convection (4)  
Prerequisite: ME 406 or 408. Development of equations describing fluid motion and heat convection. Analytical and experimental results for free and forced convection and for changes in phase.

423 Introduction to the Finite Element Method (4)  

428 Automation and Computer-Aided Manufacturing (4)  
Prerequisite: ME 327. Automation of manufacturing processes, numerical control, computer-aided manufacturing, group technology, flexible manufacturing, applications of robots in industry.

430 Properties and Selection of Engineering Materials (4)  

431 Material Laboratory (1)  
Preparation of metallic samples and study of their internal structure by microscopic techniques. Mechanical testing of non-metallic materials: plastics, ceramics and composites.

454 Special Topics in Mechanical Engineering (1-4)  
Prerequisites: Senior standing in mechanical engineering; enrollment subject to approval of instructor in charge. Group study of selected topics not currently offered as technical electives; study groups may be organized in advanced mechanical engineering subjects upon approval of instructor. May be repeated for credit.

504 Compressible Fluids (4)  
Prerequisite: ME 408. One-dimensional gas dynamics; shock waves in supersonic flow; flow in ducts and nozzles; applications to high-speed aerodynamics; multidimensional and unsteady frictionless flow; solution by small perturbation theory and method of characteristics.

511 Vibrational Analysis II (4)  
Prerequisite: ME 411. Analysis of multidegree of freedom systems, continuous systems, random vibrations, finite element software.

514 Fatigue and Failure in Engineering Design (4)  
Prerequisite: ME 402 or ME 414. Elasticity, plastic deformation, imperfections, dislocations, creep, oxidation and corrosion, fatigue, fracture mechanics, cyclic stresses, design against fatigue, procedures for fatigue analysis, and influence of various factors on fatigue failure.

521 Dynamic Systems Analysis (4)  
Prerequisite: ME 409 or 410. Dynamic behavior of physical systems; input-output and state space representation of linear continuous-time and discrete-time systems; controllability, observability, and stability of linear systems; examples of mechanical, thermal, fluid, and electrical systems.
522 Optimal Control of Mechanical Systems (4)
Prerequisite: ME 410 or 422. State space representation of continuous-time and discrete-time dynamic systems, problem statement of optimal control and performance index, maximum principle, design of linear optimal control systems, mechanical system examples.

525 Computational Fluid Dynamics (4)
Prerequisite: ME 406 or ME 408. Use of computational fluid dynamics for the study of fluid flow, heat transfer, and mass transfer. Transfer mechanisms include advection, convection, and diffusion. Sample applications include mass flow through piping systems and over objects, heat exchangers, evaporators, and boilers.

528 Metalforming Science and Applications (4)
Prerequisite: ME 414. Nature and purpose of metalworking theory, determination of working loads, drawing and rolling of flat slabs and strips, deep drawing, extrusion, forging, punching and piercing, friction and lubrication in metalworking.

529 Machining Science and Applications (4)
Prerequisite: ME 414. Deformation of materials during machining; mechanics of orthogonal cutting; cutting fluids; tool wear; tool life and machinability; vibrations in cutting; practical machining operations; and modern machining processes.

530 Near-Net-Shape Manufacturing and Surface Treatment (4)

531 Processing of and Design with Modern Engineering Materials (4)

554 Special Graduate Topics in Mechanical Engineering (1-4)
Prerequisites: As needed for specific topic. Current topics of interest to graduate students in Mechanical Engineering, as announced in Schedule of Classes. May be repeated for credit as topic changes.

597 Graduate Research (1-5)
Prerequisites: Instructor consent to act as sponsor, departmental approval of project prior to registration. Independent research under guidance of the faculty. May be repeated for credit to maximum of 5 units. Graded CR/NC.

598 Graduate Directed Study (1-4)
Prerequisites: Instructor consent to act as sponsor, and departmental approval. Independent, directed study of advanced topics in the field, regular conferences with the sponsor. May be repeated for credit.

599 Thesis (1-4)
Prerequisites: Advancement to candidacy, instructor consent to act as a sponsor, college approval of the topic prior to registration. Independent research resulting in a thesis. Must be repeated to maximum of 4 units. Graded CR/NC.
The Department of Modern Languages and Literatures offers programs leading to the Bachelor of Arts degree in Chinese, French, Japanese, and Spanish, as well as minors in Chinese, French, Japanese, and Spanish. In addition, classes are periodically offered in other languages such as Armenian, German, Korean, Italian, Latin, Portuguese, Russian, Thai, and Vietnamese. The Department also offers Master of Arts degrees in French and Spanish.

The Faculty

Professors: Gretchen Angelo, María Dolores Costa, Domnita Dumitrescu, Kylie Hsu, Sachiko Matsunaga (Chair), Qingyun Wu.
Associate Professors: Gaston Alzate, Christophe Lagier.
Assistant Professors: Pablo Baler, Chisato Koike, Paola Marin, Elena Ruzickova, Alejandro Solomianski, Toshiko Yokota.

Advanced Placement Credit
Course and unit credit are granted for a score of 4 or 5 on Advanced Placement Language and Literature Examinations. Students should consult the department for more information.

Placement Examinations
The Department of Modern Languages and Literatures administers placement examinations to assist students in determining their level of language proficiency.

Sequence of Classes
Prerequisite courses must be completed prior to enrollment. Prerequisites appear in course descriptions in this catalog. Exceptions may be approved by departmental petition for qualified students having compelling reasons. Petitions should be filed prior to registration.

Reading Examinations
The Department of Modern Languages and Literatures administers Reading Examinations in selected languages. Students in undergraduate or graduate programs needing to verify proficiency in a language other than English must enroll in ML 901, in the quarter in which it is to be taken.

Limitation on Language Credit
Equivalent courses taken at the college level may not be repeated for credit toward a degree. A student with one year of high school language would normally be expected to enter 100B; a student with two years of high school language would enter 100C; with three years, 200A, and so on. However, it is recognized that special circumstances may make it advisable for some students to start at higher or lower levels. Therefore, the department will allow certain students who have studied a language other than English exclusively at the high school level to depart from the equivalency formula specified above after consultation and with the recommendation of a properly designated adviser.

Students who completed their secondary education in a foreign country where a language other than English is spoken natively may not receive credit for elementary language and Lower Division conversation courses in that language.

Limitations on Credit for “Non-Traditional” Courses
A total of eight units of the following courses may be applied to major programs in the department: FREN 499, JAPN 395, ML 392, 399, 496, and SPAN 499. Exceptions may be made only in extraordinary circumstances and with the approval of the departmental adviser and chair.

Assessment
Majors in the Department of Modern Languages and Literatures must demonstrate the skills and knowledge appropriate to their baccalaureate degree. This is done by means of assessment procedures that include completion of required and elective courses, evaluation of language proficiency upon enrollment at the Upper Division level, assignment to a faculty mentor, and the submission of a portfolio. For more information, students should contact the Department of Modern Languages and Literatures prior to enrolling in Upper Division courses.
Undergraduate Programs

The Credential Program
When designated courses are completed as part of the Bachelor of Arts degree programs in French, Japanese, and Spanish, these programs are approved by the California Commission on Teacher Credentialing to satisfy the requirements for subject area competency in those languages.

Students having less than a 3.0 average in courses in their major program should contact the Department of Modern Languages and Literatures for information regarding alternative ways of qualifying for admission to directed teaching.

Students who completed their baccalaureate in a modern language at another college or university and who wish to satisfy the requirements of an approved subject area program in that language should contact the Department of Modern Languages and Literatures for information.

Students who have passed the examination(s) approved by the California Commission on Teacher Credentialing to satisfy the requirements for subject area competency in lieu of completion of a program approved to satisfy competency requirements in a specific language should contact the Charter College of Education for more information.

Foreign Language Cooperative Program (FLCP)
Courses in the Foreign Language Cooperative Program (FLCP) 288 lower division, FLCP 488 upper division are designed to give eligible students the opportunity to study at UCLA a language other than English that is not offered at this campus or any neighboring CSU campus. For information regarding enrollment and qualifications, consult the Department of Modern Languages and Literatures.

Bachelor of Arts Degree
The Chinese program includes a major for the Bachelor of Arts degree and a minor. It emphasizes functional communicative skills in Chinese and offers a broad and in-depth study of Chinese language, linguistics, literature, and culture.

Acquiring functional skills in listening, speaking, reading, and writing provides students with direct access to the Chinese people and society. They will also better understand and be able to interact with the people in mainland China, Taiwan, and Chinese communities in other countries. The study of Chinese language, linguistics, literature, and culture also broadens intellectual horizons, fosters appreciation for linguistic and cultural diversity, and helps prepare students to take their places as global citizens of the twenty-first century.

The total number of units required for the Bachelor of Arts degree in Chinese is 180 units, of which 65 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (65 units)
Students complete a common core of 37 upper-division required units and a minimum of 28 units of upper-division elective units. Prior to beginning the Bachelor of Arts program in Chinese, students must have completed the second year of college-level Chinese or demonstrate equivalent language competency.

Upper-Division Required Courses (37 units)
ML 150 Building a Modern Languages Portfolio (1)
CHIN 300A Advanced Chinese I (4)
CHIN 300B Advanced Chinese II (4)
CHIN 305 Introduction to Chinese Linguistics (4)
CHIN 310 Chinese Civilization (4)
CHIN 315 Language in Chinese Society (4)
CHIN 401 Introduction to Wenyan: Classical Chinese Language (4)
CHIN 408 Chinese Literature I (4)
CHIN 410 Chinese Literature II (4)
ML 400 Research Methods in Modern Languages (4)

Upper-Division Electives (28 units)
Select 7 courses from the following:
CHIN 320 Chinese Phonetics (4)
CHIN 322 Newspaper Chinese (4)
CHIN 350 Fundamentals of Translation (4)
CHIN 380 Business Chinese (4)
*CHIN 395 Chinese in Community Service (1-4)
CHIN 402 Classical Chinese Language (4)
CHIN 403 Contrastive Analysis of Chinese and English Structures (4)
CHIN 420 Chinese Poetry (4)
CHIN 422 Contemporary Chinese Fiction (4)
CHIN 426 Chinese Film (4)
CHIN 428 Chinese Women’s Literature (4)
CHIN 430 Chinese Literature in Translation (4)
CHIN 451 Proseminar: Chinese Linguistics (4)
CHIN 452 Proseminar: Yuan Ming Drama (4)
CHIN 454L Special Topics in Chinese (4)
CHIN 454P Special Topics in Chinese (4)
CHIN 460 Proseminar: Masters of Chinese Culture and Thought (4)
ML 496 Instructional Practicum (4)
*Not applicable to major program.

Minor in Chinese
A minor in Chinese is available for students majoring in other fields. It may be of particular value to students interested in studying languages and literatures; history of East Asia in general and China especially; political science; or employment with the government, international business firms, or international agencies. A total of 32 units in Chinese is required, of which 12 are in Lower Division and 20 are in Upper Division courses.

Requirements for the Minor (32 units)
Lower Division Required Courses (12 units)
CHIN 200ABC Intermediate Chinese (Mandarin) (4, 4, 4)

Upper Division Required Courses (16 units)
CHIN 300AB Advanced Chinese I, II (Mandarin) (4, 4)
CHIN 310 Chinese Civilization (4)
CHIN 322 Newspaper Chinese (4)
Modern Languages and Literatures / 537

Electives
Select 4 - 16 units:
- CHIN 408 Chinese Literature I (4)
- CHIN 410 Chinese Literature II (4)
- CHIN 454L Special Topics in Chinese (4)
- CHIN 454P Special Topics in Chinese (4)
- ML 399 Directed Reading (4)

French

Bachelor of Arts Degree
The study of French is conducive to proficiency in oral and written communication and also provides training in a humanistic discipline. It enhances enjoyment of travel abroad, foreign films, and great literary works. Students who achieve a mastery of French may enter the teaching profession or work as translators, interpreters, or bilingual secretaries. Their skills are also useful in careers associated with international business, the Foreign Service, and the news media.

The undergraduate program in French includes a major for the Bachelor of Arts degree and a minor to accompany a major in another field. The Master of Arts degree program is described in the Graduate Programs section.

The total number of units required for the Bachelor of Arts degree in French is 180 units, of which 73 or 77 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (73 or 77 units)
Students complete a common core of 13 Lower Division units and 36 Upper Division units, and a minimum of 24 units of Upper Division electives. Those seeking to qualify for the Subject Matter Preparation Program in French must take all courses identified by an asterisk and complete a total of 77 units, including ML 396 and ML 403 (and both FREN 310A and 310B); other students complete 73 units. At least 24 units must be earned in residence at Cal State L.A. FREN 100ABC or 130 is prerequisite to entrance into the program and may be satisfied by appropriate high school preparation or by examination. Students entering at the 300-level must substitute 12 units of Upper Division courses for FREN 200AB and 201.

Lower Division Required Courses (13 units):
- ML 150 Building a Modern Languages Portfolio (1)
- FREN 200AB Intermediate French (4, 4)
- FREN 201 Conversation and Composition (4)

Upper Division Required Courses (36 units):
- FREN 300AB Advanced Grammar and Reading (4, 4)
- FREN 305 Phonetics (4)
- FREN 310A French Culture and Institutions (4)
- FREN 310B French Culture and Institutions (4)
- FREN 401 Cours de Style (4)
- FREN 410 Introduction to French Prose and Dramatic Literature I (4)
- FREN 411 Introduction to French Prose and Dramatic Literature II (4)
- FREN 413 Panorama de la Francophonie (4)
- ML 400 Research Methods in Modern Languages (4)

Upper Division electives (24 or 28 units)
- *FREN 310A French Culture and Institutions (4)
- *FREN 310B French Culture and Institutions (4)
- FREN 380 Commercial French (4)
- *FREN 403 Topics in French Applied Linguistics (4)
- *FREN 405 Translation (4)
- FREN 412 Masters of French Poetry (4)
- FREN 450 Selected Topics in French Literary Prose (4)
- FREN 451 Selected Topics in French Dramatic Literature (4)
- FREN 454 Special Topics in French and Francophone Literature (4)
- FREN 461 Masters of French Literature in Translation (4)
- FREN 471 The French Film (4)
- *ML 396 Early Field Experience in Language Teaching (4)
- *ML 403 Current Approaches to Teaching and Assessment in Languages Other Than English (4)
- ML 496 Instructional Practicum (4)

No more than 24 units of 300-level courses permitted.
* Required for the Subject Matter Preparation program in French.

Minor in French
A minor in French is available for students majoring in other fields. It may be of particular value to students interested in the study of languages and literatures, the history of Europe or of French-speaking countries, political science, or in employment with the government, international business firms, or international agencies.

Requirements for the Minor (40 units)
Lower Division Required Courses (12 units):
- FREN 200AB Intermediate French (4, 4)
- FREN 201 Conversation and Composition (4)

Upper Division Required Courses (12 units):
- FREN 300AB Advanced Grammar and Reading (4, 4)
- FREN 310A French Culture and Institutions (4)
- FREN 310B French Culture and Institutions (4)

Upper Division electives
Select 16 units from the following:
- FREN 305, 310A, 310B, 380, 401, 405, 410, 411, 412, 413

German and Italian

German
The Department of Modern Languages and Literatures does not offer a major or a minor in German. However, courses in German are periodically offered for students majoring in other fields. The study of German may be of particular value to students of music, science, history, or political science.
Knowledge of German may be helpful in securing employment with U.S. or international agencies or with international business firms.

**Italian**
The Department of Modern Languages and Literatures does not offer a major or a minor in Italian. However, courses in Italian are periodically offered for students majoring in other fields. The study of Italian may be of value to students preparing to teach Romance languages; to those interested in the culture of Italy; or to those preparing for language prerequisites to graduate degrees.

### Japanese

**Bachelor of Arts Degree**
The program in Japanese includes a major for the Bachelor of Arts degree and a minor. The program places emphasis on the development of functional communicative skills in Japanese and offers in-depth study of Japanese literature, language, and civilization.

Acquiring functional skills in listening, speaking, reading, writing, and culture gives students direct access to the Japanese people and society, enabling them to better understand and interact with the people of Japan today. The study of Japanese literature, language, and civilization broadens intellectual horizons, fosters appreciation of cultural and linguistic diversity, and helps equip students to take their place as global citizens of the twenty-first century.

Students who wish to qualify for the Single-Subject credential should note the requirements described below, and are referred to the Charter College of Education section of the Undergraduate Studies: General Information chapter of this catalog for regulations governing all teaching credential programs.

The total number of units required for the Bachelor of Arts degree in Japanese is 180 units, of which 65 or 69 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

**Requirements for the Major (65-69 units)**
A total of 65-69 units are required, including at least 24 units earned in residence at Cal State L.A. Elementary and Intermediate Japanese (JAPN 100ABC OR 130 AND JAPN 200ABC), or an equivalent level of proficiency, are prerequisite to the major.

All students take a required common core of 53 units and 12 units of electives for a total of 65 units. Students seeking the Single-Subject matter program in Japanese are required to take ML 396 (4 units) for a total of 69 units.

**Required Common Core Courses (53 Units)**
- ML 150  Building A Modern Languages Portfolio (1)
- JAPN 300ABC  Advanced Japanese (4, 4, 4)

**Upper Division Required Courses (24 units):**
- JAPN 310  Japanese Civilization to 1660 (4) or
- JAPN 311  Japanese Civilization since 1600 (4)
- *JAPN 315  Language in Japanese Society (4)
- *JAPN 320  Introduction to Japanese Linguistics (4)
- JAPN 400ABC  Advanced Reading and Composition (4,4,4)
- JAPN 408  Classical Japanese Literature (4) and
- JAPN 410  Modern Japanese Literature (4)
- *JAPN 450  Proseminar: Japanese Linguistics (4) or
- JAPN 460  Proseminar: Masters of Japanese Culture and Thought (4)
- ML 400  Research Methods in Modern Languages (4)

**Electives (12 units)**
Select 8 units from the following:
- *Required for the Subject Matter Preparation Program.

**Minor in Japanese**
A minor in Japanese is available for students majoring in other fields or those with an interest in East Asia in general. It may be of particular interest to students studying history, international relations, other languages and literatures, business, or technology, as well as to those seeking employment with the government or international agencies.

Prerequisite: Elementary and intermediate Japanese (JAPN 100ABC or 130 and JAPN 200ABC) or an equivalent level of proficiency. The minor requires completion of 36 units in Japanese as listed below.

**Requirements for the Minor (36 units)**

**Upper Division Required Courses (24 units):**
- JAPN 300ABC (4, 4, 4)
- JAPN 400ABC (4, 4, 4)

**Electives**
Select 12 units from the following:
- 310, 311, 315, 320, 403, 408, 410, 450, 460

### Latin, Portuguese and Russian

**Latin**
The Department of Modern Languages and Literatures does not offer a major leading to the Bachelor of Arts degree in Latin, nor a minor to accompany a major in another field. However, courses in Latin are periodically offered for students majoring in other fields. The study of Latin may be of value to students anticipating graduate study, preparing to teach Romance languages, or who are interested in the Classics and in Roman and Early Christian history.

**Portuguese**
The Department of Modern Languages and Literatures does not offer a major leading to a Bachelor of Arts degree in Portuguese or a minor to accompany a major in another field. However, courses in Portuguese are periodically offered for students majoring in other fields. The study of Portuguese may be of value to students interested in Latin American Studies or to those preparing to teach Romance languages.
Russian
The Department of Modern Languages and Literatures does not offer a major leading to a Bachelor of Arts degree in Russian or a minor to accompany a major in another field. However, courses in Russian are periodically offered for students majoring in other fields. The study of Russian may be of value to students who wish to acquire knowledge of the Russian language, culture, and literary forms.

Spanish

Bachelor of Arts
The undergraduate program includes a major for the Bachelor of Arts degree and a minor for students majoring in other fields. The Master of Arts degree is described in the Graduate Programs section.

The total number of units required for the Bachelor of Arts degree in Spanish is 180 units, of which 73 or 77 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (73 or 77 units)
Students complete a common core of 33 Upper Division units and a minimum of 40 units of Upper Division electives. Those seeking to qualify for the Single-Subject Credential in Spanish must take 44 units of upper-division electives, including all courses identified on the program by an asterisk. Prior to beginning the Bachelor of Arts program in Spanish, students must have completed the second year of college-level Spanish or demonstrate equivalent language competency on the department’s placement examination.

Upper Division Required Courses (33 units)
ML 150 Building a Modern Languages Portfolio (1)
SPAN 300AB Composition and Grammar (4, 4)
SPAN 305 Introduction to Spanish Linguistics (4)
SPAN 401 Introduction to Hispanic Literary Analysis (4)
SPAN 408 Spanish Literature I (4)
SPAN 413 Spanish-American Literature II (4)
SPAN 310 Spanish Civilization (4)
SPAN 315 Spanish-American Civilization (4)
ML 400 Research Methods in Modern Languages (4)

Upper Division Electives (40 or 44 units)
SPAN 310 Spanish Civilization (4)
SPAN 315 Spanish-American Civilization (4)
SPAN 320 Phonetics and Phonology (4)
SPAN 350 Translation (4)
SPAN 351 Spanish for Interpreters (4)
SPAN 380 Commercial Spanish (4)
*ML 396 Early Field Experience in Language Teaching (4)
*SPAN 400A Spanish Morphology (4)
*SPAN 400B Syntax (4)
*SPAN 403 Topics in Spanish Applied Linguistics: Languages in Contrast (4)
*ML 403 Current Approaches to Teaching and Assessment in Languages Other Than English (4)
SPAN 461 Proseminar in Hispanic Linguistics (4)
SPAN 410 Spanish Literature II (4)
SPAN 414 Don Quixote de la Mancha (4)
SPAN 418 Golden Age Poetry and Prose (4)
SPAN 424 Golden-Age Drama (4)
SPAN 426 19th Century Spanish Novel (4)
SPAN 428 Generation of '98 (4)
SPAN 472 20th and 21st Century Spanish Prose (4)
SPAN 411 Spanish-American Literature I (4)
SPAN 417 Spanish-American Short Story (4)
SPAN 419 Colonial Spanish-American Literature (4)
SPAN 421 Mexican Literature of the 20th Century (4)
SPAN 429 19th Century Spanish-American Literature (4)
SPAN 431 Spanish-American Testimony (4)
SPAN 435 Ruben Darío and Modernismo (4)
SPAN 475 Proseminar: Spanish American Theater (4)
SPAN 483 Contemporary Spanish-American Novel (4)
SPAN 485 Southern Cone Fiction (4)
SPAN 440 Hispanic Film (4)
SPAN 454 Special Topics in Hispanic Literature (4)
**SPAN 459 Hispanic Play Production (4)
SPAN 460 Advanced Placement Spanish Authors (4)
SPAN 471 Spanish-American Literature and Original Populations (4)
MUS 458 Music of Spanish America (4)
ML 496 Instructional Practicum (4)

No more than 24 units of 300-Level courses permitted.
*Required for Single-Subject Credential in Spanish.
**Not applicable to subject matter program.

Minor in Spanish
A minor in Spanish, totaling 40-44 units, depending on prior experience with the language, is available for students majoring in other fields. Following completion of a common core, students select a total of two to three electives. Electives encompass literature, linguistics, and civilization, as well as applied language.

Those interested in broadening their knowledge and understanding of the Hispanic language and culture would typically complete SPAN 320, 408 or 410, 411 or 413, and either 310 or 315. Students whose career goals require communicative proficiency in Spanish are encouraged to enroll in SPAN 350, 397, and 400A. SPAN 100ABC or 130 is prerequisite to this program and may be satisfied by appropriate high school preparation or by examination.

Requirements for the Minor (40-44 units)

Lower Division Required Courses (8 or 16 units)
SPAN 115 (4) plus 200ABC (4, 4, 4) or SPAN 205AB (4, 4)

Upper Division Required Courses (20 units)
SPAN 300AB, 305, 401
Select from following (4 units):
SPAN 310, 315

Electives
Select 8-12 units from following:
SPAN 320, 350, 351, 380, 395N, 397, 400A, 408, 410, 411, 413
Graduate and Postbaccalaureate Programs

Proficiency Examinations
Foreign language proficiency examinations are administered by the Department of Modern Languages and Literatures. Students in programs requiring proficiency in a foreign language must enroll in ML 901 in the quarter in which it is to be taken.

Master of Arts in French
The Master of Arts degree in French is designed to enable students to attain a high level of proficiency in the French language and its literature and to employ it skillfully in such pursuits as teaching, writing, translating, and communications, or as preparation for undertaking doctoral study.

Admission to the Program
In addition to applying to the University, applicants must file a departmental application for admission along with official transcripts of all previous college work. These documents must reach the department early in the quarter preceding the quarter in which course work for the degree is to begin. Applicants who hold a baccalaureate from Cal State L.A. and have not attended another college since graduation must also file a departmental application early in the quarter preceding graduate enrollment. No transcripts are required.

In addition to University requirements for admission to graduate study, applicants must have a Bachelor of Arts degree in French, or equivalent, and a minimum B (3.0) grade point average in Upper Division French courses. Applicants must also satisfy the departmental standards for oral proficiency in French. In addition, beginning Latin is recommended prior to enrollment in FREN 501.

Requirements for the Degree (48 units)
A total of 48 units is required, with at least 24 in 500-level courses.

Required Courses (28 units)

Language and Linguistics (8 units)
FREN 501 Development of French Language (4)
FREN 509 Analytical and Interpretive Writing in French (4)

Literature (16 units)
FREN 450 Selected Topics in French Literary Prose (4) or
FREN 451 Selected Topics in French Dramatic Literature (4)
FREN 535 Seminar: French Literary Prose since World War II (4)
FREN 575 Seminar: French Literature (4, 4)

Culture (4 units)
FREN 510 Seminar: French Culture (4)

Electives (20 units)
Select French courses below that have not been taken previously.
FREN *401, *403, 405, *412, 450, 451, 461, 471, 575, 598

*Must be taken if not completed in undergraduate status

Master of Arts Degree in Spanish
The Master of Arts degree in Spanish is designed to enable students to attain a high level of proficiency in the Spanish language and its literature, and to employ it skillfully in such pursuits as teaching, writing, translating, and communications, or as preparation for doctoral study.

Admission to the Program
In addition to applying to the University, applicants must file a departmental application for admission along with official transcripts of all previous college work. These documents must reach the department early in the quarter preceding the quarter in which course work for the degree is to begin. Applicants who hold a baccalaureate from Cal State L.A. and have not attended another college since graduation must also file a departmental application early in the quarter preceding graduate enrollment. No transcripts are required.

Upon admission to the program, students must designate either a literature or linguistics emphasis.

In addition to University requirements for admission to graduate study, applicants must have a Bachelor of Arts degree in Spanish or equivalent, including SPAN 401, a minimum 2.75 grade point average in the last 90 quarter units, and a B (3.0) grade point average in Upper Division Spanish courses. Applicants are required to demonstrate proficiency in oral and written Spanish in accordance with criteria established by the department.

Requirements for the Degree (48 units)
A total of 48 units is required, with at least 28 in 500-level courses.

Required Courses (28 units)

SPAN 501 Development of Spanish Language (4)
SPAN 504 Studies in Medieval Literature (4)
SPAN 507 Literary Theory (4)
SPAN 510 Sociolinguistic Patterns in Spanish (4)
SPAN 540 Seminar: Spanish Poetry from Romanticism to the Present (4)
SPAN 545 Seminar: Contemporary Spanish-America Poetry After Ruben Dario (4)
SPAN 583 Seminar: Contemporary Hispanic Prose (4)

Electives
Select 20 units from the following:
SPAN 414, 417, 418, 419, 421, 424, 426, 428, 429, 435, 460, 461, 472, 475, 483, 485, 499, 500, 506, 575, 583, 598

In extraordinary circumstances and with graduate adviser approval, students may select up to 8 units of electives from one or more related fields.

Comprehensive Examination (0 units)
Students should expect to take the comprehensive examination (SPAN 596) the quarter they complete all course work on their program and must comply with college and departmental requirements.
Courses in Modern Languages (ML)

Lower Division Courses

140 Modern Languages and the Criminal Justice System (4)
Prerequisite: Completion of any course in a language other than English is recommended. Introduction to verbal behavior in languages other than English in settings common to the criminal justice system.

150 Building a Modern Languages Portfolio (1)
Assessment of language proficiency and portfolio design. Required of all Modern Languages majors upon beginning program. Graded CR/NC.

154 Special Topics in (a) Modern Language (1-5)
Topics of special interest to students of modern language, as announced in Schedule of Classes.

180 Chinese Written Symbols in Asian and Asian American Communities (4) (also listed as AAAS 180)
Development of Chinese characters, similarity and dissimilarity in their usage among Asian countries, and their impact on Asian’s and Asian American’s cultural identities.

Upper Division Courses

300 Language Diversity in Urban America (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. NIS account required. Study of the nature and socio-cultural impact of language diversity in urban America.

312 Mediterranean and Pre-Columbian Myths in Latin America Literature (4) (also listed as CHS 312)
Prerequisites: Completion of Basic Subjects (Block A) and one course in Block C. Critical readings of modern Latin American narrative fiction, poetry and drama, with interpretive emphasis in their allusions to Greco-Roman and Pre-Columbian myths.

354L,P Special Topics in (a) Modern Language (1-4)
Prerequisites: As needed for specific topic. Topics of special interest to students in modern languages as announced in Schedule of Classes.

382 Maturity and Aging in East Asian and Romance Literatures (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Critical examination and comparison of the themes of maturity, aging and human development in East Asian and Romance literatures.

389 Human Emotions in Literary Expression (4)
(also listed as ENGL 389)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Emotions such as love, anger, laughter, fear, joy, sorrow, guilt, pain or oppression, as represented in prose and poetic forms of various cultures.

396 Early Field Experience in Language Teaching (4)
Prerequisites: Major status in a single-subject matter preparation program and approval by chair or principal undergraduate advisor after completion of 12 upper-division units. Study of the Foreign Language Framework for California Public Schools in conjunction with practical field experience. Observe language classes in public schools.

399 Directed Reading (1-4)
Prerequisite: Consent of adviser. Readings in a modern language about topics of interest to student under direction of faculty member; regular oral and/or written reports in the language.

400 Research Methods in Modern Languages (4)
Prerequisite: Satisfactory completion of Graduation Writing Assessment Requirement (GWAR). Exploration of methods of research and documentation in the field of modern languages and literatures. Writing research papers, reports, and essays. All discussions and writing in English.

403 Current Approaches to Teaching and Assessment in Languages Other Than English (4)
Prerequisite: ML 396. Current approaches to teaching languages, emphasizing the communicative approach and technology-enhanced language learning. Introduction to language assessment. Study of LOTE Subject Matter Standards. Course taught in English.

460 Cultural Crosscurrents in Literature (4)
Prerequisite: Upper Division standing. Study of a distinctive theme, movement, or genre in a number of Western and non-Western literatures in languages other than English. Conducted in English. May be repeated to maximum of 8 units for credit as content changes.

487 Latin American Literature in Translation (4) (Also listed as ENGL 487)
Critical examination of Latin American literature, with emphasis on post-independence and modern periods.

496 Instructional Practicum (4)
Prerequisites: ML 403, and approval by chair. Required of all teaching associates; experience in the teaching of a second language at the university level. Weekly progress meetings required.

Courses in Arabic (ARAB)

Lower Division Courses

100ABC Elementary Arabic (4, 4, 4)
Prerequisite: See departmental "Limitation on Language Credit" policy in this catalog. Must be taken in sequence. Methodical presentation of the fundamental structures of the language through hearing, speaking, reading, and writing Arabic. Introduction to the customs, culture, and institutions of the Arabic-speaking peoples.
Courses in Armenian (ARM)

Lower Division Courses

100ABC Elementary Armenian (4-4-4)
Prerequisite: See Departmental “Limitations on Language Credit” policy in this catalog. Must be taken in sequence. Methodical presentation of fundamental structure of the language through hearing, speaking, reading, and writing Armenian. Introduction to the customs, culture, and institutions of the Armenian-speaking people.

Courses in Chinese (CHIN)

Lower Division Courses

100ABC Elementary Mandarin (4, 4, 4)
Prerequisite: See departmental “Limitation on Language Credit” policy in this catalog. Must be taken in sequence. Methodical presentation of the fundamental structure of the language through hearing, speaking, reading, and writing Mandarin. Introduction to the customs, culture, and institutions of the Chinese people.

GE C4

101ABC Elementary Cantonese (4, 4, 4)
Prerequisite: See departmental “Limitation on Language Credit” policy in this catalog. Must be taken in sequence. Methodical presentation of the fundamental structure of the language through hearing, speaking, reading, and writing Cantonese. Introduction to the customs, culture, and institutions of the regions where Cantonese is spoken.

GE C4

115 Spoken Mandarin (4)
Emphasis on conversational communication in daily situations. Recommended for students with no knowledge of Chinese or Cantonese-speaking students who do not speak Mandarin.

Upper Division Courses

300AB Advanced Chinese I, II (4, 4)
Prerequisite: CHIN 200C. Must be taken in sequence. Practice in oral and written Mandarin. Emphasis on fluency, correct expression in writing, and vocabulary expansion through reading contemporary literature.

303 Mandarin for Cantonese Speakers (4)
Prerequisite: CHIN 201C. Emphasis on spoken Mandarin; drills for better understanding differences between Cantonese and Mandarin syntactic and idiomatic expressions.

305 Introduction to Chinese Linguistics (4)
Prerequisite: CHIN 300A. Basic concepts of linguistics as applied to Chinese language. Includes Chinese phonetics, phonology, morphology, syntax, semantics, and pragmatics.

310 Chinese Civilization (4)
Prerequisite: CHIN 200B. Major cultural and social trends of China from beginning to present.

315 Language in Chinese Society (4)

320 Chinese Phonetics (4)
Prerequisite: CHIN 305. Production of Chinese sounds, Chinese phonetic system in relation to pinyin, analysis of tones and syllables, laboratory practice in pronunciation.

322 Newspaper Chinese (4)
Prerequisite: CHIN 300B. Extensive reading in leading Chinese newspapers and magazines from People’s Republic of China, Republic of China (Taiwan), Hong Kong, etc. Emphasis on abbreviated phrases used in contemporary newspapers and magazines.

350 Fundamentals of Translation (4)
Prerequisite: CHIN 300B. Intensive study of the art of translation, practice in English-to-Chinese and Chinese-to-English translation.

380 Business Chinese (4)
Prerequisite: CHIN 200C. Intensive study of Mandarin Chinese used in business; theory and practice of fundamentals of commercial correspondence and negotiations in Chinese.

395 Chinese in Community Service (1-4)
Prerequisite: CHIN300B, approval of department faculty adviser in consultation with the Department Chair, acceptance by community agency. Participation in work of a community agency or program utilizing communication skills in Chinese. May be repeated once to a maximum of 6 units. Graded CR/NC.

401 Introduction to Wenyian: Classical Chinese Language (4)
Prerequisite: CHIN 300B. An introduction to classical Chinese language through selections from great classics such as Dao De Jing, Zhuang Zi, Lunyu, and Shiji.

402 Classical Chinese Language II (4)
Prerequisite: CHIN 401. Study of classical Chinese language through selected canonical writings in philosophy and literature.

403 Contrastive Analysis of Chinese and English Structures (4)
Prerequisite: CHIN 300AB and ENGL 401. Contrastive analysis of structures of Chinese and English describing similarities and differences of each, emphasis on studying structures that cause interference in language learning.

408 Chinese Literature I (4)
Prerequisite: CHIN 300B. Chinese literature from the beginnings to the 13th century.

410 Chinese Literature II (4)
Prerequisite: CHIN 300B. Chinese literature from the 13th century to the present.

420 Chinese Poetry (4)
Prerequisite: CHIN 300B. Study of major Chinese poets in different historical periods. Analysis of poetic form, image, and style.

422 Contemporary Chinese Fiction (4)
Prerequisite: CHIN 410. In-depth study of Chinese contemporary novelists from the 1980s to the present: Chinese modernism, postmodernism, and post colonialism.

426 Chinese Film (4)
Courses in French (FREN)

Lower Division Courses

100ABC Elementary French (4, 4, 4)
Prerequisite: See departmental “Limitation on Language Credit” policy in this catalog. Must be taken in sequence. Methodical presentation of the fundamental structure of the language through hearing, speaking, reading, and writing French. Introduction to the customs, culture, and the institutions of the francophone people.

130 Intensive Elementary French (12)
Prerequisite: See departmental “Limitation on Language Credit” policy in this catalog. Not appropriate for student having a background in spoken French. Methodical development of elementary communicative skills in French; introduction to the customs, culture, and institutions of the francophone people. Credit allowed for only one of FREN 130 and FREN 100ABC.

200AB Intermediate French (4, 4)
Prerequisite: See departmental “Limitation on Language Credit” policy in this catalog. Must be taken in sequence. Methodical development of intermediate communicative skills in French; grammar review; vocabulary building; study of the customs, culture, and institutions of the francophone people.

201 Conversation and Composition (4)
Prerequisite: FREN 200B. Practice in oral and written French expression of intermediate difficulty; development of fluency and accuracy.

Upper Division Courses

All Upper Division courses except 461 and 471 are conducted in French.

300AB Advanced Grammar and Reading (4, 4)
Prerequisites: FREN 200B. Must be taken in sequence. Complete review of all French grammatical structures; grammatical and stylistic analysis of difficult French texts; reading for comprehension, vocabulary building, and oral practice.

305 Phonetics (4)
Prerequisites: FREN 200AB, 201. Production of French sounds such as assimilation, liaison, vowel length, rhythm, accent, intonation, etc. Laboratory practice in pronunciation.

310AB French Culture and Institutions (4, 4)
Prerequisite: FREN 300B. Contributions of France to western world; origin and development of its political and social institutions, as well as evolution of its literature, thought, and art.

380 Commercial French (4)
Prerequisite: FREN 300B. Intensive study of French used in business; theory and practice of fundamentals of commercial correspondence in French; translation of business English into business French.

401 Cours de Style (4)
Prerequisite: FREN 300B. Writing and analysis of literary French.

403 Topics in French Applied Linguistics (4)
Prerequisite: FREN 300B and ENGL 401. Topics in French linguistics: Historical linguistics; modern French morphology, syntax, and sociolinguistics; second language acquisition; contrastive analysis of French and English grammatical structures, in preparation for teaching. NIS account required.

405 Translation (4)
Prerequisites: FREN 300B, 401. Techniques of translation processes in rendering into French and English materials ranging from official documents to technical essays and literary texts.

410 Introduction to French Prose and Dramatic Literature I (4)
Prerequisite: FREN 300B. Development of French prose and dramatic literature from beginnings to French Revolution: cultural influences, literary landmarks, and analysis of genre and style.

411 Introduction to French Prose and Dramatic Literature II (4)
Prerequisite: FREN 300B. Development of French prose and dramatic literature from the French Revolution to the 20th century: cultural influences, literary landmarks, and analysis of genre and style.

412 Masters of French Poetry: Beginnings to Symbolism (4)
Prerequisite: FREN 300B. French poetic evolution as seen in the principal poets from Villon to Mallarme.

413 Panorama de la Francophonie (4)
Prerequisite: FREN 300B. Survey of Francophone literature and culture, including French-language literature of Canada, Belgium, the Antilles, the Maghreb, and Central Africa.
Courses in Japanese (JAPN)

Lower Division Courses

100ABC Elementary Japanese (4, 4, 4)
Prerequisite: See departmental “Limitation on Language Credit” policy in this catalog. Must be taken in sequence. Methodical presentation of the fundamental structure of the language through hearing, speaking, reading, and writing Japanese. Introduction to the customs, culture, and institutions of the Japanese people.

130 Intensive Elementary Japanese (12)
Prerequisite: See departmental “Limitation on Language Credit” policy in this catalog. Not appropriate for students having a background in spoken Japanese. Methodical development of elementary communicative skills in Japanese; introduction to the customs, culture, and institutions of the Japanese people. Credit allowed for only one of JAPN 130 and JAPN 100ABC.

JAPN 150 Contemporary Japan through Popular Culture (4)
Prerequisite: JAPN 100A or Permission of Instructor. Study of contemporary Japan (i.e., society, cultural identity, and daily life) through examination of its popular culture, such as songs, comics, animation, and films.

Upper Division Courses

All Upper Division courses except 307 are conducted in Japanese.

300ABC Advanced Japanese (4, 4, 4)
Prerequisite: JAPN 200C. Advanced study of Japanese with emphasis on reading and writing. Continuation of aural-oral practice as an integral part of the course.

307 Japanese Literature in Translation (4)
Study of major works of Japanese literature organized around different themes. Subject matter may change with each offering. No knowledge of Japanese required. May be repeated to a maximum of 8 units for credit as content changes.

310 Japanese Civilization to 1600 (4)
Prerequisite: JAPN 200C. Origin and development of Japanese culture; religion, thought, literature, art, and patterns of life from Neolithic age to 1600 A.D.

311 Japanese Civilization Since 1600 (4)
Prerequisite: JAPN 200C. Significant aspects of Japanese culture from 1600 A.D. to present; their evolution, characteristics, and synthesis in modern period.

315 Language in Japanese Society (4)
Prerequisite: JAPN 200C. Study of how language functions in contemporary Japanese society. Politeness, gender, language attitudes, the mechanics of cross-cultural misunderstanding, how language incorporates Japanese social constructs.
320 Introduction to Japanese Linguistics (4)
Prerequisite: JAPN 200C. Overview of Japanese linguistics with comparisons to other languages. Includes Japanese phonetics, phonology, morphology, syntax, pragmatics, and typology.

380 Business Japanese (4)
Prerequisite: JAPN 200C. Intensive study of Japanese used in business; theory and practice of fundamentals of commercial correspondence and negotiations in Japanese.

395 Japanese in Community Service (1-4)
Prerequisites: JAPN 300C; approval by departmental faculty adviser in consultation with EPIC director, and acceptance by community agency. Participation in work of a community agency or campus program utilizing communication skills in Japanese. May be repeated to a maximum of 6 units. Graded CR/NC.

400ABC Advanced Reading and Composition (4, 4, 4)
Prerequisite: JAPN 300C. Should be taken in sequence. Improvement of reading ability in modern Japanese; expository writing and use of advanced vocabulary and composition.

403 Contrastive Analysis of Japanese and English Structures (4)
Prerequisites: JAPN 300ABC and ENGL 401. Contrastive analysis of structures of Japanese and English describing similarities and differences of each; emphasis on studying structures that cause interference in language learning.

408 Classical Japanese Literature (4)
Prerequisites: JAPN 300C. Selected works of Japanese prose and poetry from earliest times to 1868. Introduction of classical grammar and vocabulary as needed.

410 Modern Japanese Literature (4)
Prerequisite: JAPN 300C. Selected works of Japanese prose and poetry from 1868 to the present. Literary trends of Meiji, Taisho, and Showa periods.

450 Proseminar: Japanese Linguistics (4)
Prerequisites: JAPN 300B, JAPN 320, ENGL 401. In-depth study of selected topics in Japanese linguistics. May be repeated to a maximum of 8 units as subject matter changes.

454L,P Special Topics in Japanese (1-4)
Prerequisite: As needed for specific topic. Current topics of special interest to students of Japanese as announced in Schedule of Classes. May be repeated to maximum of 8 units.

460 Proseminar: Masters of Japanese Culture and Thought (4)
Prerequisite: JAPN 300C. Original works of major figures in Japanese intellectual history. Individual subjects for study change with each offering. May be repeated to a maximum of 8 units as subject matter changes.

Courses in Latin (LATN)

Lower Division Courses

100ABC Elementary Latin (4, 4, 4)
Prerequisite: See departmental “Limitation on Language Credit” policy in this catalog. Must be taken in sequence. Methodical presentation of the fundamental structure of the language through reading and translating Latin classics. Introduction to roman contributions to western culture.

GE C4

Upper Division Courses

354 Special Topics in Latin (1-4)
Prerequisite: As needed for specific topic. Topics of special interest to students of Latin as announced in Schedule of Classes. May be repeated to maximum of 8 units for credit.

Courses in Portuguese (PORT)

Lower Division Courses

100ABC Elementary Portuguese (4, 4, 4)
Prerequisite: See departmental “Limitation on Language Credit” policy in this catalog. Must be taken in sequence. Methodical presentation of the fundamental structure of the language through hearing, speaking, reading, and writing Portuguese. Introduction to the customs, culture, and institutions of the lusophone people.

GE C4

Courses in Russian (RUSS)

Lower Division Courses

101AB Elementary Russian (4, 4)
Prerequisite: See departmental “Limitation on Language Credit” policy in this catalog. Must be taken in sequence. Methodical presentation of the fundamental structure of the language through hearing, speaking, reading, and writing Russian. Introduction to the customs, culture, and institutions of the Russophone people.

GE C4

Courses in Spanish (SPAN)

Lower Division Courses

100ABC Elementary Spanish (4, 4, 4)
Prerequisite: See departmental “Limitation on Language Credit” policy in this catalog. Must be taken in sequence. Methodical presentation of the fundamental structure of the language through hearing, speaking, reading, and writing Spanish. Introduction to the customs, culture, and institutions of the Hispanophone people.

GE C4

105 Elementary Written Spanish (4)
Prerequisite: See departmental “Limitation on Language Credit” policy in this catalog; ability to speak Spanish; little or no knowledge of the written language. Emphasis on reading comprehension, vocabulary building, and writing; introduction to the customs, culture, and institutions of the Hispanophone world. Credit allowed for only one of SPAN 100A and SPAN 105.

GE C4

110 Spanish Conversation for Professions (4)
Prerequisite: SPAN 100A. Course in Spanish conversation which focuses, according to student need, upon vocabulary used in medicine, law enforcement, or the social sciences. Basic grammar presented inductively. May be repeated for credit. May not be taken for credit by Spanish majors. Graded CR/NC.

Courses in Korean (KOR)

Lower Division Courses

100ABC Elementary Korean (4, 4, 4)
Prerequisites: See departmental “Limitation on Language Credit” policy in this catalog. Must be taken in sequence. Methodical presentation of the fundamental structure of the language through hearing, speaking, reading, and writing Korean. Introduction to the customs, culture, and institutions of the Korean people.

GE C4
130 Intensive Elementary Spanish (12)
Prerequisite: See departmental "Limitation on Language Credit" policy in this catalog. Not appropriate for students having a background in spoken Spanish. Methodical development of elementary communicative skills in Spanish; introduction to the customs, culture, and institutions of the Hispanophone people. Credit allowed for only one of SPAN 130 and SPAN 100ABC.

GE C4

200ABC Intermediate Spanish (4, 4, 4)
Prerequisite: See departmental "Limitation on Language Credit" policy in this catalog. Must be taken in sequence. Methodical development of intermediate communicative skills in Spanish; grammar review; vocabulary building; study of the customs, culture, and institutions of the Hispanophone people. GE C4

205AB Intermediate Written Spanish (4, 4)
Prerequisite: See departmental "Limitation on Language Credit" policy in this catalog; ability to speak Spanish, and basic knowledge of written Spanish or SPAN 105; must be taken in sequence. Emphasis on reading comprehension, vocabulary building, and writing; study of the customs, culture, and institutions of the Hispanophone world. May include a service learning option. Credit allowed for only one of SPAN 200AB and SPAN 205AB.

GE C4

242 Hispanic Literature and Drama in Translation (4)
Study of significant Hispanic literary and dramatic texts in English translation. No knowledge of Spanish required. GE C1

Upper Division Courses
All Upper Division courses are conducted in Spanish.

300AB Advanced Composition and Grammar (4, 4)
Prerequisite: SPAN 200C or 205B. Must be taken in sequence. Review of orthography and grammatical structures needed for linguistic accuracy in written communication. Practice in writing essays, including, but not limited to, description, narration, exposition, and argumentation. Introduction to MLA style.

GE C4

305 Introduction to Spanish Linguistics (4)
Prerequisite: SPAN 300A. Basic concepts of linguistics as applied to Spanish language; introduction to historical development of Spanish and regional dialects including Spanish spoken in the U.S.

310 Spanish Civilization (4)
Prerequisite: SPAN 200C or 205B. Synthesis of cultural characteristics of Spain.

315 Spanish-American Civilization (4)
Prerequisite: SPAN 200C or 205B. Synthesis of cultural characteristics of Spanish America.

320 Phonetics and Phonology (4)
Prerequisite: SPAN 305. Production of Spanish sounds, analysis of intonation, rhythm, accentuation, vowel linkage; study of the phonological system of Latin American Spanish and of dialectal and sociolinguistic variation across the Spanish-speaking world.

350 Fundamentals of Translation (4)
Prerequisite: SPAN 300B. Intensive study of art of translation; practice in English-to-Spanish and Spanish-to-English translation.

351 Spanish for Interpreters (4)
Prerequisite: SPAN 300B. Intensive study and practice in the art of sight, consecutive, and simultaneous oral translation.

380 Commercial Spanish (4)
Prerequisite: SPAN 300B. NIS account required. Intensive study of Spanish used in business Spanish; theory and practice of fundamentals of commercial correspondence and negotiation in Spanish; translation of English commercial documents into Spanish; introduction to the socio-economic panorama of Spanish-speaking countries.

395N Spanish in Community Service (1-4)
Prerequisites: SPAN 300B, approval of departmental faculty adviser in consultation with EPIC director, acceptance by community agency. Participation in work of a community agency or program utilizing communication skills in Spanish. May be repeated once to maximum of 6 units. Graded CR/NC.

397 Field Work in Spanish (1-4)
Prerequisites: To be established by coordinator in consultation with host organization. Field work and internships in occupations in which communication skills in Spanish can be used and perfected. Minimum of 4 hours per week per credit hour. May be repeated to maximum of 4 units. Graded CR/NC.

400A Spanish Morphology (4)
Prerequisites: SPAN 305 and SPAN 300B. Study of parts of speech with attention given to nominal and verbal inflections, pronominal paradigms, and morphological structure of derived and compound Spanish words.

400B Syntax (4)
Prerequisite: SPAN 400A. Comprehensive review of Spanish syntax; analysis of structure of simple and complex sentences.

401 Introduction to Literary Analysis (4)
Prerequisite: SPAN 300B. Introduction to major forms and aesthetic concepts of, and critical approaches to, Hispanic literature.

403 Topics in Spanish Applied Linguistics: Languages in Contrast (4)
Prerequisites: SPAN 400B, ENGL 305. Addresses issues of Spanish applied linguistics relevant for teachers of Spanish in the US. Topics treated at both conceptual and language-specific levels from a cross-linguistic, cross-cultural perspective.

408 Spanish Literature I (4)
Prerequisite: SPAN 401. Introduction to Spanish literature from medieval period through the Golden Age.

410 Spanish Literature II (4)
Prerequisite: SPAN 401. Introduction to Spanish literature from 1700 to present.

411 Spanish-American Literature I (4)
Prerequisite: SPAN 401. Spanish-American literature from the Conquest to 1888.

413 Spanish-American Literature II (4)
Prerequisite: SPAN 401. Spanish-American literature from 1888 to present.

414 Don Quixote de la Mancha (4)
Prerequisite: SPAN 408. Reading and analysis of Don Quixote de la Mancha.

417 Spanish-American Short Story (4)
Prerequisite: SPAN 413. Spanish-American short story from the Tradiciones of Ricardo Palma to the present.
418 Golden Age Poetry and Prose (4)
Prerequisite: SPAN 401, SPAN 408. Reading and analysis of prominent poetry and prose writers of the Spanish Golden Age.

419 Colonial Spanish-American Literature (4)
Prerequisite: SPAN 411. Intensive study of colonial masterworks including prose, poetry, and theatre.

421 Mexican Literature of Twentieth Century (4)
Prerequisite: SPAN 413. Intensive study of significant works and movements of Mexican literature from 1900 to present.

424 Golden Age Drama of Spain (4)
Prerequisite: SPAN 408. Principal Spanish dramatists of the Golden Age; their thematic, poetic, social, and historical values and their influence on and contrast to subsequent literary history.

426 Nineteenth Century Spanish Novel (4)
Prerequisite: SPAN 410. Intensive study of novelists of 19th century Spain.

428 The Generation of 1898 (4)
Prerequisites: SPAN 410. Intensive study of poets, novelists, and essayists who promoted literary revival following 1898.

429 Nineteenth Century Spanish-American Literature (4)
Prerequisite: SPAN 411. Intensive study of 19th century masterworks including novel, poetry, and theatre.

431 Spanish-American Testimony (4)
Prerequisites: SPAN 315, SPAN 401. Study of Spanish-American testimonial narratives as a specific discursive and cultural genre. Theory of "Testimony" and major testimonial works of Spanish American history.

435 Ruben Dario and Modernismo (4)
Prerequisite: SPAN 413. Analysis of representative works of modernist movement writers in Spanish America; their influences on literature of contemporary period. Lectures and reports in Spanish.

440 Hispanic Film (4)
Prerequisite: SPAN 401. History and development of film in the Spanish speaking world; study of cultural, historical and language diversity; film adaptations of literary works and original films. Course taught in Spanish.

454L,P Special Topics in Spanish (1-4)
Prerequisites: As needed for specific topic. Current topics of special interest in Spanish as announced in Schedule of Classes. May be repeated for credit to maximum of 8 units.

459 Hispanic Play Production (3-4)
(Also listed as TA 459)
Prerequisite: Completion of intermediate Spanish. Introduction to major forms of Spanish drama; mechanics and production of a major work of Hispanic theatre. May be repeated to a total of 6-8 units of which a maximum of 4 may apply to major.

460 Proseminar: Advanced Placement Spanish Authors (4)
Prerequisites: Three Upper Division literature courses, including relevant introductory literature course. Outstanding Spanish and Spanish-American writers from Middle Ages to present. May be repeated to a maximum of 8 units as subject matter changes.

461 Proseminar in Hispanic Linguistics (4)
Prerequisite: Spanish 400B. Changing topics in Hispanic linguistics, with emphasis on the broad relationship between language, culture, and society.

471 Spanish-American Literature and Original Populations (4)
Prerequisites: SPAN 315, 401. Study of those Spanish-American literary masterpieces that are based on the Amerindian cultures and languages. Theory of transculturation and cultural heterogeneity.

472 20th and 21st Century Spanish Prose (4)
Prerequisite: SPAN 410. An exploration of the development of prose fiction in Spain throughout the Twentieth and Twenty-First centuries. Novels and short stories by representative authors will be studied.

475 Proseminar: Spanish-American Theatre (4)
Prerequisite: SPAN 413. Intensive study of selected Spanish-American playwrights from 17th century to present.

481 Southern Cone Fiction (4)
Prerequisite: SPAN 413. Representative works of Chilean, Argentine and Uruguayan prose fiction.

499 Undergraduate Directed Study (1-4)
Prerequisite: Instructor consent to act as sponsor. Project selected in conference with sponsor before registration; progress meetings held regularly, and final report submitted. May be repeated to a maximum of 8 units for credit.

Courses in Thai (THAI)
100ABC Elementary Thai (4-4-4)
Prerequisite: See Departmental “Limitation on Language Credit” policy in this catalog. Must be taken in sequence. Methodical presentation of fundamental structure of the language through hearing, speaking, reading, and writing Thai. Introduction to the customs, culture, and institutions of the Thai-speaking people.

Courses in Vietnamese (VIET)
100ABC Elementary Vietnamese (4-4-4)
Prerequisite: See Departmental “Limitation on Language Credit” policy in this catalog. Must be taken in sequence. Methodical presentation of fundamental structure of the language through hearing, speaking, reading, and writing Vietnamese. Introduction to the customs, culture, and institutions of the Vietnamese-speaking people.
Graduate Level Courses

Classified graduate standing is required for admission to all 500 level courses.

Courses in French (FREN)

501 Development of French Language (4)
Prerequisites: FREN 305, 401; beginning Latin strongly recommended. Scientific analysis of written and spoken French from its inception through its current use in the French-speaking world.

509 Analytical and Interpretive Writing in French (4)
Prerequisite: FREN 450 or 451. Original analysis and interpretation of literary or nonliterary texts as well as independent research resulting in a report; emphasis on scholarly writing skills.

510 Seminar: French Culture (4)
Prerequisites: FREN 310AB. In-depth study of specific cultural developments including historical events and social, intellectual, and artistic movements in Francophone societies; includes lectures and student research projects.

535 Seminar: French Literary Prose since World War II (4)
Prerequisite: FREN 411. Studies in outstanding French prose writing and literary movements since World War II.

540 Seminar: French Post-Symbolist Poetry (4)
Prerequisite: FREN 412. Recent French poetic movements such as fantaisisme, cubism, surrealism; metaphysical and religious poets; traditional poets, revolutionaries, and poets of other French-speaking countries.

575 Seminar: French Literature (4)
Prerequisite: Undergraduate course(s) relevant to topic being studied. Intensive study of significant works of particular period, genre, or literary tendency from Middle Ages to present. May be repeated, as subject matter changes, to maximum of 12 units.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Masters Degree section of this chapter.

598 Graduate Directed Study (1-4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in field; regular conferences with sponsor. May be repeated to a maximum of 8 units for credit.

Courses in Spanish (SPAN)

400-level Courses
All 400-level courses may be applied toward master's degree requirements except the following, subject to limits established by the department and approval of the graduate adviser: SPAN 400AB, 401, 403, 408, 410, 411, 413, 440, 454, 459

500 Academic Writing in Spanish (4)
Prerequisite: SPAN 401. Theory and practice of advanced scholarly writing in Spanish. Introduction to discourse analysis and the theory of argumentation; contrastive rhetoric and elements of style; research of electronic databases; and academic style sheets.

501 Development of Spanish Language (4)
Prerequisite: SPAN 320. Scientific analysis of written and spoken Spanish from its inception through its current use in the Hispanic world.

504 Studies in Medieval Literature (4)
Prerequisites: SPAN 408, 410. Principal Spanish literary works dating from twelfth to sixteenth century; their significance in historical development of various genres; their influence on subsequent literary history.

506 Semantics and Pragmatics (4)
Prerequisite: SPAN 400B. Analysis of meaning in sentences in Spanish and of main features of Spanish lexicon; selected problems of discourse pragmatics; functional meaning of the sentence in context.

507 Literary Theory (4)
Prerequisite: SPAN 401. Study of contemporary literary theories, Hispanic critical thought and text interpretation.

510 Sociolinguistic Patterns in Spanish (4)
Prerequisite: SPAN 305. Principles of sociolinguistics and dialectology; sociolinguistic patterns in Hispanic languages; social and geographic language varieties including main features of Spanish in U.S.

540 Seminar: Spanish Poetry from Romanticism to the Present (4)
Prerequisites: SPAN 408, 410. Comprehensive and intensive study of Spanish poetry from the Romantic period to present. The poets and their poetry will be studied in light of literary movements, influence, political and philosophical ideas.

545 Seminar: Contemporary Spanish-American Poetry After Ruben Dario (4)
Prerequisites: SPAN 411, 413. Intensive study of Spanish American poets after Dario, including Mistral, Storni, Neruda, Vallejo, Guillen, Paz, Borges, and Cardenal. Literary movements include Latin American posmodernismo, avant guard and post – avant guard.

575 Seminar: Hispanic Literature (4)
Prerequisites: SPAN 408, 410 or 411 and 413. Intensive study of significant works of selected period in Spanish or Spanish-American literature. May be repeated to a maximum of 8 units as subject matter changes.

583 Seminar: Contemporary Hispanic Prose (4)
Prerequisites: SPAN 408 plus 410 or 411 plus 413. Recent Hispanic prose (novel, short story, essay); focus on Spanish or Spanish-American authors in alternate years. May be repeated to a maximum of 8 units for credit as subject matter changes.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Masters Degree section of this chapter.

598 Graduate Directed Study (1-4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in field; regular conferences with sponsor. May be repeated to a maximum of 8 units for credit.
The Department of Music offers programs leading to the Bachelor of Music, Bachelor of Arts, Master of Music, and Master of Arts degrees. Many opportunities are provided for creative performance activities, both for majors and for students pursuing personal development in music along with career preparation in other fields. The department also participates in an Interdisciplinary Studies Minor in Multimedia that enables students to develop interactive, multimedia products. For more information, please refer to University Programs.

The Faculty

Professors: William Belan, Jeffrey W. Benedict, David N. Connors (Chair), Deborah Holland, John M. Kennedy.

Associate Professors: Paul De Castro, Sara Graef, Susan W. Kane, Beverly Stein.

Assistant Professors: James Ford, Mark Goodrich, Abel Ramirez, Jay Zhong.

Undergraduate Programs

The undergraduate programs in Music are designed to provide students with a broad, general foundation in the theoretical branches of music, competence in artistic performance, and professional preparation for successful graduate study. The Bachelor of Music degree stresses composition, jazz studies, vocal performance, instrumental performance, or keyboard performance. The Bachelor of Arts degree serves students whose primary interest is music history, theory, and literature and those who wish to teach music or to achieve a liberal arts education with an emphasis in music.

Students who wish to major in music are required to audition in their performance area (voice, piano, or other principal instruments) upon entrance, to develop their performance ability, and to appear in at least one student solo or ensemble recital each year. All music majors must demonstrate progress in their major performing area before a faculty jury at the end of each quarter. Those who are not making satisfactory progress are asked to take additional work. Students must present a satisfactory senior recital before being approved for graduation.

The Music Department Handbook contains other policies and regulations, including a concert attendance policy, which pertains to all music majors and minors. It is each student’s responsibility to obtain a copy of the handbook and to become familiar with its contents. Failure to comply with policies and regulations outlined in the handbook may affect continued enrollment in the program and/or eligibility for graduation.

Participation in performance organizations is required during the quarters in which students are registered for applied music credit. After ensemble performance requirements are met, that is, choir, symphony orchestra, symphonic band, or jazz ensemble, students will, while receiving applied music credit, select electives from the following MUS courses: 320, 321, 325, 326, 327, 420, 421, 422, 424, 425, 426, 427, 428, 429, 485.

Students should consult an adviser in their area for the appropriate ensemble.

Students who demonstrate competence in performance and theory above the minimum requirement may earn advanced standing. Lower division students may register for and earn credit in upper division performance courses.

Music majors are required to attend four (4) music department concerts or recitals per quarter. Students participating in a performance will be credited automatically. CSULA freshmen will be required to complete eight (8) quarters of MUS 101 Concert/recital Attendance (0). Transfer students will be required to complete four (4) quarters of MUS 101.

Bachelor of Music Degree

The Bachelor of Music degree curriculum is designed to provide professional training for musicians seeking preparation for careers in performance, composition or jazz studies. Students desiring entrance into this degree program should note the specific entrance program procedures for each option listed below. After acceptance, students are assigned to faculty advisers for guidance in planning course work.

In the core program in music, lower division courses emphasize music theory, literature and applied studies, while upper division courses explore advanced concepts in theory, music history, performance and related fields. All options except Music Education include the required performance of a junior recital. All options include the required performance of a senior recital and required participation in performing ensembles concurrent with applied music instruction. The Music Education option is offered for those who wish to pursue the Single Subject Credential in Music.

Each option within this degree has been carefully designed to provide an education that encompasses the artistic and functional needs of the aspiring musician. Within the
framework of each of these options lies the opportunity for individual needs to be addressed.

The total number of units required for the Bachelor of Music degree in Music is 189 units, of which 106-108 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

**Program Entrance Requirements**

**Option I - Composition**
All students desiring entrance into the Composition option must present a portfolio of compositions for the consideration of the theory/composition area faculty. This normally occurs prior to enrollment in upper division music courses. Prospective students should note applied music requirements necessary for the completion of the degree program found in the core program. All applied study requires audition by the appropriate area committee.

**Option II - Jazz Studies**
All students seeking entrance into the Jazz Studies option must first gain acceptance into the program through audition by the jazz studies area and into the applied music course related to their instrument of study. Note: This option requires auditions by both the jazz studies area and the applied music area for your instrument of study.

**Option III - Vocal Performance**

**Option IV - Instrumental Performance**

**Option V - Keyboard Performance**
All students desiring entrance into the Performance options must be accepted by audition before the appropriate area faculty. This normally occurs prior to commencing music studies at the University, but may occur at any time prior to enrollment in upper division music courses.

**Option VI - Music Education**
All students seeking entrance into the Music Education program must submit two letters of recommendation and must audition for and be accepted into an applied music studio.

**Requirements for the Major (106-108 units)**
Depending on the option selected, a total of 189 are required for the degree of which 106 - 108 are in the major: 58 units in the required core program and 48 - 50 units in one of the six options. See *Undergraduate Study: General Information* chapter for details about the General Education and other requirements that constitute the units outside the major. For Options I - V a 30-minute junior recital and a 50-minute senior recital are required for graduation. For Option VI a 50 minute senior recital is required for graduation.

**Core Program (58 units)**
All students complete a required core program of 58 units in Music.

**Required Courses (58 units)**

|MUS 101 | Concert/Recital Attendance (0) |
| MUS 161ABC | Music Theory I-III (3, 3, 3) |
| MUS 162ABC | Musicianship I-III (1, 1, 1) |
| MUS 165 | Introduction to Music: Music Technology I (2) |
| MUS 170 | Introduction to Music: Music Literature (2) |
| MUS 243ABC | Class Piano Instruction (1, 1, 1) |
| MUS 261ABC | Music Theory IV-VI (3, 3, 3) |
| MUS 262ABC | Musicianship IV-VI (1, 1, 1) |
| MUS 300 | Career Planning and Writing in Music (3) |
| MUS 370-371-372 | History of Music in Western Civilization I-III (4, 4, 4) |
| MUS 380 | Beginning Conducting (3) |
| MUS 402 | World Musics (3) |

**Applied Music**
Select one area of specialization (6 units)

|MUS 115B, 215B | Strings (2, 2, 2) |
| MUS 116B, 216B | Woodwinds (2, 2, 2) |
| MUS 117B, 217B | Brass (2, 2, 2) |
| MUS 118B, 218B | Percussion (2, 2, 2) |
| MUS 135B, 235B | Voice (2, 2, 2) |
| MUS 145B, 245B | Piano/Harpischord (2, 2, 2) |
| MUS 146B, 246B | Organ (2, 2, 2) |

All students are required to take a piano proficiency examination, MUS 243D, and pass it, or complete MUS 343C, before being approved for graduation. Those who are deficient in this area should take appropriate additional course work as recommended by their adviser.

**Options**

**Option I: Composition (50 units)**
A total of 50 units is required in this option, which prepares students in the field of composition.

**Required Courses (41 units)**

|MUS 263 | Introduction to Composition (2, 2) |
| MUS 362 | Orchestration and Arranging (4) |
| MUS 432 | Computer Notation (2) |
| MUS 460 | Composition (3, 3, 3) |
| MUS 462 | Advanced Orchestration and Arranging (3) |
| MUS 463 | Counterpoint (3) |
| MUS 464 | Musical Form (3) |
| MUS 465 | Contemporary Techniques (4) |
| MUS 467 | Music Composition for Television and Film (3) |
| MUS 469 | Music Technology III (3) |
| MUS 488 | Music Technology IV (3) |

**Ensemble Performance (3 units)**
Select from the following:

|MUS 320 | Symphonic Band (1) |
| MUS 321 | Orchestral Performance and Practice (1) |
| MUS 326 | Concert Choir (1) |
| MUS 327 | University Chorus (1) |
| MUS 425 | Chamber Singers (1) |

**Recital Requirement**

|MUS 340 | BM Junior Recital (0) |
| MUS 440 | BM Senior Recital (0) |

**Electives (6 units)**
Select upper division music courses with adviser approval.

**Option II: Jazz Studies (50 units)**
A total of 50 units is required in this option, which prepares students in jazz performance production, composition, recording, and conducting. Students must successfully complete a BM Junior Recital (MUS 340) and a BM Senior Recital (MUS 440). There are two tracks in this option: Performance and Arranging/Composition.

**Required Courses for Both Tracks (26 units)**

|MUS 328 | Vocal Jazz Ensemble (1, 1, 1) |
| MUS 424 | Jazz Ensemble (1, 1, 1) |
| MUS 366 | Elements of Jazz Harmony (3) |
| MUS 368AB | Jazz Improvisation (2, 2) |
| MUS 452 | History of Jazz (4) |
| MUS 466A | Jazz Arranging: Beginning (3) |
| MUS 466B | Jazz Arranging: Advanced (3) |
| MUS 468 | Jazz Pedagogy (3) |
| MUS 483 | Analysis of Jazz Styles and Literature (3) |
**Performance Specialty (12 units)**
Select one area of a performance specialty

- MUS 315B-415B Strings (2, 2, 2, 2, 2)
- MUS 316B-416B Woodwinds (2, 2, 2, 2, 2)
- MUS 317B-417B Brass (2, 2, 2, 2, 2)
- MUS 318B-418B Percussion (2, 2, 2, 2, 2)
- MUS 335B-435B Voice (2, 2, 2, 2, 2)
- MUS 345B-445B Piano (2, 2, 2, 2, 2)

**Track I: Performance (12 units)**

**Required Courses (6 units)**
- MUS 427 Latin Jazz Ensemble (1, 1, 1, 1, 1, 1)
- MUS 429 Small Jazz Ensemble (1, 1, 1, 1, 1, 1)

**Electives (6 units)**
Select from upper division music courses with adviser approval.

**Track II: Arranging/Composition (12 units)**

**Required Courses (9 units)**
- MUS 427 Afro-Latin Jazz Ensemble (1, 1, 1, 1, 1, 1, 1, 1, 1)
- MUS 429 Small Jazz Ensemble (1, 1, 1, 1, 1, 1, 1, 1, 1)
- MUS 469 Music Technology III (3)

**Electives (3 units)**
Select from upper division music courses with adviser approval.

**Option III: Vocal Performance (48-50 units)**

A total of 48-50 units is required in this option which prepares students to perform art songs in the style and manner of the period in which they were written, to demonstrate awareness of poetic song content by translation from at least three foreign languages, and to prepare repertoire and recital programs. Prior to graduation, students prepare and successfully perform a 30-minute BM Junior Recital (MUS 340) and a 50-minute BM Senior recital (MUS 440) of repertoire from at least three of the following historical periods: Renaissance, Baroque, Classic, Romantic, and Contemporary.

**Required Core Courses (23 units)**
- MUS 330 Principles of Applied Vocal Development (3)
- MUS 406 Comparative Vocal Techniques (3)
- MUS 426 Opera Repertory, Performance and Production (1, 1, 1)
- MUS 434 Introduction to Phonetics for Musicians (2)

Select two (2) courses from the following:
- MUS 436F French Diction for Singers (2)
- MUS 436G German Diction for Singers (2)
- MUS 436I Italian Diction for Singers (2)
- MUS 436S Spanish and English Diction for Singers (2)

*MUS 426 is repeatable with limitations; see course description.

**Foreign Languages (8 units)**
Four (4) units may be taken in the General Education program.
- FREN 100A Elementary French (4)
- FREN 100B Elementary French (4, or
- GERM 100A Elementary German (4, or
- ITAL 100A Elementary Italian (4) or the equivalent.

**Applied Music (12 units)**
- MUS 335B Voice (2, 2, 2)
- MUS 435B Voice (2, 2, 2)

*See course descriptions for limitations on repeatability.

**Performance Organizations (3 units)**
Select from the following:
- MUS 326 Concert Choir (1)
- MUS 327 University Chorus (1)
- MUS 328 Vocal Jazz Ensemble (1)

*MUS 425 Chamber Singers (1)

See course descriptions for limitations on repeatability.

**Theory/Jazz Studies (3-5 units)**
Select from the following courses.
- MUS 362 Orchestration and Arranging (4)
- MUS 368A Jazz Improvisation (2)
- MUS 463 Counterpoint (3)
- MUS 464 Musical Form (3)
- MUS 466A Jazz Arranging: Beginning (3)

**Musicology (4 units)**
Select one
- MUS 470 History and Literature of Opera (4)
- MUS 472 History and Literature of Vocal Solo Music (4)

**Electives (3 units)**
Select from upper division music courses with adviser approval.

**Option IV: Instrumental Performance (50 units)**
A total of 50 units is required in this option, which prepares students for performance in small ensembles and in band or orchestra. Students study the preparation of repertoire and recital programs. Prior to graduation, students prepare and successfully perform a 30-minute BM Junior Recital (MUS 340) and a 50-minute BM Senior recital (MUS 440) of repertoire from the Renaissance, Baroque, Classic, Romantic, and Contemporary periods.

**Conducting and Musicology (11 units)**
Select two of the following three courses (8 units)
- MUS 473 History and Literature of Symphonic Music (4)
- MUS 474 History and Literature of Chamber Music (4)
- MUS 477 History and Literature of Wind Band in U.S. (4)

**Required (3 units)**
- MUS 481 Instrumental Conducting (3)

**Performance Area (39 units)**
Select courses from each area below, appropriate to instrument of specialization, for the numbered units specified in each area and for a total of 39 units. These courses are repeatable within limits specified in course descriptions.

**Instrumental Course (2 units)**
- MUS 411 Performance Pedagogy (2)

**Performing Organizations (6 units)**
- MUS 320 Symphonic Band (1, 1, 1, 1, 1, 1)
- MUS 321 Orchestral Performance and Practice (1, 1, 1, 1, 1, 1)

**Ensemble Courses (11 units)**
- MUS 420 String Ensemble (1)
- MUS 421AB Woodwind Ensemble (1, 1)
- MUS 422 Brass Ensemble (1)
- MUS 423 Percussion Ensemble (1)
- MUS 424 Jazz Ensemble (1)
- MUS 485 Chamber Music (1)

**Applied Music (12 units)**
Select area of specialization:
- MUS 315B, 415B Strings (2, 2, 2, 2, 2, 2)
- MUS 316B, 416B Woodwinds (2, 2, 2, 2, 2, 2)
- MUS 317B, 417B Brass (2, 2, 2, 2, 2, 2)
- MUS 318B, 418B Percussion (2, 2, 2, 2, 2, 2)

**Electives (8 units)**
Select from upper division music courses with adviser approval.
Option V: Keyboard Performance (50 units)
A total of 50 units are required in this option which emphasizes high standards in performance of solo and ensemble literature. Performance requirements include a BM Junior Recital (MUS 340) and a BM Senior Recital (MUS 440).

Required Courses (28 units)
MUS 146A or B or 246 A or B Organ (1, 1)
MUS 405AB Piano Pedagogy (3, 3)
MUS 463 Counterpoint (3)
MUS 464 Musical Form (3)
MUS 465 Contemporary Techniques (4)
MUS 475 History and Literature of Keyboard Music (4)
MUS 485 Chamber Music (1, 1, 1, 1, 1, 1, 1)

Applied Music (12 units)
MUS 345B Piano (2, 2, 2)
MUS 445B Piano (2, 2, 2)

Ensemble (6 units)
MUS 325 Accompanying Ensemble (1, 1, 1) and
Select 3 units for the following:
MUS 320 Symphonic Band (1)
MUS 321 Orchestral Performance and Practice (1)
MUS 326 Concert Choir (1)
MUS 327 University Chorus (1)
MUS 425 Chamber Singers (1)

Electives (4 units)
Select from upper division music courses with adviser approval.

Option VI: Music Education (50 units)
A total of 50 units is required in this option which prepares students for careers in Vocal/Choral or Instrumental teaching. Prior to graduation, students prepare and successfully perform a 50-minute Senior Recital (MUS 440).

Required Courses for Both Tracks (27 units)
MUS 191 Intro to Music in Schools (2)
MUS 330 Principles of Applied Vocal Development (3)
MUS 362 Orchestration and Arranging (4)
MUS 401 Elementary General Music Techniques (3)
MUS 489 Instructional Technology for the Music Educator (3)

Applied Music (12 units)
Select one area of a performance specialty:
MUS 315B-415B Strings (2, 2, 2, 2, 2, 2)
MUS 316B-416B Woodwinds (2, 2, 2, 2, 2, 2)
MUS 317B-417B Brass (2, 2, 2, 2, 2, 2)
MUS 318B-418B Percussion (2, 2, 2, 2, 2, 2)
MUS 335B-435B Voice (2, 2, 2, 2, 2, 2)
MUS 345B-445B Piano (2, 2, 2, 2, 2, 2)
MUS 346B-446B Organ (2, 2, 2, 2, 2, 2)

Track 1: Vocal/Choral Teaching (23 units)

Required Courses
MUS 312A High Strings (2) or
MUS 312B Low Strings (2)
MUS 312C Double Reeds (2) or
MUS 312D Double Reeds/Flute (2)
MUS 312E High Brass (2) or
MUS 312F Low Brass (2)
MUS 312G Percussion (2)
MUS 312H Guitar (2)
MUS 326 Concert Choir (1) or
MUS 327 University Chorus (1)
MUS 405A Piano Pedagogy (3)
MUS 406 Comparative Vocal Techniques (3)

MUS 461 Choral Arranging (3)
MUS 480 Choral Conducting (3)

Track 2: Instrumental Teaching (23 units)

Required Courses
MUS 312A-H Orchestral Instruments (2, 2, 2, 2, 2, 2, 2, 2, 2, 2, 2)
MUS 407 Instrumental Techniques I (3)
MUS 466 Jazz Pedagogy (3)
MUS 481 Instrumental Conducting (3)

* Students in the instrumental teaching track must have all courses in the 312 series with the exception of the course for their major instrument.

Additional Requirements for the Single Subject Credential (7 units)
In addition to the Bachelor of Music degree program in Music Education (Option VI), the following courses are required for the credential, which are prerequisite to directed teaching in music, and may be taken either for elective credit, for the degree outside the major, or in postbaccalaureate standing. Refer to the Charter College of Education section in the Academic Programs: College-Based and University-Wide chapter of this catalog for regulations governing all teaching credential programs.

Required Courses (7 units)
MUS 408 Choral Techniques (3) or
MUS 409 Instrumental Techniques II
MUS 480 Choral conducting (3) or
MUS 481 Instrumental conducting (3)
MUS 496 Demonstration of Competencies in Music Education (1)

Bachelor of Arts Degree
The Bachelor of Arts degree is intended for those students seeking a broad education in music. The curriculum stresses theory, history and literature, and performance of music.

The total number of units required for the Bachelor of Arts degree in Music is 180 units, of which 84 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (84 units)
A total of 180 units is required for the degree. A BA Senior Recital (MUS 441) or Senior Project (MUS 487) is required.

(Students must be enrolled in applied music during the quarter the Senior Recital is performed. Students electing to complete a Senior Project must register for at least 3 units of MUS 487 over a minimum of two quarters, including the quarter during which the final project is submitted. MUS 487 may be used as an elective.)

See the Undergraduate Study: General Information chapter for details about the General Education and other requirements which constitute the units outside the major.

Lower Division Core Courses (31 units)
MUS 101 Concert/Recital Attendance (0)
MUS 161ABC Music Theory I-III (3, 3, 3)
MUS 162ABC Musicianship I-III (1, 1, 1)
MUS 169 Introduction to Music: Music Technology I (2)
MUS 170 Introduction to Music: Music Literature (2)
MUS 243ABC Class Piano Instruction (1, 1, 1)
MUS 261ABC Music Theory IV–VI (3, 3, 3)
MUS 262ABC Musicianship IV–VI (1, 1, 1)
Upper Division Core Courses (27 units)
MUS 300 Career Planning and Writing in Music (3)
MUS 370, 371, 372 History of Music in Western Civilization (4, 4, 4)
MUS 380 Beginning Conducting (3)
MUS 402 World Musics (3)
Select 6 units from the following repeatable ensemble courses.
MUS 320 Symphonic Band (1)
MUS 321 Orchestral Performance and Practice (1)
MUS 326 Concert Choir (1)
MUS 327 University Chorus (1)
MUS 425 Chamber Singers (1)

Applied Music (6 units)
Select from the following (6 units):
The units in applied music are lower or upper division depending upon audition results. It is expected that students will reach the 400 level of study prior to the senior recital.
MUS 115A, 215A, 315A, 415A Strings (1, 1, 1, 1, 1, 1)
MUS 116A, 216A, 316A, 416A Woodwinds (1, 1, 1, 1, 1, 1)
MUS 117A, 217A, 317A, 417A Brass (1, 1, 1, 1, 1, 1)
MUS 118A, 218A, 318A, 418A Percussion (1, 1, 1, 1, 1, 1)
MUS 135A, 235A, 335A, 435A Voice (1, 1, 1, 1, 1, 1)
MUS 145A, 245A, 345A, 445A Piano (1, 1, 1, 1, 1, 1)
MUS 146A, 246A, 346A, 446A Organ (1, 1, 1, 1, 1, 1)

Piano Proficiency Requirement
All students are required to take a piano proficiency examination, MUS 243D, and pass it, or complete MUS 343C (Class Piano Instruction), before being approved for graduation. Those who are deficient in this area should take appropriate additional course work as recommended by their adviser.

Required units for the Major (20 units)
Required Courses in Music Theory (3 –8 units)
Select from the following:
MUS 362 Orchestration and Arranging (4)
MUS 460 Composition (3)
MUS 463 Counterpoint (3)
MUS 464 Musical Form (3)
MUS 465 Contemporary Techniques (4)

Recital/Project Requirement
MUS 441 BA Senior Recital (0) or
MUS 487 BA Senior Project (3-4)

Music Electives (4-11 units)
Select music courses with adviser approval.

Electives in the Arts other than Music (6 - 8 units)
Select courses with adviser approval.

Minor in Music
A minor in music is available for students majoring in other fields. A minimum of 42 units is required. Students must be enrolled in or have completed MUS 161ABC and MUS 162ABC in order to enroll in applied lessons or ensembles.

Requirements for the Minor (minimum 42 units)
Lower Division Required Courses (19 units):
MUS 161ABC Music Theory (3, 3, 3)
MUS 162ABC Musicianship (1, 1, 1)
MUS 169 Introduction to Music: Music Technology I (2)
MUS 170 Introduction to Music: Music Literature (2)
MUS 243ABC* Class Piano Instruction (1, 1, 1)
*may be waived for keyboard minors.

Upper Division Required Course (14 units)
MUS 402 World Music (3)
Select 3 units from following:
MUS 320 Symphonic Band (1)
MUS 321 Orchestral Performance and Practice (1)
MUS 326 Concert Choir (1)
MUS 327 University Chorus (1)
MUS 424 Jazz Ensemble (1)
MUS 426 Opera Repertory, Performance, and Production (1)
MUS 427 Afro-Latin Ensemble (1)
MUS 428 New Music Ensemble (1)
Select 4 units from following:
MUS 370 History of Music in Western Civilization I (4)
MUS 371 History of Music in Western Civilization II (4)
MUS 372 History of Music in Western Civilization III (4)
MUS 452 History of Jazz (4)
MUS 458 Music of Latin America (4)

Applied Music (3-6 units)
MUS 115A-415A Strings (1-1-1)
MUS 116A-416A Woodwinds (1-1-1)
MUS 117A-417A Brass (1-1-1-1)
MUS 118A-418A Percussion (1-1-1-1)
MUS 135A-435A Voice (1-1-1-1)
MUS 145A-445A Piano (1-1-1-1)
MUS 146A-446A Organ (1-1-1-1)

Electives (6 units)
Select units in music with adviser approval.

The Credential Program
The Bachelor of Arts degree program in Music, including the additional requirements for the Single Subject credential, is the subject matter program designed to qualify students for the Single Subject credential in Music. Students should consult advisers in the department and the Charter College of Education.
Master of Arts Degree
The Master of Arts degree in Music is offered with three options. The first is designed for students desiring a general degree with breadth in all areas of music. The second focuses upon Music Education and the third is for students seeking a concentration in Musicology. Adjustments in the general option to meet specific interests and abilities may be made in consultation with graduate advisers.

Admission to the Program
In addition to University requirements for admission to graduate study, applicants must have a baccalaureate in music from an accredited college or university. All applicants must take a graduate placement examination in music. In addition, students must seek advisement and have a program filed in the Music Department before being admitted to classified standing.

Requirements for the Degree (45 units)
A total of 45 units is required, including at least 23 in 500-level music courses: a required core of 6 units and 39 units in an option. Students may choose between three options: Option I, General; Option II, Music Education; or Option III, Musicology. Placement in applied music is by audition. Students in all options must take a comprehensive examination. The program concludes with a thesis or project. The Musicology option requires the thesis and a foreign language reading examination.

Required Core (6 units)
- MUS 497 Research Techniques in Music (2)
- MUS 596 Comprehensive Exam (0)
- MUS 599 Thesis or Project (4)

Option I: General (39 units)
Required courses (12 units) to be taken in sequence
- MUS 530AB Advanced Style Analysis (4, 4)
Seminar
Select 4 units from the following:
- MUS 502 Seminar: Music Education (4)
- MUS 507 Seminar: Vocal Techniques (4)
- MUS 508 Seminar: Choral Music (4)
- MUS 509 Seminar: Instrumental Music Education (4)
- MUS 568 Seminar: Performance (4)
- MUS 569 Seminar: Composition (4)
- MUS 579 Seminar: Musicology (4)

Applied Music or Performance (3 units)
Select 3 units from the following:
Applied
- MUS 415A Strings (1)
- MUS 416A Woodwinds (1)
- MUS 417A Brass (1)
- MUS 418A Percussion (1)
- MUS 435A Piano (1)
- MUS 446A Organ (1)
- MUS 447 Accompanying (2)
- MUS 519A Applied Music: Instrumental (1)
- MUS 535A Applied Music: Voice (1)
- MUS 549A Applied Music: Keyboard Instruments (1)

Option II: Music Education (39 units)
Prerequisite
- MUS 489 Instructional Technology for Musicians (3)
Required Courses (16 units)
- MUS 501 Psychology of Music (4)
- MUS 503 Music in World Cultures for the Music Educator (4)
- MUS 507 Music of the Medieval Period (4)
- MUS 509 Music of the Renaissance Period (4)
- MUS 510 Graduate Choral Ensemble (1)
- MUS 511 Graduate Instrumental Ensemble (1)

Track I: Vocal/General Music Certification Program (12 units)
Select any 400- or 500-level music history course with adviser approval.

Track II: Vocal/General Music Certification Program (12 units)
Select from the following:
Orff-Schulwerk Certification
- MUS 495 Orff-Schulwerk Certification Level I (4)
- MUS 587 Orff-Schulwerk Certification Level II (4)
- MUS 589 Orff-Schulwerk Certification Level III (4)

Kodaly Certification
- MUS 494 Kodaly Methodology Level I (4)
- MUS 586 Kodaly Methodology Level II (4)
- MUS 588 Kodaly Methodology Level III (4)

Electives (7 units)
Any 400- or 500-level course may be selected with the adviser’s approval.
Track II: Vocal/Choral Music

**Required Courses (7 units)**
- MUS 507 Seminar: Vocal Techniques (4) or
- MUS 583 Seminar: Conducting (4) and
- MUS 480 Choral Conducting (3)

**Electives (12 units)**
Any 400- or 500-level course may be selected with the adviser's approval.

Track III: Instrumental Music

**Required Courses (7 units)**
- MUS 509 Seminar: Instrumental Music Education (4)
- MUS 481 Instrumental Conducting (3)

**Electives (12 units)**
Any 400- or 500-level course may be selected with the adviser’s approval.

Option III: Musicology (39 units)

**Foreign Language Requirement**
The Music Department Foreign Language Reading Examination in French, German, or Italian must be successfully completed prior to advancement to candidacy.

**Required Courses (12 units)**
To be taken in sequence:
- MUS 530AB Advanced Style Analysis (4, 4)
- MUS 579 Seminar: Musicology (4)

**Applied Music or Performances (3 units)**
Select 3 units from the following:

**Applied**
- MUS 415A Strings (1)
- MUS 416A Woodwinds (1)
- MUS 417A Brass (1)
- MUS 418A Percussion (1)
- MUS 435A Voice (1)
- MUS 445A Piano (1)
- MUS 446A Organ (1)
- MUS 519A Applied Music: Orchestral Instruments (1)
- MUS 535A Applied Music: Voice (1)
- MUS 549A Applied Music: Keyboard Instruments (1)

**Performance**
- MUS 420 String Ensemble (1)
- MUS 421AB Woodwind Ensemble (1, 1)
- MUS 422 Brass Ensemble (1)
- MUS 423 Percussion Ensemble (1)
- MUS 424 Jazz Ensemble (1)
- MUS 425 Chamber Singers (1)
- MUS 426 Opera Repertory, Performance, and Production (1)
- MUS 428 New Music Ensemble (1)
- MUS 447 Accompanying (2)
- MUS 510 Graduate Choral Ensemble (1)
- MUS 511 Graduate Instrumental Ensemble (1)

**History (20 units)**
Select 20 units from the following:
- MUS 570 Music of Medieval Period (4)
- MUS 571 Music of Renaissance Period (4)
- MUS 572 Music of the Baroque Period (4)
- MUS 573 Music of Classic Period (4)
- MUS 574 Music of Romantic Period (4)
- MUS 575 20th Century Music to 1945 (4)
- MUS 576 20th Century Music Since 1945 (4)

**Electives (4 units)**
Music courses in history, theory, independent directed study or related fields outside music with adviser approval.

Recommended Courses
- MUS 454L Special Topics in Music (1-4)
- MUS 460 Composition (3)
- MUS 463 Counterpoint (3)
- MUS 464 Musical Form (3)
- MUS 470 History and Literature of Opera (4)
- MUS 471 History and Literature of Large Vocal Forms (4)
- MUS 472 History and Literature of Vocal Solo Music (4)
- MUS 473 History and Literature of Symphonic Music (4)
- MUS 474 History and Literature of Chamber Music (4)
- MUS 475 History and Literature of Keyboard Music (4)
- MUS 477 History and Literature of Wind Band in U.S. (4)
- MUS 483 Analysis of Jazz Styles and Literature (3)
- MUS 508 Seminar: Choral Music (4)
- MUS 560 Advanced Composition (4)
- MUS 580 Advanced Choral Conducting (4)
- MUS 581 Advanced Instrumental Conducting (4)
- MUS 598 Graduate Directed Study (1-4)

Or the following, if not included in history:
- MUS 570 Music of the Medieval Period (4)
- MUS 571 Music of Renaissance Period (4)
- MUS 572 Music of Baroque Period (4)
- MUS 573 Music of Classic Period (4)
- MUS 574 Music of Romantic Period (4)
- MUS 575 20th Century Music to 1945 (4)
- MUS 576 20th Century Music Since 1945 (4)

**Master of Music Degree**
The Master of Music Program is offered with five options. The Composition option is designed for students desiring advanced study in acoustic or electronic composition. The Commercial Music option is designed for students who wish to acquire the requisite skills for writing, arranging and performing in the commercial music business. The curriculum is designed to provide basic background in a variety of additional skills, including recording, calligraphy and composition, and performance on electronic instruments. Two tracks are offered in the Commercial Music option. The Conducting option provides advanced training in conducting and research into performance practice. The Performance option is designed to improve individual performance skills through the study of pedagogy and the study and performance of appropriate literature. The Afro-Latin Music option will prepare the students for a professional career in the performance of Afro-Latin Music and related genres. The curriculum includes study in performance practices, rehearsal techniques and historical background.

**Admission to the Program**
In addition to University requirements for admission to graduate study, applicants must have a baccalaureate in music from an accredited college or university. All applicants must take a graduate placement examination in music history and music theory. Applicants for the Composition option must present a portfolio of their work to the composition area for consideration before acceptance to the program. Applicants for the Commercial Music options must either present an audition of appropriate material or present a portfolio of compositions or arrangements for consideration by the Jazz Studies/Commercial Music area. Students in the Conducting option must present a conducting audition for the appropriate area. Students desiring entrance into this option may also be required to have additional conducting experience or additional...
outside conducting responsibilities prior to admission to the program. Students in the Performance option must present an audition to the appropriate area committee for admission to the program.

Requirements for the Degree
A total of 45 units is required for the individual options, including at least 23 units in 500-level music courses. A comprehensive examination (MUS 596) is required at the conclusion of the program. A project in the form of a composition, conducting recital, solo recital, lecture recital, or chamber music recital (candidate must play a primary role) is required at the end of each program (MUS 599).

MUS 596 Comprehensive Examination (0)
Students may take the comprehensive examination no earlier than the quarter in which all course work is completed. Students must make arrangements for the comprehensive examination at least one quarter in advance. Students are urged to consult the Department of Music for information on additional procedures.

MUS 599 Thesis or Project (4)
Students are encouraged to request a project director from their area early in their program of study to ensure that progress toward the final project is accomplished in a timely manner. Students should consult the Department of Music for information on procedures and required deadlines.

Required Core (10 units)
MUS 497 Research Techniques in Music (2)
MUS 530B Advanced Style Analysis (4) or
MUS 530C Popular Music Style Analysis (4) (Commercial Music and Afro-Latin Music majors only)
MUS 599 Thesis or Project (4)

Option I: Composition (35 units)
A total of 35 units is required in this option. The project for this option is a composition.

Required Courses (22 units)
MUS 460 Composition (3)
MUS 530A Advanced Style Analysis (4)
MUS 560 Advanced Composition (4, 4)
MUS 569 Seminar: Composition (4)

Electives (13 units)
History and Literature (4 units):
Select one from the following:
MUS 470 History and Literature of Opera (4)
MUS 471 History and Literature of Large Vocal Forms (4)
MUS 472 History and Literature of Vocal Solo Music (4)
MUS 473 History and Literature of Symphonic Music (4)
MUS 474 History and Literature of Chamber Music (4)
MUS 475 History and Literature of Keyboard Music (4)
MUS 477 History and Literature of the Wind Band in the U.S. (4)
MUS 570 Music of the Medieval Period (4)
MUS 571 Music of Renaissance Period (4)
MUS 572 Music of Baroque Period (4)
MUS 573 Music of Classic Period (4)
MUS 574 Music of Romantic Period (4)
MUS 575 20th Century Music to 1945 (4)
MUS 576 20th Century Music Since 1945 (4)

Composition Electives (9 units)
Select from the following with adviser approval.
MUS 454L Special Topics in Music (1-4)
MUS 460 Composition (3)
MUS 469 Music Technology (4)
MUS 560 Advanced Composition (4)

Other courses in performance, conducting or applied music with adviser approval.

Option II: Commercial Music (35 units)
A total of 35 units is required for this option. There are two tracks in this option. Track 1 is for Composition and Arranging. Track 2 is for Performance. A common core of 25 units is required for both tracks. The project for this option may be a recital, film score, or recording for Track 1, and a recital for Track 2.

Required courses (24 units)
MUS 488 Music Technology IV (3)
MUS 545 The Business of Music (3)
MUS 546 Seminar: Commercial Music (4)
MUS 547A Advanced Orchestration and Arranging for Contemporary Media - Small Sized Combinations (4)

Choose 10 units from the following:
MUS 432 Computer Notation (2)
MUS 465 Contemporary Techniques (4)
MUS 481 Instrumental Conducting (3)
MUS 484 Songwriting (3)
MUS 486 Recording Techniques (2)
MUS 582 Music Technology V (3)
MUS 598 Graduated Directed Study (1-4)

Students must select one of the following tracks with adviser approval (11 units):

Track 1: Composition and Arranging
Required Courses (11 units)
MUS 467 Music Composition for Television and Film (3)
MUS 547B Advanced Orchestration and Arranging for Contemporary Media -Medium Sized Combinations (4)
MUS 592 Advanced Film Scoring, Songwriting and Music Production (4)

Track 2: Performance
Required Courses (11 units)
MUS 519B Applied Music: Instrumental (2, 2, 2)
or
MUS 535B Applied Music: Voice (2, 2, 2) or
MUS 549B Applied Music: Keyboard Instruments (2,2,2)

Ensembles
Select from MUS 421-429 (1,1,1,1,1)

Option III: Conducting (35 units)
A total of 35 units is required for this option. There are two tracks in this option. Track 1 is for choral conducting. Track 2 is for instrumental conducting. A common core of 24 units is required for both tracks. The project for this option is a conducting recital.

Required Courses (24 units)
MUS 480 Choral Conducting (3)
MUS 481 Instrumental Conducting (3)
MUS 520 Applied Music: Conducting (2, 2, 2)
MUS 530A Advanced Style Analysis (4)
MUS 583 Seminar: Conducting (4, 4)
Students must select one of the following tracks with adviser approval (11 units):

**Track 1: Choral Conducting**
Participation in one choral ensemble per quarter of enrollment is required.

**Required Courses (11 units)**
MUS 435A  Voice (1, 1, 1) or
MUS 535A  Applied Music: Voice (1, 1, 1)

**History and Literature (8 units)**
Select two from the following:
MUS 570  Music of the Medieval Period (4)
MUS 571  Music of Renaissance Period (4)
MUS 573  Music of Classic Period (4)
MUS 574  Music of Romantic Period (4)
MUS 575  20th Century Music to 1945 (4)
MUS 576  20th Century Music since 1945 (4)

**Track 2: Instrumental Conducting**
Participation in one instrumental ensemble per quarter of enrollment is required.

**Required Courses (11 units)**
Applied Music: Instrumental (1, 1, 1) selected from
MUS 415A – 418A or MUS 519A

**History and Literature (8 units)**
MUS 473  History and Literature of Symphonic Music (4)
Select one from the following:
MUS 570  Music of the Medieval Period (4)
MUS 571  Music of Renaissance Period (4)
MUS 573  Music of Classic Period (4)
MUS 574  Music of Romantic Period (4)
MUS 575  20th Century Music to 1945 (4)
MUS 576  20th Century Music since 1945 (4)

**Option IV: Performance (35 units)**
A total of 35 units is required for this option. There are three tracks in this option. Track 1 is Vocal Performance. Track 2 is Keyboard Performance. Track 3 is Instrumental Performance. A common core of 14 units is required for all three tracks. The project for this option is a solo recital.

**Required Courses (14 units)**
MUS 519B, 535B or 549B  Applied Music (2, 2, 2)
MUS 568  Seminar in Performance (4)
MUS 530A  Advanced Style Analysis (4)

**Students must select one of the following tracks with adviser approval (21 units):**

**Track 1: Vocal Performance**
Participation in one vocal/choral ensemble per quarter of enrollment is required.

**Required Courses (18 units)**
MUS 437 ABC  Song Répertoire and Interprétation (2, 2, 2)
MUS 507  Seminar: Vocal Techniques (4)

**History and Literature (8 units)**
Select two from the following:
MUS 470  History and Literature of Opera (4)
MUS 471  History and Literature of Large Vocal Forms (4)
MUS 472  History and Literature of Vocal Solo Music (4)
MUS 570  Music of the Medieval Period (4)
MUS 571  Music of Renaissance Period (4)
MUS 572  Music of Baroque Period (4)

**Track 2: Keyboard Performance**
Participation in one ensemble per quarter of enrollment is required.

**Required Courses (18 units)**
MUS 405AB  Piano Pedagogy (3, 3)
MUS 475  History and Literature of Keyboard Music (4)

**History and Literature (8 units)**
Select two from the following:
MUS 470  History and Literature of Opera (4)
MUS 472  History and Literature of Vocal Solo Music (4)
MUS 473  History and Literature of Symphonic Music (4)
MUS 474  History and Literature of Chamber Music (4)
MUS 570  Music of the Medieval Period (4)
MUS 571  Music of Renaissance Period (4)
MUS 572  Music of Baroque Period (4)
MUS 573  Music of Classic Period (4)
MUS 574  Music of Romantic Period (4)
MUS 575  20th Century Music to 1945 (4)
MUS 576  20th Century Music since 1945 (4)

**Electives (3 units)**
Select 400-or 500-level courses in music with adviser approval.

**Track 3: Instrumental Performance**
Participation in one instrumental ensemble per quarter of enrollment is required.

**Required Courses (8 units)**
History and literature (8 units)
Select two from the following:
MUS 473  History and Literature of Symphonic Music (4)
MUS 474  History and Literature of Chamber Music (4)
MUS 477  History and Literature of Wind Band in the U.S. (4)
MUS 570  Music of the Medieval Period (4)
MUS 571  Music of Renaissance Period (4)
MUS 572  Music of Baroque Period (4)
MUS 573  Music of Classic Period (4)
MUS 574  Music of Romantic Period (4)
MUS 575  20th Century Music to 1945 (4)
MUS 576  20th Century Music since 1945 (4)

**Electives (13 units)**
Select 400-or 500-level courses in music with adviser approval.

**Option V: Afro Latin Music (35 units)**
A total of 35 units is required for this option. The project for this option is a recital.

**Required Courses (24 units)**
MUS 519A, 535A, or 549A  Applied Music (1,1,1)
MUS 458  Music of Latin America (4)
MUS 486  Recording Techniques (2)
MUS 545  The Business of Music (3)
MUS 548  Advanced Orchestration and Arranging for Latin Ensembles (4)
MUS 557  Seminar: Afro-Latin Music (4)
MUS 558  History and Literature of Afro-Latin Music (4)
### List of Courses (MUS) - Undergraduate Level

#### Lower Division Courses

**101 Concert/Recital Attendance (0)**
Attendance at department recitals and concerts. Required attendance at a minimum of four recitals per quarter. May be repeated a maximum of 12 times. Graded CR/NC.

**115A Strings (1)**
Prerequisite: Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of violin, viola, cello, bass, acoustic guitar, electric guitar, electric bass, and harp. May be repeated to a maximum of 6 units.

**115B Strings (2)**
Prerequisite: For students in BM degree programs. Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of violin, viola, cello, bass, acoustic guitar, electric guitar, electric bass, and harp. May be repeated to a maximum of 6 units.

**116A Woodwinds (1)**
Prerequisite: Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of flute, oboe, bassoon, clarinet, and saxophone. May be repeated to a maximum of 6 units.

**116B Woodwinds (2)**
Prerequisite: For students in BM degree programs. Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of flute, oboe, bassoon, clarinet, and saxophone. May be repeated to a maximum of 6 units.

**117A Brass (2)**
Prerequisite: Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of trumpet, French horn, trombone, baritone, and tuba. May be repeated to a maximum of 6 units.

**117B Brass (2)**
Prerequisite: For students in BM degree programs. Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of trumpet, French horn, trombone, baritone, and tuba. May be repeated to a maximum of 6 units.

**118A Percussion (1)**
Prerequisite: Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of snare drum, mallet instruments, multiple percussion, timpani, and Latin percussion. May be repeated to a maximum of 6 units.

**118B Percussion (2)**
Prerequisite: For students in BM degree programs. Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of snare drum, mallet instruments, multiple percussion, timpani, and Latin percussion. May be repeated to a maximum of 6 units.

**121 Symphony Orchestra (1)**
Prerequisite: Instructor consent through audition. Preparation and public performance of standard orchestral literature and contemporary orchestral works. Meets minimum of four hours weekly. May be repeated to a maximum of 12 units.

**122 Wind Ensemble (1)**
Prerequisite: Instructor consent through audition. Preparation and public performance of standard ensemble literature and contemporary ensemble work. Meets minimum of four hours weekly. May be repeated to a maximum of 12 units.

**124 Jazz Ensemble (1)**
Prerequisite: Instructor consent. Rehearsal and performance of standard Jazz Ensemble literature, including original and published arrangements. Meets minimum of 3 hours weekly. May be repeated to a maximum of 12 units.

**126 Concert Choir (1)**
Prerequisite: Instructor consent through audition. Preparation and public performance of standard choral literature and contemporary choral works. Meets minimum of four hours weekly. May be repeated to a maximum of 12 units.

**127 Opera Workshop (1)**
Prerequisite: Instructor consent through audition. Preparation and public performance of standard operatic literature both scenes and full productions. Meets minimum of four hours weekly. May be repeated to a maximum of 12 units.

**128 Vocal Jazz Ensemble (1)**
Prerequisite: Instructor consent through audition. Preparation and public performance of standard and contemporary vocal jazz literature. Meets minimum of four hours weekly. May be repeated to a maximum of 12 units.

**135A Voice (1)**
Prerequisite: Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of voice. May be repeated to a maximum of 6 units.

**135B Voice (2)**
Prerequisite: For students in BM degree programs. Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of voice. May be repeated to maximum of 6 units.

**145A Piano (1)**
Prerequisite: Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of piano. May be repeated to a maximum of 6 units.
145B Piano (2)
Prerequisite: For students in BM degree programs. Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of piano. May be repeated to maximum of 6 units.

146A Organ (1)
Prerequisite: Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of organ. May be repeated to a maximum of 6 units.

146B Organ (2)
Prerequisite: For students in BM degree programs. Students admitted by audition only. Instruction in technique, repertoire, literature, and pedagogy for students of organ. May be repeated to a maximum of 6 units.

147 Keyboard Harmony and Sight Reading (1)
Corequisite: MUS 145 or 343C. Keyboard harmony and sight reading music on the piano; chord progressions, harmonization, patterns of pitch and rhythmic notation. Activity 2 hours. May be repeated to maximum of 3 units.

150 Music in World Culture (4)
Study of the music of many cultures within a broad humanities framework of visual arts, literature, history, and philosophy. A written project is required. GE C2

151 Classical Music in Western Culture (4)
Introduces the student to the major styles, genres, and forms of Western classical music within the context of the many cultures in which it developed. GE C2

152 Music in American Popular Culture (4)
The origins of popular music in the United States, and its place in contemporary society, culture, and diverse communities. GE C2

156 Jazz in American Culture (4)
Study of different eras and styles of Jazz in the United States and the social forces that shape it. GE C2

157 Musical Expressions of the Latino Communities in the USA (4)
Study of Latino musical expressions in the United States and the social forces that shape them. GE C2

160 Music Fundamentals (4)
Exploring basic musical elements common to the major world cultures through improvisation; emphasis on rhythm, melody, harmony, texture, and form. GE C2

161ABC Music Theory I, II, III (3, 3, 3)
Prerequisites: MUS 160 or instructor approval. Corequisite MUS 162ABC, 243ABC. Integrated approach to music theory: essentials of harmony, counterpoint, form, and keyboard experience emphasized. Meets 3 hours weekly.

162ABC Musicianship I, II, III (1, 1, 1)
Prerequisite: MUS 160 or instructor approval. Must be taken concurrently with 161ABC and 243 ABC; Sight-singing, ear-training, keyboard application, and aural analysis correlated with 161 ABC. Meets 2 hours weekly.

169 Introduction to Music: Music Technology I (2)
Introductory class in computer usage, computer sequencing, computer notation, MIDI and synthesizer basics, and other music software and hardware.

170 Introduction to Music: Music Literature (2)
Prerequisite: MUS 169. Introduction to music for majors and minors: listening, elements of music, and basic styles and genres of western classical and world musics.

190 Exploring Sound, Movement, and Melody in Preschool Teaching (4)
Pre-school child learning activities to explore sound, movement, song activities; learn basic song repertoire for young children and basic developmental movement skills. Not applicable to GE or credential requirements. Lecture 2 hours, laboratory 4 hours.

191 Introduction to Music In Schools (2)
Introduction to choral, instrumental, and general music teaching techniques. Current approaches to music education are explored and observed in area elementary and secondary schools.

211 Orchestral Instruments (3 each)
Class instruction in theory and performance of orchestral instruments; ensemble experience provided. Designed for all music majors and minors except those with an instrumental focus. Meets 4 hours weekly.

211B Brass and Percussion
211S Strings
211W Woodwinds

215A Strings (1)
Prerequisite: MUS 115A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of violin, viola, cello, bass, acoustic guitar, electric guitar, electric bass, and harp. May be repeated to a maximum of 6 units.

215B Strings (2)
Prerequisite: For students in BM degree programs. MUS 115B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of violin, viola, cello, bass, acoustic guitar, electric guitar, electric bass, and harp. May be repeated to maximum of 6 units.

216A Woodwinds (1)
Prerequisite: MUS 116A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of flute, oboe, bassoon, clarinet, and saxophone. May be repeated to a maximum of 6 units.

216B Woodwinds (2)
Prerequisite: For students in BM degree programs. MUS 116B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of flute, oboe, bassoon, clarinet, and saxophone. May be repeated to maximum of 6 units.

217A Brass (1)
Prerequisite: MUS 117A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of trumpet, French horn, trombone, baritone, and tuba. May be repeated to a maximum of 6 units.

217B Brass (2)
Prerequisite: For students in BM degree programs. MUS 117B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of trumpet, French horn, trombone, baritone, and tuba. May be repeated to maximum of 6 units.

218A Percussion (1)
Prerequisite: MUS 118A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of snare drum, mallet instruments, multiple percussion, timpani, and Latin percussion. May be repeated to a maximum of 6 units.
218B Percussion (2)  
Prerequisite: For students in BM degree programs. MUS 118B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of snare drum, mallet instruments, multiple percussion, timpani, and Latin percussion. May be repeated to a maximum of 6 units.

230 Elementary Voice Instruction (2)  
Primarily for students not majoring in music. Technique of voice production, study of song interpretation, emphasis upon recreational singing, some attention to elementary musicianship and remedial problems. Meets 4 hours weekly. May be repeated to a maximum of 6 units.

235A Voice (1)  
Prerequisite: MUS 135A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of voice. May be repeated to a maximum of 6 units.

235B Voice (2)  
Prerequisite: For students in BM degree programs. MUS 135B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of voice. May be repeated to a maximum of 6 units.

243ABC Class Piano Instruction (1, 1, 1)  
Prerequisite: MUS 160. Development of piano skills: technique harmonization and transposition, score reading, sightreading, and accompaniment. Activity 2 hours.

244AB Introduction to Organ and Harpsichord (1, 1)  
244A  
Corequisite: MUS 245. Introduction to Organ: Design, Technique, and Literature.

244B  

245A Piano (1)  
Prerequisite: MUS 145A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of piano. May be repeated to a maximum of 6 units.

245B Piano (2)  
Prerequisite: For students in BM degree programs. MUS 145B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of piano. May be repeated to a maximum of 6 units.

246A Organ (1)  
Prerequisite: MUS 146A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of organ. May be repeated to a maximum of 6 units.

246B Organ (2)  
Prerequisite: For students in BM degree programs. MUS 146B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of organ. May be repeated to a maximum of 6 units.

247 Keyboard Sight Reading/Ensemble (1)  
Prerequisite: MUS 145. Development of sightreading skills and ensemble experience on the piano: score reading and reduction technique. May be repeated to total of 6 units.

261ABC Music Theory IV, V, VI (3, 3, 3)  
Prerequisite: MUS 161C, 162C. Must be taken concurrently with 262ABC. Continued study of materials of music using more complex forms and more difficult techniques and styles. Writing emphasis on student’s performing medium. Meets 3 hours weekly.

262ABC Musicianship IV, V, VI (1, 1, 1)  
Prerequisites: MUS 161C, 162C. Must be taken concurrently with 261ABC. Sight singing, ear training, keyboard application, and aural analysis correlated with MUS 261ABC. Activity two hours.

263 Introduction to Composition (2)  
Prerequisites: MUS 161C, 162C. Rudimentary skill in music composition including short works for instrumental duo and accompanied voice. Introduction to recent compositional practices. Must be completed in advance of the junior recital in music composition. May be repeated to a maximum of 4 units.

Upper Division Courses

300 Career Planning and Writing in Music (3)  
Prerequisite: Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR). Combined career assessment/planning with writing skills. Career component includes assessment, job opportunities, and planning. Extensive writing practice of projects useful to the field.

312 Orchestral Instruments A-H (2)  
Prerequisites: MUS 161ABC and 162ABC. Development of performance proficiencies on orchestral instruments and guitar. Emphasis on instrument pedagogy. Meets 3 hours weekly. Each section may be repeated to a maximum of 4 units if different instruments are studied.

312A-High Strings  
312B-Low Strings  
312C-Single Reeds  
312D-Double Reeds/Flute  
312E-High Brass  
312F-Low Brass  
312G-Percussion  
312H-Guitar

313 Instrumental Pedagogy (3)  
Prerequisite: MUS 312. Methods, materials, and techniques related to individualized instruction in woodwinds, brass, percussion, strings, and keyboard instruments; lecture and laboratory experience in teaching. Lecture 2 hours, activity 2 hours.

315A Strings (1)  
Prerequisite: MUS 215A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of violin, viola, cello, bass, acoustic guitar, electric guitar, electric bass, and harp. May be repeated to a maximum of 6 units.

315B Strings (2)  
Prerequisite: For students in BM degree programs. MUS 215B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of violin, viola, cello, bass, acoustic guitar, electric guitar, electric bass, and harp. May be repeated to a maximum of 6 units.

316A Woodwinds (1)  
Prerequisite: MUS 216A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of flute oboe, bassoon, clarinet, and saxophone. May be repeated to a maximum of 6 units.

316B Woodwinds (2)  
Prerequisite: For students in BM degree programs. MUS 216B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of flute, oboe, bassoon, clarinet, and saxophone. May be repeated to a maximum of 6 units.
317A Brass (1)
Prerequisite: MUS 217A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of trumpet, French horn, trombone, baritone, and tuba. May be repeated to a maximum of 6 units.

317B Brass (2)
Prerequisite: For students in BM degree programs. MUS 217B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of trumpet, French horn, trombone, baritone, and tuba. May be repeated to a maximum of 6 units.

318A Percussion (1)
Prerequisite: MUS 218A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of snare drum, mallet instruments, multiple percussion, timpani, and Latin percussion. May be repeated to a maximum of 6 units.

318B Percussion (2)
Prerequisite: For students in BM degree programs. MUS 218B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of snare drum, mallet instruments, multiple percussion, timpani, and Latin percussion. May be repeated to a maximum of 6 units.

320 Symphonic Band (1)
Prerequisite: Instructor consent. Preparation and performance of standard and contemporary literature of the symphonic band. Meets minimum of 4 hours weekly. May be repeated to maximum of 12 units.

321 Orchestral Performance and Practice (1)
Prerequisite: Instructor consent by audition. Exploration in standard symphonic orchestral repertoire, performance practice, and audition preparation. Meets up to 4 hours per week. May be repeated to maximum of 12 units.

322 Wind Ensemble (1)
Prerequisite: Instructor consent. Preparation and performance of standard and contemporary wind literature. Activity 4 hours. May be repeated to maximum of 12 units.

325 Accompanying Ensemble (1)
Prerequisite: Instructor consent. Preparation and public performance of standard and contemporary ensemble literature, which includes a keyboard instrument. Meets minimum of 4 hours weekly. May be repeated to maximum of 12 units.

326 Concert Choir (1)
Prerequisite: Instructor consent through audition. Preparation and public performance of standard choral literature and contemporary choral works. Concerts given on and off campus. Meets minimum of 4 hours weekly. May be repeated to maximum of 12 units.

327 University Chorus (1)
Preparation and performance of standard choral literature, primarily in large forms, with accompaniment. Meets minimum of 4 hours weekly. May be repeated to maximum of 12 units.

328 Vocal Jazz Ensemble (1)
Prerequisite: Faculty consent by audition. Preparation and public performance of standard and contemporary vocal jazz literature. May be repeated to maximum of 12 units.

329 International Choir (1)
Prerequisite: Instructor consent. Preparation and performance of international choral literature, both masterworks and smaller works, from all cultural origins. Meets minimum of four hours weekly. May be repeated to a maximum of 12 units.

330 Principles of Applied Vocal Development (3)
Prerequisite: MUS 230 or one year of choral experience. Open to music majors and minors only. Principles of correct vocal production development through lecture and demonstration with laboratory experience in solo singing. Analysis by class members and instructor. Lecture 2 hours, laboratory 2 hours.

335A Voice (1)
Prerequisite: MUS 235A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of voice. May be repeated to a maximum of 6 units.

335B Voice (2)
Prerequisite: For students in BM degree programs. MUS 235B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of voice. May be repeated to maximum of 6 units.

340 BM Junior Recital (0 units)
Prerequisite: Consent of major professor. Junior level standing in applied music study.
Corequisites: One of the following: MUS 315, 316, 317, 335, 345, 346. Performance of a 30 minute Junior Recital.

343ABC Class Piano Instruction (1, 1, 1)
Prerequisite: MUS 243C. Continuation of technical development from previous study. Emphasis on piano repertoire for individual student development. Activity 2 hours.

344 Functional Piano for Teachers (2)
Prerequisites: MUS 161ABC, 162ABC, 343C, acceptable performance on placement examination or instructor consent. Development of keyboard competency by application of principles of musicianship, including harmonization, transposition, improvisation, score reading, playing by ear, and directing from the piano. Activity 4 hours. May be repeated to maximum of 4 units.

345A Piano (1)
Prerequisite: MUS 245A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of piano. May be repeated to a maximum of 6 units.

345B Piano (2)
Prerequisite: For students in BM degree programs. MUS245B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of piano. May be repeated to maximum of 6 units.

346 Organ (1)
Prerequisite: MUS 246A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of organ. May be repeated to a maximum of 6 units.

346B Organ (2)
Prerequisite: For students in BM degree programs. MUS 246B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of organ. May be repeated to maximum of 6 units.

351 Music Appreciation (4)
Understanding and enjoying music through study of various musical cultures including those of Western Europe, Latin America, Asia, and Africa. Required attendance at selected concerts.

355 The Creative Aspects of Music (4)
Prerequisite: MUS 160. Development of an awareness of our innate musicality: the natural physical and mental rhythms of everyday life and all the perceptual skills that are related to music.
357 Creative Experiences for Health and Wellness (4)
(also listed as ART 357, DANC 357, and TA 357)
Prerequisites: ART 209 or MUS 150 or 160; DANC 157 or TA 152 or HS 150. Exploring health and wellness through participation in the creative arts - dance, visual arts, music and theatre arts.

358 Music of the Oppressed in Latin America (4)
Prerequisite: Completion of GE Basic Subjects and at least one course each from blocks B, C, and D. Analysis of musical expressions within a social, political and historical context, that were created by oppressed groups in Latin America and Latinos in the United States.

362 Orchestration and Arranging (4)
Prerequisites: MUS 261C, 262C; prior completion of MUS 211 or 312 recommended. Theory of writing for instrumental ensembles, instrumentation, basic instrumental acoustics, study of orchestral scores, and introduction to symphonic orchestration and arranging.

366 Elements of Jazz Harmony (3)
Prerequisite: MUS 261C. The study of the fundamental aspects of jazz harmony and composition, including harmonic progression, melodic design and rhythmic formulation.

367ABC Jazz, Rock, and Popular Piano Techniques (1,1,1)
Prerequisite: 343C or consent of instructor. Keyboard harmony, styles, and concepts employed in the commercial and popular music fields. Activity 2 hours.

368ABC Jazz Improvisation (2, 2, 2)

368A: Prerequisites: MUS 161C, MUS 162C. Basic improvisation technique, including scales, chords, simple harmonic progressions, and standard blues literature characteristic of jazz idiom. Meets 3 hours weekly.

368B: Prerequisite: MUS 368A. Continuation of development of improvisational techniques with emphasis on standard jazz literature. Meets 3 hours weekly.

368C: Prerequisite: MUS 368B. Continued development of improvisational techniques, composition, and transcription of jazz melodies. Meets 3 hours weekly.

369 Music Technology II (2 Units)
Prerequisites: MUS 161C, 162C, 243C. Continuing preparatory class in computer usage, computer sequencing, computer notation, MIDI and synthesizer basics, other music software and hardware, and basic music recording principles.

370-371-372 History of Music in Western Civilization I-II-III
(4 each)
Prerequisites: 261C, 262C, and 170. Survey of music in general culture, emphasizing evolution of musical style and practice.

380 Beginning Conducting (3)
Prerequisites: MUS 261C, 262C. Elements of baton techniques, interpretation, score reading, and rehearsal techniques utilizing suitable choral and instrumental literature. Meets 4 hours weekly.

400-level Courses
All 400-level courses may be applied toward master's degree requirements except the following, subject to limits established by the department and approval of the graduate adviser. MUS 400

400 Elementary Classroom Music (3)
Investigation of the perceptual, expressive, historical and cultural components of music relevant to the elementary classroom. Meets 4 hours weekly.
415B Strings (2)
Prerequisite: For students in BM degree programs. MUS 315B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of violin, viola, cello, bass, acoustic guitar, electric guitar, electric bass, and harp. May be repeated to maximum of 6 units.

416A Woodwinds (1)
Prerequisite: MUS 316A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of flute, oboe, bassoon, clarinet, and saxophone. May be repeated to a maximum of 6 units.

416B Woodwinds (2)
Prerequisite: For students in BM degree programs. MUS 316B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of flute, oboe, bassoon, clarinet, and saxophone. May be repeated to maximum of 6 units.

417A Brass (1)
Prerequisite: MUS 317A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of trumpet, French horn, trombone, baritone, and tuba. May be repeated to a maximum of 6 units.

417B Brass (2)
Prerequisite: For students in BM degree programs. MUS 317B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of trumpet, French horn, trombone, baritone, and tuba. May be repeated to a maximum of 6 units.

418A Percussion (1)
Prerequisite: MUS 318A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of snare drum, mallet instruments, multiple percussion, timpani, and Latin percussion. May be repeated to a maximum of 6 units.

418B Percussion (2)
Prerequisite: For students in BM degree programs. MUS 318B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of snare drum, mallet instruments, multiple percussion, timpani, and Latin percussion. May be repeated to a maximum of 6 units.

420A String Ensemble: Orchestral Instruments (1)
Prerequisite: Instructor consent. Rehearsal and performance of standard ensemble literature, including quartets, quintets, sextets, and larger works. Meets minimum of 4 hours weekly.

420B String Ensemble: Guitars (1)
Prerequisite: Instructor consent. Rehearsal and performance of standard guitar ensemble literature, including quartets, quintets, sextets, and larger works. Meets minimum of 4 hours weekly.

421A: Woodwind Ensemble (1, 1)
Prerequisite: Instructor consent. Rehearsal and performance of standard ensemble literature, including quartets, quintets, sextets, and larger works. Meets minimum of 3 hours weekly.

421A: For mixed woodwind instruments (for example, flute; oboe; clarinet and bassoon; and flute trios). May be repeated to maximum of 12 units.

421B: For clarinet choir, clarinet, and saxophone trios. May be repeated to maximum of 12 units.

422 Brass Ensemble (1)
Prerequisite: Instructor consent. Rehearsal and performance of standard ensemble literature, including quartets, quintets, sextets, and larger works. Meets minimum of 3 hours weekly. May be repeated to maximum of 12 units.

423A Percussion Ensemble: Orchestral Percussion (1)
Prerequisite: Instructor's consent. Rehearsal and performance of standard ensemble literature, including quartets, quintets, sextets, and larger works. May be repeated to a maximum of twelve units. Meets a minimum of four hours weekly.

423B Percussion Ensemble: Latin Percussion (1)
Prerequisite: Instructor's consent. Rehearsal and performance of Latin-American percussion music using traditional Latin American percussion instruments. Historical background and instrument maintenance will be covered. May be repeated to a maximum of twelve units. Meets a minimum of four hours weekly.

424 Jazz Ensemble (1)
Prerequisite: Instructor consent. Rehearsal and performance of standard Jazz orchestra literature, including original and published arrangements. Meets minimum of 3 hours weekly. May be repeated to maximum of 12 units.

425 Chamber Singers (1)
Prerequisite: Instructor consent by audition. Choral music from 15th century to present with special attention to madrigals; music of all styles for choral ensemble of twenty or less. Concerts on and off campus. Meets minimum of 3 hours weekly. May be repeated to maximum of 12 units.

426 Opera Repertory, Performance, and Production (1)
Prerequisite: Instructor consent. Training in the preparation and performance of operatic repertory. Meets minimum of 3 hours weekly. May be repeated to maximum of 12 units.

427 Afro-Latin Ensemble (1)
Prerequisite: Consent of instructor. Rehearsal and performance of Latin-Jazz including Afro-Cuban music as well as rhythms from other Latin-American countries for a medium size ensemble. May be repeated to a maximum of 12 units.

428 New Music Ensemble (1)
Prerequisite: Instructor consent. Rehearsal and performance of 20th century chamber music literature with special emphasis on recent works and student compositions. Meets minimum of 3 hours weekly. May be repeated to maximum of 12 units.

429 Jazz Ensemble: Small (1)
Prerequisite: Instructor consent. Rehearsal and performance of jazz literature for small ensemble (2-9 players) in a variety of combinations. May be repeated to maximum of 12 units.

431 Proseminar: Theory Pedagogy (4)
Prerequisite: MUS 261C. Comparative study of various techniques, procedures, and instructional materials used in teaching music theory with special emphasis on new instructional media.

432 Computer Notation (2)
Prerequisites: MUS 369. Methods in the utilization of computer music software for professional music manuscript preparation. Lecture 1 hour, activity 2 hours.

434 Introduction to Phonetics for Musicians (2)
Introduction to International Phonetics Alphabet and its symbols and sounds, prepares students for success in any specific language diction course; through lectures, listening, speaking, translating and transcribing song texts. Lecture: 1 hour, activity 2 hours.
435A Voice (1)
Prerequisite: MUS 335A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of voice. May be repeated to a maximum of 6 units.

435B Voice (2)
Prerequisite: For students in BM degree programs. MUS 335B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of voice. May be repeated to maximum of 6 units.

436F French Diction for Singers (2)
Prerequisite: MUS 434 or equivalent. Thorough study of phonemes of French language via phoneticization (I.P.A.), vocalization, and interpretive expression of text. Application to song and operatic repertoire with open-class recital at conclusion of quarter. Lecture 1 hour, activity 2 hours.

436G German Diction for Singers (2)
Prerequisite: MUS 434 or equivalent. Thorough study of phonemes of German language via phoneticization (I.P.A.), vocalization, and interpretive expression of text. Application to song and operatic repertoire with open-class recital at conclusion of quarter. Lecture 1 hour, activity 2 hours.

436I Italian Diction for Singers (2)
Prerequisite: Instructor Consent, MUS 434 or equivalent. Thorough study of phonemes of Italian language via phoneticization (I.P.A.), vocalization, and interpretive expression of text. Application to song and operatic repertoire with open-class recital at conclusion of quarter. Lecture 1 hour, activity 2 hours.

436S Spanish and English Diction for Singers (2)
Prerequisite: MUS 434 or equivalent. Thorough study of phonemes of Spanish and English languages via phoneticization (I.P.A.), vocalization, and interpretive expression of text. Application to song and operatic repertoire with open-class recital at conclusion of quarter Lecture 1 hour, activity 2 hours.

437A Song Repertoire and Interpretation - French (2)
Prerequisite: Upper division standing. Survey of French language song literature in all periods of music history. Emphasis on student performances of representative selections.

437B Song Repertoire and Interpretation - German (2)
Prerequisite: Upper division standing. Survey of German language song literature in all periods of music history. Emphasis on student performances of representative selections.

437C Song Repertoire and Interpretation - English and Italian (2)
Prerequisite: Upper division standing. Survey of English and Italian language song literature in all periods of music history. Emphasis on student performances of representative selections.

439 Introduction to Music Librarianship (4)
Course offered online only. Introduction to the necessary skills of music librarianship. The course is designed for someone working in a music library who is not a trained librarian, or a librarian with limited music background. Repeatability: None.

440 BM Senior Recital (0 units)
Prerequisites: Consent of major professor. Senior level standing in applied music study. Corequisites: One of the following: MUS 415, 416, 417, 435, 445, 446. Performance of a 50 minute Senior Recital.

441 BA Senior Recital (0 units)
Prerequisites: Consent of major professor. Senior level standing in applied music study. Corequisites: One of the following: MUS 415, 416, 417, 435, 445, 446. Performance of a 20 minute Senior Recital.

445A Piano (1)
Prerequisite: MUS 345A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of piano. May be repeated to a maximum of 6 units.

445B Piano (2)
Prerequisite: For students in BM degree programs. MUS 345B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of piano. May be repeated to maximum of 6 units.

446A Organ (1)
Prerequisite: MUS 346A or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of organ. May be repeated to a maximum of 6 units.

446B Organ (2)
Prerequisite: For students in BM degree programs. MUS 346B or jury examination. Instruction in technique, repertoire, literature, and pedagogy for students of organ. May be repeated to maximum of 6 units.

447 Accompanying (2)
Prerequisite: Instructor consent. Training in performance styles of different periods and combinations of performers and in the specific tasks of accompanying. Practical experience through guided performance with vocalists and instrumentalists. Meets 4 hours weekly. May be repeated to maximum of 6 units.

452 History of Jazz (4)
Nature and processes of jazz with concentration on its historical background and development in the U.S., and its resultant impact on culture and music worldwide.

454L, P Special Topics in Music (1–4)
Prerequisites: Upper division standing; specific prerequisites subject to course content. Selected topics reflecting specific issues, problems, and interests in music, as announced in Schedule of Classes. May be repeated to maximum of 12 units as subject matter changes.

455 The Creative Genius in Art and Music (4)
(also listed as ART 455)
Great artists and musicians throughout history; their philosophy, innovations, accomplishments, and effects on culture and history.

456 Nature, Environment, and the Arts (4)
Human attitudes toward the natural environment as revealed in the visual arts and music. Analysis and interpretation of examples from various periods and cultures.

458 Music of Latin America (4)
Prerequisite: MUS 150 or 351. Development of understanding of and appreciation for music of Latin America; examination of representative works from folk and art music of the twenty republics.

460 Composition (3)
Prerequisites: MUS 261C, 262C and 362. Writing for small instrumental and/or vocal ensembles. May be repeated to maximum of 18 units.

461 Choral Arranging (3)
Prerequisites: MUS 261C, 262C. Writing and arranging for vocal groups, problems in arranging for the usual school groups, and creative arranging in smaller vocal forms.
462 Advanced Orchestration and Arranging (3)
Prerequisite: MUS 362. Survey of techniques necessary for orchestrating compositions for symphonic band and symphony orchestra; special attention given to problems encountered in public school bands and orchestras.

463 Counterpoint (3)
Prerequisites: MUS 261C, 262C. Eighteenth century contrapuntal techniques, including some work in the species; invertible counterpoint, motive development, two- and three-part inventions, and the fugue.

464 Musical Form (3)
Prerequisites: MUS 261C, 262C. Analytic techniques for study of balance in organization of musical material.

465 Contemporary Techniques (4)
Prerequisites: MUS 261C, 262C. Techniques used in contemporary composition.

466A Jazz Arranging: Beginning (3)
Prerequisite: MUS 368C. Basic arranging techniques. Emphasis on arranging for small jazz ensembles with practical writing experience. Will cover voicings, scoring practices, calligraphy and contemporary trends within the medium.

466B Jazz Arranging: Advanced (3)
Prerequisite: MUS 466A. Advanced arranging techniques for jazz and studio orchestras, including use of extended forms, woodwind doubles and unusual meter. May be repeated to maximum of 9 units.

467 Music Composition for Television and Films (3)
Prerequisites: MUS 366, 462, 469. Techniques used in composing music for television and film productions; practical writing experience.

468 Jazz Pedagogy (3)
Prerequisite: MUS 368C or instructor consent. Techniques and materials for teaching jazz improvisation, jazz arranging, jazz history, and jazz ensemble.

469 Music Technology III (3)
Prerequisites: MUS 362, 369. Computer music composition and arranging; recording, sequencing, editing, mixing, sound sources. Lecture 2 hours, activity 2 hours.

470 History and Literature of Opera (4)
Prerequisites: MUS 370, 371, and 372. Development of opera from Baroque to present; discussion and analysis of representative opera texts and scores with emphasis on visual experience.

471 History and Literature of Large Vocal Forms (4)
Prerequisites: MUS 370, 371, and 372. Development of large vocal forms from Baroque to present; discussion and analysis of representative works including masses, cantatas, and oratorios.

472 History and Literature of Vocal Solo Music (4)
Prerequisites: MUS 370, 371, and 372. Development of solo song from Baroque to present; discussion and analysis of representative art songs and vocal chamber music.

473 History and Literature of Symphonic Music (4)
Prerequisites: MUS 370, 371, and 372. Development of symphonic music from pre-classicism to present; discussion and analysis of representative orchestral scores.

474 History and Literature of Chamber Music (4)
Prerequisites: MUS 370, 371, and 372. Development of instrumental chamber music from Renaissance to present; discussion and analysis of representative works.

475 History and Literature of Keyboard Music (4)
Prerequisites: MUS 370, 371, and 372. Development of keyboard music from Renaissance to present; discussion and analysis of representative works for keyboard instruments including harpsichord, organ, and piano.

477 History and Literature of Wind Band in U.S. (4)
Prerequisites: MUS 370, 371, and 372. History of wind band in U.S.; emphasis on twentieth century literature.

478 Music History Review (4)
Prerequisites: MUS 370, 371, and 372 or consent of instructor. Comprehensive review of the history of music. Designed particularly for returning students who need to review the history of music. Does not fulfill MA or MM degree requirements.

479 Music Theory Review (4)
Prerequisites: MUS 261C and 262C, or consent of instructor. Comprehensive review of the principles of music theory and analysis. Designed particularly for returning students who need to review the principles of music theory and analysis. Does not fulfill MA or MM degree requirements.

480 Choral Conducting (3)
Prerequisite: MUS 380. Application of basic conducting techniques to problems of choral conducting. May be repeated to maximum of 9 units. Meets 4 hours weekly.

481 Instrumental Conducting (3)
Prerequisite: MUS 380; 312 recommended. Experience offered in transposition, score reading, baton technique, and interpretation of symphonic literature; recognition of psychologically sound rehearsal procedure. Meets 4 hours weekly.

483 Analysis of Jazz Styles and Literature (3)
Prerequisites: MUS 261C, 262C, 368C, 452. Survey of significant jazz composers, their contributions and performance practices; analyses of representative compositions and improvisations.

484 Commercial Songwriting (3)

485 Chamber Music (1)
Study and performance of selected works from the duo, trio, quartet, or larger chamber ensemble literature. Activity 4 hours. May be repeated to maximum of 12 units.

486 Recording Techniques (2)
Prerequisite: Upper division standing. Techniques of audio recording currently in use in studio and concert settings. Multitrack and master recording using digital and analog formats. May be repeated to maximum of 6 units.

487 Senior Project (1-4)
Prerequisite/Corequisite: MUS 261C, MUS 372. Project in lieu of a recital for students enrolled in the Bachelor of Arts, General Option. The project is selected in consultation with the major adviser. May be repeated to a maximum of 4 units. Graded CR/NC.

488 Music Technology IV (3)
Prerequisite: MUS 469. Advanced computer music composition; digital recording, editing, mixing, sound sources. Continuation of MUS 469. Lecture 2 hours, activity 2 hours.
Classified graduate standing in Music or equivalent music background is required for admission to all 500-level courses. and approval of the graduate adviser. MUS 400

Individual research and class demonstration. for experienced teachers, soloists, and choir directors.

Psychophysiological approach to vocal techniques. Designed
Prerequisite: MUS 406. Seminar and critique on

507 Seminar: Vocal Techniques (4)
Prerequisite: MUS 406. Seminar and critique on
psychophysiological approach to vocal techniques. Designed
for experienced teachers, soloists, and choir directors.
Individual research and class demonstration.

501 Psychology of Music (4)
Prerequisites: MUS 497, introductory course in psychology or educational psychology, at least 30 units in music. Musical personality, perception of musical characteristics, musical taste, and theories of learning applied to music; survey of standardized tests of musical aptitude and achievement.

502 Seminar: Music Education (4)
Prerequisites: MUS 497, baccalaureate with major in music education, at least one year of teaching experience. Evaluation of research and various philosophies, methods, and trends in music education.

503 Musics in World Cultures for the Music Educator (4)
Gaining knowledge and understanding of musics of nonwestern origin through experiences in listening and active participation. Curriculum development projects in multicultural music education for students in K-12 programs.

504 Evaluation and Testing in Music (4)
Measurement and evaluation of music behaviors. Acquaints
students with standardized tests in music aptitude and achievement. Emphasizes teacher-made tests measuring cognitive psychomotor and affective outcomes.

Graduate Level Courses (MUS)

All 400-level courses may be applied toward master’s degree requirements except the following, subject to limits established by the department and approval of the graduate adviser. MUS 400

Classified graduate standing in Music or equivalent music background is required for admission to all 500 level courses.

506 Graduate Choral Ensemble (1)
Prerequisite: Instructor consent by audition. Student will be required to perform additional duties such as: conducting sectionals, preparation of program notes. May be repeated to a maximum of 9 units.

511 Graduate Instrumental Ensemble (1)
Prerequisite: Instructor consent by audition to Symphonic Band or Symphony Orchestra. Student will be required to perform additional duties such as: conducting sectionals, preparation of program notes. May be repeated to a maximum of 9 units.

519A Applied Music: Orchestral Instruments (1)
Prerequisite: Jury examination or audition. Private instruction at the graduate level in technique, repertoire, literature, and pedagogy. May be repeated to a maximum of 6 units.

519B Applied Music: Instrumental (2)
Prerequisite: For students in MM degree programs. Jury examination or audition. Private instruction (it the graduate level in technique, repertoire, literature, and pedagogy. May be repeated to maximum of 6 units.
520 Applied Music: Conducting (2)
Prerequisite: Instructor consent. Private instruction in score preparation and conducting technique as applied to specific literature for band, orchestra, choir, or other selected ensembles. May be repeated to maximum of 6 units.

530AB Advanced Style Analysis (4, 4)
Prerequisites: MUS 464, 465. Advanced analytical techniques applied to study of musical styles as related to period, genre, geographic region, and individual composers.

530A: Chronological Survey to 1700.

530B: From 1700 to the Present

530C Popular Music Style Analysis (4)
Prerequisite: Admission to the M.M. Commercial Music option or permission of the Instructor. Advanced analytical techniques applied to the study of popular music styles as related to period, genre and individual composers.

535A Applied Music: Voice (1)
Prerequisite: Jury examination or audition. Private instruction at the graduate level in technique, repertoire, literature, and pedagogy. May be repeated to a maximum of 6 units.

535B Applied Music: Voice (2)
Prerequisite: For students in MM degree programs. Jury examination or audition. Private instruction at the graduate level in technique, repertoire, literature, and pedagogy. May be repeated to maximum of 6 units.

545 The Business of Music (3)
Review of contracts, copyright, licensing, unions and basic business practices used in the commercial music industry.

546 Seminar: Commercial Music (4)
Prerequisite: MUS 545. Practical, theoretical, and philosophical approaches for achieving success as a professional musician in the commercial music industry; emphasis on discourse with professionals in Los Angeles.

547ABC Advanced Orchestration and Arranging for Contemporary Media (4, 4, 4)

547A: Small Sized Combinations
Prerequisites: MUS 462, 466B, 484, 488. Advanced techniques in arranging and orchestrating music for film, radio and television commercials, and records; emphasis on writing for medium-sized (4-8) MIDI instruments and live instrumental ensembles.

547B: Medium Sized Combinations
Prerequisite: MUS 547A. Advanced techniques in arranging and orchestrating music for film, radio commercials, and records; emphasis on writing for medium-sized (9-24) instrumental and vocal ensembles with MIDI instruments included.

547C: Large Sized Combinations
Prerequisite: MUS 547B. Advanced techniques in arranging and orchestrating music for film, radio commercials, and records; emphasis on writing for large studio orchestras.

548 Advanced Orchestration and Arranging for Afro-Latin Ensembles (4)
Prerequisite: MUS 362 or equivalent. Study of advanced arranging and orchestral techniques used in Afro-Latin music ensembles. Idiomatic writing for Afro-Latin instruments such as tumbadoras, timbales, bongos and maracas.

549A Applied Music, Keyboard Instruments (1)
Prerequisite: Jury examination or audition. Private instruction at the graduate level in technique, repertoire, literature, and pedagogy. May be repeated to a maximum of 6 units.

549B Applied Music: Keyboard Instruments (2)
Prerequisite: For students in MM degree programs. Jury examination or audition. Private instruction (it the graduate level in technique, repertoire, literature, and pedagogy. May be repeated to maximum of 6 units.

557 Seminar: Afro-Latin Music (4)
Prerequisite: Instructor's consent. Study of practical, theoretical and philosophical topics concerning Afro-Latin music; emphasis on discourse with professional musicians in Los Angeles. May be repeated to a maximum of 8 units.

558 Histories and Literature of Afro-Latin Music (4)
Prerequisite: MUS 458. Study of representative composers and music from the various Afro-Latin cultures. The course includes stylistic, formal, and thematic score analysis of representative works from the music literature.

560 Advanced Composition (4)
Prerequisite: MUS 460. Free composition in selected vocal and instrumental forms. May be repeated to maximum of 12 units.

568 Seminar: Performance (4)
Prerequisite: 400-level applied music course. Student performance with critiques highlighting stylistic, aesthetic, and practical components that influence musical performance; artist performances (taped or live) and critiques; preparation of graduate recital.

569 Seminar: Composition (4)
Prerequisites: MUS 497, 560. Philosophies and aesthetic theories involved in contemporary music; compositional problems and projects of an advanced nature intended to synthesize previous creative skills and techniques. May be repeated to maximum of 8 units.

570 Music of the Medieval Period (4)
Characteristics of Medieval period; analysis of representative works; music in relation to other arts and medieval society.

571 Music of Renaissance Period (4)
Discussion of stylistic characteristics of music of Renaissance; formal, technical, and thematic score analysis of representative works, accompanied by live or recorded performance.

572 Music of Baroque Period (4)
Characteristics of Baroque music; analysis of representative works and performance practices; music in relation to Baroque arts and society.

573 Music of Classic Period (4)
Characteristics of Classic period; analysis of representative works; music in relation to 18th century arts and society.

574 Music of Romantic Period (4)
Characteristics of Romantic period; analysis of representative works; music in relation to 19th century arts and society.

575 20th Century Music to 1945 (4)
Characteristics of 20th century music from 1900 to 1945; analysis of representative works; music in relation to early 20th century arts and society.

576 20th Century Music Since 1945 (4)
Characteristics of 20th century music from 1945 to present; analysis of representative works; music in relation to avant-garde arts and society.
579 Seminar: Musicology (4)
Prerequisite: MUS 497. Specific musicological problems reported by students and discussed by class. May be repeated to maximum of 12 units.

580 Advanced Choral Conducting (4)
Prerequisite: MUS 480. Analysis of conducting problems of standing choral literature, including both accompanied and unaccompanied music; study of metric relationships, less frequently used conducting patterns, and survey of literature. May be repeated to maximum of 8 units.

581 Advanced Instrumental Conducting (4)
Prerequisite: MUS 481. Analysis and preparation for conducting major works for symphonic band and orchestra. May be repeated to maximum of 8 units.

582 Music Technology V (3)
Prerequisite: MUS 488. Advanced sound design and production; the uses of Pro Tools for music composition and arranging.

583 Seminar: Conducting (4)
Prerequisites: MUS 480 or 481; 580 or 581; 508; 509; 497. Conducting topics; study of literature, analytical procedures, and rehearsal techniques applicable to choral and instrumental conducting. May be repeated to maximum of 12 units.

584 Solfege II (3)
Prerequisite: MUS 493. Further development of aural, vocal and visual skills through sight singing and ear training with emphasis on diatonic scales through the use of movable do solmization. Includes rhythmic, melodic and harmonic dictation.

585 Solfege III (3)
Prerequisite: MUS 584. Further development of aural, vocal and visual skills through sight singing and ear training with emphasis on modal scales, modulation and chromaticism. Includes a teaching practicum.

586 Kodaly Methodology Level II (4)
Prerequisite: MUS 494. Philosophy and pedagogy of Zoltan Kodaly applied to American music education. Level II presents pedagogy for grades 3-5. Additional fifteen contact hours required for national certification. Lecture 3 hours, activity 2 hours.

587 Orff-Schulwerk Certification Level II (4)
Prerequisite: MUS 495. Basic Orff pedagogy for working with modal music, folk dance in 5 and 7 meters and introduction to the alto recorder. Follows AOSA guidelines for Level II certification. Lecture 3 hours, activity 2 hours.

588 Kodaly Methodology Level III (4)
Prerequisite: MUS 586. Philosophy and pedagogy of Zoltan Kodaly applied to American music education. Level III presents pedagogy for middle school and high school instruction. Additional fifteen contact hours required for national certification. Lecture 3 hours, activity 2 hours.

589 Orff-Schulwerk Certification Level III (4)
Prerequisite: MUS 587. Orff pedagogy for major-minor, the addition of tenor and bass recorders and a teaching practicum of original music and movement. Follows AOSA guidelines for Level III certification. Lecture 3 hours, activity 2 hours.

592 Advanced Film Scoring, Songwriting and Music Production (4 units)
Prerequisites: MUS 467, 481, 484, and 488. Intensive scoring, songwriting, and music production techniques for students with previous experience. Enhanced sound and production skills. Specific relationships between music and film will be explored. Lecture: 3 hours, activity 2 hours.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Masters Degree section of this chapter.

598 Graduate Directed Study (1-4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in field; regular conferences with sponsor. May be repeated to maximum of 12 units.

599 Thesis or Project (1–4)
Prerequisites: MUS 497, instructor consent to act as sponsor, departmental approval of topic prior to registration. Independent research resulting in a thesis or project. Must be repeated to maximum of 4 units. Graded CR/NC.
Coordinators: Wayne Tikkanen, James Rudd

Programs offered under the heading of Natural Science emphasize the interrelationships among the several natural science disciplines. They are designed primarily for prospective teachers, but are also of value to anyone seeking careers in such areas as government, environmental law, ecology, or other areas where a broad science background is useful. Two programs are offered: a Bachelor of Science degree major, and the subject matter preparation for the Single Subject teaching credential in Science. Courses in the Physical Sciences (PSCI 180 -183) and Biological Sciences (BIOL 180 -181) prepare future elementary school teachers.

The Faculty

Instruction is provided by the faculties of all natural science departments, i.e., Biological Sciences, Chemistry and Biochemistry, Geological Sciences, and Physics and Astronomy, as well as the Department of Mathematics and the Department of Geography and Urban Analysis. Advisement information is available from the Natural Science Coordinator.

Undergraduate Programs

Bachelor of Science Degree in Natural Science

The Bachelor of Science Degree in Natural Science is designed primarily to prepare students to teach science at the middle or high school level. Two options are available: Traditional (option I) and Blended (option II). Both options satisfy the subject matter requirement for a California Single Subject Teaching Credential in Science. Students select one of the following four areas of subject matter emphasis: biology, chemistry, geoscience, or physics. Total units for the degree depend on option and emphasis area. Option I: 185 for Biology, 184 for Chemistry, 184 for Geoscience, and 185 for Physics. Option II: 203 for Biology, 202 for Chemistry, 201 for Geoscience, and 202 for Physics.

High school preparation is recommended in physics, chemistry, geometry, trigonometry, and algebra (two years).

In both options students must earn a grade of C or higher in all courses that satisfy the following university, general education or major requirements. See option II for additional GPA requirements. Students should speak with a Natural Science adviser before choosing an option.

The total number of units required for the Bachelor of Science degree in Natural Science, Traditional Option is 184-185 units, of which 118-119 units are in the major depending on the emphasis selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

The total number of units required for the Bachelor of Science degree in Natural Science, Blended Option is 201-203 units, of which 135-137 units are in the major depending on the emphasis selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

University Requirements (6 units)

- **ENGL 102** Composition II (4)
- **NSS 101** or **NSS 301** Introduction to Higher Education for Natural and Social Sciences Majors (2) or Transition to Cal State L.A. for Natural and Social Science Majors (2)
- **UNIV 400** Writing Proficiency Exam (WPE) (0)

(Note: Students must pass NSS 101 or 301 within their first two quarters of enrollment.)

GE Basic Subjects (12 units)

Note that the GE basic subjects math requirement is met within the natural science core courses.

American Institutions (8 units)

- **Natural Sciences (8 units)**
  - This requirement is met by completing the Natural Science core courses.

Humanities (12 units)

- **Social Sciences (12 units)**
  - **Option I** - Select 12 units from three different disciplines in the Block D course listings
  - **Option II** - PSY 150 and select 8 additional units from two disciplines other than psychology in the Block D course listings

Lifelong Understanding (4 units)

Upper Division Theme (12 units)
Option I - Bachelor of Science Degree in Natural Science (Traditional)

The traditional option of the Bachelor of Science degree in Natural Science is designed primarily for prospective middle and high school science teachers, but it is also of value for anyone seeking a career where a broad science background is useful. Total number of units required for the degree is 184-185.

Requirements for the Major (118-119 units)

**Core Requirements (68 or 71 units)**

CHEM 302A Organic Chemistry Lab (2)
CHEM 318 Introduction to Inorganic Chemistry (3)
CHEM 360 Writing for Chemists (4)
CHEM 411 Fundamentals of Physical Chemistry (4)
CHEM 435 Introduction to Biochemistry (4)

**Geoscience Emphasis (30 units)**
- BIOL 320 Writing for Biologists (4)
- GEOG 268 Computer and Internet Applications in Geography (4)
- GEOG 410 Applied Climatology (4)
- GEOL 201 Mineralogy (4)
- GEOL 203 Introductory Petrology (2)
- GEOL 321 Geology of Southern California (4)
- GEOL 357 Urban Geology (4)
- GEOL 435 Coastal Processes and Environments (4)

**Physics Emphasis (28 units)**

**Required courses (20 units)**
- CHEM 360 Writing for Chemists (4)
- MATH 208 Calculus III: Sequences, Series, and Coordinate Systems (4)
- MATH 209 Calculus IV: Several Variables (4)
- PHYS 214 Modern Physics (4)
- PHYS 306 Modern Physics (4)

**Physics Electives (8 units)**
Must be upper division courses in physics and include at least one laboratory course.

**Professional Education Courses (31 units)**
- EDCI 300 The Teaching Profession: Preparing the Urban Educator (2)
- EDFN 440 Schooling for Diverse, Urban Society (4)
- EDSE 401 Instructional Strategies in Secondary Teaching (4)
- EDSE 415 Classroom Management Secondary Schools (4)
- EDSE 423 Literacy in Middle and High School Content Classrooms (4)
- EDSE 430 Using ESL Techniques in the Content Areas (4)
- EDSE 445A Proseminar: Learning Environments and Instruction in Secondary Schools (4)
- EDSP 400 Foundations of Special Education (4)
- HS 457 Health Studies on Alcohol, Narcotics, Nutrition, and Tobacco (1)

**Directed Teaching Requirement (12 units)**
- EDSE 445C Directed Teaching in Secondary Schools (10)
- EDSE 445D Proseminar: Assessment of Teaching Performance (2)

Students Complete Directed Teaching as Postbaccalaureates.

**The Subject Matter Program**
For students who already possess a bachelor's degree, the California Commission on Teacher Credentialing has approved the following program as satisfying the subject matter requirements of the Single Subject teaching credential in Science. Students should consult with a Natural Science program adviser (in one of the following departments: Biological Sciences, Chemistry and Biochemistry, or Geological Sciences) and with a credential adviser in the Charter College of Education. Refer to the Charter College of Education section in the Academic Programs: College-based and Universitywide chapter of this catalog for regulations governing all teaching credential programs.

**Single Subject Credential in Natural Science (105-108 units)**

**Core Requirements (66 or 69 units)**
Same as core requirements for the Bachelor of Science degree in Natural Science Option I, except that NS 398 is not required.

**Capstone Course (4 units)**
- NS 495 Natural Science Field Studies (4)

**Select One Emphasis**

**Biology Emphasis (36 units)**

**Required Courses (28 units)**
- BIOL 300 Biometrics (4)
- BIOL 340 General Genetics (4)
- BIOL 360 General Ecology (4)
- BIOL 380 Cell Biology (4)
- BIOL 418 Evolution (4)
- CHEM 301A Organic Chemistry (3)
- MICR 300 General Microbiology (5)

**Electives (8 units)**
Upper division courses selected with adviser approval.

**Chemistry Emphasis (38 units)**

**Required courses (30)**
- CHEM 201 Quantitative Analysis (5)
- CHEM 301ABC Organic Chemistry (3, 3, 3)
- CHEM 302AB Organic Chemistry Laboratory (2, 2)
- CHEM 411 Fundamentals of Physical Chemistry (4)
- CHEM 435 Introduction to Biochemistry (4)
- MATH 208 Calculus III: Sequences, Series, and Coordinate Systems (4)

**Electives (8 units)**
Upper division courses selected with adviser approval.

**Geoscience Emphasis (36 units)**

**Required Courses (26 units)**
- GEOG 268 Computer and Internet Applications in Geography (4)
- GEOG 410 Applied Climatology (4)
- GEOL 201 Mineralogy (4)
- GEOL 203 Introductory Petrology (2)
- GEOL 321 Geology of Southern California (4)
- GEOL 360 Geological Mapping (4)
- GEOL 435 Coastal Processes and Environments (4)

**Electives (10 units)**
Take upper division courses with adviser approval.

**Physics Emphasis (32 units)**

**Required Courses (16 units)**
- MATH 208 Calculus III: Sequences, Series, and Coordinate Systems (4)
- MATH 209 Calculus IV: Several Variables (4)
- PHYS 214 Modern Physics (4)
- PHYS 306 Modern Physics (4)

**Electives (16 units)**
Upper division courses selected with adviser approval.

Please refer to department sections for course descriptions.
Courses in Natural Science (NS)

Upper Division Courses

398 Field Observations in Science Education (2)
Early field experiences of science education in 9th-12th grade schools, activities conducted in the course correlate with content/concepts from the California standards for professional teacher preparation programs.

400-level Courses

461 Topics in Physical Science Content and Pedagogy (4)
Prerequisite: Completion of the GE natural science Block B. Topics in physical science are presented that illustrate both content and pedagogy appropriate for K-6 teachers. Lecture 3 hours, activity 2 hours.

462 Topics in Life Science Content and Pedagogy (4)
Prerequisite: Completion of the GE natural science Block B. Topics in life science are presented that illustrate both content and pedagogy appropriate for K-6 teachers. Lecture 3 hours, activity 2 hours.

495 Natural Science Field Studies (4)
Prerequisites: Completion of Natural Science core requirements and adviser approval. Interdisciplinary application of the concepts of science for field and laboratory studies of the physical and biological environments. Lecture 2 hours, Laboratory 6 hours.

496A Natural Science Field Studies and Pedagogy (3)
Prerequisites: Completion of the Natural Science core requirements, approval of the Natural Science adviser, admission to the Single Subject credential program, EDSE 401, EDSE 415. Design and proposal of an interdisciplinary science field/laboratory project and a related secondary instructional unit. Strategies, objectives, and methods of teaching science in the urban setting. Lecture 1 hour, Laboratory 6 hours.

496B Natural Science Field Studies and Pedagogy (3)
Prerequisite: NS 496A. Carry out and present the results of an interdisciplinary science field/laboratory project. Create a related secondary instructional unit and peer-teach selected lessons. Strategies, objectives, and methods in the teaching of science in the urban setting. Lecture 1 hour, Laboratory 6 hours.

Courses in Physical Science (PSCI)

Lower Division Courses

180 Motion and Energy for Elementary Teachers (3)
Primarily for the Elementary Subject Matter program. Basic concepts in motion, energy, heat, sound, light and electricity, which are correlated with the California science standards for the Multiple Subject credential. Topics illustrated by activities and demonstrations. Lecture 2 hours, activity 2 hours. Students may not receive credit for both PSCI 180 and PSCI 185.

181 Structure and Properties of Matter for Elementary Teachers (3)
Primarily for the Elementary Subject Matter Program. Basic concepts in chemistry, which are correlated with the California science standards for the Multiple Subject credential. Topics illustrated by activities and demonstrations. Lecture 2 hours, activity 2 hours.

182 Topics in Space Science for Elementary Teachers (2)
Primarily for students preparing for the Multiple Subject credential. Basic facts and concepts about the Universe required by California science standards for the Multiple Subject credential. Topics illustrated by activities and demonstrations. Lecture 1 hour, activity 2 hours.

183 Earth Science for Elementary Teachers (4)
Primarily for students preparing for the Multiple Subject credential. Basic concepts in earth science correlated with the California science standards for the Multiple Subject credential. Topics illustrated by demonstrations and activities. Lecture 3 hours, activity 2 hours.

185 Everyday Science (4)
Basic and selected topics in physics and chemistry made real and understandable through demonstrations and active participation in measurements. Lecture 3 hours, activity 2 hours continuous with lecture. Students may not receive credit for both PSCI 180 and PSCI 185.
The faculty in the School of Nursing believes that nursing is a health care profession, which systematically assists patients/clients to achieve health or health-related goals. The focus of nursing is on a health promotion system of care and nurses provide health care for individuals, families and communities. Further, the faculty believes that students, endowed with the capacity for self-direction, are responsible for their own learning and self-development.

The faculty believes that the nursing curriculum prepares nurses for professional careers in the maintenance and promotion of health and in supportive, preventive, therapeutic, and restorative nursing care for individuals, families, and communities in institutional and community-based settings. Students who complete the undergraduate program will have acquired knowledge and skills specific to generalized professional nursing practice and will be qualified to assume leadership roles. Students who complete the graduate program will be prepared to function in advanced nursing practice roles as nurse practitioners, clinical nurse specialists, or case managers or in nursing administration or education roles.

The Faculty

Professors: Loretta Birckhead, Randy M. Caine, Evelyn Ruiz Calvillo, Patricia A. Chin (Director), Eleanor Ferguson-Marshalleck, Cynthia Hughes, Beatrice Yorker.

Associate Professors: Thomas Barkley, Jr., Lorie H. Judson.

Undergraduate Programs

Bachelor of Science Degree

The professional nursing curriculum leads to the Bachelor of Science degree with a major in Nursing. The undergraduate program is approved by the California Board of Registered Nursing (BRN) and accredited by the National League for Nursing Accrediting Commission (NLNAC) 61 Broadway, New York, NY 10006. Some courses are open to non-majors who may find one or more courses helpful in achieving their own professional or personal goals.

The total number of units required for the Bachelor of Science degree in Nursing is 189-198 units, of which 105-114 are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Admission to the Program

The program consists of two pathways to the degree. One is the basic program in which students are admitted to lower division nursing following completion of prerequisite courses. The second is the R.N. transfer program in which students transfer from community colleges with an Associate of Arts or Associate of Science in Nursing, or from an NLNAC accredited Diploma Program and have a California R.N. License. These students are admitted to upper division nursing.

Admission to the nursing major in the School of Nursing requires a separate application obtained in the School of Nursing advisement office. Applications are accepted September 1 to December 1 of each academic year. Applications are submitted the year prior to beginning nursing courses. Contact School of Nursing for further details.

General Information

Students in the nursing program must carry malpractice insurance, personal health insurance, and workers’ compensation when required by a clinical agency. Low-cost insurance is available for basic students through the Student Nurses Association of California and through professional organizations for registered nurses or through many independent companies. Nursing students must have a valid California driver’s license and access to an automobile covered by appropriate automobile insurance. Prior to entering the first clinical lab, students must have a current CPR card, a physical examination, proof of immunity to rubella and hepatitis B and other specified infectious diseases, a two-step Mantoux skin test and a chest X-ray, if there is proof of a positive TB skin test.

Additional immunizations may be necessary if required by clinical agencies. Annual renewal of CPR certification, an annual physical examination and a two step Mantoux skin test or chest x-ray, if indicated, will be required. Information about professional behavior, clinical attire and picture identification regulations can be found in the undergraduate student handbook. All nursing students are required to complete a background check upon admission to the program.
School Regulations
- Students in the Nursing major must maintain good academic standing and attain grades of C or better in all nursing courses and in all natural and social science courses prerequisite or corequisite to the major. Nursing courses and prerequisite science courses for which the student earns less than a grade of C may be repeated only once, and then with instructor consent. To meet the requirement of continuing satisfactory performance, students on academic probation are not permitted to enroll in a nursing course until the probation has been removed.
- Students may not enroll in any course that requires other nursing prerequisites unless the prerequisite courses are completed with grades of C or better.
- **Basic nursing students must take at least two diagnostic readiness tests for the R.N. licensure examination (NCLEX) at their own expense, one prior to NURS 487 and one while enrolled in NURS 487.**

Required Prerequisites (37 units)
The following courses are prerequisite to the Nursing major:

| BIOL 200AB | Human Anatomy and Physiology I, II (5, 5) |
| CHEM 151 | Fundamentals of Chemistry I, (5) |
| ENGL 101 | Composition I (4) |
| *MICR 201 | Microbiology for Health Related Sciences (4) |
| *MICR 202 | Microbiology Laboratory for Health Related Sciences (2) |
| PSY 150 | Introduction to Psychology (4) |
| COMM 150 | Oral Communication (4) |

Completion of one course meeting the general education requirement in critical thinking:

| PHIL 160 | 250 |
| POLS 155, or | |
| COMM 176 | |

*Students entering with 4 or more semester units (6 or more quarter units) of credit from an accredited college for a course including laboratory satisfy this requirement by transfer credit.

Requirements for the Major (105-114 units)
The basic program requires a total of 198 units for the degree, including 114 units in required courses in nursing and related fields. The R.N. transfer program requires a total of 189 units for the degree, including 105 units in required courses in nursing and related fields. See Undergraduate Studies: General Information chapter for details about General Education and other requirements that constitute the units outside the major.

Required in Related Fields (16-20 units)

| ANTH 444 | Medical Anthropology (4) |
| NTRS 317 | Fundamentals of Human Nutrition (4) or |
| NTRS 250 | Human Nutrition (4) |
| **PSY 160** | Psychology of Developing Person (4) |
| SOC 201 | Principles of Sociology (4) |

A statistics course which includes inferential statistics (4)

**R.N. Transfer Students are exempt**

Required in Nursing (89-94 units)*

| NURS 105 | Introduction to Professional Nursing Process and Skills I (1) |
| NURS 210 | Introduction to Nursing Process and Skills II (3) |
| NURS 211 | Introduction to Nursing Process and Skills Laboratory II (3) |
| NURS 214 | Introduction to the Art and Science of Nursing (4) |
| NURS 215 | Clinical Introduction to Professional and Clinical Practice Issues (1) |
| NURS 216 | Nursing Care of Women, Childbearing Families and Infants (3) |
| NURS 217 | Nursing Care of Women, Childbearing Families and Infants Lab (3) |
| NURS 220 | Nursing Care of Children (3) |
| NURS 221 | Nursing Care of Children Clinical Laboratory (3) |
| NURS 222 | Acute Professional Nursing Care of Adults I (3) |
| NURS 223 | Acute Professional Nursing Care of Adults Laboratory I (4) |
| NURS 224 | Acute Professional Nursing Care of Adults II (3) |
| NURS 225 | Acute Professional Nursing Care of Adults Laboratory II (4) |
| NURS 250 | Introduction to Pathophysiology for Nursing Practice (4) |
| NURS 272 | Introduction to Health Assessment and Promotion Across the Life Span (3) |
| NURS 273 | Introduction to Health Assessment and Promotion Across the Life Span Laboratory (2) |

Students must complete the natural science courses before beginning upper division courses. R.N. students may enroll in the last natural science course concurrent with the first quarter of 300-level nursing courses.

Upper Division Required Courses (45-46 units)

| **NURS 300** | Acute Nursing Care of Adults III (3) |
| **NURS 301** | Acute Nursing Care of Adults Laboratory III (3) |
| **NURS 318** | Nursing Care of Psychiatric Patients (3) |
| **NURS 319** | Psychiatric Clinical Nursing Lab (3) |
| NURS 346 | Family Nursing (3) |
| ***NURS 348A*** | Development for Professional Practice (4) |
| ***NURS 349A*** | Development for Professional Practice Lab (1) |
| ***NURS 350*** | Pathophysiology for Nursing Practice (4) |
| ***NURS 372*** | Health Assessment and Promotion Across the Life Span (3) |

| **NURS 373** | Health Assessment and Promotion Across the Life Span Laboratory (2) |
| NURS 393 | Health Assessment and Health Promotion in Community Setting Laboratory (2) |
| NURS 394 | Nursing Concepts in Health Promotion, Prevention, and Treatment Adherence (4) |
| **NURS 398** | Cooperative Education (2) |
| NURS 450 | Nursing Leadership and Management Dynamics (2) |
| NURS 451 | Nursing Leadership and Management Dynamics Laboratory (2) |
| NURS 470 | Community/Public Health Nursing (4) |
| NURS 471 | Community/Public Health Nursing Lab (3) |
| NURS 476 | Nursing and the Health Care System (2) |
| **NURS 487** | Transition to Professional Practice (1) |
| NURS 490 | Introduction to Nursing Research (4) |
| NURS 496 | Nursing Case Management of Vulnerable Populations (2) |
NURS 497 Nursing Case Management of Vulnerable Populations Lab (3)

* If after completion of all University and Nursing major requirements additional units are required for graduation, it is recommended that students complete up to six units in Nursing elective courses.

** Required only of basic students.
*** Required only of R.N. transfer students.

### Graduate and Postbaccalaureate Programs

#### Master of Science Degree

The Master of Science degree in Nursing provides advanced study in selected areas. A total of 45-85 units in nursing is required depending on the option chosen. Students must select one of the following options.

- **Acute Care Nurse Practitioner: Adult Option** (minimum 65 units)
- **Acute Care Nurse Practitioner: Pediatric Option** (minimum 72.5 units)
- **Clinical Nurse Specialization: Psychiatric/Mental Health Option** (53 units)
- **Nurse Case Manager: Adult Care Option** (minimum 53 units)
- **Nursing Administration Option** (45 units)
- **Nursing Education Option** (45 units)
- **Nurse Practitioner: Adult Option** (minimum 65 units)
- **Nurse Practitioner: Family Option** (minimum 78 units)
- **Nurse Practitioner Pediatric Option** (minimum 64 units)
- **Nurse Practitioner: Psychiatric/Mental Health Option** (minimum 85 units)

Every student is required to take 14 units of graduate core courses, 7-24 units of advanced nursing practice core courses (depending on option), and required specialty courses. The Master of Science degree in Nursing is accredited by the National League for Nursing Accrediting Commission (NLNAC) 61 Broadway, New York, NY 10006.

#### Admission to Accelerated Master’s Program

**Track I. Admission Requirements for RNs with a Non-Nursing Baccalaureate**

- A baccalaureate from an accredited institution with a major other than nursing;
- An A.A. or A.S. degree in Nursing from an accredited college or an NLN-accredited diploma program;
- Completion of current B.S. degree in Nursing course Prerequisites;
- Eligibility for University admission in conditionally classified graduate standing;
- A minimum 2.75 grade point average in the last 90 quarter units attempted; and
- Current licensure to practice nursing in California and malpractice insurance.

To continue in the accelerated program, students must:

- Complete one year of clinical employment as an RN before they enroll in NURS 470/471 and
- Maintain a minimum B (3.0) grade point average in and complete required upper division nursing courses to qualify for classified graduate standing.

#### Requirements for Second Baccalaureate

A bachelor’s degree is conferred in this accelerated master’s degree program only to students who fulfill current general education requirements for a second bachelor’s degree in addition to the nursing major undergraduate requirements.

**Track II. Admission Requirements for RNs without a Baccalaureate**

- An A.A. or A.S. degree in nursing from an accredited college or an NLN-accredited diploma program with a minimum 2.75 grade point average
- Completion of current B.S. degree in Nursing course Prerequisites
- Current license to practice nursing in California; and malpractice insurance for professional nursing practice
- To qualify for classified graduate standing, students pursuing this accelerated program must:
  - Complete one year of clinical employment as an RN
  - Complete all required baccalaureate nursing courses
  - Maintain a minimum B (3.0) grade point average in required upper division nursing courses

#### Undergraduate Requirements for Track I and Track II:

**RNs with a Non-Nursing Baccalaureate and RNs without a Baccalaureate**

A total of 180 units is required for the Bachelor of Science degree in Nursing, which is conferred concurrently with the Master of Science degree in Nursing*.

*If after completion of all university and Nursing major requirements additional units are required for graduation, it is recommended that students complete up to six units in Nursing elective courses. See the Undergraduate Studies: General Information chapter for details about General Education and other requirements that constitute the units outside the major.

#### Prerequisites (33 units)

The following courses are Prerequisites to the Nursing major:

- **BIOL 200AB** Human Anatomy and Physiology I, II (5, 5)
- **CHEM 151** Fundamentals of Chemistry I (5)
- **ENGL 101** Composition I (4)
- **MICR 201** Microbiology for Health Related Sciences (4)
- **MICR 202** Microbiology Laboratory for Health Related Sciences (2)
- **COMM 150** Oral Communication (4)
- **PSY 150** Introduction to Psychology (4)

**Students entering with 4 or more semester units (6 or more quarter units) of credit from an accredited college for a course including laboratory satisfy this requirement by transfer credit.**
Required in Related Fields (16 units)
ANTH 444 Medical Anthropology (4)
NTRS 250 Human Nutrition (4) or
NTRS 317 Fundamentals of Human Nutrition (4)
SOC 201 Principles of Sociology (4) and
Completion of a statistics course (four or more units which included inferential statistical content).

Required in Nursing (79 units)

Lower Division Required Courses (44 units)
Lower division required courses are met by 44 nursing units of transfer credit granted by the School of Nursing for RN transfer students only.

Upper Division Required Courses (35 units)
NURS 346 Family Nursing (3)
NURS 348A Development for Professional Practice (4)
NURS 349A Development for Professional Practice Lab (1)
NURS 372 Health Assessment and Health Promotion Across the Life Span (3)
NURS 373 Health Assessment and Health Promotion Across the Life Span Lab (2)
NURS 393 Health Assessment and Health Promotion in Community Settings Laboratory (2)
NURS 394 Nursing Concepts in Health Promotion, Prevention Treatment Adherence (4)
NURS 470 Community/Public Health Nursing (4)
NURS 471 Community/Public Health Nursing Lab (3)
NURS 490 Introduction to Nursing Research (4)
NURS 496 Nursing Case Management of Vulnerable Populations (2)
NURS 497 Nursing Case Management of Vulnerable Populations Lab (3)

Track III. Admission requirements for Non-RNS with a Baccalaureate (or higher) degree (Entry Level Master's [ELM] Program in Nursing)
- Completion of Bachelor's (or higher) degree in any field
- Minimum GPA 3.0 in last 90 units
- Completion of prerequisite courses
- A selected test of basic academic skills administered by the School of Nursing will be required prior to consideration for admission into the program.

Prerequisite Courses
Prior to beginning the ELM program students must have completed the following courses or their equivalents as approved by the school of nursing:
- CHEM 151 Fundamentals of Chemistry with Laboratory
- BIOL 200A & BIOL 200B Anatomy and Physiology
- MICR 201/202 Microbiology with Laboratory
- ENGL 101 Freshman Composition
- PSY 160 Psychology of the Developing Person
- NTRS 250 Human Nutrition or
- NTRS 317 Fundamentals of Nutrition
- SOC 201 Principles of Sociology or
- ANTH 250 Cultural Anthropology
- HHS 400 Statistics in Health and Human Services or
- EDFN 452 Statistics in Education

Accelerated Nursing Pre-licensure Requirements
The following 76 units of basic nursing courses are required with a minimum 3.0 GPA and no less than a C in each course.

These courses will be offered through special sessions via extended education.

NURS 320 Fundamentals of Nursing (5)
NURS 321 Practicum: Fundamentals of Nursing (5)
NURS 328 Pathophysiology (3)
NURS 362 Health Assessment and Health Promotion Across the Life Span (3)
NURS 322 Nursing Care of Adults and Older Adults (6)
NURS 323 Practicum: Nursing Care of Adults and Older Adults (6)
NURS 360 Pharmacology (2)
NURS 424 Introduction to Nursing Research (3)
NURS 324 Nursing Care of Women, Childbearing Families and Infants (4)
NURS 325 Practicum: Nursing Care of Women, Childbearing Families and Infants (3)
NURS 326 Nursing Care of Children (3)
NURS 327 Practicum: Nursing Care of Children (3)
NURS 434 Nursing Case Management of Clients with Chronic Illness Across the Life Span (4)
NURS 440 Psychiatric and Mental Health Nursing (3)
NURS 441 Practicum: Psychiatric and Mental Health Nursing (3)
NURS 442 Community Health Nursing (5)
NURS 443 Practicum: Community Health Nursing (4)
NURS 444 Advanced Nursing Concepts and Leadership (4)
NURS 445 Practicum: Advanced Nursing Concepts and Leadership (4)
NURS 498 Advanced Cooperative Education (3)

Successful completion of the 76 units of basic nursing courses and passing the NCLEX examination for RN licensure is required prior to changing from conditionally classified to classified graduate student status.

Admission to the Master’s Program
Applicants must fulfill the following prerequisites and criteria:
- Equivalent of requirements for Bachelor of Science degree in Nursing from an NLN accredited program in effect at the time of admission as a graduate;
- Minimum B (3.0) grade point average in upper division nursing courses or permission of the school graduate studies committee;
- 2.75 grade point average in the last 90 quarter units attempted;
- Completion of a statistics course (four quarter units or more which included inferential statistical content);
- NURS 490 or equivalent;
- Recent physical assessment course for Nursing Case Management and Nurse Practitioner students;
- Current licensure to practice nursing in California and malpractice insurance for professional nursing.

Requirements for the Master’s Degree (45–85 units)
A total of 45–85 units are required with at least half of the units in 500-level courses. The total units consist of a required core of 14 units and 31-72 units in an Option.

Required Core (14 units)
Required in addition to units specified for options
NURS 502 Role Development of the Advanced Practice Nurse (3)
NURS 504 Research Utilization in Nursing Practice (2)
NURS 590 Nursing Research Methods (4)
NURS 592  Theoretical Basis of Nursing Research and Practice (2)
NURS 594  Decision-Making in Nursing and Health Care Policy (3)

**Options (31-71 units)**
Select one of following options:

**Nursing Administration Option (31 Units)**

**Required Advanced Practice Courses (7 units)**
- NURS 524  Care of Vulnerable Populations (4)
- NURS 595  Advanced Field Study (3)

**Required Option Courses (7 units)**
- NURS 562  Human Resources Utilization in Health Care Organizations (2)
- NURS 564  Seminar: Health Care Administration (2)
- NURS 595  Advanced Field Study (3)

**Electives (12-17 units)**
Dependent upon Thesis (5 units) or Comprehensive Examination (0 units) selection.

**Nursing Education Option (31 units)**

**Required Advanced Practice Courses (9 units)**
- NURS 524  Care of Vulnerable Populations (4)
- NURS 528  Advanced Pharmacology (5)
- NURS 566  Advanced Pathophysiology (4)
- NURS 572A  Advanced Health Assessment and Health Promotion (4)
- NURS 573A  Advanced Health Assessment and Health Promotion Laboratory (1)
- NURS 595  Advanced Field Study (3,3)

**Required Option Courses (12 units)**
- NURS 560AB  Development of Educational Programs for Nursing (3,3)
- NURS 595  Advanced Field Study (3,3)

**Electives (5-10 units)**
Dependent upon Thesis (5 units) or Comprehensive Examination (0 units) selection.

**Advanced Nursing Practice Option: Nurse Case Manager: Adult Care (Minimum 39 units)**

**Required Advanced Practice Courses (20 units)**
- NURS 524  Care of Vulnerable Populations (4)
- NURS 528  Advanced Pharmacology (5)
- NURS 566  Advanced Pathophysiology (4)
- NURS 572A  Advanced Health Assessment and Health Promotion (4)
- NURS 573A  Advanced Health Assessment and Health Promotion Laboratory (1)
- NURS 595  Advanced Field Study (2)

**Required Option Courses (16 units)**
- NURS 506A  Advanced Nurse Case Management Strategies I (4)
- NURS 506B  Advanced Nurse Case Management Strategies II (4)
- NURS 595  Advanced Field Study (4,4) (must be taken with NURS 506AB)

**Electives: (3 units)**
**Thesis:** If selected, this adds an additional 5 units to the program.

**Advanced Nursing Practice Option: Psychiatric/Mental Health Clinical Nurse Specialist (39 Units)**

**Required Advanced Practice Courses (12 units)**
- NURS 524  Care of Vulnerable Populations (4)
- NURS 528  Advanced Pharmacology (5)
- NURS 595  Advanced Field Study (3)

**Required Option Courses (24 units)**
- NURS 542ABC  Seminar: Psychiatric/Mental Health (6,3,3,)
- NURS 595  Advanced Field Study (3,4,5)

**Electives: (3 units)**
**Thesis:** If selected, this adds an additional 5 units to the program.

**Nurse Practitioner Options**

**Required Advanced Nursing Practice Core Courses: (23 units)**
All Nurse Practitioner Options require the inclusion of these 23 units of course work.
- NURS 524  Care of Vulnerable Populations (4)
- NURS 525  Vulnerable Populations Practicum (1,1)
- NURS 528  Advanced Pharmacology (5)
- NURS 566  Advanced Pathophysiology (4)
- NURS 572A  Advanced Health Assessment and Health Promotion (4)
- NURS 573A  Advanced Health Assessment and Health Promotion Laboratory (1)
- NURS 573B  Advanced Health Assessment and Health Promotion Practicum (3)

**Nurse Practitioner: Pediatric Option (Minimum of 50 units)**

**Required Advanced Nursing Practice Core Courses (23 units)**
- NURS 498  Advanced Cooperative Education (1)
- NURS 522A  Primary Care of Children with Acute Health Problems (4)
- NURS 522B  Primary Care of Children with Chronic Health Problems (4)
- NURS 522C  Primary Care of Adolescents (2)
- NURS 523A  Primary Care Practicum: Children with Acute Illness (3)
- NURS 523B  Primary Care Practicum: Children with Chronic Illness (3)
- NURS 523C  Primary Care Practicum: Adolescents (3)
- NURS 529  Advanced Pediatrics Clinical Practicum (3)
- NURS 572B  Developmental Assessment and Health Promotions (2)

**Electives: (2 units)**
**Thesis:** If selected, this adds an additional 5 units to the program.

**Nurse Practitioner: Adult Option (Minimum 51 units)**

**Required Advanced Nursing Practice Core Courses (23 units)**
- NURS 498  Advanced Cooperative Education (1)
- NURS 512A  Primary Care of Adults with Acute Health Problems (4)
- NURS 512B  Care of Aging Adults (2)
- NURS 513A  Primary Care of Adults with Acute Health Problems Practicum (4)
- NURS 513B  Care of Aging Adults Practicum (4)
- NURS 513C  Practicum: Advanced Care of Adults with Chronic Health Problems (4)
- NURS 520  Seminar: Advanced Care of Adults with Chronic Health Problems (3)
- NURS 522C  Primary Care of Adolescents (2)
Electives: (4 units)
Thesis: If selected, this adds an additional 5 units to the program.

**Acute Care Nurse Practitioner: Adult Option (Minimum of 51 units)**

Required Advanced Nursing Practice Core Courses (23 units)

Required Option Courses: (28 units)
NURS 514 Management of Adults with Chronic Health Problems (4)
NURS 515 Management of Adults with Chronic Health Problems Practicum (2)
NURS 516A Management of Adults with Acute Health Problems I (4)
NURS 517A Advanced Therapeutics Practicum I (2)
NURS 516B Management of Adults with Acute Health Problems II (4)
NURS 517B Advanced Therapeutics Practicum II (4)
NURS 516C Management of Adults with Acute Health Problems III (4)
NURS 517C Advanced Therapeutics Practicum III (4)
Thesis: If selected, this adds an additional 5 units to the program.

**Acute Care Nurse Practitioner: Pediatric Option (Minimum of 58.5 units)**

Required Advanced Nursing Practice Core Courses (23 units)

Required Option Courses: (33.5 units)
NURS 498 Advanced Cooperative Education (0.5)
NURS 522A Primary Care of Children with Acute Health Problems (4)
NURS 530A Management of the Child with Cardiopulmonary/Hematology/Oncology Problems (5)
NURS 530B Management of the Child with Gastrointestinal/Renal Problems (4)
NURS 530C Management of the Child with Trauma/Burns and Neurological Problems (4)
NURS 531A Cardiopulmonary/Hematology/Oncology Pediatric Acute Care NP Practicum (4)
NURS 531B Gastrointestinal/Renal Pediatric Acute Care NP Practicum (4)
NURS 531C Neurological/Trauma/ Burns Pediatric Acute Care NP Practicum (4)
NURS 532 Child and Family Adaptation to Illness (2)
NURS 572B Developmental Assessment and Health Promotion (2)

Electives: (2 units)
Thesis: If selected, this adds an additional 5 units to the program.

**Nurse Practitioner: Family Option (Minimum of 64 units)**

Required Advanced Nursing Practice Core courses (23 units)

Required Option Courses (41 units)
NURS 512B Care of Aging Adults (2)
NURS 513B Care of Aging Adults Practicum (4)
NURS 518A Primary Care of the Adult Client (4)
NURS 519A Primary Care of the Adult Practicum (3)
NURS 518B Primary Care of Children (4)
NURS 519B Primary Care of Children Practicum (3)

NURS 518C Adolescent and Young Adult Health Care (4)
NURS 519C Adolescent and Young Adult Health Care Practicum (3)
NURS 518D Women’s Health Care (4)
NURS 519D Women’s Health Practicum (3)
NURS 572B Developmental Assessment and Health Promotion (2)
NURS 573C Advanced Health Assessment and Health Promotion Practicum (1)
NURS 578 International Health Perspectives (4)
Thesis: If selected, this adds an additional 5 units to the program.

**Recommended Optional Experience**

NURS 545 International Health Care Experience (1)

If selected, this adds an additional 1 unit to the program.

**Nurse Practitioner: Psychiatric/Mental Health Option (Minimum of 71 units)**

Required Advanced Nursing Practice Core Option Courses (23 units)

Required Option Courses (48 units)
NURS 498 Advanced Cooperative Education (1)
NURS 512A Primary Care of Adults with Acute Health Problems (4)
NURS 512B Care of Aging Adults (2)
NURS 513A Primary Care of Adults with Acute Health Problems Practicum (4)
NURS 513B Care of Aging Adults Practicum (4)
NURS 513C Practicum: Advanced Care of Adults with Chronic Disease (4)
NURS 520 Seminar: Advanced Care of Adults with Chronic Health Problems (3)
NURS 522C Primary Care of Adolescents (2)
NURS 542 ABC Seminar: Psychiatric/Mental Health Nursing (6, 3, 3)
NURS 595 Advanced Field Study: Must be taken with NURS 542 ABC (3, 4, 5)
Thesis: If selected, this adds an additional 5 units to program

**Comprehensive Examination, Thesis or Project (0, 5 units)**

NURS 596 Comprehensive Examination (0 units) or
NURS 597 Graduate Research (2) plus
NURS 599 Thesis or Project (3)

Students who select the comprehensive examination (NURS 596) must complete all required nursing courses prior to taking exam and must comply with college and School of Nursing requirements.

Students who elect the thesis project option (NURS 599) must complete 2 units of NURS 597 prior to the required 3 units of NURS 599 and must comply with University, college and school policies and procedures regarding theses.

**Post-Master’s Certificate Programs**

The School of Nursing offers post-master’s Certificate Programs for nurses who have a master’s degree in Nursing and who would like to take existing courses within the Master of Science degree in Nursing. At the completion of the course work, individuals who complete one of the Nurse Practitioner or Clinical Nurse Specialist certificates will qualify to apply to the California Board of Registered Nursing for state certification as nurse practitioners or clinical nurse specialists and are eligible to sit for a National Certification Examination so they can function as nurse practitioners in other states.
### Admission Requirements for all Post-Master's Certificate Programs:
- Current California Registered Nurse License
- Master’s degree in Nursing (MSN or MN)
- Malpractice insurance for professional nursing
- Recent physical assessment course for Nurse Practitioner Certificates
- Successful completion of application process

### Specific Requirements for Post-Master's Nurse Practitioner Certificate Programs

**Required Advanced Nursing Practice Core Courses (26 units)**

**Acute Care Nurse Practitioner: Adult Specialty Certificate**

The post-master’s Acute Care Nurse Practitioner (ACNP): Adult Specialty certificate program is offered for nurses who have a master’s degree in nursing and who would like to take the existing courses within the Acute Care Nurse Practitioner: Adult Program, a specialty within the Master of Science degree in Nursing.

### Additional Admission Requirements
- One year clinical practice working with acutely ill adults
- Advanced Cardiac Life Support Certification
- Specialty Nurse Certification (such as CCRN)

### Requirements for the Certificate (54 units)

Students qualify for the post-master’s certificate after they have successfully completed the specialty program courses with a 3.0 or higher GPA. This program consists of 54 units of theory and clinical practice in the following two areas: 1) seminar courses 26 units; and 2) clinical practice courses 24 units. They will then be qualified to sit for the National Professional Adult ACNP certification examination and to apply for nurse practitioner certification from the California Board of Registered Nursing.

**Family Nurse Practitioner Certificate Program (67-68 Units)**

The School of Nursing offers a post-master’s Family Nurse Practitioner certificate program. This program is for nurses who have a master’s degree in nursing and who would like to take courses in the Family Nurse Practitioner Option within the Master of Science Degree in nursing.

### Additional Admission Requirement

One year of clinical nursing experience is recommended.

### Requirements for the Certificate

Students qualify for the award of the post-master’s certificate after they have successfully completed the required certificate program course with a 3.0 or higher GPA. This program consists of advanced practice core courses (23 units) and required option courses (41 - 42 units) for a total of 67 - 68 units. The program consists of 44 units of didactic seminar courses and 23-24 units of clinical practice courses. This will enable the graduate of this program to obtain State certification from the BRN as a nurse practitioner (NP) and to sit for national certification examinations.
Required Advanced Nursing Practice Core Courses: (26 units)

Required Option Courses (41 Units)
NURS 512B Care of Aging Adults (2)
NURS 513B Care of Aging Adults Practicum (4)
NURS 518A Primary Care of The Adult Client (4)
NURS 519A Primary Care of The Adult Practicum (3)

NURS 519D Women's Health Practicum (3)
NURS 572B Developmental Assessment and Health Promotion (2)
NURS 573C Advanced Health Assessment and Health Promotion Practicum (1)
NURS 578 International Health Perspectives (4)

Recommended Optional Experience
NURS 545 International Health Care Experience (1)

If selected, this adds an additional 1 Unit to the program.

Pediatric Acute Care Nurse Practitioner Certificate
The post-master’s Pediatric Acute Care Nurse Practitioner Certificate Program is offered for nurses who have a master’s degree in nursing and who would like to take existing courses within the Pediatric Acute Care Nurse Practitioner option within the Master of Science degree in Nursing.

Additional Admission Requirements
1. One year clinical practice working with children in an acute care setting.
2. Pediatric Advanced Life Support (PALS)

Requirements for the Certificate (59.5 units)
Students qualify for the post-master’s certificate after they have successfully completed the specialty program courses with a 3.0 or higher GPA. This program consists of 59.5 units of theory and clinical practice in the following two areas: 1) seminar courses 41 units; and 2) clinical practice courses, 18.5 units. They will be qualified to sit for a National Certification examination and to apply for nurse practitioner certification from the California Board of Registered Nursing.

Required Advanced Nursing Practice Core Courses (26 units)

NURS 498 Advanced Cooperative Education (0.5)
NURS 522A Primary Care of Children with Acute Health Problems (4)
NURS 530A Management of the Child with Cardiopulmonary/Hematology/Oncology Problems (5)
NURS 530B Management of the Child with Gastrointestinal/Renal Problems (3)
NURS 530C Management of the Child with Trauma/Burns/Neurological Problems (4)
NURS 531A Cardiopulmonary/Hematology/Oncology Pediatric Acute Care Nurse Practitioner Practicum (4)
NURS 531B Gastrointestinal/Renal Pediatric Acute Care Nurse Practitioner Practicum (4)
NURS 531C Neurological/Trauma/Burns Pediatric Acute Care Nurse Practitioner Practicum (4)
NURS 532 Child and Family Adaptation to Illness (2)
NURS 572B Developmental Assessment and Health Promotion (2)

Pediatric Nurse Practitioner Specialty Certificate
The post-master’s Pediatric Nurse Practitioner certificate program is offered for nurses who have a master’s degree in nursing and who would like to take the existing courses within the Pediatric Nurse Practitioner option, a specialty within the Master of Science degree in Nursing.

Additional Admission Requirement
One year clinical practice working with children

Requirements for the Certificate (51 units)
Students qualify for the post-master’s certificate after they have successfully completed the specialty program courses with a 3.0 higher GPA. This program consists of 51 units of theory and clinical practice in the following two areas: 1) seminar courses 32 units; and 2) clinical practice courses, 19 units. They will be qualified to sit for the National Professional Pediatric Nurse Practitioner certification examination and to apply for nurse practitioner certification from the California Board of Registered Nursing.

Required Advanced Nursing Practice Core Courses (26 units)

Required Option Courses (25 units)
NURS 498 Advanced Cooperative Education (1)
NURS 522A Primary Care of Children with Acute Health Problems (4)
NURS 522B Primary Care of Children with Chronic Health Problems (4)
NURS 522C Primary Care of Adolescents (2)
NURS 523A Primary Care Practicum: Children with Acute Illness (3)
NURS 523B Primary Care Practicum: Children with Chronic Illness (3)
NURS 523C Primary Care Practicum: Adolescents (3)
NURS 529 Advanced Pediatrics Clinical Practicum (3)
NURS 572B Developmental Assessment and Health Promotion (2)

Nurse Practitioner: Psychiatric/Mental Health Certificate Program (74 Units)
The School of Nursing offers a post-master’s Psychiatric/Mental Health Nurse Practitioner certificate. This program is for nurses who have a master’s degree in nursing and who would like to take courses in the Nurse Practitioner: Psychiatric/Mental Health Option within the Master of Science degree in nursing.

Requirements for Award of the Certificate
Students will qualify for the award of the post-master’s certificate after they have successfully completed the required certificate program course with a 3.0 or higher GPA. This program consists of advanced practice core courses (26 units) and required option courses (48 units) for a total of 74 units. The program consists of 43 units of didactic seminar courses and 31 units of clinical practice courses. This will enable the graduate of this program to obtain State certification from the BRN as both a Clinical Nurse Specialist (CNS) and a nurse practitioner (NP) and to sit for national certification examinations.
**Nurse Case Manager: Adult Care**

One year clinical practice working with adults.

**Additional Admission Requirement**

One year clinical practice working with adults.

---

### Nursing Education Certificate Program (25 Units)

The School of Nursing offers a post-master's Nursing Education certificate program. This program is for nurses who have a Master's degree in nursing and who would like to take courses in the Nursing Education Option, within the Master of Science degree in Nursing.

**Requirements for Award of the Certificate**

Students will qualify for the award of the Nursing Education post-master's certificate after they have successfully completed the required certificate courses with a 3.0 or higher GPA.

### Health Services Credential:

#### School Nurse Services

State of California credential requirements for a clear Professional School Nurse Service credential include a fifth year of study completed after the baccalaureate consisting of a minimum of 45 units. This program leads to certification as a school nurse for professional employment in California public schools.

School nurse candidates must be employed as a school nurse in the California public schools for two years full-time or the equivalent in part-time employment with a preliminary school nurse service credential under the supervision of a credentialed school nurse. Candidates must submit two letters of professional recommendation from their immediate supervisors confirming employment and satisfactory performance.

Candidates must also have a supervised, guided, and evaluated clinical practicum with a credentialed school nurse preceptor in elementary, secondary, and special education program settings with multicultural and multiethnic individuals.

List of Courses (NURS) - Undergraduate Level

Lower Division Courses

100 Introduction to Professional Nursing Process and Skills I (1)
Prerequisites: BIOL 200A/B; CHEM 151; MICR 201, 202; ENGL 101; PSY 150; and COMM 150. Corequisites: NURS 105; 214; 272; 273. Introduction to nursing therapeutics: nursing process, documentation, comfort measures and medical/surgical asepsis. Concepts of safety, elimination, hygiene, mobility and sleep and nutrition are included.

105 Introduction to Professional Nursing Process and Skills Laboratory I (1)
Prerequisites: BIOL 200A/B; CHEM 151; MICR 201, 202; ENGL 101; PSY 150 and COMM 150. Corequisites: NURS 210, 211, 250. The nursing process will be the foundation for providing care to patients experiencing fluid/electrolyte imbalance, metabolic and musculoskeletal dysfunction and rehabilitation. Includes principles of pharmacology and I.V. therapeutics.

210 Introduction to Professional Nursing Process and Skills II (3)
Prerequisites: NURS 100; 105; 214; 272; and 273. Corequisites: NURS 216. The nursing process will be the foundation for providing care to patients experiencing fluid/electrolyte imbalance, metabolic and musculoskeletal dysfunction and rehabilitation. Includes principles of pharmacology and I.V. therapeutics.

211 Introduction to Professional Nursing Process and Skills Laboratory II (3)
Prerequisites: NURS 100; 105; 214; 272; and 273. Corequisites: NURS 217. Assessment and clinical management of women, childbearing families and infants.

215 Clinical Introduction to Professional and Clinical Practice Issues (1)
Prerequisites or Corequisites: COMM 150, NURS 214, SOC 201. Corequisites: NURS 210, 211. Structured clinical activities and experiences focused on professional and caregiver role development.

216 Nursing Care of Women, Child-bearing Families and Infants (3)
Prerequisites: NURS 224, 225; SOC 201. Corequisite: NURS 217. Assessment and clinical management of women, childbearing families and infants.

217 Nursing Care of Women, Child-bearing Families and Infants Lab (3)
Prerequisites: NURS 224, 225. Corequisite: NURS 216. Nursing care of women, childbearing families, and infants based on analysis of self-care requirements.

220 Nursing Care of Children (3)
Prerequisites: NURS 224, 225. Corequisite: NURS 221. Nursing care of children emphasizing health promotion and common health disturbances.

221 Nursing Care of Children Clinical Laboratory (3)
Prerequisites: NURS 224, 225; SOC 201. Corequisite: NURS 220. Clinical experience with children and their families in various settings emphasizing health promotion and common health deviations.

222 Acute Professional Nursing Care of Adults I (3)
Prerequisites: NURS 210, 211, 250. Corequisite: NURS 223. Introduction to nursing care and management of the preoperative and intraoperative patient and patients with basic cardiovascular, respiratory, integumentary and hemopoietic dysfunction.

223 Acute Professional Nursing Care of Adults Laboratory I (4)
Prerequisites: NURS 210, 211, 250. Corequisite: NURS 222. Practice, demonstration and application of clinical skills necessary to care for adults in acute care settings who are experiencing fluid and electrolyte, metabolic, hematopoietic, cardiovascular and/or respiratory physiological dysfunction and preoperative care.
224 Acute Professional Nursing Care of Adults II (3)
Prerequisites: NURS 222, 223. Corequisite: NURS 225.
Nursing assessment and management of adult patients
experiencing oto-opthalmic, genitourinary, gastrointestinal
and hepatobiliary dysfunction including care of the adult during the
post operative period.

225 Acute Professional Nursing Care of Adults Laboratory
II (4)
Prerequisites: NURS 222, 223. Corequisite: NURS 224.
Practice, demonstration and application of clinical skills
necessary to care for patients experiencing genitourinary,
hepatobiliary, gastrointestinal, and oto-opthalmic dysfunctions,
includes care during the post operative period.

250 Introduction to Pathophysiology for Nursing Practice
(4)
Prerequisites: BIOL 200A/B, CHEM 151, MICR 201,202.
Corequisites: NURS210; 211; 215. Basic concepts of
pathophysiologic alterations throughout the lifespan including
cellular function and growth; integrative body functions.
Beginning understanding of the pathophysiologic rationale for
nursing interventions.

254,L,P Selected Topics in Nursing (1–6)
Prerequisites: As needed for specific topic. Current topics of
special interest to nursing students, as announced in Schedule
of Classes. May be repeated for credit.

273 Introduction to Health Assessment and Promotion
Across The Life Span (3)
Prerequisites: BIOL 200A/B; CHEM 151; MICR 201, 202;
ENGL 101; PSY 150; SOC 201 and COMM 150. Corequisites:
NURS 100, NURS 105, NURS 273. Generic students only.
Introduction to health assessment including: history taking,
physical examination and diagnostic testing, health promotion
and patient education.

274 Introduction to Health Assessment and Promotion
Across The Life Span Laboratory (2)
Prerequisites: BIOL 200A/B; CHEM 151; MICR 201, 202;
ENGL 101; PSY 150; SOC 201 and COMM 150. Corequisites:
NURS 100;105; 214; 272. Generic students only. Introduction
to health assessment including history taking, physical
examination and diagnostic testing, health promotion, and
patient education.

280 Contemporary Nursing (2)
Prerequisite: HHS 101 (or equivalent). A survey of nursing in
contemporary society, including historical perspectives, current
trends, and scope of nursing education and practice.

Upper Division Courses

300 Acute Nursing Care of Adults III (3)
Prerequisites: All 200 level Nursing courses. Corequisite:
NURS 301. Advanced theoretical and clinical nursing
interventions, for the care of adults with complicated, acute and
chronic problems in neurological, integumentary, neoplastic/immune and/or multisystem failure and/or dysfunction.

301 Acute Nursing Care of Adults Laboratory III (3)
Prerequisites: All 200 level Nursing courses. Corequisite:
NURS 300. Practice, demonstration and application of advanced
theoretical and clinical nursing interventions, necessary for adults with complicated, acute and chronic neurological, integumentary, neoplastic/immune, and/or multisystem failure and/or dysfunction.

307 Physiology and Psychology of Violence and
Aggression (4) (cross-listed as PSY 307)
Prerequisites: Completion of Basic Subjects (Block A) and one
course from Block B. Biological and psychobehavioral
approaches to violent individuals; analysis of and research
support for understanding violence drawn from natural,
medical, and behavioral sciences. GE Theme B

308 Psychophysiology of Substance Abuse and
Violence (4) (cross-listed as HS 308)
Prerequisites: Completion of Basic Subjects (Block A) and one
course from Block B. Physiological effects of abused
substance; examination of connection between substance
abuse and violent behavior. GE Theme B

318 Nursing Care of Psychiatric Patients (3)
Prerequisites: NURS 224, 225. Corequisite: NURS 319.
Introduction to nursing practice in a variety of psychiatric care
settings caring for patients with problems in social and
psychological functioning.

319 Psychiatric Clinical Nursing Lab (3)
Prerequisites: NURS 224, 225. Corequisite: NURS 318.
Clinical experience in a variety of settings implementing the
nursing process in the area of adult patient/clients
demonstrating deficits in social and psychological functioning.

320 Fundamentals of Nursing (5)
Prerequisites: Admission to the Entry Level Master's or Entry
Level Bachelor's Program in Nursing. Corequisites: NURS 321,
328, and 362. Introduction to professional and clinical issues in
nursing. Theoretical and conceptual approaches to nursing, the
nursing process, basic nursing skills, communication,
legal/ethical issues, culture and client education concepts.

321 Practicum: Fundamentals of Nursing (5)
Prerequisite: Admission to the Entry Level Master's or Entry
Level Bachelor's Program in Nursing. Corequisite: NURS 320,
328, and 362. Structured, clinical activities and experience
focused on application of professional and care giver role
including clinical skills, medication administration, and use of
nursing process.

322 Nursing Care of Adults and Older Adults (6)
Prerequisites: Completion of NURS 320, 321, 328, and 362.
Corequisites: NURS 323, 360, and 424. Nursing process in the
care of adults and older adults experiencing health deviations
in various body systems and across diverse health care
settings.

323 Practicum: Nursing Care of Adults and Older Adults
(6)
Prerequisites: Completion of NURS 320, 321, 328, and 362.
Corequisites: NURS 322, 360, and 424. Clinical practice in the
care of adults and older adults experiencing health deviations
in various body systems and across diverse health settings.

324 Nursing Care of Women, Childbearing Families and
Infants (4)
Prerequisites: Completion of NURS 320, 321, 322, 323, 328,
360, 362, and 424. Corequisites: NURS 325, 326, 327, and
434. Introduction to family nursing; assessment and nursing
care of women, childbearing families and infants.

325 Practicum: Nursing Care of Women, Childbearing
Families, and Infants (3)
Prerequisites: Completion of NURS 320, 321, 322, 323, 328,
360, 362, and 424. Corequisites: NURS 324, 326, 327, and
434. Clinical practice in the care of women and their families
during the childbearing cycle.
326 Nursing Care of Children (3)

327 Practicum: Nursing Care of Children (3)
Prerequisites: Completion of NURS 320, 321, 322, 323, 328, 360, 362, and 424. Corequisite: NURS 324, 325, 326, and 434. Patient care experiences with children encountering common health deviations in various settings.

328 Pathophysiology (3)
Prerequisites: Admission to the Entry Level Master's or Entry Level Bachelor's Program in Nursing. Corequisites: NURS 320, 321, and 362. The pathogenesis of clinical findings in health deviations, emphasis on pathophysiologic basis for nursing diagnosis and interventions during deviations from normal body system functioning.

330 Human Reproductive Health (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Physical health needs and issues, emphasizing the reproductive systems for women and men across the age span; overview of physiology, pathophysiology, diagnostic technologies, and therapeutic management of common health problems.

346 Family Nursing (3)
Pre-or corequisite: ANTH 444. Theoretical foundations of family nursing and its application to the nursing process with families.

348A Development for Professional Practice (4)
Prerequisites: Transfer RN nursing students, background check, personal health insurance and health clearance documentation. Socialization and development into professional nursing roles including the nurse as professional, advocate, provider, and coordinator of care. Focus on nursing process and selected issues in professional practice.

349A Development for Professional Practice Laboratory (1)
Prerequisites: Registered Nurse license, malpractice insurance. Corequisite: NURS 348A. Application of nursing process for professional practice within a self-care framework to patient care situation in clinical setting.

350 Pathophysiology For Nursing Practice (4)
Prerequisite: BIOL 200B; CHEM 151, MICR 201, 202. Corequisite: RN-BSN Transfer students only. Course builds upon the student's prior foundation of concepts of disease process throughout the lifespan including cellular function and integrative body functions. Focus on the pathophysiologic rationale for nursing interventions.

354L,P Selected Topics in Nursing (1–6)
Prerequisites: As needed for specific topic. Current topics of special interest to nursing students, as announced in Schedule of Classes. May be repeated for credit.

355 Strategies for Preventing and Intervening in Family Violence and Abuse (4) (also crosslisted as SW 355)
Prerequisites: Completion of Basic Subjects (Block A) and one course in Block D. Major theories used to explain family violence; emphasis on preventing abuse and intervening with victims across the age span; social, policy, and legal issues.

360 Pharmacology (2)
Prerequisites: Completion of NURS 320, 321, 328, and 362. Corequisites: NURS 322, 323, and 424. Basic principles and contemporary issues in pharmacology for nurses; major drug classifications, mechanism of drug action and nursing implications throughout the nursing process.

362 Health Assessment and Health Promotion Across the Life Span (3)
Prerequisite: Admission to the Entry Level Master's or Entry Level Bachelor's Program in Nursing. Corequisites: NURS 320, 321, and 328. Health Assessment including history taking and physical examination; principles of health promotion across the life span.

372 Health Assessment and Promotion Across the Life Span Laboratory (2)
Prerequisites: RN-BSN transfer students only; NURS 348A. Corequisite: NURS 372. Health assessment including history taking, physical examination and diagnostic testing, health promotion and patient education experiences in a variety of settings.

393A Health Promotion and Illness Prevention in a Culturally Diverse Community (2)
Prerequisites: NURS 346, NURS 272 or 372. Prerequisite or corequisite: NURS 394. Application of nursing concepts for the care of clients with chronic illness and/or disabilities outside of acute care settings, focusing on treatment adherence, coping and adaptation.

398 Cooperative Education (2) (see UNIV 398)

400-level Courses
All 400-level courses may be applied toward master's degree requirements, subject to limits established by the school and approval of the graduate adviser.

400 Acute Health Deviations in Cardiorespiratory Function (3)
Prerequisite: Upper division standing or consent of instructor. Nursing management of patients who have health deviation self-care deficits because of critical physiological dysfunction of the cardiorespiratory system.
402A Fundamentals of Electrocardiography (2)
Fundamentals of vector analysis of the 12 lead electrocardiogram and basic arrhythmia detection.

402B Advanced Electrocardiography (2)
Prerequisite: NURS 402A. Advanced electrocardiography including detailed evaluation of 12 lead electrocardiogram in determining axis changes, conduction defect, cardiovascular hypertrophies, location of myocardial infraction, differentiation of complicated arrhythmias, and selected electrolyte and drug effects.

404 Acute Health Deviations in Metabolic, Hematologic, and Sensorimotor Function (3)
Prerequisite: Upper division standing or consent of instructor. Nursing care related to acute health deviations in metabolic, hematologic, and sensorimotor functions with their related pathophysiology and nursing care implications.

423 Nursing in School Health Programs Clinical Laboratory (6)
Prerequisites or corequisites: NURS 426, 428; COMD 440; admission to Health Services credential program. Clinical school nursing experience with multicultural and ethnic students in elementary, secondary, and special education settings under direction of credentialed school nurse preceptor.

424 Introduction to Nursing Research (3)
Prerequisites: Completion of NURS 320, 321, 328, and 362. Corequisites: NURS 322, 323, and 360. Introduction to the nursing research process with application of the process to clinical practice. Reading, critiquing and utilization of nursing research.

426 Nursing Management in Public Schools (4)
Prerequisite: Admission into Health Services Credential program. Introduction to organization and management of school health services through coordination and integration of human and material resources to accomplish health goals in the educational settings.

428 Nursing Assessment in Public Schools (4)
Prerequisites: NURS 372, 373; admission into Health Services Credential program. Assessment and case management of physical, psychosocial, developmental, and environmental processes and requisites of school students. Includes State mandated screening.

430 Primary Health Care of Women (3)
Prerequisite: Upper division standing or consent of instructor. Assessment and management of self-care requisites unique to women in primary health care settings.

434 Nursing Case Management of Clients with Chronic Illness Across the Life Span (4)
Prerequisites: Completion of NURS 320, 321, 322, 323, 328, 360, 362, and 424. Corequisites: NURS 324, 325, 326, 327. Nursing case management role, models and strategies for chronically ill clients; effects of chronic illness and comprehensive care coordination.

440 Psychiatric and Mental Health Nursing (3)
Prerequisites: Completion of NURS 300 series, NURS 424, and 434. Corequisites: NURS 441, 442, and 443. Nursing process in the care of clients with deviations in social and psychological functioning.

441 Practicum: Psychiatric and Mental Health Nursing (3)
Prerequisites: Completion of 300 series, NURS 424, and 434. Corequisites: NURS 440, 442, and 443. Clinical experience in a variety of settings implementing the nursing process with clients demonstrating deviations in social and psychological functioning.

442 Community Health Nursing (5)
Pre-requisites: NURS 300 course series, NURS 424, and 434. Corequisite: NURS 440, 441, and 443. Synthesis of nursing theories and public health science applied to assessing and promoting the health of at risk populations: communities, families and aggregates.

443 Practicum: Community Health Nursing (4)
Prerequisites: Completion of NURS 300 course series, NURS 424, and 434. Corequisite: NURS 440, 441, and 442. Nursing in the community: experiences in home health, family focused care, and population based nursing in the community.

444 Advanced Nursing Concepts and Leadership (4)
Prerequisite: NURS 300 course series, NURS 424, and 434. Corequisite: NURS 445, and 498. Advanced clinical nursing: principles of nursing leadership; care of hospitalized adults experiencing complex, acute and chronic multidimensional health problems including neurological, renal, integumentary, neoplastic, and immune diseases, or multi-system failure.

445 Practicum: Advanced Nursing Concepts and Leadership (4)
Prerequisite: Completion of NURS 300 course series, NURS 424, 434, 440, 441, 442, and 443. Corequisite: NURS 444, and 498. Practicum in nursing leadership and care of patients with acute and chronic complex medical surgical conditions; basic skills for critical care nursing and end-of-life care.

450 Nursing Leadership and Management Dynamics (2)
Prerequisites: Completion of 300 level courses. Corequisite: NURS 451. Introduction to the organizational theory and socio-economic political trends in nursing leadership and management. Skills and competencies for the frontline nurse manager with-in and beyond the wall of the acute care setting.

451 Nursing Leadership and Management Dynamics Laboratory (2)
Prerequisites Completion of 300 level courses. Corequisite: NURS450. Application of organizational theory in health care settings. Development of skills and competencies for the frontline nurse manager with-in and beyond the wall of the acute care setting.

454L,P Selected Topics in Nursing (1–6)
Prerequisites: As needed for specific topic. Current topics of special interest to nursing students announced in Schedule of Classes. May be repeated for credit.

456 Crisis Theory: Mental Health Promotion (3)
Prerequisite: Upper division standing or consent of instructor. Crisis theory as a basis for identification of maturational and situational high risk events that create an impact on mental health.

460 Problems of Parenting (2)
Prerequisites: PSY 150 and upper division standing. Parent and child health problems created by inadequate parent-child relationships. Health assessment and exploration of nursing intervention techniques.

462 Behavior Modification in Health Care (4)
Prerequisite: Upper division standing. Techniques for behavior modification in variety of health care problems.

468 Legal Aspects of Health Care Provision in California (3)
Prerequisite: Professional experience or upper division standing in a health related program. Exploration of legal aspects of health care provision: intentional torts, negligence and malpractice, practice acts, ethical-legal conflicts, and litigation procedure.
470 Community/Public Health Nursing (4)
Prerequisite: Completion of 300-level nursing courses or approval of instructor. Corequisite: NURS 471. Synthesis of nursing theories and public health science applied to assessing and promoting the health of communities and aggregates at risk in the population, including the risks to communities from bio-terrorism.

471 Community/Public Health Nursing Lab (3)
Corequisite: NURS 470 and access to an insured automobile. Application of nursing and public health theories assessment of communities and families/client group aggregates, and appropriate interventions.

476 Nursing and the Health Care System (2)
Prerequisite: Completion of all 300-level nursing courses or approval of instructor. Forces shaping health care delivery and their influences on the delivery of nursing care in today’s dynamic health care arena. Nursing strategies for cost-effective care that increases access and ensures quality care. Some sections may use technologically mediated instruction.

480 Assessment and Care of Patients’ Spiritual Needs (4)
Exploration of individual’s spiritual needs in health care, and how spiritual care may be closely integrated with that of body and mind.

487 Transitions to Professional Practice (1)
Prerequisite: Completion of entire nursing course sequence. Clinical decision making in the care of selected patients in acute care settings.

490 Introduction to Nursing Research (4)
Prerequisites: Satisfactory completion of Graduation Writing Assessment Requirement (GWAR) and a statistics course that included inferential statistical content. Nursing research process and concepts applicable to clinical practice, reading, analyzing and critiquing research; development of skills in writing professional nursing papers according to the conventions of the genre. Some sections may use technologically mediated instruction.

494 Ethics in Nursing (3)
Lecture-seminar course covering the history and development of ethics in American nursing from 1800s to the present.

496 Nursing Case Management for Vulnerable Populations (2)

497 Nursing Case Management of Vulnerable Populations Lab (3)

498 Advanced Cooperative Education (1-4) (see UNIV 498)

499 Undergraduate Directed Study (1–6)
Prerequisites: Instructor consent to act as sponsor; ability to assume responsibility for independent work and to prepare written and oral reports. Project selected with sponsor before registration; progress meetings held regularly. May be repeated to 20 units.

Graduate Level Courses (NURS)

All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the school and approval of the graduate adviser.

Classified graduate standing is required for admission to all 500-level courses.

502 Role Development of the Advanced Practice Nurse (3)
Prerequisites: Admission into graduate program in nursing or consent of instructor. Examination of advanced nursing practice roles within acute and primary care settings; critical analysis of issues related to legal scope of practice, licensure, certification, quality improvement, and reimbursement. Some sections may use technologically mediated instruction.

504 Research Utilization in Nursing Practice (2)
Prerequisite: NURS 592 Application of available knowledge to improve client outcomes using the research utilization process. Some sections may use technologically mediated instruction.

506A Advanced Nurse Case Management Strategies I (4)
Prerequisites: NURS 502, 524, 566, and 572A or consent of instructor. Corequisite: NURS 595. Analysis of theories related to interrelationship of the biopsychosocial components of and the human responses to acute and chronic illness and the development of nurse case management strategies and intervention.

506B Advanced Nurse Case Management Strategies II (4)
Prerequisite or corequisite: NURS 506A. Corequisite: NURS 595. Advanced adult patient management and other professional collaborative strategies used by nurse case managers in acute, outpatient, and community-based settings.

512A Primary Care of Adults with Acute Health Problems (4)
Prerequisite: NURS 572B. Theories and research related to health promotion and disease prevention, assessment, differential diagnosis, management, and education of adults with acute, episodic health problems in ambulatory care clinics.

512B Care of Aging Adults (2)
Prerequisite: Admission to graduate program in nursing or consent of instructor. Theory and research related to assessment, diagnosis, and management of problems specific to aging clients with emphasis on socioeconomic, political, environmental, and cultural influences affecting care of the elderly.
513A Practicum: Primary Care of Adults with Acute Health Problems (4)
Prerequisite: NURS 573B. Clinical application of theory and research of health care to adult clients with acute, episodic health problems in ambulatory clinics.

513B Care of Aging Adults Practicum (4)
Prerequisite: NURS 513A, Corequisite: NURS 512B. Assessment, diagnosis, management and education/counseling of aging clients in outpatient clinics and long-term care facilities with an emphasis on clinical decision-making, health promotion, and disease complication prevention.

513C Care of Adults with Chronic Health Care Problems Practicum (4)
Prerequisites: NURS 572A, and 573A or consent of instructor. Corequisite: NURS 520. Clinical application of assessment, diagnosis, management, and education/counseling of adults with chronic health problems with an emphasis on lifestyle change, health promotion, and disease prevention in the students' selected specialty.

514 Management of Adults with Chronic Health Problems (4)
Prerequisite: NURS 573B. Corequisite: NURS 515. Theoretical basis for adult acute care nurse practitioner assessment, diagnosis, and management of adults and families with chronic stable problems with an emphasis on health promotion and disease prevention strategies.

515 Management of Adults with Chronic Health Problems Practicum (2)
Prerequisite: NURS 573B. Corequisite: NURS 514. Application of adult acute care nurse practitioner assessment, differential diagnosis, management, and education/counseling of adults and families with chronic stable problems.

516A Management of Adults with Acute Health Care Problems I (4)
Prerequisite: NURS 573B. Corequisite: NURS 517A. Theoretical and evidence-based course examines pathophysiologic and psychosocial issues related to nurse practitioner management of acutely ill adults. Content focuses on patients with cardiovascular, pulmonary, and hematological problems.

516B Management of Adults with Acute Health Care Problems II (4)
Prerequisite: NURS 514, 515, 516A, 517A. Corequisite: NURS 517B. Theoretical and evidence-based course examines pathophysiologic and psychosocial issues related to nurse practitioner management of acutely ill adults. Content focuses on patients with gastro-hepatic biliary, metabolic and renal problems.

516C Management of Adults with Acute Health Care Problems III (4)
Prerequisite: NURS 516B, 517B. Corequisite: NURS 517C. Theoretical and evidence-based course examines pathophysiologic and psychosociocultural issues related to nurse practitioner management of acutely ill and injured adults. Focuses on patients with neurologic problems, trauma and burns.

517A Advanced Therapeutics Practicum I (2)
Prerequisite: NURS 573B. Corequisite: NURS 516A. Clinical application course for adult acute care nurse practitioner option; emphasizes assessment, differential diagnosis, management, and education/counseling of adults and families with acute illness.

517B Advanced Therapeutics Practicum II (4)
Prerequisite: NURS 514, 515, 516A, 517A. Corequisite: NURS 516B. Clinical application course for adult acute care nurse practitioner option; emphasizes assessment, differential diagnosis, management, and education/counseling of adults and families with acute illness.

517C Advanced Therapeutics Practicum III (4)
Prerequisite: NURS 516B, 517B. Corequisite: NURS 516C. Clinical application course for adult acute care nurse practitioner option; emphasizes assessment, differential diagnosis, management, and education/counseling of adults and families with acute illness and injury.

518A Primary Care of the Adult Client (4)
Prerequisite: NURS 578, 573B, and 573C. Corequisite: NURS 519A. Theoretical basis for Family Nurse Practitioner assessment, diagnosis, and management of culturally diverse adults and families with acute and episodic problems with emphasis on health promotion and disease prevention.

518B Primary Care of Children (4)
Prerequisites: NURS 578, 573B, and 573C. Corequisite: NURS 519B. Family Nurse Practitioner health promotion and disease prevention, assessment, differential diagnosis and management of culturally diverse children and their families with acute and chronic problems in the primary care environment.

518C Adolescent and Young Adult Health Care (4)
Prerequisites: NURS 578, 573B, and 573C. Corequisite: NURS 519C. Family Nurse Practitioner health promotion, disease prevention, and diagnosis and management of the culturally diverse adolescent and young adult clients and their families in the primary care setting.

518D Women's Health Care (4)
Prerequisites: NURS 578, 518C, 519C. Corequisite: NURS 519D. Management of gynecological concerns common to culturally diverse women and their families in the primary care setting. Role of the nurse practitioner in women's health.

519A Primary Care of the Adult Practicum (3)
Prerequisite: NURS 578, 572, 573B, and 573C. Corequisite: NURS 518A. Application of the theoretical and research-based assessment, diagnosis, and management of culturally diverse adults and families with acute and episodic problems, with emphasis on health promotion and disease prevention.

519B Primary Care of Children Practicum (3)
Prerequisites: NURS 578, 573B, 573C. Corequisite: NURS 518C. Clinical practice application of knowledge in the assessment, diagnosing, management of health concerns relating to culturally diverse children and their families in the primary care setting.

519C Adolescent and Young Adult Health Care Practicum (3)
Prerequisites: NURS 578, 573B, 573C. Corequisite: NURS 518C. Clinical application of assessment, diagnosis, management, and health promotion of culturally diverse adolescents, young adults, and their families in the primary care setting.

519D Women's Health Practicum (3)
Prerequisites: NURS 578, 572, 573B, and 573C. Corequisite: NURS 518D. Clinical application of assessment, diagnosis and management of culturally diverse women with gynecological health concerns in the primary care setting.
520 Care of Adults with Chronic Health Problems (3)
Corequisite: NURS 516A. Assessment, differential diagnosis, management, and education/counseling of adults and families with chronic health problems with an emphasis on lifestyle change, health promotion, and disease complication prevention.

522A Primary Care of Children with Acute Health Problem (4)
Prerequisite: NURS 572A. Corequisite: NURS 523A. Assessment, diagnosis and management of children with acute health problems and of their families, within primary care settings; health promotion, disease prevention, and multidimensional problems management strategies.

522B Primary Care of Children with Chronic Health Problem (4)
Prerequisite: NURS 573B or 522A. Assessment, diagnosis and management of children with chronic health problems and of their families, within primary care settings; health promotion, disease prevention, and multidimensional problems; management strategies.

522C Primary Care of Adolescents (2)
Prerequisite: NURS 573B. Corequisite: NURS 523C. Assessment, diagnosis, management of adolescents with special health problems and their families within primary care settings; health promotion, disease prevention, and multidimensional problems; management strategies.

523A Primary Care Practicum: Children with Acute Illness (3)
Corequisite: NURS 522A. Application of assessment knowledge and skills to appraise children and their families’ health status; identification of acute health problems within primary care settings; management using multidimensional intervention strategies. Graded CR/NC.

523B Primary Care Practicum: Children with Chronic Illness (3)
Corequisite: NURS 522B. Application of knowledge and skills to appraise children and their families’ health status; identification of chronic health problems within primary care settings, management using multidimensional intervention strategies. Graded CR/NC.

523C Primary Care Practicum: Adolescents (3)
Corequisite: NURS 522C. Application of assessment knowledge and skills to appraise adolescents’ and their families’ health status within primary care settings. Identification of health problems, management using multidimensional intervention strategies. Graded CR/NC.

524 Care of Vulnerable Populations (4)
Prerequisite: Admission to graduate program in nursing or consent of instructor. Examination of major health problems of vulnerable children, adults, and families from urban, underserved communities; assessment of risk factors; exploration of multidimensional, culturally-sensitive intervention strategies. Some sections may use technologically mediated instruction.

525 Vulnerable Populations Practicum (1-2)
Corequisite: NURS 524. Application of epidemiological model and provision of health care to clients from selected vulnerable populations. Identification of program deficiencies and programmatic changes to address needs. Graded CR/NC. Must complete 2 units in either one or two quarters.

528 Advanced Pharmacology (5)
Prerequisite: Admission to master’s program in nursing. Pharmacokinetic principles and pharmacotherapeutic agents for promotion, prevention, diagnosis, and treatment of common client conditions encountered in primary care and acute health care settings. Some sections may use technologically mediated instruction.

529 Advanced Pediatrics Clinical Practicum (3)
Prerequisites: NURS 522C, 524. A preceptored clinical practicum designed to enhance the application of theory and acquisition of clinical skills in pediatric primary care settings. Graded CR/NC.

530A Management of the Child with Cardiopulmonary /Hematology/Oncology Problems (5)
Prerequisite: NURS 573B. Theoretical and practical basis for management of children with cardiopulmonary and hematologic illnesses; management of the child with cancer.

530B Management of the Child with Gastrointestinal/Renal Problems (4)
Prerequisite: NURS 530A. Theoretical and practical basis for management of children with acute dysfunction of gastrointestinal and renal systems.

530C Management of the Child with Trauma/Burns and Neurological Problems (4)
Prerequisite: NURS 530B. Theoretical and practical basis for management and evaluation of children with acute dysfunction of neurological system and/or suffering from trauma/burns.

531A Cardiopulmonary/Hematology/Oncology Pediatric Acute Care Nurse Practitioner Practicum (4)
Prerequisite: NURS 573B. Corequisite: NURS 530A. Management of children with multifaceted, complex cardiopulmonary, hematology, and oncology problems; emphasis on clinical decision-making, interventions and evaluation strategies related to child/family outcomes in pediatric health care settings.

531B Gastrointestinal/Renal Pediatric Acute Care Nurse Practitioner Practicum (4)
Prerequisite: NURS 531A. Corequisite: NURS 530B. Management of children with multifaceted, complex gastrointestinal and renal dysfunction; emphasis on clinical decision-making, interventions, and evaluation strategies related to child/family outcomes in pediatric health care settings.

531C Neurological/Trauma/Burns Pediatric Acute Care Nurse Practitioner Practicum (4)
Prerequisite: NURS 531B. Corequisite: NURS 530C. Management of children with trauma, burns and neurological problems; emphasis on clinical decision-making, interventions, and evaluation strategies related to child/family outcomes in pediatric health care settings.

532 Child and Family Adaptation to Illness (2)
Prerequisite: Admission to graduate program in nursing or consent of instructor. Theoretical base for identifying and strengthening physiological and psychological coping behaviors of the seriously ill or disabled child and family in pediatric health care settings.

542ABC Seminar: Psychiatric Mental Health Nursing (6, 3, 3)
Corequisite: NURS 595. Study and analysis of theories of psychotherapy, family therapy and group therapy; development of eclectic models; application of appropriate models to development of psychiatric/mental health nursing interventions.
545 International Health Care Experience (1)
Prerequisite: NURS 578, 524, 525 or permission of faculty. Student/faculty clinical application of assessment, diagnosis, management, and education/counseling of indigenous clients in their environment outside of the United States. Minimum B grade required for passing. May be repeated up to 3 units.

560A Development of Educational Programs in Nursing I (3)
Prerequisites: EDFN 510; NURS 592; One year of clinical experience as RN. Development of nursing educational programs in collegiate, staff development and client settings; roles of nurse educator including instruction and evaluation roles.

560B Development of Education Programs in Nursing II (3)
Prerequisites: EDFN 510; NURS 560A, NURS 592. Development of nursing educational program in collegiate, staff development and client settings; conceptual models for organization of nursing curricula; issues and trends in nursing education.

562 Human Resource Utilization in Health Care Organizations (2)
Analysis of procedures in health care personnel practices: licensure, recruitment, hiring, staffing, continuing education, performance evaluation, incentive plans; changing roles among health care personnel.

564 Seminar: Health Care Administration (2)
Corequisite: NURS 595. Administrative issues in health care settings: goal complexity, power distribution, administrative-professional conflict, decision-making process, introduction of change; systems concept as assessment tool; interdependence of management team members in a health agency.

566 Advanced Pathophysiology (4)
Prerequisite: Admission to graduate program in nursing or consent of instructor. Physical disease processes within human body; body’s adaptive physiologic mechanisms resulting from pathophysiologic alterations; rationale for clinical intervention. Some sections may use technologically mediated instruction.

572A Advanced Health Assessment and Health Promotion (4)
Prerequisite: NURS 566. Corequisite: NURS 573A. Advanced health assessment of clients from holistic and contextual perspectives; analysis of physical, psychosocial, developmental, and environmental needs and processes of clients across the life span. Major health promotion strategies.

572B Developmental Assessment and Health Promotion (2)
Corequisite: NURS 572A. Developmental theories and tasks, nursing assessment strategies and health promotion in clients across the life span, as appropriate for advanced practice nurses.

573A Advanced Health Assessment and Health Promotion Laboratory (1)
Prerequisite: Successful completion of recent physical assessment course. Corequisite: NURS 572A. Clinical application of theory and research focusing on advanced assessment skills essential to practice in students’ area of specialization.

573B Advanced Health Assessment and Health Promotion Practicum (3)
Prerequisite: NURS 573A. Application of advanced comprehensive health assessment and health promotion knowledge and skills to clients in selected adult or pediatric inpatient and/or outpatient clinical settings.

573C Advanced Health Assessment and Health Promotion Practicum (1)
Prerequisites: NURS 572 and 578. Corequisite: NURS 573B. Application of advanced comprehensive health assessment and health promotion knowledge and skills to culturally diverse families in primary health care settings.

578 International Health Perspectives (4)
Prerequisites: NURS 524 and 525 for Family Nurse Practitioner students only. Global nurse practitioner practice, meeting health care needs unique to developing, underserved nations and international travelers. Includes assessment, diagnosis, and management of tropical disease and health promotion/disease prevention.

580 Introduction to Forensic Nursing (4)
Prerequisite: Consent of Instructor. This course focuses on the principles of forensic nursing and the nursing care of patient populations including children who are abused, men and women who are sexually assaulted and battered and the men and women who commit these crimes. Some sections may use technologically mediated instruction.

590 Nursing Research Methods (4)
Prerequisite: NURS 592. Research designs and methodologies in nursing leading to proposal development. Some sections may use technologically mediated instruction.

592 Theoretical Basis of Nursing Research and Practice (2)
Prerequisites: NURS 490 or equivalent and 4-unit statistics course. An introduction to analysis and evaluation of selected nursing and interdisciplinary theories and the relationship to nursing research and practice. Some sections may use technologically mediated instruction.

594 Decision-Making in Nursing and Health Care Policy (3)
Prerequisite: Admission to graduate program or consent of instructor. Nursing decision-making for health care systems based on ethical, economical, legal, political and professional considerations; analysis of health care policy and role of nursing in changing health care delivery system. Some sections may use technologically mediated instruction.

595 Advanced Field Study (1-15)
Corequisite: One NURS seminar selected from 506AB, 524; 542ABC, 560AB, 564, or enrollment in MS–Health Care Management program. Experience in specialized clinical and functional areas assigned on an individual basis. Weekly tutorial sessions required for student-teacher synthesis of data from concurrent seminar and field experience. Graded CR/NC.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Masters Degree section of this chapter.

597 Graduate Research (1–4)
Prerequisites: NURS 590 and instructor consent to act as sponsor. Independent research under guidance of faculty sponsor. May be repeated for credit. Graded CR/NR only.
598 Graduate Directed Study (1–4)  
Prerequisite: Instructor consent to act as sponsor. Directed study of advanced topics in field; regularly scheduled conferences with sponsor. May be repeated to maximum of 8 units.

599 Thesis or Project (1–3)  
Prerequisites: Advancement to candidacy, two units of NURS 597, instructor consent to act as sponsor, departmental approval of topic prior to registration. Independent research resulting in a thesis or project. Must be repeated to maximum of 3 units. Graded CR/NC.
Pan-African Studies (PAS) encompasses the systematic investigation of the history, culture, social relationships, political economy, literature, arts, and languages of peoples of African descent and their contribution to world civilization. In order to give students a unique foundation for critical thinking and socio-cultural analysis, the curriculum combines in-depth and transnational approaches to the study of the black experience. In particular, PAS places African American studies in a larger comparative context. Students who elect the major will be equipped for graduate work in African American, African, ethnic, and cultural studies as well as in a range of traditional academic disciplines. Students interested in graduate work in a traditional academic discipline should consider a minor in that field. PAS degree holders have found careers in teaching, community development and leadership, international affairs, non-governmental organizations, public relations, social work, urban research, community law, civil service, industrial relations, and many other comparable professions.

As a program of study, PAS places the black experience in the larger context of Africa and the African Diaspora - thus the name "Pan African" Studies. The goal of the curriculum is to allow for flexibility in required core and upper division elective courses. This approach maximizes student ability to determine areas of emphasis and, with faculty advisement, to select a creative set of courses that expose majors or minors to the historical context, fundamental concepts, and central issues in the field of Pan African Studies.

The Faculty
Professors: C.R.D. Halisi (Chair), Mustafah Dhada.
Assistant Professor: Melina Abdullah.
Emeriti: Jonathan Nwomonoh, Aida Takla O'Reilly.

Undergraduate Programs

Bachelor of Arts Degree in African American Studies
Students must promptly and regularly confer with the department adviser regarding course selection and availability.

The total number of units required for the Bachelor of Arts degree in African American Studies is 180 units, of which 68 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (68 units)
The major in Pan African Studies consists of 32 required lower and upper division core courses and 36 electives units. 16 units of electives may be taken in other fields of study. Students should work closely with department adviser on the selection of appropriate electives in other fields.

Required Core Courses (32 units)

Up to 16 units of course work may be taken from the following list of courses offered in other fields:

ANTH 413  Peoples of Africa (4)
ANTH 361  Race, Racism and Human Variation (4)
ART 481  African Art (4)
TVF 334  "Race," Justice and Mass Media (4)

List of Courses (PAS)

Courses in Pan-African Studies (PAS)
Lower Division Courses

102 The African Diaspora in the United States (4) (also listed as LAS 102)
Diversity among the varied people of African descent in the United States and their relation to the dominant society. GE D

108 Comparative Ethnic Studies (4) (also listed as LAS, AAAS, CHS 108)
This survey course examines comparatively the notions of "race" and ethnicity, the exploitation based on these statuses, and the resulting resistance and multi-ethnic social movements in the U.S. and elsewhere. GE C3

120 Elementary Igbo (4 Units).
Methodical presentation of fundamental structure of language through hearing, speaking, reading and writing Igbo. Introduction to the customs, culture, and institutions of the Igbo people.

125 Elementary Conversational African Language (4)
Methodical presentation of structure of particular African language through hearing, speaking, reading, and writing the language. May be repeated to maximum of 12 units as language offered changes.

250AB African History (4, 4)
Major themes of African history from origin of man and African civilization to institutional realities of Africa today.

251AB African American History (4, 4)
History of African Americans from the beginning of the nation to the present.

253 Caribbean History (4)
Caribbean history and development including history of indigenous peoples, European colonialism, slavery, resistance, and independence. Includes Spanish-, English-, French-, and Dutch-speaking Caribbean islands.

254 Special Topics in Pan-African Studies (1–4)
Prerequisite: As needed for specific topic. Current topics of special interest to students in Pan-African Studies, as announced in Schedule of Classes. May be repeated to maximum of 8 units as subject matter changes.

260 Third World Images in Film (4) (also listed as CHS 260)
Introduction to a critical examination of the historical and cultural representations of Third World peoples, including U.S. and Third World cinemas. GE C2

Minor in Pan-African Studies
Requirements for the Minor (24 units)

A minor in Pan African Studies is designed to provide students with an emphasis on the black experience that complements course work in other majors. The PAS minor requires 8 units of lower division core, 8 units of upper division core and 8 units of elective courses. The University requires that minors complete at least 12 units of upper division coursework. Electives must be drawn from courses offered within the Department of Pan African Studies. Students may refer to the PAS major for a list of lower and upper division core courses as well as appropriate upper division elective courses.
Upper Division Courses

### 301 The Black Experience Across Disciplines: Intensive Writing and Research (4)
Prerequisites: ENGL 102 and satisfactory completion of the Graduation Writing Assessment Requirement (GWAR). Interdisciplinary approach to Pan-African Studies that provides an intensive writing experience including: thesis-statement development, organization and structure, citations bibliography, data collection, argumentation/methodology, and utilization of editorial assessment.

### 327 Ethnicity and Emotions in U.S. Film (4)
(also listed as ENGL 327 and CHS 327)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Critical analysis of the representations of ethnicity and emotions in U.S. film. GE Theme E

### 342 Cultural Impact of Development (4)
(also listed as LAS 342)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Impact of colonialism, neocolonialism and globalization on art, literature, music and identity in developing countries. GE Theme A

### 360 Dynamics of Change in the Developing World (4)
(also listed as LAS 360 and POLS 360)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Case studies illustrating why the third world came into being and how it is changing in the context of the globalized world economy. GE Theme A

### 369 Race, Activism, and Emotions (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. With reference to historic and contemporary movements for racial justice, this course examines how human emotions both shape, and are shaped by, individual and group action. GE Theme E

### 377 Literary Explorations of Justice and Racism (4)
(also listed as ENGL 377)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Analysis of the literary depiction of racism and justice, with emphasis on the treatment of civil rights issues in fiction, drama, and poetry. GE Theme E

### 380 Education and Development in the Third World (4)
(also listed as EDFN 380 and LAS 380)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Comparative analysis of the systems of education in the Third World with particular emphasis on educational problems and issues, and their relationship to economic development and social change. GE Theme H

### 386 Literature and the Third World (4)
(also listed as ENGL 386)
Prerequisites: Completion of Basis Subjects (Block A) and one course from Block C. Critically survey cultural representations, themes, and techniques of Third World literature and their Western diaspora writers.

### 395 Service in Black Community (1–4)
Prerequisites: Approval by department faculty adviser in consultation with EPIC Director, acceptance by community agency. Participation in work of community agency or activity utilizing professional and/or vocational skills in service to community. Graded CR/NC. Credit toward baccalaureate limited to 4 units.

### 400 Psychology and African Americans (4)
An examination of psychological research/theory relevant to African Americans, particularly the impact of racial discrimination on identity, class, gender, sexual orientation, biracialism, family-community relations, education, and mental health.

### 401 Topics on Education and African American Advancement (4)
Examines American capitalism and government policy in relation to racial discrimination and inequality; course also explores strategies of economic empowerment and social justice in the black experience.

### 402 Black Political Economy (4)
Examines American capitalism and government policy in relation to racial discrimination and inequality; course also explores strategies of economic empowerment and social justice in the black experience.

### 403 The Black Intellectual Tradition (4)
A comprehensive survey of the modern black intellectual tradition and relevant social movements, including thinkers associated with nationalism, socialism, communism, liberalism, populism, feminism, Pan-identity, conservatism and other approaches to thought.

### 404 The Black Family (4)
Examines transitions of the African American family from slavery to the present, including distinctive structures/values and interpretations of its African heritage.

### 405 Black Feminism (4)
Examines ideas associated with Black feminism -- social foundations of Black women's consciousness, Black male-female relations and engagement with other feminisms, both mainstream and amongst women of color.

### 406 Black Women Leaders in Thought and Politics (4)
Highlights the civic engagement of Black women in America and comparative contexts. The course emphasizes black gender identity as an influence on political, religious, social, professional and intellectual activism.

### 408 Comparative Diaspora Studies (4) (also listed as AAAS, CHS, LAS 408)
Prerequisite: Any lower division course in AAAS, PAS, CHS or LAS. The course is a comparative examination of diaspora among principally Africans, Asians and Latin Americans emphasizing the conditions of dispersal, the patterns of settlement, and the formations of global tribes.

### 412 Third World Women and Development (4)
Prerequisites: Upper division standing: ANTH 250 recommended. The status and role of Third World women in societal development with primary emphasis on black women in developing counties.

### 414 African Diaspora: Globalization, Locality, Community (4)
Concepts such as globalization, identity, locality and community are used to expose students to diversity within the African Diaspora and to countries with significant populations or subpopulations of African descendants.

### 416 Pan Africanism and World Politics (4)
The interplay of Pan-Africanism as a cultural and sociopolitical movement in world politics.
417 Hip-Hop as Political Expression (4)
Course examines Rap/Hip-Hop music as a form of political expression, with special emphasis on its domestic and international influence among youth in marginalized communities.

418 African American Religion as Civic Culture (4)
Examines African American religion as a unique civic culture, including protest movements, political engagement, leadership formation, public policy, intellectual/theological traditions, Pan African identity, Islam/ black nationalism, and international affairs.

420 African Foundations of African American Culture (4)
Exploration of existence of Africanisms, retentions, and syncretisms in the New World and their relationship to contemporary events and society.

421 African American Music as History and Criticism (4)
Relates definitive styles of African American music to their original historical and social contexts as well as to assessments of each genre's influence on black identity and race relations.

422 Themes in Black Literature (4)
Analysis and discussion of representative works of black authors from 18th century to present.

423 Caribbean Literature (4)
Early imitative Caribbean literature, its evolution into authentic original and individual expression of self; contemporary Caribbean writers, emphasis upon poetry, novels, and plays of Aime Cesaire.

426 African Literature (4)
(also listed as ENGL 426)
Prerequisite: ENGL 250. African literature and its cultural background. Intensive study of writers in English and others in translation. Critical compositions and reports required.

440 Power and African American Communities (4)
Study of power relations in African American communities, including the interaction of community and dominant institutions.

441 Power and African American Communities: Field Research (4)
Prerequisite: PAS 440 recommended. Supervised study and field research on topics relevant to power in African American communities.

456 Politics of the Caribbean and Central America (4)
(also listed as POLS 456)
Prerequisite: POLS 150. Political development and dependency in the Caribbean and Central America.

480 Education and Development in Africa (4)
Prerequisite: Upper division standing. Study of the educational systems in Africa with emphasis on the social, economic, and political factors influencing educational objectives and strategies.

490 Special Topics in Pan-African Studies (4)
Prerequisite: Instructor consent. Presentation and discussion of academic papers relating to given topic; lectures aimed at critical analysis and appraisal. May be repeated once for credit.

495 Senior Thesis (1-4)
Prerequisites: ENGL 102*; passing WPE score; PAS 301; senior standing; consent of full-time faculty member to serve as advisor and recommendation of department chair. Individual project/senior thesis on Pan African Studies topic; course emphasizes research techniques, problem identification, hypothesis formulation, data gathering/analysis, effective writing and academic standards of format/style.

*Students subject to earlier catalogs satisfy this prerequisite with ENGL 101 or 190.

499 Undergraduate Directed Study (1–4)
Prerequisites: Minimum of 8 units in Pan-African Studies, 3.0 grade point average, senior or graduate standing, consent of full-time faculty member to serve as sponsor, and recommendation of department chairperson. Term project selected in conference with sponsor, progress meetings held regularly, final report required. May be repeated to maximum of 8 units.
Philosophy engages students in thinking about the fundamental questions of human life—life’s meaning and the ways in which we understand the world and our place in it. Philosophy students read and discuss writings of the world’s great thinkers, both in the history of philosophy and in the contemporary arena. Studies include, for example, ethics, political and social thought, logic, theory of knowledge, philosophy of science, philosophy of art and film, philosophy of law, philosophy of religions, metaphysics, feminist philosophy, philosophy and race, biomedical ethics, existentialism, postmodern thought, the philosophers of China, Japan, India, and Latin America.

Those who study philosophy are valued by employers, graduate schools and professional schools in a wide range of fields for their analytic skills, their clear thinking and writing, their creative imagination, and the broad base of their background and knowledge. Philosophy is an appropriate field of study for students hoping to attend law school.

An undergraduate major can be taken in Philosophy with either of two options: General and Prelaw. An undergraduate minor in Philosophy with General and Prelaw options is available for students majoring in other fields.

An interdisciplinary minor in Classics is administered by the Department of Philosophy. The faculty is drawn from cooperating departments of the College of Arts and Letters and the College of Natural and Social Sciences.

The Master of Arts degree in Philosophy offers students a broad background in both the history of philosophy and contemporary thought. The program is designed to accommodate various student goals; for example, preparation for further graduate study or for community college teaching as well as self-enrichment. In some specific areas of philosophy, career opportunities are available in institutions engaged in basic research.

A postbaccalaureate certificate program in Teaching Critical Thinking is available for those with an interest in the theory and techniques of teaching critical thinking at either the college or secondary school level.

Philosophy students have many opportunities to interact informally with faculty members and to work with each other. There is a student Philosophy Club and a student journal, *Philosophy in Practice.*

### The Faculty

**Professors:** Mark Balaguer (Chair), Jennifer Faust, Ricardo J. Gómez, Henry R. Mendell, Joseph B. Prabhu, Kayley Vernallis.

**Associate Professors:** Talia Bettcher, David Pitt.

**Assistant Professors:**

**Emeriti:** Sidney P. Albert, Thomas Annese, Sharon Bishop, Donald R. Burrill, Ann Garry, George R. Vick.

---

## Undergraduate Programs

### Bachelor of Arts Degree

The Bachelor of Arts degree in Philosophy is suited to the needs of several groups of students: those seeking a broad and integrated liberal education; those preparing for law school; those interested in careers in government, education, publishing, theology, or the ministry; and those planning to do graduate work in philosophy with an aim of teaching at the college level.

The total number of units required for the Bachelor of Arts degree in Philosophy is 180 units, of which 62-82 are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

### Requirements for the Major (62-82 units)

#### General Option (62 units)

A total of 62 quarter units in philosophy is required for the major with the General option.

#### Lower Division Required Courses (8 units)

### Upper Division Required Courses (18 units)
- PHIL 300 Philosophical Research and Writing (4)
- PHIL 304 Ethics I (4)
- PHIL 311 History of Ancient Philosophy (4)
- PHIL 313 History of Modern Philosophy (4)
- PHIL 496 Senior Seminar (2)

### Electives (16 units)
Select one from the following:
- PHIL 410 Social and Political Philosophy (4)
- PHIL 420 Ethics II (4)
- PHIL 475 Aesthetics (4)
Select one from the following:
- PHIL 452 Medieval Philosophy (4)
- PHIL 458 Major Figures in Modern Philosophy (4)
- PHIL 459 Recent Philosophy (4)
Select at least two from following including at least one from 405, 460, 470:
- PHIL 404 Inductive Logic (4)
- PHIL 405 Symbolic Logic (4)
- PHIL 406 Advanced Logic (4)
- PHIL 460 Metaphysics (4)
- PHIL 470 Theory of Knowledge (4)
- PHIL 480 Philosophy of Language (4)
- PHIL 485 Philosophy of Science (4)

### Additional Electives (20 units)
At least 12 units must be at the 400-level. Select courses with adviser approval.

### Prelaw Option (82 units)
A total of 82 quarter units is required for the major with the Prelaw option, including 62 units in philosophy and 20 outside philosophy.

### Lower Division Required Courses (8 units)
- PHIL 151 Philosophical Ideas: Knowledge and Reality (4) or
- PHIL 152 Philosophical Ideas: Human Values (4)
- PHIL 160 Critical Thinking (4) or
- PHIL 250 Introduction to Symbolic Logic (4)

### Upper Division Required Courses (12 units)
- PHIL 300 Philosophical Research and Writing (4)
- PHIL 304 Ethics I (4)
- PHIL 311 History of Ancient Philosophy (4) or
- PHIL 313 History of Modern Philosophy (4)
- PHIL 490 Philosophy of Law (4)
- PHIL 490 Philosophy of Law (4)
- PHIL 490 Philosophy of Law (4)

### Electives (8 units)
Select two from the following:
- PHIL 410 Social and Political Philosophy (4)
- PHIL 420 Ethics II (4)
- PHIL 490 Philosophy of Law (4)

### Additional Electives (8 units)
Select philosophy courses with adviser approval.

### Minor in Philosophy
A total of 32 units is required, including at least 24 units in upper division courses.

### Requirements for the General Option Minor (32 units)

#### Lower Division Required Courses (8 units)
- PHIL 151 Philosophical Ideas: Knowledge and Reality (4) or
- PHIL 152 Philosophical Ideas: Human Values (4)
- PHIL 250 Introduction to Symbolic Logic (4)

#### Upper Division Required Courses (12 units)
- PHIL 304 Ethics I (4)
- PHIL 311 History of Ancient Philosophy (4)
- PHIL 313 History of Modern Philosophy (4)
- PHIL 410 Social and Political Philosophy (4)
- PHIL 420 Ethics II (4)
- PHIL 490 Philosophy of Law (4)

#### Electives (12 units)
Select 12 philosophy units with adviser approval.

### Minor in Classics
The minor in Classics is an interdisciplinary program that provides students with an understanding of the culture of ancient Greece and Rome. In conjunction with a major program in anthropology, art history, English, history, philosophy, or political science, the classics minor will prepare students for graduate study in the major field. Alternatively, the Classics program can serve as a means of enriching one’s experience and achieving a fuller understanding of contemporary Western culture.

The minor consists of 28 units, of which 4 are required in Classics and 24 are selected from the five areas listed below. Courses chosen must include at least one from each of three different areas. Prior approval must be obtained from the adviser for selected topics and directed study courses. No more than 8 units taken for credit in the student’s major program can be used to meet requirements for the minor. Each student’s program must be approved by the director and principal adviser of the Classics program.

### Requirements for the Minor (28 units)

#### Core course (4 units)
- CLAS 300 Origins of Classical Thought (4)
Area I: Anthropology and Art
ANTH 425 Archaeology of the Old World (4)
ART 406 Ancient Near Eastern Art and Archaeology (4)
ART 411 Greek and Roman Art (4)
ART 476 Early Christian and Byzantine Art (4)

Area II: Mythology, Literature, and Rhetorical Theory
ENGL 258 Mythology in Literature (4) (when classical)
ENGL 354 Selected Topics in Literature (4) (when classical)
ENGL 424 Greek and Roman Drama in Translation (4)
ENGL 497 Special Studies in World Writers in Translation (1–4) (when classical)
COMM 454 Selected Studies in Communication (1–4) (when classical)
TA 460 Studies in Selected Dramatists (1–4) (when classical)

Area III: History and Political Theory

HIST 411 History of Ancient Greece (4)

Area IV: Philosophy
PHIL 311 History of Ancient Philosophy (4)
PHIL 450 Plato (4)
PHIL 451 Aristotle (4)
PHIL 474 Philosophy in Literature (4) (when classical)

Area V: Languages
LATN 100ABC Elementary Latin (4, 4, 4)

Graduate and Postbaccalaureate Programs

Master of Arts Degree
The Master of Arts degree in Philosophy draws students with a wide range of interests and professional goals, including further graduate study in philosophy, community college teaching and personal enrichment. Although the department is analytically oriented, it encourages work in other areas, for example, Asian philosophy, feminist philosophy, and the intersection between European and Anglo-American thought.

Admission to the Program
In addition to University requirements for admission to graduate study (a 2.5 grade point average in the last 90 quarter units) applicants must possess a baccalaureate in philosophy or a baccalaureate with a major in a field other than philosophy supplemented by appropriate preparation in philosophy.

Applicants must consult an adviser in philosophy to determine whether any academic deficiencies exist before admission to the program can be granted.

Requirements for the Degree (45 units)
Required Courses
A total of 45 units is required, with at least 36 in philosophy and 23 in 500-level courses. Courses outside philosophy must be relevant to the student’s program.

Prerequisites
Students are required to include the following philosophy courses in their program, if not completed prior to admission to the program:
PHIL 405 Symbolic Logic (4)
PHIL 460 Metaphysics (4)
PHIL 470 Theory of Knowledge (4)

Comprehensive Examinations or Thesis (0, 1–6 units)
PHIL 596 Comprehensive Examination (0) or PHIL 599 Thesis (1–6)

Comprehensive Examinations
Students must comply with college and departmental eligibility requirements for registration for the comprehensive examinations (PHIL 596) and may take all three examinations during one quarter or spread them over successive quarters. Students are required to pass comprehensive examinations in three of the following four areas: History of philosophy (ancient, modern, and either medieval or recent); metaphysics and theory of knowledge; philosophy of science, philosophy of language, logic (any two); and ethics and either aesthetics or social and political philosophy.

Students are permitted two attempts to pass each comprehensive examination. Students who fail a comprehensive examination in the same area a second time will be disqualified from the program.

Thesis
Completion of the first 24 units of the master’s degree program with a minimum 3.5 grade point average, approval of the thesis proposal by the department, enrollment in 1-6 units of PHIL 599, and an oral examination on the thesis are required for the thesis option. Students who have at any time attempted the comprehensive examination (PHIL 596) are ineligible for this option.

Students who select the thesis option must include seminars in at least three of the four major comprehensive examination areas in their master’s degree program.

Certificate Program in Teaching Critical Thinking
The credit certificate program in Teaching Critical Thinking is designed for those with an interest in the theory and techniques of teaching critical thinking at either the college or secondary school level.

In addition to University requirements for admission to graduate study, applicants must have some background in philosophy or another humanistic discipline and have completed PHIL 250: Introduction to Symbolic Logic, or the equivalent. Interested students should consult the program coordinator in the Department of Philosophy. Deficiencies in preparation may be remedied during the first quarters of enrollment in the program.

This certificate program is not equivalent to any program that leads to a teaching credential. A total of 24 units is required, including 20 units in the required core and 4 in electives, with a minimum B (3.0) grade point average. All Philosophy courses except PHIL 580 and 581 are applicable to the Master of Arts
in Philosophy. Typically, no more than 25% of course work for the certificate may be transferred from another program. Refer to the Graduate and Postbaccalaureate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirements for the Certificate (24 units)

**Required Core Courses (20 units)**

- PHIL 580 Seminar: Critical Thinking--Models and Strategies (4)
- PHIL 581 Projects in Teaching Philosophy (4)

Select three from the following:

- PHIL 404 Inductive Logic (4)
- PHIL 405 Symbolic Logic (4)
- PHIL 470 Theory of Knowledge (4)
- PHIL 480 Philosophy of Language (4)
- PHIL 485 Philosophy of Science (4)

**Electives (4 units)**

In consultation with an adviser, select one 400 or 500-level philosophy course or seminar or COMS 576 Seminar: Argumentation, Discussion, and Debate (4)

Students who are interested in teaching critical thinking courses in areas other than philosophy may substitute appropriate courses with adviser approval.

---

**List of Courses - Undergraduate Level**

**Course in Classics (CLAS)**

**Upper Division Course**

- 300 Origins of Classical Thought (4)
  Beginnings of classical culture in ancient Greece; analysis of early classical conception of art, sciences, technology, politics, philosophy, and religion; emphasis on role of basic concepts in shaping Greek and Roman civilization.

**Courses in Philosophy (PHIL)**

**Lower Division Courses**

- 151 Philosophical Ideas: Knowledge and Reality (4)
  An examination of major philosophical issues concerning knowledge and reality, such as skepticism, belief, truth, the existence of God, personal identity, and the mind/body problem.

- 152 Philosophical Ideas: Human Values (4)
  An examination of philosophical issues concerning human values, such as relativism, the good life, and value conflicts.

- 160 Critical Thinking (4)
  Logical analysis of language and critical evaluation of arguments in everyday language; deductively valid and invalid argument forms; rudiments of inductive logic and scientific reasoning; informal fallacies. Some sections to be offered online.

- 200 Introduction to Comparative Religions (4) (also listed as RELS 200)
  Methods and concepts in comparative religions; multidisciplinary approaches to the study of ancient and contemporary religious phenomena in literate and nonliterate cultures. Some sections of the course may be taught online.

- 210 Conceptions of the Self in Philosophy and Literature (4) (also listed as ENGL 210)
  Examination of various conceptions of the self as they arise in philosophical and literary texts; examination of methods and goals of the philosophical and literary arts.

**Upper Division Courses**

- 300 Philosophical Research and Writing (4)
  Prerequisite: Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR). Instruction and practice in philosophical analysis, research, and writing; survey of various forms of philosophical writing; reading, research, and writing strategies; preparation for advanced course work in philosophy.

- 304 Ethics I (4)
  Analysis of empirical and normative factors involved in choice, types of ethical theory, nature of moral standards and judgments.

- 311 History of Ancient Philosophy (4)
  Development of philosophical thought from the pre-Socratics to Plotinus; principal thinkers, major problems, and dominant trends in Western thought.
313 History of Modern Philosophy (4)
Prerequisite: One PHIL course. Development of philosophical thought from the Renaissance to Kant; principal thinkers, major problems, and dominant trends in Western thought.

321 Ancient Thought and its Modern Legacy (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Major themes in classical thought and their ongoing influence, for example, the development of self-consciousness, the concept of rationality, human values and the meaning of life.

323 Human Diversity and Justice (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Philosophical examination of justice and its relations to individual, social and political treatment of differences in race, ethnicity, gender, class, religion. Implications for individual and cultural pride, self-respect, cultural diversity. May include optional service learning.

325 Violence and Ethics (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Philosophical examination of the nature of individual and societal violence including physical and psychological violence. Ethical issues: justification of violence, responsibility for violence, treatment or punishment. Moral psychology of violence.

327 Philosophy, Gender and Culture (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Philosophical examination of concepts, values and assumptions relevant to gender in a multicultural context; for example, identity, power, culture and justice; moral issues concerning gender, sexual orientation, love and families. May include optional service learning.

334 Post-Colonial Values and Modernization in the Developing World (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Philosophical investigation of concepts and values underlying the modernization of developing countries in the areas of socio-economic development, cultural autonomy, ecological sustainability, and the post-colonial challenges of contemporary globalization.

354 Special Topics in Philosophy (1–6)
Prerequisite: As needed for specific topic. Topics of special interest in philosophy as announced in Schedule of Classes. May be repeated to a maximum of 8 units for credit as subject matter changes.

372 Philosophy and the Emotions (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Philosophical examination of the nature of emotion; exploration of emotions such as anger, fear, love, shame, jealousy. Relations among emotion, reason, action, character and self-control. Contributions of nature and culture.

373 Themes of Adult Life in Philosophy (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Maturity and aging explored philosophically through perspectives of race, ethnicity, class, and gender. Challenges of adult life such as personal relations, self-understanding and responsibility, death and dying, meaningfulness of life.

380 Ancient and Modern Science (4)
(also listed as HIST 380 and CHEM 380N)
Prerequisites: Completion of GE Basic Subjects (Block A) and one course from Block B. Systematic analysis of ancient scientific thought and its relationship to modern science.

385 Measurement of Human Difference (4)
(also listed as ANTH 385)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Exploration of issues of diversity and justice through examination of popularized accounts of scientific research into human difference; topics include I.Q. testing and race, “innate” gender differences, and sexuality.

395 Philosophy in Practice: Internships and Service Learning (1-3)
Prerequisite: Consent of instructor and, for service learning, clearance through EPIC. Experiential learning for philosophy majors/minors. Service to legal clinics, courts, schools, law enforcement, art organizations, youth, senior centers, etc. Traditional pre-law internships also available. Written reflection and meetings with instructor. May be repeated up to a maximum of 6 units. Graded CR/NC.

400-level Courses
All 400-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser.

400A Journal Editing and Production (2)
Prerequisite: PHIL 300 or graduate standing. Overview of the techniques for producing a philosophical essay; peer review and copy editing techniques. Class will assist in producing a volume of the student philosophical journal. May be repeated for credit.

400B Advanced Philosophical Writing and Journal Production (4)
Prerequisite: PHIL 300 or graduate standing. Advanced writing techniques, focusing on the production, evaluation, and revision of philosophical essays; peer review and copy editing techniques. Class will produce a volume of the student philosophical journal. May be repeated for credit.

404 Inductive Logic (4)
Prerequisite: PHIL 250. Analysis of induction and probability in everyday affairs and in science, systematic development of inductive logic, elements of the probability calculus and applications, philosophical issues in inductive logic.

405 Symbolic Logic (4)
Prerequisite: PHIL 250. Logic and language, nature of argument, meaning and truth, propositional calculus, and predicate calculus.

406 Advanced Logic (4)
Prerequisite: PHIL 405. Selected topics in logic; e.g., identity, definite descriptions, foundations of mathematics, metalogic, philosophical logic, as announced in Schedule of Classes. May be repeated as content changes.

407 Philosophy and Artificial Intelligence (4)
Philosophical investigation of computational technology, and the relation of the structure and operation of computers to human thought.
410 Social and Political Philosophy (4)
Prerequisite: One PHIL course. Philosophical foundations of social and political thought; analysis of such concepts as state, law, obligation, and sanction, and their relation to issues in metaphysics, theory of knowledge, and ethics.

413 Issues in Feminist Philosophy (4) (Also listed as WOMN 413)
Prerequisite: One PHIL course. Central philosophical concepts and issues investigated from feminist perspectives, for example, topics in epistemology, philosophy of science, ethics, and personal identity. May be repeated to a maximum of 8 units as topics vary.

415 Philosophy of Religion (4)
Prerequisite: One PHIL course. Systematic approach to issues of noteworthy religious significance, such as eternity, faith, worship, the holy, with aim of distinguishing religion from other modes of human experience.

420 Ethics II (4)
Prerequisite: PHIL 304. Contemporary meta-ethical theories, analyses of concept of good, analyses of concept of obligation, validation of moral statements, ethical relativism, praise and blame, moral responsibility.

425 Philosophy of History (4)
Prerequisite: One PHIL course. Philosophical study of Western historical writing and thought, nature of historical knowledge, historical explanation, history and values, meaning of history.

427 Environmental Ethics (4)
Prerequisite: One PHIL course. Philosophical examination of concepts, values and moral principles regarding the natural environment and its relationship to human life. Topics may include biodiversity, animal rights, population, world hunger, pollution, sustainable communities.

428 Ethics and Genetics (4)
Prerequisite: One PHIL course. Ethical implications of "mapping" the human genome. Topics include: genetic testing, privacy and informed consent; behavioral genetics; genetic enhancement and eugenics; genetic discrimination; impact on minorities and indigenous peoples.

429 Bioethics (4)
Prerequisite: One PHIL course. Philosophical consideration of moral issues concerning health and health care, such as decisions about death, reproductive choices, medical experimentation, and justice in allocating health resources.

430 American Philosophy (4)
Prerequisite: One PHIL course. Major movements of thought and principal thinkers in America from colonial times to 20th century; relationships of American philosophy to European intellectual currents; influence and effect of dominant doctrines on American life and outlook.

433 Latin American Philosophy (4)
Prerequisite: One PHIL course. Philosophical thought in Latin America with emphasis on contemporary philosophers, especially those of Mexico and Argentina.

436 South Asian Philosophy (4)
Prerequisite: One PHIL course. Exploration of the 4,000-year Indian/South-Asian philosophical traditions, encompassing the early classics, orthodox and unorthodox systems of Indian Philosophy, and modern developments.

437 East Asian Philosophy (4)
Prerequisite: One PHIL course. Exploration of the philosophical traditions of China, Japan and Korea and the development of those traditions, encompassing Confucianism, Taoism and Buddhism along with their rivals and offshoots.

440 Contemporary Philosophy (4)
Prerequisite: One PHIL course. Major problems, issues or trends in philosophy since 1900. May be repeated as topics change to a maximum of 8 units.

445 Existentialism (4)
Prerequisite: One PHIL course. Major works of existential philosophy; relation of existentialism to contemporary value problems; 19th century background and contemporary varieties of existential thought, both religious and nonreligious.

446 Phenomenology (4)
Prerequisite: One PHIL course. Descriptive and constitutive methodologies of phenomenology; application of phenomenological method to problems in ontology, aesthetics, language, psychology, and social theory.

447 Hermeneutics and Critical Theory (4)
Prerequisite: One PHIL course, preferably in history of modern philosophy. Major themes in hermeneutics and critical theory. Topics include: theories of meaning and interpretation, the nature of 'texts', the impact of politics, culture and economics on modes of understanding.

448 Postmodernism (4)
Prerequisite: One PHIL course, preferably in history of modern philosophy. Treatment of the major themes in postmodemism: the departure from modernism and structuralism; deconstruction; the critique of foundationalism in epistemology, ethics and politics; language and construction of meaning.

450 Plato (4)
Prerequisite: PHIL 311. Exposition and analysis of principal works of Plato.

451 Aristotle (4)
Prerequisite: PHIL 311. Exposition and analysis of principal works of Aristotle.

452 Medieval Philosophy (4)
Principal themes in neo-Platonic and/or neo-Aristotelian philosophy, with concentration on teachings of particular figures, e.g., Plotinus, Augustine, Pseudo-Dionysius, Anselm, Bonaventure, Aquinas, Duns Scotus, Ockham.

458 Major Figures in Modern Philosophy (4)
Selected philosophers in the modern era: e.g., Descartes, Hobbes, Spinoza, Locke, Berkeley, Hume, Rousseau and Kant. Specific topic listed in Schedule of Classes. May be repeated to a maximum of 8 units as content changes.

459 Recent Philosophy (4)
Prerequisite: One PHIL course. PHIL 313 recommended. Selected philosophical themes from Kant to late 19th century; contributions of selected philosophers, e.g.: Kant, Hegel, Marx, Nietzsche, Kierkegaard, Comte and Mill.

460 Metaphysics (4)
Prerequisite: One PHIL course. Investigation of fundamental nature of reality and of persons. Topics include some of the following: free will, personal identity, the mind/ body problem, universals and particulars, abstract objects, space/time and causality.
470 Theory of Knowledge (4)
Prerequisite: PHIL 250; one additional PHIL course. Investigation of fundamental nature of human knowledge and related concepts, including belief, truth, and justification; additional topics may include: realism and relativism, skepticism, critiques of traditional theory of knowledge.

471 Philosophy of Mind (4)
Prerequisite: One PHIL course. Philosophical analysis of concepts of mind, mental phenomena, actions, emotions, and will; philosophical theories of mind.

474 Philosophy in Literature (4)
Philosophical ideas and issues in selected literary works.

475 Aesthetics (4)
Prerequisite: One PHIL course. Main problems and principal theories of art creation, appreciation and criticism; aesthetic experience and the work of art; principles of aesthetic evaluation and their effect on morality, government, society, science and philosophy.

480 Philosophy of Language (4)
Prerequisites: PHIL 250; one additional PHIL course. Semantic, syntactic, and pragmatic dimensions of language; theories of signs and meaning; cognitive, emotive, and other features of language; ordinary language and formal language as analytical tools; philosophical importance of language.

485 Philosophy of Science (4)
Prerequisite: PHIL 250 or upper division standing in any major. Philosophical issues in the physical, life, and social sciences. Problems selected for study may include: concept formation, hypotheses and models, meaning and verification, prediction and explanation, causality and natural law.

490 Philosophy of Law (4)
Prerequisite: One PHIL course. Philosophical investigation of fundamental presuppositions of legal theory, analysis of basic legal concepts.

495 Proseminar: Selected Works in Philosophy (4)
Prerequisite: Varies according to subject matter. Close study of major philosophical writings, stressing meaning, methods of inquiry, and grounds upon which argued. Content varies. May be repeated to a maximum of 12 units for credit as subject matter changes.

496 Senior Seminar (2)
Prerequisite: Senior standing in Philosophy major. Reflection on the purposes, methods and styles of Philosophy. Students’ self-assessment of their own philosophical development.

499 Undergraduate Directed Study (1–4)
Prerequisites: Consent of an instructor to act as sponsor; ability to assume responsibility for independent work and to prepare written and oral reports. Project selected in conference with sponsor before registration; progress meetings held regularly. May be repeated to a maximum of 8 units for credit.

Graduate Level Courses (PHIL)

All 400-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser. Classified graduate standing is required for admission.

510 Seminar: History of Philosophy (4)
Advanced study of selected figures and problems in history of philosophy. May be repeated to a maximum of 12 units as subject matter changes.

521 Seminar: Logic (4)
Advanced study of selected problems in deductive or inductive logic. May be repeated to a maximum of 12 units as subject matter changes.

523 Seminar: Philosophy of Language (4)
Advanced study of selected problems in philosophy of language. May be repeated to a maximum of 12 units as subject matter changes.

525 Seminar: Philosophy of Science (4)
Advanced study of selected problems in philosophy of the sciences, including mathematics, natural sciences, psychology, and social sciences. May be repeated to a maximum of 12 units as subject matter changes.

531 Seminar: Metaphysics (4)
Advanced study of selected problems in metaphysics. May be repeated to a maximum of 12 units as subject matter changes.

532 Seminar: Theory of Knowledge (4)
Advanced study of selected problems in theory of knowledge. May be repeated to a maximum of 12 units as subject matter changes.

542 Seminar: Aesthetics (4)
Advanced study of selected problems in aesthetics. May be repeated to a maximum of 12 units as subject matter changes.

543 Seminar: Ethics (4)
Advanced study of selected problems in ethics, including moral theory and applied issues. May be repeated to a maximum of 12 units as subject matter changes.

544 Seminar: Social and Political Philosophy (4)
Advanced study of selected problems in social and political philosophy, including social/political theory and applied issues. May be repeated to a maximum of 12 units as subject matter changes.

580 Seminar: Critical Thinking–Models and Strategies (4)
Prerequisites: 12 units of Critical Thinking certificate coursework. PHIL 405 strongly recommended. Theoretical models of critical thinking and pedagogical strategies and materials for teaching different kinds of students.

581 Projects in Teaching Philosophy (1–4)
Prerequisite: Consent of instructor. Planned preparation and critical evaluation of undergraduate philosophy classes, especially Critical Thinking. May be repeated to a maximum of 16 units. Graded CR/NC.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Masters Degree section of this chapter.

598 Graduate Directed Study (1–4)
Prerequisite: Consent of faculty sponsor before registration. Independent study of advanced topics in field; regular conferences with sponsor. May be repeated to a maximum of 8 units for credit.

599 Thesis (1–6)
Prerequisites: Minimum 3.5 grade point average in first 24 units of MA program, formal approval by department. Independent research resulting in a thesis. May be repeated to maximum of 6 units. Graded CR/NC. Not open to students with prior enrollment in comprehensive examinations (PHIL 596).
The Department of Physics and Astronomy offers undergraduate and graduate programs in physics, with opportunities for professional preparation in a variety of directions, including astronomy, astrophysics, biophysics, condensed matter physics, and nuclear physics.

Undergraduate programs include one leading to the Bachelor of Science degree, one leading to the Bachelor of Arts degree, and a minor in Physics for students majoring in other fields. The Bachelor of Science curricula include the general program without specialization and an option in Biophysics. The department also participates in the interdisciplinary Bachelor of Science degree program in Natural Science and in the subject matter preparation for the Single Subject Teaching Credential in Science. Although no specific option is offered in astronomy, astronomy courses are available as electives for other options.

The Faculty

Professors: Radi A. Al-Jishi, Konrad A. Aniol, Edward H. Rezayi (Chair), Jose P. Rodriguez.

Associate Professors: Oscar O. Bernal, Milan B. Mijic, Susan Terebey.

Assistant Professors: Guo-Meng Zhao.

Student Services Professional: Brian Magness

Undergraduate Programs

Departmental Honors Program
The Department of Physics and Astronomy offers an honors program for qualified students. Students may apply in their junior year after completing PHYS 211–214. Candidates must maintain a B (3.0) grade point average both in their major and overall. Completion of the honors program requires 3 units of independent, research-oriented study (PHYS 396) and presentation of the work in a colloquium. Graduation with honors in Physics is conferred upon those students whom the faculty of the department deem worthy after presentation of the colloquium. Diplomas and transcripts of honors program graduates are designated: “Graduated with Departmental Honors in Physics.”

Bachelor of Arts Degree in Physics
The Bachelor of Arts degree in Physics provides a program appropriate for students interested in such careers as teaching, public service, business, or science journalism. This program does not include the advanced study needed by students who wish to prepare for careers as physicists, but provides the breadth needed for many other innovative and challenging occupations.

The total number of units required for the Bachelor of Arts degree in Physics is 180 units, of which 96 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (96 units)
The major includes 96 units, 54 in lower division and 42 in upper division courses, with a total of 180 units required for the degree. Students must earn a grade of C or higher in all courses used to meet major requirements.

Lower Division Required Courses (54 units)
PHYS 211–214 General Physics (5,5,5,4)
CHEM 101-103 General Chemistry (5,5,5)
MATH 206–209 Calculus I–IV (4,4,4,4)
MATH 215 Differential Equations (4)

Upper Division Required Courses (8 units)
PHYS 306 Modern Physics (4)
CHEM 360 Writing for Chemists (4)

Upper Division Electives (20-30 units)
Select 20–30 units in upper division physics courses with approval of adviser.

Additional Electives (4-14 units)
Select 4–14 units in other science fields, or science related fields, with adviser approval.

Bachelor of Science Degree in Physics
The Bachelor of Science degree, which requires a total of 187 units, may be used as preparation for graduate work or as a qualifying degree for professional employment. Selection of electives in astronomy provides substantial background for students planning graduate study in that field.

Programs in physics are built on a foundation of high school studies in mathematics and physical sciences. For completion of a Bachelor of Science degree program in 12 quarters, high school preparation is recommended in physics, chemistry, geometry, trigonometry, and algebra (two years).

In planning their university programs, students who wish to prepare for graduate study in physics are advised to include 12
units of French, German, or Russian, a portion of which will earn general education credit. Student participation in research is strongly encouraged.

The total number of units required for the Bachelor of Science degree in Physics is 187-196 units, of which 115-122 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

General Program

Requirements for the Major (115 units)
The major consists of 115 units in physics and related fields, of which 50 are in lower division and 65 in upper division courses. Students must earn a grade of C or higher in all courses used to meet major requirements.

Lower Division Required Courses (50 units)
PHYS 211-214 General Physics (5, 5, 5, 4)
CHEM 101-103 General Chemistry (5, 5, 5)
MATH 206-209 Calculus I-IV (4, 4, 4, 4)

Upper Division Required Courses (46 units)
PHYS 306 Modern Physics (4)
PHYS 312 Basic Electronics (4)
PHYS 320 Physics Computing (3)
PHYS 410AB Mathematical Methods of Physics (4, 4)
PHYS 425A Introduction to Theoretical Physics (4)
PHYS 426AB Electricity and Magnetism (3, 3)
PHYS 427 Thermodynamics (4)
PHYS 432A Introductory Quantum Mechanics (3)
PHYS 470-471 Advanced Physics Laboratory I, II (3, 3)
CHEM 360 Writing for Chemists (4)

Upper Division Electives (19 units)
Selected with advisor approval.

Option in Biophysics

The Bachelor of Science degree in Physics, Biophysics option, may be used as preparation for graduate work in biophysics or as a degree for professional employment.

Requirements for the Major (122 units)
The major with this option consists of 122 units in physics, biology, and related fields, of which 65 are in lower division and 57 in upper division courses. Students must earn a grade of C or higher in all courses used to meet major and option requirements.

Lower Division Required Courses (65 units)
PHYS 211-214 General Physics (5, 5, 5, 4)
BIOL 100A, 100B Introductory Biology I, II (5, 5)
CHEM 101-103 General Chemistry I-III (5, 5, 5)
MATH 206-209 Calculus I-IV (4, 4, 4, 4)
MICR 300 General Microbiology (5)

Upper Division Required Courses (51 units)
PHYS 306 Modern Physics (4)
PHYS 312 Basic Electronics (4)
PHYS 410AB Mathematical Methods of Physics (4, 4)
PHYS 432A Introductory Quantum Mechanics (3)
PHYS 443AB Biophysics (3, 2)
CHEM 301ABC Organic Chemistry (3, 3, 3)
CHEM 401 Physical Chemistry I (4)
CHEM 402 or 403 Physical Chemistry II or III (4)
CHEM 431AB Biochemistry (3, 3)
CHEM 360 Writing for Chemists (4)

Electives (6 units)
Select courses in physics or chemistry, with adviser approval.

Minor in Physics

A Physics minor, available for students majoring in other fields, requires 59 units in physics and mathematics, of which 40 are in lower division and 19 in upper division courses. Students majoring in fields that require the same courses as those required for the Physics minor need take only those courses in the minor that are not incorporated into their major.

Requirements for the Minor (59 units)

Lower Division Required Courses (39 units)
PHYS 211-214 General Physics (5, 5, 5, 4)
MATH 206–209 Calculus I–IV (4, 4, 4, 4)
MATH 215 Differential Equations (4)

Upper Division Required Course (4 units)
PHYS 306 Modern Physics (4)

Upper Division Electives (16 units)
Select physics courses with adviser approval.

The Credential Program

The Department of Physics and Astronomy participates in the interdisciplinary Bachelor of Science degree in Natural Science which is approved by the California Commission on Teacher Credentialing for the Single Subject credential in Science. The program is described earlier in this chapter. In addition, the department offers the supplementary authorization in physics, described below, for holders of a Single Subject teaching credential in another field. Interested students should contact advisers in both the department and the Charter College of Education. Refer to the undergraduate Charter College of Education section of the Academic Programs: College-based and University-wide chapter for regulations governing all credential programs.

Supplementary Authorization for Single Subject Teaching Credential (32 units)

Holders of a Single Subject teaching credential issued by the state of California may supplement that credential with an authorization in physics for teaching physics at any grade level through grade 12 or in classes organized primarily for adults by completing the following program with a grade of C or higher in each course. At least one of the courses must include a laboratory component. For other requirements governing issuance of this authorization, consult the Charter College of Education.

Complete or demonstrate proficiency in the following (32 units):

PHYS 211-214 General Physics (5, 5, 5, 4)
PHYS 306 Modern Physics (4)
MATH 206, 207 Calculus I-II (4, 4)
ASTR 152 Principles of Astronomy - Laboratory (1)

In addition to the above courses, an astronomy course–such as ASTR 152—is strongly recommended.
Graduate and Postbaccalaureate Programs

Master of Science Degree in Physics
The Master of Science degree in Physics is designed to prepare students for community college teaching, employment in industry, or further graduate study toward the doctorate in Physics.

Admission to the Program
Applicants must meet University requirements for admission to graduate study. Before undertaking required graduate courses, students must complete the equivalent of an undergraduate major in physics, and must have specific competence in the subjects covered in PHYS 306, 425A, 426A and 432A.

New graduate students must consult with the departmental graduate adviser before registration for assistance in planning their programs. Students should achieve classified graduate standing as early as practicable in their graduate study because it is prerequisite to the completion for credit of any courses in the degree program.

Requirements for the Degree (45 units)
A total of 45 units is required, with at least 25 in 500-level courses. Advancement to candidacy is prerequisite to filing the thesis or taking the comprehensive examination. Students should apply for candidacy immediately upon completing 16 units of their official program with the required grade point average.

Required Courses (25 units)
PHYS 510AB Mathematical Methods of Physics (4, 4)
PHYS 530AB Classical Physics (4, 4)
PHYS 532AB Quantum Mechanics (4, 4)
PHYS 542 Physics Research Conference (1)
(Minimum of one quarter required.)

Options
Students select Option A or Option B for completion of their program. Option A emphasizes research and requires a thesis. Option B emphasizes advanced study, which may be taken in a variety of physics areas. Option B programs may include research and directed study; such programs culminate in a comprehensive examination rather than a thesis. For special professional objectives, students may include graduate level work in engineering, another science or mathematics area in Option A or B, with approval of adviser.

The Interdisciplinary Studies Master’s permits the combination of physics courses with courses in biology and chemistry in a program suited to interdisciplinary professional careers.

A. Research Option (20 units)
Required Courses (9 units)
Select with advisor approval from the following:
PHYS 597 Graduate Research (1-4)
PHYS 598 Graduate Directed Study (1-4)

Electives (11 units)
Select with adviser approval.

B. Course Option (20 units)
Required Courses (9–12 units)
Select three from following:
PHYS 411 Introduction to Astrophysics (3)
PHYS 412 Laboratory Applications of Minicomputer and Micro-computers (4)
PHYS 428 Statistical Physics (3)
PHYS 431 Modern Optics (4)
PHYS 433–434 Solid State Physics I, II (4, 4)
PHYS 443AB Biophysics (3, 2)
PHYS 444 Nuclear Physics (4)
PHYS 471 Advanced Physics Laboratory II (3)
PHYS 491 Topics in Contemporary Experimental Physics (3)
PHYS 492 Topics in Contemporary Theoretical Physics (3)
PHYS 512AB Modern Physics (4, 4)
PHYS 531 Topics in Electrodynamics (4)
PHYS 533 Solid State Theory (4)
PHYS 542 Physics Research Conference (1)
(Repeat to total of 2 units)
PHYS 544 Theoretical Nuclear Physics (4)
PHYS 592 Seminar: Contemporary Physics (1-4)

Electives (8–11 units)
Select with adviser approval.

A maximum of 4 units of PHYS 598 may be included in the official program under this option. PHYS 597 and 599 may not be included in this option.

Comprehensive Examination (0 units)
All candidates must pass an examination administered by the department. For students who elect Option A (Research), this is an oral examination based on the thesis. For students who elect Option B (Course), this is a comprehensive examination (PHYS 596) about graduate level physics.

Normally, it will be a three-hour written examination, which may be supplemented by an oral examination at the discretion of the examining committee. The examination will be given at least twice a year as announced by the department.

Students should expect to take the comprehensive examination (PHYS 596) the quarter they complete all course work on their program and must comply with college and departmental requirements.

List of Courses - Undergraduate Level

Courses in Astronomy (ASTR)

Lower Division Courses
151 Principles of Astronomy (3)

152 Principles of Astronomy: Laboratory (1)
Corequisite or prerequisite: ASTR 151. Laboratory experiments, take-home observational assignments, and field trips designed to complement ASTR 151 lecture. Laboratory 3 hours. Together with ASTR 151, satisfies GE Block B2.

GE B2
160 Space, Time and the Universe (4)
Current scientific understanding of the origin and evolution of the universe, presented in a non-mathematical form. Evolution of cosmological ideas through times and cultures. GE B3

Upper Division Courses
311 Elements of Modern Astronomy (3) (also listed as PHYS 311)
Prerequisite: PHYS 214. Survey of modern astronomy, designed for students majoring in physical sciences, engineering, or mathematics.

360 Ancient and Modern Views of the Universe (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Lecture 4 hours. Scientific theories of the origins and mechanics of the universe from ancient Mediterranean and Chinese cultures to present day Big Bang Cosmologies and the Inflationary Universe Theory GE Theme I

Courses in Physics (PHYS)

Lower Division Courses
101–103 Physics (4 each)
Fundamental treatment of physics without use of calculation. Required for biological science majors; recommended for behavioral science majors. Biologists planning graduate work may find the 211-214 and 306 series in physics with calculus better suited to their needs. Lecture 3 hours, laboratory 3 hours for each course.

PHYS 101–103 = CAN PHYS SEQ A

101: Prerequisite: Knowledge of elementary algebra and trigonometry. Mechanics of particles, rigid bodies; gravity; simple harmonic motion.

101P Physics Recitation (1)
Recitation for Physics 101 with emphasis on techniques of problem solving. Graded CR/NC.

102: Prerequisite: PHYS 101. Waves, sound, fluids, thermal physics, kinetic theory, electrostatics.

102P Physics Recitation (1)
Recitation for Physics 102 with emphasis on techniques of problem solving. Graded CR/NC.

103: Prerequisite: PHYS 102. Electricity and magnetism, light and optics, relativity, quanta, atoms, nuclei, and fundamental particles.

103P Physics Recitation (1)
Recitation for Physics 103 with emphasis on techniques of problem solving. Graded CR/NC.

150 Principles of Physics (4)
Prerequisite: Ability to use simple algebraic equations. Introductory course, not for science or engineering majors. Basic concepts of mechanics, sound, heat, electricity, light, relativity, atomic and nuclear structure. Lecture 3 hours, laboratory 3 hours.

150P Physics Recitation (1)
Recitation for Physics 150 with emphasis on techniques of problem solving. Graded CR/NC.

154L,P Selected Topics in Physics (1–6)
Prerequisite: Specific prerequisites announced in Schedule of Classes. Topics of current interest in physics and astronomy, as announced in Schedule of Classes; relevance of physics in solving problems of modern technological society.

155 Nature of Physical World (4)
Primarily for non-majors in science. Concepts of physics illustrated through everyday phenomena. Topics include mechanical forces, fluids, heat, waves, nuclear theory, radiation, and energy in operation of living and nonliving systems.

156 Physics for the Twenty-first Century (4)
Current topics in physics that will play a significant role in social and economic issues of the 21st century. Fundamental physics concepts necessary to understand these topics. Lecture 3 hours, laboratory 3 hours.

157 Learning Science through Inquiry (4)
(also listed as BIOL 157)
Hands-on exploration by the scientific method of biology and physics topics, e.g. plant growth and sound. The emphasis is on individual and group learning through inquiry-based investigation and student-directed research. Activity 6 hours. No credit toward Biology/Physics major or minor.

198 General Physics Laboratory (1)
Prerequisites: Approval of the Physics Chair and student’s major adviser. Provides registration mechanism for transfer students who require lower division laboratory to complete requirements for lower division physics course.

211–214 General Physics (5,5,4)
Four-quarter sequence for physical science and engineering majors, using calculus: 211-213 (Lecture 3 hours, laboratory 3 hours, tutorial workshop 2 hours); 214 (Lecture 3 hours, laboratory 3 hours).

211 Mechanics (5)
Prerequisites: High school physics or equivalent, or permission of the department. MATH 206 or equivalent (may be taken concurrently). Motion in one and two dimensions, Newton's laws of motion, circular motion, work and energy, energy transfer, linear and angular momentum and their conservation, collisions, universal gravitation. Lecture 3 hours, lab 3 hours, tutorial workshop 2 hours.

212 Waves, Optics and Thermodynamics (5)
Prerequisites: PHYS 211. Prerequisite or corequisite: MATH 207. Mechanical vibrations and sound, optics, elementary thermodynamics. Lecture 3 hours, lab 3 hours, tutorial workshop 2 hours.

411 Introduction to Astrophysics (3) (also listed as PHYS 411)
Prerequisites: PHYS 306; PHYS 311 recommended. Celestial mechanics, stellar interiors, atmospheres, and evolution; introductory cosmology.

488 Modern Topics in General Relativity (3) (also listed as PHYS 488)
Prerequisites: PHYS 410AB; 425AB strongly recommended. Introduction to basic ideas of general relativity: physics of spacetime, relativistic stars, gravitational collapse and black holes, gravitational waves, testing of general relativity.
213 Electricity and Magnetism (5)
Prerequisite: PHYS 212. Prerequisite or corequisite: MATH 208. Elementary field theory, basic electricity and magnetism, DC and AC circuits. Oscillations and waves; geometrical and physical optics. Lecture 3 hours, lab 3 hours, tutorial workshop 2 hours.

214 Modern Physics (4)
Prerequisite: PHYS 213. Prerequisite or corequisite: MATH 208. Quantization of charge, light and energy. Structure of the atom. Wave properties of particles. Schrödinger equation. Atomic physics. Molecular structure and spectra. Lecture 3 hours, lab 3 hours.

Upper Division Courses

306 Modern Physics (4)
Prerequisites: PHYS 213, MATH 209. Corequisite PHYS 214. Special relativity, statistical physics, solid state physics, nuclear and particle physics, astrophysics and cosmology.

311 Elements of Modern Astronomy (3)
(also listed as ASTR 311)
Prerequisite: PHYS 214. Survey of modern astronomy, designed for students majoring in physical sciences, engineering, or mathematics.

312 Basic Electronics (4)
Prerequisite: PHYS 213. AC and DC circuits, solid-state circuits and devices, feedback, operational amplifiers. Lecture 3 hours, laboratory 3 hours.

313 Digital Electronics (4)
Prerequisite: PHYS 312. Design and use of pulse circuits and digital logic circuits. Fundamentals of computer design and computer programming. Lecture 3 hours, laboratory 3 hours.

320 Physics Computing (3)
Prerequisites: MATH 206 and either PHYS 101 or PHYS 211. Corequisite: MATH 207. Introduction to the use of computers in physics. The use of numerical recipes and symbolic manipulation programs for the solution of scientific problems. Lecture 2 hours, laboratory 3 hours.

333 Applied Modern Physics (4)
Prerequisites: MATH 215, PHYS 213. Selected topics in modern physics of solids including special relativity, wave mechanics, photons, phonons, applications to lasers, semiconductors, and other devices.

350N Evolution of Universe and Earth (4)
(also listed as GEOL 350N)
Prerequisite: GE natural science requirement. Origin and evolution of the universe, elements, stars, sun, the Earth, and life upon it.

363 The Creative Process in Physics (4)
Prerequisite: GE natural science requirement. The creative process in physics past and present. Individual achievements from Galileo to modern times, both experimental and theoretical; examination of how large scientific groups work; implications for future research.

396 Honors Studies in Physics (3)
Prerequisite: Admission to departmental honors program. Study leading to colloquium presentation required for conferral of Bachelor of Science degree with Departmental Honors in Physics.

400-level Courses

All 400-level courses may be applied toward master's degree requirements except the following, subject to limits established by the department and approval of the graduate adviser: PHYS 410AB, 425A, 426AB, 427, 432A, 470, 497, 499.

410AB Mathematical Methods of Physics (4, 4)

411 Introduction to Astrophysics (3)
(also listed as ASTR 411)
Prerequisites: PHYS 306; PHYS 311 recommended. Celestial mechanics, stellar interiors, atmospheres, and evolution; introductory cosmology.

412 Laboratory Applications of Minicomputers and Microcomputers (4)
Prerequisite: PHYS 313 strongly recommended. The use of minicomputers and microcomputers in physics laboratories and research. Fundamentals of data acquisition, interfacing, and data display. Lecture 2 hours, laboratory 6 hours.

425AB Introduction to Theoretical Physics (4, 4)
Prerequisites: PHYS 214, 410A. Application of mathematics to solutions of problems in physics with emphasis on general area of mechanics; Newtonian, Lagrangian, and Hamiltonian mechanics, field theory, special relativity.

426AB Electricity and Magnetism (3, 3)
Prerequisites: PHYS 214, 410A. Theoretical electricity and magnetism; properties of electric and magnetic fields, electromagnetic waves; emphasis on mathematical solution of problems.

427 Thermodynamics (4)
Prerequisites: PHYS 214, MATH 209. Corequisite: 410A. Introduction to thermodynamics and statistical physics; emphasis on mathematical solution of problems.

428 Statistical Physics (3)
Prerequisite: PHYS 427. Introduction to statistical mechanics, transport phenomena, fluctuations; emphasis on mathematical solution of problems.

431 Modern Optics (4)
Prerequisites or corequisites: PHYS 214, 410AB; recommended corequisite: PHYS 471. Introduction to modern optics; geometric optics by matrix methods, partial polarization, coherence, diffraction, quantum optics, and developments in laser technology.

432AB Introductory Quantum Mechanics (3, 3)
Prerequisites or corequisites: PHYS 214, 410AB; recommended corequisite: PHYS 471. Introduction to quantum mechanics with applications; emphasis on mathematical solution of problems.

432A: Fundamentals of wave mechanics, wave packets, and the uncertainty principle. Schrödinger's equation, operators and eigenfunctions, one-dimensional problems.

432B: Central potentials, spectroscopy, spin and angular momentum, symmetry and conservation laws.

433 Solid State Physics I (4)
Prerequisites: PHYS 306; 427 recommended. Crystal structure, thermal and electrical behavior of insulators, metals, and semiconductors; band theory.
434 Solid State Physics II (4)
Prerequisites: PHYS 432A; 427, 433 recommended. Fermi surface, transport theory, superconductivity, magnetic resonance, optical properties, superfluidity, ion implantation.

443AB Biophysics (3, 2)
Prerequisites: Lower division biophysics or biochemistry program; CHEM 401 or PHYS 427.

443A: Physical aspects of living state. Lecture 3 hours.
443B: Theory of physical methods used in measurement of biological processes. Lecture 2 hours.

444 Nuclear Physics (4)
Prerequisite: PHYS 306. Nuclear phenomenology; alpha, beta, and gamma decays; nuclear reactions, nuclear energy, radiation detectors; radioactivity.

470 Advanced Physics Laboratory I (3)
Prerequisites: PHYS 306, 312. Instrumentation, techniques, and analytical evaluation involved in current experimental practice; basic experiments in vacuum techniques, and in classical, solid-state, and nuclear physics. Lecture 1 hour, laboratory 6 hours.

471 Advanced Physics Laboratory II (3)
Prerequisite: PHYS 470. Further advanced laboratory experience in contemporary fields. Experiments in nuclear physics, solid-state physics, cryogenics, optics, laser physics, spectroscopy, and related topics, as selected by instructor. Lecture 1 hour, laboratory 6 hours. May be repeated to maximum of 9 units.

488 Modern Topics in General Relativity (3)
(also listed as ASTR 488)
Prerequisites: PHYS 410AB; 425AB strongly recommended. Introduction to basic ideas of general relativity: physics of spacetime, relativistic stars, gravitational collapse and black holes, gravitational waves, testing of general relativity.

491 Topics in Contemporary Experimental Physics (3)
Prerequisites: Upper division or graduate standing in physics; others as listed in department announcement. Each section of course is a lecture series designed to present current developments in research; laboratory program may be included. Specific topics listed in Schedule of Classes and in department. May be repeated for credit.

492 Topics in Contemporary Theoretical Physics (3)
Prerequisites: Upper division or graduate standing in Physics; others as listed in department announcement. Each section of course is a lecture series designed to present current developments in theory. Specific topic listed in Schedule of Classes and in department. May be repeated for credit.

497 Undergraduate Research (1–4)
Prerequisite: Consent of faculty sponsor prior to registration. Laboratory work organized on a project basis open to a limited number of qualified physics majors each year. Emphasis on developing experimental ability and initiative of the student. May be repeated for credit.

499 Undergraduate Directed Study (1–4)
Prerequisites: Consent of faculty sponsor before registration and ability to work independently. Includes regular conferences with sponsor and preparation of a report. May be repeated for credit.

### Graduate Level Courses (PHYS)

All 400-level courses may be applied toward master’s degree requirements except the following, subject to limits established by the department and approval of the graduate adviser: PHYS 410AB, 425AB, 426AB, 427, 432AB, 470, 497, 499.

Classified graduate standing is required for admission.

510AB Mathematical Methods of Physics (4, 4)

512A: Hydrogen atom, atomic spectroscopy, electron shell structure, molecular binding, quantum statistics, and theory of solids.

512B: X-rays, properties of nuclei, radioactivity, nuclear forces, elementary particles, cosmic rays, nuclear astrophysics.

530AB Classical Physics (4, 4)
Prerequisite or corequisite: PHYS 510AB. Unified treatment of advanced topics in classical physics, including Lagrange’s and Hamilton-Jacobi theory, special relativity, electrodynamics, and radiation theory.

531 Topics in Electrodynamics (4)
Prerequisite: PHYS 530AB. Continuation and expansion of topics covered in 530B. Emphasis on special topics and applications such as wave guides, scattering, diffraction, plasma physics, radiation damping, and self fields of a particle.
532AB Quantum Mechanics (4, 4)
Prerequisite or corequisite: PHYS 510AB.
532A: Formal structure of quantum mechanics, hermitian operators, Schrödinger theory and applications to soluble systems, angular momentum, and rotation matrices.
532B: Scattering theory and phase-shift analysis, matrix mechanics, spin, permutation symmetry and identical particles, and approximation methods.

533 Solid State Theory (4)
Prerequisites: PHYS 432A, 510AB; 433 recommended. Use of quantum field theory and group theory for development of solid state topics such as band theory, transport processes, and collective particle phenomena.

542 Physics Research Conference (1)
Weekly meetings of faculty and students for report and discussion of recent developments in physics. Includes presentations by faculty, advanced students, or invited speakers. May be repeated to maximum of 2 units. Graded CR/NC.

544 Theoretical Nuclear Physics (4)
Prerequisites: PHYS 510AB, 532A. Selected topics from theory of nuclear models, nuclear reactions, and symmetry properties of elementary particles.

592 Seminar: Contemporary Physics (1–4)
Prerequisite: Department approval. Current topics in theoretical and/or experimental physics. May be repeated to maximum of 16 units as subject matter changes.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the (Masters) Degree section of this chapter.

597 Graduate Research (1–4)
Prerequisites: Consent of a faculty sponsor and departmental approval of project prior to registration. Independent research, under guidance of the faculty. May be repeated for credit. Graded CR/NC.

598 Graduate Directed Study (1–4)
Prerequisite: Consent of a faculty sponsor before registration. Independent study of advanced topics in the field; regular conferences with the sponsor. May be repeated for credit.

599 Thesis (1–4)
Prerequisites: Advancement to candidacy, consent of a faculty sponsor, departmental approval of topic prior to enrollment in course. Independent research resulting in a thesis. May be repeated to maximum of 9 units. Graded CR/NC.
Department of Political Science
College of Natural and Social Sciences

DEPARTMENT OFFICE
Engineering and Technology A523
Phone: (323) 343-2230
E-mail: polisci@calstatela.edu
Website: www.calstatela.edu/dept/pol_sci/

Faculty and students of the Department of Political Science engage in teaching and learning—critically and systematically—about government, politics, public affairs, and public policy in the United States and the world. Political Science courses embrace elements of the liberal arts, social sciences, and citizen education. We offer pre-professional education for a variety of careers in government, non-profit organizations, and business, as well as for admission to graduate and law school. The Department provides four options for our majors: General Political Science; Global Politics; Prelegal Studies; and Public Administration. We also offer minors in General Political Science, Prelegal Studies, Public Administration, and Global Politics to students majoring in other subjects.

The Department of Political Science offers undergraduate and graduate degree programs to prepare students for professional careers in public service, law, international relations, and teaching, and for more effective civic participation. The undergraduate program, the Master of Arts degree in Political Science and the Master of Science degree in Public Administration are described below.

The Faculty

**Professors:** Greg Andranovich, Naomi J. Caiden, Siegrun Fox Freyss, Nadine S. Koch, Herman D. Lujan, Stephen K. Ma, James A. Regaliado, Michael J. Siler.

**Associate Professors:** Scott Bowman, Timothy C. Lim.

**Assistant Professors:** Martin Adamian, Taylor E. Dark III, Todd Kunioka, Michael Locke McLendon.

**Undergraduate Programs**

**Bachelor of Arts Degree Political Science**

Four options are offered in the Bachelor of Arts degree in Political Science, each adapted to a different objective as follows:

The General Political Science option is a general program of undergraduate preparation for active participation in public life or for graduate study.

The Global Politics option is a general program of undergraduate preparation focusing on the changing nature of international politics and the emergence of a global political space and preparing students for graduate study and active participation in public life.

The Prelegal Studies option provides undergraduate preparation for professions in law, education, and public service. While a strong emphasis is placed on developing skills of legal analysis and research, courses in this option also provide students with a critical understanding of the interrelationship between law and politics in American society.

The Public Administration option provides undergraduate preparation for career government service or positions in nonprofit organizations. This option may be coordinated with a public service internship (see Cooperative Education).

The department also participates in the interdisciplinary Bachelor of Arts degree in Social Science, described in the Social Science section of this chapter.

The total number of units required for the Bachelor of Arts degree in Political Science is 180 units, of which 69 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

**Requirements for the Major (69 units)**

Major requirements consist of a common core of three lower division and six upper division courses (37 units) to be taken by all political science majors, and eight elective courses (32 units) in a selected political science option. It is recommended that 200- and 300-level requirements are completed prior to enrolling in 400 level courses.

**Core Requirements (37 units)**

Options (32 units)
The following courses are required in addition to the core:

**General Political Science Option (32 units)**
Eight elective courses in political science, one of which may be at lower division level, with the approval of an adviser.

**Global Politics Option (32 units)**
Select one course from each of the following four areas (16 units):

1. **International Relations (4 units)**
   - POLS 423: Political Sociology of Globalization and Resistance (4)
   - POLS 426: International Political Economy (4)
   - POLS 427: International Relations (4)

2. **Globalization and North America (4 units)**
   - POLS 404: Urban Government and Politics (4)
   - POLS 414: Politics and the Media (4)
   - POLS 425: U. S. Foreign Policy in a Changing World (4)
   - POLS 429: U.S. National Security Policy (4)
   - POLS 426: International Political Economy (4)
   - POLS 427: International Relations (4)

3. **Regional Politics: Asia (4 units)**
   - POLS 428: Asia and the Politics of Transnational Migration (4)
   - POLS 452: Government and Politics of China (4)
   - POLS 459: Politics of East Asia (4)

4. **Regional Politics: Other (4 units)**
   - POLS 451: Latin American Politics (4)
   - POLS 453: Politics of Africa and the Middle East (4)
   - POLS 454: Selected Topics in Comparative Politics (4)
   - POLS 456: Politics of the Caribbean and Central America (4)

Select four elective courses in Political Science, one of which may be taken at lower division level (16 units).

**Prelegal Studies Option (32 units)**

**Required Courses (8 units)**
- POLS 440: Judicial Process (4)
- POLS 441: American Constitutional Law: Federalism (4)

Select two courses from the following (8 units):

- POLS 442: American Constitutional Law: Civil Rights (4)
- POLS 443: American Constitutional Law: Civil Liberties (4)
- POLS 445: Judicial Behavior (4)
- POLS 446: Comparative Legal Systems (4)
- POLS 447: Legal Research and Writing (4)
- POLS 476: Administrative Law (4)
- PHIL 490: Philosophy of Law (4)
- HIST 479: Constitutional History of the United States (4)

Select four elective courses in Political Science, one of which may be taken at lower division level (16 units).

**Public Administration Option (32 units)**

**Required Courses (8 units)**
- POLS 460: Foundations of Public Administration (4)
- POLS 462: Public Policy (4)

Select two courses from the following (8 units):

- POLS 403: State and Local Government (4)
- POLS 463: Public Sector Human Resource Management (4)

- POLS 466: Public Financial Administration (4)
- POLS 467: The Third Sector and Nonprofit Organizations (4)
- POLS 472: Organization and Management (4)
- POLS 479: Computers in the Public Sector (4)

Select four elective courses in political science, one of which may be taken at lower division level (16 units).

**Minors in Political Science**

The Department of Political Science offers four minor programs for students majoring in other fields. The General minor requires 28 units and may interest majors in such related fields as history, economics, geography, sociology, anthropology, or English. The Global Politics minor requires 20 units and is designed for students whose career or personal interests would be enhanced by a study of international relations and comparative government. The Prelegal Studies minor, which requires 20 units, is available to students who may be interested in attending law school. The minor in Public Administration requires 20 units and is designed for students who may be interested in government service at the local, state, or federal level. All students are expected to complete POLS 150 and, if listed below, lower division requirements before enrolling in upper division courses in the minor programs in political science.

**General Minor**

**Requirements for the Minor (28 units)**

**Required Courses (20 units)**
- POLS 205: Introduction to Political Science (4)
- POLS 371: Foundations of American Politics (4)
- PHIL 490: Philosophy of Law (4)
- HIST 479: Constitutional History of the United States (4)

**Elective Courses (8 units)**
Select 2 additional POLS courses with adviser approval to fulfill the goal for which the minor was chosen.

**Global Politics Minor**

**Requirements for the Minor (20 units)**

**Required Course (4 units)**
- POLS 374: Foundations of Global Politics (4)

**Elective Courses (16 units)**
Select two from the following: POLS 425, 426, 427
Select two from the following: POLS 450, 451, 452, 453, 455, 456, 457, 458

**Prelegal Studies Minor**

**Requirements for the Minor (20 units)**

**Required Course (4 units)**
- POLS 374: Foundations of Global Politics (4)

**Elective Courses (16 units)**
Select two from the following: POLS 425, 426, 427
Select two from the following: POLS 450, 451, 452, 453, 455, 456, 457, 458

**Public Administration Minor**

**Requirements for the Minor (20 units)**

**Required Courses (8 units)**
- POLS 440: Judicial Process (4)
- POLS 441: American Constitutional Law: Federalism (4)

**Elective Courses (12 units)**
- POLS 440: Judicial Process (4)
- POLS 441: American Constitutional Law: Federalism (4)

NOTE: Specific courses should be chosen in consultation with a prelegal studies adviser.
Public AdministrationMinor

Requirements for the Minor (20 units)

Required Courses (8 units)
POLS 460 Foundations of Public Administration (4)
POLS 462 Public Policy (4)

Electives Courses (12 units)
Select one from the following: POLS 403 or 404
Select two from the following: POLS 461, 463, 466, 467, 472, 476, 479
NOTE: Specific courses should be chosen in consultation with a public administration adviser.

The Credential Program

The Bachelor of Arts degree in Social Science, administered by the Department of History has been approved for the Single Subject credential in Social Science by the California Commission on Teacher Credentialing. The program is listed under Social Science section of this chapter. In addition, the department offers two supplementary authorizations for persons who hold a Single Subject teaching credential in another field. These programs are described below.

Supplementary Authorizations for Single Subject Teaching Credential

Comparative Political Systems/International Relations (32 units)

Holders of a Single Subject teaching credential, issued by the state of California, may supplement that credential with an authorization for teaching comparative political systems/international relations at any grade level through grade 12 or in classes organized primarily for adults by completing the following program with a grade of C or higher in each course. For other credential requirements, consult the Charter College of Education.

Electives (16 units)
Select one from the following (4 units): POLS 400, 404, 462
Select one from the following (4 units): POLS 403, 414, 441
Electives (16 units)
Select one from the following (4 units): POLS 250 or 425

Graduate and Postbaccalaureate Programs

The Graduate Program

Two master's degree programs are offered in political science, in order to satisfy varying career objectives of graduate students. The Master of Arts degree emphasizes advanced studies for those interested in teaching, preparing for doctoral studies in political science, or preparing for political journalism, similar occupations, or various forms of citizen leadership. Our nationally accredited Master of Science degree in Public Administration provides present and future public service employees the administrative skills and knowledge necessary for leadership of government and non-profit organizations.

Admission to the Programs

Application must be made to both the Department of Political Science and the University. Forms for both may be obtained from the department office. Please note that acceptance into the University does not guarantee admittance to the department.

Completed departmental applications with one copy of transcripts from all colleges attended and two letters of recommendation (normally from Cal State L.A. faculty in the case of recent Cal State L.A. graduates) must be sent to the Department of Political Science. University applications and two copies of official transcripts from all colleges attended must be sent to the Admissions Office. Deadlines and procedures for applying to the University can be found in the University Catalog or on the web at www.csumentor.edu

Master of Arts Degree in Political Science

The program is built on the foundation of an undergraduate government or political science major and is designed to provide systematic study in political science and related fields at an advanced level.

Departmental Requirements

In addition to University requirements for admission to graduate study, applicants must have:

- A grade point average in the last 90 quarter (60 semester) units of 3.00 or better and a major in political science. Majors with GPAs below 3.00 may be admitted at the discretion of the department’s graduate admissions committee after completing prerequisite or conditional courses, if necessary.
- Non political science majors who have a GPA of 3.00 or better may be accepted on a conditional basis. They must first complete the following conditional...
policies, global politics, or political theory), any special research interests, plans for future occupation or profession and any additional information that may aid the selection committee in evaluating the applicant’s preparation and aptitude for graduate study at CSULA. The essay should be specific, well-organized, and well-thought out. The statement of purpose is considered an integral element of the application.

Applications will be considered for fall or spring admissions only. Students seeking admission to the program effective fall quarter must apply to the department by the preceding May 1 and those seeking admission spring quarter must apply to the department by the preceding January 15. Late applications will be considered on a space available basis.

Requirements for the Degree (45 units)
A minimum of 45 units is required, with at least 23 in 500-level courses.

I. Required Courses (24 units)
POLS 504 Seminar: American Political Behavior (4)
POLS 505 Seminar: American Political Studies (4)
POLS 509 Seminar: Foundations of Empirical Political Theory (4)
POLS 510 Seminar: Political Theory (4)
POLS 527 Seminar: Advanced Studies in International Relations (4)
POLS 550 Seminar: Comparative Politics (4)

II. Concentrations – Select one of the following concentrations (16 units)
A. Political Theory Concentration
(Choose 4 courses from the following):
POLS 431 Classical Political Theory (4)
POLS 433 Modern Political Theory (4)
POLS 435 American Political Thought (4)
POLS 437 20th Century Continental Political Thought (4)
POLS 598 Graduate Directed Study (4)
PHIL 410 Social and Political Philosophy (4) or
PHIL 413 Issues in Feminist Philosophy (4) or
PHIL 447 Hermeneutics and Critical Theory (4) or
PHIL 544 Seminar in Social and Political Philosophy (4)

B. American Politics Concentration
(Choose 4 courses from the following):
POLS 400 Power and Policy in Washington: Congress and the President (4)
POLS 404 Urban Government and Politics (4)
POLS 406 Los Angeles City Politics (4)
POLS 408 Political Socialization and Public Opinion (4)
POLS 409 Minority Politics in the U.S. (4)
POLS 414 Politics and the Media (4)
POLS 418 U.S. Political Parties, Campaigns, and Elections (4)
POLS 598 Graduate Directed Study (4)

C. Global Politics Concentration

International Relations
(Choose 2 courses from the following):
POLS 423 Political Sociology of Globalization and Resistance (4)
POLS 425 U.S. Foreign Policy in a Changing World (4)
POLS 426 International Political Economy (4)
POLS 427 International Relations (4)
POLS 428 Asia and the Politics of Transnational Migration (4)
POLS 429 U.S. National Security Policy (4)
POLS 598 Graduate Directed Study (4)

Comparative Politics
(Choose 2 courses from the following):
POLS 446 Comparative Legal Systems (4)
POLS 451 Latin American Politics (4)
POLS 452 Government and Politics of China (4)
POLS 453 Politics of Africa and the Mid-East (4)
POLS 455 Canadian Politics: A Comparative Perspective (4)
POLS 459 Politics of East Asia (4)
POLS 531 Seminar: Latin American Government (4)
POLS 598 Graduate Directed Study (4)

III. Comprehensive Exam or Thesis (5 units)
Students choose either to take the comprehensive exam or to write a thesis, the latter subject to the approval of the thesis chair, the M.A. graduate advisor, and the department chair. Students who take the comprehensive exam have the choice of doing 5 units of graduate research (POLS 597) directed by a faculty member or 5 units for a practicum (POLS 592) where they will intern in a political office, non-profit organization, campaign management firm, survey research center, or a comparable placement. Thus, students take either POLS 597 graduate research (5) or POLS 592 political science practicum (5) and POLS 596 comprehensive exam (0) or POLS 599 thesis (5).

Students electing to take the comprehensive examinations (POLS 596) should expect to take the examinations after the quarter they complete all course work on their program and must comply with college and departmental requirements. Students will be allowed a maximum of two attempts to complete the comprehensive examinations successfully. Failure to pass the comprehensive examinations, or any portion thereof, will result in disqualification from the program.

Students who have made one attempt on the comprehensive examinations may not change to the thesis option; students who have taken POLS 598 thesis units may not change to the comprehensive examination option.

Master of Science Degree in Public Administration
The mission of the Master of Science in Public Administration program is to educate students for professional public and community service within a diverse urban environment through
the development of creative management and analytical skills, enhanced leadership capabilities, and clear understanding of the issues of governance and institutional adaptation in a fast changing world.

There are two options in the MSPA Program. One is the regular MSPA program. The other is the MSPA Fast Track Option for International Executives, which is designed for non-US experienced practitioners who undertake their degree completion using an intensive format.

Admission to the Master of Science in Public Administration

Applications are accepted for the fall and spring quarters. Complete applications must be submitted to the Department of Political Science as follows:

<table>
<thead>
<tr>
<th>Deadline</th>
<th>Consideration For</th>
</tr>
</thead>
<tbody>
<tr>
<td>April 10</td>
<td>Fall (September)</td>
</tr>
<tr>
<td>November 10</td>
<td>Spring (April of the Next Year)</td>
</tr>
</tbody>
</table>

Departmental Requirements

Admission to the Master of Science in Public Administration requires a grade point average in the last 90 units taken in undergraduate status of 2.75, plus an acceptable departmental application, personal statement, current resume and recommendations.

Applicants who have failed to earn at least a 2.75 grade point average in their last 90 quarter units taken in undergraduate status will not be admitted to the M.S. degree program in Public Administration in the absence of clear and compelling evidence of their current capacity for satisfactory graduate academic performance.

Prerequisites (8 units)

Completion of the following political science courses or their equivalent is required of all students entering the MSPA program. Students must earn a minimum B (3.0) grade in each of these courses. These courses must be satisfactorily completed before taking any 500 level course.

- POLS 460 Foundations of Public Administration (4)
- POLS 462 Public Policy (4)

Additional prerequisites may be required depending on the student’s academic background.

Requirements for the Degree (minimum 48 units)

A minimum of 48 units is required. In addition to course requirements, students must complete the equivalent of a one-quarter full-time internship in public administration or an approved field project. This requirement may be waived if the candidate holds, or has held, a position entailing managerial or professional level of responsibility in a public or private nonprofit agency. To enroll in the following 500 level courses all students must have completed all required 400 level courses. All 500 level courses require a permit to enroll from the department of political science.

Required Courses (36 units)

**SKILLS CORE**

- POLS 578 Research Design for Public and Nonprofit Managers (4)
- POLS 579 Public Sector Information Management and Computing (4)
- POLS 580 Data Analysis for Public and Nonprofit Managers (4)

- POLS 594 Applied Research in Public or Nonprofit Administration (4)

**MANAGEMENT CORE**

- POLS 571 Intergovernmental Relations (4)
- POLS 572 Public Sector Organization and Management (4)
- POLS 573 Public Sector Human Resource Management (4)
- POLS 574 Public Budgeting and Financial Administration (4)

**CAPSTONE COURSE**

- POLS 590 Seminar: Philosophy of Public Service (4)

**Electives (12 units)**

Take three 500-level courses, with adviser approval:

- POLS 565 Seminar: Public Sector Labor Relations (4)
- POLS 567 Seminar: The Third Sector and Nonprofit Organizations (4)
- POLS 568 Seminar: Community Development Administration (4)
- POLS 575 Seminar: Administrative Systems in Pacific Rim Nations (4)
- POLS 583 Seminar: Health Politics and Policy (4)
- POLS 584 Seminar: Issues in the Metropolitan Area (4)
- POLS 585 Seminar: Regulation, The Environment and California Public Policy (4)
- POLS 587 Seminar: Aging Policy, Politics, and Administration (4)
- POLS 591 Seminar: Administrative Theory and Behavior (4)
- POLS 595 Seminar: Selected Issues in Public Administration (4)
- POLS 598 Graduate Directed Study (4)

**Comprehensive Examination or Thesis (0, 4 units)**

- POLS 596 Comprehensive Examination (0), or
- POLS 599 Thesis (4)

After completing all coursework on their programs, students should expect to take the comprehensive examination (POL 596) in the next quarter in which it is offered. All course work on their programs must comply with college and departmental requirements.

Students will be allowed a maximum of two attempts to complete the comprehensive examinations successfully. Failure to pass the comprehensive examinations, or any portion thereof, will result in disqualification from the program.

A thesis, in lieu of the written examinations, may be authorized for exceptional students who present a proposal the department deems worthy of study. POL 599 (4 units) may be taken in place of one of the elective courses.

Master of Science Degree in Public Administration

**Fast Track Option for International Executives**

**Option Requirements**

The Department of Political Science and the Institute for Executive Leadership will enforce identical MSPA admission requirements of a minimum grade point average in the last 90 units taken in undergraduate status of 2.75, and a TOEFL score of 550 or above, in addition to the institute requirement of four-year recent experience in a non-us administrative agency.
Requirements for the Degree

---

### Lower Division Courses

120 Politics of Everyday Life (4)
Learning how to negotiate a lifetime of personal politics: the politics of family, peers, and work.

150 Government and American Society (4)
American political system with emphasis on role and function of government in social context of a democratic political system. Satisfies U.S. Constitution and California state and local government requirements. Not open to students who have completed an introductory college course in U.S. government.

155 Critical Analysis of Political Communication (4)
Critical analysis of ideological messages, political biases, and manipulative devices in all forms of communication, from newspaper reporting to scholarly texts, from films to television news.

200 California State and Local Government (2)
Functions and structure of California state and local government units, current aspects of governmental process and problems in state. Satisfies California state and local government requirement.

205 Introduction to Political Science (4)
Prerequisite: POLS 150. Lower Division Core Requirement. Introduction to the fundamental concepts, theories, and forms of analysis used by political scientists in the study of political phenomena. Emphasis on analysis of current events.

250 World Politics (4)
Major issues and problems among nations; international organization and conflict resolution.

254 Special Topics in Political Science (1–4)
Current topics of special interest in political science and related disciplines, as announced in Schedule of Classes. May be repeated to maximum of 8 units.

281 Quantitative Methods in Political Science (5)
Prerequisite: POLS 150; MATH 091 or satisfactory performance on mathematics placement examination given during registration. Descriptive and inferential statistics; emphasis on practical applications in political science. Distributions on a single variable, associations between two variables, tests of hypotheses; bivariate computer analysis, including individual projects. Lecture 4 hours, laboratory 2 hours.

---

### Upper Division Courses

POLS 150 is prerequisite to all upper division POLS courses except 310, 322, 330, 342, 351, 358, 360 and 426.

310 Gender, Politics, and Government (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. The influence of gender and sexual orientation on political behavior, on elective and appointive government institutions, and on public policies; historical reasons for gender-related differences, political movements to overcome discrimination, and analysis of emerging trends.

322 Global Change and the Human Condition (4)
(also listed as GEOG 322)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Explores the politics of global environmental concerns or the procedures by which states and organizations address pressing environmental problems.

330 Politics of Aging (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Effects of older Americans on the political system. Political and policy analysis of retirement, Social Security, Medicaid, disability programs. Problems of intergenerational equity.

342 Rights and Justice in Communication and Politics (4)
(also listed as COMM 342)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Freedom of communication, political rights, diversity, and justice: the evolution of these rights in the United States; analysis of contemporary problems, global implications, and potential solutions in our multicultural world.

351 Beyond Conflict, Violence, and War (4)
(also listed as HIST 351)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Nature, functions, and interrelationship of conflict, violence, and war: strategies of conflict resolution and peace examined in a global setting through theory and case studies.
358 Environmental Policy and Politics (4)  
(also listed as HIST 358)  
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Global environmental problems, United Nations programs, U.S. environmental movement, governmental policies on environment, politics, and the policy formations process. The role of government and policy in environmental sustainability.

360 Dynamics of Change in the Developing World (4)  
(also listed as LAS 360 and PAS 360)  
Prerequisites: Completion of G. E. Basic Subjects (Block A) and one course from Block D. How the Third World developed and how it is changing in relation to the rest of the world.

GE Theme A

371 Foundations of American Politics (4)  
Prerequisite: POLS 150. Recommended prerequisite: POLS 205. Upper division core requirement. Analysis of the structure, functions and relationships among American national institutions, including executive, legislative and judicial branches, media, political parties, citizens and groups.

372 Foundations of Political Theory (4)  
Prerequisite: POLS 150. Recommended prerequisite: POLS 205. Upper division core requirement. From an institutional perspective, this course examines: Who should rule? What are the limits of political obligation? What is social justice? What is human nature?

373 Foundations of Comparative Politics (4)  
Prerequisite: POLS 150. Recommended prerequisite: POLS 205. Upper division core requirement. Study of the comparative method and of major research traditions and topics in comparative politics.

374 Foundations of Global Politics (4)  
Prerequisite: POLS 150. Recommended prerequisite: POLS 205. Upper division core requirement. Global politics examines the far-reaching political implications of globalization on nation-states, international regimes and organizations, global security, and non-state actors.

395 Community Service in Political Science (1–4)  
Prerequisites: prior approval of Political Science adviser in consultation with EPIC director, acceptance by community agency. Participation in work of community agency or activity utilizing professional or vocational skills in service to community. Credit not applicable toward political science major. May be repeated to maximum of 9 units. Graded CR/NC.

400-level Courses

The department recommends completion of the 300 level required courses before enrolling in 400 level courses.

400 Power and Policy in Washington: Congress and the President (4)  
Structure, functioning, and interaction between Congress and the presidency.

403 State and Local Government (4)  
Nature of state politics, analysis of legislative, judicial, and administrative organization and process; local government in metropolitan areas; all with reference to California.

404 Urban Government and Politics (4)  
Problems of political influence, public policy, intergovernmental relations, and formal structure in American urban areas.

406 Los Angeles City Politics (4)  
Los Angeles within federal system; structures and functions; charter examination; policy issues; dominant individuals; social classes; minority influence; political coalitions; public vs. private sector relations and conflict.

408 Political Socialization and Public Opinion (4)  
The study of how individuals acquire their political beliefs and ways in which these opinions are communicated to others in society. Emphasis on subcultural and gender differences.

409 Minority Politics in the U.S. (4)  
Overview of ethnic politics in U.S. from both historical and contemporary perspectives; American Indian, Asian, black, and Hispanic political movements in U.S.

414 Politics and the Media (4)  
Relationships between government and the media; news-gathering techniques, journalist/government relations, role of media in presidential campaign politics.

418 U.S. Political Parties, Campaigns, and Elections (4)  
Role of political parties in campaigns and elections; role of the media, consultants, pollsters, and parties in recruiting, nominating, and electing candidates.

423 Political Sociology of Globalization and Resistance (4)  
(Also listed as SOC 423)  
Political and Sociological analysis of globalization as a contested process; emergence of global societies and movements; social forces advancing global neo-liberalism; resistance by workers, indigenous, women's, and environmental transnational movements.

425 U.S. Foreign Policy in a Changing World (4)  
Theory and practice of contemporary American foreign policy.

426 International Political Economy (4)  
(also listed as ECON 426)  
Prerequisites: Four units each in POLS and ECON. Interaction of politics and economics in the international arena.

427 International Relations (4)  
Theories and practice of international politics.

428 Asia and the Politics of Transnational Migration (4)  
Prerequisite: POLS 150. Systematic analysis of forced and voluntary migration within and to Asia. Political impact of migration on "host" and "sending" countries. Causes of migration.

429 U.S. National Security Policy (4)  
The nexus between politics and military force in coercive diplomacy and limited war; nuclear weapons, arms control, and proliferation; the budgetary and operational consequences of defense organization.

431 Classical Political Theory (4)  
Exposition and critical analysis of ideas of major political thinkers from Plato to 17th century.

433 Modern Political Theory (4)  
Studies in character of contemporary normative political theory; systematic political theories of Liberalism, Conservatism, Nationalism, Marxism, Communism, Fascism, Socialism, Democracy, and Irrationalism.

435 American Political Thought (4)  
American political ideas from Puritan period to present.

437 Twentieth Century Continental Political Thought (4)  
Prerequisites: POLS 150 and 372. The course will examine answers to important questions of political theory from the perspective of several important European traditions of thought that developed in the twentieth century.
440 Judicial Process (4)
Judicial process as function of American government; survey of schools of legal thought, role of legal theory in functioning of courts.

441 American Constitutional Law: Federalism (4)
Recommended prerequisites for POLS majors in Prelaw option: POLS 440, HIST 479. Role of Supreme Court in American government; judicial review; relationship between national and state governments, especially in areas of commerce and taxation; relationship between executive, legislative, and judicial branches of government.

442 American Constitutional Law: Civil Rights (4)
Recommended prerequisite for POLS majors in prelaw option: POLS 440. The constitutional rights of persons arising from the First and Fourteenth Amendments to the constitution with particular emphasis on equal protection of the laws and discrimination, and the right to privacy.

443 American Constitutional Law: Civil Liberties (4)
Recommended prerequisite: POLS 440. The constitutional liberties of persons arising from the First and Fourteenth Amendments to the constitution with particular emphasis on freedom of speech, press, religion, assembly, and petition.

445 Judicial Behavior (4)
Recommended prerequisite for POLS majors in prelaw option: POLS 440. Contemporary approaches to study of judicial behavior, including judicial role, decision making, small group analysis, socialization, and analysis of judicial voting behavior.

446 Comparative Legal Systems (4)
Recommended prerequisite for POLS majors in prelaw option: POLS 440. Survey and systematic analysis of selected legal systems and functional relationships with social systems; emphasis on social context of legal systems and comparative approach to their study.

447 Legal Research and Writing (4)
Prerequisite: Satisfactory completion of the WPE. Recommended prerequisite: Completion of POLS 441, 442 and/or POLS 443. Individual and group research and writing projects in public law.

450 European Politics (4)
Course content varies, focusing on contemporary politics in selected European countries. May be repeated to maximum of 8 units as topic varies.

451 Latin American Politics (4)
Course content varies, focusing on contemporary politics of selected Latin American countries. May be repeated to maximum of 8 units as topic varies.

452 Government and Politics of China (4)
Analysis of the government and politics of China. Review of recent development in China’s modernization and its international impact.

453 Politics of Africa and the Mid-East (4)
Course content varies, focusing on contemporary politics of selected African and Middle Eastern nations. May be repeated to maximum of 8 units as topic varies.

454 Selected Topics in Comparative Politics (1-4)
Selected topics in comparative government as announced in the schedule of classes. May be repeated to a maximum of 8 units as topic varies.

455 Canadian Politics: A Comparative Perspective (4)
Examining and evaluating government and politics in Canada and reviewing recent development in the relationship between Canada and the United States. Course includes research and writing projects in comparative politics.

456 Politics of the Caribbean and Central America (4)
(also listed as PAS 456)
Political development and dependency in the Caribbean and Central America.

458 Politics in Asian-American Immigration (4)
Examining and evaluating the politics of Asian-American immigration in the United States, and reviewing the impact of Asian Americans on political development at home and abroad. Course includes research and writing projects in comparative politics.

459 Politics of East Asia (4)
Course content varies. Political and economic processes of development in East Asia. The region's impact on the world.

460 Foundations of Public Administration (4)
Politics of administrative power; methods of controlling bureaucracy; changing agency environments; dynamics and processes of public management; government as a career.

461 Dynamics of Urban Administration (4)
Politics of governing urban U.S.; problems caused by multiple governmental and administrative bodies, overlapping jurisdictions, tax revolts; existing system’s capabilities to respond to those problems.

462 Public Policy (4)
Introduction to public policy making and implementation, stressing the politics of the policy making process.

463 Public Sector Human Resource Management (4)
Recommended prerequisite: POLS 460. Best practices and theories of human resource management in government; merit systems versus at-will employment; compensation policies; recruitment; performance management; grievance and disciplinary procedures; labor-management relations.

466 Public Financial Administration (4)
Recommended prerequisites: courses in accounting and statistics. Role of financial administration and budgeting in determination of governmental policy, administrative planning and management, control of government operations, intergovernmental relations, and relation to private economy.

467 The Third Sector and Nonprofit Organizations (4)
(also listed as YAA 467)
Starting and managing nonprofit enterprises; differences between public, nonprofit, and for-profit organizations; nature and scope of the third sector; grant writing project.

469 Administration of Human Service Programs (4)
Recommended prerequisite: POLS 460. The course examines the changing roles and patterns of funding, organization, and providing community services by public agencies and not-for-profit organizations.

472 Organization and Management (4)
Recommended prerequisite: POLS 460. Organization structure, human factors in organization, dynamics of organizational change, internal adaptability to external environment; problems, limitations, and trends in governmental organization and management.

476 Administrative Law (4)

479 Computers in the Public Sector (4)
Recommended prerequisites: POLS 460, CS 190; . Public sector computing and applications; governmental issues regarding computing.
490 Special Studies in Political Science (4)
Intensive study of selected areas and special problems in political science. May be repeated as subject matter changes.

498 Senior Capstone Seminar (4)
Prerequisites: Lower and Upper Division Required Core Courses, Senior Standing, and satisfactory completion of the WPE. Students will select a major research paper topic and further develop discipline based research, writing and oral communication skills. Examination of career paths and development of post graduation plan. Must pass with a grade of C or better.

499 Undergraduate Directed Study (1–4)
Prerequisite: Department approval. Project selected in conference with sponsor before registration; progress meetings held regularly. May be repeated to maximum of 8 units.

---

**Graduate Courses (POLS)**

Classified graduate standing is required for admission to all 500-level courses.

504 Seminar: American Political Behavior (4)
Prerequisite: Department approval. Research and quantitative analysis of various forms of American political behavior. Topics may include: voting, participation, group behavior, policymaking, institutional decision-making, public opinion.

505 Seminar: American Political Studies (4)
Prerequisites: Baccalaureate; superior academic performance in political science. Analysis of selected issues and problems of national significance in the U.S. May be repeated as subject matter changes.

509 Seminar: Foundations of Empirical Political Theory (4)
Prerequisite: Departmental approval. Values and limitations in past and current applications of philosophy and methods of science to study of politics.

510 Seminar: Political Theory (4)
Prerequisites: POLS 431, 433, or 435. Selected topics in political philosophy. May be repeated as subject matter changes.

526 Seminar: International Political Economy (4)
(also listed as ECON 526)
Prerequisite: ECON/POLS 426 plus POLS 427. Research and analysis of the interactions of politics and economics in the international arena.

527 Seminar: Advanced Studies in International Relations (4)
Prerequisites: POLS 427 plus 4 units in POLS 425, 426 or 429, or LAS 424. Selected topics in international politics. May be repeated for a total of 8 units, with advisor approval, as subject matter changes.

531 Seminar: Latin American Government (4)
Prerequisite: POLS 451. Analysis of selected topics in Latin American politics.

550 Seminar: Comparative Politics (4)
Prerequisites: POLS 457 plus 4 units in POLS 450-456. Selected topics in comparative politics. May focus on specific geographic areas, particular political processes, and/or specific stages of political development.

565 Seminar: Public Sector Labor Relations (4)
Prerequisites: POLS 460 and 462. Collective bargaining in federal, state and local government, with emphasis on California. Differences between the public and private sectors, bargaining legislation, negotiations, impasse resolution.

567 Seminar: The Third Sector and Nonprofit Organizations (4)
Study of increasingly integrated relationship between government and third sector service providers; professional management of nonprofit organizations in a complex environment; grant writing project. (Students who have taken POLS 467 cannot receive credit for POLS 567.)

568 Seminar: Community Development Administration (4)
Prerequisite: Instructor consent. Theory and process of planned development, role of administration in formulating and implementing development goals at all political community levels; planning, strategy, obstacles, assistance, development of competent personnel, institution-building.

571 Intergovernmental Relations (4)
Prerequisites: POLS 460 and 462. Dynamics and patterns of vertical and horizontal intergovernmental relations; challenges to the contemporary urban administrator in dealing with other governments at all levels.

572 Public Sector Organization and Management (4)
Prerequisites: POLS 460 and 462. Organization structures and theories of management in the public sector. Decision-making, human relations, goal setting, leadership in government organizations.

573 Public Sector Human Resource Management (4)
Prerequisite: POLS 460 and 462. Case studies of personnel problems encountered in governmental agencies; examination of varying roles of boards, commissions, and official legislative bodies; new frontiers in personnel research and personnel legislation.

574 Public Budgeting and Financial Administration (4)
Prerequisites: POLS 460 and 462. Issues and problems in budget authorization, execution, and control, including public policy implications; special emphasis on program and performance budgeting.

575 Seminar: Administrative Systems in Pacific Rim Nations (4)
Prerequisites: POLS 460 and 462. Comparison of public sector administrative systems in selected Pacific Rim nations. Analysis of the impact of the administrative environment on governmental institutions.

578 Research Design for Public and Nonprofit Managers (4)
Prerequisites: POLS 281 or equivalent, 460 and 462. Quantitative and qualitative approaches to research in public and nonprofit administration focusing on research designs and measurement, resulting in the preparation of an individual applied research design.
579 Public Sector Information Management and Computing (4)
Prerequisites: POLS 460 and 462. Public sector computer management trends, issues and applications. Issues of particular concern to public sector managers; information policy and public access, privacy, security, computer crime.

580 Data Analysis for Public and Nonprofit Managers (4)
Prerequisites: POLS 281, or equivalent, 460 and 462, 578 and 579. Concepts and techniques of data analysis for decision making, including measurement, sampling, graphical analysis, and computerized data analysis. Individual projects.

583 Seminar: Health Politics and Policy (4)
Health politics and policy at the national level and in California. Role of Congress, executive branch, media, interest groups, and industry. Policy tradeoffs, design, implementation, and evaluation of health policy.

584 Seminar: Issues in the Metropolitan Area (4)
Prerequisites: POLS 460 and 462. This seminar surveys the special problems of cities at the turn of the 21st century, focusing on the discovery of characteristics of the ideal community and their use in administration.

585 Seminar: Regulation, the Environment and California Public Policy (4)
Prerequisites: POLS 460 and 462. The interrelationships among regulatory policies, environmental problems and public policy in California.

587 Seminar: Aging Policy, Politics, and Administration (4)
Older Americans in the political system. Political and policy analysis of retirement, Social Security, Medicare, Medicaid, disability programs. Discussion of administration and policy alternatives, including privatization.

590 Seminar: Philosophy of Public Service (4)
Prerequisites: POLS 561, instructor consent. Past and present philosophies of public service; bureaucracy in modern society; social-psychological and ethical aspects of public service; case studies of decision making.

591 Seminar: Administrative Theory and Behavior (4)
Prerequisite: POLS 472. Analysis of administrative theory and utilization of advances in behavioral research as they apply to studies of administrative process and organization.

592 Political Science Practicum (5)
Prerequisite: Advisor approval. Independent supervised field experience in a political or non-profit organization, or public agency. Major report or paper required.

594 Applied Research in Public and Nonprofit Administration (4)
Prerequisites: POLS 578, 579, 580. Implementation and completion of applied research in public or nonprofit administration. Follows individual research design developed in POLS 578.

595 Selected Issues in Public Administration (4)
Prerequisite: Twelve units in public administration, including one seminar. Presentation and discussion of selected issues and trends in administrative processes at all levels of government. Topics change. May be repeated to maximum of 8 units with adviser approval.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the (Masters) Degree section of this chapter.

597 Graduate Research (5)
Prerequisites: Consent of faculty sponsor and graduate adviser; proposed study must be approved prior to registration. Directed research on a problem in Political Science from conception through design, data gathering, analysis and final written report.

598 Graduate Directed Study (4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in field; regular conferences with sponsor. May be repeated to a maximum of 8 units.

599 Thesis (1–5)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, departmental approval of topic prior to registration. Independent research resulting in a thesis. Graded CR/NC.
Psychology is the scientific study of the behavior and mental and emotional processes of human beings, as well as the behavior of animals as it applies to humans. The field also encompasses the methods, procedures, and instruments necessary for the study of these processes.

Psychology majors do volunteer work or are employed at various levels of the job market, including community organizations, social service agencies, county and state civil service, business and industrial companies, personnel and public relations firms, hospitals, research centers, the professions, and many others.

The Department of Psychology offers programs leading to Bachelor of Arts, Master of Science, and Master of Arts degrees. The graduate degrees are described in the Graduate Programs section.

The Faculty

Professors: Theodore S. Bell (Chair), Fary M. Cachelin, Desdemona Cardoza, Mitchell Eisen, Pamela C. Regan, Gloria J. Romero.

Associate Professors: Ramani S. Durvasula, Kimberly King, Eric Kohatsu.

Assistant Professors: Jessica Dennis, Joel Ellwanger, Gaithri Fernando, Alicia Izquierdo-Edler, Robert Kennison, Brigitte Matthies, Heidi Riggio, Henry Schlinger.

Undergraduate Programs

Bachelor of Arts Degree

The Bachelor of Arts degree in Psychology is both preparations for advanced study and a terminal liberal arts degree.

The total number of units required for the Bachelor of Arts degree in Psychology is 180 units, of which 72-80 units are in the major depending on the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Advisement

Psychology majors should file an official program with the department, preferably in their first quarter of attendance, but under no circumstances later than the first quarter of their junior year.

Requirements for the Major (72-80 units)

The major requires a lower division core of 13 units, an upper division core of 19 to 20 units and 40 to 47 units of electives from designated categories as explained below. All Psychology majors must: (1) Receive a grade of C- or better in PSY 202 (or equivalent) in order to enroll in PSY 302; (2) receive a grade of C- or better in PSY 302 to enroll in PSY 304; and (3) receive a grade of C- or better in PSY 304 in order to graduate in the major.

Lower Division Core Courses (13 units)

Graduate and Postbaccalaureate Programs

The Graduate Program

The Department of Psychology offers both Master of Arts and Master of Science degrees. The Master of Arts degree in Psychology is a mentor-based, rigorous graduate program designed to develop research and conceptual skills for students whose primary interest is in continuing their education in a doctoral program. Students are encouraged to contact a faculty member in the area of research in which they are interested before applying to the university. Positions in the department are limited and acceptance into the program depends on students finding someone on the faculty who will agree to serve as a mentor. The department also offers the Master of Science degree with options in Applied Behavior Analysis (ABA), Forensic Psychology, and Marriage and Family Therapy (MFT). In addition, students may emphasize community college teaching in their M.S. program.

General Admission Requirements

In addition to submitting a University Admissions Application, applicants must also apply separately to the department. Please note that acceptance into the University does not guarantee admittance to the department. Application forms are available in the department graduate studies office. Completed applications and transcripts from all colleges and universities attended (except Cal State L.A.) must be received by the department as well as the admissions office before action on admission can be taken. Note that application deadlines for each program and required supporting materials are stated within the department's application form.

The minimum requirements for admission to the graduate program in psychology are:

- Completion of an undergraduate major in psychology with a grade point average of 2.75 or higher in the last 90 quarter units of work at an accredited institution.
- OR
• For students who’s bachelor's degree is not in psychology, completion of the non-major conditional program of 36 units (described below) with a GPA of 3.0 or higher.

Note that these minimum admissions requirements apply to the MA degree and to the MS degree with MFT option only; both the ABA and the Forensic Psychology options of the MS degree require a minimum GPA of 3.0.

**Special Action Admission**

Applicants who do not meet the minimum GPA requirements must petition directly to the department for admission by special action. All petitions must be accompanied by evidence that the applicant is qualified for graduate work. This evidence could include (but is not limited to) relevant experience or an advance psychology GRE score of 550 or higher. Students whose petitions are approved must complete a 16 unit conditional program of upper division course work in psychology with a minimum GPA of 3.0.

Students are cautioned that no credit toward a graduate degree can be earned before completion of the conditional program.

**Admission to the Master of Arts Program**

Students must submit a complete application by April 10 to be considered for September admission. Applicants will be notified of their status by June 1st.

**Admission to the Master of Science Program in Marriage and Family Therapy (MFT)**

Students must submit a complete departmental application by February 1 to be considered for September admission. Final acceptance into the program requires a personal interview.

**Admission to the Master of Science Program in Applied Behavior Analysis**

Students must submit a complete departmental application by March 1st to be considered for September admission. Students are required to have a grade point average of 3.0 or higher in the last 90 quarter units. Admission to the program requires an interview with faculty in the applied behavior analysis ms program. Applicants will be notified of their status by June 1st.

**Admission to the Master of Science Program in Forensic Psychology**

Students must submit a complete departmental application by April 1 to be considered for September admission. Applicants will be notified of their status by July 1.

Students are required to have a grade point average of 3.0 or higher in the last 90 quarter units to be eligible for the forensic psychology option. However, students with a GPA between 2.75 and 3.0 may be admitted if they present evidence that they are qualified for graduate work. This evidence could include relevant experience or an advanced psychology GRE score of 550 or higher. Students with a GPA below 2.75 will not be considered.

Non-major conditional program for students whose baccalaureate is not in Psychology

The following prerequisites (or their equivalents) must be completed before beginning the master's program.

**Required (20 units):**

- PSY 202 Descriptive Statistics in Psychology (5)
- PSY 302 Inferential Statistics in Psychology (5)
- PSY 304 Research Methods in Psychology (6)
- PSY 308 Theories and Systems (4)

**Required (8 units):**

Select 8 units from the following:

- PSY 410A Abnormal Psychology (4)
- PSY 410B Abnormal Psychology (4)
- PSY 412A Developmental Psychology (4)
- PSY 412B Developmental Psychology (4)
- PSY 418A Personality (4)

**Required (8 units):**

Select 8 units from the following:

- PSY 401 Physiological Psychology (4)
- PSY 421 Learning and Behavior (4)
- PSY 422 Social Psychology (4)
- PSY 423 Motivation and Emotion (4)
- PSY 424 Cognitive Psychology (4)
- PSY 425 Sensation and Perception (4)
- PSY 433/CHDV 443 Cognitive Development (4)

**General Program Requirements**

**Departmental Core Requirements (4-5 units)**

Classified graduate students must complete within their first four courses one of the following with a grade of B or higher:

- PSY 411 Advanced Research Methods in Psychology (required for MFT option) (4)
- PSY 414 Analysis of Variance (4)
- PSY 417 Single Case Research Design (required for Applied Behavior Analysis Option) (4)
- PSY 491 Multivariate Statistics (5)
- PSY 504 Advanced Experimental Methods (4)
- PSY 515 Advanced Statistical Methods in Psychology (4)

**Advancement to Candidacy**

Upon satisfactory completion of one of the departmental core requirements listed above, the WPE exam, and 12 additional units (16 units total) selected in consultation with an adviser, students must file Advancement to Candidacy application form (GS-10) with the department.

Enrollment in PSY 585, 595, 597, 598, 599, and the Comprehensive Examination (PSY 596) is limited to students who have been advanced to candidacy.

**Master of Arts Degree (45 units)**

At least 50% of the required 45 units must be 500-level. A minimum of 10 units must come from courses other than PSY 595, 597, 598, and 599.

The M.A. degree is a rigorous program designed to develop research and conceptual skills for students whose primary interest is in continuing their education in a doctoral program. A key feature of the program is a close mentoring relationship with a faculty member who oversees the student’s progress toward his or her individual research goals.

**Departmental Core Requirement (4-5 units) (see above)**

**Required Courses (2-4 units)**

Select 2-4 units of PSY 597 in consultation with adviser.

**Electives in Psychology/Related (32-35 units)**

Select 32-35 units of electives coursework in consultation with adviser to complete 45 units required for the degree.

**Thesis (4 units)**

- PSY 599 Thesis (4)
**Master of Science Degree (52–57 units)**

A total of 52-57 units are required depending on the option selected. At least 50% of all units for the degree must be 500-level. The Applied Behavior Analysis option requires 57 units, the Forensic Psychology Option requires 52 units, and the Marriage, and Family and Therapy option requires 55 units. The Marriage and Family Therapy (MFT) program requires an additional 18-31 units to satisfy state licensure requirements.

**Master of Science: General Option**

*(minimum 52 units)*

*Departmental Core Requirements (4-5 units) (see above)*

**Required Field Study (6 or 16 units)**

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>PSY 585</td>
<td>Directed Clinical Practice (4,4,4,4) or</td>
</tr>
<tr>
<td>PSY 595</td>
<td>Field Experience in Psychology (6)</td>
</tr>
</tbody>
</table>

This requirement may be waived for students with adequate prior experience in an appropriate field as determined by the department. Any combination of field and teaching experience that meets Charter College of Education requirements for the credential program with specialization in school psychology also satisfies this requirement.

**Electives in Psychology and Related Fields**

*(25-36 units)*

Select 3-5 units of PSY 597 and an additional 25-36 units of adviser-approved courses.

Of the required 26 units of 500-level courses in psychology, at least 13 units must come from PSY 595, 597, and 599.

**Thesis (4 units)**

**Master of Science: Marriage Family Therapy Option (55 units)**

The major with this option is designed to partially fulfill state regulations for licensure in Marriage Family Therapy as outlined in the Business and Professions Code Section 4980.37. To complete state requirements for licensing, students in this option must take additional units. Generally, students will need a total of 73-86 units in order to meet all state requirements, depending upon prior coursework. This program further prepares students with the skills necessary for employment in mental health and related fields that utilize psychological and counseling services.

The Psychology Clinic (PSY 585)
The Department of Psychology provides a training facility for those students in the MFT option admitted to the master's degree program. Qualified students who obtain departmental approval to work in the clinic must enroll in PSY 585, directed clinical practice. Students may counsel, children, families, and/or groups. All students accepted to work in the clinic will be subject to university policies and procedures governing the university's approved clinics.

Master of Science: Forensic Psychology Option (52-53 Units)
The M.S. in Forensic Psychology option is designed for students whose primary interest is in working or studying in areas of psychology that intersect with the Criminal Justice system. A key feature of the program is a close mentoring relationship with a faculty member who oversees the student's progress toward his or her individual career goals. All students begin their program in the fall quarter and take several core courses together. Students will also take part in a 9-month practicum (PSY 595) where they will receive hands-on training and on-site supervision.

Prerequisites (17 units)

PSY 150 Introductory Psychology (4)
PSY 302 Inferential Statistics in Psychology (5)
PSY 410A Abnormal Psychology (4)
PSY 418A Introduction to Theories of Personality (4)

Departmental Core Requirement (4-5 units)

(see above)

Required Courses (36 Units)

PSY 464 Psychology and the Law (4)
PSY 531A Individual Testing and Case Study Techniques (4)
PSY 531B Individual Testing and Case Study Techniques (4)
PSY 595 Field Experience in Psychology (12)
CRIM 501 Seminar: Administration of Justice (4)
CRIM 511 Principles of Research (4)
CRIM 530 Theories and Perspectives (4)

Electives in Psychology/Criminal Justice (8 Units)
Select 8 units from following:

PSY 490 Human Memory (4)
PSY 586 Brief Psychotherapy and Crisis Intervention (4)
PSY 512 Behavior Disorders in Children (4)
CRIM 411 Interpretation of Evidence in the Courtroom (4)
PSY 510 Seminar: Abnormal Psychology (4)
CRIM 512 Quantitative Applications (4)
PSY 522 Seminar: Social Psychology (4)

Thesis (4 Units)

PSY 599 Thesis (4)

List of Courses (PSY) - Undergraduate Level

Lower Division Courses

150 Introductory Psychology (4)
Psychological perspectives on human behavior; principles and methods of psychology as a science; introduction to major topic areas of psychology. Relationship of psychological principles to sociocultural experiences.

160 Psychology of the Developing Person (4)
Principles of life-span development from birth to death, from a psychological perspective. Salient physiological, social, and psychological factors relevant to understanding development of the integrated person.

170 Introductory Physiological Psychology (4)
Relationship between behavior and its biological correlates; includes biological context of behavior, physiological determinants, sensory activity, perception, learning, arousal, and reaction.

202 Descriptive Statistics in Psychology (5)
Prerequisites: PSY 150, GE critical thinking and Math102. Basic numerical and graphical methods in psychology; statistical notation, data presentation, measures of central tendency, dispersion and covariation, probability; utilization of personal computers in statistics. Lecture 4 hours, laboratory 3 hours.

Upper Division Courses

PSY 150 and GE blocks A and B are prerequisite to all upper division psychology courses.

302 Inferential Statistics in Psychology (5)
Prerequisite: PSY 202. Provides an introduction to inferential statistics. Topics include hypothesis testing, probability, parametric (Z, T, and F tests, correlation/regression) and nonparametric (chi-square) procedures, the written presentation of statistical results, and the use of statistical software packages. Lecture 4 hours, laboratory 3 hours.
304 Research Methods in Psychology (6)  
Prerequisites: ENGL 102*, PSY 302. **WPE. Introduces experimental and non-experimental research design and methods. Topics include the scientific method, measurement and survey design, reliability and validity, and sampling. Students develop research projects and prepare APA-style scientific manuscripts. Use of statistical analysis software. Lecture 4 hours, recitation 1 hour, laboratory 3 hours.  
*Students subject to earlier catalogs must satisfy this prerequisite with ENGL 101 or 190. **Must have passed the WPE.

307 Physiology and Psychology of Violence and Aggression (4) (also listed as NURS 307)  
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Biological and psychobehavioral approaches to violent individuals; analysis of research support for understanding violence drawn from natural, medical, and behavioral sciences.  
GE Theme B

308 Theories and Systems in Psychology (4)  
Critical survey of “schools” era of psychology: structuralism, functionalism, Gestalt, behaviorism, psychoanalysis, humanism, and others, emphasizing their impact upon contemporary psychology.  
GE Theme B

309 Human Violence and Individual Change (4)  
(also listed as COMD 309)  
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Examination of theories, research and practices for accomplishing individual change; application of models of change to alter violent or counterproductive behaviors and attitudes; improving human interaction, and reducing violence/abuse. Some sections of this class may include a service learning component where students volunteer in community program addressing violence for 2 hours per week.  
GE Theme B

323 Psychology of Emotion (4)  
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. The influence of learning, cognition, psycho-dynamics, evolution, pharmacology and physiology on feelings and emotions.  
GE Theme E

330 Psychology of Prejudice and Discrimination (4)  
Theories and research on causes and effects of prejudice and discrimination, focusing on racism, classism, sexism, and heterosexism. Examination of personal experiences and attitudes. Approaches to promoting tolerance and equality.  
GE Theme E

343 Child and Adolescent Cognition (4 units)  
(also listed at CHDV 343)  
Prerequisites: CHDV 140 with a grade of C or better cognitive changes from birth to adolescence. Analysis of major theories of cognitive development. Cognitive processes examined include memory, language, problem solving. Social cognition, intelligence, symbolic thinking, reading, writing, math, and technology.  
GE Theme F

354 Selected Topics in Psychology (4)  
Prerequisites: As needed for specific topic. Current topics of special interest to students in psychology, as announced in Schedule of Classes. May be repeated for credit.

362 Psychological and Psychosocial Developmental Stages in Maturity and Aging (4)  
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Critical evaluation of psychological and psychosocial issues related to aging, with consideration of the relationship of gender, ethnicity and social class to the aging process.  
GE Theme F

388 Sex and Gender (4)  
(also listed as BIOL 388N)  
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Biological and psychological differences between the sexes; topics include genetics of sexual determination, sexual development and anomalies, hormones in physiology and behavior, psychological differences in behavior. No credit toward Biology major or minor.  
GE Theme C

395 Field Experience in Psychology (1–4)  
Prerequisite: Department approval. Opportunity to study psychological principles of behavior in nonlaboratory settings. May involve observation and participation in community, clinical, educational, business or other organizational settings. May be repeated to a maximum of 8 units. Graded CR/NC.

400-level Courses  
All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the department and approval of the graduate advisor.

401 Physiological Psychology (4)  
Prerequisite: PSY 170. Relationship between integrated behavior and physiological processes; theories that relate psychology and physiology.

402 Media Psychology (4)  
Review of theoretical and research literature to determine mass communication impact (e.g., film, television, print) on social and psychological functioning of individuals and societies.  
GE Theme E

403 The Psychosocial Dynamics of Child Maltreatment and Family Violence (4)  
(also listed as COUN 403)  
Psychosocial factors in child maltreatment and family violence: developmental considerations, assessment, interventions, legal and ethical issues, research findings, and community resources.

407 The Psychological Impact of Film (4)  
Course examines theory and research concerning social, psychological and physiological dimensions of film and how audience demographics and cultural diversity dictate the kinds of films produced and those not produced.

409 Computer Techniques for Psychology (4)  
Prerequisite: PSY 302. Available systems; introduction to programming, use and modification of library programs for analysis of psychological data; special techniques for subject-computer interaction in psychological research. No prior computer experience assumed.

410A Abnormal Psychology (4)  
410A: Definition, history of abnormality; perspectives on maladaptive behavior, research, classification, assessment, diagnosis, legal issues and clinical procedures, coping with maladaptive stress, personality disorders, anxiety disorders, substance abuse and dependence.

410B: Prerequisites: PSY 410A. A review of diagnosis, research, and treatment of schizophrenia, affective and psychophysiological disorders, organic brain syndromes, and mental retardation throughout the life cycle.

411 Advanced Research Methods in Psychology (4)  
Prerequisite: PSY 302 and PSY 304. Logic of research methodology and statistical analysis; evaluation of adequacy of research strategies; interpretation of results.

412A Psychology of Human Development: Infancy and Childhood (4)  
Theory and empirical literature pertaining to infancy and childhood.
412B Psychology of Human Development: Adolescence and Young Adulthood (4)
Theory and empirical literature pertaining to adolescence and young adulthood.

414 Analysis of Variance (4)
Prerequisite: PSY 302. Various analysis-of-variance models in analysis and interpretation of psychological data.

415 Interpersonal Relationships (4)
Prerequisites: PSY 150. The psychology of interpersonal relationships. Conceptual, methodological, and statistical issues in relationships research. Attraction and mate selection; relationship cognition; relationship development, conflict, dissolution, affiliation, loneliness, social support. Writing project.

417 Single Case Research Design (4)
Prerequisite: PSY 304. Basic types of single case experimental designs including withdrawal, reversal, multiple baseline, and multi element designs; methods of observation, measurement, recording behavior; assessing reliability of observations.

418A Introduction to Theories of Personality (4)
Description and evolution of major theories of personality.

418B Review of Research in Personality (4)
Critical evaluation of research on selected aspects of personality.

419 Psychology of Sex Roles (4)
Prerequisites: GE critical thinking requirement, introductory social science course. Psychological, social, and physiological determinants of sex difference in behavior; emphasis on development of sex role identity and interpersonal interactions.

421 Psychology of Learning and Behavior (4)
Prerequisites: PSY 304, upper division standing. Principles of classical and operant (instrumental) conditioning. Emphasis on experimental findings with consideration of both current and historically relevant theories.

422 Social Psychology (4)
Introduction to major theories of social psychology with special emphasis on such topics as aggression, liking and loving, altruism, prejudice, and attitude theory and measurement.

423 Motivation and Emotion (4)
Prerequisites: PSY 170, 304. Critical examination of drives, needs, preferences, desires, feelings and emotions from experimental and theoretical perspectives.

424 Cognitive Psychology (4)
Prerequisite: PSY 304. Theories and experimental literature with respect to the nature of memory and cognition.

425 Sensation and Perception (4)
Prerequisites: PSY 170, 304. Examination of theories and experimental literature with respect to variables that determine the organism’s ability to respond differentially to sense data.

426 Family Therapy Dynamics and Perspectives (4)
Prerequisite: PSY 410A or 418A. Theoretical perspectives in family processes; treatment approaches; significant issues in family life.

427 Family Therapy Techniques: Strategies for Change (4)
Prerequisites: PSY 426, instructor consent. General systems theory and analyses applied to marital and family problem-solving.

428 Introduction to Analysis of Behavior (4)
Basic phenomena of behavior analysis; applications for understanding human behavior, therapy, analysis of cognition, and verbal, social, and abnormal behavior; consideration of ethics involved in controlling human behavior.

431 Survey of Psychological Tests (5)
Prerequisite: PSY 202. Theoretical issues in individual differences; introduction to a variety of group and individual psychological tests and assessment techniques; role of tests in clinical evaluation; problems of reliability, validity, and interpretation. Lecture 3 hours, laboratory 3 hours.

433 Psychology of Cognitive Development (4)
Prerequisite: Completion of PSY 412A. Evolution of cognitive processes from simple organisms to adult human beings. Piaget’s theory; development of dialectic operations; perceptual and language development and apprehension of reality; relationship of social development to cognitive development.

436AB Counseling and Psychotherapy: Theories, Methods, and Issues (4, 4)
436A: Prerequisites: Senior or graduate standing; PSY 410AB or 418AB. Theories of counseling and psychotherapy; systems approaches to individual, marital, and family dynamics; introduction to clinical interviewing techniques.

436B: Prerequisite: PSY 436A. Current issues in counseling and psychotherapy; application of systems/communication models to individual, marital, and family therapy; student participation in intensive evaluation of therapeutic techniques.

438 Introduction to Clinical Psychology (4)
Prerequisite: PSY 410A or 410B. Current trends and methods of clinical psychology; designed primarily for students considering careers in area. Problems of assessment, psychotherapy, research, and community involvement.

439 Racial/Ethnic Minority Mental Health (4)
Prerequisite: PSY 150. The course will critically evaluate the research and clinical applications of cross-cultural psychology on mental health issues relevant to Asian Americans, African Americans, and Latinos.

445 Community Psychology – Service Learning (4)
Applies principles of social and clinical psychology to community problems and well-being; analysis of social systems; introduction to community mental health and community change. Service learning class: students volunteer in community agency. Lecture 2½ hours, activity 2 hours per week.

450 Principles of Health Psychology (4)
Prerequisite: Psychology 170 or 401. The effects of health upon behavior and of behavior upon health. Psychological consideration in health care.

451 Applied Health Psychology (4)
Prerequisite: PSY 450. Focus on illnesses for which behavioral change in recommended. Lifespan and multicultural issues. Student participate in a research project in such domains as eating disorders, pain management and addictions.

454 Special Topics in Psychology (1–6)
Prerequisites: As needed for specific topic. Current topics of special interest to students in psychology, as announced in Schedule of Classes. May be repeated as subject matter changes.
### 462 Psychology of Human Development: Maturity and Aging (4)
Prerequisites: Upper division standing; PSY 410AB recommended. Psychological factors in behavior during middle and later years, including physical and mental health problems, role changes successful adjustment patterns, and family and community relationships in successive adult age groups.

### 464 Psychology and the Law (4)
Laws pertaining to psychology; rights and responsibilities of mental health providers; conflicts between legal and ethical practice of psychology; current legislative issues.

### 465 Multicultural Psychology: Current Issues and Research (4)
Prerequisite: PSY 304 or equivalent. Theoretical and empirical approaches to the psychological understanding of diverse cultural groups. Conceptualizations of similarity and difference. Current findings from multicultural research.

### 485 Directed Field Experience in Community Clinical Psychology (4)
Prerequisites: PSY 410A or 410B; 412A or 412B; 422 or 462; agency acceptance. Application of psychological principles (interviewing, counseling) in supervised settings: service agencies, mental health centers, halfway houses, etc. Lecture, problem solving meetings, self and agency evaluation reports. May be repeated to maximum of 8 units. Graded CR/NC.

## Graduate Level Courses (PSY)

All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the department and approval of the graduate adviser.

Classified graduate standing is required for admission to all 500-level courses.

### 500 Seminar: Learning and Behavior (4)
Prerequisite: PSY 421. Examination of critical areas of the experimental literature in learning and behavior with a stress on issues related to the experimental analysis of behavior.

### 501 Seminar: Sensation and Perception (4)
Prerequisite: PSY 425. Critical review of current literature; theories, methods, and problems concerning sensation and perception.

### 504 Advanced Experimental Methods (4)
Prerequisite: Instructor consent. Nonstatistical issues in design of experimental psychological research. Topics include design logic, literature sources, apparatus, subjects. Emphasis on preparation of an experimental design in an area of student’s interest.

### 506 Seminar: Physiological Psychology (4)
Prerequisite: PSY 401. Critical discussions, including physiological correlates and mechanisms of motivation and emotion, learning and memory, human psychopathology.

### 510 Seminar: Abnormal Psychology (4)
Prerequisite: PSY 410AB. Intensive analysis of major types of abnormal behavior, their development and prevention. Emphasis on relationship of abnormal behavior to theories of personality and research findings.

### 511 Seminar: Developmental Psychology (4)
Prerequisites: PSY 304. 412AB or comparable undergraduate work in research methods and human development. Intensive analysis of current theories and research in developmental psychology.

### 490 Human Memory (4)
Prerequisites: PSY 304, Upper division standing. Principles of human memory. Emphasis on basic and applied experimental findings with a focus on individual differences and situation factors related to eyewitness memory and suggestibility in adults and children.

### 491 Multivariate Statistics (5)
Prerequisite: PSY 302. The use and interpretation of multivariate data analysis techniques for qualitative and quantitative information and the implementation of these techniques using standard computer packages.

### 499 Undergraduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Project selected in conference with sponsor before registration; progress meetings held regularly, and a final report submitted. May be repeated for credit. Graded CR/NC.

### 512 Behavior Disorders in Children (4)
Prerequisites: PSY 410AB, 412AB. Application of principles of psychology to behavior disorders in children. Designed primarily for clinicians, social workers, school psychologists, and parent educators.

### 515 Advanced Statistical Methods in Psychology (4)
Prerequisite: PSY 414. Topics include fixed, mixed, and random models of analysis of variance, interaction, analysis of covariance, and miscellaneous nonparametric statistics.

### 522 Seminar: Social Psychology (4)
Prerequisite: PSY 422. Theory, methodology, and applied problems dealing with the phenomena of social behavior. Individual projects required.

### 528 Seminar in Applied Behavior Analysis (4)
Prerequisites: PSY 428 and PSY 417. The application of basic principles of behavior analysis to clinically and socially relevant problem behaviors in diverse populations. Discussion of methodological and conceptual issues in applied behavior analysis.

### 531AB Individual Testing and Case Study Techniques (4, 4) (also listed as COUN 531AB)
Prerequisites: COUN 428 and one of the following sequences: PSY 410AB and 438; 410AB and 431; 418AB and 431; or 410A and COUN 405A, 501 and 529. Intensive practice in administration and interpretation of better known testing devices for mental ability, perceptual and motor functioning, and personality dynamics, with attention to integration of results in case studies. Lecture 3 hours, laboratory 3 hours.
536 Seminar: Counseling (4)
(general and special sections)
Prerequisites: PSY 410AB, 418AB, or 436AB and instructor consent. Intensive discussion of typical counseling situations coordinated with readings in area; evaluation of selected counseling theories. Offered in general and special sections, e.g., child, family, group. May be repeated in different sections, with maximum of 8 units applied to master’s degree.

542 Human Sexuality: Dysfunction and Treatment (4)
Prerequisite: Eight units of course work in theory and techniques of counseling. Theoretical perspectives on treatment of sexual dysfunction; diagnosis, treatment, research findings, ethical considerations.

555 Introduction to Graduate Study in Psychology (6)
Prerequisites: PSY 304, 308. Critical evaluation of core areas in psychology including: learning, perception, personality, physiological, social, and developmental psychology. Extensive use of bibliographic resources and oral and written presentations.

585 Directed Clinical Practice (4)
Prerequisites: PSY 426; 436 AB; PSY 536; advancement to candidacy; departmental approval. Lecture, discussion, and supervised experience providing individual and family therapy in campus or community settings. May be repeated to 16 units. Graded CR/NC.

586 Brief Psychotherapy and Crisis Intervention (4)
Prerequisites: Advancement to candidacy; PSY 436A. Principles of brief psychotherapy and crisis intervention. Emphasis on understanding basic issues and techniques involved in brief therapy strategies. Also, crisis intervention techniques from a variety of perspectives will be covered.

588 Critical Problems in Psychology (4)
Prerequisite: Instructor consent. Critical problems in psychology as a science or as a profession. Topic varies each quarter. May be repeated for credit.

595 Field Experience in Psychology (1–9)
Prerequisites: Advancement to candidacy; instructor consent; application to department in quarter prior to enrollment. Independent supervised field experience in an applied area of psychology. May be repeated to maximum of 12 units. Graded CR/NC.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the (Masters) Degree section of this chapter.

597 Graduate Research (1–6)
Prerequisites: Advancement to candidacy; instructor consent to act as sponsor; departmental approval of project prior to registration. Independent research under guidance of the faculty. May be repeated for credit. Graded CR/NC.

598 Graduate Directed Study (1–4)
Prerequisites: Advancement to candidacy; instructor consent to act as sponsor. Independent study of advanced topics in the field; regular conferences with sponsor. May be repeated for credit. Graded CR/NC.

599 Thesis (1–9)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, departmental approval of topic prior to registration. Independent research resulting in a thesis. May be repeated to maximum of 9 units. Graded CR/NC.
Program Coordinator: Choi Chatterjee.

The interdisciplinary program in Social Science offers a foundation for general and comparative study of societies and human events.

The Faculty
Instruction is provided by the faculties of all social science departments. Advisement information is available from the Social Science Coordinator.

Undergraduate Programs

Bachelor of Arts Degree
The Bachelor of Arts degree in Social Science provides the basis for a liberal arts education with major emphasis in social science. Prior to fall 2005 this major fulfilled all subject matter requirements for the Single Subject credential in Social Science. Students already enrolled in the program prior to fall 2005 will be permitted to complete their programs and thereby satisfy these subject matter credential requirements. Students interested in meeting these requirements beginning in fall 2005 and after should consult the on-line version of the catalog or contact the History Department. The major requires completion of 108 units. The program includes four options: Economics, History, Geography, and Political Science. Early consultation with the Social Science coordinator is advised in order to select an option.

Requirements for the Major (108 units)
Lower Division Required Courses (40 units)
- ECON 201-202 Macro and Microeconomics (4, 4)
- GEOG 155 Cultural Geography (4)
- HIST 110ABC World Civilization I, II, III (4, 4, 4)
- HIST 202AB United States Civilization (4, 4)
- POLS 150 Government and American Society (4)
- POLS 250 World Politics (4)

Breadth Courses (40 units)
California Perspectives (12)
- GEOG 431 California (4) or
- GEOG 432 Metropolitan Los Angeles (4)
- HIST 488 California (4)
- POLS 403 State and Local Government (4)

World Geography (8 units)
- GEOG 370 World Regions (4)
- GEOG 451 Historical Geography of North America (4)

The Human Personality (4 units)
- PSY 150 Introductory Psychology (4)

Social Science Perspectives (4 units)
Select one from the following:
- ANTH 250 Cultural Anthropology (4)
- HIST 150 Asian-American History (4)
- SOC 263 Asian-American Experience (4)
- SOCS 180 Race and Ethnicity in American Society (4)

Diversity in U.S. History (4 units)
Select one from the following:
- ANTH 406 Indians of North America (4)
- CHS 444 History of the Chicano People (4)
- HIST 477 United States Social History (4)
- HIST 480 Ethnicity and Immigration in American History (4)
- PAS 420 Afro-American Culture (4)
- SOC 460 Race and Ethnic Relations (4)

Religion and Society (8 units)
Religion and Institutions (4 units)
- RELS/PHIL 200 Comparative Religion (4)

Religious Ideas (4 units)
Select one from the following:
- ENGL 258 Mythology in Literature (4)
- PHIL 152 Human Values (4)

Capstone Course (4 units)
- SOCS 497 Issues in Teaching History-Social Science (4)

Select one from the following three options (24 units):

History Option
Upper Division Required Courses (24 units)
Historiography (4 units)
- HIST 388 Historiography (4)

U.S. History (8 units)
Select one from each group.

Periods in U.S. History
- HIST 470 The Colonial Heritage: The United States, 1607-1763 (4)
- HIST 471 Era of Revolution: The United States, 1763-1815 (4)
- HIST 472 Democracy, Dissent and Disunion: The United States, 1815-1877 (4)
- HIST 473 The United States, 1877-1918 (4)
- HIST 474 The United States, 1918-1952 (4)
- HIST 475 The United States, 1952-Present (4)

#### Political Science Option

**Upper Division Required Courses (24 units)**

**International Relations (4 units)**
Select one from the following:

- POLS 425 U.S. Foreign Policy in a Changing World (4)
- POLS/ECON 426 International Political Economy (4)
- POLS 427 International Relations (4)

**American Politics and Institutions (16)**

#### Fundamental Values and Institutions (8 units)
Select two from the following:

- POLS 400 Power and Policy in Washington: Congress and the President (4)
- POLS 435 American Political Thought (4)
- POLS 440 Judicial Process (4)

#### Federal Institutions and National Perspectives (4 units)
Select one from the following:

- POLS 418 U.S. Political Parties, Campaigns, and Elections (4)
- POLS 441 American Constitution Law: Federalism (4)
- POLS 442 American Constitutional Law: Civil Rights (4)

#### State and Local Institutions and Current Issues (4 units)
Select one from the following:

- POLS 402 Politics of Organized Labor (4)
- POLS 404 Urban Government and Politics (4)
- POLS 406 Los Angeles City Politics (4)
- POLS 408 Political Socialization (4)
- POLS 409 Minority Politics in the U.S. (4)
- POLS 414 Politics and the Media (4)
- POLS 419 Public Opinion and Polling (4)

#### Economic Systems and Issues (4 units)
Select one from the following:

- ECON 350 Economics of Poverty and Inequality in the U.S. (4)
- ECON/POLS 426 International Political Economy (4)
- ECON 440 Urban and Regional Economics (4)
- ECON 460 Economics of Developing Countries (4)
- ECON 471 American Economic History (4)
- ECON 480 Comparative Economic Systems (4)

### Geography Option

**Upper Division Required Courses (24 units)**

#### Human Geography (12 units)
Select two from the following:

- GEOG 341 World Resources (4)
- GEOG 377 Urban Issues (4)
- GEOG 442 Population Geography (4)
- GEOG 467 Transportation Geography (4)
- GEOG 475 Settlement (4)
- GEOG 476 Urban Geography (4)

#### U.S. Regional Geography (4 units)

- GEOG 421 United States (4)
Perspectives (4 units)
Select one from the following:
GEOG 432 Metropolitan Los Angeles (4)
GEOG 446 U.S. Ethnic Communities (4)
GEOG 455 Political Geography (4)
GEOG 495 Senior Thesis (4)

World Geography (8 units)
GEOG 424 South and Southeast Asia (4)
GEOG 425 Japan (4)
GEOG 427 Mexico and Central America (4)
GEOG 428 South America (4)
GEOG 430 China (4)

Economics Option
Upper Division Required Courses (24 units)

Federal Reserve System and the Macroeconomy
ECON 303 Money, Banking and the Economy (4)

Microeconomics Perspectives (4 units)
ECON 310 Managerial Economics (4)

Public Economic Issues (8 units)
Select two from the following:
ECON 350 Economics of Poverty and Inequality in the U.S. (4)
ECON 405 Economics of Regulation and Deregulation (4)
ECON 430 Labor Economics (4)

Global Economic Issues (8 units)
Select two from the following:
ECON 426 International Political Economy (4)
ECON 460 Economics of Developing Countries (4)
ECON 461 Economics of International Trade (4)
ECON 462 International Monetary Economics (4)
ECON 490 Issues in the Economics of Globalization (4)

The Credential Program
The Bachelor of Arts degree in Social Science has been approved by the California Commission on Teacher Credentialing for the Single Subject credential in Social Science through Summer Quarter 2005. Students interested in a Single Subject credential in Social Science should consult advisers in the Department of History, which administers the program, and in the Charter College of Education. Refer to the Charter College of Education section of the Academic Programs: College-based and University-wide chapter of this catalog for regulations governing all teaching credential programs.

List of Courses (SOCS) - Undergraduate Level

Lower Division Courses
180 Race and Ethnicity in American Society (4)
An interdisciplinary examination of ethnic and racial groups in America. GE D

230 The Social Sciences and Poverty Policy (4)
Nature and causes of poverty from the viewpoints of the various social sciences. Government policies to alleviate poverty and their evaluation. Effects on, and effects of, the various social sciences. GE D

Upper Division Courses
497 Issues in Teaching History-Social Science (4)
Prerequisite: Senior standing. Explores issues and concepts involved in teaching History-Social Science in California public schools.

499 Undergraduate Directed Study (1–4)
Prerequisites: Consent of an instructor to act as sponsor; ability to assume responsibility for independent work and to prepare written and oral reports. Project selected in conference with sponsor before registration; progress meetings held regularly.
The mission of the School of Social Work:
The School of Social Work prepares BASW and MSW students for skilled professional practice in socially, culturally and economically diverse urban communities. Our strength-based programs educate generalist social workers who are committed to social and economic justice and are able to facilitate change and growth at all levels of practice.

The School of Social Work offers the Bachelor of Arts degree in Social Work and the Master of Social Work degree (2 and 3 year options). Both programs are fully accredited by the Council on Social Work Education.

The Faculty

Bachelor of Arts Degree
The Bachelor of Arts degree in Social Work enables students to explore and develop values, knowledge and generalist skills essential to the practice of social work in a multiethnic environment. The goals of the program include: providing continuing education for persons already employed in the field of social work or related human services; preparing students for professional entry-level positions in social work; and preparing students for further study in graduate schools of social work or related human services.

The total number of units required for the Bachelor of Arts degree in Social Work is 180 units, of which 86-87 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Required Advisement
All students in the Social Work major must see an academic adviser during their first quarter in the program. During this initial advisement, a summary of the program curriculum and School of Social work regulations will be reviewed.

All social work students are also required to meet with an adviser one quarter prior to beginning their fieldwork, to determine eligibility for field education. Finally, students must meet with an adviser two quarters before graduation to complete a graduation check.

Students who earn less than the minimum required grade for social work courses must meet with an academic adviser from the School of Social Work to prepare a revised academic plan to assure satisfactory progress.

School of Social Work Regulations
Students in the Social Work major must earn grades of C or higher in the following social work courses: SW 370, 372, 301, 474, 475,478, 482. To meet the requirements of continuing satisfactory performance, students must also receive a passing grade (credit) for the Field Internship (SW 495) and a grade of C or better in their Integrative Seminar (SW 496). Students who are placed on academic probation are not permitted to enroll in a social work course until an academic adviser from the School of Social Work approves a revised academic plan. The plan will provide students with guidelines to support their academic success.

Students are required to complete a criminal clearance check, prior to entering a field placement. Some field agencies will not accept students who cannot pass the criminal background clearance. Please note that difficulty or the inability to place a student in a required field practicum may delay or prevent the completion of the BASW degree.

Sequence Requirements
- The WPE must be passed prior to taking SW 301
- SW 370 is a prerequisite to all required social work courses except SW 301, SW 391, and SW 476
- Prerequisites to Field Education (SW 495) include: Passing the WPE; completion of SW 301, SW 370, SW 371A, SW 371B, and SW 372
- SW 372 is a prerequisite to the advanced social work practice courses (SW 474, SW 475, and SW 482)
- Students must take SW 495 and SW 496 concurrently.
- Field Education (SW 495, SW 496) must be taken in the last three quarter of the BASW Program.
Requirements for the Major (86–87 units)

The BASW program requires a total of 180 units for the degree, including 71 units in required courses in social work; 7-8 units of required courses in related fields; and 8 units of elective courses in social work and other fields. See the Undergraduate Study: General information chapter for details about general education and other requirements that constitute the units outside the major.

Required Courses in Related Fields (7-8 units)
The following courses must be completed with a grade of C or higher before any other courses in the major are attempted:

- PSY 150 or SOC 201 or SOC 202
- Elementary Statistics (HHS 400 or EDFN 452, or SOC 210A, or ECON/MATH 109)

Required Upper Division Courses (71 units)

Electives in Social Work and other fields (8 units)
Select with prior adviser approval.

Free Electives (18-19 units)
Remaining units can be used to take free electives in social work or any other discipline to meet the required 180 units for graduation.

Certificate Programs

The Applied Gerontology credit certificate, offered by the College of Health and Human Services through the Applied Gerontology Institute, contains course work in social work and is available to both social work majors and others. The school also offers course work applicable toward the interdisciplinary credit certificate in Child Maltreatment and Family Violence offered by the College of Health and Human Services.

Graduate and Postbaccalaureate Programs

Master of Social Work Degree
The Master of Social Work degree prepares graduate students for entry into advanced and specialized social work practice where they will be able to provide effective services to individuals, families, groups, organizations and communities.

The MSW program can be completed in a two year sequence or in a three year sequence.

The foundation year consists of generalist courses. The advanced year consists of advanced generalist courses and courses in one of three concentrations.

The Children, Youth, Women and Families concentration prepares students for practice in settings addressing the needs of children and their families, and consists of SW551, SW558, and SW575.

The Aging and Families concentration prepares students for practice in settings addressing the needs of older adults and their families and consists of SW552, SW559, and SW576.

The Forensic Social Work concentration prepares students for practice with children, adults and their families in forensic settings, and consists of SW556, SW560 and SW577.

Admission Requirements
Applicants must apply simultaneously to the University and to the School of Social Work. Admission to the school does not guarantee admission to the College of Health and Human Services and/or the University. Admission to the university does not guarantee admission to the school and/or College. In addition to an evaluation of the applicant’s potential for advanced practice in the profession of social work, the minimum requirements for admission are:

- Acceptable bachelor’s degree from an accredited college or university;
- Minimum 2.75 grade point average in the last 90 quarter units (60 semester units);
- Completion of one course each in human biology, research and statistics and 8 quarter units (6 semester units) of upper division social science courses;
• Good academic standing at the last college or university attended; and
• Graduate Record Exam if GPA from last 90 quarter units (60 semester units) is below 3.25

In addition, the School Admissions Committee is guided by the following criteria:

• Voluntary and/or paid experience in human services; - Professional promise, which includes social consciousness and commitment to the values of the profession and the specific mission of the program, personal readiness, motivation, and ability to relate as an effective helping person to individual, organizational and societal needs.

**Degree Requirements**

A total of 90 units are required.

**Foundation Year Courses (45 units)**

**Upper Division Courses**

**PSY 150 or SOC 201 or 202, normally prerequisite to all upper division SW courses, may be waived only with instructor consent.**

**301 Writing for Social Work (4)**

Prerequisite: Satisfactory completion of the Graduation Writing Assessment Requirement (GWAR). Reasoning and writing skills for comprehending and communicating information in social work. Minimum C grade required for passing.

**355 Strategies for Preventing and Intervening in Family Violence and Abuse (4)** *(crosslisted as NURS 355)*

Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Major theories used to explain family violence; emphasis on preventing abuse and intervening with victims across the age span; social policy and legal issues.

**GE Theme B**

**362 From Institutional Racism to Cultural Competency (4)**

Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Theoretical and empirical data regarding institutional racism; increase understanding of diversity and cultural competency.

**GE Theme H**

**370 Field of Social Work (4)**

Prerequisites: PSY 150 or SOC 201 or 202 and HHS 400 or EDFN 452 or SOC 210A or ECON/MATH 109 or an equivalent elementary statistics course. Overview of social work profession; including contemporary practices and policies of social welfare agencies. Minimum C grade required for passing.

**371A Human Behavior and the Social Environment: Prenatal Through Early Adolescence (4)**

Prerequisite: SW 370. Application of social work practice principles, values, knowledge, and skills in assessment of human behavior within context of social environment from birth to early adolescence.

**371B Human Behavior and the Social Environment: Late Adolescence Through Old Age (4)**

Prerequisite: SW 370. Application of social work practice principles, values, knowledge, and skills in assessment of human behavior within context of social environment from late adolescence through old age.

**372 Social Work Practice I: Communication and Interviewing Skills (4)**

Prerequisite: SW 370. Examines and applies communication theory and interviewing skills in working with individuals, families, small groups, and communities. Minimum C grade required for passing.

**391 Social Work Research Methods (4)**

Prerequisite: HHS 400 or SOC 210A or EDFN 452 or ECON/MATH 109. Scientific, analytic approach to knowledge building and practice in social work; experimental, quasiexperimental, and single subject research designs; sampling, survey methods, case studies, exploratory-descriptive studies, and evaluation research.

**400-Level Courses**

Some 400-level courses may be applied toward master’s degree requirements, subject to limits established by the school and approval of the graduate adviser:

**411 Computer Applications in Social Work (4)**

Prerequisite: SW 370. Computers in field of social work and human service programs; includes use of major “applications” programs that have specific relevance to field of social work.
450 Crosscultural Practice with Aging Populations (4)
Prerequisite: Upper division standing. Ethnic factors in aging; ethnic specific and comparative analysis of ethnicity as it influences sociocultural context of older persons, care giving, and service delivery and utilization.

454 Selected Topics in Social Work (1–6)
Current topics of special interest in social work, as announced in Schedule of Classes. May be repeated for credit.

456 Multidisciplinary Teams, Child Maltreatment, and Family Violence (4)
Prerequisite: PSY 150 or SOC 201. Personal and professional responsibility in reporting, preventing, and treating child maltreatment; a multidisciplinary team approach to problems of child maltreatment and family violence.

461 Social Work Practice in Minority Communities (4)
Prerequisite: SW 370. Social work practice and its relationship to minority group communities; innovative methods of delivery of services; casework approaches, racism, role of social worker.

462 Institutional Racism and Poverty (4)
Prerequisite: SOC 201. Development of institutional racism and poverty; impact on social policy development and social service delivery; methods to reduce racism and poverty in America.

463 Women’s Issues in Social Welfare (4)
Prerequisite: SW 370. Women’s issues within social work practice areas; analysis of social welfare response to women’s special concerns; social policy implications for future directions.

465 Programs and Policies Related to the Elderly (4)
Prerequisite: Upper division standing. Policies, programs, and service delivery systems related to the elderly; descriptive and normative analysis of social problems related to aging with emphasis on ethnic minorities.

466 Case Management with Older Adults (4)
Prerequisite: Upper division standing. Examination of frameworks and models lined to quality case management programs and services, with the underserved, culturally diverse, frail elderly; case finding, assessment, goal setting to promote community-based care.

474 Social Work Practice II: Working with Individuals and Families (4)

475 Social Work Practice III: Working with Groups (4)
Prerequisites: SW 370, SW 372. Study of human behavior in groups; use of groups to accomplish individual, family, organizational, and/or community goals. Minimum C grade required for passing.

476 Child Welfare (4)
Services to families, children, and youth; the network of preventive and supportive services; child neglect and abuse; children and the legal system; foster care, institutional care, group homes, and adoptions.

478 Social Welfare Policy and Social Services (4)
Prerequisite: SW 370. Identifying, formulating, implementing, and evaluating social welfare policy options. Design and implementation of social service delivery systems. Minimum C grade required for passing.

480 Social Work in the Criminal Justice System (4)
Development and application of individual, group, social change methods of social work in criminal justice system. Focus on methods used with victims and communities as well as offenders.

482 Social Work Practice IV: Community Organization (4)
Prerequisites: SW 370, SW 372. Applies stages of the generalist social work method to community organizing, community analysis, dynamics of social power, and formal organizations. Minimum C grade required for passing.

485 The Homeless in Society (4)
Prerequisite: SOC 201 or 202. The homeless and homelessness including cultural, health/mental health, sociopolitical, economic, legal issues, consequences; policy, programs, service delivery responses and options. Lecture 3 hours, laboratory 3 hours.

486 Probation and Parole (4)
(also listed as SOC 486)
Prerequisite: SOC 480 or 482. History, philosophy, legal bases, and procedures governing investigation, treatment, and supervision of adjudged juvenile offenders and adult violators placed on probation and parole.

490 Latino Mental Health (4)
Prerequisite: SW 474 or other upper division course in mental health or counseling. Psychosociocultural aspects of mental health problems and issues within Latino community; factors affecting mental/emotional well-being, the design and delivery of culturally based services, and implications for practice and research. Service in an agency serving Latino clients is required. This course requires service learning.

495 Directed Field Experience (4)
Prerequisites: SW 301, SW 370, SW 371A, 371 B, SW 372, Pass WPE and complete criminal clearance. Corequisite: SW 496. Student internship social agency; supervised activities in application of theory and skills acquired in foundation courses. Must be repeated to total 12 units. Graded CR/NC. Students enter fieldwork in fall or winter quarters and must complete three consecutive quarters. If students receive a "NC" in any quarter, they may repeat the entire field practicum only once at another agency.

496 Integrative Seminar (1)
Prerequisites: SW 301, SW 370, SW 371A, SW 371B, SW 372 Corequisite: SW 495. Examination of the relationship between social work theory and practice to provide integration of academic and directed social work field experiences. Must be repeated consecutively to total of 3 units as a corequisite to fieldwork (SW495). Minimum C grade required for passing. If a student is required to repeat the fieldwork, they must repeat seminar as a corequisite for 3 additional units; however, if student passes fieldwork but receives less than minimum grade in seminar, course can be repeated only to 4 total units.

497 Social Work Proseminar (4)
Prerequisite: Sixteen upper division SW units. Comprehensive survey and analysis of selected areas of social work inquiry as announced in Schedule of Classes. May be repeated once for credit.

498 Cooperative Education
This cooperative education course may be repeated up to 16 units.
499 Undergraduate Directed Study (1–4)
Prerequisites: Senior standing, 2.75 overall grade point average, consent of a faculty sponsor, approval of proposed project prior to registration, ability to assume responsibility for independent research and analysis. Regular discussion of progress with sponsor before presentation of final written report.

Graduate Level Courses (SW)

Some 400-level courses may be applied toward master's degree requirements, subject to limits established by the school and approval of the graduate advisor.

Classified graduate standing is required for admission to all 500-level courses.

510A Human Behavior and the Social Environment I (4)
Prerequisite: Admission to the MSW program. Human growth and development from birth through adolescence including views based on biological, psychological, cultural, interpersonal, and social structural assumptions; applications to social work.

510B Human Behavior and the Social Environment II (4)
Prerequisite: SW 510A. Human growth and development form middle age through old age and death, including biopsychosocial, cultural, interpersonal, and structural assumptions.

510C Human Behavior and the Social Environment III (4)
Prerequisite: SW 510B. Review and critique of theories of human growth and development from a crosscultural perspective; emphasis on micro and mezzo theories for relevance to the biopsychosocial needs and problems of ethnic minority client systems.

520A Parameters of Practice (4)
Prerequisite: Admission to the MSW program. Historical development and theoretical foundations for generalist social practice; value base, principles and method for cross-cultural service delivery.

520B Micro Practice (4)
Prerequisite: SW 520A. Repertoire of practical skills derived from variety of theoretical frameworks for selective application for professional social work practice with diverse, micro-level client systems.

530A Social Welfare History and Introduction to Macro Practice (4)
Prerequisite: Admission to the MSW Program. Social Welfare policy; examination of history, philosophy, ethics, function and structure of the social welfare institution and the social work profession within sociopolitical, economic and cultural systems.

530B Social Welfare Policy Analysis (4)
Prerequisite: SW 530A. Programs of social insurance and social assistance, income transfer and income maintenance; analyses of issues with regard to entitlements, coverage and eligibility.

530C Community Organizing (4)
Prerequisite: SW 520B. Social work interventions with natural and formed groups, understanding for community development, especially in low-income minority communities; analyses of community organizations and their effect upon delivery of social services.

540 Social Welfare Research and Statistics (4)
Prerequisites: Admission to the MSW program; a course in statistics. Research designs and methodologies in social work; problem formulation, sampling techniques, instrument construction, evaluation research.

549 ABC Field Practicum (3, 3, 3)
Prerequisite: Admission to the MSW program. Supervised field placement for advanced generalist practice with individuals, families, groups and communities. Graded CR/NC.

550 Advanced Social Welfare Research (3)
Prerequisite: SW 540. Advanced research designs and methodologies in social work in preparation for the Master's Thesis. Research questions and hypotheses, protection of human subjects, sampling, instrument construction, data collection and data analysis.

551 Advanced Practice I: Children, Youth, Women and Families (4)
Prerequisite: Completion of SW 549C. Advanced level of theory and practice focusing upon prevention, crisis intervention and short-term treatment with children, youth, women, and families.

552 Advanced Practice I: Aging and Families (4)
Prerequisite: Completion of Foundation Year. Advanced level of practice addressing theories of aging, health and medical needs of the elderly; critical care issues affecting this population.

553 Advanced Practice II: Diversity Perspectives Over the Life Course (4)
Prerequisite: SW 551. Theory and practice with ethnically, racially, religiously diverse populations utilizing a multi-dimensional cross-cultural framework and case materials to analyze treatment issues and empowerment strategies for children, youth, women, and families.

556 Advanced Practice I: Forensic Casework (4)
Prerequisite: SW 549 and instructor consent. Examination of theoretical and practice foundations for social casework with adult/ juvenile forensic clients; overview of forensic social work practice.

558 Advanced Practice III: Capstone Seminar: Children, Youth, Women and Families (4)
Prerequisite: SW 553. Interventions based on gender, race, age and class factors in service delivery to children, youth, women and their families; prevention, funding, grantsmanship and program evaluations. Special emphasis on disadvantaged communities.

559 Advanced Practice III: Capstone Seminar: Aging & Families (4)
Prerequisite: SW 553. Interventions based on gender, race, age and class factors in service delivery to older adults and their families; prevention, funding, grantsmanship and program evaluations. Special emphasis on disadvantaged communities.
560 Advanced Practice III: Capstone Seminar: Forensic Social Work. (4)
Prerequisite SW 556. Interventions based on gender, race, age and class factors in service delivery to clients and their families involved in the criminal justice system, with special emphasis on disadvantaged communities.

571 Administration of Social Service Agencies (4)
Prerequisite: SW 530C. Issues in management and organizational behavior within human service systems; leadership; decision making; conflict resolution; program and staff development; fiscal management; working with boards and volunteers.

575 Policy and Services/Applications: Children, Youth, Women and Families (4)
Prerequisite: SW 571. Critical analysis of social systems, policies and programs designed to provide human services to culturally diverse individuals, families and groups.

576 Policy and Service/Applications: Aging and Families (4)
Prerequisite: SW 571. Analysis of federal, state and local policies including Medicare and Medi-Cal; emphasis on financing and budgeting of program; legal mandate for various social work interventions.

577 Policy and Services/Applications: Forensic Social Work. (4)
Prerequisite: SW 571. Critical analysis of current problems and policies in forensic social work, and community and institutional issues that impact culturally diverse individuals, families, and groups involved with the criminal justice system.

581 Poverty and Institutional Racism (2)
Prerequisite: Completion of SW 549C. Historical and contemporary manifestations of institutional racism in America and its effects upon the economic status of oppressed populations.

582 Key Issues in DSM-IV: Focus on Forensic Mental Health (2)
Prerequisites: 520B and 530C. Issues of assessment, including mental status and diagnosis, for advanced social work practice. Emphasis on practice with forensic clients.

583 Immigration, Social Policy and the Social Services (2)
Prerequisite: Completion of SW 549C. Past and current issues in American immigrant legislation; impact upon the social services delivery system from perspectives of the social work practitioner and the recent immigrant.

585 Policy and Practice In Public Child Welfare (2)
Prerequisites: 520E and 530C. Contemporary practice in California's public child welfare systems in the context of current policy and administrative issues.

589 Selected Topics in Social Work (1-6)
Current topics of special interest in social work, announced in the Schedule of Classes. May be repeated for credit up to a total of 4 units.

591ABC Field Practicum (4, 4, 4)
Prerequisite: Completion of Foundation year. Advanced case and group management and community planning responsibilities in a supervised field setting. Graded CR/NC.

598 Graduate Directed Study (1-4)
Prerequisite: SW 549 and Instructor consent to act as sponsor. Independent study of advanced topics in field; regular conferences with sponsor. Repeatable for up to 12 units.

599A Thesis or Research Project I (3)
Prerequisite: SW 540. Formulation and design of a thesis or research project incorporating quantitative and/or qualitative data obtained from the field practicum concentration. Graded CR/NC.

599B Thesis or Research Project II (3)
Prerequisite: SW 599A. Completion of the thesis or research project focusing upon the presentation of data and the conclusion, implication, and recommendations for individual, social or institutional change derived from the findings. Graded CR/NC.
Sociology is the scientific study of social behavior, social institutions, and social structure. It provides a background of understanding and research skills for students interested in a variety of occupations. The department’s programs prepare students for advanced professional study in sociology and social work, as well as positions in public and private social service agencies. Sociology will have a particular appeal to students whose intellectual and career interests are broad and unspecialized.

Sociology majors study various subjects, including: race/ethnic relations, gender issues, interpersonal relationships, religion, law, health care, child development, aging, urban populations, social inequalities, crime, corrections, occupations, mass communication, social deviance, politics, social psychology, and classical and contemporary sociological theories. The primary purpose of the academic program in sociology is to enhance students' analytical abilities and understanding of social phenomena.

Students pursuing legal, educational, and governmental careers may benefit from sociological perspectives on human relations. Students who intend to follow careers in management, human resources, public relations, advertising, journalism, criminal justice, nursing, and comparable areas may find particular value in combining the study of sociology with their professional preparation.

Two Bachelor of Arts degree options in Sociology; minors in Sociology, in Law and Society, and in Social Gerontology; and the Master of Arts degree program are described below.

The Faculty

Professors: Janicemarie Allard, Cristina Bodinger-de Uriarte, Steven L. Gordon (Chair), Terry R. Kandal, Janet Lever, Jon Snodgrass, Ronald T. Tsukashima.

Associate Professor: Gretchen Peterson.

Assistant Professors: Gabriela Fried Amilivia, Wai Kit Choi, Elaine Draper, Roseann Giarrusso, Hyojoung Kim.

Bachelor of Arts Degree

The Department of Sociology offers a Bachelor of Arts degree in Sociology with two options: The General Sociology Option and the Law and Society Option. Also offered are minors in Sociology, in Law and Society, and in Social Gerontology for students majoring in other fields.

The total number of units required for the Bachelor of Arts in Sociology is 180 units, of which 66 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree, including GE and free electives.

Required Advisement

All students desiring to undertake a major or minor in sociology must confer with a department adviser during their first quarter in the program. During the first quarter of their junior year, students must meet again with an adviser to plan the remainder of their program. Transfer students must see an adviser in their first quarter of enrollment at Cal State L.A.

Sequence Recommendation

To facilitate scheduling, specific prerequisites have been omitted from most courses. It is highly recommended, however, that suggested sequences be observed, since later coursework will assume familiarity with prior course material. The following are strongly recommended or required:

Required Courses (26 units)

SOC 201 Principles of Sociology (4)
SOC 210AB Elementary Statistics (3, 3)
SOC 301 Writing for Sociology (4)
SOC 390 Methods of Social Research (4)
SOC 412 Classical Sociological Theory (4)
SOC 414 Contemporary Sociological Theory (4)

Upper Division Electives (20 units)

Select courses in sociology and other fields, in consultation with adviser; a program may include SOC 398, SOC 498, and SOC 499, but no more than 8 units of any combination of these courses normally may be counted toward the major. With prior approval of adviser, students may select up to 8 units in other
fields to complete a comprehensive sociological program with an interdisciplinary emphasis.

**Note:** SOC 325, SOC 330, and SOC 341 may not be used as electives in the sociology major program.

**Internship**
By enrolling in SOC 398 or SOC 498, sociology majors can earn up to 4 credits per quarter for a maximum of 8 credits in a directed internship program. Students must arrange a work agreement with any approved agency. The intern meets with the department internship coordinator during the quarter and submits a journal of activities and a short final paper based on applying concepts studied in upper division Sociology courses (through prior or concurrent enrollment). See the internship coordinator for specific prerequisites, list of approved agencies, workload agreement, and other program details.

**Options (20 units)**
The following courses in one of two options are required in addition to the courses described above.

**General Sociology Option (20 units)**

**Upper Division Electives**
Select 16 units from these courses. This may include up to 8 Upper Division Electives (16 units)

**Law and Society Option (20 units)**
The Law and Society Option explores a broad range of critical social and scientific issues concerning law and legal institutions from a sociological perspective. It prepares students for a wide variety of careers and professional programs and informs them about how social forces influence the legal system and how the law affects society. It is designed for students who wish to pursue advanced study in areas such as sociology, law, graduate law and society programs, public health, social welfare, education, and business administration; those who want to do applied research on law-related issues; and those who wish to gain a sociological understanding of law and society before seeking careers in health professions, criminal justice, social work, politics, public policy or policy analysis, public administration, urban and environmental planning, counseling, and other service occupations.

**Upper Division Required Course (4 units)**
SOC 488 Sociology of Law (4)

**Upper Division Electives (16 units)**
Select 16 units from these courses. This may include up to 8 units of independent work in law and society (internship or directed study) or law-related coursework from other departments with the Law and Society adviser's approval.

**SOC 383** Violence in American Society (4)
**SOC 426** Deviant Behavior (4)
**SOC 433** Bioethics and Sociology (4)
**SOC 449** Professionals in Society (4)
**SOC 480** Criminology (4)
**SOC 481** Policing America (4)
**SOC 482** Juvenile Delinquency (4)
**SOC 484** Corrections (4)
**SOC 485** Conflict and Domestic Violence (4)
**SOC 486** Probation and Parole (4)
**SOC 487** Environmental Policy, Law, and Society (4)
**SOC 489** Sociological Considerations for Jury Consultants (4)

**Field Experience and Independent Study Opportunities**
The directed study course (SOC 499) allows students to expand on their special interests in law and society. A directed study is usually in an area that the department's normal course offerings do not cover. Students meet regularly with their faculty supervisor and earn 1 to 4 units of credit and up to 8 units if the course is repeated. Individual research projects may involve library or field research.

**Internship Opportunities**
Students can earn up to 8 units in a directed internship program (SOC 398 or 498) by arranging a work agreement with an approved agency (such as a government agency, business, or citizen group) and their faculty adviser the quarter before enrolling in the course.

**Honors Program in the Law and Society Option**
The Law and Society Option sponsors a senior honors program for our top undergraduates. During their final undergraduate year, students enroll in SOC 496, conduct an independent research project under the supervision of a faculty member in the Sociology department, and write a senior honors thesis. Students who complete the honors program graduate with distinction in the Law and Society Option. Eligibility criteria are: a Law and Society Option student with senior class standing, minimum of 3.5 grade point average, and completion of specific courses required for the major and Law and Society Option (SOC 201, SOC 488, at least four upper division courses in the Sociology Major, and at least two additional upper division courses in the Law and Society Option). Diplomas and transcripts of honors program graduates are designated: “Graduated with Departmental Honors in the Law and Society Option.”

**Minors in Sociology**
The Department of Sociology offers minor programs for students majoring in other fields. The Minor in Sociology requires 28 units, the Law and Society Minor requires 28 units, and the Social Gerontology Minor requires 24-28 units.

**Minor in Sociology**
A Minor in Sociology provides valuable preparation for students majoring in business, criminal justice, journalism, recreation, and other fields.

A total of 28 units in required and elective courses comprises the Minor in Sociology. Students who have an equivalent research methods course in their major may substitute another four-unit, 400-level sociology course for the SOC 390 requirement below. A statistics course normally is prerequisite to SOC 390.

**Requirements for the Minor (28 units)**

**Lower Division Required Course (4 units)**
SOC 201 Principles of Sociology (4)

**Upper Division Required Courses (8 units)**
SOC 390 Methods of Social Research (4)
SOC 414 Contemporary Sociological Theory (4)

**Electives (16 units)**
Select additional upper division courses with adviser approval.

SOC 398, 498, and 499 may not be included as electives for the Minor in Sociology.
Minor in Law and Society
The Minor in Law and Society is designed for students majoring in other fields who wish to study how social forces influence the legal system and how the law affects society from a sociological perspective. The minor helps prepare students for a wide variety of law-related careers and professional programs.

Requirements for the Minor (28 units)
Lower Division Required Course (4 units)
SOC 201 Principles of Sociology (4)
Upper Division Required Course (4 units)
SOC 488 Sociology of Law (4)
Core Elective (4 units)
Select one course from the following:
CRIM 126 Concepts of Criminal Law (4)
CRIM 203 Judicial Organization (4)
PHIL 490 Philosophy of Law (4)
POLS 441 American Constitutional Law: Federalism (4)
POLS 442 American Constitutional Law: Civil Rights (4)
POLS 443 American Constitutional Law: Civil Liberties (4)
Electives (16 units)
Select 16 units from the following courses. These electives may include up to 8 units of independent work in Law and Society (internship or directed study) with the Law and Society adviser's approval. Law-related coursework from other departments requires adviser approval.
SOC 383 Violence in American Society (4)
SOC 426 Deviant Behavior (4)
SOC 433 Bioethics and Sociology (4)
SOC 449 Professionals in Society (4)
SOC 480 Criminology (4)
SOC 481 Policing America (4)
SOC 482 Juvenile Delinquency (4)
SOC 484 Corrections (4)
SOC 485 Conflict and Domestic Violence (4)
SOC 486 Probation and Parole (4)
SOC 487 Environmental Policy, Law, and Society (4)
SOC 489 Sociological Considerations for Jury Consultants (4)
CRIM 308 White Collar Crime (4)
CRIM 370 Women and Crime (4)
POLS 446 Comparative Legal Systems (4)
Field Experience and Independent Study Opportunities
Directed study (SOC 499) allows students to expand on their special interests in law and society. A directed study is usually in an area that the department's normal course offerings do not cover. Students meet regularly with their faculty supervisor and earn 1 to 4 units of credit and up to 8 units if the course is repeated. Individual research projects may involve library or field research.

Internship Opportunities
Students can earn up to 8 units in a directed internship program (SOC 398 or 498) by arranging a work agreement with an approved agency (such as a government agency, business, or citizen group) and their faculty advisor the quarter before enrolling in the course.

Minor in Social Gerontology
The Minor in Social Gerontology is designed to prepare individuals for occupations related to the needs and activities of older persons, and for advanced research in the field of aging. The minor requires completion of 24–28 units.

Requirements for the Minor (24–28 units)
Lower Division Required Course
SOC 201 Principles of Sociology (4)
Upper Division Required Courses (8 units)
SOC 323 Socialization: Maturity and Aging (4)
SOC 450 Sociology of Aging (4)
Electives (12-16 units)
Select up to 8 units from each group, with adviser approval:
Group I
SOC 300 Cultural Emotions (4)
SOC 390 Methods of Social Research (4)
SOC 425 Medical Sociology (4)
SOC 427 Society and Mental Illness (4)
SOC 452 Life Span Transitions: The Retirement Years (4)
SOC 453 Social Aspects of Death and Bereavement (4)
SOC 485 Conflict and Domestic Violence (4)
*SOC 497 Sociology Proseminar (4)
*Only When Topical Area is Gerontology.
Group II
SW 450 Crosscultural Practice with Aging Populations (4)
SW 461 Social Work Practice in Minority Communities (4)
SW 465 Programs and Policies Related to the Elderly (4)
SW 482 Community Organization (4)
SW 478 Social Welfare Policy and Social Services (4)
PSY 462 Psychology of Human Development: Maturity and Aging (4)

Graduate and Postbaccalaureate Programs

Master of Arts Degree
The Master of Arts degree in Sociology provides advanced study in sociological theory and methods of research with a variety of subject matter emphases that students plan with a graduate adviser. The program prepares students for doctoral studies, teaching at the secondary or community college level, or working in a professional capacity in government agencies or private organizations. Two options are offered. Option A requires a thesis and Option B requires a comprehensive examination.

Admission to the Program
Prerequisites to admission are 36 undergraduate units in sociology. These must include SOC 201, 210AB, 390, 412, 414, and other courses as necessary. Satisfactory equivalents will be determined by a graduate adviser in sociology. Applicants must have achieved a grade point average of 2.75 or above in the last 90 quarter units and a grade point average of 2.75 or above for all prerequisite courses, in addition to meeting university requirements for admission to graduate study.
Requirements for the Degree (45 units)
A total of 45 units is required, with at least 23 in 500-level courses.

Required Courses (12–28 units)
SOC 410* Advanced Statistics (4)
SOC 490* Quantitative Research Methods in Sociology (4)
SOC 491* Qualitative Research Methods in Sociology (4)
SOC 497* Proseminar: Introduction to Graduate Study, the Discipline, and the Profession (4)
*(If not taken in undergraduate standing)
SOC 512 Seminar: History of Sociological Theory (4)
SOC 514 Seminar: Contemporary Sociological Theory (4)
SOC 590 Seminar: Sociological Research (4)

Electives (17–33 units)
These must include 8 units of 500-level SOC seminars for students who elect Option A and 11 units for students who elect Option B.

Comprehensive Examination or Thesis (0, 6 units)
Students elect Option A or Option B.

Option A: Thesis (6 units)
SOC 599 Thesis (6)
Oral defense of the thesis is required.
Option B: Comprehensive Examination (0 units)
SOC 596 Comprehensive Examination (0)
The comprehensive examination (SOC 596) is a written examination in three fields of concentration: theory, methods, and one other field selected by the candidate and approved by the adviser. Students should expect to take the comprehensive examination the quarter they complete all coursework on their program and must comply with college and department requirements. Students are allowed a maximum of two attempts to complete the comprehensive examination successfully.

List of Courses (SOC) - Undergraduate Level

Lower Division Courses

101 Social Problems (4)
Methods that social institutions and interest groups use to define “social problems,” including poverty, substance abuse, delinquency, racism, sexism, crises in education and health care, and urban/environmental issues; policy implications.

120 Intimate Relationships in Our Diverse Society (4)
(also listed as CHDV 120)
Principles of interaction in intimate relationships in our diverse society. Understanding/valuing diversity and similarity (gender, ethnicity, class, etc.) in achieving intimacy. Developing knowledge/skills for dealing with relationship issues. GE E

201 Principles of Sociology (4)
Social institutions and group behavior; social order and change. Issues include hegemony, pluralism, distribution of privilege and power, sources of cooperation and conflict, deviance and social control. CAN SOC 2 GE D

202 Society and Individual Development (4)
Service Learning Course. Some sections to be offered online with required community service. Social, psychological, and physiological processes affecting individual development throughout the life span. Identity issues, family, socialization, and social institutions, as interconnected with gender, age, ethnicity/race, economics, and diverse populations. GE E

209 Microcomputer Applications in Sociology (4)
Use of microcomputers in sociology. Use of word processing, spreadsheet, database, and other software in preparing reports, charts, graphs, mass mailing, data processing, and managing information.

210AB Elementary Statistics (3, 3)
Recommended prerequisite: Basic college mathematics course. Basic social statistics, covering descriptive statistics, tables, charts, summary measures, regression and correlation, and statistical inference, sampling, predictive models, analysis of variance, non parametric and parametric tests, and simple multivariate analysis. Lecture 2 hours, laboratory 2 hours.

263 Asian-American Experience (4)
Comparative experiences of the Chinese, Japanese, Korean, Filipino, Pacific Islander, Southeast Asian refugee, and other Asian groups in the United States. Immigration, adaptation, discrimination, identity, alienation, stratification, and other contemporary issues. GE D

Upper Division Courses

201 Social Problems (4)
Methods that social institutions and interest groups use to define “social problems,” including poverty, substance abuse, delinquency, racism, sexism, crises in education and health care, and urban/environmental issues; policy implications.

120 Intimate Relationships in Our Diverse Society (4)
(also listed as CHDV 120)
Principles of interaction in intimate relationships in our diverse society. Understanding/valuing diversity and similarity (gender, ethnicity, class, etc.) in achieving intimacy. Developing knowledge/skills for dealing with relationship issues. GE E

201 Principles of Sociology (4)
Social institutions and group behavior; social order and change. Issues include hegemony, pluralism, distribution of privilege and power, sources of cooperation and conflict, deviance and social control. CAN SOC 2 GE D

202 Society and Individual Development (4)
Service Learning Course. Some sections to be offered online with required community service. Social, psychological, and physiological processes affecting individual development throughout the life span. Identity issues, family, socialization, and social institutions, as interconnected with gender, age, ethnicity/race, economics, and diverse populations. GE E

209 Microcomputer Applications in Sociology (4)
Use of microcomputers in sociology. Use of word processing, spreadsheet, database, and other software in preparing reports, charts, graphs, mass mailing, data processing, and managing information.

210AB Elementary Statistics (3, 3)
Recommended prerequisite: Basic college mathematics course. Basic social statistics, covering descriptive statistics, tables, charts, summary measures, regression and correlation, and statistical inference, sampling, predictive models, analysis of variance, non parametric and parametric tests, and simple multivariate analysis. Lecture 2 hours, laboratory 2 hours.

263 Asian-American Experience (4)
Comparative experiences of the Chinese, Japanese, Korean, Filipino, Pacific Islander, Southeast Asian refugee, and other Asian groups in the United States. Immigration, adaptation, discrimination, identity, alienation, stratification, and other contemporary issues. GE D

300 Cultural Emotions (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Human emotions as organized within social relationships and institutions of family, religion, education, government, and economy; cultural norms and vocabulary; ethnic, sex, and social class diversity in feeling and expression. GE Theme E

301 Writing for Sociology (4)
Prerequisite: ENGL 102*, satisfactory completion of Graduation Writing Assessment Requirement (GWAR). Reasoning and writing skills for comprehending and communicating information in sociology. *Students subject to catalogs earlier than 1993-95 satisfy this prerequisite with ENGL 101 or 190.

322 Socialization: Childhood and Adolescence (4)
Social-psychological approaches to socialization, from early childhood to adolescence. Emphasis on basic issues of social control and change. Topics are correlated with the California standards for the Multiple Subject Credential.

323 Socialization: Maturity and Aging (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Social-psychological approaches to socialization, comparing stages of development during adulthood and aging; emphasis on changes in family relationships, work, retirement; issues of social control and change; ethnic and cross-cultural comparisons. GE Theme F
325 Social Issues in Wellness (4)
Prerequisite: Completion of lower division GE Block D requirement before enrollment. Changing social definitions of wellness; social expectations; role of society and culture in wellness-related decision making. No credit toward sociology majors and minors.

330 Social Issues in the Urban Setting (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Social issues in urban setting; ethnic, cultural, and class diversity; cross-cultural comparisons; population and environmental concerns; and social planning. 

331 The Dynamics of Poverty (4)
Service Learning Course
Some sections to be offered online with required community service. Extent and characteristics of poverty in the United States. Analysis of the social construction of poverty, including theoretical background and myths. Socio-structural responses, change models, and community action are discussed. 
This course requires service learning. Student placements arranged through EPIC with community agencies are part of the course requirements.

341 Sociology of Gender Roles (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Examination of research on changing roles of men and women across social institutions; social movements for equality; theories of gender role differentiation; historical, cross-cultural, and racial/ethnic/class variations. 

348 Class, Race/Ethnicity, and Gender (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Examination of social class, sex/gender, and ethnicity/race as bases of inequality and the processes by which inequalities are maintained or reproduced. Some course sections may require service learning. 

383 Violence in American Society (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block D. Forms of violence in American society (e.g., criminal, domestic, revolutionary, official, sexual) examined through a critical review of social scientific literature; assessment of causes, consequences, and possibilities for control. 

390 Methods of Social Research (4)
Prerequisite: SOC 210AB. Application of scientific method to sociological data; research design, data collection, elementary analysis procedures; survey and experimental designs, measurement, scale, and index construction; and prediction models. With instructor consent, one unit of SOC 499 may be taken concurrently. 

398 Cooperative Education (1-4) (see UNIV 398)

400-level Courses
All 400-level courses may be applied toward master's degree requirements subject to limits established by the department and approval of the graduate adviser.

410 Advanced Statistics (4)
Prerequisite: SOC 210AB. Specialized treatment of probability and sampling, prediction and correlation, analysis of variance and covariance, experimental design and probability model construction. Recommended for Sociology majors planning graduate study.

412 Classical Sociological Theory (4)
Historical development of sociological theory with special reference to its European origins; e.g., Comte, Saint-Simon, Marx, Spencer, Durkheim, Simmel, and Weber.

414 Contemporary Sociological Theory (4)
Functionalism, conflict sociology, interactionism, critical-radical sociologies, systems analysis, and phenomenological perspective.

415 Political Sociology (4)
Prerequisite: POLS 150 or SOC 201. Social factors underlying democracy and totalitarianism, social movements and revolutions, conflict and conflict resolution, voting behavior, and political socialization.

416 Feminist Theories and Contemporary Society (4) (also listed as WOMN 416)
Examination of the various feminist theories, all of which focus on some aspect of gender inequality. Implications of each theory and it's applications to contemporary society are also discussed.

418 Crowd Behavior and Social Movements (4)
Analysis of crowd types, formation, and dynamics, including mobs, riots, panics, mass hysteria, rumors, fads, and fashion. Development, tactics, ideologies, and effects of social movements, cults, and rebellions.

420 Small Groups (4)
Small group processes in industry, the family, schools, peer and colleague groups; reference-group behavior, relation to larger social systems, group structure and communication; development of research techniques.

421 Social Sources of Human Sexuality (4)
Effects of social environment on emergence, justification, and maintenance of sexual attitudes and behavior; social factors influencing sexual behavior; changing sociosexual mores and behavioral patterns, and emerging sexual life styles.

422 Social Psychology (4)
Inquiry into social-psychological dimensions of group behavior, emphasizing interactive processes involved in communication, group behavior, perception, attitude formation, motivation, socialization, and evolvement of self-concept.

423 Political Sociology of Globalization and Resistance (4) (also listed as POLS 423)
Political and sociological analysis of globalization as a contested process; emergence of global societies and movements; social forces advancing global neo-liberalism; resistance by workers', indigenous, women's, and environmental transnational movements.

424 Mass Communications and Public Opinion (4)
Sociological analysis of print and electronic mass media of communications; examination of their functions, sociocultural evolution, organizational/occupational bases, cultural content, audiences; consideration of individual, collective effects on public opinion.

425 Medical Sociology (4)
Role of the hospital and socialization process on professional development of personnel in the healing professions; social epidemiology of physical and mental disorders.

426 Deviant Behavior (4)
Basic theoretical orientations to social and personal disorganization resulting from role conflict, social conflict, normlessness, or alienation; individual and social deviance related to group processes and structures.
427 Society and Mental Illness (4)
Lay and professional ideas about mental illness in historical and cross-cultural perspective; organizational treatment of the mentally ill; identity, stigma, and adaptations.

428 Self and Identity (4)
The development and maintenance of the sense of self or identity among children and adults, particularly emphasizing how understanding theories of the self contributes to community service. Service learning required.

430 Urban Sociology (4)
Urban community and urbanization as contemporary social process; consideration of urban areas, institutions, values, and problems; social and demographic characteristics, urban and suburban change and planning.

432 Science, Technology, and Social Character (4)
Effects of scientific and technological development upon social life and culture, especially family, work and leisure, modes of thinking and feeling. Differences among social classes, ethnic groups, women and men.

433 Bioethics and Sociology (4)
Sociological analysis of ethical and legal issues concerning health, including dilemmas in health care delivery, reproduction, the beginning and end of life, institutional ethics committees, genetic testing, and new medical technologies.

434 Social Aspects of Population Trends (4)
Population facts, changes, problems, and policies; population dynamics, especially births, deaths, and migration; national action programs; world coverage, with emphasis on the U.S.

435 Asian Societies (4)
Comparative analysis and exploration of transformations in Asian societies, through historical and contemporary examination of institutions, education, development, urbanization, and deviance/crime.

440 Marriage and the Family (4)
The family as a social institution; historical and cross-cultural perspectives, social change as it affects marriage and family life. Analysis of American courtship and marriage patterns, psychodynamics of family life.

441 Theory and Research on Sex Roles (4)
Advanced sociological analysis of sex role differences; implications of differential socialization of sexes; access to educational and occupational opportunities; differences in legal status; movements for equality.

442 Social Change (4)
Classical and contemporary theories of sources and consequences of social change; revolutions and alternative routes to modern world; issues in historical sociology; change and social contexts of creative achievements in arts and sciences.

443 Diversity in Alternative Families (4)
Cross-cultural examination of family diversity: Interracial/ethnic relationships; minority and low-income single-parent households; same-sex and step-families; international/ethnic adoption; socio-legal implications of reproductive technologies.

444 Sociology of Popular Culture (4)
Art, film, literature, music, and television are examined in terms of social roles, social processes, context, and the construction of meaning. Popular culture is studied as reflecting, reinforcing, or challenging norms.

445 Sociology of Religion (4)
Social bases of religion, religious institutions, and their modern organizational life; comparative analysis and theories of religious behavior; religious institutions, their representatives, religious conflict, and public law.

446 Sociology of Business Organizations (4)
The sociological understanding of control in different technical, structural, and commercial settings. Corporate culture, work subcultures, role constructions, and network processes are emphasized. Case studies are used.

447 Work and the Workplace (4)
Analysis of the social world of work: occupational trends and mobility, education and skills, meaningful work, alienation and stress, inequality and discrimination, globalization; study of selected occupations, professions, and workplaces.

448 Social Class and Inequality (4)
Examination of sociological theory and research bearing on social stratification; social differentiation: class position, class interests, correlates of social class; trends in occupational mobility; comparison of stratification systems.

449 Professionals in Society (4)
Lawyers, doctors, and other professionals and their relationships with clients, managers, and unions; professional ethics, white-collar crime, and whistle blowing; stratification by class, race, and gender; technology and professional control.

450 Sociology of Aging (4)
Aging as a social process; emphasis on sociological theories of aging and social problems of the aged; nature of aging process, work, retirement, family relationships, housing, income maintenance; societal response to aged.

452 Life Span Transitions: The Retirement Years (4)
Critical evaluation of issues involved in planning for retirement; changing place of work and retirement in value system; anticipatory behavior, patterns and modes of adjustment, maladjustment; proposals and issues.

453 Social Aspects of Death and Bereavement (4)
Concepts and theories of dying; meaning of death and its implications for dying persons, survivors, and professionals who attend them.

454 Selected Topics in Sociology (1–6)
Current topics of special interest in sociology, as announced in Schedule of Classes. May be repeated for credit.

460 Race and Ethnic Relations (4)
Structure and change of minorities in society; theories and research: historical, contemporary, and comparative; processes of adjustment: patterns of immigration, prejudice, discrimination, assimilation, pluralism, conflict, and social movements.

480 Criminology (4)
Criminal law, crime, and deviance. Social and psychological factors in criminal behavior, criminal law, and criminal justice; prevention and control; trends in theory and correctional procedures.

481 Policing America (4)
Social role of American police. Historical, political, and social contexts of policing. Selected issues; the controversial police mandate, use-of-force/accountability, community policing, the future of policing in America.

482 Juvenile Delinquency (4)
Extent and distribution of delinquency, with emphasis on the local area; meaning, implications, and treatment of delinquent behavior; personal and environmental conditioning factors; delinquency and the rights of children.
484 Corrections (4)  
Survey of procedures used in processing the offender, from arrest, through trial, to prison and probation; contemporary theories of criminality and rehabilitation applied to the social evaluation of these procedures.

485 Conflict and Domestic Violence (4)  
Sociological aspects of domestic violence in families (e.g., child, spouse, and elder abuse) examined in relation to ethnic, social, cultural, historical, economic, and political factors that affect individual behavior.

486 Probation and Parole (4)  
(also listed as SW 486)  
Prerequisite: SOC 480 or 482. History, philosophy, legal bases, and procedures governing investigation, treatment, and supervision of adjudged juvenile offenders and adult violators placed on probation and parole.

487 Environmental Policy, Law, and Society (4)  
Sociological aspects of environmental policy and law; relationship between societies and environmental problems regarding air and water quality, endangered species, toxic chemicals, energy, and natural resources; policy tools and analysis.

488 Sociology of Law (4)  
Sociological perspectives on the relationship between law, culture, politics, the economy, and community; creation of law and its impact on class, race, and gender relationships; impact of globalization on law.

489 Sociological Considerations for Jury Consultants (4)  
Social determinants of juror decision-making; social influences on jurors’ responses to communications during trial; optimum presentation of witnesses and evidence; using juror questionnaires, focus groups, and mock juries.

490 Quantitative Research Methods in Sociology (4)  
Prerequisites: SOC 390, 410. SOC 410 must have been completed with a grade of B or above prior to taking this class. Advanced research techniques in sociology, including design of experiments, sample surveys, and panel studies; scaling; multivariate and computer data analysis procedures. Individual projects; laboratory.

491 Qualitative Research Methods in Sociology (4)  
Prerequisite: SOC 390. Qualitative research techniques in sociological research: research in field settings, problems of participant observation and interviewing, document analysis, typology construction, qualitative data interpretation and presentation.

496 Law and Society Honors Thesis (4)  
Prerequisites: senior standing and admission to Law and Society Option Honors Program. Independent sociological research in law and society; regular consultations with faculty research adviser and written thesis required. Graded CR/NC. May be repeated once for credit.

512 Seminar: History of Sociological Theory (4)  
Prerequisite: Completion of SOC 497 with a grade of B or above. Historical dimensions, European and American, of development of systematic sociological theory and method; continuity and critique of major contributions to theories of society and the social processes.

514 Seminar: Contemporary Sociological Theory (4)  
Prerequisite: Completion of SOC 497 with a grade of B or above. Exploration and critique of problems, methods, and theories characteristic of contemporary sociological inquiry; their relationship and contribution to advancement of sociological theory and application to selected social problems.

521 Seminar: Sociology of Knowledge (4)  
Relationships of scientific, artistic, legal, and intellectual activities to social structure, institutions, and historical change.

522 Seminar: Social Psychology (4)  
Analysis and critique of current approaches and investigations of the social processes that bind individuals and groups.

526 Seminar: Sociology of Deviant Behavior (4)  
Prerequisites: SOC 426, instructor consent. Analysis of major theoretical approaches and empirical studies in deviance; selected topics and current issues in study of social deviance.

### Graduate Level Courses (SOC)

All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the department and approval of the graduate adviser.

Classified graduate standing is required for admission for all 500-level courses.

512 Seminar: History of Sociological Theory (4)  
Prerequisite: Completion of SOC 497 with a grade of B or above. Historical dimensions, European and American, of development of systematic sociological theory and method; continuity and critique of major contributions to theories of society and the social processes.

514 Seminar: Contemporary Sociological Theory (4)  
Prerequisite: Completion of SOC 497 with a grade of B or above. Exploration and critique of problems, methods, and theories characteristic of contemporary sociological inquiry; their relationship and contribution to advancement of sociological theory and application to selected social problems.

521 Seminar: Sociology of Knowledge (4)  
Relationships of scientific, artistic, legal, and intellectual activities to social structure, institutions, and historical change.

522 Seminar: Social Psychology (4)  
Analysis and critique of current approaches and investigations of the social processes that bind individuals and groups.

526 Seminar: Sociology of Deviant Behavior (4)  
Prerequisites: SOC 426, instructor consent. Analysis of major theoretical approaches and empirical studies in deviance; selected topics and current issues in study of social deviance.

530 Seminar: Urban Social Systems (4)  
(also listed as GEOG 530)  
Prerequisite: Instructor consent. Growth and nature of urban social systems in selected cities and metropolitan areas, theories of urban structure and problems, improving quality of urban life, comparisons of cities in various countries.

534 Seminar: Population (4)  
Prerequisite: SOC 434. Problems of population growth; social and psychological factors in population dynamics; population planning and policy.

540 Seminar: Marriage and the Family (4)  
Advanced study of sociopsychodynamics of marriage and the family; emphasis on recent research on family change, parent-child relationships, and family instability; successful family life.

541 Seminar: Gender and Labor (4)  
Advanced study of the sources and consequences of gender differentiation and inequality. Particular attention paid to occupations, earnings, household work, interactions between gender and race, and feminist perspectives.
544 Seminar: Social Organization, Institutions, and Change (4)
Selected macrosocial structures and their related processes and functions: total societies, institutions, complex organizations; the influence of class, ethnonational groups, and gender on them; social change. Emphasis varies.

560 Seminar: Racial and Ethnic Minorities (4)
Prerequisite: SOC 460 recommended. Examination in depth of critical problems and trends affecting American minority groups; emphasis on analysis of change in strategies, tactics, ideologies, theories, and consequences of minority group relations.

580 Seminar: Criminology (4)
Prerequisite: SOC 480. Advanced study of criminal behavior, social deviance, and social structure; comparative studies of contemporary criminality, criminal justice, and criminal codes; legal, medical, and psychiatric interpretation of criminal behavior.

584 Seminar: Corrections (4)
Advanced study of sociological aspects of treatment of offender from arrest to release process; discussion of cross-cultural practices and current theories.

590 Seminar: Sociological Research (4)
Prerequisite: Both SOC 490 and SOC 491 must have been completed with a grade of B or above prior to taking this class. Advanced study in behavioral research methodology; qualitative methods; survey design; experimental design, analysis; problems of interpretation; scaling techniques, models, simulation, computer data analysis; supervised application of methods.

591 Sociology Methods Application (1)
Prerequisites: SOC 590, 410, and SOC 490 or 491, with grades of B or better. Focused faculty and peer input on methodological issues related to preparation either for the thesis or comprehensive examination. May be repeated to a maximum of 2 units. Graded CR/NC.

592 Content Analysis (1)
Prerequisite: SOC 490 or 491 with grade of B or better. Focused instruction from design through analysis. Students complete individually designed projects based on any appropriate content-analysis medium (historical or contemporary documents, speeches/narratives, arts, media, cyberspace, etc.). ABC/NC.

593 Teaching Sociology at the College Level (4)
Prerequisite: Advancement to Candidacy with a graduate program GPA of 3.0 or above. May be taken alone or concurrently with SOC 594. Higher educational pedagogy training in sociology instruction. Includes: lecture; group discussion; multi-modal teaching and learning styles; creating syllabi, lessons, class materials, and exams; grading practices; course and student outcomes assessment. ABC/NC.

594 Teaching Sociology Internship (3)
Prerequisite: Advancement to Candidacy with a graduate program GPA of 3.0 or above. May be taken alone or concurrently with SOC 593. This is a classroom-based internship. Mentor professor determines internship role (running discussion groups, guest lecturing). Non-traditional grading system. CR/NC.

595 Critical Issues and Problems in Sociology (4)
Prerequisite: Instructor consent. Critical areas of social inquiry and special problems of sociology as a social science and as a profession. Content varies; see Schedule of Classes for specific topic. May be repeated once for credit.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the (Master's) Degree section of this chapter.

597 Graduate Research (1–3)
Prerequisite: Consent of faculty sponsor. Proposed study must be approved prior to registration. Directed empirical research on a problem in sociology from conception through design; data gathering, analysis, and final written report. May be repeated for credit. Graded CR/NC.

598 Graduate Directed Study (1–4)
Prerequisite: Consent of faculty sponsor. Proposed study must be approved prior to registration. Directed reading and critical analysis of a problem in sociology; written reports and conferences. May be repeated for credit.

599 Thesis (1–3)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, department approval of topic prior to registration. Independent research resulting in a thesis. Must be repeated to maximum of 6 units. Graded CR/NC.

Program Advisement:
The Charter College of Education’s Division of Special Education and Counseling offers program advisement for the Level I and Level II credential programs in special education approved by the California Commission on Teacher Credentialing, and master’s degrees in Special Education as well as the Ph.D. program in Special Education offered jointly with the University of California at Los Angeles (UCLA). The division also offers program advisement for the undergraduate B.S. degree in Rehabilitation Services, the Master’s degree in Counseling, and for advanced credential programs approved by the California Commission on Teacher Credentialing. These programs are described in this section. Other general information about credentials and degree programs can be found in the Undergraduate Study and Graduate and Postbaccalaureate Study sections of this catalog.

Courses offered in:
- Counseling (COUN)
- Higher Education (EDHI)
- Special Education (EDSP)

Credentials Offered:
Educational Specialist in Special Education (The Educational Specialist Internship credential may be obtained in an undergraduate blended program. The Level I credential preparation may begin in undergraduate status. The Level II can be obtained in post baccalaureate status), Early Childhood Special Education, Mild/Moderate Disabilities, Moderate/Severe Disabilities, Physical and Health Impairments, Visual Impairment and Blindness; and Clinical Rehabilitative Services: Orientation and Mobility for Blind and Visually Impaired. Credentials also offered in Pupil Personnel Services with Advanced Specializations in School Counseling and Child Welfare and Attendance Services, including internship; School Psychology and Child Welfare and Attendance Services; and School Psychology, including internship.

Degrees Offered:
M.A. degree in Special Education with Options in: Autism, Early Childhood Special Education, Facilitating Behavior Change, Gifted Education, Inclusion Facilitator, Mild/Moderate Disabilities, Moderate/Severe Disabilities, Multicultural/Multilingual Special Education, Physical and Health Impairments, Transition Studies, Visual Impairment and Blindness: Orientation and Mobility, and Visual Impairment and Blindness: Teacher Education. Ph.D. in Special Education (offered jointly with UCLA). Degrees also offered for the B.S. in Rehabilitation Services and the M.S. in Counseling with Options in Applied Behavior Analysis, School Counseling Leadership; Marriage, Family and Child Counseling; and, School Psychology, and Rehabilitation Counseling. A Minor in Rehabilitation Services is also offered.

Certificates Offered:
Applied Behavior Analysis in Educational Settings, Autism, Career Counseling, Early Childhood Special Education, Transition Studies

The Faculty

Professors: Sherwood Best, Martin G. Brodwin, Randy V. Campbell (Chair), Mary A. Falvey, Diane Fazzi, Diane Haager, George K. Hong, Nancy Hunt, Christina H. Kimm, M. Diane Klein, Pauline Mercado, Kathryn C. Reilly, Marcel Soriano, Andrea G. Zetlin.

Associate Professors: Michael J. Carter, Margaret D. Clark, Margaret Garcia, Anthony Ross, Lois Weinberg.

Bachelor of Science Degree in Rehabilitation Services
The Bachelor of Science degree in Rehabilitation Services specializes in preparing students to work in a variety of occupational settings. In these settings, they will advance the independence, integration, and full participation of individuals with rehabilitation needs in the workforce and the community.

The total number of units for the Bachelor of Science degree in Rehabilitation Services is 186 units, of which 93-103 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Advisement
Rehabilitation Services majors must select their adviser by the end of the first quarter of their junior year to draw up an official degree program.

Requirements for the Major (93-103 units)
The degree requires a total of 186 units of which 93-103 are in the major. The major includes 14 lower division and 63-64 upper division required units plus 16–25 units of electives.

Lower Division Required Courses (14 units)
COUN 200AB Introduction to Rehabilitation Services (3,3)
PSY 150 Introductory Psychology (4)
SOC 201 Principles of Sociology (4)

Upper Division Required Courses (63-64 units)
COUN 400AB Lifespan Human Development (4,4)
COUN 406 Behavioral Counseling and Self-Management (4)
COUN 428 Measurement Issues in Counseling (4)
COUN 442 Medical Factors in Rehabilitation (3)
COUN 445 Developmental Self-Exploration (2)
COUN 448 Career Counseling for Adults (4)
COUN 449 Job Development and Work Evaluation (4)
COUN 450 Counseling Theories (3)
COUN 494 Seminar: Rehabilitation Services (3,3)
EDFN 452 Statistics in Education (4) or
PSY 302 Statistical Methods in Psychology (5)
EDSP 400 Foundations of Special Education (4)
HS 456 Drugs and Health (4)
SOC 301 Writing for Sociology (4)

Electives in Related Fields (16–25 units):
Select upper division courses as electives from the following departments: COUN, EDSP, HS, PSY, SOC, and SW, with adviser approval.

Minor in Rehabilitation Services
The minor in Rehabilitation Services is designed to provide valuable preparation for students majoring in psychology, sociology, social work, criminal justice, and other fields for occupations related to the needs and activities of people with disabilities.

A total of 23-24 units in required and elective courses comprise the minor in Rehabilitation Services.

Requirements for the Minor (23-24 units)
Lower Division Required Course (6 units)
COUN 200AB Introduction to Rehabilitation Services (3,3)
Upper Division Required Courses (14 units)
COUN 442 Medical Factors in Rehabilitation (3)
COUN 448 Career Counseling for Adults (4)
COUN 450 Counseling Theories (3)
EDSP 400 Foundations of Special Education (4)

Elective (3-4 units)
Select any 3-4 units from the following courses:
COMD 170 Introduction to Communication Disorders (4)
COUN 403/ The Psychosocial Dynamics of Child Maltreatment and Family Violence (4)
PSY 403
COUN 406 Behavioral Counseling and Self Management (4)
COUN 449 Job Development and Work Evaluation (4)
EDSP 301 Individuals with Disabilities in Contemporary Society (3) and
COUN 499/ Undergraduate Directed Study (1)
EDSP 499
YAA 490 Volunteer Management and Fund-Raising (4)

Graduate and Postbaccalaureate Programs

Master of Arts Degree in Special Education
The Master of Arts degree in Special Education provides administrators, teachers, and therapists with advanced preparation for work with exceptional learners. Master’s degree candidates must incorporate the specialist credential requirements in their area of specialization as a part of their program. (This requirement may be waived for personnel such as nurses, occupational or physical therapists, or orientation and mobility specialists.) The master’s degree programs include a choice among 13 options.

Admission to the Program
In addition to University requirements for admission to graduate study, applicants must have a 2.75 grade point average in their last 90 quarter units attempted, must have completed (or complete concurrently) requirements for a California credential in Special Education (except in selected areas), must complete all division application procedures, and must obtain approval from the division. A number of scholarships and traineeships are available to qualified students. Interested students should contact the division office.
Advisement
Students should seek advisement for all Special Education credential and graduate programs in the Division of Special Education and Counseling.

Credential candidates must attend a group advisement session (offered at approximately two-week intervals) prior to admission.

Requirements for the Degree
(45 units minimum)
A minimum of 45 units is required, with at least one-half (23 units) in 500-level courses (At least 26 Units of 500-level courses for Autism Option). The candidate must maintain a minimum 3.0 (B) grade point average, with no grade lower than C. The program has four components: (1) Credential requirements; (2) M.A. Core; (3) required specialization courses and electives that are approved by the adviser; and (4) the comprehensive examination or thesis/project requirement. Students may pursue the thesis or project option only when they meet specified division and college criteria. See Restriction on Credit Earned in Variable Unit Courses in the Charter College of Education section of the Academic Programs: College-based and University-wide chapter.

Required Core for all M.A. Options (12 units)
EDSP 400 Foundations of Special Education (4)
EDSP 500 Research Methods in Special Education (4)
EDSP 501 Problems and Practices in Special Education (4) or
EDSP 511 Seminar: Issues and Strategies for Multicultural Special Education Students (4)

Comprehensive Examination/Thesis/Project (0-7 units)
EDSP 596 Comprehensive Examination (0) or
EDSP 599A Thesis or Project Planning (3) and
EDSP 599B Thesis or Project (2) and
EDSP 599C Thesis or Project (2)
Students should expect to take the comprehensive examination (EDSP 596) the quarter after they complete all coursework on their program and must comply with college and division requirements. Students in Autism and Facilitating Behavior Change Options must elect the Thesis/Project (7 units).

Options
Select one option from the following, with adviser consultation and approval. Special education credential and related courses may be included as approved by the faculty adviser.

Autism
Prerequisites (4 units)
EDSP 551 Teaching Students with Moderate to Severe Disabilities (4)

Master's Core Courses (8 units)
EDSP 500 Research Methods in Special Education (4)
EDSP 501 Problems and Practices in Special Education (4) or
EDSP 511 Seminar: Issues and Strategies for Multicultural Special Education Courses (4)

Required Courses (34 units)
COUN 501 Behavior Analysis in School, Home and Agency Settings (4)
COUN 502 Advanced Behavioral Contingency Management In Schools (4)
COUN 504 Advanced Topical Study in Application of Behavioral Analysis in Education (4)
COUN 592 Behavior Interventions for Severe Behavior Problems (3)
EDSP 503 Fieldwork in Special Education (3)
EDSP 551 Teaching Students with Moderate to Severe Disabilities (4)
EDSP 554 Educating Individuals with Emotional/Behavioral Disorders (4)
EDSP 586 Educating Students with Autism (4)
EDSP 587 Teaching Functional Communication (4)

Thesis/Project (7 units)
EDSP 599A Thesis or Project Planning (3) and
EDSP 599B Thesis or Project (2) and
EDSP 599C Thesis or Project (2)

Early Childhood Special Education
Required Courses (23 units)
EDSP 503, 512, 514*, 515*, 516*, 517

Electives
Select from the following list of courses or other related courses (to reflect an area of emphasis as approved by the adviser)
CHDV 501, 504
COUN 403
EDEL 466
EDSP 462, 463, 568, 540
PSY 433
* Courses marked with an asterisk are also required in the Credential program.

Facilitating Behavior Change
Prerequisites (8)
EDSP 409 Assessment for Individuals with Exceptional needs in Diverse Educational Settings (4) (or equivalent)
EDSP 413 Student Behavior and Social Interaction Skills (4) or equivalent

Note: A minimum GPA of 3.0 is required for admission to this option.

Required Courses (23 units)
COUN 501, 502, 504, 592, 593
EDSP 554

Electives (8)
COUN 406, 442, 460
EDSP 555, 556, 582, 583
Note: Students will complete a thesis only. In applied settings, it is critical for individuals working in behavior change to be skilled at designing and conducting intervention programs. The thesis option will provide that experience.

Gifted Education
Note: A multiple or single subject credential is a requisite for this option.

Required Courses (19 units)
EDSP 440, 441, 503, 540, 541

Electives
Select from the following list of courses or other related courses as approved the adviser:
COUN 450, 484
ECDI 453, 535
EDSP 408, 409, 512, 413

Inclusion Facilitator
Note: A Mild/Moderate or Moderate/Severe Education Specialist Credential is a prerequisite for this option.
Required Courses (40 units)
EDSP 409*, 502*, 503, 508, 512*, 413*, 450*, 551*, 555, 582*, 583*

*Courses marked with an asterisk are also required for the credentials.

Mild/Moderate Disabilities
Required Courses (26 units)
EDSP 409, 512, 413, 450, 555, 556

Electives (0 to 8 units)**
Select from the credential program or from related courses below as approved by the adviser. For students electing the Comprehensive Examination Option, at least 4 units must be at 500-level.

*Students electing the Thesis Option are required to complete EDFN 452 or Equivalent as a prerequisite or corequisite to EDSP 599A.

**Students may need additional electives to meet the minimum total of 45 units.

Moderate/Severe Disabilities
Required Courses (26 units)
EDSP 409*, 413*, 450*, 512*, 551*, 581, 582

Electives
Select from the credential program or from related courses as approved by the adviser.

Multicultural/Multilingual Special Education
Required Courses (22 units)
EDSP 408*, 409*, 413*, 512*, 551*, 552* or 553

A. Select two courses in one of the methodology areas listed below (8 units)

Bilingual Methodology
EDCI 453, 536, 549
EDFN 540
EDEL 400S

or

ESL Methodology
EDEL 405
EDSE 430
TESL 560
TESL 562, 563

B. Select one culture course from the listing below:
ANTH 443
EDSE 430
CHS 406, 410, 440, 470, 504
PAS 400, 401
EDCI 535
PHIL 436, 437
EDUC 437
COMM 489

Electives
as approved by the adviser.

Physical and Health Impairments
Required Courses (12 units)
EDSP 460*, 462*, 502

Electives
Select from the credential program or from the following list of related courses as approved by the adviser.
EDSP 508, 510, 515, 516, 540, 450, 551, 554, 580, 582

*Courses marked with an asterisk also required in the credential program.

Transition Studies
Required Courses (33 units)
COUN 448, 449

EDSP 409, 413, 450, 512, 551, 581, 584

Electives (4 or more units)
EDSP 408, 508, 555, 556, 582, 598
COUN 428, 501, 506, 540A, 540B

Visual Impairment and Blindness: Orientation and Mobility
Required Courses (39 units)
EDSP 465*, 469*, 475*, 476A* & 476B *, 503*, 575A & 575B *
*, 576A & 576B *, 598

Electives
Select from the credential program or other related courses as approved by the adviser.

* Courses marked with an asterisk are also in the credential program.

Visual Impairment and Blindness: Teacher Preparation
Required Courses (28 units)
EDSP 409, 465*, 466*, 469*, 512*, 565, 567*, 568*

Electives
Select from the credential program or other related courses as approved by the adviser.

Master of Science Degree in Counseling
The Master of Science degree in Counseling includes the following options:
- Applied Behavior Analysis
- School Counseling Leadership
- Marriage, Family, and Child Counseling*
- Rehabilitation Counseling
- School Psychology

*Includes school counseling focus

Admission to the Program
In addition to University requirements for admission to graduate study, students must have a 2.75 grade point average in the last 90 quarter units attempted, submit the divisional application form, take additional examinations required by the division, and be interviewed by the divisional screening committee. Successful candidates are admitted to cohort groups and must take a prescribed sequence of cohort classes.

Applications are considered once a year for admission beginning with the Fall Quarter. Application deadline for submission of complete file to division office is March 1. Later applications may be considered if space is available.

Prior to admission to the program, graduate students are encouraged to obtain preliminary advisement and begin taking prerequisite and unrestricted courses, not to exceed 13 units. Upon acceptance, each student is assigned a faculty adviser and a cohort group. Admission is conditional until successful completion of COUN 505 and COUN 400A or 500A.

Requirements for the Degree (70 –123 units)
A total of 70-123 units are required, depending on the option, prior coursework, and culminating experience selected (Comprehensive Examination, Thesis or Project), with at least half in 500-level courses.

The School Psychology option requires at least two-thirds of the courses to be at the 500-level. The program consists of a required core, an option, related field, and clinical study, and a comprehensive examination or thesis. Students must demonstrate proficiency in statistics and may do so by completing EDFN 452. There is a limit on credit that may be earned in variable-unit courses. See Restriction on Credit Earned in Variable Unit Courses in the Charter College of
Education section of the Academic Programs: College-based and University-wide chapter of this catalog.

Before students may take courses to meet the field work requirement, they must be advanced to candidacy and must be recommended by their adviser. Written applications for fieldwork must be submitted to the Division Office during the fifth week of the quarter prior to the quarter in which the student desires a fieldwork placement. Fieldwork application forms are available in the Division Office for an option.

Comprehensive Examination or Thesis or Project (0, 7 units)
- COUN 596 Comprehensive Examination (0) or
- COUN 599A Thesis or Project Planning (3) and
- COUN 599B Thesis or Project (2) and
- COUN 599C Thesis or Project (2)

Students who select the comprehensive examination (COUN 596) must be advanced to candidacy and must comply with college and division requirements before enrolling to take the examination. These requirements include a formal application no later than March 1 for the Spring Quarter examination which is offered on the second Saturday of May, or October 1 for the Fall Quarter examination which is offered on the second Saturday of November. This application is available in the division office.

Students having research interests are encouraged to undertake the thesis. Selecting the thesis/project option may increase the number of units required for completion of the program. Students are encouraged to begin thesis planning as soon as possible.

Dual Option Requirements
Students may complete the requirements for two options of the M.S. Degree in Counseling. In such a case, both options may be pursued either simultaneously or sequentially. Some courses can count toward both options, but by University policy, the second option must include at least 23 new units. In actual practice, the second option involves more than 23 units. Students should see advisers in both options to plan dual option requirements.

Required Core (29-32 units, includes self-development and special interest courses)
- COUN 400A Lifespan Human Development (4) or
- COUN 500A Theoretical and Developmental Aspects of Behavior (4)
- COUN 428 Measurement Issues in Counseling (4)
- COUN 406 Behavioral Counseling and Self-Management (4) or
- COUN 501 Behavior Analysis in School, Home, and Agency Settings (4)
- COUN 503 Sociological and Cultural Factors in Counseling (4)
- COUN 505 Practicum: Counseling (3)
- COUN 529 Principles of Research and Program Evaluation in Counseling (4)

Self-Development and Special Interest (6-9 units)
Select six - nine units of electives related to your program with adviser approval.

Appropriate substitutions may be made in special instances with adviser recommendation and division chair approval.

Options -
Select one of following options:

Applied Behavior Analysis (41 units plus 29 units in the common core to total 70 to 77 units, depending upon prior coursework and culminating experience)
The program is designed for graduate students who plan to work as behavior analysts, case managers or consultants, counselors in the schools, and for those who elect to specialize in the behavioral area for doctoral training. Students may obtain the Pupil Personnel Services Credential with Advanced Authorizations in School Counseling and Child Welfare and Attendance Services by completing additional courses as listed below.

Prerequisites (8 units)
May be met by the following courses or other current or prior coursework with adviser approval.
- EDFN 452 Statistics in Education (4)
- EDFN 400 Foundations of Special Education (4)

Required Courses (41 units)
Students who do not wish to obtain the Pupil Personnel Services Credential with Advanced Authorizations in School Counseling and Child Welfare and Attendance Services must complete the following:
- COUN 406 or 501 (whichever is not taken to meet the common core requirement), 502, 504, 591 (for 6 units), 593

Note: COUN 592 must be taken and counted within the 6-unit “Self-Development and Special Interest” requirement in the common core.
- PSY 417, 421, 428, 500, 528

Behavior Intervention Case Management (86 to 93 units):
Students may elect to complete the Behavior Intervention Case Management emphasis within the School Counseling Program and qualify for the Pupil Personnel Services Credential with Advanced Authorization in School Counseling and Child Welfare and Attendance in addition to the Masters Degree by completing the following courses in place of the above list:

Prerequisites (11 units)
May be met by the following courses or other current or prior coursework with adviser approval.
- COUN 450 Counseling Theories (3)
- EDFN 452 Statistics in Education (4)
- EDSP 400 Foundations of Special Education (4)

Required Courses (66 units)
- COUN 406 or 501 (whichever is not taken to meet the common core requirement)
- COUN 400A or 500A, 460, 502, 504, 506, 516, 517, 557, 581, 586S (for 9 units), 586W (3 units), 591 (for 6 units).

NOTE: COUN 592 and 593 must be taken and counted within the 6-unit “Self-Development and Special Interest” requirement in the common core.

Marriage, Family, and Child Counseling (66–73plus 29 units in the common core to total 95 to 109 units depending upon prior course work and culminating experience)
This option is designed to train family systems oriented counselors who are eligible to: 1) obtain the Pupil Personnel Services Credential with Advanced Authorizations in School Counseling and Child Welfare and Attendance Services; and 2)
apply for licensure in California as a Marriage, Family and Child Counselor. It meets state requirements for licensure in Marriage, Family, and Child Counseling as outlined in the Business and Professions Code, Section 4980.37. Students fulfill degree requirements by completing the required 29-units in the common core, plus option requirements of 66-73 units, and completing either a thesis/project or comprehensive examination.

**Prerequisites (15 units)**

May be met by the following courses or other current or prior coursework with adviser approval.

- COUN 450 Counseling Theories (3)
- EDFN 452 Statistics in Education (4)
- EDSP 400 Foundations of Special Education (4)
- PSY 410A or B Abnormal Psychology (4)

**Required Courses (61 units)**

Students who do not wish to obtain the Pupil Personnel Services Credential with Advanced Authorization in School Counseling and Child Welfare and Attendance Services must complete the following (61 units):

- COUN 400B or 500B
- COUN 403
- COUN 460 or PSY 464
- COUN 506, 516, 520, 521, 522, 523 (for 6 units), 538,
- COUN 552 or PSY 542
- COUN 557
- COUN 589 (repeated for 15 units.)

**School-Based Family Counseling (73 units)**

Students may elect to complete training in School-Based Family Counseling and qualify for the Pupil Personnel Services Credential with Advanced Authorization in School Counseling and Child Welfare and Attendance Services in addition to the Masters Degree by completing the following in place of the above list (73 units):

- COUN 403
- COUN 400B or 500B
- COUN 460 or PSY 464
- HS 456
- COUN 506, 516, 520, 521, 522, 523 (for 6 units), 538,
- COUN 552 or PSY 542
- COUN 557, 581
- COUN 586S (repeated for 6 units and must be counted Toward the “Self-Development and Special Interest” requirement in the common core).
- COUN 586W (3 units)
- COUN 589 (repeated for 9 units and must be counted toward the “Self-Development and Special Interest” requirement in the common core).

Students pursuing this path must take COUN 501 rather than COUN 406 in the core.

*COUN 507 and 523 may be repeated once for credit as an elective or substitute for other required courses. See adviser.

An extensive MFCC Handbook, containing detailed description of the program, required form for registering with the Board of Behavioral Science Examiners, and the Site Practicum Manual is available in the division office.

**Rehabilitation Counseling**

**(48 units plus core, to total 77 to 84 units* depending upon prior coursework)**

The Rehabilitation Counseling program prepares students to: a) function effectively as professional rehabilitation counselors in a variety of employment settings; and b) develop their own skills to function effectively at the time of graduation and beyond as the profession changes. Rehabilitation counselors must be knowledgeable in vocational and personal potentialities in order to carry on their main function of helping individuals to achieve satisfaction in areas including work, education, and personal social functioning. The program is accredited by the Council of Rehabilitation Education (CORE). The Master of Science degree in Counseling: Option in Rehabilitation offers concentrations in Student Development Counseling and in Transition Services.

*NOTE: Graduates of the CSULA BS in Rehabilitation Services may complete the MS program with 63 minimum units.

**Prerequisite (4 units)**

May be met by the following course or other current or prior coursework with adviser approval.

- EDFN 452 Statistics in Education (4)

**Required Courses (48 units)**

- COUN 400B
- COUN 442, 448, 449, 506, 540AB, 542AB
- COUN 588 (repeated for 15 units)

**Concentrations: Student Development Counseling**

**(52-59 units plus 29 unit core, to total 81 to 88 units depending on prior coursework)**

The Student Development Counseling Concentration in the Rehabilitation Counseling program is designed to train students to work in higher education colleges and universities with an emphasis in disability. These students will be competent in: 1) providing and designing effective counseling services to higher education students; 2) evaluating social, psychological, educational, vocational and cultural issues as related to students with and without disabilities; and 3) assisting students to make the transition from high school to post-secondary education and beyond.

Rehabilitation Counseling students with a concentration in Student Development Counseling must take COUN 510 and 587 for the “Self-Development and Special Interest” requirement in the common core.

**Required Concentration Courses (41 units)**

- COUN 400B, 442, 448, 449, 506, 540AB, 542AB, 588C, and EDSP 581

**Transition Services (52 units)**

The Transition Services Concentration in the Rehabilitation Counseling program trains transition specialists to be competent in: 1) providing and designing appropriate and effective transition services to secondary students with disabilities; 2) evaluating transition plans in light of collaboration among professionals including business and community leaders as well as parents, teachers, and other related service professionals in the multicultural/multilingual urban setting; and 3) conducting research in the transition field.

Rehabilitation Counseling students with a concentration in Transition Services must take EDSP 581 and 584 for the “Self-Development and Special Interest” requirement in the common core.

**Required Concentration Courses (52 units)**

- COUN 400B, 442, 448, 449, 506, 540AB, 542AB, 588 (15 units), EDSP 400
School Counseling Leadership
*(61 units plus 32 units in the common core to total 93-100 units, depending on prior course work and culminating experience)*

The School Counseling Leadership program is designed for future school counselors who wish to develop leadership skills in school counseling and earn the Master of Science degree in Counseling: Option in School Counseling Leadership. Students who complete this option also qualify to apply for the Pupil Personnel Services Credential with advanced authorizations in School Counseling and Child Welfare and Attendance services.

Students who select this program recognize the challenges of today’s urban schools and foresee the synergism possible when combining the skills and roles of an effective counselor with those of an effective leader. Students complete the counseling core, and the following requirements for the option.

**Prerequisite (11 units)**
May be met by the following courses or other current or prior coursework with adviser approval.

- COUN 450 Counseling Theories (3)
- EDSP 400 Foundations of Special Education (4)

School Counseling Leadership students must take 9 units of the “Self-Development and Special Interest” courses in the common core with approval of adviser.

**Required Courses (61 units)**

- COUN 400B Lifespan Human Development (4)
- COUN 506 Individual Counseling Strategies (4)
- COUN 507 Individual Clinical Counseling (3)
- COUN 516 Group Counseling (4)
- COUN 517 Group Counseling Practicum (3)
- COUN 536 Practicum: School-Based Consultation (3)
- COUN 557 Career Education and Guidance in the Schools (4)
- COUN 581 Seminar: Leadership in Pupil Personnel Services (4)
- COUN 586S Supervised Field Experience in Pupil Personnel Services: School Counseling (12)
- COUN 460 Laws relating to the Child and Family (4)
- COUN 484 Conferences with Parents/Primary Caregivers (4)
- COUN 522 Family Counseling with Children (4)
- COUN 502 Advanced Behavioral Contingency Management in Schools (4)
- COUN 586W Supervised Experience in Child Welfare and Attendance (3)

**School Psychology**
*(87 units plus 29-units in the common core, to total 116 to 123 units depending upon prior course work and culminating experience)*

School psychologists focus on the psychoeducational development of individuals from birth to age 21, their abilities and potentialities, biological, emotional, behavioral, and cultural factors that influence the learning process. Students who earn the master’s degree with this option also qualify for the Pupil Personnel Services credential with advanced specializations in School Psychology and advanced specialization in Child Welfare and Attendance Services. Students in this option should see information below regarding the School Psychology Internship credential. For accreditation reasons, undergraduate student access to 500-level courses in this program is not permitted.

**Required Courses (87 units)**

- COUN 460, 502, 506, 516, 531AB, 532, 533, 534, 535, 536 or 593, 537, 581, 585, 586P (for 30 units), 586W, 592

Students must take COUN 501 instead of 406 and 500A instead of 400A to meet the common core requirement, and take COUN 507 or COUN 517 to meet 3 units of the “Self Development and Special Interest” common core area.

An internship manual, which contains guidelines, procedures, and other information, is available in the division office. School Psychology candidates must attempt the Nation School Psychology Examination Administered by Educational Testing Service (ETS/PRAXIS II #10400) as part of the degree requirement.

**Specialist Credential Programs**

California credential programs, approved by the Commission on Teacher Credentialing, authorize the granting of Special Education credentials as “Basic” credentials rather than as an addition to the Multiple or Single Subject credential. The approved program at California State University, Los Angeles includes the following programs:

- Internship Credentials in Special Education
- Level I or Preliminary Credentials
- Level II or Professional Specialist Credentials
- Programs that combine a Specialist with a Multiple or Single Subject Credential
- Specialist Program combined with a Master of Arts Degree in Special Education

The following material provides general credential information.

**Note:** Effective January 1, 2000, the RICA (Reading Instruction Competence Assessment) is required of all students seeking Educational Specialist Credentials in the following areas: Mild Moderate, Moderate/Severe, Physical and Health Impairments, Visual Impairments. This examination is required by the State of California and will not be waived for any reason. The RICA became a requirement for Multiple Subject Credential candidates October 1, 1998. Students are encouraged to take a RICA preparation workshop offered by the Division of Curriculum and Instruction.

**Specialist Credential Program Areas**

Education of Individuals with:

- **Mild/Moderate Disabilities**: Preparation to teach students with mild/moderate learning disabilities, mental retardation and emotional/behavioral disabilities within the full range of placement options.
**Moderate/Severe Disabilities:** Preparation to teach students with moderate/severe disabilities, mental retardation, emotional/behavioral disabilities, and multiple disabilities within the full range of placement options.

**Physical and Health Impairments:** Preparation to teach students with orthopedic disabilities and other serious health impairments, traumatic brain injury, and multiple disabilities within the full range of placement options.

**Visual Impairments and Blindness:** Preparation to teach students birth-22 years who are blind or who have low vision within the full range of placement options.

**Other Program Areas:**

**Early Childhood Special Education:** Preparation to work with infants and young children with disabilities or at-risk, and their families.

**Clinical Rehabilitative Services Credential:** The Clinical Rehabilitative Services Credential with authorization in Orientation and Mobility training prepares individuals to work with children and adults who have visual impairments and blindness or other disabilities that necessitate this type of training.

**Admission to Credential Programs**

All students who plan to enter a program for one of the Educational Specialist credentials must apply for admission to the Charter College of Education Credential Program. Students in upper division standing at Cal State L. A. are eligible to apply and enter the program. A minimum of 45 units beyond the baccalaureate is needed to obtain the Level II Professional Credential. Credential candidates must attend a group advisement session (offered at approximately two-week intervals) prior to admission to the Preliminary Level I program.

**Preliminary Admission Requirements**

Admission requirements are based on Title 5, California Code of Regulations, and University regulations. Students seeking admission to Cal State L. A. teaching credential programs must successfully complete CSET examination and enroll in EDSP 300, Introduction to Special Education. Requirements for preliminary admission to credential programs include the following:

- Students must complete all requirements listed below to receive credit in EDSP 300.
- Complete application form.
- Record of oral interview with faculty adviser and completion of Program Planning Sheet.
- Verification of academic ability, as evidenced by a grade point average of at least 2.75 in last 90 quarter units.
- Verification of negative TB test (taken within the last year) by a personal physician or at the Cal State L. A. Health Center.
- Verification of completion of PSY 150.
- Verification of having applied for the Certificate of Clearance.
- Successful completion of a supervised early field experience.
- A written personal history that includes a statement of professional goals and educational philosophy.
- Official transcripts and letters of reference received and evaluated.

**Completion of Admission Requirements**

Students must satisfy the following three criteria before they are formally admitted to the program:

- Minimum C grade in COMM 150 or passing score on Cal State L. A. Speech Proficiency Evaluation.
- Pass UNIV 400, The Writing Proficiency Examination (WPE) or acceptable alternative by petition.
- Verification of having taken the CBEST. (Students who have not passed the CBEST prior to entry into the credential program must have an approved plan of remediation on file with the Student Services Center in the Charter College of Education.)

Students are formally admitted to the teaching credential program upon completion of requirements stated above.

**Admission Requirements for Internship Credential Programs**

- Bachelor’s degree from an accredited college or university.
- Admission to the University as a graduate student with a minimum GPA of 2.75 in the last 90 Quarter units of coursework.
- Admission to the credential program.
- Passing score on CBEST.
- Pass UNIV 400, the Writing Proficiency Examination (WPE), or acceptable alternative by petition.
- Verification of completion of POLS 150 or equivalent.
- Verification of completion of COMM 150 or equivalent.
- Completion of approved Multiple or Single Subject academic program or appropriate examination.
- EDIT 300 or its equivalent.
- Employment or commitment by a school district with a partnership agreement with Cal State L.A. to employ the individual as a full-time teacher.
- Interview with Division of Special Education internship adviser.
- Application to the Commission on Teacher Credentialing (through the Charter College of Education Office of Student Services) for the internship credential upon completion of option 1, 2, 3 or 4.

**Admission Requirement for Students who hold a Preliminary Credential**

Students who complete a preliminary (Level I) special education credential at Cal State L.A. may continue on for the professional clear credential. No additional application to the Charter College of Education is necessary.

**Directed Teaching Information**

Directed Teaching is one of the most important phases of teacher education at Cal State L.A. Candidates are not automatically admitted to directed teaching by completion of course work alone; they must fulfill the following criteria:

- Formal admission to the teaching credential program.
- Application for directed teaching by application deadline (Wednesday of second week of quarter preceding the assignment).
- Attendance at Special Education directed teaching orientation meeting during finals week of quarter preceding the assignment.
• Verification of completion of passing score on CSET/SSAT Subject Assessments.
• Transcripts or grade reports verifying completion of at least 12 units at Cal State L.A. and all prerequisite courses. A minimum B (3.0) grade point average and grades of C or higher are required in all professional education courses.
• Verification of passing scores on all sections of CBEST.
• Present to the Office for Student Services (KH D2078) a Certificate of Clearance issued by the California Commission on Teacher Credentialing.
• Verification of negative TB test taken within one year before completion of directed teaching by a personal physician or at Cal State L.A. Health Center.

Students who meet all of the above criteria and who have completed the prerequisite course work will be approved for directed teaching. Because of the amount of time and work required for directed teaching, students must restrict the number of units in their program (maximum of 6 units) and curtail their out-of-school workload for the duration of such assignments.

Education Specialist Credentials

Special Education Specialist Credentials

Core requirements for Preliminary (Level I) Education Specialist Credentials except Early Childhood

• Bachelor’s degree (including Constitution).
• Minimum GPA or 2.75 in last 90 quarter units of coursework.
• Passing score on the California Basic Educational Skills Test (CBEST).
• Approved Multiple Subject matter program or appropriate examination (CSET).
• EDSP 300 (or equivalent) is a prerequisite for admission to all Specialist Credential programs (includes field experience).
• Special Education group advisement
• EDIT 300 (or equivalent) is a prerequisite for admission to all Specialist Credential programs.

Required courses:
EDEL 415 or 415(S), 417 or 417(S)
EDFN 440
EDSP 400, 408, 409, 512**, 413**
EDSP 407 or 489, Directed Teaching I and II (includes seminar)

(Students who meet specified criteria may complete student teaching requirements in both regular and special education classes.)

*The Visual Impairment and Blindness credential requires this course in Level II rather than Level I.
**EDSP 413 is not required for the V. I. credential.

Requirements for Professional (Level II) Education Specialist Credentials

• EDIT 430
• HS 457
• CPR

• An Induction Plan is required, to be jointly developed by the candidate, employing school district support provider and the CSULA faculty member.
• A minimum of 45 units after the bachelor’s degree.

Note: Core requirements listed above in Levels I and II do not apply for the Early Childhood Special Education or the Orientation and Mobility credentials.

Specialization Requirements for the Credentials for Mild/Moderate and Moderate/Severe Disabilities

Preliminary (Level I) Credential
For Mild/Moderate Disabilities Credential
EDSP 450, 552, 553
For Moderate/Severe Disabilities Credential
EDSP 450, 551, 552, 463, or 587

Professional (Level II) Credential
Completed Level I Credential
EDSP 595A, 595B

Professional Development Activities
EDSP 555 (for Mild/Moderate) or
EDSP 582 (for Moderate/Severe) and
Select one of the following strands:
Inclusion Cluster
EDSP 582, 555
Technology Cluster
EDSP 508, 463
Transition Cluster
EDSP 581, 584
Learning and Behavior Disorders
EDSP 502, 554
Autism Cluster
EDSP 586, 587
Secondary Education
EDSE 401, EDSP 581

Specialization Requirements for the Credential for Physical and Health Impairments

Core Requirements Preliminary - Level I - (37 units)
Bachelor’s degree including Constitution, subject area program or appropriate examination, and approval by academic department.

EDFN 414 Social Foundations of Education (3)
EDEL 415 or 415 S Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDEL 416 or 416S Proseminar: Curriculum and Teaching of Writing/Language Arts (4)
EDEL 417 or 417S Proseminar: Curriculum and Teaching of Mathematics (4)
EDSP 400 Foundations of Special Education (4)
EDSP 408 Cognitive and Linguistic Processes in Individuals with special needs (4)
EDSP 409 Assess Strategies and Curriculum Modification for Individuals with Exceptional Needs in Diverse Educational Settings (4)
EDSP 512 Building Partnerships in Special Education (2)
EDSP 413 Student Behavior and Social Interaction Skills: Support for Individuals with Special Needs (4)
EDSP 407 Directed Teaching in Special Education (5)
EDSP 489 Demonstration of Instructional Competencies (5)

Note: Candidates who meet specified experience criteria and are approved by the faculty of the Division of Curriculum and Instruction may also be eligible for the Preliminary Multiple or Single Subject credential.

Specialization Requirements for Preliminary - Level I
(17 units)
EDSP 462 Survey of Physical and Health Impairments (4)
EDSP 464 Assessment and Curricular Adaptations for Individuals with Low Incidence Disabilities (4)
EDSP 407 Directed Teaching in Special Education (9) or EDSP 489 Demonstration of Instructional Competencies (9)

Core Requirements for Professional - Level II
(12 to 13 units)
EDIT 430 Introduction to Computers and Their Uses in the Classroom (4) or
CS 160 Introduction to Computers (3) and
EDIT 447 Computers in Classroom (2) or
EDSP 508 Computer Applications in Special Education (4)
HS 456 Drugs and Health (4) or
EDSP 595A Development of Induction Plan (2)
EDSP 595B Seminar: Assessment in Induction Plan (2)
Professional Development Activities

Specialization Requirements Professional - Level II
(15 to 16 units)
EDEL 419 or 419S Proseminar: Curriculum and Teaching of Social Science (4)
EDSP 460 Implications of Physical and Health Impairments (4)
EDSP 463 Augmentative Communication and Adaptive Technology in Special Education (4)
EDSP 570AB Low Incidence Early Childhood Special Education (2-2)

Note: Credential candidates may choose to add the Multiple or Single Subject Professional Clear Credential by completing student teaching: EDEL 404 or 489, or EDSE 442B or 489. This requirement may be waived, by the faculty of the Division of Curriculum and Instruction, if specified experience and/or student teaching criteria are met.

Specialization Requirement for the Credential for Visual Impairment and Blindness:
Core Requirements Preliminary - Level I - (32 units)
Bachelor’s degree including Constitution, subject area program or appropriate examination and approval by academic department.
EDFN 414 Social Foundations of Education (3)
EDEL 415 or 415S Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDEL 416 or 416S Proseminar: Curriculum and Teaching of Writing/Language Arts (4)
EDEL 417 or 417S Proseminar: Curriculum and Teaching of Mathematics (4)
EDSP 400 Foundations of Special Education (4)
EDSP 408 Cognitive and Linguistic Processes in Individuals Special Needs (4)
EDSP 409 Assessment, Strategies and Curriculum Modifications for Individuals with Exceptional Needs in Diverse Educational Settings and Instructor (4)
EDSP 407 Directed Teaching in Special Education (5) or
EDSP 489 Demonstration of Instructional Competencies (5)

Specialization Requirements for Preliminary - Level I
(32 units)
EDSP 464 Assessment and Curricular Adaptations for Individuals with Low Incidence Disabilities (4)
EDSP 465 Introduction to Vision (3)
EDSP 465L Functional Low Vision Assessment (1)
EDSP 466 Literary and Mathematical Braille (5)
EDSP 567 Academic Skills for Individuals with Visual Impairments and Blindness (4)
EDSP 568 Functional Skills for Exceptional Individuals (2)
EDSP 570AB Low Incidence Early Childhood Special Education (2-2)
EDSP 407 Directed Teaching in Special Education (9) or
EDSP 489 Demonstration of Instructional Competencies (9)

Core Requirements for Professional - Level II
(12 units)
EDIT 430 Introduction to Computers and Their Uses in the Classroom (4) or
EDSP 569 Specialized Technology for Individuals with Visual Impairments (4)
HS 456 Drugs and Health (4) or
EDSP 595A Development of Induction Plan (2)
EDSP 595B Seminar: Assessment in Induction Plan (2)
Professional Development Activities

Specialization Requirements for Professional - Level II
(10 units)
EDSP 469 Psychological, Sociological and Vocational Implications of Visual Impairments and Blindness (4)
EDSP 512 Building Partnership in Special Education (2)
EDSP 569 Adaptive Technology in Visual Impairments (4)

Note: Credential candidates may choose to add the Multiple or Single Subject Professional Clear Credential by completing EDEL 419 or 402 and student teaching: EDEL 404 or 489, or EDSE 442B or 489. The student teaching requirement may be waived if specified experience and/or student teaching criteria are met by the Division of Curriculum and Instruction.

Requirements for the Recommendation of Specialist Internship Credentials
(All Special Education Specialist Credentials issued for 2 years)
Option I
Candidates who have completed the requirements for a Preliminary or Professional Multiple Subject credential (who have met the admission requirements listed above) may apply for a Special Education Internship credential. Out of state credential may be acceptable if the candidate has also met the requirements of the U.S. Constitution, subject matter competence, and a reading methods course.
**Option II**
This option is restricted to individuals who are in cohort groups; where instruction in the required prerequisite courses is modified to emphasize the beginning skills that are needed by new teachers and where additional support can be provided to the intern. In this option, EDSP 300 and EDSP 409I are prerequisites for formal admission to the program and for recommendation for the internship credential.

**Option III**
Candidates who have completed a pre-internship program at a school district in partnership with CSULA Special Education Internship program and who meet the admission requirements as listed above; may apply for admission to the Education Specialist Internship program.

**Note 1. All internship credential students, upon completion of prerequisite courses in either options I, II or III should follow the recommended course sequence listed below for each specific credential as indicated. The course sequence indicates how the level I Education Specialist Credential can be completed in two years and the level II credential can be completed in an additional third year.**

**Sequence of required courses for candidates in the Mild/Moderate Credential program:**

**YEAR ONE**

**First Quarter**
- EDSP 400 Foundations of Special Education (4)

**Second Quarter**
- EDSP 409I Assessment Strategies and Curricular Modification for Individual with Exceptional Needs in Diverse Educational Settings (4)

**Third Quarter**
- EDSP 413 Student Behavior and Social Interaction Skills: Support for Individuals with Special Needs (4)

**YEAR TWO**

**Fourth Quarter**
- EDSP 408 Cognitive, Linguistic, and Literacy Processes in Individuals with Special Needs (4)

**Fifth Quarter**
- EDSP 595A Seminar: Development of Induction Plan (2)
- EDSP 450 Teaching Students with Mild to Severe Disabilities (4)

**Sixth Quarter**
- EDSP 552 Teaching Students with Reading and Writing Disabilities (4)
- EDFN 414 Social Foundations of Education (3)
- EDSP 512 Building Partnerships in Special Education (2)

**YEAR THREE**

**Seventh Quarter**
- EDSP 555 Advanced Methods in Mild/Moderate Disabilities (4)
- HS 456 Drugs and Health (4)

**Eighth Quarter**
- EDIT 430 Information Technologies in the Classroom (4)

**Ninth Quarter**
- EDSP 595B Seminar: Assessment of Induction Plan (2)

**First Strand course**

**Second Strand course: Eligible for level II credential.**

**Sequence of required courses for candidates in the Moderate/Severe Credential program:**

**YEAR ONE**

**First Quarter**
- EDSP 400 Foundations of Special Education (4)
- EDSP 409I Assessment Strategies and Curricular Modification for Individual with Exceptional Needs in Diverse Educational Settings (4)

**Second Quarter**
- EDSP 413 Student Behavior and Social Interaction Skills: Support for Individuals with Special Needs (4)

**Third Quarter**
- EDSP 407 Directed Teaching in Special Education (5)

**SUMMER SESSION**
- EDSP 450 Teaching Students with Mild to Severe Disabilities (4)

**YEAR TWO**

**Fourth Quarter**
- EDFN 414 Social Foundations of Education (3)
- EDSP 595A Seminar: Development of Induction Plan (2)
- EDSP 512 Building Partnerships in Special Education (2)

**Fifth Quarter**
- EDSP 551 Teaching Students with Moderate to Severe Disabilities (4)
- EDSP 552 Teaching Students with Reading and Writing Disabilities (4)

**Sixth Quarter**
- EDSP 489 Demonstration of Instructional Competencies (9)
- EDSP 463 Augmentative Communication and Adaptive Technology in Special Education (4)
- EDSP 587 Teaching Functional Communication (4)

Pass Reading Instruction Competence Assessment (RICA): Eligible for level I credential.
YEAR THREE
Seventh Quarter
EDSP 582 Advanced Issues in the Education of Students with Moderate to Severe Disabilities (4)
HS 456 Drugs and Health (4)
Eighth Quarter
EDIT 430 Information Technologies in the Classroom (4)
First Strand course
Ninth Quarter
EDSP 595B Seminar: Assessment of Induction Plan (2)
Second Strand course: Eligible for level II credential.

Sequence of required courses for candidates in the Physical and Health Impairments Credential program:

YEAR ONE
First Quarter
EDSP 409I Assessment Strategies and Curricular Modification for Individual with Exceptional Needs in Diverse Educational Settings (4)
EDSP 462 Survey of Physical and Health Impairments (4)
Second Quarter
EDSP 400 Foundations of Special Education (4)
EDSP 408 Cognitive, Linguistic, and Literacy Processes in Individuals with Special Needs (4)
Third Quarter
EDSP 413 Student Behavior and Social Interaction Skills: Support for Individuals with Special Needs (4)
EDSP 489 Demonstration of Instructional Competencies (5)
Summer Session
EDSP 512 Building Partnerships in Special Education (2)
EDFN 414 Social Foundations of Education (3)

YEAR TWO
Fourth Quarter
EDSP 408 Cognitive, Linguistic, and Literacy Processes in Individuals with Special Needs (4)
EDEL 416 Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDSP 595A Seminar: Development of Induction Plan (2)
Fifth Quarter
EDSP 464 Assessment and Curricular Adaptations for Individuals with Low Incidence Disabilities (4)
EDEL 417 Proseminar: Curriculum and Teaching of Mathematics
Sixth Quarter
EDSP 463 Augmentative Communication and Adaptive Technology in Special Education (4)
EDSP 489 Demonstration of Instructional Competencies (9)
Pass Reading Instruction Competence Assessment (RICA): Eligible for level I credential.

YEAR THREE
Seventh Quarter
HS 456 Drugs and Health (4)
EDEL 419 Proseminar: Curriculum and Teaching of Social Science (4)
Eighth Quarter
EDIT 430 Information Technologies in the Classroom (4)
EDSP 460 Implications of Physical and Health Impairments (4)
Ninth Quarter
EDSP 595B Seminar: Assessment of Induction Plan (2)
EDSP 570AB Low Incidence Early Childhood Special Education (2-2)
Eligible for level II credential.

Sequence of required courses for candidates in the Visually Impaired Credential program:

YEAR ONE
First Quarter
EDSP 400 Foundations of Special Education (4)
EDSP 409I Assessment Strategies and Curricular Modification for Individual with Exceptional Needs in Diverse Educational Settings (4)
Second Quarter
EDEL 415 or 415S Proseminar: Curriculum and Teaching of Reading/Language Arts (4)
EDSP 408 Cognitive, Linguistic, and Literacy Processes in Individuals with Special Needs (4)
Third Quarter
EDEL 416 or 416S Proseminar: Curriculum and Teaching of Writing/Language Arts (4)
EDSP 407 Directed Teaching in Special Education (5)
EDSP 568 Functional Skills for Exceptional Individuals (4)
Summer Session
EDEL 417 or 417S Proseminar: Curriculum and Teaching of Mathematics (4)
EDFN 414 Social Foundations of Education (3)
EDSP 595A Seminar: Development of Induction Plan (2)

YEAR TWO
Fourth Quarter
EDSP 465 Introduction to Vision (3)
EDSP 465L Functional Low Vision Assessment (1)
EDSP 466 Literary and Mathematical Braille (4)
Fifth Quarter
EDSP 567 Academic Skills for Individuals with Visual Impairment and Blindness (4)
EDSP 464 Assessment and Curricular Adaptations for Individuals with Low Incidence Disabilities (4)
Sixth Quarter
EDSP 570AB Low Incidence Early Childhood Special Education (2-2)
EDSP 489 Demonstration of Instructional Competencies (9)
Pass Reading Instruction Competence Assessment (RICA): Eligible for level I credential.

YEAR THREE
Seventh Quarter
HS 456 Drugs and Health (4)
EDEL 419 Proseminar: Curriculum and Teaching of Social Science (4)
The Clinical Rehabilitative Services Credential: Orientation and Mobility (Visual Impairment and Blindness)

Note: This service credential program is a Professional Clear Credential and does not have provisions for the Level I and Level II authorizations, and does not utilize the core requirements of the Education Specialist teaching credentials. The requirements, as shown below, provide for the Professional Clear Credential.

Prerequisites:
- B.A. Degree in Child Development or related field
- Admission to the university as a graduate student with a minimum GPA of 2.75 in last 90 quarter units of coursework
- Experience with young children under five years of age
- Passing score on CBEST
- EDCI 300 is a prerequisite for admission to all specialist credential programs
- Pass UNIV 400, the Writing Proficiency Examination (WPE), or acceptable alternative by petition
- Verification of completion of POLS 150, or equivalent
- Verification of completion of COMM 150, or equivalent
- Employment or commitment by a school district with a partnership agreement with CAL STATE L.A. to employ the individual in an Early Childhood Special Education program
- Application to the Commission on Teacher Credentialing (through the Charter College of Education Office for Student Services) for the internship credential

Eligible for Level II credential.

YEAR THREE
Seventh Quarter
EDSP 595A Seminar: Development of Induction Plan (2)
*EDSP 500 Research Methods in Special Education (4)

Eighth Quarter
EDSP 501 Educational Measurements in Special Education (4)
HS 456 Drugs and Health (4)

Ninth Quarter
EDSP 595B Seminar: Assessment of Induction Plan (2)
*M.A. Comps

Eligible for Level II credential.

Note: Course with an * are optional for credential candidate but are recommended for candidates who plan to complete an M.A. in Special Education.

General Special Education Requirements
EDSP 400, 408

Early Childhood Special Education Core
EDEL 461
EDSP 416, 514, 515, 516, 570B

Student Teaching/Fieldwork
EDSP 403, 407/489 (Infant-Toddler), 407/489 (Preschool)

Professional (Level II) Credential Requirements:
- Completed Level I Credential
- Employment as a teacher in an appropriate early childhood program
- CPR
Level II Core Requirements:
HS 456
EDSP 595AB (Induction)

Specialization Requirements for Level II:
EDSP 463, 517

Education Specialist Minor Courses for Education Specialist Internship Credential - Urban Learning Major (45 units)
Completion of ESDP 400 and this minor and passage of CBEST qualify students to be eligible for an internship credential with verification of employment from a cooperating school district. For a Preliminary Education Specialist Credential, students must complete the additional credential course work in their area of specialization (i.e., mild/moderate disabilities, moderate/severe disabilities, physical and health impairments or visual impairments).

Students must consult a special education credential adviser for specific program requirements.

EDSP 300 Introduction to Special Education (4) (Includes fieldwork) A minimum 2.67 grade point average in all postsecondary course work is prerequisite to enrollment in EDSP 300. See catalog, special education specialist, for additional prerequisites.
EDSP 301 Individuals with Disabilities in Contemporary Society (3)
EDFN 414 Social Foundations of Education (3)
EDEL 415 Proseminar: Curriculum and Teaching of Reading (4)
EDEL 417 Proseminar: Curriculum and Teaching of Mathematics (4)
EDSP 407 Directed Teaching in Special Education (5)
EDSP 408 Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (4)
EDSP 409 Assessment Strategies and Curricular Modifications for Individuals with Exceptional Needs in Diverse Educational Settings (4)
EDIT 430 Technology and Information Systems in Classrooms (4)
HS 456 Drugs and Health (4)

Additional Internship Emphasis Requirement:
Electives (8)
With approval of a Special Education credential adviser, complete 8 units of appropriate course work in area of specialization.

Pupil Personnel Services Credential
Advanced Specializations in School Counseling and Child Welfare and Attendance Services
The School Counseling program offers three areas of emphasis, each of which combines the Pupil Personnel Services credential with Advanced Authorizations in School Counseling and Child Welfare and Attendance Services, without the master's degree, involve the completion of the following program with grades of A or B in all courses.

Required Courses (61–87 units)
COUN 400AB Lifespan Human Development (4, 4) or COUN 500AB Theoretical and Developmental Aspects of Behavior (4, 4)
COUN 406 Behavioral Counseling and Self-Management (4)
COUN 428 Measurement Issues in Counseling (4)
COUN 460 Laws Relating to Children and Child Welfare (4)
or
EDAD 530 Leadership in School Law (4)
COUN 501 Behavior Analysis in School, Home, and Agency Settings (4)
COUN 502 Advanced Behavioral Contingency Management in Schools (4)
COUN 503 Sociological and Cultural Factors in Counseling (4)
COUN 505 Practicum: Counseling (3)
COUN 506 Individual Counseling Strategies (4)
COUN 516 Group Counseling (4)
COUN 517 Group Counseling Practicum (3)
or
COUN 523 Family Counseling Laboratory (3)
COUN 557 Career Education and Guidance in Schools (4)
COUN 581 Seminar: Leadership in Pupil Personnel Services (4)
COUN 586S Supervised Field Experience in School Counseling (9 for SBFC and BICM) and (12 for School Counseling Leadership)
COUN 586W Supervised Field Experience in Child Welfare and Attendance (3)

Prerequisites (11 units)
Demonstrated proficiency in statistics, introductory counseling theories and children with special needs. May be met by courses EDFN 452, COUN 450 and EDSP 400 respectively, or other current or prior course work with adviser approval.

Residency Requirement: Students must complete 18 units at Cal State LA within the required courses for the credential. All courses fulfilling the required program for credential must be competed within 8 years of applying for the credential.
All courses are competency based. Students who fail to meet all course competencies receive less than a B grade. Deficiencies must be cleared in order to obtain a “Letter of Competency” for the affected course. In addition to demonstrating competency in course work and internship, students are required to pass the California Basic Educational Skills Test (CBEST) and either pass an oral examination covering the School Counseling competencies or complete requirements for the Master’s degree in Counseling.

Advanced Specializations in School Psychology and Child Welfare and Attendance Services
Course requirements for this credential are identical with those listed above for the M.S. in Counseling: Option in School Psychology except that an oral exit examination may be substituted for the comprehensive examination.

Internship Credential in School Counseling and Child Welfare and Attendance Services
This internship credential allows a student to accept employment as a school counseling intern while completing advanced coursework toward the pupil personnel services credential with advanced authorizations in school counseling and child welfare and attendance.

To be admitted into the school counseling internship credential program, students must:
1) Meet all University, college and division admission requirements.
2) Be admitted to one of the M.S. options leading to the Pupil Personnel Services credential (PPS); Behavior Intervention Case Management (BICM), Counseling and Educational Leadership (CEL) or School-Based Family Counseling (SBFC).
3) Obtain a school district letter of appointment as a school counselor or child welfare and attendance counselor (to be employed at least 50%).
4) Assure that a written formal “Internship Agreement” between the school district and Cal State LA is on file with both agencies.
5) Have the California Basic Educational Skills Test (CBEST) and the Writing Proficiency Examination (WPE) or approved alternate criteria for the WPE.
6) Sign a written agreement to make regular progress while serving as an intern, toward fulfilling all requirements for the counseling credential (PPS) and Child Welfare and Attendance authorization (CWA).
7) Must have completed with a grade of B or better a minimum of 19 units in the following classes: COUN 400A, COUN 501, 503, 505, and 506.
8) Must have completed 6 units of practicum in the following classes: COUN 507, 517, 523, and/or 593. Depending on the option selected, the following courses are recommended:
   - Behavior Intervention Case Management - COUN 517 and 593
   - School-Based Family Counseling - COUN 523 (6)
   - Counseling and Educational Leadership - COUN 507 and 517
9) Must have completed a minimum of 18 quarter units in residency by taking required classes.
10) Must hold California Certificate of Clearance.
11) Must enroll in minimum of three (3) units of fieldwork (COUN 586S) during each quarter of work as an intern.

School Psychology Internship Credential
This credential allows a student to accept employment as a School Psychology Intern while completing advanced coursework toward the School Psychology option of the M.S. degree in Counseling. Students are not admitted to the School Psychology Internship unless they have met all requirements for the M.S. degree in Counseling: Option in School Psychology, except for the courses COUN 533, 534, 585 and 586P, in addition to the requirements described in their School Psychology Internship Manual. Once these requirements are met, the student is eligible for the School Psychology Internship Credential. These remaining courses are taken concurrently with internship (or before) along with regular supervisory meetings with the student’s University supervisor.

Continued Professional Development
Competence in the helping professions requires continuous efforts at self improvement and development of skills. To assist practicing counselors, school psychologists, and other educators in improving their professional skills, the Counselor Education faculty has developed the following programs of continued professional development leading toward certificates.

The programs provide an opportunity for educational practitioners to meet with their colleagues to keep abreast of innovative professional developments and to experience stimuli for continued personal and professional growth.

Special Education Certificate Programs

Certificate Program in Autism
This program is designed to better prepare educators in establishing the unique behavioral and educational program often required for students with autism and other pervasive developmental disorders. New resources and technologies for supporting students with autism in school and community settings are being developed at a rapid rate. This program will provide students with substantive opportunity to acquire a depth of knowledge in the understanding of the needs of individuals with autism and the skills to address those needs.

Requirements:
- EDSP 586 Educating Students with Autism (4)
- EDSP 587 Teaching Functional Communication (4)
Early Childhood Special Education University Certificates

Please Note: This is not the Early Childhood Special Education certificate authorized by the California Commission on Teacher Credentialing. These certificate programs are approved only by CSULA.

These certificate programs are designed for professional persons who already hold a credential and/or master’s degree, but who are seeking the professional preparation that is related to working in school, agency, or home settings with infants or young children with exceptional needs. One area of emphasis provides professional preparation for working with infants and their families; the other emphasis is for working with children three to five years of age and their families.

Completion of this credit certificate program requires 30 units of course work with a minimum B (3.0) grade point average. Refer to the Graduate and Postbaccalaureate Study chapter of this catalog for general regulations governing all certificate programs.

Infancy Emphasis

Prerequisites:
- Bachelor’s degree in Child Development or related field.
- Experience with infants and young children, ages birth to three.
- EDSP 400.
- Minimum 2.75 undergraduate grade point average in last 90 quarter units attempted.

Required Courses (30 units)

Transition Specialist

The purpose of this certificate program is to train teachers and counselors to be transition specialists. As a transition specialist, individuals will be competent in (1) assessing unique needs of students with disabilities who are in transition, (2) providing and designing appropriate and effective transition services, and (3) collaborating and consulting with other professionals who are involved in transition services.

Counseling Certificate Programs

Applied Behavior Analysis in Educational Settings

This credit certificate program is designed to prepare Behavioral Intervention Specialists, and provides practitioners an opportunity to develop skills for implementing and evaluating management, motivation, consultation, and teaching. The certificate is awarded upon the completion of the following courses in counselor education (18 units) with a minimum B (3.0) average. Refer to the Graduate and Postbaccalaureate Study chapter of this catalog for general regulations governing all certificate programs.

Career Counseling

This program provides postbaccalaureate students the competencies needed to succeed in the field of career counseling. Students will acquire competencies in the areas of:
job development, integrated life planning, lifestyle and career development theory, career counseling, occupational information, community resources, assessment, cross-cultural counseling, and career counseling for special populations.

This certificate program requires the student to be in a graduate counseling program or to have already completed such a program. The student must have an adviser for this certificate program; course substitutions may be permitted only with adviser approval.

Professional standards in the field require that candidates possess a Master's Degree in Counseling for employment.

The certificate requires evidence of completion of 11 units of prerequisites and 32 required units, with a minimum B (3.0) average. Refer to the Graduate and Postbaccalaureate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirements (43 units)

- COUN 503 Sociological and Cultural Factors in Counseling (4)
- COUN 505 Practicum: Counseling (3)

Required Courses (32 units)
- COUN 448 Career Counseling for Adults (4)
- COUN 506 Individual Counseling Strategies (4)
- COUN 510 Counseling Students in Higher Education (4)

Doctoral Program

Doctor of Philosophy Degree in Special Education

A doctoral program in Special Education, offered jointly by the University of California, Los Angeles (UCLA) and California State University, Los Angeles (CSULA), combines the unique resources of the two institutions. The program is designed to prepare graduates for teacher education in special education or other leadership positions in the field. This program offers a focus on disability issues in special education, emphasizing teacher education, theory and pedagogy, and research. Graduates are prepared to assume university faculty positions in which they will conduct teacher education, research, and other scholarly pursuits related to special education and disabilities. This program offers a Ph.D. in special education, thus students are required to obtain both breadth and depth of knowledge in special education and may specialize in specific areas that include but are not limited to: early childhood education, learning disabilities, emotional disturbance, mental retardation, severe disabilities, physical and health impairment, gifted education, multicultural education, bilingual special education, visual impairment, and transition to adulthood.

The degree requires major work in special education, and breadth work in related areas as well as work in a cognate field outside of education. Advanced courses and research seminars supply technical backgrounds in the specialization in which students plan to do their dissertation. Practicum, field work, and/or internship assignments are planned on an individual basis.

Admission to the Program

To be considered for admission, applicants must meet the following requirements:

- Completion of a Master's degree in Special Education or a related field.
- Acceptable minimum score on such examinations as may be specified by the Division of Special Education and Counseling joint doctoral program committee (currently a minimum of 1,000 combined verbal and quantitative scores on the Graduate Record Exam).
- An upper division undergraduate grade point average of 3.0 and a minimum graduate grade point average of 3.5.
- The potential to perform research as demonstrated in evidence submitted to the special education joint doctoral program committee.
- At least three years’ successful professional experience, such as teaching, with individuals with disabilities (if an exception is made at the time of admission, the requirement must be completed prior to advancement to candidacy).
- Three letters of recommendation, two of which should be written by faculty from whom the student has taken graduate work.

Complete sufficient course work to merit recommendation for admission by at least two resident graduate faculty members and one professional field supervisor, or three resident faculty members from one or both campuses.

The program coordinator on the CSULA campus will assist in preparation of application materials. Applicants may be asked to participate in an oral interview as part of the screening process. Applicants will be considered for admission by a joint screening committee consisting of special education faculty from both CSULA and UCLA. Students are initially admitted to the CSULA campus. Upon recommendation of the CSULA special education joint
doctoral program committee, students may make formal application to UCLA and be approved for admission to that campus to complete the program of study.

Planning the Program
Upon admission to the program, students meet with an assigned CSULA adviser to plan their program of studies at the CSULA campus. At the time of transfer to the UCLA campus, a UCLA adviser is assigned to complete the program plan with UCLA course work. Course work is taken at both campuses. Course requirements include the following areas: depth and breadth in core content, research methods, research practicum, and cognate, or outside field of study. Specific courses in each of the required areas are determined by the candidate and the faculty advisers within approved program guidelines. Students’ individual programs are based on the students’ backgrounds and are designed to assure their competencies in the above areas.

The program is planned to provide a comprehensive understanding of the entire field of special education as well as an emphasis area. The program is designed to develop competence in statistics and research; provide an understanding of research relating to individuals with disabilities, strengthen background through study in a cognate area; and provide electives to complete a balanced program of study. The program is not built around specific unit requirements, but will be designed to ensure the candidate’s competencies in the above areas.

Residence Requirements
All doctoral candidates are required to engage in a minimum of one year of full-time residence on the UCLA campus. However, candidates are encouraged to engage in full-time residence throughout their entire doctoral program. The exact distribution of time on each campus will depend upon the individual program. Doctoral candidates must be enrolled in three of every four quarters unless on formal leave of absence.

Candidates are allowed a period of time not to exceed four years from the beginning of course work to advancement to candidacy, and four additional years from advancement to candidacy to completion of the dissertation.

Doctoral Written Qualifying Examination
When the candidate has completed the course work recommended by the resident advisers, application is made for the written qualifying examination. The examination is written and scored by faculty at both campuses and follows the guidelines set forth by the UCLA Graduate School of Education. Students who fail this examination will be given a second opportunity to take the examination at the discretion of the student’s CSULA and UCLA advisers, and a third opportunity upon majority vote of faculty from both campuses. No fourth sitting for the examination is permitted.

Doctoral Oral Qualifying Examination
After the candidate has completed the written qualifying examinations successfully, a joint doctoral committee will be appointed by the deans of the graduate divisions of the two institutions. This committee will be composed of two approved faculty members from the UCLA Graduate School of Education, two from the Cal State L.A. Division of Special Education and Counseling, and one from the student’s cognate area at UCLA. Additional committee members may be appointed at the student’s or adviser’s request. This committee will conduct an oral examination covering topics from both special education and the cognate discipline related to the candidate’s research proposal, to determine the candidate’s qualifications to conduct meaningful research in the field. This oral examination is open only to the committee and the student. Upon majority vote of the joint doctoral committee, the oral qualifying examination may be repeated once.

Advancement to Candidacy
Candidates who have passed both written and oral qualifying examinations file an application for advancement to candidacy at both campuses. Thereafter, enrollment is required each quarter such course or courses as the student’s committee chair may direct, until the dissertation is completed.

Dissertation
The dissertation, required of every candidate for the Ph.D. degree, embodies the results of the candidate’s independent investigation. It must contribute to the body of knowledge in the field and draw upon interrelations between education and the cognate discipline. The dissertation must be approved by the candidate’s assigned joint doctoral committee and, after approval, copies must be filed in the libraries of both institutions. An abstract must be submitted to University Microfilms for publication in Dissertation Abstracts. Candidates should check with the committee chairperson regarding the need for additional copies of the dissertation.

Final Oral Examination
Candidates must pass a final oral examination conducted by the assigned joint doctoral committee stressing the interrelation of the dissertation and existing knowledge in education and in the cognate field. The major emphasis of this examination is on defense of the dissertation. The final oral examination is open to faculty, students, and other interested researchers at the discretion of the dissertation chairperson and the student.

Advisement
A faculty member on each campus is designated as resident doctoral adviser for all students intending to apply for admission to the Joint Doctoral Program. As soon as the decision is made to seek admission, applicants should consult with the joint doctoral program coordinator at the CSULA campus regarding application deadlines and formal procedures required for consideration for admission to the program.

The addresses and telephone numbers for the resident doctoral advisers are as follows:

California State University, Los Angeles
Division of Special Education and Counseling
5151 State University Drive
Los Angeles, California 90032-8144
King Hall C1064
(323) 343-4400

University of California, Los Angeles
Graduate School of Education
405 Hilgard Avenue
Los Angeles, California 90024
(323) 825-8343
### Lower Division

101 Career Decision Making (3)  
Development of decision-making skills applied to college major and career objectives. Graded CR/NC.

200AB Introduction to Rehabilitation Services (3, 3)  
Introduction to the profession of vocational and personal rehabilitation; characteristics of the “helping” process; qualities of “helper” techniques for working with people; exploration of settings that offer services. Field visits to agencies.

### Upper Division Courses

#### 400-level Courses

All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the division and approval of the graduate adviser.

400AB Lifespan Human Development (4,4)  
Theories of human development, including stages of personality, cognitive, career and social development across the lifespan.

403 The Psychosocial Dynamics of Child Maltreatment and Family Violence (4) (also listed as PSY 403)  
Prerequisite: PSY 150. Psychosocial factors in child maltreatment and family violence: developmental considerations, assessment, interventions, legal and ethical issues, research findings, and community resources.

406 Behavioral Counseling and Self-Management (4)  
Prerequisite: PSY 150. Application of principles of learning personal counseling and behavioral self-control programs.

428 Measurement Issues in Counseling (4)  
Prerequisite: EDFN 452 or PSY 302. Principles, procedures, and ethical considerations underlying data collection and interpretation for purposes of client assessment in counseling settings.

442 Medical Factors in Rehabilitation (3)  
Selected facets of medical, developmental, and administrative factors in the rehabilitation process, including medical terminology, specialties in medical practice, and workers’ compensation law. Implications for rehabilitation counseling. Lectures, case discussions, field trip.

445 Developmental Self Exploration (2)  
Personal attitudes, values, communication style, and professional development related to becoming a helping professional. Development of skills in building relationships, resolving conflicts, analyzing and synthesizing feedback from others. Graded CR/NC.

448 Career Counseling for Adults (4)  
Vocational counseling of college students, rehabilitation clients, persons making midcareer changes, and returning homemakers; emphasis on career development theory, occupational information, job analysis, and job placement.

449 Job Development and Work Evaluation (4)  
Prerequisites: COUN 428, 448; instructor consent. Methods for identifying, evaluating, and enhancing employment opportunities for people with physical, emotional, and mental disabilities; job analysis, work evaluation, employer development, job modification, assistive devices, community resources, placement planning, and work adjustment.

450 Counseling Theories (3)  
Prerequisite: All GE requirements. Theories of counseling appropriate for individual and group work; functions of theory in research and practice including substance abuse counseling; background for subsequent training in group counseling methods and individual counseling.

460 Laws Relating to the Child and Family (4)  
Legal and ethical guidelines for counselors, therapists, and child development practitioners; laws related to the family including marriage, divorce, and assessment and reporting of child abuse.

484 Conferences with Parents/Primary Caregivers (4)  
Research-based processes that facilitate student academic, emotional and social growth through parental involvement, including family and study rituals, motivation, self-esteem, assisting with homework, monitoring student progress and school-home community partnerships.

489 Behavior Management Using Reinforcement in Classrooms (4)  
Prerequisite: PSY 150. Constructive approaches to classroom management using individual and group reinforcing contingencies for preschool through high school age students.

490 Problems in Guidance (1–5)  
Prerequisite: Instructor consent. Investigation of unique problems in guidance as announced in Schedule of Classes. May be repeated for credit as subject matter changes.

494 Seminar: Rehabilitation Services (3)  
Prerequisites: COUN 200AB; prerequisites or corequisites: COUN 406, 448, 557. Enhancement and integration of techniques and skills needed for effective functioning in the field. May be repeated to maximum of 6 units.

495 Field Work in Rehabilitation Services (3–9)  
Prerequisites: Admission to Rehabilitation Services major, COUN 200AB, consent of field work supervisor; prerequisites or corequisites: COUN 406, 448; corequisite: COUN 494. Field placement arranged congruent with option area selected. Graded CR/NC.

499 Undergraduate Directed Study (1–4)  
Prerequisites: Instructor consent to act as sponsor and consent of division chair. Project selected in conference with sponsor before registration; progress meetings held regularly; final report submitted. May be repeated for credit.
### Upper Division Courses

**400 Foundations of Special Education (4)**
Legal, historical, and practice-based foundations of special education. Classification systems, characteristics, and individualization of services for students with disabilities and/or gifts and talents. Implications of risk factors for health and development.

**403 Special Education Laboratory (1–5)**
Prerequisite: EDSP 400. Practicum field experience with individuals with exceptional needs in designated areas of special education. Graded CR/NC.

**406 Observation in Orientation and Mobility (1)**
Prerequisite: Instructor consent. Opportunity for firsthand experience and observations in education and rehabilitation programs in orientation and mobility in general education and specialized settings. May be repeated to maximum of 2 units. Graded CR/NC.

**407 Directed Teaching in Special Education (3–12)**
Prerequisites: See Directed Teaching requirements; 12 units of directed teaching in an area of special education other than speech and hearing may be used to satisfy requirement for equivalent amount on teaching credential. Assignments in city and county schools under supervision and guidance of qualified teacher and University supervisor. Graded CR/NC.

**408 Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (4)**
Prerequisite: EDSP 400. Theories and sequences of cognitive, linguistic, and literacy development Impact of disabilities and culture; informal techniques of assessment of communication skills.

**409 Assessment for Individuals with Exceptional Needs in Diverse Educational Settings (4)**
Prerequisite or Corequisite: EDSP 300. Principles, procedures and application of various formal and informal assessment techniques for individuals with exceptional needs in diverse educational settings. Use of assessment data to develop IEPS and select appropriate curriculum.

**409I Assessment Strategies and Curricular Modification for Individuals with Exceptional Needs in Diverse Educational Settings (4)**
Corequisites: EDSP 300. Principles, procedures and application of various formal and informal assessment techniques for individuals with exceptional needs in diverse educational settings. Organize, develop, adapt, implement, and evaluate instruction and curricula.

**413 Student Behavior and Social Interaction Skills: Support for Individuals with Special Needs (4)**
Prerequisites: EDSP 400, 409. Introduction to issues related to facilitation of appropriate behavior and social interaction skills of students with special needs. Principles and application of behavioral support and intervention will be discussed.

**416 Working with Families of Young Handicapped Children (4)**
Prerequisites: EDSP 400, course work in child development. Techniques for teachers and other professionals working with families of young handicapped children in infant and preschool programs.

**420 Implications of Communication Handicaps (4)**
Prerequisite: EDSP 400. Survey of educational, psychological, and vocational implications of communication handicaps; emphasis on impact of auditory impairment.

**430 Sign Language (3)**
Methods of manual communication and relationships to other forms of communication; use of nonoral communication in therapeutic and educational settings.

**431A Laboratory: Sign Language, Beginning (1)**
Intensive sign language practice in the habilitation of prelingually hearing impaired individuals.

**431B Laboratory: Sign Language, Advanced (1)**
Advanced practice in sign language for the habilitation of prelingually hearing impaired individuals.

**440 The Gifted Individual I (4)**
Characteristics, needs, and identification of gifted individuals, with emphasis on early nurture. Problems of personal, educational, and social development of gifted individuals; overview of current and innovative programs.

**441 The Gifted Individual II (4)**
Prerequisite: EDSP 440. Strategies for education of gifted individuals, prekindergarten through grade 12. Methods of assessment; program planning to meet individual needs; evaluation of development. Emphasis on developing higher cognitive skills, including techniques of inquiry, simulation, open structure, and problem solving.

**450 Teaching Students with Mild to Severe Disabilities (4)**
Prerequisite: EDSP 409. Teaching students with mild to severe disabilities in elementary and secondary settings. Focus on language arts, literacy, communication, mathematics, critical thinking and social competence.

**460 Implications of Physical and Health Impairments (4)**
Prerequisite: EDSP 462. Impact of physical and health impairments on psychological and sociological interactions and outcomes; implications for lifespan development, career preparation, and independent living.
462 Survey of Physical and Health Impairments (4)
Prerequisite: EDSP 400. Survey of major physical and health impairments, including neuromotor impairments, degenerative diseases, orthopedic and musculoskeletal disorders, health impairments, and infectious diseases. Effects on development, treatment and educational implications.

463 Augmentative Communication and Adaptive Technology in Special Education (4)
Prerequisites: EDSP 400, 408. Assistive technology available to meet educational needs of individuals with severe disabilities. Emphasis on assessment, design, and implementation of augmentative and alternative communication technologies for persons with severe communication challenges.

464 Assessment and Curricular Adaptations for Individuals with Low Incidence Disabilities (4)
Prerequisite: EDSP 409. Assessment and curricular adaptations for individuals with low incidence disabilities. Modification of academic content areas, the arts, and functional curriculum. Emphasis on curricular adaptations, including low and high assistive technology.

465 Introduction to Vision (3)
Prerequisite or corequisite: EDSP 400 or instructor consent. Anatomy, physiology, and pathology of the eye; principles of optics, low vision devices; components of an eye exam and report; vision screening programs.

465L Functional Low Vision Assessment (1)

466 Literary and Mathematical Braille (5)
Prerequisite or concurrent enrollment: EDSP 400. Fundamentals of specialized communication skills for individuals with visual impairment and blindness, including literary Grade 2 Braille, mathematical Braille, slate and stylus, computer Braille and Braille reading.

469 Psychological, Sociological, and Vocational Implications of Visual Impairment and Blindness (4)
Psychosocial implications of visual impairment and blindness through the life span including family systems, cultural diversity, adjustment, and guidance. Vocational/transition issues in the blindness system and development of professional advocacy.

475 Orientation and Mobility for the Blind (6)
Prerequisite: Approval of instructor. Principles and techniques of orientation and mobility for individuals who are blind. Practical application of techniques during simulated blindfold experiences. Content seminars address foundations and methods of orientation and mobility.

476A Orientation and Mobility Instructional Seminar (5)
Prerequisites: C or better in EDSP 475, instructor consent. Seminar in methods of assessment, planning and instruction in orientation and mobility for diverse learners who are visually impaired; development of concepts and spatial awareness; development and utilization of appropriate instructional materials and resources. (Seminar 1 hour)

476B Clinical Practice in Orientation and Mobility (5)
Prerequisites: C or better in EDSP 475, instructor consent. Prerequisite or corequisite: EDSP 476A. Clinical practicum in methods of assessment, planning and instruction in orientation and mobility for diverse learners with visual impairments; development of concepts and spatial awareness; development/utilization of instructional materials and resources. (Laboratory 12 hours)

489 Demonstration of Instructional Competencies (3–12)
Prerequisite: Approval of division chairperson or designee. Demonstration of competencies related to instructional skills specified for components leading to completion of approved credential, certificate, or degree program requirements. May be repeated for credit with division approval. Graded CR/NC.

490 Problems in Special Education (2–5)
Prerequisite: Instructor consent. Investigation and study of unique problems in special education. Specific subject announced in Schedule of Classes. May be repeated for credit as subject matter changes.

499 Undergraduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Project selected in conference with sponsor before registration; progress meetings held regularly; final report submitted. May be repeated for credit.

Graduate Level Courses (COUN)

All 400-level courses may be applied toward master's degree requirements, subject to limits established by the division and approval of the graduate adviser.

Classified graduate standing is required for admission, except that postbaccalaureate students may enroll in 500-level courses that are required in a credential program.

500AB Theoretical and Developmental Aspects of Behavior (4,4)
Study of psychological, social and cognitive developmental themes in childhood. Emphasis on issues related to counseling and school psychology.

501 Behavior Analysis in School, Home, and Agency Settings (4)
Prerequisite: COUN 406 or 489 or PSY 428. Principles and application of behavioral contingency management procedures.

502 Advanced Behavioral Contingency Management in Schools (4)
Prerequisites: 501, instructor consent. Behavioral research, ethics, and recent developments in applying behavioral procedures to school and consulting relationships.

503 Sociological and Cultural Factors in Counseling (4)
Effect of social environment and cultural group membership on behaviors related to counseling; relationship of social and cultural background to counseling theory and techniques to our changing cultures; implications of crosscultural research for counseling practice.
504 Advanced Topical Study in Application of Behavior Analysis to Education (4)
Prerequisite: COUN 502. In-depth study of particular topics within behavior analysis. May be repeated to maximum of 8 units as subject matter changes.

505 Practicum: Counseling (3)
Corequisites: Admission to a degree or credential program or employment as a counselor. Practical experience preparatory to working with clients, knowledge and skills in listening and helping. Students initiate a professional portfolio and develop a plan for gaining necessary counseling competencies. Graded CR/NC.

506 Individual Counseling Strategies (4)
Prerequisites: COUN 505; instructor consent. Techniques in individual counseling that apply to specific settings or derive from specific theories of counseling.

507 Individual Clinical Counseling (3)
Prerequisites: COUN 428, 557, or 448; 406 or 501; 505; 506; admission to school psychology or school counseling program or instructor/adviser consent; and evidence of current student liability insurance. Supervised individual career and personal counseling through the campus Counseling and Assessment clinic. Students implement theory, develop case management strategies, and develop their own counseling behavior. Lecture 1 hour, clinical field experience 3 hours scheduled plus 3 hours arranged. May be repeated to a maximum of 6 units for credit. Graded CR/NC.

510 Counseling Students in Higher Education (4)
Characteristics and problems of American college students; impact of college life on individual, psychosocial aspects of student culture and college environment as well as cultural differences.

516 Group Counseling (4)
Prerequisites: 406 or 501; 505. Theory and practice of group processes, leadership, membership skills; group skills appropriate to school, college, agency settings; counseling group and guidance group processes; current research in group theory and practice.

517 Group Counseling: Practicum (3)
Prerequisite: COUN 516. Supervised group counseling through campus Counseling and Assessment Clinic or local school or agency. Lecture 1 hour, 6 hours approved clinical experience. May be repeated once for credit. Graded CR/NC.

520 Introduction to Family Evaluation and Counseling (4)
Prerequisites: COUN 506, 507; corequisite: COUN 523. Introduction to major counseling theories and practices for working with relationships in family contexts; focus on methods of initial family assessment and family counseling with individual family members.

521 Advanced Family and Marriage Counseling (4)
Prerequisite: COUN 520; corequisite: COUN 589. Approaches to joint family counseling and marriage counseling within family systems framework.

522 Family Counseling with Children (4)
Prerequisite: COUN 589 or 586. Theory and methods of counseling children in families; includes assessment and study of child’s role in family structure; applications of verbally- and activity-based therapy.

523 Family Counseling Laboratory (3)
Prerequisites: COUN 406 or 501; 507; corequisite: COUN 520. Supervised counseling of couples and families utilizing strategies and techniques of systems theory; practical experience designed to enhance students’ skills as family counselors. Lecture 1 hour, laboratory 3 hours. May be repeated to maximum of 6 units.

529 Principles of Research and Program Evaluation in Counseling (4)
Prerequisite: EDFN 452 or PSY 302. Principles, procedures, and ethical considerations underlying collection, analysis, and interpretation of data for research and evaluation of counseling programs.

531AB Individual Testing and Case Study Techniques (4, 4) (also listed as PSY 531AB)
Prerequisites: COUN 428 plus one of following sequences: PSY 410AB and 438; 410AB and 431; 418AB and 431; or PSY 410A, 428A, and 501. Intensive practice in administration and interpretation of better known testing devices for mental ability, perceptual and motor functioning, and personality dynamics, with attention to integration of results in case studies. Lecture 3 hours, laboratory 3 hours.

532 Diagnosis of Learning Problems and Remedial Procedures (4)
Prerequisite: COUN 531B. Methods used by classroom teachers and school specialists in diagnosis and remediation of learning disabilities.

533 Psychological Testing Applied to Mentally, Physically Atypical (4)
Prerequisite: COUN 531B. Selection, administration, and interpretation of tests used for appraising the atypical individual. Lecture 3 hours, laboratory 3 hours.

534 Methods of Personality Assessment (4) (also listed as PSY 534)
Prerequisite: COUN 531AB. Study and evaluation of current personality tests, objective and projective. Administration, scoring, interpretation, and reporting of results; findings of empirical research. Lecture 3 hours, laboratory 3 hours.

535 Alternative Assessment (3)
Prerequisite: COUN 531A. Selection, educational implications, and use of alternative assessment techniques and findings; implications for least restrictive placement.

536 Practicum: School-Based Consultation (3)
Prerequisites: COUN 501, COUN 505. Conceptual basis for school-based consultation including knowledge about preventive approaches applicable for use in school settings. Students will initiate and carry out a consultation role with assigned teachers.

537 Practicum: School Psychology (1-3)
Prerequisites: Admission to the School Psychology Program; Certificate of Clearance; Approved School Site; Consent of instructor. Supervised school-based activities providing direct and indirect pupil services. Meets California Commission on Teacher Credentialing standards for School Psychology. May be repeated for up to 6 units. Graded CR/NC.

538 Seminar: Methods of Diagnostic Assessment in Counseling (4)
Prerequisites: COUN 428, 506; PSY 410A or B. Use of statistical and clinical methods as bases for diagnostic appraisal in counseling; emphasis on individual case reports. Includes utilization of current versions of professionally mandated resources like the APA Diagnostic and Statistical Manual (DSM).
540AB Foundations of Rehabilitation (4, 4)
Prerequisite: Admission to graduate rehabilitation option. Introduction to rehabilitation counseling profession, including study of roles and functions of rehabilitation counselors, case management, and impact of disability on individual's psychological, physical, and social life. Participation in field observation required.

542AB Medical Aspects of Disability (3, 3)
Review of literature and research implications for rehabilitative counseling of major physical and psychiatric conditions leading to disablement; etiology, therapy, and prognosis of rehabilitation.

552 Counseling and Human Sexuality (4)
Prerequisites: COUN 450 or 506 or 516 or 520; corequisite: SOC 421. Latest developments in theory and research in area of human sexuality as these pertain to role of counselor.

557 Career Education and Guidance in Schools (4)
Career education and guidance covering elementary through high school years. Use of activities, theory, and information in the construction of career education programs.

581 Seminar: Leadership in Pupil Personnel Services (4)
Organization, administration, and evaluation of comprehensive, competency-based pupil personnel programs in Public K-12 schools or Community Colleges. Program development and implementation; collaboration with school administration, other helping professionals and community; child welfare and attendance procedures and laws related to minors.

585 Seminar: School Psychology (4)
Prerequisite: Instructor consent; corequisite: COUN 586P. History and foundations of school psychology. Legal, ethical and professional issues and standards. Roles and functions of the school psychologist.

586 Supervised Field Experience in Pupil Personnel Services (2–10)
Prerequisite: Admission by application filed with division by fifth week of preceding quarter and approved by adviser and division chair/associate chair. Supervised field experience in school counseling, school psychology or child welfare and attendance involving work with pupils, school personnel parents, community agencies. Graded CR/NC. May be repeated to maximum of 30 units. One unit of credit equals fifty (50) hours of supervised filed experience. Candidates for Services credential with Pupil Personnel Services specialization enroll in an appropriate field experience as follows:

586P School Psychology
586S School Counseling
586W Child Welfare and Attendance

587 Seminar: Higher Education Counseling (4)
Prerequisites: Advancement to candidacy in Higher Education Counseling option and instructor consent. Examination and investigation of critical issues in higher education counseling. Seminar reports required.

588 Supervised Practice in Rehabilitation Counseling (3–10)
Prerequisites: COUN 505, instructor consent, application filed with division by fifth week of preceding quarter. Supervised professional experience. One unit requires 40 hours of practice. Graded CR/NC. May be repeated to maximum of 15 units.

588C Supervised Practice in Rehabilitation/Career Counseling (3-5)
Prerequisites: COUN 505, instructor consent, application filed with division by fifth week of preceding quarter. Supervised professional experience. One unit requires 40 hours of practice. Graded CR/NC. May be repeated to maximum of 15 units.

589 Site Practicum in Marriage, Family, and Child Counseling (2–10)
Prerequisites: COUN 505, 520, 517 or 523; corequisite: COUN 521; admission by application filed with division by fifth week of preceding quarter. Supervised counseling involving work with individuals, children, couples, and families. Graded CR/NC. May be repeated to maximum of 30 units.

590 Special Topics in Counselor Education (1–4)
Prerequisite: Consent of division chair. Intensive study of designated problems in counselor education. May be repeated for credit as subject matter changes.

591 Supervised Field Experience in Applied Behavior Analysis (3)
Prerequisites: COUN 593, application filed with division by fifth week of preceding quarter. Supervised professional experience; one unit requires 40 hours of practice. Graded CR/NC only. May be repeated to maximum of 6 units.

592 Behavior Interventions for Severe Behavior Problems (4)
Prerequisites: COUN 501; recommended prerequisite: COUN 502. Biological, psychological and developmental factors affecting severe behavior problems. Emphasis is on conducting functional analysis assessments and on programs for specific severe behavior problems.

593 Practicum: Staff Development and Consultation (3)
Prerequisites: COUN 502, 586S. Practical experience consulting with parents and teachers regarding behavior management problems and assisting school personnel in providing in-service training. Lecture 1 hour, clinical field experience 3 hours scheduled plus 3 hours arranged. May be repeated to a maximum of 6 units for credit. Graded CR/NC.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the Masters Degree section of this chapter.

597 Graduate Research (1–4)
Prerequisites: COUN 529, instructor consent to act as sponsor, division approval of project prior to registration. Independent research under guidance of faculty. May be repeated for credit. Graded CR/NC.

598 Graduate Directed Study (1–4)
Prerequisites: A B (3.0) grade point average in all graduate work in education, consent of division chair and of instructor to act as sponsor. Independent directed study of advanced topics in field; regular conferences with sponsor. May be repeated for credit.

599A, Thesis or Project Planning (3)
Prerequisites: EDFN 452 and 500, or EDFN 553, or COUN 529, advancement to candidacy, written approval of thesis chair. Prior to completion, students will have completed draft of thesis or project proposal, selected a thesis committee, and submitted draft of thesis or project proposal to thesis committee. Graded CR/NC.
Graduate Level Courses (EDSP)

All 400-level courses may be applied toward master’s degree requirements except the following, subject to limits established by the division and approval of the graduate adviser: EDSP 403, 407, 489. Classified graduate standing is required for admission, except that postbaccalaureate students may enroll in 500-level courses that are required in a credential program.

500 Research Methods in Special Education (4)
Prerequisite: EDSP 400. Study of research relating to psychological and educational problems of exceptional children, introduction to methodological problems in developing, conducting, and reporting research in special education.

501 Problems and Practices in Special Education (4)
Prerequisite: EDSP 400. Problems of organization, administration, and supervision of special education programs; evaluation of recent proposed needed legislation; review of current literature for advanced students and administrators.

502 Educational Measurements in Special Education (4)
Prerequisites: EDSP 400, 409, basic courses in student’s special field. Interpretation and use of test and other measurements for study of the exceptional child. May not be substituted for the credential requirement of administration of individual psychological tests.

503 Field Work in Special Education (3–6)
Prerequisite: Consent of division chair. Supervised field training in problems relating to instruction, supervision, administration, evaluation, and guidance of exceptional individuals. Special assignments in schools, diagnostic centers, rehabilitation centers or community agencies. May be repeated to maximum of 9 units.

504 Selected Studies in Special Education (3–5)
Prerequisite: EDSP 400. Intensive study of designated problems in special education. May be repeated for credit as subject matter changes.

508 Technology Applications in Special Education (4)
Prerequisites: EDSP 430 and admissions to Level II Credential program or Masters program. Students need to be proficient in and have access to current technology and Internet. Advance online, web-based seminar in integration of various technologies into curriculum of students with exceptionalities. Examination of relevant research and development of authentic application projects.

509 Advanced Methods and Models for Teaching Special Populations in General Education (4)
Prerequisite: EDSP 400 or equivalent. Advanced methodology and models designed to make possible the social and academic inclusion of students identified with disabilities or as gifted/talented in the general education classroom.

511 Seminar: Issues and Strategies for Multicultural Special Education Students (4)
Prerequisites: EDSP 408 or COMD 455. Special education for multicultural/bilingual exceptional students, issues in nondiscriminatory assessment, instructional strategies for multicultural/bilingual special education students.

512 Building Partnerships in Special Education (2)
Prerequisite: EDSP 400. Theory and methods of communication and collaboration with students, families, school and community personnel. Role of culture in communication, collaboration. Issues and concerns related to building partnerships.

514 Assessment of Infants and Young Children with Special Needs (4)
Prerequisites: EDSP 408, 416. Assessment and educational planning for infants and young children at risk and those with disabilities, including standardized, team-based, authentic, and play-based approaches.

515 Planning Programs for Exceptional Infants and Young Children (4)
Prerequisites: EDSP 415, 416, 514. A study of research and issues related to assessment, planning, and implementation (intervention) of services for at-risk and exceptional infants and young children.

516 Medical and Behavioral Characteristics of Young Infants with Special Needs (4)
Characteristics of the high-risk infant in the Neonatal Intensive Care Unit and after hospital discharge; characteristics of infants with identified disabilities; assessment and intervention strategies.

517 Advanced Issues in Early Childhood Special Education (4)
Prerequisites: EDSP 514, 515, 516. Current research and practices related to program development, intervention methods and parent-professional relationships in early childhood special education.

540 Affective Development of Exceptional Individuals (4)
Prerequisite: EDSP 400. Relationship of affective factors, e.g., receiving, responding, valuing, self-concept of learner and teacher, to cognitive growth of exceptional individual. Emphasis on affective area applicable to all exceptionalities, as approached through current research related to exceptional individuals.

541 Advanced Studies in Gifted Education (4)
Prerequisite: EDSP 441. Exploration of issues, research trends, and current practices for gifted individuals in educational programs.

551 Teaching Students with Moderate to Severe Disabilities (4)
Prerequisite: EDSP 450. Methods for teaching students access to the core curriculum as well as personal care, mobility, functional academics, and transition skills.
552 Teaching Students with Reading and Writing Disabilities I (4 units)
Prerequisite: EDEL 415 EDSP 409. Methods for assessment and instruction in literacy for students with reading and writing disabilities. Includes development of basic reading, writing, language skills in grades K-12 and across service delivery settings.

553 Teaching Students with Reading and Writing Disabilities II (4 units)
Prerequisite: EDSP 552. Methods related to the education of students with mild/moderate disabilities including optimizing access to core curriculum and developing advanced literacy skills.

554 Educating Individuals with Emotional/Behavioral Disorders (4)
Prerequisites: EDSP 450 or instructor consent. Etiology, characteristics, instructional impact, and support of students with emotional/behavioral disorders (EBD). Emphasis is placed on issues of identification, assessment, educational planning, and positive behavioral support.

555 Advanced Methods in Mild/Moderate Disabilities (4)
Prerequisites: EDSP 553 or permission of instructor. Advanced methods for identification and instruction of individuals with mild to moderate disabilities, including specific learning disabilities, mental retardation, and behavior disorders; current issues, emerging trends, transition to adulthood.

556 Research in Mild/Moderate Disabilities (4)
Prerequisite: EDSP 555. Intensive investigation of several research bases concerning topics relevant to the education of mild to moderate disabilities.

560 Seminar: Education of Individuals with Physical Disabilities (4)
Prerequisite: EDSP 462. Identification and analysis of problems and current issues relating to the education of individuals with physical disabilities and those with multiple disabilities; review of research on specific disabilities.

565 Advanced Problems in Education of Visually Handicapped (4)
Prerequisite: Completion of requirements for credential for teaching visually impaired. (May be taken concurrently with EDSP 407.) Identification and analysis of problems and current issues relating to education of visually impaired; review of recent research specifically related to visual impairment and its application to educational practice.
NOTE: This course will be offered through a distance learning model that uses Web-based learning, students must be proficient in, and have access to current technology (hardware and software). They must be proficient in using e-mail and sending attachments.

567 Academic Skills for Individuals with Visual Impairment and Blindness (4)
Prerequisites or concurrent enrollment: EDSP 409, 466. Assessments, methods, and strategies related to the teaching of academic skills to individuals with visual impairment and blindness. Specialized curriculum, adaptive materials, aids, and media. Braille reading and writing proficiency.

568 Functional Skills for Exceptional Individuals (4)
Prerequisites or corequisite: EDSP 409, 567 or approval of instructor. Assessment, intervention, and issues related to individuals with visual impairment and additional disabilities including orientation and mobility basics.

569 Specialized Technology for Individuals with Visual Impairments (4 units)
Prerequisite: EDSP 508 or equivalent. Hands-on instructional training and applied practicum in adaptive technology specific to individuals with visual impairments, including electronic notetakers, tactile graphics, computer-generated Braille translation, and computer screen programs.

570AB Low Incidence Early Childhood Special Education (2-2 units)
Pre- or corequisite: EDSP 408 or course equivalent. Early intervention procedures and strategies for working with infants, toddlers, and young children with low incidence disabilities (deaf and hard-of-hearing, visual impairment, and physical and health impairments) and multiple disabilities.

575A Advanced Seminar in Orientation and Mobility (1)
Prerequisite: C or better in EDSP 475, instructor consent. Advanced seminar in orientation and mobility issues, systems and processes (Seminar 1 hour). This course may be offered using a combination of web-based and field-based learning.

575B Advanced Clinical Practice in Orientation and Mobility (4)
Prerequisite: EDSP 476A&B, instructor consent. Prerequisite or corequisite: EDSP 575A. Advanced clinical training in orientation and mobility processes and application of methods, materials, and individualized instructional units in meeting the needs of individuals who are blind and visually impaired. (Laboratory 12 hours)

576A Orientation and Mobility: Seminar in Multiple Disabilities (2)
Prerequisites: EDSP 476A&B, instructor consent. Seminar strategies for teaching orientation and mobility to visually impaired individuals with multiple disabilities. Seminar emphasizes the modification of typical instructional strategies and techniques, and use of adaptive devices. (Seminar 2 hours)

576B Clinical Practice in Orientation and Mobility: Emphasis Multiple Disabilities (2)
Prerequisites: EDSP 476 A&B, instructor consent. Prerequisite or corequisite: EDSP 576A. Clinical practice in teaching orientation and mobility to visually impaired individuals with multiple disabilities, emphasizing modification of typical instructional strategies and techniques, and use of adaptive devices. Field practicum 6 hours. (Laboratory 4-6 hours)

579 Assessment in Transition Planning (4)
Prerequisite: Permission of instructor. Review Of assessment strategies for transition planning for students with disabilities. Formal/informal assessments will be presented for gaining knowledge and competencies in conducting assessments with multicultural/multilingual understanding.

580 Biomedical Aspects of Mental Retardation (4)
Prerequisite: PSY 406. Etiological and developmental aspects of mental retardation from biological and medical points of view.

581 Transition Planning for Secondary Students with Disabilities (4)
Principles and issues of transition planning for secondary – level students with disabilities in postsecondary education, employment (including supportive employment/entrepreneur) independent living, leisure/recreation, and community living; needs assessment in curriculum; instructional strategies; collaboration among family and professionals.
582 Advanced Issues in the Education of Students with Moderate to Severe Disabilities (4)
Prerequisite: EDSP 551. Issues and research relevant to current practices in education of students with moderate to severe disabilities.

583 Advanced Issues and Research in Inclusive Education (4)
Prerequisites: EDSP 450. Issues and research relevant to current practices in inclusive educational practices.

584 Advanced Issues and Research in Transition (4)
Prerequisites: EDSP 400. Issues and research relevant to current practices in transition services of individuals with disabilities.

585 Organization and Administration of Special Education Programs (4)
Prerequisite: Consent of division of Special Education and Counseling. Planning and financing special education programs. Organization of local, state, federal, and private agencies related to education of exceptional children.

586 Educating Students with Autism (4)

587 Teaching Functional Communication (4)
Prerequisite: EDSP 413. Methods for assessing communication needs of students with severe cognitive disabilities. Approaches for teaching communication skills using verbal and augmentative strategies.

595A Seminar: Development of Induction Plan (2)
Prerequisite: EDSP 595A, completion of individualized induction plan. Development of induction plan by candidate, university supervisor, and district support provider. Satisfactory completion leads to Level II Specialist Credential in Special Education. Graded CR/NC.

595B Seminar: Assessment of Induction Plan (2)
Prerequisite: EDSP 595A, completion of individualized induction plan. Final assessment of Induction Plan and Level II competencies conducted by candidate, university supervisor, and district support provider. Satisfactory completion leads to Level II Specialist Credential in Special Education. Graded CR/NC.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the (Masters) Degree section of this chapter.

597 Graduate Research (1–4)
Prerequisites: EDFN 500 or instructor consent to act as sponsor, division approval of project prior to registration. Independent research under guidance of faculty. May be repeated for credit. Graded CR/NC.

598 Graduate Directed Study (1–4)
Prerequisites: A B (3.0) grade point average in all graduate work in education, consent of division chair and instructor to act as sponsor. Independent directed study of advanced topics in field; regular conferences with sponsor. May be repeated for credit.

599A Thesis or Project Planning (3)
Prerequisites: EDFN 452 and 500 or EDFN 500, advancement to candidacy, written approval of thesis chair. Prior to completion, students will have completed draft of thesis or project proposal, selected a thesis committee, and submitted a draft of thesis or project proposal to thesis committee. Graded CR/NC.

599B Thesis or Project (2)
Prerequisites: EDSP 599A, written approval of thesis committee chair. Prior to completion, students will have submitted a final draft of thesis or project proposal to thesis committee. Graded CR/NC.

599C Thesis or Project (2)
Prerequisites: EDSP 599, written approval of thesis committee chair. Completion of thesis or project under direct supervision of thesis committee. Graded CR/NC.

Doctoral Courses in Higher Education (EDHI)

600 Seminar: Research in Special Education (4)
Prerequisite: Post-master’s degree standing or permission of instructor, adviser, and division chair. Research in special education; development of skills for analysis and synthesis of research in special education, critical analysis of research in special education, and development of professional writing style.

602 Practicum: Program Development and Evaluation (1–3)
Prerequisite: Post-master’s degree standing. Development of proposals and grant applications for submission to federal, state, and private agencies for research, training, and public school program funding. May be repeated for credit.

604 Legal and Policy Issues in Special Education (4)
Prerequisite: Post-master’s degree standing or permission of instructor, adviser, and division chair. Current legal, policy, and leadership issues at an advanced level in special education. Review of important laws, court cases, policy documents, and legal procedures.

610 Research, Issues, and Practices in College and University Teaching (4)
Prerequisite: Post-master’s degree standing. Current research, issues, and practices in college and university teaching; instructional planning and preparation; student and program evaluation; noninstructional responsibilities of faculty.

611 Seminar: Supervision in College and University Teaching (4)
Prerequisite: Post-master’s degree standing. Review of research and practices in higher education supervision of students; discussion of college/university student field and laboratory teaching assignments and evaluation.

612 Program Proposal, Development, and Evaluation in Higher Education (4)
Prerequisite: Post-master’s degree standing. Procedures for needs assessment, development, evaluation of special programs/projects; development of proposals and grant applications.
615 Research Seminar in Early Childhood Special Education (4)
Prerequisite: Post-master's degree standing. Research seminar about early childhood special education issues including emphasis on current research, theory and practice; research and evaluation of program models; intervention methods.

620 Seminar: Low Incidence Disabilities (4)
Prerequisite: Permission of instructor, adviser, and division chair. Theories and research related to infants, toddlers, children and youth with low incidence disabilities including deafness, visual impairments, and severe physical impairments.

640 Research in Education of Gifted (4)
Prerequisites: EDSP 400, 440. Intensive study of current research about gifted, talented, and creative; factors in intellectual development; experimental school programs.

650 Research Seminar: Adolescents and Adults with Disabilities (4)
Prerequisite: Post-master's degree standing or permission of instructor, adviser, and division chair. Adolescents and adults with disabilities; review of major transition models, methods, materials, and resources; need for transition services; conceptualization and development of transition model/programs.

660 Seminar: Learning Disabilities and Behavior Disorders (4)
Prerequisites: Post-master's degree standing or permission of instructor, adviser, and division chair. Research, theory, and policy related to educating individuals with learning disabilities or behavior disorders; issue related to identification, placement, and intervention.

680 Seminar: Moderate to Severe Disabilities (4)
Prerequisite: Post-master's degree standing or permission of instructor, adviser and division chair. Medical research, public policy, social adjustment and integration research, program development, evaluation, design, and other current issues.

698 Graduate Directed Study (1–8)
Prerequisite: Consent of an instructor to act as sponsor. Independent directed study of advanced topics in field; regular conferences with sponsor. May be repeated for credit.

699 Doctoral Dissertation (4–8)
Prerequisites: Advancement to candidacy for Ph.D. degree, consent of an instructor to act as sponsor, division approval of topic prior to registration. Continuous enrollment required while student is working on dissertation.
The Department of Technology offers four undergraduate programs in areas designed to prepare students for management-oriented careers in aviation, fire safety and prevention, graphic communications, industrial/production technology and one undergraduate program to prepare technology education teachers. Graduates of these programs are employed in a wide range of careers including supervisors, managers, management representatives, trainers, technical support specialists, analysts, planners, and teachers. The department also offers several upper division certificate programs to provide further technical depth.

The Faculty

Associate Professors: Jai Hong.

Undergraduate Programs

Bachelor of Arts Degree in Industrial Arts

A total of 186 units is required for the Bachelor of Arts degree in Industrial Arts. The program is designed primarily for students who plan to become Technology Education teachers. Refer to the Charter College of Education section of the Undergraduate Studies: General Information chapter of this catalog for regulations governing all teaching credential programs.

The total number of units required for the Bachelor of Arts degree in Industrial Arts is 186 units, of which 84 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (84 units)

Required for the major are 84 units of professional and technical courses in technology.

The professional component requires 27 units and the technical program requires 57 units, distributed as follows: foundation courses, 24 units; area of concentration, 21–27 units; and additional specialization, 6–12 units.

Professional Courses (27 units)

Area of Concentration (21–27 units)

Select a total of 21–27 units of intermediate and advanced courses and laboratory work from one of the following areas:

- Power, Energy and Transportation
- Design
- Electronics Technology
- Graphic Communications
- Manufacturing Technology
- Technology

When needed, select additional related courses with adviser approval. As a rule, one or two of these courses will be lower division (3 or 6 units) and the remainder upper division (15–24 units).

Additional Specialization (6–12 units)

The remaining units needed to satisfy the technical requirement are used to strengthen the area of concentration or to develop a second area of concentration. Add the following courses to the designated areas of specialization.
Power, Energy and Transportation
TECH 361 Welding Technology (3)
TECH 463 Metal Machining I (3)

Design
TECH 271 Wood Construction Technology (3)
TECH 464 Metal Machining II (3)

Electronics Technology
TECH 415 Electromechanical Drafting and Design (3)

TECH 411 Tool Design (3)
TECH 312 Technical Illustration (3)
TECH 234 Photo Offset Lithography (3)
TECH 311 Architectural Drafting (3)

Bachelor of Science Degree in Aviation Administration

The Bachelor of Science in Aviation Administration requires a total of 180 units including 21 semester units (32 quarter units) of community college work for students who have completed a two-year community college program in airframe and power plant maintenance, air traffic control, air transportation, commercial pilot, travel management, or similar aviation-oriented program.

The lower division program is completed at the community college or other four-year institutions. Students who have not completed lower division general education requirements at the time of entrance to Cal. State L.A. must fulfill these remaining requirements in addition to upper division general education and major requirements. Transfer students must also complete prerequisites to required upper division courses in accounting, economics and finance.

The total number of units required for the Bachelor of Science degree in Aviation Administration is 180 units, of which 104 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Required Courses (56 units)
TECH 341 General Aviation Operations and Administration (4)
TECH 342 Airline Administration (4)
TECH 343 Airport Administration (4)
TECH 344 Aviation Law (4)
TECH 345 Air Cargo (4)
TECH 400 Written Communication Skills (4)
TECH 440 Safety Factors in Aviation (4)
TECH 447 Senior Seminar - Aviation Problems (4)
CIS 100 Business Computer Systems (4)
ACCT 300 Managerial Accounting (4)
MKT 304 Principles of Marketing (4)
FIN 303 Business Finance (4)
ECON 310 Managerial Economics (4)
GEOG 457 Transportation Geography (4)

Technical Electives (8 units)
Select a minimum of 2 classes of 300 or 400 level courses with prior advisor approval.
TECH 340 Airline Operations(4)
TECH 346 National Airspace System and Air Traffic Control (4)
TECH 441 Aviation Sales (4)
TECH 442 Airport Planning (4)
TECH 443 Air Transportation (4)
TECH 444 Airline Equipment and Personnel (4)
TECH 445 Quality Control and Inspection in Aviation (4)
TECH 446 Airport Fiscal Administration (4)
TECH 448 Case Studies in Airline Finance (4)

Options, Concentrations or Special Emphasis
Select as an option 2 classes from one of the following categories: administration, computer application technology, criminal justice, and public administration.

Administration Elective
FIN 305 Legal and Regulatory Environment of Business (4)
FIN 338 Real Estate Principles (4)
FIN 339 Real Estate Practice (4)
MGMT 306 Production and Operations Management (4)
MGMT 307 Management and Organizational Behavior (4)
MGMT 485 Project Management (4)
MKT 352 World Air Transportation (4)
MKT 452 Physical Distribution Management (4)
MKT 455 Pro-seminar: International Transportation (4)

Computer Application Technology Elective
CIS 283 Introduction to Application Programming (4)
CIS 301 Management Information Systems (4)
CIS 484 Communications Systems (4)
GEOG 268 Computer and Internet Applications in Geography (4)
GEOG 269 Introduction to Geographic Information Systems (4)
TECH 110 Introduction to Drafting (4)

Criminal Justice Elective
CRIM 126 Concepts of Criminal Law (4)
CRIM 303 Theories and Perspectives in Criminal Justice (4)
CRIM 365 Personal Identification Systems (4)
CRIM 405 Ethics and Professional Responsibility (4)
CRIM 406 Comparative Justice Systems (4)
CRIM 409 Forensic Science (4)

Public Administration Elective
POLS 403 State and Local Government (4)
POLS 460 Foundations of Public Administration (4)
POLS 461 Dynamics of Urban Administration (4)
POLS 463 Public Personnel Administration (4)
POLS 466 Public Financial Administration (4)
POLS 472 Organization and Management (4)

Bachelor of Science Degree in Fire Protection Administration and Technology

The Bachelor of Science degree in Fire Protection Administration and Technology was designed to meet the needs of various fire services for educational experiences that provide both technical and administrative skills. The curriculum was developed through close consultation with representatives of all levels of the fire services from local groups to state committees and boards.

Required for the degree are 180 quarter units, including applicable lower division preparation at a community college. The major requires a total of 100–108 quarter units. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.
**Required Community College Preparation**

A minimum of 15 semester units (23 quarter units) of community college courses is required, as follows (semester units shown):

- Building Construction for Fire Protection (3)
- Fire Company Organization and Management (3)
- Fire Behavior and Control (3)
- Fire Protection Equipment and Systems (3)
- Fundamentals of Fire Prevention (3)

A maximum of 6 semester units (9 quarter units) of community college coursework may be used as lower division electives. Select from the following (semester units shown):

- Fire Apparatus and Equipment (3)
- Fire Hydraulics (3)
- Fire Investigation I (3)
- Fire Service Communications Systems (3)
- Fire Service Records and Reports (3)
- Hazardous Materials I and II (3 each)
- Related Codes and Ordinances (3)
- Rescue Practices (3)
- Wildland Fire Control (3)

**Requirements for the major (100-108 quarter units)**

A total of 15–21 semester units (22–32 quarter units) of community college courses may be included in the major program.

The remainder of the major is primarily upper division work, with 68–86 quarter units required beyond the community college preparation. Of these units, a maximum of 12 may be taken in lower division courses.

**Required Courses (52 units)**

- BUS 305 Business Communications (4)
- POLS 403 State and Local Government (4)
- POLS/SOC 415 Political Sociology (4)
- POLS 460 Foundations of Public Administration (4)
- POLS 463 Public Personnel Administration (4)
- POLS 466 Public Financial Administration (4)
- TECH 350 Fire Protection and the Community (4)
- TECH 351AB Fire Defense Planning (4, 4)
- TECH 352AB Fire Protection Aspects of Building Design (4, 4)
- TECH 353 Fire Disaster Administration (4)
- TECH 452 Fire Prevention Administration (4)

**Electives (16–34 units)**

Select from following with adviser approval and attention to prerequisites.

- Select 8–10 units from following:
  - ENGR 300
  - POLS 281 or SOC 210AB
  - POLS 461, 472, 496

- Select 8 units from following:
  - POLS 404
  - SOC 201, 202, 420
  - TECH 355

- Select 0–16 units from following:
  - TECH 451, 453AB

**Bachelor of Science Degree in Graphic Communications**

The Bachelor of Science in Graphic Communications is designed to provide technical management opportunities for students who have an interest in a career in graphic communications or those employed in the digital media and print industry. It was developed in response to needs identified by this industry and in cooperation with the area community colleges offering two-year graphic communications/printing programs.

The total number of units required for the Bachelor of Science degree in Graphic Communications is 180 units, of which 104 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

**Admission to the Program**

All students must meet the admission requirements of the California State University, Los Angeles. Generally, if a student were in good standing at the last college attended, he/she may be admitted as an undergraduate transfer student.

**Requirements for the Program (104 units)**

A total of 104 units are required with 60 quarter units of required courses, 36 quarter units of technical elective courses in graphic communications, and eight quarter units in emphases.

**Required Courses (60 units)**

- TECH 101 Industrial Safety for Technology (3)
- TECH 130 Introduction To Graphic Communications (3)
- TECH 150 Introduction To Higher Education in Technology (2)
- TECH 231 Imposition and Electronic Image Assembly (3)
- TECH 232 Electronic Prepress Systems (3)
- TECH 233 Presswork Procedures (3)
- TECH 234 Photo Offset Lithography (3)
- ACCT 200A Principles of Accounting (4)
- ACCT 200B Principles of Accounting (4)
- ECON 201 Principles of Economics (4)
- ECON 202 Principles of Economics (4)
- FIN 205 Legal and Regulatory Environment of Business I (4)
- CIS 283 Introduction to Application Programming with Java (4)
- CIS 100 Business Computer Systems (4)
- CIS 301 Management Information Systems (4)
- ACCT 300 Managerial Accounting (4)
- TECH 400 Written Communication Skills for Industrial Technology (4)

**Technical Electives (36 units)**

Select 36 units of courses with prior adviser approval.

- TECH 330 Graphic Communications Processes and Materials (3)
- TECH 332 Typography (3)
- TECH 432 Typographical Layout and Design (3)
- TECH 433A Printing Estimating (3)
- TECH 433B Computer Aided Printing Estimating and Job Costing (3)
- TECH 434A Graphic Communications Production Management I (3)
- TECH 434B Graphic Communications Production Management II (3)
Bachelor of Science
Degree in Industrial Technology
The Bachelor of Science degree in Industrial Technology is available with a Production Technology option.

The total number of units required for the Bachelor of Science degree in Industrial Technology, Production Technology Option is 192 units, of which 107-109 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Production Technology Option
The Production Technology option was created to provide technical management personnel for industry. The curriculum combines design, manufacturing, and service courses with leadership and business courses. This program was developed in close cooperation with the various local industries that employ large numbers of these professionals.

Requirements for the Major (107-109 units)
The Bachelor of Science degree in Industrial Technology with the Production Technology option requires a total of 192 units, including 107-109 units in the major: 70-74 in technical courses and 33-40 in related courses in mathematics, natural sciences, and the College of Business and Economics.

Required Prerequisite Courses (8 units)
MATH 102 College Algebra (4)
PHYS 156 Physics for the 21st Century (4)

Options. Concentrations or Special Emphasis (8 units)
Select two courses from one of the following categories: management, marketing and sales, or digital imaging and document management.

Management Elective:
ECON 303 Money, Banking, and the Economy (4)
FIN 303 Business Finance (4)
FIN 305 Legal and Regulatory Environment of Business II (4)
MGMT 460 Case Studies in Business Management (4)
MGMT 468 Small Business Management (4)

Marketing and Sales Elective:
MKT 304 Principles of Marketing (4)
MKT 341 Salesmanship (4)
MKT 346 Marketing of Services (4)
MKT 442 Marketing Management (4)
MKT 448 Mail Order/Direct Response Marketing (4)

Digital Imaging and Document Management Elective:
CIS 410 Hardware and Software Architecture (4)
CIS 405A Analysis and Logical Design I: Data Base (4)
CIS 484 Communications Systems (4)

These required courses or their equivalents must be taken as part of the General Education Program and are not counted in the units to take for the major.

Required Professional Core (30 units)
TECH 101 Industrial Safety for Industrial Education (3)
TECH 200 History of Technology (3)
TECH 291 Computers in Technology (3)
TECH 380 Communication Technology (3)
TECH 381 Materials, Process, and Fabrication Technology (3)
TECH 382 Power Technology (3)
TECH 400 Written Communication Skills for Industrial Technology (4)
TECH 481 Practicum in Industrial Technology (4)
TECH 489 Industrial Training Methods (4)

Other Required Courses (23-25 Units)
CS 190 BASIC Programming (2)
(or any programming language course of 2–4 units)
CHEM 151 Fundamentals of Chemistry I (5)
TECH 414 Robotics in Industry (2)
TECH 482 Metrics for Industry (3)
TECH 484 Automated Manufacturing Systems (4)
TECH 488 Fluid Power (3)
TECH 398 Cooperative Education (4)

Required Technical Core (12 units)
Select 12 units from following:
TECH 100 Introduction to Automotive Mechanisms (3)
TECH 110 Introduction to Drafting (3)
TECH 120 DC Electronics (3)
TECH 130 Introduction to Graphic Communications (3)
TECH 144 Introduction to Industrial Design (3)
TECH 160 Introduction to Metalworking (3)
TECH 170 Introduction to Wood Technology (3)
ART 287 Introduction to Photography (3)

Advanced Technology Courses (12-16 Units)
Select 12–16 units with adviser’s approval from following with attention to prerequisites: *

* If 12 units are taken in this section, then must take 8 units from the Management Electives section. If 16 units are taken, then only 4 units are needed from the Management Electives section. Total of both sections to equal a minimum of 20 units.

### Bachelor of Science
### Degree in Industrial Technology
The Bachelor of Science degree in Industrial Technology is available with a Production Technology option.

The total number of units required for the Bachelor of Science degree in Industrial Technology, Production Technology Option is 192 units, of which 107-109 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

#### Production Technology Option
The Production Technology option was created to provide technical management personnel for industry. The curriculum combines design, manufacturing, and service courses with leadership and business courses. This program was developed in close cooperation with the various local industries that employ large numbers of these professionals.

#### Requirements for the Major (107-109 units)
The Bachelor of Science degree in Industrial Technology with the Production Technology option requires a total of 192 units, including 107-109 units in the major: 70-74 in technical courses and 33-40 in related courses in mathematics, natural sciences, and the College of Business and Economics.

#### Required Prerequisite Courses (8 units)
- **MATH 102 College Algebra (4)**
- **PHYS 156 Physics for the 21st Century (4)**

#### Options. Concentrations or Special Emphasis (8 units)
Select two courses from one of the following categories: management, marketing and sales, or digital imaging and document management.

- **Management Elective:**
  - **ECON 303 Money, Banking, and the Economy (4)**
  - **FIN 303 Business Finance (4)**
  - **FIN 305 Legal and Regulatory Environment of Business II (4)**
  - **MGMT 460 Case Studies in Business Management (4)**
  - **MGMT 468 Small Business Management (4)**

- **Marketing and Sales Elective:**
  - **MKT 304 Principles of Marketing (4)**
  - **MKT 341 Salesmanship (4)**
  - **MKT 346 Marketing of Services (4)**
  - **MKT 442 Marketing Management (4)**
  - **MKT 448 Mail Order/Direct Response Marketing (4)**

- **Digital Imaging and Document Management Elective:**
  - **CIS 410 Hardware and Software Architecture (4)**
  - **CIS 405A Analysis and Logical Design I: Data Base (4)**
  - **CIS 484 Communications Systems (4)**

#### Required Professional Core (30 units)
- **TECH 101 Industrial Safety for Industrial Education (3)**
- **TECH 200 History of Technology (3)**
- **TECH 291 Computers in Technology (3)**
- **TECH 380 Communication Technology (3)**
- **TECH 381 Materials, Process, and Fabrication Technology (3)**
- **TECH 382 Power Technology (3)**
- **TECH 400 Written Communication Skills for Industrial Technology (4)**
- **TECH 481 Practicum in Industrial Technology (4)**
- **TECH 489 Industrial Training Methods (4)**

#### Other Required Courses (23-25 Units)
- **CS 190 BASIC Programming (2)**
  (or any programming language course of 2–4 units)
- **CHEM 151 Fundamentals of Chemistry I (5)**
- **TECH 414 Robotics in Industry (2)**
- **TECH 482 Metrics for Industry (3)**
- **TECH 484 Automated Manufacturing Systems (4)**
- **TECH 488 Fluid Power (3)**
- **TECH 398 Cooperative Education (4)**

#### Required Technical Core (12 units)
Select 12 units from following:
- **TECH 100 Introduction to Automotive Mechanisms (3)**
- **TECH 110 Introduction to Drafting (3)**
- **TECH 120 DC Electronics (3)**
- **TECH 130 Introduction to Graphic Communications (3)**
- **TECH 144 Introduction to Industrial Design (3)**
- **TECH 160 Introduction to Metalworking (3)**
- **TECH 170 Introduction to Wood Technology (3)**
- **ART 287 Introduction to Photography (3)**

#### Advanced Technology Courses (12-16 Units)
Select 12–16 units with adviser’s approval from following with attention to prerequisites: *

* If 12 units are taken in this section, then must take 8 units from the Management Electives section. If 16 units are taken, then only 4 units are needed from the Management Electives section. Total of both sections to equal a minimum of 20 units.
**Required Management Courses (22 Units)**

</tr>
</tbody>
</table>

*If 4 units are taken in this section, then must take 16 units from Advanced Technology section. If 8 units are taken, then only 12 units are needed from the Advanced Technology section. Total of both sections to equal a minimum of 20 units.*

**Bachelor of Vocational Education Degree**

The Bachelor of Vocational Education degree in Vocational Arts is offered for vocational teachers recommended by the California State Board of Examiners for Vocational Teachers. Vocational teachers interested in details regarding this program should see the BVE degree adviser in the Department of Technology.

Students on time schedules that require the completion of 500-level courses before completion of the BVE degree may petition to enroll in the following graduate level secondary education courses and apply them toward the degree:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>EDAC 581</td>
<td>The Community College (3)</td>
</tr>
<tr>
<td>EDAC 582</td>
<td>Instruction in Community College (4)</td>
</tr>
<tr>
<td>EDAC 589</td>
<td>Directed Teaching in Community College (6)</td>
</tr>
</tbody>
</table>

The procedure to determine eligibility for enrolling in the above courses is as follows:

1. Students must present evidence of employment as an instructor in a community college. Verification may be presented in the form of a letter from the community college dean of instruction.

2. As evidence of the necessity to complete coursework related to teaching at the community college level, students must submit the evaluation sent to them by the Credentials Section of the Chancellor’s Office of the California Community Colleges.

Evidence of employment and certification of 500-level course requirements described above must be submitted to the Cal State L.A. BVE degree adviser who will then certify to the registrar the student’s eligibility to enroll in the 500-level courses for baccalaureate credit.

The total number of units required for the Bachelor of Vocational Education degree is 180 units, of which 91-100 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

**Requirements for the Major (91–100 units)**

A total of 180 units is required for the Bachelor of Vocational Education degree, of which 91–100 units are taken in the following areas:

- The Vocational Teacher Education program has a requirement of 33–42 units. Candidates should contact a university that offers the required teacher education courses in vocational education.

- The major in Vocational Education has a requirement of 58 units. Credit awarded by the state Board of Examiners for Vocational Teachers fulfills a portion of this major. Applicants for credit should contact the BVE adviser.

**Minor in Industrial Studies**

A minimum of 36 units is required for a minor in Industrial Studies. Included in a typical program for the minor are 3–9 units in lower division courses. However, the number of units may vary according to the selection of an area of concentration and the selection of electives.

**Requirements for the Minor (36 units)**

**Area of Concentration (24 units)**

At least 24 units are selected as a sequence in one of the eight areas of concentration listed for the Industrial Arts major. The normal pattern for an area of concentration consists of the introductory course and seven additional courses in the same area of industrial studies. When needed, select related courses in other areas with approval of adviser.

**Required Course (4 units)**

</thead>
<tbody>
<tr>
<td>TECH 300AB</td>
<td>Foundations of Industrial Education (2, 2)</td>
</tr>
</tbody>
</table>

**Electives (8 units)**

Select additional technology courses, with prior approval of adviser. If a basic college course in drafting has not been taken, TECH 110 is required for 3 of the 8 units.

**Certificate Program in Electronics Technology**

The Department of Technology offers a credit certificate program in Electronics Technology. This program is designed to prepare individuals for technical careers in electronics manufacturing, electronics field servicing, and electronics design-assisted environments. Possible job titles include electronics technician, electronics technologist, product testing specialist, field service representative, electronics control specialist, electronics design technician, product design specialist, and technical support specialist. The program emphasizes application-oriented knowledge and hands-on experiences in electronics. Every course has a lab component that provides opportunities for knowledge and skills integration.

The program contains a total of 30 units: 15 units of required courses and 15 units of electives. Courses taken to meet requirements of this program may also be applied toward the majors in Industrial Arts and Industrial Technology. Refer to the Undergraduate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

**Prerequisite (3 units)**

Requirements for the Certificate (30 units)

Required Courses (15 units):
- TECH 323 Industrial Electronics (3)
- TECH 324 Linear Electronics (3)
- TECH 325 Industrial Controls (3)
- TECH 326 Digital Electronics (3)
- TECH 327 Microprocessors (3)

Electives (select 15 units from the following)
- TECH 421, 422, 425, 426, 427, 428, 490E

Certificate Program in Fire Protection Risk Analysis and Reduction

The Department of Technology offers a credit certificate program in Fire Protection Risk Analysis and Reduction. This program is designed to offer students and individuals in the insurance industry or in private sector fire protection positions a series of professionally related courses in fire protection and fire safety. The courses complement each other and, as a whole, prepare individuals to serve as fire protection and safety specialists, inspectors, evaluators, and managers.

The program contains a total of 32 units of upper division course work. Courses taken to meet requirements of this program may also be applied toward the major in Fire Protection Administration and Technology. Refer to the Undergraduate Study chapter of this catalog for general regulations governing all certificate programs.

An associate level degree (A.A. or A.S.), or its equivalent, in a related subject, or employment in a fire protection-related position is prerequisite to enrollment in the program.

Requirements for the Certificate (32 units)

Required Courses (32 units)
- TECH 352AB Fire Protection Aspects of Building Design (4, 4)
- TECH 451 Fire Prevention and Building Codes: Interpretation and Enforcement (4)
- TECH 452 Fire Prevention Administration (4)
- TECH 453AB Fire Protection Systems Design (4, 4)
- TECH 455AB Fire Protection of Structural Members and Building Components (4, 4)

A fire protection administration program adviser may approve appropriate substitute courses to suit individual student needs.

Certificate Program in Fire Service Administration

The Departments of Technology and Political Science offer a credit certificate program in Fire Service Administration. This program is designed to offer fire department personnel who hold an associate degree an opportunity to continue their education. Course work covers effective functioning in modern fire departments: planning, prevention and disaster administration, public administration, and personnel and budgeting administration.

The program contains a total of 32 units of upper division course work: 28 units of required courses and 4 units of electives. Courses taken to meet requirements of this program may also be applied toward the major in Fire Protection Administration and Technology. Refer to the Undergraduate Study chapter of this catalog for general regulations governing all certificate programs.

An associate degree (A.A. or A.S.), or its equivalent in a related subject, or employment in a fire protection-related position is prerequisite to enrollment in the program.

Requirements for the Certificate (32 units)

Required Courses (28 units)
- TECH 351AB Fire Defense Planning (4, 4)
- TECH 353 Fire Disaster Administration (4)
- TECH 452 Fire Prevention Administration (4)
- POLS 460 Foundations of Public Administration (4, 4)
- POLS 463 Public Personnel Administration (4)
- POLS 466 Public Financial Administration (4)

Electives (select 4 units from the following)
- POLS 403, 404, 461, 462, 472, 479

A fire protection administration program adviser may approve appropriate substitute courses to suit individual student needs.

Credential Programs

Single Subject Credential

Both the Bachelor of Arts degree in Industrial Arts and the Bachelor of Science degree in Industrial Technology with the Production Technology option - have been approved by the California Commission on Teacher Credentialing as subject matter programs designed to qualify students for the Single Subject Credential in Industrial and Technology Education. Students should consult advisers in both the department and the Charter College of Education.

Designated Subjects Credential (Vocational)

This teaching credential authorizes the holder to teach vocational classes in the subject(s) listed on the credential at preschool, grades 1–12, and adult levels. This credential requires qualifying industrial and/or professional work experience in the subject(s) listed on it. The initial preliminary part-time or full-time credential shall be issued for five years, but shall authorize service for no more than two years from the date of issuance of the credential unless the holder presents verification of having met all Level 1 requirements. Interested applicants should contact the Department of Technology Designated Subjects Credential adviser.

The Department of Technology offers a Master of Arts degree in Industrial and Technical Studies to further develop leadership skills for business, industry, and teaching, and to meet credential requirements. Graduate degree programs are described below.
Admission to the Program
In addition to University requirements for admission to graduate study, applicants must have a baccalaureate in a related field with combined course work and industrial experience acceptable to the department.

Requirements for the Degree (45 units)
A total of 45 units is required, with at least 23 in 500-level courses.

Required Courses (13 units)
- TECH 485 History, Philosophy, and Organization of Industrial Education (3)
- TECH 487 Seminar: Comprehensive Career Education for Industrial Studies and Vocational Education (3)
- TECH 502 Modern Industry (3)
- EDFN 500 Evaluation of Educational Research (4)

Areas of Interest (20–24 units)
Select two of the following areas and complete 10–12 units in each:
- Teaching (10–12 units)
  With adviser approval, complete TECH 506 (4 units), TECH 583 (4 units), and 2–4 units of technology or education courses to total 10–12 units.
- Supervision (10–12 units)
  With adviser approval, complete TECH 486 (3 units), TECH 505 (4 units), and 3–5 units of technology, business, or education courses to total 10–12 units; may include second enrollment in TECH 486.

Additional Electives (select 3–7 units in technology and related fields with adviser approval)

Thesis or Project (5 units)
- TECH 599AB Thesis or Project (2, 3)

Credit Certificate Programs
The Department of Technology offers several credit certificate programs which are open to all students who meet stated prerequisites. These programs are listed with the department’s bachelor’s degree curricula, above. Regulations governing all certificate programs are found in the Undergraduate Study: General Information chapters.

List of Courses (TECH) - Undergraduate Level

All 400-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser.

Undergraduate technology courses are arranged alphabetically according to subject matter areas, as follows:

- Power, Energy and Transportation
- Aviation Administration
- Design
- Electronics Technology
- Fire Protection Administration
- Graphic Communications
- Industrial Crafts
- Industrial Design
- Manufacturing Technology
- Professional and Elective
- Construction Technology

Introduction to Higher Education in Technology

150 Introduction to Higher Education in Technology (2)
Must be taken once during the first two quarters at Cal State LA. Orientation to the role of higher education in society and development of personal awareness of graduation requirements in order to obtain a baccalaureate degree in the Department of Technology. Graded CR/NC. NIS Account Required.

Power, Energy and Transportation

100 Introduction to Automotive Mechanisms (3)
Designed to meet general industrial education needs of Industrial Arts majors. Emphasis on general mechanical concepts and related physical principles, maintenance procedures, and consumer data. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

201 Automotive Electrical System (3)
Operating principles of battery, starter, and charging and accessory circuits of automobile; skill in diagnosis, testing, and repair procedures. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

301 Fuel and Ignition Systems (3)
Prerequisite: TECH 100. Theories of design and operation of ignition and fuel system components; techniques of engine trouble shooting and tune-up procedures. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

401 Engine Rebuilding (3)
Prerequisite: TECH 404. Theory of engine design, function, and operation, skill in engine rebuilding and engine machine tool operation. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

402 Power Transmission Systems (3)
Prerequisite: TECH 100. Theory of clutch mechanisms, fluid couplings, torque converters, automatic transmissions, overdrive and rear axle assemblies; repair and service of the power train. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

403 Chassis and Suspension Systems (3)
Prerequisite: TECH 100. Theory and design of brakes, front ends, wheel alignment and balance; includes testing, trouble diagnosis, and repair procedures. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

404 Small Power Plants (3)
Prerequisite: TECH 100. Design, construction, and service operations of one-cylinder engines, outboard motors, and gas turbines; emphasis on preventive maintenance procedures and testing. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

405 Engine Design and Performance (3)
Prerequisite: TECH 401. Theory of engine design and operation; requirements of modern gasoline power plants studied and performance factors analyzed under varying operating conditions; emphasis on dynamometer testing, engine disassembly, and assembly. Lecture 1 1/2 hours, laboratory 4 1/2 hours.
**Transportation**

U.S. carriers; organizational function of Federal Aviation regulations, legal characteristics, problems, and services of air transportation.

**Prerequisites:** TECH 342 or 343.

**441 Air Transportation (4)**  
Facilities, state and federal laws, economic, and physical characteristics; political influences and promotion, traffic, and price determination.

**442 Airport Planning (4)**  
Concepts of airport planning and construction; community surveys related to social, economic, and physical characteristics; political influences and phases of airport construction.

**443 Air Transportation (4)**  
Facilities, state and federal regulations, legal characteristics, problems, and services of U.S. carriers; organizational function of Federal Aviation Agency, Civil Aeronautics Board, and U.S. Bureau of Transportation.

**444 Airline Equipment and Personnel (4)**  
Prerequisite: TECH 342 or 343. Legislation and regulation of airport finance, capital management, operating costs, airport-airline leasing, intergovernmental relations; airport policies and practices.

**445 Quality Control and Inspection in Aviation (4)**  
Prerequisite: TECH 342 or 343. Inspection of aircraft, ground equipment, quality standards, sampling methods, equipment use, materials testing, and processes. Field trips to commercial airline maintenance shops and airport industries.

**446 Airport Fiscal Administration (4)**  
Introduction to airport finance and the tools to analyze it. Includes interactive spreadsheet analyses of airport operating budgets, airport development feasibility, and project financial evaluation.

**447 Senior Seminar: Aviation Problems (4)**  
Prerequisite: TECH 443. Selected topics about current aeronautical administration problems; interaction with aviation executives. Field trips may be required.

**448 Case Studies in Airline Finance (4 units)**  
Introduction to airport finance and the tools to analyze it. Includes interactive spreadsheet analyses of airport economic base, financial statements, sources and uses of funds, and financial planning.

**Design**

**110 Introduction to Drafting (3)**  
Application of theory and fundamentals of drafting: orthographic projection techniques applied for a basic understanding of architectural, machine, forging, casting, welding, and electronic drafting. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

**311 Architectural Drafting I (3)**  
Prerequisite: TECH 110. Architectural design with reference to building codes, construction details, financing, and planning of residential or light commercial structures; critical analysis and comparison of various types of architecture and framing systems. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

**312 Technical Illustration (3)**  
Prerequisite: TECH 110. Basic principles of technical illustration with emphasis on industrial techniques; introduction to newest mechanical aids, grids, and templates for production of isometric, dimetric, and perspective drawings. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

**411 Tool Design (3)**  
Prerequisite: TECH 110. Application of principles of precision dimensioning, mechanics, and drafting to design of machines, tools, gears, and cams; selection and design of tools for mass production. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

**412 Manufacturing and Construction Drafting (3)**  
Prerequisite: TECH 110. Introduction to structural, piping, fluid power, and sheet metal drafting, with emphasis on production drafting techniques and practices leading to production release. Lecture 1 1/2 hours, laboratory 4 1/2 hours.
413 Architectural Drafting II (3)
Prerequisite: TECH 311 for Industrial Arts majors. Techniques of architectural rendering; application of color, shades, and shadows; use of grids and other mechanical devices; construction of architectural models. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

415 Electromechanical Drafting and Design (3)
Prerequisites: TECH 110, 120. Application of industrial methods of electromechanical drafting and design documentation through block diagrams, elementary diagrams, conversion drawings, master drawings, detail and assembly drawings, and generation of hardware. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

416 Piping Design Models (3)
Prerequisite: TECH 110. Exploration of concept of designing with models (rather than drawings) using petrochemical process piping as an exemplary learning vehicle. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

Electronics Technology

120 DC Electronics (3)
DC circuits; hands-on experiences in using VOM and DVM for basic electrical measurement and troubleshooting. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

221 AC Electronics (3)
Prerequisite: TECH 120. AC circuits; hands-on experiences testing inductors and capacitors and using oscilloscope for various voltage, frequency, and phase relationships measurement. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

321 Solid State Electronics (3)
Prerequisite: TECH 221. Behaviors of solid state devices (diode, BJT, MOSFET, IC) and their applications; project experiences in printed circuit board involving solid state devices. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

323 Industrial Electronics (3)
Prerequisite: TECH 321. SCR, TRIAC, DIAC, UJT, SSR; timers, optoelectronics, machine vision, operational amplifiers, and their applications; practical experiences in component testing, circuit operation, and applications. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

324 Linear Electronics (3)
Prerequisite: TECH 321. Linear circuits operations and applications; hands-on circuit testing and trouble-shooting plus applications projects. Lecture 1 1/2 hours; laboratory 4 1/2 hours.

325 Industrial Controls (3)
Prerequisite: TECH 321. Sensors and their control applications; process control and data acquisition; motor controls; practical control applications. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

326 Digital Electronics (3)
Prerequisite: TECH 321. Digital circuits with SSI and MSI chips applications; hands-on experiences in digital circuits and digital applications; trouble-shooting. Lecture 1 1/2 hours; laboratory 4 1/2 hours.

327 Microprocessors (3)
Prerequisite: TECH 326. Architecture, programming, interface, and applications of microprocessors; hands-on programming and interfacing applications. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

321 Electronic Communication I (3)
Prerequisite: TECH 321. Analog electronic communication devices and systems; hands-on experiences in various analog modulation methods. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

322 Electronic Communication II (3)
Prerequisite: TECH 421. Digital electronic communication devices and systems; hands-on experiences in various digital modulations methods. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

425 Programmable Controls (3)
Prerequisite: TECH 325. Applications, programming, and trouble-shooting of programmable logic controllers (PLC) and motion controls with servo and stepper motors; hands-on applications. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

426 Advanced Digital Electronics (3)
Prerequisite: TECH 326. Digital electronics with MSI chips plus programmable logical devices; hands-on projects. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

427 Advanced Microprocessors (3)
Prerequisite: TECH 327. Interfacing microprocessors with various electronic devices; hands-on applications, trouble-shooting skills, and project experiences. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

428 Computer Assisted Design (CAD) in Printed Circuit Board (PCB) Design and Manufacturing (3)
Prerequisite: TECH 326. Principles and uses of CAD software in productivity improvement of printed circuit board design and manufacturing processes; CAD experiences and field trips. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

Fire Protection Administration

350 Fire Protection and the Community (4)
Relationship of fire service and fire protection needs to critical urban issues, affirmative action, public education, communication with minority groups, interdepartmental and intradepartmental relations.

351AB Fire Defense Planning (4, 4)
Community fire defense needs, facilities, master plan development, federal assistance. Application of ISO Grading Schedule and Guide for Determining Fire Flow Requirements; impact of insurance. Field trips required.

352AB Fire Protection Aspects of Building Design (4,4)
Building construction including fire resistive materials, protective systems, testing of fire assemblies, heat and smoke detection devices, high-rise structures; plan checking. Field trips required.

353 Fire Disaster Administration (4)
Fire disaster protection organization; disaster laws; establishment of central communications and field control centers; support groups, manpower, and equipment; overhaul and security; disaster and civil defense relationships.

355 Fire Protection Laws (4)
Authority for fire department operations; pertinent federal, state, and local laws; fire department liability, member and citizen liability; fire department trial boards.
451 Fire Prevention and Building Codes: Interpretation and Enforcement (4)
Prerequisite: TECH 352AB. Interpretation of building, fire prevention, and State Fire Marshal codes; review of building plans; enforcement procedures and techniques; case studies and problems in code enforcement.

452 Fire Prevention Administration (4)
Prerequisite: TECH 451. Organization of Fire Prevention Bureau; laws and regulations, building and fire code administration; coordination with governmental and other organizations; functions of Fire Prevention Bureau; planning and training.

453AB Fire Protection Systems Design (4, 4)
Theories, principles, and types of fire protection systems; design and hydraulic calculations for sprinkler systems; review of fire protection systems plans.

455AB Fire Protection of Structural Members and Building Components (4, 4)
Fire protection of structural members, building components, and materials; their reaction under tension, compression, and shear during fire exposure.

Graphic Communications
130 Introduction to Graphic Communications (3)
(also listed as JOUR 130)
General technology course emphasizing the importance of graphic communications in our culture. History, theory, and laboratory application of varied graphic communications processes. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

231 Imposition and Electronic Image Assembly (3)
Prerequisite: TECH 130 or consent of instructor based upon previous training experience. Applications of principles of imposition with emphasis on electronic image assembly techniques. This course requires service learning. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

232 Electronic Prepress Systems (3)
Prerequisite: TECH 130 or consent of instructor based upon previous experience. Theory and application of electronic prepress systems to solve problems of digital image generation of image carriers for production printing. This course requires service learning. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

233 Presswork Procedures (3)
Prerequisite: TECH 130 or consent of instructor based upon previous experience. Principles and procedures and practices of graphic reproduction utilizing ink and press technology with emphasis on the photo offset lithographic process. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

234 Photo Offset Lithography (3)
Prerequisite: TECH 130 or consent of instructor based upon previous experience. Lithographic theory and its reproduction, image conversion, preparation of image carriers, image transfer, quality control, chemistry of lithography, printing inks and paper. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

330 Graphic Communications Processes and Materials (3)
Prerequisite: Junior standing in Graphic Communications, Production Technology, or consent of instructor based upon previous experience. Examination, application, and control of processes used in the graphic communications industry including prepress, press, postpress operations, major printing processes, electronic publishing, and new media production. Nature and control of materials used in graphic communications reproduction processes with emphasis on ink on paper relationships. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

332 Typography (3)
Prerequisite: TECH 330 or consent of instructor based upon previous experience. Intensive study and application of typographic principles with emphasis on their use in a production printing environment. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

333 Presswork Procedures (3)
Prerequisite: TECH 130. Letterpress principles and procedures on platen and cylinder presses, make-ready, inks, automatic feeders. Lecture 1 ½ hours, laboratory 4 ½ hours.

430 Computer Aided Graphic Communications Management (3)
Prerequisite: TECH 330 or consent of instructor. Concept, theory, and procedures of applications of computers to the solution of printing job planning, job tracking, data collection, purchase orders, inventory, production scheduling, system utilities, digital file preparation, and file maintenance with emphasis on problems found in the current graphic communications industry. This course requires service learning and cooperative learning. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

432 Typographical Layout And Design (3)
Prerequisite: TECH 330 or consent of instructor based upon previous experience. Principles of design applied to graphic communication; selection of type, printing substrates and processes for reproduction; use of layouts and dummies to solve problems of graphic communications production. This course requires service learning. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

433A Printing Estimating (3)
Prerequisite: TECH 330 or consent of instructor based upon previous experience. Elements of estimating all classes of printing and photo offset lithography including prepress operations, presswork, bindery, paper, and cost-finding problems.

433B Computer Aided Printing Estimating and Job Costing (3)
Prerequisite: TECH 433A or consent of instructor based upon previous experience. Applications of computers to the solution of estimating problems discussed in TECH 433A with emphasis on problems found in the contemporary printing industry. Theory and application of principles for determining actual costs of specific operation to verify validity of estimates. Lecture 1 1/2 hours, Laboratory 4 1/2 hours.

434A Graphic Communications Production Management I (3)
Prerequisite: TECH 330 or consent of instructor based upon previous experience. Organization and management of the graphic communications production, planning procedures and application of industrial management strategies.

434B Graphic Communications Production Management II (3)
Prerequisite: TECH 434A or consent of instructor based upon previous experience. Application of graphic communications and management principles, strategies, and procedures in the operation of all levels of a simulated printing company. Lecture 1 1/2 hours, Laboratory 4 1/2 hours.

435 Color Theory, Reproduction, and Management (3)
Prerequisite: TECH 330 or consent of instructor based upon previous experience. Color theory and its application to solving problems in the printing industry; emphasis on examination and evaluation of processes, proofing, reproduction, management, and quality control. Lecture 1 1/2 hours, laboratory 4 1/2 hours.
436 Electronic Publishing Technology and Management (3)
Prerequisite: TECH 330 or consent of instructor based upon previous experience. Theory and application of publishing systems; emphasis on information integration, system configuration, management, and producing digital output. This course requires Service Learning and Cooperative Learning. Lecture 1 1/2 hours, Laboratory 4 1/2 hours.

437 Alternative Media Production (3)
Prerequisite: TECH 330 or consent of instructor based upon previous experience. Theory of media development processes; emphasis on multimedia production and management. Lecture 1 1/2 hours, Laboratory 4 1/2 hours.

438 Image Capture, Processing, and Management (3)
Prerequisite: TECH 330 or consent of instructor based upon previous experience. Theory and procedures of digital image capture, processing and management; emphasis on total capture technology, image integration and producing open image files. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

439 Digital Workflow Management (3)
Prerequisite: TECH 330 or consent of instructor based upon previous experience. Concept, theory, and procedures of digital workflow planning and management; emphasis on open digital file formats and pre-flighting. Lecture 1 1/2 hours, Laboratory 4 1/2 hours.

Industrial Crafts
448 Plastics Technology (3)
History, materials, processes, and application of plastics technology; principles and procedures of modern application in industry. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

Industrial Design
144 Introduction to Industrial Design (3)
Creative problem-solving and aesthetics, application through two- and three-dimensional exploratory exercises in color, texture, shape, form, structure, and space through simple industrial design problems. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

Manufacturing Technology
160 Introduction to Metalworking (3)
Basic metal properties, metalworking processes, and hand and machine tool applications. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

261 Sheet Metal Layout and Development (3)
Prerequisite: TECH 160. Sheet metal layout and development, cutting, forming, fastening, finishing; industrial applications of these processes. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

361 Welding Technology (3)
Prerequisite: TECH 160. Inert gas, oxyacetylene, and electric arc welding, cutting, brazing, and testing theory and practice. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

362 Heat Treating and Metallurgy (3)
Prerequisite: TECH 160. History, techniques and principles of forging, heat treating, and metallurgy. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

461 Molding and Casting (3)
Prerequisite: TECH 160. Techniques, principles, practices of metal molding and casting. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

463 Metal Machining I (3)
Prerequisite: TECH 160. Construction, utilization, and laboratory applications of the engine lathe, shaper, and milling machines. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

464 Metal Machining II (3)
Prerequisite: TECH 160. Advanced study of engine lathe, shaper, milling machines, grinding machines; emphasis on special setups and applications. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

465 Automated Metal Machining (3)
Prerequisite: TECH 160. Advanced study of metal machining with emphasis on semi-automatic, automatic tape controlled, and grinding operations. Lecture 1 1/2 hours, laboratory 4 1/2 hours. May be repeated to maximum of 9 units.

Professional and Elective
101 Industrial Safety for Industrial Education (3)
Industrial safety related to industry and school shops; history, accident facts, liability, psychology, worker performance, sources of information, and industrial methods of operation.

200 History of Technology (3)
Human accomplishment in areas of discovery, invention, and industry from prehistoric times to present.

250 Impact of Technology on the Individual and Society (4)
An exploration of the ways technology impacts individual human development within global social systems. Including an emphasis on lifelong acquisition of technology skills with an optional service-learning component.

280 Tools for the Artist (3)
Safe, efficient, and appropriate operation, adjustment, and maintenance of power and hand tools used by artist. Not appropriate for Industrial Technology majors or minors; Art majors and minors have enrollment preference.

291 Computers in Technology (3)
Prerequisite: CS 190 or any programming language course. Introduction to computers with applications for the technologist. Designed to assist students in becoming literate in topics applicable to technological areas such as production, manufacturing, and CAD/CAM. Service learning required. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

300AB Foundations of Industrial Education (2, 2)
Philosophy and development of industrial education; its present place and function in elementary and secondary education.

380 Communication Technology (3)
Concept of communication technology in the information age. Emphasis on practices in modern industry; examination of recent and projected technological development.

381 Materials, Process, and Fabrication Technology (3)
Technologies in conversion of raw materials to products; essential concepts and manipulative operations for cutting, forming, fastening, finishing, and testing wood, ferrous and nonferrous metals, plastics, and ceramic materials.

382 Power Technology (3)
Power technology concept in industrial education; survey of available energy, various forms of power conversion; utilization of power in modern industry and in industrial production processes.
383 Ancient and Modern Technology (4)
(also listed as ENGR 383)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block B. Systematic analysis of ancient technology and technological thought and its relationship to modern science and technological thought.

385 Orientation to Vocational Education (3)
Prerequisite: Admission to BVE program. Introduction to requirements and content of BVE degree program including Swan Bill (career experience credit) evaluation.

395 Community Service in Technology (1-4)
Prerequisites: Eight units of upper division TECH courses, approval by faculty sponsor in consultation with EPIC Director; acceptance by a community agency. Participation in work of community agency or activity utilizing professional skills in community service. Graded CR/NC. May be repeated to maximum of 8 units.

398 Cooperative Education (1-4) (see UNIV 398)

400 Written Communication Skills for Industrial Technology (4)
Prerequisites: ENGL 102 and UNIV 400. Written communication skills for the professional needs of Industrial Technology students with emphasis on education, public, industrial, business education and public sector requirements.

414 Robotics in Industry (2)
Prerequisite: Upper division or graduate standing. History, terminology, economics, applications, and implications of industrial robots in the work place.

454L,P Special Topics in Industrial Studies (1–4)
Prerequisites: Upper division standing; others as needed for specific topic. Current issues, problems, and interests in technology. May be repeated to maximum of 9 units as subject matter changes.

480 Comprehensive General Shop (3)
Prerequisite: Completion of required foundation program for Industrial Arts major. General shop movement, organization and operation of multiple laboratory programs, design and construction of projects and aids; laboratory organization and management procedures. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

481 Practicum in Industrial Technology (4)
Prerequisites: Completion of an area of concentration and instructor consent. Application of industrial studies concepts and skills to design, production, and/or serving of commercial and industrial products and devices. Lecture 2 1/2 hours, laboratory 4 1/2 hours. May be repeated to maximum of 8 units.

482 Metrics for Industry (3)
Adapting industrial operations to metric system; standards and application; development of instructional materials; special problems for industrial educators.

483AB Construction of Teaching Aids (2, 2)
Development for industrial education of instructional aids such as cutaway models, mock-ups, assignment boards, checking devices for course coverage, blown-up models, electrical identification panels, procedure boards, specimens, and project materials. Activity 4 hours.

484 Automated Manufacturing Systems (4)
Applications and theories of advanced production systems in automated manufacturing environments; emphases include direct and computer numerical control, computer integrated manufacturing CAD/CAM; flexible manufacturing; group technology. Lecture 2 1/2 hours, laboratory 4 1/2 hours.

485 History, Philosophy, and Organization of Industrial Education (3)
Prerequisites: TECH 300AB, upper division standing, Industrial Arts major or minor or Vocational Education major. History and philosophy of industrial education in Western civilization; comparative study of development and organization of industrial education in the U.S.

486 Seminar: Vocational Education (1–4)
Prerequisite: Upper division standing. Problems in maintaining and modifying vocational education programs. Emphasis on changing philosophies, concepts, practices, legislation, technical content, instruction, organization, and management. May be repeated with instructor consent.

487 Seminar: Comprehensive Career Education for Industrial Studies and Vocational Education (3)
Prerequisite: Upper division standing in the Department of Technology. Development, organization, and implementation of comprehensive career education for industrial arts and vocational education; emphasis on concepts, techniques, strategies, implementation, levels of instruction, leadership, administration, and organization. May be repeated to maximum of 9 units as subject matter changes.

488 Fluid Power (3)
Prerequisite: PHYS 150. Application of principles of industrial hydraulic and pneumatic circuits; emphases on basic laws and operation of pressure, directional control valves, and actuators as they apply to manual and automated circuits. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

489 Industrial Training Methods (4)
Training approaches for industrial/technical management personnel; overview of design and management of the training function in the modern work world, instructional design, and delivery systems.

490 Advanced Problems in Industrial Studies (1–9)
Prerequisites: Completion of an area of concentration and instructor consent. Advanced problems in a specific industrial arts area of concentration. Lecture 1 1/2 hours, laboratory 4 1/2 hours for 3 units; other unit values use same ratio. Each industrial arts area of concentration may be repeated for 9 units

490A Automotive
490D Drafting
490E Electronics
490G Graphic Communication
490M Metal Technology
490W Wood Technology

499 Undergraduate Directed Study (1–4)
Prerequisite: Consent of an instructor to act as sponsor. Project selected in conference with sponsor before registration; progress meetings held regularly, and final report submitted. May be repeated for 8 units of credit.
Construction Technology

170 Introduction to Wood Technology (3)
Woodworking industries, their origins, developments, technical aspects, and influences upon human occupational, social, cultural, recreational, and consumer activities; safety, common properties, characteristics, structure, shaping, finishing processes of wood and its industrial usage. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

271 Wood Construction Technology I (3)
Prerequisite: TECH 170. Physical and mechanical properties of wood and its architectural usage; application of uniform building code to construction of dwellings. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

272 Wood Construction Technology II (3)
Prerequisite: TECH 170. Cabinetmaking and mill work procedures used in industry; design, joinery, hardware, and manufacture of plywood and veneers. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

372 Wood Finishing and Preservation (3)
Prerequisite: TECH 170. Protection of wood against deterioration by fire, moisture, insects, fungus, and weather; surface enrichment emphasized; experiments and application of protective materials including finishes. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

374 Wood Shaping Processes (3)
History, materials, processes, and application of wood carving; principles and procedures of modern application in industry. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

Graduate Level Courses (TECH)

All 400-level courses may be applied toward master’s degree requirements, subject to limits established by the department and approval of the graduate adviser.

Classified graduate standing is required for admission to all 500 level courses

502 Modern Industry (3)
Prerequisites: An acceptable undergraduate major in Industrial Technology, Industrial Arts or Vocational Education, or comprehensive background of industrial experience, and TECH 300AB. Advanced study of growth, development, and organization of industry; new materials and processes. Problems of industry with significance for present social order.

505 Supervision and Organization of Vocational Education (4)
Responsibilities of supervisor for organizing vocational education programs at various levels and for improving instruction. May be repeated to maximum of 8 units with permission of instructor.

506 Seminar: Industrial Education (4)
Investigation of teaching problems in industrial education. Individual and group studies of special problems.

507 Seminar: Industrial Studies (4)
Prerequisite: TECH 502. Advanced study of developments in industrial materials, processes, machines, and equipment; relationships between industrial developments and society; emphasis on research and investigation.

521 Advanced Internetwork Routing (3)
Prerequisites: CCNA certified, CCNA program completion, or instructor approval. This is the first course in the CISCO’s CCNP program. Topics include IP addressing with VLSM, single and multiarea OSPF, EIGRP, route optimization, BGP and its scaling, and security in routing.

522 Remote Access Networks (3)
Prerequisites: TECH 521 or instructor approval. This is the second course in the CISCO’s CCNP program. Topics include configuring remote access from modem dial-up, PPP, ISDN BRI and PRI, DDR dialer profiles, frame relay, dial-backup, NAT, AAA, and VPN.

523 Multiplayer Switched Networks (3)
Prerequisites: TECH 521 or instructor approval. This is the third course in the CISCO’s CCNP program. Topics include multilayer switching, STP, VLAN and inter-VLAN routing, redundant links, HSRP, and IP multicast.

471 Lamination, Forming, Bonding (3)
Prerequisite: TECH 170. Processes of lamination and forming of wood and other materials. Equipment and bonding materials; laminating and forming characteristics of various materials; laboratory includes design and construction. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

472 Wood Manufacturing Technology I (3)
Prerequisite: TECH 170. Structure, identification, defects, curing, grading, joining, and fastening of commercial woods and related materials; design and construction of furniture and accessories. Lecture 1 1/2 hours, laboratory 4 1/2 hours.

473 Wood Manufacturing Technology II (3)
Prerequisite: TECH 472. Mass production of products using wood as a basic material; design and development of jigs, fixtures, and tooling; design and production of items. Lecture 1 1/2 hours, laboratory 4 1/2 hours.
524 Internetwork Troubleshooting (3)
Prerequisites: TECH 521, 522, & 523 or instructor approval.
This is the last course in the CISCO’s CCNP program. Topics include troubleshooting methods and tools, troubleshooting TCP/IP, IPX, AppleTalk, VLANs, EIGRP, OSPF, BGP, frame relay and ISDN.

583 Development, Use, and Evaluation of Industrial Education Instructional Materials (4)
Advanced course in development, use, and evaluation of instructional materials, with emphasis on three-dimensional teaching aids, charts, slides, and displays.

598 Graduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in field; regular conferences with sponsor. May be repeated to maximum of 9 units.

599A Thesis or Project (1–2)
Prerequisites: Instructor consent to act as sponsor, departmental approval of topic prior to registration. Independent research resulting in a thesis or project. Must be repeated to total of 2 units. Graded CR/NC.

599B Thesis or Project (1–3)
Prerequisites: TECH 599A, instructor consent to act as sponsor, departmental approval of topic prior to registration. Independent research resulting in a thesis or project. Must be repeated to total of 3 units. Graded CR/NC.
The Department of Theatre Arts and Dance offers undergraduate programs leading to the Bachelor of Arts degree in Theatre Arts and Dance, as well as a minor in Theatre Arts and Dance for students majoring in other fields. The Theatre Arts and Dance major includes options in Theatre Arts and Dance. The department offers a Master of Arts degree in Theatre Arts. The department also participates in an Interdisciplinary Studies Minor in Multimedia that enables students to develop interactive, multimedia products. For more information, please refer to University Programs.

The Faculty

Associate Professors: Meredith Greenburg, Tanya Kane-Parry.

Assistant Professors: Paul Stuart Graham, Meredith Greenburg, San San Kwan.

Emeriti: Lawrence P. Goodman.

Undergraduate Programs

Bachelor of Arts Degree in Theatre Arts and Dance

The Bachelor of Arts degree in Theatre Arts and Dance is designed for students who plan to engage in careers that utilize skills in theatre and dance.

Department policy requires that all undergraduate Theatre Arts and Dance majors make themselves available for participation in scheduled department productions.

The total number of units required for the Bachelor of Arts degree in Theater Arts and Dance, is 180 units, of which 99 are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (99 units)
The major requires a total of 99 units, including core and option requirements. The core of 40 units includes courses in theatre arts, dance, and combined theatre and dance. Each option (Theatre Arts or Dance) includes 59 units in required courses and electives.

Core Requirements (40 units)

Lower Division Required Courses (22 units)

**Minor in Theatre Arts and Dance**

The Theatre Arts and Dance Minor is designed for students interested in expanding their knowledge in using theatre and/or dance as it relates to their performing careers, technical theatre, history/theory, teaching or related fields in the Liberal Arts. The Theatre and Dance curriculum provides a variety of coursework for students preparing for professional performance careers as well as using theatre and/or dance in humanistic, multicultural and/or educational settings. A total of 38 units is required.

**Requirements for the Minor (38 units)**

**Required Courses (11 Units)**
- DANC 140A  Beginning Modern Dance (3)
- TA 141  Acting Fundamentals: Games and Exercises (3)
- TAD 101  Introduction to Theatre Arts and Dance (1)

**Upper Division Required Courses (4 units)**
- TAD 468  Performance and Social Change (4)

**Electives (27 units)**
- Select a Program, in consultation with a Department Adviser, to meet the goals for which the Minor is chosen. A minimum of 16 units must be taken in upper division courses.

**The Credential Program**

The Department of Theatre Arts and Dance does not have a program for the Single Subject credential in English approved by the Commission on Teacher Credentialing. Students interested in this credential should consult advisers in the Department of English or Communication Studies and in the Charter College of Education.
Master of Arts Degree in Theatre Arts

Admission to the Program
Application must be made to both the Department of Theatre Arts and Dance and the University. Forms for both may be obtained from the department office.

Applicants must submit completed departmental applications with one copy of transcripts from all colleges attended, three letters of recommendation, a statement of purpose for undertaking graduate studies, an artistic resume and/or portfolio (if appropriate). All applicants must submit a writing sample illustrating command of research and writing skills. Applications and supporting documentation must be received by the department of Theatre Arts and Dance before June 15 for admission Fall Quarter, October 1 for Winter Quarter, February 1 for Spring Quarter, and April 1 for Summer Quarter.

University applications and two copies of official transcripts from all colleges attended must be sent to the Admissions Office in accordance with University admission deadlines. GRE examinations are recommended for those students considering the MA as preparation for a Ph.D. International students must submit TOEFL scores. Campus interview and visits with faculty are encouraged for all applicants seeking admission.

In addition to University requirements for admission to graduate study, applicants must have a baccalaureate in theatre arts, dance, or performance studies from an accredited college or university with a minimum 3.0 average in the major, or have completed a baccalaureate in a related field with at least 24 quarter units of approved upper division courses in one or more of these areas with a minimum 3.0 average. Of the 24 quarter units, at least 9 quarter units must be in theatre history, literature, and/or dance history courses and 6 quarter units of upper division work in technical theatre. Deficiencies will be determined by the Director of Graduate Studies, and undergraduate coursework may be required.

Requirements for the Degree (45 units)
A total of 45 units are required, with at least 23 in 500-level courses.

Required Core (20 units)

- TA 500 Graduate Research in Theatre (4)
- TA 511 Seminar: Special Studies in Theatre History (4)
- TA 512 Seminar: Asian Theatre (4)
- TA 570 Seminar: Experimental Theatre (4)
- TA 574 Seminar: Theory in Theatre and Performance (4)

Electives (22–25 units)
Select 3 units in one of following (for students who select comprehensive examinations):
- TA 595 Graduate Performance (3) or
- TA 598 Graduate Directed Study (3)

Select 12-16 units from following: (at least 4 units must be in a 500 level seminar; no more than 8 units outside TA and TAD):

Select 6-10 units from following: (6 if 16 above; 10 if 12 above)

Comprehensive Examination or Thesis or Project (0, 3 units)
- **TA 595 Comprehensive Examination (0) or TA 599 Thesis Project (3)**
- **To be taken in combination with 3 units of TA 595 and/or 598**

The choice of comprehensive examination or thesis or project is to be made with adviser approval.

Students should expect to take the comprehensive examination (TA 596) the quarter they complete all coursework on their program and must comply with college and departmental requirements.

Courses in Dance (DANC)

Lower Division Courses

- **100C Beginning Ballet (3)**

Activities to develop technical skills at the beginning ballet level. Supporting information including ballet vocabulary and historical developments. Nonmajors may repeat to a maximum of 9 units.

- **100B Beginning Ballet (3)**

Prerequisite: DANC 100A or instructor consent. Beginning ballet technique emphasizing additional materials for ballet barre, center practice and vocabulary. Introduction of contemporary concepts in the classical idioms. Nonmajors may repeat to a maximum of 9 units.
120C Beginning Jazz Dance (3)
Prerequisite: DANC120B or instructor consent. Activities to develop technical skills at the advanced-beginning jazz dance level. Supporting information including jazz vocabulary and historical developments. May be repeated to a maximum of 9 units.

135 Therapeutic Uses of Dance (1)
Dance therapy as a process that affects an individual’s transformation of ongoing energy flow to overt body movement to imagery to verbalization. May be repeated to maximum of 3 units.

140A Beginning Modern Dance (3)
Activities to develop technical skills in modern dance at the beginning level. Relevant modern dance vocabulary; historical developments presented. Nonmajors may repeat to maximum of 9 units.

140B Beginning Modern Dance (3)
Prerequisite: DANC 140A or instructor consent. Beginning modern technique emphasizing center practice, traditional and contemporary combinations. Introducing modern dance history, exploring technical styles, creative studies. Nonmajors may repeat to maximum of 9 units.

140C Beginning Modern Dance (3)
Prerequisite: DANC 140B or instructor consent. Beginning modern dance technique, emphasizing center practice, floor work, relevant modern dance vocabulary. Introducing contemporary concepts in the classical idiom. Nonmajors may repeat to maximum of 9 units.

154 Special Topics in Dance (1)
Current topics of special interest in dance, as announced in Schedule of Classes. May be repeated as subject matter changes.

157 Crosscultural Themes in Dance (4)
Analyzing developments in dance and cultivating imagination and sensitivity to cross-cultural themes in human behavior. Understanding ongoing cultural dance traditions. Lecture 3 hours; activity 1 hour.

160 Beginning Tap Dance (2)
Activities designed to develop beginning skills in tap accompanied by background information relevant to the dance form. May be repeated to maximum of 6 units.

200A Intermediate Ballet (3)
Prerequisite: TAD major, DANC 100C, or instructor consent. Activities developing skills at intermediate level of ballet. Material on vocabulary and relevant theoretical considerations. Beginning a foundation of knowledge of ballet aesthetics. May repeat to a maximum of 6 units.

200B Intermediate Ballet (3)
Prerequisite: DANC 200A or instructor consent. Activities developing skills at the intermediate level. Supporting materials on vocabulary and relevant theoretical considerations. Continued building of the foundation of knowledge of ballet aesthetics. May repeat to a maximum of 6 units.

200C Intermediate Ballet (3)
Prerequisite: DANC 200B or instructor consent. Activities to continue mastering intermediate ballet technique. Supporting materials on vocabulary, relevant theoretical information and broadening knowledge of ballet aesthetics. May repeat to maximum of 6 units.

210 Body and Identity in Dance, Theatre, Film (4)
(also listed as TVF and TA 210)
The aesthetic bases of dance, theatre and mass media will be established using the human body as core focus. Exploration of body representation as affected by culture, gender and class.

220A Intermediate Jazz Dance (3)
Prerequisite: DANC 120C or instructor consent. Activities designed to develop intermediate skills in jazz dance accompanied by background information relevant to the dance form. May be repeated to maximum of 9 units.

220B Intermediate Jazz Dance (3)
Prerequisite: DANC 220A or instructor consent. Activities to develop technical skills at the advanced-intermediate jazz dance level. Supporting information including jazz vocabulary and historical developments. May be repeated to maximum of 9 units.

220C Intermediate Jazz Dance (3)
Prerequisite: DANC 220B or instructor consent. Activities to develop technical skills at the intermediate modern dance level. Relevant modern dance vocabulary and varied theories presented. May repeat to maximum of 6 units.

240A Intermediate Modern Dance (3)
Prerequisite: TAD major, DANC 140C, or instructor consent. Activities to develop technical skills at the intermediate modern dance level. Relevant modern dance vocabulary and varied theories presented. May repeat to maximum of 6 units.

240B Intermediate Modern Dance (3)
Prerequisite: DANC 240A or instructor consent. Intermediate modern dance technique emphasizing center and across floor materials; relevant dance vocabulary and aesthetic considerations. Set and original combinations from varied theorists. May repeat to maximum of 6 units.

240C Intermediate Modern Dance (3)
Prerequisite: DANC 240B or instructor consent. Intermediate modern dance technique emphasizing center and across floor materials; choreographic sequences introduced; varied theories presented; relevant dance vocabulary and aesthetic considerations. May repeat to maximum of 6 units.

254L,P Special Topics in Dance (1–3)
Current topics of special interest in dance, as announced in Schedule of Classes. May be repeated to maximum of 12 units as subject matter changes.

260 Intermediate Tap Dance (2)
Prerequisite: DANC 160. Techniques and practice of tap dance; single, duplet, triple, and quadruple tap sounds combined in rhythmic sequences and developed into dances. May be repeated to maximum of 6 units.

272 Choreography I: Improvisation (3)
Prerequisites: TAD Major or instructor consent; DANC 140A; DANC 100A. Improvisational techniques utilizing dance movements to develop individual/group sensitivities, concentration and discoveries to begin the forming process used in creating dances. May be repeated to maximum of 12 units.
Upper Division Courses

300 Advanced Ballet (2)
Prerequisite: TAD major, DANC 200C, or instructor consent. Continued development of technical skills, choreographic combinations, knowledge of history and styles: Italian, Russian, French, English, Danish, American. May repeat to maximum of 12 units.

320 Advanced Jazz Dance (2)
Prerequisite: DANC 220C or instructor consent. Expanded development of skills, knowledge, analysis ability, and study of application of elements of jazz dance in solo and group work. May be repeated to maximum of 6 units.

340 Advanced Modern Dance (2)
Prerequisite: TAD major, DANC 240C, or instructor consent. Continued development of technical skills, creative dance study, knowledge of history and aesthetics appropriate for the advanced level of modern dance. May be repeated to maximum of 12 units.

360 Advanced Tap Dance (2)
Prerequisites: DANC 260 or Instructor consent. Expanded development of tap skills. Study of advanced elements of Swing tap, Rhythm tap and Jazz tap. May be repeated to a maximum of 6 units.

357 Creative Experiences for Health and Wellness (4)
(also listed as ART 357, MUS 357, and TA 357)
Prerequisites: ART 209 or MUS 150 or 160; DANC 157 or TA 152 or HS 150. Exploring health and wellness through participation in the creative arts - dance, visual arts, music and theatre arts.

372 Choreography II: Dance Composition (3)
Prerequisite: TAD major; DANC 272; or instructor consent. Principles of dance composition through individual experiences with varied stimuli, differing construction processes, simple musical forms. May be repeated to maximum of 12 units.

400 Creative Dance in the Elementary Classroom (3)
Exploration/integration of artistic perception, creative expression, historical/cultural contexts, aesthetic valuing as components of teaching/learning through dance. Meets 4 hours weekly.

401 Dance Techniques and Creativity in Elementary Education (4)
Prerequisite: DANC 400. Ballet basics, modern dance technique, improvisation and creative problem solving for the elementary educator. Viewing and critical analysis of dance.

435ABC Dance Movement and Identity (4,4,4)
Prerequisite: DANC 157, DANC 400 or instructor consent. Theoretical framework, conceptual development and practice of using dance to promote awareness, insight and growth, allowing for integration of cognitive, emotional and physical functions. Lecture 2 hours, activity 2 hours.

454L,P Special Topics in Dance (1–3)
Current topics of special interest in dance, as announced in Schedule of Classes. May be repeated to a maximum of 12 units as subject matter changes.

461 Ethnic Dance (4)
Prerequisite: DANC 372. Study of specific ethnic cultures and the political, social, economic and religious structures that influence and shape their dances, music, movement and meaning. Content varies.

470 Theory and Analysis of Dance (3)
Prerequisite: KPE Single Subject Credential Major with an option in Dance, TAD major, or instructor consent; advanced level in dance technique. Theory, analysis, and advanced performance of dance; structural elements, rhythm, creativity, and selection of accompaniment. Lecture 2 hours, demonstration laboratory 2 hours each.

471 Rhythmic Form and Analysis for Dance (3)
Prerequisites: DANC 140C, DANC 272. Historical analysis of rhythmic elements inherent in music and movement; application and appreciation of their organization as a basis of form in dance. Seminar 1 hr, Laboratory 3 hours.

472 Choreography III: Advanced Dance Composition (3)
Prerequisite: TAD major, DANC 372, or instructor consent. Application of principles/materials of dance, developing solo and group dances for concert productions. Applied theories of contemporary choreographers/composers. May be repeated to maximum of 12 units.

475 Choreographic Accompaniment (3)
Corequisite: DANC 476A or Instructor consent. Analysis of music for dance from historical periods. Students’ choreographies reflective of primitive through 21st Century musical forms, compositions. Seminar 1 hr, Laboratory 3 hours.

476A Dance History - Antiquity Through Nineteenth Century (4)
Prerequisite: DANC 272. Surveys dance practices antiquity through nineteenth-century, examining major developments in western theatrical dance, Asian dance theater, and North American folk/ritual practices. Approaches dance as enactment/component of larger cultural, socio-political history.

476B Dance History - Twentieth and Twenty-First Century (4)
Prerequisite: DANC 272. Surveys contemporary dance practices, examining major developments and emerging trends in classical ballet, western modern dance, and world dance forms. Approaches dance as enactment/component of larger cultural, socio-political history.

477 Multicultural Approaches to Dance (4)
Prerequisite: DANC 400. Experiencing world dance forms. Multicultural approaches to analyzing dance movement as it preserves and reflects cultural beliefs, traditions and ceremonies of diverse cultures. Includes Field trips.

478 Choreography for Camera (3)
Prerequisite or corequisite: DANC 472; TVF 201 recommended. Investigation and application of choreographic principles appropriate to television and/or cinema. Lecture 2 hours, laboratory 2 hours.

480 University Dance Ensemble (2)
Prerequisite: Instructor consent. Preparation of lecture-demonstrations and dance performances. May be repeated to maximum of 12 units.

483 University Dance Ensemble Tour (3)
Prerequisite: DANC 480 or instructor consent. Rehearsals and tour into community / schools of dance concert and/or lecture-demonstration. Satisfies core requirement of performance practicum in the community. May be repeated to maximum of 6 units.
484 Educational Dance Tour (3)
Prerequisite: DANC 400 or 477 or instructor consent. Rehearsals and tour into schools of material generated in Dance Arts Literacy or experiential survey courses. Practicum in integrating arts into elementary education. May be repeated to maximum of 6 units.

485 Dance Production for the 21st Century (3)
Prerequisite: DANC 472 or instructor consent. Experimentation and preparation of dance materials for performance; choreography, directing, lighting, costuming, and/or make-up for dance. May be repeated to 12 units. Lecture 1 hour, laboratory 4 hours.

Courses in Theatre Arts (TA)

Lower Division Courses

100 Play Practicum (1)
Active participation in University-sponsored dramatic activities. Assignments may include acting, directing assistance, lighting, scenery, costuming, props, and house management. May be repeated to maximum of 4 units.

141 Acting Fundamentals: Games and Exercises (3)
Basic principles and techniques of acting. Exploration of creative processes through theatre games and improvisational exercises. Additional hours required. CAN DRAM 8

142 Acting Fundamentals: Character Study (3)
Prerequisite: TA 141. Basic principles and techniques of acting. Building a character through textual analysis and practical work based on text. Additional hours required.

143 Acting Fundamentals: Scene Study (3)
Prerequisite: TA 142. Basic principles and techniques of acting. Analysis of scene structure, use of subtext, actions, and objectives. Performance of selected scenes. Additional hours required.

152 Analysis of Drama and Theatre (4)
Principles of drama and theatre; social relevance of theatre; dramatic structures and styles of diverse forms of theatre; practical theatre exercises; evaluation and appreciation of plays in performance. GE C1

154L,P Selected Topics in Theatre Arts (1–4)
Prerequisite: Instructor consent and as needed for specific topic. Current topics of special interest to students in Theatre Arts as announced in Schedule of Classes.

160 Living Theatre (4)
Survey of live theatre; appreciating and understanding actual theatrical productions and practices: acting, playwriting, costumes and makeup design, nature of the theatrical event. Lecture 2 hours, demonstrations-practical work-field trips, 4 hours.

210 Body and Identity in Dance, Theatre, Film (4)
(also listed as TVF and DANC 210)
The aesthetic bases of dance, theatre and mass media will be established using the human body as core focus. Exploration of body representation as affected by culture, gender and class. GE C5

240 Film, Novel, Theatre (4)
(also listed as TVF and ENGL 240)
Prerequisite: Completion of ENGL 101. An exploration of film, theatre, and fiction through the process of adaptation. Analysis of the roles of audience, modes of delivery, concepts of form and structure, and cultural impact. GE C5

276 Introduction to Play Writing (4)
(also listed as ENGL 276)
Prerequisite: ENGL 200A or 200B or 200C or TAD 101. Collaborative approach to writing for the stage; emphasis on writing theory and techniques; introduction to dramaturgy, directing, literary management, and staged reading.

Upper Division Courses

300 Production Support (1–2)
Technical preparation/presentation of University-sponsored production. Transfer majors must complete at least 6 units. Non majors must enroll whenever cast in department productions. Meets more than 6 hours per week. May be repeated to a maximum of 24 units.

301 Creative Dramatics (4)
Philosophies and techniques of creative dramatics. Emphasis on improvisation, play making, pantomime, ongoing drama, story dramatization, role playing; selected projects and demonstrations.

306 Children's Theatre (4)
Philosophies, attitudes, and forces shaping current practices in children's theatre; selected scripts and production techniques.

310 Play Performance (2)
Prerequisite: Admission by audition only. Detailed work on a major production with rehearsal and performance requirements. Enrollment required for performance participation. Meets more than 6 hours each week. May be repeated to maximum of 12 units.

311 Development of World Theatre I (4)
Significant developments in world dramatic literature and theatre from origins through 17th century with emphasis on classical Greece/Rome, Medieval, Sanskrit, Renaissance Italy, Spain, France and England, and pre-Columbian American.

312 Development of World Theatre II (4)
Prerequisite: TAD majors must complete TA 311 or have instructor consent. Significant developments in world dramatic literature and theatre from the 17th to 20th century; emphasis on traditional Japanese and Chinese, 17th through 19th century romanticism, realism, early revolts against realism.

313 Development of World Theatre III (4)
Prerequisite: TAD majors must complete TA 312 or have instructor consent. Significant developments in world dramatic literature and theatre in the 20th century with emphasis on German expressionism, social realism, fascist Europe, absurdism, and contemporary theatre forms and artists.

314 Staging Violence in World Theatre (4)
Prerequisites: Completion of Basic Subjects (Block A) and one course from Block C. Examines representations of violence on stage in various cultures and eras of world theatre from live, graphic violence, to violence beautifully or horribly described. Studies theatre in its social context. GE Theme B

322 Theatrical Makeup (3)
Prerequisite: Instructor consent. Basic concepts and skills in makeup for stage, television, and cinema; straight and corrective makeup; old age and character modeling; introduction to facial prosthetics; basic techniques in building facial hair pieces. Laboratory hours required.

323 Intermediate Theatrical Makeup (3)
Prerequisite: TA 322. Concepts and skills of three-dimensional techniques; special effects and fantasy makeup for stage and screen; makeup design; techniques for handling hair and wigs. Additional hours required.
341 Advanced Performance I: Classical Acting (3)  
Prerequisites: TA 141–143. Advanced principles and techniques of classical acting. Grounding in textual analysis through initial exposure to Shakespeare and other classical texts in performance. Additional hours required.

342 Advanced Performance II: Scene Study (3)  
Prerequisite: TA 341 or instructor approval. Advanced principles and techniques of acting; developing characters through scene study. Additional hours required.

343 Advanced Performance III: Acting Collaboration (3)  
Prerequisite: TA 342 or instructor approval. Advanced principles and techniques of acting; analysis and exercises designed to work on acting as collaborating. Additional hours required.

357 Creative Experiences for Health and Wellness (4)  
(also listed as ART 357, DANC 357, and MUS 357)  
Prerequisites: ART 209 or MUS 150 or 160; DANC 157 or TA 152 or HS 150. Exploring health and wellness through participation in the creative arts - dance, visual arts, music and theatre arts.

380 Emotion in Theatre and Film (4)  
(also listed as TVF 380)  
Prerequisites: Completion of Basic Subject (Block A) and one course from Block C. Analysis of emotion as motivational force in theatre and film. Emotion as critical factor in performance, narrative development and the essential mediating component compelling audiences to the theatrical/cinematic experience.

400-level Courses  
All 400-level courses in Theatre Arts (TA) may be applied toward master's degree requirements except the following, subject to limits established by the department and approval of the graduate adviser: TA 499.

400 Creative Drama for the Elementary Classroom (3)  
Exploration/integration of artistic perception, creative expression, historical/cultural contexts, aesthetic valuing as components of teaching/learning through drama. Meets 4 hours weekly.

401 Advanced Creative Dramatics (4)  
Prerequisite: TA 301. Exploration and application of advanced techniques and concepts of informal drama; special emphasis on European approaches to dramatics; practical experience through selected projects.

402 Children's Theatre Tour (3)  
Prerequisite: Instructor consent, completion of lower division requirements, TA 301, TAD 339, TAD majors must be junior or senior standing. Participation as actors, designers, stage managers, and drama leaders in touring children's theatre productions; theatre with special populations. Additional hours required. May be repeated to maximum of 16 units.

422 Advanced Theatrical Makeup (3)  
Prerequisite: TA 322. Advanced techniques in creation and application of latex, polyurethane, and wax dental prosthetics for stage, television, and cinema; ventilation processes for beard and wig construction; experimental design of stylized nonrealistic makeup. Laboratory hours required.

426 Introduction to Stage Costuming (3)  
Prerequisites: Two dramatic literature courses. Basic principles of costume design and construction; historical survey of costumes from ancient to modern times as related to stage costume. Additional hours required.

427 Stage Costume Design (3)  
Prerequisite: TA 426. Theory and application of costume design and construction for stage; research methods, principles of design, dramatic analysis, rendering layout, and construction techniques. Additional hours required.

431 Introduction to Stage Scenery (3)  
Prerequisites: TAD 131, 132. Theory, practice of scenery design; physical stage, script, director demands; working drawings, models, sketches; perspective rendering. Additional hours required.

432 Stage Scenery Design (3)  
Prerequisite: TA 431. Advanced design problems, projects in design of drama, comedy, and musical theatre. Additional hours required.

434 Introduction to Stage Lighting (3)  
Prerequisites: TAD 131, 132. Theory and practice of lighting design; functions and properties of light on stage; basic electricity, optics, color; light plots and plans, lighting equipment and its use, control systems. Additional hours required.

435 Stage Lighting Design (3)  
Prerequisite: TA 434. Advanced problems in lighting design; projects in conception and execution of designs for the stage. Additional hours required.

441–443 Acting Studio I, II, III (3, 3, 3)  
Prerequisites: TA 341–343. Organic approach to the physical and emotional demands of acting. Admission by audition only. Each course may be repeated to maximum of 6 units.

441: Material from the American English Realist tradition.  
442: Material from the Early Realist tradition.  
443: Material from classical and Musical Theatre.

445 Principles of Directing I (3)  
Prerequisites: Completion of lower division requirements, TA 313 and TAD 339; or graduate standing. Introduction to the process of directing plays: script analysis, blocking, auditions, casting, design concepts, scheduling and conducting rehearsals, communication techniques for artistic collaboration, and presentation of scenework. Additional hours required.

446 Principles of Directing II (3)  
Prerequisites: Completion of lower division requirements, TAD 339, 439, and TA 445; or graduate standing. Advanced techniques of stage directing; developing of concept, style, and approaches to directing classical, modern, and nonrealistic plays; collaborative approaches working with actors and designers; scene presentations. Additional hours required.

447–449 Acting for Musical Theatre I, II, III (3, 3, 3)  
Performance approach to acting demands of musical theatre; characterization through voice, singing, speaking, movement, and scene study. Each course may be repeated once for credit. Suggested sequence: 447, 448, 449; however, none of the three courses is prerequisite to the others.

448: Beginning to rise of book musical (1940).  
449: The contemporary, avant garde (1967–present).

450 Principles of Directing III (3)  
Prerequisite: TA 446. Directing laboratory in which each director selects a one-act play to explore through script analysis and rehearsal, culminating in performance. May be repeated to maximum of 6 units.

454L,P Selected Topics in Theatre Arts (1–4)  
Prerequisite: Instructor consent and as needed for specific topic. Current topics of special interest to students in theatre arts as announced in Schedule of Classes.
459 Hispanic Play Production (3–4)  
(also listed as SPAN 459)  
Prerequisite: Intermediate Spanish. Introduction to major forms of Spanish drama; mechanics and production of a major work of Hispanic theatre. May be repeated to total of 12 units, of which maximum of 4 may apply toward major.

460 Studies in Selected Dramatists (1–4)  
Prerequisite: Two dramatic literature courses. Intensive study of one or several important dramatists; specific course content varies. May be repeated to maximum of 8 units as subject matter changes.

461 Nature of Dramatic Comedy (4)  
Prerequisite: TA 152 or a course in dramatic literature. Theory and techniques of comedy in literature and entertainment arts; emphasis on kinds of comedy in historical perspective.

462 Nature of Dramatic Tragedy (4)  
Prerequisite: TA 152. Stage tragedy from ancient Greece to present; major theories and kinds of tragedy, and evolution of tragic hero and heroine.

463 Shakespeare as Living Theatre (4)  
Prerequisites: TA 152; ENGL 417. History and theories involved in bringing Shakespeare’s drama to life on stage. Analysis of major plays in relation to their potential production in contemporary theatre.

464 Contemporary U.S. Theatre (4)  
Prerequisites: TA 311, 312, 313. Significant directors, designers, companies, playwrights, and plays in U.S. theatre since the 1960’s. Effects of government funding, Civil Rights movement, the international avant garde, and multiculturalism will be examined.

471 Theatre of the Avant-Garde (4)  
Prerequisite: TA 152. Translation studies in development of avant-garde in French-, German-, and English-speaking theatres. Emphasis on experimental drama as producible, living theatre.

472 History and Analysis of Lyric Theatre (4)  
Study and evaluation of lyric theatre from its origin to present; emphasis on development of form and style, analysis of representative works, emergence of American lyric theatre.

475 Dramaturgy (4)  
Prerequisites: TA 311, 312, 313; or consent of the instructor. The theory and practice of process, production, and institutional dramaturgy. Practical exercises with directors and playwrights.

476 Play Writing (4)  
Prerequisites: TAD majors must have completed all lower division requirements, TA 313 or instructor consent. Workshop in planning, preparing, and writing manuscripts for stage; emphasis on handling dramatic materials, play structure, characterization, and appropriate dialogue. May be repeated to a maximum of 8 units for credit.

477 Psychodrama (4)  
Prerequisites: Twelve units selected from following: TA 301; PSY 308, 412AB, 418AB. Theory and practice of psychodrama and role playing; experience in psychodrama sessions as protagonists, doubles, and auxiliaries; warm-ups, role reversal, soliloquy, and other techniques. May be repeated to maximum of 8 units.

478 Therapeutic and Educational Uses of Drama (4)  
Prerequisite: TA 301. Theory and practice of drama as a creative art in education and therapy: theatre games, video, photography, psychodrama, puppets and masks. May be repeated to a maximum of 8 units.

479 Life Scripts (4)  
Individual life programming employing drama therapy; effects of family/cultural messages on choices; writing and enactment of scenes revealing life scripts providing alternatives. Additional hours required. May be repeated to maximum of 8 units.

480 Cinema as a Dramatic Art (4)  
Comparative analysis of dramatic media, consideration of media as art forms; emphasis on “Great Films” series. May be repeated to a maximum of 8 units with instructor consent.

485 Children’s Film (4)  
Prerequisite: PSY 412A recommended. Instructional and aesthetic elements in films for preschool to adolescent children; film techniques, audience analysis, and development of a rationale for designating films appropriate for various age levels.

489 Advanced Creative Workshop (2)  
Prerequisite: Instructor consent. Active participation in student-generated, University-sponsored dramatic activities. Assignments may include acting, directing, playwriting, dramaturgy, design, choreography, or stage management. May be repeated a maximum of 6 units.

499 Undergraduate Directed Study (1–4)  
Prerequisite: Consent of an instructor to act as sponsor. Project selected in conference with sponsor prior to registration; progress meetings held regularly and final report submitted. May be repeated to a maximum of 12 units for credit.

Courses in Theatre Arts and Dance (TAD)  
Lower Division Courses

101 Introduction to Theatre Arts and Dance (1)  
Introduction to the fundamentals of performance training in theatre arts and dance in the university. Portfolio preparation. Additional hours required.

131 Stagecraft I (3)  
Technical theatre and dance practices developed in lectures, demonstrations, and workshop experience; basic tools and techniques of scenery construction; reading technical drawings; technical theatre procedures and organization. Additional hours required. CAN DRAM 12

132 Stagecraft II (3)  
Technical theatre and dance practices developed in lectures, demonstrations, and workshop experience: stage properties, drafting techniques, basic stage lighting, and sound effects. Additional hours required.

133 Stagecraft III (3)  
Introduction to basic materials, tools, construction techniques, costume paint and dye techniques, and wardrobe plotting used in costuming for the performing arts. Lecture 2 hours; laboratory 3 hours. Additional hours required.

149 Breath, Movement, Voice I (3)  
Fundamentals of vocal training for the performer with an emphasis on effective breathing techniques. Yoga, centering and alignment; awareness of and development of correct vocal production and placement; physical exercise. CAN DRAM 6.

316 Theatre and Dance in 20th Century Urban Contexts (4)  
Prerequisites: Completion of Basic Subject (Block A) and one course from Block C. Examines prominent 21st century dance and theatre artists, companies and venues in the context of their urban environments. Field work in Los Angeles includes visiting artists and attending local performances. GE Theme D
Graduate Level Courses in Theatre Arts (TA)

All 400-level courses in Theatre Arts (TA) may be applied toward master's degree requirements except the following, subject to limits established by the department and approval of the graduate adviser: TA 499.

Classified graduate standing is required for admission to all 500-level courses.

500 Graduate Research in Theatre (4)
Introduction to research techniques, critical approaches, play analysis, and performance criticism. Survey of current journals.

510 Projects in Teaching Theatre, Performance and Dance (1-4)
Planned preparation, ongoing supervision and critical evaluation of undergraduate theatre and dance courses taught by current graduate students. May be repeated to a maximum of 8 units.

511 Seminar: Special Studies in Theatre History (4)
Prerequisites: TA 311–313. Significant era or movement in theatre history. Specific subject announced in Schedule of Classes. May be repeated to a maximum of 8 units for credit.

512 Seminar in Asian Theater (4 Units)
An overview of the theory, history and practice of performance in Asia and the Pacific Islands from ancient times to the present.

541 Seminar: Theories of Acting (4)
Prerequisite: At least one upper division course in acting or directing. Major theories of acting from Diderot to present with special emphasis on origins, esthetics, and psychology of acting.

566 Seminar: Dramatic Theory (4)
Prerequisite: At least one upper division course in dramatic theory or dramatic literature. Backgrounds in theatrical art, analysis of aesthetic principles and content of theatre; selected problems in philosophy of dramatic art.

570 Seminar: Experimental Theatre (4)
Prerequisites: TA 471 plus an upper division course in dramatic literature and/or dramatic theory. Significant theatrical and dramatic theorists and practitioners who have influenced the search for new forms in 20th century performance.

572 Seminar: Topics in the Research of Performance Literature (4)
Research in performance literature; Survey of writings in various areas of contemporary dance and theatre scholarship; Emphasis on current journal publications. Individual research including abstracts, thesis proposals and/or chapters. The course may be repeated for a maximum of 8 units.

574 Theory in Theatre and Performance (4)
Theoretical approaches to, and critiques of, identity, meaning, representation and power as these emerge in and affect theatre studies. Includes primary and secondary sources that are theatre specific.

577 Seminar: Drama Therapy Techniques (4)
Prerequisite: TA 478. Advanced psychodramatic and projective drama therapy techniques exploring video, photography, puppetry, face painting, sand play, masks, and other creative media. May be repeated to maximum of 8 units.

578 Seminar: Drama Therapy Assessment and Treatment (4)
Theories of drama therapy, research, assessment, diagnosis, and treatment interventions. May be repeated to maximum of 8 units.
579 Seminar: Case Studies in Drama Therapy (4)
Prerequisites: TA 478, 479. Advanced theories and techniques of drama therapy applied to individual casework. May be repeated to maximum of 8 units.

594 Field Work/Internship Drama Therapy (1-4)
Prerequisite: TA 478. Independent supervised field experience in drama therapy internships with individuals, groups, and families. May be repeated to maximum of 16 units.

595 Graduate Performance (1–4)
Prerequisite: Consent of graduate adviser. Demonstration of graduate level proficiency in a major performance situation; research or analytical written project directly related to performance. May be repeated to maximum of 4 units.

596 Comprehensive Examination (0)
See the Comprehensive Examination in the requirements for the (Masters) Degree section of this chapter.

598 Graduate Directed Study (1–4)
Prerequisite: Instructor consent to act as sponsor. Independent study of advanced topics in field; regular conferences with sponsor. May be repeated to a maximum of 12 units for credit.

599 Thesis or Project (1–6)
Prerequisites: Advancement to candidacy, instructor consent to act as sponsor, departmental approval of topic prior to registration. Independent research resulting in a thesis or project. May be repeated to maximum of 6 units. Graded CR/NC.

Youth Agency Administration at Cal State L.A. provides a unique opportunity for students interested in nonprofit administration careers to receive a specific, practical, educational emphasis. In addition to the course work and internship required for completion of the Youth Agency Administration certificate program (listed below), the program affords participants many other services and opportunities. Among these are the Student Association, conferences and seminars, personal counseling, career placement, an annual retreat, and independent study.

The Faculty

Program Director: Anne Larson.
The faculty for the program is interdisciplinary in nature, representing the various departments whose courses comprise the certificate program offered. The program is coordinated by the program director.

Undergraduate Programs

Certificate Program in Youth Agency Administration

This credit certificate program, which prepares individuals for careers in nonprofit management, requires a minimum of 36 units, selected in consultation with the Youth Agency Administration director. The program includes course work in four major areas and an internship designed specifically for the program.

Students should plan their program with careful attention given to prerequisites for upper division courses. Refer to the Undergraduate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

Non-matriculated students enrolled through Extended Education are required to complete at least one designated diversity course in order to receive the certificate.

*Social Work Majors only
List of Courses (YAA) - Undergraduate Level

Lower Division Course
290 Introduction to Youth Agency Administration (4)
History, philosophy, programs, and organization of the major national voluntary youth service agencies from a professional management perspective; role of the professional executive; the nature of volunteerism. Required field visits.

Upper Division Courses
467 The Third Sector and Nonprofit Organizations (4)
(also listed as POLS 467)
Starting and managing nonprofit enterprises; differences between public, nonprofit, and for-profit organizations; nature and scope of the third sector; grant writing project.

490 Volunteer Management and Fund-Raising (4)
Prerequisite: YAA 290. Development of executive skills in managing volunteers and raising funds for youth-serving agencies; sources and techniques of financial development for community agencies; management of voluntary staff and directorial boards.

495 Directed Field Experience (4–6)
Prerequisites: YAA 290, instructor consent, agency acceptance. Student placement to provide experience under supervision in a youth agency; individual evaluative conferences. Graded CR/NC.

499 Undergraduate Directed Study (1–4)
Prerequisites: YAA 290, upper division standing, consent of a faculty sponsor, approval of program coordinator, approval of proposed project prior to registration, ability to assume responsibility for independent research and analysis. Project selected in conference with sponsor; progress meetings held regularly and a final report submitted. May be repeated to maximum of 16 units.
Faculty Lists

Full-time Tenured and Tenure-track Faculty

Emeriti Faculty
Bryant Alexander (1998) .......................... Associate Dean, College of Arts and Letters and Professor of Communication Studies

Chunsheng Bai (1998) .......................... Associate Professor of Communication Studies

D. Frank Bankston (1978) .......................... Associate Professor, University of Alabama at Birmingham

Janicemarie Allard (1970) .......................... Professor of Sociology

E. Frederick Anderson (1991) .......................... Professor of Social Work

Mohammad B. Ayati (1982) .......................... Professor of Information Systems

Mohammad Ala (1985) .......................... Professor of Management

Mohammad B. Ayati (1992) .......................... Professor of Anthropology

Mark Balagueur (1992) .......................... Professor of Philosophy

Listings corrected to June 15, 2007. Year in parentheses indicates year of appointment as a full-time tenure-track faculty member.

Full-time Tenured and Tenure-track Faculty
Deborah R. Baskin (1995).................................Professor of Criminal Justice and Criminology
B.A., 1975, State University of New York-Buffalo; M.S., 1976, Northeastern University; Ph.D., 1984, University of Pennsylvania

Jon Beaupré (2002).................................Assistant Professor of Broadcasting

Gerald Beer (1971)...............................Professor of Mathematics
B.A., 1967, University of California, Santa Barbara; M.A., 1969, Ph.D., 1971, University of California, Los Angeles

William Belan (1982).................................Professor of Music
B.M., 1972, University of California, Los Angeles; M.M., 1975, University of Tulsa; D.M.A., 1984, University of Oklahoma

Theodore S. Bell (1998)......................Chair and Professor of Psychology
B.M., 1977, M.A., 1981, University of Louisville; Ph.D., 1986, University of California, Los Angeles

Beryl L. Bellman (1989)............................Professor of Communication Studies
B.A., 1964, M.A., 1966, University of California, Los Angeles; Ph.D., 1971, University of California, Irvine

Dolores Beltran (2003)..........................Assistant Professor of Education
B.A., 1976, Pacific Oaks College; Ph.D., 2004, University of Southern California

Jeffrey W. Benedict (1989)..................Professor of Music
B.Mus., 1980, M.A., 1982, University of Denver; D.M.A., 1992, University of Texas, Austin

Blair J. Berkley (1995).............Professor of Management
B.S., 1979, Ohio State University; M.B.A., 1980, M.A., 1985, University of Arizona; Ph.D., 1988, University of Southern California

Luís Bermudez (2002)..........................Assistant Professor of Art

Enrique Berumen (1997).....................Associate Professor of Broadcasting
B.A., 1988, University of California, Santa Cruz; M.F.A., 1991, University of Southern California

Sherwood Best (1993)......................Professor of Education
B.A., 1973, Pitzer College; M.A., 1980, California State University, Los Angeles; Ph.D., 1995, University of California, Riverside

Talia Bettcher (2000)..........................Associate Professor of Philosophy
B.A., 1991, York University, Canada; Ph.D., 1999, University of California, Los Angeles

Jeffrey Beyon (2002).......................Associate Professor of Electrical and Computer Engineering
B.S., 1989, Kyung Hee University, Korea; M.S., 1992, University of Wisconsin-Madison; Ph.D., 1997, Pennsylvania State University

Jens D. Biermeir (1985).....................Professor of Marketing
B.S., 1974, Fachhochschule of Cologne, Germany; M.B.A., 1977, Ph.D., 1982, University of Essen, Germany

Loretta Birkhead (1987).....................Professor of Nursing

Kim M. Bishop (1993). Chair and Professor of Geological Sciences
B.S., 1979, University of California, Los Angeles; M.S., 1985, California State University, Northridge; Ph.D., 1994, University of Southern California

Wayne W. Bishop (1971)..................Professor of Mathematics
B.A., 1964, University of Northern Iowa; M.A., 1967, Northwestern University; Ph.D., 1971, Western Michigan University

Carol Blaszczyński (1997)............Professor of Information Systems
B.S., 1978, M.A., 1982, California State University, Los Angeles; Ph.D., 1997, Claremont Graduate School

Alan J. Bloom (1981).........................Professor of Broadcasting
B.A., 1973, Sonoma State College; M.F.A., 1975, California College of Arts and Crafts

Cristina Bodinger-de Uriarte (1994)........Professor of Sociology
B.A., 1978, Yale University; Ph.D., 1989, Harvard University

Daniel Borough (2002).....................Assistant Professor of Geography

Maria Kathleen Boss (1988)...............Professor of Finance and Law
B.A., 1965, University of California, Davis; J.D., 1974, University of California, Hastings College of Law; Admitted to the Bar, 1974, California

Roger R. Bowers (1972)..................Professor of Biological Sciences
B.S., 1966, Creighton University; M.S., 1968, Ph.D., 1971, University of Nebraska

Scott Bowman (1997).......................Associate Professor of Political Science
B.A., 1971, University of California, Berkeley; M.A., 1974, Ph.D., 1989, University of California, Los Angeles

Barbara Ann Boyer (1989)..................Professor of Art
B.S., 1958, State University of New York, College at Buffalo; M.A., 1968, California State College, San Jose; Ph.D., 1980, University of Oregon

James Brady (1998).........................Associate Chair of Anthropology and Associate Professor of Anthropology
B.A., 1970, University of California, Berkeley; M.A., 1974, California State College, Los Angeles; Ph.D., 1989, University of California, Los Angeles

Scott Breivold (2000).......................Associate Librarian
B.A., 1985, Minnesota State University-Moorhead; M.L.S., 1986, University of Wisconsin-Madison

Dwan M. Bridges (1991).....................Professor of Kinesiology
B.S., 1975, M.Ed., 1976, Louisiana State University; M.S., 1984, Loyola University, Louisiana; Ph.D., 1992, Ohio State University

Martin G. Brodwin (1988)..................Professor of Education
B.A., 1966, University of California, Los Angeles; M.S., 1969, California State College, Los Angeles; Ph.D., 1973, Michigan State University

Gary Brookfield (2003)..........................Assistant Professor of Mathematics
B.S., 1978, M.S. 1981, University of British Columbia Vancouver; Ph.D., 1997, University of California Santa Barbara

Karin A. Elliott Brown (1998)............Director, School of Social Work and Professor of Social Work
B.S.W., 1984, Cornell University; M.S.W., 1986; M.A., 1988, Ph.D., 1990, University of Michigan

Elizabeth R. Bryant (1990)..................Professor of Art

Lawson Bush (2002)............................Professor of Education

Mary E. Bush (1993).........................Professor of English

Valerie Talavera-Bustillos (2003).............Assistant Professor of Chicano Studies
B.A., 1992, University of California, Irvine; Ph.D., 1998, University of California, Los Angeles

John Butler (1988)............................Professor of Art
Fary M. Cachelin (1997) ........................... Professor of Psychology  

Naomi J. Caiden (1993) ....................... Professor of Political Science  
B.S., 1959, University of London; M.A., 1966, Australian National University (Canberra); Ph.D., 1978, University of Southern California

Randy Marion Caine (1998) .................. Professor of Nursing  
B.S.N., 1969, University of Miami; M.S., 1973, Hunter College of the City University of New York; Ed.D., 1989, Pepperdine University

Michael A. Calabrese (1994) ............... Professor of English  

Laura Calderon (1993) ......................... Professor of Nutritional Science  
B.A., 1972, M.A., 1982, California State University, Los Angeles; Dr.P.H., 1992, Loma Linda University

Evelyn Ruiz Calvillo (1990) .................. Professor of Nursing  
B.S., 1983, University of Texas at Galveston; M.S., 1986, Loma Linda University; D.N.Sc., 1991, University of California, Los Angeles; R.N., Texas, 1964, California, 1984

Randy V. Campbell (1991) .................... Chair, Special Education and Counseling, and Professor of Education  

Roberto Cantú (1976) ......................... Professor of Chicano Studies and English  

Sandra E. Card (1989) ........................ Systems Librarian  

Desdemona Cardoza (1988) .................. Provost and Vice President for Academic Affairs and Professor of Psychology  
B.A., 1975, University of California, Berkeley; M.A., 1979, Ph.D., 1982, University of California, Riverside

Samantha Carrington (1986) ............... Associate Professor of Economics and Statistics  
B.A., 1974, National University of Iran; M.A., 1981, Ph.D., 1985, University of California, Santa Barbara

Michael J. Carter (1990) .................... Associate Professor of Education  
B.A., 1979, University of California, Los Angeles; M.A., 1982, California State University, Northridge; MFCC, 1984, Ph.D., 1993, University of California, Los Angeles

Susan B. Cash (1991) ....................... Assistant Vice President for Academic Affairs and Professor of Art  
B.A., 1980, California State University, Fullerton; M.F.A., 1982, University of California, Irvine

B. Eng., 1972, National Taiwan University, Taiwan; M. Eng., 1975, University of Toronto, Canada; M.B.A., 1979, Ph.D., 1983, University of Houston

Lena Chao (1993) ............................... Professor of Communication Studies  

Hema Chari (1992) ............................ Chair and Professor of English  
M.A., 1988, Ph.D., 1992, University of Southern California

Choi Chatterjee (1994) ...................... Associate Professor of History  

Anna Chee (1998) ......................... Associate Professor of Education  
B.A., 1986, California State University, Los Angeles; M.S., 1995, University of Southern California

Li-Hsueh Chen (1998) ...................... Associate Professor of Economics and Statistics  
B.A., 1992, National Taiwan University; M.A., 1995, Ph.D., 1998, University of Michigan

Pearl Chen (2002) ......................... Assistant Professor of Education  
B.S., 1984, Chinese Culture University, Taiwan, M.S., 1992, Ph.D., 1999, Kansas State University, Manhattan

Patricia A. Chin (1989) .................... Director, School of Nursing and Professor of Nursing  
B.S.N., 1979, M.S.N., 1984, California State University, Los Angeles; D.N.S., 1992, University of San Diego

Mikyung Mika Cho (1991) ................. Professor of Art  

Doris A. Christopher (1990) ............. Associate Dean for Student Services, College of Business and Economics  

Margaret D. Clark (1999) ................. Associate Professor of Education  
B.A., 1980, M.A., 1983, California State University, Los Angeles; Ph.D., 1998, University of California, Los Angeles/California State University, Los Angeles

Steven D. Classen (2000) .............. Associate Professor of Communication Studies  
B.A., 1978, Biola University; M.A., 1986, University of Oregon; Ph.D., 1995, University of Wisconsin

John L. Cleman (1971) .................... Professor of English  

David N. Connors (1990) ................. Chair and Professor of Music  

Randolph Cooper (2001) .................. Assistant Professor of Mathematics  
B.S., 1992, California State University, Los Angeles; Ph.D., 1996, University of California, Los Angeles

Constance S. Corley (2001) ............ Professor of Social Work  

Andrew Cornwell (1997) ................. Associate Professor of Kinesiology  

Maria Dolores Costa (1992) ............ Professor of Spanish  
B.A., 1985, M.A., 1987, Kent State University; Ph.D., 1992, University of Massachusetts

Anthony Cox (2002) ....................... Assistant Professor of Communication Studies  

Valentino Crespi (2003) .................. Assistant Professor of Computer Science  
Laurea Degree, 1992, Ph.D., 1997, University of Milan

Susan Crimmins (2000) ................... Professor of Social Work  
B.S., 1977, Northeastern University; M.S.W., 1984, Hunter College, M. Phil., Ph.D., 1995, City University of New York, John Jay College of Criminal Justice

Cheryl A. Cruz (1992) ..................... Professor of Accounting  
B.S., 1969, University of Massachusetts; M.B.A., 1975, Northeastern University; J.D., 1978, University of California, Los Angeles; M.B.T., 1988, University of Southern California; C.P.A., California; Member, State Bar of California
Fred Daneshganar (1987) ...........................................Chair and Professor of Electrical Engineering
B.S., 1983, M.S., 1985, California State University, Los Angeles; Ph.D., 1992, University of California, Los Angeles

Abbas Daneshvari (1982) ...........................................Professor of Art
B.S., 1969, California State College, Hayward; M.A., 1971, University of Massachusetts; Ph.D., 1977, University of California, Los Angeles

Rebecca L. Davis (1990) ...........................................Associate Professor of Art
B.S., 1977, University of Delaware; Ph.D., 1984, University of Maryland

Ralph W. Dawson (1968) ..............................................Counselor
B.A., 1968, California State College at Los Angeles; M.P.A., 1974, University of California, Los Angeles

Paul De Castro (1997) ...........................................Associate Professor of Music
B.A., 1989, M.A., 1992, California State University, Los Angeles; D.M.A., 2002, University of Texas at Austin

Ray D. de Leon (2001) ...........................................Associate Professor of Kinesiology
B.S., 1990, Ph.D., 1998, University of California, Los Angeles

Roger Delgado (1979) ...........................................Professor of Social Work
B.S., 1967, Brigham Young University; M.S.W., 1970, University of Texas; Ph.D., 1984, University of Southern California

D. Robert DeChaine (2004) ...........................................Associate Professor of Liberal Studies

Robert A. Desharnais (1988) ......................................Professor of Biological Sciences
B.A., 1976, University of Massachusetts at Boston; M.S., 1979, Ph.D., 1982, University of Rhode Island

Mustafah Dhada (2005) ...........................................Dean, Extended Education and Professor of Pan African Studies

Mary L. Diaz (1977) ..............................................Counselor
B.A., 1971, San Fernando Valley State College; M.S.W., 1973, San Diego State College; Ph.D., 1994, Claremont Graduate School

Melvin Donalson (2004) ...........................................Associate Professor of English

Jianyu (Jane) Dong (2002) ...........................................Assistant Professor of Electrical and Computer Engineering
B.S., 1995, M.S., 1998, University of Science and Technology, China; Ph.D., 2002, Ohio State University

Adelaide Doyle-Nichols (1999) ......................................Associate Professor of Education
B.A., 1981, M.A., 1990, California State University, Los Angeles; Ph.D., 1997, University of Southern California

Elaine Draper (2002) ...........................................Assistant Professor of Sociology
B.A., 1976, University of California, Santa Cruz; M.A., 1979, Ph.D., 1985, University of California, Berkeley

Ellen A. Drost (2006) ...........................................Assistant Professor of Management

Domnita Dumitrescu (1987) ...........................................Professor of Spanish
Diploma, University of Bucharest, Rumania; M.A., 1987, Ph.D., 1990, University of Southern California

Carol M. Dunn (1981) ...........................................Director of Intercollegiate Athletics

Pamela Dunne (1974) ...........................................Professor of Theatre Arts
B.A., 1967, University of California, Los Angeles; M.A., 1970, University of Washington; Ph.D., 1974, Florida State University

Ramani S. Durvasula (1999) ......................................Associate Professor of Psychology
B.S., 1988, University of Connecticut; M.A., 1993, Ph.D., 1997, University of California, Los Angeles

Tim Ebner (2001) ...........................................Associate Professor of Art

John Eichinger (1992) ...........................................Professor of Education
B.S., 1974, M.S., 1980, California State Polytechnic College, Pomona; Ph.D., 1990, Claremont Graduate School

Mitchell L. Eisen (1997) ...........................................Professor of Psychology
B.A., 1983, University of New Mexico; M.A., 1987, University of Chicago; Ph.D., 1993, University of Miami

Marilyn R. Elkins (1991) ...........................................Professor of English
B.A., 1964, Tennessee Technological University; M.A.T., 1968, University of Tennessee at Chattanooga; M.A., 1970, Vanderbilt University; Ph.D., 1991, University of North Carolina at Chapel Hill

Rafik Z. Elias (2003) ...........................................Associate Professor of Accounting
B.S., 1991, Rutgers University-New Jersey; M.S., 1993; Long Island University; Ph.D., 1997, Louisiana Tech University

El-Hussein E. El-Masry (2002) ...................................Assistant Professor of Accounting
Bachelor of Management Science, 1993; Sadat Academy for Management Science (Egypt); M.B.A., 1996; University of Memphis; Ph.D., 2003, University of Florida

Joel Ellwanger (2002) ...........................................Assistant Professor of Psychology

Christopher Enby (2000) ...........................................Associate Professor of History

Carmen Susan Escoto-Lloyd (2005) ................................Assistant Professor of Nursing
B.S.N. 1987, Mount St. Mary's College, M.S.N., 1991, University of California, Los Angeles; Ph.D., 2005, University of California, Los Angeles

Sergio Escorza-Trevino (2002) .......................................Assistant Professor of Biological Sciences
B.A., 1990, University of La Laguna (Spain); Ph.D., 1998, University of California, San Diego

Dionne Espinoza (2002) ...........................................Associate Professor of Chicano Studies

Stephanie Evans (1987) ...........................................Professor of Education

Neda S. Fabris (1979) ...........................................Professor of Mechanical Engineering
Diploma Engineering, 1965, University of Sarajevo, Bosnia and Herzegovina; M.S., 1972, Ph.D., 1976, Illinois Institute of Technology

Mary A. Falvey (1980) ...........................................Dean, Charter College of Education and Professor of Education
B.A., 1972, California State University, Sacramento; M.A., 1977, San Francisco State University; Ph.D., 1980, University of Wisconsin-Madison

Hsing Fang (1987) ...........................................Chair and Professor of Finance and Law
B.A., 1974, National Taiwan University; M.A., 1977, National Chengchi University; Ph.D., 1986, Arizona State University

Jennifer Faust (1993) ...........................................Professor of Philosophy
B.S., 1986, Spring Hill College; M.A., 1988, Ph.D., 1995, University of Illinois, Chicago

Diane Fazzi (1992) ...........................................Professor of Education
B.S., 1983, Kutztown University of Pennsylvania; M.Ed., 1984, University of Arkansas; Ph.D., 1993, California State University, Los Angeles;University of California, Los Angeles

Eleanor Ferguson-Marshalleck (1991) ................................Associate Dean, College of Health and Human Services and Professor of Nursing
Carlos G. Gutiérrez (1976) .................. Professor of Chemistry
B.S., 1971, University of California, Los Angeles; Ph.D., 1975, University of California, Davis

Diane Haager (1992) ....................... Professor of Education
B.S.Ed., 1976, Miami University; M.Ed., 1986, University of Miami; Ph.D., 1992, University of Wisconsin

Kristina Hackel (2004) ...................... Assistant Professor of Communication Studies
B.A., 1992, Case Western Reserve University, M.A., 1997, University of California, Los Angeles

Carlos G. Gutiérrez (1998) ................. Dean, College of Business and Economics and Professor of Finance and Law

C.R.D. Halsi (2001) ......................... Chair and Professor of Pan African Studies
B.A., 1971, California State Polytechnic University, Pomona; M.A., 1973, Ph.D., 1988, University of California, Los Angeles

Cheryl K. Hannan (2006) ................... Assistant Professor of Education
B.A., 1995, University of California, Irvine; M.A., 1999, San Francisco State University

Grady Hanrahan (2003) .................... Assistant Professor of Chemistry
B.S., 1991, Indiana State University; M.S., 1996, Southern Illinois University; Ph.D., 2001, University of Plymouth, England

Kathryn S. Hansen (1998) .................. Associate Professor of Accounting

Catherine Marley Haras (2005) ........... Information Literacy Coordinator
B.S., 1981, Boston University; M.L.I.S., 2002, University of Washington

Clifford D. Harper (1982) .................. Professor of Theatre Arts
B.A., 1962, University of Illinois; M.A., 1969, Ph.D., 1972, St. Louis University

Hassan Hashemian (1980) .................. Professor of Civil Engineering
B.S., 1972, M.S., 1974, University of Wisconsin; Ph.D., 1981, University of California, Berkeley; Registered Professional Civil Engineer, 1982, Wisconsin

Michelle Hawley (1999) .................... Associate Professor of English

Rick Stephan Hayes (1990) ................. Professor of Accounting

Haihong He (2004) ......................... Assistant Professor of Accounting
B.A., 1993, Anhui Institute of Financial & Trade (China); M.A., 1996, Xiamen University (China); Ph.D., 2004, University of Connecticut

Michael J. Henderson (1994) .............. Associate Professor of Art
B.F.A., M.F.A., 1972, Otis Art Institute

Anthony Cruz Rivera Hernandez (1999) .... Associate Professor of Education
B.A., 1980, University of California, Riverside; M.A., 1983, Ph.D., 1990, University of California, Los Angeles

Ester Hernandez (2002) .................... Assistant Professor of Chicano Studies

Grace Shizuko Herrera (1990) .............. Professor of Theatre Arts
B.A., 1979, M.A., 1991, California State University, Los Angeles

Denise C. Herz (2002) ..................... Professor of Criminal Justice

Silvia P. Heubach (1994) ................. Professor of Mathematics
B.A., 1983, M.S., 1986, University of Ulm, Germany; M.S., 1989, Ph.D., 1992, University of Southern California

Barry Hibbs (1997) ......................... Associate Professor of Geological Sciences
B.S., 1985, Arizona State University; M.S., 1989, University of Nebraska-Lincoln; Ph.D., 1993, University of Texas at Austin

Michael J. Hoffman (1981) ................. Professor of Mathematics
B.S., 1970, Massachusetts Institute of Technology; M.A., 1973, Ph.D., 1979, University of California, Berkeley

Deborah Holland (1997) ................... Associate Professor of Music
B.A., 1976, Mason Gross School of the Arts; M.M., 1996, California State University, Los Angeles

George K. Hong (1990) .................... Professor of Education

Jai Hong (2002) ............................. Associate Professor of Technology

Lawrence K. Hong (1970) .................. Professor of Sociology

Mohammed (David) I. Hossain (2003) ........ Assistant Professor of Accounting
B.S., 1984, Texas A&M University; M.S., 1986, Texas A&M University; Ph.D., 2003, State University of New Jersey, Rutgers Newark

H. Rika Houston (1997) .................... Assistant Professor of Marketing
B.S., 1987, Kansas State University; M.B.A., 1990, California State University, Long Beach; Ph.D., 1997, University of California, Irvine

Lih-Min Hsia (1983) ......................... Professor of Mechanical Engineering
B.S., 1970, National Taiwan University; M.S., 1973, M.Eng., 1974, Cornell University; Ph.D., 1979, University of California, Davis; Registered Professional Mechanical Engineer, 1982, California

Edward W. T. Hsieh (1989) ............... Chair and Professor of Economics and Statistics
B.A., 1978, National Taiwan University; Ph.D., 1988, University of Houston

Kylie Hsu (1997) ............................. Professor of Chinese
B.A., 1980, University of Michigan; M.A., 1994, California State University, Northridge; Ph.D., 1996, University of California, Los Angeles

Adam S. Huarrng (1999) ................. Professor of Information Systems
B.A., 1982, Tunghai University, Taiwan; M.S., 1985, United States International University; Ph.D., 1993, University of Memphis

Cynthia Hughes (2000) .................... Professor of Nursing

Martin Huld (1998) ......................... Associate Professor of English
B.A., 1972, California State University, Los Angeles; Ph.D., 1979, University of California, Los Angeles

Nancy A. Hunt (1981) ...................... Associate Professor of Education
B.A., 1970, Canisius College; M.A., 1971, Teachers’ College, Columbia University; Ph.D., 1982, University of Southern California

Richard W. Hurst (1978) ................. Professor of Geological Sciences
B.S., 1970, State University of New York at Stony Brook; Ph.D., 1975, University of California, Los Angeles

Anh-Luu T. Huyn-Hohnbaum (2003) ........ Assistant Professor of Social Work
B.A., 1995, Occidental College, Los Angeles; M.S.W., 1999, CSU, Long Beach; Ph.D., 2003, University of California, Los Angeles

Peter J. Ivory (2004) ..................... Assistant Professor of Communication Disorders
B.A., 1975, University of California, Santa Barbara; M.S., 1978, University of Wisconsin-Stevens Point; Ph.D., 1983, University of Kansas
Alicia Izquierdo-Edler (2006) ........ Assistant Professor of Psychology
B.S., 1996, Emory University; Ph.D., 2002, The George Washington University

Blake Jackson (2001) ............ Associate Professor of Communication Studies
B.F.A., 1984, Tulane University; M.F.A., 1991, University of Southern California

Tyrone W. Jackson (2003) .......... Associate Professor Marketing
B.A./B.S., 1979, Morgan State University; M.S., 1982, Yale University; Ph.D./M.S., 1995, University of California, Berkeley

Pera Jambazian (1997) .......... Associate Professor of Nutritional Science
B.S., 1981, California Lutheran University; M.S., 1988, California State University, Northridge; Dr.P.H., 2003, Loma Linda University

Marianne L. James (1998) ....... Associate Professor of Accounting

Manisha Javeri (2003) ............. Assistant Professor of Education
B.S., 1989; M.S. 1992; B.A. 1993, University of Bombay; Ph.D., 2003, University of Northern Colorado

Carol S. Jeffers (1993) ............... Professor of Art

Margaret Jefferson (1977) .......... Professor of Genetics
B.S., 1969, University of Dubuque; M.A., 1971, University of Colorado; Ph.D., 1977, University of Arizona

Donald J. Johnson (2003) ........ Assistant Professor of Criminal Justice and Criminology
B.S., 1961, Springfield College; M.A., 1969, William Patterson University; Ed.D., 1985, Rutgers University

Albert F. Jones (1999) ............. Associate Professor of Education

Steven S. Jones (1983) ............. Chair, Liberal Studies and Professor of English
B.A., 1971, Haverford College; M.A., 1974, Ph.D., 1979, University of California, Davis

Rebecca Joseph (2003) ............ Assistant Professor of Education
B.A., 1995, Harvard University; M.A., 1994, Towson State University

Lorie H. Judson (1997) ............ Associate Professor of Nursing
B.S.N., 1973, University of Wisconsin; M.N., 1976, University of California, Los Angeles; Ph.D., 2002, University of San Diego

Lia Kamhi-Stein (1997) .......... Professor of Education
B.A., 1979, Salvador University, Argentina; M.A., 1991, California State University, Los Angeles; Ph.D., 1995, University of Southern California

Terry R. Kandal (1968) ............ Professor of Sociology

Susan W. Kane (2001) ............ Associate Professor of Music

Tanya Kane-Parry (2001) ........ Associate Professor of Theatre Arts

Eun-Young Elaine Kang (2004) .... Assistant Professor of Computer Science
B.S., Sejong University, 1992, M.S., Hongik University, 1995, Ph.D, 2003,University of Southern California

Richard H. Kao (1983) ............ Chair and Professor of Marketing
B.C., 1964, National Chengchi University, Taiwan; M.B.A., 1971, Michigan State University; Ph.D., 1978, University of Michigan

Maria Karafilis (1999) ............ Associate Professor of English
B.A., 1990, University of California, Berkeley; M.A., 1993, University of Maryland at College Park; Ph. D., 1999, University of Maryland at College Park

Kamran Karimlou (1984) .......... Professor of Electrical and Computer Engineering
B.S., 1977, University of Sussex, England; M.S., 1978, University of North Wales; Ph.D., 1984, University of Southern California

Alice K. Kawakami (2006) ........ University Librarian

Valerie C. Kehm (1979) .......... Associate Professor of Family Studies and Consumer Sciences
B.S., 1967, M.S., 1971, University of Nebraska; Ph.D., 1977, Pennsylvania State University

Michael J. Kelly (1997) .......... Professor of Engineering
B.A., 1955, Marist College; B.S., M.S., 1961, Catholic University of America; Ph.D., 1968, University of Detroit

John M. Kennedy (1996) ........ Professor of Music

Robert Kennison (2006) .......... Assistant Professor of Education
B.A., 1986, California State University, Fullerton; M.A., 1991, California State University, Fullerton; Ph.D., 2000, Claremont Graduate University

Ryan Kettler (2005) ............... Assistant Professor of Education

Crist S. Khachikian (1999) ....... Associate Professor of Civil Engineering
B.S., 1995, University of California Los Angeles; M.S., 1996, Massachusetts Institute of Technology; Ph.D., 1999, University of California, Los Angeles

Nazareth Khodigian (1990) ....... Director, School of Kinesiology and Nutritional Science and Professor of Kinesiology
Diploma, 1973, Armenian State Institute of Physical Education; Ph.D., 1986, University of Southern California

George B. Killinger (1982) .......... Associate Professor of Electrical and Computer Engineering
B.S.E.E., 1955, M.S.E.E., 1958, Ph.D., 1968, University of Pittsburgh

Hyojung Kim (2006) ............... Assistant Professor of Sociology

Ik-suk Kim (2003) .................. Assistant Professor of Marketing
B.A., 1986, Hang Yang University (Korea); M.S., 1989, Han kuk University of Foreign Studies (Korea); M.S., 1994, University of Pittsburgh; M.E., 1997, Purdue University; Ph.D., 2001, Purdue University

Lori Yoonkung Kim (1992) ........ Professor of Education
B.S., 1979, University of California, Los Angeles; M.S., 1987, Ph.D., 1992, University of Southern California

Neung-Jip Kim (1988) .......... Associate Professor of Accounting

Sun K. Kim (1964) ............... Professor of Economics and Statistics
B. Comm., 1956, Seoul National University, Korea; A.M., 1959, University of Missouri; Ph.D., 1966, University of Southern California

Taewon Kim (1987) ............... Professor of Finance and Real Estate
B.A., 1974, Yonsei University, Korea; M.A., 1982, Ph.D., 1986, University of Georgia

Ui-jing Kim (2002) ............... Assistant Professor of Education
B.S., 1987, Pusan National University, Korea, M.A., 1993, Ph.D., 2000, University of Texas, Austin
Timothy C. Lim (1997) ............ Associate Professor of Political Science
University; Ph.D., 1996, University of Hawaii, Manoa

Rina Ling (1976) ......................... Professor of Mathematics
B.S., 1970, M.S., 1972, Ph.D., 1976, University of Illinois

Ethan B. Lipton (1984) ..................... Associate Vice President
for Academic Affairs, Planning and Resources
and Professor of Technology
B.A., 1976, M.A., 1983, California State University, Los Angeles;
Ph.D., 1990, University of Southern California

Charles Liu (1999) ....................... Associate Professor of Electrical
and Computer Engineering
B.S., 1991, National Taiwan University, Taiwan; M.S., 1994, Ph.D.,
1998, University of Southern California.

Daphne Liu (1991) ....................... Professor of Mathematics
B.S., National Central University, Taiwan; Ph.D., University of South
California

Jun Liu (1992) .............................. Professor of English
B.A., 1975, Xi'an Foreign Languages University, People's Republic
of China; Postgraduate Certificate in Translation (M.A., equivalent),
1981, United Nations Postgraduate Translation Program, Beijing
Foreign Languages Institute, People's Republic of China; M.A., 1987,
Ph.D., 1992, University of Massachusetts

Paul Cheng-Hsin Liu (2000) ............ Professor of Technology
B.S., 1980, Tunghai University in Taiwan; M.S., 1984, University
of Oklahoma; Ph.D., 1990, Auburn University

Tony Longson (1986) ....................... Professor of Art
B.A., 1971, Reading University, England; (M.A., equivalent)
Bicentennial Arts Fellow, England, 1981

Yafen Lo (2003) ......................... Assistant Professor of Child and Family Studies
B.A., 1987, Chinese Culture University, Taiwan; M.A., 1994, Ph.D.,
1999, Ohio State University

Jean Loo (1985) ......................... Professor of Finance and Law
B.A., 1976, National Taiwan University, Taiwan; M.A., 1978,
University of Cincinnati; Ph.D., 1984, Ohio State University

Edward Lopez (2005) ..................... Assistant Professor of Child
and Family Studies
B.A., 1990, California State University Northridge; M.A., 1994,
Ph.D., 1999, University of California, Santa Cruz

Stephen K. Ma (1990) ..................... Professor of Political Science
B.A., 1966, Shanghai Institute of Foreign Languages; M.A., 1985,
Ph.D., 1994, University of Alberta, Canada

Kelly Madison (1994) ..................... Professor of Broadcasting
B.A., 1988, University of California, Los Angeles; M.A., 1991, Ph.D.,
1996, University of Southern California

Victor A. Manalo (2002) ............ Assistant Professor of Social Work
B.A., 1985, Marquette University; M.S.W, 1993, California State
University, Long Beach; Ph.D., 2001, University of Southern
California

Nancy J. Manasse (2001) ............ Associate Professor of Communication
Disorders
B.A., 1993, University of California, Santa Barbara; M.A., 1994,
University of the Pacific; Ph.D., 2001, University of Nebraska-Lincoln

Alejandra Marchevsky (1999) ........ Associate Professor of Liberal Studies
B.A., 1992, University of California at Berkeley; M.A., 1995, Ph.D.,
2004, University of Michigan, Ann Arbor

Paola Marin (2006) .................... Assistant Professor of Spanish
B.A., 1994, Universidad Javeriana, Colombia; M.A., 1996, Arizona
State University; Ph.D., 2002, University of Minnesota, Twin Cities

Chogollah Maroufi (1988) .......... Chair and Professor of Education
B.S., 1978, M.A., 1979, California Polytechnic State College, San
Luis Obispo; Ph.D., 1987, University of California, Los Angeles

Robert Martin (2005) .................. Chair and Professor of Art
B.S., 1978, Florida A&M University; M.F.A., 1981, University of Wisconsin

Susan Mason (1990) .................... Professor of Theatre Arts
B.A., 1979, San Jose State University; M.A., 1973, Idaho State
University; Ph.D., 1980, University of Oregon

Ashin Matin-agsari (2001) ............ Associate Professor of History
B.A., 1979, M.A., 1980, California State University, Los Angeles;
Ph.D., 1993, University of California, Los Angeles

Sachiko Matsunaga (1995) ... Chair MLL and Professor of Japanese
of Hawaii at Manoa

Brigitte Matthies (2003) ............ Assistant Professor of Psychology
Psychology B.A., 1983, Queens University, Canada; Ph.D., 1993,
McGill University, Canada

Don M. Maurizio (1979) ............. Professor of Technology
B.A., 1971, California State College, Los Angeles, M.A., 1979,
California State University, Los Angeles; Ed.D., 1983, United States
International University

Andrea P. Maxie (1986) .............. Acting Associate Dean and
Professor of Education
B.A., 1971, M.S., 1974, University of Southern California; Ph.D.,
1987, University of California, Los Angeles

David P. Mayo (2001) ....... Assistant Professor of Geological Sciences
B.M.E., 1982, University of Texas, Arlington; M.S., 1990, California
State University, Los Angeles; Ph.D., 1996, University of Southern
California

Alison McCurdy (2002) .............. Assistant Professor of Chemistry
B.S., 1987, University of Chicago; Ph.D., 1995, California Institute of
Technology

Mary Pat McEnrue (1981) ....... Chair and Professor of Management
B.A., 1975, Boston College; M.A., 1979, Ph.D., 1980, Wayne State
University

Stephen J. McGuire (2003) ....... Associate Professor of Management
B.A., 1982, Providence College; M.B.A., 1984, IESE University-
Navarro (Spain); Ph.D., 2003, The George Washington University

Carolyn Yvonne McIntosh (1992) .... Health & Human Services
Liaison Librarian
A.B., 1964, Clark College; M.L.S., 1974, Indiana University

Michael Locke McLendon (2003) ........ Assistant Professor of Political Science
University; Ph.D., 2001, University of Texas at Austin

Caroline H. McManus (1993) ........ Professor of English
B.A., 1982, Occidental College; M.A., 1986, University of Exeter,
England; Ph.D., 1992, University of California, Los Angeles

Nancy L. McQueen (1989) Chair and Professor of Biological Sciences
B.S., 1975, California State Polytechnic College, Pomona; Ph.D.,
1986, University of California, Los Angeles

Elaine Macleod (2006) ........ Assistant Professor of Education
B.A., 1976, M.A., 1981, California State University, Los Angeles;
Ph.D., 2001, University of Southern California

Leah Melber (2003) .................... Assistant Professor of Education
of California, Pepperdine; Ph.D., 2004, University of Southern California

Henry R. Mendell (1983) .............. Professor of Philosophy
A.B., 1971, Cornell University; M.A., 1974, Cambridge University,
England; Ph.D., 1986, Stanford University

Ramakrishnan Menon (2000) ........ Professor of Education
B.A., 1973, University of Malaya, Malaysia; M.A., 1983, University
of Northern Iowa, Ph.D., 1993, University of British Columbia, Canada

Holly Menzies (2002) ............ Assistant Professor of Education
B.A., 1987, California State University, Los Angeles, M.A., 1999,
University of California, Riverside
Pauline Mercado (1983)..........................Professor of Education
B.A., 1974, M.A., 1976, San Diego State University; Ph.D., 1983, University of California, Santa Barbara

Nancy Merritt (2006) ...................... Assistant Professor of Criminal Justice
B.S., 1983, M.S., 1987, Pennsylvania State University; Ph.D., 2006, Rutgers University

Andrew Keith Mew (1997) .............. Professor of Technology

Hrushikesh N. Mhaskar (1980) ........... Professor of Mathematics
B.S., 1974, Nagpur University, India; M.S., 1976, Indian Institute of Technology, India; M.S., 1977, Ph.D., 1980, Ohio State University

Darlene M. Michener (1985) ............. Professor of Education
B.S.Ed., 1979, Northern Illinois University; M.A., 1982, Ph.D., 1985, University of South Florida

Milan B. Milic (1991) ...................... Associate Professor of Physics
Diploma in Physics, 1979, Belgrade University, Yugoslavia; M.S., 1982, Ph.D., 1983, California Institute of Technology

Elizabeth Miller (1997) .................. Associate Professor of Anthropology

Joan Sabrina Mims (1987) ............... Professor of Education
B.A., 1977, University of Southern California; M.A., 1980, San Diego State University; Ph.D., 1988, Claremont Graduate School/San Diego State University

Majdedin Mirmirani (1981) ............ Chair and Professor of Mechanical Engineering
B.S., 1967, Tehran Polytechnic, Iran; M.S., 1971, Ph.D., 1977, University of California, Berkeley

Ali Modarres (1990) ...................... Professor of Geography and Urban Analysis

Madhu S. Mohaney (1990)............... Professor of Economics and Statistics
B.A., 1977, M.A., 1979, M.Phil., 1983, Utkal University, India; Ph.D., 1990, University of Wisconsin–Milwaukee

Jamil A. Momand (1999) ............... Associate Professor of Biochemistry
B.S., 1983, Ph.D. 1989, University of California, Los Angeles

Edward L. Monsour (2002) ............. Assistant Professor of Accounting

Jimmy Moss (2005) ...................... Assistant Professor of Art
B.F.A., 1988, Rhode Island School of Design; M.F.A., 1991, Yale School of Art

Margaret Moustafa (1997) .............. Professor of Education
B.S., 1963, University of Illinois; M.A., 1969, American University in Cairo; Ph.D., 1990, University of Southern California

Alan E. Muchlinski (1979)............... Chair and Professor of Biological Sciences
B.A., 1975, St. John’s University; Ph.D., 1979, Michigan State University

Stephen Mulherin (2000) .............. Associate Professor of Geography and Urban Analysis
B.A., 1985, State University of New York at Buffalo; M.A., 1995, University of Maryland; Ph.D., 1999, Ohio State University

Bridget Murnane (2005) ............... Assistant Professor of Broadcasting

Paul Jean Narguizian (2002) ......... Assistant Professor of Education
B.A., 1994, M.S., 1998 California State University, Northridge; Ed.D., 2002, University of Southern California

Karen Nielsen-Menicucci (2004) ...... Assistant Professor of Nursing
B.S., 1978, Loma Linda University; M.S., 1984 Loma Linda University; Ph.D., 2004, University of San Diego

Louis R. Negrete (1972) ............... Professor of Chicano Studies

Stephanie Jean Nelson (2000) ......... Professor of Technology
B.F.A., 1974, California Institute of the Arts; M.A., 1988, Ph.D., 1994, University of Southern California

ChorSwang Ngin (1993) ................ Chair and Professor of Anthropology, Director of Asian and American Studies
B.A., 1972, Wellesley College; M.A., 1975, Ph.D., 1985, University of California, Davis

Scott L. Nickolaisen (1994) .......... Professor of Chemistry
B.S., 1985, M.S., 1986, Utah State University; Ph.D., 1991, University of Southern California

Robert M. Nissen (2005) ............... Assistant Professor of Biological Sciences
B.A., 1993, University of California, Berkeley; Ph.D., 2000, University of California, San Francisco

Enrique C. Ochoa (1995) ............... Professor of History

Deborah M. Oh (2001) .................. Associate Professor of Education

David Olsen (1993) ...................... Professor of Speech Communication
B.A., 1984, Cedarville College; M.A., 1987, University of Virginia; Ph.D., 1993, Northwestern University

Teresa Portilla Omidsalar (1997) ...... Education Liaison Librarian
B.A., 1977, California State University; M.L.S., 1979, University of California, Los Angeles

Nathan W. Onderdonk (2006) ...... Assistant Professor of Geological Sciences

John Orta (1990) ....................... Professor of Nutritional Science

Joseph C. Otto (1986) .................. Professor of Information Systems

Raj S. Pamula (1987) .................... Professor of Computer Science
B.Tech., 1980, Jawaharlal Nehru Technological University, India; M.Tech., 1982, Indian Institute of Technology, India; Ph.D., 1987, Southern Illinois University

Leslie Jane Park (1989) ............... Professor of Accounting
B.S., 1960, University of Texas; M.S., 1977, University of Houston; Ph.D., 1965, University of Illinois

SungHo Park (2006) ..................... Assistant Professor of Education
B.A., 1996, Kyemyung University, Korea; M.A. 2001, Ph.D. 2004, University of California, Santa Barbara

Parviz Partow-Navid (1983) .......... Acting Associate Dean, College of Business and Economics and Professor of Information Systems

Behzad Parviz (1986) .................. Professor of Computer Science
B.S., 1974, College of Accounting, Tehran, Iran; M.S., 1976, Marywood College; M.S., 1979, Ph.D., 1986, State University of New York at Binghamton

Heidi Paul (2002) ...................... Assistant Professor of Education
B.A., 1979, California State University, Los Angeles; B.S., 1985, Los Angeles College of Chiropractic, M.S., 1996, California State University, Los Angeles
Jose Perez-Carballo (2004) Associate Professor of Information Systems
B.Sci, 1982, Universidad Autonoma de Mexico; M.S., 1984; New York University, Ph.D., 1991, New York University

Elizabeth Perluss (2001) Assistant Professor of Education
B.A. 1984, Westmont College; M.S. 1991, California State University, Los Angeles

Kimberly Persiani-Becker (2003) Assistant Professor of Education
B.A., 1996; M.A., 2000, California State University, Long Beach; Ed.D., 2003, University of San Francisco

David Peterson (2006) Associate Professor of Education

Gretchen Peterson (2000) Associate Professor of Sociology

Joseph L. Peterson (2006) Director, School of Criminal Justice and Criminology and Professor of Criminal Justice and Criminology
B.A., 1967, Carthage College; D.Crim. 1971, University of California, Berkeley

Miles E. Peterson (1987) Professor of Communication Disorders
B.S., 1980, M.A., 1982, Utah State University; Ph.D., 1987, University of Washington

Birte Pfleger (2004) Assistant Professor of History
B.A., 1993, California State University, Dominguez Hills, M.A., 1995, California State University, Long Beach, Ph.D., 2003, University of California, Irvine

David Pitt (2003) Associate Professor of Philosophy
B.A., 1981, Haverford College; M.A., 1985, Queens College, City University of New York; Ph.D., 1994, Graduate Center, City University of New York

Edith Porter (2001) Assistant Professor of Biological Sciences
M.D., 1989, University of Mainz, Germany; Thesis, 1990, University of Mainz, Germany

Joseph B. Prabhu (1978) Professor of Philosophy

Nikolai Pulchritudoff (1972) Associate Professor of Economics and Statistics
B.A., 1964, Sacramento State College; M.S., 1965, Ph.D., 1971, University of California, Davis

Rupa P. Purasinghe (1988) Chair and Professor of Civil Engineering
B.S., 1978, University of Sri Lanka; M.S., 1981, Portland State University; Ph.D., 1985, Case Western Reserve University; Registered Professional Civil Engineer, 1994, California

Hong-lie Qiu (1996) Professor of Geography
B.S., 1982, Fujian Teacher’s University, People’s Republic of China; Ph.D., 1994, Louisiana State University

Ruben D. Quintero (1988) Professor of English

Lauri Ramey (2004) Professor of English
B.A., 1974, Oberlin College, M.A., 1975, University of Chicago, Ph.D., 1996, University of Chicago

Abel Ramirez (2003) Assistant Professor of Music
B.M.E., 1993, University of Texas, M.M.E., 2000, Texas A&M-Kingsville; D.M.A. University of California, Los Angeles

John J. Ramirez (1989) Chair and Professor of Broadcasting

Pedro C. Ramirez (1991) Chair and Professor of Geological Sciences
B.A., 1977, Ph.D., 1990, University of California, Santa Cruz

Debasure Raychaudhuri (2002) Assistant Professor of Mathematics
B.S., 1985, St. Xavier’s College, India; M.S., 1990, Indian Institute of Technology, India; M.S., 1995, Ph.D. 2001, Simon Fraser University, Canada

Adam Reed (2000) Professor of Information Systems
B.S., 1967, M.S., 1970, Massachusetts Institute of Technology; Ph.D., 1984, University of Oregon

James F. Refalo (2003) Associate Professor of Finance and Law
B.S., 1983, University of California, Irvine; M.B.A., 1992, Cornell University; Ph.D., 2000, Lenard M. Stern Graduate School of Business

James A. Regalado (1987) Executive Director, Edmund G. "Pat" Brown Institute of Public Affairs, and Professor of Political Science
B.A., 1971, M.A., 1973, California State University, Los Angeles; Ph.D., 1980, University of California, Riverside

Pamela C. Regan (1996) Professor of Psychology
B.A., 1988, Williams College; M.A., 1994, University of Minnesota

Suzanne E. Regan (1979) Professor of Broadcasting
B.A., 1971, Simmons College; M.A., 1974, University of California, Los Angeles; Ph.D., 1981, University of Massachusetts

Kathryn C. Reilly (1999) Professor of Education

Edward H. Rezayi (1983) Chair of Physics and Astronomy and Professor of Physics
B.S., 1972, Worcester Polytechnic Institute; Ph.D., 1979, Stanford University

Siwon Y. Rhee (1993) Professor of Social Work
B.A., 1974, Seoul National University, Korea; M.S.W., 1981, D.S.W., 1988, University of California, Los Angeles

Katherine A. Roberts (1998) Associate Professor of Criminal Justice and Criminology
B.Sc., 1987, King’s College, University of London, England; M.Sc., 1989, University of Strathclyde, Scotland; M.Phil., 1996, Ph.D., 2002, City University of New York

Carlos D. Robles (1979) Professor of Biological Sciences
B.A., 1972, University of California, Santa Barbara; Ph.D., 1979, University of California, Berkeley

José P. Rodríguez (1992) Professor of Physics and Astronomy
B.S., 1982, Massachusetts Institute of Technology; Ph.D., 1987, University of Illinois at Urbana-Champaign

Richard T. Rodriguez (2001) Assistant Professor of Chicano Studies
B.A., 1993, University of California, Berkeley; Ph.D., 2000, University of California, Santa Cruz

Gloria J. Romero (1989) Professor of Psychology

Paul H. Rosenthal (1988) Professor of Information Systems

Anthony R. Ross (2000) Vice President for Student Affairs and Associate Professor of Education
B.A., 1975, M.Ed., 1978, St. Lawrence University; Ed.D, 1984, Northern Arizona University
James M. Rosser (1979) .................. President of the University and Professor of Biological Sciences  

Stephen Rothman (2001) .................... Professor of Theatre Arts  
B.S., 1972, M.F.A., 1974, Florida State University

James Rudd (2003) .................. Assistant Professor of Chemistry  
B.S., 1992, Harvey Mudd College; M.S., 1999, Ph.D., 2001, Iowa State University

Amelia A. Russo-Neustadt (1999) Associate Professor of Biological Sciences  
B.S., 1983, Chapman University; Ph.D., 1988, M.D., 1990, University of California, Irvine

Elena Ruzickova (2003) .................. Assistant Professor of Spanish  

Helen A. Ryaciotaki-Boussalis (1985) ................. Professor of Electrical and Computer Engineering  
B.S., 1974, New York Institute of Technology; M.S., 1976, Ph.D., 1979, New Mexico State University

Kenneth Ryan (1988) ...................... STEM Librarian  

Romelia Salinas (1999) .................. Social Sciences Liaison Librarian  
B.A., 1992, University of California, Santa Barbara; M.L.I.S., 1994, University of California, Los Angeles

Tina Salmassi (2002) .................... Assistant Professor of Biological Sciences  
B.S., 1996, University of California, Los Angeles; M.S., 1998, Ph.D. 2001, California Institute of Technology

David Sandoval (1979) .................. Director, Educational Opportunity Program  
B.A., 1975, M.A., 1987, California State University, Los Angeles

Sunil K. Sapra (1991) .................... Professor of Economics and Statistics  
B.S., 1973, University of Delhi, India; M.A., 1976, Delhi School of Economics, India; M. Phil., 1981, Ph.D., 1983, Columbia University

Deborah Schaeffer (1988) ................. Community Outreach/ Education Liaison Librarian  
B.A., 1977, California State College, Long Beach; M.L.S., 1979, University of California, Los Angeles

Jonah Schrackman (2003) ................. Assistant Professor of Education  

Henry Schlanger (2006) .................. Assistant Professor of Psychology  
B.S., Southern Methodist University; M.A., Southern Methodist University; Ph.D., 1985, Western Michigan University Psychology

Rennie B. Schoepflin (2004) ............ Acting Associate Dean, College of Natural and Social Sciences and Professor of History  
B.S., 1974, Walla Walla College; M.A., 1980, Loma Linda University; Ph.D., 1995, University of Wisconsin, Madison

Virgil A. Seaman (1987) .................. Professor of Technology  
B.S., 1979, Lake Superior State College; M.A., 1983, Ph.D., 1987, Indiana State University

Matthias Selke (1998) .................... Associate Professor of Chemistry  
B.S., 1990, University of Southern California; Ph.D., 1994, University of California, Los Angeles

Penelope Semrau (1988) .................. Professor of Education  
B.S.E., 1972, University of Wisconsin–Whitewater; M.A., 1980, Illinois State University; Ph.D., 1987, Ohio State University

Ray O. Shackelford (1995) ................. Professor of Technology  
B.A., 1972, M.A., 1974, California State University, Los Angeles

Anthony Shaheen (2005) ................. Assistant Professor of Mathematics  
B.S., 2000, Loyola Marymount; M.A., 2001, Ph.D., 2005, University of California, San Diego

Adel A. Sharif (2002) .................... Associate Professor of Mechanical Engineering  
B.S., 1992, California State University, Los Angeles; Ph.D., 1998, University of California, Irvine

Behjat A. Sharif (1991) .................. Professor of Health Science  
B.A., 1973, Teachers' Training University, Iran; M.S., 1982, Southern Illinois University; Ph.D., 1989, Texas Women's University; Certified Mediator

Patrick B. Sharp (2002) ............... Associate Professor of Liberal Studies  
B.A., 89, M.A., 1994, Ph.D., 1999, University of California, Santa Barbara

Sandra B. Sharp (1986) .................. Professor of Biological Sciences  
B.A., 1967, University of California, Berkeley; Ph.D., 1981, University of California, Los Angeles

Andrew Shin (1999) .................... Associate Professor of English  
B.A., 1984, University of Toronto, Canada; Ph.D., 1996, University of Virginia

John V. Shindler (2001) ............... Associate Professor of Education  

Andrew D. Shroyer (1997) ............ Library Periodicals Specialist  
B.A., 1980, University of Oklahoma; M.L.S., 1983, University of Texas at Austin

Peter H. Sigal (1997) ................. Associate Professor of History  
B.A., 1986, Bucknell University; M.A., 1992, Ph.D., 1996, University of California, Los Angeles

Michael J. Siler (1993) .............. Professor of Political Science  
B.S., M.S., 1977, University of California, Los Angeles; M.P.A., 1979, University of Washington; Ph.D., 1992, University of Southern California

Harmit Singh (2004) ........... Assistant Professor of Nutritional Science  
B.S., 1986, M.S., 1987, Ph.D., 1993, Guru Nanak Dev University, India

Simeon P. Slovacek (1981) .......... Professor of Education  
B.A., 1971, Syracuse University; M.S., 1974, Ph.D., 1976, Cornell University

Ludwig Slusky (1985) ............. Professor of Information Systems  

Jon Snodgrass (1972) .............. Professor of Sociology  
B.A., 1965, M.A., 1967, University of Maryland; Ph.D., 1972, University of Pennsylvania; Ph.D., 1983, Reiss-Davis Child Study Center

Marguerite Ann Snow (1988) ......... Professor of Education  
B.A., 1977, M.A., 1979, Ph.D., 1985, University of California, Los Angeles

Michael Soldatenko (2005) .......... Professor of Chicano Studies  

Alejandro Solomianski (2002) ........ Assistant Professor of Modern Languages and Literatures  

Ira Sommers (1996) .................. Professor of Criminal Justice and Criminalistics  
B.A., 1974, State University of New York; M.S., 1976, Boston University; D.S.W., 1983, University of Pennsylvania

Yongyi Song (2004) ............... Technical Services/Collection Services Librarian  

Marcel Soriano (1990) .............. Professor of Education  
B.A., 1968, M.A., 1972, University of California, Riverside; Ph.D., 1984, United States International University

Carole Srole (1984) ............... Associate Professor of History  

Timothy Steele (1987) ............. Professor of English  
Alan P. Stein (1977) ............. Business and Economics Liaison Librarian

Beverly Stein (1999) .............. Associate Professor of Music

John F. Steiner (1973) ............ Professor of Management

Shirley M. Stretch-Stephenson (1987) ............... Professor of Marketing
B.S., 1971, University of Nebraska-Lincoln; M.S., 1972, Kansas State University; M.B.A., 1977, Ph.D., 1982, Ohio State University

Tieting Su (2002) ............... Assistant Professor of Sociology
B.A., 1981, Huazhong University of Science and Technology, China; M.A., 1983, Boston University; M.A., 1986, Ph.D., 1989, University of Massachusetts at Amherst

Kaveri Subrahmanyan (1996) ....... Professor of Psychology

Kate Sullivan (2005) ......... Assistant Professor of Anthropology
B.A., Anthropology, Colorado State University, Fort Collins; M.A., Anthropology, University of Texas, Austin; Ph.D., Anthropology, University of California, Santa Barbara, 2004

Chengyu Sun (2004) .......... Assistant Professor of Computer Science
B.E., 1996, Tsinghua University; Ph.D., 2004, University of California, Santa Barbara

Hershel Swinger (1980) ............. Professor of Education
B.A., 1966, M.S., 1968, California State College, Los Angeles; Ph.D., 1978, University of Southern California

Jennifer Symon (2002) .......... Assistant Professor of Education

Lili Tabrizi (1987) ............ Professor of Electrical and Computer Engineering
B.S., 1978, Sharif University of Technology, Iran; M.S., 1981, Ph.D., 1984, Michigan State University

Lillian Taiz (1992) ............. Professor of History
B.A., 1981, M.A., 1983, San Francisco State University; Ph.D., 1993, University of California, Davis

Valerie Talavera-Bustillos (2003) ........ Assistant Professor of Chicano Studies
B.A., 1992, University of California, Irvine; Ph.D., 1998, University of California, Los Angeles

Narendra B. Taly (1977) ............. Professor of Civil Engineering
B.Sc., 1959, Banaras Hindu University, India; M.S., 1971, Bucknell University; Ph.D., 1976, West Virginia University; Registered Professional Civil Engineer, 1976, West Virginia; Registered Professional Civil Engineer, 1977, California

Chick F. Tam (1982) ............. Professor of Nutritional Science
B.S., 1967, Chinese University of Hong Kong; M.S., 1971, Dr.P.H., 1974, University of California, Los Angeles

Rodolfo G. Tamez (1989) ........... Professor of Mathematics
B.A., 1981, University of California, Santa Barbara; M.A., 1983, Ph.D., 1988, University of California, Berkeley

Le D. Tang (1986) ............. Professor of Technology
B.Ed., 1972, National Taiwan Normal University; M.A., 1979, East Tennessee State University; Ph.D., 1981, Ohio State University

Alison Tauber (1990) .............. Professor of English
B.A., 1980, Loyola-Marymount University; M.A., 1984, Ph.D., 1988, University of California, Los Angeles

L. Clinton Taylor, .................... Professor of Education

Carlos Tejeda (1998) ............ Associate Professor of Education
B.A., 1987, University of California, Santa Cruz; M.A., 1994, California State University, Los Angeles, Ph.D., 2000, University of California, Los Angeles

Susan Tereby (2001) ............ Associate Professor of Physics and Astronomy
B.A., 1977, University of California, Santa Cruz; Ph.D., 1984, University of California, Berkeley

Wayne R. Tikkanen (1986) ........ Chair, Department of Chemistry and Biochemistry and Professor of Chemistry
B.S., 1976, University of Rhode Island; M.A., 1980, Ph.D., 1982, University of California, Santa Barbara

Elizabith Torres (1998) ........ Associate Professor of Biological Sciences
B.S., 1989, Arizona State University; Ph.D., 1997, University of California, Los Angeles

Dang T. Tran (1987) .......... Professor of Economics and Statistics
Licence en droit, 1964, Saigon University, Vietnam; B.E.C., 1969, University of Western Australia; M.A., 1975, Ph.D., 1977, Syracuse University

Ronald T. Tsukashima (1972) .......... Professor of Sociology

Mark R. Tufenkjian (1997) ........ Professor of Civil Engineering
B.S., 1986, California State University, Fresno; M.S., 1989, Ph.D., 1993, University of California, Los Angeles; Registered Professional Civil Engineer, California

Linda M. Tunstall (1992) .......... Professor of Chemistry
B.S., 1983, California State University, Los Angeles; Ph.D., 1990, University of California, Los Angeles

Carol F. Tunland (1988) .......... Associate Professor of Art
B.S., 1965, North Dakota State University; M.A., 1987, California State University, Long Beach; Ed.D., 1995, Pepperdine University

Fawn Teresa Ukpolo (2001) .......... Assistant Professor of Education

Sharon Hilda Ulanoff (2001) .......... Professor of Education
B.A., 1974, State University of New York at Buffalo; M.A., 1982, California State University, Los Angeles; Ph.D., 1993, University of Southern California

Connie Utterback (1991) .......... Professor of Art

Frederick Uy (1998) .......... Associate Professor of Education
B.A., 1986, University of Philippines, Quezon; M.A., 1990, Montclair State University; Ed.D., 1996, Teachers College, Columbia University

Nguyen Uy (1984) .......... Professor of Computer Science
B.A., 1969, University of California, Los Angeles; M.S., 1973, State University of New York; Ph.D., 1974, University of California, Los Angeles

Elizabeth Chisato Uyeki (2003) .......... Library Reference Desk Coordinator

Thomás J. Vásquez (1976) ............ Director, Office of Students with Disabilities
B.A., 1972, California State University, Los Angeles

Robert L. Vellanoweth (1994) .......... Professor of Biochemistry
B.S., 1982, California State University, Los Angeles; Ph.D., 1988, University of California, Berkeley

Stewart M. Venit (1971) .......... Professor of Mathematics
B.A., 1966, Queens College; M.A., 1969, Ph.D., 1971, University of California, Berkeley
Beatrice Yorker (2005) ............. Dean, College of Health and Human Services and Professor of Nursing
B.S., 1975, Indiana University; M.S., 1978, University of California, San Francisco; J.D., 1988, Georgia State University, College of Law

Angela M. Young (1997) .......... Associate Professor of Management
B.S., 1984, University of Nebraska; M.B.A., 1992, California State University, Sacramento; Ph.D., 1997, Florida State University

Holly Yu (2001) .................... Associate Librarian
B.A., 1982, Nanjing University, Nanjing, China; M.L.S., 1995, University of Western Ontario, Canada

Gay Yuen (1989) .................. Professor of Education
B.A., 1975, University of California, Los Angeles; Ph.D., 1995, University of Southern California

Marlene Zepeda (1990) ........... Chair and Professor of Child and Family Studies

Andrea G. Zetlin (1989) ......... Professor of Education

Guo-meng Zhao (2002) .......... Assistant Professor of Physics
B.S., 1985, Zhejiang University, China; M.A., 1990, University of Southern California; Ph.D., 1997, University of Zurich, Switzerland

Jay Zhong (2004) .................. Assistant Professor of Music

Feimeng Zhou (1997) .............. Professor of Chemistry
B.S., 1984, Wuhan University, People’s Republic of China; Ph.D., 1993, University of Texas at Austin

Mark J. Zimny (2003) .............. Assistant Professor of Sociology
B.S., 1994, Cornell University; M.A., 1995, Cornell University; Ph.D., 2000, Yale University
Emeriti Faculty

(Corrected as of May 25, 2007. Years in parentheses indicate term of service.)

Adnan M. Abdeen (1986–2003) ........................................ Professor of Accounting
Sidney P. Albert (1956–1979) ......................................... Professor of Philosophy
Kathryn L. Alesandrini (1984-2006) ............................... Professor of Education
Wayne Paul Alley (1969–2000) ....................................... Professor of Biology
Laird B. Allison (1956–1983) ......................................... Professor of Management
John Allswang (1968-2000) ........................................... Professor of History
Burton L. Alperson (1974-2002) ................................. Professor of Psychology
J. Theodore Anagnoson (1983-2007) .............................. Professor of Political Science
Thomas Annese (1961–1992) ......................................... Professor of Philosophy
Kenneth Anderson (1970–2002) ..................................... Professor of Microbiology
Ratna Appadurai (1969–1987) ......................................... Professor of Education
Ralph Arroyo (1978–2006) .............................................. Professor of Education
Walter M. Askin (1956–1992) ......................................... Professor of Art
Alfred F. Michael Atlee (1965–1986) ............................. Professor of Education
Marlohn Balas (1965–2000) .......................................... Professor of Nursing
Jerry Reed Ball (1989-1992) ........................................... Professor of Physical Education
Frank R. Bale (1992-1998) ............................................. Professor of Civil Engineering
Cornelia Balogh (1962–1989) ........................................... Associate Librarian
Richard S. Balvin (1956–1990) ..................................... Professor of Psychology
Betty Bamberg (1996–2006) ............................................ Professor of English
Evelyn Matkin Barclay (1957–1969) .............................. Professor of Nursing
Butrus Basmajji (1969–2006) ......................................... Professor of Mathematics
Sharon Bassett (1967–2001) ........................................... Professor of English
Francis H. Baxter (1950–1978) ....................................... Professor of Music
Linda Beamer (1991–2005) ............................................. Professor of Marketing
Abdallah J. Bedawi (1963-2003) ..................................... Professor of French
Bernard B. Berk (1973-2006) ........................................... Associate Professor of Sociology
Isaac Berman (1965–1988) ............................................ Professor of Education
Gary A. Best (1968-2002) .............................................. Professor of Education
Shirley J. Better (1969–2001) ........................................... Professor of Social Work
V. Patricia Beyer (1973–1990) ........................................ Professor of Education
Anjan K. Bhaumik (1966-2005) ..................................... Professor of Civil Engineering
Beverly R. Bigler (1973–2003) ....................................... Professor of Nursing
Nancy J. Billett (1975–1985) ........................................... Professor of Business Education and Office Administration
David Bilovsky (1956–1979) ........................................... Professor of Education
Sharon Bishop (1967–2004) ........................................... Professor of Philosophy
Evan E. Black (1983–1991) ............................................. Librarian
Henry Etta Brown Blackmon (1968–1986) ..................... Professor of Nursing
Robert E. Blackmon (1960–1986) ................................... Professor of Journalism
Carlton Blandon (1970-1999) ....................................... Professor of Health Science
Keith R. Blunt (1967–1994) ........................................... Professor of Management
James A. Bolton (1969–1997) ....................................... Professor of Education
Charles E. Borman (1960-1992) ................................. Professor of Art
James D. Boulgarides (1977-2003) ............................... Professor of Marketing
George B. Bouse (1959-1994) ...................................... Professor of Electrical Engineering
Roger D. Brandt (1962-1998) ....................................... Professor of Electrical Engineering
Donald W. Bray (1961-1997) ....................................... Professor of Political Science
Peter A. Brier (1972-1998) ............................................ Professor of English
Charles E. Brinkley (1961–1991) ................................... Librarian
Allen P. Bristow (1959–1983) ...................................... Professor of Criminal Justice
Helen Brocklehurst (1960–1971) ................................. Counselor and Associate Professor of Education
Costello Brown (1969–2005) ...................................... Professor of Chemistry
Harold C. Brown (1966–1992) ...................................... Professor of Education
Marilyn Buccellati (1973–2003) ..................................... Professor of Art
Millie Burnett (1978-1998) ........................................ Professor of Music
Richard Dean Burns (1960–1992) ............................... Professor of History
Donald R. Burrill (1962–1992) ..................................... Professor of Philosophy
George Burstein (1979–1992) ....................................... Professor of Management
Stanley M. Burstein (1968-2004) ............................... Chair and Professor of History
Butrus G. Basmajji (1969–2005) .................................. Professor of Mathematics
H. Randall Butler (1954–1985) ................................. Associate University Librarian
Hermenia G. Cadenas (1990-2004) .............................. Professor of Education
Robert Bascom Callahan (1960–1983) ........................... Professor of Political Science
Giorgio Canarella (1973–2007) ............................... Professor of Economics and Statistics
Samuel M. Caplin (1960–1980) .................................... Professor of Botany
Brian Capon (1961–1992) ............................................ Professor of Biology
Roland L. Carpenter (1968–1994) ............................... Professor of Physics
Robert Carr (1964–1999) ............................................. Professor of Physics
E. Dale Carter (1966-1997) ......................................... Professor of Spanish
Phillip L. Carter (1970–1988) .................................... Associate Professor of Social Work
Joseph Casanova, Jr. (1961–1994) .............................. Professor of Chemistry
Barbara S. Case (1973–2002) ....................................... Reference Librarian
Paul L. Chabot (1970-2004) ....................................... Professor of Mathematics
Berken Chang (1969-1996) ....................................... Professor of Physics
Emily C. Chang (1959–1983) ..................................... Professor of Accounting
May E. Chin (1975–1998) ........................................... Professor of Communication Disorders
Doris C. Ching (1962–1991) ....................................... Professor of Education
Philip C. Chinn (1988–2000) ....................................... Professor of Education
Joseph A. Chrzankowski (1969-2001) ......................... Professor of Spanish
Barbara J. Clark (1968–2000) ..................................... Professor of Education
Charles L. Clark (1957–1981) ..................................... Professor of Mathematics
Lawrence Clark (1960–1992) ....................................... Professor of Business Law
Nancy Cobb (1965–2003) ............................................ Professor of Psychology
Bernard Codner (1955-2002) .................................... Professor of Marketing
Harry C. Coffin (1960–1980) ...................................... Professor of Geography
Harold L. Cohen (1969–2000) ................................... Professor of Physics
Irving J. Cohen (1959–1988) ...................................... Associate Librarian
William A. Cohen (1979–2002) ................................... Professor of Marketing
Ivan P. Colburn (1964–1990) .................................... Professor of Geology
William M. Cole (1964–1992) ................................... Professor of Safety Studies
Charles Coleman (1968–2000) .................................. Professor of Physics
Joanne A. Collins (1982–2003) .................................. Professor of Accounting
Alan A. Colville (1962–1996) ................................... Professor of Geology
Mary Conroy (1969–2000) ........................................... Professor of Physical Education
Webster E. Cotton (1966–1997) ................................... Professor of Education
Clifford J. Craft (1977–1987) .................................... Professor of Accounting
Alan N. Crawford (1969–2002) ................................... Professor of Education
Daniel Crecelius (1964–2001) ................................... Professor of History
Leslie Cromwell (1953–1980) ................................. Dean, School of Engineering, and Professor of Electrical Engineering
Theodore J. Crovello (1987-2004) ............................. Dean of Graduate Studies and Research and Professor of Biological Sciences
Douglas L. Currell (1957–1991) ................................. Professor of Chemistry
Ivan N. Curty (1990–2006).......................... Professor of Broadcasting
John A. Dahl (1955–1983)............................ Professor of Education
Saralyn R. Daly (1962–1988).......................... Professor of English
Peter Marc Damien (1972–1992).................... Professor of Art
William D. Darragh (1973–2002).................... Professor of Sociology
Shirlee D. Davis (1967–1992)......................... Professor of Education
Terry E. Davis (1968–1999)........................... Professor of Geology
Bruce Dayton (1965–1980)............................ Professor of Physics
Phoebe K. Dea (1976–1996).......................... Professor of Chemistry
Marion V. Dearman (1971–1992)...................... Professor of Sociology
Louis C. De Amor (1950–1979)....................... Professor of History
Cameron Scott Deeds (1951–1985)..................... Professor of Physical Education
John H. DeHardt (1961–1992)......................... Professor of Mathematics
Patricia A. Delaney (1962–1994)..................... Professor of Recreation
Earl W. Denny (1959–1983)........................... Associate Dean, School of Education, and Professor of Education
Donald O. Dewey (1962–1996)....................... Dean, School of Natural and Social Sciences, and Professor of History
Geraldine Dimondstein (1972–1989).................. Professor of Art
Wachtang Djobadze (1968–1988)..................... Professor of Art
Cortland C. Doan (1965–1989)....................... Professor of Technology
Jim D. Donohoo (1981–2003).......................... Professor of Accounting
Robert L. Douglass (1951–1987)..................... Professor of Communication Disorders
Daniel Douke (1982–2003).............................. Professor of Art
Eugene P. Dvorin (1958–1992)....................... Professor of Political Science
Louis W. Eggers, Jr. (1962–1991)..................... Professor of Electrical Engineering
Annette Ehrlich (1969–1994).......................... Professor of Psychology
Robert A. Eisenberg (1967–1992)..................... Professor of Education
Norman L. Ellenberg (1989–1991)..................... Professor of Education
Patricia Wright Ellis (1970–1986)..................... Professor of Family Studies and Consumer Sciences
Lu Elrod (1978–2004)................................. Professor of Music
Ray Engelke (1964–1983).............................. Associate Librarian
George N. Engler (1975–2007)....................... Professor of Finance and Law
Martin B. Epstein (1970–2004)....................... Professor of Physics
Robert H. Ewald (1957–1986)....................... Professor of Anthropology
Linda Fahey (1976–1999).............................. Professor of Nursing
Sarah P. Farnham (1971–1996)....................... Professor of Nursing
Marlene Farrell (1963–1998).......................... Professor of Nursing
Rod A. Faurot (1959–1999)............................ Professor of Kinesiology and Physical Education
Raymond E. Fausel (1962–1990)...................... Professor of Technology
Stephen F. Felszeghy (1979-2005)Professor of Mechanical Engineering
Robert L. Fennessy (1965–1992).................... Professor of Health Science
Lloyd N. Ferguson (1965–1986)...................... Professor of Chemistry
Otto W. Fick (1956–1982).............................. Professor of English
Robert R. Fiedler (1961–1997)........................ Professor of Art
Stuart P. Fishoff (1972–2004)....................... Professor of Psychology
Anita H. Fisher (1956–1980)......................... Professor of Physical Education
Janet C. Fisher-Hout (1986–2001).................... Director, Center for Effective Teaching and Learning, and Professor of Education
Edward C. Forde (1971–2004)....................... Professor of Art
Robert M. Fowells (1962–1988)...................... Professor of Music
Anthony Fratelli (1963–1999)....................... Professor of Chemistry
Marilyn Friedman (1987–2000)....................... Professor of Nursing
Alfred H. Fritz (1971–1988)......................... Professor of Mechanical Engineering
Norman Fruman (1959–1980)....................... Professor of English
John Funakura (1988–2006)......................... Professor of Art
Perry S. Ganas (1970–2001).......................... Professor of Physics
Jewell L. Garner (1961–1982)....................... Professor of Education
Ann Garry (1969–2006)............................ Professor of Philosophy
Christine Givner (1993–2004)....................... Professor of Education
Phillip L. Gold (1967–1984)....................... Professor of Mechanical Engineering
Herbert Goldberg (1965–2002)..................... Professor of Psychology
Herbert Goldenberg (1955–1986).................. Professor of Psychology
Harold Goldwhite (1962–2004)..................... Professor of Chemistry
Alfonso González (1975–2002)..................... Professor of Spanish
Lawrence P. Goodman (1961–1994)................ Professor of Theatre Arts
Leonard Gordon (1962–1987)....................... Associate Librarian
Harold J. Gottlieb (1972–2002)..................... Professor of Psychology
G. Douglas Gourley (1957–1977).................... Professor of Criminal Justice
Richard C. Grace (1969–1992)..................... Professor of Criminal Justice
Gloria S. Graham (1959–1986)..................... Professor of Education
Gregory S. Graham (1968–2001).................... Professor of Education
Thomas M. Graham (1959–1992).................... Professor of Psychology
Evelyn B. Granville (1967–1984).................... Professor of Mathematics
Marylin W. Greenberg (1974–1992)................ Professor of Education
David T. Gregorch (1968–2000)..................... Professor of Physics
Charles M. Haberman (1959–1991)................ Professor of Mechanical Engineering
Robert G. Hadley (1965–1992)..................... Professor of Education
Robert O. Hahn (1956–1980)....................... Professor of Education
Rosmary L. Hake (1980–2002)....................... Professor of English
Harold D. Hall (1956–1980)......................... Professor of Education
Harry S. Hall (1965–1990)......................... Professor of Political Science
Edmond C. Hallberg (1965–1994)................... Professor of Education
Sin Fong Han (1971–2004)......................... Professor of Geography
Louis A. Hansen (1956–1980)....................... Professor of Music
William R. Hanson (1960–1987).................... Professor of Biology
Timothy Fox Harding (1963–1994)................... Professor of History
Margaret J. Hartman (1970–2000).................... Provost and Vice President for Academic Affairs and Professor of Biology
James W. Harvey (1955–1971)....................... Professor of Botany and Nature Study
Audrey Graff Hawk (1960–1981).................... Associate Librarian
Cherie Hawley (1989-2007)......................... Acting Dean, Charter College of Education and Professor of Education
Harry S. Hayashi (1965–1992)..................... Professor of Mathematics
Peter D. Hechler (1973–2005)..................... Professor of Management
J. Dennis Heim (1966–2001)....................... Professor of Education
Leonard W. Heim (1956–1983)..................... Professor of Accounting
W. Keith Henning (1966–2002).................... Professor of Speech Communication
James Henrickson (1966–2000)..................... Professor of Biology
Jack C. Heppe (1949–1977)......................... Director of Campus Development
John W. Hermann (1966–1990)..................... Professor of Physical Education
Fernando Hernandez (1972–2006)................... Professor of Education
Anne Hess (1968–2002).............................. Reference Librarian
Udo Heyn (1969–1998)............................... Professor of History
Raymond E. Hillis (1965–2004)..................... Professor of Education
Kenneth F. Hird (1974–1994)....................... Professor of Technology
Patricia M. Hodges (1970–1986).................... Professor of Psychology
Virginia Hoffman (1952–1987)..................... Professor of Art
Stanley D. Hopper (1957–1991)..................... Professor of Political Science
Robert Howard (1986–1996)....................... Professor of Electrical Engineering
Jackie L. Hoyt (1958–1992)......................... Professor of Physical Education
Ke Ting Hsia (1963–1989)......................... Professor of Economics and Statistics
Donald E. Hudson (1964–1983).................... Professor of Physics
Charles J. Inacker (1974–1991)..................... Dean, School of Business and Economics, and Professor of Office Systems and Business Education
Melva E. Irvin (1995–2001)......................... Director, Center for Effective Teaching and Learning and Professor of Kinesiology and Physical Education
Pamela D. Jablonsky (1978–1996).................. Professor of Technology
Durward P. Jackson (1981–2001) .................................. Professor of Information Systems
Raleigh Jackson (1973-1992) ................................... Professor of Education
George E. Jakway (1961-1991) .................................. Associate Professor of Biology
Colleen Jamison (1965-1997) .................................. Professor of Education
Raymond I. Jeng (1968 - 2003) ............................. Professor of Civil Engineering
Nandial Jhunjhunwala (1967-2001) .................. Associate Professor of Mathematics
JoAnn Johnson (1968-1997) .................................. Professor of Nursing
Joan D. Johnson (1955-1992) ............................. Professor of Physical Education
Karen M. Johnson (1965-2001) .................. Associate Dean, College of Health and Human Services, and Professor of Kinesiology and Physical Education
Lois V. Johnson (1950–1976) .............................. Professor of Education
Ruth S. Johnson (1990–2006) .............................. Professor of Education
Sharon Johnson (1989–2006) .............................. Professor of Education
Kazumitsu Kato (1963-1992) .................................. Professor of Japanese
Richard Katz (1969-2002) .................................. Professor of Mathematics
Dorothy L. Keane (1973-2002) .............................. Professor of Education
Delos H. Kelly (1976-2004) .................................. Professor of Sociology
Michael P. Kelley (1972-2001) .................. Professor of Speech Communication
Hugh W. Kennedy (1963-1988) .......................... Professor of Spanish
Richard T. Keys (1959-1996) .................................. Professor of Chemistry
Hendrik Kuyzwer (1967-1995) ............................. Professor of Chemistry
Rauf-ur-R. Khan (1968-2001) ............................. Professor of Management
Donald I. Kiel (1960-1992) .................................. Professor of Mathematics and Computer Science
Byong-Kon Kim (1968-1994) ............................. Professor of Music
Young C. Kim (1965-2005) ..................... Chair and Professor of Civil Engineering
Eloise M. King (1960–1988) ............................... Professor of Nursing
Wanda L. King (1965–1980) .............................. Professor of Nursing
John A. Kirchner (1979-2006) ............................. Professor of Geography
Norman Klein (1971–2004) .............................. Professor of Anthropology
Dale L. Knapp (1959-1995) .............................. Professor of Education
Mary Lynne Knuston (1972-1992) .......... Professor of Office Systems and Business Education
Grigorii Kolesnik (1984-2006) .................. Professor of Mathematics
Mary A. Kramer (1972–1991) .................. Associate Professor of Family Studies and Consumer Sciences
Ellen King Kravitz (1967-1999) .................. Professor of Music
Robert D. Kully (1956–1992) .......................... Professor of Speech Communication
JoAn D. Kunselman (1990–2004) .................. Professor of Music
Jean P. La Cour (1977-2001) .................. Professor of Psychology
David Laird (1958–1990) .............................. Professor of English
John LaMonica (1956–1980) .................. Professor of Industrial Studies
Raymond B. Landis (1985-2001) ........ Dean, School of Engineering and Technology and Professor of Mechanical Engineering
Chor Tin Lau (1985-2003) .............................. Professor of Accounting
Jean Utley Lehman (1963–1974) .................. Professor of Education
Vernon F. Leidig (1950–1982) .......................... Professor of Music
John M. Leiman (1967–1983) .................. Associate Professor of Psychology
Philip Yuen-Sang Leung (1986-2000) .................. Professor of History
Anson J. Levine (1969-2001) .................. Associate Professor of Psychology
Jack G. Levine (1960–2001) .................. Professor of Electrical Engineering
Seymour Levitan (1961–1992) .................. Professor of Psychology
Jane Sanford Lewis (1968-1991) .......................... Professor of Family Studies and Consumer Sciences
Robert T. Lewis (1952–1982) .......................... Professor of Psychology
Charles F. Leya (1965-1992) .................. Professor of Education
Roy Lieberman (1969–2000) ................ Librarian, Collection Services
Randall B. Lindsey (1981-2003) .................. Professor of Education
Harold E. Lionsetti (1956–1982) .................. Professor of Spanish
Jasper Little (1978–1992) .......................... Professor of Education
Peter P. Lockett (1969–1994) .......................... Professor of Accounting
William F. Long (1967–1983) .................. Associate Director of Institutional Research
Genaro A. Lopez (1981-2004) .................. Professor of Biological Sciences
Z. Barry Lowenkron (1973 - 2004) .................. Professor of Psychology
Irwin Lublin (1965-1992) .................. Professor of Psychology
G. Grant MacCurdy (1970-2001) .................. Professor of Spanish
Daniel Mahoney (1972-1998) ................ Associate Professor of Biology
Donald G. Malcolm (1972–1981) .......................... Dean, School of Business and Economics, and Professor of Management
Leonel A. Maldonado (1999-2004) .................. Professor of Chicano Studies
Edward Malecki (1968-2002) .................. Professor of Political Science
Jean Maloney (1960–1984) .................. Professor of English
M. Morris Mano (1960–1990) .................. Professor of Electrical Engineering
Ramachandra Manvi (1971–2003) .................. Professor of Mechanical Engineering
Demetrius J. Margaziotis (1964-2003) .................. Professor of Physics
Judith S. Margolis (1973–1992) .................. Professor of Education
Rosemarie Marshall (1978-2000) .................. Professor of Microbiology
Catherine Martin (1970-1996) .................. Professor of Anthropology
Patricia Martz (1990-2005) .................. Professor of Anthropology
Leonard G. Mathy (1950–1983) .................. Professor of Economics
Masako M. Matsuda (1977-2004) .................. Professor of Communication Disorders
Michael J. Maurer (1970-1997) .................. Professor of Mechanical Engineering
C. Lamar Mayer (1965-1992) ........ Associate Dean, School of Education, and Professor of Education
Vincent Mazzucchelli (1971-1996) .................. Professor of Geography
Malcolm A. McClain (1965–1988) .................. Professor of Art
Richard McComb (1979-1992) .................. Professor of Music
Carol G. McKenzie (1970–1999) .................. Professor of Kinesiology and Physical Education
David McNutt (1968-2004) .......................... Professor of Instructional Media Services
Margaret E. McWilliams (1961-1992) .................. Professor of Family Studies and Consumer Sciences
Robert F. Meade (1960–1993) .................. Professor of Geology
Milton W. Meyer (1959–1986) .................. Professor of History
Jung Kim Miller (1989-2006) .................. Professor of Nursing
Maxine L. Miller (1955–1980) .................. Professor of Home Economics
Robert A. Miller (1986–1997) .................. Professor of Physical Education
Frederic E. Mints (1970–1981) .................. Professor of Accounting
Thomas M. Miyake (1988-2006) .................. Professor of Music
Marguerite Mochel (1949–1973) .................. Professor of Physical Education
Irene M. Molloy (1972–1990) .................. Professor of Nursing
Lorraine Monnin (1960–1991) .................. Professor of Speech Communication Disorders
Raquel Montenegro (1969–1992) .................. Professor of Education
Donald A. Moore (1956–1982) .................. Professor of Economics and Statistics
Alfredo O. Morales (1965–1989) .................. Professor of Spanish
Joy Ann Morin (1993-2002) .................. Professor of Education
Fernando B. Morinigo (1963–1990) .................. Professor of Physics
Robert R. Morrison (1956–1991) .................. Professor of Education
Ronald H. Morris (1960–1998) .................. Professor of Physical Education
Donald G. Mortensen (1949–1978) ........ Dean, School of Fine and Applied Arts, and Professor of Education
Herbert Moskowitz (1962–1985) .................. Professor of Psychology
Anthony Moye (1962-1996) .................. Professor of Chemistry
Dennis M. Murphy (1975-2001) .................. Professor of Accounting
Louis Negrete (1972-2001)..........................Professor of Chicano Studies
Edward A. Nelson (1959–1980).......................Professor of Finance
Helen Isabel Nicklin (1964–1986) .....................Professor of Education
Arthur H. Niehoff (1968–1986) ....................Professor of Anthropology
Donald A. Nielsen (1968–1992) ....................Professor of Education
Reed E. Nilsen (1955–1985)......................Professor of Physical Education
Naomi P. Norton (1961–1974) .....................Professor of Home Economics
Freda V. O'Bannon-Lemmi (1968-1998)........Professor of Nursing
Helen M. O'Connell (1963–1981) .................Professor of Nursing
Marjorie Elaine O'Leary (1980–1993) ..........Associate Professor of Nursing
Moonsong (David) Oh (1980–2005) ..............Professor of Marketing
Marie Ohlsen (1961–1977) .....................Assistant Professor of English
Jon L. Olson (1970-2000) ......................Professor of Anthropology
Thomas P. Onak (1959-1997) ......................Professor of Chemistry
Sumiye N. Onodera (1970–1986) .........Associate Professor of Family Studies and Consumer Sciences
Elliott Oiring (1971-2004) .....................Professor of Anthropology
Elaine Osio (1970-2004) ......................Professor of English
Selmer Ostlie (1958–1972) ......................Professor of Education
Jesse L. Ott (1957–1977) ..................Director, Audiovisual Services, and Professor–Administration
Evans Orya (1961-1991) ......................Professor of Biology
Clement Padick (1960-1995) ......................Professor of Geography
Anne M. Palmer (1953–1971) ..................Assistant Professor of Education
Judith L. Papenhausen (1972-2004) .........Director and Professor of Nursing
Francoise M. Pasques (1961-1992) ..........Associate Professor of French
Victor Payse, Jr. (1959–1983) ...............Professor of Electrical Engineering
Betsy Peitz (1977–2007) ......................Professor of Biological Science
Esther Penchef (1948–1973) ......................Professor of Sociology
Elba Torres de Peralta (1967-1992) ..............Professor of Spanish
David R. Perrott (1968-2001) .....................Professor of Psychology
Gray Phillips (1962–1992) .....................Professor of Art
Kenneth Phillips (1971–1986) ......................Professor of Technology
Jean S. Phinney (1977–2004) .....................Professor of Psychology
Ronald L. Pierce (1973-2000) ........Associate Professor of Accounting
Arnold Pincus (1961-1992) ......................Assistant Professor of History
Stanley H. Pine (1964-1998) .....................Professor of Chemistry
Eleni N. Pitsiou-Darough (1973-2002) ......Professor of Sociology
Vilma Potter (1961–1992) .....................Professor of English
Jagdish Prasad (1969-2004) ......................Professor of Mathematics

Carolyn Radakovich (1970-1997) ..............Professor of Art
Raj Ramchandani (1976-2005) ..............Professor of Electrical Engineering
D. Lynn Rans (1984–1999) ......................Professor of Accounting
Gerald R. Rasmussen (1964–1989) .............Professor of Education
John W. Rathbun (1956–1990) ....................Professor of English
John D. Rees (1968-1997) .....................Professor of Geography
Robert D. Reeser (1971–1994), Associate Dean, School of Arts Letters, and Professor of Art
Warren E. Reeves (1950–1982) ..............Professor of Physical Education
Fred M. Reinman (1967–1989) ..................Professor of Anthropology
Lois M. Rhinesperger (1959–1981) ...............Professor of Home Economics
Fred G. Rhodes (1954–1980) ......................Professor of Education
Patricia Richard-Amato (1984–1991) ..........Professor of Education
Sidney Richman (1962–1992) ..................Professor of English
Richard D. Roberto (1966-1999) ..........Professor of Mechanical Engineering
Martin S. Roden (1968–2005) ..................Professor of Electrical Engineering
Edythe Rodriguez (1952–1983) ..........Associate Professor of Education
Michael W. Roffe (1973-2004) ..............Professor of Psychology
Howard Rosen (1970-2002) ......................Professor of Biology
J. Murray Ross (1965–1992) ......................Librarian
Paul K. Rowan (1956–1990) ...................Professor of Sociology
Alice M. Roy (1984–2002) ......................Professor of English
Thomas A. Rusch (1959–1980) ..................Professor of Political Science
Mercer Price Russell (1964–1992) ..........Professor of Biology
Harold Sackman (1980–1998) .............Professor of Information Systems
Nonko Saito (1991-2004) ......................Professor of Education
Ake Sandler (1949–1980) ......................Professor of Political Science
Rolando A. Santos (1965–2004) ..............Professor of Education
Patricia Savich (1979-2004) ..................Professor of Communication Disorders
Pauline E. Schatz (1969–1983) ..............Professor of Home Economics
Ben F. Scherer (1963–1986) ..............Professor of Safety Studies
Martin J. Schiess (1970–2001) .....................Professor of History
William B. Schneider (1978–2002) ............Professor of Accounting
Jeanne Schnitzler (1959-1997) ............Professor of Art
Mary L. Schreiber (1967–1992) .............Professor of Physical Education
Leon Schwartz (1959–1987) ..............Professor of French
Janet A. Seaman (1972-1997) .............Professor of Physical Education
Burton M. Seidler (1965–1990) ..........Professor of Physical Education
Carl Seikoff (1970–2006) .....................Dean, College of Arts Letters, and Professor of English
Joseph T. Seto (1960–1988) ....................Professor of Microbiology
Gordon B. Severance (1956–1980) ..........Professor of Business Law
Fred J. Shanley (1965–1980) ..............Professor of Sociology
Carleton B. Shay (1962–1989) .............Associate Dean, School of Education, and Professor of Education
Lilly Shen (1963–1992) ..............Professor of Family Studies and Consumer Sciences
Mary Elizabeth Shutler (1988–1994) ...............Provost and Vice President for Academic Affairs and Professor of Anthropology
Gunjit Sikand (1958–1981) ..............Professor of Civil Engineering
Ronald H. Silverman (1955–1988) ..........Professor of Art
Robert H. Simmons (1962–1985) ..........Professor of Political Science
Patricia Bates Simun (1968–1991) ............Professor of Education
Barbara Peterson Sinclair (1961–1999) ........Professor of Nursing
Katherine Sistrom (1956–1971) ............Assistant Professor of Education
Carol J. Smallenburg (1950–1985) ..........Professor of Education
Arthur L. Smith (1957–1992) ..............Professor of History
Benjamin W. Smith (1963–2000) ..........Professor of Political Science
Marjorie M. Smith (1959–1979) ..........Professor of Theatre Arts
Sidney Soclof (1960-2002) ..............Professor of Political Science
J. Murray Ross (1965–1992) ..............Professor of Art
David L. Soltz (1973–1993) .............Dean, College of Natural and Social Sciences
Erika T. Somers (1960–1983) ..............Professor of Psychology
Ralph S. Spanwick (1970–2000) ...........Chair and Professor of Accounting
Frieda A. Stahl (1959–1992) ............Professor of Physics
J. Leonard Steinberg (1962-1992) ............Professor of Education
Milton Stern (1960–1986) ...................Professor of Psychology
William L. Stenfeld (1966–2004) ...............Counselor and Associate Dean, Student Affairs
Judith E. Stevens-Long (1971-1993) ..........Professor of Psychology
Virgil H. Stevens (1963–1985) .......................... Associate Professor of Political Science
Richard M. Straw (1956–1981) .......................... Professor of Biology
Kenneth S. Strobel (1955–1975) .......................... Associate Director of Photographic Services, Audio–Visual Center
Gaby Stuart (1964–1991) ................................. Professor of English
Joseph Stubbins (1959–1980) .......................... Professor of Education
Robert J. Stull (1969–2001) .......................... Professor of Geology
Pudukkottai K. Subramanian (1985–2007) .......................... Chair, Department of Mathematics and Professor of Mathematics, and Adjunct Professor of Computer Science
Vito G. Susca (1964–1991) .............................. Professor of Music
Rose-Marie Swallow (1970–1992) .......................... Professor of Education
R. Carol Sweeney (1986–1994) .......................... Professor of Education
Kenneth N. Sweetnam (1957–1983) .......................... Dean, Director, Instructional Media Services, and Professor of Industrial Studies

The California State University System

The California State University

Map of CSU Office and Campus Locations

CSU Officials

CSU Campuses
The California State University

The individual California State Colleges were brought together as a system by the Donahoe Higher Education Act of 1960. In 1972 the system became The California State University and Colleges, and in 1982 the system became The California State University. Today the campuses of the CSU include comprehensive and polytechnic universities and, since July 1995, the California Maritime Academy, a specialized campus.

The oldest campus—San José State University—was founded in 1857 and became the first institution of public higher education in California. The newest—CSU Channel Islands—opened in fall 2002, with freshmen arriving in fall 2003.

Responsibility for The California State University is vested in the Board of Trustees, whose members are appointed by the Governor. The Trustees appoint the Chancellor, who is the chief executive officer of the system, and the Presidents, who are the chief executive officers of the respective campuses.

The Trustees, the Chancellor, and the Presidents develop systemwide policy, with implementation at the campus level taking place through broadly based consultative procedures. The Academic Senate of the California State University, made up of elected representatives of the faculty from each campus, recommends academic policy to the Board of Trustees through the Chancellor.

Academic excellence has been achieved by The California State University through a distinguished faculty, whose primary responsibility is superior teaching. Although each campus in the system has its own unique geographic and curricular character, all campuses, as multipurpose institutions, offer undergraduate and graduate instruction for professional and occupational goals as well as broad liberal education. All of the campuses require, for graduation with the baccalaureate, a basic program of "General Education Requirements" regardless of the type of bachelor's degree or major field selected by the student.

The CSU offers more than 1,800 bachelor's and master's degree programs in some 240 subject areas. Many of these programs are offered so that students can complete all upper division and graduate requirements by part-time late afternoon and evening study, or by distance learning from home or work via computer or television. In addition, a variety of teaching and school service credential programs are available. A limited number of doctoral degrees are offered jointly with the University of California and with private institutions in California.

Enrollments in fall 2005 totaled 405,000 students, who were taught by some 22,000 faculty. The system awards about half of the bachelor's degrees and a third of the master's degrees granted in California. Nearly 2.5 million persons have been graduated from CSU campuses since 1960.

The CSU Board of Trustees

In adopting the Donahoe Higher Education Act of 1960, the State Legislature established the Board of Trustees of The California State College (designated "The California State University" on Jan. 1, 1982) to "succeed to the powers, duties and functions with respect to the management, administration and control of the state colleges." Prior to this, the State Board of Education had jurisdiction over the separate colleges.

The Donahoe Act also restructured the individual campuses into the nation's largest system of senior higher education. The Board of Trustees governs this diverse and complex 23-campus system by:

1. Developing broad administrative policy for the campuses
2. Providing broad direction and coordination to campus curricular development
3. Overseeing the efficient management of funds, property, facilities and investments by the system and the campuses
4. Appointing the Chancellor and Vice Chancellors for the system, and the Presidents for the campuses as chief executives with certain delegated responsibilities
5. Communicating to the people of California an understanding and appreciation of the current effectiveness and the future needs of the California State University.

Under present law there are 24 voting Trustees. Five Trustees are ex officio members: the Governor, Lieutenant Governor, Speaker of the Assembly, State Superintendent of Public Instruction, and the Chancellor. The Alumni Trustee is appointed by the CSU Statewide Alumni Council. The Student and Faculty Trustee are appointed by the Governor from nominees proposed by the California State Student Association and the Statewide Academic Senate respectively. The Student, Alumni, and Faculty Trustees serve for two years. The sixteen remaining Trustees are appointed by the Governor, confirmed by the State Senate, and serve for eight years. Trustees remain on the Board until a replacement is named or 60 days after their term expires.

The Governor is designated as the President of the Board; the Chancellor serves as Secretary-Treasurer. Other officers, including the Board's Chair and Vice Chair, are elected by Board members for one-year terms. One Trustee serves as representative to the California Postsecondary Education Commission.

Currently there are nine standing committees of the Board: Audit; Campus Planning, Buildings and Grounds; Collective Bargaining; Educational Policy; Finance; Governmental Relations; Institutional Advancement; Organization and Rules; and University and Faculty Personnel.

Board meetings are held in the headquarters building in Long Beach six times a year. Board meetings are arranged to allow for public comment and also to promote communication between the Trustees and campus Presidents, Executive Committee members of the Statewide Academic Senate, representatives of the California State Student Association, and officers of the Statewide Alumni Council.

The Donahoe Act - which grew out of the recommendations contained in A Master Plan for Higher Education in California, 1960-1975 - was added to the California Education Code as Division 16.5. Along with Division 18 of the Code, it defines the composition, appointments, terms, powers, and functions of the Board of Trustees.

Section 89030 of the Code provides that "the Trustees shall adopt rules and regulations not inconsistent with the laws of this State for: a) the government of the Trustees, b) the government of their appointees and employees, c) the government of the California State University." Section 66607 stipulates that "The California State University shall be entirely independent of all political and sectarian influence and kept free therefrom in the appointment of its Trustees and in the administration of its affairs."

Appendix A - Eligibility Index

The following table is used in determining the eligibility of graduates of California high schools and California legal residents for admission as freshmen at a California State University campus. For an explanation of how the eligibility index works, see Eligibility Index in the Admissions chapter. An applicant with a grade point average of 3.00 or above (3.61 for nonresidents) is not required to submit test scores. However, all applicants for admission are urged to take the SAT or ACT because campuses use these test results for advising and placement purposes and may require them for admission to impacted majors or programs. Impacted CSU campuses require SAT or ACT scores of all applicants for freshman admission.

The minimum eligibility index for California residents and California high school graduates is 2900 using the SAT and 694 using the ACT score. If you neither graduated from a California high school nor are a legal resident of California for tuition purposes, you need a minimum index of 3502 (SAT) or 842 (ACT). The method used to compute the index is explained below:

SAT: Multiply the grade point average by 800, adding your total score on the mathematics and critical reading scores* of the SAT.

ACT: Multiply the grade point average by 200 and add it to 10 times the composite ACT score.

Graduates of secondary schools in foreign countries must be judged to have academic preparation and abilities equivalent to applicants eligible under this section.

* The CSU uses only the SAT mathematics and critical reading scores in its admission eligibility equation. The SAT or ACT writing scores are not currently used by CSU campuses.
Appendix B - Determination of Residence for Nonresident Tuition Purposes

The law governing residence for tuition purposes at the California State University is California Education Code sections 68000-68090, 68120-68134, and 89705-89707.5, and California Code of Regulations, Title 5, Subchapter 5, Article 4, sections 41900-41916. This material can be viewed on the Internet by accessing the California State University’s website at www.calstate.edu/GC/resources.shtml

Each campus’s Admissions Office is responsible for determining the residence status of all new and returning students based on the Application for Admission, Residency Questionnaire, Reclassification Request Form, and, as necessary, other evidence furnished by the student. A student who fails to submit adequate information to establish eligibility for resident classification will be classified as a nonresident.

Generally, establishing California residence for tuition purposes requires a combination of physical presence and intent to remain indefinitely. An adult who, at least one full year prior to the residence determination date for the term in which enrollment is contemplated, can demonstrate both physical presence in the state combined with evidence of intent to remain in California indefinitely may establish California residence for tuition purposes. A minor normally derives residence from the parent(s) they reside with or most recently resided with.

Evidence demonstrating intent may vary from case to case but will include, and is not limited to, the absence of residential ties to any other state, California voter registration and voting in California elections, maintaining California vehicle registration and driver’s license, maintaining active California bank accounts, filing California income tax returns and listing a California address on federal tax returns, owning residential property or occupying or renting an apartment where permanent belongings are kept, maintaining active memberships in California professional or social organizations, and maintaining a permanent military address and home of record in California.

Non-citizens establish residence in the same manner as citizens, unless precluded by the Immigration and Nationality Act from establishing domicile in the United States.

Exceptions to the general residence requirements are contained in California Education Code sections 68070-68084 and California Code of Regulations, Title 5, Subchapter 5, Article 4, sections 41906-41906.5, and include, but are not limited to, members of the military and their dependents, certain credentialed employees of school districts and most students who have attended three years of high school in California and graduated or attained the equivalent. Whether an exception applies to a particular student cannot be determined before the submission of an application for admission and, as necessary, additional supporting documentation. Because neither campus nor Chancellor’s Office staff may give advice on the application of these laws, applicants are strongly urged to review the material for themselves and consult with a legal advisor.

Nonresident students seeking reclassification are required to complete a supplemental questionnaire including questions concerning their financial dependence, which will be considered along with physical presence and intent in determining reclassification.

The residence determination dates are set each term. They are:

**Quarter Term Campuses**
- Fall Quarter: September 20
- Winter Quarter: January 5
- Spring Quarter: April 1
- Summer Quarter: July 1

**Semester Term Campuses**
- Fall Semester: September 20
- Winter Semester*: January 5
- Spring Semester: January 25
- Summer: June

*Applies only to winter term at California State University, Stanislaus.

The residence determination dates for the four stages on CalStateTEACH are as follows:

<table>
<thead>
<tr>
<th>Stage</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>September 20</td>
</tr>
<tr>
<td>2</td>
<td>January 5</td>
</tr>
<tr>
<td>3</td>
<td>June 1</td>
</tr>
<tr>
<td>4</td>
<td>September 20</td>
</tr>
</tbody>
</table>

Students classified as non-residents may appeal a final campus decision within 120 days of notification by the campus. A campus residence classification appeal must be in writing and submitted to:

The California State University
Office of General Counsel
401 Golden Shore, 4th Floor
Long Beach, CA 90802-4210

The Office of General Counsel can either decide the appeal or send the matter back to the campus for further review.

Students incorrectly classified as residents or incorrectly granted an exception from nonresident tuition are subject to reclassification as nonresidents and payment of nonresident tuition in arrears. If incorrect classification results from false or concealed facts, the student is subject to discipline pursuant to Section 41301 of Title 5 of the California Code of Regulations.

Resident students who become nonresidents or who no longer meet the criteria for an exception must immediately notify the Admissions Office.

Changes may have been made in the rate of nonresident tuition and in the statutes and regulations governing residence for tuition purposes in California between the time this information is published and the relevant residence determination date. Students are urged to review the statutes and regulations stated above.
The total support cost per full-time equivalent student includes the expenditures for current operations, including payments made to students in the form of financial aid, and all fully reimbursed programs contained in state appropriations. The average support cost is determined by dividing the total cost by the number of full-time equivalent students (FTES). The total CSU 2007/08 preliminary budget amounts were $2,976,335,000 from state General Fund appropriations (not including capital outlay funding), $1,138,073,785 from State University Fee Revenue, $221,878,000 from other fees and reimbursements for a total of $4,336,286,785 The number of projected 2007/08 full-time equivalent students (FTES) is 355,956. The number of full-time equivalent students is determined by dividing the total academic student load by 15 units for undergraduate (12 units for graduate) per term (the figure used here to define a full-time student’s academic load).

The 2007/08 average support cost per full-time equivalent student based on preliminary General Fund appropriation and State University Fee revenue only is $11,559 and when including all sources as indicated below is $12,182. Of this amount, the average student fee support per FTE is $3,197, which includes fee revenue in state university fee.

<table>

</tbody>
</table>

The average CSU 2007/08 academic year, resident, undergraduate state university fees required to apply to, enroll in, or attend the university is $2,772. However, the costs paid by individual students will vary depending on campus, program, and whether a student is part-time, full-time, resident, or nonresident.
Appendix D - Academic Honesty

Preamble
The University in its quest for truth and knowledge embraces honesty and integrity. These fundamental values must not be compromised. The trust and respect among professors, students and the society need to be vigilantly protected. Cheating and plagiarism can be neither justified nor condoned as this would destroy the ideals and purposes of higher education. Students enter the University to gain the knowledge and tools necessary for participation in society. Academic integrity is a foundation for society based on trust and honesty. Therefore, the University takes seriously its responsibility for academic honesty.

I. Cheating
At Cal State L.A., cheating is defined as the act of obtaining or attempting to obtain credit for academic work through the use of any dishonest, deceptive, or fraudulent means. The following examples are intended to be representative, but not all-inclusive:

(a) Examinations/Tests
- Copying from another student's paper
- Employing signals to obtain answers from others
- Stealing or arranging for the theft of an examination
- Knowingly reviewing an unauthorized copy of an examination
- Using lecture notes or textbooks during an examination when prohibited
- Possessing crib notes at the location and during the time of the examination
- Having someone else take an examination in your place
- Feigning illness or telling falsehoods to avoid taking an examination at the scheduled time
- Claiming falsely that you took an examination at the scheduled time
- Storing and/or accessing course subject matter in a calculator, computer or recording device, without authorization from the instructor, when such instruments are otherwise permitted to be used during an examination period
- Utilizing calculators and/or other learning aids forbidden by the instructor
- Obtaining assistance in answering questions on a take-home examination, when such action is specifically prohibited
- Attempting to use or using bribery to obtain an undeserved grade
- Changing an answer on a graded test and claiming the student's response to the question was incorrectly marked wrong

(b) Papers/Reports, Laboratory/Homework
- Copying the work of other persons in whole or in part and submitting it as your own
- Submitting a paper obtained* from a commercial service providing and/or selling research/term papers
- Using a ghost writer to compose a paper for you
- Claiming an assigned share of a team report, toward which insufficient or no contribution was made
- Lying about the reason for not submitting a report on time
- Pretending to have submitted a paper to an instructor
- Stealing another student's report and submitting it as one's own work
- Submitting the same term paper to two or more different instructors for credit in their courses without their prior permission
- Inventing, falsifying, or altering data for a research survey or laboratory experiment
- Misrepresenting the authorship of an experiment or exercise
- Depending upon others to complete laboratory assignments or homework when instructions call for independent work
- Sabotaging someone else's laboratory work or other exercise

(c) Fabrication
- Knowingly including references in the bibliography that were not examined
- Using false references in the bibliography
- Falsely citing bibliographic references in footnotes

II. Plagiarism
At Cal State L.A., plagiarism is defined as the act of using ideas, words, or work of another person or persons as if they were one's own, without giving proper credit to the original sources.

The following examples of plagiarism are intended to be representative, but not all-inclusive:

- Failing to give credit via proper citations for others' ideas and concepts, data and information, statements and phrases, and/or interpretations and conclusions
- Failing to use quotation marks when quoting directly from another, whether it be a paragraph, a sentence, or a part thereof
- Paraphrasing the expressions of thought by others without appropriate quotation marks or attribution

*Web sites offer many free papers as well as sliding price scales for longer/higher quality (allegedly) papers.
• Assembling parts from various works and submitting the synthesis or single paper as one's own creation
• Representing another's artistic/scholarly works, such as musical compositions, computer programs, photographs, paintings, drawings, sculptures, or similar works as one's own

III. Consequences and Sanctions
Violations of academic honesty have a dual aspect, constituting both a breach of ethics and a form of academic non-performance. Hence the consequences of violating this policy may fall into two categories. Addressing the violation as an academic matter does not preclude the imposition of further administrative sanctions.

Academic Consequences:
Faculty have the right to establish the standards by which the academic performance of students will be evaluated, including the consequences of students not meeting some portion or all of the academic requirements of a course through acts of cheating or plagiarism. These consequences may range from assigning a lowered grade, zero or "F" on an individual assignment to lowering the students grade or assigning and "F" in the course. Faculty may alternatively permit the student to repeat an assignment/test or complete and submit additional assignments. Furthermore, before these consequences can be effected, the faculty member must have verified instances of cheating or plagiarism. These consequences may range from assigning a lowered grade, zero or "F" on an individual assignment to lowering the students grade or assigning and "F" in the course. Faculty may alternatively permit the student to repeat an assignment/test or complete and submit additional assignments. Furthermore, before these consequences can be effected, the faculty member must have verified instances of academic dishonesty by personal observation and/or documentation. In all cases the violation should be reported to the University Judicial Affairs Officer either on the Academic Honesty Resolution Form or on the Academic Dishonesty Report Form (see IV, No. 4 and 5).

Administrative Sanctions:
In addition to academic consequences, the University can impose administrative sanctions. As stipulated in Title 5, California Code of Regulations, Section 41301, cheating or plagiarism in connection with an academic program or campus may warrant
• Expulsion
• Suspension
• Probation
• Withdrawal of a degree
• A lesser sanction

IV. Reporting Procedures
When a faculty member suspects that a student has committed an academically dishonest act, it is the faculty member's responsibility to take the following steps:
1. The faculty member must first carefully consider the evidence of the apparent dishonesty. A perception, which is not supported by reasonable evidence, will not suffice. Examples (not necessarily comprehensive) of evidence sufficient to pursue action are:
• Documentation regarding the source of text which the student has used without proper attribution or has attempted to represent as his/her own work
• A demonstrably marked difference in the writing style of the student, as compared to his/her work on previous assignments
• Testimony from others regarding a student's use of dishonest means to fulfill the assignment at hand

• Firsthand observation of the student engaging in a dishonest act, in a situation in which the student cannot effectively deny that the act took place
• Admission by the student that he/she undertook a dishonest act in fulfillment of the assignment at hand
• An unusual or suspicious degree of similarity in work done by different students

Faculty members are encouraged to discuss any perception of dishonesty and the evidentiary basis for an action with the CSULA Judicial Affairs Officer (ext. 3-3100) prior to discussing perceptions of wrongdoing with the affected student.

2. When satisfied that a reasonable evidentiary standard has been met and as soon as possible after discovering the alleged violation, the faculty member should arrange an office conference in order to inform the student of the allegations and of the due process rights (see Academic Honesty Resolution Form). The purpose of the informal office conference is to bring together the persons involved to discuss the issues informally and to discuss the action, if any. At that time, the student should be informed of the supporting evidence and the consequences and procedures regarding academic dishonesty.

3. Although the student may elect to make a decision at the office conference, the student shall be informed of the instructor that he/she may have five (5) business days to inform the University Judicial Affairs Officer whether he/she agrees to the charges of academic dishonesty proposed by the instructor or whether he/she requests a hearing.

4. If the student agrees to the charges of academic dishonesty, an Academic Honesty Resolution Form, signed by the student and the instructor, will be filed with the University Judicial Affairs Officer for informational purposes. This information may be used for administrative sanctions in the case of repeat offenders.

5. In cases when the student does not agree to the charges of academic dishonesty, does not provide a satisfactory explanation of the alleged violation, fails to attend the scheduled conference to discuss the alleged dishonesty, or when the alleged dishonesty is detected at the close of the quarter and the instructor has not been successful in a good-faith effort to contact the student, then the following procedures apply:
• An Academic Dishonesty Report form describing the alleged incident shall be referred to both the student and the University Judicial Affairs Officer by the instructor. The instructor shall not assign a grade until the case is resolved.
• All notes and discussions between the faculty member and the student will remain confidential except as may be relevant in subsequent disciplinary proceedings or subsequent legal proceedings. Charges of academic dishonesty cannot be brought against a student more than 120 calendar days after the discovery of the alleged violation.
• In the event that the faculty member cannot, for serious and compelling reasons, participate in any one or more parts of the above process, the department/division chair or school director shall represent the faculty.

Appendix D – Academic Honesty / 761
Due Process:
It is incumbent upon the academic community that students are assured of fair and equitable treatment. To that end, the students have the right of due process and procedural safeguards. Through these procedures, students can be assured that their rights are reasonably protected, the facts are fairly determined, and that the sanctions imposed are justified by the evidence and appropriate to the seriousness of the offense.

For purposes of this policy, the Academic Dishonesty Report form shall be the statement of charges against the student. The University Judicial Affairs Officer will conduct an investigation of the charges and decide on their merit. The burden of proof lies with the instructor making the charges. The student may appeal the decision of the Judicial Affairs Officer by requesting a hearing as described in E.O. 628. The faculty member making the charge may also appeal the University Judicial Affairs Officer's decision before a panel composed of a student, a faculty member, and a University administrator. The request will be made in writing to the Vice President for Student Affairs. The panel members will be chosen from colleges other than that of the faculty member making the request. Only the merits of the charges of academic dishonesty will be considered in this process. The right and responsibility to determine the academic consequences of the violation will remain with the faculty.

V. Finality of the Academic Dishonesty Process
Notwithstanding any other policy, regulation, or rule, the grade appeal procedure for the university, or for any school or department therein, shall not be available to a student to challenge a course grade on the grounds that the charges of academic dishonesty were unwarranted. This does not preclude a student from pursuing a grade grievance against a professor in a course in which an academic honesty charge was made providing the grievance is based on issues other than the charge of academic dishonesty.

Notwithstanding any other policy, regulation, or rule and unless concrete and significant new evidence is discovered, the decision and findings of fact following a hearing, or the admission of cheating or plagiarism by a student, made in accord with this policy, shall be deemed conclusive as to any subsequent investigation or hearing arising from or relating to the same events.

VI. Confidentiality
When a faculty member alleges an incident of cheating or plagiarism, that faculty member is expected to arrange an informal conference with the student(s), advise the student(s) of the allegation(s) as well as supporting evidence thereof, and provide the student(s) with a copy of the Academic Honesty Resolution Form so that the student(s) may become fully apprised of the allegation(s). The student will also receive a copy of the University policy documents and procedures. All parties to these and all subsequent deliberations regarding incidents of cheating and plagiarism have the right to expect that such deliberations will occur in a setting of strictest confidentiality.

Concomitant with this right of confidentiality is the obligation of all parties to refrain from any discussions of these issues regarding cheating or plagiarism outside of the informal and formal conferences and meetings as outlined elsewhere in this document, except in any subsequent legal action. Violations of this principle of confidentiality are themselves subject to university disciplinary action.

In the matter of student records and according to Federal and State privacy laws, students have the right to protections against improper disclosure of personal information. However, it is permissible for transcripts of student academic records to contain information regarding a student's academic status including such disciplinary actions as suspension or expulsion. Being a temporary action, suspension may be expunged from the record upon the student's reinstatement.

Threats/Retaliation:
Any threats or acts of retaliation against any member of the faculty or staff as a consequence of implementing this policy on Academic Honesty will be cause for disciplinary action under section 41301, Title 5, California Code of Regulations, in addition to civil and criminal liabilities.

VII. Evaluation of Academic Performance
Nothing in this policy is intended to limit a faculty member’s ability to assign a grade to a student in a course based solely on the faculty member’s individual determination of the extent to which the student achieved the objectives of the course whether or not the faculty member files a report regarding the student’s honesty.
Appendix E - Student Conduct

Inappropriate conduct by students or by applicants for admission is subject to discipline as provided in Sections 41301 and 41302 of Title 5, California Code of Regulations. These sections are as follows.

41301. Standards for Student Conduct.

The University is committed to maintaining a safe and healthy living and learning environment for students, faculty, and staff. Each member of the campus community must choose behaviors that contribute toward this end. Student behavior that is not consistent with the Student Conduct Code is addressed through an educational process that is designed to promote safety and good citizenship and, when necessary, impose appropriate consequences.

(a) Student Responsibilities

Students are expected to be good citizens and to engage in responsible behaviors that reflect well upon their university, to be civil to one another and to others in the campus community, and to contribute positively to student and university life.

(b) Unacceptable Student Behaviors

The following behavior is subject to disciplinary sanctions:

1. Dishonesty, including:
   (A) Cheating, plagiarism, or other forms of academic dishonesty that are intended to gain unfair academic advantage.
   (B) Furnishing false information to a University official, faculty member, or campus office.
   (C) Forgery, alteration, or misuse of a University document, key, or identification instrument.
   (D) Misrepresenting one's self to be an authorized agent of the University or one of its auxiliaries.

2. Unauthorized entry into, presence in, use of, or misuse of University property.

3. Willful, material and substantial disruption or obstruction of a University-related activity, or any on-campus activity.

4. Participating in an activity that substantially and materially disrupts the normal operations of the University, or infringes on the rights of members of the University community.

5. Willful, material and substantial obstruction of the free flow of pedestrian or other traffic, on or leading to campus property or an off-campus University related activity.

6. Disorderly, lewd, indecent, or obscene behavior at a University related activity, or directed toward a member of the University community.

7. Conduct that threatens or endangers the health or safety of any person within or related to the University community, including physical abuse, threats, intimidation, harassment, or sexual misconduct.

8. Hazing, or conspiracy to haze, as defined in Education Code Sections 32050 and 32051:

"Hazing" includes any method of initiation or pre-initiation into a student organization, or any pastime or amusement engaged in with respect to such an organization which causes, or is likely to cause, bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm, to any student or other person attending any school, community college, college, university or other educational institution in this state; but the term "hazing" does not include customary athletic events or other similar contests or competitions.

A group of students acting together may be considered a 'student organization' for purposes of this section whether or not they are officially recognized. Neither the express or implied consent of a victim of hazing, nor the lack of active participation while hazing is going on is a defense. Apathy or acquiescence in the presence of hazing is not a neutral act, and is also a violation of this section.

9. Use, possession, manufacture, or distribution of illegal drugs or drug-related paraphernalia, (except as expressly permitted by law and University regulations) or the misuse of legal pharmaceutical drugs.

10. Use, possession, manufacture, or distribution of alcoholic beverages (except as expressly permitted by law and University regulations), or public intoxication while on campus or at a University related activity.

11. Theft of property or services from the University community, or misappropriation of University resources.

12. Unauthorized destruction, or damage to University property or other property in the University community.

13. Possession or misuse of firearms or guns, replicas, ammunition, explosives, fireworks, knives, other weapons, or dangerous chemicals (without the prior authorization of the campus president) on campus or at a University related activity.

14. Unauthorized recording, dissemination, or publication of academic presentations (including handwritten notes) for a commercial purpose.

15. Misuse of computer facilities or resources, including:
   (A) Unauthorized entry into a file, for any purpose.
   (B) Unauthorized transfer of a file.
   (C) Use of another's identification or password.
   (D) Use of computing facilities, campus network, or other resources to interfere with the work of another member of the University community.
   (E) Use of computing facilities and resources to send obscene or intimidating and abusive messages.
(F) Use of computing facilities and resources to interfere with normal University operations.

(G) Use of computing facilities and resources in violation of copyright laws.

(H) Violation of a campus computer use policy.

(16) Use of computing facilities and resources in violation of University policy, regulation or presidential order.

(17) Failure to comply with directions or, or interference with, any University official or any public safety officer while acting in the performance of his/her duties.

(18) Any act chargeable as a violation of a federal, state, or local law that poses a substantial threat to the safety or well being of members of the University community, to property within the University community or poses a significant threat of disruption or interference with University operations.

(19) Violation of the Student Conduct Procedures, including:

(A) Falsification, distortion, or misrepresentation of information related to a student discipline matter.

(B) Disruption or interference with the orderly progress of a student discipline proceeding.

(C) Initiation of a student discipline proceeding in bad faith.

(D) Attempting to discourage another from participating in the student discipline matter.

(E) Attempting to influence the impartiality of any participant in a student discipline matter.

(F) Verbal or physical harassment or intimidation of any participant in a student discipline matter.

(G) Failure to comply with the sanction(s) imposed under a student discipline proceeding.

(20) Encouraging, permitting, or assisting another to do any act that could subject him or her to discipline.

(d) Procedures for Enforcing This Code

The Chancellor shall adopt procedures to ensure students are afforded appropriate notice and an opportunity to be heard before the University imposes any sanction for a violation of the Student Conduct Code.

41302. Disposition of Fees: Campus Emergency; Interim Suspension.

The President of the campus may place on probation, suspend, or expel a student for one or more of the causes enumerated in Section 41301. No fees or tuition paid by or for such student for the semester, quarter, or summer session in which he or she is suspended or expelled shall be refunded. If the student is readmitted before the close of the semester, quarter, or summer session in which he or she is suspended, no additional tuition or fees shall be required of the student on account of the suspension.

During periods of campus emergency, as determined by the President of the individual campus, the President may, after consultation with the Chancellor, place into immediate effect any emergency regulations, procedures, and other measures deemed necessary or appropriate to meet the emergency, safeguard persons and property, and maintain educational activities.

The President may immediately impose an interim suspension in all cases in which there is reasonable cause to believe that such an immediate suspension is required in order to protect lives or property and to insure the maintenance of order. A student so placed on interim suspension shall be given prompt notice of charges and the opportunity for a hearing within 10 days of the imposition of interim suspension. During the period of interim suspension, the student shall not, without prior written permission of the President or designated representative, enter any campus of the California State University other than to attend the hearing. Violation of any condition of interim suspension shall be grounds for expulsion.

(c) Application of This Code

Sanctions for the conduct listed above can be imposed on applicants, enrolled students, students between academic terms, graduates awaiting degrees, and students who withdraw from school while a disciplinary matter is pending. Conduct that threatens the safety or security of the campus community, or substantially disrupts the functions or operation of the University is within the jurisdiction of this Article regardless of whether it occurs on or off campus. Nothing in this Code may conflict with Education Code Section 66301 that prohibits disciplinary action against students based on behavior protected by the First Amendment.
Appendix F - Privacy Rights of Students in Education Records

The federal Family Educational Rights and Privacy Act of 1974 (20 U.S.C. 1232g) and regulations adopted thereunder (34 C.F.R. 99) and California Education Code, Section 67100 et seq., set out requirements designed to protect students' privacy in their records maintained by the campus, the statute and regulations govern access to records maintained by the campus, and the release of such records. The law provides that the campus must give students access to official records directly related to the student, and must also provide opportunity for a hearing to challenge the records if the student claims they are inaccurate, misleading, or otherwise inappropriate. The right to a hearing under the law does not include any right to challenge the appropriateness of a grade determined by the instructor. The law generally requires the institution to receive a student’s written consent before releasing personally identifiable data about the student.

Cal State L.A. has adopted a set of policies and procedures governing implementation of the statute and the regulations. Copies of these policies and procedures may be obtained at the Office of the Vice President for Student Affairs, Student Affairs 108. Among the types of information included in the campus statement of policies and procedures are: (1) the types of student records maintained and the information they contain; (2) the official responsible for maintaining each type of record; (3) the location of access lists indicating persons requesting or receiving information from the record; (4) policies for reviewing and expunging records; (5) student access rights to their records; (6) the procedures for challenging the content of student records; (7) the cost to be charged for reproducing copies of records; and (8) the right of the student to file a complaint with the Department of Education. The Department of Education has established an office and review board to investigate complaints and adjudicate violations. The designated office is: The Family Policy Compliance Office, U.S. Department of Education, Washington, D.C. 20202-4605.

Cal State L.A. is authorized under the act to release “directory information” about students. “Directory information” includes the student’s name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, grade level, enrollment status, degrees, honors, and awards received, and the most recent previous educational agency or institution attended by the student. This information is subject to release by the campus at any time unless the campus has received prior written objection from the student specifying information that the student requests not be released. Such objections should be directed to the University Registrar.

Addendum to the Privacy Rights of Students in Education Records

Cal State L.A. is authorized under the act to release “directory information” about students. “Directory information” includes the student's name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, grade level, enrollment status, degrees, honors, and awards received, and the most recent previous educational agency or institution attended by the student. For bargaining unit student employees, directory information also includes: the name of the department employing the student, the student employee's telephone listing within the department, the student employee's e-mail address within the department, and the student employee's job classification. The above-designated information is subject to release by the campus at any time unless the campus has received prior written objection from the student specifying information that the student requests not be released. Such written objections should be directed to the University Registrar.
Appendix G - Availability of Institutional and Financial Assistance Information

The following information concerning student financial assistance may be obtained from the Center for Student Financial Aid, located in Student Affairs 124, phone (323) 343-6260:

1. A description of the federal, state, institutional, local, and private student financial assistance programs available to students who enroll at Cal State L.A.;

2. For each aid program, a description of procedures and forms by which students apply for assistance, student eligibility requirements, criteria for selecting recipients from the group of eligible applicants, and criteria for determining the amount of a student's award;

3. A description of the rights and responsibilities of students receiving financial assistance, including federal Title IV student assistance programs, and criteria for continued student eligibility under each program;

4. The satisfactory academic progress standards that students must maintain for the purpose of receiving financial assistance and criteria by which a student who has failed to maintain satisfactory progress may reestablish eligibility for financial assistance;

5. The method by which financial assistance disbursements will be made to students and the frequency of those disbursements;

6. The terms of any loan received as part of the student's financial aid package, a sample loan repayment schedule, and the necessity for repaying loans;

7. The general conditions and terms applicable to any employment provided as part of the student's financial aid package;

8. The responsibility of Cal State L.A. for providing and collecting exit counseling information for all student borrowers under the federal student loan programs; and

9. The terms and conditions for deferral of loan payments for qualifying service under the Peace Corps Act, the Domestic Volunteer Service Act of 1973, or comparable volunteer community service.

Information concerning the cost of attending Cal State L.A. is available from the Center for Student Financial Aid, located in Student Affairs 124, phone (323) 343-6260, and includes fees and tuition (where applicable); the estimated costs of books and supplies; estimates of typical student room, board, and transportation costs; and, if requested, additional costs for specific programs.

Information concerning the refund policies of Cal State L.A. for the return of unearned tuition and fees or other refundable portions of institutional charges is available from Disbursement Office, located in Administration 128, phone (323) 343-3630.

Information concerning policies regarding the return of federal Title IV student assistance funds as required by regulation is available from the Center for Student Financial Aid, located in Student Affairs 124, phone (323) 343-6260.

Information regarding special facilities and services available to students with disabilities may be obtained from the Office of Students with Disabilities, located in Student Affairs 115, phone (323) 343-3140 (TDD 3139).

Information concerning Cal State L.A. policies, procedures, and facilities for students and other to report criminal actions or other emergencies occurring on campus may be obtained from Public Safety Office, Building C, (323) 343-3700.

Information concerning Cal State L.A. annual campus security report may be obtained from Public Safety Office, Building C, phone (323) 343-3700.

Information concerning the prevention of drug and alcohol abuse and rehabilitation programs may be obtained from the Health Promotions and Education Center at the Student Health Center, (323) 343-3340.

Information regarding student retention and graduation rates at Cal State L.A., and, if available, the number and percentage of students completing the program in which the student is enrolled or has expressed interest may be obtained from the Institutional Research Office, ADM 702, (323) 343-2730.

Information concerning athletic opportunities available to male and female students and the financial resources and personnel that Cal State L.A. dedicates to its men's and women's teams may be obtained from the Division of Intercollegiate Athletics, Chris Hughes, P.E. 212, (323) 343-5308.

Information concerning teacher preparation programs at Cal State L.A., including the pass rate on teacher certification examinations, may be obtained from the Associate Dean of Student Services, Charter College of Education, (323) 434-4300.

Information concerning grievance procedures for students who feel aggrieved in their relationships with the university, its policies, practices and procedures, or its faculty and staff may be obtained from Office of the Vice President for Student Affairs, Judicial Affairs Officer, (323) 343-3100.

The federal Military Selective Service Act (the “Act”) requires most males residing in the United States to present themselves for registration with the Selective Service System within thirty days of their eighteenth birthday. Most males between the ages of 18 and 25 must be registered. Males born after December 31, 1959, may be required to submit a statement of compliance with the Act and regulations in order to receive any grant, loan, or work assistance under specified provisions of existing federal law. In California, students subject to the Act who fail to register are also ineligible to receive any need-based student grants funded by the state or a public postsecondary institution.

Selective Service registration forms are available at any U.S. Post Office, and many high schools have a staff member or teacher appointed as a Selective Service Registrar. Applicants for financial aid can also request that information provided on the Free Application for Federal Student Aid (FAFSA) be used to register them with the Selective Service. Information on the Selective Service System is available and the registration process may be initiated online at http://www.sss.gov.
Appendix H - Procedure for the Establishment or Abolishment of a Student Body Fee

The law governing the California State University provides that fees defined as mandatory, such as a student body association fee and a student body center fee, may be established. A student body association fee must be established upon a favorable vote of two-thirds of the students voting in an election held for this purpose (Education Code, Section 89300). A student body center fee may be established only after a fee referendum is held which approves by a two-thirds favorable vote the establishment of the fee (Education Code, Section 89304). The student body fee was established at Cal State L.A. by student referendum in 1959. The campus president may adjust the student body association fee only after the fee adjustment has been approved by a majority of students voting in a referendum established for that purpose (Education Code, Section 89300). The required fee shall be subject to referendum at any time upon the presentation of a petition to the campus president containing the signatures of 10 percent of the regularly enrolled students at the University. Once bonds are issued, authority to set and adjust student body center fees is governed by provisions of the State University Revenue Bond Act of 1947, including, but not limited to, Education Code, sections 90012, 90027, and 90068. Student body association fees support a variety of cultural and recreational programs, childcare centers, and special student support programs.

The process to establish and adjust other campus-based mandatory fees requires consideration by the campus fee advisory committee and a student referendum. The campus President may use alternate consultation mechanisms if he/she determines that a referendum is not the best mechanism to achieve appropriate and meaningful consultation. Results of the referendum and the fee committee review are advisory to the campus President. The President may also request the Chancellor to establish the mandatory fee.

For more information or questions, please contact Colleen Nickles, Senior Director of Financing & Treasury in the CSU Chancellor’s Office, at (562) 981-4579 or cnickles@calstate.edu.
Appendix I – Student Grievance Procedures

Policy:
The purpose of the Student Grievance Policy and Procedure is to enable students to seek redress for complaints or grievances (referred to as “grievances”) that allegedly resulted in injury to the student. A grievance arises from any alleged unauthorized or unjustified act or decision by a member of the faculty, staff, and/or management employee which adversely affects the status, rights, or privileges of a student.

Purpose:
The purpose of the Student Grievance Policy and Procedure is to enable students to seek redress for complaints or grievances that allegedly resulted in injury to the student. A grievance arises from any alleged unauthorized or unjustified act or decision by a member of the faculty, staff, and/or management employee which adversely affects the status, rights, or privileges of a student.

Definitions/Responsibilities:
a. Appropriate Administrator – The Vice President of the Division (or the Division Vice President’s designee) in which the named employee works. In the case of a faculty employee, the dean of the appropriate college may be the appropriate administrator. The appropriate administrator will work with the named employee and the student to attempt to resolve the grievance to the satisfaction of both.
b. Appropriate Supervisor – The immediate superior to whom the named employee reports on the date of the action or event being grieved. For purposes of this Grievance Procedure, a faculty employee’s appropriate supervisor is his/her department/division chair or school director. The appropriate supervisor will work with the named employee and the student to attempt to resolve the grievance to the satisfaction of both.
c. Business Day – All days of the week, excluding Saturdays, Sundays, and days on which California State University, Los Angeles is closed.
d. Committee – The University Student Grievance Committee. The Committee, through its panel, will conduct grievance hearings, deliberate, and issue findings of fact and recommendations for action fairly and expeditiously.
e. Coordinator – The Coordinator of the Committee. The Coordinator shall be a University administrator, appointed by the President. The Coordinator shall serve at the pleasure of the President, with no set term of office. The Coordinator shall serve as Chair for and advise the Committee and any panels on rules and procedures. The Coordinator shall not vote and the Coordinator shall remain neutral on the merits of the grievance. The Coordinator will select panels from the Committee, chair, coordinate, and monitor the activities of the panels, schedule hearings, and meet with the Committee and panels as necessary. The Coordinator will ensure that grievances are processed in accord with this Grievance Procedure and assist students in submitting grievances to the Committee.
f. Faculty Unit Employee – An employee who is a member of Bargaining Unit 3 at the University.
g. Grievance – A complaint by a student, which is not subject to another investigation process, that a named employee has treated the student unfairly or has violated the California State University, Los Angeles policy, resulting in an injury to the student. Grievances may not be brought against the University President under this procedure.
h. Investigation Process – Any grievance resolution process, formal investigation process, or discipline process administered by the University, other than the student grievance process, which more appropriately and effectively resolves the issues raised in the student’s grievance.
i. Management Employee – An employee with management/supervisory responsibilities working under the Management Personnel Plan (Title 5, Article 2.2).
j. Named Employee – An employee of the California State University, Los Angeles (including a faculty unit employee) who is the focus of the student’s grievance. The named employee will attempt, when possible, to resolve the grievance informally with the student.
k. Panel – A subset of the Committee assigned to consider a grievance, consisting of one faculty member, one student, and one President’s appointee. The Coordinator may serve as an advisory, non-voting member of the panel.
l. President – The President of California State University, Los Angeles. The President will consider timely appeals of the President’s Designee’s decision, consult with other persons as necessary, and issue decisions on appeals and corrective orders.
m. President’s Designee – A management employee designated by the President.
n. Student – A person who, at the time that the event or action which is the subject of the grievance occurred, was a continuing undergraduate or graduate student, or enrolled in an Extended Education or Open University course.
o. Vice President – The Vice President of the division of the University in which the named employee works.

Informal Grievance Resolution:
Because timely resolution of complaints or grievances is in the best interests of students, faculty, administration, and the University as a whole, all parties are expected to actively seek resolution to these complaints or grievances within the time frame and through the procedures set forth by this policy.
Although they are informal, the first three steps of the grievance process must be completed within ninety days of the event/action (or the last date of a related series of events/actions) upon which the grievance is based, unless the student and the appropriate administrator enter an extension of time in writing. All parties have the responsibility to make themselves aware of these procedures and act in a manner which allows the process to work efficiently and fairly.

**Step One – Discussion with Named Employee**

Before commencing any formal proceedings under the Student Grievance Process, a student should normally attempt to discuss with the named employee the student’s concerns or complaints about the named employee’s conduct. This may not be possible in all cases, particularly if the student believes that he/she is or will be the victim of discrimination, harassment, or retaliation. Barring these concerns, however, the student should make the effort to speak to the named employee.

A student is not required to discuss his/her grievance with the named employee and may proceed directly to step two. However, the panel may consider unwarranted avoidance of the named employee in evaluating the credibility of the student’s grievance and the severity of the named employee’s conduct.

If the grievance is resolved at step one, no further action under this policy will be taken.

**Step Two – Discussion with Appropriate Supervisor**

If the grievance is not resolved at step one, the student should discuss it with the appropriate supervisor. This discussion is a prerequisite to proceeding to steps three and four. The appropriate supervisor’s role at this stage is that of mediator. The appropriate supervisor shall reasonably attempt to mediate a resolution to the grievance. This stage of the grievance process shall be considered informal and the involved parties are strongly encouraged to participate and cooperate with the appropriate supervisor’s attempt to resolve the dispute. If the named employee is a unit three employee, the supervisor may consult an appropriate department/division/school committee that has been designated by the department/division/school to hear student grievances. This department/division/school committee shall recommend a resolution to the Supervisor who will share this information with the student and the employee. If the appropriate supervisor or named employee believes that the student did not reasonably attempt to resolve the grievance, the panel may consider this in evaluating the credibility of the student’s grievance and the severity of the named employee’s conduct.

If the grievance is resolved at step two, no further action under this policy will be taken.

If the appropriate supervisor is the named employee against whom the student has grieved, the student may bypass step two and proceed directly to step three.

**Step Three – Discussion with the Appropriate Administrator**

If the grievance is not resolved at step two, the student should discuss it with the appropriate administrator. This discussion is a prerequisite to proceeding to step four. The appropriate administrator shall reasonably attempt to mediate a solution to the grievance. If the appropriate administrator believes that the student or named employee did not reasonably attempt to resolve the grievance, the panel may consider this in evaluating the credibility of the student’s grievance and the severity of the named employee’s conduct.

If the grievance is resolved at step three, no further action under this policy will be taken.

If the appropriate administrator is the named employee against whom the student has grieved, the student may bypass steps two and three and proceed directly to step four.

**Committee Formation Procedures:**

The committee shall consist of nine members, each serving a one-year term commencing on July 1. Three members shall be students, three members shall be unit three faculty, and three members shall be staff employees.

Student members shall be appointed by the governing board of the Associated Students, no later than April 15 of each year. No more than one student in any major may be appointed. To be eligible for appointment, a student must have completed at least two quarters at the University and at the time of appointment be in good academic standing. Within five business days of making appointments, the Nominations Committee shall notify the President of the names and departments of the selected faculty members.

Faculty shall be appointed by the Nominations Committee of the Academic Senate no later than April 15 of each year. No more than one faculty member may be appointed from any college. To be eligible for appointment, a faculty member must be tenured or tenure-track. The faculty member may not be on sabbatical, a difference-in-pay leave, or be serving a terminal year during his/her year of service. Within five business days of making appointments, the Nominations Committee shall notify the President of the names and departments of the selected faculty members.

Staff members shall be appointed by the President no later than April 15 of each year.

If, for any reason, a committee member leaves the committee, the appropriate appointing authority shall replace him/her as soon as possible. If the departing member is on one or more panels that have not completed their cases, the coordinator shall select an alternate panel member by lot.

**Formal Grievance Resolution:**

**Step Four – Presenting Grievance to the Committee**

Within one hundred days of the event/action (or the last date of a related series of events/actions) upon which the grievance is based, a student must complete an approved grievance form and present it to the coordinator if he/she desires formal review of the grievance, notwithstanding any action taken by the appropriate administrator. If the student and the appropriate administrator had entered an extension of time in writing
permitting the first three levels of the grievance process to be completed in more than ninety days, then this deadline for completing an approved grievance form shall be automatically extended by the same number of days as set forth in the extension document. The student shall have first completed the informal processes, in a time and manner that will permit the timely filing of the grievance form.

The coordinator shall assist the student in submitting allegations and identifying physical evidence and witnesses on the grievance form. The coordinator shall determine whether findings have been made as to facts alleged in the grievance through another investigation process and obtain a copy of such findings if they exist and are not confidential.

Within five business days of receiving a grievance, the coordinator shall select by lot a panel of three members, consisting of one member each from three groups of appointees. If a panel member cannot serve because of unavailability, conflict of interest, or other reason beyond his/her control, a replacement shall be selected by lot from that panel member’s group.

For purposes of panel selection, a conflict of interest exists for a potential panel member if he/she is:

a. the named employee against whom the grievance is brought;
b. a student who was in the class that is a subject of the grievance;
c. a witness to any of the events that are the subject of the grievance or the name employee’s response;
d. a parent, child, grandparent, grandchild, sibling, first cousin, spouse, ex-spouse, son-in-law, daughter-in-law, brother-in-law, sister-in-law, niece, nephew, or domestic partner of, or who has cohabited with the student or the named employee; and
e. from the same department or unit as the named employee.

A panel member who has conflict shall immediately notify the coordinator, so that a replacement may be selected. A knowing failure to disclose a conflict of interest shall be grounds for disciplinary action against the panel member by the University and shall be grounds for permanent removal of the individual from the committee.

Within five business days of selecting a panel, the coordinator shall notify the student, in writing, that he/she has received the grievance and that the panel has been formed. The names of the panel members shall be provided in the notice. A copy of this policy and procedure shall also be included with the notice.

Within two business days of selecting the panel, the coordinator shall notify the named employee, in writing, that a grievance has been filed against him/her. The notice shall include a copy of the completed grievance form and the names of the panel members. The notice shall inform the named employee that he/she has ten business days in which to deliver to the coordinator a written response to the grievance and that no facts, physical evidence or witnesses will be permitted at the hearing if they are not identified in the written response. A copy of this policy and procedure shall be included with the notice.

A student or named employee must notify the coordinator, in writing, of any objections to a member of the panel within five business days of receiving notice of the panel members’ names. Objections to the composition of the panel must be based on at least one of the grounds set forth in the section on conflict of interest. The coordinator shall immediately contact the panel member in question. If the panel member denies that a conflict exists, the coordinator shall decide whether a conflict exists, within five business days of receiving the objection. If the panel member is removed or admits a conflict, a new panel member shall be selected and all parties shall be notified in writing of the replacement within five business days.

If the coordinator receives written findings made in another investigation process stemming from the same events/actions as the grievance prior to a decision by the panel, and those findings are not confidential, he/she shall give copies of the findings to the panel, the student and the named employee within five days.

Within five business days of receiving the response from the named employee, the coordinator shall give a copy of the response to the student.

**Initial Consideration of Grievance:**

Within five business days of selecting the panel, the coordinator shall provide each panel member a copy of the completed grievance form. The panel members shall meet with the coordinator within five business days after the coordinator provides the grievance form to the panel to discuss the allegations, determine, based on the preliminary information available at that point, whether a case for misconduct has been stated, and notify the coordinator of its conclusion in writing. For the purposes of this policy a potential case for misconduct exists only if:

a. the alleged conduct, if true, would constitute unfair treatment or a violation of policy by the named employee against the student, and
b. a hearing on the allegations would reasonably permit the panel to determine the truth or falsity of the facts alleged.

The named employee’s response is not relevant and shall not be considered by the panel members at this stage. Similarly, findings from another investigation process shall not be considered at this stage. A panel member may not abstain from voting on whether or not a case for misconduct exists.

If the panel concludes that a case for misconduct does not exist as to one or more allegations, the coordinator shall provide the written conclusion and a copy of the grievance to the President’s Designee within five business days of receipt, of the conclusion from the panel. Within five business days of receipt, the President’s Designee shall adopt the panel’s conclusion as to the allegations in question and notify the student in writing or reject it in whole or in part and direct the panel to conduct a hearing. If the President’s Designee directs the panel to hear the grievance as to the allegations in question, he/she shall identify in writing those allegations for which he/she believes a case for misconduct exists, and provide a copy to the coordinator.

If the panel concludes that a case for misconduct exists in some or all of the allegations, the panel shall identify in writing those allegations and provide a copy to the coordinator.
Within five business days of receiving a decision to conduct hearing, the coordinator shall provide a copy of the decision to the student and the named employee and schedule a hearing date no later than 20 business days after his/her receipt of the decision. The hearing may be scheduled on a later date only for extraordinary reasons, which shall be limited to the availability of the student, the named employee, a panel member, or a witness deemed by a majority of the panel as material to the hearing. A person is available unless he/she is legally required to be elsewhere or has previously planned travel or activity that will make him/her physically unavailable. If the coordinator subsequently receives a directive from the President’s designee to conduct a hearing on other allegations, the coordinator shall provide a copy of the directive to the panel, the student, and the named employee.

If the coordinator believes that multiple grievances are sufficiently related, he/she may schedule a single hearing in which all related grievances shall be presented provided the named employee approves. Where such grievances have been assigned to different panels, the coordinator shall choose one of these panels by lot to hear the grievances. Within five business days of selecting the panel, the coordinator shall notify in writing the affected students, employees, and panel members of the consolidation and provide the names of the panel members in writing to the affected students and employees. The coordinator shall send copies of the grievance forms to the panel members.

**Grievance Hearing:**

The coordinator shall provide to the student and named employee written notice of the date, time, and location of the hearing, at least ten business days before the date of the hearing. Shorter notice may be provided only if all parties to the hearing have agreed to accept shorter notice. The coordinator shall include with the notice to the President’s Designee or panel’s identification of pertinent allegations.

It is the duty of the student and the named employee to provide notice to and secure attendance of their witnesses at the hearing.

No person who is or ever has been licensed to practice law may participate in the hearing process, unless that person is the student, the named employee, a panel member, or a witness. A student or named employee may be represented by any other person. The representative may assist in the presentation of evidence and arguments to the panel, but may not also be a witness. The panel may receive legal advice from the University Legal Counsel regarding procedural or legal questions, but not about the merits of the grievance.

The burden of proof in a hearing rests with the student, who must prove that it is more likely than not that the alleged actions/events occurred and that they constituted unfair treatment or a violation of policy.

Each party shall provide all evidence necessary to support his/her claims or defenses. In instances where relevant evidence is in the custody of another student or named employee, the party who wishes to use the evidence may ask the panel to order that person to provide it to the panel prior to the hearing. The panel shall have the authority to order any University employee or student to appear and/or produce evidence. No University employee employed by the Campus Police shall be required to appear and/or produce evidence if doing so is not permitted by law or recognized public policy.

The panel shall, where necessary, delete or obscure appropriate portions of evidence to protect the privacy of non-parties.

The student and the named employee may be present at all times during the hearing. The hearing shall be closed to all persons except the student, the named employee, their respective representatives, the witness who is presently testifying, the coordinator, the student’s support person, and the panel members. The hearing shall proceed only when all three panel members are present.

The formal rules of evidence shall not govern grievance hearings. However, the rules set forth in this section are necessary to ensure that evidence offered at a hearing is appropriately received and considered.

Prior to the hearing, the coordinator shall give to each panel member a copy of the named employee’s response to the grievance and any relevant findings made in another investigation process. Unless the panel deems it necessary to accommodate the schedules of witnesses, the panel shall receive all other evidence in the following order:

a. The student shall present all evidence in support of the grievance. The student is limited to presenting evidence that is referred to in or relevant to the allegations made in the grievance form.

b. The named employee shall present all evidence refuting the allegations. The named employee is limited to presenting evidence that is referred to in or relevant to the allegations and defenses raised by the named employee in the response to the grievance form.

c. The student shall present all evidence that rebuts the named employee’s evidence that does not simply restate the student’s earlier evidence.

d. The named employee shall present all evidence that rebuts the student’s rebuttal evidence that does not simply restate the named employee’s earlier evidence.

Evidence that is solely about the character of a student, named employee, or witness shall not be permitted. This shall not preclude evidence that, for reason other than character, bears on the credibility of a student, named employee, or witness, or tends to show a relevant trait or practice.

Hearsay statements may be considered, but the panel should consider the existence or lack of corroborating evidence and the reason for the absence of the person to whom the statement is attributed.

Cross-examination of witnesses shall not be permitted. However, panel members may ask questions of any witness. A student or named employee may, at the conclusion of a witness’ testimony, request that the panel ask other questions of the witness. The panel may honor or disregard such requests.

To expedite a hearing, the student and named employee may agree to the existence of any fact. Where possible such agreements should be entered onto the record at the beginning of the hearing. The panel shall consider proven all facts for which there are such agreements.
Either party may object to evidence at the time it is introduced on the ground that it is impermissible under the grievance procedure. The panel shall rule on all objections.

The panel may record the hearing. Such recording shall exist solely for use by the panel while making its findings of fact and recommendations, and shall be used for no other purpose. Recordings will be destroyed five years after the conclusion of the hearing.

**Decision of the Presidents Designee:**

Within ten business days after the hearing concludes, the panel shall deliberate and make findings of fact in writing. The panel shall convey its findings and any recommendations for remedial action in writing to the President's Designee. The findings shall summarize the testimony of each witness, identify each piece of physical evidence presented during the hearing, and describe how the panel made its findings. Copies of all documents placed in evidence shall be included.

In making its findings, the panel shall defer to and adopt any relevant findings made in an earlier investigation process, unless the evidence presented at the hearing clearly compels a different finding.

Within five business days of receiving the panel's findings and recommendations, the President’s Designee shall issue a written decision. The decision shall state whether each finding has been accepted or rejected. The President’s Designee shall accept each finding made by the panel unless he/she concludes that no evidence was presented that, if true, would support a finding. The President’s Designee may adopt, reject, or modify any recommendation by the panel. The President’s Designee shall address his/her decision to the student, with copies to be sent to the named employee, the coordinator, and the appropriate administrator. Absent a timely appeal, the President’s Designee’s decision shall be final.

**Appeal Procedures:**

The student or named employee may appeal the President’s Designee’s decision. The student or named employee must deliver a written appeal to the President within ten business days of the receipt of the President’s Designee’s decision.

Appeals may be taken only for the following reasons:

- a. The grievance was not submitted in a timely manner at step four.
- b. A panel member had a conflict of interest and was not removed after an objection was raised in a timely manner.
- c. A panel member had a conflict of interest that was discovered subsequently to the time during which objections could be made.
- d. The procedure set forth in this grievance procedure was not followed, to the detriment of the appealing party.
- e. A panel member was biased against the appealing party.

The letter shall describe in detail the facts that support one or more of the reasons set forth in this section. Appeals based on bias must state facts that, if true, indicate bias.

The President may make inquiries of any person he/she believes has information relevant to the appeal, and shall issue a written decision rejecting or accepting the appeal within fifteen business days of receipt of the appeal. The President’s decision shall be addressed to the appealing party, with copies to be sent to the other party, the coordinator, and the appropriate administrator.

If the President rejects an appeal, the President’s Designee’s decision is final.

If the President concludes that the appeal is meritorious, he/she shall refer the matter back to the level at which the error occurred, with corrective instructions. If a panel member was biased or in conflict, the instructions shall include an order to assign a new panel. The grievance shall proceed from the level to which it was referred.

**General Guidelines:**

Any decision or action by a panel is, unless otherwise indicated, made by majority vote.

If the date to take some action under this policy falls on a day that is not a business day, the action may be taken on the next following business day. The date on which an action is to take place may also be extended by the coordinator, the President’s Designee, or the President, as deemed necessary to the fair consideration of a grievance.

Except as necessary to process a grievance, the coordinator and the members of the committee shall maintain strict confidentiality as to all grievance matters and materials.

No student or named employee, or witness should suffer adverse academic or employment consequences as a result of attendance at a grievance hearing, provided he/she has given prior notice of his/her anticipated absence from class or work to his/her instructor or supervisor. The coordinator shall certify, upon request by any person, the date(s) and time(s) during which that person participated in a grievance hearing. Supervisors and instructors are required to excuse any absence that is so certified, instructors shall permit a student to turn in work or take tests at an alternate time if necessary to accommodate the student’s appearance at the grievance hearing.

All documents that are required to be sent to a student, or named employee are deemed received on the date that a document is personally delivered or faxed, or two days after it is placed in the mail.

The President or President’s Designee may consult any person in performing their duties and may delegate their duties to any management employee who is not the subject of the grievance.

The student or named employee may have a support person present at all levels of review, including the grievance hearing.

**Organizations Affected:**

All University departments.
Appendix J – Statement of Student Rights and Responsibilities

(Senate: 1/23/68, 11/9/71, 7/15/75, 5/10/77, 11/26/85. 2/18/97; President: 3/26/68, 11/18/71, 12/31/75,* 6/30/77, 12/20/85, 6/6/97; Editorial Amendment: 9/00)

*Should any provision of this approved Statement of Student Rights and Responsibilities be deemed contrary to procedural regulations under Title IX or any other regulation of the federal government, such provisions will be null and void until properly amended. The voiding of any one section shall not invalidate any other section.

Preamble

Existing for the pursuit of knowledge, academic institutions should encourage students to enlarge their capacity for critical judgment and to engage in a sustained and independent search for truth. In this respect, free inquiry and free expression are essential when appropriate to the mode of instruction.

Scholars have rights and responsibilities deriving from their highest standards. As members of this community, students have the duty of exercising and cherishing the freedom to learn. Therefore, appropriate opportunities in the classroom, on the campus, and in the larger community should prevail for such a purpose. This document enumerates some conditions conducive to freedom of learning. Students should exercise their rights with maturity and responsibility.

The advancement of higher learning should be the obligation of all members of the academic community. The University has a duty to develop policies and procedures which safeguard academic freedom. In consonance with this social process, the student's rights and privileges as citizens or residents of the United States shall not be abridged.

I. Academic Advisement

Students have the responsibility to seek advisement throughout their enrollment at this University. To meet this responsibility, they have the right to reasonable access to professional advisement relative to all segments of their academic programs and to their career goals related to those academic programs. From academic major advisers, students should expect advisement relative to the appropriate selection of major and support courses and of General Education courses related to their goals and interests, and on matters relating to most university, and all college and department regulations and procedures. From other appropriate university offices, students should expect advice on matters relating to state and university regulations and procedures. Students have the responsibility to consult the requisite catalogs, schedules, and handbooks for rules and regulations concerning their major and support courses.

II. In the Classroom

When appropriate to the mode of instruction in the classroom as well as in conference and advisement, the professor should encourage open inquiry and free expression. Students shall be evaluated solely on the basis of their academic performance, not on their opinions or conduct in matters unrelated to academic performance.

a. Freedom of Expression. Students are responsible for mastery of the content of any course in which they enroll, but they are free to take reasoned exception at appropriate times to the interpretation of data or opinions offered.

b. Academic Evaluation. Students are responsible for meeting standards of academic performance established by their professors. Evaluations based on standards other than academic performance in the course being offered shall be considered arbitrary or capricious. The measurement of a student's performance is the responsibility of the professor. The assignment of a final grade is the responsibility solely of the professor.

c. Instructional Practice. Students have the right to substantial instruction in the course content at the time scheduled for class meetings except in mitigating circumstances.

d. Writing and Plagiarism. Plagiarism is a direct violation of intellectual and academic honesty. While it exists in many forms, all plagiarisms refer to the same act: representing somebody else's words or ideas as one's own. The most extreme forms of plagiarism are a paper written by another person, a paper obtained from a commercial source, or a paper made up of passages copied word for word without acknowledgment. But paraphrasing authors' ideas or quoting even limited portions of their texts without proper citation is also an act of plagiarism. Even putting someone else's ideas into one's own words without acknowledgment may be plagiarism. In any of its forms, plagiarism cannot be tolerated in an academic community. It may constitute grounds for a failing grade, probation, suspension, or expulsion.

One distinctive mark of an educated person is the ability to use language correctly and effectively to express ideas. Faculty assign written work for the purpose of helping students achieve that mark. Each professor will outline specific desiderata, but all expect every student to present work that represents the student's understanding of the subject in the student's own words. It is seldom expected that student papers will be based entirely or even primarily on original ideas or original research. Therefore, to incorporate the concepts of others may be appropriate with proper acknowledgment of the sources; and to quote others directly by means of quotation marks and acknowledgments is proper. However, if a paper consists entirely of quotations and citations, the paper should be rewritten to show the student's own understanding and expressive ability. The purpose of the written assignment (i.e. development of communication and analytic skills) should be kept in mind as each paper is prepared. It should not be evaded through plagiarism.
III. Student Official Records and Information

a. Separation of Records and Information. To minimize the risk of disclosure to unauthorized persons, discipline, counseling, medical, and activities records shall be kept separately from the official university academic records. Transcripts of academic records shall contain only information about academic status, except that student participation in academic governance may also be recorded pursuant to policies adopted by the University. However, disciplinary actions taken against a student which affect eligibility to reregister may be recorded for as long as authorized by special action of the President or designee, pursuant to the Student Disciplinary Procedures of The California State University.

b. University Access to Records and Information. Information from disciplinary, counseling, academic, medical, or activities files shall be available only to authorized persons within the University who require such records in the normal course of performing the assigned duties of their position.

c. Extra-Institutional Access to Records and Information. Students have a right to expect that their records will not be subject to unauthorized disclosure or access. Student records shall not be available to any extra-institutional person, agency, or organization except as permitted under the Family Education Rights and Privacy Act (FERPA, 20, U.S.C. 1232 [G]). Custodians of student records should be aware that the law prohibits release of most student information without prior consent, except within the University or state or Federal agencies, and only when the persons receiving the information have a "legitimate educational interest."

Students should be aware that there are circumstances under which "directory information" can be released to extra-institutional parties unless a student specifically prohibits it by filing a form with the Registrar's office. (The University shall ensure that the students are notified of their right to file such a form.) Directory information as defined by FERPA includes the student's name, address, telephone listing, data and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. All requests for release of student "directory information" to extra-institutional parties shall be reviewed by the campus information officer and a determination rendered as to whether it meets FERPA requirements.

The University shall make a good faith effort to notify a student in writing upon receipt of a subpoena of student records and information, the judicial authority requesting the records, the specific records requested, and the action taken by the University.

d. Student Access to Records and Information. Unless their right to access has previously been waived on a form provided for that purpose* currently enrolled and former students of California State University, Los Angeles shall have under both the Family Educational Rights and Privacy Act of 1974 (FERPA) and state law the right to know about existing student record systems and to examine their own records, including letters of recommendation, by following procedures that are established by the office responsible for keeping records. Persons making recommendations have a right to know in writing whether access rights have been waived. Students may challenge the record's accuracy or the appropriateness of its retention. In addition, students shall have the right to include in their individual records any additional information or responses bearing on information they find objectionable. Students must furnish copies of such additional information to the individuals, departments, or administrative officers who originate the information found objectionable.**

e. Confidentiality of Acquired Information. All University personnel shall respect confidential information about students which they acquire in the course of their work.

f. Political Files. No records or files shall be kept reflecting the political beliefs or political activities of students.

g. Disciplinary Files. Any person or entity holding disciplinary records shall destroy disciplinary files five years after the expiration of disciplinary action or immediately after the decision that there shall be no disciplinary action.

h. Copies of Student Records. A student may receive a copy of a record which the student has requested or consented to be released. Students must pay a charge for copies of records for which such a charge has been established.

*Students have access to only those letters of recommendation written after January 1, 1975, unless the author of the earlier letters consents to the ending of confidentiality.

**Students shall not have access to investigative information unless such information is directly relevant to the evidence used in formal disciplinary hearings.

IV. Freedom of Information

a. The student shall have the right to reasonable access to university, college, and department policies, procedures, standards, and regulations which affect the right of a student to enroll, remain enrolled, or withdraw from any course or program of study.

b. The University's General Catalog shall be the principal means by which such academic information as enumerated above shall be transmitted to students.

c. The University, colleges, departments, and interdisciplinary groups shall not initiate and implement, procedures, standards, and regulations which affect the right of a student to enroll, remain enrolled, or withdraw from any course or program of study except through established university procedures.
d. Students shall have the right to information from each professor at the first class session the general requirements and goals of a course in which they are enrolled, and the general criteria upon which they will be evaluated in that course. Such information must be made available in the form of a written syllabus by the second meeting, and preferably at the first class session. A copy of the syllabus shall be available for review in the department office. The syllabus shall include but not be limited to the following:

1. General course description including course prerequisites, if any.
2. Course objectives.
3. Topical outline of course.
4. Requirements - policies and procedures (e.g., attendance, assignments, reading), and basis for evaluation (e.g., written work, examinations or quizzes, term papers, portfolios, projects, laboratory or field work assignments, etc.).
5. Grading system and its relation to achievement of the requirements in (4).
6. Date and time of final examination.
7. Instructor's campus location, telephone extension and office hours.

e. Just as it is the students' right to know the policies, procedures, standards, and regulations which affect their rights, so shall it be their responsibility to obtain and act appropriately on such information, and their ignorance of such information which has been made accessibly to them shall not be cause to waive such policies, procedures, standards, and regulations.

V. Student Affairs

a. Freedom of Access to Higher Education. The University will make clear the characteristics and academic performance of students which it considers relevant to success in the institution's program. Under no circumstances should a student be barred from admission to a particular institution on the basis of race, religion, or sex. Thus, within the limits of its facilities, the University shall be open to all students who are qualified according to its admission standards. The facilities and services of the University shall be open to all of its enrolled students, and the institution shall use its influence to secure equal access for all students to public facilities in the local community.

b. Freedom of Association. Students bring to the campus a variety of interests previously acquired, and develop many new interests as members of the academic community. They shall be free to organize and join associations to promote their common interests.

1. Affiliation with an extra-mural organization shall not disqualify a student organization from institutional recognition. At the same time, all actions of a student organization shall be determined by vote of only those persons given voting privileges in that organization and who also hold bona fide membership in the university community. These university organizations may not represent themselves as expressing official policy or practice of the University.

2. The institution requires student organizations to make every effort to secure a faculty adviser. Each organization shall free to choose its own faculty adviser. Institutional recognition will not be withheld or withdrawn solely because of the inability of a student organization, after conscientious effort, to secure an adviser. Members of the faculty perform an important educational role and serve the university community when they accept the responsibility to advise and consult with student organizations. They shall guide organizations in the exercise of responsibility, but they do not have the authority to control the policy of organizations.

3. Student organizations are required to submit a constitution, a statement of purpose, a list of officers, a definition of membership, and rules of procedure to the Director of Student Programs and Housing. Student organization are not required to submit a membership list as a condition of institutional recognition. The list of officers shall be destroyed when it is no longer in effect.

4. Student organization, including those affiliated with an extramural organization, will be open to all students without respect to race, creed, religion, national origin, sex, or age.

5. Students and student organization are free to examine and to discuss all questions of interest to them, and to express opinions publicly or privately. They are also free to support causes by any means which do not disrupt the regular and essential operation of the institution. At the same time, they must make clear to the academic larger community that in their public expressions or demonstrations, students or student organizations speak only for themselves.

6. Students are allowed to invite and to hear any person of their own choosing, providing the invitation is in consonance with university policy on visiting speakers. The institutional control of campus facilities will not be used a device of censorship. Sponsorship of guest speakers does not necessarily imply approval or endorsement of the views express, either by the sponsoring group or the institution.

c. Student Participation in Institutional Government. As members of the academic community, students shall be free, individually and collectively, to express their views on issues of institutional policy and on matters of general interest to the student body. The role and character of student government shall be reviewed and modified only through prescribed procedures.

d. Student Publications and Broadcasting. Student publications and the student press are valuable aids in establishing and maintaining an atmosphere of free and responsible discussion and intellectual exploration.
on the campus. They are a means of bringing student concerns to the attention of the faculty and the institutional authorities, and of formulating student opinion on various issues on the campus and in the world at large. They also represent the institution to the public. The Communications Code states university policies on these matters. To this end, the editorial freedom of student editors and managers entails corollary responsibilities to be governed by the canons of responsible journalism, where libel, indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo are especially inappropriate.

Particular questions with respect to a student's rights and responsibilities should be directed to the Office of the Vice President for Student Affairs.

*Title 5, California Administrative Code, section 41503, requires student organization to submit a constitution.

**The student body and its official governing arm, the Associated Students, Inc., have a clearly defined role in the expressing the wishes of the student body and in determining institutional policy (See ASBOD Minutes of October 13, 1966, items 4.11-4.13, and the faculty Constitution, Appendix B).
Public transportation to and from Cal State L.A. is excellent. In addition to being easily accessible by freeway, the campus also is served by Metrolink train and bus lines from all parts of the greater Los Angeles area and portions of Riverside and San Bernardino counties. Many train and most bus lines stop at the campus station; a few run along surface streets north and south of the campus. Detailed information about all bus lines that serve the campus appears each quarter in the *Schedule of Classes* and is available at the University-Student Union offices and University Bookstore.

Cal State L.A. participates in efforts to improve the air quality in the South Coast Air Basin by encouraging employees and students to use alternative modes of transportation such as carpool, public transit, walking or riding a bicycle. Students and employees may visit the Commuter Services Office located in Building C for more information or call (323) 343-KARS or (323) 343-5277.
