University Catalog

Cal State LA is committed to student-centered learning, free scholarly inquiry, and academic
excellence within a diverse community.

In addition to meeting fully its obligations under federal and state law, Cal State LA is committed to creating a community in which a diverse population can live, work and learn in an atmosphere of tolerance, civility and respect for the rights and sensibilities of each individual. To that end, all qualified individuals will receive equal consideration without regard to economic status, race, ethnicity, color religion, national origin or cultural background, political views, sexual orientation, or other personal characteristics or beliefs.
Distinguished Alumni

Alma mater of 247,000 alumni … contributing to the future of Los Angeles and the world, including:

- Lucille Roybal-Allard ‘65, U.S. Representative

**Student Government**

The Associated Students, Inc. (A.S.I.) is an incorporated non-profit student run auxiliary in which all students hold membership. A.S.I. is managed by a board of directors composed of elected student officers who are the officially recognized voice of the students. This body formulates policy and handles the business affairs of the student body.

The purpose of A.S.I. is to provide opportunities for student involvement in campus governance and policy development. A.S.I. facilitates student leadership and participation in state and local politics, and serves as an official venue for the expression of student opinion. A.S.I. contributes to the educational, social, and cultural life of the university through programs and activities, featuring noted artists, films, and guest speakers. For more information go to [www.calstatela.edu/asi](http://www.calstatela.edu/asi).

**Advocacy Network Efforts**

All Californians have a stake in maintaining a strong and accessible California State University system, in particular because 1 in every 10 employees of California’s workforce is a CSU graduate working in the agriculture, business, education, engineering, health care, media and entertainment field.

Cal State L.A. has formed the [CSULA Alumni Advocacy Committee](http://alumni.calstatela.edu) to help promote public support for the CSU and CSULA.

The CSULA Alumni Advocacy Committee is comprised of alumni and leaders from the CSULA Community as well as current and former elected officials who have enthusiastically supported Cal State L.A. in the past. These volunteers are uniquely qualified as advocates because of their long-time association with Cal State L.A. and familiarity with campus issues.

Members of these groups receive periodic special newsletters concerning statewide bond measures and other issues on which they might become advocates. They also participate in campus visits by local elected officials and visit elected officials in their district offices. For information please call Maria Ubago, Acting Assistant Director, Alumni Relations at (323) 343-2586.

**The CSULA Alumni Association**

The CSULA Alumni Association was formed in 1954 to provide official representation of alumni in matters that affect the general welfare of the University. The Association serves as a vital link between the University and its alumni. The mission of the Association is:

**To advance the welfare of CSULA by providing leadership and service that strengthens the connections among students, alumni and friends and enhances the value of their affiliation with the University**

The CSULA Alumni Association is a nonprofit dues-paying membership organization open to alumni and friends of California State University, Los Angeles. To join the Alumni Association or to request information on getting involved please visit our website at [http://alumni.calstatela.edu](http://alumni.calstatela.edu) or call us at (323) 343-ALUM.

President

Francisco Martinez ’02, ’04  
Vice President

Jorge Ramirez ’04  
Past President

Clark Mason II ’94  
Treasurer
The CSULA Foundation

The CSULA Foundation was organized in 1985 as a 501(c)(3) tax-exempt, nonprofit organization for the purpose of accepting charitable contributions to the University. The Foundation Board provides community expertise, oversight and advocacy to increase private giving to and manage the philanthropic assets of the University.

• Early Entrance Program Curriculum
• Interdisciplinary Studies Master’s Degree
• The Honors College Curriculum
Accounting, M.S.

The M.S. Degree in Accounting prepares students for a wide range of employment opportunities in public accounting, industry and finance, government and nonprofit organizations. The program is designed to help acquire knowledge and skills in one or more accounting areas: Accounting Information Systems, Financial and Public Accounting, and Taxation. Graduates of the program are prepared to take a professional examination for entry into their selected area; are committed to professional and career development beyond their formal education; are equipped to become leaders who exhibit high standards of ethical conduct; and are prepared for doctoral study programs or research positions.

Admission to the Program

1. Applicants must complete 12 units of foundation business courses: CIS 1200, ECON 2090, FIN 2050, and BUS 3050.
2. Applications must complete 15 units of Foundation Accounting Courses: ACCT 2100 and ACCT 2110 or equivalent courses; ACCT 3200A, ACCT 3200B, ACCT 3210, and ACCT 3220.
3. Students must earn a minimum of a C grade in their Accounting Foundation courses. An approved Graduate Degree Program must be on file in the CBE Student Service Center. A minimum GPA of 3.00 is required for admission to the M.S. Degree in Accounting.

Once students have completed the business and accounting foundation courses, they achieve Graduate Standing.

Requirements for the Degree (33 units)

A total of 33 units of 5000 level courses are required. All programs must be approved by the department.

Required core (18 units)

- ACCT 5240A - Accounting Information Systems (3)
- ACCT 5240B - Auditing (3)
- ACCT 5260 - Financial Accounting Theory (3)
- ACCT 5340 - Professional Accounting Ethics (3)
- ACCT 5750 - Leadership and Professional Skills for Accountants (3)
- ACCT 5995 - Case Studies and Research in Accounting (3)

Note:

Students who have taken ACCT 4240A, or ACCT 4240B, or equivalent, before admission to the MS Accounting Program are exempt from ACCT 5240A, ACCT 5240B. These students must complete an additional 3 units of 5000 level courses for each of the classes exempted, selected with Advisor approval from the option classes below.

**Note:**

Students who have taken ACCT 4210A or ACCT 4210C or ACCT 5210D prior to entering the MS Accounting program are not allowed to take ACCT 5210A and ACCT 5210C or ACCT 5210D.
Adapted Physical Education Added Authorization APEAA

The program leading to the Adapted Physical Education Added Authorization APEAA meets the subject matter requirements and entitles the holder to teach adapted physical education in California to individuals between the ages of 3 and 21 years who have exceptional needs. The 21-unit program is based upon a basic authorization to teach physical education. Candidates must hold (or concurrently complete) a Single Subject credential in Physical Education, a Multiple Subject credential, or an equivalent authorization. They also must maintain a minimum 3.0 grade point average for all courses required in the program, complete directed teaching, and receive School recommendation.

**Required Courses (21 units)**

- KIN 4250 - Dimensions of Kinesiology for Individuals with Disabilities (3)
- KIN 4280 - Psychomotor Assessment for Individuals with and without Disabilities (3)
- KIN 4310 - Low-incidence and Other Health Impaired Disabilities: Physical Activity Programming and Instruction (3)
- KIN 4330 - High-Incidence Disabilities: Physical Activity Programming and Instruction (3)
- KIN 4340 - Organizational Strategies for Adapted Physical Education (3)
- KIN 4800 - Educational Field Experiences in Adapted Physical Education (1)
- KIN 4810 - Clinical Field Experiences in Adapted Physical Education (1)
  (must be taken concurrently with KIN 4310 and KIN 4330 for a total of 2 units)
- KIN 5360 - Seminar: Issues in Adapted Physical Education (3)
Anthropology, B.A.

Bachelor of Arts Degree

The Bachelor of Arts degree in Anthropology is available for those who seek a liberal arts education or who wish to prepare for advanced study and research.

The total number of units required for the Bachelor of Arts degree in Anthropology is 120 units, of which 49-56 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Departmental Honors Program

The Department of Anthropology offers an honors program for students who have completed at least 12 upper division units in anthropology, who have a minimum 3.25 grade point average in all anthropology courses, and who possess a minimum 3.0 grade point average in all college work.

Application to the program is made by written petition.

The program is designed to introduce superior students to intensive research experience in anthropology and related fields, as well as to more sophisticated and thorough study of anthropological theory in relevant subareas of the discipline. Honor students are permitted to depart from the normal major program in various ways to broaden and enrich their curriculum.

Honor students plan their programs in consultation with an honors adviser. Students enroll during each of their final semesters in ANTH 3960, and submit a written thesis to the departmental honors committee. Diplomas and transcripts of honors program graduates are designated: "Graduated with Departmental Honors in Anthropology."

Requirements for the Major (49-56 units)

The major requires 49-50 units in anthropology, of which, 12 are in lower division and 37-38 in upper division courses in addition to the language requirement (0-6 units).

Skills Requirement (0-6 units)

In addition to the 49 units, students must include 6 units of a modern foreign language in their lower division program or offer proof of successful completion of three years of modern language study in high school or receive a score indicating at least 2nd year proficiency on the college level foreign language placement test administered by the Department of Modern Languages and Literatures as an acceptable equivalent. With advisor approval, students may substitute 3 units of statistics for 3 of the language requirement units, or 6 units of GIS or other courses that focus on quantitative analysis.

Lower Division Required courses (12 units)
ANTH 1500 - Introduction to Cultural Anthropology (3)
ANTH 1700 - Archaeology and World Prehistory (3)
ANTH 2300 - Language and Society (also listed as ENGL 2100) (3)
ANTH 2600 - Biological Anthropology (3)

Upper Division Writing Requirement (3 units)

To satisfy this university requirement, students must take
- ANTH 4810 - Academic Writing (3)

Upper Division Required Courses: Foundational Courses (12 units)

- ANTH 4190 - The History of Archaeological Thought (3)
- ANTH 4600 - Human Evolution (3)
- ANTH 4710 - Introduction to Linguistics (also listed as ENGL 4100) (3)
- ANTH 4970 - History of Ethnological Theory (3)

Upper Division Required Courses: Methods Courses (10-11 units)

Select any two courses from the following:
- ANTH 4240 - Archaeological Field School (4)
- ANTH 4460 - Anthropological Film (4)
- ANTH 4640 - Methods and Techniques in Biological Anthropology (4)
- ANTH 4800 - Anthropological Methods and Techniques (5)
- ANTH 4850 - Archaeological Analysis (4)

Select any two courses from the following (courses may be repeated for credit):
- ANTH 4820 - Readings in Anthropology (1)
- ANTH 4880 - Project Design in Anthropology (1)

Upper Division Elective Courses (12 units)

Select any 4000-level Anthropology courses to make 12 units.

Total units required for major: 49 - 56
Anthropology, M.A.

Master of Arts Degree

The objective of the M.A. degree in Anthropology is to prepare students for professional level employment in industry and government, teaching positions in community colleges, or advanced study towards the PhD. degree. The program has three options: Archaeology, Sociocultural Anthropology, and Biological Anthropology. The Archaeology option prepares students for careers in archaeology or cultural resource management. The Biological Anthropology option prepares students for careers in forensic anthropology or other aspects of law enforcement, bioarchaeology, or primatology. The Sociocultural option prepares students for careers in cultural anthropology or ethnography.

Admission to the Program

With the exception of the Biological Anthropology option, applicants must have a baccalaureate in anthropology and a 2.75 grade point average in the last 60 semester units attempted and a B (3.0) grade point average in anthropology courses. The Biological Anthropology option requires a 3.0 grade point average in the last 60 units attempted. Those whose undergraduate major was not anthropology must complete 15-18 units in anthropology, including ANTH 4970, with a B average. Students’ actual number of units required is determined by advisement during their first semester of postbaccalaureate study. Students are accepted into the Anthropology program for the fall semester only. Students must notify the department of their intent to seek admission to the Archaeology, Biological, or Sociocultural option at the time of their application.

Students must apply to both the University and to the Department of Anthropology. In addition to submitting a University Admissions Application through Cal State Apply applicants must also apply separately to the Department. Application forms are available at the Department of Anthropology. Completed applications, statement of purpose, two letters of recommendation, and unofficial transcripts from all colleges and universities attended must be received by the Department by the deadline stipulated on the Graduate Studies Office website (http://www.calstatela.edu/graduateadmissions). Official transcripts must also be sent to the Admissions Office in SA 101 before the set deadline. The top ranked applicants to the biological anthropology option may be given a telephone or personal interview.

Requirements for the Degree (33-36 units)

A total of 33-36 units is required, with at least 19 units in 5000-level courses, as specified by each option. All students must have a reading or speaking knowledge of a relevant research language or demonstrate proficiency in linguistic analysis, statistics, or a faculty-approved skill set. A faculty approved skill set consists of at least two courses chosen from 4000- or 5000-level courses within the university that satisfy technical, analytical, and experiential requirements specific to each student’s focus within the discipline. These courses will be chosen by the student and his or her faculty advisor in consultation with the department curriculum committee. Students must satisfy this requirement in order to be advanced to candidacy and attempt the comprehensive examination or submit a thesis proposal. Students must complete either the comprehensive examination or a thesis prior to graduation, as required under the individual options presented below. Students also must fulfill all university requirements including the graduation writing assessment requirement (GWAR). Students must pass all required seminars with a B (3.0) or better.

Options

- Archaeology Option
Biological Anthropology Option

Sociocultural Anthropology Option

Archaeology Option (33 units)

A total of 33 units are required, with at least 18 in 5000-level courses.

Required courses (15 units)

- ANTH 5100 - Seminar: Anthropological Theory and Analysis (3) or
- ANTH 5110 - Seminar: Anthropological Theory and Analysis (3) and
- ANTH 5200 - Seminar: Archaeology (3) and
- ANTH 5210 - Development of Archaeological Theory (3) and
- ANTH 5600 - Seminar: Physical Anthropology (3) and
- ANTH 4810 - Academic Writing (3) or
- ANTH 5810 - Writing a Research Proposal (3)

Electives (15-18 units)

Select from 4000- and 5000-level Anthropology courses. Students are required to take a minimum of 15 units of electives if they choose the thesis option or 18 units of electives if they are approved for the comprehensive exam option. A maximum of 6 units in a related field may be substituted with prior advisor consent. ANTH 4240, ANTH 4850, and ANTH 5240 may be repeated once for credit.

Comprehensive examination or Thesis (0, 3 units)

Students in the Archaeology option are expected to write a thesis. Students may not take thesis units (ANTH 5990) prior to advancement to candidacy and must comply with college and department requirements. Students in the Archaeology option will be eligible for the Comprehensive Exam option only with departmental approval.

- ANTH 5990 - Thesis (1-2) (3)

Biological Anthropology Option (36 units)

A minimum of 36 units is required, with at least 19 in 5000-level courses.

Required courses (12 units)

- ANTH 5100 - Seminar: Anthropological Theory and Analysis (3) or
- ANTH 5110 - Seminar: Anthropological Theory and Analysis (3) and
- ANTH 5200 - Seminar: Archaeology (3) and
- ANTH 5600 - Seminar: Physical Anthropology (3) and
- ANTH 5810 - Writing a Research Proposal (3)

Students in Forensic Anthropology must also take (9 units):

- ANTH 4590 - Human Osteology (3) and
- ANTH 4630 - Forensic Anthropology (3) and
- ANTH 5630 - Advanced Forensic Anthropology (3)

Students in Bioarchaeology must also take (9 units):

- ANTH 4590 - Human Osteology (3) and
- ANTH 4680 - Paleopathology (3) and
- ANTH 5650 - Bioarchaeology (3)

Students in Primatology must also take (9 units):

- ANTH 4750 - Primate Behavior (3) and
- ANTH 4760 - Primate Sexuality (3) and
- ANTH 5760 - Primate Sexual Selection (3)
Electives (12-15 units)

Select from 4000- and 5000-level Anthropology courses with approval of advisor. Students are required to take a minimum of 12 units of electives if they choose the thesis option or 15 units of electives if they are approved for the comprehensive exam option. A maximum of 6 units in a related field may be substituted with prior advisor consent.

Comprehensive examination or Thesis (0, 3 units)

Students in the Biological Anthropology option are expected to write a thesis. Students may not take thesis units (ANTH 5990) prior to advancement to candidacy and must comply with college and department requirements. Students in the Biological Anthropology option will be eligible for the Comprehensive Exam option only with departmental approval.

- ANTH 5990 - Thesis (1-2) (3)

Sociocultural Anthropology Option (34 units)

A minimum of 34 units is required, with at least 18 in 5000-level courses.

A) Core Required courses (16 units)

- ANTH 5100 - Seminar: Anthropological Theory and Analysis (3)
- ANTH 5110 - Seminar: Anthropological Theory and Analysis (3)
- ANTH 5200 - Seminar: Archaeology (3) or
- ANTH 5210 - Development of Archaeological Theory (3)
- ANTH 5600 - Seminar: Physical Anthropology (3)
- ANTH 5800 - Ethnographic Field School (4)

B) Elective Requirement (3 units)

Select one of the courses below:

- ANTH 5010 - Seminar: Ethnography (3)
- ANTH 5300 - Seminar: Social Organization (3)
- ANTH 5700 - Seminar: Language and Culture (3)

Electives (12-15 units)

Select from 4000- and 5000-level Anthropology courses with approval of advisor. Students are required to take a minimum of 12 units of electives if they choose the thesis option or 15 units of electives if they are approved for the comprehensive exam option. A maximum of 6 units in a related field may be substituted with prior advisor consent.

Comprehensive examination or Thesis (0, 3 units)

Students may not take thesis units (ANTH 5990) prior to advancement to candidacy and must comply with college and department requirements. Students in the Biological Anthropology option will be eligible for the Comprehensive Exam option only with departmental approval.

- ANTH 5990 - Thesis (1-2) (3)
Art Credential Program

The Bachelor of Arts degree in Art with the credential option has been approved by the Commission on Teacher Credentialing for the Single Subject credential in Art. Interested students should consult advisers in the department and in the Charter College of Education.
Art, B.A.

Overview
The Bachelor of Arts (BA) degree is designed to provide a balanced liberal arts education. The BA Program in Art presents students with the opportunity to acquire an understanding of various art and design disciplines in order to develop excellence in a specific area.

The total number of units required for the BA degree in Art is 120 units, of which 57 units are in the major.

Consult with an advisor for the specific number of units required in each option of the degree, including GE (minimum of 48 units) and free electives.

For a BA degree, a minimum of 40 semester units must be upper-division courses numbered 3000-4990. Courses numbered above 4990 are intended for graduate students only and are not applicable toward bachelor's degrees.

Options
The program offers six options:

- **Animation** - The Animation Option provides a thorough education in the creative, practical, and historical uses of animation. The option encourages an experimental approach to animation that combines traditional and contemporary techniques.

- **Art Education** - The Art Education program prepares students for careers in arts education and qualifies students to become candidates for the Single Subject Teaching Credential program in Art (a post-baccalaureate program). A partial professional preparation program is included in the Art Education curriculum, which is certified by the California Commission on Teacher Credentialing and is designed for teacher candidates to perform subject matter competency in Art. Students in the Art Education program are experienced and knowledgeable in a wide range of art disciplines that reflect and are relevant to teaching and learning art in public schools and other educational settings in the community. The Art Education curriculum ensures that graduates are able to implement all the components of the California Framework for Visual and Performing Arts into a state standard-based curriculum in their future teaching. For more information see the Charter College of Education section for regulations governing all teaching credential programs.

- **Art History** - The Art History Option provides a historical and developmental study of art in most of the world civilizations. It is intended to develop the student's ability to evaluate and comprehend concepts and issues within the global cultural heritage.

- **Fashion, Fiber, and Materials** - The Fashion, Fiber, and Materials Option provides students with a unique experience in the educationally rich context of Art and Design. Students gain an understanding of the systems of Fashion, Fiber, and Materials through the multifaceted offerings in art, design, craft, critical theory, and history. The option encourages an experimental approach that combines traditional and contemporary techniques, preparing students for a variety of career opportunities and/or further study in the field of fashion and art.

- **Graphic Design/Visual Communication** - The Graphic Design/Visual Communication Option provides broad initial exposure to visual communication design skills, theory, and practices needed for careers or further study in the design profession.

- **Studio Arts** - The Studio Arts Option provides theory and practice for the development of perceptual and conceptual abilities needed to engage in creative visual expression. In seeking an integrated and aesthetically balanced program, Studio Arts incorporates innovation in visual technology and emphasizes community interaction.

Requirement for the Major (57 units)
Core Requirements (30 units)

Lower Division Core Courses (18 units)

- ART 1011 - World Art History I: Ancient to Gothic (3)
- ART 1012 - World Art History II: Renaissance to Contemporary (3)
- ART 1030 - Two-Dimensional Art Fundamentals (3)
- ART 1090 - Three-Dimensional Art Fundamentals (3)
- ART 1590 - Survey and Studio: Introduction to Drawing (3)
- ART 1800 - Digital Art Fundamentals (3)

Upper Division Core Courses (12 units)

- ART 3600 - Visual & Critical Studies in Contemporary Art & Design (3)
- ART 3900 - Art and Design in the Community (3)
- ART 4920 - Capstone I: Preparation (3)
- ART 4929 - Capstone II: Production (3)

Option Requirements (27 units)

Students choose one of the following six options:

I. Animation Option (27 units)

Required Lower Division Courses (6 units)

- ART 2440 - Introduction to Life Composition (3)
- ART 2800 - World Animation History (3)

Required Upper Division Courses (21 units)

- ART 3760 - Story and Visualization (3)
- ART 3780 - Art and Motion (3)
- ART 3800 - Two-Dimensional Animation (3)
- ART 3810 - Experimental Animation (3)
- ART 3830 - Digital Modeling (3)
- ART 4940 - Three-Dimensional Animation (3)
- ART 4960 - Advanced Animation (3)

II. Art Education Option (27 units)

Lower Division Electives (6 units)

Select 6 units of lower-division Studio Arts courses.

- ART 1500 - Survey and Studio: Introduction to Sculpture (3)
- ART 1520 - Survey and Studio: Introduction to Ceramics (3)
- ART 1550 - Survey and Studio: Introduction to Painting (3)
- ART 2330 - Color Theory and Perception (3)
- ART 2440 - Introduction to Life Composition (3)
- ART 2870 - Introduction to Photographic Processes (3)

Required Upper Division Courses (18 units)

- ART 3160 - Foundations of Art (3)
- ART 4000 - Teaching Methods for Elementary Education: Art (3)
ART 4260 - Modern Art (3)
ART 4600 - Multicultural Approaches to Visual Arts (3)
ART 4750 - Visual Arts and Human Development (3)
PHIL 4750 - Aesthetics (3)

Service Learning Course (3 units)

Select 3 units from the following:
- ART 2090 - Perspectives on Art and Cultural Diversity (3)
- ART 3170 - Visual Arts in Urban Contexts (3)
- ART 4950 - Directed Fieldwork in Art (3)

III. Art History Option (27 units)

Lower Division Elective (3 units)

Select 3 units from the following:
- ART 1500 - Survey and Studio: Introduction to Sculpture (3)
- ART 1520 - Survey and Studio: Introduction to Ceramics (3)
- ART 1550 - Survey and Studio: Introduction to Painting (3)
- ART 2130 - Historic Survey of Fashion, Fiber and Materials (3)
- ART 2440 - Introduction to Life Composition (3)

Required Upper Division Courses (15 units)

Take one course from each of the following groups.

Group A: Ancient & Medieval Art

- ART 4060 - Ancient Near Eastern Art and Archaeology (3)
- ART 4110 - Greek and Roman Art (3)
- ART 4160 - Medieval Art (3)
- ART 4760 - Early Christian and Byzantine Art (3)

Group B: Renaissance - 18th Century Art

- ART 4210 - Baroque Art (3)
- ART 4360 - Renaissance Art (3)
- ART 4510 - Mannerism: High Renaissance to Baroque (3)

Group C: Latin American Art

- ART 4460 - Art of Latin America (3)
- ART 4470 - The Art of Mesoamerica and the Southwest (3)
- ART 4500 - The Colonial Art of Mexico and Guatemala (3)
- ART 4530 - Aztec Art and Culture (3)
- ART 4560 - Art of the Ancient Andes (3)
- ART 4570 - Mexican Muralists and Frida Kahlo (3)

Group D: Asian & African Art

- ART 4311 - The Arts of Asia: India and Iran (3)
- ART 4312 - The Arts of Asia: China and Japan (3)
- ART 4810 - African Art (3)

Group E: Modern & Contemporary Art
ART 4260 - Modern Art (3)
ART 4410 - American Art (3)
ART 4660 - Nineteenth Century Art (3)
ART 4910 - Art Since 1945 (3)
ART 4911 - Global Contemporary Art (3)

Upper Division Electives (9 units)
Select electives from courses in Groups A-E above (not previously taken), and from the following.
- ART 4541 - Special Topics in Art (1-3)
- ART 4770 - History of Photography (3)

IV. Fashion, Fiber, and Materials Option (27 units)

Required Lower Division Courses (15 units)
- ART 2100 - Introduction to Fashion, Fiber and Materials (3)
- ART 2111 - Fashion, Fiber, and Materials Studio: Structure (3)
- ART 2112 - Fashion, Fiber, and Materials Studio: Surface (3)
- ART 2130 - Historic Survey of Fashion, Fiber and Materials (3)
- ART 2140 - Body, Appearance and Adornment (3)

Required Upper Division Courses (9 units)
- ART 3050 - Soft Technology (3)
- ART 3113 - Fashion, Fiber, and Materials Studio: Form (3)
- ART 4114 - Fashion, Fiber, and Materials Studio: Critical Design (3)

Upper Division Elective (3 units)
Select 3 units from the following courses
- ART 3110 - Social Engagement with Fashion, Fiber, and Materials (3)
- ART 4115 - Mapping Fashion, Fiber, and Materials (3)
- ART 4950 - Directed Fieldwork In Art (3)

V. Graphic Design/Visual Communication Option (27 units)

Required Lower Division Courses (6 units)
- ART 2200 - Concept Development (3)
- ART 2370 - History of Design (3)

Required Upper Division Courses (18 units)
- ART 3080 - Graphic Design I (3)
- ART 3130 - Typography I (3)
- ART 3220 - Interactive Design I (3)
- ART 4080 - Graphic Design II (3)
- ART 4130 - Typography II (3)
- ART 4220 - Interactive Design II (3)

Upper Division Electives (3 units)
Select from the following:
- ART 3880 - Illustration (3)
- ART 4180 - Design Business Practices (3)
ART 4190 - Typography III (3)
ART 4450 - Advertising Art Direction (3)
ART 4680 - Problems in Advanced Design (3)
ART 4880 - Advanced Illustration (3)
ART 4930 - Digital Image Processing and Illustration (3)
ART 4950 - Directed Fieldwork in Art (3)

VI. Studio Arts Option (27 units)

Required Lower Division Courses (15 units)

- ART 1500 - Survey and Studio: Introduction to Sculpture (3)
- ART 1520 - Survey and Studio: Introduction to Ceramics (3)
- ART 1550 - Survey and Studio: Introduction to Painting (3)
- ART 2440 - Introduction to Life Composition (3)
- ART 2870 - Introduction to Photographic Processes (3)

Required Upper Division Course (3 units)

- ART 4911 - Global Contemporary Art (3)

Upper Division Electives (9 units)

Select 9 units from the following:

- ART 3070 - Intermediate Ceramic Art (3)
- ART 3140 - Intermediate Sculpture (3)
- ART 3640 - Intermediate Drawing (3)
- ART 3740 - Intermediate Painting (3)
- ART 3780 - Art and Motion (3)
- ART 3870 - Color and Digital Photography (3)
- ART 4120 - Advanced Ceramic Art (3)
- ART 4140 - Advanced Painting (3)
- ART 4170 - Advanced Ceramic Processes (3)
- ART 4290 - Advanced Sculpture (3)
- ART 4340 - Advanced Painting Processes (3)
- ART 4490 - Video for Artists (3)
- ART 4540 - Special Topics in Art (1-3)
- ART 4541 - Special Topics in Art (1-3)
- ART 4740 - Printmaking: Drypoint, Woodcut and Monoprints (3)
- ART 4770 - History of Photography (3)
- ART 4820 - Photographic Manipulations and Extensions (3)
- ART 4840 - Advanced Sculpture Processes (3)
- ART 4870 - Advanced Photography (3)
Art, M.A.

The Master of Arts degree (MA) is a 30-unit graduate program offered in the Art Education Option; Art History Option; Design Option (Graphic Design/Visual Communication, Animation); Fashion, Fiber and Materials Option; and Studio Arts Option (Drawing, Painting, Photography, Ceramics, Sculpture, New Genres).

The MA degree is advanced study and practice in a specific discipline of Art. The degree provides students with an opportunity to gain stronger educational and experiential basis for a professional career and may be an interim step to pursue further graduate work in the field. It is considered to be a general degree, and is well suited for individuals that are seeking an advanced degree for teaching purposes.

Admission to the MA Degree Program

Applicants are admitted to the MA degree program on the basis of:

- Application materials that clearly demonstrate advanced level competence in the area of specialization and a professional presentation.
- An indication that the applicant has the ability to be self-motivated and self-directed.
- BA or BFA degree in Art or Design.
- 3.0 GPA or higher for the BA/BFA degree.
- If requested, an in-person interview with the Faculty Review Committee (15-20 minutes).

If an in-person interview is required, the applicant will receive advance notification of the date, the appointment time, and room location. The applicant will meet with the Faculty Review Committee for 15-20 minutes. The committee and the applicant will discuss the portfolio materials, their educational goals, and specific needs and expectations for graduate study. There is also an opportunity for the applicant to ask questions about the program.

Application Procedure

Two separate applications are required for the MA degree program:

**Application 1 - University Application**

Applicants must submit a complete online application to the university as described in the graduate program application information at [www.calstateapply.edu](http://www.calstateapply.edu). Applicants who completed an undergraduate degree at CSULA in the preceding term are also required to submit an application and pay the nonrefundable application fee.

**Application 2 - Department of Art Application**

The Department of Art application deadline is the same as the University application deadline.

Application materials must be delivered or mailed to the Department of Art Office prior to the application deadline. Applications that are late or incomplete will not be considered.

Art Education Option Application

Must include the following:

1. Graduate Application Form - available on the department website [www.calstatela.edu/academic/art/MA%20MFA.php](http://www.calstatela.edu/academic/art/MA%20MFA.php)
2. A one-page printed statement describing the applicant’s goals and motivation for seeking an MA graduate degree at CSULA.

3. Two letters of recommendation from professionals in the field who have direct experience with the applicant’s work through an academic or mentor relationship, and who can attest to their creative abilities and their potential for graduate study.

4. Copy of BA or BFA transcripts (not required for BA graduates of CSULA).

5. Portfolio materials that reflect the applicant’s most successful efforts in Art Education, and that clearly demonstrate original thought and creative abilities, as well as a high level of technical proficiency.
   - Portfolio of applicant’s own artwork (CD, selected original artwork, or quality color photocopies).
   - Examples of the artwork of applicant’s students (if available).
   - Two lesson plans for K-12 art instruction.

6. Written responses to five questions. This consists of a 2-hour writing session that will be arranged by appointment.

**Art History Option Application**

Must include the following:

1. Graduate Application Form - available on the department website
   www.calstatela.edu/academic/art/MA%20MFA.php

2. A one-page printed statement describing the applicant’s goals and motivation for seeking an MA graduate degree at CSULA.

3. Two letters of recommendation from professionals in the field who have direct experience with the applicant’s work through an academic or mentor relationship, and who can attest to their creative abilities and their potential for graduate study.

4. Copy of BA or BFA transcripts (not required for BA graduates of CSULA).

5. Portfolio of three art history research papers with bibliography and endnotes.

**Design Option Application**

must include the following:

1. Graduate Application Form - available on the department website
   www.calstatela.edu/academic/art/MA%20MFA.php

2. 10-15 images of recent work in a specific area of Design (Animation, Graphic Design). Images must be submitted on a CD, DVD, or a USB flash drive.
   The submitted images are to reflect the applicant’s most successful efforts in the intended area of study, and should clearly demonstrate original thought and creative abilities, as well as a high level of technical proficiency.

3. A printed list of the images that indicates the title of the work, medium, dimensions, and date made.

4. A one-page printed statement describing the applicant’s creative ideas and goals, and motivation for seeking an MA graduate degree at CSULA.

5. Two letters of recommendation from professionals in the field who have direct experience with the applicant’s work through an academic or mentor relationship, and who can attest to their creative abilities and their potential for graduate study.

6. Copy of BA or BFA transcripts (not required for BA graduates of CSULA).

**Fashion, Fiber and Materials Option Application**

must include the following:

1. Graduate Application Form - available on the department website
   www.calstatela.edu/academic/art/MA%20MFA.php

2. 20 images of recent work in Fashion or Fiber. Images must be submitted on a CD, DVD, or a USB flash drive.
   The submitted images are to reflect the applicant’s most successful efforts in the intended area of study, and should clearly demonstrate original thought and creative abilities, as well as a high level of technical proficiency.

3. A printed list of the images that indicates the title of the work, medium, dimensions, and date made.

4. A one-page printed statement describing the applicant’s creative ideas and goals, and motivation for seeking an MA graduate degree at CSULA.

5. Two letters of recommendation from professionals in the field who have direct experience with the applicant’s work through an academic or mentor relationship, and who can attest to their creative abilities and their potential for graduate study.

6. Copy of BA or BFA transcripts (not required for BA graduates of CSULA).
Studio Arts Option Application

must include the following:

1. Graduate Application Form - available on the department website www.calstatela.edu/academic/art/MA%20MFA.php

2. 10-15 images of recent work in a specific area of Studio Arts Option (Drawing, Painting, Photography, Ceramics, Sculpture, New Genres). Images must be submitted on a CD, DVD, or a USB flash drive.

   The submitted images are to reflect the applicant's most successful efforts in the intended area of study, and should clearly demonstrate original thought and creative abilities, as well as a high level of technical proficiency.

3. A printed list of the images that indicates the title of the work, medium, dimensions, and date made.

4. A one-page printed statement describing the applicant's creative ideas and goals, and motivation for seeking an MA graduate degree at CSULA.

5. Two letters of recommendation from professionals in the field who have direct experience with the applicant's work through an academic or mentor relationship, and who can attest to their creative abilities and their potential for graduate study.

6. Copy of BA or BFA transcripts (not required for BA graduates of CSULA).

Admission Status

G2 Graduate Classified Status - Applicants who meet the admission criteria for the MA degree program are granted G2 Graduate Classified Status, and must enroll for the semester for which the application was made. Applicants who do not enroll for the semester for which they were admitted will have their admission canceled (see “Reapplication After Failure to Enroll” in the Admissions General Information section of the University catalog). The application fee may not be transferred or applied to another semester.

G1 Graduate Conditionally Classified Status - The Faculty Review Committee has the option of granting Conditional Admission to applicants who do not have a BA/BFA in Art, or who do not have a 3.0 GPA or higher for the BA/BFA degree. Conditional Admission may require the applicant to complete a minimum XX-unit Qualifying Course program before admission to the graduate program is granted. The Qualifying Courses may not be included on the MA degree program. Each course on the Qualifying Course program must be completed with a grade of B or higher (no B-).

Primary Advisor

Upon admission to the graduate program, the student is assigned a Primary Advisor from the full-time faculty in the Option. The student may request a change of advisor at any time. It is the student's responsibility to meet with the Primary Advisor on a regular basis. It is also expected that the student contact other faculty in the Option to keep them informed about the progress of their work and to solicit comments.

The Primary Advisor provides information and answers questions regarding progress through the graduate program. The Primary Advisor's role is to advise the student during the process of completing an MA Project or researching and writing a Thesis.

MA Degree Program Form

During the first semester of study at CSULA, it is the student’s responsibility to meet with the Primary Advisor and complete an official MA Degree Program Form. This form must be signed by the Primary Advisor, submitted to the Department of Art, and approved by the College Graduate Dean no later than the end of the first semester. Failure to file an approved MA Degree Program Form during the first semester may result in the loss of completed coursework.

After the MA Degree Program Form is filed with the College Graduate Dean, course substitutions on the program may be made only if there is a compelling reason (such as scheduling problems or a change in research).

A course substitution must be approved in advance by submitting the GS-5 Application for Course Substitution form. The form must be signed by the Primary Advisor, and submitted to the department office by the fifth week of the semester prior to the student’s enrollment in the course. When the change has been approved, it becomes part of the MA degree program.

A course may not be added to or deleted from the MA Degree Program after a grade has been awarded.

Graduate Writing Assessment Requirement (GWAR)

All graduate students must demonstrate competence in writing skills as a requirement for graduation by satisfying the Graduate Writing Assessment Requirement (GWAR) within the first two semesters of their graduate program or prior to the completion of 12 units (whichever occurs later).

The GWAR may be satisfied in one of the following ways:

- Take and pass the Writing Proficiency Examination (WPE), a timed supervised writing assessment; or
- Take and pass the special upper division university writing course (UNIV 4010); or
- Provide evidence of an earned doctorate or master’s degree from an accredited college or university where the primary language of instruction
English; or

- Provide evidence of passing a writing proficiency examination or a graduation writing assessment examination in English at any accredited college or university where the primary language of instruction is English; or
- Provide evidence of achieving a score of 41 or better on the writing portion of the California Basic Educational Skills Test (CBEST).

### Additional Requirements for the MA Degree

#### Graduate Walk-Through Review

Once during each year, graduate students in the Design, Fashion, Fiber and Materials and Studio Arts Options are required to present their strongest work from the current academic year along with a written Artist Statement or Design Project Statement. The work will be installed presented by each student in the Fine Arts Gallery order to provide an opportunity for dialog with the option faculty and for an in-progress evaluation.

#### Advancement to Candidacy

The student is eligible to submit the GS-10 Application for Advancement to Candidacy form when:

- At least 12 units of the coursework for the degree have been completed with a minimum 3.0 GPA.
- The Graduate Writing Assessment Requirement is satisfied.
- There are no courses on the program with Incomplete (I) grades.

#### Completion of the MA Degree

The Thesis is the result of research and scholarship in the student's particular field of study. The Thesis clearly identifies the problem, states the major assumptions, explains the significance of the undertaking, sets forth the sources for and methods of gathering information, analyzes the data, and offers a conclusion. It demonstrates originality, critical and independent thinking, appropriate thesis organization, and the ability to thoroughly document the research.

Prior to writing the Thesis, the student must meet with the Primary Advisor for approval of the Thesis Proposal, which outlines a research problem, significance of the study and projected methodology. The student is expected to clearly and concisely present their ideas for the Thesis Proposal, and be able to defend questions from the option faculty.

**Thesis Committee**

Once the Thesis Proposal is approved, the student is eligible to submit the GS-12 Request for Thesis or Project Committee and Title form.

It is the student’s responsibility to secure the commitment of a three-person committee consisting of the Primary Advisor to serve as the Thesis Committee Chair and two full-time faculty members of the department. One member may be from another academic department if approved by the Thesis Committee Chair. It is the Thesis Committee's responsibility to provide guidance during the research and writing of the Thesis.

After the Thesis Committee has been established, the student is required to meet with the Thesis Committee Chair and the other committee members at least once each semester to review the progress on the Thesis, particularly during the semester the student plans to graduate.

**Thesis Submission**

All candidates must submit an electronic copy of the Thesis according to the university guidelines and deadlines as indicated on the Office of Graduate Studies Office website - web.calstatela.edu/academic/aa/gsr/thesis/index.php.

The Thesis must follow the guidelines established by the university found in the “Guide to Preparation of Master’s Theses and Project Reports,” copies of which are available on the Office of Graduate Studies website. This guide provides information about: the procedures, regulations, and responsibilities governing the Project Report; general requirements for Project Report preparation and acceptance; and format requirements for the Project Report.

All MA graduate students are required to attend a Thesis/Project Report Workshop, offered each semester by the Office of Graduate Studies to assist students who are in any phase of the Thesis preparation. The specific dates are available on the Office of Graduate Studies website.

#### MA Project and Project Report

#### MA Project Screenings
Each student is required to present their work to the Option Faculty Committee through a series of graduate screenings related to the MA Project.

- Before participating in a screening, the student must meet with the Primary Advisor for approval and be registered for the semester in which the student plans to screen.
- The Graduate Screening Form must be signed by the Primary Advisor and submitted to the Department of Art office by the deadline of the semester during which the student plans to screen. In advance of the scheduled screening date, the student will be notified of the appointment time and room location. Late sign-ups will not be accepted.
- On the day of the screening, the student is expected to arrive early and present their work in a professional manner. The presentation is 20 minutes. Late arrivals will not be screened.
- There are no screenings during summer session.

**Screening #1 - MA Project Proposal Screening**

Prior to participating in the MA Project Proposal Screening, the student must meet with the Primary Advisor for approval of the proposal and to sign the Graduate Screening Form.

MA Project Proposals are to have a specific focus, show a high level of creative individuality and original thought, and require in-depth research and/or experimentation.

At the screening, the student presents a selection of work in a professional manner that clearly indicates the ideas and direction of the proposal, as well as technical competence in its production. The student is expected to speak clearly and concisely about the ideas for the MA Project Proposal, and be able to answer questions from the Option Faculty Committee.

A written MA Project Proposal that outlines the creative research and explains the purpose and goals of the MA Project is required to be placed in the Option Faculty mailboxes one week prior to the screening date.

**MA Project Committee**

Once the MA Project Proposal Screening is passed, the student is eligible to submit the GS-12 Request for Thesis or Project Committee and Title form.

It is the student’s responsibility to secure the commitment of a three-person committee consisting of the Primary Advisor to serve as the MA Project Committee Chair and two full-time faculty members of the option. An additional member from outside the option may be added if approved by the Option Faculty Committee.

The MA Project is developed under the guidance of the student’s Project Committee Chair with the assistance of the Project Committee members. It is the MA Project Committee’s responsibility to provide advisement about the MA Project Report. Students are expected to work on the MA Project Report during the entire process of completing the MA Project. If assistance is needed with writing, it is recommended that the student contact the appropriate university resources, such as the University Writing Center.

After the MA Project Committee has been established, the student is required to meet with the Project Committee Chair and the other committee members at least once each semester to review the progress on the MA Project and the MA Project Report, particularly during the semester the student plans to graduate.

**Screening #2 - MA Project Progress Screening**

The maximum time period before the first MA Project Progress Screening is one year. If it has been more than one year since the MA Project Proposal Screening, the student must re-screen at the Project Proposal level.

The purpose of the MA Project Progress Screening is for the student to present work that has been produced specifically for the MA Project to the Option Faculty Committee. This may be experimental work, work-in-progress, completed work, or a combination of these.

The Option Faculty Committee evaluates the progress made on the MA Project, and gives feedback about its direction, its strengths and its weaknesses.

Students must pass at least one MA Project Progress Screening. However, additional MA Project Progress Screenings may be required by the Option Faculty Committee. The number of MA Project Progress Screenings required is directly related to the progress toward the completion of the MA Project.

An abstract, outline, draft and bibliography for the MA Project Report are required to be placed in the Option Faculty mailboxes one week prior to the screening date.

Students who do not pass two consecutive MA Project Progress Screenings are required to re-screen at the MA Project Proposal level.

**Screening #3 - MA Project Final Screening**

The MA Project Final Screening is the presentation of the completed MA Project as it will be exhibited in the Fine Arts Gallery. Only work presented at the MA Project Final Screening and approved by the Option Faculty Committee may be included in the MA Project Exhibition. This work must adhere to the MA Project Proposal, and must be professionally finished and presented.
A complete final draft of the MA Project Report must be submitted to the Project Committee members one week prior to the screening date.

MA Project Exhibition

After the Project Committee has approved the completed work, the MA Project must be appropriately exhibited in accordance with department requirements.

MA Project Report

The MA Project Report includes the project’s significance, objectives, methodology, and a conclusion. Visual documentation of the MA Project (CD, DVD, USB Flash drive) must be included with the MA Project Report.

All candidates must submit an electronic copy of the MA Project Report according to the university guidelines and deadlines as indicated on the Office of Graduate Studies Office website - web.calstatela.edu/academic/aa/gsr/thesis/index.php.

The MA Project Report must follow the guidelines established by the university found in the “Guide to Preparation of Master’s Theses and Project Reports,” copies of which are available on the Office of Graduate Studies website. This guide provides information about: the procedures, regulations, and responsibilities governing the Project Report; general requirements for Project Report preparation and acceptance; and format requirements for the Project Report.

All MA graduate students are required to attend a Thesis/Project Report Workshop, offered each semester by the Office of Graduate Studies to assist students who are in any phase of the Project Report preparation. The specific dates are available on the Office of Graduate Studies website and in the Department of Art office.

Graduation Requirements

In order to complete the graduation process, the student must:

1) File a Graduation Application during the application filing period for the intended semester of graduation as listed in the Schedule of Classes.
2) Register for ART 5950A or UNIV 9000 in the semester that the student plans to graduate.
3) Submit the MA Project Report for final review to all MA Project Committee members by the 7th week of the semester in which the student plans to graduate.
4) Submit the following items for approval to the Department of Art office prior to the last day of instruction of the semester (15th week) in which the student plans to graduate:
   - Title Approval Page with original signatures of all faculty members of the MA Project Committee.
   - MA Project Report Abstract
   - Printed Announcement for the MA Exhibition
   - List of Images for the MA Project
   - Electronic copy of the MA Project Report and visual documentation of the MA Project labeled to correspond to the List of Images for the MA Project (CD, DVD, USB Flash Drive)
5) Submit a Title Approval Page with original signatures and an electronic copy of the MA Project Report according to the guidelines and deadlines indicated on the Office of Graduate Studies Office website - web.calstatela.edu/academic/aa/gsr/thesis/index.php

The student must plan to graduate during a semester that the MA Project Committee Chair and the committee members are available for consultation and for signing the Title Approval Page.

Requirements for the Degree (30 units)

A total of 30 units is required, with a minimum of 27 units in Art and at least 15 units in 5000-level courses. 9 units from the core, 17 units from an option, and 4 units from the graduate thesis. ART 4000, ART 4010, and ART 4990 may not be applied to any MA degree program, with one exception: ART 4000 may be applied in the Art Education Option.

Core Courses (9 units)

Required for All Options: Animation; Art Education; Art History; Graphic Design/Visual Communication; Fashion, Fiber and Materials; and Studio Arts.
- ART 5000 - Seminar: Art Education (3)
- ART 5050 - Research in Art Education (3)

Option Electives (11 units)

Select 4000 and 5000-level courses in Art.
- ART 4000 - Teaching Methods for Elementary Education: Art (3)
- ART 4600 - Multicultural Approaches to Visual Arts (3)
- ART 4750 - Visual Arts and Human Development (3)
- ART 4922 - Senior Capstone - Art Education (3)
- ART 5980 - Graduate Directed Study (1-2) (max 6 units)

Art History Option (17 units)

Required Courses (6 units)

Art History Option students are required to take all three courses.
- ART 5011 - Art History Seminar: Studies in Classical and European Art (3)
- ART 5012 - Art History Seminar: Art of Changing Eras (3)
- ART 5013 - Art History Seminar: Studies in Modern and Contemporary Art (3)

Option Electives (11 units)

Select 4000 and 5000-level courses in Art History. Up to 3 units from other departments may be included with adviser approval.
- ART 5070 - Perspectives on Visual Art, Aesthetics, and Culture (3)
- ART 5310 - Research Methodologies in Art (3)
- ART 5990 - Thesis (1-4)

Graduate Thesis (4 units)

The student must plan to graduate during a semester that the MA Project Committee Chair and the committee members are available for consultation and for signing the Title Approval Page.
- ART 5990 - Thesis (1-4)

Design Option (17 units)

Required Courses (6 units)

- ART 5022 - Seminar: Visual Arts (3)
- ART 5082 - MA/MFA Project Development in Design (3)

Option Electives (11 units)

Select from the following, all courses may be repeated.
- ART 5030 - Graduate Problems in Design (2)
- ART 5082 - MA/MFA Project Development in Design (3)
- ART 5220 - Graduate Interactive Design (3)
- ART 5940 - Graduate Animation (2)
Graduate Thesis (4)

- ART 5990 - Thesis (1-4)

Fashion, Fiber and Materials Option (17 units)

Required courses (6 units)

- ART 5060 - Graduate Studio: Fashion, Fiber and Materials (3)
- ART 5090 - Graduate Seminar: Fashion, Fiber and Materials (3)

Option Electives (11 units)

Select 4000 and 5000-level courses in Art. Up to 3 units from other departments may be included with adviser approval.

Studio Arts Option (17 units)

Required Courses (6 units)

- ART 5022 - Seminar: Visual Arts (3)
- ART 5042 - MA/MFA Practice in Studio Art (3)

Option Electives (11 units)

Select from the following, all courses may be repeated.

- ART 5042 - MA/MFA Practice in Studio Art (3)
- ART 5120 - Graduate Photography (2)
- ART 5170 - Graduate Ceramics (3)
- ART 5440 - Graduate Painting and Drawing (3)
- ART 5840 - Graduate Sculpture (3)
Art, M.F.A.

The Master of Fine Arts degree (MFA) is a 60-unit graduate program offered in the Design Option (Graphic Design/Visual Communication, Animation) and the Studio Arts Option (Drawing, Painting, Photography, Ceramics, Sculpture, New Genres).

The MFA degree is a highly selective, rigorous program for students who have already achieved a strong direction and focus in their work and a high level of technical proficiency in a specific discipline in the Design Option or Studio Arts Option. The program's goal is to develop students into professional artists capable of producing high quality work for public exhibition and presentation, or professional designers well-positioned to be leaders in their industry. MFA graduates are qualified to teach at the university level, and are prepared to take their place within the visual arts or design communities and to make a significant contribution to their fields.

Admission to the MFA Degree Program

Applicants are admitted to the MFA degree program on the basis of:

- A portfolio that demonstrates a highly considered and integrated approach that is reflected in a body of visual work that is at an advanced level in a specific discipline.
- Portfolio work that clearly demonstrates technical competence and a professional presentation.
- An indication that the applicant has the ability to be self-motivated and self-directed.
- A direction of study that is appropriate to the Option Graduate Program, and is compatible with current faculty expertise.
- In-Person Interview.
- BA or BFA degree in Art or Design.
- 3.0 GPA or higher for the BA/BFA degree.

Application Procedure

Two separate applications are required for the MFA degree program:

Application 1 - University Application

Applicants must submit a complete online application to the university as described in the graduate program application information at www.calstateapply.edu. Applicants who completed an undergraduate degree at CSULA in the preceding term are also required to submit an application and pay the nonrefundable application fee.

Application 2 - Department of Art Application

The Department of Art application deadline is the same as the University application deadline.

Application materials must be delivered or mailed to the Department of Art Office prior to the application deadline. Applications that are late or incomplete will not be considered.

The Department of Art application must include the following:

1. Graduate Application Form - available on the department website: www.calstatela.edu/academic/art/MA%20MFA.php
2. 10-15 images of recent work in a specific area of Studio Arts (Drawing, Painting, Photography, Ceramics, Sculpture, New Genres) or Design (Animation, Graphic Design/Visual Communication). Images must be submitted on a CD, DVD, or a USB flash drive. The submitted images are to reflect the applicant’s most successful efforts in the intended area of study, and should clearly demonstrate...
original thought and creative abilities, as well as a high level of technical proficiency.
3. A printed list of the images that indicates the title of the work, medium, dimensions, and date made.
4. A one-page printed statement describing the applicant’s creative ideas and goals, and motivation for seeking an MFA graduate degree at CSULA.
5. Two letters of recommendation from professionals in the field who have direct experience with the applicant’s work through an academic or mentor relationship, and who can attest to their creative abilities and their potential for graduate study.
6. Copy of BA or BFA transcripts (not required for BA graduates of CSULA).

In-Person Interview

An in-person interview may be requested by the Faculty Review Committee (15-20 minutes). The applicant will be asked a series of questions regarding creative ideas, goals, and specific needs and expectations for graduate study. There is also an opportunity for the applicant to ask questions about the program.

The applicant will receive advance notification of the date of the in-person interview, the appointment time, and room location. On the day of the interview, applicants are expected to arrive early and be prepared for the interview. Design Option applicants are required to display a portfolio of recent work in the intended area of study.

Admission Status

G2 Graduate Classified Status - Applicants who meet the admission criteria for the MFA degree program are granted G2 Graduate Classified Status, and must enroll for the semester for which the application was made. Applicants who do not enroll for the semester for which they were admitted will have their admission canceled (see “Reapplication After Failure to Enroll” in the Admissions General Information section of the University catalog). The application fee may not be transferred or applied to another semester.

G1 Graduate Conditionally Classified Status - The Faculty Review Committee has the option of granting Conditional Admission to applicants who do not have a BA/BFA in Art, or who do not have a 3.0 GPA or higher for the BA/BFA degree. Conditional Admission requires the applicant to complete a minimum 24-unit Qualifying Course program before admission to the graduate program is granted. The Qualifying Courses may not be included on the MFA degree program. Each course on the Qualifying Course program must be completed with a grade of B or higher (no B-).

Primary Advisor

Upon admission to the graduate program, the student is assigned a Primary Advisor from the full-time faculty in the Option. The student may request a change of advisor at any time. It is the student’s responsibility to meet with the Primary Advisor on a regular basis. It is also expected that the student contact other faculty in the Option to keep them informed about the progress of their work and to solicit comments.

The Primary Advisor’s role is to give creative, aesthetic, and technical feedback about the student’s work, as well as to provide information and answer questions regarding progress through the graduate program.

MFA Degree Program Form

During the first semester of study at CSULA, it is the student’s responsibility to meet with the Primary Advisor and complete an official MFA Degree Program Form. This form must be signed by the Primary Advisor, submitted to the Department of Art, and approved by the College Graduate Dean no later than the end of the first semester. Failure to file an approved MFA Degree Program Form during the first semester may result in the loss of completed coursework.

After the MFA Degree Program Form is filed with the College Graduate Dean, course substitutions on the program may be made only if there is a compelling reason (such as scheduling problems or a change in research).

A course substitution must be approved in advance by submitting the GS-5 Application for Course Substitution form. The form must be signed by the Primary Advisor, and submitted to the department office by the fifth week of the semester prior to the student’s enrollment in the course. When the change has been approved, it becomes part of the MFA degree program.

A course may not be added to or deleted from the MFA Degree Program after a grade has been awarded.

Graduate Writing Assessment Requirement (GWAR)

All graduate students must demonstrate competence in writing skills as a requirement for graduation by satisfying the Graduate Writing Assessment Requirement (GWAR) within the first two semesters of their graduate program or prior to the completion of 12 units (whichever occurs later).

The GWAR may be satisfied in one of the following ways:
1. Take and pass the Writing Proficiency Examination (WPE), a timed supervised writing assessment; or
2. Take and pass the special upper division university writing course (UNIV 4010); or
3. Provide evidence of an earned doctorate or master’s degree from an accredited college or university where the primary language of
4. Provide evidence of passing a writing proficiency examination or a graduation writing assessment examination in English at any accredited college or university where the primary language of instruction is English; or

5. Provide evidence of achieving a score of 41 or better on the writing portion of the California Basic Educational Skills Test (CBEST).

Course Requirements for the MFA Degree (60 units)

A total of 60 units is required, with a minimum of 54 units in Art, 6 units outside of Art, and at least 40 units in 5000-level courses.

Note: ART 4000*, 4010, and 4990 may not be applied to an MFA degree program.

Required Courses for all Options (24 units)

- ART 5011 - Art History Seminar: Studies in Classical and European Art (3) or ART 5012 - Art History Seminar: Art of Changing Eras (3) or ART 5013 - Art History Seminar: Studies in Modern and Contemporary Art (3)

- ART 5022 - Seminar: Visual Arts (3) (6 units)
- ART 5070 - Perspectives on Visual Art, Aesthetics, and Culture (3)
- ART 5310 - Research Methodologies in Art (3)
- ART 5950 - MFA Professional Field Work in Art (1-6) (3 units required)
- ART 5980A - MFA Directed Study (1-8) (6 units required)

Required Option Courses (3 units)

Design Option

- ART 5082 - MA/MFA Project Development in Design (3)

Studio Arts Option

- ART 5042 - MA/MFA Practice in Studio Art (3)

Option Electives (12 units)

Select 12 units of 5000 level courses within the designated option.

Required Courses in Art History: (3 units)

Select 3 units of 4000 or 5000-level Art History courses.

Electives in Art: (6 units)

Select 6 units of 4000 or 5000-level electives in Art.

Electives in related areas: (6 units)

Select 6 units of 4000 or 5000 level electives from departments outside of art.

Graduate Project: (6 units)

- ART 5995A - MFA Project (1-9) (6 units required)

Additional Requirements for the MFA Degree

Graduate Walk-Through Review
Once during each year, all graduate students are required to present their strongest work from the current academic year along with a written Artist Statement or Design Statement. The work will be installed by each student in the Fine Arts Gallery to provide an opportunity for dialog with the option faculty and an in-progress evaluation.

**G3 Advancement to Candidacy**

The student is eligible to submit the GS-10 Application for Advancement to Candidacy form when:

- At least 24 units of the coursework for the degree have been completed with a minimum 3.0 GPA.
- The Graduate Writing Assessment Requirement is satisfied.
- There are no courses on the program with Incomplete (I) grades.

**MFA Project**

MFA graduate students are required to complete and exhibit an advanced visual arts MFA Project in Design or Studio Arts.

**MFA Project Screenings**

Each student is required to present their work to the Option Faculty Committee through a series of graduate screenings related to the MFA Project.

- Before participating in a screening, the student must meet with the Primary Advisor for approval and be registered for the semester in which the student plans to screen.
- The Graduate Screening Form must be signed by the Primary Advisor and submitted to the Department of Art office by the established deadline of the semester during which the student plans to screen. In advance of the scheduled screening date, the student will be notified of the appointment time and room location. Late sign-ups will not be accepted.
- On the day of the screening, the student is expected to arrive early and present their work in a professional manner. The presentation is 20 minutes.
- There are no screenings during summer semester.

**MFA Project Committee**

Once the MFA Project Proposal Screening is passed, the student is eligible to submit the GS-12 Request for Thesis or Project Committee and Title form.

It is the student’s responsibility to secure the commitment of a three-person committee consisting of the Primary Advisor to serve as the MFA Project Committee Chair and two full-time faculty members of the option. An additional member from outside the option may be added if approved by the Option Faculty Committee.

The MFA Project is developed under the guidance of the student’s Project Committee Chair with the assistance of the Project Committee members. It is the MFA Project Committee’s responsibility to provide advisement about the MFA Project Report. Students are expected to work on the MFA Project Report during the entire process of completing the MFA Project. If assistance is needed with writing, it is recommended that the student contact the appropriate university resources, such as the University Writing Center.

After the MFA Project Committee has been established, the student is required to meet with the Project Committee Chair and the other committee members at least once each semester to review the progress on the MFA Project and the MFA Project Report, particularly during the semester the student plans to graduate.

**Screening #1 - MFA Project Proposal Screening**

Prior to participating in the MFA Project Proposal Screening, the student must meet with the Primary Advisor for approval of the proposal and to sign the Graduate Screening Form. In order to concentrate on the MFA Project, it is recommended that most of the required coursework be completed.

MFA Project Proposals are to have a specific focus, show a high level of creative individuality and original thought, and require in-depth research and/or experimentation.

At the screening, the student presents a selection of work in a professional manner that clearly indicates the ideas and direction of the proposal, as well as technical competence in its production. Students are expected to present their MFA Project Proposal, and be able to respond to questions from the Option Faculty Committee.

A written MFA Project Proposal that outlines the creative research and explains the purpose and goals of the MFA Project is required to be placed in the Option Faculty mailboxes one week prior to the screening date.

**Screening #2 - MFA Project Progress Screening**
The maximum time period before the first MFA Project Progress Screening is one year. If it has been more than one year since the MFA Project Proposal Screening, the student must re-screen at the Project Proposal level.

The purpose of the MFA Project Progress Screening is for the student to present work that has been produced specifically for the MFA Project to the Option Faculty Committee. This may be experimental work, work-in-progress, completed work, or a combination of these.

The Option Faculty Committee evaluates the progress made on the MFA Project, and gives feedback about its direction, its strengths and its weaknesses.

Students must pass at least one MFA Project Progress Screening. However, additional MFA Project Progress Screenings may be required by the Option Faculty Committee. The number of MFA Project Progress Screenings required is directly related to the progress toward the completion of the MFA Project.

An abstract, outline, draft and bibliography for the MFA Project Report are required to be placed in the Option Faculty mailboxes one week prior to the screening date.

Students who do not pass two consecutive MFA Project Progress Screenings are required to re-screen at the MFA Project Proposal level.

**Screening #3 - MFA Project Final Screening**

The MFA Project Final Screening is the presentation of the completed MFA Project as it will be exhibited in the Fine Arts Gallery. Only work presented at the MFA Project Final Screening and approved by the Option Faculty Committee may be included in the MFA Project Exhibition. This work must adhere to the MFA Project Proposal, and must be professionally finished and presented.

A complete final draft of the MFA Project Report must be submitted to the Project Committee members one week prior to the screening date.

**MFA Project Exhibition**

After the Option Faculty Committee has approved the completed work, the MFA Project will be appropriately exhibited in accordance with department requirements.

**MFA Project Report**

The MFA Project Report includes the project’s significance, objectives, methodology, and a conclusion. Visual documentation of the MFA Project (CD, DVD, USB Flash drive) must be included with the MFA Project Report.

All candidates must submit an electronic copy of the MFA Project Report according to the university guidelines and deadlines as indicated on the Office of Graduate Studies Office website - [http://www.calstatela.edu/graduatethesis/guide-preparation-theses-project-reports-and-dissertations](http://www.calstatela.edu/graduatethesis/guide-preparation-theses-project-reports-and-dissertations)

The MFA Project Report must follow the guidelines established by the university found in the “Guide to Preparation of Master’s Theses and Project Reports,” copies of which are available on the Office of Graduate Studies website. This guide provides information about: the procedures, regulations, and responsibilities governing the Project Report; general requirements for Project Report preparation and acceptance; and format requirements for the Project Report.

All MFA graduate students are required to attend a Thesis/Project Report Workshop, offered each semester by the Office of Graduate Studies to assist students who are in any phase of the Project Report preparation. The specific dates are available on the Office of Graduate Studies website and in the Department of Art office.

**Graduation Requirements**

In order to complete the graduation process, the student must:

1. File a Graduation Application during the application filing period for the intended semester of graduation as listed in the Schedule of Classes.
2. Register for ART 5995A or UNIV 9000 in the semester that the student plans to graduate.
3. Submit the MFA Project Report for final review to all MFA Project Committee members by the 7th week of the semester in which the student plans to graduate.
4. Submit the following items for approval to the Department of Art office prior to the last day of instruction of the semester (15th week) in which the student plans to graduate:
   - Title Approval Page with original signatures of all faculty members of the MFA Project Committee.
   - MFA Project Report
   - Printed Announcement for the MFA Exhibition

List of Images for the MFA Project
- Electronic copy of the MFA Project Report and visual documentation of the MFA Project labeled to correspond to the List of Images for the MFA Project (CD, DVD, USB Flash Drive)

5. Submit a Title Approval Page with original signatures and an electronic copy of the MFA Project Report according to the guidelines and deadlines indicated on the Office of Graduate Studies Office website - http://www.calstatela.edu/graduatethesis

Please Note: The student must plan to graduate during a semester that the MFA Project Committee Chair and the committee members are available for consultation and for signing the Title Approval Page.
### Asian and Asian American Studies, B.A.

The B.A. Degree Program in Asian and Asian American Studies at CSULA is an interdisciplinary program with an emphasis on the connections between Asian and Asian American Studies and community engagement. The program permits pursuit of a wide range of interests and career aspirations. Students should confer in advance with an academic adviser to select the courses and program appropriate to their goals. The total number of units required for the Bachelor of Arts degree in Asian and Asian American Studies is 120 units, of which 42 units are in the major. Students have a choice of an Asian Studies option or an Asian American Studies option.

### Requirements for the Major (42 units)
Both options require a common core of 18 units of lower and upper division courses and 9 units of special studies courses.

#### Required Common Core (27 units)

<table>

#### Lower Division Required Courses (9 units)

- AAAS 2100 - Asian America: Culture, History, and Community (3)
- AAAS 2000 - Pacific Asian Culture, People, and Society (3)

#### Upper Division Required Courses (9 units)

- AAAS 3000 - Methods of Research & Writing for Asian/Asian American Studies (3)
- AAAS 4150 - Asian American Communities in Southern California (also listed as ANTH 4150) (3)
- AAAS 4800 - Asia in the Global World (3)

#### Required Special Studies (9 units)

- AAAS 4500 - Advanced Seminar in Asian and Asian-American Studies - Research Method (3)
- AAAS 4510 - Advanced Seminar in Asian and Asian American Studies - Community Service (3)
- AAAS 4520 - Advanced Seminar in Asian and Asian-American Studies - Cultural Competency (3)

### Options (15 units)

#### Option 1: Asian Studies (15 units)

...
Select five AAAS courses listed below or relevant courses offered by other programs. One of them has to be a service learning course and two have to be upper division courses. Be sure to select courses that will build a pathway for your future career or graduate studies. Academic advisor’s approval is required. Any Asian language course may be used to meet 3 units.

- **AAAS 1400 - Introduction to Globalization, Race, and Place** (also listed as LAS 1400, PAS 1400) (3)
- **AAAS 1600 - History of Asia** (also listed as HIST 1600) (3)
- **AAAS 1700 - Understanding Contemporary Asia** (3)
- **AAAS 2200 - Asians and Asian Americans in Literature, Arts, and Media** (3)
- **AAAS 2950 - Educational Participation in Communities** (1-3)
- **AAAS 3500 - Ancient East Asian Literature and the Modern World** (3)
- **AAAS 3540 - Asian Economies and New Consumerism** (3)
- **AAAS 4210 - Understanding Korean Culture and Social Organization** (3)
- **AAAS 4220 - Korea-US Comparative Cultures** (3)
- **AAAS 4230 - Internship in Korea** (3)
- **AAAS 4480 - History of Islamic Central Asia** (also listed as HIST 4480) (3)
- **AAAS 4490 - Pan Asianism: 19th-20th Century Asian Intellectual History** (also listed as HIST 4490) (3)
- **AAAS 4530 - Cultural Competency for Professionals: Understanding Asia and Asian America** (3)
- **AAAS 4722 - Women, Gender, and Sexuality in Asian American Communities** (also listed as WGSS 4722) (3)
- **AAAS 4850 - Anti-Colonial Movements** (also listed as LAS 4850, PAS 4850) (3)
- **AAAS 4870 - Psychosocial Aspects and Collectivism in Asian and Asian American Societies** (also listed as COUN 4870) (3)
- **AAAS 4880 - Geography and Geopolitics in East Asia and Southeast Asia** (also listed as GEOG 4880) (3)
- **AAAS 4980 - Cooperative Education** (1-3)
- **AAAS 4999 - Undergraduate Directed Study** (1-3)

**Option 2: Asian American Studies (15 units)**

Select five AAAS courses listed below or relevant courses offered by other programs. One of them has to be a service learning course and two have to be upper division courses. Be sure to select courses that will build a pathway for your future career or graduate studies. Academic advisor’s approval is required. Any Asian language course may be used to meet 3 units.

- **AAAS 1080 - Comparative Ethnic Studies** (3)
- **AAAS 1400 - Introduction to Globalization, Race, and Place** (also listed as LAS 1400, PAS 1400) (3)
- **AAAS 1500 - Asian-American History** (also listed as HIST 1500) (3)
- **AAAS 2100 - Asian America: Culture, History, and Community** (3)
- **AAAS 2950 - Educational Participation in Communities** (1-3)
- **AAAS 3480 - Race, Class, and Gender** (also listed as PAS 3480) (3)
- **AAAS 3500 - Ancient East Asian Literature and the Modern World** (3)
- **AAAS 3510 - Body, Health, and Food Justice in API Communities** (3)
- **AAAS 3520 - Oral History of Asian America** (also listed as HIST 3520) (3)
- **AAAS 3530 - Asian and Asian American Literature** (3)
- **AAAS 3540 - Asian Economies and New Consumerism** (3)
- **AAAS 3730 - Asian Americans, Families, and Community** (also listed as CHDV 3730) (3)
- **AAAS 4080 - Comparative Diaspora Studies** (3)
- **AAAS 4530 - Cultural Competency for Professionals: Understanding Asia and Asian America** (3)
- **AAAS 4722 - Women, Gender, and Sexuality in Asian American Communities** (also listed as WGSS 4722) (3)
- **AAAS 4800 - Asia in the Global World** (3)
- **AAAS 4850 - Anti-Colonial Movements** (also listed as LAS 4850, PAS 4850) (3)
- **AAAS 4870 - Psychosocial Aspects and Collectivism in Asian and Asian American Societies** (also listed as COUN 4870) (3)
- **AAAS 4980 - Cooperative Education** (1-3)
- **AAAS 4990 - Pan Asianism: 19th-20th Century Asian Intellectual History** (also listed as HIST 4490) (3)
- **AAAS 4999 - Undergraduate Directed Study** (1-3)
Aviation Administration, B.S.

The Bachelor of Science in Aviation Administration requires a total of 120 units, of which 72 units are in the major. The lower division program may be completed at CSULA, at a community college, or at another 4-year institution. The major requires 21 semester units of lower division work for students who have completed a two year community college program in airframe and power plant maintenance, air traffic control, air transportation, commercial pilot, travel management or other aviation or business-oriented program.

Freshmen students (non-transfer) are able to complete the lower division (21 semester units) by taking the required Foundation Program. Students who have not completed lower division general education requirements at the time of entrance to Cal. State L.A. must fulfill these remaining requirements in addition to upper division general education and major requirements.

Transfer students must also complete prerequisites to required upper division courses. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives. All students must select one of two tracks; an Aviation Track, or a Operation and Supply Chain Management Track.

Foundation Program (21 units)

- TECH 1100 - Introduction to Design Application and 3D Modeling (3)
- TECH 1400 - General Aeronautics (3)
- CIS 1200 - Information and Technology Literacy (also listed as CS 1200) (3)
- TECH 1430 - Airport Operations (3)
- ACCT 2100 - Principles of Financial Accounting (3)
- TECH 1400 - Airline Administration (3)
- TECH 3410 - General Aviation Operations and Administration (3)
- TECH 3420 - Airport Operations (3)
- TECH 3430 - Airport Administration (3)
- TECH 3430 - Airport Administration (3)
- TECH 3440 - Aviation Law (3)
- TECH 3450 - Air Cargo (3)
- TECH 3450 - Air Cargo (3)
- TECH 4000 - Written Communication Skills for Technology (3)
- TECH 4400 - Safety Factors in Aviation (3)
- TECH 4460 - Airport Finance (3)
- TECH 4470 - Senior Seminar: Aviation Problems (3)
- MKT 3100 - Principles of Marketing (3)
- FIN 3030 - Business Finance (3)
Select one of the following Tracks:

Aviation Track Electives (6 units)
- TECH 3400 - Airline Operations (3)
- TECH 3460 - National Airspace System and Air Traffic Control (3)
- TECH 4410 - Aviation Sales (3)
- TECH 4420 - Airport Planning (3)
- TECH 4430 - Air Transportation (3)
- TECH 4480 - Case Studies in Airline Finance (3)

Operation and Supply Chain Management Track (6 units)
- MGMT 4501 - Process Design and Improvement (3)
- MGMT 4502 - Production and Inventory Management (3)
- MGMT 4503 - Total Quality Management (3)
- MGMT 4505 - Project Management (3)
- MGMT 4506 - Service Management (3)
- MGMT 4105 - Managerial Leadership and Motivation (3)
Biochemistry, B.S.

The Bachelor of Science degree in Biochemistry is designed to fit the needs of those who plan to complete their formal education with the bachelor’s degree and obtain positions in scientific and industrial laboratories, attend health professional schools, or do graduate study in biochemistry or molecular life sciences.

The total number of units required for the Bachelor of Science degree in Biochemistry is 120 units, of which 84 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (84 units)

Lower Division Required Courses (46 units)

- CHEM 1100 - General Chemistry I (5)
- CHEM 1110 - General Chemistry II (5)
- CHEM 2300 - Introduction to Biomolecules (2)
- CHEM 2200 - Organic Chemistry I (4)
- CHEM 2201 - Organic Chemistry Laboratory I (1)
- CHEM 2211 - Organic Chemistry Laboratory II (1)
- BIOL 1100 - Cellular Basis of Life (5)
- BIOL 1200 - Diversity of Life (5)
- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- PHYS 2100 - General Physics I: Mechanics (5)
- PHYS 2200 - General Physics II: Electromagnetism and Circuits (5)

Upper Division Required Courses (31 units)

- CHEM 3500 - Quantitative Analysis (4)
- CHEM 3200 - Organic Chemistry II (4)
- CHEM 3600 - Inorganic Chemistry (4)
- CHEM 3100 - Writing for Chemists (3)
- CHEM 4420 - Physical Chemistry: Thermodynamics (3)
- CHEM 4310 - Biochemistry I (3)
- CHEM 4320 - Biochemistry II (3)
- CHEM 4311 - Biochemistry Laboratory I (2)
- CHEM 4321 - Biochemistry Laboratory II (2)
Upper Division Electives (7 units)

Students must take a minimum of 2 units of coursework listed under Chemistry and a minimum of 2 units of coursework listed under Biology and Microbiology totaling 7 units to meet the major electives requirement for the Biochemistry B.S. program. Students may apply a maximum of 1 unit of CHEM 4990 to fulfill the elective requirement.

Students that seek to earn a BS Biochemistry degree that is approved by the American Chemical Society can do so by choosing as an elective an additional upper division chemistry course that includes at least two units of laboratory, or one unit of directed laboratory research (CHEM 4990).

Please note that some of the below electives have prerequisites. Students should consult their adviser.

Chemistry

- CHEM 4200 - Advanced Organic Chemistry I (3)
- CHEM 4210 - Polymer Chemistry (3)
- CHEM 4410 - Physical Chemistry: Quantum Mechanics and Kinetics (4)
- CHEM 4430 - Physical Chemistry: Quantum Chemical Methods (1)
- CHEM 4431 - Physical Chemistry Laboratory (2)
- CHEM 4460 - Drug Delivery (3)
- CHEM 4510 - Advanced Analytical Chemistry: Optical Spectroscopy (2) (2 units)
- CHEM 4520 - Advanced Analytical Chemistry: Analytical Separations and Mass Spectrometry (2) (2 units)
- CHEM 4530 - Advanced Analytical Chemistry: Electrochemistry and Surface Techniques (2) (2 units)
- CHEM 4800 - Special Topics in Advanced Chemistry Lecture (1-3) (3 units)
- CHEM 4830 - History of Chemistry (3)
- CHEM 4840 - Drug Discovery and Development (also listed as BIOL 4440) (3)
- CHEM 4860 - Bioinformatics (also listed as BINF 4000) (3)
- CHEM 4850 - Bioinorganic and Bioorganic Chemistry (3)
- CHEM 4990 - Undergraduate Directed Study (1-3) (3 units)

Biology and Microbiology

- BIOL 4240 - General Embryology (3)
- BIOL 4300 - Fundamental Research in Plant Ecological Physiology (4)
- BIOL 4320 - Fundamentals of Toxicology (3)
- BIOL 4330 - Integrative Human Physiology (3)
- BIOL 4340 - Fundamentals Research in Human Physiology (2)
- BIOL 4360 - Neurobiology: Cellular and Molecular Physiology of the Nervous System (3)
- BIOL 4370 - Cell Signaling (3)
- BIOL 4390 - Endocrinology (3)
- MICR 3100 - General Microbiology (also listed as BIOL 3100) (4)
* MICR 3700 - Medical Microbiology (4)
* MICR 4600 - Theoretical and Applied Immunology (4)
* MICR 4700 - General Virology (3)
* MICR 3500 - Bacterial Physiology (3)
- BIOL 3000 - Biostatistics (4)
- BIOL 3400 - Principles of Genetics (3)
- BIOL 4130 - Molecular Diagnostics (3)
* BIOL 4150 - Population Genetics (3)
- BIOL 4160 - Molecular Genetics (3)
- BIOL 4170 - Gene Editing Theory and Applications (3)
* BIOL 4180 - Advanced Evolutionary Biology (3)
* MICR 3300 - Microbial Genetics (3)
* BINF 4020 - Phylogenomic Analysis (2)
* BINF 4500 - Advanced Topics in Bioinformatics and Computational Biology (1)
* BINF 4540 - Special Topics in Bioinformatics (1-3) (2 units)

*If you take this course, you will be required to take pre-requisite courses that are not part of the BS Biochemistry degree requirements. This means you would be taking an extra course that does not count towards your degree.
Biology, B.S.

The Bachelor of Science degree in Biology offers undergraduate students a degree program with depth of training in the biological sciences and supporting fields, emphasizing core concepts and cutting-edge techniques. This program prepares students for entrance into careers in biological sciences or for graduate work.

A total of 120 units is required for the Bachelor of Science degree in Biology. In addition to University and General Education requirements (39 units), the BS degree requires completion of 58 units of core requirements and 23 units within an option. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Students earning a B.S. degree in Biology must choose one of five Option areas as follows:

1) **General Option** - The General Option in Biology is intended to expose students to all of the major areas of study in biology, covering topics that range in scale from biomolecules to ecosystems. This option is the most flexible option in terms of courses required, and students will be trained for a broad range of professional paths. The choice of electives allows students to tailor their degree towards future employment in agricultural, biotechnology, or health-related professions or graduate/professional studies in the life sciences.

2) **Ecology, Evolution, and the Environment (EEE) Option** - Students in the Ecology, Evolution, and the Environment (EEE) Option of the B.S. degree study our planet’s biodiversity, including how organisms interact and adapt to each other and to their physical environment. Students can specialize in studies of plants or animals, within marine, freshwater, or terrestrial ecosystems, while gaining skills in field studies, molecular techniques, and statistical analysis through choice of electives and research experiences. Graduates from the EEE option are prepared to work in environmental fields, including conservation and sustainability, with governmental or non-governmental agencies, or in the private sector. Further, students are prepared for advanced graduate or professional study.

3) **Microbiology Option** - The Microbiology Option is designed to provide a broad foundation in areas of general microbiology including physiology, genetics as well as explorations of applications of the discipline in areas of medical, applied and environmental microbiology. Students will learn the fundamental workings of microorganisms and understand the impact of microorganisms on the human experience and the environment. Undergraduate research or internship experience is strongly recommended for option students. The Microbiology option provides preparation for entry into graduate or professional school for careers in the health professions (such as medicine, dentistry, pharmacy, etc.), the biotechnology industry, public health and registered clinical laboratory science or in academic and research programs in microbiology, immunology, biotechnology, and related fields.

4) **Molecular, Cellular, & Developmental (MCD) Biology Option** - The Molecular, Cellular, & Developmental (MCD) Biology Option directs students towards a comprehensive understanding of cell structure and function and how these cellular characteristics support organismal development and life. Students will gain a deep understanding of principles from several fields in the biological sciences including cell biology, molecular biology, biochemistry, genetics, and developmental biology. Students will additionally gain hands-on experience with modern research and diagnostic techniques. The MCD Biology Option graduates will possess critical knowledge and skills, which will make them competitive candidates for graduate programs in the life sciences or employment in opportunities including agricultural, biotechnology, pharmaceutical, food, and health related professions (e.g. medicine, pharmacy, dentistry).

5) **Physiology Option** - The Physiology Option is designed to provide a rigorous foundation in plant and human physiology. Students will learn how to integrate a deep understanding of how living systems work. Undergraduate research or internship experience is strongly recommended for option students, and three credits can be applied to the electives for the option. The Physiology option provides a strong starting point for entry into careers in the health professions (e.g. medicine, pharmacy, dentistry), or into graduate-level academic and research programs (e.g. physiology, biology,
Requirements for the Biology Major (81 units)

Of the 120 units required for the Bachelor of Science degree in Biology, the major requires 58 units of common core upper and lower division courses and 23 units of upper division electives within one of 5 options:

1. **General Option (23 units)**
2. **Ecology, Evolution, and the Environment (EEE) Option (23 units)**
3. **Microbiology Option (23 units)**
4. **Molecular, Cellular, & Developmental Biology (MCD) Option (23 units)**
5. **Physiology Option (23 units)**

**Required Core for the Biology Major (58 units)**

**Note:**
1. * Minimum grade of C or higher required for credit toward the degree
2. ** or one year of organic chemistry with at least one term of lab from an accredited 2-year or 4-year college or university
3. *** writing intensive (wi) course
4. # BIOL 1100: BIOL AP score of 4 or 5 fulfills BIOL 1100 requirement; BIOL 1100 fulfills GE B2 requirement
5. ## CHEM 1100/PHYS 1100 fulfills GE B1; MATH 2045 fulfills B4 if a student tests out of pre-calculus.

**Lower Division Core Courses (38 units)**

- BIOL 1100 - Cellular Basis of Life (5) *, #
- BIOL 1200 - Diversity of Life (5)
- CHEM 1100 - General Chemistry I (5) ##
- CHEM 1110 - General Chemistry II (5)
- CHEM 2200 - Organic Chemistry I (4) **
- CHEM 2201 - Organic Chemistry Laboratory I (1) **
- MATH 2045 - Calculus for the Life Sciences (5) ##
- PHYS 1100 - Physics for the Life Sciences I (4) ##
- PHYS 1200 - Physics for the Life Sciences II (4)

**Upper Division Core Courses (20 units)**

- BIOL 3000 - Biostatistics (4) *
- BIOL 3200 - Professional Writing in the Life Sciences (3) *, ***
- BIOL 3400 - Principles of Genetics (3) *
- BIOL 3500 - Evolution (3) *
- BIOL 3600 - Functional Biology (3) *
- CHEM 3200 - Organic Chemistry II (4) **

**General Option (23 units)**

**Required Option Courses (10 units)**

- BIOL 3800 - Ecology (3)
- BIOL 3900 - Molecular & Cellular Biology I (3)
- MICR 3100 - General Microbiology (also listed as BIOL 3100) (4)

**Upper Division Electives (13 units)**

**[1] Laboratory Courses**

Select at least one course from the following list:

- BIOL 4080 - Advanced Biostatistics (3)
BIOL 4130 - Molecular Diagnostics (3)
BIOL 4150 - Population Genetics (3)
BIOL 4240 - General Embryology (3)
BIOL 4290 - Animal Histology (4)
BIOL 4300 - Fundamental Research in Plant Ecological Physiology (4)
BIOL 4320 - Fundamentals of Toxicology (3)
BIOL 4340 - Fundamentals Research in Human Physiology (2)
BIOL 4370 - Cell Signaling (3)
BIOL 4400 - Plant Systematics (3)
BIOL 4440 - Drug Discovery and Development (also listed as CHEM 4840) (3)
BIOL 4510 - Ornithology (3)
BIOL 4530 - Ichthyology (3)
BIOL 4550 - Mammalogy (3)
BIOL 4560 - Comparative Vertebrate Anatomy (4)
BIOL 4570 - Marine Invertebrate Zoology (4)
BIOL 4620 - Plant Ecology (4)
BIOL 4700 - Conservation Biology (3)
BIOL 4720 - Marine Ecology (3)
BIOL 4740 - Ecosystems of California (4)
BIOL 4800 - Modeling Biological Systems (also listed as MATH 4800) (3)
BIOL 4810 - Animal Cell Culture Theory and Technique (3)
MICR 3300 - Microbial Genetics (3)
MICR 3500 - Bacterial Physiology (3)
MICR 3700 - Medical Microbiology (4)
MICR 3900 - Applied and Environmental Microbiology (3)
MICR 4300 - Hematology (3)
MICR 4600 - Theoretical and Applied Immunology (4)

[2] Upper Division Courses

Select courses from the list below to complete the remaining units and satisfy the elective requirement. Other courses may be considered as electives with adviser approval.

Notes:
1. + Must take both courses for credit
2. ++ Take either one course
3. * CHEM 4990 - students must request CR/NC grading at the time of enrollment.
4. ** BIOL 3960, BIOL 4990, MICR 4990 - only 3 units can be counted for the degree requirement.

- ANTH 4600 - Human Evolution (3)
- ANTH 4620 - Human Ecology and Adaptation (3)
- BIOL 3960 - Honors Thesis (1-3) **
- BIOL 3980 - Cooperative Education (1-3)
- BIOL 4160 - Molecular Genetics (3)
- BIOL 4170 - Gene Editing Theory and Applications (3)
- BIOL 4180 - Advanced Evolutionary Biology (3)
- BIOL 4200 - Global Change (3)
- BIOL 4280 - Plant Physiology (3)
- BIOL 4330 - Integrative Human Physiology (3)
- BIOL 4350 - Neurobiology: Neuroanatomy (3)
- BIOL 4360 - Neurobiology: Cellular and Molecular Physiology of the Nervous System (3)
- BIOL 4390 - Endocrinology (3)
- BIOL 4460 - Biotechnology Applications of Cell and Molecular Biology (3)
- BIOL 4490 - Neurobiology: Development (3)
- BIOL 4500 - Botanical Medicine (3)
- BIOL 4510 - Ornithology (3)

- BIOL 4540 - Special Lecture Topics in Biology (1-3) + and
- BIOL 4541 - Special Activity Topics in Biology (1-3) +

- BIOL 4990 - Undergraduate Directed Study (1-3) **
Ecology, Evolution, and the Environment (EEE) Option (23 units)

Required Courses for the EEE Option (4 units)

- BIOL 3800 - Ecology (3)
- BIOL 3801 - Field Ecology (1)

Upper Division Electives for the EEE Option (19 units)

Select at least one course from each group below for a total of 19 units.

**Note:**
1. + Approval of adviser required.
2. ++ CHEM 4990 - students must request CR/NC grading at the time of enrollment.
3. * Take either one course.

### [1] Organismal Courses

Complete at least 3 units from this list:

- BIOL 4300 - Fundamental Research in Plant Ecological Physiology (4)
- BIOL 4400 - Plant Systematics (3)
- BIOL 4510 - Ornithology (3)
- BIOL 4530 - Ichthyology (3)
### [2] Quantitative/Computational Courses

Complete at least 3 units from this list:

- BIOL 4080 - Advanced Biostatistics (3)
- BIOL 4540 - Special Lecture Topics in Biology (1-3)
- BIOL 4541 - Special Activity Topics in Biology (1-3)
- BIOL 4540 - Modeling Biological Systems (also listed as MATH 4800) (3)
- GEOG 4660 - Remote Sensing (3)
- GEOG 4690 - Spatial Analysis and GIS Modeling (3)
- PHYS 3200 - Physics Computing (3)

### [3] Ecology Courses

Complete at least 3 units from this list:

- BIOL 4540 - Special Lecture Topics in Biology (1-3)
- BIOL 4541 - Special Activity Topics in Biology (1-3)
- BIOL 4620 - Plant Ecology (4)
- BIOL 4700 - Conservation Biology (3)
- BIOL 4720 - Marine Ecology (3)
- BIOL 4740 - Ecosystems of California (4)
- MICR 3900 - Applied and Environmental Microbiology (3)

### [4] Evolution Courses

Complete at least 2 units from this list:

- BINF 4020 - Phylogenomic Analysis (2)
- BIOL 4150 - Population Genetics (3)
- BIOL 4180 - Advanced Evolutionary Biology (3)
- BIOL 4540 - Special Lecture Topics in Biology (1-3)
- BIOL 4541 - Special Activity Topics in Biology (1-3)

### [5] Additional Electives

Complete the remaining units to satisfy the elective unit requirement of this option from this list:

- ANTH 4600 - Human Evolution (3)
- ANTH 4620 - Human Ecology and Adaptation (3)
- BINF 4000 - Bioinformatics (also listed as CHEM 4860) (3)
- BINF 4500 - Advanced Topics in Bioinformatics and Computational Biology (1)
- BIOL 3900 - Molecular & Cellular Biology I (3)
- BIOL 3960 - Honors Thesis (1-3)
- BIOL 3980 - Cooperative Education (1-3)
- BIOL 4000 - Molecular & Cellular Biology II (3)
- BIOL 4130 - Molecular Diagnostics (3)
- BIOL 4160 - Molecular Genetics (3)
- BIOL 4170 - Gene Editing Theory and Applications (3)
- BIOL 4200 - Global Change (3)
- BIOL 4240 - General Embryology (3)
- BIOL 4280 - Plant Physiology (3)
- BIOL 4290 - Animal Histology (4)
- BIOL 4300 - Fundamental Research in Plant Ecological Physiology (4)
- BIOL 4320 - Fundamentals of Toxicology (3)
Microbiology Option (23 units)

Required Courses for the Microbiology Option (17 units)

- MICR 3100 - General Microbiology (also listed as BIOL 3100) (4)
Electives for the Microbiology Option (6 units)

Complete a total of 6 units from the list below, at least 3 units must be of MICR courses.

Notes:

1. * BIOL 3980 or MICR 3960 or MICR 4990 - only 3 units of these courses can be counted towards the degree unit requirement.
2. ** Take either one of the courses.

- BIOL 2030 - Human Anatomy (4)
- BIOL 2040 - Human Physiology (4)
- BIOL 3980 - Cooperative Education (1-3) *
- BIOL 4450 - Bioscience Companies: From Concept to Market (3)
- BIOL 4460 - Biotechnology Applications of Cell and Molecular Biology (3)
- BIOL 4800 - Modeling Biological Systems (also listed as MATH 4800) (3)
- CHEM 3500 - Quantitative Analysis (4)
- CHEM 3900 - Introduction to Biochemistry (3) ** or
- CHEM 4100 - Biochemistry I (3) **
- MICR 3960 - Honors Thesis in Microbiology (1-3) *
- MICR 4000 - General Virology (3)
- MICR 4200 - Emerging and Re-Emerging Infectious Diseases (3)
- MICR 4300 - Hematology (3)
- MICR 4400 - Mycology (3)
- MICR 4410 - Special Topics in Microbiology (1-3)
- MICR 4411 - Activities in Special Topics in Microbiology (1-2)
- MICR 4500 - Theoretical and Applied Immunology (4)
- MICR 4990 - Undergraduate Directed Study (1-3) *
- PHIL 4290 - Bioethics (3)
- PHYS 4430 - Biophysics (3)

Molecular, Cellular, & Developmental Biology (MCD) Option (23 units)

Required Courses for the MCD Option (8 units)

- BIOL 3401 - Molecular & Cellular Laboratory (2)
- BIOL 3900 - Molecular & Cellular Biology I (3)
- BIOL 4000 - Molecular & Cellular Biology II (3)

Electives for the MCD Option (15 units)

[1] Laboratory Courses

Select at least 6 units from the following list of courses:

- BIOL 3960 - Honors Thesis (1-3)
- BIOL 4130 - Molecular Diagnostics (3)
- BIOL 4160 - Molecular Genetics (3)
- BIOL 4170 - Gene Editing Theory and Applications (3)
- BIOL 4240 - General Embryology (3)
- BIOL 4290 - Animal Histology (4)
- BIOL 4360 - Neurobiology: Cellular and Molecular Physiology of the Nervous System (3)
- BIOL 4370 - Cell Signaling (3)
- BIOL 4390 - Endocrinology (3)
- BIOL 4540 - Special Lecture Topics in Biology (1-3) +
[2] Additional Electives

Complete the remaining units from this list to satisfy the elective unit requirement. Other courses may be considered with adviser approval.

- BIOL 3801 - Field Ecology (1)
- BIOL 3960 - Honors Thesis (1-3)
- BIOL 3980 - Cooperative Education (1-3)
- BIOL 4080 - Advanced Biostatistics (3)
- BIOL 4150 - Population Genetics (3)
- BIOL 4180 - Advanced Evolutionary Biology (3)
- BIOL 4200 - Global Change (3)
- BIOL 4280 - Plant Physiology (3)
- BIOL 4300 - Fundamental Research in Plant Ecological Physiology (4)
- BIOL 4320 - Fundamentals of Toxicology (3)
- BIOL 4330 - Integrative Human Physiology (3)
- BIOL 4340 - Fundamentals of Research in Human Physiology (2)
- BIOL 4450 - Bioscience Companies: From Concept to Market (3)
- BIOL 4490 - Neurobiology: Development (3)
- BIOL 4540 - Special Lecture Topics in Biology (1-3) +
- BIOL 4541 - Special Activity Topics in Biology (1-3) +
- BIOL 4560 - Comparative Vertebrate Anatomy (4)
- BIOL 4570 - Marine Invertebrate Zoology (4)
- BIOL 4620 - Plant Ecology (4)
- BIOL 4700 - Conservation Biology (3)
- BIOL 4720 - Marine Ecology (3)
- BIOL 4740 - Ecosystems of California (4)
- BIOL 4800 - Modeling Biological Systems (also listed as MATH 4800) (3)
- MATH 4800 - Topics in Mathematical Modeling (also listed as BIOL 4800) (3)
- BIOL 4990 - Undergraduate Directed Study (1-3)
- CHEM 2211 - Organic Chemistry Laboratory II (1)
- CHEM 3500 - Quantitative Analysis (4)

- CHEM 4300 - Introduction to Biochemistry (3) * or
- CHEM 4310 - Biochemistry I (3) *

- CHEM 4311 - Biochemistry Laboratory I (2)
- CHEM 4320 - Biochemistry II (3)
- CHEM 4321 - Biochemistry Laboratory II (2)
- CHEM 4860 - Bioinformatics (also listed as BINF 4000) (3)
- CHEM 4990 - Undergraduate Directed Study (1-3) **
- CRM 4149 - Forensic Biology (3)
- CRM 4150 - Forensic Chemistry (3)
- CRLT 4090 - Applications of Forensic Science (3)
- KIN 4370 - Disease and Plasticity in Neuromuscular Systems (3)
- MGMT 3070 - Management and Organizational Behavior (3)
- MICR 3300 - Microbial Genetics (3)
- MICR 3500 - Bacterial Physiology (3)
- MICR 3700 - Medical Microbiology (4)
- MICR 3900 - Applied and Environmental Microbiology (3)
- MICR 4100 - General Virology (3)
- MICR 4200 - Emerging and Re-Emerging Infectious Diseases (3)
- MICR 4300 - Hematology (3)
- MICR 4400 - Mycology (3)
Physiology Option (23 units)

Required Courses for the Physiology Option (9 units)

- BIOL 3900 - Molecular & Cellular Biology I (3)
- BIOL 4280 - Plant Physiology (3)
- BIOL 4330 - Integrative Human Physiology (3)

Upper Division Electives (14 units)

[1] Laboratory Courses for Physiology Option

Select at least one course from this list:

- BIOL 4300 - Fundamental Research in Plant Ecological Physiology (4)
- BIOL 4340 - Fundamentals Research in Human Physiology (2)
- BIOL 4560 - Comparative Vertebrate Anatomy (4)

[2] Additional Electives

Complete the remaining units from this list to satisfy the Physiology option requirement.

Notes:

1. * BIOL 3960 or BIOL 4990 - only 3 units of these courses can be counted towards the degree unit requirement.
2. ** Approval from the adviser required.

- BIOL 3960 - Honors Thesis (1-3) *
- BIOL 4290 - Animal Histology (4)
- BIOL 4350 - Neurobiology: Neuroanatomy (3)
- BIOL 4360 - Neurobiology: Cellular and Molecular Physiology of the Nervous System (3)
- BIOL 4390 - Endocrinology (3)
- BIOL 4490 - Neurobiology: Development (3)
- BIOL 4500 - Botanical Medicine (3)
- BIOL 4510 - Ornithology (3)
- BIOL 4530 - Ichthyology (3)
- BIOL 4550 - Mammalogy (3)
- BIOL 4540 - Special Lecture Topics in Biology (1-3) **
- BIOL 4541 - Special Activity Topics in Biology (1-3) **
- BIOL 4990 - Undergraduate Directed Study (1-3) *
- MICR 3500 - Bacterial Physiology (3)
- MICR 4400 - Mycology (3)
Biology, M.S.

The Master of Science degree in Biology is designed to prepare students for biological research, doctoral study, technical positions in university, hospital and public health laboratories, the biotechnology industry or other industry settings, government agencies, and community college teaching. Graduate students may focus their studies in any of the following areas: animal biology, applied microbiology, biotechnology, cell biology, developmental biology, ecology, environmental biology, environmental microbiology, evolution, genetics, immunology, marine biology, molecular phylogenetics, mycology, neurobiology, physiological ecology, plant biology, population genetics, virology, or zoology.

Admission to the Program

Application to the Department of Biological Sciences and the University is required. The completed departmental application, statement of purpose, together with transcripts of all previous college work, general Graduate Record Exam (GRE) scores (no minimum score requirement), and three letters of recommendation, must be received by the department prior to the deadlines posted by the Department. Applicants are required to identify three possible research advisors on the departmental application. Applicants should visit the Faculty Research Interest website at http://www.calstatela.edu/academic/biol/facresearch.php to become familiar with the Biological Sciences faculty and their research. Applicants will need to contact three faculty members via email, appointment, or phone to discuss research opportunities under their mentorship. The applicant will need to list the names of any faculty members they have contacted regarding research opportunities on the application form. If the applicant has already identified a research mentor who is committed to sponsor his/her MS thesis project, that applicant does not need to contact additional faculty members. An applicant can also have an off campus research advisor, pending departmental approval.

Applications will be reviewed by the Department and assessed based on the completed application form and supporting materials. Applicants are expected to possess a baccalaureate in a biological science, such as biochemistry, biology, medical technology, or microbiology, equivalent to the Bachelor of Science degree offered at Cal State L. A. Applicants may be admitted to the degree program in classified or conditionally classified standing. Classified standing is granted to those accepted applicants who have a minimum 2.75 grade point average in their last 60 semester units attempted. Conditionally classified standing is granted to those accepted applicants whose grade point average in their last 60 semester units attempted is between 2.5 and 2.74. Conditionally classified students must achieve a B (3.0) grade point average in four qualifying courses (to be approved in advance by the graduate adviser) that should be completed by the end of their second semester of graduate study and must be among the first six courses completed.

Eligible Courses (or equivalents)

Applicants who wish to enter the program from outside the biological science area must complete the following courses (or equivalents) to be eligible for graduate status in the Biological Sciences Department:

- BIOL 1100 - Cellular Basis of Life (5)
- BIOL 1200 - Diversity of Life (5)
- BIOL 3000 - Biostatistics (4)
- BIOL 3400 - Principles of Genetics (3)
- CHEM 1100 - General Chemistry I (5)
- CHEM 1110 - General Chemistry II (5)
- CHEM 2200 - Organic Chemistry I (4)
- CHEM 2201 - Organic Chemistry Laboratory I (1)
- CHEM 3200 - Organic Chemistry II (4)
- MATH 2040 - Applied Calculus I (3)
- PHYS 1100 - Physics for the Life Sciences I (4)
- PHYS 1200 - Physics for the Life Sciences II (4)
Requirements for the Degree (30 units)

A minimum of 30 units is required, with at least 21 units in 5000-level courses. A thesis is required. All students must complete BIOL 5000 Graduate Orientation during the first semester of attendance, BIOL 5100 (Seminar: Biology) twice during their first year in classified graduate standing, and BIOL 5200 Professional Writing in the Life Sciences, within the first two semesters after joining a research laboratory. Students also must fulfill all University requirements including the Graduation Writing Assessment Requirement (GWAR). All students must present their thesis research in a department seminar.

The M.S. degree requires a minimum of 9 units of 4000 or 5000 level elective courses in biology or related fields. These courses are selected in consultation with an advisor and should provide the student with the necessary background for thesis research.

The M.S. degree also requires a minimum of two graduate seminar courses (3 units each) in addition to BIOL 5000 (1), BIOL 5100 (1,1), BIOL 5200 (2) and :

Graduate Research (4 units)

BIOL 5970 - Graduate Research (1-2)

Thesis (6 units)

BIOL 5990 - Thesis (6) (1-3)

Note:

Students must have received credit for BIOL 5200 and submitted a prospectus approved by the thesis committee prior to enrollment in BIOL 5970 and BIOL 5990. Students are expected to enroll in BIOL 5200 in their second semester of attendance. Students may enroll in BIOL 5980 prior to enrolling in BIOL 5970 and 5990. BIOL 5980 units do not count towards the degree program.

Before being awarded the M.S. degree, students must present their thesis research in a public seminar immediately followed by an oral defense administered by the thesis committee.
University Catalog

Business Administration, B.S.

A total of 120 units is required for the Bachelor of Science degree in Business Administration, of which 66-72 units are in the major.

Requirements for the Major (66-72 units)

All options require a common core of 45 units of lower and upper division courses in the College of Business and Economics. In addition, each student with upper division standing completes one of the following options:

<table>

Core Requirements (45 units)

Lower Division Required Courses (15 units)

- ACCT 2100 - Principles of Financial Accounting (3)
- ACCT 2110 - Principles of Managerial Accounting (3)
- ECON 2010 - Principles of Economics I: Microeconomics (3)
- ECON 2020 - Principles of Economics II: Macroeconomics (3)
- FIN 2050 - Legal and Reguatory Environment of Business I (3)

Note: ECON 2010 or ECON 2020 is double-counted in GE Block D.

Upper Division Required Courses (30 units)

- BUS 3050 - Business Communications (3)
- BUS 4150 - Contemporary Issues in Global Business (3)
- BUS 4970 - Strategic Management (3)
- CIS 3010 - Management Information Systems (3)
- ECON 3060 - Statistics for Business Analysis and Decision Making (3)
- FIN 3030 - Business Finance (3)
- MGMT 3060 - Operations Management (3)
- MGMT 3070 - Management and Organizational Behavior (3)
- MGMT 3080 - Business Responsibilities in Society (3)
- MKT 3100 - Principles of Marketing (3)

Notes:

Note 1: BUS 4970 is the capstone course and requires completion of all other core courses, both lower and upper division. It is strongly recommended that the course be taken toward the end of the program.

Note 2: It is strongly recommended that when taking the upper division core courses, students follow the sequence: CIS 3010, BUS 3050, FIN 3030, ECON 3060, MKT 3100, MGMT 3060, MGMT 3070, MGMT 3080, BUS 4150, and BUS 4970.

Note 3: ECON 3060 is double-counted in upper division GE Block B: Natural Science and Mathematics.

Note 4: MGMT 3080 is double-counted in GE Block C: Upper Division Requirement: Arts and Humanities.

Note 5: BUS 3050 is designated as a Writing Intensive (WI) course.

Discipline Skills Requirement

In addition, all students must complete a 3-unit skills course specified by their option.

Options (21-27 units, including a 3-unit skills course)

All departmental and program information will be found in the corresponding section on the Academic Programs page.
Business Administration, B.S.: Option in Accounting

A total of 120 units are required for the Bachelor of Science degree in Business Administration with the Accounting option. This option prepares students for careers in either Public Accounting, serving clients professionally in the areas of financial accounting, cost accounting, auditing, taxes and systems; or Managerial Accounting, dealing with the functions of the controller in a business firm, or an institutional or governmental agency; or internal auditing. The Business Administration major with an option in Accounting requires completion of 45 units in core courses and 27 units in the option. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Core Requirements for the Bachelor of Science in Business Administration (45 units)

Note 4: MGMT 3080 is double-counted in GE Block C: Upper Division Requirement: Arts and Humanities.

Note 5: BUS 3050 is designated as a Writing Intensive (WI) course.

Option Requirements for Accounting (27 units)

Required Courses (21 units)

- ACCT 3200A - Intermediate Financial Accounting and Reporting I (3)
- ACCT 3200B - Intermediate Financial Accounting and Reporting II (3)
- ACCT 3210 - Taxation of Individuals (3)
- ACCT 3220 - Cost Accounting (3)
- ACCT 3250 - Leadership and Professional Skills for Accountants (3)
- ACCT 4240A - Accounting Information Systems (3)
- ACCT 4950 - Case Studies and Research in Accounting (3)

Electives (6 units)

Select 6 units from the following:

- ACCT 4200 - Advanced Financial Accounting and Reporting (3)
- ACCT 4210A - Corporate Taxation (3)
- ACCT 4210C - State and Local Taxation (3)
- ACCT 4210D - IRS' Volunteer Income Tax Assistance (VITA) Program (3)
- ACCT 4240B - Auditing (3)
- ACCT 4250 - International Accounting (3)
- ACCT 4270 - Governmental and Institutional Accounting (3)
- ACCT 4280A - Internal Auditing (3)
- ACCT 4340 - Professional Accounting Ethics (3)
- ACCT 4350 - Forensic Accounting (3)
- ACCT 4360 - Advanced Forensic Accounting (3)
- ACCT 4370 - Security Risk Management and Internal Controls (also listed as CIS 4370) (3)
- ACCT 4380 - Computer Forensics and Investigations (also listed as CIS 4380) (3)
- ACCT 4540 - Special Topics in Accounting (1-3)
- ACCT 4980 - Undergraduate Directed Study (1-3)
- FIN 3050 - Legal and Regulatory Environment of Business II (3)

Students have 3 credit hours which are not designated. Students are strongly encouraged to take one additional class among the classes offered by the College of Business and Economics

Program Standards

Note the following accounting program standards.

Part I.

To enroll in upper division accounting courses (except ACCT 3200AB), undergraduate students must have:

1) Completed the following courses:
2) Followed procedures specified by the Department of Accounting in the semester preceding enrollment in the first upper division accounting course (except 3200AB).

Part II.

Students in the accounting option must earn a grade of C or higher in all accounting courses and pass at least twelve units in upper division accounting classes at Cal State L.A.
Business Administration, B.S.: Option in Business Economics

A total of 120 units is required for the Bachelor of Science degree in Business Administration with the Business Economics Option. The BSBA degree with this option requires completion of 45 units in BSBA core courses and 21 units in the option. Consult with an adviser for the specific number of units required in all areas of the degree including GE and free electives.

Core Requirements (45 units)

Notes:
1. Course with an asterisk * is double-counted to satisfy GE or university requirement,
2. BUS 4970 is the capstone course and requires completion of all other core courses, both lower and upper division. It is strongly recommended that the course be taken toward the end of the program.
3. It is strongly recommended that students should follow the roadmap for course sequence.

Lower Division Required Courses (15 units)

- ACCT 2100 - Principles of Financial Accounting (3)
- ACCT 2110 - Principles of Managerial Accounting (3)
- ECON 2010 - Principles of Economics I: Microeconomics (3) *
- ECON 2020 - Principles of Economics II: Macroeconomics (3) *
- FIN 2050 - Legal and Regulatory Environment of Business I (3)

Upper Division Required Courses (30 units)

- BUS 3050 - Business Communications (3) *
- BUS 4150 - Contemporary Issues in Global Business (3)
- BUS 4970 - Strategic Management (3)
- CIS 3010 - Management Information Systems (3)
- ECON 3060 - Statistics for Business Analysis and Decision Making (3) *
- FIN 3030 - Business Finance (3)
- MGMT 3060 - Operations Management (3)
- MGMT 3070 - Management and Organizational Behavior (3) *
- MGMT 3080 - Business Responsibilities in Society (3)
- MGMT 3100 - Management and the Great Ideas (3)
Option Requirements (21 Units)

This option conveys analytical and quantitative skills needed by consulting firms, business corporations and government agencies.

Required Course (12 Units)

- ECON 4150 - Applied Economic and Business Forecasting (3)
- ECON 4110 - Market Structure and Strategic Firm Behavior (3)
- ECON 3030 - Money, Banking, and the Economy (3)
- ECON 4910 - Data Analysis, Reporting and Presentation (3)

**The professional skills course for Economics majors.

Electives on Economics Issues (9 units)

Select 9 units from the following:

- ECON 3500 - Economics of Poverty and Inequality in the U.S. (3)
- ECON 4010 - Mathematical Economics (3)
- ECON 4030 - Macroeconomics (3)
- ECON 4100 - Microeconomics (3)
- ECON 4140 - Econometrics I (3)
- ECON 4260 - International Political Economy (also listed as POLS 4260) (3)
- ECON 4300 - Labor Economics (3)
- ECON 4340 - Environmental Economics (3)
- ECON 4350 - Market Indicators and Federal Reserve Policy (3)
- ECON 4400 - Urban and Regional Economics (3)
- ECON 4460 - Economics of Developing Countries (3)
- ECON 4610 - Economics of International Trade (3)
- ECON 4620 - International Monetary Economics (3)
- ECON 4650 - Current Issues in Latin American Economies (3)
- ECON 4720 - Labor Relations and Collective Bargaining (3)
- ECON 4800 - Economics of Health Care (3)
- ECON 4900 - Issues in the Economics of Globalization (3)
Business Administration, B.S.: Option in Business Prelegal

A total of 120 units is required for the Bachelor of Science degree in Business Administration with the Business Prelegal, Finance and Real Estate Options. The BSBA degree with any of these options requires completion of 66 units in the major. Consult with an adviser for the specific number of units required in all areas of the degree including GE and free electives.

Admission Criteria

Learning Outcomes

Road Map

Core Requirements for the Bachelor of Science in Business Administration (45 units)

Lower Division Required Courses (15 units)

- ACCT 2100 - Principles of Financial Accounting (3)
- ACCT 2110 - Principles of Managerial Accounting (3)
- ECON 2010 - Principles of Economics I: Microeconomics (3)
- ECON 2020 - Principles of Economics II: Macroeconomics (3)
- FIN 2050 - Legal and Regulatory Environment of Business I (3)

Note: ECON 2010 or ECON 2020 is double-counted in GE Block D

Upper Division Required Courses (30 units)

- BUS 3050 - Business Communications (3)
- BUS 4150 - Contemporary Issues in Global Business (3)
- CIS 3010 - Management Information Systems (3)
- ECON 3060 - Statistics for Business Analysis and Decision Making (3)
- FIN 3030 - Business Finance (3)
- MGMT 3060 - Operations Management (3)
- MGMT 3070 - Management and Organizational Behavior (3)
- MGMT 3080 - Business Responsibilities in Society (3)
- BUS 4970 - Strategic Management (3)
- MKT 3100 - Principles of Marketing (3)

Notes:

- BUS 4970 is the capstone course and requires completion of all the core courses. It is strongly recommended that the course be taken toward the end of the program.
- It is strongly recommended that when taking the upper-division core courses, students follow the sequence: CIS 3010, BUS 3050.
Option (Discipline Skills) Requirements for Business Prelegal (21 units)

This option enables students to prepare for legal careers by combining business and humanities courses. The objective of this option is to combine a general business education with option electives that suit individual requirements. Option electives may be chosen in the humanities and often include reading and writing skills that are important for postgraduate study of law.

Required Courses (6 units)

- FIN 3050 - Legal and Regulatory Environment of Business II (3)
- FIN 3250 - Essential Skills for Finance Professionals (3)

Electives (15 units)

Select 15 units with adviser approval.

Additional Required Courses

Students may require two additional courses to meet the 120 units required for graduation. These courses should be taken outside of the major and be selected to improve writing, communication, and presentation skills for the job market. Students with this major may also wish to consider applying these courses to courses required for a finance minor, increasing marketability and career alternatives.
Business Administration, B.S.: Option in Business, Special Interest

A total of 120 units is required for the Bachelor of Science degree in Business Administration with the General Business Option. This option provides programs designed to meet individual interests not covered by the other options. Permission to take this option must be secured from the dean of the college. The BSBA degree with this option requires completion of 45 units in BSBA core courses and 21 units in the option. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Core Requirements for the Bachelor of Science in Business Administration (45 units)

Lower Division Required Courses (15 units)
- ACCT 2100 - Principles of Financial Accounting (3)
- ACCT 2110 - Principles of Managerial Accounting (3)
- ECON 2010 - Principles of Economics I: Microeconomics (3)
- ECON 2020 - Principles of Economics II: Macroeconomics (3)
- FIN 2050 - Legal and Regulatory Environment of Business I (3)
- Note: ECON 2010 or Econ 2020 is double-counted in GE Block D

Upper Division Required Courses (30 units)
- BUS 3050 - Business Communications (3)
- BUS 4150 - Contemporary Issues in Global Business (3)

- It is strongly recommended that when taking the upper-division core courses, students follow the sequence: CIS 3010, BUS 3050, FIN 3030, ECON 3060, MKT 3100, MGMT 3060, MGMT 3070, MGMT 3080, BUS 4150, and BUS 4970.
- **ECON 3060** is double-counted in upper division GE Block B: Natural Science and Mathematics.
Discipline Skills Requirement

In addition, all students must complete a 3-unit skills course specified by their option.

Option (27 units, including a 3-unit skills course)

Option Requirements for Healthcare Administration (27 units)

Bachelor of Science in Business Administration (BSBA) with Option in Healthcare Administration prepares students for understanding organizational tools and processes required to perform general management tasks in healthcare contexts. It may also be an excellent preparation for continued business studies such as in a Master of Business Administration (MBA) or Master of Science in Healthcare Management (MS HCM) degree program.

This option builds on BSBA core administrative knowledge and managerial skills to give business management students a competitive edge for operating in the complex and changing healthcare environments. Healthcare administrators are management or clinical professionals who perform in supervisory and leadership roles in the healthcare organizational settings. As cost pressures and quality-assurance imperatives become increasingly important for viability of healthcare services, administrators with appropriate business knowledge and skills continue to be in demand.

Required Courses (18 units):

- MGMT 4300 - Leading and Managing in Healthcare Environments (3)
- MGMT 4315 - Comparative Healthcare Organizing (3) or PH 3140 - Health Care Delivery System (3)
- MGMT 4330 - Healthcare Regulations and Ethics (3)
- MGMT 4335 - Financial Management of Health Care Institutions (3)
- MGMT 4345 - Healthcare Operations Management (3) or MGMT 4506 - Service Management (3)
- MGMT 4108 - High Performance Management (3)

Electives (9 units)

Select 9 units from the following:

- ACCT 3100 - Accounting Information for Decision Making (3)
- BUS 3950 - Community Service in Business (1-3)
- CIS 4860 - Managing Information Systems Projects (3)
- CIS 4870 - Decision Support Systems (3)
- ECON 4720 - Labor Relations and Collective Bargaining (3)
- ENGL 3010 - Advanced College Writing (3)
- ENGL 3030 - Professional and Technical Writing (3)
- FIN 4340 - Cases in Financial Management (3)
- MGMT 4409 - Career Development (3)
- MGMT 4400 - Strategic Human Resource Management (3)
- MGMT 4505 - Project Management (3)
- MKT 3950 - Community Based Social Marketing (3)
- MKT 3310 - Nonprofit Marketing (3)
- MKT 4449 - Marketing Strategy (3)
- PH 3120 - Introduction to Epidemiology (3)
- PH 4150 - Critical Issues in Health Policy (3)
- PH 4220 - Vulnerable Populations (3)
- PH 4250 - Quality Assurance in Health Programs (3)
- PH 4320 - Introduction to International and Global Health (3)
- PHIL 3040 - Ethics I (3)
- PHIL 4850 - Philosophy of Science (3)
- PSY 4280 - Introduction to Analysis of Behavior (3)
- PSY 4450 - Community Psychology - Service Learning (3)
- POLS 4620 - Public Policy (3)
- SOC 4330 - Bioethics and Sociology (3)
- SW 3761 - Child Welfare (3)
- SW 3762 - Cross Cultural Practice with Older Adults (3)

Other electives may be selected from the following areas with advisor approval: COMM, HHS, KIN, LBS, NURS.
Business Administration, B.S.: Option in Human Resources Management

A total of 120 units is required for the Bachelor of Science degree in Business Administration with the Entrepreneurship, Healthcare Management, Human Resource Management, Management, and Operations and Supply Chain Management Options. The BSBA degree with any of these options requires completion of 45 units in BSBA core courses and 21 units in the option. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Core Requirements for the Bachelor of Science in Business Administration (45 Units)

Lower Division Required Courses (15 units)

- ACCT 2100 - Principles of Financial Accounting (3)
- ACCT 2110 - Principles of Managerial Accounting (3)
- ECON 2010 - Principles of Economics I: Microeconomics (3)
- ECON 2020 - Principles of Economics II: Macroeconomics (3)
- ECON 3060 - Statistics for Business Analysis and Decision Making (3)
- FIN 2050 - Legal and Regulatory Environment of Business I (3)

Note: ECON 2010 or ECON 2020 is double-counted in GE Block D.

Upper Division Required Courses (30 units)

- BUS 3050 - Business Communications (3)
- BUS 4150 - Contemporary Issues in Global Business (3)
- BUS 4970 - Strategic Management (3)
- CIS 3010 - Management Information Systems (3)
- ECON 3060 - Statistics for Business Analysis and Decision Making (3)
- FIN 3030 - Business Finance (3)
- MGMT 3060 - Operations Management (3)
- MGMT 3070 - Management and Organizational Behavior (3)
- MKT 3100 - Principles of Marketing (3)

Note 1: BUS 4970 is the capstone course and requires completion of all other core courses, both lower and upper division. It is strongly recommended that the course be taken toward the end of the program.
Note 2: It is strongly recommended that when taking the upper division core courses, students follow the sequence: CIS 3010, BUS 3050, FIN 3030, ECON 3060, MKT 3100, MGMT3060, MGMT 3070, MGMT 3080, BUS 4150, and BUS 4970.

Note 3: ECON 3060 is double-counted in upper division GE Block B: Natural Science and Mathematics

Note 4: MGMT 3080 is double-counted in GE Block C: Upper Division Requirement: Arts and Humanities.

Note 5: BUS 3050 is designated as a Writing Intensive (WI) course.

Option Requirements for Human Resources Management (21 units)

The option prepares students for careers in human resources management in both the public and private sectors. Career paths include generalist and specialist, positions in human resource planning, recruitment and selection, compensation and benefits, job analysis, training and development, employment and labor relations, and other essential human resource functions.

Required Courses (15 units)

- MGMT 4400 - Strategic Human Resource Management (3)
- MGMT 4402 - Employment Relations (3)
- MGMT 4403 - Compensation Management (3)
- MGMT 4405 - Talent Management (3)
- MGMT 4407 - International Human Resource Management (3)

Elective Courses

Select 6 units from the following

- MGMT 4401 - Training and Development (3)
- MGMT 4404 - Current Topics and Cases in Human Resource Management (3)
- MGMT 4406 - Staffing, Recruitment and Selection (3)
- MGMT 4408 - Managing Human Resource Information Systems (3)
- MGMT 4409 - Career Development (3)
- MGMT 4154 - Special Topics in Management (1-3)
- MGMT 4108 - High Performance Management (3)
- ECON 4720 - Labor Relations and Collective Bargaining (3)
Business Administration, B.S.: Option in International Business

The total number of units required for the Bachelor of Science degree in Business Administration is 120 units, of which 72 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

The International Business Option prepares students for the dynamic world of international and global business. Through a broad understanding of globalization, students will learn how to integrate cross-functional business knowledge to develop effective business strategies for the global marketplace.

The BSBA with the Option in International Business requires completion of the BSBA core (45 units) and the Option Requirement (27 units).

- MKT 4810 - Mobile Marketing Strategy and App Development (3)
- MKT 4820 - Social Media Marketing Strategy (3)
Business Administration, M.B.A.

This is a broad, management-oriented degree with two tracks: the Main Track and the Fully Employed MBA (FEMBA) Track. The Main Track provides an integrated sequence of required courses and additional elective courses in selected concentrations. Having a different integrated sequence of required courses, the FEMBA Track provides unspecified - and possibly interdisciplinary - elective courses that can be tailored to the specific professional needs of different groups of students.

MBA Main Track

This program track is designed for individuals of widely-varied backgrounds. Elective courses provide for concentration in one of the following areas: Accounting, Business Analytics, Entrepreneurship, Entertainment Business Management, Finance, Healthcare Management, Human Resource Management, Information Systems, International Business, Management, Marketing, Real Estate, and Supply Chain Management. Students may also obtain the MBA degree with a customized concentration with advisor approval.

Admission to the Program

To be admitted to the program, students must fulfill University requirements for admission to graduate study and College requirements for admission to the MBA program. Applicants must submit a separate graduate program application to the College of Business and Economics. Applicants are admitted based on a comprehensive review of their work experience, prior education, GMAT or GRE scores, and two letters of recommendation. Applicants who document 5 years of significant work experience in a managerial or professional role, or who have completed at least 9 units of graduate-level courses in business administration within the past 5 years with a grade point average of 3.0 or better may request a waiver of the GMAT or GRE requirement.

Foundations of Business (9 units)

All students must complete with a grade of "B" or better BUS 5000 Foundations of Business Administration (9 units) prior to taking core MBA courses. Students with a concentration in Information Systems must have a basic background in information systems.

Requirements for the Degree (36 units)

In addition to meeting the foundation requirements, a total of 36 units of 5000-level courses is required for the degree. The University also requires demonstration of writing proficiency by enrollment in and passing UNIV 4000 Writing Proficiency Examination (0) within the first two semesters of study, or successful petition to waive the writing examination within University policy.

Required courses (24 units)

- BUS 5021 - Accounting Information for Analysis and Control (3)
- BUS 5022 - Leadership and Organizational Behavior (3)
- BUS 5023 - Marketing Strategy for a Global Environment (3)
- BUS 5024 - Financial Management (3)
- BUS 5025 - Supply Chain and Operations Management (3)
- BUS 5026 - Global Business Environment (3)
- BUS 5027 - Business Information Systems (3)
- BUS 5028 - Capstone: Global Business Strategy (3)
Culminating Experience (3 units)

- BUS 5995A - Business Administration Project (3)  
  The course is to be taken at the end of the student's program.

Elective Courses (9 units)

Students should complete 9 units of 5000-level courses in the concentration. Students with a customized concentration may choose electives with advisor approval from any of the 5000-level courses offered by the departments of the College of Business and Economics or other departments of the University.

Electives for the concentration in Accounting

- ACCT 5200 - Management Accounting Theory (3)  
- ACCT 5210A - Taxation of Corporations and Partnerships (3)  
- ACCT 5210C - State and Local Taxation (3)  
- ACCT 5220 - Seminar: Current Topics in Financial Reporting (3)  
- ACCT 5240A - Accounting Information Systems (3)  
- ACCT 5240B - Auditing (3)  
- ACCT 5250 - International Accounting (3)  
- ACCT 5260 - Financial Accounting Theory (3)  
- ACCT 5270 - Governmental and Institutional Accounting (3)  
- ACCT 5280 - Advanced Financial Accounting (3)  
- ACCT 5340 - Professional Accounting Ethics (3)  
- ACCT 5350 - Forensic Accounting (3)  
- ACCT 5360 - Advanced Forensic Accounting (3)  
- ACCT 5440A - Advanced Accounting Information Systems (3)  
- ACCT 5440B - Advanced Auditing (3)  
- ACCT 5540 - Special Topics in Accounting (3)  
- ACCT 5710 - Accounting for Healthcare Managers (3)  
- ACCT 5720 - Seminar: Accounting for Small and Medium-Sized Entities (1)  
- ACCT 5730 - Specialized Industry Accounting (1)  
- ACCT 5750 - Leadership and Professional Skills for Accountants (3)  
- ACCT 5850 - Tax Theory and Business Applications (3)  
- ACCT 5860 - Tax Research and Practice (3)  
- ACCT 5870 - Taxation of Corporations and Shareholders (3)  
- ACCT 5880 - International Taxation (3)  
- ACCT 5900 - Taxation of Property Transactions (3)  
- ACCT 5910 - Taxation of Partnerships and LLCs (3)  
- ACCT 5920 - Taxation of Estate and Gifts (3)  
- ACCT 5930 - Tax Procedures (3)  
- ACCT 5995 - Case Studies and Research in Accounting (3)  
- ACCT 5990 - Graduate Research Study (1-3)  
- BUS 5930 - Research Methods in Business Administration (3)

Electives for the concentration in Entrepreneurship

- CIS 5610 - Design of an E-Commerce Site (3)  
- MGMT 5101 - Management and Organizational Behavior (3)  
- MGMT 5102 - Sustainability, CSR, and Business Ethics (3)  
- MGMT 5103 - Seminar: Strategic Planning (3)  
- MGMT 5105 - Seminar: Leadership (3)  
- MGMT 5154 - Special Topics in Management (1-3)  
- MGMT 5200 - Entrepreneurship (3)  
- MGMT 5201 - Cases in Entrepreneurship (3)  
- MGMT 5202 - New Venture Strategy and Competitive Dynamics (3)  
- MGMT 5203 - Social Entrepreneurship (3)  
- MGMT 5204 - New Venture Consulting (3)  
- MGMT 5400 - Seminar Human Resource Management (3)
Electives for the concentration in Entertainment Business Management

Students with a concentration in Entertainment Business Management should choose 9 units of electives offered by the College of Business and Economics, or the College of Arts and Letters, with advisor approval.

Electives for the concentration in Finance

- **BUS 5930 - Research Methods in Business Administration** (3)
- **FIN 5000 - Business Finance and Law** (3)
- **FIN 5310 - Seminar: Financial Institutions** (3)
- **FIN 5330 - Seminar: International Finance** (3)
- **FIN 5340 - Seminar: Portfolio Management** (3)
- **FIN 5350 - Seminar: Options, Futures, and other Derivatives** (3)
- **FIN 5439 - Real Estate Finance** (3)

Electives for the concentration in Healthcare Management

- **ACCT 5710 - Accounting for Healthcare Managers** (3)
- **BUS 5930 - Research Methods in Business Administration** (3)
- **CIS 5210 - Healthcare Data Analytics** (3)
- **CIS 5810 - Health Care Information Systems** (3)
- **ECON 5800 - Seminar: Health Economics** (3)
- **MGMT 5110 - Applied Research Methods in Management** (3)
- **MGMT 5154 - Special Topics in Management** (1-3)
- **MGMT 5200 - Entrepreneurship** (3)
- **MGMT 5300 - Managing Healthcare Organizations** (3)
- **MGMT 5305 - Managing the Managed Health Care Organization** (3)
- **MGMT 5310 - Decision Making in Healthcare Management** (3)
- **MGMT 5315 - Comparative Healthcare Systems** (3)
- **MGMT 5320 - Healthcare Leadership and Talent Management** (3)
- **MGMT 5330 - Healthcare Law, Compliance, and Ethics** (3)
- **MGMT 5340 - Management and Governance of Healthcare Information** (3)
- **MGMT 5345 - Cases in Healthcare Management** (3)
- **MGMT 5400 - Seminar Human Resource Management** (3)
- **MGMT 5940 - Advanced Field Study** (3)
- **MGMT 5970 - Management Case Research** (3)

Electives for the concentration in Human Resource Management

- **BUS 5030 - Business Leadership** (1)
- **BUS 5930 - Research Methods in Business Administration** (3)
- **BUS 5980 - Graduate Directed Studies** (1-3)
- **MGMT 5101 - Management and Organizational Behavior** (3)
- **MGMT 5102 - Sustainability, CSR, and Business Ethics** (3)

- **MGMT 5111 - Managerial Skills** (1-3)
- **MGMT 5154 - Special Topics in Management** (1-3)
- **MGMT 5400 - Seminar Human Resource Management** (3)
- **MGMT 5401 - Human Resource Analytics** (3)
MGMT 5501 - Project Management (3)
MGMT 5970 - Management Case Research (3)
POLS 5730 - Public Sector Human Resource Management (3)

Electives for the concentration in Information Systems

- BUS 5930 - Research Methods in Business Administration (3)
- CIS 5040 - Information Systems (3)
- CIS 5100 - IS/IT Architectures (3)
- CIS 5200 - Systems Analysis and Design (3)
- CIS 5210 - Healthcare Data Analytics (3)
- CIS 5250 - Visual Analytics (3)
- CIS 5270 - Business Intelligence (3)
- CIS 5280 - Current Problems in Computer Information Systems (3)
- CIS 5430 - Databases and Data Warehousing (3)
- CIS 5560 - Introduction to Big Data Science (3)
- CIS 5600 - Computer Networks (3)
- CIS 5610 - Design of an E-Commerce Site (3)
- CIS 5620 - Authoring Web Sites (3)
- CIS 5810 - Health Care Information Systems (3)
- CIS 5830 - Information Systems Consulting (3)
- CIS 5840 - Controlling and Auditing Computer Systems (3)
- CIS 5850 - Communication and Information Services (3)
- CIS 5900 - IS/IT Policy and Strategy (3)
- CIS 5980 - Graduate Directed Study (1)
- MGMT 5200 - Entrepreneurship (3)
- MKT 5610 - Seminar: Digital Marketing Strategy (3)
- MKT 5810 - Seminar: Social Media & Web Analytics (3)

Electives for the concentration in International Business

- ACCT 5250 - International Accounting (3)
- BUS 5930 - Research Methods in Business Administration (3)
- ECON 5610 - Seminar: International Economics (3)
- FIN 5330 - Seminar: International Finance (3)
- MGMT 5108 - Seminar: International Management (1-3)
- MGMT 5200 - Entrepreneurship (3)
- MKT 5500 - Seminar: International Marketing (3)
- MKT 5980 - Graduate Directed Study (3)

Electives for the concentration in Management

- BUS 5030 - Business Leadership (1)
- BUS 5930 - Research Methods in Business Administration (3)
- MGMT 5101 - Management and Organizational Behavior (3)
- MGMT 5102 - Sustainability, CSR, and Business Ethics (3)

- MKT 5940 - Community Based Social Marketing Management(3)
- MKT 5980 - Graduate Directed Study(3)

Electives for the concentration in Real Estate

- FIN 5338 - Real Estate Principles/Econ(3)
- FIN 5439 - Real Estate Finance(3)
- FIN 5339 - Real Estate Practice/Management(3)
- FIN 5493 - Real Estate Investment(3)
- FIN 5438 - Real Estate Valuation(3)
- FIN 5454 - Special Topics Real Estate(3)

Electives for the concentration in Supply Chain Management

- BUS 5022 - Leadership and Organizational Behavior(3)
- MGMT 5501 - Project Management(3)
- MGMT 5503 - Optimization and Simulation Models(3)
- MGMT 5504 - Procurement and Sourcing Management(3)
- MGMT 5505 - Supply Chain Network Design(3)
- MGMT 5506 - Case Studies in Operations and Supply Chain Management(3)

Electives for a customized concentration

Students should select 9 units of 5000-level courses with advisor approval.

Fully Employed MBA (FEMBA) Track

This program track is designed for groups of working business executives who as student cohorts will complete courses on a customized timetable and usually at special locations. The College will consider the particular needs of each group of students in selecting the specialized courses.

Admission to the Program

Applicants are admitted based on a comprehensive review of their work experience, an acceptable bachelor degree, GMAT or GRE scores, letters of recommendation, and an interview. The work requirement will generally be three to five years of significant experience. Applicants who document 5 years of significant work experience in a managerial or professional role may request a waiver of the GMAT or GRE requirements. In addition to meeting University requirements for admission to graduate study, applicants must submit a separate graduate program application to the College of Business and Economics.

Requirements for the Degree (36 units)
A total of 36 units is required for the degree. The University also requires demonstration of writing proficiency by enrollment in and passing UNIV 4000 Writing Proficiency Examination (0) within the first two semesters of study, or successful petition to waive the writing examination within University policy.

**Required Courses (24)**

- BUS 5001 - Cases in Business Administration Fundamentals  (6)
- BUS 5021 - Accounting Information for Analysis and Control (3)
- BUS 5023 - Marketing Strategy for a Global Environment  (3)
- BUS 5024 - Financial Management  (3)
- BUS 5028 - Capstone: Global Business Strategy (3)
- BUS 5030 - Business Leadership (1)
- MGMT 5102 - Sustainability, CSR, and Business Ethics  (3)

**Culminating Experience (3 units)**

- BUS 5995A - Business Administration Project  (3)
  
  The course is to be taken at the end of the student’s program.

**Elective Courses (9)**

Each student cohort in the Executives Track will complete a set of 5000 level courses chosen by the College of Business and Economics to match the needs of the particular group of students. A sample of elective courses may include the following:

- ACCT 5220 - Seminar: Current Topics in Financial Reporting  (3)
- ACCT 5240A - Accounting Information Systems  (3)
- BUS 5026 - Global Business Environment  (3)
- BUS 5027 - Business Information Systems  (3)
- CIS 5040 - Information Systems  (3)
- CIS 5860 - Information Systems Project and Change Management  (3)
- ECON 5210 - Seminar: International Macroeconomics and Currency Crises  (3)
- FIN 5330 - Seminar: International Finance  (3)
- FIN 5350 - Seminar: Options, Futures, and other Derivatives  (3)
- MGMT 5101 - Management and Organizational Behavior  (3)
- MGMT 5105 - Seminar: Leadership  (3)
- MGMT 5107 - Power and Politics in Organizations  (3)
- MGMT 5111 - Managerial Skills  (1-3)
- MGMT 5200 - Entrepreneurship  (3)
- MGMT 5400 - Seminar Human Resource Management  (3)
- MKT 5500 - Seminar: International Marketing  (3)
- MKT 5300 - Seminar: New Venture Marketing  (3)
- MKT 5940 - Community Based Social Marketing Management  (3)
Business Administration, M.S.

The Master of Science in Business Administration (M.S. B.A.) is a specialized degree program that enables study and research in one of the following concentrations: Finance, Human Resource Management, International Business, Leadership and Management, Marketing, New Venture Management, Real Estate, Supply Chain Management, or a customized option within business administration with advisor approval. The program is appropriate for students who will seek careers as specialized professionals, business analysts or consultants, or who intend to pursue further graduate study (D.B.A. or Ph.D.) in business administration. The program has two tracks: the Main track and the One-plus-one track. The One-plus-one track allows students who have completed one year of graduate business studies at another institution to complete the second year at Cal State LA and earn the M.S. Business Administration degree.

M.S. Business Administration Main Track

Admission to the Program

To be admitted to the program, students must fulfill university requirements for admission to graduate study and college admission requirements for the M.S. B.A. Program. Applicants are admitted based on a comprehensive review of their work experience, prior education, GMAT or GRE scores, and two letters of recommendation. Applicants who document 5 years of significant work experience in a managerial or professional role, or who have completed at least 9 units of graduate-level courses in business administration within the past 5 years with a grade point average of 3.0 or better may request a waiver of the GMAT or GRE requirement. In addition to the university application, applicants must submit a separate graduate program application to the College of Business and Economics.

Foundations of Business (9 units)

All students must complete with a grade of “B” or better BUS 5000 Foundations of Business Administration (9 units) prior to taking M.S. B.A. courses.

Requirements for the Degree (33 units)

In addition to meeting the foundation requirement, a total of 33 units of 5000-level courses is required for the degree. The university also requires demonstration of writing proficiency by passing the writing proficiency examination; students should enroll in UNIV 4000 (0 units) within the first two semesters of study, or successful petition to waive the writing examination within University policy.

Required Courses (15 units)

- MGMT 5102 - Sustainability, CSR, and Business Ethics (3)
- BUS 5023 - Marketing Strategy for a Global Environment (3)
- MGMT 5103 - Seminar: Strategic Planning (3)
- MGMT 5200 - Entrepreneurship (3)
- BUS 5930 - Research Methods in Business Administration (3)
Thesis (3 units)

- BUS 5990 - Thesis (3)

Concentrations (15 additional units)

Students should select a concentration and 15 units of courses with advisor approval. In addition to the courses listed below, students may take two 3-unit BUS 5980 Graduate Directed Studies with advisor approval.

New Venture Management Concentration (15 Units)

Select courses from the following with advisor approval:

- CIS 5610 - Design of an E-Commerce Site (3)
- MGMT 5101 - Management and Organizational Behavior (3)
- MGMT 5105 - Seminar: Leadership (3)
- MGMT 5154 - Special Topics in Management (1-3)
- MGMT 5201 - Cases in Entrepreneurship (3)
- MGMT 5202 - New Venture Strategy and Competitive Dynamics (3)
- MGMT 5203 - Social Entrepreneurship (3)
- MGMT 5204 - New Venture Consulting (3)
- MGMT 5400 - Seminar Human Resource Management (3)
- MGMT 5501 - Project Management (3)
- MGMT 5970 - Management Case Research (3)
- MGMT 5970A - Entrepreneurship Applied Research (3)
- MKT 5300 - Seminar: New Venture Marketing (3)
- MKT 5310 - Seminar: Business Consulting (3)
- MKT 5610 - Seminar: Digital Marketing Strategy (3)

Finance Concentration (15 units)

Select courses from the following with advisor approval:

- BUS 5021 - Accounting Information for Analysis and Control (3)
- BUS 5024 - Financial Management (3)
- FIN 5300 - Seminar: Business Finance (3)
- FIN 5310 - Seminar: Financial Institutions (3)
- FIN 5330 - Seminar: International Finance (3)
- FIN 5340 - Seminar: Portfolio Management (3)
- FIN 5350 - Seminar: Options, Futures, and other Derivatives (3)

Human Resource Management Concentration (15 Units)

Select courses from the following with advisor approval:

- BUS 5030 - Business Leadership (1)
- MGMT 5101 - Management and Organizational Behavior (3)
- MGMT 5105 - Seminar: Leadership (3)
- MGMT 5106 - Employee Motivation and Work Behavior (3)
- MGMT 5111 - Managerial Skills (1-3)
- MGMT 5154 - Special Topics in Management (1-3)
- MGMT 5400 - Seminar Human Resource Management (3)
- MGMT 5401 - Human Resource Analytics (3)
- MGMT 5501 - Project Management (3)
- MGMT 5970 - Management Case Research (3)
- POLS 5730 - Public Sector Human Resource Management (3)

International Business Concentration (15 units)

Select courses from the following with advisor approval:

- ACCT 5250 - International Accounting (3)
Leadership and Management Concentration (15 Units)

Select courses from the following with advisor approval:

- BUS 5030 - Business Leadership (1)
- MGMT 5101 - Management and Organizational Behavior (3)
- MGMT 5105 - Seminar: Leadership (3)
- MGMT 5106 - Employee Motivation and Work Behavior (3)
- MGMT 5107 - Power and Politics in Organizations (3)
- MGMT 5108 - Seminar: International Management (1-3)
- MGMT 5111 - Managerial Skills (1-3)
- MGMT 5154 - Special Topics in Management (1-3)
- MGMT 5200 - Entrepreneurship (3)
- MGMT 5400 - Seminar Human Resource Management (3)
- MGMT 5501 - Project Management (3)
- MGMT 5970 - Management Case Research (3)

Marketing Concentration (15 Units)

Select courses from the following with advisor approval:

- MKT 5300 - Seminar: New Venture Marketing (3)
- MKT 5310 - Seminar: Business Consulting (3)
- MKT 5320 - Seminar: Sustainability Marketing (3)
- MKT 5330 - Global Entertainment Marketing (3)
- MKT 5400 - Seminar: Consumer Behavior (3)
- MKT 5440 - Brand Strategy Seminar (3)
- MKT 5454 - Special Topics in Marketing (3)
- MKT 5460 - Seminar: Quantitative Marketing Research (3)
- MKT 5461 - Seminar: Qualitative Marketing Research (3)
- MKT 5500 - Seminar: International Marketing (3)
- MKT 5600 - Seminar: Retailing and Merchandising Strategy (3)
- MKT 5610 - Seminar: Digital Marketing Strategy (3)
- MKT 5700 - Seminar: Marketing Analytics (3)
- MKT 5800 - Seminar: Social Media & Marketing Integration (3)
- MKT 5810 - Seminar: Social Media & Web Analytics (3)
- MKT 5940 - Community Based Social Marketing Management (3)
- MKT 5980 - Graduate Directed Study (3)

Real Estate Concentration (15 Units)

Select courses from the following with advisor approval:

- FIN 5338 - Real Estate Principles/Econ (3)
- FIN 5439 - Real Estate Finance (3)
- FIN 5339 - Real Estate Practice/Management (3)
- FIN 5493 - Real Estate Investment (3)
- FIN 5438 - Real Estate Valuation (3)
- FIN 5454 - Special Topics Real Estate (3)

Supply Chain Management Concentration (15 Units)

Select courses from the following with advisor approval:
Customized Concentration (15 Units)

Select courses with advisor approval.

One-plus-one Track

This program track is designed for students who have already completed one year of graduate business coursework (at least 18 semester units) at another institution and who wish to finish a graduate business degree at Cal State LA.

Admission to the Program

Applicants are admitted based on their prior graduate academic work and two letters of recommendation from faculty and/or administrators at the institution in which the student completed the first year of graduate business study. Applicants are expected to have completed all foundations or pre-requisite courses and have a grade point average of at least 3.0 in all graduate business courses completed at the first institution. In addition to meeting University requirements for admission to graduate study, applicants must submit a separate graduate program application to the College of Business and Economics.

Requirements for the Degree (30 units)

One-plus-one track students will normally transfer up to 9 semester units of graduate coursework from the first institution to Cal State LA after being enrolled in the MS Business Administration program. A total of 30 units is required for the degree, of which no more than 9 units shall correspond to transfer courses. Transfer courses must meet all University and College requirements, and the College reserves the right to deny any transfer request that does not meet standards. The University also requires demonstration of writing proficiency by enrollment in and passing UNIV 4000 Writing Proficiency Examination (0) within the first two semesters of study, or successful petition to waive the writing examination within University policy.

Required Courses and Electives (18 to 27 units)

One-plus-one track students should meet with a graduate advisor to approve transfer courses and select, with advisor approval, 18 to 27 units of 5000-level coursework from among the BUS and Business and Economics functional department courses, including but not limited to the following courses:

- MGMT 5102 - Sustainability, CSR, and Business Ethics (3)
- BUS 5023 - Marketing Strategy for a Global Environment (3)
- MGMT 5103 - Seminar: Strategic Planning (3)
- MGMT 5200 - Entrepreneurship (3)
- BUS 5930 - Research Methods in Business Administration (3)

Thesis (3 units)

- BUS 5990 - Thesis (3)
Multiple Subject, CalStateTEACH (CST) is both a preservice program and an intern program. CalStateTEACH is an alternative path to a multiple subject preliminary teaching credential available to individuals residing in Los Angeles, Ventura, and Santa Barbara Counties. CalStateTEACH is designed specifically to serve teachers who are interns or who can volunteer to practice teach in an elementary school (grades K-6). It is also designed for those who want to become teachers but are unable to access campus programs due to personal circumstances or because they live beyond commuting distance to a university. The program has been constructed to integrate the theory and practice of teaching with the daily experiences of teachers in the classroom.

CalStateTEACH is a Web-enhanced program in which students work in small groups, guided and supported by faculty of CalStateTEACH Los Angeles as well as by on-site school personnel. This flexible form of instruction allows part-time, home-based study and uses a rich mix of print, Internet, CD ROM, and video. There are no regular university classes to attend, although there are five Saturday seminars over the course of the program. After successfully completing the program, participants will have earned a Multiple Subject Credential and 40-49 semester units of credit.

The CalStateTEACH program is offered in four terms. Fees include the cost of instruction and all books, course guides, videotapes, CDROM, and computer software. Federal and state financial aid in the form of grants and loans are available for qualified students. For more information, contact Dr. Ernest Black ernest.black4@calstatela.edu. The CalStateTEACH public website is www.calstateteach.net.
The Department of Chemistry and Biochemistry participates in the interdisciplinary Bachelor of Science degree program in Natural Science, which has been approved for the Single Subject credential in Science. The Chemistry Option in this program is described in the section of the catalog dealing with the Natural Science degree. In addition, holders of a Single Subject credential issued by the state of California may complete the supplementary authorization program described below.

Supplementary Authorization for Single Subject Teaching Credential (31–33 units)

Holders of a Single Subject teaching credential issued by the state of California may supplement that credential with an authorization in Chemistry for teaching chemistry at any grade level through grade 12 or in classes organized primarily for adults by completing the following program with a grade of C or higher in each course. At least one of the courses must include a laboratory component. For other requirements governing issuance of this authorization, consult the Charter College of Education.

Complete or demonstrate proficiency in each of the following courses (31–33 units)

- CHEM 1100 - General Chemistry I (5)
- CHEM 1110 - General Chemistry II (5)
- CHEM 3500 - Quantitative Analysis (4)
- CHEM 2200 - Organic Chemistry I (4)
- CHEM 3200 - Organic Chemistry II (4)

Select one from the following:

- CHEM 2201 - Organic Chemistry Laboratory I (1)
- CHEM 4300 - Introduction to Biochemistry (3)
Chemistry, B.S.

The Bachelor of Science degree in Chemistry is approved by the American Chemical Society. It is designed to fit the needs of those who either plan to complete their formal education with the bachelor's degree and obtain positions in scientific or industrial laboratories or do graduate study in chemistry.

The total number of units required for the Bachelor of Science degree in Chemistry is 120 units, of which 81 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (81 units)

Lower Division Core Courses (40 units)

- CHEM 1100 - General Chemistry I (5)
- CHEM 1110 - General Chemistry II (5)
- CHEM 2200 - Organic Chemistry I (4)
- CHEM 2201 - Organic Chemistry Laboratory I (1)
- CHEM 2211 - Organic Chemistry Laboratory II (1)
- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- MATH 2130 - Calculus III (3)
- MATH 2150 - Differential Equations (3)
- PHYS 2100 - General Physics I: Mechanics (5)
- PHYS 2200 - General Physics II: Electromagnetism and Circuits (5)

Upper Division Core Courses (37 units)

Complete 33 units from the following list and 4 units from the Advanced Analytical Chemistry course list.

- CHEM 3100 - Writing for Chemists (3)
- CHEM 3200 - Organic Chemistry II (4)
- CHEM 3500 - Quantitative Analysis (4)
- CHEM 3600 - Inorganic Chemistry (4)
- CHEM 4300 - Introduction to Biochemistry (3)
- CHEM 4410 - Physical Chemistry: Quantum Mechanics and Kinetics (4)
- CHEM 4420 - Physical Chemistry: Thermodynamics (3)
- CHEM 4430 - Physical Chemistry: Quantum Chemical Methods (1)
- CHEM 4431 - Physical Chemistry Laboratory (2)
• CHEM 4810 - Advanced Synthetic Methods (2)
• CHEM 4890 - Molecular Science Capstone (3)

Advanced Analytical Chemistry courses (4 units)
Select 2 courses from the following list. The third course may be used as an upper division elective.

• CHEM 4510 - Advanced Analytical Chemistry: Optical Spectroscopy (2)
• CHEM 4520 - Advanced Analytical Chemistry: Analytical Separations and Mass Spectrometry (2)
• CHEM 4530 - Advanced Analytical Chemistry: Electrochemistry and Surface Techniques (2)

Upper Division Elective Courses (4 units)
Select 4 units from the following list with adviser approval.

Notes:
1. * Advanced Analytical Chemistry courses (CHEM 4510, CHEM 4520, CHEM 4530) that have been taken to satisfy the upper division core can not be double-counted for elective.
2. ** Maximum of 1 unit of CHEM 4990 may be used to satisfy the upper division elective unit.

• CHEM 3810 - Honors Studies in Chemistry (2)
• CHEM 3820 - Special Topics in Chemistry (1-3)
• CHEM 3821 - Special Topics in Chemistry Laboratory (1)
• CHEM 4200 - Advanced Organic Chemistry I (3)
• CHEM 4210 - Polymer Chemistry (3)
• CHEM 4310 - Biochemistry I (3)
• CHEM 4311 - Biochemistry Laboratory I (2)
• CHEM 4320 - Biochemistry II (3)
• CHEM 4321 - Biochemistry Laboratory II (2)
• CHEM 4450 - Introduction to Atmospheric Chemistry (3)
• CHEM 4460 - Drug Delivery (3)
• CHEM 4510 - Advanced Analytical Chemistry: Optical Spectroscopy (2) *
• CHEM 4520 - Advanced Analytical Chemistry: Analytical Separations and Mass Spectrometry (2) *
• CHEM 4530 - Advanced Analytical Chemistry: Electrochemistry and Surface Techniques (2) *
• CHEM 4800 - Special Topics in Advanced Chemistry Lecture (1-3)
• CHEM 4801 - Special Topics in Advanced Chemistry Laboratory (1)
• CHEM 4830 - History of Chemistry (3)
• CHEM 4840 - Drug Discovery and Development (also listed as BIOL 4440) (3)
• CHEM 4850 - Bioinorganic and Bioorganic Chemistry (3)
• CHEM 4860 - Bioinformatics (also listed as BINF 4000) (3)
• CHEM 4980 - Cooperative Education (1)
• CHEM 4990 - Undergraduate Directed Study (1-3) (limited to 1 unit)
• CRIM 4150 - Forensic Chemistry (3)
• PHYS 4450 - Biophysics (3)
Chemistry, M.S.

Admission to the Program

Admission to the program requires a baccalaureate in chemistry or biochemistry from an accredited college or university or a baccalaureate in a related field with a strong background in chemistry. Applicants interested in the biochemistry option should have a preparation equivalent to that required for the Cal State L.A. baccalaureate in biochemistry, which includes, among other requirements, 10 semester units of introductory biology and 2 semester units of upper division biology or microbiology.

All applicants are required to have a 2.5 grade point average in their last 60 semester units attempted.

In addition to the application to the University’s graduate program through www.calstateapply.edu, prospective students are required to submit a separate application to the department through a form available at http://www.calstatela.edu/dept/chem/gradprograms.htm. As part of the departmental application, the candidate submits a recent resume, a personal statement, and arranges for three letters of recommendation to be written on his/her behalf.

Placement Examinations

All new graduate students must take placement examinations administered by the Department of Chemistry and Biochemistry prior to registration. The department offers five examinations: analytical, biochemistry, inorganic, organic, and physical chemistry. Entering students must take three examinations. The time and location of the examinations will be announced by the department.

Prior to taking the examinations, students must declare a specialization in one of the following: analytical, biochemistry, chemical education, inorganic, organic, or physical. Students entering the program must take the placement examination appropriate to their specialization and two other examinations of their choice. Students in chemical education must declare a content specialization from among analytical, biochemistry, inorganic, organic, and physical for their placement examination. Students must pass the examination in their specialization. The other two examinations will be used primarily for advisement purposes.

If students do not take or pass an examination, it is presumed that they are not proficient in that particular area of specialization, and they may be required to take the complete undergraduate sequence for that area as co-requisite or qualifying courses. Students who do not take or do not pass an examination may, upon approval by the principal graduate advisor, be allowed to retake the examination the next time it is given.

Requirements for the Degree (30-31 units)

A total of 30-31 units are required for the degree, depending on the specialization. Both the Thesis option and the Biochemistry option consist of basic, core specialization, elective, research (CHEM 5910, CHEM 5970) and thesis (CHEM 5990) course requirements. A minimum of 15 of the total units must be in 5000-level courses, including CHEM 5910, CHEM 5970 and CHEM 5990.

The comprehensive examination option in chemistry consists of required courses, including advanced laboratory (CHEM 5910) courses and elective courses, with a minimum of 15 units in 5000-level courses. Students must comply with college and departmental requirements.

Each student’s program is designed with the assistance of a faculty advisor and the student’s advisory committee.

Additional Requirements

Thesis Option and Biochemistry Option candidates must meet the following requirements:
Submit a thesis approved by the Department of Chemistry and Biochemistry as a part of the program.

Pass a final oral examination, primarily about the thesis, administered by the department.

Comprehensive examination option candidates must pass written comprehensive examinations on the subjects of the required courses.

Options

- Thesis Option
- Biochemistry Option
- Comprehensive Examination Option

Thesis Option (30-31 units)

Basic Requirements (5 units)

Courses required of all students (5 units):

- CHEM 5100 - Introduction to Research (3)
- CHEM 5110 - Graduate Seminar: Chemistry I (1)
- CHEM 5120 - Graduate Seminar: Chemistry II (1)

Core Requirements (9-10 units):

A total of 9-10 units of advisor-approved core coursework is required, depending on the specialization. Other 4000 or higher level courses can be used as core courses on approval of the faculty advisor and the Department’s principal graduate advisor.

Core courses (9-10 units)

Analytical and Physical Specialization (9-10 units)

- CHEM 4450 - Introduction to Atmospheric Chemistry (3)
- CHEM 4510 - Advanced Analytical Chemistry: Optical Spectroscopy (2)
- CHEM 4520 - Advanced Analytical Chemistry: Analytical Separations and Mass Spectrometry (2)
- CHEM 4530 - Advanced Analytical Chemistry: Electrochemistry and Surface Techniques (2)
- CHEM 4460 - Drug Delivery (3)
- CHEM 5400 - Quantum Chemistry (3)
- CHEM 5410 - Nuclear Magnetic Resonance Spectroscopy (3)

Biochemistry Specialization (9-10 units)

- CHEM 4860 - Bioinformatics (also listed as BINF 4000) (3)
- CHEM 5320 - Protein Structure (3)
- CHEM 5330 - Transcriptional Control of Gene Expression (3)
- CHEM 5340 - Signal Transduction (3)

Inorganic and Organic Specialization (9-10 units)

- CHEM 4200 - Advanced Organic Chemistry I (3)
- CHEM 4210 - Polymer Chemistry (3)
- CHEM 4850 - Bioinorganic and Bioorganic Chemistry (3)
- CHEM 4840 - Drug Discovery and Development (also listed as BIOL 4440) (3)
- CHEM 5200 - Synthetic Organic Chemistry: Analysis, Design, and Methodology (3)
- CHEM 5210 - Organic Structure Determination (3)
- CHEM 5600 - Advanced Inorganic Chemistry (3)

Chemical Education Specialization
Students specializing in chemical education must choose one of the specializations listed above and select core courses from this list.

**Electives Requirements (6 units)**

Three elective units must be from courses not in the list of core courses for the student’s specialization. Three additional units may be taken from either within or outside the area of specialization. Elective courses in the chemical education specialization may include courses that focus on topics pertinent to chemical or science education, including courses offered by the Charter College of Education, selected in consultation with the Department of Chemistry and Biochemistry principal graduate advisor.

**Research and Thesis Requirements (10 units)**

Combined units of CHEM 5910, 5970 and 5990 may not exceed 10.

- CHEM 5910 - Advanced Laboratory (1)
- CHEM 5970 - Graduate Research (1-3)
- CHEM 5990 - Thesis (1-3)

**Biochemistry Option (30 units)**

Students in this option must declare upon entrance into the graduate program that they wish to pursue the Biochemistry option. They will adhere to all of the requirements for the biochemistry specialization within the Thesis option.

**Comprehensive Examination Option (30 units)**

**Basic Requirements (5 units)**

Courses required of all students:

- CHEM 5100 - Introduction to Research (3)
- CHEM 5110 - Graduate Seminar: Chemistry I (1)
- CHEM 5120 - Graduate Seminar: Chemistry II (1)

**Core Requirements (9 units minimum)**

A total of 9 units of faculty advisor-approved core specialization courses are required. Please see the Thesis option section above for details on types of specializations, and lists of approved courses.

**Elective Requirements (9 units)**

Six elective units must be from courses not in the list of core courses for the student’s specialization. Three additional units may be taken from either within or outside the area of specialization. Elective courses in the chemical education specialization may include courses that focus on topics pertinent to chemical or science education, including courses offered by the Charter College of Education, selected in consultation with the Department of Chemistry and Biochemistry principle graduate advisor.

**Research Requirement (7 units)**

Combined units of CHEM 5910 and 5970 may not exceed 7.

- CHEM 5910 - Advanced Laboratory (1)
- CHEM 5970 - Graduate Research (1-3)

**Comprehensive Examination (0 units)**

Students who select the comprehensive examination (CHEM 5960) should expect to take it the semester they complete all course work on their program and must comply with college and departmental requirements.

- CHEM 5960 - Comprehensive Examination (0)
Chicana(o) and Latina(o) Studies, B.A.

The Department of Chicana(o) & Latina(o) Studies (CLS) is an interdisciplinary field of study that takes a critical approach to understand social (in)justice, power relations, community, and global dynamics. Students are trained intensively to hone critical thinking, writing, analysis, and speaking skills—all of which our students utilize in their future careers and/or graduate school endeavors. Our mission is to train students to engage in inquiry, analysis, and action in regards to the lives, history, politics, education, art, and culture of Chicana/o/x, Latina/o/x, Afro-Latina/o/x and Indigenous people living in the U.S. To do so, CLS offers a solid foundation of expertise in the following focus areas:

1. Educación y Salud,
2. Migrations & Transborder Studies,
3. Jotería & Muxerista/Feminista Studies, and

Students with a degree in Chicana(o) & Latina(o) Studies pursue careers in a variety of industries including, but not limited to public health, politics, education, nonprofit work, journalism, law, business, and the arts.

The program includes a Bachelor of Arts degree in Chicana(o) and Latina(o) Studies, a minor in Chicana(o) and Latina(o) Studies, and a Masters of Arts degree in Chicana(o) and Latina(o) Studies. The department also offers minors in Central American Studies and Mesoamerican Studies.

The total number of units for the Bachelor of Arts Degree in Chicana(o) and Latina(o) Studies is 120 to 136 units. The Core Courses total 39 units.

The Bachelor of Arts degree is available in three options:

Option 1, the General Program, requires 12 units, is intended for students interested in interdisciplinary study of Chicana/o/x and Latina/o/x experiences.

Option 2, Elementary Subject Matter (ESM) Waiver, requires 68 units, is for students interested in pursuing a K-8 teaching credential after their bachelor’s and would allow them to waive the CSET: Multiple Subjects exam through an approved set of completed accredited academic coursework.

Option 3, the Integrated Teacher Education Program (ESM, Degree and Credential Completion Option [Multiple Subject] , requires 97 units, is intended for those students who want to earn their K-8 teaching credentials while earning their bachelor’s.

Requirements for Major (51 - 136 units)

Requirements for Core (39 units)

Lower-Division Core Courses (15 units)
CLSL 1500 - Ethnic Studies, Resistance & Solidarity (3)
CLSL 2010 - Mexican Literature Sin Fronteras (3)
CLSL 2200 - Chicanas & Latinas in Contemporary US Society (also listed as WGSS 2200) (3)
ES 1010 - Introduction to Higher Education and Ethnic Studies (3)
Select one of the following:
CLSL 1600 - Cultural and Artistic Expressions in the Americas (3)
CLSL 2050 - Chicanx/Latinx in Film and Media (3)
CLSL 2060 - Chicanx/Latinx, Social Media & Digital Communities (3)

Upper-Division Core Courses (24 units)

- CLSL 3120 - Chicanx/Latinx Parent, Community, & School Partnerships (3)
- CLSL 3130 - Diversity, Intersectionality, Major Racial/Ethnic Groups in U.S., Schooling, and Equality of Educational Opportunity and Social Justice (also listed as EDFN 3130) (3)
- CLSL 3220 - Race, Gender, and Hybridity in the Americas (3)
- CLSL 3500 - Introduction to Principles of Research in Chicano Studies (3)
- CLSL 3770 - Environmental Justice (also listed as PH 3770) (3)
- CLSL 4020 - Literatures of Resistance: Chicanx & Latinx Voices (3)
- CLSL 4200 - History of the Chicano People in California (3)
- CLSL 4300 - Research on Chicana/o Community Problems (3)

Requirement for Options (12-97 units)

Option I: General Option (12 units)

Upper-Division Required Courses (12 units)

Select 4 courses from the focus areas: 1. at least one course from each list; and 2. at least two 4000-level courses.

Focus Area 1: Educación y Salud

- CLSL 3100 - Introduction to Critical Education: Theory & Praxis (3)
- CLSL 3720 - American Indian Families (also listed as CHDV 3720) (3)
- CLSL 3750 - Health Disparities in Urban Communities (also listed as CHDV 3750, PH 3750) (3)
- CLSL 4170 - Critical Analysis of Inequality and Educational Policy (3)
- CLSL 4180 - Public Health Issues in Latina/o Communities (3)

Focus Area 2: Migration & Transborder Studies

- CLSL 3320 - Global Migrants in Transnational Networks and Economies (3)
- CLSL 4080 - The Central American Experience in the US (also listed as LAS 4080) (3)
- CLSL 4100 - Latina/o Communities in U.S. Society (3)
- CLSL 4110 - Chicanas/os, Latinas/os and Immigration Policy (3)
- CLSL 4240 - Exploring Afro-Latino/a Identities (3)
- CLSL 4270 - Modern Mexico and the Chicano People (also listed as HIST 4670) (3)
- CLSL 4280 - Migration, Identity, and Religion (also listed as LAS 4280, RELS 4230) (3)
- CLSL 4450 - Indigenous Experiences in Contemporary Mexico and Latin America (3)
- CLSL 4490 - Anthropology of Race and Racism (also listed as AAAS 4491, ANTH 4490, LAS 4490) (3)

Focus Area 3: Jotería & Muxerista/Feminista Studies

- CLSL 3300 - Race, Class, & Gender (3)
- CLSL 3400 - Chicanx/Latinx/Indigenous Refusal, Resistance, & Praxis (3)
- CLSL 4250 - Chicanas & Latinas: Social Movements in the Americas (3)
- CLSL 4290 - Chicana Feminisms: History, Theory, Praxis (also listed as WGSS 4290) (3)
- CLSL 4400 - Jotería Expressions in Las Americas (3)

Focus Area 4: Social & Cultural Movimientos
Option II: Elementary Subject Matter (ESM) Waiver (65-66 units)

A grade of C or higher is required in all courses used to meet the major requirements for the Elementary Subject Matter (ESM) Waiver Option.

Lower-Division Requirements (51-52 units)

Select one:
- BIOL 1010 - General Biology (3)
- BIOL 1030 - Life Science (4)

Select one:
- ENGL 1005B - College Writing II (3)
- ENGL 1010 - Accelerated College Writing (3)

Select one:
- COMM 1200 - Argumentation (3)
- ENGL 1050 - Argumentative Writing and Critical Thinking (3)

Complete all of the following courses:
- CHDV 1400 - Development Across the Lifespan (Conception to Adolescence) (3)
- COMM 1100 - Oral Communication (3)
- EDCI 2020 - Visual and Performing Arts in the Inclusive Elementary Classroom (3)
- ENGL 2700 - Why Literature Matters (3)
- HIST 1010 - World History to 1500 CE (3)
- HIST 1020 - World History Since 1500 CE (3)
- HIST 2010 - Early American History (3)
- HIST 2080 - California (3)
- MATH 1100 - Foundations of the Real Number System for Elementary and Middle School Teachers (3)
- MATH 1150 - Elements of Algebra and Statistics for Elementary and Middle School Teachers (3)
- MATH 2250 - Explorations in Geometry for Elementary and Middle School Teachers (3)
- NATS 1010 - Physical Science (3)
- NATS 1020 - Earth and Space Science (3)
- POLS 1000 - Power, Politics and Engagement in US Government (3)

Upper-Division Required Courses (14 units)

- EDCI 4000 - Transformative Teaching in Diverse Urban Classrooms (3)
- EDCI 4010 - English Language Development (3)
- EDFN 4400 - Educational Foundations: Schooling in a Diverse Society (3)
- EDSP 4000 - Foundations of Special Education (3)
- KIN 4200 - Development of Physical Activity (2)

Option III: Integrated Multiple Subject Credential (96-97 units)

A grade of C or higher is required in all courses used to meet the major requirements for this option.

Lower-Division Required Courses (51-52 units)

Select one:
- BIOL 1010 - General Biology (3)
- BIOL 1030 - Life Science (4)
The Campaign for Cal State LA

SELECT ONE:

- ENGL 1005B - College Writing II (3)
- ENGL 1010 - Accelerated College Writing (3)

SELECT ONE:

- COMM 1200 - Argumentation (3)
- ENGL 1050 - Argumentative Writing and Critical Thinking (3)

COMPLETE ALL OF THE FOLLOWING COURSES:

- CHDV 1400 - Development Across the Lifespan (Conception to Adolescence) (3)
- COMM 1100 - Oral Communication (3)
- EDCI 2020 - Visual and Performing Arts in the Inclusive Elementary Classroom (3)
- ENGL 2700 - Why Literature Matters (3)
- HIST 1010 - World History to 1500 CE (3)
- HIST 1020 - World History Since 1500 CE (3)
- HIST 2010 - Early American History (3)
- HIST 2080 - California (3)
- MATH 1100 - Foundations of the Real Number System for Elementary and Middle School Teachers (3)
- MATH 1150 - Elements of Algebra and Statistics for Elementary and Middle School Teachers (3)
- MATH 2250 - Explorations in Geometry for Elementary and Middle School Teachers (3)
- NATS 1010 - Physical Science (3)
- NATS 1020 - Earth and Space Science (3)
- POLS 1000 - Power, Politics and Engagement in US Government (3)

UPPER-DIVISION REQUIRED COURSES (45 UNITS)

- EDCI 4000 - Transformative Teaching in Diverse Urban Classrooms (3)
- EDCI 4010 - English Language Development (3)
- EDEL 4020 - Introduction to Instructional Design, Assessment and Classroom Management Methods (3)
- EDEL 4150 - Curriculum and Teaching of Reading and Language Arts (3)
- EDEL 4160 - Curriculum and Teaching of Writing/Language Arts (3)
- EDEL 4170 - Curriculum and Teaching of Elementary Mathematics (3)
- EDEL 4180 - Curriculum and Teaching of Elementary School Science (3)
- EDEL 4190 - Curriculum and Transformative Teaching of Social Science (3)
- EDEL 4880 - Directed Teaching: Multiple Subject (7)
- EDEL 4881 - Reflection, Synthesis and Assessment of Directed Teaching (3)
- EDFN 4131 - Psychological Foundations of Education (3)
- EDFN 4400 - Educational Foundations: Schooling in a Diverse Society (3)
- EDSP 4000 - Foundations of Special Education (3)
- KIN 4200 - Development of Physical Activity (2)
Chicana(o) and Latina(o) Studies, M.A.

The Master of Arts degree in Chicana(o) and Latina(o) Studies is designed for graduate students who wish to pursue advanced study toward the Ph.D. degree; teach in community colleges, secondary, or elementary schools; or work as professionals in private agencies or government service.

Admission to the Program

Requirements for admission are

- a baccalaureate in Chicana/o and Latina/o Studies or a related field, with at least 12 upper-division units in Chicana/o and/or Latina/o Studies or related field, and
- a grade point average of 2.75 or above in the last 60 semester units of coursework at an accredited institution.
- Students who lack the 12 upper-division unit requirements for admission can be considered for conditional admission, and if accepted would be required to take CLS 3400 and one CLS 4000-level course that does not count towards their masters; both courses must be completed with a B (3.0) average or better during the first year of the program.

Applicants are required to submit a University Admissions Application through Cal State Apply and calculate their last 60-semester unit GPA. Cal State Apply will require

- an application,
- statement of purpose,
- three recommendation letters (at least two academic references and an additional letter may include employment/volunteer supervisors), and
- transcripts (from accredited degree granting institution) by the Department deadline stipulated on the Graduate Studies Office website. Official transcripts must also be sent to Student Affairs 101 before the set deadline.

Requirements for the Degree (30 units)

A total of 30 units are required, with at least 15 units in 5000-level courses.

Core Courses (18 units)

Complete one of the 4000-level courses and all of the 5000-level courses below:

- CLS 4290 - Chicana Feminisms: History, Theory, Praxis (also listed as WGSS 4290) (3)
- CLS 4400 - Joteria Expressions in Las Americas (3)
- CLS 5010 - Chicana/o Studies and Contemporary Theory (3)
- CLS 5030 - Seminar: Research Methods in Chicano Studies (3)
- CLS 5050 - Interdisciplinary Seminar in Chicana/o and Latina/o Studies (3)
- CLS 5100 - Higher Education Teaching Seminar: The Educational Pipeline (3)
- CLS 5110 - Seminar: Praxis in Chicana/o/x & Latina/o/x Communities (3)

Directed Electives (9-12 units)

Complete remaining course work to satisfy the degree requirement from the following list.

CLS 5990 students select 9 units;
CLS 5960 students must complete 12 units of electives.

Any course that has been taken to satisfy the core unit can not be double-counted to satisfy the elective units.

- **CLS 4000 - Indigenous Peoples of Mexico & Central America: Land, History, Culture (3)**
- **CLS 4010 - Chicanas/o, Latinas/os and La Cultura of Public Spaces (3)**
- **CLS 4020 - Chicanas/os, Latinas/os and La Cultura of Public Spaces (3)**
- **CLS 4030 - Chicanas/os, Latinas/os and La Cultura of Public Spaces (3)**
- **CLS 4080 - The Central American Experience in the US (also listed as LAS 4080) (3)**
- **CLS 4100 - Latina/o Communities in U.S. Society (3)**
- **CLS 4110 - Chicanas/os, Latinas/os and Immigration Policy (3)**
- **CLS 4170 - Critical Analysis of Inequality and Educational Policy (3)**
- **CLS 4180 - Public Health Issues in Latina/o Communities (3)**
- **CLS 4200 - History of the Chicano People in California (3)**
- **CLS 4240 - Exploring Afro-Latino/a Identities (3)**
- **CLS 4250 - Chicanas & Latinas: Social Movements in the Americas (3)**
- **CLS 4255 - Latinas/os and Social Justice Movements (3)**
- **CLS 4260 - The Chicano Movement (also listed as HIST 4600) (3)**
- **CLS 4270 - Modern Mexico and the Chicano People (also listed as HIST 4670) (3)**
- **CLS 4280 - Migration, Identity, and Religion (also listed as LAS 4280, RELS 4230) (3)**
- **CLS 4290 - Chicana Feminisms: History, Theory, Praxis (also listed as WGSS 4290) (3)**
- **CLS 4300 - Research on Chicanas/o Community Problems (3)**
- **CLS 4400 - Joteria Expressions in Las Americas (3)**
- **CLS 4450 - Indigenous Experiences in Contemporary Mexico and Latin America (3)**
- **CLS 4660 - Colonial Mexico (also listed as HIST 4660) (3)**
- **CLS 4900 - Special Topics (1-3)**
- **CLS 5980 - Graduate Directed Study (1-3)**

**Comprehensive Examination or Thesis (0 or 3 units)**

A comprehensive examination or a thesis is required for the master's degree. Students should expect to take the comprehensive examination (CLS 5960) the semester they complete all course work on their program and must comply with college and departmental requirements. Students elect to complete a thesis (CLS 5990) must complete a total of 3 units.

- **CLS 5960 - Comprehensive Examination (0)**
- **CLS 5990 - Thesis (1-3) (requires 3 units)**

**ADMINISTRATIVE**
Overview

The Bachelor of Arts Degree in Child Development provides students with the opportunity to explore the relationship between theory, research, and practice. The curriculum reflects an interdisciplinary approach to the study of children and families, and the social contexts that influence development. A variety of opportunities for practicum experiences in school settings, community and recreational agencies, hospitals, and parent and family life education programs are available. These experiences provide students with direct contact with consumers and the organizations and professionals who work with children and families within the region. Opportunities for original research are available as well. The BA degree in Child Development also provides an excellent pathway to graduate programs in a number of fields.

The Program includes a choice of two degree options:

**Option I, General Option** - prepares students to work as administrators in preschools, daycare centers or youth agencies or to gain entry into careers with children and families in early education, health, pediatric or community-based settings. Graduates of the program are prepared for employment as early childhood educators/administrators, parent educators, Certified Family Life Educators, Child Life Specialists, Developmental Disabilities, Early Childhood Education and Administration, Youth Agency Administration, or case managers.

**Option II, a California Commission on Teacher Credentialing (CCTC) approved Elementary Subject Matter Teacher Preparation Program,** prepares prospective teachers for grades K-8. Students in this option take required coursework that waives the three subtests of the California Subject Examinations for Teachers: Multiple Subjects (CSET: MS). A grade of C or higher is required in all major courses and all Elementary Subject Matter courses. Students who select Option II must complete General Education requirements, the Child Development core, option specific required courses, and Elementary Subject Matter (ESM) courses. Because Elementary Subject Matter courses overlap with both the major and General Education requirements, the total number of units required for the degree is 109. Option II is not recommended for transfer students because many of the Elementary Subject Matter courses that overlap with General Education courses are not available at community colleges. New transfer students would have to complete these lower-division courses in addition to the required upper-division courses while at Cal State LA, thus delaying their graduation.

Advisement

All students who intend to major in Child Development should meet with an advisor before the end of the second semester in residence to discuss program options and select a degree program. Students must receive a grade of "C" or better in all courses in the major program. Information about the major and Department policies and procedures is available in the Child and Family Studies Department office and on the Department’s website.

Students who wish to pursue a California Multiple Subject Teaching or Special Education Internship Credential should consult with advisors in the Office for Student Services in the Charter College of Education, usually in their junior year. Information regarding credential programs may be found in the Charter College of Education section in the Academic Programs: College-Based and University-Wide chapter for the regulations governing all Teacher Credential Programs.

Requirements for the Major (75-109 units)

**Child Development Core Courses (45 units)**

- CHDV 1400 - Development Across the Lifespan (Conception to Adolescence) (3)
CHDV 2000 - Techniques for the Study of Children (3)
CHDV 2250 - Ethnic Identity and Awareness in Children and Families (3)
CHDV 3000 - Child Development Research Methods and Critical Analysis (3)
CHDV 3210 - Urban Families and Resilience (3)
CHDV 3430 - Child and Adolescent Cognition (3)
CHDV 3500 - Social and Emotional Development (3)
CHDV 4120 - Issues in Child Abuse, Interpersonal Violence (3)
CHDV 4300 - Parent-Child Development Over the Family Life Cycle (3)
CHDV 4920 - Language Development (also listed as COMD 4560) (3)
CHDV 4960 - Senior Seminar (3)
COMM 1100 - Oral Communication (3)

And select a course from each set below, total 9 units:
- CHDV 2100 - Infant Development (3) or
- CHDV 3400 - Middle Childhood and Adolescence (3)

- ENGL 1005B - College Writing II (3) or
- ENGL 1010 - Accelerated College Writing (3)

- ENGL 1050 - Argumentative Writing and Critical Thinking (3) or
- COMM 1200 - Argumentation (3)

Options Requirements (30-64 units)

Students are strongly encouraged to meet with an advisor and may choose to follow a specified career pathway.

I. General Option (30-32 units)

Required Courses (9 units)

- CHDV 1200 - Intimate Relationships in Our Diverse Society (also listed as SOC 1200) (3)
- CHDV 3410 - Development in Adulthood and Aging (3)
- CHDV 4440 - Family Life Education Methods and Professional Ethics (3)

Advanced Topics Electives (21-23 units)

Select seven courses from the list provided below. Other courses that are relevant to child development and family studies may be selected with approval from the department chair.

- CHDV 2100 - Infant Development (3)
- CHDV 2200 - The Young Child (3)
- CHDV 2300 - Program Design in Early Childhood (3)
- CHDV 2310 - Administration of Preschool and Day Care Programs (3)
- CHDV 2500 - Child, Family, and Community (3)
- CHDV 3400 - Middle Childhood and Adolescence (3)
- CHDV 3420 - Development of Sexuality across the Lifespan (3)
- CHDV 3440 - Family Resource and Case Management (3)
- CHDV 3470 - Culture and Wellness across the Lifespan (3)
- CHDV 3480 - Fatherhood and the Child Development Cycle (3)
- CHDV 3720 - American Indian Families (also listed as CLS 3720) (3)
- CHDV 3730 - Asian Americans, Families, and Community (also listed as AAAS 3730) (3)
- CHDV 3750 - Health Disparities in Urban Communities (also listed as CLS 3750, PH 3750) (3)
- CHDV 3780 - Graduate School and Professional Development Training (3)
- CHDV 4240 - Effects of Family Transitions on Children (3)
- CHDV 4260 - The Hospitalized Child (3)
- CHDV 4270 - Disability Across the Lifespan (3)
- CHDV 4290 - Family Interactions and Communication (3)
- CHDV 4300 - Family Stress and Resilience: Cultural Considerations (3)
- CHDV 4460 - Therapeutic Play and Play Therapy (3)
- CHDV 4540L - Special Topics in Child Development (1-3)
II. Elementary Subject Matter Teacher Preparation Option (64 units)

Required Courses (6 units)

- CHDV 2200 - The Young Child (3)
- CHDV 4930 - Second Language Acquisition in Childhood (3)

Reading, Language & Literature (6 units)

- ENGL 2700 - Why Literature Matters (3)

And select one course from the following:

- EDCI 4010 - English Language Development (3)
- EDSP 4010 - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (3)
- ENGL 4101 - Introduction to English Linguistics (3)

History and Social Science (15 units)

- CLS 4200 - History of the Chicano People in California (3)
- HIST 1010 - World History to 1500 CE (3)
- HIST 1020 - World History Since 1500 CE (3)
- HIST 2010 - Early American History (3)

And select one course from the following:

- CLS 1300 - The Constitution, Law, & Chicano/Latinx Communities (3)
- POLS 1000 - Power, Politics and Engagement in US Government (3)

Mathematics (9 units)

- MATH 1100 - Foundations of the Real Number System for Elementary and Middle School Teachers (3)
- MATH 1150 - Elements of Algebra and Statistics for Elementary and Middle School Teachers (3)
- MATH 2250 - Explorations in Geometry for Elementary and Middle School Teachers (3)

Science (10 units)

- BIOL 1030 - Life Science (4)
- NATS 1010 - Physical Science (3)
- NATS 1020 - Earth and Space Science (3)

Visual & Performing Arts (10 units)
- **DANC 4000 - Creative Dance in the Elementary Classroom** (2)
- **LBS 2340 - Multicultural Arts - L. A.** (3)
- **MUS 4000 - Elementary Classroom Music** (2)
- **TA 4000 - Creative Drama for the Elementary Classroom** (3)

### Physical Education (2 units)
- **KIN 4200 - Development of Physical Activity** (2)

### Human Development (6 units)
- **EDSP 4000 - Foundations of Special Education** (3)
- **HHS 1010 - Introduction of Higher Education in Health and Human Services: Living an Examined Life** (3)
Child Development, M.A.

The Masters of Arts in Child Development is designed for students interested in research, theory and practice related to the study of individuals and families across diverse populations and settings. Students may coordinate degree requirements for the Elementary Subject Matter Credential, Special Education Credentials, or the Early Childhood Special Education Credential Program.

The Department of Child and Family Studies at California State University, Los Angeles offers an MA in Child Development that provides students with a rigorous and individualized course of study. All students take courses that examine various domains in infant and child development, research, risk, resiliency, and family life. Students select elective courses to complement professional interests and goals. The Masters of Arts Degree in Child Development strengthens professional competence and prepares individuals for leadership positions in child and family educational, pediatric (i.e., Child Life) and community settings, as well as for careers in higher education.

Admission to the Program

In addition to the University requirements for admission to graduate study, applicants must satisfy specific departmental requirements before admission to the program. These include:

- Baccalaureate in child development or a closely related academic field from a fully accredited college or university.
- Minimum grade point average of 2.85 in the last 60 semester units.
- Two letters of recommendation and a written statement of intent.
- Completion of the department application form, including a writing sample.

Students without a baccalaureate in child development or a closely related field must complete an 18-unit prerequisite program before being admitted to the child development master’s degree program. The MA Advisor will consult with students to identify prerequisites. Further information is available in the Child and Family Studies office.

Admission to the Master’s program in Child Development is a two tiered process. Students must apply to both the University and the Department of Child and Family Studies. The department only admits students once a year during the fall semester. Students interested in being considered for the graduate program must submit departmental applications by the department’s established deadline. Departmental applications are available through the department office.

Requirements for the Degree (30 units)

A total of 30 units is required, with at least 20 units in 5000-level courses.

**Required Core (21 units)**

Completion of the GWAR (Graduation Writing Assessment Requirement) is a prerequisite or co-requisite to enrolling in CHDV 5000 and 5060.

- CHDV 5000 - Advanced Developmental Science (3)
- CHDV 5060 - Seminar in Social Development and Resiliency (3)
- CHDV 5080 - Research Methods (3)
- CHDV 5081 - Analytical Methods (3)
Electives (6-9 units)

Students must select electives in consultation with a graduate adviser to give meaningful support to their professional goals. The development of an individualized and interdisciplinary program is essential. Students also seeking an Elementary Subject Matter Credential or an Early Childhood Special Education Credential should select electives in consultation with a credential adviser in the Charter College of Education and a child development graduate adviser. CHDV 5980 Graduate Directed Study may be included as an elective.

Comprehensive Examination or Thesis or Project (0, 3 units)

A comprehensive examination or a thesis or project is required for the master’s degree. Students should expect to take the comprehensive examination (CHDV 5960) the semester they complete all course work on their program or thereafter and must comply with College and departmental requirements. A thesis or project, in lieu of the comprehensive examination, may be undertaken upon approval by a child development faculty committee.

- CHDV 5960 - Comprehensive Examination (0)
- or
- CHDV 5990 - Thesis (1-5) (3)
Chinese, B.A.

The Chinese program includes a major for the Bachelor of Arts degree and a minor. It emphasizes functional communicative skills in Chinese and offers a broad and in-depth study of Chinese language, linguistics, literature, and culture.

Acquiring functional skills in listening, speaking, reading, and writing provides students with direct access to the Chinese people and society. They will also better understand and be able to interact with the people in mainland China, Taiwan, and Chinese communities in other countries. The study of Chinese language, linguistics, literature, and culture also broadens intellectual horizons, fosters appreciation for linguistic and cultural diversity, and helps prepare students to take their places as global citizens of the twenty-first century.

The total number of units required for the Bachelor of Arts degree in Chinese is 120 units, of which 39 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (39 units)

Students complete 3 units of lower-division required coursework, a common core of 21 upper-division required units, and a minimum of 15 units of upper-division elective units. Prior to beginning the Bachelor of Arts Program in Chinese, students must complete the second year of college level Chinese or demonstrate equivalent language competency.

Lower-Division Required Courses (3 unit)

- ML 1010 - Introduction to Higher Education for MLL Majors (3)

Upper-Division Required Courses (21 units)

- CHIN 3001 - Advanced Chinese I (3)
- CHIN 3100 - Chinese Civilization (3)
- CHIN 3150 - Language In Chinese Society (3)
- CHIN 4010 - Introduction To Wenyan: Classical Chinese Language (3)
- CHIN 4080 - Chinese Literature 1 (3)
- CHIN 4100 - Chinese Literature 2 (3)
- ML 4000 - Senior Thesis in Modern Languages and Literatures (3)

Upper-Division Elective Courses (15 units)

Select 5 courses from the following:

- CHIN 3050 - Introduction To Chinese Linguistics (3)
- CHIN 3220 - Newspaper Chinese (3)
- CHIN 3250 - Teaching Chinese as a Second Language (3)
- CHIN 3800 - Business Chinese (3)
- CHIN 4030 - Contrastive Analysis Of Chinese And English Structures (3)
- CHIN 4260 - Chinese Film (3)
Civil Engineering, B.S.

The civil engineering program provides instruction in the basic sciences and in engineering analysis and design. Areas of interest within civil engineering include environmental engineering, geotechnical engineering, earthquake engineering, highway and transportation engineering, hydraulics and hydrology, ocean engineering, and structural analysis and design.

The program leading to the Bachelor of Science degree in Civil Engineering is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org. All accredited programs are required to provide the following minimum level of instruction: one year of mathematics and basic sciences; one and one-half years of engineering science and design (engineering topics); and one-half year of humanities and social sciences.

The total number of units required for the Bachelor of Science degree in Civil Engineering is 122 units, of which 101 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

General Education Requirements (48 units)

Lower Division General Education Requirements (39 units)

American Institutions Courses (6 units):

- U.S. History (3);
- U.S. Constitution State/Local Government (3)

Block A - English Language Communication and Critical Thinking Courses (9 units):

- A1 Oral Communication (3)
- A2 Written Communication (3) - Must take ENGL 1010 (3)
- A3 Critical Thinking and Composition (3)

Critical Thinking - Met by CE 1950 (2), CE 2800 (1), CE 3800 (2), ENGR 3010 (3), CE 3060 (2), CE 4960 (2), and CE 4970 (2)

2nd Composition - Met by ENGL 2030 (3)

Block B - Natural Science and Math/Quantitative Reasoning Courses (9 units):

- B1 Physical Science (3) Met by PHYS 2100 (5) or CHEM 1040 (4)
- B3 Biological / Interdisciplinary Science (3) Met by CE 2840 (1) and CE 3840 (2)
- B4 Quantitative Reasoning and Mathematical Concepts (3) Met by MATH 2110 (4)

Block C - Arts and Humanities Courses (6 units):

- C1 Arts (3)
- C2 Humanities (3) - Met by ENGR 3010 (3)

Block D - Social Science Courses (6 units):
Social Science I (3) - Met by CE 3000 (3)
Social Science II (3)

Block E - Lifelong Understanding and Self-Development Courses (3 units):
- Met by ENGR 1500 (3), also satisfied LD (cl) and IHE

Upper Division General Education Requirements (9 units)

UD Block B - Natural Science and Quantitative Reasoning Course (3 units):
- Met by CE 3740 (3)

UD Block C - Arts & Humanities Courses (3 units):
- Met by CE 3060 (2) satisfied (wi), CE 4960 (2) satisfied (wi) and UD (cl), and CE 4970 (2)

UD Block D - Social Science Courses (3 units):
- Met by CE 3060 (2), CE 4960 (2) and CE 4970 (2)

Requirements for the Major (101 units)

Lower Division Courses (49 units)

Lower Division Core Courses (46 units)
- CE 1950 - Introduction to Civil Engineering Design (2)
- CE 2010 - Statics (also listed as ME 2010) (3)
- CE 2020 - Plane Surveying (2)
- CE 2050 - Strength of Materials I (also listed as ME 2050) (3)
- CE 2120 - Matrix Algebra and Statistics for Engineers (3)
- CE 2800 - Numerical Methods for Engineers I (also listed as ME 2800) (1)
- CE 2840 - Environmental Engineering I (1)
- CHEM 1040 - General Chemistry for Engineers (4)
- ENGL 2030 - Introduction to Technical Writing (3)
- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- MATH 2130 - Calculus III (3)
- MATH 2150 - Differential Equations (3)
- PHYS 2100 - General Physics I, Mechanics (5)
- PHYS 2200 - General Physics II: Electromagnetism and Circuits (5)

Natural Science Special Requirement (3 units)

Select one course.
- BIOL 1010 - General Biology (3)
- GEOL 1500 - Earth Revealed (3)
- GEOL 1550 - Oceanography (3)
- GEOL 1580 - Natural Disasters (3)
- MICR 1010 - Introduction to Microbiology (3)

Upper Division Core Courses (42 units)

- CE 3000 - Economics for Engineers (also listed as EE 3000, ME 3000) (3)
- CE 3030 - Fluid Mechanics I (also listed as ME 3030) (3)
- CE 3060 - Communication for Civil Engineers (2)
- CE 3120 - Strength of Materials Laboratory I (also listed as ME 3120) (1)
- CE 3140 - Hydraulics Laboratory I (1)
- CE 3200 - Dynamics for Civil Engineers (2)
- CE 3600 - Structural Mechanics I (3)
Upper Division Electives (10 units)

Complete 10 units, with at least one course (3 units) from Design Electives and one course from Laboratory Electives.

**Design Electives (3-9 units)**

- CE 4570 - Construction Cost Estimation & Financial Management (3)
- CE 4610 - Design of Steel Structures (3)
- CE 4620 - Reinforced Concrete Design I (3)
- CE 4630 - Timber and Masonry Design (3)
- CE 4650 - Seismic Design (3)
- CE 4670 - Geotechnical Engineering Design I (3)
- CE 4710 - Highway Engineering (3)
- CE 4720 - Highway and Airport Pavement Design (3)
- CE 4840 - Environmental Engineering Design (3)

**Lecture Electives (0-6 units)**

- CE 3650 - Fundamentals of Construction Management (3)
- CE 4020 - Strength of Materials II (3)
- CE 4540 - Special Topics in Civil Engineering (1-3)
- CE 4560 - Construction Project Planning, Scheduling, and Control (3)
- CE 4600 - Structural Mechanics II (3)
- CE 4740 - Traffic Engineering (3)
- CE 4750 - Advanced Geomatics (3)
- CE 4790 - Groundwater Contamination and Remediation (3)
- CE 4800 - Environmental Modeling (3)
- CE 4830 - Hydrology I (3)
- CE 4870 - Hydraulics I (3)

**Laboratory Electives (1-3 units)**

- CE 3720 - Asphalitic Materials Laboratory (1)
- CE 3810 - Computer Aided Design Laboratory (1)
- CE 3820 - Computer Aided Structural Analysis, Design and Experimentation Laboratory (1)
- CE 4140 - Hydraulics Laboratory II (1)
- CE 4540L - Special Topics in Civil Engineering (1)
- CE 4730 - Pavement Design Laboratory (1)
- CE 4990 - Undergraduate Directed Study (1-3)
Civil Engineering, Integrated B.S. / M.S.

The Integrated BS/MS program in Civil Engineering provides an accelerated route for academically excellent upper-division students in the BS degree program to complete the MS degree program while simultaneously completing the BS requirements. The main objectives of the program are:

- To provide an accelerated route to a graduate degree, with simultaneous awarding of both bachelor’s and master’s degrees.

Program Features

- Simplified application process
- BS and MS coursework can be taken concurrently
- 6 common 400 level elective units between BS and MS programs
- Access to graduate student facilities
- TA appointments (if available)
- The scheduling flexibility provided by the program enables students to complete the BS and MS degrees efficiently.

Admission to the Integrated BS/MS Program

The eligibility requirements for admission to the Integrated BS/MS program are:

- Students must have completed a minimum of 90 semester units of coursework.
- Students must have a minimum GPA of 3.0 in the last 60 semester units.
- Students must have completed the CE foundation required courses: CE 3030/ME 3030, CE 3120/ME 3120, CE 3140/CE 3200/CE 3600, CE 3610, CE 3660, CE 3680, CE 3700, CE 3840, and CE 3860 in the BS with a minimum GPA of 3.0.
- Students must have completed the Graduation Writing Assessment Requirement (GWAR).
- Students are selected by a faculty committee based on prior academic performance and other measures of professional promise.

Applications for the Civil Engineering Integrated BS/MS program are only accepted in the fall semester. Applications must be submitted two months in advance of the desired starting semester.

To apply, please submit:

1. Application in MS Word doc format.
2. Two letters of recommendation in MS Word doc format (at least one of which should be from a Civil Engineering faculty member).

After review by a faculty committee and if the application is accepted, a Graduate Degree Study Plan will be prepared and approved. The formal degree plan will specify the six units of common electives to be listed on the BS and the MS program.

Degree Requirements

1. Successful completion of all requirements for the BS (129 units) and the MS (30 units) degrees with all overlap of 6 units in electives.
2. A minimum 2.0 GPA for courses counting towards the bachelor’s degree and a minimum 3.0 GPA required for courses counting towards the
master’s degree.

3. The degrees awarded when requirements for both the bachelor’s and the master’s degrees are met by the student and recorded by the Registrar’s
Office. Both degrees are awarded in the same semester.

4. Students who select the Thesis Option must be enrolled during the term that they submit their approved graduate thesis/project to the Library.

5. The student applies to graduate in the integrated program (BS and MS) by submitting two graduation applications. These
applications should be submitted at least two semesters prior to graduation.

6. If a student fails to complete the requirements for the master’s degree, the student may petition to withdraw from the Integrated
Program, and the bachelor’s degree will be granted when all the requirements for that degree are met.
Civil Engineering, M.S.

Program Description
The Master of Science degree in Civil Engineering at Cal State L.A. prepares students for careers in industry and for further study toward a doctoral degree in civil engineering. A core set of classes is required in applied math, civil engineering seminar, practice, and advanced theory. Students choose practice and advanced theory courses from two of the following areas: Construction Management, Environmental, Geotechnical, Structural, Transportation, and Water Resources.

Admission into the Program
Applicants must possess a bachelor’s degree in civil engineering or a closely related field with a GPA of 2.75 or better. A promising applicant with a GPA between 2.5 and 2.74 may be admitted as a special action student. Special action students must complete four upper-division qualifying courses on a department-approved degree study plan with a minimum 3.0 GPA.

Students with a non-civil engineering bachelor’s degree, a civil engineering degree from a non-ABET accredited program, or special action students, may be admitted conditionally. Conditional students will be required to complete prerequisite courses determined by the department after review of the student's background, course preparation, and academic interests. Students admitted without condition may enroll in graduate-level courses with department consent.

Requirements for the Degree
A minimum of 31 units is required for the degree, with at least 16 units from 5000-level civil engineering courses.

Requirements for the Degree (31 units)
A minimum of 31 units is required for the degree, with at least 16 units from 5000-level civil engineering courses.

Core Courses (16 units)
The core consists of six courses (16 units) chosen from four areas: Applied Math, Seminar, Practice, and Advanced Theory.

I. Applied Mathematics (3 units)
Choose one (1) course from the following list:
- GEOG 4820 - Multivariate Statistics in Geospatial Sciences (3)
- MATH 4030 - Partial Differential Equations (3)
- ME 4090 - Mechanical Engineering Analysis (3)
II. Civil Engineering Seminar (1 unit)

- CE 5500 - Civil Engineering Graduate Seminar (1)

III. Practice Courses (6 units)

Choose any two (2) courses from six civil engineering areas: Construction Management, Environmental, Geotechnical, Structural, Transportation, and Water Resources.

- CE 5570 - BIM and Advanced Technologies in Construction (3)
- CE 5610 - Advanced Steel Design (3) or CE 5620 - Reinforced Concrete Design II (3)
- CE 5700 - Geotechnical Earthquake Engineering (3)
- CE 5750 - Urban Transportation Planning (3)
- CE 5790 - Environmental Mass Transfer (3)
- CE 5860 - Open Channel Hydraulics (3)

IV. Advanced Theory (6 units)

Choose any two (2) courses from six civil engineering areas: Construction Management, Environmental, Geotechnical, Structural, Transportation, and Water Resources.

- CE 5560 - Construction Legal Aspects and Risk Management (3)
- CE 5650 - Dynamics of Structures (3)
- CE 5660 - Geotechnical Engineering II (3)
- CE 5740 - Traffic Flow Analysis (3)
- CE 5830 - Hydrology II (3)
- CE 5850 - Environmental Transport (3)

Electives in Civil Engineering (12 - 15 units)

Students selecting the Thesis option (CE 5990) need to select 12 units from the following list.
Students selecting the Comprehensive Exam option (CE 5960) need to select 15 units from the list.
Courses taken to fulfill the program core cannot be double-counted to satisfy the elective unit requirement.
Students may select up to 6 units of 4000 and/or 5000-level courses outside of Civil Engineering with adviser approval.

- CE 4140 - Hydraulics Laboratory II (1)
- CE 4540 - Special Topics in Civil Engineering (1-3)
- CE 4540L - Special Topics in Civil Engineering (1)
- CE 4560 - Construction Project Planning, Scheduling, and Control (3)
- CE 4570 - Construction Cost Estimation & Financial Management (3)
- CE 4600 - Structural Mechanics II (3)
- CE 4610 - Design of Steel Structures (3)
- CE 4620 - Reinforced Concrete Design I (3)
- CE 4630 - Timber and Masonry Design (3)
- CE 4650 - Seismic Design (3)
- CE 4670 - Geotechnical Engineering Design I (3)
- CE 4710 - Highway Engineering (3)
- CE 4720 - Highway and Airport Pavement Design (3)
- CE 4740 - Traffic Engineering (3)
- CE 4790 - Groundwater Contamination and Remediation (3)
- CE 4800 - Environmental Modeling (3)
- CE 4830 - Hydrology I (3)
- CE 4840 - Environmental Engineering Design (3)
- CE 4870 - Hydraulics I (3)
- CE 5450 - Advanced Topics in Civil Engineering (1-3)
- CE 5560 - Construction Legal Aspects and Risk Management (3)
- CE 5570 - BIM and Advanced Technologies in Construction (3)
- CE 5600 - Structural Mechanics III (3)
- CE 5610 - Advanced Steel Design (3)

Clear Induction Administrative Services Credential

The program is designed for new administrators to meet the performance standards of the California Clear Induction Administrative Services Credential. The credential licenses holders to perform all administrative and supervisory services in grades prekindergarten-12 and adult education in California public or private schools.

The Clear Induction Administrative Services Credential is valid for a period of five years, and is renewable by submitting the normal application and fee to the California Commission on Teacher Credentialing (CCTC).

Admission to the Program

- A Master's degree
- A valid Preliminary (Tier 1) Administrative Services Credential
- A valid basic credential used to obtain the Preliminary (Tier 1) Administrative Services Credential
- Two (2) positive recommendation letters, including one from the student’s mentor
- Verification of employment as an administrator
- Passing score on UNIV 4000, The Writing Proficiency Examination (WPE) or acceptable alternative by petition.
- Passing score on California Basic Educational Skills Test (CBEST)

Minimum Credential Requirements (24 units)

The following requirements are subject to change without notice. Students should consult the division for current requirements. Minimal requirements for issuance of the Clear Administrative Services Credential include:

- A Master’s degree
- Successful completion of all required courses
- A valid Preliminary (Tier I) Administrative Services Credential
- A valid basic credential used to obtain the Preliminary (Tier I) Administrative Services Credential
- Two (2) positive recommendation letters, including one from the student’s mentor
- Two (2) years of successful full-time experience as an administrator with Preliminary (Tier I) Administrative Services Credential
- Passing score on UNIV 4000, The Writing Proficiency Examination (WPE) or acceptable alternative by petition.
- Passing score on California Basic Educational Skills Test (CBEST)

Required Courses (24 units)

- EDAD 5700 - Coaching for the Administrative Services Clear Induction Program (3) (repeated to 12 units)
- EDAD 5900 - Professional Learning (1) (repeated to 4 units)
- EDAD 5990 - Assessment for the Administrative Services Clear Induction Credential Program (2) (repeated to 8 units)
Communication Studies, M.A.

The Master of Arts degree program in Communication Studies is housed in the Department of Communication Studies. The Communication MA is designed to enable students to acquire an understanding of research methods and theories that explore the nature and functions of human symbolic communication in the areas of communication and rhetorical theory, interpersonal and organizational communication, strategic and mass communication, public discourse, intercultural communication, cultural studies, health communication.

The program requires that students select and develop an area of specialization by choosing elective courses, with advisor approval, from either Option. This enables students to pursue intellectual inquiries that interest them while gaining a broader understanding of the communication process.

Admission Requirements to the Program

In addition to meeting university requirements for admission to graduate study, applicants must submit the following items online as part of the department application package:

- A completed departmental application,
- Official transcripts of all previous college work, students must have a 3.00 grade point average,
- A copy of the TOEFL score if applicable,
- A writing sample,
- A statement of purpose, and
- A minimum of two letters of recommendation by persons qualified to assess the applicant's academic work.

Only complete application files with all required supporting materials will be reviewed by the department and assessed for admission. See website for admission deadlines.

Conditionally Classified Admission

Students whose undergraduate major was not Speech or Communication may be admitted to the degree program in conditionally classified standing. Prior to beginning graduate work, conditionally classified students must achieve a minimum B grade in every course of a conditional study plan of up to 20 units of undergraduate work in Communication and related fields as approved by the graduate advisor for their program. The graduate advisor will assist students in designing a classified study plan suited to their individual interests and goals.

Requirements for the Degree (30 Units)

A total of 30 units is required.

**Core Courses (15 units)**

- COMS 5020 - Seminar in Quantitative Communication Research Methods (3)
- COMS 5030 - Seminar in Qualitative Communication Research Methods (3)
- COMS 5500 - Theories of Communication: Social Sciences (3)
- COMS 5800 - Theories of Communication: Humanities (3)
- COMS 5910 - Instructional Communication (3)
Seminars (12 units)

With advisor approval, select 12 units from the following list:

- COMS 5210 - Health Communication and Community Engagement (3)
- COMS 5300 - Seminar: Organizational Communication (3)
- COMS 5310 - Strategic Communication (3)
- COMS 5400 - Seminar: Interpersonal Communication (3)
- COMS 5540 - Selected Topics in Communication Studies (3)
- COMS 5600 - Seminar: Language and Communication Behavior (3)
- COMS 5620 - Seminar: Theories of Mass Media (3)
- COMS 5670 - Seminar: Theories, Methods and Practices in Performance Studies (3)
- COMS 5720 - Seminar: International Public Discourse (3)
- COMS 5730 - Seminar: American Public Address (3)
- COMS 5760 - Seminar: Argumentation, Discussion, and Debate (3)
- COMS 5810 - Visual Rhetoric (3)
- COMS 5820 - Rhetoric, Citizenship, and Social Change (3)
- COMS 5890 - Intercultural Communication (3)

Elective (0 or 3 units)

Students taking COMS 5960 must complete 3 units of elective from the list below to satisfy the degree requirement.

- COMS 5980 - Graduate Directed Study (1-3) (complete 3 units)
- One 3-unit COMM 4000-level course
- One 3-unit COMS course
- One 3-unit course in a related field with advisor approval

Culminating Experience (0 or 3 units)

COMS 5960  Students should expect to take the comprehensive examination within two semesters of completing all course work and must comply with college and departmental requirements. The comprehensive examination is regularly scheduled for the end of fall and spring semesters. Students will complete examinations in communication theory, rhetorical theory, and an area of specialization selected in consultation with the graduate advisor. Students will be allowed a maximum of two attempts to complete the comprehensive examinations successfully. Failure to pass the comprehensive examinations, or any portion thereof, will result in disqualification from the program.

COMS 5990  may be substituted for the comprehensive examination, with prior approval.

- COMS 5960 - Comprehensive Examination (0)
  or
- COMS 5990 - Thesis (1-3) (complete 3 units)
Communication, B.A.

Overview

The B.A. in Communication provides opportunities for students to explore knowledge of human communication in order to develop their intellectual, moral, and behavioral excellence. The program aims at achieving student learning outcomes relevant to work, life and engaged citizenship in the contemporary globalizing world. Students pursuing this program are expected to experience significant and lasting transformations in their lives in terms of their understanding of the world, their communication skills, and their abilities to integrate and innovate ideas.

This bachelor's degree enhances students' analytical, critical, and creative thinking skills in dealing with a broad spectrum of communication contexts. It provides a foundation for careers in business, law, government service, health, the ministry, teaching, public relations, advertising, mass media, and other professions in which an understanding of and facility with the process of communication are essential.

The program requires a common set of core courses that provide a theoretical understanding of the nature, functions, and significance of human communication as an interdisciplinary field of knowledge from social scientific and humanistic perspectives.

Options

The major is available in four options which provide students opportunities to specialize in theory, research, and practice of human communication in specific hubs and contexts. Each option covers a cluster of the subfields of the discipline represented in the major U.S. and international associations of communication scholarship. The subfields of the discipline include, but are not limited to: Advertising, Argumentation & Forensics, Business Communication, Campaign Communication, Communication Ethics, Communication and Leadership, Communication Theory, Instructional Communication, Group Communication, Interpersonal Communication, Intercultural Communication, Language and Social Interaction, Nonverbal Communication, Public Discourse, Public Relations, Rhetorical Theory and Criticism, and Strategic Communication.

A. The Health Communication Option - specifically designed for students with a general interest in working in healthcare environments, promoting healthy lifestyle practices and promotion, and working to improve the dissemination of health information which influences personal health choices, health literacy, and the overall health of society. The study of health communication prepares students for careers in population health, health education and wellness programs, communication skill management, health technology, such as telemedicine and eHealth tools, social marketing, and government and non-profit organizations focused on health policy and support for patients and family caregivers. Career pathways include health education in nonprofit or government agencies, pharmaceutical sales, healthcare research, social work and wellness, organizational health communication (including HR, corporate wellness programs), working with older adults, and patient navigation services to support healthcare professionals.

B. The Mass Communication Option enables students to learn about the practical application, structure, processes, aesthetics, responsibilities and effects of mass media. The objectives of this option are to provide students with appropriate training for careers in mass media and communication, to help students be analytical consumers of the media, and to refine their visual and writing skills. Career paths include, for example: advertising, public relations, new media, in-house consumer products marketing, non-profit marketing, and integrated communications.

C. The Organizational Communication Option - specifically designed for students who wish to pursue careers in, or conduct research about, communication as it takes place in corporate, non-profit, governmental, educational, healthcare and other business-related contexts. The courses in this option emphasize how the forces of globalization, changes in technology, and innovations in the way organizations are structured all contribute to a dynamic and changing environment within which human communication is a primary and fundamental process. Career paths include management, consulting, corporate communications, special events coordinator, sports/entertainment agent, account executive, development and fundraising, media and entertainment specialists.

D. The Social Justice Communication Option explores how individuals, groups, and cultures navigate who are, and how we are with one another. Communication is the process by which we seek and build relationships, learn about society, and explore ways to change our world. Through critical analysis of contemporary and historical examples of discourse and research, courses in this area will actively engage in public discourse, and will work to develop strategies for implementing social change through communication. This option will explore how
social identities like race, social class, gender, sexuality, and nationality, both shape, and are shaped by, our connections with others. Through understanding differences and working towards inclusion, we will hone communication skills and learn strategies to improve communication across lines of difference for increased social justice. Career paths in this area include: non-profit, organizational, and educational consulting; corporate training; community service; social activism; law; lobbying; higher education administration; human resources; politics; public policy, urban development and management.

Degree Requirements

The total number of units required for the B.A. degree in Communication is 120 units of which 45 units are in the major, with 3 units of COMM 1200 double-counting for general education; 48 are in general education, and 30 are free electives.

Students can take anything they wish with their free elective units including pursuing a minor, a certificate or enjoy personal explorations. The required units for the major are listed in the following table:

Requirements for the Major (45 units)

I. Core Requirement (24 units)

Lower Division Core Courses (9 units)

- COMM 1200 - Argumentation (3)
- COMM 1800 - Introduction to Human Communication (3)
- COMM 2890 - Introduction to Intercultural Communication (3)

Upper Division Foundation Core Courses (15 units)

- COMM 3000 - Applied Writing in Communication (3)
- COMM 3100 - Theories of Communication: Social Sciences (3)
- COMM 3200 - Theories of Communication: Humanities (3)
- COMM 3300 - Methods of Communication: Social Sciences (3)
- COMM 3400 - Methods of Communication: Humanities (3)

II. Electives (12 units)

Complete 3 units of one Lower-Division Course:

- COMM 2100 - Communication Strategies in Conflict Management (3)
- COMM 2200 - Argumentation and Reasoned Advocacy (3)
- COMM 2300 - Interpersonal Communication (3)
- COMM 2400 - Problem Solving through Group Discussion (3)
- COMM 2600 - Forensics (3)
- COMM 2700 - Introduction to Oral Interpretation (3)
- COMM 2900 - Mediated Communication (3)

Complete 9 units of Upper-Division Courses:
III. Option Requirement (9 units)

Select one of the following four options:

A. Health Communication Option (9 units)

- COMM 4500 - Health Communication (3)
- COMM 4520 - Narrative Health Communication (3)

and select one course below:

- COMM 4590 - Capstone: Health Communication Option (3)
- COMM 4980 - Capstone in Communication (3)

B. Organizational Communication Option (9 units)

- COMM 4100 - Classical Approaches to Organizational Communication (3)
COMM 4110 - Critical Approaches to Organizational Communication (3)

and select one course below:
- COMM 4190 - Capstone: Organizational Communication Option (3)
- COMM 4980 - Capstone in Communication (3)

C. Mass Communication Option (9 units)

- COMM 4300 - Mass Communication Theory (3)

Select one course below:
- COMM 4310 - Principles and Practices of Public Relations (3)
- COMM 4320 - Advertising as a Communication Processes (3)

Select one course below:
- COMM 4390 - Capstone: Mass Communication Option (3)
- COMM 4980 - Capstone in Communication (3)

D. Social Justice Communication Option (9 units)

- COMM 4400 - Foundations: Social Justice Communication (3)
- COMM 4460 - Communication and Social Movements (3)

and select one course below:
- COMM 4490 - Capstone: Social Justice Communication (3)
- COMM 4980 - Capstone in Communication (3)
Communicative Disorders, B.A.

The Bachelor of Arts degree in Communicative Disorders (or its equivalent) prepares students who desire to obtain a graduate degree in Communicative Disorders with an option in either audiology or speech-language pathology. [In the state of California (and in most other states) the master’s degree is the entry-level degree for the Speech Language Pathology option, and a professional doctorate in Audiology (Au.D.) is the entry level degree for the Audiology option.]

Students who wish to major in special education, deaf education, medicine or a variety of other disciplines in graduate school may also find communication disorders an excellent background for their ultimate goals.

Those students who have started the major at another campus should consult with a department adviser as soon as possible. Students who have bachelor's degrees in other disciplines should apply to the Speech-Language Master’s Preparatory Certificate Program.

The total number of units required for the Bachelor of Arts degree in Communication Disorders is 120, of which 60 units are in the major.

Admission Criteria
Learning Outcomes
Road Map

Requirements for the Major (60 units)

A total of 120 units is required for the Bachelor of Arts degree in Communicative Disorders, including a minimum of 60 units for the major. See Undergraduate Studies: General Information for details about General Education and other requirements that constitute the units outside the major.

Lower Division Core (6 units)

*Courses count towards General Education requirements.

- COMD 1700 - Introduction to Communication Disorders (3)
- MATH 1090 - Quantitative Reasoning with Statistics, with Lab (also listed as ECON 1090) (4) *

Upper Division Core (39 units)

- COMD 4000 - Hearing Science (3)
- COMD 4020 - Audiology and Audiometry (3)
- COMD 4200 - Rehabilitative Audiology (3)
- COMD 4510 - Psychosocial Considerations in Communication Disorders (3)
- COMD 4520 - Professional Issues and Writing in Communication Disorders (3)
- COMD 4560 - Language Development (also listed as CHDV 4920) (3)
- COMD 4600 - Introduction to Language Science (3)
- COMD 4610 - Descriptive Phonetics (3)
- COMD 4620 - Anatomy and Physiology of the Speech Mechanism (3)
**COMD 4630 - Neuroscience of Communication** (3)
**COMD 4710 - Primary and Secondary Language Disorders in Children and Adolescents** (3)
**COMD 4720 - Fluency and Speech Sound Disorders** (3)
**COMD 4750 - Cultural/Linguistic Diversity in Communication Disorders** (3)

**Electives (15 units)**

*Courses Count towards General Education requirements.*

**Prerequisites for the MA in Communicative Disorders Program at CSULA**

- **COMD 1500 - Introduction to American Sign Language** (3) *
- **COMD 2500 - American Sign Language II** (3)
- **COMD 3090 - Human Violence and Individual Change (also listed as PSY 3090)** (3) *
- **COMD 3190 - Communicating with Abused Children and Violent Families** (3) *
- **COMD 3500 - American Sign Language III** (3)
- **COMD 3540 - Employment Practices in Health-Related Professions** (3)
- **COMD 3900 - Communication Disorders in Aging** (3) *
- **COMD 4220 - Advanced Audiology** (3)
- **COMD 4500 - American Sign Language IV** (3)
- **COMD 4540 - Selected Topics in Communication Disorders** (1-3)
- **COMD 4575 - Victimology in Child Abuse and Family Violence** (3)
- **COMD 4730 - Communication Disorders in Voice, Cleft Palate, and Cerebral Palsy** (3) **
- **COMD 4740 - Acquired Speech, Language, Cognitive, and Swallowing Disorders** (3) **
- **COMD 4800 - Research Methods in Communication Disorders** (3) **
- **CHDV 1400 - Development Across the Lifespan (Conception to Adolescence)** (3) *
- **CHDV 2000 - Techniques for the Study of Children** (3)
- **CHDV 3430 - Child and Adolescent Cognition** (3)
- **CHDV 4300 - Parent-Child Development Over the Family Life Cycle** (3)
- **CHDV 4930 - Second Language Acquisition in Childhood** (3)
- **EDSP 4000 - Foundations of Special Education** (3)
Communicative Disorders, M.A.

Notice to Students RE: Professional Licensure and Certification

The Department of Communication Disorders offers the Master of Arts degree in Communicative Disorders with an emphasis in Speech-Language Pathology. The requirements of the MA degree were designed to also meet the requirements of the Speech-Language Pathology Services Credential issued by the State of California Commission on Teacher Credentialing, licensure in Speech-Language Pathology issued by the State of California Speech-Language Pathology and Audiology and Hearing Aid Dispensers Licensing Board, and the Certificate of Clinical Competence in Speech-Language Pathology (CCC-SLP) issued by the American Speech-Language-Hearing Association (ASHA).

The Master of Arts degree in Communicative Disorders with an emphasis in Speech-Language Pathology prepares students to work in various professional settings including clinics, hospitals, nursing homes, private practice, and public and private schools.

Admission to the Program

In addition to University and College requirements for admission to graduate study, applicants must satisfy specific department requirements before being considered for admission to the MA in Communicative Disorders with an emphasis in Speech-Language Pathology Program:

- Completion of a baccalaureate degree in communicative disorders or equivalent;
- A minimum GPA of 3.0 in the last 60 semester units and in all courses in Communicative Disorders;
- Recent GRE General Test scores in all three subtests (Verbal Reasoning, Quantitative Reasoning, and Analytical Writing);
- Completion of the departmental application form;
- Letter of professional goals and intent, and
- Three letters of recommendation.
- An interview may also be required.

Additionally, the following courses (or their equivalents) are considered prerequisites for the M.A. program, even for students who have a baccalaureate degree in Communicative Disorders.

Prerequisites to the Program:

- COMD 4000 - Hearing Science (3)
- COMD 4020 - Audiology and Audimetry (3)
- COMD 4200 - Rehabilitative Audiology (3)
- COMD 4510 - Psychosocial Considerations in Communication Disorders (3)
- COMD 4560 - Language Development (also listed as CHDV 4920) (3)
- COMD 4600 - Introduction to Language Science (3)
- COMD 4610 - Descriptive Phonetics (3)
- COMD 4620 - Anatomy and Physiology of the Speech Mechanism (3)
- COMD 4630 - Neuroscience of Communication (3)
- COMD 4710 - Primary and Secondary Language Disorders in Children and Adolescents (3)
- COMD 4720 - Fluency and Speech Sound Disorders (3)
- COMD 4730 - Communication Disorders in Voice, Cleft Palate, and Cerebral Palsy (3)
Note: Students are required to meet personal and professional standards established by the department which include (but are not limited to): acceptable communication skills; the capacity to accept instruction; willingness and ability to assume professional responsibility for the welfare of clients; and the ability to relate well to clients, peers, and faculty. Students also must possess qualities of personal integrity, maturity, and sound professional judgment.

Requirements for the Degree (59 - 65 units)

ASHA accreditation mandates completion of one course each in the following areas: biological sciences, physical sciences, statistics, and social/behavioral sciences. If these courses have not been completed prior to admission, they will be required as part of the MA degree.

Required Courses (43 units)

- COMD 5500 - Fluency Disorders (3)
- COMD 5510 - Language Disorders in Children (3)
- COMD 5520 - Voice Disorders (3)
- COMD 5530 - Speech Sound Disorders (3)
- COMD 5540 - Neurolinguistic Disorders in Adults (3)
- COMD 5550 - Motor Speech Disorders (3)
- COMD 5560 - Bilingual Speech-Language Pathology (3)
- COMD 5570 - Dysphagia (3)
- COMD 5580 - Colloquium in Evidence-Based Practice (1)
- COMD 5581 - Colloquium in Audiology (1)
- COMD 5582 - Colloquium in Educational Speech-Language Pathology and Audiology (1)
- COMD 5583 - Colloquium in Professional Issues (1)
- COMD 5630 - Professional and Business Issues in Speech-Language Pathology (2) *
- COMD 5660 - Alternative Communication Modalities (2)
- COMD 5750 - Educational Speech-Language Pathology and Audiology (3)
- COMD 5760 - Diagnostic Considerations in Communication Disorders (3) *
- COMD 5785 - Clinical Practicum Lab (1) (4 units total)
- COMD 5835 - Directed Teaching Lab (1)

Note: * These courses are waived if COMD 5990 (the thesis option) is undertaken.

Required Practicum (16 units)

In order to graduate, students are required to have completed 400 hours of supervised clinical practicum. If these hours have not been successfully completed after meeting the requirements below, additional registration for clinical practicum coursework may be necessary.

- COMD 5770 - Evaluation Practicum in Speech-Language Pathology (1) (2 units total)
- COMD 5780 - Clinical Practicum in Speech-Language Pathology I (2)
- COMD 5790 - Clinical Practicum in Speech-Language Pathology II (2)
- COMD 5800 - Clinical Practicum in Speech-Language Pathology III (2)
- COMD 5810 - Clinical Practicum in Speech-Language Pathology IV (2)
- COMD 5820 - Clinical Externship In Speech-Language Pathology (3)
- COMD 5830 - Directed Teaching In Communication Disorders (3)

Comprehensive Examination or Thesis (0, 6 units)

In conference with an adviser, students must elect to complete either the comprehensive examination or a thesis. If the thesis option is chosen, the student will not be required to take COMD 5583 or 5630.

A. COMD 5960 - Comprehensive Examination (0) or
   Students should expect to take the comprehensive examination the quarter after they complete all course work in their program and must comply with college and departmental requirements.

B. COMD 5990 - Thesis (1-3)
   Students must have adviser approval, be advanced to candidacy, and be enrolled in COMD 5990 during the semesters the thesis is in progress.
COMD 5990 units may be substituted for COMD 5583 and COMD 5630 from the required course list.

* These courses are waived if the thesis option is undertaken.
Computer Information Systems, B.S.

The Information Systems Department’s responsibility is to educate its students in the various aspects of organizational-oriented information systems and technology. The department is engaged in teaching not just the design, development, implementation and operation of information systems, but also the management of such systems. The department prepares its students for both the support, technical and management oriented professional jobs in this field.

A total of 120 semester units are required for the Bachelor of Science degree in Computer Information Systems, of which 48 units are in General Education courses. Consult with an advisor for details on the specific number of units required in all areas of the degree including GE, option, and electives.

Core Requirements for the Information Systems (39 Units)

**Lower Division Required IS and Business Core Courses (12 units)**

- CIS 1200 - Information and Technology Literacy (also listed as CS 1200) (3)
- CIS 2830 - Introduction to Application Programming (3)
- ACCT 2100 - Principles of Financial Accounting (3)
- ECON 2010 - Principles of Economics I: Microeconomics (3)

**Upper Division Required IS and Business Core Courses (27 units)**

- BUS 3050 - Business Communications (3)
- ECON 3060 - Statistics for Business Analysis and Decision Making (3) *
- MGMT 3080 - Business Responsibilities in Society (3) *
- CIS 3010 - Management Information Systems (3)
- CIS 3050 - Database Design and Development (3)
- CIS 3060 - Systems Analysis and Design (3)
- CIS 4100 - Hardware and Software Architecture (3)
- CIS 4840 - Communications Systems (3)
- CIS 4900 - Capstone: Information Systems (3)

*Notes:
ECON 3060 is double-counted for Upper Division GE Block B (Natural Science and Mathematics)
MGMT 3080 is double-counted for Upper Division GE Block C (Requirement: Arts and Humanities)
This information systems (IS) major option provides students with the specialized knowledge needed for IT professional employment in all size business and government organizations and offers the choice of a wide variety of in-depth courses in specific areas of information systems. The elective courses will allow students to prepare for certifications in various IT fields including, but not limited to, enterprise systems, business intelligence, application development, networking, and information security. See the information systems departmental advisors for more information.

### Information Systems Option Required Courses (15 units)

- CIS 4200 - Business Intelligence and Data Warehouse (3)
- CIS 4370 - Security Risk Management and Internal Controls (also listed as ACCT 4370) (3)
- CIS 4510 - Fundamentals of ERP Technology (3)
- CIS 4590 - Advanced Information Systems Development (3)
- CIS 4860 - Managing Information Systems Projects (3)

### Information Systems Option Elective Courses (18 units)

Select 18 units of electives from the lists below.

#### Enterprise Systems

- CIS 4760 - Project Planning with Microsoft Project (3)
- CIS 4810 - Healthcare Application Systems (3)
- CIS 4870 - Decision Support Systems (3)

#### Business Intelligence and Data Analytics

- CIS 3200 - Data Processing and Analytics (3)
- CIS 4150 - Foundations of Business Intelligence (3)
- CIS 4210 - Healthcare Data Analytics (3)
- CIS 4250 - Business Intelligence Applications (3)
- CIS 4560 - Introduction to Big Data (3)
- CIS 4870 - Decision Support Systems (3)

#### Application Development

- CIS 3610 - Web Design and Development (3)
- CIS 3830 - Multimedia and Game Application Programming (3)
- CIS 4450 - Network Application Development (3)
- CIS 4550 - Visual Basic .NET Database Application (3)
- CIS 4570 - Advanced Java Programming (3)

#### Networking, Telecom, and Infrastructure

- CIS 3850 - Systems and Network Administration (3)
- CIS 4220 - Routing Configuration and Router Administration (3)
- CIS 4230 - Intermediate Routing and LAN Switching (3)
- CIS 4240 - Wide Area Networks (3)
- CIS 4720 - Wireless Communications and Networks (3)
- CIS 4850 - Computer Networks (3)

#### Information Security and Privacy

- CIS 4380 - Computer Forensics and Investigations (also listed as ACCT 4380) (3)
- CIS 4730 - Network Security Essentials and Practice (3)
- CIS 4880 - Information Security (3)

#### Current Issues

- CIS 4540 - Special Topics in Computer Information Systems (3)
Requirements for the Information Technology Option (33 units)

This specialized information technology (IT) option provides students with the specialized knowledge needed for IT professional employment in all size of IT related organizations and offers the choice of a wide variety of in-depth courses in specific areas of information systems. The elective courses will allow students to prepare for certifications in various IT fields including, but not limited to, enterprise systems, business intelligence, application development, networking, and information security. See the information systems departmental advisors for more information.

**Information Technology Options Required Courses (15 Units)**

- CIS 4560 - Introduction to Big Data (3)
- CIS 4570 - Advanced Java Programming (3) or
  - CIS 4580 - E-business Application Development with Oracle (3)
- CIS 4730 - Network Security Essentials and Practice (3)
- CIS 4860 - Managing Information Systems Projects (3)
- CIS 4880 - Information Security (3)

**Information Technology Options Elective Courses (18 Units)**

Select 18 unit of electives from the IT Elective Courses below.

**Enterprise Systems**

- CIS 4510 - Fundamentals of ERP Technology (3)
- CIS 4590 - Advanced Information Systems Development (3)
- CIS 4760 - Project Planning with Microsoft Project (3)
- CIS 4810 - Healthcare Application Systems (3)
- CIS 4860 - Managing Information Systems Projects (3)

**Business Intelligence and Data Analytics**

- CIS 3200 - Data Processing and Analytics (3)
- CIS 4150 - Foundations of Business Intelligence (3)
- CIS 4200 - Business Intelligence and Data Warehouse (3)
- CIS 4210 - Healthcare Data Analytics (3)
- CIS 4230 - Business Intelligence Applications (3)
- CIS 4870 - Decision Support Systems (3)

**Application Development**

- CIS 3610 - Web Design and Development (3)
- CIS 3830 - Multimedia and Game Application Programming (3)
- CIS 4450 - Network Application Development (3)
- CIS 4550 - Visual Basic .NET Database Application (3)

**Networking, Telecom, and Infrastructure**

- CIS 3850 - Systems and Network Administration (3)
- CIS 4220 - Routing Configuration and Router Administration (3)
- CIS 4230 - Intermediate Routing and LAN Switching (3)
- CIS 4240 - Wide Area Networks (3)
- CIS 4720 - Wireless Communications and Networks (3)
- CIS 4850 - Computer Networks (3)

**Information Security and Privacy**
Current Issues

- CIS 4540 - Special Topics in Computer Information Systems (3)
- CIS 4980 - Cooperative Education in Information Systems (1-3)

Requirements for the Business Systems Option (33 units)

This degree program in the business systems option prepares students for careers as information systems professionals in different career fields, such as accounting, marketing, finance, human resources etc. in which they support personal and organizational computing activities, develop and maintain enterprise information systems; or work in information centers. The BSBA (Bachelor of Science in Business Administration) students may pursue this option for a dual bachelor’s degree because it requires only five additional courses.

Business Systems Options Required Courses (15 Units)

- BUS 4150 - Contemporary Issues in Global Business (3)
- FIN 3030 - Business Finance (3)
- MGMT 3060 - Operations Management (3)
- MGMT 3070 - Management and Organizational Behavior (3) or
  MGMT 4504 - Supply Chain Management (3)
- MKT 3100 - Principles of Marketing (3)

Business Systems Options Elective Courses (18 Units)

Select 18 unit of electives from the Business Systems (BS) Elective Courses below.

Enterprise Systems

- CIS 4200 - Business Intelligence and Data Warehouse (3)
- CIS 4510 - Fundamentals of ERP Technology (3)
- CIS 4590 - Advanced Information Systems Development (3)
- CIS 4760 - Project Planning with Microsoft Project (3)
- CIS 4810 - Healthcare Application Systems (3)

Business Intelligence and Data Analytics

- CIS 3200 - Data Processing and Analytics (3)
- CIS 4150 - Foundations of Business Intelligence (3)
- CIS 4200 - Business Intelligence and Data Warehouse (3)
- CIS 4210 - Healthcare Data Analytics (3)
- CIS 4250 - Business Intelligence Applications (3)
- CIS 4560 - Introduction to Big Data (3)
- CIS 4870 - Decision Support Systems (3)

Application Development

- CIS 3610 - Web Design and Development (3)
- CIS 3830 - Multimedia and Game Application Programming (3)
- CIS 4450 - Network Application Development (3)
- CIS 4550 - Visual Basic .NET Database Application (3)
- CIS 4570 - Advanced Java Programming (3)
- CIS 4580 - E-business Application Development with Oracle (3)

Networking, Telecom, and Infrastructure
CIS 3850 - Systems and Network Administration (3)
CIS 4220 - Routing Configuration and Router Administration (3)
CIS 4230 - Intermediate Routing and LAN Switching (3)
CIS 4240 - Wide Area Networks (3)
CIS 4720 - Wireless Communications and Networks (3)
CIS 4850 - Computer Networks (3)

Information Security and Privacy

- CIS 4370 - Security Risk Management and Internal Controls (also listed as ACCT 4370) (3)
- CIS 4380 - Computer Forensics and Investigations (also listed as ACCT 4380) (3)
- CIS 4730 - Network Security Essentials and Practice (3)
- CIS 4880 - Information Security (3)

Accounting

- ACCT 3200A - Intermediate Financial Accounting and Reporting I (3)
- ACCT 3200B - Intermediate Financial Accounting and Reporting II (3)
- ACCT 3210 - Taxation of Individuals (3)
- ACCT 3220 - Cost Accounting (3)
- ACCT 3250 - Leadership and Professional Skills for Accountants (3)
- ACCT 4240A - Accounting Information Systems (3)

Finance

- FIN 3250 - Essential Skills for Finance Professionals (3)
- FIN 3310 - Financial Institutions and Markets (3)
- FIN 3320 - Investments (3)
- FIN 4030 - Intermediate Business Finance (3)

Healthcare

- MGMT 4108 - High Performance Management (3)
- MGMT 4300 - Leading and Managing in Healthcare Environments (3)
- MGMT 4315 - Comparative Healthcare Organizing (3) or
- MGMT 4330 - Healthcare Regulations and Ethics (3)
- MGMT 4335 - Financial Management of Health Care Institutions (3)
- MGMT 4345 - Healthcare Operations Management (3)
- MGMT 4506 - Service Management (3)
- PH 3140 - Health Care Delivery System (3)

HR Management

- MGMT 4400 - Strategic Human Resource Management (3)
- MGMT 4402 - Employment Relations (3)
- MGMT 4403 - Compensation Management (3)
- MGMT 4405 - Talent Management (3)
- MGMT 4407 - International Human Resource Management (3)

International Business

- FIN 4310 - Multinational Financial Management (3)
- MGMT 4102 - Comparative Management (3)
- MKT 3200 - High Performance Professional Skills (3)
- MKT 3500 - Global Business (3)
- MKT 4500 - International Marketing (3)
- MKT 4510 - Intercultural Business Communication (also listed as COMM 4160) (3)
Management

- MGMT 4101 - Organization Theory and Design (3)
- MGMT 4102 - Comparative Management (3)
- MGMT 4106 - Business in Its Social Setting (3)
- MGMT 4108 - High Performance Management (3)
- MGMT 4500 - Case Studies in Operations Management (3)

Marketing

- MKT 3200 - High Performance Professional Skills (3)
- MKT 3210 - Personal Selling (3)
- MKT 3400 - Consumer Behavior (3)
- MKT 3800 - Introduction to Social Media Marketing (3)
- MKT 4449 - Marketing Strategy (3)

Operations Management

- MGMT 4103 - Managerial Innovation (3)
- MGMT 4402 - Employment Relations (3)
- MGMT 4500 - Case Studies in Operations Management (3)
- MGMT 4501 - Process Design and Improvement (3)
- MGMT 4502 - Production and Inventory Management (3)
- MGMT 4503 - Total Quality Management (3)
- MGMT 4504 - Supply Chain Management (3)
- MGMT 4505 - Project Management (3)
- MGMT 4506 - Service Management (3)
- MGMT 4507 - Operations Research (3)

Real Estate

- FIN 3250 - Essential Skills for Finance Professionals (3)
- FIN 3380 - Real Estate Principles (3)
- FIN 3390 - Real Estate Practice (3)
- FIN 3810 - Real Estate Law (3)
- FIN 4390 - Real Estate Finance (3)
- FIN 4930 - Real Estate Investment (1-3)

Retailing

- MKT 3200 - High Performance Professional Skills (3)
- MKT 3400 - Consumer Behavior (3)
- MKT 3600 - Principles of Retailing (3)
- MKT 3800 - Introduction to Social Media Marketing (3)
- MKT 4600 - Retail Buying and Merchandising (3)
- MKT 4610 - Digital Marketing and E-commerce (3)

Current Issues

- CIS 4540 - Special Topics in Computer Information Systems (3)
- CIS 4980 - Cooperative Education in Information Systems (1-3)
The objective of the Bachelor of Science degree in Computer Science is to prepare qualified students for careers involving the design of computer systems and their applications to science and industry. The program provides an excellent foundation in all core areas of computer science with the opportunity to choose electives in a variety of specialized fields. The total number of units required for the Bachelor of Science degree in Computer Science is 120 units, of which 90 units are in the major. Consult with an advisor in the department for the specific number of units required in all areas of the degree, including GE and free electives.

General Education Requirements (48 units)

Lower Division General Education Requirements (39 units)

Block A - English Language Communication and Critical Thinking Courses (9 units):
- A1 Oral Communication (3)
- A2 Written Communication (3) - Must take ENGL 1010 (3)
- A3 Critical Thinking and Composition (3)
  - Critical Thinking - Met by CS 2011 (4), CS 3801 (3), CS 3337 (3), CS 3186 (3), CS 4961 (3), and CS 4962 (3)
  - 2nd Composition - Met by ENGL 2030 (3)

Block B - Natural Science and Math/Quantitative Reasoning Courses (9 units):
- B1 Physical Science (3) - Met by PHYS 2100 (5)
- B2 or B3 Biological science (3) or Interdisciplinary Science (3)
- B4 Quantitative Reasoning and Mathematical Concepts (3) - Met by MATH 2110 (4)

Block C - Arts and Humanities Courses (9 units):
- American Institutions - US History (3)
- C1 Arts (3)
- C2 Humanities (3) - Met by CS 3801 (3)

Block D - Social Science Courses (9 units):
- American Institutions - US Constitution and State/Local Govt. (3)
- Social Science (6 units)

Block E - Lifelong Understanding and Self-Development Courses (3 units):
- Met by CS 1010 (3), also satisfied LD (cl) and IHE

Upper Division general education requirements (9 units):

UD Block B - Natural Science and Quantitative Reasoning (3 units)
- Met by CS 3112 (3) and CS 3186 (3)

UD BLock C - Arts & Humanities (3 units)
- Met by CS 4961 (3) and CS 4962 (3)
Requirements for the Major (93 units)

**Lower Division Required Courses (44 units)**

- CS 1222 - Introduction to Relational Databases (3)
- CS 2011 - Introduction to Programming I (4)
- CS 2012 - Introduction to Programming II (4)
- CS 2013 - Programming with Data Structures (4)
- CS 2148 - Discrete Structures (4)
- CS 2445 - Introduction to Computer Systems (3)
- CS 2470 - Fundamentals of Network Systems and Cybersecurity (3)
- ENGL 2030 - Introduction to Technical Writing (3)
- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- PHYS 2100 - General Physics I: Mechanics (5)

**Upper Division Required Courses (31 units)**

- CS 3035 - Programming Paradigms (3)
- CS 3112 - Analysis of Algorithms (3)
- CS 3186 - Introduction to Automata Theory (3)
- CS 3220 - Web and Internet Programming (4)
- CS 3337 - Software Engineering (3)
- CS 3801 - Societal and Ethical Issues in Computing (3)
- CS 4440 - Introduction to Operating Systems (3)
- CS 4961 - Software Design Laboratory I (3)
- CS 4962 - Software Design Laboratory II (3)
- CS 4963 - Computer Science Recapitulation (3)

**Electives (18 units)**

Select 18 units of upper division courses.

- CS 4075 - Concurrent and Distributed Programming (3)
- CS 4112 - Competitive Programming (3)
- CS 4188 - Compilers (3)
- CS 4220 - Current Trends in Web Design and Development (3)
- CS 4222 - Principles of Data Base Systems (3)
- CS 4470 - Computer Networking Protocols (3)
- CS 4471 - Computer Networks Configuration and Management (3)
- CS 4540 - Topics in Advanced Computer Science (1-3)
- CS 4550 - Computer Graphics (3)
- CS 4551 - Multimedia Software Systems (3)
- CS 4555 - Introduction to 3D Computer Game Programming (3)
- CS 4635 - Modeling and Simulation (3)
- CS 4660 - Artificial Intelligence (3)
- CS 4661 - Introduction to Data Science (3)
- CS 4662 - Advanced Machine Learning and Deep Learning (3)
- CS 4780 - Cryptography and Information Security (3)
- EE 3445 - Computer Organization (3)
Computer Science, Integrated B.S./M.S.

The Integrated BS/MS program in Computer Science provides an accelerated route for academically excellent upper-division students in the BS degree program to complete the MS degree program while simultaneously completing the BS requirements. The main objectives of the program are:

- To provide an accelerated route to a graduate degree, with simultaneous awarding of both bachelor’s and master’s degrees.
- To provide a seamless process whereby a limited number of students can progress from undergraduate to graduate status.

Program Features

- Simplified application process
- BS and MS coursework can be taken concurrently
- Maximum of 9 shared elective units between BS and MS programs. Shared units are to be completed after University admission into the Integrated Program.
- Access to graduate student facilities
- TA appointments (if available)
- Scheduling flexibility provided by the program enables students to complete the BS and MS degrees efficiently.

Admission to the Integrated BS/MS Program

The eligibility requirements for admission to the Integrated BS/MS program are:

- Students must have completed a minimum of 80 semester units of coursework.
- Students must have a minimum GPA of 3.0 in the last 60 semester units.
- Students must have completed all of the required CS 3000-level courses in the BS degree program with an average of 3.0 in these courses.
- Students must have completed the Graduation Writing Assessment Requirement (GWAR).

Students are selected by a faculty committee based on prior academic performance, personal statement and a letter of recommendation. Applications must be submitted one semester in advance of the desired starting semester. To apply, please contact the Computer Science Department.
Computer Science, M.S.

Overview
The Master of Science degree in Computer Science provides a variety of educational and professional opportunities for its graduate students. The program is structured to prepare students for advancement in employment as a computer scientist as well as for further study at the doctoral level.

Admission Requirements
- Applicants must possess a Bachelor’s Degree in Computer Science or a closely related field with overall GPA of 3.0 or better to be considered for conditional admission.
- A promising applicant with a GPA between 2.5 and 2.99 may be admitted as a special action student. Special action students must achieve an overall GPA of 3.0 for four qualifying courses as approved in advance by the department.
- Prerequisite courses may be required for non-CS students or for students from non-ABET accredited CS programs.
- Classified MS students are not required to take any prerequisite that is below 4000-level when the students take 4000-level courses to satisfy the degree requirement.

Degree Requirement
The MS CS degree requires completion of 30 units. Up to 6 units of acceptable post-baccalaureate course work completed prior to entrance into classified standing may be included in the master's degree program.

Program Requirements (30 Units)
A total of 30 units are required, with 18 units in 5000-level core courses. A thesis or comprehensive examination is required.

Core Courses (18 units)
Select two courses from each of the three areas of study:

I. Software Design and Implementation (6 units)
Select two courses.
- CS 5035 - Topics in Functional Programming (3)
- CS 5112 - Design and Analysis of Algorithms (3)
- CS 5220 - Advanced Topics in Web Programming (3)
- CS 5337 - Advanced Software Engineering (3)

II. System Infrastructure (6 units)
Select two courses.
III. Computing in the World (6 units)

Select two courses.

- CS 5550 - Advanced Computer Graphics (3)
- CS 5660 - Advanced Topics in Artificial Intelligence (3)
- CS 5661 - Topics in Data Science (3)

Electives (6 or 12 units)

Students completing CS 5960 Comprehensive Exam select 12 units and students completing CS 5990 Thesis select 6 units to satisfy the degree requirement.

- CS 4075 - Concurrent and Distributed Programming (3)
- CS 4112 - Competitive Programming (3)
- CS 4188 - Compilers (3)
- CS 4220 - Current Trends in Web Design and Development (3)
- CS 4222 - Principles of Data Base Systems (3)
- CS 4470 - Computer Networking Protocols (3)
- CS 4471 - Computer Networks Configuration and Management (3)
- CS 4540 - Topics in Advanced Computer Science (1-3)
- CS 4550 - Computer Graphics (3)
- CS 4551 - Multimedia Software Systems (3)
- CS 4555 - Introduction to 3D Computer Game Programming (3)
- CS 4556 - Multiplayer Online Game Design and Development (3)
- CS 4635 - Modeling and Simulation (3)
- CS 4660 - Artificial Intelligence (3)
- CS 4661 - Introduction to Data Science (3)
- CS 4662 - Advanced Machine Learning and Deep Learning (3)
- CS 4663 - Deep Learning (3)
- CS 4780 - Cryptography and Information Security (3)
- CS 5035 - Topics in Functional Programming (3)
- CS 5112 - Design and Analysis of Algorithms (3)
- CS 5188 - Languages and Translators (3)
- CS 5220 - Advanced Topics in Web Programming (3)
- CS 5337 - Advanced Software Engineering (3)
- CS 5390 - Advanced Software Architecture (3)
- CS 5440 - Advanced Topics in Operating Systems (3)
- CS 5470 - Advanced Computer Networks (3)
- CS 5540 - Graduate Topics in Computer Science (3)
- CS 5550 - Advanced Computer Graphics (3)
- CS 5660 - Advanced Topics in Artificial Intelligence (3)
- CS 5661 - Topics in Data Science (3)
- CS 5780 - Advanced Information Security (3)
- CS 5781 - Computer and Network Security (3)
- CS 5980 - Graduate Directed Study (1-3)

Comprehensive Examination or Thesis (0 or 6 units)

Complete one of the following.

- CS 5960 - Comprehensive Examination (0)
- CS 5990 - Thesis (3) (complete 6 units)
Notice to Students RE: Professional Licensure and Certification

The Master of Science degree in Counseling includes the following options:
- Applied Behavior Analysis
- Rehabilitation Counseling
- School-Based Family Counseling*
- School Psychology

*Includes Marriage and Family Therapy

Admission to the Program

In addition to University requirements for admission to graduate study, students must have a 2.75 grade point average in the last 60 semester units attempted, submit College application forms, and be interviewed by the Division screening committee. Successful candidates are admitted to cohort groups and must take a prescribed sequence of cohort classes.

Applications are considered once a year for admission to the Fall Semester. Prospective candidates must check with the Division office for annual application deadlines and procedures. Prior to admission to the program, graduate students are encouraged to obtain preliminary advisement. Upon acceptance, each student is assigned a faculty advisor and a cohort group.

Requirements for the Degree (55 - 76 units)

A total of 55 - 76 units are required, depending on the option, prior coursework, and culminating experience selected (Comprehensive Examination, Thesis or Project), with at least half of the units at the 5000-level.

Before students may take courses to meet the fieldwork requirement, they must be advanced to candidacy and must be recommended by their advisor. Written applications for fieldwork must be submitted to the Division Office during the tenth week of the semester prior to the semester in which the student desires a fieldwork placement.

Students who select the comprehensive examination (COUN 5960) must be advanced to candidacy and must comply with College and Division requirements before enrolling to take the examination. These requirements include a formal application no later than the tenth week of the Summer Session for Fall Semester examinations or the tenth week of the Fall Semester for Spring Semester examinations.

Students with research interests are encouraged to undertake the thesis. Selecting the thesis/project option may increase the number of units required for completion of the program. Students are encouraged to begin thesis planning as soon as possible.

Options

1. **Option in Applied Behavior Analysis** (52 - 56 units)  This option is designed to train graduate students in the principles, concepts, and application of behavior analysis within a counseling framework, who plan to practice as behavior analysts, and for those who elect to specialize in the behavioral area for doctoral training.

2. **Option in School-Based Family Counseling** (73 - 77 units)  This option contains the Pupil Personnel Services Credential with Advanced...
Authorization in School Counseling and Child Welfare and Attendance. The option is designed to prepare family-systems oriented counselors who are eligible to apply for licensure in California as a Marriage and Family Therapist. It meets state requirements for licensure in Marriage and Family Therapy as outlined in the Business and Professions Code, Section 4980.37. Students also complete the Pupil Personnel Services Credential with Advanced Authorization in School Counseling and Child Welfare and Attendance Services in addition to the Master’s Degree. An extensive MFT Handbook, containing a detailed description of the program, required form for registering with the Board of Behavioral Science Examiners, and the Site Practicum Manual is provided to all students in the program.

3. Option in Rehabilitation Counseling (70-74 units) This option prepares students to (a) address the needs of individuals with disabilities and maximize their rehabilitation potential, which includes occupational and personal efficacy and (b) function effectively as professional rehabilitation counselors in a variety of employment settings.

4. Option in School Psychology (72 - 76 units) School psychologists focus on the psychoeducational development of individuals from birth through age 21, their abilities and potentialities, and the biological, emotional, behavioral, and cultural factors that influence the learning process. Students who earn the master’s degree with this option also qualify for the Pupil Personnel Services credential with advanced specialization in School Psychology and advanced specialization in Child Welfare and Attendance Services. Students in this option should see information below regarding the School Psychology Internship Credential.

Core Requirements (37 or 41 units)

All students in the program must complete the below 19 units of coursework and 18 units of fieldwork.

All Options Offer Choice of Comprehensive Examination or Thesis or Project for 0 or 4 units.

Fieldwork is a core requirement for all M.S. Counseling students and is integral to the degree. All students must complete 18 units of fieldwork for the degree. Students should see an advisor for which specific fieldwork to apply for and enroll in. Any master of science in counseling students receiving a no credit in a fieldwork experience will be placed on academic probation and must complete an academic improvement plan with their advisor before they may enroll in subsequent fieldwork courses. Receiving two separate no credits in any fieldwork experiences is cause for dismissal.

Core Courses (19 units)

- **EDSP 5000 - Disability in Schools and Society** (3)
- **COUN 5000 - Lifespan Human Development for Counselors** (3)
- **COUN 5001 - Ethical, Legal, and Professional Issues in Counseling** (3)
- **COUN 5002 - Assessment in Counseling** (3)
- **COUN 5003 - Research in Counseling** (3)
- **COUN 5005 - Individual Counseling Strategies** (4)

Fieldwork (18 units)

- **COUN 5031 - Fieldwork Experience in Applied Behavior Analysis I** (6)
- **COUN 5033 - Fieldwork Experience in Applied Behavior Analysis II** (6)
- **COUN 5035 - Fieldwork Experience in Applied Behavior Analysis III** (6)
- **COUN 5187 - Supervised Practicum in Rehabilitation Counseling** (6)
- **COUN 5188 - Supervised Internship in Rehabilitation Counseling** (6)
- **COUN 5230 - Family Counseling Laboratory Fieldwork** (2)
- **COUN 5286 - Supervised Field Experience in School Counseling** (3)
- **COUN 5289 - Site Practicum in Marriage, Family, and Child Counseling** (3)
- **COUN 5290 - Advanced Practicum in Marriage and Family Therapy** (6)
- **COUN 5380 - Supervised Field Experience in School Psychology** (9)

Comprehensive Examination or Thesis or Project (0 or 4 units)

Select one group from the following list.

Students should expect to take the comprehensive examination (COUN 5960) during the Fall or Spring semester after they complete all coursework on their program and must comply with college and division requirements.

- **COUN 5960 - Comprehensive Examination** (0)
  - or
- **COUN 5990A - Thesis Planning** (2)  and
- **COUN 5990B - Thesis** (2)
  - or
- **COUN 5995A - Project Planning** (2)  and
Students who do a thesis are required to obtain advisor approval. **May be repeated once for credit.**

### Option in Applied Behavior Analysis (52 - 56 units)

In addition to satisfying the Core Requirements (37 or 41 units), students in this option must complete the following courses.

**Required Courses (15 units)**

- COUN 5010 - Experimental Foundations of Applied Behavior Analysis (3)
- COUN 5014 - Conceptual Analysis of Behavior (3)
- COUN 5016 - Applied Behavior Analysis (3)
- COUN 5020 - Behavioral Consultation (3)
- COUN 5022 - Analysis and Applications of Verbal Behavior (3)

### Option in School-Based Family Counseling (73 - 77 units)

In addition to satisfying the Core Requirements (37 or 41 units), students do this option must complete the following courses.

**Required Courses (36 units)**

- COUN 4030 - Child Maltreatment and Domestic Violence (also listed as PSY 4030) (3)
- COUN 5103 - Multicultural Counseling (3)
- COUN 5111 - Diagnosis and Treatment in Counseling (3)
- COUN 5112 - Psychopharmacology for Clinical Counselors (3)
- COUN 5160 - Group Counseling (3)
- COUN 5200 - Introduction to Family Evaluation and Counseling (3)
- COUN 5210 - Advanced Family and Marriage Counseling (3)
- COUN 5220 - Family Counseling with Children (3)
- COUN 5252 - Counseling and Human Sexuality (3)
- COUN 5257 - Career Education and Guidance in Schools (3)
- COUN 5281 - Seminar: Leadership in Pupil Personnel Services (3)
- COUN 5650 - Substance Use and Co-Occurring Disorders Counseling (3)

### Option in Rehabilitation Counseling (70-74 units)

In addition to satisfying the Core Requirements (37 or 41 units), students do this option must complete the following courses.

**Required Courses (33 units)**

- COUN 5103 - Multicultural Counseling (3)
- COUN 5111 - Diagnosis and Treatment in Counseling (3)
- COUN 5113 - Case Management in Counseling (3)
- COUN 5114 - Advanced Theories and Techniques in Counseling (3)
- COUN 5160 - Group Counseling (3)
- COUN 5140 - Introduction to Rehabilitation Counseling (3)
- COUN 5142 - Medical and Psychosocial Aspects of Disability Part A (3)
- COUN 5143 - Medical and Psychosocial Aspects of Disability Part B (3)
- COUN 5149 - Employment and Career Development (3)
- COUN 5330 - Trauma and Crisis Counseling (3)
- COUN 5650 - Substance Use and Co-Occurring Disorders Counseling (3)

### Option in School Psychology (72 - 76 units)

In addition to satisfying the Core Requirements (37 or 41 units), students do this option must complete the following courses.

**Required Courses (35 units)**
- COUN 5016 - Applied Behavior Analysis (3)
- COUN 5018 - Behavioral Assessment and Interventions (3)
- COUN 5160 - Group Counseling (3)
- COUN 5307 - Individual Clinical Counseling (3)
- COUN 5311 - Assessment and Case Study Techniques Lab (1)
- COUN 5320 - Assessment of Disabilities and Evidence-Based Interventions (4)
- COUN 5340 - Assessment of Social, Emotional and Behavioral Disorders (3)
- COUN 5360 - Practicum: School-Based Consultation (3)
- COUN 5370 - Practicum: School Psychology (3)
- COUN 5281 - Seminar: Leadership in Pupil Personnel Services (3)
- COUN 5385 - Seminar: School Psychology (3)
Criminal Justice, B.S.

The Bachelor of Science Degree in Criminal Justice is designed to prepare individuals academically in the behavioral, natural and social science perspectives, as well as for further study in graduate or professional schools in any of these fields. The program provides intensive study in areas of criminal justice theory, research methodology and data analysis, criminal law, organizational functioning, and program planning. The program strives to promote understanding of key criminal and legal issues of contemporary urban society and respect for racial, ethnic, cultural, and gender diversity. By incorporating a multidisciplinary social, behavioral and natural science approach to undergraduate study, the program provides two important benefits for the student. First, it encourages the development of an interrelated perspective with regard to the study of criminal justice. This perspective facilitates a more comprehensive focus on the connections among the endeavors of crime prevention, law enforcement, adjudication, and punishment. Secondly, the program is designed to encourage the development of effective analytical and problem-solving skills that will equip professionals with the intellectual capacity necessary for a variety of positions in criminal justice.

The total number of units required for the Bachelor of Science degree in Criminal Justice is 120 units, of which 60 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Limitations on Transfer Credit

Students intending to transfer to Cal State L.A. from a community college to continue work toward a Bachelor of Science degree in Criminal Justice are advised to complete general education requirements and any lower division core courses equivalent to those in the Cal State L.A. curriculum prior to transferring. Students are advised to contact the school for information on transfer agreements between Cal State L.A. and specific community colleges.

Requirements for the Major (60 units)

A total of 120 units is required for the Bachelor of Science degree in Criminal Justice, including a minimum of 60 units for the major. All students must complete a required core of twenty-one (21) units in lower division courses. The total upper division requirement includes twenty-four (24) units of upper division criminal justice courses and fifteen (15) elective units. CRIM 3010 is a prerequisite to all upper division courses. All upper division courses are restricted to declared Criminal Justice majors. Students minoring in Criminal Justice and other majors seeking electives may be admitted to upper division courses by permit. See Undergraduate Studies: General Information for details about the General Education and other requirements that constitute the units outside the major.

All students must see an academic adviser for the school before beginning the program. Further, all students must receive approval from the undergraduate director before making any changes in the major program. Students are strongly encouraged to meet regularly with the academic adviser concerning criminal justice degree requirements. Students must earn a “C” or higher in all other courses used to meet major curriculum requirements. Students who receive a “C-” or lower in the same course twice or in two separate courses within the upper or lower division core will be required to change their major.

Lower Division Required Core Courses (21 units)

- CRIM 1010 - Introduction to Administration of Justice (3)
- CRIM 1260 - Concepts of Criminal Law (3)
Upper Division Required Core Courses (24 units)

- CRIM 3010 - Introduction to the Discipline of Criminal Justice (3)
- CRIM 3030 - Theories and Perspectives in Criminal Justice (3)
- CRIM 3090 - Juvenile Justice (3)
- CRIM 3100 - Ethics and Professional Responsibility (3)
- CRIM 3300 - Criminal Justice Research (3)
- CRIM 4280 - California Criminal Justice Policy (3)
- CRIM 4830 - Statistics in Criminal Justice (3)
- CRIM 4920 - Applied Criminal Justice Practice and Policy (3)

Selected electives (9 units)

Students must select 9 units from the following list of electives:

- CRIM 3070 - Forensic Mental Health (3)
- CRIM 4010 - Gangs (3)
- CRIM 4020 - Substance Use and Crime (3)
- CRIM 4030 - Violence (3)
- CRIM 4110 - Interpretation of Evidence in the Courtroom (3)
- CRIM 4120 - Crime Scene Management (3)
- CRIM 4450 - Legal Issues for Police Officers (3)
- CRIM 4460 - Community Policing and Problem Solving (3)
- CRIM 4480 - Police and the Media (3)
- CRIM 4540 - Special Topics in Criminal Justice (3)
- CRIM 4600 - Hate Crimes (3)
- CRIM 4610 - Offender Reentry (3)
- CRIM 4700 - Women and Crime (3)
- CRIM 4910 - Special Problems in Criminal Justice (3)
- CRIM 4930 - Civic Engagement in Criminal Justice (3)
- CRIM 4940 - Criminal Justice Leadership (3)
- CRIM 4950 - Professional Training Portfolio (3)
- CRIM 4990 - Undergraduate Directed Study (1-3)

Directed Electives in Criminal Justice or Related Fields (6 units)

Students must select 6 units of upper division directed electives in Criminal Justice or related fields. Electives from related fields require approval. Students may select directed electives from the pre-approved courses in related fields provided below. Students may also seek approval from the undergraduate director for courses in related fields that have not been previously approved, but they must be able to demonstrate how those courses are relevant to criminal justice studies.

- AAAS 4870 - Psychosocial Aspects and Collectivism in Asian and Asian American Societies (also listed as COUN 4870) (3)
- ANTH 3150 - Evolutionary Perspectives on Violence (3)
- CHDV 3400 - Middle Childhood and Adolescence (3)
- CHDV 4120 - Issues in Child Abuse, Interpersonal Violence (3)
- CHDV 4700 - The Family and the Law (3)
- COMD 4575 - Victimology in Child Abuse and Family Violence (3)
- COMM 4350 - Persuasive Communication (3)
- COMM 4410 - Intercultural Communication (3)
- COUN 4030 - Child Maltreatment and Domestic Violence (also listed as PSY 4030) (3)
- COUN 4480 - Career Assessment and Development (3)
- HIST 4790 - Constitutional History of United States (3)
- PAS 4400 - Power and the African American Community I (3)
- PH 4240 - Drugs and Health (3)
- PHIL 4100 - Social and Political Philosophy (3)
- PHIL 4900 - Philosophy of Law (3)
- POLS 4450 - Judicial Behavior (3)
- POLS 4460 - Global Legal Studies (3)
- POLS 4620 - Public Policy (3)
- PSY 3100 - Abnormal Psychology I (3)
- PSY 3220 - Social Psychology (3)
- PSY 3300 - Psychology of Prejudice and Discrimination (3)
- PSY 4120 - Psychology of Human Development: Infancy and Childhood (3)
- PSY 4640 - Psychology and the Law (3)
- SW 4560 - Multidisciplinary Teams, Child Maltreatment, and Family Violence (3)
- SOC 4260 - Deviant Behavior (3)
- SOC 4480 - Social Class and Inequality (3)
- SOC 4850 - Domestic Violence (3)
- SOC 4880 - Sociology of Law (3)
Criminalistics, M.S.

Criminalistics is an interdisciplinary field, in which the physical and natural sciences are employed to analyze and evaluate physical evidence in a judicial context. The Criminalistics program provides advanced, discipline specific knowledge for those wishing to enter the field of criminalistics. The Master of Science Degree program emphasizes current analytical and scientific methods. A broad understanding of the concepts underlying the forensic sciences is provided through a sequence of required and effective courses.

In addition to University requirements for admission to graduate study, applicants must hold a baccalaureate in one of the natural or physical sciences (examples include chemistry, biology, biochemistry, molecular genetics, physics or related disciplines).

Students are advised that background checks similar to those required for law enforcement officers are likely to be a condition of employment (NIJ Report NCJ 203099 - “Qualifications for a Career in Forensic Science.” PP. 7-10)

Applicants may be admitted to the M.S. degree program in Classified or Conditionally Classified Standing. Classified Standing is granted to accepted applicants who have a minimum grade point average of 3.0 in the last 60 semester units and 3.0 in the undergraduate major.

Conditionally Classified Standing is granted to accepted applicants whose grade point average in their last 60 semester units is less than 3.0 with a minimum of 2.75.

Conditionally Classified Students must achieve a 3.0 grade point average after completing four qualifying courses (that have been approved by the Graduate Advisor) by the end of their second semester of graduate study in order to be granted Classified Standing.

Prerequisites

The following courses or their equivalents may be taken concurrently.

These courses are not included in the 41 units required for the master’s degree.

- CRLT 4090 - Applications of Forensic Science (3)

The following courses or their equivalents must have been completed prior to admission to graduate study.

These courses are not included in the 41 units required for the master’s degree.

- BIOL 1100 - Cellular Basis of Life (5)
- BIOL 1200 - Diversity of Life (5)
- BIOL 3000 - Biostatistics (4)
- CHEM 1100 - General Chemistry I (5)
- CHEM 1110 - General Chemistry II (5)
- CHEM 3500 - Quantitative Analysis (4)
- CHEM 2200 - Organic Chemistry I (4)
- CHEM 3200 - Organic Chemistry II (4)
CHEM 2201 - Organic Chemistry Laboratory I (1)
CHEM 2211 - Organic Chemistry Laboratory II (1)
PHYS 2100 - General Physics I: Mechanics (5)
PHYS 2200 - General Physics II: Electromagnetism and Circuits (5)

Requirements for the Degree (41 units)

A total of 41 units is required.

Required Courses (38 units)

- CRLT 5100 - Graduate Seminar: Ethical, Managerial and Contemporary Issues in Forensic Science (3) (3)
- CRLT 5150 - Research Methods and Statistical Analysis in Forensic Science (3)
- CRLT 5500 - Crime Scene Reconstruction (4)
- CRLT 5520 - Trace Evidence Analysis (4)
- CRLT 5530 - Forensic Serology and DNA Analysis (4)
- CRLT 5570 - Forensic Pathology (3)
- CRLT 5590 - Forensic Microscopy (4)
- CRLT 5600 - Forensic Toxicology and Controlled Substances Analysis (4)
- CRLT 5620 - Courtroom and Legal Issues in Criminalistics (3)
- CRLT 5630 - Forensic Analysis of Firearms, Toolmarks, and Serial Number Restoration (3)

Electives (3 units)

With adviser approval, select one course (minimum 3 units) in Criminal Justice or related fields from the following.

*Check catalog for prerequisite courses.

- ANTH 4630 - Forensic Anthropology (3)
- BIOL 4080 - Advanced Biostatistics (3)
- BIOL 4130 - Molecular Diagnostics (3) *
- BIOL 4150 - Population Genetics (3) *
- BIOL 4160 - Molecular Genetics (3) *
- BIOL 4170 - Gene Editing Theory and Applications (3) *
- BIOL 4320 - Fundamentals of Toxicology (3) *
- CHEM 4300 - Introduction to Biochemistry (3) *
- GEOL 4220 - Environmental Geochemistry (3) *
- CRLT 5640 - Questioned Document and Handwriting Examination (3)
- CRLT 5950 - Directed Field Work (3)

Forensic Science Assessment Test (FSAT)

Students are required to take the Forensic Science Assessment Test (FSAT) during the spring semester of their second year. The FSAT is an on-site examination that is administered by the program director or another faculty member. The test consists of 220 multiple-choice questions of which 200 will be scored. The remaining 20 questions are being piloted for future FSAT examinations. This is not a pass/fail test. A numerical score out of a possible 1200 points will be provided to the student.

Thesis (3)

The research project may only be selected after approval from the school graduate committee. The results of the research project will be presented orally in a public forum for evaluation.
Doctor of Audiology (AuD)

Notice to Students RE: Professional Licensure and Certification

The Doctor of Audiology (AuD) program is designed to prepare students to meet the academic and clinical requirements for California state licensure in Audiology as well as for the ASHA Certificate of Clinical Competence in Audiology. The program is a candidate for accreditation by the Council on Academic Accreditation (CAA) of the American Speech-Language-Hearing Association as well as by the Accreditation Commission for Audiology Education (ACAE) of the American Academy of Audiology. The degree is designed to be completed in four years (including summers and with a common entry point in the fall semester). A minimum of 111 units is required for the AuD degree.

Admission Requirements and Academic Prerequisites

A baccalaureate degree is a prerequisite to enter the AuD program. It is expected that students will have obtained a broad general education to serve as a background prior to their graduate study. Undergraduate coursework in mathematics and in basic and applied sciences is strongly encouraged. If the baccalaureate degree is not in the area of communication sciences and disorders, courses in the following content areas, or their equivalents as determined by the AuD Program Director, are required for admission to the graduate program:

- COMD 4000 (Hearing Science) or equivalent
- COMD 4020 (Audiology and Audiometry) or equivalent
- COMD 4200 (Rehabilitative Audiology) or equivalent
- COMD 4630 (Neuroscience of Communication) or equivalent
- AND
- a course in Statistics

And at least one course from among the following:

- COMD 4220 (Advanced Audiology) or equivalent
- COMD 4550 (Language Development) or equivalent
- COMD 4610 (Descriptive Phonetics) or equivalent
- COMD 4620 (Anatomy and Physiology of the Speech Mechanism) or equivalent.

NOTE: Prerequisite course work must have been completed within the past 10 years.

Degree Requirements

Students will complete a minimum of 66 units of academic coursework and a minimum of 45 units of clinical experience. Students will complete a minimum of 1820 hours of supervised clinical experience.

Audiology Didactic Courses (66 units minimum)

- COUN 5005 - Individual Counseling Strategies (4)
- AUD 6030 - Diagnostic Audiology (3)
- AUD 6040 - Psychoacoustics and Speech Perception (3)
- AUD 6050 - Instrumentation and Hearing Conservation (3)
- AUD 6060 - Speech and Language of Children with Hearing Loss (3)
- AUD 6070 - Research Methods in Audiology (3)
- AUD 6110 - Hearing Aids I (3)
- **AUD 6120 - Hearing Aids II** (3)
- **AUD 6180 - Implantable Auditory Devices** (3)
- **AUD 6190 - Adult and Geriatric Rehabilitative Audiology** (3)
- **AUD 6200 - Pediatric Audiology** (3)
- **AUD 6250 - Auditory Processing Disorders** (3)
- **AUD 6320 - Medical Aspects of Audiology** (3)
- **AUD 6330 - Genetics of Hearing Loss** (3)
- **AUD 6370 - Physiological Assessment Of The Auditory System I** (3)
- **AUD 6371 - Physiological Assessment Of The Auditory System II** (3)
- **AUD 6380 - Vestibular System Assessment** (3)
- **AUD 6400 - Professional And Business Issues In Audiology** (3)
- **AUD 6500 - Clinical Procedures In Audiology** (3)
- **AUD 6800 - Doctoral Preliminary Examination In Audiology** (0)
- **AUD 6850 - Doctoral Qualifying Examination In Audiology** (0)
- **AUD 6910 - Doctoral Project In Audiology I** (2)
- **AUD 6920 - Doctoral Project In Audiology II** (2)
- **AUD 6930 - Doctoral Project In Audiology III** (2)
- **AUD 6981 - Grand Rounds And Seminar In Audiology I** (1)
- **AUD 6982 - Grand Rounds And Seminar In Audiology II** (1)

**Audiology Clinical Courses (45 units minimum)**

- **AUD 6510 - Clinical Practicum In Audiology I** (2)
- **AUD 6520 - Clinical Practicum In Audiology II** (2)
- **AUD 6530 - Clinical Practicum In Audiology III** (2)
- **AUD 6610 - Clinical Externship In Audiology I** (4)
- **AUD 6620 - Clinical Externship In Audiology II** (4)
- **AUD 6630 - Clinical Externship In Audiology III** (4)
- **AUD 6710 - Clinical Residency In Audiology I** (9)
- **AUD 6720 - Clinical Residency In Audiology II** (9)
- **AUD 6730 - Clinical Residency In Audiology III** (9)

In Years 1 and 2, students complete AUD 6510, 6520, and 6530 (Clinic Practical on campus) and then complete the first off-campus clinical experience, AUD 6610, Clinical Externship I. In Year 3, the student completes the remaining externship experiences, AUD 6620 and 6630. In Year 4, the student completes a year-long (three term sequence) of full-time clinical experience in AUD 6710, 6720, and 6730 (Clinical Residency I, II, III)

**Additional Requirements**

- Successful completion of the doctoral preliminary examination after the completion of Year 1 of doctoral study.
- Successful completion of the doctoral qualifying examination after the completion of Year 2 of doctoral study.
- Successful completion of the PRAXIS examination in Audiology at the end of Year 3 of doctoral study.
- Doctoral Investigative Project completed via enrollment in AUD 6910, 6920, and 6930. The project is begun in Year 3 and culminates in the Summer term of Year 4.
- Acceptance and adherence to Program Technical Standards.
Doctor of Education in Educational Leadership, Ed.D.

The doctoral program in Educational Leadership with specializations in both PreK-12 Education and Postsecondary Education is designed to prepare educators to lead reform efforts in California’s Pre-Kindergarten through 12th grade schools, community colleges and postsecondary institutions. The degree program is designed specifically for working professionals in the field of education. The Ed.D. in Educational Leadership has three emphases: Educational System Redesign; Urban Teaching and Learning; and Students’ Special Needs, Supports and Services.

Admission to the Program

For admission to the program, applicants must have:
1. An earned baccalaureate degree and master’s degree from accredited institution of higher education with a cumulative grade point average of 3.0 in upper division courses and 3.25 or above in graduate study. Official transcripts are required.
2. A professional resume.
3. Demonstrated excellence in writing as demonstrated by samples of academic and professional documents.
4. Submission of Graduate Record Examination (GRE) scores on the three sections of the General Test; GRE scores from the previous five (5) years are acceptable as valid for this purpose.
5. Three confidential letters of recommendation attesting to the leadership and scholarship potential of the applicant. One letter should be from a university faculty member who is familiar with the applicant’s work. One letter should be from a person who has supervised the applicant in an employment setting and the final letter should address the applicant’s fit for the selected emphasis area.
6. A written statement of professional purpose that reflects an understanding of the future challenges facing educational organizations and the community they serve.

Requirements for the Degree (60 semester units)

A total of 60 semester units is required, with at least 30 in 6000-level courses and including 12 dissertation units; however, the Ed.D. program at CSULA is designed to be completed exclusively with 6000-level courses and labs. Students must pass a qualifying examination and complete a dissertation. Only students who have been admitted to the doctoral program may enroll in doctoral courses, unless prior approval of the Doctoral Program Director is obtained.

Required Core Courses (27 units)

- EDAD 6010 - Organizational Theory and Leadership for Change (3)
- or
- EDAD 6701 - Governance and Administration of Colleges and Universities (3)
- EDAD 6500 - Advocacy, Community Engagement and Governance: The Social and Political Contexts of Education (3)
- or
- EDFN 6702 - Leadership for Student Development and Academic Success in Colleges and Universities (3)
- EDCI 6600 - Teaching and Learning in Diverse Urban Settings: Equity, Access, and Achievement (3)
- or
- EDCI 6703 - Leadership for Curriculum, Assessment, and Accreditation in Colleges and Universities (3)
- EDFN 6410 - Using Quantitative Methods to Analyze Inequitable Schooling Outcomes and to Target Improvement (4)
- EDFN 6411 - Using Qualitative Research to Explore Teaching and Learning for Diverse Urban Settings (4)
- EDFN 6412 - Practitioner Research Embedded in School Communities (4)
EDSP 6000 - Seminar: Understanding and Using Research to Answer Questions about Diverse Urban Schools (3)
or
EDFN 6020 - Research Methodologies for Urban Educational Leadership (3)

or
EDSP 6040 - Disability, Race, Language, and Gender: Educational Equity, School Policy, and the Law (3)
or
EDAD 6704 - Law and Policy for Postsecondary Leadership (3)

Required Laboratories of Practice (Lab) Courses (minimum 15 units)

- EDFN 6030 - Introduction to Doctoral Research (2)
- EDFN 6051 - Laboratories of Practice: Research Lab (2) (repeated to 9 units minimum*)
- EDFN 6052 - Laboratories of Practice: Community Research Lab (2) (repeated to 4 units)

Sample roadmap year of study in the doctoral program:

Year 1

- EDFN 6030 - Introduction to Doctoral Research (2) - Fall
- EDFN 6051 - Laboratories of Practice: Research Lab (2) - Spring
- EDFN 6052 - Laboratories of Practice: Community Research Lab (2) - Summer

Year 2

- EDFN 6051 - Laboratories of Practice: Research Lab (2) - Fall & Spring
- EDFN 6052 - Laboratories of Practice: Community Research Lab (2) - Summer

Year 3 and Beyond

- EDFN 6051 - Laboratories of Practice: Research Lab (2) * - Fall & Spring

*Students who have been advanced to candidacy (ABD) take EDFN 6051 for 2 units but only 1 unit will count toward the required 60 units for the degree.

Emphases and Elective Courses (6 units)

To complete the required 60 semester units, select with advisor approval, two or more additional elective classes from the courses listed below for a total of 6 units. Students may take additional electives after completion of the first two years of doctoral study, but only 6 elective units will count toward the 60 required units for the degree.

- EDCI 6750 - Advanced Pedagogical Strategies for Achieving Equity (3)
- EDCI 6770 - Leadership in Curriculum and Assessment for Linguistically and Culturally Diverse Urban Students (3)
- EDCI 6620 - Culturally Sensitive Pedagogy in Early Childhood Settings (2)
- EDCI 6640 - Policies and Practices in Early Childhood Education (2)
- EDFN 6140 - Evaluation Methods for Urban Educational Leadership (3)
- EDFN 6420 - Statistical Analysis for Doctoral Students (2)
- EDFN 6430 - Survey Research for Doctoral Students (2)
- EDFN 6520 - Academic Writing and Publication for Doctoral Students (2)
- EDS 6600 - Seminar: Research on Learning Disabilities and Behavior Disorders (3)
- EDAD 6080 - Legislative Action and Educational Policy (3)
- EDAD 6920 - Doctoral Seminar: Special Topics in Educational Leadership for Pre K-16 Education (3)
- EDCI 6705 - Transformational Leadership in Community Colleges (3)
- EDFN 6500 - Research Seminar: Special Topics on Research Methods for Education (2)
- EDFN 6510 - Research Seminar: Special Topics in Educational Disciplines (2)
- EDS 6600 - Seminar: Understanding and Using Research to Answer Questions about Diverse Urban Schools (3)
- COUN 6010 - Research Methods in Single Subject Design (3)
- EDCI 6350 - Teachers, Leadership, and Power in Urban Schools (3)
- EDIT 6000 - Educational Technology Leadership (3)
- EDIT 6010 - Contemporary Issues in Emerging Technologies: Blended Learning Systems (2)
- EDIT 6020 - Human Performance Technology and Social Change (2)
- EDSP 6400 - Research on Exceptional Students from Diverse Cultural and Linguistic Backgrounds (3)
- TESL 6000 - Language Planning and Policy (3)
- EDSP 6050 - Disability in Society (3)

**Additional Course(s) (Advisor Approval)**

- EDAD 6950 - Guided Study for the Dissertation (3)
- EDFN 6980 - Graduate Directed Study (1-9)
- TESL 6020 - Academic Writing for Success in Doctoral Studies (3) *

* Recommended for those students who demonstrate need for instruction in academic writing, including those who did not complete an MA thesis or those who are writing in the second language.

**Dissertation Courses (12 units)**

- EDAD 6260 - Designing and Writing the Doctoral Dissertation Proposal (3)
- EDFN 6990 - Doctoral Dissertation (3) (repeated, minimum 9 units)
Doctor of Nursing Practice (DNP)

The DNP is an applied doctorate in the areas of clinical practice, nursing leadership and nursing education. The purposes of the DNP are to develop advanced competencies for increasingly complex practice, faculty, and leadership roles in nursing and to provide an advanced educational credential for those who require advanced practice knowledge but do not need or want a strong research focus. In addition to developing competencies in evidence-based practice, leadership, health policy and advocacy, graduates will develop in-depth skills in a focused area of nursing practice.

The culminating doctoral project includes a three-semester Integrative Clinical Scholarship experience, embedded in a clinical setting, where the student, under the supervision of a doctoral committee, prepares a scholarly product, such as a pilot study, a program evaluation, a consulting project or a quality improvement project. The theme that links these forms of scholarly experience is the use of evidence to improve practice or patient outcomes.

Each student will complete a minimum of 6 units of preparation for the faculty role, including curriculum development and teaching methods.

Admission Requirements:

Applicants seeking admission to the DNP program must have:
1. A master's degree, from an accredited institution, in nursing or a health related field (i.e., public health, or health administration) and national certification as an APRN (CNS, NP, CNM or CRNA) for preparation as clinicians, leaders or educators,

OR

2. A master's in nursing from an accredited institution in nursing leadership or administration, nursing education, or community health nursing for preparation as nurse educators or nurse leaders.

AND

All Applicants must meet the following criteria:
1. A grade point average of at least 3.5 on a 4.0 scale in overall graduate course work.

2. Pre-requisite courses for admission include master's level coursework in Advanced Physical/Health Assessment, Advanced Pathophysiology and Advanced Pharmacology and a course in inferential statistics within the past five years. Students with a degree other than nursing will be required to make up deficiencies in preparation, such as nursing theory, research, and transcultural nursing.

3. Current, unrestricted, California RN licensure or eligibility and advanced practice national certification and national furnishing/prescriptive authority if applicable, CPR card (BCLS and for Nurse Anesthesia, ACLS and PALS), medical clearance (physical exam, PPD or chest x-ray, MMR, Tdap, Hepatitis B and Varicella), proper automobile licensure and insurance are also required.

4. Eligible for credentialing within clinical site(s) as appropriate.

5. Three letters of reference and a personal written statement of purpose.

6. Official documentation of nursing practicum hours attained during the master's degree program or the post-master's certificate program.

7. Completion of the School of Nursing Application and proof of University application.

8. Completion of interviews and on-site writing sample, as requested.

Degree Requirements:

The DNP courses are held at the collaborating university campuses or are broadcast in a synchronous format. The curriculum has been developed as a program of 6-9 units per semester over 5 semesters. In addition, classes will be scheduled in late afternoons and evenings to
allow for full-time employment. Students will complete a minimum of 1000 hours of clinical experience, inclusive of practicum experience within their master’s program and/or advanced practice education. Students who may have completed prior equivalent graduate course work may complete the degree with a minimum of 30 units in residence.

Evaluation and Measurement Core (12 units)

Management and Leadership Core (6 units)

Practice Core (3 units)

Integrative Clinical Scholarship Core (9 units)

Faculty Development Core (6-9 units)
Doctor of Philosophy in Special Education, Ph.D.

A doctoral program in Special Education, offered jointly by the University of California, Los Angeles (UCLA) and California State University, Los Angeles (Cal State LA), combines the unique resources of the two institutions. The program is designed to prepare graduates for teacher education in special education or other leadership positions in the field. This program offers a focus on disability issues in special education, emphasizing teacher education, theory and pedagogy, and research. Graduates are prepared to assume university faculty positions in which they will conduct teacher education, research, and other scholarly pursuits related to special education and disabilities. This program offers a Ph.D. in special education, thus students are required to obtain both breadth and depth of knowledge in special education and may specialize in specific areas that include but are not limited to: early childhood education, learning disabilities, emotional disturbance, intellectual disability, severe disabilities, physical and health impairments, visual impairments, cultural and linguistic diversity, and transition to adulthood.

The degree requires major work in special education, and breadth work in related areas as well as work in a cognate field outside of education. Advanced courses and research seminars supply technical background in the specialization in which students plan to do their dissertation. Practicum, field work, and/or internship assignments are planned on an individual basis.

**Admission to the Program**

To be considered for admission, applicants must meet the following requirements:

- Completion of a Master's degree in Special Education or a related field.
- Acceptable minimum score on such examinations as may be specified by the Division of Special Education and Counseling joint doctoral program committee (currently a minimum of 145 verbal reasoning and 145 quantitative reasoning scores on the Graduate Record Exam).
- An undergraduate grade point average of 3.0 and a minimum graduate grade point average of 3.5.
- The potential to perform research as demonstrated in evidence submitted to the special education joint doctoral program committee.
- At least three years’ successful professional experience, such as teaching, with individuals with disabilities (if an exception is made at the time of admission, the requirement must be completed prior to advancement to candidacy).
- Three letters of recommendation, preferably two of which should be written by faculty from whom the student has taken graduate work.

Applicants may be asked to participate in an oral interview as part of the screening process. Applicants will be considered for admission by a screening committee consisting of special education faculty from both Cal State LA and UCLA. Students are initially admitted to the Cal State LA campus with conditional acceptance by UCLA. Upon recommendation of the Cal State LA special education joint doctoral program committee, students may make formal application to UCLA and be approved for admission to that campus to complete the program of study.

**Planning the Program**

Upon admission to the program, students meet with an assigned Cal State LA advisor to plan their program of studies at the Cal State LA campus. At the time of transfer to the UCLA campus, a UCLA advisor is assigned to complete the program plan with UCLA course work. Course work is taken at both campuses. Course requirements include the following areas: depth and breadth in core content, research methods, research practicum, and cognate, or outside field of study. Specific courses in each of the required areas are determined by the candidate and the faculty advisors within approved program guidelines. Students’ individual programs are based on the students’ backgrounds and are designed to assure their competencies in the above areas.

The program is planned to provide a comprehensive understanding of the entire field of special education as well as an emphasis area. The program is designed to develop competence in statistics and research; provide an understanding of research relating to individuals with disabilities, strengthen background through study in a cognate area; and provide electives to complete a balanced program of study. The program requires a minimum number of course and practicum experiences to ensure the candidate’s competencies in the above areas.
**Full-Time Requirements**

The first year of the program is primarily at Cal State LA. In the second year and beyond, students primarily take classes at UCLA. All doctoral candidates are required to be full-time students and available during the day for a minimum of one year on the UCLA campus. However, candidates are encouraged to be full-time students throughout their entire doctoral program. The exact distribution of time on each campus will depend upon the individual program.

**The Program**

The program consists of the following requirements: 3 core courses at Cal State LA, 1 higher education teaching practicum at Cal State LA; 5 statistics and research methods courses across both campuses (quantitative and qualitative methods); 5 elective courses (2 at one campus and 3 at the other campus); 3 research practicum courses; 3 cognate courses (outside education), colloquium series at UCLA; research apprentice course with UCLA faculty advisor.

**Core Courses (Required)**

**Cal State LA**

- **EDSP 6000** - Seminar: Understanding and Using Research to Answer Questions about Diverse Urban Schools (3)
- **EDSP 6040** - Disability, Race, Language, and Gender: Educational Equity, School Policy, and the Law (3)
- **EDSP 6100** - Research, Issues, and Practices in College and University Teaching (3)

**Teaching Practicum (Required)**

**Cal State LA**

- **EDSP 6110** - Seminar/Practicum: Teacher Preparation (3)

**Statistics and Research Methods (5 required) (quantitative and qualitative on either campus)**

**Cal State LA**

- **COUN 6010** - Research Methods in Single Subject Design (3)
- **EDFN 6411** - Using Qualitative Research to Explore Teaching and Learning for Diverse Urban Settings (4)

**UCLA**

Many courses fulfill this requirement. Courses to be selected with Cal State LA and UCLA advisors.

**Electives (5 required, 3 courses at one campus and 2 courses at the other campus)**

**Cal State LA**

- **EDSP 6050** - Disability in Society (3)
- **EDSP 6400** - Research on Exceptional Students from Diverse Cultural and Linguistic Backgrounds (3)
- **EDSP 6600** - Seminar: Research on Learning Disabilities and Behavior Disorders (3)
- **EDSP 6800** - Doctoral Seminar: Moderate to Severe and Low-Incidence Disabilities Ages Birth-21 (3)
- **EDSP 6980** - Doctoral Directed Study in Special Education (1-5)

**UCLA - Many courses fulfill this requirement.**

Visit UCLA Catalog at [http://www.registrar.ucla.edu/Archives/General-Catalog-Archive/UCLA-General-Catalog](http://www.registrar.ucla.edu/Archives/General-Catalog-Archive/UCLA-General-Catalog) for current requirements. Courses to be selected with Cal State LA and UCLA advisors.

**Written and Oral Qualifying Examinations**

**Doctoral Screening Examination**

The doctoral screening exam consists of a successfully written second year empirical research project proposal and oral defense of that proposal. The exam assesses a student's ability to clearly present research, justify its significance, and explain the methods. Upon approval of the oral defense of the proposal by a three-member faculty committee, a student then conducts the research project. Students who fail the oral defense will be required to revise their proposal under the supervision of their faculty advisor and screening project committee. Once these revisions are approved students may begin their research project.

**Doctoral Written Qualifying Examination**

When the candidate has completed (or enrolled in the last of) the course work recommended by the student's advisors, application is made for the written qualifying examination. The examination consists of one high quality integrative review paper on a topic chosen by the student with the advice...
of faculty. The examination is scored by faculty at both campuses and follows the guidelines set forth by the UCLA Graduate School of Education and Information Studies. Students who fail this examination will be given a second opportunity to take the examination and can petition for a third opportunity.

**Doctoral Oral Qualifying Examination (Preliminary Orals)**

After the candidate has completed the written qualifying examinations successfully, the candidate will select a dissertation chair who will assist in the selection of the dissertation committee members. This committee will be composed of at least five faculty members, two faculty members from the UCLA Department of Education, two from the Cal State LA Division of Special Education and Counseling, and one UCLA member from the student’s cognate area outside Education. Additional committee members may be appointed at the student’s or advisor’s request. This committee will conduct an oral examination covering topics from special education and other disciplines related to the candidate’s research proposal, to determine the candidate’s qualifications to conduct meaningful research in the field. This oral examination is open only to the committee and the student.

**Advancement to Candidacy**

Candidates who have passed both written qualifying and preliminary oral examinations file an application for advancement to candidacy to UCLA and submit the UCLA application to Cal State LA. Thereafter, enrollment is required each semester in such course or courses as the student’s committee chair may direct, until the dissertation is completed.

**Doctoral Dissertation**

The dissertation, required of every candidate for the Ph.D. degree, embodies the results of the candidate’s independent investigation. It must contribute to the body of knowledge in the field and draw upon interrelations between education and the cognate discipline. The dissertation must be approved by the candidate’s assigned doctoral committee and, after approval, the dissertation must be submitted to both Cal State LA and UCLA.

**Final Oral Examination**

Candidates must pass a final oral examination conducted by the assigned joint doctoral committee stressing the interrelation of the dissertation and existing knowledge in education. The major emphasis of this examination is on defense of the dissertation. The final oral examination is open to faculty, students, and other interested researchers at the discretion of the dissertation chairperson and the student.

**Advisement**

A faculty member on each campus is designated as doctoral advisor for all students intending to apply for admission to the Joint Doctoral Program. As soon as the decision is made to seek admission, applicants should consult with the joint doctoral program coordinator at the Cal State LA campus regarding application deadlines and formal procedures required for consideration for admission to the program.

The addresses and telephone numbers for the doctoral advisors are as follows:

**California State University, Los Angeles**

Early Entrance Program Curriculum

The Early Entrance Program (EEP) is a distinct community within the Honors College. The EEP allows qualified students between the ages of 11 and 15 the opportunity to enroll in College early as full-time students. With a community of approximately 100 students, EEP offers a challenging and focused academic environment, along with dynamic social opportunities, that allow young students to excel in a University setting.

EEP Admissions

- Successful EEP applicants will have at least a 22 English and a 23 Math score on the ACT, or a minimum score of 550 Evidence-Based Reading and Writing and 570 Math.
- Interested applicants must submit qualifying test scores to the EEP office by May 1st of the application year.
- The application process involves submitting an online application, letters of recommendation, transcripts, and a portfolio item. Students and their parents are then interviewed.
- An offer to participate in the 6-week summer Honors Academy is extended to select students after a holistic review of application materials and the interview. Admission to EEP is offered to select students who complete the Honors Academy.

EEP Requirements

- Admitted EEP students are automatically members of the Honors College and are assigned to a class cohort that is enrolled in designated Honors classes for their first year.
- Students are also required to attend regular meetings with EEP staff, participate in scheduled EEP activities, and maintain enrollment as full-time, degree-seeking undergraduates.
- EEP students are responsible for tuition identical to other CSU students and are eligible for financial aid and scholarship assistance.
- All Honors College policies apply to EEP students.
- In addition, EEP students may not enroll in more than 15 units per semester if they earned a term GPA lower than 3.0 in the immediately preceding semester.

Course List for EEP Students (36-38 units)

A. Lower Division Required Courses (26 units)

- ENGL 1010 - Accelerated College Writing (3)
- ENGL 1050 - Argumentative Writing and Critical Thinking (3)
- HIST 2050 - Race and Ethnicity in United States History (3)
- HNRS 1000 - EEP Student Success Workshops (1)
- HNRS 1010 - Introduction to Academic Inquiry in the Honors College (3)
- HNRS 1100 - Reading Los Angeles: Communication in the City of Angels (3)
- HNRS 2900 - Honors Declaration (1)
- MATH 1040 - Precalculus: Functions and Trigonometry (6)
- POLS 1000 - Power, Politics and Engagement in US Government (3)

B. Lower Division Directed Science Elective (3-5 units)

Select 3-5 units with advisor approval.
C. Lower Division Directed Elective (3 units)

Select one course with advisor approval.

- HNRS 2210 - Reading Los Angeles: Engaging Cultural Expressions in a Global City (3)
- HNRS 2310 - Reading Los Angeles: Community and Structure in the Metropolis (3)

D. Upper Division Directed Elective (3 units)

Select one course to meet Upper Division General Education requirements.

- HNRS 3200 - Humanities Approaches to Race, Ethnicity, and "Wicked" Problems (3)
- HNRS 3300 - Addressing "Wicked" Problems through the Social Sciences: A Case Study in Diverse Communities (3)
- HNRS 3400 - Addressing "Wicked" Problems: A Natural Sciences Case Study (3)

E. Honors Thesis/Project (1 unit)

- HNRS 4970 - Honors College Senior Forum (1)
Economics, B.A.

The total number of units required for the Bachelor of Arts degree in Economics is 120 units, of which 55-61 units are in the major depending on the option selected. Consult with an adviser for the specific number of units required in all areas of the degree including GE and free electives.

The Bachelor of Arts degree with a major in Economics prepares students to qualify for positions in business and government. Specific areas include finance, labor, transportation, international trade, banking, and regulatory agencies. A major in economics also provides a foundation for teaching at the college or high school level, and for entrance into graduate school or law school.

Two options are offered: the first emphasizes applied economics, and the second, social and behavioral sciences.

Students pursuing either the major or minor are urged to complete lower division courses before taking upper division courses.

Requirements for the Major (61 units for Applied Economics; 54 units for Social and Behavioral Sciences)

A total of 54-61 units is required for the major, depending on the option selected. All students complete a 30-unit common core of lower and upper division courses in economics, business and math, and take courses in one of the two options to complete remaining degree requirements.

Core Requirements (30 units)

Lower Division Required Courses (15 units)

- ACCT 2100 - Principles of Financial Accounting (3)
- CIS 1200 - Information and Technology Literacy (also listed as CS 1200) (3)
- ECON 2010 - Principles of Economics I: Microeconomics (3)
- ECON 2020 - Principles of Economics II: Macroeconomics (3)
- ECON 2090 - Applied Business and Economic Statistics I (3)

Upper Division Required Courses (15 units)

- ECON 3030 - Money, Banking, and the Economy (3)
- ECON 3090 - Applied Business and Economic Statistics II (3)

- ENGL 3010 - Advanced College Writing (3) or
- BUS 3050 - Business Communications (3)
Option Requirements

Students select one of the following two options, comprising 24-31 units, to fulfill requirements for the major.

- **Applied Economics**
- **Social and Behavioral Sciences**

**Option 1: Applied Economics (31 units)**

This option provides students with applied, more specialized training in economics. It is recommended for students interested in a career that requires applied business and economics skills.

**Lower Division Required Course (4)**

- **MATH 2110 - Calculus I** (4)

**Upper Division Required Courses (12 units)**

- **ECON 4010 - Mathematical Economics** (3)
- **ECON 4100 - Microeconomics** (3)
- **ECON 4140 - Econometrics I** (3)
- **ECON 4150 - Applied Economic and Business Forecasting** (3)

**Elective Field Courses (15 units)**

Select 12 units of courses from one of the following fields, plus 3 additional units of upper division economics courses, with adviser approval.

**Field 1: International Economics**

- **ECON 4260 - International Political Economy (also listed as POLS 4260)** (3)
- **ECON 4600 - Economics of Developing Countries** (3)
- **ECON 4610 - Economics of International Trade** (3)
- **ECON 4620 - International Monetary Economics** (3)
- **ECON 4650 - Current Issues in Latin American Economies** (3)
- **ECON 4900 - Issues in the Economics of Globalization** (3)

**Field 2: Public Policy**

- **GEOG 3690 - Fundamentals of Geographic Information Systems** (3)
- **ECON 3500 - Economics of Poverty and Inequality in the U.S.** (3)
- **ECON 4110 - Market Structure and Strategic Firm Behavior** (3)
- **ECON 4300 - Labor Economics** (3)
- **ECON 4330 - Economics of the Public Sector** (3)
- **ECON 4340 - Environmental Economics** (3)
- **ECON 4400 - Urban and Regional Economics** (3)
- **ECON 4720 - Labor Relations and Collective Bargaining** (3)
- **ECON 4800 - Economics of Health Care** (3)

**Field 3: Financial Economics**

- **ECON 4350 - Market Indicators and Federal Reserve Policy** (3)
- **ECON 4620 - International Monetary Economics** (3)
- **FIN 3030 - Business Finance** (3)
Option 2: Social and Behavioral Sciences (24 units)

This option serves students with interdisciplinary interests in economics and other areas of social and behavioral sciences.

**Upper Division Required Courses (3 units)**

- ECON 4110 - Market Structure and Strategic Firm Behavior (3)

**Electives (21 units)**

**Electives on Economics Issues (9 units)**

Select 9 units from the following:

- ECON 3500 - Economics of Poverty and Inequality in the U.S. (3)
- ECON 4260 - International Political Economy (also listed as POLS 4260) (3)
- ECON 4300 - Labor Economics (3)
- ECON 4330 - Economics of the Public Sector (3)
- ECON 4340 - Environmental Economics (3)
- ECON 4400 - Urban and Regional Economics (3)
- ECON 4650 - Current Issues in Latin American Economies (3)
- ECON 4720 - Labor Relations and Collective Bargaining (3)
- ECON 4800 - Economics of Health Care (3)
- ECON 4900 - Issues in the Economics of Globalization (3)

**General Electives (12 units)**

Select 12 upper division units in the social sciences, economics or other courses in the College of Business and Economics, with adviser approval.
Economics, M.A.

The Financial Economics option conveys skills in financial and economic analyses desired by consulting and securities firms, and related institutions such as investment banks, mutual funds, and insurance companies.

The Global Economics option conveys analytical skills as well as institutional knowledge of the global economy. The option prepares students for employment by consulting companies, government agencies, multinational business corporations, and international organizations.

The Public Policy option conveys skills in evaluating costs and benefits of government policies. The option also transmits institutional knowledge of various government programs. The option prepares students for a career in local, state, or federal government agencies, public interest groups, advocacy organizations, consulting agencies, research institutes, and nonprofit or for-profit corporations operating in such areas as urban development and health care.

Admission to the Program

In addition to University requirements for conditional admission to graduate study, applicants should have a minimum grade point average (GPA) of 2.75 (A=4.00) in the last sixty semester units. Applicants with a GPA just under 2.75 may be considered for admission at the discretion of the department.

For admission to classified graduate standing in Economics, applicants must meet the above admission requirements plus the following prerequisites: equivalent of the baccalaureate in Economics at Cal State L. A. or completion with a B (3.0) average of a set of prerequisite courses selected by a department advisor, and filing of a program, including electives, with the College of Business and Economics Advisement Center.

If qualifying courses are required, they must be designated in advance. They may include upper division and prerequisite courses.

Learning Outcomes

Road Map

Requirements for the Degree (30-31 units)

Core Courses (15 units)

- ECON 5100 - Seminar: Applied Microeconomic Analysis (3)
- ECON 5140 - Seminar: Econometric Analysis (3)
- ECON 5150 - Seminar: Applied Econometrics (3)
- ECON 5200 - Seminar: Macroeconomics and Monetary Policy (3)
- ECON 5210 - Seminar: International Macroeconomics and Currency Crises (3)

Electives (0-3 units)

Students selecting the comprehensive examination must complete the following 3-unit course as a co-requisite for BUS 5960.

- ECON 5910 - Research in Economics (3)
Culminating Experience (0, 4 units)

- ECON 5990A - Thesis (2)
- ECON 5990B - Thesis (2)

or

- ECON 5960 - Comprehensive Exam (0-12)

Note: Students who select the comprehensive examination (ECON 5960) should expect to take it the semester they complete all course work in their program, and have complied with all college and departmental requirements.

Options

Students select one of the following options for 12 units. Electives are determined in conference with a graduate adviser to meet the professional objectives of the student.

- Financial Economics Option
- Global Economics Option
- Public Policy Economics Option

Financial Economics (12 units)

Option Required Courses (6 units)

- FIN 5300 - Seminar: Business Finance (3)
- FIN 5310 - Seminar: Financial Institutions (3)

Option Electives (6 units)

Select two courses from the following:

- ECON 4350 - Market Indicators and Federal Reserve Policy (3)
- ECON 4620 - International Monetary Economics (3)
- FIN 5330 - Seminar: International Finance (3)
- FIN 5340 - Seminar: Portfolio Management (3)
- FIN 5350 - Seminar: Options, Futures, and other Derivatives (3)

Global Economics Option (12 units)

Option Required Courses (6 units)

- ECON 5600 - Seminar: Current Issues in Economic Development (3)
- ECON 5610 - Seminar: International Economics (3)

Option Electives (6 units)

Select from the following:

- ECON 4260 - International Political Economy (also listed as POLS 4260) (3)
- ECON 4600 - Economics of Developing Countries (3)
- ECON 4610 - Economics of International Trade (3)
- ECON 4620 - International Monetary Economics (3)
- ECON 4650 - Current Issues in Latin American Economies (3)
- ECON 4900 - Issues in the Economics of Globalization (3)

Public Policy Economics (12 units)

Option Required Courses (6 units)

Education Specialist Credential Programs

California credential programs, approved by the Commission on Teacher Credentialing (CTC), authorize the granting of special education credentials as "basic" credentials. The approved programs at California State University, Los Angeles (Cal State LA) includes the following programs:

- Preliminary Education Specialist Credentials
- Clear (Induction) Education Specialist Credentials
- Intern Credentials in Special Education
- Added authorizations (see advisor for a complete listing of approved added authorizations offered)
- Specialist Program combined with a Master of Arts Degree in Special Education

Standards for the English language authorization are embedded in the preliminary education specialist programs and are approved by the CTC for the following authorization:

The credential completed under these requirements will authorize the holder to provide the following services to English learners:

1. instruction for English language development; and
2. specially designed content instruction delivered in English.

All education specialist credential program options address the continuum of service delivery:

The continuum includes: general education settings; resource rooms or services; special education settings; special schools; home/hospital settings; correctional facilities; non-public, non-sectarian schools and agencies as defined in education code sections 56365 and 56366; and alternative and non-traditional instructional public school settings other than classrooms.

The following material provides general credential information. Students must also attend a group advisement session, read the advisement material of the Division of Special Education and Counseling and consult with a faculty advisor.

NOTE: Candidates are responsible for examinations required for the credential by the state of California (e.g., CBEST, CSET, RICA) and should review the CTC website at www.ctc.ca.gov for current requirements or consult with an advisor for current policies.

Education Specialist Credential Program Areas

Early Childhood Special Education (ECSE):

Authorization
The Education Specialist Instruction Credential: Early Childhood Special Education authorizes the holder to conduct assessments, provide instruction, and special education-related services to children from birth through pre-kindergarten, with a primary disability of specific learning disabilities, mild/moderate intellectual disabilities, traumatic brain injury, other health impairment, autism spectrum disorders, moderate/severe intellectual disabilities, deaf-blindness, serious emotional disturbance, and multiple disabilities in services across the continuum of program options available.

Mild/Moderate Disabilities (MM):

Authorization
The Education Specialist Instruction Credential: Mild/Moderate Disabilities authorizes the holder to conduct assessments, provide instruction, and special education-related services to individuals with a primary disability of specific learning disabilities, mild/moderate intellectual disabilities, other health impairment, emotional disturbance, and autism spectrum disorders within the disability area, in kindergarten, grades 1 through 12, and classes organized primarily for adults in services across the continuum of program options available.

Moderate/Severe Disabilities (MS):

Authorization
The Education Specialist Instruction Credential: Moderate/Severe Disabilities authorizes the holder to conduct assessments, provide instruction, and special education-related services to individuals with a primary disability of autism, moderate/severe intellectual disabilities, deaf-blind, emotional disturbance, and multiple disabilities, in kindergarten, grades 1 through 12 to age 22, and classes organized primarily for adults in services across the continuum of program options available.

Physical and Health Impairments (PHI):

Authorization
The Education Specialist Instruction Credential: Physical and Health Impairments authorizes the holder to conduct assessments, provide instruction, and special education-related services to individuals with a primary disability of orthopedic impairment, other health impairment, multiple disabilities, traumatic brain injury, and autism spectrum disorders within the disability area, from birth through to age 22, and classes organized primarily for adults in services across the continuum of program options available.

Visual Impairments and Blindness (VI):

Authorization
The Education Specialist Instruction Credential: Visual Impairments authorizes the holder to conduct assessments, provide instruction, and special education-related services to individuals with a primary disability of visual impairment including blind, deaf-blind, and autism spectrum disorders within the disability area, from birth through age 22, and classes organized primarily for adults in services across the continuum of program options available.

The Division of Special Education and Counseling also offers:

The Clinical or Rehabilitative Services Credential: Orientation and Mobility (Q&M):

This program prepares related service specialists to provide services to students who are blind, visually impaired, and deaf-blind with age-appropriate, hands-on experiences to allow them to learn how to navigate their natural travel settings: including home, school, and community to become independent travelers and assist in the development of a meaningful conceptual understanding of the environment. The O&M services credential authorizes the holder to provide services to students from birth - 22 years and adults who have visual impairments and blindness, including individuals with additional disabilities.

Admission to Credential Programs

All students who plan to enter a program for one of the Education Specialist credentials must apply for admission to the university and the Charter College of Education Credential Program. Students in upper-division standing at Cal State LA are eligible to apply and enter the program. Credential candidates must attend a group advisement session prior to admission to the program.

Effective January 5, 2015, all applicants for re-admission will be required to complete a re-admission protocol and interview for consideration. Please see Charter College of Education, Office for Student Services website for specifics.

(Students apply directly to the Orientation & Mobility program for admissions to the Clinical Rehabilitative Services Credential and MA degree program).

Admission requirements are based on Title 5, California Code of Regulations, University regulations, and Charter College of Education (CCOE) policies.

Requirements for conditional admission to The Education Specialist Credential Programs

- Application to the California State University, Los Angeles (Cal State LA)
- Minimum 2.75 GPA in the last 60 semester units or 90 quarter units
- CCOE application for admission
- Official transcripts
- Strong and supportive letters of recommendation
- A well written and meaningful philosophy of education statement
- Verification of negative TB test taken within one year before completion of directed teaching by a personal physician or at Cal State LA Health Center.
- Background clearance from the California Commission on Teacher Credentialing (CTC) Proof of completion or attempt of Basic Skills Requirement (BSR) through one of the following:
  - Proof of attempt of all three sections of the CBEST
  - Passing scores from the California Subject Examinations for Teachers (CSET): Multiple Subjects Examination (subtests #101, 102, and 103) plus the Writing Skills Examination (#142).
  - Passing scores from the CSU Early Assessment Program (EAP), English and Maths, or CSU English placement (EPT) and Entry-Level Mathematics (ELM) test; or one of the followings:
    - Proof of passage of CTC approved out-of-state basic skills exam, or
    - Achieve a qualifying score on the ACT (23 Math, 22 English) or SAT (550 Math, 500 English), or
    - Scored 3 or above on approved Math and English sections of the College Board Advanced Placement Examinations, or
    - Completion of other required CTC exams and procedures as applicable.

Eligible applicants are initially admitted to the Charter College of Education with conditions, but in order to continue in the education specialist
credential program, they must satisfy the following criteria:

- Completion of EDSP 4001 or equivalent. (with verification of completion of 45 hours of early field experience, signed and approved by the instructor) or holding a valid California Teaching/Service credential.
- Completion of a successful oral interview and program planning sheet for each credential objective.
- Interview with and recommendation for admission to the teaching credential by the admission committee (if applicable).
- Verification of writing proficiency through one of the following:
  - Successful completion of UNIV 4000 or UNIV 4010. 
  - Graduate students may meet this requirement with a score of 41 or higher on the writing section of the CBEST and must show their original CBEST scores to the staff in the Office for Student Services for verification; or
  - Acceptable alternative by petition.

NOTE Students in the Early Childhood Special Education program must have an undergraduate degree in Child Development or equivalent, OR at least 9 semester units of Child Development coursework and experience with children under the age of five (as determined by the faculty advisor).

**Admission Requirements for Intern Credential Programs**

- Bachelor’s degree from an accredited college or university.
- Admission to the Education Specialist Credential program.
- Completion of the Basic Skills Requirement (BSR).
- Pass UNIV 4000 or UNIV 4010, the Writing Proficiency Examination (WPE), a score of 41 or better on the writing section of the CBEST examination, or acceptable alternative by petition.
- Verification of completion of FOLSC 1000, equivalent course, approved US Constitution exam.
- Employment or offer of employment by a school district with a partnership agreement with Cal State LA.
- Interview with and recommendation for admission by Division of Special Education and Counseling intern advisor.
- Subject matter competency as demonstrated by an approved B.A. degree program or by CTC approved examination (CSET) and successful completion of EDSP 4000, EDSP 4001, and EDSP 4010 or valid preliminary or clear Multiple Subjects or Single Subjects Credential.

**Note** Early childhood special education (ECSE) candidates are not required to take a subject matter examination; ECSE candidates demonstrate subject matter competency through completion of a child development undergraduate major or equivalent and must complete EDSP 4000 and EDSP 4010.

- Application to the CTC (through the Charter College of Education Office for Student Services) for the intern credential.

**Directed Teaching Information**

Directed Teaching, which includes both early directed teaching and final directed teaching, is one of the most important phases of teacher education at Cal State LA. Candidates are not automatically admitted to early or final directed teaching by the completion of course work alone; they must fulfill the following criteria:

- Admission to the Education Specialist Credential program.
- Application for directed teaching by the posted application deadline (Wednesday of the second week of the semester preceding the assignment).
- Attendance at scheduled Special Education Directed Teaching Orientation meeting during the semester preceding the assignment.
- Subject matter competency as outlined by the CTC [i.e., demonstrated by an approved B.A. degree program or by CTC approved examination (e.g. CSET)].

**NOTE 1** For early fieldwork completed in each credential area: EDSP 4061 (MM); EDSP 4062 (MS); EDSP 4063 (PHI); EDSP 4064 (VI); EDSP 4065 (ECSE), and EDSP 4081 (MM); EDSP 4082 (MS); EDSP 4083 (PHI); EDSP 4084 (VI); EDSP 4085 (ECSE) enrollment priority is given to students who demonstrate subject matter competency by undergraduate waiver program or exam.

**NOTE 2** Early Childhood Special Education (ECSE) candidates are not required to take a subject matter examination; ECSE candidates demonstrate subject matter competency through completion of a Child Development Undergraduate major or equivalent.

- A minimum B (3.0) grade point average and grades of C or higher are required in all professional education courses.
- Verification of completion of basic skills requirement.
- Verification of negative TB test taken within one year before completion of directed teaching by a personal physician or at Cal State LA Health Center.

Students who meet all of the above criteria and who have completed the prerequisite course work will be approved for directed teaching.

**Final Directed Teaching**

In addition to the above requirements, enrollment in Final Directed Teaching in Approved Candidate Teaching Assignment, EDSP 4091 (MM); EDSP 4092 (MS); EDSP 4093 (PHI); EDSP 4094 (VI); EDSP 4095 (ECSE), requires a positive recommendation from the university supervisor from early fieldwork and approval of the credential advisor or the division chair. Candidates must also meet all residency requirements. Because of the amount of time and work required for final directed teaching, students must restrict the number of additional units in their program (maximum of 3 units) and curtail their out-of-school workload for the duration of such assignments.

Candidates who receive a grade of “RP” in Early Fieldwork, EDSP 4061 (MM); EDSP 4062 (MS); EDSP 4063 (PHI); EDSP 4064 (VI); EDSP 4065 (ECSE), must meet the following criteria:

- Successful completion of UNIV 4000 or UNIV 4010.
- Pass UNIV 4000 or UNIV 4010, the Writing Proficiency Examination (WPE), a score of 41 or better on the writing section of the CBEST examination, or acceptable alternative by petition.
- Employment or offer of employment by a school district with a partnership agreement with Cal State LA.
- Interview with and recommendation for admission by Division of Special Education and Counseling intern advisor.
- Subject matter competency as demonstrated by an approved B.A. degree program or by CTC approved examination (CSET) and successful completion of EDSP 4000, EDSP 4001, and EDSP 4010 or valid preliminary or clear Multiple Subjects or Single Subjects Credential.

**Note** Early childhood special education (ECSE) candidates are not required to take a subject matter examination; ECSE candidates demonstrate subject matter competency through completion of a child development undergraduate major or equivalent and must complete EDSP 4000 and EDSP 4010.

- Application to the CTC (through the Charter College of Education Office for Student Services) for the intern credential.
must enroll in Final Directed Teaching, [EDSP 4071 (MM); EDSP 4072 (MS); EDSP 4073 (PHI); EDSP 4074 (VI); EDSP 4075 (ECSE); 9 units], for their final directed teaching. Candidates who receive a grade of "NC" in early or final fieldwork (including the learning center) will be required to repeat the experience. Candidates who repeat the early or final fieldwork experience and receive a second grade of "NC" will be exited from the Education Specialist Credential Program.

NOTE Passage of the Reading Instruction Competence Assessment (RICA) is a requirement for all Education Specialist Credentials (except ECSE) and must be completed prior to application for the credential.

Eligibility for the Education Specialist Intern Credential

The Education Specialist Intern Credential is issued for a maximum of 2 years:

Option I Candidates who have completed the requirements for a Preliminary or Professional Multiple Subject or Single Subject credential (who have met the admission requirements listed above) may apply for an Education Specialist Intern Credential.

Option II This option is restricted to individuals who have completed the admission requirements for the internship program (described above) and have been recommended for the internship. Instruction in the required courses is modified to emphasize the beginning skills that are needed by new teachers and where additional support can be provided to the intern. In this option, EDSP 4000, EDSP 4001, and EDSP 4010 are prerequisites for formal admission to the program and for recommendation for the intern credential.

NOTE All intern credential students, upon completion of admission requirements for either Options I or II should follow the recommended course sequence. Please find a sample sequence of required courses for intern candidates in the Education Specialist Credential Programs at www.calstatela.edu/spedcredseq. The course sequence outlines how the Preliminary Education Specialist Credential can be completed in two years. Interns must enroll in EDSP 4950 every semester they are enrolled in the Intern Program except those semesters in which they enroll in the early or final fieldwork practicum.

Preliminary Education Specialist Credentials

Each credential area has core and specialization requirements (including fieldwork) designed specifically for the area. For individuals already possessing a valid California teaching credential, please see individual advisors for program requirements.

Prerequisite courses may be taken as part of the program if approved by the program coordinator:

- EDSP 4000 - Foundations of Special Education (3)
- EDSP 4001 - Observations in Urban Classrooms (1)

Early Childhood Special Education (45 units)

Additional admission/prerequisite requirements:

B.A. degree in Child Development or related field, OR
At least 9 semester units of Child Development coursework.

Experience with young children under five years of age as determined by an academic advisor. Prerequisite courses may be taken as part of the program if approved by the program coordinator. Criteria for approval are based on evaluation of previous coursework and professional experience in Early Childhood programs.

Core Requirements (10 units)

- EDSP 4000 - Foundations of Special Education (3)
- EDSP 4001 - Observations in Urban Classrooms (1)
- EDSP 4010 - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (3)
- EDSP 4030 - Behavior Supports, Social Skills, and Classroom Management (3)

Specialization Requirements (35 units)

- EDSP 4141 - Early Childhood Special Education Intervention Lab (6)
- EDSP 4160 - Working with Families of Young Children with Special Needs (3)
- EDSP 4630 - Augmentative and Alternative Communication in Special Education (3)
- EDSP 5140 - Assessment and Evaluation in Early Childhood Special Education (3)
- EDSP 5150 - Interventions for Infants and Young Children with Special Needs (3)
- EDSP 5160 - Medical and Behavioral Characteristics of Young Infants with Special Needs (3)
- EDSP 5170 - Advanced Issues in Early Childhood Special Education (3)
- EDSP 5670 - Low Incidence Early Childhood Special Education (2)
- EDSP 5886 - Educating Students with Autism Spectrum Disorders (3)

- EDSP 4065 - Student Teaching with Master Teacher in Early Intervention (Birth-3) (4)
- EDSP 4085 - Directed Teaching in Approved Teaching Assignment: Early Intervention (Birth-3) *(4) *
- EDSP 4075 - Student Teaching with a Master Teacher in Preschool Special Education *(6) or
- EDSP 4095 - Directed Teaching in Approved Candidate Teaching Assignment: Preschool Special Education *(6) *

* Note - These two practica may be done in a candidate's own work setting with approval from the program coordinator.

## Mild/Moderate Disabilities (42 units)

### Core Requirements (24 units)

- **EDEL 4170** - Curriculum and Teaching of Elementary Mathematics *(3) *
- **EDIT 5100** - Using Educational and Assistive Technology *(2) *
- **EDSP 4010** - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs *(3) *
- **EDSP 4020** - Assessment and Educational Planning for Students with Disabilities *(3) *
- **EDSP 4030** - Behavior Supports, Social Skills, and Classroom Management *(3) *
- **EDSP 4040** - Collaboration, Co-Teaching, and Consultation for Effective Education and Transition Planning *(3) *
- **EDSP 4050** - Instruction to Support Students with Disabilities in Core English/Language Arts Curriculum *(3) *
- **EDSP 4061** - Early Fieldwork in Inclusive Teaching: Mild/Moderate Disabilities *(4) or
- **EDSP 4081** - Early Fieldwork in Approved Teaching Assignment: Mild/Moderate Disabilities *(4) *

### Specialization Requirements (18 units)

- **EDSP 4252** - Instructional Planning and Delivery for Students with Mild/Moderate Disabilities *(3) *
- **EDSP 4253** - Instruction, Assessment, and Curricular Supports in Mathematics, Science and Social Studies for Students with Mild/Moderate Disabilities *(3) *
- **EDSP 5257** - Advanced Study of Literacy Problems and Specialized Interventions for Students with Mild/Moderate Disabilities *(3) *
- **EDSP 4091** - Final Directed Teaching in Approved Candidate Teaching Assignment: Mild/Moderate Disabilities *(9) or
- **EDSP 4071** - Final Directed Student Teaching with a Master Teacher: Mild/Moderate Disabilities *(9) or
- **EDSP 5050** - Fieldwork in Residency: Mild/Moderate Disabilities *(6) *

## Moderate/Severe Disabilities (44 units)

### Core Requirements (21 units)

- **EDEL 4170** - Curriculum and Teaching of Elementary Mathematics *(3) *
- **EDIT 5100** - Using Educational and Assistive Technology *(2) *
- **EDSP 4010** - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs *(3) *
- **EDSP 4020** - Assessment and Educational Planning for Students with Disabilities *(3) *
- **EDSP 4030** - Behavior Supports, Social Skills, and Classroom Management *(3) *
- **EDSP 4050** - Instruction to Support Students with Disabilities in Core English/Language Arts Curriculum *(3) *
- **EDSP 4062** - Early Fieldwork in Inclusive Teaching: Moderate/Severe Disabilities *(4) or
- **EDSP 4082** - Early Fieldwork in Approved Teaching Assignment: Moderate/Severe Disabilities *(4) *

### Specialization Requirements (23 units)

- **EDSP 4040** - Collaboration, Co-Teaching, and Consultation for Effective Education and Transition Planning *(3) *
- **EDSP 4072** - Final Directed Student Teaching with a Master Teacher: Moderate/Severe Disabilities *(9) or
- **EDSP 4092** - Final Directed Teaching in Approved Candidate Teaching Assignment: Moderate/Severe Disabilities *(9) *
- **EDSP 4310** - Curriculum and Instructional Methods for Students with Moderate/Severe Disabilities *(3) *
- **EDSP 4630** - Augmentative and Alternative Communication in Special Education *(3) *
- **EDSP 5310** - Building Social Competencies of Students with Moderate/Severe Disabilities *(3) *
- **EDSP 5610** - Essential and Functional Skills for Students with Physical, Health, and Multiple Disabilities *(2) *
Physical and Health Impairments (46 units)

Core Requirements (21 units)

- EDEL 4170 - Curriculum and Teaching of Elementary Mathematics (3)
- EDIT 5100 - Using Educational and Assistive Technology (2)
- EDSP 4010 - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (3)
- EDSP 4020 - Assessment and Educational Planning for Students with Disabilities (3)
- EDSP 4030 - Behavior Supports, Social Skills, and Classroom Management (3)
- EDSP 4050 - Instruction to Support Students with Disabilities in Core English/Language Arts Curriculum (3)
- EDSP 4063 - Early Fieldwork in Teaching: Physical and Health Impairments (4)
- EDSP 4083 - Early Fieldwork in Approved Teaching Assignment: Physical and Health Impairments (4)

Specialization Requirements (25 units)

- EDSP 4073 - Final Directed Student Teaching with a Master Teacher: Physical and Health Impairments (9)
- EDSP 4093 - Final Directed Teaching in Approved Candidate Teaching Assignment: Physical and Health Impairments (9)
- EDSP 4060 - Implications of Physical and Health Impairments (3)
- EDSP 4620 - Understanding Physical, Health, and Multiple Disabilities (3)
- EDSP 4630 - Augmentative and Alternative Communication in Special Education (3)
- EDSP 4640 - Assessment and Curricular Adaptations for Students with Physical, Health, and Multiple Disabilities (3)
- EDSP 5610 - Essential and Functional Skills for Students with Physical, Health, and Multiple Disabilities (2)
- EDSP 5670 - Low Incidence Early Childhood Special Education (2)

Visual Impairments (46 units)

Core Requirements (13 units)

- EDSP 4010 - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (3)
- EDSP 4050 - Instruction to Support Students with Disabilities in Core English/Language Arts Curriculum (3)
- EDSP 4064 - Early Fieldwork in Teaching: Visual Impairments (4)
- EDSP 4084 - Early Fieldwork in Approved Teaching Assignment: Visual Impairments (4)
- EDEL 4170 - Curriculum and Teaching of Elementary Mathematics (3)

Specialization Requirements (33 units)

- EDSP 4074 - Final Directed Student Teaching with a Master Teacher: Visual Impairments (9)
- EDSP 4094 - Final Directed Teaching in Approved Candidate Teaching Assignment: Visual Impairments (9)
- EDSP 4650 - Medical Aspects of Visual Impairments (2)
- EDSP 4650L - Functional Low Vision Assessment (1)
- EDSP 4660 - Literary Braille Code for Individuals with Visual Impairments (3)
- EDSP 4690 - Psychological, Sociological, and Vocational Implications of Visual Impairment and Blindness (2)
- EDSP 5640 - Academic Skills for Individuals with Visual Impairment and Blindness (3)
- EDSP 5660 - Advanced Braille Codes for Individuals with Visual Impairments (3)
- EDSP 5660L - Learning Media Assessment (2)
- EDSP 5661 - Braille Competency Examination (1)
- EDSP 5670 - Low Incidence Early Childhood Special Education (2)
- EDSP 5680 - Functional Skills from the Expanded Core Curriculum for Students who are Blind or Visually Impaired (2)
- EDSP 5690 - Specialized Technology for Individuals with Visual Impairments (3)
- EDSP 5760 - Seminar in Visual Impairment and Additional Disabilities (2)

Clear (Induction) Education Specialist Credentials (12 units)
The induction program provides a two-year, individualized, job-embedded system of mentoring, support, and professional learning that leads to recommendation for a Clear Credential for those currently holding a preliminary education specialist credential.

The induction program consists of 9 units of EDSP 5096 across three semesters, and 3 units of EDSP 5097 in the final semester. Completion of the induction program qualifies candidate for recommendation to the California Commission of Teacher Credentialing for a Clear Credential.

- EDSP 5096 - Development of Induction Plan (also listed as EDCI 5096) (3, 3, 3)
- EDSP 5097 - Assessment of Induction (also listed as EDCI 5097) (3)

**Education Specialist Intern Credential**

Upon completion of admission requirements, students should follow the recommended course sequence. Interns must enroll in EDSP 4950 every semester they are enrolled in the Intern Program except those semesters in which they enroll in the early or final fieldwork practicum.

**Integrated Major Option (35-36 units)**

For students in these specific majors: Chicano/Latino Studies, Child Development, Liberal Studies, Urban Learning.

Completion of this option qualifies students to be eligible for an intern credential with verification of employment from a cooperating school district. For a Preliminary Education Specialist Credential, students must complete additional credential course work in their area of specialization (i.e., mild/moderate disabilities, moderate/severe disabilities, physical and health impairments or visual impairments).

- Students must consult a program advisor for specific program requirements.
- A minimum GPA of 2.67 overall is required for enrollment in EDSP 4001.
- Students must apply for admission to the Charter College of Education the semester before enrolling in EDSP 4001.
- Before being formally admitted to the credential program, students must meet the Basic Skills Requirement, hold a Certificate of Clearance, and have credit for the WPE.
- Students should see a major advisor regarding the completion of the degree and other credential requirements.

**Required Coursework (29 units)**

- COUN 2020 - Integration of Adults with Disabilities in the U.S. Society (3)
- EDSP 3010 - Individuals with Disabilities in Contemporary Society (3)
- EDSP 4010 - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (3)
- EDSP 4020 - Assessment and Educational Planning for Students with Disabilities (3)
- EDSP 4030 - Behavior Supports, Social Skills, and Classroom Management (3)
- EDSP 4040 - Collaboration, Co-Teaching, and Consultation for Effective Education and Transition Planning (3)
- EDSP 4050 - Instruction to Support Students with Disabilities in Core English/Language Arts Curriculum (3)
- EDFN 4130 - Introduction to Psychological Foundations of Education (2)
- EDEL 4150 - Curriculum and Teaching of Reading and Language Arts (3)
- EDEL 4170 - Curriculum and Teaching of Elementary Mathematics (3)

**Specialization Coursework (6-7 units)**

With approval of a Special Education Credential advisor, complete appropriate course work in area of specialization.

Mild/Moderate Disabilities

- EDSP 4061 - Early Fieldwork in Inclusive Teaching: Mild/Moderate Disabilities (4)
- EDSP 4252 - Instructional Planning and Delivery for Students with Mild/Moderate Disabilities (3)
  or
- Moderate/Severe Disabilities
- EDSP 4062 - Early Fieldwork in Inclusive Teaching: Moderate/Severe Disabilities (4)
- EDSP 4310 - Curriculum and Instructional Methods for Students with Moderate/Severe Disabilities (3)
  or
- Physical and Health Impairments
- EDSP 4063 - Early Fieldwork in Teaching: Physical and Health Impairments (4)
- EDSP 4600 - Implications of Physical and Health Impairments (3)
  or
- Visual Impairments
- EDSP 4064 - Early Fieldwork in Teaching: Visual Impairments (4)
- EDSP 4650 - Medical Aspects of Visual Impairments (2)

**The Clinical or Rehabilitative Services Credential: Orientation & Mobility (32 units)**
This service credential program is a Professional Clear Credential and does not utilize the core requirements of the Education Specialist teaching credentials. The basic skills requirement must be met (e.g., CBEST), but the subject matter (e.g. CSET EXAM) and RICA are not required.

Core Requirements (3 units)

- EDSP 4000 - Foundations of Special Education (3)

Specialization Requirements (29 units)

- EDSP 4066 - Student Teaching with a Master Teacher; Orientation and Mobility (4)
- EDSP 4650 - Medical Aspects of Visual Impairments (2)
- EDSP 4690 - Psychological, Sociological, and Vocational Implications of Visual Impairment and Blindness (2)
- EDSP 4706 - Observation in Orientation and Mobility (1)
- EDSP 4750 - Basic Travel in Orientation and Mobility for People who are Blind (3)
- EDSP 4751 - Advanced Travel and Assistive Technology in Orientation and Mobility for Individuals who are Blind (3)
- EDSP 4780 - Instructional Strategies, Individualized Programming and Diversity in Orientation and Mobility (3)
- EDSP 5036 - Fieldwork in Special Education; Orientation & Mobility Internship (3)
  (repeat 3 units)
- EDSP 5750 - Seminar in Orientation and Mobility for Individuals who are Blind (3)
- EDSP 5760 - Seminar in Visual Impairment and Additional Disabilities (2)

Note Candidates must earn a grade of "B" or better in each fieldwork class (e.g., EDSP 4066 and EDSP 5036). Along with meeting all other requirements, candidates must earn a grade of "B" or better in a fieldwork experience with school-age students in order to be recommended for the Clinical Rehabilitative Services Credential in O&M. Candidates who receive a grade of "C" or less in any O&M fieldwork class must complete a written plan for improvement with a faculty advisor and repeat the fieldwork course. Candidates who receive a second grade of "C" or less in any subsequent fieldwork class will be exited from the credential and master’s degree program.
Education, M.A.: Option in Bilingual/Multicultural Education in the Urban Classroom

Notice to Students RE: Professional Licensure and Certification

The Master of Arts degree in Education with an Option in Bilingual/Multicultural Education in the Urban Classroom offers candidates the opportunity to develop the necessary knowledge and skills to meet the needs of children in urban schools particularly those children who are English language learners. It also offers candidates the opportunity to select courses that are specifically designed to combine theory and research with practical classroom application for use in bilingual, dual language, and cross cultural settings.

Admission to the Program

For admission to the program, applicants must:
1. Meet the university requirements for admission to graduate study,
2. Have a 2.75 or higher grade point average in their last 60 semester (or 90 quarter) units attempted,
3. Have completed EDCI 4010 or equivalent,
4. Have consulted with a faculty advisor.

Students are encouraged to complete a valid teaching credential issued by California or any state by the end of this program.

Requirements for the Degree (minimum of 30 units)

A minimum of 30 units is required, including at least 15 in 5000-level courses. Students must pass a comprehensive examination or complete a thesis or project. There is a limit on credit that may be earned in variable-unit courses. See Restrictions on Credit Earned in Variable Unit courses in the Charter College of Education section in the Academic Programs: College-based and University-wide chapter in the catalog.

Required Core (12 units)

- EDCI 5350 - Teaching for Cross-Cultural and Global Awareness (3)
- EDCI 5370 - Teacher Leadership in the Urban School: Issues, Trends, and New Directions (3)
- EDCI 5600 - Principles and Practices of Curriculum in Urban Schools (3)
- EDPN 5000 - Research Methods in Education (3)

Bilingual/Multicultural Education in the Urban Classroom Option Requirement (18 Units)

Content Area and Research Focus (6-9 units)

Select 6-9 units from the following:
- EDCI 4310 - Advanced Teaching and Learning of Mathematics in Schools (3)
- EDCI 5230 - Advanced Writing Assessment and Instruction in Schools (3)
- EDCI 5351 - Seminar: Assessment Strategies in Mathematics (3)
- EDCI 5800 - Computer Applications for Teaching Mathematics and Science (3)
- EDCI 5830 - Application of Hypermedia in Instruction (3)
- EDCI 5840 - Learning Theories and Cognitive Science in Math Education (3)
- EDEL 4320 - Teaching STEM for Early Childhood (3)
- EDEL 5250 - Reading, Writing and Related Language Arts Across the Curriculum (3)
- TESL 5620 - Methods for Teaching Second Languages (3)

**Bilingual Cross-Cultural Theory and Methods Focus (9-12 units)**

Select 9-12 units from the following:

- EDCI 5330 - Children's and Adolescents' Reading Materials in Spanish and Other Languages (3)
- EDCI 5490 - Developing English Reading/Language Arts Skills in Bilingual/Cross-Cultural Individuals (3)
- TESL 5640 - Teaching English as a Second Language for Academic Purposes (3)
- EDCI 5540 - Research and Methods for Teaching in Bilingual/Cross-Cultural Classrooms (3)
- EDCI 5560 - Inquiry Into Methods of Teaching Academic Literacy in the Target Language (3)
- EDCI 5570 - Research and Pedagogy for the Bilingual Learner: Exploring Cultural Impact (3)
- EDCI 5580 - Reflection, Synthesis, and Assessment: Bilingual Authorization Portfolio (1)

**Electives (0-3 units)**

You may select electives with advisor approval or from the following:

- EDCI 4270 - Current Topics in Multicultural Children's Literature (3)
- EDCI 5270 - Issues and Trends in the Use of Children’s Literature and Digital Technologies (3)
- EDCI 5900 - Creating a Healthy and Effective Classroom Climate (3)
- EDSP 5811 - Seminar: Issues and Strategies for Multicultural Special Education Students (3)
- TESL 4000 - Linguistics in Language Education (3)

or one of the following courses:

- EDEL 5970 - Graduate Research (1-3)
- EDEL 5980 - Graduate Directed Study (1-3)
- EDSE 5970 - Graduate Research (1-3)
- EDSE 5980 - Graduate Directed Study (1-3)

**Comprehensive Examination or Thesis or Project (0, 4 units)**

- EDCI 5960 - Comprehensive Examination (0)

or

- EDCI 5990A - Thesis Planning (2) * and
- EDCI 5995A - Project Planning (2)

or

- EDCI 5990B - Thesis (2) and
- EDCI 5995B - Project (2) **

**Notes:**

Students should expect to take the Comprehensive Examination (EDCI 5960) during the Fall or Spring semester after they complete all coursework on their program and must comply with college and division requirements.

* Students who do a thesis are required to obtain advisor approval.

** May be repeated once for credit.
Education, M.A.: Option in Curriculum and Instruction

The Master of Arts degree in Education with an Option in Curriculum and Instruction provides educators with the opportunities for the development of skills and knowledge to conduct inquiry, to design curriculum and instructional programs, to implement programs, and to assess the success of those programs in the K - 12 school levels. Students may choose one of three emphases for specialization.

Admission to the Program

In addition to University requirements for admission to graduate study, applicants must possess a 2.75 grade point average in the last 60 semester units or 60 semester units attempted.

Overview for Course Study (30-34 Units)

All candidates for the M.A. degree will complete required core courses and one research course. Students will select an area of emphasis from one of three described below, early in their course of study. All students will pass a comprehensive examination or complete a thesis or project. A minimum of 30 units is required for the M.A. degree. Although it is recommended that all students have a teaching credential and classroom teaching experience, it is not required. A teaching credential may be pursued concurrently with this Master's option.

Required Courses (9 units)

- EDCI 5350 - Teaching for Cross-Cultural and Global Awareness (3)
- EDCI 5370 - Teacher Leadership in the Urban School: Issues, Trends, and New Directions (3)
- EDCI 5600 - Principles and Practices of Curriculum in Urban Schools (3)

Elective (3 units)

Select one of the following:

- EDFN 5000 - Research Methods in Education (3)
- EDFN 5050 - Seminar in Qualitative Research in Education (3)

Comprehensive Examination or Thesis or Project (0, 4 units)

Requirements for the degree also include completion of Area of Emphasis (18 units) and a Culminating Experience which may be either a Comprehensive Examination (0 units) or Thesis /Project (4 units).

- EDCI 5960 - Comprehensive Examination (0)
- EDCI 5990A - Thesis Planning (2) * and
- EDCI 5990B - Thesis (2)

* or
Areas of Emphasis (18 units)

Select one of the following emphases:

**Emphasis One: Leadership in Urban Schools**

Select 18 units from the following:

- EDCI 5040 - Theory, Trends, and Practice in School Reform (3)
- EDCI 5110 - Advanced Classroom Assessment in the Urban School (3)
- EDCI 5420 - Interdisciplinary Creative and Reflective Methods for Teaching and Learning (3)
- EDCI 5560 - Inquiry into Methods of Teaching Academic Literacy in the Target Language (3)
- EDCI 5700 - Introduction to Action Research for Classroom Teachers (1)
- EDCI 5850 - Characteristics of Social Change in Urban Schools (3)
- EDCI 5900 - Creating a Healthy and Effective Classroom Climate (3)

**Emphasis Two: Creative Literacies and Literature**

Select 18 units from the following:

- EDCI 4270 - Current Topics in Multicultural Children's Literature (3)
- EDCI 4730 - Storytelling for Teachers (3)
- EDCI 5270 - Issues and Trends in the Use of Children's Literature and Digital Technologies (3)
- EDCI 5420 - Interdisciplinary Creative and Reflective Methods for Teaching and Learning (3)
- EDCI 5700 - Introduction to Action Research for Classroom Teachers (1)
- EDUC 4000 - Improving Academic Literacy (3)

**Emphasis Three: Science, Technology, Engineering, Arts, Math (STEAM)**

Select 18 units from the following:

- EDEL 4320 - Teaching STEM for Early Childhood (3)
- EDCI 4350 - Using Digital Tools in Teaching Problem Solving and Modeling in Mathematics (3)
- EDCI 5310 - Seminar: Research in Teaching Mathematics (3)
- EDCI 5420 - Interdisciplinary Creative and Reflective Methods for Teaching and Learning (3)
- EDCI 5490 - Developing English Reading/Language Arts Skills in Bilingual/Cross-Cultural Individuals (3)
- EDCI 5510 - Reflection, Synthesis, Assessment: Induction Portfolio (1)
- EDCI 5800 - Computer Applications for Teaching Mathematics and Science (3)
Education, M.A.: Option in Early Childhood/Primary Education

The Master of Arts Degree in Education with an Option in Early Childhood/Primary Education offers candidates the opportunity to focus on practical classroom application in early childhood education based on current theory and research. It allows candidates to develop their knowledge and skills in a variety of topics related to early childhood education.

Admission to the Program

Applicants must meet university requirements for admission to graduate study. In addition, applicants should have attained a minimum of 2.75 grade point average in the last 60 semester (or 90 quarter) units attempted, and have consulted with a faculty advisor. A score of 600 or higher on TOEFL is required for visa students. In addition, a California credential or a General Elementary or Kindergarten-Primary Credential issued by any state or two years of experience teaching young children is recommended. Students must submit a written application to the Charter College of Education and the Division of Curriculum and Instruction (download the form from the Charter College of Education website). Two letters of recommendation from university faculty or professional references are required.

Requirements for the Degree (30 units)

A total of 30 to 37 units are required, with at least 15 in 5000-level courses. A comprehensive examination or a thesis or project is required.

Core Requirements (12 units)

- EDCI 5600 - Principles and Practices of Curriculum in Urban Schools (3)
- EDFN 5000 - Research Methods in Education (3) or EDFN 5050 - Seminar in Qualitative Research in Education (3)

Choose one course from each of following groups:

- EDCI 5350 - Teaching for Cross-Cultural and Global Awareness (3)
- EDEL 5660 - Anti-Bias Education in Early Childhood (3)

Choose one of the following (3 units):

- EDCI 5370 - Teacher Leadership in the Urban School: Issues, Trends, and New Directions (3)
- EDEL 5600 - Leadership, Advocacy, and Management of Early Childhood Programs (3)

Required Program Option Courses
Select (15 units) from the following:

- EDEL 4320 - Teaching STEM for Early Childhood (3)
- EDEL 4610 - Curriculum Procedures and Assessment in Early Childhood Education (3)
- EDEL 4670 - School/Family/Community Partnerships in Urban Learning (3)
- EDEL 5630 - Current Trends and Issues on Research in Early Childhood Education (3)
- EDEL 5640 - Seminar: Advanced Methodologies in Early Childhood Education (3)
- EDEL 5631 - Preschool-Kindergarten: Language, Literacy Acquisition and Authentic Assessment (3)

Other Courses (To Be Approved by Program Advisor)

Select a minimum of 3-6 units from the following:

- EDEL 4620 - The Role of Play in Learning (3)
- EDEL 5250 - Reading, Writing and Related Language Arts Across the Curriculum (3)
- EDCI 5270 - Issues and Trends in the Use of Children’s Literature and Digital Technologies (3)
- EDEL 4120 - Emergent Literacy (3)
- EDCI 4730 - Storytelling for Teachers (3)
- EDEL 5970 - Graduate Research (1-3)
- EDEL 5980 - Graduate Directed Study (1-3)
- EDSP 4160 - Working with Families of Young Children with Special Needs (3)
- EDSP 5150 - Interventions for Infants and Young Children with Special Needs (3)
- EDSP 5170 - Advanced Issues in Early Childhood Special Education (3)
- EDSP 5180 - Evidence-Based Practices in Literacy and Curriculum for Young Children with Disabilities (3)
- EDUC 4000 - Improving Academic Literacy (3)

Comprehensive Examination or Thesis or Project (0, 4 units)

- EDCI 5960 - Comprehensive Examination (0)

or

- EDCI 5990A - Thesis Planning (2) * and
- EDCI 5990B - Thesis (2) **

Notes:

Students should expect to take the Comprehensive Examination (EDCI 5960) during the Fall or Spring semester after they complete all coursework on their program and must comply with college and division requirements.

*Students who do a thesis are required to obtain advisor approval.

**May be repeated once for credit.
Education, M.A.: Option in Integrated STEM Teaching

The Education M.A.: Option in Integrated STEM (Science, Technology, Engineering, & Mathematics) Teaching provides educators with the opportunity to develop their pedagogical skills and knowledge in teaching science, technology, engineering, and mathematics (thus, meeting Common Core State Standards in Mathematics and Next Generation Science Standards), strengthen their capacity for addressing the needs of diverse learners (especially those with special needs), build collaboration in educational contexts, access and value knowledge from multiple sources, all grounded in the pursuit of equity. This program has two objectives: that can be achieved separately or in combination 1) the Master of Arts degree in Education and/or 2) a California teaching credential in one of two concentrations (single subject in mathematics or science OR education specialist in mild to moderate disabilities). This option can potentially satisfy the requirements for both the Master of Arts in Education degree and for a California teaching credential in one of these concentration areas. The Credential is issued by the California Commission on Teacher Credentialing. The single subject teaching credential includes courses appropriate for preliminary teacher preparation in math or science to students in middle schools, junior high schools, and high schools. The Education Specialist Instruction Credential prepares candidates for teaching students with mild/moderate disabilities in grades K-12. All students will pass either a comprehensive examination or a thesis for the master’s degree. This option requires a minimum of 75 units (which includes 45-52 units for a credential). Candidates must fulfill all requirements for a credential or possess a valid credential before attempting courses in the Master’s sequences. Candidates who complete the Master’s of Arts Degree could qualify for a Certificate in Online Teaching and Learning (COTL).

Admission to the Program

In addition to university requirements for admission to graduate study, applicants for both the credential and MA degree must have:

- A bachelor’s degree or higher from a regionally-accredited college or university,
- A 2.75 or higher grade point average in their last 60 semester (90 quarter) units attempted,
- Met the basic skills requirement or attempted the California Basic Educational Skills Test (CBEST),
- Completed a CTC-approved subject matter program by subject-area department or received a passing score on all required sections of the California Subject Examinations for Teachers (CSET),
- General Education Oral Communications (3 semester units) or Speech Proficiency Assessment for Teachers (1 semester unit) or an acceptable alternative by petition,
- Passed the Writing Proficiency Exam (0 units) or a score of 41 or higher on the writing portion of the CBEST or an acceptable alternative by petition.

In addition to university requirements for admission to graduate study, applicants for the independent MA degree must have:

- A valid Teaching Credential if applying to complete only a master’s degree.

 Credential (Secondary Teaching or Education Specialist Instruction)

The teaching credential with authorization in Single Subject Instruction qualifies holders to teach in their authorized field at any grade level, preschool, kindergarten, and grades 1 through 12, or in classes organized primarily for adults. The Education Specialist Instruction Credential in Mild to Moderate Disabilities qualifies holders to conduct assessments, provide instruction, and special education related services to individuals with a primary disability of specific learning disabilities, mild/moderate intellectual disabilities, other health impairment, emotional disturbance, and autism spectrum disorders within the disability area, in kindergarten, grades 1 through 12, and classes organized primarily for adults in services across the continuum of program options available. California State University Los Angeles is authorized by the California Commission on Teacher Credentialing (CTC) to prepare students for teaching credentials in many subject areas; the following are in this program:

Learning Outcomes

Road Map
- Mathematics (including Foundational)
- Science (Biology, Chemistry, Foundational, GeoScience, or Physics)
- Education Specialist Instruction (in Mild to Moderate Disabilities)

Post-baccalaureate students who would like to earn a teaching credential in one of the above fields should read the information below and contact the Charter College of Education Office for Student Services in King Hall D2078 for advice.

### Requirements for a Preliminary Teaching Credential

- In order for the university to recommend students to the California Commission on Teacher Credentialing (CTC) for a preliminary Single Subject or Education Specialist Instruction Credential, the following requirements must be completed or passed:
  - A bachelor’s degree or higher from regionally accredited college or university.
  - All required subject matter and pedagogy competencies (i.e. CSET, CBEST, TPA [Teacher Performance Assessment], RICA [Reading Instruction Competence Assessment]),
  - The writing proficiency examination (WPE), or GE Oral Communication, or acceptable alternative by petition
  - Fulfill the U.S. Constitution requirement
  - PH 2010 Medical Emergencies Management (3 semester units) or a cardiopulmonary resuscitation (CPR) card (infant, child, and adult),
  - The professional education courses listed below with a GPA of 3.0 or better

### Professional Education Courses Concentration: Single Subject Credential (45 units)

#### Introductory Block (Must be completed before Developmental Block) 13 units

- **EDCI 4000 - Transformative Teaching in Diverse Urban Classrooms** (3)
- **EDFN 4130 - Introduction to Psychological Foundations of Education** (2)
- **EDFN 4200 - Educational Foundations: Diversity and Equity in Urban Schools** (2)
- **EDSE 4480 - Instructional Fieldwork Laboratory for Urban Schools** (1)
- **EDSE 5490 - Contextual Fieldwork Laboratory for Transforming Urban Schools** (1)
- **EDSE 5000 - Transformative Classroom Instruction and Management** (3)
- **EDSP 4900 - Foundations of Special Education for Secondary Teachers in Urban Schools** (1)

#### Developmental Block (Must be completed before Instructional Block) 14 units

- **EDSE 5101 - Research on Characteristics and Needs of Urban Secondary Schools, Families, and Students** (3)
- **EDSE 4301 - Supporting Academic Language Development for English Learners** (3)
- **EDSE 4501 - Language and Literacy in Context** (1)
- **EDSP 4901 - Understanding Learners with Special Needs in Urban Secondary Classrooms** (1)
- **EDSE 4455 - Directed Teaching in a Residency Program** (6)

#### Instructional Block (Must be completed before Master’s sequences) 18 units

- **EDSE 5002 - Advanced Secondary Instructional & Management Strategies** (3)
- **EDSE 4212 (3) - varies according to subject matter area for the Single Subject Credential being pursued. EDSE 4212C, 4212G, 4212H, 4212L, 4212M, 4212N, 4212P, 4212R, 4212S, 4212U.
- **EDCI 4292 - 21st Century Assessment Strategies and Processes** (3)
- **EDSE 4502 - Understanding Academic Language Development** (3)
- **EDSP 4902 - Supporting Learners with Special Needs in Urban Secondary Classrooms** (1)
- **EDSE 4455 - Directed Teaching in a Residency Program** (6)

### Concentration: Education Specialist Instruction Credential in Mild to Moderate Disabilities (52 units)

- **EDSP 4000 - Foundations of Special Education** (3)
- **EDSP 4001 - Observations in Urban Classrooms** (1)
- **EDSP 4010 - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs** (3)
- **EDSP 4020 - Assessment and Educational Planning for Students with Disabilities** (3)
- **EDSP 4030 - Behavior Supports, Social Skills, and Classroom Management** (3)
- **EDSP 4040 - Collaboration, Co-Teaching, and Consultation for Effective Education and Transition Planning** (3)
EDSP 4050 - Instruction to Support Students with Disabilities in Core English/Language Arts Curriculum (3)
EDSP 4252 - Instructional Planning and Delivery for Students with Mild/Moderate Disabilities (3)
EDSP 4253 - Instruction, Assessment, and Curricular Supports in Mathematics, Science and Social Studies for Students with Mild/Moderate Disabilities (3)
EDSP 4061 - Early Fieldwork in Inclusive Teaching: Mild/Moderate Disabilities (4)
EDSP 5257 - Advanced Study of Literacy Problems and Specialized Interventions for Students with Mild/Moderate Disabilities (3)
EDEL 4170 - Curriculum and Teaching of Elementary Mathematics (3) or
EDSE 4212 (3) - varies according to subject matter area for the Single Subject Credential being pursued. EDSE 4212C, 4212G, 4212H, 4212I, 4212L, 4212M, 4212N, 4212P, 4212R, 4212S, 4212U.
EDIT 5100 - Using Educational and Assistive Technology (2)
EDSP 5050 - Fieldwork in Residency: Mild/Moderate Disabilities (6) (repeated to 12 units)

Additional LAUTR required course for MM credential candidates:
- EDCI 4000 - Transformative Teaching in Diverse Urban Classrooms (3)

Supplementary Authorizations

Holders of a Multiple or Single Subject Teaching Credential issued by the State of California may add a supplemental authorization to teach in another discipline by completing additional course work. Interested students should consult the Charter College of Education Office for Student Services in King Hall D2078 for further information.

Requirements for the Degree (75-86 units)

A total of 75 to 86 units are required, with 45-52 in the teaching credential (note that courses required for the teaching credential as indicated above are also required for the degree). A thesis or comprehensive examination is required for 0 - 4 units. Candidates who enter the MA program with a pre-existing credential will need to complete Master’s Sequence 1, Master’s Sequence 2, and Culminating Experience to qualify for the MA degree (30-34 units).

Master’s Sequence 1 (15 units)

- EDIT 5030 - Introduction to Online Teaching and Learning (3)
- EDFN 5000 - Research Methods in Education (3) or
- EDSP 5800 - Research Methods in Special Education (3)
- EDCI 5600 - Principles and Practices of Curriculum in Urban Schools (3) or
- EDSP 5801 - Problems and Practices in Special Education (3)
- EDCI 5250 - Integrated Mathematics and Science Methodological Content Literacy (3)
- TECH 4930 - Curriculum Development in STEM Education (3)

OR other advisor approved courses.

Master’s Sequence 2 (15 units)

- EDCI 5350 - Teaching for Cross-Cultural and Global Awareness (3) or
- EDSP 5811 - Seminar: Issues and Strategies for Multicultural Special Education Students (3)
- EDIT 5040 - Instructional Design for Online Teaching and Learning (3) or
- EDCI 5370 - Teacher Leadership in the Urban School: Issues, Trends, and New Directions (3)
- EDCI 5200 - Advanced Methods for Teaching Secondary Content (3) or
- EDEL 4320 - Teaching STEM for Early Childhood (3)
- TECH 4940 - STEM Project-Based Learning: Planning, Construction, Equipment, and Maintenance (3) or
- EDIT 5050 - Authoring Tools for Online Delivery and Universal Design for Learning (3)
- EDIT 5060 - Learning Communities and Pedagogies in Online Teaching Learning (3)
Culminating Experience (0-4 units)

- EDCI 5960 - Comprehensive Examination (0)
- EDCI 5990A - Thesis Planning (2) and
- EDCI 5990B - Thesis (2)
Education, M.A.: Option in Research and Evaluation

The Education, M.A.: Option in Research and Evaluation offers candidates the opportunity to examine theory and practice in educational research and evaluation; to participate in research or evaluation projects in school districts, non-profit organizations or at the university, and to assume leadership roles in research and evaluation. This program incorporates a specialization in research and evaluation into an existing Master’s Degree program. The program of study requires the completion of a minimum of 30 semester units. The three semester program consists of courses in program evaluation, evaluation of federal and state programs, assessment, and quantitative and qualitative research methods, as well as opportunities to do field work and a culminating project or thesis or a comprehensive exam.

Admission to the Program

In addition to university requirements for admission to graduate study, applicants must meet the conditions for classified graduate standing and satisfy the following criteria:

- Have a 2.75 GPA in their last 60 semester units
- Have a bachelors degree
- Submit 2 letters of reference
- Attend a screening interview with a faculty member

Requirements for the Degree (30 units)

A total of 30 or more units is required, with at least 17 units in 5000-level courses. A comprehensive examination or a thesis or project is required. There is a limit on credit that may be earned in variable-unit courses. See Restriction on Credit Earned in Variable Unit Courses.

Required Courses (23 Units)

- EDFN 3520 - Applied Statistics (3)
- ULRN 4150 - Assessment and Learning (3)
- EDFN 5000 - Research Methods in Education (3)
- EDFN 5001 - Advanced Statistics in Education and Human Services (3)
- EDFN 5410 - Evaluation of State and Federal Programs (3)
- EDFN 5050 - Seminar in Qualitative Research in Education (3)
- EDFN 5930 - Survey Research: Introduction to Survey Research and Design (3)
- EDFN 5950 - Field Experience in Evaluation (Practicum) (3)

Electives (3-7 units)

Select with advisor approval.

- EDFN 5100 - Seminar in Learning Theory and Education (3)
- EDFN 5520 - Seminar in Policy and Politics in Education (3)
Comprehensive Exam or Thesis/Project (0, 4 units):

Choose either Comprehensive Exam, Thesis or Project approach to satisfy the requirement.

- EDFN 5960 - Comprehensive Exam (0)
- or
- EDFN 5990A - Thesis Planning (2) * and
- EDFN 5990B - Thesis (2)
- or
- EDFN 5995A - Project Planning (2) and
- EDFN 5995B - Project (2) **

Notes:
Students should expect to take EDFN 5960 during the Fall or Spring semester after they complete all coursework on their program and must comply with college and division requirements.

* Students who do a thesis are required to obtain advisor approval. Students who do a thesis are required to take a second course in educational research methodology, such as EDFN 4250, with adviser approval.

** May be repeated once for credit.
Educational Administration, M.A.

Notice to Students RE: Professional Licensure and Certification

The Master of Arts degree in Educational Administration offers an Option in Educational Leadership.

Admission to the Program

In addition to general university requirements for admission to graduate study, applicants to a master’s degree program must meet the following requirements:

- Possession of a baccalaureate degree from a regionally accredited institution of higher education.
- Positive review of application materials and assignment of permanent advisor.
- A valid California professional teaching credential or any equivalent credential approved by the California Commission on Teacher Credentialing.
- A 2.75 grade point average in the last 60-semester units attempted.
- Two years of successful teaching or service experience in K-12 schools with a California Professional Teaching Credential or any equivalent credential approved by the California Commission on Teacher Credentialing.
- Successful completion of the writing proficiency examination (WPE) or equivalent approved by the university.
- Two (2) positive recommendation letters, including one from a practicing school administrator.
- Meeting of admission standards developed by the Division of Applied and Advanced Studies in Education (refer to the current EDAD student handbook).
- Orientation/screening interviews with program faculty.
- A program of study approved by the advisor and division chair.

Requirements for the Degree (36-38 units)

A minimum of 36 units is required, including at least 36 units in 5000-level courses and an acceptable digital portfolio presented through EDAD 5290 and Comprehensive Exam, or a thesis or project. There is a limit on credit that may be earned in variable-unit courses. See Restrictions on Credit Earned in Variable Unit Courses in the Charter College of Education.

Residency Requirement—at least 22 semester units for the Master of Arts degree in Educational Administration program must be completed in residence at Cal State LA.

Required Core (24 units)

- EDAD 5001 - Introduction to Educational Administration (3)
- EDAD 5061 - Educational Leadership (3)
- EDAD 5062 - Research and Data Assessment (3)
- EDAD 5063 - Pluralism, Collaboration, and Social Justice (3)
- EDAD 5064 - School Law (3)
- EDAD 5065 - Instructional Leadership (3)
Required Courses (10 units)

- EDAD 5101 - Laboratory for Educational Administration Digital Portfolios (1)
- EDAD 5161 - Fieldwork in Educational Leadership (1)
- EDAD 5162 - Fieldwork in Research and Data Assessment (1)
- EDAD 5163 - Fieldwork in Pluralism, Collaboration, and Social Justice (1)
- EDAD 5164 - Fieldwork in School Law (1)
- EDAD 5165 - Fieldwork in Instructional Leadership (1)
- EDAD 5166 - Fieldwork in School Management (1)
- EDAD 5167 - Fieldwork in School Finance (1)
- EDAD 5280 - Clinical Internship (2)

Culminating Experience (2-4 units)

- * EDAD 5290 - Reflection and Portfolio Assessment (2)
  and
- EDFN 5960 - Comprehensive Exam (0)
  or
- EDAD 5990A - Thesis Planning (2) ** or
- EDAD 5995A - Project Planning (2)
  and
- EDAD 5990B - Thesis (2) or
- EDAD 5995B - Project (2) ***

Note:

* To be taken during the last semester of the program.

Students should expect to take the Comprehensive Examination (EDFN 5960) the semester after they complete all coursework on their program and must comply with college and division requirements.

** Students who do a thesis are required to obtain advisor approval.

*** May be repeated once for credit.
Educational Foundations, M.A.

The Master of Arts degree in Educational Foundations is an interdisciplinary academic program which draws on conceptual frameworks and methodologies from the humanities, social sciences, and behavioral science. This degree program is designed to prepare teachers and other educational professionals (e.g. psychologists, counselors, and administrators working in schools, government, business, or civic agencies) to understand and respond to the social contexts that give meaning to education both in and out of schools. Coursework is offered in history of education, philosophy of education, educational sociology, policy and politics of education, queer studies in education, anthropology of education, educational psychology and human development. This coursework provides students with opportunities to acquire interpretive, normative, and critical perspectives on education through rigorous study and research experience.

Admission to the Program

In addition to University requirements for admission to graduate study, applicants must have

- a 2.75 grade point average in the last 60 semester units attempted,
- two letters of recommendation are required (one should be from a former professor or instructor who can speak to the candidate's readiness for graduate level study),
- along with a personal statement, and
- an interview.

Requirement for the Degree (33 units)

A minimum of 17 of the 33 units must be in 5000-level courses and at least 17 units must consist of education courses. Refer to course description of variable unit course for restrictions on credit limit.

Core Courses (12 units)

- EDFN 5000 - Research Methods in Education (3)
- EDFN 5050 - Seminar in Qualitative Research in Education (3)
- EDFN 5060 - Seminar in Comparative and International Education (3)
- EDFN 5070 - Seminar in History of Education (3)

Elective Courses (17-21 units)

Complete the remaining units from this list to satisfy the degree requirement.

- EDFN 5080 - Seminar in Philosophy of Education (3)
- EDFN 5090 - Seminar in Queer Studies in Education (also listed as WGSS 5090) (3)
- EDFN 5111 - Seminar in Anthropology of Education (3)
- EDFN 5250 - Seminar in Sociology of Education (3)
- EDFN 5300 - Seminar in Advanced Study in Human Development: Vygotskian Theory and Perspectives (3)
- EDFN 5500 - Contemporary Social Theory and Issues in Urban Education (3)
- EDFN 5520 - Seminar in Policy and Politics in Education (3)
- EDFN 5940 - Selected Studies in Educational Foundations (1-3)

Culminating Experience Requirement (0-4 units)
Choose one of the three approaches to satisfy the Culminating Experience Requirement.

- EDFN 5960 - Comprehensive Exam (0)
  or
- EDFN 5990A - Thesis Planning (2) and
  EDFN 5990B - Thesis (2)
  or
- EDFN 5995A - Project Planning (2) and
  EDFN 5995B - Project (2)
Educational Technology, M.A.

Notice to Students RE: Professional Licensure and Certification

The M.A. in Educational Technology prepares educators to assume leadership roles in the field of educational technology. In particular, the program is designed to prepare students to become technologists, e-learning developers and trainers, technology coordinators and specialists, instructional technology experts for PK-16 schools and other educational and training settings. The M.A. in Educational Technology program will be delivered via hybrid or online format.

The program includes two options:

- **The Educational Technology Leadership** option will focus on computational thinking, design thinking, technology integration, mobile technology, academic technology leadership, innovative teaching in PK-16
- **The E-learning and New Media Design** option will focus on online teaching and learning, innovative teaching in PK-16, higher education and other settings, Human Performance Technology, educational software development for the web and mobile platforms, and emerging technologies.

Admission to the Program

In addition to University requirements for admission to graduate study, applicants must:

1. have a minimum grade point average of 2.75 in the last 60 semester units attempted
2. have basic computer literacy
3. submit a written application to the Charter College of Education and the Division of Applied and Advanced Studies in Education
4. submit two letters of recommendation from university faculty or professional references
5. secure approved program from an advisor.

Requirements for the Degree (36 units)

A total of 36 units is required, with at least 17 units in 5000-level courses. Refer to course description for limit on credit when a course maybe repeated for credit.

Core courses (21 units)

These core courses are common to both tracks.

- EDIT 4300 - Information Technologies in the Classroom (3)
- EDIT 4510 - Introduction to Educational Technology (3)
- EDPN 5000 - Research Methods in Education (3)
- EDIT 5540 - Video Technology in Education (3)
- EDIT 5600 - Educational Web Design and Development (3)
- EDIT 5800 - Applied Experiences in Educational Technology (3)
- EDIT 5900 - Educational Technology Portfolio Project (3)
Options (15 units)

Students select one of the options to complete the program.

**Option I - Educational Technology Leadership (15 units)**

- EDIT 4840 - Instructional Technology Authoring Tools (3)
- EDIT 5010 - Instructional Design Theories and Applications (3)
- EDIT 5560 - Technology Leadership and Innovative Learning Systems in Schools (3)
- EDIT 5620 - Current Technologies (3)
- EDIT 5650 - Introduction to Computer Programming and Data Structure for Educators (3)

**Option II - E-Learning and New Media Design (15 units)**

- EDIT 5030 - Introduction to Online Teaching and Learning (3)
- EDIT 5040 - Instructional Design for Online Teaching and Learning (3)
- EDIT 5050 - Authoring Tools for Online Delivery and Universal Design for Learning (3)
- EDIT 5060 - Learning Communities and Pedagogies in Online Teaching Learning (3)
- EDIT 5630 - Introduction to Human Performance Technology (HPT) (3)

**Culminating Experience (0 units)**

Students in this program will take Comprehensive Exam to satisfy the Culminating Experience Requirement.

- EDPN 5960 - Comprehensive Exam (0)
Electrical Engineering, B.S.

The electrical engineering program offers instruction in the basic sciences and in engineering analysis and design. The upper-division offerings provide a flexible, broad curriculum to enable each student to match talents and interests with career objectives. The major areas of course concentrations are biomedical, circuits, communications, computers, controls, electronics, and power.

The Bachelor of Science in Electrical Engineering program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org. All accredited programs are required to provide the following minimum level of instruction: one year of mathematics and basic sciences; one and one-half years of engineering science and design (engineering topics); and one-half year of humanities and social sciences.

The total number of units required for the Bachelor of Science degree in Electrical Engineering is 122, of which 104 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

General Education Requirements

A total of 48 units of general education courses are required for the degree. Students in the electrical engineering program will complete 30 in the major.

Lower Division General Education Requirements (39 units)

**Block A - English Language Communication and Critical Thinking Courses** (9 units):
- A1 Oral Communication (3)
- A2 Written Communication (3)
- A3 Critical Thinking and Composition (3) met by taking all of these courses in the major:
  - EE 2440 - Digital Engineering (3)
  - EE 2449 - Digital Logic Laboratory (1)
  - EE 2450 - Embedded System Programming I (3)
  - EE 3450 - Embedded System Programming II (3)
  - EE 4961 - Senior Design I (3)
  - EE 4962 - Senior Design II (3)
- A3 2nd Composition - met by ENGL 2030 - Introduction to Technical Writing (3)

**Block B - Natural Science and Math/Quantitative Reasoning Courses** (9 units):
- B1 Physical Science (3) - met by PHYS 2100 - General Physics I: Mechanics (5)
- B2 Interdisciplinary Physical/Biological (3) - met by
  - CHEM 1040 - General Chemistry for Engineers (4) and
  - EE 3810 - Sensors, Data Acquisition, and Instrumentation with Applications in Biomedical Engineering (3)
- B4 Quantitative Reasoning and Mathematical Concepts (3) - met by MATH 2110 - Calculus I (4)

**Block C - Arts and Humanities Courses** (9 units):
- American Institutions - US History (3)
- C1 Arts (3)
- C2 Humanities (3) - Met by ENGR 3010 - Ethics and Professionalism in Engineering (3)

**Block D - Social Science Courses** (9 units):
- American Institutions - Government (3)
Requirements for the Major (104 units)

Lower Division Core Courses (45 units)

- CHEM 1040 - General Chemistry for Engineers *(4) *
- ENGR 1500 - Introduction to Engineering and Technology *(3) *
- EE 2040 - Circuit Analysis I *(3)
- EE 2049 - Electrical Measurements and Circuits Laboratory *(1)
- EE 2440 - Digital Engineering *(3)
- EE 2449 - Digital Logic Laboratory *(1)
- EE 2450 - Embedded System Programming I *(3)
- ENGL 2030 - Introduction to Technical Writing *(3)
- ENGR 1500 - Introduction to Engineering and Technology ** *(3) **
- MATH 2110 - Calculus I *(4)
- MATH 2120 - Calculus II *(4)
- MATH 2130 - Calculus III *(3)
- MATH 2150 - Differential Equations *(3)
- PHYS 2100 - General Physics I: Mechanics *(5)
- PHYS 2200 - General Physics II: Electromagnetism and Circuits *(6)

Upper Division Core Courses (43 units)

- EE 3000 - Economics for Engineers (also listed as CE 3000, ME 3000) *(3)
- EE 3001 - Numerical Analysis and Modeling Using MATLAB *(1)
- EE 3020 - Signals and Systems *(3)
- EE 3030 - Circuit Analysis II *(3)
- EE 3040 - Probability, Random Variable, and Random Processes *(3)
- EE 3050 - Electric and Magnetic Fields *(3)
- EE 3200 - Analog Communication Systems *(3)
- EE 3300 - Electric Machines *(3)
- EE 3450 - Embedded System Programming II *(3)
- EE 3600 - Control Systems I *(3)
- EE 3700 - Electronics I *(3)
- EE 3810 - Sensors, Data Acquisition, and Instrumentation with Applications in Biomedical Engineering *(3)
- EE 4961 - Senior Design I *(3)
Upper Division Electives (16 units)

Select three 3-unit lecture courses and one 1-unit laboratory course from one of the specialization areas below. Select an additional two 3-unit courses from any combination of the areas below:

1. Biomedical Engineering:
   - EE 4810 - Biomedical Devices (3)
   - EE 4820 - Biomedical Signal Processing (3)
   - Select an Upper Division Elective lecture course from other specialization areas with departmental approval (3)
   - Select an Upper Division Elective laboratory course from other specialization areas with departmental approval (1)

2. Communication Systems:
   - EE 3209 - Communications Laboratory (1)
   - EE 4200 - Digital Communication Systems (3)
   - EE 4210 - Coding for Communications (3)
   - EE 4220 - Digital Signal Processing (3)
   - EE 4229 - Digital Signal Processing Laboratory (1)
   - EE 4230 - Antennas (3)
   - EE 4240 - Fiber Optics (3)
   - EE 4250 - Digital Image Processing (3)

3. Computer Engineering:
   - EE 4229 - Digital Signal Processing Laboratory (1)
   - EE 4400 - Data Communications and Networking (3)
   - EE 4420 - Multimedia Networking (3)
   - EE 4440 - Computer Organization (3)
   - EE 4450 - Embedded Architectures (3)
   - EE 4480 - Advanced Digital Design (3)

4. Control Systems:
   - EE 4130 - Systems Engineering (3)
   - EE 4600 - Applied Control System Design and Simulation (3)
   - EE 4610 - Digital Control Systems (3)
   - EE 4620 - Modern Control Systems (3)
   - EE 4689 - Control Systems Laboratory (1)

5. Electronics:
   - EE 3709 - Electronics Laboratory (1)
   - EE 3710 - Electronics II (3)
   - EE 3720 - Digital Electronics (3)
   - EE 4330 - Power Electronics (3)
   - EE 4710 - Analog Integrated Circuits (3)
   - EE 4720 - CMOS VLSI Design (3)
   - EE 4730 - Optoelectronics (3)

6. Power Systems:
   - EE 3309 - Electromagnetic Energy Conversion Laboratory (1)
   - EE 4300 - Introduction to Power Systems Engineering (3)
   - EE 4310 - Power Systems Analysis (3)
   - EE 4320 - Electric Power Distribution (3)
Optional Courses

With approval from the Department, these optional courses may be counted towards the major.

- EE 1540 - Special Topics in Electrical Engineering (1-3)
- EE 2540 - Special Topics in Electrical Engineering (1-3)
- EE 3445 - Computer Organization (3)
- EE 3540 - Special Topics in Electrical Engineering (1-3)
- EE 4009 - Professional Engineering Practice (1)
- EE 4130 - Systems Engineering (3)
- EE 4540 - Special Topics in Electrical Engineering (1-3)
- EE 4990 - Undergraduate Directed Study (1-3)
- ENGR 4970 - Seminar in Interdisciplinary STEM Research (1)
The Integrated BS/MS program in Electrical Engineering provides an accelerated route for academically excellent upper-division students in the BS degree program to complete the MS degree program while simultaneously completing the BS requirements. The main objectives of the program are:

- To provide an accelerated route to a graduate degree, with simultaneous awarding of both bachelor’s and master’s degrees.
- To provide a seamless process whereby a limited number of select student can progress from undergraduate to graduate status without having to apply through the Admissions Office.

**Program Features**

- Simplified application process
- BS and MS coursework can be taken concurrently
- Nine (9) common 4000 level elective units between BS and MS programs
- Access to graduate student facilities
- TA appointments (if available)
- The scheduling flexibility provided by the program enables students to complete the BS and MS degrees efficiently.

**Admission to the Integrated BS/MS Program**

The eligibility requirements for admission to the Integrated BS/MS program are:

- Students must have completed a minimum of 87 semester units of coursework.
- Students must have a minimum GPA of 3.0 in the last 60 semester units.
- Students must have completed the EE foundation required courses (EE 2040, EE 2440, EE 2450, EE 3300, EE 3200, EE 3020, EE 3040, EE 3700, and EE 3600) in the BS with a minimum average GPA of 3.0.
- Students must have completed the Graduation Writing Assessment Requirement (GWAR).

Students are selected by a faculty committee based on prior academic performance and other measures of professional promise. Applications for the Electrical Engineering Integrated BS/MS program are only accepted in the fall semester. Applications must be submitted two months in advance of the desired starting semester.

**To apply, please submit:**

1. Application in MS Word.doc format.
2. Two letters of recommendation in MS Word.doc format (at least one of which should be from an Electrical Engineering faculty member).
3. After review by a faculty committee and if the application is accepted, a Graduate Degree Study Plan will be prepared and approved. The department chair will submit a GS-8 Form to the Registrar’s Office to change the degree objective from the BS to the BS/MS Integrated program. The formal degree plan will specify the nine units of common electives to be listed on the BS and the MS program.

**Degree Requirements**

1. Successful completion of all requirements for the BS (129 units) and the MS (30 units) degrees with an overlap of 9 units in electives.
2. A minimum 2.0 GPA for courses counting towards the bachelor’s degree and a minimum 3.0 GPA required for courses counting towards the master’s degree.
3. Degrees awarded when requirements for both the bachelor’s and the master’s degrees are met by the student and recorded by the Registrar’s Office.
Both degrees are awarded in the same semester.

4. Students who select the Thesis Option must be enrolled during the term that they submit their approved graduate thesis/project to the Library.

5. Students must apply to graduate in the Integrated program (BS and MS) by submitting a Graduation Application to the Registrar’s Office. This request should be submitted at least one semester prior to graduation.

6. Students who fail to complete the requirements for the master’s degree, may petition to withdraw from the Integrated Program. If the petition is approved, then the bachelor’s degree will be granted when all the requirements for that degree are met.
Electrical Engineering, M.S.

Admission to the Program

- Applicants must possess a Bachelor's Degree in Electrical Engineering or a closely related field with an overall GPA of 2.75 or better to be considered for admission. A promising applicant with a GPA between 2.5 and 2.74 may be admitted as a special action student. Special action students must achieve an overall GPA of 3.0 for four qualifying courses as approved in advance by the department.
- Students with non-EE BS degrees or from non-ABET accredited EE programs may be admitted with condition. Prerequisite courses (in 2000- or 3000-level) will be required only for conditionally admitted students.
- Students classified with Graduate Standing in MSEE can directly take the courses (in 4000- and 5000-level) counted toward the Electrical Engineering, M.S. (EE, M.S.) degree.

The EE, M.S. program at Cal State L.A. is structured to prepare students for advancement in employment with opportunities in design, research, and development, as well as for further study at the doctoral level.

Requirements for the Degree

- A total of 30 units are required, with at least 18 units of 5000-level courses.
- A thesis (EE 5990) or comprehensive examination (EE 5960) is required.

Requirements for the Degree (30 units)

Core Courses in Electrical Engineering (18 units)

Take 18 units in the following four categories:

Category 1: Applied Machine Learning (3 units)
- EE 4630 - Machine Learning Principles and Application (3)

Category 2: ECE Computation (3 units)
- EE 5020 - Electrical and Computer Engineering Computation (3)

Category 3: EE Systems (6 units)
- EE 4810 - Biomedical Devices (3)
- EE 5200 - Advanced Digital Communications I (3)
- EE 5210 - Advanced Digital Communications II (3)
Category 4: EE Current Technologies and Applications (6 units)

Select two courses with advisor’s approval from the following list:

- EE 5230 - Wireless Communications (3)
- EE 5320 - Vehicle Electrification (3)
- EE 5360 - Renewable Energies in Power Systems (3)
- EE 5450 - Advanced Topics in Embedded Systems (3)
- EE 5630 - Optimal Control Theory (3)
- EE 5830 - Neural Networks, Learning, and Computation (3)

Electives in Electrical Engineering (9-12 units)

To satisfy the degree requirement, completion of at least 18 units of 5000-level courses is required for the degree. To meet the degree requirement, students may select any 5000-level courses listed in Categories 3 and 4 above and from the following list. Total at least 18 units. Courses taken to satisfy the core requirement are not to be double-counted to satisfy the elective unit requirement. Take 9 units if you choose EE 5990 (Thesis) or 12 units if you choose EE 5960 (Comprehensive Examination).

- EE 4130 - Systems Engineering (3)
- EE 4200 - Digital Communication Systems (3)
- EE 4210 - Coding for Communications (3)
- EE 4220 - Digital Signal Processing (3)
- EE 4230 - Antennas (3)
- EE 4240 - Fiber Optics (3)
- EE 4250 - Digital Image Processing (3)
- EE 4260 - Introduction to Fourier Analysis and Applications (3)
- EE 4300 - Introduction to Power Systems Engineering (3)
- EE 4310 - Power Systems Analysis (3)
- EE 4320 - Electric Power Distribution (3)
- EE 4330 - Power Electronics (3)
- EE 4340 - Electromagnetic Energy Conversion (3)
- EE 4400 - Data Communications and Networking (3)
- EE 4420 - Multimedia Networking (3)
- EE 4440 - Computer Organization (3)
- EE 4450 - Embedded Architectures (3)
- EE 4480 - Advanced Digital Design (3)
- EE 4540 - Special Topics in Electrical Engineering (1-3)
- EE 4600 - Applied Control System Design and Simulation (3)
- EE 4610 - Digital Control Systems (3)
- EE 4620 - Modern Control Systems (3)
- EE 4710 - Analog Integrated Circuits (3)
- EE 4720 - CMOS VLSI Design (3)
- EE 4730 - Optoelectronics (3)
- EE 4810 - Biomedical Devices (3)
- EE 4820 - Biomedical Signal Processing (3)
- EE 4990 - Undergraduate Directed Study (1-3)
- EE 5130 - System Analysis and Design (3)
- EE 5140 - Systems Risk Analysis (3)
- EE 5150 - Systems Performance Analysis (3)
- EE 5160 - Systems Architecture (3)
- EE 5200 - Advanced Digital Communications I (3)
- EE 5220 - Principles of Signal Compression (3)
- EE 5330 - Computer Method in Power Systems (3)
- EE 5240 - Computer Aided Design of Communication Systems (3)
- EE 5250 - Optical Communications (3)
- EE 5370 - Faulted Power Systems (3)
- EE 5400 - Advanced Computer Networks (3)

English, B.A.

Students pursuing the Bachelor of Arts degree in English select one of two options.

The **General option** is intended for those pursuing a liberal arts education with special emphasis on literature and writing; students can focus their General option programs by taking electives in one of several defined tracks or individually tailor their programs in consultation with a college adviser.

Students interested in teaching middle or high school English should complete the **Single Subject Credential (SSC) option** and meet minimum GPA requirements to be eligible for certification of subject area competency.

Students majoring in English should obtain advisement prior to or during their initial semester of major coursework. Those majoring in English are urged to acquire command of at least one language other than English.

The total number of units required for the Bachelor of Arts degree in English is 120 units, of which 49-56 units are in the major. Consult with an adviser for the specific number of units required in all areas of the degree, including GE and free electives.

### Requirements for the Major (49-56 units)

#### Major Core Courses (34 units)

- **ENGL 3000 - English Tutorial: Reading and Writing in the Major** (3)
- **ENGL 3100 - Readings on the English Language** (3)
- **ENGL 3200 - Readings in Theory** (3)
- **ENGL 3300 - Readings in Ancient World and Medieval British Literatures** (3)
- **ENGL 3400 - Readings in British Literature: Renaissance to Modern** (3)
- **ENGL 3600 - Readings in American Literature(s)** (3)
- **ENGL 3700 - Readings in Modern and Contemporary World Literatures** (3)
- **ENGL 4950 - Senior Capstone** (1)

#### Upper Division Core Courses (22 units)

- **ENGL 3260 - Research Tutorial and Symposium** (3)
- **ENGL 3300 - Readings in Ancient World and Medieval British Literatures** (3)
- **ENGL 3400 - Readings in British Literature: Renaissance to Modern** (3)
- **ENGL 3600 - Readings in American Literature(s)** (3)
- **ENGL 3700 - Readings in Modern and Contemporary World Literatures** (3)
- **ENGL 4950 - Senior Capstone** (1)

#### Directed Elective for Core (12 units)

Select 4 courses from the following list. Substitutions require adviser approval.

- **ENGL 3010 - Advanced College Writing** (3)
- **ENGL 3030 - Professional and Technical Writing** (3)
- **ENGL 3050 - Issues in Writing Pedagogy** (3)
- **ENGL 3060 - Discourse Analysis for Language Studies** (3)
- **ENGL 3900 - Research Tutorial and Symposium** (3)
- **ENGL 4020 - Evolving Literacies, Cultures, and Writing Technologies** (3)

Option Requirements (15-22 units)

Select one of the following options:

I. General Option (15-16 units)

General Option Electives (9 units)

In consultation with your faculty mentor, select three courses from the following list.

Notes to selected courses:

1. Selected courses may not be double-counted in both the Directed Electives and General Option Electives category.
2. Selected courses may not include more than two total courses from the following: up to two 2000-level ENGL courses and one ENGL 3800 series upper-division GE course.

- ENGL 2070 - Beginning Creative Writing (3)
- ENGL 2090 - Introduction to Playwriting (also listed as TA 2760) (3)
- ENGL 2100 - Language and Society (also listed as ANTH 2300) (3)
- ENGL 2260 - A Journey Through World Cinema (also listed as TVF 2260) (3)
- ENGL 2310 - Gods, Monsters, and Heroes in World Mythology (3)
- ENGL 2600 - Literary Los Angeles (3)
- ENGL 2665 - Race and Ethnicity in Science Fiction (also listed as LBS 2665) (3)
- ENGL 2700 - Why Literature Matters (3)
- ENGL 2710 - Contemporary World Literature (3)
- ENGL 2730 - Fictions of Gender and Sexuality (3)
- ENGL 2760 - Pulp Fictions and Popular Literatures (3)
- ENGL 2800 - Shakespeare and Popular Culture (3)
- ENGL 3010 - Advanced College Writing (3)
- ENGL 3030 - Professional and Technical Writing (3)
- ENGL 3050 - Issues in Writing Pedagogy (3)
- ENGL 3060 - Discourse Analysis for Language Studies (3)
- ENGL 3810 - Literary Explorations of Racism and Justice (also listed as PAS 3810) (3)
- ENGL 3815 - Money and Meaning (3)
- ENGL 3820 - The Body in Literature and Culture (3)
- ENGL 3822 - Ethnicity and Emotions in U.S. Film (also listed as PAS 3822) (3)
- ENGL 3825 - Psychology in Fairy Tales and Fantasy Literature (3)
- ENGL 3830 - Gender and Sexuality in Popular Culture (also listed as TVF 3830) (3)
- ENGL 3835 - Sex and Gender in Language and Literature (also listed as COMM 3835) (3)
- ENGL 3840 - Aging in Literature (3)
- ENGL 3850 - Violence, Ethics and Literature (3)
- ENGL 3855 - Crimes, Scenes, Interpretations: Literature and the Law (3)
- ENGL 3900 - Research Tutorial and Symposium (3)
- ENGL 3920 - Statement and Literary Magazine Editing (1-3)
- ENGL 4020 - Evolving Literacies, Cultures, and Writing Technologies (3)
- ENGL 4060 - Writing Nonfiction (3)
- ENGL 4070 - Writing Fiction (3)
- ENGL 4080 - Writing Poetry (3)
- ENGL 4100 - Introduction to Linguistics (also listed as ANTH 4710) (3)
- ENGL 4101 - Introduction to English Linguistics (3)
- ENGL 4110 - History of the English Language (3)
- ENGL 4111 - Topics in the History of the English Language (3)
- ENGL 4120 - Language in Space and Time (3)
- ENGL 4130 - Language and Culture (also listed as ANTH 4700) (3)
- ENGL 4170 - Modern English Grammar (3)
- ENGL 4180 - Issues in English Language Teaching (3)
- ENGL 4200 - Topics in Theory (3)
ENGL 4205 - Signs, Texts, Meaning: An Introduction to Semiotics (3)
ENGL 4210 - Cultural Studies and Literature (3)
ENGL 4260 - Film and Literature (3)
ENGL 4303 - The Bible as Literature: Old and New Testaments (3)
ENGL 4305 - The Medieval Anatory Tradition (3)
ENGL 4306 - The Arthurian Tradition (3)
ENGL 4320 - Anglo-American Modernism (3)
ENGL 4330 - Transnational Women Writers (3)
ENGL 4340 - Diasporic Literatures (3)
ENGL 4370 - Greek and Roman Drama in Translation (3)
ENGL 4371 - Medieval Drama (3)
ENGL 4379 - Modern and Contemporary Poetry (3)
ENGL 4401 - Medieval English Literature (3)
ENGL 4402 - Dramatic Literature of the English Renaissance (3)
ENGL 4403 - The English Renaissance (3)
ENGL 4404 - Seventeenth-Century Literature (3)
ENGL 4405 - The Augustan Age (3)
ENGL 4406 - The Romantic Age (3)
ENGL 4407 - The Victorian Age (3)
ENGL 4408 - Modern British Literature (3)
ENGL 4409 - Contemporary British Literature (3)
ENGL 4421 - Chaucer (3)
ENGL 4422 - Piers Plowman (3)
ENGL 4423 - Shakespeare I: Poetry and Performance (3)
ENGL 4424 - Shakespeare II (3)
ENGL 4425 - Milton (3)
ENGL 4460 - The British Novel: The Eighteenth Century (3)
ENGL 4461 - The British Novel: The Nineteenth Century (3)
ENGL 4462 - The British Novel: The Twentieth Century (3)
ENGL 4510 - Approaches to Teaching Shakespeare's Plays (3)
ENGL 4540 - Selected Topics in Literature and Language (3)
ENGL 4601 - American Literary History Before 1877 (3)
ENGL 4602 - American Literary History After 1877 (3)
ENGL 4630 - American Women Writers (3)
ENGL 4660 - The American Novel I (3)
ENGL 4661 - The American Novel II (3)
ENGL 4680 - The Politics of American Literature (3)
ENGL 4690 - Ethnic Literature in the U.S. (3)
ENGL 4691 - Black American Literature (3)
ENGL 4692 - U.S. Latino/a Literature (3)
ENGL 4693 - Asian American Literature (3)
ENGL 4760 - Major Continental Fiction: Cervantes to Balzac (3)
ENGL 4761 - Major Continental Fiction: Stendhal to Tolstoy (3)
ENGL 4762 - Twentieth Century Continental Fiction (3)
ENGL 4778 - Contemporary Drama: Continental, English, and American (3)
ENGL 4780 - Latin American Literature in Translation (3)
ENGL 4785 - Postcolonial Literature and Criticism (3)
ENGL 4801 - The English Court in Literature, Art, and Culture (3)
ENGL 4840 - Environment, Ecology, and Literature (3)
ENGL 4860 - Fictions of Finance: Economic Criticism (3)
ENGL 4880 - Children's Literature (3)

Engaged English Requirement (3-4 units)

The Engaged English Requirement ensures that every English major will have the opportunity to connect their English major studies to their communities and/or to their professional development.

Required:

- ENGL 3950 - English Major Mentorship and Professionalization (1)

And select 2 to 3 units of coursework from the following list:
• **ENGL 3900** - *Research Tutorial and Symposium* (3)
• **ENGL 3910** - *Engaged English Studies* (1-3)
• **ENGL 3920** - *Statement and Literary Magazine Editing* (1-3)
• **ENGL 3930** - *Introduction to Archival Research* (2)
• **ENGL 3940** - *Introduction to Grant Writing as Community Engagement* (3)
• **ENGL 3950** - *Introduction to Narrative Practices of Healing* (2)
• **ENGL 3970** - *Internship Supervision* (1-3)
• **ENGL 3980** - *Cooperative Education* (1-6)
• **ENGL 4855** - *Words Uncaged Journal Production: The Humanities as Social Practice* (3)

### Senior-Level Culminating Course (3 units)

Select one course from the following list:

- **ENGL 4910** - *Practicum in the Teaching of Literature* (3)
- **ENGL 4920** - *Seminar in Literature and Language* (3)
- **ENGL 4925** - *Practicum in Literature and Language* (3)

### II. Single Subject Credential Teaching Option (20-22 units)

Refer to the Charter College of Education for regulations governing all teaching credential programs. Students seeking certification of subject area competency in English for the Single Subject Credential must take the following:

#### Lower Division Required Course (3 units)

- **COMM 1100** - *Oral Communication* (3)

#### Upper Division Required Courses (15 units)

- **ENGL 3050** - *Issues in Writing Pedagogy* (3)
- **ENGL 4180** - *Issues in English Language Teaching* (3)
- **ENGL 4910** - *Practicum in the Teaching of Literature* (3)

And select one course from the following:

- **ENGL 4423** - *Shakespeare I: Poetry and Performance* (3)
- **ENGL 4510** - *Approaches to Teaching Shakespeare's Plays* (3)

And select one course from the following:

- **ENGL 4690** - *Ethnic Literature in the U.S.* (3)
- **ENGL 4691** - *Black American Literature* (3)
- **ENGL 4692** - *U.S. Latina/o Literature* (3)
- **ENGL 4693** - *Asian American Literature* (3)

### Engaged English Requirement (2-4 units)

The Engaged English Requirement ensures that every English major will have the opportunity to connect their English major studies to their communities and/or to their professional development.

Required:

- **ENGL 3950** - *English Major Mentorship and Professionalization* (1)

Select 1 to 3 units of Engaged English coursework from the following list:

- **ENGL 3900** - *Research Tutorial and Symposium* (3)
- **ENGL 3910** - *Engaged English Studies* (1-3)
- **ENGL 3920** - *Statement and Literary Magazine Editing* (1-3)
- **ENGL 3930** - *Introduction to Archival Research* (2)
- **ENGL 3940** - *Introduction to Grant Writing as Community Engagement* (3)
- **ENGL 3950** - *Introduction to Narrative Practices of Healing* (2)
- **ENGL 3970** - *Internship Supervision* (1-3)
- **ENGL 3980** - *Cooperative Education* (1-6)
- **ENGL 4855** - *Words Uncaged Journal Production: The Humanities as Social Practice* (3)
English, M.A.

Admission to the Program

Applicants who have a degree in English should have at least a 3.2 grade point average in their upper-division undergraduate major coursework. In addition to applying to the University, prospective students must submit a separate graduate program application to the Department of English. This includes a departmental application form, transcripts from all colleges/universities attended, and a writing sample. Applicants to the graduate program are admitted based on a comprehensive review of their application materials by the Department of English. For more information on the departmental application for admission, contact the Department of English.

Students whose major was not English should consult the principal graduate adviser about prerequisites or their equivalents. They must complete a 24-unit program of upper division prerequisites (which may include courses previously taken) prior to beginning their graduate work.

Requirements for the Degree (31 units)

A minimum of 31 units is required, with at least 28 in 5000-level courses. Students preparing for the M.A. degree in English must complete ENGL 5001 or 5002 prior to enrolling in ENGL 5200, 5400, 5600, 5700, and 5980. ENGL 5190 may be taken concurrently with ENGL 5001 or 5002. Both 5001 and 5002 must be completed in the first 12 units of the program.

Required Core (19 units)

- ENGL 5001 - Theoretical Foundations of Literary Studies (3)
- ENGL 5002 - Research Methods in Literary Studies (3)
- ENGL 5190 - Proseminar in Literature (3) (6 units total)
- ENGL 5980 - Graduate Directed Study (1-3) (1 unit total) *

In addition, with adviser approval, select two different seminars from the following list (3, 3):

- ENGL 5040 - Seminar: Theories of Composition and Rhetoric (3)
- ENGL 5050 - Seminar: Topics in Composition, Rhetoric, and Language (3)
- ENGL 5400 - Seminar: British Literature (3)
- ENGL 5600 - Seminar: American Literature (3)
- ENGL 5700 - Seminar: World Literature (3)

*Note

This unit of ENGL 5980 will be designated for advisement, mentoring, and professionalization of new MA students. Students may still take 3 units of ENGL 5980 in a subject area.

Electives (6-12 units)
Select from 4000- OR 5000-level ENGL courses with adviser approval; 3 units may be in a related field. A maximum of 4 units in ENGL 5980 can be applied to the degree. No more than 3 units at the 4000-level can be applied to the degree. Students are strongly encouraged, with adviser approval, to use their electives to formulate a concentration in an area such as literary analysis; composition, rhetoric, and language; or creative writing.

Culminating Activities (0, 3, 6)

The culminating activity for all students in the master’s program will be the successful completion of either ENGL 5960 or ENGL 5990.

Students must complete coursework in the area of specialization in which their culminating activity is grounded. The culminating activity will be supervised and assessed by faculty members with expertise in the chosen field.

ENGL 5960 (0 units)

ENGL 5960 may not be completed earlier than the semester in which all course work is completed. Students must notify the graduate adviser one semester before they intend to take the comprehensive examination.

Advancement to candidacy and approval of the department’s Graduate Studies Committee are required prior to taking the Comprehensive Examination.

- ENGL 5960 - Comprehensive Examination (0)
- ENGL 5990 - Thesis (1-6) (3 or 6 units)
- Project (3 units)

Comprehensive Examination

Students will write a thoroughly developed, analytical essay(s) in response to a question based on one of the departmentally approved reading lists. Examinations will be evaluated as “passing” or “failing” by at least two faculty members.

Project (3 units)

A project is fulfilled by the completion of an original pedagogical portfolio. Students choosing this option must possess a Single Subject Credential in English or have completed at least one course that focuses on pedagogy in English studies (ENGL 5040 or a similar course approved by the graduate adviser).

The pedagogical portfolio affords students the opportunity to extend their studies by investigating issues related to teaching a specific area in English. By completing the portfolio, students will demonstrate how their graduate studies in English have prepared them to teach at the secondary school or community college level. The portfolio could take two forms, each of which is described below. Both options must be prefaced by a written abstract that details the projects significance, objectives, methodology, and a conclusion or recommendation. Option A, designing a specific course, requires students to create a course and develop pertinent, original materials for it. Option B, approaches to teaching requires students to write three to four original essays that explain how a specific text or cluster of texts should be taught and why.

(A) Designing a Specific Course

Students will write a philosophy of teaching composition, language and/or literature (1,500-2,000 words) that demonstrates an understanding of current trends in pedagogical theory as practiced in English studies. Students will also produce an original, substantive curriculum plan for an English/Language arts course suitable for the secondary school or community college classroom. The curriculum plan must be for a new course that the student has not yet taught and include a course description/overview, desired learning outcomes, a detailed description of each component of the course, a sample syllabus, sample teaching materials (lecture/discussion outlines or narratives, in-class learning activities, writing prompts, assessment activities, etc.), and a bibliography. The curriculum plan must demonstrate the student’s in-depth knowledge of the texts assigned. Portfolios will be evaluated as “passing” or “failing” by at least two faculty members with expertise in the area.

(B) Approaches to Teaching

These essays should be modeled upon those published in the MLA “Approaches to Teaching” series. The three to four essays in this portfolio could focus on texts in one particular historical field or area or cover a variety of texts and thus demonstrate the breadth of the student’s MA experience.

Thesis (3 or 6 units)

Students who choose to complete a thesis as their culminating activity will devise an original project in one of the following fields of English studies: literature (3 or 6); composition, rhetoric, and language (3 or 6); or creative writing (6). The thesis in literature or composition, rhetoric,
and language will demonstrate the student’s ability to analyze texts and their contexts, generate and prove a sophisticated and original argument, and situate that argument in existing critical conversations. The thesis in creative writing will indicate the literary/critical traditions in which the original work is grounded. Students who choose to complete a thesis must be advanced to candidacy before enrolling in ENGL 5990. The thesis will take one of two forms, option A or option B. Thesis option A is narrower in scope and has a preprofessional component in its analysis of scholarly journals in the field.

**Thesis Option A (3)**

Under Thesis Option A, students will produce a 20-30 page original, analytical essay with potential for publication, conference presentation, or further development in a doctoral program. This artifact should, with lucid and polished prose, demonstrate the student’s ability to analyze texts and their contexts, generate and prove a sophisticated and original argument, and situate that argument in existing critical conversations. The essay could be either a thorough, substantive revision of a seminar paper or a new project. If a revision, the original, graded essay must be submitted with the final project. Students revising a seminar paper are expected to reconceptualize and restructure their arguments as necessary, conduct additional research, and demonstrate the contribution their argument makes to the field. The essay must be accompanied by a list of 2-3 journals to which the student could submit the essay, along with a detailed, written justification of the journals chosen. The structure and style of the essay should adhere to those of one of the selected professional journals. Students will form a committee of at least two faculty members with expertise in the area in which the essay is grounded who will evaluate the essay as “passing” or “failing.” There is no oral defense of the essay.

**Thesis Option B (6)**

A thesis under Option B may take one of three forms:

- **A thesis in literature** should concentrate on such issues as the analysis of a text or body of texts, a literary genre, and/or the literary treatment of a theme or social development.

- **A thesis in composition, rhetoric, and language** should focus on the analysis of pedagogical approaches to the teaching of writing and the scholarship supporting that pedagogy or the analysis of a rhetorical or linguistic feature present in a text or body of discourse.

- **A thesis in creative writing** will present a body of original work by the student with an introductory essay that significantly places the original work within its literary and critical traditions.

The length of the thesis will be determined by the subject, but will generally range from 40-70 pages. Option B requires formal approval of the thesis proposal by a thesis director and two additional thesis committee members, enrollment in 6 units of ENGL 5990, and an oral defense of the thesis. (One unit of ENGL 5990 is to be devoted to preparation of the thesis proposal. A student may not enroll in the remaining 5 units of ENGL 5990 until the proposal has been approved.)

Under Option B, students who will be writing the thesis in literature (6) or composition, rhetoric, and language (6) must synthesize a wider range of texts and contextual materials than the option a thesis (3).
Environmental Science, M.S.

The Master of Science Degree in Environmental Science prepares students for environmental science research, doctoral study, community college teaching, and technical positions in universities, industry, or governmental agencies. The degree offers four options: Environmental Biology, Environmental Engineering Science, Environmental Hydrology, and Geospatial Sciences. The Environmental Biology Option emphasizes basic research into such areas as conservation, pollution, and global change. Environmental Engineering Science Option treats similar issues (i.e., air, soil, and water pollution and sustainability) from the perspective of engineering solutions. The Environmental Hydrology Option emphasizes fundamental problems of the hydrologic cycle, including water pollution issues, wetlands and watershed hydrology, and hydrologic modeling. The Geospatial Sciences option emphasizes both theoretical and analytical skills in Geographic Information Systems (GIS) and remote sensing data processing.

The Degree Offers Two Training Experiences

The Professional Experience is designed for students who want to conclude graduate studies with a master’s degree and immediately seek employment in government agencies or industry.

The Research Experience is designed for students who want to continue on to a doctoral program for further preparation for work in academia, agencies or industry.

Admission to the Program

Applicants must possess a BA or BS degree from an accredited institution in biology, chemistry, civil engineering, environmental engineering, environmental science, geography, geology, or a related field. Applicants with a minimum GPA of 2.75 in the last 60 semester (90 quarter) units who are admitted by the Environmental Science Program are admitted to the degree program in Conditionally Classified standing. Promising applicants with GPAs in the last 60 semester (90 quarter) units between 2.5 and 2.74 may be admitted as Special Action students. Special Action students must achieve an overall grade point average of a B (3.0) for four qualifying courses (approved in advance by the student’s graduate advisor). The qualifying courses should be completed by the end of the second semester of graduate study. Students who do not have a BS degree or a BS degree in the option chosen may be required to take a set of pre-requisite courses (e.g. chemistry, physics, calculus, biology etc.) with an average GPA of 3.0 or above.

Application Procedures

In addition to submitting a University Admissions Application through Cal State Apply, applicants must also apply separately to the Department. Application forms are available on the Department of Geosciences and Environment website (http://www.calstatela.edu/academic/geos/graduates.php). Completed application, personal statement, three recommendation letters, TOEFL or Equivalent (if needed–for International Students only), and unofficial transcripts must be submitted to the Department of Geosciences and Environment.

Applicants interested in doing the Research Experience must have contacted two potential faculty research mentors before submitting his/her application. This is a key first step in the application process. Please note that acceptance into the program for the research experience is contingent on confirmation of acceptance into a research laboratory.

All materials must be received by the Department of Geosciences and Environment on or before the deadline stipulated on the Graduate Studies Office website (http://www.calstatela.edu/graduateadmissions). Official transcripts must also be sent to the Graduate Studies Office, ADM 702, before the set deadline.
Requirements for the Degree (30 units)

A minimum of 30 units are required for the degree with at least 50% from 5000-level courses. A grade point average of 3.0 (grade of B) or better is required in all courses taken to satisfy the requirements for the degree. For Professional Experience students, at least two courses must be selected from the three foundation areas listed below. Courses used to satisfy the foundation requirement cannot be used to satisfy the option requirement (see below). A student may substitute equivalent courses as foundation courses upon approval from the Primary Advisor, the student's graduate committee, and the Program Director.

Foundation Areas: (6 units)

1. Spatial Information and Computer Actuated Databases:
   - a. GEOG 4690 - Spatial Analysis and GIS Modeling (3)

2. Statistical Analyses and Experimental Design:
   - a. BIOL 4080 - Advanced Biostatistics (3)
   - b. MATH 4740 - Theory of Probability (3)

3. Public Policy and Environmental Management:
   - a. POLS 5850 - Seminar: Regulation, the Environment and California Public Policy (3)
   - b. SOC 4870 - Environmental Policy, Law, and Society (3)

Students must then choose one of four options:

- Environmental Biology
- Environmental Engineering Science
- Environmental Hydrology
- Geospatial Sciences

Option 1: Environmental Biology (15 units)

Provides preparation for a career within academics or agencies in specific research areas such as conservation, pollution, and global change. Professional Experience and Research Experience students must take a minimum of 16 units. Select courses from the list below. Other courses may be substituted with prior advisor approval.

**Required Course**

- BIOL 5200 - Seminar: Professional Writing in the Life Sciences (2)

**Elective Courses:**

- BIOL 4150 - Population Genetics (3)
- BIOL 4180 - Advanced Evolutionary Biology (3)
- BIOL 4200 - Global Change (3)
- BIOL 4320 - Fundamentals of Toxicology (3)
- BIOL 4400 - Plant Systematics (3)
- BIOL 4510 - Ornithology (3)
- BIOL 4550 - Mammalogy (3)
- BIOL 4570 - Marine Invertebrate Zoology (4)
- BIOL 4620 - Plant Ecology (4)
- BIOL 4700 - Conservation Biology (3)
- BIOL 4720 - Marine Ecology (3)
- BIOL 5400 - Seminar: Data Analysis for the Biological Sciences (3)
- BIOL 5420 - Seminar: Organismal Biology (3)
- BIOL 5430 - Seminar: Ecology - Environmental Biology (3)
- BIOL 5450 - Seminar: Genetics Evolution (3)
Option 2: Environmental Engineering Science (15 units)

Provides preparation for a career in engineering research or applications. Professional Experience and Research Experience students must take a minimum of 15 units, 8 of which must be in Civil Engineering. Select courses from the list below:

**Required Course:**

- CE 4790 - Groundwater Contamination and Remediation (3)

**Elective Courses:**

- CE 4840 - Environmental Engineering Design (3)
- CE 5790 - Environmental Mass Transfer (3)
- CE 5850 - Environmental Transport (3)
- CHEM 4400 - Fundamentals of Physical Chemistry (3)
- GEOG 5600 - Seminar: Methods and Techniques in Geography (3)
- GEOL 4850 - Groundwater Management and Models (3)
- GEOL 5610 - Vadose Zone Hydrogeology (3)
- GEOL 5620 - Contaminant Hydrogeology (3)
- GEOL 5630 - Water Quality Seminar (3)
- BIOL 5200 - Seminar: Professional Writing in the Life Sciences (2)

Option 3: Environmental Hydrology (15 units)

Provides preparation for a career in hydrology and water quality. Students must take a minimum of 15 units. Select courses from the list below. Other courses may be substituted with prior advisor approval.

**Required Courses:**

- GEOL 4840 - Hydrogeology (3)

**Select additional hydrology courses from the list below:**

- GEOL 4870 - Watershed Analysis (3)
- GEOL 4220 - Environmental Geochemistry (3)
- GEOL 4222 - Forensic and Isotope Geochemistry (3)
- GEOL 5200 - Environmental Isotope Geochemistry (3)
- GEOL 5610 - Vadose Zone Hydrogeology (3)
- GEOL 5620 - Contaminant Hydrogeology (3)
- GEOL 5630 - Water Quality Seminar (3)
- CE 4790 - Groundwater Contamination and Remediation (3)
- CE 5790 - Environmental Mass Transfer (3)
- CE 5820 - Statistical Hydrology (3)
- CE 5850 - Environmental Transport (3)
- GEOL 4850 - Groundwater Management and Models (3)
- BIOL 5200 - Seminar: Professional Writing in the Life Sciences (2)

Option 4: Geospatial Sciences (15 units)

Provides preparation for doctoral study or professional career in Geographic Information Systems (GIS), which may be applicable to very diversified fields including urban planning, environmental consulting, remote sensing, cartography, applied research, geospatial applications, etc.

**Select courses from the list below with prior advisor approval:**

- GEOG 4660 - Remote Sensing (3)
- GEOG 4680 - Digital Cartography (3)
- GEOG 4820 - Multivariate Statistics in Geospatial Sciences (3)

Culminating Experiences: Thesis, Reports, Presentations, Exams (9 units)

Professional Experience students must complete the two courses listed below (9 units). For ENVS 5950, the student must complete a part- or full-time internship experience of at least one and a maximum of three semesters. Professional Experience students also are expected to present a seminar following completion of their internship.

- **ENVS 5950 - Directed Field Work** (1-5) (4)

Research Experience Students

Research Experience students must complete the one course listed below (4 units). As part of their culminating experience, students are expected to present a seminar upon the conclusion of their research.

- **ENVS 5970 - Graduate Research** (1-4) (4)

Both Research and Professional Experience students have to complete the following course:

Research Experience students will enroll in five (5) units of ENVS 5990 during which time they must prepare a Master's Thesis for submission to their Advisory Committee for approval. They must also pass an oral exam given by their Advisory Committee based upon their Master's thesis research.

Professional Experience students will enroll in five (5) units of ENVS 5990: Thesis or Project. Based on their internship experience, Professional students will be required to submit a written report. This report will be approved by their Advisory Committee, which consists of their primary advisor, graduate committee members, and internship advisor(s). They must also pass an oral exam given by their Advisory Committee. The content of the exam will be based on the student's course of study and topics relevant to the internship experience. Professional Experience students will complete nine (9) units as part of their culminating experience.

- **ENVS 5990 - Thesis** (1-5) (5)
Exercise Science, B.S.

The Bachelor of Science degree in Exercise Science provides specific preparation in the exercise sciences as well as a strong grounding in the biosciences and/or nutritional science. The degree may lead to graduate study in exercise science or nutritional science; entrance into professional schools in allied health professions; and employment in applied exercise science, kinesiology, or nutrition.

The total number of units required for the Bachelor of Science degree in Exercise Science is 120 units, of which 81-83 units are in the major and 4 courses also count toward General Education. Students must earn minimum C grades in all required major courses in the core and in the option selected. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Major Required Courses (81-83 units)

Core Courses (74-75 units)

Lower Division Required Courses (45-46 units)

- BIOL 1100 - Cellular Basis of Life (5)
- BIOL 1120 - Diversity of Life (5)
- BIOL 2030 - Human Anatomy (4)
- BIOL 2040 - Human Physiology (4)
- CHEM 1100 - General Chemistry I (5)
- CHEM 1110 - General Chemistry II (5)
- CHEM 2200 - Organic Chemistry I (4)
- PHYS 1100 - Physics for the Life Sciences I (4)
- PSY 1500 - Introductory Psychology (3)

And complete 6 or 7 units of math courses from this list:

- MATH 1040 - Precalculus: Functions and Trigonometry (6)
- MATH 1081 - PreCalculus: Functions (3)
- MATH 1083 - Precalculus: Trigonometry (4)
- MATH 1085 - Discrete Mathematical Models (4)

Upper Division Required Courses (30 units)

- BIOL 3000 - Biostatistics (4)
- BIOL 3400 - Principles of Genetics (3)
- KIN 3100 - Written Communication for Kinesiology (3)
- KIN 3400 - Applied Biomechanics (4)
- KIN 3600 - Physiology of Exercise and Physical Activity (4)
- KIN 4600 - Principles of Physical Fitness Assessment (4)
- KIN 4610 - Advanced Exercise Physiology (3)
- KIN 4650 - Principles of Exercise Prescription (5)

**Directed Electives (6-7 units)**

Select 6 or 7 units from the following:

- CHEM 2201 - Organic Chemistry Laboratory I (1)
- CHEM 2211 - Organic Chemistry Laboratory II (1)
- CHEM 3200 - Organic Chemistry II (4)
- CHEM 3500 - Quantitative Analysis (4)
- KIN 2150 - Anatomical Kinesiology (5)
- KIN 4370 - Disease and Plasticity in Neuromuscular Systems (3)
- KIN 4550 - Principles of Clinical Exercise Testing (3)
- MICR 1010 - Introduction to Microbiology (3)
- NTRS 4300 - Sports Nutrition (3)
- PSY 3100 - Abnormal Psychology I (3)
- PSY 4100 - Abnormal Psychology II (3)
- SOC 4250 - Medical Sociology (3)
- SOC 4500 - Sociology of Aging (3)
Fire Protection Administration and Technology, B.S.

The Bachelor of Science degree in Fire Protection Administration and Technology was designed to meet the needs of various fire services for educational experiences that provide both technical and administrative skills. The curriculum was developed through close consultation with representatives of all levels of the fire services from local groups to State and National committees and boards.

Required for the degree are 120 semester units, including applicable lower division preparation at a community college.

**Required Community College Preparation**

A minimum of 18 semester units of community college courses is required, as follows (semester units shown):

- Building Construction for Fire Protection (3)
- Introduction to Fire Protection (3)
- Fire Combustion and Behavior (3)
- Fire Equipment and Systems (3)
- Fundamentals of Fire Prevention (3)
- Occupational Safety (3)

A maximum of 9 semester units of community college coursework may be used as lower division electives. Select from the following (semester units shown):

- Fire Apparatus and Equipment (3)
- Fire Hydraulics (3)
- Fire Investigation I (3)
- Fire Company Officer (3)
- Structural Firefighting (3)
- Hazardous Materials I and II (3 each)
- Related Codes and Ordinances (3)
- Emergency Medical Technical I (3)
- Wildland Fire Control (3)

**Requirements for the Major**

A total of 24 semester units of community college courses may be included in the major program. The remainder of the major is primarily upper division work. A maximum of 12 units may be taken in lower division courses.

**Required Courses (39 units)**
TECH 3500 - Fire Protection and the Community (3)
TECH 3510 - Fire Defense Planning (3)
TECH 3520 - Building Construction aspects of fire protection (3)
TECH 3530 - Fire Disaster Planning (3)
TECH 3540 - Human Behavior and Fire Protection (3)
TECH 3550 - Fire Protection Laws (3)

TECH 3560 - Emergency Management and Terrorism (3) or
POLS 4030 - State and Local Government (3)

TECH 4000 - Written Communication Skills for Technology (3) or
BUS 3050 - Business Communications (3)

TECH 4520 - Fire Prevention Administration (3)

TECH 4560 - Fire Finance (3)
TECH 4570 - Advanced Fire Leadership and Ethics (3)
TECH 4580 - Fire Research Methods for Emergency Managers (3)
TECH 4590 - Fire Administration Capstone Course (3)

Electives: Select a track

**Fire and Equipment Special Track - Select 0 to 9 units from following:**

- TECH 3580 - Advanced Hazardous Materials (3)
- TECH 3590 - Fire Cause Investigation (3)
- TECH 4510 - Fire Laws and Building Codes: Interpretation and Enforcement (3)
- TECH 4530 - Advanced Equipment and Systems (3)
- TECH 4550 - Fire Protection of Structural Members and Building Components and Materials (3)

**Special Administrative Track - Select 0 to 9 units**

- POLS 2810 - Quantitative Research Design in Political Science (4)
- POLS 4040 - Urban Government and Politics (3)
- TECH 4510 - Fire Laws and Building Codes: Interpretation and Enforcement (3)
- POLS 4610 - Dynamics of Urban Administration (3)
- POLS 4720 - Organization and Management (3)
Food Science and Technology, B.S.

The Bachelor of Science Degree in Food Science and Technology is organized to provide knowledge and skills in the area of food safety, food preservation technologies, food analysis, quality assurance, and new product development. This degree is designed to provide technical opportunities for students interested in a career in the food industry in positions such as production manager, food technologist, HACCP coordinator, quality assurance manager, quality control manager, technical service leader, sales representative, regulatory affairs manager, new product innovation manager, health inspection, and research. Students may also prepare for graduate study in Food Science and Technology.

The total number of units required for the Bachelor of Science degree in Food Science and Technology is 120 units. Please note, courses with * indicate that they also count toward General Education requirements. A minimum C grade is required in all courses used to meet major requirements.

Requirements for the Major (81 units)

Lower Division Core Courses (27 units)

These courses must be completed prior to enrollment in upper division major courses:

- CHEM 1010 - Fundamentals of Chemistry (4)
- CHEM 1020 - Fundamentals of Organic Chemistry (4)
- MATH 1040 - Precalculus: Functions and Trigonometry (6)
- MATH 2110 - Calculus I (4)
- MICR 1010 - Introduction to Microbiology (3)
- NTRS 2500 - Human Nutrition (3)
- PHYS 1560 - Physics for the Twenty-first Century (2)
- PHYS 1570 - Physics for the Twenty-first Century Laboratory (1)

Upper Division Core Courses (54 units)

- CHEM 3000 - Nutritional Aspects of Biochemistry (4)
- FST 3200 - Food Chemistry (3)
- FST 3230 - Food Analysis (3)
- FST 3250 - Food Microbiology (4)
- FST 3270 - Principles of Food Engineering (4)
- FST 3320 - Food Law (2)
- FST 4210 - Sensory Evaluation of Food Products (3)
- FST 4250 - Food Preservation Technologies (3)
- FST 4290 - Food Packaging (3)
- FST 4310 - Quality Assurance of Food Products (3)
- **FST 4380 - Food-Borne Illnesses: Etiology, Prevention and Control** (2)
- **FST 4440 - Food Safety Programs** (3)
- **FST 4460 - Food Product Development** (3)
- **FST 4540 - Special Topics in Food Science** (1-3) (complete 3 units)
- **FST 4600 - Animal Food Products Technology** (3)
- **FST 4750 - Food Safety: Current Challenges and Trends** (2)
- **FST 4790 - Professional Interactions and Writing Skills** (3)
- **NTRS 3100 - Scientific Aspects of Food Preparation** (3)
French, B.A.

The undergraduate program in French includes a major for the Bachelor of Arts degree and a choice of minors in French or in interdisciplinary Francophone Studies.

The total number of units required for the Bachelor of Arts degree in French is 120 units, of which 45 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives; some courses may double-count in major, minors, and GE.

Prior to beginning the Bachelor of Arts program in French, students must have completed FREN 2002 or demonstrate equivalent language competency.

FREN course numbers ending in 8 may be taught in English or French; check GET to verify the language of instruction.

FREN course numbers ending in 9 are taught in English and their inclusion in the major and minor may be limited; see requirements below.

Requirements for the Major (45 units)

Students complete a required Common Core of 3 lower division units and 27 upper-division units, as well as 15 units of additional electives in various blocks.

Common Core (30 units)

Lower Division Core Course (3 units)

- ML 1010 - Introduction to Higher Education for MLL Majors (3)

Upper Division Core Courses (27 units)

- FREN 3001 - Advanced Grammar and Composition (3)
- FREN 3002 - Introduction to Literary Analysis (3)
- FREN 3050 - French Phonetics (3)
- FREN 4100 - Literature and Society in Medieval and Renaissance France (3)
- FREN 4105 - Literature and Society in 17th- and 18th-century France (3)
- FREN 4110 - Literature and Society in Revolutionary and 19th-century France (3)
- FREN 4115 - French Literature and Society in the 20th and 21st centuries (3)
- FREN 4130 - Panorama de la Francophonie (3)
- ML 4000 - Senior Thesis in Modern Languages and Literatures (3)

Elective (15 units)
Students must complete 15 units from the following groups of electives A-D, including at least 3 units each from groups A and B. A maximum of 6 units may be completed in group D.

### Group A: Language Usage and Linguistics

Complete at least 3 units from the following:

- **FREN 2055 - French Conversation** (1)
- **FREN 2056 - Intensive French Conversation** (2)
- **FREN 3010 - Contemporary Spoken French** (3)
- **FREN 4030 - Topics in French Applied Linguistics** (3)
- **FREN 4050 - Translation** (3)

### Group B: Advanced French and Francophone Literature Seminars

Complete at least 3 units from the following:

- **FREN 4120 - Survey of French Poetry from the Medieval Lyric to the Symbolists** (3)
- **FREN 4500 - Selected Topics in French Literary Prose** (3)
- **FREN 4510 - Selected Topics in French Dramatic Literature** (3)
- **FREN 4560 - Senior Seminar in French** (3)

### Group C: Additional French Electives

- **FREN 3001 - Advanced Grammar and Composition** (3)
- **FREN 3100 - Introduction to French Culture** (3)
- **FREN 4318 - Francophone Caribbean Literature and Culture** (3)
- **FREN 4328 - Quebecois Literature and Culture** (3)
- **FREN 4338 - Francophone African Literature** (3)
- **FREN 4540 - Special Topics in French** (1-4)

### Group D: Francophone World taught in English

- **FREN 3719 - The French Film** (3)
- **FREN 3729 - Islam in the Francophone World** (3)
- **FREN 3739 - Images of Women in French Literature and Society** (3)
- **ML 3300 - Cross-Cultural Issues in International Film** (3)

---

Notes:

- No more than 6 units from this list can count towards major.
- When taught in English, **FREN 4318**, **FREN 4328**, and **FREN 4338** above in Group C are included in the 6-unit limit in this group.
Geography, B.A.

The Bachelor of Arts degree in Geography is designed to provide students with an understanding of the world’s physical and cultural environments. The program provides a foundation in the theory and practice of contemporary geography, with emphasis on a variety of applied and technical skills that will enhance a student’s career opportunities.

The total number of units required for the Bachelor of Arts degree in Geography is 120 units, of which 43 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE courses and free electives.

Requirements for the Major (43 units)

Core Requirements (28 units)

- GEOG 1550 - Cultural Geography (3)
- GEOG 1600 - Physical Geography (3)
- GEOG 2680 - Introduction to Geospatial Sciences (4)
- GEOG 2820 - Spatial Measurement and Elementary Statistics (3)
- GEOG 3120 - Global Climate Change (also listed as GEOL 3120) (3)
- GEOG 3690 - Fundamentals of Geographic Information Systems (3)
- GEOG 4460 - U.S. Ethnic Communities (3)
- GEOG 4900 - Research Design (3)
- GEOG 4950 - Senior Thesis (3)

Directed Electives (15 units)

Complete 15 units from the following list with at least 12 units of upper-division courses. The selection must include at least 9 units of GEOG courses.

- GEOG 1700 - Meteorology (3)
- GEOG 1500 - Earth Revealed (3)
- GEOG 1550 - Oceanography (3)
- GEOG 1580 - Natural Disasters (3)
- URBA 1800 - The Urban World (3)

Lower-Division Courses

- GEOG 3090 - Urban Environmental Pollution (3)
- GEOG 3100 - Urban Climatology (3)
- GEOG 3130 - Climate Change and Migration (also listed as LAS 3130) (3)
- GEOG 3330 - Environment and Development in the Third World (also listed as GEOG 3330) (3)
- GEOG 3700 - World Regional Geography (3)

Geography, M.A.

The Department of Geosciences and Environment offers three postgraduate degrees: Master of Arts in Geography, Master of Science in Geological Science (with options in Geology and Environmental Hydrology), and Master of Science in Environmental Sciences (joint program with the Department of Biological Sciences and Civil Engineering).

The Master of Arts degree program in Geography is designed to prepare students for teaching at the secondary and community college levels, employment in government and private industry, and further graduate study in geography.

I. Master of Arts Degree in Geography

Admission to the Program

Applicants with baccalaureates in Geography:

A. Must have attained a grade point average of at least 2.75 (A=4.0) in the last 60 semester (or 90 quarter) units of undergraduate work attempted, or satisfactory completion of probationary units.
B. Must have been in good standing in the last college or university attended.
C. Must give evidence of passing GEOG 4950 or its equivalent in another accredited college or university.
D. Must meet all University admission requirements.

Applicants with baccalaureates in majors other than Geography:

A. Must have attained a grade point average of at least 2.75 (A=4.0) in the last 60 semester (or 90 quarter) units of undergraduate work attempted, or satisfactory completion of probationary units.
B. Must have been in good standing in the last college or university attended.
C. Must give evidence of passing GEOG 4950 or its equivalent in another accredited college or university.
D. Must complete GEOG 4950 or its equivalent in another accredited college or university plus 8-18 semester units of approved upper-division geography courses with a minimum B (3.0) average.
D. Must meet all University admission requirements.

Additional Departmental Requirements for all Graduate Program Applicants

In order to facilitate the admission process all prospective students must submit their application through the university online service and follow the established university procedures. Additionally, applicants must submit the following documents directly to the department:

A. An unofficial copy of their transcripts from all colleges and universities attended,
B. A statement of intent, and
C. Two letters of recommendations, in which at least one letter must come from a professor or an individual capable of evaluating the applicant’s qualification for graduate study.

The statement of intent should be between 500-700 words indicating the applicant’s purpose in applying for graduate study, any special areas of interest, plans for future occupation or profession and any additional information that may aid the selection committee in evaluating the applicant’s preparation and aptitude for graduate study at CSULA. All documents must be received by the department prior to the application deadlines that may be found on the university application website. Applications will be reviewed by the department and assessed based on the completed application form and supporting materials. Documents that are submitted directly to the department should be sent to the following address:

The Graduate Studies Committee
Department of Geosciences and Environment
C4067 King Hall
Requirements for the Degree (30 units)

A total of 30 units is required, with at least 15 in 5000-level courses.

Before enrolling in GEOG 5990 or taking the comprehensive examination (GEOG 5960), students must satisfy one of the following requirements, subject to principal graduate advisor approval:

**Computer Skills, Statistics, or Foreign Language Requirement**

- Complete GEOG 4680 with a grade of B or higher, or
- Complete GEOG 4820 with a grade of B or higher, or
- Complete 6 semester units (2 courses) of a modern foreign language.

**Required Seminar (3 units)**

- GEOG 5940 - Seminar: Geographic Thought (3)

**Electives (9 units)**

Select 9 units from following:

Select elective seminars with the approval of the principal graduate advisor. Students may repeat GEOG 5100, 5200, 5400, and 5600 provided the seminar topic is not repeated in the exact subject matter or region.

- GEOG 5100 - Seminar: Physical Geography (3)
- GEOG 5200 - Seminar: Regional Geography (3)
- GEOG 5300 - Seminar: Urban Social Systems (also listed as SOC 5300) (3)
- GEOG 5400 - Seminar: Human Geography (3)
- GEOG 5600 - Seminar: Methods and Techniques in Geography (3)

**Electives in Geography and Related Fields (12-18 units)**

Select 4000- and 5000-level GEOG courses. Students who elect the comprehensive examination option must include a minimum of 3 units at the 5000-level. With approval of the principal graduate advisor, a maximum of 6 units may be in related fields.

**Comprehensive Examination or Thesis (0, 6 units)**

Students who select the comprehensive examination must include a minimum of 18 units in Electives in Geography and Related Fields above, should expect to take the examination (GEOG 5960) the semester they complete all course work on their program, and must comply with college and departmental requirements.

The examination consists of a section about Geographic Thought plus sections about two of the following subject matters selected by the student with approval of the principal graduate advisor: Applied Climatology, Biogeography, Climatology, Cultural Geography, Economic Geography, Environmental Studies, Geographic Information Systems, Geomorphology, Global Climate Change, Historical Geography, Locational Analysis, Mathematical Modeling, Medical Geography, Physical Geography, Population Geography, Qualitative Research Methods, Remote Sensing, Settlement Geography, Spatial Statistics, Transportation Geography, Urban Geography, and Geography of a particular region.

Students who elect to write a thesis will need to enroll in GEOG 5990 for a minimum of two semesters and a total of 6 units. In addition to the 12 units of required (3 units) and elective (9 units) seminars, these students need to complete a minimum of 12-15 units of electives (4000- or 5000-level courses) to satisfy the 30 unit requirement for the master’s degree.
Geological Sciences Credential Program

The Department of Geological Sciences participates in the Bachelor of Science degree program in Natural Science described later in this chapter, which is also approved for the Single Subject Science credential. Interested students should consult advisers in both the Department of Geological Sciences and the Charter College of Education. Refer to the Charter College of Education section for regulations governing all teaching credential programs.
Geological Sciences, M.S.

The Department of Geosciences and Environment offers three postgraduate degrees: Master of Arts in Geography, Master of Science in Geological Sciences (with options in Geology and Environmental Hydrology), and Master of Science in Environmental Sciences (4 options).

Geological Sciences, M.S

The objective of the Master of Science degree in Geological Sciences is to prepare students for professional level employment in industry and government, teaching positions in community colleges, or advanced study towards the Ph.D. degree. A student may achieve this objective by completing the program that culminates in either a thesis or a comprehensive examination. The program has two Options: Geology and Environmental Hydrogeology. The Geology option prepares students for careers in areas of traditional geology and engineering geology. The Environmental Hydrogeology option prepares students for careers in hydrogeology and environmental geochemistry.

Cooperative Program

The Department of Geological Sciences participates in a cooperative program with California State University campuses at Long Beach and Northridge. This cooperative program enables students to apply an unrestricted number of courses from the participating campuses toward the M.S. degree. Students take part on a voluntary basis and are not required to enroll at the Long Beach or Northridge campuses. The cooperative program offers students the advantage of utilizing the faculty and equipment of a larger part of the California State University system.

Admission to the Program

Admission requirements include possession of a Bachelor of Science degree in Geology, Earth or Environmental Sciences, related areas of Natural Science, or Engineering from an accredited college or university, with a minimum 2.75 grade point average in the last 60 semester units and upper division course work substantially equivalent to that required of Cal State L.A. geology majors. Although it is not a general admission requirement, individual faculty may require the GRE before they agree to be the primary advisor. Applicants who lack appropriate courses may be admitted to the program but will be expected to remove any deficiencies by completing courses selected through consultation with the graduate advisor.

Application Procedures

In addition to submitting a University Admissions Application through Cal State Apply, applicants must also apply separately to the Department. Application forms are available on the Geosciences and Environment website (http://www.calstatela.edu/academic/geos/graduates.php). Completed application, copy of statement submitted to Cal State Apply (career goals and your interest in the program), two recommendation letters, advisor consent form (if the applicant is choosing the thesis route), and unofficial transcripts must be e-mailed to the Graduate Advisor. Please note that the reference letters need to be emailed to the graduate advisor directly from the recommender. All materials must be received by the Graduate Advisor on or before the deadline stipulated on the Graduate Studies Office website (http://www.calstatela.edu/graduateadmissions). Official transcripts must also be sent to the Graduate Studies Office ADM 702 before the set deadline.

Requirements for the Degree (30 units)

The graduate program requires 30-semester units of work including 15 units of 5000-level courses chosen with advisor approval. All students must complete either a Thesis (GEOL 5990) or the Comprehensive Examination (GEOL 5960). Students will only be permitted to enroll in GEOL 5990 after a prospectus is approved and the students have been “Advanced to Candidacy”.

Learning Outcomes

Road Map
With approval of the department graduate advisor, students may substitute appropriate 4000- or 5000-level courses from related areas in science, mathematics, or engineering in the official program to a maximum of 9 semester units.

Options

- Geology
- Environmental Hydrogeology

Option 1: Geology (30 units)

4000-level Elective Courses (maximum of 15 units)

All 4000-level GEOL courses may be applied toward master’s degree requirements except the following: GEOL 4000, 4010, 4020, 4100, 4300, 4590, 4600A, 4600B, and 4990.

Subject to limits established by the department and approval of the graduate adviser.

5000-level Elective Courses (minimum of 9 - 15 units)

Select from the following list:

- GEOL 5250 - Sedimentary Processes, Environments, and Structures (3)
- GEOL 5280 - Advanced Topics in Igneous and Metamorphic Petrology (3)
- GEOL 5300 - Seminar: Structural Geology and Tectonics (3)
- GEOL 5310 - Tectonic Problems of Southern California (3)
- GEOL 5340 - Advanced Field Geology (3)
- GEOL 5410 - Seminar: Advanced Topics in Isotope Geochemistry (3)
- GEOL 5600 - Hydrogeology (3)
- GEOL 5610 - Vadose Zone Hydrogeology (3)
- GEOL 5620 - Contaminant Hydrogeology (3)
- GEOL 5630 - Water Quality Seminar (3)
- GEOL 5700 - Special Topics (1-3)
- GEOL 5810 - Seminar: Engineering Geology (3)
- GEOL 5840 - Paleoseismology (3)
- GEOL 5850 - Landslides, Avalanches, and Debris Flows (3)
- GEOL 5980 - Graduate Directed Study (1-3)

Required Culminating Coursework (0 - 6 units)

Comprehensive Exam - Track

- GEOL 5960 - Comprehensive Examination (0) or

Thesis - Track

- GEOL 5970 - Graduate Research (1-3) (3)
  and
- GEOL 5990 - Thesis (1-3) (3)

Option 2: Environmental Hydrogeology (30 units)

Required Courses (12 units)

- GEOL 4220 - Environmental Geochemistry (3)
- GEOL 4840 - Hydrogeology (3)
- GEOL 4870 - Watershed Analysis (3)
- GEOL 5630 - Water Quality Seminar (3)
Electives (9-15 units)

Select courses from the following list. At least two must be 5000-level geology courses. Other courses may be substituted with prior advisor approval.

- CE 4790 - Groundwater Contamination and Remediation (3)
- CE 4830 - Hydrology I (3)
- CE 4970 - Environmental Mass Transfer (3)
- GEOG 4660 - Remote Sensing (3)
- GEOG 4690 - Spatial Analysis and GIS Modeling (3)
- GEOL 4222 - Forensic and Isotope Geochemistry (3)
- GEOL 4350 - Coastal Processes and Environments (3)
- GEOL 4850 - Groundwater Management and Models (3)
- GEOL 4880 - Hydrologic Modeling (3) (3)
- GEOL 4890 - Remote Sensing Applications in Hydrology (also listed as GEOG 4890) (3)
- GEOL 5200 - Environmental Isotope Geochemistry (3)
- GEOL 4810 - Engineering Geology (3)
- GEOL 4900 - Special Topics in Geology (1-4)
- GEOL 4910 - Special Laboratory Topics in Geology (1-2)
- GEOL 5250 - Sedimentary Processes, Environments, and Structures (3)
- GEOL 5600 - Hydrogeology (3)
- GEOL 5610 - Vadose Zone Hydrogeology (3)
- GEOL 5620 - Contaminant Hydrogeology (3)
- GEOL 5700 - Special Topics (1-3) (1.0-4.5)
- GEOL 5810 - Seminar: Engineering Geology (3)
- GEOL 5980 - Graduate Directed Study (1-3)

Required Culminating Coursework (0 - 6 units)

**Comprehensive Exam Track (0)**

- GEOL 5960 - Comprehensive Examination (0)

**Thesis Track (6)**

- GEOL 5970 - Graduate Research (1-3) (3)
  and
- GEOL 5990 - Thesis (1-3) (3)
Notice to Students RE: Professional Licensure and Certification

The Geology B.S. degree program is designed to provide in-depth study of Earth materials, structures, and processes for professional work in fields such as engineering geology, hydrogeology, economic geology, or graduate study. The total number of units for the Bachelor of Science degree in Geology is 120 units.

The Geology option requires 26 units of foundational courses. Additionally, this option requires a total of 52 units, which consist of 14 units of lower division, 28 units of upper division, and 10 units of electives. The Environmental Geosciences Option requires 25 - 28 units of foundational courses. Additionally, this option requires a total of 52- 55 units, which consist of 14 lower division, 22 units of upper division, and 16-19 units of electives.

Options

- **Geology Option**
- **Environmental Geosciences Option**

**Geology Option (78 units)**

I. Lower Division Required Foundational Courses (26 units)

- CHEM 1100 - General Chemistry I (5)
- CHEM 1110 - General Chemistry II (5)
- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- PHYS 1100 - Physics for the Life Sciences I (4)
- PHYS 1200 - Physics for the Life Sciences II (4)

II. Lower Division Required Courses (14 units)

- GEOG 1550 - Cultural Geography (3)
- GEOL 1500 - Earth Revealed (3)
- GEOL 2520 - Historical Geology (4)
- GEOG 2680 - Introduction to Geospatial Sciences (4)

III. Upper Division Required Courses (28 units)
IV. Electives (10 units)

Select 4-5 courses from the following list. Other courses may be substituted with prior advisor approval.

- GEOG 3690 - Fundamentals of Geographic Information Systems (3)
- GEOG 4020 - Geomorphology (3)
- GEOG 4660 - Remote Sensing (3)
- GEOG 4680 - Digital Cartography (3)
- GEOG 4690 - Spatial Analysis and GIS Modeling (3)
- GEOL 3210 - Geology of Southern California (3)
- GEOL 3700 - Geochemistry (3)
- GEOL 4000 - Optical Mineralogy (3)
- GEOL 4220 - Environmental Geochemistry (3)
- GEOL 4222 - Forensic and Isotope Geochemistry (3)
- GEOL 4340 - Volcanology (3)
- GEOL 4350 - Coastal Processes and Environments (3)
- GEOL 4810 - Engineering Geology (3)
- GEOL 4830 - Photogeology (3)
- GEOL 4840 - Hydrogeology (3)
- GEOL 4850 - Groundwater Management and Models (3)
- GEOL 4870 - Watershed Analysis (3)
- GEOL 4900 - Special Topics in Geology (1-4)
- GEOL 4910 - Special Laboratory Topics in Geology (1-2)

Environmental Geosciences Option (78-84 units)

I. Lower Division Required Foundational Courses (25 - 28)

- CHEM 1100 - General Chemistry I (5)
- CHEM 1110 - General Chemistry II (5)
- MATH 2110 - Calculus I (4)

- MATH 2120 - Calculus II (4)
  or
- BIOL 3000 - Biostatistics (4)

- BIOL 1100 - Cellular Basis of Life (5) and
- BIOL 1200 - Diversity of Life (5)
  or
- PHYS 1100 - Physics for the Life Sciences I (4) and
- PHYS 1200 - Physics for the Life Sciences II (4)

II. Lower Division Required Courses (14)

- GEOL 1500 - Earth Revealed (3)
- GEOL 1550 - Cultural Geography (3)
- GEOL 2520 - Historical Geology (4)
- GEOG 2680 - Introduction to Geospatial Sciences (4)
III. Upper Division Required Courses (23 units)

- GEOL 3010 - Mineralogy and Petrology (4)
- GEOL 3600 - Geological Mapping (3)
- GEOL 4020 - Sedimentary Petrology (4)
- GEOL 4100 - Structural Geology (3)
- GEOL 4220 - Environmental Geochemistry (3)
- GEOL 4840 - Hydrogeology (3)
- GEOL 4870 - Watershed Analysis (3)

IV. Electives (16 -19 units)

Select 6-7 courses from the following list. Other courses may be substituted with prior advisor approval.

- GEOG 4100 - Applied Climatology (3)
- GEOL 4300 - Stratigraphy and Sedimentology (4)
- GEOL 3210 - Geology of Southern California (3)
- GEOL 3700 - Geochemistry (3)
- GEOL 4000 - Optical Mineralogy (3)
- GEOL 4222 - Forensic and Isotope Geochemistry (3)
- GEOL 4330 - Quaternary Geology (3)
- GEOL 4340 - Volcanology (3)
- GEOL 4350 - Coastal Processes and Environments (3)
- GEOL 4810 - Engineering Geology (3)
- GEOL 4830 - Photogeology (3)
- GEOL 4850 - Groundwater Management and Models (3)
- GEOL 4900 - Special Topics in Geology (1-4)
- GEOL 4910 - Special Laboratory Topics in Geology (1-2)
- GEOL 4990 - Undergraduate Directed Study (1-3)
- GEOG 3690 - Fundamentals of Geographic Information Systems (3)
- GEOG 4020 - Geomorphology (3)
- GEOG 4660 - Remote Sensing (3)
- GEOG 4680 - Digital Cartography (3)
- GEOG 4690 - Spatial Analysis and GIS Modeling (3)
Graphic Communications, B.S.

The Bachelor of Science in Graphic Communications is designed to provide technical management opportunities for students who have an interest in a career in graphic communications or those employed in the digital media and print industry. It was developed in response to needs identified by this industry and in cooperation with the area community colleges offering two-year graphic communications/printing programs.

The total number of units required for the Bachelor of Science degree in Graphic Communications is 120 units, of which 72 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Admission to the Program

All students must meet the admission requirements of the California State University, Los Angeles. Generally, if a student were in good standing at the last college attended, he/she may be admitted as an undergraduate transfer student.

Requirements for the Program (72 units)

A total of 72 units are required with 54 semester units of required courses.

Required Courses (54 units)

- CS 1200 - Living in a Technology-Based World (also listed as CIS 1200) (3)
- CS 1220 - Introduction to Website Development (3)
- CS 1222 - Introduction to Relational Databases (3)
- CS 1550 - Fundamentals for Computer Graphics (3)
- CS 2010 - Computer Programming Fundamentals (3)
- CS 2550 - Introduction to Computer Graphics tools (3)
- CS 3801 - Societal and Ethical Issues in Computing (3)
- MATH 1040 - Precalculus: Functions and Trigonometry (6)
- TECH 1300 - Introduction to Graphic Communications (3)
- TECH 2340 - Lithographic and Digital Reproduction Processes (3)
- TECH 2500 - Impact of Technology on the Individual and Society (3)
- TECH 3300 - Graphic Communications Processes and Materials (3)
- TECH 4000 - Written Communication Skills for Technology (3)
- TECH 4340 - Graphic Communications Production Management I (3)
- TECH 4350 - Color Theory, Reproduction, and Management (3)
- TECH 4950 - Industrial Technology Senior Project I (3)
- TECH 4951 - Industrial Technology Senior Project II (3)

Options. Concentrations or Special Emphasis (18 units)
Computer Science Option: (18 units leading to a minor in Computer Science)

- CS 2011 - Introduction to Programming I (4)
- CS 2012 - Introduction to Programming II (4)
- CS 2013 - Programming with Data Structures (4)
- CS 2445 - Introduction to Computer Systems (3)
- CS 3550 - Game Development for Graphic Communications (3)
- CS 3555 - Mobile Development for Graphic Communications (3)

Management Option: (18 units leading to a minor in Operations and Supply Chain Management)

- MGMT 3060 - Operations Management (3)
- MGMT 4500 - Case Studies in Operations Management (3)
- MGMT 4504 - Supply Chain Management (3)

Select 3 additional courses for a total of 9 units from the following:

- MGMT 4501 - Process Design and Improvement (3)
- MGMT 4502 - Production and Inventory Management (3)
- MGMT 4503 - Total Quality Management (3)
- MGMT 4505 - Project Management (3)
- MGMT 4507 - Operations Research (3)
- MGMT 4105 - Managerial Leadership and Motivation (3)
Healthcare Management, M.S.

The Master of Science degree in Healthcare Management (MS HCM) enables people presently or previously employed in healthcare to develop the necessary managerial skills and awareness of recent innovations and reforms in order to fulfill the responsibilities of management positions in the industry. The program’s unique interdisciplinary character permits students to explore diverse perspectives on healthcare management and integrate knowledge from many disciplines.

Admission to the Program

When applying to the program, applicants shall follow the University requirements for their year of admission and would also be expected to provide:

1. A transcript of an accredited undergraduate degree documenting a cumulative GPA of at least 2.75.
2. A résumé that documents one year or more of healthcare work experience.
3. A statement of purpose and commitment, elaborating why the applicant is pursuing the degree and should be admitted and how the applicant is planning to align their career and degree objectives.
4. Two letters of recommendation, preferably from persons who have supervised the applicant’s work in a healthcare setting.

Applicants should apply to the University and the M.S. Healthcare Management program at the same time.

Requirements for the Degree (36 units)

A total of 36 units is required, with at least 30 units in 5000-level courses. Students must fulfill all University requirements for graduation.

Core Courses (18 units)

- MGMT 5300 - Managing Healthcare Organizations (3)
- MGMT 5310 - Decision Making in Healthcare Management (3)
- MGMT 5315 - Comparative Healthcare Systems (3)
- MGMT 5330 - Healthcare Law, Compliance, and Ethics (3)
- MGMT 5335 - Financial Management of Healthcare Organizations (3)
- MGMT 5340 - Management and Governance of Healthcare Information (3)

Electives (12 units)

Students must select 12 units of recommended electives below or other 4000- or 5000-level courses with the advisor’s prior approval.

- ACCT 5710 - Accounting for Healthcare Managers (3)
- CIS 5210 - Healthcare Data Analytics (3)
- CIS 5810 - Health Care Information Systems (3)
- ECON 5800 - Seminar: Health Economics (3)
- MGMT 4345 - Healthcare Operations Management (3)
- MGMT 5101 - Management and Organizational Behavior (3)
- MGMT 5110 - Applied Research Methods in Management (3)
MGMT 5154 - Special Topics in Management (1-3)
MGMT 5305 - Managing the Managed Health Care Organization (3)
MGMT 5320 - Healthcare Leadership and Talent Management (3)
MGMT 5345 - Cases in Healthcare Management (3)
MGMT 5501 - Project Management (3)
MGMT 5970 - Management Case Research (3)

Culminating Experience (6 units)

Students should undertake the culminating experience (MGMT 5995) in their last semester and must fulfill the requirements for Advancement to Candidacy prior to attempting it.

MGMT 5995 - Healthcare Strategy, Innovation, and Change Projects (6)
History Teaching Credential Program

The Bachelor of Arts degree in History: Teacher Preparation Option has been approved by the California Commission on Teacher Credentialing for the Single Subject Credential in Social Science. Interested students should consult advisers in the department of History and in the Charter College of Education. Refer to the Charter College of Education section for regulations governing all teaching credential programs.
History, B.A.

The Bachelor of Arts degree program in History is designed to provide an understanding of societal development in all aspects of human experience and of the relevance of the past to the present. The program permits pursuit of a wide range of interests within the purview of historical scholarship. Students should confer in advance with a history adviser to select the courses and program appropriate to their goals.

Students pursuing a Bachelor of Arts degree in History select one of two options: A General Option, requiring 48 units, and a Teacher Preparation Option, requiring 66 units, for those interested in a Single-Subject Credential in Social Science.

Requirements for the History Major (48 - 66 units)

- **History Major Core Requirements** (30 units)
  
Students pursuing a Bachelor of Arts degree in History select one of two options

- **General Option** (18 units)
- **Teacher Preparation Option** for those interested in a Single-Subject Credential in Social Science. (36 units)

Required Core Courses for the Major (21 units)

Lower Division History Courses (12 units)

- **HIST 1010 - World History to 1500 CE** (3) *
- **HIST 1020 - World History Since 1500 CE** (3) *
- **HIST 2010 - Early American History** (3) *
- **HIST 2020 - Recent United States History** (3) *
  
  * These courses satisfy GE requirement.

Upper Division History Courses (9 units)

- **HIST 3080 - Historiography** (3)
- **HIST 3090 - Historical Research and Writing** (3) *
- **HIST 4900 - Research Capstone: Special Studies in History** (3) *
  
  * These courses satisfy GE requirement.

Area Distribution Requirement for the Major (9 units)

Select one course from each of the following Groups A, B and C.
Group A - Europe (3 units)

- HIST 3100 - Classical Civilization and the Modern World (3)
- HIST 4110 - History of Ancient Greece (3)
- HIST 4120 - Greek History: The Alexandrian Age (3)
- HIST 4130 - Early Rome, The Republic (3)
- HIST 4140 - The Roman Empire (3)
- HIST 4150 - History of Ancient Greek and Roman Religions (also listed as RELS 4150) (3)
- HIST 4210 - Post-Roman Europe (3)
- HIST 4220 - The Middle Ages (3)
- HIST 4225 - Religion and Society in Medieval Europe (also listed as RELS 4225) (3)
- HIST 4230 - Renaissance and Reformation (3)
- HIST 4240 - Science, Enlightenment, and Empire (3)
- HIST 4260 - Europe: 1815-1890 (3)
- HIST 4270 - Europe: 1890-1945 (3)
- HIST 4280 - Europe since 1945 (3)
- HIST 4310 - History of Modern Germany (3)
- HIST 4340 - The British Empire (3)
- HIST 4360 - Imperial Russia: 1801-1917 (3)
- HIST 4370 - The Soviet Union (3)

Group B - Africa, Middle East, Asia (3 units)

- HIST 4190 - Ancient Near East: 4000-323 B.C. (3)
- HIST 4410 - Pre-colonial Sub-Saharan Africa (3)
- HIST 4420 - History of Africa since 1800 (3)
- HIST 4450 - Islamic Empires in World History: 600s-1919 (3)
- HIST 4460 - The Islamic Middle East: 1258-1919 (3)
- HIST 4480 - History of Islamic Central Asia (also listed as AAAS 4480) (3)
- HIST 4490 - Pan Asianism: 19th-20th Century Asian Intellectual History (also listed as AAAS 4490) (3)
- HIST 4500 - Traditional China (3)
- HIST 4510 - Modern China (3)
- HIST 4520 - People's Republic of China (3)
- HIST 4540 - Modern Japan (3)

Group C - Latin America (3 units)

- HIST 4090 - Sexuality in the Americas (3)
- HIST 4600 - The Chicano Movement (also listed as CLS 4260) (3)
- HIST 4610 - Early Latin America: Conquest to 1850s (3)
- HIST 4620 - Modern Latin America: 1860s to the present (3)
- HIST 4640 - History of Central America and the Caribbean (3)
- HIST 4650 - Brazil (3)
- HIST 4660 - Colonial Mexico (also listed as CLS 4660) (3)
- HIST 4665 - Modern Mexico (also listed as CLS 4665) (3)
- HIST 4670 - Modern Mexico and the Chicano People (also listed as CLS 4670) (3)
- HIST 4690 - Indigenous Peoples of the Americas (3)

General Option (18 units)

Required Courses for General Option (9 units)

Upper Division Skills Course (3 units)

- HIST 3050 - Public History (3)

United States History Courses (6 units)
- HIST 3400 - History of U.S. Civil Rights Movements (3)
- HIST 3405 - LGBT Political History in the US (also listed as WGSS 3400) (3)
- HIST 3450 - Rise of Urban America (3)
- HIST 4090 - Sexuality in the Americas (3)
- HIST 4600 - The Chicano Movement (also listed as CLS 4260) (3)
- HIST 4690 - Indigenous Peoples of the Americas (3)
- HIST 4700 - The Colonial Heritage: The United States, 1607-1763 (3)
- HIST 4710 - Era of Revolution: The United States, 1763-1815 (3)
- HIST 4720 - Democracy, Dissent, and Disunion: The United States, 1815-1877 (3)
- HIST 4730 - The United States, 1877-1918 (3)
- HIST 4740 - The United States, 1918-1973 (3)
- HIST 4750 - The United States, 1973 to Present (3)
- HIST 4760 - Economic History of United States (3)
- HIST 4775 - American Religious History (also listed as RELS 4775) (3)
- HIST 4780 - History of United States International Relations (3)
- HIST 4790 - Constitutional History of United States (3)
- HIST 4800 - Ethnicity and Immigration in American History (3)
- HIST 4820 - History of US Popular Culture (3)
- HIST 4830 - Poverty and Anti-Poverty in American History (3)
- HIST 4840 - Civil War and Reconstruction (3)
- HIST 4850 - U.S. Women to 1877 (3)
- HIST 4860 - U.S. Women, 1877 to the Present (3)
- HIST 4870 - History of U.S. Work and Working People (3)
- HIST 4890 - Los Angeles (3)

Electives (9 units)

Select any three courses from the above courses listed under Groups A, B, C, and D, as well as from the following list. No more than 6 units of electives may be taken at the 3000 level.

- HIST 3300 - Big History: From The Big Bang Until the Present (3)
- HIST 3350 - Global History of World War II (3)
- HIST 3510 - A History of Violence: Conflict, War, and Resolution (3)
- HIST 3520 - Oral History of Asian America (also listed as AAAS 3520) (3)
- HIST 3560 - History of Emotions (3)
- HIST 3570 - Gender and Sex in History (3)
- HIST 3600 - Revolution in History (3)
- HIST 3800 - Ancient and Modern Science (also listed as CHEM 3800, PHIL 3800) (3)
- HIST 4000 - Special Lectures in History (1-3)
- HIST 4010 - History of Globalization: Themes and Continuities (3)
- HIST 4950 - Internship in Applied History (1-3)
- HIST 4960 - Issues in Teaching History-Social Science (3)
- HIST 4970 - Editing and Publishing Perspectives (3)
- HIST 4990 - Undergraduate Directed Study (1-3)

Teacher Preparation Option (36 units)

The Teacher Preparation Option is designed for students seeking a Single Subject Credential in Social Science. Students who graduate with this option in the History major will fulfill all subject matter requirements for the Social Science Credential. Early consultation with a department advisor is strongly recommended.

The option is comprised of 24 required lower division units, 36 required and elective upper division units; and 6 pedagogy units. Students must earn a grade of “C” or higher in all courses that satisfy the major requirements.

Social Science Courses (30 units)

Economics Courses (6 units)

- ECON 1500 - Economics for the Citizen (3)
- ECON 3600 - Developing Countries and the New Global Economy (3) or
Religious Studies / Geography Courses (9 units)

- GEOG 1550 - Cultural Geography (3) or
- PHIL 2000 - Introduction to Comparative Religions (also listed as RELS 2000) (3)
- GEOG 3700 - World Regional Geography (3)
- GEOG 4510 - Historical Geography of North America (3)
- GEOG 4310 - California (3)

Political Science Course (6 units)

- POLS 1000 - Power, Politics and Engagement in US Government (3)
- POLS 3730 - Foundations of Comparative Politics (3)

History Courses (9 units)

- HIST 2080 - California (3)

And any two upper division courses (6 units) from the following:

- HIST 4700 - The Colonial Heritage: The United States, 1607-1763 (3)
- HIST 4710 - Era of Revolution: The United States, 1763-1815 (3)
- HIST 4720 - Democracy, Dissent, and Disunion: The United States, 1815-1877 (3)
- HIST 4730 - The United States, 1877-1918 (3)
- HIST 4740 - The United States, 1918-1973 (3)
- HIST 4750 - The United States, 1973 to Present (3)
- HIST 4760 - Economic History of United States (3)
- HIST 4775 - American Religious History (also listed as RELS 4775) (3)
- HIST 4780 - History of United States International Relations (3)
- HIST 4790 - Constitutional History of United States (3)
- HIST 4800 - Ethnicity and Immigration in American History (3)
- HIST 4820 - History of US Popular Culture (3)
- HIST 4830 - Poverty and Anti-Poverty in American History (3)
- HIST 4840 - Civil War and Reconstruction (3)
- HIST 4850 - U.S. Women to 1877 (3)
- HIST 4860 - U.S. Women, 1877 to the Present (3)
- HIST 4870 - History of U.S. Work and Working People (3)
- HIST 4890 - Los Angeles (3)

Pedagogy Courses (6 units)

Field Experience (3 units)

- HIST 3000 - Early Field Experience in History-Social Science Education (3)

Capstone Course (3 units)

- HIST 4960 - Issues in Teaching History-Social Science (3)

- HIST 3085 - Early Field Experience in History-Social Science Education (3)
- HIST 4960 - Issues in Teaching History-Social Science (3)
History, M.A.

The Master of Arts degree in History is designed for the attainment of a liberal-arts education appropriate to careers in such professions as law, journalism, business, government service, and librarianship, as well as preparation for teaching and further graduate study.

The program requires intensive study involving courses, seminars, and directed reading in preparation for comprehensive examinations and an optional thesis.

Admission to the Program

Application must be made both to the Department of History and the University. See www.calstateapply.edu for admission materials and submission of application. See department office or website (http://www.calstatela.edu/academic/history) for department application material. Please note that acceptance into the university does not guarantee admittance to the department.

Departmental Admission Requirements

All applicants must submit two letters of recommendation. At least one letter must come from a professor or an individual capable of evaluating the applicant’s qualifications for graduate study.

All applicants must also submit a statement of purpose essay, 500-750 words in length, stating the applicant’s purpose in applying for graduate study, any special areas of interest, plans for future occupation or profession and any additional information that may aid the selection committee in evaluating the applicant’s preparation and aptitude for graduate study at CSULA.

Applications will be considered for fall or spring admissions only. Please see www.calstateapply.edu for University application deadlines, and the History Department website (http://www.calstatela.edu/academic/history) for department application deadlines.

Admission to the department will be based on evaluation of the letters of recommendation and statement of purpose, as well as the following requirements:

I. Additional admission requirements for applicants with history major baccalaureates.

A. In addition to university requirements for admission to graduate study, to be considered for departmental admission, applicants must have a grade point average in the last 60 semester (90 quarter) units of 3.00 or better. Applicants with GPAs between 2.75 and 3.00 may be admitted at the discretion of the department’s graduate admissions committee after completing prerequisite or qualifying courses, if necessary, with a minimum grade of B (3.0) in each prerequisite or qualifying course.

B. Applicants who have not passed HIST 3080 and HIST 3090 or their equivalent in another accredited college or university will be required to complete those classes with a minimum grade of B (3.0) prior to admittance.

II. Additional admission requirements for applicants with a baccalaureate in a major other than history.

A. In addition to university requirements for admission to graduate study, to be considered for departmental admission applicants must have a
grade point average in the last 60 semester (90 quarter) units of 3.0 or better in the coursework of their major field. Applicants with GPAs between 2.75 and 3.00 may be admitted at the discretion of the department’s graduate admissions committee after completing prerequisite or qualifying courses, if necessary, with a minimum grade of B (3.0) in each prerequisite or qualifying course.

B. Applicants with a baccalaureate in a major other than history must also complete 15-21 units of approved upper division history courses with a minimum grade of B (3.0) in each course, including HIST 3080 and HIST 3090, before admission into the program.

Foreign Languages

Students writing a thesis, particularly in a non-U.S. field, may be required to have competency in one or more foreign languages to complete the thesis. The history department strongly recommends that all its M.A. students learn a foreign language, especially those planning to pursue a PhD. Such students should speak with their field advisors as early as possible about foreign language competency requirements for PhD. Programs.

Requirements for the Degree (30-33 units)

A minimum of 30 to 33 units are required, depending on whether the program is completed by comprehensive examinations or a thesis. At least 21 units must be in 5000-level courses.

Required Courses (6 units)

- HIST 5000 and 5940 are required of all students, and are included in the 21 units of required 5000-level history coursework.
- Students will take 15 units (five courses) of required 5000-level history from the three fields offered by the History Department. They include the United States, Latin America, and World History. Please make sure to take no more than five courses from a single field of history.

Electives (6 units)

Select six units of 4000- or 5000-level courses in history with advisor approval.

Latin America

- HIST 5600 - History of Colonial Latin America (3)
- HIST 5610 - History of Modern Latin America (3)
- HIST 5650 - Seminar: History of Mexico (3)
- HIST 4090 - Sexuality in the Americas (3)
- HIST 4600 - The Chicano Movement (also listed as CLS 4260) (3)
- HIST 4610 - Early Latin America: Conquest to 1850s (3)
- HIST 4620 - Modern Latin America: 1860s to the present (3)
- HIST 4640 - History of Central America and the Caribbean (3)
- HIST 4650 - Brazil (3)
- HIST 4660 - Colonial Mexico (also listed as CLS 4660) (3)
- HIST 4665 - Modern Mexico (also listed as CLS 4665) (3)
- HIST 4670 - Modern Mexico and the Chicano People (also listed as CLS 4670) (3)
- HIST 4690 - Indigenous Peoples of the Americas (3)

United States

- HIST 5700 - Seminar: Early History of U.S. (3)
- HIST 5750 - Seminar: Recent History of U.S. (3)
- HIST 5770 - Seminar: American Social and Intellectual History (3)
- HIST 5780 - Seminar: History of the U.S. West (3)
- HIST 4090 - Sexuality in the Americas (3)
- HIST 4600 - The Chicano Movement (also listed as CLS 4260) (3)
- HIST 4690 - Indigenous Peoples of the Americas (3)
- HIST 4700 - The Colonial Heritage: The United States, 1607-1763 (3)
- HIST 4710 - Era of Revolution: The United States, 1763-1815 (3)
- HIST 4720 - Democracy, Dissent, and Diaspora: The United States, 1815-1877 (3)
- HIST 4730 - The United States, 1877-1918 (3)
- HIST 4740 - The United States, 1918-1973 (3)
- HIST 4750 - The United States, 1973 to Present (3)
- HIST 4760 - Economic History of United States (3)
- HIST 4775 - American Religious History (also listed as RELS 4775) (3)
- HIST 4780 - History of United States International Relations (3)
- HIST 4790 - Constitutional History of United States (3)
- HIST 4800 - Ethnicity and Immigration in American History (3)
- HIST 4820 - History of US Popular Culture (3)
- HIST 4830 - Poverty and Anti-Poverty in American History (3)
- HIST 4840 - Civil War and Reconstruction (3)
- HIST 4850 - U.S. Women to 1877 (3)
- HIST 4860 - U.S. Women, 1877 to the Present (3)
- HIST 4870 - History of U.S. Work and Working People (3)
- HIST 4890 - Los Angeles (3)

**World**

- HIST 5050 - Seminar: World History (3)
- HIST 4010 - History of Globalization: Themes and Continuities (3)
- HIST 4090 - Sexuality in the Americas (3)
- HIST 4240 - Science, Enlightenment, and Empire (3)
- HIST 4340 - The British Empire (3)
- HIST 4690 - Indigenous Peoples of the Americas (3)
- HIST 5400 - Seminar: Modern African History (3)
- HIST 4410 - Pre-colonial Sub-Saharan Africa (3)
- HIST 4420 - History of Africa since 1800 (3)
- HIST 5550 - Seminar: Recent Asian History (3)
- HIST 4190 - Ancient Near East: 4000-323 B.C. (3)
- HIST 4191 - Ancient Egypt: 4000-30 BC (3)
- HIST 4480 - History of Islamic Central Asia (also listed as AAAS 4480) (3)
- HIST 4490 - Pan Asianism: 19th-20th Century Asian Intellectual History (also listed as AAAS 4490) (3)
- HIST 4500 - Traditional China (3)
- HIST 4510 - Modern China (3)
- HIST 4520 - People’s Republic of China (3)
- HIST 4540 - Modern Japan (3)
- HIST 5100 - Seminar: Ancient History (3)
- HIST 5200 - Seminar: History of Middle Ages (3)
- HIST 5250 - Seminar: Early Modern European History (3)
- HIST 5300 - Seminar: Recent European History (3)
- HIST 5350 - Seminar: Russian History (3)
- HIST 4110 - History of Ancient Greece (3)
- HIST 4120 - Greek History: The Alexandrian Age (3)
- HIST 4130 - Early Rome, The Republic (3)
- HIST 4140 - The Roman Empire (3)
- HIST 4150 - History of Ancient Greek and Roman Religions (also listed as RELS 4150) (3)
- HIST 4210 - Post-Roman Europe (3)
- HIST 4220 - The Middle Ages (3)
- HIST 4225 - Religion and Society in Medieval Europe (also listed as RELS 4225) (3)
- HIST 4230 - Renaissance and Reformation (3)
- HIST 4260 - Europe: 1815-1890 (3)
- HIST 4270 - Europe: 1890-1945 (3)
- HIST 4280 - Europe since 1945 (3)
- HIST 4310 - History of Modern Germany (3)
- HIST 4360 - Imperial Russia: 1801-1917 (3)
- HIST 4370 - The Soviet Union (3)
- HIST 5450 - Seminar: Middle Eastern History (3)
- HIST 4450 - Islamic Empires in World History: 600s-1919 (3)
- HIST 4460 - The Islamic Middle East: 1258-1919 (3)

**Completion of Program**

Students may complete the program either by passing comprehensive examinations or by writing a thesis with the approval of the department Graduate Studies Committee.
1. Comprehensive Examinations (0 units)

Students must register and complete Hist 5910 (Comprehensive Exam Preparation Class) before taking their comprehensive exams, HIST 5960. Students may register for HIST 5960 and take the comprehensive examinations only after they complete all course work in their program.

Download Complete policies and guidelines for comprehensive examinations (effective Fall 2016).

Students who were matriculated in the MA program prior to Fall 2016 should also consult the following document for information on how to complete comprehensive examinations in either three (quarter) fields or two (semester) fields: comps comparison for quarter-to-semester students.

2. Thesis (6 units)

Students must complete 18 units before formally beginning the Thesis Option. Students must maintain at least a 3.5 GPA in these 18 units, 12 of which must be 5000-level seminars.

The thesis (HIST 5990) will substitute for the 3 units 5910 requirement in the comprehensive exam option. Thesis students will register for 6 units of HIST 5990, for a program total of 33 units.

For further guidelines on thesis preparation, consult the History Department’s grad bulletin and the College of Natural and Social Sciences Procedures for the Master’s Thesis.
Hospitality, Wellness, and Leisure Services, B.S.

The Bachelor of Science Degree in Hospitality, Wellness, and Leisure Services is organized to provide knowledge and skills in the areas of restaurant and lodging, wellness (nutrition and health), revenue and cost controls, human resources, cultural competencies, and customer expectations. This degree is designed to provide leadership opportunities for students interested in a career in the Hospitality industry in positions such as hotels and resorts, restaurants and commercial food service, meeting and event planning, tourism destinations and attractions, leisure and recreation, airlines, cruises, and other transportation, environmentally sustainable and cultural tourism development, and spa and wellness management. Students may also prepare for graduate study in Hospitality Management.

Program Learning Outcomes:
1. Analyze the impact of emerging trends within nutrition, health, and wellness as it relates to the hospitality and customer experience.
2. Employ a variety of operational and logistics skills to deliver a high quality hospitality, wellness, and leisure experience.
3. Demonstrate essential financial, communication, and human resource skills needed to operate a successful and financially sound hospitality business.
4. Analyze how cultural differences, traditions, and social inequality shape the hospitality workplace and experience.
5. Apply management and leadership knowledge and skills to the field of hospitality, wellness, and leisure services.

Required Courses (60 units)

In addition to completing all the courses below (57 units), students are required to take an upper-division GE block C course (3 units).

- COMM 3890 - Intercultural Communication in Civic Contexts (3)
- FST 4790 - Professional Interactions and Writing Skills (3)
- HOSP 3100 - Emerging Trends in the Hospitality Industry (3)
- HOSP 3102 - Restaurant Food, Beverage, and Labor (3)
- HOSP 3104 - Hospitality Internship (1-4) (complete 4 units)
- HOSP 3106 - Travel, Tourism, and Leisure Services (3)
- HOSP 3108 - Lodging Systems (3)
- HOSP 4100 - Meeting and Event Planning Services (2)
- HOSP 4102 - Hospitality Service Environment (3)
- HOSP 4104 - Hospitality Capstone (3)
- KIN 3000 - Physiological Bases of Nutrition, Physical Fitness, and Health (3)
- MGMT 3070 - Management and Organizational Behavior (3)
- MGMT 4108 - High Performance Management (3)
- MGMT 4400 - Strategic Human Resource Management (3)
- NTRS 3120 - Cultural Cuisine (3)

This program is designed to enable students with undergraduate degrees in Industrial Technology, Graphic Communications, Aviation Administration, Fire Protection Administration, Engineering, or other related fields to develop necessary technical, managerial and leadership skills to meet the responsibilities of leadership positions in diverse technology fields. The program offers a required core of technology leadership classes along with selecting one of the three concentrations:

**Organizational Security**: emphasizing security management in organizations.
**Education and Training**: emphasizing career and technical education and training.
**Product and Process Development**: emphasizing product and process development with the use of data and virtual simulation.

### Admission to the Program

In addition to University requirements for admission to graduate study, applicants must have a baccalaureate in a related field with combined course work and work experience acceptable to the department.

### Requirements for the Degree (30 units)

A total of 30 units is required, with at least 15 in 5000-level courses.

#### Required Core (12 units)

- TECH 5100 - Technology Forecasting and Assessment (3)
- MGMT 5106 - Employee Motivation and Work Behavior (3)
- MGMT 5501 - Project Management (3)
- TECH 5900 - Research Development for Technology Leadership (3)

#### Concentration (6 units)

Complete two courses from one of three concentrations: Organizational Security, Education and Training, or Product and Process Development.

#### Organizational Security

- TECH 5310 - Security Issues in the 21st Century (3)
- TECH 5320 - Hazardous Material and Disaster Management (3)

#### Education and Training

Cal State LA Home
Industrial Management, M.S.

The Master of Science degree in Industrial Management prepares students with backgrounds in engineering, business, manufacturing or related industries to gain management skills that help them in areas involving planning, problem solving, and decision-making. Students are able to tailor their program to fit their specific needs.

Admission to the Program

In addition to University requirements for admission to graduate study, applicants must have a baccalaureate of science or in a related field with combined course work and work experience acceptable to the Program.

Requirements for the Degree (30 units)

A total of 30 units is required, with at least 18 in 5000-level courses.

Core Courses (18 units)

- MGMT 5106 - Employee Motivation and Work Behavior (3)
- MGMT 5501 - Project Management (3)
- TECH 5100 - Technology Forecasting and Assessment (3)
- TECH 5510 - Product Conceptualization and Realization (3)
- TECH 5520 - Six Sigma for Manufacturing (3)
- TECH 5900 - Research Development for Technology Leadership (3)

Elective Courses (9 - 12 units)

Select 9 -12 units from the following. Students taking TECH 5960 to satisfy the Culminating Experience, complete 12 units from the following list; TECH 5990 or TECH 5995 students complete 9 units.

- TECH 4600 - Advanced Manufacturing Processes (3)
- TECH 4620 - Digital Manufacturing (3)
- TECH 5530 - Manufacturing Decision Making (3)
- TECH 5540 - Manufacturing Production Control (3)
- TECH 5550 - Quality Assurance and Root Cause Analysis (3)
- TECH 5560 - International Standard Organization 9001 Quality Management Systems (3)

Culminating Experience (0-3 units)

Select one:

- TECH 5960 - Comprehensive Examination (0)
- TECH 5990 - Thesis (1-3) (complete 3 units)
- TECH 5995 - Project (1-3) (complete 3 units)
Industrial Technology Credential Program

Single Subject Credential

The Bachelor of Science degree in Industrial Technology has been approved by the California Commission on Teacher Credentialing as a subject matter program designed to qualify students for the Single Subject Credential in Industrial and Technology Education. Students should consult advisers in both the department and the Charter College of Education.
The total number of units required for the Bachelor of Science degree in Industrial Technology is 120 units, of which 72 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

The Industrial Technology program prepares graduates for careers in a broad variety of industries including aerospace, communication, manufacturing, transportation and utility services. The three areas of course concentration are manufacturing processes and automation, sustainable (green)power and transportation and one that leads to a minor in operations and supply chain management. Instruction includes laboratory experiences with a project design centered approach. Graduates of programs in industrial technology are called "technologists" to distinguish them from graduates of programs in engineering. Technologists apply management theory and practice with technical skills to solve problems.

Requirements for the Major (72 units)

The Bachelor of Science degree in Industrial Technology requires a total of 120 units. The lower division program may be completed at a community college or at another four-year institution. The major requires 72 units including 21 semester units of community college work for students who have completed a two year community college program in computer aided design, electronics, manufacturing technology, power/energy/transportation, or a similar technology-oriented program.

Freshmen students (non-transfer) are able to complete the lower division (21 units) by taking the required foundation program.

Students who have not completed Lower Division General Education requirements at the time of entrance to Cal State L.A. must fulfill these remaining requirements in addition to the Upper Division General Education and major requirements.

Foundation Program (21 units)

Required Courses for first-time freshmen.

- ACCT 2100 - Principles of Financial Accounting
- TECH 1000 - Introduction to Automotive Mechanisms
- TECH 1100 - Introduction to Design Application and 3D Modeling
- TECH 1200 - Practical Electronics
- TECH 1300 - Introduction to Graphic Communications
- TECH 1600 - Introduction to Metalworking
- TECH 2000 - History of Technology

Prerequisites (6-7 units)

- MATH 1081 - PreCalculus: Functions
- PHYS 1560 - Physics for the Twenty-first Century
- PHYS 1570 - Physics for the Twenty-first Century Laboratory (1) or
- CHEM 1010 - Fundamentals of Chemistry (4)

**Note:**

*These required courses or their equivalents must be taken as part of the General Education Program and are not counted in the units to take for the major.

**Required Core (36 units)**

- TECH 1010 - Industrial Safety (3)
- ECON 2090 - Applied Business and Economic Statistics I (3)
- ECON 3090 - Applied Business and Economic Statistics II (3)
- TECH 3300 - Graphic Communications Processes and Materials (3)
- TECH 3600 - Lean Manufacturing (3)
- TECH 3700 - Power, Energy and Transportation (3)
- TECH 4000 - Written Communication Skills for Technology (3)
- TECH 4210 - Internetworking Technology (3)
- TECH 4880 - Fluid Power (3)
- TECH 4990 - Industrial Training Methods (3)
- TECH 4950 - Industrial Technology Senior Project I (3)
- TECH 4951 - Industrial Technology Senior Project II (3)

**Required Concentration Courses (15 units)**

Students must choose one concentration area listed below.

**Manufacturing Systems and Processes:**

**Required Courses (9 units)**

- TECH 3130 - Product Design and Development (3)
- TECH 3820 - Metrology and Statistical Process Control (3)
- TECH 4660 - Additive Manufacturing (3)

**Electives (6 units)**

Students can select 2 courses from the following course list:

- TECH 3150 - Project Design and Document Control (3)
- TECH 4600 - Advanced Manufacturing Processes (3)
- TECH 4620 - Digital Manufacturing (3)
- TECH 4670 - Emerging Manufacturing Technologies (3)

**Sustainable Power and Transportation Technologies:**

**Required Courses (9 units)**

- TECH 4700 - Electric and Hybrid Vehicles (3)
- TECH 4720 - Photovoltaic Applications (3)
- TECH 4740 - Fuel Cell Applications and Hydrogen Infrastructure (3)

**Elective Courses (6 units)**

Students can select 2 courses from the following course list:

- TECH 3130 - Product Design and Development (3)
- TECH 4710 - Engine Design and Performance (3)
- TECH 4780 - Measurement, Instrumentation and Control (3)
- TECH 4780 - Emerging Technologies in Power, Energy, and Transportation (3)
Operations and Supply Chain Management:

Required Courses (9 units)

- MGMT 3060 - Operations Management (3)
- MGMT 4500 - Case Studies in Operations Management (3)
- MGMT 4501 - Process Design and Improvement (3)

Elective Courses (6 units)

Students can select 2 courses from the following course list

- MGMT 4502 - Production and Inventory Management (3)
- MGMT 4503 - Total Quality Management (3)
- MGMT 4504 - Supply Chain Management (3)
- MGMT 4505 - Project Management (3)
- MGMT 4506 - Service Management (3)
- MGMT 4105 - Managerial Leadership and Motivation (3)
The Master of Science in Information Systems (MSIS) is designed to provide managers and professionals the necessary technical and managerial skills needed to fulfill the responsibilities of senior professional and project management positions in the information systems/technology field.

The MSIS degree program is organized into two options: a Professional option (PMSIS) designed for current IS/IT professionals and an Executive option (EMSIS) designed for managers and professionals working outside the IS field.

**Admission to the Program**

In addition to applying to the University, prospective students must submit a separate graduate programs application to the College of Business and Economics Advisement Center. Applicants are admitted to the MSIS program based on a comprehensive review by the Department of Information Systems of: their work experience reflected in a résumé, their GMAT or GRE scores and two letters of recommendation from persons who have supervised the applicant's work. Depending on the background of the applicants, prerequisites may be required upon admission.

**Requirements for the MSIS Degree (30 units)**

A total of 30 units of 5000-level courses are required. The university also requires demonstration of writing proficiency by enrollment in and passing UNIV 4000 Writing Proficiency Examination (0 units) within the first two semesters of study.

**Required Common Core Courses (9 units)**

- **CIS 5040 - Information Systems** (3)
- **CIS 5850 - Communication and Information Services** (3)
- **CIS 5900 - IS/IT Policy and Strategy** (3)

**Comprehensive Examination (0 units)**

Students should expect to take the Comprehensive Examination (BUS 5960) the semester they complete all course work on their program and must comply with college and department requirements.

**Options**

- **MSIS Professional Option**
- **MSIS Executive Option**

**MSIS Professional Option**

The MSIS, Professional option (PMSIS) is designed for managers and professionals planning to work in the business information systems field. The option offers future information systems professionals the background knowledge needed to move into senior planning, consulting, and project management positions.
Required Courses (6 units)

- CIS 5100 - IS/IT Architectures (3)
- CIS 5200 - Systems Analysis and Design (3)

Elective Courses (15 units)

Select 15 units (any 5 courses) from the MSIS elective course list below:

Application Development

- CIS 5610 - Design of an E-Commerce Site (3)
- CIS 5620 - Authoring Web Sites (3)
- CIS 5630 - Mobile Applications (3)

Data Analytics

- CIS 5210 - Healthcare Data Analytics (3)
- CIS 5250 - Visual Analytics (3)
- CIS 5270 - Business Intelligence (3)
- CIS 5320 - Data Integration and Analysis in ERP Systems (3)
- CIS 5430 - Databases and Data Warehousing (3)
- CIS 5560 - Introduction to Big Data Science (3)
- CIS 5910 - Introduction to Big Data Analysis and Development (3)

Enterprise System Management

- CIS 5300 - Enterprise Processes Integrations (3)
- CIS 5310 - Advance Topics in ES (3)
- CIS 5320 - Data Integration and Analysis in ERP Systems (3)
- CIS 5560 - Information Systems Consulting (3)
- CIS 5660 - Information Systems Project and Change Management (3)

Network

- CIS 5600 - Computer Networks (3)
- CIS 5710 - Multimedia Communication Applications (3)
- CIS 5720 - Wireless Networks for Information Systems (3)
- CIS 5730 - Computer and Network Security (3)

Privacy and Security

- CIS 5840 - Controlling and Auditing Computer Systems (3)
- CIS 5880 - Seminar: Information Security (3)

Special Industrial Tracks

- ACCT 5240A - Accounting Information Systems (3)
- CIS 5210 - Healthcare Data Analytics (3)
- CIS 5810 - Health Care Information Systems (3)

Current Issues

- CIS 5280 - Current Problems in Computer Information Systems (3 or 6)
- CIS 5980 - Graduate Directed Study (1) (1, 2 or 3)

MSIS Executive Option
The MSIS Executive Option (EMSIS) is designed for experienced executives, managers, and professionals who are interested in a career redirection or change into the business information systems/technology field. It is designed to provide persons currently employed in business and other types of organizations in management and operations positions the education needed to obtain the professional and managerial knowledge and skills needed for senior level positions in information systems/information technology (IS/IT) user and support organizations, such as: consulting, user management, development planning and management, and data center operations.

Requirements for the EMSIS Option (21 units)

**Required Courses (9 units)**

- CIS 5010 - Application Programming (3)
- CIS 5020 - Systems Analysis and Logical Design I (3)
- CIS 5030 - Systems Analysis and Logical Design II (3)

**Elective Courses (12 units)**

Select 12 units (4 courses) from the elective MSIS course list below:

**Application Development**

- CIS 5610 - Design of an E-Commerce Site (3)
- CIS 5620 - Authoring Web Sites (3)
- CIS 5630 - Mobile Applications (3)

**Data Analytics**

- CIS 5210 - Healthcare Data Analytics (3)
- CIS 5250 - Visual Analytics (3)
- CIS 5270 - Business Intelligence (3)
- CIS 5320 - Data Integration and Analysis in ERP Systems (3)
- CIS 5430 - Databases and Data Warehousing (3)
- CIS 5560 - Introduction to Big Data Science (3)
- CIS 5910 - Introduction to Big Data Analysis and Development (3)

**Enterprise System Management**

- CIS 5300 - Enterprise Processes Integrations (3)
- CIS 5310 - Advance Topics in ES (3)
- CIS 5320 - Data Integration and Analysis in ERP Systems (3)
- CIS 5830 - Information Systems Consulting (3)
- CIS 5860 - Information Systems Project and Change Management (3)

**Network**

- CIS 5600 - Computer Networks (3)
- CIS 5710 - Multimedia Communication Applications (3)
- CIS 5720 - Wireless Networks for Information Systems (3)
- CIS 5730 - Computer and Network Security (3)

**Privacy and Security**

- CIS 5840 - Controlling and Auditing Computer Systems (3)
- CIS 5880 - Seminar: Information Security (3)

**Special Industrial Tracks**

- ACCT 5240A - Accounting Information Systems (3)
- CIS 5210 - Healthcare Data Analytics (3)

Interdisciplinary Studies Master's Degree

The Interdisciplinary Studies major for the Master of Arts or Master of Science degree is a highly restricted interdisciplinary program designed for students whose professional/academic objectives are unique and cannot be met by existing master's degree offerings. It is a program that comprises course offerings from at least two departments in related disciplines and must provide sharp focus and appropriate coherence. As a rule, no more than 9 semester units of previously completed acceptable course work may be included on an approved master's degree program.

Admission Requirements

In addition to meeting minimum University requirements for admission to classified graduate standing, applicants must possess a baccalaureate in an area cognate to the areas of the proposed degree, must have a minimum 3.00 grade point average (A=4.0) and must meet all college requirements and such department, division or school requirements as course prerequisites, test scores, and grade point average for the master’s degrees of the colleges and departments/divisions/schools in which course work for the Interdisciplinary Studies Master’s is proposed. Approval for an Interdisciplinary Studies Master’s is based upon individual justification.

Students must make formal written application to the Office of the Dean of Graduate Studies. All applications must include:

- A clear and concisely stated rationale for pursuing an Interdisciplinary Studies Master's degree and an indication of the professional/academic objectives to be achieved. This rationale must include evidence clearly indicating that the Interdisciplinary Studies program could not be accommodated within any existing approved master’s degree program on this campus.
- A proposed list of available courses chosen from two or more departments/divisions/schools totaling a minimum of 30 units, of which at least 15 units must be 5000-level.
- An indication of whether a thesis or project will be used to complete the graduate program. A preliminary description of the thesis topic or research project is to be included.
- Names and areas of specialization of at least two tenured or tenure-track faculty members representative of the disciplines in the proposed study plan who have agreed to serve on the advisory committee for such a degree program.
- Their signatures should be obtained on the departmental application.

The Dean of Graduate Studies must approve all programs prior to admission. The student’s study plan is subject to University graduate procedures and regulations that govern all graduate degree offerings.
The program in Japanese includes a major for the Bachelor of Arts degree and a minor. The program places emphasis on the development of functional communicative skills in Japanese and offers in-depth study of Japanese literature, language, and civilization.

Acquiring functional skills in listening, speaking, reading, writing, and culture gives students direct access to the Japanese people and society, enabling them to better understand and interact with the people of Japan today. The study of Japanese literature, language, and civilization broadens intellectual horizons, fosters appreciation of cultural and linguistic diversity, and helps equip students to take their place as global citizens of the twenty-first century.

The total number of units required for the Bachelor of Arts degree in Japanese is 120 units, of which 43 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (43 units)

A total of 43 units are required, including at least 16 units earned in residence at Cal State L.A. Elementary and intermediate Japanese (JAPN 1001, 1002, 1011, 1012, 2001, 2002, 2012), or an equivalent level of proficiency, are prerequisite to the major. All students take a required common core of 22 units and 21 units of electives for a total of 43 units.

Lower Division Required Courses (3 units)

- ML 1010 - Introduction to Higher Education for MLL Majors (3)

Upper Division Core Courses (19 units)

- JAPN 3001 - Advanced Japanese I (3)
- JAPN 3002 - Advanced Japanese II (3)
- JAPN 3003 - Advanced Japanese Proficiency (1)
- JAPN 3500 - Advanced Oral Communication (3)
- JAPN 3600 - Advanced Reading and Composition (3)
- JAPN 3800 - Business Japanese (3)
- ML 4000 - Senior Thesis in Modern Languages and Literatures (3)

Electives (21 units)

Select 21 units from the following:

- JAPN 3070 - Japanese Literature in Translation (3)
- JAPN 3100 - Japanese Civilization to 1945 (3)
• JAPN 3110 - Japanese Civilization since 1945 (3)
• JAPN 3150 - Language in Japanese Society (3)
• JAPN 3200 - Introduction to Japanese Linguistics (3)
• JAPN 4030 - Functional Approaches to Japanese Linguistics (3)
• JAPN 4054 - Special Topics in Japanese (3)
• JAPN 4080 - Classical Japanese Literature (3)
• JAPN 4100 - Modern Japanese Literature (3)
• JAPN 4500 - Proseminar: Japanese Linguistics (3)
Journalism, B.A.

Overview

The program leading to the Bachelor of Arts degree in Journalism emphasizes both theoretical understanding and practical application of the news industry in contemporary society. It is the primary objective of our curriculum to develop a knowledgeable and artistically skilled graduate who will be able to pursue an advanced degree and/or a professional journalism career in radio, television, digital, and multiplatform media. The program emphasizes the importance of the news media in constructing awareness of the multi-cultural composition of society, as well as the media’s impact on all aspects of human interaction.

The total number of units required for the Bachelor of Arts degree in Journalism is 120 units, of which 42 units are in the major. Consult with an adviser for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (42 units)

Students should plan their programs with careful attention to prerequisites for upper division courses.

Core Requirements (36 units)

Lower Division Required Courses (12 units)

- JOUR 2920 - Introduction to News Writing and Reporting (3)
- JOUR 2950 - Journalism Production (3)
- JOUR 2490 - Announcing (3)

Upper Division Required Courses (24 units)

Only 3 units of JOUR 3910 will be applied toward this requirement.

- JOUR 3400 - Interviewing for News Media (3)
- JOUR 3500 - Race, Class and Gender in American Journalism (3)
- JOUR 4740 - Television News Field Production (3)
- JOUR 3910 - University Times (3-6)
- JOUR 4750 - Television News Studio Production (3)
- JOUR 4820 - Digital Journalism (3)
- JOUR 4920 - Advanced News Writing and Reporting (3)
- JOUR 4970 - Journalism Capstone (3)
Electives (6 units)

Select two of the following courses. Three units of JOUR 3910 is applied toward elective credit only after the Upper Division requirement is satisfied.

- **JOUR 3910 - University Times** (3-6)
- **TVF 4000 - Community Impact Media** (3)
- **TVF 4540 - Selected Studies in Television and Film** (1-3)
- **JOUR 4950 - Sports Broadcasting** (3)
Kinesiology Credential Program

Refer to the Charter College of Education section of this catalog for regulations governing all teaching credential programs.

Single Subject Credential

The B.S. degree program in Kinesiology Option IV has been approved by the Commission on Teacher Credentialing as the subject matter program designed to qualify students for the Single Subject credential in Physical Education. Students should consult credential advisers in the School and the Charter College of Education section.
Kinesiology, B.S.

Program Overview

The Bachelor of Science degree in Kinesiology prepares students to be physical activity specialists who pursue careers in fitness, health, and medical settings (e.g., health clubs, rehabilitative exercise centers); educational settings (e.g., elementary and secondary schools); and community service agencies (e.g., YMCAs, Boys and Girls Clubs, neighborhood recreation centers).

The Bachelor of Science degree in Kinesiology has four options:

- **Option I - Exercise and Human Performance**: This option prepares students for careers in fitness and related fields. Students acquire skills and knowledge necessary for employment in health and fitness centers, hospitals, orthopedic centers, sport medicine clinics, and similar health care environments.

- **Option II - Rehabilitation and Therapeutic Exercise**: This option prepares students to design, develop and implement exercise programs that meet the specific needs of: 1) people with acute or chronic physical impairments; and 2) healthy older adults; 3) athletes and performers. Students gain valuable hands-on experience in preparation for employment in rehabilitation clinics, hospitals, senior centers, sports and performance medicine programs.

- **Option III - Subject Matter Preparation for Single Subject Teaching Credential**: This option is designed for individuals interested in teaching physical activity that emphasizes inclusion of all students. Students seeking a teaching credential should see advisers in the School of Kinesiology and Nutritional Science, and in the Charter College of Education. Refer to the Charter College of Education sections for regulations governing all teaching credential programs.

- **Option IV - Community Leadership of Physical Activity**: This option is designed for students interested in delivering physical activity programming within community-based organizations. This approach features sports/games as a mechanism to enhance resiliency, attributes of responsible behavior, and community strength.

Degree Requirements

The total number of units required for the Bachelor of Science degree in Kinesiology is 120 units, which includes General Education courses, Kinesiology major core courses (69-75 units), courses for the option (19-21 units), and free electives* in Kinesiology or related fields.

Students must earn minimum C grades in all required major courses.

Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

* Note:
Free Electives: Check the degree planner for the number of free electives needed to reach the 120 units required for graduation. A list of recommended free electives can be found on the School of Kinesiology, Nutrition, and Food Science webpage.

Requirements for the Major (69-75 units)

Core Courses for the Major (50-54 units)

Lower Division Core Courses (25-29 units)
Complete either Group A for 12 units or Group B for 8 units, and complete Group C for the remaining 17 units.

**Group A (12 units):**
- CHEM 1010 - Fundamentals of Chemistry (4)
- BIOL 2030 - Human Anatomy (4)
- BIOL 2040 - Human Physiology (4)

or

**Group B (8 units):**
- KIN 2150 - Anatomical Kinesiology (5)
- KIN 2250 - Principles of Physical Fitness (3)

**Group C (17 units):**
- KIN 2500 - Introduction to Kinesiology (2)
- KIN 2600 - Computer Applications in Kinesiology and Statistics (3)
- MATH 1081 - PreCalculus: Functions (3)
- PHYS 1560 - Physics for the Twenty-first Century (2)
- PHYS 1570 - Physics for the Twenty-first Century Laboratory (1)
- PSY 1500 - Introductory Psychology (3)
- SOC 2010 - Introduction to Sociology (3)

**Upper Division Core Courses (25 units):**
- KIN 3100 - Written Communication for Kinesiology (3)
- KIN 3400 - Applied Biomechanics (4)
- KIN 3600 - Physiology of Exercise and Physical Activity (4)
- KIN 3650 - Motor Learning and Development (4)
- KIN 3750 - Socio-Historical Analyses of Human Movement (4)
- KIN 3820 - Principles of Sport and Exercise Psychology (3)
- KIN 4250 - Dimensions of Kinesiology for Individuals with Disabilities (3)

**Option Required Courses (19-21 units):**

Select one of the following four options and complete the required courses to satisfy the selected option.

**Option I: Exercise and Human Performance (21 units)**
- KIN 4560 - Sport and Exercise Ergogenic Aids (3)
- KIN 4580 - Environmental Exercise Physiology (3)
- KIN 4600 - Principles of Physical Fitness Assessment (4)
- KIN 4610 - Advanced Exercise Physiology (3)
- KIN 4650 - Principles of Exercise Prescription (5)
- KIN 4960 - Capstone Seminar in Exercise and Human Performance (3)

**Option II: Rehabilitation and Therapeutic Exercise (19-20 units)**

**Group A - Directive Electives (9-10 units)**

Select any three courses from the list:
- KIN 4100 - Neurophysiological Basis of Movement (3)
- KIN 4370 - Disease and Plasticity in Neuromuscular Systems (3)
- KIN 4500 - Exercise Interventions in Aging: Physiological Systems (3)
- KIN 4600 - Principles of Physical Fitness Assessment (4)

**Group B - Directive Electives (8 units)**

Select any two courses from the list:
- KIN 4300 - Care and Prevention of Athletic Injuries (4)
KIN 4360 - Principles of Mobility Training (4)
KIN 4365 - Neurorehabilitation (4)
KIN 4380 - Principles of Exercise for Older Adults (4)
KIN 4400 - Advanced Movement Analysis in Sport, Performance and Injury (4)

Group C - Directive Elective (2 units)
Complete one of the following.
- KIN 4390 - Rehabilitation Exercise Machines (2)
- KIN 4420 - Practicum in Rehabilitation and Therapeutic Exercise (2)
- KIN 4425 - Group Exercise Interventions for Wheelchair Users (2)
- KIN 4430 - Practicum in Performance Medicine (2)

Option III: Subject Matter Preparation For Single Subject Teaching Credential (21 units)
- KIN 3180 - Assessment of Student Learning in Physical Education (4)
- KIN 3190 - Instructional Strategies in Inclusive Physical Education (3)
- KIN 3200 - Professional Invasion and Net Activities for Inclusive PE (3)
- KIN 3210 - Professional Racquet and Target Activities for Inclusive PE (3)
- KIN 3220 - Professional Aesthetic, Cooperative and Adventure Activities for Inclusive PE (4)
- KIN 4015 - Elementary and Secondary Inclusive School Physical Education (4)

Option IV: Community Leadership of Physical Activity (21 units)
- KIN 3190 - Instructional Strategies in Inclusive Physical Education (3)
- KIN 4010 - Creating Developmentally-Appropriate Games/Activities (3)
- KIN 4210 - Youth Development of Physical Activity (3)
- KIN 4220 - Community Service Learning and Physical Activity Programs (3)
- YAA 2900 - Introduction to Youth Agency Administration (3)
- YAA 4670 - The Third Sector and Nonprofit Organizations (also listed as POLS 4670) (3)
- YAA 4950 - Directed Field Experience (3)
Kinesiology, M.S.

The Master of Science degree in Kinesiology prepares students to (a) progress in a professional career in exercise and fitness, rehabilitation and therapeutic exercise, physical education teaching, community leadership; or the sports industry; and (b) embark on further graduate study in a doctoral program in Kinesiology or a related discipline.

The program offers four options. Student must select one:

- I: Exercise Science
- II: Pedagogy and Physical Activity
- III: Movement Science
- IV: Sport Operational/Athlete Representation

Admission to the Program

Graduate degree applicants must meet the University requirements for admission which include a baccalaureate degree from an accredited institution. To be admitted into the Master of Science degree program in Kinesiology, applicants must also meet the following:

- A. Grade point average of at least 2.75 in the last 60 semester units (90 quarter units) attempted
- B. Appropriate undergraduate preparation for the desired specialization within the discipline of Kinesiology
- C. Two letters of recommendation
- D. Statement of goals for graduate study
- E. Submission of GRE general test scores

Requirements for the Degree (30 units)

A total of 30 units are required for graduation. This includes the common core (16 units), an option (12 units), and a culminating experience (2 units). At least 16 units must be at the 5000-level, and at least 16 units must be in Kinesiology. No more than 9 units of KIN 5980, Graduate Directed Study, may be included.

To develop the 30 unit course of study, each student consults with an assigned graduate adviser who must approve the courses selected. Approval of the student’s graduate adviser is a specific prerequisite for enrollment in KIN 5990, Thesis or Project, and students must enroll in a total of 2 units to complete this course.

Core Courses for the Degree (18 units)

Common Core (16 units)

Complete the following:

- KIN 5030 - Applied Statistics in Kinesiology (4)
- KIN 5040 - Research Design in Kinesiology (4)
- KIN 5200 - Graduate Seminar in Kinesiology (1)
- KIN 5300 - Understanding and Practicing Professional Competencies (3)
- KIN 5800 - Exercise Psychology (4)
Culminating Experience (2 units)

Students in all Options must complete the following:

- **KIN 5995 - Project** (1-4)

Options (12 units)

Complete one of the following:

I: Exercise Science

II: Pedagogy and Physical Activity

III: Movement Science

IV: Sport Operational/Athlete Representation

Option I: Exercise Science (12 units)

This Option prepares students for advanced professional positions in fitness and rehabilitation exercise facilities, and for doctoral study.

**Required Courses (9 units):**

- **KIN 5600 - Cardiorespiratory Aspects of Human Performance** (3)
- **KIN 5610 - Neuromuscular Aspects of Human Performance** (3)
- **KIN 5615 - Pulmonary Aspects of Human Performance** (3)

**Elective (3 units)**

Select one of the following:

- **KIN 5620 - Exercise Interventions in Cardiac Rehabilitation** (3)
- **KIN 5640 - Exercise Interventions for Special Populations** (3)
- **KIN 5650 - Endocrine Aspects of Human Performance** (3)

Option II: Pedagogy and Physical Activity (12 units)

This Option prepares students for advanced professional positions teaching physical education in schools and leading physical activities in community-based organizations, and for doctoral study.

**Required Courses (9 units):**

- **KIN 5360 - Seminar: Issues in Adapted Physical Education** (3) or
- **KIN 5440 - Advanced Instructional and Assessment Strategies in Physical Education** (3) or
- **KIN 5550 - Community Development and Physical Activity Programming** (3)

- **KIN 5460 - Analysis of Physical Education Programming** (3)
- **KIN 5480 - Physical Activity Program Leadership** (3)

**Electives (3 units)**

**KIN 5990 - Thesis** (1-4) can be counted as an elective.

Supplementary Authorization

Holders of a Single Subject or Multiple Subject credential issued by the State of California may add a supplemental authorization to teach in another discipline by completing additional course work.

See School credential adviser for requirements for a supplementary authorization in physical education.

Adapted Physical Education Added Authorization APEAA
Option III: Movement Science (12 units)

This Option prepares students for advancing into allied health doctoral study or professional schools (e.g. physical therapy and occupational therapy). By design, this Option enables a tailored course of study that aligns to the industry-driven, required context-specific preparation.

Required Electives (12 units)

Select 12 units from the following.

- KIN 4100 - Neurophysiological Basis of Movement (3)
- KIN 4370 - Disease and Plasticity in Neuromuscular Systems (3)
- KIN 4500 - Exercise Interventions in Aging: Physiological Systems (3)
- KIN 4380 - Principles of Mobility Training (4)
- KIN 4365 - Neurorehabilitation (4)
- KIN 5600 - Cardiorespiratory Aspects of Human Performance (3)
- KIN 5610 - Neuromuscular Aspects of Human Performance (3)
- KIN 5615 - Pulmonary Aspects of Human Performance (3)
- KIN 5620 - Exercise Interventions in Cardiac Rehabilitation (3)
- KIN 5630 - Exercise Interventions in Neuromuscular Rehabilitation (3)
- KIN 5640 - Exercise Interventions for Special Populations (3)
- KIN 5650 - Endocrine Aspects of Human Performance (3)

Option IV: Sport Operations/Athlete Representation (12 units)

This Option prepares students for advanced professional positions within the sports industry, and for doctoral study. These courses will be offered at the DTLA campus through the College of Professional and Global Education.

Required Courses (12 units)

- KIN 5500 - Introduction to Sports Agency - Becoming a Sports Agent (3)
- KIN 5501 - Sports Agency Practice (2)
- KIN 5502 - Analytics and Sports Program Leadership (2)
- KIN 5503 - Analytics and Sports Program Marketing (2)
- KIN 5504 - Analytics and Sports Program Operations (2)
- KIN 5505 - Sport and Athlete Management Internship (2)
Latin American Studies, M.A.

The master’s degree in Latin American Studies is an interdisciplinary program that highlights the histories, economies, politics, societies, and cultural diversity of Latin America as well as its relations to other parts of the world and to Latin American populations in the diaspora. The program allows students to tailor their studies to their interests and professional needs and provides training in research skills and opportunities to work with community organizations. The degree affords students a wide range of career opportunities in the U.S. and abroad, including in policy-making and advocacy, the nonprofit sector, research, teaching in community colleges, or pursuing Ph.D. study.

Admission to the Program

Applicants must complete the application process for both the university and the program. Visit [https://www2.calstate.edu/apply](https://www2.calstate.edu/apply) for admission requirements and materials for the university. Applicants must adhere to all deadlines for the application to the university and submit one copy of official transcripts to the university admissions office.

Contact the Latin American Studies Program for program application materials or go to [www.calstatela.edu/academic/las](http://www.calstatela.edu/academic/las) for more information. All applications to the department must include:

- program application form,
- statement of purpose (1-2 pages),
- two letters of recommendation, and
- unofficial transcripts

Program Requirements

30-32 units are required, of which, at least 18 units are 5000-level courses. Courses may be chosen from a wide range of disciplines in consultation with the adviser. Students have the option of passing a comprehensive examination, writing a thesis, or completing a project as the final phase culminating experience of the degree program.

Requirements for the Degree (30-32 units)

Core Courses (18-20 units)

I. Latin American Studies Seminars (6 units)

- [LAS 5080 - Seminar: Latin American Social Systems](#), (3)
- [LAS 5900 - Interdisciplinary Seminar: Latin American Studies](#), (3)

II. Research Methods (3-5 units)

Complete one course from the list below. Students who have taken LAS 4971 as an undergraduate must select an alternative course.
ANTH 4800 - Anthropological Methods and Techniques (5)
ANTH 5800 - Ethnographic Field School (4)
CLS 4300 - Research on Chicana/o Community Problems (3)
CLS 5030 - Seminar: Research Methods in Chicano Studies (3)
EDFN 5050 - Seminar in Qualitative Research in Education (3)
LAS 4971 - Interdisciplinary Research and Writing in Latin American Studies (3)
SOC 5010 - Qualitative Research Methods in Sociology (3)
WGSS 4000 - Knowledge, Power, and Research Justice in Women’s, Gender, and Sexuality Studies (3)

III. Seminars on Latin America (9 units)

Select 3 seminars from at least two different disciplines:

- ANTH 5940 - Seminar: Problems in Anthropology (3)
- ART 5540 - Special Topics in Art (1-3)
- CLS 5010 - Chicana/o Studies and Contemporary Theory (3)
- CLS 5050 - Interdisciplinary Seminar in Chicana/o and Latina/o Studies (3)
- ECON 5600 - Seminar: Current Issues in Economic Development (3)
- ECON 5610 - Seminar: International Economics (3)
- HIST 5610 - History of Modern Latin America (3)
- HIST 5650 - Seminar: History of Mexico (3)
- LAS 5080 - Seminar: Latin American Social Systems (3)
- LAS 5900 - Interdisciplinary Seminar: Latin American Studies (3)
- MUS 5570 - Seminar: Afro-Latin Music (3)
- MUS 5580 - Histories and Literature of Afro-Latin Music (3)
- POLS 5310 - Seminar: Latin American Government (3)
- SPAN 5830 - Seminar: Contemporary Hispanic Prose (3)
- SPAN 5450 - Seminar: Contemporary Spanish-American Poetry After Ruben Dario (3)

Elective in Latin American Studies (3 units)

Select one course.

- CLS 4280 - Migration, Identity, and Religion (also listed as LAS 4280, RELS 4230) (3)
- LAS 4080 - The Central American Experience in the US (also listed as CLS 4080) (3)
- LAS 4250 - Latin American Responses to Imperialism and Globalization (3)
- LAS 4300 - Cuba and the World (3)
- LAS 4350 - Philosophy and Praxis of Liberation in Latin America (3)
- LAS 4400 - Indigenous Movements in Latin America (3)
- LAS 4490 - Anthropology of Race and Racism (also listed as AAAS 4491, ANTH 4490, CLS 4490) (3)
- LAS 4500 - Special Studies in Latin American Studies (1-3)
- LAS 4600 - Food Justice in Latin America (3)
- LAS 4650 - Gender, Sexuality, and Transnational Migration (also listed as WGSS 4650) (3)
- LAS 4700 - Labor and Social Movements in the Americas (3)
- LAS 4800 - Afro-Latin America (also listed as PAS 4800) (3)
- LAS 4820 - Latin American Women's Movements (also listed as WGSS 4820) (3)
- LAS 4850 - Anti-colonial Movements (also listed as AAAS 4850, PAS 4850) (3)
- LAS 5980 - Graduate Directed Study (1-3)

Directed Electives (6 or 9 units)

Students completing the thesis or project must take 6 units of electives; students completing the comprehensive examination must take 9 units of electives. Electives may be chosen from the following 4000-level and 5000 level courses.

- AAAS 4080 - Comparative Diaspora Studies (3)
- AAAS 4491 - Anthropology of Race and Racism (also listed as ANTH 4490, CLS 4490, LAS 4490) (3)
- AAAS 4850 - Anti-Colonial Movements (also listed as LAS 4850, PAS 4850) (3)
- ANTH 4040 - Peoples of South America (3)
- **ANTH 4080** - Peasant Cultures of Middle America (3)
- **ANTH 4280** - Civilizations of Western Mesoamerica (3)
- **ANTH 4290** - Maya Civilization (3)
- **ANTH 4540** - Special Topics in Anthropology (1-5)**
- **ANTH 5940** - Seminar: Problems in Anthropology (3)
- **ART 4460** - Art of Latin America (3)
- **ART 4470** - The Art of Mesoamerica and the Southwest (3)
- **ART 4500** - The Colonial Art of Mexico and Guatemala (3)
- **ART 4530** - Aztec Art and Culture (3)
- **ART 4541** - Special Topics in Art (1-3)**
- **ART 4560** - Art of the Ancient Andes (3)
- **ART 4570** - Mexican Muralists and Frida Kahlo (3)
- **ART 5540** - Special Topics in Art (1-3)**
- **CLS 4010** - Chicana/o Latina/o Culture and Media (3)
- **CLS 4080** - The Central American Experience in the US (also listed as LAS 4080) (3)
- **CLS 4100** - Latina/o Communities in U.S. Society (3)
- **CLS 4110** - Chicanas/os, Latinas/os and Immigration Policy (3)
- **CLS 4240** - Exploring Afro-Latino/a Identities (3)
- **CLS 4250** - Chicanas & Latinas: Social Movements in the Americas (3)
- **CLS 4255** - Latinas/os and Social Justice Movements (3)
- **CLS 4280** - Migration, Identity, and Religion (also listed as LAS 4280, RELS 4230) (3)
- **CLS 4290** - Chicana Feminisms: History, Theory, Praxis (also listed as WGSS 4290) (3)
- **CLS 4300** - Research on Chicana/o Community Problems (3)
- **CLS 4660** - Colonial Mexico (also listed as HIST 4660) (3)
- **CLS 4665** - Modern Mexico (also listed as HIST 4665) (3)
- **CLS 5010** - Chicana/o Studies and Contemporary Theory (3)
- **CLS 5050** - Interdisciplinary Seminar in Chicana/o and Latina/o Studies (3)
- **ECON 4500** - Economics of Developing Countries (3)
- **ECON 5500** - Seminar: Current Issues in Economic Development (3)
- **ECON 5610** - Seminar: International Economics (3)
- **EDFN 5060** - Seminar in Comparative and International Education (3)
- **EDFN 5070** - Seminar in History of Education (3)
- **EDFN 5080** - Seminar in Philosophy of Education (3)
- **EDFN 5111** - Seminar in Anthropology of Education (3)
- **EDFN 5250** - Seminar in Sociology of Education (3)
- **ENGL 4692** - U.S. Latino/a Literature (3)
- **ENGL 4700** - Latin American Literature in Translation (3)
- **HIST 4000** - Special Lectures in History (1-3)
- **HIST 4090** - Sexuality in the Americas (3)
- **HIST 4600** - The Chicano Movement (also listed as CLS 4260) (3)
- **HIST 4610** - Early Latin America: Conquest to 1850s (3)
- **HIST 4620** - Modern Latin America: 1860s to the present (3)
- **HIST 4640** - History of Central America and the Caribbean (3)
- **HIST 4650** - Brazil (3)
- **LAS 4650** - Gender, Sexuality, and Transnational Migration (also listed as WGSS 4650) (3)
- **LAS 4700** - Labor and Social Movements in the Americas (3)
- **LAS 4800** - Afro-Latin America (also listed as PAS 4800) (3)
- **LAS 4820** - Latin American Women's Movements (also listed as WGSS 4820) (3)
- **LAS 5080** - Seminar: Latin American Social Systems (3)
- **LAS 5900** - Interdisciplinary Seminar: Latin American Studies (3)
- **LAS 5980** - Graduate Directed Study (1-3)
- **LAS 4990** - Undergraduate Directed Study (1-3)
- **ML 4100** - Chicana and Mexican Women Writers (also listed as WGSS 4100) (3)
- **MUS 4580** - Music of Latin America (3)
- **MUS 5570** - Seminar: Afro-Latin Music (3)
- **MUS 5580** - Histories and Literature of Afro-Latin Music (3)
- **PAS 4120** - Third World Women and Development (3)
- **PAS 4160** - Pan Africanism and World Politics (3)
- **PAS 4560** - Politics of the Caribbean and Central America (3)
- PHIL 4330 - Latin American Philosophy (3)
- POLS 4510 - Latin American Politics (3)
- POLS 4540 - Selected Topics in Global Politics (3) **
- POLS 5310 - Seminar: Latin American Government (3)
- SOC 4230 - Sociology of Globalization and Resistance (3)
- SOC 4830 - Sociology of Human Rights (3)
- SPAN 4110 - Spanish-American Literature I (3)
- SPAN 4130 - Spanish-American Literature II (3)
- SPAN 4170 - Spanish-American Short Story (3)
- SPAN 4210 - Mexican Literature of Twentieth Century (3)
- SPAN 4310 - Spanish-American Testimony (3)
- SPAN 4441 - Masterworks of Spanish American Literature (3)
- SPAN 4750 - Spanish American Theater (3)
- SPAN 4830 - Intellectuals and Ideas in Latin America (3)
- SPAN 4850 - Southern Cone Fiction (3)
- SPAN 5450 - Seminar: Contemporary Spanish-American Poetry After Ruben Dario (3)
- SPAN 5830 - Seminar: Contemporary Hispanic Prose (3)
- WGSS 4840 - Chicana/Latina Narratives and Community History (3)

*May be repeated for credit if topic different (up to 9 units) **When topic is Latin America

Culminating Experience: Comprehensive Examinations or Thesis or Project (0 or 3 units)

Students must select one of the following.

- LAS 5960 - Comprehensive Examination (0)
- LAS 5990 - Thesis (1-6) (complete 3 units)
- LAS 5995 - Project (1-3) (complete 3 units)

Comprehensive Examination

Comprehensive written examination about Latin America must be passed successfully in two fields approved by the graduate advisor or program director. Students should expect to take the comprehensive examination (LAS 5960) no earlier than the semester they complete all course work on their program and must comply with college and program requirements. Students must submit a comprehensive examination form to the Director of Latin American Studies. Immediately following completion of the comprehensive examination, students must pass an oral examination conducted by a two member faculty committee.

Thesis or Project

Instead of the comprehensive examination, students may choose to write an interdisciplinary thesis under the guidance of a three-member faculty committee selected in consultation with a thesis adviser. Students who make this choice must enroll in LAS 5990, for 3 units. An oral defense of the thesis is required. Instead of the comprehensive examination, students may choose to produce an interdisciplinary project and project report under the guidance of a three-member faculty committee selected in consultation with a project advisor, who will serve as chair of the committee. Students who make this choice must enroll in LAS 5995 for 3 units. All students must submit an electronic copy of the thesis or project report according to the university guidelines and deadlines as indicated on the Office of Graduate Studies Office website - http://www.calstatela.edu/graduatestudies Thesis Students will write their thesis under the guidance of a three-member faculty committee selected in consultation with a thesis adviser, who will serve as chair of the committee. The thesis will be a systematic study of a significant problem. It will identify the problem, state the major assumptions, explain the significance of the undertaking, set forth the sources for and methods of gathering information, analyze data, and offer a conclusion or recommendation. The finished product will evidence originality, critical and independent thinking, appropriate organization and format, and thorough documentation. An oral defense of the thesis will be required. Project Students will develop their project under the guidance of a three-member faculty committee selected in consultation with a project advisor, who will serve as chair of the committee. It will be a significant undertaking (portfolio, exhibition, performance, documentary, or other format) appropriate to a relevant professional field or the fine and applied arts. It must have a specific focus, have appropriate form and organization, show a high level of original thought, and require in-depth research. Prior to the project’s undertaking, students will develop a project proposal with bibliography that specifies why the art form, media, or other chosen format is appropriate to the project’s goals, and how the project relates to the area of Latin American Studies. The final project must include a written report that states the project’s significance, objectives, methodology and conclusion(s), and addresses any changes from the initial proposal. It may also include visual documentation (CD, DVD, USB Flash drive). An oral defense of the project will be required.
Latin-American Studies, B.A.

The Latin American Studies Program offers interdisciplinary degrees with a focus on the history, economies, politics, cultures, art and literature, and social movements of Latin America and the transnational experiences of Latin American populations in diaspora. The Bachelor of Arts degree program in Latin American Studies affords the student a wide range of career opportunities in the U.S. and abroad, including work in government, teaching, not-for-profit organizations, business, and other fields.

The total number of units required for the Bachelor of Arts degree in Latin American Studies Program is 120 units, of which 39 units are in the major.

Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Degree (39 units)

Core Requirement (21 units)

Lower Division Core Courses (6 units)

- **LAS 1500 - Introduction to Latin American Studies** (3)
- And select one course from the list below.
  - **LAS 2550 - Diverse Latin American Populations in Southern California** (3)
  - **CLS 2040 - Diverse Latin American Populations in Southern California** (3)
  - **CLS 2050 - Chicanx/Latinx in Film and Media** (3)
  - **CLS 2100 - Chicanx & Latinx Political and Social Movements** (3)
  - **CLS 2200 - Chicanas & Latinas in Contemporary US Society** (also listed as WGSS 2200) (3)

Upper Division Core Courses (15 units)

**Latin American Studies Upper Division Core Courses (6 units)**

Complete 6 units from this list:

- **LAS 3020 - Black and Latino and Latin American Relations** (also listed as PAS 3020) (3)
- **LAS 3350 - Race and Culture in the Americas, Race Culture Americas** (also listed as PAS 3350) (3)
- **LAS 3420 - Cultural Impact of Development** (also listed as PAS 3420) (3)
- **LAS 3600 - Dynamics of Change in the Developing World** (also listed as PAS 3600, POLS 3600) (3)
- **LAS 3700 - Introduction to Central America** (3)
- **LAS 3800 - Latin American Cities: Between Development and Exclusion** (3)
- **LAS 3950 - Community Service in Latin American Studies** (1-3)
- **LAS 4150 - Mass Incarceration** (3)
- **LAS 4250 - Latin American Responses to Imperialism and Globalization** (3)
LAS 4280 - Migration, Identity, and Religion (also listed as CLS 4280, RELS 4230) (3)
LAS 4300 - Cuba and the World (3)
LAS 4350 - Philosophy and Praxis of Liberation in Latin America (3)
LAS 4400 - Indigenous Movements in Latin America (3)
LAS 4450 - Indigenous Experiences in Contemporary Mexico and Latin America (3)
LAS 4490 - Anthropology of Race and Racism (also listed as AAAS 4491, ANTH 4490, CLS 4490) (3)
LAS 4500 - Special Studies in Latin American Studies (1-3)
LAS 4600 - Food Justice in Latin America (3)
LAS 4650 - Gender, Sexuality, and Transnational Migration (also listed as WGSS 4650) (3)
LAS 4700 - Labor and Social Movements in the Americas (3)
LAS 4750 - Power, Knowledge, Community and the University (3)
LAS 4800 - Afro-Latin America (also listed as PAS 4800) (3)
LAS 4820 - Latin American Women's Movements (also listed as WGSS 4820) (3)
LAS 4850 - Anti-colonial Movements (also listed as AAAS 4850, PAS 4850) (3)

Upper Division Core and Capstone Courses (9 units)

Select one (3 units):
- LAS 3000 - Immigrant Experiences and Social Justice in the Americas (also listed as ANTH 3000) (3)

Capstone Courses (6 units):
- LAS 4970 - Interdisciplinary Approaches to Latin American Studies (3)
- LAS 4971 - Interdisciplinary Research and Writing in Latin American Studies (3)

Language Requirement (3 units)

All Latin American Studies students must demonstrate familiarity with Spanish, Portuguese, or an indigenous language from Latin America by completing 3 units of coursework in one of said languages.

Lower-Division courses that meet the language requirement include:
- SPAN 1001 - Elementary Spanish for Non-Heritage Speakers 1 (4)
- SPAN 1002 - Elementary Spanish for Non-Heritage Speakers 2 (4)
- SPAN 1050 - Elementary Spanish for Heritage Speakers (4)
- SPAN 1100 - Spanish Conversation for Professions (3)
- SPAN 2001 - Intermediate Spanish for Non-Heritage Speakers 1 (4)
- SPAN 2002 - Intermediate Spanish for Non-Heritage Speakers 2 (4)
- SPAN 2050 - Intermediate Spanish for Heritage Speakers (4)

Upper-Division language courses relevant to Latin American Studies include:
- SPAN 3150 - Spanish-American Civilization (3)
- SPAN 3400 - Hispanic Film (3)
- SPAN 4110 - Spanish-American Literature I (3)
- SPAN 4130 - Spanish-American Literature II (3)
- SPAN 4170 - Spanish-American Short Story (3)
- SPAN 4210 - Mexican Literature of Twentieth Century (3)
- SPAN 4310 - Spanish-American Testimony (3)
- SPAN 4441 - Masterworks of Spanish American Literature (3)
- SPAN 4541 - Special Topics - Latin America (1-3)
- SPAN 4750 - Spanish American Theater (3)
- SPAN 4830 - Intellectuals and Ideas in Latin America (3)
- SPAN 4850 - Southern Cone Fiction (3)

General Electives (15 units)

Complete 15 units from the list below. The selection must include at least 12 units of 4000-level courses, of which, at least 6 units are HIST courses. Courses taken to satisfy the Upper-Division and the Language requirement areas cannot be repeated and be double-counted for elective credits.

Note: * When the topic is Latin America

- AAAS 4080 - Comparative Diaspora Studies (3)
- ART 4460 - Art of Latin America (3)
- ART 4470 - The Art of Mesoamerica and the Southwest (3)
- ART 4500 - The Colonial Art of Mexico and Guatemala (3)
- ART 4530 - Aztec Art and Culture (3)
- ART 4541 - Special Topics in Art (1-3) *
- ART 4560 - Art of the Ancient Andes (3)
- ART 4570 - Mexican Muralists and Frida Kahlo (3)
- CLS 3009 - Mexico City in Contemporary Mexican Cinema (also listed as ML 3009) (3)
- CLS 3200 - Pre-Columbian Narratives in Latin American Literature (3)
- CLS 3320 - Global Migrants in Transnational Networks and Economies (3)

Liberal Studies, B.A.

The Bachelor of Arts degree program in Liberal Studies offers three options. All Liberal Studies options place a strong emphasis on developing student skills in writing, information literacy, and analysis of diversity across disciplines, contexts, and media.

- **Option I - Interdisciplinary Studies in Culture and Society**, allows students to acquire an in-depth understanding of how ideology and discourse shape cultural traditions and social institutions. This option offers students the opportunity to pursue an integrative interdisciplinary course of study that will provide them with a broad base of knowledge and skills. The knowledge and skills developed in this option prepare students for careers in fields such as education, law, journalism, publishing, government, business, and non-profit work.

- **Option II - Elementary Subject Matter Teacher Preparation: Traditional Option**, provides students a broad-based education in multiple subjects that can include a waiver for the California Subject Examinations for Teachers: Multiple Subjects. Option II prepares prospective teachers for grades K-8. Students in Option II can take coursework that can lead to a waiver for the California Subject Examinations for Teachers (CSET) Multiple Subjects. A grade of C or higher is required in all major courses and all Elementary Subject Matter courses.

- **Option III - Elementary Subject Matter Teacher Preparation: Integrated Option**, provides qualified students the opportunity to complete the requirements for a Multiple Subjects or Special Education teaching credential while completing the requirements for the Bachelor of Arts degree. Students in Option III can take coursework that can lead to a waiver for the California Subject Examinations for Teachers (CSET) Multiple Subjects. Particular requirements and restrictions apply to candidates for teaching. Therefore, early consultation with a College of Arts and Letters or Liberal Studies advisor is essential. Refer to the Charter College of Education section of this catalog for regulations governing all teaching credential programs.

Students in Option III must complete 32 to 41 units of coursework in Multiple Subject or Education Specialist credentials.

**Preliminary Admission to a Teaching Credential Program**

Requirements for undergraduate preliminary admission to credential programs include the following:

- Junior standing
- Completion of Charter College of Education application materials, including any fees
- A minimum grade point average of 2.67 in all undergraduate coursework attempted
- Official transcripts from all colleges attended
- Proof of a negative TB test current within the last 12 months
- Proficiency with technology
- Strong and supportive letters of recommendation
- A well written and meaningful Philosophy of Education Statement
- Background clearance from the California Commission on Teacher Credentialing
- Proof that all sections of the Multiple Subject CBEST examination have been attempted

A minimum GPA of 2.67 in all undergraduate coursework and completion of all application requirements are prerequisite to enrollment in a teaching credential program.

**Teaching Credential Preparation**

A minimum GPA of 2.67 in all undergraduate coursework and completion of all application requirements are prerequisite to enrollment in a teaching credential program.
in EDCI 4000 or EDSP 4001. An overall 3.0 GPA must be maintained in all professional education courses with a minimum grade of "C" in each course. Students should see an advisor regarding completion of the degree and other credential requirements.

Advisement
All students who intend to major in Liberal Studies should confer with a College of Arts and Letters or Liberal Studies advisor by the end of the first semester of residence in order to select an option, establish an official degree program, and develop an academic plan.

Units in Common to All Liberal Studies Students (75 units)
- General Education (48 units)
  - Lower Division (39 units)
  - Upper Division (9 units)
- Major Degree Requirements (27 units)
  - Core Courses (18 units)
  - Breadth Courses (9 units)

Units in Options (21 - 58 units)
- Option I: Interdisciplinary Studies in Culture and Society (21 units)
- Option II: Elementary Subject Matter Teacher Preparation: Traditional (21 units)
- Option III: Elementary Subject Matter Teacher Preparation: Integrated (53 - 58 units)

Major Core Requirements (27 units)

I. Liberal Studies Core Courses (18 units)
The Liberal Studies core requirements are designed to provide the necessary analytical framework, including rhetorical skills, theoretical concepts, research methods, and techniques of argumentation to enable students to master each of the available options in the Liberal Studies major. All students in the major must complete the following core courses:
- LBS 3010 - Interdisciplinary Investigation (3)
- LBS 3020 - Writing the Interdisciplinary Essay (3)
- LBS 3600 - Interdisciplinary Approaches to Culture and Society (3)
- LBS 4050 - Race, Class, and Gender in the Classroom (3)
- LBS 4890 - Senior Project (3)
- LBS 4900 - Proseminar in Liberal Studies (3)

II. Liberal Studies Breadth Courses (9 units)
Students in all Liberal Studies options take 9 units of required courses in Liberal Studies with major advisor approval. Courses taken for a depth area cannot be double counted as Breadth courses.

Interdisciplinary Foundations (3 units)
Select one course from the following:
- LBS 2340 - Multicultural Arts - L. A. (3)
- LBS 2400 - Introduction to Environmental Humanities (3)
- LBS 2500 - Social Change and Social Movements in the U.S. (3)
- LBS 2665 - Multicultural Science Fiction (also listed as ENGL 2665) (3)
- WGSS 2030 - Gender and Race in the United States (3)

Intermediate Interdisciplinary Studies (3 units)
Select one course from the following:
- LBS 3200 - Disability Studies (also listed as WGSS 3200) (3)
- LBS 3665 - Gender and Sexuality in Science Fiction (also listed as WGSS 3665) (3)
- LBS 3860 - Gender in Science (also listed as WGSS 3860) (3)

Advanced Interdisciplinary Studies (3 units)
Select one course from the following:
Option Requirements (21-58 units)

Select one of the three options:

**Option I: Interdisciplinary Studies in Culture and Society (21 units)**

Students in Option I must take 21 units in one of the depth areas listed as 1-5 below, or 9 units in one depth area and 12 units in the second depth area(s) listed as 1-5 below. Of the 21 units taken in the depth area(s), 15 units must be upper-division (3000-4000 level courses). Courses taken to satisfy a depth area for the option cannot be double counted to meet major degree requirements.

1. **Depth Area in American Studies (9 or 12 or 21 units)**

   **Interdisciplinary Approaches (3 units)**

   Select one course from the following:

   - LBS 4100 - National Identity, Race, and Popular Culture (3)
   - LBS 4340 - Public Culture (3)
   - LBS 4610 - Public Humanities and Community Learning (3)
   - LBS 4665 - Science Fiction Across Media (also listed as TVF 4665) (3)

   **Social Science Perspectives (3 units)**

   With major advisor approval select one American Studies course from the following departments:

   Asian and Asian American Studies (AAAS), Anthropology (ANTH), Chicana(o) and Latina(o) Studies (CLS), Geography (GEOG, GEOL), History (HIST), Latin American Studies (LAS), Pan African Studies (PAS), Political Science (POL), Sociology (SOC).

   **Arts and Humanities Perspectives (3 units)**

   With major advisor approval select one American Studies course from the following departments:

   Art (ART), Communication Studies (COMM), English (ENGL), Music (MUS, MTD), Philosophy (PHIL), Theatre and Dance (DANC, TA)

   **Electives (0-12 units)**

   With major advisor approval, students select up to 12 units in American Studies from the Social Science, Arts and Humanities departments listed above. No more than 12 units can be taken within any one department.

2. **Depth Area in Cultural Studies (9 or 12 or 21 units)**

   **Cultural Studies Required Course (3 units)**

   - LBS 4600 - Cultural Studies: Theories and Methods (3)

   **Electives (6-18 units)**

   With major advisor approval, select courses in cultural studies from the following departments. No more than 12 units can be taken within any one department.

   Asian and Asian American Studies (AAAS), Anthropology (ANTH), Art (ART), Chicana(o) and Latina(o) Studies (CLS), Communication Studies (COMM), English (ENGL), Geosciences and Environment (GEOG, GEOL), History (HIST), Latin American Studies (LAS), Liberal
3. Depth Area in Race and Ethnicity Studies (9 or 12 or 21 units)

Race and Ethnicity Studies Required Course (3 units)

- LBS 4100 - National Identity, Race, and Popular Culture (3)

Electives (6-18 units)

With major adviser approval, select 6-18 units of upper division courses in Asian and Asian American Studies (AAAS), Chicana(o) and Latina(o) Studies (CLS), Latin American Studies (LAS), and Pan African Studies (PAS) and courses focused on race and ethnicity from Anthropology (ANTH), Art (ART), Dance (DANC), English (ENGL), Geography (GEOG), History (HIST), Liberal Studies (LBS), Music (MUS), Philosophy (PHIL), Sociology (SOC), Television, Film, and Media Studies (JOUR, TVF), Women’s, Gender, and Sexuality Studies (WGSS), and related programs and departments. No more than 12 units can be taken within any one department.

4. Depth area in Science, Technology, and Medicine Studies (9 or 12 or 21 units)

Science, Technology, and Medicine Studies Required Courses (3 units)

- LBS 3860 - Gender in Science (also listed as WGSS 3860) (3)
- LBS 4200 - Cultures of Science (also listed as NATS 4200) (3)

Electives (6-18 units)

With major adviser approval, select 6-18 units of upper division courses related to science, technology, and medicine studies from Anthropology (ANTH), English (ENGL), Geography (GEOG), History (HIST), Liberal Studies (LBS), Philosophy (PHIL), Technology (TECH), Television, Film, and Media Studies (JOUR, TVF); and related departments. No more than 12 units in the depth area can be taken within any one department.

5. Depth Area in Women’s, Gender, and Sexuality Studies (9 or 12 or 21 units)

Women’s, Gender, and Sexuality Studies Courses (9 units)

- WGSS 2000 - Introduction to Women’s, Gender, and Sexuality Studies (3)
- WGSS 3000 - Theories in Women’s, Gender, and Sexuality Studies (3)
- WGSS 4000 - Knowledge, Power, and Research Justice in Women’s, Gender, and Sexuality Studies (3)

Electives (0-12 units)

With major adviser approval, students select 0-12 units of courses in Women’s, Gender, and Sexuality Studies (WGSS) or related courses in Anthropology (ANTH), Chicana(o) and Latina(o) Studies (CLS), English (ENGL), History (HIST), Latin American Studies (LAS), Pan African Studies (PAS), Sociology (SOC), Television, Film, and Media Studies (JOUR, TVF), and related departments.

Option II. Elementary Subject Matter Teacher Preparation: Traditional Option (21 units)

Students who select Option II must complete 21 units, which include 9 units in selected of the depth area (areas 6-10), and a minimum of 12 units of Directed Electives (Elementary Subject Matter courses). 15 units must be upper-division (3000-4000 level courses).

Depth areas 6-10 contain courses that are included in the 84-unit California Subject Examinations for Teachers (CSET) Waiver. See College of Arts and Letters or Liberal Studies Department adviser for a list of courses. Depth areas are not required for students who choose to take courses for the CSET Waiver. Students who wish to take the CSET Multiple Subjects examinations will choose to complete 9 units in one of the depth areas listed as 6-10 below.

Students in this option can take coursework that can lead to a waiver for CSET Multiple Subjects and should consult with a College of Arts and Letters or Department of Liberal Studies adviser.

Some students may choose to take the CSET Multiple Subjects examinations instead of completing the waiver. Based on a student’s
6. Depth Area in Creativity and Performance (9 units)

Interdisciplinary Approaches (3 units)
- LBS 4340 - Public Culture (3)

Creative Activity and Performance Courses (6 units)
With the approval of a Liberal Studies adviser, select 6 units from the courses listed below; and/or related coursework in the following departments: Art, Communication Studies (screenwriting, film making, storytelling), English (creative writing), Music, Theatre and Dance.
- ART 4000 - Teaching Methods for Elementary Education: Art (3)
- DANC 4000 - Creative Dance in the Elementary Classroom (2)
- MUS 4000 - Elementary Classroom Music (2)
- TA 4000 - Creative Drama for the Elementary Classroom (3)

7. Depth area in Language Arts (9 units)

Interdisciplinary Approaches (3 units)
Take one of the followings:
- LBS 4600 - Cultural Studies: Theories and Methods (3)
- LBS 4665 - Science Fiction Across Media (also listed as TVF 4665) (3)

Electives (6 units)
With major adviser approval, students select 6 units from the courses listed below and upper division language arts courses in English (ENGL), Philosophy (PHIL), Communication Studies (COMM), or related departments.
- EDCI 4010 - English Language Development (3)
- ENGL 4101 - Introduction to English Linguistics (3)
- ENGL 4880 - Children’s Literature (3)

8. Depth area in Mathematics and Quantitative Reasoning (9 units)

Interdisciplinary Approaches (3 units)
- LBS 3860 - Gender in Science (also listed as WGSS 3860) (3)

Electives (6 units)
With major adviser approval, students select 6 units from the courses listed below, courses in Mathematics, or from related courses.
- MATH 1100 - Foundations of the Real Number System for Elementary and Middle School Teachers (3)
- MATH 2250 - Explorations in Geometry for Elementary and Middle School Teachers (3)

9. Depth area in Natural Science (9 units)

Interdisciplinary Approaches (3 units)
- LBS 4200 - Cultures of Science (also listed as NATS 4200) (3)

Electives (6 units)
With major adviser approval, select 6 units of coursework from the courses listed below or from courses in Biology, Chemistry, Geosciences, Natural Science, Physics, and related departments.
1. Depth area in Social Science (9 units)

**Interdisciplinary Approaches (3 units)**

Take one of the following:

- COMM 3840 - Globalization, Culture and Communication (3)
- LBS 4100 - National Identity, Race, and Popular Culture (3)

**Electives (6 units)**

With major adviser approval, select 6 units of coursework from the courses listed below or from upper-division courses in History, Geography, and Political Science (3 units)

- HIST 1010 - World History to 1500 CE (3)
- HIST 1020 - World History Since 1500 CE (3)
- HIST 2080 - California (3)

**Directed Electives (Elementary Subject Matter Courses) (12 units)**

Students in Option II must complete all of the courses listed below with a grade of "C" or better if they wish to waive the CSET Multiple Subjects.

If a student has completed all sections of the CSET Multiple Subjects, then with adviser approval, a minimum of 12 units that do not count for other requirements must be taken from the courses listed below.

**Note:** * indicates the course satisfies the general education requirement.

1. **Reading, Language and Literature; History and Social Science (CSET Subtest I)**

- EDCI 4010 - English Language Development (3)
- ENGL 4101 - Introduction to English Linguistics (3)
- ENGL 4880 - Children’s Literature (3)
- HIST 1010 - World History to 1500 CE (3) *
- HIST 1020 - World History Since 1500 CE (3) *
- HIST 2080 - California (3)
- POLS 1000 - Power, Politics and Engagement in US Government (3) *

2. **Science and Mathematics (CSET Subtest II)**

- BIOL 1030 - Life Science (4) *
- MATH 1100 - Foundations of the Real Number System for Elementary and Middle School Teachers (3)
- MATH 1150 - Elements of Algebra and Statistics for Elementary and Middle School Teachers (3) *
- MATH 2250 - Explorations in Geometry for Elementary and Middle School Teachers (3)
- NATS 1010 - Physical Science (3) *
- NATS 1020 - Earth and Space Science (3)

- ART 4000 - Teaching Methods for Elementary Education: Art (3)
- CHDV 1400 - Development Across the Lifespan (Conception to Adolescence) (3) *
- DANC 4000 - Creative Dance in the Elementary Classroom (2)
- KIN 4200 - Development of Physical Activity (2)
- LBS 2340 - Multicultural Arts - L. A. (3)
- LBS 3200 - Disability Studies (also listed as WGSS 3200) (3) *
- MUS 4000 - Elementary Classroom Music (2)
Option III. Elementary Subject Matter Teacher Preparation: Integrated Option (53-58 units)

Option III prepares prospective teachers for grades K-8. However, students in Option III can also complete requirements for a Multiple Subjects or Education Specialist Intern credential as a part of completing their Bachelor of Arts degree in Liberal Studies. Students must meet minimum requirements for a Multiple Subjects or Education Specialist Intern credential in order to complete this option. Students should meet with a College of Arts and Letters or Liberal Studies major adviser to discuss the appropriate time to apply to the credential of choice. Refer to the Charter College of Education section of this catalog for regulations, admissions requirements, and coursework related to the Multiple Subjects and Education Specialist Intern credentials.

Students in this option can take coursework that can lead to a waiver for the CSET Multiple Subjects.

Some students may choose to take the CSET Multiple Subjects examinations instead of the waiver. Based on a student’s previous/current coursework, advisers will recommend directed elective courses to help students prepare for the CSET Multiple Subjects. With the approval of a Liberal Studies advisor, students who pass all sections of the CSET Multiple Subjects can count credential coursework toward the directed electives requirement. A grade of C or higher is required in all courses used to meet the major requirements for this option.

Students who select Option III must complete the following coursework for a total of 120-125 units: 48 units of general education requirements (9 of which can be double-counted for major requirements), 18 units of Liberal Studies core requirements (listed above), 9 units of required courses in Liberal Studies, 9 units in a selected depth area (students following the list of courses for the CSET Waiver DO NOT need to choose a depth area), 12 units of advisor recommended Directed Electives (Elementary Subject Matter courses; for students following the list of courses for the CSET Waiver these 12 units of Directed Electives are included in that list), 32-41 units of credential courses (some of which can be double-counted as directed electives if all sections of the Multiple Subjects CSET are passed), and 1 unit of free elective (if needed). Of the 21 units taken in depth area (9 units) and directed electives (12 units) courses, 15 units must be upper division (3000- or 4000-level courses).

I. Depth Area (9 units)

Students in Option III who choose to take the CSET: Multiple Subjects Examinations must complete 9 units in one of the depth areas listed under Option II. 3 of these 9 units can double-count in general education and 3 of which double-count as a prerequisite for the Multiple Subject credential.

II. Directed Electives (12 units)

Students in Option III must complete 12 units of directed electives. If a student has not passed all sections of the CSET Multiple Subjects, these electives must be selected from the list of Directed Electives (Elementary Subject Matter) courses or from other appropriate courses (see Option II). If a student has passed all sections of the CSET Multiple Subjects, then credential courses may be counted for this requirement.

III. Credential (32-41 units)

Complete 32 to 41 units of coursework in one of the following (A) Multiple Subject or (B) Education Specialist credentials.

1. Elementary Education (For Multiple Subject Teaching Credential) (38-41 units)

Completion of this course of study, the California Multiple Subject Teacher Preparation Assessments, and passage of the CSET Multiple Subjects qualify students for a preliminary Multiple Subject credential. Students must pass the CSET Multiple Subjects prior to enrollment in

- **EDEL 4880** Directed Teaching: Multiple Subject (7) and
- **EDEL 4881** Reflection Synthesis and Assessment of Directed Teaching (3)

Prerequisite Courses (12 units)

- LBS 4050 - Race, Class, and Gender in the Classroom (3) ** or
- EDFN 4400 - Educational Foundations: Schooling in a Diverse Society (3)
- EDCI 4000 - Transformative Teaching in Diverse Urban Classrooms (3)
- EDCI 4010 - English Language Development (3) **
- EDSP 4000 - Foundations of Special Education (3)

Electives (24 units)

Prerequisites: Students must satisfy GE A1 or the Speech Proficiency Assessment for Teachers (1).
Directed Teaching (10 units)

Must attend a mandatory directed teaching meeting prior to enrolling in these courses.

- EDEL 4880 - Directed Teaching: Multiple Subject (7)
- EDEL 4881 - Reflection, Synthesis and Assessment of Directed Teaching (3)

2. Special Education (Eligibility for an Education Specialist Intern Credential) (31-32 units)

Completion of this course of study and completion of a subject matter waiver or passage of the CSET qualifies students for an internship credential with verification of employment from a cooperating school district. For a Preliminary Education Specialist Credential, students must complete the additional post-baccalaureate credential coursework and directed teaching in their area of specialization (i.e., Mild/Moderate Disabilities, Moderate/Severe Disabilities, Physical and Health Impairments or Visual Impairment and Blindness).

Prerequisite Courses (4 units)

- EDSP 4000 - Foundations of Special Education (3)
- EDSP 4001 - Observations in Urban Classrooms (1)

Electives (21 units)

- EDEL 4170 - Curriculum and Teaching of Elementary Mathematics (3)
- EDSP 3010 - Individuals with Disabilities in Contemporary Society (3)
- EDSP 4010 - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (3)
- EDSP 4020 - Assessment and Educational Planning for Students with Disabilities (3)
- EDSP 4030 - Behavior Supports, Social Skills, and Classroom Management (3)
- EDSP 4040 - Collaboration, Co-Teaching, and Consultation for Effective Education and Transition Planning (3)
- EDSP 4050 - Instruction to Support Students with Disabilities in Core English/Language Arts Curriculum (3)

Internship Emphasis: Specialization (6-7 units)

Complete 7 units of appropriate course work in the selected area of specialization. Students must pass all sections of the CBEST and apply for directed teaching by the second week of the semester prior to enrollment in their first directed teaching experience.

Mild-to-Moderate Disabilities (7 units)

- EDSP 4061 - Early Fieldwork in Inclusive Teaching: Mild/Moderate Disabilities (4)
- EDSP 4252 - Instructional Planning and Delivery for Students with Mild/Moderate Disabilities (3)

Moderate-to-Severe Disabilities (7 units)

- EDSP 4062 - Early Fieldwork in Inclusive Teaching: Moderate/Severe Disabilities (4)
- EDSP 4310 - Curriculum and Instructional Methods for Students with Moderate/Severe Disabilities (3)

Physical and Health Impairments (7 units)

- EDSP 4063 - Early Fieldwork in Teaching: Physical and Health Impairments (4)
- EDSP 4600 - Implications of Physical and Health Impairments (3)

Visual Impairment and Blindness (6 units)
Note:

Upon completion of the undergraduate program in Liberal Studies, Education Specialist Internship Credential candidates must rematriculate as post-baccalaureate or graduate students and complete the final requirements for their credential, including an additional Directed Teaching experience. A written plan outlining additional requirements will be prepared while enrolled in EDSP 4001.

- EDCI 4000 - Transformative Teaching in Diverse Urban Classrooms (3)
- EDFN 4131 - Psychological Foundations of Education (3)
- ULRN 3000 - College Success and Urban Teacher Preparation in the Urban Learning Program (2)
Materials Science and Engineering, M.S.

Admission to the Program

- A bachelor’s degree in engineering or natural sciences with a minimum 2.75 GPA is required.
- A promising applicant with a GPA between 2.5 and 2.74 may be admitted as a special action student. Special action students must achieve an overall GPA of 3.0 for three qualifying courses (9 units) as approved in advance by the program director.
- Students with other BS degrees or from non-ABET accredited programs may be admitted with conditions. Prerequisite courses will be required only for conditionally admitted students.

Program Overview

The Master of Science degree in Materials Science and Engineering emphasizes on fundamentals of materials science and engineering to enable students to build a better tomorrow through materials innovations. The program prepares graduate students for industrial positions in related fields as well as for further study at the doctoral level.

Requirements for the Degree (30 units)

A total of 30 semester units is required, of which, at least 15 units must be 5000-level courses. The advice and approval of the program director must be obtained before enrolling in any course.

Core Requirements (18 units)

- MSE 4141 - Engineering of Materials (also listed as ME 4141) (3)
- MSE 4142 - Chemistry and Physics of Materials (also listed as CHEM 4142, PHYS 4142) (3)
- MSE 5140 - Mechanical Behavior of Materials (3)
- MSE 5330 - Electronic and Magnetic Properties of Materials (also listed as PHYS 5330) (3)
- MSE 5350 - Materials Characterization (3)

Elective Requirements (9-12 units)

Select from the following list with program director approval. Students completing the MSE 5960 (Comprehensive Examination) must complete 12 units to meet the degree requirement. Students completing MSE 5990 (Thesis) take 9 units, including MSE 5970.

- CHEM 4410 - Physical Chemistry: Quantum Mechanics and Kinetics (4)
- CHEM 4420 - Physical Chemistry: Thermodynamics (3)
- CHEM 4430 - Physical Chemistry: Quantum Chemical Methods (1)
- CHEM 5600 - Advanced Inorganic Chemistry (3)
- ENGR 4970 - Seminar in Interdisciplinary STEM Research (1)
- ME 4020 - Strength of Materials II (3)
- ME 4140 - Machine Design II (3)

Mathematics, B.S.

The Bachelor of Science degree curriculum is designed to prepare students for positions in business, industry, or government, as well as for teaching mathematics in middle or high schools or graduate work in mathematics. (See Undergraduate Studies: General Information, especially the General Education section for information on requirements beyond those in the major.)

The total number of units required for the Bachelor of Science degree in Mathematics is 120-135 units, of which 77-105 units are in the major depending on the option selected. Students must select one of the following options:

- **Option I - Applied Mathematics**: This option prepares students for graduate work in applied mathematics or work in industry.
- **Option II - General Mathematics**: This option incorporates both pure and applied math courses to prepare students for graduate work in mathematics.
- **Option III - Integrated Teaching**: This option satisfies subject matter certification requirements and teacher education coursework requirements, including student teaching. Students in Option III graduate with a degree in mathematics that is subject matter certified and a preliminary credential that allows them to teach single subject mathematics.
- **Option IV - Traditional Teaching**: This option satisfies only subject matter certification requirements. Students in Option IV graduate with a degree in mathematics that is subject matter certified, but without preliminary credential. Students should consult the Charter College of Education for credential admission requirements at least two semesters prior to graduation.

Note: Students in the teaching options (III and IV) must earn a grade of C or higher in all courses in the major. The Writing Intensive (wi) requirement is satisfied within the major for both teaching options.

In order to obtain a Single Subject Teaching Credential in Mathematics, students must complete:

1. subject matter certification requirements, and
2. teacher education coursework requirements.

The table below explains specific number of units required in all areas of the degree including GE and free electives in all four options.

Requirements for the Major (77-107 units)

Major Core Requirements (40 units)

Lower Division Core Courses (33 units)

- BIOL 1100 - Cellular Basis of Life (5)
- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- MATH 2130 - Calculus III (3)
- MATH 2150 - Differential Equations (3)
- MATH 2170 - Introduction to Computer Algebra Systems (3) or
  CS 2010 - Computer Programming Fundamentals (3)
- MATH 2450 - Foundations of Mathematics I: Discrete Mathematics (3)
- MATH 2550 - Introduction to Linear Algebra (3)
- PHYS 2100 - General Physics I: Mechanics (5)

Upper Division Core Courses (7 units)

- MATH 3450 - Foundations of Mathematics II: Math Reasoning (4)
- MATH 4650 - Analysis I (3)

Option Requirements (37 - 67 units)

Students must select one of the four options.

I. Applied Mathematics Option (37-39 units)

Required Courses (28-30 units)

Complete the following 5 courses (16 units)

- MATH 4550 - Modern Algebra I (3)
- MATH 4570 - Linear Algebra (3)
- MATH 4680 - Introduction to Complex Analysis (3)
- MATH 4740 - Theory of Probability (3)
- MATH 4900 - Senior Seminar in Mathematics (4)

Select one course from each of the following groups (12-14 units)

Group I
- MATH 4010 - Ordinary Differential Equations (3)
- MATH 4030 - Partial Differential Equations (3)

Group II
- MATH 4100 - Vector Analysis (3)
- MATH 4670 - Multivariate Analysis (3)

Group III
- MATH 4700 - Numerical Analysis I (3)
- MATH 4720 - Linear Optimization (3)

Group IV
- BIOL 1200 - Diversity of Life (5)
- CHEM 1100 - General Chemistry I (5)
- CS 2012 - Introduction to Programming II (4)
- ECON 2090 - Applied Business and Economic Statistics I (3)
- ECON 4010 - Mathematical Economics (3)
- MATH 4800 - Topics in Mathematical Modeling (also listed as BIOL 4800) (3)
- PHYS 2200 - General Physics II: Electromagnetism and Circuits (5)
Upper Division Electives (9 units)

Complete 9 units, of which at least 6 units must be MATH, from the following list that have not been taken to satisfy the Required Courses requirement of this option.

- ECON 4010 - Mathematical Economics (3)
- MATH 3200 - Selected Topics in History of Mathematics (3)
- MATH 4010 - Ordinary Differential Equations (3)
- MATH 4021 - Advanced Mathematics I for Engineers and Physicists (3)
- MATH 4030 - Partial Differential Equations (3)
- MATH 4100 - Vector Analysis (3)
- MATH 4200 - Mathematical Logic (3)
- MATH 4300 - Modern Geometry (3)
- MATH 4460 - Theory of Numbers (3)
- MATH 4540 - Selected Topics in Advanced Mathematics (1-4)
- MATH 4560 - Modern Algebra II (3)
- MATH 4660 - Analysis II (3)
- MATH 4670 - Multivariate Analysis (3)
- MATH 4690 - Introduction to Topology (3)
- MATH 4700 - Numerical Analysis I (3)
- MATH 4710 - Numerical Analysis II (3)
- MATH 4720 - Linear Optimization (3)
- MATH 4750 - Introduction to Mathematical Statistics (3)
- MATH 4840 - Graph Theory (3)
- MATH 4800 - Topics in Mathematical Modeling (also listed as BIOL 4800) (3)
- MATH 4990 - Undergraduate Directed Study (1-3)
- PHYS 4101 - Mathematical Methods of Physics (3)
- PHYS 4102 - Mathematical Methods of Physics (3)

II. General Mathematics Option (37-39 units)

Students in this option should choose one UD GE course from each category, with at least one course that has the Writing-Intensive (wi) designation. Refer to the section in the catalog on General Education requirements for a detailed description of the UD GE categories.

Required Courses (22-24 units)

Complete the following 3 courses (10 units)

- MATH 4550 - Modern Algebra I (3)
- MATH 4570 - Linear Algebra (3)
- MATH 4900 - Senior Seminar in Mathematics (4)

Select one course from each of the following groups (12-14 units)

**Group I**

- MATH 4200 - Mathematical Logic (3)
- MATH 4300 - Modern Geometry (3)
- MATH 4460 - Theory of Numbers (3)
- MATH 4840 - Graph Theory (3)

**Group II**

- MATH 4700 - Numerical Analysis I (3)
- MATH 4720 - Linear Optimization (3)
- MATH 4740 - Theory of Probability (3)

**Group III**

- MATH 4560 - Modern Algebra II (3)
- MATH 4660 - Analysis II (3)
- MATH 4670 - Multivariate Analysis (3)
- MATH 4680 - Introduction to Complex Analysis (3)
- MATH 4690 - Introduction to Topology (3)
- MATH 4710 - Numerical Analysis II (3)
- MATH 4750 - Introduction to Mathematical Statistics (3)

**Group IV**
Upper Division Electives (15 units)

Complete 15 units, of which at least 12 units must be MATH, from the following list that have not been taken to satisfy the Required Courses requirement of this option.

- MATH 3200 - Selected Topics in History of Mathematics (3)
- MATH 4010 - Ordinary Differential Equations (3)
- MATH 4021 - Advanced Mathematics I for Engineers and Physicists (3)
- MATH 4030 - Partial Differential Equations (3)
- MATH 4100 - Vector Analysis (3)
- MATH 4200 - Mathematical Logic (3)
- MATH 4300 - Modern Geometry (3)
- MATH 4460 - Theory of Numbers (3)
- MATH 4540 - Selected Topics in Advanced Mathematics (1-4)
- MATH 4560 - Modern Algebra II (3)
- MATH 4660 - Analysis II (3)
- MATH 4670 - Multivariate Analysis (3)
- MATH 4680 - Introduction to Complex Analysis (3)
- MATH 4690 - Introduction to Topology (3)
- MATH 4700 - Numerical Analysis I (3)
- MATH 4710 - Numerical Analysis II (3)
- MATH 4720 - Linear Optimization (3)
- MATH 4740 - Theory of Probability (3)
- MATH 4750 - Introduction to Mathematical Statistics (3)
- MATH 4800 - Topics in Mathematical Modeling (also listed as BIOL 4800) (3)
- MATH 4840 - Graph Theory (3)
- MATH 4990 - Undergraduate Directed Study (1-3)
- ECON 4010 - Mathematical Economics (3)
- PHYS 4101 - Mathematical Methods of Physics (3)
- PHYS 4102 - Mathematical Methods of Physics (3)

III. Integrated Teaching Option (65-67 units)

The students in this option must complete MATH 3950 prior to taking all 4000 level courses. Students are required to submit their credential application package to the Charter College of Education during their enrollment in MATH 3950. The UD GE requirement, the UD civic learning (cl) requirement and one diversity (d) requirement are all addressed within the option courses.

Required Courses in Mathematics (27 units)

- MATH 2600 - Analytic Geometry (3)
- MATH 2740 - Introduction to Statistics (3)
- MATH 3950 - Field Experience I: Intro. To Classroom Strategies (3)
- MATH 3960 - Field Experience II: Application and Evaluation of Classroom Strategies (2)
- MATH 4300 - Modern Geometry (3)
- MATH 4460 - Theory of Numbers (3)
- MATH 4550 - Modern Algebra I (3) or MATH 4570 - Linear Algebra (3)
- MATH 4740 - Theory of Probability (3)
- MATH 4901 - Capstone Course for Teachers of Mathematics (4)
**Required Courses in Professional Education (38-40 units)**

- EDCI 4000 - Transformative Teaching in Diverse Urban Classrooms (3)
- EDCI 4292 - 21st Century Assessment Strategies and Processes (3)
- EDFN 4131 - Psychological Foundations of Education (3)
- EDFN 4400 - Educational Foundations: Schooling in a Diverse Society (3)
- EDSE 4212M - Instructional Methods for Secondary School Subjects - Mathematics (3)
- EDSE 4301 - Supporting Academic Language Development for English Learners (3)
- EDSE 4453 - Directed Teaching in Secondary Schools (5-7)
- EDSE 4463 - Proseminar: Assessment of Teaching Performance (3)
- EDSE 4502 - Understanding Academic Language Development (3)
- EDSE 5000 - Transformative Classroom Instruction and Management (3)
- EDSE 5002 - Advanced Secondary Instructional & Management Strategies (3)
- EDSP 4000 - Foundations of Special Education (3)

**IV. Traditional Teaching Option (39-40 units)**

Option IV satisfies the subject matter certification requirement for a single subject credential but does not offer the preliminary credential. Students should consult the Charter College of Education for credential admission requirements at least two semesters prior to graduation.

**Required Courses (33-34 units)**

Complete the following 10 courses (30 units)

- MATH 2600 - Analytic Geometry (3)
- MATH 2740 - Introduction to Statistics (3)
- MATH 3200 - Selected Topics in History of Mathematics (3)
- MATH 3950 - Field Experience I: Intro. To Classroom Strategies (3)
- MATH 3960 - Field Experience II: Application and Evaluation of Classroom Strategies (2)
- MATH 4300 - Modern Geometry (3)
- MATH 4460 - Theory of Numbers (3)
- MATH 4450 - Modern Algebra I (3) or MATH 4570 - Linear Algebra (3)
- MATH 4740 - Theory of Probability (3)
- MATH 4901 - Capstone Course for Teachers of Mathematics (4)

Select one course from the following list (3-4 units)

- CS 2012 - Introduction to Programming II (4)
- ECON 2090 - Applied Business and Economic Statistics I (3)
- ECON 4010 - Mathematical Economics (3)
- MATH 4800 - Topics in Mathematical Modeling (also listed as BIOL 4800) (3)

**Upper Division Electives (6 units)**

Complete 6 units, of which at least 3 units must be MATH, from the following list that have not been used to satisfy the above Required Courses requirement of this option.

- ECON 4010 - Mathematical Economics (3)
- MATH 4010 - Ordinary Differential Equations (3)
- MATH 4021 - Advanced Mathematics I for Engineers and Physicists (3)
- MATH 4030 - Partial Differential Equations (3)
- MATH 4100 - Vector Analysis (3)
- MATH 4200 - Mathematical Logic (3)
- MATH 4540 - Selected Topics in Advanced Mathematics (1-4)
- MATH 4550 - Modern Algebra I (3)
- MATH 4560 - Modern Algebra II (3)
- MATH 4570 - Linear Algebra (3)
- MATH 4660 - Analysis II (3)
- MATH 4860 - Analysis II (3)
- MATH 4670 - Multivariate Analysis (3)
- MATH 4680 - Introduction to Complex Analysis (3)
- MATH 4690 - Introduction to Topology (3)
- MATH 4700 - Numerical Analysis I (3)
- MATH 4710 - Numerical Analysis II (3)
- MATH 4720 - Linear Optimization (3)
- MATH 4750 - Introduction to Mathematical Statistics (3)
- MATH 4800 - Topics in Mathematical Modeling (also listed as BIOL 4800) (3)
- MATH 4840 - Graph Theory (3)
- MATH 4990 - Undergraduate Directed Study (1-3)
- PHYS 4101 - Mathematical Methods of Physics (3)
- PHYS 4102 - Mathematical Methods of Physics (3)
Mathematics, M.S.

The Master of Science degree in Mathematics prepares the students for teaching in a community college, for enrolling in a Ph.D. program, and for higher mathematical work in industry, business, and government.

Admission to the Program

In addition to submitting a University Admissions Application through Cal State Apply, applicants must also apply separately to the Department. Application forms are available in the Department of Mathematics or on the Department’s website (http://www.calstatela.edu/academic/math). Completed applications and unofficial transcripts from all colleges and universities attended (except Cal State L.A.) must be received by the Department before action on admission can be taken. Official transcripts need to be submitted to the Graduate Studies Office, before the deadline. Please visit the Graduate Studies Office website (http://www.calstatela.edu/graduateadmissions) for Department deadlines.

Admission Requirements:

1. Completion of the equivalent of an undergraduate major in mathematics (see Department website for a list of required courses).
2. A minimum GPA requirement of 2.75. Students with GPA between 2.5 and 2.74 might be admitted conditionally and be required to take qualifying courses (to be specified by the graduate advisor).

Classified Status

Before taking courses counted towards the master’s degree students must be in classified graduate status. In order to attain classified graduate status, a minimum B grade in each MATH 4550, MATH 4650 and MATH 4570 (or equivalent courses at other institutions) is required. Conditionally admitted (unclassified) graduate students must complete these requirements within two semesters of being admitted.

Requirements for the Degree (30 units)

A minimum of 30 units is required, with at least 15 units in 5000-level courses. Students must successfully complete either comprehensive examinations or a thesis in addition to course requirements.

Core Courses (15 units)

- MATH 5021 - Applied Linear Analysis I (3)
- MATH 5401 - Theory of Groups (3)
- MATH 5680 - Advanced Complex Analysis (3)
- Select two courses from the following:
  - MATH 5690 - Topology (3)
  - MATH 5700 - Numerical Linear Algebra (3)
  - MATH 5740 - Applied Probability Theory (3)
  - MATH 5800 - Real Analysis (3)
Electives (12-15 units)

Students selecting the Comprehensive Examination for the culminating experience must select 15 units of electives from the following courses, not already taken to satisfy the required core.

Students selecting the Thesis for the culminating experience must select 12 units of electives from the following courses, not already taken to satisfy the required core.

- MATH 4010 - Ordinary Differential Equations (3)
- MATH 4030 - Partial Differential Equations (3)
- MATH 4100 - Vector Analysis (3)
- MATH 4200 - Mathematical Logic (3)
- MATH 4460 - Theory of Numbers (3)
- MATH 4670 - Multivariate Analysis (3)
- MATH 4680 - Introduction to Complex Analysis (3)
- MATH 4690 - Introduction to Topology (3)
- MATH 4700 - Numerical Analysis I (3)
- MATH 4710 - Numerical Analysis II (3)
- MATH 4720 - Linear Optimization (3)
- MATH 4740 - Theory of Probability (3)
- MATH 4750 - Theory of Probability (3)
- MATH 4800 - Topics in Mathematical Modeling (also listed as BIOL 4800) (3)
- MATH 4840 - Graph Theory (3)
- MATH 5022 - Applied Linear Analysis II (3)
- MATH 5210 - Mathematical Modeling (3)
- MATH 5220 - Optimization (3)
- MATH 5402 - Theory of Rings and Fields (3)
- MATH 5500 - Advanced Topics in Algebra and Number Theory (3)
- MATH 5510 - Advanced Topics in Analysis (3)
- MATH 5520 - Advanced Topics in Topology and Geometry (3)
- MATH 5530 - Advanced Topics in Applied Mathematics (3)
- MATH 5540 - Advanced Topics in Combinatorics and Graph Theory (3)
- MATH 5590 - Topology (3)
- MATH 5700 - Numerical Linear Algebra (3)
- MATH 5710 - Numerical Solutions of Partial Differential Equations (3)
- MATH 5740 - Applied Probability Theory (3)
- MATH 5800 - Real Analysis (3)

Requirements for Culminating Experience (0-3 units)

Select one option:

**A. Comprehensive Examination Option (MATH 5960)**

Students should expect to take the comprehensive examinations the semester they complete all course work on their program and comply with University, College and Departmental policy (see department website). Students must pass comprehensive examinations covering the following core areas:

1. Algebra (Group Theory and Linear Algebra, i.e. the equivalent of MATH 4570 and MATH 5401)
2. Analysis (Linear Analysis and Analysis I, i.e. the equivalent of MATH 4650 and MATH 5021)

**B. Thesis Option (MATH 5990)**

Students may be permitted, in compliance with departmental policy (see department website), to do directed research with a faculty member and write a thesis in lieu of taking comprehensive examinations. MATH 5990 must be taken for a total of 3 units. Students who elect the Thesis option, may reduce their elective units by the number of thesis units completed.

- MATH 5960 - Comprehensive Examination (0)
  or
- MATH 5990 - Thesis (1-3)
Mechanical Engineering, B.S.

The mechanical engineering program provides instruction in the basic sciences and in engineering design and analysis. During the junior and senior years, students may choose from a broad spectrum of electives to match individual talents and interests with a career objective.

The program leading to the Bachelor of Science degree in Mechanical Engineering is accredited by the Engineering Accreditation Commission of ABET, [http://www.abet.org](http://www.abet.org). All accredited programs are required to provide the following minimum level of instruction: one year of mathematics and basic sciences; one and one-half years of engineering science and design (engineering topics); and one-half year of humanities and social sciences.

The total number of units required for the Bachelor of Science degree in Mechanical Engineering is 122 units, of which 101 units are in the major.

General Education Requirements (21 units):

Mechanical engineering students are required to take 48 units of General Education (GE) of which 27 units are met by courses in the major.

**Lower Division GE Requirements**

American Institutions (6):

- US History (3)
- US Constitution and State/Local Government (3)

Block A - Communication and Critical Thinking

- Oral Communication (3)
- Written Communication (3)
- Critical Thinking (3)- Met by ME 2010 (3), ME 2050 (3), ME 2070 (3), ME 3030 (3), ME 3200, ME 3260 (3), ME 4971 (3), ME 4972 (3)
- 2nd Composition - Met by ENGL 2030 (3)

Block B - Natural Science and Math/Quantitative Reasoning (9):

- Physical Science (3) - Met by PHYS 2100 (6)
- Interdisciplinary Physical/Biological (3) - Met by ME 3040 (3) and by CHEM 1040 (4)
- Mathematics/Quantitative Reasoning (3) - Met by MATH 2110 (4)

Block C- Arts and Humanities (6):

- Arts (3)
- Humanities (3) - Met by ENGR 3010 (3)

Block D - Social Science (6):

- Social Science I (3) - Met by CE 3000 (3), EE 3000 (3), ME 3000 (3)
- Social Science II (3)

Block E - Lifelong Understanding and Self-Development (3):
**Upper Division GE Requirements**

- Block B - Natural Science and Quantitative Reasoning (3) - Met by **ME 4061 (3)**
- Block C - Arts and Humanities (3) - Met by **ME 4971 (3) and ME 4972 (3)**
- Block D - Social Science (3) - Met by **ME 4971 (3) and ME 4972 (3)**

**Diversity Requirement**

Students are required to complete two courses (six units) certified as diversity courses (designated with (d) or (re)), at least one focusing on issues of race and ethnicity and their intersectionality with other social categories that structure inequality in society (designated with (re)). These courses can be completed either at the lower division or upper-division level from among courses satisfying GE requirements.

**Civic Learning/Community Engagement (cl) Upper Division Requirement**

Met by **ME 4971 (3) and ME 4972 (3)**

**Writing Intensive (wi) Course Requirement**

Met by **ME 4971 (3) and ME 4972 (3)**

---

**Requirements for the Major (101 units)**

A grade of C or better is required for courses with an (**).

### Lower Division Required Courses (50 units)

- **CHEM 1040 - General Chemistry for Engineers** (4) **
- **ME 2010 - Statics** (also listed as CE 2010) (3) **
- **ME 2030 - Introduction to Mechanical Design** (3) **
- **ME 2040 - Circuit Analysis for Mechanical Engineers** (3) **
- **ME 2050 - Strength of Materials I** (also listed as CE 2050) (3) **
- **ME 2070 - Materials Science and Engineering** (3) **
- **ME 2800 - Numerical Methods for Engineers I** (also listed as CE 2800) (1) **
- **MATH 2110 - Calculus I** (4) **
- **MATH 2120 - Calculus II** (4) **
- **MATH 2130 - Calculus III** (3) **
- **MATH 2150 - Differential Equations** (3) **
- **PHYS 2100 - General Physics I: Mechanics** (5) **
- **PHYS 2200 - General Physics II: Electromagnetism and Circuits** (5) **
- **ENGL 2030 - Introduction to Technical Writing** (3) **

### Upper Division Required Courses (45 units)

- **CE 3000 - Economics for Engineers** (also listed as EE 3000, ME 3000) (3) **
- **ENGR 3010 - Ethics and Professionalism in Engineering** (3) **
- **ME 3030 - Fluid Mechanics I** (also listed as CE 3030) (3) **
- **ME 3039 - Fluid Mechanics Laboratory** (3)
- **ME 3040 - Experimental Methods for Engineers** (3) **
- **ME 3120 - Strength of Materials Laboratory I** (also listed as CE 3120) (1)
- **ME 3200 - Dynamics** (3) **
- **ME 3210 - Kinematics of Mechanisms** (3) **
- **ME 3230 - Machine Design I** (3) **
- **ME 3260 - Thermodynamics** (3) **
- **ME 3270 - Manufacturing Processes** (3) **
- **ME 3800 - Numerical Methods for Engineers II** (also listed as CE 3800) (2) **
- **ME 4061 - Heat Transfer I** (3) **
- **ME 4069 - Thermal Systems Laboratory** (1)
- **ME 4110 - Vibrational Analysis** (3)
- **ME 4310 - Material Laboratory** (1)
- **ME 4971 - Mechanical Engineering Senior Project I** (3) **
- **ME 4972 - Mechanical Engineering Senior Project II** (3) **

### Electives (6 units)
Select at least 6 units from courses listed below, in consultation with academic advisor.

- ME 4020 - Strength of Materials II (3)
- ME 4030 - Aerodynamics (3)
- ME 4040 - Propulsion Systems (3)
- ME 4062 - Heat Transfer II (3)
- ME 4070 - Heating, Ventilation, and Air Conditioning Systems (3)
- ME 4090 - Mechanical Engineering Analysis (3)
- ME 4120 - Control of Mechanical Systems (3)
- ME 4140 - Machine Design II (3)
- ME 4180 - Energy Systems and Sustainability (3)
- ME 4210 - Dynamics of Mechanisms (3)
- ME 4220 - Optimization of Mechanical Engineering Systems (3)
- ME 4230 - Finite Element Analysis (3)
- ME 4300 - Properties and Selection of Engineering Materials (3)
- ME 4500 - Biomechanics (3)
- ME 4510 - Biomaterials (3)
- ME 4540 - Special Topics in Mechanical Engineering (1-3)
- ME 4590 - Rehabilitation Design and Internship (3)
- ME 4810 - Introduction to Robotics (3)
- ME 4990 - Undergraduate Directed Study (1-3)
Mechanical Engineering, Integrated B.S./M.S.

The Integrated BS/MS program in Mechanical Engineering provides an accelerated route for academically excellent upper-division students in the BS degree program to complete the MS degree program while simultaneously completing the BS requirements. The main objectives of the program are:

- To provide an accelerated route to a graduate degree, with simultaneous awarding of both bachelor’s and master’s degrees.
- To provide a seamless process whereby a limited number of students can progress from undergraduate to graduate status without having to apply through the Admissions Office.

Program Features

Simplified application process
- BS and MS coursework can be taken concurrently
- 9 common 400 level elective units between BS and MS programs
- Access to graduate student facilities
- TA appointments (if available)
- The scheduling flexibility provided by the program enables students to complete the BS and MS degrees efficiently.

Admission to the Integrated BS/MS Program

The eligibility requirements for admission to the Integrated BS/MS program are:

- Students must have completed a minimum of 90 semester units of coursework.
- Students must have a minimum GPA of 3.0 in the last 60 semester units.
- Students must have completed the ME foundation required courses (CE/ME 2010, CE/ME 2050, ME 2070, CE/ME 3030, ME 3200, ME 3260, and ME 3270) in the BS degree program with a minimum average GPA of 3.0.
- Students must have completed the Graduation Writing Assessment Requirement (GWAR).

Students are selected by a faculty committee based on prior academic performance.

Applications for the Mechanical Engineering Integrated BS/MS program are only accepted in the fall semester. Applications must be submitted in advance of the desired starting semester.

1. Application.
2. Two letters of recommendation (at least one of which should be from a Mechanical Engineering faculty member).

After review by a faculty committee and if the application is accepted, a Graduate Degree Study Plan will be prepared and approved. The department chair will submit a GS-8 Form to the Registrar’s Office to change the degree objective from the BS to the BS/MS Integrated program. The formal degree plan would specify the sixteen units of common electives to be listed on the BS and the MS program.

Degree Requirements

1. Successful completion of all requirements for the BS (122 units) and the MS (30 units) degrees with an overlap of 9 units in electives.
2. A minimum 2.0 GPA for courses counting towards the bachelor’s degree and a minimum 3.0 GPA required for courses counting towards the master’s degree.
3. Degrees awarded when requirements for both the bachelor’s and the master’s degrees are met by the student and recorded by the
4. Students who select the Thesis Option must be enrolled during the term that they submit their approved graduate thesis/project to the Library.

5. Students must apply to graduate in the Integrated Program (BS / MS) by submitting a Graduation Application to the Registrar’s Office. This request should be submitted at least two semesters prior to graduation.

6. Students who fail to complete the requirements for the master’s degree, may petition to withdraw from the Integrated Program, if the petition is approved, the bachelor’s degree will be granted when all the requirements for that degree are met.
Mechanical Engineering, M.S.

Admission to the Program

Applicants must possess a Bachelor's Degree in Mechanical Engineering or a closely related field with overall GPA of 2.75 or better to be considered for admission. A promising applicant with a GPA between 2.5 and 2.74 may be admitted as a special action student. Special action students must achieve an overall GPA of 3.0 for four qualifying courses as approved in advance by the department. Students with non-ME BS degrees or from non-ABET accredited ME programs may be admitted with condition. Prerequisite courses will be required only for conditionally admitted students.

The Master of Science degree in Mechanical Engineering at Cal State L.A. is structured to prepare students for advancement in employment as a mechanical engineer as well as for further study at the doctoral level.

Requirements for the Degree

- The advice and approval of a mechanical engineering graduate advisor must be obtained before enrolling in any course.
- A total of 31 units are required, with at least 22 units of 5000-level courses.
- A thesis or comprehensive examination is required.

Requirements for the Degree (31 units)

Core Courses (16 units)

- ME 4090 - Mechanical Engineering Analysis (3)
- ME 5800 - Advanced Numerical Methods (3)
- ME 5810 - Continuum Mechanics (3)
- ME 5830 - Advanced Technical Communication (1)
- ME 5840 - Advanced Experimental Methods (3)
- ME 5890 - Advanced Mechanical Engineering Analysis (3)

Directed Electives (12 - 15 units)

Students completing ME 5990 (Comprehensive Exam) must select at least 15 units of 5000-level electives. Students completing ME 5990 (Thesis) must select at least 12 units of 5000-level electives; including ME 5970 (Graduate Research). Select from the following courses with advisor approval:

- ENGR 4970 - Seminar in Interdisciplinary STEM Research (1)
- ME 4010 - Strength of Materials II (3)
- ME 4030 - Aerodynamics (3)
- ME 4040 - Propulsion Systems (3)
- ME 4061 - Heat Transfer I (3)
- ME 4062 - Heat Transfer II (3)

Mexican American Studies Credential Program

The Bachelor of Arts degree in Mexican-American Studies with Option II satisfies the subject matter requirements for the Multiple Subject CLAD/BCLAD Teaching Credential. For detailed information about these credentials, consult advisers in the department and in the Charter College of Education. Refer to the Charter College of Education section for regulations governing all credential programs.
A minor in Accounting is available for students majoring in other fields. 21 units are required. Minimum C grades are required in all accounting courses taken to complete the minor program. A minimum of 9 units of upper division accounting courses must be taken in residence at California State University, Los Angeles. The minor will be noted on the transcript if the minor requirements are completed by the time all degree requirements are met.

### Requirements for the Minor (21 units)

#### Required Courses (18 units)

- ACCT 2100 - Principles of Financial Accounting (3)
- ACCT 2110 - Principles of Managerial Accounting (3)
- ACCT 3100 - Accounting Information for Decision Making (3)
- ACCT 3200A - Intermediate Financial Accounting and Reporting I (3)
- ACCT 3200B - Intermediate Financial Accounting and Reporting II (3)
- ACCT 4240A - Accounting Information Systems (3)

#### Electives (3 units)

Select 3 units of upper division accounting courses from the following, in consultation with a Department of Accounting adviser:

- ACCT 3210 - Taxation of Individuals (3)
- ACCT 3220 - Cost Accounting (3)
- ACCT 4200 - Advanced Financial Accounting and Reporting (3)
- ACCT 4250 - International Accounting (3)
- ACCT 4270 - Governmental and Institutional Accounting (3)

#### Note:

Upon completion of ACCT 3200A and ACCT 3200B, students must consult with a Department of Accounting adviser to secure a permit, which is required to enroll in the remaining 6 units of accounting course work, ACCT 4240A and a 3-unit elective.
A minor in Anthropology is available for students majoring in other fields. A total of 24-26 units in anthropology, of which 12 are in lower division courses and a minimum of 12 units are in upper division courses, is required.

Requirements for the Minor (24-26 units)

Lower Division Required Courses (12 units)

- ANTH 1500 - Introduction to Cultural Anthropology (3)
- ANTH 1700 - Archaeology and World Prehistory (3)
- ANTH 2300 - Language and Society (also listed as ENGL 2100) (3)
- ANTH 2600 - Biological Anthropology (3)

Upper Division Electives (12-14 units)

Select any four 4000 level Anthropology courses (12-14 units):
A minor in Art is available for students majoring in other fields. A minimum of 30 units is required, including at least 12 units of upper division courses.

### Requirements for the Minor (30 units)

#### Required Lower Division Core Courses (15 units)

- ART 1030 - Two-Dimensional Art Fundamentals (3)
- ART 1090 - Three-Dimensional Art Fundamentals (3)
- ART 1590 - Survey and Studio: Introduction to Drawing (3)

**Students choose two of the following:**

- ART 1011 - World Art History I: Ancient to Gothic (3)
- ART 1012 - World Art History II: Renaissance to Contemporary (3)
- ART 1013 - World Art: Baroque to Contemporary (3)

#### Lower Division Electives: (6 units)

Select from: 1000 and 2000 level Art courses.

#### Upper Division Electives (9 units)

Select from: 3000 and 4000 level Art courses.
Minor in Asian American Studies

A minor in Asian American Studies is designed to provide students with a basic knowledge of Asian American population, their culture and history, as well as their contributions to US society.

Requirements for the Minor (15 units)

Required Core Courses (6 units)

- AAAS 2100 - Asian America: Culture, History, and Community (3)
- AAAS 3000 - Methods of Research & Writing for Asian/Asian American Studies (3)

Electives (9 units)

Select three AAAS courses or relevant courses offered by other programs, two of which have to be upper division courses. Academic advisor’s approval is required.
Minor in Asian Studies

The Undergraduate Minor in Asian Studies is open to Cal State L.A undergraduate students who are interested in Asian societies and cultures.

Requirements for the Minor (15 units)

Required Core courses (6 units)
- AAAS 2000 - Pacific Asian Culture, People, and Society (3)
- AAAS 3000 - Methods of Research & Writing for Asian/Asian American Studies (3)

Electives (9 units)
Select three AAAS courses or relevant courses offered by other programs, two of which have to be upper division courses. Academic advisor’s approval is required.
Minor in Aviation Administration

A minor in Aviation Administration, available for students majoring in other fields, consists of 15 semester units, 12 of which are upper division courses and 3 which can be any aviation administration upper division course.

Requirements for the Minor (15 units)

Required Course (12 units)

- TECH 1400 - General Aeronautics (3)
- TECH 3410 - General Aviation Operations and Administration (3)
- TECH 3430 - Airport Administration (3)
- TECH 4430 - Air Transportation (3)

Electives (3 units)

Select any 3 unit aviation administration upper division course.
Minor in Basic Business

Advisement: College of Business and Economics Student Services Center

The purpose of the minor in Basic Business is to provide a structured program for students majoring in academic degree programs outside the College of Business and Economics who wish to augment their major with basic knowledge in business and economics.

Requirements for the Minor (30 units)

**Lower Division Required Courses (21 units)**

- ACCT 2100 - Principles of Financial Accounting (3)
- ACCT 2110 - Principles of Managerial Accounting (3)
- CIS 1200 - Information and Technology Literacy (also listed as CS 1200) (3)
  or
- CS 1200 - Living in a Technology-Based World (also listed as CIS 1200) (3)
- ECON 2010 - Principles of Economics I: Microeconomics (3)
- ECON 2020 - Principles of Economics II: Macroeconomics (3)
- ECON 2090 - Applied Business and Economic Statistics I (3)
- FIN 2050 - Legal and Regulatory Environment of Business I (3)

**Upper Division Required Courses (9 units)**

- FIN 3030 - Business Finance (3)
- MGMT 3070 - Management and Organizational Behavior (3)
- MKT 3100 - Principles of Marketing (3)
Minor in Bioinformatics (BINF)

The Bioinformatics (BINF) minor creates a strong foundation in knowledge and applications of software programs and databases commonly used by bioinformaticians and computational biologists. The student will gain an understanding of how bioinformatics data are organized and utilized to gain insights into molecular life science. The BINF minor trains students in the fundamentals of the design of algorithms and the implementation of computer programs that analyze biological data. This minor is suggested for students majoring in Biochemistry, Biology, and Chemistry. Other majors can opt for this minor but may have to take additional courses.

Required prerequisites for the Minor

There are required prerequisites for the BINF minor for students who are not Biology, Chemistry, or Biochemistry majors. These prerequisites are: BIOL 1100, BIOL 1200, and MATH 1085 or MATH 1083 or MATH 1040 (or equivalent Math course). Students must receive a grade of C or better in BIOL 1200 and the MATH course.

Requirement for the Minor

A total of 14-17 units are required. A minimum of 12 units in the minor must be distinct from the core requirements in the student’s major, but may overlap with electives in the major.

Successful completion requires a 2.0 overall grade point average in the BINF minor, good academic standing, and completion of all minor courses by the time students earn their baccalaureate.

Requirements for the Minor (14-17 units)

Upper Division Required Courses (8 units)

- BINF 4000 - Bioinformatics (also listed as CHEM 4860) (3)
- BINF 4500 - Advanced Topics in Bioinformatics and Computational Biology (1)
- BIOL 3000 - Biostatistics (4)

Upper Division Electives (6-9 units)

From the list below with advisor approval, students majoring in Biology need to complete 9 units; all other majors need to complete 6 units.

Note: A minimum of 12 units in the minor must be distinct from the core requirements in the student’s major, but may overlap with electives in the major.

- BINF 4540 - Special Topics in Bioinformatics (1-3)
- BIOL 3400 - Principles of Genetics (3)
- BIOL 4080 - Advanced Biostatistics (3)
- BIOL 4150 - Population Genetics (3)
- BIOL 4540 - Special Lecture Topics in Biology (1-3)
- CHEM 4300 - Introduction to Biochemistry (3)
- CHEM 4310 - Biochemistry I (3)
- CHEM 4320 - Biochemistry II (3)
- CHEM 4800 - Special Topics in Advanced Chemistry Lecture (1-3)
A Minor in Biology, which is available for students majoring in other fields, offers a general exposure that is beneficial in some areas of environmental science, recreation, conservation, and comparable fields.

A total of 27-28 units is required, including 14-15 units in lower division courses and 13 units in upper division courses.

Successful completion of the minor requires a C (2.0) overall grade point average for required courses taken in residence and for all required courses. At least 10 units of upper division course work that fulfills requirements of the minor must be taken in residence at Cal State LA (not to include courses graded CR/NC).

Requirements for the Minor (27-28 units)

### Lower Division Required Courses (14-15 units)

- BIOL 1100 - Cellular Basis of Life (5)
- BIOL 1200 - Diversity of Life (5)
- CHEM 1010 - Fundamentals of Chemistry (4) or
- CHEM 1100 - General Chemistry I (5)

### Upper Division Required Courses (7 units)

- BIOL 3000 - Biostatistics (4)
- BIOL 3600 - Functional Biology (3)

### Upper Division Electives in Biology (6 units)

Students must complete a minimum of 6 units from the list of BIOL courses below:

- BIOL 3100 - General Microbiology (also listed as MICR 3100) (4)
- BIOL 3200 - Professional Writing in the Life Sciences (3)
- BIOL 3400 - Principles of Genetics (3)
- BIOL 3401 - Molecular & Cellular Laboratory (2)
- BIOL 3500 - Evolution (3)
- BIOL 3600 - Ecology (3)
- BIOL 3900 - Molecular & Cellular Biology I (3)
- BIOL 4000 - Molecular & Cellular Biology II (3)
- BIOL 4080 - Advanced Biostatistics (3)
- BIOL 4120 - Human Genetics (3)
- BIOL 4130 - Molecular Diagnostics (3)
- BIOL 4150 - Population Genetics (3)
- BIOL 4160 - Molecular Genetics (3)
- BIOL 4170 - Gene Editing Theory and Applications (3)

Minor in Biomedical Engineering (BME)

Biomedical engineering is a burgeoning field and has been a major driving force in the U.S.'s job market over recent decades. This interdisciplinary field brings together electrical engineers, mechanical engineers, computer scientists, biologists, medical physicians, business entrepreneurs, and many other professionals to create the modern medical technology and advances that our society has witnessed to dramatically improve healthcare.

At the foundation of biomedical engineering is a deep understanding of engineering electrical, mechanical, and computing systems and the integration of knowledge in biology and medicine.

The Biomedical Engineering (BME) minor degree program is designed for students who are interested in pursuing biomedical engineering in their careers to obtain a strong foundation in their major disciplines including Electrical Engineering, Mechanical Engineering, or Computer Science, and understand how to apply their engineering or computing skills to contribute to the advancement of medical technology and treatments. Units taken in the above-said majors can be double-counted to satisfy the BME minor requirements.

Prerequisites to the program

- For Electrical Engineering or Computer Science students, all prerequisites to BME minor are included in their major programs.
- Mechanical Engineering students need to take EE 2049, a pre-requisite lab that is not part of the Mechanical Engineering major program. Mechanical Engineering students with ME 2040 credit will be able to take EE 2049 directly without additional prerequisites.

Successful completion requires a 2.0 overall grade point average in the BME minor, good academic standing, and completion of all minor courses by the time students earn their baccalaureate.

Requirements for the Minor (16 units)

**Required Courses (10 units)**

- BIOL 2040 - Human Physiology (4)
- EE 2801 - Introduction to Biomedical Engineering (3)

and one of the following courses:

- EE 3810 - Sensors, Data Acquisition, and Instrumentation with Applications in Biomedical Engineering (3) or
- CS 3337 - Software Engineering (3)

**Elective Courses (6 units)**

Select 6 units from one of the following groups related to your major. For variable unit courses, students must complete 3 units and must have BME advisor approval.

I. Biomechanical

- ME 4500 - Biomechanics (3)
- ME 4510 - Biomaterials (3)
- ME 4590 - Rehabilitation Design and Internship (3)
- ME 4990 - Undergraduate Directed Study (1-3)

II. Bioelectrical Signals, Devices, and Systems

- EE 4630 - Machine Learning Principles and Application (3)
- EE 4810 - Biomedical Devices (3)
- EE 4820 - Biomedical Signal Processing (3)
- EE 4990 - Undergraduate Directed Study (1-3)

III. Biomedical Software Engineering
- CS 4540 - Topics in Advanced Computer Science (1-3)
- CS 4550 - Computer Graphics (3)
- CS 4660 - Artificial Intelligence (3)
- CS 4661 - Introduction to Data Science (3)
Minor in Business Intelligence

Business Intelligence is one of the fastest growing and most dynamic industries. Career opportunities continue to expand in: business intelligence, analytics and business analyst. The proposed Business Intelligence Certificate program will provide a comprehensive and up-to-date review of business intelligence and analytics concepts and best practices. Students will acquire knowledge and develop the skills in the areas relevant to the roles and responsibilities of today’s practicing Business Intelligence professionals: in business intelligence, analytics and management systems. Students will be able to apply their newly learned skills through hands-on projects and exercises. Career opportunities continue to expand in: business intelligence, analytics and business analyst.

The programs prepares students to assume roles as a Business Intelligence Analyst, Business Intelligence Consultant, Business Intelligence Developer, Business Analyst and Business Intelligence Manager.

Requirements for the Program

A total of 18 units are required. The program requires 12 semester units as part of core requirements and the remainder of the 6 units are from elective courses. Upon successful completion of all course requirements, participants will be awarded a Minor in Business Intelligence, authorized by the Department of Information Systems in College of Business & Economics.

Admission Requirements

A Minor in Business Intelligence is available to students majoring in other fields. It may be of particular interest to students majoring in various fields in the College of Business and to Computer Science students.

For admission, completion of CIS/CS 1200 Information and Technology Literacy or equivalency, or proof of knowledge in Information and technology literacy is required.

Common Core Courses (12 units)

Completion of the following 4 courses:

- CIS 3010 - Management Information Systems (3)
- CIS 4150 - Foundations of Business Intelligence (3)
- CIS 4200 - Business Intelligence and Data Warehouse (3)
- CIS 4250 - Business Intelligence Applications (3)

Common Core Directive Electives (6 units)

Select 2 of the following courses:

- CIS 4210 - Healthcare Data Analytics (3)
- MGMT 4505 - Project Management (3)

Other Electives with Advisor Approval (3 units)
Minor in Central American Studies

The minor in Central American Studies provides students with an in-depth and cross-disciplinary exploration of Central America, its past and present, and its connections to the United States through globalization and international migration.

A total of 15 units are required. A total of 6 units are constituted by core requirements and the remainder of the units is drawn from elective courses. This minor is also offered in the Latin American Studies Program.
Minor in Chicana(o) and Latina(o) Studies

Requirements for the Minor (21 units)

Lower Division Required Courses (9 units)

- CLS 1500 - Ethnic Studies, Resistance & Solidarity (3)
- CLS 2200 - Chicanas & Latinas in Contemporary US Society (also listed as WGSS 2200) (3)

Select one of the following lower division Chicana(o) and Latina(o) Studies courses.

- CLS 1600 - Cultural and Artistic Expressions in the Americas (3)
- CLS 2010 - Mexican Literature Sin Fronteras (3)
- CLS 2050 - Chicanx/Latinx in Film and Media (3)
- CLS 2060 - Chicanx/Latinx, Social Media & Digital Communities (3)
- CLS 2100 - Chicanx & Latinx Political and Social Movements (3)
- CLS 2300 - Families and Kinships in the Americas (3)

Upper Division Required Courses (6 units)

- CLS 3400 - Chicanx/Latinx/Indigenous Refusal, Resistance, & Praxis (3)
- CLS 4180 - Public Health Issues in Latina/o Communities (3)

Electives (6 units)

(Select 6 upper division units with advisor approval). Of these electives, a minimum of one course is required in the 4000 series.

- CLS 3100 - Introduction to Critical Education: Theory & Praxis (3)
- CLS 3120 - Chicanx/Latx Parent, Community, & School Partnerships (3)
- CLS 3200 - Pre-Columbian Narratives in Latin American Literature (3)
- CLS 3220 - Race, Gender, and Hybridity in the Americas (3)
- CLS 3300 - Race, Class, & Gender (3)
- CLS 3320 - Global Migrants in Transnational Networks and Economies (3)
- CLS 3770 - Environmental Justice (also listed as PH 3770) (3)
- CLS 3400 - Chicanx/Latinx/Indigenous Refusal, Resistance, & Praxis (3)
- CLS 3720 - American Indian Families (also listed as CHDV 3720) (3)
- CLS 4000 - Indigenous Peoples of Mexico & Central America: Land, History, Culture (3)
- CLS 4010 - Chicanx/o Latina/o Culture and Media (3)
- CLS 4030 - Chicanas/os Latinas/os and La Cultura of Public Spaces (3)
- CLS 4100 - Latina/o Communities in U.S. Society (3)
- CLS 4110 - Chicanas/os, Latinas/os and Immigration Policy (3)
- CLS 4170 - Critical Analysis of Inequality and Educational Policy (3)
- CLS 4180 - Public Health Issues in Latina/o Communities (3)
- CLS 4200 - History of the Chicano People in California (3)

Minor in Child Development

Overview
The minor in Child Development provides a foundation for students majoring in other disciplines who wish to increase their understanding and knowledge about child and family development. The curriculum reflects an interdisciplinary approach to the study of children and families and the social contexts that influence development. A variety of opportunities for practicum experiences in school and community settings provide students with direct contact with children as well as with the organizations and professionals who work with children and families within the region. Opportunities for original research are available as well.

The Minor in Child Development provides an excellent pathway to graduate programs in a number of related fields. Students pursuing careers in family law, health, media services, nursing, psychology, speech, or urban studies, among others would find this minor useful for their careers.

Program Requirement
A total of 24-26 units is required for the minor in Child Development, which includes 15 units of required courses, 3 units of a child development research methods course, and 6-8 units of elective courses.

All students who intend to minor in Child Development should meet with an advisor both at the beginning and throughout the undergraduate career. Students must receive a grade of “C” or better in all minor courses. Students may only repeat courses in the minor program two times in order to meet the requirement of earning a grade of “C” or better. Information about the minor and Department policies and procedures is available in the Office of Department of Child and Family Studies and on the Department’s website.

Program Learning Outcomes

1. Knowledge Base in Child & Family Studies
Students will demonstrate fundamental knowledge and comprehension of the major concepts, theoretical perspectives, and empirical findings related to human development and family processes in exams, writing assignments and oral presentations.

2. Critical Thinking, Problem Solving, and Quantitative Reasoning
Students will use critical thinking, problem solving, and quantitative reasoning to interpret and contribute to the field of human development and family studies.

3. Ethical and Social Responsibility and Commitment to Diverse Communities
Students will identify and demonstrate ethical principles and social responsibility to exhibit leadership in multilingual, multi-ethnic and global communities.

4. Communication
Students will demonstrate competence in writing, oral, and interpersonal communication skills, exemplifying professional behavior that promotes the development of children and families.

5. Integrative Learning and Professional Development
Students will integrate personal awareness and professional knowledge to serve and advocate for developmentally appropriate and culturally responsive practices in diverse communities.

Requirements for the Minor (24-26 units)

Required Child Development Core (18 units)
- CHDV 1400 - Development Across the Lifespan (Conception to Adolescence) (3)
- CHDV 2000 - Techniques for the Study of Children (3)
- CHDV 3210 - Urban Families and Resilience (3)
- CHDV 3430 - Child and Adolescent Cognition (3)
- CHDV 3500 - Social and Emotional Development (3)
- CHDV 4920 - Language Development (also listed as COMD 4560) (3)

Electives (6-8 units)

Select two from the following.

- CHDV 2100 - Infant Development (3)
- CHDV 2200 - The Young Child (3)
- CHDV 2300 - Program Design in Early Childhood (3)
- CHDV 2310 - Administration of Preschool and Day Care Programs (3)
- CHDV 2500 - Child, Family, and Community (3)
- CHDV 3000 - Child Development Research Methods and Critical Analysis (3)

Minor in Chinese

A minor in Chinese is available for students majoring in other fields. It may be of particular value to students interested in studying languages and literatures; history of East Asia in general and China especially; sociology; political science; or employment with the government, international business firms, or international agencies. A total of 20 units in Chinese is required, of which 8 are in Lower Division and 12 are in Upper Division courses.

Requirements for the Minor (20 units)

Lower Division Required Courses (8 units)

- CHIN 2001 - Intermediate Mandarin (4)
- CHIN 2002 - Intermediate Mandarin 2 (4)

Upper Division Required Courses (6 units)

- CHIN 3001 - Advanced Chinese I (3)
- CHIN 3100 - Chinese Civilization (3)

Electives (6 units)

Select 6 units:

- CHIN 3220 - Newspaper Chinese (3)
- CHIN 3800 - Business Chinese (3)
- CHIN 4080 - Chinese Literature 1 (3)
- CHIN 4100 - Chinese Literature 2 (3)
- CHIN 4030 - Contrastive Analysis Of Chinese And English Structures (3)
- CHIN 4260 - Chinese Film (3)
Minor in Classics

Overview
The minor in Classics is an interdisciplinary program that provides students with an understanding of the culture of ancient Greece and Rome. In conjunction with a major program in anthropology, art history, English, history, philosophy, or political science, the classics minor will prepare students for graduate study in the major field. Alternatively, the Classics program can serve as a means of enriching one’s experience and achieving a fuller understanding of contemporary Western cultures.

Program Requirement
The minor consists of 21 units. Students must take courses in at least three of the following six areas. Prior approval must be obtained from the advisor for selected topics and directed study courses. No more than 6 units taken for credit in the student’s major program can be used to meet requirements for the minor. Each student’s program must be approved by the director and principal advisor of the Classics program.

Program Learning Outcomes
1. gain a substantial and broad understanding of a wide range of issues in the ancient Mediterranean world,
2. learn to integrate a wide variety of subjects focussed on a single region, albeit potentially across 1000’s of years, and whose histories and cultures are of vast importance for the modern world.
3. appreciate and understand swaths of ancient Greek and Latin literature and/or philosophy.

Requirements for the Minor (21 units)
Take courses in at least three of the following six areas for a total of 21 units. Prior approval must be obtained from the advisor for selected topics and directed study courses.

Area I: Anthropology and Art (3-12 units)
- ANTH 4240 - Archaeological Field School (4)
- ART 4060 - Ancient Near Eastern Art and Archaeology (3)
- ART 4110 - Greek and Roman Art (3)
- ART 4760 - Early Christian and Byzantine Art (3)

Area II: Mythology, Literature, and Rhetorical Theory (3-12 units)
- ENGL 2310 - Gods, Monsters, and Heroes in World Mythology (3)
- ENGL 3300 - Readings in Ancient World and Medieval British Literatures (3)
- ENGL 4370 - Greek and Roman Drama in Translation (3)
- COMM 4540 - Selected Studies in Communication (1-3)

Area III: History and Political Theory (3-15 units)
- HIST 4190 - Ancient Near East: 4000-323 B.C. (3)
- HIST 4110 - History of Ancient Greece (3)

Area IV: Philosophy (3-12 units)

- PHIL 3110 - History of Ancient Philosophy (3)
- PHIL 3210 - Ancient Thought and its Modern Legacy (3)
- PHIL 4515 - Ancient Thought: Topics in Philosophy, Science, Mathematics, Politics, Aesthetics (3)

Area V: Science (3 unit)

- CHEM 3800 - Ancient and Modern Science (also listed as HIST 3800, PHIL 3800) (3)

Area VI: Languages (3-12 units)

Through directed study in any of the departments associated with this minor whose faculty are qualified to direct such study: Greek Latin A selected classical figure or topic.
Minor in Communication

The minor in Communication is designed for students interested in expanding their knowledge of the communication process, especially as it relates to their professional careers or related fields in the liberal arts. The Communication curriculum provides a variety of courses for students preparing for careers in community development, social services, health, safety, and recreation services, business and industry, criminal justice, law, education, industrial studies, mass media, and many others in which an understanding of the process and practice of communication is vital. A total of 21 units in COMM are required.

Requirements for the Minor (21 units)

Required Courses (9 units)

- COMM 1800 - Introduction to Human Communication (3)
- COMM 3100 - Theories of Communication: Social Sciences (3)
- COMM 3200 - Theories of Communication: Humanities (3)

Electives (12 units)

Select a program, in consultation with a departmental adviser, to meet the goals for which the minor is chosen. A minimum of 9 units must be taken in upper division courses.
Minor in Comparative and Applied Linguistics and Literacy Studies

This minor is comprised of courses from departments in three colleges: A&L, HHS, and the CCOE. The array of courses offers intellectual stimulation and meets professional demands. Intellectually, the minor allows students to explore major components of modern linguistics: phonetics/phonology, morpho-syntax, sociolinguistics, applied linguistics, and historical linguistics. Professionally, for students interested in teaching, the minor provides valuable expertise in language skills; for those interested in writing careers, the minor provides opportunities to analyze and create discourse.

Requirements for the Minor (18 units)

Choose one course from each of the following areas.

Note: With the major department’s approval, courses that satisfy requirements in this minor may also be used to satisfy major or general education requirements.

### Introduction to Linguistics (3 units)

- ANTH 4710 - Introduction to Linguistics (also listed as ENGL 4100) (3)
- ENGL 3100 - Readings on the English Language (3)
- CHIN 3050 - Introduction To Chinese Linguistics (3)
- JAPN 3200 - Introduction to Japanese Linguistics (3)
- KOR 3200 - Introduction to Korean Linguistics (3)
- SPAN 3050 - Introduction to Spanish Linguistics (3)
- TESL 4000 - Linguistics in Language Education (3)

### Phonetics (3 units)

- COMD 4610 - Descriptive Phonetics (3)
- ENGL 4101 - Introduction to English Linguistics (3)
- FREN 3050 - French Phonetics (3)
- SPAN 3200 - Spanish Usage In The Americas; Applied Approaches (3)

### Morphosyntax (3 units)

- EDEL 4170 - Curriculum and Teaching of Elementary Mathematics (3)
- JAPN 4030 - Functional Approaches to Japanese Linguistics (3)
- CHIN 4030 - Contrastive Analysis Of Chinese And English Structures (3)
- SPAN 4000 - Spanish Morphology and Syntax (3)

### Sociolinguistics (3 units)

- ANTH 2300 - Language and Society (also listed as ENGL 2100) (3)
- ANTH 4700 - Language and Culture (also listed as ENGL 4130) (3)
Applied Linguistics (3 units)

- COMD 4560 - Language Development (also listed as CHDV 4920) (3)
- COMD 4600 - Introduction to Language Science (3)
- CHDV 4930 - Second Language Acquisition in Childhood (3)
- EDSE 4301 - Supporting Academic Language Development for English Learners (3)
- ENGL 4180 - Issues in English Language Teaching (3)
- FREN 4030 - Topics in French Applied Linguistics (3)

Electives (3 units)

Choose one course from the following list, or from any areas listed above, except the [Introduction to Linguistics] area.

- ANTH 4720 - Linguistic Analysis (3)
- CHIN 4510 - Proseminar: Chinese Linguistics (3)
- ENGL 4421 - Chaucer (3)
- ENGL 4422 - Piers Plowman (3)
- ENGL 4020 - Evolving Literacies, Cultures, and Writing Technologies (3)
- ENGL 4110 - History of the English Language (3)
- ENGL 4111 - Topics in the History of the English Language (3)
- ENGL 4120 - Language in Space and Time (3)
- JAPN 4500 - Proseminar: Japanese Linguistics (3)
Minor in Computer Information Systems

The purpose of the minor in Computer Information Systems is to provide students majoring in business and other disciplines the opportunity to develop skills needed to apply computer information systems to their major field of study. The minor requires 18 units.

Requirements for the Minor (18 units)

Required Courses (12 units)

- CIS 1200 - Information and Technology Literacy (also listed as CS 1200) (3)
- CIS 2830 - Introduction to Application Programming (3)
- CIS 3050 - Database Design and Development (3)
- CIS 4840 - Communications Systems (3)

Electives (6 units)

Select 6 units of CIS or CS courses with CIS adviser approval.
Minor in Computer Science

The Minor in Computer Science is designed to provide basic proficiency in computer science for students majoring in other fields. The Minor consists of 24 units of which 9 are upper division with a focus on programming methodology and skills. A minimum of 12 units must be distinct from the student's core requirement in the student's major.

To declare a CS minor, a student must have completed a Precalculus course or higher with a grade of C or better and receive approval from an Advisor in the CS Department.

Successful completion requires a 2.0 overall grade point average in the CS minor, good academic standing, and completion of all minor courses by the time students earn their baccalaureate.

Requirements for the Minor (24 units)

Required Courses (15 units)

- CS 2011 - Introduction to Programming I (4)
- CS 2012 - Introduction to Programming II (4)
- CS 2013 - Programming with Data Structures (4)
- CS 2470 - Fundamentals of Network Systems and Cybersecurity (3)

Electives (9 units)

Select 9 units of upper division computer science courses listed below.

- CS 3035 - Programming Paradigms (3)
- CS 3337 - Software Engineering (3)
- CS 3801 - Societal and Ethical Issues in Computing (3)
- CS 4440 - Introduction to Operating Systems (3)
- CS 4470 - Computer Networking Protocols (3)
- CS 4471 - Computer Networks Configuration and Management (3)
Minor in Creative Studies in Music

Overview

The Minor in Creative Studies in Music supplements existing music major programs by offering a curriculum that combines music composition, improvisation, applied world music and creative applications of technology into a single skills-based program.

Enrollment Requirement

Prerequisites to the program:

- MUS 1010 - Supplemental Music Theory Practice
- MUS 1012 - Theory and Musicianship II
- MUS 1021 - Musicianship Lab I
- MUS 1022 - Musicianship Lab II
- MUS 1031 - Class Piano Instruction I
- MUS 1032 - Class Piano Instruction II
- MUS 1500 - Music in World Culture
- MUS 1880 - Introduction to Music: Music Technology I
- MUS 2011 - Theory and Musicianship III
- MUS 2012 - Theory and Musicianship IV
- MUS 2021 - Musicianship Lab III
- MUS 2022 - Musicianship Lab IV
- MUS 2031 - Class Piano Instruction III
- MUS 2032 - Class Piano Instruction IV
- MUS 3620 - Orchestration and Arranging or equivalent.

Program Learning Outcomes

Upon completion of the Minor in Creative Studies in Music, the student will have the ability to:

- Improvise in a variety of styles;
- Use music technology in performance and composition outside of the standard commercial applications;
- Show proficiency through performance and composition in at least one non-Western, world music style (Arabic music, West African music, etc.).

Requirements for the Minor (23 units)

Lower Division Required Courses (2)

- MUS 2630 - Introduction to Composition (2)

Upper Division Required Courses (17 units)

(Students must take MUS 4600 twice)
MUS 3600 - Music Technology Sandbox (3)
MUS 3681 - Jazz Improvisation I (2)
MUS 3682 - Jazz Improvisation II (2)
MUS 4600 - Composition (3) (requires 6 units)
MUS 4602 - World Music Applications (2)
MUS 4880 - Music Technology II (2)

Chamber Music Electives (4 units)

Select from the list below.

- MUS 4249 - Jazz Ensemble (1)
- MUS 4279 - Afro-Latin Ensemble (1)
- MUS 4289 - New Music Ensemble (1)
- MUS 4299 - Jazz Ensemble: Small (1)
- MUS 4309 - Mariachi Ensemble (1)
- MUS 4859 - Chamber Music (1)
Minor in Creative Writing

The minor in Creative Writing is designed for students majoring in other fields who are interested in the writing of imaginative literature, which may include such forms as poetry, fiction, and drama. A total of 18 units is required, of which 6-9 units must be in lower division and 9-12 units in upper division.

Requirements for the Minor (18 units)

Lower Division Required Courses (6-9 units)

Required course (3 units)
- ENGL 2070 - Beginning Creative Writing (3)

Select one or two from the following (3-6 units):
- ENGL 2260 - A Journey Through World Cinema (also listed as TVF 2260) (3)
- ENGL 2310 - Gods, Monsters, and Heroes in World Mythology (3)
- ENGL 2600 - Literary Los Angeles (3)
- ENGL 2700 - Why Literature Matters (3)
- ENGL 2710 - Contemporary World Literature (3)
- ENGL 2730 - Fictions of Gender and Sexuality (3)
- ENGL 2760 - Pulp Fictions and Popular Literatures (3)
- ENGL 2800 - Shakespeare and Popular Culture (3)

Note:
Transfer students should seek adviser approval for use of comparable lower division coursework completed at another institution.

Upper Division Required Courses (9-12 units)

Electives (select 9-12 units with adviser approval)
- ENGL 4060 - Writing Nonfiction (3) **
- ENGL 4070 - Writing Fiction (3) **
- ENGL 4080 - Writing Poetry (3) **
- TA 4760 - Playwriting (3)
- TVF 4650 - Advanced Screenwriting (3)

Note:
Students with a declared minor in Creative Writing may seek departmental permission to enroll in courses restricted to English majors. Contact a department adviser for more information on enrolling in upper division ENGL courses.

** May be repeated once for credit in the minor.
Minor in Criminal Justice

The minor in Criminal Justice is designed for students majoring in other fields who wish to prepare for careers relating to the administration of criminal justice. A total of 24 units are required. The CRIM 3010 prerequisite for 3030 and electives will be waived for declared minors. Students who receive a failing grade (an "F") in the same course twice or in two separate courses taken as part of fulfilling the minor requirements will not be allowed to complete the minor.

Required for the Minor (24 units)

Lower Division Required Courses (15 units):

- CRIM 1010 - Introduction to Administration of Justice (3)
- CRIM 1260 - Concepts of Criminal Law (3)
- CRIM 2010 - Correctional Systems (3)
- CRIM 2020 - Police and Society (3)
- CRIM 2030 - Judicial Organization (3)

Upper Division Required Courses (3 units):

- CRIM 3030 - Theories and Perspectives in Criminal Justice (3)

Electives (6 units)

Select two 4000-level elective courses in Criminal Justice.
Minor in Dance

The Dance Minor is designed for students interested in expanding their knowledge of dance as both a performance art and as a tool to develop human creativity as the basis of a well-educated individual. The Dance curriculum provides a variety of coursework for students preparing for professional performance careers as well as those using dance in humanistic, cultural and/or educational settings. A total of 24 units are required. A variety of entry level and advanced technique classes are offered. Students can audition for entry into advanced contemporary dance.

Requirements for the Minor (24 units)

Required Courses (24 units)

- **DANC 1000 - Beginning Ballet (2)** or
- **DANC 2000 - Intermediate Ballet (2)**

- **DANC 2700 - Choreography I (2)**

- **DANC 1200 - Beginning Jazz Dance (2)** or
- **DANC 2200 - Intermediate Jazz Dance (2)**

- **DANC 3400 - Advanced Contemporary Dance (3)**
- **DANC 4210 - Embodied Histories: Dance in the Twentieth and Twenty-First Century (3)**
- **DANC 4350 - Dance, Movement and Identity (3)**
- **DANC 4770 - Moving Cultures: World Dance (3)**

- **DANC 4100 - Performance Participation (1-2) (6 units)** or
- **DANC 4540P - Special Topics in Dance (1-3) (6 units)**
Minor in Developmental Disabilities

Developmental disabilities encompass a broad spectrum of disabling conditions that can profoundly diminish the quality of life of those impacted. A well-prepared workforce is critical to ensure that those who contend with a disabling challenge receive support such that daily life can be meaningful and purposeful.

The minor in Developmental Disabilities is intended to prepare students for careers working within the delivery system established to provide service to children and youth who are disabled, including aspects related to service delivery, program management/leadership, and advocacy. As a minor program, it will complement major degree programs by offering content and experiences specific to entering the developmental disabilities workforce.

Admission to the Minor Program

Applicants who meet the specified prerequisites and are currently enrolled in other majors are eligible to enroll in the Developmental Disabilities minor. Other requirements include filing an official program of study for the minor approved by the academic advisor and the College of Health and Human Services. For further information, contact the College of Health and Human Services office at (323) 343-4600.

Prerequisite to this minor program:
- PSY 1600 - Psychology of the Developing Person (3)

Requirements for the Minor (21 units)

Core Courses (6 units)
- HHS 3100 - Historical and Social Context of Disability (3) or
- EDSP 3010 - Individuals with Disabilities in Contemporary Society (3)
- EDSP 4000 - Foundations of Special Education (3)

Courses in Foundations of Program Delivery, Management and Advocacy (9 units)

Area A: Policy/Leadership/Professional and Cultural Competencies

Select one course, 3 units.
- COMD 4575 - Victimology in Child Abuse and Family Violence (3)
- PH 3140 - Health Care Delivery System (3)
- PH 4150 - Critical Issues in Health Policy (3)
- POLS 4610 - Dynamics of Urban Administration (3)
- POLS 4600 - Foundations of Public Administration (3)
- PSY 4390 - Racial/Ethnic Minority Mental Health (3)
- SW 3620 - From Institutional Racism to Cultural Competency (3)
- SW 4780 - Social Welfare Policy and Social Services (3)

Area B: Broad Themes/Theory
Select one course, 3 units.

- CHDV 3500 - Social and Emotional Development (3)
- CHDV 4270 - Disability Across the Lifespan (3)
- CHDV 4360 - Family Stress and Resilience: Cultural Considerations (3)
- CHDV 3430 - Child and Adolescent Cognition (3)
- EDSP 4160 - Working with Families of Young Children with Special Needs (3)
- PH 4220 - Vulnerable Populations (3)
- NTRS 4130 - Maternal and Child Nutrition (3)
- NTRS 4160 - Child Nutrition (3)
- PSY 3100 - Abnormal Psychology I (3)
- PSY 3430 - Child and Adolescent Cognition (3)
- PSY 4280 - Introduction to Analysis of Behavior (3)
- PSY 4350 - Behavior Analysis & Treatment of Developmental Disabilities (3)
- PSY 4650 - Multicultural Psychology: Current Issues and Research (3)
- SW 3711 - Human Behavior and the Social Environment I: Prenatal Through Early Adolescence (3)
- SW 3761 - Child Welfare (3)

Area C: Impairment Specific/Depth Area

Select one course, 3 units.

- CHDV 4120 - Issues in Child Abuse, Interpersonal Violence (3)
- CRIM 3090 - Juvenile Justice (3)
- PSY 4030 - Child Maltreatment and Domestic Violence (also listed as COUN 4030) (3)
- COUN 4420 - Disability and Function (3)
- EDSP 4010 - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (3)
- EDSP 4030 - Behavior Supports, Social Skills, and Classroom Management (3)
- EDSP 4620 - Understanding Physical, Health, and Multiple Disabilities (3)
- KIN 4250 - Dimensions of Kinesiology for Individuals with Disabilities (3)
- NURS 3180 - Nursing Care of Psychiatric Patients (2)
- NURS 2200 - Nursing Care of Children (2)
- PSY 3070 - Physiology and Psychology of Violence and Aggression (also listed as NURS 3070) (3)
- SOC 4250 - Medical Sociology (3)
- SOC 4270 - Society and Mental Illness (3)
- SW 3762 - Cross Cultural Practice with Older Adults (3)
- SW 3763 - Forensic Social Work Practice (3)

Practicum/Internship (6 units)

- HHS 3110 - Internship in Developmental Disabilities (3)
- HHS 3120 - Senior Project Capstone (3)
Minor in Economics

A minor in Economics is available for students majoring in other fields. A total of 15 units in economics is required, of which 9 units are in upper division courses and taken in residence at Cal State L.A. The minor requirements should be completed by the time all degree requirements are met.

Requirements for the Minor (15 units)

**Required Courses (6 units)**
- ECON 2010 - Principles of Economics I: Microeconomics (3)
- ECON 2020 - Principles of Economics II: Macroeconomics (3)

**Electives (9 units)**
Select 3 courses from the following:
- ECON 3030 - Money, Banking, and the Economy (3)
- ECON 3060 - Statistics for Business Analysis and Decision Making (3)
- ECON 3090 - Applied Business and Economic Statistics II (3)
- ECON 3500 - Economics of Poverty and Inequality in the U.S. (3)
- ECON 4110 - Market Structure and Strategic Firm Behavior (3)
- ECON 4150 - Applied Economic and Business Forecasting (3)
- ECON 4260 - International Political Economy (also listed as POLS 4260) (3)
- ECON 4400 - Urban and Regional Economics (3)
- ECON 4600 - Economics of Developing Countries (3)
- ECON 4610 - Economics of International Trade (3)
- ECON 4620 - International Monetary Economics (3)
- ECON 4650 - Current Issues in Latin American Economics (3)
- ECON 4720 - Labor Relations and Collective Bargaining (3)
- ECON 4800 - Economics of Health Care (3)
- ECON 4900 - Issues in the Economics of Globalization (3)
- ECON 4030 - Macroeconomics (3) (Can be added only with instructor's approval)
Minor in English

The minor in English provides a varied and flexible literary program, individually planned, for majors in other fields. Students who plan to write or edit or who are interested in business, the professions, or government service may find this minor significant in their career development. The minor is also useful to students who wish to add a supplementary authorization to their Single Subject credential. Interested students will need to meet with an English Department adviser in order to identify appropriate courses for a supplementary authorization. A total of 18 units is required.

Requirements for the Minor (18 units)

Lower Division Required Courses (6)

Select two from the following:

- ENGL 2310 - Gods, Monsters, and Heroes in World Mythology (3)
- ENGL 2600 - Literary Los Angeles (3)
- ENGL 2700 - Why Literature Matters (3)
- ENGL 2710 - Contemporary World Literature (3)
- ENGL 2730 - Fictions of Gender and Sexuality (3)
- ENGL 2760 - Pulp Fictions and Popular Literatures (3)
- ENGL 2800 - Shakespeare and Popular Culture (3)

Note

Transfer students should seek adviser approval for use of comparable lower division coursework completed at another institution.

Upper Division Required Courses (12 units)

Select two core "Readings" courses from the following:

- ENGL 3100 - Readings on the English Language (3)
- ENGL 3200 - Readings in Theory (3)
- ENGL 3300 - Readings in Ancient World and Medieval British Literatures (3)
- ENGL 3400 - Readings in British Literature: Renaissance to Modern (3)
- ENGL 3600 - Readings in American Literature(s) (3)
- ENGL 3700 - Readings in Modern and Contemporary World Literatures (3)

Select any two 4000-level courses with adviser approval.

Note

Please note that students with a declared minor in English are eligible to seek departmental override of listed course prerequisites. Contact a department adviser for more information on enrolling in upper division ENGL courses.
Minor in Entertainment Marketing

The Department of Marketing, in cooperation with the Television, Film and Media studies offers an undergraduate minor program in Entertainment Marketing. The Entertainment Marketing minor program prepares any majors for a variety of entertainment careers.

A total of 15 units in Marketing and Television, Film and Media studies (TVF) are required; 15 units (3) courses are required and 6 units (2) elective courses.

This minor is open to all students completing a bachelor’s degree.

Courses Required for the Minor (15 units)

**Required Courses (9 units)**

- MKT 3100 - Principles of Marketing (3)
- MKT 4330 - Entertainment Marketing (3)
- MKT 4449 - Marketing Strategy (3)

**Electives (6 units)**

Select 6 units from the following list:

- TVF 4200 - Media Law (3)
- TVF 4700 - Media Professions (3)
Minor in Entrepreneurship

The Minor in Entrepreneurship prepares students from any discipline to create, develop and effectively operate new ventures. Fifteen units are required. A minimum C (2.0) grade point average is required on all course work taken to complete the minor program. Students must complete a minimum of 12 units in residence at California State University, Los Angeles. The minor will be noted on the student’s transcript only if minor requirements are completed by the time bachelor’s degree requirements are completed.

Requirements for Entrepreneurship Minor (15 units)

Required Courses (9 units)

- MGMT 4200 - New Venture Management (3)
- MGMT 4201 - Global Entrepreneurship and Innovation (3)
- MKT 4430 - Direct Marketing (3)

Electives (6 units)

Choose two of the following

- MGMT 4202 - Launching New Ventures (3)
- MGMT 4203 - Special Topics and Cases in Entrepreneurship and Innovation (3)
- MGMT 4204 - Social Entrepreneurship (3)
- CIS 3610 - Web Design and Development (3)
- CIS 3830 - Multimedia and Game Application Programming (3)
- CIS 4880 - Information Security (3)
- ECON 4610 - Economics of International Trade (3)
- MKT 3400 - Consumer Behavior (3)
- MKT 4460 - Marketing Research - Quantitative (3)
- MKT 4310 - Business Consulting (3)
- MKT 3800 - Introduction to Social Media Marketing (3)
Minor in Finance

Requirement for the Minor (15 units)

Required Courses (9 units)

- FIN 3030 - Business Finance (3)
- FIN 3250 - Essential Skills for Finance Professionals (3)
- FIN 3320 - Investments (3)

Electives (6 units)

Select two courses from the following:

- FIN 3050 - Legal and Regulatory Environment of Business II (3)
- FIN 3250 - Essential Skills for Finance Professionals (3)
- FIN 3320 - Investments (3)
- FIN 3310 - Financial Institutions and Markets (3)
- FIN 3350 - Personal Portfolio and Risk Management (3)
- FIN 4030 - Intermediate Business Finance (3)
- FIN 4310 - Multinational Financial Management (3)
- FIN 4340 - Cases in Financial Management (3)
- FIN 4370 - Securities Analysis (3)
- FIN 4400 - Futures and Options (3)
- FIN 4500 - Fixed Income Securities, Analysis and Strategies (3)
Minor in Forensic Science

Forensic Science represents the interface of science and the law. The minor is intended to complement a major in the natural sciences by introducing biology and chemistry students to the forensic perspective as it operates within and across justice system communities. However, students may also take select courses in the minor without formal enrollment in the program provided they have satisfied the course prerequisites. Prospective students should note that CRIM 4140 stipulates 3000 or 4000 level prerequisites and CRIM 4150 stipulates 2000, 3000, and 4000 level prerequisites. The CRIM 2080 and 3010 prerequisites for CRIM 4110, and CRIM 4120 will be waived with permission from the instructor or the forensic science minor advisor. Students should also note that they may choose either CRIM 4140 or CRIM 4150 depending on the semester offered to satisfy the forensic science minor requirements.

The courses offered in the minor integrate the scientific concepts developed from the basic sciences to problems unique to the forensic sciences, including crime scene reconstruction, legal integrity of scientific evidence, expert testimony, and individualization. The curriculum covers several specializations, including forensic biology, forensic chemistry, crime scene management and courtroom interpretation of evidence. Completion of the minor in Forensic Science requires a total of 12 units. Students enrolled in the minor must earn a "C" or higher in all minor courses to meet the curriculum requirements of the minor program. Students who receive a "C-" or lower in the same course twice will be withdrawn from the minor program.

Requirements for the Minor (12 units)

- CRLT 4090 - Applications of Forensic Science (3)
- CRIM 4110 - Interpretation of Evidence in the Courtroom (3)
- CRIM 4120 - Crime Scene Management (3)

- CRIM 4140 - Forensic Biology (3) or
- CRIM 4150 - Forensic Chemistry (3)
Minor in Francophone Studies

Overview

The Interdisciplinary minor in Francophone Studies allows students to learn about the great diversity that exists in the 29 countries around the world where French is an official language. Students obtaining this minor will combine beginning or intermediate language study with coursework in history, political science, culture, film, and literature from Europe, Canada, the Caribbean, the Maghreb, and Western and Central Africa.

Because the program requires only one year of French language study, this minor is open to students in many different majors; it is especially suggested for students in History, Political Science, Sociology, Art, Television, Film, and Media Studies, Pan-African Studies, Business, Spanish, and English, and for students interested in working for international companies or organizations that operate in countries such as France, Belgium, Canada, Haiti, and the 24 countries in Africa where French is either an official language or a de facto second language.

Program Requirements

A total of 17 units is required. Students with previous French knowledge or study should consult faculty for proper placement. Other elective courses in French may be substituted with departmental approval.

Program Learning Outcomes

1. Demonstrate the ability to communicate successfully with native speakers of the target language in a limited range of contexts (personal, familiar topics) on at least the ACTFL (American Council on the Teaching of Foreign Languages) Intermediate Low level.

2. Describe some aspects of French and Francophone cultures. Analyze differences between these cultures and student’s own. Understand and be able to explain basic historical or current cultural characteristics of some countries in which French is spoken.

3. Analyze historical, political, cultural, or literary aspects of some Francophone countries. Apply this analysis to student’s major field of study or area of personal interest.

4. Demonstrate familiarity with library and information technology as part of a well-rounded education in the Humanities, and exploit such technology to find resources in French or about Francophone countries and cultures.

Requirements for the Minor (17 units)

Lower Division Required Courses (8 units)

Select 8 units from the following:

- FREN 1001 - Elementary French I (4)
- FREN 1002 - Elementary French II (4)
- FREN 2001 - Intermediate French I (3)
- FREN 2002 - Intermediate French II (3)
- FREN 2055 - French Conversation (1) (requires 2 units)
- FREN 2056 - Intensive French Conversation (2)

Upper Division Electives (9 units)

Select 9 units from the following. Enrollment to courses followed by an asterisk (*) is restricted to when the course is taught in English.

- FREN 3100 - Introduction to French Culture (3)
- FREN 3729 - Islam in the Francophone World (3)
- FREN 3739 - Images of Women in French Literature and Society (3)
- FREN 4318 - Francophone Caribbean Literature and Culture (3) *
- FREN 4328 - Quebecois Literature and Culture (3) *
- FREN 4338 - Francophone African Literature (3) *
- FREN 3719 - The French Film (3)
- HIST 4420 - History of Africa since 1800 (3)
- ML 3300 - Cross-Cultural Issues in International Film (3)
- POLS 4530 - Politics of Africa and the Mid-East (3)
Minor in French

Overview
A minor in French is available for students majoring in other disciplines. It may be of particular value to students majoring in English, Spanish, or other languages and literature; History, Political Science, African American Studies, Sociology, or International Business.

Enrollment Requirement
Completion of FREN 1001 and FREN 1002, or an equivalent level of proficiency are required prior to join this program. Proficiency may be demonstrated by high school preparation or by a departmental examination.

Program Learning Outcomes
- Demonstrate the ability to communicate successfully with native speakers of the target language in a limited range of contexts (personal, familiar topics) on at least the ACTFL Intermediate level.
- Describe some aspects of French and Francophone cultures. Analyze differences between these cultures and student’s own. Identify some well-known historical figures and events, and understand and be able to explain basic cultural characteristics of some countries in which French is spoken.
- Understand spoken and visual messages, live or in recordings or videos, and summarize and discuss such messages or respond to them in an interactive context, on at least the ACTFL Intermediate level.
- Be able to read and discuss short literary and other texts (advertisements, films, news articles, etc.), demonstrating the ability to discuss the ideas in these texts and their own interpretation of them.
- Demonstrate familiarity with library and information technology as part of a well-rounded education in the Humanities, and exploit such technology to find resources in French.

Requirements for the Minor (15 units)

Lower Division Required Courses (6 units)
Select 6 units from the following:
- FREN 2001 - Intermediate French I (3)
- FREN 2002 - Intermediate French II (3)
- FREN 2055 - French Conversation (1) (1.1)
- FREN 2056 - Intensive French Conversation (2)

Upper Division Electives (9 units)
Select a total of 9 units from the following:
- FREN 3001 - Advanced Grammar and Composition (3)
- FREN 3002 - Introduction to Literary Analysis (3)
- FREN 3010 - Contemporary Spoken French (3)
- FREN 3050 - French Phonetics (3)
- FREN 3800 - Commercial French (3)
- FREN 4100 - Literature and Society in Medieval and Renaissance France (3)
- FREN 4050 - Translation (3)
- FREN 4105 - Literature and Society in 17th- and 18th-century France (3)
- FREN 4110 - Literature and Society in Revolutionary and 19th-century France (3)
- FREN 4115 - French Literature and Society in the 20th and 21st centuries (3)
- FREN 4120 - Survey of French Poetry from the Medieval Lyric to the Symbolists (3)
- FREN 4130 - Panorama de la Francophonie (3)

Group B: Electives taught in English (0-6 units)

- FREN 3719 - The French Film (3)
- FREN 3729 - Islam in the Francophone World (3)
- FREN 3739 - Images of Women in French Literature and Society (3)
- ML 3300 - Cross-Cultural Issues in International Film (3)
A minor in Geography is available for students majoring in other fields. A total of 21 units in geography is required, selected in consultation with an adviser in geography and distributed as follows:

**Requirements for the Minor (21 units)**

**Required Courses (6 units)**

- GEOG 1550 - Cultural Geography (3)
- GEOG 1600 - Physical Geography (3)

**Electives (15 units)**

Select a minimum of 15 units in geography with consent of adviser. At least 12 units must be upper division.
Minor in Geology Sciences

This program is designed for students majoring in other fields who wish to broaden their experience in science or prepare for careers such as teaching, public service, or law. The minor requires 28 units in geology. Consultation with a department adviser is required. Students with majors in related physical sciences may substitute other courses with approval of a department adviser.

Requirements for the Minor (21 units)

**Required Courses (3 units)**

- GEOL 1500 - Earth Revealed (3)

**Electives (18 units)**

Select a minimum of 18 units in Geology with consent of adviser. At least 12 units must be Upper Division.
Minor in Health Communication

The Minor in Health Communication is designed for students interested in expanding their knowledge of the communication process in health contexts, especially as it relates to their professional careers or related fields in the liberal arts. The Communication curriculum provides a variety of courses for students preparing for careers in population health, health education and wellness programs, health care communication skill management, health promotion in media companies, managed care environments, government and non-profit organizations focused on health policy, and others in which an understanding of the process and practice of health communication is vital.

Required Core Courses (9 units)

- COMM 1800 - Introduction to Human Communication (3)
- COMM 4500 - Health Communication (3)
- PH 1500 - Health and Wellness (3)

Upper Division Electives (9 units)

Select 3 units from the following list.

- COMM 4520 - Narrative Health Communication (3)
- COMM 4430 - Relational Communication (3)
- COMM 4440 - Sex Roles in Communication (3)
- COMM 4450 - Family Communication and Conflict (3)
- COMM 4510 - Health Communication and New Media (3)
- COMM 4530 - Health Education and Clinical Care (3)

From the following list, select a minimum of 6 units, which must be in another department.

- CLS 4180 - Public Health Issues in Latina/o Communities (3)
- CHDV 3420 - Development of Sexuality across the Lifespan (3)
- CHDV 3470 - Culture and Wellness across the Lifespan (3)
- KIN 2040 - Diet and Exercise for Weight Management (1)
- NURS 4750 - Exploring Interprofessional Practices in Healthcare (3)
- PH 3110 - Introduction to Community Health (3)
- PH 3140 - Health Care Delivery System (3)
- PH 4400 - Public Health Communication Programs: Planning and Strategic Design (3)
- PH 4420 - Special Challenges in Public Health Communication (3)
- PSY 4020 - Media Psychology (3)
- PSY 4160 - Human Sexuality (3)
- PSY 4390 - Racial/Ethnic Minority Mental Health (3)
- PSY 4500 - Principles of Health Psychology (3)
- SOC 4270 - Society and Mental Illness (3)
- SOC 4250 - Medical Sociology (3)
- SOC 4300 - Urban Sociology (3)
SOC 4500 - Sociology of Aging (3)
- SW 4900 - Latino Mental Health (3)

A minor in Healthcare Management is available for students majoring in other fields. Fifteen units are required. A minimum C (2.0) grade point average is required on all course work taken to complete the minor program. Students must complete a minimum of 9 units in residence at California State University, Los Angeles. The minor will be noted on the student’s transcript only if minor requirements are completed by the time bachelor’s degree requirements are completed.

Requirements for the Minor (15 units)

**Required Courses (9 units)**
- MGMT 3070 - Management and Organizational Behavior (3)
- MGMT 4300 - Leading and Managing in Healthcare Environments (3)
- MGMT 4409 - Career Development (3)

**Electives (6 units)**
Select 6 units from the following in consultation with major and minor program advisers:
- MGMT 4315 - Comparative Healthcare Organizing (3)
- MGMT 4330 - Healthcare Regulations and Ethics (3)
- MGMT 4335 - Financial Management of Health Care Institutions (3)
Minor in History

The Undergraduate Minor in History is open to Cal State L.A. undergraduate students from all majors and disciplines who are not majoring in History or History’s Teacher Preparation Option.

The 18-unit program includes a sequence of courses with the same general objectives as the History major, allowing for a deeper understanding of societal development in all aspects of experience and environment, and of the relevance of the past to the present.

The program permits pursuit of a wide range of interests within the purview of historical methodology, and may be of particular interest to students planning for careers in fields where knowledge of the historical diversity and background of human cultures and societies is essential: business, journalism, communications, law, nursing, social work, international relations, political science, sociology, anthropology, etc.

Requirements for the Minor (18 units)

Lower Division Required Courses (6 units)

Select two courses from the following list:

- **HIST 1010 - World History to 1500 CE** (3)
- **HIST 1020 - World History Since 1500 CE** (3)
- **HIST 1500 - Asian-American History** (also listed as AAAS 1500) (3)
- **HIST 1600 - History of Asia** (also listed as AAAS 1600) (3)
- **HIST 2010 - Early American History** (3)
- **HIST 2020 - Recent United States History** (3)
- **HIST 2050 - Race and Ethnicity in United States History** (3)

Upper Division Required Courses (6 units)

Select any two 4000-level courses in history (HIST).

Upper Division Electives (6 units)

Select any two courses in history (HIST) at the 3000- or 4000-level.
Minor in Japanese

A minor in Japanese is available for students majoring in other fields or those with an interest in East Asia in general. It may be of particular interest to students studying history, international relations, sociology, other languages and literatures, business, or technology, as well as to those seeking employment with the government or international agencies.

Prerequisite: Elementary Japanese (JAPN 1001, JAPN 1011, JAPN 1002, and JAPN 1012) or an equivalent level of proficiency. The minor requires completion of 18 - 20 units in Japanese as listed below.

Requirements for the Minor (18-20 units)

Lower Division Required Courses (6-8 units):

- JAPN 2001 - Intermediate Japanese I (3)
- JAPN 2011 - Intermediate Japanese I: Online Supplement (1)
- JAPN 2002 - Intermediate Japanese II (3)

- JAPN 2012 - Intermediate Japanese II: Online Supplement (1)
  or (only if students do not need to take JAPN 2001, JAPN 2011, JAPN 2002, and JAPN 2012, having language proficiency high enough to take JAPN 3001)*

- JAPN 2500 - Japanese Culture through Anime and Manga (3)
- JAPN 2600 - Japanese Culture through Films (3)

*with permission from the instructors of JAPN 2500 and 2600

Upper Division Required Courses (6 units):

- JAPN 3001 - Advanced Japanese I (3)
- JAPN 3002 - Advanced Japanese II (3)

Electives (6 units)

Select 6 units from the following:

- JAPN 3070 - Japanese Literature in Translation (3)
- JAPN 3100 - Japanese Civilization to 1945 (3)
- JAPN 3110 - Japanese Civilization since 1945 (3)
- JAPN 3150 - Language in Japanese Society (3)
- JAPN 3200 - Introduction to Japanese Linguistics (3)
- JAPN 3800 - Business Japanese (3)
- JAPN 3500 - Advanced Oral Communication (3)
- JAPN 3600 - Advanced Reading and Composition (3)
- JAPN 4030 - Functional Approaches to Japanese Linguistics (3)
- JAPN 4090 - Classical Japanese Literature (3)
Minor in Korean

Overview
The minor in Korean, totaling 17 units, is available for students majoring in other fields. It provides students with Korean language proficiency and knowledge of Korean society and its culture. It may be of particular value to students interested in the study of languages and literatures, industry, sociology, history, culture and politics of Asia, or in employment with Korea-related businesses or government. KOR 1002 or an equivalent level of proficiency is the prerequisite to this program; proficiency may be demonstrated by high school preparation or by a departmental examination.

Program Learning Outcomes
- Students should demonstrate proficiency in Korean in speaking, listening, reading, and writing at the intermediate level.
- Students should demonstrate knowledge of Korean culture and society.

Requirements for the Minor (17 units)

Lower Division Required Units (8 units)
- KOR 2001 - Intermediate Korean I (4)
- KOR 2002 - Intermediate Korean II (4)

Upper Division Directed Electives (9 units)
Choose nine units from the following courses:
- KOR 3001 - Advanced Korean 1 (3)
- KOR 3002 - Advanced Korean 2 (3)
- KOR 3100 - Traditional Korean Civilization (3)
- KOR 3110 - Modern Korean Civilization (3)
- KOR 3200 - Introduction to Korean Linguistics (3)
- KOR 3950 - Korean in Community Service (1-4)
- KOR 3970 - Field Work in Korean (1-4)
- KOR 4001 - Advanced Reading and Composition in Korean: Current Issues in Politics and Education (3)
- KOR 4002 - Advanced Reading and Composition in Korean: Current Issues in Technology and U.S.-Korea Relations (3)
- KOR 4080 - Classical Korean Literature (3)
- KOR 4100 - Modern Korean Literature (3)
- ML 3990 - Directed Reading (1-3)
Minor in Labor Studies

The Labor Studies minor provides students with an interdisciplinary approach to the study of labor issues in an increasingly globalized economy. By drawing on the expertise of faculty from across the campus, this minor will enable students to approach the subject from a variety of intellectual and methodological traditions, offering students opportunities for working on community projects and developing independent research projects.

The undergraduate minor in Labor Studies is open to Cal State L.A. undergraduate students from all majors and disciplines.

Requirements for the Minor (18 units)

Required Courses (6 units):

- HIST 3700 - Labor History (3)

Select one of the following courses:

- HIST 4870 - History of U.S. Work and Working People (3)
- LAS 4700 - Labor and Social Movements in the Americas (3)
- PAS 4090 - Black Labor (3)

Electives (12 units)

4 courses (12 units) related to labor studies from the following list; no more than 6 units from one department, and at least 6 units of 4000-level courses.

- CLS 4260 - The Chicano Movement (also listed as HIST 4600) (3)
- ECON 3500 - Economics of Poverty and Inequality in the U.S. (3)
- ECON 4300 - Labor Economics (3)
- ECON 4720 - Labor Relations and Collective Bargaining (3)
- HIST 4010 - History of Globalization: Themes and Continuities (3)
- HIST 4800 - Ethnicity and Immigration in American History (3)
- HIST 4830 - Poverty and Anti-Poverty in American History (3)
- HIST 3600 - Revolution in History (3)
- LAS 4700 - Labor and Social Movements in the Americas (3)
- LAS 3600 - Dynamics of Change in the Developing World (also listed as PAS 3600, POLS 3600) (3)
- MGMT 3070 - Management and Organizational Behavior (3)
- MGMT 4400 - Strategic Human Resource Management (3)
- MGMT 4402 - Employment Relations (3)
- MGMT 4403 - Compensation Management (3)
- MGMT 4404 - Current Topics and Cases in Human Resource Management (3)
- MGMT 4407 - International Human Resource Management (3)
- PAS 4020 - Black Political Economy (3)
- PAS 4090 - Black Labor (3)
The following courses may also be applied to the minor, but need advisor approval and are applicable only when focus is on labor:

- **LBS 4540 - Selected Topics in Liberal Studies** (1-3)
- **SW 4540 - Selected Topics in Social Work** (1-4)
Minor in Latin American Studies

The minor in Latin American Studies is designed to provide students not majoring in Latin American Studies with an interdisciplinary concentration of courses that will impart a knowledge of the region and field and enhance their career opportunities and general knowledge. The minor requires a total of 18 units; 3 units from a required course, 3 units from a 4000-level LAS elective, and 12 units from an interdisciplinary list of elective courses, 9 of which must be from 4000-level courses.

Requirements for the Minor (18 units)

Required Courses (3 units)

- LAS 1500 - Introduction to Latin American Studies (3)

Required LAS Elective (3 units)

Select one of the following:

- LAS 4250 - Latin American Responses to Imperialism and Globalization (3)
- LAS 4280 - Migration, Identity, and Religion (also listed as CLS 4280, RELS 4230) (3)
- LAS 3950 - Community Service in Latin American Studies (1-3)
- LAS 4300 - Cuba and the World (3)
- LAS 4350 - Philosophy and Praxis of Liberation in Latin America (3)
- LAS 4400 - Indigenous Movements in Latin America (3)
- LAS 4500 - Special Studies in Latin American Studies (1-3)
- LAS 4600 - Food Justice in Latin America (3)
- LAS 4650 - Gender, Sexuality, and Transnational Migration (also listed as WGSS 4650) (3)
- LAS 4700 - Labor and Social Movements in the Americas (3)
- LAS 4800 - Afro-Latin America (also listed as PAS 4800) (3)
- LAS 4820 - Latin American Women’s Movements (also listed as WGSS 4820) (3)
- LAS 4850 - Anti-colonial Movements (also listed as AAAS 4850, PAS 4850) (3)
- LAS 4970 - Interdisciplinary Approaches to Latin American Studies (3)
- LAS 4971 - Interdisciplinary Research and Writing in Latin American Studies (3)
- LAS 4990 - Undergraduate Directed Study (1-3)

Electives (12 units)

Select 12 units from the following interdisciplinary list of 3000- and 4000-level courses, 9 units of which must be from 4000-level courses:

* when topic is Latin America

- ANTH 4040 - Peoples of South America (3)
- ANTH 4080 - Peasant Cultures of Middle America (3)
- ANTH 4280 - Civilizations of Western Mesoamerica (3)
- ANTH 4290 - Maya Civilization (3)
ART 4460 - Art of Latin America (3)
ART 4470 - The Art of Mesoamerica and the Southwest (3)
ART 4500 - The Colonial Art of Mexico and Guatemala (3)
ART 4530 - Aztec Art and Culture (3)
ART 4541 - Special Topics in Art (1-3)
ART 4560 - Art of the Ancient Andes (3)
ART 4570 - Mexican Muralists and Frida Kahlo (3)
CLS 3200 - Pre-Columbian Narratives in Latin American Literature (3)
CLS 3220 - Race, Gender, and Hybridity in the Americas (3)
CLS 3320 - Global Migrants in Transnational Networks and Economies (3)

* when topic is Latin America
Minor in Law and Society

The Minor in Law and Society is designed for students majoring in other fields who wish to study how social forces influence the legal system and how the law affects society from a sociological perspective. The minor helps prepare students for a wide variety of law-related careers and professional programs.

Requirements for the Minor (21 units)

Lower Division Required Course (3 units)

- SOC 2010 - Introduction to Sociology (3)

Upper Division Required Course (3 units)

- SOC 4880 - Sociology of Law (3)

Core Elective (3 units)

Select one course from the following:

- CRIM 4600 - Hate Crimes (3)
- CRIM 4700 - Women and Crime (3)
- HIST 3400 - History of U.S. Civil Rights Movements (3)
- PHIL 4900 - Philosophy of Law (3)
- POLS 4410 - American Constitutional Law: Federalism (3)
- POLS 4420 - American Constitutional Law: Civil Rights (3)
- POLS 4430 - American Constitutional Law: Civil Liberties (3)
- POLS 4460 - Global Legal Studies (3)

Electives (12 units)

Select 12 units from the following courses. These electives may include up to 6 units of independent work in Law and Society (internship or directed study) with the Law and Society Adviser’s approval. Law-related coursework from other departments requires adviser approval.

- SOC 3830 - Violence and Society (3)
- SOC 4260 - Deviant Behavior (3)
- SOC 4330 - Bioethics and Sociology (3)
- SOC 4490 - Professionals in Society (3)
- SOC 4790 - Drug Use and Public Policy (3)
- SOC 4800 - Criminology (3)
- SOC 4810 - Sociology of Policing (3)
- SOC 4820 - Sociology of Genocide (3)
- SOC 4830 - Sociology of Human Rights (3)
- SOC 4850 - Domestic Violence (3)
Field Experience and Independent Study Opportunities

Directed study (SOC 4990) allows students to expand on their special interests in law and society. A directed study is usually in an area that the department's normal course offerings do not cover. Students meet regularly with their faculty supervisor and earn 1 to 3 units of credit and up to 6 units if the course is repeated. Individual research projects may involve library or field research.

Internship Opportunities

Students can earn up to 3 units in a directed internship program (SOC 3980 or SOC 4980) or through the Sociology Internships and Service Learning SOC 4050 class by arranging a work agreement with an approved agency (such as a government agency, business, or citizen group) and the Law and Society Adviser the semester before enrolling in the course.
Minor in Management

A minor in management is available for students majoring in other fields. Fifteen units are required. A minimum C (2.0) grade point average is required on all course work taken to complete the minor program. Students must complete a minimum of 9 units in residence at California State University, Los Angeles. The minor will be noted on the student’s transcript only if minor requirements are completed by the time bachelor’s degree requirements are completed.

Requirements for the Minor (15 units)

Required Courses (9 units)

- MGMT 3070 - Management and Organizational Behavior (3)
- MGMT 4108 - High Performance Management (3)
- MGMT 4105 - Managerial Leadership and Motivation (3)

Electives (6 units)

Select 6 units from the following in consultation with major and minor program advisers:

- MGMT 4101 - Organization Theory and Design (3)
- MGMT 4102 - Comparative Management (3)
- MGMT 4200 - New Venture Management (3)
- MGMT 4402 - Employment Relations (3)
- MGMT 4505 - Project Management (3)
- MGMT 4506 - Service Management (3)
Minor in Marketing

The Minor in Marketing provides the opportunity for students enrolled in other B.S.B.A. options or other degree programs to improve their employment prospects, enhance their understanding of consumer behavior and marketing, and/or improve their ability to successfully market a business or non-profit organization of their own. Students pursuing the Minor in Marketing must (1) meet all the current admission requirements for the B.S.B.A. degree program or any other degree program at California State University, Los Angeles and (2) be concurrently enrolled in and in good academic standing with the program in which they are admitted and enrolled. In addition, all coursework for the Minor in Marketing must be completed before or at the same time as the major degree program in which the student is enrolled.

Requirements for the Minor (18 units)

Required courses (12 units)

- MKT 3100 - Principles of Marketing (3)
- MKT 3210 - Personal Selling (3)
- MKT 3400 - Consumer Behavior (3)
- MKT 4460 - Marketing Research - Quantitative (3)
  or
- MKT 4461 - Marketing Research-Qualitative (3)

Electives courses (6 units)

Select two courses from the following:

- MKT 3300 - Services Marketing (3)
- MKT 3310 - Nonprofit Marketing (3)
- MKT 3500 - Global Business (3)
- MKT 3600 - Principles of Retailing (3)
- MKT 3700 - Principles of Marketing Analytics (3)
- MKT 3800 - Introduction to Social Media Marketing (3)
- MKT 3810 - The Syntax of Social Media (3)
- MKT 3950 - Community Based Social Marketing (3)
- MKT 4300 - Marketing in a New Business (3)
- MKT 4310 - Business Consulting (3)
- MKT 4320 - Sustainability Marketing (3)
- MKT 4330 - Entertainment Marketing (3)
- MKT 4400 - New Product Development (3)
- MKT 4410 - Principles of Integrated Marketing Communications (3)
- MKT 4420 - Brand Strategy (3)
- MKT 4430 - Direct Marketing (3)
- MKT 4449 - Marketing Strategy (3)
- MKT 4454 - Special Topics in Marketing (1-3)
- MKT 4500 - International Marketing (3)
- MKT 4610 - Digital Marketing and E-commerce (3)
Minor in Mathematics

The Minor in Mathematics, available for students majoring in other fields, consists of 24 units, of which 9 are upper division. Students majoring in fields that require the same courses as those required for the minor in Mathematics need take only those courses in the minor program that are not incorporated into their major.

Requirements for the Minor (23 units)

Lower Division Required Courses (14 units)

- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- MATH 2130 - Calculus III (3)

One of the following three courses:

- MATH 2150 - Differential Equations (3) or
- MATH 2450 - Foundations of Mathematics I: Discrete Mathematics (3) or
- MATH 2550 - Introduction to Linear Algebra (3)

Upper Division Electives (9 units)

Select three upper division mathematics courses, from the list of approved upper division courses for minor. This list is available on the Math Department website.
The minor in Mesoamerican Studies offers students a cross and interdisciplinary curriculum on the cultures frequently associated with the Aztecs and Mayas, but inclusive of other ancient peoples who populated metropolitan and ceremonial centers such as Teotihuacan and Tula. The fields of study include Chichana/o and Latina/o Studies, art history, cave archaeology, colonial ethnography, and myth narratives read as examples of Mesoamerican “literature,” such as the poetry of Ancient Mexico (e.g., Texcoco), and Maya texts, such as the Popol Vuh and the Rabinal Achi, among others.

A total of 15 units in required and elective courses comprise the minor in Mesoamerican Studies.

**Requirements for the Minor (15 units)**

### Upper Division Courses (15 units)

#### Upper Division Required Courses (3 units)

Select One:
- CLS 3200 - Pre-Columbian Narratives in Latin American Literature (3)
- CLS 4000 - Indigenous Peoples of Mexico & Central America: Land, History, Culture (3)

#### Upper Division Required Electives Courses (12 units)

Students must select at least one course from three of the following areas with an additional elective to be chosen in any area:

**Anthropology**

- ANTH 4280 - Civilizations of Western Mesoamerica (3)
- ANTH 4290 - Maya Civilization (3)
- ANTH 4540 - Special Topics in Anthropology (1-5) Cave Archeology (3)

**Art**

- ART 4470 - The Art of Mesoamerica and the Southwest (3)
- ART 4500 - The Colonial Art of Mexico and Guatemala (3)
- ART 4530 - Aztec Art and Culture (3)
- ART 4540 - Special Topics in Art (1-3)

**Chicano Studies**

- CLS 3200 - Pre-Columbian Narratives in Latin American Literature (3) also listed as
- CLS 4000 - Indigenous Peoples of Mexico & Central America: Land, History, Culture (3)
- CLS 4900 - Special Topics (1-3) (When topic is Mesoamerican Studies) (4)
Minor in Microbiology

The department offers a minor in Microbiology for students majoring in other fields. The minor consists of a 24-unit core and 6 units of electives. The purpose of this minor is to allow students from a variety of related majors the opportunity to focus a portion of their baccalaureate course work on microbiology in order to qualify them for post-baccalaureate positions requiring such knowledge. Interested students are urged to consult with a microbiology faculty member for advisement before beginning the minor.

Requirements for the Minor (30 units)

Required Core (24 units)

- BIOL 1100 - Cellular Basis of Life (5)
- BIOL 1200 - Diversity of Life (5)
- † CHEM 1100 - General Chemistry I (5)
- † CHEM 1110 - General Chemistry II (5)
- MICR 3100 - General Microbiology (also listed as BIOL 3100) (4)

Electives (6 units)

(select 6 units from the following)

- MICR 3300 - Microbial Genetics (3)
- MICR 3500 - Bacterial Physiology (3)
- MICR 3700 - Medical Microbiology (4)
- MICR 3900 - Applied and Environmental Microbiology (3)
- MICR 4100 - General Virology (3)
- MICR 4200 - Emerging and Re-Emerging Infectious Diseases (3)
- MICR 4400 - Mycology (3)
- MICR 4540 - Special Topics in Microbiology (1-3)
- MICR 4541 - Activities in Special Topics in Microbiology (1-2)

Note: † Laboratory Fee required
Minor in Music

Enrollment

A minor in music is available for students majoring in other fields. A minimum of 18 units is required.

Program Learning Outcomes

1. An understanding of the role of music in society through performance and/or critical analysis.
2. An understanding of procedures for realizing and communicating a variety of musical styles and structures in their historical and cultural contexts.
3. Proficiency in realizing the basic elements of musicianship, including rhythm, melody, harmony, structure, timbre, and texture.

Requirements for the Minor (21-22 units)

Students must be enrolled in or have completed MUS 1011 and MUS 1012 in order to enroll in applied lessons.

Required Course (10 units)

- MUS 1011 - Theory and Musicianship I (3)
- MUS 1012 - Theory and Musicianship II (3)
- MUS 1021 - Musicianship Lab I (1)
- MUS 1022 - Musicianship Lab II (1)
- MUS 1031 - Class Piano Instruction I (1) *
- MUS 1032 - Class Piano Instruction II (1) *

* Note: These courses can be replaced with 2 units of electives if piano is the primary instrument. Advisor approval required.

Ensemble Courses (4 units)

- MUS 3209 - Symphonic Band (1)
- MUS 3219 - Orchestral Performance and Practice (1)
- MUS 3269 - Concert Choir (1)
- MUS 4209 - Wind Ensemble (1)
- MUS 4239 - Exploration Ensemble (1)
- MUS 4249 - Jazz Ensemble (1)
- MUS 4259 - Chamber Singers (1)
- MUS 4269 - Opera Ensemble (1)
- MUS 4279 - Afro-Latin Ensemble (1)
- MUS 4289 - New Music Ensemble (1)
- MUS 4299 - Jazz Ensemble: Small (1)
- MUS 4309 - Mariachi Ensemble (1)
- MUS 4449 - Commercial Music Ensemble (1)
Applied Music (2 units)

Complete 2 units in one of the following areas of specialization:

- MUS 3151 - Strings (1)
- MUS 3161 - Woodwinds (1)
- MUS 3171 - Brass (1)
- MUS 3181 - Percussion (1)
- MUS 3351 - Voice (1)
- MUS 3451 - Piano (1)

Music History Elective (5-6 units)

Select one course:

- MUS 2701 - History of Western Classical Music (Medieval to Baroque) (3)
- MUS 2702 - History of Western Classical Music (Classical to Modern) (3)

And choose 2 or 3 units from the following:

- MUS 3520 - History of American Rock and Pop Music (3)
- MUS 4020 - World Musics (2)
- MUS 4520 - History of Jazz (3)
- MUS 4580 - Music of Latin America (3)
Minor in Natural Science

A minor in Natural Science is designed to provide students with a basic knowledge of biology, chemistry, earth science, physics, and space science, as well as an understanding of science as a human endeavor.

Requirements for the Minor (21 units)

Required Core Courses (12 units)

- NATS 1010 - Physical Science (3)
- NATS 1020 - Earth and Space Science (3)
- BIOL 1030 - Life Science (4)

Electives (9 units)

Select upper division courses from the following:

- NATS 3980 - Field Observations in Science Education (1)
- NATS 4000 - Crosscutting Concepts in Natural Science (3)
- NATS 4100 - The Nature of Science (3)
- NATS 4200 - Cultures of Science (also listed as LBS 4200) (3)
- NATS 4540 - Current Topics in Natural Science (3)
Minor in Operations and Supply Chain Management

A minor in Operations and Supply Chain Management is available for students majoring in other fields. Fifteen units are required. A minimum C (2.0) grade point average is required on all course work taken to complete the minor program. The minor will be noted on the student’s transcript only if minor requirements are completed by the time bachelor’s degree requirements are completed.

Requirements for the Minor (15 units)

Required courses (9 units)

- MGMT 3060 - Operations Management (3)
- MGMT 4500 - Case Studies in Operations Management (3)
- MGMT 4504 - Supply Chain Management (3)

Electives (6 units)

Select 6 units from the following in consultation with major and minor program advisers:

- MGMT 4501 - Process Design and Improvement (3)
- MGMT 4502 - Production and Inventory Management (3)
- MGMT 4503 - Total Quality Management (3)
- MGMT 4505 - Project Management (3)
- MGMT 4506 - Service Management (3)
- MGMT 4507 - Operations Research (3)
- MGMT 4105 - Managerial Leadership and Motivation (3)
Minor in Pan-African Studies

Overview
A minor in Pan-African Studies is designed to expose students to Black history, culture, experiences, and communities in a manner that complements the general education curriculum and coursework in other majors. The PAS minor requires 6 units of lower-division core, 9 units of elective courses. Electives must be drawn from courses offered within the Department of Pan-African Studies. Minor courses that are also a part of the general education (GE) curriculum can double-count for both GE and minor requirements.

Program Learning Outcomes

Attitude
- Value for critical thinking
- Valuing of diverse perspectives
- An appreciation for scholarship and the importance of ideas for personal and community advancement
- Value for diversity as a positive attribute of humanity
- Value for the interconnections between scholarship and effective social action
- Value for lifelong learning

Knowledge
- Understanding of diversity within the Black community (in terms of gender, class, sexual orientation, national origin, etc.)
- General grasp of the historical context of contemporary Pan-African challenges.
- Understanding of shared experience and contemporary interconnections among people of African descent throughout the world.
- Basic knowledge of African history, cultures and politics, including (ancient African kingdoms, colonialism, independence movements, contemporary period)
- Basic knowledge of African-American history, culture and politics, including (slavery, Civil Rights, Black Power, Electoral Politics contemporary period)
- Basic knowledge of African/African-American cultural expressions, including literature, music, film, art, etc.
- Understanding of African/African-American activist traditions and its ramifications for national and global equity and justice
- Basic Understanding of the intellectual tradition and seminal thinkers associated with the Black experience

Skills
- Ability to critically engage in analyses from a Black perspective
- Ability to engage in scholarly research, including the gathering of appropriate sources and employment of suitable methodologies
- Skilled presentation of research findings through written and oral means.
- Ability to historicize and compare contemporary conditions in the Pan African world
- Ability to examine intersectional oppressions simultaneously (race, gender, class, etc.)
- Ability to relate formal instruction in PAS to practical arenas of endeavor, e.g., career, activism, entrepreneurial, and others

Requirements for the Minor (15 units)
Lower Division Core Requirement (6 units)

- **PAS 1510 - African American History** (3)
- **PAS 2500 - African History** (3)

Elective Courses (9 units)

Choose any three upper-division courses from this list:

- **PAS 3020 - Black and Latino and Latin American Relations** (also listed as LAS 3020) (3)
- **PAS 3050 - Black Feminism and Womanism** (also listed as WGSS 3050) (3)
- **PAS 3070 - Black Manhood and Masculinity** (3)
- **PAS 3350 - Race and Culture in the Americas** (also listed as LAS 3350) (3)
- **PAS 3420 - Cultural Impact of Development** (also listed as LAS 3420) (3)
- **PAS 3480 - Race, Class, and Gender** (also listed as AAAS 3480) (3)
- **PAS 3600 - Dynamics of Change in the Developing World** (also listed as LAS 3600, POLS 3600) (3)
- **PAS 3690 - Race, Activism, and Emotions** (3)
- **PAS 3715 - Rethinking the ‘Welfare Queen’: Race, Gender, and Poverty in the US** (also listed as WGSS 3715) (3)
- **PAS 3800 - Education and Development in Africa** (3)
- **PAS 3802 - Ethnicity and Emotions in U.S. Film** (also listed as ENGL 3832) (3)
- **PAS 4000 - Psychology and African Americans** (3)
- **PAS 4010 - Topics on Education and African American Advancement** (3)
- **PAS 4020 - Black Political Economy** (3)
- **PAS 4040 - The Black Family** (3)
- **PAS 4050 - Black Women Leaders in Thought and Politics** (3)
- **PAS 4080 - Black Sexuality** (3)
- **PAS 4090 - Black Labor** (3)
- **PAS 4100 - Black People and Islam** (3)
- **PAS 4120 - Third World Women and Development** (3)
- **PAS 4150 - Pan Africanism and World Politics** (3)
- **PAS 4170 - Hip-Hop as Political Expression** (3)
- **PAS 4200 - African Foundations of African American Culture** (3)
- **PAS 4220 - Themes in Black Literature** (3)
- **PAS 4270 - Black Film** (3)
- **PAS 4400 - Power and the African American Community I** (3)
- **PAS 4410 - Power and African American Communities II: Field Research** (3)
- **PAS 4560 - Politics of the Caribbean and Central America** (3)
- **PAS 4800 - Afro-Latin America: Afro-Latin America (also listed as LAS 4800)** (3)
- **PAS 4850 - Anti-colonial Movements** (also listed as AAAS 4850, LAS 4850) (3)
- **PAS 4900 - Special Topics** (3)
- **PAS 4990 - Directed Study** (3)
Minor in Philosophy General

A total of 21 units is required, including at least 15 units in upper division courses.

Requirements for the Minor (21 units)

Lower Division Required Courses (6 units)

- PHIL 1510 - Introduction to Philosophy (3)
  or
- PHIL 1520 - Philosophical Ideas: Human Values (3)

- PHIL 2500 - Introduction to Symbolic Logic (3)
  or
- PHIL 1080 - Quantitative Reasoning: Proof and Probability (3)

Upper Division Required Courses (6 units)

- PHIL 3040 - Ethics I (3)

- PHIL 3110 - History of Ancient Philosophy (3)
  or
- PHIL 3130 - History of Modern Philosophy (3)

Electives (9 units)

Select 9 philosophy units with adviser approval
Minor in Philosophy Prelaw

A total of 21 units is required, including at least 15 units in upper division courses.

Requirements for the Prelaw Option Minor (21 units)

Lower Division Required Courses (6 units)

- PHIL 1510 - Introduction to Philosophy (3)
  or
- PHIL 1520 - Philosophical Ideas: Human Values (3)
- PHIL 1600 - Critical Thinking and Composition (3)
  or
- PHIL 2500 - Introduction to Symbolic Logic (3)
  or
- PHIL 1080 - Quantitative Reasoning: Proof and Probability (3)

Upper Division Required Courses (6 units)

- PHIL 3040 - Ethics I (3)
- PHIL 3110 - History of Ancient Philosophy (3)
  or
- PHIL 3130 - History of Modern Philosophy (3)

Electives (6 units)

Select two from the following:

- PHIL 4100 - Social and Political Philosophy (3)
- PHIL 4200 - Ethics II (3)
- PHIL 4900 - Philosophy of Law (3)

Additional Electives (3 units)

Select philosophy courses with advisor approval
Minor in Physics

A minor in Physics, available for students majoring in other fields, requires 38 units in physics and mathematics, of which 24 are in lower division and 14 are in upper division elective courses. Students majoring in fields that require the same courses as those required for the Physics minor need take only those courses in the minor that are not incorporated into their major.

Requirements for the Minor (38 units)

Lower Division Required Courses (24 units)

- PHYS 2100 - General Physics I: Mechanics (5)
- PHYS 2200 - General Physics II: Electromagnetism and Circuits (5)
- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- MATH 2130 - Calculus III (3)
- MATH 2150 - Differential Equations (3)

Upper Division Required Courses (11 units)

- PHYS 3200 - Physics Computing (3)
- PHYS 3300 - Oscillations, Waves, and Special Relativity (4)
- PHYS 3400 - Modern Physics and Thermodynamics (4)

Upper Division Electives (3 units)

Any PHYS or ASTR course at the 3000-level or higher.
Minor in Political Science General

Minors in Political Science

The Department of Political Science offers four minor programs for students majoring in other fields. The General minor requires 24 units and may interest majors in such related fields as history, economics, geography, sociology, anthropology, or English. The Global Politics minor requires 20 units and is designed for students whose career or personal interests would be enhanced by a study of international relations and comparative government. The Prelegal Studies minor, which requires 20 units, is available to students who may be interested in attending law school. The minor in Public Administration requires 20 units and is designed for students who may be interested in government service at the local, state, or federal level. All students are expected to complete POLS 1500 or its before enrolling in upper division elective courses in the minor programs in political science.

Requirements for the Minor (15 units)

Required Courses (9 units)

Select three courses from the following:

- POLS 3710 - Foundations of American Politics (3)
- POLS 3720 - Foundations of Political Theory (3)
- POLS 3730 - Foundations of Comparative Politics (3)
- POLS 3740 - Foundations of Global Politics (3)

Elective Courses (6 units)

Select 2 additional POLS courses with adviser approval to fulfill the goal for which the minor was chosen.
Minor in Political Science Global Politics

Minors in Political Science

The Department of Political Science offers four minor programs for students majoring in other fields. The General minor requires 24 units and may interest majors in such related fields as history, economics, geography, sociology, anthropology, or English. Requirements for the Minor (15 units)

Required Courses (3 units)

- POLS 4400 - Judicial Process (3)

Elective Courses (12 units)

Select four courses from the following:

- POLS 4410 - American Constitutional Law: Federalism (3)
- POLS 4420 - American Constitutional Law: Civil Rights (3)
- POLS 4430 - American Constitutional Law: Civil Liberties (3)
- POLS 4440 - Legal Advocacy (3)
- POLS 4450 - Judicial Behavior (3)

NOTE:

Specific courses should be chosen in consultation with a Prelegal Studies Adviser.
Minor in Political Science Public Administration

Overview

The Department of Political Science offers the minor in Political Science Public Administration. The minor program requires 15 units and is designed for students who may be interested in government service at the local, state, or federal level.

Enrollment Requirement

Completion of POLS 1000.

Program Learning Outcomes

1. Active Citizenship and Civic Engagement - Students should demonstrate knowledge of U.S. political institutions and processes, including the importance of civil society and community involvement. They should have an understanding of contemporary political issues, local and national problems, and their historical contexts.

2. Critical Thinking and Political Communication - Students should demonstrate critical thinking skills through their understanding of the theories and methods, both qualitative and quantitative, of political science, and should have the capacity to present and defend their views effectively in written and/or oral format.

3. Political Power and Decision Making - Students should demonstrate an understanding of the institutions and processes in which political decisions are made, and the values, interests and other sources of influence that inform those decisions.

4. A Global Perspective - Students should develop a comprehension and appreciation for the diversity of political institutions and traditions.

Requirements for the Minor (15 units)

Required Course (3 units)

- POLS 4600 - Foundations of Public Administration (3)

Elective Courses (12 units)

Specific courses should be chosen in consultation with a Public Administration Adviser.

A. Select one course from the following:

- POLS 4030 - State and Local Government (3)
- POLS 4060 - Los Angeles City Politics (3)

B. Select three courses from the following:

- POLS 4610 - Dynamics of Urban Administration (3)
- POLS 4620 - Public Policy (3)
- POLS 4670 - The Third Sector and Nonprofit Organizations (also listed as YAA 4670) (3)
- POLS 4720 - Organization and Management (3)
Minor in Psychology

Overview

The Psychology minor, available to students majoring in other fields, requires 21 units of lower and upper division psychology courses.

Program Learning Outcomes

Program Learning Outcome 1: Knowledge Base in Psychology
Students should demonstrate fundamental knowledge and comprehension of the major concepts, theoretical perspectives, historical trends, and empirical findings to discuss how psychological principles apply to behavioral problems.

1.1 Describe key concepts, principles, and overarching themes in psychology
1.2 Develop a working knowledge of psychology's content domains
1.3 Describe applications of psychology

Program Learning Outcome 2: Scientific Inquiry and Critical Thinking
The skills in this domain involve the development of scientific reasoning and problem solving, including effective research methods.

2.1 Use scientific reasoning to interpret psychological phenomena
2.2 Demonstrate psychology information literacy
2.3 Engage in innovative and integrative thinking and problem solving
2.4 Interpret, design, and conduct basic psychological research
2.5 Incorporate sociocultural factors in scientific inquiry

Program Learning Outcome 3: Ethical and Social Responsibility in a Diverse World
The skills in this domain involve the development of ethically and socially responsible behaviors for professional and personal settings in a landscape that involves increasing diversity.

3.1 Apply ethical standards to evaluate psychological science and practice
3.2 Build and enhance interpersonal relationships
3.3 Adopt values that build community at local, national, and global levels

Program Learning Outcome 4: Communication
Students should demonstrate competence in writing and in oral and interpersonal communication skills.

4.1 Demonstrate effective writing for different purposes
4.2 Exhibit effective presentation skills for different purposes
4.3 Interact effectively with others

Program Learning Outcome 5: Professional Development
The emphasis in this goal is on application of psychology-specific content and skills, effective self-reflection, project-management skills, teamwork skills, and career preparation.

5.1 Apply psychological content and skills to career goals
5.2 Exhibit self-efficacy and self-regulation
5.3 Refine project-management skills
5.4 Enhance teamwork capacity
5.5 Develop meaningful professional direction for life after graduation

Minor in Public Health

A total of 32 units is required for the minor in Public Health. This program provides preparation for teaching in the areas of adult education, civil defense, medical self-help, Red Cross instructional programs, and in public schools.

Requirements for the Minor (32 units)

Lower Division Required Courses (17 units)

- BIOL 2020 - Human Anatomy and Physiology II (4)
- PH 2010 - Medical Emergencies Management (3)
- PH 1500 - Health and Wellness (3)
- NTRS 2500 - Human Nutrition (3)
  or
- SOC 2010 - Introduction to Sociology (3)

Upper Division Required Courses (12 units)

- PH 4140 - General Principles of Environmental Health (3)
- PH 3110 - Introduction to Community Health (3)
- PH 3140 - Health Care Delivery System (3)
- PH 4360 - Introduction to Public Health Communication (3)

Upper Division Electives (3 Units)

Select one course from the following:

- PH 4210 - Community, Environmental Safety and Public Health Law (3)
- PH 4220 - Vulnerable Populations (3)
- PH 4230 - Sexuality and Sexual Health (3)
- PH 4240 - Drugs and Health (3)
- PH 4250 - Quality Assurance in Health Programs (3)
- PH 4260 - Consumer Health (3)
Minor in Real Estate

This program prepares non-Real Estate majors for a variety of real estate careers, including sales, investment, management, and mortgage banking. It meets the course requirements for the California Real Estate Salesperson Exam.

A total of 15 units will be required for completion of this minor program. This program can be completed without any additional pre-requisites; however the electives FIN 3810 and FIN 3030 have the pre-requisites FIN 2050 (Business Law) and ACCT 2100 (Principles of Financial Accounting), respectively. Upon completion of course requirements, students will be awarded a Minor in Real Estate.

This minor is open to all students completing a bachelor’s degree, except those completing a BSBA with an Option in Real Estate.

Requirements for the Minor (15 Units)

Required Courses (6 Units)

- FIN 3380 - Real Estate Principles (3)
- FIN 3390 - Real Estate Practice (3)

Electives (9 units from the following list)

- FIN 3030 - Business Finance (3)
- FIN 3810 - Real Estate Law (3)
- FIN 4320 - Real Estate Management (3)
- FIN 4380 - Real Estate Valuation (3)
- FIN 4390 - Real Estate Finance (3)
- FIN 4930 - Real Estate Investment (1-3)
Minor in Rehabilitation Services

The minor in Rehabilitation Services is designed to provide valuable preparation for students majoring in psychology, sociology, social work, criminal justice, and other fields for occupations related to the needs and activities of people with disabilities.

A total of 18 units in required and elective courses comprise the minor in Rehabilitation Services.

Requirements for the Minor (18 units)

Lower Division Required Course (3 units)
- COUN 2000 - Introduction to Rehabilitation Services (3)

Upper Division Required Courses (12 units)
- COUN 4420 - Disability and Function (3)
- COUN 4480 - Career Assessment and Development (3)
- COUN 4500 - Counseling Theories (3)
- EDSP 4000 - Foundations of Special Education (3)

Elective (3 units)
Select any 3 units from the following courses:
- COMD 1700 - Introduction to Communication Disorders (3)
- COUN 3201 - Introduction to Applied Behavior Analysis (3)
- COUN 4030 - Child Maltreatment and Domestic Violence (also listed as PSY 4030) (3)
- COUN 4490 - Job Development and Placement (3)
- EDSP 3010 - Individuals with Disabilities in Contemporary Society (3)
- POLS 4670 - The Third Sector and Nonprofit Organizations (also listed as YAA 4670) (3)
Minor in Religious Studies

For the minor in Religious Studies, students must complete a total of 18 units from the courses listed below, with adviser approval.

Requirements for the Minor (18 units)

Core Requirement (3 units)

- RELS 2000 - Introduction to Comparative Religions (also listed as PHIL 2000) (3)

Required 3000-Level Courses in Religious Studies (6 Units)

Select two courses from the following list:

- RELS 3110 - Seeking the Holy: Ancient Traditions, Modern Practices (3)
- RELS 3250 - SPIRITUAL PATHS THROUGH LIFE (3)
- RELS 3350 - Gender and Sex in the Diversity of World Religions (3)
- RELS 3400 - Religion, Secularism, and Civic Identity (3)
- RELS 3500 - Religion, Spirituality, and Ethnic Identity (3)
- RELS 3650 - Science and Religion (3)
- RELS 3800 - Emotion in Religion (3)

Electives (9 units)

Students must complete 9 additional units selected from among the following courses. At least 6 units must be at the 4000 level.

- ANTH 4370 - Magic, Witchcraft, and Religion (3)
- ANTH 4450 - Myth and Folklore (3)
- ART 4470 - The Art of Mesoamerica and the Southwest (3)
- ART 4500 - The Colonial Art of Mexico and Guatemala (3)
- ART 4530 - Aztec Art and Culture (3)
- ART 4760 - Early Christian and Byzantine Art (3)
- ART 4910 - Art Since 1945 (3)
- ASTR 3600 - Ancient And Modern Views Of The Universe (3)
- ENGL 2310 - Gods, Monsters, and Heroes in World Mythology (3)
- ENGL 4303 - The Bible as Literature: Old and New Testaments (3)
- ENGL 4401 - Medieval English Literature (3)
- ENGL 4404 - Seventeenth-Century Literature (3)
- ENGL 4425 - Milton (3)
- FREN 3729 - Islam in the Francophone World (3)
- HIST 4210 - Post-Roman Europe (3)
- HIST 4220 - The Middle Ages (3)
- HIST 4230 - Renaissance and Reformation (3)
- HIST 4240 - Science, Enlightenment, and Empire (3)
- HIST 4450 - Islamic Empires in World History: 600s-1919 (3)
- HIST 4500 - Traditional China (3)
- JAPN 3100 - Japanese Civilization to 1945 (3)
- JAPN 4080 - Classical Japanese Literature (3)
- PAS 2020 - African American Religion as Civic Culture (3)
- PAS 4100 - Black People and Islam (3)
- PHIL 4150 - Philosophy of Religion (3)
- PHIL 4360 - South Asian Philosophy (3)
- PHIL 4470 - Hermeneutics and Critical Theory (3)
- RELS 3110 - Seeking the Holy: Ancient Traditions, Modern Practices (3)
- RELS 3250 - SPIRITUAL PATHS THROUGH LIFE (3)
- RELS 3350 - Gender and Sex in the Diversity of World Religions (3)
- RELS 3400 - Religion, Secularism, and Civic Identity (3)
- RELS 3500 - Religion, Spirituality, and Ethnic Identity (3)
- RELS 3650 - Science and Religion (3)
- RELS 3800 - Emotion in Religion (3)
- RELS 3850 - Spiritual Assessment and Care of the Older Adult (also listed as NURS 3850) (3)
- RELS 4150 - History of Ancient Greek and Roman Religions (also listed as HIST 4150) (3)
- RELS 4225 - Religion and Society in Medieval Europe (also listed as HIST 4225) (3)
- RELS 4540 - Special Topics in Religious Studies (3)
- RELS 4705 - Religion and Spirituality in American Indian Communities (3)
- RELS 4775 - American Religious History (also listed as HIST 4775) (3)
- SOC 4450 - Sociology of Religion (3)
- SPAN 2420 - Hispanic Societies through Literature (3)
Minor in Retailing

The Minor in Retailing will provide the opportunity for students enrolled in other B.S.B.A. options or other degree programs to improve their employment prospects, enhance their understanding of retailing and consumer behavior, and/or improve their ability to successfully operate a brick-and-mortar or online retail business or non-profit organization. Students pursuing the Minor in Retailing must (1) meet all the current admission requirements for the B.S.B.A. degree program or any other degree program at California State University, Los Angeles and (2) be concurrently enrolled in and in good academic standing with the program in which they are admitted and enrolled. Additional limitation on double counting courses if pursuing a Marketing Option or minor may exist. In addition, all coursework for the Minor in Retailing must be completed before or at the same time as the major degree program in which the student is enrolled.

Requirements for the Minor (15 units)

Required Courses (12 units)

- MKT 3600 - Principles of Retailing (3)
- MKT 3400 - Consumer Behavior (3)
- MKT 4600 - Retail Buying and Merchandising (3)
- MKT 4610 - Digital Marketing and E-commerce (3)

Electives (3 units)

Select one course from the following:

- MKT 3800 - Introduction to Social Media Marketing (3)
- MKT 3950 - Community Based Social Marketing (3)
- MKT 4320 - Sustainability Marketing (3)
Minor in Science Fiction

The Minor in Science Fiction (SF) provides students the opportunity to study this popular and important genre while completing their general education requirements. Students in the minor will study the history of SF in literature, film, and television, and explore the traditions of SF as they intersect with ongoing cultural debates about race, ethnicity, gender, sexuality, socioeconomic class, and other social categories that structure identity. Students will also study how science and culture interact through SF to shape our understandings of exploration, progress, and the future.

Advisement

Students interested in the minor should confer with an advisor in the Arts and Letters Advisement Center (on the second floor of the Music Building) or the Department of Liberal Studies (ET A405).

Requirements for the Minor (18 units)

Required Courses in the History of Science Fiction (6 units)

Students must take the following two courses to give them a basic foundation in the major media histories of science fiction:

- ENGL 1665 - Introduction to Science Fiction (also listed as LBS 1665) (3) *
- LBS 2666 - Science Fiction Film and Television (also listed as TVF 2666) (3) *

Electives (12 units) including 4000-level requirement

Students must take four electives chosen from the courses below. At least one course must be taken in “Social and Cultural Dimensions of Science,” at least one course must be taken in “Traditions of Science Fiction,” and at least one course must be at the 4000-level.

Social and Cultural Dimensions of Science (3 units)

- ANTH 4670 - Human Evolution in Pop Culture (3)
- LBS 3860 - Gender in Science (also listed as WGSS 3860) (3) * also listed as
- WGSS 3860 - Gender in Science (also listed as LBS 3860) (3) *
- LBS 4200 - Cultures of Science (also listed as NATS 4200) (3)

Traditions of Science Fiction (3 units)

- ENGL 2665 - Race and Ethnicity in Science Fiction (also listed as LBS 2665) (3) *
- LBS 3665 - Gender and Sexuality in Science Fiction (also listed as WGSS 3665) (3) *
- LBS 4665 - Science Fiction Across Media (also listed as TVF 4665) (3)
Minor in Science, Technology, and Medicine Studies

Drawing from the traditions of critical science studies scholarship in a wide variety of disciplines, this minor examines the social and cultural dimensions of science and its technological and medical applications. While deepening students’ knowledge of the sciences, the minor explores the social and cultural imperatives that shape science and its applications. The minor also studies the influence of the sciences on social formations and cultural productions. The minor is designed for students interested in science-focused careers in law, journalism, education, publishing, government, business, and nonprofit work. This minor also incorporates some of the recommended courses and electives for students seeking careers in medicine; as such, it provides a useful supplement for premed students pursuing majors in the natural sciences. Students interested in careers in medicine should consult with the Health Careers Advisement Office (Biology 170 and 174) to discuss the recommended courses and preparation appropriate for their career goals.

Students from any major may select this minor in order to deepen their understanding of science, technology, and medicine. Students interested in the minor should contact a Liberal Studies advisor.

Requirements for the Minor (18 units)

Interdisciplinary Science Studies (6 units)

Select two courses from the following:

- LBS 2400 - Introduction to Environmental Humanities (3)
- LBS 3860 - Gender in Science (also listed as WGSS 3860) (3) also listed as WGSS 3860 - Gender in Science (also listed as LBS 3860) (3)
- LBS 4200 - Cultures of Science (also listed as NATS 4200) (3)

Social Science Approaches (3 units)

Select one course from the following:

- ANTH 3610 - Race, Racism, and Human Variation (3)
- ANTH 4440 - Medical Anthropology (3)
- GEOG 3330 - Environment and Development in the Third World (also listed as GEOL 3330) (3)
- GEOG 3090 - Urban Environmental Pollution (3)
- GEOG 4150 - Perspectives on Environment (3)
- SOC 4250 - Medical Sociology (3)
- SOC 4320 - Science, Technology, and Social Character (3)
- SOC 4330 - Bioethics and Sociology (3)

Humanities Approaches (3 units)

Select one course from the following:

- ANTH 3850 - Measurement of Human Difference (also listed as PHIL 3850) (3)
- CHEM 3800 - Ancient and Modern Science (also listed as HIST 3800, PHIL 3800) (3)
- PHIL 3900 - The Birth of Modern Physics (3)
- PHIL 4270 - Environmental Ethics (3)
- PHIL 4280 - Ethics and Genetics (3)
- PHIL 4290 - Bioethics (3)
- PHIL 4850 - Philosophy of Science (3)

Electives (6 units)

With advisor approval, students select 6 units of coursework from the courses listed above in any category.
Minor in Social Gerontology

The Minor in Social Gerontology is designed to prepare individuals for occupations related to the needs and activities of older persons, and for advanced research in the field of aging. The minor requires completion of 21 units.

Requirements for the Minor (21 units)

Lower Division Required Course (3 units)
- SOC 2010 - Introduction to Sociology (3)

Upper Division Required Courses (6 units)
- SOC 3230 - Adult Life in a Diverse World (3)
- SOC 4500 - Sociology of Aging (3)

Electives (12 units)
Select 6 units from each group, with adviser approval:

Group I
- SOC 4250 - Medical Sociology (3)
- SOC 4270 - Society and Mental Illness (3)
- SOC 4330 - Bioethics and Sociology (3)
- SOC 4390 - Aging and Family Life (3)
- SOC 4400 - Partnership, Marriage, and Families (3)
- SOC 4520 - Life Span Transitions: The Retirement Years (3)
- SOC 4530 - Social Aspects of Death and Bereavement (3)
- SOC 4550 - Older Adults' Life Stories (3)
- SOC 4560 - Global Aging (3)
- SOC 4570 - Women and Aging (3)
- SOC 4850 - Domestic Violence (3)

Note:
*Only When Topical Area is Gerontology.

Group II
- ANTH 4440 - Medical Anthropology (3)
- EDSP 4690 - Psychological, Sociological, and Vocational Implications of Visual Impairment and Blindness (2)
KIN 4580 - Environmental Exercise Physiology (3)
NTRS 4510 - Nutrition and Aging (3)
SW 3762 - Cross Cultural Practice with Older Adults (3)
SW 4780 - Social Welfare Policy and Social Services (3)
PSY 4620 - Psychology of Human Development: Maturity and Aging (3)
Minor in Social Media

Purpose
The Minor in Social Media is designed to prepare students in any academic discipline with the knowledge to develop social media marketing strategies and to engage customers through the application of social media.

Eligibility
Students pursuing the Minor in Social Media must be currently enrolled in any undergraduate degree program at California State University, Los Angeles. A total of 12 units will be required for completion of this minor. Upon completion of course requirements and respective Cal State LA degree requirements, students will be awarded the Minor in Social Media in addition to their primary degree.

Program Learning Outcomes
The Minor in Social Media is designed to prepare business students and students in other academic disciplines with the knowledge to develop social media marketing strategies and to engage customers through the application of social media.

Our students will be able to achieve the following:

Learning Goal #1: To understand business and economics fundamentals
Demonstrate knowledge and understanding at a basic level of concepts and tools in:

1. Accounting
2. Information systems
3. Economics
4. Finance
5. Management
6. Operations
7. Marketing
8. Statistics

Learning Goal #2: To integrate functional business knowledge in a team setting
2.1 Ability to contribute in a cross-functional team to produce a coherent two year plan, which integrates the functional knowledge acquired in the different disciplines of business.
2.2 Ability to cooperate and work effectively in a culturally diverse team.

Learning Goal #3: To demonstrate information literacy and communication skills
3.1 Skill in finding, interpreting, and evaluating data
3.2 Skill in presenting information in a well-organized manner both orally and in writing

Learning Goal #4: To develop socially-responsible solutions to business problems in both local and global environments
4.1 Ability to analyze the global socio-economic and legal-political environments in business problem-solving
4.2 Understanding of Los Angeles region business issues and potential solutions
4.3 Ability to consider the ethical implications involved in business decision-making

Requirements for the Minor (12 units)

Required Courses (9 units)

- MKT 3100 - Principles of Marketing (3)
- MKT 3800 - Introduction to Social Media Marketing (3)
- MKT 3810 - The Syntax of Social Media (3)

Elective Courses (3 units)

- MKT 4800 - Search Engine Marketing and Web Analytics (3)
- MKT 4810 - Mobile Marketing Strategy and App Development (3)
- MKT 4820 - Social Media Marketing Strategy (3)
- MKT 4830 - Social Media and Entrepreneurship (3)
- MKT 4854 - Contemporary Topics in Social Media Marketing (3)
A Minor in Sociology provides valuable preparation for students majoring in business, criminal justice, journalism, recreation, and other fields. A total of 21 units in required and elective courses comprises the Minor in Sociology.

**Requirements for the Minor (21 units)**

**Lower Division Required Course (3 units)**

- **SOC 2010 - Introduction to Sociology (3)**

**Upper Division Required Courses (3 units)**

- **SOC 4120 - Sociological Theory (3)**

**Electives (15 units)**

Select five additional upper division courses in Sociology. **SOC 3980, 4980, and 4990** may not be included as electives for the Minor in Sociology.
A minor in Spanish, totaling 23 units, is available for students majoring in other fields. Following completion of a common core, students select a total of three electives. Electives encompass literature, film, linguistics, and civilization, as well as applied language.

Those interested in broadening their knowledge and understanding of the Hispanic language and culture would typically select from ML 3003, 3009, SPAN 2420, 3400, 4013, 4080, 4100, 4110 or 4130, and either 3100 or 3150. Students whose career goals require communicative proficiency in Spanish are encouraged to enroll in SPAN 3002, 3020, 3050, 3200, 3800, 3970, and 4000. SPAN 1001 and 1002 are prerequisites to this program and may be satisfied by appropriate high school preparation or by examination.

### Requirements for the Minor (23 units)

#### Lower Division Required Courses (8 units)

- SPAN 2001 - Intermediate Spanish for Non-Heritage Speakers 1 (4)
- SPAN 2002 - Intermediate Spanish for Non-Heritage Speakers 2 (4)
- or
- SPAN 1050 - Elementary Spanish for Heritage Speakers (4)
- SPAN 2050 - Intermediate Spanish for Heritage Speakers (4)

#### Upper Division Required Courses (6 units)

- SPAN 3001 - Advanced Composition and Grammar (3)

Select from the following (3 units):

- SPAN 3100 - Spanish History and Culture (3)
- SPAN 3150 - Spanish-American Civilization (3)

#### Electives (9 units)

Select 9 units from the following:

- ML 3003 - Contemporary Spain: Culture and Society (3)
- ML 3009 - Mexico City in Contemporary Mexican Cinema (also listed as CLS 3009) (3)
- SPAN 2420 - Hispanic Societies through Literature (3)
- SPAN 3002 - Applied Spanish Composition in the Community (3)
- SPAN 3050 - Introduction to Spanish Linguistics (3)
- SPAN 3200 - Spanish Usage In The Americas: Applied Approaches (3)
- SPAN 3400 - Hispanic Film (3)
- SPAN 3800 - Commercial Spanish (3)
- SPAN 3950 - Spanish in Community Service (1-3)
- SPAN 3970 - Field Work in Spanish (1-3)
- SPAN 4000 - Spanish Morphology and Syntax (3)
- SPAN 4010 - Introduction to Literary Analysis (3)
SPAN 4080 - Spanish Literature I (3)
- SPAN 4100 - Spanish Literature II (3)
- SPAN 4110 - Spanish-American Literature I (3)
- SPAN 4130 - Spanish-American Literature II (3)
Minor in Sustainability Marketing

Purpose

The Minor in Sustainability Marketing will provide the opportunity for undergraduate students to:

1. broaden their understanding of mounting environmental and social issues that impact our local and global communities;
2. transform the design, marketing, and consumption of products and services within an interdisciplinary framework of environmental and social sustainability;
3. enhance their employment portfolio to appeal to the increasing number of public and private employers seeking college graduates with a deeper understanding of the human impact of environmental issues.

Eligibility

Students pursuing the Minor in Sustainability Marketing must be currently enrolled in any undergraduate degree program other than the B.S.B.A. in Marketing Option.

Minor Completion Requirements

A total of 15 units will be required for the completion of this minor. Upon completion of course requirements and respective Cal State LA degree requirements, students will be awarded the Minor in Sustainability Marketing in addition to their primary degree.

Program Learning Outcomes

The Minor in Sustainability Marketing will provide the opportunity for students enrolled in B.S.B.A. options other than the marketing option or other degree programs to:

- broaden their understanding of mounting environmental and social issues that impact our local and global communities;
- transform the design, marketing, and consumption of products and services within an interdisciplinary framework of environmental and social sustainability;
- enhance their employment portfolio to appeal to the increasing number of public and private employers seeking college graduates with a deeper understanding of the human impact of environmental issues.

Requirements for the Minor (15 units)

Required Courses (9 units)

- MKT 3100 - Principles of Marketing (3)
- MKT 3950 - Community Based Social Marketing (3)
- MKT 4320 - Sustainability Marketing (3)

Elective Courses (6 units)

Complete six units from this list of electives:
- COMM 3720 - Media, Communication and the Environment (3)
- ECON 4340 - Environmental Economics (3)
- ENGR 4540 - Special Topics in Engineering (1-4)
- GEOG 3090 - Urban Environmental Pollution (3)
- GEOG 3100 - Urban Climatology (3)
- GEOG 3120 - Global Climate Change (also listed as GEOL 3120) (3)
- GEOG 4100 - Applied Climatology (3)
- GEOG 4150 - Perspectives on Environment (3)
- MKT 3210 - Personal Selling (3)
- MKT 3300 - Services Marketing (3)
- MKT 3310 - Nonprofit Marketing (3)

- SOC 4870 - Environmental Policy, Law, and Society (3)
Minor in Theatre

The Theatre Minor is designed for students interested in expanding their knowledge of theatre. Coursework allows the student the flexibility of exploring both the Performance and Design & Production areas of the Theatre program.

Requirements for the Minor (23 Units)

Required Lower Division Courses (9 Units)

- TA 1410 - Acting I (3)
- TA 1500 - Theatre Analysis (3)

And choose one course along with the appropriate lab from:

- TA 1310 - Stagecraft: Scenery and Properties (2)
- TA 1301 - Stagecraft Support Lab (1)
- TA 1320 - Introduction to Lighting (2)
- TA 1302 - Lighting Support Lab (1)
- TA 1330 - Introduction to Costumes (2)
- TA 1303 - Costume Support Lab (1)
- TA 1340 - Introduction to Sound (2)

Required Upper Division Participation Course (2 Units)

Choose one course from:

- TA 3000 - Production Participation (1-2)
- TA 4100 - Performance Participation (1-2)

Electives (12 Units)

A minimum of 9 units must be taken in upper division TA courses.

Students should consult with an adviser.

- TA 1301 - Stagecraft Support Lab (1)
- TA 1302 - Lighting Support Lab (1)
- TA 1303 - Costume Support Lab (1)
- TA 1304 - Audio Support Lab (1)
- TA 1310 - Stagecraft: Scenery and Properties (2)
- TA 1320 - Introduction to Lighting (2)
- TA 1330 - Introduction to Costumes (2)
- TA 1340 - Introduction to Sound (2)

Minor in Women's, Gender, and Sexuality Studies

The Minor in Women’s, Gender, and Sexuality Studies is an 18 unit interdisciplinary course of study that takes as its central object of study gender and sexuality in culture and society. This minor draws upon the traditions of feminist and LGBTQ scholarship in a wide variety of disciplines, from the natural and social sciences through the humanities and arts. Although the field of women’s studies has always looked at the construction of gender and gendered roles and representations, the inclusion of gender and sexuality studies makes the focus both general and specific: students critically analyze gender and sexuality in the contexts of class, race, ethnicity, gender identity, ability, and sexual orientation, and explore gender and sexuality as instruments of power, as a set of cultural meanings to be interpreted, and as a set of bodily performances and experiences.

Students from any major may elect to minor in Women’s, Gender, and Sexuality Studies in order to understand the ways in which gender and sexuality affects their other fields of study. Courses that comprise the minor must be selected with the approval of a Women’s, Gender, and Sexuality Studies adviser.

Requirements for the Minor (18 units)

Required Courses (18 units)

Core Courses (9 units)

- WGSS 2000 - Introduction to Women’s, Gender, and Sexuality Studies (3)
- WGSS 3000 - Theories in Women’s, Gender, and Sexuality Studies (3)
- WGSS 4000 - Knowledge, Power, and Research Justice in Women’s, Gender, and Sexuality Studies (3)

Natural Science Perspectives (3 units)

Select one course from:

- ANTH 3850 - Measurement of Human Difference (also listed as PHIL 3850) (3)
- PSY 3880 - Sex and Gender (3)
- LBS 3860 - Gender in Science (also listed as WGSS 3860) (3) also listed as
- WGSS 3860 - Gender in Science (also listed as LBS 3860) (3)

Social Science Perspectives (3 units)

Select one course from:

- WGSS 2030 - Gender and Race in the United States (3)
- WGSS 3050 - Black Feminism and Womanism (also listed as PAS 3050) (3)
- WGSS 3150 - Gender, Sexuality, and U.S. Law (3)
- WGSS 3500 - Contemporary Feminist Movements (3)

Modern Languages and Literatures Credential Program

When designated courses are completed as part of the Bachelor of Arts degree programs in French, Japanese, and Spanish, these programs are approved by the California Commission on Teacher Credentialing to satisfy the requirements for subject area competency in those languages.

Cal State L.A. students who completed their baccalaureate in a modern language at another college or university and who wish to satisfy the requirements of an approved subject area program in that language should contact the Department of Modern Languages and Literatures for information.

Students who have passed the examination(s) approved by the California Commission on Teacher Credentialing to satisfy the requirements for subject area competency in lieu of completion of a program approved to satisfy competency requirements in a specific language should contact the Charter College of Education for more information.
Multiple Subject Clear/Induction Credential Program

The Multiple Subject Clear/Induction Credential Program is designed to provide an option for teachers to clear their preliminary credentials through a university induction program. The clear/induction program provides a two-year, individualized, job-embedded system of mentoring, support and professional learning that begins in the teacher’s first year of teaching. It allows teachers to meet the Commission on Teacher Credentialing (CTC) requirements for a Clear Credential.

Requirements for Admission to the Program:

- Must meet eligibility requirements for admission to post-baccalaureate or graduate study at Cal State LA via completion of application procedures.
- Good academic standing
- Must hold a current/valid California Preliminary Multiple Subject Teaching Credential

Note: The CTC allows for an Early Completion Pathway for those teachers who are experienced and exceptional. Candidates can be considered for this pathway if they:

- Are currently teaching with a current/valid California Preliminary Multiple Subject Teaching Credential
- Have supporting letters from site administrators that they have met the following criteria:
  - A minimum of two full years of successful teaching experience or earned their preliminary credential through an accredited alternative certification program (e.g., intern), or
  - Completed one year of Beginning Teacher Support (BTSA) Induction and wish to complete induction at Cal State LA in order to meet specific individual and workplace needs and build on their individual strengths.

Program Requirements

- In addition to meeting the above admission requirements, candidates are responsible for meeting all CTC requirements and the required courses below:

**Required Courses (24 Units)**

EDCI / EDSP 5096 - Development of Induction Plan (also listed as EDCI 5096) (3) - repeatable for a maximum of 9 units during semesters 1, 2, and 3

EDCI / EDSP 5097 - Assessment of Induction (also listed as EDCI 5097) (3) - to be taken during semester 4

To meet the Participating Teacher’s long-term professional goals, courses selected by the Participating Teacher and School Mentor will be based on the Participating Teacher’s prior knowledge, experiences, interests, and needs. Key courses from master’s degree programs might serve the Participating Teacher well. Some courses might include, but are not limited to, advanced reading courses, advanced pedagogy courses, courses in STEM teaching, courses in bilingual and multicultural education, courses in Math and Science, and courses related to working with English Learners and students with disabilities. If the Participating Teacher chooses, these advanced courses could also be accepted as part of a MA for those seeking an advanced degree.

The following CCOE programs lend themselves to a combined Induction and a M.A. degree. An example of a program option with a corresponding course is provided for each M.A. degree:

- MA in Education with the option in Curriculum & Instruction
  
  - EDCI 5350 - Teaching for Cross-Cultural and Global Awareness
- MA in Education with the option in Reading
  - EDCI 5220 - Literacy Assessment and Instruction
- MA in Education with the option in Bilingual and Multicultural
  - EDCI 5490 - Developing English Reading/Language Arts Skills in Bilingual/Cross-Cultural Individuals
  - EDCI 5370 - Teacher Leadership in the Urban School: Issues, Trends, and New Directions
- MA in Education with the option in Integrated STEM
  - EDCI 5350 - Teaching for Cross-Cultural and Global Awareness
  - EDCI 5351 - Seminar: Assessment Strategies in Mathematics
- MA in Education with the option in Math Education
  - EDCI 5310 - Seminar: Research in Teaching Mathematics
- MA in Special Education
  - EDSP 5801 - Problems and Practices in Special Education
- MA in Education with the option in Educational Technology
  - EDIT 4510 - Introduction to Educational Technology
- MA in Education with an option in Educational Foundations
  - EDFN 5520 - Seminar in Policy and Politics in Education
Multiple Subject Teaching Credential

The multiple subject teaching credential authorizes its holders to teach in a self-contained classroom such as the classrooms in most elementary schools. However, a teacher authorized for multiple subject instruction may be assigned to teach in any self-contained classroom (preschool, K-12, or in classes organized primarily for adults). In addition, the holder of a multiple subject teaching credential may serve in a core or team teaching setting.

Students can earn a multiple subject teaching credential as undergraduate students or as post-baccalaureate (graduate) students.

Undergraduate students earning a bachelor of arts degree in the following fields may choose to earn a multiple subject teaching credential concurrently with their B.A.:

- Chicano Studies
- Child and Family Studies
- Liberal Studies
- Urban Learning

Those who would like to do so should read the information below and seek advice about the blended option in their degree program from advisors in their program and from the Charter College of Education Office for Student Services.

Post-baccalaureate students who would like to earn a multiple subject teaching credential should read the information below and contact the Charter College of Education Office for Student Services for advice.

Each integrated program candidate must meet certain requirements prior to being conditionally admitted to the teacher credential program. In addition to those listed below, the candidates must also demonstrate personality and character traits that satisfy the standards of teaching by the teacher education faculty of the campus, as evidenced in the candidate’s Philosophy of Education statement and letters of recommendation.

Requirements for Conditional Admission to the Preliminary Credential Program

- A 2.67 grade point average (GPA) or better in all baccalaureate course work for undergraduate applicants or a 2.75 grade point average (GPA) or better in the last 60 semester or 90 quarter units for post-baccalaureate applicants. Note: Undergraduate students are those students whose degrees have not been conferred by the time they commence EDCI 4000.
- CCOE Application for Admission
- Technology Proficiency Statement
- CCOE Admission Control Card
- Official transcripts from every junior college, college, or university attended, except CSULA. Note: Foreign transcripts must be evaluated by an agency approved by the university.
- Philosophy of Education Statement
- Proof of Valid Certificate of Clearance
- Photocopy of negative TB Test
- Two original letters of recommendation
- Proof of completion or attempt of Basic Skills Requirement (BSR)

Effective January 5, 2015, all applicants for re-admission will be required to complete a re-admission protocol and interview for consideration. Please see Charter College of Education, Office for Student Services website for specific information.

Requirements for Admission Without Conditions to the Preliminary Credential Program
A bachelor’s degree or higher from a regionally-accredited college or university for post-baccalaureate applicants
Proof of completion or attempt of Basic Skills Requirement (BSR)
Passed all sections of the California Subject Examinations for Teachers (CSET): Multiple Subjects.
Completed the following with a grade of C or better, or with credit:
- COMM 1100 Oral Communication (3) or COMM 1510 Speech Proficiency Assessment for Teachers (1) or an acceptable alternative by petition
- EDCI 4000 Transformative Teaching in Diverse Urban Classrooms (3)
- EDCI 4010 English Language Development (3)
- EDFN 4400 Schooling in a Diverse Urban Society (3) or its equivalent
- EDSP 4000 Foundations of Special Education (3)
- The Writing Proficiency Examination (WPE) or equivalent

Requirements for a Preliminary Multiple Subject Teaching Credential

In order for the university to recommend students to the California Commission on Teacher Credentialing (CTC) for a Preliminary Multiple Subject Teaching Credential, the following requirements must be completed or passed:

- A bachelor’s degree from a regionally-accredited college or university or approved equivalent
- Basic Skills Requirement (BSR), e.g., CBEST (all sections)
- All sections of the California Subject Examinations for Teachers (CSET): Multiple subjects (undergraduate students must meet this requirement before Directed Teaching)
- a cardiopulmonary resuscitation (CPR) card (infant, child, and adult)
- The Writing Proficiency Examination (WPE) or acceptable alternative by petition
- U.S. Constitution requirement or equivalent
- The Reading Instruction Competence Assessment (RICA)
- All required Teaching Performance Assessments (TPA)
- Credit for the professional educational courses listed below with a GPA of 3.0 or better (all courses must be completed with a grade of “C” or better)
- All courses for the Multiple Subject and Single Subject credential must be completed within seven years.

Introductory Courses (12 units)

- EDCI 4000 - Transformative Teaching in Diverse Urban Classrooms (3)
- EDCI 4010 - English Language Development (3)
- EDFN 4400 - Educational Foundations: Schooling in a Diverse Society (3) or its equivalent
- EDSP 4000 - Foundations of Special Education (3)

Professional Education Courses (31 semester units)

- EDEL 4020 - Introduction to Instructional Design, Assessment and Classroom Management Methods (3)
- EDFN 4131 - Psychological Foundations of Education (3)
- EDEL 4150 - Curriculum and Teaching of Reading and Language Arts (3)
- EDEL 4160 - Curriculum and Teaching of Writing/Language Arts (3)
- EDEL 4170 - Curriculum and Teaching of Elementary Mathematics (3)
- EDEL 4180 - Curriculum and Teaching of Elementary School Science (3)
- EDEL 4190 - Curriculum and Transformative Teaching of Social Science (3)

(Students must attend a mandatory Directed Teaching meeting prior to enrolling in these courses.)

- EDEL 4880 - Directed Teaching: Multiple Subject (7) or
- EDEL 4890 - Demonstration of Instructional Competencies (7)

- EDEL 4881 - Reflection, Synthesis and Assessment of Directed Teaching (3)

Multiple Subject University Intern Credential Program

The Multiple Subject University Intern Credential Program is designed for individuals who are employed as full-time teachers by cooperating school districts, have fulfilled all district and university prerequisites, and have been recommended by the university. The intern credential is issued for a two-year period during which time candidates must complete all requirements for the preliminary credential.
Requirements for acceptance into the Multiple Subject University Intern Credential Program

For applicants to be admitted to the intern credential program, they must have:

- Verification of a full-time teaching job offer from a cooperating school district.
- U.S. Constitution requirement or an equivalent.
- Met the requirements for admission without conditions into the multiple subject credential program as a post-baccalaureate student:
  - A bachelor’s degree or higher from a regionally-accredited college or university or approved equivalent.
  - A 2.75 Grade Point Average (GPA) or better in the last 60 semester or 90 quarter units.
  - Passed the Basic Skills Requirement (BSR), e.g., CBEST.
  - Passed all sections of the California Subject Matter Examination for Teachers Multiple Subject (CSET).
  - Completed the following with a grade of C or better, or with credit:
    - COMM 1100 Oral Communication (3) course or COMM 1510 Speech Proficiency Assessment for Teachers (1)
    - EDCI 4000 Transformative Teaching in Diverse Urban Classrooms (3)
    - EDCI 4010 English Language Development (3)
    - EDFN 4400 Schooling in a Diverse Urban Society (3) or its equivalent
    - EDSP 4000 Foundations of Special Education (3).
    - The Writing Proficiency Examination (WPE) or equivalent.

Individuals who seek admission to this program must meet with a University Intern Credential advisor for verification of requirements and completion of a program plan. Please contact the Division of Curriculum and Instruction to ask how to contact a University Intern Credential adviser.

Requirements for a Preliminary Multiple Subject Teaching Credential through the University Intern Credential Program

In order for the university to recommend interns to the California Commission on Teacher Credentialing (CTC) for a preliminary multiple subject teaching credential, the following additional requirements must be completed or passed:

- A cardiopulmonary resuscitation (CPR) card (infant, child, and adult).
- All required Teaching Performance Assessments (TPA)
- The Reading Instruction Competence Assessment (RICA).
- The professional education courses listed below.

**Introductory Courses (12 units)**

- EDCI 4000 - Transformative Teaching in Diverse Urban Classrooms (3)
- EDCI 4010 - English Language Development (3)
- EDFN 4400 - Educational Foundations: Schooling in a Diverse Society (3) or its equivalent
- EDSP 4000 - Foundations of Special Education (3)

**Professional Education Courses (35 units)**

- EDEL 4020 - Introduction to Instructional Design, Assessment and Classroom Management Methods (3)
- * EDCI 4881 - Support Supervision in Field Experiences (2) (repeated to 4 units)
- EDFN 4131 - Psychological Foundations of Education (3)
- EDEL 4150 - Curriculum and Teaching of Reading and Language Arts (3)
- EDEL 4170 - Curriculum and Teaching of Elementary Mathematics (3)
- EDEL 4180 - Curriculum and Teaching of Elementary School Science (3)
- EDEL 4160 - Curriculum and Teaching of Writing/Language Arts (3)
- EDEL 4190 - Curriculum and Transformative Teaching of Social Science (3)
- EDCI 5350 - Teaching for Cross-Cultural and Global Awareness (3)

*The University Intern candidate must take EDCI 4881 every semester prior to Directed Teaching. At the discretion of the Field Supervisor and University Intern Credential Program Coordinator or Division Chair, the student may be asked to repeat EDCI 4881 up to a maximum of 8 semester units.

Students must attend a mandatory Directed Teaching meeting prior to enrolling in these courses below:

- EDEL 4890 - Demonstration of Instructional Competencies (7)
- EDEL 4881 - Reflection, Synthesis and Assessment of Directed Teaching (3)
Added Authorizations

Holders of a valid basic general education teaching credential issued by the state of California may add an additional credential, either multiple subject or single subject, or add an additional single subject content area, by completing additional course work. Interested students should consult the Charter College of Education Office for Student Services for further information.
Music Credential Program

The Bachelor of Arts degree program in Music, including the additional requirements for the Single Subject credential, is the subject matter program designed to qualify students for the Single Subject credential in Music. Students should consult advisers in the department and the Charter College of Education.
Music, B.A.

The total number of semester units required for the Bachelor of Arts degree in Music is 120 units, of which 45-47 units are in the major. Consult with the appropriate undergraduate adviser for the specific number of units required in each segment of the degree including GE and free electives. A BA Senior Recital (MUS 4410) or Senior Project (MUS 4870) is required. Students must receive a grade of C or better for core courses in the degree program to satisfy music degree requirements for graduation. Students must be enrolled in 4000-level applied music during the semester the Senior Recital is performed. Students electing to complete a Senior Project must register for at least 2 units of MUS 4870 over a minimum of two semester including the semester during which the final project is submitted. Units earned in MUS 4870 may be used to satisfy elective course requirements.

Program Learning Outcomes:

Upon completion of the Bachelor of Arts in Music, students will demonstrate the following:

1. An understanding of the role of music in society through performance and/or critical analysis.
2. An understanding of procedures for realizing and communicating a variety of musical styles and structures in their historical and cultural contexts.
3. The ability to form and defend value judgments about music.
4. Proficiency in realizing the basic elements of musicianship, including rhythm, melody, harmony, structure, timbre, and texture.
5. A level of intellectual and musical independence that results in the completion of a capstone project.

B.A. Required Core for all Bachelor of Music Options (37 units)

- MUS 1000 - Concert/Recital Attendance (0)
- MUS 1011 - Theory and Musicianship I (3)
- MUS 1012 - Theory and Musicianship II (3)
- MUS 2011 - Theory and Musicianship III (3)
- MUS 2012 - Theory and Musicianship IV (3)
- MUS 1021 - Musicianship Lab I (1)
- MUS 1022 - Musicianship Lab II (1)
- MUS 2021 - Musicianship Lab III (1)
- MUS 2022 - Musicianship Lab IV (1)
- MUS 1031 - Class Piano Instruction I (1)
- MUS 1032 - Class Piano Instruction II (1)
- MUS 2031 - Class Piano Instruction III (1)
- MUS 2032 - Class Piano Instruction IV (1)
- MUS 1880 - Introduction to Music: Music Technology I (2)
- MUS 2701 - History of Western Classical Music (Medieval to Baroque) (3)
- MUS 2702 - History of Western Classical Music (Classical to Modern) (3)
- MUS 3000 - Career Planning and Working in the Community (2)
- MUS 3800 - Beginning Conducting (2)
- MUS 4020 - World Musics (2)

Choose 1 course from the following (C1 Arts GE):
- MUS 1500 - Music in World Culture (3)
- MUS 1510 - Classical Music in Western Culture (3)
- MUS 1520 - The Roots of Rock and Pop Music in American Culture (3)
- MUS 1560 - Jazz in American Culture (3)
- MUS 1570 - Musical Expressions of the Latino Communities in the USA (3)

Performing Organizations (4 units)

With Advisor Approval:
- MUS 3209 - Symphonic Band (1)
- MUS 3219 - Orchestral Performance and Practice (1)
- MUS 4209 - Wind Ensemble (1)
- MUS 4219 - Woodwind Ensemble (1)
- MUS 4229 - Brass Ensemble (1)
- MUS 4249 - Jazz Ensemble (1)
- MUS 4259 - Chamber Singers (1)
- MUS 4269 - Opera Ensemble (1)
- MUS 4279 - Afro-Latin Ensemble (1)
- MUS 4289 - New Music Ensemble (1)
- MUS 4449 - Commercial Music Ensemble (1)
- MUS 4859 - Chamber Music (1)

Applied Music (4 units)

Select area of specialization:
(repeat up to 4 units)
- MUS 1151 - Strings (1)
- MUS 2151 - Strings (1)
- MUS 3151 - Strings (1)
- MUS 4151 - Strings (1)
- MUS 1161 - Woodwinds (1)
- MUS 2161 - Woodwinds (1)
- MUS 3161 - Woodwinds (1)
- MUS 4161 - Woodwinds (1)
- MUS 1171 - Brass (1)
- MUS 2171 - Brass (1)
- MUS 3171 - Brass (1)
- MUS 4171 - Brass (1)
- MUS 1181 - Percussion (1)
- MUS 2181 - Percussion (1)
- MUS 3181 - Percussion (1)
- MUS 4181 - Percussion (1)
- MUS 1351 - Voice (1)
- MUS 2351 - Voice (1)
- MUS 3351 - Voice (1)
- MUS 4351 - Voice (1)
- MUS 1451 - Piano (1)
- MUS 2451 - Piano (1)
- MUS 3451 - Piano (1)
- MUS 4451 - Piano (1)

Additional Requirements:
- MUS 4870 - Senior Project (1-3) (repeat for 2 units)
  or
Piano Proficiency Requirement

All students are required to pass a piano proficiency examination, MUS 2033, or complete MUS 2032 (Class Piano Instruction IV), before being approved for graduation.

Electives in Music or Another Discipline (28-30 units)
Music, B.M.

Overview

The Bachelor of Music degree curriculum provides professional preparation for students seeking careers in music education, performance, composition or jazz studies. Students desiring entrance into this degree program should review the specific entrance procedures for each degree option listed below. Each option within this degree has been carefully structured to provide an education that encompasses the artistic and functional needs of the aspiring music professional. Within each of the degree options are opportunities for study to meet individual needs.

In the core music program, lower division courses emphasize music theory, literature and applied studies, while upper division courses explore advanced concepts in theory, music history, performance and specific career preparation in the chosen degree option. The Music Education option is offered for those who wish to pursue the California Single Subject Credential in Music. All degree options except Music Education include the required performance of a junior recital. All Bachelor of Music degree options include the required performance of a senior recital and required participation in performing ensembles concurrent with applied music instruction.

The program offers five options

Option I - Composition - this option prepares students in music composition. Students must successfully complete a BM Senior Recital (MUS 4400).

Option II - Jazz Studies - this option prepares students in jazz performance production, composition, recording, and conducting. Students must successfully complete a BM Junior Recital (MUS 3400) and a BM Senior Recital (MUS 4400).

Option III - Performance - this option prepares instrumentalists, pianists, and vocalists for professional careers in entertainment and the arts. Performance majors train in a wide variety of genres and styles to prepare for careers as soloists, ensemble musicians, teaching artists in the schools, arts organization members, indie artists, entrepreneurs, and leaders in the field of performance. Prior to graduation, students prepare and successfully perform a 30-minute BM Junior Recital (MUS 3400) and a 50-minute BM Senior recital (MUS 4400).

Option IV - Music Education (Pre-Credential) - this option which prepares students for careers in Vocal/Choral and Instrumental teaching. Prior to graduation, students prepare and successfully perform a 50-minute Senior Recital (MUS 4400).

Single Subject Credential Requirement: In addition to this option, one upper division course in music technology is required for the credential, is a prerequisite to directed teaching in music, and may be taken either for elective credit, for the degree outside the major, or in post baccalaureate standing. Refer to the Charter College of Education section in the Academic Programs: College-Based and University-Wide chapter of this catalog for regulations governing all teaching credential programs.

Option V - Commercial Music

Requirements for the Major (82-87 units)

Before being approved for graduation, all students are required to pass a piano proficiency examination (MUS 2033). Those who are deficient in this area should take appropriate additional course work as recommended by their adviser.

Core Requirements (45 units)
Common Core Courses (17 units)

- MUS 1880 - Introduction to Music: Music Technology I (2)
- MUS 2701 - History of Western Classical Music (Medieval to Baroque) (3)
- MUS 2702 - History of Western Classical Music (Classical to Modern) (3)
- MUS 3000 - Career Planning and Working in the Community (2)
- MUS 3800 - Beginning Conducting (2)
- MUS 4020 - World Musics (2)

And choose one course from the following:

- MUS 1500 - Music in World Culture (3)
- MUS 1510 - Classical Music in Western Culture (3)
- MUS 1520 - The Roots of Rock and Pop Music in American Culture (3)
- MUS 1560 - Jazz in American Culture (3)
- MUS 1570 - Musical Expressions of the Latino Communities in the USA (3)

Musicianship Courses (20 units)

- MUS 1000 - Concert/Recital Attendance (0)
- MUS 1011 - Theory and Musicianship I (3)
- MUS 1012 - Theory and Musicianship II (3)
- MUS 2011 - Theory and Musicianship III (3)
- MUS 2012 - Theory and Musicianship IV (3)
- MUS 1021 - Musicianship Lab I (1)
- MUS 1022 - Musicianship Lab II (1)
- MUS 2021 - Musicianship Lab III (1)
- MUS 2022 - Musicianship Lab IV (1)
- MUS 1031 - Class Piano Instruction I (1)
- MUS 1032 - Class Piano Instruction II (1)
- MUS 2031 - Class Piano Instruction III (1)
- MUS 2032 - Class Piano Instruction IV (1)

Lower Division Applied Music Courses (4 units)

Students must fulfill all 4 applied units in the one category for which they auditioned (Strings, Woodwinds, Brass, Percussion, Voice, or Piano). Approval from adviser required.

- MUS 1151 - Strings (1)
- MUS 1152 - Strings (2)
- MUS 2151 - Strings (1)
- MUS 1161 - Woodwinds (1)
- MUS 1162 - Woodwinds (2)
- MUS 2161 - Woodwinds (1)
- MUS 1171 - Brass (1)
- MUS 1172 - Brass (2)
- MUS 2171 - Brass (1)
- MUS 1181 - Percussion (1)
- MUS 1182 - Percussion (2)
- MUS 2181 - Percussion (1)
- MUS 1351 - Voice (1)
- MUS 1352 - Voice (2)
- MUS 2351 - Voice (1)
- MUS 1451 - Piano (1)
- MUS 1452 - Piano (2)
- MUS 2451 - Piano (1)

Ensemble Performance Courses (4 units)

Select from the following:
- MUS 3209 - Symphonic Band (1)
- MUS 3219 - Orchestral Performance and Practice (1)
- MUS 3269 - Concert Choir (1)
- MUS 4219 - Woodwind Ensemble (1)
- MUS 4249 - Jazz Ensemble (1)
- MUS 4259 - Chamber Singers (1)
- MUS 4269 - Opera Ensemble (1)
- MUS 4279 - Afro-Latin Ensemble (1)
- MUS 4299 - New Music Ensemble (1)
- MUS 4299 - Jazz Ensemble: Small (1)
- MUS 4449 - Commercial Music Ensemble (1)
- MUS 4859 - Chamber Music (1)

Piano Proficiency Requirement (0 unit)

- MUS 2033 - Piano Proficiency Examination (0)

Options (37 - 42 units)

Option I - Composition (38 units)

Required Courses (26 units)

- MUS 2630 - Introduction to Composition (2) (repeat for 4 units)
- MUS 3620 - Orchestration and Arranging (2)
- MUS 4600 - Composition (3) (repeat for 6 units)
- MUS 4601 - Applied Composition (2) (repeat for 4 units)
- MUS 4620 - Advanced Orchestration and Arranging (3)
- MUS 4630 - Counterpoint (3)
- MUS 4640 - Musical Form (3)
- MUS 4650 - Contemporary Techniques (3)

Upper Division Electives (12 units)

I. Select 8 units with adviser approval from the following:

- MUS 4661 - Jazz Arranging: Beginning (2)
- MUS 4662 - Jazz Arranging: Advanced (2)
- MUS 4670 - Music Composition for Media (2)
- MUS 4800 - Choral Conducting (2)
- MUS 4810 - Instrumental Conducting (2)
- MUS 4860 - Recording Techniques (2)
- MUS 4880 - Music Technology II (2)
- MUS 4881 - Music Technology III (2)

II. Select 4 units from the following ensemble courses, may repeat the same ensemble.

Note: Units taken to satisfy the core requirement cannot be double-counted to satisfy the option requirement. Ensemble unit count, including the core and the option, has to be 8 in total.

- MUS 3209 - Symphonic Band (1)
- MUS 3219 - Orchestral Performance and Practice (1)
- MUS 3269 - Concert Choir (1)
- MUS 4209 - Wind Ensemble (1)
- MUS 4249 - Jazz Ensemble (1)
- MUS 4259 - Chamber Singers (1)
- MUS 4269 - Opera Ensemble (1)
- MUS 4279 - Afro-Latin Ensemble (1)
- MUS 4299 - New Music Ensemble (1)
- MUS 4299 - Jazz Ensemble: Small (1)
- MUS 4859 - Chamber Music (1)
Recital Requirement (0 unit)

- MUS 4400 - BM Senior Recital (0)

Option II: Jazz Studies (37 units)

Required Courses (16 units)

- MUS 3660 - Commercial Harmony (3)
- MUS 3681 - Jazz Improvisation I (2)
- MUS 3682 - Jazz Improvisation II (2)
- MUS 4520 - History of Jazz (3)
- MUS 4661 - Jazz Arranging: Beginning (2)
- MUS 4662 - Jazz Arranging: Advanced (2)
- MUS 4680 - Jazz Pedagogy (2)

Applied Music Courses (12 units)

Select one area of a performance specialty, and repeat each course for 4 units.

Note: Units taken to satisfy the core requirement cannot be double-counted to satisfy the option requirement.

- MUS 2152 - Strings (2)
- MUS 3152 - Strings (2)
- MUS 4152 - Strings (2)
- MUS 2162 - Woodwinds (2)
- MUS 3162 - Woodwinds (2)
- MUS 4162 - Woodwinds (2)
- MUS 2172 - Brass (2)
- MUS 3172 - Brass (2)
- MUS 4172 - Brass (2)
- MUS 2182 - Percussion (2)
- MUS 3182 - Percussion (2)
- MUS 4182 - Percussion (2)
- MUS 2352 - Voice (2)
- MUS 3352 - Voice (2)
- MUS 4352 - Voice (2)
- MUS 2452 - Piano (2)
- MUS 3452 - Piano (2)
- MUS 4452 - Piano (2)

Ensemble Courses (9 units)

- MUS 4249 - Jazz Ensemble (1) (repeat for 4 units)
- MUS 4279 - Afro-Latin Ensemble (1) (repeat for 4 units)

And select one from below:

- MUS 4299 - Jazz Ensemble: Small (1)
- MUS 4449 - Commercial Music Ensemble (1)

Recital Requirement (0 units)

- MUS 3400 - BM Junior Recital (0)
- MUS 4400 - BM Senior Recital (0)

Option III: Performance (40 units)

Applied Music Courses (12 units)
Select one area of a performance specialty, and repeat each course for 4 units.

**Note:** Units taken to satisfy the core requirement cannot be double-counted to satisfy the option requirement.

- MUS 2152 - Strings (2)
- MUS 3152 - Strings (2)
- MUS 4152 - Strings (2)
- MUS 2162 - Woodwinds (2)
- MUS 3162 - Woodwinds (2)
- MUS 4162 - Woodwinds (2)
- MUS 2172 - Brass (2)
- MUS 3172 - Brass (2)
- MUS 4172 - Brass (2)
- MUS 2182 - Percussion (2)
- MUS 3182 - Percussion (2)
- MUS 4182 - Percussion (2)
- MUS 2352 - Voice (2)
- MUS 3352 - Voice (2)
- MUS 4352 - Voice (2)
- MUS 2452 - Piano (2)
- MUS 3452 - Piano (2)
- MUS 4452 - Piano (2)

**Ensemble Courses (8 units)**

Select 8 units with advisor approval:

- MUS 3209 - Symphonic Band (1)
- MUS 3219 - Orchestral Performance and Practice (1)
- MUS 3269 - Concert Choir (1)
- MUS 4100 - Opera Performance Participation (2)
- MUS 4209 - Wind Ensemble (1)
- MUS 4249 - Jazz Ensemble (1)
- MUS 4259 - Chamber Singers (1)
- MUS 4269 - Opera Ensemble (1)
- MUS 4279 - Afro-Latin Ensemble (1)
- MUS 4289 - New Music Ensemble (1)
- MUS 4299 - Jazz Ensemble: Small (1)
- MUS 4449 - Commercial Music Ensemble (1)
- MUS 4459 - Chamber Music (1)

**Pedagogy Courses (2 units)**

Select one course.

- MUS 3301 - Vocal Pedagogy I (2)
- MUS 4050 - Approaches to Piano Teaching (2)
- MUS 4071 - Instrumental Techniques (2)

**Directed Electives (18 units)**

Select courses from the following two lists:

**[1] Music Electives (14-18 units)**

With adviser approval, select at least 14 units from this list. Other upper division music courses may be considered with adviser approval.

- MUS 2341 - Diction for Singers I: Italian, English, Spanish (2)
- MUS 2342 - Diction for Singers II: German and French (2)
- MUS 3088 - Performance as Service in the Real World I (2)
- MUS 3302 - Vocal Pedagogy II (2)
- MUS 3371 - Song Literature I: French and Spanish (2)
- MUS 3372 - Song Literature II: German, English, Italian (2)
- MUS 3880 - Introduction to the Business of Music (2)
- MUS 3900 - Performance Techniques for the Recording Studio and the Stage (2)
- MUS 4088 - Performance as Service in the Real World II (2)
- MUS 4100 - Opera Performance Participation (2)
- MUS 4110 - Performance Repertoire (1) (may repeat for 2 units)
- MUS 4630 - Countertop (3)
- MUS 4640 - Musical Form (3)
- MUS 4650 - Contemporary Techniques (3)
- MUS 4700 - History and Literature of Sympathetic Music (3)
- MUS 4730 - History and Literature of Chamber Music (3)
- MUS 4770 - History and Literature of Wind Band in U.S. (3)
- MUS 4810 - Instrumental Conducting (2)

[2] Non-Music Electives (0-4 units)

Select remaining elective units from this list with adviser approval.

- TA 1410 - Acting I (3)
- DANC 1000 - Beginning Ballet (2)
- DANC 1400 - Contemporary Dance (2)
- Foreign Language Courses (4 units)
- TA 1330 - Introduction to Costumes (2)

Option IV: Music Education (Pre-Credential) (42 units)

Required Courses (14 units)

- MUS 3301 - Vocal Pedagogy I (2)
- MUS 3620 - Orchestration and Arranging (2)
- MUS 4010 - Elementary General Music Techniques (2)
- MUS 4071 - Instrumental Techniques (2)
- MUS 4080 - Choral Techniques (2)
- MUS 4800 - Choral Conducting (2)
- MUS 4810 - Instrumental Conducting (2)

Instrument Pedagogy Courses (4 units)

Select 4 units with advisor approval:

- MUS 3121 - String Methods (1)
- MUS 3122 - Woodwind Methods (1)
- MUS 3123 - Brass Methods (1)
- MUS 3124 - Percussion Methods (1)
- MUS 3125 - Guitar Methods (1)

Applied Music Courses (12 units)

Select one area of specialization and repeat each course for 4 units.

Note: Units taken to satisfy the core requirement cannot be double-counted to satisfy the option requirement.

- MUS 2152 - Strings (2)
- MUS 3152 - Strings (2)
- MUS 4152 - Strings (2)
- MUS 2162 - Woodwinds (2)
- MUS 3162 - Woodwinds (2)
- MUS 4162 - Woodwinds (2)
- MUS 2172 - Brass (2)
- MUS 3172 - Brass (2)
Ensemble Courses (8 units)
Select 8 units with advisor approval:
- MUS 3209 - Symphonic Band (1)
- MUS 3219 - Orchestral Performance and Practice (1)
- MUS 3269 - Concert Choir (1)
- MUS 4209 - Wind Ensemble (1)
- MUS 4259 - Chamber Singers (1)
- MUS 4249 - Jazz Ensemble (1)
- MUS 4269 - Opera Ensemble (1)
- MUS 4279 - Afro-Latin Ensemble (1)
- MUS 4289 - New Music Ensemble (1)
- MUS 4299 - Jazz Ensemble: Small (1)
- MUS 4859 - Chamber Music (1)

Directed Electives (4 units)
Select with adviser approval:
- MUS 2341 - Diction for Singers I: Italian, English, Spanish (2)
- MUS 2342 - Diction for Singers II: German and French (2)
- MUS 4072 - Marching Band Techniques (1)
- MUS 4073 - Mariachi Techniques (1)
- MUS 4680 - Jazz Pedagogy (2)
- MUS 4711 - Choral Literature I (2)

Requirements for the Single Subject Credential (2 units)
Select one of these courses to satisfy 2 units of the Directed Electives if interested in the Single Subject Credential:
- MUS 4880 - Music Technology II (2)
- MUS 4890 - Instructional Technology for the Music Educator (2)

Option V: Commercial Music (42 units)

Required Courses (14 units)
- MUS 3520 - History of American Rock and Pop Music (3)
- MUS 3660 - Commercial Harmony (3)
- MUS 3860 - Introduction to Recording (2)
- MUS 3880 - Introduction to the Business of Music (2)
- MUS 4860 - Recording Techniques (2)
- MUS 4886 - Studio Practicum (2)

Directed Electives (8 units)
Select any 8 units with advisor approval:
- MUS 3620 - Orchestration and Arranging (2)
MUS 3671 - Jazz, Rock, and Pop Piano I (1)
MUS 3672 - Jazz, Rock, and Pop Piano II (1)
MUS 3840 - Introduction to Music Composition for Media (2)
MUS 3900 - Performance Techniques for the Recording Studio and the Stage (2)
MUS 4670 - Music Composition for Media (2)
MUS 4840 - Commercial Songwriting (2)
MUS 4880 - Music Technology II (2)
MUS 4881 - Music Technology III (2)
MUS 4885 - Music Synthestration and Synthesis (2)
MUS 4886 - Studio Practicum (2)

Applied Music Courses (12 units)

Select from any areas of specialization, repeat each course for 4 units.

Note: Units taken to satisfy the core requirement cannot be double-counted to satisfy the option requirement.

- MUS 2152 - Strings (2)
- MUS 3152 - Strings (2)
- MUS 4152 - Strings (2)
- MUS 2162 - Woodwinds (2)
- MUS 3162 - Woodwinds (2)
- MUS 4162 - Woodwinds (2)
- MUS 2172 - Brass (2)
- MUS 3172 - Brass (2)
- MUS 4172 - Brass (2)
- MUS 2182 - Percussion (2)
- MUS 3182 - Percussion (2)
- MUS 4182 - Percussion (2)
- MUS 2192 - Applied Music Commercial Music (2)
- MUS 3192 - Applied Music - Commercial Music (2)
- MUS 4192 - Applied Music - Commercial Music (2)
- MUS 2352 - Voice (2)
- MUS 3352 - Voice (2)
- MUS 4352 - Voice (2)
- MUS 2452 - Piano (2)
- MUS 3452 - Piano (2)
- MUS 4452 - Piano (2)
- MUS 4601 - Applied Composition (2)

Ensemble Courses (8 units)

Select 8 units with advisor approval:

- MUS 4249 - Jazz Ensemble (1)
- MUS 4279 - Afro-Latin Ensemble (1)
- MUS 4449 - Commercial Music Ensemble (1)
- MUS 3209 - Symphonic Band (1)
- MUS 3219 - Orchestral Performance and Practice (1)
- MUS 3269 - Concert Choir (1)
- MUS 4209 - Wind Ensemble (1)
- MUS 4259 - Chamber Singers (1)
- MUS 4289 - New Music Ensemble (1)
- MUS 4299 - Jazz Ensemble: Small (1)
- MUS 4859 - Chamber Music (1)

Recital Requirements (0 units)

- MUS 3400 - BM Junior Recital (0)
- MUS 4400 - BM Senior Recital (0)
Music, M.A.

A total of 30 semester units is required for the degree, of which are 16 units core courses and 14 units electives, including at least 15 units in 5000-level music courses. Placement in Applied Music is by audition. The program concludes with a thesis or project.

Graduate students who receive individual studio lessons as part of their degree program are required to concurrently enroll in an approved ensemble for each term of studio lesson enrollment in order to receive individual studio lessons. A graduate student is expected to maintain full-time enrollment. Students enrolled in the Master of Arts degree program must maintain a 3.0 GPA or better in their music courses.

Program Learning Outcomes:
Upon completion of the Master of Arts in Music, students will demonstrate the following:

1. The ability to independently research musical issues and formulate artistic and/or scholarly conclusions.
2. Critical thinking and effective written and verbal communication skills in the context of musical discourse.
3. The ability to make effective artistic and intellectual musical judgments.
4. A broad knowledge of repertoire and historical performance practices appropriate to the specific field of study.
5. A level of intellectual and musical independence that results in the completion of a thesis or project.

Master of Arts (30 units)

Core Courses (16 units)

I. Music Style Analysis Courses (6 units)

Select two (6 units) from the following:

- MUS 5301 - Advanced Style Analysis: Chronological Survey to 1750 (3)
- MUS 5302 - Advanced Style Analysis: From 1750 to the Present (3)
- MUS 5303 - Popular Music Style Analysis (3)

II. Seminar Courses (3 units)

Select one from the following (3 units):

- MUS 5020 - Seminar: Music Education (3)
- MUS 5070 - Seminar: Vocal Techniques (3)
- MUS 5088 - Graduate Performance as Service in the Real World (3)
- MUS 5090 - Seminar: Instrumental Music Education (3)
- MUS 5460 - Seminar: Commercial Music (3)
- MUS 5570 - Seminar: Afro-Latin Music (3)
- MUS 5590 - Seminar: Advanced Composition (3)
III. Applied Music & Performance Courses (3 units)

Complete 3 units in total. Advisor approval is required for Group B courses.

**Group A: Applied Music Courses**

- MUS 4151 - Strings (1)
- MUS 4161 - Woodwinds (1)
- MUS 4171 - Brass (1)
- MUS 4181 - Percussion (1)
- MUS 4191 - Applied Music - Commercial Music (1)
- MUS 4351 - Voice (1)
- MUS 4451 - Piano (1)
- MUS 4470 - Accompanying (1)
- MUS 5191 - Applied Music: Orchestral Instruments (1)
- MUS 5351 - Applied Music: Voice (1)
- MUS 5491 - Applied Music: Keyboard Instruments (1)

**Group B: Performance Courses**

- MUS 4209 - Wind Ensemble (1)
- MUS 4229 - Brass Ensemble (1)
- MUS 4249 - Jazz Ensemble (1)
- MUS 4259 - Chamber Singers (1)
- MUS 4269 - Opera Ensemble (1)
- MUS 4299 - Jazz Ensemble: Small (1)
- MUS 4449 - Commercial Music Ensemble (1)
- MUS 4859 - Chamber Music (1)
- MUS 5109 - Graduate Choral Ensemble (1)
- MUS 5119 - Graduate Instrumental Ensemble (1)

IV. Thesis or Project Courses (4 units)

Students are encouraged to request a project director from their area early in their program of study to ensure that progress toward the final project is accomplished in a timely manner. Students should consult the Department of Music information on procedures and required deadlines.

- MUS 5000 - Research Techniques in Music (1)
- MUS 5990 - Thesis or Project (1-3) (complete 3 units)

**Electives (14 units)**

I. History & Literature Courses (6 units)

Select from the following:

- MUS 4700 - History and Literature of Opera (3)
- MUS 4711 - Choral Literature I (2)
- MUS 4712 - Choral Literature II (2)
- MUS 4720 - History and Literature of Vocal Solo Music (3)
- MUS 4730 - History and Literature of Symphonic Music (3)
- MUS 4740 - History and Literature of Chamber Music (3)
- MUS 4750 - History and Literature of Keyboard Music (3)
- MUS 4770 - History and Literature of Wind Band in U.S. (3)
- MUS 5580 - Histories and Literature of Afro-Latin Music (3)
- MUS 5590 - The Roots of American Rock and Pop Music (3)
- MUS 5720 - Music of Baroque Period (3)
- MUS 5730 - Music of Classic Period (3)
II. Other Electives (8 units)

Select 4000- or 5000-level courses with advisor approval.
Music, M.M.

The Master of Music degree program learning outcomes:
1. Mastery of musicianship skills, artistry, and technique appropriate to the specific degree program.
2. The ability to make effective artistic and intellectual musical judgments at a professional level in the area of specialization.
3. Thorough knowledge of repertoire and historical performance practices appropriate to the specific field of study.
4. Critical thinking and effective written and verbal communication skills in the context of musical discourse.
5. The ability to independently research musical issues and formulate artistic and/or scholarly conclusions.

Program Requirement:
1. A minimum of 19 semester-units is required in the Master of Music degree program core, with 14-17 additional units required for each individual option.
2. At least 15 units must be 5000-level music courses.
3. A project (MUS 5990 or MUS 5995) in the form of a composition, conducting recital, solo recital, lecture recital, or chamber music recital (candidate must play a primary role) is required at the end of each program.
4. Graduate students who receive individual studio lessons as part of their degree program are required to concurrently enroll in an area-approved ensemble for each term of studio lesson enrollment.
5. Students enrolled in the Master of Music degree program must maintain a 3.0 GPA or better in their music courses.
6. Students are required to select one of the following options:
   - Option I: Composition
   - Option II: Commercial Music
   - **Option III: Conducting** - There are two tracks in this option. Track 1 is for choral conducting, Track 2 is for instrumental conducting.
   - Option IV: Performance
   - Option V: Afro Latin Music
   - Option VI: Music Education

Degree Requirement (33-37 units)

Core Courses (19-20 units)

A. History and Literature (3-4 units)

Select from the following. Note: Courses selected to satisfy the core requirement cannot be double-counted to satisfy the option requirement.
- MUS 4580 - Music of Latin America (3)
- MUS 4700 - History and Literature of Opera (3)
- MUS 4711 - Choral Literature I (2)
- MUS 4712 - Choral Literature II (2)
- MUS 4720 - History and Literature of Vocal Solo Music (3)
- MUS 4730 - History and Literature of Symphonic Music (3)
B. Seminar (3 units)

Select one from the following:

- MUS 5020 - Seminar: Music Education (3)
- MUS 5070 - Seminar: Vocal Techniques (3)
- MUS 5460 - Seminar: Commercial Music (3)
- MUS 5570 - Seminar: Afro-Latin Music (3)
- MUS 5680 - Seminar: Performance (3)
- MUS 5690 - Seminar: Advanced Composition (3)
- MUS 5830 - Seminar: Conducting (3)

C. Applied Music (6 units)

Select one from each group. Repeat group I for 4 units. Courses selected to satisfy the core requirement cannot be double-counted to satisfy the option requirement.

Group I:

- MUS 5192 - Applied Music: Instrumental (2)
- MUS 5200 - Applied Music: Conducting (2)
- MUS 5352 - Applied Music: Voice (2)
- MUS 5492 - Applied Music: Keyboard Instruments (2)
- MUS 5600 - Advanced Composition (2)

Group II:

- MUS 4800 - Choral Conducting (2)
- MUS 5088 - Graduate Performance as Service in the Real World (3)
- MUS 5450 - The Business of Music (2)

D. Research/Analysis Courses (4 units)

MUS 5000 and one course for a total of 4 units.

- MUS 5000 - Research Techniques in Music (1)

Select one:

- MUS 5302 - Advanced Style Analysis: From 1750 to the Present (3)
- MUS 5303 - Popular Music Style Analysis (3)

E. Culminating Experience (3 units)

Students are encouraged to request a project director from their area early in their program of study to ensure that progress toward the final project is accomplished in a timely manner. Students should consult the Department for information on procedures and required deadlines.

- MUS 5990 - Thesis or Project (1-3) or
- MUS 5995 - Project (1-3)

Options (14-17 units)

Select one of the six options for additional 14-17 units. *Courses selected to satisfy the core requirement cannot be double-counted to satisfy the option requirement.

Option I: Composition (16-17 units)
a. Composition Option Required Courses (9 units)

- MUS 4600 - Composition (3) (repeat for 6 units)
- MUS 4650 - Contemporary Techniques (3)

b. History and Literature (3 units)

- MUS 5750 - 20th and 21st Century Music (3)

c. Composition Electives (4-5 units)

Select from the following with adviser approval:

- MUS 4620 - Advanced Orchestration and Arranging (3)
- MUS 4670 - Music Composition for Media (2)
- MUS 4860 - Recording Techniques (2)
- MUS 4880 - Music Technology II (2)
- MUS 4885 - Music Synthestration and Synthesis (2)
- MUS 4890 - Choral Conducting (2)
- MUS 4810 - Instrumental Conducting (2)
- MUS 4661 - Jazz Arranging: Beginning (2)
- MUS 4662 - Jazz Arranging: Advanced (2)

Option II: Commercial Music (16 units)

a. Commercial Music Option Required Courses (8 units)

- MUS 4860 - Recording Techniques (2)
- MUS 4880 - Music Technology II (2) or
  MUS 4881 - Music Technology III (2)
- MUS 4885 - Music Synthestration and Synthesis (2)
- MUS 4886 - Studio Practicum (2)

b. Electives (8 units)

With advisor approval, select 8 units from the following:

- MUS 5192 - Applied Music: Instrumental (2) (repeat for 4 units)
- MUS 5352 - Applied Music: Voice (2) (repeat for 4 units)
- MUS 5492 - Applied Music: Keyboard Instruments (2) (repeat for 4 units)
- MUS 5610 - Applied Commercial Composition (2) (repeat for 4 units)
- MUS 4249 - Jazz Ensemble (1)
- MUS 4259 - Chamber Singers (1)
- MUS 4279 - Afro-Latin Ensemble (1)
- MUS 4299 - Jazz Ensemble: Small (1)
- MUS 4449 - Commercial Music Ensemble (1)
- MUS 4670 - Music Composition for Media (2)
- MUS 4840 - Commercial Songwriting (2)
- MUS 4880 - Music Technology II (2)
- MUS 4881 - Music Technology III (2)
- MUS 5471 - Advanced Composition and Arranging for Contemporary Media I (3)
- MUS 5472 - Advanced Orchestration and Arranging for Contemporary Media II (3)

Option III: Conducting (15 units)

Students must select one of the following tracks with advisor approval: Track I - Choral Conducting Track II - Instrumental Conducting

Note: The culmination experience project for this option is a conducting recital.
Conducting Required Courses (7 units)

- MUS 4810 - Instrumental Conducting (2)
- MUS 5200 - Applied Music: Conducting (2)
- MUS 5301 - Advanced Style Analysis: Chronological Survey to 1760 (3)

Track I: Choral Conducting (8 units)

a. Voice (2 units)

Choose one course and repeat for 2 units.

- MUS 4351 - Voice (1)
- MUS 5351 - Applied Music: Voice (1)

b. Diction (2 units)

- MUS 5360 - Graduate Diction for Singers (2)

c. Electives (4 units)

Select from the following:

- MUS 4620 - Advanced Orchestration and Arranging (3)
- MUS 5109 - Graduate Choral Ensemble (1)
- MUS 5200 - Applied Music: Conducting (2)
- MUS 5351 - Applied Music: Voice (1)
- MUS 5370 - Song Repertoire and Interpretation (2)

Track II: Instrumental Conducting (8 units)

a. Applied Music (2 units)

- MUS 5191 - Applied Music: Orchestral Instruments (1) (repeat for 2 units)

b. History and Literature Elective (3 units)

Select one course:

- MUS 4730 - History and Literature of Symphonic Music (3)
- MUS 4770 - History and Literature of Wind Band in U.S. (3)

c. Electives (3 units)

Select from the following:

- MUS 4209 - Wind Ensemble (1)
- MUS 4859 - Chamber Music (1)
- MUS 5200 - Applied Music: Conducting (2)

Option IV: Performance (15-16 units)

a. Performance Option Required Course (3 units)

- MUS 5301 - Advanced Style Analysis: Chronological Survey to 1760 (3)

b. Applied Music (4 units)
Select one course, repeat for 4 units. Ensemble participation is required each term of enrollment.

- **MUS 5192 - Applied Music: Instrumental** (2)
- **MUS 5352 - Applied Music: Voice** (2)
- **MUS 5492 - Applied Music: Keyboard Instruments** (2)

### c. History and Literature Elective (2-3 units)

Select from the following:

- **MUS 4700 - History and Literature of Opera** (3)
- **MUS 4711 - Choral Literature I** (2)
- **MUS 4712 - Choral Literature II** (2)
- **MUS 4720 - History and Literature of Vocal Solo Music** (3)
- **MUS 4730 - History and Literature of Symphonic Music** (3)
- **MUS 4740 - History and Literature of Chamber Music** (3)
- **MUS 4750 - History and Literature of Keyboard Music** (3)
- **MUS 4770 - History and Literature of Wind Band in U.S.** (3)
- **MUS 5370 - Song Repertoire and Interpretation** (2)
- **MUS 5720 - Music of Baroque Period** (3)
- **MUS 5730 - Music of Classic Period** (3)
- **MUS 5740 - Music of Romantic Period** (3)
- **MUS 5750 - 20th and 21st Century Music** (3)

### d. Performing Organizations (6 units)

Select from the following with advisor approval:

- **MUS 4100 - Opera Performance Participation** (2)
- **MUS 4209 - Wind Ensemble** (1)
- **MUS 4239 - Exploration Ensemble** (1)
- **MUS 4249 - Jazz Ensemble** (1)
- **MUS 4259 - Chamber Singers** (1)
- **MUS 4269 - Opera Ensemble** (1)
- **MUS 4279 - Afro-Latin Ensemble** (1)
- **MUS 4299 - Jazz Ensemble: Small** (1)
- **MUS 4309 - Mariachi Ensemble** (1)
- **MUS 4659 - Chamber Music** (1)

**Option V: Afro Latin Music (16 units)**

*Note: The culmination experience project for this option is a recital or composition or arrangement or recording project.*

### a. Afro Latin Option Required Courses (10 units)

- **MUS 4580 - Music of Latin America** (3)
- **MUS 5480 - Advanced Orchestration and Arranging for Afro-Latin Ensembles** (3)

Select one course, repeat for 4 units:

- **MUS 5192 - Applied Music: Instrumental** (2)
- **MUS 5352 - Applied Music: Voice** (2)
- **MUS 5492 - Applied Music: Keyboard Instruments** (2)

### b. Performance (6 units)

- **MUS 4230 - Latin Rhythm Section Techniques** (1) (repeat for 2 units)
- **MUS 4279 - Afro-Latin Ensemble** (1) (repeat for 4 units)

**Option VI: Music Education (14 units)**
a. Music Education Option Required Courses (5 units)

- MUS 5301 - Advanced Style Analysis: Chronological Survey to 1750 (3)
  And select one:
  - MUS 4800 - Choral Conducting (2)
  - MUS 4810 - Instrumental Conducting (2)

b. History and Literature Elective (3 units)

Select from the following with advisor approval:

- MUS 4700 - History and Literature of Opera (3)
- MUS 4711 - Choral Literature I (2)
- MUS 4712 - Choral Literature II (2)
- MUS 4720 - History and Literature of Vocal Solo Music (3)
- MUS 4730 - History and Literature of Symphonic Music (3)
- MUS 4740 - History and Literature of Chamber Music (3)
- MUS 4750 - History and Literature of Keyboard Music (3)
- MUS 4770 - History and Literature of Wind Band in U.S. (3)
- MUS 5370 - Song Repertoire and Interpretation (2)
- MUS 5720 - Music of Baroque Period (3)
- MUS 5730 - Music of Classic Period (3)
- MUS 5740 - Music of Romantic Period (3)
- MUS 5750 - 20th and 21st Century Music (3)

C. Electives (6 units)

Select from the following with advisor approval:

- MUS 4050 - Approaches to Piano Teaching (2)
- MUS 4071 - Instrumental Techniques (2)
- MUS 4072 - Marching Band Techniques (1)
- MUS 4073 - Mariachi Techniques (1)
- MUS 4080 - Choral Techniques (2)
- MUS 4209 - Wind Ensemble (1)
- MUS 4239 - Exploration Ensemble (1)
- MUS 4249 - Jazz Ensemble (1)
- MUS 4259 - Chamber Singers (1)
- MUS 4269 - Opera Ensemble (1)
- MUS 4279 - Afro-Latin Ensemble (1)
- MUS 4289 - New Music Ensemble (1)
- MUS 4299 - Jazz Ensemble: Small (1)
- MUS 4309 - Mariachi Ensemble (1)
- MUS 4680 - Jazz Pedagogy (2)
- MUS 4859 - Chamber Music (1)
Natural Science Credential Program

The Department of Physics and Astronomy participates in the interdisciplinary Bachelor of Science degree in Natural Science which is approved by the California Commission on Teacher Credentialing for the Single Subject credential in Science. The program is described earlier in this chapter. In addition, the department offers the supplementary authorization in physics, described below, for holders of a Single Subject teaching credential in another field. Interested students should contact advisors in both the department and the Charter College of Education. Refer to the undergraduate Charter College of Education section for regulations governing all credential programs.

Supplementary Authorization for Single Subject Teaching Credential (23 units)

Holders of a Single Subject teaching credential issued by the state of California may supplement that credential with an authorization in physics for teaching physics at any grade level through grade 12 or in classes organized primarily for adults by completing the following program with a grade of C or higher in each course. At least one of the courses must include a laboratory component. For other requirements governing issuance of this authorization, consult the Charter College of Education.

Complete or demonstrate proficiency in the following (23 units):

- PHYS 2100 - General Physics I: Mechanics (5)
- PHYS 2200 - General Physics II: Electromagnetism and Circuits (5)
- PHYS 3400 - Modern Physics and Thermodynamics (4)
- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- ASTR 1520 - Principles of Astronomy: Laboratory (1)

*In addition to the above courses, an astronomy course such as ASTR 1510 is strongly recommended.*
Natural Science Subject Matter Program

For students who already possess a bachelor's degree, the California Commission on Teacher Credentialing has approved the following program as satisfying the subject matter requirements of the Single Subject teaching credential in Science. The following programs are not degree programs; they are intended to meet the subject matter requirements as part of the teacher credentialing process. Students should consult with a Natural Science program adviser and with a credential adviser in the Charter College of Education. Refer to the Charter College of Education section for regulations governing all teaching credential programs.

Single Subject Credential in Science (61 or 74 units)

Core Courses (39-48 units)

Same as core requirements for the Bachelor of Science degree in Natural Science, Teaching Option, except that NATS 3980 and the one 4000-level NATS course are not required.

- **BIOL 1100 - Cellular Basis of Life** (5)
- **BIOL 1200 - Diversity of Life** (5)
- **MATH 2110 - Calculus I** (4)
- **MATH 2111 - Calculus I Workshop** (1)

Choose three sets of courses from the following sets of courses.*

- **ASTR 1510 - Principles Of Astronomy** (2) and **ASTR 1520 - Principles of Astronomy: Laboratory** (1)
- **CHEM 1100 - General Chemistry I** (5) and **CHEM 1110 - General Chemistry II** (5)
- **PHYS 1100 - Physics for the Life Sciences I** (4)
- **PHYS 1200 - Physics for the Life Sciences II** (4) or **PHYS 2100 - General Physics I: Mechanics** (5) and **PHYS 2200 - General Physics II: Electromagnetism and Circuits** (5)

Capstone Course

- **NATS 4950 - Natural Science Field Studies** (3)

Emphasis (22-26 units)

Select one emphasis area from among biology, chemistry, geology, or physics to apply toward the respective Single Subject Science Credential in Science: Biological Sciences, Science: Chemistry, Science: Geosciences, or Science: Physics.
Biology Emphasis (24 units)

Required Courses (17 units)

- BIOL 3000 - Biostatistics (4)
- BIOL 3400 - Principles of Genetics (3)
- BIOL 3800 - Ecology (3)
- CHEM 2200 - Organic Chemistry I (4)
- MICR 3100 - General Microbiology (also listed as BIOL 3100) (4)

Upper Division Electives (7 units)

Select upper-division BIOL or NATS courses as electives. A maximum of 3 units of directed study is allowed.

Chemistry Emphasis (26 units)

Required courses (20)

- CHEM 2200 - Organic Chemistry I (4)
- CHEM 2201 - Organic Chemistry Laboratory I (1)
- CHEM 3200 - Organic Chemistry II (4)
- CHEM 3500 - Quantitative Analysis (4)
- CHEM 3600 - Inorganic Chemistry (4)
- CHEM 4300 - Introduction to Biochemistry (3)

Upper Division Electives (6 units)

Select upper-division CHEM or NATS courses as electives. A maximum of 3 units of directed study is allowed.

Geoscience Emphasis (24 units)

Required Courses (16 units)

- GEOG 2680 - Introduction to Geospatial Sciences (4)
- GEOG 4100 - Applied Climatology (3)
- GEOL 3010 - Mineralogy and Petrology (4)
- GEOL 3210 - Geology of Southern California (3)
- GEOL 4350 - Coastal Processes and Environments (3)

Electives (8 units)

Select upper-division GEOG, GEOL, or NATS courses as electives. A maximum of 3 units of directed study is allowed.

Physics Emphasis (22 units)

Required Courses (7 units)

- MATH 2130 - Calculus III (3)
- PHYS 3400 - Modern Physics and Thermodynamics (4)

Upper Division Electives (15 units)

Select upper-division PHYS, MATH, or NATS courses as electives. Must include one PHYS lab course. A maximum of two MATH courses is allowed. A maximum of 3 units of directed study is allowed.
Natural Science, B.S.

The Bachelor of Science Degree in Natural Science provides broad training across several science disciplines and is offered as three options:

- Option I - Interdisciplinary Science
- Option II - Teaching
- Option III - Applied Science

Natural Science majors choose one option. Majors choosing the Interdisciplinary Science or Teaching option must select an emphasis area (biology, chemistry, geoscience, or physics), and majors choosing the Applied Science option must select an emphasis area in health science or bridge to clinical laboratory science. The bridge to clinical laboratory science emphasis area prepares students to be eligible to apply for post-baccalaureate training programs in clinical laboratory science and is limited to students who have already completed a medical laboratory technician program of coursework and/or have obtained a medical laboratory technician license in the State of California. Students should speak with a Natural Science adviser before choosing an option.

High school preparation is recommended in algebra (two years), chemistry, geometry, physics, and trigonometry.

Major Requirements

In each option, students must earn a grade of C or higher in all courses that satisfy the following university, general education, or major requirements.

The total number of units required for the Bachelor of Science degree in Natural Science, Interdisciplinary Science Option is 120 units, of which 72-90 units are in the major depending on the emphasis selected.

The total number of units required for the Bachelor of Science degree in Natural Science Teaching Option is 120 units, of which 72-90 units are in the major depending on the emphasis selected.

The total number of units required for the Bachelor of Science degree in Natural Science, Applied Science Option is 120 units, of which 81-84 units are in the major, depending on the emphasis selected.

Consult with an advisor for the specific number of units required in all areas of the degree including General Education, 40 upper-division unit graduation requirements, and elective units needed to complete the major.

Option I - Bachelor of Science Degree in Natural Science (Interdisciplinary Science)

The Interdisciplinary Science Option of the Bachelor of Science degree in Natural Science is of value to those seeking careers where a broad science background is useful, including careers in academia, business, government, law, medicine, nonprofit organizations, and other fields. Students study multiple natural science disciplines (i.e., biology, chemistry, geoscience, and physics) and choose one area from biology, chemistry, geoscience, and physics as an emphasis area of study.

Total number of units required for the degree is 120.
Requirements for the Major (72-90 units)

Core Courses (42-51 units)

- BIOL 1100 - Cellular Basis of Life (5)
- BIOL 1200 - Diversity of Life (5)
- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)

Choose three sets of courses from the following sets of courses. *

- ASTR 1510 - Principles Of Astronomy (2) and
- ASTR 1520 - Principles of Astronomy: Laboratory (1)

- CHEM 1100 - General Chemistry I (5) and
- CHEM 1110 - General Chemistry II (5)

- GEOL 1500 - Earth Revealed (3) and
- GEOL 2520 - Historical Geology (4)

- PHYS 1100 - Physics for the Life Sciences I (4) and
- PHYS 1200 - Physics for the Life Sciences II (4)
  or
- PHYS 2100 - General Physics I: Mechanics (5) and
- PHYS 2200 - General Physics II: Electromagnetism and Circuits (5)

Choose one course from the following list of courses. *

- NATS 4000 - Crosscutting Concepts in Natural Science (3)
- NATS 4100 - The Nature of Science (3)
- NATS 4200 - Cultures of Science (also listed as LBS 4200) (3)
- NATS 4540 - Current Topics in Natural Science (3)

Capstone Course

- NATS 4950 - Natural Science Field Studies (3)

* Consulting with an advisor is strongly recommended.

Emphasis Courses (30-39 units)

Select one emphasis. Students must choose the same emphasis area from among biology, chemistry, geology, or physics as a focus of study.

Biology Emphasis (30-39 units)

Required Courses (20 units)

- BIOL 3000 - Biostatistics (4)
- BIOL 3100 - General Microbiology (also listed as MICR 3100) (4)
- BIOL 3200 - Professional Writing in the Life Sciences (3)
- BIOL 3400 - Principles of Genetics (3)
- BIOL 3800 - Ecology (3)
- CHEM 2200 - Organic Chemistry I (4)

Upper Division Electives (9 units)

Select upper division electives from the following: upper division BIOL, CHEM, GEOG, GEOL, MATH, NATS, or PHYS courses. A maximum of 3 units of directed study is allowed.

Electives (1-10 units)
Select lower and/or upper division electives. Completion of additional Core courses in ASTR, CHEM, GEOL, and/or PHYS is strongly recommended.

### Chemistry Emphasis (30-39 units)

#### Required Courses (22 units)

- CHEM 2200 - Organic Chemistry I (4)
- CHEM 3100 - Writing for Chemists (3)
- CHEM 3200 - Organic Chemistry II (4)
- CHEM 3500 - Quantitative Analysis (4)
- CHEM 3600 - Inorganic Chemistry (4)
- CHEM 4300 - Introduction to Biochemistry (3)

#### Upper Division Electives (7 units)

Select upper division electives from the following: upper division BIOL, CHEM, GEOG, GEOL, MATH, NATS, or PHYS courses. A maximum of 3 units of directed study is allowed.

#### Electives (1-10 units)

Select lower and/or upper division electives. Completion of additional Core courses in ASTR, CHEM, GEOL, and/or PHYS is strongly recommended.

### Geoscience Emphasis (30-39 units)

#### Required Courses (20 units)

- BIOL 3200 - Professional Writing in the Life Sciences (3)
- GEOG 2680 - Introduction to Geospatial Sciences (4)
- GEOL 3210 - Geology of Southern California (3)
- GEOG 4100 - Applied Climatology (3)
- GEOL 3010 - Mineralogy and Petrology (4)
- GEOL 4350 - Coastal Processes and Environments (3)

#### Upper Division Electives (9 units)

Select upper division electives from the following: upper division BIOL, CHEM, GEOG, GEOL, MATH, NATS, or PHYS courses. A maximum of 3 units of directed study is allowed.

#### Electives (1-10 units)

Select lower and/or upper division electives. Completion of additional Core courses in ASTR, CHEM, and/or PHYS is strongly recommended.

### Physics Emphasis (30-39 units)

#### Required Courses (10 units)

- CHEM 3100 - Writing for Chemists (3)
- MATH 2130 - Calculus III (3)
- PHYS 3400 - Modern Physics and Thermodynamics (4)

#### Upper Division Electives (18 units)

Select upper division electives from the following: upper division BIOL, CHEM, GEOG, GEOL, MATH, NATS, or PHYS courses. Must
include one PHYS lab course. A maximum of 3 units of directed study is allowed.

Electives (2-11 units)

Select lower and/or upper division electives. Completion of additional Core courses in CHEM, GEOL, and/or NATS is strongly recommended.

Option II - Bachelor of Science Degree in Natural Science (Teaching)

The Teaching Option of the Bachelor of Science degree in Natural Science is designed specifically for pre-service middle and high school science teachers. The degree option satisfies the subject matter requirement for a California Single Subject Teaching Credential in Science. In order to earn the Single Subject Teaching Credential, individuals must complete a separate program of professional education courses approved by the State of California as a teacher preparation program (credential program). Although the Teaching Option in Natural Science meets the subject matter requirement for obtaining a teaching credential, this degree option is not a credential program. Students should consult with a Natural Science program adviser and with a credential adviser in the Charter College of Education for additional requirements for earning a teaching credential in California. Students selecting the Teaching Option must choose one area from biology, chemistry, geoscience, and physics as an emphasis area of study.

Total number of units required for the degree is 120.

Requirements for the Major (72-90 units)

Core Courses (43-52 units)

- BIOL 1100 - Cellular Basis of Life (5)
- BIOL 1200 - Diversity of Life (5)
- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- NATS 3980 - Field Observations in Science Education (1)
- Choose three sets of courses from the following sets of courses.*
  - ASTR 1510 - Principles Of Astronomy (2) and ASTR 1520 - Principles of Astronomy: Laboratory (1)
  - CHEM 1100 - General Chemistry I (5) and CHEM 1110 - General Chemistry II (5)
  - GEOL 1500 - Earth Revealed (3) and GEOL 2520 - Historical Geology (4)
  - PHYS 1100 - Physics for the Life Sciences I (4) and PHYS 1200 - Physics for the Life Sciences II (4)
    or
  - PHYS 2100 - General Physics I: Mechanics (5)
  - PHYS 2200 - General Physics II: Electromagnetism and Circuits (5)
- Choose one course from the following list of courses.*
  - NATS 4000 - Crosscutting Concepts in Natural Science (3)
  - NATS 4100 - The Nature of Science (3)
  - NATS 4200 - Cultures of Science (also listed as LBS 4200) (3)
  - NATS 4540 - Current Topics in Natural Science (3)
- Capstone Course
  - NATS 4950 - Natural Science Field Studies (3)

* Consulting with an advisor is strongly recommended.

Emphasis Courses (29-38 units)

Select one emphasis. Students must choose one emphasis area from among biology, chemistry, geology, or physics as a focus of study.
Biology Emphasis (29-38 units)

Required Courses (20 units)

- BIOL 3000 - Biostatistics (4)
- BIOL 3100 - General Microbiology (also listed as MICR 3100) (4)
- BIOL 3200 - Professional Writing in the Life Sciences (3)
- BIOL 3400 - Principles of Genetics (3)
- BIOL 3900 - Ecology (3)
- CHEM 2200 - Organic Chemistry I (4)

Upper Division Electives (8 units)

Select upper division BIOL or NATS courses as electives. A maximum of 3 units of directed study is allowed.

Electives (1-10 units)

Select lower and/or upper division electives. Completion of additional Core courses in ASTR, CHEM, GEOL, NATS, and/or PHYS is strongly recommended.

Chemistry Emphasis (29-38 units)

Required Courses (23 units)

- CHEM 2201 - Organic Chemistry Laboratory I (1)
- CHEM 2200 - Organic Chemistry I (4)
- CHEM 3100 - Writing for Chemists (3)
- CHEM 3200 - Organic Chemistry II (4)
- CHEM 3500 - Quantitative Analysis (4)
- CHEM 3600 - Inorganic Chemistry (4)
- CHEM 4300 - Introduction to Biochemistry (3)

Upper Division Electives (6 units)

Select upper division CHEM or NATS courses as electives. A maximum of 3 units of directed study is allowed.

Electives (0-9 units)

Select lower and/or upper division electives. Completion of additional Core courses in ASTR, CHEM, GEOL, NATS, and/or PHYS is strongly recommended.

Geoscience Emphasis (29-38 units)

Required Courses (20 units)

- BIOL 3200 - Professional Writing in the Life Sciences (3)
- GEOG 2680 - Introduction to Geospatial Sciences (4)
- GEOL 3210 - Geology of Southern California (3)
- GEOG 4100 - Applied Climatology (3)
- GEOL 4100 - Applied Climatology (3)
- GEOL 4350 - Coastal Processes and Environments (3)

Upper Division Electives (9 units)

Select upper division GEOL, GEOG, or NATS courses as electives. A maximum of 3 units of directed study is allowed.
Electives (0-9 units)

Select lower and/or upper division electives. Completion of additional Core courses in ASTR, CHEM, GEOL, NATS, and/or PHYS is strongly recommended.

Physics Emphasis (29-38 units)

Required Courses (6 units)

- CHEM 3100 - Writing for Chemists (3)
- MATH 2130 - Calculus III (3)

Upper Division Electives (21 units)

Select upper division PHYS, MATH, or NATS courses as electives. Must include one PHYS lab course. A maximum of two MATH courses is allowed. A maximum of 3 units of directed study is allowed.

Electives (2-11 units)

Select lower and/or upper division electives. Completion of additional Core courses in ASTR, CHEM, GEOL, NATS, and/or PHYS is strongly recommended.

Option III - Bachelor of Science Degree in Natural Science (Applied Science)

The Applied Science Option of the Bachelor of Science degree in Natural Science is designed primarily for preparation for broad careers in natural science requiring application of a general natural science background to human behavior.

Total number of units required for the degree is 120. A minimum of 24 additional units of upper-division coursework is required in the emphasis area, and two courses must be designated as GE Writing Intensive (wi).

Requirements for the Major (81-84 units)

Core Requirements (49 units)

- Fundamentals of Biological and Chemical Sciences (33 units)
  - BIOL 1100 - Cellular Basis of Life (5)
  - BIOL 1200 - Diversity of Life (5)
  - BIOL 2020 - Human Anatomy and Physiology II (4)
  - CHEM 3000 - Nutritional Aspects of Biochemistry (4)
  - CHEM 1010 - Fundamentals of Chemistry (4)
  - CHEM 1020 - Fundamentals of Organic Chemistry (4)
  - MATH 1081 - PreCalculus: Functions (3) or MATH 1082 - PreCalculus: Functions, with Lab (4) *
  *
     For students requiring skills development.

- Fundamentals of Applied Science and Human Behavior (16 units)
  - MICR 2010 - Microbiology for Health Related Sciences (3)
  - MICR 2020 - Microbiology Laboratory for Health Related Sciences (1)
  - NATS 4100 - The Nature of Science (3) or NATS 4200 - Cultures of Science (also listed as LBS 4200) (3) or NATS 4540 - Current Topics in Natural Science (3)
  - NTRS 3170 - Introduction to Nutrition and Metabolism (3)
  - PSY 1500 - Introductory Psychology (3)
  - SOC 2010 - Introduction to Sociology (3)

Emphasis Courses (32-35 units)
Select one emphasis. Students must choose one emphasis area from bridge to clinical laboratory science or health science as a focus of study.

**Bridge to Clinical Laboratory Science Emphasis (35 units)**

**Required Courses (15 units)**

- BIOL 3000 - Biostatistics (4)
- BIOL 3200 - Professional Writing in the Life Sciences (3)
- MATH 1085 - Discrete Mathematical Models (4)
- PHYS 1560 - Physics for the Twenty-first Century (2)
- PHYS 1570 - Physics for the Twenty-first Century Laboratory (1)

**Upper Division Electives (15 units)**

Select upper division electives with advisor approval from the following list of courses:

- BIOL 3400 - Principles of Genetics (3)
- BIOL 3401 - Molecular & Cellular Laboratory (2)
- BIOL 4120 - Human Genetics (3)
- BIOL 4130 - Molecular Diagnostics (3)
- BIOL 4160 - Molecular Genetics (3)
- BIOL 4170 - Gene Editing Theory and Applications (3)
- MICR 3300 - Microbial Genetics (3)
- MICR 3500 - Bacterial Physiology (3)
- MICR 3700 - Medical Microbiology (4)
- MICR 4600 - Theoretical and Applied Immunology (4)
- MICR 4100 - General Virology (3)
- MICR 4200 - Emerging and Re-Emerging Infectious Diseases (3)
- MICR 4300 - Hematology (3)
- MICR 4400 - Mycology (3)

**Free Electives (5 units)**

Select lower and/or upper division electives. Completion of additional bridge to CLS or other applied science courses is strongly recommended.

**Health Science Emphasis (32 units)**

**Upper Division Electives (21 units)**

Select upper division electives from the following list of courses. Consulting with and advisor is strongly recommended.

- ANTH 4440 - Medical Anthropology (3)
- BIOL 3000 - Biostatistics (4)
- BIOL 3400 - Principles of Genetics (3)
- CHEM 3000 - Nutritional Aspects of Biochemistry (4)
- CHEM 3200 - Organic Chemistry II (4)
- CHEM 3500 - Quantitative Analysis (4)
- GEOG 4460 - U.S. Ethnic Communities (3)
- KIN 3100 - Written Communication for Kinesiology (3)
- KIN 3400 - Applied Biomechanics (4)
- KIN 3600 - Physiology of Exercise and Physical Activity (4)
- KIN 3650 - Motor Learning and Development (4)
- KIN 3700 - Psychomotor Development (3)
- KIN 3750 - Socio-Historical Analyses of Human Movement (4)
- KIN 3820 - Principles of Sport and Exercise Psychology (3)
- KIN 4250 - Dimensions of Kinesiology for Individuals with Disabilities (3)
- KIN 4360 - Principles of Mobility Training (4)
- KIN 4370 - Disease and Plasticity in Neuromuscular Systems (3)
- KIN 4380 - Principles of Exercise for Older Adults (4)
- KIN 4420 - Practicum in Rehabilitation and Therapeutic Exercise (2)
- KIN 4500 - Exercise Interventions in Aging: Physiological Systems (3)
- KIN 4550 - Principles of Clinical Exercise Testing (3)
- KIN 4560 - Sport and Exercise Ergogenic Aids (3)
- KIN 4580 - Environmental Exercise Physiology (3)
- KIN 4600 - Principles of Physical Fitness Assessment (4)
- KIN 4610 - Advanced Exercise Physiology (3)

- PSY 4130 - Psychology of Human Development: Adolescence and Young Adulthood (3)
Free Electives (11 units)

Select lower and/or upper division electives. Completion of additional applied science courses is strongly recommended.
Nursing, B.S.

Accreditation
The professional nursing curriculum leads to the Bachelor of Science degree with a major in Nursing (BSN). The BSN undergraduate program is approved by the California Board of Registered Nursing (BRN) and accredited by the Commission on Collegiate Nursing Education (CCNE) One Dupont Circle, NW, Suite 530, Washington, DC 20036-2001.

Program Overview
The Patricia A. Chin School of Nursing (PACSON) offers 4 options for attaining the BSN degree that include:

I. The Basic Pre-Licensure BSN Option (Basic)
II. The RN to BSN Transfer Option (RN to BSN)
III. The Associate Degree in Nursing to BSN Community College Collaborative Option (ADN to BSN)
IV. The BSN Accelerated Option (ABSN)

Each option has specific admission requirements and application procedures. The corresponding admission and graduation requirements are listed below.

Admission Requirements
All students who wish to be accepted into the BS nursing major must submit an application to the School of Nursing between September and January of each academic year. Applicants to the Nursing major are screened competitively based on the following indicators:

1. Test of Essential Academic Skills exam score
2. Cumulative & Prerequisite GPA
3. Volunteer or work experience within the last 2 years (optional)

I. The Basic Option
The Basic Pre-Licensure BSN Option is for students who do not have an RN license. There are two paths for entrance to this program:

1. Cal State LA Freshmen Students: Must have been admitted to the Pre-Nursing program as an entering freshman. See Freshmen Admission for details of the current requirements. Pre-nursing students must then follow a prescribed course plan and meet specific requirements to continue in the Pre-Nursing program. See Major-Specific Criteria for Cal State LA Students for details of these requirements.
2. New Transfer Students: Must meet specific minimum application requirements to be considered. See Major-Specific Criteria for Transfer Admission for details.

Note: Students can only apply once to the Cal State LA nursing program and must either be a Cal State LA Pre-nursing student or a new transfer applicant. Students admitted to a major other than Nursing, will not be able to change their major to Nursing during their tenure at Cal State LA.

II. The RN to BSN Option
This option is for students who possess a California R.N. License, and an Associate of Arts or Associate of Science in Nursing from an accredited program or an NLNAC Accredited diploma.

Minimum requirements for admission consideration are indicated below.
1. An application to Cal State LA (CSU Apply);
2. A second application to PACSON (NursingCAS);
3. Proof of a California R.N. License attached to the second application;
4. Completion of the **Major-Specific Criteria courses** with required grades;
5. The minimum cumulative GPA from all transfer institutions is 3.0;
6. All LD GE courses are graded C or higher, and are certified at the community college;
7. One year of experience as a Registered Nurse recommended

Refer to the [RN to BSN FAQ](https://www.calstatela.edu/page/rn-to-bsn-faq) for current application deadlines and more information.

### III. The ADN to BSN Option

This option utilizes a collaborative model for academic progression in nursing that links Cal State LA with designated CA Community College (CC) partners to facilitate seamless progression to Cal State LA for ADN collaborative program students. This collaboration enables the ADN RN to earn a BSN degree in approximately 12 months after graduating from the CC.

Students who are interested in applying to this program should meet with their CC academic advisor. Students accepted into this option must

1. Maintain dual enrollment at their CC and Cal State LA.
2. Have successfully completed their first and second semesters at the CC,
3. Completed all prerequisite courses at their respective CC,
4. Have all lower-division GE courses certified at the CC.
5. Have at least a 3.0 GPA.

Admission selection is based on academic achievement in the prerequisite courses and in the ADN program. If there are more qualified students than there are available spaces, students may be selected via lottery.

### VI. The ABSN Option

The Accelerated Bachelor of Science in Nursing (ABSN) is for students who already possess a baccalaureate degree in another field, but do not possess an RN license, and are interested in a full-time intensive accelerated program to earn a BSN degree as second baccalaureate. The courses are offered through special sessions via College of Professional and Global Education. Students in this option are required with a minimum 3.0 GPA and no less than a C in each course.

Applicants must meet the following admission requirements:

1. Submit an application to Cal State LA;
2. Completion of a second application to PACSON;
3. Completion of bachelor’s (or higher) degree in another field from an accredited institution;
4. Minimum GPA 3.0 in last 60 semester / 90 quarter units;
5. Completion of prerequisite science courses at grade of B or better;
6. Completion of all other prerequisite courses at grade of C or better; and
7. Meet the supplementary admission criteria listed on [https://www.calstatela.edu/page/accelerated-bachelor-science-nursing](https://www.calstatela.edu/page/accelerated-bachelor-science-nursing)

A selected test of basic academic skills administered by PACSON will be required prior to consideration for admission into the program. Top ranking applicants will be invited for an interview and on-site writing sample. Admission decisions will be made after this process.

### Requirements for the Degree

The total number of units required for the Bachelor of Science degree in Nursing is 120 units, of which 88-105 units are in the major.

**General Education Requirements** (48 units):
- 39 units of lower-division General Education (LD GE) courses
- 9 units of upper-division General Education (UD GE) courses

**Major Requirements** (88-105 units):
- 51-52 units of core courses, of which 21 units are double-counted to satisfy the GE requirement, 15 for LD GE, 6 for UD GE.
- 25-26 units of lower-division core courses
- 9 units of related field core courses
- 17 units of upper-division core courses in Nursing
- 37-53 units to meet the option requirements (see below)

Consult with an advisor from the Xu CHHS Advisement Center for the specific number of units required in all areas of the degree including GE and free electives.

**I. The Basic Option**: 42 units

**II. RN to BSN Option**: 37 units
The following RN to BSN requirements can be met through transfer units from a community college:

- 30 units of lower-division nursing courses
- 26 or fewer units of lower and/or upper-division transfer credit may be awarded for passing the California State NCLEX exam as a demonstration of prior learning.

III. The ADN to BSN Option: 40 units

- 30 units of lower-division required courses after graduating from an accredited ADN or Diploma nursing program can be transferred.
- Up to 30 units of lower and/or upper-division transfer credit may be awarded for passing the California State NCLEX exam as a demonstration of prior learning.

IV. The ABSN Option: 53 Units

**Program General Information**

1. Students in the nursing program have specific requirements necessary for nursing courses and clinical placement. These requirements can be found in the Undergraduate Student Handbook at [www.calstatela.edu/hhs/nursing/student-handbooks](http://www.calstatela.edu/hhs/nursing/student-handbooks) under Specific Requirements for Nursing Courses.

2. **NCLEX Credits**

   (The Chancellor’s Executive Order (EO) 1084, Section 5)

   As the California Board of Registered Nursing requires 36 units of the art and science of nursing in pre-licensure programs in preparation for the standardized external National Council Licensure Examination (NCLEX), in accordance with the stipulations of this policy, a CSU campus may award up to 30 academic credits using the NCLEX examination to demonstrate prior learning of the pre-licensure art and science of nursing required by the Board of Registered Nursing (Title 5 section 40408).

3. Some courses are open to non-majors who may find one or more courses helpful in achieving their own professional or personal goals.

4. **LVN to RN Plan of Study**

   LVNs wishing to become licensed as an RN must successfully complete 30 units of assigned courses in order to be eligible to take the NCLEX RN licensing exam. The credit of these courses can be counted towards a BSN degree. Please must make an appointment with the Primary Academic Advisor or Undergraduate Chair for the School of Nursing for details and advisement.

---

**Requirements for the Major (88-105 units)**

**Common Core Requirement (51-52 units)**

**Lower Division Core Courses (25-26 units)**

- BIOL 2030 - Human Anatomy (4)
- BIOL 2040 - Human Physiology (4)
- CHEM 1010 - Fundamentals of Chemistry (4)
- COMM 1100 - Oral Communication (3)
- ENGL 1010 - Accelerated College Writing (3)
- MICR 2010 - Microbiology for Health Related Sciences (3)
- MICR 2020 - Microbiology Laboratory for Health Related Sciences (1)

And select one of the following quantitative reasoning with statistics courses:

- EDFN 1090 - Introduction to Statistics and Data Interpretation (4)
- MATH 1090 - Quantitative Reasoning with Statistics, with Lab (also listed as ECON 1090) (4)

**Related Fields Core Courses (9 units)**

Select one nutrition course:

- NTRS 2500 - Human Nutrition (3)
- NTRS 3170 - Introduction to Nutrition and Metabolism (3)
Select one psychology course:
- **PSY 1500 - Introductory Psychology** (3)
- **PSY 1600 - Psychology of the Developing Person** (3)

Select one sociology course:
- **ANTH 1500 - Introduction to Cultural Anthropology** (3)
- **SOC 2010 - Introduction to Sociology** (3)

Upper Division Nursing Core Courses (17 units)
- **NURS 3900 - Nursing Informatics and Information Literacy and Competency** (2)
- **NURS 4600 - Nursing Leadership and Care Management** (3)
- **NURS 4610 - Nursing Leadership and Care Management Clinical Laboratory** (3)
- **NURS 4700 - Community/Public Health Nursing** (3)
- **NURS 4710 - Community/Public Health Nursing Lab** (3)
- **NURS 4900 - Introduction to Nursing Research** (3)

Option Requirements (37-53 units)

1. The Basic Option (42 units)

Required Lower Division Courses (26 units)
- **NURS 1100 - Fundamentals of Nursing** (3)
- **NURS 1150 - Fundamentals of Nursing Clinical Laboratory** (3)
- **NURS 2160 - Nursing Care of Women, Child-bearing Families and Infants** (2)
- **NURS 2170 - Nursing Care of Women, Child-bearing Families and Infants Lab** (2)
- **NURS 2200 - Nursing Care of Children** (2)
- **NURS 2210 - Nursing Care of Children Clinical Laboratory** (2)
- **NURS 2300 - Medical Surgical Nursing I** (3)
- **NURS 2310 - Medical Surgical Nursing Clinical Laboratory I** (3)
- **NURS 2500 - Introduction to Pathophysiology for Nursing Practice** (3)
- **NURS 2720 - Introduction to Health Assessment and Promotion Across the Life Span** (2)
- **NURS 2730 - Introduction to Health Assessment and Promotion Across The Life Span Laboratory** (1)

Required Upper Division Courses (16 units)
- **NURS 3100 - Medical Surgical Nursing II** (3)
- **NURS 3110 - Medical Surgical Nursing Clinical Laboratory II** (3)
- **NURS 3180 - Nursing Care of Psychiatric Patients** (2)
- **NURS 3190 - Psychiatric Clinical Nursing Lab** (2)
- **NURS 3600 - Pharmacology** (2)
- **NURS 4860 - Transition to Nursing Professional Practice** (1)
- **NURS 4870 - Transition to Nursing Professional Practice Laboratory** (3)

2. The RN to BSN Option (37 units)

NCLEX Credit (26 units)
26 units or less of credit may be awarded for passing the California State NCLEX exam as a demonstration of prior learning. Refer to the program description, under the General Information section, for details

Required Upper Division Courses (11 units)
- **NURS 3480 - Development for Professional Practice** (3)
- **NURS 3500 - Pathophysiology For Nursing Practice** (3)
- **NURS 3740 - Health Assessment and Promotion Across the Life Span** (2)
- **NURS 4920 - Introduction to Nursing Research and Informatics** (3)
3. The ADN to BSN Option (40 units)

NCLEX Credit (30 units)

Up to 30 units of credit may be awarded to students who passed the California State NCLEX exam as a demonstration of prior learning.

Required Upper Division Courses (10 units)

- **NURS 3480 - Development for Professional Practice (3)**
- **NURS 3490 - Development for Professional Practice Laboratory (1)**
- **NURS 3500 - Pathophysiology For Nursing Practice (3)**
- **NURS 3720 - Health Assessment and Promotion Across the Life Span (2)**
- **NURS 3730 - Health Assessment and Promotion Across the Life Span Laboratory (1)**

4. The ABSN Option (53 units)

Required Upper Division Courses (53 Units)

- **NURS 3200 - Fundamentals of Nursing (3)**
- **NURS 3210 - Practicum: Fundamentals of Nursing (3)**
- **NURS 3220 - Nursing Care of Adults and Older Adults (4)**
- **NURS 3230 - Practicum: Nursing Care of Adults and Older Adults (4)**
- **NURS 3240 - Nursing Care of Women, Childbearing Families and Infants (2)**
- **NURS 3250 - Practicum: Nursing Care of Women, Childbearing Families, and Infants (2)**
- **NURS 3260 - Nursing Care of Children (2)**
- **NURS 3270 - Practicum: Nursing Care of Children (2)**
- **NURS 3280 - Pathophysiology (3)**
- **NURS 3600 - Pharmacology (2)**
- **NURS 3620 - Health Assessment and Health Promotion Across the Life Span (2)**
- **NURS 4240 - Introduction to Nursing Research (2)**
- **NURS 4340 - Care Management in Nursing and Healthcare Systems (3)**
- **NURS 4400 - Psychiatric and Mental Health Nursing (2)**
- **NURS 4410 - Practicum: Psychiatric and Mental Health Nursing (2)**
- **NURS 4420 - Community/Public Health Nursing (3)**
- **NURS 4430 - Practicum: Community Health Nursing (3)**
- **NURS 4440 - Advanced Nursing Concepts and Leadership (3)**
- **NURS 4450 - Practicum: Advanced Nursing Concepts and Leadership (3)**
- **NURS 4980 - Advanced Cooperative Education (1-3) (complete 3 units)**

LVN to RN Plan of Study

Upon completion of the following courses (total 30 units), an LVN will be eligible to take the NCLEX RN licensing exam. The credits of these courses can be counted towards a BSN degree. Students interested in this plan of study please consult the Primary Academic Advisor or the Undergraduate Chair of PACSON.

- **BIOL 2030 - Human Anatomy (4)**
- **BIOL 2040 - Human Physiology (4)**
- **MICR 2010 - Microbiology for Health Related Sciences (3)**
- **MICR 2020 - Microbiology Laboratory for Health Related Sciences (1)**
- **NURS 3220 - Nursing Care of Adults and Older Adults (4)**
- **NURS 3230 - Practicum: Nursing Care of Adults and Older Adults (4)**
- **NURS 4400 - Psychiatric and Mental Health Nursing (2)**
- **NURS 4410 - Practicum: Psychiatric and Mental Health Nursing (2)**
- **NURS 4440 - Advanced Nursing Concepts and Leadership (3)**
- **NURS 4450 - Practicum: Advanced Nursing Concepts and Leadership (3)**
Nursing, M.S.

Accreditation

The Master of Science degree in Nursing is accredited by the Commission on Collegiate Nursing Education (CCNE) One DuPont Circle, NW, Suite 530 Washington, DC 20036-2001

Admission Requirements

Acceptance to the graduate program in Nursing occurs once each year in the Fall Semester. Students first apply to the university and then separately, complete the school of Nursing MSN application. A personal interview and/or onsite written assignment or the Analytic Writing section of the GRE if taken within five years may also be required as components of the application process.

Applicants must fulfill the following prerequisites and criteria:

- The equivalent of requirements for Bachelor of Science Degree in Nursing from an NLN or CCNE accredited program in effect at the time of admission as a graduate;
- Minimum B (3.0) grade point average in upper-division nursing courses;
- Minimum B (3.0) grade point average in the last 60 semester or 90 quarter units attempted;
- Completion of a 3 semester-units (4 quarter-units) statistics course that includes inferential statistics content;
- Completion of an undergraduate nursing research course (NURS 4900 or equivalent);
- Completion of an admission application to the University (Cal State Apply);
- Completion of a second application to the School of Nursing;
- Attach three references and a personal essay to the second application.

For Nurse Practitioner applicants:

- Completion of a recent (5 yrs.) basic physical assessment course;
- Current licensure to practice nursing as an RN in California and cleared background check.

Potential applicants are strongly encouraged to carefully assess any personal criminal background before applying to the School of Nursing. Nursing students must have a cleared background check that is acceptable to clinical agencies after acceptance to the School of Nursing. Prior to entering the first clinical lab, students must have university liability insurance, a current American Heart Association CPR card, a satisfactory annual physical examination, proof of immunity to specified infectious diseases, an initial 2 step Mantoux skin test, and a chest x-ray if there is evidence of a positive TB skin test. Drug screening may be requested depending on agency requirements.

School Regulations

Per university policy, MSN students are required to maintain an overall GPA of at least 3.0.

In addition, in the School of Nursing, students who on their graduate program of study receive, a C- or lower in the same course for the second time or receive a C- or lower in two separate courses will not be allowed to continue in the MSN program.

Requirements for the Degree

A total of 39-44 units are required for graduation. This includes the common core (27 units), an option (15-17 units), and a culminating experience (3 units). Students taking the comprehensive examination (0 units), must take an elective (3 units) approved by the graduate advisor.

At least half of the units must be at the 5000-level. To develop the 39-44 unit course of study, each student consults with an assigned graduate advisor who must approve the courses selected. Approval of the student’s graduate advisor is a specific prerequisite for enrollment in NURS 5970, NURS 5995, and NURS 5990, for a total of 3 units to complete these courses.
Requirements for the Degree (39-44 units)

A. Core Courses (21 units)

- NURS 5020 - Role, Health Care & Policy (3)
- NURS 5280 - Advanced Pharmacology (3)
- NURS 5720 - Advanced Assessment and Diagnostic Reasoning (3)
- NURS 5730 - Advanced Assessment Practicum (3)
- NURS 5660 - Advanced Pathophysiology (3)
- NURS 5800 - Nursing Informatics (2)
- NURS 5900 - Theory, Research & Practice (4)

B. Option Requirements (15-20 units)

Select one of the five options.

Option I: Nursing Education (15 units)

Required Nursing Education Courses (9 units)

- EDIT 4300 - Information Technologies in the Classroom (3)
- NURS 5601 - Development of Educational Programs I (2)
- NURS 5602 - Development of Educational Programs II (2)
- NURS 5603 - Educational Theories in Nursing (2)

Field Study (6 units)

- NURS 5950 - Graduate Nursing Field Study (1-9) (complete 6 units)

Option II: Family Nurse Practitioner (FNP) (20 units)

Required FNP Courses (11 units)

- NURS 5180 - Primary Care of the Family (3)
- NURS 5181 - Primary Care of the Family Practicum (3)
- NURS 5201 - Adult-Gerontology I (3)
- NURS 5202 - Adult-Gerontology II (4)

Practicum (9 units)

- NURS 5131 - Adult-Gerontology I Practicum (4)
- NURS 5132 - Adult-Gerontology II Practicum (4)

Option III: Adult-Gerontology Primary Care Nurse Practitioner (AGPCNP) (17 units)

Required AGPCNP Courses (9 units)

- NURS 5132 - Adult-Gerontology II Practicum (4)
- NURS 5201 - Adult-Gerontology I (3)
- NURS 5202 - Adult-Gerontology II (4)

Practicum and Field Study (8 units)

- NURS 5131 - Adult-Gerontology I Practicum (4)
- NURS 5950 - Graduate Nursing Field Study (1-9) (complete 3 units)
Option IV: Adult-Gerontology Acute Care Nurse Practitioner (AGACNP) (20 units)

Required AGACNP Courses (14 units)

- NURS 5161 - Advanced Acute Care Management I for the Adult Gerontology Acute Care Nurse Practitioner (4)
- NURS 5162 - Advanced Care Management II for the Adult Gerontology Acute Care Nurse Practitioner (4)
- NURS 5172 - Advanced Practicum II for the Adult-Gerontology Acute Care Nurse Practitioner (5)

Practicum (6 units)

- NURS 5171 - Advanced Practicum I for the Adult-Gerontology Acute Care Nurse Practitioner (4)

Option V: Family Psychiatric/Mental Health Nurse Practitioner (FPMHNP) (20 units)

Required FPMHNP Courses (13 units)

- NURS 5421 - Psychiatric Nursing Diagnosis and Treatment across the Lifespan (3)
- NURS 5422 - Group, Family, Community, and Agency Interventions in Psychiatric Nursing (3)
- NURS 5431 - Advanced Psychiatric/Mental Health Nursing Across the Life Span Practicum II (5)
- NURS 5440 - Primary Care for Family Psychiatric Mental Health Nurse Practitioner (2)

Practicum (7 units)

- NURS 5430 - Advanced Psychiatric/Mental Health Nursing Across the Life Span Practicum I (1-5) (complete 5 units)
- NURS 5441 - Psychiatric Mental Health Nurse Practitioner Primary care Practicum (2)

C. Culminating Experience (3 units)

Upon approval of the graduate advisor, select one set of the combinations. Enroll for a total of 3 units to satisfy the culminating experience requirement.

- NURS 5960 - Comprehensive Examination (0) and
  One 3-unit elective approved by the graduate advisor
  or
- NURS 5990 - Thesis (1-2) and one of the following courses:
  NURS 5970 - Graduate Research (1) or
  NURS 5995 - Project (1-2)
Nutritional Science, B.S.

The Bachelor of Science degree in Nutritional Science is designed to prepare students for entry level positions in nutrition, dietetics, or food service. The curriculum also provides the foundation for students to continue their education at the graduate level.

The total number of units required for the Bachelor of Science degree in Nutritional Science is 120. Consult with an advisor for the units required in all areas of the degree including General Education courses and directed electives.

A minimum C grade is required in all courses used to meet major requirements.

Students may choose between two options:

- **Option in Dietetics**
  The option in dietetics is an accredited Didactic Program in Dietetics (DPD). This option fulfills the academic requirements to prepare students to apply for supervised practice to become an entry-level registered dietitian nutritionist (known as RD or RDN). Coursework is concentrated in the areas of nutritional science, medical nutrition therapy, community nutrition, nutrition education, food science, food production and management of foodservice operations, chemistry, physiology, plus a variety of supporting coursework in related disciplines.

- **Option in Food Science**
  The option in food science prepares students for careers in food industry, state and federal government agencies as food safety and regulatory officers, food product development specialists, provides additional coursework for food service managers, and introduces students to coursework to prepare them for graduate studies in nutrition or food science.

**Requirement for the Major (80 units)**

There are 62 units of core courses and 18 units of each option. A minimum grade of C is required in all courses used to meet major requirements.

**Lower Division Core Courses (28 units)**

Take eight lower division courses.

- **BIOL 2030 - Human Anatomy** (4)
- **BIOL 2040 - Human Physiology** (4)
- **CHEM 1010 - Fundamentals of Chemistry** (4)
- **CHEM 1020 - Fundamentals of Organic Chemistry** (4)
- **MATH 1090 - Quantitative Reasoning with Statistics, with Lab (also listed as ECON 1090)** (4)
- **MICR 1010 - Introduction to Microbiology** (3)
- **PSY 1500 - Introductory Psychology** (3)

and one of the following courses:
Upper Division Core Courses (34 units)

Complete the following 12 courses.

- NTRS 3100 - Scientific Aspects of Food Preparation (3)
- NTRS 3120 - Cultural Cuisine (3)
- NTRS 3130 - Introduction to Nutrition and Dietetics (1)
- NTRS 3150 - Communication Skills in Dietetics (3)
- NTRS 3170 - Introduction to Nutrition and Metabolism (3)
- NTRS 3220 - Introduction to Nutrition Research (3)
- NTRS 4110 - Evaluation of Current Nutrition Concepts (3)
- NTRS 4120 - Nutrition Through the Lifespan (3)
- NTRS 4140 - Institutional Food Service (3)
- NTRS 4180 - Community Nutrition (3)
- NTRS 4340 - Foodservice Management (3)
- NTRS 4790 - Professional Interactions and Writing Skills (3)

Courses for Option in Dietetics (18 units)

Student completing Option in Dietetics must the required seven courses and one elective.

**Required Courses (15 units)**

- NTRS 4150 - Medical Nutrition Therapy (3)
- NTRS 4155 - Medical Nutrition Therapy II (3)
- NTRS 4170 - Advanced Nutrition I (3)
- NTRS 4175 - Advanced Nutrition II (3)
- NTRS 4176 - Nutritional Assessment Laboratory (1)
- NTRS 4185 - Preparation for Dietetics Internship I (1)
- NTRS 4195 - Preparation for Dietetics Internship II (1)

**Directed Electives (3 units)**

Select one course from the following list.

- NTRS 3570 - The Changing Food Supply: Impact on Health (3)
- NTRS 4130 - Maternal and Child Nutrition (3)
- NTRS 4300 - Sports Nutrition (3)
- NTRS 4500 - An Introduction to Business Skills for Nutrition Entrepreneurs (3)
- NTRS 4501 - Special Topics in Nutrition Entrepreneurship (3)
- NTRS 4502 - Communications Skills for the Nutrition Entrepreneur (3)
- NTRS 4510 - Nutrition and Aging (3)
- NTRS 4630 - Functional Foods for Health (3)
- NTRS 4650 - Medicinal Herbs and Nutrition (3)
- NTRS 4910 - Advanced Community Nutrition: Program Planning and Evaluation (3)
- NTRS 4930 - Grant Writing in Community Nutrition (3)
- NTRS 4960 - Nutrition Practicum (3)

Courses for Option in Food Science (18 units)

Take all of the following six courses.

- FST 3200 - Food Chemistry (3)
- FST 3230 - Food Analysis (3)
- FST 3250 - Food Microbiology (4)
- FST 3320 - Food Law (2)
- FST 4210 - Sensory Evaluation of Food Products (3)
- FST 4460 - Food Product Development (3)
Nutritional Science, M.S.

Notice to Students RE: Professional Licensure and Certification

The Master of Science degree in Nutritional Science is an individualized program designed to develop specialized professional competence in the selected areas of food science, dietetics and nutrition, while also providing the breadth of knowledge in related areas. The program is designed to prepare students for positions as public health nutritionists, supervisors in dietetics and food production and service, or doctoral study in nutrition and dietetics.

Admission to the MS Program

Graduate degree applicants must meet the university requirements for admission, which include a baccalaureate degree from a regionally accredited institution. Applicants are only considered for Fall admissions. To be admitted into the Master of Science degree program in Nutritional Science, applicants must also meet the following:

1. Grade point average of at least 3.0 in the last 60 semester units (90 quarter units) attempted. A GPA calculation sheet is required.

2. Two letters of recommendation.

3. Statement of professional and research goals. Instructions are provided on the supplemental application.

4. Submission of G.R.E. (completed within the past five years) with recommended minimum scores of: Verbal 400 (146 on new test); Quantitative 500 (144 on new test); and Analytical Writing- 3.5.

5. Completion of the following prerequisites. Students who have a verification statement or are Registered Dietitian Nutritionists do not need to satisfy the following prerequisites.

- **BIOL 2030 - Human Anatomy** (4)
- **BIOL 2040 - Human Physiology** (4)
- **CHEM 1010 - Fundamentals of Chemistry** (4)
- **CHEM 1020 - Fundamentals of Organic Chemistry** (4)
- **MICR 1010 - Introduction to Microbiology** (3)
- **NTRS 3170 - Introduction to Nutrition and Metabolism** (3)
- **NTRS 4170 - Advanced Nutrition I** (3)
- **NTRS 4175 - Advanced Nutrition II** (3)

Requirements for the Degree (30 units)

A total of 30 units is required, with 20 core units, 6 elective units, and up to 4 units of culminating experience.

**Core Courses (20 units)**

- **NTRS 5030 - Biostatistics and Qualitative Research in Nutritional Science** (4)

Pan-African Studies, B.A.

Students must promptly and regularly confer with the department advisor regarding course selection and availability.

The total number of units required for the Bachelor of Arts degree in Pan-African Studies is 120 units, of which 45 units are required for the major. Consult with an advisor for the specific number of units required in all areas of the degree including General Education and free electives.

Requirements for the Major (45 units)

The major in Pan-African Studies consists of 45 units (15 classes). PAS required courses include 12 units (4 classes) at the lower division and 12 units (4 classes) at the upper division; there are options within the upper division requirement. Outside of the required core courses, completion of the major requires an additional 21 elective units (7 classes), a minimum of 4 of which must be at the upper division. Up to two courses may come from outside of the Pan-African Studies Department. Up to 4 courses (12 units) are approved for double-counting for General Education requirements (GE), with up to 3 courses in Lower Division major courses and 1 course in Upper Division major courses. Double majors may double count additional units in line with University policy. Students should work closely with department advisor on the selection of appropriate electives in other fields.

Required Core Courses (30 units)

Lower Division (12 units)

- LAS 1020 - The African Diaspora in the Americas (also listed as PAS 1020) (3)
- PAS 1510 - African American History (3)
- PAS 1800 - Critical Race Theory (3)
- PAS 2500 - African History (3)

Upper Division (12 units)

Theory Course (3 Units):

- PAS 4030 - The Black Intellectual Tradition (3)

Area Distribution Requirement (9 units):

Select three units each (one course) from groups A, B and C for a total of 9 units.

Group A - Gender and Sexuality:
Elective Courses (21 units)

Electives may be drawn from all Pan-African Studies courses not selected for the required core requirements. Up to nine (9) units of lower division courses (numbers between 1000-2999) may be counted toward the completion of the required 21 units, with a minimum of 12 units at the upper division (course numbers between 3000 and 4999). The following courses may be used to fulfill elective credit:

- PAS 1100 - Racial Equality, Government and the Constitution (3)
- PAS 1200 - Elementary African Language and Culture (3)
- PAS 1400 - Introduction to Globalization, Race, and Place (also listed as AAAS 1400, LAS 1400) (3)
- PAS 1500 - Black Oral Traditions and Communication (3)
- PAS 2010 - Third World Literature (3)
- PAS 2020 - African American Religion as Civic Culture (3)
- PAS 2210 - African American Music as History and Criticism, African American Music (3)
- PAS 2600 - Third World Images in Film (3)
- PAS 3020 - Black and Latino and Latin American Relations (also listed as LAS 3020) (3)
- PAS 3050 - Black Feminism and Womanism (also listed as WGSS 3050) (3)
- PAS 3070 - Black Manhood and Masculinity (3)
- PAS 3350 - Race and Culture in the Americas, Race Culture Americas (also listed as LAS 3350) (3)
- PAS 3420 - Cultural Impact of Development (also listed as LAS 3420) (3)
- PAS 3480 - Race, Class, and Gender (also listed as AAAS 3480) (3)
- PAS 3600 - Dynamics of Change in the Developing World (also listed as LAS 3600, POLS 3600) (3)
- PAS 3690 - Race, Activism, and Emotions (3)
- PAS 3715 - Rethinking the 'Welfare Queen': Race, Gender, and Poverty in the US (also listed as WGSS 3715) (3)
- PAS 3800 - Education and Development in Africa (3)
- PAS 3810 - Literary Explorations of Racism and Justice (also listed as ENGL 3810) (3)
- PAS 3822 - Ethnicity and Emotions in U.S. Film (also listed as ENGL 3822) (3)
- PAS 4000 - Psychology and African Americans (3)
- PAS 4010 - Topics on Education and African American Advancement (3)
- PAS 4020 - Black Political Economy (3)
- PAS 4040 - The Black Family (3)
- PAS 4060 - Black Women Leaders in Thought and Politics (3)
- PAS 4080 - Black Sexuality (3)
- PAS 4090 - Black Labor (3)
- PAS 4100 - Black People and Islam (3)
- PAS 4110 - African Spirituality in Theory and Practice (3)
- PAS 4120 - Third World Women and Development (3)
- PAS 4160 - Pan Africanism and World Politics (3)
- PAS 4170 - Hip-Hop as Political Expression (3)
- PAS 4200 - African Foundations of African American Culture (3)
- PAS 4220 - Themes in Black Literature (3)
- PAS 4270 - Black Film (3)
- PAS 4400 - Power and the African American Community I (3)
- PAS 4410 - Power and African American Communities II: Field Research (3)

Cal State LA Home

Up to 6 units of course work (2 classes) may be taken from courses that have a Pan-African Studies focus in departments outside of PAS with advisor approval.
Philosophy, B.A.

The Bachelor of Arts degree in Philosophy is suited to the needs of many groups of students including those seeking a broad and integrated liberal education; those preparing for law school; those interested in careers in business, government, education, publishing, or theology, and those planning to do graduate work in philosophy with an aim of teaching at the college level. In general, an education in philosophy helps students develop the analytic and communication skills and capacity for independent thinking necessary to succeed in almost any career.

This program offers two options:

- General Option (39 units)
- Pre-Law Option (48 units)

Requirements for the Major (39 - 48 units)

The total number of units required for the Bachelor of Arts degree in Philosophy is 120 units, of which 39-48 are in the major, depending on the option selected.

Core Courses for the major (33 units)

I. Lower Division Core (3 units)

- PHIL 1510 - Introduction to Philosophy (3)

II. Upper Division Core (21 units)

Required Courses (9 units)

- PHIL 3000 - Philosophical Research and Writing (3)
- PHIL 3040 - Ethics I (3)
- PHIL 4960 - Senior Seminar (3)

History Requirement I (3 units)

Select one from the following:

- PHIL 3110 - History of Ancient Philosophy (3)
- PHIL 3130 - History of Modern Philosophy (3)
Metaphysics/Epistemology Requirement I (3 units)

Select one from the following:

- PHIL 4050 - Symbolic Logic (3)
- PHIL 4600 - Metaphysics (3)
- PHIL 4700 - Theory of Knowledge (3)

Metaphysics/Epistemology Requirement II (3 units)

Select one from the following that has not been used to satisfy M&E Requirement I.

- PHIL 4050 - Symbolic Logic (3)
- PHIL 4600 - Metaphysics (3)
- PHIL 4700 - Theory of Knowledge (3)
- PHIL 4710 - Philosophy of Mind (3)
- PHIL 4800 - Philosophy of Language (3)
- PHIL 4850 - Philosophy of Science (3)

Values Requirement I (3 units)

Select one from the following:

- PHIL 4100 - Social and Political Philosophy (3)
- PHIL 4130 - Issues in Feminist Philosophy (also listed as WGSS 4130) (3)
- PHIL 4200 - Ethics II (3)
- PHIL 4750 - Aesthetics (3)
- PHIL 4900 - Philosophy of Law (3)

III. Directed Electives for the Major (9 units)

Elective I (3 units)

- PHIL 2200 - Contemporary Moral and Social Issues: An Intersectional Approach (3)
- PHIL 2230 - Diversity and Justice (3)
- PHIL 2300 - Meanings of Human Life: An Intersectional Approach (3)
- PHIL 2400 - Philosophy of Film (3)
- PHIL 3250 - Violence and Ethics (3)
- PHIL 3270 - Philosophy, Gender and Culture: An Intersectional Approach (3)
- PHIL 3290 - Philosophy, Race, and Ethnicity: An Intersectional Approach (3)
- PHIL 3330 - Engaged Philosophy: An Intersectional Approach (3)
- PHIL 3690 - The Philosophy of Sex: An Intersectional Approach (3)
- PHIL 3730 - Adult Life and Aging (3)
- PHIL 3850 - Measurement of Human Difference (also listed as ANTH 3850) (3)

Elective II (6 units)

Select two from following that has not be used to satisfy any Upper Division Core requirement:

- PHIL 4002 - Advanced Philosophical Writing and Journal Production (3)
- PHIL 4050 - Symbolic Logic (3)
- PHIL 4100 - Social and Political Philosophy (3)
- PHIL 4130 - Issues in Feminist Philosophy (also listed as WGSS 4130) (3)
- PHIL 4200 - Ethics II (3)
- PHIL 4290 - Bioethics (3)
- PHIL 4330 - Latin American Philosophy (3)
- PHIL 4470 - Hermeneutics and Critical Theory (3)
- PHIL 4480 - Postmodernism (3)
- PHIL 4515 - Ancient Thought: Topics in Philosophy, Science, Mathematics, Politics, Aesthetics (3)
PHIL 4520 - Medieval Philosophy (3)
- PHIL 4580 - Major Figures in Modern Philosophy (3)
- PHIL 4590 - 19th Century Philosophy (3)
- PHIL 4600 - Metaphysics (3)
- PHIL 4700 - Theory of Knowledge (3)
- PHIL 4710 - Philosophy of Mind (3)
- PHIL 4750 - Aesthetics (3)
- PHIL 4800 - Philosophy of Language (3)
- PHIL 4850 - Philosophy of Science (3)
- PHIL 4900 - Philosophy of Law (3)
- PHIL 4990 - Undergraduate Directed Study (1-3)

Option Requirements (6-15 units)

I. General Option (6 units)

Formal Reasoning Requirement (3 units)
Select one from the following:
- PHIL 1080 - Quantitative Reasoning: Proof and Probability (3)
- PHIL 2500 - Introduction to Symbolic Logic (3)

History Requirement II (3 units)
History Requirement II: Select one from the following that has not been used for History Requirement I
- PHIL 3110 - History of Ancient Philosophy (3)
- PHIL 3130 - History of Modern Philosophy (3)
- PHIL 4480 - Postmodernism (3)
- PHIL 4515 - Ancient Thought: Topics in Philosophy, Science, Mathematics, Politics, Aesthetics (3)
- PHIL 4520 - Medieval Philosophy (3)
- PHIL 4580 - Major Figures in Modern Philosophy (3)
- PHIL 4590 - 19th Century Philosophy (3)

II. Pre-Law Option (15 units)

Formal Reasoning Requirement (3 units)
Select one from the following:
- PHIL 1600 - Critical Thinking and Composition (3)
- PHIL 1080 - Quantitative Reasoning: Proof and Probability (3)
- PHIL 2500 - Introduction to Symbolic Logic (3)

Values Requirement II (3 units)
Select one from the following that was not taken to satisfy Values Requirement I.
- PHIL 4100 - Social and Political Philosophy (3)
- PHIL 4130 - Issues in Feminist Philosophy (also listed as WGSS 4130) (3)
- PHIL 4200 - Ethics II (3)
- PHIL 4750 - Aesthetics (3)
- PHIL 4900 - Philosophy of Law (3)

Directed Electives (9 units)
Select three Upper Division courses outside of PHIL with advisor approval.
Philosophy, M.A.

The Master of Arts degree in Philosophy draws students with a wide range of interests and professional goals, including further graduate study in philosophy, community college teaching and personal enrichment. Although the department is analytically oriented, it encourages work in other areas, for example, Asian philosophy, feminist philosophy, and the intersection between European and Anglo-American thought.

Admission to the Program

In addition to University requirements for admission to graduate study the Philosophy Department requires a 2.75 grade point average in the last 60 semester or 90 quarter units, official transcripts, and a writing sample (either a statement of purpose or a philosophy paper). Applicants must possess a baccalaureate in philosophy or a baccalaureate with a major in a field other than philosophy supplemented by the equivalent of a minor in philosophy. The director of graduate studies in the Department of Philosophy will determine whether prior course work is equivalent to a minor. Applicants to the graduate program are admitted based on a comprehensive review of their application materials by the Department of Philosophy. Applicants must consult an advisor in philosophy to determine whether any academic deficiencies exist before admission to the program can be granted.

Requirements for the Degree (30 units)

Required Courses

A total of 30 units is required, with at least 15 units in 5000-level courses. At least 24 units must be in Philosophy; courses outside Philosophy must be relevant to the student’s program.

Foundational Courses

Students are required to include the following philosophy courses in their program, if not completed prior to admission to the program.

- **PHIL 4050 - Symbolic Logic** (3)
- **PHIL 4100 - Social and Political Philosophy** (3)
  or
- **PHIL 4200 - Ethics II** (3)
- **PHIL 4600 - Metaphysics** (3)
  or
- **PHIL 4700 - Theory of Knowledge** (3)

Comprehensive Examinations or Thesis (0, 3 units)

The Bachelor of Arts degree in Physics provides a program appropriate for students interested in such careers as teaching, public service, business, or science journalism. This program does not include the advanced study needed by students who wish to prepare for careers as physicists, but provides the breadth needed for many other innovative and challenging occupations.

The total number of units required for the Bachelor of Arts degree in Physics is 120 units, of which 81 units are in the major. Two options are available: General and Astrophysics. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

The Department of Physics and Astronomy offers an honors program for qualified students. Students may apply in their junior year after completing PHYS 2100-2200 and PHYS 3300-3400. Candidates must maintain a B (3.0) grade point average both in their major and overall. Completion of the honors program requires 2 units of independent, research-oriented study (PHYS 3960) and presentation of the work in a colloquium. Graduation with honors in Physics is conferred upon those students whom the faculty of the department deem worthy after the presentation of the colloquium.

Diplomas and transcripts of honors program graduates are designated: "Graduated with Departmental Honors in Physics."

### General Program

#### Requirements for the Major (81 units)

Students must earn a minimum grade of C or higher in all courses used to meet major requirements.

#### Lower Division Required Courses (29 units)

- CHEM 1100 - General Chemistry I (5)
- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- MATH 2130 - Calculus III (3)
- MATH 2150 - Differential Equations (3)
- PHYS 2100 - General Physics I: Mechanics (5)
- PHYS 2200 - General Physics II: Electromagnetism and Circuits (5)

#### Upper Division Required Courses (18 units)

- PHYS 3120 - Basic Electronics (4)
- PHYS 3200 - Physics Computing (3)
- PHYS 3300 - Oscillations, Waves, and Special Relativity (4)
One of the following courses:

- ASTR 3600 - Ancient And Modern Views Of The Universe (3)
- ASTR 3601 - Ancient and Modern Views of the Universe (3)

Electives (34 units)

PHYS or ASTR Electives (15 units)

Select 15 units of upper division (i.e., 3000-level or higher) physics and/or astronomy courses.

Science Electives (12 units)

Select 12 units of additional science or science-related courses, with advisor approval. At least 6 of these units must be at the 3000-level or higher.

Other Electives (7 units)

Select 7 units of PHYS and/or ASTR and/or other science and/or other non-science courses, with advisor approval.

Option in Astrophysics

The Bachelor of Arts degree in Physics, Astrophysics option, is a physics degree with specialization in astronomy. It prepares students for professional employment in community organizations including public observatories and science museums, as well as employment in industry and research laboratories. Students preparing for graduate work in astrophysics should choose the Bachelor of Science degree in Physics, and select courses in astronomy for the elective requirement.

The Astrophysics option provides strong technical skills in the context of applying physics to solve astrophysical problems. Students develop strong computational skills, gain experimental skills using telescopes and imaging detectors, and learn statistics and data analysis skills from working with online astronomical datasets. The capstone experience is the Astronomy 4900 Community Astrophysics Project. Students visit community organizations such as Griffith Observatory and the California Science Center. Working in teams, students create a computer animated exhibit for the public using their astrophysics knowledge and computational background.

Requirements for the Major (81 units)

Students must earn a minimum grade of C or higher in all courses used to meet major and option requirements.

Lower Division Required Courses (29 units)

- PHYS 2100 - General Physics I: Mechanics (5) (Fulfills GE B1 requirements.)*
- PHYS 2200 - General Physics II: Electromagnetism and Circuits (5)
- CHEM 1100 - General Chemistry I (5) (Fulfills GE B1 requirements.)*
- MATH 2110 - Calculus I (4) (Fulfills GE B4 requirements.)
- MATH 2120 - Calculus II (4)
- MATH 2130 - Calculus III (3)
- MATH 2150 - Differential Equations (3)

*Either PHYS 2100 or CHEM 1100 can double count as GE B1, but not both.

Upper Division Required Courses (23 units)

- PHYS 3200 - Physics Computing (3)
- PHYS 3300 - Oscillations, Waves, and Special Relativity (4)
- PHYS 3400 - Modern Physics and Thermodynamics (4)
- ASTR 4000 - Elements Of Modern Astronomy (3)
- ASTR 4110 - Introduction To Astrophysics (3)
- ASTR 4900 - Community Astrophysics Project (3)

One of the following courses:
Electives (29 units)

PHYS or ASTR Electives (9 units)

Select 9 units of upper division (i.e., 3000-level or higher) physics and/or astronomy courses.

Science Electives (12 units)

Select 12 units of additional science or science-related courses, with advisor approval. At least 6 of these units must be at the 3000-level or higher.

Other Electives (8 units)

Select 8 units of PHYS and/or ASTR and/or other science and/or other non-science courses, with advisor approval.
Physics, B.S.

The Bachelor of Science degree in Physics, which requires a total of 120 units, may be used as preparation for graduate work or as a qualifying degree for professional employment. Selection of electives in astronomy provides substantial background for students planning graduate study in that field.

Programs in physics are built on a foundation of high school studies in mathematics and physical sciences. For completion of a Bachelor of Science degree program in 8 semesters, high school preparation is recommended in physics, chemistry, geometry, trigonometry, and algebra (two years).

In planning their university programs, students who wish to prepare for graduate study in physics are advised to include 8 units of a foreign language, a portion of which will earn general education credit. Student participation in research is strongly encouraged.

The total number of units required for the Bachelor of Science degree in Physics is 120 units, of which 81-84 units are in the major depending on the option selected. Some of the required major classes can be double counted to fulfill University GE requirements. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

The Department of Physics and Astronomy offers an honors program for qualified students. Students may apply in their junior year after completing PHYS 2100-2200 and PHYS 3300-3400. Candidates must maintain a B (3.0) grade point average both in their major and overall. Completion of the honors program requires 2 units of independent, research-oriented study (PHYS 3960) and presentation of the work in a colloquium. Graduation with honors in Physics is conferred upon those students whom the faculty of the department deem worthy after presentation of the colloquium. Diplomas and transcripts of honors program graduates are designated: “Graduated with Departmental Honors in Physics.”

General Program

Requirements for the Major (81 units)

Students must earn a minimum grade of C or higher in all courses used to meet major requirements.

Lower Division Required Courses (29 units)

- CHEM 1100 - General Chemistry I (5)
- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- MATH 2130 - Calculus III (3)
- MATH 2150 - Differential Equations (3)
- PHYS 2100 - General Physics I: Mechanics (5)
- PHYS 2200 - General Physics II: Electromagnetism and Circuits (5)

Upper Division Required Courses (33 units)
- PHYS 3120 - Basic Electronics (4)
- PHYS 3200 - Physics Computing (3)
- PHYS 3300 - Oscillations, Waves, and Special Relativity (4)
- PHYS 3400 - Modern Physics and Thermodynamics (4)
- PHYS 4251 - Classical Mechanics I (3)
- PHYS 4261 - Electricity and Magnetism I (3)
- PHYS 4270 - Thermal and Statistical Physics (3)
- PHYS 4321 - Introductory Quantum Mechanics I (3)
- PHYS 4700 - Advanced Physics Laboratory and Applications (3)

Select one of the following courses:
- ASTR 3601 - Ancient and Modern Views of the Universe (3)
- ASTR 3600 - Ancient And Modern Views Of The Universe (3)

Electives (19 units)

PHYS or ASTR Electives (9 units)
Select 9 units of upper division (i.e., 3000-level or higher) physics and/or astronomy courses.

Science Electives (10 units)
Select 10 units of additional science or science-related courses, with advisor approval. At least 6 of these units must be at the 3000-level or higher.

Option in Biophysics
The Bachelor of Science degree in Physics, Biophysics option, may be used as preparation for graduate work in biophysics or as a degree for professional employment.

Requirements for the Major (84 units)
Students must earn a minimum grade of C or higher in all courses used to meet major and option requirements.

Lower Division Required Courses (44 units)

- BIOL 1100 - Cellular Basis of Life (6)
- BIOL 1200 - Diversity of Life (5)
- CHEM 1100 - General Chemistry I (5)
- CHEM 1110 - General Chemistry II (5)
- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- MATH 2130 - Calculus III (3)
- MATH 2150 - Differential Equations (3)
- PHYS 2100 - General Physics I: Mechanics (5)
- PHYS 2200 - General Physics II: Electromagnetism and Circuits (5)

Upper Division Required Courses (26-27 units)

- PHYS 3200 - Physics Computing (3)
- PHYS 3300 - Oscillations, Waves, and Special Relativity (4)
- PHYS 3400 - Modern Physics and Thermodynamics (4)
- PHYS 4270 - Thermal and Statistical Physics (3)
- PHYS 4430 - Biophysics (3)

Select one of the following courses:
- PHYS 4321 - Introductory Quantum Mechanics I (3)
- CHEM 4410 - Physical Chemistry: Quantum Mechanics and Kinetics (4)
Select one of the following courses:
- PHYS 4251 - Classical Mechanics I (3)
- PHYS 4261 - Electricity and Magnetism I (3)

Select one of the following courses:
- ASTR 3600 - Ancient And Modern Views Of The Universe (3)
- ASTR 3601 - Ancient and Modern Views of the Universe (3)

Electives (13-14 units)

Select 13-14 units of courses in PHYS, CHEM, BIOL, or a related subject, with advisor approval. At least 6 units must be at the 3000-level or higher. The total number of required and electives units must add up to a minimum of 84 units.
Physics, M.S.

The Master of Science degree in Physics is designed to prepare students for community college teaching, employment in industry, or further graduate study toward the doctorate in Physics.

The program offers two options. For special professional objectives, students may include graduate-level work in engineering, another science, or mathematics in any of the options with approval of an advisor.

The Interdisciplinary Studies Master’s permits the combination of physics courses with courses in biology and chemistry in a program suited to interdisciplinary professional careers.

Research Option - emphasizes research and requires a thesis.

Course Option - emphasizes advanced study, which may be taken in a variety of physics areas which may include directed study; such programs culminate in a comprehensive examination rather than a thesis.

Admission to the University

Applicants must meet University requirements for admission to graduate study. The minimum requirements for admission are a Bachelor’s Degree with a grade point average of at least 2.5. Official transcripts must also be sent to the Admission & Recruitment Office before the application deadline.

International applicants, please visit the International Applicants webpage for specific process.

Admission to the Program

In addition to submitting a University Admissions Application through Cal State Apply, applicants must also apply separately to the Department. All applicants must be received by the Department by the deadline stipulated on the Admission & Recruitment Office website. A completed application for program admission consists of:

- program application form - available on the Physics and Astronomy Department’s website.
- statement of purpose
- two recommendation letters, and
- unofficial transcripts

Prerequisites to the Program

Before undertaking required graduate courses, students must complete the equivalent of an undergraduate major in physics and must have specific competence in the subjects covered in PHYS 4251, PHYS 4261, and PHYS 4321.

New graduate students must consult with the departmental graduate advisor before registration for assistance in planning their programs. Students should achieve classified graduates standing as early as practicable in their graduate study because it is a prerequisite to the completion of credit for any courses in the degree program.

Requirements for the Degree (30 units)

A total of 30 units is required, with at least 16 in 5000-level courses. Advancement to candidacy is a prerequisite to filing the thesis or taking the
comprehensive examination. Students should apply for candidacy immediately upon completing 12 units of their official program with the
required grade point average.

Core Courses (16 units)

- PHYS 5101 - Mathematical Methods of Physics (3)
- PHYS 5301 - Theoretical Mechanics (3)
- PHYS 5302 - Electrodynamics (3)
- PHYS 5321 - Quantum Mechanics (3)
- PHYS 5322 - Quantum Mechanics (3)
- PHYS 5420 - Physics Research Conference (1)
(Minimum of one semester required.)

Options

Students select one of the two options.

For special professional objectives, students may include graduate-level work in engineering, another science, or mathematics in an option.

The Interdisciplinary Studies Master’s permits the combination of physics courses with courses in biology and chemistry in a program suited to
interdisciplinary professional careers.

A. Research Option (14 units)

This option emphasizes research and requires a thesis. Option B emphasizes advanced study, which may be taken in a variety of physics
areas.

Required Courses (6 units)

Select with advisor approval from the following:

- PHYS 5970 - Graduate Research (1-3)
- PHYS 5980 - Graduate Directed Study (1-3)
- PHYS 5990 - Thesis (1-3)

Electives (8 units)

Select from a list with advisor approval.

B. Course Option (14 units)

This option emphasizes advanced study, which may be taken in a variety of physics areas which may include directed study; such programs
culminate in a comprehensive examination rather than a thesis.

Required Courses (6-14 units)

Select at least 6 units from the following list:

- ASTR 4000 - Elements Of Modern Astronomy (3)
- ASTR 4110 - Introduction To Astrophysics (3)
- ASTR 4900 - Community Astrophysics Project (3)
- PHYS 4120 - Laboratory Applications of Minicomputers and Microcomputers (3)
- PHYS 4142 - Chemistry and Physics of Materials (also listed as CHEM 4142) (3)
- PHYS 4200 - Introduction to Computational Physics (3)
- PHYS 4280 - Advanced Statistical Physics (3)
- PHYS 4310 - Modern Optics (3)
- PHYS 4330 - Solid State Physics I (3)
- PHYS 4340 - Solid State Physics II (3)
- PHYS 4430 - Biophysics (3)
- PHYS 4440 - Nuclear Physics (3)
- PHYS 4710 - Applied Physics and Instrumentation Laboratory (3)
- PHYS 4880 - Modern Topics in General Relativity (2)
Electives (0-8 units)

Complete the remaining units from the list. Select with advisor approval.

A maximum of 3 units of PHYS 5980 may be included in the official program under this option. PHYS 5970 and PHYS 5990 may not be included in this option.

Comprehensive Examination (0 units)

The examination will be given at least twice a year as announced by the department. Students should expect to take the Comprehensive Examination (PHYS 5960) the semester they complete all course work on their program and must comply with college and departmental requirements.

- PHYS 5960 - Comprehensive Examination (0)
Political Science, B.A.

Four options are offered in the Bachelor of Arts degree in Political Science, each adapted to a different objective as follows:

The General Political Science option is a general program of undergraduate preparation for active participation in public life or for graduate study.

The Global Politics option is a general program of undergraduate preparation focusing on the changing nature of international politics and the emergence of a global political space and preparing students for graduate study and active participation in public life.

The Prelegal Studies option provides undergraduate preparation for professions in law, education, and public service. While a strong emphasis is placed on developing skills of legal analysis and research, courses in this option also provide students with a critical understanding of the interrelationship between law and politics in American society.

The Public Administration option provides undergraduate preparation for career government service or positions in nonprofit organizations. This option may be coordinated with a public service internship (see Cooperative Education).

The total number of units required for the Bachelor of Arts degree in Political Science is 120 units, of which 43 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (43 units)

Major requirements consist of a common core of two lower division and five upper division courses (22 units) to be taken by all political science majors, and seven elective courses (21 units) in a selected political science option. POLS 1000 is a prerequisite for all Political Science courses in the major and minor programs. It is recommended that 2000- and 3000-level requirements are completed prior to enrolling in 4000 level courses. Furthermore, it is recommended that all required courses are taken before electives in the major options and in the minor programs. The senior capstone requirement should be taken at the end of your BA major program.

Core Requirements (22 units)

- POLS 1000 - Power, Politics and Engagement in US Government (3)
- POLS 2810 - Quantitative Research Design in Political Science (4)
- POLS 3710 - Foundations of American Politics (3)
- POLS 3720 - Foundations of Political Theory (3)
- POLS 3730 - Foundations of Comparative Politics (3)
- POLS 3740 - Foundations of Global Politics (3)
- POLS 4980 - Senior Capstone Seminar (3)
  or
- POLS 4981 - Senior Service Learning/Community Engagement Capstone in Political Science, Senior Cap Service (3)
  or
- POLS 4982 - Senior Capstone Research Seminar in Political Science, Senior Cap Research (3)
Options (21 units)

There are four options in the Political Science major. Each student will select one option. The following courses, which are all three (3) units, are required in addition to the core courses noted above:

**General Political Science Option (21 units)**

Select seven elective courses from the following list, only one of which may be at 3000 level.

- POLS 3100 - Gender, Politics, and Government (3)
- POLS 3290 - Class, Civil Rights, and Gender in Late Modern Political Thought (3)
- POLS 3300 - Politics of Aging (3)
- POLS 3420 - Rights and Justice (also listed as COMM 3420) (3)
- POLS 3450 - The Politics of Science (3)
- POLS 3500 - State Politics and Policy (3)
- POLS 3580 - Environmental Policy and Management (3)
- POLS 3600 - Dynamics of Change in the Developing World (also listed as LAS 3600, PAS 3600) (3)
- POLS 4000 - Power and Policy in Washington; Congress and the President (3)
- POLS 4030 - State and Local Government (3)
- POLS 4040 - Urban Government and Politics (3)
- POLS 4060 - Los Angeles City Politics (3)
- POLS 4080 - Political Socialization and Public Opinion (3)
- POLS 4090 - Minority Politics in the U.S. (3)
- POLS 4140 - Politics and the Media (3)
- POLS 4180 - U.S. Political Parties, Campaigns, and Elections (3)
- POLS 4201 - The United Nations (3)
- POLS 4202 - Model United Nations (3)
- POLS 4250 - U.S. Foreign Policy in a Changing World (3)
- POLS 4260 - International Political Economy (also listed as ECON 4260) (3)
- POLS 4270 - International Relations (3)
- POLS 4290 - Global Challenges and the United States (3)
- POLS 4310 - Classical Political Theory (3)
- POLS 4330 - Modern Political Theory (3)
- POLS 4350 - American Political Thought (3)
- POLS 4370 - Twentieth Century Continental Political Thought (3)
- POLS 4400 - Judicial Process (3)
- POLS 4410 - American Constitutional Law: Federalism (3)
- POLS 4420 - American Constitutional Law: Civil Rights (3)
- POLS 4430 - American Constitutional Law: Civil Liberties (3)
- POLS 4440 - Legal Advocacy (3)
- POLS 4450 - Judicial Behavior (3)
- POLS 4460 - Global Legal Studies (3)
- POLS 4500 - European Politics (3)
- POLS 4510 - Latin American Politics (3)
- POLS 4520 - Government and Politics of China (3)
- POLS 4530 - Politics of Africa and the Mid-East (3)
- POLS 4540 - Selected Topics in Global Politics (3)
- POLS 4580 - Immigration Politics and Policy in the United States: A Global Perspective (3)
- POLS 4590 - Politics of East Asia (3)
- POLS 4600 - Foundations of Public Administration (3)
- POLS 4610 - Dynamics of Urban Administration (3)
- POLS 4620 - Public Policy (3)
- POLS 4640 - Geographic Information Systems (GIS) Applications in Political Science (also listed as GEOG 4620) (3)
- POLS 4670 - The Third Sector and Nonprofit Organizations (also listed as YAA 4670) (3)
- POLS 4720 - Organization and Management (3)
- POLS 4810 - Advanced Quantitative Research Methods in Political Science (3)
- POLS 4900 - Special Studies in Political Science (3)

**Global Politics Option (21 units)**
Select one course from each of the following three areas (9 units):

1. Global Politics (3 units)
   - POLS 4250 - U.S. Foreign Policy in a Changing World (3)
   - POLS 4260 - International Political Economy (also listed as ECON 4260) (3)
   - POLS 4270 - International Relations (3)

2. Transnational and Global Politics (3 units)
   - POLS 4201 - The United Nations (3)
   - POLS 4290 - Global Challenges and the United States (3)
   - POLS 4460 - Global Legal Studies (3)
   - POLS 4540 - Selected Topics in Global Politics (3)
   - POLS 4580 - Immigration Politics and Policy in the United States: A Global Perspective (3)

3. Comparative Politics (3 units)
   - POLS 4500 - European Politics (3)
   - POLS 4510 - Latin American Politics (3)
   - POLS 4520 - Government and Politics of China (3)
   - POLS 4530 - Politics of Africa and the Mid-East (3)
   - POLS 4590 - Politics of East Asia (3)

Select four elective courses in Political Science, one of which may be taken at the lower division level or 3000 level (12 units).

Prelegal Studies Option (21 units)

Required Course (3 units)

- POLS 4400 - Judicial Process (3)

Select two courses from the following (6 units):

- POLS 4410 - American Constitutional Law: Federalism (3)
- POLS 4420 - American Constitutional Law: Civil Rights (3)
- POLS 4430 - American Constitutional Law: Civil Liberties (3)
- POLS 4440 - Legal Advocacy (3)
- POLS 4450 - Judicial Behavior (3)
- POLS 4460 - Global Legal Studies (3)
- PHIL 4900 - Philosophy of Law (3)
- HIST 4790 - Constitutional History of United States (3)

Select four elective courses in Political Science, one of which may be taken at the lower division or 3000 level (12 units).

Public Administration Option (21 units)

Required Course (3 units)

- POLS 4600 - Foundations of Public Administration (3)

Select two courses from the following (6 units):

Select four elective courses in political science, one of which may be taken at lower division level (12 units).
Political Science, M.A.

The program is built on the foundation of an undergraduate government or political science major and is designed to provide systematic study in political science and related fields at an advanced level.

Departmental Requirements

In addition to University requirements for admission to graduate study, applicants must have:

A grade point average in the last 60 semester (90 quarter) units of 3.00 or better and a major in political science. Majors with GPAs below 3.00 may be admitted at the discretion of the department’s graduate admissions committee after completing prerequisite or conditional courses, if necessary.

Non political science majors who have a GPA of 3.00 or better may be accepted on a conditional basis. They must first complete the following conditional prerequisite courses from the upper division foundation core: POLS 3710, 3720, 3730 and 3740 (minimum of three courses with earned GPA of 3.3 or above). Students will not receive graduate credit for these prerequisite courses. Non political science majors with GPAs below 3.00 may be admitted at the discretion of the department’s graduate admissions committee after completing prerequisite or conditional courses.

Two letters of recommendation. At least one letter must come from a professor or an individual capable of evaluating the applicant’s intellectual and academic qualifications.

A statement of purpose letter. A letter stating the applicant’s purpose in applying for graduate study, the particular area of specialization or interest (American politics, global politics, or political theory), any special research interests, plans for future occupation or profession and any additional information that may aid the selection committee in evaluating the applicant’s preparation and aptitude for graduate study at CSULA. The essay should be specific, well-organized, and well-thought out. The statement of purpose is considered an integral element of the application.

Applications will be considered for fall or spring admissions only. Students seeking admission to the program effective fall semester must apply to the department by the preceding April 1 and those seeking admission spring semester must apply to the department by the preceding November 1. Late applications will be considered on a space available basis.

Requirements for the Degree (30-33 units)

A minimum of 30-33 units is required, with at least 18-21 in 5000-level courses.

I. Required Courses (18-21 units)

Students electing the Comprehensive Exam option must complete 21 units of required courses.

Students electing the Thesis Option must complete 18 units of required courses selected in consultation with their advisor.

- POLS 5040 - Seminar: American Political Behavior (3)
- POLS 5050 - Seminar: American Political Studies (3)
- POLS 5090 - Seminar: Foundations of Empirical Political Theory (3)
- POLS 5100 - Seminar: Political Theory (3)
- POLS 5270 - Seminar: Advanced Studies in International Relations (3)
- POLS 5260 - Seminar: International Political Economy (3)
- POLS 5440 - Jurisprudence in a Globalized World (3)
- POLS 5500 - Seminar: Comparative Politics (3)
II. Concentrations - Select one of the following concentrations (9 units)

A. Political Theory Concentration

(Choose 3 courses from the following):

- POLS 4310 - Classical Political Theory (3)
- POLS 4330 - Modern Political Theory (3)
- POLS 4350 - American Political Thought (3)
- POLS 4370 - Twentieth Century Continental Political Thought (3)
- POLS 5980 - Graduate Directed Study (3)

- PHIL 4100 - Social and Political Philosophy (3)
  or
- PHIL 4130 - Issues in Feminist Philosophy (also listed as WGSS 4130) (3)
  or
- PHIL 5440 - Seminar: Social and Political Philosophy (3)

B. American Politics Concentration

(Choose 3 courses from the following):

- POLS 4000 - Power and Policy in Washington: Congress and the President (3)
- POLS 4030 - State and Local Government (3)
- POLS 4040 - Urban Government and Politics (3)
- POLS 4060 - Los Angeles City Politics (3)
- POLS 4080 - Political Socialization and Public Opinion (3)
- POLS 4090 - Minority Politics in the U.S. (3)
- POLS 4140 - Politics and the Media (3)
- POLS 4180 - U.S. Political Parties, Campaigns, and Elections (3)
- POLS 4250 - U.S. Foreign Policy in a Changing World (3)
- POLS 4410 - American Constitutional Law: Federalism (3)
- POLS 4810 - Advanced Quantitative Research Methods in Political Science (3)
- POLS 5980 - Graduate Directed Study (3)

C. Global Politics Concentration

International Relations

(Choose 1 or 2 courses from the following):

- POLS 4250 - U.S. Foreign Policy in a Changing World (3)
- POLS 4260 - International Political Economy (also listed as ECON 4260) (3)
- POLS 4270 - International Relations (3)
- POLS 4290 - Global Challenges and the United States (3)
- POLS 4490 - Global Legal Studies (3)
- POLS 5980 - Graduate Directed Study (3)

Comparative Politics

(Choose 1 or 2 courses from the following):

- POLS 4460 - Global Legal Studies (3)
- POLS 4500 - European Politics (3)
- POLS 4510 - Latin American Politics (3)
- POLS 4520 - Government and Politics of China (3)
- POLS 4530 - Politics of Africa and the Mid-East (3)
- POLS 4540 - Selected Topics in Global Politics (3)
- POLS 4580 - Immigration Politics and Policy in the United States: A Global Perspective (3)
- POLS 4590 - Politics of East Asia (3)
III. Comprehensive Exam (0 units) or Thesis (3-6 units)

Students choose either to take the comprehensive exam or to write a thesis, the latter subject to the approval of the thesis chair, the M.A. graduate advisor, and the department chair. Students who are approved to write an MA thesis may, with the approval of the M.A. advisor, substitute 3.0 thesis units for one required seminar (listed in "I. Required Courses") of their choosing. Students writing a thesis must enroll in a minimum of 3 units (POLS 5990), but may take an additional 3 units if they are unable to successfully complete their thesis within one semester.

Students electing to take the comprehensive examinations (POLS 5960) should expect to take the examinations after the semester they complete all but one required seminar; they must also comply with college and departmental requirements. Students will be allowed a maximum of two attempts to complete the comprehensive examinations successfully. Failure to pass the comprehensive examinations, or any portion thereof, will result in disqualification from the program.

Students who have made one attempt on the comprehensive examination may not change to the thesis option; students who have taken POLS 5990 thesis units may not change to the comprehensive examination option.

- POLS 5960 - Comprehensive Exam (0)
- POLS 5990 - Thesis (1-6) complete 3-6 units
Notice to Students RE: Professional Licensure and Certification

This post-baccalaureate credit certificate program provides an opportunity for students interested in pursuing a health professions career to strengthen their academic record and/or complete the requisite coursework for subsequent applications for admission to health professions programs (e.g., medical, pharmacy, dental, veterinary). The program offers two options designed to meet the needs of students with distinct academic backgrounds. The first option, academic record enhancement, is a one-year program for students that have already completed the core pre-health professions pre-requisite science courses but are not yet fully competitive for admission to health professions school programs. It is designed to make post-baccalaureate students more competitive for admission through a combination of advanced science coursework and health professions-related activities. The second option, career-changer, is a two-year program for students whose academic background currently lacks the core pre-health professions pre-requisite science courses. It is designed to make post-baccalaureate students eligible and competitive for admission to health professions school programs through a combination of foundational science coursework and health professions-related activities.

Students may begin the certificate program only during the Fall Semester of an academic year. Please see the departmental website for current application deadlines.

Option I requires completion of a minimum of 18 units taken in post-baccalaureate standing. Option II requires completion of a minimum of 38 units taken in post-baccalaureate standing. A maximum of 6 units of previously completed post-baccalaureate coursework from another institution may be used toward completion of either option of the certificate program. Refer to the Graduate Study chapter of the University catalog for general information governing all certificate programs.

General Requirements for Admission to the Program

- Acceptance by the University to post-baccalaureate status.
- Completion of the most current certificate program application form, which can be found on the departmental website and acceptance by the selection committee. A limited number of students will be accepted into the program each academic year.

Additional Requirements for Admission to Option I of the Program

- An undergraduate degree from an accredited college or university and completion of the core pre-health professions pre-requisite science courses with lab, (one year of biology, one year of general chemistry, one year of organic chemistry, college-level math, and one year of physics).
- Minimum 3.0 grade point average in all biology, chemistry, mathematics, and physics courses.

Additional Requirements for Admission to Option II of the Program

- An undergraduate degree from an accredited college or university and completion of college-level math.
- A minimum 3.0 grade point average.

Requirements for Completion of Option I of the Certificate

With prior written approval of their Cal State L.A. pre-health professions advisor, students must select and complete a minimum of 18 units of upper-division courses in biology and other natural sciences, mathematics, and physical sciences relevant to the pursuit of a health professions career and that is complementary to, rather than redundant to, their previously completed coursework. The Department of Biological Sciences maintains the list of Cal State L.A. courses from which students may select courses for this option of the certificate. A minimum GPA of 3.00 is
Requirements for Completion of Option II of the Certificate

Students must complete at least the following 38 units of course work:

- **BIOL 1100 - Cellular Basis of Life** (5)
- **BIOL 1200 - Diversity of Life** (5)
- **CHEM 1100 - General Chemistry I** (5)
- **CHEM 1110 - General Chemistry II** (5)
- **CHEM 2200 - Organic Chemistry I** (4)
- **CHEM 2201 - Organic Chemistry Laboratory I** (1)
- **CHEM 2211 - Organic Chemistry Laboratory II** (1)
- **CHEM 3200 - Organic Chemistry II** (4)
- **PHYS 1100 - Physics for the Life Sciences I** (4)
- **PHYS 1200 - Physics for the Life Sciences II** (4)

In consultation with the Cal State L.A. pre-health professions adviser, one or more additional courses may be recommended in order for students to meet specific pre-requisite needs that vary between different health professions programs. A minimum GPA of 3.00 is required in all completed course work.
Post-Baccalaureate Certificate for Transition Specialist

This is a collaborative post-baccalaureate certificate program among special education teachers, rehabilitation counselors, and school counselors to become a transition specialist assisting individuals with disabilities to prepare for interdependent adult lives in an integrated community.

For admission to the program, applicants must:
1. Meet the university requirements for admission to graduate study,
2. Have a 2.75 or higher grade point average,
3. Have consulted with a program coordinator.

Required Courses (15-16 units)

- EDSP 4000 - Foundations of Special Education  (3)
- COUN 4500 - Counseling Theories  (3)
- EDSP 5370 - Teacher Created Assessments for Students with Moderate/Severe Disabilities  (3)
- EDSP 5881 - Transition Planning for Secondary Students with Disabilities  (3)
- EDSP 5048 - Fieldwork in Special Education: Transition  (4)
  or
- COUN 5189 - Fieldwork in Rehabilitation Transition Settings, (2) (for 3 units)

The Accounting Department offers a Post-Baccalaureate Certificate in Accounting, designed to prepare individuals who hold a bachelor’s degree in a field other than accounting for entry into the accounting profession.

**Prerequisites (18 units)**

Admission to the University with a bachelor’s degree in a field other than accounting with a minimum 2.5 grade point average and completion of the lower division Business Administration core courses listed below.

- ACCT 2100 - Principles of Financial Accounting (3)
- ACCT 2110 - Principles of Managerial Accounting (3)
- CIS 1200 - Information and Technology Literacy (also listed as CS 1200) (3)
- ECON 2010 - Principles of Economics I: Microeconomics (3)
- ECON 2020 - Principles of Economics II: Macroeconomics (3)
- FIN 2050 - Legal and Regulatory Environment of Business I (3)

Submission of transcripts or official grade reports for the above courses to the Department of Accounting for evaluation.

A minimum of 75 units, a minimum 2.5 grade point average, and minimum C grades in all accounting courses are required for completion of the program.

Refer to the Undergraduate Studies: General Information chapter of this catalog for general regulations governing all certificate programs.

**Requirements for the Certificate (60 units)**

**Required Courses (33 units)**

- ACCT 3200A - Intermediate Financial Accounting and Reporting I (3)
- ACCT 3210A - Intermediate Financial Accounting and Reporting II (3)
- ACCT 3210 - Taxation of Individuals (3)
- ACCT 3220 - Cost Accounting (3)
- ACCT 3250 - Leadership and Professional Skills for Accountants (3)
- ACCT 4240B - Auditing (3)
- ACCT 4340 - Professional Accounting Ethics (3)
- ACCT 4950 - Case Studies and Research in Accounting (3)
- BUS 3050 - Business Communications (3)
- FIN 3030 - Business Finance (3)

**Electives (27 units)**

Accounting Electives: Select a minimum of 6 units but no more than 18 units from the following:

- ACCT 4200 - Advanced Financial Accounting and Reporting (3)

Post-Baccalaureate Certificate in Advanced Information Systems

The Department of Information Systems offers a post-baccalaureate credit certificate in Advanced Information Systems, designed to provide an academic base for information systems professionals in such specialties as systems analysis and design, data administration, client-server systems, web-based systems, object-oriented and visual programming and distributed data processing as well as information systems management. The study of advanced techniques and software productivity tools is emphasized. This certificate program is suitable for students who have completed, or expect to earn, an undergraduate degree in a major other than Computer Information Systems; graduate students in Business Administration; and information systems professionals who hold a bachelor’s degree in any field.

The program includes a minimum of 18 units in CIS and related courses: 12 units in the core and at least 6 units of electives. Refer to Undergraduate Studies: General Information for general regulations governing all certificate programs.

Prerequisites:

- A bachelor’s degree in Business Administration; or
- Senior standing in a Bachelor of Science degree program in Business Administration or Computer Science; or
- Classified graduate standing in a master’s degree program in the College of Business and Economics; or
- A bachelor’s degree in another field and at least two years of experience in business management or as an information systems professional.

Requirements for the Certificate (18 units)

Required Core (12 units)

- CIS 3010 - Management Information Systems
- CIS 3050 - Database Design and Development
- CIS 3060 - Systems Analysis and Design
- CIS 4840 - Communications Systems
- Select at least 6 units from the following:
  - CIS 3610 - Web Design and Development
  - CIS 3830 - Multimedia and Game Application Programming
  - CIS 4200 - Systems Analysis and Design
  - CIS 4450 - Network Application Development
  - CIS 4510 - Fundamentals of ERP Technology
  - CIS 4540 - Special Topics in Computer Information Systems
  - CIS 4570 - Advanced Java Programming
  - CIS 4590 - Advanced Information Systems Development
  - CIS 4850 - Computer Networks
  - CIS 4860 - Managing Information Systems Projects
  - CIS 4870 - Decision Support Systems
  - CIS 5270 - Business Intelligence
  - CIS 5280 - Current Problems in Computer Information Systems

Post-Baccalaureate Certificate in Audiology Assistant

The Department of Communication Disorders offers a credit certificate program for an Audiology Assistant designed to enhance the preparation of individuals interested in entering the hearing health care field as Audiology support personnel.

In general, professional organizations in Audiology, such as the American Academy of Audiology and the American Speech-Language-Hearing Association, refer to Audiology support personnel as "Audiology Assistants". Under existing California law, the only state-recognized category of Audiology support is "Audiology Aide". The state of California Speech-Language Pathology and Audiology and Hearing Aid Dispensers Licensing Board Department of Health Services offers a Registration to work as an Audiology Aide in medical clinics, audiology private practices, and in the public schools. State registration authorizes the holder to perform audiology services under the supervision of a registered Audiologist and audiology and hearing aid services under the supervision of a Dispensing Audiologist. These services may include hearing screening, hearing threshold testing, tympanometric testing, referral, assisting with pediatric testing and with other special testing such as ABR, ENG, and VNG; set up, troubleshooting, cleaning, evaluating and servicing hearing devices, and taking earmold impressions. Application for state registration requires that a licensed audiologist submit the application on behalf of the applicant, in part to verify supervision and to specify work responsibilities during employment.

**Admission**
- Completed 30 units of COMD coursework
- All COMD courses must be graded "C" or above
- BA degree in Communicative Disorders

**Requirements for the Certificate**
- BA degree in Communicative Disorders
- with no COMD course grade less than "C"
- Completion of the required courses (9 units)

**Required Courses (9 units)**
- COMD 4220 - Advanced Audiology (3)
- COMD 4950 - Audiology Assistant Pedagogy (3)
- COMD 4955 - Audiology Assistant Practicum (3)
Post-Baccalaureate Certificate in Autism Spectrum Disorders

This postbaccalaureate certificate program is designed to prepare educators in establishing the unique behavioral and educational programs often required for students with Autism Spectrum Disorders (ASD). This program provides substantive opportunities to acquire a depth of knowledge in the understanding of the needs of individuals with ASD, and the skills to design and implement strategies based on evidence-based practices. This program aligns with the added authorization in Autism. This certificate requires a minimum of 13 units.

Admission criteria:

Students must meet the university requirements for admission to graduate study, have a 2.75 or higher grade point average, have experience working with children, and have consulted with the program coordinator.

Required Courses (13 units)

- EDSP 4630 - Augmentative and Alternative Communication in Special Education (3)
- EDSP 5866 - Educating Students with Autism Spectrum Disorders (3)
- EDSP 4030 - Behavior Supports, Social Skills, and Classroom Management (3)
- EDSP 5047 - Fieldwork in Special Education, Autism Spectrum Disorders (9)

Note:

Refer to Graduate and Post-Baccalaureate Studies: General Information for general regulations governing all certificate programs.

Post-Baccalaureate Certificate in Big Data Analytics

The Post-Baccalaureate Certificate program in Big Data Analytics provides students with the essential skills of managing large volumes of data and, through methodological approaches and software applications, making data-intensive computing and business decisions. This program serves students with a solid quantitative background (i.e., science, technology, engineering, mathematics, and business) and also entry to senior-level professionals whose job duty requires performing data analysis, visualization, and prediction.

Admission Requirements

- A baccalaureate degree with 2.5 or higher GPA. Or Professionals with at least 4 years of IT and its related industr
- Background in intermediate-level management information systems (CIS 3010), which includes fundamental knowledge of SQL and programming.

Required courses (12 units)

- CIS 5270 - Business Intelligence (3)
- CIS 5430 - Databases and Data Warehousing (3)
- CIS 5560 - Introduction to Big Data Science (3)
- CIS 5910 - Introduction to Big Data Analysis and Development (3) (or CIS 4560 Introduction to Big Data (3))

NOTE: A 3.0 GPA is required to receive the certificate.

Post-Baccalaureate Certificate in Bilingualism and Global Education

Notice to Students RE: Professional Licensure and Certification

The postbaccalaureate Certificate Program in Bilingualism and Global Education is designed to provide students who already have obtained their Multiple Subjects, Single Subjects, or Education Specialists Teaching Credentials an opportunity to add Bilingual Authorization approved by the California Commission on Teacher Credentialing (CCTC). In addition, it allows non-credentialed students the opportunity to gain insight for working or teaching in bilingual/multicultural settings. The program prepares candidates to develop, implement, and adapt curriculum and instructional strategies for bilingual, dual language, and cross-cultural settings. The Bilingualism and Global Education Certificate courses are also part of the Bilingual/Multicultural MA Option.

Admission Requirements

For admission to the program, applicants must:

- Meet the university requirements for admission to graduate study,
- Have a 2.75 or higher grade point average in their last 60 semester (or 90 quarter) units attempted,
- Have consulted a faculty advisor,
- Have a valid teaching credential issued by California, or any state, or be in the process of completing a teaching credential,
- Have completed the application for admission to the Bilingual Authorization Certificate Program.

Required Courses (12 units)

- **EDCI 5350 - Teaching for Cross-Cultural and Global Awareness** (3) or equivalent
- **EDSP 5811 - Seminar: Issues and Strategies for Multicultural Special Education Students** (3) or equivalent
- **TESL 5700 - Educational Sociolinguistics** (3)
- **EDCI 5490 - Developing English Reading/Language Arts Skills in Bilingual/Cross-Cultural Individuals** (3) or equivalent
- **EDCI 5540 - Research and Methods for Teaching in Bilingual/Cross-Cultural Classrooms** (3) or equivalent
- **EDCI 4010 - English Language Development** (3) or equivalent
- **EDCI 5560 - Inquiry into Methods of Teaching Academic Literacy in the Target Language** (3)
- **EDCI 5570 - Research and Pedagogy for the Bilingual Learner: Exploring Cultural Impact** (3)

Post-Baccalaureate Certificate in Biotechnology

This post-baccalaureate credit certificate program provides students with relevant baccalaureate degrees a broad framework of concepts and practices employed in modern biotechnology industries. With close interactions and partnerships between Cal State LA and local biotechnology companies, students of this program will experience a broad industry-responsive curriculum taught by academic and industrial experts, extensive hands-on biotechnology laboratory skills training, and a focused summer biotechnology industry internship at the end of the academic year. All of these are designed to prepare and facilitate our students for employment and career advancement in the biotechnology sector. Courses taken to fulfill certificate requirements may also be applied toward the Master of Science degree in biology. The program has been approved as a Gainful Employment Program by the Department of Education. This means that eligible students can apply for Federal Financial Aid to support them during the year that they are in the program.

The certificate program requires completion of a minimum of 18 units, taken in postbaccalaureate or graduate standing, of which 12 units are in required courses and 6 units or more are in electives. Refer to General Graduate and Postbaccalaureate Information for general information governing all certificate programs.

Admission to the Program

Application to the Department of Biological Sciences and the University is required. Acceptance by the University to post-baccalaureate status; Baccalaureate degree in a biological or related sciences, such as biochemistry, biology, physics, medical technology, or microbiology, which is equivalent to the Bachelor of Science degree offered at Cal State LA. Undergraduate GPA of at least 2.75 in last 90 quarter or 60 semester units attempted; Completion with a B (3.0) grade or higher, in any one of the following upper level undergraduate courses or their equivalents:

- Cell Biology (e.g., BIOL 3400 - Cell Biology and Genetics)
- General Genetics (e.g., BIOL 3400 - Cell Biology and Genetics)
- Microbial Genetics (e.g., MICR 3300 - Microbial Genetics)
- Biochemistry (e.g., CHEM 4310 - Biochemistry I)

Requirements for the Certificate (minimum 18 units)

Required Core (12 units)

- BIOL 4170 - Gene Editing Theory and Applications (3)
- BIOL 4450 - Bioscience Companies: From Concept to Market (3)
- BIOL 4460 - Biotechnology Applications of Cell and Molecular Biology (3)
- BIOL 5950 - Biotechnology Internship (1-3)
- BIOL 5980 - Graduate Directed Study (1-3) (must repeat once)

Electives (minimum 6 units)

In consultation with the program advisor, select a minimum of 6 units of electives from 4000 and 5000 level courses in Biology, Microbiology, Chemistry, Criminal Justice, Physics, Engineering and Management that address topics in cellular and molecular biology, biochemistry, biotechnology, forensics, physics, engineering and project management. Include no more than one seminar course
Post-Baccalaureate Certificate in Business Intelligence

Business Intelligence is one of the fastest growing and most dynamic industries. Career opportunities continue to expand in: business intelligence, analytics and business analyst. The proposed Business Intelligence Certificate program will provide a comprehensive and up-to-date review of business intelligence and analytics concepts and best practices. Students will acquire knowledge and develop the skills in the areas relevant to the roles and responsibilities of today’s practicing Business Intelligence professionals: in business intelligence, analytics and management systems. Students will be able to apply their newly learned skills through hands-on projects and exercises. Career opportunities continue to expand in: business intelligence, analytics and business analyst.

The Business Intelligence Graduate certificate program is designed to prepare students to compete in the Business Intelligence marketplace. The programs prepares students to assume roles as a Business Intelligence Analyst, Business Intelligence Consultant, Business Intelligence Developer, Business Analyst and Business Intelligence Manager.

Minimum admission requirements:

For admission, completion of CIS/CS 1200 Information and Technology Literacy or equivalency, or proof of knowledge in Information and technology literacy is required.

A total of 12 semester units are required in the program. Upon successful completion of all course requirements, participants will be awarded a Certificate in Business Intelligence, authorized by the Department of Information Systems in College of Business &Economics.

Requirements for the Certificate (12 units)

Required Courses (9 units)

- CIS 5040 - Information Systems (3)
- CIS 5250 - Visual Analytics (3)
- CIS 5270 - Business Intelligence (3)

Elective Courses (3 units)

Completion of one the following courses is required:

- CIS 5250 - Visual Analytics (3)
- CIS 5560 - Introduction to Big Data Science (3)
- CIS 5860 - Information Systems Project and Change Management (3)
- CIS 5910 - Introduction to Big Data Analysis and Development (3)

Post-Baccalaureate Certificate in Business Management

The Post-baccalaureate Certificate Program in Business Management at California State University, Los Angeles is designed to provide the basic business skills to post-baccalaureate and graduate students interested in management positions. The program provides the essentials of business and management to those with limited or no formal education or experience in business. The program consists of seven 3-unit courses.

Prerequisites

- A bachelor’s degree in any field
- Classified graduate standing in the College of Business and Economics
- Consent of adviser

Required Courses (21 units)

- ACCT 5000 - Financial and Managerial Accounting (3)
- CIS 5000 - Foundation of Information Systems (3)
- ECON 5000 - Fundamentals of Business Economics (3)
- ECON 5010 - Quantitative Methods for Business Decision-Making (3)
- FIN 5000 - Business Finance and Law (3)
- MGMT 5100 - Management (3)
- MKT 5000 - Marketing Principles and Concepts (3)

U.S. Department of Education Gainful Employment Disclosure

Program: Certificate in Business Management

Occupations that this certificate program prepares students to enter:
This program provides basic knowledge and skills of management for anyone with no prior training in business. Such knowledge and skills can be applied to any profession and occupation that requires basic management. Specific examples can be located in the following links:
http://www.onetonline.org/find/quick?s=management
http://www.onetonline.org/find/quick?s=general+management

Post-Baccalaureate Certificate in Clinical Counseling

Notice to Students RE: Professional Licensure and Certification

The Certificate in Clinical Counseling is designed for those who are currently enrolled in a master's degree in counseling or psychology and who are seeking to apply for the Licensed Professional Clinical Counselor (LPCC) credential for the State of California. Graduates of similar programs may benefit from using up to three of the seven courses required for the certificate to apply toward the LPCC as required by law (see the Board of Behavioral Sciences website for specific licensure requirements).

Professional clinical counseling is the application of counseling interventions and psychotherapeutic techniques (cognitive, affective, verbal or nonverbal, systemic or holistic counseling strategies that include principles of development, wellness, and maladjustment that reflect a pluralistic society) to identify and remediate cognitive, mental, and emotional issues, including personal growth, adjustment to disability, crisis intervention, and psychosocial and environmental problems.

Information on Eligibility/Admission

Students must either be enrolled in a graduate degree program in counseling, psychology, or closely related profession at CSULA, or an alumnus of such programs. Students must apply to the certificate program coordinator for admission to the program.

There are 21 units of advanced coursework. Certificate students must maintain a minimum GPA of 3.0 across certificate coursework.

Required Courses:

- COUN 5111 - Diagnosis and Treatment in Counseling (3)
- COUN 5112 - Psychopharmacology for Clinical Counselors (3)
- COUN 5113 - Case Management in Counseling (3)
- COUN 5114 - Advanced Theories and Techniques in Counseling (3)
- COUN 5115 - Couples and Family Counseling (3)
- COUN 5330 - Trauma and Crisis Counseling (3)
- COUN 5650 - Substance Use and Co-Occurring Disorders Counseling (3)

Other advanced coursework may be substituted upon approval of the Certificate program coordinator.

NOTE:

For current and additional requirements for this certificate program consult the CSULA Curriculum Handbook.

U.S Department of Education Gainful Employment Disclosure

Program: Certificate in Clinical Counseling, for the Option in Rehabilitation Counseling, Master of Science in Counseling

Occupations that this certificate program prepares students to enter:

- Mental Health Counselors, SOC code 21-1014.00, [http://www.onetcodeconnector.org/ccreport/21-1014.00](http://www.onetcodeconnector.org/ccreport/21-1014.00)
- Rehabilitation Counselor, SOC code 21-1015.00, [http://www.onetcodeconnector.org/ccreport/21-1015.00](http://www.onetcodeconnector.org/ccreport/21-1015.00)
- Substance Abuse and Behavioral Disorder Counselors, SOC code 21-1011.00, [http://www.onetcodeconnector.org/ccreport/21-1011.00](http://www.onetcodeconnector.org/ccreport/21-1011.00)
- Community Health Workers, SOC code 21-1094.00, [http://www.onetcodeconnector.org/ccreport/21-1094.00](http://www.onetcodeconnector.org/ccreport/21-1094.00)
On-time graduation rate for students completing this program:
The additional coursework required for the certificate, five 3-unit courses in addition to the required courses for the Option in Rehabilitation Counseling, will require at least an additional semester of study, most likely two semesters for those working close to full-time.

Cost of Attendance for the entire normal duration (two semesters) of this certificate program:
Once the students enter the Assistant Behavior Analysts Certificate Program, they should be able to complete the certificate in three semesters, at an average of three courses per semester.

Tuition and fees: $7,609.00
Books and supplies: $1,809.00

Median loan debt incurred by students who completed this program:
Data not available - new program offering

The job placement rate for students completing the program:
The certificate and the Licensed Professional Clinical Counselor credential being new, with only about 1,000 new licensees to date and as many in process, job placement data are emerging. The LPCC was created to help fill the need for master's level healthcare providers serving the community of consumers with chronic and severe mental illness. The lifetime prevalence rate for mental illness continues to rise with each survey, the most recent suggesting a 57% lifetime prevalence rate of mental illness.

*For each program, identify the U.S. Dept. of Labor (USDOL) Standard Occupational Classification (SOC) Code(s) of the occupation(s) that the program prepares students to enter (this may be multiple professions/codes). Also, provide web links to occupational profiles on USDOL’s O*NET web site (http://www.onetonline.org/).
Post-Baccalaureate Certificate in Clinical Genetic Molecular Biology Science

A licensed Clinical Genetic Molecular Biologist Scientist (CGMBS) performs specialized molecular diagnostic tests in hospital clinical laboratories, in commercial reference laboratories, or in research and development for biotech companies. The Cal State LA CGMBS Training Program consists of two components, a didactic component and a clinical training component. The CGMBS Training Program provides both didactic and practical clinical training in molecular testing for cancers, genetic disease markers, histocompatibility types, and some infectious diseases to prepare students to sit for the American Society of Clinical Pathology Technologist in Molecular Biology certification exam. Passage of this exam is required to obtain a California license as a CGMBS. A CGMBS license is required to work as a CGMBS in California. Eligibility to take the exam requires a full academic year of clinical training for 52 weeks, 4 days/week, 8 hours/day as well as one 6-hour day/week of face-to-face classes (2 terms of 6 units each).

Clinical Training Affiliates for the CGMBS program have been approved by California Laboratory Field Services.

The Post-baccalaureate Certificate Program for Clinical Genetic Molecular Biology Science is the didactic component of the Cal State LA CGMBS Training Program. The lecture courses required for this program are offered through the College of Professional and Global Education in Special Sessions to students accepted into the Post-baccalaureate CGMBS Training Program.

The courses required in this certificate program provide students with the technical knowledge, critical thinking, and management skills needed to pass the American Society for Clinical Pathologists Technologist in Molecular Biology certification exam. All students admitted to the program must have obtained a Bachelor’s degree in biology or a related science, and have completed the required courses listed below.

Prerequisites for Admission to the Program:

- A minimum of a bachelor's degree in biology or a related science (approved by the program director and accepted by the state of California for the purposes of licensure)
- A minimum of 10 semester (15 quarter) units of Chemistry including an upper division course in Biochemistry
- 18 semester (27 quarter) units of Biology including:
  - 3 semester (4 quarter) units of Genetics
  - 3 semester (4 quarter) units of Molecular Biology or Cell Biology
  - The remaining 12 semester (19 quarter) units in biology must be in advanced genetics or upper division cell biology, molecular biology, or microbiology.
  - At least two of these courses must have laboratory components that include molecular techniques.
- 3 semester (4 quarter) units of college level statistics
- A minimum G.P.A of 2.75 (on a 4 point scale) in the required courses listed above
- These courses must have been completed in last 7 years.
- For candidates with foreign degrees whose language of instruction was not English, a minimum of 90 (IBT), 230 (CBT), or 575 (PBT) TOEFL score AND an upper division course in genetics, molecular biology or cell biology taken in the U.S.A. with a grade of B or better.
- Three (3) letters of recommendation from upper division/graduate course instructors or work supervisors, with at least two letters from instructors
- Pending application to Laboratory Field Services (http://www.cdph.ca.gov/programs/lfs) for a Clinical Genetic Molecular Biologist Scientist Trainee License. Final acceptance for admission to the program is contingent upon receiving this license and acceptance for training by a clinical affiliate.
- A signed statement of good general health from the student’s primary healthcare provider
- Candidates with foreign degrees must have U.S. citizenship or permanent residency in the U.S. to be admitted to the program.
Requirements for the Certificate (12 units)

Required Courses (12 units)

- BIOL 5500A - Advanced Studies in Molecular Diagnostics A. (6)
- BIOL 5500B - Advanced Studies in Molecular Diagnostics B. (6)

Post-Baccalaureate Certificate in Clinical Laboratory Science

A licensed Clinical Laboratory Scientist (CLS) performs the full spectrum of diagnostic tests in hospital clinical laboratories, in commercial reference laboratories, or in research and development for biotech companies. The Cal State LA CLS Training Program consists of two components, a didactic component and a clinical practical training component. The CLS Training Program provides both didactic and practical clinical training in hematology, clinical chemistry, blood banking, microbiology and immunology to prepare students to sit for the American Society of Clinical Pathology Medical Laboratory Scientist certification exam. Passage of this exam is required to obtain a California license as a CLS. A CLS license is required to work as a CLS in California. Eligibility to take the exam requires a full academic year of clinical training for 52 weeks, 4 days/week, 8 hours/day as well as one 8-hour day/week of face-to-face classes (3 terms of 8 units each19 units in total distributed over 3 terms of which one has 7 units and two have 6 units each). Clinical Training Affiliates for the CLS program have been approval by California Laboratory Field Services.

The Post-baccalaureate Certificate Program in Clinical Laboratory Science is the didactic component of the Cal State LA CLS Training Program. The lecture courses required for this program are offered through the College of Extended Studies and International Programs in Special Sessions to students accepted into the Post-baccalaureate CLS Training Program. This is a joint program between Cal State LA and Cal Poly Pomona. The program has been approved as a Gainful Employment Program by the Department of Education. This means that eligible trainees can apply for Federal Financial Aid to support them during the year that they are in the program.

The courses required in this certificate program provide students with the technical knowledge, critical thinking, and management skills needed to pass the American Society for Clinical Pathologists certification exam for Medical Laboratory Scientists. All students admitted to the program must have obtained a bachelor’s degree in biology or related sciences, and have completed the following required courses: inorganic chemistry, analytical chemistry, blood banking, microbiology and immunology to prepare students to sit for the American Society of Clinical Pathology Medical Laboratory Scientist certification exam. Passage of this exam is required to obtain a California license as a CLS. A CLS license is required to work as a CLS in California. Eligibility to take the exam requires a full academic year of clinical training for 52 weeks, 4 days/week, 8 hours/day as well as one 8-hour day/week of face-to-face classes (3 terms of 8 units each19 units in total distributed over 3 terms of which one has 7 units and two have 6 units each). Clinical Training Affiliates for the CLS program have been approval by California Laboratory Field Services.

The Post-baccalaureate Certificate Program in Clinical Laboratory Science is the didactic component of the Cal State LA CLS Training Program. The lecture courses required for this program are offered through the College of Extended Studies and International Programs in Special Sessions to students accepted into the Post-baccalaureate CLS Training Program. This is a joint program between Cal State LA and Cal Poly Pomona. The program has been approved as a Gainful Employment Program by the Department of Education. This means that eligible trainees can apply for Federal Financial Aid to support them during the year that they are in the program.

The courses required in this certificate program provide students with the technical knowledge, critical thinking, and management skills needed to pass the American Society for Clinical Pathologists certification exam for Medical Laboratory Scientists. All students admitted to the program must have obtained a bachelor’s degree in biology or related sciences, and have completed the following required courses: inorganic chemistry, analytical chemistry, organic chemistry, biochemistry, immunology, hematology, medical microbiology, and physics.

Prerequisites for Admission to the Program:

- A bachelor’s degree in biology or related science, received prior to admission to the program.
- 16 semester units (24 quarter units) of chemistry that must include general chemistry (inorganic chemistry), analytical chemistry (quantitative analysis), organic chemistry, and biochemistry.
- 18 semester units (27 quarter units) of biological sciences that must include immunology, hematology, and medical microbiology.
- 3 semester units (4 quarter units) of physics that must include instruction in the principles of light and electricity.
- Prefer at least 4 units of upper division biology laboratory instruction and at least one, and preferably all, of the following courses: physiology, genetics, bio-statistics, and a lab class that includes molecular biology techniques.
- A minimum GPA of 2.75 on a 4-point scale in the required courses listed above. International students must have their transcripts evaluated by the AACRAO transcript evaluation service and their grades must be converted to a 4-point scale.
- These courses must have been completed in last 7 years.
- For candidates with foreign degrees whose language of instruction was not English, a minimum 90 IBT, 230 CBT, or 575 PBT TOEFL score is required. IN ADDITION, an upper division course in hematology (with lab) or medical microbiology (with lab) taken in the U.S.A. with a grade of B or better IS REQUIRED.
- Three (3) letters of recommendation from upper division/graduate course instructors or work supervisors, with at least two letters from instructors.
- Pending application to Laboratory Field Services (http://www.cdph.ca.gov/programs/lfs) for a Clinical Laboratory Scientist Trainee License. Final acceptance for admission to the program is contingent upon receiving this license.
- A signed Statement of General Health form from the student’s primary healthcare provider.
- Candidates with foreign degrees must have U.S. citizenship or permanent residency in the U.S. to be admitted to the program.

Requirements for the Certificate (19 units)
Required Courses (19 units)

- MICR 5100 - Advanced Studies - Hematology (4)
- MICR 5200 - Advanced Studies - Transfusion (3)
- MICR 5300 - Advanced Studies - Clinical Chemistry (6)
- MICR 5400 - Advanced Studies - Medical Microbiology (6)
Notice to Students RE: Professional Licensure and Certification

The post-baccalaureate credit certificate program in Computer Applications in Schools is designed to prepare teachers to use computers in their classrooms and to take leadership roles in their schools. Those who complete the program will be prepared to teach students about computers; to incorporate computers in their instruction; to select and modify instructional software; to evaluate and select hardware; to create multimedia and hypermedia and to use computers to manage classrooms and schools. Completion of this credit certificate program requires 21 units in core and elective courses with a minimum B (3.0) average. Refer to the Graduate and Post-Baccalaureate Studies: General Information section for general regulations governing all certificate programs.

Admission to the Program

In addition to University requirements for admission to graduate study, applicants must have:

1. An earned baccalaureate degree from accredited institution of higher education with a 2.75 grade point average in the last 60 semester units attempted.
2. Official transcripts.
3. An application for formal admission to the program through the Division of Applied and Advanced Studies in Education.

Pre/Co-requisite (3 units)

- EDIT 4300 Information Technologies in the Classroom
- CIS 1200 Information and Technology Literacy
- CS 1200 Living in a Technology-Based World

Requirements for the Certificate (21 units)

Core (12 units)

- EDIT 4510 - Introduction to Educational Technology
- EDIT 4840 - Instructional Technology Authoring Tools
- EDIT 5010 - Instructional Design Theories and Applications
- EDIT 5560 - Technology Leadership and Innovative Learning Systems in Schools

Electives (9 or more units)

Recommended electives (at least 2 courses must come from the following list)

- EDIT 5600 - Educational Web Design and Development
- EDIT 5650 - Introduction to Computer Programming and Data Structure for Educators
- EDIT 5540 - Video Technology in Education

The following electives are also available:
- EDIT 4900 - Special Topics in Instructional Technology (1-3)
- EDIT 4150 - Instructional Technology for Rehabilitation Counseling Education (3)
- EDIT 4100 - Educational Technology for Urban Educators (3)
- EDIT 5100 - Using Educational and Assistive Technology (2)
- EDIT 5400 - Graphic Design for Learning and Performance (3)
- EDIT 5570 - Multimedia Design and Development (3)
- EDIT 5620 - Current Technologies (3)
- EDIT 5630 - Introduction to Human Performance Technology (HPT) (3)
- EDIT 5800 - Applied Experiences in Educational Technology (3)
- EDIT 5940 - Selected Studies in Instructional Technology (1-3)

Post-Baccalaureate Certificate in Educational Therapy

The Certificate in Educational Therapy is designed for those who hold or are obtaining the Education Specialist Instruction Credential in Mild/Moderate Disabilities (or related special education credentials) and seek further knowledge and skills in educational therapy. An educational therapist is an educational professional who combines educational and therapeutic approaches for evaluation, remediation, case management, and communication/advocacy on behalf of children, adolescents and adults with learning disabilities or learning problems. An educational therapist serves the precise needs of individual clients in a private practice or clinic. This certificate provides advanced training in assessment, individualized instruction and remediation, literacy problems and interventions, case management, and advocacy for children with learning problems within an educational therapy practice. The Certificate in Educational Therapy is aligned with the course requirements for associate-level membership in the Association of Educational Therapists (www.aetonline.org). Those who seek membership in the Association of Educational Therapists may need to complete additional courses and supervised hours, depending on their academic records and previous educational experience. Prospective students should contact the coordinator for the Certificate in Educational Therapy program for advisement. Those who obtain this certificate will be prepared to serve students with learning disabilities and other learning challenges in educational therapy settings.

Information on Eligibility/Admission

Students must either be in a graduate degree program at California State University, Los Angeles or must apply for graduate admission to the University. Once admitted to CSULA, prospective students wishing to enroll in the Certificate in Educational Therapy program must apply to the certificate program coordinator for admission into the program.

- Students must hold or be enrolled in the preliminary Education Specialist Instruction Credential in Mild/Moderate Disabilities or related special education credential.
- Students must have completed EDSP 4000 or its equivalent.
- Prerequisite courses required for the core courses in the Certificate in Educational Therapy program must be completed prior to enrolling in the certificate courses.
- Students must have a minimum of two years of experience in the field of education.
- This certificate requires 12 units of coursework with a minimum GPA of 3.0.

Required Courses (12 units)

- EDSP 5203 - Assessment in Educational Therapy
- EDSP 5257 - Advanced Study of Literacy Problems and Specialized Interventions for Students with Mild/Moderate Disabilities
- EDSP 5258 - Principles and Practices of Educational Therapy
- EDSP 5049 - Internship Seminar and Fieldwork in Educational Therapy

U.S. Department of Education Gainful Employment Disclosure

For all new post-baccalaureate and graduate certificate programs, the U.S. Department of Education Gainful Employment information must be provided. Below is a template that may be used. Post-Baccalaureate Certificate in English as a Second or Foreign Language (ESL/EFL)

This postbaccalaureate credit certificate program is designed to prepare students to teach English as a second language (ESL) in post-secondary settings in the U.S. or to teach English as a foreign language (EFL) abroad. Specifically, the program is designed for (A) students who hold a master’s degree in a discipline other than ESL or applied linguistics and wish to be certified to teach ESL in a community college or university and (B) students who plan to teach EFL abroad.

Admission to the Program

Apply for formal admission to the program through the Division of Applied and Advanced Studies in Education.

Requirements for the Certificate (minimum 24 units)

In addition to course requirements, a passing grade for UNIV 400, Writing Proficiency Examination (WPE), is required for issuance of the certificate. A minimum B (3.0) grade point average is required in all course work on the program. Refer to the Graduate and Postbaccalaureate Study chapter of this catalog for general regulations governing all certificate programs.

Prerequisite (3 units)

- TESL 4000 - Linguistics in Language Education (3)

Required Courses (21 units)

- TESL 5600 - Theories of Teaching and Learning Second Languages (3)
- TESL 5610 - Pedagogical Grammar for Teachers of ESL/EFL (3)
- TESL 5620 - Methods for Teaching Second Languages (3)
- TESL 5640 - Teaching English as a Second Language for Academic Purposes (3)
- TESL 5670 - Language Testing (3)
- TESL 5680 - Practicum in English as a Second Language (3)
- TESL 5720 - ESL/EFL Course, Syllabus and Materials Design (3)

Electives (3 units)

Select with advisor approval:

- EDCI 5540 - Research and Methods for Teaching in Bilingual/Cross-Cultural Classrooms (3)
- EDCI 5490 - Developing English Reading/Language Arts Skills in Bilingual/Cross-Cultural Individuals (3)
- EDPN 3520 - Applied Statistics (3)
- EDSP 4010 - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (3)
- ENGL 4101 - Introduction to English Linguistics (3)
- ENGL 4170 - Modern English Grammar (3)
- ENGL 5040 - Seminar: Theories of Composition and Rhetoric (3)
- ENGL 5050 - Seminar: Topics in Composition, Rhetoric, and Language (3)

Post-Baccalaureate Certificate in Enterprise Systems

The Post-Baccalaureate Certificate in Enterprise Systems offers students the ability to gain specialized experience with modules in SAP ERP. More importantly, students gain a better understanding of how decisions in purchasing and materials management, operations planning, and information systems play a role in the success of an organization as a whole.

Large-scale enterprise systems such as Enterprise Resource Planning (ERP)s have become the backbone of today’s information systems. These systems integrate information from all areas of an organization (i.e., marketing, operations, HR, sales) as well as up and down the supply chain.

In today’s business environment, managers must demonstrate proficiency in their understanding of enterprise systems and be able to design, employ, and use these systems effectively as a requirement to a successful career. The Graduate Certificate in Enterprise Systems is designed to provide students with the ability to demonstrate an overall understanding and working knowledge of the function, design, control, and use of ESs. In addition to understanding ERP systems, this certificate also focuses on understanding how, administratively and operationally, each area of the organization interacts, leverages, and affects each other to create a desired outcome across the organization.

The curriculum provides students with sufficient conceptual understanding and applied skills to be able to navigate the complexities of transaction processing and data queries inherent in modern enterprise systems. A particular emphasis is given to the predominant enterprise system within large organizations, SAP, culminating in SAP TERP 10 instruction and the TERP 10 examination.

Program Details

SAP certification is differentiator for business students:

To best use their SAP solutions, companies in a variety of industries want people with ERP certifications using SAP software. Whether in business operations, information systems, project management, or supply chain management, obtaining an ERP Certificate with SAP is a great way to extend the knowledge, stand out in a competitive job market, and make students more valuable resource to the more than 183,000 employers who use SAP software solutions.

This Enterprise Systems Certificate with SAP program was developed so that students gain a valued credential from CSULA, and also meet the requirements for the SAP Student Recognition Award from SAP University Alliances.

This certificate program is a good choice for students who are completing a degree in, employed in, or planning to work in the following fields:

- business management
- operations analysis
- project management
- computer software
- information systems
- supply chain management

Companies in a variety of industries all over the globe use SAP software solutions. Enterprise Systems Certificate with SAP program prepares for positions such as:

- SAP data analyst
- SAP support analyst
- database administrator
- computer systems analyst
- budget analyst
- program manager
Required Courses (12 units)

- **CIS 5040 - Information Systems** (3)
- **CIS 5300 - Enterprise Processes Integrations** (3)
- **CIS 5310 - Advance Topics in ES** (3)
- **CIS 5430 - Databases and Data Warehousing** (3)

Post-Baccalaureate Certificate in Fundamentals of Radar Systems

Joint Program of the Department of Electrical and Computer Engineering at California State University, Los Angeles and Raytheon Corporation

The College of Engineering, Computer Science and Technology (ECST) aims to partner with industry to provide college based credit for a select number of mutually developed and approved courses offered through the College of Professional and Global Education. The Department of Electrical and Computer Engineering, in collaboration with industry partners, has developed the post-baccalaureate certificate in Fundamentals of Radar Systems. The program leverages the expertise of partners in the defense electronics and radar systems industry along with CSULA's well-regarded graduate MSEE program in the communication systems specialization, to offer a unique opportunity to students interested in developing an in-depth knowledge of the basic principles of radar systems.

Admission

Students must be senior undergraduate or have obtained a BS degree in Electrical Engineering or one of the related Engineering and technology fields (e.g., Mathematics, Physics, other Engineering and science disciplines) from a regionally accredited institution. Students must have attained a grade point average of at least 2.5 in their baccalaureate degree coursework.

Requirements for the Certificate (12 units)

Students interested in the program must successfully complete the following four courses with a minimum 3.0 GPA to satisfy the degree requirements:

- EE 5200 - Advanced Digital Communications I (3)
- EE 4260 - Introduction to Fourier Analysis and Applications (3)
- EE 4261 - Basic Principles of Radar (3)
- EE 4262 - Radar Measurement, Modeling and Target Tracking (3)

Post-Baccalaureate Certificate in Geographic Information Systems

The Geographic Information Systems (GIS) credit certificate is offered by the Department of Geosciences and Environment to students with up-to-date theory and technology in spatial analysis in urban planning, political science, and environmental studies. It provides students a Post-Baccalaureate alternative for acquiring a recognized certification for GIS competency.

A total of 12 units in the following courses are required for the certificate. Refer to the Graduate and Post-Baccalaureate Studies: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirement for the Certificate (12 units)

**Fundamental Course (3 units)**

- GEOG 3690 - Fundamentals of Geographic Information Systems (3)

**Analysis and Modeling Course (3 units)**

Select one course from the following:

- GEOG 4690 - Spatial Analysis and GIS Modeling (3)
- GEOG 4700 - GIS Programming and Customization (3)

**Methods and Techniques Course (3 units)**

Select one course from the following:

- GEOG 4660 - Remote Sensing (3)
- GEOG 4710 - GIS Database Management (3)
- GEOG 5600 - Seminar: Methods and Techniques in Geography (3)

**Application Course (3 units)**

Select one course from the following:

- GEOG 4620 - Geographic Information Systems (GIS) Applications (also listed as POLS 4640) (3)
- GEOG 4680 - Digital Cartography (3)
- GEOG 4990 - Undergraduate Directed Study (1-6)

The Post-Baccalaureate Certificate program in Healthcare Leadership is designed to update and prepare healthcare professionals for leading people and change and for navigating their careers in the context of ongoing healthcare reform. The program focuses on current organization and management aspects of healthcare industry. A bachelor’s degree with a 2.5 minimum grade point average and one or more years of healthcare experience are required for admission to the program.

A minimum of 12 units is required: 6 units of required courses and 6 units of electives. Upon successful completion of the program, students will be awarded the Post-Baccalaureate Certificate in Healthcare Leadership.

**Requirements for the Certificate (12 units)**

**Required courses (6 units)**
- MGMT 5305 - Managing the Managed Health Care Organization (3)
- MGMT 5320 - Healthcare Leadership and Talent Management (3)

**Electives: (6 units)**

Select 6 units from the following:
- ACCT 5710 - Accounting for Healthcare Managers (3)
- CIS 5810 - Health Care Information Systems (3)
- MGMT 5300 - Managing Healthcare Organizations (3)
- MGMT 5310 - Decision Making in Healthcare Management (3)
- MGMT 5315 - Comparative Healthcare Systems (3)
- MGMT 5330 - Healthcare Law, Compliance, and Ethics (3)
Post-Baccalaureate Certificate in Higher Education and Career Counseling

The certificate provides postbaccalaureate students the competencies needed to succeed in the field of higher education counseling and career counseling. Students will acquire competencies in the areas of: job development, integrated life planning, lifestyle career development theory, career counseling, higher education counseling, occupational information, community resources, cross-cultural counseling, and career counseling for special populations.

The certificate requires the student to be in a graduate counseling program or to have already completed such a program. All students must complete an academic program plan to enroll in this certificate.

The certificate requires evidence of completion of 12 required units, with a minimum B (3.0) average. Refer to Graduate and Post-Baccalaureate Studies: General Information for general regulations governing all certificate programs.

Requirements (12 units)

Required Courses (12 units)

Data not available
The Post-Baccalaureate Certificate in Nutritional Science program at Cal State LA provides students with the knowledge and skills to apply for a supervised practice program (dietetic internship). Students will be provided a verification statement upon successful completion of all the courses. The curriculum also provides the foundation for students to continue their education at the graduate level in nutrition or related fields. The total number of units required for the Post-Baccalaureate Certificate in Nutritional Science Program is 35.

Admission to the Program

Applicants must meet the university requirements for admission, which include a baccalaureate degree from an accredited institution. To be admitted into the Post-Baccalaureate Certificate in Nutritional Science Program at Cal State, applicants must also meet or provide the following:

1. Apply to the University to be eligible for admission
2. Two letters of recommendation, with one from an academic source.
3. Letter of professional and research goals. Specific directions will be available in the supplemental application.
4. Completion of prerequisites or ability to demonstrate completion prior to beginning program.

Prerequisites to the Program (28 units)

Non-Nutrition undergraduate majors who desire to become registered dietitians must complete these courses prior to beginning program.

- BIOL 2030 - Human Anatomy (4)
- BIOL 2040 - Human Physiology (4)
- CHEM 1010 - Fundamentals of Chemistry (4)
- CHEM 1020 - Fundamentals of Organic Chemistry (4)
- MATH 1090 - Quantitative Reasoning with Statistics, with Lab (also listed as ECON 1090) (4)
- MICR 1010 - Introduction to Microbiology (3)
- PSY 1500 - Introductory Psychology (3)
- and one of the following courses:
  - ANTH 1500 - Introduction to Cultural Anthropology (3)
  - SOC 2010 - Introduction to Sociology (3)

Required Courses for the Certificate (35 units)

- NTRS 3100 - Scientific Aspects of Food Preparation (3)
- NTRS 3130 - Introduction to Nutrition and Dietetics (1)
- NTRS 3150 - Communication Skills in Dietetics (3)
- NTRS 3170 - Introduction to Nutrition and Metabolism (3)
- NTRS 4120 - Nutrition Through the Lifespan (3)
- NTRS 4140 - Institutional Food Service (3)
- NTRS 4150 - Medical Nutrition Therapy (3)
- NTRS 4155 - Medical Nutrition Therapy II (3)
- NTRS 4170 - Advanced Nutrition I (3)
- NTRS 4175 - Advanced Nutrition II (3)

Program
Post-Baccalaureate Certificate in Nutritional Science

Occupations that this certificate program prepares students to enter
- Dietitian and Nutritionist 29-1031.00 - https://www.onetonline.org/link/summary/29-1031.00
- Dietetic Technicians 29-2051.00 - https://www.onetonline.org/link/summary/29-2051.00

On-time graduation rate for students completing this program
3 semesters

Cost of Attendance for the entire normal duration of this certificate program
- Tuition and fees: $14,000
- Books and supplies: $1,948

Median loan debt incurred by students who completed this program
$16,000

The job placement rate for students completing the program
Students can become Diet Technicians once they finish the program and take a credentialing exam. However, most students will want to continue to complete a supervised dietetic internship, which will prepare them for a job as a Registered Dietitian Nutritionist. Nutrition, as a profession, has a positive job outlook, and there is a 16% projected increase in jobs for dietitians and nutritionists through 2024 (https://nutritionsciencedegree.org/nutrition-science-jobs-and-career-outlook/).

We’ve never had this type of program before so it is impossible to actually provide a job placement rate for students completing the program.
Post-Baccalaureate Certificate in Online Teaching and Learning (COTL)

The Certificate Program in Online Teaching and Learning is designed to meet the growing needs of online educators in a wide variety of teaching sectors like K-12 teachers, Higher Education faculty, Community College Professors, non-profits, governmental agencies and businesses that develop online training programs. The Online Teaching and Learning certificate is designed for both experienced trainers and educators and those interested in entering the field of online teaching and learning including:

- K-12 teachers (blended classrooms and virtual schools)
- Vocational and community college instructors (adjunct and full time)
- College and university professors (adjunct and full time)
- Doctors, Nurses and other Health educators involved in patient education, continuing education or in-service education, community health education professionals, or academic healthcare education
- K-16 Curriculum consultants, professional development, technology coordinators, and distance education leaders
- Continuing education facilitators and trainers in professional associations, nonprofit organizations, business, government, and military interested in teaching online and blended courses, or using web-based components to enhance face-to-face instruction.

Admission to the Program

In addition to University requirements for admission to graduate study, applicants must have:

1. An earned baccalaureate degree from accredited institution of higher education with a 2.75 grade point average in the last 60 semester units attempted.
2. Official transcripts.
3. An application for formal admission to the program through the Division of Applied and Advanced Studies in Education.

The following are the program objectives:

1. To provide students with a basic theoretical foundation in online teaching and learning pedagogy.
2. To make students’ understand the major themes that characterize online learning and how they differ from traditional classroom instruction.
3. To provide students with skills in online Instructional Design, development, implementation and evaluation.
4. To provide students with skills and strategies for various pedagogies of online teaching and learning.
5. To provide students with skills on new technology tools and universal design for authoring and delivering online courses and training programs.
6. To provide personalized opportunities to diverse students (K-12, higher education, corporate, military, governments, non-profits, healthcare etc…) to create, teach and facilitate online programs and courses in their respective fields.
7. To provide students with 21st century skills and knowledge to be able to critically evaluate online programs, tools used in online teaching and learning, online learning environments and online learners.
8. To provide students with global perspectives on online education and engage in research related to the rhetoric and reality of online education.

Requirements for the Certificate (12 Semester units)

A total of 12 semester units are required.

Post-Baccalaureate Certificate in Postsecondary Reading

The post-baccalaureate Certificate in Postsecondary Reading program provides professional preparation and training in the theory and practice of teaching reading to adults. Coursework in reading theory and pedagogy with teaching and/or tutoring experience provides the competencies and skills necessary to teach reading to adults.

Eligibilities

- Students must either be in a graduate degree program at California State University, Los Angeles or must apply for graduate admission to the University.
- Once admitted to CSULA, prospective Postsecondary Reading Certificate students must apply to the Reading Programs Co-Coordinators for admission to the program.
- Students must successfully complete the Writing Placement Exam (WPE) or have a score of 41 or better on the writing section of the CBEST no later than the second term of coursework at California State University, Los Angeles.
- The program is designed for graduate students who expect to teach in community college and/or adult education settings. Students must provide evidence from coursework related to adult readers in order to earn the certificate in postsecondary reading.

Pre/Co-Requisites to the Program

- Teaching Credential
  or
  - EDSE 4501 - Language and Literacy in Context (1) and
  - EDSE 4502 - Understanding Academic Language Development (3)
  or
  - Equivalent reading methodology course

Program Requirement

The Post-Baccalaureate Certificate in Postsecondary Reading requires 15 units of coursework with a minimum GPA of 3.0.

Program Requirement (15 units)

Required Courses (12 units)

- EDCI 5220 - Literacy Assessment and Instruction (3)
- EDCI 5400 - Reading and Writing Clinical Practicum (3)
- EDCI 5410 - Field Work in Reading, Writing and Related Language Arts (3)
- EDCI 5490 - Developing English Reading/Language Arts Skills in Bilingual/Cross-Cultural Individuals (3)

Elective (3 units)

Choose one of the following:

- EDCI 5210 - Research in Teaching Reading, Writing, and Related Language Arts (3)
- EDCI 5230 - Advanced Writing Assessment and Instruction in Schools (3)

Post-Baccalaureate Certificate in Real Estate

This program is designed to prepare individuals who have earned a bachelor's degree in a field other than real estate for entry into a variety of real estate careers, including sales, investment, management, and mortgage banking. It meets the course requirements for the California Real Estate Salesperson Exam.

A total of 12 units will be required for completion of this certificate program. This program can be completed without any additional pre-requisites; however, FIN 3810 and has FIN 2050 (Business Law) as a prerequisite. Upon completion of course requirements, students will be awarded a Certificate in Real Estate.

This certificate is open to all students except for those completing a BSBA with an Option in Real Estate or a Minor in Real Estate.

Requirement for the Certificate (12 units)

Required Courses (6 Units)

- FIN 3380 - Real Estate Principles (3)
- FIN 3390 - Real Estate Practice (3)

Electives (6 units from the following list)

- FIN 3810 - Real Estate Law (3)
- FIN 4320 - Real Estate Management (3)
- FIN 4380 - Real Estate Valuation (3)
- FIN 4390 - Real Estate Finance (3)
- FIN 4930 - Real Estate Investment (1-3)
The Special Education Paraprofessional Certificate provides candidates who intend to work in diverse educational settings, and with diverse populations of learners, the knowledge and strategies necessary to support students with special needs. Classes emphasize the understanding and use of evidence-based strategies paraprofessionals must possess in order to assist teachers and other professionals in the field.

In addition to the university requirements for admission, applicants should be employed as a paraprofessional or desire to seek work as a paraprofessional.

Requirements for the Certificate (12 units)

Required Courses (9 units)

- EDSP 4000 - Foundations of Special Education (3)
- EDSP 4010 - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (3)
- EDSP 4030 - Behavior Supports, Social Skills, and Classroom Management (3)

Electives (3 units)

Students will select from one of the following elective courses:

- EDSP 4160 - Working with Families of Young Children with Special Needs (3)
- EDFN 4400 - Educational Foundations: Schooling in a Diverse Society (3)
  Other electives with advisor approval

U.S. Department of Education Gainful Employment Disclosure

1. Program: Special Education Paraprofessional Certificate

2. Occupations that this certificate program prepares students to enter:

   Perform duties that are instructional in nature or deliver direct services to students or parents. Serve in a position for which a teacher has ultimate responsibility for the design and implementation of educational programs and services. Excludes “Graduate Teaching Assistants” (25-1191).

   SOC code 25-9041 Teacher Assistants $26,550
   http://www.bls.gov/oes/current/oes259041.htm
   http://www.onetonline.org/link/summary/25-9041.00

3. On-time graduation rate for students completing this program:

   Expect those to graduate within two semesters. Expectation of 80% graduation rate according to the Division Special Education current student rates. It is expected that many of those who graduate from the certificate program would continue with their education by applying to and then enrolling in a teaching credential program in the CCOE. A benefit of the proposed certificate program would be for graduates to see a step system into becoming teachers or other professionals in education or related fields of study.
4. Cost of Attendance for the entire normal duration: Total duration is 4 semester courses: two semesters, at two courses per semester) of this certificate program:
   
   Tuition and fees: $3,684.00  
   Books and supplies: $400 (new books, unused)

5. Median loan debt incurred by students who completed this program:
   
   $4,000

6. The job placement rate for students completing the program: 100% expected. Students who are enrolled would likely be eligible to work as paraprofessionals immediately upon enrollment in the program. Many school districts offer financial incentives for paraprofessionals who have added training. Some districts offer higher salaries for paraprofessionals who have completed a higher level of training while others provide monetary incentives for participation in training. In addition, graduates from the proposed certificate program are able to apply for teaching credential in education specialist program and their completed coursework would be embedded into the education specialist credential.
Post-Baccalaureate Certificate in Speech-Language Pathology (Master’s Preparation)

This post baccalaureate credit certificate program is designed to prepare students with undergraduate degrees in fields other than communication disorders for entry into master’s degree programs in Speech-Language Pathology. Holders of this certificate will attain the student learning outcomes typically attained in undergraduate degree programs in communication disorders. Specifically, certificate holders will have knowledge of 1) basic human communication and swallowing processes, including their biological, neurological, acoustic, psychological, developmental, and linguistic and cultural bases, and 2) the nature of communication and swallowing disorders and differences, including their etiologies, characteristics, anatomical/physiological, acoustic, psychological, developmental, and linguistic and cultural correlates.

Student must receive a grade of "C" or better in each class and maintain a minimum GPA of 2.50 to continue in the program. Completion of the program for awarding of the certificate requires 39 units of coursework with a minimum 3.0 grade point average. Refer to the Graduate and Postbaccalaureate Study chapter of this catalog for general regulations governing all certificate programs. Obtaining the certificate does not guarantee admission to the MA program in Speech-Language Pathology at CSULA.

Required Courses:

- COMD 4000 - Hearing Science (3)
- COMD 4020 - Audiology and Audiometry (3)
- COMD 4200 - Rehabilitative Audiology (3)
- COMD 4560 - Language Development (also listed as CHDV 4920) (3)
- COMD 4800 - Research Methods in Communication Disorders (3)
- COMD 4600 - Introduction to Language Science (3)
- COMD 4610 - Descriptive Phonetics (3)
- COMD 4620 - Anatomy and Physiology of the Speech Mechanism (3)
- COMD 4630 - Neuroscience of Communication (3)
- COMD 4710 - Primary and Secondary Language Disorders in Children and Adolescents (3)
- COMD 4720 - Fluency and Speech Sound Disorders (3)
- COMD 4730 - Communication Disorders in Voice, Cleft Palate, and Cerebral Palsy (3)
- COMD 4750 - Cultural/Linguistic Diversity in Communication Disorders (3)
Post-Baccalaureate Certificate in Storytelling for Teachers and Classrooms

The post-baccalaureate credit certificate program in Storytelling for Teachers and Classrooms is designed for persons with an interest in the techniques, theories, and literature associated with the ancient and modern art of using storytelling. The certificate is especially valuable for teacher use in classroom instruction for improving communication skills, practicing narrative methods and gaining knowledge of digital storytelling techniques related to classroom inquiry; it can also be used effectively by librarians and recreation leaders. This program is open to matriculated, upper division undergraduate and post-baccalaureate students. The program may also be completed concurrently with a Master’s degree option by substituting courses required in the MA options with courses in the certificate program, subject to advisor approval. Completion of this credit certificate program requires 12 semester units in required coursework.

Requirements for the Certificate (12 units)

Completion of this credit program requires 12 semester units in required courses.

- **EDCI 4270 - Current Topics in Multicultural Children's Literature** (3)
- **EDCI 4730 - Storytelling for Teachers** (3)
- **EDIT 4100 - Educational Technology for Urban Educators** (3)
- **EDEL 5980 - Graduate Directed Study** (1-3)

Post-Baccalaureate Certificate in Teaching Learners with Special Needs in General Education Classrooms

Designed for general educators who already hold multiple or single subject credentials, the Post-Baccalaureate Certificate in Teaching Learners with Special Needs in General Education Classrooms provides professional preparation in assessment, positive behavior interventions, curricular and instructional adaptations, and collaboration, enabling general educators to more effectively meet the needs of exceptional students in their classrooms.

Eligibility

Students must either be in a graduate degree program at California State University, Los Angeles or must apply for graduate admission to the University. Once admitted to CSULA, prospective students wishing to enroll in the Post-Baccalaureate Certificate in Teaching Learners with Special Needs in General Education Classrooms must apply to the certificate program coordinator for admission into the program.

- Students must hold a preliminary or clear multiple or single subject credential.
- Students must complete EDSP 4000 or its equivalent.
- This certificate requires a minimum of 12 units of coursework with a minimum GPA of 3.0.

Requirements for the Certificate (12 units)

Required Courses (9 units)

- EDSP 4020 - Assessment and Educational Planning for Students with Disabilities (3)
- EDSP 4030 - Behavior Supports, Social Skills, and Classroom Management (3)
- EDSP 4252 - Instructional Planning and Delivery for Students with Mild/Moderate Disabilities (3)

Electives (3 units)

Students must choose at least one elective course, including but not limited to the following courses. The elective course must be selected with and approved by the certificate program coordinator. Some electives may require additional courses as prerequisites.

- EDSP 4040 - Collaboration, Co-Teaching, and Consultation for Effective Education and Transition Planning (3)
- EDSP 4050 - Instruction to Support Students with Disabilities in Core English/Language Arts Curriculum (3)
- EDSP 4253 - Instruction, Assessment, and Curricular Supports in Mathematics, Science and Social Studies for Students with Mild/Moderate Disabilities (3)
- EDSP 5254 - Educating Individuals with Emotional/Behavioral Disorders (3)
- EDSP 5255 - Advanced Methods in Mild/Moderate Disabilities (3)
- EDSP 5257 - Advanced Study of Literacy Problems and Specialized Interventions for Students with Mild/Moderate Disabilities (3)
- EDSP 5886 - Educating Students with Autism Spectrum Disorders (3)

Post-Baccalaureate Certificate in Women’s, Gender, and Sexuality Studies

The Certificate in Women’s, Gender, and Sexuality Studies is a 15-unit interdisciplinary course of study that engages students in critical thinking about social categories of gender, sex, and sexuality, particularly as they intersect with other social categories integral to the construction of gender, sex, and sexuality including race, ethnicity, class, and nation. Building upon the historical foundation of scholarship in Women’s Studies, the Certificate in Women’s, Gender, and Sexuality Studies provides a space for inquiry regarding the social construction, lived experience, and politics of representation of bodies in a variety of social, cultural, historical, and political contexts. The Certificate provides students with “core” knowledge about women, genders, and sexualities from a theoretical, multicultural, and historical perspective while also allowing students to select from elective courses across the disciplines to meet their own research, career, and educational goals.

The Post Baccalaureate Certificate in Women’s, Gender, and Sexuality Studies is comprised of a total of 15 units in required and elective courses. Applicants with a baccalaureate degree (B.A. in any field) and a 2.5 GPA in their last 90 quarter units will be eligible for admission to the certificate program. Once accepted, students will be required to develop a plan of study in consultation with an advisor.

There are no other prerequisites for admission to the program, but 

WGSS 4000 requires the completion of 

WGSS 2000 or comparable coursework. Some electives may also require prerequisites.

Requirements for the Certificate (15 units)

Core Courses (9 units)

- WGSS 4000 - Knowledge, Power, and Research Justice in Women’s, Gender, and Sexuality Studies (3)
- WGSS 5000 - Integrative Seminar in Women’s, Gender, and Sexuality Studies (3)

Select one of the following for the Multicultural/Transnational Requirement. Courses not taken to fulfill this requirement may be taken as electives.

- WGSS 4290 - Chicana Feminisms and Women’s Movements (also listed as CLS 4290) (3)
- WGSS 4480 - Sexualities and Gender Diversity in Global Perspective (also listed as ANTH 4480) (3)
- WGSS 4650 - Gender, Sexuality, and Transnational Migration (also listed as LAS 4650) (3)
- WGSS 4710 - Global Feminisms (3)
- WGSS 4722 - Women, Gender, and Sexuality in Asian American Communities (also listed as AAAS 4722) (3)
- WGSS 4820 - Latin American Women’s Movements (also listed as LAS 4820) (3)
- PAS 4120 - Third World Women and Development (3)

Electives (select 6 units from the following courses or from unused courses above)

- WGSS 5090 - Seminar in Queer Studies in Education (also listed as EDFN 5090) (3)
- WGSS 4050 - Queer Theory (3)
- WGSS 4100 - Chicana and Mexican Women Writers (also listed as ML 4100) (3)
- WGSS 4130 - Issues in Feminist Philosophy (also listed as PHIL 4130) (3)
- WGSS 4160 - Feminist Theories and Contemporary Society (also listed as SOC 4160) (3)
- WGSS 4540 - Special Topics in Women’s Studies (3)
UGSS 4840 - Chicana/Latina Narratives and Community History (3)
- HIST 4090 - Sexuality in the Americas (3)
- HIST 4850 - U.S. Women to 1877 (3)
- HIST 4860 - U.S. Women, 1877 to the Present (3)
- PAS 4060 - Black Women Leaders in Thought and Politics (3)
- PAS 4080 - Black Sexuality (3)
- SOC 4430 - Social Policy, Inequity and Non-Traditional Families (3)

Post-Baccalaureate Certificate: California Reading Certificate

Overview

The California Reading Certificate is a postbaccalaureate credit program for an added authorization certificate issued by the California Commission on Teacher Credentialing. It authorizes the holder to assess student reading and provide reading instruction in response to those assessments. Certificate holders may perform the following services at a single school site at the grade level authorized by their prerequisite teaching credential:

- Develop and implement reading curriculum
- Adapt reading content curriculum
- Assist classroom teachers in these areas

The California Reading Certificate Program closely corresponds with the first half of the Reading and Language Arts Specialist Credential program and the Postsecondary Reading Certificate program. All the classes in the reading certificate program are in the M.A. in Education: Option in Reading Program.

Admission to the Program

For admission to the program, applicants must:

- Meet the university requirements for admission to graduate study,
- Have a 3.0 or higher grade point average in their last 60 semester (or 90 quarter) units attempted, and
- Have completed basic courses in teaching reading and writing teaching methodology:
  - Hold a basic teaching credential, or
  - EDEL 4150 and EDEL 4160, or
  - EDSE 4501 and EDSE 4502, or
  - Equivalency

For admission to the program, see a faculty member who advises for the program. A list of these faculty members and their office hours is available in King Hall C2097.

Requirements for the Certificate

Students must complete 15 units of required course work and fulfill 6 units of co-requisites. In addition to the unit requirements, students must satisfy the following:

- Have a preliminary Teaching Credential (i.e., Multiple Subject, Single Subject, or Educational Specialist Teaching Credential). Students may work towards the Reading Certificate while they are completing the requirements for their preliminary teaching credential.
- Have verified the completion of three years of successful full-time teaching experience after receiving a basic teaching credential. Students who finish the program before they complete their experience requirement will be eligible for the reading certificate once they finish this requirement

Post-Master’s Certificate for Nursing Administration

Post-Master’s Certificate Programs

Notice to Students RE: Professional Licensure and Certification

The School of Nursing offers post-master’s Certificate Programs for nurses who have a master’s degree in Nursing and who would like to take existing courses within the Master of Science degree in Nursing. The post-master’s certificates have different requirements for students admitted with a Master’s degree with a nurse practitioner specialty and who is certified as a Nurse Practitioner compared with those students who hold other nursing master’s degree. At the completion of the course work, individuals who are not currently Nurse Practitioners and complete one of the Nurse Practitioner certificates will qualify to apply to the California Board of Registered Nursing for state certification as nurse practitioners. All who complete a Nurse Practitioner certificate program will be eligible to sit for a national certification examination in that Nurse Practitioner specialty. Nurses who are currently Certified Nurse Practitioners and have been working in that role will only be required to take the specialty classes for a new specialty. They will also have to meet the required clinical hours mandated by the national organization that certifies their specialty. Nurses who are not currently Nurse Practitioners and who wish to pursue one of the Nurse Practitioner options will be required to take the advance practice core prior to taking the specialty courses.

Admission Requirements for all Post-Master’s Certificate Programs:

- Current California Registered Nurse License
- Master’s degree in Nursing (MSN or MN)
- Completion of a second application to the School of Nursing including 2 references and an essay
- Completion of a basic recent (within five years) physical assessment course unless currently certified and practicing as a nurse practitioner
- Satisfactory background check

Prior to entering the first clinical lab, students must have University liability insurance, a satisfactory background check, a current American Heart Association CPR card, a satisfactory annual physical examination, proof of immunity to specified infectious diseases, an initial 2 step Mantoux skin test and a chest X-ray if there is evidence of a positive TB skin test. Drug screening may be requested depending on agency requirements.

Requirements for Post-Master’s Nurse Practitioner Certificate Program

Nurse Practitioner Advanced Practice Core Courses (12 units)

Prerequisites to entry for Certified Nurse Practitioners, Required for nurses with other Master’s degrees.

- NURS 5280 - Advanced Pharmacology (3)
- NURS 5669 - Advanced Pathophysiology (3)
- NURS 5720 - Advanced Assessment and Diagnostic Reasoning (3)
- NURS 5730 - Advanced Assessment Practicum (3)

Post-Master’s Certificate for Nursing Administration

The School of Nursing offers a post-master’s Nursing Administration Certificate program. This program is for nurses who have a master’s degree in nursing and who would like to take courses in the Nursing Administration option, within the Master of Science Degree in Nursing.

Requirements for Award of the Certificate (19 units)
Students will qualify for the award of the Nursing Administration Post-Master’s Certificate after they have successfully completed the required certificate courses with a 3.0 or higher GPA.

**Required Option Courses (10 units)**

- **NURS 5640 - Advanced Concepts in Health Care Leadership and Management** (3)
- **NURS 5641 - Advanced Concepts in Healthcare Leadership and Management II** (3)
- **NURS 5950 - Graduate Nursing Field Study** (1-9) (2,2) (4 units required)

**Required Non-Nursing Courses (9)**

- **MGMT 5335 - Financial Management of Healthcare Organizations** (3)
- **MGMT 5100 - Management** (3)
- **CIS 5810 - Health Care Information Systems** (3)
Post-Master’s Certificate in Adult-Gerontology Acute Care Nurse Practitioner (AGACNP)

Program Description – Post-Master’s Certificate in Adult Gerontology Acute Care Nurse Practitioner (AGACNP)

The Patricia A. Chin School of Nursing offers a postmaster’s Certificate in Adult-Gerontology Acute Care Nurse Practitioner (AGACNP) for nurses who have a master’s degree in Nursing and who would like to take existing courses within the Master of Science degree in Nursing. This program prepares the graduate to work with acutely ill adults in a variety of acute care settings including clinics, emergency departments, acute hospital-based settings, and intensive/critical care units. With a strong emphasis on research and evidence-based practice, students follow a curriculum that includes both theoretical content and planned clinical experiences that emphasize holistic patient care and a collaborative, interdisciplinary team approach. Upon completion of the program, graduates are fully eligible to take the national acute care nurse practitioner examination.

This postmaster’s certificate has different requirements for students admitted with a Master’s degree with a nurse practitioner specialty and who is certified as a Nurse Practitioner compared with those students who hold other nursing master’s degrees. At the completion of the course work, individuals who are not currently Nurse Practitioners and complete one of the Nurse Practitioner certificates will qualify to apply to the California Board of Registered Nursing for state certification as nurse practitioners. All who complete a Nurse Practitioner certificate program will be eligible to sit for a national certification examination in that Nurse Practitioner specialty.

Admission Requirements to the Program

- Current California Registered Nurse License
- Master’s degree in Nursing (MSN or MN)
- Completion of a second application to the School of Nursing including 2 references and an essay
- Completion of a basic recent (within five years) physical assessment course unless currently certified and practicing as a nurse practitioner
- One year of clinical practice working with acutely ill adults
- Advanced Cardiac Life Support Certification
- Specialty Nurse Certification (such as CCRN)
- BRN requires Pharmacology to be completed within 5 years prior to the time of completing the furnishing number application.

Requirements for the Certificate

This program consists of 20 units of specialty theory and clinical practice. Students successfully completed the program courses with a 3.0 or higher GPA are qualified for the certificate.

Requirements for the Certificate (20 units)

- **NURS 5161 - Advanced Acute Care Management I for the Adult Gerontology Acute Care Nurse Practitioner**
- **NURS 5162 - Advanced Care Management II for the Adult Gerontology Acute Care Nurse Practitioner**
- **NURS 5171 - Advanced Practicum I for the Adult-Gerontology Acute Care Nurse Practitioner**
- **NURS 5172 - Advanced Practicum II for the Adult-Gerontology Acute Care Nurse Practitioner**

Post-Master’s Certificate in Applied Behavior Analysis

This program is designed for students who are currently enrolled in a master’s degree or have already obtained a master’s degree in either Psychology, Counseling, School Psychology, Teacher Education, Educational Administration, Special Education, or a related field, who wish to acquire knowledge and expertise in the field of Applied Behavior Analysis. This certificate program is designed to prepare behavior analysts and provides practitioners, such as school psychologists, counselors, resource and program specialists, administrators, and others who work with students and teachers, the opportunity to develop specialized skills for designing, implementing and evaluating Applied Behavior Analysis programs in behavior management, motivation, consultation, and teaching.

Admission Requirements:

- Admission to Cal State L.A.
- Have a master’s degree in Psychology, Counseling, School Psychology, Teacher Education, Educational Administration, Special Education, or related field or currently enrolled in a master’s degree program from the above-mentioned disciplines.
- Have a minimum 3.0 GPA from master’s or baccalaureate degree.

The certificate includes the following courses in counselor education (18 units) with a minimum B (3.0) average. Refer to the Graduate and Post Baccalaureate Study chapter of this catalog for general regulations governing all certificate programs.

Required Courses (18 units)

- COUN 5010 - Experimental Foundations of Applied Behavior Analysis (3)
- COUN 5012 - Legal and Ethical Issues in Applied Behavior Analysis (3)
- COUN 5014 - Conceptual Analysis of Behavior (3)
- COUN 5016 - Applied Behavior Analysis (3)
- COUN 5018 - Behavioral Assessment and Interventions (3)
- COUN 5020 - Behavioral Consultation (3)
- COUN 5910 - Research Methods in Single Subject Design (3)

Post-Master’s Certificate in Family Nurse Practitioner (FNP)

The Patricia A. Chin School of Nursing offers a postmaster’s Certificate in Family Nurse Practitioner for nurses who have a master’s degree in Nursing and who would like to take existing courses within the Master of Science degree in Nursing. The Family Nurse Practitioner (FNP) program prepares advanced practice nurses as providers of primary care to manage the health of urban families.

Emphasis of this specialty is on health promotion, disease prevention, and management of common acute episodic illnesses and chronic health problems among culturally diverse clients across the life span. Care for individuals, families and the community is experienced through direct advanced nursing care, consultation, collaboration, coordination and referral in a variety of community-based and ambulatory care settings. The graduate of this program will provide leadership and promote research in the delivery of quality health care services to multicultural and vulnerable groups in a variety of settings including primary and ambulatory care such as family practice private offices or community clinics, K – 12 schools, women’s health clinics and practices, pediatric offices, occupational health, urgent care, specialty clinics, sports medicine, or travel medicine.

Graduates are prepared to be recognized as advanced practice nurses by the California State Board of Nursing and to take the Family Nurse Practitioner Certification Examination through the American Nurses Credentialing Center and the American Academy of Nurse Practitioners.

This postmaster’s certificate has different requirements for students admitted with a Master’s degree with a nurse practitioner specialty and who is certified as a Nurse Practitioner compared with those students who hold other nursing master’s degrees. At the completion of the course work, individuals who are not currently Nurse Practitioners and complete one of the Nurse Practitioner certificates will qualify to apply to the California Board of Registered Nursing for state certification as nurse practitioners. All who complete a Nurse Practitioner certificate program will be eligible to sit for a national certification examination in that Nurse Practitioner specialty.

Admission Requirements to the Program

- Current California Registered Nurse License
- Master's degree in Nursing (MSN or MN)
- Completion of a second application to the School of Nursing including 2 references and an essay
- Completion of a basic recent (within five years) physical assessment course unless currently certified and practicing as a nurse practitioner
- Completion of the program prerequisites: NURS 5280, NURS 5660, NURS 5720, NURS 5730, total 12 units.
- BRN requires Pharmacology to be completed within 5 years prior to the time of completing the furnishing number application.

Requirements for the Certificate

This program consists of 20 units of specialty theory and clinical practice. Students successfully completed the program courses with a 3.0 or higher GPA are qualified for the certificate.

Post-Master’s Certificate in Nursing Education

Program Description

The School of Nursing offers a post-master’s Nursing Education certificate program. This program is for nurses who have a Master’s degree in nursing and who would like to take courses in the Nursing Education Option, within the Master of Science degree in Nursing. The purpose of the Nursing Education Post-Master’s Certificate option is to prepare graduates with competencies in knowledge and skills as a nurse educator in a variety of settings. The theoretical component prepares students in advanced scientific nursing knowledge, educational theories, teaching methodologies, evaluation, and curriculum design and development. Coordinated practical experiences are designed to provide a beginning teaching experience in staff development, client education programs, and collegiate nursing. The student will be given the opportunity to participate in both classroom and clinical teaching and to investigate the broader role of the faculty member within the academic and service setting.

Admission Requirements:

- Current California Registered Nurse License
- Master’s degree in Nursing (MSN or MN)
- Completion of a second application to the School of Nursing including 2 references and an essay
- Completion of a basic recent (within five years) physical assessment course unless currently certified and practicing as a nurse practitioner
- Satisfactory background check

Additional Admissions Requirements for Nurses with other Master’s Degree to entry for Certified Nurse Practitioners:

- Admission into the program
  - Prior to entering the first clinical lab, students must have University liability insurance, a satisfactory background check, a current American Heart Association CPR card, a satisfactory annual physical examination, proof of immunity to specified infectious diseases, an initial 2 step Mantoux skin test and a chest X-ray if there is evidence of a positive TB skin test. Drug screening may be requested depending on agency requirements.

Requirements for Award of the Certificate

Students will qualify for the award of the Nursing Education post-master’s certificate after they have successfully completed the required certificate courses, a total of 15 units, with a 3.0 or higher GPA.

Requirements of the Certificate (15 units)

- EDIT 4300 - Information Technologies in the Classroom (3)
- NURS 5601 - Development of Educational Programs I (2)
- NURS 5602 - Development of Educational Programs II (2)
- NURS 5603 - Educational Theories in Nursing (2)
- NURS 5950 - Graduate Nursing Field Study (1-9) (complete 6 units)

Preliminary Administrative Services Credential

Regulations, policies, and procedures governing the program for the Preliminary Administrative Services credential, available from the division office, were developed in accordance with guidelines developed by the California Commission on Teacher Credentialing. The program is based on a set of competencies necessary for successful performance as a California school administrator.

Admission to the Program

In addition to general university requirements for admission to graduate study, applicants to the Preliminary Administrative Services Credential program must meet the following requirements:

- Possession of a baccalaureate degree from a regionally accredited institution of higher education.
- A 2.75 grade point average in the last 60 semester units attempted.
- Positive review of application materials and assignment of permanent advisor.
- Two years of successful teaching experience in K-12 schools with a California Professional Teaching Credential or any equivalent credential approved by the California Commission on Teacher Credentialing.
- Successful completion of the Writing Proficiency Examination (WPE) or any equivalent inventory approved by the university.
- Two (2) positive recommendation letters, including one from a practicing school administrator.
- Meeting of admission standards developed by the Division of Applied and Advanced Studies in Education (refer to the EDAD student handbook).
- Orientation/screening interviews with program faculty.
- A program of study approved by the advisor and division chair.

Upon completion of the program, receiving division recommendation and submitting an application and attendant fees, candidates receive a Certificate of Eligibility for the Preliminary Administrative Services Credential. The certificate authorizes one to seek initial employment as an administrator, but does not authorize ongoing administrative service. The certificate of eligibility is converted to the Preliminary Administrative Services credential upon confirmation of employment as an administrator for all administrative and supervisory services from prekindergarten through grade 12 in California public schools. This credential is valid for 5 years and must be replaced by a professional administrative services credential before it expires.

Minimum Credential Requirements (54 units)

The following requirements are subject to change without notice. Students should consult the division for current requirements. Minimum requirements for issuance of the Preliminary Administrative Services Credential include:

- Residency Requirement: At least 22 semester units for the Preliminary Administrative Services credential program must be completed in residence at Cal State LA.
- All courses for completing the credential must be completed within 7 years from when the first course is taken.
- Thirty-six units of acceptable postbaccalaureate course work as listed below.
- Completion of the required courses.
- A passing score on the California Basic Educational Skills Test (CBEST).
- Three years of successful full-time classroom teaching experience or equivalent K-12 school experiences that are approved by the California Commission on Teacher Credentialing.
- Completion and successful presentation of a professional digital portfolio.
- A valid California Professional Teaching Credential or any equivalent credential approved by the California Commission on Teacher Credentialing.
Required Courses (36 units)

Recommended Sequence:

- EDAD 5001 - Introduction to Educational Administration (3)
- EDAD 5101 - Laboratory for Educational Administration Digital Portfolios (1)
- EDAD 5061 - Educational Leadership (3)
- EDAD 5161 - Fieldwork in Educational Leadership (1)
- EDAD 5062 - Research and Data Assessment (3)
- EDAD 5162 - Fieldwork in Research and Data Assessment (1)
- EDAD 5063 - Pluralism, Collaboration, and Social Justice (3)
- EDAD 5163 - Fieldwork in Pluralism, Collaboration, and Social Justice (1)
- EDAD 5064 - School Law (3)
- EDAD 5164 - Fieldwork in School Law (1)
- EDAD 5065 - Instructional Leadership (3)
- EDAD 5165 - Fieldwork in Instructional Leadership (1)
- EDAD 5066 - School Management (3)
- EDAD 5166 - Fieldwork in School Management (1)
- EDAD 5067 - School Finance (3)
- EDAD 5167 - Fieldwork in School Finance (1)
- EDAD 5280 - Clinical Internship (2)

- * EDAD 5290 - Reflection and Portfolio Assessment (2) and
- EDPN 5960 - Comprehensive Exam (0)

*To be taken during the last quarter of the program
Psychology, B.A.

The Bachelor of Arts degree in Psychology is both a preparation for advanced study and a terminal liberal arts degree. The total number of units required for the Bachelor of Arts degree in Psychology is 120 units, of which 50-51 units are in the major depending on the courses selected.

- Students interested in Early Childhood Education should take 2 courses from Group I, and PSY 3430 and PSY 4210 (12 units).
- Students interested in Applied Behavior Analysis should take PSY 3950, PSY 4170, PSY 4210, PSY 4280, PSY 4400, and PSY 4770 (18 units).

Requirements for the Major (50 - 51 units)

The major requires a lower division core of 9 units, an upper division core of 17-18 units and 24 units of electives from designated categories as explained below. All Psychology majors must receive a grade of C- or higher in all psychology courses.

Lower Division Core Courses (9 units)

- PSY 1500 - Introductory Psychology (3)
- PSY 1700 - Introductory Behavioral Neuroscience (3)
- PSY 2000 - Introduction to Psychological Science (3)

Upper Division Core Courses (17-18 units)

- PSY 3020 - Statistics in Psychology (4)
- PSY 3040 - Research Methods in Psychology (4)
- PSY 3080 - History and Systems of Psychology (3)
- Select one course from Group V below (3 - 4 units)
- Select one course from Group VI below (3 units)

Group V: Methodology

Students are required to take one course as indicated above.

- PSY 4110 - Advanced Research Methods in Psychology (3)
- PSY 4140 - Analysis of Variance (3)
- PSY 4170 - Assessment, Measurement, and Research Designs in ABA (3)
- PSY 4310 - Statistical Methods in Psychological Assessment (4)
- PSY 4650 - Multicultural Psychology: Current Issues and Research (3)
- PSY 4910 - Multivariate Statistics (4)

Group VI: Applied Psychology / Community Engagement
Students are required to take one course as indicated above.

- **PSY 3090 - Human Violence and Individual Change** (also listed as COMD 3090) (3)
- **PSY 4450 - Community Psychology - Service Learning** (3)

**Upper Division Electives (24 units)**

Select two courses each from Groups I-IV (24 units).

In addition to the two core courses selected from Groups V and VI, one course each from these two groups may be taken, to substitute two electives from Groups I-VI, to satisfy the upper division elective requirement.

**Group I: Developmental**

- **PSY 3620 - Psychological and Psychosocial Developmental Stages in Maturity and Aging** (3)
- **PSY 3880 - Sex and Gender** (3)
- **PSY 4120 - Psychology of Human Development: Infancy and Childhood** (3)
- **PSY 4130 - Psychology of Human Development: Adolescence and Young Adulthood** (3)
- **PSY 4400 - Behavior Analysis and Autism** (3)

**Group II: Social / Community**

- **PSY 3030 - Positive Psychology** (3)
- **PSY 3070 - Physiology and Psychology of Violence and Aggression** (also listed as NURS 3070) (3)
- **PSY 3220 - Social Psychology** (3)
- **PSY 3300 - Psychology of Prejudice and Discrimination** (3)
- **PSY 4020 - Media Psychology** (3)
- **PSY 4150 - Interpersonal Relationships** (3)
- **PSY 4190 - Psychology of Gender** (3)
- **PSY 4500 - Principles of Health Psychology** (3)
- **PSY 4640 - Psychology and the Law** (3)
- **PSY 4770 - Ethics and Supervision in Applied Behavior Analysis** (3)
- **PSY 4850 - Directed Field Experience in Community Clinical Psychology** (3)

**Group III: Brain, Behavior, and Cognition**

- **PSY 3230 - Psychology of Emotion and Motivation** (3)
- **PSY 3430 - Child and Adolescent Cognition** (3)
- **PSY 4010 - Physiological Psychology** (3)
- **PSY 4210 - Psychology of Learning and Behavior** (3)
- **PSY 4240 - Cognitive Psychology** (3)
- **PSY 4250 - Sensation and Perception** (3)
- **PSY 4280 - Introduction to Analysis of Behavior** (3)
- **PSY 4350 - Behavior Analysis & Treatment of Developmental Disabilities** (3)
- **PSY 4900 - Human Memory** (3)

**Group IV: Individual / Abnormal**

- **PSY 3100 - Abnormal Psychology I** (3)
- **PSY 3180 - Psychology of Personality** (3)
- **PSY 4100 - Abnormal Psychology II** (3)
- **PSY 4160 - Human Sexuality** (3)
- **PSY 4260 - Family Therapy Dynamics and Perspectives** (3)
- **PSY 4360 - Introduction to Clinical and Counseling Psychology: Theories and Professional Issues** (3)
- **PSY 4370 - Counseling and Psychotherapy: Process and Skills** (3)
- **PSY 4390 - Racial/Ethnic Minority Mental Health** (3)
Psychology, M.A.

Requirements for the Program (31-32 units)

The M.A. degree is a rigorous program designed to develop research and conceptual skills for students whose primary interest is in continuing education in a doctoral program. A key feature of the program is a close mentoring relationship with a faculty member who oversees the student’s progress toward his or her individual research goals.

General Admission Requirements

In addition to submitting a University Admissions Application, applicants must also apply separately to the department. Please note that acceptance into the University does not guarantee admittance to the department. Application forms are available on the department website. Completed applications and transcripts from all colleges and universities attended (except Cal State L.A.) must be received by the department as well as the admissions office before action on admission can be taken. Note that application deadlines for each program and required supporting materials are stated within the department’s application form.

The minimum requirements for admission to the graduate program in psychology are:

- Completion of an undergraduate major in psychology with a grade point average of 2.75 or higher in the last 60 semester units of work at an accredited institution.

or

- For students whose bachelor’s degree is not in psychology, completion of the non-major conditional program of 23 units (described below) with a GPA of 3.0 or higher.

Additional requirements:

- 3 Letters of Recommendation from those who are familiar with your academic capabilities, at least 2 of which must be from academic sources.
- A Statement of Purpose of 400 to 500 words indicating your reasons for wishing to pursue a research degree, your particular areas of interest, and any experience relevant to your goals and interests. If you have identified a particular faculty member as a possible mentor, indicate this in your letter. (Note that this does not guarantee working with this faculty member.)
- Applicant interview and applicant interview writing sample may be requested.

Note that these minimum admissions requirements apply to the MA degree. Forensic Psychology option of the MS degree requires a minimum GPA of 3.0.

Special Action Admission

Applicants who do not meet the minimum GPA requirements must petition directly to the department for admission by Psychology / 643 special action. All petitions must be accompanied by evidence that the applicant is qualified for graduate work. This evidence could include (but is not limited to) relevant experience or high GRE scores. Students whose petitions are approved must complete a 12 unit conditional program of upper division course work in psychology with a minimum GPA of 3.0.

Students are cautioned that no credit toward a graduate degree can be earned before completion of the conditional program.

Non-major conditional program for students whose baccalaureate is not in Psychology

The following prerequisites (or their equivalents) must be completed before beginning the Master’s program.
Required (11 units):
- PSY 3020 - Statistics in Psychology (4)
- PSY 3040 - Research Methods in Psychology (4)
- PSY 3080 - History and Systems of Psychology (3)

Required (6 units):
Select 6 units from the following:
- PSY 3100 - Abnormal Psychology I (3)
- PSY 4100 - Abnormal Psychology II (3)
- PSY 4120 - Psychology of Human Development: Infancy and Childhood (3)

Required (6 units):
Select 6 units from the following:
- PSY 3220 - Social Psychology (3)
- PSY 4010 - Physiological Psychology (3)
- PSY 4210 - Psychology of Learning and Behavior (3)
- PSY 4240 - Cognitive Psychology (3)
- PSY 4250 - Sensation and Perception (3)
- PSY 4330 - Psychology of Cognitive Development (3)

Admission to the Master of Arts Program

Students must submit a complete application by April 10 to be considered for September admission. Applicants will be notified of their status by June 1st.

General Program Requirements

At least 50% of the required 31-32 units must be 5000-level. A minimum of 9 units must come from courses other than PSY 5950, 5970, 5980, and 5990.

Core Requirements (Total 13-14 units)

Students must complete the following with a grade of B or higher:

**In the First Quarter (3 units):**

**Within the First Year (7 units):**
- PSY 5040 - Advanced Experimental Methods (3)
- PSY 4910 - Multivariate Statistics (4)

**One Other 5000-level Quantitative Course (3-4 units):**
- PSY 5150 - Advanced Statistical Methods (3)
  
  or

- PSY 5910 - Advanced Multivariate Statistics (4)

**Required Courses (3 units)**
- PSY 5970 - Graduate Research (1-4) (3)

**Electives in Psychology (12 units)**

Select 12 units of electives coursework to complete the 31-32 units required for the degree. 4000-level courses cannot comprise more than 50% of the elective units.
Advancement to Candidacy

Upon satisfactory completion of the WPE Exam, PSY 4950, one additional core requirement and 6 additional units (12 units in total), students must file the advancement to candidacy application form (GS-10) with the department.
Psychology, M.S.

General Admission Requirements

In addition to submitting a University Admissions Application, applicants must also apply separately to the department. Please note that acceptance into the University does not guarantee admittance to the department. Application forms are available on the department website. Completed applications and transcripts from all colleges and universities attended (except Cal State L.A.) must be received by the department as well as the admissions office before action on admission can be taken. Note that application deadlines for each program and required supporting materials are stated within the department’s application form.

The minimum requirements for admission to the graduate program in psychology are:

- Completion of an undergraduate major in psychology with a grade point average of 2.75 or higher in the last 60 semester units of work at an accredited institution.

or

- For students whose bachelor’s degree is not in psychology, completion of the non-major conditional program of 23 units (described below) with a GPA of 3.0 or higher.

Additional requirements:

- 3 Letters of Recommendation from those who are familiar with your academic capabilities, at least 2 of which must be from academic sources.

- A Statement of Purpose of 400 to 500 words indicating your reasons for wishing to pursue a research degree, your particular areas of interest, and any experience relevant to your goals and interests. If you have identified a particular faculty member as a possible mentor, indicate this in your letter. (Note that this does not guarantee working with this faculty member.)

- Applicant interview and applicant interview writing sample may be requested.

Special Action Admission

Applicants who do not meet the minimum GPA requirements must petition directly to the department for admission by Psychology / 643 special action. All petitions must be accompanied by evidence that the applicant is qualified for graduate work. This evidence could include (but is not limited to) relevant experience or high GRE scores. Students whose petitions are approved must complete a 12 unit conditional program of upper division course work in psychology with a minimum GPA of 3.0.

Students are cautioned that no credit toward a graduate degree can be earned before completion of the conditional program.

Non-major conditional program for students whose baccalaureate is not in Psychology

The following prerequisites (or their equivalents) must be completed before beginning the Master’s program.

Required (11 units):

- PSY 3020 - Statistics in Psychology (4)
- PSY 3040 - Research Methods in Psychology (4)
Required (6 units):

Select 6 units from the following:

- PSY 3100 - Abnormal Psychology I (3)
- PSY 4100 - Abnormal Psychology II (3)
- PSY 4120 - Psychology of Human Development: Infancy and Childhood (3)

Required (6 units):

Select 6 units from the following:

- PSY 3220 - Social Psychology (3)
- PSY 4010 - Physiological Psychology (3)
- PSY 4210 - Psychology of Learning and Behavior (3)
- PSY 4240 - Cognitive Psychology (3)
- PSY 4250 - Sensation and Perception (3)
- PSY 4330 - Psychology of Cognitive Development (3)

Master of Science: Forensic Psychology Option (33-34 units)

The M.S. in Psychology is designed for students whose primary interest is in working or studying in areas of psychology that intersect with the criminal justice system. A key feature of the program is a close mentoring relationship with a faculty member who oversees the student’s progress toward his or her individual research goals. All students begin the program in the fall semester and take several core courses together. Students will also take part in a 9-month practicum (PSY 5950) where they will receive hands-on training and on-site supervision.

Admission to the Master of Science Program Forensic Psychology

Students are required to have a grade point average of 3.0 or higher in the last 60 semester units to be eligible for the forensic psychology program. However, students with a GPA between 2.75 and 3.0 may be admitted if they present evidence that they are qualified for graduate work. This evidence could include relevant experience or an advanced psychology GRE score of 550 or higher. Students with a GPA below 2.75 will not be considered.

Prerequisites (13 units)

- PSY 1500 - Introductory Psychology (3)
- PSY 3020 - Statistics in Psychology (4)
- PSY 3100 - Abnormal Psychology I (3)
  or
- PSY 4100 - Abnormal Psychology II (3)
- PSY 3180 - Psychology of Personality (3)

Required Courses (21 units)

Students must complete the following with a grade of B or higher:

- PSY 4640 - Psychology and the Law (3)
- PSY 5100 - Seminar: Abnormal Psychology (3)
- PSY 5310 - Individual Testing and Case Study Techniques (3)
- PSY 5950 - Field Experience in Psychology (1-6) (6)
- CRIM 5010 - Seminar: Administration of Justice (3) or
- CRIM 5300 - Theories and Perspectives in Criminal Justice (3)
- CRIM 5110 - Principles of Research (3) or
- CRLT 5620 - Courtroom and Legal Issues in Criminalistics (3)

One of the Following Quantitative Courses (3-4 units)

- PSY 4110 - Advanced Research Methods in Psychology (3)
- PSY 4140 - Analysis of Variance (3)
- PSY 4310 - Statistical Methods in Psychological Assessment (4)
- PSY 4910 - Multivariate Statistics (4)

Advancement to Candidacy

Upon satisfactory completion of the WPE Exam, two required courses and 6 additional units (12 units in total), students must file the advancement to candidacy application form (GS-10) with the department.
The Master of Public Administration (MPA) program at California State University, Los Angeles, prepares students for leadership by educating them for professional public and community service within a diverse and dynamic urban environment. Students will develop the following leadership capabilities:

- Knowledge about public administration theory, research and practice
- Analytical and critical thinking skills to inform public and community problem-solving and decision-making processes
- An understanding of the ethical basis for public service
- Effective intra-organizational, inter-organizational and public oral and written communication skills
- A respect for and ability to engage the diversity of perspectives and interests involved in local governance

**Admission to the Program**

- Applications are accepted for the fall and spring semesters. Applicants must submit a complete application through Cal State Apply. Please consult Cal State Apply for University and program requirements and all deadlines.
- Admission to the Master of Public Administration requires a grade point average in the last 60 semester units taken in undergraduate status of 3.0, plus an acceptable application, personal statement, current resume, and two letters of recommendation.
- Applicants who have failed to earn at least a 3.0 grade point average in their last 60 semester units taken in undergraduate status will not be admitted to the Master of Public Administration degree program in the absence of clear and compelling evidence of their current capacity for satisfactory graduate academic performance.

**MPA Degree Requirements**

- The degree requires 36 units. The MPA has four core courses (12 units) that all graduate students are expected to complete in their first year in the program.
- In addition, students will complete two courses in each of the Management Perspectives and Analytic Perspectives areas, and these courses should be selected based on student interest. At the end of the MPA program, students will complete the MPA program’s exit requirement.
- After completing all coursework on their programs, students must complete a culminating experience. There are two options available to MPA graduate students: the written comprehensive examination or the thesis.

The Comprehensive Examination (POLS 5960) provides the type of culminating experience that the majority of professional masters students find most useful in terms of career development, and MPA graduate students should register to take the Comprehensive Examination in the final semester of their coursework. To be eligible, graduate students must be Advanced to Candidacy and all course work on their programs must comply with college and departmental requirements, including maintaining a 3.0 grade point average and satisfactory completion of the University’s Graduate Writing Requirement.

A Thesis (POLS 5990), in lieu of the comprehensive exam, may be authorized for graduate students who meet eligibility requirements and are interested in pursuing a doctorate; in this case, the student must organize and is responsible for completing the required documentation to form a committee of three faculty members to guide the thesis, the student must present a prospectus consisting of a problem statement, a comprehensive literature review, the research methodology, and any IRB requirements to the thesis committee. Evaluation of the prospectus is based on whether the thesis proposes primary research that makes a significant contribution to public administration. Upon completion of the thesis research, the student will write the thesis according to University requirements and submit it according to the established University timeline. Students should complete the IRB process, if required, prior to enrolling in thesis units. Thesis may be taken in place of POLS 5990 MPA Capstone.

In addition to course requirements, students must complete the equivalent of a one-semester internship in public administration or an approved field project. This requirement may be waived if the candidate holds, or has held, a position entailing a managerial or professional level of responsibility in a public or nonprofit agency.
Requirements for the Degree (36 units)

Requirement for the Core (24 units)

First Year Core Courses (12 units)

- POLS 5700 - Public Administration as a Field of Practice: Ethics, Integrity, Service (3)
- POLS 5720 - Public Sector Organization and Management (3)
- POLS 5730 - Public Sector Human Resource Management (3)
- POLS 5740 - Public Budgeting and Financial Administration (3)

Management Perspectives (6 units)

Select two courses.

- POLS 5750 - The Third Sector and Nonprofit Organizations (3)
- POLS 5760 - Managing Intergovernmental and Intersectoral Relations (3)
- POLS 5770 - E-Government and Management (3)

Analytical Perspectives (6 units)

Select two courses.

- POLS 5800 - Data Analysis for Public and Nonprofit Managers (3)
- POLS 5810 - Policy Analysis for Public and Nonprofit Managers (3)
- POLS 5820 - Policy and Program Implementation and Evaluation (3)

Electives (9 units)

Consult with the MPA Graduate Advisor and select 9 units from the list:

- POLS 5830 - Managing Social Policy (3)
- POLS 5835 - Arts and Cultural Administration (3)
- POLS 5840 - Seminar: Issues in the Metropolitan Area (3)
- POLS 5845 - Seminar: Community Development Administration (3)
- POLS 5850 - Seminar: Regulation, the Environment and California Public Policy (3)
- POLS 5861 - Personal Leadership and Development in Administration (1)
- POLS 5862 - Effective Communication for Public and Non-Profit Administrators (1)
- POLS 5863 - Effective Human Resource Management Practices (1)
- POLS 5864 - Collaborative Governance (1)
- POLS 5865 - Negotiation and Conflict Management for Administrators (1)
- POLS 5866 - Public Sector Contracting Basics (1)
- POLS 5869 - Seminar: Managing Stress in the Public Sector (1)
- POLS 5870 - Nonprofit Governance (1)
- POLS 5871 - Fundamentals of Strategic Planning for Public Sector Leaders (1)
- POLS 5872 - Program Evaluation Best Practices for Public Sector Leaders (1)
- POLS 5873 - Development and Fundraising for Public Sector Leaders (1)
- POLS 5874 - Managing Organizational Change in the Public Sector (1)
- POLS 5875 - Fundamentals of Public Sector Project Management (1)
- POLS 5955 - Seminar: Selected Issues in Public Administration (1-3)
- POLS 5980 - Graduate Directed Study (3)

Culminating Experience (3 units)

After completing all coursework on their programs, students must complete a culminating experience. Select one option.

- POLS 5900 - MSPA Capstone (3)
POLS 5960 - Comprehensive Exam (0)

or

POLS 5990 - Thesis (1-6) (complete 3 units)
Public Health, B.S.

The Bachelor of Science degree in Public Health prepares students for leadership and education roles in community health and other public health careers as well as for graduate study.

Requirements for the Degree

- The total number of units required for the Bachelor of Science degree in Public Health is 120 units, of which 54 or 55 units are in the major. The Public Health major’s curriculum includes lower and upper division core courses (48 or 49 units) as well as upper division electives (6 units), with a focus on community health.
- Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives. See the Undergraduate Studies: General Information for details about the General Education and other requirements that constitute the units outside the major.
- A minimum C grade is required in all courses used to meet major requirements.

Requirements for the Major (54 or 55 units)

Core Courses (48 or 49 units)

Lower Division Core Courses (9 or 10 units)

- PH 1500 - Health and Wellness (3)
  One course from the following:
- EDFN 1090 - Introduction to Statistics and Data Interpretation (4)
- MATH 1090 - Quantitative Reasoning with Statistics, with Lab (also listed as ECON 1090) (4)
  One course from the following:
- ANTH 1500 - Introduction to Cultural Anthropology (3)
- PSY 1500 - Introductory Psychology (3)
- SOC 2010 - Introduction to Sociology (3)

Upper Division Core Courses (39 units)

1. Public Health (15 units)

- PH 3120 - Introduction to Epidemiology (3)
- PH 3130 - Data Analysis for Public Health (3)
- PH 4140 - General Principles of Environmental Health (3)
- PH 4150 - Critical Issues in Health Policy (3)
2. Community Health (24 units)

- PH 3110 - Introduction to Community Health (3)
- PH 3140 - Health Care Delivery System (3)
- PH 4170 - Public Health Administration (3)
- PH 4300 - Introduction to International and Global Health (3)
- PH 4340 - Health Promotion (3)
- PH 4360 - Introduction to Public Health Communication (3)
- PH 4370 - Proseminar: Current Issues in Health (3)
- PH 4960 - Internship in Public Health (3)

Directed Electives (6 units)

Selected two courses, of which, at least one must be a PH course.

- ANTH 4440 - Medical Anthropology (3)
- CLS 4300 - Research on Chicana/o Community Problems (3)
- GEOG 4460 - U.S. Ethnic Communities (3)
- PH 4210 - Community, Environmental Safety and Public Health Law (3)
- PH 4220 - Vulnerable Populations (3)
- PH 4230 - Sexuality and Sexual Health (3)
- PH 4240 - Drugs and Health (3)
- PH 4250 - Quality Assurance in Health Programs (3)
- PH 4260 - Consumer Health (3)
- PSY 4500 - Principles of Health Psychology (3)
- SOC 4500 - Sociology of Aging (3)
Public Health, M.P.H.

The Master of Public Health (MPH) degree, with an emphasis on urban community health will provide students with the skills and knowledge to pursue professional careers in public and private enterprises focused on improving the health of populations in Los Angeles and other urban environments.

An MPH degree focused on issues in urban community health, including CEPH accreditation-required courses, urban community health courses, electives from disciplines other than Public Health, and a choice of Capstone requirements. Some courses may be taught online.

The MPH degree requires 42 units, of which 36 are core and 6 are elective, including field experience.

Admission Requirements to the program:
- A baccalaureate degree from a regionally accredited institution;
- A GPA in the last 60 semester (90 quarter) units of 3.0 or better
- Official transcripts from all colleges and universities attended including Cal State LA: one sent directly to the department, another directly to the University Admission. Upload of unofficial transcripts to the application is required.
- A statement of purpose;
- Two letters of reference – at least one academic (if Undergraduate degree was obtained 5+ years, two professional references are acceptable);
- A current professional résumé or CV

Learning Outcomes
Road Map

Requirement for the Degree (42 units)

Core and Capstone Courses (24 units)

- PH 5110 - Social and Behavioral Sciences (3)
- PH 5120 - Biostatistics (3)
- PH 5130 - Environmental Health (3)
- PH 5140 - Principles of Epidemiology (3)
- PH 5150 - Health Services Administration (3)
- PH 5230 - Public Health Research Methods (3)
- PH 5950 - Field Experience (3)
- PH 5995 - Culminating Project (3)

Urban Community Health Courses (12 units)

- PH 5210 - Critical Issues in Urban Health (3)
- PH 5220 - Program Planning and Evaluation (3)
- PH 5240 - Urban Health Policy (3)
- PH 5250 - Health Communication: Theory and Practice (3)
Directed Electives (6 units)

Complete 6 units from this list:

- CRIM 4030 - Violence (3)
- MKT 5940 - Community Based Social Marketing Management (3)
- PH 5310 - Social Networks and Health (3)
- PH 5320 - Applied Leadership and Community Engagement (3)
- PH 5330 - Grant Writing (3)
- PH 5340 - Concept On Health Behavior And Disease In Urban Population (3)
- PH 5540 - Special Topics in Public Health (3)
- PH 5970 - Graduate Research (1-3)
Advanced Specializations in School Counseling and Child Welfare and Attendance Services

The School Counseling program offers three areas of emphasis, each of which combines the Pupil Personnel Services credential (with Advanced Authorizations in School Counseling and Child Welfare and Attendance Services) with an option of the M.S. Degree in Counseling. These areas of emphasis are designated as follows:

- Behavior Intervention Case Management: Combines the credential with the M.S. Degree in Counseling: Option in Applied Behavior Analysis;
- School-Based Family Counseling: Combines the credential with M.S. Degree in Counseling: Option in Marriage and Family Counseling.
- School Counseling Leadership: Combines the credential with the M.S. Degree in Counseling: Option in School Counseling Leadership; and includes the Preliminary Administrative Services Credential as well.

For details on course requirements, see the listings for these combinations under the respective options of the degree, as described earlier.

The program does not routinely offer the credential separately from the masters degree because most career opportunities require the degree. Candidates who already have a Master of Science Degree in Counseling and wish to earn this credential without the accompanying degree should inquire at the Division office about current policy regarding such candidacy, which is based upon available resources and space in required courses.

If resources allow, the requirements for the Pupil Personnel Services credential with Advanced Specializations in School and Child Welfare and Attendance Services, without the master’s degree, involve the completion of the following program with grades of A or B in all courses.

Prerequisites (11 units)

Demonstrated proficiency in statistics, introductory counseling theories and children with special needs. May be met by courses EDEN 3520, COUN 4500 and EDSP 4000 respectively, or other current or prior course work with adviser approval.

Required Courses (61–87 units)

- COUN 4600 - Laws Relating to the Child and Family (3)
- COUN 5016 - Applied Behavior Analysis (3)
- COUN 5160 - Group Counseling (3)
- COUN 5239 - Family Counseling Laboratory Fieldwork (2)
- COUN 5257 - Career Education and Guidance in Schools (3)
- COUN 5281 - Seminar: Leadership in Pupil Personnel Services (3)
- COUN 5286 - Supervised Field Experience in School Counseling (3)

Note:

Residency Requirement: Students must complete 18 units at Cal State LA within the required courses for the credential. All courses fulfilling
the required program for credential must be completed within 8 years of applying for the credential.

All courses are competency based. Students who fail to meet all course competencies receive less than a B grade. Deficiencies must be cleared in order to obtain a “Letter of Competency” for the affected course. In addition to demonstrating competency in course work and internship, students are required to pass the California Basic Educational Skills Test (CBEST) and either pass an oral examination covering the School Counseling competencies or complete requirements for the Master’s degree in Counseling.

Advanced Specializations in School Psychology and Child Welfare and Attendance Services

Course requirements for this credential are identical with those listed above for the M.S. in Counseling: Option in School Psychology except that an oral exit examination may be substituted for the comprehensive examination.

Internship Credential in School Counseling and Child Welfare and Attendance Services

This internship credential allows a student to accept employment as a school counseling intern while completing advanced coursework toward the pupil personnel services credential with advanced authorizations in school counseling and child welfare and attendance.

To be admitted into the school counseling internship credential program, students must:

1. Meet all University, college and division admission requirements.
2. Be admitted to one of the M.S. options leading to the Pupil Personnel Services credential (PPS); Behavior Intervention Case Management (BICM), Counseling and Educational Leadership (CEL) or School-Based Family Counseling (SBFC).
3. Obtain a school district letter of appointment as a school counselor or child welfare and attendance counselor (to be employed at least 50%).
4. Assure that a written formal “Internship Agreement” between the school district and Cal State LA is on file with both agencies.
5. Have the California Basic Educational Skills Test (CBEST) and the Writing Proficiency Examination (WPE) or approved alternate criteria for the WPE.
6. Sign a written agreement to make regular progress while serving as an intern, toward fulfilling all requirements for the counseling credential (PPS) and Child Welfare and Attendance authorization (CWA).
7. Must have completed with a grade of B or better a minimum of 19 units in the following classes: COUN 5016.
8. Must have completed 6 units of practicum in the following classes: COUN 5307, 5230, and/or Depending on the option selected, the following courses are recommended:

   - Behavior Intervention Case Management - COUN 517 and 593
   - School-Based Family Counseling - COUN 523 (6)
   - Counseling and Educational Leadership - COUN 507 and 517

9. Must have completed a minimum of 18 quarter units in residency by taking required classes.
10. Must hold California Certificate of Clearance.
11. Must enroll in minimum of three (3) units of fieldwork (COUN 6286) during each quarter of work as an intern.

School Psychology Internship Credential

This credential allows a student to accept employment as a School Psychology Intern while completing advanced coursework toward the School Psychology option of the M.S. degree in Counseling. Students are not admitted to the School Psychology Internship unless they have met all requirements for the M.S. degree in Counseling: Option in School Psychology, except for the courses 5340, and 5380, in addition to the requirements described in their School Psychology Internship Manual. Once these requirements are met, the student is eligible for the School Psychology Internship Credential. These remaining courses are taken concurrently with internship (or before) along with regular supervisory meetings with the student’s University supervisor.
Reading and Literacy Leadership Specialist Credential

The Reading and Literacy Leadership Specialist Credential is issued by the California Commission on Teacher Credentialing. It fulfills the requirements of the National Council for Accreditation of Teacher Education, as well as the International Reading Association's guidelines for Reading Specialists/Literacy Coaches. It authorizes the holder to provide the following services as a Reading and Literacy Leadership Specialist in any grade level PreK-12, or in classes organized for adults:

- Develop and coordinate reading and language arts programs at the school, district, or county level
- Select and adapt reading and language arts instructional materials
- Plan and conduct reading and language arts staff development
- Assess student progress and monitor student achievement in reading and language arts
- Provide direct reading and language arts intervention work with students
- Assist and support the classroom teaching in reading and language arts instruction and teaching strategies

Admission to the Program

For admission to the program, applicants must:

1. Meet university requirements for admission to graduate status,
2. Have a 3.0 or higher grade point average in their last 60 semester (or 90 quarter) units attempted, and
3. Have completed a basic course/s in teaching reading and writing (EDEL 4150 and EDEL 4160, or EDSE 4501 & EDSE 4502, or equivalent) or hold a basic teaching credential.

Requirements for the Specialist Credential (30 units)

Students must complete 30 units of required coursework, fulfill additional co-requisites listed below, and pass the comprehensive examination (EDCI 5960) for the M.A. Degree in Education: Option in Reading.

Required Courses (30 units)

- EDCI 5210 - Research in Teaching Reading, Writing, and Related Language Arts (3)
- EDCI 5220 - Literacy Assessment and Instruction (3)
- EDCI 5230 - Advanced Writing Assessment and Instruction in Schools (3)
- EDCI 5240 - Advanced Literacy Assessment and Instruction (3)
- EDCI 5270 - Issues and Trends in the Use of Children’s Literature and Digital Technologies (3)
  or
- EDEL 4120 - Emergent Literacy (3)
- EDCI 5400 - Reading and Writing Clinical Practicum (3)
  or equivalent
- EDCI 5410 - Field Work in Reading, Writing and Related Language Arts (3)
- EDCI 5490 - Developing English Reading/Language Arts Skills in Bilingual/Cross-Cultural Individuals (3)
- EDEL 5250 - Reading, Writing and Related Language Arts Across the Curriculum (3)
Corequisites

In addition to the above requirements, students must satisfy the following:

- Complete ENGL 4101 (3), or TESL 4000 (3), or an equivalent course in English linguistics by the end of the second semester in the program.
- Have a preliminary basic California Teaching Credential (i.e., A Multiple Subjects, Single Subject, or Educational Specialist Teaching Credential). Students may work towards the Reading and Literacy Leadership Specialist Credential while they are completing the requirements for their preliminary teaching credential.
- Have verified completion of "Intensive Teaching Experience" (three years of successful full-time teaching experience after receiving a basic teaching credential at any grades authorized by their credential), and "Extensive Teaching Experience" (20 clock hours of successful experience with either Prek-3rd or 4th grade-adult, whichever of these differs from their "Intensive Teaching Experience"). (The Extensive Teaching Experience requirement can often be met through successful completion of EDCI 5400.) Students who finish the program before they complete their experience requirements will be eligible for the specialist credential once they finish this requirement.

Comprehensive Exam (0 units)

Students should take the comprehensive examination for the M.A. degree in Education: Option in Reading Program (EDCI 5960) after they have completed all course work in their program and must comply with college and division requirements. Under special circumstances, and with prior approval from their program coordinator, students may take EDCI 5410 concurrently during the semester they take their Comprehensive Examination.

An M.A. in Education: Option in Reading and/or a California Reading Certificate (issued by the California Commission on Teacher Credentialing) and/or a Postsecondary Reading Certificate can be earned concurrently with this Reading and Literacy Leadership Specialist Credential.

For admission to the program(s) and for information on how to earn an M.A. in Education: Option in Reading and/or a California Reading Certificate and/or a Postsecondary Reading Certificate concurrently with the Reading and Literacy Leadership Specialist Credential, see a faculty member who advises for the programs. A list of these faculty members and their office hours is available in King Hall C2097.

EDCI 5960 - Comprehensive Exam: (0 units)

Rehabilitation Services, B.S.

Notice to Students RE: Professional Licensure and Certification

The Bachelor of Science degree in Rehabilitation Services specializes in preparing students to work in a variety of occupational settings. In these settings, they will promote independence, integration, and full participation of individuals with rehabilitation needs in the workforce and the community. The program has a Major Core and two options: General Option and Option in Applied Behavior Analysis.

The total number of units for the Bachelor of Science degree in Rehabilitation Services is 120 semester units, of which 72 semester units are in the major. Some major requirements also count towards General Education (GE) Requirements. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Advisement

Rehabilitation Services majors must contact an advisor by the end of the first semester of their junior year to draw up an official academic program.

Requirements for the Major (72 units)

The degree requires a total of 120 semester units of which 72 semester units are in the major. The major includes 24 lower division, 25 upper division, and 8 fieldwork units. Each option has an additional unique set of 15 semester units. See the Undergraduate Studies: General Information section for information about General Education and other requirements concerning the units outside the major.

Major Core Requirements (57 units)

Lower Division Required Courses (24 units)

*Courses can also meet LD GE Requirements.

- COLN 2000 - Introduction to Rehabilitation Services (3)
- COLN 2010 - Foundations of Lifespan Human Development (3)
- COLN 2020 - Integration of Adults with Disabilities in the U.S. Society (3) *
- COLN 2250 - Diversity and Awareness of Self and Others for Helping Professionals (3) *
- COLN 2500 - Introduction to Individual and Group Counseling (3)
- PSY 1500 - Introductory Psychology (3) *
- SOC 2010 - Introduction to Sociology (3) *
- EDFN 1090 - Introduction to Statistics and Data Interpretation (4) * or EDFN 1092 - Introduction to Statistics and Data Interpretation (3) *
*Course meets a writing intensive requirement.

- COUN 3010 - Writing for Rehabilitation Services (3) *
- COUN 3201 - Introduction to Applied Behavior Analysis (3)
- COUN 4000 - Case Management in Rehabilitation Services (3)
- COUN 4420 - Disability and Function (3)
- COUN 4480 - Career Assessment and Development (3)
- COUN 4490 - Job Development and Placement (3)

- COUN 4650 - Addiction Counseling (3) or
- PH 4240 - Drugs and Health (3)

- COUN 4940A - Senior Capstone Seminar in Rehabilitation Services (1)
- EDSP 4000 - Foundations of Special Education (3)

Fieldwork Core (8 units)

Fieldwork is a core requirement of the Rehabilitation Services Major. Students in the General Option complete two semesters of fieldwork in rehabilitation services and students in the Applied Behavior Analysis option complete two semesters of fieldwork specific to applied behavior analysis.

General Option

- COUN 4940 Supervised Fieldwork & Seminar in Rehabilitation Services (4) (repeated for 8 units)

  or

Applied Behavior Analysis Option

- COUN 4942 Practice Seminar in Applied Behavior Analysis I (4)
  AND
- COUN 4943 Practice Seminar in Applied Behavior Analysis II (4)

Option Specific Coursework

General Option (15 units)

- COUN 4110 Introduction to Mental Health for Counselors (3)

Electives in Related Fields from the following courses (12 units)

- COUN 3202 - Behaviorism (3)
- COUN 3203 - Introduction to Ethics and Professional Issues in Applied Behavior Analysis (3)
- COUN 4010 - Boots to Books (3)

- COUN 4030 - Child Maltreatment and Domestic Violence (also listed as PSY 4030) (3) also listed as
- PSY 4030 - Child Maltreatment and Domestic Violence (also listed as COUN 4030) (3)

- COUN 4330 - Trauma & Crisis Counseling (3)
- COUN 4470 - Return to Work (3)
- COUN 4500 - Counseling Theories (3)

- COUN 4870 - Psychosocial Aspects and Collectivity in Asian and Asian American Societies (also listed as
  AAAS 4870 - Psychosocial Aspects and Collectivity in Asian and Asian American Societies (also listed as COUN 4870) (3)

- EDFN 3520 - Applied Statistics (3)
- EDIT 4150 - Instructional Technology for Rehabilitation Counseling Education (3)
- EDSP 3010 - Individuals with Disabilities in Contemporary Society (3) *
- EDSP 4030 - Behavior Supports, Social Skills, and Classroom Management (3)
**Applied Behavior Analysis Option (15 units)**

- **COUN 3202 - Behaviorism** (3)
- **COUN 3203 - Introduction to Ethics and Professional Issues in Applied Behavior Analysis** (3)
- **COUN 4204 - Introduction to Behavioral Assessment and Intervention** (3)
- **COUN 4205 - Foundations of the Experimental Analysis of Behavior** (3)
- **COUN 4206 - Behavior Analytic Research Methods** (3)

*Courses can be used to meet UD GE Requirements.*
School Nurse Credential Program

The Patricia A Chin School of Nursing School Nurse Credential Program is a Commission on Teacher Credentialing post-baccalaureate certificate. Candidates for a clear credential must:

- successfully complete 13 semester-units of required courses at Cal State LA,
- hold a preliminary school Nurse Service Credential, and
- have 2 years of experience as a school nurse.

School Nurse Credential Required Courses (13 units)

- NURS 4620 - Health Assessment I - School Aged Children (3)
- NURS 4630 - Health Assessment II - School Aged Children (2)
- NURS 4720 - School Nurse Specialist I (2)
- NURS 4730 - School Nurse Field Experience I (2)
- NURS 4820 - School Nurse Specialist II (2)
- NURS 4830 - School Nurse Field Experience II (2)
Single Subject Credential Preparation Program in Natural Sciences: Biological Sciences Emphasis

The Department of Biological Sciences participates in the interdisciplinary Bachelor of Science degree program in Natural Science, which has been approved by the State of California as meeting the subject matter requirements for the Single Subject teaching credential in Science. The Biology Emphasis in the Natural Science degree program prepares students for teaching biology at any grade level through grade 12. See the section of the catalog dealing with the Natural Science degree for further information. Students should consult advisers in the department and in the Charter College of Education. Refer to the undergraduate Charter College of Education section for regulations governing all teaching credential programs.

Supplementary authorization in Biological Sciences for Single Subject Teaching Credential (23 units)

Holders of a Single Subject, Standard Secondary, or Special Secondary teaching credential, issued by the State of California may supplement that credential with a Supplementary Authorization in Biological Sciences for teaching Biology at any grade level through grade 12 or in classes organized primarily for adults by completing the following program with a grade of C or higher in each course. At least one of the courses must include a laboratory component. For other requirements governing issuance of this authorization, consult the Charter College of Education.

Complete or demonstrate proficiency in each of the following courses (23 units):

- BIOL 1100 - Cellular Basis of Life (5)
- BIOL 1200 - Diversity of Life (5)
- BIOL 3000 - Biostatistics (4)
- BIOL 3600 - Functional Biology (3)
- BIOL 3400 - Principles of Genetics (3)
The Single Subject Clear/Induction Credential Program is designed to provide an option for teachers to clear their preliminary credentials through a university induction program. The clear/induction program provides a two-year, individualized, job-embedded system of mentoring, support and professional learning that begins in the teacher’s first year of teaching. It allows teachers to meet the Commission on Teacher Credentialing (CTC) requirements for a Clear Credential.

Requirements for Admission to the Program:

- Must meet eligibility requirements for admission to post-baccalaureate or graduate study at Cal State LA via completion of application procedures.
- Good academic standing
- Must hold a current/valid California Preliminary Single Subject Teaching Credential

Note: The CTC allows for an Early Completion Pathway for those teachers who are experienced and exceptional. Candidates can be considered for this pathway if they:

- Are currently teaching with a current/valid California Preliminary Single Subject Teaching Credential
- Have supporting letters from site administrators that they have met the following criteria:
  - A minimum of two full years of successful teaching experience or earned their preliminary credential through an accredited alternative certification program (e.g., intern), or
  - Completed one year of Beginning Teacher Support (BTSA) Induction and wish to complete induction at Cal State LA in order to meet specific individual and workplace needs and build on their individual strengths.

Program Requirements:

In addition to meeting the above admission requirements, candidates are responsible for meeting all CTC requirements and the required courses below:

**Required Courses (24 Units)**

- **EDCI 5096 Development of Induction Plan** (repeatable for a maximum of 9 units during semesters 1, 2, and 3)
  - also listed as
  - **EDSP 5096 Development of Induction Plan** (repeatable for a maximum of 9 units during semesters 1, 2, and 3)

- **EDCI 5097 Assessment of Induction** (to be taken during semester 4)
  - also listed as
  - **EDSP 5097 Assessment of Induction** (to be taken during semester 4)

To meet the Participating Teacher’s long-term professional goals, courses selected by the Participating Teacher and School Mentor will be based on the Participating Teacher’s prior knowledge, experiences, interests, and needs. Key courses from master’s degree programs might serve the Participating Teacher well. Some courses might include, but are not limited to, advanced reading courses, advanced pedagogy courses, courses in STEM teaching, courses in bilingual and multicultural education, courses in Math and Science, and courses related to working with English Learners and students with disabilities. If the Participating Teacher chooses, these advanced courses could also be accepted as part of a MA for those seeking an advanced degree.

The following CCOE programs lend themselves to a combined Induction and a M.A. degree. An example of a program option with a
corresponding course is provided for each M.A. degree:

- MA in Education with the option in Curriculum & Instruction
  - EDCI 5350 Teaching for Cross-Cultural and Global Awareness (3)
- MA in Education with the option in Reading
  - EDCI 5220 Literacy Assessment and Instruction (3)
- MA in Education with the option in Bilingual and Multicultural
  - EDCI 5490 Developing English Reading/Language Arts Skills in Bilingual/Cross-Cultural Individuals (3)
  - EDCI 5370 Teacher Leadership in the Urban School: Issues, Trends, and New Directions (3)
- MA in Education with the option in Integrated STEM
  - EDCI 5350 Teaching for Cross-Cultural and Global Awareness (3)
  - EDCI 5351 Seminar: Assessment Strategies in Mathematics (3)
- MA in Education with the option in Math Education
  - EDCI 5310 Seminar: Research in Teaching Mathematics (3)
- MA in Special Education
  - EDSP 5801 Problems and Practices in Special Education (3)
- MA in Education with the option in Educational Technology
  - EDIT 4510 Introduction to Educational Technology (3)
- MA in Education with an option in Educational Foundations
  - EDFN 5520 Seminar in Policy and Politics in Education (3)
Single Subject Credential in Secondary Teaching

The teaching credential with authorization in single subject instruction qualifies holders to teach in their authorized field at any grade level, preschool, kindergarten, and grades 1 through 12, or in classes organized primarily for adults. Eleven categories of single subject instruction are defined by state legislation as follows: agriculture, art, business, English, health science, industrial and technological education, languages (including, but not limited to, Chinese, French, German, Russian, and Spanish), natural science (biological sciences, chemistry, geoscience or physics), mathematics, music, physical education, and social science.

Students considering pursuing a Single Subject credential are urged to obtain advisement at the start of the program from faculty advisers in their academic area and in Secondary Education. Candidates may enroll in programs leading to the preliminary/clear credential (see an adviser about admission requirements and enrollment limitations).

Credential Requirements

Applicants must satisfy the following criteria to qualify for the University-recommended credential:

- A bachelor’s degree from a regionally accredited college or university.
- Passing score on CBEST.
- Formal admission to credential program including attaining a GPA of 2.75 in the last 90 quarter units of coursework, completing EDCI 300 requirements, EDFN 413, and HS 456 or 457; complete professional education requirements given below. See Admission to Credential Program and Directed Teaching Information on the Division of Curriculum and Instruction.
- Verification of completion of a Commission-approved subject matter program by subject-area department (see listings in Undergraduate Study) or passing score on CTC-approved subject matter assessments. For Physical Education, please consult the School of Kinesiology and Nutritional Science.
- Pass UNIV 400, the Writing Proficiency Examination (WPE), or acceptable alternative by petition.
- Fulfill the U.S. Constitution requirement.
- Pass the Teaching Performance Assessment (TPA)
- Complete cardiopulmonary resuscitation (CPR) training

Professional Education Requirements (47-48 units)

Block One (Must be completed before Block Two)

- EDFN 4400 - Educational Foundations: Schooling in a Diverse Society
- EDFN 4100 - Instructional Strategies in Secondary Teaching
- EDSE 4010 - Instructional Strategies in Secondary Teaching
- EDSE 4450A - Proseminar: Learning Environments and Instruction in Secondary Schools

Block Two (Must be completed before Block Three)

- EDSE 4502 - Understanding Academic Language Development
- EDSE 4301 - Supporting Academic Language Development for English Learners
- EDSP 4000 - Foundations of Special Education

Block Three (Must be completed before Block Four)
Internship Credential Requirements

The Internship Credential Program is designed for individuals who are employed as full-time teachers by cooperating school districts, who have fulfilled all district and university prerequisites, and who have been recommended by the district. The credential is used for a two-year period. During that time, candidates must fulfill all requirements for the preliminary or professional clear credential. Applicants must satisfy the following criteria to qualify for the university-recommended internship credential.

- A bachelor’s degree from a regionally accredited college or university.
- Job offer from a cooperating school district.
- Passing score on CBEST.
- Formal admission to the Charter College of Education and the Single Subject Internship Credential Program including completing EDCI 4000, EDFN 4131, and PH 4240; complete professional education requirements given below.
- Verification of completion of a Commission-approved single subject matter program (see listings in undergraduate study chapter) or passing score on CTC approved subject assessments and verification of subject matter competence by subject-area department (i.e., department of student’s undergraduate major).
- Satisfy the U.S. Constitution requirement
- Pass UNIV 4000, the Writing Proficiency Examination (WPE), or acceptable alternative by petition.

Internship Option 51- 52 quarter units

Block One

- **EDSE 4010 - Instructional Strategies in Secondary Teaching** (3)
- **EDSE 4150 - Classroom Management in Secondary Schools** (3)
- **EDFN 4400 - Educational Foundations: Schooling in a Diverse Society** (3)

Block Two

- **EDSE 4502 - Understanding Academic Language Development** (3)
- **EDSE 4301 - Supporting Academic Language Development for English Learners** (3)
- **EDSP 4000 - Foundations of Special Education** (3)
- **EDCI 5350 - Teaching for Cross-Cultural and Global Awareness** (3)

Block Three

- **EDSE 4450B - Proseminar: Inquiry into Curriculum, Teaching, and School Culture** (3)

Block Four

- **EDSE 4890 - Demonstration of Instructional Competencies** (7)
- **EDSE 4463 - Proseminar: Assessment of Teaching Performance** (3)

Supplementary Authorizations

Holders of a Single Subject or Multiple Subject credential issued by the state of California may add a supplemental authorization to teach in another discipline by completing additional course work. Interested students should consult the Charter College of Education Office for Student Services for further information.
Single Subject Credential Preparation Program in Natural Science: Chemistry Emphasis

The Department of Chemistry and Biochemistry participates in the interdisciplinary Bachelor of Science degree program in Natural Science, which has been approved by the State of California as meeting the subject matter requirements for the Single Subject teaching credential in Science. The Chemistry Emphasis in the Natural Science degree program prepares students for teaching chemistry at any grade level through grade 12. See the section of the catalog dealing with the Natural Science degree for further information. In addition, holders of a Single Subject, Standard Secondary, or Special Secondary teaching credential issued by the State of California may complete the supplementary courses described below to meet the requirements for State of California Supplementary Authorization in Chemistry. Consult with an advisor for the complete set of requirements for obtaining a Single Subject teaching credential or Supplementary Authorization.

Supplementary Authorization in Chemistry for Single Subject Teaching Credential (20 units)

Holders of a Single Subject, Standard Secondary, or Special Secondary teaching credential issued by the State of California may supplement that credential with a Supplementary Authorization in Chemistry for teaching chemistry at any grade level through grade 12 or in classes organized primarily for adults by completing the following program with a grade of C or higher in each course. At least one of the courses must include a laboratory component. For other requirements governing issuance of this authorization, consult the Charter College of Education.

COMPLETE OR DEMONSTRATE PROFICIENCY IN EACH OF THE FOLLOWING COURSES (14 UNITS)

- CHEM 1100 - General Chemistry I (5)
- CHEM 1110 - General Chemistry II (5)
- CHEM 2200 - Organic Chemistry I (4)

SELECT A MINIMUM OF 6 UNITS WITH ADVISOR APPROVAL FROM THE FOLLOWING LIST:

- CHEM 2201 - Organic Chemistry Laboratory I (1)
- CHEM 3200 - Organic Chemistry II (4)
- CHEM 3500 - Quantitative Analysis (4)
- CHEM 3600 - Inorganic Chemistry (4)
- CHEM 4300 - Introduction to Biochemistry (3)
- CHEM 4400 - Fundamentals of Physical Chemistry (3)
Single Subject Teaching Credential

The teaching credential with authorization in Single Subject Instruction qualifies holders to teach in their authorized field at any grade level, preschool, kindergarten, and grades 1 through 12, or in classes organized primarily for adults. California State University Los Angeles is authorized by the California Commission on Teacher Credentialing (CTC) to prepare students for Single Subject Teaching credentials in the following subject matters:

- Art
- English
- Industrial and Technology Education
- World Languages - Languages Other Than English
- Mathematics
- Music
- Physical Education
- Science: Biological Sciences, Science: Chemistry, Science: Geosciences, Science: Physics, or Foundational-Level General Science
- Social Science

Students can earn a Single Subject Teaching credential as undergraduate students or as post-baccalaureate (graduate) students.

Undergraduate students earning a bachelor’s degree in any of the above fields who would like to earn a Single Subject Teaching credential concurrently with their bachelor’s degree should read the information below and seek advice about the integrated option in their degree program from advisors in their program and from the Charter College of Education Office for Student Services. A list of Subject Matter advisors for each Single Subject Credential Subject Matter is available.

Post-baccalaureate students who would like to earn a Single Subject Teaching credential in one of the above fields should read the information below and contact the Charter College of Education Office for Student Services for advice.

Requirements for Conditional Admission to the Preliminary Credential Program

A bachelor’s degree or higher from a regionally-accredited college or university for post-baccalaureate applicants

Proof of completion or attempt of Basic Skills Requirement (BSR) (e.g., attempt all sections of the CBEST)

A 2.67 grade point average (GPA) or better in all baccalaureate course work for undergraduate applicants or a 2.75 grade point average (GPA) or better in the last 60 semester or 90 quarter units for post-baccalaureate applicants. Note: Undergraduate students are those students whose degrees have not been conferred by the time they commence EDCI 4000.

CCOE Application for Admission

CCOE Credential Admission and Application Fee Payment

Official transcripts from every junior college, college, or university attended, except CSLA. Note: Foreign transcripts must be evaluated by an agency approved by the university.

Philosophy of Education Statement Proof of valid Certificate of Clearance

Photocopy of negative TB

Test Two original letters of recommendation

Requirements for Admission without Conditions to the Preliminary Credential Program
A bachelor’s degree or higher from a regionally-accredited college or university for post-baccalaureate applicants

Proof of completion or attempt of Basic Skills Requirement (BSR) (e.g., attempt all sections of the CBEST)

Completed a CTC-approved subject matter program by subject-area department or received a passing score on all required sections of the California Subject Examinations for Teachers (CSET).

Completed the following with a grade of C or better, or with credit:

- **EDCI 4000 Transformative Teaching in Diverse Urban Classrooms** (3)
- **EDFN 4131 Psychological Foundations of Education** (3)
- **EDSP 4000 Foundations of Special Education** (3)
- **EDFN 4400 Educational Foundations: Schooling in a Diverse Society** (3)
- **COMM 1100 Oral Communication** (3) OR
- **COMM 1510 Speech Proficiency Assessment for Teachers** (1) OR
- an acceptable alternative by petition

Effective January 5, 2015, all applicants for re-admission will be required to complete a re-admission protocol and interview for consideration. Please see Charter College of Education, Office for Student Services website for specific information.

### Requirements for a Preliminary Single Subject Teaching Credential

In order for the university to recommend students to the California Commission on Teacher Credentialing (CTC) for a preliminary Single Subject Teaching credential, the following requirements must be completed or passed:

A bachelor’s degree or higher from a regionally accredited college or university.

Basic Skills Requirement (BSR), e.g., CBEST (all sections).

Completed a CTC-approved subject matter program by subject-area department or a passing score on all required sections of the California Subject Examinations for Teachers (CSET).

A cardiopulmonary resuscitation (CPR) card (infant, child, and adult)

U.S. Constitution requirement or an equivalent.

All required Teaching Performance Assessments (TPA)

Credit for the professional education courses listed below with a GPA of 3.0 or better (all courses must be completed with a grade of "C" or better).

All courses for the Multiple Subject and Single Subject credential must be completed within seven years.

### Professional Education Courses (43 units)

- **EDCI 4000 - Transformative Teaching in Diverse Urban Classrooms** (3)
- **EDSE 4301 - Supporting Academic Language Development for English Learners** (3)
- **EDFN 4131 - Psychological Foundations of Education** (3)
- **EDFN 4400 - Educational Foundations: Schooling in a Diverse Society** (3)
- **EDSP 4000 - Foundations of Special Education** (3)

### Required Courses (28 units)

Select one of the EDSE 4212 courses:

- **EDSE 4212C - Instructional Methods for Secondary School Subjects - Science** (3)
- **EDSE 4212I - Instructional Methods for Secondary School Subjects - Industrial Technology** (3)
- **EDSE 4212L - Instructional Methods for Secondary School Subjects - Languages Other than English** (3)
- **EDSE 4212M - Instructional Methods for Secondary School Subjects - Mathematics** (3)
- **EDSE 4212N - Instructional Methods for Secondary School Subjects - English and Language Arts** (3)
- **EDSE 4212P - Instructional Methods for Secondary School Subjects - Physical Education** (3)
- **EDSE 4212R - Instructional Methods for Secondary School Subjects - Art** (3)
- **EDSE 4212S - Instructional Methods for Secondary School Subjects - Social Science** (3)
- **EDSE 4212U - Instructional Methods for Secondary School Subjects - General Music** (3)

and all of these courses:

- **EDCI 4292 - 21st Century Assessment Strategies and Processes** (3)
- **EDSE 4453 - Directed Teaching in Secondary Schools** (5-7)
EDSE 4455 - Directed Teaching in a Residency Program (6)
EDSE 4463 - Proseminar: Assessment of Teaching Performance (3)
EDSE 4502 - Understanding Academic Language Development (3)
EDSE 5000 - Transformative Classroom Instruction and Management (3)
EDSE 5002 - Advanced Secondary Instructional & Management Strategies (3)
(Successful completion of EDSE 5000 prior to registering for this course)
EDSE 5101 - Research on Characteristics and Needs of Urban Secondary Schools, Families, and Students (3)

Single Subject University Intern Credential Program

The Single Subject University Intern Credential Program is designed for individuals who are employed as full-time teachers by cooperating school districts, have fulfilled all district and university prerequisites, and have been recommended by the university. The intern credential is issued for a two-year period during which time candidates must complete all requirements for the preliminary credential.

Requirements for Acceptance into the Single Subject University Intern Program

For applicants to be accepted into the University Intern Credential program, they must have:

- Verification of a full-time job offer from a cooperating school district.
- Fulfillment of the U.S. Constitution requirement or an equivalent.
- Met the requirements for admission without conditions into the single subject credential program as a post-baccalaureate student:
  - A bachelor's degree or higher from a regionally-accredited college or university or approved equivalent.
  - A 3.0 Grade Point Average (GPA) or better in the last 60 semester or 90 quarter units.
  - Passed the Basic Skills Requirements e.g. CBEST.
  - Completed a CTC-approved subject matter program by subject-area department or received a passing score on all required sections of the California Subject Examinations for Teachers (CSET). Completed the following with a grade of “C” or better or with credit:
    - EDCI 4000 Transformative Teaching in Diverse Urban Classrooms (3)
    - EDFN 4131 Psychological Foundations of Education (3)
    - EDFN 4400 Educational Foundations: Schooling in a Diverse Society (3)
    - EDSE 4301 Supporting Academic Language Development for English Learners (3)
    - EDSP 4000 Foundations of Special Education (3)

Individuals who seek admission to this program must meet with a University Intern Credential advisor for verification of requirements and completion of a program plan. Please contact the Division of Curriculum and Instruction to ask how to contact a University Intern Credential advisor.

Requirements for a Preliminary Single Subject Teaching Credential through the University Intern Credential Program

In order for the university to recommend interns to the California Commission on Teacher Credentialing (CTC) for a preliminary single subject teaching credential, the following additional requirements must be completed or passed:

- A cardiopulmonary resuscitation (CPR) card (infant, child, and adult)
- All required Teaching Performance Assessments (TPA)
- The professional education courses listed below:

Professional Education Courses (51 units)

- EDCI 4000 - Transformative Teaching in Diverse Urban Classrooms (3)
- EDFN 4131 - Psychological Foundations of Education (3)
- EDFN 4400 - Educational Foundations: Schooling in a Diverse Society (3)
- EDSE 4301 - Supporting Academic Language Development for English Learners (3)
- EDSP 4000 - Foundations of Special Education (3)

*In order to address the CTC requirements for the University Intern Credential Program, EDSE 4301 has to be successfully completed prior to being a University Intern.

Required Courses (30-36 units)

Select one of the EDSE 4212 courses:

- EDSE 4212C - Instructional Methods for Secondary School Subjects - Science (3)
- EDSE 4212I - Instructional Methods for Secondary School Subjects - Industrial Technology (3)
EDSE 4212L - Instructional Methods for Secondary School Subjects - Languages Other than English (3)
EDSE 4212M - Instructional Methods for Secondary School Subjects - Mathematics (3)
EDSE 4212N - Instructional Methods for Secondary School Subjects - English and Language Arts (3)
EDSE 4212P - Instructional Methods for Secondary School Subjects - Physical Education (3)
EDSE 4212R - Instructional Methods for Secondary School Subjects - Art (3)
EDSE 4212S - Instructional Methods for Secondary School Subjects - Social Science (3)
EDSE 4212U - Instructional Methods for Secondary School Subjects - General Music (3)
and these courses:
EDCI 4292 - 21st Century Assessment Strategies and Processes (3)
EDCI 4881 - Support Supervision in Field Experiences (2)
or
EDSP 4950 - Intern Supervision Seminar (2)**
EDSE 4463 - Proseminar: Assessment of Teaching Performance (3)
EDSE 4502 - Understanding Academic Language Development (3)
EDSE 4890 - Demonstration of Instructional Competencies (7)
EDSE 5000 - Transformative Classroom Instruction and Management (3)
EDSE 5002 - Advanced Secondary Instructional & Management Strategies (3)
EDSE 5101 - Research on Characteristics and Needs of Urban Secondary Schools, Families, and Students (3)
**The University Intern candidate must take EDCI 4881 or EDSP 4950 every semester prior to Directed Teaching. At the discretion of the Field Supervisor and University Intern Program Coordinator, the student may be asked to repeat EDCI 4881 or EDSP 4950 up to a maximum of 8 semester units.

Added Authorizations

Holders of a valid basic general education teaching credential issued by the state of California may add an additional credential, either multiple subject or single subject, or add an additional single subject content area, by completing additional course work. Interested students should consult the Charter College of Education Office for Student Services for further information.
The Bachelor of Arts degree in Social Work enables students to explore and develop values, knowledge and generalist skills essential to the practice of social work in a multietnic environment. The goals of the program include: providing continuing education for persons already employed in the field of social work or related human services; preparing students for professional entry-level positions in social work; and preparing students for further study in graduate schools of social work or related human services.

The total number of units required for the Bachelor of Arts degree in Social Work is 120, of which 51 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

School of Social Work Regulations

Students in the Social Work major must earn grades of C or higher in the following social work courses: SW 3700, SW 3010, SW 3710, SW 3720, SW 4740, SW 4750, SW 4780, SW 3820, SW 4951 and SW 4952. Students who are placed on academic probation are not permitted to enroll in a social work course until an academic adviser from the School of Social Work approves a revised academic plan. The plan will provide students with guidelines to support their academic success.

Students are required to complete a criminal clearance check, prior to entering a field placement. Some field agencies will not accept students who cannot pass the criminal background clearance. Please note that difficulty or the inability to place a student in a required field practicum may delay or prevent the completion of the BASW degree.

Sequence Requirements

- Upper division status is required for all social work courses.
- Admission to the SW Major is a prerequisite for SW 3010, SW 3700, and SW 3711.
- SW 3711 is prerequisite to SW 3712.
- Admission to the SW Major and SW 3700 are prerequisites to SW 3720.
- Admission to the SW Major, SW 3700 and SW 3720 are prerequisites to SW 4740, and SW 4750.
- SW 3700, SW 3010, SW 3711, SW 3712, and SW 3720 plus 90 units or more are prerequisites to SW 4951.
- Admission to the SW Major and SW 4951 are prerequisites to SW 4952.
- SW 4951 and SW 4952 must be taken in the last two semesters of the BASW program.

Requirements for the Major (72 units)

The BASW program requires a total of 120 units for the degree, including 45 units in required upper division courses in social work; 6 units of prerequisite courses; 6 units of elective courses in social work; and 15 units of free electives. See the Undergraduate Studies: General Information section for details about General Education and other requirements that constitute the units outside the major.

Prerequisite Courses to the Major (6 units)
The following courses must be completed before any other courses in the major are attempted:

- PSY 1500 or SOC 2010 with a grade of C or higher
- HHS 4000 or EDFN 3520, or SOC 2100, or ECON/MATH 1090 or an equivalent course in elementary statistics with a grade of C or higher.

Required Upper Division Courses (45 units)

- SW 3700 - Field of Social Work (3)
- SW 3010 - Writing and Computers in Social Work (3)
- SW 3711 - Human Behavior and the Social Environment I: Prenatal Through Early Adolescence (3)
- SW 3712 - Human Behavior and the Social Environment II: Late Adolescence Through Old Age (3)
- SW 3910 - Social Work Research Methods (3)
- SW 3710 - Culturally Competent Social Work Practice (3)
- SW 3720 - Interviewing Skills for Social Work Practice (3)
- SW 4740 - Social Work Practice with Individuals and Families (3)
- SW 4750 - Social Work Practice with Groups (3)
- SW 4630 - Diversity and Intersectionality in Social Work (3)
- SW 4780 - Social Welfare Policy and Social Services (3)
- SW 3820 - Community Organizing (3)
- SW 3761 - Child Welfare (3) or
- SW 3762 - Cross Cultural Practice with Older Adults (3) or
- SW 3763 - Forensic Social Work Practice (3)
- SW 4951 - Integrative Field Practicum I (3)
- SW 4952 - Integrative Field Practicum II (3)

Electives in Social Work and other fields (6 units)

- SW 3550 - Violence and Maltreatment in Family and Intimate Relationships (also listed as NURS 3550) (3)
- SW 3620 - From Institutional Racism to Cultural Competency (3)
- SW 3630 - Immigration and Social Policy (3)
- SW 3650 - Social Policy and Aging (3)
- SW 3850 - Homelessness in Society (3)
- SW 4540 - Selected Topics in Social Work (1-4)
- SW 4560 - Multidisciplinary Teams, Child Maltreatment, and Family Violence (3)
- SW 4580 - The Role of Men and Fathers in Families and Civil Society (3)
- SW 4830 - Financial Empowerment (3)
- SW 4840 - Community Engagement, Service Learning, and Community Practice with Youth (3)
- SW 4850 - Social Work Practice with Military and Veteran Populations (3)
- SW 4860 - Social Work Practice with Lesbian, Gay, Bisexual and Transgender Populations (3)
- SW 4870 - Forensic Social Work: Focus on Involuntary Clients (3)
- SW 4900 - Latino Mental Health (3)
- SW 4990 - Undergraduate Directed Study (1-3)

Free Electives (15 units)

Remaining units can be used to take free electives in social work or any other discipline to meet GE requirements and the required 120 units for graduation.

Note: All Social Work courses are offered on campus, but have the option to be taught online or as a hybrid.
Social Work, M.S.W.

Notice to Students RE: Professional Licensure and Certification

The Master of Social Work degree prepares graduate students for entry into advanced and specialized social work practice where they will be able to provide effective services to individual, families, group, organizations and communities.

The MSW program offers a 2 year or a 3 year option and a 1 year advanced option. The two year or three year options can be completed at the main Cal State L.A. campus and the One-Year program at the downtown Cal State LA campus.

Admission Requirements for the One-Year Advanced Standing Program (ASP) at the Downtown Cal State LA campus

- Bachelor's degree in Social Work from a CSWE accredited college or university.
- Minimum 3.0 cumulative grade point average (GPA).
- Three recommendation letters, one must be from each of the following:
  1. Field instructor or field supervisor from BASW internship
  2. Academic BASW professor
  3. Supervisor
- Completion of all 3 prerequisites with a "C" or better grade at the time the application is submitted;
- Research Methods and Statistics (introductory to statistics class) and 8 quarter/6 semester units of upper division social science courses;
- Work or volunteer experience in social services or human services is highly desired.

Admission Requirements for 2-Year or 3-Year Options

Applicants must first apply to the University and receive their Campus Identification Number before applying to the MSW Program. Admission to the School does not guarantee admission to the College of Health and Human Services and/or the University. Admission to the University does not guarantee admission to the School and/or College. In addition to an evaluation of the applicant's potential for advanced practice in the profession of social work, the minimum requirements for admission are:

- Acceptable bachelor's degree from an accredited college or university;
- Minimum 2.75 grade point average in the last 90 quarter units (60 semester units);
- Completion of a course in research and/or statistics and 8 quarter units (6 semester units) of upper division social science courses with a grade of "C" or better; and
- Good academic standing at the last graduate college or university attended.

In addition, the School of Social Work Admissions Committee is guided by the following criteria:

- Voluntary and/or paid experience in general, and in social services in particular;
- Professional promise, which includes social consciousness and commitment to the values of the profession and the specific mission of the program; and
- Personal readiness, motivation, ability to communicate effectively, and ability to relate as an effective helping person to individual, organizational and societal needs.

Degree Requirements for the Advanced Standing Program (ASP)

The One-Year program is only available at the Cal State L.A. Downtown campus and other remote sites. Students will begin their program in July with 3 semester units of Bridge coursework in the summer prior to the beginning of the fall semester. Upon a successful completion of the summer Bridge Program, students will continue to the remaining two semesters (fall and spring semesters) taking 30 units of courses indicated
A total of 33 units are required.

**Summer Bridge Course (3 units)**

- **SW 5401 - Social Welfare Research and Statistics** (3)

**Fall Semester (15 units)**

- **SW 5203 - Mental Health Assessment and Diagnosis** (3)
- **SW 5303 - Administration of Social Service Agencies** (3)
- **SW 5970 - Advanced Social Work Research** (1-3)
- **SW 5950C - Field Practicum III** (3)
- Elective 1 (3 units)
  *Select Elective from approved list below*

**Spring Semester (15 units)**

- **SW 5204 - Advanced Generalist Social Work Practice** (3)
- **SW 5304 - Advanced Policy Analysis and Practice** (3)
- **SW 5950D - Field Practicum IV** (3)
- **SW 5990 - Thesis** (3)
- Elective 2 (3 units)
  *Select Elective from approved list below*

**Approved Electives (6 units)**

Students complete 6 units of approved electives.

- **SW 4560 - Multidisciplinary Teams, Child Maltreatment, and Family Violence** (3)
- **SW 4580 - The Role of Men and Fathers in Families and Civil Society** (3)
- **SW 4830 - Financial Empowerment** (3)
- **SW 4840 - Community Engagement, Service Learning, and Community Practice with Youth** (3)
- **SW 4850 - Social Work Practice with Military and Veteran Populations** (3)
- **SW 4860 - Social Work Practice with Lesbian, Gay, Bisexual and Transgender Populations** (3)
- **SW 4870 - Forensic Social Work: Focus on Involuntary Clients** (3)
- **SW 4900 - Latino Mental Health** (3)
- **SW 5802 - Recovery and Empowerment in Mental Health** (3)
- **SW 5804 - Trauma, Substance Abuse and Violence** (3)
- **SW 5805 - Policy and Practice in Public Child Welfare** (3)
- **SW 5806 - Grief and Loss in Later Life** (3)
- **SW 5808 - Financial Empowerment Practice with Vulnerable Populations** (3)
- **SW 5540 - Selected Topics in Social Work** (1-3)
- **SW 5980 - Graduate Directed Study** (3)

Courses not listed require adviser approval.

**Degree Requirements for Two Year Option**

A total of 60 units are required.

**Foundation 1st Year Courses (30 units)**

- **SW 5101 - Human Behavior and the Social Environment I** (3)
- **SW 5102 - Human Behavior and the Social Environment II** (3)
- **SW 5201 - Generalist Practice I** (3)
- **SW 5202 - Generalist Practice II** (3)
- **SW 5301 - History of Social Welfare Policy and Introduction to Policy Practice** (3)
- **SW 5302 - Community Organizing** (3)
Courses not listed require adviser approval.

Degree Requirements for Three Year Option

A total of 60 units are required.

Foundation 1st Year Courses (18 units)

- SW 5101 - Human Behavior and the Social Environment I (3)
- SW 5102 - Human Behavior and the Social Environment II (3)
- SW 5301 - History of Social Welfare Policy and Introduction to Policy Practice (3)
- SW 5302 - Community Organizing (3)
- SW 5501 - Diversity, Cultural Humility, and Social Justice in Social Work (3)
- Elective I (3)

Foundation/Advanced 2nd Year Courses (24 units)

- SW 5201 - Generalist Practice I (3)
- SW 5202 - Generalist Practice II (3)
- SW 5303 - Administration of Social Service Agencies (3)
- SW 5304 - Advanced Policy Analysis and Practice (3)
- SW 5401 - Social Welfare Research and Statistics (3)
- SW 5950A - Field Practicum I (3)
Advanced 3rd Year Courses (18 units)

- **SW 5970 - Advanced Social Work Research** (1-3)
- **SW 5990 - Thesis** (3)
- **SW 5203 - Mental Health Assessment and Diagnosis** (3)
- **SW 5204 - Advanced Generalist Social Work Practice** (3)
- **SW 5950C - Field Practicum III** (3)
- **SW 5950D - Field Practicum IV** (3)

Approved Electives (6 units)

*Students complete 6 units of approved electives.

- **SW 4560 - Multidisciplinary Teams, Child Maltreatment, and Family Violence** (3)
- **SW 4580 - The Role of Men and Fathers in Families and Civil Society** (3)
- **SW 4830 - Financial Empowerment** (3)
- **SW 4840 - Community Engagement, Service Learning, and Community Practice with Youth** (3)
- **SW 4850 - Social Work Practice with Military and Veteran Populations** (3)
- **SW 4860 - Social Work Practice with Lesbian, Gay, Bisexual and Transgender Populations** (3)
- **SW 4870 - Forensic Social Work: Focus on Involuntary Clients** (3)
- **SW 4900 - Latino Mental Health** (3)
- **SW 5802 - Recovery and Empowerment in Mental Health** (3)
- **SW 5804 - Trauma, Substance Abuse and Violence** (3)
- **SW 5805 - Policy and Practice in Public Child Welfare** (3)
- **SW 5806 - Grief and Loss in Later Life** (3)
- **SW 5808 - Financial Empowerment Practice with Vulnerable Populations** (3)
- **SW 5540 - Selected Topics in Social Work** (1-3)
- **SW 5980 - Graduate Directed Study** (3)

Courses not listed require adviser approval.

*All courses are offered on campus, but have the option to be taught online or as hybrids.
Sociology, B.A.

Sociology is the scientific study of the changing groups and institutions shaping human experience throughout people's lives. It is a social science that links all studies of humankind, including communications, economics, history, and psychology.

The Department of Sociology offers a Bachelor of Arts degree in Sociology with four options: the General Sociology Option, the Inequalities and Diversity Option, the Law and Society Option, and the Social Gerontology Option.

120 units are required for the Bachelor of Arts in Sociology, 45 of which are in the major. The 45 major program units are distributed as follows:

- 24 units of core courses
- 21 units of option courses

Consult with an NSS adviser for the specific number of units required in all other areas of the degree, including GE and free electives.

Honors Program in the Sociology Major

The Sociology Department sponsors a Senior Honors Program for our top undergraduate sociology majors. During their final undergraduate year, sociology honors program students conduct an independent research project under the supervision of a Sociology Department faculty member and write a senior honors thesis.

Those who successfully complete the Honors Program will receive the following statement on their diplomas and transcripts: Graduated with Departmental Honors in the [Option] in Sociology.

Honors Program Basic Eligibility Criteria

- Senior class standing
- Minimum GPA of 3.5
- Completion of these three core requirements: SOC 2010, SOC 3900 or SOC 3910, and SOC 4120
- Completion of at least six other upper-division courses in the Sociology Major

Option-Specific Eligibility Criteria

- Completion of option-specific required course: SOC 4600 for Inequalities and Diversity; SOC 4880 for Law and Society; SOC 4500 for Social Gerontology (this can count as one of your six upper-division courses in the above criteria).
- Registration in the option-specific honors thesis course (after obtaining permission to enroll): SOC 4500 for Law and Society; SOC 4930 for all other options.

Independent Study
Sociology majors can earn up to 1-3 units per semester up to a maximum of 6 units through Undergraduate Directed Study, SOC 4990, which allows students to expand on their special interests in an area that is more specialized than the department's normal course offerings. Students meet regularly with their faculty supervisor. Individual research projects may involve library research, case studies, or field research.

**Independent Study Criteria for all Options:**

- Senior class standing
- 2.75 GPA
- Students must have approval from the supervising sociology professor and the Department Chair prior to enrollment. Approval is partly contingent on demonstrating that the experience cannot be gained through normal course offerings.

**Course Sequence**

Sociology 2010, Introduction to Sociology, is the prerequisite for all 4000-level sociology coursework. It is also highly recommended that suggested sequences be observed, since later coursework will assume students have some of the skills taught in 2010, 2100, 3100, 3900, and 3910.

The following are strongly recommended or required:

- SOC 2010 and SOC 2100 should be among the first courses taken at Cal State L.A. by entering first year students and those who are transferring in without having completed equivalent courses. SOC 3100 should be taken soon after its prerequisite, SOC 2100; SOC 2100 is prerequisite for SOC 3900. Recommendations include taking SOC 3900 and SOC 3910 before 4000-level coursework.

**Requirements for the Major (45 units)**

Major requirements combine a common set of 24 units of required coursework with 21 additional units of work relevant to one of the four options: General Sociology, Inequalities and Diversity, Law and Society, and Social Gerontology.

**Core Courses (24 units)**

- SOC 2010 - Introduction to Sociology (3)
- SOC 2100 - Elementary Statistics (3)
- SOC 3100 - Intermediate Statistics (3)
- SOC 3480 - Sociology of Race/Ethnicity, Class, and Gender (3)
- SOC 3700 - Civic Learning (3)
- SOC 3900 - Quantitative Research and Writing (3)
- SOC 3910 - Qualitative Research and Writing (3)
- SOC 4120 - Sociological Theory (3)

**Choose one of these Four Options**

**General Sociology Option**

**Inequalities and Diversity Option**

**Law and Society Option**

**Social Gerontology Option**

**General Sociology Option (21 units)**

Sociology explores a broad range of critical social and scientific issues concerning multiple facets of society. It prepares students for a wide variety of careers and professional programs and informs them about how social forces influence individuals, groups, and institutions. It provides the basis for those who wish to do applied research and those who wish to gain an overall understanding of society before seeking careers related to social agency, public policy, public administration, urban planning, counseling, and other service occupations. The General Sociology Option is designed for students who wish to pursue these ideas broadly without focusing on one particular area.

**Directed Electives (21 units)**

- 15 units upper-division courses in Sociology, NOT including independent supervision, or coursework from other departments.

- 6 units additional upper-division courses. These may include any combination of the following: more upper-division sociology electives; approved relevant upper-division courses from other disciplines - NOTE: The approved list is available through the Department and automated on GET; individual supervision coursework.
Inequalities and Diversity Option (21-Units)

The Inequalities and Diversity Option builds on the strength of Cal State LA as a diverse, urban institution uniquely positioned to enable students to explore the many aspects of social inequality and diversity confronting our society. The sociological approach constitutes the core of the option. The option-specific courses provide students with concentrated study on topics relevant to various types of social inequalities, thus preparing students for careers in an increasingly diverse, multicultural, and global society.

Required Course (3 units)

- SOC 4600 - Race and Ethnic Relations (3)

Directed Elective Courses (9 units)

Select 9 units from the list below:

- SOC 3000 - Cultural Emotions (3)
- SOC 3310 - The Dynamics of Poverty (3)
- SOC 3410 - Sociology of Gender (3)
- SOC 4150 - Political Sociology (3)
- SOC 4160 - Feminist Theories and Contemporary Society (also listed as WGSS 4160) (3)
- SOC 4210 - Social Sources of Human Sexuality (3)
- SOC 4230 - Sociology of Globalization and Resistance (3)
- SOC 4350 - Asian Societies (3)
- SOC 4380 - Sociology of Sport (3)
- SOC 4390 - Aging and Family Life (3)
- SOC 4400 - Partnership, Marriage, and Families (3)
- SOC 4410 - Researching Gender in Social Institutions (3)
- SOC 4420 - Social Change (3)
- SOC 4430 - Social Policy, Inequity and Non-Traditional Families (3)
- SOC 4450 - Sociology of Religion (3)
- SOC 4470 - Work and the Workplace (3)
- SOC 4480 - Social Class and Inequality (3)
- SOC 4820 - Sociology of Genocide (3)
- SOC 4830 - Sociology of Human Rights (3)

Additional Upper-Division Elective Courses (9 units)

These may include any Sociology electives, including additional option-specific electives. They may also include up to 6 units of independently supervised coursework.

Refer to Degree Planner for specific approved courses to satisfy these requirements.

Law and Society Option (21 units)

The Law and Society Option explores a broad range of critical social and scientific issues concerning multiple facets of the law, including crime, deviance, human rights, and legal institutions from a sociological perspective. It prepares students for a wide variety of careers and professional programs and informs them about how social forces influence the legal system and how the law affects society, definitions of deviance and crime, and explanations for why individuals engage in these activities. It is designed for students who wish to pursue advanced study in areas such as sociology, law, graduate law and society programs, public health, criminology, social welfare, education, and business administration; those who wish to do applied research on law-related issues; and those who wish to gain a sociological understanding of law and society before seeking careers in health professions, criminal justice, social work, politics, public policy or policy analysis, public administration, urban and environmental planning, counseling, and other service occupations.

Required Course (3 units)

- SOC 4880 - Sociology of Law (3)

Directed Elective courses (9 -18 units)

- SOC 3830 - Violence and Society (3)
Additional Upper-Division Elective Courses. (0-9 units)

These may include any SOC elective courses, including additional Directed electives. They may also include up to 6 units of independently supervised coursework.

*Up to 6 of these 18 units may include approved relevant upper-division courses from related departments. (The approved list of relevant UD courses is available through the Department and automated on GET).

Refer to Degree Planner for specific approved courses to satisfy these requirements.

Social Gerontology Option (21 units)

The Social Gerontology Option will provide students with the theoretical and research background in the sociology of aging that they will need to develop social programs for the elderly and to evaluate the effectiveness of those programs. This option is particularly timely because aging baby boomers created the largest cohort of senior citizens in U.S. history; yet, they will be outnumbered as later cohorts age. Population aging will soon be worldwide and will lead to many new career opportunities for students in a variety of fields. Social Gerontology is inherently multidisciplinary; therefore, this option not only examines the social aspects of aging but also the biological, socio-cultural, developmental, and policy aspects. Students will gain an understanding of how aging influences all spheres of self and society.

Required Course (3 units)

- SOC 4500 - Sociology of Aging (3)

Elective courses (9 -18 units)

Select from the list below:

- SOC 3220 - Socialization: Childhood and Adolescence (3)
- SOC 3230 - Adult Life in a Diverse World (3)
- SOC 4250 - Medical Sociology (3)
- SOC 4270 - Society and Mental Illness (3)
- SOC 4280 - Self and Identity (3)
- SOC 4330 - Bioethics and Sociology (3)
- SOC 4340 - Population and Society (3)
- SOC 4390 - Aging and Family Life (3)
- SOC 4400 - Partnership, Marriage, and Families (3)
- SOC 4520 - Life Span Transitions: The Retirement Years (3)
- SOC 4530 - Social Aspects of Death and Bereavement (3)
- SOC 4550 - Older Adults' Life Stories (3)
- SOC 4560 - Global Aging (3)
- SOC 4570 - Women and Aging (3)
- SOC 4850 - Domestic Violence (3)

Additional Upper-Division Elective Courses (0- 9 units)

These may include any SOC elective courses, including additional option-specific electives. They may also include up to 6 units of independently supervised coursework.

*Up to 6 of these 18 units may include approved relevant upper-division courses from related departments. (The approved list of relevant UD courses is available through the Department and automated on GET).

Refer to Degree Planner for specific approved courses to satisfy these requirements.
Sociology, M.A.

The Master of Arts degree in Sociology provides advanced study in sociological theory and methods of research with a variety of subject matter emphases that students plan with a graduate advisor. The program prepares students for doctoral studies, teaching at the secondary or community college level, or working in a professional capacity in government agencies or private organizations.

Three options are offered.

- Option A requires a thesis;
- Option B requires a comprehensive examination, and
- Option C requires a project in the form of an original work portfolio that includes professional presentations and other evidence of Sociology MA Program Learning Outcomes.

Admission to the Program

- Fall is the admission term for the MA Program in Sociology.
- The Sociology Department does not require any materials other than those submitted to the CSULA Admissions Office. Students will be accepted until the deadlines established by the University for Fall term admissions.
- The Sociology Department has two admissions requirements in addition to University requirements.

[1] One admission requirement is a prerequisite GPA of 3.0 or better in a set of nine specified prerequisite courses or their equivalents.

- These include the four most recently completed upper-division sociology elective courses in addition to these specific courses (or their equivalents):
  - SOC 2010; SOC 2100; SOC 3100; either SOC 3900 or SOC 3910; and SOC 4120
- Independent Supervision courses do not count as prerequisites. Satisfactory equivalents will be determined by the Graduate Studies Committee in sociology.

[2] Applicants must have achieved a grade point average of 3.0 in this coursework. Applicants must also achieve a GPA of 2.75 or above in an additional 24 semester units of upper-division undergraduate coursework in addition to meeting university requirements for admission to graduate study.

- If more than 24 additional upper-division semester units of coursework have been completed, those courses least relevant to the Sociology MA Program will be omitted from the GPA calculation.

Learning Outcomes

Road Map

Requirements for the Degree (30 units)

A total of 30 units is required, with at least 27 in 5000-level courses. There are 3 Options defined by the choice of culminating experience: Option A (Thesis), Option B (Comprehensive Examinations), and Option 3 (Project). Units are distributed as indicated below:
### Required Courses (18 units)

*Seminars do not include: SOC 5940, SOC 5941, SOC 5950, SOC 5960, SOC 5970, SOC 5980, SOC 5990, SOC 5995.

**Other Elective may include additional seminars and: SOC 5940, SOC 5941, SOC 5950, SOC 5980, as well as any 4000 level course.

### Required Core MA Program Courses (18 units)

- SOC 5000 - Introduction to Graduate Studies, the Discipline, and the Profession (3)
- SOC 5010 - Qualitative Research Methods in Sociology (3)
- SOC 5011 - Quantitative Research Methods in Sociology (3)
- SOC 5012 - Advanced Statistics (3)
- SOC 5020 - Seminar: Classical Sociological Theory (3)
- SOC 5021 - Seminar: Contemporary Sociological Theory (3)

### Electives (7-9 units)

- All Students: must take 6 units of 5000-level Sociology courses specifically designated as seminars*. (Refer to Course List 1)
- Option A and Option C students: must take at least one additional elective unit that may include, but is not restricted to an additional seminar.
- Option B students: must take three additional elective units that may include but are not restricted to an additional seminar. (Refer to Course List 2)

*SOC 5940, SOC 5941, SOC 5950, and SOC 5980 are independent supervision electives and do not count as seminars but may be used to fulfill additional elective unit requirements.

### Culminating Experience Options (3-5 units)

Students enter the Program under Option B, Comprehensive Examination. Students who successfully achieve candidacy may elect to change to Option A, remain in Option B or change to Option C, in accordance with college and department policy.

#### Option A: Thesis (5 units)

An approved thesis proposal is required for enrollment in SOC 5990, Thesis units. Human subjects review clearance (IRB) may be required. The proposal and the IRB application (if required) are completed in the required prerequisite, SOC 5970, a one-unit supervision course. Students take between 1-4 units of thesis during a term, but must complete exactly 4 thesis units. Oral defense of thesis is required. Students must comply with college and department requirements as detailed in department documents. Students who fail to complete their thesis, but have completed 4 units of 5990 may take additional terms to complete the thesis through UNIV 9000, subject to University policy.

- SOC 5970 - Graduate Research (1)
- SOC 5990 - Thesis (1-4)

#### Option B: Comprehensive Examination (3 units)
The comprehensive examination (SOC 5960) is a written examination in three fields of concentration: theory, methods, and one elective field selected by the candidate, subject to advisor approval. Exams are given during the last week of class. Students should expect to take all three comprehensive examination (comps) in the semester they complete all coursework on their program, or in the following semester, and must comply with college and department policy. Students are required to take the preparatory course (SOC 5030) Capstone Transition before or during the semester they will take the comps. Students who do not pass on the first attempt repeat on the failed exam(s). Students are allowed a maximum of two attempts to complete the comprehensive examination successfully.

- SOC 5030 - Seminar: MA Capstone Transition (3)
- SOC 5960 - Comprehensive Examination (0)

**Option C: Project (5 units)**

An approved Project Planner form is required for enrollment. The project is comprised of four demonstrations of advanced scholarly achievement, that are primarily completed beyond the classroom. Demonstrations include conference presentation from original work, research skills, and the writing of an original paper that is in academic journal submission-ready format (using author guidelines from a relevant peer-reviewed journal). Student project portfolios are required to demonstrate the achievement of MA PLOs. The paper and the IRB application (if needed) are mentored in the required pre/co-requisite, SOC 5970, a one-unit supervision course. Students are required to take the course (SOC 5030) Capstone Transition, before or during the semester they will turn in their completed project portfolio. Students should expect to submit the project portfolio the semester they complete all coursework on their program, although they may elect later submission. Students must comply with college and department requirements as detailed in department documents.

- SOC 5030 - Seminar: MA Capstone Transition (3)
- SOC 5970 - Graduate Research (1)
- SOC 5995 - Project (1)
University Catalog

Spanish, B.A.

Overview

- The Undergraduate program includes a major for the Bachelor of Arts and a Minor for students majoring in other fields.
- The total number of units required for the Bachelor of Arts degree in Spanish is 120 units, of which 48 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.
- Prior to beginning the Bachelor of Arts program in Spanish, students must have completed the second year of college-level Spanish or demonstrate equivalent language competency on the department's placement examination.

Requirements for the Major (48 units)

Complete 27 units of following common core courses:

Lower Division Required Course (3 units)

- ML 1010 - Introduction to Higher Education for MLL Majors (3)

Upper Division Required Courses (24 units)

- ML 4000 - Senior Thesis in Modern Languages and Literatures (3)
- SPAN 3001 - Advanced Composition and Grammar (3)
- SPAN 3050 - Introduction to Spanish Linguistics (3)
- SPAN 3100 - Spanish History and Culture (3)
- SPAN 3150 - Spanish-American Civilization (3)
- SPAN 4010 - Introduction to Literary Analysis (3)
- SPAN 4080 - Spanish Literature I (3)
- SPAN 4130 - Spanish-American Literature II (3)

Electives (21 units)

Select a total of 21 units, of which, at least 3 units from each of the following groups:

A. Linguistics and Language

At least 3 units from the following:

- SPAN 3002 - Applied Spanish Composition in the Community (3)
- SPAN 3020 - Spanish in the United States (3)
- SPAN 3200 - Spanish Usage In The Americas; Applied Approaches (3)
- SPAN 3800 - Commercial Spanish (3)
B. Spanish Literature

At least 3 units from the following:

- SPAN 4100 - Spanish Literature II (3)
- SPAN 4140 - Don Quijote de la Mancha (3)
- SPAN 4181 - Golden Age Culture and Literature (3)
- SPAN 4260 - Peninsular Literature: The Enlightenment to the Generation of 98 (3)
- SPAN 4540 - Special Topics in Spanish - Peninsular (1-3)
- SPAN 4720 - Peninsular Literature: Vanguardismo to the Present (3)

C. Spanish-American Literatures

At least 3 units from the following:

- ML 4100 - Chicana and Mexican Women Writers (also listed as WGSS 4100) (3)
- SPAN 4110 - Spanish-American Literature I (3)
- SPAN 4170 - Spanish-American Short Story (3)
- SPAN 4210 - Mexican Literature of Twentieth Century (3)
- SPAN 4310 - Spanish-American Testimony (3)
- SPAN 4411 - Masterworks of Spanish American Literature (3)
- SPAN 4541 - Special Topics - Latin America (1-3)
- SPAN 4750 - Spanish American Theater (3)
- SPAN 4830 - Intellectuals and Ideas in Latin America (3)
- SPAN 4850 - Southern Cone Fiction (3)

D Miscellaneous Hispanic Themes

At least 3 units from the following:

- ML 3003 - Contemporary Spain: Culture and Society (3)
- ML 3009 - Mexico City in Contemporary Mexican Cinema (also listed as CLS 3009) (3)
- MUS 4580 - Music of Latin America (3)
- SPAN 2420 - Hispanic Societies through Literature (3)
- SPAN 3400 - Hispanic Film (3)
- SPAN 3950 - Spanish in Community Service (1-3)
- SPAN 3970 - Field Work in Spanish (1-3)
- SPAN 4450 - Journalism in Spanish (3)
- SPAN 4590 - Hispanic Play Production (also listed as TA 4590) (3)
- SPAN 4600 - Editing a Bilingual (Spanish-English) Cultural Magazine (3)
Spanish, M.A.

The Hybrid Delivery Mode Spanish M.A. is designed to enable students to attain a high level of proficiency in the Spanish language and literatures written in Hispanic countries, to solidify understanding of linguistic processes in standard and dialectal varieties of Spanish, and to employ the language skillfully in such pursuits as teaching, writing, translating, and communications, or as preparation for doctoral study. Several of the required seminars for the Spanish M.A. are offered in either an online or hybrid delivery mode in order to incorporate distance learning opportunities.

Admission to the Program

In addition to applying to the University, applicants must file a departmental application for admission along with official transcripts of all previous college work. Students who hold a B.A. from Cal State LA only need a printout of their unofficial transcript along with their application. These documents must reach the department early in the semester preceding that in which course work for the degree is to begin. Applicants who hold a baccalaureate from Cal State LA and have not attended another college since graduation must also file a departmental application early in the semester preceding graduate enrollment and provide a hard-copy of their unofficial transcript.

In addition to University requirements for admission to graduate study, applicants must have a Bachelor of Arts degree in Spanish or equivalent, a minimum 2.75 overall undergraduate grade point average, and a B (3.0) grade point average in upper-division Spanish coursework, with at least one course in each of the following areas: Spanish Linguistics, Literary Analysis, Peninsular Literature, and Spanish-American Literature.

Applicants who have not completed the following courses or equivalents with a 3.0 GPA may be admitted conditionally and will be required to take them as qualifying courses: SPAN 3050, SPAN 4010, SPAN 4080, SPAN 4100, SPAN 4110, or SPAN 4130. Applicants whose B.A. is neither in Spanish nor from a university where the language of instruction is Spanish may also be required to demonstrate advanced oral and written proficiency in the language in order to be considered for conditional admittance to the program.

Requirements for the Degree (30 units)

Core Courses (18 units)

- SPAN 5000 - Academic Writing in Spanish (3)
- SPAN 5040 - Medieval Literature (3)
- SPAN 5070 - Literary Theory (3)
- SPAN 5100 - Applied Linguistics for Spanish Graduate Students (3)
- SPAN 5400 - Seminar: Spanish Poetry from Romanticism to the Present (3)
- SPAN 5450 - Seminar: Contemporary Spanish-American Poetry After Ruben Dario (3)

Electives (12 units)

- SPAN 4140 - Don Quixote de la Mancha (3)
- SPAN 4170 - Spanish-American Short Story (3)
- SPAN 4181 - Golden Age Culture and Literature (3)
- SPAN 4210 - Mexican Literature of Twentieth Century (3)
- SPAN 4260 - Peninsular Literature: The Enlightenment to the Generation of 98 (3)

5151 State University Drive, Los Angeles, CA 90032 (323) 343-3000
© 2019 Trustees of the California State University
Notice to Students RE: Professional Licensure and Certification

The Master of Arts (MA) degree in Special Education provides administrators, teachers, and therapists with advanced preparation for work with exceptional learners. MA candidates must incorporate the credential requirements in their option area as a part of their program. (This requirement may be waived for personnel in related fields, such as nurses, occupational or physical therapists, or speech language pathologists.) This program includes a choice among a variety of options.

Options

Students must select one option with advisor consultation and approval. Special Education credential and related courses may be included as approved by the faculty advisor.

• Autism Spectrum Disorders Option
• Early Childhood Special Education Option
• Mild-Moderate Disabilities Option
• Moderate Severe Disabilities Option
• Multicultural Multilingual Special Education Option
• Physical, Health, and Significant Support Needs Option
• Visual Impairment, Blindness Orientation, and Mobility Option
• Visual Impairment and Blindness Teacher Preparation Option

Admission to the Program

In addition to university requirements for admission to graduate study, applicants must have a minimum of a 2.75 grade point average in their last 60 semester units attempted, must have completed (or complete concurrently) requirements for a California credential in special education or equivalent (this requirement may be waived for personnel in related fields, such as nurses, occupational or physical therapists, or speech language pathologists), must complete all division application procedures, and must obtain approval from the division. A number of scholarships and traineeships are available to qualified students. Interested students should contact the division office.

Advisement

Students should seek advisement for all special education credential and graduate programs in the Division of Special Education and Counseling. Candidates are encouraged to seek advisement for determining when to apply to the MA program as only 30% of pre-approved units may be applied towards the MA degree. A minimum of 30 - 38 units is required, with at least one-half in 5000-level courses. Total units vary by option. The candidate must maintain a minimum 3.0 (B) grade point average, with no grade lower than C. The program has five components:

1. Pre-requisite courses as applicable;
2. Credential requirements;
3. MA required core courses;
4. Required specialization courses and electives that are approved by the advisor; and
5. Successful completion of the Comprehensive Examination or Thesis/Project.

Students must pass all sections of the comprehensive examination by the third attempt. Students may pursue the thesis or project option only when they meet specified division and college criteria. Students electing the thesis and planning to perform quantitative analysis are required to take EDFN 3520 Statistics in Education (3 units) or equivalent as a prerequisite or co-requisite to EDSP 5990A. See restriction on credit earned in variable unit courses in the Charter College of Education section of the academic programs: college-based and university-wide chapter.

Comprehensive Examination or Thesis or Project (0, 4 units)
• **EDSP 5960 - Comprehensive Examination (0)**
  
or
• **EDSP 5990A - Thesis Planning (2) * and**
• **EDSP 5990B - Thesis (2) **
  
or
• **EDSP 5995A - Project Planning (2) * and**
• **EDSP 5995B - Project (2) **

Notes:

Students should expect to take the Comprehensive Examination (EDSP 5960) during the Fall or Spring semester after they complete all coursework on their program and must comply with college and division requirements.

*Students who do a thesis or project are required to obtain advisor approval.*

**May be repeated once for credit.**
Special Major, Bachelor’s Degree

Special Major for the Bachelor’s Degree

The Bachelor’s degree with a Special Major allows selected students an opportunity to pursue individualized programs of study if their academic and professional goals cannot be met through existing degree programs, or combinations of programs (i.e., majors, minors, etc.), at CSULA or other CSU campuses. The Special Major consists of a program of study in two or more disciplines developed in consultation with faculty members from the respective departments.

The Special Major is not a means of bypassing normal graduation requirements nor does it provide an alternative means of graduating for students who have failed to complete requirements in a previously designated major. Students must apply for the Special Major when they have at least one full year (30) units of academic work remaining to complete minimum requirements for a bachelor’s degree. Special Major programs are considered on a case-by-case basis; approval is determined on the basis of academic merit of the proposed program, rationale, and the student’s potential for successful completion of the proposed program.

Requirements

- A minimum 2.50 grade point average is required.
- Applicants must have no more than 94 units earned that are applicable toward another degree program by the end of the quarter in which the application for the Special Major is submitted.
- A total of 120 units are required for the BA/BS degree with a Special Major. A minimum of 47 semester units, of which at least 40 must be upper division, must be included in the Special Major program.
- Neither lower nor upper division courses taken to satisfy general education requirements may be counted toward fulfillment of minimum requirements for the Special Major.
- All programs must include an upper division writing requirement, selected with adviser’s approval, from one of the approved upper division writing courses from one of the disciplines in the Special Major program.
- A principal adviser must be selected from one of the disciplines proposed for the Special Major program.

Procedures

- Prepare an Application obtained from the Office of Undergraduate Studies.
- Prepare a concise statement of the academic and professional goals you seek through a Special Major, indicating why these goals cannot be met through related existing degree programs and prepare a preliminary list of courses in the two or three departments that represent the kind of program appropriate to your goals.
- Submit the Preliminary Application to the Office of Undergraduate Studies for review and approval for development of the Special Major. Upon approval, an Application for Special Major for Bachelor’s Degree will be provided to you. A faculty committee composed of a faculty member from each department on the proposed program may be recommended by the Associate Dean of Undergraduate Studies to guide you in the development of your Special Major program.
- Discuss your statement and proposed list of courses with advisers in each of the specific departments that comprise your Special Major. With the assistance of your departmental advisers, determine the courses that will become part of your final program. Obtain the signatures of departmental advisers and department chair for each area of study. Their signatures indicate that they have reviewed and approved the proposed course of study. A principal adviser must be selected from one of the disciplines proposed for the Special Major Program.
- Obtain the signature of the college associate dean for each of the departmental course areas listed on your program and submit the completed application to the Office of Undergraduate Studies for university-level approval.
- Upon University approval, the application will be sent to you and to each department listed on your program. A Change of Major Form will also be sent to you with instructions to change your major to the official title listed on your approved program. Be advised that pending final approval of your Special Major program, you proceed with projected course work at your risk.
Speech-Language Pathology Services Credential in Language, Speech, and Hearing

The Speech-Language Pathology Services Credential issued by the State of California Commission on Teacher Credentialing, licensure in Speech-Language Pathology issued by the State of California Speech-Language Pathology and Audiology and Hearing Aid Dispensers Licensing Board, and the Certificate of Clinical Competence in Speech-Language Pathology (CCC-SLP) issued by the American Speech-Language-Hearing Association (ASHA).

Program Enrollment Requirements

This is for students who have met the requirement for Communicative Disorders, M.A., degree with an emphasis in Speech-Language Pathology. Enrollment is by recommendation.

In addition to the coursework listed below, all requirements for the degree, including all required courses, practicum and culminating experience, are required before a student will be recommended for the credential.

Requirements for the Credential (105 units)

- COMD 4000 - Hearing Science (3)
- COMD 4020 - Audiology and Audiometry (3)
- COMD 4200 - Rehabilitative Audiology (3)
- COMD 4560 - Language Development (also listed as CHDV 4920) (3)
- CHDV 4920 - Language Development (also listed as COMD 4560) (3)
- COMD 4800 - Research Methods in Communication Disorders (3)
- COMD 4600 - Introduction to Language Science (3)
- COMD 4610 - Descriptive Phonetics (3)
- COMD 4620 - Anatomy and Physiology of the Speech Mechanism (3)
- COMD 4630 - Neuroscience of Communication (3)
- COMD 4710 - Primary and Secondary Language Disorders in Children and Adolescents (3)
- COMD 4720 - Fluency and Speech Sound Disorders (3)
- COMD 4730 - Communication Disorders in Voice, Cleft Palate, and Cerebral Palsy (3)
- COMD 4750 - Cultural/Linguistic Diversity in Communication Disorders (3)
- COMD 4510 - Psychosocial Considerations in Communication Disorders (3)
- EDFN 4131 - Psychological Foundations of Education (3)
- EDFN 4000 - Foundations of Special Education (3)
Subject Matter Waiver Programs in Mathematics

In order to obtain a Single Subject Teaching Credential in Mathematics, students must complete 1) subject matter certification requirements and 2) professional education coursework requirements. The Single Subject Matter Waiver Program in Mathematics as well as the Foundational Level Subject Matter Waiver Program in Mathematics listed below have been approved by the California Commission on Teacher Credentialing as satisfying the subject matter certification requirement for high school and middle school mathematics respectively. Students should consult advisors in the Charter College of Education and refer to the Charter College of Education section of the Academic Programs: College-Based and University-Wide chapter of this catalog for regulations governing required professional education coursework.

Students planning to complete a Bachelor’s degree in Mathematics with the goal of a teaching credential in mathematics should follow the course listings for the B.S. Mathematics and select either the Integrated Teaching option or the Traditional Teaching option, both of which are subject matter certified. Others who have already earned or are currently pursuing a baccalaureate in another discipline must pass either the appropriate subject examination (CSET Mathematics I-III) or complete one of the approved programs of course work listed below to complete subject matter certification in Mathematics.

Note: Students in these programs must earn a grade C or higher in all courses listed.

I. Subject Matter Waiver Program for Single Subject Credential in Mathematics (53 units)

The Single Subject Matter Waiver Program listed below has been approved by the California Commission of Teacher Credentialing for subject matter certification in the Single Subject Credential in Mathematics. The coursework prepares candidates to teach high school mathematics including general mathematics, algebra, geometry, probability and statistics, consumer mathematics, calculus and math analysis.

Note: It is assumed that students entering this program have completed the equivalent of CSULA’s pre-calculus sequence (MATH 1081 and MATH 1083 or MATH 1040). Competence in these courses can also be shown by passing the respective departmental exit exams.

Required Breadth Area Courses (33 units)

- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- MATH 2130 - Calculus III (3)
- MATH 2450 - Foundations of Mathematics I: Discrete Mathematics (3)
- MATH 2550 - Introduction to Linear Algebra (3)
- MATH 3450 - Foundations of Mathematics II: Math Reasoning (4)
- MATH 4300 - Modern Geometry (3)
- MATH 4460 - Theory of Numbers (3)
- MATH 4740 - Theory of Probability (3)

Required Depth Area Courses (20 units)

- MATH 2150 - Differential Equations (3)
- MATH 2170 - Introduction to Computer Algebra Systems (3)
- MATH 3950 - Field Experience I: Intro. To Classroom Strategies (3)
II. Subject Matter Waiver Program for Foundational Level Credential

The Foundational Level Subject Matter Waiver Program listed below has been approved by the California Commission on Teacher Credentialing for subject matter certification in the Foundational Level Credential in Mathematics. The coursework prepares candidates to teach middle school mathematics and some high school mathematics, including general mathematics, algebra, geometry, probability and statistics, and consumer mathematics.

Required Breadth Area Courses (22 units)

- MATH 1040 - Precalculus: Functions and Trigonometry (6)
- MATH 1100 - Foundations of the Real Number System for Elementary and Middle School Teachers (3)
- MATH 2250 - Explorations in Geometry for Elementary and Middle School Teachers (3)
- MATH 2450 - Foundations of Mathematics I: Discrete Mathematics (3)
- MATH 2740 - Introduction to Statistics (3)
- MATH 3450 - Foundations of Mathematics II: Math Reasoning (4)

Required Depth Area Courses (14 units)

- MATH 2110 - Calculus I (4)
- MATH 2120 - Calculus II (4)
- MATH 2170 - Introduction to Computer Algebra Systems (3)
- MATH 2550 - Introduction to Linear Algebra (3)
Subject Waiver for the Single Subject Credential in Social Sciences

The Social Science Teaching Preparation Option Major, administered by the History Department, has been approved by the California Commission on Teacher Credentialing to satisfy the subject area requirements for the Single Subject Credential in Social Sciences. The program is listed under the History Department section of this catalog.
Teaching English to Speakers of Other Languages (TESOL), M.A.

Teaching English to Speakers of Other Languages (MA TESOL) prepares teachers for a wide variety of positions both in the U.S. and abroad. Students may select coursework that prepares them for several career choices, including the following: English as a Second Language (ESL) or English as a Foreign Language (EFL) instruction in the U.S. or in a non-English-speaking setting abroad; K-12, adult education, or post-secondary settings; and research in Applied Linguistics. The program emphasizes language acquisition processes, teaching methodology, linguistics, language testing, research, and sociocultural influences.

Admission to the Program

Students must first apply for admission to the University in graduate standing. Then, they must make a formal application to the Charter College of Education and the TESOL Program. Once they gain admission to the university with graduate status, they must consult a faculty advisor for program planning.

In addition to the University requirements for admission to graduate study, all applicants must meet the requirements for admission to the program:

1. Have a minimum 2.75 grade point average in the last 60 semester (90 quarter) units attempted.
2. Grade of B or better in one of these courses:
   - TESL 4000 Linguistics in Language Education (3); or
   - EDSP 4010 Cognitive, Linguistic, and Literacy Processes of Individuals with Special Needs (3); or
   - ENGL 4101 Introduction to English Linguistics (3);
3. One year of college-level study in a foreign language or equivalent.
4. Visa Students only (in addition to above):
   - TOEFL: minimum scored 100ibt or 600 pbt,
   - IELTS: minimum scored 7.5

Requirements for the Degree (36 units)

A total of 36 units is required, with at least half of the units earned in 5000-level courses. A comprehensive examination, or a thesis or project is also required. There is a limit on credit that may be earned in variable-unit courses. See Restrictions on Credit Earned in Variable Unit Courses.

Required Core (24 units)

- EDFN 5000 - Research Methods in Education (3) **
- TESL 5600 - Theories of Teaching and Learning Second Languages (3)
- TESL 5610 - Pedagogical Grammar for Teachers of ESL/EFL (3) or
- ENGL 4170 - Modern English Grammar (3)
- TESL 5620 - Methods for Teaching Second Languages (3)
- TESL 5640 - Teaching English as a Second Language for Academic Purposes (3)
- TESL 5670 - Language Testing (3)
- TESL 5680 - Practicum in English as a Second Language (3) *
- TESL 5700 - Educational Sociolinguistics (3)

Notes:
* May be waived for students with substantial ESL/EFL teaching experience who successfully demonstrate their teaching competency (must be certified by a TESOL program faculty member).
** Students who choose to write a thesis are required to obtain an advisor’s approval and must take EDFN 4250.

Electives (8-12 units)

Select remaining units from the following, with advisor approval:

- EDCI 5490 - Developing English Reading/Language Arts Skills in Bilingual/Cross-Cultural Individuals (3)
- EDCI 5540 - Research and Methods for Teaching in Bilingual/Cross-Cultural Classrooms (3)
- EDFN 4250 - Statistics in Education and Human Services (3)
- EDIT 4300 - Information Technologies in the Classroom (3)
- EDSP 4010 - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs (3)
- ENGL 4170 - Modern English Grammar (3)
- ENGL 5040 - Seminar: Theories of Composition and Rhetoric (3)
- ENGL 5050 - Seminar: Topics in Composition, Rhetoric, and Language (3)
- TESL 5610 - Pedagogical Grammar for Teachers of ESL/EFL (3)
- TESL 5650 - Using Computers in the Language Classroom (3)
- TESL 5660 - English Phonetics for Second Language Teachers (3)
- TESL 5690 - Language Planning and Language Policy (3)
- TESL 5720 - ESL/EFL Course, Syllabus and Materials Design (3)
- TESL 5730 - Current Issues in Classroom Second Language Acquisition (3) *
- TESL 5750 - EFL/ESL Reading-Writing Connections (3)
- TESL 5970 - Graduate Research (1-3)
- TESL 5980 - Graduate Directed Study (1-3)

Note:
* May be repeated once for credit with prior approval of a TESOL adviser.

Comprehensive Examination or Thesis or Project (0, 4 units)

Select one of the three categories: Comprehensive Examination, Thesis, or Project

- TESL 5960 - Comprehensive Examination (0)
  or
- TESL 5990A - Thesis Planning (2) and
- TESL 5990B - Thesis (2) *
  or
- TESL 5995A - Project Planning (2) and
- TESL 5995B - Project (2) **

Notes:
Students should expect to take TESL 5960 during the Fall or Spring Semester after they complete all coursework on their program and must comply with college and division requirements.

* Students who do a thesis are required to obtain advisor approval and are required to take EDFN 4250. The selection of an appropriate thesis or project topic may allow students to substitute thesis or project units for other coursework in the program, with advisor approval.

** May be repeated once for credit.
Television, Film and Media Studies, B.A.

The program leading to the Bachelor of Arts degree with a major in Television, Film and Media Studies emphasizes both theoretical understanding and practical application of the mass media of communication in contemporary society. It is the primary objective of our curriculum to develop a knowledgeable and artistically skilled graduate who will be able to pursue an advanced degree and/or a professional career in journalism, television, cinema, and media. The program emphasizes the importance of the media in constructing awareness of the multi-cultural composition of society, as well as the media’s impact on all aspects of human interaction.

The total number of units required for the Bachelor of Arts degree in Television, Film and Media Studies is 120 units, of which 50 units are in the major. Consult with an adviser for the specific number of units required in all areas of the degree including GE and free electives.

Requirements for the Major (50 units)

Lower Division Core Requirements (13 units)

- TVF 1100 - Media Writing (3)
- TVF 1200 - Introduction to Audio (2)
- TVF 2000 - Introduction to Digital Media (2)
- TVF 2280 - Film History (3)
- TVF 2650 - Introduction to Scriptwriting (3)

Upper Division Core Requirements (19 units)

- TVF 3100 - Introduction to Television, Film and Media Studies (1)
- TVF 3340 - “Race”, Justice and the Mass Media (3)
- TVF 4200 - Media Law (3)
- TVF 4230 - Gender and Sexuality in the Media (3)
- TVF 4800 - Emerging Media and Technologies (3)
- TVF 4970 - TVF Portfolio (3)

Options (18 units)

Select one of three Options:

I. Production Option (18 units)

Required Option Courses (12 units)
TVF 3030 - Digital Post Production (3)
TVF 3031 - Digital Sound Post Production (3)
TVF 3970 - Cinematography (3)

Option Electives (6 units)

Select two of the following:
- TVF 4000 - Community Impact Media (3)
- TVF 4010 - Advanced Production (3)
- TVF 4300 - Documentary Field Production (3)
- TVF 4540L - Selected Studies in Production (3)
- TVF 4801 - Urban Stories Film Incubator Preproduction and Production (3)
- TVF 4802 - Urban Stories Film Incubator Post-Production (3)
- TVF 4830 - Interactive Media Design Project (3)

II. Writing Option (18 units)

Required Option Courses (12 units)

- TVF 3630 - Interactive Storytelling and Writing for Games (3)
- TVF 3640 - Television Spec Writing (3)
- TVF 3650 - Intermediate Scriptwriting (3)
- TVF 4650 - Advanced Screenwriting (3)

Option Electives (6 units)

Select two of the following:
- TVF 4540 - Selected Studies in Television and Film (1-3)
- TVF 4640 - Television Pilot Writing (3)
- TVF 4645 - Introduction to the Writers Room (3)
- TVF 4801 - Urban Stories Film Incubator Preproduction and Production (3)

III. Media Studies Option (18 units)

Required Option Courses (12 units)

- TVF 4042 - Media Fandoms (3)
- TVF 4530 - International Media (3)
- TVF 4600 - Media Theory (3)
- TVF 4620 - Criticism of and Film and Television (3)

Option Electives (6 units)

Select two of the following:
- TVF 3240 - Third Cinema/Video (3)
- TVF 3300 - The Documentary in Broadcasting and Film (3)
- TVF 3660 - Violence, Culture and the Media (3)
- TVF 4540 - Selected Studies in Television and Film (1-3)

- TVF 4801 - Urban Stories Film Incubator Preproduction and Production (3)
Television, Film and Media Studies, M.A.

The Master of Arts degree program in Television, Film and Media Studies is housed in the Department of Television, Film and Media Studies. The Television, Film and Media Studies program is designed to enable students to acquire a Masters-level understanding and knowledge of media theory, media research, and media analysis and critique. Courses explore the history, cultural politics, financial structure, aesthetics, and societal impact of film, television and 'new media' (internet, digital media, social media, etc.). This program is also designed to enable students to acquire an understanding of research methods and theories that explore industry structure and audience reception, as well as visual and structural examinations of media texts. The program requires that students select and develop an area of specialization.

Students also have the opportunity to choose elective courses, with advisor approval, from other related programs, including the MFA in Television, Film and Theatre, and the Communication Studies MA program. This enables students to pursue intellectual inquiries that interest them while gaining a broader understanding of Television, Film, and Media Studies.

Admission to the Program

In addition to University requirements for admission to graduate study, students must have a 3.00 grade point average. Applicants must submit the completed departmental application together with official transcripts of all previous college work, a copy of their TOEFL score if applicable, a writing sample, a statement of purpose, and a minimum of two letters of recommendation by persons qualified to assess the applicant's academic work sent directly to the Department of Television, Film and Media Studies. Only complete application files with all required supporting materials will be reviewed by the department and assessed for admission. See website for admission deadlines.

Students applying to the MA in Television, Film and Media Studies, and whose undergraduate major was not Television, Film and Media Studies or some variant thereof, may be admitted to the degree program in conditionally classified standing. Prior to beginning graduate work, conditionally classified students must achieve a minimum B grade in every course of a conditional study plan of up to 15 semester units of undergraduate work in Television, Film and Media Studies, as approved by the graduate advisor for their program. The graduate advisor will assist students in designing a classified study plan suited to their individual interests and goals.

Requirements for the Degree (30 units)

Core Requirements (15 units)

- TVF 5010 - Seminar: Research Methods in Telecommunications and Film (3)
- TVF 5050 - Seminar: Media Theory and Criticism (3)
- TVF 5060 - Seminar: Television Studies (3)
- TVF 5070 - Seminar: Post World War II Film and Television History (3)
- TVF 5150 - Seminar: Cultural Studies (3)

Seminars (6 units)

With adviser approval, select a minimum of 6 units from the following 5000-level seminars:
- TVF 5100 - Seminar: Narrative Studies in Film and Television (3)
- TVF 5200 - Seminar: Documentary Film and Television (3)
- COMS 5620 - Seminar: Theories of Mass Media (3)
- TVF 5640 - Seminar: Adaptation (3)

**Electives (6-9 units)**

- Select from 4000-level and 5000-level TVF courses, with adviser approval.
- A maximum of 6 units may be in related fields with approval of adviser and Department Chair.
- Students May Take a max of 6 units of TVF 5980 and TVF 4990 combined.

**Comprehensive Exam or Thesis (0 or 1-3 units)**

Students should expect to take the comprehensive examination, TVF 5960 (0), within two semesters of completing all coursework and must comply with college and departmental requirements. The comprehensive examination is regularly scheduled for the end of fall and spring semesters. Television, Film and Media Studies students will complete examinations in research methodology, media criticism, and an area of specialization selected in consultation with the graduate advisor. Students will be allowed a maximum of two attempts to complete the comprehensive examinations successfully. Failure to pass the comprehensive examinations, or any portion thereof, will result in disqualification from the program. A thesis may be substituted for the comprehensive examination, with prior approval of the Television, Film and Media Studies faculty. Students authorized to submit a thesis must enroll in TVF 5990 for 3 units.

- COMS 5960 - Comprehensive Examination (0)
- COMS 5990 - Thesis (1-3)
Television, Film and Theatre, M.F.A.

The M.F.A. in Television, Film and Theatre (TVFT) is a three-year, terminal degree program that prepares students for diverse professional and academic careers in content creation, acting, and writing in the narrative media. The program includes coursework in theory and aesthetics of theater, film, television and new media along with the politics of narrative, and the positioning of storytelling in the context of critical race theory, gender, and class. Students will also learn current industry business practices. There are ample opportunities to develop a creative voice and vision as they work on stage, set, collaborative projects and culminating projects, while applying real-world skills. The MFA degree, in conjunction with extensive professional experience, qualifies students to work and teach in these fields.

A total of 58 units are required, with 31 units of core courses in 5000-level courses and 3 units of culmination project. Consultation with a graduate advisor is required for development and approval of a graduate program.

The M.F.A. in Television, Film and Theatre program offers three formal options:

- **Option 1**: Acting offers training in acting, voice, movement and Viewpoints to prepare students for post-graduate careers in live or recorded mediums.
- **Option 2**: Content Creation offers a progression of development and production training in live and pre-recorded environments.
- **Option 3**: Writing offers a progression in writing skills towards the development of a one-act play, a full-length play, a short film script, a TV Spec (drama and comedy), a TV pilot, and feature-film screenplays.

Program Objectives

The M.F.A. in Television Film and Theatre has the following objectives:

- To offer a curriculum for future storytellers by educating them in a variety of forms of narrative arts: linear, and non-linear storytelling in television, film, theatre and new media;
- To prepare students for careers in content creation, acting and writing by emphasizing technical proficiency and creative artistry within and across television, film and theatre;
- To provide students career options with the intellectual and historical backgrounds central to their development as media artists and scholars;
- To provide the technical and academic expertise essential to prepare future professionals and faculty in this terminal degree program;
- To provide our uniquely diverse student body with opportunities for advanced coursework in content creation, writing, and acting.

Admission

Beginning in Fall 2020, cohorts will be accepted into the program every other year.

1. **Admission to the graduate program at California State University, Los Angeles requires**:
   - Completion of a four-year college course of study and an acceptable baccalaureate from an institution accredited by a regional accrediting association, or completion of an equivalent academic preparation as determined by the appropriate campus authorities.
   - Good academic standing at the last college or university attended.
   - Attainment of a grade point average of at least 2.5 (A=4.0) in the last 60 semester (90 quarter) units attempted.

2. **Admission to the MFA TVFT program jointly sponsored by the Department of Television, Film & Media Studies and the Department of Theatre and Dance further requires**:
   - A 3.0 grade point average in the last 60 semester (90 quarter) units is preferred for unconditional acceptance with an articulated plan of study submitted for consideration along with a department-based application form.
- Submission of a portfolio of creative work and performance programs which may include production stills/film/video clips, stage plays, screenplays or television scripts.
- A statement of the applicant’s academic and professional objectives in the MFA.
- Two letters of recommendation on the applicant’s potential for success.
- Transcripts from all institutions of higher education or professional schools attended.
- Interviews will be required of all candidates.
- Students applying for the Acting Option will be required to audition using two contrasting monologues - four minutes in length.

**Advancement**

The TVFT program is a highly competitive degree program. The review process is structured to assist the student in monitoring their development in the MFA program and progress towards the degree, while ensuring the highest academic and professional program standards. The faculty will evaluate the student’s academic progress based on grades (students are expected to maintain 3.0 GPA and a B grade or better in all Core Courses), and will evaluate whether students meet the program and option learning outcomes as well as maintain artistic, collaborative, and professional standards.

1. **TVFT MFA Review Procedures:**

   Progression towards graduation in The TVFT MFA program requires the student’s academic record and professional development to be reviewed by committee at posted intervals.

   The review intervals are:

   - Acceptance to the program (GS-2)
   - First year review
   - Advancement to Candidacy / Approval for Thesis Committee (GS-12)
   - Culminating Project Approval (GS-13)

   If a student is not demonstrating competency in their option, as indicated by a grade B or above, they will be placed on academic probation, and have one semester to improve their academic status or be disqualified.

2. **Advancement to Candidacy towards Culmination Project:**

   In order to advance to candidacy in the program, and enroll in Culmination Project coursework, the student must maintain continuing student status, successfully complete 34 units of coursework with a B or better in courses attempted, with an overall sustained GPA of at least 3.0 in all semesters, have no outstanding Incompletes, and complete an advancement evaluation review. Only students who are advanced are eligible to enroll in courses and Culmination Project units.

**Requirements for the Degree (58 units)**

A total of 58 units are required, with 31 units of core courses, 3 units of Culmination Project, and 24 units of option requirements. Students are expected to maintain 3.0 GPA and a B grade or better in all Core Courses. Consultation with a graduate adviser is required for development and approval of a graduate program, which includes the following:

**Core Courses (31 units)**

- TVFT 5100 - Immersion: Theatre (3)
- TVFT 5110 - Immersion: Film/Television (3)
- TVFT 5120 - Playwriting: One Act (3)
- TVFT 5150 - Teacher Training Seminar (1)
- TVFT 5161 - Acting Studio I (3)
- TVFT 5170 - Theatrical Producing and Management (3)
- TVFT 5202 - Thriving in the Industry (2)
- TVFT 5275 - Television Production (3)
- TVFT 5300 - Production Activity (2)
- TVFT 5430 - Narrative Live Space (3)
- TVFT 5650 - Thesis Writing Preparation (3)
- TVFT 5950 - Entertainment Arts Internship (1-2)

**Culminating Project (3 units)**

For details of the requirement, please refer to the course description and/or to the Advancement section in the program description above.

- TVFT 5995 - Culminating Project (1-3)

**Options (24 units)**
Students are required to select one of the options to satisfy the program requirement.

1. Acting Option

**Acting Required Courses (21 units)**

- TVFT 5141 - Movement I: Contemporary Dance (3)
- TVFT 5151 - Voice I (3)
- TVFT 5162 - Acting Studio II (3)
- TVFT 5265 - Acting for the Camera (3)
- TVFT 5366 - Acting: Classical (3)
- TVFT 5420 - Viewpoints (3)

Choose one of the following:
- TVFT 5142 - Movement II (3)
- TVFT 5152 - Voice II (3)
- TVFT 5244 - Stage Combat (3)

**Acting Electives (3 units)**

Electives should be chosen in consultation with an adviser from available 4000 or 5000-level courses.

2. Content Creation Option

**Content Creation Required Courses (21 units)**

- TVFT 5160 - The Writers Room (3)
- TVFT 5180 - Visual Concepts in Theatrical Design (3)
- TVFT 5190 - Directing: Theatre (3)
- TVFT 5221 - Writing a Short Film (3)
- TVFT 5280 - Cinematography and Editing (3)
- TVFT 5281 - Sound Recording/Design (3)
- TVFT 5295 - Directing a Short Film (3)

**Content Creation Electives (3 units)**

Electives should be chosen in consultation with an adviser from available 4000 or 5000-level courses.

3. Writing Option

**Writing Option Required Courses (21 units)**

- TVFT 5160 - The Writers Room (3)
- TVFT 5221 - Writing a Short Film (3)
- TVFT 5225 - Writer’s Workshop: Playwriting (3)
- TVFT 5226 - Writer’s Workshop: Pilot (3)
- TVFT 5227 - Feature Writing (3)
- TVFT 5230 - Interactive Storytelling and Introduction to Games (3)

Choose one course:
- TVFT 5121 - TV Spec Writing: Sitcom (3)
- TVFT 5222 - TV Spec Drama (3)

**Writing Electives (3 units)**

Electives should be chosen in consultation with an adviser from available 4000 or 5000-level courses.
Students who complete the Bachelor of Arts degree in English, Single Subject Teaching option, with a minimum 2.83 grade point average for course work in the option, will receive certification of subject area competency in English for the Single Subject credential. Students should consult advisers in the department and in the Charter College of Education.
The Honors College Curriculum

Program Admissions

The Cal State LA Honors College is committed to admitting motivated students who are interested in actively participating in our intellectual, social, and community engagement programs. Selection will be based on a comprehensive review of application materials, including written essays, letters of recommendation, and SAT/ACT scores. Finalists may be invited to interview with the Honors College Admissions Committee. Both new and continuing students are eligible for admission to the Honors College. New students must also be admitted to the University.

We recommend that incoming freshmen applicants have a cumulative high school GPA of 3.5 or higher and a combined minimum score of 1170 on the Evidence-Based Reading and Writing and Math sections of the SAT, or a minimum composite ACT score of 26.

We recommend that incoming transfer students have a minimum GPA of 3.5 or higher in their college coursework and in all lower division GE requirements, which are recommended to be completed prior to admission to the Honors College.

Continuing Cal State LA sophomores interested in entering the Honors College in the junior year may also be eligible for admission to the Honors College provided they have attained a minimum GPA of 3.5 or higher in their college coursework and in all lower division GE requirements, which are recommended to be completed prior to admission to the Honors College.

For all applicants, admission is based on a holistic evaluation of preparedness based on application materials and may include an interview. Meeting the minimum requirements does not guarantee admission to the Honors College.

Requirements, Good Standing, and Probation

Honors College students remain in good standing if they maintain an overall and Cal State LA GPA of 3.3 or higher, complete required honors courses on schedule and participate in Honors College activities each semester. These required activities include 10 hours of community service/engagement per year, and 2 on-campus enrichment activities per year.

Students are placed on honors probation if their overall or Cal State LA grade point average falls below 3.3. Students who are on probation for more than two consecutive semesters (not including Winter and Summer intersessions) will lose their Honors College privileges, including priority registration and any Honors College scholarships. Students on probation will be restored to good standing once their overall and CSULA GPA return to 3.3.

To be eligible to register for HNRS 4970 (Honors College Senior Forum), the course in which the honors thesis/project is completed and presented, students must have a 3.3 overall GPA, senior standing in the Honors College, a completed Letter of Understanding, and an approved Thesis Prospectus. Students who fail to meet any of the requirements to be eligible to complete HNRS 4970 during their senior year will immediately lose their standing as Honors College students including loss of all Honors College privileges and scholarships.

Students who graduate in Good Standing in the Honors College will receive an "Honors College Program Completed" designation on their transcripts and on their diploma.

Honors Thesis/Project

The Honors College undergraduate experience culminates in a required advanced research or creative thesis/project completed either in the student’s undergraduate degree program or in the Honors College. An honors-level undergraduate thesis/project will promote focus, depth, and independence and will develop creativity, resilience, and patience. By completing the thesis/project, students demonstrate the ability to become producers of knowledge in their own right.

Honors College students begin work on their thesis/project requirement typically during their junior year by participating in a series of required
students complete the thesis/project requirement in conjunction with offerings in their major department/college (variable units) by creating an honors thesis/project contract with permission of the instructor and Honors Director/Associate Director during the fall semester of their thesis year and enrolling in the following course during the spring semester of their thesis year. Students must have a minimum overall and Cal State LA GPA of 3.3 in order to be eligible to begin the thesis/project.

I. Course List for First-Time Freshmen (14 units)

A. Lower Division Required Courses (7 units)

- HNRS 1010 - Introduction to Academic Inquiry in the Honors College (3)
- HNRS 1100 - Reading Los Angeles: Communication in the City of Angels (3)
- HNRS 2900 - Honors Declaration (1)

B. Lower Division Directed Elective (3 units)

Select one course with advisor approval.

- HNRS 2210 - Reading Los Angeles: Engaging Cultural Expressions in a Global City (3)
- HNRS 2310 - Reading Los Angeles: Community and Structure in the Metropolis (3)

C. Upper Division Directed Elective (3 units)

Select one course to meet Upper Division General Education requirements.

- HNRS 3200 - Humanities Approaches to Race, Ethnicity, and "Wicked" Problems (3)
- HNRS 3300 - Addressing "Wicked" Problems through the Social Sciences: A Case Study in Diverse Communities (3)
- HNRS 3400 - Addressing "Wicked" Problems: A Natural Sciences Case Study (3)

D. Honors Thesis/Project (1 unit)

- HNRS 4970 - Honors College Senior Forum (1)

II. Course List for Transfer or Continuing Students (5 units)

A. Upper Division Required Course (1 unit)

- HNRS 3900 - Honors Declaration for Juniors (1)

B. Upper Division Directed Elective (3 units)

Select one course to meet Upper Division General Education requirements.

- HNRS 3200 - Humanities Approaches to Race, Ethnicity, and "Wicked" Problems (3)
- HNRS 3300 - Addressing "Wicked" Problems through the Social Sciences: A Case Study in Diverse Communities (3)
- HNRS 3400 - Addressing "Wicked" Problems: A Natural Sciences Case Study (3)

C. Honors Thesis/Project (1 unit)

- HNRS 4970 - Honors College Senior Forum (1)
Theatre Arts and Dance Credential Program

The Department of Theatre Arts and Dance does not have a program for the Single Subject credential in English approved by the Commission on Teacher Credentialing. Students interested in this credential should consult advisers in the Department of English or Communication Studies and in the Charter College of Education.
Theatre, B.A.

Overview

Studying Theatre at California State University, Los Angeles offers students the opportunity to discover and develop their own unique voices in a collaborative, diverse, inclusive, community-centered, and enriching learning environment.

Cal State LA resides in the center of the entertainment industry and offers students opportunities to engage with Los Angeles’ rich artistic community as well as across disciplines within the University. Innovative and wide-ranging production and performance opportunities promote student learning within the creative process. Through coursework and performances, our students have the opportunity to explore the theatrical world from many varying perspectives.

The program offers two options:

- **Performance Option**
- **Design and Production Option**

Program Requirements

Department policy requires that all undergraduate Theatre majors make themselves available for participation in scheduled department productions. A total of 6 units of production/performance participation is required for each option. 4 of these units must be upper-division.

- For Performance option students, this requirement is met through performance in, understudying, directing, dramaturgical work, stage management or assisting on a department production or by special assignment approved by the faculty.
- For Design and Production option students, this requirement is met through Technical, Production, Design or Assistant Design work, Prop Master, Painter, directing, dramaturgical work, stage management or assisting on a department production or by special assignment approved by the faculty.

Students in the Theatre major may not take **TA 1520** to satisfy GE C2. Incoming transfer students have already taken a GE C2 equivalent theatre course will not be required to take **TA 1500**.

- **Total Units in the Major (including option): 53**
  - Core requirements: 29
  - Option requirements: 24
  - General Education Units: 48
  - Free Electives Units 19

  **Total Units Required for the B.A. Theatre Degree: 120**

Requirements for the Major (53 units)

Core Courses for the Major (29 units)

Lower Division Core Courses (14 units)
Common Core Courses (6 units)

- TA 1410 - Acting I (3)
- TA 1500 - Theatre Analysis (3)

Lower Division Dance Course (2 units)

Select one course.

- DANC 1000 - Beginning Ballet (2)
- DANC 1400 - Contemporary Dance (2)
- DANC 2000 - Intermediate Ballet (2)
- DANC 2400 - Intermediate Contemporary Dance (2)

Lower Division Technical / Lab Courses (6 units)

Select 6 units from two of the following sets A to D.

A. Stagecraft

- TA 1301 - Stagecraft Support Lab (1)
- TA 1310 - Stagecraft: Scenery and Properties (2)

B. Lighting

- TA 1302 - Lighting Support Lab (1)
- TA 1320 - Introduction to Lighting (2)

C. Costume

- TA 1303 - Costume Support Lab (1)
- TA 1330 - Introduction to Costumes (2)

D. Sound and Audio

- TA 1304 - Audio Support Lab (1)
- TA 1340 - Introduction to Sound (2)

Upper Division Core Courses (15 units)

- TA 3110 - Development of World Theatre I (3)
- TA 3120 - Development of World Theatre II (3)
- TA 3900 - Performance Research and Writing (3)
- TA 4450 - Principles of Directing (3)
- TA 4670 - Praxis: Theory and Practice in Performance (3)

Option Requirements (24 units)

Select one option.

I. Performance Option (24 units)

Option Required Courses (9 units)

- TA 1420 - Acting II (3)
- TA 2430 - Vocal Techniques for the Stage (3)
- TA 3410 - Acting III: Classical Acting (3)
Participation Requirement (6 units)

Complete 6 units from the following list to meet the participation requirement.

- **DANC 4100 - Performance Participation** (1-2)
- **TA 2000 - Basic Production Participation** (1-2)
- **TA 2100 - Basic Performance Participation** (1-2)
- **TA 3000 - Production Participation** (1-2)
- **TA 4100 - Performance Participation** (1-2)
- **TA 4500 - Design Practicum** (1-2)
- **TA 4490 - Management Practicum** (2)

Option Elective Courses (9 units)

Notes: [1] Complete 9 units from the following list, at least 7 units must be in Upper Division coursework. [2] Courses taken to satisfy the core cannot be double-counted to satisfy the elective units.

- **DANC 2700 - Choreography I** (2)
- **TA 1304 - Audio Support Lab** (1)
- **TA 1340 - Introduction to Sound** (2)
- **TA 2760 - Introduction to Playwriting (also listed as ENGL 2090)** (3)
- **TA 2330 - Theatrical Makeup** (2)
- **TA 3390 - Stage Management** (3)
- **TA 3480 - Viewpoints** (3)
- **TA 4390 - Arts Management** (3)
- **TA 4420 - Acting Studio** (2)
- **TA 4440 - Acting for Camera** (3)
- **TA 4460 - Advanced Directing** (3)
- **TA 4470 - Commedia Dell'Arte** (3)
- **TA 4480 - Un-Armed Stage Combat** (3)
- **TA 4540L - Selected Topics in Theatre** (1-3)
- **TA 4540P - Selected Topics in Theatre** (1-3)
- **TA 4750 - Dramaturgy** (3)
- **TA 4780 - Playwriting** (3)
- **TA 4781 - Playwriting: Adaptation** (3)
- **TA 4782 - Community-Based Theatre** (3)
- **TA 4810 - Devised Theatre** (3)
- **TA 4990 - Undergraduate Directed Study** (1-3)

II. Design and Production Option (24 units)

Option Required Courses (9 units)

- **TA 1620 - History of Styles** (3)
- **TA 3390 - Stage Management** (3)
- **TA 4390 - Arts Management** (3)

Participation Requirement (6 units)

Complete 6 units from the following list to meet the participation requirement.

- **DANC 4100 - Performance Participation** (1-2)
- **TA 2000 - Basic Production Participation** (1-2)
- **TA 2100 - Basic Performance Participation** (1-2)
- **TA 3000 - Production Participation** (1-2)
- **TA 4100 - Performance Participation** (1-2)
- **TA 4500 - Design Practicum** (1-2)
- **TA 4490 - Management Practicum** (2)

Option Elective Courses (9 units)
Notes: [1] Complete 9 units from the following list, at least 4 units must be in Upper Division coursework.  [2] Courses taken to satisfy the core cannot be double-counted to satisfy the elective units.

- TA 1301 - Stagecraft Support Lab (1)
- TA 1310 - Stagecraft: Scenery and Properties (2)
- TA 1302 - Lighting Support Lab (1)
- TA 1320 - Introduction to Lighting (2)
- TA 1303 - Costume Support Lab (1)
- TA 1330 - Introduction to Costumes (2)
- TA 1304 - Audio Support Lab (1)
- TA 1340 - Introduction to Sound (2)
- TA 2330 - Theatrical Makeup (2)
- TA 3310 - Advanced Stagecraft (3)
- TA 4220 - Advanced Makeup Design (3)
- TA 4260 - Costume Design (3)
- TA 4300 - Drafting for the Theatre (3)
- TA 4320 - Advanced Scenic Design (3)
- TA 4340 - Lighting Design (3)
- TA 4350 - Advanced Lighting Design (3)
- TA 4370 - Introduction to 3D Printing (3)
- TA 4540L - Selected Topics in Theatre (1-3)
- TA 4540P - Selected Topics in Theatre (1-3)
Undergraduate Certificate in Alternative Nutrition

This undergraduate credit certificate program requires 18 units to complete. Courses in this program may be taken by coordinated dietetics and nutritional science students to meet this standard. Students must be in upper division standing. A basic course in human nutrition is prerequisite to all courses. Health professionals in such disciplines as Dietetic Technician, Health Science, Nursing, Medicine, Pharmacy, Dentistry, Biology and Chemistry would also find this program useful. Students will qualify for the award of the Certificate in Alternative Nutrition upon the successful completion of the required courses with a minimum 2.0 grade point average.

Requirements for the Certificate (18 units)

Required Courses (12 units)

- NTRS 4620 - Functional/ Holistic Nutrition (3)
- NTRS 4630 - Functional Foods for Health (3)
- NTRS 4650 - Medicinal Herbs and Nutrition (3)
- NTRS 4670 - Functional Food Design for Health (3)

Electives (6 units) Complete 2 courses from following:

- NTRS 3120 - Cultural Cuisine (3)
- NTRS 3510 - Adult Nutrition (3)
- NTRS 4160 - Child Nutrition (3)
- NTRS 4510 - Nutrition and Aging (3)
The Rongxiang Xu College of Health and Human Services through the Applied Gerontology Institute offers a credit certificate program in Applied Gerontology designed to enhance the preparation of individuals interested in health and human service disciplines to increase their knowledge, skills, and effectiveness as practitioners with older populations, particularly the multiethnic and multiracial elderly. The program is designed for a wide range of students including those seeking a career change and those in the field seeking to enhance their promotional opportunities. A total of 21 units is required, including 12 units of core courses, 3 units of field experience, and 6 units of electives.

Admission to the program requires upper division standing (completion of 60 semester units) and the consent of a faculty adviser in the student's major department or school (or the coordinator of the certificate program for students whose major is undeclared).

Requirements for the Certificate (21 units)

**Required Core Courses (12 units)**

- BIOL 3084 - Biology of Human Aging (3)
- SOC 4500 - Sociology of Aging (3)
- SW 3650 - Social Policy and Aging (3)
- PSY 3620 - Psychological and Psychosocial Developmental Stages in Maturity and Aging (3)

**Required Field Experience/Internship (3 units)**

Placement is arranged for each discipline through the Applied Gerontology Institute. HHS 4950 is requirement of the certificate in the applied gerontology program and cannot be substituted by other field work taken in the student's major department.

HHS 4950 - Field Work in Health and Human Services (1-3) (3 units)

**Electives (6 units)**

Select 6 units from following with the Certificate adviser approval

- ANTH 3350 - Maturity and Aging in Cross-Cultural Perspective (3)
- COMD 3900 - Communication Disorders in Aging (3)
- ENGL 3840 - Aging in Literature (3)
- KIN 3450 - Physiological Effects of Exercise During Aging (3)
- KIN 4380 - Principles of Exercise for Older Adults (4)
- NTRS 3510 - Adult Nutrition (3)
- NTRS 4510 - Nutrition and Aging (3)
- NURS 3850 - Palliative Care (3)
- NURS 3850 - Spiritual Assessment and Care of the Older Adult (also listed as RELS 3850) (3)
- NURS 4690 - Gerontology and the Law (3)
- PHIL 3730 - Adult Life and Aging (3)
- RELS 3250 - SPIRITUAL PATHS THROUGH LIFE (3)
- SOC 4520 - Life Span Transitions: The Retirement Years (3)
- SOC 4530 - Social Aspects of Death and Bereavement (3)
- SW 3712 - Human Behavior and the Social Environment II: Late Adolescence Through Old Age (3)
- SW 3762 - Cross Cultural Practice with Older Adults (3)
Undergraduate Certificate in Aviation Administration

The Department of Technology offers a credit certification program in Aviation Administration. This program is designed to offer individuals in the aviation industry, a series of professional courses leading to the award of a certificate. The courses complement each other and, as a whole, prepare individuals managerial positions in the aviation industry.

The program contains a total of 18 units of upper division course work. Courses taken to meet requirements of this program may also be applied toward the major in Aviation Administration.

An associate level degree (A.A. or A.S.), or its equivalent, in related subjects, or employment in an aviation related position is prerequisite to enrollment in the program.

Requirements for the Certificate (18 units)

Required Courses (15 units)

- TECH 3410 - General Aviation Operations and Administration (3)
- TECH 3420 - Airline Administration (3)
- TECH 3430 - Airport Administration (3)
- TECH 3440 - Aviation Law (3)
- TECH 4470 - Senior Seminar: Aviation Problems (3)

Elective Courses (3 units)

- TECH 3400 - Airline Operations (3)
- TECH 3460 - National Airspace System and Air Traffic Control (3)
- TECH 4420 - Airport Planning (3)
- TECH 4430 - Air Transportation (3)
- TECH 4460 - Airport Finance (3)

Note:

An aviation administration advisor may approve appropriate substitute courses to suit individual student needs.
Undergraduate Certificate in Business Intelligence

Business Intelligence is one of the fastest growing and most dynamic industries. This undergraduate certificate program is designed to prepare students to compete in the Business Intelligence marketplace. The program provides a comprehensive, up-to-date review of business intelligence, analytics concepts and best practices. Students will acquire knowledge and develop the skills in the areas relevant to the roles and responsibilities of today’s practicing Business Intelligence professionals. Students will be able to apply their newly learned skills through hands-on projects and exercises. This program prepares students to assume roles as a Business Intelligence Analyst, Business Intelligence Consultant, Business Intelligence Developer, Business Analyst and Business Intelligence Manager.

The program requires 12 semester units. Students must earn a minimum C grade point average to qualify for the certificate.

Upon successful completion of all course requirements, students will be awarded a Undergraduate Certificate in Business Intelligence, authorized by the Department of Information Systems in College of Business and Economics.

Minimum Admission Requirements

Admission to the program requires upper division standing in good academic standing. Knowledge of Information and Technology Literacy or equivalency to CIS 1200/CS 1200: Information and Technology Literacy course is required.

Requirements for the Certificate (12 units)

Required Courses (9 units)

- CIS 3010 - Management Information Systems (3)
- CIS 4150 - Foundations of Business Intelligence (3)
- CIS 4250 - Business Intelligence Applications (3)

Elective Courses (3 units)

Select 3 units from below:
- CIS 4200 - Business Intelligence and Data Warehouse (3)
- CIS 4210 - Healthcare Data Analytics (3)
- CIS 4560 - Introduction to Big Data (3)
- CIS 4860 - Managing Information Systems Projects (3)
- MGMT 4505 - Project Management (3)
- MKT 4800 - Search Engine Marketing and Web Analytics (3)
Undergraduate Certificate in Child Maltreatment and Family Violence

The College of Health and Human Services offers an interdisciplinary credit certificate program designed to provide individuals in health and human service disciplines or other related fields with expanded knowledge and formalized education, multidisciplinary training, and field experience in child abuse and domestic violence. Course work includes theoretical, conceptual, and practical experiences leading to a multidisciplinary view of the relevant issues, processes, and systems involved. The goal of the program is to prepare individuals to better serve the needs of abused children and violent families and to qualify for career positions for which multidisciplinary training is essential.

Admission to the program requires upper-division standing, a formal application to the college, a screening interview with the program director covering the applicant’s prior academic work, and approval of the individual student program. The program requires 15 units of upper-division course work including 9 units of required core courses, 3 units of electives, and 3 units of field experience. Students must earn a minimum C grade point average to qualify for the certificate. Refer to Undergraduate Studies: General Information for general regulations governing all certificate programs.

Requirements for the Certificate (15 units)

**Required Courses (9 units)**
- CHDV 4120 - Issues in Child Abuse, Interpersonal Violence (3)
- COMD 3190 - Communicating with Abused Children and Violent Families (3)
- SW 4560 - Multidisciplinary Teams, Child Maltreatment, and Family Violence (3)

**Field Experience (minimum 3 units)**
Select from the following:
- HHS 4950 - Field Work in Health and Human Services (1-3)
- SW 4951 - Integrative Field Practicum I (3)

**Electives (minimum 3 units)**
Select at least 3 units from the following with adviser approval:
- CHDV 4300 - Parent-Child Development Over the Family Life Cycle (3)
- CHDV 4700 - The Family and the Law (3)
- COMD 4575 - Victimology in Child Abuse and Family Violence (3)
- COLN 4030 - Child Maltreatment and Domestic Violence (also listed as PSY 4030) (3)
- COLN 4600 - Laws Relating to the Child and Family (3)
- CRIM 3090 - Juvenile Justice (3)
- CRIM 4020 - Substance Use and Crime (3)
- CRIM 4700 - Women and Crime (3)
- NURS 3550 - Violence and Maltreatment in Family and Intimate Relationships (also listed as SW 3550) (3)
- NURS 4700 - Community/Public Health Nursing (3)
- SW 3550 - Violence and Maltreatment in Family and Intimate Relationships (also listed as NURS 3550) (3)
- PH 4220 - Vulnerable Populations (3)
- PH 4230 - Sexuality and Sexual Health (3)
- PSY 4030 - Child Maltreatment and Domestic Violence (also listed as COUN 4030) (3)
- PSY 4120 - Psychology of Human Development: Infancy and Childhood (3)
- PSY 4130 - Psychology of Human Development: Adolescence and Young Adulthood (3)
- PSY 4260 - Family Therapy Dynamics and Perspectives (3)
- PSY 4640 - Psychology and the Law (3)
- SOC 3830 - Violence and Society (3)
- SOC 4210 - Social Sources of Human Sexuality (3)
- SOC 4400 - Partnership, Marriage, and Families (3)
- SOC 4430 - Social Policy, Inequity and Non-Traditional Families (3)
- SOC 4850 - Domestic Violence (3)
- SW 3761 - Child Welfare (3)
Undergraduate Certificate in Communications and Networking

The Department of Information Systems offers an undergraduate credit certificate in Communications and Networking designed to prepare individuals for computer network management positions or other positions that require sophisticated knowledge of designing, installing, configuring and maintaining computer networks. The program consists of a minimum of 15 units including 6 units of required courses and 9 units of elective courses. Refer to Undergraduate Studies: General Information for general regulations governing all certificate programs.

Requirements for the certificate (15 units)

Required courses (6 units)

- CIS 4100 - Hardware and Software Architecture (3)
- CIS 4840 - Communications Systems (3)
  or
- TECH 4210 - Internetworking Technology (3)

Electives (9 units)

Select 9 units from the following:

- CIS 4220 - Routing Configuration and Router Administration (3)
- CIS 4230 - Intermediate Routing and LAN Switching (3)
- CIS 4240 - Wide Area Networks (3)
- CIS 4720 - Wireless Communications and Networks (3)
- CIS 4730 - Network Security Essentials and Practice (3)
- CIS 4850 - Computer Networks (3)
- CIS 4880 - Information Security (3)

All other electives require advisor’s approval.
Undergraduate Certificate in Community Nutrition

The School of Kinesiology and Nutritional Science offers this undergraduate credit certificate program in Community Nutrition to adequately prepare Nutritional Science students to work as Community Nutritionists. Six of the ten leading causes of death in the United States are linked to a poor diet, and these leading causes of death are all lifestyle related, and preventable. This certificate would focus on strategies for providing good nutrition for vulnerable populations; this would involve assessment, program planning, implementing interventions and evaluation of these programs at non-profit agencies within the greater Los Angeles area. Nutrition interventions can increase quality of life as well as save money - that is, decrease the burden of cost of the nutrition related disorders/diseases/impairments.

Admission Requirements into the Program

Students must be in upper division standing (completion of at least 60 semester units) and a minimum 2.0 GPA. A basic course in anatomy and physiology (BIOL 2010 and BIOL 2020, or equivalent) as well as general chemistry (CHEM 1010) is a prerequisite to all courses.

Requirements for the Award of the Certificate

Students will qualify for the award of the Certificate in Community Nutrition upon the successful completion of the required courses with a minimum 2.0 grade point average.

THE PROGRAM: This program requires 21 units to complete.

Nutrition Core Courses (21 units):

- MKT 3950 - Community Based Social Marketing (3)
- NTRS 3170 - Introduction to Nutrition and Metabolism (3)
- NTRS 4110 - Evaluation of Current Nutrition Concepts (3)
- NTRS 4130 - Maternal and Child Nutrition (3)
- NTRS 4180 - Community Nutrition (3)
- NTRS 4910 - Advanced Community Nutrition: Program Planning and Evaluation (3)
- NTRS 4930 - Grant Writing in Community Nutrition (3)
Undergraduate Certificate in Computer Programming

The Department of Information Systems offers an undergraduate credit certificate in Computer Programming, designed to prepare individuals for entry-level computer programming positions or other positions that require sophisticated knowledge of computer technology. The program consists of 18 units including 9 units of required courses and 9 units of electives. Refer to Undergraduate Studies: General Information for general regulations governing all certificate programs.

Requirements for the Certificate (18 units)

Required courses (9 units)

- CIS 1200 - Information and Technology Literacy (also listed as CS 1200) (3)
  or
- CS 1200 - Living in a Technology-Based World (also listed as CIS 1200) (3)
- CIS 2830 - Introduction to Application Programming (3)
- CIS 3050 - Database Design and Development (3)

Electives (9 units)

Select 9 units from the following:

- CIS 3060 - Systems Analysis and Design (3)
- CIS 3610 - Web Design and Development (3)
- CIS 3830 - Multimedia and Game Application Programming (3)
- CIS 4200 - Business Intelligence and Data Warehouse (3)
- CIS 4450 - Network Application Development (3)
- CIS 4510 - Fundamentals of ERP Technology (3)
- CIS 4540 - Special Topics in Computer Information Systems (3) (when appropriate)
- CIS 4570 - Advanced Java Programming (3)
- CIS 4840 - Communications Systems (3)
- CIS 4850 - Computer Networks (3)
  (others with adviser approval)

All other electives require advisor's approval.
University Catalog

Undergraduate Certificate in Cultural Competence for Professionals

The Asian and Asian American Studies Program offers an Undergraduate Certificate in Cultural Competence for Professionals designed to enhance the knowledge and effectiveness of Cal State LA students who plan to work with Asian or Asian American clients, organizations, and companies. A total of 15 units are required, including two lower division courses and three upper division courses. Admissions are open to students of all majors.

Required Courses (15 units):

- AAAS 1600 - History of Asia (also listed as HIST 1600) (3)
  or
- AAAS 2100 - Asian America: Culture, History, and Community (3)

- AAAS 2000 - Pacific Asian Culture, People, and Society (3)

- AAAS 4150 - Asian American Communities in Southern California (also listed as ANTH 4150) (3)
  or
- AAAS 4800 - Asia in the Global World (3)

- AAAS 4530 - Cultural Competency for Professionals: Understanding Asia and Asian America (3)

- AAAS 4530 - Cultural Competency for Professionals: Understanding Asia and Asian America (3)
  or
- AAAS 4870 - Psychosocial Aspects and Collectivism in Asian and Asian American Societies (also listed as COUN 4870) (3)
Undergraduate Certificate in Cultural Diversity in Human Services

The Cultural Diversity in Human Services (CDIV) undergraduate credit certificate program is designed to increase students’ abilities to communicate and interact effectively within our increasingly multicultural living and working environment. Achieving intercultural proficiency is a personal dynamic and developmental journey. The overall goal of the program is to prepare our students to be change agents with the knowledge and skills that will enable organizations and institutions to accept, value and honor diversity.

Requirements for the Certificate (18 units)

Required Core (6 Units)

- CDIV 4810 - Understanding Cultural Diversity Within Human Services (3)
- CDIV 4950 - Practicum: Serving Diverse Communities (3)

Intercultural Communications Requirement (3 units)

Select one course from the following list:

- COMM 4410 - Intercultural Communication (3)
- COMM 4160 - Intercultural Business Communication (also listed as MKT 4510) (3)
- ML 3000 - Language Diversity in the U.S. (3)

Required Electives (9 units)

Select from the following:

- ANTH 3610 - Race, Racism, and Human Variation (3)
- ANTH 3850 - Measurement of Human Difference (also listed as PHIL 3850) (3)
- TVF 3340 - "Race", Justice and the Mass Media (3)
- CLS 4100 - Latina/o Communities in U.S. Society (3)
- CHDV 1200 - Intimate Relationships in Our Diverse Society (also listed as SOC 1200) (3)
- CHDV 2250 - Ethnic Identity and Awareness in Children and Families (3)
- HIST 3400 - History of U.S. Civil Rights Movements (3)

University Catalog

Undergraduate Certificate in Enterprise Systems

The Department of Information Systems offers a credit certificate program in Enterprise Systems, designed to provide a solid foundation in enterprise systems for individuals seeking positions as ERP professionals. The program consists of a minimum of 15 units including 9 units of required courses and 6 units of electives. This certificate program will serve as preparation for SAP, IBM or Oracle professional certification. Refer to Undergraduate Studies: General Information for general regulations governing all certificate programs.

Requirements for the Certificate (15 units)

Required Courses (9 units)

- CIS 3050 - Database Design and Development (3)
- CIS 3060 - Systems Analysis and Design (3)
- CIS 4510 - Fundamentals of ERP Technology (3)

Electives (6) units from the following courses:

- CIS 4200 - Business Intelligence and Data Warehouse (3)
- CIS 4560 - Introduction to Big Data (3)
- CIS 4590 - Advanced Information Systems Development (3)
- CIS 4810 - Healthcare Application Systems (3)
- CIS 4870 - Decision Support Systems (3)

Others with adviser approval.
The Management Department offers an Undergraduate Certificate in Entrepreneurship to help students transform ideas into reality. The Undergraduate Certificate in Entrepreneurship provides students with skills in all aspects of global entrepreneurship and new venture management. The vibrant nature of entrepreneurship is reflected in the certificate program through skill building, connection to leaders and entrepreneurs, and opportunities to understand and build a business. There are no prerequisites in the Entrepreneurship certificate and students from across campus, in any major, may complete the program. The Undergraduate Certificate in Entrepreneurship is comprised of 15 semester units designed to give students the skills and confidence needed to explore new venture opportunities and develop business ideas into implementable plans of action.

Requirements for the Certificate (15 units)

**Required courses (9 units)**

- MGMT 4200 - New Venture Management (3)
- MGMT 4201 - Global Entrepreneurship and Innovation (3)
- MKT 4430 - Direct Marketing (3)

**Electives (6 units)**

Select two courses from the following list or discuss electives with your advisor:

- MGMT 4202 - Launching New Ventures (3)
- MGMT 4203 - Special Topics and Cases in Entrepreneurship and Innovation (3)
- MGMT 4204 - Social Entrepreneurship (3)
- CIS 3610 - Web Design and Development (3)
- CIS 3830 - Multimedia and Game Application Programming (3)
- CIS 4880 - Information Security (3)
- ECON 4610 - Economics of International Trade (3)
- MKT 3400 - Consumer Behavior (3)
- MKT 4460 - Marketing Research - Quantitative (3)
- MKT 4310 - Business Consulting (3)
- MKT 3800 - Introduction to Social Media Marketing (3)
The Department of Marketing and the Department of Art jointly offer an undergraduate credit certificate in Fashion Retailing designed to provide the skills required for executive positions in the fashion retail industry and to prepare individuals to become successful entrepreneurs in their own fashion retail business. A total of 18 units is required. Refer to Undergraduate Studies: General Information for general regulations governing all certificate programs.

Requirements for the Certificate (18 units)

**Required courses (12 units)**

- MKT 3600 - Principles of Retailing (3)
- MKT 4600 - Retail Buying and Merchandising (3)
- ART 2100 - Introduction to Fashion, Fiber and Materials (3)
- ART 4150 - Exhibition and Performance of Fashion, Fiber and Materials (3)

**Electives (6 units)**

Select 6 units from the following:

- MKT 3100 - Principles of Marketing (3)
- MKT 3210 - Personal Selling (3)
- MKT 3400 - Consumer Behavior (3)
- MKT 3800 - Introduction to Social Media Marketing (3)
- MKT 4461 - Marketing Research-Qualitative (3)
- MKT 4610 - Digital Marketing and E-commerce (3)
- ART 2120 - Technology I in Fashion, Fiber and Materials (3)
- ART 2130 - Historic Survey of Fashion, Fiber and Materials (3)
- ART 2140 - Body, Appearance and Adornment (3)
- ART 3050 - Soft Technology (3)
- ART 3110 - Social Engagement with Fashion, Fiber, and Materials (3)
- ART 3410 - Modern to Contemporary History of Fashion, Fiber and Materials (3)
Undergraduate Certificate in Fashion, Fiber and Materials

The Department of Art offers an undergraduate credit certificate program in Fashion, Fiber and Materials that prepares individuals for career positions in the fashion industry. The program includes technical methods, theory, and creative concepts. A total of 18 units is required for completion of the certificate program, as outlined below. Refer to the Undergraduate Studies: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirements for the Certificate (18 units)

**Required Courses (12 units)**

- ART 2100 - Introduction to Fashion, Fiber and Materials (3)
- ART 2130 - Historic Survey of Fashion, Fiber and Materials (3)
- ART 2140 - Body, Appearance and Adornment (3)
- ART 4030 - Critical Theory in Fashion, Fiber and Materials (3)

**Electives (6 units)**

Select from the following:

- ART 2111 - Fashion, Fiber, and Materials Studio: Structure (3)
- ART 2112 - Fashion, Fiber, and Materials Studio: Surface (3)
- ART 2120 - Technology I in Fashion, Fiber and Materials (3)
- ART 3050 - Soft Technology (3)
- ART 3110 - Social Engagement with Fashion, Fiber, and Materials (3)
- ART 3410 - Modern to Contemporary History of Fashion, Fiber and Materials (3)
Undergraduate Certificate in Finance

The Department of Finance and Law offers an undergraduate credit certificate in Finance that is designed to prepare individuals who hold, or are pursuing, a bachelor's degree in a field other than finance for entry into careers in corporate finance, money management, financial advisory, and commercial banking. Students must complete the required 15-unit program with a minimum 2.0 (C) grade point average to qualify for the certificate.

Refer to the Undergraduate Studies: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirements for the Certificate (15 units)

Required courses (9 units)

- FIN 3030 - Business Finance (3)
- FIN 3250 - Essential Skills for Finance Professionals (3)
- FIN 3320 - Investments (3)

Electives (6 units)

Select 6 units from the following:

- FIN 3310 - Financial Institutions and Markets (3)
- FIN 3350 - Personal Portfolio and Risk Management (3)
- FIN 4030 - Intermediate Business Finance (3)
- FIN 4310 - Multinational Financial Management (3)
- FIN 4340 - Cases in Financial Management (3)
- FIN 4370 - Securities Analysis (3)
- FIN 4390 - Real Estate Finance (3)
- FIN 4400 - Futures and Options (3)
- FIN 4470 - Student Investment Fund (3)
- FIN 4500 - Fixed Income Securities, Analysis and Strategies (3)
Undergraduate Certificate in Food Safety

The certificate program in Food Safety offered by the School of Kinesiology and Nutritional Science is designed to educate Nutritional Science students, Food Science and Technology students, foodservice employees, nutritionists, and others about important food safety principles in order to meet the increasing need for professionals trained in food safety methods.

The program requires 19 units to complete. Students will qualify for the award of the Certificate in Food Safety upon the successful completion of the required courses with a minimum 2.0 grade point average.

Requirements for the Certificate (19 units)

- NTRS 2100 - Foundations of Food (4)
- MICR 1010 - Introduction to Microbiology (3)
- FST 3250 - Food Microbiology (4)
- FST 4440 - Food Safety Programs (3)
- FST 4750 - Food Safety: Current Challenges and Trends (2)
- FST 4380 - Food-Borne Illnesses: Etiology, Prevention and Co (2)
Undergraduate Certificate in Food Science

The certificate program in Food Science offered by the School of Kinesiology and Nutritional Science is designed to educate Food Science and Technology students, Nutritional Science students, food industry professionals, nutritionists, and others about important food science principles in order to meet the increasing need for professionals trained in food science and food product development methods.

The program consists of a total of 19 units, plus 14 units of required prerequisites that must be completed prior to enrollment in the certificate program. Students will qualify for the award of the Certificate in Food Science upon the successful completion of the required courses with a minimum 2.0 grade point average.

### Required Prerequisites (14 units)

- NTRS 2100 - Foundations of Food (4)
- MICR 1010 - Introduction to Microbiology (3)
- CHEM 1010 - Fundamentals of Chemistry (4)
- CHEM 1020 - Fundamentals of Organic Chemistry (4)

### Required Courses (19 units)

- CHEM 3000 - Nutritional Aspects of Biochemistry (4)
- FST 3200 - Food Chemistry (3)
- FST 3250 - Food Microbiology (4)
- FST 3320 - Food Law (2)
- NTRS 4670 - Functional Food Design for Health (3)
  or
- FST 4540 - Special Topics in Food Science (1-3) (3 units)
- NTRS 4100 - Experimental Foods (3)
  or
- FST 4460 - Food Product Development (3)
Undergraduate Certificate in Healthcare Informatics

Healthcare is one of the fastest growing and most dynamic industries. The Undergraduate Certificate in Healthcare Informatics program is designed to prepare students to compete in the health care marketplace, to assume roles such as Healthcare Analyst and Data Analyst in the Healthcare Industry.

Minimum Admission Requirements

Admission to the program requires upper division standing in good academic standing. Knowledge of Information and Technology Literacy or equivalency to CIS 1200/CS 1200: Information and Technology Literacy course is required.

Program Requirements

The program requires 12 semester units. Students must earn a minimum C grade point average to qualify for the certificate.

Upon successful completion of all course requirements, students will be awarded a Undergraduate Certificate in Business Intelligence, authorized by the Department of Information Systems in College of Business and Economics.

Requirements for the Certificate (12 units)

**Required Courses (9 units)**

- CIS 3010 - Management Information Systems (3)
- CIS 4210 - Healthcare Data Analytics (3)
- CIS 4810 - Healthcare Application Systems (3)

**Elective Courses (3 units)**

Select one course from the following:

- CIS 4150 - Foundations of Business Intelligence (3)
- CIS 4250 - Business Intelligence Applications (3)
- MGMT 4330 - Healthcare Regulations and Ethics (3)
- MGMT 4315 - Comparative Healthcare Organizing (3)

**U.S Department of Education Gainful Employment Disclosure**

1. Undergraduate Certificate in Healthcare Informatics

2. Occupations that this certificate program prepares students to enter

   *(List the occupation, SOC Code, and web address for each occupation.)*

   Medical and Health Services Managers, SOC Code 11-9111

   [https://www.onetonline.org/link/summary/11-9111.00](https://www.onetonline.org/link/summary/11-9111.00)
3. On-time graduation rate for students completing this program: 100%

4. Cost of Attendance for the entire normal duration (e.g., two semesters, at three courses per semester) of this certificate program:

   Tuition and fees: $2,871.00       Books and supplies: $920.00

5. Median loan debt incurred by students who completed this program: $0.00

6. The job placement rate for students completing the program: Data not available

*For each program, identify the US Dept of Labor (USDOL) Standard Occupational Classification (SOC) Code(s) of the occupation(s) that the program prepares students to enter (this may be multiple professions/codes). Also, provide web links to occupational profiles on USDOL’s O*NET web site (http://www.onetonline.org/), SOC Codes may also be found here.
Undergraduate Certificate in Human Resource Management

The undergraduate credit certificate program in Human Resource Management is designed to prepare non-Management option Business Administration majors and students in other majors for employment in human resources management positions and to provide working and professional people the human resource management knowledge necessary for rapid career advancement.

This certificate program is jointly sponsored by the College of Professional and Global Education, and the Department of Management. Nonmatriculated students (those who are not formally admitted to the University) are eligible to enroll in the program through Open University enrollment with the consent of the instructors.

A minimum of 18 units is required: 12 units of required courses and 6 units of electives. Upon completion of all course requirements, participants will be awarded a Certificate in Human Resource Management, authorized by the Management Department and, when appropriate, the College of Professional and Global Education.

**Required Course (12 units)**

- MGMT 3070 - Management and Organizational Behavior (3)
- MGMT 4405 - Talent Management (3)
- MGMT 4402 - Employment Relations (3)

**Elective Courses (6 units)**

Select 6 units from the following:

- MGMT 4401 - Training and Development (3)
- MGMT 4403 - Compensation Management (3)
- MGMT 4404 - Current Topics and Cases in Human Resource Management (3)
- MGMT 4406 - Staffing, Recruitment and Selection (3)
- MGMT 4407 - International Human Resource Management (3)
- ECON 4720 - Labor Relations and Collective Bargaining (3)
- MGMT 4408 - Managing Human Resource Information Systems (3)
- MGMT 4409 - Career Development (3)
Undergraduate Certificate in Information Systems Security Managers

The Department of Information Systems offers a credit certificate in Information Systems Security Managers, which is designed to provide a solid foundation in information security for individuals seeking positions in managing, designing, and assessing an enterprise’s information security. The certificate addresses various aspects of enterprise-wide information systems security management. The program includes a minimum of 18 units in CIS and related courses. Refer to the Undergraduate Studies: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirements for the Certificate (18 units)

Required Courses (18 units)

- CIS 3050 - Database Design and Development (3)
- CIS 3060 - Systems Analysis and Design (3)
- CIS 4370 - Security Risk Management and Internal Controls (also listed as ACCT 4370) (3)
- CIS 4730 - Network Security Essentials and Practice (3)
- CIS 4860 - Managing Information Systems Projects (3)
- CIS 4880 - Information Security (3)

(Others with adviser approval)
The Department of Information Systems offers a credit certificate in Information Systems Security Professionals, which is designed to provide a solid foundation in information security for individuals seeking positions as information systems security professionals. The certificate addresses all classes of threats and countermeasures to protect the confidentiality, integrity and availability of organizational information assets as well as privacy of personal information. The program includes a minimum of 18 units in CIS courses. Refer to the Undergraduate Studies: General Information chapter of this catalog for general regulations governing all certificate programs.

Requirements for the Certificate (18 units)

Required Courses (18 units)

- CIS 3050 - Database Design and Development (3)
- CIS 3060 - Systems Analysis and Design (3)
- CIS 4100 - Hardware and Software Architecture (3)
- CIS 4380 - Computer Forensics and Investigations (also listed as ACCT 4380) (3)

- CIS 4880 - Information Security (3)
(Others with adviser approval)
University Catalog

Undergraduate Certificate in International Business

The College of Business and Economics offers an undergraduate credit certificate in International Business, designed to prepare students for careers in firms operating on a multinational basis; for careers in import-export, international finance and banking, and international agencies; and for the commerce option of the Foreign Service Officer examination with the federal government. It also provides training for managers of internationally-oriented companies in the Los Angeles area.

A total of 24 units is required. Refer to Undergraduate Studies: General Information for general regulations governing all certificate programs.

Requirements for the Certificate (24 units)

Required courses (16 units)

- FIN 4310 - Multinational Financial Management (3)
- MGMT 4102 - Comparative Management (3)
- MKT 3500 - Global Business (3)
- MKT 4500 - International Marketing (3)

Electives (8 units)

Select two upper division College of Business and Economics electives with adviser approval.
The undergraduate credit certificate in International Business Communication affords students the opportunity to combine language, culture, communication, and business knowledge. It gives College of Business and Economics majors a chance to add language and intercultural expertise, along with enhanced communication skills, to their program of study. At the same time, it gives language majors, Communications majors, and area studies majors a chance to add business courses to their program of study. The certificate enables students to pursue careers in organizations that seek persons with both recognized language skills and business training, such as international business, international foundations, nongovernment organizations, and international educational organizations. The language, culture and communication components also benefit students who obtain jobs in local organizations whose employees represent multiple cultures.

The certificate requires completion of 24 units, selected from four required and two elective courses.

Requirements for the Certificate (18 units)

**Required Core Courses (12 units)**

- MKT 3500 - Global Business (3)
- COMM 4410 - Intercultural Communication (3)
- MKT 4500 - International Marketing (3)
- MKT 4510 - Intercultural Business Communication (also listed as COMM 4160) (3) also listed as COMM 4160

**Elective Language Courses (3 units)**

Select one course from the following:

- CHIN 3800 - Business Chinese (3)
- JAPN 3800 - Business Japanese (3)
- SPAN 3800 - Commercial Spanish (3)
- FREN 3800 - Commercial French (3)

**Elective Area Studies (3 units)**

Select one course from the following:

- AAAS 2000 - Pacific Asian Culture, People, and Society (3)
- ANTH 4010 - Comparative Cultures (3)
- CHIN 3100 - Chinese Civilization (3)
- JAPN 3100 - Japanese Civilization to 1945 (3)
- JAPN 3110 - Japanese Civilization since 1945 (3)
- LAS 3350 - Race and Culture in the Americas, Race Culture Americas (also listed as PAS 3350) (3)
- PAS 4200 - African Foundations of African American Culture (3)
- SPAN 3150 - Spanish-American Civilization (3)
- KOR 3100 - Traditional Korean Civilization (3)
- ECON 4610 - Economics of International Trade (3)
- FIN 4310 - Multinational Financial Management (3)
- MGMT 4102 - Comparative Management (3)
Undergraduate Certificate in Management

The undergraduate credit certificate program in General Management is designed to prepare non-Management option Business Administration majors and students in other majors for employment in a general management position and to provide working and professional people the general management knowledge necessary for rapid career advancement.

Refer to Undergraduate Studies: General Information for general regulations governing all certificate programs.

This certificate program is jointly sponsored by College of Professional and Global Education, and the Department of Management. - MKT 4610 - Digital Marketing and E-commerce (3)
- MKT 4710 - Pricing (3)
- MKT 4800 - Search Engine Marketing and Web Analytics (3)
- MKT 4810 - Mobile Marketing Strategy and App Development (3)
- MKT 4820 - Social Media Marketing Strategy (3)
- MKT 4830 - Social Media and Entrepreneurship (3)
The Natural Science Program offers a Certificate in Science to enhance the knowledge, effectiveness, and career opportunities of persons who plan to interact in a professional capacity with scientific issues and/or stakeholders in those issues, as well as persons seeking personal enrichment through a stronger understanding of the fundamentals of science in an increasingly scientific and technological society. The Certificate in Science provides a broad, fundamental understanding of science in the context of everyday life - What is science? How is it done, and who decides how to do it? What is the science of current societal issues?

The Certificate in Science is an interdisciplinary course of study that provides a basic scientific understanding of the natural (physical) world, including fundamental scientific concepts such as cause-and-effect and other basic principles used to explain natural phenomena, as well as the processes by which scientists investigate the natural world and the processes by which societies and governments undertake the scientific enterprise. In addition, the program examines the application of scientific and technological advances in addressing contemporary, real world issues (e.g., global climate change, genetically modified organisms, etc.) of significant interest to the general public.

Professionals working in fields impacted by issues of science and technology include:

- attorneys
- environmentalists
- informal science educators
- journalists
- lobbyists
- politicians
- writers
- others professionals without extensive training in science who engage with scientific issues

There are no prerequisites in the Certificate in Science program, and although primarily intended for persons without extensive background and training in STEM fields, admissions are open to students of all majors. The Certificate in Science requires a total of 12 units.

Certificate in Science (12 units)

Required Courses (12 units):

- NATS 4000 - Crosscutting Concepts in Natural Science (3)
- NATS 4100 - The Nature of Science (3)
- POLS 3450 - The Politics of Science (3) or
- POLS 4900 - Special Studies in Political Science (3)
- NATS 4540 - Current Topics in Natural Science (3)
Undergraduate Certificate in Operations and Supply Chain Management

The certificate program in operations and supply chain management is designed to prepare non-management option business students and nonbusiness students for employment in operations and supply chain management position, and to provide working and professional people with the operations and supply chain management knowledge necessary for rapid career advancement.

This certificate program is jointly sponsored by Continuing Education and the Department of Management. Non-matriculated students (those who are not formally admitted to the University) are eligible to enroll in the program through Open University enrollment with the consent of the instructor.

A minimum of 15 units is required. Nine units are required courses and six units are electives. Upon completion of all course requirements, the participant will be awarded a Certificate in Operations and Supply Chain Management, authorized by the Management Department and Continuing Education.

**Required Courses (9 units)**

- MGMT 3060 - Operations Management (3)
- MGMT 4500 - Case Studies in Operations Management (3)
- MGMT 4504 - Supply Chain Management (3)

**Elective Courses (6 units)**

- MGMT 4501 - Process Design and Improvement (3)
- MGMT 4502 - Production and Inventory Management (3)
- MGMT 4503 - Total Quality Management (3)
- MGMT 4105 - Managerial Leadership and Motivation (3)
- MGMT 4402 - Employment Relations (3)
- MGMT 4505 - Project Management (3)
- MGMT 4506 - Service Management (3)
- MGMT 4507 - Operations Research (3)
Undergraduate Certificate in Social Media

The certificate program in social media is designed to prepare business students, students in other academic disciplines, and working professionals from the extended community with the knowledge to develop social media marketing strategies and to engage customers through the application of social media.

A total of 12 units will be required for completion of this certificate program. MKT 3100 (Principles of Marketing) or consent of the instructor is a prerequisite for this program. Upon completion of course requirements, students will be awarded the Certificate in Social Media, authorized by the Department of Marketing and, when appropriate, the College of Extended Studies and International Programs.

This certificate is open to all students (matriculated and non-matriculated). Non-matriculated students should enroll through Open University.

Required Course (3 units)

- MKT 3800 - Introduction to Social Media Marketing (3)

Electives (9 units)

Select from the following list:

- MKT 3810 - The Syntax of Social Media (3)
- MKT 4800 - Search Engine Marketing and Web Analytics (3)
- MKT 4810 - Mobile Marketing Strategy and App Development (3)
- MKT 4820 - Social Media Marketing Strategy (3)
- MKT 4830 - Social Media and Entrepreneurship (3)
- MKT 4854 - Contemporary Topics in Social Media Marketing (3)
The School of Kinesiology and Nutritional Science offers this undergraduate credit certificate program in Sports Nutrition to adequately prepare fitness professionals, coaches, nutritionists, and others to provide fluid, and nutrient recommendations, as well as an appropriate exercise prescription to active people.

The program requires 16 units to complete. Courses in this program may be taken by Kinesiology and Nutritional Science students in upper division or graduate level standing. Students may only pursue the certificate program in combination with a degree program. Students in other health related disciplines such as Dietetic Technician, Nursing, Health Science, Chemistry or Biology might also find this certificate program useful. Anatomy & Physiology (Biol 2010 and Biol 2020) and Chemistry (Chem 1010 / Chem 1020) are prerequisites to this certificate program. NTRS 3170 is a prerequisite for all 4000/5000 NTRS courses in this certificate program, and KIN 3600 is a prerequisite for KIN 4560. Students will qualify for the award of the Certificate in Sports Nutrition upon the successful completion of the required courses with a minimum 2.0 grade point average.

Requirements for the Certificate (16 units)

**Required Courses: Nutrition: (6 units)**

- NTRS 3170 - Introduction to Nutrition and Metabolism (3)
- NTRS 4300 - Sports Nutrition (3)

**Required Courses: Kinesiology: (10 units)**

- KIN 3600 - Physiology of Exercise and Physical Activity (4)
- KIN 2250 - Principles of Physical Fitness (3)
- KIN 4560 - Sport and Exercise Ergogenic Aids (3)

On-time graduation rate for students completing this program:
No completions by non-degree seeking students in 2009-10

Costs of Attendance for the entire normal duration (four semesters) at two courses per semester) of this certificate program:
Tuition and Fees: $7,435
Books and Supplies: $2,184

Median loan debt incurred by students who completed this certificate program:
N/A

The job placement rate for students completing the program:
Data not available.
Undergraduate Certificate in Sustainability Marketing

The Undergraduate Certificate in Sustainability Marketing will provide the opportunity for students enrolled in all CSULA degree programs, as well as working professionals from the external community, to:

1. broaden their understanding of mounting environmental and social issues that impact our local and global communities;
2. transform the design, marketing, and consumption of products and services within an interdisciplinary framework of environmental and social sustainability;
3. enhance their employment portfolio to appeal to the increasing number of public and private employers seeking college graduates with a deeper understanding of the human impact of environmental issues.

A total of 18 units (6 courses) is required for this certificate. MKT 3100 (Principles of Marketing) or consent of the instructor is required as a prerequisite. This certificate is open to all students, matriculated and non-matriculated. Non-matriculated students should enroll through Open University.

Upon completion of course requirements, students will be awarded the Certificate in Sustainability Marketing, awarded by the Department of Marketing, and when appropriate, the College of Extended Studies and International Programs.

Required Courses (12 units)

[Note: MKT 3100 (Principles of Marketing) or consent of the instructor is required as a prerequisite.]

- MKT 3400 - Consumer Behavior (3)
- MKT 3950 - Community Based Social Marketing (3)
- MKT 4320 - Sustainability Marketing (3)
- MKT 4460 - Marketing Research - Quantitative (3) or MKT 4461 - Marketing Research-Qualitative (3)

Electives (6 units)

Select two courses total from the following lists:

- MKT 3210 - Personal Selling (3)
- MKT 3300 - Services Marketing (3)
- MKT 3310 - Nonprofit Marketing (3)
- MKT 3600 - Principles of Retailing (3)
- MKT 3700 - Principles of Marketing Analytics (3)
- MKT 3800 - Introduction to Social Media Marketing (3)
- MKT 3810 - The Syntax of Social Media (3)
- MKT 4300 - Marketing in a New Business (3)
- MKT 4310 - Business Consulting (3)
- MKT 4410 - Principles of Integrated Marketing Communications (3)
- MKT 4420 - Brand Strategy (3)
- MKT 4430 - Direct Marketing (3)
- MKT 4449 - Marketing Strategy (3)
- MKT 4454 - Special Topics in Marketing (1-3)
- MKT 4500 - International Marketing (3)

Interdisciplinary Electives with Sustainability/Environmental Emphasis:

- COMM 3720 - Media, Communication and the Environment (3)
- ECON 4340 - Environmental Economics (3)
- ENGR 4540 - Special Topics in Engineering (1-4)
- GEOG 3090 - Urban Environmental Pollution (3)
- GEOG 3100 - Urban Climatology (3)
- GEOG 3120 - Global Climate Change (also listed as GEOL 3120) (3)
- GEOG 4100 - Applied Climatology (3)
- GEOG 4150 - Perspectives on Environment (3)
- GEOG 4580 - Urban Transportation (3)
- SOC 4870 - Environmental Policy, Law, and Society (3)
Undergraduate Certificate in Transportation and Logistics

The Department of Marketing, in cooperation with the Office of Extended Studies and International Programs, offers an undergraduate credit certificate program in Transportation and Logistics, designed for individuals intending to work in the movement of raw materials and freight to manufacturing, warehousing, and retail facilities; pursuing a career in the field of industrial traffic, transportation and logistics. A total of 21 units (7 courses) are required for the certificate including 15 units (5 courses) are required and 6 units (2 courses) are electives. Refer to Undergraduate Studies: General Information for general regulations governing all certificate programs.

Requirements for the Certificate (21 units)

Required Courses (15 units)

- MKT 3100 - Principles of Marketing (3)

Plus 4 additional Transportation courses, (adviser may allow substitution of one or two GEOG or TECH or ENG courses when appropriate).

Elective Courses (6 units)

Select two:

- MKT 3500 - Global Business (3)
- MKT 4520 - Import-Export (3)
- MKT 4530 - Global Transportation and Logistics (3)
- MKT 4320 - Sustainability Marketing (3)
The Veteran Services Certificate Program is an undergraduate credit certificate program designed for students in Rehabilitation Services, Social Sciences and Health and Human Services, and any professionals interested in working with the veteran population such as:

- veterans who want to serve other veterans
- active-duty military personnel interested in a career serving veterans
- education and career advisers who work with veterans
- veterans’ service officers
- human resources professionals in organizations committed to hiring veterans
- law-enforcement personnel and other first responders
- students in rehabilitation services, health and human services, and social science

It prepares students with a specialty area that will increase their knowledge and skills unique to working with the military veterans and their families. It requires a minimum of 18 units, selected in consultation with the Rehabilitation Services Program Coordinator. The program includes course work in rehabilitation services and mental health counseling designed specifically for rehabilitation education.

### Required Courses (15 units)

- COUN 2000 - Introduction to Rehabilitation Services (3)
- COUN 2500 - Introduction to Individual and Group Counseling (3)
- COUN 4010 - Boots to Books (3)
- COUN 4110 - Introduction to Mental Health for Counselors (3)
- COUN 4330 - Trauma & Crisis Counseling (3)

### Elective Course (3 units)

- COUN 4420 - Disability and Function (3)
- COUN 4480 - Career Assessment and Development (3)
- COUN 4490 - Job Development and Placement (3)

### Note:

Current Cal State LA students enrolled in an undergraduate program with good academic standing are qualified for admission to the program.

Non-matriculated students and students other than Rehabilitation Services students are required to complete COUN 4480, Career Assessment and Development (3) and COUN 4490, Job Development & Placement (3) in order to receive the certificate.

In order to receive the Veteran Services Certificate, a minimum C grade in all courses designated for this program is required.
Undergraduate Certificate in Youth Agency Administration

This undergraduate credit certificate program, which prepares individuals for careers in nonprofit management, requires a minimum of 24 units, selected in consultation with the Youth Agency Administration director. The program includes course work in four major areas and an internship designed specifically for the program.

Students should plan their program with careful attention given to prerequisites for upper division courses. Refer to the Undergraduate Study: General Information chapter of this catalog for general regulations governing all certificate programs.

Non-matriculated students enrolled through the College of Extended Studies and International Programs are required to complete at least one designated diversity course in order to receive the certificate.

Requirements for the Certificate (24 units)

Required Core (9 Units)

- SW 3700 - Field of Social Work (3) or
- CHDV 3210 - Urban Families and Resilience (3)
- YAA 2900 - Introduction to Youth Agency Administration (3)
- YAA 4670 - The Third Sector and Nonprofit Organizations (also listed as POLS 4670) (3)

Required Courses in Related Fields (12 units)

Select one course from each of the following four areas:

Communications

- SW 3710 - Culturally Competent Social Work Practice (3)
- COMM 4120 - Business and Professional Communications (3)
- COMM 3890 - Intercultural Communication in Civic Contexts (3)
- COMM 4110 - Critical Approaches to Organizational Communication (3)
- COMM 4410 - Intercultural Communication (3)
- CHDV 4440 - Family Life Education Methods and Professional Ethics (3)

Organizational, Personnel and Fiscal Management

- ACCT 2110 - Principles of Managerial Accounting (3)
- CHDV 3440 - Family Resource and Case Management (3)
- KIN 4220 - Community Service Learning and Physical Activity Programs (3)
- PH 4170 - Public Health Administration (3)
- POLS 4610 - Dynamics of Urban Administration (3)
- POLS 4720 - Organization and Management (3)
- MGMT 3070 - Management and Organizational Behavior (3)

Cal State LA Home
Urban Learning, B.A.

Notice to Students RE: Professional Licensure and Certification

The Bachelor of Arts degree in Urban Learning is an Integrated Elementary Subject Matter Preparation Program designed to prepare teachers who are grounded in contemporary urban pedagogy and culturally responsive teaching for diverse urban elementary (K-6) or special education (K-12 or birth-22) classrooms. The major combines an interdisciplinary approach to urban learning as a social phenomenon with elementary subject matter courses and teacher preparation leading to a) the Multiple Subject teaching credential (elementary education); b) the Education Specialist (special education) teaching credential in one of four disciplines or; c) dual credentials in elementary and special education (mild/moderate disabilities).

Students who satisfy the major and teacher preparation requirements for their chosen option must complete a minimum of 120-135 units to graduate. Students in the Urban Learning major will satisfy General Education requirements as part of the 84-unit elementary subject matter waiver program. Prospective students preparing to transfer from a community college should seek advisement from a counselor or their campus transfer center, and complete a program of General Education coursework, which satisfies the requirements for the elementary subject matter waiver program and CSU-GE or IGETC certification. Students pursuing a teaching credential in Options 1, 2, and 3 should review all requirements posted on the Charter College of Education, Office for Student Services website.

Courses designated with an asterisk are required for completion of the California Commission on Teacher Credentialing approved 84-unit Elementary Subject Matter (ESM) Waiver Program. Completion of the ESM Waiver meets the subject matter requirement and Subject Matter Examination is then not required for fieldwork or for the credential. Students having passed the Subject Matter Examination may make appropriate course substitutions for ESM classes with advisor approval.

General Education Requirements (48 units of which 9 units** are in the major)

Lower Division General Education Requirements (39 units)

A1 - Oral Communication (3) - must take *COMM 1100 (3)
A2 - Written Communication (3) - must take either *ENGL 1005B (3) or *ENGL 1010 (3)
A3 - Critical Thinking (3) - must take *COMM 1200 (3)
A4 - American Institutions (6) - must take *HIST 2010 (3) (d) and *POLS 1000 (3)
B - Natural Sciences (6) (the full 8 units apply to the ESM and degree)

B1 - must take *NATS 1010 (3)
B2 - must take *BIOL 1030 (4)

B4 - Quantitative Reasoning (3) - must take *MATH 1150 (3)
C - Arts and Humanities (6)

C1 - must take *LBS 2340 (3) (re)
C2 - must take *ENGL 2700 (3) (wi)
D - Social Science (6)

D1 - must take *CHDV 1400 (3)
D2 - must take *HIST 1010 (3)

E - Lifelong Understanding and Self-Development - must take *CCOE 1010 (3)

Upper Division General Education Requirements (9 units)(**denotes that approved double counting courses from the major are available)

B - Natural Science and Quantitative Reasoning** (3)
C - Arts and Humanities** (3)
D - Social Science** (3)

Requirements for the Major (60 units)

Lower Division Required Courses (19 units)

- EDFN 2010 (3) Social and Demographic Landscapes of Urban Schooling
- *ULRN 2120 (3) Contemporary Issues in Knowledge, Culture and Learning
- *HIST 1020 (3) World History Since 1500 CE (d)
- *MATH 1100 (3) Foundations of the Real Number System for Elementary and Middle School Teachers
- *MATH 2250 (3) Explorations in Geometry for Elementary and Middle School Teachers
- *NATS 1020 (3) Earth and Space Science

Upper Division Required Courses (41 units)

- *ULRN 3000 (2) College Success and Urban Teacher Preparation in the Urban Learning Program
- *ULRN 4110 (3) Learning and Critical Thinking (may double count for UD GE C)**
- *ULRN 4130 (3) Literacy and the Urban Community
- *ULRN 4140 (3) Integrated STEM Project-Based Learning in Urban Environments
- *ULRN 4190 (3) Senior Seminar in Urban Schooling: Reading Writing, and Reflection (wi)
- *HIST 2080 (3) HIST 2080 - California
- EDIT 4100 (3) Educational Technology for Urban Educators (may double count for UD GE B) **
- *EDSP 3010 (3) Individuals with Disabilities in Contemporary Society (may double count for UD GE D) (d)(cl) **
- *EDSP 4000 (3) Foundations of Special Education
- *KIN 4200 (2) Development of Physical Activity
- *MUS 4000 (2) Elementary Classroom Music
- *TA 4000 (3) Creative Drama for the Elementary Classroom
- *DANC 4000 (2) Creative Dance in the Elementary Classroom
- EDFN 4131 (3) Psychological Foundations of Education
- *EDCI 4011 (3) Cognitive, Linguistic and Literacy Development of Diverse Learners or
- *EDSP 4010 (3) Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs

Credential Program Admission Requirements

Conditional Admission to the Teaching Credential Program for Options 1, 2 and 3

Requirements for undergraduate preliminary (conditional) admission to credential programs include the following:

- Junior standing (minimum 60 completed semester units)
- Completion of CCOE application materials including any fees
- Grade point average of 2.67 or higher in all undergraduate coursework attempted
- Official transcripts from all colleges attended
- A negative TB test current within the last 12 months
- Two strong and supportive letters of recommendation
- A well written and meaningful Philosophy of Education Statement
- Background clearance from the California Commission on Teacher Credentialing
- Attempt Basic Skills Requirement (e.g., all sections of the CBEST examination or equivalent)

Students transferring to Cal State LA who plan to major in Urban Learning are strongly encouraged to meet the Basic Skills Requirement.
(e.g., pass all sections of CBEST) before transferring. Students should see a major adviser regarding completion of the degree and other credential requirements.

For admission without conditions to the Teaching Credential Program for Options 1, 2 and 3, students will need the previous requirements met plus the following:

**Option 1 - Integrated Multiple Subject Credential (ESM, Degree and Credential Completion Option)**

- Prerequisite courses: EDCI 4000, EDCI 4011, EDSP 4000, and ULRN 2120
- COMM 1100 Oral Communication (3) OR COMM 1510 Speech Proficiency Assessment for Teachers (1) OR an acceptable alternative by petition
- A signed academic program plan

**Option 2 - Integrated Education Specialist (special education) Credential (ESM, Degree and Intern Credential Completion Option)**

- Prerequisite courses: EDSP 4000 and EDCI 4000
- COMM 1100 Oral Communication (3) OR COMM 1510 Speech Proficiency Assessment for Teachers (1) OR an acceptable alternative by petition
- A signed academic program plan

**Option 3 - Accelerated Dual (multiple subject and education specialist) Credential (ESM, Degree and Intern Credential Completion Option)**

- Prerequisite courses: EDSP 4000 and EDCI 4000
- COMM 1100 Oral Communication (3) OR COMM 1510 Speech Proficiency Assessment for Teachers (1) OR an acceptable alternative by petition
- A signed academic program plan

An overall 3.0 GPA must be maintained in all professional education courses with a minimum grade of "C" in each course for the major, elementary subject matter and credential components.

**Option 1 - Integrated Multiple Subject Credential (ESM, Degree and Credential Completion Option) - (32 units)**

- ULRN 4150 - Assessment and Learning (3)
- EDCI 4000 Transformative Teaching in Diverse Urban Classrooms (3)
- EDEL 4020 Introduction to Instructional Design, Assessment and Classroom Management Methods (3)
- EDEL 4150 Curriculum and Teaching of Reading and Language Arts (3)
- EDEL 4160 Curriculum and Teaching of Writing/Language Arts (3)
- EDEL 4170 Curriculum and Teaching of Elementary Mathematics (3)
- EDEL 4180 Curriculum and Teaching of Elementary School Science (3)
- EDEL 4190 Curriculum and Transformative Teaching of Social Science (3)
- EDEL 4880 Directed Teaching: Multiple Subject (7)
- EDEL 4881 Reflection, Synthesis and Assessment of Directed Teaching (3)

**Option 2 - Integrated Education Specialist (special education in mild/moderate, moderate/severe disabilities, physical & health impairments, or visual impairments) Intern Credential (ESM, Degree and Intern Credential Completion Option) - (27 -31 units)**

- EDCI 4000 Transformative Teaching in Diverse Urban Classrooms (3)
- EDSP 4020 Assessment and Educational Planning for Students with Disabilities (3)
- EDSP 4030 Behavior Supports, Social Skills, and Classroom Management (3)
- EDSP 4050 Instruction to Support Students with Disabilities in Core English/Language Arts Curriculum (3)
- EDEL 4170 Curriculum and Teaching of Elementary Mathematics (3)
- Mild/Moderate Disabilities
  - EDSP 4040 Collaboration, Co-Teaching, and Consultation for Effective Education and Transition Planning (3)
  - EDSP 4252 Instructional Planning and Delivery for Students with Mild/Moderate Disabilities (3)
  - EDSP 4253 Instruction, Assessment, and Curricular Supports in Mathematics, Science and Social Studies for Students with Mild/Moderate Disabilities (3)
  - EDSP 4257 Tier 2 and Tier 3 Study of Literacy Problems and Specialized Interventions for Students with Mild/Moderate Disabilities (3)
  - EDSP 4061 Early Fieldwork in Inclusive Teaching; Mild/Moderate Disabilities (4)
  OR
Moderate/Severe Disabilities

- EDSP 4040 Collaboration, Co-Teaching, and Consultation for Effective Education and Transition Planning (3)
- EDSP 4310 Curriculum and Instructional Methods for Students with Moderate/Severe Disabilities (3)
- EDSP 4630 Augmentative and Alternative Communication in Special Education (3)
- EDSP 4062 Early Fieldwork in Inclusive Teaching; Moderate/Severe Disabilities (4)

OR

Physical & Health Impairments

- EDSP 4600 Implications of Physical and Health Impairments (3)
- EDSP 4620 Understanding Physical, Health, and Multiple Disabilities (3)
- EDSP 4630 Augmentative and Alternative Communication in Special Education (3)
- EDSP 4640 Assessment and Curricular Adaptations for Students with Physical, Health, and Multiple Disabilities (3)
- EDSP 4063 Early Fieldwork in Teaching; Physical and Health Impairments (4)

OR

Visual Impairments

- EDSP 4650 Medical Aspects of Visual Impairments (2)
- EDSP 4650L Functional Low Vision Assessment (1)
- EDSP 4660 Literary Braille Code for Individuals with Visual Impairments (3)
- EDSP 4690 Psychological, Sociological, and Vocational Implications of Visual Impairment and Blindness (2)
- EDSP 4064 Early Fieldwork in Teaching; Visual Impairments (4)

Option 3 - Accelerated Dual (multiple subject and education specialist - mild/moderate disabilities) Credential (ESM, Degree and Credential Completion Option) - (33 units)

- EDCI 4000 Transformative Teaching in Diverse Urban Classrooms (3)
- EDCI 4111 Curriculum and Teaching of Integrated Literacy and Communication (3)
- EDCI 4112 Curriculum and Teaching of STEM Education (3)
- EDCI 4113 Curriculum and Teaching of Social Studies, Civic Learning and Humanities (3)
- EDSP 4020 Assessment and Educational Planning for Students with Disabilities (3)
- EDSP 4030 Behavior Supports, Social Skills, and Classroom Management (3)
- EDS 4252 Instructional Planning and Delivery for Students with Mild/Moderate Disabilities (3)
- EDSP 4257 Tier 2 and Tier 3 Study of Literacy Problems and Specialized Interventions for Students with Mild/Moderate Disabilities (3)
- EDSP 4060 Clinical Practicum in Inclusive Teaching; Mild/Moderate Disabilities (3)
- EDEI 4455 Fieldwork in Residency: Mild/Moderate Disabilities (3)
- EDEI 4455 Fieldwork in Residency: Multiple Subjects (3)

Note: A unique feature of this program is the possibility for candidates in the teaching credential options to complete three additional CTC-approved Bilingual Authorization courses.

- EDCI 5560 Inquiry into Methods of Teaching Academic Literacy in the Target Language (3)
- EDCI 5570 Research and Pedagogy for the Bilingual Learner: Exploring Cultural Impact (3)
- EDCI 5580 Reflection, Synthesis, and Assessment: Bilingual Authorization Portfolio (1)

These courses prepare candidates to develop, implement, and adapt curriculum and instructional strategies for bilingual, dual language, and cross-cultural settings. The candidate will also be required to take the CSET exam for the targeted language. Upon successful completion of these additional requirements, the candidate will be ready to apply for the Bilingual Authorization.

Option 4 - Teaching and Learning (ESM and Degree Completion Option) (18 units) Electives are selected with advisor approval to address academic needs prior to entering the teaching credential program.

- ULRN 4150 Assessment and Learning (3)
- CHDV 4120 Issues in Child Abuse, Interpersonal Violence (3)
  or
- SW 3761 Child Welfare (3)
- COMM 3890 Intercultural Communication in Civic Contexts (3)

Free Electives (9)
The B.A. in Women’s, Gender, and Sexuality Studies is an interdisciplinary course of study that emphasizes writing, critical thinking, and presentation of research as core competencies. The B.A. degree also offers opportunities for community engagement and internships.

**Degree Requirements**

- The program requirements provide the foundation for student success and preparation in interdisciplinary studies, critical thinking, and research approaches.
- The total number of units required for the degree in Women’s, Gender, and Sexuality Studies is 120 units: 45 units of General Education Requirements, 24 units of WGSS core requirements, 12 units in an Area of Emphasis, 9 units of WGSS Electives, and 36 units of free electives.
- Students who are admitted to the university in good standing and who remain in good standing are eligible for the B.A. degree with a Major in Women’s, Gender, and Sexuality Studies.
- Students must complete 24 units of WGSS core requirements, 12 units in an area of emphasis (Feminist Studies, LGBTQ Studies, or Gender Studies), and 9 units of electives approved for the Major.

### Requirements for the Major (45 units)

#### Core Courses (24 units)

- [**WGSS 2000 - Introduction to Women’s, Gender, and Sexuality Studies**](#) (3)
- [**WGSS 3000 - Theories in Women’s, Gender, and Sexuality Studies**](#) (3)
- [**WGSS 3150 - Gender, Sexuality, and U. S. Law**](#) (3)
- [**WGSS 3400 - LGBT Political History in the US**](#) (also listed as HIST 3405) (3)
- [**WGSS 3500 - Contemporary Feminist Movements**](#) (3)
- [**WGSS 3860 - Gender in Science**](#) (also listed as LBS 3860) (3)
- [**WGSS 3860 - Gender in Science**](#) (also listed as LBS 3860) (3)
- [**WGSS 4000 - Knowledge, Power, and Research Justice in Women’s, Gender, and Sexuality Studies**](#) (3)
- [**WGSS 4500 - Community Engagement and Internship in WGSS**](#) (3)

#### Area of Emphasis (12 units)

Students are required to complete 12 units of coursework in one of the following Areas of Emphasis.

### Feminist Studies

- [**WGSS 3050 - Black Feminism and Womanism**](#) (also listed as PAS 3050) (3)
- [**WGSS 4180 - Feminist Theories and Contemporary Society**](#) (also listed as SOC 4160) (3)
- [**WGSS 4290 - Chicana Feminisms and Women’s Movements**](#) (also listed as CLS 4290) (3)
- [**WGSS 4540 - Special Topics in Women’s Studies**](#) (3)
- **WGSS 4710** - Global Feminisms (3)

- Download Campus Map (.pdf) here.
- Download Cal State LA Downtown Map (.pdf) here.

Disable Parking

Parked with CSULA current permit only (includes persons with DMV Placards) on Circle Drive, Paseo Rancho Castilla, B-Level of the Parking Structure B, all levels of Parking Structures A and C, Lot 4, Lot 6, Lot 7, Lot 7A (residence area), Lot 8, and Lot 10.

Parking

- Visitors with guest passes: Park in lot designated on the pass.
- Visitors with reservations: check in at parking kiosk for parking in Lot 4.
- Visitors without passes: park in areas with permit dispensers or meters (top level, Parking Structure C; all levels, Parking Structure A; Lot 2; Lot 5; Lot 7).

NOTE: Permits/passes must be displayed at all times. Questions? Call Parking Administration, (323) 343-3704.

Navigating King Hall

- King Hall has 4 wings:
  - A - Southwest (nearest to Kennedy Library)
  - B - Southeast (nearest to Engineering and Technology)
  - C - Northeast (nearest to Lot 7)
  - D - Northwest (nearest to Lot 5)

- Rooms in the middle corridor are associated with whatever wing they abut.
- There are 6 floors, B (for Basement) to 5.
- If the room assignment has 3 digits, then the room is in the Basement.
- If the room has 4 digits, then it is on an upper floor.
- Examples: D140 is in the D Wing Basement, and C4069 is in the C Wing Fourth Floor.

Cal State LA Downtown

Cal State LA Downtown is located at the intersection of Grand Avenue and 8th Street in Downtown's Financial District. Click here to see more location information.

Cal State LA Downtown
801 South Grand Avenue
Los Angeles, CA 90017
Parking is available in the above ground structure located at 801 South Grand Avenue. The structure is accessible from Grand Avenue Monday-Friday until 7:00 PM and from 8th Street Monday-Friday after 7:00 PM and on Saturdays.

Students pay $4.00 for the first four hours after 4:00 PM and the posted rate of $8.00 for each hour thereafter. Other parking lots and structures are available in the vicinity.

For additional information on surrounding parking options, visit https://www.parkme.com/los-angeles-parking.

Public Transportation

Cal State LA Downtown is located approximately three blocks from the 7th Street Metro Center station, which is served by the Metro Red, Purple, Blue and Expo lines. For additional information and schedules, visit: www.metro.net.

Department of Art

Department of Communication Studies

Department of English

Department of Liberal Studies

Department of Modern Languages and Literatures

Department of Music

Department of Philosophy

Department of Television, Film, and Media Studies

Department of Theatre and Dance
Overview of the College

The College of Arts and Letters develops humanists and artists, and provides a broad liberal arts education to all Cal State LA students. Its nine departments, and five centers, offer a variety of learning opportunities, including major, minor, and certificate programs, general education and elective courses, and stimulating public programs. The College’s co- and extra-curricular activities provide both the university and off-campus communities with opportunities for cultural enrichment, lifelong learning, and participation in an intellectual and artistic community that is nationally renowned and locally relevant. The College produces art exhibits; musical events; dance, film, TV, multimedia, and theatrical performances; lectures and readings by students, faculty, and internationally acclaimed scholars, writers, and artists. Among the numerous student activities devoted to cultural, creative, and intellectual pursuits are The University Times, a nationally ranked Forensics (Speech and Debate) team, and the Closet of Modern Art (COMA). Dedicated to ethnic and cultural diversity, with nationally recognized faculty and programs, and with students who have garnered numerous awards, the College of Arts and Letters, has been recognized by grants from the Rockefeller Foundation, the National Endowment for the Humanities, the National Endowment for the Arts, The Ahmanson Foundation and other prestigious foundations.

Students in the College may pursue a variety of undergraduate and graduate degree programs in its nine departments: Art; Communication Studies; English; Liberal Studies (an interdisciplinary program that is a popular major for prospective elementary school teachers, merging interdisciplinary subject matter with teacher preparation coursework); Modern Languages and Literatures (including separate programs in Chinese, French, Japanese, and Spanish); Music; Philosophy; Television, Film and Media Studies including a separate program in Journalism; and Theatre and Dance. Our students study a wide range of subjects, from animation, film, and TV, to dance, creative writing, the classics, voice, and more while developing a lifelong love of learning. Students wishing to pursue a high school teaching career may prepare for the Single Subject credential through degree programs in: Art; English; or Music. The Master of Arts degree is offered in Art, Communication Studies, English, Music, Philosophy, and Spanish. The Department of Music also offers the Master of Music Degree. A joint Master of Fine Arts Degree in Television, Film, and Theatre is offered between the Departments of Theatre and Dance and Television, Film and Media Studies, and a post-baccalaureate certificate is offered in Women’s, Gender, and Sexuality Studies by the Department of Liberal Studies. In addition to minor programs in all the major subjects...
The departments in the College offer a rich menu of opportunities for supporting and showcasing student talent and for experiencing the best in presentations by professional artists and distinguished scholars, often working in collaboration with students. The Fine Arts Gallery presents exhibitions of artwork by established professional artists as well as faculty and students, while the student-run exhibition space, COMA Gallery, presents rotating exhibitions of student artwork. The Department of Music offers an extensive program of musical events every year, from faculty recitals and group performances to individual student recitals. There are diverse vocal and instrumental groups including the Chamber Ensembles, Chamber Singers, Latin-Jazz Ensemble, Wind Ensemble, and Symphonic Band; each group performs several times a year both on and off campus. The Department of Theatre and Dance also offers comprehensive programs in theatre and dance performance as well as design and production. The program offers the opportunity for students to work on student- and faculty-directed productions throughout the year as performers, choreographers, directors, playwrights, stage managers, designers, and technicians. Through the Communication Studies Department, students may join the award-winning Forensics (Speech and Debate) Team, whose competitors have received national awards and recognition. Through the Department of Television Film and Media Studies, students may collaborate on the University Times, whose editors have established an outstanding record and received top awards and national scholarships. The Departments of English, Modern Languages and Literatures and Communication Studies also produce literary magazines and scholarly journals in which students publish both creative and academic writing in English and other languages. The English Department is the home of the American Literature Association, a national coalition of author societies devoted to the study of American writers. Faculty members in the Department of Communication Studies edit or have edited such prestigious scholarly journals as Communication and Critical/Cultural Studies and Text and Performance Quarterly. Faculty members in the Department of Television, Film and Media Studies have edited the Journal of Film and Video. A full program of distinguished speakers (sponsored by the Departments of Philosophy, English, Communication Studies, and Modern Languages and Literatures) provides the entire campus community the opportunity to hear and exchange views with eminent scholars, writers, poets, and critics. The Chinese and Japanese Studies Centers are affiliated with the Modern Languages and Literatures Department and promote the study and understanding of Chinese and Japanese culture.

Mission Statement

The Cal State LA College of Arts & Letters transforms lives and sustains thriving communities and cultures. We develop and amplify our students’ unique talents, diverse life experiences, and intellects through the study and practice of the Arts and Humanities so that they can tell meaningful stories, forge their professional pathways, and inspire their communities. The College of Arts and Letters is committed to academic excellence in the arts and humanities. Through its numerous programs, the College prepares students for professional success through a liberal arts education. A broad foundation in intellectual, philosophical, and cultural inquiry allows our diverse student body to undertake personal development and to achieve effective participation in a democratic society.

Nationally Accredited Programs in the College of Arts and Letters

Art: National Association of Schools of Art and Design

Music: National Association of Schools of Music

Student Activities / Special Interest Groups - in Arts & Letters

Art Exhibitions

The Fine Arts Gallery in the Fine Arts Building is the largest art exhibition space available for students on campus. The Gallery presents an Undergraduate Art Exhibition, Senior Project Exhibitions, 6 to 12 MA/MFA Thesis Exhibitions, and exhibitions of work by professional artists. In addition, lectures, musical events, and poetry readings, as well as other special events are scheduled in the gallery to increase the reach of the visual arts to new audiences. The student-run exhibition space, COMA Gallery, presents rotating exhibitions of Cal State LA student artwork. All exhibitions are free and open to the public.

Communication Activities

The program offers a rich array of professional activities. Students may participate in numerous Communication Studies clubs including Lambda Pi Eta, the Communication Honor Society. The department also has a thriving internship program, placing students in businesses, political organizations and non-profits throughout Southern California. Every semester students may participate in a Public Speaking Showcase, highlighting the best speeches from the given term. The award-winning Forensics team competes in debate and individual events in prominent intercollegiate tournaments. Students edit and help produce Colloquy, the department’s annual journal that showcases the best in student scholarship. For many of these programs, students may earn credit by enrolling in appropriate activity courses in the Department of Communication Studies.

Dance Production

The Dance area of the Department of Theatre and Dance offers students experiences in performing their own choreography, the opportunity to collaborate with other dancers and to work with professional guest artists. Performances vary each year and range from mini-concerts and community tours, to full evening productions. All students are eligible to audition for dance productions or participate in design and backstage technical and production assignments. Students earn production credit by enrolling in the appropriate courses once cast or assigned to a
EagleCon

The Department of Liberal Studies, with support from the other departments in the College of Arts and Letters, hosts Cal State LA's annual convention devoted to exploring and celebrating diversity in science fiction and fantasy across media. EagleCon is supported by the Art Directors Guild, and Costume Designers guild and includes panels of industry professionals who work in every aspect of media production including literature, comics, video games, television, and film. For more information on EagleCon, visit: http://www.calstatelausu.org/eaglecon.

Literary Activities

The Department of English provides the campus community regular opportunities for enjoying literary activities. It annually sponsors public lectures by distinguished scholars, public readings by nationally and internationally renowned writers, international conferences on major authors or literary themes, and a statewide literary conference (Significations) for CSU graduate students. The English Department also supports the publication each year of a student-edited award-winning magazine, Statement Magazine, which showcases student work in photography and art, poetry and fiction, and forms of literary journalism. Students receive academic credit and instruction in journal publishing with the production of Statement Magazine. The publication of the magazine is celebrated annually with a festive launch of readings open to the public, at which prizes are awarded for the best poem and for the best work of fiction.

The Department also sponsors the Henri Coulette Academy of American Poets Prize; the David L. Kubal Memorial Lecture Series, which began in 1982, and the Jean Burden Poetry Reading. Past Kubal Memorial lecturers have included such distinguished scholars as Frederick Crews, Marjorie Perloff, Helen Vendler, Sacvan Bercovitch, J. Hills Miller, X.J. Kennedy, V.A. Kolve, John Brewer, and Arthur F. Kinney. Past Burden poetry readers have been such prize-winning poets as Howard Nemerov, Tess Gallagher, Maxine Kumin, Lucille Clifton, Mark Strand, Carolyn Kizer, Richard Wilbur, Galway Kinnell, Harryette Mullen, Linda Pastan, Rita Dove, Andrew Motion, Adrienne Rich, Wendy Cope, and Vikram Seth.

In order to promote public interest in poetry and poetics at Cal State LA, donors Virginia E. Smith and Jean Burden helped create an endowed fund by which the chartered Center for Contemporary Poetry and Poetics (CCPP) was established. The CCPP sponsors literary events throughout the year.

Modern Language Events

The Department of Modern Languages and Literatures hosts Modern Language Festival annually, during which each of the five language sections (Chinese, French, Japanese, Korean, and Spanish) holds an educational event that engages a large number of students in learning about different cultures through international lectures, films, and workshops. In collaboration with communities, Chinese Poetry Recitation Contest, French Poetry Recitation Contest, and Japanese Speech Contest have also been successfully held annually.

Musical Events and Organizations

The Associated Students cooperates with the Department of Music in offering an extensive program of musical events. Students enroll for academic credit in music activity courses as members of various performance organizations. Each organization has a regular performance schedule and performs several times each year both on and off campus. Some concerts are held during the noon hour; others are scheduled at night or on weekends. Membership is open to all students who wish to participate. The Afro Latin Ensemble, Chamber Singers, Concert Choir, Jazz Orchestra, Vocal Jazz Ensemble, and Opera Workshop require an audition. Music organizations include:

Philosophy Activities

The Department of Philosophy sponsors a colloquium series that brings well known philosophers to campus to speak on a broad range of topics. Those colloquia that focus on gender, human rights, and poverty, are supported in part by the Ann Garry and Sharon Bishop Endowed Fund in Feminist Philosophy and the Ricardo Gomez Fund in Human Rights and Poverty. Students have opportunities to interact informally with these speakers. A student organization, the Philosophy Club, plans a variety of events. BA and MA students jointly publish a print journal of student writings, Philosophy in Practice and receive credit for their work by enrolling in PHIL 4002/PHIL 5002.

Television, Film, and Media Studies

The Department of Television, Film and Media Studies offers comprehensive programs in Journalism and in Television, Film and Media Studies. Options in Production, Writing, and Media Studies empower the diverse voices of our students, teach them to think critically about media, and prepare them for professional careers in production, post-production, interactive media, documentary, and screenwriting. Journalism courses teach students how to tell compelling stories that inform and engage digital, broadcast and print audiences.
on critical issues they care about and that affect them related to community news, sports, entertainment, politics, and breaking news.

Student clubs such as Film Productions, Golden Eagle Productions, and Cinematic Visions provide students with new contacts, friendships and a sense of community. Similarly, students run the University Times newspaper and Golden Eagle Radio, gaining a sense of comradesy, valuable hands-on media experience and published or aired work samples.

Students can participate in the department’s robust internship program, working in high-end internship opportunities with the media industries including major studios, independent productions, newrooms, gilds and industry associations in film, television, radio, journalism, music, graphics, and entertainment industry-related business, public relations, marketing, and new technologies. Students may earn credit for participation in these internships by enrolling in our internship courses.

The program also offers students experiences in professional film festival competition through festival classes, the CSU’s annual Media Arts Festival, and Cal State LA’s own annual Golden Eagle Film Festival that is conceived, organized, and produced by students. The TVFM program is supported by a generous grant from Hauser & Wirth and generous annual grants and scholarships from the Hollywood Foreign Press Association

**Theatrical Productions**

Along with two degree options (Performance and Design & Production), the Department of Theatre and Dance produces 6-8 large theatre and dance events each academic year as well as workshops and master classes. Yearly productions offer students and audiences a range of contemporary, modern, and classic dramatic literature; experimental, devised as well as music theatre; and Dance production. Department productions include faculty-directed and supervised productions and workshops, Guest Artist-led productions, MFA theatrical projects, student-directed productions, and original student plays and choreography. All students are eligible to audition for theatre and dance productions or participate in design and backstage technical and production assignments. Students earn production credit by enrolling in the appropriate courses once cast or assigned to a show.

Overview
Art is a means of creative communication and expression. The programs in the Department of Art offer students the opportunity to acquire a background of understanding and skills, and to develop their abilities in the visual arts. The programs prepare students for advanced professional study in art as well as for many professions in teaching, business, and industry. Students with career interests in animation; art education; art history; fashion, fiber and materials; graphic design / visual communications; and studio arts will find appropriate courses of study in the department. Students pursuing careers in other fields may benefit from combining the study of art with their professional preparation. The Minor in Art or the Certificate in Fashion, Fiber and Materials are available to these students. The Bachelor of Arts, Master of Arts and Master of Fine Arts degree programs are described below.

Mission Statement
The mission of the Department of Art is to serve the needs of an urban and diverse university community by providing courses in a liberal arts foundation and in undergraduate and graduate programs in art that are designed to prepare students for careers in various professional fields or for further study in visual art and as lifelong producers or consumers of art.

Accreditation
The National Association of Schools of Art and Design (NASAD) has accredited the following programs:

- Bachelor of Arts in Art (Animation Option)
- Bachelor of Arts in Art (Art Education Option)
- Bachelor of Arts in Art (Art History Option)
Bachelor of Arts in Art (Fashion, Fiber and Materials Option)
Bachelor of Arts in Art (Graphic Design/Visual Communication Option)
Bachelor of Arts in Art (Studio Arts Option)
Master of Arts in Art (Art Education Option)
Master of Arts in Art (Art History Option)
Master of Arts in Art (Design Option)
Master of Arts in Art (Fashion, Fiber and Materials Option)
Master of Arts in Art (Studio Arts Option)
Master of Fine Arts in Art (Design Option)
Master of Fine Arts in Art (Studio Arts Option)

Exhibitions of Work
The Fine Arts Gallery of the Department of Art presents exhibitions of artwork by established professional artists as well as by faculty and students. Graduate student thesis exhibitions and undergraduate capstone shows are presented each semester. In addition, the student-run exhibition space, COMA Gallery, presents rotating exhibitions of Cal State L.A. student artwork. All exhibitions are free and open to the public.

Overview
The English Department at California State University, Los Angeles, cultivates students' imaginations and critical skills through the intensive study of literature and language. Offering programs leading to the Bachelor of Arts and the Master of Arts degrees, the department provides courses that build on the traditional study of British and American literary history while encouraging students to further explore literary theory and criticism, world literatures and transnational critical paradigms, children’s literature, creative writing, rhetoric and composition, interdisciplinary cultural analysis, and the history and structure of the English language. Drawing on the richness of L.A.’s geographical and cultural context, the department equips students to see the study of literature and language as both personally enriching and publicly meaningful within their own communities. Those communities may be defined through the department's direct engagement with the neighborhoods of East L.A. and the San Gabriel Valley or regarded as a global terrain, in which Oxford connects to Oaxaca and where ideas resonate from ancient Greece and Rome to the contemporary Pacific Rim. These broad horizons signal a commitment to both the mastery of literary traditions and the development of new kinds of knowledge, both local and global.

Study in English provokes intellectual and personal development while providing effective preparation for a number of careers. Graduates of Cal State LA’s M.A. program in English regularly gain acceptance to the top doctoral programs in the country; the department’s undergraduate Single Subject Credential option and emphasis on pedagogy help to prepare students for careers in education. Teaching, however, is only one of the many professions open to English majors; the department’s commitment to providing students with rigorous training in close reading, research, writing, and critical thinking skills makes graduates attractive to professional schools and a wide array of employers in the legal profession, business, civil service, the non-profit sector, the entertainment industry, and other venues. Whatever their vocation, English majors possess not only practical abilities but also a subtle understanding of the varied ways in which human beings search for meaning and strive to express the complexity of individual and communal experience.

Teaching Credential
• The Credential Program
Department of Liberal Studies

Liberal Studies is an interdisciplinary program that offers students the opportunity to pursue a Bachelor of Arts degree grounded in the humanities and qualitative social sciences. The Liberal Studies major provides an appropriate foundation for professional training in education, librarianship, law, medicine, various fields of public service, and business and industry. In addition, with careful selection of electives, students may prepare for graduate study in such areas as education, American studies, communications, English, cultural studies, history, film and television studies, and the social sciences.

The Faculty

Liberal Studies Professors: Patrick B. Sharp, Victor Viesca, Michael Willard (Chair).

Women’s, Gender, and Sexuality Studies Professors: Dionne Espinoza, Alejandra Marchevsky (Director).

Women’s, Gender, and Sexuality Studies Associate Professor: Kimberly Robertson.

Liberal Studies Assistant Professor: Claudia Diera.

Women’s, Gender, and Sexuality Studies Assistant Professor: David B. Green.

I. Liberal Studies Overview

Liberal Studies is an interdisciplinary program that offers students the opportunity to pursue a Bachelor of Arts degree grounded in the humanities and qualitative social sciences. The Liberal Studies major provides an appropriate foundation for professional training in education, librarianship, law, medicine, various fields of public service, and business and industry. In addition, with careful selection of electives, students may prepare for graduate study in such areas as education, American studies, communications, English, cultural studies, history, film and television studies, and the social sciences.

II. Liberal Studies Mission statement

The mission of the Liberal Studies department is to provide students with a solid interdisciplinary education in the Humanities, Social Sciences, Natural Sciences, and the Arts, preparing them to pursue post-graduate work and careers in education, government, law, business, the nonprofit
sector, and several other fields. Through the Liberal Studies curriculum, the students will learn how disciplines work, how they resemble and differ from one another, and how they fit together into a bigger picture. The Liberal Studies faculty will train students to think critically about the ways in which meaning is generated and disseminated through various practices, beliefs, and institutions. The Liberal Studies faculty will expose students to diverse thinking and approaches, preparing them to become productive and empowered members of our globalized society, where knowledge is highly specialized, diverse, and interconnected. Our graduates will be prepared to traverse and integrate multiple fields, and think critically about the ethical and societal implications of how knowledge is produced, organized, and valued in our world.

III. Women’s, Gender, and Sexuality Studies Overview

Women’s, Gender, and Sexuality (WGSS) engages students in the interdisciplinary study of gender and sexuality as interwoven with race, ethnicity, colonization, class, nation, and ability. Grounded in intersectional feminist and LGBTQ frameworks, WGSS introduces students to hidden histories, explores complex social structures, confronts injustice and oppression, and imagines more liberatory and just futures. Students can pursue a Bachelor of Arts degree, a Minor, or a Post-Baccalaureate Certificate in WGSS. A Women’s, Gender, and Sexuality Studies degree prepares students for graduate education and professional pathways in multiple fields, including public policy and politics, education, law, community organizing and the non-profit sector, social work, creative arts and entertainment, and human resources and business.

IV. Women’s, Gender, and Sexuality Studies Mission Statement

Women’s, Gender, and Sexuality Studies provides students with a strong intersectional and interdisciplinary foundation to engage in research, creative and professional work, and public debates concerning women and LGBTQ people, especially in communities of color. Through the WGSS curriculum, students develop strong skills in verbal, written and visual communication, research, critical thinking, and working collaboratively. Students are trained as problem-solvers with a strong basis in concepts of research that seek to collaborate with marginalized communities to identify innovative solutions to pressing social justice issues that involve these communities. Students also learn about the role of the arts and humanities in fostering a diverse and humane society. These skills prepare students to advance to pursue post-graduate education and careers in a wide variety of fields, including the following: K-12 education and higher education; creative arts, including museums, media, and marketing; social services, including social work; community organizing and the non-profit sector; library and information sciences; and public policy and law, including legal services and advocacy.

Assistant Professors: Hsin-fu Chiu.

Advanced Placement Credit

Course and unit credit are granted for a score of 3, 4 or 5 on Advanced Placement Language and Literature Examinations. Students should consult the department for more information.

Placement Examinations

The Department of Modern Languages and Literatures administers placement examinations to assist students in determining their level of language proficiency.

Sequence of Classes
Prerequisite courses must be completed prior to enrollment. Prerequisites appear in course descriptions in this catalog. Exceptions may be approved by departmental petition for qualified students having compelling reasons. Petitions should be filed prior to registration.

Reading Examinations

The Department of Modern Languages and Literatures administers Reading Examinations in selected languages. Students in graduate programs needing to verify proficiency in a language other than English must enroll in ML 9010, in the semester in which it is to be taken.

Limitation on Language Credit

Equivalent courses taken at the college level may not be repeated for credit toward a degree. A student with one year of high school language would normally be expected to enter 1002; a student with two years of high school language would enter 2001; with three years, 2002, and so on. However, it is recognized that special circumstances may make it advisable for some students to start at higher or lower levels. Therefore, the department will allow certain students who have studied a language other than English exclusively at the high school level to depart from the equivalency formula specified above after consultation and with the recommendation of a properly designated adviser.

Students who completed their secondary education in a foreign country where a language other than English is spoken natively may not receive credit for elementary language and Lower Division conversation courses in that language.

Limitations on Credit for “Non-Traditional” Courses

A total of six units of the following courses may be applied to major programs in the department: FREN 4990, JAPN 3950, KOR 3950, ML 3990, ML 4960, and SPAN 4990. Exceptions may be made only in extraordinary circumstances and with the approval of the departmental adviser and chair.

Assessment

Majors in the Department of Modern Languages and Literatures must demonstrate the skills and knowledge appropriate to their baccalaureate degree. This is done by means of assessment procedures that include completion of required and elective courses, evaluation of language proficiency and content knowledge upon enrollment at the Upper Division level and, at the exit from the program, completion of ML 4000. For more information, students should contact the Department of Modern Languages and Literatures prior to enrolling in Upper Division courses.

The Faculty

Professors: Paul De Castro, James Ford, Sara Graef, Susan M. Kane, John M. Kennedy, Ross Levinson, Beverly Stein, Steve Wight.
Associate Professors: Emily Moss.
Assistant Professors: Christopher Gravis, Patti Kilroy, JP Marcondes-Mourao, Adam Snow.

Overview

The Department of Music offers both liberal arts and professional degree programs leading to the Bachelor of Music, Bachelor of Arts degree in Music, Master of Music, and the Master of Arts degree in Music. Undergraduate students pursuing degrees in other fields may also declare music as a minor. All students at Cal State LA may choose from an array of music courses to enrich their general education and cultural life experiences while enrolled at the university.

The Department of Music provides many opportunities for creative performance activities, both for music majors and for students with careers in other disciplines who also wish to pursue personal development in the performing arts.

Undergraduate degree programs in Music provide students with a broad foundation in music theory and history that is grounded in perspectives of culture, place and era. Competence in artistic performance is strongly valued and is contextualized to the area of emphasis that each student pursues.

Undergraduate degree programs also emphasize preparation for successful graduate study for students who wish to pursue higher education beyond the baccalaureate degree.

There are two types of undergraduate degree programs offered at Cal State LA. The Bachelor of Arts degree program and the Bachelor of Music degree program.

The Bachelor of Arts degree serves the needs of students whose primary interests are music theory, history and literature, or those who wish to pursue a liberal arts education with an emphasis in music. The degree also allows students to pursue individual interests in music to prepare them for careers in music or music-related careers.

The Bachelor of Music degree is a rigorous curriculum for students who wish to prepare for a specific professional career in music or for those who wish to reach a professional caliber of music attainment within the Bachelor of Music degree program. Students may pursue specialized study in vocal, instrumental, or keyboard performance; composition; jazz studies; commercial music; and music education (credential preparation).

Students who wish to enroll as an undergraduate music major are required to perform an audition before a faculty panel upon entrance. Students may audition in voice, piano or on another instrument that is taught in the Department of Music.

Bachelor of Arts degree students are expected to demonstrate evidence of previous music study sufficient for success in a university music program. Candidates for the Bachelor of Music degree must demonstrate significant technical and artistic accomplishment in at least one area of vocal or instrumental performance before being admitted to this professional degree program. Candidates for the Bachelor of Music major may apply either before or after enrolling in the Department of Music at California State University, Los Angeles.
To complete a degree in music, students are required to develop their performance ability and to appear in at least one student solo or ensemble recital or concert each year. All music majors must demonstrate progress in the study of their major performing medium (instrument or voice) before a faculty jury at the end of each semester in which they are enrolled in applied lessons. Individual instrumental and vocal applied music lessons are only available to music majors who have passed the performance audition. Undergraduate and graduate music majors and minors are required to participate in a major performance ensemble, and complete it with a “C” or better for each semester of residence as follows:

1. Students who declare a wind or percussion instrument as the principal performance area must register for band, students who declare an orchestral string instrument as the principal performance area must register for string ensemble, and students who declare voice as the principal performance area must register for choir. BA, MA, and other students without a declared principal performance area must participate in one of major performance ensembles listed above, commensurate with skill level of the student, assigned by the ensemble director, and in consultation with area coordinators.

2. Students accepted into the BM- or MM-Commercial Music will register for Commercial Music Ensemble as their major performance ensemble.

3. Students accepted into the BM-Jazz Studies will register for Jazz Ensemble as their major performance ensemble.

4. Students accepted into the MM-Afro-Latin program will register for Afro-Latin Ensemble as their major performance ensemble.

5. A student whose principal performance area is Keyboard or Classical guitar must participate in a major performance ensemble for four semesters before substituting the appropriate Chamber Music or Guitar Ensemble in place of a major performance ensemble. Transfer students in these areas must have two semesters of Major Performance Ensemble in residence at CSULA before substitution with Chamber Music or Guitar Ensemble in place of Major Performance Ensemble is permitted, if other prerequisites are met (i.e., four semesters continuous enrollment).

6. A student who has completed state-funded lessons, who is not taking lessons at all, or who is taking fewer than six units of music must still be in an appropriate major performance ensemble (with the exception of MM and MA students who have completed all coursework).

7. Music minors who have completed their music coursework have met the performance ensemble requirement.

The Music Department Student Guidebook contains other policies and regulations, including a concert attendance policy, which pertains to all music majors and minors. It is each student’s responsibility to obtain a copy of the handbook and to become familiar with its contents. Failure to comply with policies and regulations outlined in the handbook may affect continued enrollment in the program and/or eligibility for graduation.

Students who demonstrate competence in performance and theory above the minimum requirement may earn advanced standing. Lower division students may register for and earn credit in upper division performance courses. Students who enter Cal State LA as freshmen will be required to complete four (4) semesters of MUS 1000 Concert/recital Attendance (0). Transfer students will be required to complete four (4) semesters of MUS 1000 or the equivalent from their community college.

Piano Proficiency Requirement

All students are required to complete the Class Piano sequence (MUS 1031, 1032, 2031, and 2032) or demonstrate proficiency in piano skills by passing a piano proficiency examination (MUS 2033). Music majors who demonstrate adequate piano skills and successfully pass the piano proficiency examination must use units from the required instruction in class piano (MUS 1031, 1032, 2031, and 2032) as elective units. Bachelor of Arts in Music students may use the elective units for additional coursework in music or another field, with the approval of their music degree adviser. Bachelor of Music students must use the elective units for additional coursework in music, with the approval of their music degree adviser.

Programs

- Minor in Music

Teaching Credential

- Music Credential Program
Department of Philosophy

Overview

Philosophy engages students in thinking about the fundamental questions of human life-life's meaning and the ways in which we understand the world and our place in it. Philosophy students read and discuss writings of the world's great thinkers, both in the history of philosophy and in the contemporary arena. Studies include ethics, political and social thought, logic, theory of knowledge, philosophy of science, philosophy of art and film, philosophy of law, philosophy of religions, metaphysics, feminist philosophy, philosophy and race, biomedical ethics, existentialism, postmodern thought, philosophy of language and philosophy of mind.

Those who study philosophy are valued by employers, graduate schools and professional schools in a wide range of fields for their analytic skills, their clear thinking and writing, their creative imagination, and the broad base of their background and knowledge. Philosophy is an appropriate field of study for students hoping to attend law school.

An undergraduate major can be taken in Philosophy with either of two options: General and Prelaw. An undergraduate minor in Philosophy with General and Prelaw options is available for students majoring in other fields.

The Master of Arts degree in Philosophy offers students a broad background in both the history of philosophy and contemporary thought. The program is designed to accommodate various student goals, for example, preparation for further graduate study or for community college teaching, as well as self-enrichment. In some specific areas of philosophy, career opportunities are available in institutions engaged in basic research.

Philosophy students have many opportunities to interact informally with faculty members and to work with each other. There is a student Philosophy Club and a student journal, Philosophy in Practice.

The Faculty

Professors: Mark Balaguer, Talia Bettcher (Chair), David Pitt, Kayley Vernallis.
Associate Professors: Mohammed Abed, Richard Dean, Foad Dizadji-Bahmani, Michael Shim.

- Theatre Arts and Dance Credential Program
We develop engaged leaders and foster their professional and social mobility to benefit Greater Los Angeles and the world.

We fulfill our mission by:

Creating positive change and innovation through continuous improvements that promote a culture of excellence, particularly in terms of student success and professional development.

Generating impact on the professional and social mobility of our students, the scholarly disciplines, the business community, and local organizations.
through our teaching and research in basic, applied, pedagogical, and other intellectual contributions.

Building relationships and engagement with staff, faculty, alumni, and supporters in a collaborative environment.

Our Vision

We aspire to become the top business college within the California State University system in graduation rate, employability and social mobility.

Accreditation

The College of Business and Economics is nationally accredited, at both graduate and undergraduate levels, by the Association to Advance Collegiate Schools of Business (AACSB). The College has been accredited since 1960.

Programs

Bachelor of Science

- Business Administration, B.S.
Department of Accounting

Overview

The Department of Accounting offers an undergraduate option in Accounting for the Bachelor of Science degree in Business Administration, a minor in Accounting, a certificate program in Accounting, a graduate option in Accounting for the Master of Business Administration (MBA) degree and a Master of Science (MS) degree in Accountancy. Students who are pursuing the various programs prepare for careers in public accounting, serving clients professionally in the areas of financial accounting, cost accounting, auditing, taxes, and systems, or managerial accounting dealing with the functions of the controller in business, industry and government. The MS degree in Accountancy also prepares students for doctoral study or research positions. The Department of Accounting is one of the largest academic departments in the University. Graduates of its various programs hold positions of prominence in major accounting organizations.

Chair
Madhu Mohanty
mmohant@calstatela.edu

Overview
The programs of the Department of Economics and Statistics equip students with essential analytical and technical skills needed for business and economic analysis. Depending on the choice of specialization, the broad and solid training in economics is highly marketable for a wide variety of professional jobs such as public policy analysts, consultants, international economists, financial market analysts, investment advisers, business and economic forecasters, social scientists, lawyers, teachers, and educators.

The department offers both Bachelor of Arts (BA) and Master of Arts (MA) degrees in Economics, a minor in Economics, and a Business Economics option for the Bachelor of Science (BS) degree in Business Administration. The BA program has two options: Applied Economics (with possible concentrations in International Economics, Public Policy, and Financial Economics) and Social and Behavioral Sciences. The MA program has options in Global Economics, Financial Economics, and Public Policy Economics.

In addition to providing the foundation in economics and statistics needed by all business students, the department prepares those looking for specialized careers in industry and the public sector. In particular, there are programs that prepare students for advanced graduate work in economics and for teaching.

The Faculty
Professors: Li-Hsueh Chen, Miles M. Finney, Edward W. T. Hsieh, Kon S. Lai, Madhu S. Mohanty (Chair), Ramon Castillo, Sunil K. Sapra, Mann J. Yoon.

Associate Professors: Samantha Carrington, Devika Hazra.

Department of Finance, Law and Real Estate

Overview

The Department of Finance, Law and Real Estate offers options in Finance, Real Estate, and Business Arts-Prelegal for the Bachelor of Science degree in Business Administration. These options enable students to prepare for finance, real estate, and legal careers. The department also offers Finance options for both the Master of Science (MS) degree in Business Administration and the Master of Business Administration (MBA) degree, designed to enhance career and advancement opportunities for individuals employed in these fields. In addition, the department offers a credit certificate program in Finance that is designed for students who are majoring in other fields and would benefit from a background in finance.

Department of Information Systems

Overview

The application of information systems and technology in an organization defines the field of study of the Department of Information Systems. The field may be viewed in terms of software, hardware, networking, procedures, and people. The department’s responsibility is to educate its students in the various aspects of organizational information systems. The department is engaged in teaching not just the design, development, implementation and operation of information systems, but also the management of such systems. The department prepares its students for both the technical and management demands in this field.

The Faculty

Professors: Nanda Ganesan, Adam Huarng, Joseph Otto (Chair), Parviz Partow-Navid, Jose Perez-Carballo, Ludwig Slusky, Ming Wang, Jongwook Woo, Song Xing.

Associate Professors: Shilpa Balan, David Gadish, Knox Wasley.

Assistant Professors: Arun Aryal, Luna Fu, Pamella Howell, Lusi Li, Jose Ortiz.

Department of Marketing

Overview
The Department of Marketing offers undergraduate degree majors, minors, and certificates in a broad range of marketing disciplines including but not limited to marketing, international business, retailing, social media, and sustainability marketing. The Department also offers graduate degree programs in marketing and international business. In both the private and public sector, these programs prepare students for professional marketing careers in high growth and emerging areas such as sustainability marketing, social media, international marketing, and transportation and logistics. The International Business Program (Option) in the Marketing Department is one of the options available under the Bachelor of Science in Business Administration (B.S.B.A.) Degree Program, the Masters of Business Administration Degree Program (M.B.A.), and the Masters of Science Degree Program (M.S.). They are designed to prepare students for careers in global companies or organizations in the public and private sector, including but not limited to careers in international marketing, import-export, and international finance and banking. They also prepare students for careers in globally focused companies in the greater Los Angeles area.

The Faculty
Professors: H. Rika Houston, Iksuk Kim, Freddy Lee, Joseph Otto (Chair).
Associate Professors: Silvia Martin.

Charter College of Education

Overview

The Charter College of Education offers programs leading to the Bachelor of Science degree (in Rehabilitation Services), the Bachelor of Arts degree (in Urban Learning), master’s degrees, one joint doctoral degree, one independent doctoral degree, as well as credentials and certification for specified fields of professional service in California public schools and other public and private agencies. Because the campus is located in the heart of metropolitan Los Angeles, the Charter College of Education is committed to enabling educational leaders to meet high standards and ensure the maximum learning and achievement potential of culturally and linguistically diverse urban learners. The vision of the college is “promoting an inclusive environment to support caring professional educators for the future, so that all learners achieve their fullest potential.”

Accreditation

The Charter College of Education is nationally accredited by the National Council for Accreditation of Teacher Education (NCATE). All credential programs are approved by the California Committee on Accreditation (COA). Programs in the college are also nationally accredited by the Council for the Accreditation of Counseling and Related Educational Programs (CACREP), the Council on Rehabilitation Education (CORE), the National Association of School Psychologists (NASP), the American Speech, Language and Hearing Association (ASHSA), the International Reading Association (IRA), the Association for the Education and Rehabilitation of the Blind and Visually Impaired (AER), and Applied Behavior Analysis (ABA).

Degrees Offered

The Charter College of Education offers the following degrees: Doctor of Philosophy in Special Education, Doctor of Education, Master of Arts, Master of Science, Bachelor of Arts and Bachelor of Science, which are briefly described below:

Doctor of Philosophy Degree in Special Education
Doctor of Education Degree in Educational Leadership

Emphasizes PreK-12 education, leadership in practice, and the development of leaders who have the expertise, scholarship and community-based inquiry skills necessary to advance all students’ rights to an education that supports social and economic justice and academic success.

Master of Arts Degree in Education

with the following options:

- **Bilingual/Multicultural Education in the Elementary Classroom** option offers candidates the opportunity to examine theory, research, and classroom practices in instructional programs for language minority students in California public schools.
- **Computer Education and Technology Leadership** option prepares computer education specialists to direct school computer laboratories; select, design, and evaluate instructional software; teach computer programming/problem solving to children; and fill leadership roles in school districts in computer applications in education.
- **Creative Literacies and Literature in the Elementary Classroom** prepares Reading/Language Arts Specialists whose primary responsibility is K-12 teaching with acquired expertise in reading and language areas and who are able to work cooperatively with other professionals to promote and enhance literacy learning.
- **Curriculum and Instruction in the Urban Elementary School** option offers the opportunity to select courses that are specifically designed to combine theory and research with practical classroom application for use in urban settings. This option assists the candidate in developing the necessary knowledge and skills for meeting the needs of children in urban schools.
- **Early Childhood/Primary Education** option offers the opportunity to focus on practical classroom application in early childhood education based on current theory and research. This option allows candidates to develop their knowledge and skills in a variety of topics related to early childhood education.
- **Educational Foundations** option with concentrations in social and psychological foundations, is designed to engage professionals in the field of education in interdisciplinary coursework that allows them to develop interpretive, normative, and critical perspectives on education and educational issues in both formal and informal settings.
- **Mathematics Education** prepares teachers for leadership roles to improve mathematics learning in elementary and middle schools. Courses translate theory and research into teaching practices for diverse learners with an emphasis on the use of technologies and active learning.
- **Middle and Secondary Curriculum and Instruction** option is designed to meet the challenge of educational excellence through the development of instructional leadership skills for middle, secondary and postsecondary educators.
- **New Media Design and Production** option prepares specialists for elementary and secondary institutions who combine skills in computer technology application with advanced video and multimedia techniques to enhance the learning experience of students at all levels.
- **Reading** option is designed to provide proficiency in the specialized teaching of reading/language arts. It satisfies content requirements established by the International Reading Association for reading/language arts specialization.
- **Science Education** option is designed for elementary and middle school teachers who seek leadership skills in elementary science curriculum, programs, teaching and/or want to cultivate their students’ scientific literacy. The degree program combines theory, research, “hands-on” science activities, cutting-edge pedagogy, and content courses within the natural sciences.

Master of Arts Degree in Educational Administration

Prepares educators with an understanding of American urban life, provides them with the research skills needed to direct, conduct, analyze, and evaluate research projects, and presents opportunities for in-depth study of administering, managing, supervising, coordinating, and directing public and non-public schools. Option offered in Educational Administration.

Master of Arts Degree in Special Education

is designed to prepare personnel to provide educational services to individuals who, because of physical, behavioral, and/or mental characteristics, require special instruction or services. Specialized preparation is offered for teachers of these exceptional individuals. Options include:

- **Autism** option is designed to provide training in providing behavioral and educational support to individuals with autism. This program will offer students substantive opportunity to acquire an in-depth knowledge and in-depth understanding of the needs of individuals with autism and the skills to address those needs.
- **Early Childhood Special Education** option is designed to provide administrators, teachers and therapists with advanced preparation work with exceptional learners. Candidates must incorporate the specialist credential requirements in their area of specialization as part of their program. (This requirement may be waived for personnel such as nurses, occupational therapists, or orientation and mobility specialists).
- **Facilitating Behavior Change** (offered jointly with Special Education and Counseling) option is designed to provide administrators, teachers, and therapists with advanced preparation to work with exceptional learners. Candidates must incorporate the specialist credential requirements in their area of specialization as part of their program. (This requirement may be waived for personnel such as
**Notes:**

1. * Includes school counseling focus
2. Students entering graduate education programs must meet specific requirements set forth for each program in addition to University
requirements for admission to graduate study.

3. Restrictions on Credit Earned in Variable Unit Courses - All Charter College of Education master’s degree programs are subject to the following credit restrictions:

- Limit of 12 units from 499, 597, and 598 in program without a thesis or project
- Limit of 15 units from 499, 597, 598, and 599 in programs with a thesis or project

Bachelor of Arts Degree in Urban Learning

is a program that combines courses in teacher preparation with major courses emphasizing an interdisciplinary approach to understanding urban learning as a social phenomenon. The major is supported by a depth area of social science focused on diversity and a choice of either an education minor to prepare students to teach in elementary school or an education specialist minor for teachers working as interns in a special education setting.

Bachelor of Science Degree in Rehabilitation Services

prepares students who work in various educational settings where they will advance the independence, integration and full participation of individuals with rehabilitation needs in both workforce and the community.

Credentials

University programs have been approved for the following credentials and areas of specialization.

Teaching Credentials

- Multiple Subject Preliminary
- Multiple Subject Internship
- Single Subject Preliminary
- Single Subject Internship

Education Specialist Credentials

- Early Childhood Special Education*
- Mild/Moderate Disabilities*
- Moderate/Severe Disabilities*
- Physical and Health Impairments*
- Visual Impairments and Blindness

Added Authorizations

- Adapted Physical Education Added Authorization
- Bilingual Added Authorization
- Orthopedic Impairment Added Authorization
- Other Health Impairments Added Authorization
- Reading and Literacy Added Authorization

Services Credentials

- Clinical or Rehabilitative Services: Orientation & Mobility
- Preliminary Speech Language Pathology
- Pupil Personnel Services and Child Welfare and Attendance: School Counseling
- Pupil Personnel Services and Child Welfare and Attendance: School Psychology

Advanced/Professional Clear Credentials

- Clear - Teacher Education Induction (for multiple subject, single subject and education specialist credential holders)
- Preliminary Administrative Services
- Reading Literacy and Leadership Specialist Credential

Certificates

- Autism Certificate
- California Reading Certificate
- Resource Specialist in Special Education Certificate
Subject Matter Waiver Programs

Subject Matter Waiver Programs are separate and according to CTC website, we are approved for each of the following. Subject Matter Waiver programs are housed in the academic program that they represent.

- Art
- Elementary Subject Matter
- English
- Foundational-Level Math
- Mathematics
- Music
- Physical Education
- Science: Biology, Chemistry, Geosciences, Physics
- Social Science
- World Languages: Spanish
- Urban Learning for the Elementary Subject Matter Waiver (housed in Charter College of Education)

Notes:

- Because credential programs described in this publication are subject to change without notice, students are urged to seek current information concerning new credential requirements from the appropriate division in the Charter College of Education.
- Candidates seeking additional authorization on prior credentials must seek advisement from the appropriate division about applicability of current courses to those requirements. Advisement of students working toward a credential is provided by both their major department and each of the Charter College of Education Divisions. General information about the Charter College of Education programs is available in the Office of Student Services, King Hall D2078.
- Recommendation for teaching credentials is contingent upon satisfaction of all requirements specified in each area.

Admission and Other Requirements

Admission to Master's Degree and Credential Programs in Education

Students entering graduate programs in education must meet University requirements for admission to graduate study and additional requirements set forth for each program. Admission to the University does not automatically admit students to credential or postbaccalaureate programs in the Charter College of Education. Candidates for all programs in the College must have a grade point average (GPA) of 2.75 in the 90 quarter units and verify competency in basic technology skills. Formal application is required for admission to each specific degree or credential program.

Teaching credential application procedures are described in the appropriate section of Academic Departments within the divisional section offering preparation for that credential, namely:

- Applied and Advanced Studies in Education
- Curriculum and Instruction
- Special Education and Counseling

Postbaccalaureate Year

Except for students enrolled in an approved undergraduate blended program for teacher preparation, State of California credential requirements include a fifth year of study completed after the baccalaureate. Students may elect to complete all or part of their professional requirements in the fifth year, pursue a master's degree, or follow a planned course of study approved by their adviser. All students must plan an approved program with an adviser.

General Information about Professional Clear Teaching Credentials

All students who desire University recommendation for completion of the professional clear credential must be admitted to Cal State L. A. and must satisfy any writing requirement required of all postbaccalaureate students. They must also apply for admission to the credential program. Complete admission procedures are listed in the Admission to Credential Programs section.

Definition of the Fifth Year for Professional Clear Teaching Credentials (Ryan Credential)

The fifth year, comprised of a minimum of 45 postbaccalaureate quarter units selected with adviser assistance, may consist of:

- Completion of requirements for the preliminary credential, or
- completion of requirements for the professional clear credential, or
- work toward another baccalaureate, or
- an advanced credential, or
- a master's degree, or
- a program of courses designed to improve the applicant’s teaching competencies.

Residence Requirement

Applicants who possess a master’s degree from an accredited institution outside California or an advanced credential based on a full fifth year of postbaccalaureate study (45 quarter units) are not subject to residence requirements for University recommendation. Applicants with a master’s degree or an advanced credential from a California institution are referred to their parent institution for recommendation. All other applicants must complete a minimum of 16 quarter units in residence at Cal State L.A.

Procedures

- Apply for admission to Cal State L. A. and to the Charter College of Education credential programs.
- Plan a fifth year program with an adviser.

The program plan is filed and used for verification of credential requirements at program completion. The program is checked by a credential analyst for satisfaction of criteria, applicability of transfer work, etc.

Students receive University recommendation following application and verification of completion of all requirements for the clear credential.
Division of Applied and Advanced Studies in Education

Program Advisement:
The Charter College of Education's Division of Applied and Advanced Studies in Education offers advisement for master's degree programs in Educational Administration, Educational Foundations, Educational Technology Leadership, E-Learning and New Media Design, Research and Evaluation, and Teaching English to Speakers of Other Languages. Although the division offers coursework to meet basic and advanced credential requirements, faculty do not plan programs or advise for credentials.

Courses Offered:
- Educational Administration (EDAD)
- Educational Foundations (EDFN)
- Instructional Technology (EDIT)
- Teaching English to Speakers of Other Languages (TESL)
- Urban Learning (ULRN)

Degrees Offered:
- Doctorate of Education (Ed.D.) in Educational Leadership
- M.A. in Educational Administration
- M.A. Degree in Education; Options in: Educational Foundations, Educational Technology Leadership, E-Learning and New Media Design, Research and Evaluation; M.A. in Teaching English to Speakers of Other Languages (TESOL); B.A. in Urban Learning. For more information, please refer to University Programs.

Certificates Offered:
- Computer Applications in Schools
- English as a Second or Foreign Language (ESL/EFL)
- Online Teaching and Learning
- Teachers of English Learners

Credential Offered
Preliminary Administrative Services; Clear Induction Administrative Services.

The Faculty
Associate Professors:
Assistant Professors: Daisy Alfaro, Bayihhiy Hardacre, Allison Mattheis.
Emeriti: Stephanie Evans, Chogollah Maroufi, Penelope Semrau, Simeon P. Slovacek.

Programs

Degree - Undergraduate
- Urban Learning, B.A.

Degree - Graduate
- Education, M.A.: Option in Research and Evaluation
- Educational Administration, M.A.
- Educational Foundations, M.A.
- Educational Technology, M.A.
- Teaching English to Speakers of Other Languages (TESOL), M.A.

Degree - Doctoral
- Doctor of Education in Educational Leadership, Ed.D.

Non Degree - Post-Baccalaureate
- Post-Baccalaureate Certificate in Computer Applications in Schools (CAS)
- Post-Baccalaureate Certificate in English as a Second or Foreign Language (ESL/EFL)
- Post-Baccalaureate Certificate in Online Teaching and Learning (COTL)
- Post-Baccalaureate Certificate in Teachers of English Learners

Teaching Credential
- Clear Induction Administrative Services Credential
- Preliminary Administrative Services Credential

Courses

Education (Undergraduate)
- EDUC 4000 - Improving Academic Literacy

Educational Administration (Graduate)
- EDAD 5001 - Introduction to Educational Administration
- EDAD 5061 - Educational Leadership
- EDAD 5062 - Research and Data Assessment
- EDAD 5063 - Pluralism, Collaboration, and Social Justice
- EDAD 5064 - School Law
- EDAD 5065 - Instructional Leadership
- EDAD 5066 - School Management
- EDAD 5067 - School Finance
- EDAD 5101 - Laboratory for Educational Administration Digital Portfolios
- EDAD 5161 - Fieldwork in Educational Leadership
- EDAD 5162 - Fieldwork in Research and Data Assessment
- EDAD 5163 - Fieldwork in Pluralism, Collaboration, and Social Justice
- EDAD 5164 - Fieldwork in School Law
- EDAD 5165 - Fieldwork in Instructional Leadership

Program Advisement
The Charter College of Education’s Division of Curriculum and Instruction offers program advisement for master’s degree programs in elementary and secondary teaching and for the preliminary and clear credential programs approved by the California Committee on Accreditation. These programs are described in this section. Other general information about credentials and degree programs can be found in the Undergraduate Studies: General Information and Graduate and Post-Baccalaureate Studies: General Information chapters of this catalog.

Courses Offered in:
• Curriculum and Instruction (EDCI)
• Elementary Education (EDEL)
• Secondary Education (EDSE)

Credentials Offered:
Multiple Subject, Single Subject, and the Reading and Literacy Leadership Specialist Credential

Degrees Offered:
M.A. in Education: Options in: Bilingual/Multicultural Education in the Urban Classroom; Curriculum and Instruction; Early Childhood Primary/Education; Mathematics Education; Reading; Secondary Teaching.

Certificates Offered:
Bilingual Authorization; California Reading; Postsecondary Reading; Storytelling for Teachers and Classrooms.

The Faculty
Professors: Paula Arvedson, Anna Chee, John Eichinger, Joan Fingon, Darlene M. Michener, Joan Sabrina Mims-Cox, Kimberly Persiani, Ambika Raj, John V. Shindler, Sharon Hilda Ulanoff, Frederick Uy (Chair).
Associate Professors: Mario Castaneda, Rebecca Joseph, Jennifer McCormick, A. Dee Williams.
Assistant Professors:
Emeriti: Carolyn Frank, Robert Land, Gay Q. Yuen.

Admission to Credential Programs
Admission Requirements for Multiple Subject and Single Subject Credential Programs

Under current laws and regulations, the California Commission on Teacher Credentialing initially issues a credential, permit, or certification, or renewal of an emergency permit, only to persons to serve in the public schools who have demonstrated proficiency in basic reading, writing, and mathematics skills in the English language. The Superintendent of Public Instruction has adopted the California Basic Educational Skills Test (CBEST) as the state assessment instrument to measure teacher proficiency in the basic skills. Further information is available at the Charter College of Education Office for Student Services, KH D2078.

Admission requirements are based on Title 5, California Code of Regulations, and University regulations. Students seeking admission to Cal State L.A. teaching credential programs must enroll in EDCI 4000, Transformative Teaching in Diverse Urban Classrooms. Requirements for preliminary admission to credential programs include the following:

- Complete application form.
- Record of a successful oral interview with faculty adviser and completion of Program Planning Sheet (signed by adviser).
- Verification of academic eligibility, as evidenced by a GPA of 2.75 in the last 60 semester or 90 quarter units of coursework.
- Verification of negative TB test (taken within the last year) by a personal physician or at the Cal State L.A. Health Center.
- Verification of having applied for the Certificate of Clearance.
- Successful completion of a supervised early field experience.
- A written personal history that includes a statement of professional goals and educational philosophy.
- Transcripts and letters of reference received and evaluated.
- Students must complete all requirements to receive credit in EDCI 4000.

Completion of Admission Requirements

Students must satisfy the following criteria before registering for any restricted courses.

- Minimum C grade or credit in COMM 1100.
- Verification of completion of PSY 1500 or equivalent.
- Verification of having taken the CBEST. (Students who have not passed the CBEST prior to entry into the credential program must have an approved plan of remediation on file with the Office of Student Services in the Charter College of Education.)
- Verification of having attempted the CSET (California Subject Examination for Teachers) or an approved subject matter preparation program. (Multiple Subject only)

Students are formally admitted to the teaching credential program upon completion of requirements stated above.

Admission Requirements for Multiple Subject Internship Credential Program

- Employment or commitment by a school district to employ the individual as a full-time teacher.
- Completion of an approved subject matter preparation program or passage of CSET.
- Completion of all requirements for admission to Preliminary Credential Programs.
- Passage of a U.S. Constitution course or its equivalent.

Admission Requirements for Professional, Clear, Multiple Subject and Single Subject Credential Programs

(for transfer students who hold a preliminary credential)

Students who complete the preliminary credential at Cal State L.A. and maintain continuing student status, may continue the study toward the professional clear credential without additional application to the Charter College of Education. Transfer students must meet the following requirements. State of California teaching credential requirements include a fifth year of study completed after the baccalaureate. Students may elect to complete all or part of their professional requirements in the fifth year and must follow a planned course of study approved by their adviser. In some instances, courses that are taken as part of a master’s degree program may also count toward completion of the fifth year credential requirement. All students who desire University recommendation for completion of the clear credential must be formally admitted to the University and satisfy any writing or speech requirements pertaining to all post-baccalaureate students.

- Apply to the Charter College of Education Office for Student Services.
- Provide a copy of your valid Multiple Subject or Single Subject credential.
- Verify the minimum grade point average. Consult the Office for Student Services for the required grade point average.
- See an adviser for oral interview and to plan credential program.
- Provide official transcripts of all college/university work to the Charter College of Education Office for Student Services.

Directed Teaching Information

Directed teaching is one of the most important phases of teacher education at Cal State L.A. Candidates are not automatically admitted to directed teaching by completion of course work alone; they must fulfill the following criteria.
• Formal admission to the teaching credential program.
• Attendance at directed teaching orientation meeting held the first Saturday of the semester preceding the assignment.
• Application for directed teaching by application deadline (consult the Office for Student Services for the deadline date).
• Submit verification of completion of a Commission approved Elementary Subject matter program (for Multiple Subject credentials) or Single Subject matter program (for Single Subject credentials) or passing score on CTC approved subject matter assessments or recommendation of subject-area department. Approved subject matter programs for the Multiple and Single Subject Credentials are listed in the Undergraduate Study chapter of this catalog.
• Provide transcripts or grade reports verifying completion of at least 12 credential coursework units at Cal State L.A. and all prerequisite courses. A minimum grade point average of B (3.0) and grades of C or higher are required in all professional education courses.
• Submit verification of passing scores on all sections of CBEST.
• Submit verification of negative TB test taken within one year before completion of directed teaching by a personal physician or at Cal State L.A. Health Center.
• Register for directed teaching or demonstration of competencies as appropriate.

Applicants for multiple subject directed teaching must show proficiency in art, music, and physical education, either by examination or completion of appropriate courses.

Students who meet all of the above criteria and who have completed the prerequisite course work will be approved for directed teaching. Because of the amount of time and work required for directed teaching, students are advised to restrict the number of units taken during directed teaching and curtail their out-of-school workload for the duration of such assignments.

Please Note: In order for education methodology courses for the Multiple Subject and Single Subject credentials to apply, they must be completed within 7 years of the date of application for the preliminary credential.

Supplementary Authorizations

Holders of a Single Subject or Multiple Subject credential issued by the state of California may add a supplemental authorization to teach in another discipline by completing additional course work. Interested students should consult the Charter College of Education Office for Student Services for further information.

Application Procedure for the Preliminary or Professional Clear Credential

By the end of the fifth week of your final semester of credential course work, submit an application for the credential in the Office for Student Services, King Hall D2078.

Elementary Education Programs

Elementary Education programs include courses appropriate for preservice and inservice preparation of teachers in the elementary grades and directed teaching for candidates for the teaching credential with authorization in multiple subject instruction. The Master of Arts degree is described in the Graduate Programs section.

Secondary Education Programs

The Secondary Education programs include courses appropriate for preservice and inservice teacher preparation in middle schools, junior high schools, senior high schools. The Master of Arts degree is described in the Graduate Programs section.

Programs

Degree - Graduate

- Education, M.A.: Option in Bilingual/Multicultural Education in the Urban Classroom
- Education, M.A.: Option in Curriculum and Instruction
- Education, M.A.: Option in Early Childhood/Primary Education
- Education, M.A.: Option in Integrated STEM Teaching

Non Degree - Post-Baccalaureate

- Post-Baccalaureate Certificate in Bilingualism and Global Education
- Post-Baccalaureate Certificate in Postsecondary Reading
- Post-Baccalaureate Certificate in Storytelling for Teachers and Classrooms

Non Degree - Post-Master

- Post-Baccalaureate Certificate: California Reading Certificate

Teaching Credential
Multiple Subject Clear/Induction Credential Program
Multiple Subject Teaching Credential
Reading and Literacy Leadership Specialist Credential
Single Subject Clear/Induction Credential Program
Single Subject Credential in Secondary Teaching
Single Subject Teaching Credential

Courses

Curriculum and Instruction (Undergraduate)

- EDCI 1001 - Supplemental Instruction and Pedagogical Workshop
- EDCI 2020 - Visual and Performing Arts in the Inclusive Elementary Classroom
- EDCI 3700 - The equitable advancement of scientific principles in education and community through stem education
- EDCI 4000 - Transformative Teaching in Diverse Urban Classrooms
- EDCI 4010 - English Language Development

Program Advisement
The Charter College of Education’s Division of Curriculum and Instruction offers program advisement for master’s degree programs in elementary and secondary teaching and for the preliminary and clear credential programs approved by the California Committee on Accreditation. These programs are described in this section. Other general information about credentials and degree programs can be found in the Undergraduate Studies: General Information and Graduate and Post-Baccalaureate Studies: General Information chapters of this catalog.

Courses Offered in:
- Curriculum and Instruction (EDCI)
- Elementary Education (EDEL)
- Secondary Education (EDSE)

Credentials Offered:
Multiple Subject, Single Subject, and the Reading and Literacy Leadership Specialist Credential

Degrees Offered:
M.A. in Education: Options in: Bilingual/Multicultural Education in the Urban Classroom; Curriculum and Instruction; Early Childhood Primary/Secondary Education; Mathematics Education; Reading; Secondary Teaching.

Certificates Offered:
Bilingual Authorization; California Reading; Postsecondary Reading; Storytelling for Teachers and Classrooms.

The Faculty
Professors: Paula Arvedson, Anna Chee, John Eichinger, Joan Fingon, Darlene M. Michener, Joan Sabrina Mims-Cox, Kimberly Persiani, Ambika Raj, John V. Shindler, Sharon Hilda Ulanoff, Frederick Uy (Chair).
Associate Professors: Mario Castaneda, Rebecca Joseph, Jennifer McCormick, A. Dee Williams.
Assistant Professors:
Emeriti: Carolyn Frank, Robert Land, Gay Q. Yuen.
Admission Requirements for Multiple Subject and Single Subject Credential Programs

Under current laws and regulations, the California Commission on Teacher Credentialing initially issues a credential, permit, or certification, or renewal of an emergency permit, only to persons to serve in the public schools who have demonstrated proficiency in basic reading, writing, and mathematics skills in the English language. The Superintendent of Public Instruction has adopted the California Basic Educational Skills Test (CBEST) as the state assessment instrument to measure teacher proficiency in the basic skills. Further information is available at the Charter College of Education Office for Student Services, KH D2078.

Admission requirements are based on Title 5, California Code of Regulations, and University regulations. Students seeking admission to Cal State L.A. teaching credential programs must enroll in EDCI 4000, Transformative Teaching in Diverse Urban Classrooms. Requirements for preliminary admission to credential programs include the following:

• Complete application form.
• Record of a successful oral interview with faculty adviser and completion of Program Planning Sheet (signed by adviser).
• Verification of academic eligibility, as evidenced by a GPA of 2.75 in the last 60 semester or 90 quarter units of coursework.
• Verification of negative TB test (taken within the last year) by a personal physician or at the Cal State L.A. Health Center.
• Verification of having applied for the Certificate of Clearance.
• Successful completion of a supervised early field experience.
• A written personal history that includes a statement of professional goals and educational philosophy.
• Transcripts and letters of reference received and evaluated.
• Students must complete all requirements to receive credit in EDCI 4000.

Completion of Admission Requirements

Students must satisfy the following criteria before registering for any restricted courses.

• Minimum C grade or credit in COMM 1100.
• Verification of completion of PSY 1500 or equivalent.
• Verification of having taken the CBEST. (Students who have not passed the CBEST prior to entry into the credential program must have an approved plan of remediation on file with the Office of Student Services in the Charter College of Education.)
• Verification of having attempted the CSET (California Subject Examination for Teachers) or an approved subject matter preparation program. (Multiple Subject only)

Students are formally admitted to the teaching credential program upon completion of requirements stated above.

Admission Requirements for Multiple Subject Internship Credential Program

• Employment or commitment by a school district to employ the individual as a full-time teacher.
• Completion of an approved subject matter preparation program or passage of CSET.
• Completion of all requirements for admission to Preliminary Credential Programs.
• Passage of a U.S. Constitution course or its equivalent.

Admission Requirements for Professional, Clear, Multiple Subject and Single Subject Credential Programs

(for transfer students who hold a preliminary credential)

Students who complete the preliminary credential at Cal State L.A. and maintain continuing student status, may continue the study toward the professional clear credential without additional application to the Charter College of Education. Transfer students must meet the following requirements. State of California teaching credential requirements include a fifth year of study completed after the baccalaureate. Students may elect to complete all or part of their professional requirements in the fifth year and must follow a planned course of study approved by their adviser. In some instances, courses that are taken as part of a master’s degree program may also count toward completion of the fifth year credential requirement. All students who desire University recommendation for completion of the clear credential must be formally admitted to the University and satisfy any writing or speech requirements pertaining to all post-baccalaureate students.

• Apply to the Charter College of Education Office for Student Services.
• Provide a copy of your valid Multiple Subject or Single Subject credential.
• Verify the minimum grade point average. Consult the Office for Student Services for the required grade point average.
• See an adviser for oral interview and to plan credential program.
• Provide official transcripts of all college/university work to the Charter College of Education Office for Student Services.

Directed Teaching Information

Directed teaching is one of the most important phases of teacher education at Cal State L.A. Candidates are not automatically admitted to directed teaching by completion of course work alone; they must fulfill the following criteria.
• Formal admission to the teaching credential program.
• Attendance at directed teaching orientation meeting held the first Saturday of the semester preceding the assignment.
• Application for directed teaching by application deadline (consult the Office for Student Services for the deadline date).
• Submit verification of completion of a Commission approved Elementary Subject matter program (for Multiple Subject credentials) or Single Subject matter program (for Single Subject credentials) or passing score on CTC approved subject matter assessments or recommendation of subject-area department. Approved subject matter programs for the Multiple and Single Subject Credentials are listed in the Undergraduate Study chapter of this catalog.
• Provide transcripts or grade reports verifying completion of at least 12 credential coursework units at Cal State L.A. and all prerequisite courses. A minimum grade point average of B (3.0) and grades of C or higher are required in all professional education courses.
• Submit verification of passing scores on all sections of CBEST.
• Present a Certificate of Clearance or a valid credential or permit issued by the California Commission on Teacher Credentialing at Office for Student Services, KH D2078.
• Submit verification of negative TB test taken within one year before completion of directed teaching by a personal physician or at Cal State L.A. Health Center.
• Register for directed teaching or demonstration of competencies as appropriate.

Applicants for multiple subject directed teaching must show proficiency in art, music, and physical education, either by examination or completion of appropriate courses.

Students who meet all of the above criteria and who have completed the prerequisite course work will be approved for directed teaching. Because of the amount of time and work required for directed teaching, students are advised to restrict the number of units taken during directed teaching and curtail their out-of-school workload for the duration of such assignments.

Please Note: In order for education methodology courses for the Multiple Subject and Single Subject credentials to apply, they must be completed within 7 years of the date of application for the preliminary credential.

Supplementary Authorizations

Holders of a Single Subject or Multiple Subject credential issued by the state of California may add a supplemental authorization to teach in another discipline by completing additional course work. Interested students should consult the Charter College of Education Office for Student Services for further information.

Application Procedure for the Preliminary or Professional Clear Credential

By the end of the fifth week of your final semester of credential course work, submit an application for the credential in the Office for Student Services, King Hall D2078.

Elementary Education Programs

Elementary Education programs include courses appropriate for preservice and inservice preparation of teachers in the elementary grades and directed teaching for candidates for the teaching credential with authorization in multiple subject instruction. The Master of Arts degree is described in the Graduate Programs section.

Secondary Education Programs

The Secondary Education programs include courses appropriate for preservice and inservice teacher preparation in middle schools, junior high schools, senior high schools. The Master of Arts degree is described in the Graduate Programs section.

Programs

Degree - Graduate

- Education, M.A. : Option in Bilingual/Multicultural Education in the Urban Classroom
- Education, M.A. : Option in Curriculum and Instruction
- Education, M.A. : Option in Early Childhood/Primary Education
- Education, M.A. : Option in Integrated STEM Teaching

Non Degree - Post-Baccalaureate

- Post-Baccalaureate Certificate in Bilingualism and Global Education
- Post-Baccalaureate Certificate in Postsecondary Reading
- Post-Baccalaureate Certificate in Storytelling for Teachers and Classrooms

Non Degree - Post-Master

- Post-Baccalaureate Certificate: California Reading Certificate

Teaching Credential
Multiple Subject Clear/Induction Credential Program
Multiple Subject Teaching Credential
Reading and Literacy Leadership Specialist Credential
Single Subject Clear/Induction Credential Program
Single Subject Credential in Secondary Teaching
Single Subject Teaching Credential

Courses

Elementary Education (Undergraduate)

- EDEL 4190 - Curriculum and Transformative Teaching of Social Science
- EDEL 4190S - Proseminar: Curriculum and Teaching of Social Science - Spanish
- EDEL 4200 - RICA Test Preparation Review
- EDEL 4210 - Teaching Language Arts in Elementary School
- EDEL 4320 - Teaching STEM for Early Childhood
- EDEL 4455 - Fieldwork in Residency: Multiple Subjects
- EDEL 4610 - Curriculum Procedures and Assessment in Early Childhood Education

Program Advisement:
The Charter College of Education's Division of Special Education and Counseling offers program advisement for the Preliminary, Intern, and Clear credential programs in special education approved by the California Commission on Teacher Credentialing, added authorizations, certificates, and master’s degrees in Special Education as well as the Ph.D. program in Special Education offered jointly with the University of California at Los Angeles (UCLA). The division also offers program advisement for the undergraduate B.S. degree in Rehabilitation Services, the Master’s degree in Counseling, and for Counseling credential programs in Pupil Personnel Services and Child Welfare and Attendance, approved by the California Commission on Teacher Credentialing. These programs are described in this section. Other general information about credentials and degree programs can be found in the Undergraduate Study and Graduate and Post Baccalaureate Study sections of this catalog.

Courses offered in:
- Counseling (COUN)
- Special Education (EDSP)

Credentials Offered:
Educational Specialist in Special Education in the areas of Early Childhood Special Education, Mild/Moderate Disabilities, Moderate/Severe Disabilities, Physical and Health Impairments, Visual Impairment and Blindness, with authorizations in English Language (EL) and Autism are offered (Preliminary credential preparation may begin in an undergraduate blended program or at the post baccalaureate level; Preliminary and Clear credentials can be obtained at the post baccalaureate level only). The Clinical Rehabilitative Services Credential: Orientation and Mobility for the Blind and Visually Impaired is offered. Credentials also offered in Pupil Personnel Services with Advanced Specializations in School Counseling and Child Welfare and Attendance Services, including internship; School Psychology and Child Welfare and Attendance Services; and School Psychology, including internship.

Degrees Offered:
M.A. degree in Special Education with Options in: Autism Spectrum Disorders, Early Childhood Special Education, Mild/Moderate Disabilities, Moderate/Severe Disabilities, Multicultural/Multilingual Special Education, Physical and Health Impairments, Visual Impairment and Blindness: Orientation and Mobility, and Visual Impairment and Blindness: Teacher Education. Ph.D. in Special Education (offered jointly with UCLA). Degrees also offered for the B.S. in Rehabilitation Services and the M.S. in Counseling with Options in Applied Behavior Analysis; School-based Family Counseling/Marriage and Family Therapy; Rehabilitation Counseling; School Psychology. A Minor in Rehabilitation Services is also offered.

Certificates Offered:
The Faculty

Professors: Randy V. Campbell, Diane Fazzi, Margaret Garcia, Cheryl Kamei Hannan, Christina H. Kimm, Holly Menzies, David Peterson, Jennifer Symon, Michele Wallace, Lois Weinberg.

Associate Professors: Michael J. Carter, Margaret D. Clark, Mitch Fryling, Heidi Paul, Leila Ricci, Frances Siu

Assistant Professors: Ya-Chih (Jilly) Chang, Emily Hernandez, Hung Jen Kuo, Anna Osipova, Roxanna Pebdani, Debbie Ribera, Elina Saeki.

The Counseling and Assessment Clinic

The Counseling and Assessment Clinic is operated by the Division of Special Education and Counseling, and is located in King Hall C1067. It is an instructional laboratory that provides both training for counselors and counseling services to the community. Students working toward a master’s degree or credential in counseling serve as student clinicians under direct faculty supervision.

C. Lamar Mayer Learning Center

The C. Lamar Mayer Learning Center is operated by the Division of Special Education and Counseling as a Saturday enrichment center for children and youth with and without disabilities from the community. The Learning Center serves as a field experience laboratory for the special education credential candidates working toward their preliminary credentials and counselor candidates from the School-based Family Counseling program under faculty supervision.

The Diagnostic Resource Center

The Diagnostic Resource Center (DRC) is located in King Hall C1063. It provides a lending service for psychological and educational assessment materials to qualified students for class and internship related activities.

Continued Professional Development

Competence in the helping professions requires continuous efforts at self-improvement and development of skills. To assist practicing counselors, school psychologists, and other educators in improving their professional skills, the Counselor Education faculty has developed the following programs of continued professional development leading toward certificates.

The programs provide an opportunity for educational practitioners to meet with their colleagues to keep abreast of innovative professional developments and to experience stimuli for continued personal and professional growth.

Programs

Degree - Undergraduate

- Rehabilitation Services, B.S.

Degree - Graduate

- Counseling, M.S.
- Special Education, M.A.

Degree - Doctoral

- Doctor of Philosophy in Special Education, Ph.D.

Minor - Undergraduate

- Minor in Rehabilitation Services

Non Degree - Undergraduate

- Undergraduate Certificate in Veteran Services

Non Degree - Post-Baccalaureate

- Post-Baccalaureate Certificate for Transition Specialist
- Post-Baccalaureate Certificate in Autism Spectrum Disorders
- Post-Baccalaureate Certificate in Clinical Counseling
- Post-Baccalaureate Certificate in Educational Therapy
- Post-Baccalaureate Certificate in Higher Education and Career Counseling
- Post-Baccalaureate Certificate in Special Education Paraprofessional
- Post-Baccalaureate Certificate in Teaching Learners with Special Needs in General Education Classrooms

Non Degree - Post-Master

- Post-Master’s Certificate in Applied Behavior Analysis

Teaching Credential

- Education Specialist Credential Programs
- Pupil Personnel Services Credential

Courses

Counseling (Undergraduate)

Certificates Offered:
The Faculty

Professors: Randy V. Campbell, Diane Fazzi, Margaret Garcia, Cheryl Kamei Hannan, Christina H. Kimm, Holly Menzies, David Peterson, Jennifer Symon, Michele Wallace, Lois Weinberg.
Associate Professors: Michael J. Carter, Margaret D. Clark, Mitch Fryling, Heidi Paul, Leila Ricci, Frances Siu
Assistant Professors: Ya-Chih (Jilly) Chang, Emily Hernandez, Hung Jen Kuo, Anna Osipova, Roxanna P eb dani, Debbie Ribera, Elina Saeki. 

The Counseling and Assessment Clinic

The Counseling and Assessment Clinic is operated by the Division of Special Education and Counseling, and is located in King Hall C1067. It is an instructional laboratory that provides both training for counselors and counseling services to the community. Students working toward a master’s degree or credential in counseling serve as student clinicians under direct faculty supervision.

C. Lamar Mayer Learning Center

The C. Lamar Mayer Learning Center is operated by the Division of Special Education and Counseling as a Saturday enrichment center for children and youth with and without disabilities from the community. The Learning Center serves as a field experience laboratory for the special education credential candidates working toward their preliminary credentials and counselor candidates from the School-based Family Counseling program under faculty supervision.

The Diagnostic Resource Center

The Diagnostic Resource Center (DRC) is located in King Hall C1063. It provides a lending service for psychological and educational assessment materials to qualified students for class and internship related activities.

Continued Professional Development

Competence in the helping professions requires continuous efforts at self-improvement and development of skills. To assist practicing counselors, school psychologists, and other educators in improving their professional skills, the Counselor Education faculty has developed the following programs of continued professional development leading toward certificates.

The programs provide an opportunity for educational practitioners to meet with their colleagues to keep abreast of innovative professional developments and to experience stimuli for continued personal and professional growth.

Programs

Degree - Undergraduate

- Rehabilitation Services, B.S.

Degree - Graduate

- Counseling, M.S.
- Special Education, M.A.

Degree - Doctoral

- Doctor of Philosophy in Special Education, Ph.D.

Minor - Undergraduate

- Minor in Rehabilitation Services

Non Degree - Undergraduate

- Undergraduate Certificate in Veteran Services

Non Degree - Post-Baccalaureate

- Post-Baccalaureate Certificate for Transition Specialist
- Post-Baccalaureate Certificate in Autism Spectrum Disorders
- Post-Baccalaureate Certificate in Clinical Counseling
- Post-Baccalaureate Certificate in Educational Therapy
- Post-Baccalaureate Certificate in Higher Education and Career Counseling
- Post-Baccalaureate Certificate in Special Education Paraprofessional
Post-Baccalaureate Certificate in Teaching Learners with Special Needs in General Education Classrooms

Non Degree - Post-Master

Post-Master's Certificate in Applied Behavior Analysis

Teaching Credential

- Education Specialist Credential Programs
- Pupil Personnel Services Credential

Courses

Special Education (Undergraduate)

- EDSP 3300 - Blindness and Disability Portrayals in Television and Cinema: Bias and Impact
- EDSP 4000 - Foundations of Special Education
- EDSP 4001 - Observations in Urban Classrooms
- EDSP 4010 - Cognitive, Linguistic and Literacy Processes in Individuals with Special Needs
- EDSP 4020 - Assessment and Educational Planning for Students with Disabilities
- EDSP 4030 - Behavior Supports, Social Skills, and Classroom Management
- EDSP 4040 - Collaboration, Co-Teaching, and Consultation for Effective Education and Transition Planning
- EDSP 4050 - Instruction to Support Students with Disabilities in Core English/Language Arts Curriculum
- EDSP 4060 - Clinical Practicum in Inclusive Teaching; Mild/Moderate Disabilities
- EDSP 4061 - Early Fieldwork in Inclusive Teaching; Mild/Moderate Disabilities
- EDSP 4062 - Early Fieldwork in Inclusive Teaching; Moderate/Severe Disabilities
- EDSP 4063 - Early Fieldwork in Teaching; Physical and Health Impairments
- EDSP 4064 - Early Fieldwork in Teaching; Visual Impairments
- EDSP 4065 - Student Teaching with Master Teacher in Early Intervention (Birth-3)
- EDSP 4066 - Student Teaching with a Master Teacher: Orientation and Mobility
- EDSP 4071 - Final Directed Student Teaching with a Master Teacher: Mild/Moderate Disabilities
- EDSP 4072 - Final Directed Student Teaching with a Master Teacher: Moderate/Severe Disabilities
- EDSP 4073 - Final Directed Student Teaching with a Master Teacher: Physical and Health Impairments
- EDSP 4074 - Final Directed Student Teaching with a Master Teacher: Visual Impairments
- EDSP 4075 - Student Teaching with a Master Teacher in Preschool Special Education
- EDSP 4081 - Early Fieldwork in Approved Teaching Assignment: Mild/Moderate Disabilities
- EDSP 4082 - Early Fieldwork in Approved Teaching Assignment; Moderate/Severe Disabilities
- EDSP 4083 - Early Fieldwork in Approved Teaching Assignment; Physical and Health Impairments
- EDSP 4084 - Early Fieldwork in Approved Teaching Assignment; Visual Impairments
- EDSP 4085 - Directed Teaching in Approved Teaching Assignment; Early Intervention (Birth-3)
- EDSP 4090 - Problems in Special Education
- EDSP 4091 - Final Directed Teaching in Approved Candidate Teaching Assignment; Mild/Moderate Disabilities
- EDSP 4092 - Final Directed Teaching in Approved Candidate Teaching Assignment; Moderate/Severe Disabilities
- EDSP 4093 - Final Directed Teaching in Approved Candidate Teaching Assignment; Physical and Health Impairments
- EDSP 4094 - Final Directed Teaching in Approved Candidate Teaching Assignment; Visual Impairments
- EDSP 4095 - Directed Teaching in Approved Candidate Teaching Assignment; Preschool Special Education
- EDSP 4141 - Early Childhood Special Education Intervention Lab
- EDSP 4160 - Working with Families of Young Children with Special Needs
- EDSP 4250 - Instructional Planning and Delivery for Students with Mild/Moderate Disabilities
- EDSP 4253 - Instruction, Assessment, and Curricular Supports in Mathematics, Science and Social Studies for Students with Mild/Moderate Disabilities
- EDSP 4257 - Tier 2 and Tier 3 Study of Literacy Problems and Specialized Interventions for Students with Mild/Moderate Disabilities
- EDSP 4310 - Curriculum and Instructional Methods for Students with Moderate/Severe Disabilities
- EDSP 4455 - Fieldwork in Residency; Mild/Moderate Disabilities
- EDSP 4600 - Implications of Physical and Health Impairments
- EDSP 4620 - Understanding Physical, Health, and Multiple Disabilities
- EDSP 4630 - Augmentative and Alternative Communication in Special Education
- EDSP 4640 - Assessment and Curricular Adaptations for Students with Physical, Health, and Multiple Disabilities
- EDSP 4650 - Medical Aspects of Visual Impairments
- EDSP 4650L - Functional Low Vision Assessment
- EDSP 4660 - Literary Braille Code for Individuals with Visual Impairments
- EDSP 4690 - Psychological, Sociological, and Vocational Implications of Visual Impairment and Blindness
- EDSP 4706 - Observation in Orientation and Mobility
- EDSP 4750 - Basic Travel in Orientation and Mobility for People who are Blind
EDSP 4751 - Advanced Travel and Assistive Technology in Orientation and Mobility for Individuals who are Blind
EDSP 4760 - Instructional Strategies, Individualized Programming and Diversity in Orientation and Mobility
EDSP 4900 - Foundations of Special Education for Secondary Teachers in Urban Schools
EDSP 4901 - Understanding Learners with Special Needs in Urban Secondary Classrooms
EDSP 4902 - Supporting Learners with Special Needs in Urban Secondary Classrooms
EDSP 4950 - Intern Supervision Seminar
EDSP 4990 - Undergraduate Directed Study
EDSP 5660L - Learning Media Assessment

Special Education (Graduate)

All 4000-level courses may be applied toward master’s degree requirements except EDSP 4030, subject to limits established by the division and approval of the graduate adviser. Classified graduate standing is required for enrollment in 5000-level courses; exemption applies to students who are enrolled in a postbaccalaureate credential program.

EDSP 5000 - Disability in Schools and Society
EDSP 5020 - Educational Measurements in Special Education
EDSP 5036 - Fieldwork in Special Education: Orientation & Mobility Internship
EDSP 5040 - Selected Studies in Special Education
EDSP 5041 - Fieldwork in Mild/Moderate Disabilities
EDSP 5042 - Fieldwork in Moderate/Severe Disabilities
EDSP 5043 - Fieldwork in Physical and Health Impairments
EDSP 5045 - Field Work in Early Childhood Special Education
EDSP 5047 - Fieldwork in Special Education, Autism Spectrum Disorders
EDSP 5048 - Fieldwork in Special Education: Transition
EDSP 5049 - Internship Seminar and Fieldwork in Educational Therapy
EDSP 5050 - Fieldwork in Residency: Mild/Moderate Disabilities
EDSP 5080 - Technology Applications in Special Education
EDSP 5090 - Advanced Methods and Models for Teaching Special Populations in General Education
EDSP 5095 - Seminar: Assessment of Induction Plan
EDSP 5096 - Development of Induction Plan (also listed as EDCI 5096)
EDSP 5097 - Assessment of Induction (also listed as EDCI 5097)
EDSP 5140 - Assessment and Evaluation in Early Childhood Special Education
EDSP 5150 - Interventions for Infants and Young Children with Special Needs
EDSP 5160 - Medical and Behavioral Characteristics of Young Infants with Special Needs
EDSP 5170 - Advanced Issues in Early Childhood Special Education
EDSP 5180 - Evidence-Based Practices in Literacy and Curriculum for Young Children with Disabilities
EDSP 5203 - Assessment in Educational Therapy
EDSP 5254 - Educating Individuals with Emotional/Behavioral Disorders
EDSP 5255 - Advanced Methods in Mild/Moderate Disabilities
EDSP 5256 - Research in Mild/Moderate Disabilities
EDSP 5277 - Advanced Study of Local Problems and Specialized Interventions for Students with Mild/Moderate Disabilities
EDSP 5258 - Principles and Practices of Educational Therapy
EDSP 5310 - Building Social Competencies of Students with Moderate/Severe Disabilities
EDSP 5370 - Teacher Created Assessments for Students with Moderate/Severe Disabilities
EDSP 5380 - Seminar in Moderate to Severe Disabilities
EDSP 5500 - Seminar: Education of Individuals with Physical Disabilities
EDSP 5610 - Essential and Functional Skills for Students with Physical, Health, and Multiple Disabilities
EDSP 5620 - Physical, Health, and Multiple Disabilities
EDSP 5640 - Academic Skills for Individuals with Visual Impairment and Blindness
EDSP 5650 - Advanced Seminar in Low Vision
EDSP 5660 - Advanced Braille Codes for Individuals with Visual Impairments
EDSP 5661 - Braille Competency Examination
EDSP 5670 - Low Incidence Early Childhood Special Education
EDSP 5671 - Specialized Instructional Strategies for Struggling Readers and English Language Learners Who are Visually Impaired
EDSP 5672 - Advanced Issues in Education of Students with Visual Impairment and Blindness
EDSP 5680 - Functional Skills from the Expanded Core Curriculum for Students who are Blind or Visually Impaired
EDSP 5690 - Specialized Technology for Individuals with Visual Impairments
EDSP 5750 - Seminar in Orientation and Mobility for Individuals who are Blind
EDSP 5760 - Seminar in Visual Impairment and Additional Disabilities

Program Advisement:
The Charter College of Education’s Division of Special Education and Counseling offers program advisement for the Preliminary, Intern, and Clear credential programs in special education approved by the California Commission on Teacher Credentialing, added authorizations, certificates, and master’s degrees in Special Education as well as the Ph.D. program in Special Education offered jointly with the University of California at Los Angeles (UCLA). The division also offers program advisement for the undergraduate B.S. degree in Rehabilitation Services, the Master’s degree in Counseling, and for Counseling credential programs in Pupil Personnel Services and Child Welfare and Attendance, approved by the California Commission on Teacher Credentialing. These programs are described in this section. Other general information about credentials and degree programs can be found in the Undergraduate Study and Graduate and Post Baccalaureate Study sections of this catalog.

Courses offered in:
- Counseling (COUN)
- Special Education (EDSP)

Credentials Offered:
Educational Specialist in Special Education in the areas of Early Childhood Special Education, Mild/Moderate Disabilities, Moderate/Severe Disabilities, Physical and Health Impairments, Visual Impairment and Blindness, with authorizations in English Language (EL) and Autism are offered (Preliminary credential preparation may begin in an undergraduate blended program or at the post baccalaureate level; Preliminary and Clear credentials can be obtained at the post baccalaureate level only). The Clinical Rehabilitative Services Credential: Orientation and Mobility for the Blind and Visually Impaired is offered. Credentials also offered in Pupil Personnel Services with Advanced Specializations in School Counseling and Child Welfare and Attendance Services, including internship; School Psychology and Child Welfare and Attendance Services; and School Psychology, including internship.

Degrees Offered:
M.A. degree in Special Education with Options in: Autism Spectrum Disorders, Early Childhood Special Education, Mild/Moderate Disabilities, Moderate/Severe Disabilities, Multicultural/Multilingual Special Education, Physical and Health Impairments, Visual Impairment and Blindness: Orientation and Mobility, and Visual Impairment and Blindness: Teacher Education. Ph.D. in Special Education (offered jointly with UCLA). Degrees also offered for the B.S. in Rehabilitation Services and the M.S. in Counseling with Options in Applied Behavior Analysis; School-based Family Counseling/Marriage and Family Therapy; Rehabilitation Counseling; School Psychology. A Minor in Rehabilitation Services is also offered.

Certificates Offered:
The Faculty

Professors: Randy V. Campbell, Diane Fazzi, Margaret Garcia, Cheryl Kamei Hannan, Christina H. Kimm, Holly Menzies, David Peterson, Jennifer Symon, Michele Wallace, Lois Weinberg.

Associate Professors: Michael J. Carter, Margaret D. Clark, Mitch Fryling, Heidi Paul, Leila Ricci, Frances Siu

Assistant Professors: Ya-Chih (Jilly) Chang, Emily Hernandez, Hung Jen Kuo, Anna Osipova, Roxanna Pebdani, Debbie Ribera, Elina Saeki.

The Counseling and Assessment Clinic

The Counseling and Assessment Clinic is operated by the Division of Special Education and Counseling, and is located in King Hall C1067. It is an instructional laboratory that provides both training for counselors and counseling services to the community. Students working toward a master’s degree or credential in counseling serve as student clinicians under direct faculty supervision.

C. Lamar Mayer Learning Center

The C. Lamar Mayer Learning Center is operated by the Division of Special Education and Counseling as a Saturday enrichment center for children and youth with and without disabilities from the community. The Learning Center serves as a field experience laboratory for the special education credential candidates working toward their preliminary credentials and counselor candidates from the School-based Family Counseling program under faculty supervision.

The Diagnostic Resource Center

The Diagnostic Resource Center (DRC) is located in King Hall C1063. It provides a lending service for psychological and educational assessment materials to qualified students for class and internship related activities.

Continued Professional Development

Competence in the helping professions requires continuous efforts at self-improvement and development of skills. To assist practicing counselors, school psychologists, and other educators in improving their professional skills, the Counselor Education faculty has developed the following programs of continued professional development leading toward certificates.

The programs provide an opportunity for educational practitioners to meet with their colleagues to keep abreast of innovative professional developments and to experience stimuli for continued personal and professional growth.

Programs

Degree - Undergraduate

Education Specialist Credential Programs

Pupil Personnel Services Credential

Courses

Special Education (Graduate)

All 4000-level courses may be applied toward master's degree requirements except EDSP 4030, subject to limits established by the division and approval of the graduate adviser. Classified graduate standing is required for enrollment in 5000-level courses; exemption applies to students who are enrolled in a postbaccalaureate credential program.

- EDSP 5760 - Seminar in Visual Impairment and Additional Disabilities
- EDSP 5800 - Research Methods in Special Education
- EDSP 5801 - Problems and Practices in Special Education
- EDSP 5811 - Seminar: Issues and Strategies for Multicultural Special Education Students
- EDSP 5881 - Transition Planning for Secondary Students with Disabilities
- EDSP 5886 - Educating Students with Autism Spectrum Disorders
- EDSP 5887 - Advanced Strategies Supporting Individuals with Autism Spectrum Disorders
- EDSP 5960 - Comprehensive Examination
- EDSP 5970 - Graduate Research
- EDSP 5980 - Graduate Directed Study
- EDSP 5990A - Thesis Planning
- EDSP 5990B - Thesis
- EDSP 5995A - Project Planning
- EDSP 5995B - Project

Special Education (Doctoral)

- EDSP 6000 - Seminar: Understanding and Using Research to Answer Questions about Diverse Urban Schools
- EDSP 6040 - Disability, Race, Language, and Gender: Educational Equity, School Policy, and the Law
- EDSP 6050 - Disability in Society
- EDSP 6100 - Research, Issues, and Practices in College and University Teaching
- EDSP 6110 - Seminar/Practicum: Teacher Preparation
- EDSP 6400 - Research on Exceptional Students from Diverse Cultural and Linguistic Backgrounds
- EDSP 6600 - Seminar: Research on Learning Disabilities and Behavior Disorders
- EDSP 6800 - Doctoral Seminar: Moderate to Severe and Low-Incidence Disabilities Ages Birth-21
- EDSP 6980 - Doctoral Directed Study in Special Education
- EDSP 6990 - Doctoral Dissertation

Overview
Graduates of the College of Engineering, Computer Science, and Technology contribute in many ways to the technological progress, personal welfare, and business success of the world. Graduates working in these fields are responsible for many of the advances in our modern civilization. Through their specialties, engineers, computer scientists, and technologists design, plan, and supervise the construction of buildings, highways, rapid transit systems, airports, and water systems, and develop information technology hardware and software, electrical equipment, communications, controls, and power distribution systems. Our graduates manage fire protection agencies, airports, airlines, and aviation services, and work as teachers.

The motto for ECST is Commit to Excellence, Engage in Community. ECST students have many opportunities to engage with their peers in competition teams and service activities, as well as research opportunities in faculty laboratories. Students have access to hands-on learning in our ECST Makerspace, opportunities to develop leadership experience and learn professional skills in our student organizations, and guidance in finding internships and post-graduation employment.

Please see our website for an up-to-date look at what's happening at ECST!

- ENGR 5995 - Project
Overview

Civil Engineering is the broadest of the engineering disciplines, extending across many technical specialties, specialties that are not independent but interact with each other. Civil engineers plan, design, and supervise the construction of facilities that vary widely in nature, size and scope: space satellites and launching facilities, offshore structures, bridges, buildings, tunnels, highways, transit systems, dams, airports, irrigation projects, treatment and distribution facilities for water and collection and treatment facilities for wastewater.

The department offers B.S. and M.S. degrees in Civil Engineering. The B.S. degree is accredited by the Accreditation Board for Engineering and Technology (ABET).

The Faculty

Professors: Hassan Hashemian, Gustavo B. Menezes, Rupa P. Purasinghe, Mark R. Tufenkjian (Chair).

Associate Professor: Sonya Lopez, Tona Rodriguez-Nikl.

Assistant Professors: Michael Ibrahim, Arezoo Khodayari, Wing Shun Kwan, Mehran Mazari, Maryam Nazari.

Overview
The Department of Computer Science offers a pre-eminent computer science program that prepares students from diverse backgrounds for productive careers by providing them with a student-centered, practically-focused quality learning experience.

Mission Statement
To graduate well educated computer scientists who are prepared to meet the challenges of a rapidly changing, increasingly complex world. This will be accomplished through:

- A well-qualified faculty who care about students and their success.
- A dynamic, up-to-date curriculum that has an optimal balance between theory and practice.
- Laboratories, computer facilities, and instructional classrooms on par with any computer science program in the nation.
- Unique co-curricular opportunities for students such as participation in student design competitions, professional student organizations, and pre-professional employment.
- Opportunities for undergraduate and graduate students to participate in research and industry-funded design clinic projects.
- Mutually beneficial partnerships with area industry that take advantage of our location in one of the most concentrated high-tech centers in the nation.
- Strong cooperative relationships with local high schools, community colleges, and with other four-year institutions.

Accreditation
The Bachelor of Science in Computer Science is accredited by the Computing Accreditation Commission of ABET, http://www.abet.org

Overview
The Electrical and Computer Engineering (ECE) Department offers excellence, innovation, integrity, and distinctiveness in bachelor’s and master’s level education taught from a contemporary and global perspective. The Department is poised to provide a solid foundation in this vital field of Engineering by offering a well-rounded, up-to-date curriculum that provides an optimal balance between theory and practice and prepares students for the challenges of being the innovators and leaders of the field. Electrical or computer engineers are involved in all aspects of development and implementation of electrical devices and systems, from conceptual design, simulation, implementation, testing, to manufacturing. They are generally involved in one or more major areas such as electronics, computers, communications, controls, biomedical, systems engineering or power. Each of these major areas includes several subdivisions such as machine learning, cognitive radios, embedded systems, Internet of Things (IoT), robotics and automation, smart grid, renewable energy systems, neuro-engineering, Technology, and bio-inspired computing. Besides employment in research, development, and design, many electrical engineering graduates are involved in manufacturing, management, sales, testing and teaching. Careers are readily available in industry, government, research, and education. Electrical Engineering is one of the largest major fields within engineering. Electrical engineers are involved in all aspects of development and implementation of electrical devices and systems, from conceptual design to manufacturing. They are generally involved in one or more major areas such as electronics, computers, communications, controls, biomedical, systems Engineering or power. Each of these major areas includes a number of subdivisions such as cognitive radios, high performance computing, renewable energy systems, and integrated circuits. Besides employment in research, development, and design, many electrical engineering graduates are involved in manufacturing, management, sales, testing and teaching. Careers are readily available in industry, government, research, and education.

Overview

Mechanical engineering, one of the most general branches of engineering, requires broad knowledge in many fields: mechanics, thermal science, design, machinery, instrumentation, and more. The breadth and flexibility of a mechanical engineer’s education provide a wide choice of careers in such fields as energy and sustainability, aerospace, automotive, manufacturing, robotics, and biomechanical engineering.

Mission Statement

To provide our students with innovative learning experiences and service opportunities and to graduate well educated professionals who are prepared to meet the challenges of a rapidly changing world.

Programs

Department of Technology

Overview

The Department of Technology offers four undergraduate programs in areas designed to prepare students for management-oriented careers in aviation, fire safety and prevention, graphic communications, industrial technology and one undergraduate program to prepare technology education teachers. Graduates of these programs are employed in a wide range of careers including supervisors, managers, management representatives, trainers, technical support specialists, analysts, planners, and teachers. The department also offers several upper division certificate programs to provide further technical depth.

The Faculty

Professors: David Blekhman, Mauricio Castillo, Paul Liu, Stephanie Nelson, Rupa Purasinghe (Interim Chair).
Associate Professors: Rachel B. Friedman, Jai Hong.
Assistant Professor: Xiaolei (Lily) Chen, Yilin Feng, Michael Thomas

Programs

Degree - Undergraduate

- Aviation Administration, B.S.
- Fire Protection Administration and Technology, B.S.
- Graphic Communications, B.S.
- Industrial Technology, B.S.

Degree - Graduate

Associate Dean: Trinh K. Pham (Interim)

Overview

The College of Ethnic Studies (CoES) is composed of a community of faculty, staff, and students across three departments: Asian and Asian American Studies, Chicana(o) and Latina(o) Studies, and Pan African Studies. CoES offers a transformative educational experience grounded in the principles of academic excellence and the histories, cultures, struggles, and accomplishments of diasporic communities of color and Indigenous communities, making connections between the local and transnational.

The CoES offers undergraduate courses that meet a broad range of the University's General Education requirements in the areas of Oral Communication, American Institutions, Arts and Humanities, Social Sciences, and Lifelong Understanding and Self-Development at the lower-division level, and in the areas of Arts and Humanities as well as the Social Sciences at the upper-division level. Students may pursue majors and minors in the three CoES departments, and the Department of Chicana(o) and Latina(o) Studies additionally offers a multiple subject teaching option for students interested in an elementary school teaching career and a Master of Arts degree for students who wish to pursue a Ph.D., teach at the college or university level, or pursue a range of professions.

In addition to active participation in a carefully-designed curriculum through which students gain new perspectives and strengthen abilities to think critically, students have access to research and community engagement opportunities with CoES faculty, many of whom are actively involved in community engaged and public scholarship. The faculty draw from this scholarship to enrich student curricular experiences. As a result, students completing a CoES degree are well-prepared to pursue graduate degrees and careers in social and public policy, public administration, education, law, the arts, and a broad range of other professions.

Mission Statement

The College of Ethnic Studies at California State University, Los Angeles was established in 2019 and is the first such college to be established at a university in the U.S. since 1969. The college develops leaders who engage in rigorous, self-reflexive study that motivates critical engagement, self-determination and decolonial understandings of the world. The college provides an interdisciplinary intellectual space that inspires students to transform inequities based on race, ethnicity, nationality, gender, sexuality, ability, class, and the intersections among them, while advancing visions of social, political, and economic justice.

Overview
The Department of Chicana(o) & Latina(o) Studies (CLS) is an interdisciplinary field of study that takes a critical approach to understand social (in)justice, power relations, community, and global dynamics. Students are trained intensively to hone critical thinking, writing, analysis, and speaking skills—all of which our students utilize in their future careers and/or graduate school endeavors.

The program includes a Bachelor of Arts degree in Chicana(o) and Latina(o) Studies, a minor in Chicana(o) and Latina(o) Studies, and a Masters of Arts degree in Chicana(o) and Latina(o) Studies. The department also offers minors in Central American Studies and Mesoamerican Studies. The total number of units for the Bachelor of Arts Degree in Chicana(o) and Latina(o) Studies is 120 to 136 units. The Core Courses total 39 units.

The Bachelor of Arts degree is available in three options.

Option 1, the General Program, requires 12 units, is intended for students interested in interdisciplinary study of Chicana/o/x and Latina/o/x experiences.

Option 2, Elementary Subject Matter (ESM) Waiver, requires 68 units, is for students interested in pursuing a K-8 teaching credential after their bachelor’s and would allow them to waive the CSET: Multiple Subjects exam through an approved set of completed accredited academic coursework. A grade of C or higher is required in all courses used to meet the major requirements for this option.

Option 3, the Integrated Teacher Education Program (ESM, Degree and Credential Completion Option [Multiple Subject], requires 97 units, is intended for those students who want to earn their K-8 teaching credentials while earning their bachelor's. A grade of C or higher is required in all courses used to meet the major requirements for this option.

Department of Pan-African Studies

Overview
Pan-African Studies (PAS) encompasses the systematic investigation of the history, culture, social relationships, political economy, literature, arts, and languages of peoples of African descent and their contribution to world civilization. In order to give students a unique foundation for critical thinking and socio-cultural analysis, the curriculum combines in-depth and transnational approaches to the study of the Black experience. In particular, PAS places African American Studies in a larger comparative context. Students who elect the major will be equipped for graduate work in African American, African, ethnic, and cultural studies as well as in a range of traditional academic disciplines. Students interested in graduate work in a traditional academic discipline should consider a minor in that field. PAS degree holders have found careers in teaching, community development and leadership, international affairs, nongovernmental organizations, public relations, social work, urban research, community law, civil service, industrial relations, entertainment, and many other professions.

As a program of study, PAS places the black experience in the larger context of Africa and the African Diaspora - thus the name “Pan African” Studies. The goal of the curriculum is to allow for flexibility in required core and upper division elective courses. This approach maximizes student ability to determine areas of emphasis and, with faculty advisement, to select a creative set of courses that expose majors or minors to the historical context, fundamental concepts, and central issues in the field of Pan African Studies.

Overview
The College of Health and Human Services is committed to educating and preparing human services professionals to become innovative practitioners and leaders. The College promotes the integration of teaching, research, policy, and public service in an interdisciplinary context. Knowledge, skill, and caring provide the foundation for educating a diverse workforce of the future that effectively serves multicultural urban communities from a local and global perspective. The College strives to be student-centered, faculty and staff-focused, and community-minded.

The academic units within the College are:
- The Department of Child and Family Studies
- The Department of Communication Disorders
- The School of Criminal Justice and Criminalistics
- The Department of Public Health
- The School of Kinesiology, Nutrition and Food Science
- The School of Nursing
- The School of Social Work

Academic programs that are available in these departments and schools include audiology, child development, public health, urban community health, health policy, criminal justice, criminalistics, dietetics, exercise science, family studies, food science and technology, kinesiology, nursing (including advanced practice), nutritional science, physical education, social work, and speech-language pathology.

The College is also home to the Applied Gerontology Institute, which focuses on aging issues and reaches out to multietnic and multicultural populations within the Greater Los Angeles community, and The California Forensic Science Institute (CFSI) at California State University, Los Angeles is committed to advancing the forensic sciences through a multidisciplinary program that focuses on research development, professional...
training, student support, and community engagement. We are dedicated to upholding the highest professional, scientific, and academic standards in our service to the University, forensic science profession, and justice community. The College also has a Child Abuse and Family Violence Institute and offers a Youth Agency Administration program. In addition to the College-based certificate programs, academic programs within the College offer certificates in areas such as food safety, food science, law enforcement leadership, nurse practitioner specialties, parent educator and sports nutrition.

Undergraduate Programs

Certificate Programs

The three credit certificate programs listed below are interdisciplinary in nature and are open to interested students in all majors throughout the campus. These programs are administered by the College of Health and Human Services.

Certificate Programs

The Applied Gerontology credit certificate, offered by the College of Health and Human Services through the Applied Gerontology Institute, contains course work in social work and is available to both social work majors and others. The school also offers course work applicable toward the interdisciplinary credit certificate in Child Maltreatment and Family Violence offered by the College of Health and Human Services.

Programs

- Minor in Developmental Disabilities
- Undergraduate Certificate in Applied Gerontology
- Undergraduate Certificate in Child Maltreatment and Family Violence
HHS Courses

Associate Professor: Edward Lopez, Ashley Munger.
Assistant Professors: Celina Benavides, Brieanne Kohrt, Jessica Morales-Chicas, Su-Jeong Wee.
Emeriti: Rita Ledesma, Marlene Zepeda.

Overview

The Department of Child and Family Studies prepares individuals to understand the relationship between theory, research, and practice and to apply this knowledge to issues in child and family studies. Students are prepared to think critically about child and family developmental processes by identifying relevant issues, developing practical solutions, and applying and disseminating knowledge. The department prepares professionals in the discipline who seek to improve the quality of life for individuals, children, and families.

Child Development, the empirical study of the growth and development of the individual from birth through adolescence, provides a foundation of understanding and skill for students interested in professional careers related to working with children and families. It prepares students for advanced study of child and family development as well as for professional education courses leading to the Multiple Subject teaching credential and Special Education credentials.

Students with a background in child and family development are able to pursue professional opportunities in many fields including infant daycares, preschools, and after school programs; elementary school teaching; working with children in hospitals; developing social and educational programs outside of schools; working with parents and families; production of children’s books, films, and magazines; educational television; children’s toys and educational software and games; and child advocacy at local, state, and national levels.

Mission Statement

The Department seeks to improve the quality of life for individuals at all levels of development within diverse environments. Students are trained to think and write critically about human and family development through identifying and solving real-world problems, advocating for individuals and families, and disseminating knowledge.

Overview
The Department of Communication Disorders is committed to providing opportunities for students to have an exciting and rewarding future - a future in an enriching career as a respected professional helping others. Academic programs are designed to teach clinical skills and abilities for diagnosing and treating many different types of speech, language, hearing, and balance impairments.

The Department of Communication Disorders offers
- a baccalaureate degree (designated as a preprofessional major),
- a master’s degree in the area of Speech-Language Pathology, and
- the Doctor of Audiology (AuD) degree.

Completion of the master’s degree in Speech-Language Pathology meets the requirements for licensure from the Speech-Language Pathology & Audiology & Hearing Aid Dispensers Board, California Department of Consumer Affairs, and for the Certificate of Clinical Competence from the American Speech-Language-Hearing Association.

Completion of the Doctor of Audiology degree program meets the requirements for licensure from the Speech-Language Pathology & Audiology & Hearing Aid Dispensers Board, California Department of Consumer Affairs, and for board certification by the American Board of Audiology.

All classes and clinics in the AuD program meet at the Cal State LA Alhambra campus, 1000 S. Fremont Avenue, Building B-1 Suite B10200, Alhambra, CA.

The Robert L. Douglass Speech-Language Clinic is housed on the main university campus and the Cal State LA Hearing and Balance Clinic is housed on the Alhambra campus. Both clinics provide training facilities offering diagnostic and rehabilitative services.
Accreditation

The Master of Arts education program in speech-language pathology at California State University, Los Angeles is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology of the American Speech-Language Hearing Association, 2200 Research Boulevard, #310, Rockville, MD 20850, 800-498-2071 or 301-296-5700.

The Doctor of Audiology (AuD) degree program is recognized as a developing status program by the Accreditation Commission for Audiology Education (ACAE), 11480 Commerce Park Drive, Suite 220, Reston, VA 20191, 703-226-1056.

The department offers two courses which, along with the bachelor’s degree, can be used to apply to the state of California to receive the Speech-Language-Pathology Assistant (SLPA) License. These two courses are:

- COMD 4960 Speech-Language Pathology Assistant (SLPA) Pedagogy (3)
- COMD 4965 Speech-Language Pathology Assistant (SLPA) Practicum (3)

In addition to the programs listed below, the department offers coursework acceptable toward fulfillment of requirements for the interdisciplinary Undergraduate Certificate in Child Maltreatment and Family Violence offered by the Rongxiang Xu College of Health and Human Services.

Programs

Director
Katherine Tellis
ktellis@calstatela.edu
323-343-4623

Overview
Cal State LA’s School of Criminal Justice and Criminalistics is a leading program in the study of criminal justice and criminalistics in California. Our faculty are dedicated to bridging research, policy, and practice in the classroom and through their research.

Our faculty’s interests and backgrounds include a variety of disciplines, which inspires a diverse and comprehensive examination of the issues related to crime, forensic science, the criminal justice system, and social justice.

The School is located in the Hertzberg-Davis Forensic Science Center, a state-of-the-art facility shared with operating crime labs for the Los Angeles Police Department and the Los Angeles County Sheriff’s Department. The building offers classrooms equipped with the latest technology as well as modern laboratories which provide students the opportunity to fully engage in their educational experience.

We offer several degree programs, including:
- A Bachelor of Science Degree in Criminal Justice;
- A Minor in Criminal Justice;
- A Master of Science Degree in Criminalistics.

Students in our criminal justice programs learn and discuss the causes and correlates of crime, how the criminal justice system operates, critical issues related to criminal justice, and how to improve our responses to crime. Students in our criminalistics programs learn and discuss forensic science perspectives and apply scientific concepts uniquely related to the forensic sciences—such as crime-scene reconstruction, the legal integrity of scientific evidence, courtroom testimony, and individualization of physical evidence.

Both the undergraduate and graduate programs are highly competitive programs that require students to apply directly to the School as well as to the University. The number of undergraduate and graduate students accepted each year is limited and is based on applicants’ previous and current academic performance.

The Faculty
Professors: Denise Herz, Donald Johnson, Katherine Roberts, Bill Sanders.
Associate Professors: Lisa Graziano, Katharine Tellis (Interim Director).
Assistant Professors: Akhila Ananth, Carly Dierkhising, Jane Gauthier, Jay Vargas.

Graduate and Postbaccalaureate Programs
Two Master of Science degrees are offered by the School of Criminal Justice and Criminalistics: Master of Science in Criminal Justice and a Master of Science in Criminalistics. One Master of Science degree is offered by the School of Criminal Justice and Criminalistics: Master of Science in Criminalistics. The program leading to the Master of Science degree in Criminalistics offers a specialization in the application of science to the criminal justice process. The program leading to the Master of Science degree in Criminalistics offers a specialization in the application of science to the criminal justice process.

**Admission to the Program**

Students must complete a university application in order to be admitted into a graduate studies program. In addition to university requirements for admission to graduate study, applicants must satisfy specific school requirements before admission to either the criminalistics or criminal justice graduate degree programs. Application forms to the school are available on the school website and in the school office.

Please refer to the departmental website for current application dates. New criminalistics and criminal justice graduate students are accepted only in the fall semester of each academic year. Transcripts from all colleges and universities attended must be submitted with the school application in addition to the transcripts required by the Office of University Admission and Outreach. Students must also arrange to take the Graduate Record Exam (GRE) and to have their GRE scores sent directly to the school by the Educational Testing Service. An acceptable GRE score is required for consideration. Students must also submit two letters of recommendation and a personal statement. Applicants may be admitted to the M.S. degree program in Classified or Conditionally Classified Standing. Classified Standing is granted to accepted applicants who have a minimum grade point average of 3.0 in the last 90 quarter units (or last 60 semester units) and 3.0 in the undergraduate major. Conditionally Classified Students must achieve a 3.0 grade point average after completing four qualifying courses (that have been approved by the Graduate Advisor) by the end of their second semester of graduate study in order to be granted Classified Standing. See School website for a detailed description of requirements.

**Applicants must satisfy both university and school requirements** before admission to the criminalistics graduate degree program. Acceptance to the University does not guarantee acceptance to the School. The application must be completed and submitted online through Cal State Apply.

Applications must be received by March 15, 2021, for Fall Semester 2020 admission. Please note that new criminalistics graduate students are accepted only in the fall semester of each academic year.

**Grade Point Average:**

For admission to the Criminalistics Graduate Program, a minimum grade point average of 3.0 in the last 60 semester units (or last 90 quarter units) and 3.0 in the undergraduate major are required for consideration.

**Transcripts:**

Transcripts from all colleges and universities attended must be submitted with the application.

The School’s Graduate Admissions Committee will not consider applications to the Criminalistics Graduate Program until all of the above conditions are met.

**Programs**

**Degree - Undergraduate**

- Criminal Justice, B.S.

**Degree - Graduate**

- Criminalistics, M.S.

Director

Ray De Leon  
rdeleon@calstatela.edu  
323-343-4855

Overview

The School of Kinesiology, Nutrition and Food Science focuses on the study of human physical activity, dietary practices, and food manufacturing processes. The School's mission is to prepare professionals to practice at the baccalaureate and masters level, conduct research, pursue graduate study, and engage in public and professional service. The overall goals of the School are to promote adoption of lifestyles that involve health-related physical activity and healthy eating at various stages of the lifecycle, and to encourage production of healthy, safe, and attractive foods.

Degree Programs

The School of Kinesiology Nutrition and Food Science offers Bachelor of Science degree programs in Exercise Science, in Food Science and Technology, in Kinesiology and in Nutritional Science; Master of Science degree programs in Kinesiology and in Nutritional Science.

The School offers Master of Science degree in Kinesiology and a Master of Science degree in Nutritional Science.

Credentials, Certificates and other Non-Degree programs

The Bachelor of Science degree program in Kinesiology Option III - Subject Matter Preparation for Single Subject Teaching Credential is approved by the Commission on Teacher Credentialing as the subject matter program that qualifies students for the Single Subject credential in Physical Education. Students should consult with credential advisers in the School of Kinesiology Nutrition and Food Science and the Charter College of Education.

The Adapted Physical Education Added Authorization APEAA is an advanced credential by the State of California for holders of the single-subject teaching credential in Physical Education, or a Multiple Subject Credential or an Education Specialist Credential, each with a physical education background.

The Didactic Program in Dietetics (DPD) enables students to complete the academic requirements needed to qualify for a dietetic internship or supervised practice needed to qualify to take the examination to become a Registered Dietitian (R.D.). The DPD is completed as part of the baccalaureate degree program in Nutritional Science. The BS DPD at Cal State Los Angeles is currently granted accreditation status by the Accreditation Council for Education in Nutrition and Dietetics Education (ACEND) of the Academy of Nutrition and Dietetics, 120 South Riverside Plaza, Suite 2190, Chicago, IL. 60606-6995, (312) 899-0040, ext. 5400.

The Post-Baccalaureate Program in Nutritional Science provides students with the knowledge and skills required by ACEND to become an entry level registered dietitian nutritionist (RD or RDN). Upon successful completion of this program students will be provided a verification statement which will allow for application to a supervised practice program (dietetic internship).
The School also offers a wide variety of physical activity and exercise courses for university students, staff, faculty. Programs for members of the community are also available at the Mobility Center. The Mobility Center is a service-learning based therapeutic exercise program located off campus at 1000 S. Fremont Avenue Building B-1, Lower Level, Suite B10200 Alhambra CA 91803.

Overview
The faculty in the Patricia A. Chin School of Nursing believes that nursing is a health care profession, which systematically assists patients/clients to achieve health or health-related goals. The focus of nursing is on a health promotion system of care and nurses provide health care for individuals, families and communities. Further, the faculty believes that students, endowed with the capacity for self-direction, are responsible for their own learning and self-development.

The nursing curriculum prepares nurses for professional careers in the maintenance and promotion of health and in supportive, preventive, therapeutic, and restorative nursing care for individuals, families, and communities in institutional and community-based settings. Students who complete the undergraduate program will have acquired knowledge and skills specific to generalized professional nursing practice and will be qualified to assume leadership roles. Students who complete the graduate program will be prepared to function in advanced nursing practice roles as nurse practitioners or in nursing administration or education roles.

Mission Statement
The Patricia A. Chin School of Nursing transforms lives and fosters healthy, thriving communities across greater Los Angeles, Southern California, and the nation by cultivating and amplifying our students’ unique talents, diverse life experiences, and intellect. Through engaged teaching, learning, scholarship, research and public service the faculty, advisors and staff support students’ overall success, well-being, and the greater good for the populations we serve.
Accreditation
All degree and certificate programs offered by the Patricia A. Chin School of Nursing are approved by the California Board of Registered Nursing (BSN) and fully accredited by the Commission on Collegiate Nursing Education (CCNE).

Department of Public Health

Overview
Lifetime wellness or health is dependent upon a variety of factors, many of which are related to environment and lifestyle. The primary mission of the Department of Public Health is to educate individuals to become entry-level health professionals at the baccalaureate level. In such roles, graduates can promote positive activities both personal and environmental that impact the health of individuals and communities.

The Department of Public Health offers a Bachelor of Science degree in Public Health and a minor in Public Health. Students in these programs are prepared to provide direct services, advocacy, management, and counseling in health education, public health, environmental health, and community organizations.

Mission Statements

The BASW Mission of the School of Social Work:
The BASW Program in the School of Social Work at California State University, Los Angeles prepares students for beginning strengths-based generalist practice in socially, culturally and economically diverse urban communities. Our BASW graduates are educated to promote social and economic justice and facilitate change and growth at all levels of professional practice.

The MSW Mission of the School of Social Work:
The MSW Program at California State University, Los Angeles educates students to assume leadership roles in professional practice. Our advanced urban generalist graduates analyze, intervene, evaluate and advocate with diverse, underserved and oppressed clients and communities.

Accreditation
Both of our MSW and BASW programs are accredited by the Council on Social Work Education.

Certificate Programs
The Applied Gerontology credit certificate, offered by the College of Health and Human Services through the Applied Gerontology Institute, contains course work in social work and is available to both social work majors and others. Director
Anne Larson
alarson2@calstatela.edu
323-343-5243

Overview
Ability to interact and communicate effectively across cultures is extremely important in Southern California, especially in the Los Angeles metropolitan area. There is already an enormous mix of people from many different cultures in this region, and this diversity is continuing to increase. Interaction with people from different cultural backgrounds is inevitable in work, community, and family settings. The Intercultural Proficiency Certificate Program at Cal State L.A. is designed to increase students' abilities to communicate and interact effectively within our multicultural living and working environment. The certificate program requires 24 units to complete.

Complete details regarding the program may be found in the individual program description.

The Faculty
Program Director: Anne Larson.

The faculty for the program is interdisciplinary in nature, representing the various departments whose courses comprise the certificate program offered. The program is coordinated by the program Director.

Overview
Youth Agency Administration at Cal State L.A. provides a unique opportunity for students interested in nonprofit administration careers to receive a specific, practical, educational emphasis. In addition to the course work and internship required for completion of the Youth Agency Administration certificate program (listed below), the program affords participants many other services and opportunities. Among these are the Student Association, conferences and seminars, personal counseling, career placement, an annual retreat, and independent study. The credit certificate program, which prepares individuals for careers in nonprofit management, requires a minimum of 36 units, selected in consultation with the Youth Agency Administration director. The program includes course work in four major areas and an internship designed specifically for the program.

Overview

The College of Natural and Social Sciences (NSS) includes more than over 200 outstanding and dedicated faculty who have won numerous Statewide Outstanding Professor Awards. Composed of fourteen different departments offering a variety of undergraduate and graduate degrees, the College curriculum embraces a range of subjects from A to Z (anthropology to zoology).

At the undergraduate level, the College is strongly committed to liberal arts and sciences with courses offered in all six blocks of the present General Education program. All of the courses in Natural Science, and Quantitative Reasoning sections are taught by faculty in NSS. In addition, the College offers courses in the Humanities, Social Science, Lifelong Learning and Critical Thinking blocks of the GE program.

Students taking classes in NSS can choose majors leading to a liberal arts degree as well as degrees aimed at preparing for professions in law, medicine, teaching, and science. The Departments of Biological Sciences, Chemistry and Biochemistry, and Psychology work together in the highly successful Minority Biomedical Research Support Program (MBRS). The Departments of Biological Sciences, Chemistry and Biochemistry, Geography and Urban Analysis, and Geological Sciences work together in the federally funded CREST program that supports students pursuing careers in environmental sciences. The latter program represents a prime example of fruitful collaboration encouraged by the unique presence of both natural and social science disciplines in one college.

The Department of Political Science offers a Pre-legal Option in its major and a Prelaw minor for students interested in a legal career. The Biology, Chemistry, Geology, History, Math, Physics, and Natural Science programs offer students a program for a single subject credential.

The College of Natural and Social Sciences houses several programs designed to facilitate collaboration between Cal State L.A. and other institutions. Bridges to the Future is a partnership with the Pasadena, Los Angeles and East Los Angeles community colleges to increase the transfer of minority students in the biomedical sciences disciplines at Cal State L.A. Bridges to the Ph.D. is a collaborative effort by Cal State L.A., UCLA, USC, and UCI aimed at increasing the number of minority students in Ph.D. programs in the fields of biomedical sciences and the CSU, Los Angeles Louis Stokes Alliance for Minority Participation is a partnership with East Los Angeles College and Pasadena City College to increase graduation rates of underrepresented students in science, engineering and mathematics disciplines, to prepare for graduate school. Several projects sponsored by the Environmental Biology Faculty Group, including the Cal State L.A. Marine Biology Research Project, facilitate collaboration with scientists from the National Marine Fisheries Service to provide internships and learning projects for Cal State L.A. students interested in the study of biological, oceanographic and global change.

NSS also has a variety of programs and projects that facilitate collaboration between faculty in the biological, health and environmental sciences. In addition to the MBRS and CREST programs mentioned above, these include the Environmental Sciences Office, Center for Spatial Analysis and Remote Sensing (CSARS), the Minority Access to Research Careers (MARC), and Research Experiences for Undergraduates in Chemistry and Biochemistry.
Mission Statement

The College of Natural and Social Sciences at California State University, Los Angeles is committed to programs of academic excellence in the fields of natural and social sciences that provide access and opportunity for our uniquely diverse student body. The College provides innovative degree programs leading to the baccalaureate and master’s degrees in an environment that encourages research participation by students and faculty. The College is committed to providing a broad educational experience for all university students, thereby enhancing their ability to contribute to society. Interaction among the natural sciences, social sciences and the community is an essential component of our programs.

Undergraduate Programs

The College of Natural and Social Sciences at California State University, Los Angeles is committed to programs of academic excellence that provide educational and research opportunities for our diverse student body. Faculty from thirteen departments and programs are dedicated to instruction, scholarship, and university and community service. In general education and undergraduate and graduate programs, the faculty support students in developing creative and critical thinking skills in preparation for careers or for admission to competitive graduate or professional programs in their respective disciplines. The College prides itself in the close interaction between faculty and students, and in its collaborative research environment that encourages student discovery. The College seeks to inspire in our students an appreciation for the biological, physical, and social aspects of our earth and a life-long commitment to improving the lives of its inhabitants.

The College of Natural and Social Sciences offers fourteen master’s degree programs in the fields of natural and social sciences. These graduate programs prepare students for advanced study toward the Ph.D. degree and for careers as professionals in NSS disciplines, community college teaching, industry, and government. Please see below for listing of programs and visit our website for more information.

Nationally Accredited Programs

**Chemistry -**
American Chemical Society (ACS)

**Psychology (graduate) -**
Association for Behavior Analysis: International

**Public Administration (graduate) -**
National Association of Schools of Public Affairs and Administration (NASPAA)

**Master of Arts Degree in Anthropology** provides training in five areas: culture theory, ethnography, archaeology, linguistics, and physical anthropology.

**Master of Science Degree in Biology** prepares students for biological research, doctoral study, and technical positions.

**Master of Science Degree in Chemistry** (also an option in Biochemistry) prepares students for employment in industry, teaching, or more advanced study toward the Ph.D. degree.

**Master of Arts Degree in Geography** prepares students for teaching at secondary and community college level, employment in government and private industry.

**Master of Science Degree in Geological Sciences** prepares students for professional employment in industry and government, teaching positions in community colleges, or advanced study toward the PhD degree. Two options are available: Geology and Environmental Hydrogeology.

**Master of Arts Degree in History** is designed for the attainment of a liberal education appropriate to careers in such professions as law, journalism, business, government service, and librarianship.

**Master of Arts Degree in Latin American Studies** provides a multidisciplinary approach to the study of one of the world’s major regions. The program prepares students to pursue careers in teaching, public service, nonprofit organizations, or commerce or to continue in Ph.D. programs in the social sciences.

**Master of Science Degree in Mathematics** prepares students for higher mathematical work in industry, business, government, and teaching.

**Master of Science Degree in Physics** prepares students for community college teaching, employment in industry, or further graduate study toward the doctorate in Physics.

**Master of Arts Degree in Political Science** emphasizes advanced studies for those interested in community college teaching or preparing for doctoral studies in political science.

**Master of Science Degree in Public Administration** (Department of Political Science) provides present and future public service employees the administrative skills and knowledge for personnel, financial, and coordination functions in public agencies.

**Master of Arts Degree in Psychology** is a rigorous mentor-based graduate program designed to develop research and conceptual skills for students whose primary interest is in continuing their education in a doctoral program. A key feature of the program is a close mentoring relationship with a faculty member who oversees the student’s progress toward his or her individual research goals.

**Master of Science Degree in Psychology**

- **Applied Behavior Analysis Option:** is designed to develop specialized professional competence in the application of behavior analysis to counseling, the education of normal children and the developmentally disabled.

- **Forensic Psychology Option:** is designed for students whose primary interest is in working or studying in areas of psychology that intersect with the Criminal Justice system.

- **Marriage, Family Therapy Option:** meets the educational requirements for state licensure as a Marriage, Family and Child Counselor as set forth by the State of California. *(Program suspended, 2011-2013)*

**Certificate Programs Offered:**
Biotechnology
Geographic Information Systems
Pre-Health Professionals

**Admission to the Master's Degree Programs**

The individual applies via **Cal State Apply** for admission to the university and to the major department if necessary. The Admissions Office evaluates the Cal State Apply application for minimum Title 5 criteria and sends the results to the major department. The academic department makes the final decision to admit the student to the graduate program.
College Rules and Regulations

In addition to University regulations, the College of Natural and Social Sciences has specific graduate regulations governing the following:

- Special Action Admission
- Eligibility of courses on probationary program
- Graduate Writing Proficiency Examination requirement
- Transfer credit on a master's degree program
- Procedures for the master's thesis
- Procedures for the comprehensive examination
- Changing option from comprehensive examination to thesis and vice versa
- Validation of expired courses on a master’s degree program

Please check with your major adviser or the Graduate Studies Office of the College for more information.
NSS Courses

Courses

Natural and Social Sciences (Undergraduate)

- NSS 1001 - Introduction to Higher Education
- NSS 1100 - Astrobiology - Physical and Chemical Requirements of Extraterrestrial Life, Astrobiology
- NSS 1200 - Water and Life in the Los Angeles Basin
- NSS 1300 - Bioclimatology
- NSS 3010 - Transition to Cal State L.A. for Natural and Social Science Majors
- NSS 3540 - Special Topics
- NSS 4540 - Special Topics in Natural and Social Sciences
Department of Anthropology

King Hall C4068

http://www.calstatela.edu/academic/anthro/

Chair
Beth Baker-Cristales
bbakerc@calstatela.edu
323-343-2440

Overview
The Department of Anthropology offers a wide range of courses in the biological origins and variation of humankind, the archaeological record, and particularly, the comparative study of contemporary cultures. The department offers courses that support programs in the social, behavioral, and life sciences. In addition to preparing students for advanced study or a professional career in anthropology, the degree provides a broad liberal education appropriate to careers in business, law, medicine, government service, and teaching.

Bachelor of Arts Degree
The Bachelor of Arts degree in Anthropology is available for those who seek a liberal arts education or who wish to prepare for advanced study and research.

The total number of units required for the Bachelor of Arts degree in Anthropology is 120 units, of which 49-56 units are in the major. Consult with an advisor for the specific number of units required in all areas of the degree including GE and free electives.

Departmental Honors Program
The Department of Anthropology offers an honors program for students who have completed at least 12 upper division units in anthropology, who have a minimum 3.25 grade point average in all anthropology courses, and who possess a minimum 3.0 grade point average in all college work. Application to the program is made by written petition.

The program is designed to introduce superior students to intensive research experience in anthropology and related fields, as well as to more sophisticated and thorough study of anthropological theory in relevant subareas of the discipline. Honor students are permitted to depart from the normal major program in various ways to broaden and enrich their curriculum.

Honor students plan their programs in consultation with an honors adviser. Students enroll during each of their final semesters in ANTH 3960, and submit a written thesis to the departmental honors committee. Diplomas and transcripts of honors program graduates are designated: “Graduated with Departmental Honors in Anthropology.”

Master of Arts Degree
The objective of the M.A. degree in Anthropology is to prepare students for professional level employment in industry and government, teaching positions in community colleges, or advanced study towards the PhD. degree. The program has three options: Archaeology, Sociocultural Anthropology, and Biological Anthropology. The Archaeology option prepares students for careers in archaeology or cultural resource management. The Biological Anthropology option prepares students for careers in biological anthropology, bioarchaeology or primatology. The Sociocultural option prepares students for careers in cultural anthropology, including qualitative research and human services.
Admission to the Program

With the exception of the Biological Anthropology option, applicants must have a baccalaureate in anthropology and a 2.75 grade point average in the last 60 semester units attempted and a B (3.0) grade point average in anthropology courses. The Biological Anthropology option requires a 3.0 grade point average in the last 60 units attempted. Those whose undergraduate major was not anthropology must complete 1-2 introductory courses in anthropology, including ANTH 4970, with a B average. Students are accepted into the Anthropology program for the fall and spring semesters. Students must notify the department of their intent to seek admission to the Archaeology, Biological, or Sociocultural option at the time of their application.

Students apply by submitting a University Admissions Application through Cal State Apply. Completed applications, statement of purpose, two letters of recommendation, and unofficial transcripts from all colleges and universities attended must be submitted by the deadline stipulated on the Graduate Studies Office website (http://www.calstatela.edu/graduateadmissions). Official transcripts must also be sent to the Admissions Office in SA 101 before the set deadline.

Chair
Kirsten Fisher
kfisher2@calstatela.edu
323-343-2089

Overview
The Department of Biological Sciences offers programs leading to Bachelor of Science and Master of Science degrees in Biology, a Bachelor of Science degree in Microbiology. The Department of Biological Sciences also offers three minor programs, four certificate programs, and participates in one credential program.

The Faculty
Professors: Robert A. Desharnais, Lawrence Fritz, Patrick Krug, Philip S. LaPolt, Nancy L. McQueen, Paul Narguizian, Amelia A. Russo-Neustadt, Robert Nissen (Chair), Edith Porter, Tina Salmassi, Elizabeth Torres, H. Howard Xu.

Associate Professors: Kirsten Fisher, Hyunsook Park.

Assistant Professors: Andres Aguilar, Laura Cocas, Susan Cohen, Christine Scoffoni, Eric Wood, Alexandra Wright.

Departmental Honors Program in Biology
The Department of Biological Sciences offers an honors program for upper division biology students who have completed 70 semester units, including 30 units in the major, with a minimum B (3.0) grade point average both overall and in the major. Students shall have completed at least 18 units of the major in residence at Cal State L.A.

The honors program introduces highly motivated students to an intensive research experience in biology. Honor students are mentored by a faculty adviser and two other faculty committee members. The honors program introduces highly motivated students to an intensive research experience in biology. Honor students are mentored by a faculty adviser and two other committee members. Enrollment in BIOL 3960, Honors Thesis in Biology, for 4 units is required, and enrollment in BIOL 4990, Undergraduate Directed Study, for 1-3 units, is optional. A prospectus, a written thesis, and a final oral examination about the thesis, administered by the committee, are required parts of the program. Diplomas and transcripts of honors program graduates are designated: “Graduated with Departmental Honors in Biology.”

Departmental Honors Program in Microbiology
The Department of Biological Sciences offers an honors program for upper division microbiology students who have completed 70 semester units, including 30 units in the major, with a minimum B (3.0) grade point average both overall and in the major. Students shall have completed at least 18 units of the major in residence at Cal State L.A.
The honors program introduces highly motivated students to intensive research experience in microbiology. Honors students are mentored by a faculty adviser and two other committee members. Enrollment in MICR 3960 Honors Thesis in Microbiology, for 4 units is required. Students can apply these units to their degree program. A prospectus, a written thesis, and a final oral defense of the thesis, administered by the committee, are required parts of the program. Enrollment in MICR 4990, Undergraduate Directed Study, 1-3 units, prior to MICR 3960 Diplomas and transcripts of honors program graduates are designated: “Graduated with Departmental Honors in Microbiology.”

The Credential Program

The Department of Biological Sciences participates in the interdisciplinary Bachelor of Science degree program in Natural Science, with an emphasis in Biological Sciences [http://www.calstatela.edu/academic/natsci], which satisfies the subject matter requirements for the Single Subject credential in Science. That program is described later in the Single Subject credential section of the catalog. Students should consult with advisers in the department and in the Charter College of Education. Refer to the undergraduate Charter College of Education chapter of this catalog for regulations governing all teaching credential programs.

Chair
Jamil Momand
jmomand@calstatela.edu
323-343-2300

Overview

Undergraduate Studies Chemistry and biochemistry provide understanding of molecular structure and reactivity and thus are central for the study of physical and biological phenomena. The Department of Chemistry and Biochemistry offers two undergraduate degrees: the Bachelor of Science degree in Chemistry and the Bachelor of Science degree in Biochemistry. The department participates in the B.S. in Natural Sciences degree program through its Chemistry Option. The department also offers a minor in Bioinformatics and Computational Biology.

Students who earn the B.S. degree in chemistry or biochemistry are prepared to enter careers in chemical, material science, pharmaceutical, biochemical and molecular life sciences industries; careers in government and academic laboratories; and to pursue advanced education in graduate and professional schools. Students pursuing a B.S. degree in Biochemistry may qualify for entrance into health professional schools such as medical, dental, pharmacy, etc. by selecting appropriate elective courses within their program while those students pursuing a B.S. degree in Chemistry may qualify for entrance into these professional schools by taking additional courses. The Chemistry Option in the B.S. in Natural Science is designed for students who plan to be high school chemistry teachers.

Undergraduates in both degree programs are encouraged to broaden their educational experience by participating in a research project under the direction of one of the department’s faculty members. The department has a strong tradition of involving undergraduates in research and these students are often provided financial support through training programs.

Bioinformatics and Computational Biology (BINF minor). The BINF minor provides a deep understanding of bioinformatics software programs and databases utilized to make discoveries in molecular life sciences. The BINF minor teaches students how to create software programs that analyze molecular life science data. Students who earn a BINF minor are prepared for more advanced studies in bioinformatics, systems biology, genomics, and computational biology. Pharmaceutical and biotechnology industries offer career opportunities for those with advanced BINF training. The BINF minor provides preparation for students to pursue graduate and professional schools.

Graduate Studies The Master of Science degree programs prepare students for supervisory positions in industry, teaching positions in community colleges, or more advanced study toward the Ph.D. degree in chemistry, biochemistry, or molecular life sciences. The M.S. Chemistry degree program includes three options: the Thesis option, the Biochemistry option and the Comprehensive Examination option. The Thesis option and the Biochemistry option provide extensive research training, and are recommended for those students who wish to pursue a career as a laboratory scientist or to continue their education in a doctoral program. The Comprehensive Examination option is intended for persons in industry or government who need to develop a more current understanding of chemistry and for other specific areas of chemical application in which an advanced degree is beneficial. The Comprehensive Examination option is not recommended for students who wish to continue a doctoral program in chemistry, nor for those who intend to upgrade their laboratory research capabilities significantly.
The Faculty

Professors: Yong Ba, Krishna Foster, Jamil Momand (Chair), Scott L. Nickolaisen, James Rudd, Matthias Selke, Linda M. Tunstad, Robert L. Vellanoweth, Xin Wen.

Assistant Professors: Michael Hayes, Olaseni Sode, Petr Vozka, Cecilia Zurita-Lopez

Undergraduate Degrees

Students who expect to earn a bachelor's degree in Chemistry or Biochemistry in the minimum time should include courses in chemistry, physics, geometry, trigonometry, and algebra (two years) in their high school preparation.

It should also be noted that the chemistry programs are tightly structured and that students should begin calculus and physics sequences at the earliest possible time in order to complete the degree in four years.

For Chemistry and Biochemistry majors, only courses with a grade of C- or higher in the major program are credited toward the degree. Successful completion of the major requires a minimum C (2.0) overall grade point average in required courses and a minimum C (2.0) grade point average in upper division required courses and electives. Students who have taken community college organic chemistry have the option of earning credit by examination in CHEM 2200 and/or 3200.

Departmental Honors Program

A departmental honors program in Chemistry is offered for students to pursue chemistry studies at a level significantly beyond that defined by the normal curriculum. The focus of the program is undergraduate research performed under the direction of a Department of Chemistry and Biochemistry faculty mentor, which provides the basis for a written thesis. Honors students often present their research results at research conferences.

Students who possess a minimum B (3.0) grade point average in all college work and in chemistry, averaged separately, are eligible. Students must be nominated by two members of the department faculty and then approved by department vote.

To graduate with honors in Chemistry, qualified students must complete a minimum of two units of CHEM 4990, and successfully complete an original written thesis and oral defense under the direction of a faculty advisor and a thesis committee consisting of two additional faculty members while enrolled in CHEM 3810.

Diplomas and transcripts of honors program graduates are designated: “Graduated with Departmental Honors in Chemistry.”

The Credential Program

The Department of Chemistry and Biochemistry participates in the interdisciplinary Bachelor of Science degree program in Natural Science, which has been approved for the Single Subject credential in Science. The Chemistry Option in this program is described in the section of the catalog dealing with the Natural Science degree. In addition, holders of a Single Subject credential issued by the state of California may complete the supplementary authorization program described below.

Overview
The Department of Geosciences and Environment offers undergraduate programs leading to the Bachelor of Arts (BA) degree in Geography and Bachelor of Science (BS) in geology. The BA in geography allows specialization in three areas: Environmental Geography, Urban Analysis, and Geographic Information Systems (GIS). The BS in Geology consists of two options: Geology and Environmental Geosciences. In addition to BA and BS degree offerings, the department also offers a minor in Geography and a Minor in Geology for students majoring in other fields, and a post-baccalaureate certificate in Geographic Information Systems. The department also offers a graduate program leading to a Master of Science degree in Geological Sciences, under its environmental hydrogeology option.

Choi Chatterjee
cchatte@calstatela.edu

Overview
The Department of History provides opportunities to study the development and interaction of the world's cultures. In addition to a broad curriculum in local, national, and world history, the department offers a wide variety of special topics courses. The program thus contributes to the attainment of intellectual and cultural objectives of a liberal-arts education appropriate to careers in law, journalism, business, government service, librarianship, and teaching, or to advanced study.

The department offers the Bachelor of Arts and Master of Arts degrees in History and minors in History and in Labor and Working Class Studies for students majoring in other areas.

The department coordinates the Teacher Preparation option of the history major, approved by the California Commission on Teacher Credentialing for the Single Subject credential in Social Science, which is designed for students seeking a Single Subject Credential in Social Science.

The Department of History administers a minor in Religious Studies designed to explore the forms and traditions of religion that have appeared in human culture.

The Faculty

Overview
The Department of Mathematics offers Bachelor of Science and Master of Science degree programs, as well a Minor in Math and two Subject Matter Waivers in Mathematics.

The Faculty
Professors: Vladimir N. Akis, Gary Brookfield (Chair), Borislava Gutarts, Hichem Hajaiej, Melissa Hendrata, Silvia P. Heubach, Mike Krebs, Daphne Liu, Debasree Raychaudhuri, Anthony Shaheen.

Associate Professors: José Mijares.

Assistant Professors: Eyob Demeke, Jie Zhong, Dong Zhou.

Emeriti:

Bachelor’s Degrees
A major in mathematics prepares students to teach in secondary schools, work as research assistants in industry and government, or enter graduate school to prepare for positions in higher education, industry, and government. There are four degree options:

- Option I - Applied Mathematics: This option prepares students for graduate work in applied mathematics or work in industry.
- Option II - General Mathematics: This option incorporates both pure and applied math courses to prepare students for graduate work in mathematics.
- Option III - Integrated Teaching: This option satisfies both subject matter certification requirements and teacher education coursework requirements for a math credential. Students in Option III graduate with a degree in mathematics that is subject matter certified and a preliminary credential that allows them to teach single-subject mathematics.
- Option IV - Traditional Teaching: This option satisfies only subject matter certification requirements. Students in Option IV graduate with a degree in mathematics that is subject matter certified, but without the preliminary credential.

Master of Science Degree
A large fraction of students in this degree program become college mathematics teachers. Being a teaching associate in the department provides vital experience for that career path. Many students, including some whose undergraduate degree is not in mathematics, use the MS degree as a stepping stone into a PhD program in mathematics. The MS degree also prepares students for higher mathematical work in industry, business, and government.

Associate Professors: Milan B. Mijic.
Assistant Professor: Paul S. Nerenberg.

Overview

The Department of Physics and Astronomy offers both undergraduate and graduate programs in physics, with opportunities for professional preparation in a variety of subfields, including astronomy, astrophysics, biophysics, condensed matter physics, and nuclear physics.

The Department’s undergraduate programs include the Bachelor of Science (BS) degree in Physics, the Bachelor of Arts (BA) degree in Physics, and a Minor in Physics for students majoring in other fields. The BS in Physics consists of two options: a general program without specialization and an option in Biophysics. The BA in Physics also consists of two options: a general program without specialization and an option in Astrophysics. Both the BA and BS programs have an optional departmental honors program for qualified students. In addition, the Department participates in the interdisciplinary Bachelor of Science (BS) degree program in Natural Science and in the subject matter preparation for the Single Subject Teaching Credential in Science through their Physics emphases.

The Department’s graduate program consists of a Master of Science (MS) degree in Physics that offers students a choice between two culminating experiences: a comprehensive exam or a research thesis. The MS program prepares students for PhD programs in physics and astronomy and related careers in academia, industry, business, and government.

Natural Science Credential Program
Department of Political Science

Overview
Faculty and students of the Department of Political Science engage in teaching and learning-critically and systematically-about government, politics, public affairs, and public policy in the United States and the world. Political science courses embrace elements of the liberal arts, social sciences, and citizen education. The Department offers three degree programs: Bachelor of Arts in Political Science, Master of Arts in Political Science, and Master of Public Administration.

The Bachelor of Arts in Political Science provides pre-professional education for careers in government, non-profit organizations, teaching, and business, as well as for admission to graduate and law school. Students may choose from four options: General Political Science, Global Politics, Pre-Legal Studies, and Public Administration. We also offer minors in General Political Science, Pre-Legal Studies, Public Administration, and Global Politics to students majoring in other subjects. The two graduate degree programs prepare students for professional careers in government, public service, public sector management, international relations, and teaching. Our graduate and undergraduate courses also help prepare students for more effective civic engagement and participation in the political life of their communities.

Mission Statement
The mission of the Department of Political Science is to combine teaching, research, and scholarship to educate students to:

- Think critically and systematically about government and politics across local, national, and global settings;
- Prepare for successful careers and graduate study in law, public service, politics, international affairs, and numerous other fields;
- Become active and informed citizens through an understanding of American politics and society; and,
- Contribute to the discipline of political science through professional participation and scholarly activities in academic and civic communities.

Accreditation
The Master of Public Administration program is accredited by NASPAA (Network of Schools of Public Policy, Affairs, and Administration). NASPAA is the recognized global accreditor of master’s degree programs in public administration, public policy, public affairs, non-profit and related fields.

Chair
Gaithri Fernando
gfeman2@exchange.calstatela.edu
323-343-2252

Overview

Psychology is the scientific study of behavior and the mind. The field also encompasses the methods, procedures, and instruments necessary for the study of these processes. As the American Psychological Association puts it, “The discipline embraces all aspects of the human experience - from the functions of the brain to the actions of nations, from child development to care for the aged” (APA, 2021). By describing, measuring, and analyzing behavior, psychologists attempt to predict that behavior reliably and to change or enhance it in ways beneficial to individuals and their communities.

The mission of the Cal State LA Psychology Department aligns with those of the College of Natural & Social Sciences and the University. Our mission is to provide students with the opportunity to excel academically and professionally by using a teacher-scholar mentoring model to teach psychology as a scientific discipline that accurately reflects the diversity of life and human experience. The department is committed to excellence in teaching, research, practice, and scholarship. Our program learning outcomes focus on acquisition of knowledge, enhancing communication and critical thinking skills, and professional development, including ethical and responsible behavior in one’s chosen profession. Students gain a sense of community through their participation in Psi Chi, the psychology honor society. The undergraduate program provides basic training for students planning a professional career in psychology, as well as for those who need a general background in human behavior for fields such as law, medicine, religion, government, management, sales, marketing, or industrial relations.

With an undergraduate degree in psychology you can be employed in numerous and varied settings, including in local, state, and federal service organizations, community organizations, social service agencies, business and industrial companies, personnel and public relations firms, hospitals, and research centers. Many students also volunteer their time while in school and find positions relating to their volunteer work after graduation. A significant number of students go on to earn a post-graduate degree and/or certifications in specialized fields such as drug and alcohol abuse counseling and applied behavior analysis. Having these degrees and certifications will enhance employability in higher positions. Currently the department offers course clusters in behavior analysis and child development that will facilitate students' entry into these specializations and certificate programs.

The Department of Psychology offers programs leading to Bachelor of Arts, Master of Science, and Master of Arts degrees. The graduate degrees are described in the Graduate Programs section.

The Faculty

Professors: Ramani S. Durvasula, Mitchell Eisen, Joel Ellwanger, Gaithri Fernando (Chair), Senqi Hu, Robert Kennison, Eric Kohatsu, Pamela C. Regan, Heidi Riggio, Henry Schlinger, Ji Son, Douglas Stenstrom, Kaveri Subrahmanyam.

Assistant Professors: Daisy Camacho-Thompson, Steven Frenda, Matthew Jackson, Karen Wu.

Emeriti: Burton L. Alperson, Theodore S. Bell, Desdemona Cardoza, Nancy Cobb, Annette Ehrlich, Herbert Goldberg, Harold J. Gottlieb, Thomas M.
The Campaign for Cal State LA

The Graduate Program

The Department of Psychology offers both Master of Arts and Master of Science degrees. The Master of Arts degree in Psychology is a mentor-based, rigorous graduate program designed to develop research and conceptual skills for students whose primary interest is in continuing their education in a doctoral program. Students are encouraged to contact a faculty member in the area of research in which they are interested before applying to the program. Positions in the department are limited and acceptance into the program depends on students finding someone on the faculty who will agree to serve as a mentor. The Master of Science in Forensic Psychology prepares students to work in the criminal justice system, or to continue their education in doctoral programs in applied psychology.

- Psychology, M.S.

Minor - Undergraduate
- Minor in Psychology
Department of Sociology

Overview

Sociology is the scientific study of social behavior, social institutions, and social structure. It provides a background of understanding and research skills for students interested in a variety of occupations. The department’s programs prepare students for advanced professional study in sociology, social work, and law as well as positions in public and private social service agencies. Sociology will also appeal to students whose intellectual and career interests include working with people in business and other organizations.

Sociology majors study various subjects, including: race/ethnic relations, gender issues, interpersonal relationships, religion, law, health care, child development, aging, urban populations, social inequalities, crime, occupations, popular culture, social deviance, politics, social psychology, sociological theories, and sociological methods. The primary purpose of the academic program in sociology is to enhance students’ analytical abilities and understanding of social phenomena.

Students pursuing legal, educational, and governmental careers may benefit from sociological perspectives on human relations. Students who intend to follow careers in management, marketing, human resources, public relations, advertising, journalism, criminal justice, nursing, and comparable areas may find particular value in combining the study of sociology with their professional preparation.

Four Bachelor of Arts degree options in Sociology; minors in Sociology, in Law and Society, and in Social Gerontology; and the Master of Arts degree program are described below.

The Faculty

Professors: Bradley Campbell, Wai Kit Choi, Elaine Draper, Gabriela Fried Amilivia, Roseann Giarrusso (Chair), Hyojoung Kim, Molly Talcott.
Associate Professors: Louis Esparza.
Assistant Professors: Shweta M. Adur, Luoman Bao, Katie Dingeman, Kristen Discola, Libby Lewis, Luis F. Nuno, William E. Rosales, Tanya Sanabria, Robert D. Weide

Minors in Sociology

The Department of Sociology offers minor programs for students majoring in other fields. The Minor in Sociology requires 28 units, the Law and Society Minor requires 28 units, and the Social Gerontology Minor requires 24-28 units.

Chair/Director
Erica Verba

The Program and Its Mission
Latin American Studies is an interdisciplinary program that bridges the social sciences, arts, and letters to provide students with a broad understanding of the historical, cultural, political, economic, and social conditions that shape Latin America and its connections to the rest of the world. A degree in Latin American Studies prepares students for a wide range of career opportunities, both in the United States and abroad, including government, teaching, business, social services, community organizing, academia, and the arts. The program draws upon the expertise of over 40 Cal State L.A. faculty members whose work focuses on Latin America and Latin American populations in the US.

The program is committed to working with local Latin American populations and community organizations. Southern California is home to the largest Mexican population outside of Mexico, the largest Central American populations outside of Central America, and substantial settlements of South Americans, Puerto Ricans, Cubans, and Dominicans. This makes Cal State L.A. an ideal place to explore the diversity of Latin American cultures and their increasingly complex transnational ties to the United States.

The program offers: a Bachelor of Arts degree in Latin American Studies, a Masters of Arts degree in Latin American Studies, a minor in Latin American Studies, and a minor in Central American Studies.

The Faculty
Instruction for the Latin American Studies Program is provided by members of the faculty who are experts on Latin America and Latin American populations in the United States drawn from relevant departments and programs. These include: Anthropology, Art, Chicana(o) and Latina(o) Studies, Economics and Statistics, Education, English, History, Geosciences and Environment, Liberal Studies, Modern Languages and Literatures, Music, Political Science, Sociology, Social Work, Television, Film and Media Studies, and Women’s, Gender, & Sexuality Studies.

Overview
Programs offered in the Natural Science Program emphasize the interrelationships among the natural science disciplines, including biology, chemistry, geoscience, and physics & astronomy. Because the degree programs in Natural Science provide broad training across several science disciplines, career opportunities for persons with the degree span a wide range. The rapid pace of scientific and technical advances makes a broad understanding of science valuable to careers in education, academia, business, government, law, medicine, nonprofit organizations (e.g., museums, private foundations), and other fields. A degree in Natural Science also serves as a solid foundation for additional training, such as a teaching credential, law degree, medical degree that is often required for more advanced career positions. Students can pursue a BS in Natural Science or Applied Science, and there are two minors; Natural Science and Science Teacher Preparation. We also offer a certificate in Natural Science.

Mission Statement
The mission of the Natural Science Program is to provide broad training across the natural science disciplines for students seeking interdisciplinary and applied science careers for which a broad science background is useful.

Accreditation
Accreditation received on 10/2018 (State of California, California Commission on Teacher Credentialing)

Miscellaneous
The NATS Program BS in Applied Science degree includes the only degree program in the State of California to provide a two-year career advancement pathway for Medical Laboratory Technicians (MLTs) to enter post-baccalaureate programs to train as Clinical Laboratory Scientists (CLS).

Overview of the college

The College of Professional and Global Education (PaGE) is ever-evolving to consistently deliver timely and relevant higher and extended education programs to individuals, businesses, government and non-profits throughout southern California. PaGE’s multi-faceted regional and international student focus nurtures minds and advances careers. Through innovative curriculum and life-changing experiences, students gain new perspectives, become more informed and ready for the challenges ahead.

Opened in 2016, Cal State LA Downtown extends the University’s footprint of high quality teaching and extensive resources to students working and living in the heart of Los Angeles. Our state-of-the-art and spacious DTLA campus offers undergraduate and graduate programs, certificate programs and professional development programs to meet the needs of the region, as well as current and future workforce demands.

Incoming international students continue to choose Cal State LA as a destination university. International Programs and Global Education (IPGE) guides their enrollment and helps them create a pathway to Cal State LA, and maximize their studies once they are here. Furthering our cross-
cultural reach, IPGE also creates many Study Abroad options for Cal State LA students to gain invaluable international experiences and skills that enhance their future careers in a global society. Designed for students with advanced English language skills, the Semester in LA program provides international students with a unique opportunity to experience the best of American university life without formal admission to Cal State LA. Students can take classes over one or two semesters alongside U.S. students.

From international studies and degree completion programs to professional courses and personal enrichment classes, our programs are designed to meet the diverse needs of every type of adult learner. We are committed and dedicated to empowering our students to thrive and achieve.

Mission Statement
The College of Professional and Global Education provides flexible, relevant, and practical educational pathways, preparing individuals and organizations to engage, serve, and succeed in the regional and global economies.

Semester in L.A. Program
Overview

The Honors College at Cal State LA was founded in 2010, and offers outstanding students an opportunity to participate in a scholarly community dedicated to inquiry and discovery, creative and critical thinking, and the creation of knowledge that is linked to positive societal impact. Its interdisciplinary curriculum emphasizes community and civic engagement and takes advantage of the vast resources of Los Angeles, particularly in the first year curriculum through which students engage with and critically analyze challenges and perceptions of the Los Angeles region through humanities, arts, and social sciences lenses. It values a liberal arts education, while recognizing and making use of the resources available at a large urban public university.

The Cal State LA Honors College supports approximately 300 students total, currently admitting 80 to 100 new freshman, continuing, and transfer students into the program each year. Approximately one third of Honors College students belong to the Early Entrance Program (EEP), through which students as young as 11 years of age are able to skip most or all of high school, and earn a baccalaureate degree from Cal State LA without the need to complete a high school program. The EEP at Cal State LA was founded in 1982, is one of only three similar programs in the western United States, and is the only one of its kind in the nation that admits students as young as 11.

Learning Goals and Outcomes

Recognizing the need for advanced intellectual and creative skills that emphasize interdisciplinary and independent thinking, students in the Honors College are expected to meet learning outcomes in the following areas.

Inquiry, Analysis, and Research    Students develop an understanding of modes of inquiry in different disciplines. They undertake effective inquiry that demonstrates open-mindedness and uses a systematic process that involves a rigorous assessment of evidence, data, and social, economic, and cultural contexts. At advanced levels, students formulate relevant research questions and produce original research, scholarly or creative projects.

Creative Thinking    Students will be able to synthesize existing ideas, images, or expertise in original and imaginative ways characterized by a high degree of innovation, divergent thinking, and risk-taking.
**Problem-Solving**  Students will learn to develop, implement, and evaluate a solution that addresses an open-ended question or achieves the desired goal.

**Civic Engagement**  Students will learn how to make a difference in the civic life of our communities and promote the quality of life in local and global communities, through both political and non-political processes.

**Leadership**  Students will learn to take initiative, work effectively in teams to achieve a common purpose, involve and motivate others, and demonstrate self-leadership and commitment.

**Scholarships**

All eligible applicants to the Honors College will be considered for recruitment scholarships. No separate application is required, unless financial need is a scholarship criterion. Scholarships will be awarded based on a comprehensive review of application materials. Continuing students in Good Standing will also be considered for scholarships for which they qualify.

Phone (323) 343-2287 | Fax (323) 343-5575 | eepstaff@cslanet.calstatela.edu

Overview

The Early Entrance Program (EEP) was established at Cal State LA in 1982 and is a distinct community within the Honors College. The EEP allows qualified students between the ages of 11 and 15 the opportunity to enroll in College early as full-time students. With a community of approximately 100 students, EEP offers a challenging and focused academic environment, along with dynamic social opportunities, that allow young students to excel in a University setting.

Prospective EEP students follow a separate admissions process than that of Honors College applicants. All Honors College policies and requirements apply to EEP students.

For admission, program requirements, and further information, please contact the EEP Office, view the Early Entrance Program Curriculum page, and visit the EEP website: https://www.calstatela.edu/academic/eep.

CalState TEACH (CST)

Multiple Subject, CalStateTEACH (CST) is both a preservice program and an intern program. CalStateTEACH is an alternative path to a multiple subject preliminary teaching credential available to individuals residing in Los Angeles, Ventura, and Santa Barbara Counties. CalStateTEACH is designed specifically to serve teachers who are interns or who can volunteer to practice teach in an elementary school (grades K-6). It is also designed for those who want to become teachers but are unable to access campus programs due to personal circumstances or because they live beyond commuting distance to a university. The program has been constructed to integrate the theory and practice of teaching with the daily experiences of teachers in the classroom.

CalStateTEACH is a Web-enhanced program in which students work in small groups, guided and supported by faculty of CalStateTEACH Los Angeles as well as by on-site school personnel. This flexible form of instruction allows part-time, home-based study and uses a rich mix of print, Internet, CD ROM, and video. There are no regular university classes to attend, although there are five Saturday seminars over the course of the program. After successfully completing the program, participants will have earned a Multiple Subject Credential and 40-49 semester units of credit.

The CalStateTEACH program is offered in four terms. Fees include the cost of instruction and all books, course guides, videotapes, CDROM, and computer software. Federal and state financial aid in the form of grants and loans are available for qualified students. For more information, contact Dr. Ernest Black ernest.black4@calstatela.edu. The CalStateTEACH public website is www.calstateteach.net.

Credit for Prior Experiential Learning (CPEL)*

Through the CPEL program, Cal State LA grants undergraduate academic credit for prior learning, knowledge, or skills-based experience that has been documented and evaluated according to campus policy. Students should be aware, however, that policies for earning credit for prior learning vary among CSU campuses.

Cal State LA grants up to 3 semester units of resident credit for UNIV 2950, a course in which the student enrolls and, in collaboration with a faculty sponsor, prepares a portfolio documenting the prior learning. In addition, a student may earn up to 6 units of nonresident credit, applicable to a bachelor’s degree, for learning, knowledge, or skills-based experience that has been documented and evaluated according to campus policy. To qualify, students must have completed 30 semester units in residence at Cal State LA and not more than 111 semester units overall, and must demonstrate how the prior learning articulates with their present educational objectives. Credit is awarded for UNIV 2950 and for the prior learning based on faculty evaluation of the learning experience in terms of academic standards both within the discipline and university-wide. Applications for CPEL are available in the office of the Dean of Undergraduate Studies, Administration 725.

Internship in Public Service*

The Internship in Public Service program combines individual instruction with practical experience in government agencies and quasi-public enterprises. Although enrollment usually is restricted to Political Science majors, non-majors with appropriate background and preparation may apply.
The program operates similarly to the Cooperative Education program, except that the maximum 4 semester units earned may apply only to upper-division free elective credit rather than toward the major. A qualifying civil service examination is required for admission to some internship programs. Information about opportunities and qualifications may be obtained from the coordinator in the Political Science Department.

*NOTE: Students should note that a limited amount of unit credit is allowed toward the baccalaureate for each of these programs. Policies and regulations differ among various departments, divisions, schools and colleges. Each student should consult the appropriate major department, division, school or college for specific procedures and instructions.*

**Cooperative Education**

Cal State LA offers a range of Cooperative Education courses carrying different unit values.

The following courses are offered through the Cooperative Education program.

- **UNIV 2980** Preparation for Cooperative Education (1 units)
- **UNIV 3980** Cooperative Education (1-3 units)
- **UNIV 3990** Cooperative Education Honors (1-3 units)
- **UNIV 4980** Advanced Cooperative Education (1-3 units)

**UNIV 2980** is open to all students without restriction. Admission to **UNIV 3980**, **UNIV 3990**, and **UNIV 4980** is arranged through the coordinator for the student’s major department, division or school. Admission to **UNIV 3990** requires **UNIV 2980** as prerequisite, as well as eligibility for a University or academic department or division honors program.

A minimum 2.35 overall grade point average is required and students must have completed 30 semester units of course work before requesting permission of their major department, division or school to enroll. Approved employment, periodic conferences, and written reports are required.

Mission of the Division of Intercollegiate Athletics

The fundamental purpose of the Division of Intercollegiate Athletics at Cal State LA is to provide an outstanding athletics program as an integral part of the University’s mission, holding as its greatest priority the educational experience of student-athletes. The Division is dedicated to maintaining the highest standards of quality, of professionalism, and of competitive excellence.
About the Division of Intercollegiate Athletics

Cal State LA is a member of the National Collegiate Athletic Association (NCAA) and the California Collegiate Athletic Association (CCAA). The Intercollegiate Athletics program fields teams in men’s baseball, basketball, soccer, indoor and outdoor track and field, and cross country. Women’s teams compete in basketball, cross country, soccer, tennis, indoor and outdoor track and field, and indoor and beach volleyball. Athletically related grants-in-aid (scholarships) may be available to those student-athletes who demonstrate superior academic and athletic performance.

The Division of Intercollegiate Athletics program is based on sound educational principles and practices and is a part of the educational mission of the University and is well-integrated into the educational environment of the University. Student-athletes must maintain normal academic progress toward completion of their degree in accordance with a formal policy approved by the Intercollegiate Athletics Board (IAB), academic senate and the President.

In addition, Cal State LA student-athletes spend many hours annually with area youth as part of the Golden Eagle community service programs, including spreading holiday cheer at local hospitals, reading at local elementary schools and hosting approximately 250 youngsters as part of National Student-Athlete Day.

The student-athlete advisory committee (SAAC) is made up of student-athletes from each Golden Eagle intercollegiate athletics squad and is assembled to provide insight on the student-athlete experience. The SAAC also offers input on the rules, regulations and polices that affect the lives of student-athletes. Each Golden Eagle team has at least one representative on the SAAC undergraduate programs.

Normal Progress for Student Athletes

In order to be eligible for competition in intercollegiate athletics, student-athletes must earn units in courses acceptable toward a specific degree program at a minimum rate of 24 semester units between seasons of competition. As prescribed by NCAA regulations, 75 percent of these units (18) must be earned in fall and spring semesters.

Effective fall 2016, student-athletes must earn at least nine (9) normal progress units in the immediately preceding semester to be eligible for competition.

In the freshman year only, students may count up to 12 units of satisfactorily completed precollegiate courses that are prerequisite to specific courses acceptable for any degree program.

Student-athletes must formally declare a major by the beginning of their fifth semester of collegiate enrollment. Fifth semester student-athletes will be declared eligible by the Faculty Athletics Representative only after receipt of the following:

1. Evidence of the student-athlete’s formally declared major.
2. A copy of the student athlete’s department advisement form signed by the department adviser.

Student-athletes who change a major shall be required to supply an updated advisement form to the Faculty Athletics Representative. After a change of major, a student-athlete may meet the normal academic progress requirements if the units earned prior to the change are acceptable toward the degree previously sought, and the units earned from the time of the change are acceptable toward the new desired degree. This means that changing a major is not a valid reason for failing to meet normal progress.

Other Factors Affecting Eligibility

Student-athletes must maintain a minimum C (2.0 on a 4.0 scale) grade point average at all times in both their overall collegiate record and their Cal State LA work in order to remain eligible for intercollegiate athletics competition. A necessary condition for practice and competition shall be enrollment in no fewer than 12 units of coursework unless an official “Application for Graduation” indicates the student-athlete needs less than 8 units to graduate.

Student-athletes must attend a mandatory annual meeting conducted by the Division of Intercollegiate Athletics prior to participation. One purpose of this meeting is to disseminate information concerning NCAA, CCAA and Division rules pertaining to amateurism, eligibility, academics, ethics, and grievance procedures. In addition, student-athletes will be asked to sign required NCAA and CCAA forms as well as complete health and insurance forms.

Competition in intercollegiate athletics at Cal State LA must be completed within the first 10 semesters of full-time attendance* at this or prior institutions. An additional limit of four seasons of competition applies separately to each sport. For student-athletes who transfer from other collegiate institutions, the Faculty Athletics Representative shall determine the number of full-time semesters of attendance prior to transfer as well as the number of competition seasons used. Such student-athletes shall be subject to all of the above requirements effective their first semester of attendance at Cal State LA.

* Full-time attendance is defined by the NCAA as any quarter or semester (exclusive of summer terms) in which a student is enrolled in 12 or more units at any time in the term.
Courses

- ATHL 3410 - Series: Individual Or Dual Sports
- ATHL 3410C - Cross Country (Men's)(Women's)
- ATHL 3410F - Track And Field (Men's) (Women's)
- ATHL 3410G - Golf (Women's)
- ATHL 3410T - Tennis (Women's)
- ATHL 3420 - Series: Individual Or Dual Sports
- ATHL 3420B - Baseball (Men's)
- ATHL 3420K - Basketball (Men's) (Women's)
- ATHL 3420S - Soccer (Men's) (Women's)

- ATHL 3540 - Special Topics
Undergraduate Studies Courses

Courses

University Courses (Undergraduate)

NOTE: Courses that are designated University (UNIV) frequently are interdisciplinary in nature. Some are limited to certain categories of students. Cooperative Education (UNIV 2980, UNIV 3980, and UNIV 4980) and CPEL (UNIV 2950) courses appear in this catalog under the title UNIV, but appear in the Schedule of Classes with the course abbreviations used by the various departments, divisions and schools that offer them.

- UNIV 0540 - Special Topics
- UNIV 0600 - Study Group
- UNIV 1010 - Introduction to Higher Education
- UNIV 1540 - Special Topics
- UNIV 2540 - Special Topics
- UNIV 2950 - Credit for Prior Experiential Learning
- UNIV 2980 - Preparation for Cooperative Education
- UNIV 3010 - Transition to CAL STATE LA for Undeclared Majors
- UNIV 3540 - Special Topics
- UNIV 3980 - Cooperative Education
- UNIV 3990 - Cooperative Education Honors
- UNIV 4000 - Writing Proficiency Examination
- UNIV 4010 - Writing Proficiency
- UNIV 4540 - Special Topics
- UNIV 4910 - Peer Mentoring and Collaborative Learning
- UNIV 4980 - Advanced Cooperative Education
- UNIV 4990 - Undergraduate Directed Studies

University Courses (Graduate)

- UNIV 5980 - Graduate Directed Studies
- UNIV 5990 - Thesis
- UNIV 5995 - Project
- UNIV 9000 - Graduate Studies
Notes:

- All 4000-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser.
- Classified graduate standing is required for enrollment in 5000-level courses; exception applies to students who are enrolled in a postbaccalaureate certificate or credential program.

### Accounting (Undergraduate)

**Upper division standing is prerequisite to enrollment in 3000- and 4000-level ACCT courses.**

- **ACCT 2100 - Principles of Financial Accounting**

  (3)

  **This course is repeatable:** No  
  **Max # of units may be repeated:** 0  
  **Total # of units allowed for credit:** 3  
  **Max times this course can be taken for credit:** 1

  **Course Description:** Introduction to financial accounting. The course focuses on the accounting cycle and preparation of financial statements using Generally Accepting Accounting Principles. Some sections may be technologically mediated.  
  **Hours per Week:** 3 lecture hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus  

  **Prerequisite(s):** None  
  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No
ACCT 110 - Principles of Managerial Accounting

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Cost terms, cost behavior and cost systems. Use of accounting data for planning, budgeting, and control. Some sections may be technologically mediated.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): ACCT 2100
Needs Permission to Enroll: No
Special Fee Applied: No

ACCT 120 - Accounting Information for Decision Making

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Use of financial and managerial accounting information to plan, analyze, control, evaluate, and improve the activities of a firm. Some sections may be technologically mediated.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 2100, ACCT 2110 and upper-division standing.
Needs Permission to Enroll: No
Special Fee Applied: No

ACCT 2110 - Intermediate Financial Accounting and Reporting I

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1
Course Description: Accounting theory and practice relating to problems of asset valuation and classification in accounts and statements.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): ACCT 2100, ACCT 2110
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 3200B - Intermediate Financial Accounting and Reporting II

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Valuation and classification of long-term assets, liabilities and stockholders' equity; study of selected contemporary accounting issues.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): ACCT 3200A with a grade of C or better
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 3210 - Taxation of Individuals

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Statutes, regulations, administrative rulings, and court decisions relating to federal and California income taxation of individuals.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): ACCT 3200A with a grade of C or better, and upper-division standing.
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 3220 - Cost Accounting

(3)

This course is repeatable: No
Max # of units may be repeated: 0
ACCT 3250 - Leadership and Professional Skills for Accountants

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Through practice and multiple assessments, focuses on development and mastery of leadership and professional skills for the accounting profession: creative and critical thinking; managing conflict; delegating; and communicating.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 3200B, BUS 3050 and upper-division standing.
Needs Permission to Enroll: No
Special Fee Applied: No

ACCT 3610 - Job Search for Accountants

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 1
Max times this course can be taken for credit: 1

Course Description: This course teaches students how to effectively search for a job and start their career. Skills learned in this class will be used by students throughout their professional careers.

Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Upper-division standing.
Needs Permission to Enroll: No
Special Fee Applied: No

ACCT 3620 - Writing for Success
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 1
Max times this course can be taken for credit: 1

Course Description: This course reinforces the importance of effective writing for success in an accounting career. Rules of usage, composition, and grammar are reviewed.

Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): BUS 3050 or equivalent; and upper-division standing.
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 3630 - Fraud Detection Techniques

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 1
Max times this course can be taken for credit: 1

Course Description: Students are introduced to the “red flags” indicative of potential fraud; sources for background information; and basic methods to establish a financial profile of an individual or a company.

Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 2100 or equivalent; and upper-division standing.
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 4200 - Advanced Financial Accounting and Reporting

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Problems associated with preparation of consolidated financial statements; foreign currency translation; and partnerships. Some sections of this course may be technologically mediated.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): ACCT 3200B and upper-division standing.
Needs Permission to Enroll: No
Special Fee Applied: No
• **ACCT 4210A - Corporate Taxation**

  (3)

  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 3  
  Max times this course can be taken for credit: 1

  **Course Description:** A study of the federal income taxation of corporations and their shareholders. Topics include choice of entity, corporate formation, operating rules, distributions and liquidation.  
  **Hours per Week:** 3 lecture hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face, Hybrid, Online  
  **Campus:** Main Campus

  **Prerequisite(s):** ACCT 3210 with a grade of C or better  
  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No

• **ACCT 4210C - State and Local Taxation**

  (3)

  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 3  
  Max times this course can be taken for credit: 1

  **Course Description:** Application of interstate income allocations; multi-state tax compact; separate apportionment accounting; foreign country sourced income; and taxation of air transportation, mail order sales taxes, gross receipts taxes, and highway taxes.  
  **Hours per Week:** 3 lecture hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus

  **Prerequisite(s):** ACCT 3210 with a grade of C or better  
  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No

• **ACCT 4210D - IRS' Volunteer Income Tax Assistance (VITA) Program**

  (3)

  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 3  
  Max times this course can be taken for credit: 1

  **Course Description:** This course provides students with the knowledge to complete actual income tax returns and experience in completing returns for individuals. Some sections of this course may be technologically mediated.  
  **Hours per Week:** 3 lecture hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus
· ACCT 4240A - Accounting Information Systems

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: Study of accounting information systems and internal controls; provides the tools necessary to understand and evaluate accounting information systems. Restricted to undergraduate students.  
Hours per Week: 3 lecture hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face, Hybrid, Online  
Campus: Main Campus

Prerequisite(s): ACCT 3200A

Needs Permission to Enroll: No  
Special Fee Applied: No

· ACCT 4240B - Auditing

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: Students gain an understanding of audit and assurance services, emphasizing financial statement audit opinions by independent auditors, auditing concepts and practices used in assurance services used in public practice.  
Hours per Week: 3 lecture hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus

Prerequisite(s): ACCT 4240A, ACCT 3200B with a grade of C or better

Needs Permission to Enroll: No  
Special Fee Applied: No

· ACCT 4250 - International Accounting

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: This course covers the development and application of international accounting standards in a global business environment. Topics include foreign currency translation, financial reporting and disclosure issues for multinational organizations.  
Hours per Week: 3 lecture hour(s).
• ACCT 4270 - Governmental and Institutional Accounting

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Principles and problems of fund accounting for governments and nonprofit institutions; budgets, revenues, expenditures, tax levies, appropriations, general fund, special funds and financial reports; separate treatment of for local and, state and federal government agencies.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 3200B with a grade of C or better; and upper-division standing.
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 4280A - Internal Auditing

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course provides an introduction to internal auditing, internal control, audit evidence, and the internal auditing process.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 4240B
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 4340 - Professional Accounting Ethics

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1
**ACCT 4350 - Forensic Accounting**

(3)

- This course is repeatable: No
- Max # of units may be repeated: 0
- Total # of units allowed for credit: 3
- Max times this course can be taken for credit: 1

**Course Description:** The course teaches the nature of forensic accounting, financial statement fraud and misappropriation of assets and the skills necessary to detection, investigation, and prevention of fraudulent acts. The course develops professional skills necessary to investigate, detect and prevent fraud. NOTE: Course restricted to Undergraduate Students only.

**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF
**Mode of Delivery:** Face to Face
**Campus:** Main Campus

**Prerequisite(s):** ACCT 4240B and upper-division standing.

**Needs Permission to Enroll:** No
**Special Fee Applied:** No

---

**ACCT 4360 - Advanced Forensic Accounting**

(3)

- This course is repeatable: No
- Max # of units may be repeated: 0
- Total # of units allowed for credit: 3
- Max times this course can be taken for credit: 1

**Course Description:** The course builds on the nature of forensic accounting, financial statement fraud, and misappropriation of assets - detection, investigation, and prevention. The course enhances students’ professional skills by applying techniques necessary to investigate, detect, and prevent fraud through case studies and simulations.

**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF
**Mode of Delivery:** Face to Face
**Campus:** Main Campus

**Prerequisite(s):** ACCT 4240B and upper-division standing.

**Needs Permission to Enroll:** No
**Special Fee Applied:** No

---

**ACCT 4370 - Security Risk Management and Internal Controls (also listed as CIS 4370)**

---
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Introduction to the information security risk management including internal controls, operations security, risk management and assessment, incident management and response, business continuity and disaster recovery planning, legal issues and ethics, information security program development.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 4240B, accounting major, and upper-division standing.
Needs Permission to Enroll: No
Special Fee Applied: No

---

**ACCT 4380 - Computer Forensics and Investigations (also listed as CIS 4380)**

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Introduction to selected techniques and tools for computer forensics and investigations. Topics include coverage of the latest technology. Hands-on activities are included, which allow students to practice skills as they are learned.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 4240A, accounting major, and upper-division standing.
Needs Permission to Enroll: No
Special Fee Applied: No

---

**ACCT 4540 - Special Topics in Accounting**

(1-3)

This course is repeatable: Yes
Max # of units may be repeated: 5
Total # of units allowed for credit: 6
Max times this course can be taken for credit: 6

Course Description: In-depth presentation and analyses of topics significant to contemporary business world; lectures, discussions, speakers, and research projects.

Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Varies with topic; see Schedule of Classes for specific prerequisite; and upper-division standing.
Needs Permission to Enroll: No
Special Fee Applied: No
**ACCT 4610 - CPA Exam Preparations**

(1)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 1
Max times this course can be taken for credit: 1

Course Description: Students learn about the requirements for; the application process for; the topics tested on; the software used on; and other test taking techniques to improve performance on the CPA exam.

Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Upper-division standing.
Needs Permission to Enroll: No
Special Fee Applied: No

---

**ACCT 4720 - Accounting for Small and Medium-Sized Entities**

(1)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 1
Max times this course can be taken for credit: 1

Course Description: This course covers accounting standards and practices for small and medium-sized entities. Alternative financial reporting standards available for small and medium-sized entities are reviewed to provide useful financial accounting information.

Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 3200B
Needs Permission to Enroll: No
Special Fee Applied: No

---

**ACCT 4730 - Specialized Industry Accounting**

(1)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 1
Max times this course can be taken for credit: 1

Course Description: This course introduces students to the unique accounting standards for specialized industries.

Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
ACCT 4740 - Professional Accounting Software

(1)

This course is repeatable: Yes
Max # of units may be repeated: 3
Total # of units allowed for credit: 4
Max times this course can be taken for credit: 4

Course Description: Study of various computer skills and technologies for accounting and auditing professionals. The accounting software taught in the course will rotate to align with various industry requirements.

Hours per Week: 2 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 3200A and upper-division standing.
Needs Permission to Enroll: No, Instructor Consent
Special Fee Applied: No

ACCT 4950 - Case Studies and Research in Accounting

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course allows students to apply and integrate the knowledge and skills they have learned in previous accounting courses to solve real-world accounting problems through case studies and research.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 3200B, ACCT 3250 and upper-division standing.
Needs Permission to Enroll: No
Special Fee Applied: No

ACCT 4980 - Undergraduate Directed Study

(1-3)

This course is repeatable: Yes
Max # of units may be repeated: 2
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 3

Course Description: Project selected in conference with sponsor before registration, progress meetings held regularly, and final report submitted.

Hours per Week: N/A lecture hour(s).
Accounting (Graduate)

- **ACCT 5000 - Financial and Managerial Accounting**
  
  (3)

  - **This course is repeatable:** No
  - **Max # of units may be repeated:** 0
  - **Total # of units allowed for credit:** 3
  - **Max times this course can be taken for credit:** 1

  **Course Description:** Accounting concepts and tools for business organizations; covers the accounting model, financial statements analysis, cost control and behavior, pricing and budgeting. Some sections may be technologically mediated.

  **Hours per Week:** 3 lecture hour(s).

- **ACCT 5200 - Management Accounting Theory**
  
  (3)

  - **This course is repeatable:** No
  - **Max # of units may be repeated:** 0
  - **Total # of units allowed for credit:** 3
  - **Max times this course can be taken for credit:** 1

  **Course Description:** Management control theory; covers design of various types of responsibility centers, strategies and strategic planning, performance measurement and management planning compensation from an accounting perspective. Some sections may be technologically mediated.

  **Hours per Week:** 3 lecture hour(s).

- **ACCT 5210A - Taxation of Corporations and Partnerships**
  
  (3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Topics include statutes, regulations, administrative rulings, court decisions, procedural problems, tax management and planning relating to federal and California income taxes of corporations and partnerships.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Graduate Standing
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 5210C - State and Local Taxation

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Application of interstate income allocations; multi-state tax compact; separate apportionment accounting; foreign country sourced income; taxation of air transportation, mail order sales taxes, gross receipts taxes, highway taxes and the power to tax.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Graduate Standing
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 5210D - IRS' Volunteer Income Tax Assistance (VITA) Program

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course provides students with the knowledge to complete actual income tax returns and experience in completing returns for individuals.

Hours per Week: N/A activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Graduate Standing
Needs Permission to Enroll: No
Special Fee Applied: No
• ACCT 5220 - Seminar: Current Topics in Financial Reporting

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Topics include the objectives of financial statements, efficient capital markets, the standard setting policy, the uses of accounting data and how to process accounting information.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus, DTLA Campus

Prerequisite(s): Graduate Standing
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 5240A - Accounting Information Systems

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course focuses on the study of accounting systems and internal controls. The course covers the tools necessary to understand and evaluate accounting systems. Independent research in accounting systems is required.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus, DTLA Campus

Prerequisite(s): Graduate Standing
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 5240B - Auditing

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Students gain an understanding of audit and assurance services, emphasizing financial statement audit opinions by independent auditors, auditing concepts and practices used in assurance services used in public practice.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 4240A or ACCT 5240A, graduate standing
Needs Permission to Enroll: No
• **ACCT 5250 - International Accounting**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

**Course Description:** Selected analytical and policy issues underlying current developments in international accounting. Some sections maybe mediated using interactive technology.

**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus

**Prerequisite(s):** Graduate Standing  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No

• **ACCT 5260 - Financial Accounting Theory**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

**Course Description:** Advanced analytical concepts implicit in contemporary accounting practice; current developments in accounting techniques; specific applications to major aspects of financial statements. Some sections maybe mediated using interactive technology.

**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face

**Prerequisite(s):** Graduate Standing  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No

• **ACCT 5270 - Governmental and Institutional Accounting**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

**Course Description:** The course covers the principles and problems of fund accounting for state and local governments and nonprofit organizations. The different funds used, financial statements, and unique issues facing state and local governments are covered. Also the funds and financial statements for non-profit organizations are introduced. Some sections may be technologically mediated.

**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF
• ACCT 5290 - Advanced Financial Accounting

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Topics include business combinations and consolidations and pension accounting, post-employment benefits, share-based compensation, earnings per share, deferred taxes and partnerships. Some sections may be technologically mediated.

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Graduate Standing
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 5340 - Professional Accounting Ethics

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course introduces students to common ethical dilemmas in the accounting profession along with ethical solutions. It emphasizes the ethical decision-making process for preparers and auditors of the financial statements.

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): ACCT 3200B or equivalent and graduate standing
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 5350 - Forensic Accounting

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: The course teaches the nature of forensic accounting, financial statement fraud and misappropriation of assets and the
skills to detect, investigate, and prevent fraudulent acts.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 4240B, ACCT 5240B or equivalent, Graduate Standing
Needs Permission to Enroll: No
Special Fee Applied: No

- **ACCT 5360 - Advanced Forensic Accounting**

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: The course builds on the nature of forensic accounting, financial statement fraud, and misappropriation of assets - detection, investigation, and prevention. The course enhances students' professional skills by applying techniques necessary to investigate, detect, and prevent fraud through case studies and simulations.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 4240A or ACCT 5240A, Graduate standing
Needs Permission to Enroll: No
Special Fee Applied: No

- **ACCT 5440A - Advanced Accounting Information Systems**

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course focuses on the study of accounting information systems and internal controls. The course will provide the student with the tools necessary for designing, building, and evaluating accounting information systems. Independent research in accounting information systems is an integral part of this course.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 4240A or ACCT 5240A, Graduate standing.
Needs Permission to Enroll: No
Special Fee Applied: No

- **ACCT 5440B - Advanced Auditing**

(3)
ACCT 5440 - Advanced Auditing

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course examines advanced cases in auditing. Auditors’ responsibilities to users and clients are addressed through the use of case studies and group projects. Challenging audit situations are discussed and the auditor’s ethical obligations are also emphasized. Students are also trained to use audit software and electronic working papers.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ACCT 4240A or ACCT 5240A, Graduate standing
Needs Permission to Enroll: No
Special Fee Applied: No

ACCT 5540 - Special Topics in Accounting

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: In-depth presentation and analyses of topics significant to contemporary business world; lectures, discussions, speakers, and research projects.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Graduate Standing, Varies with topic; see Schedule of Classes for specific prerequisite.
Needs Permission to Enroll: No
Special Fee Applied: No

ACCT 5610 - CPA Exam Preparations

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 1
Max times this course can be taken for credit: 1

Course Description: The course makes students aware of the requirements to sit for the CPA; the process to apply for the exam; and the topics tested on the CPA exam. Students are also introduced to the software used on the CPA exam and other test taking techniques to improve their performance on the exam.

Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Graduate Standing
Needs Permission to Enroll: No
Special Fee Applied: No
• ACCT 5710 - Accounting for Healthcare Managers

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: How to use accounting information to understand and evaluate the performance and financial viability of health care organizations. Tools include management systems, planning, costing, budgeting, financial statements, and control mechanisms.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Graduate Standing
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 5720 - Seminar: Accounting for Small and Medium-Sized Entities

(1)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 1
Max times this course can be taken for credit: 1

Course Description: This course reviews and discusses accounting standards for small and medium-sized entities. Alternative financial reporting standards available for small and medium-sized entities are compared and analyzed to provide useful financial accounting information.

Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Graduate Standing
Needs Permission to Enroll: No
Special Fee Applied: No

• ACCT 5730 - Specialized Industry Accounting

(1)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 1
Max times this course can be taken for credit: 1

Course Description: This course introduces students to the unique accounting standards for specialized industries.

Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
- **ACCT 5750 - Leadership and Professional Skills for Accountants**

  (3)

  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 3  
  Max times this course can be taken for credit: 1

  **Course Description:** Through practice and multiple assessments, this course focuses on the knowledge and development of managerial skills needed to advance in the accounting profession. The skills emphasized in the course include: written and oral communication, critical thinking, problem solving, leadership, teamwork, managing change and conflict, negotiation, networking and delegating.

  **Hours per Week:** 3 lecture hour(s).

Max times this course can be taken for credit: 1

Course Description: Organization and development of human cultural and social systems. This course includes critical examinations of evolutionary theories, and case studies of complex societies of the old and new worlds.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
ANTH 3610 - Race, Racism, and Human Variation

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Evaluation of cultural and environmental influences upon composition and distribution of human populations; consideration of the genetic basis for human variation and biological validity of race concept. Lecture: 3 Units.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Anteprerequisite(s): Completion of GE Block A and one course from Block B.
Needs Permission to Enroll: No
Special Fee Applied: No

GE UD B

ANTH 3700 - Perspectives and Methods of Archaeological Science

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Explores the application of scientific methods to the interpretation of archaeological sites and material remains. Examines the interface between science and archaeology; highlighting its interdisciplinary nature.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Anteprerequisite(s): Completion of GE 4 basic subjects and a course each from lower division Blocks B, C and D.
Needs Permission to Enroll: No
Special Fee Applied: No

GE UD B

ANTH 3790 - Writing Community Stories

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1
Course Description: Analysis and use of select social science modes of writing that present qualitative data, including ethnography, oral history, testimonial, auto-ethnography, and narrative analysis.
Hours per Week: 3 lecture hour(s).
Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): Completion of GE 4 basic subjects and a course each from lower division Blocks B, C and D.
Needs Permission to Enroll: No
Special Fee Applied: No
GE UD D (wi)

ANTH 3850 - Measurement of Human Difference (also listed as PHIL 3850)
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1
Course Description: Exploration of issues of diversity and justice through examination of popularized accounts of scientific research into human difference; topics include I.Q. testing and race, innate gender differences, and sexuality.
Hours per Week: 3 lecture hour(s).
Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): Completion of GE 4 basic subjects and a course each from lower division Blocks B, C and D.
Needs Permission to Enroll: No
Special Fee Applied: No
GE UD B (re)

ANTH 3960 - Honors Thesis
(1-3)
This course is repeatable: Yes
Max # of units may be repeated: 4
Total # of units allowed for credit: 5
Max times this course can be taken for credit: 5
Course Description: Preparation of an honors thesis, under supervision of an adviser, acceptable to departmental honors committee. May be repeated to maximum of 6 units.
Hours per Week: N/A lecture hour(s).
Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): Admission to honors program in Anthropology.
Needs Permission to Enroll: No
Special Fee Applied: No

ANTH 4010 - Comparative Cultures
ANTH 4040 - Peoples of South America

3

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Prehistoric, historic, and contemporary cultures of South America, with emphasis on sociological and ethnological principles of analysis and comparison.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1500
Needs Permission to Enroll: No
Special Fee Applied: No

ANTH 4060 - Indians of North America

3

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Native peoples of North America north of Mexico, their origins, culture change after contact with Europeans.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1500
Needs Permission to Enroll: No
Special Fee Applied: No
• ANTH 4070 - Indians of California

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Native peoples of California, their origins, languages, and cultures.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): ANTH 1500
Needs Permission to Enroll: No
Special Fee Applied: No

• ANTH 4080 - Peasant Cultures of Middle America

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Pre-Spanish civilizations of Mexico and Central America, the conquest and colonial backgrounds of present-day peoples, contemporary societies and cultures of the area.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): ANTH 1500
Needs Permission to Enroll: No
Special Fee Applied: No

• ANTH 4130 - Peoples of Africa

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Historical and cultural backgrounds of traditional and contemporary societies of Africa south of the Sahara, Western and Asian influences, problems of social, economic, and political development.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): ANTH 1500
Needs Permission to Enroll: No
Special Fee Applied: No
• **ANTH 4140 - Peoples of Asia**

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

**Course Description:** Peoples and cultures of Asia; interrelationships of contemporary groups and dynamics of culture change. Emphasis alternates among four areas: Japan and Korea; South Asia; Southeast Asia; China. May be repeated until all areas of emphasis are covered.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): [ANTH 1500](#)
Needs Permission to Enroll: No
Special Fee Applied: No

• **ANTH 4150 - Asian American Communities in Southern California (also listed as AAAS 4150)**

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

**Course Description:** The course examines the Asian American enclaves and communities in Southern California by exploring culture, ethnicity, solidarity, political economy, and resistance in their creation and maintenance of communities. Service learning option available.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No

This is a service learning course.

• **ANTH 4190 - The History of Archaeological Thought**

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

**Course Description:** Examines the intellectual and social trends that have shaped the history of archaeological thought, and traces the development of archaeological perspectives and approaches, from antiquarianism to current theoretical trends.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1700, upper division or graduate standing, instructor approval
Needs Permission to Enroll: No
Special Fee Applied: No

ANTH 4210 - Archaeology of North America
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Early peopling of North America and development of prehistoric cultures in New World north of Mexican high culture area.
Hours per Week: 3 lecture hour(s).
Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): ANTH 1500
Needs Permission to Enroll: No
Special Fee Applied: No

ANTH 4220 - The Archaeology of Islands and Coastlines
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Explores archaeological evidence for the extent and diversity of maritime adaptations around the world. Examines human adaptive variation, issues of insularity, and paleoecology in island and coastal settings.
Hours per Week: 3 lecture hour(s).
Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): ANTH 1700
Needs Permission to Enroll: No
Special Fee Applied: No

ANTH 4230 - Material Culture
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: The analysis and interpretation of utilitarian and non-utilitarian artifacts in early and contemporary cultures.
• ANTH 4240 - Archaeological Field School

(4)

This course is repeatable: Yes
Max # of units may be repeated: 4
Total # of units allowed for credit: 8
Max times this course can be taken for credit: 2

Course Description: Experience and instruction in archaeological field methodologies and techniques (e.g., surveys, mapping, excavations, laboratory analyses, etc.). Lecture 2 hours, laboratory and field work 6 hours. May be repeated to a maximum of 8 units.

Hours per Week: 2 lecture hour(s), 6 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1700, instructor consent
Needs Permission to Enroll: Yes, Instructor Consent
Special Fee Applied: No

• ANTH 4250 - Archaeology of the Old World

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Growth of culture from its earliest beginnings to emergence of great civilizations, utilizing concepts, methods, and data of archaeology.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1500
Needs Permission to Enroll: No
Special Fee Applied: No
Notes:

- All 4000-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser.
- Classified graduate standing is required for enrollment in 5000-level courses; exception applies to students who are enrolled in a postbaccalaureate certificate or credential program.

### ANTH 4260 - Perspectives and Methods in Environmental Archaeology

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Explores the nature of diachronic human-environmental interactions in marine and terrestrial ecosystems. Examines the interface between the natural and biological sciences and archaeology with a focus on human adaptive variation.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Completion of ANTH 1700. Requirement: UD Elective: Archaeology
Needs Permission to Enroll: No
Special Fee Applied: No
• ANTH 4270 - Cultural Resources Management
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Introduction to the concepts, goals, procedures and legislative basis of cultural resource management and historic preservation. Includes consideration of environmental impacts to archaeological, historic, ethnic and Native American values.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1500, ANTH 1700 or ANTH 2600
Needs Permission to Enroll: No
Special Fee Applied: No

• ANTH 4280 - Civilizations of Western Mesoamerica
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course covers Mesoamerican civilization, focusing particularly on the high cultures of Mexico (Olmec, Teotihuacan, Toltec, Aztec, cultures of Oaxaca) and traces ten millennia of development as revealed by archaeology.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1500 or ANTH 1700 or consent of the instructor
Needs Permission to Enroll: No
Special Fee Applied: No

• ANTH 4290 - Maya Civilization
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course covers Maya civilization as revealed by archaeology. Lowland and Highland cultures are studied, with emphasis on social, political, economic, religious systems, as well as aesthetic and intellectual achievements.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1500 or ANTH 1700 or consent of the instructor
Needs Permission to Enroll: No
Special Fee Applied: No
ANTH 4300 - Social Organization

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: Systems of kinship and marriage, with reference to social control, religion, law, politics, and economic organization.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus

Prerequisite(s): ANTH 1500, ANTH 4010 or SOC 4440, instructor consent  
Needs Permission to Enroll: Yes, Instructor Consent  
Special Fee Applied: No

ANTH 4320 - Anthropology of Wealth and Power

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: Theoretical perspectives and comparative ethnographic analyses of political-economic systems of preindustrial societies ranging from bands through contemporary peasantry.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus

Prerequisite(s): ANTH 1500  
Needs Permission to Enroll: No  
Special Fee Applied: No

ANTH 4330 - Urban Anthropology

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: Introduction to urban anthropology, including its history, methods of research, and major schools of thought, highlighting the structuring of urban space and social relations in cities around the world.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus
ANTH 4340 - Globalization and Cultural Change

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Anthropological theory and practice in the changing social, economic, and cultural conditions of the twenty-first century.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

ANTH 4350 - Culture and the Individual

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Exploration of conformity and deviance in society through the comparative study of personality formation in different cultural and subcultural settings.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

ANTH 4360 - Ethnicity and Nationalism

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course explores the origins and spread of nationalism, the national-state, and ethnicity as primary forces in the construction of social identities in the modern world.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
ANTH 4370 - Magic, Witchcraft, and Religion
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Investigation of the domain of the sacred and supernatural in both technologically primitive and advanced societies. Emphasis on magic, witchcraft, taboo, myth, ritual, belief systems, and religious symbols.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

ANTH 4400 - Applied Anthropology
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course covers the history and practice of applied cultural anthropology, including methods, ethics, and careers in applied anthropology.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

ANTH 4410 - Anthropology and Identity
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1
Course Description: This course explores the ways that people understand themselves to be a cultural collective and how they maintain a shared sense of identity.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1500
Needs Permission to Enroll: No
Special Fee Applied: No

ANTH 4420 - Anthropology of Rights

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course examines the roles of social justice and media in the development of concepts of indigenous, cultural, environmental and human rights.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1500
Needs Permission to Enroll: No
Special Fee Applied: No

ANTH 4440 - Medical Anthropology

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Health in sociocultural perspective; applying anthropological concepts and knowledge to an understanding of health.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1500 or SOC 2010 or SOC 1001
Needs Permission to Enroll: No
Special Fee Applied: No

ANTH 4450 - Myth and Folklore

This course is repeatable: No
Max # of units may be repeated: 0
ANTH 4460 - Anthropological Film

This course is repeatable: Yes
Max # of units may be repeated: 4
Total # of units allowed for credit: 8
Max times this course can be taken for credit: 2

Course Description: Survey of anthropological films; Instruction and application of methods for collecting, analyzing, presenting visual ethnographic data. Lecture 3 hours, field laboratory 3 hours. May be repeated to maximum 8 units.

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Consent of instructor.
Needs Permission to Enroll: Yes, Instructor Consent
Special Fee Applied: No

ANTH 4470 - Anthropology of Media

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Introduction to media produced by Indigenous peoples, nonwestern local communities and grassroots activists, and exploration of the analytical frameworks used in anthropology for studying representational practices, subaltern transnational politics and media, global media culture, and cybersocieties.

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1500 or consent of the instructor
Needs Permission to Enroll: No
Special Fee Applied: No
• ANTH 4480 - Sexualities and Gender Diversity in Global Perspective (also listed as WGSS 4480) (3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course examines the diversity of forms of sexuality and their relationship to gender constructs around the world, with a focus on non-Western societies.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1500 or consent of the instructor
Needs Permission to Enroll: No
Special Fee Applied: No

• ANTH 4490 - Anthropology of Race and Racism (also listed as AAAS 4491, CLS 4490, LAS 4490) (3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course examines the anthropological ideas of race, its emergence, and its relationship to the constructions of racisms and racializations in comparative settings and in contemporary situations.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Upper division standing.
Needs Permission to Enroll: No
Special Fee Applied: No

• ANTH 4510 - Death and Dying in the Ancient World (3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course covers the archaeological study of human interaction with the dead, including how various cultures around the world and through time defined death and processing the body for the afterlife. Lecture 3 Units.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
• ANTH 4520 - Bioarchaeology of Asia

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course will introduce the archaeology and prehistory of Central and East Asia from the Neolithic to the Medieval Periods. Lecture 3 Units.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

• ANTH 4530 - Bioarchaeology of Identity

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This class will explore the ways in which bioarchaeological data can reconstruct living identities from the archaeological record, on the individual, population, and state levels. Lecture 3 Units.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

• ANTH 4540 - Special Topics in Anthropology

(1-5)
This course is repeatable: Yes
Max # of units may be repeated: 11
Total # of units allowed for credit: 12
Max times this course can be taken for credit: 12

Course Description: Topics of special interest in anthropology, as announced in Schedule of Classes. May be repeated for credit as subject matter changes.

Hours per Week: 1 lecture hour(s).
**ANTH 4541 - Special Topics in Anthropology**

(1-5)

This course is repeatable: Yes  
Max # of units may be repeated: 4  
Total # of units allowed for credit: 5  
Max times this course can be taken for credit: 5

Course Description: Topics of special interest in anthropology, as announced in Schedule of Classes. May be repeated for credit as subject matter changes.

Hours per Week: 3 laboratory hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus  
Prerequisite(s): As needed for specific topic.  
Needs Permission to Enroll: No  
Special Fee Applied: No

---

**ANTH 4590 - Human Osteology**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: Introduction to the human skeleton and laboratory analysis of bone. Analyzing skeletal remains in Anthropological context. Discussion of uses of human osteology in forensic work, bioarchaeology, and paleopathology. Lecture 2 Units Lab 1 Unit.

Hours per Week: 2 lecture hour(s), 3 laboratory hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus  
Prerequisite(s): ANTH 2600 or BIOL 2010  
Needs Permission to Enroll: No  
Special Fee Applied: No

---

**ANTH 4600 - Human Evolution**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1
Course Description: Critical examination of fossil evidence for human evolution considering importance of cultural evolution. Emphasizes recent discoveries and controversial theories surrounding them.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 2600
Needs Permission to Enroll: No
Special Fee Applied: No

**ANTH 4620 - Human Ecology and Adaptation**

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Comparative study of the adaptations of diverse human populations to their environments.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 2600
Needs Permission to Enroll: No
Special Fee Applied: No

**ANTH 4630 - Forensic Anthropology**

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Introduction to forensic anthropology, techniques for recovery of skeletonized remains, analyzing skeletal remains, time since death, special techniques including DNA, facial reconstruction and photo superimposition, legal aspects of forensic anthropology.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Instructor consent.
Needs Permission to Enroll: Yes, Instructor Consent
Special Fee Applied: No

**ANTH 4640 - Methods and Techniques in Biological Anthropology**

This course is repeatable: Yes
Max # of units may be repeated: 4
Total # of units allowed for credit: 8
Max times this course can be taken for credit: 2

Course Description: Methods of data gathering and analysis in biological anthropology, including consideration of practical problems in field research and advantages and limitations of various field and laboratory techniques. Content changes with instructor. Lecture 3 hours, laboratory 3 hours. May be repeated to a maximum of 8 units.

Hours per Week: 3 lecture hour(s). 3 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 2600, instructor consent
Needs Permission to Enroll: Yes, Instructor Consent
Special Fee Applied: No

ANTH 4660 - Paleopathology

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Examination of skeletal disease in archaeological populations, the impact of infectious disease on political and social systems and the intersection between modern medical anthropology and the study of ancient remains.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 2600 or BIOL 2010 or BIOL 2020 or permission of instructor
Needs Permission to Enroll: No
Special Fee Applied: No

ANTH 4670 - Human Evolution in Pop Culture

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Examination of popular culture ideas about human evolution through use of current films, television shows, novels, and graphic novels/comic books. Lecture 3 Units.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Upper division standing or instructor approval.
Needs Permission to Enroll: No
Special Fee Applied: No
ANTH 4700 - Language and Culture (also listed as ENGL 4130)  
(3)  
This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1  

Course Description: Nature, origin, and evolution of language; survey of approaches and studies illustrating variations in the relation of habitual thought and behavior to language.  
Hours per Week: 3 lecture hour(s).  
Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus  
Prerequisite(s): ANTH 1500  
Needs Permission to Enroll: No  
Special Fee Applied: No  

ANTH 4710 - Introduction to Linguistics (also listed as ENGL 4100)  
(3)  
This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1  

Course Description: Descriptive and historical study of language; problems of data collection and techniques of analysis, linguistic structure, language classification, language families of the world, language in its sociocultural setting.  
Hours per Week: 3 lecture hour(s).  
Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus  
Prerequisite(s): Upper division standing.  
Needs Permission to Enroll: No  
Special Fee Applied: No  

ANTH 4720 - Linguistic Analysis  
(3)  
This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1  

Course Description: A problems course in anthropological techniques of phonemic and morphemic analysis; close reading of technical, descriptive literature; survey of phonological and grammatical systems of non-Indo-European languages.  
Hours per Week: 3 lecture hour(s).  
Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus  
Prerequisite(s): ANTH 1500  
Corequisite(s): ANTH 4710
- **ANTH 4750 - Primate Behavior**
  
  (3)
  
  **This course is repeatable:** No  
  **Max # of units may be repeated:** 0  
  **Total # of units allowed for credit:** 3  
  **Max times this course can be taken for credit:** 1
  
  **Course Description:** Introduction to the non-human primates (prosimians, Old and New World monkeys and apes), with a particular focus on primate behavior, biology and ecology. Lecture 3 Units.  
  **Hours per Week:** 3 lecture hour(s).
  
  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus
  
  **Prerequisite(s):** [ANTH 2600](#) or consent of the instructor  
  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No

- **ANTH 4760 - Primate Sexuality**
  
  (3)
  
  **This course is repeatable:** No  
  **Max # of units may be repeated:** 0  
  **Total # of units allowed for credit:** 3  
  **Max times this course can be taken for credit:** 1
  
  **Course Description:** This course will review primate sexual behaviour from an evolutionary perspective. Following a survey of mating patterns, specific topics will be discussed, including mating strategies, mate choice and sperm competition. Lecture 3 Units.  
  **Hours per Week:** 3 lecture hour(s).
  
  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus
  
  **Prerequisite(s):** [ANTH 2600](#) or consent of the instructor  
  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No

- **ANTH 4770 - Anthropological Genetics**
  
  (3)
  
  **This course is repeatable:** No  
  **Max # of units may be repeated:** 0  
  **Total # of units allowed for credit:** 3  
  **Max times this course can be taken for credit:** 1
  
  **Course Description:** Introduction to the use of molecular genetics in physical anthropology. Topics include genetic diversity in human populations, the genetics of disease, primatological genetics and forensic applications. Lecture 3 Units.  
  **Hours per Week:** 3 lecture hour(s).
ANTH 4800 - Anthropological Methods and Techniques

(5)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 5
Max times this course can be taken for credit: 1

Course Description: Introduction to methodology of anthropological research, including methods of ethnographic investigation, ethnological analysis, and logical processes of problem-solving. Lecture 4 hours, laboratory and field work 6 hours.

Hours per Week: 3 lecture hour(s). 6 laboratory hour(s).

ANTH 4810 - Academic Writing

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Introduction to conceptualizing, writing, revising, and publishing the principal academic genres encountered by students including CVs, statements of purpose, scholarships, grant proposals and research reports. Grade of C or better in this course satisfies the Graduation Writing Assessment Requirement.

Hours per Week: 3 lecture hour(s).

ANTH 4820 - Readings in Anthropology

(1)

This course is repeatable: Yes
Max # of units may be repeated: 2
Total # of units allowed for credit: 3
ANTH 4850 - Archaeological Analysis

This course is repeatable: Yes
Max # of units may be repeated: 4
Total # of units allowed for credit: 8
Max times this course can be taken for credit: 2

Course Description: Introduction to the basic concepts, principles, goals, and methodologies of archaeological analysis and interpretation. May be repeated to a maximum of 12 units for credit. Lecture 4 hours, laboratory 6 hours.
Hours per Week: 3 lecture hour(s). 3 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1700
Needs Permission to Enroll: No
Special Fee Applied: No

ANTH 4880 - Project Design in Anthropology

This course is repeatable: Yes
Max # of units may be repeated: 3
Total # of units allowed for credit: 4
Max times this course can be taken for credit: 4

Course Description: Training in methods by which research projects in any of the four fields of anthropology are devised and executed. Develop applied and technical skills involved in designing a project. May be repeated to a maximum of 4 units.
Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Instructor consent.
Needs Permission to Enroll: Yes, Instructor Consent
Special Fee Applied: No

ANTH 4970 - History of Ethnological Theory
ANTH 4990 - Undergraduate Directed Study

(1-3)

This course is repeatable: Yes
Max # of units may be repeated: 4
Total # of units allowed for credit: 5
Max times this course can be taken for credit: 5

Course Description: Project selected in conference with sponsor before registration, progress meetings held regularly, and final report submitted. May be repeated to maximum of 5 units.

Hours per Week: N/A lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Instructor consent to act as sponsor.
Needs Permission to Enroll: Yes, Instructor Consent
Special Fee Applied: No

ANTH 5010 - Seminar: Ethnography

(3)

This course is repeatable: Yes
Max # of units may be repeated: 5
Total # of units allowed for credit: 8
Max times this course can be taken for credit: 2

Course Description: Selected topics in major world areas, as announced in Schedule of Classes. May be repeated for credit to maximum of 8 units for different areas.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Graduate standing in a social science major, instructor consent.
Needs Permission to Enroll: Yes, Instructor Consent
ANTH 5100 - Seminar: Anthropological Theory and Analysis

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Advanced consideration of problems involved in application of anthropological theory to cultural data; limitations of contemporary analytical methods.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No

ANTH 5110 - Seminar: Anthropological Theory and Analysis

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Advanced consideration of problems involved in application of anthropological theory to cultural data; limitations of contemporary analytical methods.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No

ANTH 5200 - Seminar: Archaeology

(3)

This course is repeatable: Yes
Max # of units may be repeated: 5
Total # of units allowed for credit: 8
Max times this course can be taken for credit: 2

Course Description: Archaeological theory, method, and relationship of archaeological materials to central problems of anthropology. May be repeated once for credit.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
ANTH 5210 - Development of Archaeological Theory

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Presents advanced consideration of the development of archaeological theory from a historical perspective.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Graduate standing or instructor consent.
Needs Permission to Enroll: No
Special Fee Applied: No

ANTH 5240 - Archaeological Field School

(4)

This course is repeatable: Yes
Max # of units may be repeated: 4
Total # of units allowed for credit: 8
Max times this course can be taken for credit: 2

Course Description: Advanced experience and instruction in archaeological field methodologies and techniques (e.g., surveys, mapping, excavations, laboratory analyses, etc.). Lecture 2 hours, laboratory and field work 2 hours. May be repeated to a maximum of 8 units.
Hours per Week: 2 lecture hour(s). 6 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ANTH 1700, ANTH 4240, instructor consent
Needs Permission to Enroll: Yes, Instructor Consent
Special Fee Applied: No

ANTH 5300 - Seminar: Social Organization

(3)

This course is repeatable: Yes
Max # of units may be repeated: 5
Total # of units allowed for credit: 8
Max times this course can be taken for credit: 2

Course Description: Problems and theories of contemporary social anthropology. May be repeated once for credit.
Hours per Week: 3 lecture hour(s).
• **ANTH 5600 - Seminar: Physical Anthropology**

(3)

This course is repeatable: Yes  
Max # of units may be repeated: 5  
Total # of units allowed for credit: 8  
Max times this course can be taken for credit: 2

Course Description: Problems and theories of contemporary physical anthropology. May be repeated once for credit.

**Hours per Week:** 3 lecture hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus  
Prerequisite(s): Classified graduate standing in anthropology.  
Needs Permission to Enroll: No  
Special Fee Applied: No

• **ANTH 5630 - Advanced Forensic Anthropology**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: Advanced topics in forensic anthropology, including recovery techniques, analyzing skeletal remains, time since death, special techniques, facial reconstruction and photo superimposition, legal aspects of forensic anthropology. Lecture 3 hours, activity 2 hours.

**Hours per Week:** 2 lecture hour(s), 2 activity hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus  
Prerequisite(s): ANTH 3610 or ANTH 4620  
Needs Permission to Enroll: No  
Special Fee Applied: No

• **ANTH 5640 - Forensic Osteology**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: Advanced forensic anthropological study of human skeletal system, including identification of skeletal fragments,
preparation and curation of human remains and relevant federal and California laws pertaining to human remains. Lecture 2 hours, Activity 4 hours.

**Hours per Week:** 1.5 lecture hour(s). 3 activity hour(s).

**Grading:** ABCDF

**Mode of Delivery:** Face to Face

**Campus:** Main Campus

**Prerequisite(s):** ANTH 4590, ANTH 4630, ANTH 5630, or consent of instructor

**Needs Permission to Enroll:** No

**Special Fee Applied:** No

---

**ANTH 5650 - Bioarchaeology**

(3)

This course is repeatable: No

Max # of units may be repeated: 0

Total # of units allowed for credit: 3

Max times this course can be taken for credit: 1

**Course Description:** Interpretation of prehistoric and historic human remains for disease, stress, injury and violence. Demographic history of once-living populations. Legal and ethical issues in the field.

**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF

**Mode of Delivery:** Face to Face

**Campus:** Main Campus

**Prerequisite(s):** Graduate standing or instructor approval.

**Needs Permission to Enroll:** No

**Special Fee Applied:** No

---

**ANTH 5700 - Seminar: Language and Culture**

(3)

This course is repeatable: Yes

Max # of units may be repeated: 5

Total # of units allowed for credit: 8

Max times this course can be taken for credit: 2

**Course Description:** Advanced study of concepts of language and culture; use of linguistic data and methods in anthropology; relationships between linguistic and nonlinguistic behavior; linguistic models. May be repeated for credit.

**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF

**Mode of Delivery:** Face to Face

**Campus:** Main Campus

**Prerequisite(s):** ANTH 4700 or ANTH 4710, additional 9 units of Anthropology courses

**Needs Permission to Enroll:** No

**Special Fee Applied:** No

---

**ANTH 5760 - Primate Sexual Selection**

(3)

This course is repeatable: No
**Anthropology 5800 - Ethnographic Field School**

(4)

- **Course Description:** Advanced principles and methods concerned with ethnographic field work; techniques of gathering, reporting, and interpreting field data relating to research problems and design. Lecture 2 hours, laboratory and field work 6 hours. May be repeated to a maximum of 8 units.

- **Hours per Week:** 2 lecture hour(s), 6 laboratory hour(s).

- **Grading:** ABCDF

- **Mode of Delivery:** Face to Face

- **Campus:** Main Campus

- **Prerequisite(s):** Classified graduate standing in anthropology

- **Needs Permission to Enroll:** No

- **Special Fee Applied:** No

---

**Anthropology 5810 - Writing a Research Proposal**

(3)

- **Course Description:** Introduction to formulating and presenting a research question in the form of a proposal, including grant and thesis proposals.

- **Hours per Week:** 3 lecture hour(s).

- **Grading:** ABCDF

- **Mode of Delivery:** Face to Face

- **Campus:** Main Campus

- **Prerequisite(s):** Graduate standing

- **Needs Permission to Enroll:** No

- **Special Fee Applied:** No
• ANTH 5940 - Seminar: Problems in Anthropology

(3)

This course is repeatable: Yes
Max # of units may be repeated: 5
Total # of units allowed for credit: 8
Max times this course can be taken for credit: 2

Course Description: Problems and theories of contemporary anthropology. May be repeated once for credit.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Classified graduate standing in anthropology.
Needs Permission to Enroll: No
Special Fee Applied: No

• ANTH 5960 - Comprehensive Examination

(0)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 0
Max times this course can be taken for credit: 1

Course Description: Must comply with college and department requirements.
Hours per Week: 0 lecture hour(s).

Grading: CR/NC
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Advancement to Candidacy
Needs Permission to Enroll: No
Special Fee Applied: No

• ANTH 5980 - Graduate Directed Study

(1-3)

This course is repeatable: Yes
Max # of units may be repeated: 7
Total # of units allowed for credit: 8
Max times this course can be taken for credit: 8

Course Description: Independent study of advanced topics in field; regular conferences with sponsor. May be repeated to maximum of 6 units.
Hours per Week: N/A lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Instructor consent to act as sponsor.
Needs Permission to Enroll: Yes, Instructor Consent
Special Fee Applied: No
ANTH 5990 - Thesis
(1-2)
This course is repeatable: Yes
Max # of units may be repeated: 4
Total # of units allowed for credit: 5
Max times this course can be taken for credit: 5
Course Description: Independent research resulting in a thesis. Must be repeated to total of 5 units.
Hours per Week: N/A lecture hour(s).
Grading: CR/NC
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): Advancement to Candidacy, completion of 24 units in M.A. program as well as ANTH 4810, ANTH 5100 and/or ANTH 5110.
Instructor consent to act as sponsor, departmental approval of thesis proposal prior to registration.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

Art (Undergraduate)

★ Upper division standing is prerequisite to enrollment in all upper division art courses.
★ Students majoring or minoring in Art must have completed applicable lower division core courses or equivalents; students in other fields must have instructor consent.

ART 1011 - World Art History I: Ancient to Gothic
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1
Course Description: Survey of the historical development of world art including painting, sculpture, and architecture of the Paleolithic, Ancient, and Medieval periods.
Hours per Week: 3 lecture hour(s).
Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus
Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No

---

**ART 1030 - Two-Dimensional Art Fundamentals**

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Introduction to fundamental concepts, organizing principles and historical references of two-dimensional art and design. Studio projects develop a visual vocabulary of two-dimensional elements and relationships common to all forms of creative expression.
Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
- **ART 1090 - Three-Dimensional Art Fundamentals**

  (3)
  
  This course is repeatable: No
  Max # of units may be repeated: 0
  Total # of units allowed for credit: 3
  Max times this course can be taken for credit: 1
  
  **Course Description:** Introduction to three-dimensional form in nature, sculpture, design and architecture. Recitation 1 hour, activity 4 hours.
  
  **Hours per Week:** 4 activity hour(s). 1 recitation hour(s).
  
  **Grading:** ABCDF
  
  **Mode of Delivery:** Face to Face
  
  **Campus:** Main Campus
  
  **Prerequisite(s):** None
  
  **Needs Permission to Enroll:** No
  
  **Special Fee Applied:** Yes

- **ART 2112 - Fashion, Fiber, and Materials Studio: Surface**
  (3)

  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 3  
  Max times this course can be taken for credit: 1  

  **Course Description:** Introductory studio course exploring the materials and making methods of textile and material surfaces: applique, embroidery, block printing, dye and stenciling as the techniques relate to the making two-dimensional objects. Activity 6 hours.

  Hours per Week: 6 activity hour(s).

  Grading: ABCDF
  Mode of Delivery: Face to Face, Hybrid
  Campus: Main Campus

  Needs Permission to Enroll: No
  Special Fee Applied: Yes

  - **ART 2120 - Technology I in Fashion, Fiber and Materials**
    (3)

    This course is repeatable: No  
    Max # of units may be repeated: 0  
    Total # of units allowed for credit: 3  
    Max times this course can be taken for credit: 1  

    **Course Description:** Introductory studio course exploring digital media processes and applications for Fashion, Fiber and Materials. Activity 6 hours.

    Hours per Week: 6 activity hour(s).

    Grading: ABCDF
    Mode of Delivery: Face to Face
    Campus: Main Campus

    Prerequisite(s): None
    Pre/Co-requisite(s): ART 2100
    Needs Permission to Enroll: No
    Special Fee Applied: No

  - **ART 2130 - Historic Survey of Fashion, Fiber and Materials**
    (3)

    This course is repeatable: No  
    Max # of units may be repeated: 0  
    Total # of units allowed for credit: 3  
    Max times this course can be taken for credit: 1  

    **Course Description:** An ancient to modern historic survey course exploring fiber, textiles and dress in the context of art, design and craft movements.
ART 2140 - Body, Appearance and Adornment
(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Modern to contemporary exploration of humanities performative expression of body, dress and adornment through the lens of race, gender expression, identity politics, and economics.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Needs Permission to Enroll: No
Special Fee Applied: No

ART 2200 - Concept Development
(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Introduction to design thinking and problem solving methodology required for upper division coursework. Activities cover; problem identification, research and information gathering, idea generation, evaluation, and presentation. Lecture 3 hours.

Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ART 1030, ART 1090, ART 1590
Needs Permission to Enroll: No
Special Fee Applied: No

ART 2330 - Color Theory and Perception
(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
**ART 2370 - History of Design**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1  

**Course Description:** Historical survey of design and the design process, including an examination of artistic, cultural, social, and theoretical factors that influence design. Lecture 3 hours.  
**Hours per Week:** 3 lecture hour(s).  
**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus  

**Prerequisite(s):** None  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No  

---

**ART 2400 - Art and Life Perspectives**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1  

**Course Description:** Comparative analyses of art forms that express views of time, environment, ancestry, birth and death among indigenous and mixed cultures (developing and industrial). Lecture 3 hours.  
**Hours per Week:** 3 lecture hour(s).  
**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus  

**Prerequisite(s):** None  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No  

GE E (d)
**ART 2540 - Special Topics in Art**  
(1-3)

This course is repeatable: Yes  
Max # of units may be repeated: 5  
Total # of units allowed for credit: 6  
Max times this course can be taken for credit: 6

**Course Description:** Current topics of special interest, as announced in Schedule of Classes. May be repeated to maximum of 9 units.  
**Hours per Week:** 2 activity hour(s).  
**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus  
**Prerequisite(s):** As needed for specific topic.  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No

*Articulation C-ID: ARTS 200*

This University course articulates with any California Community College (CCC) course that is approved by the C-ID program and given the corresponding “C-ID Course” designation listed here. The articulation is one-way articulation, meaning the approved community college course will articulate for the indicated course credit at the four-year university. Articulation does NOT apply from the four-year institution to the community college or between the four-year institutions.

---

**ART 2541 - Special Topics in Art**  
(1-3)

This course is repeatable: Yes  
Max # of units may be repeated: 5  
Total # of units allowed for credit: 6  
Max times this course can be taken for credit: 6

**Course Description:** Current topics of special interest, as announced in Schedule of Classes. May be repeated to maximum of 9 units.  
**Hours per Week:** 1 lecture hour(s).  
**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus  
**Prerequisite(s):** As needed for specific topic.

ART 2800 - World Animation History
(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Survey and analysis of diverse international animation practices, including the history, cultural influences and contemporary interpretations of animation. Lecture 3 hours.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No

GE C1 (wi)

ART 2870 - Introduction to Photographic Processes
(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Basic principles of black and white photography: tools, materials, techniques, and approaches to photography as an expressive medium. Cameras are available for check out. Recitation 1 hours, activity 4 hours.

Hours per Week: 4 activity hour(s). 1 recitation hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No

Articulation C-ID: ARTS 260
This University course articulates with any California Community College (CCC) course that is approved by the C-ID program and given the corresponding “C-ID Course” designation listed here. The articulation is one-way articulation, meaning the approved community college course will articulate for the indicated course credit at the four-year university. Articulation does NOT apply from the four-year institution to the community college or between the four-year institutions.

ART 3030 - Three-Dimensional Design
(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1
**Course Description:** Theoretical, historical, and functional study of three-dimensional design for creative development. Studio projects explore a variety of materials, processes and technologies. Lecture 1 hour, activity 4 hours.

**Hours per Week:** 1 lecture hour(s). 4 activity hour(s).

**Grading:** ABCDF

**Mode of Delivery:** Face to Face

**Campus:** Main Campus

**Prerequisite(s):** ART 1030, ART 1090

**Needs Permission to Enroll:** No

**Special Fee Applied:** No

---

• **ART 3050 - Soft Technology**

(3)

**This course is repeatable:** No

**Max # of units may be repeated:** 0

**Total # of units allowed for credit:** 3

**Max times this course can be taken for credit:** 1

**Course Description:** Intermediate studio course exploring digital media processes and applications related to textiles and wearables: textile design, 3D printing, digital knitting and weaving.

**Hours per Week:** 6 activity hour(s).

**Grading:** ABCDF

**Mode of Delivery:** Face to Face, Hybrid, Online

**Campus:** Main Campus

**Prerequisite(s):** ART 1800

**Needs Permission to Enroll:** No

**Special Fee Applied:** No

---

• **ART 3070 - Intermediate Ceramic Art**

(3)

**This course is repeatable:** Yes

**Max # of units may be repeated:** 3

**Total # of units allowed for credit:** 6

**Max times this course can be taken for credit:** 2

**Course Description:** Intermediate level study of ceramic art concepts, processes, and history. Development of concepts and techniques to achieve individual expression. Students with disabilities unable to access the University ceramics lab in the Fine Arts building must request a reasonable accommodation from the Office for Students with Disabilities ideally two weeks in advance of the class start date. The Office for Students with Disabilities will coordinate with other University units to provide reasonable accommodations for students who require assistance, including but not limited to accessing the kilns, potter's wheels, and sinks, plus providing any other equipment or assistance needed to participate in the class. Lecture 1 hour, activity 4 hours. May be repeated to maximum of 6 units.

**Hours per Week:** 1 lecture hour(s). 4 activity hour(s).

**Grading:** ABCDF

**Mode of Delivery:** Face to Face

**Campus:** Main Campus

**Prerequisite(s):** ART 1520 or consent of instructor

**Needs Permission to Enroll:** No

**Special Fee Applied:** Yes
• ART 3080 - Graphic Design I

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Introduction to fundamental concepts of graphic design theory and practice including strategy, concept, design and production for visual communication.

Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ART 1800 and ART 2200, and ART 2370
Needs Permission to Enroll: No
Special Fee Applied: No

• ART 3100 - Portfolio for Fashion, Fiber and Materials

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Hours per Week: 4 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ART 2100, ART 2111, ART 2112, ART 2120, ART 2130, ART 2140
Needs Permission to Enroll: No
Special Fee Applied: Yes

• ART 3110 - Social Engagement with Fashion, Fiber, and Materials

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: The course examines socially responsible innovations in fashion, fiber and materials practices, as related to community engagement - on a local, national and global level.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Completion of GE 4 basic subjects and a course each from lower division Blocks B, C and D
Needs Permission to Enroll: No
Special Fee Applied: No
GE UD C (cl)

- **ART 3113 - Fashion, Fiber, and Materials Studio: Form**
  
  (3)
  
  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 3  
  Max times this course can be taken for credit: 1

  **Course Description:** Intermediate studio course exploring the materials and making methods of textile and material forms: patterning three-dimensional shapes for wearables; methods of construction; uses, qualities and applications of fiber substrates in creating shape. Activity 6 hours.  
  **Hours per Week:** 6 activity hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face, Hybrid  
  **Campus:** Main Campus  
  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No

- **ART 3130 - Typography I**
  
  (3)
  
  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 3  
  Max times this course can be taken for credit: 1

  **Course Description:** Study of typographic principles, analysis of historical references in typographic design, and use of digital tools for typography in communication design practice.  
  **Hours per Week:** 6 activity hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus  
  **Prerequisite(s):** ART 1800 and ART 2200 and ART 2370  
  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No

- **ART 3140 - Intermediate Sculpture**
  
  (3)
  
  This course is repeatable: Yes  
  Max # of units may be repeated: 3  
  Total # of units allowed for credit: 6  
  Max times this course can be taken for credit: 2

  **Course Description:** Continued examination and development of creative approaches in sculpture concepts and processes and the introduction of digital production. Exploration of varied materials as used in individual expression. Recitation 1 hours, activity 4 hours. May be repeated to maximum of 6 units.  
  **Hours per Week:** 1 lecture hour(s). 4 activity hour(s).

  **Grading:** ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ART 1500
Needs Permission to Enroll: No
Special Fee Applied: Yes
Notes:

- All 4000-level courses may be applied toward master’s degree requirements, subject to limits established by the department and approval of the graduate adviser.
- Classified graduate standing is required for enrollment in 5000-level courses; exception applies to students who are enrolled in a postbaccalaureate certificate or credential program.

Course Descriptions

Art (Undergraduate)

- Upper division standing is prerequisite to enrollment in all upper division art courses.
- Students majoring or minoring in Art must have completed applicable lower division core courses or equivalents; students in other fields must have instructor consent.

ART 3160 - Foundations of Art

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Exploration of issues in the visual arts as related to philosophies, theories, and practices of teaching and learning in art. Includes field experiences. Lecture 2 hours; activity 2 hours.

Hours per Week: 2 lecture hour(s). 2 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No
• ART 3170 - Visual Arts in Urban Contexts

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: A study of visual arts in various urban contexts. Comparative studies of artists, urban art forums, and processes of achieving recognition and legitimacy among diverse groups. May include service learning (optional). Lecture 3 hours.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Completion of GE 4 basic subjects and a course each from lower division Blocks B, C and D.
Needs Permission to Enroll: No
Special Fee Applied: No

GE UD C (c)
This is a service learning course.

• ART 3220 - Interactive Design I

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: The study and design of interactive experiences, including the effective organization and communication of ideas and information.

Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ART 1800 and ART 2200 and ART 2370
Needs Permission to Enroll: No
Special Fee Applied: No

• ART 3400 - Art Practicum

(2)
This course is repeatable: Yes
Max # of units may be repeated: 4
Total # of units allowed for credit: 6
Max times this course can be taken for credit: 3

Course Description: Supervised practical field experience in gallery and art/design exhibition process. Limited to 2 units per semester. Meets 4 hours per week and includes assignments. May be repeated to a maximum of 6 units for free elective credit only.

Hours per Week: 4 activity hour(s).

Grading: ABC-NC (Undergraduate Only)
Mode of Delivery: Face to Face
ART 3410 - Modern to Contemporary History of Fashion, Fiber and Materials
(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Modern to contemporary history course exploring fashion, fiber, textiles, crafts and related art and design movements. Lecture 3 hours.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No

ART 3560 - Written Expression in Arts
(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: The study and practice of the oral and written communication in the context of the theoretical, aesthetical, philosophical, and critical interpretation of the arts. Lecture 3 hours. Grade of C or better in this course satisfies the Graduation Writing Assessment Requirement.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No

(wi) GWAR

ART 3600 - Visual & Critical Studies in Contemporary Art & Design
(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1
Course Description: Study of key frameworks relevant to contemporary art, design, critical theory, and visual studies, with a special focus on creative practice in and around Los Angeles. Grade of C or better in this course satisfies the Graduation Writing Assessment Requirement.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No

---

- ART 3640 - Intermediate Drawing

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Historical study in composition with diversified subjects. Comprehensive drawings in line, value and shape. Lecture 1 hour, activity 4 hours.

Hours per Week: 1 lecture hour(s). 4 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ART 1590 or consent of instructor
Needs Permission to Enroll: No
Special Fee Applied: No

---

- ART 3700 - The Art and Social Impact of Music Videos

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: This course will inspire participants to read and write about engaging visual and auditory issues representing race, gender, class and sexuality in music videos produced for promotional and artistic purposes. Analytical writing proficiency about a wide variety of media, including computer games, concert films, television music engagement, motion graphics sequences and YouTube-generated content will be discussed.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Completion of GE 4 basic subjects and a course each from lower division Blocks B, C and D.
Needs Permission to Enroll: No
Special Fee Applied: No

GE UD C (d)
• **ART 3740 - Intermediate Painting**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

**Course Description:** Continued study of history, styles and content in painting with emphasis on development of individual concepts. Lecture 1 hour, activity 4 hours.  
**Hours per Week:** 1 lecture hour(s). 4 activity hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus

**Prerequisite(s):** ART 1550  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No

• **ART 3760 - Story and Visualization**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

**Course Description:** Introduction to visual storytelling and content development in preparation for animation projects. Research and exploration of visualization techniques, using imaginative approaches to develop character, narrative and storyboard creativity. Lecture 2 hours, activity 4 hours.  
**Hours per Week:** 1 lecture hour(s). 4 activity hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus

**Prerequisite(s):** ART 1030, ART 1590  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** Yes

• **ART 3780 - Art and Motion**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

**Course Description:** Application of a variety of analog and digital animation approaches that focus on the essential art of time and movement. Lecture 2 hours, activity 4 hours.  
**Hours per Week:** 1 lecture hour(s). 4 activity hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus

**Prerequisite(s):** ART 2800  
**Needs Permission to Enroll:** No
- Special Fee Applied: No

- **ART 3800 - Two-Dimensional Animation**

  (3)

  This course is repeatable: No
  Max # of units may be repeated: 0
  Total # of units allowed for credit: 3
  Max times this course can be taken for credit: 1

  **Course Description:** Production of two-dimensional animated projects, using digital and drawing techniques, as well as other two-dimensional animation methods. Activity 6 hours.

  **Hours per Week:** 6 activity hour(s).

  **Grading:** ABCDF
  **Mode of Delivery:** Face to Face
  **Campus:** Main Campus

  **Prerequisite(s):** ART 1800, ART 2800
  **Needs Permission to Enroll:** No
  **Special Fee Applied:** No

- **ART 3810 - Experimental Animation**

  (3)

  This course is repeatable: No
  Max # of units may be repeated: 0
  Total # of units allowed for credit: 3
  Max times this course can be taken for credit: 1

  **Course Description:** Production and practice of non-narrative animation approaches and techniques, with a focus on animation that originates from color, texture; and material experimentation. Lecture 2 hours, activity 4 hours.

  **Hours per Week:** 1 lecture hour(s). 4 activity hour(s).

  **Grading:** ABCDF
  **Mode of Delivery:** Face to Face
  **Campus:** Main Campus

  **Prerequisite(s):** ART 2800, ART 3780
  **Needs Permission to Enroll:** No
  **Special Fee Applied:** Yes

- **ART 3830 - Digital Modeling**

  (3)

  This course is repeatable: No
  Max # of units may be repeated: 0
  Total # of units allowed for credit: 3
  Max times this course can be taken for credit: 1

  **Course Description:** Use of three-dimensional digital modeling methods to create sculptural content and objects interpreted from direct observation. Creative texturing, lighting and surfacing methods are explored. Lecture 2 hours, activity 4 hours.

  **Hours per Week:** 1 lecture hour(s). 4 activity hour(s).

  **Grading:** ABCDF
  **Mode of Delivery:** Face to Face
ART 3870 - Color and Digital Photography  
(3)  
- This course is repeatable: No  
- Max # of units may be repeated: 0  
- Total # of units allowed for credit: 3  
- Max times this course can be taken for credit: 1  

Course Description: Introduction to general photographic color principles; analog and digital photographic tools, materials and approaches. Students produce a comprehensive body of work utilizing color processes. Recitation 1 hour, activity 4 hours.  

Hours per Week: 1 lecture hour(s). 4 activity hour(s).  

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus  

Prerequisite(s): ART 1800  
Needs Permission to Enroll: No  
Special Fee Applied: Yes  

ART 3880 - Illustration  
(3)  
- This course is repeatable: No  
- Max # of units may be repeated: 0  
- Total # of units allowed for credit: 3  
- Max times this course can be taken for credit: 1  

Course Description: The study and practice of illustration with an emphasis on various media, composition and narrative values; including study of the historical development of illustration and its role in social context. Activity 6 hours.  

Hours per Week: 6 activity hour(s).  

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus  

Prerequisite(s): ART 1590, ART 2330, ART 2400  
Needs Permission to Enroll: No  
Special Fee Applied: No  

ART 3900 - Art and Design in the Community  
(3)  
- This course is repeatable: Yes  
- Max # of units may be repeated: 3  
- Total # of units allowed for credit: 6  
- Max times this course can be taken for credit: 2  

Course Description: Art and design in public places, the organization of public space and community identity. Participation in collaborative activities utilizing art and design skills in service to the community. May be repeated to a maximum of 8 units. Lecture 2 hours, activity 4 hours.
ART 3980 - Cooperative Education
(1-6)
- This course is repeatable: Yes
- Max # of units may be repeated: 5
- Total # of units allowed for credit: 6
- Max times this course can be taken for credit: 6

Course Description: Cooperative Education

ART 4000 - Teaching Methods for Elementary Education: Art
(3)
- This course is repeatable: No
- Max # of units may be repeated: 0
- Total # of units allowed for credit: 3
- Max times this course can be taken for credit: 1

Course Description: Teaching methods include approaches to art criticism, aesthetics, and creative thinking as well as a variety of studio media focus on the developmental needs and abilities of students at the elementary level. Lecture 1 hour and Activity 2 hours. Some sections include service learning.

ART 4010 - Proseminar: Critical Theories in Visual Arts
(2)
- This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 2
Max times this course can be taken for credit: 1

Course Description: Systematic approach to art theory, criticism, and evaluation within the visual arts; development of independent critical and artistic viewpoints with regard to creation of art forms.
Hours per Week: 2 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): (ART 1011 or ART 1013), ART 4260, Art major senior standing or recommendation of department
Needs Permission to Enroll: No
Special Fee Applied: Yes

- **ART 4030 - Critical Theory in Fashion, Fiber and Materials**

  (3)

  This course is repeatable: No
  Max # of units may be repeated: 0
  Total # of units allowed for credit: 3
  Max times this course can be taken for credit: 1

  Course Description: Exploration of the theories of Fashion, Fiber and Materials, investigating their meanings and their relationships to issues of identity, class, gender, labor, economy and politics.
  Hours per Week: 3 lecture hour(s).

  Grading: ABCDF
  Mode of Delivery: Face to Face
  Campus: Main Campus

  Prerequisite(s): None Pre/Co-requisite(s): ART 2100
  Needs Permission to Enroll: No
  Special Fee Applied: No

- **ART 4040 - Advanced Fashion, Fiber and Materials**

  (3)

  This course is repeatable: No
  Max # of units may be repeated: 0
  Total # of units allowed for credit: 3
  Max times this course can be taken for credit: 1

  Course Description: Development and production of student projects in a selected area of Fashion, Fiber and Materials, utilizing materials and implementing methods of their choice. 6 hours activity.
  Hours per Week: 6 activity hour(s).

  Grading: ABCDF
  Mode of Delivery: Face to Face
  Campus: Main Campus

  Prerequisite(s): None Pre/Co-requisite(s): ART 3100
  Needs Permission to Enroll: No
  Special Fee Applied: No
• ART 4060 - Ancient Near Eastern Art and Archaeology

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Art and archaeology of ancient Mesopotamia, Egypt, Crete, and Greece. Principal monuments of architecture, sculpture, and the applied arts.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No

• ART 4080 - Graphic Design II

(3)

This course is repeatable: Yes
Max # of units may be repeated: 3
Total # of units allowed for credit: 6
Max times this course can be taken for credit: 2

Course Description: Advanced theory and practice of graphic design using visual communication processes and technologies. Project planning and development through study and application of professional practices.
Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ART 3080 and ART 3130 and ART 3220
Needs Permission to Enroll: No
Special Fee Applied: Yes

• ART 4110 - Greek and Roman Art

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Art of Greece, its development in Hellenistic and Roman times, and the Etruscan influences.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No
• ART 4114 - Fashion, Fiber, and Materials Studio: Critical Design

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Advanced studio with a critical theory approach to design; implementing design fiction and speculative design to challenge the assumptions and concepts of the role of wearable objects in everyday life.

Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid
Campus: Main Campus

Prerequisite(s): ART 2111 and ART 2112 and ART 3113
Needs Permission to Enroll: No
Special Fee Applied: Yes

• ART 4115 - Mapping Fashion, Fiber, and Materials

(3)

This course is repeatable: Yes
Max # of units may be repeated: 3
Total # of units allowed for credit: 6
Max times this course can be taken for credit: 2

Course Description: Geographically explore systems and practices of production, exhibition and consumption of art, apparel, craft, design and textiles. Each semester offering will consider a different region. An annual optional study trip will be offered in the summer following the course.

Hours per Week: 3 lecture hour(s).

Grading: CR/NC
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No

• ART 4120 - Advanced Ceramic Art

(3)

This course is repeatable: Yes
Max # of units may be repeated: 6
Total # of units allowed for credit: 9
Max times this course can be taken for credit: 3

Course Description: Advanced techniques, concepts, analysis, and history of ceramic art. Student productions of ceramic art using varied methods and approaches. Students with disabilities unable to access the University ceramics lab in the Fine Arts building must request a reasonable accommodation from the Office for Students with Disabilities ideally two weeks in advance of the class start date. The Office for Students with Disabilities will coordinate with other University units to provide reasonable accommodations for students who require assistance, including but not limited to accessing the kilns, potter’s wheels, and sinks, plus providing any other equipment or assistance.
needed to participate in the class. Lecture 2 hours, activity 3 hours. May be repeated to maximum of 9 units.

Hours per Week: 1 lecture hour(s), 4 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ART 3070
Needs Permission to Enroll: No
Special Fee Applied: Yes

ART 4130 - Typography II

(3)

This course is repeatable: Yes
Max # of units may be repeated: 3
Total # of units allowed for credit: 6
Max times this course can be taken for credit: 2

Course Description: Advanced study of typographic design communication including innovative uses of typography and publication design. Activity 6 hours. May be repeated to a maximum of 6 units.

Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ART 3080 and ART 3130 and ART 3220
Needs Permission to Enroll: No
Special Fee Applied: Yes

ART 4140 - Advanced Painting

(3)

This course is repeatable: Yes
Max # of units may be repeated: 9
Total # of units allowed for credit: 12
Max times this course can be taken for credit: 4

Course Description: Studio painting and pictorial organization. Lecture 2 hours, activity 4 hours. May be repeated to maximum of 12 units.

Hours per Week: 1 lecture hour(s), 4 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ART 3740
Needs Permission to Enroll: No
Special Fee Applied: Yes

ART 4150 - Exhibition and Performance of Fashion, Fiber and Materials

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: An exploration of materials and methods for creating public events, exhibitions, fashion shows and performances as related to Fashion, Fiber and Materials. 6 hours activity.

Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): None  Pre/Co-requisite(s): ART 2100
Needs Permission to Enroll: No
Special Fee Applied: No

• ART 4160 - Medieval Art

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Principal monuments of Medieval architecture, sculpture, and painting covering the Celtic, Carolingian, Ottonian, Romanesque, and Gothic periods.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

ART 4920 - Capstone I: Preparation
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Examination of the major theories, criticism, and research in art and design as they relate to the students' personal and professional practices. Initiation of research for a culminating project to be finalized in ART 4929 Capstone II: Production. Activity, 6 hours.

Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

ART 4921 - Capstone Animation Project
(3)

This course is repeatable: Yes
Max # of units may be repeated: 3
Total # of units allowed for credit: 6
Max times this course can be taken for credit: 2

Course Description: The design, pre-production, production and post-production of an advanced animated work suitable for portfolio presentation. 6 units required for animation option students. Activity 6 hours.

Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): ART 4940, ART 4960
Needs Permission to Enroll: No
Special Fee Applied: No

ART 4922 - Senior Capstone - Art Education
(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Advanced problems in a specific Art Option area. Examination of the major theories, criticism, and research in art. Development of a portfolio and a culminating senior project or research paper. Lecture 2 hours, activity 4 hours.

Hours per Week: 1 lecture hour(s). 4 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Submission of a graduation application and consent of department.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: Yes
• ART 4923 - Senior Capstone - Art History

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Advanced problems in a specific Art Option area. Examination of the major theories, criticism, and research in art. Development of a portfolio and a culminating senior project or research paper. Lecture 2 hours, activity 4 hours.

Hours per Week: 1 lecture hour(s), 4 activity hour(s).

Grading: ABCDF

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Development of a portfolio and production of a culminating senior project and presentation. Activity 6 hours.

Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): ART 4920
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

- **ART 4930 - Digital Image Processing and Illustration**
(3)

This course is repeatable: Yes
Max # of units may be repeated: 3
Total # of units allowed for credit: 6
Max times this course can be taken for credit: 2

Course Description: Advanced study in the use of digital technology and methodology in image processing, image production and illustration. Activity 6 hours. May be repeated to maximum of 6 units.

Hours per Week: 6 activity hour(s).

Grading: ABCDF
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus

**Prerequisite(s):** ART 1800  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No

---

**ART 4940 - Three-Dimensional Animation**

(3)

**This course is repeatable:** No  
**Max # of units may be repeated:** 0  
**Total # of units allowed for credit:** 3  
**Max times this course can be taken for credit:** 1

**Course Description:** Creation of lifelike animation using three-dimensional animation software. Preparation of animated elements and characters for verbal and non-verbal dramatic expression. Activity 6 hours.  
**Hours per Week:** 6 activity hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus

**Prerequisite(s):** ART 1800, ART 2800  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No

---

**ART 4950 - Directed Fieldwork In Art**

(3)

**This course is repeatable:** No  
**Max # of units may be repeated:** 0  
**Total # of units allowed for credit:** 3  
**Max times this course can be taken for credit:** 1

**Course Description:** Supervised field experience in a specific area of art providing an opportunity for students to develop practical knowledge in a professional environment.  
**Hours per Week:** N/A lecture hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus

**Prerequisite(s):** Completion of at least 90 units with a 3.0 GPA or better; approval of department.  
**Needs Permission to Enroll:** Yes, Department Consent  
**Special Fee Applied:** Yes

---

**ART 4960 - Advanced Animation**

(3)

**This course is repeatable:** Yes  
**Max # of units may be repeated:** 3  
**Total # of units allowed for credit:** 6  
**Max times this course can be taken for credit:** 2

**Course Description:** Creation of short dramatic animation projects using both two-dimensional and three-dimensional techniques. Advanced
development of character animation and expressive verbal and nonverbal acting. Lecture 2 hours, activity 4 hours.

Hours per Week: 1 lecture hour(s), 4 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Needs Permission to Enroll: No
Special Fee Applied: Yes

• ART 4990 - Undergraduate Directed Study

(1-2)

This course is repeatable: Yes
Max # of units may be repeated: 5
Total # of units allowed for credit: 6
Max times this course can be taken for credit: 6

Course Description: Project selected in conference with sponsor before registration; progress meetings held regularly and a final report submitted. Limited to 3 units per semester. May be repeated to maximum of 9 units.
Hours per Week: N/A lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Senior standing, completion of all upper division course work in area of study, consent of an instructor to act as sponsor.
Needs Permission to Enroll: Yes, Instructor Consent
Special Fee Applied: Yes

• Art (Graduate)

• All 4000-level courses may be applied toward master’s degree requirements except the following: ART 4000 (Art education option may apply ART 4000), ART 4010, ART 4150, ART 4990.

• Classified graduate standing is required for enrollment in all 5000 level courses.

• ART 5000 - Seminar: Art Education

(3)

This course is repeatable: Yes
Max # of units may be repeated: 3
Total # of units allowed for credit: 6
Max times this course can be taken for credit: 2

Course Description: Opportunities for art education graduate students to evaluate, explore and investigate new techniques, concepts and research in teaching art in K-12 education. May be repeated to maximum of 6 units.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No

•
ART 5011 - Art History Seminar: Studies in Classical and European Art

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: The Classical Cultures of Europe and their Legacies: Varying topics on the Classical cultures, Renaissance, Mannerism and Baroque.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

**Prerequisite(s):** Classified graduate standing.  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No

● **ART 5030 - Graduate Problems in Design**

(2)

**This course is repeatable:** Yes  
**Max # of units may be repeated:** 6  
**Total # of units allowed for credit:** 8  
**Max times this course can be taken for credit:** 4

**Course Description:** Independent research applied to problems of contemporary design permitting students to pursue specific interests in advanced areas. May be repeated to a maximum of 12 units.

**Hours per Week:** 2 lecture hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus, DTLA Campus

**Prerequisite(s):** Classified graduate standing.  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No

● **ART 5042 - MA/MFA Practice in Studio Art**

(3)

**This course is repeatable:** Yes  
**Max # of units may be repeated:** 6  
**Total # of units allowed for credit:** 9  
**Max times this course can be taken for credit:** 3

**Course Description:** Practice and research in a specific area of studio art. Philosophical, conceptual, and practical aspects of professional studio art. Analysis and criticism focusing on the original studio production. May be repeated to a maximum of 9 units.

**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus
ART 5050 - Research in Art Education

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: The conceptual and methodological aspects of historical, and experimental research in art education.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No

ART 5060 - Graduate Studio: Fashion, Fiber and Materials

(3)

This course is repeatable: Yes
Max # of units may be repeated: 6
Total # of units allowed for credit: 9
Max times this course can be taken for credit: 3

Course Description: Exploration of concept development and the production of a collection of objects, textiles, or wearables related to Fashion, Fiber and Materials. May be repeated to a maximum of 6 units. Activity 6 hours.

Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Classified Graduate Standing.
Needs Permission to Enroll: No
Special Fee Applied: No

ART 5070 - Perspectives on Visual Art, Aesthetics, and Culture

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Inquiries into the nature of and relationships among visual art, aesthetics, and culture from various theoretical, philosophical, socio-cultural, and political perspectives.

Hours per Week: 3 lecture hour(s).
• **ART 5082 - MA/MFA Project Development in Design**

(3)

This course is repeatable: Yes  
Max # of units may be repeated: 6  
Total # of units allowed for credit: 9
Max times this course can be taken for credit: 3

**Course Description:** Project development and research in a specific area of design. Discussion and critical evaluation of individual research and studio production of design. Aesthetic, theoretical, and technical aspects of professional design and visual communication are examined. Activity 6 hours. May be repeated to a maximum of 9 units.

**Hours per Week:** 6 activity hour(s).

• **ART 5090 - Graduate Seminar: Fashion, Fiber and Materials**

(3)

This course is repeatable: Yes  
Max # of units may be repeated: 3  
Total # of units allowed for credit: 6
Max times this course can be taken for credit: 2

**Course Description:** Exploratory research, writing, and discussion of contemporary issues in Fashion, Fiber and Materials, culminating in a final research project. 3 hours seminar. May be repeated to a maximum of 6 units.

**Hours per Week:** 3 lecture hour(s).

• **ART 5120 - Graduate Photography**

(2)

This course is repeatable: Yes  
Max # of units may be repeated: 6  
Total # of units allowed for credit: 8
Max times this course can be taken for credit: 4
**ART 5160 - Professional Development: Art and Design in Higher Education**

(3)

**Course Description:** Educational theories, teaching methodologies, instructional strategies and assessment for teaching in art and design, and preparation of professional portfolio for a career in higher education. May be repeated to maximum of 6 units.

**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF

**Mode of Delivery:** Face to Face

**Campus:** Main Campus

**Prerequisite(s):** Classified graduate standing.

**Needs Permission to Enroll:** No

**Special Fee Applied:** No

---

**ART 5170 - Graduate Ceramics**

(3)

**Course Description:** Studio practice and research in ceramics stressing advanced competence in technique and concepts. Periodic group presentations and critical analysis. Students with disabilities unable to access the University ceramics lab in the Fine Arts building must request a reasonable accommodation from the Office for Students with Disabilities ideally two weeks in advance of the class start date. The Office for Students with Disabilities will coordinate with other University units to provide reasonable accommodations for students who require assistance, including but not limited to accessing the kilns, potter’s wheels, and sinks, plus providing any other equipment or assistance needed to participate in the class. May be repeated to maximum of 18 units. Activity 6 hours.

**Hours per Week:** 6 activity hour(s).

**Grading:** ABCDF

**Mode of Delivery:** Face to Face

**Campus:** Main Campus

**Prerequisite(s):** Classified graduate standing.

**Needs Permission to Enroll:** No

**Special Fee Applied:** No
ART 5220 - Graduate Interactive Design

This course is repeatable: Yes
Max # of units may be repeated: 6
Total # of units allowed for credit: 9
Max times this course can be taken for credit: 3

Course Description: Advanced Design, production and dissemination of computer based interactive inquiries that relate specifically to creative and conceptual goals. Emphasis is on effective theoretical and innovative uses of interactive technology. Activity 6 hours, May be repeated to a maximum of 9 units.

Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Classified graduate standing.
Needs Permission to Enroll: No
Special Fee Applied: No
Notes:

- All 4000-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser.
- Classified graduate standing is required for enrollment in 5000-level courses; exception applies to students who are enrolled in a postbaccalaureate certificate or credential program.

ART 5310 - Research Methodologies in Art

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Research methodologies and practices of artistic inquiry. Conceptual and technical issues in and requirements related to M.A. and M.F.A. theses, and projects in the Art department.

Hours Per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): None
Needs Permission to Enroll: No
Special Fee Applied: No
ART 5440 - Graduate Painting and Drawing

(3)

This course is repeatable: Yes
Max # of units may be repeated: 9
Total # of units allowed for credit: 12
Max times this course can be taken for credit: 4

Course Description: Studio work in various media of painting and drawing, stressing professional competence in techniques and concepts of art. May be repeated to maximum of 12 units. Activity 6 hours.
Hours per Week: 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Classified graduate standing.
Needs Permission to Enroll: No
Special Fee Applied: No

ART 5540 - Special Topics in Art

(1-3)

This course is repeatable: Yes
Max # of units may be repeated: 5
Total # of units allowed for credit: 6
Max times this course can be taken for credit: 6

Course Description: Selected topics reflecting current issues, problems, and interests in art. May be repeated for credit to maximum of 9 units as subject matter changes.
Hours per Week: 2 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): As needed for specific topic.
Needs Permission to Enroll: Yes, Instructor Consent
Special Fee Applied: No

ART 5541 - Special Topics in Art

(1-3)

This course is repeatable: Yes
Max # of units may be repeated: 5
Total # of units allowed for credit: 6
Max times this course can be taken for credit: 6

Course Description: Selected topics reflecting current issues, problems, and interests in art. May be repeated for credit to maximum of 9 units as subject matter changes.
Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
**ART 5740 - Graduate Printmaking**
(3)

This course is repeatable: Yes  
Max # of units may be repeated: 3  
Total # of units allowed for credit: 6  
Max times this course can be taken for credit: 2

Course Description: Studio work in printmaking media stressing professional competence in techniques and art concepts for digital media, intaglio, lithography, relief or serigraphy. May be repeated to maximum of 6 units. Activity 6 hours.

Hours per Week: 6 activity hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus

Prerequisite(s): Classified graduate standing.  
Needs Permission to Enroll: No  
Special Fee Applied: No

**ART 5840 - Graduate Sculpture**
(3)

This course is repeatable: Yes  
Max # of units may be repeated: 9  
Total # of units allowed for credit: 12  
Max times this course can be taken for credit: 4

Course Description: Studio practice in sculpture with the intent of developing a professional body of work. Relevant discussions, periodic group presentations and critical analysis. May be repeated to maximum of 12 units. Activity 6 hours.

Hours per Week: 6 activity hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus

Prerequisite(s): Classified graduate standing.  
Needs Permission to Enroll: No  
Special Fee Applied: No

**ART 5940 - Graduate Animation**
(2)

This course is repeatable: Yes  
Max # of units may be repeated: 10  
Total # of units allowed for credit: 12  
Max times this course can be taken for credit: 6

Course Description: Advanced study and production of animation based on clearly stated creative and conceptual goals. Individual expression and innovation are emphasized. May be repeated to a maximum of 12 units.

Hours per Week: 4 activity hour(s).
• **ART 5950 - MFA Professional Field Work in Art**

  (1-6)
  
  This course is repeatable: Yes  
  Max # of units may be repeated: 5  
  Total # of units allowed for credit: 6  
  Max times this course can be taken for credit: 6  

  **Course Description:** Supervised field work experience in professional art industry: museums, publications, design, and business. May be repeated to maximum of 6 units.  
  
  **Hours per Week:** N/A lecture hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus  

  **Prerequisite(s):** Classified graduate standing.  
  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No

• **ART 5950A - Directed Field Work in Art**

  (1-3)
  
  This course is repeatable: Yes  
  Max # of units may be repeated: 5  
  Total # of units allowed for credit: 6  
  Max times this course can be taken for credit: 6  

  **Course Description:** Supervised experience in professional art industry: community sites, museums, publications, and business. May be repeated to maximum of 6 units.  
  
  **Hours per Week:** N/A lecture hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus  

  **Prerequisite(s):** None  
  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No

• **ART 5960 - Comprehensive Examination**

  (0)
  
  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 0  
  Max times this course can be taken for credit: 1
ART 5980 - Graduate Directed Study
(1-2)
This course is repeatable: Yes
Max # of units may be repeated: 5
Total # of units allowed for credit: 6
Max times this course can be taken for credit: 6

Course Description: Independent study of advanced topics in the field; regular conferences with sponsor. May be repeated to maximum of 9 units.

Hours per Week: N/A lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Instructor consent to act as sponsor.
Needs Permission to Enroll: Yes, Instructor Consent
Special Fee Applied: No

ART 5980A - MFA Directed Study
(1-8)
This course is repeatable: Yes
Max # of units may be repeated: 7
Total # of units allowed for credit: 8
Max times this course can be taken for credit: 8

Course Description: Independent directed study of advanced topics in professional art fields. Regular conferences with sponsor. May be repeated to maximum of 8 units.

Hours per Week: N/A lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Instructor consent to act as sponsor.
Needs Permission to Enroll: Yes, Instructor Consent
Special Fee Applied: No

ART 5990 - Thesis
(1-4)
This course is repeatable: Yes
Max # of units may be repeated: 3
Total # of units allowed for credit: 4
Max times this course can be taken for credit: 4

Course Description: Independent research resulting in a thesis or project. Must be repeated to a maximum of 4 units.
Hours per Week: N/A lecture hour(s).
Grading: CR/NC
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): Advancement to Candidacy. Instructor consent to act as sponsor, departmental approval of topic prior to registration.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

- ART 5995 - Project
  (1-4)
  This course is repeatable: Yes
  Max # of units may be repeated: 5
  Total # of units allowed for credit: 6
  Max times this course can be taken for credit: 6
  Course Description: Independent scholarship resulting in a project. Must be repeated to a maximum of 6 units.
  Hours per Week: N/A lecture hour(s).
  Grading: CR/NC
  Mode of Delivery: Face to Face
  Campus: Main Campus
  Prerequisite(s): Advancement to Candidacy. Instructor consent to act as sponsor, departmental approval of topic prior to registration.
  Needs Permission to Enroll: Yes, Department Consent
  Special Fee Applied: No

- ART 5995A - MFA Project
  (1-9)
  This course is repeatable: Yes
  Max # of units may be repeated: 8
  Total # of units allowed for credit: 9
  Max times this course can be taken for credit: 9
  Course Description: Independent research resulting in MFA project accompanied by a written abstract. May be repeated to maximum of 12 units.
  Hours per Week: N/A lecture hour(s).
  Grading: CR/NC
  Mode of Delivery: Face to Face
  Campus: Main Campus
  Prerequisite(s): Advancement to Candidacy. Instructor consent to act as sponsor, departmental approval of project prior to registration.
  Needs Permission to Enroll: Yes, Department Consent
  Special Fee Applied: No

Arts & Letters (Undergraduate)

**ASTR 4110 - Introduction To Astrophysics**

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: Celestial mechanics; stellar interiors, atmospheres, and evolution; introductory cosmology.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus

Prerequisite(s): PHYS 3300 or PHYS 3400  
Recommended: PHYS 3200, ASTR 4000  
Needs Permission to Enroll: No  
Special Fee Applied: No
• ASTR 4900 - Community Astrophysics Project

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Students use astrophysics knowledge to design a new public exhibit for Griffith Observatory or other science facility and develop Civic Learning/Community Engagement (CL) skills at the upper division level. Astrophysics review and scientific programming culminating in a technical project proposal.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): (PHYS 3300 or PHYS 3400), (ASTR 3600 or ASTR 3601), (ASTR 4000 or ASTR 4110 or PHYS 4251), PHYS 3200 recommended
Needs Permission to Enroll: No
Special Fee Applied: No

Audiology (Doctoral)

• AUD 6030 - Diagnostic Audiology

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Principles and techniques of behavioral audiometry; air and bone conduction principles, clinical masking, speech audiometry, and differential diagnosis. Includes a review of disorders of the ear and corresponding test results.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

• AUD 6040 - Psychoacoustics and Speech Perception

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Psychophysical concepts underlying clinical audiology. Psychoacoustic abilities of individuals with normal hearing and sensorineural hearing loss. Analysis of the acoustic properties of speech and an overview of speech perception.
AUD 6050 - Instrumentation and Hearing Conservation
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Audiological instrumentation - equipment components and operation; calibration standards and procedures; industrial hearing conservation programs including OSHA regulations, hearing testing, noise measurements, hearing protection and employee education.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus
Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6060 - Speech and Language of Children with Hearing Loss
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Overview of speech and language development. The impact of hearing loss on speech/language development. Issues related to spoken language assessment and intervention, multiculturalism, and team approaches to case management.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus
Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6070 - Research Methods in Audiology
(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Research design methods (quantitative and qualitative) in audiology; ethics in research; application of scientific principles to evidence-based practice; evaluation of research design; and development of a research prospectus.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program, and consent of AuD Program Director, and MATH 1090 or equivalent
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

* AUD 6110 - Hearing Aids I

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: History, structural design and electroacoustic characteristics of hearing aids; real ear measurements, compression, programmability, feedback controls, directional microphones and wireless connectivity. Taking ear impressions; review of earmold acoustics.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

* AUD 6120 - Hearing Aids II

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Hearing aid candidacy, evaluation, selection, and fitting. Hearing aid technology, current programming procedures, performance verification, and dispensing principles. Special systems, pediatric hearing aid fitting, troubleshooting, repairs, shell modification. Some sections of this course may be offered hybrid or online.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program, consent of AuD Program Director, and AUD 6110
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No
AUD 6180 - Implantable Auditory Devices

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Advanced treatment technologies using electronic implantable devices; specifically, cochlear implants, bone anchored hearing aids, and middle hearing aid implants. Includes a review of ear pathologies to determine implant candidacy.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6190 - Adult and Geriatric Rehabilitative Audiology

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Examination of adult and geriatric audiologic rehabilitation. Visual, auditory, and bi-sensory stimuli in communication, assessment of communicative function, auditory training, speech reading, amplification, assistive listening devices, rehabilitative strategies, and the psychosocial aspects of adult and geriatric hearing impairment.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6200 - Pediatric Audiology

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Screening, testing, diagnosis and treatment of children with hearing impairment; the causes and effects of hearing loss in children; intervention including amplification, sound reinforcement technology, educational management, and professional advocacy.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
• **AUD 6250 - Auditory Processing Disorders**

  (3)

  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 3  
  Max times this course can be taken for credit: 1

  **Course Description:** Principles and techniques of the assessment and management of auditory processing disorders, including testing protocols and procedures; a review of auditory neuroanatomy and neurophysiology, and auditory processing mechanisms.  
  **Hours per Week:** 3 lecture hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face, Hybrid, Online  
  **Campus:** Main Campus

  **Prerequisite(s):** Admission to AuD program and consent of AuD Program Director.  
  Needs Permission to Enroll: Yes, Department Consent  
  Special Fee Applied: No

• **AUD 6320 - Medical Aspects of Audiology**

  (3)

  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 3  
  Max times this course can be taken for credit: 1

  **Course Description:** Application of audiology in a medical environment. Pathophysiology of hearing and balance, systematic conditions affecting the auditory system, management of hearing and balance disorders. Overview of pharmacology.  
  **Hours per Week:** 3 lecture hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face, Hybrid, Online  
  **Campus:** Main Campus

  **Prerequisite(s):** Admission to AuD program and consent of AuD Program Director.  
  Needs Permission to Enroll: Yes, Department Consent  
  Special Fee Applied: No

• **AUD 6330 - Genetics of Hearing Loss**

  (3)

  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 3  
  Max times this course can be taken for credit: 1

  **Course Description:** Development of the hearing and balance structures; genetic basis of hearing loss; overview of syndromic and non-syndromic hearing losses. Strategies for referral to genetic counselors and other health care professionals.  
  **Hours per Week:** 3 lecture hour(s).

  **Grading:** ABCDF
AUD 6370 - Physiological Assessment Of The Auditory System I

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Concepts and procedures in physiological assessment of auditory system with special emphases on otoacoustic emissions and auditory brainstem responses. Laboratory experience in procedures and interpretation.

Hours per Week: 2 lecture hour(s). 3 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6371 - Physiological Assessment Of The Auditory System II

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Physiological measures of auditory system with auditory steady-state evoked responses, electrocochleography, middle latency and cortical-level auditory potentials. Laboratory experience in procedures and interpretation. Integration of physiologic results in case studies.

Hours per Week: 2 lecture hour(s). 3 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program, consent of AuD Program Director, and AUD 6370
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6380 - Vestibular System Assessment

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1
Course Description: Anatomy and physiology of the vestibular and ocular-motor systems. Development of basic skills and interpretation of electronystagmography/videonystagmography (ENG/VNG). Disorders of patients presenting vertiginous symptoms with emphasis on findings.

Hours per Week: 2 lecture hour(s). 3 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6400 - Professional And Business Issues In Audiology

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Service delivery, ethical considerations, business plans, marketing, financial issues in clinical practice management. Includes human resource management, supervision, personal considerations, clinic protocols, patient management systems, referral sources, billing, and contracts.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6500 - Clinical Procedures In Audiology

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Principles of work in a clinical audiology environment; case histories, otoscopy, test administration, reviewing results, making a diagnosis, and counseling patients. Includes charting and report writing.

Hours per Week: 1 lecture hour(s). 4 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid
Campus: Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6510 - Clinical Practicum In Audiology I

(3)
AUD 6520 - Clinical Practicum In Audiology II

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 2
Max times this course can be taken for credit: 1

Course Description: Supervised clinical experience performing diagnostic testing and special testing procedures; aural rehabilitation including hearing aid evaluation, selection, and fitting services; includes patient interaction, counseling, referrals and reports.

Hours per Week: N/A lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6530 - Clinical Practicum In Audiology III

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 2
Max times this course can be taken for credit: 1

Course Description: Supervised clinical experience performing diagnostic testing and special testing procedures; aural rehabilitation including hearing aid evaluation, selection, and fitting services; includes patient interaction, counseling, referrals and reports.

Hours per Week: N/A lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No
• **AUD 6610 - Clinical Externship In Audiology I**

(4)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 4  
Max times this course can be taken for credit: 1

**Course Description:** Supervised Off-Campus experience performing diagnostic testing and special testing procedures; aural rehabilitation including hearing aid evaluation, selection, and fitting services; includes patient interaction, counseling, referrals and reports.  
**Hours per Week:** 12 laboratory hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.  
Needs Permission to Enroll: Yes, Department Consent  
Special Fee Applied: No

• **AUD 6620 - Clinical Externship In Audiology II**

(4)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 4  
Max times this course can be taken for credit: 1

**Course Description:** Supervised Off-Campus experience performing diagnostic testing and special testing procedures; aural rehabilitation including hearing aid evaluation, selection, and fitting services; includes patient interaction, counseling, referrals and reports.  
**Hours per Week:** 12 laboratory hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.  
Needs Permission to Enroll: Yes, Department Consent  
Special Fee Applied: No

• **AUD 6630 - Clinical Externship In Audiology III**

(4)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 4  
Max times this course can be taken for credit: 1

**Course Description:** Supervised Off-Campus experience performing diagnostic testing and special testing procedures; aural rehabilitation including hearing aid evaluation, selection, and fitting services; includes patient interaction, counseling, referrals and reports.  
**Hours per Week:** 12 laboratory hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus
AUD 6710 - Clinical Residency In Audiology I
(9)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 9
Max times this course can be taken for credit: 1
Course Description: Supervised Full-time Off-Campus clinic residency performing diagnostic testing and special testing procedures; aural rehabilitation including hearing aid evaluation, selection, and fitting services; includes patient interaction, counseling, referrals and reports.
Hours per Week: 27 laboratory hour(s).
Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6720 - Clinical Residency In Audiology II
(9)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 9
Max times this course can be taken for credit: 1
Course Description: Supervised Full-time Off-Campus clinic residency performing diagnostic testing and special testing procedures; aural rehabilitation including hearing aid evaluation, selection, and fitting services; includes patient interaction, counseling, referrals and reports.
Hours per Week: 27 laboratory hour(s).
Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6730 - Clinical Residency In Audiology III
(9)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 9
Max times this course can be taken for credit: 1
Course Description: Supervised Full-time Off-Campus clinic residency performing diagnostic testing and special testing procedures; aural rehabilitation including hearing aid evaluation, selection, and fitting services; includes patient interaction, counseling, referrals and reports.
Hours per Week: 27 laboratory hour(s).
AUD 6800 - Doctoral Preliminary Examination In Audiology

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 0
Max times this course can be taken for credit: 1

Course Description: Mandatory examination required for continuation in second year of doctoral program. Examination will address content from first year courses.
Hours per Week: N/A lecture hour(s).

Grading: CR/NC
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6850 - Doctoral Qualifying Examination In Audiology

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 0
Max times this course can be taken for credit: 1

Course Description: Mandatory examination required for advancement to candidacy in the AuD Program. Examination will address content from courses in first and second years of the AuD Program.
Hours per Week: N/A lecture hour(s).

Grading: CR/NC
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): Completion of courses in years one and two of the AuD Program; consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6910 - Doctoral Project In Audiology I

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 2
Max times this course can be taken for credit: 1
Course Description: Students prepare to conduct the doctoral investigative project. Students identify a clinically-relevant question, develop a literature review, and present a project prospectus.

Hours per Week: N/A activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Advancement to Candidacy in AuD program, consent of AuD Program Director, completion of AUD 6070, and passing score on doctoral qualifying examination (AUD 6850)
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

---

• AUD 6920 - Doctoral Project In Audiology II

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 2
Max times this course can be taken for credit: 1

Course Description: Continuation of the doctoral investigative project. Students select and analyze a specific clinical, research or professional question. Students acquire the material and background necessary to develop the methodology, and collect and analyze the data for the investigative project.

Hours per Week: N/A activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program, satisfactory completion of AUD 6910, and doctoral project committee approval of project.
Needs Permission to Enroll: No
Special Fee Applied: No

---

• AUD 6930 - Doctoral Project In Audiology III

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 2
Max times this course can be taken for credit: 1

Course Description: Culmination of the doctoral investigative project. Students complete the investigative project, including data interpretation, and development of strategies for dissemination of project findings. Completion of the project includes a professional paper and a public presentation.

Hours per Week: N/A activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program and satisfactory completion of AUD 6920
Needs Permission to Enroll: No
Special Fee Applied: No

---

• AUD 6981 - Grand Rounds And Seminar In Audiology I
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 1
Max times this course can be taken for credit: 1

Course Description: In conjunction with off-campus clinical residency, a review of current assessment cases, the evaluation, diagnosis, and treatment options. Also, a review of rehabilitation cases including hearing aid or implantable device fittings.
Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

AUD 6982 - Grand Rounds And Seminar In Audiology II

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 1
Max times this course can be taken for credit: 1

Course Description: In conjunction with off-campus externship, a review of current assessment cases, the evaluation, diagnosis, and treatment options. Also, a review of rehabilitation cases including hearing aid or implantable device fittings.
Hours per Week: 1 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid, Online
Campus: Main Campus

Prerequisite(s): Admission to AuD program and consent of AuD Program Director.
Needs Permission to Enroll: Yes, Department Consent
Special Fee Applied: No

Aviation Administration (Undergraduate)

TECH 1400 - General Aeronautics

This course is repeatable: No
Max # of units may be repeated: 3
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Introduction to aerodynamics, aircraft systems, flight instruments, regulations, airport operations, meteorology, aircraft performance, pilotage, navigation and communications procedures.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid
Campus: Main Campus

Prerequisite(s): None
Notes:

- All 4000-level courses may be applied toward master's degree requirements, subject to limits established by the department and approval of the graduate adviser.
- Classified graduate standing is required for enrollment in 5000-level courses; exception applies to students who are enrolled in a postbaccalaureate certificate or credential program.

### Aviation Administration (Undergraduate)

- **TECH 1430 - Airport Operations**

  (3)

  This course is repeatable: No
  Max # of units may be repeated: 0
  Total # of units allowed for credit: 3
  Max times this course can be taken for credit: 1

  **Course Description:** Overview of the operation of general aviation and commercial airports. Course includes ground and baggage handling, terminal and airfield operations, aircraft emergencies, ground access, and FAR Part 139.

  **Hours per Week:** 3 lecture hour(s).

  **Grading:** ABCDF
  **Mode of Delivery:** Face to Face
  **Campus:** Main Campus

  **Prerequisite(s):** None
  **Needs Permission to Enroll:** No
  **Special Fee Applied:** No
- TECH 3400 - Airline Operations

This course is repeatable: No  
Max # of units may be repeated: 3  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: Operational techniques and current problems confronting airlines: control tower operations, airport lighting, radio and meteorological service, reservations, ticketing, passenger trends, feasibility route studies, fire and crash protection, and air route traffic control centers. Field trips included.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face, Hybrid  
Campus: Main Campus

Prerequisite(s): Junior or Senior Standing.
Needs Permission to Enroll: No  
Special Fee Applied: No

- TECH 3410 - General Aviation Operations and Administration

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: Airport administration; organization, personnel, maintenance, zoning, facilities adequacy, financing, planning, operations, revenues and expenses, public relations, evaluation and safety; socioeconomic effect of airports on communities served.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus

Prerequisite(s): None  
Needs Permission to Enroll: No  
Special Fee Applied: No

- TECH 3420 - Airline Administration

This course is repeatable: No  
Max # of units may be repeated: 3  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: An introduction to the deregulated and global airline industry of the 21st century, including LFA competition, fleet and network realignment, mergers, acquisitions and bankruptcies.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face, Hybrid  
Campus: Main Campus

Prerequisite(s): Junior or Senior standing.
Needs Permission to Enroll: No
**TECH 3430 - Airport Administration**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

**Course Description:** Airport operations management; lighting, fuel systems, field marking, field buildings, hangars, communications, maintenance, protection/security, fire-fighting, and surrounding security problems and airport strategic management.

**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus

**Prerequisite(s):** Upper division standing or instructor approval.  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No

---

**TECH 3440 - Aviation Law**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

**Course Description:** Introduction to aviation law within the context of local, state, federal and international regulations, treaties and conventions.

**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus

**Prerequisite(s):** Upper division standing.  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No

---

**TECH 3450 - Air Cargo**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

**Course Description:** Business plan for start-up cargo airline includes mission/vision statements, forecasting, payload/range analysis, market opportunity research, sales and promotion strategies, and cost/revenue analysis.

**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face
TECH 3460 - National Airspace System and Air Traffic Control

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: U.S. system of air navigation and air traffic control; communications, facilities, airways, controlled and special use airspace, and authorized flight procedures.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Upper division standing or instructor approval.
Needs Permission to Enroll: No
Special Fee Applied: No

--

TECH 4400 - Safety Factors in Aviation

(3)

This course is repeatable: No
Max # of units may be repeated: 3
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Aviation safety related to air traffic control, passenger service, maintenance, and ground/air operations; history, accidents, terminology, liability, worker performance, information source, and safety program organization.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid
Campus: Main Campus

Prerequisite(s): Junior or Senior Standing.
Needs Permission to Enroll: No
Special Fee Applied: No

--

TECH 4410 - Aviation Sales

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Sales in airline operations and aviation industry; research, demand analysis, advertising and promotion, traffic and price determination.
TECH 4420 - Airport Planning

(3)

This course is repeatable: No
Max # of units may be repeated: 3
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Concepts of airport planning and construction; community surveys related to social, economic, and physical characteristics; political influences and phases of airport construction.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid
Campus: Main Campus

Prerequisite(s): Junior or Senior standing.
Needs Permission to Enroll: No
Special Fee Applied: No

TECH 4430 - Air Transportation

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Facilities, state and federal regulations, legal characteristics, problems, and services of U.S. carriers; organizational function of Federal Aviation Agency, Civil Aeronautics Board, and U.S. Bureau of Transportation.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Upper division standing.
Needs Permission to Enroll: No
Special Fee Applied: No

TECH 4460 - Airport Finance

(3)

This course is repeatable: No
Max # of units may be repeated: 0
TECH 4470 - Senior Seminar: Aviation Problems

This course is repeatable: No
Max # of units may be repeated: 3
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Selected topics about current aeronautical administration problems; interaction with aviation executives. Field trips may be required.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid
Campus: Main Campus

Prerequisite(s): Senior standing
Needs Permission to Enroll: No
Special Fee Applied: No

TECH 4480 - Case Studies in Airline Finance

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Case studies of airline finances and the tools to analyze them. Includes interactive spreadsheet analysis of airline economic base, financial statements, sources and uses of funds, and financial planning.
Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Upper division standing.
Needs Permission to Enroll: No
Special Fee Applied: No
• BINF 4000 - Bioinformatics (also listed as CHEM 4860)

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Theory and application of software programs that analyze genes and proteins; creation of programs designed to search databases and align sequences.

Hours per Week: 2 lecture hour(s). 3 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): (BIOL 1100 or CHEM 4300) and (upper division); or graduate level standing
Needs Permission to Enroll: No
Special Fee Applied: No

• BINF 4020 - Phylogenomic Analysis

(2)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 2
Max times this course can be taken for credit: 1

Course Description: Fundamentals of phylogenetics and tools for large-scale phylogenomic analyses. Interpretation of gene and species trees, selection of evolutionary models, implementation of phylogenetic analyses, interpretation of support statistics, and hypothesis testing.

Hours per Week: 1 lecture hour(s). 3 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): (BINF 4000 or CHEM 4860), (BIOL 3000 or ECON 3090 or MATH 4740), upper division status and permission of the instructor
Needs Permission to Enroll: No
Special Fee Applied: No

• BINF 4500 - Advanced Topics in Bioinformatics and Computational Biology

(1)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 1
Max times this course can be taken for credit: 1

Course Description: Review of current advances in bioinformatics and computational biology. Recitation-Laboratory 6 hours.

Hours per Week: 3 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
**Prerequisite(s):** BINF 4010  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No  

---

- **BINF 4540 - Special Topics in Bioinformatics**

  (1-3)

  **This course is repeatable:** Yes  
  **Max # of units may be repeated:** 5  
  **Total # of units allowed for credit:** 6  
  **Max times this course can be taken for credit:** 6  

  **Course Description:** Specialized topics in bioinformatics, genomics, or computational biology for advanced level students. May be repeated to a maximum of 6 units.  
  **Hours per Week:** 1 lecture hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus

  **Prerequisite(s):** BINF 4000 or CHEM 4860  
  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No

---

**Biological Sciences (Undergraduate)**

- **BIOL 1010 - General Biology**

  (3)

  **This course is repeatable:** No  
  **Max # of units may be repeated:** 0  
  **Total # of units allowed for credit:** 3  
  **Max times this course can be taken for credit:** 1  

  **Course Description:** Introductory biology for non-majors with an emphasis on the process of science and principles common to all domains of life; topics include metabolism, inheritance, evolution, organismal structure and function. Lecture 2 hours, laboratory 3 hours. No credit toward Biology major or minor.  
  **Hours per Week:** 2 lecture hour(s). 6 laboratory hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face, Hybrid, Online  
  **Campus:** Main Campus

  **Prerequisite(s):** None  
  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No

  **GE B2**

---

- **BIOL 1030 - Life Science**

  (4)

  **This course is repeatable:** No  
  **Max # of units may be repeated:** 0  
  **Total # of units allowed for credit:** 4  
  **Max times this course can be taken for credit:** 1
Course Description: Basic concepts in life science such as the flow of energy and information through biological systems from micro- to macro-scales. The process of science and principles common to all domains of life; topics include metabolism, inheritance, evolution, organismal structure and function. No credit toward Biology major or minor. Recommended for Elementary Subject Matter (ESM) majors.

Hours per Week: 3 lecture hour(s). 3 laboratory hour(s).

Grading: ABCDF

Mode of Delivery: Face to Face

Campus: Main Campus

Needs Permission to Enroll: No

Special Fee Applied: No

GE B2*- restricted to specific major

---

BIOL 1040 - Science Orientation

(2)

This course is repeatable: No

Max # of units may be repeated: 0

Total # of units allowed for credit: 2

Max times this course can be taken for credit: 1

Course Description: Exploration of skills essential for success in the sciences; presentations by professional scientists. No credit toward science majors.

Hours per Week: 2 lecture hour(s).

Grading: CR/NC

Mode of Delivery: Face to Face

Campus: Main Campus

Prerequisite(s): Instructor consent.

Needs Permission to Enroll: Yes, Instructor Consent

Special Fee Applied: No

---

BIOL 1054 - Selected Topics in Biology

(1-3)

This course is repeatable: Yes

Max # of units may be repeated: 2

Total # of units allowed for credit: 3

Max times this course can be taken for credit: 3

Course Description: Topics of current interest in biology as announced in Schedule of Classes. No credit toward Biology major or minor.

Hours per Week: 1 lecture hour(s).

Grading: ABC-/NC (Undergraduate Only)

Mode of Delivery: Face to Face

Campus: Main Campus

Prerequisite(s): None

Needs Permission to Enroll: No

Special Fee Applied: No

---

BIOL 1100 - Cellular Basis of Life

(5)
BIOL 190 - The Flow of Energy and Information Through Biological Systems

Course Description: The flow of energy and information through biological systems from micro- to macro-scales. Cellular structure and function across the domains of life, metabolism, Mendelian genetics, and genetic information flow. Lecture 3 hours, Laboratory 3 hours. Recitation 1 hour.

Hours per Week: 3 lecture hour(s), 3 laboratory hour(s), 1 recitation hour(s).

Grading: ABCDF

Mode of Delivery: Face to Face

Campus: Main Campus

Prerequisite(s): None

Pre/Co-requisite(s): MATH 1081 or MATH 1040 or equivalent.

Needs Permission to Enroll: No

Special Fee Applied: No

GE B2* - restricted to specific major

Articulation C-ID: BIOL 190

This University course articulates with any California Community College (CCC) course that is approved by the C-ID program and given the corresponding "C-ID Course" designation listed here. The articulation is one-way articulation, meaning the approved community college course will articulate for the indicated course credit at the four-year university. Articulation does NOT apply from the four-year institution to the community college or between the four-year institutions.

BIOL 1200 - Diversity of Life

Course Description: Introduction to the ecology, evolution, and diversity of life; structure and function, reproduction, and energy metabolism in plants, animals, and fungi. Lecture 3 hours, Laboratory 3 hours, and Recitation 1 hour.

Hours per Week: 3 lecture hour(s), 3 laboratory hour(s), 1 recitation hour(s).

Grading: ABCDF

Mode of Delivery: Face to Face

Campus: Main Campus

Prerequisite(s): BIOL 1100 with a grade of C or better

Pre/Co-requisite(s): MATH 1083 or MATH 1085 or MATH 1040 or equivalent.

Needs Permission to Enroll: No

Special Fee Applied: No

GE B2* - restricted to specific major

Articulation C-ID: BIOL 140

This University course articulates with any California Community College (CCC) course that is approved by the C-ID program and given the corresponding "C-ID Course" designation listed here. The articulation is one-way articulation, meaning the approved community college course will articulate for the indicated course credit at the four-year university. Articulation does NOT apply from the four-year institution to the community college or between the four-year institutions.

BIOL 2020 - Human Anatomy and Physiology II

Course Description: Anatomy and physiology of the cardiovascular, respiratory, nervous, endocrine, and reproductive systems. Lecture 3 hours, laboratory 3 hours. No credit toward Biology major or minor.
BIOL 2030 - Human Anatomy

(4)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 4
Max times this course can be taken for credit: 0

Course Description: Students will be exposed to the fundamental gross and microscopic anatomy of the human body. Topics covered include the integumentary, skeletal, muscular, nervous, digestive, respiratory, cardiovascular, lymphoid, urinary, reproductive and endocrine systems.

Hours per Week: 3 lecture hour(s). 3 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Pre/Co-requisite(s): CHEM 1010 or CHEM 1040 or CHEM 1100
Needs Permission to Enroll: No
Special Fee Applied: No

Articulation C-ID: BIOL 115 B S
To receive full transfer credit, students must take both BIOL 2010 and BIOL 2020. This University course articulates with any California Community College (CCC) course that is approved by the C-ID program and given the corresponding "C-ID Course" designation listed here. The articulation is one-way articulation, meaning the approved community college course will articulate for the indicated course credit at the four-year university. Articulation does NOT apply from the four-year institution to the community college or between the four-year institutions.

BIOL 2040 - Human Physiology

(4)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 4
Max times this course can be taken for credit: 0

Course Description: Students will focus on basic physiological mechanisms underlying human life processes. Topics to be covered include the integumentary, skeletal, muscular, nervous, digestive, respiratory, cardiovascular, lymphoid, urinary, reproductive and endocrine systems.

Hours per Week: 3 lecture hour(s). 3 laboratory hour(s).

Grading: ABCDF
BIOL 2800 - Physiology for Biomedical Engineering

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Basic human physiology and its connection to engineering design. Pathophysiology of some major diseases and disorders that are currently treated and/or monitored by biomedical devices and technology. Lecture 3 hours per week.

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): CHEM 1040
Needs Permission to Enroll: No
Special Fee Applied: No

BIOL 3000 - Biostatistics

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 4
Max times this course can be taken for credit: 0

Course Description: Statistical analyses of data, including statistical computing, with applications to the life sciences. Topics include data visualization, experimental design, t-tests, ANOVA, chi-squared tests, and linear and logistic regression.

Grading: ABCDF
Mode of Delivery: Face to Face, Online
Campus: Main Campus

Prerequisite(s): Grade of C or higher in (BIOL 1200 or CHEM 4300) and (MATH 1085 or MATH 1083 or MATH 1040 (or equivalent Math course)).
Needs Permission to Enroll: No
Special Fee Applied: No

BIOL 3084 - Biology of Human Aging

(3)
This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Age-related changes in human physiology and anatomy at the molecular, cellular, and organismal levels; relationship of late-onset diseases to the aging process. No credit toward biology major or minor. Lecture 3 hours.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): Completion of GE 4 basic subjects and a course each from lower division Blocks B, C and D.
Needs Permission to Enroll: No
Special Fee Applied: No

GE UD B

- BIOL 3100 - General Microbiology (also listed as MICR 3100)

(4)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 4
Max times this course can be taken for credit: 1

Course Description: Fundamental biological principles of microbes. Introduction to structure, function, growth, nutrition, genetics, microbial metabolism and diversity, and environmental, industrial, and medical aspects of microbiology. Lecture 3 hours: laboratory 3 hours.

Hours per Week: 3 lecture hour(s). 3 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): BIOL 1200, CHEM 1110
Needs Permission to Enroll: No
Special Fee Applied: No

- BIOL 3200 - Professional Writing in the Life Sciences

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Introduction to writing techniques and conventions within the life sciences; intensive practice in discipline-specific communication including research papers, reviews, presentations, curriculum vitae, and professional letters. Lecture 1 hour, activity 6 hours. Grade of C or better in this course satisfies the Graduation Writing Assessment Requirement.

Hours per Week: 1 lecture hour(s). 6 activity hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Hybrid
Campus: Main Campus

Prerequisite(s): ENGL 1050 or equivalent  Corequisite(s): BIOL 3000
Needs Permission to Enroll: No
Special Fee Applied: No
- **BIOL 3400 - Principles of Genetics**
  
  (3)
  
  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 3  
  Max times this course can be taken for credit: 1

  **Course Description:** This course will focus on the integration of molecular genetics with classical transmission genetics and examines the transmission, mutation, and function of genetic material in primarily eukaryotic cells.
  
  **Hours per Week:** 3 lecture hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus

  **Prerequisite(s):** None  
  **Pre/Co-requisite(s):** [BIOL 3000](#)  
  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No

- **BIOL 3401 - Molecular & Cellular Laboratory**
  
  (2)
  
  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 2  
  Max times this course can be taken for credit: 1

  **Course Description:** This course will introduce some experimental techniques used to study topics in cell and molecular biology. Laboratory 6 hours.
  
  **Hours per Week:** 6 laboratory hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus

  **Prerequisite(s):** None  
  **Pre/Co-requisite(s):** [BIOL 3400](#) or [CHEM 4310](#)  
  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No

- **BIOL 3500 - Evolution**
  
  (3)
  
  This course is repeatable: No  
  Max # of units may be repeated: 0  
  Total # of units allowed for credit: 3  
  Max times this course can be taken for credit: 1

  **Course Description:** Genetic mechanisms of evolutionary change in populations; patterns and processes of microevolution and population genetics, speciation, and macroevolution.
  
  **Hours per Week:** 3 lecture hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus
**Prerequisite(s):** BIOL 3400  
**Needs Permission to Enroll:** No  
**Special Fee Applied:** No

---

- **BIOL 3600 - Functional Biology**

  (3)

  **This course is repeatable:** No  
  **Max # of units may be repeated:** 0  
  **Total # of units allowed for credit:** 3  
  **Max times this course can be taken for credit:** 1

  **Course Description:** Students will explore organismal diversity, with particular focus on how eukaryotes' form and function evolved to fill ecological niches. Their global impact on humans and to other organisms and the environments with which they interact will also be examined.

  **Hours per Week:** 3 lecture hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus

  **Prerequisite(s):** BIOL 1200 or CHEM 2300

  **Needs Permission to Enroll:** No  
  **Special Fee Applied:** No

---

- **BIOL 3800 - Ecology**

  (3)

  **This course is repeatable:** No  
  **Max # of units may be repeated:** 0  
  **Total # of units allowed for credit:** 3  
  **Max times this course can be taken for credit:** 1

  **Course Description:** Ecology is the study of interactions between organisms and their environment. This course will expose students to both the theoretical and applied study of ecology through lecture and course-based activities.

  **Hours per Week:** 3 lecture hour(s).

  **Grading:** ABCDF  
  **Mode of Delivery:** Face to Face  
  **Campus:** Main Campus

  **Prerequisite(s):** BIOL 1200, BIOL 3000

  **Needs Permission to Enroll:** Yes, Department Consent  
  **Special Fee Applied:** No

---

- **BIOL 3801 - Field Ecology**

  (1)

  **This course is repeatable:** No  
  **Max # of units may be repeated:** 0  
  **Total # of units allowed for credit:** 1  
  **Max times this course can be taken for credit:** 1

  **Course Description:** Ecology is the study of interactions between organisms and their environment. This lab will expose students to both the theoretical and applied study of ecology through hands-on field experiences.
**BIOL 3900 - Molecular & Cellular Biology I**

(3)

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

**Course Description:** Emphasis on structure and function of eukaryotic cells. Topics include cell chemistry, macromolecules and bioenergetics, chromosomes and genome biology including DNA replication, transcription, translation, and regulation of gene expression.

**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus

**Prerequisite(s):** BIOL 1200, BIOL 3000  
**Pre/Co-requisite(s):** BIOL 3800

**Needs Permission to Enroll:** No  
**Special Fee Applied:** No

---

**BIOL 3960 - Honors Thesis**

(1-3)

This course is repeatable: Yes  
Max # of units may be repeated: 3  
Total # of units allowed for credit: 4  
Max times this course can be taken for credit: 4

**Course Description:** Independent research culminating in a written thesis, seminar presentation, and oral defense. Must be repeated until 4 units have been completed, after which no additional units may be taken.

**Hours per Week:** N/A lecture hour(s).

**Grading:** CR/NC  
**Mode of Delivery:** Face to Face  
**Campus:** Main Campus

**Prerequisite(s):** Upper division standing, 30 units in major, completion of A3, admission to the Biology Honors program.

**Needs Permission to Enroll:** No  
**Special Fee Applied:** No

---

**BIOL 3980 - Cooperative Education**

(1-3)

This course is repeatable: Yes  
Max # of units may be repeated: 2  
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 3

**Course Description:** Cooperative Education
**Hours per Week:** N/A lecture hour(s).

**Grading:** CR/NC
**Mode of Delivery:** Face to Face
**Campus:** Main Campus

**Prerequisite(s):** None
**Needs Permission to Enroll:** No
**Special Fee Applied:** No

---

**BIOL 4000 - Molecular & Cellular Biology II**

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

**Course Description:** Emphasis on organization, control and regulation of eukaryotic cells. Topics include protein sorting/trafficking, cellular energetics, cell signaling, organization of the cytoskeleton, the cell cycle, cell death, and developmental controls.
**Hours per Week:** 3 lecture hour(s).

**Grading:** ABCDF
**Mode of Delivery:** Face to Face
**Campus:** Main Campus

**Prerequisite(s):** [BIOL 3900](#)
**Needs Permission to Enroll:** No
**Special Fee Applied:** No

---

**BIOL 4080 - Advanced Biostatistics**

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

**Course Description:** Experimental design in statistical procedures, advanced topics in analysis of variance, linear and nonlinear regression analysis, covariance; introduction to multivariate techniques used in biological research.
**Hours per Week:** 2 lecture hour(s), 3 laboratory hour(s).

**Grading:** ABCDF
**Mode of Delivery:** Face to Face
**Campus:** Main Campus

**Prerequisite(s):** [BIOL 3000](#) or equivalent and [MATH 2045](#) or [MATH 2110](#) or equivalent
**Needs Permission to Enroll:** No
**Special Fee Applied:** No

---

**BIOL 4120 - Human Genetics**

(3)
**BIOL 4130 - Molecular Diagnostics**

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1  

Course Description: Biological and technical aspects of molecular approaches to diagnosis of disease. Recommended for individuals considering careers in either clinical or research applications of biotechnology. Lecture 2 hours, laboratory 3 hours.

Hours per Week: 1.5 lecture hour(s). 4.5 laboratory hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus  
Prerequisite(s): (BIOL 3400 or MICR 4100 or CHEM 4310) or CHEM 4320  
Needs Permission to Enroll: No  
Special Fee Applied: No

---

**BIOL 4150 - Population Genetics**

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1  

Course Description: Forces that shape the genetic structure of populations; random genetic drift; mutation; natural selection; inbreeding; assortative mating; molecular evolution; quantitative genetics; ecological genetics. Lecture 2 hours, laboratory 3 hours.

Hours per Week: 2 lecture hour(s). 3 laboratory hour(s).

Grading: ABCDF  
Mode of Delivery: Face to Face  
Campus: Main Campus  
Prerequisite(s): BIOL 3400  
Needs Permission to Enroll: No  
Special Fee Applied: No
• BIOL 4160 - Molecular Genetics

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: The structure and function of genes and genomes. Topics include the assembly and analysis of genomes, the regulation of genome expression, replication and repair. Lecture 3 hours.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): (BIOL 3400, CHEM 2200) or CHEM 4310
Needs Permission to Enroll: No
Special Fee Applied: No

• BIOL 4170 - Gene Editing Theory and Applications

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Genetic engineering and its application in molecular biology and biotechnology. Lecture 3 hours.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): (BIOL 3400 and BIOL 3900) or CHEM 4300 or CHEM 4310
Needs Permission to Enroll: No
Special Fee Applied: No

• BIOL 4180 - Advanced Evolutionary Biology

(3)

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1

Course Description: Advanced study of selected topics in evolutionary biology including mechanisms of speciation, epigenetics, quantitative genetics, phylogenetics, comparative methods, evolutionary developmental biology, and the history of life on earth. Lecture 3 hours.

Hours per Week: 3 lecture hour(s), 9 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): BIOL 3800 graded C or better
Needs Permission to Enroll: No
Special Fee Applied: No
BIOL 4200 - Global Change

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: Considers major transformations in the Earth’s interlinked physical and biological environments, the causes of these changes (both anthropogenic and natural), and their likely consequence for the Earth’s biological systems. Lecture 3 hours.

Hours per Week: 3 lecture hour(s), 3 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face, Online
Campus: Main Campus
Prerequisite(s): BIOL 3200 or CHEM 2300
Needs Permission to Enroll: No
Special Fee Applied: No

BIOL 4240 - General Embryology

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: Molecular biology of genetic programming, cellular events of early embryogenesis, mechanisms of differentiation, and elements of organogenesis. Lecture 2 hours, laboratory 3 hours.

Hours per Week: 2 lecture hour(s), 3 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
Prerequisite(s): BIOL 1200 graded C or better
Needs Permission to Enroll: No
Special Fee Applied: No

BIOL 4280 - Plant Physiology

This course is repeatable: No  
Max # of units may be repeated: 0  
Total # of units allowed for credit: 3  
Max times this course can be taken for credit: 1

Course Description: This course will focus on plant function, from biochemical and molecular processes to whole-plant function. Students will learn to identify the different plant anatomical structures allowing for a diversity of plant physiological responses to their environment.

Hours per Week: 3 lecture hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus
• BIOL 4290 - Animal Histology

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 4
Max times this course can be taken for credit: 1

Course Description: Basic structural, chemical, and physiological aspects of tissues, recent advances in histological technology; traditional microscopic study of tissues and organs, primarily mammalian. Lecture 2 hours, laboratory 6 hours.

Hours per Week: 3 lecture hour(s). 3 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): BIOL 1200 graded C or better
Needs Permission to Enroll: No
Special Fee Applied: No

• BIOL 4300 - Fundamental Research in Plant Ecological Physiology

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 4
Max times this course can be taken for credit: 1

Course Description: Students will examine how the environment shapes the diversity of anatomy and physiological responses across plant species by exposing students to fundamental research in plant eco-physiology, with an emphasis on how plants respond to environmental stressors. Lecture 2 hours, laboratory 6 hours.

Hours per Week: 2 lecture hour(s). 6 laboratory hour(s).

Grading: ABCDF
Mode of Delivery: Face to Face
Campus: Main Campus

Prerequisite(s): BIOL 3600
Needs Permission to Enroll: No
Special Fee Applied: No

• BIOL 4320 - Fundamentals of Toxicology

This course is repeatable: No
Max # of units may be repeated: 0
Total # of units allowed for credit: 3
Max times this course can be taken for credit: 1
